Community Confinement Facilities**

PREVENTION PLANNING

**§ 115.211 Zero tolerance of sexual
abuse and sexual harassment;
PREA coordinator.**

(a) An agency shall have a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment and outlining the agency's approach to preventing, detecting, and responding to such conduct.

(b) An agency shall employ or designate an upper-level, agency-wide PREA coordinator, with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its community confinement facilities.

**§ 115.212 Contracting with other entities
for the confinement of residents.**

(a) A public agency that contracts for the confinement of its residents with private agencies or other entities, including other government agencies, shall include in any new contract or contract renewal the entity's obligation to adopt and comply with the PREA standards.

(b) Any new contract or contract renewal shall provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards.

(c) Only in emergency circumstances in which all reasonable attempts to find a private agency or other entity in compliance with the PREA standards have failed, may the agency enter into a contract with an entity that fails to comply with these standards. In such a case, the public agency shall document its unsuccessful attempts to find an entity in compliance with the standards.

§ 115.213 Supervision and monitoring.

(a) For each facility, the agency shall develop and document a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect residents against sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring, agencies shall take into consideration:

- (1) The physical layout of each facility;
- (2) The composition of the resident population;
- (3) The prevalence of substantiated and unsubstantiated incidents of sexual abuse; and
- (4) Any other relevant factors.

(b) In circumstances where the staffing plan is not complied with, the facility shall document and justify all deviations from the plan.

(c) Whenever necessary, but no less frequently than once each year, the facility shall assess, determine, and document whether adjustments are needed to:

- (1) The staffing plan established pursuant to paragraph (a) of this section;
- (2) Prevailing staffing patterns;
- (3) The facility's deployment of video monitoring systems and other monitoring technologies; and
- (4) The resources the facility has available to commit to ensure adequate staffing levels.

§ 115.215 Limits to cross-gender viewing and searches.

(a) The facility shall not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners.

(b) As of August 20, 2015, or August 21, 2017 for a facility whose rated capacity does not exceed 50 residents, the facility shall not permit cross-gender pat-down searches of female residents, absent exigent circumstances. Facilities shall not restrict female residents' access to regularly available programming or other outside opportunities in order to comply with this provision.

(c) The facility shall document all cross-gender strip searches and cross-gender visual body cavity searches, and shall document all cross-gender pat-down searches of female residents.

(d) The facility shall implement policies and procedures that enable residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or
