

§ 1104.3 Prohibited acts.

(a) No person may excavate, remove, damage, or otherwise alter or deface any archaeological resource located on public lands unless such activity is pursuant to a permit issued under § 1104.7 or exempted by § 1104.4(b) of this part.

(b) No person may sell, purchase, exchange, transport, or receive any archaeological resource, if such resource was excavated or removed in violation of:

- (1) The prohibitions contained in paragraph (a) of this section; or
- (2) Any provision, rule, regulation, ordinance, or permit in effect under any other provision of Federal law.

§ 1104.4 Permit requirements and exceptions.

(a) Any person proposing to excavate and/or remove archaeological resources from public lands, and to carry out activities associated with such excavation and/or removal, shall apply to the Commissioner for a permit for the proposed work, and shall not begin the proposed work until a permit has been issued. The Commissioner may issue a permit to any qualified person, subject to appropriate terms and conditions, provided that the person applying for a permit meets conditions in § 1104.7(a) of this part.

(b) Exceptions:

(1) No permit shall be required under this part for any person conducting activities on the public lands under other permits, leases, licenses, or entitlements for use, when those activities are exclusively for purposes other than the excavation and/or removal of archaeological resources, even though those activities might incidentally result in the disturbance of archaeological resources. General earth-moving excavation conducted under a permit or other authorization shall not be construed to mean excavation and/or removal as used in this part. This exception does not, however, affect the Commissioner's responsibility to comply with other authorities which protect archaeological resources prior to approving permits, leases, licenses, or entitlements for use; any excavation and/or removal of archaeological resources required for compliance with

those authorities shall be conducted in accordance with the permit requirements of this part.

(2) No permit shall be required under this part for any person collecting for private purposes any rock, coin, bullet, or mineral which is not an archaeological resource as defined in this part, provided that such collecting does not result in disturbance of any archaeological resource.

(3) No permit shall be required under section 3 of the Act of June 8, 1906 (16 U.S.C. 432) for any archaeological work for which a permit is issued under this part.

(c) Persons carrying out official agency duties under the Commissioner's direction, associated with the management of archaeological resources, need not follow the permit application procedures of § 1104.5. However, the Commissioner shall insure that provisions of §§ 1104.7 and 1104.8 have been met by other documented means, and that any official duties which might result in harm to or destruction of any Indian tribal religious or cultural site, as determined by the Commissioner, have been the subject of consideration under § 1104.6.

(d) Upon the written request of the Governor of any State, on behalf of the State or its educational institutions, the Commissioner shall issue a permit, subject to the provisions of §§ 1104.4(b)(5), 1104.6, 1104.7(a) (3), (4), (5), (6), and (7), 1104.8, 1104.9, 1104.11, and 1104.12(a) to such Governor or to such designee as the Governor deems qualified to carry out the intent of the Act, for purposes of conducting archaeological research, excavating and/or removing archaeological resources, and safeguarding and preserving any materials and data collected in a university, museum, or other scientific or educational institution approved by the Commissioner.

(e) Under other statutory, regulatory, or administrative authorities governing the use of public lands, authorizations may be required for activities which do not require a permit under this part. Any person wishing to conduct on public lands any activities related to but believed to fall outside the scope of this part should consult with the Commissioner, for the purpose

§ 1104.5

22 CFR Ch. XI (4–1–14 Edition)

of determining whether any authorization is required, prior to beginning such activities.

§ 1104.5 Application for permits and information collection.

(a) Any person may apply to the Commissioner for a permit to excavate and/or remove archaeological resources from public lands and to carry out activities associated with such excavation and/or removal.

(b) Each application for a permit shall include:

(1) The nature and extent of the work proposed, including how and why it is proposed to be conducted, proposed time of performance, locational maps, and proposed outlet for public written dissemination of the results.

(2) The name and address of the individual(s) proposed to be responsible for conducting the work, institutional affiliation, if any, and evidence of education, training, and experience in accord with the minimal qualifications listed in § 1104.7(a).

(3) The name and address of the individual(s), if different from the individual(s) named in paragraph (b)(2) of this section, proposed to be responsible for carrying out the terms and conditions of the permit.

(4) Evidence of the applicant's ability to initiate, conduct, and complete the proposed work, including evidence of logistical support and laboratory facilities.

(5) Where the application is for the excavation and/or removal of archaeological resources on public lands, the names of the university, museum, or other scientific or educational institution in which the applicant proposes to store all collections, and copies of records, data, photographs, and other documents derived from the proposed work. Applicants shall submit written certification, signed by an authorized official of the institution, of willingness to assume curatorial responsibility for the collections, records, data, photographs and other documents and to safeguard and preserve these materials as property of the United States.

(c) The Commissioner may require additional information, pertinent to land management responsibilities, to

be included in the application for permit and shall so inform the applicant.

(d) Paperwork Reduction Act. The information collection requirement contained in § 1104.5 of these regulations has been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1024-0037. The purpose of the information collection is to meet statutory and administrative requirements in the public interest. The information will be used to assist the Commissioner in determining that applicants for permits are qualified, that the work proposed would further archaeological knowledge, that archaeological resources and associated records and data will be properly preserved, and that the permitted activity would not conflict with the management of the public lands involved. Response to the information requirement is necessary in order for an applicant to obtain a benefit.

§ 1104.6 Notification to Indian tribes of possible harm to, or destruction of, sites on public lands having religious or cultural importance.

(a) If the issuance of a permit under this part may result in harm to, or destruction of, any Indian tribal religious or cultural site on public lands, as determined by the Commissioner, at least 30 days before issuing such a permit the Commissioner shall notify any Indian tribe which may consider the site as having religious or cultural importance. Such notice shall not be deemed a disclosure to the public for purposes of section 9 of the Act.

(1) Notice by the Commissioner to any Indian tribe shall be sent to the chief executive officer or other designated official of the tribe. Indian tribes are encouraged to designate a tribal official to be the focal point for any notification and discussion between the tribe and the Commissioner.

(2) The Commissioner may provide notice to any other Native American group that is known by the Commissioner to consider sites potentially affected as being of religious or cultural importance.

(3) Upon request during the 30-day period, the Commissioner may meet with official representatives of any Indian
