¹ For a new liferaft or inflatable buoyant apparatus, the first annual servicing may be deferred to two years from the date of first packing if so indicated on the servicing sticker.
² Water activated batteries must be replaced whenever they are used.

§ 28.145 Distress signals.

Except as provided by 28.305, each vessel must be equipped with the distress signals specified in table 28.145.

TABLE 28.145—DISTRESS SIGNALS

<table>
<thead>
<tr>
<th>Area</th>
<th>Devices required</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ocean, more than 50 miles from coastline.</td>
<td>3 parachute flares, approval series 160.136; plus 6 hand flares, approval series 160.122; plus 3 smoke signals, approval series 160.122.</td>
</tr>
<tr>
<td>Ocean, 3–50 miles from the coastline; or more than 3 miles from the coastline on the Great Lakes.</td>
<td>3 parachute flares, approval series 160.136, or 160.036; plus 6 hand flares, approval series 160.122, or 160.037; plus 3 smoke signals, approval series 160.122, or 160.037.</td>
</tr>
<tr>
<td>Coastal waters, excluding the Great Lakes; or within 3 miles of the coastline on the Great Lakes.</td>
<td>Night visual distress signals consisting of one electric distress light, approval series 161.013 or 3 approved flares; plus Day visual distress signals consisting of one distress flag, approval series 160.072, or 3 approved smoke signals.¹</td>
</tr>
</tbody>
</table>

¹ If flares are carried, the same 3 flares may be counted toward meeting both the day and night requirement.

§ 28.150 Emergency Position Indicating Radio Beacons (EPIRBs).

Each vessel must be equipped with an emergency position indicating radio beacon (EPIRB) as required by 46 CFR part 25, subpart 25.26.

Note: Each vessel which uses radio communication equipment must have a Ship Radio Station License issued by the Federal Communications Commission, as set forth in 47 CFR part 80.

§ 28.155 Excess fire detection and protection equipment.

Installation of fire detection and protection equipment in excess of that required by the regulations in this subchapter is permitted provided that the excess equipment does not endanger the vessel or individuals on board in any way. The excess equipment must, at a minimum, be listed and labeled by an independent, nationally recognized testing laboratory and be in accordance with an appropriate industry standard for design, installation, testing, and maintenance.

§ 28.160 Portable fire extinguishers.

(a) Each vessel must meet the requirements of part 25, subpart 25.30 of this chapter.

(b) Each vessel 65 feet (19.8 meters) or more in length must be equipped with the minimum number, location, and
