

§ 2901.8

§ 2901.6, may request a review of the denial by the Secretary within 30 days from the date of the denial.

(b) *Procedures.* Any request for review under § 2901.7(a) shall be in writing and shall set forth the specific ground upon which the request is based. There is no final agency action for purposes of judicial review under § 2901.8 until that request has been acted upon. If the request for review has not been acted upon within 30 days after it is received, the request shall be deemed to have been denied. That denial shall then constitute final agency action for the purpose of judicial review under § 2901.8.

§ 2901.8 Judicial review.

Any person aggrieved or adversely affected by a final agency action taken on a request for an adjustment under this section may obtain judicial review in accordance with section 506 of the Natural Gas Policy Act of 1978.

§ 2901.9 Effective date.

This rule shall become effective on October 29, 1979.

PART 2902 [RESERVED]

PART 2903—BIODIESEL FUEL EDUCATION PROGRAM

Subpart A—General Information

Sec.

- 2903.1 Applicability of regulations.
- 2903.2 Purpose of the program.
- 2903.3 Eligibility.
- 2903.4 Indirect costs.
- 2903.5 Matching requirements.

Subpart B—Program Description

- 2903.6 Project types.
- 2903.7 Project objectives.

Subpart C—Preparation of an Application

- 2903.8 Program application materials.
- 2903.9 Content of an application.
- 2903.10 Submission of an application.
- 2903.11 Acknowledgment of applications.

Subpart D—Application Review and Evaluation

- 2903.12 Application review.
- 2903.13 Evaluation criteria.

7 CFR Ch. XXIX (1–1–14 Edition)

- 2903.14 Conflicts of interest and confidentiality.

Subpart E—Award Administration

- 2903.15 General.
- 2903.16 Organizational management information.
- 2903.17 Award document and notice of award.

Subpart F—Supplementary Information

- 2903.18 Access to review information.
- 2903.19 Use of funds; changes.
- 2903.20 Reporting requirements.
- 2903.21 Applicable Federal statutes and regulations.
- 2903.22 Confidential aspects of applications and awards.
- 2903.23 Definitions.

AUTHORITY: 7 U.S.C. 8104; 5 U.S.C. 301.

SOURCE: 68 FR 56139, Sept. 30, 2003, unless otherwise noted.

Subpart A—General Information

§ 2903.1 Applicability of regulations.

(a) The regulations of this part only apply to Biodiesel Fuel Education Program grants awarded under the provisions of section 9004 of the Farm Security and Rural Investment Act of 2002 (FSRIA) (7 U.S.C. 8104) which authorizes the Secretary to award competitive grants to eligible entities to educate governmental and private entities that operate vehicle fleets, other interested entities (as determined by the Secretary), and the public about the benefits of biodiesel fuel use. Eligibility is limited to nonprofit organizations and institutions of higher education (as defined in sec. 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)) that have demonstrated both knowledge of biodiesel fuel production, use, or distribution and the ability to conduct educational and technical support programs. The Secretary delegated this authority to the Chief Economist, who in turn delegated this authority to the Director of OEPNU.

(b) The regulations of this part do not apply to grants awarded by the Department of Agriculture under any other authority.

§ 2903.2 Purpose of the program.

The Biodiesel Fuel Education Program seeks to familiarize public and

private vehicle fleet operators, other interested entities, and the public, with the benefits of biodiesel, a relatively new fuel option in the United States. It will also address concerns previously identified by fleet operators and other potential users of this alternative fuel, including the need to balance the positive environmental, social and human health impacts of biodiesel utilization with the increased per gallon cost to the user. It is the Program's goal to stimulate biodiesel demand and encourage the further development of a biodiesel industry in the United States.

§ 2903.3 Eligibility.

(a) Eligibility is limited to nonprofit organizations and institutions of higher education that have demonstrated both knowledge of biodiesel fuel production, use, or distribution and the ability to conduct educational and technical support programs.

(b) Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project.

§ 2903.4 Indirect costs.

(a) For the Biodiesel Fuel Education Program, applicants should use the current indirect cost rate negotiated with the cognizant Federal negotiating agency. Indirect costs may not exceed the negotiated rate. If no indirect cost rate has been negotiated, a reasonable dollar amount for indirect costs may be requested, which will be subject to approval by USDA. In the latter case, if a proposal is recommended for funding, an indirect cost rate proposal must be submitted prior to award to support the amount of indirect costs requested.

(b) A proposer may elect not to charge indirect costs and, instead, charge only direct costs to grant funds. Grantees electing this alternative will not be allowed to charge, as direct costs, indirect costs that otherwise would be in the grantee's indirect cost pool under the applicable Office of Management and Budget cost principles. Grantees who request no indirect costs will not be permitted to revise their budgets at a later date to charge indirect costs to grant funds.

§ 2903.5 Matching requirements.

There are no matching funds requirements for the Biodiesel Fuel Education Program and matching resources will not be factored into the review process as evaluation criteria.

Subpart B—Program Description

§ 2903.6 Project types.

OEPNU intends to award continuation grants to successful Biodiesel Fuel Education Program applicants. A continuation grant is a grant instrument by which the Department agrees to support a specified level of effort for a predetermined project period with a statement of intention to provide additional support at a future date, provided that performance has been satisfactory, appropriations are available for this purpose, and continued government support would be in the best interest of the Federal government and the public. If these three elements are met, OEPNU plans to provide additional support to the funded project(s).

§ 2903.7 Project objectives.

(a) Successful projects will develop practical indicators or milestones to measure their progress towards achieving the following objectives:

(1) Enhance current efforts to collect and disseminate biodiesel information;

(2) Coordinate with other biodiesel educational or promotional programs, and with Federal, State and local programs aimed at encouraging biodiesel use, including the EPAct program;

(3) Create a nationwide networking system that delivers biodiesel information to targeted audiences, including users, distributors and other infrastructure-related personnel;

(4) Identify and document the benefits of biodiesel (e.g., lifecycle costing); and

(5) Gather data pertaining to information gaps and develop strategies to address the gaps.

(b) [Reserved]
