APPLICATION FOR PAYMENT OF ADJUSTED SERVICE CERTIFICATE UNDER THE WORLD WAR ADJUSTED COMPENSATION ACT, AS AMENDED (PUBL. L. 120, 68TH CONG.)

SOURCE: 19 FR 5087, Aug. 12, 1954, unless otherwise noted.

§ 11.125 Settlement of matured adjusted service certificates.

Where an application for final settlement of an adjusted service certificate is received in the Department of Veterans Affairs subsequent to the date of maturity of the certificate, payment will be made under the terms of the World War Adjusted Compensation Act, as amended. This Act provides for payment of the face value of the certificate less any outstanding indebtedness for loans obtained on the certificate; however, interest accrued on the loans subsequent to September 30, 1931, and unpaid will be canceled insofar as the veteran is concerned.

§ 11.126 Form of application.

Either demand for payment (Form 1748) of application (Form 1701) may be used by the veteran or his legal representative in applying for final settlement of a matured certificate.

§ 11.127 Identification.

Before payment may be made on the adjusted service certificate, the person applying thereof will be identified as the person entitled to payment for which application is made. Such identification will be accepted if made by an authorized person as stated in §11.114; also, fingerprint impressions shall be placed in the space provided on the application in accordance with §11.114(a).

§ 11.128 Veteran dies without having filed application for final settlement.

If the veteran dies without having filed application for final settlement under the Adjusted Compensation Payment Act, 1936, and the certificate has not matured, payment will be made to the last designated beneficiary or, if no beneficiary, to his estate. If the certificate has matured, payment will be made to the veteran’s estate regardless of any beneficiary designation. Payment of the amount due on a deceased veteran’s certificate will be made only on an approved award based upon receipt in the Department of Veterans Affairs of an application properly executed by the person or persons entitled.

§ 11.129 Form of application for payment of deceased veteran’s certificate.

Demand for payment (VA Form 8–582) is the proper form for use in applying for payment of the amount due on a deceased veteran’s certificate.

§ 11.130 Where to file applications.

Application for payment of a matured certificate or a deceased veteran’s certificate, accompanied by the adjusted service certificate, unless it is held in the Department of Veterans Affairs as collateral for a loan, must be forwarded to the Manager, Veterans Benefits Office, Washington, DC, 20421.

§ 12.0 Definitions.

(a) As used in respect to the disposition of property of veterans dying at Department of Veterans Affairs medical centers or other field facilities, or who are discharged or who elope, or are absent without leave therefrom, and in respect to property found thereat, the term funds means all types of United States currency and coin, checks payable to the decedent except checks drawn on the Treasurer of the United States which have never been negotiated, and includes deposits to the credit of the veteran in the account 'Personal Funds of Patients,' and each competent veteran will be so advised. The term effects means and embraces all other property of every description, including insurance policies, certificates of stock, bonds and notes the obligation of the United States or of others, and all other papers of every character except checks drawn on the Treasurer of the United States, as well as clothing, jewelry and other forms of property, or evidences of interest therein. Checks drawn on the Treasurer of the United States which have never been negotiated will be returned to the issuing office for disposition.

(b) Field facilities as used in §§12.1 to 12.13 includes hospitals, centers, domiciliary activities, supply depots, and other offices over which the Department of Veterans Affairs has direct and exclusive administrative jurisdiction, and excludes State, county, city, private, and contract hospitals and hospitals or other institutions operated by the United States through agencies other than the Department of Veterans Affairs. At institutions other than field facilities as herein defined funds or effects as defined in paragraph (a) of this section, except for funds derived from gratuitous benefits under laws administered by the Department of Veterans Affairs and deposited by the Department of Veterans Affairs in the account Personal Funds of Patients for incompetent veterans, will be disposed of under the laws governing such institutions. In any case where the veteran died intestate without heirs or next of kin his or her personal property vests in the United States. Disposition of the property will be made in accordance with the provisions of §§12.19 to 12.23.
event of death. He or she may also designate an alternate to whom delivery will be made if the first designee fails or refuses to accept delivery. It should be clearly understood that the delivery of such funds or effects will constitute only a delivery of possession thereof, and such delivery is not intended to affect in any manner the title to such funds or effects or determine the person ultimately entitled to receive same from the person to whom delivery is made (hereinafter in the regulations in this part termed the designee). The person designated may not be an employee of the Department of Veterans Affairs unless such employee be the wife (or husband), child, grandchild, mother, father, grandmother, grandfather, brother, or sister of the veteran. The veteran may in writing change or revoke such designation at any time. If a veteran becomes incompetent, any designation previously made will become inoperative with respect to those funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs. The guardian may change or revoke the existing designation with respect to personal effects and funds derived from other sources.

(b) Veterans will be encouraged to place in the custody of their relatives articles of little or no utility value to them during their period of care at a Department of Veterans Affairs field facility, and to retain in their possession only such funds and effects as are actually required and necessary for their immediate convenience.

§ 12.3 Deceased veteran’s cases.

(a) Immediately upon the death or the absence without leave of any beneficiary at a field facility, as defined in §12.0(b), a survey and inventory of the funds and effects of such beneficiary will be taken in the following manner:

(1) If the death or absence without leave occurred during hospitalization, a complete inventory (VA Form 10-2687, Inventory of Funds and Effects) will be made of all personal effects (including those in the custody of the hospital, jewelry being worn by the deceased person, or jewelry and other effects in pockets of clothing he or she may have been wearing) and all funds found and moneys on deposit in Personal Funds of Patients. In the case of death of incompetent veterans after November 30, 1959, the inventory will be completed to show separately those funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs. For purpose of determining the source of funds, expenditures from the account will be considered as having been made from gratuitous benefits, not to exceed the extent of deposits of such benefits. In the event death occurred during other than official working hours, the officer of the day and/or a representative of Nursing Service will collect and inventory all funds and personal effects on the person of the deceased beneficiary and on the ward, will carefully safeguard such property and, upon completion of the tour of duty, will turn the funds and effects over to the properly designated employees.

(b) No effort will be made to obtain a designation by or on behalf of an incompetent veteran who has no guardian.

§ 12.2 Designee cases; incompetent veterans.

(a) An incompetent veteran will not be informed concerning the designation of a person to receive funds or effects; but if he or she has a guardian the guardian will be requested to make such designation of himself or herself or another person to receive possession of the funds and effects (other than funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs) upon the incompetent’s death. The guardian will sign the letter designating himself or herself or another person with the veteran’s name “By ______ , guardian of his or her estate”.

(b) No effort will be made to obtain a designation by or on behalf of an incompetent veteran who has no guardian.

§ 12.4 Disposition of effects and funds to designee; exceptions.

(2) If the death or absence without leave occurred while the beneficiary was assigned to a domiciliary section, or while receiving hospitalization and at time of death or absence without leave any effects are in the section, a like inventory will be made by representatives of the Chief, Domiciliary Operations and/or Medical Administration Division.

(3) The inventory report will be executed in triplicate, original and two copies. All will be signed by the employee making the inventory, and disposed of as provided for in pertinent procedural instructions.

(4) Personally owned clothing or other effects (such as tooth brushes, false teeth not containing gold, etc.), which are unserviceable by reason of wear or tear or insanitary condition, and clothing that had been supplied by the Government, will not be included in this inventory; instead, the unserviceable personally owned articles will be listed on a separate list, with their condition briefly described, and their disposition recommended in a separate report to the facility head. The facility head, if approving this recommendation, will order destruction or utilization in occupational therapy, or as rags, etc., of such unserviceable articles and, when they are so destroyed or utilized, will have entered on the papers the date and nature of the disposition. The completed papers will then be placed in the correspondence file of the beneficiary. Clothing that had been supplied by the Government will be reconditioned if possible and returned to stock for issue to other eligible beneficiaries. When Government-owned clothing cannot be reconditioned it will be disposed of.

(5) When the nearest relative requests that the deceased beneficiary be clad for burial in clothing he or she personally owned, instead of burial clothing to be supplied under the contract for mortuary services, such request will be honored. A receipt in such cases will be obtained from the undertaker, specifying the articles of clothing so used. Adjustment of the undertaker's bill in the case will correspondingly be made.

(6) In accomplishing such inventories, detailed description will be given of items of material value or importance, for example:
- Watch—Yellow metal (make, movement, and case number, if available without damage to watch).
- Ring—Yellow metal (probably gold-plated or stamped 14-K., setting if any).
- Discharge certificate.
- Adjusted service certificate (number).
- Bonds or stocks (name of company, registered or nonregistered, identifying number, recited par value, if any).
- Bank books or other asset evidence (name of bank or other obligor, apparent value, identifying numbers, etc.).
- Clothing (brief description and statement of condition). Etc.

(b) Upon completion of the survey and inventory, the effects will be turned over to the designated employee for safekeeping. Any funds found in excess of $100 which apparently were the property of the deceased will be turned over to the details clerk and delivered immediately to the agent cashier, who shall deposit same in the account “Personal Funds of Patients”. Unendorsed checks other than Treasury checks and funds not in excess of $100 will be considered personal effects and not funds and will be handled accordingly.

funds or effects, in which event the facility head or his or her designated representative will authorize delivery of all funds and effects to such executor or administrator upon receipt of appropriate documentary evidence of his or her qualifications and in exchange for appropriate receipts, or

(2) An heir capable of inheriting the personal property of the veteran makes claim for the funds and effects prior to delivery to the designee.

(3) Subsequent to the naming of a designee the veteran became incompetent and his or her guardian revoked such designation, in which event the facility head or his or her designated representative will deliver all funds and effects to his guardian in exchange for appropriate receipts subject to the limitation contained in paragraph (d) of this section, or

(4) Designee was the wife (or husband) of the veteran at the time of designation, and information at the disposal of the field facility indicates that she (or he) was thereafter divorced and the veteran was incompetent at or subsequent to the time of divorce, or

(5) Notwithstanding there is a designee, it is probable that title would pass to the United States under the provisions of §§12.19 to 12.23 issued pursuant to 38 U.S.C. 5502(e) and 38 U.S.C. 8520(a), or

(6) The facility head or his or her designated representative determines that there is reasonable ground to believe that the transfer of such possession to the designee probably would be contrary to the interests of the person legally entitled to the personal property, or there are any other special circumstances raising a serious doubt as to the propriety of such delivery to the designee.

In any case in which the facility head does not deliver the funds and effects, because of the provisions of paragraphs (a)(3), (4), and (5) of this section, he or she will develop all facts and refer the matter to the Chief Attorney of the regional office having jurisdiction over the area where the hospital is located, for advice as to the disposition which legally should be made of such funds and effects.

(b) When authorized by the facility head or his or her designated representa-

five, the effects will be delivered or shipped to the designee. If shipped at Government expense, the shipment shall be made in the most economical manner but in no case at a cost in excess of $25. If such expenses will exceed $25, the excess amount shall be paid by the consignee to the facility head in advance. There will be no obligation on the Government, initially or otherwise, to pay such expenses in excess of $25.

(c) When possession of funds or effects is transferred to a designee, the attention of the designee will again be directed to the fact that possession only has been transferred to him or her and that such transfer does not of itself affect title thereto and that such designee will be accountable to the owner of said funds and effects under applicable laws.

(d) Upon receipt from the proper Chief Attorney of an appropriate certification that the guardianship was in full force and effect at the time of the veteran’s death and that the guardian’s bond is adequate, funds (other than funds deposited by the Department of Veterans Affairs in Personal Funds of Patients derived from gratuitous benefits under laws administered by the Department of Veterans Affairs) and effects of an incompetent veteran may be immediately delivered or sent to such guardian, inasmuch as the guardian had a right to possession, and he or she will be accountable therefor to the party entitled to receive the decedent’s estate. If, however, it appears probable that decedent died without a valid will and left no person surviving entitled to inherit, the funds will not be paid to the former guardian but will be disposed of as provided in §12.19(a). The effects will be sold, used, or destroyed, at the discretion of the facility head or his designated representative.

§ 12.5 Nondesignee cases.

(a) If there exists no designee at the time of death at a hospital, domiciliary, or regional office of a veteran admitted as competent, or the designee fails or refuses to claim the funds and effects as defined in §12.6(a) within 90 days following the mailing of notice to such designee, the facility head will

(a) Except as provided in §12.8, effects of veterans absent without leave or who have been discharged or have eloped (and who are not to be returned to the field facility) will be disposed of as follows:

(1) To the owner if competent, or if deceased to his or her administrator or executor or as directed in writing by such owner, or his or her executor or administrator.

(2) To the guardian of the owner if the latter be incompetent, or if deceased to his or her administrator or executor, or as directed in writing by such guardian, executor or administrator.

(3) Funds deposited in the Department of Veterans Affairs in Personal Funds of Patients, at any office, for veterans who were incompetent at time of death occurring after November 30, 1959 and which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs, will be paid upon receipt of proper application to the following persons living at the time of settlement, and in the order named: the surviving spouse, the children (without regard to age or marital status) in equal parts, and the dependent parents of such veteran, in equal parts. Any funds derived from gratuitous benefits not disposed of in accordance with this paragraph shall be deposited to the credit of the applicable current appropriation; except that there may be paid only so much of such funds as may be necessary to reimburse a person (other than a political subdivision of the United States) who bore the expenses of last sickness or burial of the veteran for such expenses.

(b) Except where delivery is made to a designee, executor, or administrator, funds of veterans who were competent at time of death will be released to the person or persons who would ultimately be entitled to distribution under the laws of the State of the decedent’s domicile. The person or persons entitled may waive in writing his or her right to the funds in favor of another heir or next of kin.

(c) Funds of veterans who were incompetent at time of death occurring after November 30, 1959, if derived from sources other than gratuitous benefits deposited by the Department of Veterans Affairs in Personal Funds of Patients under laws administered by the Department of Veterans Affairs, will be disposed of in the same manner as for competent veterans.

(d) Funds deposited by the Department of Veterans Affairs in Personal Funds of Patients, at any office, for veterans who were incompetent at time of death occurring after November 30, 1959 and which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs, will be paid upon receipt of proper application to the following persons living at the time of settlement, and in the order named: the surviving spouse, the children (without regard to age or marital status) in equal parts, and the dependent parents of such veteran, in equal parts. Any funds derived from gratuitous benefits not disposed of in accordance with this paragraph shall be deposited to the credit of the applicable current appropriation; except that there may be paid only so much of such funds as may be necessary to reimburse a person (other than a political subdivision of the United States) who bore the expenses of last sickness or burial of the veteran for such expenses.

(e) No payment shall be made under paragraph (d) of this section unless claim therefor is filed with the Department of Veterans Affairs within 5 years after the death of the veteran, except that, if any person so entitled under such regulation is under legal disability at the time of death of the veteran, such 5-year period of limitation shall run from the termination or removal of the legal disability.

(3) To the incompetent owner if he or she has no guardian; delivery, however, to the incompetent owner may be withheld and may be made to the person who is caring for such incompetent if, in the judgment of the facility head or his or her designated representative, such delivery is to the incompetent’s best interest.

Note: The Government will not pay expense of transportation of effects of competent or incompetent veterans discharged, on trail visit, absent without leave, or who have eloped, except that personal effects of a beneficiary discharged or on trail visit, or of a beneficiary being transferred to another facility at Government expense, which are not available at time of discharge, beginning of trail visit, or transfer of the beneficiary, due to the articles being in custody of the Government, may be shipped at Government expense.

(b) Funds of veterans absent without leave or who have been discharged or have eloped (and who are not to be returned to the station) will be disposed of in accordance with the provisions of current Department of Veterans Affairs procedures.

§ 12.9 Rights of designate; sales instruction; transportation charges.

(a) Upon death of a veteran admitted as such to a field facility, the Manager or his or her designated representative will cause notice (parts I and V of VA Form 10–1171) to be sent to the designate: Provided, however, That if the Manager or his or her designated representative has information of the death of the primary designate, notice shall be sent to the alternate designate and all of the provisions of the regulations in this part respecting the designate will be deemed to apply to the alternate. If the designate is a minor or
§ 12.9 38 CFR Ch. I (7–1–14 Edition)

a person known to be incompetent, delivery of the funds or effects will be made only to the designate’s guardian or custodian upon qualification. The right of the designate to receive possession ceases when he or she refuses to accept delivery or if he or she fails to respond within 90 days after VA Form 10–1171 was mailed. When the right of a designate ceases, VA Form 10–1171 will be forwarded immediately to the alternate designate, whose rights then become identical with those forfeited by the first designate, and the rights of the alternate designate shall terminate at the expiration of 90 days after VA Form 10–1171 was mailed to him or her. Delivery will not be made to a designate until he or she submits a signed statement to the effect that he or she understands that the delivery of such funds and effects constitutes a delivery of possession only and that such delivery is not intended to affect in any manner the title thereto. Such notice shall fully identify the decedent and state the fact that he or she designated the addressee to receive possession of such property; that the right to receive possession thereof does not affect the ownership but that the designate will be responsible for the ultimate disposition thereof to those who, under applicable law, are entitled to the decedent’s property; and will request prompt advice as to whether the designate will accept such property and that, if he or she will, he or she furnish shipping instructions, upon receipt of which the property will be shipped at the expense of the Government. However, prior to dispatching such notice, it will be definitely determined that the shipping expense will not exceed $25. If such expense will exceed $25, the excess cost will be ascertained, and the notice will include a statement of the amount of such excess shipping cost with request that the amount thereof be remitted at the time shipping instructions are furnished. In estimating the shipping expense, it will be assumed that shipment to the designate will be to the same address as that to which the notice is sent. Each notice, however, shall contain a statement that in no event will the Government pay shipping expense in excess of $25. The notice will include a copy of the inventory of the property which it is proposed to deliver to the designate.

(b) Upon receipt of appropriate shipping instructions the property will be shipped, transportation charges prepaid, by mail, express, or freight as may be appropriate under the circumstances and most economical to the Government. The expense of such shipment, chargeable to the Government, in no case to exceed $25.00, is payable the same as other administrative expenses of the Department of Veterans Affairs.

(c) The living owner of any property left or found at a field facility will be promptly notified thereof. Except as provided in §12.6(a), transportation charges on property shipped to a living veteran will not be paid by the Government. In such cases, shipment shall be made as requested by the owner of the property (or his or her guardian) upon receipt of necessary transportation charges, which will be prepaid, unless the owner requests shipment with charges collect and the carrier will accept such shipment without liability for such charges, contingent or otherwise, upon the Government.

(d) If the designate refuses or, upon the lapse of 90 days, has failed to take possession or request shipment of decedent’s property (paragraph (a) of this section), or if 90 days have elapsed after the finding of any property and the owner (known or unknown) has failed to request same, the manager or his or her designated representative will authorize destruction, use or sale.

(e) If sale of the property is authorized the manager will take necessary action to ascertain the names and addresses of the owners; or, in the event of the owner’s decease, of his or her executor or administrator, widow, child, grandchild, mother, father, grandmother, grandfather, brother, or sister.

(f) When in possession of the necessary information the manager will cause proper notice of sale (Form 4–1171) to be mailed. Such notice in all cases shall disclose the identity, if known, of the decedent whose property is to be sold and contain a copy of the inventory of such property. A copy of such notice (Form 4–1171), after parts I, IV, and V thereof are completed, shall be mailed to the owner, if known, or if

The property will be sold to the highest bidder (no employee except member employees of the Department of Veterans Affairs shall purchase any of this property) and forthwith delivered and the amount of the bid collected and deposited to the credit of “General Post Fund, Department of Veterans Affairs.” Care will be taken to segregate the property of each owner and separate account will be maintained as to the proceeds of sale thereof. A life insurance policy may be delivered to the beneficiary therein named if the insured is deceased, notwithstanding the veteran has designated a person to whom copies of such notice were mailed and the mailing dates. The copy on which appear the affidavit and certificate as to service of the notice will be retained in the facility file pertaining to the disposition of such property.

In order that all persons who bring property on premises of the Department of Veterans Affairs may be advised of the existence of the act of June 25, 1938 (38 U.S.C. 16–16j), and that it affects such property, notice thereof (Form 4–1182), shall be permanently posted in at least one prominent place on the premises of each field facility where persons are likely to see such notice.
