

the chart, but in place of such assurance on the chart state "none".

(6) *Buyer's annual cost or assessments.* State the lot buyer's annual cost or assessments for using the facility. These costs should include any applicable property owners' association assessment, and the developer's maintenance assessment. If the cost information is lengthy, you may use an asterisk or other appropriate symbol and include the cost information in a paragraph below the chart.

(c) Information to be provided below the recreational facility chart and related warnings.

(1) *Constructing the facilities.* If the facilities are not complete, indicate who is responsible for the construction of the facilities. Indicate whether the purchaser will be required to pay any of the cost of construction of these facilities (estimate and disclose such cost, if any).

(2) *Maintaining the facilities.* Indicate who is responsible for the operation and maintenance of these facilities.

(3) *Facilities which will be leased to lot purchasers.* If no facilities covered here will be leased to a Property Owners' Association or other lot owners in the subject subdivision, omit this caption and any information requested under it from the Property Report. If such leases exist or are anticipated, state which facilities are or will be leased and indicate the term of the lease. Also, state whether the lot owners will have an opportunity to terminate or ratify the lease after control of the Property Owners' Association is turned over to them. Indicate whether the owner of a recreational facility leased to the Property Owners' Association or other lot owners may encumber it and whether the holders of such encumbrances may acquire the leased facilities and not honor the lease. Indicate whether the lease payments may be increased on an escalating or other basis and what costs or expenses, if any, will be borne by the owner. State whether the lease can be assigned or sublet. State how the lease can be terminated.

(4) *Transfer of the facilities.* If there are presently any liens or mortgages on any of these recreational facilities, describe such liens or mortgages. If the developer, or owner of the subdivision,

their principals, or subsidiaries, intend to transfer the title of a listed recreational facility in the future, explain at what time, by what type of conveyance, and to whom such transfer will be made. Disclose any adverse effects on, or cost to, lot purchasers which may be caused by such transfer. If any facility is to be transferred to lot owners as a Property Owners' Association or otherwise, state whether the facility will be transferred free and clear of all liens and encumbrances. If not, state the amount of the encumbrance to be assumed and disclose any contractual conditions on such transfer which relate to lot purchasers.

(5) *Permits.* If the necessary permits have not been obtained for the construction and/or use of the facilities, identify the facilities for which such permits have not been obtained and include the following statement, or one substantially the same, in the narrative under the caption "Permits".

"The (identify the permit or license) has not been obtained and therefore there is no assurance that the lot owners will be able to use the (identify the facility)".

(6) *Who may use the facilities.* Indicate who will be permitted to use the recreational facilities (e.g., lot owners, their guests, employees of developer, general public, etc.). If the general public will be permitted to use the facilities include the following statement in the narrative under the caption "Who may use the facilities":

"The (identify the facility) is open to use by the general public and their use of the facility may limit use of it by lot owners".

[44 FR 21453, Apr. 10, 1979, as amended at 45 FR 40489, June 13, 1980; 50 FR 10942, Mar. 19, 1985]

§ 1710.115 Subdivision characteristics and climate.

(a) *General topography.* What is the general topography and the major physical characteristics of the land in the subdivision? State the percentage of the subdivision which is to remain as natural open space and as developed parkland. Are there any steep slopes, rock outcroppings, unstable or expansive soil conditions, etc., which will necessitate the use of special construction techniques to build on, or use, any

lot in the subdivision? If so, identify the lots affected, and describe the techniques recommended. If any lots in the subdivision have a slope of 20%, or more, include a warning that "Some lots in this subdivision have a slope of 20%, or more. This may affect the type and cost of construction."

(b) *Water coverage.* Are any lots, or portions of any lots, covered by water at any time? What lots are affected? When are they covered by water? How does this affect their use for the purpose for which they are sold? Can the condition be corrected? At what cost to the purchaser?

(c) *Drainage and fill.* Identify the lots which require draining or fill prior to being used for the purpose for which they are being sold. Who will be responsible for any corrective action? If the purchaser is responsible, what are the estimated costs?

(d) *Flood plain.* Is the subdivision located within a flood plain or an area designated by any Federal, State or local agency as being flood prone? What lots are affected? Is flood insurance available? Is it required in connection with the financing of any improvements to the lot? What is the estimated cost of the flood insurance?

(e) *Flooding and soil erosion.* (1) Does the developer have a program which provides, or will provide, at least minimum controls for soil erosion, sedimentation or periodic flooding throughout the subdivision?

(2) If there is a program, describe it. Include in the description information as to whether the program has been approved by the appropriate government officials; when it is to start; when it is to be completed (month and year); whether the developer is obligated to comply with the program and whether there is any financial assurance of completion.

(3) If there is no program or if the program has not been approved by the appropriate officials or if the program does not provide minimum protection, include a statement to the effect that the measures being taken may not be sufficient to prevent property damage or health and safety hazards. (A minimum program will usually provide for:

(i) Temporary measures such as mulching and seeding of exposed areas

and silt basins to trap sediments in runoff water, and

(ii) Permanent measures such as sodding and seeding in areas of heavy grading or cut and fill along with the construction of diversion channels, ditches, outlet channels, waterway stabilizers and sediment control basins.)

(f) *Nuisances.* Are there any land uses which may adversely affect the subdivision (e.g., unusual or unpleasant noises or odors, pollutants or nuisances such as existing or proposed industrial activity, military installations, airports, railroads, truck terminals, race tracks, animal pens, noxious smoke, chemical fumes, stagnant ponds, marshes, slaughterhouses and sewage treatment facilities)? If any nuisances exist, describe them. If there are none, state there are no nuisances which affect the subdivision.

(g) *Hazards.* (1) Are there any unusual safety factors which affect the subdivision (e.g., dilapidated buildings, abandoned mines or wells, air or vehicular traffic hazards, danger from fire or explosion or radiation hazards)? Is the developer aware of any proposed plans for construction which may create a nuisance or safety hazard or adversely affect the subdivision? If there are any existing hazards or if there is any proposed construction which will create a nuisance or hazard, describe the hazard or nuisance. If there are no existing or possible future hazards, state that there are none.

(2) Is the area subject to natural hazards or has it been formally identified by any Federal, State or local agency as an area subject to the frequent occurrence of natural hazards (e.g., tornadoes, hurricanes, earthquakes, mudslides, forest fires, brush fires, avalanches, flash flooding, etc.)? If the jurisdiction in which the subdivision is located has a rating system for fire hazard, state the rating assigned to the land in the subdivision and explain its meaning.

(h) *Climate.* What are the average temperature ranges, summer and winter, for the area in which the subdivision is located (i.e., high, low and mean)? What is the average annual rainfall and snowfall?

(i) *Occupancy*. How many homes are occupied on a full- or part-time basis as of (date of submission)?

§ 1710.116 Additional information.

(a) *Property Owners' Association*. (1) Will there be a property owners' association for the subdivision? Has it been formed? What is its name? Is it operating? If not yet formed, when will it be formed? Who is responsible for its formation?

(2) Does the developer exercise, or have the right to exercise, any control over the Association because of voting rights or placement of officers or directors? For how long will this control last?

(3) Is membership in the association voluntary? Will non-member lot owners be subject to the payment of dues or assessments? What are the association dues? Can they be increased? Are members subject to special assessments? For what purpose? If membership in the association is voluntary and if the association is responsible for operating or maintaining facilities which serve all lot owners, include the following statement:

"Since membership in the association is voluntary, you may be required to pay a disproportionate share of the association costs or it may not be able to carry out its responsibilities."

(4) What are the functions and responsibilities of the association? Will the association hold architectural control over the subdivision?

(5) Are there any functions or services that the developer now provides at no charge for which the association may be required to assume responsibility in the future? If so, will an increase in assessments or fees be necessary to continue these functions or services?

(6) Does the current level of assessments, fees, charges or other income provide the capability for the association to meet its present, or planned, financial obligations including operating costs, maintenance and repair costs and reserves for replacement? If not, how will any deficit be made up?

(b) *Taxes*. (1) When will the purchaser's obligation to pay taxes begin? To whom are the taxes paid? What are the annual taxes on an unimproved lot

after the sale to a purchaser? If the taxes are to be paid to the developer, include a statement that "Should we not forward the tax funds to the proper authorities, a tax lien may be placed against your lot."

(2) If the subdivision is encompassed within a special improvement district or if a special district is proposed, describe the purpose of the district and state the amount of assessments. Describe the purchasers obligation to retire the debt.

(c) *Violations and litigations*. This information need appear only if any of the questions are answered in the affirmative. Unless the Secretary gives prior approval for it to be omitted, a brief description of the action and its present status or disposition shall be given.

(1) With respect to activities relating to or in violation of a Federal, state or local law concerned with the environment, land sales, securities sales, construction or sale of homes or home improvements, consumer fraud or similar activity, has the developer, the owner of the land or any of their principals, officers, directors, parent corporation, subsidiaries or an entity in which any of them hold a 10% or more financial interest, been:

(i) Disciplined, debarred or suspended by any governmental agency, or is there now pending against them an action which could result in their being disciplined, debarred or suspended or,

(ii) Convicted by any court, or is there now pending against them any criminal proceedings in any court? (OILSR suspension notices on preeffective Statements of Record and amendments need not be listed.)

(2) Has the developer, the owner of the land, any principal, any person holding a 10% or more financial or ownership interest in either, or any officer or director of either, filed a petition in bankruptcy? Has an involuntary petition in bankruptcy been filed against it or them or have they been an officer or director of a company which became insolvent or was involved, as a debtor, in any proceedings under the Bankruptcy Act during the last 13 years?
