(b) *When a reinvestment can be scheduled, edited, or canceled.* You can schedule your reinvestment either at the time of purchase or after the security is issued into your TreasuryDirect account. You cannot schedule, edit, or cancel a reinvestment when the maturing security goes into a closed book period, or when a noncompetitive bid for the replacement security is no longer accepted, whichever comes first.

(c) *What securities can be reinvested.* Any marketable security can be reinvested.

(e) *Canceling reinvestments.* If there is no security available for reinvestment with an issue date that coincides with the maturity date or call date, if invoked, of the maturing security, and with the same type and term, the scheduled reinvestment will be canceled and the proceeds of the maturing security will be returned to the customer.

(f) *Procedure if there are insufficient funds from the maturing security to pay the full purchase price of the replacement security.* If there are insufficient funds from the maturing security to pay the full purchase price of the replacement security, we will either debit your primary account at a financial institution or pay the additional funds using the redemption proceeds of your zero-percent certificate of indebtedness.
