204.7205 Novation agreements, mergers and sales of assets.

Contracting officers shall process and execute novation agreements in accordance with FAR Subpart 42.12, Novation and Change-of-Name Agreements. These actions are independent of code and name assignments made as a result of the occasion which created the need for the novation agreement. The maintenance activity will determine which entity(s) will retain the existing code(s) and which entities will be assigned new codes. The contracting officer responsible for processing the novation agreement shall provide the maintenance activity with the following information:

(a) Name(s), address(es), and code(s) of the contractor(s) transferring the original contractual rights and obligations (transferor).

(b) Name(s), address(es), and code(s) (if any) of the entity who is the successor in interest (transferee).

(c) Name(s), address(es), and code(s) (if any) of the entity who is retaining or receiving the rights to the technical data.

(d) Description of the circumstances surrounding the novation agreement and especially the relationship of each entity to the other.

204.7206 Using CAGE codes to identify agents and brokers.

Authorized agents and brokers are entities and, as such, may be assigned CAGE codes for identification and processing purposes.

(a) A single CAGE code will be assigned to the agent/broker establishment in addition to any codes assigned to the entities represented by the agent/broker, i.e., only one code will be assigned to a specific agent/broker entity regardless of the number of firms represented by that agent/broker.

(b) Additional codes may be assigned to an agent/broker if they meet the criteria for assigning additional codes for entities, e.g., different location.

(c) Codes will not be assigned to an agent/broker in care of the entity being represented or in any way infer that the agent/broker is a separate establishment bearing the name of the entity represented by the agent/broker.
