§ 648.13 Transfers at sea.

(a) Only vessels issued a longfin squid and butterfish moratorium or *Illex* moratorium permit under § 648.4(a)(5) and vessels issued a squid/butterfish incidental catch permit and authorized in writing by the Regional Administrator to do so, may transfer or attempt to transfer or receive longfin squid, *Illex*, or butterfish.

(b)(1) Except as provided in paragraph (b)(2) of this section, vessels issued a multispecies permit under § 648.4(a)(1) or a scallop permit under § 648.4(a)(2) are prohibited from transferring or attempting to transfer any fish from one vessel to another vessel, except that vessels issued a Federal multispecies permit under § 648.4(a)(1) and specifically authorized in writing by the Regional Administrator to do so, may transfer species other than regulated species from one vessel to another vessel.

(2) Vessels issued a Federal multispecies permit under § 648.4(a)(1) may transfer from one vessel to another, for use as bait, up to 500 lb (226.8 kg) of silver hake and unlimited amounts of red hake, per trip, provided:

(i) The transferring vessel possesses a Federal multispecies permit as specified under § 648.4(a)(1);

(ii) The transferring vessel has a letter of authorization issued by the Regional Administrator on board; and

(iii) The receiving vessel possesses a written receipt for any small-mesh multispecies purchased at sea.

(c) All persons are prohibited from transferring or attempting to transfer NE multispecies or scallops from one vessel to another vessel, except in accordance with paragraph (b) of this section.

(d) All persons are prohibited from transferring or attempting to transfer at sea summer flounder from one vessel to another vessel, except for vessels that have not been issued a Federal permit and fish exclusively in state waters.

(e) Vessels issued a letter of authorization from the Regional Administrator to transfer small-mesh multispecies at sea for use as bait will automatically have 500 lb (226.8 kg) deducted from the vessel's combined silver hake and offshore hake possession limit, as specified under § 648.86(d), for every trip during the participation period specified on the letter of authorization, regardless of whether a transfer of small-mesh multispecies at sea occurred or whether the actual amount that was transferred was less than 500 lb (226.8 kg). This deduction shall be noted on the transferring vessel's letter of authorization from the Regional Administrator.

(f) *Atlantic herring*. With the exception of transfers made to an at-sea processing vessel issued the required permit under § 648.6(a)(2)(ii), any person or vessel, including any vessel issued an Atlantic herring permit, is prohibited from transferring, receiving, or attempting to transfer or receive any Atlantic herring taken from the EEZ, except as authorized in this paragraph (f), and in compliance with reporting requirements at § 648.7 (b)(2)(i)(D).

(1) *Personal use as bait*. (i) The operator of a vessel that is not issued an Atlantic herring permit may purchase and/or receive Atlantic herring at sea for personal use as bait, provided the vessel receiving the transfer does not have purse seine, midwater trawl, pelagic gillnet, sink gillnet, or bottom trawl gear on board;

(ii) A vessel issued an Atlantic herring permit may transfer herring at sea to another vessel for personal use as bait;

Fishery Conservation and Management

§ 648.13

(A) Provided the transferring vessel is issued a letter of authorization to transfer fish. The operator of the transferring vessel must show the letter of authorization to a representative of the vessel receiving fish or any authorized officer upon request; and

(B) Provided that the transfer of herring at sea to another vessel for personal use as bait does not exceed the possession limit specified for the transferring vessel in §648.204, except that no more than 2,000 lb (907.2 kg) of herring may be caught or transferred per trip or per calendar day if the vessel is in, or the fish were harvested from, a management area closed to fishing as specified in §648.201.

(2) *Atlantic herring carrier vessels.* (i) A vessel issued an Atlantic herring permit may operate as a herring carrier vessel and receive herring provided it either is issued a carrier vessel letter of authorization and complies with the terms of that authorization, as specified in §648.4(a)(10)(ii), or it must have been issued and have on board a herring permit and have declared an Atlantic herring carrier trip via VMS, consistent with the requirements at §648.10(1)(1).

(ii) A vessel issued an Atlantic herring permit may transfer herring at sea to an Atlantic herring carrier up to the applicable possession limits specified in §648.204, provided it is issued a letter of authorization for the transfer of herring and that no more than 2,000 lb (907.2 kg) of herring may be caught or transferred at sea per trip or per calendar day if the vessel is in, or the fish were harvested from, an area closed to directed fishing as specified in §648.201.

(3) If a herring management area has been closed to fishing as specified in §648.201, a vessel may not transfer Atlantic herring harvested from or in the area to an IWP or Joint Venture vessel.

(4) If the amount of herring transshipped to a Canadian transshipment vessel would cause the amount of the border transfer specified pursuant to §648.200 to be exceeded, a vessel may not transfer Atlantic herring to a Canadian transshipment vessel permitted in accordance with Public Law 104-297.

(5) *Transfer to at-sea processors.* A vessel issued an Atlantic herring permit may transfer herring to a vessel issued

an at-sea processing permit specified in §648.6(a)(2)(ii), up to the applicable possession limit specified in §648.204, except that no more than 2,000 lb (907.2 kg) of herring may be caught or transferred at sea per trip or per calendar day if the vessel is in, or the fish were harvested from, a management area closed to directed fishing as specified in §648.201.

(6) *Transfers between herring vessels.* A vessel issued a valid Atlantic herring permit may transfer and receive herring at sea, provided such vessel has been issued a letter of authorization from the Regional Administrator to transfer or receive herring at sea. Such vessel may not transfer, receive, or possess at sea, or land per trip herring in excess of the applicable possession limits specified in §648.204, except that no more than 2,000 lb (907.2 kg) of herring may be caught, transferred, received, or possessed at sea, or landed per trip or per calendar day if the vessel is in, or the fish were harvested from, a management area closed to directed fishing as specified in §648.201.

(g) All persons are prohibited from transferring at sea, either directly or indirectly, or attempting to transfer at sea to any vessel, any red crab or red crab parts, taken in or from the EEZ portion of the Red Crab Management Unit.

(h) *Skates.* (1) Except as provided in paragraph (h)(2) of this section, all persons or vessels issued a Federal skate permit are prohibited from transferring, or attempting to transfer, at sea any skates to any vessel, and all persons or vessels not issued a Federal skate permit are prohibited from transferring, or attempting to transfer, at sea to any vessel any skates while in the EEZ, or skates taken in or from the EEZ portion of the Skate Management Unit.

(2) Vessels and vessel owners or operators issued Federal skate permits under §648.4(a)(14) may transfer at sea skates taken in or from the EEZ portion of the Skate Management Unit, provided:

(i) The transferring vessel possesses on board a valid letter of authorization issued by the Regional Administrator as specified under §648.322(c); and

§ 648.14

(ii) The transferring vessel and vessel owner or operator comply with the requirements specified at § 648.322(c).

(i) *Scup*. (1) Except as provided in paragraph (i)(2) of this section, all persons or vessels issued a Federal scup permit are prohibited from transferring, or attempting to transfer, at sea any scup to any vessel, and all persons or vessels are prohibited from transferring, or attempting to transfer, at sea to any vessel any scup while in the EEZ, or any scup taken in or from the EEZ portion of the Scup Management Unit.

(2) The owner or operator of a vessel issued a Federal scup permit under § 648.4(a)(6)(i)(A) may transfer at sea scup taken in or from the EEZ portion of the Scup Management Unit, provided:

(i) The transfer occurs between two vessels with Federal scup permits;

(ii) The transfer occurs seaward of a boundary line that begins at 40°50' N. lat., 70°00' W. long., and runs south to connect points at 40°15' N. lat., 73°30' W. long.; 37°50' N. lat., 75°00' W. long.; and 35°30' N. lat., 75°00' W. long.;

(iii) The donating and receiving vessels possess gear that meets the requirements at § 648.125(a)(2), (3), and (4) for commercial scup fishing gear;

(iv) The transfer occurs in the Winter I or Winter II periods of the scup fishing year;

(v) There is only one transfer per fishing trip for the donor vessel;

(vi) The donor vessel removes only enough scup from the net to attain the scup possession limit;

(vii) After removal of scup from the net by the donor vessel, the entire codend, with all its contents, is transferred to the receiving vessel;

(viii) Only scup in an amount not to exceed the possession limit are retained by the receiving vessel;

(ix) While fishing for scup, all other nets are stored and not available for immediate use as defined in § 648.2; and

(x) The donating and receiving vessels report the transfer amount on the vessel trip report for each vessel.
