Department of Veterans Affairs

§ 39.121 State or Tribal Organization responsibilities following project completion.

(a) A State or Tribal Organization that has received an Establishment, Expansion, and Improvement Project grant or an Operation and Maintenance Project grant shall monitor use of the cemetery by various subgroups and minority groups, including women veterans. If VA determines that underutilization by any of these groups exists, the State or Tribal Organization shall establish a program to inform members of these groups about benefits available to them. If a significant number or portion of the population eligible to be served or likely to be directly affected by the grant program needs benefits information in a language other than English, the State or Tribal Organization shall make such information available in the necessary language.

§ 39.101 Payment of grant award.

The amount of an Operation and Maintenance Project grant award will be paid to the State or Tribal Organization or, if designated by the State or Tribal Organization representative, the State or Tribal veterans cemetery for which such project is being carried out, or to any other State or Tribal Organization agency or instrumentality. Such amount shall be paid by way of reimbursement and in installments that are consistent with the progress of the project, as the Director of the Veterans Cemetery Grants Service may determine and certify for payment to the appropriate Federal institution. Funds paid under this section for an approved Operation and Maintenance Project shall be used solely for carrying out such project as approved. As a condition for the final payment, the State or Tribal representative must submit to VA each of the following:

(a) Standard Form 271 (Outlay Report and Request for Reimbursement for Construction Programs);
(b) A report on the project accomplishments in accordance with §39.120 and a request in writing for the final architectural/engineering inspection, including the name and telephone number of the local point of contact for the project;
(c) The written statement, “It is hereby agreed that the monetary commitment of the Federal government will have been met and the project will be considered terminated upon payment of this voucher.”; and
(d) Evidence that the State or Tribal Organization has met its responsibility for an audit under the Single Audit Act of 1984 (31 U.S.C. 7501 et seq.) and §39.122.
