

Subpart 41.4—Administration

41.401 Monthly and annual review.

Agencies shall review utility service invoices on a monthly basis and all utility accounts, with annual values exceeding the simplified acquisition threshold, on an annual basis. Annual reviews of accounts with annual values at or below the simplified acquisition threshold shall be conducted when deemed advantageous to the Government. The purpose of the monthly review is to ensure the accuracy of utility service invoices. The purpose of the annual review is to ensure that the utility supplier is furnishing the services to each facility under the utility's most economical, applicable rate and to examine competitive markets for more advantageous service offerings. The annual review shall be based upon the facility's usage, conditions and characteristics of service at each individual delivery point for the most recent 12 months. If a more advantageous rate is appropriate, the Federal agency shall request the supplier to make such rate change immediately.

41.402 Rate changes and regulatory intervention.

(a) When a change is proposed to rates or terms and conditions of service to the Government, the agency shall promptly determine whether the proposed change is reasonable, justified, and not discriminatory.

(b) If a change is proposed to rates or terms and conditions of service that may be of interest to other Federal agencies, and intervention before a regulatory body is considered justified, the matter shall be referred to GSA. The agency may request from GSA a delegation of authority for the agency to intervene on behalf of the consumer interests of the Federal executive agencies (see 41.301).

(c) Pursuant to 52.241-7, Change in Rates or Terms and Conditions of Service for Regulated Services, if a regulatory body approves a rate change, any rate change shall be made a part of the contract by unilateral contract modification or otherwise documented in accordance with agency procedures.

The approved applicable rate shall be effective on the date determined by the regulatory body and resulting rates and charges shall be paid promptly to avoid late payment provisions. Copies of the modification containing the approved rate change shall be sent to the agency's paying office or office responsible for verifying billed amounts (see 41.401).

(d) If the utility supplier is not regulated and the rates, terms, and conditions of service are subject to negotiation pursuant to the clause at 52.241-8, Change in Rates or Terms and Conditions of Service for Unregulated Services, any rate change shall be made a part of the contract by contract modification, with copies sent to the agency's paying office or office responsible for verifying billed amounts.

Subpart 41.5—Solicitation Provision and Contract Clauses

41.501 Solicitation provision and contract clauses.

(a) Because the terms and conditions under which utility suppliers furnish service may vary from area to area, the differences may influence the terms and conditions appropriate to a particular utility's contracting situation. To accommodate requirements that are peculiar to the contracting situation, this section prescribes provisions and clauses on a "substantially the same as" basis (see 52.101) which permits the contracting officer to prepare and utilize variations of the prescribed provision and clauses in accordance with agency procedures.

(b) The contracting officer shall insert in solicitations for utility services a provision substantially the same as the provision at 52.241-1, Electric Service Territory Compliance Representation, when proposals from alternative electric suppliers are sought.

(c) The contracting officer shall insert in solicitations and contracts for utility services clauses substantially the same as the clauses at—

- (1) 52.241-2, Order of Precedence—Utilities;
- (2) 52.241-3, Scope and Duration of Contract;
- (3) 52.241-4, Change in Class of Service;
