§ 102–33.40 What are GSA's responsibilities for Federal aviation management?

(a) A single office (i.e., MTA) for developing policy for improving the management of Federal aviation, including acquisition, operation, safety, and disposal of Government aircraft, and publishing that policy;

(b) An interagency committee (i.e., the ICAP), whose members represent the executive agencies that use Government aircraft to conduct their official business (including FAA and NTSB specifically) and advise GSA on developing policy for managing Government aircraft; and

(c) A management information system to collect, analyze, and report information on the inventory, cost,
