§ 23.24  What code is used to show the source of the specimen?

The Management Authority must indicate on the CITES document the source of the specimen using one of the following codes, except the code “O” for pre-Convention, which may be used in conjunction with another code:

<table>
<thead>
<tr>
<th>Type of document</th>
<th>Additional required information</th>
</tr>
</thead>
<tbody>
<tr>
<td>(6) Import permit (Appendix-I specimen) (see §23.35)</td>
<td>A certification that the specimen will not be used for primarily commercial purposes and, for a live specimen, that the recipient has suitable facilities and expertise to house and care for it.</td>
</tr>
</tbody>
</table>
| (7) Replacement CITES document (see §23.52)           | When a CITES document replaces an already issued CITES document that was lost, damaged, stolen, or accidentally destroyed:  
  (i) If a newly issued CITES document, indication it is a “replacement,” the number and date of issuance of the CITES document that was replaced, and reason for replacement.  
  (ii) If a copy of the original CITES document, indication it is a “replacement” and a “true copy of the original,” a new original signature of a person authorized to sign CITES documents for the issuing Management Authority, the date signed, and reason for replacement. |
| (8) Partially completed documents (see §23.51)        | (i) A list of the blocks that must be completed by the permit holder.  
  (ii) If the list includes scientific names, an inventory of approved species must be included on the face of the CITES document or in an attached annex.  
  (iii) A signature of the permit holder, which acts as a certification that the information entered is true and accurate. |
| (9) Pre-Convention document (see §23.45)              | (i) An indication on the face of the CITES document that the specimen is pre-Convention.  
  (ii) A date that shows the specimen was acquired before the date the Convention first applied to it. |
| (10) Re-export certificate (see §23.37)               | (i) The country of origin, the export permit number, and the date of issue.  
  (ii) If previously re-exported, the country of last re-export, the re-export certificate number, and the date of issue.  
  (iii) If all or part of this information is not known, a justification must be given.  
  (iv) For products that contain or consist of more than one CITES species, the information in paragraphs (e)(10)(i) through (iii) of this section for each species must be indicated on the CITES document. |
| (11) Retrospective CITES document (see §23.53)        | A clear statement that the CITES document is issued retrospectively and the reason for issuance. |
| (12) Sample collection covered by an ATA carnet (see §23.50) | (i) A statement that the document covers a sample collection and is invalid unless accompanied by a valid ATA carnet.  
  (ii) The number of the accompanying ATA carnet recorded by the Management Authority, customs, or other responsible CITES inspecting official. |

(f) Phytosanitary certificate. A Party may use a phytosanitary certificate as a CITES document under the following conditions:

(1) The Party has provided copies of the certificate, stamps, and seals to the Secretariat.

(2) The certificate is used only when all the following conditions are met:

(i) The plants are being exported, not re-exported.

(ii) The plants are Appendix-II species, or are hybrids of one or more Appendix-I species or taxa that are not annotated to treat hybrids as Appendix-I specimens.

(iii) The plants were artificially propagated in the exporting country.

(3) The certificate contains the following information:

(i) The scientific name of the species, including the subspecies when needed to determine the level of protection of the specimen under CITES, using standard nomenclature as it appears in the CITES Appendices or the references adopted by the CoP.

(ii) The type (such as live plant or bulb) and quantity of the specimens authorized in the shipment.

(iii) A stamp, seal, or other specific indication stating that the specimen is artificially propagated (see §23.64).
§ 23.26 When is a U.S. or foreign CITES document valid?

(a) Purpose. Article VIII of the Treaty provides that Parties take appropriate measures to enforce the Convention to prevent illegal trafficking in wildlife and plants.

(b) Original CITES documents. A separate original or a true copy of a CITES document must be issued before the import, introduction from the sea, export, or re-export occurs, and the document must accompany each shipment. No copy may be used in place of an
