

Department of the Army, DoD

§ 633.12

commander may impose further restrictions on using deadly force. (Restrictions should not unduly compromise U.S. security interests).

(d) Security criteria and standards for protection of nuclear weapons (paragraph (c) of this section AR 50-5-1) and for chemical agents (paragraph (c) of this section AR 50-6-1) also apply.

§ 632.5 Use of firearms.

(a) If it becomes necessary to use a firearm in any of the circumstances described in § 632.4 of this part, observe the following precautions when possible:

(1) Give an order to halt before firing.

(2) Do not fire if shots are likely to harm innocent bystanders.

(3) Since warning shots could harm innocent bystanders, avoid firing them. However, when lesser degrees of force have failed, the law enforcement or security person may judge that warning shots would help to control the situation without using deadly force. If able to avoid hazards to innocent persons in these cases, fire warning shots.

(4) Aim to disable. At times it may be difficult to fire with enough precision to ensure disabling rather than killing. If the use of firearms are otherwise authorized by this regulation, such circumstances will not rule out their use.

§ 632.6 Administrative instructions.

(a) Commanders will ensure that all persons assigned to law enforcement, security, or US military prisoners' guard duties will, before performing these duties—

(1) Receive instructions on regulations regarding use of force.

(2) Show knowledge and skill in the use of—

(i) Unarmed defense techniques.

(ii) MP club.

(iii) Individual chemical aerosol irritant projectors.

(iv) Their assigned firearms.

(b) Commanders will also—

(1) Provide periodic refresher training to ensure continued proficiency and updated knowledge in these skills. (Include applicable host nation requirements.)

(2) Require MPs with law enforcement duties to qualify yearly with their assigned handguns.

(3) Require interior guards to receive instructions regarding use of force. (Give periodic refresher training to ensure continued familiarity with regulations.)

(c) Requirements concerning use of the MP club and chemical aerosol irritant projectors apply only when these weapons are issued items or are carried on duty.

(d) FM 19-5 contains procedures and methods for using unarmed defense techniques and the MP club.
