There are two sections 487F. Section 1002(b) of Public Law 106–310 added section 487F, 42 U.S.C. 288–6, the Pediatric Research Loan Repayment Program. Subsequently, section 205 of Public Law 106–505 also added section 487F, 42 U.S.C. 288–5a, enacting the Loan Repayment Program for Clinical Researchers.
(5) Loan Repayment Program for Health Disparities Research (or Health Disparities Research LRP).

§ 68.2 Definitions.

As used in this part:

Act means the Public Health Service Act, as amended (42 U.S.C. 201 et seq.).

AIDS Research means research activities related to the Acquired Immune-deficiency Syndrome that qualify for inclusion in the AIDS Research LRP.

Applicant means an individual who applies to and meets the eligibility criteria for the NIH LRPs.

Breach of contract results when a participant fails to complete the research service or other obligation(s) required under the contract and may be subject to assessment of monetary damages and penalties as defined by statute.

Clinical research is patient-oriented clinical research conducted with human subjects, or research on the causes and consequences of disease in human populations involving material of human origin (such as tissue specimens and cognitive phenomena) for which an investigator or colleague directly interacts with human subjects in an outpatient or inpatient setting to clarify a problem in human physiology, pathophysiology or disease, or epidemiologic or behavioral studies, outcomes research or health services research, or developing new technologies, therapeutic interventions, or clinical trials.

Commercial loans means loans made for educational purposes by banks, credit unions, savings and loan associations, not-for-profit organizations, insurance companies, schools, and other financial or credit institutions that are subject to examination and supervision in their capacity as lending institutions by an agency of the United States or of the state in which the lender has its principal place of business.

Contraception research is defined as research with the ultimate goal of providing new or improved methods of preventing pregnancy.

Current payment status means that a qualified educational loan is not past due in its payment schedule, as determined by the lending institution.

Debt threshold means the minimum amount of qualified educational debt an individual must have, on their program eligibility date, in order to be eligible for LRP benefits, as established by the Secretary.

Director means the Director of the National Institute on Minority Health and Health Disparities (NIMHD) or designee.

Educational expenses means the cost of the health professional’s undergraduate, graduate, and health professional school’s education, including the tuition expenses and other educational expenses such as living expenses, fees, books, supplies, educational equipment and materials, and laboratory expenses.

Extramural LRPs refers to those programs for which health professionals, who are not NIH employees and have program-specified degrees and domestic nonprofit support, are eligible to apply. The Extramural LRPs include:

(1) Contraception and Infertility Research LRP;
(2) Clinical Research LRP for Individuals from Disadvantaged Backgrounds;
(3) Clinical Research LRP;
(4) Pediatric Research LRP; and
(5) Health Disparities Research LRP.

General research pertains to research that falls within the basic science or clinical research parameters and is not targeted toward a specific area (e.g., AIDS) or type of research (e.g., clinical research). The focus is on biomedical and behavioral research studies and investigations across a variety of scientific disciplines within the mission of the NIH.

Government loans means educational loans made by U.S. Federal, state, county, or city agencies that are authorized by law to make such loans.

Health disparities population: a population is a health disparity population if, as determined by the Director after consultation with the Director of the Agency for Healthcare Research and Quality, there is a significant disparity in the overall rate of disease incidence, prevalence, morbidity, mortality, or survival rates in the population as compared to the health status of the general population.

Individual from disadvantaged background. (1) Comes from an environment
