

## § 38.255

(b) A designated contract market with participants trading through intermediaries must either use a comprehensive large-trader reporting system (LTRS) or be able to demonstrate that it can obtain position data from other sources in order to conduct an effective surveillance program.

### § 38.255 Risk controls for trading.

The designated contract market must establish and maintain risk control mechanisms to prevent and reduce the potential risk of price distortions and market disruptions, including, but not limited to, market restrictions that pause or halt trading in market conditions prescribed by the designated contract market.

### § 38.256 Trade reconstruction.

The designated contract market must have the ability to comprehensively and accurately reconstruct all trading on its trading facility. All audit-trail data and reconstructions must be made available to the Commission in a form, manner, and time that is acceptable to the Commission.

### § 38.257 Regulatory service provider.

A designated contract market must comply with the regulations in this subpart through a dedicated regulatory department, or by delegation of that function to a registered futures association or a registered entity (collectively, “regulatory service provider”), as such terms are defined in the Act and over which the designated contract market has supervisory authority.

### § 38.258 Additional sources for compliance.

Applicants and designated contract markets may refer to the guidance and acceptable practices in appendix B of this part to demonstrate to the Commission compliance with the requirements of § 38.250 of this part.

## 17 CFR Ch. I (4–1–14 Edition)

### § 38.300 Core Principle 5.

To reduce the potential threat of market manipulation or congestion (especially during trading in the delivery month), the board of trade shall adopt for each contract of the board of trade, as is necessary and appropriate, position limitations or position accountability for speculators. For any contract that is subject to a position limitation established by the Commission, pursuant to section 4a(a), the board of trade shall set the position limitation of the board of trade at a level not higher than the position limitation established by the Commission.

### § 38.301 Position limitations and accountability.

A designated contract market must meet the requirements of parts 150 and 151 of this chapter, as applicable.

## Subpart G—Emergency Authority

SOURCE: 77 FR 36700, June 19, 2012, unless otherwise noted.

### § 38.350 Core Principle 6.

The board of trade, in consultation or cooperation with the Commission, shall adopt rules to provide for the exercise of emergency authority, as is necessary and appropriate, including the authority:

- (a) To liquidate or transfer open positions in any contract;
- (b) To suspend or curtail trading in any contract; and
- (c) To require market participants in any contract to meet special margin requirements.

### § 38.351 Additional sources for compliance.

Applicants and designated contract markets may refer to the guidance and/or acceptable practices in appendix B of this part to demonstrate to the Commission compliance with the requirements of § 38.350.
