

Federal Management Regulation

§ 102–74.590

grounds under the control of Executive agencies and owned by the United States.

§ 102–74.570 Are State and local governments required to fund the cost of installing, repairing, and replacing sidewalks?

No, the Federal Government must fund the cost of installing, repairing, and replacing sidewalks. Funds appropriated to the agency for installation, repair, and maintenance, generally, must be available for expenditure to accomplish the purposes of this subpart.

§ 102–74.575 How do Federal agencies arrange for work on sidewalks?

Upon approval from GSA, Federal agencies may—

(a) Authorize the appropriate State or local government to install, repair and replace sidewalks, or arrange for this work, and reimburse them for this work; or

(b) Contract or otherwise arrange and pay directly for installing, repairing and/or replacing sidewalks.

§ 102–74.580 Who decides when to replace a sidewalk?

Federal agencies, giving due consideration to State and local standards and specifications for sidewalks, decide when to install, repair or replace a sidewalk. However, Federal agencies may prescribe other standards and specifications for sidewalks whenever necessary to achieve architectural harmony and maintain facility security.

Subpart F—Telework

§ 102–74.585 What Federal facility telework policy must Executive agencies follow?

Executive agencies must follow these telework policies:

(a) In accordance with Section 359 of Public Law 106–346, each Executive agency must establish a policy under which eligible employees of the agency may participate in telecommuting to the maximum extent possible without diminished employee performance. Public 106–346 became effective on October 23, 2000, and required the Director of the Office of Personnel Management

(OPM) to ensure the application and implementation of Section 359 to 25 percent of the Federal workforce by April 2001, and to an additional 25 percent of such workforce each year thereafter. Thus, the law provides that its requirements must be applied to 100 percent of the Federal workforce by April 2004.

(b) In accordance with 40 U.S.C. 587, when considering whether to acquire any space, quarters, buildings, or other facilities for use by employees of any Executive agency, the head of that agency shall consider whether the need for the facilities can be met using alternative workplace arrangements.

§ 102–74.590 What steps must agencies take to implement these laws and policies?

(a) As interpreted by OPM Memorandum to agencies (February 9, 2001), Public Law 106–346 instructs Federal agencies to—

(1) Review telework barriers, act to remove them, and increase actual participation;

(2) Establish eligibility criteria; and

(3) Subject to any applicable agency policies or bargaining obligations, allow employees who meet the criteria and want to participate the opportunity if they are satisfactory performers.

(b) 40 U.S.C. 587 requires agencies considering the acquisition of facilities for use by Federal employees to consider whether the facility need can be met using alternative workplace arrangements, such as telecommuting, hoteling, virtual offices, and other distributive work arrangements. If the agency needs assistance in this investigation and/or subsequent application of alternative workplace arrangements, GSA will provide guidance, assistance, and oversight, as needed, regarding establishment and operation of alternative workplace arrangements.

(c) Agencies evaluating alternative workplace arrangements should also make these evaluations in coordination with Integrated Workplace policies and strategies. See § 102–79.110.
