

**§ 181.91**

**19 CFR Ch. I (4-1-14 Edition)**

(3) *Written statement.* For purposes of paragraph (a) of this section, each corrected declaration or notification of an incorrect certification shall be accompanied by a written statement which:

(i) Identifies the class or kind of good to which the incorrect declaration or certification relates;

(ii) Identifies each import or export transaction affected by the incorrect declaration or certification with reference to each port of importation or exportation and the approximate date of each importation or exportation. A U.S. producer who provides written notification that certain information in a Certificate of Origin is incorrect and who is unable to identify the specific export transactions under this paragraph shall provide as much information concerning those transactions as the producer, by the exercise of good faith and due diligence, is able to obtain;

(iii) Specifies the nature of the incorrect statements or omissions regarding the declaration or certification; and

(iv) Sets forth, to the best of the person's knowledge, the true and accurate information or data which should have been covered by or provided in the declaration or certification, and states that the person will provide any additional information or data which is unknown at the time of making the corrected declaration or certification within 30 calendar days or within any extension of that 30-day period as Customs may permit in order for the person to obtain the information or data.

(4) *Substantial compliance.* For purposes of this section, a person shall be deemed to have voluntarily corrected a declaration or certification even though that person provides corrected information in a manner which does not conform to the requirements of the written statement specified in paragraph (b)(3) of this section, provided that:

(i) Customs is satisfied that the information was provided before the commencement of a formal investigation; and

(ii) The information provided includes, orally or in writing, substantially the same information as that specified in paragraph (b)(3) of this section.

(5) *Tender of actual loss of duties.* A U.S. importer who makes a corrected declaration shall tender any actual loss of duties at the time of making the corrected declaration, or within 30 calendar days thereafter, or within any extension of that 30-day period as Customs may allow in order for the importer to obtain the information or data necessary to calculate the duties owed.

(6) *Applicability of prior disclosure provisions.* Where a person fails to meet the requirements of this section because the correction of the declaration or the written notification of an incorrect certification is not considered to be done voluntarily as provided in this section, that person may nevertheless qualify for prior disclosure treatment under 19 U.S.C. 1592(c)(4) and the regulations issued thereunder.

**Subpart I—Advance Ruling Procedures**

**§ 181.91 Applicability.**

This subpart sets forth the rules which govern the issuance and application of advance rulings under Article 509 of the NAFTA and the procedures which apply for purposes of review of advance rulings under Article 510 of the NAFTA. Importers in the United States and exporters and producers located in Canada or Mexico may request and obtain an advance ruling on a NAFTA transaction only in accordance with the provisions of this subpart whenever the requested ruling involves a subject matter specified in §181.92(b)(6) of this part. Accordingly, the provisions of this subpart shall apply in lieu of the administrative ruling provisions contained in subpart A of part 177 of this chapter except where the request for a ruling involves a subject matter not specified in §181.92(b)(6).

**§ 181.92 Definitions and general NAFTA advance ruling practice.**

(a) *Definitions.* For purposes of this subpart:

(1) An *advance ruling* is a written statement issued by the Headquarters

Office or the National Commodity Specialist Division or by such other office as designated by the Commissioner of Customs that interprets and applies the provisions of NAFTA to a specific set of facts involving any subject matter specified in § 181.92(b)(6) of this part. An “advance ruling letter” is an advance ruling issued in response to a written request and set forth in a letter addressed to the person making the request or his designee. A “published advance ruling” is an advance ruling which has been published in full text in the Customs Bulletin.

(2) An *authorized agent* is a person expressly authorized by a principal to act on his or her behalf. An advance ruling requested by an attorney or other person acting as an agent must include a statement describing the authority under which the request is made. With the exception of attorneys whose authority to represent is known, any person appearing before Customs as an agent in connection with an advance ruling request may be required to present evidence of his or her authority to represent the principal. The foregoing requirements will not apply to an individual representing his or her full-time employer or to a bona-fide officer, director or other qualified representative of a corporation, association, or organized group.

(3) The term *Headquarters Office*, means the Regulations and Rulings, Office of International Trade at Headquarters, U. S. Customs and Border Protection, Washington, DC.

(4) An *information letter* is a written statement issued by the Headquarters Office or the National Commodity Specialist Division or by such other office as designated by the Commissioner of Customs that does no more than call attention to a well-established interpretation of principles under the NAFTA, without applying it to a specific set of facts. If Customs believes that general information may be of some benefit to the person making the request, an information letter may be issued in response to a request for an advance ruling when:

(i) The request suggests that general information, rather than an advance ruling, is actually being sought;

(ii) The request is incomplete or otherwise fails to meet the requirements set forth in this subpart; or

(iii) The requested advance ruling cannot be issued for any other reason.

(5) A *NAFTA transaction* is an act or activity to which the NAFTA provisions apply. A “prospective” NAFTA transaction is one that is merely contemplated or is currently being undertaken but has not resulted in any arrival or in the filing of any entry summary or other document or in any other act so as to bring the transaction, or any part of it, under the jurisdiction of any Customs office. A “current” NAFTA transaction is one which is presently under consideration by a field office of Customs. A “completed” NAFTA transaction is one which has been acted upon by a Customs field office and with respect to which that office has issued a determination which is final in nature, but is (or was) subject to appeal, petition, protest or other review as provided in the applicable Customs laws and regulations. An “ongoing” NAFTA transaction is a series of identical, recurring transactions, consisting of current and completed transactions where future transactions are contemplated.

(6) The term *National Commodity Specialist Division* means the National Commodity Specialist Division, U.S. Customs and Border Protection, New York, New York.

(b) *General advance ruling practice*. An advance ruling may be requested under the provisions of this subpart with respect to prospective NAFTA transactions. An advance ruling will be based on the facts and circumstances presented by the requester.

(1) *Prospective NAFTA transactions*. It is in the interest of the sound administration of the NAFTA that persons engaging in any transaction affected by NAFTA fully understand the consequences of that transaction prior to its consummation. For this reason, Customs will give full and careful consideration to written requests from importers in the United States and exporters or producers in Canada or Mexico for advance rulings or information

setting forth, with respect to a specifically described transaction, a definitive interpretation of applicable law or other appropriate information.

(2) *Current or ongoing NAFTA transactions.* A question arising in connection with a NAFTA transaction already before a Customs field office by reason of arrival, entry or otherwise will be resolved by that office in accordance with the principles and precedents previously announced by the Headquarters Office. If such a question cannot be resolved on the basis of clearly established rules set forth in the NAFTA or the regulations thereunder, or in applicable Treasury Decisions, rulings, opinions, or court decisions published in the Customs Bulletin, that field office may, if it believes it appropriate, forward the question to the Headquarters Office for consideration.

(3) *Completed NAFTA transactions.* A question arising in connection with an entry of merchandise which has been liquidated, or in connection with any other completed NAFTA transaction, may not be the subject of an advance ruling request under this subpart.

(4) *Oral advice.* Customs will not issue an advance ruling in response to an oral request. Oral opinions or advice of Customs personnel are not binding on Customs. However, oral inquiries may be made to Customs offices regarding existing advance rulings, the scope of such advance rulings, the types of transactions with respect to which Customs will issue advance rulings, the scope of the advance rulings which may be issued, or the procedures to be followed in submitting advance ruling requests, as prescribed in this subpart.

(5) *Who may request an advance ruling.* An advance ruling may be requested by any of the following persons (individuals, corporations, partnerships, associations, or other entities or groups) having a direct and demonstrable interest in the question or questions presented in the advance ruling request, or by the authorized agent of any such person:

- (i) An importer in the United States;
- (ii) An exporter or a producer of a good in Canada or Mexico; or
- (iii) A Canadian or Mexican producer of a material that is used in the pro-

duction of a good imported into the United States, but only with regard to that material and only in regard to a matter described in paragraphs (b)(6)(i) through (v) and (vii) of this section.

(6) *Subject matter of advance rulings.* Customs shall issue advance rulings under this subpart concerning the following:

(i) Whether materials imported from a country other than the United States, Canada or Mexico and used in the production of a good undergo an applicable change in tariff classification set forth in General Note 12, HTSUS, as a result of production occurring entirely in the United States, Canada and/or Mexico;

(ii) Whether a good satisfies a regional value-content requirement under the transaction value method or under the net cost method as provided for in General Note 12, HTSUS, and in this part;

(iii) For purposes of determining whether a good satisfies a regional value-content requirement under General Note 12, HTSUS, and under this part, the appropriate basis or method for value to be applied by an exporter or a producer in Canada or Mexico, in accordance with the principles set forth in the appendix to this part, for calculating the transaction value of the good or of the materials used in the production of the good;

(iv) For purposes of determining whether a good satisfies a regional value-content requirement under General Note 12, HTSUS, and under this part, the appropriate basis or method for reasonably allocating costs, in accordance with the allocation methods set forth in the appendix to this part, for calculating the net cost of the good or the value of an intermediate material;

(v) Whether a good qualifies as an originating good under General Note 12, HTSUS, and under the appendix to this part;

(vi) Whether a good that re-enters the United States after having been exported from the United States to Canada or Mexico for repair or alteration qualifies for duty-free treatment in accordance with §181.64 of this part;

(vii) Whether the proposed or actual marking of a good satisfies country of

origin marking requirements under part 134 of this chapter and under the Marking Rules set forth in part 102 of this chapter;

(viii) Whether an originating good qualifies as a good of Canada or Mexico under Annex 300-B, Annex 302.2 and Chapter Seven of the NAFTA; and

(ix) Whether a good is a qualifying good under Chapter Seven of the NAFTA.

**§ 181.93 Submission of advance ruling requests.**

(a) *Form.* A request for an advance ruling should be written in the English language and in the form of a letter. The following facts must be included: the names, addresses, and other identifying information of all interested parties (if known); the name of the port or place at which any good involved in the transaction will be imported or which will otherwise have jurisdiction with respect to the act or activity described in the transaction; and a description of the transaction itself, appropriate in

Where the request for an advance ruling is submitted by or on behalf of the importer of the good involved in the transaction, the request must include the name and address of the exporter and, if known, producer of the good. Where the request for an advance ruling is submitted by or on behalf of the exporter of the good involved in the transaction, the request must include the name and address of the producer and importer of the good, if known. In addition, where relevant to the issue that is the subject of the request for an advance ruling, and regardless of the specific nature of the advance ruling requested, the request must include:

(i) A copy of any advance ruling or other ruling with respect to the tariff classification of the good that has been issued by CBP to the person submitting the request; or

(ii) Sufficient information to enable CBP to classify the good where no advance ruling or other ruling with respect to the tariff classification of the good has been issued by CBP to the person submitting the request. Such information includes a full description of the good, including, where relevant, the composition of the good, a description of the process by which the good is manufactured, a description of the packaging in which the good is contained, the anticipated use of the good and its commercial, common or technical designation, and product literature, drawings, photographs or schematics.
