name, full mailing address, and telephone number.

(d) Contact information for the individual maintaining records of test results, including the custodian's name, e-mail address, full mailing address, and telephone number. (CPSC suggests that each issuer maintain test records supporting the certification for at least three years as is currently required by certain consumer product specific CPSC standards, for example at 16 CFR 1508.10 for full-size baby cribs.)

(e) Date (month and year at a minimum) and place (including city and state, country, or administrative region) where the product was manufactured. If the same manufacturer operates more than one location in the same city, the street address of the factory in question should be provided.

(f) Date and place (including city and state, country or administrative region) where the product was tested for compliance with the regulation(s) cited above in subsection (b).

(g) Identification of any third-party laboratory on whose testing the certificate depends, including name, full mailing address and telephone number of the laboratory.

§ 1110.13 Availability of electronic certificate.

(a) CPSA section 14(g)(3) requires that the certificates required by section 14(a) "accompany" each product or product shipment and be "furnished" to each distributor and retailer of the product in question.

(1) An electronic certificate satisfies the "accompany" requirement if the certificate is identified by a unique identifier and can be accessed via a World Wide Web URL or other electronic means, provided the URL or other electronic means and the unique identifier are created in advance and are available, along with access to the electronic certificate itself, to the Commission or to the Customs authorities as soon as the product or shipment itself is available for inspection.

(2) An electronic certificate satisfies the "furnish" requirement if the distributor(s) and retailer(s) of the product are provided a reasonable means to access the certificate.

16 CFR Ch. II (1–1–14 Edition)

(b) An electronic certificate shall have a means to verify the date of its creation or last modification.

§ 1110.15 Legal responsibility for certificate information.

Any entity or entities may maintain an electronic certificate platform and may enter the requisite data. However, the entity or entities required by CPSA section 14(a) to issue the certificate remain legally responsible for the accuracy and completeness of the certificate information required by statute and its availability in timely fashion.
