§ 54.675 Cap.

(a) Amount of the annual cap. The aggregate annual cap on federal universal service support for eligible health care providers shall be $400 million per funding year, of which up to $150 million per funding year will be available to support upfront payments and multi-year commitments under the Healthcare Connect Fund.

(b) Funding year. A funding year for purposes of the health care providers cap shall be the period July 1 through June 30.

(c) Requests. Funds shall be available as follows:

(1) Generally, funds shall be available to eligible health care providers on a first-come-first-served basis, with requests accepted beginning on the first of January prior to each funding year.

(2) For the Telecommunications Program and the Healthcare Connect Fund, the Administrator shall implement a filing window period that treats all eligible health care providers filing within the window period as if their applications were simultaneously received.

(3) [Reserved]

(4) The deadline to submit a funding commitment request under the Telecommunications Program and the Healthcare Connect Fund is June 30 for the funding year that begins on the previous July 1.

(d) Annual filing requirement. Health care providers shall file new funding requests for each funding year, except for health care providers who have received a multi-year funding commitment under §54.644.

(e) Long-term contracts. If health care providers enter into long-term contracts for eligible services, the Administrator shall only commit funds to cover the portion of such a long-term contract scheduled to be delivered during the funding year for which universal service support is sought, except for multi-year funding commitments as described in §54.644.

(f) Pro-rata reductions for Telecommunications Program support. The Administrator shall act in accordance with this section when a filing window period for the Telecommunications Program and the Healthcare Connect Fund, as described in paragraph (c)(2) of this section, is in effect. When a filing window period described in paragraph (c)(2) of this section closes, the Administrator shall calculate the total demand for Telecommunications Program and Healthcare Connect Fund support submitted by all applicants during the filing window period. If the total demand during a filing window period exceeds the total remaining support available for the funding year, the Administrator shall take the following steps:

(1) The Administrator shall divide the total remaining funds available for the funding year by the total amount of Telecommunications Program and Healthcare Connect Fund support requested by each applicant that has...
§ 54.679 Election to offset support against annual universal service fund contribution.

(a) A service provider that contributes to the universal service support mechanisms under subpart H of this part and also provides services eligible for support under this subpart to eligible health care providers may, at the election of the contributor:

(1) Treat the amount eligible for support under this subpart as an offset against the contributor’s universal service support obligation for the year in which the costs for providing eligible services were incurred; or

(2) Receive direct reimbursement from the Administrator for that amount.

(b) Service providers that are contributors shall elect in January of each year the method by which they will be reimbursed and shall remain subject to that method for the duration of the calendar year. Any support amount that is owed a service provider that fails to remit its monthly universal service contribution obligation, however, shall first be applied as an offset to that contributor’s contribution obligation. Such a service provider shall remain subject to the offsetting method for the remainder of the calendar year in which it failed to remit its monthly universal service obligation.

(c) If a service provider providing services eligible for support under this subpart elects to treat that support amount as an offset against its universal service contribution obligation and the total amount of support owed exceeds its universal service obligation, calculated on an annual basis, the service provider shall receive a direct reimbursement in the amount of the difference. Any such reimbursement due a service provider shall be provided by the Administrator no later than the end of the first quarter of the calendar year following the year in which the costs were incurred and the offset against the contributor’s universal service obligation was applied.

§ 54.680 Validity of electronic signatures.

(a) For the purposes of this subpart, an electronic signature (defined by the Electronic Signatures in Global and National Commerce Act, as an electronic sound, symbol, or process, attached to or logically associated with a contract or other record and executed or adopted by a person with the intent to sign the record) has the same legal effect as a written signature.

(b) For the purposes of this subpart, an electronic record (defined by the Electronic Signatures in Global and National Commerce Act, as a contract or other record created, generated, sent, communicated, received, or stored by electronic means) constitutes a record.

Subpart H—Administration

§ 54.701 Administrator of universal service support mechanisms.

(a) The Universal Service Administrative Company is appointed the permanent Administrator of the federal universal service support mechanisms, subject to a review after one year by the Federal Communications Commission to determine that the Administrator is administering the universal service support mechanisms in an efficient, effective, and competitively neutral manner.
