26 CFR Ch. I (4-1-14 Edition)

accordance with paragraph (b)(1) of this section is \$7,500. F's share of such gross income is \$2,500. Due to drought and an epidemic among the livestock, the partnership sustains a net loss of \$7,800 for the year 1966 of which loss F's share is \$2,600. Since F's distributive share of gross income derived from such business is in excess of \$2,400 and since F does not receive income described in section 702(a)(9) of \$1,600 or more from such business, he may, at his option, be deemed to have received \$1,600 as his distributive share of income described in section 702(a)(9) from such business.

[T.D. 6691, 28 FR 12796, Dec. 3, 1963, as amended by T.D. 6993, 34 FR 828, Jan. 18, 1969]

§ 1.1402(a)-16 Exercise of option.

A taxpayer shall, for each taxable year with respect to which he is eligible to use the optional method described in § 1.1402(a)-14 or § 1.1402(a)-15, make a determination as to whether his net earnings from self-employment are to be computed in accordance with such method. If the taxpayer elects the optional method for a taxable year, he shall signify such election by computing net earnings from self-employment under the optional method as set forth in Schedule F (Form 1040) of the income tax return filed by the taxpayer for such taxable year. If the optional method is not elected at the time of the filing of the return for a taxable year with respect to which the taxpayer is eligible to elect such optional method, such method may be elected on an amended return (or on such other form as may be prescribed for such use) filed within the period prescribed by section 6501 and the regulations thereunder for the assessment of the tax for such taxable year. If the optional method is elected on a return for a taxable year, the taxpayer may revoke such election by filing an amended return (or such other form as may be prescribed for such use) for the taxable year within the period prescribed by section 6501 and the regulations thereunder for the assessment of the tax for such taxable year. If the taxpayer is deceased or unable to make an election, the person designated in section 6012(b) and the regulations thereunder may, within the period prescribed in this section elect the optional method for any taxable year with respect to which the taxpayer is eligible to use

the optional method and revoke an election previously made by or for the taxpayer.

§ 1.1402(a)-17 Retirement payments to retired partners.

(a) *In general.* There shall be excluded, in computing net earnings from self-employment for taxable years ending on or after December 31, 1967, certain payments made on a periodic basis by a partnership, pursuant to a written plan of the partnership, to a retired partner on account of his retirement. The exclusion applies only if the payments are made pursuant to a plan which meets the requirements prescribed in paragraph (b) of this section, and, in addition, the conditions set forth in paragraph (c) of this section are met.

(b) *Retirement plan of partnership.* (1) To meet the requirements of section 1402(a)(10), the written plan of the partnership must set forth the terms and conditions of the program or system established by the partnership for the purpose of making payments to retired partners on account of their retirement. To qualify as payments on account of retirement, the payments must constitute bona fide retirement income. Thus, payments of benefits not customarily included in a pension or retirement plan such as layoff benefits are not payments on account of retirement. Eligibility for retirement generally is established on the basis of age, physical condition, or a combination of age or physical condition and years of service. Generally, retirement benefits are measured by, and based on, such factors as years of service and compensation received. In determining whether the plan of the partnership provides for payments on account of retirement, factors, formulas, etc., reflected in public, and in broad based private, pension or retirement plans in prescribing eligibility requirements and in computing benefits may be taken into account.

(2) The plan of the partnership must provide for payments on account of retirement:

- (i) To partners generally or to a class or classes of partners,
- (ii) On a periodic basis, and
