Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 as of January 1
- Title 17 through Title 27 as of April 1
- Title 28 through Title 41 as of July 1
- Title 42 through Title 50 as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, April 1, 2014), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

PAST PROVISIONS OF THE CODE

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a “List of CFR Sections Affected” is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not accidentally dropped due to a printing or computer error.

INCLUSION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.
An index to the text of "Title 3—The President" is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the "Contents" entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

SOURCE: 39 FR 25474, July 11, 1974, unless otherwise noted.

§ 401.0 Introduction.

(a) The Delaware River Basin Compact requires the Commission to formulate and adopt a Comprehensive Plan and Water Resources Program. In addition, the Compact provides in Section 3.8 that no project having a substantial effect on the water resources of the Basin shall be undertaken unless it shall have been first submitted to and approved by the Commission. The Commission is required to approve a project whenever it finds and determines that such project would not substantially impair or conflict with the Comprehensive Plan. Section 3.8 further provides that the Commission shall provide by regulation for the procedure of submission, review and consideration of projects and for its determinations pursuant to Section 3.8.

(b) The Comprehensive Plan consists of all public and those private projects and facilities which the Commission has directed be included therein. It also includes those documents and policies which the Commission has determined should be included with the Comprehensive Plan as being needed to insure optimum planning, development, conservation, use, management and control of the water resources of the Delaware Basin to meet present and future needs. The Comprehensive Plan is subject to periodic review and revision as provided in Sections 3.2 and 13.1 of the Compact.

(c) The Water Resources Program is based upon the Comprehensive Plan. It is required to be updated annually and to include a systematic presentation of the quantity and quality of water resources needs of the area to be served for such reasonably foreseeable period as the Commission may determine, balanced by existing and proposed projects required to satisfy such needs. The Commission’s review and modification of the Water Resources Program is conducted pursuant to the provisions of Articles 3.2 and 13.2 of the Compact.

(d) The Commission’s Rules of Practice and Procedure govern the adoption and revision of the Comprehensive Plan, the Water Resources Program, the exercise of the Commission’s authority pursuant to the provisions of Article 3.8 and other actions of the Commission mandated or authorized by the Compact.

(e) These Rules of Practice and Procedure extend to the following areas of Commission responsibility and regulation:

Article 1—Comprehensive Plan.
Article 2—Water Resources Program.
Article 3—Project Review Under Section 3.8 of the Compact.
Article 4—Reserved.
Article 5—Appeals or Objections to Decisions of the Executive Director in Water Quality Cases.
Article 6—Administrative and Other Hearings.
Article 7—Penalties and Settlements in Lieu of Penalties.
Article 8—Public Access to the Commission’s Records and Information.
Article 9—General Provisions.

(f) These rules are subject to Commission revision and modification from time to time as the Commission may determine. The Commission reserves the right to waive any Rule of Practice and Procedure it determines should not be applicable in connection with any matter requiring Commission action. All actions by the Commission, however, shall comply fully with the applicable provisions of the Compact.

Subpart A—Comprehensive Plan

SOURCE: 62 FR 64154, Dec. 4, 1997, unless otherwise noted.

§ 401.1 Scope.

This subpart shall govern the submission, consideration, and inclusion of projects into the Comprehensive Plan.
§ 401.2 Concept of the plan.

(a) The Comprehensive Plan shall be adopted, revised and modified as provided in Sections 3.2 and 13.1 of the Compact. It is the Commission’s responsibility to adopt the Comprehensive Plan, after consultation with water users and interested public bodies, for the immediate and long-range development and uses of the water resources of the Basin. The Plan shall include the public and private projects and facilities which the Commission determines are required for the optimum planning, development, conservation, utilization, management and control of the water resources of the Basin to meet present and future needs. In addition to the included projects and facilities, the Comprehensive Plan consists of the statements of policies and programs that the Commission determines are necessary to govern the proper development and use of the River Basin. The documents within the Comprehensive Plan expressing the Commission’s policies and programs for the future, including the means for carrying them out, may be set forth through narrative text, maps, charts, schedules, budgets and other appropriate means.

(b) Specific projects and facilities and statements of policy and programs may be incorporated, deleted or modified from time to time to reflect changing conditions, research results and new technology. The degree of detail described in particular projects may vary depending upon the status of their development.

§ 401.3 Other agencies.

Projects of the federal agencies affecting the water resources of the Basin, subject to the limitations in Section 1.4 of the Compact, shall be governed by Section 11.1 of the Compact. Projects of the signatory states, their political subdivisions and public corporations affecting the water resources of the Basin, shall be governed by the provisions of Section 11.2 of the Compact.

§ 401.4 Project applications and proposed revisions and changes.

(a) Applications for inclusion of new public projects and the deletion or alteration of previously included public projects may be submitted by signatory parties and agencies or political subdivisions thereof. Owners or sponsors of privately owned projects may submit applications for the inclusion of new private projects and the deletion or alteration of previously included private projects in which the applicant has an interest. The Commission may also receive and consider proposals for changes and additions to the Comprehensive Plan which may be submitted by any agency of the signatory parties, or any interested person, organization, or group. Any application or proposal shall be submitted in such form as may be required by the Executive Director to facilitate consideration by the Commission.

(b) Applications for projects shall include at least the following information:

1. Purpose or purposes, including quantitative measures of physical benefit anticipated from the proposal;
2. The location, physical features and total area required.
3. Forecast of the cost or effect on the utilization of water resources;
4. Relation to other parts of the existing Comprehensive Plan;
5. A discussion of conformance with Commission policies included in the Comprehensive Plan; and
6. A discussion of the alternatives considered.

§ 401.5 Review of applications.

Following staff study, examination, and review of each project application, the Commission shall hold a public hearing upon notice thereon as provided in paragraph 14.4(b) of the Compact and may take such action on a project application as it finds to be appropriate.

§ 401.6 Proposed revisions and changes.

Proposals for changes and additions to the Comprehensive Plan submitted by any agency of the signatory parties or any interested person, organization or group shall identify the specific revision or change recommended. In order to permit adequate Commission
§ 401.7 Consideration of any proposal, the Executive Director may require such additional information as may be needed. Review or consideration of such proposals shall be based upon the recommendation of the Executive Director and the further direction of the Commission.

§ 401.7 Further action.
The Commission will review the Comprehensive Plan in its entirety at least once every six years from the date of the initial adoption of the Comprehensive Plan (March 28, 1962). Such review may include consideration of proposals submitted by the signatory parties, agencies or political subdivision thereof or other interested parties. The amendments, additions, and deletions adopted by the Commission will be compiled and the Plan as so revised shall be made available for public inspection.

§ 401.8 Public projects under Article 11 of the Compact.
(a) After a project of any federal, state or local agency has been included in the Comprehensive Plan, no further action will be required by the Commission or by the agency to satisfy the requirements of Article 11 of the Compact, except as the Comprehensive Plan may be amended or revised pursuant to the Compact and this part. Any project which is changed substantially from the project as described in the Comprehensive Plan will be deemed to be a new and different project for the purposes of Article 11 of the Compact. Whenever a change is made the sponsor shall advise the Executive Director who will determine whether the change is deemed substantial within the meaning of this part.
(b) Any public project not having a substantial effect on the water resources of the basin, as defined in subpart C of this part, may proceed without reference to Article 11 of the Compact.

§ 401.9 Custody and availability.
The Comprehensive Plan shall be and remain in the custody of the Executive Director. The Plan, including all maps, charts, description and supporting data shall be and remain a public record open to examination during the regular business hours of the Commission, under such safeguards as the Executive Director may determine to be necessary to preserve and protect the Plan against loss, damage or destruction. Copies of the Comprehensive Plan or any part or parts thereof shall be made available by the Executive Director for public sale at a price covering the cost of production and distribution.

Subpart B—Water Resources Program

§ 401.21 Scope.
This subpart shall govern the submission, consideration and inclusion of projects into the Water Resources Program.

§ 401.22 Concept of the Program.
The Water Resources Program, as defined and described in section 13.2 of the Compact, will be a reasonably detailed amplification of that part of the Comprehensive Plan which the Commission recommends for action within the ensuing six-year period. That part of the Program consisting of a presentation of the water resources needs of the basin will be revised only at such intervals as may be indicated to reflect new findings and conclusions, based upon the Commission’s continuing planning programs.

§ 401.23 Procedure.
Each project included in the Water Resources Program shall have been previously included in the Comprehensive Plan, except that a project may be added to both the Plan and the Program by concurrent action of the Commission. The project’s sponsor shall furnish the following information prior to the inclusion of the project in the Water Resources Program:
(a) The Comprehensive Plan data brought up-to-date for the period of the Water Resources Program.
(b) Specific location and dimension of a structural project, and specific language of a standard, policy or other non-structural proposal.
(c) The plan of operation of a structural project.
(d) The specific effects of a non-structural project.
Delaware River Basin Commission

§ 401.34 Submission of project required.

Any project which may have a substantial effect on the water resources of the Basin, except as provided in paragraph (d) of this section, shall be submitted to the Commission for a determination as to whether the project impairs or conflicts with the Comprehensive Plan, as follows:

(a) Where the project is subject to review by a state or federal agency which has entered into an Administrative Agreement with the Commission, such project will be referred to the Commission in accordance with the terms of the Administrative Agreement.

(b) The Executive Director is authorized and directed to enter into cooperative Administrative Agreements with federal and state regulatory agencies concerned with the review of projects under federal or state law as follows:

(1) To facilitate the submission and review of applications and the determinations required under Section 3.8 of the Compact;

(2) To avoid unnecessary duplication of staff functions and hearings required by law; and

(3) For such other and different purposes as he may deem feasible and advantageous for the administration of the Compact or any other law.

§ 401.35 Administrative agreements.

The Executive Director is authorized and directed to enter into cooperative Administrative Agreements with federal and state regulatory agencies concerned with the review of projects under federal or state law as follows:

(a) To facilitate the submission and review of applications and the determinations required under Section 3.8 of the Compact;

(b) To avoid unnecessary duplication of staff functions and hearings required by law; and

(c) For such other and different purposes as he may deem feasible and advantageous for the administration of the Compact or any other law.

§ 401.36 Inventory of other projects.

Each Water Resources Program will include, for information purposes only, an inventory of projects approved during the previous year pursuant to section 3.8 of the Compact but which are not part of the Comprehensive Plan or Water Resources Program.

Subpart C—Project Review Under Section 3.8 of the Compact

SOURCE: 62 FR 64155, Dec. 4, 1997, unless otherwise noted.

§ 401.31 Scope.

This subpart shall govern the submission and review of projects under Section 3.8 of the Delaware River Basin Compact.

§ 401.32 Concept of 3.8.

Section 3.8 is intended to protect and preserve the integrity of the Comprehensive Plan. This section of the Compact provides:

“No project having a substantial effect on the water resources of the basin shall hereafter be undertaken by any person, corporation or governmental authority unless it shall have been first submitted to and approved by the Commission, subject to the provisions of Sections 3.3 and 3.5. The Commission shall approve a project whenever it finds and determines that such project would not substantially impair or conflict with the Comprehensive Plan and may modify and approve as modified, or may disapprove any such project whenever it finds and determines that the project would substantially impair or conflict with such Plan. The Commission shall provide by regulation for the procedure of submission, review and consideration of projects, and for its determinations pursuant to this section. Any determination of the Commission hereunder shall be subject to judicial review in any court of competent jurisdiction.”
§401.35 Classification of projects for review under Section 3.8 of the Compact.

(a) Except as the Executive Director may specially direct by notice to the project owner or sponsor, or as a state or federal agency may refer under paragraph (c) of this section, a project in any of the following classifications will be deemed not to have a substantial effect on the water resources of the Basin and is not required to be submitted under Section 3.8 of the Compact:

(1) The construction of new impoundments or the enlargement or removal of existing impoundments, for whatever purpose, when the storage capacity is less than 100 million gallons;
(2) A withdrawal from ground water for any purpose when the daily average gross withdrawal during any 30 consecutive day period does not exceed 100,000 gallons;
(3) A withdrawal from impoundments or running streams for any purpose when the daily average gross withdrawal during any 30 consecutive day period does not exceed 100,000 gallons;
(4) The construction of new domestic sewage treatment facilities or alteration or addition to existing domestic sewage treatment facilities when the design capacity of such facilities is less than a daily average rate of 10,000 gallons per day in the drainage area to Outstanding Basin Waters and Significant Resource Waters or less than 50,000 gallons per day elsewhere in the Basin; and all local sewage collector systems and improvements discharging into authorized trunk sewage systems;
(5) The construction of new facilities or alteration or addition to existing facilities for the direct discharge to surface or ground waters of industrial wastewater having design capacity of less than 10,000 gallons per day in the drainage area to Outstanding Basin Waters and Significant Resource Waters or less than 50,000 gallons per day elsewhere in the Basin; except where such wastewater contains toxic concentrations of waste materials;
(6) A change in land cover on major ground water infiltration areas when the amount of land that would be altered is less than three square miles;

(11) Liquid petroleum products pipelines and appurtenances designed to operate under pressures less than 150 psi; local electric distribution lines and appurtenances; local natural and manufactured gas distribution lines and appurtenances; local water distribution lines and appurtenances; and local sanitary sewer mains, unless such lines would involve significant disturbance of ground cover affecting water resources;

(12) Electric transmission or bulk power system lines and appurtenances; major trunk communication lines and appurtenances; natural and manufactured gas transmission lines and appurtenances; major water transmission lines and appurtenances; unless they would pass in, on, under or across an existing or proposed reservoir or recreation project area as designated in the Comprehensive Plan; unless such lines would involve significant disturbance of ground cover affecting water resources;

(13) Liquid petroleum products pipelines and appurtenances designed to operate under pressures of more than 150 psi, unless they would pass in, on, under or across an existing or proposed reservoir or recreation project area as designated in the Comprehensive Plan, or in, on, under or across any stream within the Basin; unless such lines would involve significant disturbance of ground cover affecting water resources;

In the case of a project affecting less than 25 acres for which there has been issued a state or federal permit, a determination to undertake review and action by the Commission shall be made no later than 30 days following notification of the Commission of such permit action. The Executive Director, with the approval of the Chairman, may at any time within the 30-day period inform any permit holder, signatory party or other interested party that the Commission will decline to undertake review and action concerning any such project;

Effective September 1, 1981 applications under Section 3.8 of the Compact for new water withdrawals subject to review by the Commission shall include and describe water-conserving practices and technology designed to minimize the use of water by municipal, industrial and agricultural users, as provided in this section.

(a) Applications for approval of new withdrawal from surface or ground water sources submitted by a municipality, public authority or private water works corporation whose total average withdrawals exceed one million gallons per day shall include or be in reference to a program prepared by the applicant consisting of the following elements:

(1) Periodic monitoring of water distribution and use, and establishment of a systematic leak detection and control program;

(2) Use of the best practicable water-conserving devices and procedures by all classes of users in new construction or installations, and provision of information to all classes of existing users.

(2) Withdrawal of ground water;

(3) Withdrawal of water from impoundment or streams;

(7) Facilities designed to intercept and transport sewage to a common point of discharge; and pipelines and electric power and communication lines;

(8) Facilities for the direct discharge to surface or ground waters of industrial wastewater;

(c) Whenever a state or federal agency determines that a project falling within an excluded classification (as defined in paragraph (a) of this section) may have a substantial effect on the water resources of the Basin, such project may be referred by the state or federal agency to the Commission for action under this part.

(d) Except as otherwise provided by § 401.39 the sponsor shall submit an application for review and approval of a project included under paragraph (b) of this section through the appropriate agency of a signatory party. Upon approval by any State or Federal agency of any project reviewable by the Commission under this part, if the project has not prior thereto been reviewed and approved by the Commission, such agency shall refer the project for review under Section 3.8 of the Compact in such form and manner as shall be provided by Administrative Agreement.

(a) The Commission will rely on the appropriate agency in each state to review and regulate the potability of all public water supplies. Applications before the Commission should address the impact of the withdrawal, use and disposal of water on the water resources of the Basin.

(b) The Commission will rely on signatory party reviews as much as possible and generally the Commission will not review the performance standards of individual components of treatment processes but will require compliance with all policies in the Comprehensive Plan including all applicable Water Quality Standards.

§ 401.39 Form of submission of projects not requiring prior approval by State or Federal agencies.

Where a project does not require approval by any other State or Federal agency, or where such approval is required but an Administrative Agreement is not in force, the project shall be submitted directly to the Commission for review and determination of compatibility with the Comprehensive Plan, in such form of application, with such supporting documentation, as the

If any application is contested, the Commission may require additional copies of the application and all accompanying papers to be furnished by the applicant. In such cases, certified copies of photographic prints or reproduction may be used.

§ 401.40 Informal conferences and emergencies.

(a) Whenever the Executive Director shall deem necessary, or upon request of the applicant, an informal conference may be scheduled to explain, supplement or review an application.

In addition to interested parties, any persons having information concerning a contested case or desiring to present comments concerning the subject matter of the Hearing for inclusion in the record may submit a written statement to the Commission. Any interested party may request the right to examine or cross-examine any person who submits a written statement. In the absence of a request for examination of such person, all written statements submitted shall be included within the record and such statements may be relied upon to the extent determined by the Hearing Officer or the Commission.

The report shall be served by personal service or certified mail (return receipt requested) upon each party to the hearing or its counsel unless all parties have waived service of the report. The applicant and any objector may file objections to the report within 20 days after the service upon him of a copy of the report. A brief shall be filed together with any objections. For the purposes of this subpart, person shall include person, partnership, corporation, business association, governmental agency or authority.

§ 401.92 Notice to possible violators.

Upon direction of the Commission the Executive Director shall, and in all other instances, the Executive Director may require a possible violator to show cause before the Commission why a penalty should not be assessed in accordance with the provisions of these rules and section 14.17 of the Compact. The notice to the possible violator shall:

(a) Set forth the date on which the possible violator shall respond; and
(b) Set forth any information to be submitted or produced by the possible violator.

The Executive Director may require documents to be certified or otherwise authenticated and statements to be verified. The Commission may also receive written submissions from any other persons as to whether a violation has occurred and the adverse consequences resulting from a violation of the Commission’s Compact or its rules, regulations and orders.

(b) Presentation to the Commission. At the date set in the Notice, the possible violator shall have the opportunity to supplement its written presentation before the Commission by any oral statement it wishes to present and shall be prepared to respond to any questions from the Commission or its staff or to the statements submitted by persons affected by the possible violation.

§ 401.94 Adjudicatory hearings.

(1) The Executive Director determines that a hearing is required to have an adequate record for the Commission; or
(2) The Commission directs that such a hearing be held.

(b) If an adjudicatory hearing is scheduled, the possible violator shall be given at least 14 days written notice of the hearing date unless waived by consent. Notice of such a hearing may be given to the general public and the press in the manner provided in section 14.4(b) of the Compact but may be waived by the Executive Director.

§ 401.95 Assessment of a penalty.

The Executive Director may recommend to the Commission the amount of the penalty to be imposed. Such a recommendation shall be in writing and shall set forth the basis for the penalty amount proposed. Based upon the record submitted to the Commission, the Commission shall decide whether a violation has occurred that justifies the imposition of a penalty pursuant to § 14.17 of the Compact. If it is found that such a violation has occurred, the Commission shall determine the amount of the penalty to be paid.
§ 401.96 Factors to be applied in fixing penalty amount.
(a) Consideration shall be given to the following factors in deciding the amount of any penalty or any settlement in lieu of penalty:
(1) Previous violation, if any, of the Commission’s Compact and regulations;
(2) Whether the violation was unintentional or willful and deliberate;
(3) Whether the violation caused adverse environmental consequences and the extent of any harm;
(4) The costs incurred by the Commission or any signatory party relating to the failure to comply with the Commission’s Compact and regulations;
(5) The extent to which the violator has cooperated with the Commission in correcting the violation and remediating any adverse consequences or harm that resulted therefrom; and
(6) Whether the failure to comply with the Commission’s Compact and regulations was economically beneficial to the violator.
(b) The Commission retains the right to waive any penalty or reduce the amount of the penalty should it determine that, after consideration of the factors in paragraph (a) of this section, extenuating circumstances justify such action.

§ 401.97 Enforcement of penalties.
Any penalty imposed by the Commission shall be paid within 30 days or such further time period as shall be fixed by the Commission. The Executive Director and Commission counsel are authorized to take such action as may be necessary to assure enforcement of this subpart. If a proceeding before a court becomes necessary, the action of the Commission in determining a penalty amount shall constitute the penalty amount recommended by the Commission to be fixed by the court pursuant to §14.17 of the Compact.

§ 401.98 Settlement by agreement in lieu of penalty.
A possible violator may request settlement of a penalty proceeding by agreement. If the Executive Director determines that settlement by agree-

Subpart H—Public Access to Records and Information

$401.101 Policy on disclosure of Commission records.
The Commission will make the fullest possible disclosure of records to the public, consistent with the rights of individuals to privacy, the property rights of persons in trade secrets and confidential commercial or financial information, and the need for the Commission to promote frank internal policy deliberations and to pursue its regulatory activities without disruption.

§ 401.102 Partial disclosure of records.
If a record contains both disclosable and nondisclosable information, the nondisclosable information will be deleted and the remaining record will be disclosed unless the two are so intricably intertwined that it is not feasible to separate them or release of the
disclosable information would compromise or impinge upon the nondisclosable portion of the record.

§ 401.103 Request for existing records.

(a) Any written request to the Commission for existing records not prepared for routine distribution to the public shall be deemed to be a request for records pursuant to the Freedom of Information Act, whether or not the Freedom of Information Act is mentioned in the request, and shall be governed by the provisions of this part.

(b) Records or documents prepared by the Commission for routine public distribution, e.g., pamphlets, speeches, public information and educational materials, shall be furnished free of charge upon request as long as the supply lasts. The provisions of this part shall not be applicable to such requests.

(c) All existing Commission records are subject to routine destruction according to standard record retention schedules.

§ 401.104 Preparation of new records.

The Freedom of Information Act and the provisions of this part apply only to existing records that are reasonably described in a request filed with the Commission pursuant to the procedures herein established. The Commission shall not be required to prepare new records in order to respond to a request for information.

§ 401.105 Indexes of certain records.

(a) Indexes shall be maintained, and revised at least quarterly, for the following Commission records:

(1) Final opinions and orders made in the adjudication of cases.

(2) Statements of policy and interpretation adopted by the Commission and still in force and not published in the Federal Register or official minutes of Commission meetings.

(3) Administrative staff manuals and instructions to staff that affect members of the public.

(b) A copy of each such index is available at cost of duplication from the FOIA Officer.

§ 401.106 FOIA Officer.

The Executive Director shall designate a Commission employee as the FOIA Officer. The FOIA Officer shall be responsible for Commission compliance with the Freedom of Information Act and these regulations. All requests for agency records shall be sent in writing to:

FOIA Officer
Delaware River Basin Commission
P.O. Box 7360
West Trenton, NJ 08628–0360

§ 401.107 Permanent file of requests for Commission records.

The Commission shall maintain a permanent file of all requests for Commission records and all responses thereto, including a list of all records furnished in response to a request. This file is available for public review during working hours.

§ 401.108 Filing a request for records.

(a) All requests for Commission records shall be filed in writing delivered to the FOIA Officer, or by mailing it to the Commission. The Commission will supply forms for written requests.

(b) A request for Commission records shall reasonably describe the records being sought, in a way that they can be identified and located. A request should include all pertinent details that will help identify the records sought. A person requesting disclosure of records shall be permitted an opportunity to review them without the necessity for copying them where the records involved contain only disclosable data and information.

(1) If the description is insufficient to locate the records requested, the FOIA Officer will so notify the person making the request and indicate the additional information needed to identify the records requested.

(2) Every reasonable effort shall be made by the staff to assist in the identification and location of the records sought.

(3) In any situation in which it is determined that a request for voluminous
records would unduly burden and interfere with the operations of the Commission, the person making the request will be asked to be more specific and to narrow the request, and to agree on an orderly procedure for the production of the requested records.

(c) Upon receipt of a request for records, the FOIA Officer shall enter it in a public log (which entry may consist of a copy of the request). The log shall state the date and time received, the name and address of the person making the request, the nature of the records requested, the action taken on the request, the date of the determination letter sent pursuant to §401.99(b), the date(s) any records are subsequently furnished, the number of staff-hours and grade levels of persons who spent time responding to the request, and the payment requested and received.

(d) A denial of a request for records, in whole or in part, shall be signed by the FOIA Officer. The name and title or position of each person who participated in the denial of a request for records shall be set forth in a letter denying the request. This requirement may be met by attaching a list of such individuals to the letter.

§ 401.109 Time limitations.

(a) All time limitations established pursuant to this section shall begin as of the time at which a request for records is logged in by the FOIA Officer pursuant to §401.98(c). An oral request for records shall not begin any time requirement. A written request for records sent elsewhere within the Commission shall not begin any time requirement until it is redirected to the FOIA Officer and is logged in accordance with §401.98(c). A request that is expected to involve fees in excess of $50 will not be deemed received until the requester is promptly notified and agrees to bear the cost or has so indicated on his request.

(b) Within ten (10) working days (excepting Saturdays, Sundays, and legal public holidays) after a request for records is logged by the FOIA Officer, the record shall be furnished or a letter shall be sent to the person making the request determining whether, or the extent to which, the Commission will comply with the request, and, if any records are denied, the reasons therefor.

(1) If all of the records requested have been located and a final determination has been made with respect to disclosure of all of the records requested, the letter shall so state.

(2) If all of the records have not been located or a final determination has not yet been made with respect to disclosure of all of the records requested, the letter shall state the extent to which the records involved shall be disclosed pursuant to the rules established in this part.

(3) In the following unusual circumstances, the time for sending this letter may be extended by the Executive Director for up to an additional ten (10) working days by written notice to the person making the request setting forth the reasons for such extension and the time within which a determination is expected to be dispatched:

(i) The need to search for and collect the requested records from field facilities or other establishments that are separate from the Commission’s Headquarters.

(ii) The need to search for, collect and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request.

(iii) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the Commission having substantial subject-matter interest therein.

(c) If any record is denied, the letter shall state the right of the person requesting such records to appeal any adverse determination to the Executive Director of the Commission. Such an appeal shall be filed within thirty (30) days from receipt of the FOIA Officer’s determination denying the requested information (where the entire request has been denied), or from the receipt of any information made available pursuant to the request (where the request has been denied in part). Within twenty (20) working days (excepting Saturdays, Sundays, and legal public holidays) after receipt of any appeal, or
any authorized extension, the Executive Director or his designee shall make a determination and notify the appellant of his determination. If the appeal is decided in favor of the appellant, the requested information shall be promptly supplied as provided in this part. If on appeal the denial of the request for records is upheld in whole or in part, the appellant shall be entitled to appeal to the Commission at its next regular meeting. In the event that the Commission confirms the Executive Director’s denial the appellant shall be notified of the provisions for judicial review.

(d) If the request for records will result in a fee of more than $25, determination letter under §401.99 shall specify or estimate the fee involved and may require prepayment, as well as payment of any amount not yet received as a result of any previous request, before the records are made available. If the fee is less than $25, prepayment shall not be required unless payment has not yet been received for records disclosed as a result of a previous request.

(e) Whenever possible, the determination letter required under §401.99(b), relating to a request for records that involves a fee of less than $25.00, shall be accompanied by the requested records. Where this is not possible, the records shall be forwarded as soon as possible thereafter. For requests for records involving a fee of more than $25.00, the records shall be forwarded as soon as possible after receipt of payment.

§ 401.110 Fees.

(a) Unless waived in accordance with the provisions of §401.111, the following fees shall be imposed for production of any record pursuant to this part.

(i) Administrative fees. Charges for administrative fees include staff time associated with:

(A) Processing FOIA requests;
(B) Locating and reviewing files;
(C) Monitoring file reviews;
(D) Generating computer records (electronic print-outs); and
(E) Preparing logs of records deemed non-public.

(ii) Administrative charges will be calculated as follows: Administrative charges will be billed to the requester per quarter hour following the first quarter hour. These charges will be billed at the current, hourly paygrade rate (pro-rated for quarter hour increments) of the personnel performing the service. Administrative charges will be in addition to any copying charges.

(iii) Appointment rescheduling/cancellation. Requesters that do not reschedule or cancel appointments to view files at least one full business day in advance of the appointment may be subject to the administrative charges incurred by the Commission in preparing the requested records. The Commission will prepare an itemized invoice of these charges and mail it to the requester for payment.

(ii) Photocopying fees. The following are charges for photocopies of public records made by Commission personnel:

(i) Standard sized, black and white copies. The charge for copying standard sized, black and white public records shall be $0.15 per printed page (i.e., single-sided copies are $0.15 and double-sided copies are $0.30). This charge applies to copies on the following standard paper sizes:

(A) 8.5″ × 11″;
(B) 8.5″ × 14″;
(C) 11″ × 17″.

(ii) Color copies/printouts. The charge for color copies or color printouts shall be as follows:

(A) 8.5″ × 11″—$1.00 per page;
(B) 8.5″ × 14″—$1.50 per page;
(C) 11″ × 17″—$2.00 per page;
(D) The charge for all color copies larger than 11″ × 17″ (including, but not limited to: photographic imagery, GIS print-outs, and maps) shall be calculated at the rate of $2.50 per square foot.

(iv) Electronically generated records. Charges for copying records maintained in electronic format will be calculated by the material costs involved in generating the copies (including, but not limited to: magnetic tape, diskette, or compact disc costs) and administrative costs.

(iv) Other copying fees. The Commission, at its discretion, may arrange to have records copied by an outside contractor if the Commission does not have the resources or equipment to copy such records. In this instance, the
Delaware River Basin Commission § 401.115
requester will be liable for payment of these costs.
(3) Forwarding material to destination. Postage, insurance, and special fees will be charged on an actual cost basis.
(b) No charge shall be made for the time spent in resolving legal or policy issues or in examining records for the purpose of deleting nondisclosable portions thereof.
(c) Payment shall be made by check or money order payable to “Delaware River Basin Commission” and shall be sent to the FOIA Officer.

§ 401.111 Waiver of fees.
(a) No fee shall be charged for disclosure of records pursuant to this part where:
(1) The records are requested by a congressional committee or subcommittee or the General Accounting Office.
(2) The records are requested by an agency of a signatory party.
(3) The records are requested by a court of competent jurisdiction.
(4) The records are requested by a state or local government having jurisdiction thereof.
(b) No fee shall be charged if a record requested is not found or for any record that is totally exempt from disclosure.

§ 401.112 Exempt information.
The following materials and information covered by this part shall be exempt from disclosure; that is, information that is:
(a) Related solely to the internal personnel matters of the Commission;
(b) Specifically exempted from disclosure by statute;
(c) Trade secrets and commercial or financial information obtained from a person and privileged or confidential.
(For purposes of this section a trade secret may consist of any formula, pattern, device, or compilation of information which is used in one’s business and which gives him an opportunity to obtain an advantage over competitors who do not know or use it. Commercial or financial information that is privileged or confidential means valuable data or information which is used in one’s business and is of a type customarily held in strict confidence or regarded as privileged and not disclosed to any member of the public by the person to whom it belongs.)
(d) Inter-agency or intra-agency memorandums or letters other than purely factual compilations, which would not be available by law to a party other than an agency in litigation with the Commission;
(e) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy; and
(f) Investigatory records compiled for law enforcement purposes, but only to the extent that the production of such records would (1) interfere with enforcement proceedings, (2) deprive a person of a right to a fair trial or an impartial adjudication, (3) constitute an unwarranted invasion of personal privacy, (4) disclose the identity of a confidential source, (5) disclose investigative techniques and procedures, or (6) endanger the life or physical safety of law enforcement personnel.

§ 401.113 Segregable materials.
Any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt under this part, except as provided in § 401.92.

§ 401.114 Data and information previously disclosed to the public.
Any Commission record that is otherwise exempt from public disclosure pursuant to this part is available for public disclosure to the extent that it contains data or information that have previously been disclosed in a lawful manner to any member of the public, other than an employee or consultant or pursuant to other commercial arrangements with appropriate safeguards for secrecy.

§ 401.115 Discretionary disclosure by the Executive Director.
(a) The Executive Director may, in his discretion, disclose part or all of
any Commission record that is otherwise exempt from disclosure pursuant to this part. The Executive Director shall exercise his discretion to disclose such records whenever he determines that such disclosure is in the public interest, will promote the objectives of the Commission, and is consistent with the rights of individuals to privacy, the property rights of persons in trade secrets, and the need for the Commission to promote frank internal policy deliberations and to pursue its regulatory activities without disruption.

(b) Discretionary disclosure of a record pursuant to this section shall invoke the requirement that the record shall be disclosed to any person who requests it pursuant to §401.98, but shall not set a precedent for discretionary disclosure of any similar or related record and shall not obligate the Executive Director to exercise his discretion to disclose any other record that is exempt from disclosure.

§401.116 Disclosure to consultants, advisory committees, State and local government officials, and other special government employees.

Data and information otherwise exempt from public disclosure may be disclosed to Commission consultants, advisory committees, State and local government officials, and other special government employees for use only in their work in cooperation with the Commission. Such persons are thereafter subject to the same restrictions with respect to the disclosure of such data and information as any other Commission employee.

§401.117 Disclosure to other Federal government departments and agencies.

Any Commission record otherwise exempt from public disclosure may be disclosed to other Federal Government departments and agencies, except that trade secrets may be disclosed only to a department or agency that has concurrent jurisdiction over the matter and separate legal authority to obtain the specific information involved. Any disclosure under this section shall be pursuant to an agreement that the record shall not be further disclosed by the other department or agency except with the written permission of the Commission.

§401.118 Disclosure in administrative or court proceedings.

Data and information otherwise exempt from public disclosure may be revealed in Commission administrative or court proceedings where the data or information are relevant. The Commission will request that the data or information be held in camera and that any other appropriate measures be taken to reduce disclosure to the minimum necessary under the circumstances.

§401.119 Disclosure to Congress.

All records of the Commission shall be disclosed to Congress upon an authorized request.

§ 415.1 Short title.

This part shall be known and may be cited as the “Flood Plain Regulations.”

§ 415.2 Definitions.

For the purposes of this part, except as otherwise required by the context:

*Project* means the same word as defined by section 1.2(g) of the Delaware River Basin Compact.

*Floodway* means the channel of the watercourse and those portions of the adjoining flood plains which are reasonably required to carry and discharge the regulatory flood. For this purpose the limit of the floodway shall be established by allowing not more than a one-foot rise of the water surface elevation of the regulatory flood as a result of encroachment. Wherever practical, equal conveyance reduction from each side of the flood plain shall be used. (See Figure 1.)
Flood fringe means that portion of the flood hazard area outside the floodway. Flood hazard area means the area inundated by the regulatory flood. Flood plain means the area adjoining the channel of a stream which has been or hereafter may be covered by flood water.
§ 415.3 Purpose and findings.

(a) The Commission hereby finds and determines that the use of flood plains is affected with a public interest due to:

(1) The danger to life and property due to increased flood heights or velocities caused by encroachments.

(2) The danger that materials may be swept onto other lands or downstream to the injury of others.

(b) In order to protect the public interest, the following principles and goals have been determined:

(1) The overall goal is prudent land use within the physical and environmental constraints of the site.

(2) The principle of equal and uniform treatment shall apply to all flood plain users who are similarly situated.

(3) Flood plain use shall not result in nuisance to other properties.

(4) Flood plain use shall not threaten public safety, health and general welfare.

(5) Future land uses in private flood plains shall not result in public expense to protect the property and associated public services from flood damage.

(6) All future public and private flood plain users shall bear the full direct and indirect costs attributable to their use and actions.

(7) Restrictions on flood plain use, and flood hazard information shall be widely publicized.

(8) Land and water use regulations of responsible units of government shall not impair or conflict with the flood plain use standards duly adopted for the basin, except as provided for in § 415.42(a) of this part.

(9) Plans for land and water use adopted by responsible agencies shall not impair or conflict with these flood plain use standards.

(10) No action of any unit of government shall impair or conflict with these flood plain use standards.

TYPES OF PROJECTS AND JURISDICTION

§ 415.20 Class I projects.

Projects described in paragraphs (a) and (b) of this section shall be subject to review by the Commission under standards provided by this section and in accordance with the provisions of §§ 415.30 through 415.33 of this part, as follows:

(a) All projects subject to review by the Commission under section 3.8 of the Compact and the regulations thereunder.

(b) State and local standards of flood plain regulation.
§ 415.21 Class II projects.
Class II projects, subject to review in accordance with §§ 415.40 through 415.43 of this part, include all projects other than Class I projects, in non-tidal areas of the basin, which involve either:
(a) A development of land, either residential or non-residential within a flood hazard area which:
(1) Includes one or more structures covering a total land area in excess of 50,000 square feet; or
(2) Contains in excess of 25 residential building lots or 25 dwelling units as part of an integrated development plan whether or not such development is included in a single application; or
(b) A development of land in the flood hazard area to mine, manufacture, process, store or dispose of materials which, if flooded, would pollute the waters of the basin or threaten damage to off-site areas, including, without limitation thereto, materials which are poisonous, radioactive, biologically undesirable or floatable.

§ 415.30 Regulations generally.
The uses of land within a flood hazard area shall be subject to regulation within one of the following categories:
(a) Prohibited uses;
(b) Permitted uses generally;
(c) Uses by special permit.

§ 415.31 Prohibited uses.
(a) Within the floodway, except as permitted by special permit, the following uses are prohibited:
(1) Erection of any structure for occupancy at any time by humans or animals.
(2) Placing, or depositing, or dumping any spoil, fill or solid waste.
(3) Stockpiling or disposal of pesticides, domestic or industrial waste, radioactive materials, petroleum products or hazardous material which, if flooded, would pollute the waters of the basin.
(4) The storage of equipment or of buoyant materials, except for purposes of public safety.
(b) Within the flood fringe, except as permitted by special permit, the following uses are prohibited:
(1) Stockpiling or disposal of pesticides, domestic or industrial waste, radioactive materials, petroleum products or hazardous material which, if flooded, would pollute the waters of the basin.
(2) Any use which will adversely affect the capacity of channels or floodways of any tributary to the main stream, drainage ditch, or any other drainage facility.

§ 415.32 Permitted uses generally.
(a) Within the floodway, the following uses are permitted to the extent that they do not require structures, fill or storage of materials or permanently installed equipment, and do not adversely affect the capacity of the floodway:
(1) Agricultural uses such as general farming, livestock, and dairy farming, horticulture, truck farming, sod farming, forestry, wild crop harvesting, and normal operating practices associated therewith.
(2) Industrial-commercial uses such as loading areas, parking areas and airport landing strips.
(3) Private and public recreational uses such as golf courses, driving ranges, archery ranges, picnic grounds, boat launching ramps, swimming areas, parks, wildlife and nature preserves, game farms, shooting preserves, target ranges, trap and skeet ranges, hunting and fishing areas, hiking and horseback riding trails.
(4) Uses such as lawns, gardens, parking areas and play areas.
(b) Within the flood fringe, the following uses are permitted:
(1) Any use permitted in the floodway.
(2) Residences and other structures constructed so that the first floor, including basement, is above the Flood Protection Elevation. When fill is used the finished fill elevation shall be no lower than the Flood Protection Elevation for the particular area and shall extend at least 15 feet beyond the limits of any structure or building erected thereon.
§ 415.33 Uses by special permit.

(a) Within the floodway the following uses by special permit may be authorized under the standards hereinafter provided:

(1) Uses or structures accessory to open space use.

(2) Circuses, carnivals and similar transient enterprises.

(3) Drive-in theaters, signs and billboards.

(4) Extraction of sand, gravel and other non-toxic materials.

(5) Marinas, boat liversies, docks, piers, wharves and water control structures.

(6) Fish hatcheries.

(7) Railroads, streets, bridges, utility transmission lines and pipelines.

(b) Within the flood fringe the following uses by special permit may be authorized under standards hereinafter provided:

(1) Non-residential uses generally. Structures other than residence shall ordinarily be elevated as herein provided but may in special circumstances be otherwise flood proofed to a point above the Flood Protection Elevation.

(2) Commercial uses. Commercial structures shall be elevated so that no first floor or basement floor is below the Flood Protection Elevation; or such structures may be flood proofed to the Flood Protection Elevation. Accessory land uses, such as yards, railroad tracks and parking lots may be at lower elevations. However, a permit for such facilities to be used by the general public shall not be granted in the absence of a flood warning system, if the area is inundated to a depth greater than two feet or subject to flood velocities greater than four feet per second upon the occurrence of the Regulatory Flood.

(3) Manufacturing and industrial uses. Manufacturing and industrial buildings, structures, and appurtenant works shall be elevated so that no first floor or basement floor is below the Flood Protection Elevation; or such structures may be flood proofed to the Flood Protection Elevation. Measures shall be taken to minimize flood water interference with normal plant operations especially for streams having protracted flood durations. Certain accessory land uses as yards and parking lots may have lesser protection subject to the flood warning requirements set out in 2 above.

(4) Utilities, railroad tracks, streets and bridges. Public utility facilities, roads, railroad tracks and bridges shall be designed to minimize increases in flood elevations and shall be compatible with local comprehensive flood plain development plans to the extent applicable. Protection to the Flood Protection Elevation shall be provided where failure or interruption of these public facilities would result in danger to the public health or safety, or where such facilities are essential to the orderly functioning of the area. Where failure or interruption of service would not endanger life or health, a lesser degree of protection may be provided for minor or auxiliary roads, railroads or utilities.

(5) Water supply and waste treatment. No new construction, addition or modification of a water supply or waste treatment facility shall be permitted unless the lowest operating floor of such facility is above the Flood Protection Elevation, or the facility is flood proofed according to plans approved by the Commission, nor unless emergency plans and procedures for action to be taken in the event of flooding are prepared. Plans shall be filed with the Delaware River Basin Commission and the concerned state or states. The emergency plans and procedures shall provide for measures to prevent introduction of any pollutant or toxic material into the flood water or the introduction of flood waters into potable supplies.

ADMINISTRATION

§ 415.40 Administrative agency.

(a) Class I projects as defined by §415.20 of this part shall be subject to review and approval by the Commission.

(b) Class II projects as defined by §415.21 shall be subject to review and approval by a duly empowered state or local agency; and if there be no such state or local agency at any time on and after January 1, 1978, and only during such time, the Commission may review any such project which has been
Delaware River Basin Commission

§ 415.42

identified by the Executive Director as having special flood hazards, and:

(1) Is located along the mainstem Delaware River or a major tributary thereof, or

(2) An agency of a signatory party requests such review.

§ 415.41 Special permits.

A special permit may be granted, or granted on stated conditions, provided:

(a) There is a clear balance in favor of the public interest in terms of the following environmental criteria:

(1) The importance of a facility to the community.

(2) The availability of alternative locations not subject to flooding for the proposed use.

(3) The compatibility of the proposed use with existing development and development anticipated in the foreseeable future.

(4) The relationship of the proposed use to any applicable comprehensive plan or flood plain management program for the area.

(5) The safety of access to the property in times of flood for ordinary and emergency vehicles.

(6) The expected heights, velocity, duration, rate of rise and sediment transport of the flood water expected at the site.

(7) The degree to which the proposed activity would alter natural water flow or water temperature.

(8) The degree to which archaeological or historic sites and structures, endangered or rare species of animals or plants, high quality wildlife habitats, scarce vegetation types, and other irreplaceable land types would be degraded or destroyed.

(9) The degree to which the natural, scenic and aesthetic values at the proposed activity site could be retained.

(b) The project shall not:

(1) Endanger human life.

(2) Have high flood damage potential.

(3) Obstruct flood flows nor increase flood heights or velocities unduly whether acting alone or in combination with other uses.

(4) Degrade significantly the water carrying capacity of any delineated floodway or channel.

(5) Increase significantly the rate of local runoff, erosion, or sedimentation.

(6) Degrade significantly the quality of surface water or the quality or quantity of ground water.

(7) Be susceptible to flotation.

(8) Have service facilities installed below the elevation of the regulatory flood without being adequately flood proofed.

§ 415.42 Technical standards.

(a) Standards used by state and local governments shall conform in principle to Commission standards but may vary in detail provided that resulting flood plain use will not be less restrictive than would result from the application of Commission standards. The Commission will review proposed state and local flood plain regulations to determine their compliance with Commission standards.

(b) Because of the variety and diversity of presently recognized hydrologic procedures, no one procedure or method is prescribed for determining the peak flow in cubic feet per second for the 100-year storm (Q 100) on which profiles for the delineation of flood hazard areas are based. The following may be used:

State and local agencies may use methods resulting in Q 100s which are in reasonable agreement with those of the Commission. Any significant difference shall be reviewed with and subject to approval by the Executive Director.

(c) Methods and procedures shall be uniform, so far as practicable, within sub-basins which have a major effect on the larger basins of which they are
§ 415.43 Mapped and unmapped delineations.

(a) Whenever an official flood plain map providing the pertinent information is available with respect to a given project, the map shall be used for the delineation of the flood hazard area, floodway, flood fringe and determination of flood protection elevation.

(b) Whenever an official flood plain map providing the required information is not available with respect to a given project, the administrative agency shall require the project landowner to submit details concerning the proposed uses as needed to determine the floodway and flood fringe limits at the proposed site, including: cross-sections of the stream channel and overbanks, stream profile, and factors involved in determining obstructions to flow. From the data submitted, soil surveys, historic flood maps, high water marks and other empirical data, the applicant, subject to verification by the administrative agency, shall calculate flood hazard areas, and establish the flood protection elevation for the particular site.

(c) Pending the preparation and completion of flood plain mapping, a “general flood plain” area shall be prescribed by the administrative agency to delineate for public guidance the areal limits of site locations which are required to be submitted for review under this regulation.

§ 415.51 Prior non-conforming structures.

A structure which was lawful before the adoption of this regulation but which is not in conformity with the provisions hereof, shall be subject to the following conditions (to be enforced by the appropriate authority as to Class I and Class II projects, respectively, under §§ 415.40 through 415.43 of this part):

(a) A non-conforming structure in the floodway may not be expanded, except that it may be modified, altered or repaired to incorporate flood proofing measures provided such measures do not raise the level of the 100-year flood.

(b) A non-conforming structure in the floodway which is destroyed or damaged by any means, including a flood, to the extent of 50 percent or more of its market value at that time may not be restored, repaired, reconstructed or improved except in conformity with the provisions of these regulations.

§ 415.52 Violations.

Any violation of this regulation shall be subject to penalties imposed by the Compact.

PART 420—BASIN REGULATIONS—WATER SUPPLY CHARGES

GENERAL

Sec.
420.1 Definitions.

WATER SUPPLY POLICY

420.21 Policy.
420.22 Prohibition; sanctions.
420.23 Exempt uses under the Compact.
§ 420.23 Exempt uses under the Compact.

(a) Section 15.1(b) of the Delaware River Basin Compact provides that “no provision of section 3.7 of the Compact shall be deemed to authorize the Commission to impose any charge for water withdrawals or diversions from the basin if such withdrawals or diversions could lawfully have been made without charge on the effective date of the Compact; * * *” In compliance with this provision: There shall be no charge for water withdrawn or diverted in quantities not exceeding the legal entitlement of the user, determined as of October 27, 1961, the quantity of water exempt from charge to each user will be the legal entitlement of the user determined as of March 31, 1971.

(b) For the purposes of paragraph (a) of this section:

(1) Legal entitlement means the quantity or volume of water expressed in million gallons per month determined by the lesser of the following conditions:

(i) A valid and subsisting permit, issued under the authority of one of the signatory parties, if such permit was required as of October 27, 1961, or thereafter;
(ii) Physical capability as required for such taking; or
(iii) The total allocable flow without augmentation by the Commission, using a seven-day, ten-year, low-flow criterion measured at the point of withdrawal or diversion.

(2) Physical capability means the capacity of pumps, water lines and appurtenances installed and operable, determined according to sound engineering principles. The physical capability specifically includes plant facilities actually using water, but excludes facilities which may have been installed in anticipation of future plant expansion not yet realized.

(c) Whenever adequate records of legal entitlement for agricultural irrigation purposes are not available to the Commission, such legal entitlement shall be measured by the maximum number of acres under irrigation by the water user at any time during the year ending March 31, 1971, allowing one acre-foot of surface water annually per acre irrigated.

(d) Notwithstanding the provisions of paragraphs (a), (b) and (c) of this section, there shall be no charge for water made available from storage where:
(1) The cost of the storage facility has or will be otherwise paid for by the user,
(2) Such storage controls a drainage area, and
(3) The use does not exceed the yield of such storage without augmentation from other surface water of the basin.

§ 420.24 Effective date of rates.
Rates and charges shall apply to all water users not exempt hereunder on and after the date of the first impoundment of water for water supply purposes at the Beltzville Reservoir (February 8, 1971), or the effective date hereof, whichever is later.

Entitlement; Measurement; Billing

§ 420.31 Certificate of entitlement.
(a) The Executive Director will issue to each known water user a certificate of entitlement within 30 days after the effective date of these regulations subject to the provisions of paragraph (b). In addition, any other water user may apply for a certificate of entitlement at any time. A preliminary notice of entitlement shall be issued to each user. Such entitlement shall become final and take effect, unless the user shall file with the Commission, within 20 days after the service of the notice of entitlement, a request for hearing by the Commission. At such hearing the water user may show cause why the proposed entitlement shall not take effect.

(b) The Executive Director shall schedule a hearing to be held not less than ten days after receipt of a request for a hearing by the Commission. Hearings shall be conducted and the results thereof subject to review in accordance with Article 5 of the Commission’s rules of practice and procedure.

(c) A final certificate of entitlement will be issued either upon expiration of the time to request a hearing, where there has been no request, or in accordance with the determination of a hearing where one is held.

(d) A certificate of entitlement is not transferable, except as provided in paragraphs (e) and (f) of this section. For the purposes of this section, transfer shall mean any sale or other conveyance by a holder of a certificate of entitlement involving a specific facility and shall include any transfer which results in a change of ownership and/or control of the facility or of the stock, or other indicia of ownership of a corporation which holds title to the facility.

(e) Whenever ownership or possession of land in agricultural use is transferred, a certificate of entitlement with respect to such land shall be deemed to run with the land, so long as the water use continues to be for agricultural irrigation. Upon any such land transfer, the Executive Director will reissue a certificate of entitlement to the new user.

(f) A certificate of entitlement may be transferred in connection with a corporate reorganization within any of the following categories:
(1) Whenever property is transferred to a corporation by one or more persons solely in exchange for stock or securities of the same corporation, provided that immediately after the exchange the same person or persons are
§ 420.41 Schedule of water charges.

The Commission will from time to time, after public notice and hearing, make, amend and revise a schedule of water charges. Until changed, the charge for water shall be as follows:

(a) $80 per million gallons for consumptive use; and

(b) $.80 per million gallons for non-consumptive use.

§ 420.42 Contracts; minimum charge.

Subject to the exclusions for certificates of entitlement and exempt uses, the Executive Director may require contracts for any taking, use, withdrawal or diversion of waters of the basin. Each contract shall provide for a minimum annual payment in accordance with an estimated annual demand schedule, regardless of use, withdrawal or diversion. The failure of any person to execute a contract under this section shall not affect the application of other requirements of this resolution.

§ 420.43 Exempt use.

The following uses shall be exempt from charge:

(a) Non-consumptive uses of less than 1,000 gallons during any day, and less than 100,000 gallons during any quarter.

(b) Ballast water used for shipping purposes.

(c) Water taken, withdrawn or diverted from streams tributary to the river master’s gauging station at Montague.

(d) Water taken, withdrawn or diverted below R.M. 38 (the mouth of the Cohansey River) and such proportion of
§ 420.44 Cooling water.

Water used exclusively for cooling purposes which is returned to the stream in compliance with the effluent requirements of applicable water quality standards, shall be charged at the non-consumptive use rate except that losses due to in-stream evaporation caused by cooling uses will be charged as consumptive use.

§ 420.45 Historical use.

A person who or which could not for any reason use, take, withdraw or divert waters of the basin from the place in question on March 31, 1971, shall not be entitled to a certificate of entitlement.

HYDROELECTRIC POWER WATER USE CHARGES

§ 420.51 Hydroelectric power plant water use charges.

(a) Annual base charges. Owners of conventional run-of-river hydroelectric power plants that benefit from water storage facilities owned or partially owned by the Commission shall pay an annual base charge to the Commission. The amount of the base annual charge shall be one dollar per kilowatt of installed capacity.

(b) Annual variable charges. In addition to the base charge established in (a) of this section, annual charges based on power generated at each facility will be assessed as follows:

(1) Owners of hydroelectric power plants that benefit from increased hydraulic head available to the hydroelectric project as a result of investments by the Commission shall be charged one mill per kilowatt-hour of energy produced.

(2) Owners of hydroelectric power plants that derive additional benefits from increased flows available to the hydroelectric project that would not have been available without the Commission-sponsored project shall be charged one-half mill per kilowatt-hour of energy produced. No charges for increased flows will be required when charges for increased hydraulic head are in effect.

(3) Charges for the use of any facilities such as pipe conduits, outlet works, and so on, installed in, on or near a Commission-sponsored project that benefit the hydroelectric project in any way will be determined on a case-by-case basis as approved by the Commission.

(c) Credits. The owner of any hydroelectric generating facility shall receive a credit against the current year water use fee otherwise payable to the Commission for any amount which the Commission receives from the U.S. Army Corps of Engineers or from the Federal Energy Regulatory Commission for each calendar year.

(d) Exemptions. No payment will be required when hydroelectric power facility water use charges would amount to less than $25 per year. Retroactive charges will not be assessed for facilities which have already obtained Commission approval pursuant to Section 3.8 of the Delaware River Basin Compact. All hydroelectric generating projects that do not benefit from storage owned or partially owned by the Commission are exempt from these Commission water charges.

(e) Payment of bills. The amount due each year shall bear interest at the rate of 1% per month for each day it is unpaid beginning 30 days after the due date. Payments are due within 30 days of the end of each calendar year. Annual base charges will be prorated for periods less than a year.

§ 430.1 Policy.

The provisions of this part implement Commission Resolutions 80–18 and 80–27 relating to ground water protection in southeastern Pennsylvania.

§ 430.3 Purpose.

The purpose of this regulation is to protect the ground water resources in the Triassic lowland and adjacent area of southeastern Pennsylvania and the public interest in those resources. In particular this regulation is to:

(a) Assure the effective management of water withdrawals to avoid depletion of natural stream flows and ground waters and to protect the quality of such water.

(b) Assure that ground water withdrawals are undertaken consistent with the policies stated in the Comprehensive Plan.

(c) Protect the just and equitable interests and rights of present and future lawful users of water resources, giving due regard to the need to balance and reconcile alternative and conflicting uses in view of present and threatened shortages of water of the quality required to serve such uses.

(d) Provide a mechanism for the acquisition of additional information necessary to more accurately plan and manage water resources.

(e) Encourage all water users to adopt and implement reasonable water conservation measures and practices, to assure efficient use of limited water supplies.

§ 430.5 Definitions.

For purposes of this regulation, except as otherwise required by the context:

Aquifer means waterbearing formation that contains sufficient ground water to be important as a source of supply.

Comprehensive Plan means the plans, policies and programs adopted as part of the Comprehensive Plan of the Delaware Basin in accordance with section 3.2 and Article 13 of the Delaware River Basin Compact.

Ground water means all water beneath the surface of the ground.

Ground water basin means a subsurface structure having the character of a basin with respect to the collection, retention and outflow of water.

Ground water protected area means the areas declared and delineated by the Commission to be a ground water protected area pursuant to Article 10 of the Delaware River Basin Compact and this regulation.

Ground water recharge means the addition of water to an aquifer by infiltration of precipitation through the soil, infiltration from surface streams, lakes or reservoirs, flow of ground water from another aquifer, or pumping of water into the aquifer through wells.

Project means the same word as defined by section 1.2(g) of the Delaware River Basin Compact.

Protected area permit means a permit to divert or withdraw ground water within the ground water protected area for domestic, municipal, agricultural or industrial uses, granted pursuant to
§ 430.7 Determination of protected areas and restriction on water use.

In consideration of the foregoing facts and for the purposes cited above:
(a) The Commission hereby determines and delineates the following area to be a protected area within the meaning and for the purpose of Article 10 of the Delaware River Basin Compact:

Southeastern Pennsylvania Ground Water Protected Area

The “Southeastern Pennsylvania Ground Water Protected Area” shall consist of those portions of the following listed counties and political subdivision located within the Delaware Basin:

**Bucks County**
- Boroughs: Chalfont, Doylestown, Dublin, Hulmeville, Ivyland, Langhorne, Langhorne Manor, New Britain, Newtown, Penndel, Perkasie, Quakertown, Richlandtown, Sellersville, Silverdale, Telford, Trumbauersville.
- Boroughs: Elverson, Malvern, Phoenixville, Spring City, West Chester.
- Townships: All of the area within the county boundary.

(b) The Commission hereby determines that within the Southeastern Pennsylvania Ground Water Protected Area demands upon available ground water supplies have developed or threaten to develop to such a degree as to create a water shortage or to impair or conflict with the requirements or effectuation of the Comprehensive Plan. Accordingly, no person, firm, corporation or other entity within the area shall withdraw ground water for any purpose at a rate exceeding 10,000 gallons per day, except as prescribed by this regulation.

§ 430.9 Comprehensive plan policies.

The water resources within the Southeastern Pennsylvania Ground Water Protected Area shall be managed consistent with the Comprehensive Plan policies. For purposes of this ground water protected area, section 2.20.4 of the Water Code of the Delaware River Basin shall be applied using the following definition of the term “withdrawal limits”:

(a) **Withdrawal limits.** Except as may be otherwise determined by the Commission to be in the public interest, withdrawals from the underground waters of the basin shall be limited to the maximum draft of all withdrawals from a ground water basin, aquifer, or aquifer system that can be sustained without rendering supplies unreliable, causing long-term progressive lowering of ground water levels, water quality degradation, permanent loss of storage capacity, or substantial impact on low flows of perennial streams.

(b) [Reserved]

§ 430.11 Advance notice of exploratory drilling.

The Commission encourages consultation with any project sponsor who is considering development of a new or expanded ground water withdrawal that is being planned for any purpose when the daily average withdrawal during any calendar month exceeds 10,000 gallons to insure proper implementation of this regulation and to reduce the possibility of investment in new ground water development facilities which may not be approved hereunder. Such consultation should occur early in the planning stage of a new project and prior to initiation of exploratory drilling.

(a) Any person, firm corporation or other entity planning a new or expanded ground water withdrawal that may be operated at a daily average withdrawal during any calendar month in excess of 10,000 gallons shall notify the Executive Director not less than 30 days prior to initiation of exploratory drilling.
drilling. Such notice shall be in writing and shall specify the location of proposed new facility, the anticipated rate of withdrawal, and the general purpose of the proposed water use. The notice shall also state the location of existing wells within the radius set forth in §430.21(a).

(b) Whenever the Executive Director shall deem necessary, or upon request of a party proposing a new or expanded withdrawal of ground water, an informal conference may be scheduled to review the nature of the proposed withdrawal, the applicability of the Commission’s standards relating to ground water, and the requirements of a protected area permit under this regulation.

§430.13 Protected area permits for new withdrawals.

Any person, firm, corporation or other entity who proposes to develop a new ground water withdrawal or expand an existing ground water withdrawal for any purpose within the Southeastern Pennsylvania Ground Water Protected Area shall be required to obtain a protected area permit under this regulation if the proposed new or increased rate of withdrawal from a well or group of wells operated as a system average more than 10,000 gallons per day over a 30-day period. Whenever the Executive Director, upon investigation or upon a reference from a state or federal agency, determines that a new or increased withdrawal from a group of wells within the protected area, whether or not such wells are operated as a system, may have a substantial effect on the water resources of the basin or is likely to have a significant adverse effect on other water uses within the protected area, the Commission may direct a notice to the owners or sponsors of such wells, and require such owners or sponsors to apply for and obtain a protected area permit under this regulation.

(a) Applications for a protected area permit shall be submitted to the Commission on forms approved by the Executive Director. Each application shall be accompanied by the following information:

1. A map indicating the location of existing wells and perennial streams.

2. A written report prepared by a hydrogeologist describing the expected effects of the proposed withdrawal on existing wells, flows of perennial streams and the long-term lowering of ground water levels.

3. A log showing the nature of subsurface material encountered during the construction and installation of the exploratory or production well(s).

4. The detailed results of extended pump tests, of not less than 48 hours duration, and records of observations during such pump tests from representative monitoring wells.

(b) Applications for a protected area permits whose daily average withdrawal during any calendar month is in excess of 10,000 gallons shall be accompanied by an application fee of $100. Government agencies shall be exempt from such application fee.

(c) If the application for a protected area permit is for a daily average withdrawal during any calendar month in excess of 100,000 gallons, it shall be accompanied by such other information or exhibits required by Article 3 of the Commission’s Rules of Practice and Procedure. In such cases, only the application fee required by the Rules will be assessed.

(d) To qualify for approval of a protected area permit, the owner or sponsor of the proposed withdrawal shall demonstrate that:

1. The proposed withdrawal is consistent with the Commission’s Comprehensive Plan and the policies and purposes of these regulations.

2. Opportunities to satisfy water requirements on a timely basis from existing available supplies and facilities have been explored and found infeasible.

3. The proposed withdrawal, in conjunction with other withdrawals in the applicable ground water basin, will not exceed withdrawal limits of a ground water basin, aquifer or aquifer system.

4. The proposed withdrawal will not significantly impair or reduce the flow of perennial streams in the area.

5. Existing ground and surface water withdrawals will not be adversely impacted, or will be otherwise assured of adequate supplies in accordance with the requirements of §430.19 of this part.
(6) The proposed withdrawal will not cause substantial, permanent adverse impact to the overlying environment.

(7) The owner or sponsor has adopted and will implement conservation and management programs as required by §430.15 of this part.

g) Ground water withdrawals for space heating or cooling purposes that are less than 100,000 gallons per day shall be exempt from obtaining a protected area permit provided that the water withdrawn is returned locally, and to the same ground water basin and aquifer system from which it is withdrawn, undiminished in quantity and quality (except temperature). Ground water withdrawals for space heating or cooling that are subsequently used for commercial or industrial water supply purposes are subject to Commission withdrawal and waste-water discharge regulations. Ground water withdrawals exempted pursuant to this subsection shall be subject to the registration requirements of §430.17.

(f) All ground water withdrawal projects exempted by subsection “e” above shall be constructed in conformance with accepted industry practice and as a minimum shall comply with the following standards:

(1) All wells shall be drilled by a Pennsylvania licensed well driller and a Water Well Inventory Report shall be completed and filed with the Pennsylvania Department of Environmental Resources (PADER);

(2) No wells shall be located within a 100-year floodway;

(3) All wells shall have top of casing extended a minimum of one foot above the 100-year flood elevation;

(4) All wells shall have the casing protruding a minimum of six inches above the immediate surrounding grade;

(5) The area around all wells or well pits shall be constructed and/or graded to prevent the entrance of surface waters;

(6) All wells shall be accessible for inspection and shall have an access hole for water level measurements;

(7) In order to protect against significant leaks of refrigerant, all ground water heat pump systems shall be equipped with an automatic shutdown device that senses abnormally low or abnormally high refrigerant pressures;

(8) Any drilled well holes that are abandoned shall be sealed with a minimum of ten feet of cement grout. Additional seals may be required to separate different water-bearing zones.

(h) Dockets and protected area permits may be issued for a duration of up to ten years and shall specify the maximum total withdrawals that must not be exceeded during any consecutive 30-day period. Such maximum total withdrawals shall be based on demands projected to occur during the duration of the docket or protected area permit.

(i) Ground water withdrawal limits shall be defined for subbasins in accordance with the provisions of (i)(1) or (2) of this section. The limits for specific subbasins are set forth in (i)(3) of this section.

(1) Baseflow frequency analyses shall be conducted for all subbasins in the Southeastern Pennsylvania Ground Water Protected Area. The analyses shall determine the 1-year-in-25 average annual baseflow rate. The 1-year-in-25 average annual baseflow rate shall serve as the maximum withdrawal limit for net annual ground water withdrawals for subbasins. If net annual ground water withdrawals exceed 75 percent of this rate for a subbasin, such a subbasin shall be deemed “potentially stressed.” The Commission shall maintain a current list of net annual ground water withdrawals for all subbasins. “Net” annual ground water withdrawals includes total ground water withdrawals less total water returned to the ground water system of the same subbasin.

(2) Upon application by the appropriate governmental body or bodies, the withdrawal limits criteria set forth in (i)(1) of this section may be revised by the Commission to provide additional protection for any subbasin identified in (i)(3) of this section with streams or stream segments designated by the Commonwealth of Pennsylvania as either “high quality,” or “exceptional value,” or “wild,” or “scenic,”
or “pastoral,” or to correspond with more stringent requirements in integrated resource plans adopted and implemented by all municipalities within a subbasin identified in (i)(3) of this section. Integrated resource plans shall be developed according to sound principles of hydrology. Such plans shall at a minimum assess water resources and existing uses of water; estimate future water demands and resource requirements; evaluate supply-side and demand-side alternatives to meet water withdrawal needs; assess options for wastewater discharge to subsurface formations and streams; consider stormwater and floodplain management; assess the capacity of the subbasin to meet present and future demands for withdrawal and nonwithdrawal uses such as instream flows; identify potential conflicts and problems; incorporate public participation; and outline plans and programs including land use ordinances to resolve conflicts and meet needs. Integrated resource plans shall be adopted and implemented by all municipalities within a subbasin and incorporated into each municipality’s Comprehensive Plan.

(3)(i) The potentially stressed levels and withdrawal limits for all delineated basins and subbasins are set forth below:

(ii) Subject to public notice and hearing, this section may be updated or revised based upon new and evolving information on hydrology and streamflow and ground water monitoring or in accordance with paragraph (i)(2) of this section.

(i) Upon its determination that a subbasin is potentially stressed, the Commission shall notify all ground water users in the subbasin withdrawing 10,000 gallons per day or more during any 30-day period of its determination. If any such users have not obtained a docket or protected area permit from the Commission, they shall be required to apply to the Commission within 60 days of notification.

(k) In potentially stressed subbasins, docket applications for new or expanded ground water withdrawals must include one or more programs to mitigate the adverse impacts of the new or expanded ground water withdrawal.
water withdrawal. The eligible programs are noted below. If the remaining of the application and the program(s) submitted are acceptable, the withdrawal may be approved by the Commission for an initial three-year period. The applicant shall implement the program(s) immediately upon Commission approval. If after the three-year period the program(s) is deemed successful by the Commission, the docket or permit duration may be extended for up to 10 years. The project sponsor shall be required to continue the program(s) for the duration of the docket or permit.

1. A conjunctive use program that demonstrates the applicant’s capability to obtain at least 15 percent of its average annual system usage from a reliable surface water supply. An acceptable program shall include either reservoir storage or an interconnection with a surface water supplier and an agreement or contract to purchase water from the supplier for the duration of the docket or permit.

2. A water conservation program that exceeds the requirements of §430.15. For existing water utilities, the program shall reduce average annual per capita water usage by at least five percent. All conservation programs shall include water conservation pricing, either inclining block rates, seasonal rates, or excess-use surcharges, and plumbing fixture rebate or retrofit components. For self-supplied users, the program shall include water efficient technologies such as recycling, reuse, xeriscaping, drip or micro irrigation, or other innovative technology approved by the Commission.

3. A program to monitor and control ground water infiltration to the receiving sewer system. The program must quantify ground water infiltration to the system and document reductions in infiltration. The program should include such measures as leakage surveys of sewer mains, metering of sewer flows in mains and interceptors, analysis of sewer system flows to quantify infiltration, and remedial measures such as repair of leaks and joints, main lining, and main replacement.

4. An artificial recharge or spray irrigation program that demonstrates a return of at least 60 percent of the total new or expanded annual withdrawal to the same ground water basin and aquifer system from which it is withdrawn. The program shall not impair ground water quality.

5. An alternative program approved by the Commission to mitigate the adverse impacts of the new or expanded ground water withdrawal.

1. The durations of all existing dockets and protected area permits may be extended by the Commission for an additional five years if the docket or permit holder successfully implements in either (k)(1) or (k)(2) of this section. If the docket or permit holder successfully implements both options, the docket or permit may be extended for an additional ten years. The Executive Director shall notify all docket and permit holders potentially affected by this resolution of their right to file an application to determine their eligibility for extension.

(m) It is the policy of the Commission to prevent, to the extent reasonably possible, net annual ground water withdrawals from exceeding the maximum withdrawal limit. An application for a proposed new or expanded ground water withdrawal that would result in net annual ground water withdrawals exceeding the maximum withdrawal limit established in paragraph (k)(3) of this section shall set forth the applicant’s proposal for complying with the Commission’s policy, with such supporting documentation as may be required by the Executive Director. Notification of the application shall be given to all affected existing water users who may also submit comments or recommendations for consideration by the Commission on the pending application. In taking action upon the application, the Commission shall give consideration to the submissions from the applicant and affected water users. If the Commission determines that it is in the public interest to do so, it may reduce the total of proposed and existing ground water withdrawals within a subbasin to a level at or below the withdrawal limit. Unless otherwise determined by the Commission, docket
and permit holders shall share equitably in such reductions.

§ 430.15 Conservation requirements.

The following conservation requirements shall apply to all existing, new or expanded ground water withdrawals for municipal, public, industrial or commercial water supply whose cumulative daily average withdrawal from one or more wells during any calendar month exceeds 10,000 gallons.

(a) Each person, firm, corporation or other entity withdrawing ground water within the Southeastern Pennsylvania Ground Water Protected Area for purposes of municipal or public water supply shall comply with the following conservation requirements:

(1) Water connections shall be metered, and water charges collected shall be based on metered usage.

(2) A water conservation program shall be initiated and diligently pursued within the service area of the municipal or public water supply. Such program shall include a program for leakage control providing for the monitoring, prevention and repair of significant leakage, and the provision of customer information relating to water-saving devices.

(3) Interconnections with adjacent water systems shall be considered to assure more reliable supplies of water during emergencies.

(4) A drought emergency plan specifying actions which would be taken to reduce demand and assure supplies to priority uses in the event of drought conditions shall be prepared in cooperation with the municipalities in the service area. The plan shall be filed with the Commission.

(b) Each person, firm, corporation or other entity withdrawing ground water within the Southeastern Pennsylvania Ground Water Protected Area for purposes of industrial or commercial water supply shall comply with the following conservation requirements:

(1) Opportunities for water conservation shall be investigated and all feasible conservation measures shall be implemented at the earliest practicable time.

(2) Water uses shall be monitored, and a systematic process shall be adopted and implemented to provide for the detection and expeditious correction of leakage.

(3) A drought emergency plan specifying the actions to be taken to reduce demand in the event of drought conditions shall be prepared and filed with the Commission.

(c) Permits issued pursuant to these regulations shall be conditioned upon compliance with the requirements of this section.

§ 430.17 Registration of existing withdrawals.

(a) Existing users of ground water within the Southeastern Pennsylvania Ground Water Protected Area whose lawful use commenced prior to the effective date of this regulation, whose cumulative monthly average daily withdrawal from one or more wells exceeds 10,000 gallons and whose withdrawal has not previously been approved by DRBC, pursuant to section 3.8 of the Compact, shall, prior to July 1, 1981, register their use with the Pennsylvania Department of Environmental Resources acting as agent for the Commission. Registration is required as a condition for such existing users being eligible for the protection afforded by this regulation. Such registration shall include withdrawals from quarries that are not fed by surface streams.

(b) Registrations shall be filed on forms approved by the Executive Director of the Commission. Each registrant shall provide, without limitation thereunto, the following:

(1) A description of the location, size and depth of each well and the pump facilities installed therein.

(2) The estimated quantity of water withdrawn from each well, or related group of wells, during each month of 1980.

(3) The purposes for which the water is withdrawn, its place of use, and the approximate quantity of water used for each purpose.

(4) The location and method of wastewater disposal and discharge.

(5) A registration fee of $5 for each well.
§ 430.19 Ground water withdrawal metering, recording, and reporting.

(a) Each person, firm, corporation, or other entity whose cumulative daily average withdrawal of ground water from a well or group of wells operated as a system exceeds 10,000 gallons per day during any 30-day period shall meter or measure and record their withdrawals and report such withdrawals to the Pennsylvania Department of Environmental Resources. Withdrawals shall be measured by means of an automatic continuous recording device, flow meter, or other method, and shall be measured to within five percent of actual flow. Meters or other methods of measurement shall be subject to approval and inspection by the Pennsylvania Department of Environmental Resources as to type, method, installation, maintenance, calibration, reading, and accuracy. Withdrawals shall at a minimum be recorded on a daily basis for public water supply use and on a biweekly basis for all other water uses, and reported as monthly totals annually. More frequent recording or reporting may be required by the Pennsylvania Department of Environmental Resources or the Commission.

(b) The following water uses and operations are exempt from the metering or measurement requirements of paragraph (a): Agricultural irrigation; snowmaking; dewatering incidental to mining and quarrying; dewatering incidental to construction; and space heating or cooling uses that are exempt from permit requirements in § 430.13. Except for space heating and cooling uses described herein, persons engaged in such exempt withdrawals in excess of 10,000 gallons per day during any 30-day period shall record the pumping rates and the dates and elapsed hours of operation of any well or pump used to withdraw ground water, and report such information as required in paragraph (a). Space heating and cooling uses that are exempt from permit requirements in § 430.13 shall also be exempt from the requirement for recording and reporting.

(c) Pursuant to section 11.5 of the Compact, the Pennsylvania Department of Environmental Resources shall administer and enforce a program for metering, recording, and reporting ground-water withdrawals in accordance with this regulation.

§ 430.21 Protection of existing users.

(a) Protected area permits issued under this regulation for new or expanded withdrawals of ground water shall include conditions to protect the owners of existing wells in accordance with the provisions of this section.

(b) Any person, firm, corporation or other entity who commences a new or expanded withdrawal of ground water that is subject to the requirement of a protected area permit under this regulation shall provide mitigating measures if the withdrawal significantly affects or interferes with any existing well. Mitigation measures may consist of:

1. Providing an alternative water supply, of adequate quantity and quality, to the effected well owner(s);

2. Providing financial compensation to the affected well owner(s) sufficient to cover the costs of acquiring an alternative water supply of adequate quantity and quality; or

3. Such other measures as the Commission shall determine to be just and equitable under the circumstances present in the case of any individual application.

§ 430.23 Technical determinations and procedures.

(a) The radius to be considered in assessing the potential impact of a proposed new or expanded ground water withdrawal, as required by §§ 430.11 and 430.13 of this part shall be as follows:

on the basis of the average recharge rate to the basin, aquifer, or aquifer system during repetition of a period which includes the worst recorded drought.

(c) The requirement of paragraph (a) or (b) of this section may be modified or waived by the Executive Director or the Commission if an applicant adopts and implements a program for coordinated use of ground and surface water, and the applicant demonstrates that operation of the coordinated program will be consistent with the policies contained in the Comprehensive Plan and the purposes of these regulations.

§ 430.25 Other permit requirements.

(a) Except to the extent provided in these regulations, registration of existing ground and surface water withdrawals and the issuance of withdrawal permits hereunder shall not create any private or proprietary rights in the water of the basin and the Commission reserves the right to amend, alter, or repeal these regulations and to amend, alter or rescind any actions taken hereunder in order to insure the proper control, use and management of the water resources of the basin.

(b) Neither the obligation to obtain a protected area permit under this regulation, nor the receipt thereof, shall relieve the sponsor of a new or expanded ground water withdrawal project of the obligation to obtain any other applicable permits required by Federal, state or local government agencies.

(c) A new or expanded ground water withdrawal subject to the requirement of a protected area permit under this regulation shall not require any further approval by the Commission if the daily average withdrawal during any calendar month is less than 100,000 gallons. If the new or expanded withdrawal exceeds a daily average of 100,000 gallons during any calendar month, the project shall be subject to review and approval by the commission pursuant to section 3.8 of the Delaware River Basin Compact, and the requirement of a protected area permit for such a project shall be in addition to other requirements of the Commission and its Rules of Practice and Procedure.

§ 430.27 Emergencies.

§ 701.200 Statement of policy.

Water Resources Council records and informational materials are available to the fullest extent possible consistent with 5 U.S.C. 552, as amended, and will be promptly furnished to any member of the public.

§ 701.201 Availability of records and informational materials.

(a) Except for records and materials exempted from disclosure pursuant to paragraph (b) of this section, any person may inspect and copy any document in the possession and custody of the Water Resources Council in accordance with the procedure provided in § 701.202.

(b) The provisions of 5 U.S.C. 552 which require that agencies make their records available for public inspection and copying do not apply to matters which are:

1. (i) Specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and

(ii) Are in fact properly classified pursuant to such Executive order;

2. Related solely to the internal personnel rules and practices of an agency;

3. Specifically exempted from disclosure by statute;

4. Trade secrets and commercial or financial information obtained from a person and privileged or confidential;

5. Inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;

6. Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

7. Investigatory records compiled for law enforcement purposes but only to the extent that the production of such records would (i) interfere with enforcement proceedings, (ii) deprive a person of a right to a fair trial or an impartial adjudication, (iii) constitute an unwarranted invasion of personal privacy, (iv) disclose the identity of a confidential source and, in the case of a record compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, confidential information furnished only by the confidential source, (v) disclose investigatory techniques and procedures, or (vi) endanger the life or physical safety of law enforcement personnel;

8. Contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions;

9. Geological and geophysical information and data, including maps, concerning wells.

Any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt under this subsection.

§ 701.202 Procedure for requests for information.

(a) A member of the public who requests records or materials from the Water Resources Council must provide a reasonable description of the records or materials sought so that such records or materials may be located without undue search or inquiry.

(b) Requests which reasonably describe the records or materials sought should be directed to the Public Information Officer, Water Resources Council, Suite 800, 2120 L Street NW., Washington, DC 20037.

(c) To insure that requests for information are processed as expeditiously as possible, all Freedom of Information Act (FOIA) requests should be clearly identified by the requester as such on the envelope and in the letter.

(d) Records or materials will be available for inspection and copying in person during normal business hours or by mail.
(e) Requests for records which originate in or concern matters which originate in another department or agency may be forwarded to the department or agency primarily concerned and the requester so notified.

§ 701.203 Schedule of fees.

(a) The Public Information Officer will to the extent practicable, encourage the widest possible distribution of information by permitting requests for inspection or copies of records or materials to be met without cost to the person making the request.

(b) Fees will be charged in the case of requests which are determined by the Public Information Officer to involve a burden on staff or facilities significantly in excess of that normally accepted by the Council in handling routine requests for information.

(c) In all instances where the Public Information Officer determines that a request for information can be considered as primarily benefiting the general public (despite a § 701.203 determination of burden), such request shall be met either without cost wherever practicable or at a reduced cost to the requester. Any such reduction shall be determined by the Public Information Officer on the basis of the balance between the benefit to the general public and the cost to the Water Resources Council.

(d) Fees shall be limited to recovery of only direct costs of search and duplication but in no event shall the fee for search and duplication exceed $2.50 per half hour, nor shall the fee for copying exceed $0.25 per page (maximum per page dimension of 8\(\times\)14 inches).

(e) Unless a request for information specifically states that whatever cost is involved will be acceptable, or acceptable up to a specified limit that covers anticipated costs, a request that is expected to involve an assessed fee in excess of $50.00 will not be deemed to have been received until the requester is advised promptly upon physical receipt of the request of the anticipated cost and agrees to bear it.

(f) When anticipated fees exceed $50.00, a deposit for 25% of the amount must be made within 10 days of the notice to the requester of the initial determination.

(g) The Council reserves the right to limit the number of copies of any document that will be provided to any one person.

§ 701.204 Time limits for WRC initial determinations regarding requests for information.

(a) An initial determination to grant or deny each request for information will be made within ten (10) working days of receipt of such request.

(b) The requester shall be notified immediately of the initial determination and the reasons therefor.

(c) The Public Information Officer will make initial determinations to grant requests for information.

(1) In those instances where the initial determination by the Public Information Officer is to grant the request and the information is immediately supplied such action will serve as both notice of determination and compliance with the request.

(2) In those instances where the initial determination by the Public Information Officer is to grant the request, but the information is not immediately available, the Public Information Officer will send immediate notice of the determination to comply, and the approximate date the information will be forwarded.

(d) The Public Information Officer will make initial determination to deny the requests only with the concurrence of the General Counsel. The requester shall be notified immediately of the initial adverse determination, the reasons therefor, and the right to appeal the initial adverse determination to the Director.

§ 701.205 Time limit for requester to appeal an initial adverse determination.

(a) The requester shall have thirty (30) calendar days to file with the Director an appeal from an initial adverse determination. The appeal must be in writing.

(b) The thirty (30) day period of appeal shall run from receipt of the initial adverse determination (in cases of denials of an entire request) and from receipt of any records being made
§ 701.206 Time limit for WRC final determinations regarding requests for information appealed by the requester from an initial adverse determination.

The Director shall make a final determination with respect to any appeal within twenty (20) working days after receipt of such appeal. If the initial adverse determination is in whole or in part upheld by the Director, the requester shall be notified of the final adverse determination and the provisions for judicial review of that determination as stated in the Freedom of Information Act, as amended (see 5 U.S.C. 552(a)(4) et seq.; as amended by Pub. L. 93–502).

§ 701.207 Extension of time limits for WRC initial and final determinations.

(a) In unusual circumstances, as specified in this section, the time limits prescribed in either §701.203 or §701.204 may be extended by written notice from the responsible WRC official (i.e., the Public Information Officer in instances of initial requests and the Director in instances of appeals) to the requester setting forth the reasons for such extension and the date on which a determination is expected to be dispatched. No such notice shall specify a date that would result in an extension for more than ten (10) working days, and in no event shall the total extended time exceed ten (10) working days with respect to a particular request.

(b) As used in this section, unusual circumstances means, but only to the extent reasonably necessary to the proper processing of the particular request:

(1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having substantial subject-matter interest therein.

§ 701.208 WRC petition for judicial extension of time.

The provisions of §701.206 notwithstanding, the Director may petition for judicial extension of time when exceptional circumstances warrant such action.

§ 701.209 River basin commissions and field committees.

(a) River basin commissions established pursuant to Title II of the Water Resources Planning Act are encouraged to establish, pursuant to section 205(c) of that Act, procedures for public availability of information that are consistent with 5 U.S.C. 552, as amended, and this subpart.

(b) Field committees will be governed by the procedures adopted by the lead Federal agency to implement 5 U.S.C. 552, as amended; except that if the lead agency of a field committee is a non-Federal entity, the standards of this subpart shall apply.

(c) Requests for documents and informational materials may be made to the chairmen of the field committees and river basin commissions at the following addresses.

The request may be made in person during business hours or in writing at the location and to the person specified in the notice describing that record system.

(b) An individual who believes that the Council maintains records pertaining to him or her but who cannot determine which record system contains those records, may request assistance by mail or in person at the Division of Program Coordination and Management, 2120 L Street, NW., Washington, DC 20037, during business hours (8:00 A.M. through 4:30 P.M., Monday through Friday, excluding legal holidays).

(c) The Council will attempt to respond to a request as to whether a record exists within 10 working days from the time it receives the request or to inform the requestor of the need for additional time or additional information within 10 working days. If a request is complied with within 10 working days, no separate acknowledgment will be made.

§ 701.303 Conditions of disclosure.

(a) Subject to the conditions of paragraphs (b) and (c) of this section, the Council will not disclose any record which is contained in a system of records, by any means of communication to any person who is not an individual to whom the record pertains.

(b) Upon written request or with prior written consent of the individual to whom the record pertains, the Council may disclose any such record to any person or other agency.

(c) In the absence of a written consent from the individual to whom the record pertains, the Council may disclose any such record provided such disclosure is:

(6) To the National Archives of the United States as a record which has sufficient historical or other value to warrant its continued preservation by the United States government, or for evaluation by the Administrator of General Services or his designee to determine whether the record has such value;

(7) To another agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity authorized by law: Provided, The head of the agency or instrumentality has made a prior written request to the Assistant Director Program Coordination and Management specifying the particular record and the law enforcement activity for which it is sought;

(3) Any other information required by the notice describing the record system.

(b) Proof of identity as required by paragraph (a)(2) of this section will be provided as described in paragraph (b)(1) and (2) of this section. Requests made by an agent, parent, or guardian will include the authorization described in § 701.310(a) and (b).

(1) Requests made in writing will include a statement, signed by the individual and properly notarized, that he or she appeared before a notary public and submitted proof of identification in the form of a driver’s license, birth certificate, passport or other identification acceptable to the notary public. In any case in which, because of the extreme sensitivity of the record sought to be seen or copied, the agency determines that the identification is not adequate, it may request the individual to submit additional proof of identification.

(2) If the request is made in person, the requester will submit proof of identification similar to that described in
§ 701.305 Procedures for requests for access to or disclosure of records pertaining to individuals.

(a) After being informed by the Council that a system of records contains a record pertaining to him or her, an individual may request the Council for access to or disclosure of that record to him or her in the manner described in this section. Requests may be made by agents, parents, or guardians of individuals as described in §701.310(a) and (b).

(b) The request for access to or disclosure of a record should specifically identify the systems of records involved.

(c) The Council will attempt to affirm or deny a request within 10 working days from the time it receives the request or to inform the requester of the need for additional time, additional information, identification, or the tendering of fees (as specified in §701.312), within 10 working days; except that if the request for access was not preceded by a notification request as provided in §701.302, then the 10-day period will not begin until after such time as it has been determined that the record exists. If a request is complied with within 10 working days, no separate acknowledgement will be made.

§ 701.306 Special procedure: Medical records.

(a) An individual requesting disclosure of a record which contains medical or psychological information may name a medical doctor or other person to act as his agent as described in §701.310(a). Records containing medical or psychological information may be disclosed to that agent rather than to the individual at the individual’s request.

(b) If the individual has not named a medical doctor as agent, the Council may determine, after consultation with a medical doctor, that disclosure of the information would have an adverse effect on the requester. The Council may then disclose that information to a medical doctor specified by the individual, rather than to that individual, either in person or by mail.

§ 701.307 Request for correction or amendment to record.

(a) Any individual who has reviewed a record pertaining to him that was furnished to him under this subpart, may request the agency to correct or amend all or any part of that record.

(b) Each individual requesting a correction or amendment will send the request to the agency official who furnished the record to him.

(c) Each request for a correction or amendment of a record will contain the following information:

7. A statement of the basis for the requested correction or amendment, including any material that the individual can furnish to substantiate the reasons for the correction or amendment sought.

§ 701.308 Council review of request for correction or amendment of record.

(a) Not later than 10 days (excluding Saturdays, Sundays, and legal holidays) after the receipt of the request for the correction or amendment of a record under §701.307, the Council will acknowledge receipt of the request and inform the individual whether further information is required before the correction or amendment can be considered.
§ 701.309 Appeal of initial adverse determination.

(a) Any individual whose request for a correction or amendment, requested by him, to a record has been denied, in whole or in part, may appeal that decision to the Director of the Council.

(b) The appeal will be in writing and will:

(1) Name the individual making the appeal;

(2) Identify the record sought to be amended;

(3) Name the record system in which that record is contained;

(4) Contain a short statement describing the amendment sought; and

(5) State the name and location of the Council official who made the initial adverse determination.

(c) Not later than 30 days (excluding Saturdays, Sundays, and legal holidays) after the date on which the Council received the appeal, the Director will complete his review of the appeal and make a final decision thereon. However, for good cause shown, the Director may extend that 30 day period by not more than an additional 30 working days. If the Director so extends the period, he will promptly notify the individual requesting the review that the extension has been made and the reasons therefor.

(d) After review of an appeal request, the agency will send a written notice to the requester containing the following information:

(1) The decision and, if the denial is upheld, the reasons for the decision; and

(2) The specific civil remedies available to the requester as per section 2(g) of Pub. L. 93–579, as well as notice that additional remedies may be appropriate and available to enable the full exercise of the requester’s rights at law.

(3) The right to file with the Council a concise statement setting forth the requester’s reasons for disagreement with the Council’s refusal to correct or amend the record.

§ 701.310 Disclosure of record to person other than the individual to whom it pertains.

(a) Any individual who desires to have a record covered by this subpart disclosed to or mailed to a person other than that individual may authorize that person to act as his agent for that specific purpose. The authorization will be in writing, signed by the individual, and will be notarized. The agent will submit with the authorization proof of the individual’s identity as required by § 701.304(b).

(b) The parent of any minor individual or the legal guardian of any individual who has been declared by a court of competent jurisdiction to be incompetent due to physical or mental incapacity or age, may act on behalf of that individual in any matter covered by this subpart. A parent or guardian who desires to act on behalf of such an individual will present suitable evidence of parentage or guardianship, by
birth certificate, certified copy of a court order, or similar documents, and proof of the individual’s identity in a form that complies with §701.304(b).

(c) An individual to whom a record is to be disclosed in person pursuant to this subpart, may have a person of his own choosing accompany the individual when the record is disclosed.

§ 701.311 Accounting for disclosures.

(a) Maintenance of an accounting. (1) Where a record is disclosed to any person, or to another agency, under any of the provisions of §701.303 except §701.303(c)(1) and (2), an accounting will be made.

(2) The accounting will record (i) the date, nature, and purpose of each disclosure of a record to any person or to another agency and (ii) the name and address of the person or agency to whom the disclosure was made.

(3) Accountings prepared under this section will be maintained for at least five years or the life of the record, whichever is longer, after the disclosure for which the accounting is made.

(b) Access to accounting. (1) Except for accounting of disclosures made under §701.303(c)(1) and (2), accountings of all disclosures of a record will be made available to the individual to whom the record relates at his or her request.

(2) An individual desiring access to accountings of disclosures of a record pertaining to him or her will submit his request by following the procedures of §701.305.

(c) Notification of disclosure. When a record is disclosed pursuant to §701.303(c)(11) as the result of the order of a court of competent jurisdiction, reasonable efforts will be made to notify the individual to whom the record pertains as soon as the order becomes a matter of public record.

§ 701.312 Fees.

(a) The Council will not charge an individual for the costs of making a search for a record or the costs of reviewing the record. When the Council makes a copy of a record as a necessary part of the process of disclosing the record to an individual, the Council will not charge the individual for the cost of making that copy.

(b) If an individual requests the Council to furnish him with a copy of the record (when a copy has not otherwise been made as a necessary part of the process of disclosing the record to the individual), the Council will charge a maximum fee of $0.25 per page (maximum per page dimension of 8×14 inches) to the extent that the request exceeds $5.00 in cost to the Council. Requests not exceeding $5.00 in cost to the Council will be met without cost to the requester.

§ 701.313 Penalties.

Title 18 U.S.C. 1001, Crimes and Criminal Procedures, makes it a criminal offense, subject to a maximum fine of $10,000 or imprisonment for not more than 5 years or both, to knowingly and willfully make or cause to be made any false or fraudulent statements or representations in any matter within the jurisdiction of any agency of the United States. Section 552a(i)(3) of the Privacy Act (5 U.S.C. 552a(i)(3)) makes it a misdemeanor, subject to a maximum fine of $5,000, to knowingly and willfully request or obtain any record concerning an individual under false pretenses. Section 552a(i)(1) and (2) of the Privacy Act (5 U.S.C. 552a(i)(1) and (2) provide penalties for violations by agency employees of the Privacy Act or regulations established thereunder.

(e) Notwithstanding the provisions of paragraphs (a) and (b) of this section, the discount rate to be used in plan formulation and evaluation during the remainder of the fiscal year 1969 shall be 4% percent except as provided by paragraph (d) of this section.

(4) The sale and lease of, and the permission to use (on other than a casual or transient basis), Federal property or any interest in such property without consideration or at a nominal consideration, or at a consideration which is reduced for the purpose of assisting the recipient, or in recognition of the public interest to be served by such sale or lease to the recipient; and
(5) Any Federal agreement, arrangement, or other contract which has as one of its purposes the provision of assistance.

(d) Primary recipient means any recipient that is authorized or required to extend Federal financial assistance to another recipient for the purpose of carrying out a program.

The services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any services, financial aid, or other benefits provided with the aid of Federal financial assistance or the aid of any non-Federal funds, property, or other resources required to be expended or made available for the program to meet matching requirements or other conditions which must be met in order to receive the Federal financial assistance, and to include any services, financial aid, or other benefits provided in or through a facility provided with the aid of Federal financial assistance or such non-Federal resources.

(g) Responsible agency official means the Director of the Water Resources Council or his designee.

§ 705.3 Application of this part.

This part applies to any program for which Federal financial assistance is authorized under a law administered by the Water Resources Council. It applies to money paid, property transferred, or other Federal financial assistance extended under any such program after the date of this part pursuant to an application whether approved before or after such date. This part does not apply to (a) any Federal financial assistance by way of insurance or guaranty contracts, or (b) any employment practice except to the extent described in §705.4(c).
§ 705.4 Discrimination prohibited.

(a) General. No person in the United States shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under, any program to which this part applies.

(b) Specific discriminatory actions prohibited. (1) A recipient under any program to which this part applies may not directly or through contractual or other arrangements, on the grounds of race, color, or national origin:
   (i) Deny a person any service, financial aid, or other benefit provided under the program;
   (ii) Provide any service, financial aid, or other benefit to a person which is different, or is provided in a different manner, from that provided to others under the program;
   (iii) Subject a person to segregation or separate treatment in any matter related to his receipt of any service, financial aid, or other benefit under the program;
   (iv) Restrict a person in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program;
   (v) Treat a person differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership, or other requirement or condition which persons must meet in order to be provided any service, financial aid, or other benefit provided under the program;
   (vi) Deny a person an opportunity to participate in the program through the provision of services or otherwise or afford him an opportunity to do so which is different from that afforded others under the program.
   (vii) Deny a person the opportunity to participate as a member of a planning or advisory body which is an integral part of the program.

(2) A recipient, in determining the types of services, financial aid, or other benefits, or facilities which will be provided under any such program, or the class of persons to whom, or the situations in which, such services, financial aid, other benefits, or facilities will be provided under any such program, or the class of persons to be afforded an opportunity to participate in any such program, may not, directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting persons to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program with respect to individuals of a particular race, color, or national origin.

(3) As used in this section, the services, financial aid, or other benefits provided under a program receiving Federal financial assistance include any service, financial aid, or other benefit provided in or through a facility provided with the aid of Federal financial assistance.

(4) The enumeration of specific forms of prohibited discrimination in this paragraph does not limit the generality of the prohibition in paragraph (a) of this section.

(5) This part does not prohibit the consideration of race, color, or national origin if the purpose and effect are to remove or overcome the consequences of practices or impediments which have restricted the availability of, or participation in, the program or activity receiving Federal financial assistance, on the grounds of race, color, or national origin. When previous discriminatory practice or usage tends, on the grounds of race, color, or national origin, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program or activity to which this part applies, the applicant or recipient has an obligation to take reasonable action to remove or overcome the consequences of the prior discriminatory practice or usage, and to accomplish the purposes of the Act.

(c) Employment practices. (1) Where a primary objective of a program of Federal financial assistance to which this part applies is to provide employment, a recipient or other party subject to this part shall not, directly or through contractual or other arrangements, subject a person to discrimination on the grounds of race, color, or national origin in its employment practices.
under such program (including recruitment or recruitment advertising, hiring, firing, upgrading, promotion, demotion, transfer, layoff, termination, rates of pay or other forms of compensation or benefits, selection for training or apprenticeship, use of facilities, and treatment of employees). Such recipient shall take affirmative action to insure that applicants are employed, and employees are treated during employment, without regard to their race, color, or national origin. The requirements applicable to construction employment under any such program shall be those specified in or pursuant to part III of Executive Order 11246 or any Executive Order which supersedes it.

(2) Where a primary objective of the Federal financial assistance is not to provide employment, but discrimination on the grounds of race, color, or national origin in the employment practices of the recipient or other persons subject to the regulation tends, on the grounds of race, color, or national origin, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program to which this regulation applies, the provisions of paragraph (c)(1) of this section shall apply to the employment practice of the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose for which the Federal financial assistance is extended or for any other purpose involving the provisions of similar services or benefits. In all other cases, such assurance shall obligate the recipient for the period during which Federal financial assistance is extended pursuant to the application. The responsible agency official shall specify the form of the foregoing assurances for each program, and the extent to which like assurances will be required of subgrantees, contractors, and subcontractors, transferees, successors in interest, and other participants in the program. Any such assurance shall include provisions which give the United States a right to seek its judicial enforcement.

(b) Planning grants to States. Each designated State agency must submit the assurance specified in §703.5(n) of these rules and regulations.

(c) River basin commissions. Each river basin commission is required to submit, along with its annual budget request, written assurance of its continuing compliance with §705.4 of this part.

§ 705.6 Compliance information.

(a) Cooperation and assistance. The responsible agency official shall, to the fullest extent practicable, seek the cooperation of recipients in obtaining compliance with this part and shall provide assistance and guidance to recipients to help them comply voluntarily with this part.

(b) Compliance reports. Each recipient shall keep such records and submit to the responsible agency official timely, financial assistance to provide a facility shall, as a condition to its approval and the extension of any Federal financial assistance pursuant to the application, contain or be accompanied by an assurance that the program will be conducted or the facility operated in compliance with all requirements imposed by or pursuant to this part. In the case of an application for Federal financial assistance to provide real property or structures thereon, or personal property or equipment of any kind, such assurance shall obligate the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose for which the Federal financial assistance is extended or for any other purpose involving the provisions of similar services or benefits. In all other cases, such assurance shall obligate the recipient for the period during which Federal financial assistance is extended pursuant to the application. The responsible agency official shall specify the form of the foregoing assurances for each program, and the extent to which like assurances will be required of subgrantees, contractors, and subcontractors, transferees, successors in interest, and other participants in the program. Any such assurance shall include provisions which give the United States a right to seek its judicial enforcement.

(b) Planning grants to States. Each designated State agency must submit the assurance specified in §703.5(n) of these rules and regulations.

(c) River basin commissions. Each river basin commission is required to submit, along with its annual budget request, written assurance of its continuing compliance with §705.4 of this part.
complete, and accurate compliance reports at such times, and in such form and containing such information, as the responsible agency official may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient or subcontracts with any other person or group, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

(c) Access to sources of information. Each recipient shall permit access by the responsible agency official during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities, as may be pertinent to ascertain compliance with this part. Whenever any information required of a recipient is in the exclusive possession of any other agency, institution, or person and that agency, institution, or person fails or refuses to furnish that information, the recipient shall so certify in its report and set forth the efforts which it has made to obtain the information.

(d) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program under which the recipient receives Federal financial assistance, and make such information available to them in such manner, as the responsible agency official finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.

§ 705.7 Conduct of investigations.

(a) Periodic compliance reviews. The responsible agency official shall from time to time review the practices of recipients to determine whether they are complying with this part.

(b) Complaints. Any person who believes himself or any specific class of individuals to be subjected to discrimination prohibited by this part may by himself or by a representative file with the responsible agency official a written complaint. A complaint must be filed not later than 180 days from the date of the alleged discrimination, unless the time for filing is extended by the responsible agency official.

(c) Investigations. The responsible agency official will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this part. The investigation should include, whenever appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this part.

(d) Resolution of matters. (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this part, the responsible agency official will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in §705.8.

(2) If an investigation does not warrant action pursuant to subparagraph (1) of this paragraph, the responsible agency official will so inform the recipient and the complainant, if any, in writing.

(e) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 601 of the Act or this part, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purpose of this part, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.
§ 705.8 Procedure for effecting compliance.

(a) General. If there appears to be a failure or threatened failure to comply with this part and if the noncompliance or threatened noncompliance cannot be corrected by informal means, the responsible agency official may suspend or terminate, or refuse to grant or continue, Federal financial assistance, or use any other means authorized by law, to induce compliance with this part. Such other means include, but are not limited to, (1) a reference to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), or any assurance or other contractual undertaking, and (2) any applicable proceeding under State or local law.

(b) Noncompliance with assurance requirement. If an applicant or recipient fails or refuses to furnish an assurance required under §705.5 or fails or refuses to comply with the provisions of the assurance it has furnished, or otherwise fails or refuses to comply with any requirement imposed by or pursuant to Title VI or this part, Federal financial assistance may be suspended, terminated, or refused in accordance with the procedures of Title VI and this part. The Water Resources Council shall not be required to provide assistance in such a case during the pendency of administrative proceedings under this part, except that the Council will continue assistance during the pendency of such proceedings whenever such assistance is due and payable pursuant to a final commitment made or an application finally approved prior to the effective date of this part.

(c) Termination of or refusal to grant or to continue Federal financial assistance. No order suspending, terminating, or refusing to grant or continue Federal financial assistance shall become effective until:

1. The responsible agency official has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means;
2. There has been an express finding on the record, after opportunity for hearing, of a failure by the applicant or recipient to comply with a requirement imposed by or pursuant to this part;
3. The action has been approved by the Chairman of the Water Resources Council pursuant to §705.10(e); and
4. The expiration of 30 days after the responsible agency official has filed with the committee of the House and the committee of the Senate having legislative jurisdiction over the program involved, a full written report of the circumstances and the grounds for such action. Any action to suspend or terminate or to refuse to grant or to continue Federal financial assistance shall be limited to the particular political entity, or part thereof, or other applicant or recipient as to whom such a finding has been made and shall be limited in its effect to the particular program, or part thereof, in which such noncompliance has been so found.

(d) Other means authorized by law. No action to effect compliance with Title VI of the Act by any other means authorized by law shall be taken until:

1. The responsible agency official has determined that compliance cannot be secured by voluntary means;
2. The recipient or other person has been notified or its failure to comply and of the action to be taken to effect compliance; and
3. The expiration of at least 10 days from the mailing of such notice to the recipient or other person. During this period of at least 10 days, additional efforts shall be made to persuade the recipient or other person to comply with the regulation and to take such corrective action as may be appropriate.

§ 705.9 Hearings.

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by §705.8(c), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected applicant or recipient. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either (1) fix a date not less...
than 20 days after the date of such notice within which the applicant or recipient may request of the responsible agency official that the matter be scheduled for hearing or (2) advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. An applicant or recipient may waive a hearing and submit written information and argument for the record. The failure of an applicant or recipient to request a hearing under this paragraph or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under section 602 of the Act and §705.8(c) and consent to the making of a decision on the basis of such information as is available.

(b) Time and place of hearing. Hearings shall be held at the offices of the Water Resources Council in Washington, DC, at a time fixed by the responsible agency official unless it determines that the convenience of the applicant or recipient or of the Council requires that another place be selected. Hearings shall be held before the responsible agency official or at its discretion, before a hearing examiner appointed in accordance with section 3105 of Title 5, U.S.C., or detailed under section 3344 of Title 5, U.S.C.

(c) Right to counsel. In all proceedings under this section, the applicant or recipient and the Water Resources Council shall have the right to be represented by counsel.

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted in conformity with the Administrative Procedure Act (5 U.S.C. 554-557) and with such other regulations that may be necessary or appropriate for the conduct of hearings pursuant to this part.

(2) Technical rules of evidence do not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(e) Consolidated or joint hearings. In cases in which the same or related facts are asserted to constitute non-compliance with this part with respect to two or more programs to which this part applies, or noncompliance with this part and the regulations of one or more other Federal departments or agencies issued under Title VI of the Act, the responsible agency official may, by agreement with such other departments or agencies, where applicable, provide for the conduct of consolidated or joint hearings, and for the application to such hearings of rules or procedures not inconsistent with this part. Final decisions in such cases, insofar as this regulation is concerned, shall be made in accordance with §705.10.

§ 705.10  Decisions and notices.

(a) Procedure on decisions by hearing examiner. If the hearing is held by a hearing examiner, the hearing examiner shall either make an initial decision, if so authorized, or certify the entire record including his recommended findings and proposed decision to the responsible agency official for a final decision, and a copy of such initial decision or certification shall be mailed to the applicant or recipient. Where the initial decision is made by the hearing examiner, the applicant or recipient may, within 30 days after the mailing of such notice of initial decision, file with the responsible agency official his exceptions to the initial decision, with his reasons therefor. In the absence of exceptions, the responsible agency official may, on his own motion, within 45 days after the initial
decision, serve on the applicant or recipient a notice that he will review the decision. Upon the filing of such exceptions or of notice of review, the responsible agency official shall review the initial decision and issue his own decision thereon including the reasons thereof. In the absence of either exceptions or a notice or review the initial decision shall, subject to paragraph (e) constitute the final decision of the responsible agency official.

(b) Decisions on record or review by the responsible agency official. Whenever a record is certified to the responsible agency official for decision or its review the decision of a hearing examiner pursuant to paragraph (a) of this section or whenever the responsible agency official conducts the hearing, the applicant or recipient shall be given reasonable opportunity to file with it briefs or other written statements of its contentions and a written copy of the final decision of the responsible agency official shall be sent to the applicant or recipient and to the complainant, if any.

(c) Decisions on record where a hearing is waived. Whenever a hearing is waived pursuant to §705.9, a decision shall be made by the responsible agency official on the record and a written copy of such decision shall be sent to the applicant or recipient, and to the complainant, if any.

(d) Rulings required. Each decision of a hearing examiner or the responsible agency official shall set forth his or its ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or pursuant to this part with which it is found that the applicant or recipient has failed to comply.

(e) Approval by the Chairman. Any final decision by the responsible agency official provides for the suspension or termination of, or refusal to grant or continue Federal financial assistance, in whole or in part, under the program involved, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no Federal financial assistance will thereafter be extended under such programs to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this part, or to have otherwise failed to comply with this part, unless and until it corrects its noncompliance and satisfies the responsible agency official that it will fully comply with this part.

(g) Post termination proceedings. (1) An applicant or recipient adversely affected by an order issued under paragraph (f) shall be restored to full eligibility to receive Federal financial assistance if it satisfies the terms and conditions of that order for such eligibility or if it brings itself into compliance with this part and provides reasonable assurance that it will fully comply with this part.

(2) Any applicant or recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request the responsible agency official to restore fully its eligibility to receive Federal financial assistance. Any such request shall be supported by information showing that the applicant or recipient has met the requirements of paragraph (g)(1) of this section. If the responsible agency official determines that those requirements have been satisfied, he shall restore such eligibility.

(3) If the responsible agency official denies any such request, the applicant or recipient may submit a request for a hearing in writing, specifying why it believes the responsible agency official to have been in error. It shall thereupon be given an expeditious hearing, with a decision on the record. The applicant or recipient will be restored to such eligibility if it proves at such a hearing that it satisfied the requirements of paragraph (g)(1). While proceedings under this paragraph are pending, the sanctions imposed by the
§ 705.11 Judicial review.

Action taken pursuant to section 602 of the Act is subject to judicial review as provided in section 603 of the Act.

§ 705.12 Effect on other regulations.

(a) Nothing in this part shall be deemed to supersede any other order, regulation, or instruction which prohibits discrimination on the grounds of race, color, or national origin in any program or situation to which this part is inapplicable, or prohibit discrimination on any other ground.

(b) *Forms and instructions.* The responsible agency official shall issue and promptly make available to all interested persons forms and detailed instructions and procedures for effectuating this part as applied to programs to which this part applies and for which he is responsible.

(c) *Supervision and coordination.* The responsible agency official may from time to time assign to officials of other departments or agencies of the Government with the consent of such departments or agencies, responsibilities in connection with the effectuation of the purposes of Title VI of the Act and this part (other than responsibility for final decision as provided in § 705.10), including the achievement of effective coordination and maximum uniformity within the Water Resources Council and within the Executive Branch of the Government in the application of Title VI and this part to similar programs and in similar situations. Any action, taken, determination made, or requirements imposed by an official of another department or agency acting pursuant to an assignment of responsibility under this paragraph shall have the same effect as though such action had been taken by the responsible agency official.

To accord with these concepts, this part sets forth the Council’s regulations prescribing standards of conduct and responsibilities and governing statements of employment and financial interests for employees and special Government employees.

§ 706.102 Definitions.

(2) Conducts operations or activities that are regulated by the Council; or
(3) Has interests that may be substantially affected by the performance or nonperformance of his official duty.
(b) The restrictions set forth in paragraph (a) of this section do not apply to:

(e) Neither this section nor §706.203 precludes an employee from receipt of bona fide reimbursement, unless prohibited by law, for expenses of travel and such other necessary subsistence as is compatible with this part for which no Government payment or reimbursement is made. However, this paragraph does not allow an employee to be reimbursed, or payment to be made on his behalf, for excessive personal living expenses, gifts, entertainment, or other personal benefits, nor does it allow an employee to be reimbursed by a person for travel on official business under Council orders when reimbursement is proscribed by Decision B–126527 of the Comptroller General dated March 7, 1967.

(c) An employee shall not receive any salary or anything of monetary value from a private source as compensation for his services to the Government.

(d) An employee shall not engage in outside work or activity which may be construed by the public to be official acts of the Council, or of a nature closely paralleling the work of the Council.

(e) An employee who engages in any kind of outside paid employment on a substantially regular basis shall submit to his immediate supervisor a memorandum describing the employment and stating approximately how many hours per week he is so employed. § 706.205 Misuse of information.

§ 706.206 Support of Council programs.

For the purposes of this paragraph “consultant” and “expert” have the meanings given those terms by Chapter 304 of the Federal Personnel Manual.

Subpart A—General

§ 707.1 Background.

(a) The National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 et seq.) establishes national policies and goals for the protection and enhancement of the environment. Section 102(2) of NEPA contains certain policy statements and procedural requirements directed toward the attainment of such goals. In particular, all Federal agencies are required to give appropriate consideration to the environmental effects of their proposed actions in their decisionmaking and to prepare detailed environmental statements on recommendations or reports on proposals for legislation and other major Federal actions significantly affecting the quality of the human environment.

(b) Executive Order 11991 of May 24, 1977, amended E.O. 11514 and directed the Council on Environmental Quality (CEQ) to issue regulations to implement the procedural provisions of NEPA. Accordingly, CEQ issued final NEPA regulations (40 CFR Parts 1500–1508) on November 29, 1978, which are binding on all Federal agencies as of July 30, 1979. Section 1507.3(a) of CEQ regulations provides that each Federal agency shall as necessary adopt implementing procedures to supplement the regulations. Section 1507.3(b) of the CEQ NEPA regulations identifies those sections of the regulations which must be addressed in agency procedures.

§ 707.2 Purpose.

The purpose of this NEPA rule is to establish Water Resources Council (WRC) policy and procedures which supplement the CEQ NEPA regulations by making them more specifically applicable to our activities and which implement §1507.3 (a) and (b) of the CEQ NEPA regulations. This rule will be revised to incorporate detailed procedures integrating NEPA and the Principles and Standards (P&S) and applicable parts of the procedures for Federal participants in the preparation of comprehensive regional or river basin plans when these procedures are developed. This NEPA rule must be used in conjunction with the CEQ NEPA regulations. Compliance with both the CEQ NEPA regulations and this NEPA rule is required. Information in the CEQ NEPA regulations generally is not repeated here to avoid needless duplication. This NEPA rule supersedes WRC Policy Statement No. 2—Environmental Statements-Framework Studies and Assessments and Regional or River Basin Plans.

§ 707.3 Applicability.

This NEPA rule applies to the WRC as an independent executive agency and to Title II river basin commissions (RBC’s) and other entities (such as interagency committees) preparing studies and plans for WRC review and transmittal to the President. Although Title III State planning grants do not normally require environmental assessments or statements (§707.8 (a)(3)), the WRC will encourage States receiving grants to give appropriate consideration to the environmental effects of their proposed actions and to incorporate suitable environmental conditions, to the extent permitted by State law. The preamble to the WRC Title III guidelines will reflect this policy.

§ 707.4 Definitions.

(a) Responsible Federal Official (RFO). The “Responsible Federal Official (RFO)” is the official of the Federal Government designated by this rule...
who shall be responsible for the implementation of NEPA, including regulations issued by the CEQ (40 CFR Parts 1500 through 1508) and the rule. Of particular importance, the RFO determines the need for an Environmental Assessment or Environmental Impact Statement (EIS) in accordance with §707.8 (a)(2) and (b), and if an EIS is required, files the draft and final EIS, makes the Record of Decision and assures appropriate public involvement in accordance with 40 CFR 1506.6. The Chairman of the RBC's are the RFO's for the purpose of ensuring compliance with the provisions of NEPA and the P&S for those activities which are funded in whole or in part through the WRC and carried out by the RBC's, such as framework studies, special studies, comprehensive coordinated joint plans, regional or river basin (Level B) plans and revisions thereof. The Chairman of the WRC, or his designee, is the RFO for complying with the requirements of NEPA and the P&S for those framework studies, regional or river basin plans, comprehensive coordinated joint plans, and special studies which are funded by the WRC and carried out by WRC interagency committees and WRC coordinating committees; principles, standards and procedures for planning water and related land resources; rules and regulations of the WRC, and other activities of the WRC.

(b) Major Federal Action. “Major Federal action” as defined in the CEQ NEPA regulations (40 CFR 1508.18) includes actions with effects that may be major and which are potentially subject to Federal control and responsibility. Such actions include WRC interagency committee, and WRC coordinating committee adoption, approval or submittal of plans for water and related land resources. For the purpose of this rule, RBC adoption, approval or submittal of a plan for water and related land resources is considered a major Federal action by virtue of the scope and significant environmental consequences of such actions, the participation of Federal officials in these RBC actions, and the WRC requirements for Federal agency consistency with approved regional water resource management plans (WRC Policy Statement No. 4—The Utilization of Comprehensive Regional Water Resource Management Plans).

§707.5 Policy.

(a) General. The WRC and the RBC's administer certain programs that must comply with both NEPA and the P&S. Generally, the environmental analysis done during the development of the Environmental Quality (EQ) account under the P&S partially overlaps the analysis required in an EIS, presenting an opportunity for integration. The requirements of NEPA and the P&S will be carried out by integrating the two processes to the fullest extent practicable and by combining to the fullest extent practicable the Environmental Assessment or, when required, Environmental Impact Statement, with each study or plan into a single document that will comply fully with the requirements of both processes, as provided by the CEQ NEPA regulations (40 CFR 1502.10 and 1506.4).

(b) Public participation. For each environmental assessment and impact statement, the appropriate RFO will establish a specific program and schedule for public participation of all interested parties in the NEPA process, and shall otherwise provide for public involvement in accordance with the CEQ NEPA regulations (40 CFR 1506.6).

(c) Environmental Impact Statements. Environmental Impact Statements (EIS's) as required under Section 102(2)(C) of NEPA will be prepared by river basin commissions, interagency committee, or WRC coordinating committees for comprehensive coordinated joint plans and regional or river basin (Level B) plans, or revisions thereof. The Environmental Impact Statement will be prepared concurrently with the preparation of the study or plan. The statement will reflect the level of planning involved and will address those environmental considerations and alternatives relevant to decisionmaking at that level (see §707.9 Tiering). Review and comment on the draft study or plan and the incorporated draft environmental impact statement will be performed simultaneously, and the final combined report will incorporate and discuss the comments received on the draft.
Subpart B—Water Resources Council Implementing Procedures

§ 707.6 Early involvement in private, State, local, and other non-Federal activities requiring Federal action.

(a) Section 1501.2(d) of the CEQ NEPA regulations requires Federal agencies to provide for early involvement in activities which, while planned by private or other non-Federal entities, requires some subsequent form of Federal approval or action to which NEPA applies. Such activities for which early involvement is appropriate include those private, local, State, or regional water and related land resources plans, projects or programs which should be included in a regional water resources management plan or Level B plan, since the plans normally required an EIS or assessment as provided in §707.8(a) of this NEPA rule.

(b) To facilitate the implementation of 40 CFR 1501.2(d), the appropriate RFO shall publish and distribute in the region or basin in which a comprehensive or Level B study is conducted, guidelines for non-Federal entities of the types of plans, projects, and programs which shall be included in such comprehensive or Level B plan. The RFO shall advise non-Federal entities on the scope and level of environmental information and analysis needed for environmental documents.

§ 707.7 Ensuring that environmental documents are actually considered in agency decisionmaking.

(a) Section 1505.1 of the NEPA regulations contains requirements to ensure adequate consideration of the environmental documents in agency decisionmaking. To implement these requirements, the RFO shall:

(1) Consider relevant environmental documents in evaluating actions proposed in plans and studies.

(2) Make relevant environmental documents, comments, and responses part of the record in any formal rulemaking or adjudicatory proceedings.

(3) Ensure that relevant environmental documents, comments and responses accompany the proposed actions through existing review processes.

(4) Consider only those alternatives encompassed by the range of alternatives discussed in the relevant environmental documents when evaluating proposals for agency action.

(5) Where an EIS has been prepared, consider the specific alternatives analyzed in the EIS when evaluating the proposal which is the subject of the EIS.

(b) The NEPA process begins at the earliest possible stage of the planning process and is completed when the RFO makes a finding of significant impact or a record of decision. In cases where the Chairman of a River Basin Commission, or regional Federal official has been designated as the RFO, and a plan or report is submitted to WRC for review and comment after completion of the NEPA process, the environmental documents incorporated into such plans or reports, or submitted with them, shall be fully considered by WRC when it prepares its views, comments, and recommendations for transmittal to the President and Congress. The RFO shall include the Findings of No Significant Impact, or the Record of Decision, with the documents submitted to WRC for review.

§ 707.8 Typical classes of action requiring similar treatment under NEPA.

(a) Section 1507.3(b)(2) of the CEQ NEPA regulations in conjunction with §1508.4 requires agencies to establish three typical classes of action for similar treatment under NEPA. These typical classes of actions are set forth below:

(1) Actions normally requiring EIS’s:

(i) Adoption, approval or submittal of regional water resources management plans (comprehensive, coordinated, joint plans or elements thereof).

(ii) Adoption, approval or submittal of Level B plans.

(2) Actions normally requiring assessments but not necessarily EIS’s:

(i) Establishment and implementing guidance (including significant changes) in principles, standards, and procedures for planning water and related land resources.

(ii) Adoption, approval or submittal of framework studies and special studies which include recommendations for future actions.
§ 708.1 Definitions.

As used in the part, the term:

(b) Commission means the Upper Mississippi River Basin Commission, with headquarters at Fort Snelling, Twin Cities, Minnesota.

(c) Master Plan means the Upper Mississippi River System Comprehensive Master Management Plan mandated by Title I of the Act.
§ 708.2 Scope.

(a) This part describes minimum guidelines for public participation in the development, revision, and implementation of the Master Plan specified in the Act.

(b) This part applies to the following organizations with references to the activities described in §708.2(a):

(1) The Commission, including its staff and persons, organizations, and agencies under contract to it for work within the scope of the Master Plan.

(2) Such Federal departments and agencies as are directed under section 101(3) of the Act to conduct studies pursuant to the Master Plan, for any work carried out for purposes of developing, revising, and implementing the Master Plan.

(3) Such departments and agencies of any state or local government as are authorized and/or directed to carry out studies and analyses under direction or advice of the Commission as stipulated in section 101 of the Act.

(c) The guidelines referred to in this part shall be considered general requirements applicable to all studies, procedures, programs, regulations, or other administrative devices carried out under §708.2(b), but only for those Master Plan Activities under authority of the Act.

§ 708.3 Policy, objectives, and standards.

(a) Policy. (1) Congress has directed the Commission to prepare a comprehensive Master Plan for management of the System in cooperation with appropriate Federal, state, and local officials. In developing the plan, the Commission is required to identify various economic, recreational, and environmental objectives of the System, recommend guidelines to achieve such objectives, and propose methods to assure compliance with such guidelines and coordination of future management decisions affecting the System, and include with the proposed plan any legislative proposals which may be necessary to carry out such recommendations and achieve such objectives.

(2) The Commission is required to provide for public participation in the development, revision, and implementation of the Master Plan and to encourage and assist such participation. In doing this, the Commission seeks to foster a spirit of openness and a sense of mutual trust between the public and the planners. Public participation is expected to result in greater responsiveness of the Master Plan to public concerns and priorities, as well as improved popular understanding of official studies, planning processes, and decisions.

(3) In order for public participation to be effective, it must be timely and integrated into the planning process. The Commission shall seek public participation prior to any decision-making on the Master Plan or any of its components. Such public participation will ordinarily include informational output about the plan, public response and input, two-way discussions or exchange, and Commission consideration of public expressions.

(4) Neither the Master Plan as a whole nor any component of it shall be formulated without incorporation of a program of public participation involving fair representation of all segments of the public. The public participation...
section of the Master Plan—Plan of Study shall be developed consistent with the guidelines described in this part.

(5) Public participation processes utilized by the Commission in developing the Master Plan shall aim for the highest achievable standards of objectivity and thoroughness consistent with other requirements of the Act and the intent, concepts, ideas, and basic tenets of the Principles and Standards for Planning Water and Related Land Resources published by the Water Resources Council in the Federal Register, Volume 38, Number 174, part III, September 10, 1973 and any forthcoming revisions. Public participation programs shall include monitoring procedures to maintain an acceptable degree of responsiveness and accountability.

(b) Objectives. Objectives of the public participation program developed by the Commission as part of the Master Plan are:

(1) To develop awareness of public preferences by those responsible for preparation and approval of the Master Plan;
(2) To anticipate and help resolve conflicts arising during the study;
(3) To improve information transfer and public awareness of the study;
(4) To provide for periodic reviews in the development of the Master Plan as well as the final review required by the Act, and
(5) To provide for evaluation of public participation in the planning process.

(c) Standards. The Commission in meeting the above objectives recognizes that:

(1) Inputs from the public are important for development of the Master Plan;
(2) Participants are to include individual citizens as well as organizations;
(3) The public participation program is to assume the existence of numerous publics and their interests—identified and delineated according to a number of socioeconomic, demographic, geographic, person, and ideological variables;
(4) The public participation process must be continuous: it is to be provided for, encouraged, and assisted throughout the planning process;
(5) The public participation process is to have as a product measurable sets of opinion and other manifestations of the public will in regard to details of the Master Plan;
(6) Inputs from the public into the Master Plan through avenues other than the Commission public participation program should be facilitated; and
(7) Desires expressed by the public are likely to be conflicting and therefore, public participation cannot be substituted for the decision-making responsibility.

§ 708.4 Required programs and reports.

(a) The Commission shall prepare a work plan for public participation as part of the Master Plan—Plan of Study. The work plan shall satisfy minimum standards described in this part. The work plan shall describe all substantive administrative and management arrangements to elicit public participation, shall delineate Commission member and staff responsibilities, and shall identify budgetary provisions.

(b) In addition to public meetings and hearings, the public participation program shall include survey research, program evaluation, and information/education activities as described in § 708.5.

(c) The Commission shall recommend long-term public participation activities and programs related to implementation of the Master Plan. These recommendations shall be based on evaluation of procedures and results mandated in this part and carried out during the Master Plan preparation.

(d) The Commission shall issue reports describing the participation program as developed or implemented during the designated reporting period. Each such report shall include as a minimum a brief description of the main participation elicited, the costs of the effort, and the use that was made of the elicited information in the planning process. The reporting periods shall be arranged so as to correspond generally with the main sequential segments of the overall planning process.
§ 708.5 Program objectives implementation.

(a) The continuing public participation program shall contain mechanisms or activities for each objective listed in §708.3(b). The listing of specific measures in this section shall not preclude additional techniques for obtaining, encouraging, or assisting public participation. Special efforts shall be made to simplify the planning process and products for public and media use. Variances may occur in the use of any given program element, according to the nature of the effectiveness issues, the budgetary resources accorded the participation process, and the effectiveness of the participation actually elicited and measured in the field.

(b) To obtain data in regard to plan-relevant public opinion, methods, shall include but not be limited to survey research.

(1) The survey research process shall be developed and utilized in connection with the Master Plan as a whole and its components. Whereas public meetings are organized to elicit unstructured participation and opinion changes, surveys shall be targeted on carefully selected samples of functionally defined publics located throughout the System.

(2) The Commission shall evaluate the effectiveness of the information/education program on the part of the surveyed publics. This is necessary for continued and sustained participation in the decision-making steps of the planning process.

(3) If a gap is found between the desired and actual effectiveness, the Commission shall develop and implement a short-term narrow-focus information and education program targeted at the specific problem areas in question.

(4) On completion of the short-term information/education program, re-surveys shall be made among the affected publics. The results shall constitute a measure of the effectiveness of the short-term information/education program.

(c) To improve information transfer and public awareness of the study, two levels of information and education activities shall be pursued. The first shall have the general public as its target audience and shall emphasize methods that foster general awareness and understanding of plan issues and the nature of the ongoing planning process. The second level of information and education activities shall focus on public interest groups, agency representatives, and elected officials and shall emphasize the creation of plan component data and information in a form that can be utilized by these groups in the plan decision-making process. The information presented shall be broadly representative of the relevant perspectives and issues.

(d) Throughout the period of study and the succeeding period of implementation of the Master Plan, the Commission shall provide a centralized capability for acting as an information/education center. The Commission shall provide a central source of media-directed information about the Master Plan, its components, future expected planning needs in the System, current program-related activities, and other relevant subject areas. Special efforts shall be made to summarize complex technical materials for public and media use. The Commission shall have standing arrangements for early consultation and exchange of views with interested or affected persons and organizations on development or revisions of plans, programs, or other significant actions prior to decision-making. Survey research methods and other procedures will be used to determine the content and emphasis of information and education activities and products.

(e) The Commission shall provide for periodic reviews of the development of the Master Plan as well as the final review required by the Act. Activities to accomplish this shall include:

(1) Public meetings.

(i) Public meetings shall be organized at locations in parts of the System most significantly affected by the possible outcomes. These open meetings shall be timed to coincide with sequential elements of the planning process.

(ii) The meetings shall provide citizens and representatives of interested organizations an opportunity to utilize an informally-structured format to air their suggestions and grievances in regard to the subject matter of the Master Plan.
(iii) When the Commission deems a formal public hearing is necessary, it may coincide with the public meeting. When this is the case, a clear distinction shall be made between the formal and open segments of the meeting/hearing.

(iv) Documents and data pertaining to the agenda for each public meeting shall be made available to the public for a reasonable time prior to the public meeting, at a location convenient to the expected participants. In addition, the Commission shall prepare outlines of major issues including brief descriptions of the issues, alternatives, and sources of additional information.

(2) Public hearings. (i) The Commission is required to publish a preliminary plan not later than January 1, 1981 and to hold public hearings in each state which would be affected by the plan. The Commission is required to review all comments presented at such hearings or submitted in writing to the Commission, and, after making any revisions in the plan it decides are necessary, to submit to Congress a final Master Plan not later than January 1, 1982.

(ii) The public hearings on the preliminary plan and any other public hearings deemed necessary by the Commission are to be consistent with the provisions of sec. 205 of Pub. L. 89–80 in conformity with this part. If conflict exists between the minimum guidelines of this part and requirements of state or Federal law or other regulations pertaining to a particular hearing, the more stringent requirements shall be observed.

(iii) In addition to any other formal legal requirements, the public hearings are to be well publicized and notices of each hearing will be mailed to interested or affected persons at least 30 calendar days before the hearings.

(iv) In determining locations and times for hearings, consideration will be given to travel and to facilitating attendance and testimony by a cross-section of interested or affected persons and organizations. Accessibility of hearing sites by public transportation will be considered.

(v) The preliminary plan and any supporting reports, documents, and data to be discussed at the public hearings are to be made available to the public at least 30 days prior to the public hearings. Information concerning availability of the preliminary plan, reports, documents, and data will be provided in public hearing notices.

(vi) The elements of the public hearings, proposed time schedules, and any constraints on statements shall be specified in public hearing notices.

(vii) Testimony of witnesses at public hearings shall be scheduled in advance when necessary to ensure maximum participation and allotment of adequate time for testimony, provided that such scheduling is not used as a bar to unscheduled testimony. Blocks of time shall be considered for major categories of witnesses.

(viii) Public hearing procedures shall not inhibit free expression of views by requirements of more than one legible copy of any statement submitted, or for qualifications of witnesses beyond that needed for identification.

(ix) A record of public hearing proceedings shall be made promptly available to the public at cost. The Commission shall invite, receive, and consider comments in writing from any interested or affected persons and organizations. All such comments shall be part of the public record.

(f) To provide mechanisms for evaluation of public participations in the Master Plan:

(1) The Commission shall conduct periodic evaluations of the public participation program. The purpose of this evaluation is to determine the following:

(i) The extent of actual participation elicited from each of the process phases—public meetings, public hearings, survey research, direct input from organizations, and other sources.

(ii) The degree to which participation elicited from each process phase was actually utilized in the planning process.

(iii) Regional/local differences in effectiveness of public participation methods and procedures.

(iv) The need to modify the public participation process during the Master Plan.

(2) Public participation evaluations shall be incorporated into the Master Plan. Recommendations resulting from
this overall evaluation shall be utilized to draft new guidelines and plans of study for public participation programs to be implemented after the Master Plan has been adopted.

PART 725—IMPLEMENTATION OF EXECUTIVE ORDERS 11988, FLOODPLAIN MANAGEMENT AND 11990, PROTECTION OF WETLANDS

Subpart A—Introduction

§ 725.0 Purpose.
This rule establishes the procedures to be followed by the U.S. Water Resources Council for applying Executive Order 11988, Floodplain Management, and Executive Order 11990, Wetlands Protection, to the water resources planning assistance activities that it performs.

§ 725.1 Authority.
This rule is being promulgated pursuant to the Water Resources Planning Act of 1965, section 402, Pub. L. 89–90, 79 Stat. 245 (42 U.S.C. 1962d–1). In addition, Executive Order 11988, Floodplain Management, at section 2(d); directs the preparation of procedures implementing its provisions, as does Executive Order 11990, Protection of Wetlands, at section 6. Each of these Orders was prepared in furtherance of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 et seq.). The floodplain management Order is also based on the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4001 et seq.), and the Flood Disaster Protection Act of 1977, as amended (87 Stat. 975).

§ 725.2 Policy.
It is the policy of the Council to provide leadership in floodplain management and the protection of wetlands. Further, the Council shall integrate the goals of the Orders to the greatest possible degree into its procedures for implementing the National Environmental Policy Act. The Council shall take action to:

(a) Avoid long- and short-term adverse impacts associated with the occupancy and modification of floodplains and the destruction or modification of wetlands;

(b) Avoid direct and indirect support of floodplain development and new construction in wetlands wherever there is a practicable alternative;

(c) Reduce the risk of flood loss;

(d) Promote the use of nonstructural loss reduction methods to reduce the risk of flood loss;

(e) Minimize the impact of floods on human health, safety and welfare;

(f) Minimize the destruction, loss or degradation of wetlands;

(g) Restore and preserve the natural and beneficial values served by floodplains;

(h) Preserve and enhance the natural and beneficial values served by wetlands;

(i) Involve the public throughout the floodplain management and wetlands protection decisionmaking process;

(j) Adhere to the objectives of the Unified National Program for Floodplain Management;

(k) Continually analyze existing and new policies of the Council to ensure consistency between them and the provisions of E.O. 11988 and 11990; and

(l) Improve and coordinate the Council’s plans, programs, functions and resources so that the Nation may attain...
the widest range of beneficial uses of the environment without degradation or risk to health and safety.

§ 725.3 Applicability.

These regulations apply to all Council actions which have the potential to affect floodplains or wetlands or which would be subject to potential harm if they were located in floodplains or wetlands. The basic test of the potential of an action to affect floodplains or wetlands is the action’s potential to result in the long- or short-term adverse impacts associated with:

(a) The occupancy or modification of floodplains, or the direct and indirect support of floodplain development; or

(b) The destruction or modification of wetlands or the direct or indirect support of new construction in wetlands.

These procedures apply to Level A and B regional or river basin planning activities carried out by regional planning sponsors including consideration of inclusion of site specific projects in Level A or B regional or river basin plans. These procedures do not apply to site specific Level C planning carried out by individual Federal agencies. Each Federal agency shall use its own procedures promulgated pursuant to these Orders for such Level C planning.

§ 725.4 Definitions.

The following definitions shall apply throughout this regulation:

(a) All definitions from section 6 of E.O. 11988 (42 FR 26951); all definitions from section 7 of E.O. 11990 (42 FR 26951); and all definitions listed in the Glossary of the Council’s Floodplain Management Guidelines for Implementing E.O. 11988 (43 FR 6030) from the term base flood through the term structures.

(b) Action means all Council activities including but not limited to planning, study preparation, preparation and modifications to the Council’s Principles, Standards and Procedures (P,S,&P), provision of financial assistance for State, regional, and river basin planning and reviews of compliance.

(c) Council means the U.S. Water Resources Council.

(d) Enhance means to increase, heighten, or improve the natural and beneficial values associated with wetlands.

(e) Regional planning sponsors means Federal agencies, states, groups of States, river basin commissions, interstate compact commissions and inter-agency committees.

Subpart B—Responsibilities

L. 89–80 and any recommendations based on these activities shall include specific analyses for reflection of and opportunities to meet the objectives of E.O. 11988 and E.O. 11990. The Council’s Floodplain Management Guidelines (43 FR 6030), E.O. 11988 and E.O. 11990 provide the basic evaluation tools for these analyses.

§ 725.6 Principles, standards and procedures.

The Principles, Standards and Procedures established by the Council pursuant to section 103 of Pub. L. 89–80 shall reflect the provisions of the Executive Orders. These Principles, Standards and Procedures are found in 18 CFR parts 710 through 717.

§ 725.7 Regional or river basin planning.

(a) In agreements between river basin commissions or other regional planning sponsors and the Council for the preparation and revision of regional and river basin Level B Studies and regional water resource management plans, the responsible official representing the river basin commission or regional planning sponsor shall certify to the Council that the following criteria have been or will be utilized as part of the planning process:

(1) Determination of whether proposed activities would be located in floodplains or wetlands, or, even if located outside of them, would have the potential to affect floodplains or wetlands;

(2) Avoidance of performing activities within floodplains or wetlands wherever there is a practicable alternative.
§ 725.8 Report, plan and recommendation development and review.

All reports, plans and recommendations received under section 104 of Pub. L. 89–80 shall be reviewed by the Council for reflection of and opportunities to meet the objectives of E.O. 11988 and 11990. This review shall be based on the criteria in § 725.7(a)(1) through (5).

(c) The responsible official representing the regional planning sponsor shall, to the fullest extent of his or her authority, ensure that any activities carried out under his or her plans and programs meet the criteria in § 725.7(a)(1) through (5).

§ 725.9 Reviews of compliance.

Reviews of compliance performed pursuant to section 304 of Pub. L. 89–80 shall include analysis of each program’s treatment of floodplain management and wetland protection in accordance with the manner in which these concepts are expressed in E.O. 11988, 11990, and the Council’s Floodplain Management Guidelines (43 FR 6030).

(3) OMB Circular A–73 (34 CFR part 251), entitled “Audit of Federal Operations and Programs;”

(4) OMB Circular A–95, entitled “Evaluation, Review and Coordination of Federal and Federally assisted Programs and Projects;”

(5) Treasury Circular (TC) 1075, entitled “Regulations Governing Withdrawals of Cash from the Treasury for Advances under Federal Grants and other Programs;”

(6) TC 1082, entitled, “Notification to States of Grants-in-Aid Information”; and

(3) Where avoidance of floodplains cannot be achieved, minimization of adverse impacts and support of floodplain development, and preservation and restoration of natural and beneficial floodplain values; and

(4) Where avoidance of wetlands cannot be achieved, minimization of adverse impacts and support of new construction in wetlands, and preservation and enhancement of natural and beneficial wetlands values.

(c) Program funds must be obligated within the grant period unless the Council, based on written request, grants an exception or extension to this time limitation. The repeated occurrence of unobligated program funds at the end of the grant period will be considered in determining the need for assistance in subsequent years pursuant to §740.6(d)(5).

(d) The procurement standards, practices, rules and policies of the State as customarily applied, if in accordance with Attachment O of OMB Circular A–102, shall govern for procurement costs incurred in an approved program.

(1) Other Federal funds or property cannot be used for matching purposes unless specifically permitted by Federal law;

(2) Program funds shall not be used to match Federal funds under any other federally aided program;

(3) Non-Federal funds used to match other federally aided programs shall not be used to match funds provided under the Act; and

(4) Federal funds provided through this program, if duly matched through the requirements of this part, may be used as non-Federal contributions for Level B studies beginning in Fiscal Year 1981.

(f) Any cost incurred for water management planning may be employed for matching a grant awarded under the Act except as specified in this section. Such expenditures must be reasonable, documentable, and directly applicable to the approved program.

(g) Program funds may not be used for:

(1) Items whose costs are not allowable under the provision of FMC 74–4;

(2) Contributions, dues or assessments to support headquarters offices of interstate commissions, compacts,

(6) Purchase of equipment with a unit cost of less than $1,500 when the cumulative cost of such equipment in any one grant period exceeds 1 percent of the grant award, without prior approval of the Council.  

(h) Federal funds may not be used to substitute for State and local funds that would have been made available for water management planning programs in the absence of the grant funds provided under this part. Federal funds may be used to supplement and complement existing water management planning programs. It does not prevent drawing matching shares from individual programs or from existing agency appropriations, budgets, or resources so long as expenditures are not substituted by Federal funds for the purposes of the Act.  

(i) Payments shall be made in accordance with Attachment J of OMB Circular A–102 and TC 1075. Grant funds shall be requested only on an as needed basis.  

(j) Financial management procedures shall comply with Attachment G of OMB Circular A–102 and with TC 1075. The applicable Federal requirements shall apply to the State and to local governments or non-governmental entities that receive funds as a sub-grantee for the purposes of the Act.  

§ 740.8 Reporting.  

(a) The designated agency shall submit program status reports and financial statements in accordance with procedures established by the Council. (b) The annual program report shall be due 90 days after the end of the grant period, as specified in the grant agreement, and shall contain:  

(1) A summary description of the major accomplishments and results of the water management planning activities for the year, and an explanation of any work proposed in the work plan that has not been completed;

The Council and the Comptroller General of the United States shall have access to any books, documents, records or receipts which the Council determines are relevant or pertinent,
either directly or indirectly, to any financial assistance provided under this part. Such records shall be retained for a period of three years, which starts from the date of the submission of the annual financial status report for the grant period.

§ 740.10 Program review and assistance.

(iii) Gather information on practical or innovative techniques, methodologies, or other relevant information on the program.

(b) Based on the Council’s annual review of each State program, the following may occur:

(1) If the program conforms to the requirements of the Act, the State will be advised of its continued eligibility for a grant;

(2) If it appears that the program does not comply with the requirements of the Act in either design or administration, the Council shall ascertain all the relevant facts. The State shall be notified immediately of the apparent inadequacies of the program with citation of specific requirements of the Act, this part, or other relevant instructions which apparently have not been met. The State shall be given timely opportunity to be heard through the filing of written statements and personal presentations in support of their position. If the Council is satisfied that sufficient adjustments have been made in the design and operation of the program, payments to the State will be continued; and

(3) If the Council determines on the basis of all the facts that the program still does not meet the requirements of the Act, the Governor shall be notified of the decision and the reasons therefore, and that no further payments shall be made until the noted inadequacies are satisfactorily resolved.

§ 740.11 Federal/State coordination.

The Council will coordinate the program under this part with similar or related programs of other Federal agencies in an effort to achieve consistency and compatibility in the administration of Federal programs.

§ 740.12 Amendments.

The Council may amend all or portions of these guidelines in accordance with established procedures. If it does, it will:

(a) Consult with appropriate advisory groups;

(b) Publish such proposed rulemaking in the Federal Register; and

(c) Simultaneously provide a copy of such proposed changes to each designated agency.

§ 740.13 Supplemental instructions.

As deemed appropriate, the Council may amplify the guidelines in this part by means of supplemental instructions, and may clarify program or administrative requirements set forth in these guidelines by the means of policy bulletins.

§ 801.0 Introduction.

(a) The Governors of the States of New York, Pennsylvania, and Maryland, and a representative of the President of the United States are members of the Susquehanna River Basin Commission. The Commission is a regional governmental agency whose purpose is to effect comprehensive multiple purpose planning for the conservation, utilization, development, management, and control of the water and related natural resources of the basin, which includes part of New York, Pennsylvania, and Maryland.

(b) The Susquehanna River Basin Compact provides broad authority for the Commission to carry out basinwide planning programs and projects, and to take independent action as it determines essential to fulfill its statutory regional governmental role.

(c) The objectives of the Commission are to:

(1) Develop cooperative and coordinated Federal, State, local, and private water and related natural resources planning within the basin,

(2) Formulate, adopt, effectuate, and keep current a comprehensive plan and a water resources program for the immediate and long-range use and development of the water resources of the basin,

(3) Provide for orderly collection and evaluation of data, and for the continuing promotion and conduct of appropriate research relating to water resources problems,

(4) Establish priorities for planning, financing subject to applicable laws, development and use of projects and facilities essential to effectively meet identified water resource needs,

(5) And to maintain these resources in a viable state.

(d) The Commission shall employ a multiobjective approach recognizing national economy, regional development and environmental quality in planning for the use and development of the water resources of the basin.

(e) It is the purpose of this document to set forth the objectives of the Commission and to present certain basic policies that (1) have basinwide application, (2) are specifically pertinent to the formulation of a comprehensive plan, (3) will serve as guidelines for all agencies or individuals with planning responsibilities for the development and use of the water resources of the basin, (4) form the basis for working relationship between the Commission and other agencies having related responsibilities in the basin. This statement will be amended and updated from time to time.

§ 801.1 Standard definitions.

(a) Many terms that will be used in official Commission documents may have slightly different meanings to various groups. To avoid confusion and to increase the clarity of the meaning the Commission applies to frequently used terms standard definitions will be utilized.

(b) The Commission will use the standard definitions set forth for the terms shown in section 1.2 of the Compact, and will add terms and appropriate definitions as deemed necessary.

1Filed as part of FR Doc. 72–17234, Oct. 7, 1972.
§ 801.2 Coordination, cooperation, and intergovernmental relations.

(a) The interstate nature of the Susquehanna River Basin and the broad regional authority of the Commission require clear and effective working relationships with the States, Federal Government, and local and private sectors in all matters relating to the water resources of the basin.

(1) The Federal Government will be encouraged and asked to participate in water resources projects and programs having national or broad regional significance. The Commission will act to encourage local initiative to solve water resources problems within a local and regional context, but when faced with obviously needed action that is not forthcoming from other sources will act, in accordance with the Compact, on its own.

(2) The Compact provides authority for the Commission to serve in a regulatory capacity and also to act as a managing and operating agency. The Commission will exercise its regulatory authority mainly in interstate matters or where signatory authority is not being effectively exercised or where the signatory has little or no authority to act. Similarly, the Commission may manage and operate various facilities if it is determined that this is an area in which an important and necessary service can be rendered.

(3) Should it become necessary for the Commission to undertake development, management and operation of projects, arrangements for repayment of all project costs and eventual operation and maintenance costs will be appropriately prorated among the signatories or otherwise financed in accordance with the Compact.

(4) The Commission will utilize the functions, powers, and duties of the existing offices and agencies of government to the extent consistent with the Compact.

(b) The Commission shall exercise its regional jurisdiction in an effort to avoid and minimize conflicts and duplication of effort and shall:

(1) Cooperate with and help coordinate Federal, State, local government, and private sector efforts in all matters relating to the planning, conservation, preservation, use, development, management and control of the water resources of the basin.

(2) Develop administrative agreements, as needed, with appropriate agencies of the signatories and other agencies to facilitate achievement of the Commission’s objectives and related responsibilities of other agencies by minimizing duplication of effort and maximizing the contributions the respective agencies are best able to make.

(3) Build upon present water resources planning and related activities of the signatory parties, local government, other public bodies, and the private sector and fully consider their recommendations and suggestions.

(4) Establish advisory committees as needed for specific assignments and seek meaningful liaison with sources of technical and scientific expertise.

(5) Share with interested parties results of investigations, studies, tests, and research undertaken by the Commission in an appropriate manner and form.

(6) Conduct its regular meetings announced in advance and open to the public.

(7) Depend upon existing public and private agencies for the construction, operation, and maintenance of projects except when the project is necessary to further the comprehensive plan and the responsible agency does not act or when the Commission is asked to act by one or more signatories, one or more local governments, or other responsible entities.

(8) Require that the planning of projects affecting the water resources of the basin by Federal, State, local agencies and private organizations be
Susquehanna River Basin Commission

§ 801.3

undertaken in coordination with the Commission and in accordance with the Compact.

(9) Require that periodic reports of projects affecting water resources within the basin and listings of discharge permits granted, and similar activities undertaken by offices or agencies of the signatory parties, be submitted to the Commission.

§ 801.3 Allocations, diversions, withdrawals and release.

(a) The extremes in availability of water in the basin means that water will not always be available when and where it is needed. One of the responsibilities of the Commission is to act upon requests for allocations, withdrawals, or diversions of water for in-basin or out-of-basin use. Water emergencies may be expected to develop in portions of the basin due to drought conditions or other causes. The Commission will act promptly to effect alleviation of the condition to the extent possible.

(b) The Commission will require evidence that proposed interbasin transfers of water will not jeopardize, impair or limit the efficient development and management of the Susquehanna River Basin’s water resources, or any aspects of these resources for in-basin use, or have a significant unfavorable impact on the resources of the basin and the receiving waters of the Chesapeake Bay.

(c) The Commission may, in making decisions on allocations, diversions, withdrawals, and releases, consider the following principles among others:

(1) That allocations, diversions, or withdrawals of water be based on the common law principles of riparian rights which entitles landholders in any watershed to draw upon the natural stream flow in reasonable amounts and be entitled to the stream flow not unreasonably diminished in quality or quantity by upstream use or diversion of water; and on the maintenance of the historic seasonal variations of the flows into Chesapeake Bay.

(d) When the need arises for action on requests for allocations, diversions, or withdrawals of water from either surface or ground waters of the basin the Commission shall:

(1) Allocate waters of the basin to and among the signatory States to the Compact as the need appears, and impose related conditions, obligations, and release requirements.

(2) Determine if a proposed allocation, withdrawal or diversion is in conflict with or will significantly affect the comprehensive plan, and assure existing immediate and projected long term local and regional uses are protected.

(3) Impose conditions, obligations and release requirements for dams and/or diversion structures to protect prior local interests, downstream interests, and environmental quality.

(4) In the matter of drought, disasters or catastrophes, natural or man-made, which cause actual and immediate shortage of available and usable water supply, determine and delineate the area of shortage and by unanimous vote declare a state of water supply emergency therein, and impose direct controls on any and all allocations, diversions and uses of water to meet the emergency condition.

(5) In water emergencies coordinate the efforts of Federal, State, local, and other persons and entities in dealing with the emergency.

(6) Determine and delineate, after public hearing, areas within the basin wherein the demands upon supply made by water users have developed or threaten to develop to such a degree as to create a water shortage or impair or conflict with the comprehensive plan.

(7) When areas in need of protection from over-demand of safe yield of the supply have been delineated, declare such areas protected from further depletion, with the consent of the members or members from the affected State or States.

(8) Require that no person divert or withdraw from any protected area water for domestic, municipal, agricultural, or industrial uses in excess of such quantities as the Commission may prescribe by general regulation or pursuant to a permit granted herefore under the laws of any of the signatory States.
§ 801.4 Project review.

(a) The Compact provides generally that no project affecting the water resources of the basin shall be undertaken by any person, governmental authority, or other entity prior to approval by the Commission.

(b) In many instances, one or more of the signatory parties will exercise project review authority regarding proposed projects in the basin coming under the review of the Commission. Accordingly the Commission will direct its attention to reviewing the completeness and effectiveness of the review procedures of the signatories and will endeavor to minimize duplication of staff effort, and time and cost to the applicant.

(c) The Commission will establish exempt categories in accordance with the section 3.10–3 of the Compact, and for projects determined not to have a substantial effect on the water resources of the basin. In dealing with Federal or federally licensed projects, the Commission will take the provisions of reservations (r) and (w) of United States Pub. L. 91–575 (84 Stat. 1509) and provisions of the Compact into account.

(d) It is expected that project review procedures will be modified following adoption of the comprehensive plan. In the meantime the Commission will:

(1) Base its review and comments pertaining to proposed projects within the basin coming under the purview of the Commission, on review and comments of signatory parties. In general, the Commission review will seek to ascertain the completeness of procedures followed by the signatory parties in their review, and will refrain from specifically rechecking detailed evaluations. (Susquehanna River Basin Commission Resolution No. 72–5)

(2) Require as it determines necessary, submission of pertinent project plans and documents for its independent review and approval. The purpose of this review will be to ascertain whether all relevant provisions of the Compact and actions taken pursuant thereto have been observed:

(i) When the Commission has determined that a project may have significant effect on the water resources of the basin.

(ii) When a proposed project does not fall under the review jurisdiction of any agency of the signatory parties.

§ 801.5 Comprehensive plan.

(a) The Compact requires that the Commission formulate and adopt a comprehensive plan for the immediate and long-range development and use of the water resources of the basin.

(1) The plan will include existing and proposed public and private programs, projects, and facilities which are required, in the judgment of the Commission, to meet present and future water resources needs of the basin. Consideration shall be given to the effect of the plan, or any part of the plan, on the receiving waters of the Chesapeake Bay. The Commission shall consult with interested public bodies and public utilities and fully consider the findings and recommendations of the signatory parties, their various subdivisions and interested groups. Prior to adoption of the plan the Commission shall conduct at least one public hearing in each signatory State.

(2) The plan will reflect consideration of the multiobjectives of national economy, regional development and environmental quality; and multipurpose use of projects.

(3) Water quantity and water quality planning will be studied together and correlated to the extent feasible, with existing and proposed land uses. The development of a basinwide land use study to enable full consideration of basic and alternative proposals to meet water resources needs will be explored.

(4) An important phase of the plan formulation process is a thorough review and evaluation of the Susquehanna River Basin Coordinating Committee Study report, pertinent plans and reports of the signatories, including water quality standards and other data available. The findings and recommendations presented in the Susquehanna River Basin Coordinating Committee Study report will be considered for incorporation in the Commission’s plan to the extent they are feasible and compatible with the current and projected needs and interests.

(5) Essentially the comprehensive plan will reflect the findings of an analysis of a mix of alternative futures
§ 801.7 Water quality.

(a) The signatory States have the primary responsibility in the basin for water quality management and control. However, protection of the water resources of the basin from pollution, and actions by the signatory parties to achieve abatement and control of pollution are important to the Commission.

(b) The signatory parties have adopted water quality standards for the intra and interstate waters of the basin. Initially these standards will serve as the basis for the Commission’s water quality program in the comprehensive plan.

(c) The Commission’s role in water quality management and control essentially will be one of coordination to ensure water quality standards are adequate to protect broad public water resources interests, and that uniform policies and enforcement are affected by the signatories.

(d) The Commission shall:

(1) Encourage and coordinate efforts of the signatory parties to prevent, reduce, control, and eliminate water pollution and to maintain water quality in accordance with established standards.

(2) Promote government and private sector implementation of maximum
practical use of waste utilization and treatment technology.

(3) Promote and encourage State and local governments and industry to plan for regional waste water treatment and management.

(4) In cooperation with appropriate agencies of the signatory parties, make periodic inspections to ascertain the state of compliance with appropriate water quality standards, and as needed establish and operate water quality monitoring stations.

[38 FR 4662, Feb. 20, 1973, as amended at 38 FR 6386, Mar. 9, 1973]

§ 801.8 Flood plain management and protection.

(a) Periodic inundation of lands along waterways has not discouraged development of flood hazards areas. Major floods cause loss of life, extensive damages, and other conditions not in the public interest. A balanced flood plain management and protection program is needed to reduce the flood hazard to a minimum.

(b) The Commission may regulate the use of flood prone lands with approval of the appropriate signatory party, to safeguard public health, welfare, safety and property, and to sustain economic development.

(c) To foster sound flood plain controls, as an essential part of water resources management, the Commission shall:

(1) Encourage and coordinate the efforts of the signatory parties to control modification of the Susquehanna River and its tributaries by encroachment.

(2) Plan and promote implementation of projects and programs of a structural and nonstructural nature for the protection of flood plains subject to frequent flooding.

(3) Assist in the study and classification of flood prone lands to ascertain the relative risk of flooding, and establish standards for flood plain management.

(4) Promote the use of flood insurance by helping localities qualify for the national program.

(5) Assist in the development of a modern flood forecasting and warning system.

§ 801.9 Watershed management.

(a) The character, extent, and quality of water resources of a given watershed are strongly affected by the land use practices within that watershed. Accordingly the Commission will maintain close liaison with Federal, State, and local highway, mining, soil, forest, fish and wildlife, and recreation agencies and with government agencies dealing with urban and residential development programs.

(b) The Commission shall:

(1) Promote sound practices of watershed management including soil and water conservation measures, land restoration and rehabilitation, erosion control, forest management, improvement of fish and wildlife habitat, and land use in highway, urban, and residential development as related to water resources.

§ 801.10 Recreation.

(a) The use of surface water resources of the basin for recreation purposes is extensive. Swimming, fishing, boating, and other water oriented activities have regional and local economic benefit as well as recreational benefit.

(b) The Commission shall cooperate with public and private agencies in the planning and development of water-related recreation and fish and wildlife programs and projects within the basin and shall:

(1) Promote public access to and recreational use of existing and future public water areas.

(2) Promote recreational use of public water supply reservoirs and lakes where adequate treatment of water is provided, and/or where recreational uses are compatible with primary project purposes.

(3) Include recreation as a purpose where feasible, in multipurpose water use planning of reservoirs and other water bodies.

§ 801.11 Public values.

(a) The basin has many points of archeological and historic interest, and is well endowed with vistas of aesthetic significance.

(b) The Commission fully recognizes that the value of these areas cannot be measured simply in economic terms and will strive to preserve and promote
them for the enjoyment and enrichment of present and future generations.

(c) The Commission shall:
(1) Seek the advice and assistance of appropriate societies and governmental agencies in the identification of archaeological, historic, and scenic areas and unique lands in any planning or development affecting these attributes of the basin.

§ 801.12 Electric power generation.

(a) Significant uses are presently being made of the waters of the basin for the generation of electric power at hydro, pumped storage, and thermoelectric generating stations. Increased demands for electric power throughout the East Coast can be expected to result in proposals for the development of additional electric power generating stations located either in the basin or nearby its borders.

(b) There appears to be limited site potential in the basin for additional hydroelectric generation, and considerable potential for additional pumped storage and thermoelectric generation. The direct and indirect effects of existing and proposed electric generation projects will be considered by the Commission. Items of concern will include consumptive uses of water, alteration of natural stream regimen, effects on water quality, and on the other uses of the streams affected.

(c) The Commission, in cooperation with appropriate agencies of the signatory parties, and with other public and private agencies shall:

(1) Conduct a thorough review of applications to relicense existing electric power generating projects and facilities, and applications to amend existing licenses to determine if the proposal is in accord with the comprehensive plan.

(2) Require that the proposed siting and location in the basin of any type of electric generating facility or any facility located outside the basin having an effect on the waters of the basin, shall be planned in direct consultation with the Commission to enable advance consideration of the possible effects of such installation on the water resources of the basin.

§ 801.13 Proviso.

(a) This part is promulgated pursuant to sections 3.1, 3.5(1), and 15.2 of the Compact and shall be construed and applied subject to all of the terms and conditions of the Compact and of the provisions of Pub. L. 91–575, 84 Stat. 1509: Provided. Any provision in this statement of general policies that is inconsistent with the Compact itself shall be null and void.
§ 806.1 Scope.

(a) This part establishes the scope and procedures for review and approval of projects under Section 3.10 of the Susquehanna River Basin Compact, Public Law 91–575, 84 Stat. 1509 et seq., (the compact) and establishes special standards under Section 3.4(2) of the compact governing water withdrawals and the consumptive use of water. The special standards established pursuant to Section 3.4(2) shall be applicable to all water withdrawals and consumptive uses in accordance with the terms of those standards, irrespective of whether such withdrawals and uses are also subject to project review under Section 3.10. This part, and every other part of 18 CFR Chapter VIII, shall also be incorporated into and made a part of the comprehensive plan.

(b) When projects subject to Commission review and approval are sponsored by governmental authorities, the Commission shall submit recommendations and findings to the sponsoring agency, which shall be included in any report submitted by such agency to its respective legislative body or to any committee thereof in connection with any request for authorization or appropriation therefor. The Commission review will ascertain the project’s compatibility with the objectives, goals, guidelines and criteria set forth in the comprehensive plan. If determined compatible, the said project will also be incorporated into the comprehensive plan, if so required by the compact. For the purposes of avoiding conflicts of jurisdiction and of giving full effect to the Commission as a regional agency of the member jurisdictions, no expenditure or commitment shall be made by any governmental authority for or on account of the construction, acquisition or operation of any project or facility unless it first has been included by the Commission in the comprehensive plan.

(c) If any portion of this part, or any other part of 18 CFR Chapter VIII, shall, for any reason, be declared invalid by a court of competent jurisdiction, all remaining provisions shall remain in full force and effect.

(d) Except as otherwise stated in this part, this part shall be effective on January 1, 2007.

(e) When any period of time is referred to in this part, such period in all cases shall be so computed as to exclude the first and include the last day of such period. Whenever the last day of any such period shall fall on Saturday or Sunday, or on any day made a legal holiday by the law of the United States, such day shall be omitted from the computation.

(f) Any Commission forms or documents referenced in this part may be obtained from the Commission at 1721 North Front Street, Harrisburg, PA 17102–2391, or from the Commission’s Web site at http://www.srbc.net.

§ 806.2 Purposes.

(a) The general purposes of this part are to advance the purposes of the compact and include, but are not limited to:

1. The promotion of interstate comity;
2. The conservation, utilization, development, management and control of water resources under comprehensive, multiple purpose planning; and
3. The direction, supervision and coordination of water resources efforts and programs of federal, state and local governments and of private enterprise.

(b) In addition, §§ 806.22, 806.23 and 806.24 of this part contain the following specific purposes: Protection of public health, safety and welfare; stream quality control; economic development; protection of fisheries and aquatic habitat; recreation; dilution and abatement of pollution; the regulation of flows and supplies of ground and surface waters; the avoidance of conflicts among water users; the prevention of undue salinity; and protection of the Chesapeake Bay.

(c) The objective of all interpretation and construction of this part and all subsequent parts is to ascertain and effectuate the purposes and the intention of the Commission set out in this section. These regulations shall not be construed in such a way as to limit the
authority of the Commission, the enforcement actions it may take, or the remedies it may prescribe.

For purposes of natural gas well development projects subject to review and approval pursuant to §806.4(a)(8), initiation of construction shall be deemed to commence upon the drilling (spudding) of a gas well, or the initiation of construction of any water impoundment or other water-related facility to serve the project, whichever comes first.

Consumptive use. The loss of water transferred through a manmade conveyance system or any integral part thereof (including such water that is purveyed through a public water supply or wastewater system), due to transpiration by vegetation, incorporation into products during their manufacture, evaporation, injection of water or wastewater into a subsurface formation from which it would not reasonably be available for future use in the basin, diversion from the basin, or any other process by which the water is not returned to the waters of the basin undiminished in quantity.

Diversion. The transfer of water into or out of the basin.

Executive Director. The chief executive officer of the Commission appointed pursuant to Article 15, Section 15.5, of the compact.

Facility. Any real or personal property, within or without the basin, and improvements thereof and thereon, and any and all rights of way, water, water rights, plants, structures, machinery, and equipment acquired, constructed, operated, or maintained for the beneficial use of water resources or related land uses or otherwise including, without limiting the generality of the foregoing, any and all things and appurtenances necessary, useful, or convenient for the control, collection, storage, withdrawal, diversion, release, treatment, transmission, sale, or exchange of water; or for navigation thereon, or the development and use of hydroelectric energy and power; and public recreational facilities; or the propagation of fish and wildlife; or to conserve and protect the water resources of the basin or any existing or future water supply source, or to facilitate any other uses of any of them.

Groundwater. Water beneath the surface of the ground within a zone of saturation, whether or not flowing through known and definite channels or percolating through underground geologic formations, and regardless of whether the result of natural or artificial recharge. The term includes water contained in quarries, pits and underground mines having no significant surface water inflow, aquifers, underground water courses and other bodies of water below the surface of the earth. The term also includes a spring in which the water level is sufficiently lowered by pumping or other means of drainage to eliminate the surface flow. All other springs are considered to be surface water.

Production fluids. Water or formation fluids recovered at the wellhead of a producing hydrocarbon well as a byproduct of the production activity.

Project. Any work, service, activity, or facility undertaken, which is separately planned, financed or identified by the Commission, or any separate facility undertaken or to be undertaken by the Commission or otherwise within a specified area, for the conservation, utilization, control, development, or management of water resources, which can be established and utilized independently, or as an addition to an existing facility, and can be considered as a separate entity for purposes of evaluation. For purposes of hydrocarbon development activity, including that related to unconventional natural gas development, the project shall be considered to be the drilling pad upon which one or more exploratory or production wells are undertaken, and all water-related appurtenant facilities and activities related thereto.

Project sponsor. Any person who owns, operates or proposes to undertake a project. The singular shall include the plural.

Public water supply. A system, including facilities for collection, treatment, storage and distribution, that provides water to the public for human consumption, that:

1. Serves at least 15 service connections used by year-round residents of the area served by the system; or
2. Regularly serves at least 25 year-round residents.

Surface water. Water on the surface of the ground, including water in a perennial or intermittent watercourse, lake, reservoir, pond, spring, wetland, estuary, swamp or marsh, or diffused surface water, whether such body of water is natural or artificial.

Withdrawals. Any project described below shall require an application to be submitted in accordance with §806.13, and shall also be subject to the standards set forth in §806.23. Except to the extent that they involve the diversion of the waters of the basin, public water supplies shall be exempt from the requirements of this section regarding consumptive use; provided, however, that nothing in this section shall be construed to exempt individual consumptive users connected to any such public water supply from the requirements of this section. Provided the commission determines that low flow augmentation projects sponsored by the commission’s member states provide sufficient mitigation for agricultural water use to meet the standards set forth in §806.22, and except as otherwise provided below, agricultural water use projects shall not be subject to the requirements of this section. Notwithstanding the foregoing, an agricultural water use project involving a diversion of the waters of the basin shall be subject to such requirements unless the property, or contiguous parcels of property, upon which the agricultural water use project occurs is located at least partially within the basin.

(i) Any project initiated on or after January 23, 1971, involving a consumptive water use of an average of 20,000 gallons per day (gpd) or more in any 30-day period.

(ii) With respect to projects previously approved by the Commission for consumptive use, any project that will involve an increase in a consumptive use above that amount which was previously approved.

§ 806.5 Projects that may require review and approval.

(a) The following projects, if not otherwise requiring review and approval under §806.4, and provided that the project sponsor is notified in writing by the Executive Director, may be subject to Commission review and approval as determined by the Commission or the Executive Director:

(1) Projects that may affect interstate water quality.

(2) Projects within a member state that have the potential to affect waters within another member state. This includes, but is not limited to, projects which have the potential to alter the physical, biological, chemical or hydrological characteristics of water resources of interstate streams designated by the Commission under separate resolution.

(3) Projects that may have a significant effect upon the comprehensive plan.

(4) Projects not included in paragraphs (a)(1) through (a)(3) of this section, but which could have an adverse, adverse cumulative, or interstate effect on the water resources of the basin.

§ 806.11 Preliminary consultations.

(a) Any project sponsor of a project that is or may be subject to the Commission’s jurisdiction is encouraged, prior to making application for Commission review, to request a preliminary consultation with the Commission staff for an informal discussion of preliminary plans for the proposed project. To facilitate preliminary consultations, it is suggested that the project sponsor provide a general description of the proposed project, a map showing its location and, to the extent available, data concerning dimensions of any proposed structures, anticipated water needs, and the environmental impacts.

(b) Preliminary consultation is optional for the project sponsor (except with respect to aquifer test plans, see § 806.12 but shall not relieve the sponsor from complying with the requirements of the compact or with this part.

§ 806.12 Constant-rate aquifer testing.

(a) Prior to submission of an application pursuant to § 806.13, a project sponsor seeking approval to withdraw or increase a withdrawal of groundwater shall perform a constant-rate aquifer test in accordance with this section.

(b) The project sponsor shall prepare a constant-rate aquifer test plan for prior review and approval by Commission staff before testing is undertaken. Such plan shall include a groundwater
availability analysis to determine the availability of water during a 1-in-10-year recurrence interval.

(c) Unless otherwise specified, approval of a test plan is valid for two years from the date of approval.

(d) Approval of a test plan shall not be construed to limit the authority of the Commission to require additional testing or monitoring.

(e) The project sponsor may be required, at its expense, to provide temporary water supply if an aquifer test results in interference with an existing water use.

§ 806.13 Submission of application.

Sponsors of projects subject to review and approval of the Commission under §§806.4, 806.5 or 806.6, or project sponsors seeking renewal of an existing approval of the Commission, shall submit an application and applicable fee to the Commission, in accordance with this subpart.

Subpart C—Standards for Review and Approval

§ 806.20 Purpose of this subpart.

The purpose of this subpart is to set forth general standards that shall be used by the Commission to evaluate all projects subject to review and approval by the Commission pursuant to §§806.4, 806.5 and 806.6, and to establish special standards applicable to certain water withdrawals, consumptive uses and diversions. This subpart shall not be construed to limit the Commission’s authority and scope of review. These standards are authorized under Sections 3.4(2), 3.4(8), 3.4(9), and 3.10 of the compact and are based upon, but not limited to, the goals, objectives, guidelines and criteria of the comprehensive plan.

§ 806.21 General standards.

(a) A project shall not be detrimental to the proper conservation, development, management, or control of the water resources of the basin.

(b) The Commission may modify and approve as modified, or may disapprove, a project if it determines that the project is not in the best interest of the conservation, development, management, or control of the basin’s water resources, or is in conflict with the comprehensive plan.

(c) Disapprovals—other governmental jurisdictions. (1) The Commission may suspend the review of any application under this part if the project is subject to the lawful jurisdiction of any member jurisdiction or any political subdivision thereof, and such member jurisdiction or political subdivision has disapproved or denied the project.

123
Where such disapproval or denial is reversed on appeal, the appeal is final, and the project sponsor provides the Commission with a certified copy of the decision, the Commission shall resume its review of the application. Where, however, an application has been suspended hereunder for a period greater than three years, the Commission may terminate its review. Thereupon, the Commission shall notify the project sponsor of such termination and that the application fee paid by the project sponsor is forfeited. The project sponsor may reactivate the terminated docket by reapplying to the Commission, providing evidence of its receipt of all necessary governmental approvals and, at the discretion of the Commission, submitting new or updated information.

(2) The Commission may modify, suspend or revoke a previously granted approval if the project sponsor fails to obtain or maintain the approval of a member jurisdiction or political subdivision thereof having lawful jurisdiction over the project.

§ 806.22 Standards for consumptive uses of water.

(a) The project sponsors of all consumptive water uses subject to review and approval under § 806.4, § 806.5 or § 806.6 of this part shall comply with this section.

(b) Mitigation. All project sponsors whose consumptive use of water is subject to review and approval under § 806.4, § 806.5 or § 806.6 of this part shall mitigate such consumptive use. Except to the extent that the project involves the diversion of the waters out of the basin, public water supplies shall be exempt from the requirements of this section regarding consumptive use; provided, however, that nothing in this section shall be construed to exempt individual consumptive users connected to any such public water supply from the requirements of this section. Mitigation may be provided by one, or a combination of the following:

(1) During low flow periods as may be designated by the Commission for consumptive use mitigation.

(i) Reduce withdrawal from the approved source(s), in an amount equal to the project’s total consumptive use, and withdraw water from alternative surface water storage or aquifers or other underground storage chambers or facilities approved by the Commission, from which water can be withdrawn for a period of 90 days without impact to surface water flows.

(ii) Release water for flow augmentation, in an amount equal to the project’s total consumptive use, from surface water storage or aquifers, or other underground storage chambers or facilities approved by the Commission, from which water can be withdrawn for a period of 90 days without impact to surface water flows.

(iii) Discontinue the project’s consumptive use, except that reduction of project sponsor’s consumptive use to less than 20,000 gpd during periods of low flow shall not constitute discontinuance.

(2) Use, as a source of consumptive use water, surface storage that is subject to maintenance of a conservation release acceptable to the Commission. In any case of failure to provide the specified conservation release, such project shall provide mitigation in accordance with paragraph (3), below, for the calendar year in which such failure occurs, and the Commission will reevaluate the continued acceptability of the conservation release.

(3) Provide monetary payment to the Commission, for annual consumptive use, in an amount and manner prescribed by the Commission.

(4) Implement other alternatives approved by the Commission.

(c) Determination of manner of mitigation. The Commission will, in its sole discretion, determine the acceptable manner of mitigation to be provided by project sponsors whose consumptive use of water is subject to review and approval. Such a determination will be made after considering the project’s location, source characteristics, anticipated amount of consumptive use, proposed method of mitigation and their effects on the purposes set forth in § 806.2 of this part, and any other pertinent factors. The Commission may modify, as appropriate, the manner of mitigation, including the magnitude and timing of any mitigating releases, required in a project approval.
(d) Quality of water released for mitigation. The physical, chemical and biological quality of water released for mitigation shall at all times meet the quality required for the purposes listed in §806.2, as applicable.

(e) Approval by rule for consumptive uses. (1) Except with respect to projects involving hydrocarbon development subject to the provisions of paragraph (f) of this section, any project whose sole source of water for consumptive use is a public water supply, may be approved by the Executive Director under this paragraph (e) in accordance with the following, unless the Executive Director determines that the project cannot be adequately regulated under this approval by rule.

(2) Metering, daily use monitoring and quarterly reporting. The project sponsor shall comply with metering, daily use monitoring and quarterly reporting as specified in §806.30.

(3) Standard conditions. The standard conditions set forth in §806.21 above shall apply to projects approved by rule.

(4) Mitigation. The project sponsor shall comply with mitigation in accordance with §806.22 (b)(2) or (b)(3).

(5) Compliance with other laws. The project sponsor shall obtain all necessary permits or approvals required for the project from other federal, state or local government agencies having jurisdiction over the project. The Commission reserves the right to modify, suspend or revoke any approval under this paragraph (e) if the project sponsor fails to obtain or maintain such approvals.

(6) The Executive Director may grant, deny, suspend, rescind, modify or condition an approval to operate under this approval by rule, or renew an existing approval by rule previously granted hereunder, and will notify the project sponsor of such determination, including the quantity of consumptive use approved.

(7) Approval by rule shall be effective upon written notification from the Executive Director to the project sponsor, shall expire 15 years from the date of such notification, and shall be deemed to rescind any previous consumptive use approvals.

(f) Approval by rule for consumptive use related to unconventional natural gas and other hydrocarbon development.

(1) Any unconventional natural gas development project, or any hydrocarbon development project subject to review and approval under §§806.4, 806.5, or 806.6 of this part, shall be subject to review and approval by the Executive Director under this paragraph (f) regardless of the source or sources of water being used consumptively.

(2) Notification of Intent: Prior to undertaking a project or increasing a previously approved quantity of consumptive use, the project sponsor shall submit a Notice of Intent (NOI) on forms prescribed by the Commission, and the appropriate application fee, along with any required attachments.

(3) Within 10 days after submittal of an NOI under paragraph (f)(2) of this section, the project sponsor shall satisfy the notice requirements set forth in §806.15.

(4) The project sponsor shall comply with metering, daily use monitoring and quarterly reporting as specified in §806.30, or as otherwise required by the approval by rule. Daily use monitoring shall include amounts delivered or withdrawn per source, per day, and amounts used per gas well, per day, for well drilling, hydrofracture stimulation, hydrostatic testing, and dust control. The foregoing shall apply to all water, including stimulation additives, flowback, drilling fluids, formation fluids and production fluids, utilized by the project. The project sponsor shall also submit a post-hydrofracture report in a form and manner as prescribed by the Commission.

(5) The project sponsor shall comply with the mitigation requirements set forth in §806.22(b).

(6) Any flowback or production fluids utilized by the project sponsor for hydrofracture stimulation undertaken at the project shall be separately accounted for, but shall not be included in the daily consumptive use amount calculated for the project, or be subject to the mitigation requirements of §806.22(b).
(7) The project sponsor shall obtain all necessary permits or approvals required for the project from other federal, state, or local government agencies having jurisdiction over the project. The Executive Director reserves the right to modify, suspend or revoke any approval under this paragraph (f) if the project sponsor fails to obtain or maintain such approvals.

(8) The project sponsor shall certify to the Commission that all flowback and production fluids have been re-used or treated and disposed of in accordance with applicable state and federal law.

The project sponsor shall record on a daily basis, and report quarterly on a form and in a manner prescribed by the Commission, the quantity of water obtained from any source registered or approved hereunder. Any source approval issued hereunder shall also be subject to such monitoring and reporting requirements as may be contained in such approval or otherwise required by this part.

§ 806.23 Standards for water withdrawals.

(a) The project sponsors of all withdrawals subject to review and approval under §806.4, §806.5 or §806.6 of this part shall comply with the following standards, in addition to those required pursuant to §806.21.

(b) Limitations on withdrawals. (1) The Commission may limit withdrawals to the amount (quantity and rate) of water that is needed to meet the reasonably foreseeable needs of the project sponsor.

(2) The Commission may deny an application, limit or condition an approval to ensure that the withdrawal will not cause significant adverse impacts to the water resources of the basin. The Commission may consider, without limitation, the following in its consideration of adverse impacts: Lowering of groundwater or stream flow levels; rendering competing supplies unreliable; affecting other water uses; causing water quality degradation that may be injurious to any existing or potential water use; affecting fish, wildlife or other living resources or their habitat; causing permanent loss of aquifer storage capacity; or affecting low flow of perennial or intermittent streams.

(3) The Commission may impose limitations or conditions to mitigate impacts, including without limitation:

(iii) Require the project sponsor to implement and properly maintain special monitoring measures.

(iv) Require the project sponsor to implement and properly maintain stream flow protection measures.

(v) Require the project sponsor to develop and implement an operations plan acceptable to the Commission.

(4) The Commission may require the project sponsor to undertake the following, to ensure its ability to meet its present or reasonably foreseeable water needs from available groundwater or surface water without limitation:

(i) Investigate additional sources or storage options to meet the demand of the project.

(ii) Submit a water resource development plan that shall include, without limitation, sufficient data to address any supply deficiencies, identify alternative water supply options, and support existing and proposed future withdrawals.

(b) For projects involving out-of-basin diversions, the following requirements shall apply:

(i) Project sponsors shall:

(1) Demonstrate that they have made good faith efforts to develop and conserve sources of water within the importing basin, and have considered other reasonable alternatives to the diversion.

(ii) Comply with the general standards set forth in §§801.3, 806.21, and 806.22, and the applicable requirements of this part relating to consumptive uses and withdrawals.

(2) In deciding whether to approve a proposed diversion out of the basin, the Commission shall also consider and the project sponsor shall provide information related to the following factors:

(i) Any adverse effects and cumulative adverse effects the project may have on the ability of the Susquehanna River Basin, or any portion thereof, to meet its own present and future water needs.

(ii) The location, amount, timing, purpose and duration of the proposed diversion and how the project will individually and cumulatively affect the flow of any impacted stream or river, and the freshwater inflow of the Chesapeake Bay, including the extent to which any diverted water is being returned to the basin or the bay.

(v) The proximity of the project to the Susquehanna River Basin.

(vi) The project sponsor’s pre-compact member jurisdiction approvals to withdraw or divert the waters of the basin.

(vii) Historic reliance on sources within the Susquehanna River Basin.

(3) In deciding whether to approve a proposed diversion out of the basin, the Commission may also consider, but is not limited to, the factors set forth in paragraphs (i) through (v) of this paragraph (b)(3). The decision whether to consider the factors in this paragraph (b) and the amount of information required for such consideration, if undertaken, will depend upon the potential for the proposed diversion to have an adverse impact on the ability of the Susquehanna River Basin, or any portion thereof, to meet its own present and future needs.

(i) The impact of the diversion on economic development within the Susquehanna River Basin, the member states or the United States of America.

(ii) The cost and reliability of the diversion versus other alternatives, including certain external costs, such as impacts on the environment or water resources.

(iii) Any policy of the member jurisdictions relating to water resources, growth and development.

(iv) How the project will individually and cumulatively affect other environmental, social and recreational values.

(v) Any land use and natural resource planning being carried out in the importing basin.

(c) For projects involving into-basin diversions, the following requirements shall apply:

(1) Project sponsors shall:

(i) Provide information on the source, amount, and location of the water being diverted to the Susquehanna River Basin from the importing basin.

(ii) Provide information on the water quality classification, if any, of the Susquehanna River Basin stream to which diverted water is being discharged and the discharge location or locations.

(iii) Demonstrate that they have applied for or received all applicable withdrawal or discharge permits or approvals related to the diversion, and demonstrate that the diversion will not result in water quality degradation that may be injurious to any existing or potential ground or surface water use.

(2) In deciding whether to approve a proposed diversion into the basin, the Commission shall also consider and the project sponsor shall provide information related to the following factors:
§ 806.30

(i) Any adverse effects and cumulative adverse effects the project may have on the Susquehanna River Basin, or any portion thereof, as a result of the introduction or potential introduction of invasive or exotic species that may be injurious to the water resources of the basin.

(ii) The extent to which the proposed diversion satisfies all other applicable general and specific standards set forth in subpart C of this part pertaining to withdrawals and consumptive use.

§ 806.25 Water conservation standards.

Any project sponsor whose project is subject to Commission approval under this part proposing to withdraw water either directly or indirectly (through another user) from groundwater or surface water sources, or both, shall comply with the following requirements:

(1) Reduce distribution system losses to a level not exceeding 20 percent of the gross withdrawal.

(2) Install meters for all users.

(3) Establish a program of water conservation that will:

(i) Require installation of water conservation devices, as applicable, by all classes of users.

(ii) Prepare and distribute literature to customers describing available water conservation techniques.

(iii) Implement a water pricing structure which encourages conservation.

Subpart D—Terms and Conditions of Approval

§ 806.30 Monitoring.

The Commission, as part of the project review, shall evaluate the proposed methodology for monitoring consumptive uses, water withdrawals and mitigating flows, including flow metering devices, stream gages, and other facilities used to measure the withdrawals or consumptive use of the project or the rate of stream flow. If the Commission determines that additional flow measuring, metering or monitoring devices are required, these shall be provided at the expense of the project sponsor, installed in accordance with a schedule set by the Commission, be accurate to within 5 percent, and shall be subject to inspection by the Commission at any time.

(a) Project sponsors of projects that are approved under this part shall:

(1) Measure and record on a daily basis, or such other frequency as may be approved by the Commission, the quantity of all withdrawals, using meters or other methods approved by the Commission.

(2) Certify, at the time of installation and no less frequently than once every 5 years, the accuracy of all measuring devices and methods to within 5 percent of actual flow, unless specified otherwise by the Commission.

(3) Maintain metering or other approved methods so as to provide a continuous, accurate record of the withdrawal or consumptive use.

(4) Measure groundwater levels in all approved production wells, as specified by the Commission.

(5) Measure groundwater levels at additional monitoring locations, as specified by the Commission.

(6) Measure water levels in surface storage facilities, as specified by the Commission.

§ 806.31 Term of approvals.

(a) Approvals issued under this part shall have a term equal to the term of any accompanying member jurisdiction approval regulating the same subject matter, but not longer than 15 years, unless an alternate period is provided for in the Commission approval. If there is no such accompanying member jurisdiction approval, or if no term is specified in such accompanying member jurisdiction approval, the term of a Commission approval issued under this part shall be no longer than 15 years or the anticipated life of the project, whichever is less, unless an alternate period is provided for in the Commission approval.

(b) Commission approval of a project shall expire three years from the date of such approval if the withdrawal, diversion or consumptive use has not been commenced, unless an alternate period is provided for in the docket approval or such 3-year period is extended in writing by the Commission upon written request from the project sponsor submitted no later than 120 days prior to such expiration. The Commission may grant an extension, for a period not to exceed two years, only upon a determination that the delay is due to circumstances beyond the project sponsor’s control and that there is a likelihood of project implementation within a reasonable period of time. The Commission may also attach conditions to the granting of such extensions, including modification of any terms of approval that the Commission may deem appropriate.

(c) If a withdrawal, diversion or consumptive use approved by the Commission for a project is discontinued for a period of five consecutive years, the approval shall be null and void, unless a waiver is granted in writing by the Commission, upon written request by the project sponsor demonstrating due cause and with notification thereof to the member jurisdiction in which the project is located, prior to the expiration of such period.

(d) If the Commission determines that a project has been abandoned, by evidence of nonuse for a period of time and under such circumstances that an abandonment may be inferred, the Commission may rescind the approval for such withdrawal, diversion or consumptive use.

(e) If a project sponsor submits an application to the Commission no later than six months prior to the expiration of its existing Commission approval, the existing approval will be deemed extended until such time as the Commission renders a decision on the application, unless the existing approval or a notification in writing from the Commission provide otherwise.

§ 806.32 Reopening/modification.

(a) Once a project is approved, the Commission, upon its own motion, or upon petition of the project sponsor or any interested party, may at any time reopen any project approval and make additional orders or otherwise modify or impose such additional conditions that may be necessary to mitigate or avoid adverse impacts or to otherwise protect the public health, safety, and welfare or water resources. Whenever a petition for reopening is filed by an interested party, the burden shall be upon that interested party to show, by a preponderance of the evidence, that a significant adverse impact or a threat to the public health, safety and welfare or water resources exists that warrants reopening of the docket. Notwithstanding the foregoing, any petition filed by a party who previously sought
the same or functionally equivalent relief identified in the petition pursuant to the administrative appeals process under §808.2 will not be eligible for consideration by the Commission absent new facts not known or readily discernible at the time of consideration of the petitioner’s previous request for administrative appeal filed pursuant to §808.2.

(b) If the project sponsor fails to comply with any term or condition of a Commission approval, the Commission may issue an order suspending, modifying or revoking its approval of the project. The Commission may also, in its discretion, suspend, modify or revoke its approval if the project sponsor fails to obtain or maintain other federal, state or local approvals.

(c) For any previously approved project where interference occurs, the Commission may require a project sponsor to provide a temporary source of potable water at the project sponsor’s expense, pending a final determination of causation by the Commission.

(d) The Commission, upon its own motion, may at any time reopen any project approval and make additional corrective modifications that may be necessary.

§ 806.33 Interest on fees.

The Executive Director may establish interest to be paid on all overdue or outstanding fees of any nature that are payable to the Commission.

§ 806.34 Emergencies.

(a) Emergency certificates. The other requirements of these regulations notwithstanding, in the event of an emergency requiring immediate action to protect the public health, safety and welfare or to avoid substantial and irreparable injury to any person, property, or water resources when circumstances do not permit a review and determination in the regular course of the regulations in this part, the Executive Director, with the concurrence of the chairperson of the Commission and the commissioner from the affected member state, may issue an emergency certificate authorizing a project sponsor to take such action as the Executive Director may deem necessary and proper in the circumstances, pending review and determination by the Commission as otherwise required by this part.

(b) Notification and application. A project sponsor shall notify the Commission, prior to commencement of the project, that an emergency certificate is needed. If immediate action, as defined by this section, is required by a project sponsor and prior notice to the Commission is not possible, then the project sponsor must contact the Commission within one (1) business day of the action. Notification may be by certified mail, facsimile, telegram, mailgram, or other form of written communication. This notification must be followed within one (1) business day by submission of the following:

(1) A completed emergency application form or copy of the State or Federal emergency water use application if the project sponsor also is requesting emergency approval from either a state or federal agency.

(2) As a minimum, the application shall contain:

(i) Contact information.

(ii) Justification for emergency action (purpose).

(iii) Location map and schematic of proposed project.

(iv) Desired term of emergency use.

(v) Source(s) of the water.

(vi) Quantity of water.

(vii) Flow measurement system (such as metering).

next regular business meeting of the Commission.

(3) Include conditions in the emergency certificate which may include, without limitation, monitoring of withdrawal and/or consumptive use amounts, measurement devices, public notification, and reporting, to assure minimal adverse impacts to the environment and other users.

(d) Post approval. Actions following issuance of emergency certificates may include, but are not limited to, the following:

(1) The Commission may, by resolution, extend the term of the emergency certificate, upon presentation of a request from the project sponsor accompanied by appropriate evidence that the conditions causing the emergency persist.

(2) If the condition is expected to persist longer than the specified extended term, the project sponsor must submit an application to the Commission for applicable water withdrawal or consumptive use, or the emergency certificate will terminate as specified. If the project sponsor has a prior Commission approval for the project, the project sponsor must submit an application to modify the existing docket accordingly.

(e) Early termination. With the concurrence of the chairperson of the Commission and the commissioner from the affected member state, the Executive Director may terminate an emergency certificate earlier than the specified duration if it is determined that an emergency no longer exists and/or the certificate holder has not complied with one or more special conditions for the emergency withdrawal or consumptive water use.

(f) Restoration or mitigation. Project sponsors are responsible for any necessary restoration or mitigation of environmental damage or interference with another user that may occur as a result of the emergency action.

**EFFECTIVE DATE NOTE:** At 79 FR 15909, Mar. 24, 2014, §806.34 was amended by revising paragraphs (a), (b) introductory text, (b)(2) introductory text, and (b)(2)(i)(ii), effective June 1, 2014. For the convenience of the user, the revised text is set forth as follows:

In the exercise of such authority, consideration should be given to actions deemed necessary to sustain human life, health and safety, or that of livestock or food, fiber or forage crops, the maintenance of electric system reliability to serve such needs, to avoid significant disruption of employment, or any other such priorities that the Commission may establish from time to time utilizing its authority under Section 11.4 of the Compact related to drought emergencies.

(b) Notification and application. A project sponsor shall notify the Commission, prior to commencement of the project, that an emergency certificate is needed. In the case of a project operating under an existing Commission approval seeking emergency approval to modify, waive or partially waive one or more conditions of such approval, notice shall be provided to the Commission prior to initiating the operational changes associated with the request. If immediate action, as defined by this section, is required by a project sponsor and prior notice to the Commission is not possible, then the project sponsor must contact the Commission within one (1) business day of the action. Notification may be by certified mail, facsimile, telegram, mailgram, electronic mail or other form of written communication. This notification must be followed within one (1) business day by submission of the following:

(c) Notice of public hearing. At least 20 days before any public hearing required by the compact, notices stating the date, time, place and purpose of the hearing including issues of interest to the Commission shall be published at least once in a newspaper of general circulation in the area affected. Occasions when public hearings are required by the compact include, but are not limited to, amendments to the comprehensive plan, drought emergency declarations, and review and approval of diversions. In all other cases, at least 10 days prior to the hearing, notice shall be posted at the office of the Commission (or on the Commission Web site), mailed by first class mail to the parties who, to the Commission’s knowledge, will participate in the hearing, and mailed by first class mail to persons, organizations and news media who have made requests to the Commission for notices of hearings or of a particular hearing. With regard to rulemaking, the Commission shall convene at least one public hearing on any proposed rulemaking it approves for public review and comment. For any such hearing(s), notices need only be forwarded to the directors of the New York Register, the Pennsylvania bulletin, the Maryland Register and the Federal Register, and it is sufficient that this notice appear only in the Federal Register at least 20 days prior to the hearing and in each individual state publication at least 10 days prior to any hearing scheduled in that state.

§ 808.2 Administrative appeals.

(a) A project sponsor or other person aggrieved by a final action or decision of the Commission or Executive Director on a project application or a records access determination made pursuant to Commission policy may file a written appeal requesting a hearing. In the case of a project approval or denial, such appeal shall be filed by a project sponsor within 30 days of receipt of actual notice, and by all others within 30 days of publication of notice of the action taken on the project in the FEDERAL REGISTER. In the case of records access determinations, such appeal shall be filed with the Commission within 30 days of receipt of actual notice of the determination. Appeals filed later than 20 days prior to a regular Commission meeting will be considered at a subsequent Commission meeting. Appeals shall be filed on a form and in a manner prescribed by the Commission and the petitioner shall have 20 days from the date of filing to amend the appeal form.

(b) The appeal shall identify the specific action or decision for which a hearing is requested, the date of the action or decision, the interest of the person requesting the hearing in the subject matter of the appeal, and a statement setting forth the basis for objecting to or seeking review of the action or decision.

(c) Any request not filed on or before the applicable deadline established in paragraph (a) of this section hereof will be deemed untimely and such request for a hearing shall be considered denied unless the Commission, upon written request and for good cause shown, grants leave to make such filing nunc pro tunc; the standard applicable to what constitutes good cause shown being the standard applicable in analogous cases under Federal law. Receipt of requests for hearings pursuant to this section, whether timely filed or not, shall be submitted by the Executive Director to the commissioners for their information.

(d) Petitioners shall be limited to a single filing that shall set forth all matters and arguments in support thereof, including any ancillary motions or requests for relief. Issues not

raised in this single filing shall be considered waived for purposes of the instant proceeding. Where the petitioner is appealing a final determination on a project application and is not the project sponsor, the petitioner shall serve a copy of the appeal upon the project sponsor within five days of its filing. 

(e) If a hearing is granted, the Commission shall serve notice thereof upon the petitioner and project sponsor and shall publish such notice in the Federal Register. The hearing shall not be held less than 20 days after publication of such notice. Hearings may be conducted by one or more members of the Commission, by the Executive Director, or by such other hearing officer as the Commission may designate.

(1) The petitioner may also request a stay of the action or decision giving rise to the appeal pending final disposition of the appeal, which stay may be granted or denied by the Executive Director after consultation with the Commission chair and the member from the affected member State. The decision of the Executive Director on the request for stay shall not be appealable to the Commission under this section and shall remain in full force and effect until the Commission acts on the appeal.

(2) In addition to the contents of the request itself, the Executive Director, in granting or denying the request for stay, will consider the following factors:

(i) Irreparable harm to the petitioner.

(ii) The likelihood that the petitioner will prevail.

(f) The Commission shall grant the hearing request pursuant to this section if it determines that an adequate record with regard to the action or decision is not available, the case involves a determination by the Executive Director or staff which requires further action by the Commission, or that the Commission has found that an administrative review is necessary or desirable. If the Commission denies any request for a hearing, the party seeking such hearing shall be limited to such remedies as may be provided by the compact or other applicable law or court rule.

(g) If a hearing is granted, the Commission shall refer the matter for hearing to be held in accordance with §808.3, and appoint a hearing officer.

(h) Intervention. (1) A request for intervention may be filed with the Commission by persons other than the petitioner within 20 days of the publication of a notice of the granting of such hearing in the Federal Register. The request for intervention shall state the interest of the person filing such notice, and the specific grounds of objection to the action or decision or other grounds for appearance. The hearing officer(s) shall determine whether the person requesting intervention has standing in the matter that would justify their admission as an intervenor to the proceedings in accordance with Federal case law.

(2) Interveners shall have the right to be represented by counsel, to present evidence and to examine and cross-examine witnesses.

(i) Where a request for an appeal is made, the 90-day appeal period set forth in Section 3.10 (6) and Federal reservation (o) of the compact shall not commence until the Commission has either denied the request for or taken final action on an administrative appeal.

(j) Where the request for appeal relates to an action taken on a project, any hearing conducted pursuant to this section shall be convened in the general vicinity of the project location.

Susquehanna River Basin Commission § 808.3

of facts, to determine the proper parties to the hearing, to determine the scope of any discovery procedures, to delineate the hearing issues to be adjudicated, and to take notice of judicially cognizable facts and general, technical, or scientific facts. The hearing officer may, with the consent of the parties, conduct all or part of the hearing or related proceedings by telephone conference call or other electronic means.

(2) The hearing officer shall cause each witness to be sworn or to make affirmation.

(3) Any party to a hearing shall have the right to present evidence, to examine and cross-examine witnesses, submit rebuttal evidence, and to present summation and argument.

(4) When necessary, in order to prevent undue prolongation of the hearing, the hearing officer may limit the number of times any witness may testify, the repetitious examination or cross-examination of witnesses, or the extent of corroborative or cumulative testimony.

(5) The hearing officer shall exclude irrelevant, immaterial or unduly repetitious evidence, but the parties shall not be bound by technical rules of evidence, and all relevant evidence of reasonably probative value may be received provided it shall be founded upon competent, material evidence which is substantial in view of the entire record.

(6) Any party may appear and be heard in person or be represented by an attorney at law who shall file an appearance with the Commission.

(7) Briefs and oral argument may be required by the hearing officer and may be permitted upon request made prior to the close of the hearing by any party. They shall be part of the record unless otherwise ordered by the presiding officer.

(8) The hearing officer may, as he/she deems appropriate, issue subpoenas in the name of the Commission requiring the appearance of witnesses or the production of books, papers, and other documentary evidence for such hearings.

(9) A record of the proceedings and evidence at each hearing shall be made by a qualified stenographer designated by the Executive Director. Where demanded by the petitioner, or any other person who is a party to the appeal proceedings, or where deemed necessary by the Hearing Officer, the testimony shall be transcribed. In those instances where a transcript of proceedings is made, two copies shall be delivered to the Commission. The petitioner or other persons who desire copies shall obtain them from the stenographer at such price as may be agreed upon by the stenographer and the person desiring the transcript.

(c) Staff and other expert testimony. The Executive Director shall arrange for the presentation of testimony by the Commission’s technical staff and other experts, as he/she may deem necessary or desirable, to be incorporated in the record to support the administrative action, determination or decision which is the subject of the hearing.

(d) Written testimony. If the direct testimony of an expert witness is expected to be lengthy or of a complex, technical nature, the presiding officer may order that such direct testimony be submitted to the Commission in sworn, written form. Copies of said testimony shall be served upon all parties appearing at the hearing at least 10 days prior to said hearing. Such written testimony, however, shall not be admitted whenever the witness is not present and available for cross-examination at the hearing unless all parties have waived the right of cross-examination.

(e) Assessment of costs. (1) Whenever a hearing is conducted, the costs thereof, as herein defined, shall be assessed by the presiding officer to the petitioner or such other party as the hearing officer deems equitable. For the purposes of this section, costs include all incremental costs incurred by the Commission, including, but not limited to, hearing officer and expert consultants reasonably necessary in the matter, stenographic record, rental of the hall and other related expenses.

(2) Upon the scheduling of a matter for hearing, the hearing officer shall furnish to the petitioner a reasonable estimate of the costs to be incurred under this section. The project sponsor may be required to furnish security for such costs either by cash deposit or by
§ 808.4

a surety bond of a corporate surety authorized to do business in a member state.

(3) A party to an appeal under this section who desires to proceed in forma pauperis shall submit an affidavit to the Commission requesting the same and showing in detail the assets possessed by the party, and other information indicating the reasons why that party is unable to pay costs incurred under this section or to give security for such costs. The Commission may grant or refuse the request based upon the contents of the affidavit or other factors, such as whether it believes the appeal or intervention is taken in good faith.

(f) Findings and report. The hearing officer shall prepare a report of his/her findings and recommendations based on the record of the hearing. The report shall be served by personal service or certified mail (return receipt requested) upon each party to the hearing or its counsel. Any party may file objections to the report. Such objections shall be filed with the Commission and served on all parties within 20 days after the service of the report. A brief shall be filed together with objections. Any replies to the objections shall be filed and served on all parties within 10 days of service of the objections. Prior to its decision on such objections, the Commission may grant a request for oral argument upon such filing.

(g) Action by the Commission. The Commission will act upon the findings and recommendations of the presiding officer pursuant to law. The determination of the Commission will be in writing and shall be filed in Commission records together with any transcript of the hearing, report of the hearing officer, objections thereto, and all plans, maps, exhibits and other papers, records or documents relating to the hearing.

§ 808.4 Optional joint hearing.

(a) The Commission may order any two or more public hearings involving a common or related question of law or fact to be consolidated for hearing on any or all of the matters at issue in such hearings.

(b) Whenever designated by a department, agency or instrumentality of a member jurisdiction, and within any limitations prescribed by the designation, a hearing officer designated pursuant to §808.2 may also serve as a hearing officer, examiner or agent pursuant to such additional designation and may conduct joint hearings for the Commission and for such other department, agency or instrumentality. Pursuant to the additional designation, a hearing officer shall cause to be filed with the department, agency, or instrumentality making the designation, a certified copy of the transcript of the evidence taken before him/her and, if requested, of his/her findings and recommendations. Neither the hearing officer nor the Susquehanna River Basin Commission shall have or exercise any power or duty as a result of such additional designation to decide the merits of any matter arising under the separate laws of a member jurisdiction (other than the compact).

Subpart B—Compliance and Enforcement

§ 808.10 Scope of subpart.

This subpart shall be applicable where there is reason to believe that a person may have violated any provision of the compact, or the Commission’s rules, regulations, orders, approvals, docket conditions, or any other requirements of the Commission. The said person shall hereinafter be referred to as the alleged violator.

§ 808.11 Duty to comply.

It shall be the duty of any person to comply with any provision of the compact, or the Commission’s rules, regulations, orders, approvals, docket conditions, or any other requirements of the Commission.

§ 808.12 Investigative powers.

(a) The Commission or its agents or employees, at any reasonable time and upon presentation of appropriate credentials, may inspect or investigate any person or project to determine compliance with any provisions of the compact, or the Commission’s rules, regulations, orders, approvals, docket conditions, or any other requirements.
of the Commission. Such employees or agents are authorized to conduct tests or sampling; to take photographs; to perform measurements, surveys, and other tests; to inspect the methods of construction, operation, or maintenance; to inspect all measurement equipment; and to audit, examine, and copy books, papers, and records pertinent to any matter under investigation. Such employees or agents are authorized to take any other action necessary to assure that any project is constructed, operated and maintained in accordance with any provisions of the compact, or the Commission’s rules, regulations, orders, approvals, docket conditions, or any other requirements of the Commission.

(b) Any person shall allow authorized employees or agents of the Commission, without advance notice, at any reasonable time and upon presentation of appropriate credentials, and without delay, to have access to and to inspect all areas where a project is being constructed, operated, or maintained.

(c) Any person shall provide such information to the Commission as the Commission may deem necessary to determine compliance with any provisions of the compact, or the Commission’s rules, regulations, orders, approvals, docket conditions, or any other requirements of the Commission. The person submitting information to the Commission shall verify that it is true and accurate to the best of the knowledge, information, and belief of the person submitting such information. Any person who knowingly submits false information to the Commission shall be subject to civil penalties as provided in the compact and criminal penalties under the laws of the member jurisdictions relating to unsworn falsification to authorities.

§ 808.14 Orders.

(a) Whether or not an NOV has been issued, where exigent circumstances warrant, the Executive Director may issue an order directing an alleged violator to cease and desist any action or activity to the extent such action or activity constitutes an alleged violation, or may issue any other order related to the prevention of further violations, or the abatement or remediation of harm caused by the action or activity.

(b) If the project sponsor fails to comply with any term or condition of a docket approval, the commissioners may issue an order suspending, modifying or revoking approval of the docket. The commissioners may also, in their discretion, suspend, modify or revoke a docket approval if the project sponsor fails to obtain or maintain other federal, state or local approvals.

(c) The commissioners may issue such other orders as may be necessary to enforce any provision of the compact, the Commission’s rules or regulations, orders, approvals, docket conditions, or any other requirements of the Commission.

(d) It shall be the duty of any person to proceed diligently to comply with any order issued pursuant to this section.

§ 808.15 Show cause proceeding.

(a) The Executive Director may issue an order requiring an alleged violator to appear before the Commission and show cause why a penalty should not be assessed in accordance with the provisions of this chapter and Section 15.17 of the compact. The order to the alleged violator shall:

(1) Specify the nature and duration of violation(s) that is alleged to have occurred.

(2) Set forth the date and time on which, and the location where, the alleged violator shall appear before the Commission.

(3) Set forth any information to be submitted or produced by the alleged violator.

(4) Identify the limits of the civil penalty that will be recommended to the Commission.

§ 808.13 Notice of violation.

When the Executive Director or his/her designee issues a Notice of Violation (NOV) to an alleged violator, such NOV will:

(a) List the violations that are alleged to have occurred.

(b) State a date by which the alleged violator shall respond to the NOV.
§ 808.16 Civil penalty criteria.

(a) In determining the amount of any civil penalty or any settlement of a violation, the Commission shall consider:

(1) Previous violations, if any, of any provision of the compact, the Commission's rules or regulations, orders, approvals, docket conditions or any other requirements of the Commission.

(2) The intent of the alleged violator.

(3) The extent to which the violation caused adverse consequences to public health, safety and welfare or to water resources.

(4) The costs incurred by the Commission or any member jurisdiction relating to the failure to comply with any provision of the compact, the Commission's rules or regulations, orders, approvals, docket conditions or any other requirements of the Commission.

(5) The extent to which the violator has cooperated with the Commission in correcting the violation and remediating any adverse consequences or harm that has resulted therefrom.

(6) The extent to which the failure to comply with any provision of the compact, the Commission's rules or regulations, orders, approvals, docket conditions or any other requirements of the Commission was economically beneficial to the violator.

(7) The length of time over which the violation occurred and the amount of water used during that time period.

(b) The Commission retains the right to waive any penalty or reduce the amount of the penalty recommended by the prosecuting officer under §808.15(f) should it determine, after consideration of the factors in paragraph (a) of this section, that extenuating circumstances justify such action.

§ 808.17 Enforcement of penalties, abatement or remedial orders.

Any penalty imposed or abatement or remedial action ordered by the Commission or the Executive Director shall be paid or completed within such time period as shall be specified in the civil penalty assessment or order. The Executive Director and Commission counsel are authorized to take such additional action as may be necessary to assure compliance with this subpart. If a proceeding before a court becomes necessary, the penalty amount determined in accordance with §808.15(f) shall constitute the penalty amount recommended by the Commission to be fixed by the court pursuant to Section 15.17 of the compact.

§ 808.18 Settlement by agreement.

(a) An alleged violator may offer to settle an enforcement proceeding by agreement. The Executive Director shall submit to the Commission any
Susquehanna River Basin Commission

§ 808.19

offer of settlement proposed by an alleged violator. No settlement will be submitted to the Commission by the Executive Director unless the alleged violator has indicated, in writing, acceptance of the terms of the agreement and the intention to comply with all requirements of the settlement agreement, including advance payment of any settlement amount or completion of any abatement or remedial action within the time period provided or both. If the Commission determines not to approve a settlement agreement, the Commission may proceed with an enforcement action in accordance with this subpart.

(b) In the event the violator fails to carry out any of the terms of the settlement agreement, the Commission may reinstitute a civil penalty action and any other applicable enforcement action against the alleged violator.

§ 808.19 Effective date.

This part shall be effective on January 1, 2007.

SOURCE: 61 FR 20118, May 6, 1996, unless otherwise noted.

§ 1300.101 Cross references to employee ethical conduct standards and other applicable regulations.

Employees of the Tennessee Valley Authority (TVA) are subject to the executive branch-wide standards of ethical conduct at 5 CFR part 2635 and to the TVA regulations at 5 CFR part 7901 which supplement the executive branch-wide standards. In addition, certain TVA employees are subject to executive branch-wide financial disclosure regulations at 5 CFR part 2634.

§ 1300.102 Gambling, betting, and lotteries.

An employee shall not participate, while on Government- or TVA-owned or leased property or while on TVA duty, in any gambling activity including the operation of a gambling device, in conducting a lottery or pool, in a game for money or property, or in selling or purchasing a numbers slip or ticket. However, this section does not preclude activities:
(a) Necessitated by an employee’s law enforcement duties; or
(b) Under section 7 of Executive Order 12293 (47 FR 12785, 3 CFR, 1982 Comp., p. 130) and similar TVA-approved activities.

§ 1300.103 General conduct prejudicial to TVA.

An employee shall not engage in criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct, or other conduct prejudicial to TVA.

§ 1300.104 Sexual harassment.

It is TVA policy that all TVA employees are responsible for assuring that the workplace is free from sexual harassment. Accordingly, all employees must avoid any action or conduct which could be viewed as sexual harassment including:
(a) Unwelcome sexual advances;
(b) Requests for sexual favors; and
(c) Other verbal or physical conduct of a sexual nature when:
(1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment;
(2) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
(3) Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile, or offensive working environment.

§ 1300.105 National origin harassment.

It is TVA policy that all TVA employees are responsible for assuring that the workplace is free from national origin harassment. Accordingly, all employees must avoid any action or conduct which could be viewed as national origin harassment, including ethnic slurs and other verbal or physical conduct relating to an individual’s national origin when such conduct:
(a) Has the purpose or effect of creating an intimidating, hostile, or offensive working environment;
(b) Has the purpose or effect of unreasonably interfering with an individual’s work performance; or
(c) Otherwise adversely affects an individual’s employment opportunities.

§ 1300.106 Harassment on the basis of race, color, religion, age, or disability.

It is TVA policy that all TVA employees are responsible for assuring that the workplace is free from harassment on the basis of race, color, religion, age, or disability. Accordingly, all employees must avoid any action or
conduct which could be viewed as harassment on these bases, including any verbal or physical conduct relating to an individual’s race, color, religion, age, or disability when such conduct:

(a) Has the purpose or effect of creating an intimidating, hostile, or offensive working environment;

(b) Has the purpose or effect of unreasonably interfering with an individual’s work performance; or

(c) Otherwise adversely affects an individual’s employment opportunities.

§ 1300.107 Financial interest exemptions.

In accordance with the provisions of 18 U.S.C. 208(b)(2), TVA has exempted the following financial interests of its employees from the requirements of 18 U.S.C. 208(a) upon the ground that such interests are too remote or too inconsequential to affect the integrity of such employees’ services. When any of the following exemptions applies only to a limited range of official actions, rather than all official acts, the range of actions will be specified within the language of the exemption.

(a) An investment in a business enterprise in the form of ownership of bonds, notes, and other evidences of indebtedness which are not convertible into shares of preferred or common stock and have no warrants attached entitling the holder to purchase stock provided that the estimated market value of the interest does not exceed $5,000;

(b) An investment in the form of shares in the ownership of enterprises, including preferred and common stocks whether voting or nonvoting, or warrants to purchase such shares, or evidences of indebtedness convertible into such shares provided that the estimated market value of the interest does not exceed $5,000 and does not exceed 1 percent of the estimated market value of all the outstanding shares of the enterprise;

(c) Shares or investments in a well-diversified money market or mutual fund;

(d) Vested interests in a pension fund arising out of former employment and to which no further contributions are being made in the employee’s behalf, provided that, if the pension plan is a defined benefit plan, the assets of the plan are diversified. For the purpose of this provision, payments are not considered to be made “in the employee’s behalf” if they are made solely to maintain adequate plan funding rather than to provide specific benefits for the employee; or

(e) The interest an employee has by virtue of his or her personal or family use of electric power or through his or her interests in an organization using electric power generated or distributed by TVA, for purposes of his or her official actions at TVA in the process of developing or approving TVA power rate schedules.

(a) This subpart contains the rules that TVA follows in processing requests for records under the Freedom of Information Act (FOIA), 5 U.S.C. 552. These rules should be read together with the FOIA, which provides additional information about access to records maintained by TVA. Requests made by individuals for records about themselves under the Privacy Act of 1974, 5 U.S.C. 552a, which are processed under subpart B of this part, are processed under this subpart also. Information routinely provided to the public as part of a regular TVA activity (for example, press releases) may be provided to the public without the need for a FOIA request under this subpart. As a matter of policy, TVA makes discretionary disclosures of records or information exempt from disclosure under the FOIA whenever disclosure would not foreseeably harm an interest protected by a FOIA exemption, but this policy does not create any right enforceable in court.

(b) Nothing in this subpart shall be construed to entitle any person, as of right, to any service or to the disclosure of any record to which such person is not entitled under the FOIA.

your request. For additional information about the FOIA, you may refer directly to the statute. If you are making a request for records about yourself, see Subpart B Privacy Act for additional requirements. If you are making a request for records about another individual, either a written authorization signed by that individual permitting disclosure of those records to you or proof that that individual is deceased (for example, a copy of a death certificate or an obituary) will help the processing of your request. Your request will be considered received as of the date it is received by the FOIA Officer. For the quickest possible handling, you should mark both your request letter and the envelope “Freedom of Information Act Request.”

(b) Descriptions of records sought. You must describe the records that you seek in enough detail to enable TVA personnel to locate them with a reasonable amount of effort. Whenever possible, your request should include specific information about each record sought, such as the date, title or name, author, recipient, and subject matter of the record. If known, you should include any file designations or descriptions for the records that you want. As a general rule, the more specific you are about the records or type of records that you want, the more likely TVA will be able to locate those records in response to your request. If TVA determines that your request does not reasonably describe records, you will be informed what additional information is needed or why your request is otherwise insufficient. TVA shall also give you an opportunity to discuss your request so that you may modify it to meet the requirements of this section. If your request does not reasonably describe the records you seek, the agency’s response to your request may be delayed.

(c) Agreement to pay fees. If you make a FOIA request, it shall be considered an agreement by you to pay all applicable fees charged under §1301.11, up to $25.00, unless you seek a waiver of fees. TVA’s FOIA Officer will confirm this agreement in an acknowledgement letter. When making a request, you may specify a willingness to pay a greater or lesser amount.

§ 1301.4 Responsibility for responding to requests.

(a) TVA’s FOIA Officer, or the FOIA Officer’s designee, is responsible for responding to all FOIA requests. In determining which records are responsive to a request, TVA will ordinarily include only records in its possession as of the date it begins its search for them. If any other date is used, the FOIA Officer shall inform the requester of that date.

(b) Authority to grant or deny requests. TVA’s FOIA Officer, or the FOIA Officer’s designee, is authorized to grant or deny any request for a TVA record.

(c) Consultations and referrals. When the FOIA Officer receives a request for a record in TVA’s possession, the FOIA Officer shall determine whether another agency of the Federal Government is better able to determine whether the record is exempt from disclosure under the FOIA and, if so, whether it should be disclosed as a matter of administrative discretion. If the FOIA Officer determines that TVA is not best able to process the record, the FOIA Officer shall either:

(1) Respond to the request regarding that record, after consulting with the agency best able to determine whether to disclose it and with any other agency that has a substantial interest in it; or

(2) Refer the responsibility for responding to the request regarding that record to the agency that originated the record (but only if that agency is subject to the FOIA). Ordinarily, the agency that originated a record will be presumed to be best able to determine whether to disclose it.

(d) Notice of referral. Whenever TVA refers all or any part of the responsibility for responding to a request to another agency, it ordinarily shall notify the requester of the referral and inform the requester of the name of each agency to which the request has been referred.
§ 1301.5 Timing of responses to requests.

(a) In general, TVA ordinarily shall respond to requests according to their order of receipt and placement in an appropriate processing track, as follows:

(b) Multi-track processing procedures. TVA has established three tracks for handling requests and the track to which a request is assigned will depend on the nature of the request and the estimated processing time, including a consideration of the number of pages involved. If TVA places a request in a track other than Track 1, it will advise requesters of the limits of its faster track(s). TVA may provide requesters in its tracks 2 and 3 with an opportunity to limit the scope of their requests in order to qualify for faster processing within the specified limits of TVA’s faster track(s). When doing so, TVA may contact the requester either by telephone, e-mail, or letter, whichever is most efficient in each case.

(1) Track 1. Requests that can be answered with readily available records or information. These are the fastest to process. These requests ordinarily will be responded to within 20 working days of receipt of a request by the FOIA Officer. The 20 working day time limit provided in this paragraph may be extended by TVA for unusual circumstances, as defined in paragraph (c) of this section, upon written notice to the person requesting the records.

(2) Track 2. Requests where we need records or information from other offices throughout TVA, where we must consult with other Governmental agencies, or when we must process a submitter notice as described in §1301.8(d), but we do not expect that the decision on disclosure will be as time consuming as for requests in Tract 3.

(3) Tract 3. Requests which require a decision or input from another office or agency, extensive submitter notifications because of the presence of Business Information as defined in §1301.8(b)(1), and a considerable amount of time will be needed for that, or the request is complicated or involves a large number of records. Usually, these cases will take the longest to process.

(c) Unusual circumstances. (1) Where the time limits for processing a request cannot be met because of unusual circumstances and TVA determines to extend the time limits on that basis, TVA shall as soon as practicable notify the requester in writing of the unusual circumstances and of the date by which processing of the request can be expected to be completed. Where the extension is for more than ten working days, TVA shall provide the requester with an opportunity either to modify the request so that it may be processed within the time limits or to arrange an alternative time period with TVA for processing the request or a modified request. As used in this paragraph, ‘unusual circumstances’ means, but only to the extent reasonably necessary to the proper processing of the particular requests:

(i) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(ii) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(iii) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest therein.

(2) When TVA reasonably believes that multiple requests submitted by a requester, or by a group of requesters acting in concert, constitute a single request that would otherwise involve
unusual circumstances, and the requests involve clearly related matters, they may be aggregated, as defined in §1301.10(h). Multiple requests by a requester involving unrelated matters will not be aggregated.

(d) **Expedited processing.** (1) Requests and appeals will be taken out of order and given expedited treatment whenever TVA determines that they involve:
   
   (i) Circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual;
   
   (ii) An urgency to inform the public about an actual or alleged federal government activity, if made by a person primarily engaged in disseminating information;
   
   (iii) The loss of substantial due process rights; or
   
   (iv) A matter of widespread and exceptional media interest in which there exist possible questions about the government's integrity which affect public confidence.

   (2) A request for expedited processing may be made at the time of the initial request for records or at any later time. For a prompt determination, a request for expedited processing must be sent to and received by TVA’s FOIA Officer.

   (3) A requester who seeks expedited processing must submit a statement, certified to be true and correct to the best of that person’s knowledge and belief, explaining in detail the basis for requesting expedited processing. For example, a requester within the category in paragraph (d)(1)(ii) of this section also must establish that he or she is a person whose main professional activity or occupation is information dissemination, though it need not be his or her sole occupation. A requester within the category in paragraph (d)(1)(ii) of this section also must establish a particular urgency to inform the public about the government activity involved in the request, beyond the public’s right to know about government activity generally. The formality of certification may be waived as a matter of administrative discretion.

   (4) Within ten calendar days of receipt of a request for expedited processing, TVA’s FOIA Officer shall decide whether to grant it and shall notify the requester of the decision. If a request for expedited treatment is granted, the request shall be given priority and shall be processed as soon as practicable. If a request for expedited processing is denied, any appeal of that decision shall be acted upon expeditiously.

§ 1301.6 Responses to requests.

(a) **Acknowledgements of requests.** On receipt of a request, the FOIA Officer ordinarily shall send an acknowledgement letter to the requester which shall confirm the requester’s agreement to pay fees under §1301.10 and provide an assigned request number for further reference.

(b) **Grants of requests.** Ordinarily, TVA shall have twenty business days from when a request is received to determine whether to grant or deny the request. Once TVA makes a determination to grant a request in whole or in part, it shall notify the requester in writing. The FOIA Officer shall inform the requester in the notice of any fee charged under §1301.10 and shall disclose records to the requester promptly on payment of any applicable fee, if the fee is equal to or more than $100. If the fee is less than $100, the FOIA officer shall disclose the records along with a statement of the fee. Records disclosed in part shall be marked or annotated to show the amount of information deleted unless doing so would harm an interest protected by an applicable exemption. The location of the information deleted also shall be indicated on the record, if technically feasible.

(c) **Adverse determinations of requests.** If TVA makes an adverse determination denying a request in any respect, they shall notify the requester of that determination in writing. Adverse determinations, or denials of requests, consist of: a determination to withhold any requested record in whole or in part; a determination that a requested record does not exist or cannot be located; a determination that a record is not readily reproducible in the form or
format sought by the requester; a determination that what has been requested is not a record subject to the FOIA; a determination on any disputed fee matter, including a denial of a request for a fee waiver; and a denial of a request for expedited treatment. The denial letter shall be signed by the FOIA Officer or the FOIA Officer’s designee, and shall include:

(1) The name and title or position of the person responsible for the denial;
(2) A brief statement of the reason(s) for the denial, including any FOIA exemption applied by TVA in denying the request;
(3) An estimate of the volume of records or information withheld, in number of pages or in some other reasonable form of estimation. This estimate does not need to be provided if the volume is otherwise indicated through deletions on records disclosed in part, or if providing an estimate would harm an interest protected by an applicable exemption; and
(4) A statement that the denial may be appealed under §1301.9 and a description of the requirements of §1301.9.

§ 1301.7 Exempt records.

(a) Records available. TVA’s records will be made available for inspection and copying upon request as provided in this section, except that records are exempt and are not made available if they are:

(1)(i) Specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and
(ii) Are in fact properly classified pursuant to such Executive order;
(2) Related solely to the internal personnel rules and practices of TVA;
(3) Specifically exempted from disclosure by statute;
(4) Trade secrets and commercial or financial information obtained from any person and privileged or confidential;
(5) Inter-agency or intra-agency memorandums or letters which would not be available by law to a private party in litigation with TVA, including without limitation records relating to control and accounting for special nuclear material and to the physical security plans for the protection of TVA’s nuclear facilities;
(6) Personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
(7) Records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information:
(i) Could reasonably be expected to interfere with enforcement proceedings,
(ii) Would deprive a person of a right to a fair trial or an impartial adjudication,
(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy,
(iv) Could reasonably be expected to disclose the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source,
(v) Would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or
(vi) Could reasonably be expected to endanger the life or physical safety of any individual;
(8) Contained in or related to examination, operation, or condition reports prepared by, on behalf of, or for the use of any agency responsible for the regulation or supervision of financial institution;
(9) Geological and geophysical information and data, including maps, concerning wells.

(b) The availability of certain classes of nonexempt records is deferred for such time as TVA may determine is reasonably necessary to avoid interference with the accomplishment of its statutory responsibilities. Such records
§ 1301.8 Business information.

(a) In general. Business information obtained by TVA from a submitter will be disclosed under the FOIA only under this section.

(b) Definitions. For purposes of this section:

(1) Business information means commercial or financial information obtained by TVA from a submitter that may be protected from disclosure under Exemption 4 of the FOIA.

(2) Submitter means any person or entity from whom TVA obtains business information, directly or indirectly. The term includes corporations; state and local governments; and foreign governments.

(c) Designation of business information. A submitter of business information will use good-faith efforts to designate, by appropriate markings, either at the time of submission or at a reasonable time thereafter, any portions of its submission that it considers to be protected from disclosure under Exemption 4 of the FOIA.

(d) Notice to submitters. TVA shall provide a submitter with prompt written notice of a FOIA request or administrative appeal that seeks its business information wherever required under paragraph (e) of this section, except as provided in paragraph (h) of this section, in order to give the submitter an opportunity to object to disclosure of any specified portion of that information under paragraph (f) of this section.

The notice shall either describe the business information requested or include copies of the requested records or record portions containing the information. When notification of a voluminous number of submitters is required, notification may be made by posting or publishing the notice in a place reasonably likely to accomplish notification of submitters.

(e) Where notice is required. Notice shall be given to a submitter wherever:

(1) The information has been designated in good faith by the submitter as information considered protected from disclosure under Exemption 4; or

(2) TVA has reason to believe that the information may be protected from disclosure under Exemption 4.

(f) Opportunity to object to disclosure. TVA will allow a submitter a reasonable time to respond to the notice described in paragraph (d) of this section. If a submitter has any objection to disclosure, it is required to submit a detailed written statement. The statement must specify all grounds for withholding any portion of the information under any exemption of the FOIA and, in the case of Exemption 4, it must show why the information is a trade secret or commercial or financial information that is privileged or confidential. In the event that a submitter fails to respond to the notice within the time specified in it, the submitter will be considered to have no objection to disclosure of the information. Information provided by the submitter that is not received by TVA until after its disclosure decision has been made shall not be considered by TVA. Information provided by a submitter under this paragraph may itself be subject to disclosure under the FOIA.

(g) Notice of intent to disclose. TVA shall consider a submitter’s objections and specific grounds for nondisclosure in deciding whether to disclose business information. Whenever TVA decides to disclose business information over the objection of a submitter, TVA shall give the submitter written notice, which shall include:

(1) A statement of the reason(s) why each of the submitter’s disclosure objections was not sustained;

(2) A description of the business information to be disclosed, and
(3) A specified disclosure date, which shall be a reasonable time subsequent to the notice.

(h) Exceptions to notice requirements. The notice requirements of paragraphs (d) and (g) of this section shall not apply if:

(1) TVA determines that the information should not be disclosed;

(2) The information lawfully has been published or has been officially made available to the public;

(3) Disclosure of the information is required by statute (other than the FOIA) or by applicable regulation; or

(4) The designation made by the submitter under paragraph (c) of this section appears obviously frivolous—except that, in such a case, the component shall, within a reasonable time prior to a specified disclosure date, give the submitter written notice of any final decision to disclose the information.

(i) Notice of FOIA lawsuit. Whenever a requester files a lawsuit seeking to compel the disclosure of business information, TVA shall promptly notify the submitter.

(j) Corresponding notice to requesters. Whenever TVA provides a submitter with notice and an opportunity to object to disclosure under paragraph (d) of this section, TVA shall also notify the submitter(s). Whenever TVA notifies a submitter of its intent to disclose requested information under paragraph (g) of this section, TVA shall also notify the requester(s). Whenever a submitter files a lawsuit seeking to prevent the disclosure of business information, TVA shall notify the requester(s).

§ 1301.10 Fees.

(a) In general, TVA shall charge for processing requests under the FOIA in accordance with paragraph (c) of this section, except where fees are limited under paragraph (d) of this section or where a waiver or reduction of fees is granted under paragraph (k) of this section. If the applicable fees are $100 or more, TVA ordinarily will collect all applicable fees before sending copies of requested records to a requester. If the applicable fees are less than $100, TVA ordinarily will bill the requester for the fees in the letter responding to the request and enclosing the requested records. Requesters must pay fees by check or money order made payable to the Tennessee Valley Authority.

(b) Definitions. For purposes of this section:

(1) Commercial use request means a request from or on behalf of a person who seeks information for a use or purpose that furthers his or her commercial, trade, or profit interests, which may include furthering those interests as you wish, as long as it clearly identifies the TVA determination (including the assigned request number, if known) that you are appealing. An adverse determination by the TVA FOIA Appeal Official will be the final action of TVA.

(b) Responses to appeals. The decision on your appeal will be made in writing within 20 days (excluding Saturdays, Sundays, and legal holidays) after an appeal is received. A decision affirming an adverse determination in whole or in part shall contain a statement of the reason(s) for the affirmance, including any FOIA exemption(s) applied, and will inform you of the FOIA provisions for court review of the decision. If the adverse determination is reversed or modified on appeal, in whole or in part, you will be notified in a written decision and your request will be reprocessed in accordance with that appeal decision.

(c) When appeal is required. If you wish to seek review by a court of any adverse determination, you must first appeal it under this section.

§ 1301.10 Fees.

through litigation. TVA shall determine, whenever reasonably possible, the use to which a requester will put the requested records. When it appears that the requester will put the records to a commercial use, either because of the nature of the request itself or because TVA has reasonable cause to doubt a requester's stated use, TVA shall provide the requester a reasonable opportunity to submit further clarification.

(2) **Direct costs** means those expenses that TVA actually incurs in searching for and duplicating (and, in the case of commercial use requests, reviewing) records to respond to a FOIA request. Direct costs include, for example, the salary of the employee performing the work (the basic rate of pay for the employee, plus 16 percent of that rate to cover benefits, unless the fee is a standard TVA fee as set forth in paragraph (c) of this section) and the cost of operating duplication machinery. Not included in direct costs are overhead expenses such as the costs of space and heating or lighting of the facility in which the records are kept.

(3) **Duplication** means the making of a copy of a record, or of the information contained in it, necessary to respond to a FOIA request. Copies can take the form of paper, microform, audiovisual materials, or electronic records (for example, magnetic tape or disk), among others. TVA shall honor a requester's specified preference of form or format of disclosure if the record is readily reproducible with reasonable efforts in the requested form or format.

(4) **Educational institution** means a preschool, a public or private elementary or secondary school, an institution of undergraduate higher education, an institution of graduate higher education, or an institution of professional education, or an institution of vocational education, that operates a program of scholarly research. To be in this category, a requester must show that the request is authorized by and is made under the auspices of a qualifying institution and that the records are not sought for commercial or private use, but are sought to further scholarly research.

(5) **Noncommercial scientific institution** means an institution that is not operated on a “commercial” basis, as that term is defined in paragraph (b)(1) of this section, and that is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry. To be in this category, a requester must show that the request is authorized by and is made under the auspices of a qualifying institution and that the records are not sought for a commercial or private use but are sought to further scientific research.

(6) **Representative of the news media, or news media requester**, means any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. In this subsection, the term “news” means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large and publishers of periodicals (but only in those instances where they can qualify as disseminators of “news”) who make their products available for purchase by or subscription by or free distribution to the general public. These examples are not all-inclusive. Moreover, as methods of news delivery evolve (for example, the adoption of the electronic dissemination of newspapers through telecommunications services), such alternative media shall be considered to be new media entities. For “freelance” journalists to be regarded as working for a news organization, they must demonstrate a solid basis for expecting publication through that organization. A publication contract would be the clearest proof, but TVA shall also look to the past publication record of a requester in making this determination. To be in this category, a requester must not be seeking the requested records for a commercial or private use. However, a request for records supporting the news-dissemination function of the requester shall not be considered to be for a commercial use.

(7) **Review** means the examination of a record located in response to a request in order to determine whether
any portion of it is exempt from disclosure. It also includes processing any record for disclosure—for example, doing all that is necessary to redact it and prepare it for disclosure. Review costs are recoverable even if a record ultimately is not disclosed. Review time includes time spent considering any formal objection to disclosure made by a business submitter under §1301.8, but does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(8) Search means the process of looking for and retrieving records or information responsive to a request. It includes page-by-page or line-by-line identification of information within records and also includes reasonable efforts to locate and retrieve information from records maintained in electronic form or format. TVA shall ensure that searches are done in the most efficient and least expensive manner reasonably possible. For example, TVA shall not search line-by-line where duplicating an entire document would be quicker and less expensive.

(c) Fees. In responding to a FOIA request, TVA shall charge the following fees unless a waiver or reduction of fees has been granted under paragraph (k) of this section:

(1) Search time charges for other than computer searches. For time spent by clerical employees in searching files, the charge is $14.90 per hour. For time spent by supervisory and professional employees, the charge is $34.30 per hour.

(2) Duplication charges. For photocopy static reproduction of requested material which consists of sheets no larger than 8 1/2 by 14 inches, the charge is 10 cents per page. For copies produced by computer, such as tapes or printouts, TVA will charge the direct costs, including operator time, of producing the copy. For other forms of duplication, TVA will charge the direct cost of that duplication.

(3) Review charges. Review fees will be charged to requesters who make a commercial use request. Review fees will be charged only for the initial record review—in other words, the review done when TVA determines whether an exemption applies to a particular record or record portion at the initial request level. No charge will be made for review at the administrative appeal level for an exemption already applied. However, record or record portions withheld under an exemption that is subsequently determined not to apply may be reviewed again to determine whether any other exemption not previously considered applies; the costs of that review are chargeable where it is made necessary by a change of circumstances. Review fees will be charged at the same rates as those charged for a search under paragraph (c)(1) of this section.

(d) Limitations on charging fees. (1) No search fee will be charged for requests by educational institutions, non-commercial scientific institutions, or representatives of the news media.

(2) No search fee or review fee will be charged for a quarter-hour period unless more than half of that period is required for search or review.

(3) Except for requesters seeking records for a commercial use, TVA will provide the following without charge:

(i) The first 100 pages of duplication (or the cost equivalent); and

(ii) The first two hours of search (or the cost equivalent).

(4) No fee is charged to any requester if the cost of collecting the fee would be equal to or greater than the fee itself.

(5) The provisions of paragraphs (d)(3) and (4) of this section work together. This means that for requesters other than those seeking records for a commercial use, no fee will be charged unless the cost of search in excess of two hours plus the cost of duplication in excess of 100 pages is equal to or greater than the fee itself.

(e) Notice of anticipated fees in excess of $25.00. When TVA determines or estimates that the fees to be charged under this section will amount to more than $25.00, TVA shall notify the requester of the actual or estimated amount of the fees, unless the requester has indicated a willingness to pay fees as high as those anticipated. If only a portion of the fee can be estimated readily, TVA shall advise the requester that the estimated fee may be only a portion of the total fee. In cases in which
a requester has been notified that actual or estimated fees amount to more than $25.00, the request shall not be considered received and further work shall not be done on it until the requester agrees to pay the anticipated total fee. Any such agreement should be documented in writing. A notice under this paragraph will offer the requester an opportunity to discuss the matter with TVA personnel in order to reformulate the request to meet the requester’s needs at a lower cost.

(f) Charges for other services. Apart from the other provisions of this section, when TVA chooses as a matter of administrative discretion to provide a special service—such as certifying that records are true copies or sending them by other than ordinary mail—the direct costs of providing the service ordinarily will be charged.

(g) Charging interest. TVA may charge interest on any unpaid bill starting on the 31st day following the date of billing the requester. Interest charges will be assessed at the rate provided in 31 U.S.C. 3717 and will accrue from the date of the billing until payment is received by TVA.

(h) Aggregating requests. When TVA reasonably believes that a requester or a group of requesters acting together is attempting to divide a request into a series of requests for the purpose of avoiding fees, TVA may aggregate those requests and charge accordingly. TVA may presume that multiple requests of this type made within a 30-day period have been made in order to avoid fees. Where requests are separated by a longer period, TVA will aggregate them only where there exists a solid basis for determining that aggregation is warranted under all of the circumstances involved. Multiple requests involving unrelated matters will not be aggregated.

(i) Advance payments. (1) For requests other than those described in paragraphs (i)(2) and (3) of this section, TVA shall not require the requester to make an advance payment—in other words, a payment made before work is begun or continued on a request. Payment owed for work already completed (i.e., a prepayment before copies are sent to a requester) is not an advance payment.

(2) Where TVA determines or estimates that a total fee to be charged under this section will be more than $250.00, it may require the requester to make an advance payment of an amount up to the amount of the entire anticipated fee before beginning to process the request, except where it receives a satisfactory assurance of full payment from a requester that has a history of prompt payment.

(3) Where a requester has previously failed to pay a properly charged FOIA fee to TVA or another agency within 30 days of the date of billing, TVA may require the requester to pay the full amount due, plus any applicable interest, and to make an advance payment of the full amount of any anticipated fee, before TVA begins to process a new request or continues to process a pending request from that requester.

(4) In cases in which TVA requires advance payment or payment due under paragraph (i)(2) or (3) of this section, the request shall not be considered received and further work will not be done on it until the required payment is received.

(j) Other fees for TVA published materials. The fee schedule of this section does not apply to fees charged by TVA for documents, including maps or reports and the like, which TVA sells to the public at established prices. Where records responsive to requests are maintained for distribution and sale by TVA at established prices, TVA will inform requesters of the steps for obtaining records from those sources so that they may do so most economically.

(k) Waiver or reduction of fees. (1) Records responsive to a request will be furnished without charge or at a charge reduced below that established under paragraph (c) of this section, where TVA determines, based on all available information, that the requester has documented that:

(i) Disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government, and

(ii) Disclosure of the information is not primarily in the commercial interest of the requester.
(2) To determine whether the first fee waiver requirement is met, TVA will consider the following factors:
   (i) The subject of the request: Whether the subject of the requested records concerns “the operations or activities of the government.” The subject of the requested records must concern identifiable operations or activities of the federal government, with a connection that is direct and clear, not remote or attenuated.
   (ii) The informative value of the information to be disclosed: Whether the disclosure is “likely to contribute” to an understanding of government operations or activities. The disclosable portions of the requested records must be meaningfully informative about government operations or activities in order to be “likely to contribute” to an increased public understanding of those operations or activities. The disclosure of information that already is in the public domain, in either a duplicative or a substantially identical form, would not be as likely to contribute to such understanding where nothing new would be added to the public’s understanding.
   (iii) The contribution to an understanding of the subject by the public likely to result from disclosure: Whether disclosure of the requested information will contribute to “public understanding.” The disclosure must contribute to the understanding of a reasonably broad audience of persons interested in the subject, as opposed to the individual understanding of the requester. A requester’s expertise in the subject area and ability and intention to effectively convey information to the public shall be considered. It shall be presumed that a representative of the news media will satisfy this consideration.
   (iv) The significance of the contribution to public understanding: Whether the disclosure is likely to contribute “significantly” to public understanding of government operations or activities. The public’s understanding of the subject in question, as compared to the level of public understanding existing prior to the disclosure, must be enhanced by the disclosure to a significant extent. TVA shall not make value judgments about whether information that would contribute significantly to public understanding of the operations or activities of the government is “important” enough to be made public.
(3) To determine whether the second fee waiver requirement is met, TVA will consider the following factors:
   (i) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure. TVA shall consider any commercial interest of the requester (with reference to the definition of “commercial use” in paragraph (b) (1) of this section), or of any person on whose behalf the requester may be acting, that would be furthered by the requested disclosure. Requesters shall be given an opportunity in the administrative process to provide explanatory information regarding this consideration.
   (ii) The primary interest in disclosure: Whether any identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is “primarily in the commercial interest of the requester.” A fee waiver or reduction is justified where the public interest standard is satisfied and that public interest is greater in magnitude than that of any identified commercial interest in disclosure. TVA ordinarily shall presume that where a news media requester has satisfied the public interest standard, the public interest will be the interest primarily served by disclosure to that requester. Disclosure to data brokers or others who merely compile and market government information for direct economic return shall not be presumed to primarily serve the public interest.
(4) Where only some of the requested records satisfy the requirements for a waiver of fees, a waiver shall be granted for those records.
(5) Requests for the waiver or reduction of fees should address the factors listed in paragraphs (k) (2) and (3) of this section, insofar as they apply to each request. TVA will exercise their
discretion to consider the cost-effectiveness of their investment of administrative resources in this decision-making process, however, in deciding to grant waivers or reductions of fees.

Subpart B—Privacy Act

§ 1301.11 Purpose and scope.

(a) The regulations in §§1301.11 to 1301.24 implement section 3 of the Privacy Act of 1974, 5 U.S.C. 552a, with respect to systems of records maintained by TVA. They provide procedures by which an individual may exercise the rights granted by the Act to determine whether a TVA system contains a record pertaining to him; to gain access to such records; to have a copy made of all or any portion thereof; and to request administrative correction or amendment of such records. They prescribe fees to be charged for copying records; establish identification requirements; list penalties provided by statute for certain violations of the Act; and establish exemptions from certain requirements of the Act for certain TVA systems or components thereof.

(b) Nothing in §§1301.11 to 1301.24 entitles an individual to any access to any information or record compiled in reasonable anticipation of a civil action or proceeding.

(c) Certain records of which TVA may have physical possession are the official records of another government agency which exercises dominion and control over the records, their content, and access thereto. In such cases, TVA’s maintenance of the records is subject to the direction of the other government agency. Except for a request for a determination of the existence of the record, when TVA receives requests related to these records, TVA will immediately refer the request to the controlling agency for all decisions regarding the request, and will notify the individual making the request of the referral.

§ 1301.13 Procedures for requests pertaining to individual records in a record system.

(a) An individual may, in accordance with this section (1) request a TVA determination whether a record retrieved by the individual's name or other personal identifier is maintained in a TVA system, and (2) request access to such a record. A request for determination may be combined with a request for access.

(b) Requests under this section shall:

(1) Be in writing and signed by the individual seeking the determination or access;
(2) Include the individual’s mailing address;
(3) Name the TVA system as listed in the TVA system notice;
(4) Include any additional identifying information specified in the paragraph headed “Notification procedure” in the applicable TVA system notice;
(5) Specify whether the request is for determination only or for both determination and access; and
(6) Include such proof of identity as may be required by §1301.14 and the applicable system notice.

Requests may be presented in person or by mail. In-person requests shall be presented during normal TVA business hours, as set out in §1301.14(g).

(c) Requests for determination only shall be presented to the official designated in the paragraph headed “Notification procedure” in the TVA system notice for the TVA system concerned.

Requests for both determination and access shall be presented to the official designated in the paragraph headed “Access procedure” in the TVA system notice for the TVA system concerned. Certain TVA system notices designate officials at field locations of TVA systems. With respect to such TVA systems, an individual who believes his record is located at the field location may present a request to the designated official at the field location. If the record is not available at that field location, the request will be forwarded to the appropriate TVA office.

(d) If a request is for determination only, the determination will normally be made within 10 days after receipt of the request. If the determination cannot be made within 10 days after receipt of a request, the designated official will acknowledge the request in writing and state when the determination will be made. Upon making a determination, the designated official will notify the individual making the request whether the record exists. The notice will include any additional information necessary to enable the individual to request access to the record.

(e) A request which includes a request for access will be acknowledged within 10 days after receipt. If access can be granted as requested, the acknowledgment will provide a time and place for disclosure of the requested record. Disclosure will normally be made within 30 days of the date of the acknowledgement, but the designated official may extend the 30-day period for reasons found by him to be good cause. In case of an extension, TVA will notify the individual, in writing, that disclosure will be delayed, the reasons for delay, and the anticipated date on which the individual may expect the record to be disclosed. TVA will attempt to accommodate reasonable requests for disclosure at specified times and dates, as set forth in a request for access, so far as compatible with the conduct of TVA business.

§ 1301.14 Times, places, and requirements for identification of individuals making requests.

(a) TVA will require proof of identity, in accordance with this section,
§ 1301.15 Disclosure of requested information to individuals.

(a) All disclosure and examination of records shall normally be made in the presence of a TVA representative. If an individual wishes to be accompanied by a third person of the individual’s choosing when the record is disclosed, TVA may require the individual to furnish TVA, in advance of disclosure of the record, a statement signed by the individual authorizing discussion and disclosure of the record in the presence of the accompanying person. If desired by the individual, TVA shall provide copies of any documents reviewed in the record which are requested at the time of review. Fees shall be charged for such copies in accordance with the fee schedule in §1301.21, and shall be payable prior to delivery of the copies to the individual.

(b) Where permitted by §1301.14, copies of an individual’s record will be made available by mail. A charge for copies will be made in accordance with §1301.21 of this part. All fees due shall be paid prior to mailing of the materials. However, if TVA is unable to allow in-person review of the record,

the first copy will be made available without charge.

§ 1301.16 Special procedures—medical records.

If, in the judgment of TVA, the transmission of medical records, including psychological records, directly to a requesting individual could have an adverse effect upon such individual, TVA may refuse to disclose such information directly to the individual. TVA will, however, disclose this information to a licensed health care provider or legal representative designated by the individual in writing who should then provide the records to the individual along with any necessary interpretations.

§ 1301.17 Requests for correction or amendment of record.

(a) An individual may request amendment of records pertaining to him in a TVA system to the extent permitted by the Act in accordance with this section. A request for amendment shall:
(1) Be in writing and signed by the individual seeking the amendment;
(2) Name the TVA system in which the record is maintained;
(3) Describe the item or items of information to be amended;
(4) Describe the nature of the amendment requested; and
(5) Give the reasons for the requested change.

(b) Requests shall be made to the official designated in the paragraph headed “Contesting record procedures” in the TVA system notice for the TVA system concerned. Before considering a request, TVA may require proof of identity of the requester similar to that required under §1301.14 to gain access to the record.

(c) The individual requesting amendment has the responsibility of providing TVA with evidence of why his record should be amended, and must provide adequate evidence to TVA to justify his request.

(d) The provisions of §§1301.11 to 1301.24 of this part do not permit the alteration of evidence presented or to be presented in the course of judicial or administrative proceedings; neither do they permit collateral attack on a prior judicial or administrative action, or provide a collateral remedy for a matter otherwise judicially or administratively cognizable.

§ 1301.18 TVA review of request for correction or amendment of record.

(a) TVA will acknowledge a request for amendment within 10 days of receipt. The acknowledgement will be in writing, will request any additional information TVA requires to determine whether to make the requested correction or amendment, and will indicate the date by which TVA expects to make its initial determination.

(b) TVA will, except in unusual circumstances, complete its consideration of requests to amend records within 30 days. If more time is deemed necessary, TVA will notify the individual of the delay and of the expected date of completion of the review.

(c) If TVA determines that a record should be corrected or amended, in whole or in part, in accordance with a request, it will advise the requesting individual in writing of its determination, and correct or amend the record accordingly. If an accounting of disclosures has been made, TVA will, to the extent of the accounting, inform prior recipients of the record of the fact that the correction was made and the substance of the correction.

(d) If TVA, after initial consideration of a request, determines that a record should not be corrected or amended, in whole or in part, in accordance with a request, it will notify the individual in writing of its refusal to amend the record and the reasons therefor. The notification will inform the individual that the refusal may be appealed administratively and will advise the individual of the procedures for such appeals.

§ 1301.19 Appeals on initial adverse agency determination on correction or amendment.

(a) An individual may appeal an initial determination refusing to amend that individual’s record in accordance with this section. An appeal must be
taken within 20 days of receipt of notice of TVA’s initial refusal to amend the record and is taken by delivering a written notice of appeal to the Privacy Act Reviewing Official, Tennessee Valley Authority, Knoxville, Tennessee 37902–1401. Such notice shall be signed by the appellant and shall state:

(1) That it is an appeal from a denial of a request to amend the individual’s records under these regulations and under the Privacy Act of 1974;

(2) The reasons why the appellant believes the denial to have been erroneous;

(3) The date on which the denial was issued; and

(4) The date on which the denial was received by the appellant.

(b) Appeals shall be determined by a reviewing official. Such determination may be based on information provided for the initial determination; any additional information which TVA or the appellant may desire to provide; and any other material the reviewing official deems relevant to the determination. The reviewing official, in his sole discretion, may request TVA or the appellant to provide additional information deemed relevant to the appeal. The appellant will be given an opportunity to respond to any information provided by TVA or independently procured by the reviewing official. If in the sole discretion of the reviewing official a hearing is deemed necessary for resolution of the appeal, the reviewing official may conduct a hearing upon notice to TVA and the appellant, at which both TVA and the appellant shall be afforded an opportunity to be heard on the appeal. The rules governing any hearing will be set forth in the notice of hearing.

(c) The reviewing official shall make final determination on the appeal within 30 days after it is received unless such period is extended for good cause. If the reviewing official finds good cause for an extension, TVA will inform the appellant in writing of the reason for the delay and of the approximate date on which the reviewing official expects to complete his determination of the appeal.

(d) If the reviewing official determines that a record should be amended in whole or in part in accordance with an appellant’s request, TVA will inform the appellant in writing of its determination and correct or amend the record. If an accounting of disclosures has been made, TVA will, to the extent of the accounting, inform prior recipients of the record of the fact that the correction was made and of the substance of the correction.

(e) If the reviewing official determines not to amend a record, in whole or in part, in accordance with a request, TVA will advise the individual:

(1) Of its refusal to amend and the reasons therefor;

(2) Of the appellant’s right to file a concise statement of reasons for disagreement with the refusal as set out in paragraph (f) of this section;

(3) Of the procedures for filing a statement of disagreement:

(4) That any statement of disagreement will be made available to anyone to whom the record is subsequently disclosed together with any statement by TVA summarizing its reasons for refusing to amend the record;

(5) That prior recipients of the disputed record will be provided a copy of any statement of dispute to the extent that an accounting of disclosures was maintained; and

(6) Of his or her right to seek judicial review of the agency’s refusal to amend a record.

(f) If the reviewing official’s final determination of an appeal is a refusal to correct or amend a record, in whole or in part, in accordance with the request, the appellant may file with TVA a concise statement setting forth the reasons for his or her disagreement with the refusal of TVA to amend the records. Such statements normally should not exceed 100 words. A statement of disagreement should be submitted within 30 days of receipt of notice of the reviewing official’s decision on the appeal, and should be sent to system manager. In any disclosure containing information about which the individual has filed a statement of disagreement which occurs after the filing of the statement, TVA will clearly note any portion of the record which is disputed and provide copies of the statement with the disclosure. Copies of the statement will also be furnished to persons or other agencies to whom the

Individuals may not have access to records maintained by TVA but which were provided by another agency which has determined by regulation that such information is subject to general exemption under 5 U.S.C. 552a(j). For any further information concerning the record and the exemption, the individual must contact that source agency.

§ 1301.22 Penalties.

Section 552a(i), Title 5, United States Code provides that:

If an earlier date is so established, TVA shall make such public announcement at the earliest practicable time.
(c) Following a public announcement required by paragraph (a) of this section, the time or place of the meeting may be changed only if TVA publicly announces the change at the earliest practicable time. The subject matter of a meeting or the determination to open or close a meeting or portion of a meeting to the public may be changed following the public announcement required by paragraph (a) of this section only if a majority of the entire membership determines by a recorded vote that TVA business so requires and that no earlier announcement of the change was possible and if TVA publicly announces such change and the vote of each member upon such change at the earliest, practicable time.

Except in a case where the Board finds that the public interest requires otherwise, the second sentence of § 1301.43 shall not apply to any portion of a meeting and such portion may be closed to the public, and the requirements of §§ 1301.44 and 1301.45(a), (b), and (c) shall not apply to any information pertaining to such meeting otherwise required by this subpart to be disclosed to the public, where the Board properly determines that such portion or portions of its meeting or the disclosure of such information is likely to:

(a) Disclose matters that are (1) specifically authorized under criteria established by an Executive order to be kept secret in the interests of national defense or foreign policy and (2) in fact properly classified pursuant to such Executive order;

(b) Relate solely to the internal personnel rules and practices of an agency;

(c) Disclose matters specifically exempted from disclosure by statute (other than 5 U.S.C. 552), provided that such statute (1) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (2) establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(d) Disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(e) Involve accusing any person of a crime, or formally censuring any person;

(f) Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(g) Disclose investigatory records compiled for law enforcement purposes, or information which if written would be contained in such records, but only to the extent that the production of such records or information would:

(1) Interfere with enforcement proceedings,

(2) Deprive a person of a right to a fair trial or an impartial adjudication,

(3) Constitute an unwarranted invasion of personal privacy.

(4) Disclose the identity of a confidential source and, in the case of a record compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, confidential information furnished only by the confidential source.

(5) Disclose investigative techniques and procedures, or

(6) Endanger the life or physical safety of law enforcement personnel;

(b) Disclose information contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of any agency responsible for the regulation or supervision of financial institutions;

(1) Disclose information the premature disclosure of which would:

(1) In the case of any agency which regulates currencies, securities, commodities, or financial institutions, be likely to (i) lead to significant financial speculation in currencies, securities, or commodities, or (ii) significantly endanger the stability of any financial institution; or

(2) In the case of any agency, be likely to significantly frustrate implementation of a proposed agency action, except that this provision shall not apply in any instance where the agency has already disclosed to the public the content or nature of its proposed action, or where the agency is required by law to make such disclosure on its own initiative prior to taking final action on such proposal; or

(j) Specifically concern an agency’s issuance of a subpoena, or its participation in a civil action or proceeding, an action in a foreign court or international tribunal, or an arbitration, or the initiation, conduct, or disposition by an agency of a particular case of formal agency adjudication pursuant to the procedures in 5 U.S.C. 554 or otherwise involving a determination on the record after opportunity for a hearing.

§ 1301.47 Transcripts of closed meetings.

(a) For every meeting closed pursuant to §1301.46, the presiding officer of the meeting shall prepare a statement setting forth the time and place of the meeting, and the persons present, and such statement shall be retained by TVA.

(b) TVA shall maintain a complete transcript or electronic recording adequate to record fully the proceedings of each meeting, or portion of a meeting, closed to the public, except that in the case of a meeting, or portion of a meeting, closed to the public pursuant to paragraph (h), (i)(1), or (j) of §1301.46, TVA shall maintain either such a transcript or recording, or a set of minutes. Such minutes shall fully and clearly describe all matters discussed and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any rollover vote (reflecting the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

(c) TVA shall maintain a complete verbatim copy of the transcript, a complete copy of the minutes, or a complete electronic recording of each meeting, or portion of a meeting, closed to the public, for a period of at least two years after such meeting, or until one year after the conclusion of any TVA proceeding with respect to which the meeting or portion was held, whichever occurs later.

§ 1301.48 Public availability of transcripts and other documents.

(a) Public announcements of meetings pursuant to §1301.44, written copies of votes to change the subject matter of meetings made pursuant to §1301.44(c), written copies of votes to close meetings and explanations of such closings made pursuant to §1301.45(c), and certifications of the General Counsel made pursuant to §1301.45(d) shall be available for public inspection during regular business hours in the TVA Research Library, 400 W. Summit Hill Drive, Knoxville, Tennessee 37902–1401.

(b) TVA shall make promptly available to the public at the location described in paragraph (a) of this section the transcript, electronic recording, or minutes (as required by §1301.47(b)) of the discussion of any item on the agenda, or of any item of the testimony of
any witness received at the meeting, except for such item or items of such discussion or testimony as TVA determines to contain information which may be withheld under §1301.46. Each request for such material shall be made to the Manager, Media Relations, Tennessee Valley Authority, Knoxville, Tennessee 37902-1499; state that it is a request for records pursuant to the Government in the Sunshine Act and this subpart; and reasonably describe the discussion or item of testimony, and the date of the meeting, with sufficient specificity to permit TVA to identify the item requested.

(c) In the event the person making a request under paragraph (b) of this section has reason to believe that all transcripts, electronic recordings, or minutes or portions thereof requested by that person and required to be made available under paragraph (b) of this section were not made available, the person shall make a written request to the Senior Manager, Media Relations, for such additional transcripts, electronic recordings, or minutes or portions thereof as that person believes should have been made available under paragraph (b) of this section and shall set forth in the request the reasons why such additional material is required to be made available with sufficient particularity for the Senior Manager, Media Relations, to determine the validity of such request. Promptly after a request pursuant to this paragraph is received, the Senior Manager, Media Relations, or his/her designee shall make a determination as to whether to comply with the request, and shall immediately give written notice of the determination to the person making the request. If the determination is to deny the request, the notice to the person making the request shall include a statement of the reasons for the denial and a notice of the person’s right to judicial review of the denial.

(d) If the determination pursuant to paragraph (c) of this section is to deny the request, the person making the request may appeal such denial to TVA’s Senior Vice President, Communications. Such an appeal must be taken within 30 days after the person’s receipt of the determination by the Senior Manager, Media Relations, and is taken by delivering a written notice of appeal to the Senior Vice President, Communications, Tennessee Valley Authority, Knoxville, Tennessee 37902-1401. Such notice shall include a statement that it is an appeal from a denial of a request under §1301.48(c) and the Government in the Sunshine Act and shall indicate the date on which the denial was issued and the date on which the denial was received by the person making the request. Promptly after such an appeal is received, TVA’s Senior Vice President, Communications, or the Senior Vice President’s designee shall make a final determination on the appeal. In making such a determination, TVA will consider whether or not to waive the provisions of any exemption contained in §1301.46. TVA shall immediately give written notice of the final determination to the person making the request. If the final determination on the appeal is to deny the request, the notice to the person making the request shall include a statement of the reasons for the denial and a notice of the person’s right to judicial review of the denial.

(e) Copies of materials available for public inspection under this section shall be furnished to any person at the actual cost of duplication or transcription.

All such documents should be delivered in person or by United States mail to the Office of the General Counsel, Tennessee Valley Authority, 400 W. Summit Hill Drive, Knoxville, Tennessee 37902.

(b) **Time limit for serving demands.** The demand must be served at least 30 days prior to the scheduled date of testimony or disclosure of records, in order to ensure that the General Counsel has adequate time to consider the demand and prepare a response, except in cases of routine requests for personnel and payroll records located on-site in Knoxville, where service 15 days prior will normally be considered sufficient. The General Counsel may, upon request and for good cause shown, waive the requirement of this paragraph.

1. The demand must be in writing and submitted to the General Counsel.

   (iii) If testimony is sought, a description of the intended use of the testimony, a detailed description of how the testimony sought is relevant to the issues in the legal proceeding, and a specific description of the substance of the testimony sought.
   (iv) A statement as to how the need for the information outweighs any need to maintain the confidentiality of the information and outweighs the burden on TVA to produce the documents or testimony.
   (v) A statement indicating that the information sought is not available from another source, from other persons or entities, or from the testimony of someone other than a TVA employee, such as a retained expert.
   (vi) The name, address, and telephone number of counsel to each party in the case.

(d) Additional information. TVA reserves the right to require additional information to complete the request where appropriate or to waive any of the requirements of this section at its sole discretion.

§ 1301.55 Responding to demands.

Generally, authorization to provide the requested material or testimony shall not be withheld unless their disclosure is prohibited by law or for other compelling reasons, provided the request is reasonable and in compliance with the requirements of this part, and subject to the following conditions:

(a) Demands for testimony. TVA’s practice is to provide requested testimony of TVA employees by affidavit only, TVA will provide affidavit testimony in response to demands for such testimony, provided all requirements of this part are met and there is no compelling factor under paragraph (c) of this section that requires the testimony to be withheld. The General Counsel may waive this restriction when necessary.

(b) Demands for production of records or official information. TVA’s practice is to provide requested records or official information, provided all requirements of this part are met and there is no compelling factor under paragraph (c) of this section that requires the records or official information to be withheld.

(c) Factors to be considered in determining whether requested testimony or records or official information must be withheld. The General Counsel shall consider the following factors, among others, in deciding whether requested testimony or materials must be withheld:

   (1) Whether production is appropriate in light of any relevant privilege;
   (2) Whether production is appropriate under the applicable rules of discovery or the procedures governing the case or matter in which the demand arose;
   (3) Whether the material requested is relevant to the matter at issue;
   (4) Whether allowing such testimony or production of records would be necessary to prevent a miscarriage of justice;
   (5) Whether disclosure would violate a statute, Executive Order, or regulation, including, but not limited to, the Privacy Act of 1974, as amended, 5 U.S.C. 552a;
   (6) Whether disclosure would impede or interfere with an ongoing law enforcement investigation or proceeding, or compromise constitutional rights or national security interests;
   (7) Whether disclosure would improperly reveal trade secrets or proprietary confidential information without the owner’s consent;
   (8) Whether disclosure would unduly interfere with the orderly conduct of TVA’s functions;
   (9) Whether the records or testimony can be obtained from other sources;
   (10) Whether disclosure would result in TVA appearing to favor one litigant over another;
(11) Whether the demand or request is within the authority of the party making it; and
(12) Whether a substantial Government interest is implicated.

(d) Restrictions on testimony or production of records or official information. When necessary or appropriate, the General Counsel may impose restrictions or conditions on the production of testimony or records or official information. These restrictions may include, but are not limited to:
(1) Limiting the area of testimony;
(2) Requiring that the requester and other parties to the legal proceeding agree to keep the testimony under seal;
(3) Requiring that the testimony be used or made available only in the legal proceeding for which it was requested;
(4) Requiring that the parties to the legal proceeding obtain a protective order or execute a confidentiality agreement to limit access and any further disclosure of produced records or official information.

(e) Fees for Production. Fees will be charged for production of TVA records and information. The fees will be the same as those charged by TVA pursuant to its Freedom of Information Act regulations, 16 CFR 1301.10.

§ 1301.56 Final determination.

The General Counsel makes the final determination whether a demand for testimony or production of records or official testimony in a legal proceeding in which TVA is not a party shall be granted. All final determinations are within the sole discretion of the General Counsel. The General Counsel will notify the requesting party and, when necessary, the court or other authority of the final determination, the reasons for the grant or denial of the request, and any conditions that the General Counsel may impose on the production of testimony or records or official information.

§ 1301.57 Waiver.

1. The request describes the documents or material containing the information with sufficient specificity to enable TVA to locate it with a reasonable amount of effort. Requests with insufficient description of the material will be returned to the requester for further information.

2. The information requested is not the subject of pending litigation.

§ 1302.5 Assurances required.

(a) TVA contributes financial assistance only under agreements which contain a provision which specifically requires compliance with this part in programs or activities receiving Federal financial assistance from TVA. If the financial assistance involves the furnishing of real property, the agreement shall obligate the recipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property is used for a purpose for which the financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where the property is obtained by transfer from TVA, the transferee shall agree to include such a covenant in any subsequent transfer of such property. Where no transfer of property is involved, but property is improved with Federal financial assistance, the recipient shall agree to include such a covenant in any subsequent transfer of such property. Where the property is obtained by transfer from TVA, the covenant against discrimination may also include a condition coupled with a right to be reserved by TVA to revert title to the property in the event of a breach of the covenant where, in the discretion of TVA, such a condition and right of reverter is appropriate to the statute under which the real property is obtained and to the nature of the grant and the grantee. In such event if a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on such property for the purposes for which the property was transferred, TVA may agree, upon request of the transferee and if necessary to accomplish such financing, and upon such conditions as it deems appropriate, to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

(b) In all other cases the agreement shall obligate the recipient for the period during which financial assistance is extended pursuant to the agreement. TVA shall specify the form of the foregoing agreements, and the extent to which an agreement shall be applicable to subgrantees, contractors and subcontractors, transferees, successors in interest, and other participants.

§ 1302.6 Compliance information.

(a) Cooperation and assistance. TVA shall to the fullest extent practicable seek the cooperation of recipients in obtaining compliance with this part
and shall provide assistance and guidance to recipients to help them comply voluntarily with this part.

(b) Compliance reports. Each recipient shall keep such records and submit to TVA timely, complete and accurate compliance reports at such times, and in such form and containing such information, as TVA may determined to be necessary to enable it to ascertain whether the recipient has complied or is complying with this part. In the case in which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

(c) Access to sources of information. Each recipient shall permit access by TVA during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person and this agency, institution or person shall fail or refuse to furnish this information, the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information.

(d) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program for which the recipient receives financial assistance, and make such information available to them in such manner as TVA finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.

Information collection requirements appearing in §1302.6 were approved by the Office of Management and Budget under control number 3316–0077.

§1302.7 Compliance reviews and conduct of investigations.

(a) Preaward compliance reviews. (1) Prior to approval of financial assistance, TVA will make a determination as to whether the proposed recipient is in compliance with Title VI and the requirements of this part with respect to a program or activity for which it is seeking Federal financial assistance from TVA. The basis for such a determination shall be submission of an assurance of compliance and a review of the data and information submitted by the proposed recipient, any relevant compliance review reports on file with TVA, and any other information available to TVA. Where a determination cannot be made from this data, TVA will require the submission of necessary additional information and may take additional steps. Such additional steps may include, for example, communicating with local government officials, protected class organizations, and onsite reviews.

(2) No proposed recipient shall be approved unless it is determined that the proposed recipient is in compliance with Title VI and this part or has agreed in writing to take necessary specified steps within a stated period of time to come into compliance with Title VI and this part. Such an agreement must be approved by TVA and made a part of the conditions of the agreement under which the financial assistance is provided.

(3)(i) Where TVA finds that a proposed recipient may not be in compliance with Title VI and this part or has agreed in writing to take necessary specified steps within a stated period of time to come into compliance with Title VI and this part, TVA shall notify the proposed recipient and the Assistant Attorney General for Civil Rights in writing of:

(A) The preliminary findings setting forth the alleged noncompliance;

(B) Suggested actions for correcting the alleged noncompliance; and

(C) The fact that the proposed recipient has 10 days to correct the alleged noncompliance or to provide during this time a written submission responding to or rebutting the preliminary findings or suggested corrective actions set forth in the notice.

(ii) If within this 10-day period the proposed recipient has not agreed to the suggested actions set forth or to other actions that would correct the

alleged noncompliance under paragraph (a)(3)(i)(B) of this section, or the preliminary findings set forth in paragraph (a)(3)(i)(A) of this section have not been rebutted to TVA’s satisfaction, or voluntary compliance has not been otherwise secured, TVA shall make a formal determination of compliance or noncompliance, notify the proposed recipient, and the Assistant Attorney General for Civil Rights and institute proceedings (including provision of an opportunity for a hearing) under §1302.8 of this part.

(b) Postaward compliance reviews. (1) TVA may periodically conduct compliance reviews of selected recipients in their programs or activities receiving TVA financial assistance, including the request of data and information, and may conduct onsite reviews where it has reason to believe that discrimination may be occurring in such programs or activities.

(2) Selection for review shall be made on the basis of the following criteria among others:

(i) The number and nature of discrimination complaints filed against a recipient with TVA or other Federal agencies;

(ii) The scope of the problem revealed by an investigation commenced on the basis of a complaint filed with TVA against a recipient; and

(iii) The amount of assistance provided to the recipient.

(3) Within 15 days after selection of a recipient for review, TVA shall inform the recipient that it has been selected for review. The review will ordinarily be initiated by a letter requesting data pertinent to the review and advising the recipient of:

(i) The practices to be reviewed;

(ii) The programs or activities affected by the review;

(iii) The opportunity to make, at any time prior to receipt of the final TVA findings with respect to the review pursuant to paragraph (b)(6) of this section, a documentary submission responding to TVA which explains, validates, or otherwise addresses the practices under review; and

(iv) The schedule under which the review will be conducted and a determination of compliance or noncompliance made.

(4) Within 180 days of initiation of a review, TVA shall advise the recipient, in writing of:

(i) Its preliminary findings;

(ii) Where appropriate, recommendations for achieving voluntary compliance;

(iii) The opportunity to request TVA to engage in voluntary compliance negotiations prior to TVA’s final determination of compliance or noncompliance. TVA shall notify the Assistant Attorney General at the time it notifies the recipient of any matter where recommendations for achieving voluntary compliance are made.

(5) TVA’s General Manager may extend the 180-day period set out in paragraph (b)(4) of this section for good cause shown.

(6) If, within 50 days of the recipient’s notification under paragraph (b)(4) of this section, TVA’s recommendations for compliance are not met or voluntary compliance is not secured, and the preliminary findings have not been rebutted to TVA’s satisfaction, TVA shall make a final determination of compliance or noncompliance. The determination is to be made no later than 14 days after the conclusion of the 50-day negotiation period. TVA’s General Manager may extend the 14-day period for good cause shown.

(7) Where TVA makes a formal determination of noncompliance on a postaward review, the recipient and the Assistant Attorney General shall be immediately notified in writing of the determination and of the fact that the recipient has an additional 10 days in which to come into voluntary compliance. If voluntary compliance has not been achieved within the 10 days, TVA shall institute proceedings under §1302.8 of this part.

(8) All agreements to come into voluntary compliance shall be in writing and signed by TVA and an official who has authority to legally bind the recipient.

(c) Complaint investigation. (1) TVA shall investigate complaints of discrimination in a program or activity receiving Federal financial assistance from TVA that allege a violation of Title VI or this part.

(2) No complaint will be investigated if it is received by TVA more than 180
days after the date of the alleged discrimination unless the time for filing is extended by TVA for good cause shown. Where a complaint is accepted for investigation, TVA will initiate an investigation. The complainant shall be notified in writing as to whether the complaint has been accepted or rejected.

(3) TVA shall conduct investigations of complaints as follows:
   (i) Within 10 days of receipt of a complaint, the Director of Equal Opportunity Compliance shall:
      (A) Determine whether TVA has jurisdiction under paragraphs (c) (1) and (2) of this section;
      (B) If jurisdiction is not found, wherever possible refer the complaint to the Federal agency with such jurisdiction and advise the complainant;
      (C) If jurisdiction is found, notify the recipient alleged to be in violation of the receipt and acceptance of the complaint; and
      (D) Initiate the investigation.
   (ii) The investigation will ordinarily be initiated by a letter to the recipient requesting data pertinent to the complaint and informing the recipient of:
      (A) The nature of the complaint, and with the written consent of the complainant, the identity of the complainant;
      (B) The programs or activities affected by the complaint;
      (C) The opportunity to make, at any time prior to receipt of TVA’s final findings under paragraph (c)(5) of this section, a documentary submission, responding to, rebutting, or denying the allegations made in the complaint; and
      (D) The schedule under which the complaint will be investigated and a determination of compliance or noncompliance made.
   (iii) Within 180 days of the initiation of a complaint investigation, TVA shall advise the recipient, in writing, of:
      (A) Preliminary findings;
      (B) Where appropriate, recommendations for achieving voluntary compliance; and
      (C) The opportunity to request TVA to engage in voluntary compliance negotiations prior to TVA’s final determination of compliance or noncompliance. TVA shall notify the Assistant Attorney General at the time the recipient is notified of any matter where recommendations for achieving voluntary compliance are made.
   (4) If, within 50 days of the recipient’s notification under paragraph (c) of this section, TVA’s recommendations for compliance are not met, or voluntary compliance is not secured, and the preliminary findings have not been rebutted to TVA’s satisfaction, TVA shall make a formal determination of compliance or noncompliance. The determination is to be made no later than 14 days after conclusion of a 50-day negotiation period. TVA’s General Manager may extend the 14-day period for good cause shown.
   (5) Where TVA makes a formal determination of noncompliance, the complainant, the recipient, and the Assistant Attorney General shall be immediately notified in writing of the determination and of the fact that the recipient has an additional 10 days in which to come into compliance. If voluntary compliance has not been achieved within the 10 days, TVA shall institute proceedings under § 1302.8 of this part. The complainant shall also be notified of any action taken including the closing of the complaint or the achievement of voluntary compliance. All agreements to come into voluntary compliance shall be in writing and signed by TVA and an official who has authority to legally bind the recipient and shall be made available to the complainant on request.
   (6) If the complainant or party other than TVA has filed suit in Federal or State court alleging the same discrimination as alleged in a complaint pending before TVA, and if during TVA’s investigation the trial of that suit would be in progress, TVA will consult with the Assistant Attorney General and court records to determine the need to continue or suspend the investigation and will monitor the litigation through the court docket and contacts with the complainant. Upon receipt of notice that the court has made a finding of discrimination against a recipient that would constitute a violation of this part, TVA shall institute proceedings as specified in §1302.8 of this part. All agreements to come into voluntary compliance shall be in writing and
signed by TVA and an official who has authority to legally bind the recipient.  

(7) The time limits listed in paragraphs (c) (3) through (5) of this section shall be appropriately adjusted where TVA requests another Federal agency to act on the complaint. TVA shall monitor the progress of the matter through liaison with the other agency. Where the request to act does not result in timely resolution of the matter, TVA shall institute appropriate proceedings as required by this part.  

(d) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 601 of Title VI or this part, or because such individual has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this regulation, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.  

(e) Enforcement authority. TVA’s Director of Equal Opportunity Compliance, or a successor as designated by TVA’s Board of Directors, will be responsible for all decisions about initiating compliance reviews and complaint investigations. TVA’s General Manager, or a successor as designated by TVA’s Board of Directors, shall be responsible for all decisions about initiating compliance actions under §1302.8(a) of this part.  

(Information collection requirements appearing in §1302.7 were approved by the Office of Management and Budget under control number 3316–0077)
part, (3) the action has been approved by the TVA Board pursuant to §1302.9, and (4) the expiration of 30 days after the TVA Board has filed with the committee of the House and the committee of the Senate having legislative jurisdiction over the program involved, a full written report of the circumstances and the grounds for such action. Any action to suspend or terminate or to refuse to grant or to continue financial assistance shall be limited to the particular political entity, or part thereof, or recipient as to whom such a finding has been made and shall be limited in its effect to the particular program, or part thereof, in which such noncompliance has been so found.

(d) Other means authorized by law. No action to effect compliance by any other means authorized by law shall be taken until (1) TVA has determined that compliance cannot be secured by voluntary means, (2) the recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance, and (3) the expiration of at least 10 days from the mailing of such notice to the recipient or other person. During this period of at least 10 days additional efforts shall be made to persuade the recipient or other person to comply with the regulation and to take such corrective action as may be appropriate.

§ 1302.9 Hearings.

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by §1302.7(b), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected recipient. This notice shall advise the recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either (1) fix a date not less than 20 days after the date of such notice within which the recipient may request of TVA that the matter be scheduled for hearing or (2) advise the recipient that the matter in question has been set down for hearing at a stated time and place. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. A recipient may waive a hearing and submit written information and argument for the record. The failure of a recipient to request a hearing under this subsection or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under section 602 of the Act and §1302.7(b) and consent to the making of a decision on the basis of such information as is available.

(b) Time and place of hearing. Hearings shall be held at the time and place fixed by TVA unless it determines that the convenience of the recipient requires that another place be selected. Hearings shall be held before the TVA Board, or a member thereof, or, at the discretion of the Board, before a hearing examiner designated in accordance with section 11 of the Administrative Procedure Act.

(c) Right to counsel. In all proceedings under this section, the recipient and TVA shall have the right to be represented by counsel.

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted in conformity with the procedures contained in 5 U.S.C. 554–557 (sections 5–8 of the Administrative Procedure Act) and in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both TVA and the recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the most credible evidence available and to
subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(e) Consolidated or Joint Hearings. In cases in which the same or related facts are asserted to constitute non-compliance with this part with respect to two or more Federal statutes, authorities, or other means by which Federal financial assistance is extended and to which this part applies, or noncompliance with this part and the regulations of one or more other Federal departments or agencies issued under Title VI of the Act, the TVA Board may, by agreement with such other departments or agencies where applicable, provide for the conduct of consolidated or joint hearings, and for the application to such hearings of rules of procedure not inconsistent with this part. Final decisions in such cases, insofar as this part is concerned, shall be made in accordance with §1302.9.

§1302.10 Decisions and notices.

(a) Decision by a member of the TVA Board or a hearing examiner. A member of the TVA Board or a hearing examiner who holds the hearing shall either make an initial decision or certify the entire record, including the Board member's or examiner's recommended findings and proposed decision, to the TVA Board for a final decision. A copy of such initial decision or certification shall be mailed to the recipient. Where the initial decision is made by a member of the TVA Board or a hearing examiner, the recipient may file exceptions to the initial decision, together with a statement of reasons therefor. Such exceptions and statement shall be filed with the TVA Board within 30 days of the date the notice of initial decision was mailed to the recipient. In the absence of exceptions, the TVA Board may on its own motion within 45 days after the initial decision serve on the recipient a notice that the TVA Board will review the decision. Upon the filing of such exceptions or of such notice of review, the TVA Board shall review the initial decision and issue its own decision thereon including the reasons therefor. In the absence of either exceptions or a notice of review, the initial decision shall constitute the final decision of the TVA Board.

(b) Decisions on record or review by the TVA Board. Whenever a record is certified to the TVA Board for decision or it reviews the decision of a member of the TVA Board or a hearing examiner pursuant to paragraph (a) of this section, or whenever the TVA Board conducts the hearing, the recipient shall be given reasonable opportunity to file with the Board briefs or other written statements of its contentions, and a copy of the final decision of the Board shall be given in writing to the recipient and to the complainant, if any.

(c) Decisions on record where a hearing is waived. Whenever a hearing is waived pursuant to §1302.8(a), a decision shall be made by the TVA Board on the record and a copy of such decision shall be given to the recipient, and to the complainant, if any.

(d) Rulings required. Each decision shall set forth a ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or pursuant to this part with which it is found that the recipient has failed to comply.

(e) Approval by TVA Board. Any final decision (other than a decision by the TVA Board) which provides for the suspension or termination of, or the refusal to grant or continue financial assistance, or the imposition of any other sanction available under this regulation or the Act, shall promptly be transmitted to the TVA Board, which may approve such decision, may vacate it, or remit or mitigate any sanction imposed.
Tennessee Valley Authority

§ 1302.12

(f) Content of orders. The final decision may provide for suspension or termination of, or refusal to grant or continue financial assistance, in whole or in part, to which this regulation applies, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no financial assistance to which this regulation applies will thereafter be extended to the recipient determined by such decision to have failed to comply with this part, unless and until it corrects its noncompliance and satisfies TVA that it will fully comply with this part.

(g) Posttermination proceedings. (1) A recipient adversely affected by an order issued under paragraph (f) of this section shall be restored to full eligibility to receive Federal financial assistance if it satisfies the terms and conditions of that order for such eligibility or if it brings itself into compliance with this regulation and provides reasonable assurance that it will fully comply with this regulation.

(2) Any recipient or proposed recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request TVA to restore fully the recipient's eligibility to receive Federal financial assistance. Any such request shall be supported by information showing that the recipient has met the requirements of paragraph (g)(1) of this section. If TVA determines that those requirements have been satisfied, TVA shall restore such eligibility.

(3) If TVA denies any such request, the recipient may submit a written request for a hearing specifying why it believes TVA to have been in error. The recipient shall thereupon be given an expeditious hearing, with a decision on the record, in accordance with rules of procedure issued by TVA. The recipient will be restored to such eligibility if the recipient proves at such a hearing that it satisfied the requirements of paragraph (g)(1) of this section. While proceedings under this paragraph are pending, the sanctions imposed by the order issued under paragraph (f) of this section shall remain in effect.

§ 1302.11 Judicial review.

Action taken pursuant to section 602 of the Act is subject to judicial review as provided in section 603 of the Act.

§ 1302.12 Effect on other regulations; supervision and coordination.

(a) Effect on other regulations. All regulations, orders, or like directions heretofore issued by TVA which impose requirements designed to prohibit any discrimination against individuals on the ground of race, color, or national origin to which this regulation applies, and which authorize the suspension or termination of or refusal to grant or to continue financial assistance to any recipient of such assistance under such program for failure to comply with such requirements, are hereby superseded to the extent that such discrimination is prohibited by this part, except that nothing in this part shall be deemed to relieve any person of any obligation assumed or imposed under any such superseded regulation, order, instruction, or like direction prior to the effective date of this part. Nothing in this part, however, shall be deemed to supersede any of the following (including future amendments thereof):

(1) Executive Order 12250 and regulations issued thereunder, or

(2) Any other regulations or instructions, insofar as they prohibit discrimination on the ground of race, color, or national origin in any program or situation to which this regulation is inapplicable, or prohibit discrimination on any other ground.

(b) Supervision and coordination. TVA may from time to time assign to officials of other departments or agencies of the Government with the consent of such departments or agencies, responsibilities in connection with the effectuation of the purposes of Title VI of

the Act and this part (other than responsibility for final decision as provided in §1302.9), including the achievement of effective coordination and maximum uniformity within the Executive Branch of the Government in the application of Title VI and this part to similar programs and in similar situations. Any action taken, determination made, or requirement imposed by an official of another department or agency acting pursuant to an assignment of responsibility under this subsection shall have the same effect as though such action had been taken by TVA.

Subpart A—Procedures for Approval of Construction

Sec.
1304.1 Scope and intent.
1304.2 Application.
1304.3 Delegation of authority.
Tennessee Valley Authority

§ 1304.1 Scope and intent.

The Tennessee Valley Authority Act of 1933 among other things confers on TVA broad authority related to the unified conservation and development of the Tennessee River Valley and surrounding area and directs that property in TVA’s custody be used to promote the Act’s purposes. In particular, section 26a of the Act requires that TVA’s approval be obtained prior to the construction, operation, or maintenance of any dam, appurtenant works, or other obstruction affecting navigation, flood control, or public lands or reservations along or in the Tennessee River or any of its tributaries. By way of example only, such obstructions may include boat docks, piers, boathouses, buoys, floats, boat launching ramps, fills, water intakes, devices for discharging effluent, bridges, aerial cables, culverts, pipelines, fish attractors, shoreline stabilization projects, channel excavations, and nonnavigable houseboats as defined in §1304.101. Any person considering constructing, operating, or maintaining any such obstruction on a stream in the Tennessee River Watershed should carefully review the regulations in this part and the 26a Applicant’s Package before doing so. The regulations also apply to certain activities on TVA-owned land alongside TVA reservoirs and to land subject to TVA flowage easements. TVA uses and permits use of the lands and land rights to carry out the purposes and policies of the Act.

§ 1304.100 Scope and intent.

§ 1304.200 Scope and intent.

§ 1304.300 Scope and intent.

Subpart E—Miscellaneous

§ 1304.400 Flotation devices and material, all floating structures.

§ 1304.401 Marine sanitation devices.

§ 1304.402 Wastewater outfalls.

§ 1304.403 Marina sewage pump-out stations and holding tanks.

§ 1304.404 Commercial marina harbor limits.

§ 1304.405 Fuel storage tanks and handling facilities.
addition, the National Environmental Policy Act of 1969 (NEPA), as amended, 42 U.S.C. 4321 et seq., and the Federal Water Pollution Control Act Amendments of 1972 (FWPCA), 33 U.S.C. 1251 et seq., have declared it to be congressional policy that agencies should administer their statutory authorities so as to restore, preserve, and enhance the quality of the environment and should cooperate in the control of pollution. It is the intent of the regulations in this part 1304 to carry out the purposes of the Act and other statutes relating to these purposes, and this part shall be interpreted and applied to that end.

§ 1304.2 Application.

(a) If the facility is to be built on TVA land, the applicant must, in addition to the other requirements of this part, own the fee interest in or have an adequate leasehold or easement interest of sufficient tenure to cover the normal useful life of the proposed facility in land immediately adjoining the TVA land. If the facility is to be built on private land, the applicant must own the fee interest in the land or have an adequate leasehold or easement interest in the property where the facility will be located. TVA recognizes, however, that in some cases private property has been subdivided in a way that left an intervening strip of land between the upland boundary of a TVA flowage easement and the waters of the reservoir, or did not convey to the adjoining landowner the land underlying the waters of the reservoir. In some of these situations, the owner of the intervening strip or underlying land cannot be identified or does not object to construction of water-use facilities by the adjacent landowner. In these situations, TVA may exercise its discretion to permit the facility to be built on TVA land that is located up or downstream from the land which makes the applicant eligible for consideration to receive a permit.

(b) Applications shall be addressed to the Tennessee Valley Authority at the appropriate Regional Watershed Office location using the addresses provided below. To contact an office, call 1-800-882-5263. Applications are available on TVA’s internet Web site and at the addresses listed below.

(c) Submittal of section 26a application. Applicants must submit certain required information depending upon whether a proposed facility is a minor
or major facility. Examples of the two categories are provided in paragraphs (c)(1) and (2) of this section. Most residential related facilities are minor facilities. Commercial or community facilities generally are major facilities. TVA shall determine whether a proposed facility is minor or major. An application shall not be complete until payment of the appropriate fee as determined in accordance with 18 CFR part 1310, and disclosed to the applicant in the materials provided with the application package or by such other means of disclosure as TVA shall from time to time adopt. For purposes of the information required to be submitted under this section and the determination of fees, a request for a variance to the size limitations for a residential-related facility (other than a waiver request under § 1304.212 or § 1304.300(a)) shall be regarded as an application for a major facility. In addition to the information required in paragraphs (c)(1) and (2) of this section, TVA may require the applicant to provide such other information as TVA deems necessary for adequate review of a particular application.

(1) Information required for review of minor facility. By way of example only, minor facilities may include: boat docks, piers, rafts, boathouses, fences, steps, and gazebos. One copy of the application shall be prepared and submitted in accordance with the instructions included in the section 26a Applicant’s Package. The application shall include:

(i) Completed application form. One (1) copy of the application shall be prepared and submitted. Application forms are available from TVA at the locations identified at the beginning of this section. The application shall include a project description which indicates what is to be built, removed, or modified, and the sequence of the work.

(ii) Project, plan, or drawing. The project plan/drawing shall:

(A) Be prepared on paper suitable for reproduction (8½ by 11 inches);

(B) Identify the kind of structure, purpose/intended use;

(C) Show principal dimensions, size, and location in relation to shoreline;

(D) Show the elevation of the structure above the full summer pool; and

(E) Indicate the river or reservoir name, river mile, locator landmarks, and direction of water flow if known.

(iii) A site photograph. The photograph shall be at least 3 by 5 inches in size and show the location of the proposed structure or alteration and the adjacent shoreline area.

(iv) Location map. The location map shall clearly show the location of the proposed facility and the extent of any site disturbance for the proposed project. An 8½ by 11-inch copy of one of the following is ideal: a TVA land map, a subdivision map, or a portion of a United States Geological Survey topographic map. The subdivision name and lot number and the map number or name shall be included, if available.

(v) Environmental consultations and permits. To the fullest extent possible the applicant shall obtain or apply for other required environmental permits and approvals before or at the same time as applying for section 26a approvals. Consultations under the National Historic Preservation Act of 1966 and the Endangered Species Act of 1973 shall take place, and permits from the U. S. Army Corps of Engineers and State agencies for water or air regulation shall be obtained or applied for at the same time as or before application for section 26a approval. The applicant shall provide TVA with copies of any such permits or approvals that are issued.

(2) Information required for a major facility. One (1) copy of the application shall be prepared and submitted according to instructions included in the section 26a Applicant’s Package. By way of example only, major projects and facilities may include: marinas, community docks, barge terminals, utility crossings, bridges, culverts, roads, wastewater discharges, water intakes, dredging, and placement of fill. The application shall include:

(i) Completed application form. Application forms are available from TVA at the locations identified at the beginning of this section. The application shall include a narrative project description which indicates what is to be built, removed, or modified, and the sequence of the work.
(i) Project plan or drawing. Adequate project plans or drawings shall accompany the application. They shall:
   (A) Be prepared on paper suitable for reproduction (no larger than 11 by 17 inches) or contained on a 3½-inch floppy disc in “.dxf” format.
   (B) Contain the date; applicant name; stream; river or reservoir name; river mile; locator landmarks; and direction of water flow, if known;
   (C) Identify the kind of structure, purpose/intended use;
   (D) Include a plan and profile view of the structure;
   (E) Show principal dimensions, size, and location in relation to shoreline;
   (F) Show the elevations of the structure above full summer pool if located on a TVA reservoir or above the normal high water elevation if on a free-flowing stream or river; and
   (G) Show the north arrow.

(ii) Location map. The location map must clearly indicate the exact location and extent of site disturbance for the proposed project. An 8½- by 11-inch copy of the appropriate portion of a United States Geological Survey topographic map is recommended. The map number or name shall be included. In addition, recent photos of the location are helpful for TVA’s review and may be included.

(iv) Other information where applicable. The location of any material laydown or assembly areas, staging areas, equipment storage areas, new access roads, and road/access closure required by the project or needed for construction; the location of borrow or spoil areas on or off TVA land; the extent of soil and vegetative disturbance; and information on any special reservoir operations needed for the project, such as drawdown or water discharge restrictions.

(v) Site plans. Some projects, particularly larger ones, may require a separate site plan which details existing and proposed changes to surface topography and elevations (cut and fill, clearing, etc.), location of all proposed facilities, and erosion control plans.

(vi) Environmental consultations and permits. To the fullest extent possible the applicant shall obtain or apply for other required environmental permits and approvals before or at the same time as applying for section 26a approvals. Consultations under the National Historic Preservation Act of 1966 and the Endangered Species Act of 1973 shall take place, and permits from the U.S. Army Corps of Engineers and State agencies for water or air regulation shall be obtained or applied for at the same time as or before application for section 26a approval. The applicant shall provide TVA with copies of any such permits or approvals that are issued.

(d) Discharges into navigable waters of the United States. If construction, maintenance, or operation of the proposed structure or any part thereof, or the conduct of the activity in connection with which approval is sought, may result in any discharge into navigable waters of the United States, applicant shall also submit with the application, in addition to the material required by paragraph (c) of this section, a certification from the State in which such discharge would originate, or, if appropriate, from the interstate water pollution control agency having jurisdiction over the navigable waters at the point where the discharge would originate, or from the Environmental Protection Agency, that such State or interstate agency or the Environmental Protection Agency has determined that there is reasonable assurance that the applicant’s proposed activity will be conducted in a manner which will not violate applicable water quality standards. The applicant shall further submit such supplemental and additional information as TVA may deem necessary for the review of the application, including, without limitation, information concerning the amounts, chemical makeup, temperature differentials, type and quantity of suspended solids, and proposed treatment plans for any proposed discharges.

§ 1304.3 Delegation of authority.
The power to approve or disapprove applications under this part is delegated to the Vice President, Natural Resources, or the designee thereof, subject to appeal to the Chief Executive Officer and discretionary review by a designated committee of the TVA Board, as provided in §1304.6. The administration of applications is delegated to the Natural Resources staff or the group with functionally equivalent responsibilities.

[79 FR 4621, Jan. 29, 2014]

§ 1304.4 Application review and approval process.
(a) TVA shall notify the U.S. Army Corps of Engineers (USACE) and other federal agencies with jurisdiction over the application as appropriate.
(b) If a hearing is held for any of the reasons described in paragraph (c) of this section, any interested person may become a party of record by following the directions contained in the hearing notice.
(c) Hearings concerning approval of applications are conducted (in accordance with §1304.5) when:
(1) TVA deems a hearing is necessary or appropriate in determining any issue presented by the application;
(2) A hearing is required under any applicable law or regulation;
(3) A hearing is requested by the USACE pursuant to the TVA/Corps joint processing Memorandum of Understanding; or
(4) The TVA Investigating Officer directs that a hearing be held.
(d) Upon completion of the review of the application, including any hearing or hearings, the Vice President or the designee thereof shall issue an initial decision approving or disapproving the application. The basis for the decision shall be set forth in the decision.
(e) Promptly following the issuance of the decision, the Vice President or the designee thereof shall furnish a written copy of the decision to the applicant and to any parties of record. The initial decision shall become final unless an appeal is made pursuant to §1304.6.

[79 FR 4621, Jan. 29, 2014]

§ 1304.5 Conduct of hearings.
(a) If a hearing is to be held for any of the reasons described in §1304.4(c), TVA shall give notice of the hearing to interested persons. Such notice may be given by publication in a daily newspaper of general circulation in the area of the proposed structure, personal written notice, posting on TVA’s Internet Web site, or by any other method reasonably calculated to come to the attention of interested persons. The notice shall provide to the extent feasible the place, date, and time of hearing; the particular issues to which the hearing will pertain; the manner of becoming a party of record; and any other pertinent information as appropriate. The applicant shall automatically be a party of record.
(b) Hearings may be conducted by any such person or persons as may be designated by the Vice President, the Vice President’s designee, or the Chief Executive Officer. Hearings are public and are conducted in an informal manner. Parties of record may be represented by counsel or other persons of their choosing. Technical rules of evidence are not observed although reasonable bounds are maintained as to relevancy, materiality, and competency. Evidence may be presented orally or by written statement and need not be under oath. Cross-examination by parties of witnesses or others providing statements or testifying at a hearing shall not be allowed. After the hearing has been completed, additional evidence will not be received unless it presents new and material matter that in the judgment of the person or persons conducting the hearing could not be presented at the hearing. The Vice President may arrange a joint hearing with another federal agency where the subject of an application will require the approval of and necessitate a hearing by or before that other agency. In TVA’s discretion, the format of any such joint hearing may be that used by the other agency.

[79 FR 4621, Jan. 29, 2014]
§ 1304.6 Appeals.

(a) Decisions approving or disapproving an application may be appealed as provided in this section. Decisions by the Vice President’s designee may be appealed to the Vice President and decisions by the Vice President may be appealed to the Chief Executive Officer, with the possibility of further discretionary review by a committee of the TVA Board.

(b) If a designee of the Vice President issues an initial decision disapproving an application or approving it with terms and conditions deemed unacceptable by the applicant, the applicant may obtain the Vice President’s review of that decision by mailing within thirty (30) days after receipt of the designee’s decision a written request to the Vice President, Natural Resources, Tennessee Valley Authority, 400 West Summit Hill Drive, Knoxville, Tennessee 37902. Otherwise, the initial decision of the Vice President’s designee becomes final.

(c) If the Vice President, either initially or as the result of an appeal, disapproves an application or approves it with terms and conditions deemed unacceptable by the applicant, the applicant may obtain the Chief Executive Officer’s review of that decision by mailing within thirty (30) days after receipt of the decision a written request to the Chief Executive Officer, Tennessee Valley Authority, 400 W. Summit Hill Drive, Knoxville, Tennessee 37902. Otherwise, the Vice President’s decision becomes final.

(d) The decision of the Chief Executive Officer shall become final unless a request for discretionary review by a committee of the Board (Committee) is justified by extraordinary circumstances and mailed within thirty (30) days after receipt of the decision to the attention of Board Services, Tennessee Valley Authority, 400 West Summit Hill Drive, Knoxville, Tennessee 37902. If within 60 days of such a request, one or more members of the Committee indicate that there are extraordinary circumstances warranting further review, the matter will be reviewed by the Committee. Otherwise, the Chief Executive Officer’s decision becomes final.

(e) Any interested party who becomes a party of record at a hearing as set forth in §1304.4(b) and who is aggrieved or adversely affected by any decision approving an application may obtain review by the Vice President or Chief Executive Officer, as appropriate, and may request discretionary review by the Committee, in the same manner as an applicant by adhering to the requirements of paragraphs (b), (c), and (d) of this section.

(f) All requests for review shall fully explain the reasons the applicant or other aggrieved party of record contends that the decision below is in error, and shall include a signed certification that the request for review was mailed to each party of record at the same time that it was mailed to TVA. TVA shall maintain lists of parties of record and make those available upon request for this purpose.

(g) The applicant and any party of record requesting review by the Vice President or Chief Executive Officer may submit additional written material in support of their positions within thirty (30) days after mailing the request for review or during such additional period as the Vice President or Chief Executive Officer may allow.

(h) In considering an appeal, the Vice President or Chief Executive Officer may conduct or cause to be conducted such investigation of the application as he or she deems necessary or desirable, and may appoint an Investigating Officer. The Investigating Officer may be a TVA employee or a person under contract to TVA, and shall not have been directly and substantially involved in the decision being appealed. The Investigating Officer may be the hearing officer for any hearing held during the appeal process. The Vice President or Chief Executive Officer shall render a decision approving or disapproving the application based on a review of the record and the information developed during any investigation and/or submitted by the applicant and any parties of record.
§ 1304.11 Little Tennessee River; date of formal submission.

As regards structures on the Little Tennessee River, applications are deemed by TVA to be formally submitted within the meaning of section 26a of the Act, on that date upon which the applicant has complied in good faith with all applicable provisions of §1304.2.
§ 1304.100 Scope and intent.

This subpart prescribes regulations governing existing nonnavigable houseboats that are moored, anchored, or installed in TVA reservoirs. No new nonnavigable houseboats shall be moored, anchored, or installed in any TVA reservoir.

§ 1304.101 Nonnavigable houseboats.

(a) Any houseboat failing to comply with the following criteria shall be deemed a non-navigable houseboat and may not be moored, anchored, installed, or operated in any TVA reservoir except as provided in paragraph (b) of this section:

1. Built on a boat hull or on two or more pontoons;
2. Equipped with a motor and rudder controls located at a point on the houseboat from which there is forward visibility over a 180-degree range;
3. Compliant with all applicable State and Federal requirements relating to vessels;
4. Registered as a vessel in the State of principal use; and
5. State registration numbers clearly displayed on the vessel.

(b) Nonnavigable houseboats approved by TVA prior to February 15, 1978, shall be deemed existing houseboats and may remain on TVA reservoirs provided they remain in compliance with the rules contained in this subpart. Such houseboats shall be moored to mooring facilities contained within the designated and approved harbor limits of commercial marinas. Alternatively, provided the owner has obtained written approval from TVA pursuant to subpart A of this part authorizing mooring at such location, nonnavigable houseboats may be moored to the bank of the reservoir at locations where the owner of the houseboat is the owner or lessee (or the licensee of such owner or lessee) of the proposed mooring location, and at locations described by §1304.201(a)(1), (2), and (3). All nonnavigable houseboats must be moored in such a manner as to:

1. Avoid obstruction of or interference with navigation, flood control, public lands or reservations;
2. Avoid adverse effects on public lands or reservations;
3. Prevent the preemption of public waters when moored in permanent locations outside of the approved harbor limits of commercial marinas;
4. Protect land and landrights owned by the United States alongside and subjacent to TVA reservoirs from trespass and other unlawful and unreasonable uses; and
5. Maintain, protect, and enhance the quality of the human environment.

(c) All approved nonnavigable houseboats with toilets must be equipped as follows with a properly installed and operating Marine Sanitation Device (MSD) or Sewage Holding Tank and pumpout capability:

1. Nonnavigable houseboats moored on “Discharge Lakes” must be equipped with a Type I or Type II MSD.
2. Nonnavigable houseboats moored in: “No Discharge Lakes” must be equipped with holding tanks and pumpout capability. If a nonnavigable houseboat moored in a “No Discharge Lake” is equipped with a Type I or Type II MSD, it must be secured to prevent discharge into the lake.
3. Approved nonnavigable houseboats shall be maintained in a good state of repair. Such houseboats may be structurally repaired or rebuilt without additional approval from TVA, but any expansion in length, width, or height is prohibited except as approved in writing by TVA.
4. All nonnavigable houseboats shall comply with the requirements for flotation devices contained in §1304.400.
5. Applications for mooring of a nonnavigable houseboat outside of designated harbor limits will be disapproved if TVA determines that the proposed mooring location would be contrary to the intent of this subpart.

§ 1304.102 Numbering of nonnavigable houseboats and transfer of ownership.

(a) All approved nonnavigable houseboats shall display a number assigned by TVA. The owner of the nonnavigable houseboat shall paint or attach a facsimile of the number on a readily visible part of the outside of the facility in letters at least three inches high.
§ 1304.202 General sediment and erosion control provisions.

(a) During construction activities, TVA shall require that appropriate erosion and sediment control measures be utilized to prevent pollution of the waters of the reservoir.

(b) All material which accumulates behind sediment control structures must be removed from TVA land and
§ 1304.203 Vegetation management.

No vegetation management shall be approved on TVA-owned Residential Access Shoreland until a Vegetation Management Plan meeting the vegetation management standards contained in this section is submitted to and approved by TVA.

(a) Except for the mowing of lawns established and existing before November 1, 1999, all vegetation management activities on TVA-owned property subject to this subpart (including all such activities described in paragraphs (b) through (m) of this section as “allowed” and all activities undertaken in connection with a section 26a permit obtained before September 8, 2003) require TVA’s advance written permission. Special site circumstances such as the presence of wetlands may result in a requirement for mitigative measures or alternative vegetation management approaches.

(b) Vegetation may be cleared to create and maintain an access corridor up to but not exceeding 20 feet wide. The corridor will extend from the common boundary between TVA and the adjacent landowner to the water-use facility.

(c) The access corridor will be located to minimize removal of trees or other vegetation on the TVA land.

(d) Grass may be planted and mowed within the access corridor, and stone, brick, concrete, mulch, or wooden paths, walkways and/or steps are allowed. Pruning of side limbs that extend into the access corridor from trees located outside the access corridor is allowed.

(e) A 50-foot-deep shoreline management zone (SMZ) shall be designated by TVA on TVA property; provided, however, that where TVA ownership is insufficient to establish a 50-foot-deep SMZ, the SMZ shall consist only of all of the TVA land at the location. Private land shall not be included within the SMZ. Within the SMZ, no trees may be cut or vegetation removed, except that which is preapproved by TVA within the access corridor.

(f) Within the 50-foot SMZ and elsewhere on TVA land as defined in §1304.201, clearing of specified understory plants (poison ivy, Japanese honeysuckle, kudzu, and other exotic plants on a list provided by TVA) is allowed.

(g) On TVA land situated above the SMZ, selective thinning of trees or other vegetation under three inches in diameter at the ground level is allowed.

(h) Removal of trees outside of the access corridor but within the SMZ may be approved to make the site suitable for approved shoreline erosion control projects.

(i) Vegetation removed for erosion control projects must be replaced with native species of vegetation.

(j) The forest floor must be left undisturbed, except as specified in this section. Mowing is allowed only within the access corridor.

(k) Planting of trees, shrubs, wildflowers, native grasses, and ground covers within the SMZ is allowed to create, improve, or enhance the vegetative cover, provided native plants are used.

(l) Fertilizers and herbicides shall not be applied within the SMZ or elsewhere on TVA land, except as specifically approved in the Vegetative Management Plan.

(m) Restricted use herbicides and pesticides shall not be applied on TVA-owned shoreland except by a State certified applicator. All herbicides and pesticides shall be applied in accordance with label requirements.

§ 1304.204 Docks, piers, and boat-houses.

Applicants are responsible for submitting plans for proposed docks, piers, and boathouses that conform to the size standards specified in this section. Where and if site constraints at the proposed construction location preclude a structure of the maximum size, TVA shall determine the size of facility that may be approved. Applicants are required to submit accurate drawings
with dimensions of all proposed facilities.

(a) Docks, piers, boathouses, and all other residential water-use facilities shall not exceed a total footprint area of greater than 1000 square feet.

(b) Docks, boatslips, piers, and fixed or floating boathouses are allowable. These and other water-use facilities associated with a lot must be sited within a 1000-square-foot rectangular or square area at the lakeward end of the access walkway that extends from the shore to the structure. Access walkways to the water-use structure are not included in calculating the 1000-foot area.

(c) Docks and walkway(s) shall not extend more than 150 feet from the shoreline, or more than one-third the distance to the opposite shoreline, whichever is less.

(d) All fixed piers and docks on Pickwick, Wilson, Wheeler, Guntersville, and Nickajack Reservoirs shall have deck elevations at least 18 inches above full summer pool level; facilities on all other reservoirs, shall be a minimum of 24 inches above full summer pool.

(e) All docks, piers, and other water-use facilities must be attached to the shore with a single walkway which must connect from land to the structure by the most direct route and must adjoin the access corridor.

(f) Docks, piers, and boathouses may be fixed or floating or a combination of the two types.

(g) Roofs are allowed on boatslips, except on Kentucky Reservoir where roofs are not allowed on fixed structures due to extreme water level fluctuations. Roofs over docks or piers to provide shade are allowed on all reservoirs.

(h) Docks proposed in subdivisions recorded after November 1, 1999, must be placed at least 50 feet from the neighbors’ docks. When this density requirement cannot be met, TVA may require group or community facilities.

(i) Where the applicant owns or controls less than 50 feet of property adjoining TVA shoreline, the overall width of the facilities permitted along the shore shall be limited to ensure sufficient space to accommodate other property owners.

(j) Covered boatslips may be open or enclosed with siding.

(k) Access walkways constructed over water and internal walkways inside of boathouses shall not exceed six feet in width.

(l) Enclosed space shall be used solely for storage of water-use equipment. The outside dimensions of any completely enclosed storage space shall not exceed 32 square feet and must be located on an approved dock, pier, or boathouse.

(m) Docks, piers, and boathouses shall not contain living space or sleeping areas. Floor space shall not be considered enclosed if three of the four walls are constructed of wire or screen mesh from floor to ceiling, and the wire or screen mesh leaves the interior of the structure open to the weather.

(n) Except for nonnavigable houseboats approved in accordance with subpart B of this part, toilets and sinks are not permitted on water-use facilities.

(o) Covered docks, boatslips, and boathouses shall not exceed one story in height.

(p) Second stories on covered docks, piers, boatslips, or boathouses may be constructed as open decks with railing, but shall not be covered by a roof or enclosed with siding or screening.

(q) In congested areas or in other circumstances deemed appropriate by TVA, TVA may require an applicant’s dock, pier, or boathouse to be located on an area of TVA shoreline not directly fronting the applicant’s property.

§ 1304.205 Other water-use facilities.

(a) A marine railway or concrete boat launching ramp with associated drive-way may be located within the access corridor. Construction must occur during reservoir drawdown. Excavated material must be placed at an upland site. Use of concrete is allowable; asphalt is not permitted.

(b) Tables or benches for cleaning fish are permitted on docks or piers.

(c) All anchoring cables or spud poles must be anchored to the walkway or to the ground in a way that will not accelerate shoreline erosion. Anchoring of cables, chains, or poles to trees on TVA property is not permitted.
(d) Electrical appliances such as stoves, refrigerators, freezers, and microwave ovens are not permitted on docks, piers, or boathouses.

(e) Mooring buoys/posts may be permitted provided the following requirements are met:
   (1) Posts and buoys shall be placed in such a manner that in TVA’s judgment they would not create a navigation hazard.
   (2) Mooring posts must be a minimum of 48 inches in height above the full summer pool elevation of the reservoir or higher as required by TVA.
   (3) Buoys must conform to the Uniform State Waterway Marking system.
   (f) Structures shall not be wider than the width of the lot.

(g) In congested areas, TVA may establish special permit conditions requiring dry-docking of floating structures when a reservoir reaches a specific drawdown elevation to prevent these structures from interfering with navigation traffic, recreational boating access, or adjacent structures during winter drawdown.

(h) Closed loop heat exchanges for residential heat pump application may be approved provided they are installed five feet below minimum winter water elevation and they utilize propylene glycol or water. All land-based pipes must be buried within the access corridor.

§ 1304.206 Requirements for community docks, piers, boathouses, or other water-use facilities.

(a) Community facilities where individual facilities are not allowed:

   (1) TVA may limit water-use facilities to community facilities where physical or environmental constraints preclude approval of individual docks, piers, or boathouses.

   (2) When individual water-use facilities are not allowed, no more than one slip for each qualified applicant will be approved for any community facility. TVA shall determine the location of the facility and the named permittees, taking into consideration the preferences of the qualified applicants and such other factors as TVA determines to be appropriate.

   (3) In narrow coves or other situations where shoreline frontage is limited, shoreline development may be limited to one landing dock for temporary moorage of boats not to exceed the 1000-square-foot footprint requirement, and/or a boat launching ramp, if the site, in TVA’s judgment, will accommodate such development.

   (b) Private and community facilities at jointly-owned community outlots:

      (1) Applications for private or community facilities to be constructed at a jointly-owned community outlot must be submitted either with 100 percent concurrence of all co-owners of such lot, or with concurrence of the authorized representatives of a State-chartered homeowners association with the authority to manage the common lot on behalf of all persons having an interest in such lot. If the community facility will serve five or more other lots, the application must be submitted by the authorized representatives of such an association. TVA considers an association to have the necessary authority to manage the common lot if all co-owners are eligible for membership in the association and a majority are members. TVA may request the association to provide satisfactory evidence of its authority.

      (2) Size and number of slips at community water-use facilities lots shall be determined by TVA with consideration of the following:

          (i) Size of community outlot;
          (ii) Parking accommodations on the community outlot;
          (iii) Length of shoreline frontage associated with the community outlot;
          (iv) Number of property owners having the right to use the community outlot;
          (v) Water depths fronting the community lot;
          (vi) Commercial and private vessel navigation uses and restrictions in the vicinity of the community lot;
          (vii) Recreational carrying capacity for water-based activities in the vicinity of the community lot; and
          (viii) Other site specific conditions and considerations as determined by TVA.

      (3) Vegetation management shall be in accordance with the requirements of §1304.203 except that, at TVA’s discretion, the community access corridor may exceed 20 feet in width, and
thinning of vegetation outside of the corridor within or beyond the SMZ may be allowed to enhance views of the reservoir.

(c) TVA may approve community facilities that are greater in size than 1000 square feet. In such circumstances, TVA also may establish harbor limits.

§ 1304.207 Channel excavation on TVA-owned residential access shoreland.

(a) Excavation of individual boat channels shall be approved only when TVA determines there is no other practicable alternative to achieving sufficient navigable water depth and the action would not substantially impact sensitive resources.

(b) No more than 150 cubic yards of material shall be removed for any individual boat channel.

(c) The length, width, and depth of approved boat channels shall not exceed the dimensions necessary to achieve three-foot water depths for navigation of the vessel at the minimum winter water elevation.

(d) Each side of the channel shall have a slope ratio of at least 3:1.

(e) Only one boat channel or harbor may be considered for each abutting property owner.

(f) The grade of the channel must allow drainage of water during reservoir drawdown periods.

(g) Channel excavations must be accomplished during the reservoir drawdown when the reservoir bottom is exposed and dry.

(h) Spoil material from channel excavations must be placed in accordance with any applicable local, State, and Federal regulations at an upland site above the TVA Flood Risk Profile elevation. For those reservoirs that have no flood control storage, dredge spoil must be disposed of and stabilized above the limits of the 100-year floodplain and off of TVA property.

§ 1304.208 Shoreline stabilization on TVA-owned residential access shoreland.

TVA may issue permits allowing adjacent residential landowners to stabilize eroding shorelines on TVA-owned residential access shoreland. TVA will determine if shoreline erosion is sufficient to approve the proposed stabilization treatment.

(a) Biostabilization of eroded shorelines.

(1) Moderate contouring of the bank may be allowed to provide conditions suitable for planting of vegetation.

(2) Tightly bound bundles of coconut fiber, logs, or other natural materials may be placed at the base of the eroded site to deflect waves.

(3) Willow stakes and bundles and live cuttings of suitable native plant materials may be planted along the surface of the eroded area.

(4) Native vegetation may be planted within the shoreline management zone to help minimize further erosion.

(5) Riprap may be allowed along the base of the eroded area to prevent further undercutting of the bank.

(b) Use of gabions and riprap to stabilize eroded shorelines.

(1) The riprap material must be quarry-run stone, natural stone, or other material approved by TVA.

(2) Rubber tires, concrete rubble, or other debris salvaged from construction sites shall not be used to stabilize shorelines.

(3) Gabions (rock wrapped with wire mesh) that are commercially manufactured for erosion control may be used.

(4) Riprap material must be placed so as to follow the existing contour of the bank.

(5) Site preparation must be limited to the work necessary to obtain adequate slope and stability of the riprap material.

(c) Use of retaining walls for shoreline stabilization.

(1) Retaining walls shall be approved only where the erosion process is severe and TVA determines that a retaining wall is the most effective erosion control option or where the proposed wall would connect to an existing TVA-approved wall on the lot or to an adjacent owner’s TVA-approved wall.

(2) The retaining wall must be constructed of stone, concrete blocks, poured concrete, gabions, or other materials acceptable to TVA. Railroad ties, rubber tires, broken concrete (unless determined by TVA to be of adequate size and integrity), brick, creosote timbers, and asphalt are not allowed.
(3) Reclamation of land that has been lost to erosion is not allowed.

(4) The base of the retaining wall shall not be located more than an average of two horizontal feet lakeward of the existing full summer pool water. Riprap shall be placed at least two feet in depth along the footer of the retaining wall to deflect wave action and reduce undercutting that could eventually damage the retaining wall.

§ 1304.209 Land-based structures/alterations.

(a) Except for steps, pathways, boat launching ramps, marine railways located in the access corridor, bank stabilization along the shoreline, and other uses described in this subpart, no permanent structures, fills or grading shall be allowed on TVA land.

(b) Portable items such as picnic tables and hammocks may be placed on TVA land; permanent land-based structures and facilities such as picnic pavilions, gazebos, satellite antennas, septic tanks, and septic drainfields shall not be allowed on TVA land.

(c) Utility lines (electric, water-intake lines, etc.) may be placed within the access corridor as follows:

(1) Power lines, poles, electrical panel, and wiring must be installed:

(i) In a way that would not be hazardous to the public or interfere with TVA operations;

(ii) Solely to serve water-use facilities, and

(iii) In compliance with all State and local electrical codes (satisfactory evidence of compliance to be provided to TVA upon request).

(2) Electrical service must be installed with an electrical disconnect that is:

(i) Located above the 500-year floodplain or the flood risk profile, whichever is higher, and

(ii) Is accessible during flood events.

(3) TVA’s issuance of a permit does not mean that TVA has determined the facilities are safe for any purpose or that TVA has any duty to make such a determination.

(d) Fences crossing TVA residential access shoreland may be considered only where outstanding agricultural rights or fencing rights exist and the land is used for agricultural purposes. Fences must have a built-in means for easy pedestrian passage by the public and they must be clearly marked.

§ 1304.210 Grandfathering of pre-existing shoreland uses and structures.

In order to provide for a smooth transition to new standards, grandfathering provisions shall apply as follows to pre-existing development and shoreland uses established prior to November 1, 1999, which are located along or adjoin TVA-owned access residential shoreland.

(a) Existing shoreline structures (docks, retaining walls, etc.) previously permitted by TVA are grandfathered.

(b) Grandfathered structures may continue to be maintained in accordance with previous permit requirements, and TVA does not require modification to conform to new standards.

(c) If a permitted structure is destroyed by fire or storms, the permit shall be reissued if the replacement facility is rebuilt to specifications originally permitted by TVA.

(d) Vegetation management at grandfathered developments shall be as follows:

(1) Mowing of lawns established on TVA-owned residential access shoreland prior to November 1, 1999, may be continued without regard to whether the lawn uses are authorized by a TVA permit.

(2) At sites where mowing of lawns established prior to November 1, 1999, is not specifically included as an authorized use in an existing permit, TVA will include mowing as a permitted use in the next permit action at that site.

(3) The SMZ is not required where established lawns existed prior to November 1, 1999.

(4) Any additional removal of trees or other vegetation (except for mowing of lawns established prior to November 1, 1999) requires TVA’s approval in accordance with § 1304.203. Removal of trees greater than three inches in diameter at ground level is not allowed.
§ 1304.211 Change in ownership of grandfathered structures or alterations.

(a) When ownership of a permitted structure or other shoreline alteration changes, the new owner shall comply with §1304.10 regarding notice to TVA.

(b) The new owner may, upon application to TVA for a permit, continue to use existing permitted docks and other shoreline alterations pending TVA action on the application.

(c) Subsequent owners are not required to modify to new standards existing shoreline alterations constructed and maintained in accordance with the standards in effect at the time the previous permit was first issued, and they may continue mowing established lawns that existed prior to November 1, 1999.

(d) New owners wishing to continue existing grandfathered activities and structures must:

1. Maintain existing permitted docks, piers, boathouses, and other shoreline structures in good repair.

2. Obtain TVA approval for any repairs that would alter the size of the facility, for any new construction, or for removal of trees or other vegetation (except for mowing of lawns established prior to November 1, 1999).

§ 1304.212 Waivers.

(a) Waivers of standards contained in this subpart may be requested when the following minimum criteria are established:

1. The property is within a pre-existing development (an area where shoreline development existed prior to November 1, 1999); and

2. The proposed shoreline alterations are compatible with surrounding permitted structures and uses within the subdivision or, if there is no subdivision, within the immediate vicinity (one-fourth mile radius).

(b) In approving waivers of the standards of this subpart C, TVA will consider the following:

1. The prevailing permitted practices within the subdivision or immediate vicinity; and

2. The uses permitted under the guidelines followed by TVA before November 1, 1999.

Subpart D—Activities on TVA Flowage Easement Shoreland

§ 1304.300 Scope and intent.

Any structure built upon land subject to a flowage easement held by TVA shall be deemed an obstruction affecting navigation, flood control, or public lands or reservations within the meaning of section 26a of the Act. Such obstructions shall be subject to all requirements of this part except those contained in subpart C of this part, which shall apply as follows:

(a) All of §1304.212 shall apply.

(b) Sections 1304.200, 1304.203, 1304.207, and 1304.209 shall not apply.

(c) Section 1304.201 shall not apply except for paragraph (c).

(d) Section 1304.202 shall apply except that TVA shall determine on a case-by-case basis whether it is necessary to remove materials accumulated behind sediment control structures to an upland site.

(e) Section 1304.204 shall apply except that the “50 feet” trigger of paragraph (i) of that section shall not apply. TVA may impose appropriate requirements to ensure accommodation of neighboring landowners.

(f) Section 1304.205 shall apply except that the facilities described in paragraph (a) are not limited to locations within an access corridor.

(g) Section 1304.206 shall apply except for paragraph (b)(3).

(h) Section 1304.208 shall apply except that TVA approval shall not be required to conduct the activities described in paragraph (a).

(i) Section 1304.210 shall apply except that paragraph (d).

(j) Section 1304.211 shall apply except to the extent that it would restrict mowing or other vegetation management.

(k) Nothing contained in this part shall be construed to be in derogation of the rights of the United States or of TVA under any flowage easement held by the United States or TVA.

§ 1304.301 Utilities.

Upon application to and approval by TVA, utility lines (electric, water-in-take lines, etc.) may be placed within the flowage easement area as follows:
§ 1304.302 Vegetation management on flowage easement shoreland.

Removal, modification, or establishment of vegetation on privately-owned shoreland subject to a TVA flowage easement does not require approval by TVA. When reviewing proposals for docks or other obstructions on flowage easement shoreland, TVA shall consider the potential for impacts to sensitive plants or other resources and may establish conditions in its approval of a proposal to avoid or minimize such impacts consistent with applicable laws and executive orders.

§ 1304.303 Channel excavation.

(a) Channel excavation of privately-owned reservoir bottom subject to a TVA flowage easement does not require approval by TVA under section 26a if:

(1) All dredged material is placed above the limits of the 100-year floodplain or the TVA flood risk profile elevation, whichever is higher, and is accessible during flood events.

(2) The dredging is not being accomplished in conjunction with the construction of a structure requiring a section 26a permit.

(b) Any fill material placed within the flood control zone of a TVA reservoir requires TVA review and approval.

(c) TVA shall encourage owners of flowage easement property to adopt the standards for channel excavation applicable to TVA-owned residential access shoreland.

§ 1304.400 Flotation devices and material, all floating structures.

(a) All flotation for docks, boat mooring buoys, and other water-use structures and facilities, shall be of materials commercially manufactured for marine use. Flotation materials shall be fabricated so as not to become water-logged, crack, peel, fragment, or be subject to loss of beads. Flotation materials shall be resistant to puncture, penetration, damage by animals, and fire. Any flotation within 40 feet of a line carrying fuel shall be 100 percent impervious to water and fuel. Styrofoam floatation must be fully encased. Reuse of plastic, metal, or other previously used drums or containers for encasement or flotation purpose is prohibited, except as provided in paragraph (c) of this section for certain metal drums already in use. Existing flotation (secured in place prior to September 8, 2003) in compliance with previous rules is authorized until in TVA's judgment the flotation is no longer serviceable, at which time it shall be replaced with approved flotation upon notification from TVA. For any float installed after September 8, 2003, repair or replacement is required when it no longer performs its designated function or exhibits any of the conditions prohibited by this subpart.

(b) Because of the possible release of toxic or polluting substances, and the hazard to navigation from metal drums that become partially filled with water and escape from docks, boathouses, houseboats, floats, and other water-use structures and facilities for which they are used for flotation, the use of metal drums in any form, except as authorized in paragraph (c) of this section, for flotation of any facilities is prohibited.

(c) Only metal drums which have been filled with plastic foam or other solid flotation materials and welded, strapped, or otherwise firmly secured in place prior to July 1, 1972, on existing facilities are permitted. Replacement of any metal drum flotation permitted to be used by this paragraph must be with a commercially manufactured flotation device or material specifically designed for marine applications (for example, pontoons, boat
hulls, or other buoyancy devices made of steel, aluminum, fiberglass, or plastic foam, as provided for in paragraph (a) of this section.

(d) Every flotation device employed in the Tennessee River system must be firmly and securely affixed to the structure it supports with materials capable of withstanding prolonged exposure to wave wash and weather conditions.

§ 1304.401 Marine sanitation devices.

No person operating a commercial boat dock permitted under this part shall allow the mooring at such permitted facility of any watercraft or floating structure equipped with a marine sanitation device (MSD) unless such MSD is in compliance with all applicable statutes and regulations, including the FWPCA and regulations issued thereunder, and, where applicable, statutes and regulations governing "no discharge" zones.

§ 1304.402 Wastewater outfalls.

Applicants for a wastewater outfall shall provide copies of all Federal, State, and local permits, licenses, and approvals required for the facility prior to applying for TVA approval, or shall concurrently with the TVA application apply for such approvals. A section 26a permit shall not be issued until other required water quality approvals are obtained, and TVA reserves the right to impose additional requirements.

§ 1304.403 Marina sewage pump-out stations and holding tanks.

All pump-out facilities constructed after September 8, 2003 shall meet the following minimum design and operating requirements:

(a) Spill-proof connection with shipboard holding tanks;
(b) Suction controls or vacuum breaker capable of limiting suction to such levels as will avoid collapse of rigid holding tanks;
(c) Available fresh water facilities for tank flushing;
(d) Check valve and positive cut-off or other device to preclude spillage when breaking connection with vessel being severed;

(e) Adequate interim storage where storage is necessary before transfer to approved treatment facilities;
(f) No overflow outlet capable of discharging effluent into the reservoir;
(g) Alarm system adequate to notify the operator when the holding tank is full;
(h) Convenient access to holding tanks and piping system for purposes of inspection;
(i) Spill-proof features adequate for transfer of sewage from all movable floating pump-out facilities to shore-based treatment plants or intermediate transfer facilities;
(j) A reliable disposal method consisting of:
(1) An approved upland septic system that meets TVA, State, and local requirements; or
(2) Proof of a contract with a sewage disposal contractor; and
(k) A written statement to TVA certifying that the system shall be operated and maintained in such a way as to prevent any discharge or seepage of wastewater or sewage into the reservoir.

§ 1304.404 Commercial marina harbor limits.

The landward limits of commercial marina harbor areas are determined by the extent of land rights held by the dock operator. The lakeward limits of harbors at commercial marinas will be designated by TVA on the basis of the size and extent of facilities at the dock, navigation and flood control requirements, optimum use of lands and land rights owned by the United States, carrying capacity of the reservoir area in the vicinity of the marina, and on the basis of the environmental effects associated with the use of the harbor. Mooring buoys, slips, breakwaters, and permanent anchoring are prohibited beyond the lakeward extent of harbor limits. TVA may, at its discretion, reconfigure harbor limits based on changes in circumstances, including but not limited to, changes in the ownership of the land base supporting the marina.
§ 1304.405 Fuel storage tanks and handling facilities.

Fuel storage tanks and handling facilities are generally either underground (UST) or aboveground (AST) storage tank systems. An UST is any one or combination of tanks or tank systems defined in applicable Federal or State regulations as an UST. Typically (unless otherwise provided by applicable Federal or State rules), an UST is used to contain a regulated substance (such as a petroleum product) and has 10 percent or more of its total volume beneath the surface of the ground. The total volume includes any piping used in the system. An UST may be a buried tank, or an aboveground tank with buried piping if the piping holds 10 percent or more of the total system volume including the tank. For purposes of this part, an aboveground storage tank (AST) is any storage tank whose total volume (piping and tank) is less than 10 percent underground or any storage tank defined by applicable law or regulation as an AST.

(a) TVA requires the following to be included in all applications submitted after September 8, 2003 to install an UST or any part of an UST system below the 500-year flood elevation on a TVA reservoir, or regulated tailwater:

1. A copy of the State approval for the UST along with a copy of the application sent to the State and any plans or drawings that were submitted for the State’s review;

2. Evidence of secondary containment for all piping or other systems associated with the UST;

3. Evidence of secondary containment to contain leaks from gas pump(s);

4. Calculations certified by a licensed, professional engineer in the relevant State showing how the tank will be anchored so that it does not float during flooding; and

5. Evidence, where applicable, that the applicant has complied with all spill prevention, control and countermeasures (SPCC) requirements.

(b) The applicant must accept and sign a document stating that the applicant shall at all times be the owner of the UST system, that TVA shall have the right (but not the duty) to prevent or remedy pollution or violations of law, including removal of the UST system, with costs charged to the applicant, that the applicant shall at all times maintain and operate the UST system in full compliance with applicable Federal, State, and local UST regulations, and that the applicant shall maintain eligibility in any applicable State trust fund.

(c) An application to install an AST or any part of an AST system below the 500-year elevation on a TVA reservoir or a regulated tailwater is subject to all of the requirements of paragraphs (a) and (b) of this section except that paragraph (a)(1) shall not apply in States that do not require application or approval for installation of an AST. Eligibility must be maintained for any applicable AST trust fund, and the system must be maintained and operated in accordance with any applicable AST regulations. The applicant must notify and obtain any required documents or permission from the State fire marshal’s office prior to installation of the AST. The applicant must also follow the National Fire Protection Association Codes 30 and 30A for installation and maintenance of flammable and combustible liquids storage tanks at marine service stations.

(d) Fuel handling on private, non-commercial docks and piers. TVA will not approve the installation, operation, or maintenance of fuel handling facilities on any private, non-commercial dock or pier.

(e) Floating fuel handling facilities. TVA will not approve the installation of any floating fuel handling facility or fuel storage tank.

(f) Demonstration of financial responsibility. Applicants for a fuel handling facility to be located in whole or in part on TVA land shall be required to provide TVA, in a form and amount acceptable to TVA, a surety bond, irrevocable letter of credit, pollution liability insurance, or other evidence of financial responsibility in the event of a release.

§ 1304.406 Removal of unauthorized, unsafe, and derelict structures or facilities.

If, at any time, any dock, wharf, boathouse (fixed or floating), nonnavigable houseboat, outfall, aerial cable,
or other fixed or floating structure or facility (including any navigable boat or vessel that has become deteriorated and is a potential navigation hazard or impediment to flood control) is anchored, installed, constructed, or moored in a manner inconsistent with this part, or is not constructed in accordance with plans approved by TVA, or is not maintained or operated so as to remain in accordance with this part and such plans, or is not kept in a good state of repair and in good, safe, and substantial condition, and the owner or operator thereof fails to repair or remove such structure (or operate or maintain it in accordance with such plans) within ninety (90) days after written notice from TVA to do so, TVA may cancel any license, permit, or approval and remove such structure, and/or cause it to be removed, from the Tennessee River system and/or lands in the custody or control of TVA. Such written notice may be given by mailing a copy thereof to the owner’s address as listed on the license, permit, or approval or by posting a copy on the structure or facility. TVA may remove or cause to be removed any such structure or facility anchored, installed, constructed, or moored without such license, permit, or approval, whether such license or approval has once been obtained and subsequently canceled, or whether it has never been obtained. TVA’s removal costs shall be charged to the owner of the structure, and payment of such costs shall be a condition of approval for any future facility proposed to serve the tract of land at issue or any tract derived therefrom whether or not the current owner caused such charges to be incurred. In addition, any applicant with an outstanding removal charge payable to TVA shall, until such time as the charge be paid in full, be ineligible to receive a permit or approval from TVA for any facility located anywhere along or in the Tennessee River or its tributaries. TVA shall not be responsible for the loss of property associated with the removal of any such structure or facility including, without limitation, the loss of any navigable boat or vessel moored at such a facility. Any costs voluntarily incurred by TVA to protect and store such property shall be removal costs within the meaning of this section, and TVA may sell such property and apply the proceeds toward any and all of its removal costs. Small businesses seeking expedited consideration of the economic impact of actions under this section may contact TVA’s Supplier and Diverse Business Relations staff, TVA Procurement, 1101 Market Street, Chattanooga, Tennessee 37402–2801.

§ 1304.407 Development within flood control storage zones of TVA reservoirs.

(a) Activities involving development within the flood control storage zone on TVA reservoirs will be reviewed to determine if the proposed activity qualifies as a repetitive action. Under TVA’s implementation of Executive Order 11988, Floodplain Management, repetitive actions are projects within a class of actions TVA has determined to be approvable without further review and documentation related to flood control storage, provided the loss of flood control storage caused by the project does not exceed one acre-foot. A partial list of repetitive actions includes:

1. Private and public water-use facilities;
2. Commercial recreation boat dock and water-use facilities;
3. Water intake structures;
4. Outfalls;
5. Mooring and loading facilities for barge terminals;
6. Minor grading and fills; and
7. Bridges and culverts for pedestrian, highway, and railroad crossings.

(b) Projects resulting in flood storage loss in excess of one acre-foot will not be considered repetitive actions.

(c) For projects not qualifying as repetitive actions, the applicant shall be required, as appropriate, to evaluate alternatives to the placement of fill or the construction of a project within the flood control storage zone that would result in lost flood control storage. The alternative evaluation would either identify a better option or support and document that there is no reasonable alternative to the loss of flood control storage. If this determination can be made, the applicant must then demonstrate how the loss of flood control storage will be minimized.
§ 1304.408 Variances.

The Vice President or the designee thereof is authorized, following consideration whether a proposed structure or other regulated activity would adversely impact navigation, flood control, public lands or reservations, power generation, the environment, or sensitive environmental resources, or would be incompatible with surrounding uses or inconsistent with an approved TVA reservoir land management plan, to approve a structure or activity that varies from the requirements of this part in minor aspects.

§ 1304.409 Indefinite or temporary moorage of recreational vessels.

(a) Recreational vessels’ moorage at unpermitted locations along the water’s edge of any TVA reservoir may not exceed 14 consecutive days at any one place or at any place within one mile thereof.

(b) Recreational vessels may not establish temporary moorage within the limits of primary or secondary navigation channels.

(c) Moorage lines of recreational vessels may not be placed in such a way as to block or hinder boating access to any part of the reservoir.

(d) Permanent or extended moorage of a recreational vessel along the shoreline of any TVA reservoir without approval under section 26a of the TVA Act is prohibited.

§ 1304.410 Navigation restrictions.

(a) Except for the placement of riprap along the shoreline, structures, land based or water use, shall not be located within the limits of safety harbors and landings established for commercial navigation.

(b) Structures shall not be located in such a way as to block the visibility of navigation aids. Examples of navigation aids are lights, dayboards, and directional signs.

(c) The establishment of “no-wake” zones outside approved harbor limits is prohibited at marinas or community dock facilities that are adjacent to or near a commercial navigation channel. In such circumstances, facility owners may, upon approval from TVA, install a floating breakwater along the harbor limit to reduce wave and wash action.

§ 1304.411 Fish attractor, spawning, and habitat structures.

Fish attractors constitute potential obstructions and require TVA approval.

(a) Fish attractors may be constructed of anchored brush piles, log cribs, and/or spawning benches, stake beds, vegetation, or rock piles, provided they meet “TVA Guidelines for Fish Attractor Placement in TVA Reservoirs” (TVA 1997).
(b) When established in connection with an approved dock, fish attractors shall not project more than 30 feet out from any portion of the dock.

(c) Any floatable materials must be permanently anchored.

§ 1304.412 Definitions.

Except as the context may otherwise require, the following words or terms, when used in this part 1304, have the meaning specified in this section.

100-year floodplain means that area inundated by the one percent annual chance (or 100-year) flood.

500-year floodplain means that area inundated by the 0.2 percent annual chance (or 500-year) flood; any land susceptible to inundation during the 500-year or greater flood.

Act means the Tennessee Valley Authority Act of 1933, as amended.

Applicant means the person, corporation, State, municipality, political subdivision or other entity making application to TVA.

Application means a written request for the approval of plans pursuant to the regulations contained in this part.

Backlot means a residential lot not located adjacent to the shoreline but located in a subdivision associated with the shoreline.

Board means the Board of Directors of TVA.

Chief Executive Officer means the Chief Executive Officer, TVA.

Committee means a committee of the TVA Board of Directors that has been designated by the TVA Board to hear appeals under this regulation.

Community outlot means a subdivision lot located adjacent to the shoreline and designated by deed, subdivision covenant, or recorded plat as available for use by designated property owners within the subdivision.

Dredging means the removal of material from a submerged location, primarily for deepening harbors and waterways.

Enclosed structure means a structure enclosed overhead and on all sides so as to keep out the weather.

Flood control storage zone means the area within an elevation range on a TVA reservoir that is reserved for the storage of floodwater. TVA shall, upon request, identify the contour marking the upper limit of the flood control storage zone at particular reservoir locations.

Flood risk profile elevation means the elevation of the 500-year flood that has been adjusted for surcharge at the dam. Surcharge is the ability to raise the water level behind the dam above the top-of-gates elevation.

Flowage easement shoreland means privately-owned properties where TVA has the right to flood the land.

Footprint means the total water surface area of either a square or rectangular shape occupied by an adjoining property owner’s dock, pier, boathouse, or boatwells.

Full summer pool means the targeted elevation to which TVA plans to fill each reservoir during its annual operating cycle. Applicants are encouraged to consult the appropriate TVA Watershed Team or the TVA website to obtain the full summer pool elevation for the reservoir in question at the time the application is submitted.

Land-based structure means any structure constructed on ground entirely above the full summer pool elevation of a TVA reservoir but below the maximum shoreline contours of that reservoir.

Maximum shoreline contour means an elevation typically five feet above the top of the gates of a TVA dam. It is sometimes the property boundary between TVA property and adjoining private property.

Nonnavigable houseboat means any houseboat not in compliance with one or more of the criteria defining a navigable houseboat.

Owner or landowner ordinarily means all of the owners of a parcel of land. Except as otherwise specifically provided in this part, in all cases where TVA approval is required to engage in an activity and the applicant’s eligibility to seek approval depends on status as an owner of real property, the owner or owners of only a fractional interest or of fractional interests totaling less than one in any such property shall not be considered, by virtue of
such fractional interest or interests only, to be an owner and as such eligible to seek approval to conduct the activity without the consent of the other co-owners. In cases where the applicant owns water access rights across adjoining private property that borders TVA-owned shoreland, TVA may exercise its discretion to consider such person an owner, taking into account the availability of the shoreline to accommodate similarly situated owners and such other factors as TVA deems to be appropriate. In subdivisions where TVA had an established practice prior to September 8, 2003 of permitting individual or common water-use facilities on or at jointly-owned lots without the consent of all co-owners, TVA may exercise its discretion to continue such practice, taking into account the availability of the shoreline to accommodate similarly situated owners and other factors as TVA deems to be appropriate; provided, however, that the issuance of a TVA permit conveys no property interests, and the objections of a co-owner may be a basis for revocation of the permit.

**Shoreland** means the surface of land lying between minimum winter pool elevation of a TVA reservoir and the maximum shoreline contour.

**Shoreline** means the line where the water of a TVA reservoir meets the shore when the water level is at the full summer pool elevation.

**Shoreline Management Zone (SMZ)** means a 50-foot-deep vegetated zone designated by TVA on TVA-owned land.

**TVA** means the Tennessee Valley Authority.

**TVA Investigating Officer** means a TVA employee or a person under contract to TVA appointed by the Vice President or the CEO to investigate any issue concerning an appeal of a decision on an application under this part.

**TVA property** means real property owned by the United States and under the custody and control of TVA.

**Vice President** means the Vice President, Natural Resources, TVA, or a position with functionally equivalent supervisory responsibilities.

**Water-based structure** means any structure, fixed or floating, constructed on or in navigable waters of the United States.

**Winter drawdown elevation** means the elevation to which a reservoir water level is lowered during fall to provide storage capacity for winter and spring floodwaters.

**Winter pool** means the lowest level expected for the reservoir during the flood season.

PART 1306—RELOCATION ASSISTANCE AND REAL PROPERTY ACQUISITION POLICIES

Subpart A—Regulations and Procedures

Sec. 1306.1 Purpose and applicability.

1306.2 Uniform real property acquisition policy.

1306.3 Surrender of possession.

1306.4 Rent after acquisition.

1306.5 Tenants’ rights in improvements.

1306.6 Expense of transfer of title and proration of taxes.

Subpart B [Reserved]

Subpart A—Regulations and Procedures

§ 1306.1 Purpose and applicability.

(b) Applicability. (1) Titles and I and II of the Uniform Act, as amended, govern relocation assistance by TVA. For
Tennessee Valley Authority

TVA program activities undertaken after April 1, 1989, relocation assistance under those titles will be governed by implementing regulations set forth in Subpart A and Subparts C through G of 49 CFR part 24.

(2) Regulations and procedures for complying with the real property acquisition provisions of Title III of the Uniform Act, as amended, are set forth in this part.

[52 FR 48019, Dec. 17, 1987]

§ 1306.2 Uniform real property acquisition policy.

(a) Before negotiations are initiated for acquisition of real property, the Chief of TVA’s Land Branch will cause the property to be appraised and establish an amount believed to be just compensation therefor. The appraiser shall afford the owner or his representative an opportunity to accompany him during his inspection of the property.

(b) When negotiations are initiated to acquire real property, the owner will be given a written statement of, and summary of the basis for, the amount estimated as just compensation. The statement will identify the property and the interest therein to be acquired, including buildings and other improvements to be acquired as a part of the real property, the amount of the estimated just compensation, and the basis therefor. If only a portion of the property is to be acquired, the statement will include a statement of damages and benefits, if any, to the remainder.

§ 1306.3 Surrender of possession.

Possession of real property will not be taken until the owner has been paid the agreed purchase price or TVA’s estimate of just compensation has been deposited in court in a condemnation proceeding. To the greatest extent practicable, no person will be required to move from property acquired by TVA without at least 90 days’ written notice thereof.

§ 1306.4 Rent after acquisition.

If TVA rents real property acquired by it to the former owner or former tenant, the amount of rent shall not exceed the fair rental value on a short-term basis.

§ 1306.5 Tenants’ rights in improvements.

Tenants of real property being acquired by TVA will be paid just compensation for any improvements owned by them, whether or not they might have a right to remove such improvements under the terms of their tenancy. Such payment will be made only upon the condition that all right, title, and interest of the tenant in such improvements shall be transferred to TVA and upon the further condition that the owner of the real property being acquired shall execute a disclaimer of any interest in said improvements.

§ 1306.6 Expense of transfer of title and proration of taxes.

In connection with the acquisition of real property by TVA:

(a) TVA will, to the extent it deems fair and reasonable, bear all expenses incidental to the transfer of title to the United States, including penalty costs for the prepayment of any valid pre-existing recorded mortgage;

(b) Real property taxes shall be prorated to relieve the seller from paying taxes which are allocable to a period subsequent to vesting of title in the United States or the date of possession, whichever is earlier.

Subpart B [Reserved]
§ 1307.1 Definitions.

As used in this part, the following terms have the stated meanings, unless the context otherwise requires:

(b) **Recipient** means any individual, any State or its political subdivision, or any instrumentality of either, and any public or private agency, institution, organization, or other entity to which financial assistance is extended by TVA directly or through another recipient, including any successor, assignee, or transferee of a recipient as hereinafter set forth, but excluding the ultimate beneficiary of the assistance.

4. **Is regarded as having such an impairment** means (i) has a physical or mental impairment that does not substantially limit major life activities but which is treated by a recipient as constituting such a limitation; (ii) has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward the impairment; or (iii)
§ 1307.3 Application.

This part applies to any program or activity for which financial assistance is provided by TVA, except that this part does not apply to any (a) TVA procurement contracts, contracts with other Federal agencies, or contracts of insurance or guaranty, (b) money paid, property transferred, or other assistance extended to a recipient before the effective date of this part, or (c) assistance to any individual or entity which is the ultimate beneficiary. Nothing in paragraph (b) of this section exempts any recipient of financial assistance as defined in 20 U.S.C. 7801, system of vocational education, or other school system;

(ii) A local educational agency (as defined in 20 U.S.C. 7801), system of vocational education, or other school system;

(3)(i) An entire corporation, partnership, or other private organization, or an entire sole proprietorship—

(A) If assistance is extended to such corporation, partnership, private organization, or sole proprietorship as a whole; or

(B) Which is principally engaged in the business of providing education, health care, housing, social services, or parks and recreation; or

(ii) The entire plant or other comparable, geographically separate facility to which Federal financial assistance is extended, in the case of any other corporation, partnership, private organization, or sole proprietorship; or

(4) Any other entity which is established by two or more of the entities described in paragraph (k)(1), (2), or (3) of this section.

§ 1307.2 Purpose.

The purpose of this part is to effectuate section 504 to the end that no otherwise qualified handicapped individual shall, solely by reason of his or her handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving financial assistance from TVA.

§ 1307.3 Application.

This part applies to any program or activity for which financial assistance is provided by TVA, except that this part does not apply to any (a) TVA procurement contracts, contracts with other Federal agencies, or contracts of insurance or guaranty, (b) money paid, property transferred, or other assistance extended to a recipient before the effective date of this part, or (c) assistance to any individual or entity which is the ultimate beneficiary. Nothing in paragraph (b) of this section exempts any recipient of financial assistance as defined in 20 U.S.C. 7801, system of vocational education, or other school system;
§ 1307.4 Discrimination prohibited.

(a) General. No qualified handicapped person, shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity to which this part applies.

(b) Specific discriminatory actions. (1) A recipient to which this part applies shall not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or services available under the program or activity;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others under the program or activity;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others under the program or activity;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others, unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others under the program or activity;

(v) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to an agency, organization, or entity that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipient’s program or activity;

(vi) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards with respect to the program or activity; or

(vii) Otherwise limit a qualified handicapped person in the enjoyment under the program of any right, privilege, advantage, or opportunity enjoyed by others under the program or activity.

(2) A recipient shall not deny a qualified handicapped person the opportunity to participate under the program or activity in activities that are not separate or different, despite the existence of permissibly separate or different aid, benefits, or services.

(3) A recipient shall not, directly or through contractual or other arrangements, utilize criteria or methods of administration (i) that have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap, (ii) that have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the program or activity with respect to handicapped persons, or (iii) that perpetuate the discrimination of another recipient if both recipients are subject to common administrative control.

(4) A recipient shall not, in determining the site or location of a facility under the program or activity, make selections (i) that have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under the program or activity, or (ii) that have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(c) The exclusion of nonhandicapped persons from aid, benefits, or services limited by Federal statute or executive order to handicapped persons or the exclusion of a specific class of handicapped persons from aid, benefits, or services limited by Federal statute or executive order to a different class of handicapped persons is not prohibited by this part.

(d) Recipients shall administer programs or activities in the most integrated setting appropriate to the needs of qualified handicapped persons. A recipient who wishes to establish a policy of separate aid, benefits, or services or
different treatment for handicapped and nonhandicapped persons shall request and receive written approval from TVA before instituting such policy or undertaking any such separate treatment.

(e) Recipients shall take appropriate steps to ensure that communications to their applicants, employees, and beneficiaries are available to such persons with impaired vision and hearing.

§ 1307.5 Employment discrimination.

(a) General. No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity subject to this part.

(b) Specific discriminatory actions. With respect to a program or activity subject to this part, a recipient shall not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(c) A recipient shall make all decisions concerning employment under any program or activity subject to this part in a manner which ensures that discrimination on the basis of handicap does not occur, including the following activities:

(1) Recruitment, advertising, and processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absence, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(7) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

(8) Employer sponsored activities, including those that are social or recreational; and

(9) Any other term, condition, or privilege of employment.

(d) A recipient shall not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this part, including relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeships.

(e) Reasonable accommodation. (1) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of the program or activity subject to this part. Reasonable accommodation may include:

(i) Making facilities used by employees readily accessible to and usable by handicapped persons; and

(ii) Job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices, the provision of readers or interpreters, or other similar actions.

(2) In determining whether an accommodation would impose an undue hardship on the operation of a recipient’s program or activity under this paragraph factors to be considered include but are not limited to:

(i) The nature and cost of the accommodation needed, and its effect, if any, on the recipient’s programs or activities.

(ii) The kind of operation conducted by the recipient, including the composition and structure of the recipient’s workforce; and

(iii) The overall size of the recipient’s program or activity with respect to number of employees, number and type of facilities, and size of budget.

(3) It is not an undue hardship with respect to a qualified handicapped employee or applicant if the sole basis for the claim of hardship is the need to
§ 1307.6 Accessibility.

(a) General. No qualified handicapped person shall, because facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity subject to this part.

(b) Existing facilities. (1) Each program or activity subject to this part shall be operated so that when each part is viewed in its entirety it is readily accessible to and usable by qualified handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of an existing facility accessible to and usable by handicapped persons. A recipient is not required to make building alterations or structural changes if other methods are effective in achieving accessibility. Such compliance methods may include (subject to the provisions of §§1307.4 and 1307.5), reassigning aid, benefits, or services to accessible locations within a facility; providing assistance to handicapped

to the employee’s entrance on duty: Provided, That:

(i) All entering employees are subjected to such an examination regardless of handicap; and

(ii) The results of such an examination are used only in accordance with the requirements of this part.

(5) Information obtained in accordance with this section as to the medical condition or history of an employee or applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(i) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(ii) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and

(iii) TVA officials investigating compliance with section 504 shall be provided information which they deem relevant upon request.

§ 1307.6 Accessibility.

(a) General. No qualified handicapped person shall, because facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity subject to this part.

(b) Existing facilities. (1) Each program or activity subject to this part shall be operated so that when each part is viewed in its entirety it is readily accessible to and usable by qualified handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of an existing facility accessible to and usable by handicapped persons. A recipient is not required to make building alterations or structural changes if other methods are effective in achieving accessibility. Such compliance methods may include (subject to the provisions of §§1307.4 and 1307.5), reassigning aid, benefits, or services to accessible locations within a facility; providing assistance to handicapped

Provided. That:

(i) All entering employees are subjected to such an examination regardless of handicap; and

(ii) The results of such an examination are used only in accordance with the requirements of this part.

(5) Information obtained in accordance with this section as to the medical condition or history of an employee or applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(i) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(ii) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and

(iii) TVA officials investigating compliance with section 504 shall be provided information which they deem relevant upon request.

(2) This paragraph governs the timing of development of transition plans and the completion of necessary building alterations and structural changes to existing facilities, including historic property covered by paragraph (c) of this section. If building alterations or structural changes will be necessary to comply with paragraph (b)(1) of this section, the recipient shall develop a transition plan setting forth the steps necessary to complete the alterations or changes in accordance with such standards as TVA may specify in the contract or agreement, and shall have the plan approved by TVA. If the financial assistance from TVA is expected to last for less than three years, the contract or agreement shall specify the date by which the transition plan shall be developed and approved. If the financial assistance from TVA is expected to last for at least three years, the transition plan shall be developed and submitted to TVA within six months from the effective date of the contract or agreement, subject to extension by TVA for an additional six month period, for good cause shown to it. A transition plan shall:

(i) Be developed with the assistance of interested persons or organizations representing handicapped persons;

(ii) Be available for public inspection after approval by TVA (or at any earlier time required by state or local law applicable to the recipient);

(iii) Identify the official responsible for implementation of the approved plan; and

(iv) Specify the date by which the required alterations or changes shall be completed, which shall be as soon as practicable and in no event later than three years after the effective date that financial assistance is extended by TVA.

(3) Alterations to existing facilities shall, to the maximum extent feasible, be designed and constructed to be readily accessible to and usable by handicapped persons.

(c) Historic property. If a recipient’s program or activity uses an existing facility which is an historic property, the recipient shall endeavor to assure compliance with paragraph (b)(1) of this section by compliance methods which do not alter the historic character or architectural integrity of the historic property. The recipient must determine that accessibility cannot be accomplished by such alternative methods before considering building alterations as a compliance method. To the maximum extent possible any building alterations determined to be necessary shall be undertaken so as not to alter or destroy architecturally significant elements or features. A recipient may determine that structural changes are necessary to accomplish accessibility only if the recipient has determined that accessibility cannot feasibly be accomplished by any of the other foregoing methods. To the maximum extent possible, any structural changes determined to be necessary shall be undertaken so as not to alter or destroy architecturally significant elements or features.

(d) New construction. (1) New facilities required under a program or activity subject to this part shall be designed and constructed to be readily accessible to and usable by handicapped persons.

(2) Effective as of November 4, 1988, design, construction, or alteration of buildings in conformance with Sections 3–8 of the Uniform Federal Accessibility Standards (UFAS) (41 CFR Subpart 101–19.6 app. A) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted where substantially equivalent or greater access to and usability of the building is provided.

(3) For purposes of this section, section 4.1.6(1)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of physically handicapped persons.
(4) This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.

§ 1307.7 Assurances required.

(a) TVA contributes financial assistance only under agreements which contain a provision which specifically requires compliance with this part and compliance with such standards for construction and alteration of facilities as TVA may provide. If the financial assistance involves the furnishing of real property, the agreement shall obligate the recipient, or the transferee in the case of a subsequent transfer, for the period during which the real property is used for a purpose for which the financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where the financial assistance involves the furnishing of personal property, the agreement shall obligate the recipient during the period for which ownership or possession of the property is retained. In all other cases the agreement shall obligate the recipient for the period during which financial assistance is extended pursuant to the agreement. TVA shall specify the form of the foregoing agreement, and the extent to which an agreement shall be applicable to subcontractors, transferees, successors in interest, and other participants.

(b) In the case of real property, structures or improvements thereon, or interests therein, acquired with TVA financial assistance, or in the case where financial assistance was provided in the form of a transfer by TVA of real property or interest therein, the instrument effecting or recording the transfer of title shall contain a covenant running with the land assuring compliance with this part and the guidelines contained herein for the period during which the real property is used for a purpose for which the TVA financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where no transfer of property is involved, but property is improved with TVA financial assistance, the recipient shall agree to include such a covenant in any subsequent transfer of such property. Where the property is obtained by transfer from TVA, the covenant against discrimination may also include a condition coupled with a right to be reserved by TVA to revert title to the property in the event of a breach of the covenant where, in the discretion of TVA, such a condition and right of reverter is appropriate to the statute under which the real property is obtained and to the nature of the grant and the grantee. In such event, if a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on such property for the purposes for which the property was transferred, TVA may agree, upon request of the transferee and if necessary to accomplish such financing, and upon such conditions as it deems appropriate, to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

§ 1307.8 Compliance information.

(a) Cooperation and assistance. TVA shall to the fullest extent practicable seek the cooperation of recipients in obtaining compliance with this part and shall provide assistance and guidance to recipients to help them comply voluntarily with this part.

(b) Compliance reports. Each recipient shall keep such records and submit to TVA timely, complete and accurate compliance reports at such times, and in such form and containing such information, as TVA may determine to be necessary to enable it to ascertain whether the recipient has complied or is complying with this part. In the case in which a primary recipient extends financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.
(c) Access to sources of information. Each recipient shall permit access by TVA during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities, as TVA may require to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person and this agency, institution or person shall fail or refuse to furnish this information, the recipient shall so certify in its report and set forth the efforts it has made to obtain the information.

(d) Information to employees, beneficiaries and participants. Each recipient shall make available to employees, participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program or activity for which the recipient receives financial assistance, and shall make such information available to them in such manner, as TVA finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this part.

§ 1307.10 Procedure for effecting compliance.

(a) General. If there appears to be a failure or threatened failure to comply with this part, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this part may be effected by the suspension or termination of or refusal to grant or to continue financial assistance or by any other means authorized by law. Such other means may include, but are not to be limited to, (1) a reference to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States, (2) institution of appropriate proceedings by TVA to enforce the provisions of the agreement of financial assistance or of any deed or

§ 1307.9 Conduct of investigations.

(a) Periodic compliance reviews. TVA shall from time to time review the practices of recipients to determine whether they are complying with this part.

(b) Complaints. Any individual who claims (individually or on behalf of any specific class of individuals) to have been subjected to discrimination prohibited by this part may, personally or by a representative, file with TVA a written complaint. A complaint must be filed not later than ninety (90) days from the date of the alleged discrimination, unless the time for filing is extended by TVA.

(c) Investigations. TVA will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this part. The investigation shall include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this part.

(d) Resolution of matters. (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this part, TVA will so inform the recipient and the matter will be resolved by informal means whenever possible. If TVA determines that the matter cannot be resolved by informal means, action will be taken as provided for in §1307.10.

(2) If an investigation does not warrant action pursuant to paragraph (d) (1) of this section, TVA will so inform the recipient and the complainant, if any, in writing.

(e) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 504 or this part, or because the individual had made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.
instrument relating thereto, and (3) any applicable proceeding under State or local law.

(b) Noncompliance with §1307.7. If any entity requesting financial assistance from TVA declines to furnish the assurance required under §1307.7, or otherwise fails or refuses to comply with a requirement imposed by or pursuant to that section, financial assistance may be refused in accordance with the procedures of paragraph (c) of this section; and for such purposes, the term “recipient” includes one who has been denied financial assistance. TVA shall not be required to provide assistance in such a case during the pendency of the administrative proceedings under such paragraph except that TVA shall continue assistance during the pendency of such proceedings where such assistance was due and payable pursuant to an agreement therefor entered into with TVA prior to the effective date of this part.

(c) Termination of or refusal to grant or to continue financial assistance. No order suspending, terminating or refusing to grant or continue financial assistance shall become effective until (1) TVA has advised the recipient of the failure to comply and has determined that compliance cannot be secured by voluntary means, (2) there has been an express finding on the record, after opportunity for hearing, of a failure by the recipient to comply with a requirement imposed by or pursuant to this part, including any act of discrimination on the basis of handicap in violation of this part, and (3) the action has been approved by the TVA Board pursuant to §1307.12. Any action to suspend or terminate or to refuse to grant or to continue financial assistance shall be limited to the particular recipient as to whom such a finding had been made and shall be limited in its effect to the particular program or activity, or part thereof, in which such noncompliance had been so found.

(d) Other means authorized by law. No action to effect compliance by any other means authorized by law shall be taken until (1) TVA has determined that compliance cannot be secured by voluntary means, (2) the recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance, and (3) the expiration of at least ten (10) days from the mailing of such notice to the recipient or other person. During this period of at least ten (10) days additional efforts will be made to persuade the recipient or other person to comply with this part and to take such corrective action as may be appropriate.

§1307.11 Hearings.

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by §1307.10, reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected recipient. This notice shall advise the recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and shall either (1) fix a date not less than twenty (20) days after the date of such notice within which the recipient may request of TVA that the matter be scheduled for hearing or (2) advise the recipient that the matter in question has been set down for hearing at a stated time and place. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. A recipient may waive a hearing and submit written information and argument for the record. The failure of a recipient to request a hearing under this subsection or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing and a consent to the making of a decision on the basis of such information as is available.

(b) Time and place of hearing. Hearings shall be held at the time and place fixed by TVA unless it determines that the convenience of the recipient requires that another place be selected. Hearings shall be held before the TVA Board or before a “hearing officer” who shall be either a member of the TVA Board or, at the discretion of the Board, a person designated by the Board who shall not be employed in or under the TVA division through or
under which the financial assistance has been extended by TVA to the recipient involved in the hearing.

(c) Right to counsel. In all proceedings under this section, the recipient and TVA shall have the right to be represented by counsel.

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both TVA and the recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence will not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. That officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(e) Consolidated or joint hearings. In cases in which the same or related facts are asserted to constitute noncompliance with this part with respect to two or more Federal statutes, authorities, or other means by which Federal financial assistance is extended and to which this part applies, or noncompliance with this part and the regulations of one or more other Federal agencies issued under section 504, the TVA Board may, by agreement with such other agency, provide for the conduct of consolidated or joint hearings, and for the application to such hearings of rules of procedure not inconsistent with this part. Final decisions in such cases, insofar as this part is concerned, shall be made in accordance with §1307.12.

§1307.12 Decisions and notices.

(a) Decision by a member of the TVA Board or a hearing officer. If the hearing is held before a "hearing officer" as defined in §1307.11(b), that hearing officer shall either make an initial decision, if so authorized, or certify the entire record including recommended findings and proposed decision to the TVA Board for a final decision. A copy of such initial decision or certification shall be mailed to the recipient. Where the initial decision is made by a hearing officer, the recipient may file with the TVA Board exceptions to the initial decision, which shall include a statement of reasons therefor. Such exceptions shall be filed within thirty (30) days of the mailing of the notice of initial decision. In the absence of exceptions, the TVA Board may on its own motion within forty-five (45) days after the initial decision serve on the recipient a notice that it will review the decision. Upon the filing of such exceptions or of such notice of review, the TVA Board shall review the initial decision and issue its own decision thereon including the reasons therefor. In the absence of either exceptions or a notice of review, the initial decision shall constitute the final decision of the TVA Board.

(b) Decisions on record or review by the TVA Board. Whenever a record is certified to the TVA Board for decision or it reviews the decision of a hearing officer pursuant to paragraph (a) of this section, or whenever the TVA Board conducts the hearing, the recipient shall be given reasonable opportunity to file with the Board briefs or other written statements of its contentions, and a copy of the final decision of the Board shall be given in writing to the recipient and to the complainant, if any.
§ 1307.13 Effect on other regulations; supervision and coordination.

(a) Effect on other regulations. Nothing in this part shall be deemed to supersede or affect any of the following (including future amendments thereof): (1) Regulations by TVA and other Federal agencies issued with respect to section 503 of the Rehabilitation Act of 1973, or (2) any other regulations or instructions, insofar as they prohibit discrimination on the ground of handicap in any program or activity or situation to which this part is inapplicable, or which prohibit discrimination on any other ground.

(b) Supervision and coordination. TVA may from time to time assign to officials of other Federal agencies, with the consent of such agencies, responsibilities in connection with the effectuation of the purposes of section 504 and this part (other than responsibility for final decision as provided in §1307.12), including the achievement of effective coordination and maximum uniformity within the Executive Branch of the government in the application of section 504 and this part to similar programs or activities and in similar situations. Any action taken, determination made, or requirement
imposed by an official of another federal agency acting pursuant to an assignment of responsibility under this part shall have the same effect as though such action had been taken by TVA.

PART 1308—CONTRACT DISPUTES

Subpart A—General Matters

§ 1308.1 Purpose and organization.

The regulations in this part implement the Contract Disputes Act of 1978 as it relates to TVA. This part consists of 5 subparts. Subpart A deals with matters applicable throughout the part, including definitions. Subpart B deals with Contracting Officers’ decisions. Subpart C deals with general matters concerning the TVA Board of Contract Appeals. Subpart D deals with hearing and prehearing procedures, including discovery. Subpart E deals with subpoenas.

§ 1308.2 Definitions.

For the purposes of this part, unless otherwise provided:

(a) The term Act means the Contract Disputes Act of 1978 as it relates to TVA.

(b) The term Board means the TVA Board of Contract Appeals.

(c) The term claim means a written demand by a Contractor, in compliance with this paragraph, for a decision by a Contracting Officer under a disputes clause. A claim must:

(1) State the amount of monetary relief, or the kind of nonmonetary relief, sought, and identify the contract provision relied upon;

(2) Include sufficient supporting data to permit the Contracting Officer to decide the claim, or provide appropriate reference to previously submitted data;

(3) If monetary relief totalling more than $50,000 is involved, include a signed certification by the Contractor that the claim is made in good faith, that the supporting data are accurate and complete to the best of the Contractor’s knowledge and belief, and that the amount requested accurately reflects the contract adjustment for which the Contractor believes TVA is liable;
§ 1308.3

(4) Be signed by the Contractor, or on its behalf if the Contractor is other than an individual. If signed on a Contractor’s behalf, the claim must include evidence of the authority of the individual so signing it, and of the individual signing any certification required by this paragraph, unless such authority appears in the contract or contract file.

The Contracting Officer has no authority to waive any of the requirements of this paragraph.

(d) The term contract means an agreement in writing entered into by TVA for:

(1) The procurement of property, other than real property in being;

(2) The procurement of nonpersonal services;

(3) The procurement of construction, alteration, repair or maintenance of real property; or

(4) The disposal of personal property. The term “contract” does not include any TVA contract for the sale of fertilizer or electric power, or any TVA contract related to the conduct or operation of the electric power system.

(e) The term Contracting Officer means TVA’s Director of Purchasing, or duly authorized representative acting within the limits of the representative’s authority. The TVA Purchasing Agent who administers a contract for TVA is designated as the duly authorized representative of the Director of Purchasing to act as Contracting Officer for all purposes in the administration of the contract (including, without limitation, decision of claims under the disputes clause). Such a designation continues until it is revoked or modified by written notice to the Contractor and the Purchasing Agent from TVA’s Director of Purchasing.

(f) The term Contractor means a party to a TVA contract which contains a disputes clause. The term “Contractor” does not include TVA.

(g) The term disputes clause means a clause in a TVA contract requiring that a contract dispute be resolved through a TVA-conducted administrative process. It does not include, for example, arbitration provisions, or provisions specifying an independent third party to decide certain kinds of matters or special mechanisms to establish prices or price adjustments in contracts.

(h) The term Hearing Officer means a member of the Board who has been designated to hear and determine a particular matter pending before the Board.

(i) The term TVA means the Tennessee Valley Authority.

(j) A term defined as in a contract subject to this part shall have the meaning given it in the contract.

§ 1308.3 Exclusions.

(a) This part does not apply to any TVA contract which does not contain a disputes clause.

(b) Except as otherwise specifically provided, this part does not apply to any TVA contract entered into prior to March 1, 1979, or to any dispute relating to such a contract.

§ 1308.4 Coverage of certain excluded Contractors.

(a) A Contractor whose contract is excluded from this part under §1308.3(b) may elect to proceed under this part and the Act with respect to any dispute pending before a Contracting Officer on March 1, 1979, or initiated thereafter. If the disputes clause in the contract is not an “all disputes” clause (see Patton Wrecking & Dem. Co. v. Tennessee Valley Authority, 465 F.2d 1073 (5th Cir. 1972)), a Contractor’s election under this section shall cause the provisions of the first two sentences of section 6(a) of the Act to apply to the contract, and such an election shall be irrevocable.

(b) A Contractor makes an election under paragraph (a) of this section by giving written notice to the Contracting Officer stating that the Contractor elects to proceed with the dispute under the Act. For disputes pending on March 1, 1979, the notice shall be actually received by the Contracting Officer within 30 days after the Contractor receives the Contracting Officer’s decision. For disputes initiated thereafter, the notice shall be included in the document first requesting a decision by the Contracting Officer.

§ 1308.5 Interest.

TVA shall pay a Contractor interest on the amount found to be due on a claim:
(a) From the date payment is due under the contract or the Contracting Officer receives the claim, whichever is later, until TVA makes payment;

(b) At the rate payable pursuant to section 12 of the Act on the date from which interest runs pursuant to paragraph (a) of this section.

§ 1308.6 Fraudulent claims.

(a) If a Contractor is unable to support any part of a claim and it is determined that such inability is attributable to the Contractor’s misrepresentation of fact or fraud, the Contractor shall be liable to TVA, as set out in section 5 of the Act, for:

(1) An amount equal to the unsupported part of the claim; plus

(2) All TVA’s costs attributable to reviewing that part of the claim.

(b) The term “misrepresentation of fact” has the meaning given it in section 2(7) of the Act.

(c) Prior to TVA’s filing suit for amounts due under this section, TVA shall provide the Contractor with a copy of any opinion under § 1308.16 or § 1308.37(b), and shall request the Contractor to pay voluntarily the amount TVA asserts is due to it.

(d) A determination by TVA that fraud or misrepresentation of the fact has been committed is not subject to decision under a disputes clause.

(e) The provisions of this section are in addition to whatever penalties or remedies may otherwise be provided by law.

§ 1308.7 Effective date.

Subject to § 1308.3(a), this part applies to any TVA contract having an effective date on or after March 1, 1979.

Subpart B—Contracting Officers

§ 1308.11 Contractor’s request for relief.

Any request for relief which a Contractor believes is due under a contract shall be submitted to the Contracting Officer in writing, in accordance with the terms of the contract, including applicable time limits.

§ 1308.12 Submission and decision of Contractor’s claim.

(a) If Contractor and TVA are unable to resolve Contractor’s request for relief by agreement within a reasonable time, Contractor may submit a claim to the Contracting Officer.

(b) The Contracting Officer shall issue a decision to the Contractor a submitted claim in conformity with the contract’s disputes clause. Specific findings of fact are not required, but may be made. Such findings are not binding in any subsequent proceeding except as provided in § 1308.15. The decision shall:

(1) Be in writing;

(2) State the reasons for the decision reached;

(3) Include information about the Contractor’s rights of appeal under sections 7 and 10 of the Act (including time limits); and

(4) Notify the Contractor, as appropriate, of the special procedures available under §§ 1308.35 and 1308.36 at the Contractor’s election. A copy of the provisions of this part shall be furnished with the decision.

§ 1308.13 Time limits for decisions.

(a) If a submitted claim involves $50,000 or less, the Contracting Officer shall issue the decision within 60 days from actual receipt of the claim. If a submitted claim involves more than $50,000, the Contracting Officer within 60 days from actual receipt shall either issue a decision or notify the Contractor of the date by which a decision shall be rendered, which shall be within a reasonable time. The Contracting Officer shall not be deemed to be in “actual receipt” of a claim until the claim meets all requirements of § 1308.2(c).

(b) A decision by the Contracting Officer shall issue a decision within any time limits set by an order under § 1308.24. If a Hearing Officer grants a stay of an appeal pursuant to § 1308.25, the Contracting Officer shall issue a decision within any time limits specified by the stay order, or within a reasonable time after receipt of the stay, if it sets no time limits.

(c) As used in this subpart, the reasonableness of a time period depends on the amount or kind of relief involved and complexity of the issues raised, the
§ 1308.14 Request for relief by TVA.

When TVA believes it is due relief under a contract, the Contracting Officer shall make a request for relief against the Contractor, and shall attempt to resolve the request by agreement. If agreement cannot be reached within a reasonable time, the Contracting Officer shall issue a decision which complies with the requirements of §1308.12(b).

§ 1308.15 Finality of decisions.

A decision by a Contracting Officer under the disputes clause of a contract subject to this part is final and conclusive and not subject to review by any forum, tribunal, or Government agency unless an appeal or suit is timely commenced under this part or section 10(a)(2) and (3) of the Act.

§ 1308.16 Decisions involving fraudulent claims.

If a Contracting Officer denies any part of a Contractor’s claim for lack of support, and the Contracting Officer is of the opinion that the Contractor’s inability to support that part of the claim is within §1308.6 and section 5 of the Act, the Contracting Officer’s decision shall not state that opinion, but, contemporaneously with the decision, the Contracting Officer shall separately notify TVA’s General Counsel of that opinion and the reasons therefor.

§ 1308.17 Failure to render timely decision.

Any failure by Contracting Officer to issue a decision on a submitted claim within the period required or permitted by §1308.13, will be deemed to be a decision by the Contracting Officer denying the claim and will authorize the commencement of an appeal on the claim under this part, or a suit on the claim as provided in section 10(a)(2) of the Act. If no appeal or suit pursuant to this section has been commenced at the time the Contracting Officer issues a decision, the right to sue or appeal and the time limits therefor shall be determined as otherwise provided in this part and the Act, and this section shall not authorize an appeal or suit from the decision.

Subpart C—Board of Contract Appeals

§ 1308.21 Jurisdiction and organization.

(a) The Board shall consider and determine timely appeals filed by Contractors from decisions of TVA Contracting Officers pursuant to a disputes clause.

(b) The Board shall consist of an indeterminate number of members, who shall serve on a part-time basis. The members of the Board shall all be attorneys at law duly licensed by any state, commonwealth, territory, or the District of Columbia. One of the members of the Board shall be designated as “Chairman” pursuant to section 8(b)(2) of the Act.

(c) Each appeal or other matter before the Board shall normally be assigned to a single Hearing Officer, to be designated by the Chairman. The Chairman may act as a Hearing Officer, and shall notify the Contractor and TVA of the name and mailing address of the person designated as Hearing Officer.

(d) If a member to whom an appeal has been assigned cannot perform in a timely manner the duties of Hearing Officer, because of unavailability or incapacity which would in the Chairman’s judgment affect the expeditious and timely resolution of the appeal, or for any other reason deemed sufficient by the Chairman, the Chairman may take any action deemed appropriate to effectuate the disposition of the appeal and the rights of the parties under this part. The kind of action taken, and the manner thereof, shall be within the discretion of the Chairman, and may include, but is not limited to, action on pending motions, discovery, issuance of or ruling on objections to subpoenas, and reassignment of an appeal in whole or in part.

§ 1308.22 Representation.

(a) In any appeal to the Board, a Contractor may be represented by an attorney at law duly licensed by any state, commonwealth, territory, or the
Tennessee Valley Authority

§ 1308.27 Appeal files.

(a) Notices of appeal shall be filed as provided in the disputes clause, and shall be promptly transmitted by TVA to the Chairman.

(b) Following transmittal of the notice of appeal, TVA shall assemble and transmit to the Hearing Officer and the Contractor an appeal file consisting of:

(1) The Contracting Officer’s decision, if any, from which the appeal is taken;

(2) The contract and pertinent amendments, specifications, plans, and drawings (a list of the documents submitted may be provided Contractor in lieu of copies);

(3) The claim;

(4) Any other matter pertinent to the appeal submitted to or considered by the Contracting Officer for reaching a decision.

§ 1308.25 Stay of appeal for Contracting Officer’s decision.

If an appeal has been taken because of a Contracting Officer’s failure to render a timely decision, as provided by §1308.17, the Hearing Officer, with or without a motion by a party, may stay proceedings on the appeal in order to obtain a decision on the matter appealed. Oral argument will not be heard on such a motion unless otherwise directed. The stay order will normally set a date certain by which the decision of the Contracting Officer will be rendered. Such date shall take into account the factors mentioned in §1308.13(c), the length of time the matter has already been pending before the Contracting Officer, and the need for prompt and expeditious action on appeals.
appeal. Such documents are considered a part of the appeal file.

Subpart D—Prehearing and Hearing Procedures

§ 1308.31 Filing and service.
(a) All documents required to be served shall be served on TVA and Contractor and filed with the Board, except subpoenas.
(b) A request under §1308.15 shall be directed to the General Manager, Tennessee Valley Authority, 400 Commerce Avenue, Knoxville, Tennessee 37902, and shall be transmitted to the Chairman.
(c) All other documents required to be filed shall be directed to the Hearing Officer assigned to the matter.
(d) Service on the opposing party may be made personally or by mail. The copy presented for filing shall bear an appropriate certificate or acknowledgment of service.

§ 1308.32 Prehearing procedures.
(a) Unless otherwise provided in this part, prehearing procedures, including discovery, shall be conducted in accordance with Rules 6, 7(b), 16, 26, 28–37, and 56 of the Federal Rules of Civil Procedure, except that the Hearing Officer may modify those Rules to meet the needs of the parties in a particular case.
(b) The term court as used in those Rules shall be deemed to mean “Hearing Officer”. The term plaintiff shall be deemed to mean “Contractor”; the term defendant shall be deemed to mean “TVA”; and the term action shall be deemed to mean the pending appeal.
(c)(1) Conduct of hearings shall generally be governed by Rules 42–44, 44.1, and 46 of the Federal Rules of Civil Procedure, except that the Hearing Officer may modify those Rules to meet the needs of the parties in a particular case. The terms court, plaintiff, defendant, and action as used in those Rules shall be deemed to have the meaning given them in §1308.32.
(c)(2) After the Contractor has completed the presentation of his evidence, TVA, without waiving the right to offer evidence in the event the motion is not granted, may move for a dismissal on the ground that upon the facts and the law the Contractor has shown no right to relief. The Hearing Officer as the trier of the facts may then determine them and render a decision against the Contractor, or take the matter under advisement, or decline to render any decision until the close of all the evidence. Any decision rendered under this paragraph shall conform to §1308.37, and is a decision within the meaning of §1308.23.
(d) Hearings shall be as informal as may be reasonable and appropriate under the circumstances, and shall be
§ 1308.34 Record on appeal.

Except as otherwise provided in this part, the appeal shall be decided on the basis of the record on appeal, which consists of the notice of appeal, the claim, any notice of election under §1308.35 or §1308.36, orders entered during the proceeding, admissions, transcripts of hearings, hearing exhibits and stipulations on file, all other documents admitted in evidence, and all briefs submitted by the parties.

§ 1308.35 Small claims procedure.

(a) The Contractor may elect to have the appeal processed under this section, if the amount in dispute is $10,000 or less. This amount shall be determined by totalling the amounts claimed by TVA and Contractor.

(b) Appeals under this section shall be decided, whenever possible, within 120 days after the Hearing Officer receives written notice that the Contractor has elected to proceed under this section. Such election may be made a part of the notice of appeal.

(c) An appeal under this section shall be determined on the basis of the record on appeal and those documents in the appeal file identified in §1308.27(b)(1), (2), and (3). Other documents may be considered in the determination of the appeal as may be stipulated to by the parties, or as the Hearing Officer may order on motion by a party. No evidentiary hearing shall be held unless the Hearing Officer directs testimony on a particular issue. Discovery and other prehearing procedures may be conducted under such time periods as the Hearing Officer may set to meet the 120-day period, and the Hearing Officer may reserve up to 30 days to prepare a decision. Upon request by either party, the Hearing Officer shall hear oral argument after the record is closed, and may direct oral argument on specified issues if the parties do not request it.

(d) The Hearing Officer's decision under this section will be short and contain only summary findings of fact and conclusions of law. The decision may, at the Hearing Officer's discretion, be rendered orally at the conclusion of any oral argument held. In such case, the Hearing Officer will promptly furnish the parties a typed copy of the decision, which shall constitute the final decision.

(e) Decisions under this section shall be final and conclusive except for fraud, and shall have no value as precedent for future appeals.

§ 1308.36 Accelerated appeal procedure.

(a) The Contractor may elect to have the appeal processed under this section if the amount in dispute is $50,000 or less. The amount shall be determined by totalling the amounts claimed by TVA and Contractor.

(b) Appeals under this section shall be decided, whenever possible, within 180 days after the Hearing Officer receives written notice that the Contractor has elected to proceed under this section. Such election may be made a part of the notice of appeal.

(c) In cases under this section, the parties are encouraged to limit discovery and briefing, consistent with adequate presentation of their positions. The Hearing Officer may shorten applicable time periods in order to meet the 180-day period, and may reserve 30 days to prepare a decision.

(d) The Hearing Officer's decision under this section will be short and may contain only summary findings of fact and conclusions of law. The decision may, at the Hearing Officer's discretion, be rendered orally at the conclusion of the evidentiary hearing, following such oral argument as may be permitted. In such case, the Hearing Officer will promptly furnish the parties a typed copy of the decision, which shall constitute the final decision.

§ 1308.37 Decisions.

(a) The Hearing Officer's decision shall be in writing. Except as provided by §1308.35 or 1308.36, the decision shall contain complete findings of fact and conclusions of law. The parties may be directed to submit proposed findings.
§ 1308.38

and conclusions. A decision against a Contractor on a claim shall include notice of the Contractor’s rights under paragraphs (2) and (3) of section 10(a) of the Act.

(b) If the decision denies any part of a Contractor’s claim for lack of support and the Hearing Officer is of the opinion that the Contractor’s inability to support that part is within §1308.6 and section 5 of the Act, the decision shall not state that opinion, but contemporaneously with the decision the Hearing Officer shall separately notify TVA’s General Counsel of that opinion and the reasons therefor.

(c) Not later than 10 days after receipt of the decision, a party may move to alter or amend the findings or make additional findings and amend the conclusions and decision accordingly. Such a motion may be combined with a motion under §1308.38. This time period cannot be extended.

§ 1308.39 Briefs and motions.

(a) All motions shall be accompanied by a brief or memorandum setting forth supporting authorities. Briefs in opposition to a motion shall be served within 10 days after receipt of the motion, unless otherwise specified in this part, or by order of the Hearing Officer.

(b) The Hearing Officer shall set the schedule for service of prehearing and posthearing briefs on the merits.

(c) A motion to dismiss an appeal for lack of jurisdiction should be served seasonably, but may be served at any time. The issue of lack of jurisdiction may be raised by the Hearing Officer sua sponte, in which case the Hearing Officer shall set a briefing schedule on the issue in the document raising it to the parties.

(d) A motion for summary judgment may be made at any time after the appeal file has been transmitted under §1308.26.

§ 1308.54 Requests to quash or modify.

The person served with a subpoena (or a party, if the person served is a party’s employee) may request the Hearing Officer to quash or modify a subpoena. Such requests shall be made and determined in accordance with the time limits and principles of Rule 45(a), (b) and (d) of the Federal Rules of Civil Procedure.

§ 1308.55 Penalties.

In case of contumacy or refusal to obey a subpoena by a person who resides, is found, or transacts business within the jurisdiction of a United States District Court, the Board will apply to the court through the General Counsel of TVA for an order requiring the person to appear before the Hearing Officer, to produce evidence or give testimony, or both. Any failure of any such person to obey the order of the court may be punished by the court as a contempt thereof.
(f) Financial assistance means any grant, entitlement, loan, cooperative agreement, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement, by which TVA provides or otherwise makes available to a recipient assistance in any of the following forms:

(3) Real and personal property or any interest in or use of property, including:

§ 1309.2 What is the purpose of the Act?

The Act is designed to prohibit discrimination on the basis of age in programs or activities receiving Federal financial assistance. The Act also permits federally assisted programs or activities, and recipients of Federal funds, to continue to use certain age distinctions and factors other than age...
which meet the requirements of the Act and this part.

§ 1309.3 What is the purpose of this part?
The purpose of this part is to effectuate the Act in all programs or activities of recipients which receive financial assistance from TVA, and to inform the public and the recipients of financial assistance from TVA of the Act’s requirements and how it will be enforced.

§ 1309.4 What programs or activities are covered by the Act and this part?
(a) The Act and this part apply to any program or activity receiving financial assistance from TVA.
(b) The Act and this part do not apply to:
   (1) An age distinction contained in that part of a Federal, State or local statute or ordinance adopted by an elected, general purpose legislative body which:
      (i) Provides any benefits or assistance to persons based on age; or
      (ii) Establishes criteria for participation in age-related terms; or
      (iii) Describes intended beneficiaries or target groups in age-related terms.
   (2) Any employment practice of any employer, employment agency, labor organization, or any labor-management joint apprenticeship training program.

§ 1309.5 What are the rules against age discrimination?
(a) General rule. No person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity receiving financial assistance from TVA.
(b) Specific rules. In any program or activity receiving financial assistance from TVA, a recipient may not directly or through contractual, licensing, or other arrangements, use age distinctions or take any other actions which have the effect, on the basis of age of:
   (1) Excluding individuals from, denying them the benefits of, or subjecting them to discrimination under a program or activity receiving financial assistance from TVA, or
   (2) Denying or limiting individuals in their opportunity to participate in any program or activity receiving financial assistance from TVA.
(c) The specific forms of age discrimination listed in paragraph (b) of this section do not necessarily constitute a complete list.
   (d) The rules stated in this section are limited by the exceptions contained in §§ 1309.6 and 1309.7.

§ 1309.6 Is the normal operation or statutory objective of any program or activity an exception to the rules against age discrimination?
A recipient is permitted to take an action, otherwise prohibited by §1309.5, if the action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity. An action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity, if:
(a) Age is used as a measure or approximation of one or more other characteristics; and
(b) The other characteristic(s) must be measured or approximated in order for the normal operation of the program or activity to continue, or to achieve any statutory objective of the program or activity; and
(c) The other characteristic(s) can be reasonably measured or approximated by the use of age; and
(d) It is impractical to measure the other characteristic(s) directly on an individual basis.

§ 1309.7 Is the use of reasonable factors other than age an exception to the rules against age discrimination?
A recipient is permitted to take an action otherwise prohibited by §1309.5 which is based on a factor other than age, even though that action may have a disproportionate effect on persons of different ages. An action may be based on a factor other than age only if the factor bears a direct and substantial relationship to the normal operation of
§ 1309.8 Who has the burden of proving that an action is excepted?

The burden of proving that an age distinction or other action falls within the exceptions outlined in §§1309.6 and 1309.7 is on the recipient of financial assistance from TVA.

§ 1309.9 How does TVA provide financial assistance in conformity with the Act?

(a) TVA contributes financial assistance only under agreements which contain a provision which specifically requires compliance with the Act and this part. If the financial assistance involves the furnishing of real property, the agreement shall obligate the recipient, or the transferee in the case of a subsequent transfer, for the period during which the real property is used for a purpose for which the financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where the financial assistance involves the furnishing of personal property, the agreement shall obligate the recipient during the period for which ownership or possession of the property is retained. In all other cases the agreement shall obligate the recipient for the period during which financial assistance is extended pursuant to the agreement. TVA shall specify the form of the foregoing agreement, and the extent to which an agreement shall be applicable to subcontractors, transferees, successors in interest, and other participants.

(b) In the case of real property, structures or improvements thereon, or interests therein, acquired through a program of TVA financial assistance, or in the case where TVA financial assistance was provided in the form of a transfer by TVA of real property or an interest therein, the instrument effecting or recording the transfer of title shall contain a covenant running with the land assuring compliance with this part and the guidelines contained herein for the period during which the real property is used for a purpose for which the TVA financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where no transfer of property is involved, but property is improved with TVA financial assistance, the recipient shall agree to include such a covenant in any subsequent transfer of such property. Where the property is obtained by transfer from TVA, the covenant against discrimination may also include a condition coupled with a right to be reserved by TVA to revert title to the property in the event of a breach of the covenant where, in the discretion of TVA, such a condition and right of reverter is appropriate to the nature of (1) the statute under which the real property is obtained, (2) the recipient, and (3) the instrument effecting or recording the transfer of title. In such event, if a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on such property for the purposes for which the property was transferred, TVA may agree, upon request of the transferee and if necessary to accomplish such financing, and upon such conditions as it deems appropriate, to forbear the exercise of such right to reverter for so long as the lien of such mortgage or other encumbrance remains effective.

§ 1309.10 What general responsibilities do recipients and TVA have to ensure compliance with the Act?

(a) A recipient has primary responsibility to ensure that its programs or activities are in compliance with the Act and shall take steps to eliminate violations of the Act. A recipient also has responsibility to maintain records, provide information, and afford TVA access to its records to the extent required by TVA to determine whether the recipient is in compliance with the Act.

(b) TVA has responsibility to attempt to secure a recipient’s compliance with the Act by voluntary means, to the fullest extent practicable, and to provide assistance and guidance to recipients to help them comply voluntarily. TVA may use the services of appropriate Federal, State, local, or private organizations for this purpose.
Tennessee Valley Authority § 1309.14

TVA also has the responsibility to enforce the Act when a recipient fails to eliminate violations of the Act.

§ 1309.11 What specific responsibilities do TVA and recipients have to ensure compliance with the Act?

(a) Written notice, technical assistance, and educational materials. TVA shall:

(1) Provide written notice to each recipient of its obligations under the Act. The notice shall include a requirement that where the recipient initially receiving funds makes the funds available to a subrecipient, the recipient must notify the subrecipient of its obligations under the Act. The notice may be made a part of the contract under which financial assistance is provided by TVA.

(2) Provide technical assistance to recipients, where necessary, to aid them in complying with the Act.

(3) Make available educational materials setting forth the rights and obligations of beneficiaries and recipients under the Act.

(b) [Reserved]

§ 1309.12 What are a recipient’s responsibilities on compliance reports and access to information?

(a) Compliance reports. Each recipient shall keep such records and submit to TVA timely, complete and accurate compliance reports at such times and in such form and containing such information, as TVA may determine to be necessary to enable it to ascertain whether the recipient has complied or is complying with this part. In the case in which a primary recipient passes through financial assistance from TVA to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

(b) Access to sources of information. Each recipient shall permit access by TVA during normal business hours to such of its books, records, accounts and other sources of information, and its facilities as may be pertinent to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person, and such agency, institution or person shall fail or refuse to furnish this information, the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information.

(c) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program or activity for which the recipient receives financial assistance, and make such information available to them in such manner as TVA finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.

§ 1309.13 What are the prohibitions against intimidation or retaliation?

No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right secured by the Act or this part, or because such individual has made a complaint, testified, assisted, or participated in any manner in an investigation, mediation, hearing, or other proceeding under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, mediation, hearing, or judicial proceeding arising under the Act or this part.

§ 1309.14 How will complaints against recipients be processed?

(a) Receipt of complaints. Any individual who claims (individually or on behalf of any specific class of individuals) that he or she has been subjected to discrimination prohibited by this part (including §1309.13) may file a written complaint with TVA. The written complaint must be filed not later than 90 days from the date of the alleged discrimination, unless the time for filing is extended by TVA for good cause shown. A complaint shall be signed by the complainant, give the
§ 1309.15 How will TVA enforce compliance with the Act and this part?

(a) If a compliance report, self-evaluation, or preaward review indicates a violation or threatened violation of the Act or this part, TVA shall attempt to secure the recipient’s voluntary compliance with the Act and this part. If
§ 1309.17 What is the procedure for hearings and issuance of TVA decisions required by this part?

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by §1309.15(a)(1), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected recipient. This notice shall advise the recipient of the specific provision under which the proposed action is initiated.

(b) Notification of hearing.

(1) A recipient shall be advised of the specific provision under which the proposed action is required and of the specific provision under which the recipient may challenge the proposed action.

(2) A recipient shall be advised of the specific provision under which the proposed action is required and of the procedure for hearing.

(c) Duration of proceedings.

(1) A hearing shall be held within 30 days after the receipt of the notice of hearing.

(2) A hearing shall be held within 30 days after the receipt of the notice of hearing.

(d) TVA may defer granting new financial assistance to a recipient when termination proceedings under paragraph (a)(1) of this section are initiated.

(e) A deferral may not extend for more than 60 days unless a hearing has begun within that time or the time for beginning the hearing has been extended by mutual consent of the recipient and TVA.

(f) A deferral may not continue for more than 30 days after the close of the hearing, unless the hearing results in a finding against the recipient.

§ 1309.18 What is the alternate funds disbursal procedure?

When TVA withholds funds from a recipient under this part, TVA may contract to disburse the withheld funds directly to any public or nonprofit private organization or agency, or State or political subdivision of the State. These alternate recipients must demonstrate the ability to comply with this part and to achieve the goals of the Federal financial assistance involved.

[46 FR 51357, Aug. 26, 2003]
against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either (1) fix a date not less than 20 days after the date of such notice within which the recipient may request of TVA that the matter be scheduled for hearing or (2) advise the recipient that the matter in question has been set down for hearing at a stated time and place. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. A recipient may waive a hearing and submit written information and argument for the record. The failure of a recipient to request a hearing under this subsection or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under the Act and §1309.15(a)(1) and a consent to the making of a decision on the basis of such information as is available.

(b) Time and place of hearing. Hearings shall be held at the time and place fixed by TVA unless it determines that the convenience of the recipient requires that another place be selected. Hearings shall be held before a hearing officer who shall be designated by TVA’s General Manager, and who shall not be a TVA employee.

c) Right to counsel. In all proceedings under this section, the recipient and TVA shall have the right to be represented by counsel.

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof by TVA’s Board of Directors shall be conducted in conformity with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters, as prescribed by the hearing officer. Both TVA and the recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the hearing officer at the outset of or during the hearing.

(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the hearing officer. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or received for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

e) Consolidated or joint hearings. In cases in which the same or related facts are asserted to constitute noncompliance with this part with respect to two or more Federal statutes, authorities, of other means by which Federal financial assistance is extended and to which this part applies, or noncompliance with this part and the regulations of one or more other Federal departments or agencies issued under the Act, the TVA Board may, by agreement with such other departments or agencies where applicable, provide for the conduct of consolidated or joint hearings, and for the application to such hearings of the rules of procedure applicable to such hearings by such other departments or agencies. Final decisions in such cases, insofar as this part is concerned, shall be made in accordance with paragraph (f) of this section.

(f) Decisions. (1) After the hearing, or after the hearing is waived under paragraph (a) of this section, the hearing officer shall make an initial decision. The recipient may file exceptions to the decision with the TVA Board within 10 days of receipt of the decision. If exceptions are not filed within the specified time, the hearing officer’s initial decision becomes the final TVA decision.

(2) Based on the hearing record, investigation, and any written submission to the hearing officer or the TVA
§ 1309.19 Tennessee Valley Authority

Board, the Board shall render its decision accepting the initial decision, or rejecting it, in whole or part.

(3) The final decision may provide for suspension or termination of, or refusal to grant or continue financial assistance, in whole or in part, to which this regulation applies, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no financial assistance to which this regulations applies will thereafter be extended to the recipient determined by such decision to have failed to comply with this part, unless and until it corrects its noncompliance and satisfies TVA that it will fully comply with this part.

(g) Posttermination proceedings. (1) A recipient adversely affected by an order issued under paragraph (f) of this section shall be restored to full eligibility to receive financial assistance from TVA if it satisfies the terms and conditions of that order for such eligibility or if it brings itself into compliance with this part and provides reasonable assurance that it will fully comply with this part.

(2) Any recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request TVA to restore fully its eligibility to receive financial assistance from TVA. Any such request shall be supported by information showing that the recipient has met the requirements of paragraph (g)(1) of this section. If TVA determines that those requirements have been satisfied, it shall restore such eligibility.

(3) If TVA denies any such request, the recipient may submit a written request for a hearing, specifying why it believes TVA to have been in error. The recipient shall thereupon be given an expeditious hearing, with a decision on the record, in accordance with rules of procedure issued by TVA. The recipient will be restored to such eligibility if it proves at such a hearing that it satisfied the requirements of paragraph (g)(1) of this section. While proceedings under this paragraph are pending, the sanctions imposed by the order issued under paragraph (f)(3) of this section shall remain in effect.

§ 1309.18 Under what circumstances must recipients take remedial or affirmative action?

(a) Where a recipient is found to have discriminated on the basis of age, the recipient shall take any remedial action which TVA may require to overcome the effects of the discrimination, if another recipient exercises control over the recipient that has discriminated, both recipients may be required to take remedial action.

(b) Even in the absence of a finding of discrimination, a recipient may take affirmative action to overcome the effects of conditions that resulted in limited participation recipient’s program or activity on the basis of age.

(c) If a recipient operating a program or activity which serves the elderly or children, in addition to persons of other ages, provides special benefits to the elderly or to children, the provision of those benefits shall be presumed to be voluntary affirmative action provided that it does not have the effect of excluding otherwise eligible persons from participation in the program or activity.

§ 1309.19 When may a complainant file a civil action?

(a) A complainant may file a civil action following the exhaustion of administrative remedies under the Act. Administrative remedies are exhausted if:

(1) 180 days have elapsed since the complainant filed the complaint and TVA has made no finding with regard to the complaint; or

(2) TVA issues any finding in favor of the recipient.

(b) If either of the conditions set forth in paragraph (a) of this section is satisfied, TVA shall:

(1) Promptly advise the complainant of the fact; and

(2) Advise the complainant of his or her right, under Section 305(e) of the Act, to bring a civil action for injunctive relief that will effect the purposes of the Act; and
(3) Inform the complainant:
   (i) That a civil action can only be brought in a United States district court for the district in which the recipient is found or transacts business;
   (ii) That a complainant prevailing in a civil action has the right to be awarded the costs of the action, including reasonable attorney’s fees, but that these costs must be demanded in the complaint;
   (iii) That before commencing the action the complainant shall give 30 days’ notice by registered mail to the Secretary, the Attorney General of the United States, TVA, and the recipient;
   (iv) That the notice shall state: the alleged violation of the Act; the relief requested; the court in which the action will be brought; and whether or not attorney’s fees are demanded in the event the complainant prevails; and
   (v) That no action shall be brought if the same alleged violation of the Act by the same recipient is the subject of a pending action in any court of the United States.

§ 1310.1 Purpose.

The purpose of the regulations in this part is to establish a schedule of fees to be charged in connection with the disposition and uses of, and activities affecting, real property in TVA’s custody or control; approval of plans under section 26a of the Tennessee Valley Authority Act of 1933, as amended (16 U.S.C. 831y–1); and certain other activities in order to help ensure that such activities are self-sustaining to the full extent possible.

§ 1310.2 Application.

(a) General. TVA will undertake the following actions only upon the condition that the applicant pay to TVA such administrative charges as the Senior Manager of the TVA organization that administers the land or permit being considered (hereinafter “responsible land manager”), as appropriate, shall assess in accordance with §1310.3; provided, however, that the responsible land manager may waive payment where he/she determines that there is a corresponding benefit to TVA or that such waiver is otherwise in the public interest.

(1) Conveyances and abandonment of TVA land or landrights.

(2) Licenses and other uses of TVA land not involving the disposition of TVA real property or interests in real property.

(3) Actions taken to suffer the presence of unauthorized fills and structures over, on, or across TVA land or landrights, and including actions not involving the abandonment or disposal of TVA land or landrights.

(4) Actions taken to approve fills, structures, or other obstructions under section 26a of the Tennessee Valley Authority Act of 1933, as amended (16 U.S.C. 831y–1), and TVA’s regulations issued thereunder at part 1304 of this chapter.

(b) Exemption. An administrative charge shall not be made for the following actions:

(1) Releases of unneeded mineral right options.

(2) TVA mineral transactions.

(c) Quota deer hunt and turkey hunt applications. Quota deer hunt and turkey hunt permit applications will be processed by TVA if accompanied by the fee prescribed in §1310.3(d).

[60 FR 8196, Feb. 13, 1995, as amended at 72 FR 18118, Apr. 11, 2007]

§ 1310.3 Assessment of administrative charge.

(a) Range of charges. Except as otherwise provided herein, the responsible land manager shall assess a charge which he/she determines in his/her sole judgment to be approximately equal to the administrative costs incurred by TVA for each action including both the direct cost to TVA and applicable overheads. In determining the amount of such charge, the responsible land manager may establish a standard charge for each category of action
rather than determining the actual administrative costs for each individual action. The standard charge shall be an amount approximately equal to TVA’s actual average administrative costs for the category of action. Charges shall be not less than the minimum or greater than the maximum amount specified herein, except as otherwise provided in paragraph (c) of this section.

(1) Land transfers—$500–$10,000.
(2) Use permits or licenses—$50–$5,000.
(3) Actions taken to approve plans for fills, structures, or other obstructions under section 26a of the TVA Act—$100–$5,000.
(4) Abandonment of transmission line easements and rights-of-way—$100–$1,500.
(5) Quota deer hunt or turkey hunt applications—$5–$25.

(b) Basis of charge. The administrative charge assessed by the responsible land manager shall, to the extent applicable, include the following costs:

(1) Appraisal of the land or landrights affected;
(2) Assessing applicable rental fees;
(3) Compliance inspections and other field investigations;
(4) Title and record searches;
(5) Preparation for and conducting public auction and negotiated sales;
(6) Mapping and surveying;
(7) Preparation of conveyance instrument, permit, or other authorization or approval instrument;
(8) Coordination of the proposed action within TVA and with other Federal, State, and local agencies;
(9) Legal review; and
(10) Administrative overheads associated with the transaction.

(c) Assessment of charge when actual administrative costs significantly exceed established range. When the responsible land manager determines that the actual administrative costs are expected to significantly exceed the range of costs established in paragraph (a) of this section, such manager shall not proceed with the TVA action until agreement is reached on payment of a charge calculated to cover TVA’s actual administrative costs.

(d) Quota deer hunt and turkey hunt application fees. A fee for each person in the amount prescribed by the responsible land manager must accompany the complete application form for a quota deer hunt and turkey hunt permit. Applications will not be processed unless accompanied by the correct fee amount. No refunds will be made to unsuccessful applicants, except that fees received after the application due date will be refunded.

(e) Additional charges. In addition to the charges assessed under these regulations, TVA may impose a charge in connection with environmental reviews or other environmental investigations it conducts under its policies or procedures implementing the National Environmental Policy Act (42 U.S.C. 4321 et seq.).

§ 1311.1 What is the purpose of these regulations?

(a) The regulations in this part implement Executive Order 12372, ‘‘Intergovernmental Review of Federal Programs,’’ issued July 14, 1982, and amended on April 8, 1983. These regulations also implement applicable provisions of section 401 of the Intergovernmental Cooperation Act of 1968 and are intended to assist TVA in carrying out its responsibilities under the TVA Act.

(b) These regulations are intended to foster an intergovernmental partnership and a strengthened Federalism by relying on state processes and on state, areawide, regional, and local coordination for review of proposed federal financial assistance and direct federal development.

(c) These regulations are intended to aid the internal management of TVA, and are not intended to create any right or benefit enforceable at law by a party against TVA or its officers.

§ 1311.2 What definitions apply to these regulations?

TVA means the Tennessee Valley Authority, a wholly owned corporation and independent instrumentality of the United States.

Order means Executive Order 12372, issued July 14, 1982, and amended April 8, 1983, and titled ‘‘Intergovernmental Review of Federal Programs.’’

State means any of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, American Samoa, the U.S. Virgin Islands, or the Trust Territory of the Pacific Islands.

§ 1311.3 What programs and activities of TVA are subject to these regulations?

TVA publishes in the Federal Register a list of TVA’s federal financial assistance and direct federal development programs and activities that are subject to these regulations.

§ 1311.4 [Reserved]

§ 1311.5 What is TVA’s obligation with respect to federal interagency coordination?

TVA, to the extent practicable, consults with and seeks advice from all other substantially affected federal departments and agencies in an effort to assure full coordination between such agencies and TVA regarding programs and activities covered under these regulations.

§ 1311.6 What procedures apply to the selection of programs and activities under these regulations?

(a) A state may select any program or activity published in the Federal Register in accordance with §1311.3 of this part for intergovernmental review under these regulations. Each state, before selecting programs and activities, shall consult with local elected officials.

(b) Each state that adopts a process shall notify TVA of the programs and activities selected for that process.

(c) A state may notify TVA of changes in its selections at any time. For each change, the state shall submit to TVA an assurance that the state has consulted with local elected officials regarding the change. TVA may establish deadlines by which states are required to inform TVA of changes in their program selections.

(d) TVA uses a state’s process as soon as feasible, depending on individual programs and activities, after TVA is notified of the states selections.

§ 1311.7 How does TVA communicate with state, regional, and local officials concerning TVA’s programs and activities?

(a) For those programs and activities covered by a state process under §1311.6, TVA, to the extent permitted by law:

(1) Uses the official state process to determine views of state and local elected officials, and

(2)Communicates with state and local elected officials, through the official state process, as early in a program planning cycle as is reasonably feasible to explain specific plans and actions.
Tennessee Valley Authority § 1311.10

(b) TVA provides notice to directly affected state, areawide, regional, and local entities in a state of proposed Federal financial assistance or direct federal development if:

(1) The state has not adopted a process under the Order;
(2) The assistance or development involves a program or activity not selected for the state process; or
(3) The particular government entity is not part of or involved in the state process.

This notice may be made by a publication widely available in the potentially affected area or other appropriate means, which TVA in its discretion deems appropriate.

§ 1311.8 How does TVA provide states an opportunity to comment on proposed federal financial assistance and direct federal development?

(a) Except in unusual circumstances, TVA gives state processes or directly affected state, areawide, regional, and local officials and entities:

(1) [Reserved]
(2) At least 60 days from the date established by TVA to comment on proposed direct Federal development or federal financial assistance.

(b) This section also applies to comments in cases in which the review, coordination, and communication with TVA have been delegated or when TVA provides notice directly to potentially affected state, areawide, regional, and local officials and entities under §1311.7(b).

§ 1311.9 How does TVA receive and respond to comments?

(a) TVA follows the procedures in §1311.10 if:

(1) A state office or official is designated to act as a single point of contact between a state process and all federal agencies, and
(2) That office or official transmits a state process recommendation for a program selected under §1311.6.

(b)(1) The single point of contact is not obligated to transmit comments from state, areawide, regional, or local officials and entities where there is no state process recommendation; however, these officials or entities may submit comments directly to TVA for TVA’s consideration.

(2) If a state process recommendation is transmitted by a single point of contact, all comments from state, areawide, regional, and local officials and entities that differ from it must also be transmitted.

(c) If a state has not established a process, or is unable to submit a state process recommendation, state, areawide, regional, and local officials and entities may submit comments to TVA.

(d) If a program or activity is not selected for a state process, state, areawide, regional, and local officials and entities may submit comments to TVA. In addition, if a state process recommendation for a nonselected program or activity is transmitted to TVA by the single point of contact, TVA follows the procedures of §1311.10 of this part.

(e) TVA considers comments which do not constitute a state process recommendation submitted under these regulations and for which TVA is not required to apply the procedures of §1311.10 of this part, when such comments are provided by a single point of contact or directly to TVA by a state, areawide, regional, or local government.

§ 1311.10 How does TVA make efforts to accommodate intergovernmental viewpoints?

(a) If a state process provides a state process recommendation to TVA through its single point contact, TVA either:

(1) Accepts the recommendation;
(2) Reaches a mutually agreeable solution with the state process; or
(3) Provides the single point of contact (including any regional or local office delegated a review and comment role by the state process) with written explanation of the decision in such form as TVA in its discretion deems appropriate. TVA may also supplement the written explanation by providing the explanation to the single point of contact by telephone, other telecommunications, meeting with the single point of contact, and, as appropriate, other interested officials or offices, or other means.
§ 1311.11

(b) In any explanation under paragraph (a)(3) of this section, TVA informs the single point of contact that:

(1) TVA will not implement its decision for at least 10 days after the single point of contact receives the explanation; or

(2) TVA’s General Manager has reviewed the decision and determined that, because of unusual circumstances, the waiting period of at least 10 days is not feasible.

c) For purposes of computing the waiting period under paragraph (b)(1) of this section, the explanation is presumed to have been received five days after the date of mailing of such notification.

§ 1311.11 What are TVA’s obligations in interstate situations?

(a) TVA is responsible for:

(1) Identifying proposed Federal financial assistance and direct Federal development that potentially impact on interstate areas;

(2) Notifying appropriate officials and entities in states which have adopted a process and which select TVA’s program or activity;

(3) In accordance with § 1311.7(b), making efforts to identify and notify the affected state, areawide, regional and local officials and entities in those states that have not adopted a process under the Order or do not select TVA’s program or activity;

(4) Responding pursuant to § 1311.10 of this part if TVA receives a recommendation from a designated areawide agency transmitted by a single point of contact, in cases in which the review, coordination, and communication with TVA have been delegated.

(b) TVA uses the procedures in § 1311.10 if a state process provides a state process recommendation to TVA through a single point of contact.

§ 1311.12 [Reserved]

§ 1311.13 May TVA waive any provision of these regulations?

In an emergency, TVA may waive any provision of these regulations.

§ 1312.1 Purpose.

(a) The regulations in this part implement provisions of the Archaeological Resources Protection Act of 1979, as amended (16 U.S.C. 470aa-mm) by establishing the uniform definitions, standards, and procedures to be followed by all Federal land managers in providing protection for archaeological resources, located on public lands and Indian lands of the United States.
States. These regulations enable Federal land managers to protect archaeological resources, taking into consideration provisions of the American Indian Religious Freedom Act (92 Stat. 469; 42 U.S.C. 1996), through permits authorizing excavation and/or removal of archaeological resources, through civil penalties for unauthorized excavation and/or removal, through provisions for the preservation of archaeological resource collections and data, and through provisions for ensuring confidentiality of information about archaeological resources when disclosure would threaten the archaeological resources.

(b) The regulations in this part do not impose any new restrictions on activities permitted under other laws, authorities, and regulations relating to mining, mineral leasing, reclamation, and other multiple uses of the public lands.

(b) No person may sell, purchase, exchange, transport, or receive any archaeological resource, if such resource was excavated or removed in violation of:

(c) Under section (d) of the Act, any person who knowingly violates or counsels, procures, solicits, or employs any other person to violate any prohibition contained in section 6 (a), (b), or (c) of the Act will, upon conviction, be fined not more than $10,000.00 or imprisoned not more than one year, or both: provided, however, that if the commercial or archaeological value of the archaeological resources involved and the cost of restoration and repair of such resources exceeds the sum of $500.00, such person will be fined not more than $20,000.00 or imprisoned not more than two years, or both. The Federal land manager may issue a permit to any qualified person, subject to appropriate terms and conditions, provided that the person applying for a permit meets conditions in § 1312.8(a) of this part.

(b) Exceptions:

(1) No permit shall be required under this part for any person conducting activities on the public lands under other permits, leases, licenses, or entitlements for use, when those activities are exclusively for purposes other than the excavation and/or removal of archaeological resources, even though those activities might incidentally result in the disturbance of archaeological resources. General earth-moving excavation conducted under a permit or other authorization shall not be construed to mean excavation and/or removal as used in this part. This exception does not, however, affect the Federal land manager’s responsibility to comply with other authorities which protect archaeological resources prior to approving permits, leases, licenses, or entitlements for use; any excavation and/or removal of archaeological resources required for compliance with those authorities shall be conducted in accordance with the permit requirements of this part.

(2) No permit shall be required under this part for any person collecting for private purposes any rock, coin, bullet, or mineral which is not an archaeological resource as defined in this part, provided that such collecting does not result in disturbance of any archaeological resource.

(3) No permit shall be required under this part or under section 3 of the Act
§ 1312.6 Application for permits and information collection.

(a) Any person may apply to the appropriate Federal land manager for a permit to excavate and/or remove archaeological resources from public lands or Indian lands and to carry out activities associated with such excavation and/or removal.

(b) Each application for a permit shall include:

1. The nature and extent of the work proposed, including how and why it is proposed to be conducted, proposed time of performance, locational maps, and proposed outlet for public dissemination of the results.

2. The name and address of the individual(s) proposed to be responsible for conducting the work, institutional affiliation, if any, and evidence of education, training, and experience in accordance with the minimal qualifications listed in §1312.8(a).

3. The name and address of the individual(s), if different from the individual(s) named in paragraph (b)(2) of this section, proposed to be responsible for carrying out the terms and conditions of the permit.

4. Evidence of the applicant’s ability to initiate, conduct, and complete the proposed work, including evidence of logistical support and laboratory facilities.

5. Where the application is for the excavation and/or removal of archaeological resources on public lands, the names of the university, museum, or other scientific or educational institution approved by the Federal land manager.

6. Under other statutory, regulatory, or administrative authorities governing the use of public lands and Indian lands, authorizations may be required for activities which do not require a permit under this part. Any person wishing to conduct on public lands or Indian lands any activities related to but believed to fall outside the scope of this part should consult with the Federal land manager, for the purpose of determining whether any authorization is required, prior to beginning such activities.
records, data, photographs, and other documents derived from the proposed work. Applicants shall submit written certification, signed by an authorized official of the institution, of willingness to assume curatorial responsibility for the collections, records, data, photographs and other documents and to safeguard and preserve these materials as property of the United States.

(6) Where the application is for the excavation and/or removal of archaeological resources on Indian lands, the name of the university, museum, or other scientific or educational institution in which the applicant proposes to store copies of records, data, photographs, and other documents derived from the proposed work, and all collections in the event the Indian owners do not wish to take custody or otherwise dispose of the archaeological resources. Applicants shall submit written certification, signed by an authorized official of the institution, of willingness to assume curatorial responsibility for the collections, if applicable, and/or the records, data, photographs, and other documents derived from the proposed work.

(c) The Federal land manager may require additional information, pertinent to land management responsibilities, to be included in the application for permit and shall so inform the applicant.

(d) Paperwork Reduction Act. The information collection requirement contained in §1312.6 of these regulations has been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq. and assigned clearance number 1024–0037. The purpose of the information collection is to meet statutory and administrative requirements in the public interest. The information will be used to assist Federal land managers in determining that applicants for permits are qualified, that the work proposed would further archaeological knowledge, that archaeological resources and associated records and data will be properly preserved, and that the permitted activity would not conflict with the management of the public lands involved. Response to the information requirement is necessary in order for an applicant to obtain a benefit.

§1312.7 Notification to Indian tribes of possible harm to, or destruction of, sites on public lands having religious or cultural importance.

(a) If the issuance of a permit under this part may result in harm to, or destruction of, any Indian tribal religious or cultural site on public lands, as determined by the Federal land manager, at least 30 days before issuing such a permit the Federal land manager shall notify any Indian tribe which may consider the site as having religious or cultural importance. Such notice shall not be deemed a disclosure to the public for purposes of section 9 of the Act.

(1) Notice by the Federal land manager to any Indian tribe shall be sent to the chief executive officer or other designated official of the tribe. Indian tribes are encouraged to designate a tribal official to be the focal point for any notification and discussion between the tribe and the Federal land manager.

(2) The Federal land manager may provide notice to any other Native American group that is known by the Federal land manager to consider sites potentially affected as being of religious or cultural importance.

(3) Upon request during the 30-day period, the Federal land manager may meet with official representatives of any Indian tribe or group to discuss their interests, including ways to avoid or mitigate potential harm or destruction such as excluding sites from the permit area. Any mitigation measures which are adopted shall be incorporated into the terms and conditions of the permit under §1312.9.

(4) When the Federal land manager determines that a permit applied for under this part must be issued immediately because of an imminent threat of loss or destruction of an archaeological resource, the Federal land manager shall so notify the appropriate tribe.

(b)(1) In order to identify sites of religious or cultural importance, the Federal land manager shall seek to identify all Indian tribes having aboriginal
§ 1312.8 Issuance of permits.

(a) The Federal land manager may issue a permit, for a specified period of time appropriate to the work to be conducted, upon determining that:

1. The applicant is appropriately qualified, as evidenced by training, education, and/or experience, and possesses demonstrable competence in archaeological theory and methods, and in collecting, handling, analyzing, evaluating, and reporting archaeological data, relative to the type and scope of the work proposed, and also meets the following minimum qualifications:
   i. A graduate degree in anthropology or archaeology, or equivalent training and experience;
   ii. The demonstrated ability to plan, equip, staff, organize, and supervise activity of the type and scope proposed;
   iii. The demonstrated ability to carry research to completion, as evidenced by timely completion of theses, research reports, or similar documents;
   iv. Completion of at least 16 months of professional experience and/or specialized training in archaeological field, laboratory, or library research, administration, or management, including at least 4 months experience and/or specialized training in the kind of activity the individual proposes to conduct under authority of a permit; and
   v. Applicants proposing to engage in historical archaeology should have had at least one year of experience in research concerning archaeological resources of the historic period. Applicants proposing to engage in prehistoric archaeology should have had at least one year of experience in research concerning archaeological resources of the prehistoric period.

(b) The proposed work is to be undertaken for the purpose of furthering archaeological knowledge in the public interest, which may include but need not be limited to, scientific or scholarly research, and preservation of archaeological data;

(c) The Federal land manager shall include in permits issued for archaeological work on Indian lands such terms and conditions as may be requested by the Indian landowner and the Indian tribe having jurisdiction over the lands, and for archaeological work on public lands shall include such terms and conditions as may have been developed pursuant to §1312.7.

§ 1312.11 Appeals relating to permits.

Any affected person may appeal permit issuance, denial of permit issuance, suspension, revocation, and terms and conditions of a permit through existing administrative appeal procedures, or through procedures which may be established by the Federal land manager pursuant to section 10(b) of the Act and this part.

§ 1312.12 Relationship to section 106 of the National Historic Preservation Act.

Issuance of a permit in accordance with the Act and this part does not constitute an undertaking requiring compliance with section 106 of the Act of October 15, 1966 (16 U.S.C. 470f). However, the mere issuance of such a permit does not excuse the Federal land manager from compliance with section 106 where otherwise required.

§ 1312.13 Custody of archaeological resources.

(a) Archaeological resources excavated or removed from the public lands remain the property of the United States.

(b) Archaeological resources excavated or removed from Indian lands remain the property of the Indian or Indian tribe having rights of ownership over such resources.

(d) In the absence of regulations referenced in paragraph (c) of this section, the Federal land manager may provide for the exchange of archaeological resources among suitable universities, museums, or other scientific or educational institutions, when such resources have been excavated or removed from public lands under the authority of a permit issued by the Federal land manager.

(e) Notwithstanding the provisions of paragraphs (a) through (d) of this section, the Federal land manager will follow the procedures required by NAGPRA and its implementing regulations for determining the disposition of Native American human remains and other “cultural items”; as defined by NAGPRA, that have been excavated, removed, or discovered on public lands.
§ 1312.14 Determination of archaeological or commercial value and cost of restoration and repair.

(a) Archaeological value. For purposes of this part, the archaeological value of any archaeological resource involved in a violation of the prohibitions in §1312.4 of this part or conditions of a permit issued pursuant to this part shall be the value of the information associated with the archaeological resource. This value shall be appraised in terms of the costs of the retrieval of the scientific information which would have been obtainable prior to the violation. These costs may include, but need not be limited to, the cost of preparing a research design, conducting field work, carrying out laboratory analysis, and preparing reports as would be necessary to realize the information potential.

(b) Commercial value. For purposes of this part, the commercial value of any archaeological resource involved in a violation of the prohibitions in §1312.4 of this part or conditions of a permit issued pursuant to this part shall be its fair market value. Where the violation has resulted in damage to the archaeological resource, the fair market value should be determined using the condition of the archaeological resource prior to the violation, to the extent that its prior condition can be ascertained.

(c) Cost of restoration and repair. For purposes of this part, the cost of restoration and repair of archaeological resources damaged as a result of a violation of prohibitions or conditions pursuant to this part, shall be the sum of the costs already incurred for emergency restoration or repair work, plus those costs projected to be necessary to complete restoration and repair, which may include, but need not be limited to, the costs of the following:

2. Stabilization of the archaeological resource;
3. Ground contour reconstruction and surface stabilization;
4. Research necessary to carry out reconstruction or stabilization;

4. Notification of the right to file a petition for relief pursuant to paragraph (d) of this section, or to await the Federal land manager’s notice of assessment, and to request a hearing in accordance with paragraph (g) of this section. (d) Petition for relief. The person served with a notice of violation may request that no penalty be assessed or that the amount be reduced, by filing a petition for relief with the Federal land manager within 45 calendar days of the date of service of the notice of violation (or of a proposed penalty amount, if later). The petition shall be in writing and signed by the person served with the notice of violation. If the person is a corporation, the petition must be signed by an officer authorized to sign such documents. The petition shall set forth in full the legal or factual basis for the requested relief.

(f) Notice of assessment. The Federal land manager shall notify the person served with a notice of violation of the penalty amount assessed by serving a written notice of assessment, either in person or by registered or certified mail (return receipt requested). The Federal land manager shall include in the notice of assessment:

(g) Hearings. (1) Except where the right to request a hearing is deemed to have been waived as provided in paragraph (c)(4) of this section, the person served with a notice of assessment may file a written request for a hearing with the adjudicatory body specified in the notice. The person shall enclose with the request for hearing a copy of the notice of assessment, and shall deliver the request as specified in the notice of assessment, personally or by registered or certified mail (return receipt requested).
(2) Failure to deliver a written request for a hearing within 45 days of the date of service of the notice of assessment shall be deemed a waiver of the right to a hearing.
(3) Any hearing conducted pursuant to this section shall be held in accordance with 5 U.S.C. 554. In any such hearing, the amount of civil penalty assessed shall be determined in accordance with this part, and shall not be limited by the amount assessed by the Federal land manager under paragraph (f) of this section or any offer of mitigation or remission made by the Federal land manager.

(h) Final administrative decision. (1) Where the person served with a notice of violation has accepted the penalty
pursuant to paragraph (c)(4) of this section, the notice of violation shall constitute the final administrative decision;

(2) Where the person served with a notice of assessment has not filed a timely request for a hearing pursuant to paragraph (g)(1) of this section, the notice of assessment shall constitute the final administrative decision;

(3) Where the person served with a notice of assessment has filed a timely request for a hearing pursuant to paragraph (g)(1) of this section, the decision resulting from the hearing or any applicable administrative appeal from shall constitute the final administrative decision.

(i) Payment of penalty. (1) The person assessed a civil penalty shall have 45 calendar days from the date of issuance of the final administrative decision in which to make full payment of the penalty assessed, unless a timely request for appeal has been filed with a U.S. District Court as provided in section 7(b)(1) of the Act.

(2) Upon failure to pay the penalty, the Federal land manager may request the Attorney General to institute a civil action to collect the penalty in a U.S. District Court for any district in which the person assessed a civil penalty is found, resides, or transacts business. Where the Federal land manager is not represented by the Attorney General, a civil action may be initiated directly by the Federal land manager.

(j) Other remedies not waived. Assessment of a penalty under this section shall not be deemed a waiver of the right to pursue other available legal or administrative remedies.

§ 1312.16 Civil penalty amounts.

(a) Maximum amount of penalty. (1) Where the person being assessed a civil penalty has not committed any previous violation of any prohibition in §1312.4 or of any term or condition included in a permit issued pursuant to this part, the maximum amount of the penalty shall be the full cost of restoration and repair plus the archaeological or commercial value of archaeological resources destroyed or not recovered.

(2) Where the person being assessed a civil penalty has committed any previous violation of any prohibition in §1312.4 or of any term or condition included in a permit issued pursuant to this part, the maximum amount of the penalty shall be double the cost of restoration and repair plus double the archaeological or commercial value of archaeological resources destroyed or not recovered.

(v) Determination that the person being assessed a civil penalty did not willfully commit the violation;

(vi) Determination that the proposed penalty would constitute excessive punishment under the circumstances;

(vii) Determination of other mitigating circumstances appropriate to consideration in reaching a fair and expeditious assessment.
(2) When the penalty is for a violation on Indian lands, the Federal land manager shall consult with and consider the interests of the Indian landowner and the Indian tribe having jurisdiction over the Indian lands prior to proposing to mitigate or remit the penalty.

(3) When the penalty is for a violation which may have had an effect on a known Indian tribal religious or cultural site on public lands, the Federal land manager should consult with and consider the interests of the affected tribe(s) prior to proposing to mitigate or remit the penalty.

The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§ 1313.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 1313.150, no qualified handicapped person shall, because the agency’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 1313.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 1313.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods—1) General. The agency may comply with the requirements of this section through means as redesign of equipment, reassignment of the services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(2) Historic preservation programs. In meeting the requirements of § 1313.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to handicapped persons. In cases where a physical alteration to an historic property is not required because
§ 1313.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151–4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.

§§ 1313.152–1313.159 [Reserved]

§ 1313.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf person (TDD’s) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In
those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1313.160 would result in such alteration or burdens.

The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

   (1) Findings of fact and conclusions of law;
   (2) A description of a remedy for each violation found; and
   (3) A notice of the right to appeal.

For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.
§ 1315.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 1315.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1315.100 (a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in §1315.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement.

(c) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting or a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ 1315.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $12,000 and not more than $120,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $12,000 and not more than $120,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent
§ 1315.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 1315.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

§ 1315.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports

§ 1315.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the
Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

§1317.115 Assurance required.

(a) General. Either at the application stage or the award stage, Federal agencies must ensure that applications for Federal financial assistance or awards of Federal financial assistance contain, be accompanied by, or be covered by a specifically identified assurance from the applicant or recipient, satisfactory to the designated agency official, that each education program or activity operated by the applicant or recipient and to which these Title IX regulations apply will be operated in compliance with these Title IX regulations. An assurance of compliance with these Title IX regulations shall not be satisfactory to the designated agency official if the applicant or recipient to whom such assurance applies fails to commit itself to take whatever remedial action is necessary in accordance with §1317.110(a) to eliminate existing discrimination on the basis of sex or to eliminate the effects of past discrimination whether occurring prior to or subsequent to the submission to the designated agency official of such assurance.

(b) Duration of obligation. (1) In the case of Federal financial assistance extended to provide real property or structures thereon, such assurance shall obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used to provide an education program or activity.

(2) In the case of Federal financial assistance extended to provide personal property, such assurance shall obligate the recipient for the period during
which it retains ownership or possession of the property.

(3) In all other cases such assurance shall obligate the recipient for the period during which Federal financial assistance is extended.

(c) Form. (1) The assurances required by paragraph (a) of this section, which may be included as part of a document that addresses other assurances or obligations, shall include that the applicant or recipient will comply with all applicable Federal statutes relating to nondiscrimination. These include but are not limited to: Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681–1683, 1685–1688).

(2) The designated agency official will specify the extent to which such assurances will be required of the applicant’s or recipient’s subgrantees, contractors, subcontractors, transferees, or successors in interest.

§ 1317.120 Transfers of property.

If a recipient sells or otherwise transfers property financed in whole or in part with Federal financial assistance to a transferee that operates any education program or activity, and the Federal share of the fair market value of the property is not upon such sale or transfer properly accounted for to the Federal Government, both the transferor and the transferee shall be deemed to be recipients, subject to the provisions of §§1317.205 through 1317.235(a).

§ 1317.125 Effect of other requirements.

(b) Effect of State or local law or other requirements. The obligation to comply with these Title IX regulations is not obviated or alleviated by any State or local law or other requirement that would render any applicant or student ineligible, or limit the eligibility of any applicant or student, on the basis of sex, to practice any occupation or profession.

(c) Effect of rules or regulations of private organizations. The obligation to comply with these Title IX regulations is not obviated or alleviated by any rule or regulation of any organization, club, athletic or other league, or association that would render any applicant or student ineligible to participate or limit the eligibility or participation of any applicant or student, on the basis of sex, in any education program or activity operated by a recipient and that receives Federal financial assistance.

§ 1317.130 Effect of employment opportunities.

The obligation to comply with these Title IX regulations is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for members of one sex than for members of the other sex.

§ 1317.135 Designation of responsible employee and adoption of grievance procedures.

(a) Designation of responsible employee. Each recipient shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under these Title IX regulations, including any investigation of any complaint communicated to such recipient alleging its noncompliance with these Title IX regulations or alleging any actions that would be prohibited by these Title IX regulations. The recipient shall notify all its students and employees of the name, office address, and telephone number of the employee or employees appointed pursuant to this paragraph.

(b) Complaint procedure of recipient. A recipient shall adopt and publish grievance procedures providing for prompt
§ 1317.140 Dissemination of policy.

(a) Notification of policy. (1) Each recipient shall implement specific and continuing steps to notify applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the recipient, that it does not discriminate on the basis of sex in the educational programs or activities that it operates, and that it is required by Title IX and these Title IX regulations not to discriminate in such a manner. Such notification shall contain such information, and be made in such manner, as the designated agency official finds necessary to apprise such persons of the protections against discrimination assured them by Title IX and these Title IX regulations, but shall state at least that the requirement not to discriminate in education programs or activities extends to employment therein, and to admission thereto unless §§ 1317.300 through 1317.310 do not apply to the recipient, and that inquiries concerning the application of Title IX and these Title IX regulations to such recipient may be referred to the employee designated pursuant to § 1317.135, or to the designated agency official.

(2) Each recipient shall make the initial notification required by paragraph (a)(1) of this section within 90 days of September 29, 2000 or of the date these Title IX regulations first apply to such recipient, whichever comes later, which notification shall include publication in:

(i) Newspapers and magazines operated by such recipient or by student, alumnæ, or alumni groups for or in connection with such recipient; and

(ii) Memoranda or other written communications distributed to every student and employee of such recipient.

(b) Publications. (1) Each recipient shall prominently include a statement of the policy described in paragraph (a) of this section in each announcement, bulletin, catalog, or application form that it makes available to any person of a type, described in paragraph (a) of this section, or which is otherwise used in connection with the recruitment of students or employees.

(2) A recipient shall not use or distribute a publication of the type described in paragraph (b)(1) of this section that suggests, by text or illustration, that such recipient treats applicants, students, or employees differently on the basis of sex except as such treatment is permitted by these Title IX regulations.

(c) Distribution. Each recipient shall distribute without discrimination on the basis of sex each publication described in paragraph (b)(1) of this section, and shall apprise each of its admission and employment recruitment representatives of the policy of nondiscrimination described in paragraph (a) of this section, and shall require such representatives to adhere to such policy.

To overcome the effects of past exclusion of students on the basis of sex, each educational institution to which §1317.225 applies shall include in its transition plan, and shall implement, specific steps designed to encourage individuals of the previously excluded sex to apply for admission to such institution. Such steps shall include instituting recruitment programs that emphasize the institution’s commitment to enrolling students of the sex previously excluded.

§ 1317.305 Preference in admission.

A recipient to which §§ 1317.300 through 1317.310 apply shall not give preference to applicants for admission, on the basis of attendance at any educational institution or other school or entity that admits as students only or predominantly members of one sex, if the giving of such preference has the effect of discriminating on the basis of sex in violation of §§ 1317.300 through 1317.310.

§ 1317.310 Recruitment.

(a) Nondiscriminatory recruitment. A recipient to which §§ 1317.300 through 1317.310 apply shall not discriminate on the basis of sex in the recruitment and admission of students. (b) Recruitment at certain institutions. A recipient to which §§ 1317.300 through 1317.310 apply shall not recruit primarily or exclusively at educational institutions, schools, or entities that admit as students only or predominantly members of one sex, if such actions have the effect of discriminating on the basis of sex in violation of §§ 1317.300 through 1317.310.

(7) Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

(c) Assistance administered by a recipient educational institution to study at a foreign institution. A recipient educational institution may administer or assist in the administration of scholarships, fellowships, or other awards established by foreign or domestic wills, trusts, or similar legal instruments, or by acts of foreign governments and restricted to members of one sex, that are designed to provide opportunities to study abroad, and that are awarded to students who are already matriculating at or who are graduates of the recipient institution; Provided, that a recipient educational institution that administers or assists in the administration of such scholarships, fellowships, or other awards that are restricted to members of one sex provides, or otherwise makes available, reasonable opportunities for similar studies for members of the other sex. Such opportunities may be derived from either domestic or foreign sources.

(d) Aids, benefits or services not provided by recipient. (1) This paragraph (d) applies to any recipient that requires participation by any applicant, student, or employee in any education program or activity not operated wholly by such recipient, or that facilitates, permits, or considers such participation as part of or equivalent to an education program or activity operated by such recipient, including participation in educational consortia and cooperative employment and student-teaching assignments.

(ii) Comparable in quality and cost to the student.

(c) Other housing. (1) A recipient shall not, on the basis of sex, administer different policies or practices concerning occupancy by its students of housing other than that provided by such recipient.

(2)(i) A recipient which, through solicitation, listing, approval of housing, or otherwise, assists any agency, organization, or person in making housing available to any of its students, shall take such reasonable action as may be necessary to assure itself that such housing as is provided to students of one sex, when compared to that provided to students of the other sex, is as a whole:

(A) Proportionate in quantity; and

(5) Portions of classes in elementary and secondary schools, or portions of education programs or activities, that deal exclusively with human sexuality may be conducted in separate sessions for boys and girls.

Recipients shall develop and use internal procedures for ensuring that such materials do not discriminate on the basis of sex. Where the use of a counseling test or other instrument results in a substantially disproportionate number of members of one sex in any particular course of study or classification, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination in the instrument or its application.

(c) Disproportion in classes. Where a recipient finds that a particular class contains a substantially disproportionate number of individuals of one

(1) On the basis of sex, provide different amounts or types of such assistance, limit eligibility for such assistance that is of any particular type or source, apply different criteria, or otherwise discriminate;

(2) Through solicitation, listing, approval, provision of facilities, or other services, assist any foundation, trust, agency, organization, or person that provides assistance to any of such recipient’s students in a manner that discriminates on the basis of sex; or

(3) Apply any rule or assist in application of any rule concerning eligibility for such assistance that treats persons of one sex differently from persons of the other sex with regard to marital or parental status.

(b) Financial aid established by certain legal instruments. (1) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established pursuant to domestic or foreign wills, trusts, bequests, or similar legal instruments or by acts of a foreign government that require that awards be made to members of a particular sex specified therein; Provided, that the overall effect of the award of such sex-restricted scholarships, fellowships, and other forms of financial assistance does not discriminate on the basis of sex.

(2) To ensure nondiscriminatory awards of assistance as required in paragraph (b)(1) of this section, recipients shall develop and use procedures under which:

(i) Students are selected for award of financial assistance on the basis of nondiscriminatory criteria and not on the basis of availability of funds restricted to members of a particular sex;

(ii) An appropriate sex-restricted scholarship, fellowship, or other form of financial assistance is allocated to each student selected under paragraph (b)(2)(i) of this section; and

(iii) No student is denied the award for which he or she was selected under paragraph (b)(2)(i) of this section because of the absence of a scholarship, fellowship, or other form of financial assistance designated for a member of that student’s sex.

(c) Athletic scholarships. (1) To the extent that a recipient awards athletic scholarships or grants-in-aid, it must provide reasonable opportunities for such awards for members of each sex in proportion to the number of students of each sex participating in interscholastic or intercollegiate athletics.

(2) A recipient may provide separate athletic scholarships or grants-in-aid for members of each sex as part of separate athletic teams for members of each sex to the extent consistent with this paragraph (c) and §1317.450.

§ 1317.435 Employment assistance to students.

(a) Assistance by recipient in making available outside employment. A recipient that assists any agency, organization, or person in making employment available to any of its students:

(1) Shall assure itself that such employment is made available without discrimination on the basis of sex; and

(2) Shall not render such services to any agency, organization, or person that discriminates on the basis of sex in its employment practices.

(b) Employment of students by recipients. A recipient that employs any of its students shall not do so in a manner that violates §§1317.500 through 1317.550.

§ 1317.440 Health and insurance benefits and services.

Subject to §1317.235(d), in providing a medical, hospital, accident, or life insurance benefit, service, policy, or plan to any of its students, a recipient shall not discriminate on the basis of sex, or provide such benefit, service, policy, or plan in a manner that would violate §§1317.500 through 1317.550 if it were provided to employees of the recipient.
This section shall not prohibit a recipient from providing any benefit or service that may be used by a different proportion of students of one sex than of the other, including family planning services. However, any recipient that provides full coverage health service shall provide gynecological care.

§ 1317.450 Athletics.

(a) General. No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person, or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a recipient, and no recipient shall provide any such athletics separately on such basis.

(b) Separate teams. Notwithstanding the requirements of paragraph (a) of this section, a recipient may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a recipient operates or sponsors a team in a particular sport for members of one sex but operates or sponsors no such team for members of the other sex, and athletic opportunities for members of that sex have previously been limited, members of the excluded sex must be allowed to try out for the team offered unless the sport involved is a contact sport. For the purposes of these Title IX regulations, contact sports include boxing, wrestling, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

(c) Equal opportunity. (1) A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of both sexes. In determining whether equal opportunities are available, the designated agency official will consider, among other factors:

(1) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes;
(ii) The provision of equipment and supplies;
(iii) Scheduling of games and practice time;
(iv) Travel and per diem allowance;
(v) Opportunity to receive coaching and academic tutoring;
(vi) Assignment and compensation of coaches and tutors;
(vii) Provision of locker rooms, practice, and competitive facilities;
(viii) Provision of medical and training facilities and services;
(ix) Provision of housing and dining facilities and services;
(x) Publicity.

(2) For purposes of paragraph (c)(1) of this section, unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams if a recipient operates or sponsors separate teams will not constitute noncompliance with this section, but the designated agency official may consider the failure to provide necessary funds for teams for one sex in assessing equality of opportunity for members of each sex.

(d) Adjustment period. A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics at the elementary school level shall comply fully with this section as expeditiously as possible but in no event later than one year from September 29, 2000. A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics at the secondary or postsecondary school level shall comply fully with this section as expeditiously as possible but in no event later than three years from September 29, 2000.

§ 1317.455 Textbooks and curricular material.

Nothing in these Title IX regulations shall be interpreted as requiring or prohibiting or abridging in any way the use of particular textbooks or curricular materials.

§ 1317.500 Employment.

(a) General. (1) No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in employment, or recruitment, consideration, or selection therefor, whether full-time or part-time, under any education program or activity operated by a recipient that receives Federal financial assistance.

(2) A recipient shall make all employment decisions in any education program or activity operated by such recipient in a nondiscriminatory manner and shall not limit, segregate, or classify applicants or employees in any way that could adversely affect any applicant's or employee's employment opportunities or status because of sex.

(3) A recipient shall not enter into any contractual or other relationship which directly or indirectly has the effect of subjecting employees or students to discrimination prohibited by §§ 1317.500 through 1317.550, including relationships with employment and referral agencies, with labor unions, and with organizations providing or administering fringe benefits to employees of the recipient.

(4) A recipient shall not grant preferences to applicants for employment on the basis of attendance at any educational institution or entity that admits as students only or predominantly members of one sex, if the giving of such preferences has the effect of discriminating on the basis of sex in violation of these Title IX regulations.

(b) Application. The provisions of §§ 1317.500 through 1317.550 apply to:

(1) Recruitment, advertising, and the process of application for employment;
(2) Hiring, upgrading, promotion, consideration for and award of tenure, demotion, transfer, layoff, termination, application of nepotism policies, right of return from layoff, and rehiring;

(3) Discriminate in the administration of any collective bargaining agreement;

(4) Discriminate by selecting or retaining employees based on sex.

§ 1317.520 Job classification and structure.

A recipient shall not:

(a) Classify a job as being for males or for females;

(b) Maintain or establish separate lines of progression, seniority lists, career ladders, or tenure systems based on sex; or

(c) Maintain or establish separate lines of progression, seniority systems, career ladders, or tenure systems for similar jobs, position descriptions, or job requirements that classify persons on the basis of sex, unless sex is a bona fide occupational qualification for the positions in question as set forth in §1317.550.

§ 1317.515 Compensation.

A recipient shall not make or enforce any policy or practice that, on the basis of sex:

(a) Makes distinctions in rates of pay or other compensation;

(b) Results in the payment of wages to employees of one sex at a rate less than that paid to employees of the opposite sex for equal work on jobs the performance of which requires equal skill, effort, and responsibility, and that are performed under similar working conditions.

§ 1317.510 Recruitment.

(a) Nondiscriminatory recruitment and hiring. A recipient shall not discriminate on the basis of sex in the recruitment and hiring of employees. Where a recipient has been found to be presently discriminating on the basis of sex in the recruitment or hiring of employees, or has been found to have so discriminated in the past, the recipient shall recruit members of the sex so discriminated against so as to overcome the effects of such past or present discrimination.

(b) Recruitment patterns. A recipient shall not recruit primarily or exclusively at entities that furnish as applicants only or predominantly members of one sex if such actions have the effect of discriminating on the basis of sex in violation of §§1317.500 through 1317.550.

§ 1317.505 Employment criteria.

A recipient shall not administer or operate any test or other criterion for any employment opportunity that has a disproportionately adverse effect on persons on the basis of sex unless:

(a) Use of such test or other criterion is shown to predict validly successful performance in the position in question; and

(b) Alternative tests or criteria for such purpose, which do not have such disproportionately adverse effect, are shown to be unavailable.

§ 1317.525 Fringe benefits.

(a) “Fringe benefits” defined. For purposes of these Title IX regulations, fringe benefits means: Any medical, hospital, accident, life insurance, or retirement benefit, service, policy or plan, any profit-sharing or bonus plan, leave, and any other benefit or service of employment not subject to the provision of §1317.515.

(b) Prohibitions. A recipient shall not:

(1) Discriminate on the basis of sex with regard to making fringe benefits available to employees or make fringe benefits available to spouses, families, or dependents of employees differently upon the basis of the employee’s sex;
§ 1317.530  
(2) Administer, operate, offer, or participate in a fringe benefit plan that does not provide for equal periodic benefits for members of each sex and for equal contributions to the plan by such recipient for members of each sex; or
(3) Administer, operate, offer, or participate in a pension or retirement plan that establishes different optional or compulsory retirement ages based on sex or that otherwise discriminates in benefits on the basis of sex.

§ 1317.530  Marital or parental status.

(a) General. A recipient shall not apply any policy or take any employment action:

(1) Concerning the potential marital, parental, or family status of an employee or applicant for employment that treats persons differently on the basis of sex; or

(2) Which is based upon whether an employee or applicant for employment is the head of household or principal wage earner in such employee’s or applicant’s family unit.

(b) Pregnancy. A recipient shall not discriminate against or exclude from employment any employee or applicant for employment on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom.

(c) Pregnancy as a temporary disability. Subject to §1317.235(d), a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom, and any temporary disability resulting therefrom as any other temporary disability for all job-related purposes, including commencement, duration, and extensions of leave, payment of disability income, accrual of seniority and any other benefit or service, and reinstatement, and under any fringe benefit offered to employees by virtue of employment.

(d) Pregnancy leave. In the case of a recipient that does not maintain a leave policy for its employees, or in the case of an employee with insufficient leave or accrued employment time to qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a justification for a leave of absence without pay for a reasonable period of time, at the conclusion of which the employee shall be reinstated to the status that she held when the leave began or to a comparable position, without decrease in rate of compensation or loss of promotional opportunities, or any other right or privilege of employment.

§ 1317.535  Effect of state or local law or other requirements.

(a) Prohibitory requirements. The obligation to comply with §§1317.500 through 1317.550 is not obviated or alleviated by the existence of any State or local law or other requirement that imposes prohibitions or limits upon employment of members of one sex that are not imposed upon members of the other sex.

§ 1317.550  Sex as a bona fide occupational qualification.
