§ 752.15

(2) Full description of each item sold or reexported;

(3) Units of quantity and value of each item sold or reexported; and

(4) Date of sale or reexport.

[61 FR 12835, Mar. 25, 1996, as amended at 66 FR 461, Jan. 3, 2002; 70 FR 8719, Feb. 23, 2005]

§ 752.13 Inspection of records.

(a) *Availability of records.* You and all consignees must make available all of the records required by § 752.12 of this part and § 762.2 of the EAR for inspection, upon request, by BIS or by any other representative of the U.S. Government, in accordance with part 762 of the EAR.

(b) *Relationship of foreign laws.* Foreign law may prohibit inspection of records by a U.S. Government representative in the foreign country where the records are located. In that event, the consignee must submit with the required copies of Form BIS-752 an alternative arrangement for BIS to review consignee activities and determine whether or not the consignee has complied with U.S. export control laws and regulations, which must be approved by BIS.

(c) *Failure to comply.* Parties failing to comply with requests to inspect documents may be subject to orders denying export privileges described in part 764 of the EAR or to the administrative actions described in part 766 of the EAR.

§ 752.14 System reviews.

(a) *Post-license system reviews.* BIS may conduct system reviews of the SCL holder as well as any consignee. Generally, BIS will give reasonable notice to SCL holders and consignees in advance of a system review. The review will involve interviews with company officials, the inspection of records, and the review of ICPs. BIS may conduct special unannounced system reviews if BIS has reason to believe an SCL holder or consignee has improperly used or has failed to comply with the SCL.

(b) *Other reviews.* BIS may require an SCL holder or consignee to submit to its office a list of all sales made under the SCL during a specified time-frame. Also, BIS may request from any consignee a list of transactions during a specified period involving direct ship-

ments of items received under SCLs to customers of other consignees and sales to customers in reexport territories authorized by BIS on the consignee's validated Form BIS-752.

§ 752.15 Export clearance.

(a) *Shipper's Export Declaration (SED) or Automated Export System (AES) record.* The SED or AES record covering an export made under an SCL must be prepared in accordance with requirements of the Foreign Trade Statistics Regulations (15 CFR part 30) and § 758.1 of the EAR.

(1) *Item descriptions.* Item descriptions on the SED or AES record must indicate specifically the ECCN and item description conforming to the applicable CCL description and incorporating any additional information where required by Schedule B (*e.g.*, type, size, name of specific item, etc.).

(2) *Value of shipments.* There is no value limitation on shipments under the SCL; however, you must indicate the value of each shipment on the respective SED or AES record.

(3) *SCL number.* The SED or AES record must include the SCL number followed by a blank space, and then the consignee number identifying the SCL's approved consignee to whom the shipment is authorized.

(b) *Destination control statement.* The SCL holder and consignees must enter a destination control statement on all copies of the bill of lading or air waybill, and the commercial invoice covering exports under the SCL, in accordance with the provisions of § 758.6 of the EAR. Use of a destination control statement does not preclude the consignee from reexporting to any of the SCL holder's other approved consignees or to other countries for which specific prior approval has been received from BIS. In such instances, reexport is not contrary to U.S. law and, therefore, is not prohibited. Another destination control statement may be required or approved by BIS on a case-by-case basis.
