

marketing assistance loan collateral between such designated structures.

(3) Movement of marketing assistance loan collateral to any other structures not designated or the disposal of such loan collateral without prior written approval of the county committee, shall subject the producer to administrative actions.

(4) The producer is responsible for any loss in quantity or quality of the farm-stored commodity pledged as collateral.

(5) CCC shall not assume any loss in quantity or quality of the marketing assistance loan collateral for farm-stored loans.

§ 1421.106 Warehouse-stored marketing assistance loan collateral.

(a) A commodity may be pledged as collateral for a warehouse-stored marketing assistance loan in the quantity delivered to CCC for storage at a warehouse that meets standards for approval at part 1423 of this chapter. Such quantity shall be the net weight specified on the warehouse receipt or supplemental certificate.

(b) Two or more producers may obtain a single joint marketing assistance loan for commodities stored in an approved warehouse if the warehouse receipt pledged as collateral is issued jointly to the producers.

(c) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the regulations in this part. Each such producer shall also remain liable for repayment of the entire marketing assistance loan amount until the marketing assistance loan is fully repaid without regard to such producer's claimed share in the commodity pledged as collateral for the marketing assistance loan. In addition, such producer may not amend the note and security agreement with respect to the producer's claimed share in such commodities, or marketing assistance loan proceeds, after execution of the note and security agreement by CCC.

(d) Storage rates that CCC has approved to be deducted from marketing assistance loan proceeds are available in USDA State and county FSA service

centers. Deductions shall be based upon entries on the warehouse receipt or supplemental certificate, but the storage rate shall not exceed the storage rate CCC has approved. No storage deduction shall be made if written evidence acceptable to CCC is submitted indicating that:

(1) Storage charges through the maturity date have been prepaid; or

(2) The producer has arranged with the warehouse operator for the payment of storage charges through the maturity date and the warehouse operator enters an endorsement in substantially the following form on the warehouse receipt:

Storage arrangements have been made by the depositor of the commodity covered by this receipt through (date through which storage has been provided). No lien will be asserted by the warehouse operator against CCC or any subsequent holder of the warehouse receipt for the storage charges that accrued before the specified date.

(e) The beginning date to be used for computing storage deductions on the commodity stored in an approved warehouse shall be the later of the following:

(1) The date the commodity was received or deposited in the warehouse;

(2) The date the storage charges start; or

(3) The day following the date through which storage charges have been paid.

(f) For hard red winter and hard red spring wheat tendered to CCC and stored in an approved warehouse, producers must obtain official protein content determinations or, as CCC determines is acceptable, protein content may be determined by mutual agreement between the producer and the warehouse operator. Costs of determinations shall not be paid by CCC.

[67 FR 63511, Oct. 11, 2002, as amended at 74 FR 15654, Apr. 7, 2009]

§ 1421.107 Warehouse receipts.

(a) Warehouse receipts tendered to CCC under § 1421.3 for marketing assistance loans must meet the provisions of this section and all other provisions of this part, and CCC program documents.

(b) Warehouse receipts must be issued in the name of the eligible producer or CCC. If issued in the name of

the eligible producer, the receipt must be properly endorsed on its reverse side certifying that the crop is free of encumbrances in order for title to vest in the holder. Receipts must be issued by an authorized warehouse and must represent a commodity that is deemed to be stored commingled. The receipts must be negotiable and must represent a commodity that is the same quantity and quality as the eligible commodity actually in storage in the warehouse of the original deposit.

(c) If the receipt is issued for a commodity that is owned by the warehouse operator either solely, jointly, or in common with others, the fact of such ownership shall be stated on the receipt. In States where the pledge of warehouse receipts issued by a warehouse operator on the warehouse operator's commodity is invalid, the warehouse operator may offer the commodity to CCC for a marketing assistance loan if such warehouse is licensed under the U.S. Warehouse Act.

(d) Each warehouse receipt or accompanying supplemental certificate representing a commodity stored in an authorized warehouse must indicate that the commodity is insured. CCC shall not be responsible for the cost of such insurance.

(e) A separate warehouse receipt must be submitted for each grade and class of any commodity tendered to CCC and, for rice, such receipt must also state the milling yield of the rice, and for wool, such receipts must also state the yield and micron of the wool.

(f) With respect to peanuts, a warehouse receipt must be submitted exhibiting grade, type, and segregation for peanuts tendered to CCC.

(g)(1) Each warehouse receipt, or a supplemental certificate (in duplicate) that properly identifies the warehouse receipt, must be issued by an authorized warehouse as specified in §1421.103(c)(1), as applicable, and must indicate:

- (i) The name and location of the storing warehouse;
- (ii) The warehouse code assigned by licensing authority;
- (iii) The warehouse receipt number;
- (iv) The date the receipt was issued;
- (v) The type of commodity;

(vi) The date the commodity was deposited or received;

(vii) The date to which storage has been paid or the storage start date;

(viii) Whether the commodity was received by rail, truck or barge;

(ix) The amount per bushel, pound, or hundredweight of prepaid in or out charges;

(x) The signature of the warehouse operator or the authorized agent; and

(xi) For warehouses operating under a merged warehouse code agreement (KC-385), the location and county to which the producer delivered the commodity.

(2) In addition to the information specified in paragraph (g)(1) of this section, additional commodity specific requirements shall be determined by CCC and be available at State and county offices and the Kansas City Commodity Office.

(h) If a warehouse receipt indicates that the commodity tendered for loan grades "infested" or "contains excess moisture", or both, the receipt must be accompanied by a supplemental certificate in order for the commodity to be eligible for a marketing assistance loan. The grade, grading factors, and quantity to be delivered must be shown on the certificate as follows:

(1) When the warehouse receipt shows "infested" and the commodity has been conditioned to correct the infested condition, the supplemental certificate must show the same grade without the "infested" designation and the same grading factors and quantity as shown on the warehouse receipt.

(2)(i) When the warehouse receipt shows that the commodity contained excess moisture and the commodity has been dried or blended, the supplemental certificate must show the grade, grading factors, and quantity after drying or blending of the commodity. Such entries shall reflect a drying or blending shrinkage as provided in paragraph (h)(2)(iv) of this section.

(ii) When a supplemental certificate is issued under paragraphs (g)(1) and (h)(2)(i) of this section, the grade, grading factors and the quantity shown on such certificate shall supersede the entries for such items on the warehouse receipt.

(iii) If the commodity has been dried or blended to reduce the moisture content, the quantity specified on the warehouse receipt or the supplemental certificate shall represent the quantity after drying or blending.

(iv) For commodities dried or blended under paragraph (h)(2)(iii) of this section, such quantity shall reflect a minimum shrinkage in the receiving weight excluding dockage:

(A) For the following commodities, 1.3 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

- (1) Barley: 14.5 percent;
- (2) Corn: 15.5 percent;
- (3) Grain sorghum: 14.0 percent;
- (4) Oats: 14.0 percent;
- (5) Rice: 14.0 percent;
- (6) Soybeans: 14.0 percent;
- (7) Wheat: 13.5 percent; and
- (8) Peanuts: 10.0 percent.

(B) For the following commodities, 1.1 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

- (1) Canola: 10.0 percent;
- (2) Flaxseed: 9.0 percent;
- (3) Mustard Seed: 10.0 percent;
- (4) Rapeseed: 10.0 percent;
- (5) Safflower Seed: 10.0 percent;
- (6) Sunflower Seed: 10.0 percent;
- (7) Crambe: 10.0 percent; and
- (8) Sesame Seed: 10.0 percent.

(i)(1) If, under paragraph (g) of this section, a supplemental certificate is issued in connection with a warehouse receipt, such certificate must state that no lien for processing will be asserted by the warehouse operator against CCC or any subsequent holder of such receipt.

(2) Warehouse receipts and the commodities represented by such receipts may be subject to a lien for warehouse charges. For all commodities except peanuts, the producer who pledged such a receipt as collateral for a loan under this part shall pay to CCC all costs incurred by CCC as result of the existence of the lien. In no event shall a warehouse operator be entitled to satisfy such a lien by sale of the commodities when CCC is the holder of such receipt.

(j) Warehouse receipts representing commodities that have been shipped by rail or by barge, must be accompanied by supplemental certificates completed under paragraph (g) of this section.

[67 FR 63511, Oct. 11, 2002, as amended at 74 FR 15654, Apr. 7, 2009; 75 FR 19193, Apr. 14, 2010]

§ 1421.108 Transfers and reconcentrations.

(a) Upon request by the producer before transfer, the county committee may approve the transfer of a quantity of a commodity that is pledged as collateral for a farm-stored loan to a warehouse-stored loan at any time during the loan period.

(1) Liquidation of the farm-stored loan or part thereof shall be made through the pledge of warehouse receipts for the commodity placed under warehouse-stored loan and the immediate payment by the producer of the amount by which the warehouse-stored loan is less than the farm-stored loan or part thereof and charges plus interest. The loan quantity for the warehouse-stored loan cannot exceed 110 percent of the loan quantity transferred from the farm-stored loan.

(2) Any amounts due the producer shall be disbursed by the FSA county service center.

(b) Upon request by the producer before the transfer, the county committee may approve the transfer of a warehouse-stored loan or part thereof to a farm-stored loan at any time during the marketing assistance loan period. Quantities pledged as collateral for a farm-stored loan shall be based on a measurement or a calculation of average production of wool and mohair, such measurement or calculation to be made by a representative of the county office before approving the farm-stored loan. The producer must immediately repay the amount by which the farm-stored loan is less than the warehouse-stored loan and charges plus interest on the shortage. The maturity date of the farm-stored loan shall be the maturity date applicable to the warehouse-stored loan that was transferred.

(c) Upon the filing of the Reconcentration Agreement and Trust Receipt by the producer and warehouse
