Social Security Administration § 416.2097

(ii) Exception for the 12-month period ending June 30, 1981: If a State did not meet the conditions in paragraph (b) of this section, we will consider a State to have met the maintenance-of-supplementary-payment-levels requirement for this 12-month period if the State’s expenditures for supplementary payments in that period were at least equal to its expenditures for such payments for the 12-month period ending June 30, 1977 (or, if the State made no supplementary payments in that period, the expenditures for the first 12-month period ending June 30 in which the State made such payments); if a State made additional State supplementary payments during the period July 1, 1981 through June 30, 1982, in order to make up a shortfall in the 12-month period ending June 30, 1981 (determined by a comparison with the preceding 12-month period) which later resulted in an excess payment (determined by comparison with the 12-month period July 1, 1976 through June 30, 1977) we will credit the State with the amount of the excess payments if the State so requests. This credit will be applied to any shortfall(s) in total expenditures (should one exist) in any period(s) ending on or before December 31, 1986.

(4) Total State expenditures for supplementary payments are the State’s total payments for both mandatory minimum and optional State supplementary payments in the appropriate 12-month period less any amounts deemed to be expenditures for another 12-month period under paragraph (c)(2) of this section, less the amount of any payments recovered and other adjustments made in that period. Total State expenditures do not include State administrative expenses, interim assistance payments, vendor payments, or payments made under other Federal programs, such as titles IV, XIX, or XX of the Social Security Act.

(5) Adjustments in total State supplementary payments made after the expiration of the relevant 12-month period for purposes of meeting total State expenditures under paragraph (c) of this section shall be considered a State expenditure in the relevant 12-month period only for purposes of the pass-along requirement. For purposes of § 416.2090 of this part, which discusses the rules for limitation on fiscal liability of States (hold harmless), these retroactive adjustments are State expenditures when made and shall be counted as a State expenditure in the fiscal year in which the adjustments are made.

(6) To determine whether a State’s expenditures for supplementary payments in the 12-month period beginning on the effective date of any increase in the level of SSI benefits are not less than the State’s expenditures for the payments in the preceding 12-month period, in computing the State’s expenditures, we disregard, pursuant to a one-time election of the State, all expenditures by the State for the retroactive supplementary payments that are required to be made under the Sullivan v. Zebley, 493 U.S. 521 (1990) class action.

(d) Payments to residents to Medicaid facilities. A Medicaid facility is a medical care facility where Medicaid pays more than 50 percent of the cost of a person’s care. In order to be eligible to receive Medicaid reimbursement, any State that has a supplementary payment level for residents of Medicaid facilities on or after October 1, 1987, must have in effect an agreement with the Commissioner to maintain such supplementary payment level at least equal to the October 1987 level (or if a State first makes such supplementary payments after October 1, 1987, but before July 1, 1988, the level for the first month the State makes such supplementary payments).

§ 416.2097 Combined supplementary/SSI payment levels.

(a) Other than the level for residents of Medicaid facilities (see paragraph (d) of this section), the combined supplementary/SSI payment level for each payment category that must be provided in any month after March 1983 (or if a State first made supplementary payments after March 1983, the combined supplementary SSI payment levels in effect the first month the State made supplementary payments) in
order for a State to meet the requirements of the first sentence of §416.2096(b) is the sum of—

1. The SSI Federal benefit rate (FBR) for March 1983 for a recipient with no countable income;
2. That portion of the July 1983 benefit increase computed in accordance with paragraph (b) of this section;
3. The full amount of all SSI benefit increases after July 1983; and
4. The State supplementary payment level for March 1983 as determined under §416.2098.

(b) The monthly FBR’s were increased in July 1983 by $20 for an eligible individual and $30 for an eligible couple, and the monthly increment for essential persons was increased by $10 in lieu of the expected cost-of-living adjustment which was delayed until January 1984. However, in computing the required combined supplementary/SSI payment levels for the purpose of determining pass-along compliance, we use only the amounts by which the FBR’s and the essential person increment would have increased had there been a cost-of-living adjustment in July 1983 (a 3.5 percent increase would have occurred). These amounts are $9.70 for an eligible individual, $14.60 for an eligible couple and $4.50 for an essential person.

(c) For the 24-month period January 1, 1984, through December 31, 1985, a State will not be found out of compliance with respect to its payment levels if in the period January 1, 1986, through December 31, 1986, its supplementary payment levels are not less than its supplementary payment levels in effect in December 1976 increased by the percentage by which the FBR has increased after December 1976 and before February 1986. The FBR for an individual in December 1976 was $167.80. The FBR for an individual in effect on January 31, 1986, was $336.00, an increase of 100.24 percent over the December 1976 FBR. In order for a State to take advantage of this provision for the 24-month period January 1, 1984, through December 31, 1985, the State supplementary payment levels in effect for calendar year 1986 must be at least 100.24 percent higher than the State supplementary payment levels in effect in December 1976. This provision does not apply to State supplementary payments to recipients in Federal living arrangement “D” (residents of a medical facility where title XIX pays more than 50 percent of the costs).

(d) The combined supplementary/SSI payment level which must be maintained for residents of Medicaid facilities is the State supplement payable on October 1, 1987, or if no such payments were made on October 1, 1987, the supplementary payment amount made in the first month that a supplementary payment was made after October 1987 but before July 1, 1988, plus the Federal benefit rate in effect in October 1987 increased by $5 for an individual/$10 for a couple effective July 1, 1988.

§416.2096 Supplemental payments.

(a) General. For the purpose of determining the combined supplementary/SSI payment levels described in §416.2097(a) (i.e., the levels that must be provided in any month after March 1983), the supplementary payment level, except for the level for residents of Medicaid facilities (see §416.2097(d)), for each payment category must be no less than the total State payment for March 1983 for that payment category that a State provided an eligible individual (or couple) with no countable income in excess of the FBR for March 1983. For States that did not make supplementary payments in March 1983, the supplementary payment level for each payment category must be no less than the total State payment for the first month after March 1983 in which a State makes supplementary payments.

(b) Calculation of the required mandatory minimum State supplementary payment level. (1) Except for States described in paragraph (b)(2) of this section, the mandatory minimum State supplementary payment level for March 1983 is a recipient’s December 1973 income, as defined in section 212(a)(3)(B) of Pub. L. 93–66, plus any State increases prior to April 1983, less any reductions made at any time after December 1973 due to changes in special needs or circumstances, less the
