All requests shall include the information specified in § 800.46. Verbal requests shall be confirmed in writing when requested by official personnel, as specified in § 800.46. Copies of request forms may be obtained from the agency or field office upon request. If the information specified by § 800.46 is not available at the time the request is filed, official personnel may, at their discretion, withhold service pending receipt of the required information. An official certificate shall not be issued unless the information as required by § 800.46 has been submitted, or official personnel determine that sufficient information has been made available so as to perform the requested service. A record that sufficient information was made available must be included in the record of the official service.

(b) *Request requirements.* Except as provided for in § 800.117, requests for original services, other than submitted sample inspections, must be made to

OFFICIAL REINSPECTION SERVICES AND REVIEW OF WEIGHING SERVICES

§ 800.125 Who may request reinspection services or review of weighing services.

(a) *General.* Any interested person may request a reinspection or review of weighing service, except as provided for in § 800.86(c)(5). Only one reinspection service or review of weighing service may be performed on any original service. When more than one interested person requests a reinspection or review of weighing service, the first person to file is the applicant of record.

(b) *Kind and scope of request.* A reinspection or review of weighing service is limited to the kind and scope of the original service. If the request specifies a different kind or scope, the request shall be dismissed but may be resubmitted as a request for original services: Provided, however, that an applicant for service may request a reinspection of a specific factor(s), official grade and factors, or official criteria. In addition, reinspections for grade may include a review of any pertinent factor(s), as deemed necessary by official personnel. Official criteria are con-

sidered separately from official grade or official factors when determining the kind and scope. When requested, a reinspection for official grade or official factors and official criteria may be handled separately even though both sets of results are reported on the same certificate. Moreover, a reinspection or review of weighing may be requested on either the inspection or Class X weighing results when both results are reported on a combination inspection and Class X weight certificate.
