

ground storage and other temporary storage structures approved by CCC.

(3) As determined by CCC, temporary authorized storage may also include:

- (i) On-ground storage or;
- (ii) Other storage arrangements.

(b) CCC may reduce the quantity of a commodity pledged as collateral for a loan made available under paragraph (a)(2) of this section to not more than 75 percent of such otherwise eligible quantity in order to protect the interests of CCC. CCC may also limit the length of time the commodity may be stored on-ground or in temporary structures to not more than 90 days. A marketing assistance loan made with respect to such commodity which is not moved to a structure specified in (a)(2) within 90 days of the date the loan was disbursed may be called by CCC.

(c)(1) Authorized warehouse storage consists of warehouses that:

(i) If Federally licensed, are in compliance with 7 CFR part 735 or

(ii) If not Federally licensed, are in compliance with State laws and that issue warehouse receipts that meet the criteria specified in §1421.107.

(iii) If not Federally licensed or in compliance with State Laws and issue warehouse receipts that meet the criteria specified in §1421.107, have entered into a storage agreement with CCC.

(2) Notwithstanding paragraph (c)(1) of this section, if storing peanuts, the warehouse must in all cases have entered into a storage agreement with CCC. For storing other crops, notwithstanding paragraph (c)(1) of this section, CCC may, on a case-by-case basis, still require a warehouse operator that would qualify under paragraphs (c)(1)(i) or (ii) of this section to enter into a storage agreement if deemed necessary by the Deputy Administrator to be needed to protect CCC's interests.

[67 FR 63511, Oct. 11, 2002, as amended at 74 FR 15654, Apr. 7, 2009]

**§1421.104 Marketing assistance loan making.**

(a)(1) CCC may conduct such lien searches, and may perfect its interest in loan commodities under State law, as it deems to be in its interest.

(2) The cost for terminating the financing statement for marketing assistance loans disbursed under this part before the end of the term shall be paid by the producer.

(3) If there are any liens or encumbrances on the commodity pledged as collateral for a marketing assistance loan made under this part, waivers that fully protect CCC's interest must be obtained even though the liens or encumbrances are satisfied from loan proceeds disbursed under this part. No additional liens or encumbrances shall be placed on the commodity after such a loan is approved.

(b) Fees, charges, interest, and all applicable approved commodity assessment collections must be paid by the producer to CCC at a rate CCC determines or, in the case of assessments, at a rate approved by the assessment authority. Such fees, charges, and interest include:

(1) A non-refundable loan service fee;

(2) Interest that accrues on a loan under part 1405 of this chapter.

(c) For the 2008 through 2012 crop years, to ensure proper storage of peanuts for which a loan is made under this section, the Secretary will pay reasonable handling and other associated costs (other than storage) incurred at the time at which the peanuts are placed in a warehouse stored loan. Such rates will be available in the State and county FSA offices.

(d) The cost of terminating a financing statement shall be paid by the producer.

[67 FR 63511, Oct. 11, 2002, as amended at 71 FR 32424, June 6, 2006; 74 FR 15654, Apr. 7, 2009; 75 FR 19193, Apr. 14, 2010]

**§1421.105 Farm-stored marketing assistance loans.**

(a) The producer of a commodity pledged as security for a farm-storage loan shall:

(1) Certify the quantity of such commodity on the loan application, or;

(2) Have such quantity measured by CCC at the measurement service rate established by CCC.

(b) The State committee may establish a marketing assistance loan percentage not to exceed a percentage CCC establishes or it may apply quality discounts to the loan rate in each

§ 1421.105

7 CFR Ch. XIV (1-1-14 Edition)

year for each commodity on a State-wide basis or for specified areas within the State. Before approving a county committee request to establish a different loan percentage, or to apply quality discounts, the State committee shall consider conditions in the State or areas within a State to determine if the marketing assistance loan percentage should be reduced below the maximum marketing assistance loan percentage or the quality discounts should be applied to the basic county marketing assistance loan rate to provide CCC with adequate protection. Marketing assistance loans disbursed based upon loan percentages previously lowered and loan rates adjusted for quality shall not be altered if conditions within the State or areas within the State change to substantiate removing such reductions. Percentages established or loan rates adjusted for quality under this section shall apply only to new marketing assistance loans and not to outstanding marketing assistance loans. In determining loan percentages or the necessity to apply quality discounts, the State committee shall consider any factor at its discretion, including the following:

- (1) General crop conditions;
- (2) Factors affecting quality peculiar to an area within the State; and
- (3) Climatic conditions affecting storability.

(c) An eligible quantity of a commodity that is commingled with an ineligible quantity of the commodity is not eligible to be collateral for a marketing assistance loan unless the producer, when requesting a marketing assistance loan designates all structures that may be used for storage of the marketing assistance loan collateral.

(1) In such cases, the producer is not required to obtain prior written approval from the county committee before moving marketing assistance loan collateral from one designated structure to another designated structure.

(2) In all other instances, if the producer intends to move marketing assistance loan collateral from a designated structure to another undesignated structure, the producer must request prior approval from the county committee. Such approval shall be written and the eligible or ineligible

commodity must be measured by a representative of the county office, at the producer's expense, before commingling. Prior to commingling, with respect to wool and mohair, a representative of the county committee may determine an average production of the wool and mohair in a manner approved by CCC.

(d)(1) Two or more producers may obtain:

(i) A single joint marketing assistance loan for commodities that are stored in the same farm storage facility; or

(ii) Individual marketing assistance loans for their share of the commodity that is commingled in a farm storage facility with commodities owned by other producers if such other producers execute an agreement that provides that such producers shall obtain the permission of a representative of the county committee before removal of any quantity of the commodity from the storage facility. All producers who store a commodity in a farm storage facility in which commodities that have been pledged as collateral for a marketing assistance loan shall be liable for any damage incurred by CCC for the deterioration or unauthorized removal or disposition of such commodities.

(2) In such cases, each producer must execute a note and security agreement with CCC, and each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the requirements of this part. Each producer is also liable for repayment of the entire marketing assistance loan amount until the marketing assistance loan is fully repaid without regard to their share in the commodity pledged as collateral. In addition, such producer may not amend the note and security agreement for the producer's claimed share in such commodities, or marketing assistance loan proceeds, after execution of the note and security agreement by CCC.

(e)(1) A producer, when requesting a marketing assistance loan, shall designate in writing specific storage structures.

(2) The producer is not required to request prior approval before moving

marketing assistance loan collateral between such designated structures.

(3) Movement of marketing assistance loan collateral to any other structures not designated or the disposal of such loan collateral without prior written approval of the county committee, shall subject the producer to administrative actions.

(4) The producer is responsible for any loss in quantity or quality of the farm-stored commodity pledged as collateral.

(5) CCC shall not assume any loss in quantity or quality of the marketing assistance loan collateral for farm-stored loans.

**§ 1421.106 Warehouse-stored marketing assistance loan collateral.**

(a) A commodity may be pledged as collateral for a warehouse-stored marketing assistance loan in the quantity delivered to CCC for storage at a warehouse that meets standards for approval at part 1423 of this chapter. Such quantity shall be the net weight specified on the warehouse receipt or supplemental certificate.

(b) Two or more producers may obtain a single joint marketing assistance loan for commodities stored in an approved warehouse if the warehouse receipt pledged as collateral is issued jointly to the producers.

(c) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the regulations in this part. Each such producer shall also remain liable for repayment of the entire marketing assistance loan amount until the marketing assistance loan is fully repaid without regard to such producer's claimed share in the commodity pledged as collateral for the marketing assistance loan. In addition, such producer may not amend the note and security agreement with respect to the producer's claimed share in such commodities, or marketing assistance loan proceeds, after execution of the note and security agreement by CCC.

(d) Storage rates that CCC has approved to be deducted from marketing assistance loan proceeds are available in USDA State and county FSA service

centers. Deductions shall be based upon entries on the warehouse receipt or supplemental certificate, but the storage rate shall not exceed the storage rate CCC has approved. No storage deduction shall be made if written evidence acceptable to CCC is submitted indicating that:

(1) Storage charges through the maturity date have been prepaid; or

(2) The producer has arranged with the warehouse operator for the payment of storage charges through the maturity date and the warehouse operator enters an endorsement in substantially the following form on the warehouse receipt:

Storage arrangements have been made by the depositor of the commodity covered by this receipt through (date through which storage has been provided). No lien will be asserted by the warehouse operator against CCC or any subsequent holder of the warehouse receipt for the storage charges that accrued before the specified date.

(e) The beginning date to be used for computing storage deductions on the commodity stored in an approved warehouse shall be the later of the following:

(1) The date the commodity was received or deposited in the warehouse;

(2) The date the storage charges start; or

(3) The day following the date through which storage charges have been paid.

(f) For hard red winter and hard red spring wheat tendered to CCC and stored in an approved warehouse, producers must obtain official protein content determinations or, as CCC determines is acceptable, protein content may be determined by mutual agreement between the producer and the warehouse operator. Costs of determinations shall not be paid by CCC.

[67 FR 63511, Oct. 11, 2002, as amended at 74 FR 15654, Apr. 7, 2009]

**§ 1421.107 Warehouse receipts.**

(a) Warehouse receipts tendered to CCC under § 1421.3 for marketing assistance loans must meet the provisions of this section and all other provisions of this part, and CCC program documents.

(b) Warehouse receipts must be issued in the name of the eligible producer or CCC. If issued in the name of
