Subpart C—Borrower Management and Operations Responsibilities

§ 3560.101 General.

This subpart sets forth borrower obligations regarding management and operations of multi-family housing (MFH) projects financed by the Agency. As noted in § 3560.6, the borrower requirements listed in this subpart must be complied with by the borrower. The borrower may designate in writing a person to act as the borrower's authorized agent.

Project operations shall be conducted to meet the actual needs and necessary expenses of the property or for any other purpose authorized under Agency regulations. Any party not meeting these responsibilities may be subject to penalties. It is expected that only typical and reasonable expenses be incurred for the services rendered. Consequently, methods to inflate, duplicate, obscure, or failure to disclose the true nature and cost of work performed for the services rendered will cause the Agency to deny budget requests for the services or issue a demand for recovery and reimbursement for unauthorized actions.

(b) *Management plan.* Borrowers must develop and maintain a management plan for each housing project covered by their loan or grant. The management plan must establish the systems and procedures necessary to ensure that housing project operations comply with Agency requirements.

(1) At a minimum, management plans must address the following items:

(i) Maintenance systems, including procedures for routine maintenance, capital item repair and replacement,
