**§ 67.53 Methods of establishing title.**

Title to a vessel may be established through one of the following methods:

(a) *Simplified method without evidence of build.* The owner must produce a copy of the last registration of the vessel (State, Federal, or foreign) and evidence which establishes chain of title from that registration to the present owner.

(b) *Simplified method with evidence of build.* The owner must produce a copy of the last registration of the vessel (State, Federal, or foreign) and evidence which establishes chain of title from that registration to the present owner along with evidence of the facts of build in accordance with subpart F of this part.

(c) *Complete chain of title, without evidence of citizenship for each entity in that chain of title.* The owner must provide evidence which establishes:

(1) The facts of build in accordance with subpart F of this part; and

(2) A complete chain of title for the vessel from the person for whom the vessel was built to the present owner.

(d) *Complete chain of title, with evidence of citizenship for each entity in that chain of title.* The owner must provide evidence which establishes:

(1) The facts of build in accordance with subpart F of this part; and

(2) A complete chain of title for the vessel from the person for whom the vessel was built to the present owner, accompanied by competent and persuasive evidence establishing the citizenship of each entity in the chain of title.

**§ 67.55 Requirement for removal from foreign registry.**

The owner of a vessel must present evidence of removal of the vessel from foreign registry whenever:

(a) The owner applies for initial documentation of a vessel that has at any time been registered under the laws of a foreign country; or

(b) The owner applies for reentry into documentation of a vessel that had been registered under the laws of a for-

foreign country since it was last documented under the laws of the United States.

**§ 67.57 Extent of title evidence required for initial documentation.**

(a) Vessels never registered under any system:

(1) Where a coastwise endorsement is sought, the only title evidence required for a vessel being documented by the owner for whom it was built is the certification of the builder (form CG-1261) described in § 67.99. Any other applicant must present title evidence in accordance with § 67.53(d).

(2) Where a fishery endorsement is sought, the only title evidence required for a vessel being documented by the owner for whom it was built is the certification of the builder (form CG-1261) described in § 67.99. Any other applicant must present title evidence in accordance with either paragraph (c) or (d) of § 67.53.

(3) Where a registry or recreational endorsement is sought, the only title evidence required for a vessel being documented by the first owner of the vessel is the certification of the builder (form CG-1261) described in § 67.99, or a Manufacturer's Certificate of Origin. Any other applicant must also present title evidence in accordance with either paragraph (c)(2) or (d)(2) of § 67.53.

NOTE: Manufacturer's Certificates of Origin are sometimes used as shipping documents for vessels, and may recite as the first owner a person other than the person for which the vessel was built. Therefore, a chain of title which begins with a Certificate of Origin will be deemed incomplete.

(b) Vessels previously registered under the laws of a State or a foreign government:

(1) Where a coastwise endorsement is sought, title evidence must be presented in accordance with § 67.53(d).

(2) Where a fishery endorsement is sought, title evidence must be presented in accordance with paragraph (b), (c), or (d) of § 67.53.

(3) Where a registry or recreational endorsement is sought, title evidence must be presented in accordance with paragraph (a), (b), (c), or (d) of § 67.53.
