

§ 138.100

(e) Except as provided in § 138.90(f), at the moment a certificant ceases to be the operator of a vessel for any reason, including a vessel that is scrapped or transferred to a new operator, the individual Certificate naming the vessel is void and its further use is prohibited. In that case, the certificant must, within 10 business days of the Certificate becoming void, submit the following information in writing to the Director, NPFCA:

(1) The number of the individual Certificate and the name of the vessel.

(2) The date and reason why the certificant ceased to be the operator of the vessel.

(3) The location of the vessel on the date the certificant ceased to be the operator.

(4) The name and mailing address of the person to whom the vessel was sold or transferred.

(f) In the event of the temporary transfer of custody of an unmanned barge with a Certificate under this subpart, where the certificant transferring the barge continues to be liable under the Acts and continues to maintain on file with the Director, NPFCA, acceptable evidence of financial responsibility with respect to the barge, the existing Certificate remains in effect in respect to that vessel, and a temporary new Certificate is not required for the vessel. The temporary transferee is encouraged to require the transferring certificant to acknowledge in writing that the transferring certificant agrees to remain responsible for pollution liabilities.

§ 138.100 Non-owning operator's responsibility for identification.

(a) Each operator that is not an owner of a vessel with a Certificate under this subpart, other than an unmanned barge, must ensure that the original or a legible copy of the demise charter-party (or other written document on the owner's letterhead, signed by the vessel owner, which specifically identifies the vessel operator named on the Certificate) is maintained on board the vessel.

(b) The demise charter-party or other document required by paragraph (a) of this section must be presented, upon

33 CFR Ch. I (7-1-14 Edition)

request, for examination and copying, to a United States Government official.

§ 138.110 Master Certificates.

(a) A contractor or other person who is responsible for a vessel in the capacity of a builder, scrapper, lessor, or seller (including a repairer who agrees to be responsible for a vessel under its custody) may apply for a Master Certificate instead of applying for an individual Certificate or Fleet Certificate for each vessel. A Master Certificate covers all of the vessels subject to this subpart held by the applicant solely for purposes of construction, repair, scrapping, lease, or sale. A vessel which is being operated commercially in any business venture, including the business of building, repairing, scrapping, leasing, or selling (e.g., a slop barge used by a shipyard) cannot be covered by a Master Certificate. Any vessel for which a Certificate is required, but which is not eligible for a Master Certificate, must be covered by either an individual Certificate or a Fleet Certificate.

(b) An applicant for a Master Certificate must submit an Application form in the manner prescribed by §§ 138.40 through 138.60. An applicant must establish evidence of financial responsibility in accordance with § 138.80, by submission, for example, of an acceptable Master Insurance Guaranty Form, Surety Bond Guaranty Form, Master Financial Guaranty Form, or acceptable self-insurance documentation. An Application for a Master Certificate must be completed in full, except for Item 5. The applicant must make the following statement in Item 5: "This is an application for a Master Certificate. The largest tank vessel to be covered by this application is [insert applicable gross tons] gross tons. The largest vessel other than a tank vessel is [insert applicable gross tons] gross tons." The dollar amount of financial responsibility evidenced by the applicant must be sufficient to meet the amount required under this subpart.

(c) Each Master Certificate issued by the Director, NPFCA, indicates—

(1) The name of the applicant (*i.e.*, the builder, repairer, scrapper, lessor, or seller);

(2) The date of issuance and termination, encompassing a period of not more than 3 years; and

(3) The gross tons of the largest tank vessel and gross tons of the largest vessel other than a tank vessel eligible for coverage by that Master Certificate. (The Master Certificate does not identify the name of each vessel covered by the Certificate.)

(d) Each additional vessel which does not exceed the respective tonnages indicated on the Master Certificate and which is eligible for coverage by a Master Certificate is automatically covered by that Master Certificate. Before acquiring a vessel, by any means, including conversion of an existing vessel, that would have the effect of increasing the certificant's required applicable amount of financial responsibility (above that provided for issuance of the existing Master Certificate), the certificant must submit to the Director, NPFC, the following:

(1) Evidence of increased financial responsibility.

(2) A new certification fee.

(3) Either a new Application or a letter amending the existing Application to reflect the new gross tonnage which is to be indicated on a new Master Certificate.

(e) A person to whom a Master Certificate has been issued must submit to the Director, NPFC, every six months beginning the month after the month in which the Master Certificate is issued, a report indicating the name, previous name, type, and gross tonnage of each vessel covered by the Master Certificate during the preceding six-month reporting period and indicating which vessels, if any, are tank vessels.

§ 138.120 Certificates, denial or revocation.

(a) The Director, NPFC, may deny a Certificate when an applicant—

(1) Willfully or knowingly makes a false statement in connection with an Application or other submission or filing under this subpart for an initial or renewal Certificate;

(2) Fails to establish acceptable evidence of financial responsibility as required by this subpart;

(3) Fails to pay the required Application or certification fees;

(4) Fails to comply with or respond to lawful inquiries, regulations, or orders of the Coast Guard pertaining to the activities subject to this subpart; or

(5) Fails to timely file with the Director, NPFC, required statements, data, notifications, or affidavits.

(b) The Director, NPFC, may revoke a Certificate when a certificant—

(1) Willfully or knowingly makes a false statement in connection with an Application for an initial or a renewal Certificate, or in connection with any other filing required by this subpart;

(2) Fails to comply with or respond to lawful inquiries, regulations, or orders of the Coast Guard pertaining to the activities subject to this subpart; or

(3) Fails to timely file with the Director, NPFC, required statements, data, notifications, or affidavits.

(c) A Certificate is immediately invalid, and considered revoked, without prior notice, when the certificant—

(1) Fails to maintain acceptable evidence of financial responsibility as required by this subpart;

(2) Is no longer the responsible operator of the vessel or fleet in question; or

(3) Alters any copy of a Certificate.

(d) The Director, NPFC, will advise the applicant or certificant, in writing, of the intention to deny or revoke a Certificate under paragraph (a) or (b) of this section and will state the reason for the decision. Written advice from the Director, NPFC, that an incomplete Application will be considered withdrawn unless it is completed within a stated period, is the equivalent of a denial.

(e) If the intended revocation under paragraph (b) of this section is based on failure to timely file required financial statements, data, notifications, or affidavits with the Director, NPFC, the revocation is effective 10 days after the date of the notice of intention to revoke, unless, before the effective date of the revocation, the certificant demonstrates to the satisfaction of the Director, NPFC, that the required documents were timely filed or have been filed.

(f) If the intended denial is based on paragraph (a)(1) or (a)(4) of this section, or the intended revocation is based on paragraph (b)(1) or (b)(2) of
