

Subpart A—Designation of Veterinarian Shortage Situations

§ 3431.1 Applicability of regulations.

This part establishes the process and procedures for designating veterinarian shortage situations as well as the administrative provisions for the Veterinary Medicine Loan Repayment Program (VMLRP) authorized by the National Veterinary Medical Service Act (NVMSA), 7 U.S.C. 3151a.

§ 3431.2 Purpose.

The Secretary will follow the processes and procedures established in subpart A of this part to designate veterinarian shortage situations for the VMLRP. Applications for the VMLRP will be accepted from eligible veterinarians who agree to serve in one of the designated shortage situations in exchange for the repayment of an amount of the principal and interest of the veterinarian's qualifying educational loans. The administrative provisions for the VMLRP, including the application process, are established in subpart B of this part.

§ 3431.3 Definitions and acronyms.

(a) *General definitions.* As used in this part:

Act means the National Veterinary Medical Service Act, as amended.

Agency or NIFA means the National Institute of Food and Agriculture.

Department means the United States Department of Agriculture.

Food animal means the following species: Bovine, porcine, ovine/camelid, cervid, poultry, caprine, and any other species as determined by the Secretary.

Food supply veterinary medicine means all aspects of veterinary medicine's involvement in food supply systems, from traditional agricultural production to consumption.

Insular area means the Commonwealth of Puerto Rico, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, the Republic of Palau, and the Virgin Islands of the United States.

NVMSA means the National Veterinary Medicine Service Act.

Practice of food supply veterinary medicine includes corporate/private practices devoted to food animal medicine, mixed animal medicine located in a rural area (at least 30 percent of practice devoted to food animal medicine), food safety, epidemiology, public health, animal health, and other public and private practices that contribute to the production of a safe and wholesome food supply.

Practice of veterinary medicine means to diagnose, treat, correct, change, alleviate, or prevent animal disease, illness, pain, deformity, defect, injury, or other physical, dental, or mental conditions by any method or mode; including:

(1) The prescription, dispensing, administration, or application of any drug, medicine, biologic, apparatus, anesthetic, or other therapeutic or diagnostic substance or medical or surgical technique, or

(2) The use of complementary, alternative, and integrative therapies, or

(3) The use of any manual or mechanical procedure for reproductive management, or

(4) The rendering of advice or recommendation by any means including telephonic and other electronic communications with regard to any of paragraphs (1), (2), (3), or (4) of this definition.

Rural area means any area other than a city or town that has a population of 50,000 inhabitants and the urbanized area contiguous and adjacent to such a city or town.

Secretary means the Secretary of Agriculture and any other officer or employee of the Department to whom the authority involved has been delegated.

Service area means geographic area in which the veterinarian will be providing veterinary medical services.

State means any one of the fifty States, the District of Columbia, and the insular areas of the United States.

State animal health official or SAHO means the State veterinarian, or equivalent, who will be responsible for nominating and certifying veterinarian shortage situations within the State.
