§ 3.14

(1) Refusal by an operator to submit to a test is prohibited and proof of refusal may be admissible in any related judicial proceeding.

If the alcohol concentration in the operator's blood or breath at the time of testing is less than alcohol concentrations specified in § 13.10(a)(2), this fact does not give rise to any presumption that the operator is or is not under the influence of alcohol.

(c) The provisions of paragraph (b) of this section are not intended to limit the introduction of any other competent evidence bearing upon the question of whether the operator, at the time of the alleged violation, was under the influence of alcohol, or a drug, or drugs, or any combination thereof.
