

§ 52.2521

40 CFR Ch. I (7–1–14 Edition)

Name of non-regulatory SIP revision	Applicable geographic area	State submittal date	EPA approval date	Additional explanation
1997 Annual and 2006 24-Hour PM _{2.5} Maintenance Plan for the Charleston Area.	Kanawha and Putnam Counties.	12/6/12 6/24/13	3/31/14, 79 FR 17884	See § 52.2526(j) and § 52.2531(g).

[70 FR 7027, Feb. 10, 2005]

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting § 52.2520, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

§ 52.2521 Classification of regions.

The West Virginia plan was evaluated on the basis of the following classifications:

Air quality control region	Pollutant				
	Particulate matter	Sulfur oxides	Nitrogen dioxide	Carbon monoxide	Photochemical oxidants (hydrocarbons)
Steuensville-Weirton-Wheeling Interstate	I	I	III	III	III
Parkersburg-Marietta Interstate	I	II	III	III	III
Huntington-Ashland-Portsmouth-Ironton Interstate	I	III	III	III	III
Kanawha Valley Intrastate	I	III	III	III	III
Southern West Virginia Intrastate	III	III	III	III	III
North Central West Virginia Intrastate	I	III	III	III	III
Cumberland-Keyser Interstate	I	I	III	III	III
Central West Virginia Intrastate	III	III	III	III	III
Allegheny Intrastate	III	III	III	III	III
Eastern Panhandle Intrastate	III	III	III	III	III

[37 FR 10902, May 31, 1972]

§ 52.2522 Approval status.

With the exceptions set forth below in this subpart, the Administrator approves West Virginia’s plan for the attainment and maintenance of the national standards.

(a)–(f) [Reserved]

(g) The Administrator approves West Virginia’s November 22, 1995 SIP submittal for the Follansbee, West Virginia PM–10 nonattainment area as fulfilling the section 189(a)(1)(B) requirement for a demonstration that the plan is sufficient to attain the PM–10 NAAQS.

(h) [Reserved]

(i)(1) EPA is fully approving WVDEP’s August 31, 2011 submittal, except for the narrow issue of the requirement to include condensable emissions of particulate matter in the definition of “regulated NSR pollutant” found at 45CSR14 section 2.66. Except for this narrow issue, EPA is approving all other portions of the submittal, including but not limited to, the remainder of section 2.66. In approving West Virginia State Rule 45CSR14 with regard to all other CAA and Federal regulatory SIP requirements for PSD applicable as of the August 31, 2011 SIP revision submission date, EPA is acknowledging that it is consistent with the “Prevention of Significant Deterioration and Title V Greenhouse Gas Tailoring Rule” (Tailoring Rule), which was promulgated on June 3, 2010 (75 FR 31514). EPA is not finalizing its proposed approval of WVDEP’s August 31, 2011 submittal with respect to the narrow issue of the requirement to include condensable emissions of particulate matter in the definition of “regulated NSR pollutant” found at 45CSR14 section 2.66. In

ant” found at 45CSR14 section 2.66. Except for this narrow issue, EPA is approving all other portions of the submittal, including but not limited to, the remainder of section 2.66. In approving West Virginia State Rule 45CSR14 with regard to all other CAA and Federal regulatory SIP requirements for PSD applicable as of the August 31, 2011 SIP revision submission date, EPA is acknowledging that it is consistent with the “Prevention of Significant Deterioration and Title V Greenhouse Gas Tailoring Rule” (Tailoring Rule), which was promulgated on June 3, 2010 (75 FR 31514). EPA is not finalizing its proposed approval of WVDEP’s August 31, 2011 submittal with respect to the narrow issue of the requirement to include condensable emissions of particulate matter in the definition of “regulated NSR pollutant” found at 45CSR14 section 2.66. In

Environmental Protection Agency

§ 52.2525

light of a comment received on its July 31, 2012 proposed rule (77 FR 45302), EPA is reviewing West Virginia State Rule 45CSR14 to determine the extent to which its definition of “regulated NSR pollutant” satisfies the corresponding Federal definition, and will address this issue in a separate action.

(2) EPA is also approving those portions of West Virginia’s SIP submissions dated December 3, 2007, December 11, 2007, April 3, 2008, October 1, 2009, October 26, 2011, and February 17, 2012 which address the PSD-related requirements set forth in CAA section 110(a)(2)(D)(i)(II) for the 1997 PM_{2.5} NAAQS, 1997 8-hour ozone NAAQS, 2006 PM_{2.5} NAAQS, 2008 lead NAAQS, and 2008 ozone NAAQS, as well as CAA Section 110(a)(2)(C) and (J) for the 2008 lead NAAQS and 2008 ozone NAAQS, except for the narrow issue of the requirement to include condensable emissions of particulate matter in the definition of “regulated NSR pollutant” found at 45CSR14 section 2.66. EPA is not finalizing its July 31, 2012 proposed approval (77 FR 45302) of WVDEP’s SIP submissions dated December 3, 2007, December 11, 2007, April 3, 2008, October 1, 2009, October 26, 2011, and February 17, 2012 submitted to meet the PSD-related infrastructure SIP obligations set forth at CAA sections 110(a)(2)(C), (D)(i)(II) and (J) with respect to the narrow issue of the requirement to include condensable emissions of particulate matter in the definition of “regulated NSR pollutant” found at 45CSR14 sec-

tion 2.66. EPA will address this issue in a separate action.

(j)(1) EPA is disapproving a narrow portion of West Virginia’s August 31, 2011 submittal because it does not satisfy the requirement that emissions of PM_{2.5} and PM₁₀ shall include gaseous emissions which condense to form particulate matter at ambient temperatures. This disapproval extends only to the lack of condensable emissions within the definition of “regulated NSR pollutant,” found at 45CSR14 section 2.66, and does not alter EPA’s October 17, 2012 (77 FR 63736) approval of the remaining portions of West Virginia’s August 2011 SIP submittal.

(2) EPA is disapproving specific portions of West Virginia’s infrastructure SIP submissions dated December 3, 2007, December 11, 2007, April 3, 2008, October 1, 2009, October 26, 2011, and February 17, 2012 which address certain obligations set forth at CAA sections 110(a)(2)(C), (D)(i)(II) and (J) relating to the West Virginia PSD permit program. Because West Virginia’s definition of “regulated NSR pollutant” in 45CSR14 does not address condensables for PM_{2.5} and PM₁₀ emissions, EPA is determining that West Virginia’s infrastructure SIP submissions do not meet certain statutory and regulatory obligations relating to a PSD permit program set forth at CAA sections 110(a)(2)(C), (D)(i)(II) and (J) for the narrow issue of condensables as set forth in the following table.

Submittal dates	NAAQS	Infrastructure element(s) disapproved in this action
December 11, 2007; April 3, 2008	1997 PM _{2.5}	110(a)(2)(D)(i)(II).
December 3, 2007; December 11, 2007 ..	1997 ozone	110(a)(2)(D)(i)(II).
October 1, 2009	2006 PM _{2.5}	110(a)(2)(D)(i)(II).
October 26, 2011	2008 lead	110(a)(2)(D)(i)(II), (C), and (J).
February 17, 2012	2008 ozone	110(a)(2)(D)(i)(II), (C), and (J).
