Written petitions should be sent to the Chief, Technical Assistance Branch, Nutrition and Technical Services Divisions, FNS, USDA, Alexandria, Virginia 22302 on or before November 15 or May 15 of each year. Petitions must include all information specified in §§210.15b(b) (1) or (2), and 220.12(b) (1) or (2) as appropriate.

**Editorial Note:** At 78 FR 39093, June 28, 2013, appendix B was amended by adding paragraph (c); however, the amendment could not be incorporated due to inaccurate amendatory instruction. For the convenience of the user, the added text is set forth as follows:

APPENDIX B TO PART 220—CATEGORIES OF FOODS OF MINIMAL NUTRITIONAL VALUE.

* * * * *

(c) Appendix B remains in effect through June 30, 2014.

**APPENDIX C TO PART 220—CHILD NUTRITION (CN) LABELING PROGRAM**

1. The Child Nutrition (CN) Labeling Program is a voluntary technical assistance program administered by the Food and Nutrition Service (FNS) in conjunction with the Food Safety and Inspection Service (FSIS), and Agricultural Marketing Service (AMS) of the U.S. Department of Agriculture (USDA), and National Marine Fisheries Service of the U.S. Department of Commerce (USDC) for the Child Nutrition Programs. This program essentially involves the review of a manufacturer’s recipe or product formulation to determine the contribution a serving of a commercially prepared product makes toward meal pattern requirements and a review of the CN label statement to ensure its accuracy. CN labeled products must be produced in accordance with all requirements set forth in this rule.

2. Products eligible for CN labels are as follows:

   (a) Commercially prepared food products that contribute significantly to the meat/meat alternate component of meal pattern requirements of 7 CFR 210.10 or 210.10a, whichever is applicable, 225.21, and 226.20 and are served in the main dish.

   (b) Juice drinks and juice drink products that contain a minimum of 50 percent full-strength juice by volume.

3. For the purpose of this appendix the following definitions apply:

   (a) “CN label” is a food product label that contains a CN label statement and CN logo as defined in paragraph 3 (b) and (c) below.

   (b) The “CN logo” (as shown below) is a distinct border which is used around the edges of a “CN label statement” as defined in paragraph 3(c).

(c) The “CN label statement” includes the following:

1. The product identification number (assigned by FNS),
(2) The statement of the product’s contribution toward meal pattern requirements of 7 CFR 210.10 or 210.10a, whichever is applicable, 220.8, 225.21, and 226.20. The statement shall identify the contribution of a specific portion of a meat/meat alternate product toward the meat/meat alternate, bread/bread alternate, and/or vegetable/fruit component of the meal pattern requirements. For juice drinks and juice drink products the statement shall identify their contribution toward the vegetable/fruit component of the meal pattern requirements.

(3) Statement specifying that the use of the CN logo and CN statement was authorized by FNS, and

(4) The approval date.

For example:

(d) Federal inspection means inspection of food products by FSIS, AMS or USDC.

4. Food processors or manufacturers may use the CN label statement and CN logo as defined in paragraph 3 (b) and (c) under the following terms and conditions:

(a) The CN label must be reviewed and approved at the national level by the Food and Nutrition Service and appropriate USDA or USDC Federal agency responsible for the inspection of the product.

(b) The CN labeled product must be produced under Federal inspection by USDA or USDC. The Federal inspection must be performed in accordance with an approved partial or total quality control program or standards established by the appropriate Federal inspection service.

(c) The CN label statement must be printed as an integral part of the product label along with the product name, ingredient listing, the inspection shield or mark for the appropriate inspection program, the establishment number where appropriate, and the manufacturer’s or distributor’s name and address.

(d) Yields for determining the product’s contribution toward meal pattern requirements must be calculated using the Food Buying Guide for Child Nutrition Programs (Program Aid Number 1331).

5. In the event a company uses the CN logo and CN label statement inappropriately, the company will be directed to discontinue the use of the logo and statement and the matter will be referred to the appropriate agency for action to be taken against the company.

6. Products that bear a CN label statement as set forth in paragraph 3(c) carry a warranty. This means that if a food service authority participating in the child nutrition programs purchases a CN labeled product and uses it in accordance with the manufacturer’s directions, the school or institution will not have an audit claim filed against it for the CN labeled product for noncompliance with the meal pattern requirements of 7 CFR 210.10 or 210.10a, whichever is applicable, 220.8, 225.21, and 226.20. If a State or Federal auditor finds that a product that is CN labeled does not actually meet the meal pattern requirements claimed on the label, the auditor will report this finding to FNS. FNS will prepare a report of the findings and send it to the appropriate divisions of FSIS and AMS of the USDA, National Marine Fisheries Services of the USDC, Food and Drug Administration, or the Department of Justice for action against the company.

Any or all of the following courses of action may be taken:

(a) The company’s CN label may be revoked for a specific period of time;

(b) The appropriate agency may pursue a misbranding or mislabeling action against the company producing the product;

(c) The company’s name will be circulated to regional FNS offices;

(d) FNS will require the food service program involved to notify the State agency of the labeling violation.

7. FNS is authorized to issue operational policies, procedures, and instructions for the CN Labeling Program.

To apply for a CN label and to obtain additional information on CN label application
Food and Nutrition Service, USDA

§ 225.2

Subpart A—General

§ 225.1 General purpose and scope.

This part establishes the regulations under which the Secretary will administer a Summer Food Service Program. Section 13 of the Act authorizes the Secretary to assist States through grants-in-aid to conduct nonprofit food service programs for children during the summer months and at other approved times. The primary purpose of the Program is to provide food service to children from needy areas during periods when area schools are closed for vacation.

§ 225.2 Definitions.

Act means the National School Lunch Act, as amended.

Administrative costs means costs incurred by a sponsor related to planning, organizing, and managing a food service under the Program, and excluding interest costs and operating costs.

Adult means, for the purposes of the collection of the last four digits of social security numbers as a condition of eligibility for Program meals, any individual 21 years of age or older.

Advance payments means financial assistance made available to a sponsor for its operating costs and/or administrative costs prior to the end of the month in which such costs will be incurred.

Areas in which poor economic conditions exist means:

(a) The attendance area of a school in which at least 50 percent of the enrolled children have been determined eligible for free or reduced-price school meals under the National School Lunch Program and the School Breakfast Program;

(b) A geographic area where, based on the most recent census data available or information provided from a department of welfare or zoning commission, at least 50 percent of the children residing in that area are eligible for free or reduced-price school meals under the National School Lunch Program and the School Breakfast Program;

(c) A geographic area where a site demonstrates, based on other approved sources, that at least 50 percent of the children enrolled at the site are eligible for free or reduced-price meals
