§ 35.576 Maintenance of effort.
(a) For Tribes and Intertribal Consortia that are eligible for financial assistance under §35.573(b) of this subpart, the Tribe or each of the Intertribal Consortium’s members must expend annually, for recurrent Section 105 program expenditures, an amount of non-federal funds at least equal to such expenditures during the preceding fiscal year.

(1) In order to award grants in a timely manner each fiscal year, the Regional Administrator shall compare a Tribe’s or each of the Intertribal Consortium’s member’s proposed expenditure level, as detailed in the grant application, to its expenditure level in the second preceding fiscal year. When expenditure data for the preceding fiscal year is complete, the Regional Administrator shall use this information to determine the Tribe’s or Intertribal Consortium’s compliance with its maintenance of effort requirement.

(2) If expenditure data for the preceding fiscal year shows that a Tribe or Intertribal Consortium did not meet the requirements of paragraph (a) of this section, the Regional Administrator will take action to recover the grant funds for that year.

(3) The Regional Administrator may grant an exception to §35.576(a) if, after notice and opportunity for a public hearing, the Regional Administrator determines that a reduction in expenditures is attributable to a non-selective reduction of all the Tribe’s or each of the Intertribal Consortium’s member’s programs.

(b) For Tribes and Intertribal Consortia that are eligible under §35.573(b), the Regional Administrator will not award Section 105 funds unless the applicant provides assurance that the grant will not supplant non-federal funds that would otherwise be available for maintaining the Section 106 program.

§ 35.578 Award limitation.
The Regional Administrator will not disapprove an application for, or terminate an award of, financial assistance under §35.573 without prior notice and opportunity for a public hearing within the appropriate jurisdiction or, where more than one area is affected, within one of the affected areas within the jurisdiction.
