Office of the Secretary of Defense

§ 156.3 Policy.

It is DoD policy that:

(b) DoD PSP policies and procedures shall be aligned using consistent standards to the extent possible; provide for reciprocal recognition of existing investigations and adjudications; be cost-effective, timely, and provide efficient protection of the national interest; and provide fair treatment of those upon whom the Federal Government relies to conduct the Nation’s business and protect national security.

(c) Discretionary judgments used to determine eligibility for national security positions are an inherently governmental function and shall be performed by appropriately trained and favorably adjudicated Federal Government personnel or appropriate automated procedures.

(d) No negative inference may be raised solely on the basis of mental health counseling. Such counseling may be a positive factor that, by itself, shall not jeopardize the rendering of eligibility determinations or temporary eligibility for access to national security information. However, mental health counseling, where relevant to adjudication for a national security position, may justify further inquiry to assess risk factors that may be relevant to the DoD PSP.

(e) The DoD shall not discriminate nor may any inference be raised on the basis of race, color, religion, sex, national origin, disability, or sexual orientation.
(f) Discretionary judgments that determine eligibility for national security positions shall be clearly consistent with the national security interests of the United States. Any doubt shall be resolved in favor of national security.

(g) No person shall be deemed to be eligible for a national security position merely by reason of Federal service or contracting, licensee, certificate holder, or grantee status, or as a matter of right or privilege, or as a result of any particular title, rank, position, or affiliation.

(h) No person shall be appointed or assigned to a national security position when an unfavorable personnel security determination has been rendered.

(i) Eligibility for national security positions shall be granted only to persons who are U.S. citizens for whom the investigative and adjudicative process has been favorably completed. However, based on exceptional circumstances where official functions must be performed prior to completion of the investigative and adjudicative process, temporary eligibility for access to classified information may be granted while the investigation is underway.

(j) As an exception, a non-U.S. citizen who possesses an expertise that cannot be filled by a cleared or clearable U.S. citizen, may hold a national security position or be granted a limited access authorization to classified information in support of a specific DoD program, project, or contract following a favorable security determination by an authorized adjudication facility.

(l) Information about individuals collected as part of the investigative and adjudicative process shall be managed in accordance with applicable laws and DoD policies, including those related to privacy and confidentiality, security of information, and access to information.

§ 156.4 Responsibilities.

(a) The Under Secretary of Defense for Intelligence (USD(I)) shall:

(1) Develop, coordinate, and oversee the implementation of policy, programs, and guidance for the DoD PSP.

(3) In coordination with the Under Secretary of Defense for Acquisition, Technology and Logistics (USD(AT&L)) and the GC, DoD, develop policy for contractor investigations for CAC adjudication, outside the purview of the National Industrial Security Program, under the terms of applicable contracts in accordance with HSPD–12; OMB Memorandum M–05–24; FIPS 201–1; the Federal Acquisition Regulation; the Defense Federal Acquisition Regulation Supplement; and OPM Memorandum, “Final Credentialing Standards for Issuing Personal Identity Verification Cards under HSPD–12.”

(4) Issue guidance implementing the policy in this part.
