Fishery Conservation and Management
§ 622.384

whole condition. The operator of a vessel that fishes in the EEZ is responsible for ensuring that fish on that vessel in the EEZ are maintained intact and, if taken from the EEZ, are maintained intact through offloading ashore, as specified in this section.

(b) Cut-off (damaged) king or Spanish mackerel that comply with the minimum size limits in §622.380(b) and (c), respectively, and the trip limits in §622.385(a) and (b), respectively, may be possessed in the Gulf, Mid-Atlantic, or South Atlantic EEZ on, and offloaded ashore from, a vessel that is operating under the respective trip limits. Such cut-off fish also may be sold. A maximum of five additional cut-off (damaged) king mackerel, not subject to the size limits or trip limits, may be possessed or offloaded ashore but may not be sold or purchased and are not counted against the trip limit.

§ 622.382 Bag and possession limits.

Section 622.11(a) provides the general applicability for bag and possession limits.

(a) King and Spanish mackerel—(1) Bag limits.

(i) Atlantic migratory group king mackerel—

(A) Mid-Atlantic and South Atlantic, other than off Florida—3.

(B) Off Florida—2, which is the daily bag limit specified by Florida for its waters (Rule 68B–12.004(1), Florida Administrative Code, in effect as of July 15, 1996 (incorporated by reference, see §622.413). If Florida changes its limit, the bag limit specified in this paragraph (a)(1)(i)(B) will be changed to conform to Florida’s limit, provided such limit does not exceed 5.

(ii) Gulf migratory group king mackerel—2.

(iii) Atlantic migratory group Spanish mackerel—15.

(iv) Gulf migratory group Spanish mackerel—15.

(v) Coastal migratory pelagic fish within certain South Atlantic SMZs—§622.11(a) notwithstanding, all harvest and possession of coastal migratory pelagic fish within the South Atlantic SMZs specified in §622.182(a)(1)(i) through (xi), (a)(1)(xx), and (a)(1)(xxxi) through (xxxix) is limited to the bag limits specified in paragraphs (a)(1)(i) through (iv) of this section.

(2) Possession limits. A person who is on a trip that spans more than 24 hours may possess no more than two daily bag limits, provided such trip is on a vessel that is operating as a charter vessel or headboat, the vessel has two licensed operators aboard, and each passenger is issued and has in possession a receipt issued on behalf of the vessel that verifies the length of the trip.

(b) [Reserved]

§ 622.383 Limited harvest species.

(a) General. (1) The harvest and possession restrictions of this section apply without regard to whether the species is harvested by a vessel operating under a commercial vessel permit. The operator of a vessel that fishes in the EEZ is responsible for the limit applicable to that vessel.

(2) A person who fishes in the EEZ may not combine a harvest limitation specified in this section with a harvest limitation applicable to state waters. A species subject to a harvest limitation specified in this section taken in the EEZ may not be transferred at sea, regardless of where such transfer takes place, and such species may not be transferred in the EEZ.

(b) Cobia. No person may possess more than two cobia per day in or from the Gulf, Mid-Atlantic, or South Atlantic EEZ, regardless of the number of trips or duration of a trip.

§ 622.384 Quotas.

See §622.8 for general provisions regarding quota applicability and closure and reopening procedures. This section provides quotas and specific quota closure restrictions for coastal migratory pelagic fish.

(a) Specific quota applicability. King and Spanish mackerel quotas apply to persons who fish under commercial vessel permits for king or Spanish mackerel, as required under §622.370(a)(1) or (3). Cobia quotas apply to persons who fish for cobia and sell their catch. A fish is counted against the quota for the area where it is caught.

(b) Quotas for migratory groups of king mackerel—(1) Gulf migratory group. For the 2012 to 2013 fishing year, the quota for the Gulf migratory group of king
mackerel is 3,808 million lb (1,728 million kg). For the 2013 to 2014 fishing year and subsequent fishing years, the quota for the Gulf migratory group of king mackerel is 3,456 million lb (1,568 million kg). The Gulf migratory group is divided into eastern and western zones separated by 87°31.1′ W. long., which is a line directly south from the Alabama/Florida boundary. Quotas for the eastern and western zones are as follows:

(i) Eastern zone. The eastern zone is divided into subzones with quotas as follows:

(A) Florida east coast subzone. For the 2012 to 2013 fishing year, the quota is 1,215,228 lb (551,218 kg). For the 2013 to 2014 fishing year and subsequent fishing years, the quota is 1,102,896 lb (500,265 kg).

(B) Florida west coast subzone—(i) Southern. For the 2012 to 2013 fishing year, the quota is 1,215,228, (551,218 kg). For the 2013 to 2014 fishing year and subsequent fishing years, the quota is 1,102,896 lb (500,265 kg), which is further divided into a quota for vessels fishing with hook-and-line and a quota for vessels fishing with run-around gillnets. For the 2012 to 2013 fishing year, the hook-and-line quota is 607,614 lb (275,609 kg) and the run-around gillnet quota is 607,614 lb (275,609 kg). For the 2013 to 2014 fishing year and subsequent fishing years, the hook-and-line quota is 551,448 lb (250,133 kg) and the run-around gillnet quota is 551,448 lb (250,133 kg).

(ii) Northern. For the 2012 to 2013 fishing year, the quota is 197,064 lb (89,387 kg). For the 2013 to 2014 fishing year and subsequent fishing years, the quota is 178,848 lb (81,124 kg).

(c) Description of Florida subzones. From November 1 through March 31, the Florida east coast subzone is that part of the eastern zone south of 29°25′ N. lat. (a line directly east from the Flagler-Volusia County, FL, boundary) and north of 25°20.4′ N. lat. (a line directly east from the Miami-Dade/Monroe County, FL, boundary). From April 1 through October 31, the Florida east coast subzone is no longer part of the Gulf migratory group king mackerel area; it is part of the Atlantic migratory group king mackerel area. The Florida west coast subzone is that part of the eastern zone south and west of 25°20.4′ N. lat. The Florida west coast subzone is further divided into southern and northern subzones. From November 1 through March 31, the southern subzone is that part of the Florida west coast subzone that extends south and west from 25°20.4′ N. lat., north to 26°19.8′ N. lat. (a line directly west from the Lee/Collier County, FL, boundary). From April 1 through October 31, the southern subzone is that part of the Florida west coast subzone that is between 26°19.8′ N. lat. and 25°48′ N. lat. (a line directly west from the Monroe/Collier County, FL, boundary). The northern subzone is that part of the Florida west coast subzone that is between 26°19.8′ N. lat. north and west to 87°31.1′ W. long. (a line directly south from the Alabama/Florida boundary) year round.

(d) Quotas for migratory groups of Spanish mackerel—(1) Gulf migratory group. The quota for the Atlantic migratory group of Spanish mackerel is 3.86 million lb (1.76 million kg). No more than 0.40 million lb (0.18 million kg) may be harvested by purse seines.

(e) Restrictions applicable after a quota closure. (1) A person aboard a vessel for which a commercial permit for king or Spanish mackerel has been issued, as required under §622.376(a)(1) or (2), may not fish for king or Spanish mackerel in the EEZ or retain king or Spanish mackerel in or from the EEZ under a bag or possession limit specified in §622.382(a) for the closed species, migratory group, zone, subzone, or gear, except as provided for under paragraph (e)(2) of this section.
(2) A person aboard a vessel for which valid charter vessel/headboat permits for Gulf coastal migratory pelagic fish or South Atlantic coastal migratory pelagic fish and a valid commercial vessel permit for king or Spanish mackerel have been issued may continue to retain fish under a bag and possession limit specified in §622.382(a), provided the vessel is operating as a charter vessel or headboat.

(3) The sale or purchase of king mackerel, Spanish mackerel, or cobia of the closed species, migratory group, subzone, or gear type, is prohibited, including any king or Spanish mackerel taken under the bag limits, or cobia taken under the limited-harvest species possession limit specified in §622.383(b). The prohibition on sale/purchase during a closure for coastal migratory pelagic fish does not apply to coastal migratory pelagic fish that were harvested, landed ashore, and sold prior to the effective date of the closure and were held in cold storage by a dealer or processor.

§622.385 Commercial trip limits.

Commercial trip limits are limits on the amount of the applicable species that may be possessed on board or landed, purchased, or sold from a vessel per day. A person who fishes in the EEZ may not combine a trip limit specified in this section with any trip or possession limit applicable to state waters. A species subject to a trip limit specified in this section taken in the EEZ may not be transferred at sea, regardless of where such transfer takes place, and such species may not be transferred in the EEZ. Commercial trip limits apply as follows (all weights are round or eviscerated weights unless specified otherwise):

(a) King mackerel—(1) Atlantic group.

The following trip limits apply to vessels for which commercial permits for king mackerel have been issued, as required under §622.370(a)(1):

(i) North of 29°25’ N. lat., which is a line directly east from the Flagler/Volusia County, FL, boundary, king mackerel in or from the EEZ may not be possessed on board or landed from a vessel in a day in amounts exceeding 3,500 lb (1,588 kg).

(ii) In the area between 29°25’ N. lat. and 28°47.8’ N. lat., which is a line directly east from the Volusia/Brevard County, FL, boundary, king mackerel in or from the EEZ may not be possessed on board or landed from a vessel in a day in amounts exceeding 3,500 lb (1,588 kg) from April 1 through October 31.

(iii) In the area between 28°47.8’ N. lat. and 25°20.4’ N. lat., which is a line directly east from the Miami-Dade/Monroe County, FL, boundary, king mackerel in or from the EEZ may not be possessed on board or landed from a vessel in a day in amounts exceeding 75 fish from April 1 through October 31.

(iv) In the area between 25°20.4’ N. lat. and 25°48’ N. lat., which is a line directly west from the Monroe/Collier County, FL, boundary, king mackerel in or from the EEZ may not be possessed on board or landed from a vessel in a day in amounts exceeding 1,250 lb (567 kg) from April 1 through October 31.

(b) Gulf group. Commercial trip limits are established in the eastern and western zones as follows. (See §622.384(b)(1) for specification of the eastern and western zones and §622.384(b)(1)(i)(C) for specifications of the subzones in the eastern zone.)

(i) Eastern zone-Florida east coast subzone.

In the Florida east coast subzone, king mackerel in or from the EEZ may be possessed on board at any time or landed in a day from a vessel with a commercial permit for king mackerel as required under §622.370(a)(1) as follows:

(A) From November 1 through January 31—not to exceed 50 fish.

(B) Beginning on February 1 and continuing through March 31—

(1) If 75 percent or more of the Florida east coast subzone quota as specified in §622.384(b)(1)(i)(A) has been taken—not to exceed 50 fish.

(2) If less than 75 percent of the Florida east coast subzone quota as specified in §622.384(b)(1)(i)(A) has been taken—not to exceed 75 fish.

(ii) Eastern zone-Florida west coast subzone—(A) Gillnet gear.

(1) In the southern Florida west coast subzone, king mackerel in or from the EEZ may be possessed on board or landed from a vessel for which a commercial vessel...
