

§ 67.102

the delivery of such services; and development of clinical practice guidelines, quality standards, performance measures, and review criteria.

(2) Section 1142 of the Social Security Act to support research on the outcomes, effectiveness, and appropriateness of health care services and procedures, including, but not limited to, evaluations of alternative services and procedures; projects to improve methods and data bases for outcomes and effectiveness research; dissemination of research information and clinical practice guidelines, as well as quality standards, performance measures, and review criteria; conferences; and research on dissemination methods.

(b) The regulations of this subpart also contain provisions respecting confidentiality of research data, control of data, and availability of information.

§ 67.102 Definitions.

Contract proposal means a written offer to enter into a contract submitted to a contracting officer by an individual or non-Federal organization, and including at a minimum a description of the nature, purpose, duration, cost of project and methods, personnel, and facilities to be utilized in carrying out the requirements of the contract.

Peer review group means a panel of experts, as required by section 922(c) of the PHS Act, established to conduct technical and scientific review of contract proposals and to make recommendations to the Administrator regarding the merits of such proposals.

Request for proposals means a Government solicitation to prospective offerors, under procedures for negotiated contracts, to submit a proposal to fulfill specific agency requirements based on terms and conditions defined in the solicitation. The solicitation contains information sufficient to enable all offerors to prepare competitive proposals, and is as complete as possible with respect to: The nature of work to be performed; descriptions and specifications of items to be delivered; performance schedule; special requirements, clauses or other circumstances affecting the contract; and criteria by which the proposals will be evaluated.

42 CFR Ch. I (10–1–14 Edition)

§ 67.103 Peer review of contract proposals.

(a) All contract proposals for AHCPR support will be submitted by the Administrator for review to a peer review group, as required in section 922(a) of the PHS Act. Proposals will be reviewed in accordance with the Federal Acquisition Regulations and the Health and Human Services Acquisition Regulations (48 CFR Ch. I and III) and the requirements of the pertinent Request for Proposal.

(b) *Establishment of peer review groups.* In accordance with section 922(c) of the PHS Act, the Administrator shall establish such peer review groups as may be necessary to review all contract proposals submitted to AHCPR.

(c) *Composition of peer review groups.* The peer review groups shall be composed of individuals, in accordance with section 922(c) of the PHS Act, as amended, who by virtue of their training or experience are eminently qualified to carry out the duties of such a peer review group. Officers and employees of the United States may not constitute more than 25 percent of the membership of any such group. Members of the peer review group will be selected based upon their training or experience in relevant scientific and technical fields, taking into account, among other factors:

(1) The level of formal education (e.g., M.A., Ph.D., M.D., D.N.Sc.) completed by the individual and/or, as appropriate, the individual's pertinent experience and expertise;

(2) The extent to which the individual has engaged in relevant research, the capacities (e.g., principal investigator, assistant) in which the individual has done so, and the quality of such research;

(3) The extent of the professional recognition received by the individual as reflected by awards and other honors received from scientific and professional organizations outside the Department of Health and Human Services;

(4) The need of the peer review group to include in its membership experts representing various areas of specialization in relevant scientific and technical fields, or specific health care issues; and
