

§ 290.7

basis is not large enough to satisfy demand arising from the increase in households, or, in markets where there is little or no growth, evidence that the number of additional rental units being supplied is not sufficient to meet the demand arising from net losses to the available inventory and the inadequate supply of rental housing has inhibited growth;

(3) The shortage of housing is resulting in rent increases that exceed normal increases commensurate with the costs of operating rental housing;

(4) A significant number, or proportion, of the households holding Section 8 certificates or rental vouchers are unable to find adequate housing because of the shortage of rental housing, including PHA data showing a lower than average percentage of units under lease and a longer than average time required to find units.

Unsubsidized project means a multifamily housing project that is not a subsidized project.

Useful life means, generally, twenty years, but it may be more or less, as determined by the Department.

§ 290.7 Occupancy requirements.

(a) *Multifamily housing project that is HUD-owned or for which HUD is mortgagee-in-possession.* Occupancy in a multifamily housing project that is HUD-owned or for which HUD is mortgagee-in-possession shall be available on a basis that is comparable to the occupancy requirements that applied to the project immediately before HUD acquired the project or became mortgagee-in-possession, except that preference shall be given to tenants of other HUD-owned multifamily housing projects who are eligible for assistance in accordance with the displacement and relocation provisions at § 290.17.

(b) *Evictions.* Eviction from a HUD-owned multifamily housing project is governed by 24 CFR part 247, subpart B.

(c) *Threat to health and safety.* Whenever HUD determines that there is an immediate threat to the health and safety of the tenants, HUD may require the tenants to vacate the premises and shall provide temporary relocation benefits as provided in § 290.17 to tenants required to vacate the premises.

24 CFR Ch. II (4-1-14 Edition)

§ 290.9 Setting rental rates.

Because of the subsidies involved in making multifamily housing projects affordable, the setting of rents involves two steps: first, establishing the rent on a unit that will be paid to the owner, and second, determining the rent that the tenant pays (with the difference made up by a subsidy), using a number of procedures to obtain income verification and notify tenants of changes in rent. These procedures for a property owned by HUD or where HUD is mortgagee-in-possession are explained below.

(a) *Setting unit rents.* Except as modified by this section, for a property where HUD is mortgagee-in-possession (MIP), HUD will set unit rents in accordance with the rent setting requirements of the project's mortgage insurance or direct loan program; or for a property owned by HUD, rents will be set in accordance with the rent setting requirements of the project's mortgage insurance or direct loan program in effect immediately before HUD became the owner of the project.

(b) *Setting rents payable by tenants—(1) Tenant rent.* The rent the tenant pays will be based on the income certification and the rent payment requirements of the project's mortgage insurance or direct loan program in effect while HUD is MIP or immediately before HUD became the owner of the project, as affected by any of the factors in paragraphs (b)(2) through (b)(4) of this section. However, if a tenant does not certify income as required by this section, the tenant must pay the unit rent as determined under the rent setting requirements in paragraph (a) of this section.

(2) *Utility allowance.* For a tenant whose rent is based on a percentage of adjusted income (except for rental voucher or rental certificate holders), if the cost of utilities (except telephone) and other housing services for the unit is the responsibility of the tenant to pay directly to the provider of the utility or service, HUD will deduct from the rent to be paid by the tenant to HUD a utility allowance, which is an amount equal to HUD's estimate of the monthly costs of a reasonable consumption of the utilities and other services for the unit for an
