

§ 1260.76

14 CFR Ch. V (1–1–14 Edition)

days after the expiration of the training grant.

(8) An Administrative Report is required for all training grants. The report is due within 90 days after the expiration of the training grant.

(9) A Student Evaluation Form is required for all training grants. The form is due from the student within 90 days after the expiration of the training grant.

(10) A Final NASA Form 1018, NASA Property in the Custody of Contractors, is required for all grants and cooperative agreements with commercial organizations. The report is due within 30 days after the expiration of the grant or cooperative agreement.

(c) To clarify report requirements to grant and cooperative agreement recipients, the grant officer will include the ‘Required Publications and Reports’ form (Exhibit G to subpart A of this part 1260) as part of the award document.

[65 FR 62900, Oct. 19, 2000, as amended at 68 FR 50469, Aug. 21, 2003; 69 FR 41936, July 13, 2004; 70 FR 46079, Aug. 9, 2005; 72 FR 40066, July 23, 2007; 73 FR 33671, June 13, 2008]

§ 1260.76 Termination and enforcement.

(a) Suspension or termination of a grant prior to the planned expiration date must be reserved for exceptional situations that cannot be handled any other way (see § 1260.160).

(b) The Director, Contract Management Division, shall provide to the General Services Administration information concerning all NASA debarments, suspensions, determinations of ineligibility, and voluntary exclusions of persons in accordance with 2 CFR 180.505.

(c) Remedies for Noncompliance are delineated in § 1260.162.

(d) Failure of the recipient to provide a required report can result in the Agency and the public being denied information about grant activities, NASA officials having less information for making decisions, grant closeout being delayed, and confidence being undermined as to whether the recipient will meet the requirements under other grants. Because NASA grants provide for advance payments, a recipient could be fully paid before final reports

are due. At this point, it is too late to withhold payment on the existing grant. Consistent with §§ 1260.122(h) and 1260.162(a), NASA may suspend or terminate advance payments from recipients that fail to comply with reporting requirements.

(e) To remedy failure to furnish timely reports, special condition at § 1260.56, Withholding, should be used when awarding a new grant or modifying an existing grant with non-responsive organizations. Special condition at § 1260.56 allows NASA to suspend or terminate advance payments under an institution’s letter of credit pending receipt of the satisfactorily completed reports required in § 1260.75.

(f) The NASA Financial Management Office, notifying the Grant Officer, shall take action to either suspend or terminate a recipient’s advance payments when—

(1) A recipient organization is unwilling or unable to establish a financial management system that meets the requirements of advance payments as evidenced by an audit report or failure to comply with the NASA requirements;

(2) A recipient organization is unwilling or unable to report, on an accurate and timely basis, cash disbursements or cash balances as required by NASA. Advance payments shall be temporarily suspended when two (2) successive quarterly reports are late or when two (2) reports are late in a fiscal year; or

(3) A recipient organization has demonstrated an unwillingness or inability to establish procedures that will minimize time elapsing between drawdowns and related disbursements.

(g) In addition to the situations delineated in paragraph (f) of this section, the NASA Grant Officer may direct the NASA Financial Management Office to either suspend or terminate a recipient’s advance payments under circumstances where a recipient has otherwise failed to comply with the project objectives, the terms and conditions of the award, or NASA reporting requirements.

(h) The Financial Management Office (for the cases set forth in paragraph (f) of this section) or the Grant Officer

(for all other cases) may resume advance payments and may release any previously withheld amounts when the recipient has taken corrective action that makes suspension or withholding no longer necessary. To release for payment amounts they have previously withheld, grant officers shall send a memorandum to the Financial Management Office. The Financial Management Office shall likewise coordinate any release of withheld payments with the grant officer.

[65 FR 62900, Oct. 19, 2000, as amended at 68 FR 50469, Aug. 21, 2003; 72 FR 19784, Apr. 20, 2007]

§ 1260.77 Closeout procedures.

Closeout is the process by which NASA determines that all applicable administrative actions and all required work under the instrument have been completed by both the recipient and NASA and no further activity is expected (see § 1260.171).

(a) Closeout will begin within 90 days after the expiration date of the grant. NASA's goal for closeout to be completed is within 180 days after the expiration of the grant.

(b) Those who are designated to receive NASA reports (except for CASI, which only acknowledges receipt) must provide certification to the NASA grant officer that the reports have been received and satisfactorily completed. Electronic certifications are acceptable. See §§ 1260.75 and 1260.171(a). The property certification should indicate that disposal of any remaining Government property has been made as directed and that NASA has been compensated for any residual inventory.

(c) When ONR has been delegated grant and cooperative agreement administration duties as listed on the NF 1674, and has completed its actions, the NASA grant officer is to receive from ONR all of the following:

(1) For notification of the completion of property administration duties, a DD Form 1593 Contract Administration Completion Record (or equivalent electronic notification), without supporting or backup documents, indicating property administration is complete.

(2) For other administration duties, an electronic notification confirming

that all assigned administration duties have been completed is sufficient. Although a DD Form 1594 is not required, ONR may use this form if they choose.

(d) A grant is administratively complete and ready for closeout by NASA when:

(1) Property disposition has been completed.

(2) The grant officer has obtained from the NASA technical officer certifications that all reports have been received.

(3) When administration duties have been delegated to ONR, an electronic notification confirming the completion of all assigned administration duties has been received. Although not required, a DD Form 1594 may be used by ONR in lieu of the electronic notification.

(4) Payments have been made for allowable reimbursable costs, and refunds have been received for any balance of unobligated cash advanced that is not authorized to be retained for use on other grants (see §§ 1260.171 through 1260.173).

(e) Grants will not be closed out if litigation or an appeal is pending, or when termination action has not been completed.

(f) Records will be retained in accordance with § 1260.153 and NPG 1441.1, Record Retention Schedules. As set forth in the NPG, grant files are generally retired to the Federal Records Center 2 years after completion of the grant or agreement, and destroyed when 6 years, 3 months old.
