

§ 3575.82

(11) Legal opinions, as needed; and

(12) If the outstanding balance of principal and interest is less than \$250,000, the lender will obtain an estimate of fair market and potential liquidation value of the collateral. If the outstanding balance of principal and interest is \$250,000 or more, the lender will obtain an independent appraisal report on all collateral securing the loan which will reflect the fair market value and potential liquidation value. The independent appraiser's fee will be shared equally by the Agency and the lender.

(d) *Partial liquidation plan.* If actions are necessary to immediately preserve and protect the collateral, a partial liquidation plan may be submitted and, when approved, must be followed by a complete liquidation plan prepared by the lender.

(e) *Disposition of collateral.* Disposition of collateral acquired by the lender must be approved, in writing, by the Agency when:

(1) The lender's cost to acquire the collateral of a borrower exceeds the potential recovery value of the security and the lender proposes abandoning the collateral in lieu of liquidation; or

(2) The acquired collateral is to be sold to the borrower, borrower's stockholders or officers, or the lender or lender's stockholders or officers.

(f) *Agency liquidation.* The Agency will liquidate at its option only when it is a holder and there is reason to believe the lender is not likely to initiate liquidation efforts that will result in maximum recovery. When the Agency liquidates, reasonable liquidation expenses will be assessed against the proceeds derived from the sale of the collateral.

(g) *Final loss payment.* Final loss payments will be made only after all collateral has been properly accounted for and liquidation expenses are determined to be reasonable and within approved limits. Any estimated loss payments made to the lender will be credited against the final loss on the guaranteed loan. The amount of an estimated loss payment must be credited as a deduction from the principal balance of the loan.

§ 3575.82 [Reserved]

§ 3575.83 Protective advances.

Protective advances can only be added to the loan account for purposes of requirements to preserve the value of the security. Protective advances constitute an indebtedness of the borrower to the lender and must be secured by collateral to the same extent as principal and interest. Protective advances include, but are not limited to, advances made for taxes, annual assessments, ground rent, hazard and flood insurance premiums affecting the collateral (including any other expenses necessary to protect the collateral). Attorney fees are not a protective advance.

(a) *Agency approval.* The Agency must approve, in writing, all protective advances on loans within its loan approval authority which exceed a total cumulative advance amount of \$5,000 to the same borrower. Protective advances must be reasonable when associated with the value of the collateral being preserved.

(b) *Preserving collateral.* When considering protective advances, sound judgment must be exercised in determining that the additional funds advanced will actually preserve collateral and recovery is actually enhanced by making the advance.

§ 3575.84 Additional loans or advances.

The lender will not make additional expenditures or new loans to the borrower without first obtaining the written approval of the Agency even though such expenditures or loans will not be guaranteed.

§ 3575.85 Bankruptcy.

(a) *Calculating losses.* Report of Loss form (available in any Agency office) will be used for calculating estimated and final loss determinations.

(b) *Lender responsibility.* The lender is responsible for protecting the guaranteed loan debt and all the collateral securing it in bankruptcy proceedings. These responsibilities include, but are not limited to, the following:

(1) Filing a proof of claim, where necessary, and all necessary papers and pleadings;
