SOURCE: 70 FR 14508, Mar. 22, 2005, unless otherwise noted.

Subpart A—General**§ 23.1 What are the objectives of this part?**

This part seeks to achieve several objectives:

(a) To ensure nondiscrimination in the award and administration of opportunities for concessions by airports receiving DOT financial assistance;

(b) To create a level playing field on which ACDBEs can compete fairly for opportunities for concessions;

(c) To ensure that the Department's ACDBE program is narrowly tailored in accordance with applicable law;

(d) To ensure that only firms that fully meet this part's eligibility standards are permitted to participate as ACDBEs;

(e) To help remove barriers to the participation of ACDBEs in opportunities for concessions at airports receiving DOT financial assistance; and

(f) To provide appropriate flexibility to airports receiving DOT financial assistance in establishing and providing opportunities for ACDBEs.

§ 23.3 What do the terms used in this part mean?

Administrator means the Administrator of the Federal Aviation Administration (FAA).

Affiliation has the same meaning the term has in the Small Business Administration (SBA) regulations, 13 CFR part 121, except that the provisions of SBA regulations concerning affiliation in the context of joint ventures (13 CFR § 121.103(f)) do not apply to this part.

(1) Except as otherwise provided in 13 CFR part 121, concerns are affiliates of

§ 23.3

each other when, either directly or indirectly:

- (i) One concern controls or has the power to control the other; or
- (ii) A third party or parties controls or has the power to control both; or
- (iii) An identity of interest between or among parties exists such that affiliation may be found.

(2) In determining whether affiliation exists, it is necessary to consider all appropriate factors, including common ownership, common management, and contractual relationships. Affiliates must be considered together in determining whether a concern meets small business size criteria and the statutory cap on the participation of firms in the ACDBE program.

Airport Concession Disadvantaged Business Enterprise (ACDBE) means a concession that is a for-profit small business concern—

(1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and

(2) Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

Alaska Native Corporation (ANC) means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act (43 U.S.C. 1601 *et seq.*)

Car dealership means an establishment primarily engaged in the retail sale of new and/or used automobiles. Car dealerships frequently maintain repair departments and carry stocks of replacement parts, tires, batteries, and automotive accessories. Such establishments also frequently sell pickup trucks and vans at retail. In the standard industrial classification system, car dealerships are categorized in NAICS code 441110.

Concession means one or more of the types of for-profit businesses listed in paragraph (1) or (2) of this definition:

49 CFR Subtitle A (10–1–14 Edition)

Example to paragraph (2): A supplier of goods or a management contractor maintains its office or primary place of business off the airport. However the supplier provides goods to a retail establishment in the airport; or the management contractor operates the parking facility on the airport. These businesses are considered concessions for purposes of this part.

(3) For purposes of this subpart, a business is not considered to be “located on the airport” solely because it picks up and/or delivers customers under a permit, license, or other agreement. For example, providers of taxi, limousine, car rental, or hotel services are not considered to be located on the airport just because they send shuttles onto airport grounds to pick up passengers or drop them off. A business is considered to be “located on the airport,” however, if it has an on-airport facility. Such facilities include in the case of a taxi operator, a dispatcher; in the case of a limousine, a booth selling tickets to the public; in the case of a car rental company, a counter at which its services are sold to the public or a ready return facility; and in the case of a hotel operator, a hotel located anywhere on airport property.

- (ii) Subleases.
- (iii) Permits.
- (iv) Contracts or subcontracts.
