with respect to responsibility. Where SBA issues a COC with respect to a referral in paragraph (a)(2)(ii) or (a)(2)(iii) of this section, the contracting officer is not required to issue an award to that offeror if the contracting officer denies the contract for reasons unrelated to responsibility.

(n) Effect of Denial of COC. Denial of a COC by SBA does not preclude a contracting officer from awarding a contract to the referred firm, nor does it prevent the concern from making an offer on any other procurement.

(o) Monitoring performance. Once a COC has been issued and a contract awarded on that basis, SBA will monitor contractor performance.

§ 125.6 What are the prime contractor performance requirements (limitations on subcontracting)?

(a) In order to be awarded a full or partial small business set-aside contract, an 8(a) contract, or a WOSB or EDWOSB contract pursuant to part 127 of this chapter, a small business concern must agree that:

(b) An SDVO SBC prime contractor can subcontract part of an SDVO contract (as defined in §125.15) provided:

(1) In the case of a contract for services (except construction), the SDVO SBC spends at least 50% of the cost of the contract performance incurred for personnel on the concern’s employees or on the employees of other SDVO SBCs;

(2) In the case of a contract for general construction, the SDVO SBC spends at least 15% of the cost of contract performance incurred for personnel on the concern’s employees;

(3) In the case of a contract for construction by special trade contractors, the SDVO SBC spends at least 25% of the cost of contract performance incurred for personnel on the concern’s employees or the employees of other SDVO SBCs; and

(4) In the case of a contract for procurement of supplies or products (other than procurement from a non-manufacturer in such supplies or products), at least 50% of the cost of manufacturing the supplies or products (not including the costs of materials), will be performed by the SDVO SBC prime contractor or other SDVO SBCs.

(5) In accordance with §125.15(b)(3), the SDVO SBC joint venture must perform the applicable percentage of work.

(c) A qualified HUBZone SBC prime contractor can subcontract part of a HUBZone contract (as defined in §126.600 of this chapter) provided:

(1) In the case of a contract for services (except construction), the qualified HUBZone SBC spends at least 50% of the cost of the contract performance incurred for personnel on the concern’s employees or on the employees of other qualified HUBZone SBCs;

(2) In the case of a contract for general construction, the qualified HUBZone SBC spends at least 15% of the cost of contract performance incurred for personnel on the concern’s employees;

(3) In the case of a contract for construction by special trade contractors, the qualified HUBZone SBC spends at least 25% of the cost of contract performance incurred for personnel on the concern’s employees;

(4) In the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the qualified HUBZone SBC spends at least 50% of the manufacturing cost (excluding the cost of materials) on performing the contract in a HUBZone. One or more qualified HUBZone SBCs may combine to meet this subcontracting percentage requirement; and

(5) In the case of a contract for the procurement by the Secretary of Agriculture of agricultural commodities, the qualified HUBZone SBC may not purchase the commodity from a subcontractor if the subcontractor will supply the commodity in substantially the final form in which it is to be supplied to the Government.

(d) SBA may use different percentages if the Administrator determines that such action is necessary to reflect conventional industry practices among small business concerns that are below
§ 125.6

Small Business Administration

the numerical size standard for businesses in that industry group. Representatives of a national trade or industry group or any interested SBC may request a change in subcontracting percentage requirements for the categories defined by six digit industry codes in the North American Industry Classification System (NAICS) pursuant to the following procedures.

(1) **Format of request.** Requests from representatives of a trade or industry group and interested SBCs should be in writing and sent or delivered to the Director, Office of Government Contracting, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416. The requester must demonstrate to SBA that a change in percentage is necessary to reflect conventional industry practices among small business concerns that are below the numerical size standard for businesses in that industry category, and must support its request with information including, but not limited to:

(i) Information relative to the economic conditions and structure of the entire national industry;

(ii) Market data, technical changes in the industry and industry trends;

(iii) Specific reasons and justifications for the change in the subcontracting percentage;

(iv) The effect such a change would have on the Federal procurement process; and

(v) Information demonstrating how the proposed change would promote the purposes of the small business, 8(a), SDB, woman-owned business, or HUBZone programs.

(2) **Notice to public.** Upon an adequate preliminary showing to SBA, SBA will publish in the Federal Register a notice of its receipt of a request that it considers a change in the subcontracting percentage requirements for a particular industry. The notice will identify the group making the request, and give the public an opportunity to submit information and arguments in both support and opposition.

(3) **Comments.** SBA will provide a period of not less than 30 days for public comment in response to the Federal Register notice.

(4) **Decision.** SBA will render its decision after the close of the comment period. If SBA decides against a change, SBA will publish notice of its decision in the Federal Register. Concurrent with the notice, SBA will advise the requester of its decision in writing. If SBA decides in favor of a change, SBA will propose an appropriate change to this part.

(e) Compliance will be considered an element of responsibility and not a component of size eligibility.

(f) The period of time used to determine compliance for a total or partial set-aside contract will be the base term and then each subsequent option period. For an order set aside under a full and open contract or a full and open contract with reserve, the agency will use the period of performance for each order to determine compliance unless the order is competed amongst small and other-than-small businesses (in which case the subcontracting limitations will not apply). However, the contracting officer, in his or her discretion, may require the concern to perform the applicable amount of work or comply with the nonmanufacturer rule for each order awarded under a total or partial set aside contract.

(g) Work to be performed by subsidiaries or other affiliates of a concern is not counted as being performed by the concern for purposes of determining whether the concern will perform the required percentage of work.

(h) Where an offeror is exempt from affiliation under §121.103(h)(3) of this chapter and qualifies as a small business concern, the performance of work requirements set forth in this section apply to the cooperative effort of the joint venture, not its individual members.

(i) Where an offeror is exempt from affiliation under §121.103(b)(8) of this chapter and qualifies as a small business concern for a reserve of a bundled contract, the performance of work requirements set forth in this section apply to the cooperative effort of the small business team members of the Small Business Teaming Arrangement, not its individual members.

(j) The contracting officer must document a small business concern’s performance of work requirements as part of the small business’ performance.
evaluation in accordance with the procedures set forth in FAR 42.1502. The contracting officer must also evaluate compliance for future contract awards in accordance with the procedures set forth in FAR 9.104-6.

§ 125.7 Acquisition-related dollar thresholds.

The Federal Acquisition Regulatory Council (FAR Council) has the responsibility of adjusting each acquisition-related dollar threshold on October 1, of each year that is evenly divisible by five. Acquisition-related dollar thresholds are defined as dollar thresholds that are specified in law as a factor in defining the scope of the applicability of a policy, procedure, requirement, or restriction provided in that law to the procurement of property or services by an executive agency as determined by the FAR Council. 41 U.S.C. 431a(c).

Part 125, Government Contracting Programs, contains acquisition-related dollar thresholds subject to inflationary adjustments. The FAR Council shall publish a notice of the adjusted dollar thresholds in the FEDERAL REGISTER. The adjusted dollar thresholds shall take effect on the date of publication.

§ 125.8 What definitions are important in the Service-Disabled Veteran-Owned (SDVO) Small Business Concern (SBC) Program?

(a) Contracting Officer has the meaning given such term in section 27(f)(5) of the Office of Federal Procurement Policy Act (41 U.S.C. 423(f)(5)).

(b) Interested Party means the contracting activity’s contracting officer, SBA, any concern that submits an offer for a specific sole source or set-aside SDVO contract or order (including Multiple Award Contracts), or any concern that submitted an offer in full and open competition and its opportunity for award will be affected by a reserve of an award given to a SDVO SBC.

(c) Permanent caregiver is the spouse, or an individual, 18 years of age or older, who is legally designated, in writing, to undertake responsibility for managing the well-being of the service-disabled veteran with a permanent and severe disability, to include housing, health and safety. A permanent caregiver may, but does not need to, reside in the same household as the service-disabled veteran with a permanent and severe disability. In the case of a service-disabled veteran with a permanent and severe disability lacking legal capacity, the permanent caregiver shall be a parent, guardian, or person having legal custody. There may be no more than one permanent caregiver per service-disabled veteran with a permanent and severe disability.

(d) Service-Disabled Veteran with a Permanent and Severe Disability means a veteran with a service-connected disability that has been determined by the VA, in writing, to have a permanent and total service-connected disability as set forth in 38 CFR 3.340 for purposes of receiving disability compensation or a disability pension.

(e) Service-Connected has the meaning given that term in section 101(16) of Title 38, United States Code.

(f) Service-disabled veteran is a veteran with a disability that is service-connected.

(g) SBC owned and controlled by service-disabled veterans (also known as a Service-Disabled Veteran-Owned SBC) is a concern—

(1) Not less than 51% of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51% of the stock of which is owned by one or more service-disabled veterans;

(2) The management and daily business operations of which are controlled
