CROSS REFERENCE: For regulations with respect to recognition of breeds and purebred animals, see 9 CFR part 151.

#### § 10.70 Purebred animals for breeding purposes; certificate.

(a) In connection with the entry of purebred animals for breeding purposes under subheading 0101.11.00, Harmonized Tariff Schedule of the United States (HTSUS), no claim for free entry shall be allowed in liquidation of the entry until the port director has received from the Department of Agriculture a certificate that the animal is purebred of a recognized breed and duly registered in a book of record recognized by the Secretary of Agriculture for that breed. Importers are required by regulation of the Department of Agriculture to make application for a certificate of pure breeding to the U.S. Department of Agriculture, Animal and Plant Health Inspection Service, Veterinary Services, on ANH Form 17-338 before the animal will be examined as required by 9 CFR 151.7. Application for the certificate must be executed by the owner agent, or importer and filed at a port of entry designated in the regulations of the Department of Agriculture for the importation of animals (9 CFR 92.3). However, applications for certificates for dogs (other than dogs for handling livestock regulated under 9 CFR 92.18) and cats may be filed either at a designated port of entry or at any other port where Customs entry is made. The regulations of the Department of Agriculture prescribing the requirements for the issuance of certifi-

cates of pure breeding provide that all animals imported under such regulations must be accompanied to the port at which examination is to be made by certificates of pedigree and transfer of ownership in order that identification may be accomplished, and that, if such animals are moved from such port prior to the presentation of such certificates and transfers, such action shall constitute a waiver of any further claim to certification under such regulations.

(b) In the cases of cats and dogs arriving at Canadian border ports, Customs officers and employees are hereby authorized and directed to make the examination required by such regulations of the Department of Agriculture. Customs officers and employees are also authorized and directed to make such examinations at the ports of New York and Boston, provided the dog or cat is brought into the United States by a passenger. At all airports, Customs officers shall make the examination of dogs and cats, whether or not accompanied by the owners, if there is no inspector of the Department of Agriculture stationed there or on duty at the time of arrival.

#### § 10.71 Purebred animals; bond for production of evidence; deposit of estimated duties; stipulation.

(a) The animal may be released from Customs custody upon the furnishing by the importer of a bond on Customs Form 301, containing the bond conditions set forth in § 113.62 of this chapter for the production within 6 months of (1) a certificate of pure breeding issued by the Department of Agriculture, and (2) the declaration required by § 10.70(a) submitted in letter form if such declaration was not filed at the time of entry. The release of the animal from customs custody requires the presentation of the pedigree certificate and evidence of transfer of ownership in accordance with the regulations of the Department of Agriculture mentioned in § 10.70(b).

## §§ 10.72–10.73

(b) Charges against the bond shall be canceled only upon the production of the required evidence or on payment of duties.

(c) In cases where the pedigree certificate and evidence of transfer of ownership have been presented in accordance with the regulations of the Department of Agriculture, the importer, if he so elects, may, in lieu of giving a bond, deposit estimated duties and file a stipulation with the port director within 10 days after the date of entry to produce the declaration and certificate of pure breeding within 6 months from the date of entry, whereupon the liquidation of the entry shall be suspended. (See §113.42 of this chapter.)

(d) If the pedigree certificate and evidence of transfer of ownership were not presented in accordance with such regulations of the Department of Agriculture, a deposit of estimated duties, in addition to the regular entry bond, shall be required.

(e) When a passenger arriving in the United States with one or more dogs or cats and with the required certificates of pedigree and transfers of ownership in his possession furnishes a properly executed declaration as required by §10.70(a) along with an application to the Department of Agriculture on ANH Form 17-338 for a certificate of pure breeding, the entry of the animal(s) as duty-free under subheading 0106.00.50, Harmonized Tariff Schedule of the United States (HTSUS), may be made on the passenger's baggage declaration if the value of the animals does not exceed \$500. In such case the entry shall be supported by a bond on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter for the production within 6 months of a certificate of pure breeding. The bond shall be without surety or cash deposit unless the port director on the basis of information before him finds that a bond with surety or a cash deposit is necessary to protect the revenue.

## 19 CFR Ch. I (4-1-14 Edition)

§§ 10.72–10.73 [Reserved]

### § 10.74 Animals straying across boundary for pasturage; offspring.

When domestic animals for which free entry is to be claimed under subheading 9801.00.90, Harmonized Tariff Schedule of the United States, have strayed across the boundary line, they may be returned, together with their offspring, without entry if brought back within 30 days; otherwise entry shall be required. The owner of any such animal shall report its return to the nearest Customs office and hold it for such inspection and treatment as may be deemed necessary by a representative of the Animal and Plant Health Inspection Service of the Department of Agriculture. Any such arrival found not to have been so reported or held shall be subject to seizure and forfeiture pursuant to 18 U.S.C. 545.

### § 10.75 Wild animals and birds; zoological collections.

When wild animals or birds are claimed to be free of duty under subheading 9810.00.70, Harmonized Tariff Schedule of the United States (HTSUS), (19 U.S.C. 1202), the port director may, at his discretion, require appropriate proof that the animals or birds were specially imported pursuant to negotiations conducted prior to importation for the delivery of animals or birds of a named species meeting agreed specifications of reasonable particularity and that they are intended at the time of importation for public exhibition in a collection maintained for scientific or educational purposes and not for sale or for use in connection with any enterprise conducted for profit. The fact that an animal or bird may have been sent on approval shall not preclude free entry under subheading 9810.00.70, HTSUS, when it is actually accepted as a part of the zoological collection and so exhibited.
