[48 FR 42370, Sept. 19, 1983, as amended at 50 FR 1745, Jan. 11, 1985; 50 FR 52429, Dec. 23, 1985; 60 FR 48249, Sept. 18, 1995]

42.1106 Reporting requirements.

(a) When information on contract performance status is needed, contracting officers may require contractors to submit production progress reports (see 42.1107(a)). Reporting requirements shall be limited to that information essential to Government needs and shall take maximum advantage of data output generated by contractor management systems.

(b) Contract administration offices shall review and verify the accuracy of contractor reports and advise the contracting officer of any required action. The accuracy of contractor-prepared reports shall be verified either by a program of continuous surveillance of the contractor's report-preparation system or by individual review of each report.

(c) The contract administration office may at any time initiate a report to advise the contracting officer (and the inventory manager, if one is designated in the contract) of any potential or actual delay in performance. This advice shall (1) be in writing, (2) be provided in sufficient time for the contracting officer to take necessary action, and (3) provide a definite recommendation, if action is appropriate.

42.1107 Contract clause.

(a) The contracting officer shall insert the clause at 52.242-2, Production Progress Reports, in solicitations and contracts when production progress reporting is required; unless a construction contract, or a Federal Supply Schedule contract is contemplated.

(b) When the clause at 52.242-2 is used, the contracting officer shall specify appropriate reporting instructions in the Schedule (see 42.1106(a)).

Subpart 42.12—Novation and Change-of-Name Agreements

42.1200 Scope of subpart.

This subpart prescribes policies and procedures for—

(a) Recognition of a successor in interest to Government contracts when contractor assets are transferred;

(b) Recognition of a change in a contractor's name; and

(c) Execution of novation agreements and change-of-name agreements by the responsible contracting officer.

42.1201 [Reserved]

42.1202 Responsibility for executing agreements.

The contracting officer responsible for processing and executing novation and change-of-name agreements shall be determined as follows:

(a) If any of the affected contracts held by the transferor have been assigned to an administrative contracting officer (ACO) (see 2.1 and 42.202), the responsible contracting officer shall be—

(1) This ACO; or

(2) The ACO responsible for the corporate office, if affected contracts are in more than one plant or division of the transferor.

(b) If none of the affected contracts held by the transferor have been assigned to an ACO, the contracting officer responsible for the largest unsettled (unbilled plus billed but unpaid) dollar balance of contracts shall be the responsible contracting officer.

(c) If several transferors are involved, the responsible contracting officer shall be—

(1) The ACO administering the largest unsettled dollar balance; or

(2) The contracting officer (or ACO) designated by the agency having the largest unsettled dollar balance, if none of the affected contracts have been assigned to an ACO.

42.1203 Processing agreements.

(a) If a contractor wishes the Government to recognize a successor in interest to its contracts or a name change, the contractor must submit a written request to the responsible contracting officer (see 42.1202). If the contractor

received its contract under subpart 8.7 under 41 U.S.C. chapter 85, Committee for Purchase from People Who Are Blind or Severely Disabled, use the procedures at 8.716 instead.

(b) The responsible contracting officer shall—

(1) Identify and request that the contractor submit the information necessary to evaluate the proposed agreement for recognizing a successor in interest or a name change. This information should include the items identified in 42.1204 (e) and (f) or 42.1205(a), as applicable;

(2) Notify each contract administration office and contracting office affected by a proposed agreement for recognizing a successor in interest, and provide those offices with a list of all affected contracts; and

(3) Request submission of any comments or objections to the proposed transfer within 30 days after notification. Any submission should be accompanied by supporting documentation.

(c) Upon receipt of the necessary information, the responsible contracting officer shall determine whether or not it is in the Government's interest to recognize the proposed successor in interest on the basis of—

(1) The comments received from the affected contract administration offices and contracting offices;

(2) The proposed successor's responsibility under subpart 9.1, Responsible Prospective Contractors; and

(3) Any factor relating to the proposed successor's performance of contracts with the Government that the Government determines would impair the proposed successor's ability to perform the contract satisfactorily.

(d) The execution of a novation agreement does not preclude the use of any other method available to the contracting officer to resolve any other issues related to a transfer of contractor assets, including the treatment of costs.

(e) Any separate agreement between the transferor and transferee regarding the assumption of liabilities (e.g., long-term incentive compensation plans, cost accounting standards noncompliances, environmental cleanup costs, and final overhead costs) should be ref-

erenced specifically in the novation agreement.

(f) Before novation and change-of-name agreements are executed, the responsible contracting officer shall ensure that Government counsel has reviewed them for legal sufficiency.

(g) The responsible contracting officer shall (1) forward a signed copy of the executed novation or change-of-name agreement to the transferor and to the transferee and (2) retain a signed copy in the case file.

(h) Following distribution of the agreement, the responsible contracting officer shall—

(1) Prepare a Standard Form 30, Amendment of Solicitation/Modification of Contract, incorporating a summary of the agreement and attaching a complete list of contracts affected;

(2) Retain the original Standard Form 30 with the attached list in the case file;

(3) Send a signed copy of the Standard Form 30, with attached list to the transferor and to the transferee; and

(4) Send a copy of this Standard Form 30 with attached list to each contract administration office or contracting office involved, which shall be responsible for further appropriate distribution.
