

Subpart I—Consumer Complaint Handling and Remedial Actions

SOURCE: 78 FR 60200, Oct. 1, 2013, unless otherwise noted.

§ 3282.401 Purpose and scope.

(a) *Purpose.* The purpose of this subpart is to establish a system of protections provided by the Act with respect to imminent safety hazards and failures to conform to the construction and safety standards with a minimum of formality and delay, while protecting the rights of all parties.

(b) *Scope.* This subpart sets out the procedures to be followed by manufacturers, retailers, and distributors, SAAs, primary inspection agencies, and the Secretary to assure that notification and correction are provided with respect to manufactured homes when required under this subpart. Notification and correction may be required with respect to manufactured homes that have been sold or otherwise released by the manufacturer to another party.

§ 3282.402 General provisions.

(a) *Purchaser's rights.* Nothing in this subpart shall limit the rights of the purchaser under any contract or applicable law.

(b) *Manufacturer's liability limited.* A manufacturer is not responsible for failures that occur in any manufactured home or component as the result of normal wear and aging, consumer abuse, or neglect of maintenance. The life of a component warranty may be one of the indicators used to establish normal wear and aging. A failure of any component may not be attributed by the manufacturer to normal wear and aging under this subpart during the term of any applicable warranty provided by the original manufacturer of the affected component.

§ 3282.403 Consumer complaint and information referral.

(a) *Retailer responsibilities.* When a retailer receives a consumer complaint or other information about a home in its possession, or that it has sold or leased, that likely indicates a noncompliance, defect, serious defect, or imminent safety hazard, the retailer

must forward the complaint or information to the manufacturer of the manufactured home in question as early as possible, in accordance with § 3282.256.

(b) *SAA and HUD responsibilities.* (1) When an SAA or the Secretary receives a consumer complaint or other information that likely indicates a noncompliance, defect, serious defect, or imminent safety hazard in a manufactured home, the SAA or HUD must:

(i) Forward the complaint or information to the manufacturer of the home in question as early as possible; and

(ii) Send a copy of the complaint or other information to the SAA of the State where the manufactured home was manufactured or to the Secretary if there is no such SAA.

(2) When it appears from the complaint or other information that an imminent safety hazard or serious defect may be involved, the SAA of the State where the home was manufactured must also send a copy of the complaint or other information to the Secretary.

(c) *Manufacturer responsibilities.* Whenever the manufacturer receives information from any source that the manufacturer believes in good faith relates to a noncompliance, defect, serious defect, or imminent safety hazard in any of its manufactured homes, the manufacturer must, for each such occurrence, make the determinations required by § 3282.404.

§ 3282.404 Manufacturers' determinations and related concurrences.

(a) *Initial determination.* (1) Not later than 30 days after a manufacturer receives information that it believes in good faith may indicate a noncompliance, defect, serious defect, or imminent safety hazard, the manufacturer must make a specific initial determination that there is a noncompliance, defect, serious defect, or imminent safety hazard, or that the information requires no further action under this subpart. If a manufacturer makes a final determination of noncompliance for an individual home (see § 3282.412(b)) and a class of homes is not involved, no further action is needed by the manufacturer other than to keep a record of its determination as required
