U.S. GOVERNMENT OFFICIAL EDITION NOTICE

Legal Status and Use of Seals and Logos

The seal of the National Archives and Records Administration (NARA) authenticates the Code of Federal Regulations (CFR) as the official codification of Federal regulations established under the Federal Register Act. Under the provisions of 44 U.S.C. 1507, the contents of the CFR, a special edition of the Federal Register, shall be judicially noticed. The CFR is prima facie evidence of the original documents published in the Federal Register (44 U.S.C. 1510).

It is prohibited to use NARA’s official seal and the stylized Code of Federal Regulations logo on any republication of this material without the express, written permission of the Archivist of the United States or the Archivist’s designee. Any person using NARA’s official seals and logos in a manner inconsistent with the provisions of 36 CFR part 1200 is subject to the penalties specified in 18 U.S.C. 506, 701, and 1017.

Use of ISBN Prefix

This is the Official U.S. Government edition of this publication and is herein identified to certify its authenticity. Use of the 0–16 ISBN prefix is for U.S. Government Publishing Office Official Editions only. The Superintendent of Documents of the U.S. Government Publishing Office requests that any reprinted edition clearly be labeled as a copy of the authentic work with a new ISBN.

**Title 32:**

**SUBTITLE A—DEPARTMENT OF DEFENSE**

Chapter I—Office of the Secretary of Defense ................................. 5

**Finding Aids:**

Table of CFR Titles and Chapters ....................................................... 1177

Alphabetical List of Agencies Appearing in the CFR ......................... 1197

List of CFR Sections Affected ............................................................. 1207
Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 32 CFR 2.1 refers to title 32, part 2, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16
- Title 17 through Title 27
- Title 28 through Title 41
- Title 42 through Title 50

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, July 1, 2015), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

PAST PROVISIONS OF THE CODE

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a “List of CFR Sections Affected” is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not accidentally dropped due to a printing or computer error.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.
(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.
An index to the text of "Title 3—The President" is carried within that volume. The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the "Contents" entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

INQUIRIES

For a legal interpretation or explanation of any regulation in this volume, contact the issuing agency. The issuing agency’s name appears at the top of odd-numbered pages.

For inquiries concerning CFR reference assistance, call 202-741-6000 or write to the Director, Office of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001 or e-mail fedreg.info@nara.gov.

SALES

The Government Publishing Office (GPO) processes all sales and distribution of the CFR. For payment by credit card, call toll-free, 866-512-1800, or DC area, 202-512-1800, M-F 8 a.m. to 4 p.m. e.s.t. or fax your order to 202-512-2104, 24 hours a day. For payment by check, write to: US Government Publishing Office – New Orders, P.O. Box 979060, St. Louis, MO 63197-9000.

ELECTRONIC SERVICES

The full text of the Code of Federal Regulations, the LSA (List of CFR Sections Affected), The United States Government Manual, the Federal Register, Public Laws, Public Papers of the Presidents of the United States, Compilation of Presidential Documents and the Privacy Act Compilation are available in electronic format via www.ofr.gov. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800, or 866-512-1800 (toll-free). E-mail, ContactCenter@gpo.gov.

JOHN HYRUM MARTINEZ,
Acting Director,
Office of the Federal Register.
July 1, 2015.
Title 32—NATIONAL DEFENSE is composed of six volumes. The parts in these volumes are arranged in the following order: Parts 1–190, parts 191–399, parts 400–629, parts 630–699, parts 700–799, and part 800 to end. The contents of these volumes represent all current regulations codified under this title of the CFR as of July 1, 2015.

The current regulations issued by the Department of Defense appear in the volumes containing parts 1–189 and parts 190–399; those issued by the Department of the Army appear in the volumes containing parts 400–629 and parts 630–699; those issued by the Department of the Navy appear in the volume containing parts 700–799, and those issued by the Department of the Air Force, Defense Logistics Agency, Selective Service System, National Counterintelligence Center, Central Intelligence Agency, Information Security Oversight Office, National Security Council, Office of Science and Technology Policy, Office for Micronesian Status Negotiations, and Office of the Vice President of the United States appear in the volume containing part 800 to end.

For this volume, Susannah C. Hurley was Chief Editor. The Code of Federal Regulations publication program is under the direction of John Hyrum Martinez, assisted by Stephen J. Frattini.

SUBCHAPTER A—ACQUISITION

PART 1 [RESERVED]

PART 2—PILOT PROGRAM POLICY

Sec.
2.1 Purpose.
2.2 Statutory relief for participating programs.
2.3 Regulatory relief for participating programs.
2.4 Designation of participating programs.
2.5 Criteria for designation of participating programs.

AUTHORITY: 10 U.S.C. 2340 note.
SOURCE: 62 FR 17549, Apr. 10, 1997, unless otherwise noted.

§ 2.1 Purpose.

(a) The purpose of the pilot programs is to determine the potential for increasing the efficiency and effectiveness of the acquisition process. Pilot programs shall be conducted in accordance with the standard commercial, industrial practices. As used in this policy, the term ‘‘standard commercial, industrial practice’’ refers to any acquisition management practice, process, or procedure that is used by commercial companies to produce and sell goods and services in the commercial marketplace. This definition purposely implies a broad range of potential activities to adopt commercial practices, including regulatory and statutory streamlining, to eliminate unique Government requirements and practices such as government-unique contracting policies and practices, government-unique specifications and standards, and reliance on cost determination rather than price analysis.

(b) Standard commercial, industrial practices include, but are not limited to:
(1) Innovative contracting policies and practices;
(2) Performance and commercial specifications and standards;
(3) Innovative budget policies;
(4) Establishing fair and reasonable prices without cost data;
(5) Maintenance of long-term relationships with quality suppliers;
(6) Acquisition of commercial and non-developmental items (including components); and
(7) Other best commercial practices.

§ 2.2 Statutory relief for participating programs.

(a) Within the limitations prescribed, the applicability of any provision of law or any regulation prescribed to implement a statutory requirement may be waived for all programs participating in the Defense Acquisition Pilot Program, or separately for each participating program, if that waiver or limit is specifically authorized to be waived or limited in a law authorizing appropriations for a program designated by statute as a participant in the Defense Acquisition Pilot Program.

(b) Only those laws that prescribe procedures for the procurement of supplies or services; a preference or requirement for acquisition from any source or class of sources; any requirement related to contractor performance; any cost allowability, cost accounting, or auditing requirements; or any requirement for the management of, testing to be performed under, evaluation of, or reporting on a defense acquisition program may be waived.

(c) The requirements in section 809 of Public Law 101–510, as amended by section 811 of Public Law 102–484, the requirements in any law enacted on or after the enactment of Public Law 101–510 (except to the extent that a waiver or limitation is specifically authorized for such a defense acquisition program by statute), and any provision of law that ensures the financial integrity of
§ 2.3 Regulatory relief for participating programs.

(a) A program participating in the Defense Acquisition Pilot Program will not be subject to any regulation, policy, directive, or administrative rule or guideline relating to the acquisition activities of the Department of Defense other than the Federal Acquisition Regulation (FAR)\(^1\), the Defense FAR Supplement (DFARS)\(^2\), or those regulatory requirements added by the Under Secretary of Defense for Acquisition and Technology, the Head of the Component, or the DoD Component Acquisition Executive.

(b) Provisions of the FAR and/or DFARS that do not implement statutory requirements may be waived by the Under Secretary of Defense for Acquisition and Technology using appropriate administrative procedures. Provisions of the FAR and DFARS that implement statutory requirements may be waived or limited in accordance with the procedures for statutory relief previously mentioned.

(c) Regulatory relief includes relief from use of government-unique specifications and standards. Since a major objective of the Defense Acquisition Pilot Program is to promote standard, commercial industrial practices, functional performance and commercial specifications and standards will be used to the maximum extent practical. Federal or military specifications and standards may be used only when no practical alternative exists that meet the user’s needs. Defense acquisition officials (other than the Program Manager or Commodity Manager) may only require the use of military specifications and standards with advance approval from the Under Secretary of Defense for Acquisition and Technology, the Head of the DoD Component, or the DoD Component Acquisition Executive.

\(1\)Copies of this Department of Defense publication may be obtained from the Government Printing Office, Superintendent of Documents, Washington, DC 20402.

\(2\)See footnote 1 to § 2.3(a).

§ 2.4 Designation of participating programs.

(a) Pilot programs may be nominated by a DoD Component Head or Component Acquisition Executive for participation in the Defense Acquisition Pilot Program. The Under Secretary of Defense for Acquisition and Technology shall determine which specific programs will participate in the pilot program and will transmit to the Congressional defense committees a written notification of each defense acquisition program proposed for participation in the pilot program. Programs proposed for participation must be specifically designated as participants in the Defense Acquisition Pilot Program in a law authorizing appropriations for such programs and provisions of law to be waived must be specifically authorized for waiver.

(b) Once included in the Defense Acquisition Pilot Program, decision and approval authority for the participating program shall be delegated to the lowest level allowed in the acquisition regulations consistent with the total cost of the program (e.g., under DoD Directive 5000.1,\(^3\) an acquisition program that is a major defense acquisition program would be delegated to the appropriate Component Acquisition Executive as an acquisition category IC program).

(c) At the time of nomination approval, the Under Secretary of Defense for Acquisition and Technology will establish measures to judge the success of a specific program, and will also establish a means of reporting progress towards the measures.

§ 2.5 Criteria for designation of participating programs.

(a) Candidate programs must have an approved requirement, full program funding assured prior to designation, and low risk. Nomination of a candidate program to participate in the Defense Acquisition Pilot Program should occur as early in the program’s life-cycle as possible. Developmental programs will only be considered on an exception basis.

\(3\)Copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.
§ 3.3 Applicability.

This part applies to the Secretary of a Military Department, the Directors of the Defense Agencies, and any other official designated by the Secretary of Defense to enter into transactions other than contracts, grants or cooperative agreements for prototype projects that are directly relevant to weapons or weapon systems proposed to be acquired or developed by the Department of Defense.

§ 3.4 Definitions.

Agency point of contact (POC). The individual identified by the military department or defense agency as its POC for prototype OTs.

Agreements Officer. An individual with the authority to enter into, administer, or terminate OTs for prototype projects and make related determinations and findings.

Approving Official. The official responsible for approving the OTs acquisition strategy and resulting OT agreement. This official must be at least one level above the Agreements Officer and at no lower level than existing agency thresholds associated with procurement contracts.

Awardee. Any business unit that is the direct recipient of an OT agreement.

Business unit. Any segment of an organization, or an entire business organization which is not divided into segments.

Contracting activity. An element of an agency designated by the agency head and delegated broad authority regarding acquisition functions. It includes elements designated by the Director of a Defense Agency which has been delegated contracting authority through its agency charter.

Contracting Officer. A person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings as defined in Chapter 1 of Title 48, CFR, Federal Acquisition Regulation, Section 2.101(b).

Cost-type OT. Agreements where payments are based on amounts generated from the awardee’s financial or cost records or that require at least one third of the total costs to be provided by non-Federal parties pursuant to statute or require submittal of financial or cost records/reports to determine whether additional effort can be accomplished for the fixed amount.

Fixed-price type OT. Agreements where payments are not based on amounts generated from the awardee’s financial or cost records.

Head of the contracting activity (HCA). The official who has overall responsibility for managing the contracting activity.

Nontraditional Defense contractor. A business unit that has not, for a period of at least one year prior to the date of the OT agreement, entered into or performed on (1) any contract that is subject to full coverage under the cost accounting standards prescribed pursuant to section 26 of the Office of Federal Procurement Policy Act (41 U.S.C. 422) and the regulations implementing such section; or (2) any other contract in excess of $500,000 to carry out prototype projects or to perform basic, applied, or advanced research projects for a Federal agency, that is subject to the Federal Acquisition Regulation.

Procurement contract. A contract awarded pursuant to the Federal Acquisition Regulation.

Project Manager. The government manager for the prototype project.

Qualified Independent Public Accountant. An accountant that is licensed or works for a firm that is licensed in the state or other political jurisdiction where they operate their professional practice and comply with the applicable provisions of the public accountant law and rules of the jurisdiction where the audit is being conducted.

Segment. One of two or more divisions, product departments, plants, or other subdivisions of an organization reporting directly to a home office, usually identified with responsibility for profit and/or producing a product or service.

Senior Procurement Executive. The following individuals:

1. Department of the Army—Assistant Secretary of the Army (Acquisition, Logistics and Technology);
2. Department of the Navy—Assistant Secretary of the Navy (Research, Development and Acquisition); Federal Acquisition;
3. Department of the Air Force—Assistant Secretary of the Air Force (Acquisition).
4. The Directors of Defense Agencies who have been delegated authority to act as Senior Procurement Executive for their respective agencies.

Single Audit Act. Establishes uniform audit requirements for audits of state and local government, universities, and non-profit organizations that expend Federal awards.

Subawardee. Any business unit of a party, entity or subordinate element
performing effort under the OT agreement, other than the awardee.

Traditional Defense contractor. Any business unit that does not meet the definition of a nontraditional Defense contractor.

§ 3.5 Appropriate use.

In accordance with statute, this authority may be used only when:

(a) At least one nontraditional Defense contractor is participating to a significant extent in the prototype project; or

(b) No nontraditional Defense contractor is participating to a significant extent in the prototype project, but at least one of the following circumstances exists:

(1) At least one third of the total cost of the prototype project is to be paid out of funds provided by non-Federal parties to the transaction.

(2) The Senior Procurement Executive for the agency determines in writing that exceptional circumstances justify the use of a transaction that provides for innovative business arrangements or structures that would not be feasible or appropriate under a procurement contract.

§ 3.6 Limitations on cost-sharing.

(a) When a nontraditional Defense contractor is not participating to a significant extent in the prototype project and cost-sharing is the reason for using OT authority, then the non-Federal amounts counted as provided, or to be provided, by the business units of an awardee or subawardee participating in the performance of the OT agreement may not include costs that were incurred before the date on which the OT agreement becomes effective. Costs that were incurred for a prototype project by the business units of an awardee or subawardee after the beginning of negotiations, but prior to the date the OT agreement becomes effective, may be counted as non-Federal amounts if and to the extent that the Agreements Officer determines in writing that:

(1) The awardee or subawardee incurred the costs in anticipation of entering into the OT agreement; and

(2) It was appropriate for the awardee or subawardee to incur the costs before the OT agreement became effective in order to ensure the successful implementation of the OT agreement.

(b) As a matter of policy, these limitations on cost-sharing apply any time cost-sharing may be recognized when using OT authority for prototype projects.

§ 3.7 Comptroller General access.

(a) A clause must be included in solicitations and agreements for prototype projects awarded under authority of 10 U.S.C. 2371, that provide for total government payments in excess of $5,000,000 to allow Comptroller General access to records that directly pertain to such agreements.

(b) The clause referenced in paragraph (a) of this section will not apply with respect to a party or entity, or subordinate element of a party or entity, that has not entered into any other contract, grant, cooperative agreement or “other transaction” agreement that provides for audit access by a government entity in the year prior to the date of the agreement. The clause must be included in all agreements described in paragraph (a) of this section in order to fully implement the law by covering those participating entities and their subordinate elements which have entered into prior agreements providing for Government audit access, and are therefore not exempt. The presence of the clause in an agreement will not operate to require Comptroller General access to records from any party or participating entity, or subordinate element of a party or participating entity, or subordinate element of a party or participating entity, which is otherwise exempt under the terms of the clause and the law.

(c)(1) The right provided to the Comptroller General in a clause of an agreement under paragraph (a) of this section, is limited as provided by subparagraph (c)(2) of this paragraph in the case of a party to the agreement, an entity that participates in the performance of the agreement, or a subordinate element of
§ 3.7

that party or entity, if the only cooperative agreements or “other transactions” that the party, entity, or subordinate element entered into with government entities in the year prior to the date of that agreement are cooperative agreements or transactions that were entered into under 10 U.S.C. 2371 or Section 845 of the National Defense Authorization Act for Fiscal Year 1994 (Pub. L. 103–160; 10 U.S.C. 2371 note).

(c)(2) The only records of a party, other entity, or subordinate element referred to in subparagraph (c)(1) of this part that the Comptroller General may examine in the exercise of the right referred to in that subparagraph, are records of the same type as the records that the government has had the right to examine under the audit access clauses of the previous cooperative agreements or transactions referred to in such subparagraph that were entered into by that particular party, entity, or subordinate element.

(d) The head of the contracting activity (HCA) that is carrying out the agreement may waive the applicability of the Comptroller General access requirement if the HCA determines it would not be in the public interest to apply the requirement to the agreement. The waiver will be effective with respect to the agreement only if the HCA transmits a notification of the waiver to the Committees on Armed Services of the Senate and the House of Representatives, the Comptroller General, and the Director, Defense Procurement before entering into the agreement. The notification must include the rationale for the determination.

(e) The HCA must notify the Director, Defense Procurement of situations where there is evidence that the Comptroller General Access requirement caused companies to refuse to participate or otherwise restricted the Department’s access to companies that typically do not do business with the Department.

(f) In no case will the requirement to examine records under the clause referenced in paragraph (a) of this section apply to an agreement where more than three years have passed after final payment is made by the government under such an agreement.

(g) The clause referenced in paragraph (a) of this section, must provide for the following:

(1) The Comptroller General of the United States, in the discretion of the Comptroller General, shall have access to and the right to examine records of any party to the agreement or any entity that participates in the performance of this agreement that directly pertain to, and involve transactions relating to, the agreement.

(2) Excepted from the Comptroller General access requirement is any party to this agreement or any entity that participates in the performance of the agreement, or any subordinate element of such party or entity, that, in the year prior to the date of the agreement, has not entered into any other contract, grant, cooperative agreement, or “other transaction” agreement that provides for audit access to its records by a government entity.

(3)(A) The right provided to the Comptroller General is limited as provided in subparagraph (B) in the case of a party to the agreement, any entity that participates in the performance of the agreement, or a subordinate element of that party or entity if the only cooperative agreements or “other transactions” that the party, entity, or subordinate element entered into with government entities in the year prior to the date of that agreement are cooperative agreements or transactions that were entered into under 10 U.S.C. 2371 or Section 845 of the National Defense Authorization Act for Fiscal Year 1994 (Pub. L. 103–160; 10 U.S.C. 2371 note).

(B) The only records of a party, other entity, or subordinate element referred to in subparagraph (A) that the Comptroller General may examine in the exercise of the right referred to in that subparagraph are records of the same type as the records that the government has had the right to examine under the audit access clauses of the previous agreements or transactions referred to in such subparagraph that were entered into by that particular party, entity, or subordinate element.

(4) This clause shall not be construed to require any party or entity, or any
§ 3.8 DoD access to records policy.

(a) Applicability. This section provides policy concerning DoD access to awardee and subawardee records on OT agreements for prototype projects. This access is separate and distinct from Comptroller General access.

(1) Fixed-price type OT agreements. (i) General—DoD access to records is not generally required for fixed-price type OT agreements. In order for an agreement to be considered a fixed-price type OT agreement, it must adequately specify the effort to be accomplished for a fixed amount and provide for defined payable milestones, with no provision for financial or cost reporting that would be a basis for making adjustment in either the work scope or price of the effort.

(ii) Termination considerations. The need to provide for DoD access to records in the case of termination of a fixed-price type OT can be avoided by limiting potential termination settlements to an amount specified in the original agreement or to payment for the last completed milestone. However, if a fixed-price agreement provides that potential termination settlement amounts may be based on amounts generated from cost or financial records and the agreement exceeds the specified threshold, the OT should provide that DoD will have access to records in the event of termination.

(2) Cost-type OT agreements. (i) Single Audit Act—In accordance with the requirements of Public Law 98–502, as amended by Public Law 104–156, 110 STAT. 1396–1404, when a business unit that will perform the OT agreement, or a subawardee, meets the criteria for an audit pursuant to the Single Audit Act, the DoD must have sufficient access to the entity's records to assure compliance with the provisions of the Act.

(ii) Traditional Defense contractors. The DoD shall have access to records on cost-type OT agreements with traditional Defense contractors that provide for total Government payments in excess of $5,000,000. The content of the access to records clause shall be in accordance with paragraph (c) of this section. The value establishing the threshold is the total value of the agreement including all options.

(iii) Nontraditional Defense contractors. The DoD should have access to records on cost-type OT agreements with nontraditional Defense contractors that provide for total Government payments in excess of $5,000,000. The content of the access to records clause should be in accordance with paragraph (c) of this section. The value establishing the threshold is the total value of the agreement including all options.

(iv) DoD access below threshold. The Agreements Officer has the discretion to determine whether to include DoD access to records when the OT does not meet any of the requirements in (a)(2)(i) through (a)(2)(iii) of this section. The content of that access to records clause should be tailored to meet the particular circumstances of the agreement.

(v) Examples of cost-type OT agreements. (A) An agreement that requires at least one-third cost share pursuant to statute.

(B) An agreement that includes payable milestones, but provides for adjustment of the milestone amounts based on actual costs or reports generated from the awardee’s financial or cost records.

(C) An agreement that is for a fixed-Government amount, but the agreement provides for submittal of financial or cost records/reports to determine whether additional effort can be accomplished for the fixed amount.

(3) Subawardees. When a DoD access to records provision is included in the OT agreement, the awardee shall use the criteria established in paragraphs

subordinate element of such party or entity, that participates in the performance of the agreement, to create or maintain any record that is not otherwise maintained in the ordinary course of business or pursuant to a provision of law.

(5) The Comptroller General shall have access to the records described in this clause until three years after the date the final payment is made by the United States under this agreement.

(6) The recipient of the agreement shall flow down this provision to any entity that participates in the performance of the agreement.

§ 3.8
(a)(2)(i) through (a)(2)(iii) of this section to determine whether DoD access to records clauses should be included in subawards.

(b) Exceptions—(1) Nontraditional Defense contractors—(i) The Agreements Officers may deviate, in part or in whole, from the application of this access to records policy for a nontraditional Defense contractor when application of the policy would adversely impact the government’s ability to incorporate commercial technology or execute the prototype project.

(ii) The Agreements Officer will document:
(A) What aspect of the audit policy was not applied;
(B) Why it was problematic;
(C) What means will be used to protect the Government’s interest; and
(D) Why the benefits of deviating from the policy outweigh the potential risks.

(iii) This determination will be reviewed by the approving official as part of the pre-award approval of the agreement and submitted to the agency POC within 10 days of award.

(iii) Any departure from this policy for other than nontraditional Defense contractors must be approved by the Head of the Contracting Activity prior to award and set forth the exceptional circumstances justifying deviation.

(ii) Additionally, the justification will document:
(A) What aspect of the policy was not applied;
(B) Why it was problematic;
(C) What means will be used to protect the Government’s interest; and
(D) Why the benefits of deviating from the policy outweigh the potential risks.

(iii) The HCA will forward documentation associated with such waivers in any given fiscal year, to the Director, Defense Procurement by 15 October of each year.

(2) Traditional Defense contractor. (i) Any departure from this policy for other than nontraditional Defense contractors must be approved by the Head of the Contracting Activity prior to award and set forth the exceptional circumstances justifying deviation.

(ii) Business units subject to the Single Audit Act—When the awardee or subawardee is a state government, local government, or nonprofit organization whose Federal cost reimbursement contracts and financial assistance agreements are subject to the Single Audit Act (Public Law 98–502, as amended by Public Law 104–156, 110 STAT. 1396–1404), the clause must apply the provisions of that Act for purposes of performing audits of the awardee or subawardee under the agreement.

(iii) Business units not subject to the Single Audit Act currently performing on procurement contracts. The clause must provide that DCAA will perform any necessary audits if, at the time of agreement award, the awardee or subawardee is not subject to the Single Audit Act and is performing a procurement contract that is subject to the Cost Principles Applicable to Commercial Organizations (48 CFR part 31.2) and/or the Cost Accounting Standards (48 CFR part 99).

(iii) Other business units. DCAA or a qualified IPA may perform any necessary audit of a business unit of the awardee or subawardee if, at the time of agreement award, the business unit
does not meet the criteria in (c)(2)(i) or (c)(2)(ii) of this section. The clause must provide for the use of a qualified IPA if such a business unit will not accept the agreement if the Government has access to the business unit’s records. The Agreements Officer will include a statement in the file that the business unit is not performing on a procurement contract subject to the Cost Principles or Cost Accounting Standards at the time of agreement award, and will not accept the agreement if the Government has access to the business unit’s records. The Agreements Officer will also prepare a report (Part III to the annual report submission) for the Director, Defense Procurement that identifies, for each business unit that is permitted to use an IPA: the business unit’s name, address and the expected value of its award. When the clause provides for use of an IPA to perform any necessary audits, the clause must state that:

(A) The IPA will perform the audit in accordance with Generally Accepted Government Auditing Standards (GAGAS). Electronic copies of the standards may be accessed at www.gao.gov. Printed copies may be purchased from the U.S. Government Printing Office (for ordering information, call (202) 512–1800 or access the Internet Site at www.gpo.gov).

(B) The Agreements Officers’ authorized representative has the right to examine the IPA’s audit report and working papers for 3 years after final payment or three years after issuance of the audit report, whichever is later, unless notified otherwise by the Agreements Officer.

(C) The IPA will send copies of the audit report to the Agreements Officer and the Assistant Inspector General (Audit Policy and Oversight) [AIG(APO)], 400 Army Navy Drive, Suite 737, Arlington, VA 22202.

(D) The IPA will report instances of suspected fraud directly to the DoDIG.

(E) The Government has the right to require corrective action by the awardee or subawardee if the Agreements Officer determines (subject to appeal under the disputes clause of the agreement) that the audit has not been performed or has not been performed in accordance with GAGAS. The Agreements Officer should take action promptly once the Agreements Officer determines that the audit is not being accomplished in a timely manner or the audit is not performed in accordance with GAGAS but generally no later than twelve (12) months of the date requested by the Agreements Officer. The awardee or subawardee may take corrective action by having the IPA correct any deficiencies identified by the Agreements Officer, having another IPA perform the audit, or electing to have the Government perform the audit. If corrective action is not taken, the Agreements Officer has the right to take one or more of the following actions:

1. Withhold or disallow a specified percentage of costs until the audit is completed satisfactorily. The agreement should include a specified percentage that is sufficient to enhance performance of corrective action while also not being unfairly punitive.
2. Suspend performance until the audit is completed satisfactorily; and/or
3. Terminate the agreement if the agreements officer determines that imposition of either (c)(2)(iii)(E)(1) or (c)(2)(iii)(e)(2) of this section is not practical.

(F) If it is found that the awardee or subawardee was performing a procurement contract subject to Cost Principles Applicable to Commercial Organizations (48 CFR part 31.2) and/or Cost Accounting Standards (48 CFR part 99) at the time of agreement award, the Agreements Officer, or an authorized representative, has the right to audit records of the awardee or subawardee to verify the actual costs or reporting information used as the basis for payment or to verify statutorily required cost share under the agreement, and the IPA is to be paid by the awardee or subawardee. The cost of an audit performed in accordance with this policy is reimbursable based on the business unit’s established accounting practices and subject to any limitations in the agreement.

3. Scope of audit. The Agreements Officer should coordinate with the auditor regarding the nature of any audit envisioned.
§ 3.9 Length and extent of access.

(i) Clauses that do not provide for use of an IPA—The clause must provide for the Agreements Officer’s authorized representative to have access to directly pertinent records of those business units of the awardee or subawardee’s performing effort under the OT agreement, when needed to verify the actual costs or reporting used as the basis for payment or to verify statutorily required cost share under the agreement.

(ii) Clauses that provide for use of an IPA to perform the audits. The clause must:

(A) Provide the Agreements Officer’s authorized representative access to the IPA’s audit reports and working papers to ensure that the IPA has performed the audit in accordance with GAGAS.

(B) State that the Government will make copies of contractor records contained in the IPA’s work papers if needed to demonstrate that the audit was not performed in accordance with GAGAS.

(C) State that the Government has no direct access to any awardee or subawardee records unless it is found that the awardee or subawardee was performing a procurement contract subject to Cost Principles (48 CFR part 31) and/or Cost Accounting Standards (48 CFR part 99) at the time of agreement award.

(iii) Business Units subject to the Single Audit Act. The clause must provide access to the extent authorized by the Single Audit Act.

(iv) Record Retention/Period of Access. The clause must require that the awardee and subawardee retain, and provide access to, the records referred to in (c)(4)(i) and (c)(4)(ii) of this section for three years after final payment, unless notified of a shorter or longer period by the Agreements Officer.

(5) Awardee flow down responsibilities. Agreements must require awardees to include the necessary provisions in subawards that meet the conditions set forth in this DoD access to records policy.

(d) DoDIG and GAO access. In accordance with statute, if an agreement gives the Agreements Officer or another DoD component official access to a business unit’s records, the DoDIG or GAO are granted the same access to those records.

[68 FR 27457, May 20, 2003]

§ 3.9 Follow-on production contracts.

(a) Authority. A competitively awarded OT agreement for a prototype project that satisfies the condition set forth in law that requires non-Federal parties to the OT agreement to provide at least one-third of the costs of the prototype project may provide for the award of a follow-on production contract to the awardee of the OT prototype agreement for a specific number of units at specific target prices, without further competition.

(b) Conditions. The Agreements Officer must do the following in the award of the prototype project:

(1) Ensure non-Federal parties to the OT prototype agreement offer at least one-third of the costs of the prototype project pursuant to subsection (d)(1)(B)(i), 10 U.S.C. 2371 note.

(2) Use competition to select parties for participation in the OT prototype agreement and evaluate the proposed quantity and target prices for the follow-on production units as part of that competition.

(3) Determine the production quantity that may be procured without further competition, by balancing the level of the investment made in the project by the non-Federal parties with the interest of the Federal Government in having competition among sources in the acquisition of the product or products prototyped under the project.

(4) Specify the production quantity and target prices in the OT prototype agreement and stipulate in the agreement that the Contracting Officer for the follow-on contract may award a production contract without further competition if the awardee successfully completes the prototype project and agrees to production quantities and prices that do not exceed those specified in the OT prototype agreement (see part 206.001 of the Defense Federal Acquisition Regulation Supplement).

(c) Limitation. As a matter of policy, establishing target prices for production units should only be considered when the risk of the prototype project permits realistic production pricing
Office of the Secretary of Defense

without placing undue risks on the awardee.

(d) **Documentation.** (1) The Agreements Officer will need to provide information to the Contracting Officer from the agreement and award file that the conditions set forth in paragraph (b) of this section have been satisfied.

(2) The information shall contain, at a minimum:

(i) The competitive procedures used;
(ii) How the production quantities and target prices were evaluated in the competition;
(iii) The percentage of cost-share; and
(iv) The production quantities and target prices set forth in the OT agreement.

(3) The Project Manager will provide evidence of successful completion of the prototype project to the Contracting Officer.

[69 FR 16482, Mar. 30, 2004]

PARTS 4–8 [RESERVED]
SUBCHAPTER B—MILITARY COMMISSIONS

PART 9—PROCEDURES FOR TRIALS BY MILITARY COMMISSIONS OF CERTAIN NON-UNITED STATES CITIZENS IN THE WAR AGAINST TERRORISM

Sec.
9.1 Purpose.
9.2 Establishment of Military Commissions.
9.3 Jurisdiction.
9.4 Commission personnel.
9.5 Procedures accorded the accused.
9.6 Conduct of the trial.
9.7 Regulations.
9.8 Authority.
9.9 Protection of State secrets.
9.10 Other.
9.11 Amendment.
9.12 Delegation.

AUTHORITY: 5 U.S.C. 552(1)(a)(1)(C) and (D).

SOURCE: 68 FR 39374, July 1, 2003, unless otherwise noted.

§ 9.1 Purpose.

This part implements policy, assigns responsibilities, and prescribes procedures under the United States Constitution, Article II, section 2 and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism” (3 CFR, 2001 comp., p. 918, 66 FR 57833), for trials before military commissions of individuals subject to the President’s Military Order and appointing any other personnel necessary to facilitate such trials.

§ 9.3 Jurisdiction.

(a) Over persons. A military commission appointed under this part (“Commission”) shall have jurisdiction over only an individual or individuals (“the Accused”):
(1) Subject to the President’s Military Order; and
(2) Alleged to have committed an offense in a charge that has been referred to the Commission by the Appointing Authority.
(b) Over offenses. Commissions established hereunder shall have jurisdiction over violations of the laws of war and all other offenses triable by military commission.
(c) Maintaining integrity of commission proceedings. The Commission may exercise jurisdiction over participants in its proceedings as necessary to preserve the integrity and order of the proceedings.

§ 9.4 Commission personnel.

(a) Members—(1) Appointment. The Appointing Authority shall appoint the members and the alternate member or members of each Commission. The alternate member or members shall attend all sessions of the Commission, but the absence of an alternate member shall not preclude the Commission from conducting proceedings. In case of incapacity, resignation, or removal of any member, an alternate member shall take the place of that member. Any vacancy among the members or alternate members occurring after a trial has begun may be filled by the Appointing Authority, but the substance of all prior proceedings and evidence taken in that case shall be made known to that new member or alternate member before the trial proceeds.
(2) Number of members. Each Commission shall consist of at least three but
Office of the Secretary of Defense § 9.4

no more than seven members, the number being determined by the Appointing Authority. For each such Commission, there shall also be one or two alternate members, the number being determined by the Appointing Authority.

(3) Qualifications. Each member and alternate member shall be a commissioned officer of the United States armed forces (“Military Officer”), including without limitation reserve personnel on active duty, National Guard personnel on active duty in Federal service, and retired personnel recalled to active duty. The Appointing Authority shall appoint members and alternate members determined to be competent to perform the duties involved. The Appointing Authority may remove members and alternate members for good cause.

(4) Presiding Officer. From among the members of each Commission, the Appointing Authority shall designate a Presiding Officer to preside over the proceedings of that Commission. The Presiding Officer shall be a Military Officer who is a judge advocate of any United States armed force.

(5) Duties of the Presiding Officer. (i) The Presiding Officer shall admit or exclude evidence at trial in accordance with section 6(d) of this part. The Presiding Officer shall have authority to close proceedings or portions of proceedings in accordance with §9.6(b)(3) of this part and for any other reason necessary for the conduct of a full and fair trial.

(ii) The Presiding Officer shall ensure that the discipline, dignity, and decorum of the proceedings are maintained, shall exercise control over the proceedings to ensure proper implementation of the President’s Military Order and this part, and shall have authority to act upon any contempt or breach of Commission rules and procedures. Any attorney authorized to appear before a Commission who is thereafter found not to satisfy the requirements for eligibility or who fails to comply with laws, rules, regulations, or other orders applicable to the Commission proceedings or any other individual who violates such laws, rules, regulations, or orders may be disciplined as the Presiding Officer deems appropriate, including but not limited to revocation of eligibility to appear before that Commission. The Appointing Authority may further revoke that attorney’s or any other person’s eligibility to appear before any other Commission convened under this part.

(iii) The Presiding Officer shall ensure the expeditious conduct of the trial. In no circumstance shall accommodation of counsel be allowed to delay proceedings unreasonably.

(iv) The Presiding Officer shall certify all interlocutory questions, the disposition of which would effect a termination of proceedings with respect to a charge, for decision by the Appointing Authority. The Presiding Officer may certify other interlocutory questions to the Appointing Authority as the Presiding Officer deems appropriate.

(b) Prosecution—(1) Office of the Chief Prosecutor. The Chief Prosecutor shall be a judge advocate of any United States armed force, shall supervise the overall prosecution efforts under the President’s Military Order, and shall ensure proper management of personnel and resources.

(2) Prosecutors and Assistant Prosecutors. (i) Consistent with any supplementary regulations or instructions issued under §9.7(a), the Chief Prosecutor shall detail a Prosecutor and, as appropriate, one or more Assistant Prosecutors to prepare charges and conduct the prosecution for each case before a Commission (“Prosecution”). Prosecutors and Assistant Prosecutors shall be:

(A) Military Officers who are judge advocates of any United States armed force, or

(B) Special trial counsel of the Department of Justice who may be made available by the Attorney General of the United States.

(ii) The duties of the Prosecution are:

(A) To prepare charges for approval and referral by the Appointing Authority;

(B) To conduct the prosecution before the Commission of all cases referred for trial; and

(C) To represent the interests of the Prosecution in any review process.

(c) Defense—(1) Office of the Chief Defense Counsel. The Chief Defense Counsel shall be a judge advocate of any...
United States armed force, shall supervise the overall defense efforts under the President’s Military Order, shall ensure proper management of personnel and resources, shall preclude conflicts of interest, and shall facilitate proper representation of all Accused.

(2) Detailed Defense Counsel. Consistent with any supplementary regulations or instructions issued under § 9.7(a), the Chief Defense Counsel shall detail one or more Military Officers who are judge advocates of any United States armed force to conduct the defense for each case before a Commission (“Detailed Defense Counsel”). The duties of the Detailed Defense Counsel are:

(i) To defend the Accused zealously within the bounds of the law without regard to personal opinion as to the guilt of the Accused; and

(ii) To represent the interests of the Accused in any review process as provided by this part.

(iii) Choice of Counsel. (A) The Accused may select a Military Officer who is a judge advocate of any United States armed force to replace the Accused’s Detailed Defense Counsel, provided that Military Officer has been determined to be available in accordance with any applicable supplementary regulations or instructions issued under § 9.7(a). After such selection of a new Detailed Defense Counsel, the original Detailed Defense Counsel will be relieved of all duties with respect to that case. If requested by the Accused, however, the Appointing Authority may allow the original Detailed Defense Counsel to continue to assist in representation of the Accused as another Detailed Defense Counsel.

(B) The Accused may also retain the services of a civilian attorney of the Accused’s own choosing and at no expense to the United States Government (“Civilian Defense Counsel”), provided that attorney:

(1) Is a United States citizen;

(2) Is admitted to the practice of law in a State, district, territory, or possession of the United States, or before a Federal court;

(3) Has not been the subject of any sanction or disciplinary action by any court, bar, or other competent governmental authority for relevant misconduct;

(4) Has been determined to be eligible for access to information classified at the level SECRET or higher under the authority of and in accordance with the procedures prescribed in DoD 5200.2-R; and

(5) Has signed a written agreement to comply with all applicable regulations or instructions for counsel, including any rules of court for conduct during the course of proceedings. Civilian attorneys may be pre-qualified as members of the pool of available attorneys if, at the time of application, they meet the relevant criteria, or they may be qualified on an ad hoc basis after being requested by an Accused. Representation by Civilian Defense Counsel will not relieve Detailed Defense Counsel of the duties specified in paragraph (c)(2) of this section. The qualification of a Civilian Defense Counsel does not guarantee that person’s presence at closed Commission proceedings or that person’s access to any information protected under § 9.6(d)(5).

(4) Continuity of representation. The Accused must be represented at all relevant times by Detailed Defense Counsel. Detailed Defense Counsel and Civilian Defense Counsel shall be herein referred to collectively as “Defense Counsel.” The Accused and Defense Counsel shall be herein referred to collectively as “the Defense.”

(d) Other Personnel. Other personnel, such as court reporters, interpreters, security personnel, bailiffs, and clerks may be detailed or employed by the Appointing Authority, as necessary.

§ 9.5 Procedures accorded the accused.

The following procedures shall apply with respect to the Accused:

(a) The Prosecution shall furnish to the Accused, sufficiently in advance of trial to prepare a defense, a copy of the charges in English and, if appropriate, in another language that the Accused understands.

(b) The Accused shall be presumed innocent until proven guilty.

(c) A Commission member shall vote for a finding of Guilty as to an offense if and only if that member is convinced

Office of the Secretary of Defense

§ 9.6 Conduct of the trial.

(a) Pretrial procedures—(1) Preparation of the Charges. The Prosecution shall prepare charges for approval by the Appointing Authority, as provided in §9.4(b)(2)(i).

(2) Referral to the Commission. The Appointing Authority may approve and refer for trial any charge against an individual or individuals within the jurisdiction of a Commission in accordance with §9.3(a) and alleging an offense within the jurisdiction of a Commission in accordance with §9.3(b).

(3) Notification of the accused. The Prosecution shall provide copies of the charges approved by the Appointing Authority to the Accused and Defense Counsel. The Prosecution also shall submit the charges approved by the Appointing Authority to the Presiding Officer of the Commission to which they were referred.

(4) Plea Agreements. The Accused, through Defense Counsel, and the Prosecution may submit for approval to the Appointing Authority a plea agreement mandating a sentence limitation or any other provision in exchange for an agreement to plead guilty, or any other consideration. Any agreement to plead
guilty must include a written stipulation of fact, signed by the Accused, that confirms the guilt of the Accused and the voluntary and informed nature of the plea of guilty. If the Appointing Authority approves the plea agreement, the Commission will, after determining the voluntary and informed nature of the plea agreement, admit the plea agreement and stipulation into evidence and be bound to adjudge findings and a sentence pursuant to that plea agreement.

(5) Issuance and service of process; obtaining evidence. (i) The Commission shall have power to:

(A) Summon witnesses to attend trial and testify;

(B) Administer oaths or affirmations to witnesses and other persons and to question witnesses;

(C) Require the production of documents and other evidentiary material; and

(D) Designate special commissioners to take evidence.

(ii) The Presiding Officer shall exercise these powers on behalf of the Commission at the Presiding Officer’s own initiative, or at the request of the Prosecution or the Defense, as necessary to ensure a full and fair trial in accordance with the President’s Military Order and this part. The Commission shall issue its process in the name of the Department of Defense over the signature of the Presiding Officer. Such process shall be served as directed by the Presiding Officer in a manner calculated to give reasonable notice to persons required to take action in accordance with that process.

(b) Duties of the Commission during trial. The Commission shall:

(1) Provide a full and fair trial.

(2) Proceed impartially and expeditiously, strictly confining the proceedings to a full and fair trial of the charges, excluding irrelevant evidence, and preventing any unnecessary interference or delay.

(3) Hold open proceedings except where otherwise decided by the Appointing Authority or the Presiding Officer in accordance with the President’s Military Order and this part. Grounds for closure include the protection of information classified or classifiable under Executive Order 12958; information protected by law or rule from unauthorized disclosure; the physical safety of participants in Commission proceedings, including prospective witnesses; intelligence and law enforcement sources, methods, or activities; and other national security interests. The Presiding Officer may decide to close all or part of a proceeding on the Presiding Officer’s own initiative or based upon a presentation, including an ex parte, in camera presentation by either the Prosecution or the Defense. A decision to close a proceeding or portion thereof may include a decision to exclude the Accused, Civilian Defense Counsel, or any other person, but Detailed Defense Counsel may not be excluded from any trial proceeding or portion thereof. Except with the prior authorization of the Presiding Officer and subject to section 9 of this part, Defense Counsel may not disclose any information presented during a closed session to individuals excluded from such proceeding or part thereof. Open proceedings may include, at the discretion of the Appointing Authority, attendance by the public and accredited press, and public release of transcripts at the appropriate time. Proceedings should be open to the maximum extent practicable. Photography, video, or audio broadcasting, or recording of or at Commission proceedings shall be prohibited, except photography, video, and audio recording by the Commission pursuant to the direction of the Presiding Officer as necessary for preservation of the record of trial.

(4) Hold each session at such time and place as may be directed by the Appointing Authority. Members of the Commission may meet in closed conference at any time.

(5) As soon as practicable at the conclusion of a trial, transmit an authenticated copy of the record of trial to the Appointing Authority.

(c) Oaths. (1) Members of a Commission, all Prosecutors, all Defense Counsel, all court reporters, all security personnel, and all interpreters shall take an oath to perform their duties faithfully.

(2) Each witness appearing before a Commission shall be examined under oath, as provided in paragraph (d)(2)(i) of this section.
(3) An oath includes an affirmation. Any formulation that appeals to the conscience of the person to whom the oath is administered and that binds that person to speak the truth, or, in the case of one other than a witness, properly to perform certain duties, is sufficient.

(d) Evidence—(1) Admissibility. Evidence shall be admitted if, in the opinion of the Presiding Officer (or instead, if any other member of the Commission so requests at the time the Presiding Officer renders that opinion, the opinion of the Commission rendered at that time by a majority of the Commission), the evidence would have probative value to a reasonable person.

(2) Witnesses—(i) Production of witnesses. The Prosecution or the Defense may request that the Commission hear the testimony of any person, and such testimony shall be received if found to be admissible and not cumulative. The Commission may also summon and hear witnesses on its own initiative. The Commission may permit the testimony of witnesses by telephone, audio-visual means, or other means; however, the Commission shall consider the ability to test the veracity of that testimony in evaluating the weight to be given to the testimony of the witness.

(ii) Testimony. Testimony of witnesses shall be given under oath or affirmation. The Commission may still hear a witness who refuses to swear an oath or make a solemn undertaking; however, the Commission shall consider the refusal to swear an oath or give an affirmation in evaluating the weight to be given to the testimony of the witness.

(iii) Examination of witnesses. A witness who testifies before the Commission is subject to both direct examination and cross-examination. The Presiding Officer shall maintain order in the proceedings and shall not permit badgering of witnesses or questions that are not material to the issues before the Commission. Members of the Commission may question witnesses at any time.

(iv) Protection of witnesses. The Presiding Officer shall consider the safety of witnesses and others, as well as the safeguarding of Protected Information as defined in paragraph (d)(5)(i) of this section, in determining the appropriate methods of receiving testimony and evidence. The Presiding Officer may hear any presentation by the Prosecution or the Defense, including an ex parte, in camera presentation, regarding the safety of potential witnesses before determining the ways in which witnesses and evidence will be protected. The Presiding Officer may authorize any methods appropriate for the protection of witnesses and evidence. Such methods may include, but are not limited to: testimony by telephone, audio-visual means, or other electronic means; closure of the proceedings; introduction of prepared declassified summaries of evidence; and the use of pseudonyms.

(3) Other evidence. Subject to the requirements of paragraph (d)(1) of this section concerning admissibility, the Commission may consider any other evidence including, but not limited to, testimony from prior trials and proceedings, sworn or unsworn written statements, physical evidence, or scientific or other reports.

(4) Notice. The Commission may, after affording the Prosecution and the Defense an opportunity to be heard, take conclusive notice of facts that are not subject to reasonable dispute either because they are generally known or are capable of determination by resort to sources that cannot reasonably be contested.

(5) Protection of Information—(i) Protective Order. The Presiding Officer may issue protective orders as necessary to carry out the Military Order and this part, including to safeguard “Protected Information,” which includes:

(A) Information classified or classifiable pursuant to Executive Order 12958;

(B) Information protected by law or rule from unauthorized disclosure;

(C) Information the disclosure of which may endanger the physical safety of participants in Commission proceedings, including prospective witnesses;

(D) Information concerning intelligence and law enforcement sources, methods, or activities; or

(E) Information concerning other national security interests. As soon as practicable, counsel for either side will
§ 9.6

notify the Presiding Officer of any intent to offer evidence involving Protected Information.

(ii) Limited disclosure. The Presiding Officer, upon motion of the Prosecution or sua sponte, shall, as necessary to protect the interests of the United States and consistent with §9.9, direct:

(A) The deletion of specified items of Protected Information from documents to be made available to the Accused, Detailed Defense Counsel, or Civilian Defense Counsel;

(B) The substitution of a portion or summary of the information for such Protected Information; or

(C) The substitution of a statement of the relevant facts that the Protected Information would tend to prove. The Prosecution’s motion and any materials submitted in support thereof or in response thereto shall, upon request of the Prosecution, be considered by the Presiding Officer ex parte, in camera, but no Protected Information shall be admitted into evidence for consideration by the Commission if not presented to Detailed Defense Counsel.

(iii) Closure of proceedings. The Presiding Officer may direct the closure of proceedings in accordance with paragraph (b)(3) of this section.

(iv) Protected information as part of the record of trial. All exhibits admitted as evidence but containing Protected Information shall be sealed and annexed to the record of trial. Additionally, any Protected Information not admitted as evidence but reviewed in camera and subsequently withheld from the Defense over Defense objection shall, with the associated motions and responses and any materials submitted in support thereof, be sealed and annexed to the record of trial as additional exhibits. Such sealed material shall be made available to reviewing authorities in closed proceedings.

(e) Proceedings during trial. The proceedings at each trial will be conducted substantially as follows, unless modified by the Presiding Officer to suit the particular circumstances:

(1) Each charge will be read, or its substance communicated, in the presence of the Accused and the Commission.

(2) The Presiding Officer shall ask each Accused whether the Accused pleads “Guilty” or “Not Guilty.” Should the Accused refuse to enter a plea, the Presiding Officer shall enter a plea of “Not Guilty” on the Accused’s behalf. If the plea to an offense is “Guilty,” the Presiding Officer shall enter a finding of Guilty on that offense after conducting sufficient inquiry to form an opinion that the plea is voluntary and informed. Any plea of Guilty that is not determined to be voluntary and informed shall be changed to a plea of Not Guilty. Plea proceedings shall then continue as to the remaining charges. If a plea of “Guilty” is made on all charges, the Commission shall proceed to sentencing proceedings; if not, the Commission shall proceed to trial as to the charges for which a “Not Guilty” plea has been entered.

(3) The Prosecution shall make its opening statement.

(4) The witnesses and other evidence for the Prosecution shall be heard or received.

(5) The Defense may make an opening statement after the Prosecution’s opening statement or prior to presenting its case.

(6) The witnesses and other evidence for the Defense shall be heard or received.

(7) Thereafter, the Prosecution and the Defense may introduce evidence in rebuttal and surrebuttal.

(8) The Prosecution shall present argument to the Commission. Defense Counsel shall be permitted to present argument in response, and then the Prosecution may reply in rebuttal.

(9) After the members of the Commission deliberate and vote on findings in closed conference, the Presiding Officer shall announce the Commission’s findings in the presence of the Commission, the Prosecution, the Accused, and Defense Counsel. The individual votes of the members of the Commission shall not be disclosed.

(10) In the event a finding of Guilty is entered for an offense, the Prosecution and the Defense may present information to aid the Commission in determining an appropriate sentence. The Accused may testify and shall be subject to cross-examination regarding any such testimony.
(11) The Prosecution and, thereafter, the Defense shall present argument to the Commission regarding sentencing.

(12) After the members of the Commission deliberate and vote on a sentence in closed conference, the Presiding Officer shall announce the Commission’s sentence in the presence of the Commission, the Prosecution, the Accused, and Defense Counsel. The individual votes of the members of the Commission shall not be disclosed.

(f) Voting. Members of the Commission shall deliberate and vote in closed conference. A Commission member shall vote for a finding of Guilty as to an offense if and only if that member is convinced beyond a reasonable doubt, based on the evidence admitted at trial, that the Accused is guilty of the offense. An affirmative vote of two-thirds of the members is required for a finding of Guilty. When appropriate, the Commission may adjust a charged offense by exceptions and substitutions of language that do not substantially change the nature of the offense or increase its seriousness, or it may vote to convict of a lesser-included offense. An affirmative vote of two-thirds of the members is required to determine a sentence, except that a sentence of death requires a unanimous, affirmative vote of all of the members. Votes on findings and sentences shall be taken by secret, written ballot.

(g) Sentence. Upon conviction of an Accused, the Commission shall impose a sentence that is appropriate to the offense or offenses for which there was a finding of Guilty, which sentence may include death, imprisonment for life or for any lesser term, payment of a fine or restitution, or such other lawful punishment or condition of punishment as the Commission shall determine to be proper. Only a Commission of seven members may sentence an Accused to death.

(h) Post-trial procedures—(1) Record of Trial. Each Commission shall make a verbatim transcript of its proceedings, apart from all Commission deliberations, and preserve all evidence admitted in the trial (including any sentencing proceedings) of each case brought before it, which shall constitute the record of trial. The court reporter shall prepare the official record of trial and submit it to the Presiding Officer for authentication upon completion. The Presiding Officer shall transmit the authenticated record of trial to the Appointing Authority. If the Secretary of Defense is serving as the Appointing Authority, the record shall be transmitted to the Review Panel constituted under paragraph (h)(4) of this section.

(2) Finality of findings and sentence. A Commission finding as to a charge and any sentence of a Commission becomes final when the President or, if designated by the President, the Secretary of Defense makes a final decision thereon pursuant to section 4(c)(8) of the President’s Military Order and in accordance with paragraph (h)(6) of this section. An authenticated finding of Not Guilty as to a charge shall not be changed to a finding of Guilty. Any sentence made final by action of the President or the Secretary of Defense shall be carried out promptly. Adjudged confinement shall begin immediately following the trial.

(3) Review by the Appointing Authority. If the Secretary of Defense is not the Appointing Authority, the Appointing Authority shall promptly perform an administrative review of the record of trial. If satisfied that the proceedings of the Commission were administratively complete, the Appointing Authority shall transmit the record of trial to the Review Panel constituted under paragraph (h)(4) of this section. If not so satisfied, the Appointing Authority shall return the case for any necessary supplementary proceedings.

(4) Review Panel. The Secretary of Defense shall designate a Review Panel consisting of three Military Officers, which may include civilians commissioned pursuant to section 603 of title 10, United States Code. At least one member of each Review Panel shall have experience as a judge. The Review Panel shall review the record of trial and, in its discretion, any written submissions from the Prosecution and the Defense and shall deliberate in closed
conference. The Review Panel shall disregard any variance from procedures specified in this part or elsewhere that would not materially have affected the outcome of the trial before the Commission. Within thirty days after receipt of the record of trial, the Review Panel shall either:

(i) Forward the case to the Secretary of Defense with a recommendation as to disposition, or

(ii) Return the case to the Appointing Authority for further proceedings, provided that a majority of the Review Panel has formed a definite and firm conviction that a material error of law occurred.

(5) Review by the Secretary of Defense. The Secretary of Defense shall review the record of trial and the recommendation of the Review Panel and either return the case for further proceedings or, unless making the final decision pursuant to a Presidential designation under section 4(c)(8) of the President’s Military Order, forward it to the President with a recommendation as to disposition.

(6) Final decision. After review by the Secretary of Defense, the record of trial and all recommendations will be forwarded to the President for review and final decision (unless the President has designated the Secretary of Defense to perform this function). If the President has so designated the Secretary of Defense, the Secretary may approve or disapprove findings or change a finding of Guilty to a finding of Guilty to a lesser-included offense, or mitigate, commute, defer, or suspend the sentence imposed or any portion thereof. If the Secretary of Defense is authorized to render the final decision, the review of the Secretary of Defense under paragraph (h)(5) of this section shall constitute the final decision.

§ 9.7 Regulations.

(a) Supplementary regulations and instructions. The Appointing Authority, subject to approval of the General Counsel of the Department of Defense if the Appointing Authority is not the Secretary of Defense, publish such further regulations consistent with the President’s Military Order and this part as are necessary or appropriate for the conduct of proceedings by Commissions under the President’s Military Order. The General Counsel shall issue such instructions consistent with the President’s Military Order and this part as the General Counsel deems necessary to facilitate the conduct of proceedings by such Commissions, including those governing the establishment of Commission-related offices and performance evaluation and reporting relationships.

(b) Construction. In the event of any inconsistency between the President’s Military Order and this part, including any supplementary regulations or instructions issued under paragraph (a) of this section, the provisions of the President’s Military Order shall govern. In the event of any inconsistency between this part and any regulations or instructions issued under paragraph (a) of this section, the provisions of this part shall govern.

§ 9.8 Authority.

Nothing in this part shall be construed to limit in any way the authority of the President as Commander in Chief of the Armed Forces or the power of the President to grant reprieves and pardons. Nothing in this part shall affect the authority to constitute military commissions for a purpose not governed by the President’s Military Order.

§ 9.9 Protection of State secrets.

Nothing in this part shall be construed to authorize disclosure of state secrets to any person not authorized to receive them.

§ 9.10 Other.

This part is not intended to and does not create any right, benefit, or privilege, substantive or procedural, enforceable by any party, against the United States, its departments, agencies, or other entities, its officers or employees, or any other person. No provision in this part shall be construed to be a requirement of the United States Constitution. Section and subsection captions in this document are for convenience only and shall not be used in construing the requirements of this part. Failure to meet a time period specified in this
part, or supplementary regulations or instructions issued under § 9.7(a), shall not create a right to relief for the Accused or any other person. DoD Directive 5025.1\(^2\) shall not apply to this part or any supplementary regulations or instructions issued under § 9.7(a).

§ 9.11 Amendment.

The Secretary of Defense may amend this part from time to time.

§ 9.12 Delegation.

The authority of the Secretary of Defense to make requests for assistance under section 5 of the President’s Military Order is delegated to the General Counsel of the Department of Defense. The Executive Secretary of the Department of Defense shall provide such assistance to the General Counsel as the General Counsel determines necessary for this purpose.

PART 10—MILITARY COMMISSION INSTRUCTIONS

Sec.
10.1 Purpose.
10.2 Authority.
10.3 Applicability.
10.4 Policies and procedures.
10.5 Construction.
10.6 Non-creation of right.
10.7 Reservation of authority.
10.8 Amendment.

AUTHORITY: 10 U.S.C. 113 Id) and 140(b).

SOURCE: 68 FR 39380, July 1, 2003, unless otherwise noted.

§ 10.1 Purpose.

§ 10.2 Authority.

This part is issued pursuant to 32 CFR 9.7(a) and in accordance with 10 U.S.C. 113(d) and 140(b).

§ 10.3 Applicability.

This part, and, unless stated otherwise, all other Military Commission Instructions apply throughout the Department of Defense, including to the Office of the Secretary of Defense, the Military Departments, the Chairman and Vice Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the Department of Defense Field Activities, and all other organizational entities within the Department of Defense, to any special trial counsel of the Department of Justice who may be made available by the Attorney General of the United States to serve as a prosecutor in trials before military commissions pursuant to 32 CFR 9.4(b)(2), to any civilian attorney who seeks qualification as a member of the pool of qualified Civilian Defense Counsel authorized in 32 CFR 9.4(c)(3)(ii), and to any attorney who has been qualified as a member of that pool.

§ 10.4 Policies and procedures.

(a) Promulgation. Military Commission Instructions will be issued by the General Counsel of the Department of Defense (hereinafter General Counsel). Each Instruction will issue over the signature of the General Counsel and, unless otherwise specified therein, shall take effect upon the signature of the General Counsel. Instructions will be numbered in sequence.

(b) Professional responsibility. Compliance with these Instructions shall be deemed a professional responsibility obligation for the practice of law within the Department of Defense.

(c) Compliance breaches. Failure to adhere to these Instructions or any other failure to comply with any rule, regulation, or Instruction applicable to trials by military commission convened pursuant to 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” may be subject to appropriate action by the Appointing Authority, the General Counsel of the
§ 10.5 Construction.

Military Commission Instructions shall be construed in a manner consistent with 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism.” Nothing in these Military Commission Instructions applies with respect to the trial of crimes by military commissions convened under other authority. In the event of an inconsistency, the provisions of 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism.” shall govern as provided in Section 7(B) of Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism.” Pronouns referring to the male gender shall be construed as applying to both male and female.

§ 10.6 Non-creation of right.

Neither this part nor any Military Commission Instruction issued hereafter, is intended to and does not create any right, benefit, privilege, substantive or procedural, enforceable by any party, against the United States, its departments, agencies, or other entities, its officers or employees, or any other person. Alleged noncompliance with an Instruction does not, of itself, constitute error, give rise to judicial review, or establish a right to relief for the Accused or any other person.

§ 10.7 Reservation of authority.

Neither this part nor any Military Commission Instruction issued hereafter shall be construed to limit, impair, or otherwise affect any authority granted by the Constitution or laws of the United States or Department of Defense regulation or directive.

§ 10.8 Amendment.

The General Counsel may issue, supplement, amend, or revoke any Military Commission Instruction at any time.

PART 11—CRIMES AND ELEMENTS FOR TRIALS BY MILITARY COMMISSION

Sec.
11.1 Purpose.
11.2 Authority.
11.3 General.
11.4 Applicable principles of law.
11.5 Definitions.
11.6 Crimes and elements.

AUTHORITY: 10 U.S.C. 821.

SOURCE: 68 FR 39381, July 1, 2003, unless otherwise noted.

§ 11.1 Purpose.

This part provides guidance with respect to crimes that may be tried by military commissions established pursuant to 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” (3 CFR, 2001 comp., p. 918, 66 FR 57833) and enumerates the elements of those crimes.

§ 11.2 Authority.

This part is issued pursuant to 32 CFR 9.7(a) and in accordance with Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” (66 FR 57833) and 10 U.S.C. 113(d), 140(b), and 821. The provisions of 32 CFR part 10 are applicable to this part.

§ 11.3 General.

(a) Background. The following crimes and elements thereof are intended for use by military commissions established pursuant to 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” the jurisdiction of which extends to offenses or offenders that by statute or the law of armed
conflict may be tried by military commission as limited by Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism.” No offense is cognizable in a trial by military commission if that offense did not exist prior to the conduct in question. These crimes and elements derive from the law of armed conflict, a body of law that is sometimes referred to as the law of war. They constitute violations of the law of armed conflict or offenses that, consistent with that body of law, are triable by military commission. Because this document is declarative of existing law, it does not preclude trial for crimes that occurred prior to its effective date.

(b) Effect of other laws. No conclusion regarding the applicability or persuasive authority of other bodies of law should be drawn solely from the presence, absence, or similarity of particular language in this part as compared to other articulations of law.

(c) Non-exclusivity. This part does not contain a comprehensive list of crimes triable by military commission. It is intended to be illustrative of applicable principles of the common law of war but not to provide an exclusive enumeration of the punishable acts recognized as such by that law. The absence of a particular offense from the corpus of those enumerated herein does not preclude trial for that offense.

§ 11.4 Applicable principles of law.

(a) General intent. All actions taken by the Accused that are necessary for completion of a crime must be performed with general intent. This intent is not listed as a separate element. When the mens rea required for culpability to attach involves an intent that a particular consequence occur, or some other specific intent, an intent element is included. The necessary relationship between such intent element and the conduct constituting the actus reus is not articulated for each set of elements, but is presumed; a nexus between the two is necessary.

(b) The element of wrongfulness and defenses. Conduct must be wrongful to constitute one of the offenses enumerated herein or any other offense triable by military commission. Conduct is wrongful if it is done without justification or excuse cognizable under applicable law. The element of wrongfulness (or the absence of lawful justification or excuse), which may be required under the customary law of armed conflict, is not repeated in the elements of crimes in §11.6. Conduct satisfying the elements found herein shall be inferred to be wrongful in the absence of evidence to the contrary. Similarly, this part does not enunciate defenses that may apply for specific offenses, though an Accused is entitled to raise any defense available under the law of armed conflict. Defenses potentially available to an Accused under the law of armed conflict, such as self-defense, mistake of fact, and duress, may be applicable to certain offenses subject to trial by military commission. In the absence of evidence to the contrary, defenses in individual cases shall be presumed not to apply. The burden of going forward with evidence of lawful justification or excuse or any applicable defense shall be upon the Accused. With respect to the issue of combatant immunity raised by the specific enumeration of an element requiring the absence thereof, the prosecution must affirmatively prove that element regardless of whether the issue is raised by the defense. Once an applicable defense or an issue of lawful justification or lawful excuse is fairly raised by the evidence presented, except for the defense of lack of mental responsibility, the burden is on the prosecution to establish beyond a reasonable doubt that the conduct was wrongful or that the defense does not apply. With respect to the defense of lack of mental responsibility, the Accused has the burden of proving by clear and convincing evidence that, as a result of a severe mental disease or defect, the Accused was unable to appreciate the nature and quality of the wrongfulness of the Accused’s acts. As provided in 32 CFR 9.5(c), the prosecution bears the burden of establishing the Accused’s guilt beyond a reasonable doubt in all cases tried by a military commission. Each element of an offense enumerated herein must be proven beyond a reasonable doubt.
§ 11.5 Definitions.

(a) Combatant immunity. Under the law of armed conflict, only a lawful combatant enjoys “combatant immunity” or “belligerent privilege” for the lawful conduct of hostilities during armed conflict.

(b) Enemy. “Enemy” includes any entity with which the United States or allied forces may be engaged in armed conflict, or which is preparing to attack the United States. It is not limited to foreign nations, or foreign military organizations or members thereof. “Enemy” specifically includes any organization of terrorists with international reach.

(c) In the context of and was associated with armed conflict. Elements containing this language require a nexus between the conduct and armed hostilities. Such nexus could involve, but is not limited to, time, location, or purpose of the conduct in relation to the armed hostilities. The existence of such factors, however, may not satisfy the necessary nexus (e.g., murder committed between members of the same armed force for reasons of personal gain unrelated to the conflict, even if temporally and geographically associated with armed conflict, is not “in the context of” the armed conflict). The focus of this element is not the nature or characterization of the conflict, but the nexus to it. This element does not require a declaration of war, ongoing mutual hostilities, or confrontation involving a regular national armed force. A single hostile act or attempted act may provide sufficient basis for the nexus so long as its magnitude or severity rises to the level of an “armed attack” or an “act of war,” or the number, power, stated intent or organization of the force with which the actor is associated is such that the act or attempted act is tantamount to an attack by an armed force. Similarly, conduct undertaken or organized with knowledge or intent that it initiate or contribute to such hostile act or hostilities would satisfy the nexus requirement.

(d) Military Objective. “Military objectives” are those potential targets during an armed conflict which, by their nature, location, purpose, or use, effectively contribute to the opposing force’s war-fighting or war-sustaining capability and whose total or partial destruction, capture, or neutralization would constitute a military advantage to the attacker under the circumstances at the time of the attack.

(e) Object of the attack. “Object of the attack” refers to the person, place, or thing intentionally targeted. In this regard, the term includes neither collateral damage nor incidental injury or death.

(f) Protected property. “Protected property” refers to property specifically protected by the law of armed conflict such as buildings dedicated to religion, education, art, science or charitable purposes, historic monuments, hospitals, or places where the sick and wounded are collected, provided they are not being used for military purposes or are not otherwise military objectives. Such property would include objects properly identified by one of the distinctive emblems of the Geneva Conventions but does not include all civilian property.

(g) Protected under the law of war. The person or object in question is expressly “protected” under one or more of the Geneva Conventions of 1949 or, to the extent applicable, customary international law. The term does not refer to all who enjoy some form of protection as a consequence of compliance with international law, but those who are expressly designated as such by the applicable law of armed conflict. For example, persons who either are hors de combat or medical or religious personnel taking no active part in hostilities are expressly protected, but other civilians may not be.

(h) Should have known. The facts and circumstances were such that a reasonable person in the Accused’s position would have had the relevant knowledge or awareness.

§ 11.6 Crimes and elements.

(a) Substantive offenses—war crimes. The following enumerated offenses, if applicable, should be charged in separate counts. Elements are drafted to
reflect conduct of the perpetrator. Each element need not be specifically charged.

(1) *Willful killing of protected persons*—

(i) **Elements.** (A) The accused killed one or more persons;
(B) The accused intended to kill such person or persons;
(C) Such person or persons were protected under the law of war;
(D) The accused knew or should have known of the factual circumstances that established that protected status; and
(E) The killing took place in the context of and was associated with armed conflict.

(ii) **Comments.** The intent required for this offense precludes its applicability with regard to collateral damage or injury incident to a lawful attack.

(2) *Attacking civilians*—

(i) **Elements.** (A) The accused engaged in an attack;
(B) The object of the attack was a civilian population as such or individual civilians not taking direct or active part in hostilities;
(C) The accused intended the civilian population as such or individual civilians not taking direct or active part in hostilities to be an object of the attack; and
(D) The attack took place in the context of and was associated with armed conflict.

(ii) **Comments.** The intent required for this offense precludes its applicability with regard to collateral damage or injury incident to a lawful attack.

(3) *Attacking civilian objects*—

(i) **Elements.** (A) The accused engaged in an attack;
(B) The object of the attack was civilian property, that is, property that was not a military objective;
(C) The accused intended such property to be an object of the attack;
(D) The accused knew or should have known that such property was not a military objective; and
(E) The attack took place in the context of and was associated with armed conflict.

(ii) **Comments.** The intent required for this offense precludes its applicability with regard to collateral damage or injury incident to a lawful attack.

(4) *Attacking Protected Property*—

(i) **Elements.** (A) The accused engaged in an attack;
(B) The object of the attack was protected property;
(C) The accused intended such property to be an object of the attack;
(D) The accused knew or should have known of the factual circumstances that established that protected status; and
(E) The attack took place in the context of and was associated with armed conflict.

(ii) **Comments.** The intent required for this offense precludes its applicability with regard to collateral damage or injury incident to a lawful attack.

(5) *Pillaging*—

(i) **Elements.** (A) The accused appropriated or seized certain property;
(B) The accused intended to appropriate or seize such property for private or personal use;
(C) The appropriation or seizure was without the consent of the owner of the property or other person with authority to permit such appropriation or seizure; and
(D) The appropriation or seizure took place in the context of and was associated with armed conflict.

(ii) **Comments.** As indicated by the use of the term “private or personal use,” legitimate captures or appropriations, or seizures justified by military necessity, cannot constitute the crime of pillaging.

(6) *Denying quarter*—

(i) **Elements.** (A) The accused declared, ordered, or otherwise indicated that there shall be no survivors or surrender accepted;
(B) The accused thereby intended to threaten an adversary or to conduct hostilities such that there would be no survivors or surrender accepted;
(C) It was foreseeable that circumstances would be such that a practicable and reasonable ability to accept surrender would exist;
(D) The accused was in a position of effective command or control over the subordinate forces to which the declaration or order was directed; and
(E) The conduct took place in the context of and was associated with armed conflict.

(ii) **Comments.** Paragraph (a)(6)(i)(C) of this section precludes this offense
from being interpreted as limiting the application of lawful means or methods of warfare against enemy combatants. For example, a remotely delivered attack cannot give rise to this offense.

(7) **Taking Hostages**—(i) **Elements.** (A) The accused seized, detained, or otherwise held hostage one or more persons; 
(B) The accused threatened to kill, injure, or continue to detain such person or persons; 
(C) The accused intended to compel a State, an international organization, a natural or legal person, or a group of persons to act or refrain from acting as an explicit or implicit condition for the safety or release of such person or persons; and 
(D) The conduct took place in the context of and was associated with armed conflict.

(ii) **Comments.** Consistent with §11.4(b), this offense cannot be committed by lawfully detaining enemy combatants or other individuals as authorized by the law of armed conflict.

(8) **Employing poison or analogous weapons**—(i) **Elements.** (A) The accused employed a substance or a weapon that releases a substance as a result of its employment; 
(B) The substance was such that exposure thereto causes death or serious damage to health in the ordinary course of events, through its asphyxiating, poisonous, or bacteriological properties; 
(C) The accused employed the substance or weapon with the intent of utilizing such asphyxiating, poisonous, or bacteriological properties as a method of warfare; 
(D) The accused knew or should have known of the nature of the substance or weapon; and 
(E) The conduct took place in the context of and was associated with armed conflict.

(ii) **Comments.** (A) The "death or serious damage to health" does not include temporary incapacitation or sensory irritation. 
(B) The clause "serious damage to health" does not include temporary incapacitation or sensory irritation. 
(C) The use of the "substance or weapon" at issue must be prescribed under the law of armed conflict. It may include chemical or biological agents. 
(D) The specific intent element for this offense precludes liability for mere knowledge of potential collateral consequences (e.g., mere knowledge of a secondary asphyxiating or toxic effect would be insufficient to complete the offense).

(9) **Using protected persons as shields**—(i) **Elements.** (A) The accused positioned, or took advantage of the location of, one or more civilians or persons protected under the law of war; 
(B) The accused intended to use the civilian or protected nature of the person or persons to shield a military objective from attack or to shield, favor, or impede military operations; and 
(C) The conduct took place in the context of and was associated with armed conflict.

(ii) [Reserved]

(10) **Using protected property as shields**—(i) **Elements.** (A) The accused positioned, or took advantage of the location of, civilian property or property protected under the law of war; 
(B) The accused intended to shield a military objective from attack or to shield, favor, or impede military operations; and 
(C) The conduct took place in the context of and was associated with armed conflict.

(ii) [Reserved]

(11) **Torture**—(i) **Elements.** (A) The accused inflicted severe physical or mental pain or suffering upon one or more persons; 
(B) The accused intended to inflict such severe physical or mental pain or suffering; 
(C) Such person or persons were in the custody or under the control of the accused; and 
(D) The conduct took place in the context of and was associated with armed conflict.

(ii) **Comments.** (A) Consistent with §11.4(b), this offense does not include pain or suffering arising only from inherent in, or incidental to, lawfully imposed punishments. This offense does
not include the incidental infliction of pain or suffering associated with the legitimate conduct of hostilities.

(B) Severe “mental pain or suffering” is the prolonged mental harm caused by or resulting from:

(1) The intentional infliction or threatened infliction of severe physical pain or suffering;

(2) The administration or application, or threatened administration or application, of mind-altering substances or other procedures calculated to disrupt profoundly the senses or the personality;

(3) The threat of imminent death; or

(4) The threat that another person will imminently be subjected to death, severe physical pain or suffering, or the administration or application of mind-altering substances or other procedures calculated to disrupt profoundly the senses or personality.

(C) “Prolonged mental harm” is a harm of some sustained duration, though not necessarily permanent in nature, such as a clinically identifiable mental disorder.

(D) Paragraph (a)(11)(i)(C) of this section does not require a particular formal relationship between the accused and the victim. Rather, it precludes prosecution for pain or suffering consequent to a lawful military attack.

(12) Causing serious injury—(i) Elements. (A) The accused caused serious injury to the body or health of one or more persons;

(B) The accused intended to inflict such serious injury;

(C) Such person or persons were in the custody or under the control of the accused; and

(D) The conduct took place in the context of and was associated with armed conflict.

(ii) Comments. “Serious injury” includes fractured or dislocated bones, deep cuts, torn members of the body, and serious damage to internal organs.

(13) Mutilation or maiming—(i) Elements. (A) The accused subjected one or more persons to mutilation, in particular by permanently disfiguring the person or persons, or by permanently disabling or removing an organ or appendage;

(B) The accused intended to subject such person or persons to such mutilation;

(C) The conduct caused death or seriously damaged or endangered the physical or mental health or appearance of such person or persons.

(D) The conduct was neither justified by the medical treatment of the person or persons concerned nor carried out in the interest of such person or persons;

(E) Such person or persons were in the custody or control of the accused; and

(F) The conduct took place in the context of and was associated with armed conflict.

(ii) [Reserved]

(14) Use of treachery or perfidy—(i) Elements. (A) The accused invited the confidence or belief of one or more persons that they were entitled to, or were obliged to accord, protection under the law of war;

(B) The accused intended to betray that confidence or belief;

(C) The accused killed, injured, or captured one or more persons;

(D) The accused made use of that confidence or belief in killing, injuring, or capturing such person or persons; and

(E) The conduct took place in the context of and was associated with armed conflict.

(ii) [Reserved]

(15) Improper use of flag of truce—(i) Elements. (A) The accused used a flag of truce;

(B) The accused made such use in order to feign an intention to negotiate, surrender, or otherwise to suspend hostilities when there was no such intention on the part of the accused; and

(C) The conduct took place in the context of and was associated with armed conflict.

(ii) [Reserved]

(16) Improper use of protective emblems—(i) Elements. (A) The accused used a protective emblem recognized by the law of armed conflict;

(B) The accused undertook such use for combatant purposes in a manner prohibited by the law of armed conflict;
(C) The accused knew or should have known of the prohibited nature of such use; and

(D) The conduct took place in the context of and was associated with armed conflict.

(ii) Comments. “Combatant purposes,” as used in paragraph (a)(16)(i)(B) of this section, means purposes directly related to hostilities and does not include medical, religious, or similar activities.

(17) Degrading treatment of a dead body—(i) Elements. (A) The accused degraded or otherwise violated the dignity of the body of a dead person;

(B) The accused intended to degrade or otherwise violate the dignity of such body;

(C) The severity of the degradation or other violation was of such degree as to be generally recognized as an outrage upon personal dignity; and

(D) The conduct took place in the context of and was associated with armed conflict.

(ii) Comments. Paragraph (a)(17)(i)(B) of this section precludes prosecution for actions justified by military necessity.

(18) Rape—(i) Elements. (A) The accused invaded the body of a person by conduct resulting in penetration, however slight, of any part of the body of the victim or of the accused with a sexual organ, or of the anal or genital opening of the victim with any object or any other part of the body;

(B) The invasion was committed by force, threat of force or coercion, or was committed against a person incapable of giving consent; and

(C) The conduct took place in the context of and was associated with armed conflict.

(ii) Comments. Paragraph (a)(18)(i)(B) of this section recognizes that consensual conduct does not give rise to this offense.

(b) Substantive offenses—other offenses triable by military commission. The following enumerated offenses, if applicable, should be charged in separate counts. Elements are drafted to reflect conduct of the perpetrator. Each element need not be specifically charged.

(1) Hijacking or hazarding a vessel or aircraft—(i) Elements. (A) The accused seized, exercised control over, or endangered the safe navigation of a vessel or aircraft;

(B) The accused intended to so seize, exercise control over, or endanger such vessel or aircraft; and

(C) The conduct took place in the context of and was associated with armed conflict.

(ii) Comments. A seizure, exercise of control, or endangerment required by military necessity, or against a lawful military objective undertaken by military forces of a State in the exercise of their official duties, would not satisfy the wrongfulness requirement for this crime.

(2) Terrorism—(i) Elements. (A) The accused killed or inflicted bodily harm on one or more persons or destroyed property;

(B) The accused:

(1) Intended to kill or inflict bodily harm on one or more persons; or

(2) Intentionally engaged in an act that is inherently dangerous to another and evinces a wanton disregard of human life;

(C) The killing, harm or destruction was intended to intimidate or coerce a civilian population, or to influence the policy of a government by intimidation or coercion; and

(D) The killing, harm or destruction took place in the context of and was associated with armed conflict.

(ii) Comments. (A) Paragraph (b)(2)(i)(A) of this section includes the concept of causing death or bodily harm, even if indirectly.

(B) The requirement that the conduct be wrongful for this crime necessitates that the conduct establishing this offense not constitute an attack against a lawful military objective undertaken by military forces of a State in the exercise of their official duties.

(D) The concept of “invasion” is gender neutral.
(3) Murder by an unprivileged belligerent—(i) Elements. (A) The accused killed one or more persons;
(B) The accused:
(1) Intended to kill or inflict great bodily harm on such person or persons; or
(2) Intentionally engaged in an act that is inherently dangerous to another and evinces a wanton disregard of human life;
(C) The accused did not enjoy combatant immunity; and
(D) The killing took place in the context of and was associated with armed conflict.

(ii) Comments. (A) The term "kill" includes intentionally causing death, whether directly or indirectly.
(B) Unlike the crimes of willful killing or attacking civilians, in which the victim's status is a prerequisite to criminality, for this offense the victim's status is immaterial. Even an attack on a soldier would be a crime if the attacker did not enjoy "belligerent privilege" or "combatant immunity."

(4) Destruction of property by an unprivileged belligerent—(i) Elements. (A) The accused destroyed property;
(B) The property belonged to another person, and the destruction was without that person's consent;
(C) The accused intended to destroy such property;
(D) The accused did not enjoy combatant immunity; and
(E) The destruction took place in the context of and was associated with armed conflict.

(ii) [Reserved]

(5) Aiding the enemy—(i) Elements. (A) The accused aided the enemy;
(B) The accused intended to aid the enemy; and
(C) The conduct took place in the context of and was associated with armed conflict.

(ii) Comments. (A) Means of accomplishing paragraph (b)(5)(i)(A) of this section include, but are not limited to: providing arms, ammunition, supplies, money, other items or services to the enemy; harboring or protecting the enemy; or giving intelligence or other information to the enemy.
(B) The requirement that conduct be wrongful for this crime necessitates that the accused act without proper authority. For example, furnishing enemy combatants detained during hostilities with subsistence or quarters in accordance with applicable orders or policy is not aiding the enemy.
(C) The requirement that conduct be wrongful for this crime may necessitate that, in the case of a lawful belligerent, the accused owe allegiance or some duty to the United States of America or to an ally or coalition partner. For example, citizenship, resident alien status, or a contractual relationship in or with the United States or an ally or coalition partner is sufficient to satisfy this requirement so long as the relationship existed at a time relevant to the offense alleged.

(6) Spying—(i) Elements. (A) The accused collected or attempted to collect certain information:
(B) The accused intended to convey such information to the enemy;
(C) The accused, in collecting or attempting to collect the information, was lurking or acting clandestinely, while acting under false pretenses; and
(D) The conduct took place in the context of and was associated with armed conflict.

(ii) Comments. (A) Members of a military organization not wearing a disguise and others who carry out their missions openly are not spies, if, though they may have resorted to concealment, they have not acted under false pretenses.
(B) Related to the requirement that conduct be wrongful or without justification or excuse in this case is the fact that, consistent with the law of war, a lawful combatant who, after rejoining the armed force to which that combatant belongs, is subsequently captured, can not be punished for previous acts of espionage. His successful rejoining of his armed force constitutes a defense.

(7) Perjury or false testimony—(i) Elements. (A) The accused testified at a military commission, in proceedings ancillary to a military commission, or provided information in a writing executed under an oath to tell the truth or a declaration acknowledging the applicability of penalties of perjury in connection with such proceedings;
(B) Such testimony or information was material;
§ 11.6

(C) Such testimony or information was false; and

(D) The accused knew such testimony or information to be false.

(ii) [Reserved]

(8) Obstruction of justice related to military commissions—(i) Elements. (A) The accused did an act;

(B) The accused intended to influence, impede, or otherwise obstruct the due administration of justice; and

(C) The accused did such act in the case of a certain person against whom the accused had reason to believe:

(1) There were or would be proceedings before a military commission; or

(2) There was an ongoing investigation of offenses triable by military commission.

(ii) [Reserved]

(c) Other forms of liability and related offenses. A person is criminally liable as a principal for a completed substantive offense if that person commits the offense (perpetrator), aids or abets the commission of the offense, solicits commission of the offense, or is otherwise responsible due to command responsibility. Such a person would be charged as a principal even if another individual more directly perpetrated the offense. In proving culpability, however, the below listed definitions and elements are applicable. Additionally, if a substantive offense was completed, a person may be criminally liable for the separate offense of accessory after the fact. If the substantive offense was not completed, a person may be criminally liable of the lesser-included offense of attempt or the separate offense of solicitation. Finally, regardless of whether the substantive offense was completed, a person may be criminally liable of the separate offense of conspiracy in addition to the substantive offense. Each element need not be specifically charged.

(1) Aiding or abetting—(i) Elements. (A) The accused committed an act that aided or abetted another person or entity in the commission of the substantive offense or an associated criminal purpose or enterprise.

(ii) Comments. (A) The term “aided or abetted” in paragraph (c)(1)(i)(A) of this section includes: assisting, encouraging, instigating, counseling, ordering, or procuring another to commit a substantive offense; assisting, encouraging, advising, counseling, or ordering another in the commission of a substantive offense; and in any other way facilitating the commission of a substantive offense.

(B) In some circumstances, inaction may render one liable as an aider or abettor. If a person has a legal duty to prevent or thwart the commission of a substantive offense, but does not do so, that person may be considered to have aided or abetted the commission of the offense if such noninterference is intended to and does operate as an aid or encouragement to the actual perpetrator.

(C) An accused charged with aiding or abetting should be charged with the related substantive offense as a principal.

(2) Solicitation—(i) Elements. (A) The accused solicited, ordered, induced, or advised a certain person or persons to commit one or more substantive offenses triable by military commission; and

(B) The accused intended that the offense actually be committed.

(ii) Comments. (A) The offense is complete when a solicitation is made or advice is given with the specific wrongful intent to induce a person or persons to commit any offense triable by military commission. It is not necessary that the person or persons solicited, ordered, induced, advised, or assisted agree to or act upon the solicitation or advice. If the offense solicited is actually committed, however, the accused is liable under the law of armed conflict for the substantive offense. An accused should not be convicted of both solicitation and the substantive offense solicited if criminal liability for the substantive offense is based upon the solicitation.

(B) Solicitation may be by means other than speech or writing. Any act or conduct that reasonably may be
construed as a serious request, order, inducement, advice, or offer of assistance to commit any offense triable by military commission may constitute solicitation. It is not necessary that the accused act alone in the solicitation, order, inducement, advising, or assistance. The accused may act through other persons in committing this offense.

(C) An accused charged with solicitation of a completed substantive offense should be charged for the substantive offense as a principal. An accused charged with solicitation of an uncompleted offense should be charged for the separate offense of solicitation. Solicitation is not a lesser-included offense of the related substantive offense.

(2) Command/superior responsibility—perpetrating—(i) Elements.

(A) The accused had command and control, or effective authority and control, over one or more subordinates;

(B) One or more of the accused’s subordinates committed, attempted to commit, conspired to commit, solicited to commit, or aided or abetted the commission of one or more substantive offenses triable by military commission;

(C) The accused either knew or should have known that the subordinate or subordinates were committing, attempting to commit, conspiring to commit, soliciting, or aiding or abetting such offense or offenses; and

(D) The accused failed to take all necessary and reasonable measures within his power to prevent or repress the commission of the offense or offenses.

(ii) Comments.

(A) The phrase “effective authority and control” in paragraph (c)(3)(i)(A) of this section includes the concept of relative authority over the subject matter or activities associated with the perpetrator’s conduct. This may be relevant to a civilian superior who cannot be held responsible under this offense for the behavior of subordinates involved in activities that have nothing to do with such superior’s sphere of authority.

(B) A commander or superior charged with failing to take appropriate punitive or investigative action subsequent to the perpetration of a substantive offense triable by military commission should not be charged for the substantive offense as a principal. Such commander or superior should be charged for the separate offense of failing to submit the matter for investigation and/or prosecution as detailed in these elements. This offense is not a lesser-included offense of the related substantive offense.

(5) Accessory after the fact—(i) Elements.

(A) The accused received, comforted, or assisted a certain person;

(B) Such person had committed an offense triable by military commission;
(C) The accused knew that such person had committed such offense or believed such person had committed a similar or closely related offense; and

(D) The accused intended to hinder or prevent the apprehension, trial, or punishment of such person.

(ii) Comments. Accessory after the fact should be charged separately from the related substantive offense. It is not a lesser-included offense of the related substantive offense.

(6) Conspiracy—(i) Elements. (A) The accused entered into an agreement with one or more persons to commit one or more substantive offenses triable by military commission or otherwise joined an enterprise of persons who shared a common criminal purpose that involved, at least in part, the commission or intended commission of one or more substantive offenses triable by military commission;

(B) The accused knew the unlawful purpose of the agreement or the common criminal purpose of the enterprise and joined in it willfully, that is, with the intent to further the unlawful purpose; and

(C) One of the conspirators or enterprise members, during the existence of the agreement or enterprise, knowingly committed an overt act in order to accomplish some objective or purpose of the agreement or enterprise.

(ii) Comments. (A) Two or more persons are required in order to have a conspiracy. Knowledge of the identity of co-conspirators and their particular connection with the agreement or enterprise need not be established. A person may be guilty of conspiracy although incapable of committing the intended offense. The joining of another conspirator after the conspiracy has been established does not create a new conspiracy or affect the status of the other conspirators. The agreement or common criminal purpose in a conspiracy need not be in any particular form or manifested in any formal words.

(B) The agreement or enterprise must, at least in part, involve the commission or intended commission of one or more substantive offenses triable by military commission. A single conspiracy may embrace multiple criminal objectives. The agreement need not include knowledge that any relevant offense is in fact “triable by military commission.”

(C) The overt act must be done by one or more of the conspirators, but not necessarily the accused, and it must be done to effectuate the object of the conspiracy or in furtherance of the common criminal purpose. The accused need not have entered the agreement or criminal enterprise at the time of the overt act.

(D) The overt act need not be in itself criminal, but it must advance the purpose of the conspiracy. It is not essential that any substantive offense be committed.

(E) Each conspirator is liable for all offenses committed pursuant to or in furtherance of the conspiracy by any of the co-conspirators, after such conspirator has joined the conspiracy and while the conspiracy continues and such conspirator remains a party to it.

(F) A party to the conspiracy who withdraws from or abandons the agreement or enterprise before the commission of an overt act by any conspirator is not guilty of conspiracy. An effective withdrawal or abandonment must consist of affirmative conduct that is wholly inconsistent with adherence to the unlawful agreement or common criminal purpose and that shows that the party has severed all connection with the conspiracy. A conspirator who effectively withdraws from or abandons the conspiracy after the performance of an overt act by one of the conspirators remains guilty of conspiracy and of any offenses committed pursuant to the conspiracy up to the time of the withdrawal or abandonment. The withdrawal of a conspirator from the conspiracy does not affect the status of the remaining members.

(G) That the object of the conspiracy was impossible to effect is not a defense to this offense.

(H) Conspiracy to commit an offense is a separate and distinct offense from any offense committed pursuant to or in furtherance of the conspiracy, and both the conspiracy and any related offense may be charged, tried, and punished separately. Conspiracy should be charged separately from the related substantive offense. It is not a lesser-
Office of the Secretary of Defense

§ 12.3 Included offense of the substantive offense.

(7) Attempt—(i) Elements. (A) The accused committed an act;
(B) The accused intended to commit one or more substantive offenses triable by military commission;
(C) The act amounted to more than mere preparation; and
(D) The act apparently tended to effect the commission of the intended offense.

(ii) Comments. (A) To constitute an attempt there must be a specific intent to commit the offense accompanied by an act that tends to accomplish the unlawful purpose. This intent need not involve knowledge that the offense is in fact “triable by military commission.”
(B) Preparation consists of devising or arranging means or measures apparently necessary for the commission of the offense. The act need not be the last act essential to the consummation of the offense. The combination of specific intent to commit an offense, plus the commission of an act apparently tending to further its accomplishment, constitutes the offense of attempt. Failure to complete the offense, whatever the cause, is not a defense.
(C) A person who purposely engages in conduct that would constitute the offense if the attendant circumstances were as that person believed them to be is guilty of an attempt.
(D) It is a defense to an attempt offense that the person voluntarily and completely abandoned the intended offense, solely because of the person’s own sense that it was wrong, prior to the completion of the substantive offense. The voluntary abandonment defense is not allowed if the abandonment results, in whole or in part, from other reasons, for example, the person feared detection or apprehension, decided to await a better opportunity for success, was unable to complete the crime, or encountered unanticipated difficulties or unexpected resistance.
(E) Attempt is a lesser-included offense of any substantive offense triable by military commission and need not be charged separately. An accused may be charged with attempt without being charged with the substantive offense.

PART 12—RESPONSIBILITIES OF THE CHIEF PROSECUTOR, PROSECUTORS, AND ASSISTANT PROSECUTORS

Sec.
12.1 Purpose.
12.2 Authority.
12.3 Office of the Chief Prosecutor.
12.4 Duties and responsibilities of the prosecution.
12.5 Policies.

AUTHORITY: 10 U.S.C. 113(d) and 140(b).

SOURCE: 68 FR 39388, July 1, 2003, unless otherwise noted.

§ 12.1 Purpose.

This part establishes the responsibilities of the Office of the Chief Prosecutor and components thereof.

§ 12.2 Authority.

This part is issued pursuant to 32 CFR 9.7(a) and in accordance with Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” (3 CFR, 2001 comp., p. 918, 66 FR 57833) and 10 U.S.C. 113(d) and 140(b). The provisions of 32 CFR part 10 are applicable to this part.

§ 12.3 Office of the Chief Prosecutor.

(a) General. The Office of the Chief Prosecutor shall be a component of the Office of Military Commissions and shall be comprised of the Chief Prosecutor, Prosecutors, and other persons properly under the supervision of the Chief Prosecutor.
(b) Chief Prosecutor. (1) The Chief Prosecutor shall be a judge advocate of any United States armed force and shall be designated by the General Counsel of the Department of Defense.
(2) The Chief Prosecutor shall report directly to the Deputy General Counsel (Legal Counsel) of the Department of Defense.
(3) The Chief Prosecutor shall have authority to subpoena any individual to appear as a witness, to testify, or to produce any evidence in a case referred to military commissions or in a criminal investigation associated with a case that may be referred to a military commission.
(4) The Chief Prosecutor shall direct the overall prosecution effort pursuant

(5) The Chief Prosecutor shall ensure that all personnel assigned to the Office of the Chief Prosecutor review, and attest that they understand and will comply with, 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” and all Supplementary Regulations and Instructions issued in accordance therewith.

(6) The Chief Prosecutor shall inform the Deputy General Counsel (Legal Counsel) of all requirements for personnel, office space, equipment, and supplies to ensure the successful functioning and mission accomplishment of the Office of the Chief Prosecutor.

(7) The Chief Prosecutor shall supervise all Prosecutors and other personnel assigned to the Office of the Chief Prosecutor including any special trial counsel of the Department of Justice who may be made available by the Attorney General of the United States.

(8) The Chief Prosecutor, or his designee, shall fulfill applicable performance evaluation requirements associated with Prosecutors and other personnel properly under the supervision of the Office of the Chief Prosecutor.

(9) The Chief Prosecutor shall detail a Prosecutor and, as appropriate, one or more Assistant Prosecutors to perform the duties of the prosecution as set forth in 32 CFR 9.4(b)(2). The Chief Prosecutor may detail himself to perform such duties.

(10) The Chief Prosecutor shall ensure that all Prosecutors and Assistant Prosecutors faithfully represent the United States in discharging their prosecutorial duties before military commissions conducted pursuant to 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism.”

(11) The Chief Prosecutor shall ensure that all Prosecutors and Assistant Prosecutors have taken an oath to perform their duties faithfully.

(12) The Chief Prosecutor shall ensure that all personnel properly under the supervision of the Office of the Chief Prosecutor possess the appropriate security clearances.

(c) Prosecutors. (1) Prosecutors shall be detailed by the Chief Prosecutor and may be either judge advocates of any United States armed force or special trial counsel of the Department of Justice who may be made available by the Attorney General of the United States.

(2) Prosecutors shall represent the United States as Prosecutors or Assistant Prosecutors as directed by the Chief Prosecutor and in accordance with 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism.”

(4) Prosecutors shall ensure that all court reporters, security personnel, and interpreters who are to perform duties in relation to a military commission proceeding have taken an oath to perform their duties faithfully. As directed by the Presiding Officer, Prosecutors also shall administer appropriate oaths to witnesses during military commission proceedings.

§ 12.4 Duties and responsibilities of the prosecution.

(a) Regular duties. The Prosecution shall perform all duties specified or implied in 32 CFR part 9 as responsibilities of the Prosecution.

(b) Administrative duties. The Prosecution shall, as directed by the Presiding Officer or the Appointing Authority, prepare any documentation necessary to facilitate the conduct of military commissions proceedings. The Prosecution shall, as directed by the Deputy General Counsel (Legal Counsel), prepare a trial guide to provide a standardized administrative plan for the
conduct of military commission proceedings. Unless directed otherwise by the Appointing Authority, the Presiding Officer may, in his discretion, depart from this guide as appropriate.

(c) Special duties. The Prosecution shall perform all other functions, consistent with 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” as may be directed by the Appointing Authority or the General Counsel of the Department of Defense.

§ 12.5 Policies.

(b) Prohibition on certain disclosures. All Prosecutors must strictly comply with 32 CFR 9.6(d)(5) and 9.9 to ensure they do not improperly disclose classified information, national security information, or state secrets to any person not specifically authorized to receive such information.

(c) Statements to the media. Consistent with DoD Directive 5122.5, the Assistant Secretary of Defense for Public Affairs shall serve as the sole release authority for DoD information and audiovisual materials regarding military commissions. Personnel assigned to the Office of the Chief Prosecutor may communicate with news media representatives regarding cases and other matters related to military commissions only when approved by the Appointing Authority or the General Counsel of the Department of Defense.

PART 13—RESPONSIBILITIES OF THE CHIEF DEFENSE COUNSEL, DETAILED DEFENSE COUNSEL, AND CIVILIAN DEFENSE COUNSEL

1 Available at http://www.dtic.mil/whs/directives.
(4) The Chief Defense Counsel shall ensure that all personnel assigned to the Office of the Chief Defense Counsel review, and attest that they understand and will comply with, 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism.”

Furthermore, the Chief Defense Counsel shall regulate the conduct of Detailed Defense Counsel as deemed necessary, consistent with 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” and all Supplementary Regulations and Instructions issued in accordance therewith. The Chief Defense Counsel may, when appropriate, detail an additional judge advocate as Assistant Detailed Defense Counsel to assist in performing the duties of the Detailed Defense Counsel.

(i) The Chief Defense Counsel may structure the Office of the Chief Defense Counsel so as to include subordinate supervising attorneys who may incur confidentiality obligations in the context of fulfilling their supervisory responsibilities with regard to Detailed Defense Counsel.

(5) The Chief Defense Counsel shall inform the Deputy General Counsel (Personnel and Health Policy) of the Department of Defense of all requirements for personnel, office space, equipment, and supplies to ensure the successful functioning and mission accomplishment of the Office of the Chief Defense Counsel.

(7) The Chief Defense Counsel, or his designee, shall fulfill applicable performance evaluation requirements associated with Defense Counsel and other personnel properly under the supervision of the Chief Defense Counsel.

(8) The Chief Defense Counsel shall detail a judge advocate of any United States armed force to perform the duties of the Detailed Defense Counsel as set forth in 32 CFR 9.4(c)(2) and shall detail or employ any other personnel as directed by the Appointing Authority or the Presiding Officer in a particular case. The Chief Defense Counsel may not detail himself to perform the duties of Detailed Defense Counsel, nor does he form an attorney-client relationship with accused persons or incur any concomitant confidentiality obligations.

(i) The Chief Defense Counsel may, when appropriate, detail an additional judge advocate as Assistant Detailed Defense Counsel to assist in performing the duties of the Detailed Defense Counsel.

(ii) The Chief Defense Counsel may structure the Office of the Chief Defense Counsel so as to include subordinate supervising attorneys who may incur confidentiality obligations in the context of fulfilling their supervisory responsibilities with regard to Detailed Defense Counsel.

(9) The Chief Defense Counsel shall take appropriate measures to preclude Defense Counsel conflicts of interest arising from the representation of Accused before military commissions. The Chief Defense Counsel shall be provided sufficient information (potentially including protected information) to fulfill this responsibility.

(10) The Chief Defense Counsel shall take appropriate measures to ensure that each Detailed Defense Counsel is capable of zealous representation, unencumbered by any conflict of interest. In this regard, the Chief Defense Counsel shall monitor the activities of all Defense Counsel (Detailed and Civilian) and take appropriate measures to ensure that Defense Counsel do not enter into agreements with other Accused or Defense Counsel that might cause them or the Accused they represent to incur an obligation of confidentiality with such other Accused or Defense Counsel or to effect some other impediment to representation.

(11) The Chief Defense Counsel shall ensure that an Accused trialed before a military commission pursuant to 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” is represented at all relevant times by Detailed Defense Counsel.

(12) The Chief Defense Counsel shall administer all requests for replacement of Detailed Defense Counsel requested in
accordance with 32 CFR 9.4(c)(3). He shall determine the availability of such counsel in accordance with this part.

(13) The Chief Defense Counsel shall administer the Civilian Defense Counsel pool, screening all requests for prequalification and ad hoc qualification, making qualification determinations and recommendations in accordance with 32 CFR part 9, this part, and 32 CFR part 14, and ensuring appropriate notification to an Accused of civilian attorneys available to represent Accused before a military commission.

(14) The Chief Defense Counsel shall ensure that all Detailed Defense Counsel and Civilian Defense Counsel who are to perform duties in relation to a military commission have taken an oath to perform their duties faithfully.

(15) The Chief Defense Counsel shall ensure that all personnel properly under the supervision of the Office of the Chief Defense Counsel possess the appropriate security clearances.

d) Selected Detailed Defense Counsel.

(1) The Accused may select a judge advocate of any United States armed force to replace the Accused's Detailed Defense Counsel, provided that judge advocate has been determined to be available by the Chief Defense Counsel in consultation with the Judge Advocate General of that judge advocate's military department.

(2) A judge advocate shall be determined not to be available if assigned duties: as a general or flag officer; as a military judge; as a prosecutor in the Office of Military Commissions; as a judge advocate assigned to the Department of Defense Criminal Investigation Task Force or Joint Task Force Guantanamo; as a principal legal advisor to a command, organization, or agency; as an instructor or student at a service school, academy, college or university; or in any other capacity that the Judge Advocate General of the Military Department concerned may determine not to be available because of the nature or responsibilities of their assignments, exigent circumstances, military necessity, or other appropriate reasons.

(3) Consistent with 32 CFR 9.6(b), the selection and replacement of new Detailed Defense Counsel shall not unreasonably delay military commission proceedings.

(4) Unless otherwise directed by the Appointing Authority or the General Counsel of the Department of Defense, the Chief Defense Counsel will, after selection of a new Detailed Defense Counsel, relieve the original Detailed Defense Counsel of all duties with respect to that case.

e) Qualified Civilian Defense Counsel.

(1) The Accused may, at no expense to the United States, retain the services of a civilian attorney of the Accused's own choosing to assist in the conduct of his defense before a military commission, provided that the civilian attorney retained has been determined to be qualified pursuant to 32 CFR 9.4(c)(3)(ii).

(2) Consistent with 32 CFR 9.6(b), the retention of Civilian Defense Counsel shall not unreasonably delay military commission proceedings.
§ 13.4 Duties and responsibilities of the defense.

(a) Regular duties. The Defense shall perform all duties specified or implied in 32 CFR part 9 as responsibilities of the Defense.

(b) Special duties. The Office of the Chief Defense Counsel shall perform such other functions, consistent with 32 CFR part 9, and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” and the mission of the Office of the Chief Defense Counsel, as may be directed by the Appointing Authority or the General Counsel of the Department of Defense.

§ 13.5 Policies.

(a) Prohibition on certain agreements. No Defense Counsel may enter into agreements with any detainee other than his client, or such detainee’s Defense Counsel, that might cause him or the client he represents to incur an obligation of confidentiality with such other detainee or Defense Counsel or to effect some other impediment to representation.

(b) Prohibition on certain disclosures. All Defense Counsel must strictly comply with 32 CFR 9.6(d)(5) and 9.9 to ensure they do not improperly disclose classified information, national security information, or state secrets to an Accused or potential Accused or to any other person not specifically authorized to receive such information.

(c) Statements to the media. The Assistant Secretary of Defense for Public Affairs shall serve as the sole release authority for DoD information and audio-visual materials regarding military commissions. Personnel assigned to the Office of the Chief Defense Counsel, as well as all members of the Civilian Defense Counsel pool and associated personnel may communicate with news media representatives regarding cases and other matters related to military commissions only when approved by the Appointing Authority or the General Counsel of the Department of Defense.
§ 14.2 Authority.

This part is issued pursuant to 32 CFR 9.7(a) and in accordance with Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” and 10 U.S.C. 113(d) and 140(b). The provisions of 32 CFR part 10 are applicable to this part.

§ 14.3 Policies and procedures.

(a) Application procedures. (1) Civilian attorneys may be prequalified as members of the pool of attorneys eligible to represent Accused before military commissions at no expense to the United States if, at the time of application, they meet the eligibility criteria set forth in 32 CFR 9.4(c)(3)(ii) as further detailed in this part, or they may be qualified on an ad hoc basis after being requested by an Accused. In both cases, qualification results in membership in the pool of available Civilian Defense Counsel.

(2) An attorney seeking qualification as a member of the pool of available Civilian Defense Counsel shall submit an application, by letter, to: Office of the General Counsel, Department of Defense, (Attn: Chief Defense Counsel, Office of Military Commissions), 1600 Defense Pentagon, Washington, DC 20301–1600. Applications will be comprised of the letter requesting qualification for membership, together with the following documents that demonstrate satisfaction of the criteria set forth in 32 CFR 9.4(c)(3)(ii):

(i) Civilian Defense Counsel shall be United States citizens (32 CFR 9.4(c)(3)(ii)(A)). Applicants will provide proof of citizenship (e.g., certified true copy of passport, birth certificate, or certificate of naturalization).

(ii) Civilian Defense Counsel shall be admitted to the practice of law in a State, district, territory or possession of the United States, or before a Federal court (32 CFR 9.4(c)(3)(ii)(B)). Applicants will submit an official certificate showing that the applicant is an active member in good standing with the bar of a qualifying jurisdiction. The certificate must be dated within three months of the date of the Chief Defense Counsel’s receipt of the application.

(iii) Civilian Defense Counsel shall not have been the subject of any sanction or disciplinary action by any court, bar, or other competent governmental authority for relevant misconduct (32 CFR 9.4(c)(2)(iii)).

(A) An applicant shall submit a statement detailing all sanctions or disciplinary actions, pending or final, to which he has been subject, whether by a court, bar or other competent governmental authority, for misconduct of any kind. The statement shall identify the jurisdiction or authority that imposed the sanction or disciplinary action, together with any explanation deemed appropriate by the applicant. Additionally, the statement shall identify and explain any formal challenge to the attorney’s fitness to practice law, regardless of the outcome of any subsequent proceedings. In the event that no sanction, disciplinary action or challenge has been imposed on or made against an applicant, the statement shall so state.

Further, the applicant’s statement shall identify each jurisdiction in which he has been admitted or to which he has applied to practice law, regardless of whether the applicant maintains a current active license in that jurisdiction, together with any dates of admission to or rejection by each such jurisdiction and, if no longer active, the date of and basis for inactivation. The information shall be submitted either in the form of a sworn notarized statement or as a declaration under penalty of perjury of the laws of the United States. The sworn statement or declaration must be executed and dated within three months of the date of the Chief Defense Counsel’s receipt of the application.

(B) Further, applicants shall submit a properly executed Authorization for Release of Information (Appendix A to this part), authorizing the Chief Defense Counsel or his designee to obtain information relevant to qualification of the applicant as a member of the Civilian Defense Counsel pool from each jurisdiction in which the applicant has been admitted or to which he has applied to practice law.

(iv) Civilian Defense Counsel shall be determined to be eligible for access to information classified at the level SECRET or higher under the authority of
and in accordance with the procedures described in Department of Defense Regulation, DoD 5200.2-R, “Personnel Security Program.”

(A) Civilian Defense Counsel applicants who possess a valid current security clearance of SECRET or higher shall provide, in writing, the date of their background investigation, the date such clearance was granted, the level of the clearance, and the adjudicating authority.

(B) Civilian Defense Counsel applicants who do not possess a valid current security clearance of SECRET or higher shall state in writing their willingness to submit to a background investigation in accordance with DoD 5200.2-R and to pay any actual costs associated with the processing of the same. The security clearance application, investigation, and adjudication process will not be initiated until the applicant has submitted an application that otherwise fully complies with this part and the Chief Defense Counsel has determined that the applicant would otherwise be qualified for membership in the Civilian Defense Counsel pool. Favorable adjudication of the applicant’s personnel security investigation must be completed before an applicant will be qualified for membership in the pool of Civilian Defense Counsel. The Chief Defense Counsel may, at his discretion, withhold qualification and wait to initiate the security clearance process until such time as the Civilian Defense Counsel’s services are likely to be sought.

(V) Civilian Defense Counsel shall have signed a written agreement to comply with all applicable regulations or instructions for counsel, including any rules of court for conduct during the course of proceedings (32 CFR 9.4(c)(2)(v)). This requirement shall be satisfied by the execution of the Affidavit And Agreement By Civilian Defense Counsel at Appendix B to this part. The Affidavit And Agreement By Civilian Defense Counsel shall be executed and agreed to without change, (i.e., no omissions, additions or substitutions). Proper execution shall require the notarized signature of the applicant. The Affidavit And Agreement By Civilian Defense Counsel shall be dated within three months of the date of the Chief Defense Counsel’s receipt of the application.

(3) Applications mailed in a franked U.S. Government envelope or received through U.S. Government distribution will not be considered. Telefaxed or electronic mail application materials will not be accepted. Failure to provide all of the requisite information and documentation may result in rejection of the application. A false statement in any part of the application may preclude qualification and/or render the applicant liable for disciplinary or criminal sanction, including under 18 U.S.C. 1001.

(b) Application review. (1) The Chief Defense Counsel or his designee shall review all Civilian Defense Counsel pool applications for compliance with 32 CFR part 9 and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” and with this part.

(2) The Chief Defense Counsel shall consider all applicants for qualification as members of the Civilian Defense Counsel pool without regard to race, religion, color, sex, age, national origin, or other non-disqualifying physical or mental disability.

(3) The Chief Defense Counsel may reject any Civilian Defense Counsel application that is incomplete or otherwise fails to comply with 32 CFR part 9 and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” or with this part.

(4) Subject to review by the General Counsel of the Department of Defense, the Chief Defense Counsel shall determine the number of qualified attorneys that shall constitute the pool of available Civilian Defense Counsel. Similarly, subject to review by the General Counsel of the Department of Defense, the Chief Defense Counsel shall determine the qualification of applicants for membership in such pool. This shall include determinations as to whether any sanction, disciplinary action, or
challenge is related to relevant misconduct that would disqualify the Civilian Defense Counsel applicant.

(5) The Chief Defense Counsel's determination as to each applicant's qualification for membership in the pool of qualified Civilian Defense Counsel shall be deemed effective as of the date of the Chief Defense Counsel's written notification publishing such determination to the applicant. Subsequent to this notification, the retention of qualified Civilian Defense Counsel is effected upon written entry of appearance, communicated to the military commission through the Chief Defense Counsel.

(6) The Chief Defense Counsel may reconsider his determination as to an individual's qualification as a member of the Civilian Defense Counsel pool on the basis of subsequently discovered information indicating material non-disclosure or misrepresentation in the application, or material violation of obligations of the Civilian Defense Counsel, or other good cause, or the matter may be referred to the Appointing Authority or the General Counsel of the Department of Defense, who may revoke or suspend the qualification of any member of the Civilian Defense Counsel pool.

APPENDIX A TO PART 14—UNITED STATES OF AMERICA AUTHORIZATION FOR RELEASE OF INFORMATION

United States of America

Authorization for Release of Information
(Carefully read this authorization to release information about you, then sign and date it in ink.)

I authorize the Chief Defense Counsel, Office of Military Commissions, Department of Defense, his designee or other duly authorized representative of the Department of Defense who may be charged with assessing or determining my qualification for membership in the pool of Civilian Defense Counsel available to represent Accused before military commissions, to obtain any information from any court, the bar of any State, locality, district, territory or possession of the United States, or from any other governmental authority.

This information may include, but is not limited to, information relating to: Any application for a security clearance; my admission or application for admission to practice law in any jurisdiction, including action by the jurisdiction upon such application, together with my current status with regard to the practice of law in such jurisdiction; any sanction or disciplinary action to which I have been subject for misconduct of any kind; and any formal challenge to my fitness to practice law, regardless of the outcome of subsequent proceedings.

I authorize custodians of such records or information and other sources of information pertaining to me to release such at the request of the officials named above, regardless of any previous agreement to the contrary.

I understand that for certain custodians or sources of information a separate specific release may be required and that I may be contacted for the purposes of executing such at a later date.

I understand that the records or information released by custodians and other sources of information are for official use by the Department of Defense, only for the purposes provided herein, and that they may be redisclosed by the Department of Defense only as authorized by law.

Copies of this authorization that show my signature are as valid as the original signed by me. This authorization is valid for five (5) years from the date signed or upon termination of my affiliation with the Department of Defense, whichever is later.

Signature (sign in ink) SSN

Date

APPENDIX B TO PART 14—AFFIDAVIT AND AGREEMENT BY CIVILIAN DEFENSE COUNSEL

AFFIDAVIT AND AGREEMENT BY CIVILIAN DEFENSE COUNSEL

Pursuant to Section 4(c)(3)(b) of Department of Defense Military Commission Order No. 1, “Procedures for Trials by Military Commissions of Certain Non-United States Citizens in the War Against Terrorism,” dated March 21, 2002 (“MCO No. 1”), Military Commission Instructions No. 4, “Responsibilities of the Chief Defense Counsel, Detailed Defense Counsel, and Civilian Defense Counsel” (“MCI No. 4”) and No. 5, “Qualification of Civilian Defense Counsel” (“MCI No. 5”), and in accordance with the President's Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” 66 FR 57833 (Nov. 16, 2001) (“President’s Military Order”), I [Name of Civilian Attorney], make this Affidavit and Agreement for the purposes of applying for qualification as a member of the pool of Civilian Defense Counsel available to represent Accused before military commissions and serving in that capacity.
I. Oaths or Affirmations. I swear or affirm that the following information is true to the best of my knowledge and belief:

A. I have read and understand the President’s Military Order, MCO No. 1, MCI No. 4, MCI No. 5, and all other Military Commission Orders and Instructions concerning the rules, regulations and instructions applicable to trial by military commissions. I will read all future Orders and Instructions applicable to trials by military commissions.

B. I am aware that my qualification as a Civilian Defense Counsel does not guarantee my presence at closed military commission proceedings or guarantee my access to any information protected by Section 6(D)(5) or Section 9 of MCO No. 1.

II. Agreements. I hereby agree to comply with all applicable regulations and instructions for counsel, including any rules of court for conduct during the course of proceedings, and specifically agree, without limitation, to the following:

A. I will notify the Chief Defense Counsel and, as applicable, the relevant Presiding Officer immediately if, after the execution of this Affidavit and Agreement but prior to the conclusion of proceedings (defined as the review and final decision of the President or, if designated, the Secretary of Defense), if there is any change in any of the information provided in my application, including this Affidavit and Agreement, for qualification as member of the Civilian Defense Counsel pool. I understand that such notification shall be in writing and shall set forth the substantive nature of the changed information.

B. I will be well-prepared and will conduct the defense zealously, representing the Accused throughout the military commission process from the inception of my representation through the completion of any post trial proceedings as detailed in Section 6(H) of MCO No. 1. I will ensure that these proceedings are my primary duty. I will not seek to delay or to continue the proceedings for reasons relating to matters that arise in the course of my law practice or other professional or personal activities that are not related to military commission proceedings.

C. The Defense Team shall consist entirely of myself, Detailed Defense Counsel, and other personnel provided by the Chief Defense Counsel, the Presiding Officer, or the Appointing Authority. I will make no claim against the U.S. Government for any fees or costs associated with my conduct of the defense or related activities or efforts.

D. Recognizing that my representation does not relieve Detailed Defense Counsel of duties specified in Section 6(C)(2) of MCO No. 1, I will work cooperatively with such counsel to ensure coordination of efforts and to ensure such counsel is capable of conducting the defense independently if necessary.

E. During the pendency of the proceedings, unless I obtain approval in advance from the Presiding Officer to do otherwise, I will comply with the following restrictions on my travel and communications:

1. I will not travel or transmit documents from the site of the proceedings without the approval of the Appointing Authority or the Presiding Officer. The Appointing Authority or the Presiding Officer will otherwise perform all of our work relating to the proceedings, including any electronic or other research, at the site of the proceedings (except that this shall not apply during post-trial proceedings detailed in Section 6(H) of MCO No. 1).

2. I will not discuss or otherwise communicate or share documents or information about the case with anyone except persons who have been designated as members of the Defense Team in accordance with this Affidavit and Agreement and other applicable rules, regulations and instructions.

F. At no time, to include any period subsequent to the conclusion of the proceedings, will I make any public or private statements regarding any closed sessions of the proceedings or any classified information or material, or document or material constituting protected information under MCO No. 1.

G. I understand and agree to comply with all rules, regulations and instructions governing the handling of classified information and material. Furthermore, no document or material constituting protected information under MCO No. 1, regardless of its classification level, may leave the site of the proceedings.

H. I understand that there may be reasonable restrictions on the time and duration of contact I may have with my client, as imposed by the Appointing Authority, the Presiding Officer, detention authorities, or regulation.

I. I understand that my communications with my client, even if traditionally covered by the attorney-client privilege, may be subject to monitoring or review by government officials, using any available means, for security and intelligence purposes. I understand that any such monitoring will only take place in limited circumstances when approved by proper authority, and that any evidence or information derived from such communications will not be used in proceedings against the Accused who made or received the relevant communication. I further understand that communications are not protected if they would facilitate criminal acts or a conspiracy to commit criminal acts, or if those communications are not related to the seeking or providing of legal advice.

J. I agree that I shall reveal to the Chief Defense Counsel and any other appropriate authorities, information relating to the representation of my client to the extent that I reasonably believe necessary to prevent the
§ 15.3 Policies and Procedures.

(a) Supervisory and performance evaluation relationships. Individuals appointed, assigned, detailed, designated or employed in a capacity related to the conduct of military commission proceedings conducted in accordance with 32 CFR part 9 and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” shall be subject to the relationships set forth in paragraphs (a)(1) through (a)(9) of this section. Unless stated otherwise, the person to whom an individual “reports,” as set forth in paragraphs (a)(1) through (a)(9) of this section, shall be deemed to be such individual’s supervisor and shall, to the extent possible, fulfill all performance evaluation responsibilities normally associated with the function of direct supervisor in accordance with the subordinate’s Military Service performance evaluation regulations.

1. Appointing Authority: Any Appointing Authority designated by the Secretary of Defense pursuant to 32 CFR part 9 shall report to the Secretary of Defense in accordance with 10 U.S.C. 113(d).

2. Legal Advisor to Appointing Authority: The Legal Advisor to the Appointing Authority shall report to the Appointing Authority.

3. Chief Prosecutor: The Chief Prosecutor shall report to the Deputy General Counsel (Legal Counsel) of the Department of Defense and then to the General Counsel of the Department of Defense.

4. Prosecutors and Assistant Prosecutors: Prosecutors and Assistant Prosecutors shall report to the Chief Prosecutor and then to the Deputy General Counsel (Legal Counsel) of the Department of Defense.

5. Chief Defense Counsel: The Chief Defense Counsel shall report to the Deputy General Counsel (Personnel and Health Policy) of the Department of Defense and then to the General Counsel of the Department of Defense.

6. Detailed Defense Counsel: Detailed Defense Counsel shall report to the Chief Defense Counsel and then to the Deputy General Counsel (Personnel and Health Policy) of the Department of Defense.

8. Commission members: Commission members shall continue to report to their parent commands. The consideration or evaluation of the performance of duty as a member of a military commission is prohibited in preparing effectiveness, fitness, or evaluation reports of a commission member.
Pt. 16  32 CFR Ch. I (7–1–15 Edition)

(9) Other personnel: All other military commission personnel, such as court reporters, interpreters, security personnel, bailiffs, and clerks detailed or employed by the Appointing Authority pursuant to 32 CFR 9.4(d), if not assigned to the Office of the Chief Prosecutor or the Office of the Chief Defense Counsel, shall report to the Appointing Authority or his designee.

(b) Responsibilities of supervisory/reporting officials. Officials designated in this part as supervisory/reporting officials shall:

(1) Supervise subordinates in the performance of their duties.

(2) Prepare fitness or performance evaluation reports and, as appropriate, process awards and citations for subordinates. To the extent practicable, a reporting official shall comply with the rated subordinate’s Military Service regulations regarding the preparation of fitness or performance evaluation reports and in executing related duties.

PART 16—SENTENCING

Sec.  16.1 Purpose.
16.2 Authority.
16.3 Available sentences.
16.4 Sentencing procedures.

AUTHORITY: 10 U.S.C. 113(d) and 140(b).
SOURCE: 68 FR 39396, July 1, 2003, unless otherwise noted.

§ 16.1 Purpose.

This part promulgates policy, assigns responsibilities, and prescribes procedures for matters related to sentencing of persons with regard to whom a finding of guilty is entered for an offense referred for trial by a military commission appointed pursuant to 32 CFR part 9 and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism” (3 CFR 2001 Comp., p. 918, 66 FR 57833).

§ 16.2 Authority.

This part is issued pursuant to 32 CFR 9.7(a) and in accordance with Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” and 10 U.S.C. 113(d) and 140(b). The provisions of 32 CFR part 10 are applicable to this part.

§ 16.3 Available sentences.

(a) General. 32 CFR part 9 permits a military commission wide latitude in sentencing. Any lawful punishment or condition of punishment is authorized, including death, so long as the prerequisites detailed in 32 CFR part 9 are met. Detention associated with an individual’s status as an enemy combatant shall not be considered to fulfill any term of imprisonment imposed by a military commission. The sentence determination should be made while bearing in mind that there are several principal reasons for a sentence given to those who violate the law. Such reasons include: punishment of the wrongdoer; protection of society from the wrongdoer; deterrence of the wrongdoer and those who know of his crimes and sentence from committing the same or similar offenses; and rehabilitation of the wrongdoer. In determining an appropriate sentence, the weight to be accorded any or all of these reasons rests solely within the discretion of commission members. All sentences should, however, be grounded in a recognition that military commissions are a function of the President’s war-fighting role as Commander-in-Chief of the Armed Forces of the United States and of the broad deterrent impact associated with a sentence’s effect on adherence to the laws and customs of war in general.

(b) Conditions of imprisonment. Decisions regarding the location designated for any imprisonment, the conditions under which a sentence to imprisonment is served, or the privileges accorded one during any period of imprisonment should generally not be made by the commission. Those decisions and actions, however, may be appropriate subjects for recommendation to the person making a final decision on the sentence in accordance with 32 CFR 9.6(h).

(c) Prospective recommendations for sentence modification. A sentence imposed by military commission may be accompanied by a recommendation to suspend, remit, commute or otherwise modify the adjudged sentence in concert with one or more conditions upon
which the suspension, remission, commutation, or other modification is contingent (usually relating to the performance, behavior or conduct of the Accused). Unless otherwise directed, a decision or action in accordance with such a recommendation will be effected by direction or delegation to the Appointing Authority by the official making a final decision on the sentence in accordance with of 32 CFR 9.6(h).

§ 16.4 Sentencing procedures.

(a) General. 32 CFR part 9 permits the military commission substantial discretion regarding the conduct of sentencing proceedings. Sentencing proceedings should normally proceed expeditiously. In the discretion of the Presiding Officer, as limited by the Appointing Authority, reasonable delay between the announcement of findings and the commencement of sentencing proceedings may be authorized to facilitate the conduct of proceedings in accordance with of 32 CFR 9.6(b).

(b) Information relevant to sentencing. 32 CFR 9.6(e)(10) permits the Prosecution and Defense to present information to aid the military commission in determining an appropriate sentence. Such information may include a recommendation of an appropriate sentence, information regarding sentence ranges for analogous offenses (e.g., the sentencing range under the Federal Sentencing Guidelines that could be applicable to the Accused for the most analogous federal offenses), and other relevant information. Regardless of any presentation by the Prosecution or Defense, the military commission shall consider any evidence admitted for consideration prior to findings regarding guilt. The Presiding Officer may limit or require the presentation of certain information consistent with 32 CFR part 9 and Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism.”

(c) Cases involving plea agreements. In accordance with 32 CFR 9.6(a)(4), after determining the voluntary and informed nature of a plea agreement approved by the Appointing Authority, the military commission is bound to adjudge findings and a sentence pursuant to that plea agreement. Accordingly, the Presiding Officer may exercise the authority granted in of 32 CFR 9.6(e) to curtail or preclude the presentation of information and argument relative to the military commission’s determination of an appropriate sentence.

(d) Special duties. In cases involving plea agreements or recommendations for certain conditions of imprisonment or prospective sentence modification, the Prosecution and Defense shall provide whatever post-trial information or recommendation as is relevant to any subsequent decision regarding such condition or suspension, remission, commutation, or other modification recommendation associated with the sentence.

PART 17—ADMINISTRATIVE PROCEDURES

Sec. 17.1 Purpose.
17.2 Authority.
17.3 Commission personnel.
17.4 Interlocutory questions.
17.5 Implied duties of the presiding officer.
17.6 Disclosures.

AUTHORITY: 10 U.S.C. 113(d) and 140(b).
SOURCE: 68 FR 38397, July 1, 2003, unless otherwise noted.

§ 17.1 Purpose.

§ 17.2 Authority.

This part is issued pursuant to 32 CFR 9.7(a) and in accordance with Military Order of November 13, 2001, “Detention, Treatment, and Trial of Certain Non-Citizens in the War Against Terrorism,” and 10 U.S.C. 113(d) and 140(b). The provisions of 32 CFR part 10 are applicable to this part.

§ 17.3 Commission personnel.

(a) Appointment and removal of Commission members. (1) In accordance with
§ 17.4 Interlocutory questions.

(a) Certification of interlocutory questions. The Presiding Officer shall generally adjudicate all motions and questions that arise during the course of a trial by military commission. In accordance with 32 CFR 9.4(a)(5)(iv), however, the Presiding Officer shall certify all interlocutory questions, the disposition of which would effect a termination of proceedings with respect to a charge, for decision by the Appointing Authority. In addition, the Presiding Officer may certify other interlocutory questions to the Appointing Authority as the Presiding Officer deems appropriate.

(b) Submission of interlocutory questions. The Presiding Officer shall determine what, if any, documentary or other materials should be forwarded to the Appointing Authority in conjunction with an interlocutory question.

(c) Effect of interlocutory question certification on proceedings. While decision by the Appointing Authority is pending on any certified interlocutory question, the Presiding Officer may elect either to hold proceedings in abeyance or to continue.

§ 17.5 Implied duties of the presiding officer.

The Presiding Officer shall ensure the execution of all ancillary functions necessary for the impartial and expeditious conduct of full and fair trials by military commission in accordance
§ 17.6 Disclosures.

(a) General. Unless directed otherwise by the Presiding Officer upon a showing of good cause or for some other reason, counsel for the Prosecution and the Defense shall provide to opposing counsel, at least one week prior to the scheduled convening of a military commission, copies of all information intended for presentation as evidence at trial, copies of all motions the party intends to raise before the military commission, and names and contact information of all witnesses a party intends to call. Motions shall also be provided to the Presiding Officer at the time they are provided to opposing counsel. Unless directed otherwise by the Presiding Officer, written responses to any motions will be provided to opposing counsel and the Presiding Officer no later than three days prior to the scheduled convening of a military commission.

(b) Notifications by the prosecution. The Prosecution shall provide the Defense with access to evidence known to the Prosecution that tends to exculpate the Accused as soon as practicable, and in no instance later than one week prior to the scheduled convening of a military commission.

(c) Notifications by the defense. The Defense shall give notice to the Prosecution of any intent to raise an affirmative defense to any charge at least one week prior to the scheduled convening of a military commission.

(d) Evidence related to mental responsibility. If the Defense indicates an intent to raise a defense of lack of mental responsibility or introduce expert testimony regarding an Accused’s mental condition, the prosecution may require that the Accused submit to a mental examination by a military psychologist or psychiatrist, and both parties shall have access to the results of that examination.

PARTS 19–20 [RESERVED]
SUBCHAPTER C—DoD GRANT AND AGREEMENT REGULATIONS

PART 21—DoD GRANTS AND AGREEMENTS—GENERAL MATTERS

Subpart A—Introduction

Sec. 21.100 What are the purposes of this part?

Subpart B—Defense Grant and Agreement Regulatory System

21.200 What is the Defense Grant and Agreement Regulatory System (DGARS)?

21.205 What types of instruments are covered by the DGARS?

21.210 What are the purposes of the DGARS?

21.215 Who is responsible for the DGARS?

21.220 What publications are in the DGARS?

Subpart C—The DoD Grant and Agreement Regulations

21.300 What instruments are subject to the DoD Grant and Agreement Regulations (DoDGARs)?

21.305 What is the purpose of the DoDGARs?

21.310 Who ensures DoD Component compliance with the DoDGARs?

21.315 May DoD Components issue supplemental policies and procedures to implement the DoDGARs?

21.320 Are there areas in which DoD Components must establish policies and procedures to implement the DoDGARs?

21.325 Do acquisition regulations also apply to DoD grants and agreements?

21.330 How are the DoDGARs published and maintained?

21.335 Who can authorize deviations from the DoDGARs?

21.340 What are the procedures for requesting and documenting deviations?

Subpart D—Authorities and Responsibilities for Making and Administering Assistance Awards

21.400 To what instruments does this subpart apply?

21.405 What is the purpose of this subpart?

21.410 Must a DoD Component have statutory authority to make an assistance award?

21.415 Must the statutory authority specifically mention the use of grants or other assistance instruments?

21.420 Under what types of statutory authorities do DoD Components award assistance instruments?

21.425 How does a DoD Component’s authority flow to awarding and administering activities?

21.430 What are the responsibilities of the head of the awarding or administering activity?

21.435 Must DoD Components formally select and appoint grants officers and agreements officers?

21.440 What are the standards for selecting and appointing grants officers and agreements officers?

21.445 What are the requirements for a grants officer’s or agreements officer’s statement of appointment?

21.450 What are the requirements for a termination of a grants officer’s or agreements officer’s appointment?

21.455 Who can sign, administer, or terminate assistance instruments?

21.460 What is the extent of grants officers’ and agreements officers’ authority?

21.465 What are grants officers’ and agreements officers’ responsibilities?

Subpart E—Information Reporting on Awards Subject to 31 U.S.C. Chapter 61

21.500 What is the purpose of this subpart?

21.505 What is the Catalog of Federal Domestic Assistance (CFDA)?

21.510 Why does the DoD report information to the CFDA?

21.515 Who reports the information for the CFDA?

21.520 What are the purposes of the Defense Assistance Awards Data System (DAADS)?

21.525 Who issues policy guidance for the DAADS?

21.530 Who operates the DAADS?

21.535 Do DoD Components have central points for collecting DAADS data?

21.540 What are the duties of the DAADS?

21.545 Must DoD Components report every obligation to the DAADS?

21.550 Must DoD Components relate reported actions to listings in the CFDA?

21.555 When and how must DoD Components report to the DAADS?

21.560 Must DoD Components assign numbers uniformly to awards?

21.565 Must DoD Components’ electronic systems accept Data Universal Numbering System (DUNS) numbers?

Subpart F—Definitions

21.605 Acquisition.

21.610 Agreements officer.

21.615 Assistance.

¹Electronic copies may be obtained at the Washington Headquarters Services Internet site http://www.dtic.mil/whs/directives. Paper copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.

²See footnote 1 to § 21.200.
§ 21.300  What instruments are subject to the DoD Grant and Agreement Regulations (DoDGARs)?

(a) The types of instruments that are subject to the DoDGARs vary from one portion of the DoDGARs to another. The types of instruments include grants, cooperative agreements, and technology investment agreements. Some portions of the DoDGARs apply to other types of assistance or non-procurement instruments. The term “awards,” as defined in subpart D of this part, is used in this part to refer collectively to all of the types of instruments that are subject to one or more portions of the DoDGARs.

(b) Note that each portion of the DoDGARs identifies the types of instruments to which it applies. However, grants officers and agreements officers must exercise caution when determining the applicability of some Governmentwide rules that are included within the DoDGARs, because a term may be defined differently in a Governmentwide rule than it is defined elsewhere in the DoDGARs. One example is part 33 of the DoDGARs (32 CFR part 33), which contains administrative requirements for awards to State and local governments. That DoDGARs part is the DoD’s codification of the Governmentwide rule implementing OMB Circular A–102.3 Part 33 states that it applies to grants, but defines the term “grant” to include cooperative agreements and other forms of financial assistance.

(c) For convenience, the table in Appendix A to this part provides an overview of the applicability of the various portions of the DoDGARs.

§ 21.305  What is the purpose of the DoDGARs?

The DoD Grant and Agreement Regulations provide uniform policies and procedures for the award and administration of DoD Components’ awards. The DoDGARs are the primary DoD regulations for achieving the DGARS purposes described in §21.210.

§ 21.310  Who ensures DoD Component compliance with the DoDGARs?

The Head of each DoD Component that makes or administers awards, or his or her designee, is responsible for ensuring compliance with the DoDGARs within that DoD Component.

§ 21.315  May DoD Components issue supplemental policies and procedures to implement the DoDGARs?

Yes, Heads of DoD Components or their designees may issue regulations, procedures, or instructions to implement the DGARS or supplement the DoDGARs to satisfy needs that are specific to the DoD Component, as long as the regulations, procedures, or instructions do not impose additional costs or administrative burdens on recipients or potential recipients.

§ 21.320  Are there areas in which DoD Components must establish policies and procedures to implement the DoDGARs?

Yes, Heads of DoD Components or their designees must establish policies and procedures in areas where uniform policies and procedures throughout the DoD Component are required, such as for:

(a) Requesting class deviations from the DoDGARs (see §§21.335(b) and 21.340(a)) or exemptions from the provisions of 31 U.S.C. 6301 through 6308, that govern the appropriate use of contracts, grants, and cooperative agreements (see 32 CFR 22.220).

(b) Designating one or more Grant Appeal Authorities to resolve claims, disputes, and appeals (see 32 CFR 22.815).

(c) Reporting data on assistance awards and programs, as required by 31 U.S.C. chapter 61 (see subpart E of this part).

(d) Prescribing requirements for use and disposition of real property acquired under awards, if the DoD Component makes any awards to institutions of higher education or to other nonprofit organizations under which real property is acquired in whole or in part.

3Electronic copies may be obtained at the Internet site http://www.whitehouse.gov/OMB. For paper copies, contact the Office of Management and Budget, EOP Publications, 725 17th St., NW., Executive Office Building, Washington, DC 20503.
Office of the Secretary of Defense § 21.400

part with Federal funds (see 32 CFR 32.32).

§ 21.325 Do acquisition regulations also apply to DoD grants and agreements?

Unless the DoDGARs specify that they apply, policies and procedures in the following acquisition regulations that apply to procurement contracts do not apply to grants, cooperative agreements, technology investment agreements, or to other assistance or non-procurement awards:

(a) The Federal Acquisition Regulation (FAR)(48 CFR parts 1–53).
(b) The Defense Federal Acquisition Regulation Supplement (DFARS)(48 CFR parts 201–270).
(c) DoD Component supplements to the FAR and DFARS.

§ 21.330 How are the DoDGARs published and maintained?

(a) The DoD publishes the DoDGARs in the Code of Federal Regulations (CFR) and in a separate internal DoD document (DoD 3210.6–R).

(1) The location of the DoDGARs in the CFR currently is in transition. They are moving from Chapter I, Subchapter C, Title 32, to a new location in Chapter XI, Title 2 of the CFR. During the transition, there will be some parts of the DoDGARs in each of the two titles.

(2) The DoD document is divided into parts, subparts, and sections, to parallel the CFR publication. Cross references within the DoD document are stated as CFR citations (e.g., a reference to section 21.215 in part 21 would be to 32 CFR 21.215), which also is how they are stated in the CFR publication of the DoDGARs.

(b) The DoD publishes updates to the DoDGARs in the Federal Register. When finalized, the DoD also posts the updates to the internal DoD document on the World Wide Web at http://www.dtic.mil/whs/directives.

(c) A standing working group recommends revisions to the DoDGARs to the Director of Defense Research and Engineering (DDR&E). The DDR&E, Director of Defense Procurement, and each Military Department must be represented on the working group. Other DoD Components that make or administer awards may also nominate representatives. The working group meets when necessary.

§ 21.335 Who can authorize deviations from the DoDGARs?

(a) The Head of the DoD Component or his or her designee may authorize individual deviations from the DoDGARs, which are deviations that affect only one award, if the deviations are not prohibited by statute, executive order or regulation.

(b) The Director of Defense Research and Engineering (DDR&E) or his or her designee must approve in advance any class deviation that affects more than one award. Note that OMB concurrence also is required for class deviations from two parts of the DoDGARs, 32 CFR parts 32 and 33, in accordance with 32 CFR 32.4 and 33.6, respectively.

§ 21.340 What are the procedures for requesting and documenting deviations?

(a) DoD Components must submit copies of justifications and agency approvals for individual deviations and written requests for class deviations to: Deputy Director of Defense Research and Engineering, ATTN: Basic Research, 3080 Defense Pentagon, Washington, DC 20301–3080.

(b) Grants officers and agreements officers must maintain copies of requests and approvals for individual and class deviations in award files.

Subpart D—Authorities and Responsibilities for Making and Administering Assistance Awards

§ 21.400 To what instruments does this subpart apply?

This subpart applies to grants, cooperative agreements, and technology investment agreements, which are legal instruments used to reflect assistance relationships between the United States Government and recipients.
§ 21.405 What is the purpose of this subpart?

This subpart describes the sources and flow of authority to make or administer assistance awards, and assigns the broad responsibilities associated with DoD Components’ use of those instruments.

§ 21.410 Must a DoD Component have statutory authority to make an assistance award?

Yes, the use of an assistance instrument to carry out a program requires authorizing legislation. That is unlike the use of a procurement contract, for which Federal agencies have inherent, Constitutional authority.

§ 21.415 Must the statutory authority specifically mention the use of grants or other assistance instruments?

No, the statutory authority described in §21.410 need not specifically say that the purpose of the program is assistance or mention the use of any type of assistance instrument. However, the intent of the statute must support a judgment that the use of an assistance instrument is appropriate. For example, a DoD Component may judge that the principal purpose of a program for which it has authorizing legislation is assistance, rather than acquisition. The DoD Component would properly use an assistance instrument to carry out that program, in accordance with 31 U.S.C. chapter 63.

§ 21.420 Under what types of statutory authorities do DoD Components award assistance instruments?

DoD Components may use assistance instruments under a number of statutory authorities that fall into three categories:

(a) Authorities that statutes provide to the Secretary of Defense. These authorities generally are delegated by the Secretary of Defense to Heads of DoD Components, usually through DoD directives, instructions, or policy memoranda that are not part of the Defense Grant and Agreement Regulatory System. Examples of statutory authorities in this category are:

1. Authority under 10 U.S.C. 2391 to award grants or cooperative agreements to help State and local governments alleviate serious economic impacts of defense program changes (e.g., base openings and closings, contract changes, and personnel reductions and increases).

2. Authority under 10 U.S.C. 2413 to enter into cooperative agreements with entities that furnish procurement technical assistance to businesses.

(b) Authorities that statutes may provide directly to Heads of DoD Components. When a statute authorizes the Head of a DoD Component to use a funding instrument to carry out a program with a principal purpose of assistance, use of that authority requires no delegation by the Secretary of Defense. For example, 10 U.S.C. 2338 authorizes the Secretaries of the Military Departments, in addition to the Secretary of Defense, to perform research and development projects through grants and cooperative agreements. Similarly, 10 U.S.C. 2371 provides authority for the Secretaries of the Military Departments and Secretary of Defense to carry out basic, applied, or advanced research projects using assistance instruments other than grants and cooperative agreements. A Military Department’s use of the authority of 10 U.S.C. 2338 or 10 U.S.C. 2371 therefore requires no delegation by the Secretary of Defense.

(c) Authorities that arise indirectly as the result of statute. For example, authority to use an assistance instrument may result from:

1. A federal statute authorizing a program that is consistent with an assistance relationship (i.e., the support or stimulation of a public purpose, rather than the acquisition of a good or service for the direct benefit of the Department of Defense). In accordance with 31 U.S.C. chapter 63, such a program would appropriately be carried out through the use of grants or cooperative agreements. Depending upon the nature of the program (e.g., research) and whether the program statute includes authority for any specific types of instruments, there also may be authority to use other assistance instruments.

2. Exemptions requested by the Department of Defense and granted by the Office of Management and Budget
under 31 U.S.C. 6307, as described in 32 CFR 22.220.

§ 21.425 How does a DoD Component’s authority flow to awarding and administering activities?

The Head of a DoD Component, or his or her designee, may delegate to the heads of contracting activities (HCAs) within the Component, that Component’s authority to make and administer awards, to appoint grants officers and agreements officers (see §§21.435 through 21.450), and to broadly manage the DoD Component’s functions related to assistance instruments. The HCA is the same official (or officials) designated as the head of the contracting activity for procurement contracts, as defined at 48 CFR 2.101. The intent is that overall management responsibilities for a DoD Component’s functions related to nonprocurement instruments be assigned only to officials that have similar responsibilities for procurement contracts.

§ 21.430 What are the responsibilities of the head of the awarding or administering activity?

When designated by the Head of the DoD Component or his or her designee (see 32 CFR 21.25), the head of the awarding or administering activity (i.e., the HCA) is responsible for the awards made by or assigned to that activity. He or she must supervise and establish internal policies and procedures for that activity’s awards.

§ 21.435 Must DoD Components formally select and appoint grants officers and agreements officers?

Yes, each DoD Component that awards grants or enters into cooperative agreements must have a formal process (see §21.425) for selecting and appointing grants officers and for terminating their appointments. Similarly, each DoD Component that awards or administers technology investment agreements must have a process for selecting and appointing agreements officers and for terminating their appointments.

§ 21.440 What are the standards for selecting and appointing grants officers and agreements officers?

In selecting grants officers and agreements officers, DoD Components must use the following minimum standards:

(a) In selecting a grants officer, the appointing official must judge whether the candidate has the necessary experience, training, education, business acumen, judgment, and knowledge of assistance instruments and contracts to function effectively as a grants officer. The appointing official also must take those attributes of the candidate into account when deciding the complexity and dollar value of the grants and cooperative agreements to be assigned.

(b) In selecting an agreements officer, the appointing official must consider all of the same factors as in paragraph (a) of this section. In addition, the appointing official must consider the candidate’s ability to function in the less structured environment of technology investment agreements, where the rules provide more latitude and the individual must have a greater capacity for exercising judgment. Agreements officers therefore should be individuals who have demonstrated expertise in executing complex assistance and acquisition instruments.

§ 21.445 What are the requirements for a grants officer’s or agreements officer’s statement of appointment?

A statement of a grants officer’s or agreements officer’s appointment:

(a) Must be in writing.

(b) Must clearly state the limits of the individual’s authority, other than limits contained in applicable laws or regulations. Information on those limits of a grants officer’s or agreements officer’s authority must be readily available to the public and agency personnel.

(c) May, if the individual is a contracting officer, be incorporated into his or her statement of appointment as a contracting officer (i.e., there does not need to be a separate written statement of appointment for assistance instruments).
§ 21.450 What are the requirements for a termination of a grants officer's or agreements officer's appointment?

A termination of a grants officer's or agreements officer's authority:
(a) Must be in writing, unless the written statement of appointment provides for automatic termination.
(b) May not be retroactive.
(c) May be integrated into a written termination of the individual's appointment as a contracting officer, as appropriate.

§ 21.455 Who can sign, administer, or terminate assistance instruments?

Only grants officers are authorized to sign, administer, or terminate grants or cooperative agreements (other than technology investment agreements) on behalf of the Department of Defense. Similarly, only agreements officers may sign, administer, or terminate technology investment agreements.

§ 21.460 What is the extent of grants officers' and agreements officers' authority?

Grants officers and agreements officers may bind the Government only to the extent of the authority delegated to them in their written statements of appointment (see § 21.445).

§ 21.465 What are grants officers' and agreements officers' responsibilities?

Grants officers and agreements officers should be allowed wide latitude to exercise judgment in performing their responsibilities, which are to ensure that:
(a) Individual awards are used effectively in the execution of DoD programs, and are made and administered in accordance with applicable laws, Executive orders, regulations, and DoD policies.
(b) Sufficient funds are available for obligation.
(c) Recipients of awards receive impartial, fair, and equitable treatment.

Subpart E—Information Reporting on Awards Subject to 31 U.S.C. Chapter 61

§ 21.500 What is the purpose of this subpart?

This subpart prescribes policies and procedures for compiling and reporting data related to DoD awards and programs that are subject to information reporting requirements of 31 U.S.C. chapter 61. That chapter of the U.S. Code requires the Office of Management and Budget to maintain a Governmentwide information system to collect data on Federal agencies' domestic assistance awards and programs.

§ 21.505 What is the Catalog of Federal Domestic Assistance (CFDA)?

The Catalog of Federal Domestic Assistance (CFDA) is a Governmentwide compilation of information about domestic assistance programs. It covers all domestic assistance programs and activities, regardless of the number of awards made under the program, the total dollar value of assistance provided, or the duration. In addition to programs using grants and agreements, covered programs include those providing assistance in other forms, such as payments in lieu of taxes or indirect assistance resulting from Federal operations.

§ 21.510 Why does the DoD report information to the CFDA?

The Federal Program Information Act (31 U.S.C. 6101 through 6106), as implemented through OMB Circular A-89, requires the Department of Defense and other Federal agencies to provide certain information about their domestic assistance programs to the OMB and the General Services Administration (GSA). The GSA makes this information available to the public by publishing it in the Catalog of Federal Domestic Assistance (CFDA) and maintaining the Federal Assistance Programs Retrieval System, a computerized data base of the information.

4See footnote 3 to §21.300(b).
§ 21.515  Who reports the information for the CFDA?
(a) Each DoD Component that provides domestic financial assistance must:
   (1) Report to the Director of Information, Operations and Reports, Washington Headquarters Services (DIOR, WHS) all new programs and changes as they occur or as the DoD Component submits its annual updates to existing CFDA information.
   (2) Identify to the DIOR, WHS a point-of-contact who will be responsible for reporting the program information and for responding to inquiries related to it.
(b) The DIOR, WHS is the Department of Defense’s single office for collecting, compiling and reporting such program information to the OMB and GSA.

§ 21.520  What are the purposes of the Defense Assistance Awards Data System (DAADS)?
Data from the Defense Assistance Awards Data System (DAADS) are used to provide:
   (a) DoD inputs to meet statutory requirements for Federal Government-wide reporting of data related to obligations of funds by assistance instrument.
   (b) A basis for meeting Government-wide requirements to report to the Federal Assistance Awards Data System (FAADS) maintained by the Department of Commerce and for preparing other recurring and special reports to the President, the Congress, the General Accounting Office, and the public.
   (c) Information to support policy formulation and implementation and to meet management oversight requirements related to the use of awards.

§ 21.525  Who issues policy guidance for the DAADS?
The Deputy Director, Defense Research and Engineering (DDDR&E), or his or her designee, issues necessary policy guidance for the Defense Assistance Awards Data System.

§ 21.530  Who operates the DAADS?
The Director of Information Operations and Reports, Washington Headquarters Services (DIOR, WHS), consistent with guidance issued by the DDR&E:
   (a) Processes DAADS information on a quarterly basis and prepares recurring and special reports using such information.
   (b) Prepares, updates, and disseminates instructions for reporting information to the DAADS. The instructions are to specify procedures, formats, and editing processes to be used by DoD Components, including record layout, submission deadlines, media, methods of submission, and error correction schedules.

§ 21.535  Do DoD Components have central points for collecting DAADS data?
Each DoD Component must have a central point for collecting DAADS information from contracting activities within that DoD Component. The central points are as follows:
   (a) For the Army: As directed by the U.S. Army Contracting Support Agency.
   (b) For the Navy: As directed by the Office of Naval Research.
   (c) For the Air Force: As directed by the Office of the Secretary of the Air Force, Acquisition Contracting Policy and Implementation Division (SAF/AQCP).
   (d) For the Office of the Secretary of Defense, Defense Agencies, and DoD Field Activities: Each Defense Agency must identify a central point for collecting and reporting DAADS information to the DIOR, WHS, at the address given in §21.555(a). DIOR, WHS serves as the central point for offices and activities within the Office of the Secretary of Defense and for DoD Field Activities.

§ 21.540  What are the duties of the DoD Components’ central points for the DAADS?
The office that serves, in accordance with §21.535, as the central point for collecting DAADS information from contracting activities within each DoD Component must:
   (a) Establish internal procedures to ensure reporting by contracting activities that make awards subject to 31 U.S.C. chapter 61.
(b) Collect information required by DD Form 2566, "DoD Assistance Award Action Report," from those contracting activities, and report it to DIOR, WHS, in accordance with §§21.545 through 21.555.

(c) Submit to the DIOR, WHS, any recommended changes to the DAADS.

§ 21.545 Must DoD Components report every obligation to the DAADS?

Yes, DoD Components’ central points must collect and report the data required by the DD Form 2566 for each individual action that involves the obligation or deobligation of Federal funds for an award that is subject to 31 U.S.C. chapter 61.

§ 21.550 Must DoD Components relate reported actions to listings in the CFDA?

Yes, DoD Components’ central points must report each action as an obligation or deobligation under a specific programmatic listing in the Catalog of Federal Domestic Assistance (CFDA, see §21.505). The programmatic listing to be shown is the one that provided the funds being obligated or deobligated. For example, if a grants officer or agreements officer in one DoD Component obligates appropriations of a second DoD Component’s programmatic listing, the grants officer or agreements officer must show the CFDA programmatic listing of the second DoD Component on the DD Form 2566.

§ 21.555 When and how must DoD Components report to the DAADS?

DoD Components’ central points must report:

(a) On a quarterly basis to DIOR, WHS. For the first three quarters of the Federal fiscal year, the data are due by close-of-business (COB) on the 15th day after the end of the quarter (i.e., first-quarter data are due by COB on January 15th, second-quarter data by COB April 15th, and third-quarter data by COB July 15th). Fourth-quarter data are due by COB October 25th, the 25th day after the end of the quarter. If any due date falls on a weekend or holiday, the data are due on the next regular workday. The mailing address for DIOR, WHS is 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202–4302.

(b) On a floppy diskette or by other means permitted either by the instructions described in §21.550(b) or by agreement with the DIOR, WHS. The data must be reported in the format specified in the instructions.

§ 21.560 Must DoD Components assign numbers uniformly to awards?

Yes, DoD Components must assign identifying numbers to all awards subject to this subpart, including grants, cooperative agreements, and technology investment agreements. The uniform numbering system parallels the procurement instrument identification (PII) numbering system specified in 48 CFR 204.70 (in the “Defense Federal Acquisition Regulation Supplement”), as follows:

(a) The first six alphanumeric characters of the assigned number must be identical to those specified by 48 CFR 204.7003(a)(1) to identify the DoD Component and contracting activity.

(b) The seventh and eighth positions must be the last two digits of the fiscal year in which the number is assigned to the grant, cooperative agreement, or other nonprocurement instrument.

(c) The 9th position must be a number:

(1) “1” for grants.

(2) “2” for cooperative agreements, including technology investment agreements that are cooperative agreements (see Appendix B to 32 CFR part 37).

(3) “3” for other nonprocurement instruments, including technology investment agreements that are not cooperative agreements.

(d) The 10th through 13th positions must be the serial number of the instrument. DoD Components and contracting activities need not follow any specific pattern in assigning these numbers and may create multiple series of letters and numbers to meet internal needs for distinguishing between various sets of awards.

5Department of Defense forms are available at Internet site http://www.dior.srh.mil/ICDHOMELFORMTAB.HTM.
§ 21.650 DoD Components.

The Office of the Secretary of Defense, the Military Departments, the

§ 21.605 Acquisition.

The acquiring (by purchase, lease, or barter) of property or services for the direct benefit or use of the United States Government (see more detailed definition at 48 CFR 2.101). In accordance with 31 U.S.C. 6303, procurement contracts are the appropriate legal instruments for acquiring such property or services.

§ 21.610 Agreements officer.

An official with the authority to enter into, administer, and/or terminate technology investment agreements.

§ 21.615 Assistance.

The transfer of a thing of value to a recipient to carry out a public purpose of support or stimulation authorized by a law of the United States (see 31 U.S.C. 6101(3)). Grants, cooperative agreements, and technology investment agreements are examples of legal instruments used to provide assistance.

§ 21.620 Award.

A grant, cooperative agreement, technology investment agreement, or other nonprocurement instrument subject to one or more parts of the DoD Grant and Agreement Regulations (see appendix A to this part).

§ 21.625 Contract.

See the definition for procurement contract in this subpart.

§ 21.630 Contracting activity.

An activity to which the Head of a DoD Component has delegated broad authority regarding acquisition functions, pursuant to 48 CFR 1.601.

§ 21.635 Contracting officer.

A person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings. A more detailed definition of the term appears at 48 CFR 2.101.

§ 21.640 Cooperative agreement.

A legal instrument which, consistent with 31 U.S.C. 6305, is used to enter into the same kind of relationship as a grant (see definition “grant”), except that substantial involvement is expected between the Department of Defense and the recipient when carrying out the activity contemplated by the cooperative agreement. The term does not include “cooperative research and development agreements” as defined in 15 U.S.C. 3710a.

§ 21.645 Deviation.

The issuance or use of a policy or procedure that is inconsistent with the DoDGARs.

§ 21.650 DoD Components.

The Office of the Secretary of Defense, the Military Departments, the

6This OMB policy directive is available at the Internet site http://www.whitehouse.gov/omb/grants/grants_docs.html.
§ 21.655 Grant.

A legal instrument which, consistent with 31 U.S.C. 6304, is used to enter into a relationship:

(a) Of which the principal purpose is to transfer a thing of value to the recipient to carry out a public purpose of support or stimulation authorized by a law of the United States, rather than to acquire property or services for the Department of Defense’s direct benefit or use.

(b) In which substantial involvement is not expected between the Department of Defense and the recipient when carrying out the activity contemplated by the grant.

§ 21.660 Grants officer.

An official with the authority to enter into, administer, and/or terminate grants or cooperative agreements.

§ 21.665 Nonprocurement instrument.

A legal instrument other than a procurement contract. Examples include instruments of financial assistance, such as grants or cooperative agreements, and those of technical assistance, which provide services in lieu of money.

§ 21.670 Procurement contract.

A legal instrument which, consistent with 31 U.S.C. 6303, reflects a relationship between the Federal Government and a State, a local government, or other recipient when the principal purpose of the instrument is to acquire property or services for the direct benefit or use of the Federal Government. See the more detailed definition for contract at 48 CFR 2.101.

§ 21.675 Recipient.

An organization or other entity receiving an award from a DoD Component.

§ 21.680 Technology investment agreements.

A special class of assistance instruments used to increase involvement of commercial firms in defense research programs and for other purposes related to integrating the commercial and defense sectors of the nation’s technology and industrial base. Technology investment agreements include one kind of cooperative agreement with provisions tailored for involving commercial firms, as well as one kind of other assistance transaction. Technology investment agreements are described more fully in 32 CFR part 37.

[72 FR 34986, June 26, 2007]
PART 22—DoD GRANTS AND AGREEMENTS—AWARD AND ADMINISTRATION

Subpart A—General

§ 22.100 Purpose, relation to other parts, and organization.

(a) This part outlines grants officers’ and DoD Components’ responsibilities related to the award and administration of grants and cooperative agreements.

(b) In doing so, it also supplements other parts of the DoD Grant and Agreement Regulations (DoDGARs) that are either Governmentwide rules or DoD implementation of Governmentwide guidance in Office of Management and Budget (OMB) Circulars. Those other parts of the DoDGARs, which are referenced as appropriate in this part, are:

(1) The DoD implementation, in 2 CFR part 1125, of OMB guidance on nonprocurement debarment and suspension.

(4) Administrative requirements for grants and agreements awarded to specific types of recipients:
Office of the Secretary of Defense § 22.105

(i) For State and local governmental organizations, in the Governmentwide rule at 32 CFR part 33.

(ii) For institutions of higher education and other nonprofit organizations, at 32 CFR part 32.

(iii) For for-profit organizations, at 32 CFR part 34.

(c) The organization of this part parallels the award and administration process, from pre-award through post-award matters. It therefore is organized in the same manner as the parts of the DoDGARs (32 CFR parts 32, 33, and 34) that prescribe administrative requirements for specific types of recipients.

§ 22.105 Definitions.

Other than the terms defined in this section, terms used in this part are defined in 32 CFR part 21, subpart F.

Administrative offset. An action whereby money payable by the United States Government to, or held by the Government for, a recipient is withheld to satisfy a delinquent debt the recipient owes the Government.

Advanced research. Advanced technology development that creates new technology or demonstrates the viability of applying existing technology to new products and processes in a general way. Advanced research is most closely analogous to precompetitive technology development in the commercial sector (i.e., early phases of research and development on which commercial competitors are willing to collaborate, because the work is not so coupled to specific products and processes that the results of the work must be proprietary). It does not include development of military systems and hardware where specific requirements have been defined. It is typically funded in Advanced Technology Development (Budget Activity 3 and Research Category 6.3A) programs within Research, Development, Test and Evaluation (RDT&E).

Applied research. Efforts that attempt to determine and exploit the potential of scientific discoveries or improvements in technology such as new materials, devices, methods and processes.

Basic research. Efforts directed toward increasing knowledge and understanding in science and engineering, rather than the practical application of that knowledge and understanding. It typically is funded within Basic Research (Budget Activity 1 and Research Category 6.1) programs within Research, Development, Test and Evaluation (RDT&E). For the purposes of this part, basic research includes:

1. Research-related, science and engineering education, including graduate fellowships and research traineeships.

2. Research instrumentation and other activities designed to enhance the infrastructure for science and engineering research.

Claim. A written demand or written assertion by one of the parties to a grant or cooperative agreement seeking as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of award terms, or other relief arising under or relating to a grant or cooperative agreement. A routine request for payment that is not in dispute when submitted is not a claim. The submission may be converted to a claim by written notice to the grants officer if it is disputed either as to liability or amount, or is not acted upon in a reasonable time.

Debt. Any amount of money or any property owed to a Federal Agency by any person, organization, or entity except another United States Federal Agency. Debts include any amounts due from insured or guaranteed loans, fees, leases, rents, royalties, services, sales of real or personal property, or overpayments, penalties, damages, interest, fines and forfeitures, and all other claims and similar sources.
Amounts due a nonappropriated fund instrumentality are not debts owed the United States, for the purposes of this subchapter.

Delinquent debt. A debt:

1. That the debtor fails to pay by the date specified in the initial written notice from the agency owed the debt, normally within 30 calendar days, unless the debtor makes satisfactory payment arrangements with the agency by that date; and
2. With respect to which the debtor has elected not to exercise any available appeals or has exhausted all agency appeal processes.

Development. The systematic use of scientific and technical knowledge in the design, development, testing, or evaluation of potential new products, processes, or services to meet specific performance requirements or objectives. It includes the functions of design engineering, prototyping, and engineering testing.

Electronic commerce. The conduct of business through the use of automation and electronic media, in lieu of paper transactions, direct personal contact, telephone, or other means. For grants and cooperative agreements, electronic commerce can include the use of electronic data interchange, electronic mail, electronic bulletin board systems, and electronic funds transfer for: program announcements or solicitations; applications or proposals; award documents; recipients’ requests for payment; payment authorizations; and payments.

Electronic data interchange. The exchange of standardized information communicated electronically between business partners, typically between computers. It is DoD policy that DoD Component EDI applications conform to the American National Standards Institute (ANSI), Accredited Standards Committee (ASC) X–12 standard.

Electronic funds transfer. A system that provides the authority to debit or credit accounts in financial institutions by electronic means rather than source documents (e.g., paper checks). Processing typically occurs through the Federal Reserve System and/or the Automated Clearing House (ACH) computer network. It is DoD policy that DoD Component EFT transmissions conform to the American National Standards Institute (ANSI), Accredited Standards Committee (ASC) X–12 standard.

Historically Black colleges and universities. Institutions of higher education determined by the Secretary of Education to meet the requirements of 34 CFR 608.2. Each DoD Component’s contracting activities and grants officers may obtain a list of historically Black colleges and universities from that DoD Component’s Small and Disadvantaged Business Utilization office.

Institution of higher education. An educational institution that meets the criteria in section 1201(a) of the Higher Education Act of 1965 (20 U.S.C. 1141(a)). Note, however, that institution of higher education has a different meaning in §22.520, as given at §22.520(b)(2).

Minority institutions. Institutions of higher education that meet the criteria for minority institutions specified in 10 U.S.C. 2323. Each DoD Component’s contracting activities and grants officers may obtain copies of a current list of institutions that qualify as minority institutions under 10 U.S.C. 2323 from that DoD Component’s Small and Disadvantaged Business Utilization office (the list of minority institutions changes periodically, based on Department of Education data on institutions’ enrollments of minority students).

Research. Basic, applied, and advanced research, as defined in this section.

Subaward. An award of financial assistance in the form of money, or property in lieu of money, made under a DoD grant or cooperative agreement by a recipient to an eligible subrecipient. The term includes financial assistance for substantive program performance by the subrecipient of a portion of the program for which the DoD grant or cooperative agreement was made. It

---

does not include the recipient’s procurement of goods and services needed to carry out the program.

Subpart B—Selecting the Appropriate Instrument

§ 22.200 Purpose.

This subpart provides the bases for determining the appropriate type of instrument in a given situation.

§ 22.205 Distinguishing assistance from procurement.

Before using a grant or cooperative agreement, the grants officer shall make a positive judgment that an assistance instrument, rather than a procurement contract, is the appropriate instrument, based on the following:

(a) Purpose. (1) The grants officer must judge that the principal purpose of the activity to be carried out under the instrument is to stimulate or support a public purpose (i.e., to provide assistance), rather than acquisition (i.e., to acquire goods and services for the direct benefit of the United States Government). If the principal purpose is acquisition, then the grants officer shall judge that a procurement contract is the appropriate instrument, in accordance with 31 U.S.C. chapter 63 ("Using Procurement Contracts and Grant and Cooperative Agreements"). Assistance instruments shall not be used in such situations, except:

(i) When a statute specifically provides otherwise; or

(ii) When an exemption is granted, in accordance with § 22.220.

(2) For research and development, the appropriate use of grants and cooperative agreements therefore is almost exclusively limited to the performance of selected basic, applied, and advanced research projects. Development projects nearly always shall be performed by contract or other acquisition transaction because their principal purpose is the acquisition of specific deliverable items (e.g., prototypes or other hardware) for the benefit of the Department of Defense.

(b) Fee or profit. Payment of fee or profit is consistent with an activity whose principal purpose is the acquisition of goods and services for the direct benefit or use of the United States Government, rather than an activity whose principal purpose is assistance. Therefore, the grants officer shall use a procurement contract, rather than an assistance instrument, in all cases where:

(1) Fee or profit is to be paid to the recipient of the instrument; or

(2) The instrument is to be used to carry out a program where fee or profit is necessary to achieving program objectives.

§ 22.210 Authority for providing assistance.

(a) Before a grant or cooperative agreement may be used, the grants officer must:

(1) Identify the program statute, the statute that authorizes the DoD Component to carry out the activity the principal purpose of which is assistance (see 32 CFR 21.410 through 21.420).

(2) Review the program statute to determine if it contains requirements that affect the:

(i) Solicitation, selection, and award processes. For example, program statutes may authorize assistance to be provided only to certain types of recipients; may require that recipients meet certain other criteria to be eligible to receive assistance; or require that a specific process shall be used to review recipients’ proposals.

(ii) Terms and conditions of the award. For example, some program statutes require a specific level of cost sharing or matching.

(b) The grants officer shall ensure that the award of DoD appropriations through a grant or cooperative agreement for a research project meets the standards of 10 U.S.C. 2358, DoD’s broad authority to carry out research, even if the research project is authorized under a statutory authority other than 10 U.S.C. 2358. The standards of 10 U.S.C. 2358 are that, in the opinion of the Head of the DoD Component or his or her designee, the projects must be:

(1) Necessary to the responsibilities of the DoD Component.

73
§ 22.215

(2) Related to weapons systems and other military needs or of potential interest to the DoD Component.

§ 22.215 Distinguishing grants and cooperative agreements.

(a) Once a grants officer judges, in accordance with §§ 22.205 and 22.210, that either a grant or cooperative agreement is the appropriate instrument, the grants officer shall distinguish between the two instruments as follows:

(1) Grants shall be used when the grants officer judges that substantial involvement is not expected between the Department of Defense and the recipient when carrying out the activity contemplated in the agreement.

(2) Cooperative agreements shall be used when the grants officer judges that substantial involvement is expected. The grants officer should document the nature of the substantial involvement that led to selection of a cooperative agreement. Under no circumstances are cooperative agreements to be used solely to obtain the stricter controls typical of a contract.

(b) In judging whether substantial involvement is expected, grants officers should recognize that “substantial involvement” is a relative, rather than an absolute, concept, and that it is primarily based on programmatic factors, rather than requirements for grant or cooperative agreement award or administration. For example, substantial involvement may include collaboration, participation, or intervention in the program or activity to be performed under the award.

§ 22.220 Exemptions.

Under 31 U.S.C. 6307, “the Director of the Office of Management and Budget may exempt an agency transaction or program” from the requirements of 31 U.S.C. chapter 63. Grants officers shall request such exemptions only in exceptional circumstances. Each request shall specify for which individual transaction or program the exemption is sought; the reasons for requesting an exemption; the anticipated consequences if the exemption is not granted; and the implications for other agency transactions and programs if the exemption is granted. The procedures for requesting exemptions shall be:

(a) In cases where 31 U.S.C. chapter 63 would require use of a contract and an exemption from that requirement is desired:

(1) The grants officer shall submit a request for exemption, through appropriate channels established by his or her DoD Component (see 32 CFR 21.320(a)), to the Director of Defense Procurement and Acquisition Policy (DDP&AP).

(2) The DDP&AP, after coordination with the Director of Defense Research and Engineering (DDR&E), shall transmit the request to OMB or notify the DoD Component that the request has been disapproved.

(b) In other cases, the DoD Component shall submit a request for the exemption through appropriate channels to the DDR&E. The DDR&E shall transmit the request to OMB or notify the DoD Component that the request has been disapproved.

(c) Where an exemption is granted, documentation of the approval shall be maintained in the award file.

Subpart C—Competition

§ 22.300 Purpose.

This subpart establishes DoD policy and implements statutes related to the use of competitive procedures in the award of grants and cooperative agreements.

§ 22.305 General policy and requirement for competition.

(a) It is DoD policy to maximize use of competition in the award of grants and cooperative agreements. This also conforms with:

(1) 31 U.S.C. 6301(3), which encourages the use of competition in awarding all grants and cooperative agreements.

(2) 10 U.S.C. 2374(a), which sets out Congressional policy that any new grant for research, development, test, or evaluation be awarded through merit-based selection procedures.
(b) Grants officers shall use merit-based, competitive procedures (as defined by §22.315) to award grants and cooperative agreements:

(1) In every case where required by statute (e.g., 10 U.S.C. 2361, as implemented in §22.310, for certain grants to institutions of higher education).

(2) To the maximum extent practicable in all cases where not required by statute.

§ 22.310 Statutes concerning certain research, development, and facilities construction grants.

(a) Definitions specific to this section. For the purposes of implementing the requirements of 10 U.S.C. 2374 in this section, the following terms are defined:

(1) Follow-on grant. A grant that provides for continuation of research and development performed by a recipient under a preceding grant. Note that follow-on grants are distinct from incremental funding actions during the period of execution of a multi-year award.

(2) New grant. A grant that is not a follow-on grant.

(b) Statutory requirement to use competitive procedures. (1) A grants officer shall not award a grant by other than merit-based, competitive procedures (as defined by §22.315) to an institution of higher education for the performance of research and development or for the construction of research or other facilities, unless:

(i) In the case of a new grant for research and development, there is a statute meeting the criteria in paragraph (c)(1) of this section;

(ii) In the case of a follow-on grant for research and development, or of a grant for the construction of research or other facilities, there is a statute meeting the criteria in paragraph (c)(2) of this section; and

(iii) The Secretary of Defense submits to Congress a written notice of intent to make the grant. The grant may not be awarded until 180 calendar days have elapsed after the date on which Congress received the notice of intent. Contracting activities must submit a draft notice of intent with supporting documentation through channels to the Deputy Director, Defense Research and Engineering;

(2) Because subsequently enacted statutes may, by their terms, impose different requirements than set out in paragraph (b)(1) of this section, grants officers shall consult legal counsel on a case-by-case basis, when grants for the performance of research and development or for the construction of research or other facilities are to be awarded to institutions of higher education by other than merit-based competitive procedures.

(c) Subsequent statutes. In accordance with 10 U.S.C. 2361 and 10 U.S.C. 2374, a provision of law may not be construed as requiring the award of a grant through other than the merit-based, competitive procedures described in §22.315, unless:

(1) Institutions of higher education—new grants for research and development. In the case of a new grant for research and development to an institution of higher education, such provision of law specifically:

(i) Identifies the particular institution of higher education involved;

(ii) States that such provision of law modifies or supersedes the provisions of 10 U.S.C. 2361 (a requirement that applies only if the statute authorizing or requiring award by other than competitive procedures was enacted after September 30, 1989); and

(iii) States that the award to the institution of higher education involved is required by such provision of law to be made in contravention of the policy set forth in 10 U.S.C. 2374(a).

(2) Institutions of higher education—follow-on grants for research and development and grants for the construction of any research or other facility. In the case of any such grant to an institution of higher education, such provision of law specifically:

(i) Identifies the particular institution of higher education involved; and

(ii) States that such provision of law modifies or supersedes the provisions of 10 U.S.C. 2361 (a requirement that applies only if the statute authorizing or requiring award by other than competitive procedures was enacted after September 30, 1989).

(3) Other entities—new grants for research and development—(1) General. In
§ 22.315 Merit-based, competitive procedures.

Competitive procedures are methods that encourage participation in DoD programs by a broad base of the most highly qualified performers. These procedures are characterized by competition among as many eligible proposers as possible, with a published or widely disseminated notice. Competitive procedures include, as a minimum:

(a) Notice to prospective proposers. The notice may be a notice of funding availability or Broad Agency Announcement that is publicly disseminated, with unlimited distribution, or a specific notice that is distributed to eligible proposers (a specific notice must be distributed to at least two eligible proposers to be considered as part of a competitive procedure). Requirements for notices are as follows:

(1) The format and content of each notice must conform with the Governmentwide format for announcements of funding opportunities established by the Office of Management and Budget (OMB) in a policy directive entitled, “Format for Financial Assistance Program Announcements.”

(2) In accordance with that OMB policy directive, DoD Components also must post on the Internet any notice under which domestic entities may submit proposals, if the distribution of the notice is unlimited. DoD Components are encouraged to simultaneously publish the notice in other media (e.g., the Federal Register), if doing so would increase the likelihood of its being seen by potential proposers. If a DoD Component issues a specific notice with limited distribution (e.g., for national security considerations), the notice need not be posted on the Internet.

(3) To comply with an OMB policy directive entitled, “Requirement to Post Funding Opportunity Announcement Synopses at Grants.gov and Related Data Elements/Format,” DoD Components must post on the Internet a synopsis for each notice that, in accordance with paragraph (a)(2) of this section, is posted on the Internet. The synopsis must be posted at the Governmentwide site designated by the OMB (currently http://www.FedGrants.gov).

(4) In accordance with an OMB policy directive entitled, “Requirement for a DUNS Number in Applications for Federal Grants and Cooperative Agreements,” each notice must include a requirement for proposers to include Data Universal Numbering System (DUNS) numbers in their proposals. If a notice provides for submission of application forms, the forms must incorporate the DUNS number. To the extent that unincorporated consortia of separate organizations may submit proposals, the notice should explain that an unincorporated consortium
would use the DUNS number of the entity proposed to receive DoD payments under the award (usually, a lead organization that consortium members identify for administrative matters).

(b) At least two eligible, prospective proposers.

(c) Impartial review of the merits of applications or proposals received in response to the notice, using the evaluation method and selection criteria described in the notice. For research and development awards, in order to be considered as part of a competitive procedure, the two principal selection criteria, unless statute provides otherwise, must be the:

(1) Technical merits of the proposed research and development; and

(2) Potential relationship of the proposed research and development to Department of Defense missions.

§ 22.320 Special competitions.

Some programs may be competed for programmatic or policy reasons among specific classes of potential recipients. An example would be a program to enhance U.S. capabilities for academic research and research-coupled graduate education in defense-critical, science and engineering disciplines, a program that would be competed specifically among institutions of higher education. All such special competitions shall be consistent with program representations in the President’s budget submission to Congress and with subsequent Congressional authorizations and appropriations for the programs.

§ 22.325 Historically Black colleges and universities (HBCUs) and other minority institutions (MIs).

Increasing the ability of HBCUs and MIs to participate in federally funded university programs is an objective of Executive Order 12876 (3 CFR, 1993 Comp., p. 671) and 10 U.S.C. 2323. Grants officers shall include appropriate provisions in Broad Agency Announcements (BAAs) or other announcements for programs in which awards to institutions of higher education are anticipated, in order to promote participation of HBCUs and MIs in such programs. Also, whenever practicable, grants officers shall reserve appropriate programmatic areas for exclusive competition among HBCUs and MIs when preparing announcements for such programs.

Subpart D—Recipient Qualification Matters—General Policies and Procedures

§ 22.400 Purpose.

The purpose of this subpart is to specify policies and procedures for grants officers’ determination of recipient qualifications prior to award.

§ 22.405 Policy.

(a) General. Grants officers normally shall award grants or cooperative agreements only to qualified recipients that meet the standards in §22.415. This practice conforms with the Governmentwide policy to do business only with responsible persons, which is stated in OMB guidance at 2 CFR 180.125(a) and implemented by the Department of Defense in 2 CFR part 1125.

(b) Exception. In exceptional circumstances, grants officers may make awards to recipients that do not fully meet the standards in §22.415 and include special award conditions that are appropriate to the particular situation, in accordance with 32 CFR 32.14, 33.12, or 34.4.

§ 22.410 Grants officers’ responsibilities.

The grants officer is responsible for determining a recipient’s qualification prior to award. The grants officer’s signature on the award document shall signify his or her determination that either:

(a) The potential recipient meets the standards in §22.415 and is qualified to receive the grant or cooperative agreement; or

(b) An award is justified to a recipient that does not fully meet the standards, pursuant to §22.405(b). In such cases, grants officers shall document in the award file the rationale for making

77
an award to a recipient that does not fully meet the standards.

§ 22.415 Standards.

To be qualified, a potential recipient must:

(a) Have the management capability and adequate financial and technical resources, given those that would be made available through the grant or cooperative agreement, to execute the program of activities envisioned under the grant or cooperative agreement.

(b) Have a satisfactory record of executing such programs or activities (if a prior recipient of an award).

(c) Have a satisfactory record of integrity and business ethics.

(d) Be otherwise qualified and eligible to receive a grant or cooperative agreement under applicable laws and regulations (see §22.420(c)).

§ 22.420 Pre-award procedures.

(a) The appropriate method to be used and amount of effort to be expended in deciding the qualification of a potential recipient will vary. In deciding on the method and level of effort, the grants officer should consider factors such as:

(1) DoD’s past experience with the recipient;

(2) Whether the recipient has previously received cost-type contracts, grants, or cooperative agreements from the Federal Government; and

(3) The amount of the prospective award and complexity of the project to be carried out under the award.

(b) There is no DoD-wide requirement to obtain a pre-award credit report, audit, or any other specific piece of information. On a case-by-case basis, the grants officer will decide whether there is a need to obtain any such information to assist in deciding whether the recipient meets the standards in §22.415 (a), (b), and (c).

(1) Should the grants officer in a particular case decide that a pre-award credit report, audit, or survey is needed, he or she should consult first with the appropriate grants administration office (identified in §22.710), and decide whether pre-existing surveys or audits of the recipient, such as those of the recipient’s internal control systems under OMB Circular A-133,5 will satisfy the need (see §22.715(a)(1)).

(2) If, after consulting with the grants administration office, the grants officer decides to obtain a credit report, audit, or other information, and the report or other information discloses that a potential recipient is delinquent on a debt to an agency of the United States Government, then:

(i) The grants officer shall take such information into account when determining whether the potential recipient is qualified with respect to the grant or cooperative agreement; and

(ii) If the grants officer decides to make the award to the recipient, unless there are compelling reasons to do otherwise, the grants officer shall delay the award of the grant or cooperative agreement until payment is made or satisfactory arrangements are made to repay the debt.

(c) In deciding whether a recipient is otherwise qualified and eligible in accordance with the standard in §22.415(d), the grants officer shall ensure that the potential recipient:

(1) Is not identified in the Governmentwide Excluded Parties List System (EPLS) as being debarred, suspended, or otherwise ineligible to receive the award. In addition to being a requirement for every new award, note that checking the EPLS also is a requirement for subsequent obligations of additional funds, such as incremental funding actions, in the case of pre-existing awards to institutions of higher education, as described at 32 CFR 22.520(e)(5). The grants officer’s responsibilities include (see the OMB guidance at 2 CFR 180.425 and 180.430, as implemented by the Department of Defense at 2 CFR 1125.425) checking the EPLS for:

(i) Potential recipients of prime awards; and

(ii) A recipient’s principals (as defined in OMB guidance at 2 CFR 180.995, implemented by the Department of Defense in 2 CFR part 1125), potential recipients of subawards, and principals of

5Electronic copies may be obtained at Internet site http://www.whitehouse.gov/OMB. For paper copies, contact the Office of Management and Budget, EOP Publications, 725 17th St. NW., New Executive Office Building, Washington, DC 20503.
§ 22.510 Certifications, representations, and assurances.

(a) Certifications—(1) Policy. Certifications of compliance with national policy requirements are to be obtained from recipients only for those national policies where a statute, Executive order, or codified regulation specifically states that a certification is required. Other national policy requirements may be addressed by obtaining representations or assurances (see paragraph (b) of this section). Grants officers should utilize methods for obtaining certifications, in accordance with Executive Order 12866 (3 CFR, 1993 Comp., p. 638), that minimize administration and paperwork.

(b) DoD regulations other than the DoDGARs.

(c) Other Federal agencies' regulations.

[63 FR 12164, Mar. 12, 1998, as amended at 70 FR 49464, Aug. 23, 2005]

Subpart E—National Policy Matters

§ 22.505 Purpose.

The purpose of this subpart is to supplement other regulations that implement national policy requirements, to the extent that it is necessary to provide additional guidance to DoD grants officers. The other regulations that implement national policy requirements include:

(a) The other parts of the DoDGARs (32 CFR parts 32, 33, and 34) that implement the Governmentwide guidance in OMB Circulars A-102, A-110 on administrative requirements for grants and cooperative agreements. Those parts address some national policy matters that appear in the OMB Circulars.

(b) DoD regulations other than the DoDGARs.

(c) Other Federal agencies’ regulations.

[63 FR 12164, Mar. 12, 1998, as amended at 70 FR 49464, Aug. 23, 2005]
§ 22.515 Provisions of annual appropriations acts.

An annual appropriations act can include general provisions stating national policy requirements that apply to the use of funds (e.g., obligation through a grant or cooperative agreement) appropriated by the act. Because these requirements are of limited duration (the period during which a given year’s appropriations are available for obligation), and because they can vary from year to year and from one agency’s appropriations act to another, the grants officer must know the agency(ies) and fiscal year(s) of the appropriations being obligated by a given grant or cooperative agreement, and may need to consult legal counsel if he or she does not know the requirements applicable to those appropriations.

§ 22.520 Campus access for military recruiting and Reserve Officer Training Corps (ROTC).

(a) Purpose. (1) The purpose of this section is to implement 10 U.S.C. 983 as it applies to grants. Under that statute, DoD Components are prohibited from providing funds to institutions of higher education that have policies or practices, as described in paragraph (c) of this section, restricting campus access of military recruiters or the Reserve Officer Training Corps (ROTC).

(2) By addressing the effect of 10 U.S.C. 983 on grants and cooperative agreements, this section supplements the DoD’s primary implementation of that statute in 32 CFR part 216, “Military Recruiting and Reserve Officer Training Corps Program Access to Institutions of Higher Education.” Part 216 establishes procedures by which the Department of Defense identifies institutions of higher education that have a policy or practice described in paragraph (c) of this section.

(b) Definition specific to this section. “Institution of higher education” in this section has the meaning given at 32 CFR 216.3, which is different than the meaning given at § 22.105 for other sections of this part.

For copies of Standard Forms listed in this part, contact regional grants administration offices of the Office of Naval Research. Addresses for the offices are listed in the “Federal Directory of Contract Administration Services (CAS) Components,” which may be accessed through the Defense Contract Management Agency homepage at: http://www.dcma.mil.
(c) Statutory requirement of 10 U.S.C. 983. No funds made available to the Department of Defense may be provided by grant to an institution of higher education (including any subelement of such institution) if the Secretary of Defense determines that the institution (or any subelement of that institution) has a policy or practice that either prohibits, or in effect prevents:

(1) The Secretary of a Military Department from maintaining, establishing, or operating a unit of the Senior ROTC (in accordance with 10 U.S.C. 654 and other applicable Federal laws) at that institution (or any subelement of that institution);

(2) A student at that institution (or any subelement of that institution) from enrolling in a unit of the Senior ROTC at another institution of higher education;

(3) The Secretary of a Military Department or Secretary of Homeland Security from gaining access to campuses, or access to students (who are 17 years of age or older) on campuses, for purposes of military recruiting in a manner that is at least equal in quality and scope to the access to campuses and to students that is provided to any other employer; or

(4) Access by military recruiters for purposes of military recruiting to the following information pertaining to students (who are 17 years of age or older) enrolled at that institution (or any subelement of that institution):

(i) Names, addresses, and telephone listings;

(ii) Date and place of birth, levels of education, academic majors, degrees received, and the most recent educational institution enrolled in by the student.

(d) Policy. (1) Applicability to cooperative agreements. As a matter of DoD policy, the restrictions of 10 U.S.C. 983, as implemented by 32 CFR part 216, apply to cooperative agreements, as well as grants.

(2) Deviations. Grants officers may not deviate from any provision of this section without obtaining the prior approval of the Director of Defense Research and Engineering. Requests for deviations shall be submitted, through appropriate channels, to: Director for Basic Sciences, ODUSD(LABS), 3040 Defense Pentagon, Washington, D.C. 20301–3040.

(e) Grants officers’ responsibility. (1) A grants officer shall not award any grant or cooperative agreement to an institution of higher education that has been identified pursuant to the procedures of 32 CFR part 216. Such institutions are identified as being ineligible on the Governmentwide Excluded Parties List System (EPLS). The cause and treatment code on the EPLS indicates the reason for an institution’s ineligibility, as well as the effect of the exclusion. Note that OMB guidance in 2 CFR 180.425 and 180.430, as implemented by the Department of Defense at 2 CFR part 1125, require a grants officer to check the EPLS prior to determining that a recipient is qualified to receive an award.

(2) A grants officer shall not consent to a subaward of DoD funds to such an institution, under a grant or cooperative agreement to any recipient, if the subaward requires the grants officer’s consent.

(3) A grants officer shall include the following award term in each grant or cooperative agreement with an institution of higher education (note that this requirement does not flow down and that recipients are not required to include the award term in subawards):

“As a condition for receipt of funds available to the Department of Defense (DoD) under this award, the recipient agrees that it is not an institution of higher education (as defined in 32 CFR part 216) that has a policy or practice that either prohibits, or in effect prevents:

(A) The Secretary of a Military Department from maintaining, establishing, or operating a unit of the Senior ROTC at that institution (or any subelement of that institution);

(B) Any student at that institution (or any subelement of that institution) from enrolling in a unit of the Senior ROTC at another institution of higher education;

(C) The Secretary of a Military Department or Secretary of Homeland Security from gaining access to campuses, or access to students (who are 17 years of age or older) on campuses, for purposes of military recruiting in a manner that is at least equal in quality and scope to the access to campuses and to students that is provided to any other employer; or
(D) Access by military recruiters for purposes of military recruiting to the names of students (who are 17 years of age or older and enrolled at that institution or any subelement of that institution); their addresses, telephone listings, dates and places of birth, levels of education, academic majors, and degrees received; and the most recent educational institutions in which they were enrolled.

If the recipient is determined, using the procedures in 32 CFR part 216, to be such an institution of higher education during the period of performance of this agreement, the Government will cease all payments of DoD funds under this agreement and all other DoD grants and cooperative agreements to the recipient, and it may suspend or terminate such grants and agreements unilaterally for material failure to comply with the terms and conditions of award.

(4) If an institution of higher education refuses to accept the award term in paragraph (e)(3) of this section, the grants officer shall:

(i) Determine that the institution is not qualified with respect to the award. The grants officer may award to an alternative recipient.

(ii) Transmit the name of the institution, through appropriate channels, to the Director for Accession Policy, Office of the Deputy Under Secretary of Defense for Military Personnel Policy (ODUSD(MPP)), 4000 Defense Pentagon, Washington, DC 20301–4000. This will allow ODUSD(MPP) to decide whether to initiate an evaluation of the institution under 32 CFR part 216, to determine whether it is an institution that has a policy or practice described in paragraph (c) of this section.

(5) With respect to any pre-existing award to an institution of higher education that currently is listed on the EPLS pursuant to a determination under 32 CFR part 216, a grants officer:

(i) Shall not obligate additional funds available to the DoD for the award. A grants officer therefore must check the EPLS before approving an incremental funding action or other additional funding for any pre-existing award to an institution of higher education. The grants officer may not obligate the additional funds if the cause and treatment code indicates that the reason for an institution’s EPLS listing is a determination under 32 CFR part 216 that institutional policies or practices restrict campus access of military recruiters or ROTC.

(ii) Shall not approve any request for payment submitted by such an institution (including payments for costs already incurred).

(iii) Shall:

(A) Terminate the award unless he or she has a reason to believe, after consulting with the ODUSD(MPP), 4000 Defense Pentagon, Washington, DC 20301–4000, that the institution may be removed from the EPLS in the near term and have its eligibility restored; and

(B) Suspend any award that is not immediately terminated, as well as all payments under it.

(6) Post-award administration responsibilities of the Office of Naval Research (ONR). As the DoD office assigned responsibility for performing field administration services for grants and cooperative agreements with institutions of higher education, the ONR shall disseminate the list it receives from the ODUSD(MPP) of institutions of higher education identified pursuant to the procedures of 32 CFR part 216 to:

(1) ONR field administration offices, with instructions to:

(i) Disapprove any payment requests under awards to such institutions for which post-award payment administration was delegated to the ONR; and

(ii) Alert the DoD offices that made the awards to their responsibilities under paragraphs (e)(5)(i) and (e)(5)(iii) of this section.

(2) Awarding offices in DoD Components that may be identified from data in the Defense Assistance Awards Data System (see 32 CFR 21.520 through 21.555) as having awards with such institutions for which post-award payment administration was not delegated to ONR. The ONR is to alert those offices to their responsibilities under paragraph (e)(5) of this section.

[70 FR 49465, Aug. 23, 2005, as amended at 72 FR 34988, June 26, 2007]
§ 22.605 Grants officers’ responsibilities.

At the time of award, the grants officer is responsible for ensuring that:

(a) The award instrument contains the appropriate terms and conditions, in accordance with §22.610.

(b) Information about the award is provided to the office responsible for preparing reports for the Defense Assistance Award Data System (DAADS), to ensure timely and accurate reporting of data required by 31 U.S.C. 6101–6106 (see 32 CFR part 21, subpart E).

(c)(1) In addition to the copy of the award document provided to the recipient, a copy is forwarded to the office designated to administer the grant or cooperative agreement, and another copy is forwarded to the finance and accounting office designated to make the payments to the recipient.

(2) For any award subject to the electronic funds transfer (EFT) requirement described in §22.810(b)(2), the grants officer shall include a prominent notification of that fact on the first page of the copies forwarded to the recipient, the administrative grants officer, and the finance and accounting office. On the first page of the copy forwarded to the recipient, the grants officer also shall include a prominent notification that the recipient, to be paid, must submit a Payment Information Form (Standard Form SF–38819) to the responsible DoD payment office, if that payment office does not currently have the information (e.g., bank name and account number) needed to pay the recipient by EFT.

*See footnote 8 to §22.510(b).*
§ 22.610 Award instruments.

(a) Each award document shall include terms and conditions that:

(1) Address programmatic requirements (e.g., a statement of work or other appropriate terms or conditions that describe the specific goals and objectives of the project). The grants officer shall develop such terms and conditions in coordination with program officials.

(2) Provide for the recipient’s compliance with:

(i) Pertinent Federal statutes or Executive orders that apply broadly to Federal or DoD assistance awards.

(ii) Any program-specific requirements that are prescribed in the program statute (see § 22.210(a)(2)), or appropriation-specific requirements that are stated in the pertinent Congressional appropriations (see § 22.515).

(iii) Pertinent portions of the DoDGARs or other Federal regulations, including those that implement the Federal statutes or Executive orders described in paragraphs (a)(2)(i) and (ii) of this section.

(3) Specify the grants officer’s instructions for post-award administration, for any matter where the post-award administration provisions in 32 CFR part 32, 33, or 34 give the grants officer options for handling the matter. For example, under 32 CFR 32.24(b), the grants officers must choose among possible methods for the recipient’s disposition of program income. It is essential that the grants officer identify the option selected in each case, to provide clear instructions to the recipient and the grants officer responsible for post-award administration of the grant or cooperative agreement.

(b) To assist grants officers:

(1) Appendix B to this part provides model clauses to implement certain Federal statutes, Executive orders, and regulations (see paragraph (a)(2)(i) of this section) that frequently apply to DoD grants and cooperative agreements. Grants officers may incorporate the model clauses into award terms and conditions, as appropriate. It should be noted that Appendix B to this part is an aid, and not an exhaustive list of all requirements that apply in all cases. Depending on the circumstances of a given award, other statutes, Executive orders, or codified regulations also may apply (e.g., Appendix B to this part does not list program-specific requirements described in paragraph (a)(2)(ii) of this section).

(2) Appendix C to this part is a list of administrative requirements that apply to awards to different types of recipients. It also identifies post-award administration issues that the grants officer must address in the award terms and conditions.

Subpart G—Field Administration

§ 22.700 Purpose.

This subpart prescribes policies and procedures for administering grants and cooperative agreements. It does so in conjunction with 32 CFR parts 32, 33, and 34, which prescribe administrative requirements for particular types of recipients.

§ 22.705 Policy.

(a) DoD policy is to have each recipient deal with a single office, to the maximum extent practicable, for post-award administration of its grants and cooperative agreements. This reduces burdens on recipients that can result when multiple DoD offices separately administer awards to a given recipient. It also minimizes unnecessary duplication of field administration services.

(b) To further reduce burdens on recipients, the office responsible for performing field administration services for grants and cooperative agreements to a particular recipient shall be, to the maximum extent practicable, the same office that is assigned responsibility for performing field administration services for contracts awarded to that recipient.

(c) Contracting activities and grants officers therefore shall use cross-serving arrangements whenever practicable and, to the maximum extent possible, delegate responsibility for post-award administration to the cognizant grants administration offices identified in § 22.710.
§ 22.710 Assignment of grants administration offices.

In accordance with the policy stated in §22.705(b), the DoD offices (referred to in this part as “grants administration offices”) that are assigned responsibility for performing field administration services for grants and cooperative agreements are (see the “Federal Directory of Contract Administration Services (CAS) Components” for specific addresses of administration offices):

(a) Regional offices of the Office of Naval Research, for grants and cooperative agreements with:
   (1) Institutions of higher education and laboratories affiliated with such institutions, to the extent that such organizations are subject to the university cost principles in OMB Circular A–21.
   (2) Nonprofit organizations that are subject to the cost principles in OMB Circular A–122, if their principal business with the Department of Defense is research and development.

(b) Field offices of the Defense Contract Management Command, for grants and cooperative agreements with all other entities, including:
   (1) For-profit organizations.
   (2) Nonprofit organizations identified in Attachment C of OMB Circular A–122 that are subject to for-profit cost principles in 48 CFR part 31.
   (3) Nonprofit organizations subject to the cost principles in OMB Circular A–122, if their principal business with the Department of Defense is other than research and development.
   (4) State and local governments.

§ 22.715 Grants administration office functions.

The primary responsibility of cognizant grants administration offices shall be to advise and assist grants officers and recipients prior to and after award, and to help ensure that recipients fulfill all requirements in law, regulation, and award terms and conditions. Specific functions include:

(a) Conducting reviews and coordinating reviews, audits, and audit requests. This includes:
   (1) Advising grants officers on the extent to which audits by independent auditors (i.e., public accountants or Federal auditors) have provided the information needed to carry out their responsibilities. If a recipient has had an independent audit in accordance with OMB Circular A–133, and the audit report disclosed no material weaknesses in the recipient’s financial management and other management and control systems, additional preaward or closeout audits usually will not be needed (see §§22.420(b) and 22.825(b)).
   (2) Performing pre-award surveys, when requested by a grants officer, after providing advice described in paragraph (a)(1) of this section.

(b) Reviewing recipients’ systems and compliance with Federal requirements, in coordination with any reviews and compliance audits performed by independent auditors under OMB Circular A–133, or in accordance with the terms and conditions of the award. This includes:
   (i) Reviewing recipients’ financial management, property management, and purchasing systems, to determine the adequacy of such systems.
   (ii) Determining that recipients have drug-free workplace programs, as required under 32 CFR part 26.
   (iii) Determining that governmental, university and nonprofit recipients have complied with requirements in OMB Circular A–133, as implemented at 32 CFR 32.26 and 33.26, to have single audits and submit audit reports to the Federal Audit Clearinghouse. If a recipient has not had a required audit, appropriate action must be taken (e.g., contacting the recipient and coordinating with the Office of the Assistant Inspector General for Audit Policy and Oversight (OAIG(P&O)), Office of the Deputy Inspector General for Inspections and Policy, Office of the Inspector General of the Department of Defense (OIG, DoD), 400 Army-Navy Drive, Arlington, VA 22202).

11 See footnote 5 to §22.420(b)(1).
12 See footnote 5 to §22.420(b)(1).
§ 22.800

(b) Performing property administration services for Government-owned property, and for any property acquired by a recipient, with respect to which the recipient has further obligations to the Government.

(c) Ensuring timely submission of required reports.

(d) Executing administrative close-out procedures.

(e) Establishing recipients' indirect cost rates, where the Department of Defense is the cognizant or oversight Federal agency with the responsibility for doing so.

(f) Performing other administration functions (e.g., receiving recipients' payment requests and transmitting approved payment authorizations to payment offices) as delegated by applicable cross-servicing agreements or letters of delegation.

Subpart H—Post-Award Administration

§ 22.800 Purpose and relation to other parts.

This subpart sets forth grants officers' and DoD Components' responsibilities for post-award administration, by providing DoD-specific requirements for payments; debt collection; claims; disputes and appeals; and closeout audits.

§ 22.805 Post-award requirements in other parts.

Grants officers responsible for post-award administration of grants and cooperative agreements shall administer such awards in accordance with the following parts of the DoDGARs, as supplemented by this subpart:

(a) Awards to domestic recipients. Standard administrative requirements for grants and cooperative agreements with domestic recipients are specified in other parts of the DoDGARs, as follows:

(1) For awards to domestic institutions of higher education and other nonprofit organizations, requirements are specified in 32 CFR part 32, which is the DoD implementation of OMB Circular A-110.

(2) For awards to State and local governments, requirements are specified in 32 CFR part 33, which is the DoD codification of the Government-wide common rule to implement OMB Circular A-102.

(3) For awards to domestic for-profit organizations, requirements are specified in 32 CFR part 34, which is modeled on the requirements in OMB Circular A-110.

(b) Awards to foreign recipients. DoD Components shall use the administrative requirements specified in paragraph (a) of this section, to the maximum extent practicable, for grants and cooperative agreements to foreign recipients.

§ 22.810 Payments.

(a) Purpose. This section prescribes policies and grants officers' post-award responsibilities, with respect to payments to recipients of grants and cooperative agreements.

(b) Policy. (1) It is Governmentwide policy to minimize the time elapsing between any payment of funds to a recipient and the recipient’s disbursement of the funds for program purposes (see 32 CFR 32.22(a) and 33.21(b), and the implementation of the Cash Management Improvement Act at 31 CFR part 205).

(2) It also is a Governmentwide requirement to use electronic funds transfer (EFT) in the payment of any grant for which an application or proposal was submitted or renewed on or after July 26, 1996, unless the recipient has obtained a waiver by submitting to the head of the pertinent Federal agency a certification that it has neither an
account with a financial institution nor an authorized payment agent. This requirement is in 31 U.S.C. 3332, as amended by the Debt Collection Improvement Act of 1996 (section 31001(x)(1)(A), Pub. L. 104–134), and as implemented by Department of Treasury regulations at 31 CFR part 208. As a matter of DoD policy, this requirement applies to cooperative agreements, as well as grants. Within the Department of Defense, the Defense Finance and Accounting Service implements this EFT requirement, and grants officers have collateral responsibilities at the time of award, as described in §22.605(c), and in postaward administration, as described in §22.810(c)(3)(iv).

(3) Expanding on these Government-wide policies, DoD policy is for DoD Components to use electronic commerce, to the maximum extent practicable, in the portions of the payment process for grants and cooperative agreements for which grants officers are responsible. In cases where recipients submit each payment request to the grants officer, this includes using electronic methods to receive recipients’ requests for payment and to transmit authorizations for payment to the DoD payment office. Using electronic methods will improve timeliness and accuracy of payments and reduce administrative burdens associated with paper-based payments.

(c) Post-award responsibilities. In cases where the recipient submits each payment request to the grants officer, the administrative grants officer designated to handle payments for a grant or cooperative agreement is responsible for:

(1) Handling the recipient’s requests for payments in accordance with DoD implementation of Government-wide guidance (see 32 CFR 32.22, 33.21, or 34.12, as applicable).

(2) Reviewing each payment request to ensure that:
   (i) The request complies with the award terms.
   (ii) Available funds are adequate to pay the request.
   (iii) The recipient will not have excess cash on hand, based on expenditure patterns.

(3) Maintaining a close working relationship with the personnel in the finance and accounting office responsible for making the payments. A good working relationship is necessary, to ensure timely and accurate handling of financial transactions for grants and cooperative agreements. Administrative grants officers:

   (i) Should be generally familiar with policies and procedures for disbursing offices that are contained in Chapter 19 of Volume 10 of the DoD Financial Management Regulation (the FMR, DoD 7000.14-R).15

   (ii) Shall forward authorizations to the designated payment office expeditiously, so that payments may be made in accordance with the timely payment guidelines in Chapter 19 of Volume 10 of the FMR. Unless alternative arrangements are made with the payment office, authorizations should be forwarded to the payment office at least 3 working days before the end of the period specified in the FMR. The period specified in the FMR is:

   (A) No more than seven calendar days after receipt of the recipient’s request by the administrative grants officer, whenever electronic commerce is used (i.e., EDI to request and authorize payments and electronic funds transfer (EFT) to make payments).

   (B) No more than thirty calendar days after receipt of the recipient’s request by the administrative grants officer, when it is not possible to use electronic commerce and paper transactions are used.

   (C) No more than seven calendar days after each date specified, when payments are authorized in advance based on a predetermined payment schedule, provided that the payment schedule was received in the disbursing office at least 30 calendar days in advance of the date of the scheduled payment.

   (ii) Shall ensure that the recipients’ Taxpayer Identification Number (TIN) is included with each payment authorization forwarded to the payment office. This is a statutory requirement of 31 U.S.C. 3325, as amended by the Debt Collection Improvement Act of 1996 (section 31001(y), Pub. L. 104–134).

15 See footnote 13 to §22.715(a)(4).
§ 22.815 Claims, disputes, and appeals.

(a) Award terms. Grants officers shall include in grants and cooperative agreements a term or condition that incorporates the procedures of this section for:

(1) Processing recipient claims and disputes.

(2) Deciding appeals of grants officers’ decisions.

(b) Submission of claims—(1) Recipient claims. If a recipient wishes to submit a claim arising out of or relating to a grant or cooperative agreement, the grants officer shall inform the recipient that the claim must:

(i) Be submitted in writing to the grants officer for decision;

(ii) Specify the nature and basis for the relief requested; and

(iii) Include all data that supports the claim.

(2) DoD Component claims. Claims by a DoD Component shall be the subject of a written decision by a grants officer.

(c) Alternative Dispute Resolution (ADR)—(1) Policy. DoD policy is to try to resolve all issues concerning grants and cooperative agreements by mutual agreement at the grants officer’s level. DoD Components therefore are encouraged to use ADR procedures to the maximum extent practicable. ADR procedures are any voluntary means (e.g., mini-trials or mediation) used to resolve issues in controversy without resorting to formal administrative appeals (see paragraph (e) of this section) or to litigation.

(2) Procedures. (i) The ADR procedures or techniques to be used may either be agreed upon by the Government and the recipient in advance (e.g., when agreeing on the terms and conditions of the grant or cooperative agreement), or may be agreed upon at the time the parties determine to use ADR procedures.

(ii) If a grants officer and a recipient are not able to resolve an issue through unassisted negotiations, the grants officer shall encourage the recipient to enter into ADR procedures. ADR procedures may be used prior to submission of a recipient’s claim or at any time prior to the Grant Appeal Authority’s decision on a recipient’s appeal (see paragraph (e)(3)(iii) of this section).

(d) Grants officer decisions. (1) Within 60 calendar days of receipt of a written claim, the grants officer shall either:

(i) Prepare a written decision, which shall include the reasons for the decision; shall identify all relevant data on which the decision is based; shall identify the cognizant Grant Appeal Authority and give his or her mailing address; and shall be included in the award file; or

(ii) Notify the recipient of a specific date when he or she will render a written decision, if more time is required to do so. The notice shall inform the recipient of the reason for delaying the decision (e.g., the complexity of the claim, a need for more time to complete ADR procedures, or a need for the recipient to provide additional information to support the claim).

(2) The decision of the grants officer shall be final, unless the recipient decides to appeal. If a recipient decides to appeal a grants officer’s decision, the grants officer shall encourage the recipient to enter into ADR procedures, as described in paragraph (c) of this section.

(3) Formal administrative appeals—(1) Grant appeal authorities. Each DoD Component that awards grants or cooperative agreements shall establish one or more Grant Appeal Authorities to decide formal, administrative appeals in accordance with paragraph (e)(3) of this section. Each Grant Appeal Authority shall be either:

(i) An individual at a grade level in the Senior Executive Service, if civilian, or at the rank of Flag or General Officer, if military; or

(ii) A board chaired by such an individual.

(2) Right of appeal. A recipient has the right to appeal a grants officer’s decision to the Grant Appeal Authority (but note that ADR procedures, as described in paragraph (c) of this section, are the preferred means for resolving any appeal).
(3) Appeal procedures—(i) Notice of appeal. A recipient may appeal a decision of the grants officer within 90 calendar days of receiving that decision, by filing a written notice of appeal to the Grant Appeal Authority and to the grants officer. If a recipient elects to use an ADR procedure, the recipient is permitted an additional 60 calendar days to file the written notice of appeal to the Grant Appeal Authority and grants officer.

(ii) Appeal file. Within 30 calendar days of receiving the notice of appeal, the grants officer shall forward to the Grant Appeal Authority and the recipient the appeal file, which shall include copies of all documents relevant to the appeal. The recipient may supplement the file with additional documents it deems relevant. Either the grants officer or the recipient may supplement the file with a memorandum in support of its position. The Grant Appeal Authority may request additional information from either the grants officer or the recipient.

(iii) Decision. The appeal shall be decided solely on the basis of the written record, unless the Grant Appeal Authority decides to conduct fact-finding procedures or an oral hearing on the appeal. Any fact-finding or hearing shall be conducted using procedures that the Grant Appeal Authority deems appropriate.

(f) Representation. A recipient may be represented by counsel or any other designated representative in any claim, appeal, or ADR proceeding brought pursuant to this section, as long as the representative is not otherwise prohibited by law or regulation from appearing before the DoD Component concerned.

(g) Non-exclusivity of remedies. Nothing in this section is intended to limit a recipient’s right to any remedy under the law.

§ 22.820 Debt collection.

(a) Purpose. This section prescribes procedures for establishing debts owed by recipients of grants and cooperative agreements, and transferring them to payment offices for collection.

(b) Resolution of indebtedness. The grants officer shall attempt to resolve by mutual agreement any claim of a recipient’s indebtedness to the United States arising out of a grant or cooperative agreement (e.g., by a finding that a recipient was paid funds in excess of the amount to which the recipient was entitled under the terms and conditions of the award).

(c) Grant officer’s decision. In the absence of such mutual agreement, any claim of a recipient’s indebtedness shall be the subject of a grants officer decision, in accordance with §22.815(b)(2). The grants officer shall prepare and transmit to the recipient a written notice that:

1. Describes the debt, including the amount, the name and address of the official who determined the debt (e.g., the grants officer under §22.815(d)), and a copy of that determination.

2. Informs the recipient that:

(i) Within 30 calendar days of the grants officer’s decision, the recipient shall either pay the amount owed to the grants officer (at the address that was provided pursuant to paragraph (c)(1) of this section) or inform the grants officer of the recipient’s intention to appeal the decision.

(ii) If the recipient elects not to appeal, any amounts not paid within 30 calendar days of the grants officer’s decision will be a delinquent debt.

(iii) If the recipient elects to appeal the grants officer’s decision, the recipient has 90 calendar days, or 150 calendar days if ADR procedures are used, after receipt of the grants officer’s decision to file the appeal, in accordance with §22.815(e)(3)(1).

(iv) The debt will bear interest, and may include penalties and other administrative costs, in accordance with the debt collection provisions in Chapters 29, 31, and 32 of Volume 5 and Chapters 18 and 19 of Volume 10 of the DoD Financial Management Regulation (DoD 7000.14-R). No interest will be charged if the recipient pays the amount owed within 30 calendar days of the grants officer’s decision. Interest will be charged for the entire period from the date the decision was mailed, if the recipient pays the amount owed after 30 calendar days.

(d) Follow-up. Depending upon the response from the recipient, the grants officer shall proceed as follows:
(1) If the recipient pays the amount owed within 30 calendar days to the grants officer, the grants officer shall forward the payment to the responsible payment office.

(2) If within 30 calendar days the recipient elects to appeal the grants officer’s decision, further action to collect the debt is deferred, pending the outcome of the appeal. If the final result of the appeal is a determination that the recipient owes a debt to the Federal Government, the grants officer shall send a demand letter to the recipient and transfer responsibility for further debt collection to a payment office, as described in paragraph (d)(3) of this section.

(3) If within 30 calendar days the recipient has neither paid the amount due nor provided notice of intent to file an appeal of the grants officer’s decision, the grants officer shall send a demand letter to the recipient, with a copy to the payment office that will be responsible for collecting the delinquent debt. The payment office will be responsible for any further debt collection activity, including issuance of additional demand letters (see Chapter 19 of Volume 10 of the DoD Financial Management Regulation, DoD 7000.14–R). The grants officer’s demand letter shall:

(i) Describe the debt, including the amount, the name and address of the official that determined the debt (e.g., the grants officer under §22.815(d)), and a copy of that determination.

(ii) Notify the recipient that the debt is a delinquent debt that bears interest from the date of the grants officer’s decision, and that penalties and other administrative costs may be assessed.

(iii) Identify the payment office that is responsible for the collection of the debt, and notify the recipient that it may submit a proposal to that payment office to defer collection. If immediate payment is not practicable.

(e) Administrative offset. In carrying out the responsibility for collecting delinquent debts, a disbursing officer may need to consult grants officers, to determine whether administrative offset against payments to a recipient owing a delinquent debt would interfere with execution of projects being carried out under grants or cooperative agreements. Disbursing officers may also ask grants officers whether it is feasible to convert payment methods under grants or cooperative agreements from advance payments to reimbursements, to facilitate use of administrative offset. Grants officers therefore should be familiar with guidelines for disbursing officers, in Chapter 19 of Volume 10 of the Financial Management Regulation (DoD 7000.14–R), concerning withholding and administrative offset to recover delinquent debts.

§ 22.825 Closeout audits.

(a) Purpose. This section establishes DoD policy for obtaining audits at closeout of individual grants and cooperative agreements. It thereby supplements the closeout procedures specified in:

(1) 32 CFR 32.71 and 32.72, for awards to institutions of higher education and other nonprofit organizations.

(2) 32 CFR 33.50 and 33.51, for awards to State and local governments.

(3) 32 CFR 34.61 and 34.62, for awards to for-profit entities.

(b) Policy. Grants officers shall use their judgment on a case-by-case basis, in deciding whether to obtain an audit prior to closing out a grant or cooperative agreement (i.e., there is no specific DoD requirement to obtain an audit prior to doing so). Factors to be considered include:

(1) The amount of the award.

(2) DoD’s past experience with the recipient, including the presence or lack of findings of material deficiencies in recent:

(i) Audits of individual awards; or

(ii) Systems-wide financial audits and audits of the compliance of the recipient’s systems with Federal requirements, under OMB Circular A–133, where that Circular is applicable. (See §22.715(a)(1)).

<td>Any</td>
<td>Awards involving construction, land acquisition or development, with some exceptions [see 42 U.S.C. 4001, et. seq.].</td>
<td>The grants officer should inform the recipient that 42 U.S.C. 4012a prohibits awards for acquisition or construction in flood-prone areas (Federal Emergency Management Agency publishes lists of such areas in the Federal Register), unless recipient has required insurance. If action is in a floodplain, Executive Order 11988 [3 CFR, 1977 Comp., p. 117] specifies additional pre-award procedures for Federal agencies. Recipients are to apply requirements to subawards (“financial assistance,” defined at 42 U.S.C. 4003, includes indirect Federal assistance).</td>
</tr>
</tbody>
</table>

b. Identify to the awarding agency any impact this award may have on:

1. The quality of the human environment, and provide help the agency may need to comply with the National Environmental Policy Act (NEPA, at 42 U.S.C. 4321, et. seq.) and to prepare Environmental Impact Statements or other required environmental documentation. In such cases, the recipient agrees to take no action that will have an adverse environmental impact (e.g., physical disturbance of a site such as breaking of ground) until the agency provides written notification of compliance with the environmental impact analysis process.

2. Flood-prone areas, and provide help the agency may need to comply with the National Flood Insurance Act of 1968 and Flood Disaster Protection Act of 1973 (42 U.S.C. 4001, et. seq.), which require flood insurance, when available, for Federally assisted construction or acquisition in flood-prone areas.

PART 26—GOVERNMENTWIDE REQUIREMENTS FOR DRUG-FREE WORKPLACE (FINANCIAL ASSISTANCE)

Subpart A—Purpose and Coverage

Sec.
26.100 What does this part do?
26.105 Does this part apply to me?
26.110 Are any of my Federal assistance awards exempt from this part?
26.115 Does this part affect the Federal contracts that I receive?

Subpart B—Requirements for Recipients Other Than Individuals

26.200 What must I do to comply with this part?
26.205 What must I include in my drug-free workplace statement?
26.210 To whom must I distribute my drug-free workplace statement?
26.215 What must I include in my drug-free awareness program?
26.220 By when must I publish my drug-free workplace statement and establish my drug-free awareness program?
26.225 What actions must I take concerning employees who are convicted of drug violations in the workplace?
26.230 How and when must I identify workplaces?

Subpart C—Requirements for Recipients Who Are Individuals

26.300 What must I do to comply with this part if I am an individual recipient?

Subpart D—Responsibilities of DOD Component Awarding Officials

26.400 What are my responsibilities as a DOD Component awarding official?

Subpart E—Violations of This Part and Consequences

26.500 How are violations of this part determined for recipients other than individuals?
26.505 How are violations of this part determined for recipients who are individuals?
26.510 What actions will the Federal Government take against a recipient determined to have violated this part?
26.515 Are there any exceptions to those actions?

Subpart F—Definitions

26.605 Award
26.610 Controlled substance.
Office of the Secretary of Defense

§ 26.115 Does this part affect the Federal contracts that I receive?

It will affect future contract awards indirectly if you are debarred or suspended for a violation of the requirements of this part, as described in §26.510(c). However, this part does not apply directly to procurement contracts. The portion of the Drug-Free Workplace Act of 1988 that applies to Federal procurement contracts is carried out through the Federal Acquisition Regulation in chapter 1 of Title 48 of the Code of Federal Regulations (the drug-free workplace coverage currently is in 48 CFR part 23, subpart 23.5).

Subpart B—Requirements for Recipients Other Than Individuals

§ 26.200 What must I do to comply with this part?

There are two general requirements if you are a recipient other than an individual.

(a) First, you must make a good faith effort, on a continuing basis, to maintain a drug-free workplace. You must agree to do so as a condition for receiving any award covered by this part. The specific measures that you must take in this regard are described in more detail in subsequent sections of this subpart. Briefly, those measures are to—

(1) Publish a drug-free workplace statement and establish a drug-free awareness program for your employees (see §§26.205 through 26.220); and

(2) Take actions concerning employees who are convicted of violating drug statutes in the workplace (see §26.225).

(b) Second, you must identify all known workplaces under your Federal awards (see §26.230).

§ 26.205 What must I include in my drug-free workplace statement?

You must publish a statement that—

(a) Tells your employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in your workplace;

(b) Specifies the actions that you will take against employees for violating that prohibition; and

(c) Lets each employee know that, as a condition of employment under any award, he or she:

(1) Will abide by the terms of the statement; and

(2) Must notify you in writing if he or she is convicted for a violation of a criminal drug statute occurring in the workplace and must do so no more than five calendar days after the conviction.

§ 26.210 To whom must I distribute my drug-free workplace statement?

You must require that a copy of the statement described in §26.205 be given to each employee who will be engaged in the performance of any Federal award.

§ 26.215 What must I include in my drug-free awareness program?

You must establish an ongoing drug-free awareness program to inform employees about—

(a) The dangers of drug abuse in the workplace;

(b) Your policy of maintaining a drug-free workplace;

(c) Any available drug counseling, rehabilitation, and employee assistance programs; and

(d) The penalties that you may impose upon them for drug abuse violations occurring in the workplace.

§ 26.220 By when must I publish my drug-free workplace statement and establish my drug-free awareness program?

If you are a new recipient that does not already have a policy statement as described in §26.205 and an ongoing awareness program as described in §26.215, you must publish the statement and establish the program by the time given in the following table:

<table>
<thead>
<tr>
<th>If . . .</th>
<th>then you . . .</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) The performance period of the award is less than 30 days.</td>
<td>must have the policy statement and program in place as soon as possible, but before the date on which performance is expected to be completed.</td>
</tr>
<tr>
<td>(b) The performance period of the award is 30 days or more.</td>
<td>must have the policy statement and program in place within 30 days after award.</td>
</tr>
</tbody>
</table>
§ 26.225 What actions must I take concerning employees who are convicted of drug violations in the workplace?

There are two actions you must take if an employee is convicted of a drug violation in the workplace:

(a) First, you must notify Federal agencies if an employee who is engaged in the performance of an award informs you about a conviction, as required by §26.205(c)(2), or you otherwise learn of the conviction. Your notification to the Federal agencies must—

(1) Be in writing;
(2) Include the employee’s position title;
(3) Include the identification number(s) of each affected award;
(4) Be sent within ten calendar days after you learn of the conviction; and
(5) Be sent to every Federal agency on whose award the convicted employee was working. It must be sent to every awarding official or his or her official designee, unless the Federal agency has specified a central point for the receipt of the notices.

(b) Second, within 30 calendar days of learning about an employee’s conviction, you must either

(1) Take appropriate personnel action against the employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended; or
(2) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for these purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

§ 26.230 How and when must I identify workplaces?

(a) You must identify all known workplaces under each DOD Component award. A failure to do so is a violation of your drug-free workplace requirements. You may identify the workplaces—

(c) You believe there are extraordinary circumstances that will require more than 30 days for you to publish the policy statement and establish the awareness program. You may ask the DOD Component awarding official to give you more time to do so. The amount of additional time, if any, to be given is at the discretion of the awarding official.

§ 26.230 What must I do to comply with this part if I am an individual recipient?

As a condition of receiving an individual DOD Component award, if you are an individual recipient, you must agree that—

(a) You will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity related to the award; and
(b) If you are convicted of a criminal drug offense resulting from a violation occurring during the conduct of any award activity, you will report the conviction:

(1) In writing;
(2) Within 10 calendar days of the conviction.
(3) To the DOD Component awarding official or other designee for each award that you currently have, unless §26.301 or the award document designates a central point for the receipt of the notices. When notice is made to a central point, it must include the...
§ 26.605 Award.

_Award_ means an award of financial assistance by the DOD Component or other Federal agency directly to a recipient.

(a) The term award includes:

(1) A Federal grant or cooperative agreement, in the form of money or property in lieu of money.

(2) A block grant or a grant in an entitlement program, whether or not the grant is exempted from coverage under the Governmentwide rule 32 CFR Part 33 that implements OMB Circular A-102 (for availability, see 5 CFR 1310.3) and specifies uniform administrative requirements.

(b) The term award does not include:

(1) Technical assistance that provides services instead of money.

(2) Loans.

(3) Loan guarantees.

(4) Interest subsidies.

(5) Insurance.

(6) Direct appropriations.
§ 26.610 Veterans’ benefits to individuals (i.e., any benefit to veterans, their families, or survivors by virtue of the service of a veteran in the Armed Forces of the United States).

§ 26.610 Controlled substance.

Controlled substance means a controlled substance in schedules I through V of the Controlled Substances Act (21 U.S.C. 812), and as further defined by regulation at 21 CFR 1308.11 through 1308.15.

§ 26.615 Conviction.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

§ 26.620 Cooperative agreement.

Cooperative agreement means an award of financial assistance that, consistent with 31 U.S.C. 6305, is used to enter into the same kind of relationship as a grant (see definition of grant in § 26.650), except that substantial involvement is expected between the Federal agency and the recipient when carrying out the activity contemplated by the award. The term does not include cooperative research and development agreements as defined in 15 U.S.C. 3710a.

§ 26.625 Criminal drug statute.

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance.

§ 26.630 Debarment.

Debarment means an action taken by a Federal agency to prohibit a recipient from participating in Federal Government procurement contracts and covered nonprocurement transactions. A recipient so prohibited is debarred, in accordance with the Federal Acquisition Regulation for procurement contracts (48 CFR part 9, subpart 9.4) and the common rule, Government-wide Debarment and Suspension (Non-procurement), that implements Executive Order 12549 and Executive Order 12689.

§ 26.632 DOD Component.

DOD Component means the Office of the Secretary of Defense, a Military Department, a Defense Agency, or the Office of Economic Adjustment.

§ 26.635 Drug-free workplace.

Drug-free workplace means a site for the performance of work done in connection with a specific award at which employees of the recipient are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

§ 26.640 Employee.

(a) Employee means the employee of a recipient directly engaged in the performance of work under the award, including—

(1) All direct charge employees;
(2) All indirect charge employees, unless their impact or involvement in the performance of work under the award is insignificant to the performance of the award; and
(3) Temporary personnel and consultants who are directly engaged in the performance of work under the award and who are on the recipient’s payroll.

(b) This definition does not include workers not on the payroll of the recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces).

§ 26.645 Federal agency or agency.

Federal agency or agency means any United States executive department, military department, government corporation, government controlled corporation, any other establishment in the executive branch (including the Executive Office of the President), or any independent regulatory agency.

§ 26.650 Grant.

Grant means an award of financial assistance that, consistent with 31 U.S.C.

CROSS REFERENCE: See also Office of Management and Budget notice published at 54 FR 5299, December 20, 1989.

Subpart A—General

§ 28.100 Conditions on use of funds.

(a) No appropriated funds may be expended by the recipient of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal
contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(b) Each person who requests or receives from an agency a Federal contract, grant, loan, or cooperative agreement shall file with that agency a certification, set forth in Appendix A, that the person has not made, and will not make, any payment prohibited by paragraph (a) of this section.

(c) Each person who requests or receives from an agency a Federal contract, grant, loan, or cooperative agreement shall file with that agency a disclosure form, set forth in Appendix B, if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under paragraph (a) of this section if paid for with appropriated funds.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, set forth in Appendix A, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(e) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, set forth in Appendix B, if that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

§28.105 Definitions.

For purposes of this part:

(a) Agency, as defined in 5 U.S.C. 552(f), includes Federal executive departments and agencies as well as independent regulatory commissions and Government corporations, as defined in 31 U.S.C. 9101(1).

(b) Covered Federal action means any of the following Federal actions:

(1) The awarding of any Federal contract;
(2) The making of any Federal grant;
(3) The making of any Federal loan;
(4) The entering into of any cooperative agreement; and,
(5) The extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

Covered Federal action does not include receiving from an agency a commitment providing for the United States to insure or guarantee a loan. Loan guarantees and loan insurance are addressed independently within this part.

(c) Federal contract means an acquisition contract awarded by an agency, including those subject to the Federal Acquisition Regulation (FAR), and any other acquisition contract for real or personal property or services not subject to the FAR.

(d) Federal cooperative agreement means a cooperative agreement entered into by an agency.

(e) Federal grant means an award of financial assistance in the form of money, or property in lieu of money, by the Federal Government or a direct appropriation made by law to any person. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, loan insurance, interest subsidies, insurance, or direct United States cash assistance to an individual.

(f) Federal loan means a loan made by an agency. The term does not include loan guarantee or loan insurance.

(g) Indian tribe and tribal organization have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450B). Alaskan Natives are included under the definitions of Indian tribes in that Act.
influence, any communication to or appearance before an officer or employee or any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

(i) Loan guarantee and loan insurance means an agency’s guarantee or insurance of a loan made by a person.

(j) Local government means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

(k) Officer or employee of an agency includes the following individuals who are employed by an agency:

(1) An individual who is appointed to a position in the Government under title 5, U.S. Code, including a position under a temporary appointment;

(2) A member of the uniformed services as defined in section 101(3), title 37, U.S. Code;

(3) A special Government employee as defined in section 202, title 18, U.S. Code; and,

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, title 5, U.S. Code appendix 2.

(l) Person means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.

(m) Reasonable compensation means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

(n) Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

(o) Recipient includes all contractors, subcontractors at any tier, and subgrantees at any tier of the recipient of funds received in connection with a Federal contract, grant, loan, or cooperative agreement. The term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.

(p) Regularly employed means, with respect to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or a commitment providing for the United States to insure or guarantee a loan, an officer or employee who is employed by such person for at least 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract, grant, loan, cooperative agreement, loan insurance commitment, or loan guarantee commitment. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

(q) State means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and a multi-State, regional, or interstate entity having governmental duties and powers.

§ 28.110 Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or
§ 28.200

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraphs (a) or (b) of this section:

(1) A subcontract exceeding $100,000 at any tier under a Federal contract;

(2) A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;

(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement,

Shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 28.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in §28.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.
(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person’s products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person’s products or services for an agency’s use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95–507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ 28.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §28.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include

Office of the Secretary of Defense
§ 28.210
those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 28.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 28.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §28.100 (a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in §28.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ 28.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject
Office of the Secretary of Defense § 28.600

to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see Appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ 28.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 28.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 28.500 Secretary of Defense.

(a) Exemption authority. The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) Policy. It is the policy of the Department of Defense that exemptions under paragraph (a) of this section shall be requested only rarely and in exceptional circumstances.

(c) Procedures. Each DoD Component that awards or administers Federal grants, Federal cooperative agreements, or Federal loans subject to this part shall establish procedures whereby:

(1) A grants officer wishing to request an exemption for a grant, cooperative agreement, or loan shall transmit such request through appropriate channels to: Director for Research, ODDR&E(R), 3080 Defense Pentagon, Washington, DC, 20301–3080.

(2) Each such request shall explain why an exemption is in the national interest, a justification that must be transmitted to Congress for each exemption that is approved.

[63 FR 12188, Mar. 12, 1998]

Subpart F—Agency Reports

§ 28.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President’s Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

APPENDIX A TO PART 28—CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting
Office of the Secretary of Defense

Pt. 28, App. A

to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
APPENDIX B TO PART 28—DISCLOSURE FORM TO REPORT LOBBYING

DISCLOSURE OF LOBBYING ACTIVITIES
Complete this form to disclose lobbying activities pursuant to 31 U.S.C. 1352
(See reverse for public burden disclosure.)

1. Type of Federal Action:
   a. contract  b. grant  c. cooperative agreement  d. loan  e. loan guarantee  f. loan insurance

2. Status of Federal Action:
   a. bid/offer/application  b. initial award  c. post-award

3. Report Type:
   a. initial filing  b. material change

   For Material Change Only:
   year  quarter  date of last report

4. Name and Address of Reporting Entity:
   ☐ Prime  ☐ Subawardee
   Tier _____, if known:
   Congressional District, if known:

5. If Reporting Entity in No. 4 is Subawardee, Enter Name and Address of Prime:
   Congressional District, if known:

6. Federal Department/Agency:

7. Federal Program Name/Description:
   CFDA Number, if applicable:

8. Federal Action Number, if known:

9. Award Amount, if known:

10. a. Name and Address of Lobbying Entity
    of individual, last name, first name, M.I.
    b. Individuals Performing Services (including address if different from No. 10a)
    (last name, first name, M.I.):

11. Amount of Payment (check all that apply):
    $ ________  ☐ actual  ☐ planned

12. Form of Payment (check all that apply):
    ☐ a. cash  ☐ b. in-kind, specify: nature
    value

13. Type of Payment (check all that apply):
    ☐ a. retainer  ☐ b. one-time fee  ☐ c. commission  ☐ d. contingent fee
    ☐ e. deferred  ☐ f. other, specify:

14. Brief Description of Services Performed or to be Performed and Date(s) of Service, including officer(s), employee(s), or Member(s) contacted, for Payment Indicated in Item 11:

15. Continuation Sheet(s) SF-LU-L-A attached:
   ☐ Yes  ☐ No

16. Information requested through this form is authorized by title 31 U.S.C. section 1352. This disclosure of lobbying activities is a material representation of fact upon which reliance was placed by the tier above when this transaction was made or entered into. This disclosure is required pursuant to 31 U.S.C. 1352. This information will be reported to the Congress semi-annually and will be available for public inspection. Any person who fails to file the required disclosure shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

   Signature:
   Print Name:
   Title:
   Telephone No.: ________ Date: ________

   Authorized for Local Reproduction
   Standard Form - BL.
INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subdivider or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Use the SF-LLL-A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, state and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subdivider recipient. Identify the tier of the subdivider, e.g., the first subdivider of the prime is the 1st tier. Subdivisions include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks ‘Subdivider,’ then enter the full name, address, city, state and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., “RFP-DE-90-001.”
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action.
(b) Enter the full names of the individuals performing services, and include full address if different from 10 (a).
11. Enter the number of employees paid or reasonably expected to be paid by the reporting entity (item 4) to the lobbying entity (item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
12. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
13. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.
14. Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with Federal officials. Identify the Federal official(s) or employee(s) contacted or the official(s), employee(s), or Member(s) of Congress that were contacted.
15. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.
16. The certifying official shall sign and date the form, print his/her name, title, and telephone number.
PART 32—ADMINISTRATIVE REQUIREMENTS FOR GRANTS AND AGREEMENTS WITH INSTITUTIONS OF HIGHER EDUCATION, HOSPITALS, AND OTHER NON-PROFIT ORGANIZATIONS

Subpart A—General

§ 32.1 Purpose.
(a) General. This part implements OMB Circular A–110 and establishes uniform administrative requirements for awards and subawards to institutions of higher education, hospitals, and other non-governmental, non-profit organizations.

(b) Relationship to other parts. This part is an integral part of the DoD Grant and Agreement Regulations (DoDGARs), which comprise this subchapter of the Code of Federal Regulations. This part includes references to other parts of the DoDGARs that implement Governmentwide guidance and provide uniform internal policies and procedures for DoD Components that make or administer awards. Although parts 21 and 22 of this subchapter do not impose any direct requirements on recipients, and recipients therefore are not required to be familiar with those parts, the information in those parts

REPORTS AND RECORDS

§ 32.50 Purpose of reports and records.
§ 32.51 Monitoring and reporting program performance.
§ 32.52 Financial reporting.
§ 32.53 Retention and access requirements for records.

TERMINATION AND ENFORCEMENT

§ 32.60 Purpose of termination and enforcement.
§ 32.61 Termination.
§ 32.62 Enforcement.

Subpart D—After-the-Award Requirements

§ 32.70 Purpose.
§ 32.71 Closeout procedures.
§ 32.72 Subsequent adjustments and continuing responsibilities.
§ 32.73 Collection of amounts due.

APPENDIX A TO PART 32—CONTRACT PROVISIONS

SOURCE: 63 FR 12188, Mar. 12, 1998, unless otherwise noted.

Subpart A—General

§ 32.1 Purpose.
(a) General. This part implements OMB Circular A–110 and establishes uniform administrative requirements for awards and subawards to institutions of higher education, hospitals, and other non-governmental, non-profit organizations.

(b) Relationship to other parts. This part is an integral part of the DoD Grant and Agreement Regulations (DoDGARs), which comprise this subchapter of the Code of Federal Regulations. This part includes references to other parts of the DoDGARs that implement Governmentwide guidance and provide uniform internal policies and procedures for DoD Components that make or administer awards. Although parts 21 and 22 of this subchapter do not impose any direct requirements on recipients, and recipients therefore are not required to be familiar with those parts, the information in those parts

§ 32.73 Collection of amounts due.

APPENDIX A TO PART 32—CONTRACT PROVISIONS

SOURCE: 63 FR 12188, Mar. 12, 1998, unless otherwise noted.
§ 32.2 Definitions.

The following are definitions of terms used in this part. Grants officers are cautioned that terms may be defined differently in this part than they are in other parts of the DoD Grant and Agreement Regulations, because this part implements OMB Circular A-110 and uses definitions as stated in that Circular. In such cases, the definition given in this section applies to the term as it is used in this part, and the definition given in other parts applies to the term as it is used in those parts. For example, “suspension” is defined in this section to mean temporary withdrawal of Federal sponsorship under an award, but is defined in the part of the DoD Grant and Agreement Regulations on nonprocurement suspension and debarment (2 CFR part 1125, which implements OMB guidance at 2 CFR part 180) to be an action taken to exclude a person from participating in a grant, cooperative agreement, or other covered transaction (see definition at 2 CFR 180.1015).

Accrued expenditures. The charges incurred by the recipient during a given period requiring the provision of funds for:
(1) Goods and other tangible property received;
(2) Services performed by employees, contractors, subrecipients, and other payees; and
(3) Other amounts becoming owed under programs for which no current services or performance is required.

Accrued income. The sum of:
(1) Earnings during a given period from:
   (i) Services performed by the recipient; and
   (ii) Goods and other tangible property delivered to purchasers.
(2) Amounts becoming owed to the recipient for which no current services or performance is required by the recipient.

Acquisition cost of equipment. The net invoice price of the equipment, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges, such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the recipient’s regular accounting practices.

Advance. A payment made by Treasury check or other appropriate payment mechanism to a recipient upon its request either before outlays are made by the recipient or through the use of predetermined payment schedules.

Award. Financial assistance that provides support or stimulation to accomplish a public purpose. Awards include grants and other agreements in the form of money or property in lieu of money, by the Federal Government to an eligible recipient. The term does not include: Technical assistance, which provides services instead of money; other assistance in the form of loans, loan guarantees, interest subsidies, or insurance; direct payments of any kind to individuals; and, contracts which

Concerning internal policies and procedures should be helpful to recipients of DoD awards.

(c) Prime awards. DoD Components shall apply the provisions of this part to awards to recipients that are institutions of higher education, hospitals, and other non-profit organizations. DoD Components shall not impose additional or inconsistent requirements, except as provided in §§32.4 and 32.14, or unless specifically required by Federal statute or executive order.

(d) Subawards. Any legal entity that receives an award from a DoD Component shall apply the provisions of this part to subawards with institutions of higher education, hospitals, and other non-profit organizations. Thus, a governmental or for-profit organization, whose prime award from a DoD Component is subject to 32 CFR part 33 or part 34, respectively, applies this part to subawards with institutions of higher education, hospitals, or other non-profit organizations. It should be noted that subawards are for the performance of substantive work under awards, and are distinct from contracts for procuring goods and services. It should be further noted that non-profit organizations that implement Federal programs for the States are also subject to State requirements.

§ 32.2
32 CFR Ch. I (7–1–15 Edition)
are required to be entered into and administered under procurement laws and regulations.

**Cash contributions.** The recipient’s cash outlay, including the outlay of money contributed to the recipient by third parties.

**Closeout.** The process by which the grants officer administering an award made by a DoD Component determines that all applicable administrative actions and all required work of the award have been completed by the recipient and DoD Component.

**Contract.** A procurement contract under an award or subaward, and a procurement subcontract under a recipient’s or subrecipient’s contract.

**Cost sharing or matching.** That portion of project or program costs not borne by the Federal Government.

**Date of completion.** The date on which all work under an award is completed or the date on the award document, or any supplement or amendment thereto, on which Federal sponsorship ends.

**Disallowed costs.** Those charges to an award that the grants officer administering an award made by a DoD Component determines to be unallowable, in accordance with the applicable Federal cost principles or other terms and conditions contained in the award.

**DoD Component.** A Military Department, Defense Agency, DoD field activity, or organization within the Office of the Secretary of Defense that provides or administers an award to a recipient.

**Equipment.** Tangible nonexpendable personal property including exempt property charged directly to the award having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. However, consistent with recipient policy, lower limits may be established.

**Excess property.** Property under the control of any DoD Component that, as determined by the head thereof, is no longer required for its needs or the discharge of its responsibilities.

**Exempt property.** Tangible personal property acquired in whole or in part with Federal funds, where the DoD Component has statutory authority to vest title in the recipient without further obligation to the Federal Government. An example of exempt property authority is contained in the Federal Grant and Cooperative Agreement Act (31 U.S.C. 6306), for property acquired under an award to conduct basic or applied research by a non-profit institution of higher education or non-profit organization whose principal purpose is conducting scientific research.

**Federal funds authorized.** The total amount of Federal funds obligated by a DoD Component for use by the recipient. This amount may include any authorized carryover of unobligated funds from prior funding periods when permitted by agency regulations or agency implementing instructions.

**Federal share (of real property, equipment, or supplies).** That percentage of the property’s acquisition costs and any improvement expenditures paid with Federal funds.

**Funding period.** The period of time when Federal funding is available for obligation by the recipient.

**Intangible property and debt instruments.** Property that includes, but is not limited to, trademarks, copyrights, patents and patent applications and such property as loans, notes and other debt instruments, lease agreements, stock and other instruments of property ownership, whether considered tangible or intangible.

**Obligations.** The amounts of orders placed, contracts and grants awarded, services received and similar transactions during a given period that require payment by the recipient during the same or a future period.

**Outlays or expenditures.** Charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense charged, the value of third party in-kind contributions applied and the amount of cash advances and payments made to subrecipients. For reports prepared on an accrual basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the net increase (or decrease) in the amounts owed by the recipient for goods and other property received, for services performed by employees, contractors, subrecipients and...
other payees and other amounts becoming owed under programs for which no current services or performance are required.

**Personal property.** Property of any kind except real property. It may be tangible, having physical existence, or intangible, having no physical existence, such as copyrights, patents, or securities.

**Prior approval.** Written approval by an authorized official evidencing prior consent.

**Program income.** Gross income earned by the recipient that is directly generated by a supported activity or earned as a result of the award (see exclusions in §32.24(e) and (h)). Program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights, and interest on loans made with award funds. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in program regulations or the terms and conditions of the award, program income does not include the receipt of principal on loans, rebates, credits, discounts, etc., or interest earned on any of them.

**Project costs.** All allowable costs, as set forth in the applicable Federal cost principles, incurred by a recipient and the value of the contributions made by third parties in accomplishing the objectives of the award during the project period.

**Project period.** The period established in the award document during which Federal sponsorship begins and ends.

**Property.** Real property and personal property (equipment, supplies, intangible property and debt instruments), unless stated otherwise.

**Real property.** Land, including land improvements, structures and appurtenances thereto, but excluding movable machinery and equipment.

**Recipient.** An organization receiving financial assistance directly from DoD Components to carry out a project or program. The term includes public and private institutions of higher education, public and private hospitals, and other quasi-public and private nonprofit organizations such as, but not limited to, community action agencies, research institutes, educational associations, and health centers. The term also includes consortia comprised of any combination of universities, other nonprofit organizations, governmental organizations, for-profit organizations, and other entities, to the extent that the consortia are legally incorporated as nonprofit organizations. The term does not include Government-owned contractor-operated facilities or research centers providing continued support for mission-oriented, large-scale programs that are Government-owned or controlled, or are designated as federally-funded research and development centers.

**Research and development.** All research activities, both basic and applied, and all development activities that are supported at universities, colleges, and other non-profit institutions. **Research** is defined as a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. **Development** is the systematic use of knowledge and understanding gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes. The term research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.

**Small award.** An award not exceeding the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently $100,000).

**Subaward.** An award of financial assistance in the form of money, or property in lieu of money, made under an award by a recipient to an eligible subrecipient or by a subrecipient to a lower tier subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but does not include procurement of goods and services nor does it include any form of assistance which is excluded
from the definition of “award” in this section.

Subrecipient. The legal entity to which a subaward is made and which is accountable to the recipient for the use of the funds provided.

Supplies. All personal property excluding equipment, intangible property, and debt instruments as defined in this section, and inventions of a contractor conceived or first actually reduced to practice in the performance of work under a funding agreement (“subject inventions”), as defined in 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts, and Cooperative Agreements.”

Suspension. An action by a DoD Component that temporarily withdraws Federal sponsorship under an award, pending corrective action by the recipient or pending a decision to terminate the award by the DoD Component. Suspension of an award is a separate action from suspension of a participant under 2 CFR part 1125.

Termination. The cancellation of an award, in whole or in part, at any time prior to the date of completion.

Third party in-kind contributions. The value of non-cash contributions provided by non-Federal third parties. Third party in-kind contributions may be in the form of real property, equipment, supplies, and the value of goods and services directly benefiting and specifically identifiable to the project or program.

Unliquidated obligations. The amount of obligations incurred by the recipient:

(1) That have not been paid, if financial reports are prepared on a cash basis.

(2) For which an outlay has not been recorded, if reports are prepared on an accrued expenditure basis.

Unobligated balance. The portion of the funds authorized by a DoD Component that has not been obligated by the recipient and is determined by deducting the cumulative obligations from the cumulative funds authorized.

Unrecovered indirect cost. The difference between the amount awarded and the amount which could have been awarded under the recipient’s approved negotiated indirect cost rate.

Working capital advance. A procedure whereby funds are advanced to the recipient to cover its estimated disbursement needs for a given initial period.

§ 32.3 Effect on other issuances.

For awards subject to this part, all administrative requirements of codified program regulations, program manuals, handbooks and other non-regulatory materials which are inconsistent with the requirements of this part shall be superseded, except to the extent they are required by statute, or authorized in accordance with the deviations provision in §32.4.

§ 32.4 Deviations.

(a) Individual deviations. Individual deviations affecting only one award may be approved by DoD Components in accordance with procedures stated in 32 CFR 21.335(a) and 21.340.

(b) Small awards. DoD Components may apply less restrictive requirements than the provisions of this part when awarding small awards, except for those requirements which are statutory.

(c) Other class deviations.

(1) For classes of awards other than small awards, the Director of Defense Research and Engineering (DDR&E), or his or her designee, may grant exceptions from the requirements of this part:

(i) With the written concurrence of the Office of the Management and Budget (OMB). The DDR&E, or his or her designee, shall provide written notification to OMB of the Department of Defense’s intention to grant a class deviation; and

(ii) When exceptions are not prohibited by statute.

(2) DoD Components shall request approval for such deviations in accordance with 32 CFR 21.335(b) and 21.340. However, in the interest of maximum
§ 32.5 Uniformity, exceptions from the requirements of this part shall be permitted only in unusual circumstances.

§ 32.5 Subawards.

Unless sections of this part specifically exclude subrecipients from coverage, the provisions of this part shall be applied to subrecipients performing work under awards if such subrecipients are institutions of higher education, hospitals or other non-profit organizations. State and local government subrecipients are subject to the provisions of 32 CFR part 33. Subrecipients that are for-profit organizations are subject to 32 CFR part 34.

Subpart B—Pre-Award Requirements

§ 32.10 Purpose.

Sections 32.11 through 32.17 prescribe application forms and instructions and other pre-award matters.

§ 32.11 Pre-award policies.

(a) Use of grants, cooperative agreements, and contracts. (i) OMB Circular A–110 states that:

(ii) In each instance, the Federal awarding agency shall decide on the appropriate award instrument (i.e., grant, cooperative agreement, or contract).

(ii) The Federal Grant and Cooperative Agreement Act (31 U.S.C. 6301–6308) governs the use of grants, cooperative agreements, and contracts. Under that Act:

(A) A grant or cooperative agreement shall be used only when the principal purpose of a transaction is to accomplish a public purpose of support or stimulation authorized by Federal statute.

(B) Contracts shall be used when the principal purpose is acquisition of property or services for the direct benefit or use of the Federal Government.

(C) The statutory criterion for choosing between grants and cooperative agreements is that for the latter, "substantial involvement is expected between the executive agency and the State, local government, or other recipient when carrying out the activity contemplated in the agreement."

(2) In selecting the appropriate award instruments, DoD Components’ grants officers shall comply with the DoD implementation of the Federal Grant and Cooperative Agreement Act at 32 CFR part 22, subpart B.

(b) Public notice and priority setting. As a matter of Governmentwide policy, Federal awarding agencies shall notify the public of intended funding priorities for programs that use discretionary awards, unless funding priorities are established by Federal statute. For DoD Components, compliance with competition policies and statutory requirements implemented in 32 CFR part 22, subpart C, shall constitute compliance with this Governmentwide policy.

§ 32.12 Forms for applying for Federal assistance.

(a) DoD Components shall comply with the applicable report clearance requirements of 5 CFR part 1320, "Controlling Paperwork Burdens on the Public," with regard to all forms used in place of or as a supplement to the Standard Form 4242 (SF–424) series.

(b) Applicants shall use the SF–424 series or those forms and instructions prescribed by DoD Components.

(c) For Federal programs covered by E.O. 12372 (3 CFR, 1982 Comp., p. 197), "Intergovernmental Review of Federal Programs," the applicant shall complete the appropriate sections of the SF–424 (Application for Federal Assistance) indicating whether the application was subject to review by the State Single Point of Contact (SPOC). The name and address of the SPOC for a particular State can be obtained from the DoD Component or the Catalog of Federal Domestic Assistance. The

2 For copies of Standard Forms listed in this part, contact regional grants administration offices of the Office of Naval Research. Addresses for the offices are listed in the “DoD Directory of Contract Administration Services Components.” DLAH 4105.4, which can be obtained from: Defense Logistics Agency, Publications Distribution Division (DASC-WDM), 8725 John J. Kingman Rd., Suite 0119, Fort Belvoir, VA 22060–6220.
Office of the Secretary of Defense

§ 32.17 Certifications and representations.

(a) OMB Circular A–110 authorizes and encourages each Federal agency, unless prohibited by statute or codified regulation, to allow recipients to submit certifications and representations required by statute, executive order, or regulation on an annual basis, if the recipients have ongoing and continuing relationships with the agency. The Circular further states that annual certifications and representations, when used, shall be signed by responsible officials with the authority to ensure recipients’ compliance with the pertinent requirements.

(b) DoD grants officers shall comply with the provisions concerning certifications and representations at 32 CFR 22.510. Those provisions ease burdens on recipients to the extent possible, given current statutory and regulatory impediments to obtaining all certifications on an annual basis. The provisions thereby also comply with the intent of OMB Circular A–110, to use less
burdensome methods for obtaining certifications and representations, as such methods become feasible.

Subpart C—Post-Award Requirements

FINANCIAL AND PROGRAM MANAGEMENT

§ 32.20 Purpose of financial and program management.

Sections 32.21 through 32.28 prescribe standards for financial management systems, methods for making payments and rules for: satisfying cost sharing and matching requirements, accounting for program income, budget revision approvals, making audits, determining allowability of cost, and establishing fund availability.

§ 32.21 Standards for financial management systems.

(a) DoD Components shall require recipients to relate financial data to performance data and develop unit cost information whenever practical. For awards that support research, it should be noted that it is generally not appropriate to develop unit cost information.

(b) Recipients’ financial management systems shall provide for the following.

(1) Accurate, current and complete disclosure of the financial results of each federally-sponsored project or program in accordance with the reporting requirements set forth in §32.52. If a DoD Component requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient shall not be required to establish an accrual accounting system. These recipients may develop such accrual data for its reports on the basis of an analysis of the documentation on hand.

(2) Records that identify adequately the source and application of funds for federally-sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, income and interest.

(3) Effective control over and accountability for all funds, property and other assets. Recipients shall adequately safeguard all such assets and assure they are used solely for authorized purposes.

(4) Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data. As discussed in paragraph (a) of this section, unit cost data is generally not appropriate for awards that support research.

(5) Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury and the issuance or redemption of checks, warrants or payments by other means for program purposes by the recipient. To the extent that the provisions of the Cash Management Improvement Act (CMIA) (Pub. L. 101–453) govern, payment methods of State agencies, instrumentalities, and fiscal agents should be consistent with CMIA Treasury-State Agreements or the CMIA default procedures codified at 31 CFR part 205, “Withdrawal of Cash from the Treasury for Advances under Federal Grant and Other Programs.”

(6) Written procedures for determining the reasonableness, allocability and allowability of costs in accordance with the provisions of the applicable Federal cost principles (see §32.27) and the terms and conditions of the award.

(7) Accounting records including cost accounting records that are supported by source documentation.

(c) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the DoD Component, at its discretion, may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(d) The DoD Component may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government’s interest.

(e) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 222, “Surety Companies Doing Business with the United States.”
§ 32.22 Payment.

(a) Payment methods shall minimize the time elapsing between the transfer of funds from the United States Treasury and the issuance or redemption of checks, warrants, or payment by other means by the recipients. Payment methods of State agencies or instrumentalities shall be consistent with Treasury-State agreements under the Cash Management Improvement Act (CMIA) (31 U.S.C. 3335 and 6503) or default procedures in 31 CFR part 205.

(b) Recipients are to be paid in advance, provided they maintain or demonstrate the willingness to maintain:

1. Written procedures that minimize the time elapsing between the transfer of funds and disbursement by the recipient; and
2. Financial management systems that meet the standards for fund control and accountability as established in § 32.21. Cash advances to a recipient organization shall be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the recipient organization in carrying out the purpose of the approved program or project. The timing and amount of cash advances shall be as close as administratively feasible to the actual disbursements by the recipient organization for direct program or project costs and the proportionate share of any allowable indirect costs.

(c) Whenever possible, advances shall be consolidated to cover anticipated cash needs for all awards made by the DoD Component to the recipient.

1. Advance payment mechanisms include, but are not limited to, Treasury check and electronic funds transfer.
2. Advance payment mechanisms are subject to 31 CFR part 205.

3. Recipients shall be authorized to submit requests for advances and reimbursements at least monthly when electronic fund transfers are not used.

(d) Requests for Treasury check advance payment shall be submitted on SF–270,3 “Request for Advance or Reimbursement,” or other forms as may be authorized by OMB. This form is not to be used when Treasury check advance payments are made to the recipient automatically through the use of a predetermined payment schedule or if inconsistent with DoD procedures for electronic funds transfer.

(e) Reimbursement is the preferred method when the requirements in paragraph (b) of this section cannot be met. DoD Components may also use this method on any construction agreement, or if the major portion of the construction project is accomplished through private market financing or Federal loans, and the Federal assistance constitutes a minor portion of the project.

1. When the reimbursement method is used, the responsible DoD payment office generally makes payment within 30 calendar days after receipt of the billing by the office designated to receive the billing, unless the billing is improper (for further information about timeframes for payments, see 32 CFR 22.810(c)(3)(i)).

2. Recipients shall be authorized to submit requests for reimbursement at least monthly when electronic funds transfers are not used.

(f) If a recipient cannot meet the criteria for advance payments and the grants officer, in consultation with the program manager, has determined that reimbursement is not feasible because the recipient lacks sufficient working capital, the award may provide for cash on a working capital advance basis. Under this procedure, the award shall provide for advancing cash to the recipient to cover its estimated disbursement needs for an initial period generally geared to the awardee’s disbursement cycle. Thereafter, the award shall provide for reimbursing the recipient for its actual cash disbursements. The working capital advance method of payment shall not be used for recipients unwilling or unable to provide timely advances to their subrecipient to meet the subrecipient’s actual cash disbursements.

(g) To the extent available, recipients shall disburse funds available from repayments to and interest earned on a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

3. See footnote 2 to § 32.12(a).
(h) Unless otherwise required by statute, grants officers shall not withhold payments for proper charges made by recipients at any time during the project period unless:

(1) A recipient has failed to comply with the project objectives, the terms and conditions of the award, or Federal reporting requirements; or

(2) The recipient or subrecipient is delinquent in a debt to the United States under OMB Circular A–129, “Managing Federal Credit Programs” (see definitions of “debt” and “delinquent debt,” at 32 CFR 22.165). Under such conditions, the grants officer may, upon reasonable notice, inform the recipient that payments shall not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness to the Federal Government is liquidated (also see 32 CFR 22.420(b)(2) and 22.820).

(i) Standards governing the use of banks and other institutions as depositories of funds advanced under awards are as follows:

(1) Except for situations described in paragraph (i)(2) of this section, DoD Components shall not require separate depository accounts for funds provided to a recipient or establish any eligibility requirements for depositories for funds provided to a recipient. However, recipients must be able to account for the receipt, obligation and expenditure of funds.

(2) Advances of Federal funds shall be deposited and maintained in insured accounts whenever possible.

(j) Consistent with the national goal of expanding the opportunities for women-owned and minority-owned business enterprises, recipients shall be encouraged to use women-owned and minority-owned banks (a bank which is owned at least 50 percent by women or minority group members).

(k) Recipients shall maintain advances of Federal funds in interest bearing accounts, unless:

(1) The recipient receives less than $120,000 in Federal awards per year;

(2) The best reasonably available interest bearing account would not be expected to earn interest in excess of $250 per year on Federal cash balances; or

(3) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

(l)(1) Interest earned on Federal advances deposited in interest bearing accounts shall be remitted annually to Department of Health and Human Services, Payment Management System, PO Box 6021, Rockville, MD 20852.

(2) In keeping with Electronic Funds Transfer rules (31 CFR part 206), interest should be remitted to the HHS Payment Management System through an electronic medium such as the FEDWIR Deposit System. Electronic remittances should be in the format and should include any data that are specified by the grants officer as being necessary to facilitate direct deposit in HHS’ account at the Department of the Treasury.

(3) Recipients that do not have electronic remittance capability should use a check.

(4) Interest amounts up to $250 per year may be retained by the recipient for administrative expense.

(m) Except as noted elsewhere in this part, only the following forms shall be authorized for the recipients in requesting advances and reimbursements. DoD Components shall not require more than an original and two copies of these forms.

(1) SF–270, Request for Advance or Reimbursement. Each DoD Component shall adopt the SF–270 as a standard form for all nonconstruction programs when electronic funds transfer or predetermined advance methods are not used. DoD Components, however, have the option of using this form for construction programs in lieu of the SF–271,4 “Outlay Report and Request for Reimbursement for Construction Programs.”

(2) SF–271, Outlay Report and Request for Reimbursement for Construction Programs. Each DoD Component shall adopt the SF–271 as the standard form to be used for requesting reimbursement for construction programs. However, a DoD Component may substitute the SF–270 when the DoD Component determines that it provides adequate information to meet Federal needs.

4See footnote 2 to §32.12(a).
§ 32.23 Cost sharing or matching.

(a) All contributions, including cash and third party in-kind, shall be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the following criteria:

(1) Are verifiable from the recipient's records.
(2) Are not included as contributions for any other federally-assisted project or program.
(3) Are necessary and reasonable for proper and efficient accomplishment of project or program objectives.
(4) Are allowable under the applicable cost principles.
(5) Are not paid by the Federal Government under another award, except where authorized by Federal statute to be used for cost sharing or matching.
(6) Are provided for in the approved budget when required by the DoD Component.
(7) Conform to other provisions of this part, as applicable.

(b) Unrecovered indirect costs (see definition in §32.2) may be included as part of cost sharing or matching.

(c) Values for recipient contributions of services and property shall be established in accordance with the applicable cost principles. If a DoD Component authorizes recipients to donate buildings or land for construction/facilities acquisition projects or long-term use, the value of the donated property for cost sharing or matching shall be the lesser of:

(1) The certified value of the remaining life of the property recorded in the recipient's accounting records at the time of donation; or
(2) The current fair market value. However, when there is sufficient justification, the DoD Component may approve the use of the current fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project. The DoD Component may accept the use of any reasonable basis for determining the fair market value of the property.

(d) Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services shall be consistent with those paid for similar work in the recipient's organization. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(e) When an employer other than the recipient furnishes the services of an employee, these services shall be valued at the employee's regular rate of pay (plus an amount of fringe benefits that are reasonable, allowable, and allocable, but exclusive of overhead costs), provided these services are in the same skill for which the employee is normally paid.

(f) Donated supplies may include such items as office supplies, laboratory supplies or workshop and classroom supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(g) The method used for determining cost sharing or matching for donated equipment, buildings and land for which title passes to the recipient may differ according to the purpose of the award, if the purpose of the award is to:

(1) Assist the recipient in the acquisition of equipment, buildings or land, the total value of the donated property may be claimed as cost sharing or matching; or
(2) Support activities that require the use of equipment, buildings or land, normally only depreciation or use charges for equipment and buildings may be made. However, the full value of equipment or other capital assets and fair rental charges for land may be allowed, provided that the DoD Component has approved the charges.

(h) The value of donated property shall be determined in accordance with the usual accounting policies of the recipient, with the following qualifications.
(1) The value of donated land and buildings shall not exceed its fair market value at the time of donation to the recipient as established by an independent appraiser (e.g., certified real property appraiser or General Services Administration representative) and certified by a responsible official of the recipient.

(2) The value of donated equipment shall not exceed the fair market value of equipment of the same age and condition at the time of donation.

(3) The value of donated space shall not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.

(4) The value of loaned equipment shall not exceed its fair rental value.

(i) The following requirements pertain to the recipient’s supporting records for in-kind contributions from third parties:

(1) Volunteer services shall be documented and, to the extent feasible, supported by the same methods used by the recipient for its own employees.

(2) The basis for determining the valuation for personal service and property shall be documented.

§ 32.24 Program income.

(a) DoD Components shall apply the standards set forth in this section in requiring recipient organizations to account for program income related to projects financed in whole or in part with Federal funds.

(b) Except as provided in paragraph (h) of this section, program income earned during the project period shall be retained by the recipient and, in accordance with the terms and conditions of the award, shall be used in one or more of the following ways:

(1) Added to funds committed to the project by the DoD Component and recipient and used to further eligible project or program objectives.

(2) Used to finance the non-Federal share of the project or program.

(3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

(c) When a program regulation or award authorizes the disposition of program income as described in paragraphs (b)(1) or (b)(2) of this section, program income in excess of any limits stipulated shall be used in accordance with paragraph (b)(3) of this section.

(d) In the event that program regulations or the terms and conditions of the award do not specify how program income is to be used, paragraph (b)(3) of this section shall apply automatically to all projects or programs except research. For awards that support research, paragraph (b)(1) of this section shall apply automatically unless the terms and conditions specify another alternative or the recipient is subject to special award conditions, as indicated in §32.14.

(e) Unless program regulations or the terms and conditions of the award provide otherwise, recipients shall have no obligation to the Federal Government regarding program income earned after the end of the project period.

(f) If authorized by program regulations or the terms and conditions of the award, costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

(g) Proceeds from the sale of property shall be handled in accordance with the requirements of the Property Standards (see §§32.30 through 32.37).

(h) Unless program regulations or the terms and condition of the award provide otherwise, recipients shall have no obligation to the Federal Government with respect to program income earned from license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under an award. Note that the Patent and Trademark Amendments (35 U.S.C. chapter 18) apply to inventions made under an experimental, developmental, or research award.

§ 32.25 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved during the award process. It may include either the sum of the Federal and non-Federal shares, or only the Federal share, depending upon DoD Component requirements. It shall be
related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with this section.

(c) For nonconstruction awards, recipients shall request prior approvals from the cognizant grants officer for one or more of the following program or budget related reasons.

(1) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(2) Change in a key person specified in the application or award document.

(3) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(4) The need for additional Federal funding.

(5) The transfer of amounts budgeted for indirect costs to absorb increases in direct costs, or vice versa, if approval is required by the DoD Component. DoD Components should require this prior approval only in exceptional circumstances. The requirement in each such case must be stated in the award document.

(6) The inclusion, unless waived by the DoD Component, of costs that require prior approval in accordance with OMB Circular A–21, \[5\] “Cost Principles for Institutions of Higher Education,” OMB Circular A–122, \[6\] “Cost Principles for Non-Profit Organizations,” or Appendix E to 45 CFR part 74, “Principles for Determining Costs Applicable to Research and Development under Grants and Contracts with Hospitals,” or 48 CFR part 31, “Contract Cost Principles and Procedures,” as applicable. However, it should be noted that many of the prior approvals in these cost principles are appropriately waived only after consultation with the cognizant federal agency responsible for negotiating the recipient’s indirect costs.

(7) The transfer of funds allotted for training allowances (direct payment to trainees) to other categories of expense.

(8) Unless described in the application and funded in the approved awards, the subaward, transfer or contracting out of any work under an award. This provision does not apply to the purchase of supplies, material, equipment or general support services.

(9) If required by the DoD Component, the transfer of funds among direct cost categories that is described in paragraph (e) of this section.

(d) (1) Except for requirements listed in paragraphs (c)(1) and (c)(4) of this section, OMB Circular A–110 authorizes DoD Components, at their option, to waive cost-related and administrative prior written approvals required by this part and OMB Circulars A–21 and A–122 (but see cautionary note at end of paragraph (c)(5) of this section).

(2) The two prior approvals listed in paragraphs (d)(2)(i) and (ii) of this section are automatically waived unless the award document states otherwise. DoD Components should override this automatic waiver and require the prior approvals, especially for research awards, only in exceptional circumstances. Absent an override in the award terms and conditions, recipients need not obtain prior approvals before:

(i) Incurring pre-award costs 90 calendar days prior to award (incurring pre-award costs more than 90 calendar days prior to award would still require the prior approval of the DoD Component). All pre-award costs are incurred at the recipient’s risk (i.e., the DoD Component is under no obligation to reimburse such costs if for any reason the recipient does not receive an award or if the award is less than anticipated and inadequate to cover such costs).

(ii) Carrying forward unobligated balances to subsequent funding periods.

(3) Under certain conditions, a DoD Component may authorize a recipient to initiate, without prior approval, a one-time, no-cost extension (i.e., an extension in the expiration date of an award that does not require additional Federal funds) for a period of up to twelve months, as long as the no-cost extension does not involve a change in the approved objectives or scope of the award.
7 See footnote 1 to §32.1(a).
shall be subject to the audit requirements specified in award terms and conditions.

(d) For-profit organizations that are subrecipients shall be subject to the audit requirements specified in 32 CFR 34.16.

§ 32.27 Allowable costs.

(a) General. For each kind of recipient or subrecipient of a cost-type assistance award, or each contractor receiving a cost-type contract under an assistance award, there is a set of Federal principles for determining allowable costs. Allowability of costs shall be determined in accordance with the cost principles applicable to the entity incurring the costs.

(b) Governmental organizations. Allowability of costs incurred by State, local or federally-recognized Indian tribal governments that may be subrecipients or contractors under awards subject to this part is determined in accordance with the provisions of OMB Circular A–87, "Cost Principles for State and Local Governments."

(c) Non-profit organizations. The allowability of costs incurred by non-profit organizations that may be recipients, subrecipients or contractors under such awards, is determined in accordance with the provisions of OMB Circular A–122, "Cost Principles for Non-Profit Organizations."

(d) Higher educational institutions. The allowability of costs incurred by institutions of higher education that may be recipients, subrecipients, or contractors is determined in accordance with the provisions of OMB Circular A–21, "Cost Principles for Educational Institutions."

(e) Hospitals. The allowability of costs incurred by hospitals that are recipients, subrecipients, or contractors is determined in accordance with the provisions of Appendix E to 45 CFR part 74, "Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals."

(f) For-profit organizations. The allowability of costs incurred by subrecipients or contractors that are either for-profit organizations or non-profit organizations listed in Attachment C to Circular A–122 is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR part 31; however, the grants officer or the award terms and conditions may in rare cases authorize a determination of allowable costs that are in accordance with uniform cost accounting standards and comply with cost principles acceptable to the Department of Defense.

§ 32.28 Period of availability of funds.

Where a funding period is specified, a recipient may charge to the award only allowable costs resulting from obligations incurred during the funding period and any pre-award costs (see §32.25(d)(2)(i)) authorized by the DoD Component.

PROPERTY STANDARDS

§ 32.30 Purpose of property standards.

Sections 32.31 through 32.37 set forth uniform standards governing management and disposition of property furnished by the Federal Government and property whose cost was charged to a project supported by a Federal award. DoD Components shall require recipients to observe these standards under awards and shall not impose additional requirements, unless specifically required by Federal statute. The recipient may use its own property management standards and procedures provided it observes the provisions of §§32.31 through 32.37.

§ 32.31 Insurance coverage.

Recipients shall, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired with Federal funds as provided to property owned by the recipient. Federally-owned property need not be insured unless required by the terms and conditions of the award.

§ 32.32 Real property.

Each DoD Component that makes awards under which real property is acquired in whole or in part with Federal funds shall prescribe requirements for
recipients concerning the use and disposition of such property. Unless otherwise provided by statute, such requirements, at a minimum, shall contain the following:

(a) Title to real property shall vest in the recipient subject to the condition that the recipient shall use the real property for the authorized purpose of the project as long as it is needed and shall not encumber the property without approval of the DoD Component.

(b) The recipient shall obtain written approval by the grants officer for the use of real property in other federally sponsored projects when the recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects shall be limited to those under federally sponsored projects (i.e., awards) or programs that have purposes consistent with those authorized for support by the DoD Component.

(c) When the real property is no longer needed as provided in paragraphs (a) and (b) of this section, the recipient shall request disposition instructions from the DoD Component or its successor Federal agency. The responsible Federal agency shall observe one or more of the following disposition instructions:

(1) The recipient may be permitted to retain title without further obligation to the Federal Government after it compensates the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project.

(2) The recipient may be directed to sell the property under guidelines provided by the DoD Component and pay the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project (after deducting actual and reasonable selling and fix-up expenses, if any, from the sales proceeds). When the recipient is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

(3) The recipient may be directed to transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the recipient shall be entitled to compensation for its attributable percentage of the current fair market value of the property.

§ 32.33 Federally-owned and exempt property.

(a) Federally-owned property. (1) Title to federally-owned property remains vested in the Federal Government. Recipients shall submit annually an inventory listing of federally-owned property in their custody to the DoD Component that made the award. Upon completion of the award or when the property is no longer needed, the recipient shall report the property to the DoD Component for further Federal agency utilization.

(2) If the DoD Component that made the award has no further need for the property, it shall be declared excess and either:

(i) Reported to the General Services Administration, in accordance with the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 483(b)(2)), as implemented by General Services Administration regulations at 41 CFR 101–47.202; or

(ii) Disposed of by alternative methods pursuant to other specific statutory authority. For example, DoD Components are authorized by the Federal Technology Transfer Act (15 U.S.C. 3710(i)), to donate research equipment to educational and non-profit organizations for the conduct of technical and scientific education and research activities—donations under this Act shall be in accordance with the DoD implementation of E.O. 12999 (3 CFR, 1996 Comp., p. 180), “Educational Technology: Ensuring Opportunity for All Children in the Next Century.” as applicable. Appropriate instructions shall be issued to the recipient by the DoD Component.

(b) Exempt property. (1) When statutory authority exists, a DoD Component may vest title to property acquired with Federal funds in the recipient without further obligation to the Federal Government and under conditions the DoD Component considers appropriate. For example, under 31 U.S.C. 6306, DoD Components may so vest title to tangible personal property
under a grant or cooperative agreement for basic or applied research in a nonprofit institution of higher education or a nonprofit organization whose primary purpose is conducting scientific research. Such property is "exempt property." (2) As a matter of policy, DoD Components shall make maximum use of the authority of 31 U.S.C. 6306 to vest title to exempt property in institutions of higher education, without further obligation to the Government, to enhance the university infrastructure for future performance of defense research and related, science and engineering education.

(3) DoD Components may establish conditions, in regulation or in award terms and conditions, for vesting title to exempt property. Should a DoD Component not establish conditions, title to exempt property upon acquisition shall vest in the recipient without further obligation to the Federal Government.

§ 32.34 Equipment.

(a) Title to equipment acquired by a recipient with Federal funds shall vest in the recipient, subject to conditions of this section.

(b) The recipient shall not use equipment acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute, for as long as the Federal Government retains an interest in the equipment.

(c) The recipient shall use the equipment in the project or program for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds and shall not encumber the property without approval of the DoD Component that made the award. When no longer needed for the original project or program, the recipient shall use the equipment in connection with its other federally-sponsored activities, in the following order of priority:

(1) First, activities sponsored by the DoD Component that funded the original project.

(2) Second, activities sponsored by other DoD Components.

(3) Then, activities sponsored by other Federal agencies.

(d) During the time that equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs if such other use will not interfere with the work on the project or program for which the equipment was originally acquired. First preference for such other use shall be given to other projects or programs sponsored by the DoD Component that financed the equipment; second preference shall be given to projects or programs sponsored by other DoD Components; and third preference shall be given to projects or programs sponsored by other Federal agencies. If the property is owned by the Federal Government, use on other activities not sponsored by the Federal Government shall be permissible if authorized by the DoD Component that financed the property. User charges shall be treated as program income.

(e) When acquiring replacement equipment, the recipient may use the equipment to be replaced as trade-in or sell the equipment and use the proceeds to offset the costs of the replacement equipment subject to the approval of the DoD Component that financed the equipment.

(f) The recipient’s property management standards for equipment acquired with Federal funds and federally-owned property shall include all of the following:

(1) Records for equipment and federally-owned property shall be maintained accurately and shall include the following information:

(i) A description of the equipment or federally-owned property.

(ii) Manufacturer's serial number, model number, Federal stock number, national stock number, or other identification number.

(iii) Source of the equipment or federally-owned property, including the award number.

(iv) Whether title vests in the recipient or the Federal Government.

(v) Acquisition date (or date received, if the property was furnished by the Federal Government) and cost.

(vi) Information from which one can calculate the percentage of Federal
§ 32.34 32 CFR Ch. I (7–1–15 Edition)

participation in the cost of the equipment (not applicable to property furnished by the Federal Government).

(vii) Location and condition of the equipment or federally-owned property and the date the information was reported.

(viii) Unit acquisition cost.

(ix) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates the DoD Component that made the award for its share.

(2) Property owned by the Federal Government shall be identified to indicate Federal ownership.

(3) A physical inventory of equipment and federally-owned property shall be taken and the results reconciled with the equipment records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment or federally-owned property.

(4) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment or federally-owned property. Any loss, damage, or theft of equipment or federally-owned property shall be investigated and fully documented; if the property was owned by the Federal Government, the recipient shall promptly notify the DoD Component.

(5) Adequate maintenance procedures shall be implemented to keep the equipment or federally-owned property in good condition.

(6) Where the recipient is authorized or required to sell the equipment, proper sales procedures shall be established which provide for competition to the extent practicable and result in the highest possible return.

(g) When the recipient no longer needs the equipment, the equipment may be used for other activities in accordance with the following standards.

(1) For equipment with a current per unit fair market value of $5,000 or more, the recipient may retain the equipment for other uses provided that compensation is made to the DoD Component that originally made the award or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the equipment.

(2) If the recipient has no need for the equipment, the recipient shall request disposition instructions from the DoD Component. The DoD Component shall issue instructions to the recipient no later than 120 calendar days after the recipient’s request and the following procedures shall govern:

(i) The grants officer, in consultation with the program manager, shall judge whether the age and nature of the equipment warrant a screening procedure to determine whether the equipment is useful to a DoD Component or other Federal agency. If a screening procedure is warranted:

(A) The DoD Component shall determine whether the equipment can be used to meet DoD requirements.

(B) If no DoD requirement exists, the availability of the equipment shall be reported to the General Services Administration by the DoD Component to determine whether a requirement for the equipment exists in other Federal agencies.

(ii) If so instructed or if disposition instructions are not issued within 120 calendar days after the recipient’s request, the recipient shall sell the equipment and reimburse the DoD Component that made the award an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the recipient shall be permitted to deduct and retain from the Federal share $500 or ten percent of the proceeds, whichever is less, for the recipient’s selling and handling expenses.

(iii) If the recipient is instructed to ship the equipment elsewhere, the recipient shall be reimbursed by the Federal Government by an amount which is computed by applying the percentage of the recipient’s participation in the cost of the original project or program to the current fair market value of the equipment, plus any reasonable
shipping or interim storage costs incurred.

(iv) If the recipient is instructed to otherwise dispose of the equipment, the recipient shall be reimbursed by the DoD Component that made the award for such costs incurred in its disposition.

(h) The DoD Component may reserve the right to transfer the title to the Federal Government or to a third party named by the Federal Government when such third party is otherwise eligible under existing statutes. Such transfer shall be subject to the following standards.

(1) The equipment shall be appropriately identified in the award or otherwise made known to the recipient in writing. For exempt property, in accordance with §32.33(b)(3), note that this identification must occur by the time of award, or title to the property vests in the recipient without further obligation to the Government.

(2) The DoD Component shall issue disposition instructions within 120 calendar days after receipt of a final inventory. The final inventory shall list all equipment acquired with award funds and federally-owned property. If the DoD Component fails to issue disposition instructions for equipment within the 120 calendar day period, the recipient shall apply the standards of paragraph (g) of this section.

(3) When the DoD Component exercises its right to take title, the equipment shall be subject to the provisions for federally-owned property.

§32.36 Intangible property.

(a) The recipient may copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award. DoD Components reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.

(b) Recipients are subject to applicable regulations governing patents and inventions, including Governmentwide regulations issued by the Department of Commerce at 37 CFR part 401, “Rights to Inventions Made by Non-profit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements.”

(c) The Federal Government has the right to:

(1) Obtain, reproduce, publish or otherwise use the data first produced under an award; and

(2) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

(d)(1) In addition, in response to a Freedom of Information Act (FOIA) request for research data relating to published research findings produced under an award that were used by the Federal Government in developing an agency action that has the force and effect of law, the DoD Component that made the award shall request, and the recipient shall provide, within a reasonable time, the research data so that they can be made available to the public through the procedures established under the FOIA. If the DoD Component that made the award obtains the research data solely in response to a FOIA request, the agency may charge the requester a reasonable fee equaling the full incremental cost of obtaining the research data. This fee should reflect costs incurred by the agency, the recipient, and applicable subrecipients. This fee is in addition to any fees the
agency may assess under the FOIA (5 U.S.C. 552(a)(4)(A)).

(2) The following definitions apply for purposes of this paragraph (d):

(i) Research data is defined as the recorded factual material commonly accepted in the scientific community as necessary to validate research findings, but not any of the following: preliminary analyses, drafts of scientific papers, plans for future research, peer reviews, or communications with colleagues. This “recorded” material excludes physical objects (e.g., laboratory samples). Research data also do not include:

(A) Trade secrets, commercial information, materials necessary to be held confidential by a researcher until they are published, or similar information which is protected under law; and

(B) Personnel and medical information and similar information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, such as information that could be used to identify a particular person in a research study.

(ii) Published is defined as either when:

(A) Research findings are published in a peer-reviewed scientific or technical journal; or

(B) A Federal agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(iii) Used by the Federal Government in developing an agency action that has the force and effect of law is defined as when an agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(e) Title to intangible property and debt instruments acquired under an award or subaward (rather than developed or produced under the award or subaward) vests upon acquisition in the recipient. The recipient shall use such property for the originally authorized purpose, disposition of the intangible property shall occur in accordance with the provisions of §32.34(g).

§32.37 Property trust relationship.

Real property, equipment, intangible property and debt instruments that are acquired or improved with Federal funds shall be held in trust by the recipient as trustee for the beneficiaries of the project or program under which the property was acquired or improved. DoD Components may require recipients to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with Federal funds and that use and disposition conditions apply to the property.

PROCUREMENT STANDARDS

§32.40 Purpose of procurement standards.

Sections 32.41 through 32.48 set forth standards for use by recipients in establishing procedures for the procurement of supplies and other expendable property, equipment, real property and other services with Federal funds. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal statutes and executive orders.

§32.41 Recipient responsibilities.

The standards contained in this section do not relieve the recipient of the contractual responsibilities arising under its contract(s). The recipient is the responsible authority, without recourse to the DoD Component that made the award, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of an award or other agreement. This includes disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of statute are to be referred to such Federal, State or local authority as may have proper jurisdiction.
§ 32.42 Codes of conduct.

The recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipient.

§ 32.43 Competition.

All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be excluded from competing for such procurements. Awards shall be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the recipient, price, quality and other factors considered. Solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient. Any and all bids or offers may be rejected when it is in the recipient’s interest to do so.

§ 32.44 Procurement procedures.

(a) All recipients shall establish written procurement procedures. These procedures shall provide, at a minimum, that:

(1) Recipients avoid purchasing unnecessary items;
(2) Where appropriate, an analysis is made of lease and purchase alternatives to determine which would be the most economical and practical procurement; and
(3) Solicitations for goods and services provide for all of the following:
   (i) A clear and accurate description of the technical requirements for the material, product or service to be procured. In competitive procurements, such a description shall not contain features which unduly restrict competition.
   (ii) Requirements which the bidder/offeror must fulfill and all other factors to be used in evaluating bids or proposals.
   (iii) A description, whenever practicable, of technical requirements in terms of functions to be performed or performance required, including the range of acceptable characteristics or minimum acceptable standards.

(b) Positive efforts shall be made by recipients to utilize small businesses, minority-owned firms, and women’s business enterprises, whenever possible. Recipients of Federal awards shall take all of the following steps to further this goal:

(1) Ensure that small businesses, minority-owned firms, and women’s business enterprises are used to the fullest extent practicable.
§ 32.45 Cost and price analysis.

Some form of cost or price analysis shall be made and documented in the procurement files in connection with every procurement action. Price analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability and allowability.

§ 32.46 Procurement records.

Procurement records and files for purchases in excess of the simplified acquisition threshold shall include the following at a minimum:

(a) Basis for contractor selection;
(b) Justification for lack of competition when competitive bids or offers are not obtained; and
(c) Basis for award cost or price.

§ 32.47 Contract administration.

A system for contract administration shall be maintained to ensure contractor conformance with the terms,
conditions and specifications of the contract and to ensure adequate and timely follow up of all purchases. Recipients shall evaluate contractor performance and document, as appropriate, whether contractors have met the terms, conditions and specifications of the contract.

§ 32.48 Contract provisions.

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts:

(a) Contracts in excess of the simplified acquisition threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(b) All contracts in excess of the simplified acquisition threshold shall contain suitable provisions for termination by the recipient, including the manner by which termination shall be effected and the basis for settlement. In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(c) Except as otherwise required by statute, an award that requires the contracting (or subcontracting) for construction or facility improvements shall provide for the recipient to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds $100,000. For those contracts or subcontracts exceeding $100,000, the DoD Component may accept the bonding policy and requirements of the recipient, provided the grants officer has made a determination that the Federal Government’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and material in the execution of the work provided for in the contract.

(4) Where bonds are required in the situations described in §§32.40 through 32.49, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR part 223, “Surety Companies Doing Business with the United States.”

(d) All negotiated contracts (except those for less than the simplified acquisition threshold) awarded by recipients shall include a provision to the effect that the recipient, the Department of Defense, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(e) All contracts, including those for amounts less than the simplified acquisition threshold, by recipients and their contractors shall contain the procurement provisions of Appendix A to this part, as applicable.

Under the Resource Conservation and Recovery Act (RCRA) (section 6002, Pub. L. 94–580, 42 U.S.C. 6962), any State agency or agency of a political subdivision of a State which is using
appropriated Federal funds must comply with section 6002. Section 6002 requires that preference be given in procurement programs to the purchase of specific products containing recycled materials identified in guidelines developed by the Environmental Protection Agency (EPA) (40 CFR parts 247–254). Accordingly, State and local institutions of higher education, hospitals, and non-profit organizations that receive direct Federal awards or other Federal funds shall give preference in their procurement programs funded with Federal funds to the purchase of recycled products pursuant to the EPA guidelines.

REPORTS AND RECORDS

§ 32.50 Purpose of reports and records.

Sections 32.51 through 32.53 set forth the procedures for monitoring and reporting on the recipient’s financial and program performance and the necessary standard reporting forms. They also set forth record retention requirements.

§ 32.51 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by the award. Recipients shall monitor subawards to ensure sub-recipients have met the audit requirements as delineated in §32.26.

(b) The award terms and conditions shall prescribe the frequency with which the performance reports shall be submitted. Except as provided in paragraph (f) of this section, performance reports shall not be required more frequently than quarterly or less frequently than annually. Annual reports shall be due 90 calendar days after the award year; quarterly or semi-annual reports shall be due 30 calendar days after the reporting period. DoD Components may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report shall not be required after completion of the project.

(d) When required, performance reports shall generally contain, for each award, brief information on each of the following:

(1) A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs. However, unit costs are generally inappropriate for research (see §32.21 (a) and (b)(4)).

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(e) Recipients shall not be required to submit more than the original and two copies of performance reports.

(f) Recipients shall immediately notify the grants officer of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) DoD Components’ representatives may make site visits, as needed.

(h) DoD Components shall comply with applicable clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

§ 32.52 Financial reporting.

(a) The following forms or such other forms as may be approved by OMB are authorized for obtaining financial information from recipients:

(1) SF–269 or SF–269A, Financial Status Report. (i) DoD Components may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report shall not be required after completion of the project.
Request for Advance or Reimbursement, or SF–272. Report of Federal Cash Transactions, is determined to provide adequate information to meet agency needs, except that a final SF–269 or SF–269A shall be required at the completion of the project when the SF–270 is used only for advances.

(ii) The DoD Component shall prescribe whether the report shall be on a cash or accrual basis. If the award requires accrual information and the recipient’s accounting records are not normally kept on the accrual basis, the recipient shall not be required to convert its accounting system, but shall develop such accrual information through best estimates based on an analysis of the documentation on hand.

(iii) The DoD Component shall determine the frequency of the Financial Status Report for each project or program, considering the size and complexity of the particular project or program. However, the report shall not be required more frequently than quarterly or less frequently than annually. A final report shall be required at the completion of the award.

(iv) The DoD Component shall require recipients to submit the SF–269 or SF–269A (an original and no more than two copies) no later than 30 calendar days following the end of each quarter. DoD Components may request a monthly report from those recipients receiving advances totaling $1 million or more per year.

DoD Components may waive the requirement for submission of the SF–272 for any one of the following reasons:

(A) When monthly advances do not exceed $25,000 per recipient, provided that such advances are monitored through other forms contained in this section;

(B) If, in the grants officer’s opinion, the recipient’s accounting controls are adequate to minimize excessive Federal advances; or

(C) When electronic payment mechanisms or SF–270 forms provide adequate data.

(b) When the DoD Component needs additional information or more frequent reports, the following shall be observed:

(1) When additional information is needed to comply with legislative requirements, grants officers shall issue instructions to require recipients to submit such information under the “Remarks” section of the report.

(2) When a grants officer, after consultation with the Federal agency assigned cognizance for a recipient’s audit and audit resolution, determines that the recipient’s accounting system does not meet the standards in §32.21, additional pertinent information to further monitor awards may be obtained upon written notice to the recipient until such time as the system is brought up to standard. The grants officer, in obtaining this information, shall comply with applicable report clearance requirements of 5 CFR part 1320.

11 See footnote 2 to §32.12(a).
12 See footnote 2 to §32.12(a).
(3) Grants officers are encouraged to shade out any line item on any report if not necessary.

(4) DoD Components are encouraged to accept the identical information from the recipients in machine readable format or computer printouts or electronic outputs in lieu of prescribed formats.

(5) DoD Components may provide computer or electronic outputs to recipients when it expedites or contributes to the accuracy of reporting.

§ 32.53 Retention and access requirements for records.

(a) This section sets forth requirements for record retention and access to records for awards to recipients. DoD Components shall not impose any other record retention or access requirements upon recipients.

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final expenditure report. The only exceptions are the following:

(1) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

(2) Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

(3) When records are transferred to or maintained by the DoD Component that made the award, the 3-year retention requirement is not applicable to the recipient.

(4) Indirect cost rate proposals, cost allocations plans, and related records, for which retention requirements are specified in paragraph (g) of this section.

(c) Copies of original records may be substituted for the original records if authorized by the grants officer.

(d) The grants officer shall request that recipients transfer certain records to DoD Component custody when he or she determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, a grants officer may make arrangements for recipients to retain any records that are continuously needed for joint use.

(e) DoD Components, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient’s personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) Unless required by statute, no DoD Component shall place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when the DoD Component can demonstrate that such records shall be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to the DoD Component making the award.

(g) Indirect cost rate proposals, cost allocations plans, etc. Paragraphs (g)(1) and (g)(2) of this section apply to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(1) If submitted for negotiation. If the recipient submits an indirect-cost proposal, plan, or other computation to the Federal agency responsible for negotiating the recipient’s indirect cost rate, as the basis for negotiation of the rate, or the subrecipient submits such a proposal, plan, or computation to the recipient, then the 3-year retention period for its supporting records starts on the date of such submission.

(2) If not submitted for negotiation. If the recipient is not required to submit
to the cognizant Federal agency or the subrecipient is not required to submit to the recipient the proposal, plan, or other computation for negotiation purposes, then the 3-year retention period for the proposal, plan, or other computation and its supporting records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(h) If the information described in this section is maintained on a computer, recipients shall retain the computer data on a reliable medium for the time periods prescribed. Recipients may transfer computer data in machine readable form from one reliable computer medium to another. Recipients' computer data retention and transfer procedures shall maintain the integrity, reliability, and security of the original computer data. Recipients also must maintain an audit trail describing the data transfer. For the record retention time periods prescribed in this section, recipients shall not destroy, discard, delete, or write over such computer data.

§ 32.60 Purpose of termination and enforcement.

Sections 32.61 and 32.62 set forth uniform suspension, termination and enforcement procedures.

§ 32.61 Termination.

(a) Awards may be terminated in whole or in part only as follows:

(1) By the grants officer, if a recipient materially fails to comply with the terms and conditions of an award;

(2) By the grants officer with the consent of the recipient, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated; or

(3) By the recipient upon sending to the grants officer written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. The recipient must provide such notice at least 30 calendar days prior to the effective date of the termination. However, if the grants officer determines in the case of partial termination that the reduced or modified portion of the award will not accomplish the purposes for which the award was made, he or she may terminate the award in its entirety.

(b) If costs are allowed under an award, the responsibilities of the recipient referred to in §32.71, including those for property management as applicable, shall be considered in the termination of the award. Provision shall be made for continuing responsibilities of the recipient after termination, as appropriate.

§ 32.62 Enforcement.

(a) Remedies for noncompliance. If a recipient materially fails to comply with the terms and conditions of an award, whether stated in a Federal statute, regulation, assurance, application, or notice of award, the grants officer may, in addition to imposing any of the special conditions outlined in §32.14, take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the recipient or more severe enforcement action by the grants officer and DoD Component.

(2) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award.

(4) Withhold further awards for the project or program.

(5) Take other remedies that may be legally available.

(b) Hearings and appeals. In taking an enforcement action, the DoD Component shall provide the recipient an opportunity for hearing, appeal, or other administrative proceeding to which the recipient is entitled under any statute or regulation applicable to the action involved. Award terms or conditions will incorporate the procedures of 32 CFR 22.815 for processing recipient claims and disputes and for deciding appeals of grants officers' decisions.

(c) Effects of suspension and termination. Costs of a recipient resulting
§ 32.70 Purpose.

Sections 32.71 through 32.73 contain closeout procedures and other procedures for subsequent disallowances and adjustments.

§ 32.71 Closeout procedures.

(a) Recipients shall submit, within 90 calendar days after the date of completion of the award, all financial, performance, and other reports required by the terms and conditions of the award. The grants officer may approve extensions when requested by the recipient.

(b) Unless the grants officer authorizes an extension, a recipient shall liquidate all obligations incurred under the award not later than 90 calendar days after the funding period or the date of completion as specified in the terms and conditions of the award or in agency implementing instructions.

(c) The responsible grants officer and payment office shall expedite completion of steps needed to close out awards and make prompt, final payments to a recipient for allowable reimbursable costs under the award being closed out.

(d) The recipient shall promptly refund any balances of unobligated cash that the DoD Component has advanced or paid and that is not authorized to be retained by the recipient for use in other projects. OMB Circular A-129 governs unreturned amounts that become delinquent debts (see 32 CFR 22.820).

(e) When authorized by the terms and conditions of the award, the grants officer shall make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

(f) The recipient shall account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with §§ 32.31 through 32.37.

(g) In the event a final audit has not been performed prior to the closeout of an award, the DoD Component shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

§ 32.72 Subsequent adjustments and continuing responsibilities.

(a) The closeout of an award does not affect any of the following:

(1) The right of the Department of Defense to disallow costs and recover funds on the basis of a later audit or other review.

(2) The obligation of the recipient to return any funds due as a result of later refunds, corrections, or other transactions.

(3) Audit requirements in § 32.26.

(4) Property management requirements in §§ 32.31 through 32.37.

(5) Records retention as required in § 32.53.

(b) After closeout of an award, a relationship created under an award may be modified or ended in whole or in part with the consent of the grants officer and the recipient, provided the responsibilities of the recipient referred to in § 32.73(a), including those for property management as applicable, are...
considered and provisions made for continuing responsibilities of the recipient, as appropriate.

§ 32.73 Collection of amounts due.

(a) Any funds paid to a recipient in excess of the amount to which the recipient is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government.

(b) OMB Circular A–110 informs each Federal agency that:

(1) If a debt is not paid within a reasonable period after the demand for payment, the Federal agency may reduce the debt by:

(i) Making administrative offset against other requests for reimbursement.

(ii) Withholding advance payments otherwise due to the recipient.

(iii) Taking other action permitted by statute.

(2) Except as otherwise provided by law, the Federal awarding agency shall charge interest on an overdue debt in accordance with 4 CFR Chapter II, “Federal Claims Collection Standards.”

(c) DoD grants officers shall follow the procedures in 32 CFR 22.820 for issuing demands for payment and transferring debts to DoD payment offices for collection. Recipients will be informed about pertinent procedures and timeframes through the written notices of grants officers’ decisions and demands for payment.

APPENDIX A TO PART 32—CONTRACT PROVISIONS

All contracts awarded by a recipient, including those for amounts less than the simplified acquisition threshold, shall contain the following provisions as applicable:

2. **Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 276c)**—All contracts and subawards in excess of $20,000 for construction or repair awarded by recipients and subrecipients shall include a provision for compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874, as supplemented by Department of Labor regulations (29 CFR part 9, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that contractors or subcontractors shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the responsible DoD Component.

3. **Davis-Bacon Act, as amended (40 U.S.C. 276a to a–7)**—This Act applies to procurements under awards only when the Federal program legislation specifically makes it apply (i.e., Davis-Bacon does not by itself apply to procurements under awards). In cases where another statute does make the Davis-Bacon Act apply, all construction contracts awarded by the recipients and sub-recipients of more than $2,000 shall include a provision for compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act (29 CFR part 5, “Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction”). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to the Federal awarding agency.

4. **Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333)**—Where applicable, all contracts awarded by recipients in excess of $100,000 for construction or other purposes that involve the employment of mechanics or laborers shall include a provision for compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333), as supplemented by Department of Labor regulations (29 CFR part 5). Under section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section
107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

5. Rights to Inventions Made Under a Contract, Grant or Cooperative Agreement—Contracts, grants, or cooperative agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements.”

6. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended—Contracts and subawards of amounts in excess of $100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the responsible DoD Component and the Regional Office of the Environmental Protection Agency (EPA).

8. Debarment and Suspension (E.O.s 12549 and 12689)—A contract award with an amount expected to equal or exceed $25,000 and certain other contract awards (see 2 CFR part 125 of the OMB guidance at 2 CFR 190.220), which implements OMB guidance at 2 CFR 190.220 shall not be made to parties listed on the Governmentwide Excluded Parties List System, in accordance with the DoD adoption at 2 CFR part 125 of the OMB guidance implementing E.O.s 12549 (3 CFR. 1986 Comp., p. 189) and 12689 (3 CFR. 1989 Comp., p. 256), “Debarment and Suspension.” The Excluded Parties List System available on the Internet at www.epls.gov contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than E.O. 12549.

Subpart D—After-the-Grant Requirements

§ 33.50 Closeout.
§ 33.51 Later disallowances and adjustments.
§ 33.52 Collections of amounts due.

Subpart E—Entitlements [Reserved]

Subpart A—General

§ 33.1 Purpose and scope of this part.
This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 33.2 Scope of subpart.
This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 33.3 Definitions.
As used in this part:
Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for:
(1) Goods and other tangible property received;
(2) Services performed by employees, contractors, subgrantees, subcontractors, and other payees; and
(3) Other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of:
(1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and
(2) Amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee’s regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from “programmatic” requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means:
(1) With respect to a grant, the Federal agency, and
(2) With respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee’s cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for “grant” and “subgrant” in this section and except where qualified by “Federal”) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that...
such definition would at least include all equipment defined above.

Expenditure report means:

(1) For nonconstruction grants, the SF–269 “Financial Status Report” (or other equivalent report);

(2) For construction grants, the SF–271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat. 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under State law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee’s cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency’s portion of real property, equipment or supplies, means the same percentage as the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.
State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of “grant” in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than “equipment” as defined in this part.

Suspension means depending on the context, either:

(1) Temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or

(2) An action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. “Termination” does not include:

(1) Withdrawal of funds awarded on the basis of the grantee’s underestimate of the unobligated balance in a prior period;

(2) Withdrawal of the unobligated balance as of the expiration of a grant;

(3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or

(4) Voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 33.4 Applicability.

(a) General. Subparts A through D of this part apply to all grants and subgrants to governments, except where inconsistent with Federal statutes or with regulations authorized in accordance with the exception provision of §33.6, or:

(1) Grants and subgrants to State and local institutions of higher education or State and local hospitals.

(2) The block grants authorized by the Omnibus Budget Reconciliation Act of 1981 (Community Services; Preventive Health and Health Services; Alcohol, Drug Abuse, and Mental Health Services; Maternal and Child Health Services; Social Services; Low-Income Home Energy Assistance; States’ Program of Community Development Block Grants for Small Cities; and Elementary and Secondary Education
other than programs administered by the Secretary of Education under title V, subtitle D, chapter 2, section 583—the Secretary’s discretionary grant program) and titles I-III of the Job Training Partnership Act of 1982 and under the Public Health Services Act (section 1902), Alcohol and Drug Abuse Treatment and Rehabilitation Block Grant and part C of title V, Mental Health Service for the Homeless Block Grant).

(3) Entitlement grants to carry out the following programs of the Social Security Act:
   (i) Aid to Needy Families with Dependent Children (title IV-A of the Act, not including the Work Incentive Program (WIN) authorized by section 402(a)(19)(G); HHS grants for WIN are subject to this part);
   (ii) Child Support Enforcement and Establishment of Paternity (title IV-D of the Act);
   (iii) Foster Care and Adoption Assistance (title IV-E of the Act);
   (iv) Aid to the Aged, Blind, and Disabled (titles I, X, XIV, and XVI-AABD of the Act); and
   (v) Medical Assistance (Medicaid) (title XIX of the Act) not including the State Medicaid Fraud Control program authorized by section 1903(a)(6)(B).

(4) Entitlement grants under the following programs of The National School Lunch Act:
   (i) School Lunch (section 4 of the Act),
   (ii) Commodity Assistance (section 6 of the Act),
   (iii) Special Meal Assistance (section 6 of the Act),
   (iv) Summer Food Service for Children (section 13 of the Act), and
   (v) Child Care Food Program (section 17 of the Act).

(5) Entitlement grants under the following programs of The Child Nutrition Act of 1966:
   (i) Special Milk (section 3 of the Act), and
   (ii) School Breakfast (section 4 of the Act).

(6) Entitlement grants for State Administrative expenses under The Food Stamp Act of 1977 (section 16 of the Act).

(7) A grant for an experimental, pilot, or demonstration project that is also supported by a grant listed in paragraph (a)(3) of this section;

(8) Grant funds awarded under subsection 412(e) of the Immigration and Nationality Act (8 U.S.C. 1522(e)) and subsection 501(a) of the Refugee Education Assistance Act of 1980 (Pub. L. 96–422, 94 Stat. 1809), for cash assistance, medical assistance, and supplemental security income benefits to refugees and entrants and the administrative costs of providing the assistance and benefits;

(9) Grants to local education agencies under 20 U.S.C. 236 through 241–1(a), and 242 through 244 (portions of the Impact Aid program), except for 20 U.S.C. 238(d)(2)(c) and 240(f) (Entitlement Increase for Handicapped Children); and

(10) Payments under the Veterans Administration’s State Home Per Diem Program (38 U.S.C. 611(a)).

(b) Entitlement programs. Entitlement programs enumerated above in §33.4(a) (3) through (8) are subject to subpart E.

§33.5 Effect on other issuances.

All other grants administration provisions of codified program regulations, program manuals, handbooks and other nonregulatory materials which are inconsistent with this part are superseded, except to the extent they are required by statute, or authorized in accordance with the exception provision in §33.6.

§33.6 Additions and exceptions.

(a) For classes of grants and grantees subject to this part, Federal agencies may not impose additional administrative requirements except in codified regulations published in the FEDERAL REGISTER.

(b) Exceptions for classes of grants or grantees may be authorized only by OMB.

(c) Exceptions on a case-by-case basis and for subgrantees may be authorized by the affected Federal agencies.
Subpart B—Pre-Award Requirements

§ 33.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF–424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

§ 33.11 State plans.

(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect: (1) New or revised Federal statutes or regulations or (2) a material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.

§ 33.12 Special grant or subgrant conditions for “high-risk” grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or

(2) Is not financially stable, or

(3) Has a management system which does not meet the management standards set forth in this part, or

(4) Has not conformed to terms and conditions of previous awards,
(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;
(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;
(3) Requiring additional, more detailed financial reports;
(4) Additional project monitoring;
(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or
(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;
(2) The reason(s) for imposing them;
(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
(4) The method of requesting reconsideration of the conditions/restrictions imposed.

Subpart C—Post-Award Requirements

FINANCIAL ADMINISTRATION

§33.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and
(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grants and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed.
whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees’ cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 33.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency’s payments to the grantee or subgrantee will be based on the grantee’s or subgrantee’s actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee’s disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee’s actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—

(i) The grantee or subgrantee has failed to comply with grant award conditions or

(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall
be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §33.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) **Cash depositories.** (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) **Interest earned on advances.** Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

(b) **Applicable cost principles.** For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

</tbody>
</table>

§ 33.22 Allowable costs.

(a) **Limitation on use of funds.** Grant funds may be used only for:

(1) The allowable costs of the grantee, subgrantee and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and

(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) **Applicable cost principles.** For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

§ 33.23 Period of availability of funds.

(a) **General.** Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) **Liquidation of obligations.** A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF–269). The Federal agency may extend this deadline at the request of the grantee.

§ 33.24 Matching or cost sharing.

(a) **Basic rule: Costs and contributions acceptable.** With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs
borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §33.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §33.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count towards satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this paragraph. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee’s or subgrantee’s organization. If the grantee or subgrantee does not have employees performing similar work, the rates will
be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee’s normal line of work, the services will be valued at the employee’s regular rate of pay exclusive of the employee’s fringe benefits and overhead costs. If the services are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-Federal share of the property may be counted as cost-sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in §33.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property’s market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal funds, only the non-Federal share of the property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the grantee. This requirement will also be imposed by the grantee on subgrantees.

from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §33.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§33.31 and 33.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(1) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise.

§33.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government
auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $500,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A−110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A−110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, §33.36 shall be followed.

fund or budget transfer from non-construction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

(1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

(2) Need to extend the period of availability of funds.

(3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of §33.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget format the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see §33.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee’s approved project which requires Federal prior approval, the grantee will obtain the Federal agency’s approval before approving the subgrantee’s request.

§ 33.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency’s percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be
followed that provide for competition to the extent practicable and result in the highest possible return.

(3) Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee’s percentage of participation in the purchase of the real property to the current fair market value of the property.

§ 33.32 Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in §33.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.
(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency’s share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) **Federal equipment.** In the event a grantee or subgrantee is provided federally-owned equipment:

1. Title will remain vested in the Federal Government.
2. Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.
3. When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) **Right to transfer title.** The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third party named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

1. The property shall be identified in the grant or otherwise made known to the grantee in writing.
2. The Federal awarding agency shall issue disposition instruction within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow §33.32(e).
3. When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§33.33 **Supplies.**

(a) **Title.** Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) **Disposition.** If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§33.34 **Copyrights.**

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§33.35 **Subawards to debarred and suspended parties.**

Grantees and subgrantees must comply with the requirements of OMB guidance in Subpart C, 2 CFR part 180, as implemented by the Department of Defense in 2 CFR part 1125. Those requirements include restrictions on entering into a covered transaction with any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.”

§33.36 **Procurement.**

(a) **States.** When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by
Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,

(ii) Any member of his immediate family,

(iii) His or her partner, or

(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee’s or subgrantee’s officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee’s and subgrantee’s officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—
(i) After a determination that no other contract is suitable, and
(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee’s or subgrantee’s protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §33.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the
§ 33.36  

Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract ( Lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in § 33.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors’ qualifications are evaluated and the most qualified competitor is selected,
subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women’s business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women’s business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women’s business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women’s business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the
complexity of the work to be performed, the risk borne by the contractor, the contractor’s investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §33.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., when:

(i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price.

The “bid guarantee” shall consist of a firm commitment such as a bid bond,
certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee’s and subgrantee’s contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). (All contracts and subgrants for construction or repair)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the
§ 33.37 Subgrants.

(a) States. States shall follow State law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

1. Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;
2. Ensure that subgrantees are aware of requirements imposed upon them by Federal statute and regulation;
3. Ensure that a provision for compliance with § 33.42 is placed in every cost reimbursement subgrant; and
4. Conform any advances of grant funds to subgrantees substantially to the same standards of timing and amount that apply to cash advances by Federal agencies.

(b) All other grantees. All other grantees shall follow the provisions of this part which are applicable to awarding agencies when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. Grantees shall:

1. Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations; and
2. Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations.

(c) Exceptions. By their own terms, certain provisions of this part do not apply to the award and administration of subgrants:

1. Section 33.10;
2. Section 33.11;
3. The letter-of-credit procedures specified in Treasury Regulations at 31 CFR part 205, cited in §33.21; and
4. Section 33.50.

§ 33.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

1. Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

2. Performance reports will contain, for each grant, brief information on the following:

i. A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output...
may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.

(d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(e) Federal agencies may make site visits as warranted by program needs.

(f) Waivers, extensions. (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

§ 33.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or
269A. Financial Status Report, to report the status of funds for all non-construction grants and for construction grants when required in accordance with §33.41(e)(2)(iii).

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee’s accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(a) Federal Cash Transactions Report—(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days’ needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. (For reimbursement requests under construction grants, see paragraph (e)(1) of this section.)

(3) The frequency for submitting payment requests is treated in §33.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs—(1) Grants that support construction activities paid by reimbursement method. (i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in §33.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in §33.41(b)(3).
(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance. (i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advances, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction. However, frequency and due date shall be governed by §33.41(b)
(3) and (4). (ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in §33.41(d), (iii) The Federal agency may substitute the Financial Status Report specified in §33.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.
(3) Accounting basis. The accounting basis for the Outlay Report and Request for Reimbursement for Construction Programs shall be governed by §33.41(b)(2).

§ 33.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are: (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement. (2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §33.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

(2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

(3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

(c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year’s records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due. (2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency. (3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee’s fiscal year in which the income is earned.
(4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records.—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 33.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency.

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award for the grantee's or subgrantee's program.

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination,
are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under E.O. 12549 (see §33.35).

§ 33.44 Termination for convenience.

Except as provided in §33.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or

(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of the award will not accomplish the purposes for which the award was made, the awarding agency may terminate the award in its entirety under either §33.43 or paragraph (a) of this section.

Subpart D—After-The-Grant Requirements

§ 33.50 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:

(1) Final performance or progress report.

(2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF–271) (as applicable).

(3) Final request for payment (SF–270) (if applicable).

(4) Invention disclosure (if applicable).

(5) Federally-owned property report:

In accordance with §33.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

§ 33.51 Later disallowances and adjustments.

The closeout of a grant does not affect:

(a) The Federal agency’s right to disallow costs and recover funds on the basis of a later audit or other review;

(b) The grantee’s obligation to return any funds due as a result of later refunds, corrections, or other transactions;

(c) Records retention as required in §33.42;

(d) Property management requirements in §§33.31 and 33.32; and
§ 33.52 Audit requirements in § 33.26.

§ 33.52 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:

1. Making an administrative offset against other requests for reimbursements,
2. Withholding advance payments otherwise due to the grantee, or
3. Other action permitted by law.

(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

Subpart E—Entitlement

PART 34—ADMINISTRATIVE REQUIREMENTS FOR GRANTS AND AGREEMENTS WITH FOR-PROFIT ORGANIZATIONS

Subpart A—General

Sec.
34.1 Purpose.
34.2 Definitions.
34.3 Deviations.
34.4 Special award conditions.

Subpart B—Post-Award Requirements

FINANCIAL AND PROGRAM MANAGEMENT
34.10 Purpose of financial and program management.
34.11 Standards for financial management systems.
34.12 Payment.
34.13 Cost sharing or matching.
34.14 Program income.
34.15 Revision of budget and program plans.
34.16 Audits.
34.17 Allowable costs.
34.18 Fee and profit.

32 CFR Ch. I (7–1–15 Edition)

PROPERTY STANDARDS
34.20 Purpose of property standards.
34.21 Real property and equipment.
34.22 Federally owned property.
34.23 Property management system.
34.24 Supplies.
34.25 Intellectual property developed or produced under awards.

PROCUREMENT STANDARDS
34.30 Purpose of procurement standards.
34.31 Requirements.

REPORTS AND RECORDS
34.40 Purpose of reports and records.
34.41 Monitoring and reporting program and financial performance.
34.42 Retention and access requirements for records.

TERMINATION AND ENFORCEMENT
34.50 Purpose of termination and enforcement.
34.51 Termination.
34.52 Enforcement.
34.53 Disputes and appeals.

Subpart C—After-the-Award Requirements

34.60 Purpose.
34.61 Closeout procedures.
34.62 Subsequent adjustments and continuing responsibilities.
34.63 Collection of amounts due.

APPENDIX A TO PART 34—CONTRACT PROVISIONS

SOURCE: 63 FR 12204, Mar. 12, 1998, unless otherwise noted.

Subpart A—General

§ 34.1 Purpose.

(a) This part prescribes administrative requirements for awards to for-profit organizations.

(b) Applicability to prime awards and subawards is as follows:

1. Prime awards. DoD Components shall apply the provisions of this part to awards to for-profit organizations. DoD Components shall not impose requirements that are in addition to, or inconsistent with, the requirements provided in this part, except:

i. In accordance with the deviation procedures or special award conditions in §34.3 or §34.4, respectively; or

ii. As required by Federal statute, Executive order, or Federal regulation
implementing a statute or Executive order.

(2) Subawards. (i) Any legal entity (including any State, local government, university or other nonprofit organization, as well as any for-profit entity) that receives an award from a DoD Component shall apply the provisions of this part to subawards with for-profit organizations. It should be noted that subawards (see definition in §34.2) are financial assistance for substantive programmatic performance and do not include recipients' procurement of goods and services.

(ii) For-profit organizations that receive prime awards covered by this part shall apply to each subaward the administrative requirements that are applicable to the particular type of subrecipient (e.g., 32 CFR part 33 specifies requirements for subrecipients that are States or local governments, and 32 CFR part 32 contains requirements for universities or other nonprofit organizations).

§ 34.2 Definitions.
The following are definitions of terms as used in this part. Grants officers are cautioned that terms may be defined differently in this part than they are in other parts of the DoD Grant and Agreement Regulations (DoDGARs).

Advance. A payment made by Treasury check or other appropriate payment mechanism to a recipient upon its request either before outlays are made by the recipient or through the use of predetermined payment schedules.

Award. A grant or a cooperative agreement other than a technology investment agreement (TIA). TIAs are covered by part 37 of the DoDGARs (32 CFR part 37). Portions of this part may apply to a TIA, but only to the extent that 32 CFR part 37 makes them apply.

Cash contributions. The recipient’s cash outlay, including the outlay of money contributed to the recipient by third parties.

Closeout. The process by which the grants officer administering an award made by a DoD Component determines that all applicable administrative actions and all required work of the award have been completed by the recipient and DoD Component.

Contract. Either:

(1) A procurement contract made by a recipient under a DoD Component’s award or by a subrecipient under a subaward; or

(2) A procurement subcontract under a contract awarded by a recipient or subrecipient.

Cost sharing or matching. That portion of project or program costs not borne by the Federal Government.

Disallowed costs. Those charges to an award that the grants officer administering an award made by a DoD Component determines to be unallowable, in accordance with the applicable Federal cost principles or other terms and conditions contained in the award.

DoD Component. A Military Department, Defense Agency, DoD Field Activity, or organization within the Office of the Secretary of Defense that provides or administers an award to a recipient.

Equipment. Tangible nonexpendable personal property charged directly to the award having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. That definition applies for the purposes of the Federal administrative requirements in this part. However, the recipient’s policy may be to use a lower dollar value for defining “equipment,” and nothing in this part should be construed as requiring the recipient to establish a higher limit for purposes other than the administrative requirements in this part.

Excess property. Property under the control of any DoD Component that, as determined by the head thereof, is no longer required for its needs or the discharge of its responsibilities.

Expenditures. See the definition for outlays in this section.

Federally owned property. Property in the possession of, or directly acquired by, the Government and subsequently made available to the recipient.

Funding period. The period of time when Federal funding is available for obligation by the recipient.
§ 34.2 Intellectual property. Intangible personal property such as patents and patent applications, trademarks, copyrights, technical data, and software rights.

Obligations. The amounts of orders placed, contracts and grants awarded, services received and similar transactions during a given period that require payment by the recipient during the same or a future period.

Outlays or expenditures. Charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense charged, the value of third party in-kind contributions applied and the amount of cash advances and payments made to subrecipients. For reports prepared on an accrual basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the net increase (or decrease) in the amounts owed by the recipient for goods and other property received, for services performed by employees, contractors, subrecipients and other payees and other amounts becoming owed under programs for which no current services or performance are required.

Personal property. Property of any kind except real property. It may be:

(1) Tangible, having physical existence (i.e., equipment and supplies); or
(2) Intangible, having no physical existence, such as patents, copyrights, data and software.

Prior approval. Written or electronic approval by an authorized official evidencing prior consent.

Program income. Gross income earned by the recipient that is directly generated by a supported activity or earned as a result of the award. Program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights, and interest on loans made with award funds. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in program regulations or the terms and conditions of the award, program income does not include the receipt of principal on loans, rebates, credits, discounts, etc., or interest earned on any of them.

Project costs. All allowable costs, as set forth in the applicable Federal cost principles, incurred by a recipient and the value of the contributions made by third parties in accomplishing the objectives of the award during the project period.

Project period. The period established in the award document during which Federal sponsorship begins and ends.

Property. Real property and personal property (equipment, supplies, and intellectual property), unless stated otherwise.

Real property. Land, including land improvements, structures and appurtenances thereto, but excludes movable machinery and equipment.

Recipient. A for-profit organization receiving an award directly from a DoD Component to carry out a project or program.

Research. Basic, applied, and advanced research activities. Basic research is defined as efforts directed toward increasing knowledge or understanding in science and engineering. Applied research is defined as efforts that attempt to determine and exploit the potential of scientific discoveries or improvements in technology, such as new materials, devices, methods, and processes. “Advanced research,” advanced technology development that creates new technology or demonstrates the viability of applying existing technology to new products and processes in a general way, is most closely analogous to precommercialization or precompetitive technology development in the commercial sector (it does not include development of military systems and hardware where specific requirements have been defined).

Small award. An award not exceeding the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently $100,000).
Small business concern. A concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it has applied for an award, and qualified as a small business under the criteria and size standards in 13 CFR part 121. For more details, grants officers should see 48 CFR part 19 in the “Federal Acquisition Regulation.”

Subaward. Financial assistance in the form of money, or property in lieu of money, provided under an award by a recipient to an eligible subrecipient or by a subrecipient to a lower tier subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but the term includes neither procurement of goods and services nor any form of assistance which is excluded from the definition of “award” in this section.

Subrecipient. The legal entity to which a subaward is made and which is accountable to the recipient for the use of the funds provided.

Supplies. Tangible expendable personal property that is charged directly to the award and that has a useful life of less than one year or an acquisition cost of less than $5000 per unit.

Suspension. An action by a DoD Component that temporarily withdraws Federal sponsorship under an award, pending corrective action by the recipient or pending a decision to terminate the award by the DoD Component. Suspension of an award is a separate action from suspension of a participant under 2 CFR part 1125.

Termination. The cancellation of an award, in whole or in part, under an agreement at any time prior to either:
(1) The date on which all work under an award is completed; or
(2) The date on which Federal sponsorship ends, as given on the award document or any supplement or amendment thereto.

Third party in-kind contributions. The value of non-cash contributions provided by non-Federal third parties. Third party in-kind contributions may be in the form of real property, equipment, supplies and other expendable property, and the value of goods and services directly benefitting and specifically identifiable to the project or program.

Unobligated balance. The portion of the funds authorized by a DoD Component that has not been obligated by the recipient and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 34.4 Special award conditions.
(a) Grants officers may impose additional requirements as needed, over and above those provided in this part, if an applicant or recipient:
(1) Has a history of poor performance;
(2) Is not financially stable;
(3) Has a management system that does not meet the standards prescribed in this part;
(4) Has not conformed to the terms and conditions of a previous award; or
(5) Is not otherwise responsible.
(b) Before imposing additional requirements, DoD Components shall notify the applicant or recipient in writing as to:
(1) The nature of the additional requirements;
(2) The reason why the additional requirements are being imposed;
(3) The nature of the corrective action needed;
(4) The time allowed for completing the corrective actions; and
(5) The method for requesting reconsideration of the additional requirements imposed.
(c) Any special conditions shall be promptly removed once the conditions that prompted them have been corrected.
(d) Grants officers:
(1) Should coordinate the imposition and removal of special award conditions with the cognizant grants administration office identified in 32 CFR 22.710.
(2) Shall include in the award file the written notification to the recipient, described in paragraph (b) of this section, and the documentation required by 32 CFR 22.410(b).

Subpart B—Post-award Requirements

FINANCIAL AND PROGRAM MANAGEMENT

§ 34.10 Purpose of financial and program management.

Sections 34.11 through 34.17 prescribe standards for financial management systems; methods for making payments; and rules for cost sharing and matching, program income, revisions to budgets and program plans, audits, allowable costs, and fee and profit.

§ 34.11 Standards for financial management systems.

(a) Recipients shall be allowed and encouraged to use existing financial management systems established for doing business in the commercial marketplace, to the extent that the systems comply with Generally Accepted Accounting Principles (GAAP) and the minimum standards in this section. As a minimum, a recipient’s financial management system shall provide:
(1) Effective control of all funds. Control systems must be adequate to ensure that costs charged to Federal funds and those counted as the recipient’s cost share or match are consistent with requirements for cost reasonableness, allowability, and allocability in the applicable cost principles (see §34.17) and in the terms and conditions of the award.
(2) Accurate, current and complete records that document for each project funded wholly or in part with Federal funds the source and application of the Federal funds and the recipient’s required cost share or match. These records shall:
   (i) Contain information about receipts, authorizations, assets, expenditures, program income, and interest.
   (ii) Be adequate to make comparisons of outlays with budgeted amounts for each award (as required for programmatic and financial reporting under §34.41. Where appropriate, financial information should be related to performance and unit cost data. Note that unit cost data are generally not appropriate for awards that support research.
   (3) To the extent that advance payments are authorized under §34.12, procedures that minimize the time elapsing between the transfer of funds to the recipient from the Government and the recipient’s disbursement of the funds for program purposes.
(4) The recipient shall have a system to support charges to Federal awards for salaries and wages, whether treated as direct or indirect costs. Where employees work on multiple activities or cost objectives, a distribution of their salaries and wages will be supported by personnel activity reports which must:
   (i) Reflect an after the fact distribution of the actual activity of each employee.
   (ii) Account for the total activity for which each employee is compensated.
   (iii) Be prepared at least monthly, and coincide with one or more pay periods.
(b) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the DoD Component, at its discretion, may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.
(c) The DoD Component may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government’s interest.
Office of the Secretary of Defense § 34.12

(d) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 223, "Surety Companies Doing Business with the United States."

§ 34.12 Payment.

(a) Methods available. Payment methods for awards with for-profit organizations are:

(1) Reimbursement. Under this method, the recipient requests reimbursement for costs incurred during a time period. In cases where the recipient submits each request for payment to the grants officer, the DoD payment office reimburses the recipient by electronic funds transfer or check after approval of the request by the grants officer designated to do so.

(2) Advance payments. Under this method, a DoD Component makes a payment to a recipient based upon projections of the recipient’s cash needs. The payment generally is made upon the recipient’s request, although predetermined payment schedules may be used when the timing of the recipient’s needs to disburse funds can be predicted in advance with sufficient accuracy to ensure compliance with paragraph (b)(2)(iii) of this section.

(b) Selecting a method. (1) The preferred payment method is the reimbursement method, as described in paragraph (a)(1) of this section.

(2) Advance payments, as described in paragraph (a)(2) of this section, may be used in exceptional circumstances, subject to the following conditions:

(i) The grants officer, in consultation with the program official, must judge that advance payments are necessary or will materially contribute to the probability of success of the project contemplated under the award (e.g., as startup funds for a project performed by a newly formed company). The rationale for the judgment shall be documented in the award file.

(ii) Cash advances shall be limited to the minimum amounts needed to carry out the program.

(iii) Recipients and the DoD Component shall maintain procedures to ensure that the timing of cash advances is as close as administratively feasible to the recipients’ disbursements of the funds for program purposes, including direct program or project costs and the proportionate share of any allowable indirect costs.

(iv) Recipients shall maintain advance payments of Federal funds in interest-bearing accounts, and remit annually the interest earned to the administrative grants officer responsible for post-award administration (the grants officer shall forward the payment to the responsible payment office, for return to the Department of Treasury’s miscellaneous receipts account), unless one of the following applies:

(A) The recipient receives less than $120,000 in Federal awards per year.

(B) The best reasonably available interest bearing account would not be expected to earn interest in excess of $250 per year on Federal cash balances.

(C) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

(c) Frequency of payments. For either reimbursements or advance payments, recipients shall be authorized to submit requests for payment at least monthly.

(d) Forms for requesting payment. DoD Components may authorize recipients to use the SF–270,1 “Request for Advance or Reimbursement;” the SF–271,2 “Outlay Report and Request for Reimbursement for Construction Programs;” or prescribe other forms or formats as necessary.

2See footnote 1 to this paragraph (d).
§ 34.13 Cost sharing or matching.

(a) Acceptable contributions. All contributions, including cash contributions, in-kind contributions, and third-party in-kind contributions, shall be accepted as part of the recipient’s cost sharing or matching when such contributions meet all of the following criteria:

(1) They are verifiable from the recipient’s records.

(2) They are not included as contributions for any other federally-assisted project or program.

(3) They are necessary and reasonable for proper and efficient accomplishment of project or program objectives.

(4) They are allowable under § 34.17.

(5) They are not paid by the Federal Government under another award, except:

(i) Costs that are authorized by Federal statute to be used for cost sharing or matching; or

(ii) Independent research and development (IR&D) costs. In accordance with the for-profit cost principle in 48 CFR 31.205–18(e), use of IR&D as cost sharing is permitted, whether or not the Government decides at a later date to reimburse any of the IR&D as allowable indirect costs. In such cases, the IR&D must meet all of the criteria in paragraphs (a) (1) through (4) and (a) (6) through (8) of this section.

(b) Valuing and documenting contributions—(1) Valuing recipient’s property or services of recipient’s employees. Values shall be established in accordance with the applicable cost principles in § 34.17, which means that amounts chargeable to the project are determined on the basis of costs incurred. For real property or equipment used on the project, the cost principles authorize depreciation or use charges. The full value of the item may be applied when the item will be consumed in the performance of the award or fully depreciated by the end of the award. In cases where the full value of a donated capital asset is to be applied as cost sharing or matching, that full value shall be the lesser of the following:

(i) The certified value of the remaining life of the property recorded in the recipient’s accounting records at the time of donation; or
Office of the Secretary of Defense § 34.14

(ii) The current fair market value. However, when there is sufficient justification, the grants officer may approve the use of the current fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project. The grants officer may accept the use of any reasonable basis for determining the fair market value of the property.

(2) Valuing services of others’ employees. When an employer other than the recipient furnishes the services of an employee, those services shall be valued at the employee’s regular rate of pay plus an amount of fringe benefits and overhead (at an overhead rate appropriate for the location where the services are performed) provided these services are in the same skill for which the employee is normally paid.

(3) Valuing volunteer services. Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services shall be consistent with those paid for similar work in the recipient’s organization. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(4) Valuing property donated by third parties. (i) Donated supplies may include such items as office supplies or laboratory supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(ii) Normally only depreciation or use charges for equipment and buildings may be applied. However, the fair rental charges for land and the full value of equipment or other capital assets may be allowed, when they will be consumed in the performance of the award or fully depreciated by the end of the award, provided that the grants officer has approved the charges. When use charges are applied, values shall be determined in accordance with the usual accounting policies of the recipient, with the following qualifications:

(A) The value of donated space shall not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.

(B) The value of loaned equipment shall not exceed its fair rental value.

(5) Documentation. The following requirements pertain to the recipient’s supporting records for in-kind contributions from third parties:

(i) Volunteer services shall be documented and, to the extent feasible, supported by the same methods used by the recipient for its own employees.

(ii) The basis for determining the valuation for personal services and property shall be documented.

§ 34.14 Program income.

(a) DoD Components shall apply the standards in this section to the disposition of program income from projects financed in whole or in part with Federal funds.

(b) Recipients shall have no obligation to the Government, unless the terms and conditions of the award provide otherwise, for program income earned:

(1) From license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under an award. Note, however, that the Patent and Trademark Amendments (35 U.S.C. Chapter 18), as implemented in §34.25, apply to inventions made under a research award.

(2) After the end of the project period. If a grants officer anticipates that an award is likely to generate program income after the end of the project period, the grants officer should indicate in the award document whether the recipient will have any obligation to the Federal Government with respect to such income.

(c) If authorized by the terms and conditions of the award, costs incident to the generation of program income may be deducted from gross income to determine program income, provided
§ 34.15 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved during the award process. It may include either the sum of the Federal and non-Federal shares, or only the Federal share, depending upon DoD Component requirements. It shall be related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with this section.

(c) Recipients shall immediately request, in writing, prior approval from the cognizant grants officer when there is reason to believe that within the next seven calendar days a programmatic or budgetary revision will be necessary for certain reasons, as follows:

(1) The recipient always must obtain the grants officer’s prior approval when a revision is necessary for either of the following two reasons (i.e., these two requirements for prior approval may never be waived):

(i) A change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(ii) A need for additional Federal funding.

(2) The recipient must obtain the grants officer’s prior approval when a revision is necessary for any of the following six reasons, unless the requirement for prior approval is waived in the terms and conditions of the award (i.e., if the award document is silent, these prior approvals are required):

(i) A change in a key person specified in the application or award document.

(ii) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(iii) The inclusion of any additional costs that require prior approval in accordance with applicable cost principles for Federal funds and recipients’ cost share or match, in §34.17 and §34.13, respectively.

(iv) The inclusion of pre-award costs. All such costs are incurred at the recipient’s risk (i.e., the DoD Component is under no obligation to reimburse such costs if for any reason the recipient does not receive an award, or if the award is less than anticipated and inadequate to cover such costs).

(v) A “no-cost” extension of the project period that does not require additional Federal funds and does not
Office of the Secretary of Defense

§ 34.16 Audits.

(a) Any recipient that expends $500,000 or more in a year under Federal awards shall have an audit made for that year by an independent auditor, in accordance with paragraph (b) of this section. The audit generally should be made a part of the regularly scheduled, annual audit of the recipient’s financial statements. However, it may be more economical in some cases to have the Federal awards separately audited, and a recipient may elect to do so, unless that option is precluded by award terms and conditions, or by Federal laws or regulations applicable to the program(s) under which the awards were made.

(b) The auditor shall determine and report on whether:

(1) The recipient has an internal control structure that provides reasonable assurance that it is managing Federal awards in compliance with Federal laws and regulations, and with the terms and conditions of the awards.

(2) Based on a sampling of Federal award expenditures, the recipient has complied with laws, regulations, and award terms that may have a direct and material effect on Federal awards.

(c) The recipient shall make the auditor’s report available to DoD Components whose awards are affected.

(d) The requirement for an annual independent audit is intended to ascertain the adequacy of the recipient’s internal financial management systems and to curtail the unnecessary duplication and overlap that usually results when Federal agencies request audits of individual awards on a routine basis. Therefore, a grants officer:

(1) Shall consider whether the independent audit satisfies his or her requirements, before requesting any additional audits; and

(2) When requesting an additional audit, shall:

(i) Limit the scope of such additional audit to areas not adequately addressed by the independent audit.

(ii) Coordinate the audit request with the Federal agency with the predominant fiscal interest in the recipient, as the agency responsible for the scheduling and distribution of audits. If DoD has the predominant fiscal interest in the recipient, the Defense Contract Management Command (DCMC) is responsible for monitoring audits, ensuring resolution of audit findings, and

§ 34.16 Audits.

(a) Any recipient that expends $500,000 or more in a year under Federal awards shall have an audit made for that year by an independent auditor, in accordance with paragraph (b) of this section. The audit generally should be made a part of the regularly scheduled, annual audit of the recipient’s financial statements. However, it may be more economical in some cases to have the Federal awards separately audited, and a recipient may elect to do so, unless that option is precluded by award terms and conditions, or by Federal laws or regulations applicable to the program(s) under which the awards were made.

(b) The auditor shall determine and report on whether:

(1) The recipient has an internal control structure that provides reasonable assurance that it is managing Federal awards in compliance with Federal laws and regulations, and with the terms and conditions of the awards.

(2) Based on a sampling of Federal award expenditures, the recipient has complied with laws, regulations, and award terms that may have a direct and material effect on Federal awards.

(c) The recipient shall make the auditor’s report available to DoD Components whose awards are affected.

(d) The requirement for an annual independent audit is intended to ascertain the adequacy of the recipient’s internal financial management systems and to curtail the unnecessary duplication and overlap that usually results when Federal agencies request audits of individual awards on a routine basis. Therefore, a grants officer:

(1) Shall consider whether the independent audit satisfies his or her requirements, before requesting any additional audits; and

(2) When requesting an additional audit, shall:

(i) Limit the scope of such additional audit to areas not adequately addressed by the independent audit.

(ii) Coordinate the audit request with the Federal agency with the predominant fiscal interest in the recipient, as the agency responsible for the scheduling and distribution of audits. If DoD has the predominant fiscal interest in the recipient, the Defense Contract Management Command (DCMC) is responsible for monitoring audits, ensuring resolution of audit findings, and
§ 34.17 Allowable costs.

Allowability of costs shall be determined in accordance with the cost principles applicable to the type of entity incurring the costs, as follows:

(a) For-profit organizations. Allowability of costs incurred by for-profit organizations that are recipients of prime awards from DoD Components, and those that are subrecipients under prime awards to other organizations, is to be determined in accordance with:

(1) The for-profit cost principles in 48 CFR parts 31 and 231 (in the Federal Acquisition Regulation, or FAR, and the Defense Federal Acquisition Regulation Supplement, or DFARS, respectively).

(2) The supplemental information on allowability of audit costs, in §34.16(f).

(b) Other types of organizations. Allowability of costs incurred by other types of organizations that may be subrecipients under a prime award to a for-profit organization is determined as follows:

(1) Institutions of higher education. Allowability is determined in accordance with OMB Circular A-21, “Cost Principles for Educational Institutions.”

(2) Other nonprofit organizations. Allowability is determined in accordance with OMB Circular A-122, “Cost Principles for Non-Profit Organizations.” Note that Attachment C of the Circular identifies selected nonprofit organizations for whom cost allowability is determined in accordance with the FAR cost principles for for-profit organizations.

(3) Hospitals. Allowability is determined in accordance with the provisions of 45 CFR part 74, Appendix E, “Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals.”

(4) Governmental organizations. Allowability for State, local, or federally recognized Indian tribal governments is determined in accordance with OMB Circular A-87, “Cost Principles for State and Local Governments.”

§ 34.18 Fee and profit.

In accordance with 32 CFR 22.205(b), grants and cooperative agreements shall not:

(a) Provide for the payment of fee or profit to the recipient.

(b) Be used to carry out programs where fee or profit is necessary to achieving program objectives.

PROPERTY STANDARDS

§ 34.20 Purpose of property standards.

Sections 34.21 through 34.25 set forth uniform standards for management, use, and disposition of property. DoD Components shall encourage recipients to use existing property-management systems, to the extent that the systems meet these minimum requirements.

§ 34.21 Real property and equipment.

(a) Prior approval for acquisition with Federal funds. Recipients may purchase
Office of the Secretary of Defense § 34.21

real property or equipment in whole or in part with Federal funds under an award only with the prior approval of the grants officer.

(b) Title. Title to such real property or equipment shall vest in the recipient upon acquisition. Unless a statute specifically authorizes a DoD Component to vest title in the recipient without further obligation to the Government, and the DoD Component elects to do so, the title shall be a conditional title. Title shall vest in the recipient subject to the conditions that the recipient:

(1) Use the real property or equipment for the authorized purposes of the project until funding for the project ceases, or until the property is no longer needed for the purposes of the project.

(2) Not encumber the property without approval of the grants officer.

(3) Use and dispose of the property in accordance with paragraphs (d) and (e) of this section.

(c) Federal interest in real property or equipment offered as cost-share. A recipient may offer the full value of real property or equipment that is purchased with recipient’s funds or that is donated by a third party to meet a portion of any required cost sharing or matching, subject to the prior approval requirement in §34.13(a)(7). If a recipient does so, the Government has a financial interest in the property, a share of the property value attributable to the Federal participation in the project. The property therefore shall be considered as if it had been acquired with Federal funds, and shall be subject to the provisions of paragraphs (b)(1), (b)(2) and (b)(3) of this section, and to the provisions of §34.23.

(d) Use. If real property or equipment is acquired in whole or in part with Federal funds under an award, and the award provides that title vests conditionally in the recipient, the real property or equipment is subject to the following:

(1) During the time that the real property or equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs, if such other use will not interfere with the work on the project or program for which the real property or equipment was originally acquired. Use of the real property or equipment on other projects will be in the following order of priority:

(i) Activities sponsored by DoD Components’ grants, cooperative agreements, or other assistance awards;

(ii) Activities sponsored by other Federal agencies’ grants, cooperative agreements, or other assistance awards;

(iii) Activities under Federal procurement contracts, or activities not sponsored by any Federal agency. If so used, use charges shall be assessed to those activities. For real property or equipment, the use charges shall be at rates equivalent to those for which comparable real property or equipment may be leased. The use charges shall be treated as program income.

(2) After Federal funding for the project ceases, or when the real property or equipment is no longer needed for the purposes of the project, the recipient may use the real property or equipment for other projects, insofar as:

(i) There are Federally sponsored projects for which the real property or equipment may be used. If the only use for the real property or equipment is for projects that have no Federal sponsorship, the recipient shall proceed with disposition of the real property or equipment, in accordance with paragraph (e) of this section.

(ii) The recipient obtains written approval from the grants officer to do so. The grants officer shall ensure that there is a formal change of accountability for the real property or equipment to a currently funded, Federal award.

(iii) The recipient’s use of the real property or equipment for other projects is in the same order of priority as described in paragraph (d)(1) of this section.

(e) Disposition. (1) When an item of real property or equipment is no longer needed for Federally sponsored projects, the recipient shall proceed as follows:

(i) If the property that is no longer needed is equipment (rather than real property), the recipient may wish to replace it with an item that is needed
currently for the project. In that case, the recipient may use the original equipment as trade-in or sell it and use the proceeds to offset the costs of the replacement equipment, subject to the approval of the responsible agency (i.e., the DoD Component or the Federal agency to which the DoD Component delegated responsibility for administering the equipment).

(ii) The recipient may elect to retain title, without further obligation to the Federal Government, by compensating the Federal Government for that percentage of the current fair market value of the real property or equipment that is attributable to the Federal participation in the project.

(iii) If the recipient does not elect to retain title to real property or equipment (see paragraph (e)(1)(ii) of this section), or request approval to use equipment as trade-in or offset for replacement equipment (see paragraph (e)(1)(i) of this section), the recipient shall request disposition instructions from the responsible agency.

(2) If a recipient requests disposition instructions, in accordance with paragraph (e)(1)(iii) of this section, the responsible grants officer shall:

(i) For equipment (but not real property), consult with the Federal program manager and judge whether the age and nature of the equipment warrant a screening procedure, to determine whether the equipment is useful to a DoD Component or other Federal agency. If a screening procedure is warranted, the responsible agency shall determine whether the equipment can be used to meet a DoD Component’s requirement. If no DoD requirement is found, the responsible agency shall report the availability of the equipment to the General Services Administration, to determine whether a requirement for the equipment exists in other Federal agencies.

(ii) For either real property or equipment, issue instructions to the recipient for disposition of the property no later than 120 calendar days after the recipient’s request. The grants officer’s options for disposition are to direct the recipient to:

(A) Transfer title to the real property or equipment to the Federal Government or to an eligible third party provided that, in such cases, the recipient shall be entitled to compensation for its attributable percentage of the current fair market value of the real property or equipment, plus any reasonable shipping or interim storage costs incurred. If title is transferred to the Federal Government, it shall be subject thereafter to provisions for Federally owned property in §34.22.

(B) Sell the real property or equipment and pay the Federal Government for that percentage of the current fair market value of the property that is attributable to the Federal participation in the project (after deducting actual and reasonable selling and fix-up expenses, if any, from the sale proceeds). When the recipient is authorized or required to sell the real property or equipment, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

(3) If the responsible agency fails to issue disposition instructions within 120 calendar days of the recipient’s request, as described in paragraph (e)(2)(ii) of this section, the recipient shall dispose of the real property or equipment through the option described in paragraph (e)(2)(ii)(B) of this section.

§34.22 Federally owned property.

(a) Annual inventory. Recipients shall submit annually an inventory listing of all Federally owned property in their custody (property furnished by the Federal Government, rather than acquired by the recipient with Federal funds under the award), to the DoD Component or other Federal agency responsible for administering the property under the award.

(b) Use on other activities. (1) Use of federally owned property on other activities is permissible, if authorized by the DoD Component responsible for administering the award to which the property currently is charged.

(2) Use on other activities will be in the following order of priority:

(i) Activities sponsored by DoD Components’ grants, cooperative agreements, or other assistance awards;

(ii) Activities sponsored by other Federal agencies’ grants, cooperative
agreements, or other assistance awards;

(iii) Activities under Federal procurement contracts, or activities not sponsored by any Federal agency. If so used, use charges shall be assessed to those activities. For real property or equipment, the use charges shall be at rates equivalent to those for which comparable real property or equipment may be leased. The use charges shall be treated as program income.

(c) Disposition of property. Upon completion of the award, the recipient shall report the property to the responsible agency. The agency may:

(1) Use the property to meet another Federal Government need (e.g., by transferring accountability for the property to another Federal award to the same recipient, or by directing the recipient to transfer the property to a Federal agency that needs the property, or to another recipient with a currently funded award).

(2) Declare the property to be excess property and either:

(i) Report the property to the General Services Administration, in accordance with the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 483(b)(2)), as implemented by General Services Administration regulations at 41 CFR 101–47.202; or

(ii) Dispose of the property by alternative methods, if there is statutory authority to do so (e.g., DoD Components are authorized by 15 U.S.C. 3710(i), the Federal Technology Transfer Act, to donate research equipment to educational and nonprofit organizations for the conduct of technical and scientific education and research activities. Such donations shall be in accordance with the DoD implementation of E.O. 12999 (3 CFR, 1996 Comp., p. 180), “Educational Technology: Ensuring Opportunity for All Children in the Next Century,” as applicable.) Appropriate instructions shall be issued to the recipient by the responsible agency.

§ 34.23 Property management system.

The recipient’s property management system shall include the following, for property that is Federally owned, and for equipment that is acquired in whole or in part with Federal funds, or that is used as matching share:

(a) Property records shall be maintained, to include the following information:

(1) A description of the property.

(2) Manufacturer’s serial number, model number, Federal stock number, national stock number, or any other identification number.

(3) Source of the property, including the award number.

(4) Whether title vests in the recipient or the Federal Government.

(5) Acquisition date (or date received, if the property was furnished by the Federal Government) and cost.

(6) Information from which one can calculate the percentage of Federal participation in the cost of the property (not applicable to property furnished by the Federal Government).

(7) The location and condition of the property and the date the information was reported.

(8) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates the Federal Government for its share.

(b) Federally owned equipment shall be marked, to indicate Federal ownership.

(c) A physical inventory shall be taken and the results reconciled with the property records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the property.

(d) A control system shall be in effect to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft of property shall be investigated and fully documented; if the property was owned by the Federal Government, the recipient shall promptly notify the Federal agency responsible for administering the property.

(e) Adequate maintenance procedures shall be implemented to keep the property in good condition.
§ 34.24 Supplies.

(a) Title shall vest in the recipient upon acquisition for supplies acquired with Federal funds under an award.

(b) Upon termination or completion of the project or program, the recipient shall retain any unused supplies. If the inventory of unused supplies exceeds $5,000 in total aggregate value and the items are not needed for any other Federally sponsored project or program, the recipient shall retain the items for use on non-Federal sponsored activities or sell them, but shall, in either case, compensate the Federal Government for its share.

§ 34.25 Intellectual property developed or produced under awards.

(a) Patents. Grants and cooperative agreements with:

(1) Small business concerns shall comply with 35 U.S.C. Chapter 18, as implemented by 37 CFR part 401, which applies to inventions made under grants and cooperative agreements with small business concerns for research and development. 37 CFR 401.14 provides a standard clause that is required in such grants and cooperative agreements in most cases, 37 CFR 401.3 specifies when the clause shall be included, and 37 CFR 401.5 specifies how the clause may be modified and tailored.

(2) For-profit organizations other than small business concerns shall comply with 35 U.S.C. 210(c) and Executive Order 12591 (3 CFR, 1987 Comp., p. 220) (which codifies a Presidential Memorandum on Government Patent Policy, dated February 18, 1983).

(i) The Executive order states that, as a matter of policy, grants and cooperative agreements should grant to all for-profit organizations, regardless of size, title to patents made in whole or in part with Federal funds, in exchange for royalty-free use by or on behalf of the Government (i.e., it extends the applicability of 35 U.S.C. Chapter 18, to the extent permitted by law, to for-profit organizations other than small business concerns).

(ii) 35 U.S.C. 210(c) states that 35 U.S.C. Chapter 18 is not intended to limit agencies’ authority to agree to the disposition of rights in inventions in accordance with the Presidential memorandum codified by the Executive order. It also states that such grants and cooperative agreements shall provide for Government license rights required by 35 U.S.C. 202(c)(4) and march-in rights required by 35 U.S.C. 203.

(b) Copyright, data and software rights. Requirements concerning data and software rights are as follows:

(1) The recipient may copyright any work that is subject to copyright and was developed under an award. DoD Components reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.

(2) Unless waived by the DoD Component making the award, the Federal Government has the right to:

(i) Obtain, reproduce, publish or otherwise use for Federal Government purposes the data first produced under an award.

(ii) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

PROCUREMENT STANDARDS

§ 34.30 Purpose of procurement standards.

Section 34.31 sets forth requirements necessary to ensure:

(a) Compliance of recipients’ procurements that use Federal funds with applicable Federal statutes and executive orders.

(b) Proper stewardship of Federal funds used in recipients’ procurements.

§ 34.31 Requirements.

The following requirements pertain to recipients’ procurements funded in whole or in part with Federal funds or with recipients’ cost-share or match:

(a) Reasonable cost. Recipients procurement procedures shall make maximum practicable use of competition, or shall use other means that ensure reasonable cost for procured goods and services.

(b) Pre-award review of certain procurements. Prior to awarding a procurement contract under an award, a recipient may be required to provide the grants officer administering the award with pre-award documents (e.g., requests for
§ 34.42 Proposal, invitation for bids, or independent cost estimates. Recipients will only be required to provide such documents for the grants officer’s pre-award review in exceptional cases where the grants officer judges that there is a compelling need to do so. In such cases, the grants officer must include a provision in the award that states the requirement.

(c) Contract provisions. (1) Contracts in excess of the simplified acquisition threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(2) All contracts in excess of the simplified acquisition threshold shall contain suitable provisions for termination for default by the recipient or for termination due to circumstances beyond the control of the contractor.

(3) All negotiated contracts in excess of the simplified acquisition threshold shall include a provision permitting access of the Department of Defense, the Comptroller General of the United States, or any of their duly authorized representatives, to any books, documents, papers, and records of the contractor that are directly pertinent to a specific program, for the purpose of making audits, examinations, excerpts, and transcriptions.

(4) All contracts, including those for amounts less than the simplified acquisition threshold, awarded by recipients and their contractors shall contain the procurement provisions of Appendix A to this part, as applicable.

§ 34.40 Purpose of reports and records.

Sections 34.41 and 34.42 prescribe requirements for monitoring and reporting financial and program performance and for records retention.

§ 34.41 Monitoring and reporting program and financial performance.

Grants officers may use the provisions of 32 CFR 32.51 and 32.52 for awards to for-profit organizations, or may include equivalent technical and financial reporting requirements that ensure reasonable oversight of the expenditure of appropriated funds. As a minimum, equivalent requirements must include:

(a) Periodic reports (at least annually, and no more frequently than quarterly) addressing both program status and business status, as follows:

(1) The program portions of the reports must address progress toward achieving program performance goals, including current issues, problems, or developments.

(b) The business portions of the reports shall provide summarized details on the status of resources (federal funds and non-federal cost sharing or matching), including an accounting of expenditures for the period covered by the report. The report should compare the resource status with any payment and expenditure schedules or plans provided in the original award; explain any major deviations from those schedules; and discuss actions that will be taken to address the deviations.

(3) When grants officers previously authorized advance payments, pursuant to §34.12(a)(2), they should consult with the program official and consider whether program progress reported in the periodic report, in relation to reported expenditures, is sufficient to justify continued authorization of advance payments.

(b) Unless inappropriate, a final performance report that addresses all major accomplishments under the award.
(2) Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

(3) When records are transferred to or maintained by the DoD Component that made the award, the 3-year retention requirement is not applicable to the recipient.

(4) Indirect cost rate proposals, cost allocations plans, and related records, for which retention requirements are specified in §34.42(g).

copies of original records may be substituted for the original records if authorized by the grants officer.

d. The grants officer shall request that recipients transfer certain records to DoD Component custody when he or she determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, a grants officer may make arrangements for recipients to retain any records that are continuously needed for joint use.

e. DoD Components, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient’s personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

f. Unless required by statute, no DoD Component shall place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when the DoD Component can demonstrate that such records shall be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to the DoD Component making the award.

g. Indirect cost proposals, cost allocation plans, and other cost accounting documents (such as documents related to computer usage chargeback rates), along with their supporting records, shall be retained for a 3-year period, as follows:

1. If a recipient is required to submit an indirect-cost proposal, cost allocation plan, or other computation to the cognizant Federal agency, for purposes of negotiating an indirect cost rate or other rates, the 3-year retention period starts on the date of the submission. This retention requirement also applies to subrecipients submitting similar documents for negotiation to the recipient.

2. If the recipient or the subrecipient is not required to submit the documents or supporting records for negotiating an indirect cost rate or other rates, the 3-year retention period for the documents and records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(h) If the information described in this section is maintained on a computer, recipients shall retain the computer data on a reliable medium for the time periods prescribed. Recipients may transfer computer data in machine readable form from one reliable computer medium to another. Recipients’ computer data retention and transfer procedures shall maintain the integrity, reliability, and security of the original computer data. Recipients shall also maintain an audit trail describing the data transfer. For the record retention time periods prescribed in this section, recipients shall not destroy, discard, delete, or write over such computer data.

TERMnarion AND EnFOrcEmENt
§34.50 Purpose of termination and enforcement.

Sections 34.51 through 34.53 set forth uniform procedures for suspension, termination, enforcement, and disputes.

§34.51 Termination.

(a) Awards may be terminated in whole or in part only in accordance with one of the following:

1. By the grants officer, if a recipient materially fails to comply with the terms and conditions of an award.
(2) By the grants officer with the consent of the recipient, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.

(3) By the recipient upon sending to the grants officer written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. The recipient must provide such notice at least 30 calendar days prior to the effective date of the termination. However, if the grants officer determines in the case of partial termination that the reduced or modified portion of the award will not accomplish the purposes for which the award was made, he or she may terminate the award in its entirety.

(b) If costs are allowed under an award, the responsibilities of the recipient referred to in §34.61(b), including those for property management as applicable, shall be considered in the termination of the award, and provision shall be made for continuing responsibilities of the recipient after termination, as appropriate.

§34.53 Disputes and appeals.

Recipients have the right to appeal certain decisions by grants officers. In resolving such issues, DoD policy is to use Alternative Dispute Resolution (ADR) techniques, to the maximum practicable extent. See 32 CFR 22.815 for standards for DoD Components’ dispute resolution and formal, administrative appeal procedures.
§ 34.60 Purpose.
Sections 34.61 through 34.63 contain procedures for closeout and for subsequent disallowances and adjustments.

§ 34.61 Closeout procedures.
(a) The cognizant grants officer shall, at least six months prior to the expiration date of the award, contact the recipient to establish:
(1) All steps needed to close out the award, including submission of financial and performance reports, liquidation of obligations, and decisions on property disposition.
(2) A schedule for completing those steps.
(b) The following provisions shall apply to the closeout:
(1) The responsible grants officer and payment office shall expedite completion of steps needed to close out awards and make prompt, final payments to a recipient for allowable reimbursable costs under the award being closed out.
(2) The recipient shall promptly refund any unobligated balances of cash that the DoD Component has advanced or paid and that is not authorized to be retained by the recipient for use in other projects. For unreturned amounts that become delinquent debts, see 32 CFR 22.820.
(3) When authorized by the terms and conditions of the award, the grants officer shall make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.
(4) The recipient shall account for any real property and personal property acquired with Federal funds or received from the Federal Government in accordance with §§ 34.21 through 34.25.
(5) If a final audit is required and has not been performed prior to the closeout of an award, the DoD Component shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

§ 34.62 Subsequent adjustments and continuing responsibilities.
(a) The closeout of an award does not affect any of the following:
(1) The right of the Department of Defense to disallow costs and recover funds on the basis of a later audit or other review.
(2) The obligation of the recipient to return any funds due as a result of later refunds, corrections, or other transactions.
(3) Audit requirements in § 34.16.
(4) Property management requirements in §§ 34.21 through 34.25.
(5) Records retention as required in § 34.42.
(b) After closeout of an award, a relationship created under an award may be modified or ended in whole or in part with the consent of the grants officer and the recipient, provided the responsibilities of the recipient referred to in § 34.61(a), including those for property management as applicable, are considered and provisions made for continuing responsibilities of the recipient, as appropriate.

§ 34.63 Collection of amounts due.
Any funds paid to a recipient in excess of the amount to which the recipient is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government. Procedures for issuing the demand for payment and pursuing administrative offset and other remedies are described in 32 CFR 22.820.

APPENDIX A TO PART 34—CONTRACT PROVISIONS
All contracts awarded by a recipient, including those for amounts less than the simplified acquisition threshold, shall contain the following provisions as applicable:
repair awarded by recipients and subrecipients shall include a provision for compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 774) as supplemented by Department of Labor regulations (29 CFR part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States Government”); provides that each contractor or subcontract shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the responsible DoD Component.

3. Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333)—Where applicable, all contracts awarded by recipients in excess of $100,000 for construction and other purposes that involve the employment of mechanics or laborers shall include a provision for compliance with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333), as supplemented by Department of Labor regulations (29 CFR part 3). Under Section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

4. Rights to Inventions Made Under a Contract, Grant or Cooperative Agreement—Contracts, grants, or cooperative agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements.”

5. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended—Contracts and subawards of amounts in excess of $100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the responsible DoD Component and the Regional Office of the Environmental Protection Agency (EPA).

7. Debarment and Suspension (E.O.s 12549 and 12689)—A contract award with an amount expected to equal or exceed $25,000 and certain other contract awards (see 2 CFR part 1125, 220, which implements OMB guidance at 2 CFR 180.225) shall not be made to parties listed on the Governmentwide Excluded Parties List System, in accordance with the DoD adoption at 2 CFR part 1125 of the OMB guidance implementing E.O.s 12549 (3 CFR, 1986 Comp., p. 180) and 12689 (3 CFR, 1989 Comp., p. 256), “Debarment and Suspension.” The Excluded Parties List System accessible on the Internet at www.epls.gov contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than E.O. 12549.

PART 37—TECHNOLOGY INVESTMENT AGREEMENTS

Subpart A—General

Sec.
37.100 What does this part do?
37.105 Does this part cover all types of instruments that 10 U.S.C. 2371 authorizes?
37.110 What type of instruments are technology investment agreements (TIAs)?
37.115 For what purposes are TIAs used?
37.120 Can my organization award or administer TIAs?
37.125 May I award or administer TIAs if I am authorized to award or administer other assistance instruments?
37.130 Which other parts of the DoD Grant and Agreement Regulations apply to TIAs?
Pt. 37

Subpart B—Appropriate Use of Technology Investment Agreements

37.200 What are my responsibilities as an agreements officer for ensuring the appropriate use of TIAS?
37.205 What judgments must I make about the nature of the project?
37.210 To what types of recipients may I award a TIA?
37.215 What must I conclude about the recipient’s commitment and cost sharing?
37.220 How involved should the Government program official be in the project?
37.225 What judgment must I make about the benefits of using a TIA?
37.230 May I use a TIA if a participant is to receive fee or profit?

Subpart C—Expenditure-Based and Fixed-Support Technology Investment Agreements

37.300 What is the difference between an expenditure-based and fixed-support TIA?
37.305 When may I use a fixed-support TIA?
37.310 When would I use an expenditure-based TIA?
37.315 What are the advantages of using a fixed-support TIA?

Subpart D—Competition Phase

37.400 Must I use competitive procedures to award TIAS?
37.405 What must my announcement or solicitation include?
37.410 Should my announcement or solicitation state that TIAS may be awarded?
37.415 Should I address cost sharing in the announcement or solicitation?
37.420 Should I tell proposers that we will not disclose information that they submit?

Subpart E—Pre-Award Business Evaluation

37.500 What must my pre-award business evaluation address?
37.505 What resources are available to assist me during the pre-award business evaluation?

Recipient Qualification

37.510 What are my responsibilities for determining that a recipient is qualified?
37.515 Must I do anything additional to determine the qualification of a consortium?

Total Funding

37.520 What is my responsibility for determining that the total project funding is reasonable?

32 CFR Ch. 1 (7–1–15 Edition)

Cost Sharing

37.525 What is my responsibility for determining the value and reasonableness of the recipient’s cost sharing contribution?
37.530 What criteria do I use in deciding whether to accept a recipient’s cost sharing?
37.535 How do I value cost sharing related to real property or equipment?
37.540 May I accept fully depreciated real property or equipment as cost sharing?
37.545 May I accept costs of prior research as cost sharing?
37.550 May I accept intellectual property as cost sharing?
37.555 How do I value a recipient’s other contributions?

Fixed-Support or Expenditure-Based Approach

37.560 Must I be able to estimate project expenditures precisely in order to justify use of a fixed-support TIA?
37.565 May I use a hybrid instrument that provides fixed support for only a portion of a project?

Accounting, Payments, and Recovery of Funds

37.570 What must I do if a CAS-covered participant accounts differently for its own and the Federal Government shares of project costs?
37.575 What are my responsibilities for determining milestone payment amounts?
37.580 What is recovery of funds and when should I consider including it in my TIA?

Subpart F—Award Terms Affecting Participants’ Financial, Property, and Purchasing Systems

37.600 Which administrative matters are covered in this subpart?
37.605 What is the general policy on participants’ financial, property, and purchasing systems?
37.610 Must I tell participants what requirements they are to flow down for subrecipients’ systems?

Financial Matters

37.615 What standards do I include for financial systems of for-profit firms?
37.620 What financial management standards do I include for nonprofit participants?
37.625 What cost principles or standards do I require for for-profit participants?
37.630 Must I require a for-profit firm to use Federally approved indirect cost rates?
37.635 What cost principles do I require a nonprofit participant to use?
37.640 Must I include a provision for audits of for-profit participants?
37.645 Must I require periodic system audits, as well as award-specific audits, of for-profit participants?
37.650 Who must I identify as the auditor for a for-profit participant?
37.655 Must I specify the frequency of IPAs' periodic audits of for-profit participants?
37.660 What else must I specify concerning audits of for-profit participants by IPAs?
37.665 Must I require nonprofit participants to have periodic audits?
37.670 Must I require participants to flow down audit requirements to subrecipients?
37.675 Must I report when I enter into a TIA allowing a for-profit firm to use an IPA?
37.680 Must I require a participant to report when it enters into a subaward allowing a for-profit firm to use an IPA?

PROPERTY
37.685 May I allow for-profit firms to purchase real property and equipment with project funds?
37.690 How are nonprofit participants to manage real property and equipment?
37.695 What are the requirements for Federally owned property?
37.700 What are the requirements for supplies?

PURCHASING
37.705 What standards do I include for purchasing systems of for-profit firms?
37.710 What standards do I include for purchasing systems of nonprofit organizations?

Subpart G—Award Terms Related to Other Administrative Matters
37.800 Which administrative matters are covered in this subpart?

PAYMENTS
37.805 If I am awarding a TIA, what payment methods may I specify?
37.810 What should my TIA’s provisions specify for the method and frequency of recipients’ payment requests?
37.815 May the Government withhold payments?
37.820 Must I require a recipient to return interest on advance payments?

REVISION OF BUDGET AND PROGRAM PLANS
37.825 Must I require the recipient to obtain prior approval from the Government for changes in plans?
37.830 May I let a recipient charge preaward costs to the agreement?

PROGRAM INCOME
37.835 What requirements do I include for program income?

INTELLECTUAL PROPERTY
37.840 What general approach should I take in negotiating data and patent rights?
37.845 What data rights should I obtain?
37.850 Should I require recipients to mark data?
37.855 How should I handle protected data?
37.860 What rights should I obtain for inventions?
37.865 Should my patent provision include march-in rights?
37.870 Should I require recipients to mark documents related to inventions?
37.875 Should my TIA include a provision concerning foreign access to technology?

FINANCIAL AND PROGRAMMATIC REPORTING
37.880 What requirements must I include for periodic reports on program and business status?
37.885 May I require updated program plans?
37.890 Must I require a final performance report?
37.895 How is the final performance report to be sent to the Defense Technical Information Center?
37.900 May I tell a participant that information in financial and programmatic reports will not be publicly disclosed?
37.905 Must I make receipt of the final performance report a condition for final payment?

RECORDS RETENTION AND ACCESS REQUIREMENTS
37.910 How long must I require participants to keep records related to the TIA?
37.915 What requirement for access to a for-profit participant’s records do I include in a TIA?
37.920 What requirement for access to a nonprofit participant’s records do I include in a TIA?

TERMINATION AND ENFORCEMENT
37.925 What requirements do I include for termination and enforcement?

Subpart H—Executing the Award
37.1000 What are my responsibilities at the time of award?

THE AWARD DOCUMENT
37.1005 What are my general responsibilities concerning the award document?
37.1010 What substantive issues should my award document address?
37.1015 How do I decide who must sign the TIA if the recipient is an unincorporated consortium?

REPORTING INFORMATION ABOUT THE AWARD
37.1020 What must I document in my award file?
37.1025 Must I report information to the Defense Assistance Awards Data System?
37.1030 What information must I report to the Defense Technical Information Center?
37.1035 How do I know if my TIA uses the 10 U.S.C. 2371 authority and I must report additional data under §37.1030(b)?
37.1040 When and how do I report information required by §37.1035?

**DISTRIBUTING COPIES OF THE AWARD DOCUMENT**

37.1045 To whom must I send copies of the award document?

**Subpart I—Post-Award Administration**

37.1100 What are my responsibilities generally as an administrative agreements officer for a TIA?
37.1105 What additional duties do I have as the administrator of a TIA with advance payments or payable milestones?
37.1110 What other responsibilities related to payments do I have?
37.1115 What are my responsibilities related to participants’ single audits?
37.1120 When and how may I request an award-specific audit?

**Subpart J—Definitions of Terms Used in this Part**

37.1205 Advance.
37.1210 Advanced research.
37.1215 Agreements officer.
37.1220 Applied research.
37.1225 Articles of collaboration.
37.1230 Assistance.
37.1235 Award-specific audit.
37.1240 Basic research.
37.1245 Cash contributions.
37.1250 Commercial firm.
37.1255 Consortium.
37.1260 Cooperative agreement.
37.1265 Cost sharing.
37.1270 Data.
37.1275 DoD Component.
37.1280 Equipment.
37.1285 Expenditure-based award.
37.1290 Expenditures or outlays.
37.1295 Grant.
37.1300 In-kind contributions.
37.1305 Institution of higher education.
37.1310 Intellectual property.
37.1315 Nonprofit organization.
37.1320 Participant.
37.1325 Periodic audit.
37.1330 Procurement contract.
37.1335 Program income.
37.1340 Program official.
37.1345 Property.
37.1350 Real property.
37.1355 Recipient.
37.1360 Research.
37.1365 Supplies.
37.1370 Termination.
37.1375 Technology investment agreements.

**Subpart A—General**

§ 37.100 What does this part do?

This part establishes uniform policies and procedures for the DoD Components’ award and administration of technology investment agreements (TIAs).

§ 37.105 Does this part cover all types of instruments that 10 U.S.C. 2571 authorizes?

No, this part covers only TIAs, some of which use the authority of 10 U.S.C. 2371 (see appendix B to this part). This part does not cover assistance instruments other than TIAs that use the authority of 10 U.S.C. 2371. It also does not cover acquisition agreements for prototype projects that use 10 U.S.C. 2371 authority augmented by the authority in section 845 of Public Law 103–160, as amended.

§ 37.110 What type of instruments are technology investment agreements (TIAs)?

TIAs are assistance instruments used to stimulate or support research. As discussed in appendix B to this part, a TIA may be either a kind of cooperative agreement or a type of assistance transaction other than a grant or cooperative agreement.
§ 37.115 For what purposes are TIAs used?

The ultimate goal for using TIAs, like other assistance instruments used in defense research programs, is to foster the best technologies for future defense needs. TIAs differ from and complement other assistance instruments available to agreements officers, in that TIAs address the goal by fostering civil-military integration (see appendix A to this part). TIAs therefore are designed to:

(a) Reduce barriers to commercial firms’ participation in defense research, to give the Department of Defense (DoD) access to the broadest possible technology and industrial base.

(b) Promote new relationships among performers in both the defense and commercial sectors of that technology and industrial base.

(c) Stimulate performers to develop, use, and disseminate improved practices.

§ 37.120 Can my organization award or administer TIAs?

Your office may award or administer TIAs if it has a delegation of the authorities in 10 U.S.C. 2371, as well as 10 U.S.C. 2358. If your office is in a Military Department, it must have a delegation of the authority of the Secretary of that Military Department under those statutes. If your office is in a Defense Agency, it must have a delegation of the authority of the Secretary of Defense under 10 U.S.C. 2358 and 2371. Your office needs those authorities to be able to:

(a) Enter into cooperative agreements to stimulate or support research, using the authority of 10 U.S.C. 2358, as well as assistance transactions other than grants or cooperative agreements, using the authority of 10 U.S.C. 2371. The reason that both authorities are needed is that a TIA, depending upon its patent rights provision (see appendix B to this part), may be either a cooperative agreement or a type of assistance transaction other than a grant or cooperative agreement.

(b) Recover funds from a recipient and reuse the funds for program purposes, as authorized by 10 U.S.C. 2371 and described in §37.580.

(c) Exempt certain information received from proposers from disclosure under the Freedom of Information Act, as authorized by 10 U.S.C. 2371 and described in §37.420.

§ 37.125 May I award or administer TIAs if I am authorized to award or administer other assistance instruments?

(a) You must have specific authorization to award or administer TIAs. Being authorized to award or administer grants and cooperative agreements is not sufficient; a grants officer is an agreements officer only if the statement of appointment also authorizes the award or administration of TIAs.

(b) You receive that authorization in the same way that you receive authority to award other assistance instruments, as described in 32 CFR 21.425 and 21.435 through 21.445.

§ 37.130 Which other parts of the DoD Grant and Agreement Regulations apply to TIAs?

(a) TIAs are explicitly covered in this part and part 21 of the DoD Grant and Agreement Regulations (DoDGARs). Part 21 (32 CFR part 21) addresses deviation procedures and other general matters that relate to the DoDGARs, to DoD Components’ authorities and responsibilities for assistance instruments, and to requirements for reporting information about assistance awards.

(b) Two additional parts of the DoDGARs apply to TIAs, although they do not mention TIAs explicitly. They are:

(1) Part 1125 (2 CFR part 1125) on nonprocurement debarment and suspension, which applies because it covers nonprocurement instruments in general;

(2) Part 26 (32 CFR part 26), on drug-free workplace requirements, which applies because it covers financial assistance in general; and

(3) Part 28 (32 CFR part 28), on lobbying restrictions, which applies by law (31 U.S.C. 1352) to TIAs that are cooperative agreements and as a matter of DoD policy to all other TIAs.

(c) Portions of four other DoDGARs parts apply to TIAs only as cited by reference in this part. Those parts of
§ 37.200 What are my responsibilities as an agreements officer for ensuring the appropriate use of TIAs?

You must ensure that you use TIAs only in appropriate situations. To do so, you must conclude that the use of a TIA is justified based on:

(a) The nature of the project, as discussed in § 37.205;

(b) The type of recipient, addressed in § 37.210;

(c) The recipient’s commitment and cost sharing, as described in § 37.215;

(d) The degree of involvement of the Government program official, as discussed in § 37.220; and

(e) Your judgment that the use of a TIA could benefit defense research objectives in ways that likely would not happen if another type of assistance instrument were used. Your answers to the four questions in § 37.225 should be the basis for your judgment.

§ 37.205 What judgments must I make about the nature of the project?

You must:

(a) Conclude that the principal purpose of the project is stimulation or support of research (i.e., assistance), rather than acquiring goods or services for the benefit of the Government (i.e., acquisition);

(b) Decide that the basic, applied, or advanced research project is relevant to the policy objective of civil-military integration (see appendix A of this part); and

(c) Ensure that, to the maximum extent practicable, any TIA that uses the authority of 10 U.S.C. 2371 (see appendix B of this part) does not support research that duplicates other research being conducted under existing programs carried out by the Department of Defense. This is a statutory requirement of 10 U.S.C. 2371.

(d) When your TIA is a type of assistance transaction other than a grant or cooperative agreement, satisfy the condition in 10 U.S.C. 2371 to judge that the use of a standard grant or cooperative agreement for the research project is not feasible or appropriate. As discussed in appendix B to this part:

(1) This situation arises if your TIA includes a patent provision that is less restrictive than is possible under the Bayh-Dole statute (because the patent provision is what distinguishes a TIA that is a cooperative agreement from a TIA that is an assistance transaction other than a grant or cooperative agreement).

(2) You satisfy the requirement to judge that a standard cooperative agreement is not feasible or appropriate when you judge that execution of the research project warrants a less restrictive patent provision than is possible under Bayh-Dole.

§ 37.210 To what types of recipients may I award a TIA?

(a) As a matter of DoD policy, you may award a TIA only when one or more for-profit firms are to be involved either in the:

(1) Performance of the research project; or

(2) The commercial application of the research results. In that case, you must determine that the nonprofit performer has at least a tentative agreement with specific for-profit partners who plan on being involved when there are results to transition. You should review the agreement between the nonprofit and for-profit partners, because the for-profit partners’ involvement is the basis for using a TIA rather than another type of assistance instrument.

(b) Consistent with the goals of civil-military integration, TIAs are most appropriate when one or more commercial firms (as defined at § 37.1250) are to be involved in the project.

(c) You are encouraged to make awards to consortia (a consortium may include one or more for-profit firms, as well as State or local government agencies, institutions of higher education, or other nonprofit organizations). The reasons are that:

(1) When multiple performers are participating as a consortium, they are more equal partners in the research performance than usually is the case.
Office of the Secretary of Defense § 37.220

with a prime recipient and subawards. All of them therefore are more likely to be directly involved in developing and revising plans for the research effort, reviewing technical progress, and overseeing financial and other business matters. That feature makes consortia well suited to building new relationships among performers in the defense and commercial sectors of the technology and industrial base, a principal objective for the use of TIAs.

(2) In addition, interactions among the participants within a consortium potentially provide a self-governance mechanism. The potential for additional self-governance is particularly good when a consortium includes multiple for-profit participants that normally are competitors within an industry.

(d) TIAs also may be used for carrying out research performed by single firms or multiple performers in prime award-subaward relationships. In awarding TIAs in those cases, however, you should consider providing for greater involvement of the program official or a way to increase self-governance (e.g., a prime award with multiple subawards arranged so as to give the subrecipients more insight into and authority and responsibility for programmatic and business aspects of the overall project than they usually have).

§ 37.215 What must I conclude about the recipient’s commitment and cost sharing?

(a) You should judge that the recipient has a strong commitment to and self-interest in the success of the project. You should find evidence of that commitment and interest in the proposal, in the recipient’s management plan, or through other means. A recipient’s self-interest might be driven, for example, by a research project’s potential for fostering technology to be incorporated into products and processes for the commercial marketplace.

(b) You must seek cost sharing. The purpose of cost share is to ensure that the recipient incurs real risk that gives it a vested interest in the project’s success; the willingness to commit to meaningful cost sharing therefore is one good indicator of a recipient’s self-interest. The requirements are that:

(1) To the maximum extent practicable, the non-Federal parties carrying out a research project under a TIA are to provide at least half of the costs of the project. Obtaining this cost sharing, to the maximum extent practicable, is a statutory condition for any TIA under the authority of 10 U.S.C. 2371, and is a matter of DoD policy for all other TIAs.

(2) The parties must provide the cost sharing from non-Federal resources that are available to them unless there is specific authority to use other Federal resources for that purpose (see §37.330(f)).

(c) You may consider whether cost sharing is impracticable in a given case, unless there is a non-waivable, statutory requirement for cost sharing that applies to the particular program under which the award is to be made. Before deciding that cost sharing is impracticable, you should carefully consider whether there are other factors that demonstrate the recipient’s self-interest in the success of the current project.

§ 37.220 How involved should the Government program official be in the project?

(a) TIAs are used to carry out cooperative relationships between the Federal Government and the recipient, which requires a greater level of involvement of the Government program official in the execution of the research than the usual oversight of a research grant or procurement contract. For example, program officials will participate in recipients’ periodic reviews of research progress and will be substantially involved with the recipients in the resulting revisions of plans for future effort. That increased programmatic involvement before and during program execution with a TIA can reduce the need for some Federal financial requirements that are problematic for commercial firms.

(b) Some aspects of their involvement require program officials to have greater knowledge about and participation in business matters that traditionally would be your exclusive responsibility as the agreements officer. TIAs
therefore also require closer cooperation between program officials and you, as the one who decides business matters.

§ 37.225 What judgment must I make about the benefits of using a TIA?

Before deciding that a TIA is appropriate, you also must judge that using a TIA could benefit defense research objectives in ways that likely would not happen if another type of assistance instrument were used (e.g., a cooperative agreement subject to all of the requirements of 32 CFR part 34).

You, in conjunction with Government program officials, must consider the questions in paragraphs (a) through (d) of this section, to help identify the benefits that may justify using a TIA and reducing some of the usual requirements. In accordance with §37.1030, you will report your answers to these questions to help the DoD measure the Department-wide benefits of using TIAs and meet requirements to report to the Congress. Note that you must give full concise answers only to questions that relate to the benefits that you perceive for using the TIA, rather than another type of funding instrument, for the particular research project. A simple "no" or "not applicable" is a sufficient response for other questions. The questions are:

(a) Will the use of a TIA permit the involvement in the research of any commercial firms or business units of firms that would not otherwise participate in the project? If so:

(1) Why do these new relationships have the potential for helping the DoD get technology in the future that is better, more affordable, or more readily available?

(2) Are there provisions of the TIA or features of the TIA award process that enable these relationships to form? If so, you should be able to identify specifically what they are. If not, you should be able to explain specifically why you think that the relationships could not be created if an assistance instrument other than a TIA were used.

(c) Will the use of a TIA allow firms or business units of firms that traditionally accept Government awards to use new business practices in the execution of the research that will help us get better technology, help us get new technology more quickly or less expensively, or facilitate partnering with commercial firms? If so:

(1) What specific benefits will the DoD potentially get from the use of these new practices? You should be able to explain specifically why you foresee a potential for those benefits.

(2) Are there provisions of the TIA or features of the TIA award process that enable the use of the new practices? If so, you should be able to identify those provisions or features and explain why you think that the practices could not be used if the award were made using an assistance instrument other than a TIA.

(d) Are there any other benefits of the use of a TIA that could help the Department of Defense better meet its objectives in carrying out the research project? If so:

(1) Why do these new relationships have the potential for helping the DoD get technology in the future that is better, more affordable, or more readily available?

(2) Are there provisions of the TIA or features of the TIA award process that enable these relationships to form? If so, you should be able to identify specifically what they are. If not, you should be able to explain specifically why you think that the relationships could not be created if an assistance instrument other than a TIA were used.

§ 37.230 May I use a TIA if a participant is to receive fee or profit?

In accordance with 32 CFR 22.205(b), you may not use a TIA if any participant is to receive fee or profit. Note that this policy extends to all performers of the research project carried
out under the TIA, including any sub-
awards for substantive program per-
formance, but it does not preclude par-
ticipants’ or subrecipients’ payment of
reasonable fee or profit when making
purchases from suppliers of goods (e.g.,
supplies and equipment) or services
needed to carry out the research.

§ 37.300 What is the difference be-
tween an expenditure-based and
fixed-support TIA?

The fundamental difference between
an expenditure-based and fixed-support
TIA is that:

(a) For an expenditure-based TIA, the
amounts of interim payments or the
total amount ultimately paid to the re-
cipient are based on the amounts the
recipient expends on project costs. If a
recipient completes the project speci-
fied at the time of award before it ex-
pends all of the agreed-upon Federal
funding and recipient cost sharing, the
Federal Government may recover its
share of the unexpended balance of
funds or, by mutual agreement with
the recipient, amend the agreement to
expand the scope of the research
project. An expenditure-based TIA
therefore is analogous to a cost-type
procurement contract or grant.

(b) For a fixed-support TIA, the
amount of assistance established at the
time of award is not meant to be ad-
justed later if the research project is
carried out to completion. In that
sense, a fixed-support TIA is somewhat
analogous to a fixed-price procurement
contract (although “price,” a concept
appropriate to a procurement contract
for buying a good or service, is not ap-
propriate for a TIA or other assistance
instrument for stimulation or support
of a project).

§ 37.305 When may I use a fixed-sup-
port TIA?

You may use a fixed-support TIA if:

(a) The agreement is to support or
stimulate research with outcomes that
are well defined, observable, and
verifiable;

(b) You can reasonably estimate the
resources required to achieve those
outcomes well enough to ensure the de-
sired level of cost sharing (see example
in §37.560(b)); and

(c) Your TIA does not require a spe-
cific amount or percentage of recipient
cost sharing. In cases where the agree-
ment does require a specific amount or
percentage of cost sharing, a fixed-supp-
port TIA is not practicable because the
agreement has to specify cost prin-
ciples or standards for costs that may
be charged to the project; require the
recipient to track the costs of the
project; and provide access for audit to
allow verification of the recipient’s
compliance with the mandatory cost
sharing. You therefore must use an ex-
penditure-based TIA if you:

(1) Have a non-waivable requirement
(e.g., in statute) for a specific amount
or percentage of recipient cost sharing;
or

(2) Have otherwise elected to include
in the TIA a requirement for a specific
amount or percentage of cost sharing.

§ 37.310 When would I use an expendi-
ture-based TIA?

In general, you must use an expendi-
ture-based TIA under conditions other
than those described in §37.305. Rea-
sons for any exceptions to this general
rule must be documented in the award
file and must be consistent with the
policy in §37.230 that precludes pay-
ment of fee or profit to participants.

§ 37.315 What are the advantages of
using a fixed-support TIA?

In situations where the use of fixed-
support TIAs is permissible (see
§§37.305 and 37.310), their use may en-
courage some commercial firms’ par-
ticipation in the research. With a
fixed-support TIA, you can eliminate
or reduce some post-award require-
ments that sometimes are cited as dis-
incentives for those firms to partici-
pate. For example, a fixed-support TIA
need not:

(a) Specify minimum standards for
the recipient’s financial management
system.

(b) Specify cost principles or stand-
ards stating the types of costs the re-
cipient may charge to the project.
(c) Provide for financial audits by Federal auditors or independent public accountants of the recipient's books and records.

(d) Set minimum standards for the recipient's purchasing system.

(e) Require the recipient to prepare financial reports for submission to the Federal Government.

Subpart D—Competition Phase

§ 37.400 Must I use competitive procedures to award TIAs?

DoD policy is to award TIAs using merit-based, competitive procedures, as described in 32 CFR 22.315:

(a) In every case where required by statute; and

(b) To the maximum extent practicable in all other cases.

§ 37.405 What must my announcement or solicitation include?

Your announcement, to be considered as part of a competitive procedure, must include the basic information described in 32 CFR 22.315(a). Additional elements for you to consider in the case of a program that may use TIAs are described in §§37.410 through 37.420.

§ 37.410 Should my announcement or solicitation state that TIAs may be awarded?

Yes, once you consider the factors described in subpart B of this part and decide that TIAs are among the types of instruments that you may award pursuant to a solicitation, it is important for you to state that fact in the solicitation. You also should state that TIAs are more flexible than traditional Government funding instruments and that provisions are negotiable in areas such as audits and intellectual property rights that may cause concern for commercial firms. Doing so should increase the likelihood that commercial firms will be willing to submit proposals.

§ 37.415 Should I address cost sharing in the announcement or solicitation?

To help ensure a competitive process that is fair and equitable to all potential proposers, you should state clearly in the solicitation:

(a) That, to the maximum extent practicable, the non-Federal parties carrying out a research project under a TIA are to provide at least half of the costs of the project (see §37.215(b)).

(b) The types of cost sharing that are acceptable;

(c) How any in-kind contributions will be valued, in accordance with §§37.530 through 37.555; and

(d) Whether you will give any consideration to alternative approaches a proposer may offer to demonstrate its strong commitment to and self-interest in the project's success, in accordance with §37.215.

§ 37.420 Should I tell proposers that we will not disclose information that they submit?

Your solicitation should tell potential proposers that:

(a) For all TIAs, information described in paragraph (b) of this section is exempt from disclosure requirements of the Freedom of Information Act (FOIA)(codified at 5 U.S.C. 552) for a period of five years after the date on which the DoD Component receives the information from them.

(b) As provided in 10 U.S.C. 2371, disclosure is not required, and may not be compelled, under FOIA during that period if:

(1) A proposer submits the information in a competitive or noncompetitive process that could result in their receiving a cooperative agreement for basic, applied, or advanced research under the authority of 10 U.S.C. 2358 or any other type of transaction authorized by 10 U.S.C. 2371 (as explained in appendix B to this part, that includes all TIAs); and

(2) The type of information is among the following types that are exempt:

(i) Proposals, proposal abstracts, and supporting documents; and

(ii) Business plans and technical information submitted on a confidential basis.

(c) If proposers desire to protect business plans and technical information for five years from FOIA disclosure requirements, they must mark them with a legend identifying them as documents submitted on a confidential
basis. After the five-year period, information may be protected for longer periods if it meets any of the criteria in 5 U.S.C. 552(b) (as implemented by the DoD in subpart C of 32 CFR part 286) for exemption from FOIA disclosure requirements.

Subpart E—Pre-Award Business Evaluation

§ 37.500 What must my pre-award business evaluation address?

(a) You must determine the qualification of the recipient, as described in §§ 37.510 and 37.515.

(b) As the business expert working with the program official, you also must address the financial aspects of the proposed agreement. You must:

(1) Determine that the total amount of funding for the proposed effort is reasonable, as addressed in § 37.520.

(2) Assess the value and determine the reasonableness of the recipient’s proposed cost sharing contribution, as discussed in §§ 37.525 through 37.555.

(3) If you are contemplating the use of a fixed-support rather than expenditure-based TIA, ensure that its use is justified, as explained in §§ 37.560 and 37.565.

(4) Address issues of inconsistent cost accounting by traditional Government contractors, should they arise, as noted in § 37.570.

(5) Determine amounts for milestone payments, if you use them, as discussed in § 37.575.

§ 37.505 What resources are available to assist me during the pre-award business evaluation?

Administrative agreements officers of the Defense Contract Management Agency and the Office of Naval Research can share lessons learned from administering other TIAAs. Program officials can be a source of information when you are determining the reasonableness of proposed funding (e.g., on labor rates, as discussed in § 37.520) or establishing observable and verifiable technical milestones for payments (see § 37.575). Auditors at the Defense Contract Audit Agency can act in an advisory capacity to help you determine the reasonableness of proposed amounts, including values of in-kind contributions toward cost sharing.

Recipient Qualification

§ 37.510 What are my responsibilities for determining that a recipient is qualified?

Prior to award of a TIA, your responsibilities for determining that the recipient is qualified are the same as those of a grants officer who is awarding a grant or cooperative agreement. Those responsibilities are described in subpart D of 32 CFR part 22. When the recipient is a consortium that is not formally incorporated, you have the additional responsibility described in § 37.515.

§ 37.515 Must I do anything additional to determine the qualification of a consortium?

(a) When the prospective recipient of a TIA is a consortium that is not formally incorporated, your determination that the recipient meets the standard at 32 CFR 22.415(a) requires that you, in consultation with legal counsel, review the management plan in the consortium’s collaboration agreement. The purpose of your review is to ensure that the management plan is sound and that it adequately addresses the elements necessary for an effective working relationship among the consortium members. An effective working relationship is essential to increase the research project’s chances of success.

(b) The collaboration agreement, commonly referred to as the articles of collaboration, is the document that sets out the rights and responsibilities of each consortium member. It binds the individual consortium members together, whereas the TIA binds the Government and the consortium as a group (or the Government and a consortium member on behalf of the consortium, as explained in § 37.1015). The document should discuss, among other things, the consortium’s:

(1) Management structure.

(2) Method of making payments to consortium members.

(3) Means of ensuring and overseeing members’ efforts on the project.

(4) Provisions for members’ cost sharing contributions.
§ 37.520 What is my responsibility for determining that the total project funding is reasonable?

In cooperation with the program official, you must assess the reasonableness of the total estimated budget to perform the research that will be supported by the agreement. Additional guidance follows for:

(a) Labor. Much of the budget likely will involve direct labor and associated indirect costs, which may be represented together as a "loaded" labor rate. The program official is an essential advisor on reasonableness of the overall level of effort and its composition by labor category. You also may rely on your experience with other awards as the basis for determining reasonableness. If you have any unresolved questions, two of the ways that you might find helpful in establishing reasonableness are to:

(1) Consult the administrative agreements officers or auditors identified in § 37.505.

(2) Compare loaded labor rates of for-profit firms that do not have expenditure-based Federal procurement contracts or assistance awards with a standard or average for the particular industry. Note that the program official may have knowledge about customary levels of direct labor charges in the particular industry that is involved. You may be able to compare associated indirect charges with Government-approved indirect cost rates that exist for many nonprofit and for-profit organizations that have Federal procurement contracts or assistance awards (note the requirement in § 37.630 for a for-profit participant to use Federally approved provisional indirect cost rates, if it has them).

(b) Real property and equipment. In almost all cases, the project costs may include only depreciation or use charges for real property and equipment of for-profit participants, in accordance with § 37.685. Remember that the budget for an expenditure-based TIA may not include depreciation of a participant’s property as a direct cost of the project if that participant’s practice is to charge the depreciation of that type of property as an indirect cost, as many organizations do.

§ 37.525 What is my responsibility for determining the value and reasonableness of the recipient’s cost sharing contribution?

You must:

(a) Determine that the recipient’s cost sharing contributions meet the criteria for cost sharing and determine values for them, in accordance with §§ 37.530 through 37.555. In doing so, you must:

(1) Ensure that there are affirmative statements from any third parties identified as sources of cash contributions.

(2) Include in the award file an evaluation that documents how you determined the values of the recipient’s contributions to the funding of the project.

(b) Judge that the recipient’s cost sharing contribution, as a percentage of the total budget, is reasonable. To the maximum extent practicable, the recipient must provide at least half of the costs of the project, in accordance with § 37.215.

§ 37.530 What criteria do I use in deciding whether to accept a recipient’s cost sharing?

You may accept any cash or in-kind contributions that meet all of the following criteria:

(a) In your judgment, they represent meaningful cost sharing that demonstrates the recipient’s commitment to the success of the research project. Cash contributions clearly demonstrate commitment and they are strongly preferred over in-kind contributions.

(b) They are necessary and reasonable for accomplishment of the research project’s objectives.

(c) They are costs that may be charged to the project under §§ 37.625 and 37.635, as applicable to the participant making the contribution.

(d) They are verifiable from the recipient’s records.
(e) They are not included as cost sharing contributions for any other Federal award.

(f) They are not paid by the Federal Government under another award, except:

(1) Costs that are authorized by Federal statute to be used for cost sharing; or

(2) Independent research and development (R&D) costs, as described at 32 CFR 34.13(a)(5)(ii), that meet all of the criteria in paragraphs (a) through (e) of this section. R&D is acceptable as cost sharing, even though it may be reimbursed by the Government through other awards. It is standard business practice for all for-profit firms, including commercial firms, to recover their research and development (R&D) costs (which for Federal procurement contracts is recovered as R&D) through prices charged to their customers. Thus, the cost principles at 48 CFR part 31 allow a for-profit firm that has expenditure-based, Federal procurement contracts to recover through those procurement contracts the allocable portion of its R&D costs associated with a technology investment agreement.

§ 37.535 How do I value cost sharing related to real property or equipment?

You rarely should accept values for cost sharing contributions of real property or equipment that are in excess of depreciation or reasonable use charges, as discussed in §37.685 for for-profit participants. You may accept the full value of a donated capital asset if the real property or equipment is to be dedicated to the project and you expect that it will have a fair market value that is less than $5,000 at the project’s end. In those cases, you should value the donation at the lesser of:

(a) The value of the property as shown in the recipient’s accounting records (i.e., purchase price less accumulated depreciation); or

(b) The current fair market value.

You may accept the use of any reasonable basis for determining the fair market value of the property. If there is a justification to do so, you may accept the current fair market value even if it exceeds the value in the recipient’s records.

§ 37.540 May I accept fully depreciated real property or equipment as cost sharing?

You should limit the value of any contribution of a fully depreciated asset to a reasonable use charge. In determining what is reasonable, you must consider:

(a) The original cost of the asset;

(b) Its estimated remaining useful life at the time of your negotiations;

(c) The effect of any increased maintenance charges or decreased performance due to age; and

(d) The amount of depreciation that the participant previously charged to Federal awards.

§ 37.545 May I accept costs of prior research as cost sharing?

No, you may not count any participant’s costs of prior research as a cost sharing contribution. Only the additional resources that the recipient will provide to carry out the current project (which may include pre-award costs for the current project, as described in §37.830) are to be counted.

§ 37.550 May I accept intellectual property as cost sharing?

(a) In most instances, you should not count costs of patents and other intellectual property (e.g., copyrighted material, including software) as cost sharing, because:

(1) It is difficult to assign values to these intangible contributions;

(2) Their value usually is a manifestation of prior research costs, which are not allowed as cost share under §37.545; and

(3) Contributions of intellectual property rights generally do not represent the same cost of lost opportunity to a recipient as contributions of cash or tangible assets. The purpose of cost share is to ensure that the recipient incurs real risk that gives it a vested interest in the project’s success.

(b) You may include costs associated with intellectual property if the costs are based on sound estimates of market value of the contribution. For example, a for-profit firm may offer the use of commercially available software for
§ 37.555

which there is an established license fee for use of the product. The costs of the development of the software would not be a reasonable basis for valuing its use.

§ 37.555 How do I value a recipient’s other contributions?

For types of participant contributions other than those addressed in §§37.535 through 37.550, the general rule is that you are to value each contribution consistently with the cost principles or standards in §37.625 and §37.635 that apply to the participant making the contribution. When valuing services and property donated by parties other than the participants, you may use as guidance the provisions of 32 CFR 34.13(b)(2) through (5).

fixed-support or expenditure-based approach

§ 37.560 Must I be able to estimate project expenditures precisely in order to justify use of a fixed-support TIA?

(a) To use a fixed-support TIA, rather than an expenditure-based TIA, you must have confidence in your estimate of the expenditures required to achieve well-defined outcomes. Therefore, you must work carefully with program officials to select outcomes that, when the recipient achieves them, are reliable indicators of the amount of effort the recipient expended. However, your estimate of the required expenditures need not be a precise dollar amount, as illustrated by the example in paragraph (b) of this section, if:

(1) The recipient is contributing a substantial share of the costs of achieving the outcomes, which must meet the criteria in §37.305(a); and

(2) You are confident that the costs of achieving the outcomes will be at least a minimum amount that you can specify and the recipient is willing to accept the possibility that its cost sharing percentage ultimately will be higher if the costs exceed that minimum amount.

(b) To illustrate the approach, consider a project for which you are confident that the recipient will have to expend at least $800,000 to achieve the specified outcomes. You must determine, in conjunction with program officials, the minimum level of recipient cost sharing that you want to negotiate, based on the circumstances, to demonstrate the recipient’s commitment to the success of the project. For purposes of this illustration, let that minimum recipient cost sharing be 40% of the total project costs. In that case, the Federal share should be no more than 60% and you could set a fixed level of Federal support at $480,000 (60% of $800,000). With that fixed level of Federal support, the recipient would be responsible for the balance of the costs needed to complete the project.

(c) Note, however, that the level of recipient cost sharing you negotiate is to be based solely on the level needed to demonstrate the recipient’s commitment. You may not use a shortage of Federal Government funding for the program as a reason to try to persuade a recipient to accept a fixed-support TIA, rather than an expenditure-based instrument, or to accept responsibility for a greater share of the total project costs than it otherwise is willing to offer. If you lack sufficient funding to provide an appropriate Federal Government share for the entire project, you instead should rescope the effort covered by the agreement to match the available funding.

§ 37.565 May I use a hybrid instrument that provides fixed support for only a portion of a project?

Yes, for a research project that is to be carried out by a number of participants, you may award a TIA that provides for some participants to perform under fixed-support arrangements and others to perform under expenditure-based arrangements. This approach may be useful, for example, if a commercial firm that is a participant will not accept an agreement with all of the post-award requirements of an expenditure-based award. Before using a fixed-support arrangement for that firm’s portion of the project, you must judge that it meets the criteria in §37.305.
ACCOUNTING, PAYMENTS, AND RECOVERY OF FUNDS

§ 37.570 What must I do if a CAS-covered participant accounts differently for its own and the Federal Government shares of project costs?

(a) If a participant has Federal procurement contracts that are subject to the Cost Accounting Standards (CAS) in part 30 of the Federal Acquisition Regulation (FAR) and the associated FAR Appendix (48 CFR part 30 and 48 CFR 9903.201–1, respectively), you must alert the participant during the pre-award negotiations to the potential for a CAS violation, as well as the cognizant administrative contracting officer (ACO) for the participant’s procurement contracts, if you learn that the participant plans to account differently for its own share and the Federal Government’s share of project costs under the TIA. This may arise, for example, if a for-profit firm or other organization subject to the FAR cost principles in 48 CFR parts 31 and 231 proposes to charge:

(1) Its share of project costs as independent research and development (IR&D) costs to enable recovery of the costs through Federal Government procurement contracts, as allowed under the FAR cost principles; and

(2) The Federal Government’s share to the project, rather than as IR&D costs.

(b) The reason for alerting the participant and the ACO is that the inconsistent charging of the two shares could cause a noncompliance with Cost Accounting Standard (CAS) 402. Noncompliance with CAS 402 is a potential issue only for a participant that has CAS-covered Federal procurement contracts (note that CAS requirements do not apply to a for-profit participant’s TIAs).

(c) For for-profit participants with CAS-covered procurement contracts, the cognizant ACO in most cases will be an individual within the Defense Contract Management Agency (DCMA). You can identify a cognizant ACO at the DCMA by querying the contract administration team locator that matches contractors with their ACOs (currently on the World Wide Web at http://alerts.dcmdw.dcma.mil/support, a site that also can be accessed through the DCMA home page at http://www.dcma.mil).

§ 37.575 What are my responsibilities for determining milestone payment amounts?

(a) If you select the milestone payment method (see §37.805), you must assess the reasonableness of the estimated amount for reaching each milestone. This assessment enables you to set the amount of each milestone payment to approximate the Federal share of the anticipated resource needs for carrying out that phase of the research effort.

(b) The Federal share at each milestone need not be the same as the Federal share of the total project. For example, you might deliberately set payment amounts with a larger Federal share for early milestones if a project involves a start-up company with limited resources.

(c) For an expenditure-based TIA, if you have minimum percentages that you want the recipient’s cost sharing to be at the milestones, you should indicate those percentages in the agreement or in separate instructions to the post-award administrative agreements officer. That will help the administrative agreements officer decide when a project’s expenditures have fallen too far below the original projections, requiring adjustments of future milestone payment amounts (see §37.1105(c)).

(d) For fixed-support TIAs, the milestone payments should be associated with the well-defined, observable and verifiable technical outcomes (e.g., demonstrations, tests, or data analysis) that you establish for the project in accordance with §§37.305(a) and 37.560(a).

§ 37.580 What is recovery of funds and when should I consider including it in my TIA?

(a) Recovery of funds refers to the use of the authority in 10 U.S.C. 2371 to include a provision in certain types of agreements, including TIAs, that require a recipient to make payments to the Department of Defense or another Federal agency as a condition of the agreement. Recovery of funds is a good
tool in the right circumstances, at the discretion of the agreements officer and the awarding organization, but its purpose is not to augment program budgets. It may be used to recover funds provided to a recipient through a TIA or another Federal procurement or assistance instrument, and the recovery should not exceed the amounts provided. Recovery of funds is distinct from program income, as described in §37.835.

(b) In accordance with 10 U.S.C. 2371, as implemented by policy guidance from the Office of the Under Secretary of Defense (Comptroller), the payment amounts may be credited to an existing account of the Department of Defense and used for the same program purposes as other funds in that account.

(c) Before you use the authority to include a provision for recovery of funds, note that 10 U.S.C. 2371 requires you to judge that it would not be feasible or appropriate to use for the research project a standard grant or cooperative agreement (in this instance, a “standard cooperative agreement” means a cooperative agreement without a provision for recovery of funds). You satisfy that 10 U.S.C. 2371 requirement when you judge that execution of the research project warrants inclusion of a provision for recovery of funds.

§37.605 What is the general policy on participants’ financial, property, and purchasing systems?

The general policy for expenditure-based TIAs is to avoid requirements that would force participants to use different financial management, property management, and purchasing systems than they currently use for:

(a) Expenditure-based Federal procurement contracts and assistance awards in general, if they receive them; or

(b) Commercial business, if they have no expenditure-based Federal procurement contracts and assistance awards.

§37.610 Must I tell participants what requirements they are to flow down for subrecipients’ systems?

If it is an expenditure-based award, your TIA must require participants to flow down the same financial management, property management, and purchasing systems requirements to a subrecipient that would apply if the subrecipient were a participant. For example, a for-profit participant would flow down to a university subrecipient the requirements that apply to a university participant. Note that this policy applies to subawards for substantive performance of portions of the research project supported by the TIA, and not to participants’ purchases of goods or services needed to carry out the research.

Financial Matters

§37.615 What standards do I include for financial systems of for-profit firms?

(a) To avoid causing needless changes in participants’ financial management systems, your expenditure-based TIAs will make for-profit participants that currently perform under other expenditure-based Federal procurement contracts or assistance awards subject to the same standards for financial management systems that apply to those other awards. Therefore, if a for-profit participant has expenditure-based DoD assistance awards other than TIAs, your TIAs are to apply the standards in 32 CFR 34.11. You may grant an exception and allow a for-profit participant that has other expenditure-based Federal Government awards to use an alternative set of standards that meets the minimum criteria in paragraph (b) of this section, if there is a compelling programmatic or business reason to do so. For each case in which you grant an
exception, you must document the reason in the award file.

(b) For an expenditure-based TIA, you are to allow and encourage each for-profit participant that does not currently perform under expenditure-based Federal procurement contracts or assistance awards (other than TIAs) to use its existing financial management system as long as the system, as a minimum:

(1) Complies with Generally Accepted Accounting Principles.
(2) Effectively controls all project funds, including Federal funds and any required cost share. The system must have complete, accurate, and current records that document the sources of funds and the purposes for which they are disbursed. It also must have procedures for ensuring that project funds are used only for purposes permitted by the agreement (see §37.625).
(3) Includes, if advance payments are authorized under §37.805, procedures to minimize the time elapsing between the payment of funds by the Government and the firm’s disbursement of the funds for program purposes.

§37.620 What financial management standards do I include for nonprofit participants?

So as not to force system changes for any State, local government, institution of higher education, or other nonprofit organization, your expenditure-based TIA’s requirements for the financial management system of any nonprofit participant are the same as those that apply to the participant’s other Federal assistance awards. Specifically, the requirements are those in:

(a) 32 CFR 33.30 for State and local governments; and
(b) 32 CFR 32.21(b) for other nonprofit organizations, with the exception of Government-owned, contractor-operated (GOO) facilities and Federally Funded Research and Development Centers (FFRDCs) that are excepted from the definition of “recipient” in 32 CFR part 32. Although it should occur infrequently, if a nonprofit GOO or FFRDC is a participant, you must specify appropriate standards that conform as much as practicable with requirements in that participant’s other Federal awards.

§37.625 What cost principles or standards do I require for for-profit participants?

(a) So as not to require any firm to needlessly change its cost-accounting system, your expenditure-based TIAs are to apply the Government cost principles in 48 CFR parts 31 and 231 to for-profit participants that currently perform under expenditure-based Federal procurement contracts or assistance awards (other than TIAs) and therefore have existing systems for identifying allowable costs under those principles. If there are programmatic or business reasons to do otherwise, you may grant an exception from this requirement and use alternative standards as long as the alternative satisfies the conditions described in paragraph (b) of this section; if you do so, you must document the reasons in your award file.

(b) For other for-profit participants, you may establish alternative standards in the agreement as long as that alternative provides, as a minimum, that Federal funds and funds counted as recipients’ cost sharing will be used only for costs that:

(1) A reasonable and prudent person would incur in carrying out the research project contemplated by the agreement. Generally, elements of cost that appropriately are charged are those identified with research and development activities under the Generally Accepted Accounting Principles (see Statement of Financial Accounting Standards Number 2, “Accounting for Research and Development Costs,” October 19741). Moreover, costs must be allocated to DoD and other projects in accordance with the relative benefits the projects receive. Costs charged to DoD projects must be given consistent treatment with costs allocated to the

§ 37.630 Must I require a for-profit firm to use Federally approved indirect cost rates?

In accordance with the general policy in §37.605, you must require a for-profit participant that has Federally approved indirect cost rates for its Federal procurement contracts to use those rates to accumulate and report costs under an expenditure-based TIA. This includes both provisional and final rates that are approved up until the time that the TIA is closed out. You may grant an exception from this requirement if there are programmatic or business reasons to do otherwise (e.g., the participant offers you a lower rate). If you grant an exception, the participant must accumulate and report the costs using an accounting system and practices that it uses for other customers (e.g., its commercial customers). Also, you must document the reason for the exception in your award file.

§ 37.635 What cost principles do I require a nonprofit participant to use?

So as not to force financial system changes for any nonprofit participant, your expenditure-based TIA will provide that costs to be charged to the research project by any nonprofit participant must be determined to be allowable in accordance with:

(a) OMB Circular A–87, if the participant is a State or local governmental organization.

(b) OMB Circular A–21, if the participant is an institution of higher education.

(c) 45 CFR part 74, appendix E, if the participant is a hospital.

(d) OMB Circular A–122, if the participant is any other type of nonprofit organization (the cost principles in 48 CFR parts 31 and 231 are to be used by any nonprofit organization that is identified in Circular A–122 as being subject to those cost principles).

§ 37.640 Must I include a provision for audits of for-profit participants?

If your TIA is an expenditure-based award, you must include in it an audit provision that addresses, for each for-profit participant:

(a) Whether the for-profit participant must have periodic audits, in addition to any award-specific audits, as described in §37.645. Note that the DCAA or the Office of the Inspector General, DoD (OIG, DoD), can provide advice on the types and scope of audits that may be needed in various circumstances.

(b) Whether the DCAA or an independent public accountant (IPA) will perform required audits, as discussed in §37.650.

(c) How frequently any periodic audits are to be performed, addressed in §37.655.

(d) Other matters described in §37.660, such as audit coverage, allowability of audit costs, auditing standards, and remedies for noncompliance.

§ 37.645 Must I require periodic audits, as well as award-specific audits, of for-profit participants?

You need to consider requirements for both periodic audits and award-specific audits (as defined in §37.1235 and §37.1235, respectively). The way that your expenditure-based TIA addresses the two types of audits will vary, depending upon the type of for-profit participant.

(a) For for-profit participants that are audited by the DCAA or other Federal auditors, as described in §§37.650(b) and 37.655, you need not add specific requirements for periodic audits because the Federal audits should be sufficient to address whatever may be needed.

2Electronic copies may be obtained at Internet site http://www.whitehouse.gov/OMB. For paper copies, contact the Office of Management and Budget, EOP Publications, 725 17th St. NW., New Executive Office Building, Washington, DC 20503.

3See footnote 2 to §37.635(a).
Your inclusion in the TIA of the standard access-to-records provision for those for-profit participants, as discussed in §37.915(a), gives the necessary access in the event that you or administrative agreements officers later need to request audits to address award-specific issues that arise.

(b) For each other for-profit participant, you:

(1) Should require that the participant have an independent auditor (i.e., the DCAA or an independent public accountant) conduct periodic audits of its systems if it expends $500,000 or more per year in TIAs and other Federal assistance awards. A prime reason for including this requirement is that the Federal Government, for an expenditure-based award, necessarily relies on amounts reported by the participant’s systems when it sets payment amounts or adjusts performance outcomes. The periodic audit provides some assurance that the reported amounts are reliable.

(2) Must ensure that the award provides an independent auditor the access needed for award-specific audits, to be performed at the request of the cognizant administrative agreements officer if issues arise that require audit support. However, consistent with the government-wide policies on single audits that apply to nonprofit participants (see §37.665), you should rely on periodic audits to the maximum extent possible to resolve any award-specific issues.

§ 37.655 Must I specify the frequency of IPAs’ periodic audits of for-profit participants?

If your expenditure-based TIA provides for periodic audits of a for-profit participant by an IPA, you must specify the frequency for those audits. You should consider having an audit performed during the first year of the award, when the participant has its IPA do its next financial statement audit, unless the participant already
§ 37.660

had a systems audit due to other Federal awards within the past two years. The frequency thereafter may vary depending upon the dollars the participant is expending annually under the award, but it is not unreasonable to require an updated audit every two to three years to reverify that the participant’s systems are reliable (the audit then would cover the two or three-year period between audits). The DCAA is a source of advice on audit frequencies if your TIA provides for audits by IPAs.

§ 37.660  What else must I specify concerning audits of for-profit participants by IPAs?

If your expenditure-based TIA provides for audits of a for-profit participant by an IPA, you also must specify:

(a) What periodic audits are to cover. It is important that you specify audit coverage that is only as broad as needed to provide reasonable assurance of the participant’s compliance with award terms that have a direct and material effect on the research project. Appendix C to this part provides guidance to for-profit participants and their IPAs that you may use for this purpose. The DCAA and the OIG, DoD, also can provide advice to help you set appropriate limits on audit objectives and scope.

(b) Who will pay for periodic and award-specific audits. The allocable portion of the costs of any audits by IPAs may be reimbursable under the TIA. The costs may be direct charges or allocated indirect costs, consistent with the participant’s accounting system and practices.

(c) The auditing standards that the IPA will use. Unless you receive prior approval from the OIG, DoD, to do otherwise, you must provide that the IPA will perform the audits in accordance with the Generally Accepted Government Auditing Standards.

(d) The available remedies for noncompliance. The agreement must provide that the participant may not charge costs to the award for any audit that the agreements officer, with the advice of the OIG, DoD, determines was not performed in accordance with the Generally Accepted Government Auditing Standards or other terms of the agreement. It also must provide that the Government has the right to require the participant to have the IPA take corrective action and, if corrective action is not taken, that the agreements officer has recourse to any of the remedies for noncompliance identified in 32 CFR 34.52(a).

(e) The remedy if it later is found that the participant, at the time it entered into the TIA, was performing on a procurement contract or other Federal award subject to the Cost Accounting Standards at 48 CFR part 30 and the cost principles at 48 CFR part 31. Unless the OIG, DoD, approves an exception (see §37.650(c)), the TIA’s terms must provide that the DCAA will perform the audits for the agreement if it later is found that the participant, at the time the TIA was awarded, was performing under awards described in §37.650(b) that gave the DCAA audit access to the participant’s books and records.

(f) Where the IPA is to send audit reports. The agreement must provide that the IPA is to submit audit reports to the administrative agreements officer and the OIG, DoD. It also must require that the IPA report instances of fraud directly to the OIG, DoD.

(g) The retention period for the IPA’s working papers. You must specify that the IPA is to retain working papers for a period of at least three years after the final payment, unless the working papers relate to an audit whose findings are not fully resolved within that period or to an unresolved claim or dispute (in which case, the IPA must keep the working papers until the matter is resolved and final action taken).

(h) Who will have access to the IPA’s working papers. The agreement must provide for Government access to working papers.

§ 37.665  Must I require nonprofit participants to have periodic audits?

Yes, expenditure-based TIAs are assistance instruments subject to the Single Audit Act (31 U.S.C. 7501–7507), so nonprofit participants are subject to

4The electronic document may be accessed at www.gao.gov. Printed copies may be purchased from the U.S. Government Printing Office; for ordering information, call (202) 512-1800 or access the Internet site at www.gpo.gov.
Office of the Secretary of Defense

§ 37.685 May I allow for-profit firms to purchase real property and equipment with project funds?

(a) With the two exceptions described in paragraph (b) of this section, you must require a for-profit firm to purchase real property or equipment with its own funds that are separate from the research project supported by the TIA, and not to participants’ purchases of goods or services needed to carry out the research.

(b) In two situations, you may grant exceptions and allow a for-profit firm to use project funds, which includes both the Federal Government and recipient shares, to purchase real property or equipment (i.e., to charge to the project the full acquisition cost of the property). The two circumstances, which should be infrequent for equipment and extremely rare for real property, are those in which you either:

(1) Judge that the real property or equipment will be dedicated to the project and have a current fair market value that is less than $5,000 by the time the project ends; or

5 See footnote 2 to §37.635(a).
§ 37.690 How are nonprofit participants to manage real property and equipment?

For nonprofit participants, your TIA’s requirements for vesting of title, use, management, and disposition of real property or equipment acquired under the award are the same as those that apply to the participant’s other Federal assistance awards. Specifically, the requirements are those in:

(a) 32 CFR 33.31 and 33.32, for participants that are States and local governmental organizations.

(b) 32 CFR 32.32 and 32.33, for other nonprofit participants, with the exception of nonprofit GOCOs and FFRDCs that are exempted from the definition of “recipient” in 32 CFR part 32. Although it should occur infrequently, if a nonprofit GOCO or FFRDC is a participant, you must specify appropriate standards that conform as much as practicable with requirements in that participant’s other Federal awards. Note also that:

(1) If the TIA is a cooperative agreement (see appendix B to this part), 31 U.S.C. 6306 provides authority to vest title to tangible personal property in a nonprofit institution of higher education or in a nonprofit organization whose primary purpose is conducting scientific research, without further obligation to the Federal Government; and

(2) Your TIA therefore must specify any conditions on the vesting of title to real property or equipment acquired by any such nonprofit participant, or the title will vest in the participant without further obligation to the Federal Government, as specified in 32 CFR 32.33(b)(3).

§ 37.695 What are the requirements for Federally owned property?

If you provide Federally owned property to any participant for the performance of research under a TIA, you must require that participant to account for, use, and dispose of the property in accordance with:

(a) 32 CFR 34.22, if the participant is a for-profit firm.

(b) 32 CFR 33.32(f), if the participant is a State or local governmental organization. Note that 32 CFR 33.32(f) requires you to provide additional information to the participant on the procedures for managing the property.

(c) 32 CFR 32.33(a) and 32.34(f), if the participant is a nonprofit organization other than a GOCO or FFRDC (requirements for nonprofit GOCOs and FFRDCs should conform with the property standards that apply to their Federal procurement contracts).

§ 37.700 What are the requirements for supplies?

Your expenditure-based TIA’s provisions should permit participants to use their existing procedures to account for and manage supplies. A fixed-support TIA should not include requirements to account for or manage supplies.

§ 37.705 What standards do I include for purchasing systems of for-profit firms?

(a) If your TIA is an expenditure-based award, it should require for-profit participants that currently perform under DoD assistance instruments subject to the purchasing standards in 32 CFR 34.31 to use the same requirements for TIAs, unless there are programmatic or business reasons to do otherwise (in which case you must document the reasons in the award file).
Office of the Secretary of Defense § 37.810

(b) You should allow other for-profit participants under expenditure-based TIAs to use their existing purchasing systems, as long as they flow down the applicable requirements in Federal statutes, Executive orders or Governmentwide regulations (see appendix E to this part for a list of those requirements).

(c) If your TIA is a fixed-support award, you need only require for-profit participants to flow down the requirements listed in appendix F to this part.

§ 37.710 What standards do I include for purchasing systems of nonprofit organizations?

(a) So as not to force system changes for any nonprofit participant, your expenditure-based TIA will provide that each nonprofit participant’s purchasing system comply with:

(1) 32 CFR 33.36, if the participant is a State or local governmental organization.

(2) 32 CFR 32.40 through 32.49 if the participant is a nonprofit organization other than a GOCO or FFRDC that is excepted from the definition of “recipient” in 32 CFR part 32. Although it should occur infrequently, if a nonprofit GOCO or FFRDC is a participant, you must specify appropriate standards that conform as much as practicable with requirements in that participant’s other Federal awards.

(b) If your TIA is a fixed-support award, you need only require nonprofit participants to flow down the requirements listed in appendix F to this part.

Subpart G—Award Terms Related to Other Administrative Matters

§ 37.800 Which administrative matters are covered in this subpart?

This subpart addresses “non-systemic” administrative matters that do not impose organization-wide requirements on a participant’s financial management, property management, or purchasing system. Because an organization does not have to redesign its systems to accommodate award-to-award variations in these requirements, a TIA that you award may differ from other TIAs in the non-systemic requirements that it specifies for a given participant, based on the circumstances of the particular research project. To eliminate needless administrative complexity, you should handle some non-systemic requirements, such as the payment method, in a uniform way for the agreement as a whole.

Payments

§ 37.805 If I am awarding a TIA, what payment methods may I specify?

Your TIA may provide for:

(a) Reimbursement, as described in 32 CFR 34.12(a)(1), if it is an expenditure-based award.

(b) Advance payments, as described in 32 CFR 34.12(a)(2), subject to the conditions in 32 CFR 34.12(b)(2)(i) through (iii).

(c) Payments based on payable milestones. These are payments made according to a schedule that is based on predetermined measures of technical progress or other payable milestones. This approach relies upon the fact that, as research progresses throughout the term of the agreement, observable activity will be taking place. The recipient is paid upon the accomplishment of the predetermined measure of progress. Fixed-support TIAs must use this payment method and each measure of progress appropriately would be one of the well-defined outcomes that you identify in the agreement (this does not preclude use of an initial advance payment, if there is no alternative to meeting immediate cash needs). There are cash management considerations when this payment method is used as a means of financing for an expenditure-based TIA (see §37.575 and §37.1105).

§ 37.810 What should my TIA’s provisions specify for the method and frequency of recipients’ payment requests?

The procedure and frequency for payment requests depend upon the payment method, as follows:

(a) For either reimbursements or advance payments, your TIA must allow recipients to submit requests for payment at least monthly. You may authorize the recipients to use the forms or formats described in 32 CFR 34.12(d).
§ 37.815 May the Government withhold payments?

Your TIA must provide that the administrative agreements office may withhold payments in the circumstances described in 32 CFR 34.12(g), but not otherwise.

§ 37.820 Must I require a recipient to return interest on advance payments?

If your expenditure-based TIA provides for either advance payments or payable milestones, the agreement must require the recipient to:

(a) Maintain in an interest-bearing account any advance payments or milestone payment amounts received in advance of needs to disburse the funds for program purposes unless:

(1) The recipient receives less than $120,000 in Federal grants, cooperative agreements, and TIAs per year;

(2) The best reasonably available interest-bearing account would not be expected to earn interest in excess of $1,000 per year on the advance or milestone payments; or

(3) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources for the project.

(b) Remit annually the interest earned to the administrative agreements officer.

§ 37.825 Must I require the recipient to obtain prior approval from the Government for changes in plans?

If it is an expenditure-based award, your agreement must require the recipient to obtain the agreement administrator’s prior approval if there is to be a change in plans that results in a need for additional Federal funding (this is unnecessary for a fixed-support TIA because the recipient is responsible for additional costs of achieving the outcomes). Other than that, the program official’s substantial involvement in the project should ensure that the Government has advance notice of changes in plans.

§ 37.830 May I let a recipient charge pre-award costs to the agreement?

Pre-award costs, as long as they are otherwise allowable costs of the project, may be charged to an expenditure-based TIA only with the specific approval of the agreements officer. All pre-award costs are incurred at the recipient’s risk (i.e., no DoD Component is obligated to reimburse the costs if for any reason the recipient does not receive an award or if the award is less than anticipated and inadequate to cover the costs).

PROGRAM INCOME

§ 37.835 What requirements do I include for program income?

Your TIA should apply the standards of 32 CFR 34.14 for program income that may be generated. Note the need to specify whether the recipient is to have any obligation to the Federal Government with respect to program income generated after the end of the project period (the period, as established in the award document, during which Federal support is provided). Doing so is especially important if the TIA includes a provision for the recipient to return any amounts to the Federal Government (see §37.580).

INTELLECTUAL PROPERTY

§ 37.840 What general approach should I take in negotiating data and patent rights?

(a) You should confer with program officials and legal counsel to develop an overall strategy for intellectual property that takes into account inventions and data that may result from the project and future needs the Government may have for rights in them. The strategy should take into account any intellectual property the Government is furnishing and any pre-existing proprietary information that the recipient is furnishing, as well as data
and inventions that may be generated under the award (recognizing that new data and inventions may be less valuable without pre-existing information). All pre-existing intellectual property, both the Government’s and the recipient’s, should be marked to give notice of its status.

(b) Because TIAs entail substantial cost sharing by recipients, you must use discretion in negotiating Government rights to data and patentable inventions resulting from research under the agreements. The considerations in §§37.845 through 37.875 are intended to serve as guidelines, within which you necessarily have considerable latitude to negotiate provisions appropriate to a wide variety of circumstances that may arise. Your goal should be a good balance between DoD interests described in §37.840(b).

(1) Gaining access to the best technologies for defense needs, including technologies available in the commercial marketplace, and promoting commercialization of technologies resulting from the research. Either of these interests may be impeded if you negotiate excessive rights for the Government. One objective of TIAs is to help incorporate defense requirements into the development of what ultimately will be commercially available technologies, an objective that is best served by reducing barriers to commercial firms’ participation in the research. In that way, the commercial technology and industrial base can be a source of readily available, reliable, and affordable components, subsystems, computer software, and other technological products and manufacturing processes for military systems.

(2) Providing adequate protection of the Government’s investment, which may be weakened if the Government’s rights are inadequate. You should consider whether the Government may require access to data or inventions for Governmental purposes, such as a need to develop defense-unique products or processes that the commercial marketplace likely will not address.

§ 37.845 What data rights should I obtain?

(a) You should seek to obtain what you, with the advice of legal counsel, judge is needed to ensure future Government use of technology that emerges from the research, as long as doing so is consistent with the balance between DoD interests described in §37.840(b). You should consider data in which you wish to obtain license rights and data that you may wish to be delivered; since TIAs are assistance instruments rather than acquisition instruments, however, it is not expected that data would be delivered in most cases. What generally is needed is an irrevocable, world-wide license for the Government to use, modify, reproduce, release, or disclose for Governmental purposes the data that are generated under TIAs (including any data, such as computer software, in which a recipient may obtain a copyright). A Governmental purpose is any activity in which the United States Government participates, but a license for Governmental purposes does not include the right to use, or have or permit others to use, modify, reproduce, release, or disclose data for commercial purposes.

(b) You may negotiate licenses of different scope than described in paragraph (a) of this section when necessary to accomplish program objectives or to protect the Government’s interests. Consult with legal counsel before negotiating a license of different scope.

(c) In negotiating data rights, you should consider the rights in background data that are necessary to fully utilize technology that is expected to result from the TIA, in the event the recipient does not commercialize the technology or chooses to protect any invention as a trade secret rather than by a patent. If a recipient intends to protect any invention as a trade secret, you should consult with your intellectual property counsel before deciding what information related to the invention the award should require the recipient to report.

§ 37.850 Should I require recipients to mark data?

To protect the recipient’s interests in data, your TIA should require the recipient to mark any particular data that it wishes to protect from disclosure with a legend identifying the data.
§ 37.855 How should I handle protected data?

Prior to releasing or disclosing data marked with a restrictive legend (as described in §37.850) to third parties, you should require those parties to agree in writing that they will:

(a) Use the data only for governmental purposes; and

(b) Not release or disclose the data without the permission of the licensor (i.e., the recipient).

§ 37.860 What rights should I obtain for inventions?

(a) You should negotiate rights in inventions that represent a good balance between the Government’s interests (see §37.840(b)) and the recipient’s interests. As explained in appendix B to this part:

(1) You have the flexibility to negotiate patent rights provisions that vary from what the Bayh-Dole statute (Chapter 18 of Title 35, U.S.C.) requires in many situations. You have that flexibility because TIAs include not only cooperative agreements, but also assistance transactions other than grants or cooperative agreements.

(2) Your TIA becomes an assistance instrument other than a grant or cooperative agreement if its patent rights provision varies from what Bayh-Dole requires in your situation. However, you need not consider that difference in the type of transaction until the agreement is finalized, and it should not affect the provision you negotiate.

(b) As long as it is consistent with the balance between DoD interests described in §37.840(b) and the recipient’s interests, you should seek to obtain for the Government, when an invention is conceived or first actually reduced to practice under a TIA, a nonexclusive, nontransferrable, irrevocable, paid-up license to practice the invention, or to have it practiced, for or on behalf of the United States throughout the world. The license is for Governmental purposes, and does not include the right to practice the invention for commercial purposes.

(c) To provide for the license described in paragraph (b) of this section, your TIA generally would include the patent-rights clause that 37 CFR 401.14 specifies to implement the Bayh-Dole statute’s requirements. Note that:

(1) The clause is designed specifically for grants, contracts, and cooperative agreements awarded to small businesses and nonprofit organizations, the types of funding instruments and recipients to which the entire Bayh-Dole statute applies. As explained in appendix B to this part, only two Bayh-Dole requirements (in 35 U.S.C. sections 202(c)(4) and 203) apply to cooperative agreements with other performers, by virtue of an amendment to Bayh-Dole at 35 U.S.C. 210(c).

(2) You may use the same clause, suitably modified, in cooperative agreements with performers other than small businesses and nonprofit organizations. Doing so is consistent with a 1983 Presidential memorandum that calls for giving other performers rights in inventions from Federally supported research that are at least as great as the rights that Bayh-Dole gives to small businesses and nonprofit organizations (see appendix B to this part for details). That Presidential memorandum is incorporated by reference in Executive Order 12591 (52 FR 13414, 3 CFR, 1987 Comp., p. 220), as amended by Executive Order 12618 (52 FR 48661, 3 CFR, 1987 Comp., p. 262).

(3) The clause provides for flow-down of Bayh-Dole patent-rights provisions to subawards with small businesses and nonprofit organizations.

(4) There are provisions in 37 CFR part 401 stating when you must include the clause (37 CFR 401.3) and, in cases when it is required, how you may modify and tailor it (37 CFR 401.5).

(d) You may negotiate Government rights of a different scope than the standard patent-rights provision described in paragraph (c) of this section when necessary to accomplish program objectives and foster the Government’s interests. If you do so:

(1) With the help of the program manager and legal counsel, you must decide what best represents a reasonable arrangement considering the circumstances, including past investments, contributions under the current TIA, and potential commercial markets. Taking past investments as an
example, you should consider whether the Government or the recipient has contributed more substantially to the prior research and development that provides the foundation for the planned effort. If the predominant past contributor to the particular technology has been:

(i) The Government, then the TIA’s patent-rights provision should be at or close to the standard Bayh-Dole provision.

(ii) The recipient, then a less restrictive patent provision may be appropriate, to allow the recipient to benefit more directly from its investments.

(2) You should keep in mind that obtaining a nonexclusive license at the time of award, as described in paragraph (h) of this section, is valuable if the Government later requires access to inventions to enable development of defense-unique products or processes that the commercial marketplace is not addressing. If you do not obtain a license at the time of award, you should consider alternative approaches to ensure access, such as negotiating a priced option for obtaining nonexclusive licenses in the future to inventions that are conceived or reduced to practice under the TIA.

(3) You also may consider whether you want to provide additional flexibility by giving the recipient more time than the standard patent-rights provision does to:

(i) Notify the Government of an invention, from the time the inventor discloses it within the for-profit firm.

(ii) Inform the Government whether it intends to take title to the invention.

(iii) Commercialize the invention, before the Government license rights in the invention become effective.

§ 37.875 Should my TIA include a provision concerning foreign access to technology?

(a) Consistent with the objective of enhancing the national security by increasing DoD reliance on the U.S. commercial technology and industrial bases, you must include a provision in the TIA that addresses foreign access to technology developed under the TIA.

(b) The provision must provide, as a minimum, that any transfer of the:

(1) Technology must be consistent with the U.S. export laws, regulations and policies (e.g., the International Traffic in Arms Regulation at chapter I, subchapter M, title 22 of the CFR (22 CFR parts 120 through 130), the DoD Industrial Security Regulation in DoD 5220.22-R, and the Department of Commerce Export Regulation at chapter VII, subchapter C, title 15 of the CFR (15 CFR parts 730 through 774), as applicable.

(2) Exclusive right to use or sell the technology in the United States must, unless the Government grants a waiver, require that products embodying the technology or produced through

*Electronic copies may be obtained at the Washington Headquarters Services Internet site http://www.dtic.mil/whs/directives. Paper copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.
the use of the technology will be manufactured substantially in the United States. The provision may further provide that:

(i) In individual cases, the Government may waive the requirement of substantial manufacture in the United States upon a showing by the recipient that reasonable but unsuccessful efforts have been made to transfer the technology under similar terms to those likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(ii) In those cases, the DoD Component may require a refund to the Government of some or all the funds paid under the TIA for the development of the transferred technology.

(c) You may, but are not required to, seek to negotiate a domestic manufacture condition for transfers of nonexclusive rights to use or sell the technology in the United States, to parallel the one described for exclusive licenses in paragraph (b)(2) of this section, if you judge that nonexclusive licenses for foreign manufacture could effectively preclude the establishment of domestic sources of the technology for defense purposes.

FINANCIAL AND PROGRAMMATIC REPORTING

§ 37.880 What requirements must I include for periodic reports on program and business status?

Your TIA must include either:

(a) The requirements in 32 CFR 32.51 and 32.52 for status reports on programmatic performance and, if it is an expenditure-based award, on financial performance; or

(b) Alternative requirements that, as a minimum, include periodic reports addressing program and, if it is an expenditure-based award, business status. You must require submission of the reports at least annually, and you may require submission as frequently as quarterly (this does not preclude a recipient from electing to submit more frequently than quarterly the financial information that is required to process payment requests if the award is an expenditure-based TIA that uses reimbursement or advance payments under §37.810(a)). The requirements for the content of the reports are as follows:

(1) The program portions of the reports must address progress toward achieving program performance goals, including current issues, problems, or developments.

(2) The business portions of the reports, applicable only to expenditure-based awards, must provide summarized details on the status of resources (federal funds and non-federal cost sharing), including an accounting of expenditures for the period covered by the report. The report should compare the resource status with any payment and expenditure schedules or plans provided in the original award; explain any major deviations from those schedules; and discuss actions that will be taken to address the deviations. You may require a recipient to separately identify in these reports the expenditures for each participant in a consortium and for each programmatic milestone or task, if you, after consulting with the program official, judge that those additional details are needed for good stewardship.

§ 37.885 May I require updated program plans?

In addition to reports on progress to date, your TIA may include a provision requiring the recipient to annually prepare updated technical plans for the future conduct of the research effort. If your TIA does include a requirement for annual program plans, you also must require the recipient to submit the annual program plans to the agreements officer responsible for administering the TIA.

§ 37.890 Must I require a final performance report?

You need not require a final performance report that addresses all major accomplishments under the TIA. If you do not do so, however, there must be an alternative that satisfies the requirement in DoD Instruction 3200.147 to document all DoD Science and Technology efforts and disseminate the results through the Defense Technical Information Center (DTIC). An example

7See footnote 6 to §37.875(b)(1).
of an alternative would be periodic reports throughout the performance of the research that collectively cover the entire project.

§ 37.895 How is the final performance report to be sent to the Defense Technical Information Center?

(a) Whether your TIA requires a final performance report or uses an alternative means under § 37.890,9 you may include an award term or condition or otherwise instruct the recipient to submit the documentation, electronically if available, either:

(1) Directly to the DTIC; or

(2) To the office that is administering the award (for subsequent transmission to the DTIC).

(b) If you specify that the recipient is to submit the report directly to the DTIC, you also:

(1) Must instruct the recipient to include a fully completed Standard Form 298, “Report Documentation Page,” with each document, so that the DTIC can recognize the document as being related to the particular award and properly record its receipt; and

(2) Should advise the recipient to provide a copy of the completed Standard Form 298 to the agreements officer responsible for administering the TIA.

§ 37.900 May I tell a participant that information in financial and programmatic reports will not be publicly disclosed?

You may tell a participant that:

(a) We may exempt from disclosure under the Freedom of Information Act (FOIA) a trade secret or commercial and financial information that a participant provides after the award, if the information is privileged or confidential information. The DoD Component that receives the FOIA request will review the information in accordance with DoD procedures at 32 CFR 286.23(h) (and any DoD Component supplementary procedures) to determine whether it is privileged or confidential information under the FOIA exemption at 5 U.S.C. 552(b)(4), as implemented by the DoD at 32 CFR 286.12(d).

(b) If the participant also provides information in the course of a competition prior to award, there is a statutory exemption for five years from FOIA disclosure requirements for certain types of information submitted at that time (see § 37.420).

§ 37.905 Must I make receipt of the final performance report a condition for final payment?

If a final report is required, your TIA should make receipt of the report a condition for final payment. If the payments are based on payable milestones, the submission and acceptance of the final report by the Government representative will be incorporated as an event that is a prerequisite for one of the payable milestones.

RECORDS RETENTION AND ACCESS REQUIREMENTS

§ 37.910 How long must I require participants to keep records related to the TIA?

Your TIA must require participants to keep records related to the TIA (for which the agreement provides Government access under § 37.915) for a period of three years after submission of the final financial status report for an expenditure-based TIA or final programmatic status report for a fixed-support TIA, with the following exceptions:

(a) The participant must keep records longer than three years after submission of the final financial status report if the records relate to an audit, claim, or dispute that begins but does not reach its conclusion within the 3-year period. In that case, the participant must keep the records until the matter is resolved and final action taken.

(b) Records for any real property or equipment acquired with project funds under the TIA must be kept for three years after final disposition.

§ 37.915 What requirement for access to a for-profit participant’s records do I include in a TIA?

(a) If a for-profit participant currently grants access to its records to the DCAA or other Federal Government auditors, your TIA must include...
for that participant the standard access-to-records requirements at 32 CFR 34.42(e). If the agreement is a fixed-support TIA, the language in 32 CFR 34.42(e) may be modified to provide access to records concerning the recipient’s technical performance, without requiring access to the recipient’s financial or other records. Note that any need to address access to technical records in this way is in addition to, not in lieu of, the need to address rights in data (see §37.845).

(b) For other for-profit participants that do not currently give the Federal Government direct access to their records and are not willing to grant full access to records pertinent to the award, there is no set requirement to include a provision in your TIA for Government access to records. If the audit provision of an expenditure-based TIA gives an IPA access to the recipient’s financial records for audit purposes, the Federal Government must have access to the IPA’s reports and working papers and you need not include a provision requiring direct Government access to recipient’s financial records. For both fixed-support and expenditure-based TIAs, you may wish to negotiate Government access to recipient records concerning technical performance. Should you negotiate a provision giving access only to specific Government officials (e.g., the agreements officer), rather than a provision giving Government access generally, it is important to let participants know that the OIG, DoD, has a statutory right of access to records and other materials to which other DoD Component officials have access.

§37.920 What requirement for access to a nonprofit participant’s records do I include in a TIA?

Your TIA must include for any nonprofit participant the standard access-to-records requirement at:

(a) 32 CFR 33.42(e), for a participant that is a State or local governmental organization.

(b) 32 CFR 32.53(e), for a participant that is a nonprofit organization. The same requirement applies to any nonprofit GOCO or FFRDC, even though nonprofit GOCOs and FFRDCs are exempted from the definition of “recipient” in 32 CFR part 32.

TERMINATION AND ENFORCEMENT

§37.925 What requirements do I include for termination and enforcement?

Your TIA must apply the standards of 32 CFR 34.51 for termination, 32 CFR 34.52 for enforcement, and your organization’s procedures implementing 32 CFR 22.815 for disputes and appeals.

Subpart H—Executing the Award

§37.1000 What are my responsibilities at the time of award?

At the time of the award, you must:

(a) Ensure that the award document contains the appropriate terms and conditions and is signed by the appropriate parties, in accordance with §§37.1005 through 37.1015.

(b) Document your analysis of the agreement in the award file, as discussed in §37.1020.

(c) Provide information about the award to offices responsible for reporting, as described in §§37.1025 through 37.1035.

(d) Distribute copies of the award document, as required by §37.1045.

THE AWARD DOCUMENT

§37.1005 What are my general responsibilities concerning the award document?

You are responsible for ensuring that the award document is complete and accurate. Your objective is to create a document that:

(a) Addresses all issues;

(b) States requirements directly. It is not helpful to readers to incorporate statutes or rules by reference, without sufficient explanation of the requirements. You generally should not incorporate clauses from the Federal Acquisition Regulation (48 CFR parts 1–53) or Defense Federal Acquisition Regulation Supplement (48 CFR parts 201–253), because those provisions are designed for procurement contracts that are used to acquire goods and services, rather than for TIAs or other assistance instruments.
Office of the Secretary of Defense

§ 37.1010 What substantive issues should my award document address?

You necessarily will design and negotiate a TIA individually to meet the specific requirements of the particular project, so the complete list of substantive issues that you will address in the award document may vary. Every award document must address:

(a) Project scope. The scope is an overall vision statement for the project, including a discussion of the project's purpose, objectives, and detailed military and commercial goals. It is a critical provision because it provides a context for resolving issues that may arise during post-award administration. In a fixed-support TIA, you also must clearly specify the well-defined outcomes that reliably indicate the amount of effort expended and serve as the basis for the level of the fixed support (see §§37.305 and 37.560(a)).

(b) Project management. You should describe the nature of the relationship between the Federal Government and the recipient; the relationship among the participants, if the recipient is an unincorporated consortium; and the overall technical and administrative management of the project. TIAs are used to carry out collaborative relationships between the Federal Government and the recipient. Consequently, there must be substantial involvement of the DoD program official (see §37.220) and usually the administrative agreements officer. The program official provides technical insight, which differs from the usual technical oversight of a project. The management provision also should discuss how you and the recipient will make any modifications to the TIA.

(c) Termination, enforcement, and disputes. Your TIA must provide for termination, enforcement remedies, and disputes and appeals procedures, in accordance with §37.925.

(d) Funding. You must:

(1) Show the total amount of the agreement and the total period of performance.

(2) If the TIA is an expenditure-based award, state the Government's and recipient's agreed-upon cost shares. The award document should identify values for any in-kind contributions, determined in accordance with §§37.530 through 37.555, to preclude later disagreements about them.

(3) Specify the amount of Federal funds obligated and the performance period for those obligated funds.

(4) State, if the agreement is to be incrementally funded, that the Government's obligation for additional funding is contingent upon the availability of funds and that no legal obligation on the part of the Government exists until additional funds are made available and the agreement is amended. You also must include a prior approval requirement for changes in plans requiring additional Government funding, in accordance with §37.825.

(e) Payment. You must choose the payment method and tell the recipient how, when, and where to submit payment requests, as discussed in §§37.805 through 37.815. Your payment method must take into account sound cash management practices by avoiding unwarranted cash advances. For an expenditure-based TIA, your payment provision must require the return of interest should excess cash balances occur, in accordance with §37.820. For any TIA using the milestone payment method described in §37.805(c), you must include language notifying the recipient that post-award administrators may adjust amounts of future milestone payments if a project's expenditures fall too far below the projections that were the basis for setting the amounts (see §37.575(c) and §37.1105(c)).

(f) Records retention and access to records. You must include the records retention requirement at §37.910. You also must provide for access to for-profit and nonprofit participants' records, in accordance with §37.915 and §37.920.

(g) Patents and data rights. In designing the patents and data rights provision, you must set forth the minimum required Federal Government rights in intellectual property generated under the award and address related matters, as provided in §§37.840 through 37.875. It
§ 37.1015 How do I decide who must sign the TIA if the recipient is an unincorporated consortium?

(a) If the recipient is a consortium that is not formally incorporated and the consortium members prefer to have the agreement signed by all of them individually, you may execute the agreement in that manner.

(b) If they wish to designate one consortium member to sign the agreement on behalf of the consortium as a whole, you should not decide whether to execute the agreement in that way until you review the consortium’s articles of collaboration with legal counsel.

(1) The purposes of the review are to:

   (i) Determine whether the articles properly authorize one participant to sign on behalf of the other participants and are binding on all consortium members with respect to the research project; and

   (ii) Assess the risk that otherwise could exist when entering into an agreement signed by a single member on behalf of a consortium that is not a legal entity. For example, you should assess whether the articles of collaboration adequately address consortium members’ future liabilities related to the research project (i.e., whether they will have joint and severable liability).

(2) After the review, in consultation with legal counsel, you should determine whether it is better to have all of the consortium members sign the agreement individually or to allow them to designate one member to sign on all members’ behalf.

is important to define all essential terms in the patent rights provision.

(h) Foreign access to technology. You must include a provision, in accordance with §37.875, concerning foreign access and domestic manufacture of products using technology generated under the award.

(i) Title to, management of, and disposition of tangible property. Your property provisions for for-profit and nonprofit participants must be in accordance with §§37.685 through 37.700.

(j) Financial management systems. For an expenditure-based award, you must specify the minimum standards for financial management systems of both for-profit and nonprofit participants, in accordance with §§37.615 and 37.620.

(k) Allowable costs. If the TIA is an expenditure-based award, you must specify the standards that both for-profit and nonprofit participants are to use to determine which costs may be charged to the project, in accordance with §§37.625 through 37.635, as well as §37.830.

(l) Audits. If your TIA is an expenditure-based award, you must include an audit provision for both for-profit and nonprofit participants and subrecipients, in accordance with §§37.640 through 37.670 and §37.680.

(m) Purchasing system standards. You should include a provision specifying the standards in §§37.705 and 37.710 for purchasing systems of for-profit and nonprofit participants, respectively.

(n) Program income. You should specify requirements for program income, in accordance with §37.833.

(o) Financial and programmatic reporting. You must specify the reports that the recipient is required to submit and tell the recipient when and where to submit them, in accordance with §§37.880 through 37.905.

(p) Assurances for applicable national policy requirements. You must incorporate assurances of compliance with applicable requirements in Federal statutes, Executive orders, or regulations (except for national policies that require certifications). Appendix D to this part contains a list of commonly applicable requirements that you need to augment with any specific requirements that apply in your particular circumstances (e.g., general provisions in the appropriations act for the specific funds that you are obligating).
§ 37.1020 What must I document in my award file?

You should include in your award file an agreements analysis in which you:

(a) Briefly describe the program and detail the specific military and commercial benefits that should result from the project supported by the TIA. If the recipient is a consortium that is not formally incorporated, you should attach a copy of the signed articles of collaboration.

(b) Describe the process that led to the award of the TIA, including how you and program officials solicited and evaluated proposals and selected the one supported through the TIA.

(c) Explain how you decided that a TIA was the most appropriate instrument, in accordance with the factors in Subpart B of this part. Your explanation must include your answers to the relevant questions in §37.225(a) through (d).

(d) Explain how you valued the recipient's cost sharing contributions, in accordance with §§37.530 through 37.555. For a fixed-support TIA, you must document the analysis you did (see §37.560) to set the fixed level of Federal support; the documentation must explain how you determined the recipient's minimum cost share and show how you estimated the expenditures required to achieve the project outcomes.

(e) Document the results of your negotiation, addressing all significant issues in the TIA's provisions. For example, this includes specific explanations if you:

(1) Specify requirements for a participant's systems that vary from the standard requirements in §§37.615(a), 37.625(a), 37.630, or 37.705(a) in cases where those sections provide flexibility for you to do so.

(2) Provide that any audits are to be performed by an IPA, rather than the DCAA, where permitted under §37.650. Your documentation must include:

(i) The names and addresses of business units for which IPAs will be the auditors;

(ii) Estimated amounts of Federal funds expected under the award for those business units; and

(iii) The basis (e.g., a written statement from the recipient) for your judging that the business units do not currently perform under types of awards described in §37.650(b)(1) and (2) and are not willing to grant the DCAA audit access.

(3) Include an intellectual property provision that varies from Bayh-Dole requirements.

(4) Determine that cost sharing is impracticable.

§ 37.1025 Must I report information to the Defense Assistance Awards Data System?

Yes, you must give the necessary information about the award to the office in your organization that is responsible for preparing DD Form 2566, "DoD Assistance Award Action Report," reports for the Defense Assistance Award Data System, to ensure timely and accurate reporting of data required by 31 U.S.C. 6101–6106 (see 32 CFR part 21, subpart E).

§ 37.1030 What information must I report to the Defense Technical Information Center?

(a) For any TIA, you must give your answers to the questions in §37.225(a) through (d) to the office in your DoD Component that is responsible for providing data on TIAs to the DTIC. Contact DTIC staff either by electronic mail at aqu@dtic.mil, by telephone at 1–800–225–3842, or at DTIC-OCA, 8725 John J. Kingman Rd., Suite 0944, Fort Belvoir, VA 22060–6218, if you are unsure about the responsible office in your DoD Component. The DTIC compiles the information to help the Department of Defense measure the Department-wide benefits of using TIAs and assess the instruments’ value in helping to meet the policy objectives described in §37.205(b) and appendix A to this part.

(b) If the TIA uses the authority of 10 U.S.C. 2371, as described in §37.1035, your information submission for the DTIC under paragraph (a) of this section must include the additional data required for the DoD's annual report to Congress.

(c) If, as permitted under §37.650, the TIA includes a provision allowing a for-
§ 37.1035 How do I know if my TIA uses the 10 U.S.C. 2371 authority and I must report additional data under § 37.1030(b)?

As explained in appendix B to this part, a TIA uses the authority of 10 U.S.C. 2371 and therefore must be included in the DoD’s annual report to Congress on the use of 10 U.S.C. 2371 authorities if it:

(a) Is an assistance transaction other than a grant or cooperative agreement, by virtue of its patent rights provision; or

(b) Includes a provision to recover funds from a recipient, as described at § 37.580.

§ 37.1040 When and how do I report information required by § 37.1035?

Information that you report, in accordance with § 37.1030, to the office that your DoD Component designates as the central point for reporting to the DTIC must be:

(a) Submitted by the dates that your central point establishes (which is consistent with the schedule DTIC specifies to DoD Components).

(b) In the format that your central point provides (which is consistent with the format that the DTIC specifies to DoD Components).
It also may involve attendance at the consortium management’s periodic meetings to review technical progress, financial status, and future program plans.

(c) Tracking and processing of reports required by the award terms and conditions, including periodic business status reports, programmatic progress reports, and patent reports.

(d) Handling payment requests and related matters. For a TIA using advance payments, that includes reviews of progress to verify that there is continued justification for advancing funds, as discussed in §37.1105(b). For a TIA using milestone payments, it includes making any needed adjustments in future milestone payment amounts, as discussed in §37.1105(c).

(e) Coordinating audit requests and reviewing audit reports for both single audits of participants’ systems and any award-specific audits that may be needed, as discussed in §§37.1115 and 37.1120.

(f) Responding, after coordination with program officials, to recipient requests for permission to sell or exclusively license intellectual property to entities that do not agree to manufacture substantially in the United States, as described in §37.875(b). Before you grant approval for any technology, you must secure assurance that the Government will be able to use the technology (e.g., a reasonable license for Government use, if the recipient is selling the technology) or seek reimbursement of the Government’s investments.

(g) Notifying the agreements officer who made the award if a participant informs you about a subaward allowing a for-profit subrecipient to have audits performed by an IPA, rather than the DCAA. You should alert the awarding official that he or she must report the information, as required by §37.1030(c).

§ 37.1105 What additional duties do I have as the administrator of a TIA with advance payments or payable milestones?

Your additional post-award responsibilities as an administrative agreements officer for an expenditure-based TIA with advance payments or payable milestones are to ensure good cash management. To do so, you must:

(a) For any expenditure-based TIA with advance payments or payable milestones, forward to the responsible payment office any interest that the recipient remits in accordance with §37.820(b). The payment office will return the amounts to the Department of the Treasury’s miscellaneous receipts account.

(b) For any expenditure-based TIA with advance payments, consult with the program official and consider whether program progress reported in periodic reports, in relation to reported expenditures, is sufficient to justify your continued authorization of advance payments under §37.805(b).

(c) For any expenditure-based TIA using milestone payments, work with the program official at the completion of each payable milestone or upon receipt of the next business status report to:

1. Compare the total amount of project expenditures, as recorded in the payable milestone report or business status report, with the projected budget for completing the milestone; and

2. Adjust future payable milestones, as needed, if expenditures lag substantially behind what was originally projected and you judge that the recipient is receiving Federal funds sooner than necessary for program purposes. Before making adjustments, you should consider how large a deviation is acceptable at the time of the milestone. For example, suppose that the first milestone payment for a TIA you are administering is $50,000, and that the awarding official set the amount based on a projection that the recipient would have to expend $100,000 to reach the milestone (i.e., the original plan was for the recipient’s share at that milestone to be 50% of project expenditures). If the milestone payment report shows $90,000 in expenditures, the recipient’s share at this point is 44% ($90,000 out of the total $200,000 expended, with the balance provided by the $50,000 milestone payment of Federal funds). For this example, you should adjust future milestones if you judge that a 6% difference in the recipient’s share at the first milestone is too large, but not otherwise. Remember
that milestone payment amounts are not meant to track expenditures precisely at each milestone and that a recipient's share will increase as it continues to perform research and expend funds, until it completes another milestone to trigger the next Federal payment.

§ 37.1110 What other responsibilities related to payments do I have?

If you are the administrative agreements officer, you have the responsibilities described in 32 CFR 22.810(c), regardless of the payment method. You also must ensure that you do not withhold payments, except in one of the circumstances described in 32 CFR 34.12(g).

§ 37.1115 What are my responsibilities related to participants’ single audits?

For audits of for-profit participant's systems, under §§37.640 through 37.660, you are the focal point within the Department of Defense for ensuring that participants submit audit reports and for resolving any findings in those reports. Nonprofit participants send their single audit reports to a Government-wide clearinghouse. For those participants, the Office of the Assistant Inspector General (Auditing) should receive any DoD-specific findings from the clearinghouse and refer them to you for resolution, if you are the appropriate official to do so.

§ 37.1120 When and how may I request an award-specific audit?

Guidance on when and how you should request additional audits for expenditure-based TIAs is identical to the guidance for grants officers in 32 CFR 34.16(d). If you require an award-specific examination or audit of a for-profit participant’s records related to a TIA, you must use the auditor specified in the award terms and conditions, which should be the same auditor who performs periodic audits of the participant. The DCAA and the OIG, DoD, are possible sources of advice on audit-related issues, such as appropriate audit objectives and scope.

Subpart J—Definitions of Terms Used in This Part

§ 37.1205 Advance.

A payment made to a recipient before the recipient disburses the funds for program purposes. Advance payments may be based upon recipients’ requests or predetermined payment schedules.

§ 37.1210 Advanced research.

Research that creates new technology or demonstrates the viability of applying existing technology to new products and processes in a general way. Advanced research is most closely analogous to precompetitive technology development in the commercial sector (i.e., early phases of research and development on which commercial competitors are willing to collaborate, because the work is not so coupled to specific products and processes that the results of the work must be proprietary). It does not include development of military systems and hardware where specific requirements have been defined. It is typically funded in Research, Development, Test and Evaluation programs within Budget Activity 3, Advanced Technology Development.

§ 37.1215 Agreements officer.

An official with the authority to enter into, administer, and/or terminate TIAs (see §37.125).

§ 37.1220 Applied research.

Efforts that attempt to determine and exploit the potential of scientific discoveries or improvements in technology such as new materials, devices, methods and processes. It typically is funded in Research, Development, Test and Evaluation programs within Budget Activity 2, Applied Research (also known informally as research category 6.2) programs. Applied research normally follows basic research but may not be fully distinguishable from the related basic research. The term does not include efforts whose principal aim is the design, development, or testing of specific products, systems or processes to be considered for sale or acquisition; these efforts are within the definition of “development.”
§ 37.1225 Articles of collaboration.  
An agreement among the participants in a consortium that is not formally incorporated as a legal entity, by which they establish their relative rights and responsibilities (see § 37.515).

§ 37.1230 Assistance.  
The transfer of a thing of value to a recipient to carry out a public purpose of support or stimulation authorized by a law of the United States (see 31 U.S.C. 6101(3)). Grants, cooperative agreements, and technology investment agreements are examples of legal instruments used to provide assistance.

§ 37.1235 Award-specific audit.  
An audit of a single TIA, usually done at the cognizant agreements officer’s request, to help resolve issues that arise during or after the performance of the research project. An award-specific audit of an individual award differs from a periodic audit of a participant (as defined in § 37.1325).

§ 37.1240 Basic research.  
Efforts directed toward increasing knowledge and understanding in science and engineering, rather than the practical application of that knowledge and understanding. It typically is funded within Research, Development, Test and Evaluation programs in Budget Activity 1, Basic Research (also known informally as research category 6.1).

§ 37.1245 Cash contributions.  
A recipient’s cash expenditures made as contributions toward cost sharing, including expenditures of money that third parties contributed to the recipient.

§ 37.1250 Commercial firm.  
A for-profit firm or segment of a for-profit firm (e.g., a division or other business unit) that does a substantial portion of its business in the commercial marketplace.

§ 37.1255 Consortium.  
A group of research-performing organizations that either is formally incorporated or that otherwise agrees to jointly carry out a research project (see definition of “articles of collaboration,” in § 37.1225).

§ 37.1260 Cooperative agreement.  
A legal instrument which, consistent with 31 U.S.C. 6305, is used to enter into the same kind of relationship as a grant (see definition of “grant,” in § 37.1295), except that substantial involvement is expected between the Department of Defense and the recipient when carrying out the activity contemplated by the cooperative agreement. The term does not include “cooperative research and development agreements” as defined in 15 U.S.C. 3710a.

§ 37.1265 Cost sharing.  
A portion of project costs that are borne by the recipient or non-Federal third parties on behalf of the recipient, rather than by the Federal Government.

§ 37.1270 Data.  
Recorded information, regardless of form or method of recording. The term includes technical data, which are data of a scientific or technical nature, and computer software. It does not include financial, cost, or other administrative information related to the administration of a TIA.

§ 37.1275 DoD Component.  
The Office of the Secretary of Defense, a Military Department, a Defense Agency, or a DoD Field Activity.

§ 37.1280 Equipment.  
Tangible property, other than real property, that has a useful life of more than one year and an acquisition cost of $5,000 or more per unit.

§ 37.1285 Expenditure-based award.  
A Federal Government contract or assistance award for which the amounts of interim payments or the total amount ultimately paid (i.e., the sum of interim payments and final payment) are subject to redetermination or adjustment, based on the amounts expended by the recipient in carrying out the purposes for which the award was made. Most Federal Government grants and cooperative agreements are expenditure-based awards.
§ 37.1290 Expenditures or outlays.
Charges made to the project or program. They may be reported either on a cash or accrual basis, as shown in the following table:

<table>
<thead>
<tr>
<th>If reports are prepared on a . . .</th>
<th>Expenditures are the sum of . . .</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) Cash basis</td>
<td>(1) Cash disbursements for direct charges for goods and services;</td>
</tr>
<tr>
<td></td>
<td>(2) The amount of indirect expense charged;</td>
</tr>
<tr>
<td></td>
<td>(3) The value of third party in-kind contributions applied; and</td>
</tr>
<tr>
<td></td>
<td>(4) The amount of cash advances and payments made to any other organizations for the performance of a part of the research effort.</td>
</tr>
<tr>
<td>(b) Accrual basis</td>
<td>(1) Cash disbursements for direct charges for goods and services;</td>
</tr>
<tr>
<td></td>
<td>(2) The amount of indirect expense incurred;</td>
</tr>
<tr>
<td></td>
<td>(3) The value of in-kind contributions applied; and</td>
</tr>
<tr>
<td></td>
<td>(4) The net increase (or decrease) in the amounts owed by the recipient for goods and other property received, for services performed by employees, contractors, and other payees and other amounts becoming owed under programs for which no current services or performance are required.</td>
</tr>
</tbody>
</table>

§ 37.1295 Grant.
A legal instrument which, consistent with 31 U.S.C. 6304, is used to enter into a relationship:
(a) The principal purpose of which is to transfer a thing of value to the recipient to carry out a public purpose of support or stimulation authorized by a law of the United States, rather than to acquire property or services for the Department of Defense's direct benefit or use.
(b) In which substantial involvement is not expected between the Department of Defense and the recipient when carrying out the activity contemplated by the grant.

§ 37.1300 In-kind contributions.
The value of non-cash contributions made by a recipient or non-Federal third parties toward cost sharing.

§ 37.1305 Institution of higher education.
An educational institution that:
(a) Meets the criteria in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001); and
(b) Is subject to the provisions of OMB Circular A-110, "Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” as implemented by the Department of Defense at 32 CFR part 32.

§ 37.1310 Intellectual property.
Inventions, data, works of authorship, and other intangible products of intellectual effort that can be owned by a person, whether or not they are patentable or may be copyrighted. The term also includes mask works, such as
§ 37.1315 Nonprofit organization.
(a) Any corporation, trust, association, cooperative or other organization that:
(1) Is operated primarily for scientific, educational, service, or similar purposes in the public interest.
(2) Is not organized primarily for profit; and
(3) Uses its net proceeds to maintain, improve, or expand the operations of the organization.
(b) The term includes any nonprofit institution of higher education or nonprofit hospital.

§ 37.1320 Participant.
A consortium member or, in the case of an agreement with a single for-profit entity, the recipient. Note that a for-profit participant may be a firm or a segment of a firm (e.g., a division or other business unit).

§ 37.1325 Periodic audit.
An audit of a participant, performed at an agreed-upon time (usually a regular time interval), to determine whether the participant as a whole is managing its Federal awards in compliance with the terms of those awards. Appendix C to this part describes what such an audit may cover. A periodic audit of a participant differs from an award-specific audit of an individual award (as defined in §37.1235).

§ 37.1330 Procurement contract.
A Federal Government procurement contract. It is a legal instrument which, consistent with 31 U.S.C. 6303, reflects a relationship between the Federal Government and a State, a local government, or other recipient when the principal purpose of the instrument is to acquire property or services for the direct benefit or use of the Federal Government. See the more detailed definition of the term “contract” at 48 CFR 2.101.

§ 37.1335 Program income.
Gross income earned by the recipient or a participant that is generated by a supported activity or earned as a direct result of a TIA. Program income includes but is not limited to: income from fees for performing services; the use or rental of real property, equipment, or supplies acquired under a TIA; the sale of commodities or items fabricated under a TIA; and license fees and royalties on patents and copyrights. Interest earned on advances of Federal funds is not program income.

§ 37.1340 Program official.
A Federal Government program manager, scientific officer, or other individual who is responsible for managing the technical program being carried out through the use of a TIA.

§ 37.1345 Property.
Real property, equipment, supplies, and intellectual property, unless stated otherwise.

§ 37.1350 Real property.
Land, including land improvements, structures and appurtenances thereto, but excluding movable machinery and equipment.

§ 37.1355 Recipient.
An organization or other entity that receives a TIA from a DoD Component. Note that a for-profit recipient may be a firm or a segment of a firm (e.g., a division or other business unit).

§ 37.1360 Research.
Basic, applied, and advanced research, as defined in this subpart.

§ 37.1365 Supplies.
Tangible property other than real property and equipment. Supplies have a useful life of less than one year or an acquisition cost of less than $5,000 per unit.

§ 37.1370 Termination.
The cancellation of a TIA, in whole or in part, at any time prior to either:
(a) The date on which all work under the TIA is completed; or
(b) The date on which Federal sponsorship ends, as given in the award document or any supplement or amendment thereto.
§ 37.1375 Technology investment agreements.

A special class of assistance instruments used to increase involvement of commercial firms in defense research programs and for other purposes (described in appendix A to this part) related to integrating the commercial and defense sectors of the nation's technology and industrial base. A technology investment agreement may be a cooperative agreement with provisions tailored for involving commercial firms (as distinct from a cooperative agreement subject to all of the requirements in 32 CFR part 34), or another kind of assistance transaction (see appendix B to this part).
APPENDIX A TO PART 37—WHAT IS THE CIVIL-MILITARY INTEGRATION POLICY THAT IS THE BASIS FOR TECHNOLOGY INVESTMENT AGREEMENTS?

Appendix A to Part 37—What is the Civil-Military Integration Policy that is the Basis for Technology Investment Agreements?

A. TIAs complement other funding instruments that are available to agreements officers in that they are designed to foster civil-military integration in DoD Science and Technology (S&T) programs. Civil-military integration creates a single, national technology and industrial base upon which the DoD can draw to meet its needs. Achieving civil-military integration is a national policy objective, as stated in 10 U.S.C. 2501.

B. Civil-military integration includes:

1. Removing barriers to participation in DoD programs by commercial firms, firms that deal primarily in the commercial marketplace. In recent years, some commercial firms judged that it would be overly burdensome and costly for them to comply with Government-unique requirements. That belief caused some firms to decline to do cost-type business with the Federal Government. It caused other firms to create divisions for Government business that are separate and isolated from their divisions for commercial business. TIAs give agreements officers flexibility to tailor Government requirements and lower or remove barriers to firms’ participation, where the tailoring of requirements can be done consistently with good stewardship of Federal Government funds.

2. Creating new business relationships among the performers in the technology and industrial base. Collaborations among commercial firms, firms that regularly perform defense programs, and nonprofit organizations can create wholes that are greater than the sums of the parts. The collaborations can enhance overall quality and productivity.

3. Promoting the development and use of new business practices and disseminating current best practices throughout the technology and industrial base.

C. The use of TIAs to promote civil-military integration will help defense S&T programs achieve their primary mission. That mission is to develop superior technology and help transition the technology to applications that enable affordable, decisive military capability. The use of TIAs to increase access to
commercial firms, to create new relationships, and to promote better business practices will help:

1. Increase technological sophistication. The DoD and firms that currently perform defense programs will benefit from technology in the commercial marketplace that often is more advanced than what is available in the defense-specific sector.

2. Reduce DoD's life-cycle costs for buying, operating, and maintaining weapon and support systems. The intent is that the DoD and firms that currently perform defense programs will be able to take advantage of the economies of scale of the commercial marketplace, which has a much larger volume of business for many high-technology products and processes than the Federal Government’s share alone.
Appendix B to Part 37—What Type of Instrument Is a TIA and What Statutory Authorities Does It Use?

A. A TIA may be either a type of cooperative agreement or a type of “assistance transaction other than a grant or cooperative agreement,” depending on its patent-rights provision. It is awarded under the statutory authority of 10 U.S.C. 2358, 10 U.S.C. 2371, or both, as explained in the paragraphs B through E of this Appendix and illustrated in the table below.

<table>
<thead>

<td>2. The TIA includes recovery of funds provision</td>
<td>The TIA is a type of cooperative agreement, under 10 U.S.C. 2358(b)(1). It uses recovery of funds authority of 10 U.S.C. 2371.</td>
<td>The TIA is a type of assistance transaction other than a grant or cooperative agreement, under 10 U.S.C. 2371. It also uses the recovery of funds authority of 10 U.S.C. 2371.</td>
</tr>
</tbody>
</table>

B. A TIA is a type of cooperative agreement whenever its patent-rights provision complies with the Bayh-Dole statute (Chapter 18 of Title 35, U.S.C.), as shown in the preceding table. The authority to award the TIA is 10 U.S.C. 2358, in addition to any program-specific statute that may provide authority to award cooperative agreements. The TIA also may use the authority of 10 U.S.C. 2371 to include a recovery of funds provision that requires the recipient, as a condition for receiving support under the agreement, to make payments to the Department of Defense or other Federal agency.
C. A TIA becomes a type of assistance transaction other than a grant or cooperative agreement when its patent-rights provision is less restrictive than is possible under Bayh-Dole. The authority to award the instrument is 10 U.S.C. 2371, as well as any program-specific authority to provide assistance. Note that the agreements officer's judgment that the execution of the research project warrants a less restrictive patent provision than is possible under Bayh-Dole is sufficient to satisfy the statutory condition in 10 U.S.C. 2371 for use of an assistance transaction other than a cooperative agreement or grant (i.e., that it is not feasible or appropriate to use a standard grant or cooperative agreement to carry out the project). The TIA also may include a recovery of funds provision, as authorized by 10 U.S.C. 2371.

D. From a practical point of view, an agreements officer need not decide while he or she is negotiating the terms and conditions with the recipient whether a TIA is a cooperative agreement or an assistance transaction other than a grant or cooperative agreement. The agreements officer must make that decision when the agreement is finalized, based upon a comparison of the patent provision with what is required by Bayh-Dole.

E. In making that comparison, the agreements officer should consult with legal counsel and remember that most Bayh-Dole requirements apply only to small business firms and nonprofit organizations (note that a consortium that is not formally incorporated is neither a small business firm nor a nonprofit organization). There are only two requirements of Bayh-Dole, in 35 U.S.C. 202(c)(4) and 203 that directly apply to cooperative agreements with other than small business firms and nonprofit organizations. A 1984 amendment to Bayh-Dole, at 35 U.S.C. 210(c), makes those two portions apply. The 1984 amendment otherwise states that Bayh-Dole does not preclude agencies from complying with a 1983 Presidential Statement of Government Patent Policy (incorporated by reference in Executive Order 12591). The President in that statement authorized Federal agencies to tailor cooperative agreements with for-profit firms other than small businesses, in ways that would waive rights of the Government or obligations of the performer under Bayh-Dole, if they determined that:

1. "The interests of the United States and the general public will be better served thereby as, for example, where this is necessary to obtain a uniquely or highly qualified performer; or"
2. "The award involves co-sponsored, cost sharing, or joint venture research and development, and the performer, co-sponsor or joint venturer is making substantial contribution of funds, facilities or equipment to the work performed under the award."
Appendix C to Part 37—What Is the Desired Coverage for Periodic Audits of For-Profit Participants to Be Audited by IPAs?

You may provide the following guidance to a for-profit participant and its IPA on the desired coverage of periodic audits.

**Coverage of Independent Audits of For-Profit Firms**

**Table of Contents**

Part 1. General Information

What is the purpose of this document?

Why does the Federal Government need an audit?

Can the audit be integrated with the regular audit of a firm's financial statements?

What are the objectives of the audit?

What is the source of the requirement for the audit?

What should the IPA do if he or she finds that the Defense Contract Audit Agency is performing audits of the firm?

Part 2. Audit Objectives and Compliance Requirements

A. Allowable Costs

What is the objective of this portion of the audit?

What standards or cost principles determine the costs that are allowable as charges to the award?

What compliance requirements for the allowability of costs should the audit address?

B. Cost Sharing

What is the objective of this portion of the audit?

What are the compliance requirements for cost sharing?
C. Financial Reporting

What are the objectives of this portion of the audit?

What are the compliance requirements for financial reporting?

D. Equipment and Real Property Management

Is a review of a firm’s property management system usually required?

What are the objectives of the review?

What are the compliance requirements for Federally owned property and for equipment or real property purchased under DoD awards?

E. Program Income

Is an audit of program income usually required?

What is program income?

What is the objective of this portion of the audit?

What are the applicable standards for program income?

PART 1. GENERAL INFORMATION

What is the purpose of this document?

This document provides guidance for an independent public accountant (IPA) who is asked by a for-profit firm to conduct an audit of its systems, due to the firm’s having received a technology investment agreement from the Department of Defense (DoD).

Why does the Federal Government need an audit?

Federal officials are accountable to the public for the resources provided to carry out Government programs. Financial auditing contributes to accountability by providing an independent assessment to assure that recipients are handling Government funds properly.
Can the audit be integrated with the regular audit of a firm’s financial statements?

Yes, the intent is to cause the minimum possible disruption to the firm’s activities, so the IPA is encouraged to do the needed transaction sampling for DoD awards as part of the regularly scheduled audit of the firm’s financial statements. In some cases, it may be even more efficient and economical to separately audit the individual DoD awards, and the firm may elect to have the IPA do so.

What are the objectives of the audit?

The auditor is to determine and report on whether:

- The firm has an internal control structure that provides reasonable assurance that it is managing DoD awards in compliance with the award terms and conditions, including applicable Federal laws and regulations.

- Based on a sampling of DoD award expenditures, the firm has complied with award terms and conditions, including applicable Federal laws and regulations, that may have a direct and material effect on DoD awards.

What is the source of the requirement for the audit?

The source of the requirement stated in the award document stems from sections 37.640 through 37.660 of 32 CFR part 37, which is part 37 of the DoD Grant and Agreement Regulations (DoDGRAs).

What should the IPA do if he or she finds that the Defense Contract Audit Agency is performing audits of the firm?

The IPA should consult with officials of the firm to ensure that:

- DoD agreements officers were aware of the DCAA audit presence at the time they made awards; and

- The DoD agreements authorize the IPA to perform the audit, rather than requiring that the DCAA do so. If the IPA is authorized to perform the audit, he or she must consider the nature, timing, and extent of his or her own auditing procedures, to avoid unnecessary duplication of the DCAA effort.
PART 2. AUDIT OBJECTIVES AND COMPLIANCE REQUIREMENTS

A. ALLOWABLE COSTS

What is the objective of this portion of the audit?

The objective is to determine, by testing a sample of transactions, whether the firm complied with the requirements concerning allowability of costs charged to DoD awards.

What standards or cost principles determine the costs that are allowable as charges to the award?

Each technology investment agreement should specify the standards or cost principles that the for-profit firm is to use to determine the costs that it is allowed to charge to that award. While the TIA may specify use of the for-profit cost principles in the Federal Acquisition Regulation (FAR, at 48 CFR part 31) and Defense FAR Supplement (DFARS, at 48 CFR part 231), it more likely will specify an alternative standard. The minimum standard in the latter case is that Federal funds and the firm’s cost sharing contributions will be used only for costs that a reasonable and prudent person would incur in carrying out the research project contemplated by the agreement.

What compliance requirements for allowability of costs should the audit address?

For a firm that is subject to the cost principles in the FAR and DFARS, the IPA should determine and report on whether costs charged to DoD awards are in compliance with those cost principles and indirect cost rates are applied in accordance with approved rate agreements.

For a firm that is subject to alternative standards that may be used for a TIA, the IPA should determine and report on whether costs charged to the DoD awards are:

- Necessary and reasonable for the performance of the research projects supported by the awards, or for related administration. Generally, elements of cost that appropriately are charged are those identified with research and development activities under the Generally Accepted Accounting Principles (see Statement of Financial Accounting Standards Number 2, “Accounting for Research and Development Costs,” October 1974).
• Allocable to the research projects (i.e., costs are charged to DoD projects in a manner that is in accordance with the benefits the projects received).

• Given consistent treatment with costs allocated to the firm’s other research and development activities (e.g., activities supported by the firm itself or by non-Federal sponsors).

• In conformance with any limitations in the award documents or regulations that they cite (e.g., any restrictions on types or amounts of costs, or requirements for prior approval of DoD agreements officers).

• Supported by appropriate documentation in the firm’s records. The documentation may be in electronic form.

B. COST SHARING

What is the objective of this portion of the audit?

The objective is to determine, by testing a sample of cost sharing contributions, whether the firm made the contributions that the agreements required.

What are the compliance requirements for cost sharing?

The provisions of the award documents will specify requirements for the firm’s cost sharing, which may be contributions of a specified amount or a percentage of total project costs. The cost sharing may be in the form of allowable costs incurred or in-kind contributions (including third-party in-kind contributions).

The values of the firm’s contributions are determined in accordance with sections 37.530 through 37.555 of 32 CFR part 37, which is part 37 of the DoDARs.
C. FINANCIAL REPORTING

What are the objectives of this portion of the audit?

The primary objective is to determine whether the firm’s financial reports for DoD awards:

- Fairly and completely represent the expenditures and status of resources for projects supported by those awards; and

- Are supported by applicable accounting records and the accounting basis used (e.g., cash or accrual).

What are the compliance requirements for financial reporting?

The agreements will specify the frequency and content of the financial reports. They may specify the use of standard forms (e.g., the Standard Form 269 or 269A, “Financial Status Report,” or Standard Form 272, “Report of Federal Cash Transactions). Alternatively, the agreements may specify an equivalent approach of periodic reports, and the reports may include information on both programmatic and business status. The requirements are in section 37.880 of 32 CFR part 37, which is part 37 of the DoDARs.

Each financial report (and the business portion of any report that also has programmatic information) will contain at least summarized details on the status of resources (Federal funds and any non-Federal cost sharing that the agreements require), including an accounting of expenditures for the period covered by the report. The report should compare the resource status with any payment and expenditure schedules or plans provided in the original award; explain any major deviations from these schedules; and discuss actions that will be taken to address the deviations.

D. EQUIPMENT AND REAL PROPERTY MANAGEMENT

Is a review of a firm’s property management system usually required?

No, the IPA needs to review the property management system only if:

- There is Federally owned property associated with the award; or
The firm charged the full purchase price of any equipment or real property as project costs (i.e., to Federal funds or the firm’s funds that are counted toward required cost sharing); and

The award under which the property was purchased provides for a continuing Federal interest in the property.

Note that the IPA generally will not need to review the property management system because most DoD awards will not have Federally owned property associated with them and will allow the firm to charge to the project only depreciation or use charges for real property or equipment.

What are the objectives of the review?

The objectives are to determine whether the firm:

- Obtained the necessary prior approval for the equipment or real property purchase from the grants officer or agreements officer.
- Keeps proper records for equipment and adequately safeguards and maintains equipment.
- Handles disposition or encumbrance of equipment or real property acquired under DoD awards in accordance with the applicable requirements.

What are the compliance requirements for Federally owned property and for equipment or real property purchased under DoD awards?

To protect the Federal interest in property, the DoD Grant and Agreement Regulations include standards for the firm’s property management, use, and disposition, as shown in this table:

<table>
<thead>
<tr>
<th>If the property is</th>
<th>Then the property management standards for the for-profit firm are in</th>
</tr>
</thead>
<tbody>
<tr>
<td>Real property or equipment purchased under a TIA.</td>
<td>Section 37.685 of 32 CFR part 37.</td>
</tr>
<tr>
<td>Federally owned property.</td>
<td>Section 37.695 of 32 CFR part 37.</td>
</tr>
</tbody>
</table>
Note that a for-profit firm may include the full acquisition cost of real property or equipment as a charge to the project only with the prior approval of the grants officer or the agreements officer. The title to the real property or equipment vests conditionally in the for-profit firm upon acquisition, and there is a continuing Federal interest in the property unless an awarding office has statutory authority to do otherwise and elects to use that authority for a particular award. The Federal Government recovers its interest in the property through the disposition process at the project’s end.

E. PROGRAM INCOME

Is an audit of program income usually required?

No, most awards will not involve any program income.

What is program income?

Program income is gross income earned by the recipient that is generated by a supported activity or earned as a result of the award. For example, if the purpose of an award is to support the firm’s delivery of services and the firm collects fees for doing so, those fees are program income. As another example, if samples of materials or biological specimens are generated as a result of a supported research effort, and the firm sells samples to other research organizations, the proceeds of those sales would be program income. If authorized by the terms and conditions of the award costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

What is the objective of this portion of the audit?

The objective is to determine whether program income is correctly recorded and used in accordance with the award terms and applicable standards.

What are the applicable standards for program income?

The standards for program income are in section 37.835 of 32 CFR part 37, which is part 37 of the DoDARs.
counsel to verify whether there are others that apply to your situation (e.g., due to a provision in the appropriations act for the specific funds that you are using or due to a statute or rule that applies to a particular program or type of activity).

A. Certifications

One requirement that applies to all TIAs currently requires you to obtain a certification at the time of proposal. That requirement is in a Governmentwide common rule about lobbying prohibitions, which is implemented by the DoD at 32 CFR part 28. The prohibitions apply to all financial assistance. Appendix A to 32 CFR part 22 includes a sample provision that you may use, to have proposers incorporate the certification by reference into their proposals.

B. Assurances That Apply to All TIAs

DoD policy is to use a certification, as described in the preceding paragraph, only for a national policy requirement that specifically requires one. The usual approach to communicating other national policy requirements to recipients is to incorporate them as award terms or conditions, or assurances. Appendix B to 32 CFR part 22 lists national policy requirements that commonly apply to grants and cooperative agreements. It also has suggested language for assurances to incorporate the requirements in award documents. Of those requirements, the following six apply to all TIAs:

1. Requirements concerning debarment and suspension in the OMB guidance in 2 CFR part 180, as implemented by the DoD at 2 CFR part 1125. The requirements apply to all nonprocurement transactions.
2. Requirements concerning drug-free workplace in the Governmentwide common rule that the DoD has codified at 32 CFR part 26. The requirements apply to all financial assistance.
3. Prohibitions on discrimination on the basis of race, color, or national origin in Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, et seq.). These apply to all financial assistance. They require recipients to flow down the prohibitions to any subrecipients, perform a part of the substantive research program (as opposed to suppliers from whom recipients purchase goods or services). For further information, see item a. under the heading “Nondiscrimination” in Appendix B to 32 CFR part 22.
4. Prohibitions on discrimination on the basis of age, in the Age Discrimination Act of 1975 (42 U.S.C. 6101, et seq.). They apply to all financial assistance and require flow down to subrecipients. For further information, see item d. under the heading “Nondiscrimination” in Appendix B to 32 CFR part 22.
5. Prohibitions on discrimination on the basis of handicap, in section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794). They apply to all financial assistance and require flow down to subrecipients. For further information, see item e.1 under the heading “Nondiscrimination” in Appendix B to 32 CFR part 22.

C. Other Assurances

Additional requirements listed in Appendix B to 32 CFR part 22 may apply in certain circumstances, as follows:

1. If construction work is to be done under a TIA or its subawards, it is subject to the prohibitions in Executive Order 11246 on discrimination on the basis of race, color, religion, sex, or national origin. For further information, see item b. under the heading “Nondiscrimination” in Appendix B to 32 CFR part 22.
2. If the research involves human subjects or animals, it is subject to the requirements in item a. or b., respectively, under the heading “Live organisms” in Appendix B to 32 CFR part 22.
3. If the research involves actions that may affect the environment, it is subject to the National Environmental Policy Act, which is item b.1. under the heading “Environmental Standards” in Appendix B to 32 CFR part 22. It also may be subject to one or more of the other requirements in items b.2. through b.6. under that heading, which concern flood-prone areas, coastal zones, coastal barriers, wild and scenic rivers, and underground sources of drinking water.
4. If the project may impact a historic property, it is subject to the National Historic Preservation Act of 1966 (16 U.S.C. 470, et seq.), as described under the heading “National Historic Preservation” in Appendix B to 32 CFR part 22.

APPENDIX E TO PART 37—WHAT PROVISIONS MAY A PARTICIPANT NEED TO INCLUDE WHEN PURCHASING GOODS OR SERVICES UNDER A TIA?

A. As discussed in §37.705, you must inform recipients of any national policy requirements that flow down to their purchases of goods or services (e.g., supplies or equipment) under their TIAs. Note that purchases of goods or services differ from subawards, which are for substantive research program performance.
B. Appendix A to 32 CFR part 34 lists seven national policy requirements that commonly apply to firms’ purchases under grants or cooperative agreements. Of those seven, two that apply to all recipients’ purchases under TIA’s are:

1. **Byrd Anti-Lobbying Amendment (31 U.S.C. 1352).** A contractor submitting a bid to the recipient for a contract award of $100,000 or more must file a certification with the recipient that it has not and will not use Federal appropriations for certain lobbying purposes. The contractor also must disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. For further details, see 32 CFR part 28, the DoD’s codification of the Governmentwide common rule implementing this amendment.

2. **Debarment and Suspension.** A contract award with an amount expected to equal or exceed $25,000 and certain other contract awards (see 2 CFR 1125.220, which implements OMB guidance in 2 CFR 180.220) shall not be made to parties listed on the Governmentwide Excluded Parties List System, in accordance with the DoD adoption at 2 CFR part 1125 of the OMB guidance implementing E.O.s 12549 (3 CFR, 1986 Comp., p. 180) and 12689 (3 CFR, 1989 Comp., p. 233). “Debarment and Suspension.” The Excluded Parties List System accessible on the Internet at www.epls.gov contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than E.O. 12549.

C. One other requirement applies only in cases where construction work is to be performed under the TIA with Federal funds or recipient funds counted toward required cost sharing:

1. **Equal Employment Opportunity.** Although construction work should happen rarely under a TIA, the agreements officer in that case should inform the recipient that Department of Labor regulations at 41 CFR 60–1.4(b) prescribe a clause that must be incorporated into construction awards and subawards. Further details are provided in Appendix B to Part 22 of the DoDGRs (32 CFR part 22), in section b. under the heading “Nondiscrimination.”

SUBCHAPTER D—PERSONNEL, MILITARY AND CIVILIAN

CROSS REFERENCE: For a revision of Standards for a Merit System of Personnel Administration, see 5 CFR part 900.

PART 44—SCREENING THE READY RESERVE

Sec.
44.1 Purpose.
44.2 Applicability.
44.3 Definitions.
44.4 Policy.
44.5 Responsibilities.
APPENDIX A TO PART 44—GUIDANCE

AUTHORITY: 10 U.S.C. 10145.

SOURCE: 64 FR 72027, Dec. 23, 1999, unless otherwise noted.

§ 44.1 Purpose.

Updates DoD policy and responsibilities for the screening of Ready Reservists under 10 U.S.C. 1003, 1005, and 1209.

§ 44.2 Applicability.

This part applies to the Office of the Secretary of Defense, the Military Departments (including the Coast Guard, when it is not operating as a Military Service in the Navy by agreement with the Department of Transportation), the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities and all other organizational entities within the Department of Defense (hereafter referred to collectively as the “DoD Components”). The term “Military Services” as used in this part, refers to the Army, the Navy, the Air Force and the Marine Corps.

§ 44.3 Definitions.

For purposes of this part, the following definitions apply:

Extreme community hardship. A situation that, because of a Reservist’s mobilization, may have a substantially adverse effect on the health, safety, or welfare of the community. Any request for a determination of such hardship shall be made by the Reservist and must be supported by documentation, as required by the Secretary concerned.

Extreme personal hardship. An adverse impact on a Reservist’s dependents resulting from his or her mobilization. Any request for a determination of such hardship shall be made by the Reservist and must be supported by documentation, as required by the Secretary concerned.

Individual Ready Reserve. Within the Ready Reserve of each of the Reserve Components there is an Individual Ready Reserve. The Individual Ready Reserve consists of members of the Ready Reserve who are not in the Selected Reserve or the Inactive National Guard.

Key employee. Any Federal employee occupying a key position.

Key position. A Federal position that shall not be vacated during a national emergency or mobilization without SERIOUSLY impairing the capability of the parent Federal Agency or office to function effectively. The four categories of Federal key positions are set out in this paragraph. The first three categories are, by definition, key positions. However, the third category, Article III Judges, provides for exceptions on a case-by-case basis. The fourth category requires a case-by-case determination and designation as described in the following:

(1) The Vice President of the United States or any official specified in the order of presidential succession as in 3 U.S.C. 19.

(2) The members of the Congress and the heads of the Federal Agencies appointed by the President with the consent of the Senate. For this part, the term “the heads of the Federal Agencies” does not include any person appointed by the President with the consent of the Senate to a Federal Agency as a member of a multimember board or commission. Such positions may be designated as key positions only in accordance with paragraph (4) of this definition.

(3) Article III Judges. However, each Article III Judge, who is a member of the Ready Reserve and desires to remain in the Ready Reserve, must have his or her position reviewed by the
Chief Judge of the affected Judge’s Circuit. If the Chief Judge determines that mobilization of the Article III Judge concerned will not seriously impair the capability of the Judge’s court to function effectively, the Chief Judge will provide a certification to that effect to the Secretary of the Military Department concerned. Concurrently, the affected Judge will provide a statement to the Secretary concerned requesting continued service in the Ready Reserve and acknowledging that he or she may be involuntarily called to active duty (AD) under the laws of the United States and the Directives and Regulations of the Department of Defense and pledging not to seek to be excused from such orders based upon his or her judicial duties.

(4) Other Federal positions determined by the Federal Agency heads, or their designees, to be key positions in accordance with the guidelines in the appendix to this part.

Mobilization. Involuntary call-up of Reserve component members in accordance with 10 U.S.C. 12301, 12302, or 12304. That includes full mobilization, partial mobilization and, selective mobilization (Presidential Reserve Call-Up Authority).

Ready reserve. Reserve unit members or individual Reserve and National Guard members, or both, liable for AD, as provided in 10 U.S.C. 12301, 12302, and, for some members, 10 U.S.C. 12304. It consists of the Selected Reserve, the Individual Ready Reserve, and the Inactive National Guard.

Selected reserve. A category of the Ready Reserve in each of the Reserve components. The Selected Reserve consists of units, and, as designated by the Secretary concerned, of individual Reserve members, trained as prescribed in 10 U.S.C. 10147(a)(1) or 32 U.S.C. 502(a), as appropriate.

Standby reserve. The Standby Reserve consists of those units or members, or both, of the Reserve components, other than those in the Ready Reserve or the Retired Reserve, who are liable for active duty only as provided for in 10 U.S.C. 12301 and 12306. The Standby Reserve consists of personnel who are maintaining their military affiliation without being in the Ready Reserve, but have been designated “key civilian employees,” or have a temporary hardship or disability. Those individuals are not required to perform training and are not part of the Ready Reserve. The Standby Reserve is a pool of trained individuals who may be mobilized as needed to fill manpower needs in specific skills. The Standby Reserve consists of the active status list and the inactive status list categories.

§ 44.4 Policy.

It is DoD policy that:

(a) Members of the Ready Reserve shall be screened (see the appendix to this part for specific screening guidance) at least annually to meet the provisions of 10 U.S.C. 10149 and to provide a Ready Reserve force composed of members who:

(1) Meet Military Service wartime standards of mental, moral, professional, and physical fitness.

(2) Possess the military qualifications required in the various ranks, ratings, and specialties.

(3) Are available immediately for active duty (AD) during a mobilization or as otherwise required by law.

(b) On mobilization under 10 U.S.C. 12301(a) or 10 U.S.C. 12302, all personnel actions relating to the screening program shall be held in abeyance, and all members remaining in the Ready Reserve shall be considered immediately available for AD service. After such a mobilization is ordered, no deferment, delay, or exemption from mobilization shall be granted to Ready Reservists because of their civilian employment. On involuntary activation of Reserve members under 10 U.S.C. 12304 (Presidential Reserve Call-Up Authority), the Secretary of Defense, or designee, shall make a determination regarding the continuation or cessation of personnel actions related to the screening program.

(c) All Ready Reservists shall be retained in the Ready Reserve for the entire period of their statutory obligation or voluntary contract. Exceptions to that policy are made in paragraphs (g), (h), and (i) of this section, or may be made by the Secretaries concerned, in accordance with 10 U.S.C. 10145 and 10146.

(d) A member of the Army National Guard of the United States or the Air
National Guard of the United States may be transferred to the Standby Reserve only with the consent of the governor or other applicable authority of the State, commonwealth, or territory concerned (including the District of Columbia) in accordance with 10 U.S.C. 10146.

(e) Any eligible member of the Standby Reserve may be transferred back to the Ready Reserve when the reason for the member’s transfer to the Standby Reserve no longer exists in accordance with 10 U.S.C. 10150 and DoD Instruction 1200.15.1.

(f) Ready Reservists whose immediate recall to AD during an emergency would create an extreme personal or community hardship shall be transferred to the Standby Reserve or the Retired Reserve, or shall be discharged, as applicable, except as specified in paragraph (b) of this section.

(g) Ready Reservists who are designated key employees or who occupy key positions, as defined in this section, shall be transferred to the Standby Reserve or the Retired Reserve, or shall be discharged, as applicable, except as specified in paragraph (b) of this section.

(h) Ready Reservists who are also DoD civilian employees may not hold a mobilization assignment to the same positions that they fill as civilian employees. Those Ready Reservists shall be reassigned or transferred, as applicable. Reserve component military technicians (dual status), as members of Reserve units, are excluded from this provision.

(i) Ready Reservists who are preparing for the ministry in an accredited theology or divinity school cannot be involuntarily called to AD or required to participate in inactive duty training (IDT) in accordance with 10 U.S.C. 12317. Accordingly, such Ready Reservists (other than those participating in a military Chaplain Candidate or Theology Student Program) shall be transferred to the Standby Reserve (active status list) for the duration of their ministerial studies and duties at accredited theology or divinity schools. Ready Reservists participating in a military Chaplain Candidate or Theology Student Program may continue their Ready Reserve affiliation and engage in AD and IDT.

(j) Ready Reservists may not be transferred from the Ready Reserve solely because they are students, interns, residents, or fellows in the healthcare professions. On mobilization, they either shall be deferred or shall be mobilized in a student, intern, resident, or fellow status until qualified in the applicable medical specialty, as prescribed by the Secretaries of the Military Departments.

(k) The Secretaries concerned, or their designees, shall make determinations for mobilization availability on a case-by-case basis, consistent with this part, and not by class or group determinations.

§ 44.5 Responsibilities.

(a) The Deputy Secretary of Defense shall adjudicate, before mobilization, conflicts between the mobilization manpower needs of the civilian sector and the military that the Ready Reserve Screening process has identified, but has not resolved.

(b) The Assistant Secretary of Defense for Reserve Affairs, under the Under Secretary of Defense for Personnel and Readiness, shall:

(2) Annually, provide Federal Agencies with a listing of all Federal employees who are also Ready Reservists to assist them in conducting employer screening activities.

(3) Prepare an annual report on the status of Ready Reservists employed by the Federal Government.

(4) Employ the guidance in appendix A of this part in coordinating the screening program with employers of Ready Reservists.
(5) Coordinate conflicts between the mobilization manpower needs of the civilian sector and the military identified but not resolved through the Ready Reserve Screening process.

(c) The Secretaries of the Military Departments shall:

(1) Screen, at least annually, all Ready Reservists under their jurisdiction to ensure their immediate availability for active duty (AD) and to ensure compliance with 10 U.S.C. 10149.

(2) Ensure coordination with the Assistant Secretary of Defense for Reserve Affairs to resolve conflicts (identified, but not resolved through the Ready Reserve screening process) between the mobilization manpower needs of the civilian sector and the military.

(3) Review recommendations for removal of both Federal and other civilian employees from the Ready Reserve submitted by employers and take applicable action.

(4) After making a removal determination in response to a petition for such action, promptly transmit the results of that determination to the Ready Reservist concerned and his/her employer.

(5) Transfer Ready Reservists identified as occupying key positions to the Standby Reserve or the Retired Reserve, or discharge them, as applicable.

(6) Ensure that Ready Reservists not on AD are examined as to physical fitness in accordance with DoD Directive 1332.18. 2

(7) Process members of the Ready Reserve who do not participate satisfactorily in accordance with DoD Instruction 1200.15 and DoD Directive 1215.13. 3

(8) Ensure that all Ready Reservists have a favorably completed background check for military service suitability on file (e.g., Entrance National Agency Check (ENTNAC), NAC).

(9) Ensure that personnel records systems incorporate information on any factors that limit the mobilization availability of a Ready Reservist.

(10) Develop and maintain current information pertaining to the mobilization availability of Ready Reservists.

APPENDIX A TO PART 44—GUIDANCE

DEPUTY SECRETARY OF DEFENSE

The Deputy Secretary of Defense shall adjudicate, before mobilization, conflicts between the mobilization manpower needs of the civilian sector and the military that the Ready Reserve screening process has identified, but has not resolved.

EMPLOYERS OF READY RESERVISTS

(a) Federal Employers

(1) To ensure that Federal employees essential to the continuity of the Federal Government are not retained as members of the Ready Reserve, the following guidance is provided:

(i) Conduct annual screening program as provided for by the Assistant Secretary of Defense for Reserve Affairs.

(ii) Responses from Federal Agencies shall be reported under Interagency Report Control Number 0912–DoD-AN, “Ready Reservists in the Federal Government,” in accordance with DoD 8910.1–M. 4

(iii) Federal Agency heads, or their designees, concerned shall designate those positions that are of essential nature to, and within, the organization as “key positions,” and shall require that they shall NOT be filled by Ready Reservists to preclude such positions from being vacated during a mobilization. Upon request from Federal Agencies, Secretaries of the Military Departments shall verify the essential nature of the positions being designated as “key,” and shall transfer Ready Reservists occupying key positions to the Standby Reserve or the Retired Reserve or shall discharge them, as applicable, under 10 U.S.C. 10149, except as specified in §44.4 (b).

(iv) In determining whether or not a position should be designated as a “key position,” the following questions should be considered by the Federal Agency concerned:

(A) Can the position be filled in a reasonable time after mobilization?

(B) Does the position require technical or managerial skills that are possessed uniquely by the incumbent employee?

(C) Is the position associated directly with defense mobilization?

(D) Does the position include a mobilization or relocation assignment in an Agency having emergency functions, as designated by Executive Order 12656?

(E) Is the position directly associated with industrial or manpower mobilization, as designated in Executive Orders 12856 and 12919?

(F) Are there other factors related to the national defense, health, or safety that will make the incumbent of the position unavailable for mobilization?

2See footnote 1 to §44.4(e).

3See footnote 1 to §44.4(e).

4See footnote 1 to §44.4(e).
(b) Non-Federal Employers of Ready Reservists. Non-Federal employers of Ready Reservists, particularly in the fields of public health and safety and defense support industries, are encouraged to adopt personnel management procedures designed to preclude conflicts between the emergency manpower needs of civilian activities and the military during a mobilization. Employers are also encouraged to use the Federal key position guidelines contained in this appendix for making their own key position designations and, when applicable, for recommending key employees for removal from the Ready Reserve.

(c) All employers who determine that a Ready Reservist is a key employee, in accordance with the guidelines in this appendix, should promptly report that determination, using the letter format at the end of this appendix, to the applicable Ready Reserve personnel center, requesting the employee be removed from the Ready Reserve.

INDIVIDUAL READY RESERVISTS

(a) Each Ready Reservist who is not a member of the Selected Reserve is obligated to notify the Secretary concerned of any change of address, marital status, number of dependents, or civilian employment and any other change that would prevent a member from meeting mobilization standards prescribed by the Military Service concerned (10 U.S.C. 10205).

(b) All Ready Reservists shall inform their employers of their Reserve military obligation.

LIST OF RESERVE PERSONNEL CENTERS TO WHICH RESERVE SCREENING DETERMINATION AND REMOVAL REQUESTS SHALL BE FORWARDED

Army Reserve
Army Reserve Personnel Command
1 Reserve Way
ATTN: ARPC-PSP-T

LETTER FORMAT TO RESERVE PERSONNEL CENTERS REQUESTING THAT EMPLOYEE BE REMOVED FROM THE READY RESERVE

From: (Employer-Agency or Company)
To: (Appropriate Reserve Personnel Center)
Subject: Request for Employee To Be Removed From the Ready Reserve

This is to certify that the employee identified below is vital to the nation’s defense efforts in (his or her) civilian job and cannot be mobilized with the Military Services in an emergency for the following reasons:

[STATE REASONS]

Therefore, I request that (he/she) be removed from the Ready Reserve and that you advise me accordingly when this action has been completed.

The employee is:
1. Name of employee (last, first, M.I.):
2. Military grade and Reserve component:
3. Social security number:
4. Current home address (street, city, State, and ZIP code):
5. Military unit to which assigned (location and unit number):
6. Title of employee’s civilian position:
7. Grade or salary level of civilian position:
8. Date (YYMMDD) hired or assigned to position:

Signature and Title of Agency or Company Official.

PART 45—CERTIFICATE OF RELEASE OR DISCHARGE FROM ACTIVE DUTY (DD FORM 214/5 SERIES)

Sec.
45.1 Purpose.
45.2 Applicability and scope.
45.3 Policy and procedures.
45.4 Responsibilities.

APPENDIX A TO PART 45—DD FORM 214
APPENDIX B TO PART 45—DD FORM 214WS
APPENDIX C TO PART 45—DD FORM 215
APPENDIX D TO PART 45—STATE DIRECTORS OF VETERANS AFFAIRS

AUTHORITY: 10 U.S.C. 1168 and 972.

SOURCE: 54 FR 7409, Feb. 21, 1989, unless otherwise noted.
§ 45.1 Purpose.
(a) This document revises 32 CFR part 45.
(b) Prescribes procedures concerning the preparation and distribution of revised DD Form 214 to comport with the requirements of 10 U.S.C. 1168, 972, and 32 CFR part 41 and the control and publication of separation program designators (SPDs).

§ 45.2 Applicability and scope.
(a) The provisions of this part apply to the Office of the Secretary of Defense, the Military Services, the Joint Staff, and the Defense Agencies (hereafter referred to as “DoD Components”). The term “Military Services,” as used here, refers to the Army, Navy, the Air Force, the Marine Corps and, by agreement with the Department of Transportation, to the Coast Guard.
(b) Its provisions include procedures on the preparation and distribution of DD Forms 214, 214WS, 215 (Appendices A, B, and C) which record and report the transfer or separation of military personnel from a period of active duty.

§ 45.3 Policy and procedures.
(a) Administrative issuance or reissuance of DD Forms 214 and 215.
(1) The DD Form 214 will normally be issued by the command from which the member was separated. In those instances where a DD Form 214 was not issued, the Services concerned may establish procedures for administrative issuance.
(2) The DD Form 214, once issued, will not be reissued except:
(i) When directed by appropriate appellate authority, Executive Order, or by the Secretary concerned.
(ii) When it is determined by the Service concerned that the original DD Form 214 cannot be properly corrected by issuance of a DD Form 215 or if the correction would require issuance of more than two DD Forms 215.
(iii) When two DD Forms 215 have been issued and an additional correction is required.
(3) Whenever a DD Form 214 is administratively issued or reissued, an appropriate entry stating that fact and the date of such action will be made in Block 18, Remarks, of the DD Form 214 unless the appellate authority, Executive Order, or Secretarial directive specifies otherwise.
(b) The Military Services will ensure that every member (except as limited in paragraph (b)(2) of this section and excluding those listed in paragraph (c) of this section being separated from the Military Services is given a completed DD Form 214 describing relevant data regarding the member’s service, and the circumstances of termination.
(1) The Military Services with a source of information relating to military personnel for administrative purposes, and for making determinations of eligibility for enlistment or reenlistment.
(2) The Service member with a brief, clear-cut record of the member’s active service with the Armed Forces at the time of transfer, release, or discharge, or when the member changes status or component while on active duty.
(3) Appropriate governmental agencies with an authoritative source of information which they require in the administration of Federal and State laws applying to personnel who have been discharged, otherwise released, or transferred to a Reserve component while on active duty.
(c) Its provisions include procedures on the control and distribution of all lists of SPDs.
physically delivered to the separate prior to departure from the separation activity on the effective date of separation; or on the date authorized travel time commences.

(A) Copy No. 4, containing the statutory or regulatory authority, reentry code, SPD code, and narrative reason for separation also will be physically delivered to the separatee prior to departure, if he/she so requested by initiating Block 30, Member Requests Copy 4.

(B) Remaining copies of DD Form 214 will be distributed on the day following the effective date of separation.

(ii) When separation is effected under emergency conditions which preclude physical delivery, or when the recipient departs in advance of normal departure time (e.g., on leave in conjunction with retirement; or at home awaiting separation for disability), the original DD Form 214 will be mailed to the recipient on the effective date of separation.

(iii) If the separation activity is unable to complete all items on the DD Form 214, the form will be prepared as completely as possible and delivered to the separatee. The separatee will be advised that a DD Form 215 will be issued by the Military Service concerned when the missing information becomes available; and that it will not be necessary for the separatee to request a DD Form 215 for such information.

(iv) If an optical character recognition format is utilized by a Military Service, the first carbon copy of the document will be physically delivered or mailed to the separatee as prescribed in paragraphs (b) (i) through (iii) of this section.

(2) Release from active duty for training, full-time training duty, or active duty for special work. Personnel being separated from a period of active duty for training, full-time training duty, or active duty for special work will be furnished a DD Form 214 when they have served 90 days or more, or when required by the Secretary concerned for shorter periods. Personnel shall be furnished a DD Form 214 upon separation for cause or for physical disability regardless of the length of time served on active duty.

(3) Continuing on active duty. Members who change their status or component, as outlined below, while they are serving on active duty will be provided a completed DD Form 214 upon:

(i) Discharge for immediate enlistment or reenlistment (optional—at the discretion of the Military Services). However, Military Services not providing the DD Form 214 will furnish the member a DD Form 256, “Honorable Discharge Certificate,” and will issue instructions requiring those military offices which maintain a member’s records to provide necessary Service data to the member for application to appropriate civilian individuals, groups, and governmental agencies. Such data will include Service component, entry data and grades.

(ii) Termination of enlisted status to accept an appointment to warrant or commissioned officer grade.

(iii) Termination of a temporary appointment to accept a permanent warrant or commission in the Regular or Reserve components of the Armed Forces.

(iv) Termination of an officer appointment in one of the Military Services to accept appointment in another Service.

(c) DD Form 214 need not be prepared for:

(1) Personnel found disqualified upon reporting for active duty and who do not enter actively upon duties in accordance with orders.

(2) Personnel whose active duty, active duty for training, full-time training duty or active duty for special work is terminated by death.

(3) Personnel being removed from the Temporary Disability Retired List.

(4) Enlisted personnel receiving temporary appointments to warrant or commissioned officer grades.

(5) Personnel whose temporary warrant or commissioned officer status is terminated and who remain on active duty to complete an enlistment.

(6) Personnel who terminate their Reserve component status to integrate into a Regular component.

(7) Personnel separated or discharged who have been furnished a prior edition of this form, unless that form is in need of reissuance for some other reason.
(d) Preparation. The Military Departments will issue instructions governing the preparation of DD Form 214, consistent with the following:

1. DD Form 214 is an important record of service which must be prepared accurately and completely. Any unavoidable corrections and changes made in the unshaded areas of the form during preparation shall be neat, legible and initialed on all copies by the authenticating official. The recipient will be informed that making any unauthorized change or alteration of the form will render it void.

2. Since DD Form 214 is often used by civilian personnel, abbreviations should be avoided.

3. Copies of DD Form 214 transmitted to various governmental agencies shall be legible, especially those provided to the Veterans Administration (Department of Veterans Affairs, effective March 15, 1989, in accordance with section 18(a), Public Law 100-527 and the Department of Labor).

4. The authority for a member's transfer or discharge will be cited by reference to the appropriate Military Service regulation, instruction, or manual, followed by the appropriate separation program designator on copies 2, 4, 7, and 8 only. A narrative description to identify the reason for transfer or separation will not be used on copy 1.

5. To assist the former Service member in employment placement and job counseling, formal inservice training courses successfully completed during the period covered by the form will be listed in Block 14, Military Education; e.g., medical, dental, electronics, supply, administration, personnel or heavy equipment operations. Training courses for combat skills will not be listed. See 1978 Guide to the Evaluation of Educational Experiences in the Armed Services for commonly accepted course titles and abbreviations.

6. For the purpose of reemployment rights (DoD Directive 1205.12) all extensions of service, except those under 10 U.S.C. 972, are considered to be at the request and for the convenience of the Government. In these cases, Block 18 of DD Form 214 will be annotated to indicate “Extension of service was at the request and for the convenience of the Government.”

7. When one or more of the data items on the DD Form 214 are not available and the document is issued to the separatee, the applicable block(s) will be annotated “See Remarks.” In such cases, Block 18 will contain the entry “DD Form 215 will be issued to provide missing information.” When appropriate, Block 18 will also reflect the amount of disability pay, and the inclusive dates of any nonpay/excess leave days.

8. The authorizing official (E-7, GS-7 or above) will sign the original in ink ensuring that the signature is legible on all carbon copies. If not, a second signature may be necessary on a subsequent carbon copy. The authorized official shall be an E-7, GS-7, or higher grade, except that the Service concerned may authorize chiefs of installation separation activities (E-5, GS-5, or above) to serve in this capacity if designated in writing by the responsible commander and/or director (0-4, or above).

9. The following are the only authorized entries in Block 21, Character of Service, as appropriate: “Honorable,” “Under Honorable Conditions (General),” “Under Other Than Honorable Conditions,” “Bad Conduct,” “Dishonorable,” or “Uncharacterized.” When a discharge has been upgraded, the DD Form 214 will be annotated on copies 2 through 8 in Block 18 to indicate the character of service has been upgraded; the date the application for upgrade was made; and the effective date of the corrective action.

10. The date entered in Block 12.a. shall be the date of enlistment for the earliest period of continuous active service for which a DD Form 214 was not previously issued. For members who have previously reenlisted without being issued a DD Form 214, and who are being separated with any discharge characterization except “Honorable,” the following statement shall appear as the first entry in Block 18: “Remarks,” on the DD Form 214: “CONTINUOUS HONORABLE ACTIVE
SERVICE FROM (applicable date) UNTIL (applicable date)." The "from" date shall be the date of initial entry into active duty, or the first day of service for which a DD Form 214 was not previously issued, as applicable; the "until" date shall be the date before commencement of the current enlistment.

(11) For Service members retiring from active duty enter in Block 18, "Subject to active duty recall by Service Secretary."

(12) For Service members being transferred to the Individual Ready Reserve, enter in Block 18, "Subject to active duty recall and/or annual screening."

(e) Distribution. The Military Services will prescribe procedures governing the distribution of copies of the DD Forms 214 and 215, consistent with their internal requirements, and the following:

(1) DD Form 214—(i) Copy No. 1 (original). To the member.
(ii) Copy No. 2. To be used as the Military Services' record copy.
(iii) Copy No. 3. To the Veterans Administration (Department of Veterans Affairs, effective March 15, 1989, in accordance with section 18(a), Data Processing Center (214), 1614 E. Woodword Street, Austin, Texas 78772. A reproduced copy will also be provided to the hospital with the medical records if the individual is transferred to a VA hospital. If the individual completes VA Form 21–5267, "Veterans Application for Compensation or Pension," include a copy of the DD Form 214 with medical records forwarded to the VA regional office having jurisdiction over the member’s permanent address. When an individual is in Service and enlisting or reenlisting in an active duty status or otherwise continuing on active duty in another status, copy No. 3 will not be forwarded to the VA.
(iv) Copy No. 4. To the member, if the member so requested by having initialed Block 30. If the member does not request this copy, it may be retained in the master military personnel record, to be available in case the member requests a copy later.
(v) Copy No. 5. To Louisiana UCX/UCFE, Claims Control Center, Louisiana Department of Labor, P.O. Box 94246, Capitol Station, Baton Rouge, Louisiana 70804–9246.
(vi) Copy No. 6. To the appropriate State Director of Veterans Affairs (see enclosure 4), if the member so requested by having checked "Yes" in Block 20, "Member Requests Copy Be Sent to Director of Veterans Affairs." The member must specify the State. If the member does not request the copy be mailed, it may be utilized as prescribed by the Military Service concerned.
(vii) Copies No. 7 and 8. To be distributed in accordance with regulations issued by the Military Service concerned.
(viii) Additional Copy Requirements. Discharged Alien Deserters. Provide one reproduced copy of Copy No. 1 to the U.S. Department of State, Visa Office—SCA/VO, State Annex No. 2, Washington, DC 20520, to assist the Visa Office in precluding the unwarranted issuance of visas to discharged and alien deserters in accordance with DoD Directive 1325.2.2. Place of birth will be entered in Block 18.
(2) DD Form 214–ies. Utilized to facilitate the preparation of DD Form 214. The document will be used and disposed of in accordance with regulations issued by the Military Service concerned.
(3) DD Form 215. Utilized to correct errors in DD Form 214 discovered after the original has been delivered and/or distribution of copies of the form has been made, and to furnish to separatee information not available when the DD Form 214 was prepared. The distribution of DD Form 215 will be identical to the distribution of DD Form 214.
(4) Requests for Copies of DD Form 214 Subsequent to Separation. Agencies maintaining a separatee’s DD Form 214 will provide a copy only upon written request by the member. Agencies will provide the member with 1 copy with the Special Additional Information section, and 1 copy with that information deleted. In the case of DD Form 214 issued prior to July 1, 1979, agencies will provide the member with 1 copy containing all items of information completed, and 1 copy with the following items deleted from the form:

2 See footnote 1 to §45.3(d)(6).
Specific authority and narrative reason for separation, reenlistment eligibility code, and separation program designator/number.

(i) In those cases where the member has supplied an authorization to provide a copy of the DD Form 214 to another individual or group, the copy furnished will not contain the Special Additional Information section or, in the case of DD forms issued prior to July 1, 1979, those items listed in paragraph (e)(4) of this section.

(ii) A copy will be provided to authorized personnel for official purposes only.

(f) Procurement. Arrangements for procurement of DD Forms 214, 214-ws, and 215 will be made by the Military Services.

(g) Modification of Forms. The modification of the content or format of DD Forms 214, 214-ws, and 215 may not be accomplished without prior authorization of the Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)). Requests to add or delete information will be coordinated with the other Military Services in writing, prior to submission to the ASD(FM&P). If a Military Service uses computer capability to generate forms, the items of information may be arranged, the size of the information blocks may be increased or decreased, and copies 7 and/or 8 may be deleted at the discretion of the Service.

§ 45.4 Responsibilities.

(a) The DD Forms 214 and 215 are a source of significant and authoritative information used by civilian and governmental agencies to validate veteran eligibility for benefits. As such, they are valuable forms and, therefore, vulnerable to fraudulent use. Since they are sensitive, the forms must be safeguarded at all times. They will be transmitted, stored, and destroyed in a manner which will prevent unauthorized use. The Military Services will issue instructions consistent with the following:

(1) All DD Forms 214 will be surprinted with a reproducible screen tint using appropriate security ink on Blocks 1, 3, 4a, 4b, 12, and 18 through 30. In addition Blocks 1, 3, 5, and 7 of the DD Form 215 will be similarly surprinted to make alterations readily discernible. No corrections will be permitted in the screened areas.

(2) All forms will be secured after duty hours.

(3) All obsolete forms will be destroyed.

(4) All forms to be discarded, including those which are blank or partially completed, and reproduced copies of DD Form 214, will be destroyed. No forms will be discarded intact.

(5) Blank forms given to personnel for educational or instructional purposes, and forms maintained for such use, are to be clearly voided in an unalterable manner.

(6) The commander or commanding officer of each unit or activity authorized to issue DD Form 214 will appoint, in writing, a commissioned officer, warrant officer, enlisted member (grade E-7 or above), or DoD civilian (GS-7 or above) who will requisition, control, and issue blank DD Forms 214 and 215. The Service concerned may authorize an E-5 or GS-5 to serve in this capacity.

(7) The Military Services will monitor the use of DD Form 214 and review periodically its issuance to insure compliance with procedures for safeguarding.

(b) The DD Form 214-ws will contain the word “WORKSHEET” on the body of the form (see Appendix B). This DD Form 214-ws will be treated in the same manner as the DD Form 214.

(c) The Military Services will issue appropriate instructions to separation activities stressing the importance of the DD Forms 214 and 215 in obtaining veterans benefits, reemployment rights, and unemployment insurance.

(d) Standard separation program designator (SPD) codes for officer and enlisted personnel developed under the provisions of DoD Instruction 5000.12 are published in DoD 5000.12-M.

(1) Requests to add, change, or delete an SPD code shall be forwarded by the DoD Component concerned with appropriate justification to the Assigned Responsible Agency accountable for evaluating, recommending approval of, and maintaining such codes: Department of the Navy, Office of The Chief of Naval
§ 45.4

(2) Requests to add, change, or delete an SPD code will be submitted in accordance with section V., DoD Instruction 5000.12 with prior written approval by the ASD (FM&P), or his/her designee.

(e) All lists of SPD codes, including supplemental lists, published by the DoD Components will be stamped “For Official Use Only” and will not be furnished to any agency or individual outside the Department of Defense.

(1) Appropriate provisions of the Freedom of Information Act will be used to deny the release of the lists to the public. An individual being separated or discharged is entitled access only to his/her SPD code. It is not intended that these codes stigmatize an individual in any manner. They are intended for internal use by the Department of Defense in collecting data to analyze statistical reporting trends that may, in turn, influence changes in separation policy.

(2) Agencies or individuals who come into the possession of these lists are cautioned on their use because a particular list may be outdated and not reveal correctly the full circumstances relating to an individual’s separation or discharge.

Director, Department of Veterans Affairs, P.O. Box 9738, Mail Stop PM–41, Olympia, WA 98504.
PART 47—ACTIVE DUTY SERVICE FOR CIVILIAN OR CONTRACTUAL GROUPS

§ 47.1 Purpose.
This document:
(b) Directs the Secretary of the Air Force to determine if an established group of civilian employees or contract workers provided service to the U.S. Armed Forces in a manner considered active military service for Department of Veterans Affairs (VA) benefits.
(c) Establishes the DoD Civilian/Military Service Review Board and the Advisory Panel.
(d) Establishes policy, assigns responsibilities, prescribes application procedures for groups and individuals, and clarifies the factors used to determine active duty (AD) service.

§ 47.2 Applicability and scope.
This part:
(a) Applies to the Office of the Secretary of Defense (OSD), the Military Departments, and by agreement with the Department of Transportation (DoT), the U.S. Coast Guard.
(b) Applies to any group application considered under Public Law 95–202 after September 11, 1989 and to any individual who applies for discharge documents as a member of a group recognized by the Secretary of the Air Force.

§ 47.3 Definitions.
Armed conflict. A prolonged period of sustained combat involving members of the U.S. Armed Forces against a foreign belligerent. The term connotes more than a military engagement of limited duration or for limited objectives, and involves a significant use of military and civilian forces.
(a) Examples of armed conflict are World Wars I and II, and the Korean and Vietnam Conflicts.
(b) Examples of military actions that are not armed conflicts are as follows:
(2) The incursions into the Dominican Republic in 1965 and into Libya in 1986.
(3) The intervention into Grenada in 1983.

Civilian or contractual group. An organization similarly situated to the Women’s Air Forces Service Pilots (a group of Federal civilian employees attached to the U.S. Army Air Force in World War II). Those organization members rendered service to the U.S. Armed Forces in a manner considered active military service for Department of Veterans Affairs (VA) benefits.

Recognized group. A group whose service the Secretary of the Air Force administratively has determined to have been “active duty for the purposes of all laws administered by the Department of Veterans Affairs”; i.e., VA benefits under 38 U.S.C. 101.

Similarly situated. A civilian or contractual group is similarly situated to the Women’s Air Forces Service Pilots when it existed as an identifiable group at the time the service was being rendered to the U.S. Armed Forces during a period of armed conflict. Persons who individually provided support through civilian employment or contract, but
§ 47.4 Policy.

(a) Eligibility for consideration. To be eligible to apply for consideration under Public Law 95–202 and this part, a group must:

(1) Have been similarly situated to the Women’s Air Forces Service Pilots of World War II.

(2) Have rendered service to the United States in what was considered civilian employment with the U.S. Armed Forces either through formal Civil Service hiring or less formal hiring if the engagement was created under the exigencies of war, or as the result of a contract with the U.S. Government to provide direct support to the U.S. Armed Forces.

(3) Have rendered that service during a period of armed conflict.

(4) Consist of living persons to whom VA benefits can accrue.

(5) Not have already received benefits from the Federal Government for the service in question.

(b) A determination of AD service that is considered to be equivalent to active military service is made on the extent to which the group was under the control of the U.S. Armed Forces in support of a military operation or mission during an armed conflict. The extent of control exerted over the group must be similar to that exerted over military personnel and shall be determined by, but not necessarily limited to, the following:

(i) Incidents favoring equivalency—(1) Uniqueness of service. Civilian service (civilian employment or contractual service) is a vital element of the wartime capability of the Armed Forces. Civilian service during a period of armed conflict is not necessarily equivalent to active military service, even when performed in a combat zone. Service must be beyond that generally performed by civilian employees and must be occasioned by unique circumstances. For civilian service to be recognized under this part, the following factors must be present:

(A) The group was created or organized by U.S. Government authorities to fill a wartime need or, if a group was not created specifically for a wartime need, but existed before that time, then its wartime mission was of a nature to substantially alter the organization’s prewar character.

(B) If the application is based on service in a combat zone, the mission of the group in a combat zone must have been substantially different from the mission of similar groups not in a combat zone.

(ii) Organizational authority over the group. The concept of military control is reinforced if the military command authority determines such things as the structure of the civilian organization, the location of the group, the mission and activities of the group, and the staffing requirements to include the length of employment and pay grades of the members of the group.

(iii) Integration into the military organization. Integrated civilian groups are subject to the regulations, standards, and control of the military command authority.

(A) Examples include the following:

(i) Exchanging military courtesies.

(ii) Exchanging military courtesies.

(iii) Exchanging military clothing, insignia, and devices.

(iv) Exchanging military clothing, insignia, and devices.

(B) A group fully integrated into the military would give the impression that the members of the group were military, except that they were paid and accounted for as civilians.

(C) Integration into the military may lead to an expectation by members of the group that the service of the group imminently would be recognized as active military service. Such integration acts in favor of recognition.

(iv) Subjection to military discipline. During past armed conflicts, U.S. military commanders sometimes restricted the rights or liberties of civilian members as if they were military members.

(A) Examples include the following:

(i) Placing members under a curfew.

(ii) Requiring members to work extended hours or unusual shifts.
(3) Changing duty assignments and responsibilities.
(4) Restricting proximity travel to and from the military installation.
(5) Imposing dress and grooming standards.
(B) Consequences for noncompliance might include a loss of some privilege, dismissal from the group, or trial under military law. Such military discipline acts in favor of recognition.
(v) Subjection to military justice. Military members are subject to the military criminal justice system. During times of war, “persons serving with or accompanying an Armed Force in the field” are subject to the military criminal justice code. Those who were serving with the U.S. Armed Forces may have been treated as if they were military and subjected to court-martial jurisdiction to maintain discipline. Such treatment is a factor in favor of recognition.
(vi) Prohibition against members of the group joining the armed forces. Some organizations may have been formed to serve in a military capacity to overcome the operation of existing laws or treaty or because of a governmentally established policy to retain individuals in the group as part of a civilian force. These factors act in favor of recognition.
(vii) Receipt of military training and/or achievement of military capability. If a group employed skills or resources that were enhanced as the result of military training or equipment designed or issued for that purpose, this acts toward recognition.
(2) Incidents not favoring equivalency—
(i) Submission to the U.S. Armed Forces for protection. A group that seeks protection and assistance from the U.S. Armed Forces and submits to military control for its own well-being is not deemed to have provided service to the Armed Forces equivalent to AD military service, even though the group may have been as follows:
(A) Armed by the U.S. military for defensive purposes.
(B) Routed by the U.S. military to avoid the enemy.
(C) Instructed by the U.S. military for the defense of the group when attacked by, or in danger of attack by, the enemy.
(D) Otherwise submitted themselves to the U.S. military for sustenance and protection.
(ii) Permitted to resign. The ability of members to resign at will and without penalty acts against military control. Penalty may be direct and severe, such as confinement, or indirect and moderate, such as difficult and costly transportation from an overseas location.
(iii) Prior recognition of group service. Recognition of a group’s service by agencies of State or local government does not provide support in favor of recognition under this part.
(3) Status of group in international law. In addition to other factors, consideration will be given to whether members of the group were regarded and treated as civilians, or assimilated to the Armed Forces as reflected in treaties, customary international law, judicial decisions, and U.S. diplomatic practice.
(c) Reconsideration. Applications by groups previously denied a favorable determination by the Secretary of the Air Force shall be reconsidered under this part if the group submits evidence that is new, relevant, and substantive. Any request that the DoD Civilian/Military Service Review Board established hereunder (see §47.5(b)) determines does not provide new, relevant, and substantive evidence shall be returned to the applicant with the reasons for nonacceptance.
(d) Counsel Representation. Neither the Department of Defense nor Department of Transportation shall provide representation by counsel or defray the cost of such representation with respect to any matter covered by this part.
§ 47.5 Responsibilities.
(a) The Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)) shall:
(1) Appoint a primary and an alternate member in the grade of O-6 or GM-15 or higher to the DoD Civilian/Military Service Review Board.
(2) Exercise oversight over the Military Departments and the U.S. Coast Guard for compliance with this Directive and in the issuance of discharge documents and casualty reports to members of recognized groups.
§ 47.5

(b) The Secretary of the Air Force, as the designated Executive Agent of the Secretary of Defense for the administration of Public Law 95–202 shall:

(1) Establish the DoD Civilian/Military Service Review Board and the Advisory Panel.

(2) Appoint as board president a member or employee of the Air Force in grade O–6 or GM–15 or higher.

(3) Request the Secretary of Transportation to appoint an additional voting member from the U.S. Coast Guard when the board is considering the application of a group claiming active Coast Guard service.

(4) Provide a recorder and an assistant to maintain the records of the board and administer the functions of this part.

(5) Provide nonvoting legal advisors and historians.

(6) Publish notices of group applications and other Public Law 95–202 announcements in the FEDERAL REGISTER.

(7) Consider the rationale and recommendations of the DoD Civilian/Military Service Review Board.

(8) Determine whether the service rendered by a civilian or contractual group shall be considered AD service to the U.S. Armed Forces for all laws administered by the VA. The decision of the Secretary of the Air Force is final. There is no appeal.

(9) Notify the following persons in writing when a group determination is made (if the Secretary of the Air Force disagrees with the rationale or recommendations of the board, the Secretary of the Air Force shall provide the decision and reasons for it in writing to these persons):

(i) The applicant(s) for the group.

(ii) The Secretary of the Department of Veterans Affairs.

(iii) The Secretary of the Army.

(iv) The Secretary of the Navy.

(v) The ASD (FM&P).

(vi) The Secretary of Transportation (when a group claims active Coast Guard service).

(c) The Secretary of the Army, Secretary of the Navy, Secretary of the Air Force, and Commandant of the Coast Guard shall:

(1) Appoint to the board a primary and an alternate member in the grades of O–6 or GM–15 or higher from their respective Military Services.

(2) Process applications for discharge documents from individuals claiming membership in a recognized group in accordance with applicable laws, Directives, the Secretary of the Air Force rationale and instrument effecting a group determination, and any other instructions of the board.

(3) Determine whether the applicant was a member of a recognized group after considering the individual’s evidence of membership and verifying the service against available Government records.

(4) Issue a DD Form 214, “Certificate of Release or Discharge from Active Duty,” and a DD Form 256, “Honorable Discharge Certificate,” or a DD Form 257, “General Discharge Certificate,” as appropriate, consistent with DoD Instruction 1336.11 and DoD Directive 1322.142 and the implementing documents of the appropriate statutes of the Military Department concerned or the DoT and the instructions of the DoD Civilian/Military Service Review Board.

(5) Issue a DD Form 1300, “Report of Casualty,” in accordance with DoD Instruction 1300.93 if a verified member was killed during the period of AD service.

(6) Ensure that each DD Form 214, “Certificate of Release or Discharge from Active Duty,” and each DD Form 1300, “Report of Casualty,” have the following statement entered in the “Remarks” section:

This document, issued under Public Law 95–202 (38 U.S.C. 106 Note), administratively establishes active duty service for the purposes of Department of Veterans Affairs benefits.

(7) Determine the equivalent military pay grade, when required by the Department of Veterans Affairs. For VA benefits, a pay grade is needed only in cases when an individual was killed or received service-connected injuries or disease during the recognized period under Public Law 95–202.

Copies may be obtained, if needed, from the U.S. Naval Publications and Forms Center, Attn: 1053, 5801 Tabor Avenue, Philadelphia, PA 19120.

See footnote 1 to §47.5(c)(4).

See footnote 1 to §47.5(c)(4).
Office of the Secretary of Defense

Pt. 47, App. B

of AD service. A DD Form 1300 shall be issued with the equivalent pay grade annotated for a member who died during the recognized period of service. A DD Form 214 shall not include pay grade, unless the Department of Veterans Affairs requests that a grade determination be given. Determinations of equivalent grade shall be based on the following criteria in order of importance:

(i) Officially recognized organizational grade or equivalent rank.

(ii) The corresponding rank for civilian pay grade.

(iii) If neither of the criteria in paragraphs (c)(7) (i) and (ii) of this section, and applies, only one of three grades may be issued; i.e., O–1, E–4, or E–1. Selection depends on the nature of the job performed, the level of supervision exercised, and the military privileges to which the individual was entitled.

(8) Adjudicate applicant challenges to the period of AD service, characterization of service, or other administrative aspects of the discharge documents issued.

§ 47.6 Procedures.

(a) Submitting group applications. Applications on behalf of a civilian or contractual group shall be submitted to the Secretary of the Air Force using the instructions in appendix A to this part.

(b) Processing group applications. When received, the recorder shall review the application for sufficiency and either return it for more information or accept it for consideration and announce acceptance in the FEDERAL REGISTER.

(2) The recorder shall send the application to the appropriate advisory panel for historical review and analysis.

(3) When received, the recorder shall send the advisory panel’s report to the applicant for comment. The applicant’s comments shall be referred to the advisory panel if significant disagreement requires resolution. Additional comments from the historians also shall be referred to the applicant for comment.

(4) The DoD Civilian/Military Service Board shall consider the group application, as established, in paragraph (a) and paragraphs (b) (1) through (3) of this section.

(5) After the Secretary of the Air Force makes a decision, the recorder shall notify the applicant of the decision and announce it in the FEDERAL REGISTER.

(c) Submitting individual applications. When a group is recognized, individual members may apply to the appropriate Military Department or to the Coast Guard for discharge documents. Submit applications on DD Form 2168, “Application for Discharge of Member or Survivor of Member of Group Certified to Have Performed Active Duty with the Armed Forces of the United States.” An application on behalf of a deceased or incompetent member submitted by the next of kin must be accompanied by proof of death or incompetence.

APPENDIX A TO PART 47—INSTRUCTIONS FOR SUBMITTING GROUP APPLICATIONS UNDER PUBLIC LAW 95–202

A. In Submitting a Group Application: 1. Define the group to include the time period that your group provided service to the U.S. Armed Forces.

2. Show the relationship that the group had with the U.S. Armed Forces, the manner in which members of the group were employed, and the services the members of the group provided to the Armed Forces.

3. Address each of the factors in §47.4.

4. Substantiate and document the application. (The burden of proof rests with the applicant.)

B. Send Completed Group Applications To: Secretary of the Air Force (SAF/MRC), DoD Civilian/Military Service Review Board, Washington, DC 20330-1000.

APPENDIX B TO PART 47—THE DoD CIVILIAN/MILITARY SERVICE REVIEW BOARD AND THE ADVISORY PANEL

A. Organization and Management

1. The board shall consist of a president selected from the Department of the Air Force and one representative each from the OSD, the Department of the Army, the Department of the Navy, the Department of the Air Force, and the U.S. Coast Guard (when the group claims active Coast Guard service). Each member shall have one vote except that the president shall vote only to break a tie. The board’s decision is determined by majority vote. The president and two voting members shall constitute a quorum.

2. The advisory panel shall act as a non-voting adjunct to the board. It shall consist
of historians selected by the Secretaries of the Military Departments and, if required, by the Secretary of Transportation. The respective Military Departments and the DOT shall ensure that the advisory panel is provided with administrative and legal support.

B. Functions

1. The board shall meet in executive session at the call of the president, and shall limit its reviews to the following:
   a. Written submissions by an applicant on behalf of a civilian or contractual group. Presentations to the board are not allowed.
   b. Written report(s) prepared by the advisory panel.
   c. Any other relevant written information available.
   d. Factors established in this part for determining AD service.

2. The board shall return to the applicant any application that does not meet the eligibility criteria established in § 47.4(a). The board only needs to state the reasons why the group is ineligible for consideration under this part.

3. If the board determines that an application is eligible for consideration under § 47.4(a), the board shall provide, to the Secretary of the Air Force, a recommendation on the AD service determination for the group and the rationale for that recommendation that shall include, but not be limited to, a discussion of the factors listed in § 47.4.
   a. No factors shall be established that require automatic recognition. Neither the board nor the Secretary of the Air Force shall be bound by any method in reaching a decision.
   b. Prior group determinations made under Public Law 95–202 do not bind the board or the Secretary of the Air Force. The board and the Secretary of the Air Force fully and impartially shall consider each group on its own merits in relation to the factors listed in section D. of this Directive.

PART 48—RETIRED SERVICEMAN’S FAMILY PROTECTION PLAN

Subpart A—General Information

Sec.
48.101 Purpose.
48.102 Definitions.

Subpart B—Election of Options

48.201 Options.
48.202 Limitation on number of annuities.
48.203 Election of options.
48.204 Change or revocation of election.
48.205 Election form.
48.206 Information regarding elections.

Subpart C—Designation of Beneficiaries

48.301 Designation.
48.302 Substantiating evidence regarding dependency and age of dependents.
48.303 Condition affecting entitlement of widow or widower.

Subpart D—Reduction of Retired Pay

48.401 Computation of reduction.
48.402 Effective date of reduction.
48.403 Payment of nonwithheld reduction of retired pay.
48.404 Ages to be used.
48.405 Action upon removal from temporary disability retired list.
48.406 Withdrawal and reduction of percentage or amount of participation.

Subpart E—Annuity

48.501 General information.
48.502 Effective date of annuity.
48.503 Claims for annuity payments.
48.504 Payment to children.
48.505 Establishing eligibility of annuitants.
48.506 Recovery of erroneous annuity payments.
48.507 Restriction on participation.
48.508 Certain 100 percent disability retirees.

Subpart F—Miscellaneous

48.601 Annual report.
48.602 Organization.
48.603 Correction of administrative deficiencies.
48.604 Transition and protective clauses.

SOURCE: 34 FR 12092, July 18, 1969, unless otherwise noted.

Subpart A—General Information

§ 48.101 Purpose.

The purpose of the Retired Serviceman’s Family Protection Plan is to permit each member of the uniformed services to elect to receive a reduced amount of any retired pay which may be awarded him as a result of service in his uniformed service in order to provide an annuity payable after his death (while entitled to retired pay) to his widow, child, or children, subject to certain limitations specified in the law and elaborated in the regulations in this part.
Office of the Secretary of Defense § 48.102

§ 48.102 Definitions.

(a) The terms Plan or RSFPP as hereinafter used means the Retired Serviceman’s Family Protection Plan (formerly called the Uniformed Services Contingency Option Act).

(b) The term uniformed services means the Army, Navy, Air Force, Marine Corps, Coast Guard, Commissioned Corps of Environmental Science Services Administration, and Commissioned Corps of Public Health Service.

(c) The term member means a commissioned officer, commissioned warrant officer, warrant officer, nurse, flight officer, or a person in an enlisted grade (including an aviation cadet) of any of the uniformed services, and a person in any of these categories who is entitled to or is in receipt of retired pay, except persons excluded in title 10, U.S. Code, section 1431(a), as amended.

(d) The term widow includes widower and refers to the lawful spouse of the member on the date of retirement with pay.

(e) The term child means, in all cases, a member’s child, who is living on the date of retirement of the member with pay and who meets the following requirements:

1. A legitimate child under 18 years of age and unmarried.
2. A stepchild, under 18 years of age and unmarried, who is in fact dependent on the member for support (see paragraphs (f) and (g) of this section).
3. A legally adopted child, under 18 years of age and unmarried.
4. A child, as defined above, who is 18 or more years of age and unmarried, and who is incapable of self-support because of being mentally defective or physically incapacitated if that condition existed prior to reaching age 18.
5. A child as defined above, who is at least 18, but under 23 years of age and unmarried, who is pursuing a full-time course of study or training in a high school, trade school, technical or vocational institute, junior college, college, university, or comparable recognized educational institution. (Applicable only in the case of members who retired on or after Nov. 1, 1968).
6. A child loses his eligibility for an annuity under this part if he is adopted by a third person after the parent-member’s death. His eligibility is not affected if he is adopted by a third person after the parent-member’s death (36 Comp. Gen. 325).

(f) The term stepchild means a child of a member’s spouse by a former marriage. The stepchild relationship terminates upon the divorce of the parent spouse, but not upon the death of the parent spouse.

(g) The term in fact dependent means that the stepchild must be dependent on the member for over half of his or her support.

(h) The term retirement means retirement with eligibility to receive retired pay.

(i) The term retired pay includes retired, retirement, equivalent and retainer pay awarded as a result of service in the uniformed services.

(j) The term reduced retired pay means the retired pay remaining after the cost of participation in RSFPP has been subtracted.

(k) The term department concerned means (1) the Department of the Army with respect to the Army, (2) the Department of the Navy with respect to the Navy and Marine Corps, (3) the Department of the Air Force with respect to the Air Force, (4) the Department of Transportation with respect to the Coast Guard, (5) the Department of Commerce with respect to the Environmental Science Services Administration, and (6) the Department of Health, Education, and Welfare with respect to the Public Health Service.

(l) The term dependent means the prospective annuitants described in paragraphs (d) and (e) of this section.

(m) The term Board of Actuaries means the Government Actuary in the Department of the Treasury, the Chief Actuary of the Social Security Administration, and a member of the Society of Actuaries appointed by the President to advise the Secretary of Defense on the administration of the Plan.

(n) The term Joint Board means representatives of the uniformed services appointed under the provisions of §48.602.

(o) The term years of service means years of service creditable in the computation of basic pay.

(p) The term election means the choice of options made by the member under the RSFPP. This term includes a
modification of a previous election or an election submitted after a revocation of a previous option(s) elected.

(q) The term elections in effect means valid elections existing on the day of retirement.

(r) A recognized educational institution is defined as a high school, trade school, technical or vocational institute, junior college, college, university, or comparable recognized educational institution which meets one or more of the following criteria:

(1) It is operated or directly supported by the United States, or a State, or local governmental agency.

(2) It is accredited by a nationally recognized or State recognized accrediting agency.

(3) It is approved as an educational institution by a State or local governmental agency.

(4) Its credits are accepted for transfer (or for admission) by three or more accredited schools on the same basis as credits from an accredited school.

Subpart B—Election of Options

§ 48.201 Options.

As provided in §48.203, a member may elect one or more of the following annuities. The amount must be specified at time of election, and may not be for more than 50 per centum nor less than 12 1/2 per centum of his retired pay, in no case may be less than a $25 monthly annuity be elected. If the election is made in terms of dollars, the amount may be more than 50 per centum of the retired pay that he would receive if he were to retire at the time of election; however, if such elected amount exceeds 50 per centum of his retired pay when he does retire, it shall be reduced to an amount equal to such 50 per centum. Also, if the dollar amount elected is less than 12 1/2 per centum of his retired pay when he does retire, it shall be increased to an amount equal to such 12 1/2 per centum.

(a) Option 1 is an annuity payable to or on behalf of his widow, the annuity to terminate upon her death or remarriage.

(b) Option 2 is an annuity payable to or on behalf of his surviving child or children as defined in §48.102, the annuity to terminate when there ceases to be at least one such surviving child eligible to receive the annuity. Each payment under such annuity shall be paid in equal shares to or on behalf of the surviving children remaining eligible at the time the payment is due. A member who had this option in effect on the date of retirement, and who retired on or after November 1, 1968, may apply to the Secretary concerned to have a child (other than a child described in §48.102(e)(4)) who is at least 18 but less than 23 years of age considered not to be an eligible beneficiary under this paragraph (b) or §48.202. Normally such applications will be approved.

(c) Option 3 is an annuity to or on behalf of his widow and surviving child or children. Such annuity shall be paid to the widow until death or remarriage, and thereafter each payment under such annuity shall be paid in equal shares to or on behalf of the surviving children remaining eligible at the time the payment is due. A member may provide for allocating, during the period of the surviving spouse’s eligibility, a part of the annuity under this subpart B for payment to those of his surviving children who are not children of that spouse. The sum allotted will not exceed the equitable share for which such children would be eligible after the death of the widow.

(d) When no eligible beneficiary remains to benefit from the option elected, the member’s retired pay will be restored (except as provided in §48.604, for certain members retired before Aug. 13, 1968). All elections on file on Aug. 13, 1968, for members not entitled to receive retired pay will be considered to include the restoration feature with attendant cost factors being applied at time of retirement. For the purpose of this paragraph, a child (other than a child described in §48.102(e)(4)) who is at least 18 but less than 23 years of age, and is not pursuing a course of study as defined in §48.102(e)(5), shall be considered an eligible beneficiary unless an approved application by the member pursuant to §48.201(b) that such a child is not to be considered an eligible beneficiary is in effect (for members who retire on or after Nov. 1, 1968).
§ 48.202 Limitation on number of annuities.

When a member desires to provide both the annuity provided by Option 1 and Option 2, he may elect amounts that, in total, meet the limitations specified in § 48.201. The cost of each annuity, and the amount of each annuity shall be determined separately. A member may not elect the combination of Options 1 and 3 or Options 2 and 3 in any case. The combined amount of the annuities may not be more than 50 per centum nor less than 12 1/2 per centum of his retired pay. In no case may less than a $25 per month combined annuity be provided.

§ 48.203 Election of options.

(a) A member who has completed less than 19 years of service as defined in § 48.102(o) may elect to receive a reduced amount of retired pay in order to provide one or more of the annuities as specified in §§ 48.201 and 48.202, payable after his death while entitled to retired pay to or on behalf of his surviving widow, child, or children. To be effective, the election by such a member must be dated, signed, witnessed, and delivered to appropriate service officials, or postmarked not later than midnight on the day in which he completes 19 years of service. Such an election will become effective immediately upon subsequent retirement. The latest election, change, or revocation made in accordance with this subsection will, if otherwise valid, be the effective election, unless superseded by a change as provided in paragraph (b) of this section.

(b) Except as provided in paragraph (c) of this section, a member who fails or declines to make an election before completion of 19 years of service may make an election after that time. However, unless the election is made at least 2 years prior to the date the member becomes entitled to receive retired pay, it will not be effective. The same applies to subsequent changes or revocations made prior to retirement.

(c) If an election, revocation, or change was made prior to August 13, 1968, the 19-year and 2-year provisions are automatically in effect on August 13, 1968, for members who were not entitled to retired pay on such date, unless the member applies under § 48.604(d) to remain under the provisions of the law prior to August 13, 1968. In this case the “18 years of service” and “3 years prior to receipt of retired pay” rules will apply.

(d) A member retired for physical disability on or after November 1, 1968 who is awarded retired pay prior to completion of 19 years of service may make an election which is subject to the restrictions set forth in § 48.507. The election by such member shall be made before the first day for which he is entitled to retired pay. Elections made under this paragraph prior to November 1, 1968, must be made by the member retiring for physical disability prior to completing 18 years.

(e) If, because of military operations, a member is assigned to an isolated station, or is missing, interned in a neutral country, captured by a hostile force, or beleaguered or besieged, and for that reason is unable to make an election before completing 19 years of service, he may make the election within 1 year after he ceases to be assigned to that station or returns to the jurisdiction of his service as the case may be, and such election shall become effective immediately upon subsequent retirement.

(f) A member to whom retired pay is granted retroactively, and who is otherwise eligible to make an election, may make the election within 90 days after receiving notice that such pay has been granted him.

(g) Whenever a member is determined to be mentally incompetent by medical officers of the uniformed services or of the Veterans Administration, or is adjudged mentally incompetent by a court of competent jurisdiction and because of such mental incompetency is incapable of making any election within the time limitations prescribed by the Plan, the Secretary of the Department concerned may make the appropriate election on behalf of such member upon request of the spouse, or if there be no spouse, by or on behalf of the child or children of such member. If such member is subsequently determined to be mentally competent by the Veterans Administration or a court of competent jurisdiction, he may, within 180 days after such determination or.
judgment, change or revoke the election made on his behalf. In such a case, the change or revocation will be effective on the date of the member’s request for such change or revocation. Deductions previously made shall not be refunded.

(b) All elections on file on August 13, 1968, for members not entitled to receive retired pay shall be subject to the provisions of this section unless the member makes the application specified in §48.604(d).

(i) A person who was a former member of the armed forces on November 1, 1953, and who is granted retired pay after that date, may, at the time he is granted that pay, make an election as provided in §48.201.

§ 48.204 Change or revocation of election.

(a) A change of election is a change in the amount of the annuity or annuities under any option, or a change in any option or options selected. A revocation is a cancellation of a previous election and constitutes a withdrawal from coverage under the Plan.

(b) A member may change or revoke his election as often as he desires prior to the completion of 19 years of service. Such a change or revocation must be dated, signed, witnessed, and delivered to appropriate service officials, or postmarked not later than midnight on the day in which the member completes 19 years of service. The latest election, change, or revocation which is submitted in accordance with this subsection will be effective at retirement.

(c) A member who desires to make an election or change or revoke his election after he has completed 19 years of service may do so prior to his retirement. However, such an election, change or revocation will be effective only if at least 2 years elapse between the date of the election, change, or revocation and the date of eligibility to receive retired pay.

(d) A revocation will not prohibit the filing of a new election at a later date which will become valid under applicable validation provisions.

(e) A member may, on or after November 1, 1968, at any time prior to his retirement, change or revoke his election (provided the change does not increase the amount of the annuity elected) to reflect a change in the marital or dependency status of the member of his family caused by death, divorce, annulment, remarriage, or acquisition of a child, if such change or revocation is made within 2 years of such change in status.

(f) Notification of a change in family status is not a change of election.

(g) All changes and revocations on file on August 13, 1968, for members not entitled to retired pay shall be subject to the provisions of this section unless the member makes the application specified in §48.604(d).

§ 48.205 Election form.

The form for making election after October 31, 1968, is prescribed as Election of Options, Retired Serviceman’s Family Protection Plan, DD Form 1688. It will be submitted as directed herein. All copies will be signed, and any otherwise complete, signed copy, when properly submitted, may be used to substantiate the fact of election, modification, revocation, or change in family status.

§ 48.206 Information regarding elections.

(a) All members of the Reserve component who will have accumulated sufficient service to be eligible for retired pay at age 60, will be counseled on the Plan before reaching their 57th birth dates in order to insure that valid elections can be made prior to their 58th birth dates. An election, modification, or revocation submitted subsequent to attaining age 58 will be valid only if it is made and submitted at least 2 years prior to the first date for which retired pay is granted.

(b) It is the responsibility of the department concerned to provide election forms and to promulgate information concerning the benefits of the Plan to all members so as to allow a timely election.

(c) Members retiring for physical disability prior to the completion of 19

1Filed as part of the original document. Copies may be obtained from Military Personnel Office.
years of service will, prior to retirement, be counseled and furnished information concerning the operation of the Plan.

Subpart C—Designation of Beneficiaries

§ 48.301 Designation.

(a) All legal beneficiaries described in § 48.102 must be named at the date of retirement pursuant to the option elected. Although a member without dependents may make an election, it will not be effective unless he has eligible dependents at the time of his retirement.

(b) When a change in family status occurs prior to retirement which would effect a change as provided in § 48.204(e), new DD Form 1688, Election of Options, Retired Servicemen’s Family Protection Plan, should be filed to evidence such change.

§ 48.302 Substantiating evidence regarding dependency and age of dependents.

At the time of submitting the election, or prior to retirement, the member must indicate his wife’s and youngest child birth date as applicable to the option elected. At or before the time of his retirement, he must submit proof of final dissolution of prior marriages, if any, both for himself and his spouse. The age of the dependents must be substantiated by a birth certificate or other competent evidence. The birth date of a member must be verified by his service record. All required substantiating evidence must be at the disbursing office which would normally pay the member retired pay or retainer pay immediately following retirement so as to permit the establishment of accurate pay accounts and to prevent the creation of indebtedness or over-payments.

§ 48.303 Condition affecting entitlement of widow or widower.

A member may have a different lawful spouse at the time of retirement from the lawful spouse he had at the time of election. The lawful spouse at the time of retirement is the spouse eligible for an annuity at the time of member’s death. Divorce of the member will remove the former spouse as a prospective annuitant.

Subpart D—Reduction of Retired Pay

§ 48.401 Computation of reduction.

(a) The reduction to be made in the retired pay of a member who has made an election shall be computed by the uniformed service concerned in each individual case, based upon tables of factors prepared by the Board of Actuaries. The computation shall be based upon the applicable table in effect on the date of retirement.

(b) An adjustment may be made in the reduction of retired pay upon the finding of an administrative error or a mistake of fact (see § 48.603).

(c) If a member elects to be covered by option 3, and on the date he is awarded retired pay has no children eligible to receive the annuity, or has only a child or children aged 18–22 (other than a child described in § 48.102(e)(4) and elects, at retirement, that such child or children shall not be considered to be eligible beneficiaries, he shall have his costs computed as though he had elected option 1. If he elects option 3, and on the date he is awarded retired pay has no wife eligible for the annuity, he shall have his costs computed as though he had elected option 2.

(d) If a member elects option 3, and after he becomes entitled to retired pay, there is no eligible spouse because of death or divorce, upon the retired member’s application, no deductions from his retired pay shall be made after the last day of the month in which there ceases to be an eligible spouse. Children otherwise eligible will continue to be eligible for the annuity in event of the member’s death. No amounts by which the member’s retired pay is reduced before that date may be refunded to or credited on behalf of that person.

(e) The amount of reduction in retired pay and the annuity payable established for each individual at the time of his retirement shall remain unaltered except as provided in § 48.203(g), paragraphs (b) and (d) of this
§ 48.402 Effective date of reduction.

The effective date of reduction in retired pay will be the effective date of retirement with pay. The reduction in retired pay will be terminated on the date the member ceases to be entitled to retired pay or on the first day of the month following that in which there is no eligible beneficiary (for exception to this rule see § 48.604).

§ 48.403 Payment of nonwithheld reduction of retired pay.

(a) A member of a uniformed service who is entitled to retired pay and has made an election shall, during any period in which he is not receiving retired pay (including periods of active duty), deposit the amount which would have been withheld from his retired pay had he been receiving that pay.

(b) Such deposit will be payable to Treasurer of the United States and shall be forwarded monthly to the disbursing office which would normally pay the member his retired pay.

(c) The disbursing office will in all cases inform the member of the amount to be deposited and when such deposits are to be made.

(d) In the event deposits are not made within 30 days of the due date, the disbursing office will inform the member concerned that he is delinquent from such due date and thereafter his designated beneficiaries will not be eligible for the annuity provided under the Plan until the arrears have been paid. The notification of delinquency will advise the member that 15 additional days have been granted to him in which to remit his deposit, and that if the arrears are not deposited within that period, the member will be charged interest to include the first day of delinquency. No case will the expiration date of the 15 days exceed a date later than 45 days from the date the deposit was due. The interest will be computed monthly and the rate will be that used in computing the cost tables in effect on the date of the member’s retirement. If such member later becomes in receipt of retired pay, any arrears with compound interest will be withheld.

§ 48.404 Ages to be used.

Ages to be used for calculating reductions of retired pay will be the ages of the member and his eligible dependents on their nearest birth dates as of the date of the member’s retirement.

§ 48.405 Action upon removal from temporary disability retired list.

(a) Any member on the temporary disability retired list established pursuant to title 10, United States Code, chapter 61, who has elected to receive reduced retired pay in order to provide one or more of the annuities specified in the Plan, and who is subsequently removed from the list due to any reason other than permanent retirement, shall have refunded to him a sum which represents the difference between the amount by which his retired pay has been reduced and the cost of an amount of term insurance which is equal to the protection provided his dependents during the period he was on the temporary disability retired list.

(b) If the member concerned is returned to active duty, his election as previously made will continue or he may change or revoke the election as provided in § 48.204.

(c) Time creditable for the purpose of the two year interval required to make a change, revocation or new election valid includes service before, during, and after temporary disability retirement. (See §§ 48.203 and 48.204 and Comptroller Decision B–144158, Dec. 23, 1960.) Active duty after removal from a temporary disability retired list is a necessity in such a case.

§ 48.406 Withdrawal and reduction of percentage or amount of participation.

A retired member who is participating in the Plan may revoke his election and withdraw from participation, or he may reduce the amount of the survivor annuity; however, an approved withdrawal or reduction will not be effective earlier than the first day of the seventh month beginning after the date his application is received by the Finance Center controlling his pay record. (For special rules covering participating members retired before Aug. 13, 1968, without option 4, see § 48.604.)
No application for reduction will be approved which requests a change in options. A request to reduce an annuity or to withdraw from the Plan is irrevocable, and a retired member who withdraws may never again participate in the Plan. Approval of a request for a reduction will not be made when such reduction results in an annuity of less than 12 1/2 per centum of the member’s retired pay or less than a $25 monthly annuity. The new cost, after such reduction in survivor annuity, will be computed from the applicable cost table at the time of retirement. No amounts by which a member’s retired pay is reduced may be refunded to, or credited on behalf of, the member by virtue of an application made by him under this section.

Subpart E—Annuity

§ 48.501 General information.
Except as provided in § 48.506(a), no annuity payable under the Plan shall be assignable, or subject to execution, levy, attachment, garnishment, or other legal process. Annuities payable under this Plan shall be in addition to any pensions or other payments to which the beneficiaries may now or hereafter be entitled under other provisions of law (except as provided in § 48.507), and may not be considered as income under any law administered by the Veterans Administration, except for the purpose of title 38 U.S. Code, section 415(g) and chapter 15.

§ 48.502 Effective date of annuity.
All annuities payable under this Plan except those payable to beneficiaries described in § 48.102(e)(5) shall accrue from the first day of the month in which the retired member dies and shall be due and payable not later than the 15th day of each month following that month and in equal monthly instalments thereafter, except that no annuity shall accrue or be paid for the month in which entitlement to that annuity terminates.

§ 48.503 Claims for annuity payments.
Upon official notification of the death of a retired member who has elected under the Plan, the department concerned shall forward to the eligible surviving beneficiaries the necessary information and forms (DD Form 768, Application for Annuity Under Retired Serviceman’s Family Protection Plan) for making application for annuity payments. Such information shall include the place to which the application should be forwarded and to which questions regarding annuity payments should be addressed.

§ 48.504 Payment to children.
(a) Annuities for a child or children will be paid to the child’s guardian, or if there is no guardian, to the person(s) who has care, custody, and control of the child or children.
(b) Annuities payable to or on behalf of an eligible child as defined in § 48.102(e)(5) accrue as of the first day of the month in which—
   (1) The member (upon whose retired pay the annuity is based) dies if the eligible child’s 18th birthday occurs in the same or a preceding month, or
   (2) The 18th birthday of an eligible child occurs if the member (upon whose retired pay the annuity is based) died in a preceding month, or
   (3) A child first becomes (or again becomes) eligible, if that eligible child’s 18th birthday and the death of the member (upon whose retired pay the annuity is based) both occurred in a preceding month or months. An eligible child under this paragraph might become ineligible at age 18 and again become eligible by furnishing proof of pursuit of a full time course of study or training as enumerated in § 48.102(e)(5).

§ 48.505 Establishing eligibility of annuitants.
(a) Eligibility for the annuity will be established by such evidence as may be required by the department concerned.
(b) If a child as defined in § 48.102(e)(4) is a designated annuitant, the department concerned shall require proof that the incapacity for self-support existed prior to the child’s reaching age 18. Proof that continued incapacity exists will be required every 2 years after the child passes the age of 18 years, except in a case where medical prognosis indicates recovery is impossible.
(c) If a child as defined in § 48.102(e)(5) is a designated annuitant, as specified
§48.506 Recovery of erroneous annuity payments.

(a) The Secretary of the Department concerned is empowered to use any means provided by law to recover amounts of annuities erroneously paid to any individual under the Plan. He may authorize such recovery by adjustment in subsequent payments to which the individual is entitled.

(b) There need be no recovery when in the judgment of the Secretary of the Department concerned and the Comptroller General of the United States, the individual to whom the erroneous payment was made is without fault and recovery would be contrary to the purpose of the Plan or would be against equity and good conscience.

§48.507 Restriction on participation.

(a) If a person who has made an election under the Plan retires with a physical disability before the completion of 19 years of service and then dies in retirement, his widow and eligible children can receive monthly survivor annuities only if they are not eligible for Dependency and Indemnity Compensation payments from the Veterans Administration. If either the widow or children are eligible for dependency and indemnity compensation payments, then payment of annuities under the Plan may not be made to any member of the family. If the retired member’s death was not service connected and his widow or children are not eligible for payments from the Veterans Administration, they may receive the provided annuity payments under the Plan.

(b) If the beneficiaries on whose behalf the election was made are restricted as in paragraph (a) of this section, from receiving annuities, the amounts withheld from the elector’s retired pay as a result of the election will be refunded to the beneficiaries, less the amount of any annuity paid, and without interest.

(c) Upon notification of the death of the member in such a case, the department concerned will take the following actions:

(1) Notify the Central Office of the Veterans Administration of the death of the member and request that the department concerned be advised if an award is made under chapter 11 or 13, title 38 U.S. Code.

(2) Request the Central Office of the Veterans Administration to forward to the eligible widow and/or children an application form for survivor benefits under chapter 11 or 13, title 38 U.S. Code, with instructions for completion and submission.

§48.508 Certain 100 percent disability retirement.

An election filed on or after August 13, 1968 is not effective if the member dies within 30 days following retirement from a disability of 100 percent (under the standard schedule of rating disabilities in use by the Veterans Administration) for which he was retired under chapter 61, title 10 U.S. Code, unless—

(a) Such disability was the result of injury or disease received in line of duty as a direct result of armed conflict, or

(b) His widow or children are not entitled to dependency and indemnity compensation under chapter 13, title 38 U.S. Code.

Subpart F—Miscellaneous

§48.601 Annual report.

Information and data for the preparation of the annual report of the Board of Actuaries will be compiled by the Office of the Secretary of Defense after promulgation of appropriate instructions to each of the uniformed services.
These instructions will be in consonance with Executive Order 10499 directing the Secretary of Defense to administer the provisions of the law.

§ 48.602 Organization.

(a) The Joint Board for the Retired Serviceman’s Family Protection Plan shall consist of a principal and alternate member for each of the uniformed services appointed by the Department Secretary concerned. Alternate members will be authorized to act in the absence of the principal. The Board shall meet on call of the Chairman. A quorum shall consist of representatives of at least four of the participating services.

(b) The Board shall establish procedures for the orderly conduct of business to be approved by the Assistant Secretary of Defense (Manpower and Reserve Affairs).

(c) The duties of the Board will include but not be limited to the following:

(1) Making recommendations to the Secretary of Defense for:
   (i) Changes to the Executive order delegating to him functions conferred on the President by law,
   (ii) Changes to these regulations,
   (iii) Changes to the law, and
   (iv) Measures to insure uniform operating policies.

(2) Promulgating tables of annuity costs as prescribed by the Board of Actuaries.

(3) Promulgating cost of term insurance as required in § 48.405.

(d) The Chairmanship of the Joint Board will be designated by the Assistant Secretary of Defense (Manpower and Reserve Affairs).

§ 48.603 Correction of administrative deficiencies.

(a) The Secretary of the Department concerned may correct any election or any change or revocation of an election when he considers it necessary to correct an administrative error. Information on such corrections shall be compiled by each department for inclusion in the report prescribed by § 48.601.

(b) Except when procured by fraud, a correction under the section is final and conclusive on all officers of the United States.

(c) Information on all corrections to elections under this Plan which are made under title 10, section 1552, United States Code, shall be compiled and this information forwarded to the Board of Actuaries for an actuarial analysis.

§ 48.604 Transition and protective clauses.

(a) A retired member who is participating in the Plan without inclusion of former option 4, which provided for restoration of retired pay when no eligible beneficiary remained in his election, may before September 1, 1969, elect to have that option included in his election. The election to include such option 4 becomes effective on the first day of the month following the month in which that election was made. The retired member must on or before the effective date agree to pay to the Treasury both the total additional amount to cover the option had it been effective when he retired, and the interest which would have accrued on the additional amount up to the effective date of the new option 4. No such additional amount (except interest) shall accrue for months after the first month for which the individual had no eligible beneficiary. However, if undue hardship or financial burden would result, payments may be made in from 2 to 12 monthly installments when the monthly amount involved is $25 or less, or in from 2 to 36 installments when the monthly amounts involved exceed $25. No amounts by which a member’s retired pay was reduced may be refunded to, or credited on behalf of, the retired member by virtue of an application made by him under this section. A retired member who does not make the additional election provided under this section within the time limits will not be allowed to reduce an annuity or withdraw from participation in the Plan as provided by § 48.406.

(b) Members who have elected and are not yet retired will automatically participate under the provisions of § 48.201.

(c) Elections in effect on August 13, 1968, will remain under the cost tables applicable on the date of the member’s retirement.
(d) Any member who has filed an election, modification, or revocation prior to August 13, 1968, may before September 1, 1969, submit a written application to the Secretary concerned requesting that such election, modification, or revocation remain under the time-of-election provisions of the law applicable on the date it was filed.

PART 50—PERSONAL COMMERCIAL SOLICITATION ON DOD INSTALLATIONS

GENERAL PROVISIONS

Sec.
50.1 Purpose.
50.2 Applicability.
50.3 Definitions.
50.4 Policy.
50.5 Responsibilities.
50.6 Procedures.
50.7 Information requirements.

APPENDIX A TO PART 50—LIFE INSURANCE PRODUCTS AND SECURITIES

APPENDIX B TO PART 50—OVERSEAS LIFE INSURANCE REGISTRATION PROGRAM

AUTHORITY: 5 U.S.C. 301.

SOURCE: 71 FR 38764, July 10, 2006, unless otherwise noted.

GENERAL PROVISIONS

§ 50.1 Purpose.

This part:
(a) Implements section 577 of Public Law No. 109–163 (2006) and establishes policy and procedures for personal commercial solicitation on DoD installations.
(b) Continues the established annual DoD registration requirement for the sale of insurance and securities on DoD installations overseas.
(c) Identifies prohibited practices that may cause withdrawal of commercial solicitation privileges on DoD installations and establishes notification requirements when privileges are withdrawn.
(d) Establishes procedures for persons solicited on DoD installations to evaluate solicitors.
(e) Prescribes procedures for providing financial education programs to military personnel.

§ 50.2 Applicability.

This part:
(a) Applies to the Office of the Secretary of Defense, the Military Departments, the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities in the Department of Defense (hereafter referred to collectively as the “DoD Components”).
(b) Does not apply to services furnished by residential service companies, such as deliveries of milk, laundry, newspapers, and related services to personal residences on the installation requested by the resident and authorized by the installation commander.
(c) Applies to all other personal commercial solicitation on DoD installations. It includes meetings on DoD installations of private, non-profit, tax-exempt organizations that involve commercial solicitation. Attendance at these meetings shall be voluntary and the time and place of such meetings are subject to the discretion of the installation commander or his or her designee.

§ 50.3 Definitions.

Agent. An individual who receives remuneration as a salesperson or whose remuneration is dependent on volume of sales of a product or products. (Also referred to as “commercial agent” or “producer”). In this part, the term “agent” includes “general agent” unless the content clearly conveys a contrary intent.

“Authorized” Bank and/or Credit Union. Bank and/or credit union selected by the installation commander through open competitive solicitation to provide exclusive on-base delivery of financial services to the installation under a written operating agreement.

Banking institution. An entity chartered by a State or the Federal Government to provide financial services.

Commercial sponsorship. The act of providing assistance, funding, goods, equipment (including fixed assets), or services to an MWR program or event by an individual, agency, association,
Office of the Secretary of Defense § 50.5

company or corporation, or other entity (sponsor) for a specified (limited) period of time in return for public recognition or advertising promotions. Enclosure 9 of DoD Instruction 1015.10\(^1\) provides general policy governing commercial sponsorship.

Credit union. A cooperative nonprofit association, incorporated under the Credit Union Act (12 U.S.C. 1751), or similar state statute, for the purpose of encouraging thrift among its members and creating a source of credit at a fair and reasonable rate of interest.

**DoD installation.** For the purposes of this part, any Federally owned, leased, or operated base, reservation, post, camp, building, or other facility to which DoD personnel are assigned for duty, including barracks, transient housing, and family quarters.

**DoD personnel.** For the purposes of this part, all active duty officers (commissioned and warrant) and enlisted members of the Military Departments and all civilian employees, including nonappropriated fund employees and special Government employees, of the Department of Defense.

Financial services. Those services commonly associated with financial institutions in the United States, such as electronic banking (e.g., ATMs), in-store banking, checking, share and savings accounts, fund transfers, sale of official checks, money orders and travelers checks, loan services, safe deposit boxes, trust services, sale and redemption of U.S. Savings Bonds, and acceptance of utility payments and any other consumer-related banking services.

General agent. A person who has a legal contract to represent a company. See the definition of “Agent” in this section.

Insurance carrier. An insurance company issuing insurance through an association reinsuring or coinsuring such insurance.

Insurance product. A policy, annuity, or certificate of insurance issued by an insurer or evidence of insurance coverage issued by a self-insured association, including those with savings and investment features.

Insurer. An entity licensed by the appropriate department to engage in the business of insurance.

Military services. See Joint Publication 1–02, “DoD Dictionary of Military and Associated Terms.”

Normal home enterprises. Sales or services that are customarily conducted in a domestic setting and do not compete with an installation’s officially sanctioned commerce.

Personal commercial solicitation. Personal contact, to include meetings, meals, or telecommunications contact, for the purpose of seeking private business or trade.

Securities. Mutual funds, stocks, bonds, or any product registered with the Securities and Exchange Commission except for any insurance or annuity product issued by a corporation subject to supervision by State insurance authorities.

Suspension. Temporary termination of privileges pending completion of a commander’s inquiry or investigation.

Withdrawal. Termination of privileges for a set period of time following completion of a commander’s inquiry or investigation.

§ 50.4 Policy.

(a) It is DoD policy to safeguard and promote the welfare of DoD personnel as consumers by setting forth a uniform approach to the conduct of all personal commercial solicitation and sales to them by dealers and their agents. For those individuals and their companies that fail to follow this policy, the opportunity to solicit on military installations may be limited or denied as appropriate.

(b) Command authority includes authority to approve or prohibit all commercial solicitation covered by this part. Nothing in this part limits an installation commander’s inherent authority to deny access to vendors or to establish time and place restrictions on commercial activities at the installation.

§ 50.5 Responsibilities.

(a) The Principal Deputy Under Secretary of Defense for Personnel and

\(^1\)Copies may be obtained at http://www.dtic.mil/whs/directives/.

§ 50.6  Procedures.

(a) General. (1) No person has authority to enter a DoD installation to transact personal commercial solicitation as a matter of right. Personal commercial solicitation may be permitted only if the following requirements are met:

(i) The solicitor is duly licensed under applicable Federal, State, or municipal laws and has complied with installation regulations.

(ii) A specific appointment has been made for each meeting with the individual concerned. Each meeting is conducted only in family quarters or in other areas designated by the installation commander.

(iii) The solicitor agrees to provide each person solicited the personal commercial solicitation evaluation included in DD Form 2885 during the initial appointment. The person being solicited is not required to complete the evaluation. However, completed evaluations should be sent by the person who was solicited to the office designated by the installation commander on the back of the evaluation form.

(iv) The solicitor agrees to provide DoD personnel with a written reminder, prior to their making a financial commitment, that free legal advice is available from the Office of the Staff Judge Advocate.

(b) Life insurance products and securities. (1) Life insurance products and securities offered and sold to DoD personnel shall meet the prerequisites described in § 50.3.

(2) Installation commanders may permit insurers and their agents to solicit on DoD installations if the requirements of paragraph (a) of this section are met and if they are licensed under the insurance laws of the State where the installation is located. Commanders will ensure the agent’s license status and complaint history are checked with the appropriate State or Federal regulators before granting permission to solicit on the installation.

(3) In addition, before approving insurance and financial product agents’ requests for permission to solicit, commanders shall review the list of agents and companies currently barred, banned, or limited from soliciting on any or all DoD installations. This list may be viewed via the Personal Commercial Solicitation Report “quick link” at http://www.commanderspage.com. In overseas areas, the DoD Components shall limit insurance solicitation to those insurers registered under the provisions of appendix B to this part.

Copies may be obtained from http://www.dtic.mil/whs/directives/forms/forminfopage2239.html.
(4) The conduct of all insurance business on DoD installations shall be by specific appointment. When establishing the appointment, insurance agents shall identify themselves to the prospective purchaser as an agent for a specific insurer.

(5) Installation commanders shall designate areas where interviews by appointment may be conducted. The opportunity to conduct scheduled interviews shall be extended to all solicitors on an equitable basis. Where space and other considerations limit the number of agents using the interviewing area, the installation commander may develop and publish local policy consistent with this concept.

(6) Installation commanders shall make disinterested third-party insurance counseling available to DoD personnel desiring counseling. Financial counselors shall encourage DoD personnel to seek legal assistance or other advice from a disinterested third-party before entering into a contract for insurance or securities.

(7) In addition to the solicitation prohibitions contained in paragraph (d) of this section, DoD Components shall prohibit the following:

(i) The use of DoD personnel representing any insurer, dealing directly or indirectly on behalf of any insurer or any recognized representative of any insurer on the installation, or as an agent or in any official or business capacity with or without compensation.

(ii) The use of an agent as a participant in any Military Service-sponsored education or orientation program.

(iii) The designation of any agent or the use by any agent of titles (for example, “Battalion Insurance Counselor,” “Unit Insurance Advisor,” “Servicemen’s Group Life Insurance Conversion Consultant,”) that in any manner, states, or implies any type of endorsement from the U.S. Government, the Armed Forces, or any State or Federal agency or government entity.

(iv) The use of desk space for interviews for other than a specific pre-arranged appointment. During such appointment, the agent shall not be permitted to display desk signs or other materials announcing his or her name or company affiliation.

(v) The use of an installation “daily bulletin,” marquee, newsletter, Web page, or other official notice to announce the presence of an agent and/or his or her availability.

(c) Supervision of on-base commercial activities. (1) All pertinent installation regulations shall be posted in a place easily accessible to those conducting and receiving personal commercial solicitation on the installation.

(2) The installation commander shall make available a copy of installation regulations to anyone conducting on-base commercial solicitation activities warning that failure to follow the regulations may result in the loss of solicitation privileges.

(3) The installation commander, or designated representative, shall inquire into any alleged violations of this part or of any questionable solicitation practices. The DD Form 2885 is provided as a means to supervise solicitation activities on the installation.

(d) Prohibited practices. The following commercial solicitation practices shall be prohibited on all DoD installations:

(1) Solicitation of recruits, trainees, and transient personnel in a group setting or “mass” audience and solicitation of any DoD personnel in a “captive” audience where attendance is not voluntary.

(2) Making appointments with or soliciting military or DoD civilian personnel during their normally scheduled duty hours.

(3) Soliciting in barracks, day rooms, unit areas, transient personnel housing, or other areas where the installation commander has prohibited solicitation.

(4) Use of official military identification cards or DoD vehicle decals by active duty, retired or reserve members of the Military Services to gain access to DoD installations for the purpose of soliciting. When entering the installation for the purpose of solicitation, solicitors with military identification cards and/or DoD vehicle decals must present documentation issued by the installation authorizing solicitation.

(5) Procuring, attempting to procure, supplying, or attempting to supply non-public listings of DoD personnel
for purposes of commercial solicitation, except for releases made in accordance with DoD Directive 5400.7.  

(6) Offering unfair, improper, or deceptive inducements to purchase or trade.

(7) Using promotional incentives to facilitate transactions or to eliminate competition.

(8) Using manipulative, deceptive, or fraudulent devices, schemes, or artifices, including misleading advertising and sales literature. All financial products, which contain insurance features, must clearly explain the insurance features of those products.

(9) Using oral or written representations to suggest or give the appearance that the Department of Defense sponsors or endorses any particular company, its agents, or the goods, services, and commodities it sells.

(10) DoD personnel making personal commercial solicitations or sales to DoD personnel who are junior in rank or grade, or to the family members of such personnel, except as authorized in Section 2–205 and 5–409 of the Joint Ethics Regulation, DoD 5500.7–R.

(11) Entering into any unauthorized or restricted area.

(12) Using any portion of installation facilities, including quarters, as a showroom or store for the sale of goods or services, except as specifically authorized by DoD Directive 1330.17 and DoD Instructions 1015.10, 1000.15 and 1330.21. This does not apply to normal home enterprises that comply with applicable State and local laws and installation rules.

(13) Soliciting door to door or without an appointment.

(14) Unauthorized advertising of addresses or telephone numbers used in personal commercial solicitation activities conducted on the installation, or the use of official positions, titles, or organization names, for the purpose of personal commercial solicitation, except as authorized in DoD 5500.7–R. Military grade and Military Service as part of an individual’s name (e.g., Captain Smith, U.S. Marine Corps) may be used in the same manner as conventional titles, such as “Mr.”, “Mrs.”, or “Honorable”.

(15) Contacting DoD personnel by calling a government telephone, faxing to a government fax machine, or by sending e-mail to a government computer, unless a pre-existing relationship (i.e., the DoD member is a current client or requested to be contacted) exists between the parties and the DoD member has not asked for contact to be terminated.

(e) Denial, suspension, and withdrawal of installation solicitation privileges. (1) The installation commander shall deny, suspend, or withdraw permission for a company and its agents to conduct commercial activities on the base if such action is in the best interests of the command. The grounds for taking these actions may include, but are not limited to, the following:

(i) Failure to meet the licensing and other regulatory requirements prescribed in this part or violations of the State law where the installation is located. Commanders will request that appropriate state officials determine whether a company or agent violated State law.

(ii) Commission of any of the practices prohibited in paragraphs (b)(6) and (d) of this section.

(iii) Substantiated complaints and/or adverse reports regarding the quality of goods, services, and/or commodities, and the manner in which they are offered for sale.

(iv) Knowing and willful violations of Public Law 90–321.

(v) Personal misconduct by a company’s agent or representative while on the installation.

(vi) The possession of, and any attempt to obtain supplies of direct deposit forms, or any other form or device used by Military Departments to direct a Service member’s pay to a third party, or possession or use of facsimiles thereof. This includes using or assisting in using a Service member’s “MyPay” account or other similar Internet medium for the purpose of establishing a direct deposit for the purchase of insurance or other investment product.

---

4 See footnote 1 to § 50.3.
5 See footnote 1 to § 50.3.
6 See footnote 1 to § 50.3.
7 See footnote 1 to § 50.3.
8 See footnote 1 to § 50.3.
(vii) Failure to incorporate and abide by the Standards of Fairness policies contained in DoD Instruction 1344.9.⁹

(2) The installation commander may determine that circumstances dictate the immediate suspension of solicitation privileges while an investigation is conducted. Upon suspending solicitation privileges, the commander shall promptly inform the agent and the company the agent represents, in writing.

(3) In suspending or withdrawing solicitation privileges, the installation commander shall determine whether to limit such action to the agent alone or extend it to the company the agent represents. This decision shall be based on the circumstances of the particular case, including, but not limited to, the nature of the violations, frequency of violations, the extent to which other agents of the company have engaged in such practices and any other matters tending to show the culpability of an individual and the company.

(4) If the investigation determines an agent or company does not possess a valid license or the agent, company, or product has failed to meet other State or Federal regulatory requirements, the installation commander shall immediately notify the appropriate regulatory authorities.

(5) In a withdrawal action, the commander shall allow the individual or company an opportunity to show cause as to why the action should not be taken. To “show cause” means an opportunity must be given for the aggrieved party to present facts on an informal basis for the consideration of the installation commander or the commander’s designee. The installation commander shall make a final decision regarding withdrawal based upon the entire record in each case. Installation commanders shall report concerns or complaints involving marketing methods used to sell these products to the appropriate State and Federal regulatory authorities. Also, installation commanders shall report any suspension or withdrawal of insurance or securities products solicitation privileges to the appropriate State or Federal regulatory authorities.

(6) The installation commander shall inform the Military Department concerned of any denial, suspension, withdrawal, or reinstatement of an agent or company’s solicitation privileges and the Military Department shall inform the Office of the PDUSD(P&R), which will maintain a list of insurance and financial product companies and agents currently barred, banned, or otherwise limited from soliciting on any or all DoD installations. This list may be viewed at http://www.commanderspage.com. If warranted, the installation commander may recommend to the Military Department concerned that the action taken be extended to other DoD installations. The Military Department may extend the action to other military installations in the Military Department. The PDUSD(P&R), following consultation with the Military Department concerned, may order the action extended to other Military Departments.

(7) All suspensions or withdrawals of privileges may be permanent or for a set period of time. If for a set period, when that period expires, the individual or company may reapply for permission to solicit through the installation commander or Military Department originally imposing the restriction. The installation commander or Military Department reinstating permission to solicit shall notify the Office of the PDUSD(P&R) and appropriate State and Federal regulatory agencies when such suspensions or withdrawals are lifted.

(8) The Secretaries of the Military Departments may direct the Armed Forces Disciplinary Control Boards in all geographical areas in which the grounds for withdrawal action have occurred to consider all applicable information and take action that the Boards deem appropriate.

(9) Nothing in this part limits the authority of the installation commander or other appropriate authority from requesting or instituting other administrative and/or criminal action against any person, including those who violate the conditions and restrictions upon which installation entry is authorized.

⁹See footnote 1 to §50.3.
§ 50.6

(f) Advertising and commercial sponsorship. (1) The Department of Defense expects voluntary observance of the highest business ethics by commercial enterprises soliciting DoD personnel through advertisements in unofficial military publications when describing goods, services, commodities, and the terms of the sale (including guarantees, warranties, and the like).

(2) The advertising of credit terms shall conform to the provisions of 15 U.S.C. 1601 as implemented by Federal Reserve Board Regulation Z according to 12 CFR part 226.

(3) Solicitors may provide commercial sponsorship to DoD Morale, Welfare and Recreation programs or events according to DoD Instruction 1015.10. However, sponsorship may not be used as a means to obtain personal contact information for any participant at these events without written permission from the individual participant. In addition, commercial sponsors may not use sponsorship to advertise products and/or services not specifically agreed to in the sponsorship agreement.

(4) The installation commander may permit organizations to display sales literature in designated locations subject to command policies. In accordance with DoD 7000.14–R, Volume 7(a), distribution of competitive literature or forms by off-base banks and/or credit unions is prohibited on installations where an authorized on-base bank and/or credit union exists.

(g) Educational programs. (1) The Military Departments shall develop and disseminate information and provide educational programs for members of the Military Services on their personal financial affairs, including such subjects as insurance, government benefits, savings, budgeting, and other financial education and assistance requirements outlined in DoD Instruction 1342.27. The Military Departments shall ensure that all instructors are qualified as appropriate for the subject matter presented. The services of representatives of authorized on-base banks and credit unions may be used for this purpose. Under no circumstances shall commercial agents, including representatives of loan, finance, insurance, or investment companies, be used for this purpose. Presentations shall only be conducted at the express request of the installation commander.

(2) The Military Departments shall also make qualified personnel and facilities available for individual counseling on loans and consumer credit transactions in order to encourage thrift and financial responsibility and promote a better understanding of the wise use of credit, as prescribed in DoD 7000.14–R.

(3) The Military Departments shall encourage military members to seek advice from a legal assistance officer, the installation financial counselor, their own lawyer, or a financial counselor, before making a substantial loan or credit commitment.

(4) Each Military Department shall provide advice and guidance to DoD personnel who have a complaint under DoD 1344.9 or who allege a criminal violation of its provisions, including referral to the appropriate regulatory agency for processing of the complaint.

(5) Banks and credit unions operating on DoD installations are required to provide financial counseling services as an integral part of their financial services offerings. Representatives of and materials provided by authorized banks and/or credit unions located on military installations may be used to provide the educational programs and information required by this part subject to the following conditions:

(i) If the bank or credit union operating on a DoD installation sells insurance or securities or has any affiliation with a company that sells or markets insurance or other financial products, the installation commander shall consider that company’s history of complying with this part before authorizing the on-base financial institution to provide financial education.

(ii) All prospective educators must agree to use appropriate disclaimers in their presentations and on their other educational materials. The disclaimers must clearly indicate that they do not endorse or favor any commercial supplier, product, or service, or promote the services of a specific financial institution.
(6) Use of other non-government organizations to provide financial education programs is limited as follows:

(i) Under no circumstances shall commercial agents, including employees or representatives of commercial loan, finance, insurance, or investment companies, be used.

(ii) The limitation in paragraph (g)(6)(i) of this section does not apply to educational programs and information regarding the Survivor Benefits Program and other government benefits provided by tax-exempt organizations under section (c)(23) of 26 U.S.C. 501 or by any organization providing such a benefit under a contract with the Government.

(iii) Educators from non-government, non-commercial organizations expert in personal financial affairs and their materials may, with appropriate disclaimers, provide the educational programs and information required by this part if approved by a Presidentially-appointed, Senate-confirmed civilian official of the Military Department concerned. Presentations by approved organizations shall be conducted only at the express request of the installation commander. The following criteria shall be used when considering whether to permit a non-government, non-commercial organization to present an educational program or provide materials on personal financial affairs:

(B) If the organization has any affiliation with a company that sells or markets insurance or other financial products, the approval authority shall consider that company’s history of complying with this part.

(C) All prospective educators must use appropriate disclaimers, in their presentations and on their other educational materials, which clearly indicate that they and the Department of Defense do not endorse or favor any commercial supplier, product, or service or promote the services of a specific financial institution.

§50.7 Information requirements.

The reporting requirements concerning the suspension or withdrawal of solicitation privileges have been assigned Report Control Symbol (RCS) DD-P&R/Q2182 in accordance with DoD 8910.1-M.12

APPENDIX A TO PART 50—LIFE INSURANCE PRODUCTS AND SECURITIES

A. LIFE INSURANCE PRODUCT CONTENT

PREREQUISITES

Companies must provide DoD personnel a written description for each product or service they intend to market to DoD personnel on DoD installations. These descriptions must be written in a manner that DoD personnel can easily understand, and fully disclose the fundamental nature of the policy. Companies must be able to demonstrate that each form to be used has been filed with and approved, where applicable, by the insurance department of the State where the installation is located. Insurance products marketed to DoD personnel on overseas installations must conform to the standards prescribed by the laws of the State where the company is incorporated.

1. Insurance products, other than certificates or other evidence of insurance issued by a self-insured association, offered and sold worldwide to personnel on DoD installations, must:

a. Comply with the insurance laws of the State or country in which the installation is located and the requirements of this part.

b. Contain no restrictions by reason of Military Service or military occupational specialty of the insured, unless such restrictions are clearly indicated on the face of the contract.

c. Plainly indicate any extra premium charges imposed by reason of Military Service or military occupational specialty.

d. Contain no variation in the amount of death benefit or premium based upon the length of time the contract has been in force, unless all such variations are clearly described in the contract.

e. In plain and readily understandable language, and in type font at least as large as the font used for the majority of the policy, inform Service members of:

1. The availability and cost of government subsidized Servicemen’s Group Life Insurance.

2. The address and phone number where consumer complaints are received by the State insurance commissioner for the State in which the insurance product is being sold.

3. That the U.S. Government has in no way sanctioned, recommended, or encouraged the sale of the product being offered. With respect to the sale or solicitation of insurance on Federal land or facilitates located outside the United States, insurance products must contain the address and phone number where...
consumer complaints are received by the State insurance commissioner for the State which has issued the agent a resident license or the company is domiciled, as applicable.

2. To comply with paragraphs A.1.b., A.1.c., and A.1.d., an appropriate reference stamped on the first page of the contract shall draw the attention of the policyholder to any restrictions by reason of Military Service or military occupational specialty. The reference shall describe any extra premium charges and any variations in the amount of death benefit or premium based upon the length of time the contract has been in force.

3. Variable life insurance products may be offered provided they meet the criteria of the appropriate insurance regulatory agency and the Securities and Exchange Commission.

4. Insurance products shall not be marketed or sold disguised as investments. If there is a savings component to an insurance product, the agent shall provide the customer written documentation, which clearly explains how much of the premium goes to the savings component per year broken down over the life of the policy. This document must also show the total amount per year allocated to insurance premiums. The customer must be provided a copy of this document that is signed by the insurance agent.

B. SALE OF SECURITIES

1. All securities must be registered with the Securities and Exchange Commission.

2. All sales of securities must comply with the appropriate Securities and Exchange Commission regulations.

3. All securities representatives must apply to the commander of the installation on which they desire to solicit the sale of securities for permission to solicit.

4. Where the accredited insurer’s policy permits, an overseas accredited life insurance agent—if duly qualified to engage in security activities either as a registered representative of the National Association of Securities Dealers or as an associate of a broker or dealer registered with the Securities and Exchange Commission—may offer life insurance and securities for sale simultaneously. In cases of commingled sales, the allotment of pay for the purchase of securities cannot be made to the insurer.

C. USE OF THE ALLOTMENT OF PAY SYSTEM

1. Allotments of military pay for life insurance products shall be made in accordance with DoD 7000.14-R.

2. For personnel in pay grades E-4 and below, in order to obtain financial counseling, at least seven calendar days shall elapse between the signing of a life insurance application and the certification of a military pay allotment for any supplemental commercial life insurance. Installation Finance Officers are responsible for ensuring this seven-day cooling-off period is monitored and enforced. The purchaser’s commanding officer may grant a waiver of the seven-day cooling-off period requirement for good cause, such as the purchaser’s imminent deployment or permanent change of station.

D. ASSOCIATIONS—GENERAL

The recent growth and general acceptability of quasi-military associations offering various insurance plans to military personnel are acknowledged. Some associations are not organized within the supervision of insurance laws of either a State or the Federal Government. While some are organized for profit, others function as nonprofit associations under Internal Revenue Service regulations. Regardless of the manner in which insurance is offered to members, the management of the association is responsible for complying fully with the policies contained in this part.

APPENDIX B TO PART 50—OVERSEAS LIFE INSURANCE REGISTRATION PROGRAM

A. REGISTRATION CRITERIA

1. Initial Registration

a. Insurers must demonstrate continuous successful operation in the life insurance business for a period of not less than 5 years on December 31 of the year preceding the date of filing the application.

b. Insurers must be listed in Best’s Life-Health Insurance Reports and be assigned a rating of B+ (Very Good) or better for the business year preceding the Government’s fiscal year for which registration is sought.

2. Re-Registration

a. Insurers must demonstrate continuous successful operation in the life insurance business, as described in paragraph A.1.a. of this appendix.

b. Insurers must retain a Best’s rating of B+ or better, as described in paragraph A.1.b. of this appendix.

c. Insurers must demonstrate a record of compliance with the policies found in this part.

Waivers of the initial registration or re-registration provisions shall be considered for those insurers demonstrating substantial compliance with the aforementioned criteria.

B. APPLICATION INSTRUCTIONS

1. Applications Filed Annually. Insurers must apply by June 30 of each year for solicitation privileges on overseas U.S. military
installations for the next fiscal year beginning October 1. Applications e-mailed, faxed, or postmarked after June 30 shall not be considered.

3. Application prerequisites. A letter of application, signed by the President, Vice President, or designated official of the insurance company as mentioned in paragraph A1.a. or A1.b. of this appendix must be made to satisfy application prerequisites. The letter shall contain the information set forth below, submitted in the order listed. Where criteria are not applicable, the letter shall so state.

a. The overseas Combatant Commanders (e.g., U.S. European Command, U.S. Pacific Command, U.S. Central Command, U.S. Southern Command) where the company presently solicits, or plans to solicit, on U.S. military installations.

b. A statement that the company has complied with, or shall comply with, the applicable laws of the country or countries wherein it proposes to solicit. “Laws of the country” means all national, provincial, city, or county laws or ordinances of any country, as applicable.

c. A statement that the products to be offered for sale conform to the standards prescribed in appendix A to this part and contain only the standard provisions such as those prescribed by the laws of the State where the company’s headquarters are located.

d. A statement that the company shall assume full responsibility for the acts of its agents with respect to solicitation. If warranted, the number of agents may be limited by the overseas command concerned.

e. A statement that the company shall only use agents who have been licensed by the appropriate State and registered by the overseas command concerned to sell to DoD personnel on DoD installations.

f. Any explanatory or supplemental comments that shall assist in evaluating the application.

g. If the Department of Defense requires facts or statistics beyond those normally involved in registration, the company shall make separate arrangements to provide them.

h. A statement that the company’s general agent and other registered agents are appointed in accordance with the prerequisites established in section C of this appendix.

i. If a company is a life insurance company subsidiary, it must be registered separately on its own merits.

C. AGENT REQUIREMENTS

The overseas Combatant Commanders shall apply the following principles in registering agents:

1. An agent must possess a current State license. This requirement may be waived for a registered agent continuously residing and successfully selling life insurance in foreign areas, who, through no fault of his or her own, due to State law (or regulation) governing domicile requirements, or requiring that the agent’s company be licensed to do business in that State, forfeits eligibility for a State license. The request for a waiver shall contain the name of the State or jurisdiction that would not renew the agent’s license.

2. General agents and agents may represent only one registered commercial insurance company. This principle may be waived by the overseas Combatant Commander if multiple representations are in the best interest of DoD personnel.

3. An agent must have at least 1 year of successful life insurance underwriting experience in the United States or its territories, generally within the 5 years preceding the date of application, in order to be approved for overseas solicitation.

4. The overseas Combatant Commanders may exercise further agent control procedures as necessary.

5. An agent, once registered in an overseas area, may not change affiliation from the staff of one general agent to another and retain registration, unless the previous employer certifies in writing that the release is without justifiable prejudice. Overseas Combatant Commanders will have final authority to determine justifiable prejudice. Indebtedness of an agent to a previous employer is an example of justifiable prejudice.

D. ANNOUNCEMENT OF REGISTRATION

1. Registration by the Department of Defense upon annual applications of insurers shall be announced as soon as practicable by notice to each applicant and by a list released annually in September to the appropriate overseas Combatant Commanders. Approval does not constitute DoD endorsement of the insurer or its products. Any advertising by insurers or verbal representation by its agents, which suggests such endorsement, is prohibited.

2. In the event registration is denied, specific reasons for the denial shall be provided to the applicant.

a. The insurer shall have 30 days from the receipt of notification of denial of registration (sent certified mail, return receipt requested) in which to request reconsideration of the original decision. This request must be in writing and accompanied by substantiating data or information in rebuttal of the
specific reasons upon which the denial was based.

b. Action by the Office of the PDUSD(P&R) on a request for reconsideration is final.

c. An applicant that is presently registered as an insurer shall have 90 calendar days from final action denying registration in which to close operations.

3. Upon receiving an annual letter approving registration, each company shall send to the applicable overseas Combatant Commander a verified list of agents currently registered for overseas solicitation. Where applicable, the company shall also include the names and prior military affiliation of new agents for whom original registration and permission to solicit on base is requested. Insurers initially registered shall be furnished instructions by the Department of Defense for agent registration procedures in overseas areas.

4. Material changes affecting the corporate status and financial condition of the company that occur during the fiscal year of registration must be reported to the MWR Policy Directorate at the address in paragraph B.2. of this appendix as they occur.

a. The Office of the PDUSD(P&R) reserves the right to terminate registration if such material changes appear to substantially affect the financial and operational standards described in section A of this appendix on which registration was based.

b. Failure to report such material changes may result in termination of registration regardless of how it affects the standards.

5. If an analysis of information furnished by the company indicates that unfavorable trends are developing that could adversely affect its future operations, the Office of the PDUSD(P&R) may, at its option, bring such matters to the attention of the company and request a statement as to what action, if any, is considered to deal with such unfavorable trends.

PART 53—WEARING OF THE UNIFORM

Sec. 53.1 Purpose.

53.2 Policy.

(a) Members of the Armed Forces (including retired members and members of reserve components). The wearing of the uniform is prohibited under any of the following circumstances:

1. At any meeting or demonstration which is a function of, or sponsored by an organization, association, movement, group, or combination of persons which the Attorney General of the United States has designated, pursuant to E.O. 10450 as amended, as totalitarian, fascist, communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny others their rights under The Constitution of the United States, or as seeking to alter the form of Government of the United States by unconstitutional means.

2. During or in connection with the furtherance of political activities, private employment or commercial interests, when an inference of official sponsorship for the activity or interest could be drawn.

3. Except when authorized by competent Service authority, when participating in activities such as public speeches, interviews, picket lines, marches, rallies or any public demonstrations (including those pertaining to civil rights), which may imply Service Sanction of the cause for which the demonstration or activity is conducted.

4. When wearing of the uniform would tend to bring discredit upon the Armed Forces.

5. When specifically prohibited by regulations of the department concerned.

(b) Former members of the Armed Forces. (1) Unless qualified under another provision of this part or under the provisions of 10 U.S.C. 772, former members who served honorably during a declared or undeclared war and whose most recent service was terminated under honorable conditions may wear the uniform in the highest grade held during such war service only upon the following occasions and in the course of travel incidents therefor:

1. Military funerals, memorial services, weddings, and inaugurals.
(ii) Parades on national or State holidays; or other parades or ceremonies of a patriotic character in which any active or reserve U.S. military unit is taking part.

(2) Wearing of the uniform or any part thereof at any other time or for any other purpose is prohibited.

(c) Medal of Honor holders. Persons who have been awarded the Medal of Honor may wear the uniform at their pleasure except under the circumstances set forth in paragraph (a) of this section.

[35 FR 1236, Jan. 30, 1970]

PART 54—ALLOTMENTS FOR CHILD AND SPOUSAL SUPPORT

Sec.
§ 54.1 Purpose.
§ 54.2 Applicability and scope.
§ 54.3 Definitions.
§ 54.4 Policy.
§ 54.5 Responsibilities.
§ 54.6 Procedures.

SOURCE: 51 FR 23755, July 1, 1986, unless otherwise noted.

§ 54.1 Purpose.

Under section 65 of title 42, United States Code, this part provides policy on statutorily required child or child and spousal support allotments, assigns responsibilities, and prescribes procedures. The policy and procedures for this part are also located in the DoD Financial Management Regulation (“DoDFMR”), Volume 7B, Chapter 43, section 4304, “Allotments for Child Support and Spousal Support” (DoD 7000.14–R).

[51 FR 23755, July 1, 1986, as amended at 71 FR 40656, July 18, 2006]

§ 54.2 Applicability and scope.

(a) This part applies to the Office of the Secretary of Defense (OSD) and the Military Departments. The term “Military Services,” as used herein, refers to the Army, Navy, Air Force, and Marine Corps.

(b) Its provisions cover members of the Military Services on extended active duty. This does not include a member under a call or order to active duty for a period of less than 30 days.

§ 54.3 Definitions.

(a) Authorized person. Any agent or attorney of any State having in effect a plan approved under part D of title IV of the Social Security Act (42 U.S.C. 651–664), who has the duty or authority to seek recovery of any amounts owed as child or child and spousal support (including, when authorized under the State plan, any official of a political subdivision); and the court that has authority to issue an order against a member for the support and maintenance of a child or any agent of such court.

(b) Child support. Periodic payments for the support and maintenance of a child or children, subject to and in accordance with State or local law. This includes, but is not limited to, payments to provide for health care, education, recreation, and clothing or to meet other specific needs of such a child or children.

(c) Designated official. The representative of the Military Service concerned who is authorized to receive and to process notices under this part. See §54.6(f) for a listing of designated officials.

(d) Notice. A court order, letter, or similar documentation issued by an authorized person providing notification that a member has failed to make periodic support payments under a support order.

(e) Spousal support. Periodic payments for the support and maintenance of a spouse or former spouse, in accordance with State and local law. It includes, but is not limited to, separate maintenance, alimony while litigation continues, and maintenance. Spousal support does not include any payment for transfer of property or its value by an individual to his or her spouse or former spouse in compliance with any community property settlement, equitable distribution of property, or other division of property between spouses or former spouses.

(f) Support order. Any order providing for child or child and spousal support issued by a Court of competent jurisdiction within any State, territory, or
§ 54.4 Policy.

The Department of Defense is obligated by 42 U.S.C. 665 to require child, or child and spousal, support allotments from the pay and allowances of a member who has failed to make periodic payments under a support order in a total amount equal to the support payable for 2 months or longer. The member’s allotment shall be established by the Secretary of the Military Department concerned, or the Secretary’s designee, provided all requirements of this part have been met.

§ 54.5 Responsibilities.

(a) The Assistant Secretary of Defense (Comptroller) (ASD(C)) shall provide guidance, monitor compliance with this part, and have the authority to change or modify the procedures in §54.6.

(b) The Secretaries of the Military Departments shall comply with this part.

§ 54.6 Procedures.

(a) Notice to designated official. (1) An authorized person shall send to the designated official of the member’s Military Service a signed notice that includes:

(i) A statement that delinquent support payments equal or exceed the amount of support payable for 2 months under a support order, and a request that an allotment be initiated pursuant to 42 U.S.C. 665.

(ii) A certified copy of the support order.

(iii) The amount of the monthly support payment. Such amount may include arrearages, if a support order specifies the payment of such arrearages. The notice shall indicate how much of the amount payable shall be applied toward liquidation of the arrearages.

(iv) A statement that delinquent support payments are more than 12 weeks in arrears, if appropriate.

(v) Sufficient information identifying the member to enable processing by the designated official. The following information is requested:

(A) Full name;

(B) Social Security Number;

(C) Military Service (Army, Navy, Air Force, or Marine Corps).

(vi) The full name and address of the allottee. The allottee shall be an authorized person, the authorized person’s designee, or the recipient named in the support order.

(vii) Any limitations on the duration of the support allotment.

(viii) A certificate that the official sending the notice is an authorized person.

(2) The notice shall be sent by mail or delivered in person to the appropriate designated official of the Military Service. The designated official shall note the date and time of receipt on the notice.

(3) The notice is effective when it is received in the office of the designated official.

(4) When the notice does not sufficiently identify the member, it shall be returned directly to the authorized person with an explanation of the deficiency. However, before the notice is returned, if there is sufficient time, an attempt shall be made to inform the authorized person who sent the notice that it will not be honored unless adequate information is supplied.

(5) Upon receipt of effective notice of delinquent support payments, together with all required supplementary documents and information, the designated official shall identify the member from whom moneys are due and payable. Under §54.6(d), the allotment shall be established in the amount necessary to comply with the support order and to liquidate arrearages if provided by a support order when the maximum amount to be allotted under this provision, together with any other moneys withheld for support from the member, does not exceed:

(i) Fifty percent of the member’s disposable earnings for any month in which the member asserts by affidavit or other acceptable evidence that he or she is supporting a spouse, dependent child, or both, other than a party in the support order. When the member
submit evidence, copies shall be sent to the authorized person, together with notification that the member’s support claim shall be honored. If the support claim is contested by the authorized person, that authorized person may refer this matter to the appropriate court or other authority for resolution.

(ii) Sixty percent of the member’s disposable earnings for any month in which the member fails to assert by affidavit or other acceptable evidence that he or she is supporting a spouse, dependent child, or both.

(iii) Regardless of the limitations above, an additional 5 percent of the member’s disposable earnings shall be withheld when the notice states that the total amount of the member’s support payments is 12 or more weeks in arrears.

(b) Disposable Earnings. (1) In determining disposable earnings for a member assigned within the contiguous United States, include the following payments. For definitions of these items, see DoD 5000.12–M.

(i) Basic pay (including Military Service academy cadet and midshipman pay).

(ii) Basic allowance for quarters for members with dependents, and for members without dependents in grade E-7 or higher.

(iii) Basic allowance for subsistence for commissioned and warrant officers.

(iv) Special pay for physicians, dentists, optometrists, and veterinarians.

(v) Submarine pay.

(vi) Flying pay (all crew members).

(vii) Diving pay.

(viii) Proficiency pay or special duty assignment pay.

(ix) Career sea pay.

(2) To determine disposable earnings for a member assigned outside of the contiguous United States, the following shall supplement the payments listed in paragraph (b)(1) of this section:

(i) Foreign duty pay.

(ii) Special pay for duty subject to hostile fire (applies only to members permanently assigned in a designated area).

(iii) Family separation allowances (only under certain type-II conditions).

(iv) Special pay for overseas extensions.

(c) Calculations of disposable earnings shall exclude:

(1) Amounts owed by the member to the United States.

(2) Amounts mandatorily withheld for the U.S. Soldiers’ and Airmen’s Home.

(3) Fines and forfeitures ordered by a court-martial or by a commanding officer.

(4) Federal and State employment and income taxes withheld to the extent that the amount deducted is consistent with the member’s tax liability.

(5) Deductions for the Servicemen’s Group Life Insurance coverage.

(6) Advances of pay received by the member before receipt of notice (see paragraph (c)(1) of this section) that may be due and payable by the member at some future date. Requests for advances received after notice for a statutorily required support allotment shall be reduced by the amount of the statutorily required support allotment.

(7) Other amounts required by law to be deducted.

(d) Notice to member and member’s Commanding Officer.

(1) As soon as possible, but not later than 15 calendar days after the date of receipt of notice, the designated official shall send to the member, at his or her duty station, written notice:

(i) That notice has been received from an authorized person, including a copy of the documents submitted.

(ii) Of the maximum limitations provided in 15 U.S.C. 1673, with a request that the member submit supporting affidavits or other documentation necessary for determining the applicable percentage limitation.

(iii) That the member may submit supporting affidavits or other documentation as evidence that the information contained in the notice is in error.

(iv) That by submitting supporting affidavits or other necessary documentation, the member consents to the disclosure of such information to the party requesting the support allotment.

(v) Of the amount or percentage that will be deducted if the member fails to submit the documentation necessary to
§54.6 Payments

32 CFR Ch. 1 (7–1–15 Edition)

(compact format)

enable the designated official to respond to the notice within the prescribed time limits.

(vi) That a consultation with a judge advocate or legal officer will be provided by the Military Service, if possible, and that the member should immediately contact the nearest legal services office.

(vii) Of the date that the allotment is scheduled to begin.

(2) The designated official shall notify the member’s commanding officer, or designee, of the need for consultation between the member and a judge advocate or legal officer. The designated official shall provide the member’s commanding officer, or designee, with a copy of the notice and other legal documentation served on the designated official.

(3) The Military Services shall provide the member with the following:

(i) When possible, an in-person consultation with a judge advocate or legal officer of the Military Service concerned, to discuss the legal and other factors, involved in the member’s support obligation and failure to make payment.

(ii) Copies any other documents submitted with the notice.

(4) The member’s commanding officer, or designee, shall confirm in writing to the designated official within 30 days of notice that the member received a consultation concerning the member’s support obligation and the consequences of failure to make payments, or when appropriate, of the inability to arrange such consultation and the status of continuing efforts to fulfill the consultation requirement.

(5) If, within 30 days of the date of the notice, the member has furnished the designated official affidavits or other documentation showing the information in the notice to be in error, the designated official shall consider the member’s response. The designated official may return to the authorized person, without action, the notice for a statutorily required support allotment together with the member’s affidavit and other documentation, if the member submits substantial proof of error, such as:

(i) The support payments are not delinquent.

(ii) The underlying support order in the notice has been amended, superseded, or set aside.

(e) Payments. (1) Except as provided in paragraph (e)(3) the Secretary of the Military Department concerned, or designee, shall make the support allotment by the first end-of-month payday after the designated official is notified that the member has had a consultation with a judge advocate or legal officer, or that a consultation was not possible, but not later than the first end-of-month payday after 30 days have elapsed from the date of the notice to the member. The Military Services will not be required to vary their normal military allotment payment cycle to comply with the notice.

(2) If several notices are sent with respect to the same member, payments shall be satisfied on a first-come, first-served basis within the amount limitations in paragraph (a)(5) of this section.

(3) When the member identified in the notice is found not to be entitled to money due from or payable by the Military Service, the designated official shall return the notice to the authorized person and shall advise him or her that no money is due from or payable by the Military Service to the named individual. When it appears that amounts are exhausted temporarily or otherwise unavailable, the authorized person shall be told why, and for how long, any money is unavailable, if known. If the member separates from active duty, the authorized person shall be informed that the allotment is discontinued.

(4) Payment of statutorily required allotments shall be enforced over other voluntary deductions and allotments when the gross amount of pay and allowances is not sufficient to permit all authorized deductions and collections.

(5) The authorized person or allottee shall notify the designated official promptly if the operative court order upon which the allotment is based is vacated, modified, or set aside. The designated official shall also be notified of any events affecting the allottee’s eligibility to receive the allotment, such as the former spouse’s remarriage, if a part of the payment is for spousal support, and notice of a change in eligibility for child support.
payments under circumstances of death, emancipation, adoption, or attainment of majority of a child whose support is provided through the allotment.

(6) An allotment established under this Directive shall be adjusted or discontinued upon notice from the authorized person.

(7) Neither the Department of Defense, nor any officer or employee thereof, shall be liable for any payment made from moneys due from, or payable by, the Department of Defense to any individual pursuant to notice regular on its face, if such payment is made in accordance with this part. If a designated official receives notices based on a support order which, on its face, appears to conform to the laws of the jurisdiction from which it was issued, the designated official shall not be required to ascertain whether the authority that issued the order had obtained personal jurisdiction over the member.

(f) List of designated officials.

Marine Corps—Commanding Officer, Marine Corps Finance Center (Code AA), Kansas City, MO 64197, (816) 926–7103.

PART 56—NONDISCRIMINATION ON THE BASIS OF HANDICAP IN PROGRAMS AND ACTIVITIES ASSISTED OR CONDUCTED BY THE DEPARTMENT OF DEFENSE

§ 56.1 Purpose.

§ 56.2 Applicability and scope.

(a) This part applies to the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, the National Guard Bureau, and the Defense Agencies (hereafter referred to as “DoD Components”) insofar as they:

(1) Extend Federal financial assistance to programs and activities that affect handicapped persons in the United States and that are covered by this part (see § 56.7(b)).

(2) Conduct programs and activities that affect handicapped persons in the United States and that are covered by this part (see § 56.7(c)).

(b) This part also applies to each recipient of Federal financial assistance disbursed by the Department of Defense and to each program and activity.
§ 56.3 Definitions.

(a) **Facility.** All or any portion of buildings, structures, equipment, roads, walks, parking lots, or other real or personal property or any interest in such property.

(b) **Federal financial assistance.** Any grant, loan, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the Federal Government provides or otherwise makes available assistance in the form of:

1. Funds.
2. Services performed by Federal personnel, including technical assistance, counseling, training, and provision of statistical or expert information.
3. Real and personal property or any interest in or use of such property, including:
   
   i. Transfers or leases of such property for less than fair market value or for reduced consideration.
   
   ii. Proceeds from a subsequent transfer or lease of such property if the Federal share of its fair market value is not returned to the Federal government.

(c) **Handicapped person.** Any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment. For purposes of this Directive as it relates to employment programs of recipients, such term does not include any individual who is an alcoholic or drug abuser and whose current use of alcohol or drugs prevents such individual from performing the duties of the job in question, or whose employment, by reason of such current alcohol or drug abuse, would constitute a direct threat to property or to the safety of others. As used in this paragraph:

1. **Physical or mental impairment.** Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological; musculoskeletal and special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genito-urinary; hemic and lymphatic; skin; and endocrine; or any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term includes such diseases and conditions as orthopedic, visual, speech, and hearing impairments; cerebral palsy, epilepsy, and muscular dystrophy; multiple sclerosis; cancer; heart disease; diabetes; drug abuse; and alcoholism.

2. **Major life activities.** Functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

3. **Has a record of such an impairment.** Has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

4. **Is regarded as having an impairment.** Has: (i) A physical or mental impairment that does not substantially limit major life activities but is treated by a recipient or DoD Component as constituting such a limitation;
   
   (ii) A physical or a mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or
   
   (iii) None of the impairments defined above, but is treated by a recipient or DoD Component as having such an impairment.

(d) **Historic properties.** Those properties listed or eligible for listing in the National Register of Historic Places.

(e) **Include; such as.** Not all the possible items are covered, whether like or unlike the ones named.

(f) **Qualified handicapped person.** A handicapped person who:

1. **With respect to employment**, can perform the essential functions of the job in question with reasonable accommodation.

2. **With respect to services**, meets the essential eligibility requirements for receiving the services in question.

(g) **Recipient.** Any State or political subdivision or instrumentality thereof,
any public or private agency, institution, organization, or other entity, or any person that receives Federal financial assistance directly or through another recipient, including any successor, assignee, or transferee of a recipient, but not the ultimate beneficiary of the assistance. The term includes persons and entities applying to be recipients.

(h) Substantial impairment. A significant loss of the integrity of finished materials, design quality, or special character resulting from a permanent alteration.

§ 56.4 Policy.

It is DoD policy that no qualified handicapped person shall be subjected to discrimination on the basis of handicapping condition under any program or activity that receives or benefits from Federal financial assistance disbursed by a DoD Component or under any Federal program or activity that is conducted by a DoD Component. Guidelines for determining actions that discriminate against handicapped persons are prescribed in § 56.8.

§ 56.5 Responsibilities.

(a) The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) (ASD(MRA&L)), or designee, shall monitor compliance with this part. In discharging this responsibility, the ASD(MRA&L), or designee, shall:

(1) Coordinate efforts of DoD Components to enforce this part.

(2) Assist in the development of standards and procedures promulgated pursuant to § 56.9.

(3) Perform the responsibilities assigned to the ASD(MRA&L) in § 56.8, 9, and 10.

(4) Otherwise assist DoD Components in implementing this part.

(b) The Heads of DoD Components shall comply with this part. In discharging this responsibility, they shall:

(1) Designate a policy-level official to ensure compliance with this part receive and investigate complaints filed under this part and otherwise manage DoD Component responsibilities under this part.

(2) Notify the ASD(MRA&L), or designee, of the name, position, location, and telephone number of persons selected by them to be policy-level officials within 15 calendar days of such a selection.

(3) Issue guidelines pursuant to § 56.9.

(4) Cooperate fully with the ASD(MRA&L), or designee, in that official’s performance of the responsibilities assigned herein, including furnishing to the ASD(MRA&L), or designee, in a timely fashion any requested reports and information.

(5) Assign sufficient personnel to implement and to ensure effective enforcement of this part.

§ 56.6 Information requirements.

(a) Each DoD Component shall maintain a log of all complaints that are filed with it or its recipients under this part. The log shall contain the complainant’s name (last name, first, and middle initial) and address (street address, city, State, and zip code), the recipient’s name (if this refers to a person, last name, first, and middle initial) and address (street address, city, State, and zip code), the nature of the complaint, and the current status of the complaint investigation or resolution. Each DoD Component shall submit a narrative summary report on complaints by memorandum to the ASD(MRA&L), or designee, before July 15 and January 15 of each year. This reporting requirement has been assigned Report Control Symbol DD-M(SA)1596.

(b) Each DoD Component shall submit a narrative report by memorandum to the ASD(MRA&L), or designee, whenever, pursuant to enclosure 4 of this directive, the DoD Component notifies an applicant or recipient that noncompliance with this part is indicated. The report shall include the recipient’s name (if this refers to a person, last name, first, and middle initial) and address (street address, city, State, and zip code), the date (YYMMDD) and nature of the finding, and the name of the applicable federally assisted program or activity. This reporting requirement has been assigned Report Control Symbol DD-M(AR)1597.

(c) The recordkeeping requirements contained in § 56.9(c)(2), have been approved by the Office of Management and Budget (OMB) under 44 U.S.C.
chapter 35 and have been assigned OMB No. 0704–0102.

§ 56.7 Programs and activities subject to this part.

(a) This part applies to all DoD Components and recipients of Federal financial assistance disbursed by a DoD Component insofar as the programs and activities of the DoD Components and recipients affect handicapped persons in the United States. Existing programs and activities that are assisted or conducted by a DoD Component and that are subject to this part but do not appear in paragraph (b) or (c) of this section, are covered even though not listed. DoD Components must report new programs and activities that are subject to this part to the ASD (MRA&L), or designee, within 15 calendar days of their creation or funding.

(b) Federal financial assistance programs subject to this part include: (1) title 32, United States Code, sections 101–716 (1976 and supp. III 1979): the Army and Air National Guard.

(2) Title 40, U.S. Code, sections 483, 484, and 512 (1976); title 49, U.S. Code, sections 1101 and 1107 (1976); and title 10, U.S. Code, sections 2541, 2544, 2571, 2576, 2662, 7308, 7541, 7542, 7545, 7546, and 7547 (1976 and supp. IV 1980): Various programs involving the loan or other disposition of surplus, obsolete, or unclaimed property.

(3) Title 10 U.S. Code, sections 4307–4311 (1976), and the annual Department of Defense Appropriations Act: National Program for the Promotion of Rifle Practice.

(7) Title 33 U.S. Code, section 426 (1976 and supp. III 1979): Army Corps of Engineers assistance in cooperative investigations and studies concerning the erosion of shores of coastal and lake waters.

(8) Title 33 U.S. Code, sections 426–426h (1976): Army Corps of Engineers assistance in the construction of works for the restoration and protection of shores.

(9) Title 16 U.S. Code, section 460d (1976): Construction and operation of public park and recreational facilities in water resource development projects under the administrative jurisdiction of the Department of the Army.

(10) Title 33 U.S. Code, section 701c–3 (1976): Payment to States of lease receipt from lands acquired by the United States for flood control, navigation, and allied purposes.

(11) Title 33 U.S. Code, sections 558c and 702a–1 (1976); title 10, U.S. Code, sections 2608 and 2609 (1976); title 43, U.S. Code, section 961 (1976); and title 40, U.S. Code, section 319 (1976): Grants of easements without consideration, or at a nominal or reduced consideration, on land under the control of the Department of the Army at water resource development projects.

(12) Title 33 U.S. Code, sections 540 and 577 (1976): Army Corps of Engineers assistance in the construction of small boat harbor projects.

(13) Title 33 U.S. Code, section 701s (1976): Emergency bank protection works constructed by the Army Corps of Engineers for protection of highways, bridge approaches, and public works.

(14) Title 33 U.S. Code, section 633 (1976): Army Corps of Engineers contracts for the protection, alteration, reconstruction, relocation, or replacement of structures and facilities.

(16) Title 33 U.S. Code, section 610 (1976): Provision of specialized services or technical information by the Army Corps of Engineers to State and local governments for the control of aquatic plant growths in rivers, harbors, and allied waters.

(17) Title 42 U.S. Code, section 162d–16 (1976): Provision of specialized services by the Army Corps of Engineers to any State for the preparation of comprehensive plans for drainage basins located within the boundaries of said State.

(18) Title 33 U.S. Code, section 603a (1976): Provision of specialized services
by the Army Corps of Engineers to improve channels for navigation.

(19) Title 33 U.S. Code, section 701g (1976): Provision of specialized services by the Army Corps of Engineers to reduce flood damage.

(20) Title 24 U.S. Code, sections 44c and 47 (1976): United States Soldiers' and Airmen's Home.

(21) Title 10 U.S. Code, chapter 55, as implemented by DoD 6010.8–R, “Civilian Health and Medical Program of the Uniformed Services (CHAMPUS),” January 10, 1977.

(c) All programs and activities conducted by the Department of Defense that affect handicapped persons in the United States are subject to this part. They include:

(1) Promulgation of rules and regulations for public comment in a manner that grants handicapped persons a reasonable opportunity for such comment (such as by making cassette recordings of proposed rules).

(2) Public meetings, conferences, or seminars sponsored or conducted by a DoD Component but held in nongovernmental buildings.

(3) Public meetings, conferences, or seminars sponsored or conducted by a DoD Component or by a non-DoD organization but held in a DoD building.

(4) Open houses, memorial services, tours, or other ceremonies held on or in DoD property.

(5) Military museums.

(6) Historic vessels.

(7) Historic buildings and properties maintained by a DoD Component and properties designated as historic under a statute of the appropriate State or local governmental body.

§ 56.8 Guidelines for determining discriminatory practices.

(a) General prohibitions against discrimination. (1) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefit of, or otherwise be subjected to discrimination under any program or activity that is conducted by the Department of Defense or that receives or benefits from Federal financial assistance disbursed by the Department of Defense.

(2) A recipient or DoD Component may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Provide different or separate aid, benefits, or services to handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are equal to those provided to others;

(ii) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(iii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iv) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective as that afforded to others;

(v) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity granted to others receiving the aid, benefit, or service.

(3) A recipient or DoD Component may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different from regular programs or activities, even if such separate or different programs and activities are permissible under paragraph (a)(2)(i) of this section.

(4) A recipient or DoD Component may not provide assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipient’s program or activity.

(5) A recipient or DoD Component may not deny, on the basis of handicap, a qualified handicapped person the opportunity to participate as a member of planning or advisory boards.

(6) A recipient or DoD Component may not use, directly or through contractual or other arrangements, criteria or methods of administration that:
(i) Subject qualified handicapped persons to discrimination on the basis of handicap;
(ii) Defeat or substantially impair accomplishment of the objectives of the recipient’s or DoD Component’s program or activity with respect to handicapped persons; or
(iii) Perpetuate discrimination by another recipient if both recipients are subject to common administrative control or are agencies of the same State.

(7) In determining the site or location of a facility, a recipient or DoD Component may not make selections that:
(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity that receives or benefits from Federal financial assistance; or
(ii) Defeat or substantially impair, with respect to handicapped persons, the accomplishment of the objectives of the program or activity.

(8) Recipients and DoD Components shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

(9) Recipients and DoD Components shall take appropriate steps to make communications with their applicants, employees, and beneficiaries available to persons with impaired vision and hearing.

(10) This section may not be interpreted to prohibit the exclusion of:
(i) Persons who are not handicapped from benefits, programs, and activities limited by Federal statute or Executive order to handicapped persons; or
(ii) One class of handicapped persons from a program or activity limited by Federal statute or Executive order to a different class of handicapped persons.

(11) Recipients and DoD Components shall take appropriate steps to ensure that no handicapped individual is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under any program or activity receiving or benefiting from Federal financial assistance disbursed by the Department of Defense or under any program or activity conducted by the Department of Defense because of the absence of auxiliary aids, such as certified sign-language interpreters, telecommunication devices (TDDs), or other telephonic devices for individuals with impaired sensory, manual, or speaking skills.

(b) Prohibitions against employment discrimination by recipients. (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity that receives or benefits from Federal financial assistance disbursed by the Department of Defense.

(2) The prohibition against discrimination in employment applies to the following:
(i) Recruitment, advertising, and processing of applications for employment.
(ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring.
(iii) Rates of pay or any other form of compensation and changes in compensation.
(iv) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists.
(v) Leaves of absence, sick leave, or any other leave.
(vi) Fringe benefits available by virtue of employment, whether or not administered by the recipient.
(vii) Selection and financial support for training, including apprenticeship, professional meetings, conferences and other related activities, and selection for leaves of absence for training.
(viii) Programs and activities sponsored by the employer, including social and recreational programs.
(ix) Any other term, condition, or privilege of employment.

(3) A recipient may not participate in a contractual or other relationship that subjects qualified handicapped applicants or employees to discrimination prohibited by this section, including relationships with employment and referral agencies, labor unions, organizations providing or administering fringe benefits to employees of the recipient, and organizations providing training and apprenticeship programs.

(4) A recipient shall make reasonable accommodation to the known physical
or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program. Reasonable accommodation includes providing ramps, accessible restrooms, drinking fountains, interpreters for deaf employees, readers for blind employees, amplified telephones, TDDs such as Teletypewriters or Telephone Writers (TTYs), and tactile signs on elevators.

(5) A recipient may not use employment tests or criteria that discriminate against handicapped persons, and shall ensure that employment tests are adapted for use by persons who have handicaps that impair sensory, manual, or speaking skills.

(6) A recipient may not conduct a preemployment medical examination or make a preemployment inquiry about whether an applicant is a handicapped person or about the nature or severity of a handicap. A recipient may make, however, a preemployment inquiry into an applicant’s ability to perform job-related functions.

(7) When a recipient is taking remedial action to correct the effects of past discrimination or is taking voluntary action to overcome the effects of conditions that have resulted in limited participation by handicapped persons in its federally assisted program or activity, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped if:

(i) The recipient makes clear to the applicants that the information is intended for use solely in connection with its remedial action obligations or its voluntary affirmative action efforts.

(ii) The recipient makes clear to the applicants that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (b)(9) in this section, that refusal to provide it will not subject the applicants to any adverse treatment, and that it will be used only in accordance with this part.

(8) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee’s entrance on duty if:

(i) All entering employees are subjected to such an examination, regardless of handicap.

(ii) The results of such an examination are used only in accordance with this part which prohibits discrimination against a qualified handicapped person on the basis of handicap.

(9) Information obtained under this section concerning the medical condition or history of applicants shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(i) Supervisors and managers may be informed about restrictions on the work or duties of handicapped persons and about necessary accommodations.

(ii) First aid and safety personnel may be informed, when appropriate, if a handicapping condition might require emergency treatment.

(iii) Government officials investigating compliance with section 504, Pub. L. 93–112, and this part shall be provided relevant information upon request.

(c) Program accessibility—(1) General requirements. No qualified handicapped person shall, because a recipient’s or DoD Component’s facilities are inaccessible to or not usable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity that receives or benefits from Federal financial assistance disbursed by the Department of Defense or under any program or activity conducted by the Department of Defense.

(2) Existing facilities. (i) A recipient or DoD Component shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This does not necessarily require a recipient or DoD Component to make each of its existing facilities or every part of an existing facility accessible to and usable by handicapped persons. For guidance in determining the accessibility of facilities, see chapter 18 of DoD 4270.1-M, "Department of Defense Construction Criteria Manual,” June 1, 1978, and Department of the Army, Office of the
§ 56.8

Chief of Engineers, Manual EM 1110–1–103, “Design for the Physically Handicapped,” October 15, 1976. Inquiries on specific accessibility design problems may be addressed to the ASD (MRA&L), or designee.

(ii) When structural changes are necessary to make programs or activities in existing facilities accessible to the extent required by paragraph (c)(1) of this section.

(A) Such changes shall be made as soon as practicable, but not later than 3 years after the effective date of this part however, if the program or activity is a particular mode of transportation (such as a subway station) that can be made accessible only through extraordinarily expensive structural changes to, or replacement of, existing facilities and if other accessible modes of transportation are available, the DoD Component concerned may extend this period of time. This extension shall be for a reasonable and definite period, which shall be determined after consultation with the ASD(MRA&L), or designee.

(B) The recipient or DoD Component shall develop, with the assistance of interested persons or organizations and within a period to be established in each DoD Component’s guidelines, a transition plan setting forth the steps necessary to complete such changes.

(C) The recipient or DoD Component shall make a copy of the transition plan available for public inspection. At a minimum, the plan shall:

(1) Identify physical obstacles in the recipient’s or DoD Component’s facilities that limit the accessibility of its program or activity to handicapped persons.

(2) Describe in detail the methods that will be used to make the facilities accessible.

(3) Specify the schedule for taking the steps necessary to achieve full program accessibility and, if the time period of the transition plan is longer than 1 year, identify steps that will be taken during each year of the transition period.

(4) Indicate the person (last name, first, and middle initial) responsible for implementation of the transition plan.

(iii) A recipient or DoD Component may comply with paragraphs (c)(2)(I) and (c)(2)(II) of this section, through such means as the acquisition or redesign of equipment, such as telecommunication or other telephonic devices; relocation of classes or other services to accessible buildings; assignment of aides to beneficiaries, such as readers or certified sign-language interpreters; home visits; delivery of health, welfare, or other services at accessible alternate sites; alteration of existing facilities and construction of new facilities in conformance with paragraph (c)(3) in this section; or any other method that results in making the program or activity of the recipient or DoD Component accessible to handicapped persons.

(iv) A recipient or DoD Component is not required to make structural changes in existing facilities when other methods are effective in achieving compliance with this section.

(v) In choosing among available methods for meeting the requirements of this section, a recipient or DoD Component shall give priority to those methods that offer programs and activities to handicapped persons in the most integrated setting appropriate with nonhandicapped persons.

(3) New Construction.

New facilities shall be designed and constructed to be readily accessible to and usable by handicapped persons. Alterations to existing facilities shall be designed and constructed, to the maximum extent feasible, to be readily accessible to and usable by handicapped persons. For guidance in determining the accessibility of facilities, see chapter 18 of DoD 4270.1–M and Department of the Army, Office of the Chief of Engineers, Manual EM 1110–1–103. Inquiries about specific accessibility design problems may be addressed to the ASD(MRA&L), or designee.

(4) Historic properties.

(i) In the case of historic properties, program accessibility shall mean that, when viewed in their entirety, programs are readily accessible to and usable by handicapped persons. Because the primary benefit of historic properties is the experience of the property itself, DoD Components and recipients shall give priority to those methods of achieving program accessibility that make the historic
(ii) Methods of achieving program accessibility include:

(A) Making physical alterations that give handicapped persons access to otherwise inaccessible areas or features of historic properties.

(B) Using audiovisual materials and devices to depict otherwise inaccessible areas or features of historic properties.

(C) Assigning individuals to guide handicapped persons into or through otherwise inaccessible portions of historic properties.

(D) Adopting other innovative methods.

(iii) When program accessibility cannot be achieved without causing a substantial impairment of significant historic features, the DoD Component or recipient may seek a modification or waiver of access standards from the ASD (MRA&L), or designee.

(A) A decision to grant a modification or waiver shall be based on consideration of the following:

(1) Scale of the property, reflecting its ability to absorb alterations.

(2) Use of the property, whether primarily for public or private purposes.

(3) Importance of the historic features of the property to the conduct of the program.

(4) Costs of alterations in comparison to the increase in accessibility.

(B) The ASD(MRA&L), or designee, shall review periodically any waiver granted under this paragraph and may withdraw it if technological advances or other changes warrant.

(iv) The decision by the ASD(MRA&L), or designee, to grant a modification or waiver of access standards is subject to section 106 of the National Historic Preservation Act, as amended, and shall be made in accordance with the Advisory Council on Historic Preservation regulation on “Protection of Historic and Cultural Properties” (36 CFR part 800). When the property is federally owned or when Federal funds may be used for alterations, the ASD(MRA&L), or designee, shall obtain the comments of the Advisory Council on Historic Preservation when required by section 106 of the National Historic Preservation Act and the Advisory Council on Historic Preservation regulation on “Protection of Historic and Cultural Properties” (36 CFR part 800) prior to effectuation of structural alterations.

(v) DoD Component guidelines prepared in accordance with §56.10 shall include a listing of all historic properties, including historic ships, subject to this part and a plan for compliance with paragraph (c)(4) of this section.

(5) Military museums. (i) In the case of military museums, program accessibility shall mean that exhibits, displays, tours, lectures, circulating or traveling exhibits, and other programs of military museums are accessible to and usable by handicapped persons.

Methods of meeting this requirement include the following:

(A) Museum programs may be made accessible to deaf and hearing-impaired persons by means such as training museum staff, such as docents, in sign language; providing qualified sign-language interpreters to accompany deaf or hearing-impaired visitors; ensuring that clear, concise language is used on all museum signs and display labels; providing amplification devices; or providing printed scripts for films, videotapes, lectures, or tours. DoD Components are encouraged to use “Museums and Handicapped Students: Guidelines for Educators,” published by the National Air and Space Museum, Smithsonian Institution, Washington, DC 20560.

(B) Museum programs may be made accessible to blind and visually-impaired persons by means such as providing museum catalogues in a large-print edition printed over braille; providing cassette tapes, records, or discs for museum tours or exhibits; providing readers to accompany blind or visually impaired visitors; using large-print and braille display cards at exhibits; providing raised-line maps of the museum building; using raised-line drawings, reproductions, or models of large exhibits to facilitate tactile experiences when touching exhibits is prohibited; placing large-print and braille signs to identify galleries, elevators, restrooms, and other service areas; and permitting guide dogs in all museum facilities.
(C) Museum programs may be made accessible to other physically impaired persons by means such as lowering display cases; spacing exhibits to facilitate movement; using ramps in exhibit areas to facilitate viewing from a distance; providing places to sit in exhibits; increasing lighting in exhibit areas to facilitate viewing from a distance; making restrooms accessible; using large-print exhibit display cards to facilitate reading from a distance; and sensitizing museum staff to consider the needs of handicapped visitors when organizing exhibits.

(ii) DoD Component guidelines developed in accordance with paragraph (c)(5) of this section shall identify military museums subject to paragraph (c) of this section and shall contain a plan for making museum programs accessible to handicapped persons. Technical assistance in the preparation and content of these plans may be obtained from the National Access Center, 1419 27th Street, NW., Washington, DC 20007 ((202) 333–1712 or TTY (202) 333–1339). In addition, community organizations that serve handicapped persons and handicapped persons themselves shall be consulted in the preparation of these plans.

(d) Reasonable accommodation. (1) A recipient or DoD Component shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient or DoD Component demonstrates to the ASD(MRA&L), or designee, that the accommodation would impose an undue hardship on the operation of its program.

(2) Reasonable accommodation includes the following:

(i) Making facilities used by employees readily accessible to and usable by handicapped persons.

(ii) Job restructuring; part-time or modified work schedules; acquisition or modification of equipment or devices, such as telecommunication or other telephonic instruments; the provision of readers or certified sign-language interpreters; and similar actions.

(3) In determining whether an accommodation would impose an undue hardship on the operation of a recipient’s or DoD Component’s program, the ASD(MRA&L), or designee, shall consider the following factors, at a minimum:

(i) The overall size of the recipient’s or DoD Component’s program or activity, such as the number of employees, number and type of facilities, and size of budget.

(ii) The size of the recipient’s or DoD Component’s operations, including the composition and structure of the recipient’s or DoD Component’s workforce.

(iii) The nature and cost of the accommodation needed.

(4) A recipient or DoD Component may not deny any employment opportunity to a qualified handicapped employee or applicant for employment if the basis for the denial is the need to make reasonable accommodation to the physical or mental limitations of the employee or applicant.

§ 56.9 Ensuring compliance with this part in Federal financial assistance programs and activities.

(a) Supplementary guidelines issued by DoD Components. (1) Whenever necessary, DoD Components shall publish supplementary guidelines for each type of program or activity to which they disburse Federal financial assistance within 120 days of the effective date of this part or of the effective date of any subsequent statute authorizing Federal financial assistance to a new type of program or activity. DoD Components shall obtain approval of these supplementary guidelines from the ASD(MRA&L), or designee, before issuing them. Prior to their issuance, the ASD(MRA&L), or designee, shall submit supplementary guidelines prepared pursuant to paragraph (a)(1) of this section to the Coordination and Review Section, Civil Rights Division, Department of Justice, for review and approval. To the extent that supplementary guidelines issued by DoD Components deal with the employment of civilians in programs and activities subject to this part the ASD(MRA&L), or designee, shall also obtain the approval of the Equal Employment Opportunity Commission (EEOC) in accordance with Executive Order 12067.

(2) The ASD(MRA&L), or designee, and DoD Components shall ensure that
their supplementary guidelines conform to the requirements of this part and that they provide:

(i) A description of the types of programs and activities covered.

(ii) Examples of prohibited practices likely to arise with respect to those types of programs and activities.

(iii) A list of the data collection and reporting requirements of the recipients.

(iv) Procedures for processing and investigating complaints.

(v) Procedures for hearings to determine compliance by recipients with this part.

(vi) Requirements or suggestions for affirmative action on behalf of qualified handicapped persons.

(vii) Requirements for the dissemination of program and complaint information to the public.

(viii) A description of the form of the assurances that must be executed pursuant to paragraph (b) of this section, and sample assurances.

(ix) Requirements concerning the frequency and nature of postapproval reviews conducted pursuant to paragraph (h) of this section.

(x) A period of time, provided for by §56.8(c)(2)(ii)(B), for the development of a transition plan that sets out the steps necessary to complete structural changes that might be required by §56.8(c).

(xi) The maximum period of time that may be allowed for extensions that might be granted pursuant to §56.8(c)(2)(ii).

(xii) An appendix that contains a list of identified programs and activities of the type covered by the supplementary guidelines, including the names of the programs and activities and the authorizing statute, regulation, or directive for each program and activity.

(xiii) Requirements for the recipient to designate a responsible official to coordinate the implementation of supplementary guidelines.

(xiv) Requirements for any other actions or procedures necessary to implement this part.

3. When the head of a DoD Component determines that it would not be appropriate to include on or more of the provisions described in paragraph (a)(2) of this section, in the supplementary guidelines of that DoD Component or that it is not necessary to issue such guidelines at all, the reasons for such determination shall be stated in writing and submitted to the ASD(MRA&L), or designee, for review and approval. Once that determination is approved, the DoD Component shall make it available to the public upon request.

4. The heads of DoD Components, or designees, shall be responsible for keeping the supplementary guidelines current and accurate. When a DoD Component determines that a program or activity should be added to or deleted from the guidelines, the DoD Component shall notify the ASD(MRA&L), or designee, in writing.

(b) Required assurances. (1) DoD Components shall require all recipients to file written assurances that their programs or activities will be conducted in accordance with this part and supplementary guidelines promulgated by DoD Components. If a recipient fails to provide an assurance that conforms to the requirements of this section, the DoD Component shall attempt to effect compliance pursuant to paragraphs (f) through (h) of this section, provided that if assistance is due and payable to the recipient based on an application approved prior to the effective date of this part the DoD Component shall continue the assistance while any proceedings required by paragraphs (n) through (v) of this section, are pending.

2. DoD Components shall advise each recipient of the required elements of the assurance and, with respect to each program or activity, of the extent to which those receiving assistance from recipients shall be required to execute similar assurances.

3. DoD Component shall ensure that each assurance:

(i) Obligates the recipient to advise the DoD Component of any complaints received that allege discrimination against handicapped persons.

(ii) Obligates the recipient to collect and provide the items of information that the DoD Component lists in its supplementary guidelines pursuant to paragraph (a)(2)(ii) of this section.

(iii) Is made applicable to any Federal financial assistance that might be
§56.9

32 CFR Ch. I (7–1–15 Edition)

discharged by a DoD Component without the submission of a new application.

(iv) Obligates the recipient, when the financial assistance is in the form of property, for the period during which the property is used under a financial assistance agreement or is possessed by the recipient.

(v) Includes a provision recognizing that the U.S. Government has the right to seek judicial enforcement of section 504 and this part.

(c) Self-evaluation and consultation with interested persons and organizations.

(1) DoD Components shall require recipients to conduct, within 6 months of the effective date of this part or of first receiving Federal financial assistance disbursed by the Department of Defense, a self-evaluation with the assistance of interested persons, including handicapped persons or organizations that represent them. When appropriate, DoD Components also shall require recipients to consult at least annually with such persons. The “Department of Health, Education, and Welfare Section 504 Technical Assistance Reserve Directory,” April 1980, shall be consulted to identify likely sources for consultation. In conducting its self-evaluation, each recipient shall:

(i) Evaluate the effects of its policies and practices with respect to its compliance with this part and the applicable DoD Component’s supplementary guidelines.

(ii) Modify any policies that do not meet such requirements.

(iii) Take appropriate remedial steps to eliminate the discriminatory effects of any such policies or practices.

(2) For at least 3 years following the completion of a self-evaluation required under paragraph (c)(1) of this section, a recipient shall maintain on file, make available for public inspection, and provide to the ASD(MRA&L), or designee, upon request:

(i) A list of the interested persons (last names, first names, and middle initials) consulted.

(ii) A description of areas examined and problems identified, if any, with respect to those areas.

(iii) A description of any modification made and remedial steps taken.

(d) Dissemination of information.

(1) Within 90 days of the effective date of this part or of first receiving assistance from the Department of Defense and on a continuing basis thereafter, each recipient shall notify beneficiaries and employees of their rights under this part and shall take appropriate steps to notify participants, beneficiaries, applicants for employment and employees, including those with impaired vision or hearing, and unions or professional organizations involved in collective bargaining or professional agreements with the recipient that the recipient does not discriminate on the basis of handicap in violation of this part. The notification shall state, when appropriate, that the recipient does not discriminate in admitting or providing access to or treating or employing persons in its programs and activities. Such notification may be accomplished by posting notices, publishing announcements in newspapers and magazines, placing notices in its publications, or distributing memoranda or other written communications.

(2) If a recipient publishes or uses and makes available to participants, beneficiaries, applicants for employment, or employees recruitment materials or publications containing general information about the recipient’s programs and activities, it shall include in those materials or publications a statement of the policy described in paragraph (d)(1) of this section. This may be accomplished by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

(3) Understandable materials developed in accordance with this section shall be provided to ensure that all beneficiaries and employees of the recipient understand the information. In addition, recipients shall disseminate appropriate and comprehensive information about formal and informal complaint and appeal procedures, including directions on how and where to file complaints and to appeal DoD Component decisions.

(e) Intimidation and interference. Recipients and DoD Components shall take reasonable steps to ensure that no person intimidates, threatens, coerces, or discriminates against any individual
for the purpose of retaliating against, interfering with, or discouraging the filing of a complaint, furnishing of information, or assisting or participating in an investigation, compliance review, hearing, or other activity related to the administration of this part.

(f) Staff responsibilities. All DoD Component determinations of recipient compliance with this part shall be subject to reviews by the ASD(MRA&L), or designee. When responsibility for approving applications for Federal financial assistance disbursed by a DoD Component is assigned to regional or area offices of the DoD Component, personnel in such offices shall be designated to perform the functions described in paragraphs (h) and (o) through (w) of this section.

(g) Access to records and facilities. Each recipient shall permit access to its premises by DoD officials during normal business hours when such access is necessary for conducting onsite compliance reviews or complaint investigations, and shall allow such officials to photograph facilities and to inspect and copy any books, records, accounts, and other material relevant to determining the recipient’s compliance with this part. Information so obtained shall be used only in connection with the administration of this part. If the recipient does not have the information requested, it shall submit to the DoD Component a written report that contains a certification that the information is not available and describes the good-faith efforts made to obtain the information.

(h) Compliance review. DoD Components shall determine the compliance of each recipient with this part as follows: (1) General. Whenever possible, DoD Components shall perform compliance reviews in conjunction with their review and audit efforts implementing title VI of the Civil Rights Act of 1964.

(2) Desk audit application review. Before approving an application for Federal financial assistance, the DoD Component concerned shall make a written determination as to whether the recipient is in compliance with this part, based on a review of the assurance of compliance executed by a recipient pursuant to paragraph (b) of this section, and other data submitted by the recipient. When a determination cannot be made from the assurance and other data submitted by the recipient, the DoD Component concerned shall require the recipient to submit additional information and shall take other steps as necessary to determine the recipient’s compliance with this part. If this additional information demonstrates that the recipient is in compliance with this part, the DoD Component shall notify the recipient promptly that it is in compliance.

(3) Preapproval onsite review. (i) When a desk audit application review conducted pursuant to paragraph (h)(2) of this section indicates that the recipient might not be in compliance with this part, the DoD Component concerned may conduct a preapproval onsite review at the recipient’s facilities before approving the disbursement of Federal financial assistance to the recipient. The DoD Component shall conduct such a review:

(A) When appropriate, if a desk audit application review reveals that the recipient’s compliance posture is questionable because of a history of discrimination complaints, current discrimination complaints, a noncompliance determination by another government agency or DoD Component, or other indications of possible noncompliance; or

(B) If Federal financial assistance is requested for construction, except under extraordinary circumstances, to determine whether the location and design of the project would provide service on a nondiscriminatory basis, in conformity with §56.8(c).

(ii) Preapproval onsite reviews shall be conducted under DoD Component supplementary guidelines and in accordance with the provisions of paragraph (h)(4) of this section, concerning postapproval reviews.

(4) Postapproval reviews. DoD Components shall: (i) Establish and maintain effective programs of postapproval reviews.

(ii) Conduct such reviews of each recipient, the frequency and the nature of which shall be prescribed in the DoD Component supplementary guidelines implementing this part.

(iii) Require recipients periodically to submit compliance reports to them.
(iv) Record the results of the reviews, including findings of fact and recommendations.

(5) A DoD Component shall complete a review within 180 calendar days of initiating it unless an extension of time is granted by the ASD(MRA&L), or designee, for good cause shown, and shall either:

(i) Find the recipient to be in compliance and notify the recipient of that finding; or

(ii) Notify the recipient and the ASD(MRA&L), or designee, of a finding of probable noncompliance, pursuant to paragraph (o) of this section.

(i) Filing of complaints against recipients. (1) DoD Components shall establish and publish in their supplementary guidelines procedures for the prompt processing and disposition of complaints against recipients, consistent with this section.

(2) A DoD Component shall consider all complaints that: (i) Are filed within 180 days of the alleged discrimination or within a longer period of time if an extension is granted for good cause by the DoD Component with the approval of the ASD(MRA&L), or designee.

(i) Include the name, address, and telephone number, if any, of the complainant; the name and address of the recipient committing the alleged discrimination; a description of the acts or omissions considered to be discriminatory; and other pertinent information.

(iii) Are signed by the complainant or the complainant’s authorized representative (legal counsel or a person with power of attorney granted by the complainant).

(3) DoD Components shall transmit a copy of each complaint filed with them to the ASD(MRA&L), or designee, within 10 calendar days after its receipt.

(4) If the information in a complaint is incomplete, the DoD Component shall request the complainant to provide the additional information required. If the DoD Component does not receive this requested information within 30 calendar days of the date of the request, the case may be closed and the complainant so notified in writing.

(5) If a complaint concerning a program or activity is filed with a DoD Component that does not have jurisdiction over it, the DoD Component shall refer the complaint to the ASD(MRA&L), or designee, and advise the complainant in writing of such referral. The ASD(MRA&L), or designee, then shall refer the complaint to the appropriate DoD Component and so notify the complainant in writing.

(j) Investigation by DoD components. (1) DoD Components shall investigate complaints that involve recipients and that meet the standards described in paragraph (i) of this section, unless good cause for not investigating is stated in a written notification of the disposition of the complaint provided to the complainant.

(2) If an investigation of a complaint is conducted, the DoD Component concerned shall maintain a case record that contains:

(i) The name (last name, first, and middle initial), address (street address, city, State, and zip code), and telephone number of each person interviewed.

(ii) Copies, transcripts, or summaries of pertinent documents.

(iii) A reference to at least one program or activity conducted by the recipient and receiving Federal financial assistance disbursed by a DoD Component, and a description of the amount and nature of the assistance.

(iv) A narrative report of the results of the investigation that contains references to relevant exhibits and other evidence that relates to the alleged violations.

(k) Investigations by recipients. (1) A DoD Component may require or permit recipients to investigate complaints alleging violation of this part. In such cases, the DoD Component shall:

(i) Ensure that the recipient investigates the complaints in accordance with the standards, procedures, and requirements prescribed in paragraph (j) of this section.

(ii) Require the recipient to submit a written report of each complaint and investigation to the DoD Component.

(iii) Retain a review responsibility over the investigation and disposition of each complaint.
(iv) Ensure that each complaint investigation is completed within 180 calendar days of the receipt of the complaint by the proper DoD Component, unless an extension of time is granted for good cause by the ASD(MRA&L), or designee.

(v) Require the recipient to maintain a log of all complaints filed against it, as described in §56.6(a)(1).

(2) DoD Components that require or permit complaint investigations to be conducted by recipients shall review recipient complaint investigations pursuant to paragraphs (k) and (l) of this section.

(i) Results of investigations. (1) Within 180 days of the receipt of a complaint, the DoD Component, recipient, or the ASD(MRA&L), or designee, shall give written notification:

(A) Of the disposition of the complaint to the complainant and, as the case may be, to the recipient or DoD Component.

(B) To the complainant that within 30 calendar days of receipt of the written notification, the complainant may request that the ASD(MRA&L), or designee, review the findings in the notification pursuant to paragraph (m) of this section.

(2) If the complaint investigation results in a determination by the DoD Component that a recipient is not complying with this part the DoD Component shall proceed as prescribed in paragraph (n) through (v) of this section.

(3) After reviewing the results of an investigation, the ASD(MRA&L), or designee, may:

(i) Find that no further investigation is necessary and approve the results of the investigation;

(ii) Request further investigation by the DoD Component; or

(iii) Require the DoD Component to take appropriate corrective action.

(n) Effecting compliance. (1) When a compliance review or complaint investigation indicates that a recipient has violated this part, the applicable DoD Component’s supplementary guidelines, or the assurances executed pursuant to paragraph (b) of this section, the responsible DoD Component or the ASD(MRA&L), or designee, shall attempt to effect compliance in accordance with paragraphs (o) and (p) of this section. The inability of a DoD Component to comply with any time frame prescribed by this part does not relieve a recipient of the responsibility for compliance with this part.

(2) The DoD Component may require, when necessary to overcome the effects of discrimination in violation of this part, a recipient to take remedial action:

(i) With respect to handicapped persons who are no longer participants in the recipient’s program or activity but who were participants in the program or activity when such discrimination occurred.

(ii) With respect to handicapped persons who would have been participants in the recipient’s program or activity had the discrimination not occurred.

(iii) With respect to handicapped persons presently in the recipient’s program or activity, but not receiving full benefits or equal and integrated treatment within the program or activity.

(o) Written notice. After evaluating the investigative report, the DoD Component shall issue to the recipient and, pursuant to paragraph (n)(2) of this section to the ASD(MRA&L), or designee, a written notice that:

(1) Describes the apparent violation and the corrective actions necessary to achieve compliance.

(2) Extends an offer to meet informally with the recipient.

(3) Informs the recipient that failure to respond to the notice within 15 calendar days of its receipt shall result in
the initiation of enforcement procedures described in paragraphs (r) through (v), of this section.

(p) Attempting to achieve voluntary compliance by recipients. (1) If a DoD Component issues a notice pursuant to paragraph (o) of this section, the DoD Component shall attempt to meet with the recipient and shall attempt to persuade it to take the steps necessary to achieve compliance with this part.

(2) If a recipient agrees to take remedial steps to achieve compliance, the DoD Component shall require that the agreement be in writing and:

(i) Be signed by the head of the DoD Component concerned, or designee, and by the principal official of the recipient.

(ii) Specify the action necessary to achieve compliance.

(iii) Be made available to the public upon request.

(iv) Be subject to the approval of the ASD(MRA&L), or designee.

(3) If satisfactory adjustment or a written agreement has not been achieved within 60 calendar days of the recipient’s receipt of the notice issued pursuant to paragraph (o) of this section, the DoD Component shall notify the ASD(MRA&L), or designee, and state the reasons therefor.

(4) The DoD Component shall initiate the enforcement actions prescribed in paragraphs (r) through (v) of this section if:

(i) The recipient does not respond to a notice pursuant to paragraph (o) of this section, within 15 calendar days of its receipt and satisfactory adjustments are not made within 45 calendar days of the date of the recipient’s response; or

(ii) The DoD Component or the ASD (MRA&L) determines at any time within 90 days after the recipient receives a notice pursuant to paragraph (o) of this section, that, despite reasonable efforts, it is not likely that the recipient will comply promptly and voluntarily.

(5) If, pursuant to paragraph (p)(4) of this section, the DoD Component has taken action pursuant to paragraphs (o) and (p) of this section, the DoD Component may, by order, subject to paragraph (q)(2) and (q)(3) of this section:

(i) Terminate, suspend, or refuse to grant or continue assistance to such recipient.

(ii) Refer the case to the Department of Justice for the initiation of enforcement proceedings at a Federal, State, or local level.

(iii) Pursue any remedies under State or local law.

(iv) Impose other sanctions upon consultation with the ASD (MRA&L), or designee.

(2) Terminating, suspending, or refusing to grant or continue assistance. A DoD Component may not terminate or refuse to grant or continue Federal financial assistance unless:

(i) Such action has been approved by the Secretary of Defense.

(ii) The DoD Component has given the recipient an opportunity for a hearing pursuant to the procedures set out in paragraph (r) of this section, and a finding of noncompliance has resulted.

(iii) Thirty calendar days have elapsed since the Secretary of Defense has filed a written report describing the violation and action to be taken with the committees of the House of Representatives and Senate that have jurisdiction over the program or activity in which the violation of this part exists.

(iv) Such action is limited to affect only the particular activity or program, or portion thereof, of the recipient where the violation exists.

(3) Other sanctions. A DoD Component may not impose the sanctions set out in paragraphs (q)(1) (iii) and (iv) of this section, unless:

(i) The DoD Component has given the recipient an opportunity for a hearing pursuant to paragraph (r) of this section, and a finding of noncompliance has resulted.

(ii) The action has been approved by the Secretary of Defense.

(iii) Ten calendar days have elapsed since the mailing of a notice informing the recipient of its continuing failure to comply with this part the action necessary to achieve compliance, and the sanction to be imposed.
(iv) During those 10 calendar days the DoD Component has made additional efforts to persuade the recipient to comply.

(v) **Hearings for recipients—(1) General.** When, pursuant to paragraph (q)(2)(i) of this section, an opportunity for a hearing is given to a recipient, the DoD Component involved shall follow the procedures prescribed in paragraphs (r)(2) through (r)(6) of this section.

(2) **Notice.** The DoD Component concerned shall notify the recipient of the opportunity for a hearing by registered or certified mail, return receipt requested, when the recipient denies a tentative finding of noncompliance with this part.

(i) The DoD Component shall ensure that the notice:

(A) Describes the proposed sanctions to be imposed.

(B) Cites the section of this part under which the proposed action is to be taken.

(C) States the name and office of the DoD Component official who is responsible for conducting the hearing (hereafter referred to as the “responsible DoD official”).

(D) Outlines the issues to be decided at the hearing.

(E) Advises the recipient either of a date, not less than 20 calendar days after the date that the notice is received, by which the recipient may request that the matter be scheduled for a hearing, or of a reasonable time and place of a hearing that is subject to change for good cause shown.

(ii) When a time and place for a hearing are set, the DoD Component shall give the recipient and the complainant, if any, reasonable notice of such time and place.

(3) **Waiver of a hearing.** A recipient may waive a hearing and submit to the responsible DoD official, in writing, information or arguments on or before the date stated pursuant to paragraph (r)(2)(i)(E) of this section.

(i) A recipient waives its right to a hearing if it fails to request a hearing on or before a date stated pursuant to paragraph (r)(2)(i)(E) of this section, or fails to appear at a hearing that has been scheduled pursuant to that paragraph.

(ii) If a recipient waives its right to a hearing under this section, the responsible DoD official shall decide the issues and render a final decision that is based on the information available and that conforms to the requirements of paragraph (s)(4) of this section.

(4) **Hearing examiner.** Hearings shall be conducted by the responsible DoD official or by a hearing examiner designated by the official, provided that the hearing examiner shall be a field grade officer or civilian employee above the grade of GS–12 (or the equivalent) who is admitted to practice law before a Federal court or the highest court of a State, territory, commonwealth, or the District of Columbia.

(5) **Right to counsel.** In all proceedings under this section, the recipient and the DoD Component may be represented by counsel. The representation of the recipient will not be at U.S. Government expense.

(6) **Procedures.** Hearings authorized under this section shall be subject to the following: (i) Hearings shall be open to the public.

(ii) Formal rules of evidence will not apply. The DoD Component concerned and the recipient shall be entitled to introduce all relevant evidence on the issues stated in the notice of hearing issued pursuant to paragraph (r)(2) of this section, and those designated by the responsible DoD official or the hearing examiner at the outset of or during the hearing. The responsible DoD official or hearing examiner, however, may exclude irrelevant, immaterial, or repetitious evidence.

(iii) All witnesses may be examined or cross-examined, as the case may be, by each party.

(iv) All parties shall have the opportunity to examine all evidence offered or admitted for the record.

(v) A transcript of the proceedings shall be maintained in either electronic or typewritten form and made available to all parties.

(s) **Decisions—(1) Initial or proposed decisions by a hearing examiner.** If a hearing is conducted by a hearing examiner who is designated by the responsible DoD official pursuant to paragraph (r)(4) of this section, the hearing examiner shall either:
(i) Make an initial decision, if so authorized, that conforms to the requirements of paragraph (s)(4) of this section; or

(ii) Certify the entire record and submit to the responsible DoD official recommended findings and a proposed decision.

(2) Review of initial decisions. Initial decisions made by a hearing examiner pursuant to paragraph (s)(1)(i) of this section, shall be reviewed as follows:

(i) A recipient may file exceptions to an initial decision within 30 calendar days of receiving notice of such initial decision. Reasons shall be stated for each exception.

(ii) If the recipient does not file exceptions pursuant to paragraph (s)(2)(i) of this section, the responsible DoD official may notify the recipient within 45 calendar days of the initial decision that the responsible DoD official will review the decisions.

(iii) If exceptions are filed pursuant to paragraph (s)(2)(i) of this section, or a notice of review is issued pursuant to paragraph (s)(2)(ii) of this section, the responsible DoD official shall review the initial decision and, after giving the recipient reasonable opportunity to file a brief or other written statement of its contentions, issue a final decision that addresses each finding and conclusion in the initial decision and each exception, if any.

(iv) If the exceptions described in paragraph (s)(2)(i) of this section are not filed and the responsible DoD official does not issue the notice of review described in paragraph (s)(2)(ii) of this section, the initial decision of the hearing examiner shall constitute the final decision of the responsible DoD official.

(3) Decisions by the responsible DoD official who conducts a hearing or receives a certified record. If a hearing examiner who is designated by the responsible DoD official certifies the entire record and submits recommended findings and a proposed decision to the responsible DoD official pursuant to paragraph (s)(1)(ii) of this section, or if the responsible DoD official conducts the hearing, after giving the recipient a reasonable opportunity to file a brief or other written statement of its contentions, the responsible DoD official shall render a final decision that conforms to paragraph (s)(4) of this section.

(4) Contents of decisions. Each decision of a hearing examiner or responsible DoD official shall state all findings and conclusions and identify each violation of this part. The final decision may contain an order pursuant to paragraph (q) of this section, providing for the suspension or termination of or refusal to grant or continue all or some of the Federal financial assistance under the program or activity involved and contain terms, conditions, and other provisions that are consistent with and intended to achieve compliance with this Directive.

(5) Notice of decisions and certifications. The responsible DoD official shall provide a copy of any certified record of a hearing and any initial or final decision to the recipient and the complainant, if any.

(6) Review by the Secretary of Defense. The responsible DoD official shall transmit promptly any final decision that orders a suspension, termination, or denial of Federal financial assistance through the ASD(MRA&L) to the Secretary of Defense. The Secretary may;

(i) Approve the decision;

(ii) Vacate the decision; or

(iii) Remit or mitigate any sanction imposed.

(t) Restoring eligibility for financial assistance. (1) A recipient that is affected adversely by a final decision issued under paragraph (s) of this section, may at any time request the responsible DoD official to restore fully its eligibility to receive Federal financial assistance.

(2) If the responsible DoD official determines that the information supplied by the recipient demonstrates that it has satisfied the terms and conditions of the order entered pursuant to paragraph (s) of this section, and that is complying with and has provided reasonable assurance that it will continue to comply with this part the responsible DoD official shall restore such eligibility immediately.

(3) If the responsible DoD official denies a request for restoration of eligibility, the recipient may submit a written request for a hearing that states
why it believes the responsible DoD official erred in denying the request. Following such a written request, the recipient shall be given an expeditious hearing under rules of procedure issued by the responsible DoD official to determine whether the requirements described in paragraph (t)(2) of this section, have been met. While any such proceedings are pending, the sanctions imposed by the order issued under paragraph (s) of this section, shall remain in effect.

(ii) Provides for the notification to recipients and the responsible program officials of the DoD Components involved of the assignment of enforcement responsibility.

(4) No delegation agreement reached in accordance with paragraph (u)(3) to this section shall be effective until it is approved by the ASD(MRA&L), or designee.

(5) When possible, existing delegation agreements relating to title VI of the Civil Rights Act of 1964 shall be amended to provide for the enforcement of this part.

(6) Any DoD Component conducting a compliance review or investigating a complaint of an alleged violation by a recipient shall notify any other affected agency or DoD Component through the ASD(MRA&L), or designee, upon discovery that the agency or DoD Component has jurisdiction over the program or activity in question and shall subsequently inform it of the finding made. Such reviews or investigations may be conducted on a joint basis.

(7) When a compliance review or complaint investigation under this part reveals a possible violation of Executive Order 11246, titles VI or VII of the Civil Rights Act of 1964, or any other Federal law, the DoD Component shall notify the appropriate agency, through the ASD(MRA&L), or designee.

(v) Coordination with sections 502 and 503.

(1) DoD Components shall use DoD 4270.1–M and Department of the Army, Office of the Chief of Engineers, Manual EM 1110–1–103, in developing requirements for the accessibility of facilities. If DoD Components encounter issues with respect to section 502 of the Rehabilitation Act of 1973, as amended, that are not covered by these publications, the ASD(MRA&L), or designee, may be consulted. If necessary, the ASD(MRA&L), or designee, shall consult with the Architectural and Transportation Barriers Compliance Board in resolving such problems.

(2) DoD Components may advise recipients to consult directly with the Architectural and Transportation Barriers Compliance Board in developing accessibility criteria.
§ 56.10 Ensuring compliance with this part in programs and activities conducted by the Department of Defense.

(a) Supplementary guidelines. (1) Whenever necessary, the ASD(MRA&L), or designee, shall publish supplementary guidelines for programs and activities that are conducted by DoD Components and that are subject to this Directive. Prior to their issuance, the ASD(MRA&L), or designee, shall submit supplementary guidelines prepared pursuant to this subsection to the Coordination and Review Section, Civil Rights Division, Department of Justice, for review.

(2) The heads of DoD Components, or designees, shall be responsible for keeping the supplementary guidelines described in this section current and accurate. When a DoD Component head determines that a program or activity should be added to or deleted from the guidelines, that official shall notify the ASD(MRA&L), or designee, in writing.

(b) Staff responsibilities. The ASD(MRA&L), or designee, shall determine DoD Component compliance with this part as it pertains to programs and activities that are conducted by DoD Components and are subject to this part.

(c) Filing of complaints. (1) Complaints of discrimination in a program or activity conducted by a DoD Component may be filed directly with the ASD(MRA&L), or designee.

(2) DoD Components shall develop procedures, such as posters or other devices, to notify participants in the programs and activities listed in §56.7(c) of their right to be free of discrimination because of handicap in those programs and activities and of their right to file complaints of discrimination with the ASD(MRA&L), or designee.

(d) Investigations of complaints. (1) The ASD(MRA&L), or designee, shall investigate complaints of discrimination in programs and activities that are conducted by DoD Components and are subject to this part.

(2) A case record of each investigation shall be compiled in accordance with §56.9(j)(2).

(e) Results of investigations. If the complaint investigation results in a determination by the ASD(MRA&L), or designee, that a DoD Component’s program or activity is not complying with §56.9, the ASD(MRA&L), or designee, shall proceed as prescribed in §56.9(n) through (v). Hearings prescribed under §56.9(r) however, need not be conducted. If the ASD(MRA&L), or designee, determines that the DoD Component is in compliance, the ASD(MRA&L), or designee, shall notify the complainant within 15 calendar days of such determination.

(f) Written notice. If an investigative report concludes that there has been a violation of this part in a program or activity conducted by a DoD Component and the ASD(MRA&L), or designee, accepts that conclusion, that official shall issue to the head of the DoD Component a written notice describing the apparent violation, the corrective actions necessary to achieve compliance, and a suspense date for completion of the corrective actions.

(g) Effecting compliance. When necessary to overcome the effects of discrimination in violation of this part the ASD(MRA&L), or designee, may require a DoD Component to take remedial action similar to that in §56.8(n)(2).

(h) Employment. DoD Components that conduct Federal programs or activities covered by this part that involve employment of civilian persons to conduct such a program or activity must comply with section 501 of the Rehabilitation Act of 1973, as amended,
Office of the Secretary of Defense § 57.2

and the implementing rules and regulations of the EEOC.

APPENDIX H TO PART 57—MONITORING

SOURCE: 69 FR 32662, June 10, 2004, unless otherwise noted.

§ 57.1 Purpose.

This part:
(1) Provision of early intervention services (EIS) to infants and toddlers with disabilities (birth through 2 years, inclusive) and their families, and special education and related services (hereafter referred to as “special services”) to children with disabilities (ages 3 through 21 years, inclusive) entitled to receive special services from the Department of Defense in accordance with 10 U.S.C. 2164, DoD Directive 1342.6, DoD Directive 1342.21, DoD Instruction 1342.26, DoD Directive 1342.13, and DoD Directive 5105.4.

(b) Implementation of a comprehensive, multidisciplinary program of EIS for infants and toddlers (birth through 2 years, inclusive) with disabilities, and their families.

(3) Provision of a free, appropriate public education (FAPE) including special education and related services for children with disabilities enrolled in the DoD school systems, as specified in their Individualized Educational Programs (IEP).

(4) Monitoring of DoD programs providing EIS, special education, and related services for compliance with this part.

(5) Establishment of a DoD Advisory Panel (DoD-AP) on Early Intervention, Special Education, and Related Services and a DoD Coordinating Committee (DoD-CC) on Early Intervention, Special Education, and Related Services in accordance with DoD Directive 5105.4.

§ 57.2 Applicability and scope.

This part:
(a) Applies to the Office of the Secretary of Defense, the Military Departments, the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities in the Department of Defense (hereafter referred to collectively as “the DoD Components”).
§ 57.3 Definitions.

(a) Age of Majority. The age when a person acquires the rights and responsibilities of being an adult. For purposes of this part, a child attains majority at age 18.

(b) Alternate Assessment. A process that measures the performance of students with disabilities unable to participate, even with accommodations provided, in system-wide assessment.

(c) Alternative Educational Setting (AES). A temporary setting other than the school (e.g., home, installation library) normally attended by the student. The interim AES shall:

(1) Be selected so as to enable the child to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the child’s current IEP, that shall enable the child to meet the goals set out in that IEP; and

(2) Include services and modifications to address the behavior that resulted in the child being considered or placed in an AES.

(d) Assessment. The ongoing procedures used by appropriately qualified personnel throughout the period of a child’s eligibility determination to identify the child’s unique needs; the family’s strengths and needs related to development of the child; and the nature and extent of early intervention services that are needed by the child and the child’s family to meet their unique needs.

(e) Assistive Technology Device. Any item, piece of equipment, or product system, whether acquired commercially or off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of children with disabilities.

(f) Assistive Technology Service. Any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device. The term includes the following:

(1) The evaluation of the needs of an individual with a disability, including a functional evaluation in the individual’s customary environment.

(2) Purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by individuals with disabilities.

(3) Selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices.

(4) Coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing educational and rehabilitative plans and programs.

(5) Training or technical assistance for an individual with disabilities or the family of an individual with disabilities.

(6) Training or technical assistance for professionals (including individuals providing educational rehabilitative services), employers, or other individuals who provide services to, employ, or are otherwise substantially involved in the major life functions of an individual with a disability.

(g) Attention Deficit Disorder (ADD). As used in this part, encompasses attention-deficit hyperactivity disorder (ADHD) and ADD without hyperactivity. The essential features of the disorder are developmentally inappropriate degrees of inattention, impulsiveness, and in some instances, hyperactivity.

(1) Either diagnosis must be made by appropriate medical personnel.
(2) ADD and ADHD are not specific disabling conditions under this part, although a child with either may be eligible for EIS and/or special education and related services as "other health impaired" by reason of the disability if the child's alertness or vitality is sufficiently compromised. The majority of children with ADD/ADHD generally do not meet the eligibility criteria as outlined in this part.

(h) Audiology. A service that includes the following:

(1) Identification of children with hearing loss.

(2) Determination of the range, nature, and degree of hearing loss, and communication functions including referral for medical or other professional attention for the habilitation of hearing.

(3) Provision of habilitative activities, such as language habilitation, auditory training, speech-reading (lip-reading), hearing evaluation, and speech conservation.

(4) Creation and administration of programs for the prevention of hearing loss.

(5) Counseling and guidance of children concerning the prevention of hearing loss.

(6) Determination of a child's need for group and individual amplification, selecting and fitting an aid, and evaluating the effectiveness of amplification.

(7) Auditory training, speech-reading, hearing evaluation, and speech conservation.

(i) Autism. A developmental disability significantly affecting verbal and non-verbal communication and social interaction, generally evident before age 3 years that adversely affects educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. The term does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disturbance as defined in paragraph (z) of this section.

(j) Case Study Committee (CSC). A school-level team comprised of, among others, an administrator or designee who is qualified to supervise or provide special education, one or more of the child's regular education teachers, one or more special education teachers, parents, and related service providers (if appropriate) who do the following:

(1) Oversee screening and referral of children who may require special education.

(2) Oversee the multidisciplinary evaluation of such children.

(3) Determine the eligibility of children for special education and related services.

(4) Formulate individualized instruction as reflected in an IEP, in accordance with this part.

(5) Monitor the development, review, and revision of IEPs.

(k) Child-Find. An outreach program used by the DoD school systems, the Military Departments, and the other DoD Components to seek and identify children from birth to age 21, inclusive, who may require EIS or special education and related services. Child-find includes all children who are eligible to attend a DoD school. Child-find activities include the dissemination of information to military members and DoD employees, the identification and screening of children, and the use of referral procedures.

(l) Children with Disabilities (Ages 3 through 21, Inclusive). Children, before graduation from high school or completion of the General Education Degree, who have one or more impairments, as determined by a CSC and who need and qualify for special education and related services.

(m) Consent. The permission obtained from the parent or legal guardian. This includes the following:

(1) The parent is fully informed of all information about the activity for which consent is sought in the native language or in another mode of communication, if necessary.

(2) The parent understands and agrees in writing to the implementation of the activity for which permission is sought. That consent describes the activity, lists the child's records (if any) to be released outside the Department of Defense, and specifies to whom the records shall be sent.

(3) The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at anytime.
(i) If a parent revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the cognizant authorities received the notice of revocation of the consent).

(b) Continuum of Alternative Placements. Instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions; includes provision for supplementary services (such as resource room or itinerant instruction) to be provided in conjunction with regular class placement.

(o) Counseling Service. A service provided by a qualified social worker, psychologist, guidance counselor, or other qualified personnel.

(p) Deaf-Blindness. Concomitant hearing and visual impairments, the combination of which causes such severe communication, developmental, and educational problems that it cannot be accommodated in special education programs solely for children with deafness or blindness.

(q) Deafness. A hearing loss or deficit so severe that it impairs a child’s ability to process linguistic information through hearing, with or without amplification, and affects the child’s educational performance adversely.

(r) Developmental Delay. A significant discrepancy in the actual functioning of an infant, toddler, or child, birth through age 5, when compared with the functioning of a non-disabled infant, toddler, or child of the same chronological age in any of the following areas: physical, cognitive, communication, social or emotional, and adaptive development as measured using standardized evaluation instruments and confirmed by clinical observation and judgment. A child classified with a developmental delay before the age of 5 may maintain that eligibility classification through the age 8.

1. A Significant Discrepancy. The child is experiencing a developmental delay as measured by diagnostic instruments and procedures of 2 standard deviations below the mean in at least one area, or by a 25 percent delay in at least one area on assessment instruments that yield scores in months, or a developmental delay of 1.5 standard deviations below the mean in two or more areas, or by a 20 percent delay on assessment instruments that yield scores in months in two or more of the following areas of development: cognitive, physical, communication, social or emotional, or adaptive.

2. High Probability for Developmental Delay. An infant or toddler, birth through age 2, with a diagnosed physical or mental condition, such as chromosomal disorders and genetic syndromes, that places the infant or toddler at substantial risk of evidencing a developmental delay without the benefit of EIS.

(s) DoD Dependents Schools (DoDDS). The overseas schools (kindergarten through grade 12) established by 20 U.S.C. 921. The DoDDS are operated under DoD Directive 1342.6.

(u) DoD School Systems. The DDESS and DoDDS school systems.

(v) Early Identification and Assessment. The implementation of a formal plan for identifying a disability as early as possible in a child’s life.

(w) Early Intervention Services. Developmental services that meet the following criteria:

1. Are provided under the supervision of a Military Medical Department.

2. Are provided using Military Health Services System resources at no cost to the parents.

3. Evaluation, Individualized Family Service Plan (IFSP) development and revision, and Service coordination services are provided at no cost to the infant’s or toddler’s parents. Parents may be charged incidental fees (identified in Service guidance) that are normally charged to infants, toddlers, and children without disabilities or to their parents.

4. Are designed to meet the developmental needs of an infant or toddler with a disability in any one or more of the following areas:

   (i) Physical.

   (ii) Cognitive.

   (iii) Communication.
(iv) Social or emotional.
(v) Adaptive development.
(5) Meet the standards developed or adopted by the Department of Defense.
(6) Are provided by qualified personnel including early childhood special educators, speech and language pathologists and audiologists, occupational therapists, physical therapists, psychologists, social workers, nurses, nutritionists, family therapists, orientation and mobility specialists, pediatricians and other physicians, and certified and supervised paraprofessional assistants, such as certified occupational therapy assistants.
(7) Maximally, are provided in natural environments including the home and community settings where infants and toddlers without disabilities participate.
(8) Are provided in conformity with an IFSP.
(9) Developmental services include, but are not limited to, the following services: Family training, counseling, and home visits; special instruction; speech pathology and audiology; occupational therapy; physical therapy; psychological services; Service coordination services; medical services only for diagnostic or evaluation purposes; early identification, screening and assessment services; vision services; and social work services. Also included are assistive technology devices and assistive technology services; health services necessary to enable the infant or toddler to benefit from the above EIS; and transportation and related costs necessary to enable an infant or toddler and the family to receive EIS.
(x) Educational and Developmental Intervention Services (EDIS). Programs operated by the Military Medical Departments to provide EIS and related services in accordance with this part.
(1) In DoDDS, children without disabilities who meet these requirements, and are ages 5 to 21 years, inclusive, are entitled to receive educational instruction.
(2) In DDESS, children without disabilities who meet these requirements, and are ages 4 to 21 years, inclusive, are entitled to receive educational instruction.
(3) In both DoDDS and DDESS, children with disabilities, ages 3 through 21 years, inclusive, are authorized to receive educational instruction. Additionally, an eligible infant or toddler with disabilities is a child from birth through age 2 years who meets either the DoDDS or DDESS eligibility requirements except for the age requirement.
(2) Emotional Disturbance. A condition confirmed by clinical evaluation and diagnosis and that, over a long period of time and to a marked degree, adversely affects educational performance, and exhibits one or more of the following characteristics:
(1) Inability to learn that cannot be explained by intellectual, sensory, or health factors.
(2) Inability to build or maintain satisfactory interpersonal relationships with peers and teachers.
(3) Inappropriate types of behavior or feelings under normal circumstances.
(4) A tendency to develop physical symptoms or fears associated with personal or school problems.
(5) A general pervasive mood of unhappiness or depression. Includes children who are schizophrenic, but does not include children who are socially maladjusted unless it is determined they are seriously emotionally disturbed.
(aa) Evaluation. The synthesis of assessment information by a multidisciplinary team used to determine whether a particular child has a disability, the type and extent of the disability, and the child’s eligibility to receive early intervention or special education and/or related services.
(bb) Family Training, Counseling, and Home Visits. Services provided, as appropriate, by social workers, psychologists, and other qualified personnel to assist the family of a child eligible under this part in understanding the special needs of the child and enhancing the child’s development.
(cc) Free Appropriate Public Education (FAPE). Special education and related services that:
§ 57.3 32 CFR Ch. 1 (7–1–15 Edition)

(1) Are provided at no cost to parents of a child with a disability, and are under the general supervision and direction of the DoDDS or DDESS, including children with disabilities who have been suspended or expelled from school.

(2) Are provided in the least restrictive environment at a preschool, elementary, or secondary school.

(3) Are provided in conformity with an IEP.

(4) Meet the requirements of this part.

(dd) Functional Behavioral Assessment. A process for identifying the events that predict and maintain patterns of problem behavior.

(ee) Functional Vocational Evaluation. A student-centered appraisal process for vocational development and career decision-making. It allows students, educators, and others to gather information about such development and decision-making. Functional vocational evaluation includes activities for transitional, vocational, and career planning; instructional goals; objectives; and implementation.

(ff) General Curriculum. The curriculum adopted by the DoD school systems for all children from preschool through secondary school. To the extent applicable to an individual child with a disability, the general curriculum can be used in any educational environment along a continuum of alternative placements, described in paragraph (l) of this section.

(gg) Health Services. Services necessary to enable an infant or toddler to benefit from the other EIS being received under this part. That term includes the following:

(1) Services such as clean intermittent catheterization, tracheotomy care, tube feeding, changing of dressings or colostomy collection bags, and other health services.

(2) Consultation by physicians with other service providers about the special healthcare needs of infants and toddlers with disabilities that need to be addressed in the course of providing other EIS.

(3) That term does not include the following:

(i) Services that are surgical or solely medical.

(ii) Devices necessary to control or treat a medical condition.

(iii) Medical services routinely recommended for all infants or toddlers.

(hh) Hearing Impairment. An impairment in hearing, whether permanent or fluctuating, that adversely affects a child’s educational performance, but is not included under the definition of deafness.

(ii) Illegal Drug. Means a controlled substance as identified in the Controlled Substances Act (21 U.S.C. 812(c)) but does not include a substance that is legally possessed or used under the supervision of a licensed healthcare professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.

(jj) Independent Evaluation. An evaluation conducted by a qualified examiner who is not employed by either the DoD school or EDIS that conducted the initial evaluation.

(kk) Individualized Education Program (IEP). A written document defining specially designed instruction for a student with a disability, ages 3 through 21 years, inclusive. That document is developed and implemented in accordance with appendix B of this part.

(ll) Individualized Family Service Plan (IFSP). A written document for an infant or toddler, age birth through 2 years, with a disability and the family of such infant or toddler that is developed, reviewed, and revised in accordance with appendix A of this part.

(mm) Infants and Toddlers with Disabilities. Children, ages birth through 2 years, who need EIS because they:

(1) Are experiencing a developmental delay, defined at paragraph (r) of this section.

(2) Have a high probability for developmental delay as defined at paragraph (r)(2) of this section.

(nn) Inter-Component. Cooperation among DoD organizations and programs, ensuring coordination and integration of services to infants, toddlers, children with disabilities, and their families.

(oo) Medical Services. Those evaluative, diagnostic, therapeutic, and supervisory services provided by a licensed and/or credentialed physician to
assist CSCs and to implement IEPs. Medical services include diagnosis, evaluation, and medical supervision of related services that, by statute, regulation, or professional tradition, are the responsibility of a licensed and credentialed physician.

(pp) Meetings to Determine Eligibility or Placement of a Child. All parties to such a meeting shall appear personally at the meeting site on issuance of written notice and establishment of a date convenient to the concerned parties. When a necessary participant is unable to attend, electronic communication suitable to the occasion may be used to involve the unavailable party. Parents generally shall be responsible for the cost of travel to personally attend meetings about the eligibility or placement of their child.

(qq) Mental Retardation. Significantly sub-average general intellectual functioning, existing concurrently with deficits in adaptive behavior. This disability is manifested during the developmental period and adversely affects a child’s educational performance.

(rr) Multidisciplinary. The involvement of two or more disciplines or professions in the integration and coordination of services, including evaluation and assessment activities, and development of an IFSP or an IEP.

(ss) Native Language. When used with reference to an individual of limited English proficiency, the home language normally used by such individuals, or in the case of a child, the language normally used by the parents of the child.

(tt) Natural Environments. Settings that are natural or normal (e.g., home or day care setting) for the infant, toddler, or child’s same-age peers who have no disability.

(uu) Non-DoD Placement. An assignment by the DoD school system of a child with a disability to a non-DoD school or facility. The term does not include a home schooling arrangement, except pursuant to an IEP.

(vv) Non-DoD School or Facility. A public or private school or other institution not operated by the Department of Defense. That term includes DDESS special contractual arrangements.

 ww) Nutrition Services. Those services to infants and toddlers that include, but are not limited to, the following:

(1) Conducting individual assessments in nutritional history and dietary intake; anthropometric, biochemical, and clinical variables; feeding skills and feeding problems; and food habits and food preferences.

(2) Developing and monitoring plans to address the nutritional needs of infants and toddlers eligible for EIS.

(3) Making referrals to community resources to carry out nutrition goals.

(xx) Occupational Therapy. Services provided by a qualified occupational therapist or a certified occupational therapist assistant (under the supervision of a qualified occupational therapist). That term includes services to address the child’s functional ability to perform tasks in home, school, and community settings, and include the following:

(1) Identification, assessment, and intervention.

(2) Adaptation of the environment and selection, design, and fabrication of assistive and orthotic devices to help development and promote the acquisition of functional skills.

(3) Prevention or minimization of the impact of initial or future impairment, delay in development, or loss of functional ability.

(yy) Orthopedic Impairment. A severe orthopedic impairment that adversely affects a child’s educational performance. That term includes congenital impairments such as club foot or absence of some member; impairments caused by disease, such as poliomyelitis and bone tuberculosis; and impairments from other causes such as cerebral palsy, amputations, and fractures or burns causing contractures.

(zz) Orientation and Mobility. Services provided to blind or visually impaired students by qualified personnel to enable those students to attain systematic orientation to and safe movement within their environments in school, home and community; and includes teaching students the following, as appropriate:
(1) To understand spatial and environmental concepts and use of information received by the senses (such as sound, temperature and vibrations) orientation and mobility to establish, maintain, or regain orientation and line of travel (e.g., using sound at a traffic light to cross the street);

(2) To use the long cane to supplement visual travel skills or as a tool for safely negotiating the environment for students with no available travel vision;

(3) To understand and use remaining vision and distance low vision aids; and other concepts, techniques, and tools.

(aaa) Other Health Impairment. Limited strength, vitality, or alertness due to chronic or acute health problems that adversely affect a child’s educational performance. Such impairments may include ADD, heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, seizure disorder, lead poisoning, leukemia, or diabetes.

(bbb) Parent. The biological father or mother of a child; a person who, by order of a court of competent jurisdiction, has been declared the father or mother of a child by adoption; the legal guardian of a child; or a person in whose household a child resides, if such person stands in loco parentis to that child and contributes at least one-half of the child’s support.

(ccc) Parent Counseling and Training. A service that assists parents in understanding the special needs of their child’s development and that provides them with information on child development and special education.

(ddd) Personally Identifiable Information. Information that would make it possible to identify the infant, toddler, or child with reasonable certainty. Information includes:

(1) The name of the child, the child’s parent, or other family member; the address of the child;

(2) A personal identifier, such as the child’s social security number or student number; or

(3) A list of personal characteristics or other information that would make it possible to identify the child with reasonable certainty.

(eee) Physical Therapy. Services provided by a qualified physical therapist or a certified physical therapist (under the supervision of a qualified physical therapist). That term includes services to children (birth through age 21, inclusive) to address the promotion of sensorimotor function through enhancement of musculoskeletal status, neurobehavioral organization, perceptual and motor development, cardiopulmonary status, and effective environmental adaptation. Those services include the following:

(1) Screening, evaluation, and assessment to identify movement dysfunction.

(2) Obtaining, interpreting, and integrating information to appropriate program planning to prevent, alleviate, or compensate for movement dysfunction and related functional problems.

(3) Providing individual and group services or treatment to prevent, alleviate, or compensate for movement dysfunction and related functional problems.

(fff) Primary Referral Source. Parents and the DoD Components, including child development centers, pediatric clinics, and newborn nurseries, that suspect an infant or toddler has a disability and bring the child to the attention of the EDIS.

(ggg) Psychological Services. Services that include the following:

(1) Administering psychological and educational tests and other assessment procedures.

(2) Interpreting test and assessment results.

(3) Obtaining, integrating, and interpreting information about a child’s behavior and conditions relating to learning.

(4) Consulting with other staff members, including service providers, to plan programs to meet the special needs of children, as indicated by psychological tests, interviews, and behavioral evaluations.

(5) Planning and managing a program of psychological services, including psychological counseling for children and parents, family counseling, consultation on child development, parent training, and education programs.

(hhh) Public Awareness Program. Activities or print materials focusing on early identification of infants and toddlers with disabilities. Materials may
include information prepared and disseminated by a military medical department to all primary referral sources and information for parents on the availability of EIS. Procedures to determine the availability of information on EIS to parents are also included in that program.

(iii) Qualified. A person who meets the DoD-approved or recognized certification, licensing, or registration requirements or other comparable requirements in the area in which the person provides special education or related services or EIS to an infant, toddler, or child with a disability.

(jj) Recreation. A related service that includes the following:

(1) Assessment of leisure function.
(2) Therapeutic recreational activities.
(3) Recreational programs in schools and community agencies.

(4) Leisure education.

(kk) Rehabilitation Counseling. Services provided by qualified personnel in individual or group sessions that focus specifically on career development, employment preparation, achieving independence, and integration in the workplace and community of the student with a disability. The term also includes vocational rehabilitation services provided to a student with disabilities by vocational rehabilitation programs funded under the Rehabilitation Act of 1973, as amended.

(ll) Related Services. Transportation and such developmental, corrective, and other supportive services, as required, to assist a child, age 3 through 21 years, inclusive, with a disability to benefit from special education under the child's IEP. The term includes speech-language pathology and audiology, psychological services, physical and occupational therapy, recreation including therapeutic recreation, early identification and assessment of disabilities in children, counseling services including rehabilitation counseling, orientation and mobility services, and medical services for diagnostic or evaluative purposes. That term also includes school health services, social work services in schools, and parent counseling and training. The sources for those services are school, community, and medical treatment facilities.

mmm Related Services Assigned to the Military Medical Departments Overseas. Services provided by EDIS to DoDDS students, under the development or implementation of an IEP, necessary for the student to benefit from special education. Those services may include medical services for diagnostic or evaluative purpose, social work, community health nursing, dietary, occupational therapy, physical therapy, audiology, ophthalmology, and psychological testing and therapy.

(nnn) School Health Services. Services provided by a qualified school nurse or other qualified person.

(ooo) Separate Facility. A school or a portion of a school, regardless of whether it is operated by the Department of Defense, attended exclusively by children with disabilities.

(ppp) Service Coordination. Activities of a service coordinator to assist and enable an infant or toddler and the family to receive the rights, procedural safeguards, and services that are authorized to be provided under appendix B of this part. Those activities include the following:

(1) Coordinating the performance of evaluations and assessments.
(2) Assisting families to identify their resources, concerns, and priorities.
(3) Facilitating and participating in the development, review, and evaluation of IFSPs.
(4) Assisting in identifying available service providers.
(5) Coordinating and monitoring the delivery of available services.
(6) Informing the family of support or advocacy services.
(7) Coordinating with medical and health providers.
(8) Facilitating the development of a transition plan to preschool services.

(qqq) Service Provider. Any individual who provides services listed in an IEP or an IFSP.

(rr) Social Work Services in Schools. A service that includes the following:

(1) Preparing a social or developmental history on a child with a disability.
(2) Counseling a child and the family on a group or individual basis.
(3) Working with those problems in a child’s home, school, or community that adversely affect adjustment in school.

(4) Using school and community resources to enable a child to benefit from the educational program.

(sss) Special Education. Specially designed instruction, including physical education, which is provided at no cost to the parent or guardians to meet the unique needs of a child with a disability, including instruction conducted in the classroom, in the home, in hospitals and institutions, and in other settings.

(1) That term includes speech-language pathology or any other related service if the service consists of specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability.

(2) That term also includes vocational education if it consists of specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability.

(3) At No Cost. For a child eligible to attend a DoD school without paying tuition, specially designed instruction and related services are provided without charge. Incidental fees normally charged to non-disabled students or their parents as a part of the regular educational program may be imposed.

(4) Physical Education. The development of the following:

(i) Physical and motor fitness.

(ii) Fundamental motor skills and patterns.

(iii) Skills in aquatics, dance, and individual and group games and sports, including intramural and lifetime sports.

(iv) A program that includes special physical education, adapted physical education, movement education, and motor development.

(www) Speech-Language Pathology Services. Services provided by a qualified speech/language therapist or a certified speech/language assistant (under the supervision of a qualified speech/language therapist), that include the following:

(1) Identification of children with speech or language impairments.

(2) Diagnosis and appraisal of specific speech or language impairments.

(3) Referral for medical or other professional attention for the habilitation or prevention of speech and language impairments.

(4) Provision of speech and language services for the habilitation or prevention of communicative impairments.

(5) Counseling and guidance of children, parents, and teachers for speech and language impairments.

(bbb) Specific Learning Impairment. A disorder in one or more of the basic psychological processes involved in understanding or in using spoken or written language that may manifest itself as an imperfect ability to listen, think, speak, read, write, spell, remember, or do mathematical calculations. That term includes such conditions as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term, commonly called, “specific learning disability,” does not include learning problems that are primarily the result of visual, hearing, or motor disabilities; mental retardation; emotional disturbance; or environmental, cultural, or economic differences.

(vvv) Speech and Language Impairments. A communication disorder, such as stuttering, impaired articulation, voice impairment, or a disorder in the receptive or expressive areas of language that adversely affects a child’s educational performance.

(www) Speech-Language Pathology Services. Services provided by a qualified speech/language therapist or a certified speech/language assistant (under the supervision of a qualified speech/language therapist), that include the following:

(1) Identification of children with speech or language impairments.

(2) Diagnosis and appraisal of specific speech or language impairments.

(3) Referral for medical or other professional attention for the habilitation or prevention of speech and language impairments.

(4) Provision of speech and language services for the habilitation or prevention of communicative impairments.

(5) Counseling and guidance of children, parents, and teachers for speech and language impairments.
that may be required to promote movement from early intervention, preschool, and other educational programs into different educational settings or programs.

(2) For students 14 years of age and older, transition services are designed in an outcome-oriented process that promotes movement from school to post-school activities; including, related services, post-secondary education, vocational training; integrated employment; and also including supported employment, continuing and adult education, adult services, independent living, or community participation. The coordinated set of activities are based on the individual student’s needs, considering the student’s preferences and interests, and include instruction, community experiences, the development of employment and other post-school adult living objectives, and acquisition of daily living skills and functional vocational evaluation.

(zzz) Transportation. A service that includes the following:

(1) Transportation and related costs for EIS includes the cost of travel (e.g., mileage or travel by taxi, common carrier, or other means) and other costs (e.g., tolls and parking expenses) that are necessary to enable an eligible child and the family to receive EIS.

(2) Services rendered under the IEP of a child with a disability:

(i) Travel to and from school and between schools, including travel necessary to permit participation in educational and recreational activities and related services.

(ii) Travel in and around school buildings.

(3) Specialized equipment, including special or adapted buses, lifts, and ramps, if required to provide transportation for a child with a disability.

(aaaa) Traumatic Brain Injury. An acquired injury to the brain caused by an external physical force resulting in total or partial functional disability or psychosocial impairment that adversely affects educational performance. That term includes open or closed head injuries resulting in mild, moderate, or severe impairments in one or more areas including cognition, language, memory, attention, reasoning, abstract thinking, judgment, problem solving, sensory, perceptual and motor abilities, psychosocial behavior, physical function, information processing, and speech. That term does not include brain injuries that are congenital or degenerative, or brain injuries that are induced by birth trauma.

(bbbb) Vision Services. Services necessary to habilitate or rehabilitate the effects of sensory impairment resulting from a loss of vision.

(cccc) Visual Impairment. An impairment of vision that, even with correction, adversely affects a child’s educational performance. That term includes both partial sight and blindness.

(dddd) Vocational Education. Organized educational programs for the preparation of individuals for paid or unpaid employment or for additional preparation for a career requiring other than a baccalaureate or advanced degree.

(eeee) Weapon. Items carried, presented, or used in the presence of other persons in a manner likely to make reasonable persons fear for their safety. They include, but are not limited to, guns, look-alike (replica) guns, knives, razors, box or carpet cutters, slingshots, nunchucks, any flailing instrument such as a fighting chain or heavy studded or chain belt, objects designed to project a missile, explosives, mace, pepper spray, or any other similar propellant, or any other object concealed, displayed, or brandished in a manner that reasonably provokes fear.

§ 57.4 Policy.

It is DoD policy that:

(a) Eligible infants and toddlers with disabilities and their families shall be provided EIS consistent with appendix A of this part.

(b) Eligible children with disabilities, ages 3 through 21 years, inclusive, shall be provided a FAPE in the least restrictive environment, consistent with appendix B of this part.

(c) The Military Medical Departments and DoDDS shall cooperate in the delivery of related services to eligible children with disabilities, ages 3
through 21 years, inclusive, that require such services to benefit from special education. Related services assigned to the Military Medical Departments are defined in §57.3 and are provided in accordance with appendix C of this part. DDESS is responsible for the delivery of all related services to eligible children with disabilities, ages 3 through 21 years, inclusive, served by DDESS.

(d) The Military Medical Departments shall provide EIS in both domestic and overseas areas, and related services assigned to them in overseas areas, at the same priority as medical care is provided to active duty military members.

§ 57.5 Responsibilities.

(a) The Under Secretary of Defense (Personnel and Readiness) (USD (P&R)) shall:

(1) Establish a DoD-AP consistent with appendix D of this part.

(2) Establish and chair, or designate a “Chair,” of the DoD-CC consistent with appendix E of this part.

(3) Ensure that inter-Component agreements or other mechanisms for inter-Component coordination are in effect between the DoD Components providing services to infants, toddlers and children.

(4) Ensure the implementation of procedural safeguards consistent with appendix F of this part.

(5) In consultation with the General Counsel of the Department of Defense (GC, DoD) and the Secretaries of the Military Departments:

(i) Ensure that eligible infants and toddlers with disabilities and their families are provided comprehensive, coordinated and multidisciplinary EIS under 20 U.S.C. 921–932 and 10 U.S.C. 2164 as provided in appendix A of this part.

(ii) Ensure that eligible children with disabilities (ages 3 through 21 years, inclusive) are provided a FAPE under 20 U.S.C. 921–932 and 10 U.S.C. 2164 as provided in appendix A of this part.

(iii) Ensure that eligible DoDDS students are provided related services, as provided in appendix C of this part.

(iv) Ensure that all eligible DDESS students are provided related services by DDESS.

(v) Ensure the development of a DoD-wide comprehensive child-find system to identify eligible infants, toddlers, and children ages birth through 21 years, inclusive, under DoD Directive 1342.6 who may require early intervention or special education services.

(vi) Ensure that personnel are identified to provide the mediation services specified in appendix 7 of this part.

(vii) Ensure that transition services are available to promote movement from early intervention, preschool, and other educational programs into different educational settings and post-secondary environments.

(viii) Ensure compliance with this Part in the provision of special services, in accordance with appendix H of this part and other appropriate guidance.

(ix) Ensure that personnel are identified and trained to provide the monitoring specified in appendix H of this part.

(x) Ensure that the Military Departments deliver the following:

(A) In overseas and domestic areas, a comprehensive, coordinated, and multidisciplinary program of EIS for eligible infants and toddlers (birth through 2 years, inclusive) with disabilities.

(B) In overseas areas, the related services as defined in §57.3 for eligible children with disabilities, ages 3 through 21 years, inclusive.

(xi) Ensure the development and implementation of a comprehensive system of personnel development in the area of special services for the Department of Defense Education Activity (DoDEA) and the Military Departments. That system shall include professionals, paraprofessionals, and primary referral source personnel in the areas of special services, and may also include:

(A) Implementation of innovative strategies and activities for the recruitment and retention of personnel providing special services, ensuring that personnel requirements are established consistent with recognized certification, licensing, registration, or other comparable requirements for personnel providing special services, and allow the use of paraprofessionals and assistants who are appropriately
trained and supervised to assist in the provision of special services.

(B) Training personnel to coordinate transition services for infants and toddlers from an early intervention program to preschool or other appropriate services

(C) Ensuring that training is provided in and across disciplines.

(xii) Develop procedures to compile data on the numbers of eligible infants and toddlers with disabilities and their families in need of EIS, and children in need of special education and related services, in accordance with DoD Directives 5400.7 and 5400.11. Those data elements shall include, at a minimum, the following:

(A) The number of infants and toddlers and their families served.

(B) The number of children served.

(C) The types of services provided.

(D) Other information required to evaluate and monitor the provision of services.

(xiii) Resolve disputes among the DoD Components involving appendix A of this part.

(xiv) Ensure the assigned responsibilities for the delivery of special services are reviewed at least every 5 years to determine the most appropriate distribution of responsibilities.

(b) The Assistant Secretary of Defense (Health Affairs) (ASD(HA)), under the Principal Deputy Under Secretary of Defense for Personnel and Readiness (PDU/USD(P&R)), shall:

(1) Ensure the provision of advice and consultation about the provision of EIS and related services to the USD(P&R) and the GC, DoD.

(2) Ensure the development of healthcare provider workload standards and performance levels to determine staffing requirements of designated centers. These standards shall take into account the provider training needs, the requirements of this part, and the additional time required to provide EIS (in domestic and overseas areas) and related services (in overseas areas) as defined in §57.3 for assessment and treatment and for coordination with other DoD Components, such as the DoD school systems.

(3) Assign the Military Medical Departments geographical areas of responsibility for providing related services and EIS under paragraph (c)(1) of this section. Periodically review the alignment of geographic areas to ensure that base closures and other resourcing issues are considered in the cost effective delivery of services.

(4) Establish a system for compiling data required by this part.

(c) The Secretaries of the Military Departments shall:

(1) In consultation with DoDEA, establish Educational and Developmental Intervention Services (EDIS) within the following areas:

(i) Designated overseas areas of geographical responsibility, capable of providing necessary related services and EIS to support the needs of eligible beneficiaries.

(ii) Domestic areas, capable of providing necessary EIS to support the needs of eligible beneficiaries.

(2) Staff EDIS with appropriate professional staff, as necessary based on services required, which should include occupational therapist(s) with pediatric experience; physical therapist(s) with pediatric experience; audiologist(s) with pediatric experience; child psychiatrist(s); clinical psychologist(s) with pediatric experience; social worker(s) with pediatric experience; speech language pathologists; community health nurse(s) or the equivalent; pediatrician(s) with experience and/or training in developmental pediatrics; certified assistants (for example, certified occupational therapy assistants or physical therapy assistants); and early childhood special educators.

(3) Provide a comprehensive, coordinated, inter-Component, community-based system of EIS for eligible infants and toddlers with disabilities (birth through 2 inclusive) and EIS to support the needs of eligible beneficiaries.

(4) Provide related services, as defined in §57.3 to DoDDS students who are on IEPs using the procedures established by this part and guidelines from the ASD(HA) on staffing and personnel standards.

(5) To DoDDS students, provide transportation to and from the site where related services are provided by
§ 57.5 32 CFR Ch. I (7–1–15 Edition)

the Military Medical Department, if not provided at the school.

(6) Provide transportation to and from the site where EIS is provided, if it is not provided in the home or some other natural environment.

(d) The Surgeons General of the Military Departments shall:

(1) Ensure the development of policies and procedures for providing, documenting, and evaluating EIS and related services assigned to the Military Medical Departments, as defined in §57.3.

(2) Ensure that EDIS participates in the existing military treatment facility (MTF) quality assurance program, which monitors and evaluates the medical services for children receiving such services as described by this part. Standards used by the Joint Commission on Accreditation of Health Organizations or equivalent standards shall be used, where applicable, to ensure accessibility, acceptability, and adequacy of the medical portion of the program provided by EDIS.

(3) Ensure that each program providing EIS is monitored for compliance with this part at least once every 3 years in accordance with appendix H of this part.

(4) Ensure that resources are allocated in accordance with the healthcare provider workload standards and performance levels developed under the direction of the ASD(HA).

(5) Ensure the cooperation and coordination between their respective offices, the offices of other Surgeons General, and DoDEA with respect to the implementation of this Part.

(6) Ensure that training is available for each healthcare professional providing EIS or related services. This training shall include information about the roles and responsibilities of the providers and the development of an Individualized Family Service Plan (IFSP) or an IEP.

(7) Ensure the provision of in-service training on EIS and related services to educational, legal, and other suitable personnel, if requested and feasible.

(8) Provide professional supervision of the EDIS provision of EIS and related services in the overseas areas, as designated in (b)(3) of this section and of EIS in domestic areas of responsibility.

(9) Submit to the DoD-CC a report not later than July 31 of each year certifying that all EDIS are in compliance with this part and other DoD guidance in accordance with appendix H of this part.

(e) The Director, Department of Defense Education Activity under the Deputy Under Secretary of Defense (Military Community and Family Policy), and the PDUSD(P&R), shall ensure that the Directors of the DoD school systems shall:

(1) Ensure that eligible children with disabilities, ages 3 through 21 years, inclusive, are provided a FAPE.

(2) Ensure that the educational needs of children with and without disabilities are met comparably, consistent with appendix B of this part.

(3) Ensure that educational facilities and services operated by the DoD school systems for children with and without disabilities are comparable.

(4) Maintain records on special education and related services provided to eligible children with disabilities, ages 3 through 21 years, inclusive, consistent with 21 U.S.C. 812(c).

(5) Provide any or all special education and related services required by a child with a disability, ages 3 through 21 years, inclusive, other than those furnished by the Secretaries of the Military Departments through inter-Agency, intra-Agency, and inter-Service arrangements, or through contracts with private parties when funds are authorized and appropriated.

(6) Provide transportation, which is a related service under this Part, to students with disabilities when transportation is prescribed in the student’s IEP. The DoD school systems shall furnish transportation between the student’s home (or another location specified in the IEP) and the DoD school.

(7) Provide transportation to and from the site where DDESS provides related services, if not provided at the school.

(8) Participate in the development and implementation of a comprehensive system of personnel development.

(9) Ensure that all programs providing special education and related services, including those provided by
the Military Medical Departments, are monitored for compliance with this part in accordance with appendix H of this part.

(10) Provide physical space for the provision of occupational therapy, physical therapy, and psychological services in those DoDDS facilities where EDIS shall provide related services.

(11) Provide physical space for the provision of occupational therapy, physical therapy, psychological services, and therapists’ offices in construction of DoDDS facilities at those locations where EDIS shall provide related services. The DoDDS shall determine the specifics of space design in consultation with the responsible Military Department’s medical authorities concerned and the Defense Medical Facilities Office, Office of the ASD(HA).

(12) The DoDDS shall provide repair and maintenance support, custodial support, and utilities to the areas described in paragraphs (e)(10) and (e)(11) of this section.

(13) The DoDDS shall maintain operational control of therapy and office space.

(14) Ensure that all newly constructed or renovated DoD school facilities are fully accessible to persons with mobility impairments including those in wheelchairs.

(15) Report not later than July 31 of each year to the DoD-CC on the following:

(i) Number of children with disabilities participating in regular and alternate system-wide assessment.

(ii) Performance of children with disabilities on the regular system-wide assessment and on the alternate system-wide assessment.

(iii) By district, rate of suspension and expulsion of students with disabilities compared to regular education students.

(i) The Director, Defense Office of Hearings and Appeals (DOHA), under the General Counsel of the Department of Defense, shall ensure impartial due process hearings are provided consistent with appendix G of this part.

§ 57.6 Procedures.

(a) The procedures for EIS for infants and toddlers with disabilities and their families are prescribed in appendix A of this part.

(b) The procedures for educational programs and services for children with disabilities, ages 3 through 21 years, inclusive, on IEPs are prescribed in appendix B of this part.

(c) The procedures for the provision of related services for DoDDS students with disabilities, ages 3 through 21, inclusive, are prescribed in appendix C of this part.

(d) Procedural safeguards and parent and student rights are prescribed in appendix F of this part.

(e) The procedures for conducting mediation and due process hearings are prescribed in appendix G of this part.

(f) The procedures for conducting compliance monitoring are prescribed in appendix H of this part.

APPENDIX A TO PART 57—PROCEDURES FOR THE PROVISION OF EARLY INTERVENTION SERVICES FOR INFANTS AND TODDLERS WITH DISABILITIES AND THEIR FAMILIES

A. IDENTIFICATION AND SCREENING

(1) Each Military Department shall develop and implement in its assigned geographic area a comprehensive child-find public awareness program that focuses on the early identification of children who are eligible to receive EIS under this part. The public awareness program must inform the public about:

(i) The EDIS early intervention program;

(ii) The child-find system, including: (A) The purpose and scope of the system;

(B) How to make referrals to service providers that includes timelines and provides for participation by primary referral sources; and

(C) How to gain access to a comprehensive, multidisciplinary evaluation and other EIS; and

(D) A central directory that includes a description of the EIS and other relevant resources available in each military community overseas.

(2) EDIS must prepare and disseminate materials for parents on the availability of EIS to all primary referral sources, especially hospitals, physicians, and child development centers.

(3) Upon receipt of a referral, EDIS shall appoint a service coordinator.

(4) Procedures for Identification and Screening. All children referred to the EDIS for EIS shall be screened to determine the appropriateness of the referral and to guide the assessment process.
(i) Screening does not constitute a full evaluation. At a minimum, screening shall include a review of the medical and developmental history of the referred child through a parent interview and/or a review of medical records.

(ii) If screening was conducted prior to the referral, or if there is a substantial or obvious biological risk, screening may not be necessary.

B. ASSESSMENT AND EVALUATION

(1) The assessment and evaluation of each child must:

(i) Be conducted by a multidisciplinary team.

(ii) Be based on informed clinical opinion; and

(iii) Include the following:

(A) A review of pertinent records related to the child’s current health status and medical history.

(B) An evaluation of the child’s level of functioning in each of the following developmental areas:

(i) Cognitive development.

(ii) Physical development, including vision and hearing.

(iii) Communication development.

(iv) Social or emotional development.

(v) Adaptive development.

(iv) An assessment of the unique needs of the child in terms of each of the developmental areas in paragraph B.(1)(iii) of this appendix, including the identification of services appropriate to meet those needs.

(2) Family Assessment. (i) Family assessments must be family-directed and designed to determine the resources, priorities, and concerns of the family and the identification of the supports and services necessary to enhance the family’s capacity to meet the developmental needs of the child.

(ii) Any assessment that is conducted must be voluntary on the part of the family.

(iii) If an assessment of the family is carried out, the assessment must:

(A) Be conducted by personnel trained to utilize appropriate methods and procedures.

(B) Be based on information provided by the family through a personal interview; and

(C) Incorporate the family’s description of its resources, priorities, and concerns related to enhancing the child’s development.

(3) Standards for Assessment Selection and Procedures. EDIS shall ensure, at a minimum, that:

(i) Tests and other evaluation materials and procedures are administered in the native language of the parents or other mode of communication, unless it is clearly not feasible to do so.

(ii) Any assessment and evaluation procedures and materials that are used are selected and administered so as not to be racially or culturally discriminatory.

(iii) No single procedure is used as the sole criterion for determining a child’s eligibility under this part; and

(iv) Evaluations and assessments are conducted by qualified personnel.

(4) With the parent’s consent, EIS may begin before the completion of the assessment and evaluation when it has been determined by a multidisciplinary team that the child and/or the child’s family needs the service immediately. Although all assessments have not been completed, an IFSP must be developed before the start of services. The remaining assessments must then be completed in a timely manner.

C. ELIGIBILITY

(1) Eligibility shall be determined at an EIS team meeting that includes parents.

(i) The EIS team shall document the basis for eligibility on an eligibility report.

(ii) A copy of the eligibility report shall be provided to the parent at the eligibility meeting.

(2) Children with disabilities from birth through age 2 are eligible for EIS if they meet one of the following criteria:

(i) The child is experiencing a developmental delay as defined in §57.3(r).

(ii) The child has a diagnosed physical or mental condition that has a high probability of resulting in developmental delay, as defined in §57.3(s).

D. TIMELINES

(1) The initial evaluation and assessment of each child (including the family assessment) must be completed within a timely manner.

(2) The Military Department responsible for providing EIS shall develop procedures to ensure that in the event of exceptional circumstances that make it impossible to complete the evaluation and assessment within a timely manner (e.g., if a child is ill), EDIS shall:

(i) Document those circumstances; and

(ii) Develop and implement an interim IFSP, to the extent appropriate and consistent with this part.

E. IFSP

(1) Each Military Department shall ensure that the EDIS develop and implement an IFSP for each child, birth through 2 years of age, who meets the eligibility criteria for EIS in section B of this appendix.

(2) The IFSP Meeting. The EDIS shall establish and convene a meeting to develop the IFSP of a child with a disability. That meeting shall be scheduled as soon as possible following a determination by the EDIS that the child is eligible for EIS, but not later than 45 days from the date of the referral for services.
(3) Meetings to develop and review the IFSP must include the following participants:

(i) The parent or parents of the child.

(ii) Other family members, as requested by the parent, if feasible.

(iii) An advocate or person outside the family, if the parent requests that person’s participation.

(iv) The services coordinator who has worked with the family since the initial referral of the child or who has been designated as responsible for the implementation of the IFSP.

(v) The person(s) directly involved in conducting the evaluations and assessments.

(vi) As appropriate, persons who shall provide services to the child or family.

(iv) If a person listed in paragraph E.(3) of this appendix is unable to attend a meeting, arrangements must be made for the person’s involvement through other means, including the following:

(i) Participating in a telephone conference call.

(ii) Having a knowledgeable, authorized representative attend the meeting.

(iii) Making pertinent records available at the meeting.

(v) The IFSP shall be written in a reasonable time after assessment and shall contain the following:

(i) A statement of the child’s current developmental levels including physical, cognitive, communication, social or emotional, and adaptive behaviors based on professionally acceptable objective criteria.

(ii) With the concurrence of the family, a statement of the family’s resources, priorities, and concerns about enhancing the child’s development.

(iii) A statement of the major outcomes expected to be achieved for the child and the family. Additionally, the statement shall contain the criteria, procedures, and timelines used to determine the degree to which progress toward achieving the outcomes is being made and whether modification or revision of the outcomes and services are necessary.

(iv) A statement of the specific EIS necessary to meet the unique needs of the child and the family including the frequency, intensity, and method of delivering services.

(v) The projected number of sessions necessary to achieve the outcomes listed in the IFSP.

(vi) A statement of the natural environment in which EIS shall be provided, and a justification of the extent, if any, to which the services shall not be provided in a natural environment.

(vii) The projected dates for initiation of services and the anticipated duration of those services.

(viii) The name of the service coordinator who shall be responsible for the implementation of the IFSP and coordination with other agencies and persons. In meeting these requirements, EDIS may:

(A) Assign the same service coordinator who was appointed at the time that the child was initially referred for evaluation to be responsible for implementing a child’s and family’s IFSP; or

(B) Appoint a new service coordinator.

(C) Appoint a service coordinator requested by the parents.

(xi) The steps to be taken supporting the transition of the toddler with a disability to preschool or other services. These steps must include:

(A) Discussions with, and training of, parents regarding future placements and other matters related to the child’s transition;

(B) Procedures to prepare the child for changes in service delivery, including steps to help the child adjust to, and function in, a new setting; and

(C) The transmission of information about the child to the DoD school system, to ensure continuity of services, including evaluation and assessment information, and copies of IFSPs that have been developed and implemented in accordance with this Part.

(6) The contents of the IFSP shall be explained to the parents and an informed, written consent from the parents shall be obtained before providing EIS described in that plan.

(7) If a parent does not provide consent for participation in all EIS, the services shall still be provided for those interventions to which a parent does give consent.

(8) The IFSP shall be evaluated at least once a year and the family shall be provided an opportunity to review the plan at 6-month intervals (or more frequently, based on the child and family needs). The purpose of the periodic review is to determine the following:

(i) The degree to which progress toward achieving the outcomes is being made; and

(ii) Whether modification or revision of the outcomes or services is necessary.

(9) The review may be carried out by a meeting or by another means that is acceptable to the parents and other participants.

F. MAINTENANCE OF RECORDS

(1) The EDIS officials shall maintain all EIS records, in accordance with DoD Directive 5400.11.

(2) The IFSP and the documentation of services delivered in accordance with the IFSP are educational records and shall be maintained accordingly.
APPENDIX B TO PART 57—PROCEDURES FOR THE PROVISION OF EDUCATIONAL PROGRAMS AND SERVICES FOR CHILDREN WITH DISABILITIES, AGES 3 THROUGH 21 YEARS, INCLUSIVE

A. IDENTIFICATION

(1) It is the responsibility of the DoD school system officials to engage in child-find activities to locate, identify, and with informed parental consent, evaluate all children who are eligible to enroll in the DoDESS under DoD Directive 1342.26 or in the DoDDS under DoD Directive 1342.13 who may require special education and related services.

(2) Referral of a Child for Special Education or Related Services. The DoD school system officials, related service providers, parents, or others who suspect that a child has a possible disabling condition shall refer that child to the CSC.

(3) Procedures for Identification and Screening. The DoD school system officials shall conduct the following activities to determine if a child needs special education and related services:

(i) Screen educational records.

(ii) Screen students using system-wide or other basic skill tests in the areas of reading, math, and language arts.

(iii) Screen school health data such as reports of hearing, vision, speech, or language tests and reports from healthcare personnel about the health status of a child.

(iv) Analyze school records to obtain pertinent information about the basis for suspensions, exclusions, withdrawals, and disciplinary actions.

(v) Coordinate the transition of children from early intervention to preschool.

(4) In cooperation with the Military Departments, conduct ongoing child-find activities and publish, periodically, any information, guidelines, and direction on child-find activities for eligible children with disabilities, ages 3 through 21 years, inclusive.

B. ASSESSMENT AND EVALUATION

(1) Every child eligible to attend a DoD school who is referred to a CSC shall receive a full and comprehensive diagnostic evaluation of educational needs. An evaluation shall be conducted before an IEP is developed or placement is made in a special education program.

(2) Procedures for Assessment and Evaluation. A CSC shall ensure that the following elements are included in a comprehensive assessment and evaluation of a child:

(i) Assessment of visual and auditory acuity.

(ii) A plan to assess the type and extent of the disability. A child shall be assessed in all areas related to the suspected disability. When necessary, the assessment plan shall include the following:

(A) Assessment of the level of functioning academically, intellectually, emotionally, socially, and in the family.

(B) Observation in an educational environment.

(C) Assessment of physical status including perceptual and motor abilities.

(D) Assessment of the need for transition services for students 14 years and older, the acquisition of daily living skills, and functional vocational assessment.

(iii) The involvement of parents.

(3) The CSC shall use all locally available community, medical, and school resources to accomplish the assessment. At least one specialist with knowledge in the area of the suspected disability shall be a member of the multidisciplinary assessment team.

(4) Each assessor shall prepare an individual assessment report that includes:

(i) Demographic information about the student and the assessor.

(ii) The problem areas constituting the bases for a referral.

(iii) A behavioral observation of the child during testing.

(iv) The instruments and techniques used for the assessment.

(v) A description of the child’s strengths and limitations.

(vi) The results of the assessment; and

(vii) The instructional implications of the findings for educational functioning.

(5) Standards for Assessment Selection and Procedures. All DoD elements, including the CSC and related services providers, shall ensure that assessment materials and evaluation procedures are in compliance with the following criteria:

(i) Selected and administered so as not to be racially or culturally discriminatory.

(ii) Administered in the native language or mode of communication of the child, unless it clearly is not possible to do so.

(iii) Materials and procedures used to assess a child with limited English proficiency are selected and administered to ensure that they measure the extent to which the child has a disability and needs special education, rather than measuring the child’s English language skills.

(iv) Validated for the specific purpose for which they are used or intended to be used.

(v) Administered by trained personnel in compliance with the instructions of the testing instrument.

(vi) Administered such that no single procedure is the sole criterion for determining eligibility or an appropriate educational program for a child with a disability.

(vii) Selected to assess specific areas of educational needs and strengths and not merely to provide a single general intelligence quotient.

(viii) Administered to a child with impaired sensory, motor, or communication skills so that the results reflect accurately a
child’s aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child’s impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

(6) Review of Existing Evaluation Data. As part of an initial evaluation (if appropriate) and as part of any reevaluation, the CSC shall review existing evaluation data on the child, including:

(i) Evaluations and information provided by the parents of the child;
(ii) Current classroom-based assessments and observations;
(iii) Observations by teachers and related services providers; and
(iv) On the basis of that review, and input from the child’s parents, identify what additional data, if any, are needed to determine:
(A) Whether the child has a particular category of disability, or in the case of a reevaluation of a child, whether the child continues to have such a disability.
(B) The present levels of performance and educational needs of the child.
(C) Whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and
(D) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general curriculum.
(v) The CSC may conduct its review without a meeting.
(vi) The CSC shall administer tests and other evaluation materials as may be needed to produce the data identified under paragraph B.(6) of this appendix.

C. ELIGIBILITY

(1) The CSC shall:
(i) Ensure that the full comprehensive evaluation of a child is accomplished by a multidisciplinary team. The team shall be comprised of teachers or other specialists with knowledge in the area of the suspected disability.
(ii) Convene a meeting to determine the eligibility of a child for special education and related services.
(iii) Meet as soon as possible after a child has been assessed to determine the eligibility of the child for services.
(iv) Afford the child’s parents the opportunity to participate in the CSC eligibility meeting.
(v) Issue a written eligibility report that contains the following:
(A) Identification of the child’s disabling condition.
(B) A synthesis of the formal and informal findings of the multidisciplinary assessment team.
(C) A summary of information from the parents, the child, or other persons having significant contact with the child.
(D) A determination of eligibility statement.
(E) A list of the educational areas affected by the child’s disability, a description of the child’s educational needs, and a statement of the child’s present level of performance.

(2) Reevaluation for Eligibility. School officials shall reevaluate the eligibility of a child with a disability every 3 years, or more frequently, if conditions warrant.
(i) The scope and type of the reevaluation shall be determined individually based on a child’s performance, behavior, and needs during the reevaluation and the review of existing data in accordance with paragraph B.(6) of this appendix.
(ii) The CSC is not required to conduct assessments unless requested to do so by the child’s parents.
(iii) If the CSC determines that no additional data are needed to determine whether the child continues to be a child with a disability, the CSC shall notify the parents of:
(A) The determination that no additional assessment data are needed and the reasons for their determination; and
(B) The right of the parents to request an assessment to determine whether the child continues to be a child with a disability.

D. IEP

(1) The DoD school system officials shall ensure that the CSC develop and implement an IEP for each child with a disability who:
(i) Is enrolled in the DoD school system;
(ii) In DoDDS, is home-schooled, eligible to enroll in DoDDS on a space-required, tuition-free basis and whose sponsors have completed a registration form and complied with other registry procedures and requirements of the school;
(iii) In DDESS, is home-schooled and eligible to enroll on a tuition-free basis and whose sponsors have completed a registration form and complied with other registry procedures and requirements of the school; or
(iv) Is placed in another institution by the DoD school system.

(2) The CSC shall convene a meeting to develop, review, or revise the IEP of a child with a disability. That meeting shall:
(i) Be scheduled as soon as possible following a determination by the CSC that the child is eligible for special education and related services.
(ii) Include minimally as participants the following:
(A) An administrator or school representative other than the child’s teacher who is
qualified to provide or supervise the provision of special education and is knowledgeable about the general curriculum and available resources.

(B) The child’s teacher (if the child is, or may be, participating in the regular education environment);

(C) A special education teacher or provider.

(D) One or both of the child’s parents.

(E) The child, if appropriate.

(F) For a child with a disability who has been evaluated for the first time, a representative of the evaluation team who is knowledgeable about the evaluation procedures used and is familiar with the results of the evaluation.

(G) Other individuals invited at the discretion of the parent or school who have knowledge or special expertise regarding the child, including related services personnel, as appropriate.

(3) Development of the IEP. The CSC shall prepare the IEP with the following:

(A) A statement of the child’s present levels of educational performance including a description of:

(i) How the child’s disability affects involvement and progress in the general curriculum or for preschoolers, how the disability affects participation in appropriate activities.

(ii) A description of the child’s participation in the regular classroom (if the child participates in the regular education environment), extracurricular and other non-academic activities; and

(C) If necessary, an explanation of the extent to which the child shall not participate with children who are not disabled in these activities.

(B) A statement of measurable annual goals, including benchmarks or short-term instructional objectives related to meeting:

(i) The child’s needs that result from the disability to enable the child to be involved in and progress in the general curriculum;

(ii) Each of the child’s other needs resulting from his or her disability.

(iii) A statement of the special education and related services and supplementary aids and services to be provided to the child, or on behalf of the child and a statement of the program modifications or supports for school personnel that shall be provided for the child to:

(A) Advance appropriately toward attaining the annual goals.

(B) Be involved in and progress in the general curriculum in accordance with this part and to participate in extracurricular and other non-academic activities; and

(C) Be educated and participate with other children with or without disabilities.

(iv) A statement of any individual modifications in the administration of system-wide or district-wide assessment of student achievement that are needed for the child to participate in the assessment.

(v) If the CSC determines that the child shall not participate in a particular system-wide or district-wide assessment of student achievement (or part of an assessment), a statement of:

(A) Why that assessment is not appropriate for the child; and

(B) How the child shall be assessed using alternate assessments to measure student progress.

(vi) A statement explaining how the child’s progress towards annual goals shall be measured.

(vii) A statement explaining how parents shall be informed, at least as often as parents are informed of progress of children who are not disabled, of:

(A) Their child’s progress toward annual goals; and

(B) The extent to which that progress is sufficient to enable the child to achieve the goals by the end of the year.

(viii) A statement of special education, related services, and modifications necessary for the child to advance appropriately toward the annual goals.

(ix) A statement of the amount of time that each service shall be provided to the child, to include the projected date for beginning of services and location and duration of those services (including adjusted school day or an extended school year) and modifications.

(x) A statement of the physical education program provided in one of the following settings:

(A) In the regular education program.

(B) In the regular education program with adaptations, modifications, or the use of assistive technology.

(C) Through specially designed instruction based on the goals and objectives included in the IEP.

(xi) Beginning at age 14, and updated annually:

(A) A statement of transition service needs under applicable components of the child’s IEP that focuses on his or her course of study and augments the standard transition requirements.

(B) A statement of needed transition services, including inter-Agency responsibilities.

(xii) Beginning at least one year before the child reaches the age of majority, a statement that the child has been informed of those rights that transfer to him or her under this Part.

(xiii) A statement of special transportation requirement, if any.

(xiv) A statement of the vocational education program for secondary students. If a specially designed instructional program is required, the necessary goals and objectives in the IEP shall be included.
The CSC shall consider:

(1) Assistive technology needs for all children.
(2) Language needs for the limited English proficient child.
(3) Providing Braille instruction, unless the CSC determines that the use of Braille is not appropriate, for a child who is blind or visually impaired.
(4) Interventions, strategies, and supports including behavior management plans to address behavior for a child whose behavior impedes learning.
(5) Language and communication needs, including direct instruction in that mode, for the child who is deaf or hard of hearing.
(6) The CSC shall ensure that at least one parent understands the special education procedures including the due process procedures described in appendix G of this part and the importance of the parent’s participation in those processes. School officials shall use devices or hire interpreters or other intermediaries who might be necessary to foster effective communications between the school and the parent about the child.
(7) The CSC shall ensure that all provisions developed for any child entitled to an education by the DoD school system are fully implemented in DoD schools or in non-DoD schools or facilities including those requiring special facilities, other adaptations, or assistive devices.
(8) In developing each child’s IEP, the CSC shall:
   (i) Accept the child’s current IEP by notifying and obtaining consent of the parents to use the current IEP and all elements contained in it.
   (ii) Initiate a CSC meeting to revise the child’s IEP, if necessary.
   (iii) Initiate an evaluation of the child, if necessary.
   (iv) The child’s anticipated needs.

E. IMPLEMENTATION OF THE IEP

The CSC shall:

(1) Obtain parental agreement and signature before implementation of the IEP.
(2) Provide a copy of the child’s IEP to the parents.
(3) Ensure that the IEP is in effect before a child receives special education and related services.
(4) Ensure that the IEP is implemented as soon as possible following the meetings described under paragraph D.(2) of this appendix.
(5) Provide special education and related services, in accordance with the IEP. The Department of Defense, the DoD school systems, and DoD personnel are not accountable if a child does not achieve the growth projected in the annual goals of the IEP, as long as services have been provided in accordance with the IEP.
(6) Ensure that the child’s IEP is accessible to each regular education teacher, special education teacher, related service provider, and other service provider who is responsible for its implementation, and that each teacher and provider is informed of:
   (i) His or her specific responsibilities related to implementing the child’s IEP; and
   (ii) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.
(7) Review the IEP for each child at least annually in a CSC meeting to determine whether the annual goals for the child are being achieved.
(8) Revise the IEP, as appropriate, to address:
   (i) Any lack of progress toward the annual goals and in the general curriculum, where appropriate.
   (ii) The results of any reevaluation.
   (iii) Information about the child provided by the parents.
   (iv) The child’s anticipated needs.

F. TRANSFERRING STUDENTS

(1) When a student transfers to a DoD school with a current IEP from a non-DoD school, the CSC shall convene promptly an IEP meeting to address eligibility and special education services as described in sections C and D of this appendix. The CSC may:
   (i) Accept the child’s current IEP by notifying and obtaining consent of the parents to use the current IEP and all elements contained in it.
   (ii) Initiate a CSC meeting to revise the current IEP, if necessary.
   (iii) Initiate an evaluation of the child, if necessary.
(2) When a student with a current IEP transfers from one DoD school to another, the CSC shall accept the child’s eligibility and current IEP by notifying and obtaining consent of the parents to use the current IEP and all elements contained in it.

G. LEAST RESTRICTIVE ENVIRONMENT

(1) To the maximum extent, a child with a disability should be placed with children who are not disabled. Special classes, separate schooling, or other removal of a child with a disability from the regular education environment shall occur only when the type or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.
(2) A child shall not be placed by the DoD school system in any special education program unless the CSC has developed an IEP. If

a child with a disability is applying for initial admission to a school, the child shall enter on the same basis as a child without a disability. A child with an IEP, and with the consent of the parent who is sponsoring the child's IEP, the school should be the same school of the parent who is sponsoring the child's IEP, and to review the IEP at least annually.

H. DISCIPLINE

(1) All regular disciplinary rules and procedures applicable to children attending a DoD school shall apply to children with disabilities who violate school rules and regulations or disrupt regular classroom activities, subject to the following provisions. School personnel may remove a child with a disability from the child's current placement to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the child's IEP.

(ii) Not later than 10 days following the change of placement, the CSC must:

(A) Convene a meeting of the IEP team and other qualified personnel to conduct a manifestation determination as described in paragraph H.(5) of this appendix and

(B) Convene an IEP meeting to review the IEP to develop appropriate behavioral interventions to address the child's behavior and implement those interventions. This review may be conducted at the same meeting that is convened under paragraph H.(2)(ii)(A) of this appendix.

(i) If the child has a behavioral intervention plan, the CSC must develop an assessment plan to include a functional behavioral assessment.

(ii) If the child does not have a behavioral intervention plan, the CSC must develop an assessment plan to include a functional behavioral assessment.

(iii) As soon as practicable after developing the assessment plan and completing the assessments required by the plan, the CSC must convene an IEP meeting to develop a behavioral intervention plan to address that behavior, and shall implement the plan.

(3) After a child with a disability has been removed from his or her current placement for more than 10-cumulative school days in a school year, during any subsequent days of removal the DoD school system must provide services to the extent necessary to enable the child to appropriately progress in the DoD school system.

(4) Alternative Education Setting (AES). School personnel may order a change in placement of a child with a disability in accordance with the requirements of paragraph H.(2) of this appendix to an appropriate interim AES for the same amount of time that a non-disabled child would be subject to discipline, but for not more than 45 days, if:

(i) The child carries a weapon to school or to a school function under the jurisdiction of the DoD school system; or

(ii) The child knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or at a school function under the jurisdiction of a DoD school system.

(5) Manifestation Determination. The CSC shall determine whether the child's behavior is the result of the child's disability by considering all relevant information including evaluation results, observation of the child, information provided by the parents of the child, and the child's IEP and placement.

A child with an IEP, and with the consent of the parent who is sponsoring the child's IEP, the school should be the same school of the parent who is sponsoring the child's IEP, and to review the IEP at least annually.

A child with an IEP, and with the consent of the parent who is sponsoring the child's IEP, the school should be the same school of the parent who is sponsoring the child's IEP, and to review the IEP at least annually.

An emergency basis for the duration of the emergency when it reasonably appears that the child's behavior may endanger the health, welfare, or safety of self or any other child, teacher, or school personnel.

For not more than 10-cumulative school days in a school year for any violation of school rules.

Change of Placement. If a child is removed from his or her current placement for more than 10-cumulative school days in a school year, it is considered a change of placement.

Not later than the date on which the decision to make a change in placement is made, the school must notify parents of the decision and of all procedural safeguards, as described in section B of appendix F of this part.

A child with a disability is applying for initial admission to a school, the child shall enter on the same basis as a child without a disability. A child with an IEP, and with the consent of the parent who is sponsoring the child's IEP, the school should be the same school of the parent who is sponsoring the child's IEP, and to review the IEP at least annually.

A child with an IEP, and with the consent of the parent who is sponsoring the child's IEP, the school should be the same school of the parent who is sponsoring the child's IEP, and to review the IEP at least annually.

A child with an IEP, and with the consent of the parent who is sponsoring the child's IEP, the school should be the same school of the parent who is sponsoring the child's IEP, and to review the IEP at least annually.

A child with an IEP, and with the consent of the parent who is sponsoring the child's IEP, the school should be the same school of the parent who is sponsoring the child's IEP, and to review the IEP at least annually.

A child with an IEP, and with the consent of the parent who is sponsoring the child's IEP, the school should be the same school of the parent who is sponsoring the child's IEP, and to review the IEP at least annually.
Office of the Secretary of Defense

intervention strategies were provided consistent with the child's IEP and placement;

(B) The child's disability did not impair his or her ability to understand the impact and consequences of the behavior subject to the disciplinary action; and

(C) The child's disability did not impair his or her ability to control the behavior subject to disciplinary action.

(ii) If the CSC determines that the child's behavior was a manifestation of the disability, the child is not subject to removal from current educational placement as a disciplinary action, except as provided for in paragraph H.(3) of this appendix.

(A) The child's parents shall be notified of the right to have an IEP meeting before any changes in the child's placement.

(B) The CSC shall address the behavior that was the subject of the disciplinary action, by:

(i) Reviewing the child's educational placement to ensure that it is appropriate in consideration of the child's behavior.

(ii) Revising the IEP to include goals, services, and modifications that address the behavior subject to disciplinary action, as necessary.

(ii) If the CSC determines that the child's behavior was not the result in whole or part of the disability, relevant disciplinary procedures may be applied to the child in the same manner in which it would be applied to a child without a disability, except as provided in FAPE.

I. PARENT APPEAL

(1) If the parent disagrees with the manifestation determination or with any decision regarding placement, the parent may request a hearing.

(2) The school system shall arrange for an expedited hearing in accordance with appendix G of this part.

(3) Placement During Appeal. When a parent requests a hearing challenging placement in an interim AES, the child shall remain in the interim AES pending the decision of the hearing officer or until the expiration of the time period provided for in paragraph H.(3) of this appendix whichever comes first, unless the parent and the school system agree otherwise.

(i) After expiration of the interim AES, during the pendency of any proceedings to challenge the proposed change in placement, the child shall return and remain in the child's placement prior to the interim AES.

(ii) If the school personnel maintain that it is dangerous for the child to return to his or her placement prior to the interim AES, the DoD school system may request an expedited hearing.

J. ORDER BY A HEARING OFFICER

A hearing officer may order a change in the placement of a child with a disability to an interim AES for not more than 45 days, if the hearing officer:

(1) Determines that the DoD school system has demonstrated by substantial evidence that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

(2) Considers the appropriateness of the child's current placement.

(3) Considers whether the school system has made reasonable efforts to minimize the risk of harm in the child's current placement, including the use of supplementary aids and services; and

(4) Determines that the interim AES meets the requirements of section A of this appendix.

K. CHILDREN NOT YET DETERMINED ELIGIBLE FOR SPECIAL EDUCATION

Children who have not yet been determined eligible for special education and who have violated the disciplinary rules and procedures may assert the protections of the IDEA if the DoD school system had knowledge that the child had a disability before the behavior occurred.

(1) The DoD school system is considered to have had knowledge if:

(i) The parents expressed concern in writing to the school system personnel that the child needed special education or related services.

(ii) The child's behavior or performance indicated a need for services.

(iii) The child's parents requested an evaluation; or

(iv) The child's teacher or other DoD school system personnel expressed concern about the behavior or performance to the CSC, the school principal, assistant principal, or district special education coordinator.

(2) If the DoD school system does not have knowledge of a disability prior to disciplinary action, the child shall be subject to the regular disciplinary rules and procedures.

(3) If an evaluation were requested during the time the child is subjected to disciplinary action, the evaluation shall be expedited. The child shall remain in his or her current placement until determined eligible for special education or related services.

(4) The DoD school system is not constrained from reporting crime to the appropriate law enforcement authorities and shall ensure that special education and disciplinary records are transmitted to the appropriate law enforcement and judicial authorities.

343
L. CHILDREN WITH DISABILITIES WHO ARE PLACED IN A NON-DOD SCHOOL OR FACILITY

(1) Children with disabilities who are eligible to receive a DoD school system education, but are placed in a non-DoD school or facility by a DoD school system, shall have all the rights of children with disabilities who are enrolled in a DoD school.

(2) A child with a disability may be placed in a non-DoD school or facility only if required by the IEP.

(3) Placement by DoDDS in a host-nation non-DoD school or facility shall be made under the host-nation requirements.

(4) Placement by DoDDS in a host-nation non-DoD school or facility is subject to all treaties, executive agreements, and status of forces agreements between the United States and the host nations, and all DoD and DoD school system regulations.

(5) If a DoD school system places a child with a disability in a non-DoD school or facility as a means of providing special education and related services, the program of that institution, including non-medical care and room and board, as prescribed in the child’s IEP, must be provided at no cost to the child or the child’s parents. The DoD school system or the responsible DoD Component shall pay the costs in accordance with this part.

(6) DoD school officials shall initiate and conduct a meeting to develop an IEP for the child before placement. A representative of the non-DoD school or facility should attend the meeting. If the representative cannot attend, the DoD school system officials shall communicate in other ways to ensure participation including individual or conference telephone calls. The IEP must meet the following standards:

(i) Be signed by an authorized DoD school system official before it becomes valid.

(ii) Include a determination that the DoD school system does not currently have or cannot reasonably create an educational program appropriate to meet the needs of the child with a disability.

(iii) Include a determination that the non-DoD school or facility and its educational program and related services conform to the requirements of this part.

(7) Cost of Tuition for Non-DoD School or Facility. The Department of Defense is not authorized to reimburse the costs of special education if a parent unilaterally places the student in a non-DoD school without approval of the cognizant CSC and the Superintendent, in coordination with the Director of the DoD school system. A valid IEP must document the necessity of the placement in a non-DoD school or facility.

(i) Reimbursement may be required if a hearing officer determines that the DoD school system had not made FAPE available in a timely manner prior to enrollment in the non-DoD school and that the private placement is appropriate.

(ii) Reimbursement may be reduced or denied if the parents did not inform the CSC that the placement determined by the CSC was rejected, including a statement of their concerns, and that they intended to place a child in a non-DoD school; or if 10 business days (Monday through Friday, except for Federal holidays) prior to the parents’ removal of the child from the school, the parents failed to provide written notice to the DoD school system of their rejection of the placement decision concerning the child, the reasons for their rejection, and their intent to remove the child; or if the CSC informed parents of its intent to evaluate the child, but parents did not make the child available.

(iii) Reimbursement may not be reduced or denied for failure to provide the required notice if the parents cannot read and write in English; compliance would result in physical or emotional harm to the child; the DoD school prevented the parent from providing notice; or the parents had not received notice of a requirement to provide required notice.

M. CONFIDENTIALITY OF THE RECORDS

The DoD school system and EDIS officials shall maintain all student records in accordance with DoD Directive 5400.11.

N. DISPUTE RESOLUTION

A parent, teacher, or other person covered by this part may file a written complaint about any aspect of this part that is not a proper subject for adjudication by a due process hearing officer, in accordance with DSIR 2500.11.

APPENDIX C TO PART 57—PROCEDURES FOR THE PROVISION OF RELATED SERVICES BY THE MILITARY MEDICAL DEPARTMENTS TO DoDDS STUDENTS ON IEPs

A. EVALUATION PROCEDURES

(1) Upon request by a DoDDS CSC, the responsible EDIS shall ensure that a qualified medical authority conducts or verifies a medical evaluation for use by the CSC in determining the medically related disability that results in a child’s need for special education and related services, and oversees an EDIS evaluation used in determining a child’s need for related services.

(i) This medical or related services evaluation, including necessary consultation with other medical personnel, shall be supervised by a physician or other qualified healthcare provider.

(ii) This medical evaluation shall include a review of general health history, current health assessment, systems evaluation to include growth and developmental assessment,
and, if pertinent, detailed evaluation of gross motor and fine motor adaptive skills, psychological status, and visual and audiological capabilities, including details of present level of performance in each of these areas affecting the student’s performance in school.

(iii) The EDIS-related services evaluation shall be specific to the areas addressed in the referral by the CSC.

(2) EDIS shall provide a summary evaluation report to the CSC that responds to the questions posed in the original referral. The written report shall include:

(i) Demographic information about the child.

(ii) Behavioral observation of the child during testing.

(iii) Instruments and techniques used.

(iv) Evaluation results.

(v) Descriptions of the child’s strengths and limitations.

(vi) Instructional implications of the findings; and

(vii) The impact of the child’s medical condition(s), if applicable, on his or her educational performance.

(3) If EDIS determines that in order to respond to the CSC referral the scope of its assessment and evaluation must be expanded beyond the areas specified in the initial parental permission, EDIS must:

(i) Obtain parental permission for the additional activities.

(ii) Complete their initial evaluation by the original due date; and

(iii) Notify the CSC of the additional evaluation activities.

(4) When additional evaluation information is submitted by EDIS, the CSC shall review all data and determine the need for program changes and/or the reconsideration of eligibility.

(5) An EDIS provider shall serve on the CSC when eligibility, placement, or requirements for related services that EDIS provides are to be determined.

(6) Related services provided by EDIS, pursuant to an IEP, are educational and not medical services.

B. IEP

(1) EDIS shall be provided the opportunity to participate in the IEP meeting.

(2) EDIS shall provide related services assigned to EDIS that are listed on the IEP.

C. LIAISON WITH DoDDS

Each EDIS shall designate an EDIS Liaison Officer to:

(1) Provide liaison between the EDIS and DoDDS schools.

(2) Offer, on a consultative basis, training for DoDDS personnel on medical aspects of specific disabilities.

(3) Offer consultation and advice as needed regarding the health services provided at school (for example, tracheostomy care, tube feeding, occupational therapy).

(4) Participate with DoDDS and legal personnel in developing and delivering in-service training programs that include familiarization with various conditions that impair a child’s educational endeavors, the relationship of medical findings to educational functioning, related services, and this part.

APPENDIX D TO PART 57—THE DoD-AP

A. MEMBERSHIP

(1) The DoD Advisory Panel on Early Intervention and Special Education shall meet as needed in publicly announced, accessible meetings open to the general public and shall comply with DoD Directive 5105.4. The DoD-AP members, appointed by the Secretary of Defense, or designee, shall include at least one representative from each of the following groups:

(i) Persons with disabilities.

(ii) Representatives of the Surgeons General of the Military Departments.

(iii) Representatives of the family support programs of the Military Departments.

(iv) Special education teachers from the DoD school system.

(v) Regular education teachers from the DoD school system.

(vi) Parents of children, ages 3 through 21 years, inclusive, who are receiving special education from the DoD school system.

(vii) Parents of children, ages birth through 2 years, inclusive, who are receiving EIS from EDIS.

(viii) Institutions of higher education that prepare early intervention, special education, and related services personnel.

(ix) Special education program managers from the DoD school systems.

(x) Representatives of the Military Departments and overseas commands, including providers of early intervention and related services.

(xi) Representatives of vocational community, or business organizations concerned with transition services.

(xii) Other appropriate persons.

(2) A majority of panel members shall be individuals with disabilities or parents of children, ages birth through 2 years, inclusive, who are receiving EIS from EDIS and children, ages 3 through 21 years, inclusive who are receiving special education from the DoD school system.

(3) The DoD-AP members shall serve under appointments that shall be for a term not to exceed 3 years.
B. Responsibilities

(1) Advise the USD(P&R) of unmet needs within the Department of Defense in the provision of special services to infants, toddlers, and children with disabilities.

(2) Advise and assist the Military Departments in the performance of their responsibilities, particularly the identification of appropriate resources and agencies for providing EIS and promoting inter-Component agreements.

(3) Advise and assist the DoD schools systems on the provision of special education and related services, and on transition of toddlers with disabilities to preschool services.

C. Activities

The DoD-AP shall perform the following activities:

(1) Review information about improvements in service provided to children with disabilities, ages birth through 21, inclusive, in the Department of Defense.

(2) Receive and consider comments from parents, students, professional groups, and individuals with disabilities.

(3) Review policy memoranda on effective inter-Department and inter-Component collaboration.

(4) Review the findings of fact and decisions of each impartial due process hearing conducted under appendix G of this part.

(5) Review reports of technical assistance and monitoring activities.

(6) Make recommendations based on program and operational information for changes in policy and procedures and in the budget, organization, and general management of the programs providing special services.

(i) Identify strategies to address areas of conflict, overlap, duplication, or omission of services.

(ii) When necessary, establish committees for short-term purposes comprised of representatives from parent, student, professional groups, and individuals with disabilities.

(iii) Assist in developing and reporting such information and evaluations as may assist the Department of Defense.

(iv) Comment publicly on rules or standards about EIS for infants and toddlers, ages birth through 2 years, and special education of children with disabilities, ages 3 through 21 years, inclusive.

(v) Perform such other tasks as may be requested by the USD(P&R).

D. Reporting Requirements

(1) Submit an annual report of the DoD-AP’s activities and suggestions to the DoD Coordinating Committee, by July 31 of each year.

(2) That report is exempt from formal review and licensing under section 5 of DoD Instruction 7750.7

APPENDIX E TO PART 57—DoD-CC ON EARLY INTERVENTION, SPECIAL EDUCATION, AND RELATED SERVICES

A. Committee Membership

The DoD-CC shall meet at least yearly to facilitate collaboration in early intervention, special education, and related services in the Department of Defense. The DoD-CC shall consist of the following members, appointed by the Secretary of Defense or designee:

(1) A representative of the USD(P&R) or designee, who shall serve as the Chair.

(2) Representatives of the Secretaries of the Military Departments.

(3) A representative of the TRICARE Management Activity.

(4) Representatives from the DoD school systems.

(5) A representative from the GC, DoD.

B. Responsibilities

(1) Advise and assist the USD(P&R) in the performance of his or her responsibilities.

(2) At the direction of the USD(P&R), advise and assist the Military Departments, and the DoD school systems in the coordination of services among providers of early intervention, special education, and related services.

(3) Ensure compliance in the provision of EIS for infants and toddlers and special education and related services for children ages 3 through 21, inclusive.

(4) Review the recommendations of the DoD-AP to identify common concerns, ensure coordination of effort, and forward issues requiring resolution to the USD(P&R).

(5) Assist in the coordination of assignments of sponsors who have children with disabilities who are or who may be eligible for special education and related services in the DoDDS or EIS through the Military Departments.

(6) Perform other duties as assigned by the USD(P&R), including monitoring the delivery of services under this part.

APPENDIX F TO PART 57—PARENT AND STUDENT RIGHTS

A. Parental Consent

(1) The consent of a parent of a child with a disability or suspected of having a disability shall be obtained before any of the following:

(i) Initiation of formal evaluation procedures or re-evaluation.

(ii) Provision of EIS or initial educational placement.
(ii) Change in EIS or educational placement.

(2) If a parent of an infant or toddler (birth through 2 years of age) does not provide consent to initial evaluation, reevaluation, or initial placement in a special education program, the DoD school system may evaluate or provide special education and related services to the child without the consent of a parent, subject to the further exercise of due process rights.

(iii) Initiate an impartial due process hearing under appendix G of this part to show cause as to why an evaluation or placement in a special education program should or should not occur without such consent. If the hearing officer sustains the DoD school system’s position in the impartial due process hearing, the DoD school system may evaluate or provide special education and related services to the child without the consent of a parent, subject to the further exercise of due process rights.

(4) The Department of Defense shall protect the child’s rights, by assigning an individual to act as a surrogate for the parents, when, on reasonable effort the Department of Defense cannot locate the parents.

B. PROCEDURAL SAFEGUARDS

Parents of children with disabilities are afforded the following procedural safeguards, consistent with appendix G of this part to ensure that their children receive appropriate special services:

(1) The timely administrative resolution of parental complaints, including hearing procedures with respect to any matter relating to the identification, evaluation, or educational placement of the child, or the provision of EI services for an infant or toddler, age birth through 2 years, or a free appropriate public education for the child, age 3 through 21 years, inclusive.

(2) The right to confidentiality of personally identifiable information under DoD Directive 5400.11.

(3) The right to provision of written notice and to have furnished consent prior to the release of relevant information outside the Department of Defense.

(4) The right to determine whether they, their child, or other family members shall accept or decline any portion of EIS, without jeopardizing the provision of other EIS.

(5) The opportunity to examine records on assessment, screening, eligibility determinations, and the development and implementation of the IFSP and IEP.

(6) Written Notice. The right to prior written notice when the EDIS or school proposes, or refuses, to initiate or change the identification, evaluation, placement or provision of special services to the child with a disability.

(i) The notice must be in sufficient detail to inform the parents about:

(A) The action that is being proposed or refused;

(B) The reasons for taking the action;

(C) All procedural safeguards that are available under this part as described in paragraph B.(7) of this appendix; and

(D) Conflict resolution procedures, including a description of mediation and due process hearings procedures and applicable timelines, as defined in appendix G of this part.

(ii) The notice must be provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.

(7) Procedural Safeguards Notice. Parents must be given a Procedural Safeguards Notice, at a minimum, upon initial referral for evaluation, upon each notification of an IFSP or IEP meeting, upon reevaluation of the child, and upon receipt of a request for due process.

(i) The procedural safeguards notice must include a full explanation of all of the procedural safeguards available with regard to the matters in paragraph B.(7) of this appendix including the right to:

(A) Independent educational evaluation for school-aged children.

(B) Prior written notice.

(C) Parental consent.

(D) Access to educational or early intervention records.

(E) Opportunity to present complaints.

(F) The child’s placement during pendency of due process proceedings.

(G) Procedures for children (3 through 21 years, inclusive) who are subject to placement in an interim alternative educational setting.

(H) Requirements for unilateral placement by parents of children in private schools at public expense.

(I) Mediation.

(J) Due process hearings, including requirements for disclosure of evaluation results and recommendations.

(K) Civil actions.

(L) The DoD complaint system, including a description of how to file a complaint and the timelines under those procedures.

(ii) The procedural safeguards notice must be:

(A) Written in language understandable to the general public.

(B) Provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so. If the native language or other mode of communication of the parent is not a written language, the school system shall take steps to ensure that:
(i) The notice is translated orally or by other means to the parent in his or her native language or other mode of communication.

(ii) The parent understands the content of the notice; and

(iii) There is written evidence that the requirements in paragraph B.(7)(ii)(A) and paragraph B.(7)(ii)(B) of this appendix have been met.

B. Independent Educational Evaluation. A parent of a child (3 through 21 years, inclusive) may be entitled to an independent educational evaluation of the child at the expense of the DoD school system if the parent disagrees with the DoD school system’s evaluation of the child.

(i) If a parent requests an independent educational evaluation at the school system’s expense, the DoD school system must, without unnecessary delay, either:

(A) Initiate an impartial due process hearing to show that its evaluation is appropriate; or

(B) Ensure an independent evaluation is provided at the DoD school system’s expense. Unless the DoD school system demonstrates in an impartial due process hearing that an independent evaluation obtained by the parent did not meet DoD school system criteria. In such cases, the parents must bear the cost of the evaluation.

(ii) If the DoD school system initiates a hearing and the decision is that the DoD school system’s evaluation is appropriate, the parents still have the right to an independent evaluation, but not at the school system’s expense.

(iii) An independent educational evaluation provided at the DoD school system’s expense must do the following:

(A) Conform to the requirements of this part.

(B) Be conducted, when possible, in the area where the child resides.

(C) Meet DoD standards governing persons qualified to conduct an educational evaluation, including an evaluation for related services.

(D) The DoD school system, the CSC, and a hearing officer appointed under this part shall consider any evaluation report presented by a parent.

10. Access to Records. The parents of a child with a disability shall be afforded an opportunity to inspect and review educational records about the identification, evaluation, and educational placement of the child, and the provision of a free public education for the child.

11. Due Process Rights. (i) The parent of a child with a disability, the Military Department, or the DoD school system has the opportunity to file a written petition for an impartial due process hearing under appendix G of this part. The petition may concern issues affecting a particular child’s identification, evaluation, or placement, or the provision of EIS or a free and appropriate public education.

(ii) While an impartial due process hearing or judicial proceeding is pending, unless the EIS or the DoD school system and the parent of the child agree otherwise, the child shall remain in his or her present educational setting, subject to the disciplinary procedures prescribed in section H of appendix B of this part.

A. PURPOSE

This appendix establishes requirements for the resolution of conflicts through mediation and impartial due process hearings. Parents of infants, toddlers, and children who are covered by this Part and, as the case may be, the cognizant Military Medical Department or the DoD school system are afforded impartial mediation and/or impartial due process hearings and administrative appeals about the provision of EIS, or the identification, evaluation, educational placement of, and the FAPE provided to, such children by the Department of Defense, in accordance with sections 927 and 1400 of 20 U.S.C. and section 2164 of 10 U.S.C.

B. MEDIATION

(1) Mediation may be initiated by either a parent or the Military Medical Department concerned or the DoD school system to resolve informally a disagreement on any matter relating to the identification, evaluation, or educational placement of the child, or the provision of a FAPE to such child.
Office of the Secretary of Defense

Pt. 57, App. G

(1) The DoD school system shall participate in mediation involving special education and related services.

(ii) The cognizant Military Medical Department shall participate in mediation involving EIS.

(2) The party initiating mediation must notify the other party to the mediation of its request to mediate. The initiating party’s request must be written, include a written description of the dispute and bear the signature of the requesting party. Formal acknowledgement of the request for mediation shall occur in a timely manner. The parties may jointly request mediation.

(3) Upon agreement of the parties to mediate a dispute, the Military Medical Department or DoD school shall forward a request for a mediator to higher headquarters, or request a mediator through the Director, Defense Office of Hearings and Appeals (DOHA). The Director, DOHA, through the DoHA Office of Alternate Dispute Resolution (ADR), shall maintain a roster of mediators trained in ADR methods, knowledgeable in laws and regulations related to special education, and available to mediate disputes upon request. When requested, the Director, DOHA, through the Office of ADR, shall appoint a mediator within 15 business days of receiving the request for a due process hearing, unless a party provides written notice to the Director, DOHA, that the party refuses to participate in mediation.

(ii) The mediator assigned to a dispute shall not be employed by the Military Medical Department or the DoD school system involved, unless the parties agree otherwise.

(4) Unless both parties agree otherwise, mediation shall commence in a timely manner after both parties agree to mediation.

(5) The parents of the infant, toddler or child and 2 representatives of the EDIS or DoD school may participate in mediation. With the consent of both parties, other persons may participate in mediation. Either party may recess a mediation session to consult advisors, whether or not present, or to consult privately with the mediator.

(6) If the parties resolve the dispute or a portion of the dispute, or agree to use another procedure to resolve the dispute, the mediator shall ensure that the resolution or agreement is reduced to writing and that it is signed and dated by the parties and that a copy is given to each party. The resolution or agreement is legally binding upon the parties.

(7) Discussions that occur during the mediation process shall be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding. Unless the parties and the mediator agree, no person may record a mediation session, nor should any written notes be taken from the room by either party. The mediator may require the parties to sign a confidentiality pledge before the commencement of mediation.

(8) Parents must be provided an opportunity to meet with appropriate EDIS or DoD school system staff in at least one mediation session, if they request a due process hearing in accordance with sections A through H of this appendix. The parents and the Military Medical Department or DoD school system must participate in mediation, unless a party objects to mediation.

(9) Mediation shall not delay hearings or appeals related to the dispute. All mediation sessions shall be held in a location that is convenient to the parties. The Military Medical Department in mediations concerning EIS or the DoD school system in mediations concerning special education and related services shall bear the cost of the mediation process.

(10) Any hearing officer or adjudicative body may draw no negative inference from the fact that a mediator or a party withdrew from mediation or that mediation did not result in settlement of a dispute.

C. HEARING ADMINISTRATION

(1) The Defense Office of Hearings and Appeals (DOHA) shall have administrative responsibility for the proceedings authorized by sections D through H of this appendix.

(2) This appendix shall be administered to ensure that the findings, judgments, and determinations made are prompt, fair, and impartial.

(3) Impartial hearing officers, who shall be DOHA Administrative Judges, shall be appointed by the Director, DOHA, and shall be attorneys in good standing of the bar of any State, the District of Columbia, or a commonwealth, territory or possession of the United States, who are also independent of the DoD school system or the Military Medical Department concerned in proceedings conducted under this appendix. A parent shall have the right to be represented in such proceedings by counsel or by persons with special knowledge or training with respect to the challenges of individuals with disabilities. The DOHA Department Counsel normally shall appear and represent the DoD school system in proceedings conducted under this appendix, when such proceedings involve a child age 3 to 21, inclusive. When an infant or toddler is involved, the Military Medical Department responsible under this part for delivering EIS shall either provide its own counsel or request counsel from the DOHA.

D. HEARING PRACTICE AND PROCEDURE

(1) Hearing. (i) Should mediation be refused or otherwise fail to resolve the issue on the
provision of EIS to an infant or toddler or the identification or evaluation of such an individual, the parent may request and shall receive a hearing before a hearing officer to resolve the matter. The parents of an infant or toddler and the Military Medical Department concerned shall be the only parties to a hearing conducted under this appendix.

(4) The DoD school system may file a written petition to the Director, DOHA, at P.O. Box 3656, Arlington, Virginia 22203. The petitioner shall deliver a copy of the petition to the opposing party (i.e., the parent or the school principal, for the DoD school system, or the military MTF commander, for the Military Medical Department), either in person or by first-class mail, postage paid. Delivery is complete on mailing. When the DoD school system or the Military Medical Department petitions for a hearing, it shall inform the other parties of the deadline for filing an answer under paragraph D.(6) of this appendix and shall provide the other parties with a copy of this part.

(5) The party seeking the hearing shall plead with specificity as to what issues are in dispute and all issues not specifically pleaded is deemed waived. Parties must limit evidence to the issues specifically pleaded. A party may amend a pleading if the amendment is filed with the hearing officer and is received by the other parties at least 10 business days before the hearing.

(6) The Director, DOHA, shall arrange for the time and place of the hearing, and shall provide administrative support. The hearing shall be held in the DoD school district attended by the child or at the military base location of the EDIS clinic, unless the parties agree otherwise or upon a showing of good cause.

(7) The purpose of a hearing is to establish the relevant facts necessary for the hearing officer to reach a fair and impartial determination of the case. Oral and documentary evidence that is relevant and material may be received. The technical rules of evidence shall be relaxed to permit the development of a full evidentiary record with the Federal Rules of Evidence, title 28, United States Code serving as guide.

(8) The hearing officer shall be the presiding officer, with judicial powers to manage the proceeding and conduct the hearing. Those powers shall include the authority to order an independent evaluation of the child at the expense of the DoD school system or the Military Medical Department concerned and to call and question witnesses.

(9) Those normally authorized to attend a hearing shall be the parents of the individual with disabilities, the counsel or personal representative of the parents, the counsel and professional employees of the DoDDS or the Military Medical Department concerned, the hearing officer, and a person qualified to transcribe or record the proceedings. The hearing officer may permit other persons to
Office of the Secretary of Defense
Pt. 57, App. G

attend the hearing, consistent with the privacy interests of the parents and the individual with disabilities. The parents have the right to an open hearing on waiving in writing their privacy rights and those of the individual with disabilities who is the subject of the hearing.

15) A verbatim transcription of the hearing shall be made in written or electronic form and shall become a permanent part of the record. A copy of the written transcript or electronic record of the hearing shall be made available to a parent on request and without cost. The hearing officer may allow corrections to the written transcript or electronic recording for conforming it to actual testimony after adequate notice of such changes is given to all parties.

16) The hearing officer’s decision of the case shall be based on the record, which shall include the petition, the answer, the written transcript or the electronic recording of the hearing, exhibits admitted into evidence, pleadings or correspondence properly filed and served on all parties, and such other matters as the hearing officer may include in the record, if such matter is made available to all parties before the record is closed under paragraph D.(16) of this appendix.

17) The hearing officer shall make a full and complete record of a case presented for adjudication.

18) The hearing officer shall decide when the record in a case is closed.

19) The hearing officer shall issue findings of fact and conclusions of law in a case not later than 50 business days after being assigned to the case, unless a request for discovery is made and provided for in paragraph D.(5) of this appendix in which case the time required for such discovery does not count toward the 50 business days. The hearing officer may grant a specific extension of time for good cause either on his or her own motion or at the request of either party. Good cause includes the time required for mediation under section B of this appendix. If the hearing officer grants an extension of time, he or she shall identify the length of the extension and the reason for the extension in the record of the proceeding.

E. DISCOVERY

1) Full discovery shall be available to parties to the proceeding, with the Federal Rules of Civil Procedure, Rules 26-37, codified at 28 U.S.C. serving as a guide.

2) If voluntary discovery cannot be accomplished, a party seeking discovery may file a motion with the hearing officer to accomplish discovery. The hearing officer shall grant an order to accomplish discovery upon a showing that the requested evidence is relevant and necessary. Relevant evidence is necessary when it is not cumulative and when it would contribute to a party’s presentation of the case in some positive way on a matter in issue. A matter is not in issue when it is admitted or stipulated as a fact. An order granting discovery shall be enforceable as is an order compelling testimony or the production of evidence.

3) Records compiled or created in the regular course of business, which have been provided to a party prior to hearing in accordance with paragraph E.(2) of this appendix may be received and considered by the officer without authenticating witnesses.

F. WITNESSES; PRODUCTION OF EVIDENCE

1) All witnesses testifying at the hearing shall be advised that it is a criminal offense knowingly and willfully to make a false statement or representation to a Department or Agency of the U.S. Government as to any matter in the jurisdiction of that Department or Agency. All witnesses shall be subject to cross-examination by the parties.

2) A party calling a witness shall bear the witness’ travel and incidental expenses associated with testifying at the hearing. The DoD school system or the Military Medical Department concerned shall pay such expenses when a witness is called by the hearing officer.

3) The hearing officer may issue an order compelling the attendance of witnesses or the production of evidence on the hearing officer’s own motion or, if good cause can be shown, on motion of either party.

4) When the hearing officer determines that a person has failed to obey an order to testify or to produce evidence, and such failure is in knowing and willful disregard of the order, the hearing officer shall so certify.

5) The party or the hearing officer seeking to compel testimony or the production of evidence may, based on the certification provided for in paragraph F.(4) of this appendix file an appropriate action in a court of competent jurisdiction to compel compliance with the hearing officer’s order.

6) At least 5 business days prior to a hearing, the parties shall exchange lists of all documents and materials that each party intends to use at the hearing, including all evaluations and reports. Each party also shall disclose the names of all witnesses it intends to call at hearing along with a profile of the anticipated testimony of each witness.

7) At least 10 business days in advance of hearing, each party must provide the name, title, curriculum vitae, and summary of proposed testimony of any expert witness it intends to call at hearing.

8) Failure to disclose documents, materials, or witnesses pursuant to paragraphs F.(6) and F.(7) of this appendix may result in the hearing officer barring their introduction at the hearing.

G. HEARING OFFICER’S FINDINGS OF FACT AND DECISION

(1) The hearing officer shall make written findings of fact and shall issue a decision setting forth the questions presented, the resolution of those questions, and the rationale for the resolution. The hearing officer shall file the findings of fact and decision with the Director, DOHA, with a copy to the parties.

(2) The Director, DOHA, shall forward to the Director, of the DoD school system, or to the Military Medical Department concerned, copies with all personally identifiable information deleted, of the hearing officer’s findings of fact and decision or, in cases that are administratively appealed, of the final decision of the DOHA Appeal Board.

(3) The findings of fact and decision of the hearing officer shall become final unless a notice of appeal is filed under section I of this appendix. The DoD school system or the Military Medical Department concerned shall implement the decision as soon as practicable after it becomes final.

H. DETERMINATION WITHOUT HEARING

(1) At the request of a parent of an infant, toddler, or child age 3 to 21, inclusive, when early intervention or special educational (including related) services are at issue, the requirement for a hearing may be waived, and the case may be submitted to the hearing officer on written documents filed by the parties. The hearing officer shall make findings of fact and conclusions of law in the period fixed by paragraph D.(17) of this appendix.

(2) The DoD school system or the Military Medical Department concerned may oppose a request to waive a hearing. In that event, the hearing officer shall rule on that request.

(3) Documents submitted to the hearing officer in a case determined without a hearing shall comply with paragraph F.(6) of this appendix. A party submitting such documents shall provide copies to all other parties.

I. APPEAL

(1) A party may appeal the hearing officer’s findings of fact and decision by filing a written notice of appeal with the Director, DOHA, at P.O. Box 9856, Arlington, Virginia 22203, within 15 business days of receipt of the findings of fact and conclusions of law.

(2) Within 30 business days of receipt of the notice of appeal, the appellant shall submit a written statement of issues and arguments to the Director, DOHA, with a copy to the other parties. The other parties shall submit a reply or replies to the Director, DOHA, within 20 business days of receiving the statement, and shall deliver a copy of each reply to the appellant. Submission is complete on mailing.

(3) The Director, DOHA, shall refer the matter on appeal to the DOHA Appeal Board. It shall determine the matter, including the making of interlocutory rulings, within 45 business days of receiving timely submitted replies under paragraph I.(2) of this appendix.

(4) The determination of the DOHA Appeal Board shall be a final administrative decision and shall be in written form. It shall address the issues presented and set forth a rationale for the decision reached. A determination denying the appeal of a parent in whole or in part shall state that the parent has the right under sections 502–505 of chapter 33 of title 20, United States Code to bring a civil action on the matters in dispute in a district court of the United States of competent jurisdiction without regard to the amount in controversy.

(5) No provision of this part or other DoD guidance may be construed as conferring a further right of administrative review. A party must exhaust all administrative remedies afforded by this appendix before seeking judicial review of a determination made under this appendix.

J. PUBLICATION AND INDEXING OF FINAL DECISIONS

The Director, DOHA, shall ensure that final decisions in cases arising under this appendix are published and indexed to protect the privacy rights of the parents who are parties in those cases and the children of such parents, in accordance with DoD Directive 5400.11.

APPENDIX H TO PART 57—MONITORING

A. MONITORING

(1) The DoDEA and the Military Medical Departments shall establish procedures for monitoring special services requiring:

(i) Periodic on-site monitoring at each administrative level.

(ii) The DoD school systems to report annually that the provision of special education and related services is in compliance with this part.

(iii) The Military Medical Departments to report annually that the provision of EIS is in compliance with this part.

(2) The Director, DoDEA, and the Surgeons General of the Military Medical Departments shall submit reports to the DoD-CC not later than July 31 each year that summarize the status of compliance. The reports shall:

(i) Identify procedures conducted at Headquarters and at each subordinate level, including on-site visits, to evaluate compliance with this part.

(ii) Summarize the findings.
(iii) Describe corrective actions required of the programs that were not in compliance and the technical assistance that shall be provided to ensure they reach compliance.

B. USD(P&R) OVERSIGHT

(1) On behalf of the USD(P&R), the DoD-CC or designee, shall make periodic unannounced visits to selected programs to ensure the monitoring process is in place and to validate the compliance data and reporting. The DoD-CC may use other means in addition to the procedures in this section to ensure compliance with the requirements established in this part.

(2) For DoD-CC monitoring visits, the Secretaries of the Military Departments, or designee, shall:

(i) Provide necessary travel funding and support for their respective team members.

(ii) Provide necessary technical assistance and logistical support to monitoring teams during monitoring visits to facilities for which they are responsible.

(iii) Cooperate with monitoring teams, including making all pertinent records available to the teams.

(iv) Address monitoring teams’ recommendations concerning early intervention and related services for which the Secretary concerned has responsibility, including those to be furnished through an inter-Service agreement, are promptly implemented.

(3) For DoD-CC monitoring visits, the Director, DoDEA shall:

(i) Provide necessary travel funding and support for team members from the Office of the Under Secretary (P&R); the Office of GC, DoD; and DoD school systems.

(ii) Provide necessary technical assistance and logistical support to monitoring teams during monitoring visits to facilities for which he/she is responsible.

(iii) Cooperate with monitoring teams, including making all pertinent records available to the teams.

(iv) Address the monitoring teams’ recommendations concerning special education and related services for which the DoD school system concerned has responsibility.

(4) The ASD(HA), or designee, shall provide technical assistance to the DoD monitoring teams when requested.

(5) The GC, DoD, or designee, shall:

(i) Provide legal counsel regarding monitoring activities conducted pursuant to this part to the USD(P&R), the ASD(HA), and, where appropriate, to DoDEA, monitored Agencies, and monitoring teams.

(ii) Provide advice about the legal requirements of this part and Federal law to the DoD school systems, military medical commanders, and military installation commanders, and to other DoD personnel as appropriate, in connection with monitoring activities conducted pursuant to this part.

 EFFECTIVE DATE NOTE: At 80 FR 36660, June 25, 2015, Part 57 was revised, effective July 27, 2015. For the convenience of the user, the revised text is set forth as follows:

PART 57—PROVISION OF EARLY INTERVENTION AND SPECIAL EDUCATION SERVICES TO ELIGIBLE DOD DEPENDENTS

Sec. 57.1 Purpose. 57.2 Applicability. 57.3 Definitions. 57.4 Policy. 57.5 Responsibilities. 57.6 Procedures.

§ 57.1 Purpose.

This part:

(a) Establishes policy and assigns responsibilities to implement, other than the funding and reporting provisions, chapter 33 of 20 U.S.C. (also known and hereinafter referred to in this part as “Individuals with Disabilities Education Act (IDEA)”) pursuant to 20 U.S.C. 927(c) and 10 U.S.C. 2164(f) for:

(1) Provision of early intervention services (EIS) to infants and toddlers with disabilities and their families, as well as special education and related services to children with disabilities entitled under this part to receive education services from the DoD in accordance with 20 U.S.C. 921–932, 10 U.S.C. 2164, and DoD Directive 1342.20, “Department of Defense Education Activity (DoDEA)” (available at http://www.dtic.mil/whs/directives/corres/pdf/134220p.pdf), and the IDEA.

(2) Implementation of a comprehensive, multidisciplinary program of EIS for infants and toddlers with disabilities and their DoD civilian-employed and military families.

(3) Provision of a free appropriate public education (FAPE), including special education and related services for children with disabilities who are eligible to enroll in DoDEA schools, as specified in their respective individualized education programs (IEP).

(4) Monitoring of DoD programs providing EIS, or special education and related services for compliance with this part.

(b) Establishes a DoD Coordinating Committee to recommend policies and provide compliance oversight for early intervention and special education.

(c) Authorizes the issuance of other guidance as necessary.

§ 57.2 Applicability.

This part applies to:

(a) Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff
§ 57.3 Definitions.

Unless otherwise noted, these terms and their definitions are for the purpose of this part.

**Age of majority.** The age when a person acquires the rights and responsibilities of being an adult. For purposes of this part, a child attains majority at age 18, unless the child has been determined by a court of competent jurisdiction to be incompetent, or, if the child has not been determined to be incompetent, he or she is incapable of providing informed consent with respect to his or her educational program.

**Alternate assessment.** An objective and consistent process that validly measures the performance of students with disabilities unable to participate, even with appropriate accommodations provided as necessary and as determined by their respective CSC, in a system-wide assessment.

**Alternative educational setting (AES).** A temporary setting in or out of the school, other than the setting normally attended by the student (e.g., alternative classroom, home setting, installation library) as determined by school authorities or the CSC, in accordance with §57.6(b)(12) as the appropriate learning environment for a student because of a violation of school rules and regulations or disruption of regular classroom activities.

**Assistive technology device.** Any item, piece of equipment, or product system, whether acquired commercially or off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of children with disabilities. This term does not include a medical device that is surgically implanted or the replacement of that device.

**Assistive technology service.** Any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device. The term includes: Evaluating the needs of an individual with a disability, including a functional evaluation in the individual’s customary environment; purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by individuals with disabilities; selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices; coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing educational and rehabilitative plans and programs; training or technical assistance for an individual with disabilities or the family of an individual with disabilities; and training or technical assistance for professionals (including individuals providing educational rehabilitative services), employers, or other individuals who provide services to, employ, or are otherwise substantially involved in the major life functions of an individual with a disability.

**Case study committee (CSC).** A school-level multidisciplinary team, including the child’s parents, responsible for making educational decisions concerning a child with a disability.

**Child-find.** An outreach program used by DoDEA, the Military Departments, and the other DoD Components to locate, identify, and evaluate children from birth to age 21, inclusive, who may require EIS or special education and related services. All children who are eligible to attend a DoD school under 20 U.S.C. 921–932 or 10 U.S.C. 2164 fall within the scope of the DoD child-find responsibilities. Child-find activities include the dissemination of information to Service members, DoD employees, and parents of students eligible to enroll in DoDEA schools; the identification and screening of children; and the use of referral procedures.

**Children with disabilities.** Children, ages 3 through 21, inclusive, who are entitled to enroll, or are enrolled, in a DoD school in accordance with 20 U.S.C. 921–932 and 10 U.S.C. 2164, have not graduated from high school or completed the General Education Degree, have one or more disabilities in accordance with section 1401(3) of the IDEA, and need and qualify for special education and related services.

**Complainant.** Person making an administrative complaint.

**Comprehensive system of personnel development (CSPD).** A system of personnel development that is developed in coordination with the Military Departments and the Director,
DoDEA. CSPD is the training of professionals, paraprofessionals, and primary referral source personnel with respect to the basic components of early intervention, special education, and related services. CSPD may also include implementing innovative strategies and activities for the recruitment and retention of personnel providing special education and related services. Ensuring that personnel requirements are established and maintaining qualifications to ensure that personnel necessary to carry out the purposes of this part are appropriately and adequately prepared to provide special education and related services. Training of personnel may include working within the military and with military families, the emotional and social development of children, and transition services from early intervention to preschool and transitions within educational settings and to post-secondary environments.

Consent. The permission obtained from the parent ensuring they are fully informed of all information about the activity for which consent is sought, in his or her native language or in another mode of communication if necessary, and that the parent understands and agrees in writing to the implementation of the activity for which permission is sought.

Continuum of placement options. Instruction in general education classes, special classes, special schools, home instruction, and instruction in hospitals and institutions; includes provision for supplementary services (such as resource room or itinerant instruction) to be provided in conjunction with regular class placement.

Controlled substance. As defined in Sections 801–971 of title 21, United States Code (also known as the “Controlled Substances Act, as amended”).

Day. A calendar day, unless otherwise indicated as a business day or a school day.

(1) Business day. Monday through Friday except for Federal and State holidays.

(2) School day. Any day, including a partial day, that children are in attendance at school for instructional purposes. School day has the same meaning for all children in school, including children with and without disabilities.

Department of Defense Education Activity (DoDEA). The Department of Defense Education Activity is a DoD Field Activity under the direction, operation, and control of the Under Secretary of Defense for Personnel & Readiness (USD(P&R)) and the Assistant Secretary of Defense for Readiness & Force Management (ASD(R&FM)). The mission of DoDEA is to provide an exemplary education by effectively and efficiently planning, directing, and overseeing the management, operation, and administration of the DoD Domestic Dependent Elementary and Secondary Schools (DDESS) and the DoD Dependent Schools (DoDDS), which provide instruction from kindergarten through grade 12 to eligible dependents.

Department of Defense Dependents Schools (DoDSS). The overseas schools (Kindergarten through grade 12) established in accordance with 20 U.S.C. 921–932.

Department of Defense Education Activity School. A DDESS or DoDDS school operated under the oversight of DoDEA.

Developmental Delay in children ages 3 through 7. A child three through seven (or any subset of that age range, including ages 3 through 5) who is experiencing developmental delays, as defined for infants and toddlers at §57.6(a)(4)(ii)(A) as measured by appropriate diagnostic instruments and procedures, in one or more of the following areas: Physical development, cognitive development, communication development, social or emotional development, or adaptive development, and who, by reason thereof, needs special education and related services. A child determined to have a developmental delay before the age of 7 may maintain that eligibility through age 9.

Domestic Dependent Elementary and Secondary Schools (DDESS). The schools (pre-kindergarten through grade 12) established in accordance with 10 U.S.C. 2164.

Early intervention service provider. An individual that provides early intervention services in accordance with this part.

Educational and Developmental Intervention Services (EDIS). Programs operated by the Military Departments to provide EIS to eligible infants and toddlers with disabilities, and related services to eligible children with disabilities in accordance with this part.

EIS. Developmental services for infants and toddlers with disabilities, as defined in this part, that are provided under the supervision of a Military Department, including evaluation, individualized family service plan (IFSP) development and revision, and service coordination, provided at no cost to the child’s parents (except for incidental fees also charged to children without disabilities).

Extended school year (ESY) services. Special education and related services that are provided to a child with a disability beyond the normal DoDEA school year, in accordance with the child’s IEP, are at no cost to the parents, and meet the standards of the DoDEA school system.

Evaluation. The method used by a multi-disciplinary team to conduct and review the assessments of the child and other relevant input to determine whether a child has a disability and a child’s initial and continuing need to receive EIS or special education and related services.

Extracurricular and non-academic activities. Services and activities including counseling services; athletics; transportation; health
services; recreational activities; special interest groups or clubs sponsored by the DoDEA school system; and referrals to agencies that provide assistance to individuals without regard to the employment of students, including employment by a public agency and assistance in making outside employment available.

(ii) Special education and related services that are provided under the general supervision and direction of DoDEA at no cost to parents of a child with a disability, in conformity with an IEP, in accordance with the requirements of the IDEA and DoD guidance.

Functionally significant behavior assessment. A process for identifying the events that predict and maintain patterns of problem behavior.

General education curriculum. The curriculum adopted by the DoDEA school systems for all children from preschool through secondary school. To the extent applicable to an individual child with a disability, the general education curriculum can be used in any educational environment along a continuum of alternative placements.

IEP. A written document that is developed, reviewed, and revised at a meeting of the CSC, identifying the required components of the individualized education program for a child with a disability.

Individualized Family Service Plan (IFSP). A written document identifying the specially designed services for an infant or toddler with a disability and the family of such infant or toddler.

Independent educational evaluation (IEE). An evaluation conducted by a qualified examiner who is not an EDIS examiner or an examiner funded by the DoDEA school who conducted the evaluation with which the parent is in disagreement.

Infants and toddlers with disabilities. Children from birth up to 3 years of age, inclusive, who need EIS because:

(1) They are experiencing developmental delays as measured by appropriate diagnostic instruments and procedures, in one or more of the following areas: Cognitive development, physical development including vision and hearing, communication development, social or emotional development, adaptive development; or

(2) They have a diagnosed physical or mental condition that has a high probability of resulting in developmental delay.

Inter-component. Cooperation among DoD organizations and programs, ensuring coordination and integration of services to infants, toddlers, children with disabilities, and their families.

Manifestation determination. The process in which the CSC reviews all relevant information and the relationship between the child’s disability and the child’s behavior to determine whether the behavior is a manifestation of the child’s disability.

**Mediation.** A confidential, voluntary, informal dispute resolution process that is provided at no charge to the parents, whether or not a due process petition has been filed, in which the disagreeing parties engage in a discussion of issues related to the provision of the child’s EIS or special education and related services in accordance with the requirements of IDEA and this part, in the presence of, or through, a qualified and impartial mediator who is trained in effective mediation techniques.

Medical services. Those evaluative, diagnostic, and therapeutic, services provided by a licensed and credentialed medical provider to assist providers of EIS, regular and special education teachers, and providers of related services to develop and implement IFSPs and IEPs.

Multidisciplinary. The involvement of two or more disciplines or professions in the integration and coordination of services, including evaluation and assessment activities and development of an IFSP or an IEP.

Native language. When used with reference to an individual of limited English proficiency, the home language normally used by such individuals, or in the case of a child, the language normally used by the parents of the child.

Natural environment. A setting, including home and community, in which children without disabilities participate.

Non-DoD school or facility. A public or private school or other educational program not operated by DoD.

Parent. The natural, adoptive, or foster parent of a child, a guardian, an individual acting in the place of a natural or adoptive parent with whom the child lives, or an individual who is legally responsible for the child’s welfare if that person contributes at least one-half of the child’s support.

Personally identifiable information. Information that would make it possible to identify the infant, toddler, or child with reasonable certainty. Information includes: The name of the child, the child’s parent or other family member; the address of the child; a personal identifier, such as the child’s social security number or student number; or a list of personal characteristics or other information that would make it possible to identify the child with reasonable certainty.

Primary referral source. Parents and the DoD Components, including child development centers, pediatric clinics, and newborn nurseries, that suspect an infant or toddler has a disability and bring the child to the attention of the EDIS.

Psychological services. Educational services include:Administering psychological and educational tests and other assessment procedures; interpreting assessment results; obtaining, integrating and interpreting information about child behavior and conditions relating to learning; consulting with
other staff members in planning school programs to meet the special educational needs of children as indicated by psychological tests, interviews, direct observations, and behavior evaluations; planning and managing a program of psychological services, including psychological counseling for children and parents; and assisting in developing positive behaviors in children.

Public awareness program. Activities or print materials focusing on early identification of infants and toddlers with disabilities. Materials may include information prepared and disseminated by a military medical department to all primary referral sources and information for parents on the availability of EIS. Procedures to determine the availability of information on EIS to parents are also included in that program.

Qualified. A person who meets the DoD-approved or recognized certification, licensing, or registration requirements or other comparable requirements in the area in which the person provides evaluation or assessment. EIS, special education or related services to an infant, toddler, or child with a disability.

Rehabilitation counseling. Services provided by qualified personnel in individual or group sessions that focus specifically on career development, employment preparation, achieving independence, and integration in the workplace and community of the student with a disability. The term also includes vocational rehabilitation services provided to a student with disabilities by vocational rehabilitation programs funded in accordance with the Rehabilitation Act of 1973, 29 U.S.C. chapter 16.

Related services. Transportation and such developmental, corrective, and other supportive services, as required, to assist a child with a disability to benefit from special education under the child’s IEP. The term includes services or consults in the areas of speech-language pathology; audiology services; interpreting services; psychological services; physical and occupational therapy; recreation including therapeutic recreation; social work services; and school nurse services designed to enable a child with a disability to receive a FAPE as described in the child’s IEP; early identification and assessment of disabilities in children; counseling services including rehabilitation counseling; orientation and mobility services; and medical services for diagnostic or evaluative purposes. The term does not include a medical device that is surgically implanted or the replacement of such.

Related services assigned to the Military Departments. Medical and psychological services, audiology, and optometry for diagnostic or evaluative purposes, including consults, to determine whether a particular child has a disability, the type and extent of the disability, and the child’s eligibility to receive special services. In the overseas and domestic areas, transportation is provided as a related service by the Military Department when transportation is prescribed in an IFSP for an infant or toddler, birth to 3 years of age, with disabilities.

Resolution meeting. The meeting between parents and relevant school personnel, which must be convened within a specified number of days after receiving notice of a due process complaint and prior to the initiation of a due process hearing, in accordance with the IDEA and this part. The purpose of the meeting is for the parent to discuss the due process complaint and the facts giving rise to the complaint so that the school has the opportunity to resolve the complaint.

Resolution period. That period of time following a resolution meeting, the length of which is defined in this part, during which the school is afforded an opportunity to resolve the parent’s concerns before the dispute can proceed to a due process hearing.

Separate facility. A school or a portion of a school, regardless of whether it is operated by DoD, attended exclusively by children with disabilities.

Serious bodily injury. A bodily injury, which involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

Service coordination. Activities of a service coordinator to assist and enable an infant or toddler and the family to receive the rights, procedural safeguards, and services that are authorized to be provided.

Special education. Specially designed instruction, which is provided at no cost to the parents, to meet the unique needs of a child with a disability, including instruction conducted in the classroom, in the home, in hospitals and institutions, and in other settings; and instruction in physical education.

Supplementary aids and services. Aids, services, and other supports that are provided in regular education classes or other educational-related settings, and in extra-curricular and non-academic settings to enable children with disabilities to be educated in regular and non-disabled children to the maximum extent appropriate.

Transition services. A coordinated set of activities for a child with a disability that is designed to be within a results-oriented process, that is focused on improving the academic and functional achievement of the child with a disability to facilitate the child’s movement from school to post-school activities, including post-secondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation, and is based on the individual child’s needs, taking into account the child’s...
§ 57.4 Policy.

It is DoD policy that:
(a) Infants and toddlers with disabilities and their families who (but for the children's age) would be entitled to enroll in a DoDEA school in accordance with 20 U.S.C. 921–932 or 10 U.S.C. 2164 shall be provided EIS.
(b) The DoD shall engage in child-find activities for all children age birth to 21, inclusive, who are entitled by 20 U.S.C. 921–932 or 10 U.S.C. 2164 to enroll or are enrolled in a DoDEA school.
(c) Children with disabilities who meet the enrollment eligibility criteria of 20 U.S.C. 921–932 or 10 U.S.C. 2164 shall be provided a FAPE in the least restrictive environment, including if appropriate to the needs of the individual child, placement in a residential program for children with disabilities in accordance with the child's IEP and at no cost to the parents.
(d) The Military Departments and DoDEA shall cooperate in the delivery of related services prescribed by section 1401(26) of the IDEA and this part as may be required to assist eligible children with disabilities to benefit from special education.
(e) Children with disabilities who are eligible to enroll in a DoDEA school in accordance with 20 U.S.C. 921–932 or 10 U.S.C. 2164 shall not be entitled to provision of a FAPE by DoDEA, or to the procedural safeguards prescribed by this part in accordance with the IDEA, if:
1. The sponsor is assigned to an overseas area where a DoDEA school is available within the commuting area of the sponsor's overseas assignment, but the sponsor does not elect to enroll the child in a DoDEA school for reasons other than DoDEA's alleged failure to provide a FAPE; or
2. The sponsor is assigned in the United States or in a U.S. territory, commonwealth, or possession and the sponsor's child meets the eligibility requirements for enrollment in a DoDEA school, but the sponsor does not elect to enroll the child in a DoDEA school for reasons other than DoDEA's alleged failure to provide a FAPE.

§ 57.5 Responsibilities.

(a) The ASD(R&FM) under the authority, direction, and control of the USD(P&R) shall:
1. Establish, in accordance with DoD Instruction 5105.18, “DoD Intergovernmental and Intragovernmental Committee Management Program” (available at http://www.dtic.mil/whs/directives/corres/pdf/510518p.pdf), a DoD Coordinating Committee to recommend policies regarding the provision of early intervention and special education services.
3. Oversee DoD Component collaboration on the provision of services and transition support to infants, toddlers, and school-aged children.
4. Develop a DoD-wide comprehensive child-find system to identify eligible infants, toddlers, and children ages birth through 21 years, inclusive, who may require early intervention or special education services, in accordance with the IDEA.
5. Develop and provide guidance as necessary for the delivery of services for children with disabilities and for the protection of procedural rights consistent with the IDEA and implementing guidance authorized by this part.
6. Coordinate with the Secretaries of the Military Departments to ensure that their responsibilities, as detailed in paragraph (f) of this section, are completed.
7. Direct the development and implementation of a comprehensive system of personnel development (CSPD) for personnel serving infants and toddlers with disabilities and children with disabilities, and their families.
Office of the Secretary of Defense

§ Pt. 57, NI.

(8) Develop requirements and procedures for compiling and reporting data on the number of eligible infants and toddlers with disabilities and their families in need of EIS and children in need of special education and related services.

(10) Identify representatives to serve on the Department of Defense Coordinating Committee on Early Intervention, Special Education, and Related Services (DoD–CC).

(11) Ensure delivery of appropriate early intervention and educational services to eligible infants, toddlers, and children, and their families as appropriate pursuant to the IDEA and this part through onsite monitoring of special needs programs and submission of an annual compliance report.

(b) The Assistant Secretary of Defense for Health Affairs (ASD(HA)), under the authority, direction, and control of the USD(P&R), shall:

(1) Advise the USD(P&R) and consult with the General Counsel of the Department of Defense (GC, DoD) regarding the provision of EIS and related services.

(2) Overseer development of provider workload standards and performance levels to determine staffing requirements for EIS and related services. The standards shall take into account the provider training needs, the requirements of this part, and the additional time required to provide EIS and related services in schools and the natural environments, and for the coordination with other DoD Components and other service providers, indirect services including analysis of data, development of the IFSP, transition planning, and designing interventions and accommodations.

(3) Establish and maintain an automated data system to support the operation and oversight of the Military Departments’ delivery of EIS and related services.

(4) Assign geographical areas of responsibility for providing EIS and related services under the purview of healthcare providers to the Military Departments. Periodically review the alignment of geographic areas to ensure that resource issues (e.g., base closures) are considered in the cost-effective delivery of services.

(5) Establish a system for measuring EIS program outcomes for children and their families.

(6) Resolve disputes among the DoD Components providing EIS.

(c) The Director, Defense Education Activity (DoDEA), under the authority, direction, and control of the ASD(HA), shall identify representatives to serve on the DoD–CC.

(d) The Director, DoDEA, under the authority, direction, and control of the USD(P&R), and through the ASD(R&FM), in accordance with DoD Directive 5124.02, shall ensure that:

(1) Children who meet the enrollment eligibility criteria of 20 U.S.C. 921–932 or 10 U.S.C. 2164 are identified and referred for evaluation if they are suspected of having disabilities, and are afforded appropriate procedural safeguards in accordance with the IDEA and implementing guidance authorized by this part.

(2) Children who meet the enrollment eligibility criteria of 20 U.S.C. 921–932 or 10 U.S.C. 2164 shall be evaluated in accordance with the IDEA and implementing guidance authorized by this part, as needed. If found eligible for special education and related services, they shall be provided a FAPE in accordance with an IEP, with services delivered in the least restrictive environment and procedural safeguards in accordance with the requirements of the IDEA and implementing guidance authorized by this part.

(3) Records are maintained on the special education and related services provided to children in accordance with this part, pursuant to 32 CFR part 310.

(4) Related services as prescribed in an IEP for a child with disabilities enrolled in a DoDEA school in the United States, its territories, commonwealths, or possessions are provided by DoDEA.

(5) Transportation is provided by DoDEA in overseas and domestic areas as a related service to children with disabilities when transportation is prescribed in a child’s IEP. The related service of transportation includes necessary accommodations to access and leave the bus and to ride safely on the bus and transportation between the child’s home, the DoDEA school, or another location, as specified in the child’s IEP.

(6) Appropriate personnel participate in the development and implementation of a CSPD.

(7) Appropriate written guidance is issued to implement the requirements pertaining to special education and related services under 20 U.S.C. 921–932, 10 U.S.C. 2164, and the IDEA.

(8) Activities to identify and train personnel to monitor the provision of services to eligible children with disabilities are funded.

(10) A free appropriate public education (FAPE) and procedural safeguards in accordance with IDEA and this part available to children with disabilities who are entitled to
enroll in DoDEA schools under the enrollment eligibility criteria of 20 U.S.C. 921–932 or 10 U.S.C. 2164. However, a FAPE, or the procedural safeguards prescribed by the IDEA and this part, shall NOT be available to such children if:

1. The sponsor is assigned to an overseas area where a DoDEA school is available within the commuting area of the sponsor’s assignment, but the sponsor does not elect to enroll his or her child in a DoDEA school for reasons other than DoDEA’s alleged failure to provide a FAPE; or

2. The sponsor is assigned in the United States or in a U.S. territory, commonwealth, or possession and the sponsor’s child meets the eligibility requirements for enrollment in a DoDEA school, but the sponsor does not elect to enroll the child in a DoDEA school for reasons other than DoDEA’s alleged failure to provide a FAPE.

3. The educational needs of children with and without disabilities are met comparably, in accordance with §57.6(b) of this part.

4. Educational facilities and services (including the start of the school day and the length of the school year) operated by DoDEA for children with and without disabilities are comparable.

5. All programs providing special education and related services are monitored for compliance with this part and with the substantive rights, protections, and procedural safeguards of the IDEA and this part at least once every 3 years.

6. A report is submitted to the USD(P&R) not later than September 30 of each year certifying whether all schools are in compliance with the IDEA and this part, and are affording children with disabilities the substantive rights, protections, and procedural safeguards of the IDEA.

7. Transition assistance is provided in accordance with IDEA and this part to facilitate the child’s movement into different educational settings and post-secondary environments.

8. The GC, DoD shall identify representatives to serve on the DoD-CC.

9. The Secretaries of the Military Departments shall:

1. Establish educational and developmental intervention services (EDIS) to ensure infants and toddlers with disabilities are identified and provided EIS where appropriate, and are afforded appropriate procedural safeguards in accordance with the requirements of the IDEA and implementing guidance authorized by this part.

2. Staff EDIS with appropriate professional staff, based on the services required to serve children with disabilities.

3. Provide related services required to be provided by a Military Department in accordance with the mandates of this part for children with disabilities. In the overseas areas served by DoDEA schools, the related services required to be provided by a Military Department under an IEP necessary for the student to benefit from special education include medical services for diagnostic or evaluative purposes; social work; community health nursing; dietary, audiological, optometric, and psychological testing and therapy; occupational therapy; and physical therapy. Transportation is provided as a related service by the Military Department when it is prescribed in a child’s IFSP for an infant or toddler birth up to 3 years of age, inclusive, with disabilities. Related services shall be administered in accordance with guidance issued pursuant to this part, including guidance from the ASD(HA) on staffing and personnel standards.

4. Issue implementing guidance and forms necessary for the operation of EDIS in accordance with this part.

5. Provide EIS to infants and toddlers with disabilities and their families, and related services to children with disabilities as required by this part at the same priority that medical care is provided to active duty military members.

6. Provide counsel from the Military Department concerned or request counsel from the Defense Office of Hearings and Appeals (DOHA) to represent the Military Department in impartial due process hearings and administrative appeals conducted in accordance with this part for infants and toddlers birth up to 3 years of age, inclusive, with disabilities who are eligible for EIS.

7. Execute Departmental responsibilities under the Exceptional Family Member program (EFMP) prescribed by DoD Instruction 1315.19.

8. Train command personnel to fully understand their legal obligations to ensure compliance with and provide the services required by this part.

9. Fund activities to identify and train personnel to monitor the provision of services to eligible children with disabilities.

10. Require the development of policies and procedures for providing, documenting, and evaluating EDIS, including EIS and related services provided to children receiving special education in a DoDEA school.

11. Maintain EDIS to provide necessary EIS to eligible infants and toddlers with disabilities and related services to eligible children with disabilities in accordance with this part and the substantive rights, protections, and procedural safeguards of the IDEA, §57.6(a) and §57.6(c) of this part.

12. Implement a comprehensive, coordinated, inter-component, community-based system of EIS for eligible infants and toddlers with disabilities and their families.
using the procedures established in §57.6(a) of this part and guidelines from the ASD(HA) on staffing and personnel standards.
(13) Provide transportation for EIS pursuant to the IDEA and this part.
(14) Provide transportation for children with disabilities pursuant to the IDEA and this part. The Military Departments are to provide transportation for a child to receive medical or psychological evaluations at a medical facility in the event that the local servicing military treatment facility (MTF) is unable to provide such services and must transport the child to another facility.
(15) Require that EDIS programs maintain the components of an EIS as required by the IDEA and this part, to include:
(i) A comprehensive child-find system, including a system for making referrals for services that includes timelines and provides for participation by primary referral sources, and that establishes rigorous standards for appropriately identifying infants and toddlers with disabilities to serve.
(ii) A public awareness program focusing on early identification of infants and toddlers with disabilities to include:
(A) Preparation of information materials for parents regarding the availability of EIS, especially to inform parents with premature infants or infants with other physical risk factors associated with learning or developmental complications.
(B) Dissemination of those materials to all primary referral sources, especially hospitals and physicians, for distribution to parents.
(C) A definition of developmental delay, consistent with §57.6(g) of this part, to be used in the identification of infants and toddlers with disabilities who are in need of services.
(D) Availability of appropriate EIS.
(iii) A timely, comprehensive, multidisciplinary evaluation of the functioning of each infant or toddler and identification of the needs of the child’s family to assist appropriately in the development of the infant or toddler.
(iv) Procedures for development of an Individualized Family Service Plan (IFSP) and coordination of EIS for families of eligible infants and toddlers with disabilities.
(v) A system of EIS designed to support infants and toddlers and their families in the acquisition of skills needed to become functionally independent and to reduce the need for additional support services as toddlers enter school.
(vi) A central directory of information on EIS resources and experts available to military families.
(16) Implement a comprehensive system of personnel development consistent with the requirements of the IDEA.
(17) Require that EDIS participate in the existing MTF quality assurance program, which monitors and evaluates the medical services for children receiving such services as described by this part. Generally accepted standards of practice for the relevant medical services shall be followed, to the extent consistent with the requirements of the IDEA including provision of EIS in a natural environment, to ensure accessibility, acceptability, and adequacy of the medical portion of the program provided by EDIS.
(18) Require transition services to promote movement from early intervention, preschool, and other educational programs into different educational settings and post-secondary environments.
(19) Direct that each program providing EIS is monitored for compliance with this part, and the substantive rights, protections, and procedural safeguards of the IDEA, at least once every 3 years.
(20) Submit a report to the USD(P&R) not later than September 30 of each year stating whether all EDIS programs are in compliance with this part and are affording infants and toddlers the substantive rights, protections, and procedural safeguards of the IDEA, as stated in §57.6(f) of this part.
(21) Compile and report EDIS workload and compliance data using the system established by the ASD(HA) as stated in §57.6(f).
(g) The Director, DOHA, under the authority, direction, and control of the GC, DoD/Defense Legal Services Agency, shall:
(1) Ensure impartial due process hearings are provided in accordance with the IDEA and implementing guidance authorized by this part with respect to complaints related to special education and related services arising under the IDEA.
(2) Ensure DOHA Department Counsel represents DoDEA in all due process proceedings arising under the IDEA for children age 3 through 21 who are eligible for special education and related services.
(3) Ensure DOHA Department Counsel, upon request by a Military Department, represents the Military Department in due process proceedings arising under the IDEA for infants and toddlers birth up to 3 years of age with disabilities who are eligible for EIS.
(4) Ensure the DOHA Center for Alternative Dispute Resolution (CADR) maintains a roster of mediators qualified in special education disputes and, when requested, provides a mediator for complaints related to special education and related services arising under the IDEA.
§57.6 Procedures.
(a) Procedures for the Provision of EIS for Infants and Toddlers with Disabilities—(1) General.
(i) There is an urgent and substantial need to:
(A) Enhance the development of infants and toddlers with disabilities to minimize their potential for developmental delay and
to recognize the significant brain development that occurs during a child’s first 3 years of life.

(B) Reduce educational costs by minimizing the need for special education and related services after infants and toddlers with disabilities reach school age.

(C) Maximize the potential for individuals with disabilities to live independently.

(D) Enhance the capacity of families to meet the special needs of their infants and toddlers with disabilities.

(ii) All procedures and services within EIS must be in accordance with the IDEA and the provisions of this part.

Identification and screening. (i) Each Military Department shall develop and implement in its assigned geographic area a comprehensive child-find and public awareness program, pursuant to the IDEA and this part, that focuses on the early identification of infants and toddlers who are eligible to receive EIS pursuant to this part.

(ii) The military treatment facility (MTF) and Family Advocacy Program must be informed that EDIS will accept direct referrals for infants and toddlers from birth up to 3 years of age who are:

(A) Involved in a substantiated case of child abuse or neglect; or

(B) Identified as affected by illegal substance abuse or withdrawal symptoms resulting from prenatal drug exposure.

(iii) All other DoD Components will refer infants and toddlers with suspected disabilities to EDIS in collaboration with the parents.

(iv) Upon receipt of a referral, EDIS shall appoint a service coordinator.

(v) All infants and toddlers referred to the EDIS for EIS shall be screened to determine the appropriateness of the referral and to guide the assessment process.

(A) Screening does not constitute a full evaluation. At a minimum, screening shall include a review of the medical and developmental history of the referred infant or toddler through a parent interview and a review of medical records.

(B) If screening is conducted prior to the referral, or if there is a substantial or obvious biological risk, a screening following the referral may not be necessary.

(C) If EDIS determines that an evaluation is not necessary based on screening results, EDIS will provide written notice to the parents in accordance with paragraph (a)(9) of this section.

(ii) Assessment and evaluation—(i) Assessments and evaluations. The assessment and evaluation of each infant and toddler must:

(A) Be conducted by a multidisciplinary team.

(B) Include:

(1) A review of records related to the infant’s or toddler’s current health status and medical history.
(4) Eligibility. (i) The EIS team shall meet with the parents and determine eligibility. The EIS team shall document the basis for eligibility in an eligibility report and provide a copy to the parents.
(ii) Infants and toddlers from birth up to 3 years of age with disabilities are eligible for EIS if they meet one of the following criteria:
(A) The infant or toddler is experiencing a developmental delay in one or more of the following areas: Physical development; cognitive development; communication development; social or emotional development; or adaptive development, as verified by a developmental delay of two standard deviations below the mean as measured by diagnostic instruments and procedures in at least one area; a 20 percent delay in at least one developmental area on assessment instruments that yield scores in months; a developmental delay of 1.5 standard deviations below the mean as measured by diagnostic instruments and procedures in two or more areas; or a 20 percent delay in two or more developmental areas on assessment instruments that yield scores in months.
(B) The infant or toddler has a diagnosed physical or mental condition that has a high probability of resulting in developmental delay. Includes conditions such as, chromosomal abnormalities; genetic or congenital disorders; severe sensory impairments; inborn errors of metabolism; disorders reflecting disturbance of the development of the nervous system; congenital infections; and disorders secondary to exposure to toxic substances, including fetal alcohol syndrome.
(5) Timelines. (i) EIS shall complete the initial evaluation and assessment of each infant and toddler (including the family assessment) in a timely manner ensuring that the timeline in paragraph (a)(6)(ii) of this section is met.
(ii) The Military Department responsible for providing EIS shall develop procedures requiring that, if circumstances make it impossible to complete the evaluation and assessment within a timely manner (e.g., if an infant or toddler is ill), EDIS shall:
(A) Document those circumstances.
(B) Develop and implement an appropriate interim IFSP in accordance with this part.
(b) IFSP. (1) The EIS shall develop and implement an IFSP for each infant and toddler with a disability, from birth up to 3 years of age, who meets the eligibility criteria for EIS.
(2) EDIS shall convene a meeting to develop the IFSP of an infant or toddler with a disability. The meeting shall be scheduled as soon as possible following its determination that the infant or toddler is eligible for EIS, but not later than 45 days from the date of the referral for services.
(3) The IFSP team meeting to develop and review the IFSP must include:
(A) The parent or parents of the infant or toddler.
(B) Other family members, as requested by the parent, if feasible.
(C) An advocate or person outside of the family if the parent requests that person’s participation.
(D) The service coordinator who has worked with the family since the initial referral of the infant or toddler or who is responsible for the implementation of the IFSP.
(E) The persons directly involved in conducting the evaluations and assessments.
(F) As appropriate, persons who shall provide services to the infant or toddler or the family.
(iv) If a participant listed in paragraph (a)(6)(ii) of this section is unable to attend a meeting, arrangements must be made for the person’s involvement through other means, which may include:
(A) A telephone conference call or other electronic means of communication.
(B) Providing knowledgeable, authorized representation.
(C) Providing pertinent records for use at the meeting.
(v) The IFSP shall contain:
(A) A statement of the infant’s or toddler’s current developmental levels including physical, cognitive, communication, social or emotional, and adaptive behaviors based on the information from the evaluation and assessments.
(B) A statement of the family’s resources, priorities, and concerns about enhancing the infant’s or toddler’s development.
(C) A statement of the measurable results or measurable outcomes expected to be achieved for the infant or toddler and the family. The statement shall contain pre-literate and language skills, as developmentally appropriate for the infant or toddler, and the criteria, procedures, and timelines used to determine the degree to which progress toward achieving the outcomes is being made and whether modification or revision of the results and services are necessary.
(D) A statement of the specific EIS based on peer-reviewed research, to the extent practicable, necessary to meet the unique needs of the infant or toddler and the family, including the frequency, intensity, and method of delivering services.
(E) A statement of the natural environments in which EIS will be provided including a justification of the extent, if any, to which the services shall not be provided in a natural environment because the intervention cannot be achieved satisfactorily for the infant or toddler. The IFSP must include a justification for not providing a particular early intervention service in the natural environment.
§ 57.11

(F) The projected dates for initiation of services and the anticipated length, duration, and frequency of those services.

(G) The name of the service coordinator who will be responsible for the implementation of the IFSP and for coordination with other agencies and persons. In meeting these requirements, EDIS may:

(1) Assign the same service coordinator appointed at the infant or toddler’s initial referral for evaluation to implement the IFSP;

(2) Appoint a new service coordinator; or

(3) Appoint a service coordinator requested by the parents.

(H) A description of the appropriate transition services supporting the movement of the toddler with a disability to preschool or other services.

(vi) EDIS shall explain the contents of the IFSP to the parents and shall obtain an informed, written consent from the parents before providing EIS described in the IFSP.

(vii) The IFSP shall be implemented within ten business days of completing the document, unless the IFSP team, including the parents, documents the need for a delay.

(viii) If a parent does not provide consent for participation in all EIS, EDIS shall still provide those interventions to which a parent does give consent.

(ix) EDIS shall evaluate the IFSP at least once a year and the family shall be provided an opportunity to review the plan at 6-month intervals (or more frequently, based on the needs of the child and family). The purpose of the periodic review is to determine:

(A) The degree to which progress toward achieving the outcomes is being made.

(B) Whether modification or revision of the outcomes or services is necessary.

(x) The review may be carried out by a meeting or by another means that is acceptable to the parents and other participants.

(7) Transition from early intervention services.

(i) EDIS shall provide a written transition plan for toddlers receiving EIS to facilitate their transition to preschool or other settings, if appropriate. A transition plan must be recorded on the IFSP between the toddler’s second and third birthday and shall include the following steps to be taken:

(A) A plan for discussions with, and training of, parents, as appropriate, regarding future transition from early intervention services, and for obtaining parental consent to facilitate the release of toddler records in order to meet child-find requirements of DoDEA, and to ensure smooth transition of services;

(B) The specific steps to be taken to help the toddler adjust to, and function in, the preschool or other setting and changes in service delivery;

(C) The procedures for providing notice of transition to the DoDEA CSC, for setting a pre-transition meeting with the CSC (with notice to parents), and for confirmation that child-find information, early intervention assessment reports, the IFSP, and relevant supporting documentation are transmitted to the DoDEA CSC;

(D) Identification of transition services or other activities that the IFSP team determines are necessary to support the transition of the child.

(ii) Families shall be included in the transition planning. EDIS shall inform the toddler’s parents regarding future preschool, the child-find requirements of the school, and the procedures for transitioning the toddler from EIS to preschool.

(iii) Not later than 6 months before the toddler’s third birthday, the EDIS service coordinator shall initiate a pre-transition meeting with the CSC, and shall provide the toddler’s early intervention assessment reports, IFSP, and relevant supporting documentation. The parent shall receive reasonable notice of the pre-transition meeting, shall receive copies of any documents provided to the CSC, and shall have the right to participate in and provide input to the pre-transition meeting.

(v) As soon as reasonably possible following receipt of notice of a toddler potentially transitioning to preschool, the local DoDEA school shall convene a CSC. The CSC and EDIS shall cooperate to obtain parental consent, in accordance with IDEA and this part, to conduct additional evaluations if necessary.

(vi) Based on the information received from EDIS, the CSC, coordinating with EDIS, will determine at the pre-transition meeting whether:

(A) No additional testing or observation is necessary to determine that the toddler is eligible for special education and related services, in which case the CSC shall develop an eligibility report based on the EDIS early intervention assessment reports, IFSP, supporting documentation and other information obtained at the pre-transition meeting, in accordance with paragraph (b) of this section; or

(B) Additional testing or observation is necessary to determine whether the toddler is eligible for special education and related services, in which case the CSC shall develop an assessment plan to collect all required information necessary to determine eligibility for special education and obtain parental consent, in accordance with IDEA and this part, for evaluation in accordance with paragraph (b) of this section.

(vii) In the event that the toddler is first referred to EDIS fewer than 90 days before
the toddler’s third birthday, EDIS and the DoDEA school shall work cooperatively in the evaluation process and shall develop a joint assessment plan to determine whether the toddler is eligible for EDIS or special education.

(A) EDIS shall complete its eligibility determination process and the development of an IFSP, if applicable.

(B) The CSC shall determine eligibility for special education.

(vii) Eligibility assessments shall be multidisciplinary and family-centered and shall incorporate the resources of the EDIS as necessary and appropriate.

(ix) Upon completion of the evaluations, the CSC shall schedule an eligibility determination meeting at the local school, no later than 90 days prior to the toddler’s third birthday.

(A) The parents shall receive reasonable notice of the eligibility determination meeting, shall receive copies of any documents provided to the CSC, and shall have the right to participate in and provide input to the meeting.

(B) EDIS and the CSC shall cooperate to develop an eligibility determination report based upon all available data, including that provided by EDIS and the parents, in accordance with paragraph (b) of this section.

(x) If the toddler is found eligible for special education and related services, the CSC shall develop an individualized education program (IEP) in accordance with paragraph (b) of this section, and must implement the IEP on or before the toddler’s third birthday.

(xi) If the toddler’s third birthday occurs during the period June through August (the traditional summer vacation period for school systems), the CSC shall complete the eligibility determination process and the development of an IEP before the end of the school year preceding the toddler’s third birthday. An IEP must be prepared to ensure that the toddler enters preschool services with an instructional program at the start of the new school year.

(xii) The full transition of a toddler shall occur on the toddler’s third birthday unless the IEP team and the CSC determine that an extended transition is in the best interest of the toddler and family.

(A) An extended transition may occur when:

(1) The toddler’s third birthday falls within the last 6 weeks of the school year;

(2) The family is scheduled to have a permanent change of station (PCS) within 6 weeks after a toddler’s third birthday; or

(3) The toddler’s third birthday occurs after the end of the school year and before October 1.

(B) An extended transition may occur if the IFSP team and the CSC determine that extended EIS beyond the toddler’s third birthday are necessary and appropriate, and if so, how long extended services will be provided.

(1) The IFSP team, including the parents, may decide to continue services in accordance with the IFSP until the end of the school year, PCS date, or until the beginning of the next school year.

(2) Extended services must be delivered in accordance with the toddler’s IFSP, which shall be updated if the toddler’s or family’s needs change on or before the toddler’s third birthday.

(3) The CSC shall maintain in its records meeting minutes that reflect the decision for EDIS to provide an extended transition for the specified period.

(d) Prior to the end of the extended transition period, the CSC shall meet to develop an IEP that shall identify all special education and related services that will begin at the end of the transition period and meet all requirements of the IDEA and this part, in accordance with paragraph (b) of this section.

(A) EDIS shall complete its eligibility determination requirements of the IDEA and this part, in accordance with paragraph (b) of this section.

(B) The CSC shall determine eligibility for special education.

(i) If all the toddler’s services will be provided by the DoDEA school, the information shall be identified in the IFSP, which shall also specify responsibilities for service coordination and transition planning. The CSC shall develop an IEP that shall identify all services to be delivered at the school, in accordance with paragraph (b) of this section.

(2) If all the toddler’s services will be provided by the DoDEA school, the services will be delivered pursuant to an IEP developed in accordance with paragraph (b) of this section. Transition activities and other services under the IEP will terminate with the toddler’s entry into the special education preschool.

(3) Early entry into preschool services should occur only in exceptional circumstances (e.g., to facilitate natural transitions).

(xiii) In the case of a child who may not be eligible for DoDEA preschool special education services, with the approval of the parents, EDIS shall make reasonable efforts to convene a conference among EDIS, the family, and providers of other services for children who are not eligible for special education preschool services (e.g., community preschools) in order to explain the basis for this conclusion to the parents and obtain parental input.

(8) Maintenance of records. (i) EDIS officials shall maintain all EIS records, in accordance with 32 CFR part 310.

(ii) EIS records, including the IFSP and the documentation of services delivered in accordance with the IFSP, are educational records consistent with 32 CFR part 265 and
shall not be placed in the child’s medical record.

(b) Procedural safeguards. (1) Parents of an infant or toddler who is eligible for EIS shall be afforded specific procedural safeguards that must include:

(A) The right to confidentiality of personally identifiable information in accordance with 32 CFR part 310, including the right of a parent to receive written notice and give written consent to the exchange of information between the Department of Defense and outside agencies in accordance with Federal law and 32 CFR part 310 and 32 CFR part 285.

(B) The opportunity to inspect and review records relating to screening, evaluations and assessments, eligibility determinations, development and implementation of IFSPs.

(C) The right to determine whether they or other family members will accept or decline any EIS, and to decline such a service after first accepting it without jeopardizing the provision of other EIS.

(D) The right to written parental consent.

(i) Consent must be obtained before evaluation of the infant or toddler in accordance with this section.

(ii) Consent must be obtained before initiation of EIS in accordance with this section.

(iii) If consent is not given, EDIS shall make reasonable efforts to ensure that the parent:

(a) Understands that the infant or toddler will not be able to receive the evaluation and assessment or services unless consent is given.

(b) The right to prior written notice.

(i) Prior written notice must be given to the parents of an infant or toddler entitled to EIS a reasonable time before EDIS proposes to initiate or change, or refuses to initiate or change the identification, evaluation, or placement of the infant or toddler, or the provision of appropriate EIS to the infant or toddler and any family member.

(ii) The notice must be in sufficient detail to inform the parents about:

(a) The action that is being proposed or refused.

(b) The reasons for taking the action.

(iii) Each of the procedural safeguards that are available in accordance with this section, including availability of mediation, administrative complaint procedures, and due process complaint procedures that are available for dispute resolution as described in paragraph (d) of this section, including descriptions of how to file a complaint and the applicable timelines.

(j) The notice must be provided in language written for a general lay audience and in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.

(F) The right to timely administrative resolution of complaints.

(G) The availability of dispute resolution with respect to any matter relating to the provision of EIS to an infant or toddler, through the administrative complaint, mediation and due process procedures described in paragraph (d) of this section, except the requirement to conduct a resolution meeting, in the event of a dispute between the Military Department concerned and the parents regarding EIS.

(H) Any party aggrieved by the decision regarding a due process complaint filed in accordance with paragraph (d) of this section shall have the right to bring a civil action in a district court of the United States of competent jurisdiction without regard to the amount in controversy.

(ii) During the pendency of any proceeding or action involving a complaint by the parent of an infant or toddler with a disability relating to the provision of EIS, unless the parent and EDIS otherwise agree, the infant or toddler shall continue to receive the appropriate EIS currently being provided under the most recent signed IFSP or, if applying for initial EIS services, shall receive the services not in dispute.

(10) Mediation and due process procedures. Mediation and due process procedures, described in paragraph (d) of this section, except the requirement to conduct a resolution meeting, are applicable to early intervention when the Military Department concerned and the parents will be the parties in the dispute.

(b) Procedures for the provision of educational programs and services for children with disabilities, ages 3 through 21 years, inclusive—

(1) Parent involvement and general provisions.

(i) The CSC shall take reasonable steps to provide for the participation of the parent(s) in the special education program of his or her child. School officials shall use devices or hire interpreters or other intermediaries who might be necessary to foster effective communications between the school and the parent about the child. Special education parental rights and responsibilities will be provided in the parent’s native language, unless it is clearly not feasible to do so, e.g., low incidence language or not a written language.

(ii) The CSC shall afford the child’s parents the opportunity to participate in CSC meetings to determine their child’s initial or continuing eligibility for special education and related services, to prepare or change the child’s IEP, or to determine or change the child’s placement.

(iii) No child shall be required to obtain a prescription for a substance covered by the Controlled Substances Act, as amended, 21 U.S.C. 801 et seq. as a condition of attending school, receiving an evaluation, or receiving services.
(iv) For meetings described in this section, the parent of a child with a disability and the DoDEA school officials may agree to use alternative means of meeting participation, such as video conferences and conference calls.

(2) Identification and referral. (i) DoDEA shall:

(B) Cooperate with the Military Departments to conduct ongoing child-find activities and periodically publish any information, guidelines, and directions on child-find activities for eligible children with disabilities, ages 3 through 21 years, inclusive.

(C) Conduct the following activities to determine if children may need special education and related services:

(1) Review school records for information about student performance on system-wide testing and other basic skills tests in the areas of reading and language arts and mathematics.

(2) Review school health data such as reports of hearing, vision, speech, or language tests and reports from healthcare personnel about the health status of a child. For children with disabilities, any health records or other information that tends to identify a child as a person with a disability must be maintained in confidential files that are not co-mingled with other records and that are available only to essential staff for the purpose of providing effective education and services to the child.

(3) Review school discipline records and maintain the confidentiality of such records and any information that tends to identify a child as a person with a disability.

(4) Participate in transition activities of children receiving EIS who may require special education preschool services.

(ii) DoDEA school system officials, related service providers, or others who suspect that a child has a possible disabling condition shall submit a child-find referral to the CSC containing, at a minimum, the name and contact information for the child and the reason for the referral.

(iii) The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services and does not require informed consent.

(3) Incoming students. The DoDEA school will take the following actions, in consultation with the parent, when a child transfers to a DoDEA school with an active IEP:

(i) If the current IEP is from a non-DoDEA school:

(A) Promptly obtain the child's educational records including information regarding assessment, eligibility, and provision of special education and related services from the previous school.

(B) Provide FAPE, including services comparable (i.e., similar or equivalent) to those described in the incoming IEP, which could include extended school year services, in consultation with the parents, until the CSC:

(1) Conducts an evaluation, if determined necessary by such agency.

(ii) If the current IEP is from a DoDEA school, the new school must provide the child a FAPE, including services comparable to those described in the incoming IEP, until the new school either:

(A) Adopts the child's IEP from the previous DoDEA school; or

(B) Develops, adopts, and implements a new IEP, if appropriate, in accordance with the requirements of the IDEA and this part within 30 school days of receipt of the IEP.

(iii) Coordinate assessments of children with disabilities who transfer with the child’s previous school as quickly as possible to facilitate prompt completion of full evaluations.

(4) Referral by a parent. A parent may submit a request for an evaluation if they suspect their child has a disability. The CSC shall ensure any such request is placed in writing and signed by the requesting parent and shall, within 15 school days, review the request and any information provided by the parent, regarding the child’s concerns, confer with the child’s teachers, and gather information related to the educational concerns. Following a review of the information, the CSC shall:

(i) Convene a conference among the parent, teachers, and one or more other members of the CSC to discuss the educational concerns and document their agreements. Following the discussion, the parents may agree that:

(A) The child’s needs are not indicative of a suspected disability and other supports and accommodations will be pursued;

(B) Additional information is necessary and a pre-referral process will be initiated; or
§ 57.11

(C) Information from the conference will be forwarded to the CSC for action on the parent’s request for an evaluation.

(ii) Within 10 school days of receipt of information from the conference regarding the parents’ request for evaluation, agree to initiate the preparation of an assessment plan for a full and comprehensive educational evaluation or provide written notice to the parent denying the formal evaluation.

(5) Referral by a teacher. (i) Prior to referring a child who is struggling academically or behaviorally to the CSC for assessment and evaluation and development of an IEP, the teacher shall identify the child’s areas of specific instructional need and target instructional interventions to those needs using scientific, research-based interventions as soon as the areas of need become apparent.

(ii) If the area of specific instructional need is not resolved, the teacher shall initiate the pre-referral process involving other members of the school staff.

(iii) If interventions conducted during pre-referral fail to resolve the area of specific instructional need, the teacher shall submit a formal referral to the CSC.

(6) Assessment and evaluation. (i) A full and comprehensive evaluation of educational needs shall be conducted prior to eligibility determination and before an IEP is developed or placement is made in a special education program, subject to the provisions for incoming students transferring to a DoD school as set forth in paragraph (b)(3) of this section. When the school determines that a child should be evaluated for a suspected disability, the school will:

(A) Issue a prior written notice to the parents of the school’s intention to evaluate and a description of the evaluation in accordance with paragraph (b)(17) of this section.

(B) Provide parents notice of procedural safeguards.

(C) Request that the parent execute a written consent for the evaluation in accordance with paragraph (b)(19) of this section.

(D) Make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability.

(ii) The CSC shall ensure that the following elements are included in a full and comprehensive assessment and evaluation of a child:

(A) Screening of visual and auditory acuity.

(B) Review of existing school educational and health records.

(C) Observation in an educational environment.

(D) A plan to assess the type and extent of the disability. A child shall be assessed in all areas related to the suspected disability. The assessment plan shall include, as appropriate:

(J) An assessment of the nature and level of communication and the level of functioning academically, intellectually, emotionally, socially, and in the family.

(2) An assessment of physical status including perceptual and motor abilities.

(3) An assessment of the need for transition services for students 16 years and older.

(iii) The CSC shall involve the parents in the assessment process in order to obtain information about the child’s strengths and needs and family concerns.

(iv) The CSC, where possible, shall conduct the evaluations in the geographic area where the child resides, and shall use all locally available community, medical, and school resources, including qualified examiners employed by the Military Departments, to accomplish the assessment and evaluation. At least one specialist with knowledge in each area of the suspected disability shall be a member of the multidisciplinary assessment team.

(v) The CSC must obtain parental consent, in accordance with IDEA and this part, before conducting an evaluation. The parent shall not be required to give consent for an evaluation without first being informed of the specific evaluation procedures that the school proposes to conduct.

(vi) The evaluation must be completed by the school within 45 school days following the receipt of the parent’s written consent to evaluate in accordance with the school’s assessment plan.

(vii) The eligibility determination meeting must be conducted within 10 school days after completion of the school’s formal evaluation.

(viii) All DoD elements including the CSC and related services providers shall:

(A) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information, including information provided by the parent, which may assist in determining:

(I) Whether the child has a disability.

(2) The content of the child’s IEP, including information related to enabling the child to be involved and progress in the general education curriculum or, for preschool children, to participate in appropriate activities.

(B) Not use any single measure or assessment as the sole criterion for determining whether a child has a disability or determining an appropriate educational program for the child.

(C) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(ix) The CSC and DoD related services providers shall ensure that assessment materials and evaluation procedures are:

(A) Selected and administered so as not to be racially or culturally discriminatory.
(B) Provided in the child’s native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide and administer.

(C) Selected and administered to assess the extent to which the child with limited English proficiency has a disability and needs special education, rather than measuring the child’s English language skills.

(D) Validated for the specific purpose for which they are used or intended to be used.

(E) Administered by trained and knowledgeable personnel in compliance with the instructions of the testing instrument.

(F) Selected to assess specific areas of educational needs and strengths and not merely to provide a single general intelligence quotient.

(G) Administered to a child with impaired sensory, motor, or communication skills so that the results accurately reflect a child’s aptitude or achievement level or other factors the test purports to measure, rather than reflecting the child’s impaired sensory, manual, or speaking skills.

(x) As part of an initial evaluation and as part of any reevaluation, the CSC shall review existing evaluation data on the child, including:

(A) The child’s educational records.

(B) Evaluations and information provided by the parents of the child.

(C) Current classroom-based, local, or system-wide assessments and classroom observations.

(D) Observations by teachers and related services providers.

(xi) On the basis of that review and input from the child’s parents, identify what additional data, if any, are needed to determine:

(A) Whether the child has a particular category of disability or, in the case of a reevaluation of a child, whether the child continues to have such a disability.

(B) The present levels of academic achievement and related developmental and functional needs of the child.

(C) Whether the child needs special education and related services or, in the case of a reevaluation of a child, whether the child continues to need special education and related services.

(D) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP and to participate, as appropriate, in the general education curriculum.

(xii) The CSC may conduct its review of existing evaluation data without a meeting.

(xiii) The CSC shall administer tests and other evaluation materials as needed to produce the data identified in paragraph (b)(6)(ii) and (xi) of this section.

(7) Eligibility. (i) The CSC shall:

(A) Require that the full comprehensive evaluation of a child is accomplished by a multidisciplinary team including specialists with knowledge in each area of the suspected disability and shall receive input from the child’s parent(s).

(B) Convene a meeting to determine eligibility of a child for special education and related services not later than 10 school days after the child has been assessed by the school.

(C) Afford the child’s parents the opportunity to participate in the CSC eligibility meeting.

(D) Determine whether the child is a child with a disability as defined by the IDEA and this part, and the educational needs of the child.

(E) Issue a written eligibility determination report, including a synthesis of evaluation findings, that documents a child’s primary eligibility in one of the disability categories described in paragraph (g) of this section, providing a copy of the eligibility determination report to the parent.

(F) Determine that a child does NOT have a disability if the determinant factor is:

(1) Lack of appropriate instruction in essential components of reading;

(2) Lack of instruction in mathematics; or

(3) Limited English proficiency.

(ii) The CSC shall reevaluate the eligibility of a child with a disability every 3 years, or more frequently, if the child’s educational or related services needs, including improved academic achievement and functional performance, warrant a reevaluation. School officials shall not reevaluate more often than once a year, unless the parents and the school officials agree otherwise.

(A) The scope and type of the reevaluation shall be determined individually based on a child’s performance, behavior, and needs during the reevaluation and the review of existing data.

(B) If the CSC determines that no additional data are needed to determine whether the child continues to be a child with a disability, the CSC shall, in accordance with paragraph (b)(16) of this section, provide prior written notice to the child’s parents of:

(1) The determination that no additional assessment data are needed and the reasons for their determination.

(2) The right of the parents to request an assessment to determine whether the child continues to have a disability and to determine the child’s educational needs.

(C) The CSC is not required to conduct assessments for the purposes described in paragraph §57.6(b)(7)(ii) of this section, unless requested to do so by the child’s parents.

(iii) The CSC shall evaluate a child in accordance with paragraph (b)(7)(ii) of this section before determining that the child no longer has a disability.
§ 57.11 (7–1–15 Edition)

(iv) The CSC is not required to evaluate a child before the termination of the child's eligibility due to graduation from secondary school with a regular diploma, or due to exceeding the age of eligibility for FAPE.

(v) When a child's eligibility has terminated due to graduation or exceeding the age of eligibility, the DoDEA school must provide the child, or the parent if the child has not yet reached the age of majority or is otherwise incapable of providing informed consent, with a summary of the child's academic achievement and functional performance.

(A) The summary of performance must be completed during the final year of a child's high school education.

(B) The summary must include:

(1) Child's demographics.

(2) Child's postsecondary goal.

(3) Summary of performance in the areas of academic, cognitive, and functional levels of performance to include the child's present level of performance, and the accommodations, modifications, and assistive technology that were essential in high school to assist the student in achieving maximum progress.

(4) Recommendations on how to assist the child in meeting the child's post-secondary goals.

(b) IEP. (i) IEP development. (A) DoDEA shall ensure that the CSC develops and implements an IEP to provide FAPE for each child with a disability who requires special education and related services as determined by the CSC. An IEP shall be in effect at the beginning of each school year for each child with a disability eligible for special education and related services under the IDEA and this part.

(B) In developing the child's IEP, the CSC shall consider:

(1) The strengths of the child.

(2) The concerns of the parents for enhancing the education of their child.

(3) The results of the initial evaluation or most recent evaluation of the child.

(4) The academic, developmental, and functional needs of the child.

(ii) IEP development meeting. The CSC shall convene a meeting to develop the IEP of a child with a disability. The meeting shall:

(A) Be scheduled within 10 school days from the eligibility meeting following a determination by the CSC that the child is eligible for special education and related services.

(B) Include as participants:

(1) An administrator or school representative other than the child's teacher who is qualified to provide or supervise the provision of special education and is knowledgeable about the general education curriculum and available resources.

(2) Not less than one general education teacher of the child (if the child is, or may be, participating in the general education environment).

(C) Be attended by the child, or the parent if the child is, or may be, participating in the general education environment.

(D) Include as participants:

(1) Not less than one special education teacher or, where appropriate, not less than one special education provider of such child.

(2) The child's parents.

(3) An EIS coordinator or other representative of EIS, if the child is transitioning from EIS.

(4) The child, if appropriate.

(5) A representative of the evaluation team who is knowledgeable about the evaluation procedures used and can interpret the instructional implications of the results of the evaluation.

(6) Other individuals invited at the discretion of the parents or school who have knowledge or special expertise regarding the child or the IDEA, including related services personnel, as appropriate.

(iii) IEP content. The CSC shall include in the IEP:

(A) A statement of the child's present levels of academic achievement and functional performance including:

(i) How the child's disability affects involvement and progress in the general education curriculum, or

(ii) For preschoolers, how the disability affects participation in appropriate activities.

(B) A statement of measurable annual goals including academic and functional goals designed to meet:

(1) The child's needs that result from the disability to enable the child to be involved in and make progress in the general education curriculum.

(2) Each of the child's other educational needs resulting from his or her disability.

(C) A description of how the child's progress toward meeting the annual goals shall be measured, and when periodic progress reports will be provided to the parents.

(D) A statement of the special education and related services, supplementary aids and services (which are based on peer-reviewed research to the extent practicable and shall be provided to the child or on behalf of the child), and a statement of the program modifications or supports for school personnel that shall be provided for the child to:

(1) Advance appropriately toward attaining the annual goals.

(2) Be involved in and make progress in the general education curriculum and participate in extracurricular and other non-academic activities.

(3) Be educated and participate with other children who may or may not have disabilities.

(E) An explanation of the extent, if any, to which the child will not participate with
non-disabled children in the regular class and in non-academic activities.

(F) A statement of any individualized appropriate accommodations necessary to measure the child’s academic achievement and functional performance on system-wide or district-wide assessments. If the CSC determines that the child shall take an alternate assessment of a particular system-wide or district-wide assessment of student achievement (or part of an assessment), a statement of why:

(i) The child cannot participate in the regular assessment.

(ii) The particular alternate assessment selected is appropriate for the child.

(1) Consideration of the following special factors:

(A) Assistive technology devices and services for all children.

(B) Language needs for the child with limited English proficiency.

(C) Instruction in Braille and the use of Braille for a child who is blind or visually impaired, unless the CSC determines, after an evaluation of the child’s reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child’s future needs for instruction in Braille or the use of Braille) that instruction in Braille or the use of Braille is not appropriate for the child.

(D) Interventions, strategies, and supports including positive behavioral interventions and supports to address behavior for a child whose behavior impedes his or her learning or that of others.

(E) Language and communication needs, and in the case of a child who is deaf or hard of hearing, opportunities for direct communications with peers and professional personnel in the child’s language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child’s communication mode.

(H) A statement of the amount of time that each service shall be provided to the child, including the date for beginning of services and the anticipated frequency, number of required related services sessions to be provided by EDIS, location and duration of those services (including adjusted school day or an extended school year), and modifications.

(I) A statement of special transportation requirements, if any.

(J) Physical education services, specially designed if necessary, shall be made available to every child with a disability receiving a FAPE. Each child with a disability must be afforded the opportunity to participate in the regular physical education program available to non-disabled children unless the child is enrolled full-time in a separate facility or needs specially designed physical education, as prescribed in the child’s IEP.

(iv) Transition services. (A) Beginning not later than the first IEP to be in effect when the child turns 14, or younger if determined appropriate by the CSC, and updated annually thereafter, the IEP must include:

(1) Appropriate measurable postsecondary goals based on age-appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills.

(2) The transition services, including courses of study, needed to assist the child in reaching postsecondary goals.

(B) Beginning at least 1 year before the child reaches the age of majority (18 years of age), except for a child with a disability who has been determined to be incompetent in accordance with Federal or State law, a statement that the child has been informed of those rights that transfer to him or her in accordance with this part.

(9) Implementation of the IEP. (i) The CSC shall ensure that all IEP provisions developed for any child entitled to an education by the DoDEA school system are fully implemented.

(11) The CSC shall:

(A) Seek to obtain parental agreement and signature on the IEP before delivery of special education and related services in accordance with the IEP.

(B) Provide a copy of the child’s IEP to the parents.

(C) Ensure that the IEP is implemented as soon as possible following the IEP development meeting.

(D) Ensure the provision of special education and related services, in accordance with the IEP.

(E) Ensure that the child’s IEP is accessible to each general education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation, and that each teacher and provider is informed of:

(i) His or her specific responsibilities related to implementing the child’s IEP.

(ii) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.

(F) Review the IEP for each child periodically and at least annually in a CSC meeting to determine whether the child has been progressing toward the annual goals.

(G) Revise the IEP, as appropriate, and address:

(1) Any lack of progress toward the annual goals and in the general education curriculum, where appropriate.

(2) The results of any reevaluation.

(3) Information about the child provided by the parents, teachers, or related service providers.

(4) The child’s needs.
§ 57.11

(10) Placement and Least Restrictive Environment (LRE). (i) The CSC shall determine the educational placement of a child with a disability.

(ii) The educational placement decision for a child with a disability shall be:

(A) Determined at least annually.

(B) Made in conformity with the child’s IEP.

(C) Made in conformity with the requirements of IDEA and this part for LRE.

(i) A child with a disability shall be educated, to the maximum extent appropriate, with children who are not disabled.

(ii) A child with a disability shall not be removed from education in age-appropriate general education classrooms solely because of needed modifications in the general education classroom.

(iii) As appropriate, the CSC shall make provisions for supplementary services to be provided in conjunction with general education placement.

(iv) Special classes, separate schooling, or other removal of a child with a disability from the general education environment shall occur only when the nature or severity of the disability is such that education in general education classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(v) In providing or arranging for the provisions of non-academic and extracurricular services and activities, including meals, recess periods, assemblies, and study trips, the CSC shall ensure that a child with a disability participates with non-disabled children in those services and activities to the maximum extent appropriate to the needs of that child.

(vi) In determining the LRE for an individual student, the CSC shall:

(A) Consider the needs of the individual child as well as any potential harmful effect on the child or the quality of services that he or she needs.

(B) Make a continuum of placement options available to meet the needs of children with disabilities for special education and related services. The options on this continuum include the general education classroom, special classes (a self-contained classroom in the school), home instruction, or instruction in hospitals or institutions.

(vii) When special schools and institutions may be appropriate, the CSC shall consider such placement options in coordination with the Area Special Education Office.

(viii) In the case of a disciplinary placement, school officials shall follow the procedures set forth in paragraph (b)(15) of this section.

(11) Extended School Year (ESY) services. ESY services must be provided only if a child’s IEP team determines that the services are necessary for the provision of FAPE to the child. DoDEA may not:

(i) Limit ESY services to particular categories of disability; or

(ii) Unilaterally limit the type, amount, or duration of ESY services.

(ii) School discipline. All regular disciplinary rules and procedures applicable to children attending a DoDEA school shall apply to children with disabilities who violate school rules and regulations or disrupt regular classroom activities, except that:

(A) A manifestation determination must be conducted for discipline proposed for children with disabilities in accordance with DoDEA disciplinary rules and regulations and paragraph (b)(12)(iv) of this section, and

(B) The child subject to disciplinary removal shall continue to receive educational services in accordance with DoD disciplinary rules and regulations and paragraph (b)(12)(iv) of this section.

(ii) Change of placement. (A) It is a change of placement if a child is removed from his or her current placement for more than 10 consecutive school days or for a series of removals that cumulates to more than 10 school days during the school year that meets the criteria of paragraph (b)(12)(i)(C) of this section.

(B) It is not a change of placement if a child is removed from his or her current academic placement for not more than 10 consecutive or cumulative days in a school year for one incident of misconduct. A child can be removed from the current educational placement for separate incidents of misconduct in the same school year (as long as those removals do not constitute a change of placement under IDEA) to the extent such a disciplinary alternative is applied to children without disabilities.

(C) If a child has been removed from his or her current placement for more than 10 days in a school year, but not more than 10 consecutive school days, the CSC shall determine whether the child has been subject to a series of removals that constitute a pattern. The determination is made on a case-by-case basis and is subject to review by a hearing officer in accordance with the provisions of paragraph (d)(5) of this section. The CSC will base its determination on whether the child has been subjected to a series of removals that constitute a pattern by examining whether:

(i) The child’s behavior is substantially similar to his or her behavior in previous incidents that resulted in the series of removals, and

(ii) Additional factors such as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.

(D) On the date the decision is made to remove a child with a disability because of misconduct, when the removal would change the child’s placement, the school must notify
the parents of that decision and provide the parents the procedural safeguards notice described in paragraph (b)(19) of this section.

(iii) Alternate educational setting determination and required services during removal. School personnel may remove a child with a disability for misconduct from his or her current placement:

(A) To an appropriate interim alternate educational setting (AES), another setting, or suspension for not more than 10 consecutive school days to the extent those alternatives are applied to children without disabilities (for example, removing the child from the classroom to the school library, to a different classroom, or to the child’s home), and for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct as long as the CSC has determined that those removals do not constitute a pattern in accordance with paragraphs (b)(12)(ii) and (b)(12)(iv)(C) of this section; or

(B) To an AES determined by the CSC for not more than 45 school days, without regard to whether the behavior is determined to be a manifestation of the child’s disability, if the child, at school, on school-provided transportation, on school premises, or at a school-sponsored event:

(1) Carries a weapon or possesses a weapon; or

(2) Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance; or

(3) Has inflicted serious bodily injury upon another person; or

(C) To an AES determined by the CSC, another setting or suspension for more than 10 school days, where the behavior giving rise to the violation was determined by the CSC not to be a manifestation of the child’s disability, in accordance with (b)(12)(v) of this section.

(D) After an expedited hearing if school personnel believe that returning the child to his or her current educational placement is substantially likely to cause injury to the child or to others.

(iv) Required services during removal. (A) If a child with a disability is removed from his or her placement for 10 cumulative school days or less in a school year, the school is required only to provide services comparable to the services it provides to a child without disabilities who is similarly removed.

(B) If a child with a disability is removed from his or her placement for more than 10 school days, where the behavior that gave rise to the violation of the school code is determined in accordance with paragraph (b)(12)(v) of this section not to be a manifestation of the child’s disability, or who is removed under paragraph (b)(12)(iii)(B) of this section irrespective of whether the behavior is determined to be a manifestation of the child’s disability, the school must:

(1) Continue to provide the child with the educational services as identified by the child’s IEP as a FAPE so as to enable the child to continue participating in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP.

(2) Provide, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications designed to address the behavior violation so that it does not recur.

(C) If a child with a disability has been removed for more than 10 cumulative school days and the current removal is for 10 consecutive school days or less, then the CSC must determine whether the pattern of removals constitutes a change of placement in accordance with paragraph (b)(12)(i) of this section.

(1) If the CSC determines the pattern of removals is NOT a change of placement, then the CSC must determine the extent to which services are needed to enable the child to continue participating in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP.

(2) If the CSC determines that the pattern of removals IS a change of placement, then the CSC must conduct a manifestation determination.

(v) Manifestation determination and subsequent action by CSC and school personnel. (A) A principal must give the notice required and convene a manifestation determination meeting with the CSC within 10 school days of recommending, in accordance with DoDEA Regulation 2051.1, a disciplinary action that would remove a child with disabilities for:

(1) More than 10 consecutive school days, or

(2) A period in excess of 10 cumulative school days when the child has been subjected to a series of removals that constitute a pattern.

(B) The manifestation CSC will review all relevant information in the child’s file (including the IEP, any teacher observations, and any information provided by the sponsor or parent) and determine whether the misconduct was a manifestation of the child’s disability.

(1) The misconduct must be determined to be a manifestation of the child’s disability if it is determined the misconduct:

(i) Was caused by the child’s disability or had a direct and substantial relationship to the child’s disability; or

(ii) Was the direct result of the school’s failure to implement the IEP.

(2) If the determination is made that the misconduct was a manifestation of the child’s disability, the CSC must:
§ 57.11

(i) Conduct a functional behavioral assessment, unless the school conducted a functional behavioral assessment before the behavior that resulted in the change of placement or manifestation determination occurred, a behavioral intervention plan for the child; or

(ii) Review any existing behavioral intervention or disciplinary plan and modify it, as necessary, to address the behavior; and

(iii) Revise the student’s IEP or placement and delivery system to address the school’s failure to implement the IEP and to ensure that the student receives services in accordance with the IEP.

(j) Unless the parent and school agree to a change of placement as part of the modification of the behavioral intervention plan, the CSC must return the child to the placement from which the child was removed:

(i) Not later than the end of 10 days of removal; or

(ii) Not later than the end of 45 consecutive school days, if the student committed a weapon or drug offense or caused serious bodily injury for which the student was removed to an AES.

(k) If the determination is made that the misconduct in question was the direct result of the school’s failure to implement the IEP, the school must take immediate steps to remedy those deficiencies.

(l) If the determination is made that the behavior is NOT a manifestation of the child’s disability, school personnel may apply the relevant disciplinary procedures in the same manner and for the same duration as the procedures that would be applied to children without disabilities, and must:

(i) Forward the case and a recommended course of action to the school principal, who may then refer the case to a disciplinary committee for processing;

(ii) Reconvene the CSC following a disciplinary decision that would change the student’s placement, to identify, if appropriate, an educational setting and delivery system to ensure the child receives services in accordance with the IEP.

(vi) Appeals of school decision regarding placement or manifestation determination. (A) The parent of a child with a disability who disagrees with any decision regarding placement or manifestation determination, or a school that believes maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting an expedited due process hearing before a hearing officer by filing a petition in accordance with paragraph (d)(5) of this section.

(B) A hearing officer, appointed in accordance with paragraph (d) of this section, hears and makes a determination regarding an appeal. In making the determination the hearing officer may:

(1) Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of the authority of school personnel in accordance with this part or that the child’s behavior was a manifestation of the child’s disability; or

(2) Order a change of placement of the child with a disability to an appropriate interim AES for not more than 45 school days if the hearing officer determines that maintaining the child’s current placement is substantially likely to result in injury to the child or to others.

(D) When an appeal has been made by either the parent or the school, the child must remain in the interim AES pending the decision of the hearing officer or until the expiration of the specified time period, whichever occurs first, unless the parent and the DoDEA school system agree otherwise.

(13) Children not yet determined eligible for special education. (i) A child who has not been determined to be eligible for special education and related services and who is subject to discipline may assert any of the protections provided for in paragraph (b)(19) of this section if the school had knowledge that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

(ii) DoDEA shall be deemed to have knowledge that a child is a child with a disability if, before the behavior that precipitated the disciplinary action occurred:

(A) The parent of the child expressed concern in writing to a teacher of the child, the school principal or assistant principal, or the school special education coordinator that the child was in need of special education and related services;

(B) The child presented an active IEP from another school;

(C) The parent of the child requested an evaluation of the child; or

(D) The teacher of the child or other school personnel expressed specific concerns about a pattern of behavior demonstrated by the child directly to the principal or assistant principal, the special education coordinator, or to another teacher of the child.

(iii) A school is deemed NOT to have knowledge that a child is a child with a disability if:

(A) The parent of the child has not allowed an evaluation of the child or the parent has revoked consent, in writing, to the delivery of the child’s special education and related services, in accordance with this part; or

(B) The child has been evaluated and determined not to be a child with a disability.
(iv) Conditions that apply if there is no basis of knowledge that the child is a child with a disability.

(A) If a school has no basis of knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to non-disabled children to the extent that the transmission is in accordance with paragraph (b)(12)(i) of this section.

(B) If a request is made for an evaluation of a child during the time period when the child is subjected to disciplinary measures:

(1) The evaluation must be expedited.

(2) Until the evaluation is completed, the child remains in his or her then current educational placement, which can include suspension or expulsion without educational services.

(v) If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the school must provide special education and related services in accordance with an IEP.

(14) Referral to and action by law enforcement and judicial authorities—(i) Rule of construction. Nothing prohibits a school from reporting a crime threatened or committed by a child with a disability to appropriate authorities, or prevents military, host-nation, or State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal, host-nation, and State law to crimes committed or threatened by a child with a disability.

(ii) Transmittal of records. An agency reporting a crime in accordance with this paragraph may transmit copies of the child’s special education and disciplinary records only to the extent that the transmission is in accordance with 32 CFR part 285.

(15) Children with disabilities who are placed in a non-DoDEA school or facility pursuant to an IEP.

(i) Children with disabilities who are eligible to receive a DoDEA school education, but are placed in a non-DoD school or facility by DoDEA because FAPE cannot be provided by DoD, shall have all the rights of children with disabilities who are enrolled in a DoDEA school.

(ii) A child with a disability may be placed at DoD expense in a non-DoD school or facility only if required by the IEP.

(iii) DoDEA school officials shall initiate and conduct a meeting to develop an IEP for the child before placement. A representative of the non-DoD school or facility should attend the meeting. If the representative cannot attend, the DoDEA school officials shall communicate in other ways to facilitate participation including individual or conference telephone calls. A valid IEP must document the necessity of the placement in a non-DoD school or facility. The IEP must:

(A) Be signed by an authorized DoDEA official before it becomes valid.

(B) Include a determination that the DoDEA school system does not currently have and cannot reasonably create an educational program appropriate to meet the needs of the child with a disability.

(C) Include a determination that the non-DoD school or facility and its educational program and related services conform to the requirements of this part.

(iv) The DoD shall not be required to reimburse the costs of special education and related services if DoDEA made FAPE available in accordance with the requirements of the IDEA and a parent unilaterally places the child in a non-DoD school without the approval of DoDEA.

(A) Reimbursement may be ordered by a hearing officer if he or she determines that DoDEA had not made FAPE available in a timely manner prior to enrollment in the non-DoDEA school and that the private placement is appropriate.

(B) Reimbursement may be reduced or denied.

(I) If, at the most recent CSC meeting that the parents attended prior to removal of the child from the DoDEA school, the parents did not inform the CSC that they were rejecting the placement proposed by the DoDEA school to provide FAPE to their child, including stating their concerns and their intent to enroll their child in non-DoD school at DoD expense.

(2) If, at least 10 business days (including for this purpose any holidays that occur on a Monday through Friday) prior to the removal of the child from the DoDEA school, the parents did not give written notice to the school principal or CSC chairperson of the information described in paragraph (b)(15)(iv)(B)(1) of this section.

(3) If, the CSC informed the parents of its intent to evaluate the child, using the notice requirement described in paragraph (b)(6)(i) and paragraph (b)(19) of this section, but the parents did not make the child available; or

(4) Upon a hearing officer finding of unreasonableness with respect to actions taken by the parents.

(C) Reimbursement may not be reduced or denied for failure to provide the required notice if:

(I) The DoDEA school prevented the parent from providing notice;

(2) The parents had not received notification of the requirement that the school provide prior written notice required by paragraph (b)(19) of this section;

(3) Compliance would result in physical or emotional harm to the child; or

(4) The parents cannot read and write in English.
§ 57.11.

(16) Confidentiality of the records. The DoDEA school and EDIS officials shall maintain all student records in accordance with 32 CFR part 319.

(17) Parental consent—(1) Consent requirements. The consent of a parent of a child with a disability or suspected of having a disability shall be obtained before:

(A) Initiation of formal evaluation procedures to determine whether the child qualifies as a child with a disability and prior to conducting a reevaluation;

(B) Initial provision of special education and related services.

(ii) Consent for initial evaluation. If the parent of a child does not provide consent for an initial evaluation or fails to respond to a request for consent for an initial evaluation, then DoDEA may use the procedures described in paragraph (d) of this section to pursue an evaluation of a child suspected of having a disability.

(A) Consent to evaluate shall not constitute consent for placement or receipt of special education and related services.

(B) If a parent declines to give consent for evaluation, DoDEA shall not be in violation of the requirement to conduct child-find, the initial evaluation, or the duties to follow evaluation procedures or make an eligibility determination and write an IEP as prescribed in this section.

(ii) Consent for reevaluation. The school must seek to obtain parental consent to conduct a reevaluation. If the parent does not provide consent or fails to respond to a request for consent for a reevaluation, then the school may conduct the reevaluation without parental consent if the school can demonstrate that it has made reasonable efforts to obtain parental consent and documented its efforts. The documentation must include a record of the school's attempts in areas such as:

(A) Detailed records of telephone calls made or attempted and the results of those calls.

(B) Copies of correspondence sent to the parents and any responses received.

(C) Detailed records of visits made to the parents' home, place of employment or duty station, and the results of those visits.

(iv) Consent for the initial provision of special education and related services. The school that is responsible for making a FAPE available to a child with a disability under this part must seek to obtain informed consent from the parent of such child before providing special education and related services to the child. If the parent refuses initial consent for services, the DoDEA school:

(A) May not use the procedures described in paragraph (d) of this section (mediation and due process) to obtain agreement or a ruling that the special education and related services recommended by the child's CSC may be provided to the child without parental consent.

(B) Shall not be considered to be in violation of the requirement to make a FAPE available to the child for its failure to provide those services to the child for which parental consent was requested.

(C) Shall not be required to convene an IEP meeting or develop an IEP for the child.

(ii) Parent revocation of consent for continued special education and related services. (i) Parents may unilaterally withdraw their children from further receipt of all special education and related services by revoking their consent for the continued provision of special education and related services to their children.

(ii) Parental revocation of consent must be in writing.

(iii) Upon receiving a written revocation of consent, the DoDEA school must cease the provision of special education and related services and must provide the parents prior written notice before ceasing the provision of services. The notice shall comply with the requirements of paragraph (b)(19) of this section and shall advise the parents:

(A) Of any changes in educational placement and services that will result from the revocation of consent.

(B) That the school will terminate special education and related services to the child on a specified date, which shall be within a reasonable time following the delivery of the written notice.

(C) That DoDEA will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services.

(D) That the DoDEA school will not be deemed to have knowledge that the child is a child with a disability and the child may be disciplined as a general education student and will not be entitled to the IDEA discipline protections.

(E) That the parents maintain the right to subsequently request an initial evaluation to determine if the child is a child with a disability who needs special education and related services and that their child will not receive special education and related services until eligibility has been determined.

(F) That the DoDEA school will not challenge, through mediation or a due process hearing, the revocation of consent to the provision of special education or related services.

(G) That while the school is not required to convene a CSC meeting or to develop an IEP for further provision of special education and related services, it is willing to convene a CSC meeting upon request of the parent prior to the date that service delivery ceases.

(iii) Revocation of consent for a particular service.
(A) Upon receiving a revocation of consent for a particular special education or related service, the DoDEA school must provide the parent prior written notice in accordance with the requirements of paragraph (b)(19) of this section.

(B) If parents disagree with the provision of a particular special education or related service and the school members of the CSC and the parents agree that the child would be provided a FAPE if the child did not receive that service, the child’s IEP may be modified to remove the service.

(C) If the parent and the school members of the CSC disagree as to whether the child would be provided a FAPE if the child did not receive a particular service, the parent may use the mediation or due process procedures under this part to obtain a determination as to whether the service with which the parent disagrees is or is not appropriate to his or her child and whether it is necessary to FAPE, but the school may not cease the provision of a particular service.

19 Procedural safeguards—(i) Parental rights. Parents of children, ages 3 through 21 inclusive, with disabilities must be afforded procedural safeguards with respect to the provision of FAPE which shall include:

1 (A) The right to confidentiality of personally identifiable information in accordance with Federal law and DoD regulations.

(B) The right to examine records and to participate in meetings with respect to assessment, screening, eligibility determinations, and the development and implementation of the IEP.

(C) The right to furnish or decline consent.

(D) The right to prior written notice when the school proposes to initiate or change, or refuses to initiate or change the identification, evaluation, educational placement, or provision of FAPE to a child with a disability.

(ii) The notice shall include:

(i) A description of the action that is being proposed or refused.

(ii) An explanation of why the agency proposes or refuses to take the action.

(iii) A description of each evaluation procedure, assessment, record, or report used as a basis for the proposed or refused action.

(iv) A description of the factors that were relevant to the agency’s proposal or refusal.

(v) A description of any other options considered by the CSC and the reasons why those options were rejected.

(vi) Each of the procedural safeguards that is available in accordance with the IDEA and this part.

1 Source for parents to contact to obtain assistance in understanding the provisions of this part.

(viii) Dispute resolution procedures, including a description of mediation, how to file a complaint, due process hearing procedures, and applicable timelines.

2 The notice must be provided in language understandable to a lay person and in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.

(E) The right to obtain an independent educational evaluation (IEE) of the child.

(F) The right to timely administrative resolution of complaints.

(G) The availability of dispute resolution through the administrative complaint, mediation, and due process procedures described in paragraph (d) of this section with respect to any matter relating to the identification, evaluation, or educational placement of the child, or a FAPE for the child, age 3 through 21 years, inclusive.

(H) The right of any party aggrieved by the decision regarding a due process complaint to bring a civil action in a district court of the United States of competent jurisdiction in accordance with paragraph (d)(21) of this section.

(i) Procedure safeguards notice. A DoDEA school shall not be required to give parents a copy of the procedural safeguards notice more than once a school year, except that a copy must be given to parents upon a request from the parents; upon initial referral for evaluation or parental request for evaluation; and upon receipt of the first due process complaint.

(A) The procedural safeguards notice must include a full explanation of all of the procedural safeguards available, including:

1 Independent evaluation for children (3 through 21 years, inclusive).

2 Prior written notice.

3 Parental consent.

4 Access to educational records.

5 Dispute resolution procedures together with applicable timelines including:

(i) The availability of mediation.

(ii) Procedures for filing a due process complaint and the required time period within which a due process complaint must be filed.

(iii) The opportunity for the DoDEA school system to resolve a due process complaint filed by a parent through the resolution process.

(iv) Procedures for filing an administrative complaint and for administrative resolution of the issues.

6 The child’s placement during pendency of due process proceedings in accordance with paragraph (d)(18) of this section.

7 Procedures for children (3 through 21 years, inclusive) who are subject to placement in an interim A/B.

8 Requirements for unilateral placement by parents of children in private schools at public expense.

9 Due process hearings, including requirements for disclosure of evaluation results and recommendations.
(10) The right to bring a civil action in a district court of the United States in accordance with paragraph (d)(21) of this section, including the time period in which to file such action.

(11) The possibility of an award of attorney’s fees to the prevailing party in certain circumstances.

(B) The procedural safeguards notice must be:

(1) Written in language understandable to the general public.

(2) Provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so. If the procedural safeguards notice is not translated into the native language of the parent, then the DoDEA school system shall ensure that:

(i) The notice is translated orally or by other means for the parent in his or her native language or other mode of communication.

(ii) The parent understands the content of the notice.

(iii) There is written evidence that the requirements above have been met.

(3) Independent Educational Evaluation (IEE)—(A) Obtaining an IEE. The DoDEA school system shall provide to the parents, upon request for an IEE, information about the requirements to meet the DoDEA school system criteria, as set forth in paragraph (b)(19)(iii)(F) of this section, and identification of qualified resources available to meet the requirements of paragraph (b)(19)(iii)(F) of this section.

(B) Right to IEE. The parents of a child with a disability have a right to an IEE at the DoDEA school system expense if the parent disagrees with an evaluation obtained by the DoDEA school system, subject to paragraph (b)(19)(iii)(C) to (G) of this section.

(C) Written request for IEE. If a parent provides the DoDEA school system with a written request for an IEE funded by the school system, then the school system shall either:

(i) Agree to fund an appropriate IEE that meets the criteria the DoDEA school system would use for an initial evaluation of a child as set forth in paragraph (b)(19)(iii)(F) of this section, or

(ii) Initiate a due process hearing in accordance with paragraph (d) of this section, without unnecessary delay, and demonstrate that its evaluation was appropriate under this part.

(D) If the DoDEA school system initiates a due process hearing and the final decision is that the school system’s evaluation is appropriate, the parent still has the right to an IEE, but not at public expense.

(E) If a parent requests an IEE, the DoDEA school system may ask for the parent’s reason why he or she objects to the school system’s evaluation. However, the parent may not be compelled to provide an explanation and the DoDEA school system may not unreasonably delay either agreeing to fund an IEE that meets DoDEA school system criteria or initiating a due process hearing to defend its evaluation.

(D) Parent-initiated evaluations. If the parent obtains an IEE funded by the school system or shares with the DoDEA school system an evaluation obtained at private expense:

(1) The results of the evaluation shall be considered by the DoDEA school if it meets the school system’s criteria in any decision made with respect to the provision of FAPE to the child.

(2) The results may be presented by any party as evidence at a due process hearing under this section regarding that child.

(3) The DoDEA school system may not be required to fund an IEE that has been obtained by a parent if at a due process hearing initiated by either party and conducted under this section, the DoDEA school system demonstrates either that:

(i) The parentally obtained evaluation was not educationally appropriate or failed to meet agency criteria; or

(ii) The DoDEA school system’s evaluation was appropriate.

(E) Hearing officer order for evaluation. A hearing officer may only order an IEE at the DoDEA school system’s expense as part of a due process hearing under this section if:

(1) The school system has failed to demonstrate its assessment was appropriate; or

(2) The school system has not already funded an IEE in response to a given school evaluation.

(F) DoDEA school system criteria. An IEE provided at the DoDEA school system’s expense must:

(1) Conform to the requirements of paragraph (b)(6)(viii) and (ix) of this section.

(2) Be conducted, when possible, in the geographic area where the child resides utilizing available qualified resources, including qualified examiners employed by the Military Department, in accordance with (b)(6)(iv) of this part, unless the parent can demonstrate to the satisfaction of the DoDEA school system or in a due process hearing filed in accordance with paragraph (d) of this section, that the geographic limitation renders the IEE impossible.

(G) Conditions. Except for the criteria in paragraph (b)(19)(iii)(F) of this section, the DoDEA school system shall not impose conditions or timelines related to obtaining an IEE at the DoDEA school system expense.

(H) Limitations. A parent is entitled to only one IEE at DoDEA school system expense in response to a given DoDEA school system evaluation with which the parent disagrees.

(iv) Placement during due process, appeal, or civil procedures. While an impartial due process proceeding, appeal proceeding, or civil proceeding is pending, unless the DoDEA school system and the parent of the child
Office of the Secretary of Defense

§ Pt. 57, NI.

agree otherwise in writing, the child shall remain in his or her current placement, subject to the disciplinary procedures prescribed in paragraph (b)(12) of this section.

(v) Transfer of parental rights at age of majority. (A) In the DoDEA school system, a child reaches the age of majority at age 18.

(B) When a child with a disability reaches the age of majority (except for a child with a disability who has been determined to be incompetent in accordance with Federal or State law) the rights afforded to the parents in accordance with the IDEA and this part transfer to the child.

(C) When a child reaches the age of majority, the DoDEA school shall notify the child and the parents of the transfer of rights.

(D) When a child with a disability who has not been determined to be incompetent, but who does not have the ability to provide informed consent with respect to his or her educational program reaches the age of majority, the DoD shall appoint a parent or the parents of the child to represent the educational interests of the child throughout the period of eligibility for special education services.

(c) Procedures for provision of related services by the military departments to students with disabilities in a DoDDS—(1) Evaluation procedures. (i) Upon request by a CSC, the responsible EDIS shall ensure that a qualified medical authority conducts or verifies a medical evaluation for use by the CSC in determining the medically related disability that results in a child’s need for special education and related services, and shall oversee an EDIS evaluation used in determining a child’s need for related services.

(ii) The medical or related services evaluation, including necessary consultation with other medical personnel, shall be supervised by a physician or other qualified healthcare provider.

(iii) The medical or related services evaluation shall be specific to the concerns addressed in the request from the CSC.

(iv) The EDIS shall provide to the CSC an evaluation report that responds to the questions posed in the original request for an evaluation. The written report shall include:

(A) Demographic information about the child, such as the child’s name, date of birth, and grade level.

(B) Behavioral observation of the child during testing.

(C) Instruments and techniques used.

(D) Evaluation results.

(E) Descriptions of the child’s strengths and limitations.

(F) Instructional implications of the findings.

(G) The impact of the child’s medical condition(s), if applicable, on his or her educational performance.

(v) If the EDIS that supports the DoDDS school requires assistance to conduct or complete an evaluation, the EDIS shall contact the MTF designated by the Military Department with geographic responsibility for the area where the EDIS is located.

(vi) If EDIS determines that in order to respond to the CSC referral the scope of its assessment and evaluation must be expanded beyond the areas specified in the initial parental permission, EDIS must:

(A) Obtain parental permission for the additional activities.

(B) Complete its initial evaluation by the original due date.

(C) Notify the CSC of the additional evaluation activities.

(vii) When additional evaluation information is submitted by EDIS, the CSC shall review all data and determine the need for program changes and the reconsideration of eligibility.

(viii) An EDIS provider shall serve on the CSC when eligibility, placement, or requirements for related services that EDIS provides are to be determined.

(2) IEP—(i) EDIS shall be provided the opportunity to participate in the IEP meeting.

(ii) EDIS shall provide related services assigned to EDIS that are listed on the IEP.

(3) Liaison with DoDDS. Each EDIS shall designate a special education liaison officer to:

(i) Provide liaison between the EDIS and DoDDS on requests for evaluations and other matters within their purview.

(ii) Offer, on a consultative basis, training for school personnel on medical aspects of specific disabilities.

(iii) Offer consultation and advice as needed regarding the medical services provided at school (for example, tracheotomy care, tube feeding, occupational therapy).

(iv) Participate with school personnel in developing and delivering in-service training programs that include familiarization with various conditions that impair a child’s educational endeavors, the relationship of medical findings to educational functioning, related services, and the requirements of the IDEA and this part.

(d) Dispute resolution and due process procedures—(1) General. This section establishes requirements for resolving disputes regarding the provision of EIS to an infant or toddler up to 3 years of age, or the identification, evaluation, or educational placement of a child (ages 3 through 21, inclusive), or the provision of FAPE to such child in accordance with the IDEA and this part.

(2) Conferences. Whenever possible, parties are encouraged to resolve disputes through the use of conferences at the lowest level possible between the parents and EDIS or the DoDEA school.

(i) Within a DoDEA school, problems should be brought first to the teacher, then the school administrator, and then the district office.

379
§ Pt. 57, Nt.

32 CFR Ch. I (7–1–15 Edition)

(i) At EDIS, problems should be brought first to the EDIS provider, then the EDIS program manager, and then the local MTF commander:
(1) Administrative complaints. (i) A complaint filed with the responsible agency, relating to the provision of services under the IDEA and this part, other than due process complaints filed in accordance with paragraph (d)(5) of this section, is known as an administrative complaint.
(ii) An individual or organization may file an administrative complaint alleging issues relating to services required to be delivered under the IDEA and this part with:
(A) The Office of the Inspector General of a Military Department when the issue involves services or programs for infants and toddlers with disabilities, or related services provided by the Military Departments to children with disabilities.
(B) The DoDEA Director, Office of Investigations and Internal Review (OI&IR) when the issue involves the services or programs for children ages 3 through 21, inclusive that are under the direction or control of the DoDEA school system.
(iii) An administrative complaint alleging issues relating to services required to be delivered under the IDEA or this part must include:
(A) A statement that the Military Service or the DoDEA school system has violated a requirement of the IDEA or this part.
(B) The facts on which the statement is based.
(C) The signature and contact information for the complainant.
(D) If alleging violations with respect to specific children:
(1) The name of the school the child is attending;
(2) The name, and address of the residence of the child.
(3) A description of the nature of the problem of the child, including facts relating to the problem.
(4) A proposed resolution of the problem to the extent known and available to the complainant at the time the complaint is filed.
(iv) An administrative complaint may not allege a violation that occurred more than 1 year prior to the date that the complaint is received.
(v) The complainant filing an administrative complaint alleging issues related to services required to be delivered under the IDEA or this part must forward a copy of the complaint to the DoDEA school or EDIS clinic serving the child at the same time the complainant files the complaint with the appropriate authority in paragraph (d)(3)(1) of this section.
(A) Upon receipt of the complaint, the Inspector General of the Military Department concerned will notify the Secretary of the Military Department concerned, and the OI&IR will notify the Director, DoDEA, of the complaint.
(B) Upon receipt of a complaint, the responsible Military Department Inspector General or the OCA shall, if warranted, promptly open an investigation consistent with its established procedures for investigating complaints.
(ii) The investigation shall afford the complainant an opportunity to submit additional information about the allegations.
(2) The investigation shall afford the DoDEA school system or the Military Department an opportunity to:
(i) Respond to the complaint;
(ii) Propose a resolution to the complaint;
(iii) If the parties are willing, voluntarily engage in mediation of the complaint.
(3) The investigation shall produce a report consistent with those the investigating agency routinely provides, shall determine whether its findings support the complaint, and shall state whether the DoDEA school system or the Military Department is violating a requirement of the IDEA or this part.
(4) The findings and conclusions of the report of investigation related to the administrative complaint shall be made available to the complainant and members of the public in accordance with the standard operating procedures of the investigating activity and 32 CFR parts 283 and 310.
(A) The investigating activity shall provide a copy of the report to the Director, DoDEA and the Secretary of a Military Department concerned or in accordance with the investigating activity’s protocols.
(B) The report shall be provided, to the extent practicable, within 60 days of initiating the investigation, unless extended by the complainant and the DoDEA school system or the Military Department.
(5) The Secretary of the Military Department concerned or the Director, DoDEA shall resolve complaints within their respective area of responsibility when the Military Service or the DoDEA school system is found to have failed to provide appropriate services consistent with the requirements of the IDEA or this part. Remediation may include corrective action appropriate to address the needs of the child such as compensatory services, or monetary reimbursement where otherwise authorized by law.
(6) When a complaint received under this section is also the subject of a due process complaint regarding alleged violations of rights afforded under the IDEA and this part, or contains multiple issues of which one or more are part of that due process complaint, the investigation activity shall set aside any issues alleged in the due process complaint until a hearing is concluded in accordance with the IDEA and this part. Any issue that is not part of the due process hearing must
be resolved using the procedures of this section.

(ix) If an issue raised in a complaint filed under this section has been previously decided in a due process hearing involving the same parties:

(A) The due process hearing decision is binding on that issue.

(B) The Director, DoDEA or the Secretary of the Military Department concerned shall so inform the complainant.

(4) Mediation. (i) A parent, the Military Department concerned, or DoDEA may request mediation at any time, whether or not a due process petition has been filed, to informally resolve a disagreement on any matter relating to the provision of EIS to an infant or toddler (birth up to 3 years of age), or the identification, evaluation, or educational placement of a child (ages 3 through 21 inclusive), or the provision of a FAPE to such child.

(ii) Mediation must be voluntary on the part of the parties and shall not be used to deny or delay a parent’s right to a due process hearing or to deny other substantive or procedural rights afforded under the IDEA.

(A) DoDEA school officials participate in mediation involving special education and related services; the cognizant Military Department participates in mediation involving EIS.

(B) The initiating party’s request must be written, include a description of the dispute, bear the signature of the requesting party, and be provided:

(i) In the case of a parent initiating mediation, to:

(a) The local EDIS program manager in disputes involving EDIS; or

(b) The school principal in disputes involving a DoDEA school.

(ii) In the case of the school or EDIS initiating mediation, to the parent.

(C) Acknowledgment of the request for mediation shall occur in a timely manner.

(D) Agreement to mediate shall be provided in writing to the other party in a timely manner.

(iii) Upon agreement of the parties to mediate a dispute, the local EDIS or DoDEA school shall forward a request for a mediator to the Military Department or to DoDEA’s Center for Early Dispute Resolution (CEDR), respectively.

(iv) The mediator shall be obtained from the Defense Office of Hearings and Appeals (DOHA) unless another qualified and impartial mediator is obtained by the Military Department or CEDR.

(A) Where DOHA is used, the DOHA Center for Alternate Dispute Resolution (CADR) shall provide the mediator from its roster of mediators qualified in special education disputes.

(B) Where the Military Department or DoDEA elects to secure a mediator through its own DoD Component resources, the mediator shall be selected from the Component’s roster of mediators qualified in special education disputes, or by contract with an outside mediator duly qualified in special education disputes and who is trained in effective mediation techniques.

(v) The Military Department or DoDEA through CEDR shall obtain a mediator within 15 business days of receipt of a request for mediation, or immediately request a mediator from the Director, DOHA, through the DOHA CADR.

(vi) When requested, the Director, DOHA, through the CADR, shall appoint a mediator within 15 business days of receiving the request, unless a party provides written notice to the Director, DOHA that the party refuses to participate in mediation.

(vii) The directors of the parent, infant, toddler, child, and EDIS or the school shall be parties in the mediation. With the consent of both parties, other persons may attend the mediation.

(ix) Mediation shall be conducted using the following rules:

(A) The Military Department concerned shall bear the cost of the mediation process in mediations concerning EIS.

(B) DoDEA shall bear the cost of the mediation process in mediations concerning special education and related services.

(C) Discussions and statements made during the mediation process, and any minutes, statements or other records of a mediation session other than a final executed mediation agreement, shall be considered confidential between the parties to that mediation and are not discoverable or admissible in a due process proceeding, appeal proceeding, or civil proceeding under this part.

(D) Mediation shall be confidential. The mediator may require the parties to sign a confidentiality pledge before the commencement of mediation.

(E) Either party may request a recess of a mediation session to consult advisors, whether or not present, or to consult privately with the mediator.

(F) The mediator shall ensure and the contract for mediation services shall require that any partial or complete resolution or agreement of any issue in mediation is reduced to writing, and that the written agreement is signed and dated by the parties, with a copy given to each party.

(x) Any written agreement resulting from the mediation shall state that all discussions that occurred during the mediation process and all records of the mediation other than a final executed agreement shall be confidential and may not be discoverable or admissible as evidence in any subsequent due process proceeding, appeal proceeding, or civil
§ 57.11

Proceeding, and shall be legally binding upon the parties and enforceable in a district court of the United States.

(x) All mediation sessions shall be held in a location mutually convenient to both parties.

(xi) No hearing officer or adjudicative body shall draw any inference from the fact that a mediator or a party withdrew from mediation or from the fact that mediation did not result in settlement of a dispute.

(5) Due process complaint procedures. (i) Parents of infants, toddlers, and children who are covered by this part and the cognizant Military Department or DoDEA, are afforded impartial hearings and administrative appeals after the parties have waived or participated in and failed to resolve a dispute through:

(A) Mediation, in the case of an infant or toddler; or

(B) A resolution process, or mediation in lieu of the resolution process prior to proceeding to a due process hearing in the case of a child (ages 3 through 21 years, inclusive).

(ii) An impartial due process hearing is available to resolve any dispute concerning the provision of EIS to infants and toddlers with disabilities or with respect to any matter relating to the identification, evaluation, educational placement of, and the FAPE provided by the Department of Defense to children (ages 3 through 21, inclusive) who are covered by this part, in accordance with the IDEA and this part.

(A) Whenever the parents or the cognizant Military Department present a due process complaint (petition) in accordance with this part, an impartial due process hearing is available to resolve any dispute concerning the provision of EIS.

(B) When the parents of children ages 3 through 21 years, inclusive, or the cognizant Military Department or DoDEA, present a due process complaint (petition) in accordance with this part relating to any matter regarding the identification, evaluation, placement, or the provision of FAPE, the parties shall first proceed in accordance with the requirements for a statutory resolution process in accordance with this part, after which time an impartial due process hearing is available to resolve the dispute set forth by the complaint.

(iii) An expedited impartial due process hearing may be requested:

(A) By a parent when the parent disagrees with the manifestation determination or any decision regarding the child’s disciplinary placement.

(B) By the school when it believes that maintaining a student in his or her current educational placement is substantially likely to result in injury to the student or others.

(iv) Any party to a special education dispute may initiate a due process hearing by filing a petition stating the specific issues that are in dispute. The initiating party is the “petitioner” and the responding party is the “respondent.” The petition itself will remain confidential, in accordance with applicable law, not be released to those not a party to the litigation and its Personally Identifiable Information shall be protected in accordance with the DoD Privacy Act.

(v) Petitioner and respondent are each entitled to representation by counsel at their own expense. The parent and child may choose to be assisted by a personal representative with special knowledge or training with respect to the problems of disabilities rather than by legal counsel.

(vi) To file a petition that affords sufficient notice of the issues and commences the running of relevant timelines, petitioners shall specifically include in the petition:

(A) The name and residential address of the child and the name of the school the child is attending or the location of the EDIS serving the child.

(B) A description of the nature of the problem of the child relating to the proposed or refused initiation or change including facts (such as who, what, when, where, how, why of the problem).

(C) A proposed resolution of the problem to the extent known and available to the petitioner at the time.

(D) The signature of the parent, or if the petitioner is DoDEA or a Military Department, an authorized representative of that petitioner, or of the counsel or personal representative for the petitioner, and his or her telephone number and mailing address.

(vii) When the cognizant Military Department or DoDEA petitions for a hearing, it shall additionally:

(A) Inform the parent of the 10 business-day deadline (or 5 school days in the case of an expedited hearing) for filing a response that specifically addresses the issues raised in the petition.

(B) Provide the parent with a copy of this part.

(viii) A special rule applies for expedited hearing requests. The petitioner must state, as applicable to his or her petition:

(A) The disciplinary basis for the child’s change in placement to an interim AES or other removal from the child’s current placement.

(B) The reasons for the change in placement.

(C) The reasoning of the manifestation determination committee in concluding that a particular act of misconduct was not a manifestation of the child’s disability.

(D) How the child’s current educational placement is or is not substantially likely to result in injury to the child or others.

(ix) The petition or request for an expedited due process hearing must be delivered to:
Office of the Secretary of Defense

§ Pt. 57, NI.

(A) The Director, DOHA, by mail to P.O. Box 3656, Arlington, Virginia 22203, by fax to 703–696–1831, or email to specialedcomplaint@osdgc.osd.mil. Filing may also be made by hand delivery to the office of the Director, DOHA if approval from the Director, DOHA is obtained in advance of delivery.

(B) The respondent by mail, fax, email, or hand delivery.

(1) If the petitioner is a parent of a child (ages of 3 through 21, inclusive), or a child in the event that rights have been transferred in accordance with paragraph (b)(19) of this section, the respondent is DoDEA and the petition must be delivered to and received by the principal of the school in which the child is enrolled, or if the child is enrolled in the Non-DoD School Program (NDSP) to the DoDEA General Counsel (generalcounsel@hq.dodea.edu).

(2) If the petitioner is the parent of an infant or toddler (birth up to 3 years of age), the respondent is the responsible Military Department and the petition must be delivered to and received by the EDIS manager.

(3) If the petitioner is the responsible Military Department or DoDEA, the petition must be delivered to and received by the parent of the child.

(C) Filing of the due process petition with DOHA is considered complete when received by DOHA.

(x) The timelines for requesting and conducting a due process hearing are:

(A) Timelines for requesting a hearing.

A petitioner may not allege a violation that occurred more than 2 years before the date the petitioner knew, or should have known, about the alleged action that forms the basis of the complaint, unless the parent was prevented from requesting the hearing due to:

(i) Specific misrepresentation by DoDEA or EDIS that it had resolved the problem forming the basis of the complaint.

(ii) The withholding of information by DoDEA or EDIS from the petitioning parent that was required to be provided to the parent in accordance with the IDEA and this part.

(B) Timelines for conducting a due process hearing.

Except as provided in paragraph (d)(5)(x)(D) and (d)(8)(ii) of this section, a hearing officer shall issue findings of fact and conclusions of law not later than 50 business days:

(i) In a case involving EDIS, following the filing and service of a legally sufficient petition or amended petition in accordance with this section.

(ii) In disputes involving a school and a child age 3 through 21, inclusive, following the filing and service of a legally sufficient petition or amended petition in accordance with this section and the hearing officer’s receipt of notice that the 30-day resolution period concluded without agreement, the parties waived the resolution meeting, or the parties concluded mediation in lieu of the resolution process without reaching agreement.

(C) Exceptions to the timelines for conduct of a hearing.

(1) When the hearing officer grants a request for discovery made by either party, as provided for in paragraph (d)(10) of this section, in which case the time required for such discovery does not count toward the 50 business days.

(2) When the hearing officer grants a specific extension of time for good cause in accordance with paragraph (d)(8) of this section.

(D) Timeline for conducting an expedited hearing.

In the event of a petition for expedited hearing is requested, a DOHA hearing officer shall arrange for the hearing to be held not later than 20 school days (when school is in session) of the date the request is filed with DOHA, subject to the timeline for scheduling a resolution meeting and the 15 day resolution period requirements of this section. The hearing officer must make a determination within 10 school days after the hearing.

(6) Responses and actions required following receipt of a petition or request for expedited hearing.

(i) Immediately upon receipt of the petition, the Director, DOHA, shall appoint a hearing officer to take charge of the case.

(A) The hearing officer shall immediately notify the parties of his or her appointment.

(B) Upon receipt of notice that a hearing officer is appointed, the parties shall communicate all motions, pleadings, or amendments in writing to the hearing officer, with a copy to the opposing party, unless the hearing officer directs otherwise.

(ii) Within 10 business days of receipt of the petition (5 school days when school is in session in the case of a petition for an expedited hearing), the respondent shall deliver a copy of the written response to the petitioner and file the original written response with the hearing officer. Filing may be made by mail to P.O. Box 3656, Arlington, Virginia 22203, by fax to 703–696–1831, by hand delivery if approved in advance by the hearing officer, or by email to specialedcomplaint@osdgc.osd.mil. If a hearing officer has not yet been appointed, the respondent will deliver the original written response to the Director, DOHA in accordance with paragraph (d)(5)(x)(I) of this section.

(iii) The respondent shall specifically address the issues raised in the due process hearing petition.

(iv) If the respondent is the cognizant Military Department or DoDEA, the response shall include:

(A) An explanation of why the respondent proposed or refused to take the action at issue in the due process complaint.

(B) A description of each evaluation procedure, assessment, record, or report the DoD...
§ Pt. 57, Subpt. I

Component used as the basis for the proposed or refused action.

(C) A description of the options that the respondent considered and the reasons why those options were rejected.

(D) A description of the other factors that are relevant to the respondent’s proposed or refused action.

(v) The respondent may file a notice of insufficient petition within 15 business days of receiving a petition if the respondent wishes to challenge the sufficiency of the petition for failure to state the elements required by the IDEA. Within 5 business days of receiving a notice of insufficient petition, the hearing officer will issue a decision and will notify the parties in writing of that determination.

(vi) A response to the petitioner under (d)(6)(ii) of this section shall not be construed to preclude the respondent from asserting that the due process complaint was insufficient using the procedures available under (d)(6)(v) of this section.

(vii) Parties may amend a petition only if:

(A) The other party consents in writing to such amendment and is given the opportunity to resolve the complaint through the resolution process; or

(B) The hearing officer grants permission, except that the hearing officer may not grant such permission at any time later than 5 days before a due process hearing is scheduled to begin.

(viii) The filing of an amended petition resets the timelines for:

(A) The conduct of a resolution meeting and the resolution period relating to the amended petition, and

(B) All deadlines for responses and actions required following the receipt of the amended petition, and for conducting a due process hearing on the amended petition.

Statutory resolution process. A resolution meeting shall be convened by DoDEA and a resolution period afforded, in accordance with this section, for any dispute in which a due process petition has been filed regarding the identification, evaluation, or educational placement, or the provision of FAPE for children ages 3 to 21, inclusive.

(i) Within 15 calendar days of receiving the parent’s petition for due process (7 calendar days in the case of an expedited hearing), DoDEA, through the pertinent school principal or superintendent, shall convene a dispute resolution meeting, which must be attended by:

(A) The parents.

(B) A legal representative of the parents if desired by the parents.

(C) A DoDEA official designated and authorized by the District Superintendent or Area Director to exercise decision-making authority on behalf of DoDEA.

(D) A DoDEA legal representative, only if the parents are represented by counsel at the resolution meeting.

(E) The relevant members of the child’s CSC who have specific knowledge of the facts identified in the petition.

(ii) The parties may agree to mediate in lieu of conducting a resolution meeting or in lieu of completing the resolution period. The resolution meeting need not be held if the parties agree in writing to waive the meeting or agree to use the mediation process.

(iii) Failure to convene or participate in resolution meeting.

(A) If DoDEA has offered to convene a resolution meeting and has been unable to obtain parental participation in the resolution meeting after making and documenting its reasonable efforts, DoDEA may, at the conclusion of the resolution period (30 days or 15 days in the case of an expedited hearing) request that a hearing officer dismiss the parent’s due process complaint or request for an expedited due process hearing.

(B) If DoDEA fails to convene a resolution meeting within 15 days of receipt of a due process complaint or if it fails to participate in the resolution meeting, the parent may request the hearing officer to immediately convene the due process hearing without waiting for the 30-day resolution period to expire.

(iv) DoDEA shall have a 30-day resolution period, counted from the receipt of the complaint by the school principal, (15 days in the case of an expedited hearing request) within which to resolve the complaint to the satisfaction of the parents.

(v) The resolution period may be adjusted because of one of the following events:

(A) Both parties agree in writing to waive the resolution meeting.

(B) After the resolution meeting starts, but before the end of the applicable resolution period, the parties agree in writing that no agreement is possible and agree to waive the balance of the resolution period.

(C) Both parties agree in writing to continue the resolution meeting at the end of the applicable resolution period, but later the parent or the school withdraws from the resolution process.

(vi) If a partial or complete resolution to the dispute is reached at the resolution meeting, the parties must execute a written agreement that is:

(A) Signed by both the parents and a representative of the school with authority to bind the school to the terms of the agreement.

(B) Legally enforceable in a U.S. District Court of competent jurisdiction, unless the parties have voided the agreement within an agreement review period of 3 business days following the execution of the agreement.

(vii) Discussions held, minutes, statements, and other records of a resolution meeting.
meeting, and any final executed resolution agreement are not presumed confidential and therefore are discoverable and admissible in a due process proceeding, appeal proceeding, or civil proceeding, except when the parties have agreed to confidentiality.

(viii) If DoDEA has not resolved the complaint to the satisfaction of the parents at the completion of the resolution period or the adjusted resolution period, if applicable:

(A) DoDEA shall provide written notice to the hearing officer, copy to the parents, within 3 business days (1 business day in the case of an expedited hearing) of the expiration of the resolution period or adjusted resolution period that the parties failed to reach agreement.

(B) Upon receipt of that notification by the hearing officer, all of the applicable timelines for proceeding to a due process hearing under this section shall commence.

(ix) If the parties execute a binding written agreement at the conclusion of the resolution period, and do not subsequently declare it void during the 3-business day agreement review period, then:

(A) DoDEA shall provide written notice to the hearing officer, copy to the parents, at the conclusion of the agreement review period that the parties have reached an agreement for resolution of complaints set forth in the due process petition.

(B) Upon receipt of that notification by the presiding hearing officer, no due process hearing shall proceed on the issues resolved.

(b) Purpose. The purpose of the due process hearing is to establish the relevant facts necessary for the hearing officer to reach a fair and impartial determination of the case.

(ii) Hearing officer duties. The hearing officer shall be the presiding officer, with judicial powers to manage the proceeding and conduct the hearing. Those powers shall include, but are not limited to, the authority to:

(A) Determine the adequacy of pleadings.

(B) Decide whether to allow amendment of pleadings, provided permission is granted to authorize the amendment not later than 5 days before a due process hearing occurs.

(C) Rule on questions of timeliness and grant specific extension of time for good cause either on his or her own motion or at the request of either party.

(I) Good cause includes the time required for mediation in accordance with paragraph (d)(4) of this section where the parties have jointly requested an extension of time in order to complete mediation.

(2) If the hearing officer grants an extension of time, he or she shall identify the length of the extension and the reason for the extension in the record of the proceeding. Any such extension shall be excluded from the time required to convene a hearing or issue a final decision, and at the discretion of the hearing officer may delay other filing dates specified by this section.

(D) Rule on requests for discovery and discovery disputes.

(E) Order an evaluation of the child at the expense of the DoDEA school system or the Military Department concerned.

(F) Rule on evidentiary issues.

(G) Ensure a full and complete record of the case is developed.

(H) Decide when the record in a case is closed.

(I) Issue findings of fact and conclusions of law.

(J) Issue a decision on substantive grounds based on a determination of whether the child received a FAPE. When the petition alleges a procedural violation, a hearing officer may find that a child did not receive a FAPE only if the procedural inadequacies:

(1) Impeded the child’s right to a FAPE.

(2) Significantly impeded the parent’s opportunity to participate in the decision-making process regarding the provision of FAPE to the child; or

(3) Caused a deprivation of educational benefits.

(K) Order such relief as is necessary for the child to receive a FAPE or appropriate EIS, including ordering the DoDEA school system or the responsible Military Department to:

(1) Correct a procedural deficiency that caused a denial of a FAPE or appropriate EIS;

(2) Conduct evaluations and assessments and report to the hearing officer;

(3) Change the school-aged child’s placement or order the child to an AES for up to 45 days;

(4) Provide EIS or specific school-age educational or related services to a child to remedy a denial of FAPE, including compensatory services when appropriate and in accordance with the current early intervention or educational program; or

(5) Placement of a school-aged child in an appropriate residential program for children with disabilities at DoD expense, when appropriate under the law and upon a determination that DoDEA has failed to provide and cannot provide an otherwise eligible child with a FAPE at the appropriate DoD facility.

(i) A residential program must be one that can address the specific needs of the child as determined by the DoDEA school.

(ii) The program should, whenever possible, be located near members of the child’s family.

(8) Attendees at the hearing. Attendance at the hearing is limited to:

(i) The parents and the counsel or personal representative of the parents.

(ii) A representative of DoDEA or the EDIS concerned and the counsel representing DoDEA or the EDIS.
(ii) Witnesses for the parties, including but not limited to the professional employees of DoDEA or the EDIS concerned and any expert witnesses.

(v) Other persons with the agreement of the parties or the order of the hearing officer, in accordance with the privacy interests of the parents and the individual with disabilities.

(10) Discovery. (i) Full discovery shall be available, with the Federal Rules of Civil Procedure, Rules 26-37, 28 U.S.C. appendix, serving as a guide to parties to a due process hearing or conducted in accordance with this part.

(ii) If voluntary discovery cannot be accomplished, a party seeking discovery may file a motion with the hearing officer to accomplish discovery. The hearing officer shall grant an order to accomplish discovery upon a showing that the document or information sought is relevant or reasonably calculated to lead to the discovery of admissible evidence. An order granting discovery, or compelling testimony or the production of evidence shall be enforceable by all reasonable means within the authority of the hearing officer, to include the exclusion of testimony or witnesses, adverse inferences, and dismissal or summary judgment.

(iii) Records compiled or created in the regular course of business, which have been provided to the opposing party at least 5 business days prior to the hearing, may be received and considered by the hearing officer without authenticating witnesses.

(iv) A copy of the written or electronic transcription of a deposition taken by a Military Department or DoDEA shall be made available by the Military Department or DoDEA without charge to the opposing party.

(11) Right to an open hearing. The parents, or child who has reached the age of majority, have the right to an open hearing upon waiving, in writing, their privacy rights and those of the individual with disabilities who is the subject of the hearing.

(12) Location of hearing. Subject to modification by the hearing officer for good cause shown or upon the agreement of the parties, the hearing shall be held:

(i) In the DoDEA school district attended by the child (ages 3 through 21, inclusive):

(ii) On the military installation of the EDIS serving infants and toddlers with disabilities:

(iii) Witnesses and documentary evidence. (i) At least 5 business days prior to a hearing, the parties shall exchange lists of all documents and materials that each party intends to use at the hearing, including all evaluations and reports. Each party also shall disclose the names of all witnesses it intends to call at a hearing along with a proffer of the anticipated testimony of each witness.

(ii) At least 10 business days prior to a hearing, each party must provide the name, title, description of professional qualifications, and summary of proposed testimony of any expert witness it intends to call at the hearing.

(iii) Failure to disclose documents, materials, or witnesses may result in the hearing officer barring their introduction at the hearing.

(iv) Parties must limit evidence to the issues pleaded, except by order of the hearing officer or with the consent of the parties.

(v) The rules of evidence shall be relaxed to permit the development of a full evidentiary record with the Federal Rules of Evidence, 28 U.S.C. appendix, serving as guide.

(vi) All witnesses testifying at the hearing shall be advised by the hearing officer that under 18 U.S.C. 1001, it is a criminal offense to knowingly and willfully make a materially false, fictitious, or fraudulent statement of the U.S. Government as to any matter within the jurisdiction of that department or agency, and may result in a fine or imprisonment.

(vii) A party calling a witness shall bear the witness’ travel and incidental expenses associated with testifying at the hearing. The DoDEA school system or the Military Department concerned shall pay such expenses if a witness is called by the hearing officer.

(viii) The parties shall have the right to cross-examine witnesses testifying at the hearing.

(13) Transcripts. (i) A verbatim written transcription of any deposition taken by a party shall be provided to the opposing party in hardcopy written format or as attached to an electronic email with prior permission of the recipient. If a Military Department or
DoDEA takes a deposition, the verbatim written transcript of that deposition shall be provided to the parent(s) without charge.

(ii) A verbatim written transcription of the due process hearing shall be arranged by the hearing officer and shall be made available to the parties in hardcopy written form, or as an attachment to an electronic email, with prior permission of the recipient, on request and without cost to the parent(s), and a copy of the verbatim written transcript of the hearing shall become a permanent part of the record.

(15) Hearing officer’s written decision. (i) The hearing officer shall make written findings of fact and conclusions of law and issue a written decision within the period fixed by the hearing officer’s decision addressing the issues raised in the due process complaint, the resolution of those issues, and the rationale for the resolution.

(ii) The hearing officer’s decision of the case shall be based on the record, which shall include the petition, the answer, the transcript of the hearing, exhibits admitted into evidence, pleadings or correspondence properly filed and served on all parties, and such other matters as the hearing officer may include in the record, if such matter is made available to all parties before the record is closed.

(iii) The hearing officer shall file the written decision with the Director, DOHA, and additionally provide the Director, DOHA with a copy of that decision from which all personally identifiable information has been redacted.

(iv) The Director, DOHA, shall forward to parents and to the DoDEA or the EDIS concerned, copies, redacted and with all personally identifiable information redacted, of the hearing officer’s decision.

(v) The decision of the hearing officer shall become final unless a timely notice of appeal is filed in accordance with paragraph (d)(17) of this section.

(vi) The DoDEA or the EDIS concerned shall implement the decision as soon as practicable after it becomes final.

(16) Determination without hearing. (i) At the request of a parent of an infant or toddler, birth to 3 years of age, when EIS are at issue, or of a parent of a child age 3 through 21, inclusive, or child who has reached the age of majority, when special education (including related services) are at issue, the requirement for a hearing may be waived, and the case may be submitted to the hearing officer on written documents filed by the parties. The hearing officer shall make findings of fact and conclusions of law and issue a written decision within the period fixed by paragraph (d)(5)(x) of this section.

(ii) DoDEA or the EDIS concerned may oppose a request to waive a hearing. In that event, the hearing officer shall rule on the request.
§ 57.1 Civil actions.

(1) Use of judicial review. Any party aggrieved by the final administrative decision of a due process complaint shall have the right to file a civil action in a district court of the United States of competent jurisdiction without regard to the amount in controversy. The party bringing the civil action shall have 90 days from the date of the decision of the hearing officer or, if applicable, the date of the decision of the DOHA Appeal Board, to file a civil action.

(e) DoD-CC on early intervention, special education, and related services—(1) Committee membership. The DoD-CC shall meet at least annually to facilitate collaboration in early intervention, special education, and related services in the Department of Defense. The Secretary of Defense shall appoint representatives to serve on the DoD-CC who shall be full-time or permanent part-time government employees or military members from:

(i) USD(P&R), who shall serve as the Chair.

(ii) Secretaries of the Military Departments.

(iii) Defense Health Agency.

(iv) DoDEA.

(v) GC, DoD.

(2) Responsibilities. The responsibilities of the DoD-CC include:

(i) Implementation of a comprehensive, multidisciplinary program of EIS for infants and toddlers with disabilities and their families.

(ii) Provision of a FAPE, including special education and related services, for children with disabilities who are enrolled full-time in the DoDEA school system, as specified in their IEP.

(iii) Designation of a subcommittee on compliance to:

(A) Advise and assist the USD(P&R) in the performance of his or her responsibilities.

(B) At the direction of the USD(P&R), advise and assist the Military Departments and DoDEA in the coordination of services among providers of early intervention, special education, and related services.

(C) Monitor compliance in the provision of EIS for infants and toddlers and special education and related services for children ages 3 to 21, inclusive.

(D) Identify common concerns, facilitate coordination of effort, and forward issues requiring resolution to the USD(P&R).

(E) Assist in the coordination of assignments of sponsors who have children with disabilities who are or who may be eligible for special education and related services through DoDEA or EIS through the Military Departments.
Program monitoring and oversight. (i) The USD(P&R) shall monitor the implementation of the provisions of the IDEA and this part in the programs operated by the Department of Defense. The USD(P&R) will carry out his or her responsibilities under this section primarily through the DoD-CC.

(ii) The primary focus of monitoring shall be on:

(A) Improving educational results and functional outcomes for all children with disabilities.

(B) Ensuring the DoD programs meet the requirements of the IDEA and this part.

(iii) Monitoring shall include the following priority areas and any additional priority areas identified by the USD(P&R):

(A) Provision of a FAPE in the LRE and the delivery of early intervention services.

(B) Child-find.

(C) Program management.

(D) The use of dispute resolution including administrative complaints, due process and the mandatory resolution process, and voluntary mediation.

(E) A system of transition services.

(iv) The USD(P&R) shall develop quantifiable indicators in each of the priority areas and such qualitative indicators necessary to adequately measure performance.

(v) DoDEA and the Military Departments shall establish procedures for monitoring special services and reviewing program compliance in accordance with the requirements of this section.

(vi) By January 1 of each calendar year, the DoD-CC shall identify any additional information required to support compliance activities that will be included in the next annual compliance report to be submitted no later than September 30 of that year. The results of monitoring program areas described in paragraph (d)(1)(iii) of this section shall be reported in a manner that does not result in the disclosure of data identifiable to individual children.

(2) Compliance reporting. The Director, DoDEA, and the Military Departments shall submit reports to the DoD-CC not later than September 30 each year that summarize the status of compliance. The reports shall:

(i) Identify procedures conducted at headquarters and at each subordinate level, including on-site visits, to evaluate compliance with the IDEA and this part.

(ii) Summarize the findings and indicate the status of program compliance.

(iii) Describe corrective actions required of the programs that did not meet the requirements of the IDEA and this part and identify the technical assistance that was or shall be provided to ensure compliance.

(iv) Include applicable data on the operation of special education and early intervention in the Department of Defense. Data must be submitted in the format required by the DoD-CC to enable the aggregation of data across components. March 31 shall be the census date for counting children for the reporting period that begins on July 1 and ends on June 30 of the following year.

(3) School level reporting. (i) The reporting requirements for school aged children (3 through 21, inclusive) with disabilities shall also include:

(A) Data to determine if significant disproportionality based on race and ethnicity is occurring with respect to:

(1) The identification of school-aged children as children with disabilities including the identification of children as children with disabilities affected by a particular impairment described in paragraph (g) of this section.

(2) The placement of these children in particular educational settings.

(3) The incidence, duration, and type of disciplinary suspensions and expulsions.

(4) Removal to an interim AES, the acts or items precipitating those removals, and the number of children with disabilities who are subject to long-term suspensions or expulsions.

(B) The number and percentage of school-aged children with disabilities, by race, ethnicity, limited English proficiency status, gender, and disability category, who are:

(i) Receiving special education and related services.

(ii) Participating in regular education.

(iii) In separate classes, separate schools or facilities, or public or private residential facilities.

(iv) The number of due process complaints requested, the number of hearings conducted, and the number of changes in placement ordered as a result of those hearings.

(C) The number of mediations held and the number of settlement agreements reached through such mediations.

(1) For each year of age from age 16 through 21, children who stopped receiving special education and related services because of program completion (including graduation with a regular secondary school diploma) or other reasons, and the reasons why those children stopped receiving special education and related services.

(2) Early intervention reporting. The reporting requirements for infants and toddlers with disabilities shall also include:

(A) Data to determine if significant disproportionality based on race, gender, and ethnicity is occurring with respect to infants and toddlers with disabilities who:

(A) Received EIS by criteria of developmental delay or a high probability of developing a delay.
§ Pt. 57, Nt.

32 CFR Ch. 1 (7–1–15 Edition)

(B) Stopped receiving EIS because of program completion or for other reasons.
(C) Received EIS in natural environments.
(D) Received EIS in a timely manner as defined in paragraph (a) of this section.
(ii) The number of due process complaints requested and the number of hearings conducted. Pursuant to this part.

32 CFR Ch. 1 (7–1–15 Edition)

(D) Received EIS in natural environments.
(C) Provided travel funding and support for their respective team members.
(B) Cooperate with monitoring teams, including making all pertinent records available to the teams.
(A) Provide necessary technical assistance and logistical support to monitoring teams during monitoring visits to facilities for which they are responsible.

DoDEA, monitored agencies, and monitoring teams regarding monitoring activities conducted pursuant to this part.

(v) The ASD(HA) shall provide technical assistance to the DoD monitoring teams when requested.
(vi) The GC, DoD shall:

(A) Provide legal counsel to the USD(P&R), and, where appropriate, to DoDEA, monitored agencies, and monitoring teams regarding monitoring activities conducted pursuant to this part.
(i) Inability to learn that cannot be explained by intellectual, sensory, or health factors.
(ii) Inability to build or maintain satisfactory interpersonal relationships with peers and teachers.
(iii) Inappropriate types of behavior or feelings under normal circumstances.
(iv) A general pervasive mood of unhappiness or depression.
(v) A tendency to develop physical symptoms or fears associated with personal or school problems.
(vi) Includes children who are schizophrenic, but does not include children who are socially maladjusted unless it is determined they are emotionally disturbed.
(6) Hearing impairment. An impairment in hearing, whether permanent or fluctuating, that adversely affects a child's educational performance but is not included under the definition of deafness.
(7) Intellectual disability. Significantly below-average general intellectual functioning, existing concurrently with deficits in adaptive behavior. This disability is manifested during the developmental period and adversely affects a child's educational performance.
(8) Orthopedic impairment. A severe orthopedic impairment that adversely affects a child's educational performance. That term includes congenital impairments such as club foot or absence of some member; impairments caused by disease, such as poliomyelitis and bone tuberculosis; and impairments from other causes such as cerebral palsy, amputations, and fractures or burns causing contractures.
(9) Other health impairment. Limited strength, vitality, or alertness including a heightened alertness to environmental stimuli that is due to chronic or acute health problems and that adversely affects a child's educational performance. Such impairments may include, but are not necessarily limited to, attention deficit disorder, attention deficit hyperactivity disorder, heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, seizure disorder, lead poisoning, leukemia, or diabetes.
(10) Specific learning disability. A disorder in one or more of the basic psychological processes involved in understanding or in using spoken or written language that may manifest itself as an imperfect ability to listen, think, speak, read, write, spell, remember, or do mathematical calculations. That term includes such conditions, recognizing that they may have been otherwise labeled with terms such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. This term does not include learning problems that are primarily the result of visual, hearing, or motor disabilities; intellectual disability; emotional disturbance; or environmental, cultural, or economic differences.
(11) Speech or language impairments. A communication disorder such as stuttering; impaired articulation; limited, impaired or delayed capacity to use expressive and/or receptive language; or a voice impairment that adversely affects a child's educational performance.
(12) Traumatic brain injury. An acquired injury to the brain caused by an external physical force resulting in total or partial functional disability or psychosocial impairment (or both) that adversely affects educational performance. Includes open or closed head injuries resulting in impairments in one or more areas including cognition, language, memory, attention, reasoning, abstract thinking, judgment, problem solving, sensory, perceptual and motor abilities, psychosocial behavior, physical function, information processing, and speech. The term does not include brain injuries that are congenital or degenerative or brain injuries that are induced by birth trauma.
(13) Visual impairment, including blindness. An impairment of vision that, even with correction, adversely affects a child's educational performance. Term includes both partial sight and blindness. DoD also recognizes that a child may be eligible for services under paragraph (b) if they demonstrate "Multiple Disabilities" which DoD defines as: "Concomitant impairments (such as intellectual disability-blindness or intellectual disability-orthopedic impairment), the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. Multiple disabilities does not include deaf-blindness, which is set forth as its own type of disability at §57.6(g)(3)."
§ 60.1 Purpose.
This part establishes policy, assigns responsibilities, and prescribes procedures for implementation and use of the FACAT in accordance with 10 U.S.C. 1794.

§ 60.2 Applicability.
(a) This part applies to Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities and all other organizational entities in the DoD (hereinafter referred to collectively as the “DoD Components”).

(b) The term “Military Services,” as used herein, refers to the Army, Navy, Air Force, and Marine Corps.

§ 60.3 Definitions.
Unless otherwise noted, these terms and their definitions are for the purpose of this part.

Child. An unmarried person under 18 years of age for whom a parent, guardian, foster parent, caregiver, employee of a residential facility, or any staff person providing out-of-home care is legally responsible. The term “child” means a biological child, adopted child, stepchild, foster child, or ward. The term also includes a sponsor’s family member (except the sponsor’s spouse) of any age who is incapable of self-support because of a mental or physical incapacity, and for whom treatment in a DoD medical treatment program is authorized.

Child abuse. The physical or sexual abuse, emotional abuse, or neglect of a child by a parent, guardian, foster parent, or by a caregiver; whether the caregiver is intrafamilial or extrafamilial, under circumstances indicating the child’s welfare is harmed or threatened. Such acts by a sibling, other family member, or other person shall be deemed to be child abuse only when the individual is providing care under express or implied agreement with the parent, guardian, or foster parent.

Child sexual abuse. The employment, use, persuasion, inducement, enticement, or coercion of any child to engage in, or assist any other person to engage in, any sexually explicit conduct or simulation of such conduct for the purpose of producing a visual depiction of such conduct; or the rape, and in cases of caretaker or inter-familial relationships, statutory rape, molestation, prostitution, or other form of sexual exploitation of children, or incest with children.

DoD-sanctioned activity. A U.S. Government activity or a nongovernmental activity authorized by appropriate DoD officials to perform child care or supervisory functions on DoD controlled property. The care and supervision of children may be either its primary mission or incidental in carrying out another mission (e.g., medical care). Examples include Child Development Centers, Department of Defense Dependents Schools, Youth Activities, School Age/Latch Key Programs, Family Day Care providers, and child care activities that may be conducted as a part of a chaplain’s program or as part of another Morale, Welfare, or Recreation Program.

FACAT. A multidisciplinary team composed of specially trained and experienced individuals who are on-call to provide advice and assistance on cases of child sexual abuse that involve DoD-sanctioned activities.

Family Advocacy Program Director (FAPD). An individual designated by the Secretary of the Military Department or the head of another DoD Component to manage, monitor, and coordinate the FAP at the headquarters level.

Family Advocacy Program Manager (FAPM). An individual designated by the Secretary of the Military Department to manage, monitor, and coordinate the FAP at the headquarters level.

Out-of-home care. The responsibility of care for and/or supervision of a child in a setting outside the child’s home by an individual placed in a caretaker role.
sanctioned by a DoD Component or authorized by a DoD Component as a provider of care. Examples include a child development center, school, recreation program, family child care, and child care activities that may be conducted as a part of a chaplain's program or as part of another morale, welfare, or recreation program.

§ 60.4 Policy.

It is DoD policy to:
(b) Promote early identification and intervention in allegations of extrafamilial child sexual abuse in accordance with DoD Directive 6400.1 as it applies to DoD-sanctioned activities.
(c) Provide a coordinated and comprehensive DoD response through the deployment of the FACAT to assist the Military Department upon DoD Component request to address allegations of extrafamilial child sexual abuse in DoD-sanctioned activities.
(d) Foster cooperation among the DoD, other Federal agencies, and responsible civilian authorities when addressing allegations of extrafamilial child sexual abuse in DoD-sanctioned activities.
(e) Promote timely and comprehensive reporting of all incidents covered by this part.
(f) As appropriate, actively seek prosecution of alleged perpetrators to the fullest extent of the law.
(g) Ensure that personally identifiable information, to include protected health information collected, used, and released by covered entities in the execution of this part is protected as required by DoD 6025.18–R, “DoD Health Information Privacy Regulation” (see http://www.dtic.mil/whs/directives/corres/pdf/602518r.pdf) and 5 U.S.C. 552a as implemented in the Department of Defense by 32 CFR part 310.

§ 60.5 Responsibilities.

(a) The Deputy Assistant Secretary of Defense for Military Community and Family Policy (DASD(MC&FP)), under the authority, direction, and control of the Assistant Secretary of Defense for Readiness and Force Management, shall:
(1) Monitor compliance with this part.
(2) Train, maintain, and support a team of full-time or permanent part-time federal officers or employees from various disciplines to comprise the FACAT and respond to child sexual abuse in DoD-sanctioned activities.
(3) Develop and coordinate criteria for determining the appropriate professional disciplines, support staff, and the required capabilities of FACAT members.
(4) Ensure that policies and guidelines on activation and use of the FACAT are shared and coordinated with the DoD Components.
(5) Program, budget, and allocate funds for the FACAT.
(6) Appoint the chief of the FACAT and team members, and provide required logistical support when the FACAT is deployed.
(7) Coordinate the management and interaction of this effort with other Federal and civilian agencies as necessary.
(8) Foster general awareness of FACAT goals and responsibilities.
(b) The Secretaries of the Military Departments shall:
(1) Ensure compliance with this part throughout their respective Departments.
(2) Establish departmental procedures to implement with this part.
(3) Designate nominees for the FACAT upon request and ensure replacements are nominated when vacancies are indicated.
(4) Ensure that commanders and staff are aware of the availability and proper use of the FACAT and the procedures for requesting a FACAT to assist in addressing extrafamilial child sexual abuse allegations covered by this part.
(5) Encourage timely and comprehensive reporting in accordance with this part.
§ 60.6 Procedures.

(a) Reporting requirements. Any person with a reasonable belief that an incident of child abuse has occurred in a DoD-sanctioned activity must report it to:

(1) The appropriate civilian agency in accordance with 42 U.S.C. 13031 and 28 CFR 81.1-81.5.

(2) The installation FAP as required by DoD Directive 6400.1.

(b) Notification of suspected abuse—(1) Physical or emotional abuse or neglect. If a report of suspected child physical abuse, emotional abuse, or neglect in a DoD-sanctioned activity is made to the FAP, the FAPM shall:

(i) Notify the appropriate military or civilian law enforcement agency, or multiple law enforcement agencies as appropriate.

(ii) Contact the appropriate civilian child protective services agency, if any, to request assistance.

(2) Sexual abuse. If a report of suspected child sexual abuse in a DoD-sanctioned activity is made to the FAP, the FAPM, in addition to the procedures noted in paragraph (b)(1) of this section, shall:

(i) Immediately notify the servicing MCIO and civilian law enforcement as appropriate.

(ii) Forward the report DD Form 2951, “Initial Report of Suspected Child Sexual Abuse in DoD Operated or Sponsored Activities,” through DoD Component channels to the DASD(MC&FP) within 72 hours.

(iii) Consult with the person in charge of the DoD-sanctioned activity and the appropriate law enforcement agency to estimate the number of potential victims and determine whether an installation response team may be appropriate to address the investigative, medical, psychological, and public affairs issues that may arise.

(iv) Notify the installation commander of the allegation and recommend whether an installation response team may be appropriate to assess the current situation and coordinate the installation’s response to the incidents.

(v) Submit a written follow-up report using DD Form 2952, “Closeout Report of Suspected Child Sexual Abuse in DoD Operated or Sponsored Activities,” through DoD Component channels regarding all allegations of child sexual abuse to the DASD(MC&FP) when:

(A) There have been significant changes in the status of the case;

(B) There are more than five potential victims;

(C) The sponsors of the victims are from different Military Services or DoD Components;

(D) There is increased community sensitivity to the allegation;

(E) The DASD(MC&FP) has requested a follow-up report.

(c) Requesting a FACAT. An installation commander may request a FACAT through appropriate DoD Component channels from the DASD(MC&FP) when alleged child sexual abuse by a care provider in a DoD-sanctioned activity has been reported and at least one of the following apply:

(1) Additional personnel are needed to:

(i) Fully investigate a report of child sexual abuse by a care provider or employee in a DoD-sanctioned activity;

(ii) Assess the needs of the child victims and their families; or

(iii) Provide supportive treatment to the child victims and their families.

(2) The victims are from different Military Services or DoD Components, or there are multiple care providers who are the subjects of the report from different Military Services or DoD Components.

(3) Significant issues in responding to the allegations have arisen between the Military Services or DoD Components and other Federal agencies or civilian authorities.

(4) The situation has potential for widespread public interest that could negatively impact performance of the DoD mission.

(d) Deployment of a FACAT. (1) The DASD(MC&FP) shall deploy a FACAT at the request of a DoD Component.

(2) The DASD(MC&FP) may deploy a FACAT at the request of the Head of the DoD Component without a request from the installation commander. Such circumstances include a case where:

(i) The victims are from different Military Services or DoD Components, or there are multiple care providers
who are the subjects of the report from different Military Services or DoD Components;
(ii) Significant issues in responding to the allegations have arisen between the Military Services or DoD Components and other Federal agencies or civilian authorities; or
(iii) The situation has potential for widespread public interest that could negatively impact performance of the DoD mission.
(3) The DASD(MC&FP) shall configure the FACAT based on the information and recommendations of the requestor, the installation FAPM, and the FAPD of the DoD Component.
(4) The DASD(MC&FP) shall:
(i) Request the FAPDs to identify several individuals from the FACAT roster who are available for deployment.
(ii) Request, through the appropriate channels of the DoD Component, that the individuals’ supervisors release them from normal duty positions to serve on temporary duty with the deploying FACAT.
(5) The DASD(MC&FP) shall provide fund citations to the FACAT members for their travel orders and per diem and shall provide information regarding travel arrangements. The FACAT members shall be responsible for preparing travel orders and making travel arrangements.
(6) FACAT members who are subject to DoD Instruction 6025.13, “Medical Quality Assurance (MQA) and Clinical Quality Management in the Military Health System (MHS)” (see http://www.dtic.mil/whs/directives/corres/pdf/602513p.pdf) shall be responsible for arranging temporary clinical privileges in accordance with DoD 6025.13-R, “Military Health System (MHS) Clinical Quality Assurance (CQA) Program Regulation” (see http://www.dtic.mil/whs/directives/corres/pdf/602513r.pdf) at the installation to which they shall be deployed.
(e) FACAT tasks. The FACAT shall meet with the installation’s commanding officer, the MCIO, or designated response team to assess the current situation and assist in coordinating the installation’s response to the incidents. Depending on the position of the team, such tasks may include:
(1) Investigating the allegations.
(2) Conducting medical and mental health assessment of the victims and their families.
(3) Developing and implementing plans to provide appropriate treatment and support for the victims and their families and for the non-abusing staff of the DoD-sanctioned activity.
(4) Coordinating with local officials to manage public affairs tasks.
(f) Reports of FACAT activities. The FACAT chief shall prepare three types of reports:
(1) Daily briefs for the installation commander or designee.
(2) Periodic updates to the FAPD of the DoD Component and to the DASD(MC&FP).
(3) An after-action brief for the installation commander briefed at the completion of the deployment and transmitted to the DASD(MC&FP) and the FAPD of the DoD Component.
Subpart A—Family Advocacy Program (FAP)

AUTHORITY: 5 U.S.C. 552a; 10 U.S.C. 1058(b), 1783, 1787, and 1794; Public Law 103–337, Section 534(d)(2).

SOURCE: 80 FR 11780, Mar. 4, 2015, unless otherwise noted.

§ 61.1 Purpose.
This part is composed of several subparts, each containing its own purpose. This subpart establishes policy and assigns responsibilities for addressing child abuse and domestic abuse through the FAP.

§ 61.2 Applicability.
This subpart applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the Department of Defense (referred to collectively in this subpart as the “DoD Components”).

§ 61.3 Definitions.
Unless otherwise noted, these terms and their definitions are for the purposes of this subpart.

Alleged abuser. An individual reported to the FAP for allegedly having committed child abuse or domestic abuse.

Child. An unmarried person under 18 years of age for whom a parent, guardian, foster parent, caregiver, employee of a residential facility, or any staff person providing out-of-home care is legally responsible. The term means a biological child, adopted child, stepchild, foster child, or ward. The term also includes a sponsor’s family member (except the sponsor’s spouse) of any age who is incapable of self-support because of a mental or physical incapacity, and for whom treatment in a DoD medical treatment program is authorized.

Child abuse. The physical or sexual abuse, emotional abuse, or neglect of a child by a parent, guardian, foster parent, or by a caregiver, whether the caregiver is intrafamilial or extrafamilial, under circumstances indicating the child’s welfare is harmed or threatened. Such acts by a sibling, other family member, or other person shall be deemed to be child abuse only when the individual is providing care under express or implied agreement with the parent, guardian, or foster parent.

DoD-sanctioned activity. A DoD-sanctioned activity is defined as a U.S. Government activity or a nongovernmental activity authorized by appropriate DoD officials to perform child care or supervisory functions on DoD controlled property. The care and supervision of children may be either its primary mission or incidental in carrying out another mission (e.g., medical care). Examples include Child Development Centers, Department of Defense Dependents Schools, or Youth Activities, School Age/Latch Key Programs, Family Day Care providers, and child care activities that may be conducted as a part of a chaplain’s program or as part of another Morale, Welfare, or Recreation Program.

Domestic abuse. Domestic violence or a pattern of behavior resulting in emotional/psychological abuse, economic control, and/or interference with personal liberty that is directed toward a person who is:

(1) A current or former spouse.
(2) A person with whom the abuser shares a child in common; or
(3) A current or former intimate partner with whom the abuser shares or has shared a common domicile.

Domestic violence. An offense under the United States Code, the Uniform Code of Military Justice (UCMJ), or State law involving the use, attempted use, or threatened use of force or violence against a person, or a violation of a lawful order issued for the protection of a person who is:

(1) A current or former spouse.
(2) A person with whom the abuser shares a child in common; or
(3) A current or former intimate partner with whom the abuser shares or has shared a common domicile.

Family Advocacy Command Assistance Team (FACAT). A multidisciplinary team composed of specially trained and experienced individuals who are on-call to provide advice and assistance on
cases of child sexual abuse that involve DoD-sanctioned activities.

*Family advocacy committee (FAC).* The policy-making, coordinating, recommending, and overseeing body for the installation FAP.

*FAP.* A program designed to address prevention, identification, evaluation, treatment, rehabilitation, follow-up, and reporting of family violence. FAPs consist of coordinated efforts designed to prevent and intervene in cases of family distress, and to promote healthy family life.

*Family Advocacy Program Manager (FAPM).* An individual designated by a Secretary of a Military Department or the head of another DoD Component to manage, monitor, and coordinate the FAP at the headquarters level.

*Incident determination committee (IDC).* A multidisciplinary team of designated individuals working at the installation level, tasked with determining whether a report of domestic abuse or child abuse meets the relevant DoD criteria for entry into the Service FAP Central Registry as child abuse and domestic abuse incident. Formerly known as the Case Review Committee.

*Incident status determination.* The IDC determination of whether or not the reported incident meets the relevant criteria for alleged child abuse or domestic abuse for entry into the Service FAP central registry of child abuse and domestic abuse reports.

*New Parent Support Program (NPSP).* A standardized secondary prevention program under the FAP that delivers intensive, voluntary, strengths based home visitation services designed specifically for expectant parents and parents of children from birth to 3 years of age to reduce the risk of child abuse and neglect.

*Restricted reporting.* A process allowing an adult victim of domestic abuse, who is eligible to receive military medical treatment, including civilians and contractors who are eligible to receive military healthcare outside the Continental United States on a reimbursable basis, the option of reporting an incident of domestic abuse to a specified individual without initiating the investigative process or notification to the victim’s or alleged offender’s commander.

*Unrestricted reporting.* A process allowing a victim of domestic abuse to report an incident using current reporting channels, e.g. chain of command, law enforcement or criminal investigative organization, and FAP for clinical intervention.

### § 61.4 Policy.

It is DoD policy to:

(a) Promote public awareness and prevention of child abuse and domestic abuse.

(b) Provide adult victims of domestic abuse with the option of making restricted reports to domestic abuse victim advocates and to healthcare providers in accordance with DoD Instruction 6400.06, "Domestic Abuse Involving DoD Military and Certain Affiliated Personnel" (available at http://www.dtic.mil/whs/directives/corres/pdf/640006p.pdf).

(c) Promote early identification; reporting options; and coordinated, comprehensive intervention, assessment, and support to:

(1) Victims of suspected child abuse, including victims of extra-familial child abuse.

(2) Victims of domestic abuse.

(d) Provide assessment, rehabilitation, and treatment, including comprehensive abuser intervention.

(e) Provide appropriate resource and referral information to persons who are not covered by this subpart, who are victims of alleged child abuse or domestic abuse.

(f) Cooperate with responsible federal and civilian authorities and organizations in efforts to address the problems to which this subpart applies.

(g) Ensure that personally identifiable information (PII) collected in the course of FAP activities is safeguarded to prevent any unauthorized use or disclosure and that the collection, use, and release of PII is in compliance with 5 U.S.C. 552a.

(h) Develop program standards (PSs) and critical procedures for the FAP that reflect a coordinated community risk management approach to child abuse and domestic abuse.
§ 61.5 Responsibilities.

(a) The Under Secretary of Defense for Personnel and Readiness (USD(P&R)) will:

(1) Collaborate with the DoD Component heads to establish programs and guidance to implement the FAP elements and procedures in § 61.6 of this subpart.

(2) Program, budget, and allocate funds and other resources for FAP, and ensure that such funds are only used to implement the policies described in § 61.6 of this subpart.

(b) Under the authority, direction, and control of the USD(P&R), the Assistant Secretary of Defense for Readiness and Force Management (ASD(R&FM)) or designee will review FAP instructions and policies prior to USD(P&R) signature.

(c) Under the authority, direction, and control of the USD(P&R) through the ASD(R&FM), the Deputy Assistant Secretary of Defense for Military Community and Family Policy (DASD(MC&FP)) will:

(1) Develop DoD-wide FAP policy, coordinate the management of FAP with other programs serving military families, collaborate with federal and State agencies addressing FAP issues, and serve on intra-governmental advisory committees that address FAP-related issues.

(2) Ensure that the information included in notifications of extra-familial child sexual abuse in DoD-sanctioned activities is retained for 1 month from the date of the initial report to determine whether a request for a FACAT in accordance with DoD Instruction 6400.03, “Family Advocacy Command Assistance Team” (available at http://www.dtic.mil/whs/directives/corres/pdf/640003p.pdf) may be forthcoming.

(3) Monitor and evaluate compliance with this subpart.

(4) Review annual summaries of accreditation/inspection reviews submitted by the Military Departments.

(5) Convene an annual DoD Accreditation/Inspection Review Summit to review and respond to the findings and recommendations of the Military Departments’ accreditation/inspection reviews.

(d) The Secretaries of the Military Departments will:

(1) Establish DoD Component policy and guidance on the development of FAPs, including case management and monitoring of the FAP consistent with 10 U.S.C. 1058(b), this subpart, and published FAP guidance, including DoD Instruction 6400.06 and DoD 6400.1–M, ‘‘Family Advocacy Program Standards and Self-Assessment Tool’’ (available at http://www.dtic.mil/whs/directives/corres/pdf/640001m.pdf).

(2) Designate a FAPM to manage the FAP. The FAPM will have, at a minimum:

(i) A masters or doctoral level degree in the behavioral sciences from an accredited U.S. university or college.

(ii) The highest licensure in good standing by a State regulatory board in either social work, psychology, or marriage and family therapy that authorizes independent clinical practice.

(iii) 5 years of post-license experience in child abuse and domestic abuse.

(iv) 3 years of experience supervising licensed clinicians in a clinical program.

(3) Coordinate efforts and resources among all activities serving families to promote the optimal delivery of services and awareness of FAP services.

(5) Establish a process for an annual summary of installation accreditation/inspection reviews of installation FAP.

(6) Ensure that installation commanders or Service-equivalent senior commanders or their designees:
   (i) Appoint persons at the installation level to manage and implement the local FAPs, establish local FACs, and appoint the members of IDCs in accordance with DoD 6400.1–M and supporting guidance issued by the USD(P&R).
   (ii) Ensure that the installation FAP meets the standards in DoD 6400.1–M.
   (iii) Ensure that the installation FAP immediately reports allegations of a crime to the appropriate law enforcement authority.

(7) Notify the DASD(MC&FP) of any cases of extra-familial child sexual abuse in a DoD-sanctioned activity within 72 hours in accordance with the procedures in §61.6 of this subpart.

(9) Submit reports of DoD-related fatalities known or suspected to have resulted from an act of domestic abuse; child abuse; or suicide related to an act of domestic abuse or child abuse on DD Form 2901, “Child Abuse or Domestic Violence Related Fatality Notification,” by fax to the number provided on the form in accordance with DoD Instruction 6400.06 or by other method as directed by the DASD(MC&FP). The DD Form 2901 can be found at http://www.dtic.mil/whs/directives/forms/formsprogram.htm.

(10) Ensure that fatalities known or suspected to have resulted from acts of child abuse or domestic violence are reviewed annually in accordance with DoD Instruction 6400.06.

(11) Ensure the annual summary of accreditation/inspection reviews of installation FAPs are forwarded to OSD FAP as directed by DASD(MC&FP).

(12) Provide essential data and program information to the USD(P&R) to enable the monitoring and evaluation of compliance with this subpart in accordance with DoD 6400.1–M–1.

(13) Ensure that PII collected in the course of FAP activities is safeguarded to prevent any unauthorized use or disclosure and that the collection, use, and release of PII is in compliance with 5 U.S.C. 552a, also known as “The Privacy Act of 1974,” as implemented in the DoD by 32 CFR part 319).

§61.6 Procedures.

(a) FAP Elements. FAP requires prevention, education, and training efforts to make all personnel aware of the scope of child abuse and domestic abuse problems and to facilitate cooperative efforts. The FAP will include:

(1) Prevention. Efforts to prevent child abuse and domestic abuse, including public awareness, information and education about the problem in general, and the NPSP, in accordance with DoD Instruction 6400.05, specifically directed toward potential victims, offenders, non-offending family members, and mandated reporters of child abuse and neglect.

(2) Direct Services. Identification, treatment, counseling, rehabilitation, follow-up, and other services, directed toward the victims, their families, perpetrators of abuse, and their families. These services will be supplemented locally by:
   (i) A multidisciplinary IDC established to assess incidents of alleged...
abuse and make incident status determinations.

(ii) A clinical case staff meeting (CCSM) to make recommendations for treatment and case management.

(3) Administration. All services, logistical support, and equipment necessary to ensure the effective and efficient operation of the FAP, including:

(i) Developing local memorandums of understanding with civilian authorities for reporting cases, providing services, and defining responsibilities when responding to child abuse and domestic abuse.

(ii) Use of personal service contracts to accomplish program goals.

(iii) Preparation of reports, consisting of incidence data.

(4) Evaluation. Needs assessments, program evaluation, research, and similar activities to support the FAP.

(5) Training. All educational measures, services, supplies, or equipment used to prepare or maintain the skills of personnel working in the FAP.

(b) Responding to FAP Incidents. The USD(P&R) or designee will establish procedures for:

(2) Providing victim advocacy services to victims of domestic abuse consistent with DoD Instruction 6400.06 and section 534(d)(2) of Public Law 103–337, ‘‘National Defense Authorization Act for Fiscal Year 1995.’’

(3) Responding to restricted and unrestricted reports of domestic abuse consistent with DoD Instruction 6400.06 and 10 U.S.C. 1058(b).

(4) Collection of FAP data into a central registry and analysis of such data in accordance with DoD 6400.1–M–1.

(5) Coordinating a comprehensive DoD response, including the FACAT, to allegations of extra-familial child sexual abuse in a DoD-sanctioned activity in accordance with DoD Instruction 6400.03 and 10 U.S.C. 1794.

(c) Notification of Extra-Familial Child Sexual Abuse in DoD-Sanctioned Activities. The names of the victim(s) and alleged abuser(s) will not be included in the notification. Notification will include:

(1) Name of the installation.

(2) Type of child care setting.

(3) Number of children alleged to be victims.

(4) Estimated number of potential child victims.

(5) Whether an installation response team is being convened to address the investigative, medical, and public affairs issues that may be encountered.

(6) Whether a request for the DASD(MC&FP) to deploy a FACAT in accordance with DoD Instruction 6400.03 is being considered.

Subpart B—FAP Standards

§ 61.7 Purpose.

(a) This part is composed of several subparts, each containing its own purpose. The purpose of the overall part is to implement policy, assign responsibilities, and provide procedures for addressing child abuse and domestic abuse in military communities.

(b) This subpart prescribes uniform program standards (PSs) for all installation FAPs.

§ 61.8 Applicability.

This subpart applies to OSD, the Military Departments, the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities in the DoD (referred to collectively in this subpart as the ‘‘DoD Components’’).

§ 61.9 Definitions.

Unless otherwise noted, the following terms and their definitions are for the purposes of this subpart.

Alleged abuser. Defined in subpart A of this part.

Case. One or more reported incidents of suspected child abuse or domestic abuse pertaining to the same victim.

Clinical case staff meeting (CCSM). An installation FAP meeting of clinical service providers to assist the coordinated delivery of supportive services and clinical treatment in child abuse
and domestic abuse cases, as appropriate. They provide: clinical consultation directed to ongoing safety planning for the victim; the planning and delivery of supportive services, and clinical treatment, as appropriate, for the victim; the planning and delivery of rehabilitative treatment for the alleged abuser; and case management, including risk assessment and ongoing safety monitoring.

Child. Defined in subpart A of this part.

Child abuse. The physical or sexual abuse, emotional abuse, or neglect of a child by a parent, guardian, foster parent, or by a caregiver, whether the caregiver is intrafamilial or extrafamilial, under circumstances indicating the child's welfare is harmed or threatened. Such acts by a sibling, other family member, or other person shall be deemed to be child abuse only when the individual is providing care under express or implied agreement with the parent, guardian, or foster parent.

Clinical case management. The FAP process of providing or coordinating the provision of clinical services, as appropriate, to the victim, alleged abuser, and family member in each FAP child abuse and domestic abuse incident from entry into until exit from the FAP system. It includes identifying risk factors; safety planning; conducting and monitoring clinical case assessments; presentation to the Incident Determination Committee (IDC); developing and implementing treatment plans and services; completion and maintenance of forms, reports, and records; communication and coordination with relevant agencies and professionals on the case; case review and advocacy; case counseling with the individual victim, alleged abuser, and family member, as appropriate; other direct services to the victim, alleged abuser, and family members, as appropriate; and case transfer or closing.

Clinical intervention. A continuous risk management process that includes identifying risk factors, safety planning; initial clinical assessment, formulation of a clinical treatment plan, clinical treatment based on assessing readiness for and motivating behavioral change and life skills development, periodic assessment of behavior in the treatment setting, and monitoring behavior and periodic assessment of outside-of-treatment settings.

Domestic abuse. Domestic violence or a pattern of behavior resulting in emotional/psychological harm, economic control, and/or interference with personal liberty that is directed toward a person who is:

(1) A current or former spouse.
(2) A person with whom the abuser shares a child in common; or
(3) A current or former intimate partner with whom the abuser shares or has shared a common domicile.

Domestic violence. An offense under the United States Code, the Uniform Code of Military Justice (UCMJ), or State law involving the use, attempted use, or threatened use of force or violence against a person, or a violation of a lawful order issued for the protection of a person who is:

(1) A current or former spouse.
(2) A person with whom the abuser shares a child in common; or
(3) A current or former intimate partner with whom the abuser shares or has shared a common domicile.

Family Advocacy Committee (FAC). Defined in subpart A of this part.

Family Advocacy Command Assistance Team (FACAT). Defined in subpart A of this part.

Family Advocacy Program (FAP). Defined in subpart A of this part.

High risk for violence. A level of risk describing families or individuals experiencing severe abuse or the potential for severe abuse, or offenders engaging in high risk behaviors such as making threats to cause grievous bodily harm, preventing victim access to communication devices, stalking, etc. Such cases require coordinated community safety planning that actively involves installation law enforcement, command, legal, and FAP.

Home visitation. A strategy for delivering services to parents in their homes to improve child and family functioning.

Home visitor. A person who provides FAP services to promote child and family functioning to parents in their homes.
§61.9

IDC. Defined in subpart A of this part.

Installation. Any more or less permanent post, camp, station, base for the support or carrying on of military activities.

Installation Family Advocacy Program Manager (FAPM). The individual at the installation level designated by the installation commander in accordance with Service FAP headquarters implementing guidance to manage the FAP, supervise FAP staff, and coordinate all FAP activities. If the Service FAP headquarters implementing guidance assigns the responsibilities of the local FAPM between two individuals, the FAPM is the individual who has been assigned the responsibility for implementing the specific procedure.

NPSP. A standardized secondary prevention program under the FAP that delivers intensive, voluntary, strengths based home visitation services designed specifically for expectant parents and parents of children from birth to 3 years of age to reduce the risk of child abuse and neglect.

Non-DoD eligible extrafamilial caregiver. A caregiver who is not sponsored or sanctioned by the DoD. It includes nannies, temporary babysitters certified by the Red Cross, and temporary babysitters in the home, and other non-DoD eligible family members who provide care for or supervision of children.

Non-medical counseling. Short term, non-therapeutic counseling that is not appropriate for individuals needing clinical therapy. Non-medical counseling is supportive in nature and addresses general conditions of living, life skills, improving relationships at home and at work, stress management, adjustment issues (such as those related to returning from a deployment), marital problems, parenting, and grief and loss. This definition is not intended to limit the authority of the Military Departments to grant privileges to clinical providers modifying this scope of care consistent with current Military Department policy.

Out-of-home care. The responsibility of care for and/or supervision of a child in a setting outside the child’s home by an individual placed in a caretaker role sanctioned by a Military Service or Defense Agency or authorized by the Service or Defense Agency as a provider of care, such as care in a child development center, school, recreation program, or family child care, part.

Primary managing authority (PMA). The installation FAP that has primary authority and responsibility for the management and incident status determination of reports of child abuse and unrestricted reports of domestic abuse.

Restricted reporting. Defined in subpart A of this part.

Risk management. The process of identifying risk factors associated with increased risk for child abuse or domestic abuse, and controlling those factors that can be controlled through collaborative partnerships with key military personnel and civilian agencies, including the active duty member’s commander, law enforcement personnel, child protective services, and victim advocates. It includes the development and implementation of an intervention plan when significant risk of lethality or serious injury is present to reduce the likelihood of future incidents and to increase the victim’s safety, continuous assessment of risk factors associated with the abuse, and prompt updating of the victim’s safety plan, as needed.

Safety planning. A process whereby a victim advocate, working with a domestic abuse victim, creates a plan, tailored to that victim’s needs, concerns, and situation, that will help increase the victim’s safety and help the victim to prepare for, and potentially avoid, future violence.

Service FAP headquarters. The office designated by the Secretary of the Military Department to develop and issue Service FAP implementing guidance in accordance with DoD policy, manage the Service-level FAP, and provide oversight for Service FAP functions.

Unrestricted reporting. Defined in subpart A of this part.

Victim. A child or current or former spouse or intimate partner who is the subject of an alleged incident of child maltreatment or domestic abuse because he/she was allegedly maltreated by the alleged abuser.

Victim advocate. An employee of the Department of Defense, a civilian
working under contract for the Department of Defense, or a civilian providing services by means of a formal memorandum of understanding between a military installation and a local victim advocacy service agency, whose role is to provide safety planning services and comprehensive assistance and liaison to and for victims of domestic abuse, and to educate personnel on the installation regarding the most effective responses to domestic abuse on behalf of victims and at-risk family members. The advocate may also be a volunteer military member, a volunteer civilian employee of the Military Department, or staff assigned as collateral duty.

§ 61.10 Policy.
According to subpart A of this part, it is DoD policy to:

(a) Promote early identification; reporting; and coordinated, comprehensive intervention, assessment, and support to victims of child abuse and domestic abuse.

(b) Ensure that personally identifiable information (PII) collected in the course of FAP activities is safeguarded to prevent any unauthorized use or disclosure and that the collection, use, and release of PII is in compliance with 5 U.S.C. 552a.

§ 61.11 Responsibilities.

(a) Under the authority, direction, and control of the USD(P&R) through the Assistant Secretary of Defense for Readiness and Force Management, the Deputy Assistant Secretary of Defense for Military Community and Family Policy (DASD(MC&FP)):

(1) Monitors compliance with this subpart.

(2) Collaborates with the Secretaries of the Military Departments to develop policies and procedures for monitoring compliance with the PSs in §61.12 of this subpart.

(3) Convenes an annual DoD Accreditation and Inspection Summit to review and respond to the findings and recommendations of the Military Departments’ accreditation or inspection results.

(b) The Secretaries of the Military Departments:

(1) Develop Service-wide FAP policy, supplementary standards, and instructions to provide for unique requirements within their respective installation FAPs to implement the PSs in this subpart as appropriate.

(2) Require all installation personnel with responsibilities in this subpart receive appropriate training to implement the PSs in §61.12 of this subpart.

(3) Conduct accreditation and inspection reviews outlined in §61.12 of this subpart.

§ 61.12 Procedures.

(a) Purposes of the standards—(1) Quality Assurance (QA) to address child abuse and domestic abuse. The FAP PSs provide DoD and Service FAP headquarters QA guidelines for installation FAP-sponsored prevention and clinical intervention programs. Therefore, the PSs presented in this section and cross referenced in the Index of FAP Topics in the Appendix to §61.12 represent the minimal necessary elements for effectively dealing with child abuse and domestic abuse in installation programs in the military community.

(2) Minimum requirements for oversight, management, logistical support, procedures, and personnel requirements. The PSs set forth minimum requirements for oversight, management, logistical support, procedures, and personnel requirements necessary to ensure all military personnel and their family members receive family advocacy services from the installation FAPs equal in quality to the best programs available to their civilian peers.

(3) Measuring quality and effectiveness. The PSs provide a basis for measuring the quality and effectiveness of each installation FAP and for systematically projecting fiscal and personnel resources needed to support worldwide DoD FAP efforts.

(b) Installation response to child abuse and domestic abuse—(1) FAC—(1) PS 1: Establishment of the FAC. The installation commander must establish an installation FAC and appoint a FAC chairperson in accordance with subpart A of this part and Service FAP headquarters implementing policies and guidance to serve as the policy-making, coordinating, and advisory body to address child abuse and domestic abuse at the installation.
(ii) PS 2: Coordinated community response and risk management plan. The FAC must develop and approve an annual plan for the coordinated community response and risk management of child abuse and domestic abuse, with specific objectives, strategies, and measurable outcomes.

The plan is based on a review of:
(A) The most recent installation needs assessment.
(B) Research-supported protective factors that promote and sustain healthy family relationships.
(C) Risk factors for child abuse and domestic abuse.
(D) The most recent prevention strategy to include primary, secondary, and tertiary interventions.
(E) Trends in the installation’s risk management approach to high risk for violence, child abuse, and domestic abuse.
(F) The most recent accreditation review or DoD Component Inspector General inspection of the installation agencies represented on the FAC.
(G) The evaluation of the installation’s coordinated community response to child abuse and domestic abuse.

(iii) PS 3: Monitoring coordinated community response and risk management plan. The FAC monitors the implementation of the coordinated community response and risk management plan. Such monitoring includes a review of:
(A) The development, signing, and implementation of formal memorandums of understanding (MOUs) among military activities and between military activities and civilian authorities and agencies to address child abuse and domestic abuse.
(B) Steps taken to address problems identified in the most recent accreditation review of the FAP and evaluation of the installation’s coordinated community response and risk management approach.
(C) FAP recommended criteria to identify populations at higher risk to commit or experience child abuse and domestic abuse, the special needs of such populations, and appropriate actions to address those needs.
(D) Effectiveness of the installation coordinated community response and risk management approach in responding to high risk for violence, child abuse, and domestic abuse incidents.

(E) Implementation of the installation prevention strategy to include primary, secondary, and tertiary interventions.
(F) The annual report of fatality reviews that Service FAP headquarters fatality review teams conduct. The FAC should also review the Service FAP headquarters’ recommended changes for the coordinated community response and risk management approach. The coordinated community response will focus on strengthening protective factors that promote and sustain healthy family relationships and reduce the risk factors for future child abuse and domestic abuse-related fatalities.

(2) Coordinated Community Response—
   (i) PS 4: Roles, functions, and responsibilities. The FAC must ensure that all installation agencies involved with the coordinated community response to child abuse and domestic abuse comply with the defined roles, functions, and responsibilities in DoD Instruction 6400.06 and the Service FAP headquarters implementing policies and guidance.
   (ii) PS 5: MOUs. The FAC must verify that:
   (A) Formal MOUs are established as appropriate with counterparts in the local civilian community to improve coordination on: Child abuse and domestic abuse investigations; emergency removal of children from homes; fatalities; arrests; prosecutions; and orders of protection involving military personnel.
   (B) Installation agencies established MOUs setting forth the respective roles and functions of the installation and the appropriate federal, State, local, or foreign agencies or organizations (in accordance with status-of-forces agreements (SOFAs)) that provide:
      (1) Child welfare services, including foster care, to ensure ongoing and active collaborative case management between the respective courts, child protective services, foster care agencies, and FAP.
      (2) Medical examination and treatment.
      (3) Mental health examination and treatment.
(4) Domestic abuse victim advocacy.
(5) Related social services, including State home visitation programs when appropriate.
(6) Safety shelter.

(iii) PS 6: Collaboration between military installations. The installation commander must require that installation agencies have collaborated with counterpart agencies on military installations in geographical proximity and on joint bases to ensure coordination and collaboration in providing child abuse and domestic abuse services to military families. Collaboration includes developing MOUs, as appropriate.

(vi) PS 7: Domestic abuse victim advocacy services. The installation FAC must establish 24 hour access to domestic abuse victim advocacy services through personal or telephone contact in accordance with DoD Instruction 6400.06 and Service FAP headquarters implementing policy and guidance for restricted reports of domestic abuse and the domestic abuse victim advocate services.

(v) PS 8: Domestic abuse victim advocate personnel requirements. The installation commander must require that qualified personnel provide domestic abuse victim advocacy services in accordance with DoD Instruction 6400.06 and Service FAP headquarters implementing policy and guidance.

(A) Such personnel may include federal employees, civilians working under contract for the DoD, civilians providing services through a formal MOU between the installation and a local civilian victim advocacy service agency, volunteers, or a combination of such personnel.

(B) All domestic abuse victim advocates are supervised in accordance with Service FAP headquarters policies.

(vi) PS 9: 24-hour emergency response plan. An installation 24-hour emergency response plan to child abuse and domestic abuse incidents must be established in accordance with DoD Instruction 6400.06 and the Service FAP headquarters implementing policies and guidance.

(vii) PS 10: FAP Communication with military law enforcement. The FAP and military law enforcement reciprocally provide to one another:

(A) Within 24 hours, FAP will communicate all reports of child abuse involving military personnel or their family members to the appropriate civilian child protective services agency or law enforcement agency in accordance with subpart A of this part, 42 U.S.C. 13031, and 28 CFR 81.2.

(B) Within 24 hours, FAP will communicate all unrestricted reports of domestic abuse involving military personnel and their current or former spouses or their current or former intimate partners to the appropriate civilian law enforcement agency in accordance with subpart A of this part, 42 U.S.C. 13031, and 28 CFR 81.2.

(viii) PS II: Protection of children. The installation FAC in accordance with Service FAP headquarters implementing policies and guidance must set forth the procedures and criteria for:

(A) The safety of child victim(s) of abuse or other children in the household when they are in danger of continued abuse or life-threatening child neglect.

(B) Safe transit of such child(ren) to appropriate care. When the installation is located outside the continental United States, this includes procedures for transit to a location of appropriate care within the United States.

(C) Ongoing collaborative case management between FAP, relevant courts, and child welfare agencies when military children are placed in civilian foster care.

(D) Notification of the affected Service member’s command when a dependent child has been taken into custody or foster care by local or State courts, or child welfare or protection agencies.

(3) Risk Management—(1) PS 12: PMA. When an installation FAP receives a report of a case of child abuse or domestic abuse in which the victim is at a different location than the abuser, PMA for the case must be:

(A) In child abuse cases:

(1) The sponsor’s installation when the alleged abuser is the sponsor; a non-sponsor DoD-eligible family member; or a non-sponsor, status unknown.

(2) The alleged abuser’s installation when the alleged abuser is a non-sponsor active duty Service member; a non-sponsor, DoD-eligible extrafamilial
§61.12  32 CFR Ch. 1 (7–1–15 Edition)
caregiver; or a DoD-sponsored out-of-home care provider.

(3) The victim’s installation when the alleged abuser is a non-DoD-eligible extrafamilial caregiver.

(B) In domestic abuse cases:

(1) The alleged abuser’s installation when both the alleged abuser and the victim are active duty Service members.

(2) The alleged abuser’s installation when the alleged abuser is the only sponsor.

(3) The victim’s installation when the victim is the only sponsor.

(4) The installation FAP who received the initial referral when both parties are alleged abusers in bi-directional domestic abuse involving dual military spouses or intimate partners.

(ii) PS 13: Risk management approach—

(A) All installation agencies involved with the installation’s coordinated community risk management approach to child abuse and domestic abuse must comply with their defined roles, functions, and responsibilities in accordance with 42 U.S.C. 13031 and 28 CFR 81.2 and Service FAP headquarters implementing policies and guidance.

(B) When victim(s) and abuser(s) are assigned to different servicing FAPs or are from different Services, the PMA is assigned according to PS 12 (paragraph (b)(3)(i) of this section), and both serving FAP offices and Services are kept informed of the status of the case, regardless of who has PMA.

(iii) PS 14: Risk assessments. FAP conducts risk assessments of alleged abusers, victims, and other family members to assess the risk of re-abuse, and communicate any increased levels of risk to appropriate agencies for action, as appropriate. Risk assessments are conducted:

(A) At least quarterly on all open FAP cases.

(B) Monthly on FAP cases assessed as high risk and those involving court involved children placed in out-of-home care, child sexual abuse, and chronic child neglect.

(C) Within 30 days of any change since the last risk assessment that presents increased risk to the victim or warrants additional safety planning.

(v) PS 16: Risk management and deployment. Procedures are established to manage child abuse and domestic abuse incidents that occur during the deployment cycle of a Service member, in accordance with subpart A of this part and DoD Instruction 6400.06, and Service FAP headquarters implementing policies and guidance, so that when an alleged abuser Service member in an active child abuse or domestic abuse case is deployed:

(A) The forward command notifies the home station command when the deployed Service member will return to the home station command.

(B) The home station command implements procedures to reduce the risk of subsequent child abuse and domestic abuse during the reintegration of the Service member into the FAP case management process.

(4) IDC—(i) PS 17: IDC established. An installation IDC must be established to review reports of child abuse and unrestricted reports of domestic abuse.

(ii) PS 18: IDC operations. The IDC reviews reports of child abuse and unrestricted reports of domestic abuse to determine whether the reports meet the criteria for entry into the Service FAP headquarters central registry of child abuse and domestic abuse incidents in accordance with subpart A of this part and Service FAP headquarters implementing policies and guidance.

(iii) PS 19: Responsibility for training FAC and IDC members. All FAC and IDC members must receive:

(A) Training on their roles and responsibilities before assuming their positions on their respective teams.

(B) Periodic information and training on DoD policies and Service FAP headquarters policies and guidance.

(iv) PS 20: IDC QA. An IDC QA process must be established for monitoring
and QA review of IDC decisions in accordance with Service FAP headquarters implementing policy and guidance.

(c) Organization and management of the FAP—(1) General organization of the FAP—(i) PS 21: Establishment of the FAP. The installation commander must establish a FAP to address child abuse and domestic abuse in accordance with DoD policy and Service FAP headquarters implementing policies and guidance.

(ii) PS 22: Operations policy. The installation FAC must ensure coordination among the following key agencies interacting with the FAP in accordance with subpart A of this part and Service FAP headquarters implementing policies and guidance:

(A) Family center(s).
(B) Substance abuse program(s).
(C) Sexual assault and prevention response programs.
(D) Child and youth program(s).
(E) Program(s) that serve families with special needs.
(F) Medical treatment facility, including:
   (1) Mental health and behavioral health personnel.
   (2) Social services personnel.
   (3) Dental personnel.
   (G) Law enforcement.
   (H) Criminal investigative organization detachment.
   (I) Staff judge advocate or servicing legal office.
   (J) Chaplain(s).
   (K) Department of Defense Education Activity (DoDEA) school personnel.
   (L) Military housing personnel.
   (M) Transportation office personnel.

(iii) PS 23: Appointment of an installation FAPM. The installation commander must appoint in writing an installation FAPM to implement and manage the FAP. The FAPM must direct the development, oversight, coordination, administration, and evaluation of the installation FAP in accordance with subpart A of this part and Service FAP headquarters implementing policy and guidance.

(iv) PS 24: Funding. Funds received for child abuse and domestic abuse prevention and treatment activities must be programmed and allocated in accordance with the DoD and Service FAP headquarters implementing policies and guidance, and the plan developed under PS 3, described in paragraph (b)(1)(ii) of this section.

(A) Funds that OSD provides for the FAP must be used in direct support of the prevention and intervention for domestic abuse and child maltreatment; including management, staffing, domestic abuse victim advocate services, public awareness, prevention, training, intensive risk-focused secondary prevention services, intervention, record keeping, and evaluation as set forth in this subpart.

(B) Funds that OSD provides for the NPSP must be used only for secondary prevention activities to support the screening, assessment, and provision of home visitation services to prevent child abuse and neglect in vulnerable families in accordance with DoDI 6400.05.

(v) PS 25: Other resources. FAP services must be housed and equipped in a manner suitable to the delivery of services, including but not limited to:

(A) Adequate telephones.
(B) Office automation equipment.
(C) Handicap accessible.
(D) Access to emergency transport.
(E) Private offices and rooms available for interviewing and counseling victims, alleged abusers, and other family members in a safe and confidential setting.
(F) Appropriate equipment for 24/7 accessibility.

(2) FAP personnel—(i) PS 26: Personnel requirements. The installation commander is responsible for ensuring there are a sufficient number of qualified FAP personnel in accordance with subpart A of this part, DoDI 6400.06, and DoDI Instruction 6400.05, and Service FAP headquarters implementing policy and guidance. FAP personnel may consist of military personnel on active duty, employees of the federal civil service, contractors, volunteers, or a combination of such personnel.

(ii) PS 27: Criminal history record check. All FAP personnel whose duties involve services to children require a criminal history record check in accordance with DoDI Instruction 1402.5, “Criminal History Background Checks on Individuals in Child Care Services”
(iii) PS 28: Clinical staff qualifications. All FAP personnel who conduct clinical assessment of or provide clinical treatment to victims of child abuse or domestic abuse, alleged abusers, or their family members must have all of the following minimum qualifications:
(A) A Master in Social Work, Master of Science, Master of Arts, or doctoral-level degree in human service or mental health from an accredited university or college.
(B) The highest licensure in a State or clinical licensure in good standing in a State that authorizes independent clinical practice.
(C) Two years of experience working in the field of child abuse and domestic abuse.
(D) Clinical privileges or credentialing in accordance with Service FAP headquarters policies.

(iv) PS 29: Prevention and Education Staff Qualifications. All FAP personnel who provide prevention and education services must have the following minimum qualifications:
(A) A Bachelor’s degree from an accredited university or college in any of the following disciplines:
1) Social work.
2) Psychology.
3) Marriage, family, and child counseling.
4) Counseling or behavioral science.
5) Nursing.
6) Education.
7) Community health or public health.
(B) Two years of experience in a family and children’s services public agency or family and children’s services community organization, 1 year of which is in prevention, intervention, or treatment of child abuse and domestic abuse.
(C) Supervision by a qualified staff person in accordance with the Service FAP headquarters policies.

(v) PS 30: Victim advocate staff qualifications. All FAP personnel who provide victim advocacy services must have these minimum qualifications:
(A) A Bachelor’s degree from an accredited university or college in any of the following disciplines:
1) Social work.
2) Psychology.
3) Marriage, family, and child counseling.
4) Counseling or behavioral science.
5) Criminal justice.
(B) Two years of experience in assisting and providing advocacy services to victims of domestic abuse or sexual assault.
(C) Supervision by a Master’s level social worker.

(vi) PS 31: NPSP staff qualifications. All FAP personnel who provide services in the NPSP must have qualifications in accordance with DoD Instruction 6400.05.

(3) Safety and home visits—(i) PS 32: Internal and external duress system established. The installation FAPM must establish a system to identify and manage potentially violent clients and to promote the safety and reduce the risk of harm to staff working with clients and to others inside the office and when conducting official business outside the office.
(ii) PS 33: Protection of home visitors. The installation FAPM must:
(A) Issue written FAP procedures to ensure minimal risk and maximize personal safety when FAP or NPSP staff perform home visits.
(B) Require that all FAP and NPSP personnel who conduct home visits are trained in FAP procedures to ensure minimal risk and maximize personal safety before conducting a home visit.
(iii) PS 34: Home visitors’ reporting of known or suspected child abuse and domestic abuse. All FAP and NPSP personnel who conduct home visits are to report all known or suspected child abuse in accordance with subpart A of this part and 42 U.S.C. 13031, and domestic abuse in accordance with DoD Instruction 6400.06 and the Service FAP headquarters implementing policy and guidance.

(4) Management information system—(1) PS 35: Management information system policy. The installation FAPM must establish procedures for the collection, use, analysis, reporting, and distributing of FAP information in accordance with subpart A of this part, DoD 6025.18–R, 32 CFR part 310, DoD 6400.1–M–1 and Service FAP headquarters implementing policy. These procedures ensure:
Office of the Secretary of Defense § 61.12

(A) Accurate and comparable statistics needed for planning, implementing, assessing, and evaluating the installation coordinated community response to child abuse and domestic abuse.

(B) Identifying unmet needs or gaps in services.

(C) Determining installation FAP resource needs and budget.

(D) Developing installation FAP guidance.

(E) Administering the installation FAP.

(F) Evaluating installation FAP activities.

(ii) PS 36: Reporting of statistics. The FAP reports statistics annually to the Service FAP headquarters in accordance with subpart A of this part and the Service FAP headquarters implementing policies and guidance, including the accurate and timely reporting of:

(A) FAP metrics—(1) The number of new commanders at the installation whom the Service FAP headquarters determined must receive the FAP briefing, and the number of new commanders who received the FAP briefing within 90 days of taking command.

(2) The number of senior noncommissioned officers (NCOs) in pay grades E–7 and higher whom the Service FAP headquarters determined must receive the FAP briefing annually, and the number of senior NCOs who received the FAP briefing within the year.

(B) NPSP metric—(1) The number of high risk families who began receiving NPSP intensive services (two contacts per month) for at least 6 months in the previous fiscal year.

(2) The number of these families with no reports of child maltreatment incidents that met criteria for abuse for entry into the central registry (formerly, “substantiated reports”) within 12 months after their NPSP services ended, in accordance with DoD Instruction 6400.05.

(C) Domestic abuse treatment metric—

(1) The number of allegedly abusive spouses in incidents that met FAP criteria for domestic abuse who began receiving and successfully completed FAP clinical treatment services during the previous fiscal year.

(2) The number of these spouses who were not reported as allegedly abusive in any domestic abuse incidents that met FAP criteria within 12 months after FAP clinical services ended.

(D) Domestic abuse victim advocacy metrics. The number of domestic abuse victims:

(1) Who receive domestic abuse victim advocacy services, and of those, the respective totals of domestic abuse victims who receive such services from domestic abuse victim advocates or from FAP clinical staff.

(2) Who initially make restricted reports to domestic abuse victim advocates and the total of domestic abuse victims who initially make restricted reports to FAP clinical staff, and of each of those, the total of domestic abuse victims who report being sexually assaulted.

(3) Whose initially restricted reports to domestic abuse victim advocates became unrestricted reports, and the total of domestic abuse victims whose initially restricted reports to FAP clinical staff became unrestricted reports.

(4) Initially making unrestricted reports to domestic abuse victim advocates and making unrestricted reports to FAP clinical staff and, of each of those, the total of domestic abuse victims who report being sexually assaulted.

(d) Public awareness, prevention, NPSP, and training—(1) Public awareness activities—(i) PS 37: Implementation of public awareness activities in the coordinated community response and risk management plan. The FAP public awareness activities highlight community strengths; promote FAP core concepts and messages; advertise specific services; use appropriate available techniques to reach out to the military community, especially to military families who reside outside of the military installation; and are customized to the local population and its needs.

(ii) PS 38: Collaboration to increase public awareness of child abuse and domestic abuse. The FAP partners and collaborates with other military and civilian organizations to conduct public awareness activities.

(iii) PS 39: Components of public awareness activities. The installation public
awareness activities promote community awareness of:

(A) Protective factors that promote and sustain healthy parent/child relationships.

1) The importance of nurturing and attachment in the development of young children.

2) Infant, childhood, and teen development.

3) Programs, strategies, and opportunities to build parental resilience.

4) Opportunities for social connections and mutual support.

5) Programs and strategies to facilitate children's social and emotional development.

6) Information about access to community resources in times of need.

(B) The dynamics of risk factors for different types of child abuse and domestic abuse, including information for teenage family members on teen dating violence.

(C) Developmentally appropriate supervision of children.

(D) Creating safe sleep environments for infants.

(F) The availability of domestic abuse victim advocates.

(G) Hotlines and crisis lines that provide 24/7 support to families in crisis.

(H) How victims of domestic abuse may make restricted reports of incidents of domestic abuse in accordance with DoD Instruction 6400.06.

(J) The availability of NPSP home visitation services.

(2) Prevention activities—(i) PS 40: Implementation of prevention activities in the coordinated community response and risk management plan. The FAP implements coordinated child abuse and domestic abuse primary and secondary prevention activities identified in the annual plan.

(ii) PS 41: Collaboration for prevention of child abuse and domestic abuse. The FAP collaborates with other military and civilian organizations to implement primary and secondary child abuse and domestic abuse prevention programs and services that are available on a voluntary basis to all persons eligible for services in a military medical treatment facility.

(iii) PS 42: Primary prevention activities. Primary prevention activities include, but are not limited to:

(A) Information, classes, and non-medical counseling as defined in §61.3 to assist Service members and their family members in strengthening their interpersonal relationships and marriages, in building their parenting skills, and in adapting successfully to military life.

(B) Proactive outreach to identify and engage families during pre-deployment, deployment, and reintegration to decrease the negative effects of deployment and other military operations on parenting and family dynamics.

(C) Family strengthening programs and activities that facilitate social connections and mutual support, link families to services and opportunities for growth, promote children’s social and emotional development, promote safe, stable, and nurturing relationships, and encourage parental involvement.

(iv) PS 43: Identification of populations for secondary prevention activities. The FAP identifies populations at higher risk for child abuse or domestic abuse from a review of:

(A) Relevant research findings.

(B) One or more relevant needs assessments in the locality.

(C) Data from unit deployments and returns from deployment.
(D) Data of expectant parents and parents of children 3 years of age or younger.
(E) Lessons learned from Service FAP headquarters and local fatality reviews.
(F) Feedback from the FAC, the IDC, and the command.

(v) **PS 44: Secondary prevention activities.** The FAP implements secondary prevention activities that are results-oriented and evidence-supported, stress the positive benefits of seeking help, promote available resources to build and sustain protective factors for healthy family relationships, and reduce risk factors for child abuse or domestic abuse. Such activities include, but are not limited to:

(A) Educational classes and counseling to assist Service members and their family members with troubled interpersonal relationships and marriages in improving their interpersonal relationships and marriages.

(B) The NPSP, in accordance with DoD Instruction 6400.05 and Service FAP headquarters implementing policy and guidance.

(C) Educational classes and counseling to help improve the parenting skills of Service members and their family members who experience parenting problems.

(D) Health care screening for domestic abuse.

(E) Referrals to essential services, supports, and resources when needed.

(3) **NPSP**—(i) **PS 45: Referrals to NPSP.** The installation FAPM ensures that expectant parents and parents with children ages 0–3 years may self-refer to the NPSP or be encouraged to participate by a health care provider, the commander of an active duty Service member who is a parent or expectant parent, staff of a family support program, or community professionals.

(ii) **PS 46: Informed Consent for NPSP.** The FAPM ensures that parents who ask to participate in the NPSP are provided informed consent in accordance with subpart A of this part and DoD Instruction 6400.05 and Service FAP headquarters implementing policy and guidance to be:

(A) Voluntarily screened for factors that may place them at risk for child abuse and domestic abuse.

(B) Further assessed using standardized and more in-depth measurements if the screening indicates potential for risk.

(C) Receive home visits and additional NPSP services as appropriate.

(D) Assessed for risk on a continuing basis.

(iii) **PS 47: Eligibility for NPSP.** Pending funding and staffing capabilities, the installation FAPM ensures that qualified NPSP personnel offer intensive home visiting services on a voluntary basis to expectant parents and parents with children ages 0–3 years who:

(A) Are eligible to receive services in a military medical treatment facility.

(B) Have been assessed by NPSP staff as:

(1) At-risk for child abuse or domestic abuse.

(2) Displaying some indicators of high risk for child abuse or domestic abuse, but whose overall assessment does not place them in the at-risk category.

(3) Having been reported to FAP for an incident of abuse of a child age 0–3 years in their care who have previously received NPSP services.

(iv) **PS 48: Review of NPSP screening.** Results of NPSP screening are reviewed within 3 business days of completion. If the screening indicates potential for risk, parents are invited to participate in further assessment by a NPSP home visitor using standardized and more in-depth measurements.

(v) **PS 49: NPSP services.** The NPSP offers expectant parents and parents with children ages 0–3, who are eligible for the NPSP, access to intensive home visiting services that:

(A) Are sensitive to cultural attitudes and practices, to include the need for interpreter or translation services.

(B) Are based on a comprehensive assessment of research-based protective and risk factors.

(C) Emphasize developmentally appropriate parenting skills that build on the strengths of the parent(s).

(D) Support the dual roles of the parent(s) as Service member(s) and parent(s).

(E) Promote the involvement of both parents when applicable.
§61.12  32 CFR Ch. I (7–1–15 Edition)

(F) Decrease any negative effects of deployment and other military operations on parenting.

(G) Provide education to parent(s) on how to adapt to parenthood, children’s developmental milestones, age-appropriate expectations for their child’s development, parent-child communication skills, parenting skills, and effective discipline techniques.

(H) Empower parents to seek support and take steps to build proactive coping strategies in all domains of family life.

(I) Provide referral to additional community resources to meet identified needs.

(vi) PS 50: NPSP protocol. The installation FAPM ensures that NPSP personnel implement the Service FAP headquarters protocol for NPSP services, including the NPSP intervention plan with clearly measurable goals, based on needs identified by the standard screening instrument, assessment tools, the NPSP staff member’s clinical assessment, and active input from the family.

(vii) PS 51: Frequency of NPSP home visits. NPSP personnel exercise professional judgment in determining the frequency of home visits based on the assessment of the family, but make a minimum of two home visits to each family per month. If at least two home visits are not provided to a high risk family enrolled in the program, NPSP personnel will document what circumstance(s) occurred to preclude twice monthly home visits and what services/contacts were provided instead.

(viii) PS 52: Continuing NPSP risk assessment. The installation FAPM ensures that NPSP personnel assess risk and protective factors impacting parents receiving NPSP home visitation services on an ongoing basis to continuously monitor progress toward intervention goals.

(ix) PS 53: Opening, transferring, or closing NPSP cases. The installation FAPM ensures that NPSP cases are opened, transferred, or closed in accordance with Service FAP headquarters policy and guidance.

(x) PS 54: Disclosure of information in NPSP cases. Information gathered during NPSP screening, clinical assessments, and in the provision of supportive services or treatment that is protected from disclosure under 5 U.S.C. 552a, DoD 6025.18–R, and 32 CFR part 310 is only disclosed in accordance with 5 U.S.C. 552a, DoD 6025.18–R, 32 CFR part 310, and the Service FAP headquarters implementing policies and guidance.

(4) Training—(1) PS 55: Implementation of training requirements. The FAP implements coordinated training activities for commanders, senior enlisted advisors, Service members, and their family members, DoD civilians, and contractors.

(ii) PS 56: Training for commanders and senior enlisted advisors. The installation commander or senior mission commander must require that qualified FAP trainers defined in accordance with Service FAP headquarters implementing policy and guidance provide training on the prevention of and response to child abuse and domestic abuse to:

(A) Commanders within 90 days of assuming command.

(B) Annually to NCOs who are senior enlisted advisors.

(iii) PS 57: Training for other installation personnel. Qualified FAP trainers as defined in accordance with Service FAP headquarters implementing policy and guidance conduct training (or help provide subject matter experts who conduct training) on child abuse and domestic abuse in the military community to installation:

(A) Law enforcement and investigative personnel.

(B) Health care personnel.

(C) Sexual assault prevention and response personnel.

(D) Chaplains.

(E) Personnel in DoDEA schools.

(F) Personnel in child development centers.

(G) Family home care providers.

(H) Personnel and volunteers in youth programs.

(I) Family center personnel.

(J) Service members.

(iv) PS 58: Content of training. FAP training for personnel, as required by PS 56 and PS 57, located at paragraphs (d)(4)(ii) and (d)(4)(iii) of this section, includes:
§ 61.12

(A) Research-supported protective factors that promote and sustain healthy family relationships.

(B) Risk factors for and the dynamics of child abuse and domestic abuse.

(C) Requirements and procedures for reporting child abuse in accordance with subpart A of this part, 42 U.S.C. 13031, 28 CFR 81.2, and DoD Instruction 6400.03.

(D) The availability of domestic abuse victim advocates and response to restricted and unrestricted reports of incidents of domestic abuse in accordance with DoD Instruction 6400.06.

(E) The dynamics of domestic abuse, reporting options, safety planning, and response unique to the military culture that establishes and supports competence in performing core victim advocacy duties.

(F) Roles and responsibilities of the FAP and the command under the installation’s coordinated community response to a report of a child abuse, including the response to a report of child sexual abuse in a DoD sanctioned child or youth activity in accordance with subpart A of this part and DoD 6400.1–M–1, or domestic abuse incident, and actions that may be taken to protect the victim in accordance with subpart A of this part and DoD Instruction 6400.06.

(G) Available resources on and off the installation that promote protective factors and support families at risk before abuse occurs.

(H) Procedures for the management of child abuse and domestic abuse incidents that happen before a Service member is deployed, as set forth in PS 16, located at paragraph (b)(3)(v) of this section.

(I) The availability of transitional compensation for victims of child abuse and domestic abuse in accordance with 5 U.S.C. 552a and DoD In- struction 6400.03, and Service FAP headquarters implementing policy and guidance.

(v) PS 58: Additional FAP training for NPSP personnel. The installation FAPM ensures that all personnel offering NPSP services are trained in the content specified in PS 58, located at paragraph (d)(4)(iv) of this section, and in DoD Instruction 6400.05.

(e) FAP Response to incidents of child abuse or domestic abuse—(1) Reports of child abuse—(1) PS 60: Responsibilities in responding to reports of child abuse. The installation commander in accordance with subpart A of this part and Service FAP headquarters implementing policy and guidance must issue local policy that specifies the installation procedures for responding to reports of:

(A) Suspected incidents of child abuse in accordance with subpart A of this part, 42 U.S.C. 13031, 28 CFR 81.2, and Service FAP headquarters implementing policies and guidance, federal and State laws, and applicable SOFAs.

(B) Suspected incidents of child abuse involving students, ages 3–18, enrolled in a DoDEA school or any children participating in DoD-sanctioned child or youth activities or programs.

(C) Suspected incidents of the sexual abuse of a child in DoD-sanctioned child or youth activities or programs that must be reported to the DASD(MC&FP) in accordance with DoD Instruction 6400.03 and Service FAP headquarters implementing policies and guidance.

(D) Suspected incidents involving fatalities or serious injury involving child abuse that must be reported to OSD FAP in accordance with subpart A of this part and Service FAP headquarters implementing policies and guidance.

(ii) PS 61: Responsibilities during emergency removal of a child from the home. (A) In responding to reports of child abuse, the FAP complies with subpart A of this part and Service FAP headquarters implementing policy and guidance and installation policies, procedures, and criteria set forth under PS 11, located at paragraph (b)(2)(vii) of this section, during emergency removal of a child from the home.

(B) The FAP provides ongoing and direct case management and coordination of care of children placed in foster care in collaboration with the child welfare and foster care agency, and will not close the FAP case until a permanency plan for all involved children is in place.

(iii) PS 62: Coordination with other authorities to protect children. The FAP coordinates with military and local civilian law enforcement agencies, military
investigative agencies, and civilian child protective agencies in response to reports of child abuse incidents in accordance with subpart A of this part, 42 U.S.C. 13031, 28 CFR 81.2, and DoD 6400.1–M–1 and appropriate MOUs under PS 5, located at paragraph (b)(2)(i) of this section.

(iv) PS 63: Responsibilities in responding to reports of child abuse involving infants and toddlers from birth to age 3. Services and support are delivered in a developmentally appropriate manner to infants and toddlers, and their families who come to the attention of FAP to ensure decisions and services meet the social and emotional needs of this vulnerable population.

(A) FAP makes a direct referral to the servicing early intervention agency, such as the Educational and Developmental Intervention Services (EDIS) where available, for infants and toddlers from birth to 3 years of age who are involved in an incident of child abuse in accordance with 20 U.S.C. 921 through 932 and chapter 33.

(B) FAP provides ongoing and direct case management services to families and their infants and toddlers placed in foster care or other out-of-home placements to ensure the unique developmental, physical, social-emotional, and mental health needs are addressed in child welfare-initiated care plans.

(v) PS 64: Assistance in responding to reports of multiple victim child sexual abuse in DoD sanctioned out-of-home care.

(A) The installation FAPM assists the installation commander in assessing the need for and implementing procedures for requesting deployment of a DoD FACAT in cases of multiple-victim child sexual abuse occurring in DoD-sanctioned or operated activities, in accordance with DoD Instruction 6400.03 and Service FAP headquarters implementing policies and guidance.

(B) The installation FAPM acts as the installation coordinator for the FACAT before it arrives at the installation.

(2) PS 65: Responsibilities in Responding to Reports of Domestic Abuse. Installation procedures for responding to unrestricted and restricted reports of domestic abuse are established in accordance with DoD Instruction 6400.06 and Service FAP headquarters implementing policy and guidance.

(3) Informed consent—(i) PS 66: Informed consent for FAP clinical assessment, intervention services, and supportive services or clinical treatment. Every person referred for FAP clinical intervention and supportive services must give informed consent for such assessment or services. Clients are considered voluntary, non-mandated recipients of services except when the person is:

(A) Issued a lawful order by a military commander to participate.

(B) Ordered by a court of competent jurisdiction to participate.

(C) A child, and the parent or guardian has authorized such assessment or services.

(ii) PS 67: Documentation of informed consent. FAP staff document that the person gave informed consent in the FAP case record, in accordance with DoD Instruction 6400.06 and the Service FAP headquarters implementing policies and guidance.

(4) Clinical case management and risk management—(i) PS 69: FAP case manager. A clinical service provider is assigned to each FAP referral immediately when the case enters the FAP system in accordance with Service FAP headquarters implementing policy and guidance.

(ii) PS 70: Initial risk monitoring. FAP monitoring of the risk of further abuse begins when the report of suspected child abuse or domestic abuse is received and continues through the initial clinical assessment. The FAP case manager requests information from a variety of sources, in addition to the victim and the abuser (whether alleged or adjudicated), to identify additional risk factors and to clarify the context of the use of any violence, and ascertains the level of risk and the risk of
Office of the Secretary of Defense § 61.12

lethality using standardized instruments in accordance with subpart A of this part and DoD Instruction 6400.06, and Service FAP headquarters policies and guidance.

(iii) PS 71: Ongoing risk assessment. (A) FAP risk assessment is conducted from the clinical assessment until the case closes:

(1) During each contact with the victim;
(2) During each contact with the abuser (whether alleged or adjudicated);
(3) Whenever the abuser is alleged to have committed a new incident of child abuse or domestic abuse;
(4) During significant transition periods for the victim or abuser;
(5) When destabilizing events for the victim or abuser occur; or
(6) When any clinically relevant issues are uncovered during clinical intervention services.

(B) The FAP case manager monitors risk at least quarterly when civilian agencies provide the clinical intervention services or child welfare services through MOUs with such agencies.

(C) The FAP case manager monitors risk at least monthly when the case is high risk or involves chronic child neglect or child sexual abuse.

(iv) PS 72: Communication of increased risk. The FAPM communicates increases in risk or risk of lethality to the appropriate commander(s), law enforcement, or civilian officials. FAP clinical staff assess whether the increased risk requires the victim or the victim advocate to be urged to review the victim’s safety plan.

(5) Clinical assessment—(i) PS 73: Clinical assessment policy. The installation FAPM establishes procedures for the prompt clinical assessment of victims, abusers (whether alleged or adjudicated), and other family members, who are eligible to receive treatment in a military medical facility, in reports of child abuse and unrestricted reports of domestic abuse in accordance with subpart A of this part and DoD 6025.18-R when applicable and Service FAP headquarters policies and guidance, including:

(A) A prompt response based on the severity of the alleged abuse and further risk of child abuse or domestic abuse.
(B) Developmentally appropriate clinical tools and measures to be used, including those that take into account relevant cultural attitudes and practices.
(C) Timelines for FAP staff to complete the assessment of an alleged abuse incident.

(ii) PS 74: Gathering and disclosure of information. Service members who conduct clinical assessments and provide clinical services to Service member abusers (whether alleged or adjudicated) must adhere to Service policies with respect to advisement of rights in accordance with 10 U.S.C. chapter 47, also known as “The Uniform Code of Military Justice”. Clinical service providers must also seek guidance from the servicing legal office when a question of applicability arises.

Before obtaining information about and from the person being assessed, FAP staff fully discuss with such person:

(A) The nature of the information that is being sought.
(B) The sources from which such information will be sought.
(C) The reason(s) why the information is being sought.
(D) The circumstances in accordance with 5 U.S.C. 552a, DoD 6025.18-R, 32 CFR part 310, and Service FAP headquarters policies and guidance under which the information may be released to others.
(E) The procedures under 5 U.S.C. 552a, DoD 6025.18-R, 32 CFR part 310, and Service FAP headquarters policies and guidance for requesting the person’s authorization for such information.
(F) The procedures under 5 U.S.C. 552a, DoD 6025.18-R, 32 CFR part 310, and Service FAP headquarters policies and guidance by which a person may request access to his or her record.

(iii) PS 75: Components of clinical assessment. FAP staff conducts or ensures that a clinical service provider conducts a clinical assessment of each victim, abuser (whether alleged or adjudicated), and other family member who is eligible for treatment in a military
medical treatment facility, in accordance with PS 73, located at paragraph (e)(5)(i) of this section, including:

(A) An interview.

(B) A review of pertinent records.

(C) A review of information obtained from collateral contacts, including but not limited to medical providers, schools, child development centers, and youth programs.

(D) A psychosocial assessment, including developmentally appropriate assessment tools for infants, toddlers, and children.

(E) An assessment of the basic health, developmental, safety, and special health and mental health needs of infants and toddlers.

(F) An assessment of the presence and balance of risk and protective factors.

(G) A safety assessment.

(H) A lethality assessment.

(iv) PS 76: Ethical conduct in clinical assessments. When conducting FAP clinical assessments, FAP staff treat those being clinically assessed with respect, fairness, and in accordance with professional ethics.

(6) Intervention strategy and treatment plan—(i) PS 77: Intervention strategy and treatment plan for the alleged abuser. The FAP case manager prepares an appropriate intervention strategy based on the clinical assessment for every abuser (whether alleged or adjudicated) who is eligible to receive treatment in a military treatment facility and for whom a FAP case is opened. The intervention strategy documents the client’s goals for self, the level of client involvement in developing the treatment goals, and recommends appropriate:

(A) Actions that may be taken by appropriate authorities under the coordinated community response, including safety and protective measures, to reduce the risk of another act of child abuse or domestic abuse, and the assignment of responsibilities for carrying out such actions.

(B) Treatment modalities based on the clinical assessment that may assist the abuser (whether alleged or adjudicated) in ending his or her abusive behavior.

(C) Actions that may be taken by appropriate authorities to assess and monitor the risk of recurrence.

(ii) PS 78: Commanders’ access to relevant information for disposition of allegations. FAP provides commanders and senior enlisted personnel timely access to relevant information on child abuse incidents and unrestricted reports of domestic abuse incidents to support appropriate disposition of allegations. Relevant information includes:

(A) The intervention goals and activities described in PS 77, located at paragraph (e)(6)(i) of this section.

(B) The alleged abuser’s prognosis for treatment, as determined from a clinical assessment.

(C) The extent to which the alleged abuser accepts responsibility for his or her behavior and expresses a genuine desire for treatment, provided that such information obtained from the alleged abuser was obtained in compliance with Service policies with respect to advisement of rights in accordance with 10 U.S.C. chapter 47.

(D) Other factors considered appropriate for the command, including the results of any previous treatment of the alleged abuser for child abuse or domestic abuse and his or her compliance with the previous treatment plan, and the estimated time the alleged abuser will be required to be away from military duties to fulfill treatment commitments.

(E) Status of any child taken into protective custody.

(iii) PS 79: Supportive services plan for the victim and other family members. The FAP case manager prepares a plan for appropriate supportive services or clinical treatment, based on the clinical assessments, for every victim or family member who is eligible to receive treatment in a military treatment facility, who expresses a desire for FAP services, and for whom a FAP case is opened. The plan recommends one or more appropriate treatment modalities or support services, in accordance with subpart A of this part and DoD Instruction 6400.05 and Service FAP headquarters policies and guidance.

(iv) PS 80: Clinical consultation. All FAP clinical assessments and treatment plans for persons in incidents of
child abuse or domestic abuse are reviewed in the CCSM, in accordance with DoD 6025.18–R when applicable, 32 CFR part 310, and Service FAP headquarters policies and guidance.

(7) Intervention and treatment—(i) PS 81: Intervention services for abusers. Appropriate intervention services for an abuser (whether alleged or adjudicated) who is eligible to receive treatment in a military medical program are available either from the FAP or from other military agencies, contractors, or civilian services providers, including:
   (A) Psycho-educationally based programs and services.
   (B) Supportive services that may include financial counseling and spiritual support.
   (C) Clinical treatment specifically designed to address risk and protective factors and dynamics associated with child abuse or domestic abuse.
   (D) Trauma informed clinical treatment when appropriate.

(ii) PS 82: Supportive services or treatment for victims who are eligible to receive treatment in a military treatment facility. Appropriate supportive services and treatment are available either from the FAP or from other military agencies, contractors, or civilian services providers, including:
   (A) Immediate and ongoing domestic abuse victim advocacy services, available 24 hours per day through personal or telephone contact, as set forth in DoD Instruction 6400.06 and Service FAP headquarters policies and guidance.
   (B) Supportive services that may include financial counseling and spiritual support.
   (C) Psycho-educationally based programs and services.
   (D) Appropriate trauma informed clinical treatment specifically designed to address risk and protective factors and dynamics associated with child abuse or domestic abuse victimization.

(E) Supportive services, information and referral, safety planning, and treatment (when appropriate) for child victims and their family members of abuse by non-caretaking offenders.

(iii) PS 83: Supportive services for victims or offenders who are not eligible to receive treatment in a military treatment facility. Victims must receive initial safety-planning services only and must be referred to civilian support services for all follow-on care. Offenders must receive referrals to appropriate civilian intervention or treatment programs.

(iv) PS 84: Ethical conduct in supportive services and treatment for abusers and victims. When providing FAP supportive services and treatment, FAP staff treats those receiving such supportive services or clinical treatment with respect, fairness, and in accordance with professional ethics.

(v) PS 85: CCSM review of treatment progress. Treatment progress and the results of the latest risk assessment are reviewed periodically in the CCSM in accordance with subpart A of this part.
   (A) Child sexual abuse cases are reviewed monthly in the CCSM.
   (B) Cases involving foster care placement of children are reviewed monthly in the CCSM.
   (C) All other cases are reviewed at least quarterly in the CCSM.
   (D) Cases must be reviewed within 30 days of any significant event or a pending significant event that would impact care, including but not limited to a subsequent maltreatment incident, geographic move, deployment, pending separation from the Service, or retirement.

(vi) PS 86: Continuity of services. The FAP case manager ensures continuity of services before the transfer or referral of open child abuse or domestic abuse cases to other service providers:
   (A) At the same installation or other installations of the same Service FAP headquarters.
   (B) At installations of other Service FAP headquarters.
   (C) In the civilian community.
   (D) In child welfare services in the civilian community.

(8) Termination and case closure—(i) PS 87: Criteria for case closure. FAP services are terminated and the case is closed when treatment provided to the abuser (whether alleged or adjudicated) is terminated and treatment or supportive services provided to the victim are terminated.

(A) Treatment provided to the abuser(s) (whether alleged or adjudicated) is terminated only if either:
(1) The CCSM discussion produced a consensus that clinical objectives have been substantially met and the results of a current risk assessment indicate that the risk of additional abuse and risk of lethality have declined; or

(2) The CCSM discussion produced a consensus that clinical objectives have not been met due to:

(i) Noncompliance of such abuser(s) with the requirements of the treatment program.

(ii) Unwillingness of such abuser(s) to make changes in behavior that would result in treatment progress.

(B) Treatment and supportive services provided to the victim are terminated only if either:

(1) The CCSM discussion produced a consensus that clinical objectives have been substantially met; or

(2) The victim declines further FAP supportive services.

(ii) PS 88: Communication of case closure. Upon closure of the case the FAP notifies:

(A) The abuser (whether alleged or adjudicated) and victim, and in a child abuse case, the non-abusing parent.

(B) The commander of an active duty victim or abuser (whether alleged or adjudicated).

(C) Any appropriate civilian court currently exercising jurisdiction over the abuser (whether alleged or adjudicated), or in a child abuse case, over the child.

(D) A civilian child protective services agency currently exercising protective authority over a child victim.

(E) The NPSP, if the family has been currently receiving NPSP intensive home visiting services.

(F) The domestic abuse victim advocate if the victim has been receiving victim advocacy services.

(iii) PS 89: Disclosure of information. Information gathered during FAP clinical assessments and during treatment or supportive services that is protected from disclosure under 5 U.S.C. 552a, DoD 6025.18–R, and 32 CFR part 310 is only disclosed in accordance with 5 U.S.C. 552a, DoD 6025.18–R, 32 CFR part 310, and Service FAP headquarters implementing policies and guidance.

(iv) PS 90: NPSP case record documentation. For every client screened for NPSP services, NPSP personnel must document in accordance with Service FAP headquarters policies and guidance, at a minimum:

(A) The informed consent of the parents based on the services offered.

(B) The results of the initial screening for risk and protective factors and, if the risk was high, document:

(1) The assessment(s) conducted.

(2) The plan for services and goals for the parents.

(C) Any suspected child abuse or domestic abuse was reported.

(4) The parents’ progress toward their goals at the time NPSP services ended.

(ii) PS 91: Maintenance, storage, and security of NPSP case records. NPSP case records are maintained, stored, and kept secure in accordance with DoD 6025.18–R when applicable, 32 CFR part 310, and Service FAP headquarters policies and guidance.

(2) Documentation of reported incidents—(i) PS 94: Reports of child abuse and unrestricted reports of domestic abuse. For every new reported incident of child abuse and unrestricted report of domestic abuse, the FAP documents, at a minimum, an accurate accounting of all risk levels, actions taken, assessments conducted, foster care placements, clinical services provided, and results of the quarterly CCSM from the initial report of an incident to case closure in accordance with Service FAP headquarters policies and guidance.

(3) PS 93: Disposition of NPSP records. NPSP records are disposed of in accordance with DoD 6025.18–R when applicable, 32 CFR part 310, and Service FAP headquarters policies and guidance.

(3) PS 92: Transfer of NPSP case records. NPSP case records are transferred in accordance with DoD 6025.18–R when applicable, 32 CFR part 310, and Service FAP headquarters policies and procedures.

(iv) PS 93: Disposition of NPSP records. NPSP records are disposed of in accordance with DoD 6025.18–R when applicable, 32 CFR part 310, and Service FAP headquarters policies and guidance.
records are maintained, stored, and kept secure in accordance with Service FAP headquarters policies and procedures.

(iv) **PS 97: Transfer of FAP case records.** FAP case records are transferred in accordance with DoD 6025.18–R when applicable, 32 CFR part 210, and Service FAP headquarters policies and procedures.

(v) **PS 98: Disposition of FAP records.** FAP records are disposed of in accordance with DoD 6025.18–R when applicable, 32 CFR part 310, and Service FAP headquarters policies and procedures.

(3) Central registry of child abuse and domestic abuse incidents — (i) **PS 99: Recording data into the Service FAP headquarters central registry of child abuse and domestic abuse incidents.** Data pertaining to child abuse and unrestricted domestic abuse incidents reported to FAP are added to the Service FAP headquarters central registry of child and domestic abuse incidents. Quarterly edit checks are conducted in accordance with Service FAP headquarters policies and procedures. Data that personally identifies the sponsor, victim, or alleged abuser are not retained in the central registry for any incidents that did not meet criteria for entry or on any victim or alleged abuser who is not an active duty member or retired Service member, DoD civilian employee, contractor, or eligible beneficiary.

(ii) **PS 100: Access to the DoD central registry of child and domestic abuse incidents.** Access to the DoD central registry of child and domestic abuse incidents and disclosure of information therein complies with DoD 6400.1–M–1 and Service FAP headquarters policies and guidance.

(iii) **PS 101: Access to Service FAP headquarters central registry of child and domestic abuse reports.** Access to the Service FAP headquarters central registry of child and domestic abuse incidents and disclosure of information therein complies with DoD 6400.1–M–1 and Service FAP headquarters policies and procedures.

(4) **Documentation of restricted reports of domestic abuse.** Restricted reports of domestic abuse are documented in accordance with DoD Instruction 6400.06 and Service FAP headquarters policies and procedures.

(ii) **PS 103: Maintenance, storage, security, and disposition of restricted reports of domestic abuse.** Records of restricted reports of domestic abuse are maintained, stored, kept secure, and disposed of in accordance with DoD Instruction 6400.06 and Service FAP headquarters policies and procedures.

(g) **Fatality notification and review — (1) Fatality notification — (i) PS 104: Domestic abuse fatality and child abuse fatality notification.** The installation FAC establishes local procedures in compliance with Service FAP headquarters implementing policy and guidance to report fatalities known or suspected to have resulted from an act of domestic abuse, child abuse, or suicide related to an act of domestic abuse or child abuse that involve personnel assigned to the installation or within its area of responsibility. Fatalities are reported through the Service FAP headquarters and the Secretaries of the Military Departments to the DASD(MC&FP) in compliance with subpart A of this part and DoD Instruction 6400.06, and Service FAP headquarters implementing policy and guidance.

(ii) **PS 105: Timeliness of reporting domestic abuse and child abuse fatalities to DASD(MC&FP).** The designated installation personnel report domestic abuse and child abuse fatalities through the Service FAP headquarters channels to the DASD(MC&FP) within the timeframe specified in DoD Instruction 6400.06 in accordance with the Service FAP headquarters implementing policy and guidance.

(iii) **PS 106: Reporting format for domestic abuse and child abuse fatalities.** Installation reports of domestic abuse and child abuse fatalities are reported on the DD Form 2901, “Child Abuse or Domestic Abuse Related Fatality Notification,” and in accordance with subpart A of this part.

(2) **Review of fatalities — (1) PS 107: Information forwarded to the Service FAP headquarters fatality review.** The installation provides written information concerning domestic abuse and child abuse fatalities that involve personnel
assigned to the installation or within its area of responsibility promptly to the Service FAP headquarters fatality review team in accordance with DoD Instruction 6400.06 and in the format specified in the Service FAP headquarters implementing policy and guidance.

(ii) PS 108: Cooperation with non-DoD fatality review teams. Authorized installation personnel provide information about domestic abuse and child abuse fatalities that involve personnel assigned to the installation or within its area of responsibility to non-DoD fatality review teams in accordance with written MOUs and 5 U.S.C. 552a and 32 CFR part 310.

(h) QA and accreditation or inspections—(i) QA—(i) PS 109: Installation FAP QA program. The installation FAC will establish local QA procedures that address compliance with the PSs in this section in accordance with subpart A of this part and Service FAP headquarters implementing policy and guidance.

Subpart E—Guidelines for Clinical Intervention for Persons Reported as Domestic Abusers

§ 61.25 Purpose.
(a) This part is composed of several subparts, each containing its own purpose. This subpart implements policy, assigns responsibilities, and provides procedures for addressing child abuse and domestic abuse in military communities.
(b) Restricted reporting guidelines are provided in DoD Instruction 6400.06, “Domestic Abuse Involving DoD Military and Certain Affiliated Personnel” (available at http://www.dtic.mil/whs/directives/corres/pdf/640006p.pdf). This subpart prescribes guidelines for Family Advocacy Program (FAP) assessment, clinical rehabilitative treatment, and ongoing monitoring of individuals who have been reported to FAP by means of an unrestricted report for domestic abuse against:
   (1) Current or former spouses, or
   (2) Intimate partners.

§ 61.26 Applicability.
This subpart applies to OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (referred to in this subpart as the “DoD Components”).

§ 61.27 Definitions.
Unless otherwise noted, the following terms and their definitions are for the purpose of this subpart.
Abuser. An individual adjudicated in a military disciplinary proceeding or civilian criminal proceeding who is found guilty of committing an act of domestic violence or a lesser included offense, as well as an individual alleged to have committed domestic abuse, including domestic violence, who has not had such an allegation adjudicated.
Abuser contract. The treatment agreement between the clinician and the abuser that specifies the responsibilities and expectations of each party. It includes specific abuser treatment goals as identified in the treatment plan and clearly specifies that past, present, and future allegations and threats of domestic abuse and child abuse or neglect will be reported to the active duty member’s commander, to local law enforcement and child protective services, as appropriate, and to the potential victim.
Clinical case management. Defined in subpart B of this part.
Clinical case staff meeting (CCSM). Defined in subpart B of the part.
Clinical intervention. Defined in subpart B of this part.
Domestic abuse. Domestic violence or a pattern of behavior resulting in emotional/psychological abuse, economic control, and/or interference with personal liberty that is directed toward a person who is:
   (1) A current or former spouse;
   (2) A person with whom the abuser shares a child in common; or
   (3) A current or former intimate partner with whom the abuser shares or has shared a common domicile.
Domestic violence. An offense under the United States Code, the UCMJ, or State law involving the use, attempted use, or threatened use of force or violence against a person, or a violation of a lawful order issued for the protection of a person, who is:
   (1) A current or former spouse;
   (2) A person with whom the abuser shares a child in common; or
   (3) A current or former intimate partner with whom the abuser shares or has shared a common domicile.
FAP Manager. Defined in subpart A of this part.
Incident determination committee. Defined in subpart A of this part.
Intimate partner. A person with whom the victim shares a child in common, or a person with whom the victim shares or has shared a common domicile.
Risk management. Defined in subpart B of this part.
Severe abuse. Exposure to chronic pattern of emotionally abusive behavior with physical or emotional effects requiring hospitalization or long-term mental health treatment. In a spouse emotional abuse incident, this designation requires an alternative environment to protect the physical safety of the spouse. Exposure to a chronic pattern of neglecting behavior with physical, emotional, or educational effects requiring hospitalization, long-term mental health treatment, or long-term special education services. Physical abuse resulting in major physical injury requiring inpatient medical treatment or causing temporary or permanent disability or disfigurement; moderate or severe emotional effects requiring long-term mental health treatment; and may require placement in an alternative environment to protect the physical safety or welfare of the victim.

Unrestricted report. A process allowing a victim of domestic abuse to report an incident using current reporting channels, e.g., chain of command, law enforcement or criminal investigative organization, and FAP for clinical intervention.

§ 61.28 Policy.
In accordance with subpart A of this part and DoD Instruction 6400.06, it is DoD policy to:
(a) Develop PSs and critical procedures for the FAP that reflect a coordinated community response to domestic abuse.
(b) Address domestic abuse within the military community through a coordinated community risk management approach.
(c) Provide appropriate individualized and rehabilitative treatment that supplements administrative or disciplinary action, as appropriate, to persons reported to FAP as domestic abusers.

§ 61.29 Responsibilities.
(a) The Under Secretary of Defense for Personnel and Readiness (USD(P&R));
(1) Sponsors FAP research and evaluation and participates in other federal research and evaluation projects relevant to the assessment, treatment, and risk management of domestic abuse.
(2) Ensures that research is reviewed every 3 to 5 years and that relevant progress and findings are distributed to the Secretaries of the Military Departments using all available Web-based applications.
(3) Assists the Secretaries of the Military Departments to:
(i) Identify tools to assess risk of recurrence.
(ii) Develop and use pre- and post-treatment measures of effectiveness.
(iii) Promote training in the assessment, treatment, and risk management of domestic abuse.
(b) The Secretaries of the Military Departments issue implementing guidance in accordance with this part. The guidance must provide for the clinical assessment, rehabilitative treatment, and ongoing monitoring and risk management of Service members and eligible beneficiaries reported to FAP for domestic abuse by means of an unrestricted report.

§ 61.30 Procedures.
(a) General principles for clinical intervention—(1) Components of clinical intervention. The change from abusive to appropriate behavior in domestic relationships is a process that requires clinical intervention, which includes ongoing coordinated community risk management, assessment, and treatment.
(2) Military administrative and disciplinary actions and clinical intervention. The military disciplinary system and FAP clinical intervention are separate processes. Commanders may proceed with administrative or disciplinary actions at any time.
(3) Goals of clinical intervention. The primary goals of clinical intervention
in domestic abuse are to ensure the safety of the victim and community, and promote stopping abusive behaviors.

(4) Therapeutic alliance—(i) Although clinical intervention must address abuser accountability, clinical assessment and treatment approaches should be oriented to building a therapeutic alliance with the abuser so that he or she is sincerely motivated to take responsibility for his or her actions, improve relationship skills, and end the abusive behavior.

(ii) Clinical intervention will neither be confrontational nor intentionally or unintentionally rely on the use of shame to address the abuser’s behavior. Such approaches have been correlated in research studies with the abuser’s premature termination of or minimal compliance with treatment.

(A) It is appropriate to encourage abusers to take responsibility for their use of violence; however, in the absence of a strong, supportive, therapeutic relationship, confrontational approaches may induce shame and are likely to reduce treatment success and foster dropout. Approaches that create and maintain a therapeutic alliance are more likely to motivate abusers to seek to change their behaviors, add to their relationship skills, and take responsibility for their actions. Studies indicate that a strong therapeutic alliance is related to decreased psychological and physical aggression.

(B) A clinical style that helps the abuser identify positive motivations to change his or her behavior is effective in strengthening the therapeutic alliance while encouraging the abuser to evaluate his or her own behavior. Together, the therapist and abuser attempt to identify the positive consequences of change, identify motivation for change, determine the obstacles that lie in the path of change, and identify specific behaviors that the abuser can adopt.

(5) Criteria for clinical intervention approaches. Clinical intervention approaches should reflect the current state of knowledge. This subpart recommends an approach (or multiple approaches) and procedures that have one or more of these characteristics:

(i) Demonstrated superiority in formal evaluations in comparison to one or more other approaches.

(ii) Demonstrated statistically significant success in formal evaluations, but not yet supported by a consensus of experts.

(iii) The support of a consensus due to significant potential in the absence of statistically significant success.

(iv) Significant potential when consensus does not yet exist.

(6) Clinical intervention for female abusers. Findings from research and clinical experience indicate that women who are domestic abusers may require clinical intervention approaches other than those designed specifically for male abusers.

(i) Attention should be given to the motivation and context for their use of abusive behaviors to discover whether or not using violence against their spouse, former spouse, or intimate partner has been in response to his or her domestic abuse.

(ii) Although both men and women who are domestic abusers may have undergone previous traumatic experiences that may warrant treatment, women’s traumatic experiences may require additional attention within the context of domestic abuse.

(7) Professional standards. Domestic abusers who undergo clinical intervention will be treated with respect, fairness, and in accordance with professional ethics. All applicable rights of abusers will be observed, including compliance with the rights and warnings in 10 U.S.C. 831, chapter 47, also known and referred to in this subpart as the “Uniform Code of Military Justice (UCMJ)” for abusers who are Service members.

(i) Clinical service providers who conduct clinical assessments of or provide clinical treatment to abusers will adhere to Service policies with respect to the advisement of rights pursuant to the UCMJ, will seek guidance from the supporting legal office when a question of applicability arises, and will notify the relevant military law enforcement investigative agency if advisement of rights has occurred.

(ii) Clinical service providers and military and civilian victim advocates must follow the Privacy Act of 1974, as
amended, and other applicable laws, regulations, and policies regarding the disclosure of information about victims and abusers.

(iii) Individuals and agencies providing clinical intervention to persons reported as domestic abusers will not discriminate based on race, color, religion, gender, disability, national origin, age, or socioeconomic status. All members of clinical intervention teams will treat abusers with dignity and respect regardless of the nature of their conduct or the crimes they may have committed. Cultural differences in attitudes will be recognized, respected, and addressed in the clinical assessment process.

(8) Clinical case management. The FAP clinical service provider has the responsibility for clinical case management.

(b) Coordinated community risk management—(1) General. A coordinated community response to domestic abuse is the preferred method to enhance victim safety, reduce risk, and ensure abuser accountability. In a coordinated community response, the training, policies, and operations of all civilian and military human service and FAP clinical service providers are linked closely with one another. Since no particular response to a report of domestic abuse can ensure that a further incident will not occur, selection of the most appropriate response will be considered one of coordinated community risk management.

(2) Responsibility for coordinated community risk management. Overall responsibility for managing the risk of further domestic abuse, including developing and implementing an intervention plan when significant risk of lethality or serious injury is present, lies with:

(i) The Service member’s commander when a Service member is a domestic abuser or is the victim (or their military dependent is the victim) of domestic abuse.

(ii) The commander of the installation or garrison on which a Service member who is a domestic abuser or who is the victim (or their military dependent who is the victim) of domestic abuse may live.

(iii) The commander of the military installation on which the civilian is housed for a civilian abuser accompanying U.S. military forces outside the United States.

(iv) The FAP clinical service provider or case manager for liaison with civilian authorities in the event the abuser is a civilian.

(3) Implementation. Coordinated community risk management requires:

(i) The commander of the military installation to participate in local coalitions and task forces to enhance communication and strengthen program development among activities. In the military community, this may include inviting State, local, and tribal government representatives to participate in their official capacity as non-voting guests in meetings of the Family Advocacy Committee (FAC) to discuss coordinated community risk management in domestic abuse incidents that cross jurisdictions. (See subpart B of this part for FAC standards.)

(A) Agreements with non-federal activities will be reflected in signed MOU.

(B) Agreements may be among military installations of different Military Services and local government activities.

(ii) Advance planning through the installation FAC by:

(A) The commander of the installation.

(B) FAP and civilian clinical service providers.

(C) Victim advocates in the military and civilian communities.

(D) Military chaplains.

(E) Military and civilian law enforcement agencies.

(F) Military supporting legal office and civilian prosecutors.

(G) Military and civilian mental health and substance abuse treatment agencies.

(H) DoDEA school principals or their designees.

(1) Other civilian community agencies and personnel including:

(1) Criminal and family court judges.

(2) Court probation officials.

(3) Child protective services agencies.

(4) Domestic abuse shelters.

(iii) FAP clinical service providers to address:
(A) Whether treatment approaches under consideration are based on individualized assessments and directly address other relevant risk factors.

(B) Whether the operational tempo of frequent and lengthy deployments to accomplish a military mission affects the ability of active duty Service members to complete a State-mandated treatment program.

(C) Respective responsibilities for monitoring abusers' behavior on an ongoing basis, developing procedures for disclosure of relevant information to appropriate authorities, and implementing a plan for intervention to address the safety of the victim and community.

(4) Deployment. Risk management of a Service member reported to FAP as a domestic abuser prior to a military deployment, when his or her deployment is not cancelled, or reported to FAP as a domestic abuser while deployed requires planning for his or her return to their home station.

(i) The installation FAC should give particular attention to special and early returns so during deployment of a unit, the forward command is aware of the procedures to notify the home station command of regularly-scheduled and any special or early returns of such personnel to reduce the risk of additional abuse.

(ii) An active duty Service member reported as a domestic abuser may be returned from deployment early for military disciplinary or civilian legal procedures, for rest and recuperation (R&R), or, if clinical conditions warrant, for treatment not otherwise available at the deployed location and if the commander feels early return is necessary under the circumstances. To prevent placing a victim at higher risk, the deployed unit commander will notify the home station commander and the installation FAP in advance of the early return, unless operational security prevents such disclosure.

(5) Clinical case management. Ongoing and active case management, including contact with the victim and liaison with the agencies in the coordinated community response, is necessary to ascertain the abuser's sincerity and changed behavior. Case management requires ongoing liaison and contact with multiple information sources involving both military and surrounding civilian community agencies. Clinical case management includes:

(i) Initial clinical case management. Initial case management begins with the intake of the report of suspected domestic abuse, followed by the initial clinical assessment.

(ii) Periodic clinical case management. Periodic case management includes the FAP clinical service provider's assessment of treatment progress and the risk of recurrence of abuse. Treatment progress and the results of the latest risk assessment should be discussed whenever the case is reviewed at the CCSM.

(iii) Follow-up. As a result of the risk assessment, if there is a risk of imminent danger to the victim or to another person, the FAP clinical service provider may need to notify:

(A) The victim or other person at risk and the victim advocate to review, and possibly revise, the safety plan.

(B) The appropriate military command, and military or civilian law enforcement agency.

(C) Other treatment providers to modify their intervention with the abuser. For example, the provider of substance abuse treatment may need to change the requirements for monitored urinalysis.

(c) Clinical assessment—(1) Purposes. A structured clinical assessment of the abuser is a critical first step in clinical intervention. The purposes of clinical assessment are to:

(i) Gather information to evaluate and ensure the safety of all parties—victim, abuser, other family members, and community.

(ii) Assess relevant risk factors, including the risk of lethality.

(iii) Determine appropriate risk management strategies, including clinical treatment; monitoring, controlling, or supervising the abuser's behavior to protect the victim and any individuals who live in the household; and victim safety planning.

(2) Initial information gathering. Initial information gathering and risk assessment begins when the unrestricted report of domestic abuse is received by FAP.
(i) Since the immediacy of the response is based on the imminence of risk, the victim must be contacted as soon as possible to evaluate her or his safety, safety plan, and immediate needs. If a domestic abuse victim advocate is available, the victim advocate must contact the victim. If a victim advocate is not available, the clinician must contact the victim. Every attempt must be made to contact the victim via telephone or email to request a face-to-face interview. If the victim is unable or unwilling to meet face-to-face, the victim’s safety, safety plan, and immediate needs will be evaluated by telephone.

(ii) The clinician must interview the victim and abuser separately to maximize the victim’s safety. Both victim and abuser must be assessed for the risk factors in paragraphs (c)(4) and (c)(6) of this section.

(A) The clinician must inform the victim and abuser of the limits of confidentiality and the FAP process before obtaining information from them. Such information must be provided in writing as early as practical.

(B) The clinician must build a therapeutic alliance with the abuser using an interviewing style that assesses readiness for and motivates behavioral change. The clinician must be sensitive to cultural considerations and other barriers to the client’s engagement in the process.

(iii) The clinician must also gather information from a variety of other sources to identify additional risk factors, clarify the context of the use of any violence, and determine the level of risk. The assessment must include information about whether the Service member is scheduled to be deployed or has been deployed within the past year, and the dates of scheduled or past deployments. Such sources of information may include:

(A) The appropriate military command.

(B) Military and civilian law enforcement.

(C) Medical records.

(D) Children and other family members residing in the home.

(E) Others who may have witnessed the acts of domestic abuse.

(F) The FAP central registry of child maltreatment and domestic abuse reports.

(3) Violence contextual assessment. The clinical assessment of domestic abuse will include an assessment of the use of violence within the context of relevant situational factors to guide intervention. Relevant situational factors regarding the use of violence include, but are not limited to:

(i) Exacerbating factors. Exacerbating factors include whether either victim or domestic abuser:

(A) Uses violence as an inappropriate means of expressing frustrations with life circumstances.

(B) Uses violence as a means to exert and maintain power and control over the other party.

(C) Has inflicted injuries on the other party during the relationship, and the extent of such injuries.

(D) Fears the other.

(ii) Mitigating factors. Mitigating factors include whether either victim or domestic abuser uses violence:

(A) In self-defense.

(B) To protect another person, such as a child.

(C) In retaliation, as noted in the most recent incident or in the most serious incident.

(4) Lethality risk assessment. The clinician must assess the risk for lethality in every assessment for domestic abuse, whether or not violence was used in the present incident. The lethality assessment will assess the presence of these factors:

(i) For both victim and domestic abuser:

(A) Increased frequency and severity of violence in the relationship.

(B) Ease of access to weapons.

(C) Previous use of weapons or threats to use weapons.

(D) Threats to harm or kill the other party, oneself, or another (especially a child of either party).

(E) Excessive use of alcohol and use of illegal drugs.
(F) Jealousy, possessiveness, or obsession, including stalking.
(ii) For the domestic abuser only:
(A) Previous acts or attempted acts of forced or coerced sex with the victim.
(B) Previous attempts to strangle the victim.
(iii) For the victim only:
(A) The victim’s attempts or statements of intent to leave the relationship.
(B) If the victim is a woman, whether the victim is pregnant and the abuser’s attitude regarding the pregnancy.
(C) The victim’s fear of harm from the abuser to himself or herself or any child of either party or other individual living in the household.
(5) Results of lethality risk assessment. When one or more lethality factors are identified:
(i) The clinician will promptly contact the appropriate commander and military or civilian law enforcement agency and the victim advocate.
(ii) The commander or military law enforcement agency will take immediate steps to protect the victim, addressing the lethality factor(s) identified.
(iii) The victim advocate will contact the victim to develop or amend any safety plan to address the lethality factor(s) identified.
(iv) The commander will intensify ongoing coordinated community risk management and monitoring of the abuser.
(6) Assessment of other risk factors. The clinician will separately assess the victim and abuser for other factors that increase risk for future domestic abuse. Such risk factors to be assessed include, but are not limited to, the abuser’s:
(i) Previous physical and sexual violence and emotional abuse committed in the current and previous relationships. The greater the frequency, duration, and severity of such violence, the greater the risk.
(ii) Use of abuse to create and maintain power and control over others.
(iii) Attitudes and beliefs directly or indirectly supporting domestic abusive behavior. The stronger the attitudes and beliefs, the greater the risk.
(iv) Blaming of the victim for the abuser’s acts. The stronger the attribution of blame to the victim, the greater the risk.
(v) Denial that his or her abusive acts were wrong and harmful, or minimization of their wrongfulness and harmfulness.
(vi) Lack of motivation to change his or her behavior. The weaker the motivation, the greater the risk.
(vii) Physical and/or emotional abuse of any children in the present or previous relationships. The greater the frequency, duration, and severity of such abuse, the greater the risk.
(viii) Physical abuse of pets or other animals. The greater the frequency, duration, and severity of such abuse, the greater the risk.
(ix) Particular caregiver stress, such as the management of a child or other family member with disabilities.
(x) Previous criminal behavior unrelated to domestic abuse. The greater the frequency, duration, and severity of such criminal behavior, the greater the risk.
(xi) Previous violations of civil or criminal court orders. The greater the frequency of such violations, the greater the risk.
(xii) Relationship problems, such as infidelity or significant ongoing conflict.
(xiii) Financial problems.
(xiv) Mental health issues or disorders, especially disorders of emotional attachment or depression and issues and disorders that have not been treated successfully.
(xv) Experience of traumatic events during military service, including events that resulted in physical injuries.
(xvi) Any previous physical harm, including head or other physical injuries, sexual victimization, or emotional harm suffered in childhood and/or as a result of violent crime outside the relationship.
(xvii) Fear of relationship failure or of abandonment.
(7) Periodic risk assessment. The FAP clinical service provider will periodically conduct a risk assessment with input from the victim, adding the results of such risk assessments to the
abuser’s treatment record in accordance with subpart B of this part, and incorporating them into the abuser’s clinical treatment plan and contract. Risk assessment will be conducted:

(i) At least quarterly, but more frequently as required to monitor safety when the current situation is deemed high risk.

(ii) Whenever the abuser is alleged to have committed a new incident of domestic abuse or an incident of child abuse.

(iii) During significant transition periods in clinical case management, such as the change from assessment to treatment, changes between treatment modalities, and changes between substance abuse or mental health treatment and FAP treatment.

(iv) After destabilizing events such as accusations of infidelity, separation or divorce, pregnancy, deployment, administrative or disciplinary action, job loss, financial issues, or health impairment.

(v) When any clinically relevant issues are uncovered, such as childhood trauma, domestic abuse in a prior relationship, or the emergence of mental health problems.

(8) Assessment of events likely to trigger the onset of future abuse. The initial clinical assessment will include a discussion of potential events that may trigger the onset of future abuse, such as pregnancy, upcoming deployment, a unilateral termination of the relationship, or conflict over custody and visitation of children in the relationship.

(9) Tools and instruments for assessment. The initial clinical assessment process will include the use of appropriate standardized tools and instruments, Service-specific tools, and clinical interviewing. Unless otherwise indicated, the results from one or more of these tools will not be the sole determinant(s) for excluding an individual from treatment. The tools should be used for:

(i) Screening for suitability for treatment.

(ii) Tailoring treatment approaches, modalities, and content.

(iii) Reporting changes in the level of risk.

(iv) Developing risk management strategies.

(v) Making referrals to other clinical service providers for specialized intervention when appropriate.

(d) Clinical treatment—(1) Theoretical approaches. Based on the results of the clinical assessment, the FAP clinical service provider will select a treatment approach that directly addresses the abuser’s risk factors and his or her use of violence. Such approaches include, but are not limited to, cognitive and dialectical behavioral therapy, psychodynamic therapy, psycho-educational programs, attachment-based intervention, and combinations of these and other approaches. See paragraph (a)(5) of this section for criteria for clinical intervention approaches.

(2) Treatment Planning. A FAP clinical service provider will develop a treatment plan for domestic abuse that is based on a structured assessment of the particular relationship and risk factors present.

(i) The treatment plan will not be based on a generic “one-size-fits-all” approach. The treatment plan will consider that people who commit domestic abuse do not compose a homogeneous group, and may include people:

(A) Of both sexes.

(B) With a range of personality characteristics.

(C) With mental illness and those with no notable mental health problems.

(D) Who abuse alcohol or other substances and/or use illegal drugs and those who do not.

(E) Who combine psychological abuse with coercive techniques, including violence, to maintain control of their spouse, former spouse, or intimate partner and those who do not attempt to exert coercive control.

(F) In relationships in which both victim and domestic abuser use violence (excluding self-defense).

(ii) Due to the demographics of the military population, structure of military organizations, and military culture, it is often possible to intervene in a potentially abusive relationship before the individual uses coercive techniques to gain and maintain control of the other party. Thus, a reliance on addressing the abuser’s repeated use of power and control tactics as the sole or
primary focus of treatment is frequently inapplicable in the military community.

(iii) Treatment objectives, when applicable, will seek to:

(A) Educate the abuser about what domestic abuse is and the common dynamics of domestic abuse in order for the abuser to learn to identify his or her own abusive behaviors.

(B) Identify the abuser's thoughts, emotions, and reactions that facilitate abusive behaviors.

(C) Educate the abuser on the potential for re-abusing, signs of abuse escalation and the normal tendency to regress toward previous unacceptable behaviors.

(D) Identify the abuser's deficits in social and relationship skills. Teach the abuser non-abusive, adaptive, and pro-social interpersonal skills and healthy sexual relationships, including the role of intimacy, love, forgiveness, development of healthy ego boundaries, and the appropriate role of jealousy.

(E) Increase the abuser's empathic skills to enhance his or her ability to understand the impact of violence on the victim and empathize with the victim.

(F) Increase the abuser's self-management techniques, including assertiveness, problem solving, stress management, and conflict resolution.

(G) Educate the abuser on the sociocultural basis for violence.

(H) Identify and address issues of gender role socialization and the relationship of such issues to domestic abuse.

(I) Increase the abuser's understanding of the impact of emotional abuse and violence directed at children and violence that is directed to an adult but to which children in the family are exposed.

(J) Facilitate the abuser's acknowledgment of responsibility for abusive actions and consequences of actions. Although the abuser's history of victimization should be addressed in treatment, it should never take precedence over his or her responsibility to be accountable for his or her abusive and/or violent behavior, or be used as an excuse, rationalization, or distraction from being held so accountable.

(K) Identify and confront the abuser's issues of power and control and the use of power and control against victims.

(L) Educate the abuser on the impact of substance abuse and its correlation to violence and domestic abuse.

(iv) These factors should inform treatment planning:

(A) Special objectives for female abusers. Findings from research and clinical experience indicate that clinical treatment based solely on analyses of male power and control may not be applicable to female domestic abusers. Clinical approaches must give special attention to the motivation and context for use of violence and to self-identified previous traumatic experiences.

(B) Special Strategies for Grieving Abusers. When grief and loss issues have been identified in the clinical assessment or during treatment, the clinician will incorporate strategies for addressing grief and loss into the treatment plan. This is especially important if a victim has decided to end a relationship with a domestic abuser because of the abuse.

(1) Abusers with significant attachment issues who are facing the end of a relationship with a victim are more likely to use lethal violence against the victim and children in the family. This is exemplified by the statement: "If I can't have you no one else can have you."

(2) They are also more likely to attempt suicide. This is exemplified by the statement: "Life without you is not worth living."

(C) Co-Occurrence of substance abuse. The coordinated community management of risk is made more difficult when the person committing domestic abuse also abuses alcohol or other substances. When the person committing domestic abuse also abuses alcohol or other substances:

(1) Treatment for domestic abuse will be coordinated with the treatment for substance abuse and information shared between the treatment providers in accordance with applicable laws, regulations, and policies.

(2) Special consideration will be given to integrating the two treatment programs or providing them at the same time.
(3) Information about the abuser’s progress in the respective treatment programs will be shared between the treatment providers. Providing separate treatment approaches with no communication between the treatment providers complicates the community’s management of risk.

(D) **Co-occurrence of child abuse.** When a domestic abuser has allegedly committed child abuse, the clinician will:

1. Notify the appropriate law enforcement agency and other civilian agencies as appropriate in accordance with 42 U.S.C. 13031.
2. Notify the appropriate child protective services agency and the FAP supervisor to ascertain if a FAP child abuse case should be opened in accordance with DoD Instruction 6400.06 and 42 U.S.C. 5106g.
3. Address the impact of such abuse of the child(ren) as a part of the domestic abuser clinical treatment.
4. Seek to improve the abuser’s parenting skills if appropriate in conjunction with other skills.
5. Continuously assess the abuser as a parent or caretaker as appropriate throughout the treatment process.
6. Address the impact of the abuser’s domestic abuse directed against the victim upon children in the home as a part of the domestic abuser clinical treatment.

(E) **Occurrence of sexual abuse within the context of domestic abuse.** Although sexual abuse is a subset of domestic abuse, victims may not recognize that sexual abuse can occur in the context of a marital or intimate partner relationship. Clinicians should employ specific assessment strategies to identify the presence of sexual abuse within the context of domestic abuse.

(F) **Deployment.** Deployment of an active duty Service member who is a domestic abuser is a complicating factor for treatment delivery.

1. A Service member who is scheduled to deploy in the near future may be highly stressed and therefore at risk for using poor conflict management skills.
2. While on deployment, a Service member is unlikely to receive clinical treatment for the abuse due to mission requirements and unavailability of such treatment.

(3) A deployed Service member reported to FAP as a domestic abuser may return from deployment early for military disciplinary or civilian legal procedures, for R&R, or if clinical conditions warrant early return from deployment for treatment not otherwise available at the deployed location and if the commander feels early return is necessary under the circumstances. The home station command and installation FAP must be notified in advance of the early return of a deployed Service member with an open FAP case, unless operational security prevents disclosure, so that the risk to the victim can be assessed and managed.

4. A Service member who is deployed in a combat operation or in an operation in which significant traumatic events occur may be at a higher risk of committing domestic abuse upon return.

5. The Service member may receive head injuries. Studies indicate that such an injury increases the risk of personality changes, including a lowered ability to tolerate frustration, poor impulse control, and an increased risk of using violence in situations of personal conflict. If the Service member has a history of a head injury prior to or during deployment, the clinician should ascertain whether the Service member received a medical assessment, was prescribed appropriate medication, or is undergoing current treatment.

6. The Service member may suffer from depression prior to, during, or after deployment and may be at risk for post-traumatic stress disorder. Studies indicate that males who are depressed are at higher risk of using violence in their personal relationships. If the Service member presents symptoms of depression, the clinician should ascertain whether the Service member has received a medical assessment, was prescribed appropriate medication, or is undergoing current treatment.

7. **Treatment modalities.** Clinical treatment may be provided in one or more of these modalities as appropriate to the situation:

(i) **Group therapy.** Group therapy is the preferred mode of treatment for domestic abusers because it applies the
concept of problem universality and offers opportunities for members to support one another and learn from other group members' experiences.

(A) The decision to assign an individual to group treatment is initially accomplished during the clinical assessment process; however, the group facilitator(s) should assess the appropriateness of group treatment for each individual on an ongoing basis.

(B) The most manageable maximum number of participants for a domestic abuser treatment group with one or two facilitators is 12.

(C) A domestic abuser treatment group may be restricted to one sex or open to both sexes. When developing a curriculum or clinical treatment agenda for a group that includes both sexes, the clinician should consider that the situations in paragraphs (d)(3)(i)(C)(1) through (d)(3)(i)(C)(3) are more likely to occur in a group that includes both sexes.

(i) Treatment-disruptive events such as sexual affairs or emotional coupling.

(ii) Jealousy on the part of the non-participant victim.

(iii) Intimidation of participants whose sex is in the minority within the group.

(D) A group may have one or two facilitators; if there are two facilitators, they may be of the same or both sexes.

(ii) Individual treatment. In lieu of using a group modality, approaches may be applied in individual treatment if the number of domestic abusers at the installation entering treatment is too small to create a group.

(iii) Conjoint treatment with substance abusers. When small numbers of both domestic abusers and substance abusers make separate treatment groups impractical, therapists should consider combining abusers into the same group because co-occurrence of domestic abuse and substance abuse has been documented in scientific literature and the content for clinical treatment of domestic abuse and substance abuse is very similar. When domestic abusers and substance abusers are combined into the same group, the facilitator(s) must be certified in substance abuse treatment as well as meeting the conditions in paragraph (e) of this section.

(iv) Conjoint treatment of victim and abuser. Domestic abuse in a relationship may be low-level in severity and frequency and without a pervasive pattern of coercive control.

(A) Limitations on Use. Conjoint treatment may be considered in such cases where the abuser and victim are treated together, but only if all of these conditions are met:

(1) Each of the parties separately and voluntarily indicates a desire for this approach.

(2) Any abuse, especially any violence, was infrequent, not severe, and not intended or likely to cause severe injury.

(3) The risk of future violence is periodically assessed as low.

(4) Each party agrees to follow safety guidelines recommended by the clinician.

(5) The clinician:

(i) Has the knowledge, skills, and abilities to provide conjoint treatment therapy as well as treat domestic abuse.

(ii) Fully understands the level of abuse and violence and specifically addresses these issues.

(iii) Takes appropriate measures to ensure the safety of all parties, including regular monitoring of the victim and abuser, using all relevant sources of information. The clinician will take particular care to ensure that the victim participates voluntarily and without fear and is contacted frequently to ensure that violence has not recurred.

(B) Contra-indications. Conjoint treatment will be suspended or discontinued if monitoring indicates an increase in the risk for abuse or violence. Conjoint treatment will not be used if one or more of these factors are present:

(1) The abuser:

(i) Has a history or pattern of violent behavior and/or of committing severe abuse.

(ii) Lacks a credible commitment or ability to maintain the safety of the victim or any third parties. For example, the abuser refuses to surrender personal firearms, ammunition, and other weapons.

(2) Either the victim or the abuser or both:

(i) Participates under threat, coercion, duress, intimidation, or censure,
§61.30

and/or otherwise participates against his or her will.

(ii) Has a substance abuse problem that would preclude him or her from substantially benefiting from conjoint treatment.

(iii) Has one or more significant mental health issues (e.g., untreated mood disorder or personality disorder) that would preclude him or her from substantially benefiting from conjoint treatment.

(v) Couple’s meetings. Periodic case management meetings with the couple, as opposed to the ongoing conjoint therapy of a single victim and abuser, may be used only after the clinician (or clinicians) has made plans to ensure the safety of the victim. All couples meetings must be structured and co-facilitated by the clinician(s) providing treatment to the abusers and support for the victims to ensure support and protection for the victims.

(4) Treatment contract. Properly informing the abuser of the treatment rules is a condition for treating violations as a risk management issue. The clinician will prepare and discuss with the abuser an agreement between them that will serve as a treatment contract. The agreement will be in writing and the clinician will provide a copy to the abuser and retain a copy in the treatment record. The contract will include:

(i) Goals. Specific abuser treatment goals, as identified in the treatment plan.

(ii) Time and attendance requirements. The frequency and duration of treatment and the number of absences permitted.

(A) Clinicians may follow applicable State standards specifying the duration of treatment as a benchmark unless otherwise indicated.

(B) An abuser may not be considered to have successfully completed clinical treatment unless he or she has completed the total number of required sessions. An abuser may not miss more than 10 percent of the total number of required sessions. On a case-by-case basis, the facilitator should determine whether significant curriculum content has been missed and make-up sessions are required.

(iii) Crisis plan. A response plan for abuser crisis situations (information on referral services for 24-hour emergency calls and walk-in treatment when in crisis).

(iv) Abuser responsibilities. The abuser must agree to:

(A) Abstain from all forms of domestic abuse.

(B) Accept responsibility for previous abusive and violent behavior.

(C) Abstain from purchasing or possessing personal firearms or ammunition.

(D) Talk openly and process personal feelings.

(E) Provide financial support to his or her spouse and children per the terms of an agreement with the spouse or court order.

(F) Treat group members, facilitators, and clinicians with respect.

(G) Contact the facilitator prior to the session when unable to attend a treatment session.

(H) Comply with the rules concerning the frequency and duration of treatment, and the number of absences permitted.

(v) Consequences of treatment contract violations. Violation of any of the terms of the abuser contract may lead to termination of the abuser’s participation in the clinical treatment program.

(A) Violations of the abuser contract may include, but are not limited to:

(1) Subsequent incidents of abuse.

(2) Unexcused absences from more than 10 percent of the total number of required sessions.

(3) Statements or behaviors of the abuser that show signs of imminent danger to the victim.

(4) Behaviors of the abuser that are escalating in severity and may lead to violence.

(5) Non-compliance with co-occurring treatment programs that are included in the treatment contract.

(B) If the abuser violates any of the terms of the abuser contract, the clinician or facilitator may terminate the abuser from the treatment program; notify the command, civilian criminal justice agency, and/or civilian court as appropriate; and notify the victim if contact will not endanger the victim.
(C) The command should take any action it deems appropriate when notified that the abuser’s treatment has been terminated due to a contract violation.

(vi) Conditions of information disclosure. The circumstances and procedures, in accordance with applicable laws, regulations, and policies, under which information may be disclosed to the victim and to any court with jurisdiction.

(A) Past, present, and future acts and threats of child abuse or neglect will be reported to the member’s commander; child protective services, when appropriate; and the appropriate military and/or civilian law enforcement agency in accordance with applicable laws, regulations, and policies.

(B) Recent and future acts and threats of domestic abuse will be reported to the member’s commander, the appropriate military and/or civilian law enforcement agency, and the potential victim in accordance with applicable laws, regulations, and policies.

(vii) Complaints. The procedures according to which the abuser may complain regarding the clinician or the treatment.

(5) Treatment outside the FAP. If the abuser’s treatment is provided by a clinician outside the FAP, the FAP clinical service provider will follow procedures in accordance with relevant laws, regulations, and policies regarding the confidentiality and disclosure of information. FAP may not close an open FAP case as resolved if the abuser does not consent to release of information from the outside provider confirming goal achievement, treatment progress, or risk reduction.

(6) Criteria for evaluating treatment progress and risk reduction. The FAP clinical service provider will assess progress in treatment and reduction of risk consistent with subpart B of this part. If a risk factor is not addressed within the FAP but is being addressed by a secondary clinical service provider, the FAP clinical service provider will ascertain the treatment progress or results in consultation with the secondary clinical service provider. Treatment progress should be assessed periodically using numerous sources, especially, but not limited to, the victim.

In making contact with the victim and in using the information, promoting victim safety is the priority. Progress in clinical treatment and risk reduction is indicated by a combination of:

(i) Abuser behaviors and attitudes. An abuser is demonstrating progress in treatment when, among other indicators, he or she:

(A) Demonstrates the ability for self-monitoring and assessment of his or her behavior.

(B) Is able to develop a relapse prevention plan.

(C) Is able to monitor signs of potential relapse.

(D) Has completed all treatment recommendations.

(ii) Information from the victim and other relevant sources. The abuser is demonstrating progress in treatment when the victim and other relevant sources of information state any one or combination of the following: That the abuser has:

(A) Ceased all domestic abuse.

(B) Reduced the frequency of non-violent abusive behavior.

(C) Reduced the severity of non-violent abusive behavior.

(D) Delayed the onset of abusive behavior.

(E) Demonstrated the use of improved relationship skills.

(iii) Reduced ratings on risk assessment variables that are subject to change. The abuser has successfully reduced risk when the assessment of his or her risk is rated at the level the Military Service has selected for case closure.

(e) Personnel qualifications—(1) Minimum qualifications. All personnel who conduct clinical assessments of and provide clinical treatment to domestic abusers must have these minimum qualifications:

(i) A master’s or doctoral-level human service and/or mental health professional degree from an accredited university or college.

(ii) The highest license in a State or clinical license in good standing in a State that authorizes independent clinical practice.

(iii) 1 year of experience in domestic abuse and child abuse counseling or treatment.

(2) Additional training. All personnel who conduct clinical assessments of and/or provide clinical treatment to
domestic abusers must undergo this additional training:

(i) Within 6 months of employment, orientation into the military culture. This includes training in the Service rank structures and military protocol.

(ii) A minimum of 15 hours of continuing education units within every 2 years that are relevant to domestic abuse and child abuse. This includes, but is not limited to, continuing education in interviewing adult victims of domestic abuse, children, and domestic abusers, and conducting treatment groups.

(iii) Service FAP Managers must develop policies and procedures for continued education with clinical skills training that validates clinical competence, and not rely solely on didactic or computer disseminated training to meet continuing education requirements.

(f) QA—(1) QA procedures. The FAP Manager must ensure that clinical intervention undergoes these QA procedures:

(i) A quarterly peer review of a minimum of 10 percent of open clinical records that includes procedures for addressing any deficiencies with a corrective action plan

(ii) A quarterly administrative audit of a minimum of 10 percent of open records that includes procedures for addressing any deficiencies with a corrective action plan.

(2) FAC responsibilities. The installation FAC will analyze trends in risk management, develop appropriate agreements and community programs with relevant civilian agencies, promote military interagency collaboration, and monitor the implementation of such agreements and programs on a regular basis consistent with subpart B of this part.

(3) Evaluation and accreditation review. The installation domestic abuse treatment program will undergo evaluation and/or accreditation every 4 years, including an evaluation and/or accreditation of its coordinated community risk management program consistent with subpart B of this part.
§ 64.3 Definitions.
(a) Key employee. Any Reservist or any military retiree (Regular or Reserve) identified by his or her employer, private or public, as filling a key position.
(b) Key position. A civilian position, public or private (designated by an employer and approved by the Secretary concerned), that cannot be vacated during war, a national emergency, or mobilization without seriously impairing the capability of the parent agency or office to function effectively, while meeting the criteria for designating key positions as outlined in Department of Defense Directive 1200.7.1
(c) Military retiree categories—(1) Category I. Non-disability military retirees under age 60 who have been retired fewer than 5 years.
(2) Category II. Non-disability military retirees under age 60 who have been retired 5 years or more.
(3) Category III. Military retirees, including those retired for disability, other than categories I or II retirees (includes warrant officers and healthcare professionals who retire from active duty after age 60).
(d) Military retirees or retired military members. (1) Regular and Reserve officers and enlisted members who retire from the Military Services under 10 U.S.C. Chapters 61, 63, 65, 1223, 367, 571, or 573, and 14 U.S.C. Chapters 11 and 21.
(2) Reserve officers and enlisted members eligible for retirement under one of the provisions of law in § 64.3(d) who have not reached age 60 and who have not elected discharge or are not members of the Ready Reserve or Standby Reserve (including members of the Inactive Standby Reserve).
(3) Members of the Fleet Reserve and Fleet Marine Corps Reserve under 10 U.S.C. 6330.
§ 64.4 Policy.
(a) It is DoD policy that military retirees be ordered to active duty as needed to perform such duties as the Secretary concerned considers necessary in the interests of national defense as described in 10 U.S.C. 12301 and 688.
(b) The DoD Components and the Commandant of the U.S. Coast Guard shall plan to use as many retirees as necessary to meet national security needs.
(c) The military retirees ordered to active duty may be used according to guidance prescribed by the Secretary concerned as follows:
(1) To fill shortages or to augment deployed or deploying units and activities or units in the Continental United States, Alaska, and Hawaii supporting deployed units.
(2) To release other military members for deployment overseas.
(3) Subject to the limitations of 10 U.S.C. 973, Federal civilian workforce shortages in the Department of Defense, the U.S. Coast Guard, or other Government entities.
(4) To meet national security needs in organizations outside the Department of Defense with Defense-related missions, if the detail outside the Department of Defense is approved according to DoD Directive 1000.17.2
(5) To perform other duties that the Secretary concerned considers necessary in the interests of national defense.
(d) Military retirees shall be ordered to active duty with full pay and allowances. They may not be used to fill mobilization billets in a non-pay status.
(e) Military retirees serving on active duty may be reassigned to meet the needs of the Military Service.
§ 64.5 Responsibilities.
(a) The Assistant Secretary of Defense for Reserve Affairs and the Deputy Under Secretary of Defense (Military Personnel Policy) (DUSD(MMP)), under the Under Secretary of Defense for Personnel and Readiness, shall provide policy guidance for the management and mobilization of DoD military retirees.
(b) The Secretaries of the Military Departments and the Commandant of the U.S. Coast Guard shall ensure plans for the management and mobilization of military retirees are consistent with this rule.
(c) The Directors of the Defense Agencies, the Secretary of Homeland

1Copies may be obtained from http://www.dtic.mil/whs/directives.
2See § 64.3(b).
Security, the Director of the Selective Service System, and Heads of Federal Agencies, shall, by agreement, assist in identifying military and Federal civilian wartime positions that are suitable to be filled by military retirees. They shall also process those requirements according to Departmental policy, including any appropriate coordination under Department of Defense Directive 1000.17, before the positions are filled by the Military Services. The Secretary of the Military Department shall retain the right to disapprove the request if no military retiree is available.

(d) The Secretaries of the Military Departments, or designees, shall:

(1) Prepare plans and establish procedures for mobilization of military retirees according to this rule.

(2) Determine the extent of military retiree mobilization requirements based on existing inventories and inventory projections for mobilization of qualified Reservists in an active status in the Ready Reserve, including Individual Ready Reserve and the Inactive National Guard (when placed in an active status), or the Standby Reserve.

(3) Develop procedures for identifying retiree Categories I and II and conduct screening of retirees according to Department of Defense Directive 1200.7.

(4) Maintain necessary records on military retirees and their military qualifications. Maintain records for military retiree Categories I and II, including retirees who are key employees, and their availability for mobilization, civilian employment, and physical condition. Data shall be

(5) Advise military retirees of their duty to provide the Military Services with accurate mailing addresses and any changes in civilian employment, military qualifications, availability for service, and physical condition.

(6) Pre-assign retired members, when determined appropriate and as necessary.

(7) Determine refresher training requirements.

See §64.3(b).

See §64.3(b).
agreement with the Surgeon General, and to the National Oceanic and Atmospheric Administration Commissioned Officer Corps (NOAA Corps) by agreement with the Director, NOAA Corps.

§ 65.3 Definitions.

Unless otherwise noted, these terms and their definitions are for the purpose of this part:

Active duty. For the Post-9/11 GI Bill, the term “active duty” is defined in 38 U.S.C. 3301(1).

Affiliation kicker. Supplemental educational assistance that may be offered by the Secretary of a Military Department to the monthly amount of educational assistance otherwise payable to an individual pursuant to paragraph (1)(B), or to paragraphs (2) through (7) (as applicable), of 38 U.S.C. 3313(c), to a Service member who is separating honorably from a regular component and who agrees to serve in the Selected Reserve in a skill, specialty, or unit in which there is a critical shortage of personnel or for which it is difficult to recruit and/or retain.

Enlistment kicker. Supplemental educational assistance that may be offered by a Secretary of a Military Department to the monthly amount of educational assistance otherwise payable to an individual pursuant to paragraph (1)(B), or to paragraphs (2) through (7) (as applicable), of 38 U.S.C. 3313(c), who initially enlists in a regular component in a skill or specialty in which there is a critical shortage of personnel or for which it is difficult to recruit.

Family member. A spouse or child as codified in 38 U.S.C. 101 who is enrolled in Defense Eligibility Enrollment Reporting System (DEERS).

Kickers. Supplemental educational assistance that may be offered by a Secretary of a Military Department to the monthly amount of educational assistance otherwise payable to an individual pursuant to paragraph (1)(B), or to paragraphs (2) through (7) (as applicable), of 38 U.S.C. 3313(c).

Reenlistment kicker. Supplemental educational assistance that may be offered by a Secretary of a Military Department to the monthly amount of educational assistance otherwise payable to an individual pursuant to paragraph (1)(B), or to paragraphs (2) through (7) (as applicable), of 38 U.S.C. 3313(c), to a member who, after completing 5 or more years of continuous service, signs an agreement to remain on active duty for a period of at least 2 years.

Secretary Concerned. For a member of the Army, the Navy, the Air Force, the Marine Corps, and the Coast Guard when it is operating as a Service of the Department of the Navy, the term means the Secretary of the Military Department with jurisdiction over that Service member. For a member of the Coast Guard when the Coast Guard is operating as a Service of the DHS, the term means the Secretary of Homeland Security. For a member of the PHS, the term means the Surgeon General. For a member of the NOAA Corps, the term means the Director, NOAA Corps.

Service member. An individual serving on active duty or in the Selected Reserve. Does not include other members of the Ready Reserve (such as the Individual Ready Reserve, standby Reserve, or retired Service members, unless they are serving on active duty.) For purposes of §65.6, includes members of the PHS and members of the NOAA Corps.

§ 65.4 Policy.

It is DoD policy that:

(a) Kickers may be authorized to assist in the recruitment, reserve affiliation, and retention of individuals into skills or specialties in which there are critical shortages or for which it is difficult to recruit or, in the case of critical units, to retain personnel.

(b) Transferability of education benefits may be used to promote recruitment and retention.

§ 65.5 Responsibilities.

(a) The Deputy Assistant Secretary of Defense for Military Personnel Policy (DASD(MPP)), under the authority, direction, and control of the Assistant Secretary of Defense for Readiness and Force Management, shall:

(1) Develop guidance and procedures for implementation and oversight of DoD authorities and responsibilities under the Post-9/11 GI Bill.

(2) Coordinate administrative procedures of the Post-9/11 GI Bill with the
§ 65.5

Department of Veterans Affairs (VA), and other appropriate DoD and intergovernmental agencies, as applicable.

(3) Review and approve each Military Department plan to use supplemental assistance in accordance with the provisions of 38 U.S.C. 3316.

(4) Establish the standard data elements needed to administer the Post-9/11 GI Bill.

(b) The Under Secretary of Defense (Comptroller) (USD(C))/Chief Financial Officer (CFO) (USD(C)/CFO), Department of Defense shall:

(1) Provide guidance on budgeting, accounting, and funding for the educational benefits program in support of plans established in § 65.6, and for investing the available DoD Education Benefits Fund balance.

(2) In coordination with the DASD(MPP), review and approve the Military Department budget estimates for the supplemental payments in accordance with the provisions of 38 U.S.C. 3316.

(c) The Director, Department of Defense Human Resources Activity (DoDHRA), under the authority, direction, and control of the Under Secretary of Defense for Personnel and Readiness, shall ensure the Director, Defense Manpower Data Center (DMDC) shall:

(1) Replicate Post 9/11 GI Bill eligibility data using the Veterans Affairs and DoD Identity Repository (VADIR) with the DVA as needed and specified.

(i) Maintain personnel information needed by the DVA to determine benefit entitlement.

(ii) Maintain DVA payment and usage data for the Post 9/11 GI Bill program.

(2) [Reserved]

(d) The Secretaries Concerned shall:

(1) Provide implementing guidance within their Department to govern the administration of the Post-9/11 GI Bill consistent with this part and other guidance issued by the DASD(MPP) and the USD(C)/CFO consistent with the needs of the Military Services. This guidance must include Service implementation of kickers and the transfer of unused educational benefits as established in 38 U.S.C. 3319, as outlined in § 65.6.

(2) Ensure that all eligible active duty Service members and members of the Reserve Components are aware that they are automatically eligible for Post-9/11 GI Bill educational assistance upon serving the required active duty time as outlined in 38 U.S.C. 3311.

(3) Ensure that all officers without earlier established eligibility, following commissioning through the Service academies (with the exception of the Coast Guard Academy for individuals who enter into an agreement to serve before January 4, 2011) or Reserve Officer Training Corps Scholarship Programs consistent with 10 U.S.C. 2107, are aware that their eligible period of active duty for Post-9/11 GI Bill benefits does not begin until they have completed their statutory obligated active duty service. Ensure that such officers are aware that any active duty service after that obligated period of service may qualify as active duty service for Post-9/11 GI Bill eligibility.

(4) Ensure that all Service members participating in the student loan repayment program in accordance with 10 U.S.C. chapter 109 are aware that their service counted pursuant to 10 U.S.C. chapter 109 does not count as qualifying active duty service for Post-9/11 GI Bill eligibility. Ensure that such Service members are aware that any service after that obligated period of service may qualify as active duty service for Post-9/11 GI Bill eligibility.

(5) Authorize kickers for recruitment and retention of individuals with critical skills or in programs that are hard to recruit or retain in accordance with 38 U.S.C. 3316, and advise the DASD(MPP) of such approval.

(6) Budget for and transfer funds to support the kickers, in accordance with § 65.6 of this part and guidance issued by the USD(C)/CFO.

(7) Ensure pre-separation or release from active duty counseling on Post-9/11 GI Bill benefits to active duty members and members of the Reserve Components with qualifying active duty service and document this counseling accordingly.

(8) Promulgate guidance for their Service(s) to administer the transferability of unused education entitlements to family members to support
recruiting and retention in accordance with §65.6.

(9) Ensure maintenance of records for individuals who receive kickers in accordance with §65.6.

§ 65.6 Procedures.

(a) General eligibility. Eligibility and administration of the Post-9/11 GI Bill are the responsibility of the VA. Policies and procedures for utilization of Post-9/11 GI Bill benefits are available from that agency. Those policies and procedures are codified in 38 CFR part 21 and presented and updated at http://www.gibill.va.gov.

(b) Kickers.—(1) Enlistment kickers. The use of enlistment kickers should be based on the criticality of the skill and/or the length of enlistment commitment and may be offered in amounts from $150 to $950 a month in increments of $100. Reporting codes for enlistment kickers are listed in DoD Instruction 1336.05 and DoD Manual 7730.54–M–V1.

(2) Affiliation kickers. The use of affiliation kickers shall be based on the criticality of the skill and/or unit and the length of Selected Reserve commitment, and may be offered in amounts from $150 to $950 a month in increments of $100. If an individual is already eligible for an enlistment kicker, the amount of the affiliation kicker is limited to the amount that would take the total to $950. For those individuals who are offered an affiliation kicker on top of an enlistment kicker, the increases above the enlistment kicker will be in $100 increments. Reporting codes for affiliation kickers are the same as the codes for enlistment kickers listed in DoD Instruction 1336.05 and DoD Manual 7730.54–M–V1.

(3) Reenlistment kickers. The use of reenlistment kickers should be based on the criticality of the skill and may be offered in amounts from $100 to $300 a month in increments of $100, based on length of additional service. Reporting codes for reenlistment kickers are listed in DoD Instruction 1336.05 and DoD Manual 7730.54–M–V1.

(4) Payment of kickers. Kickers are paid by VA in conjunction with the monthly stipend paid pursuant to 38 U.S.C. 3313(c).

(c) Transferability of unused education benefits to family members. Subject to the provisions of this section, the Secretary Concerned, to promote recruitment and retention in the Uniformed Services, may permit an individual eligible for Post-9/11 GI Bill educational assistance to elect to transfer to one or more of his or her family members all or a portion of his or her entitlement to such assistance (see paragraphs (c)(1) and (c)(2) of this section).

(1) Eligible individuals. Any Service member on or after August 1, 2009, who is entitled to the Post-9/11 GI Bill at the time of the approval of his or her request to transfer that entitlement under this section, may transfer that entitlement provided he or she meets one of these conditions:

(i) Has at least 6 years of service in the Military Services (active duty or Selected Reserve), NOAA Corps, or PHS on the date of approval and agrees to serve 4 additional years in the Military Services, NOAA Corps, or PHS from the date of election.

(ii) Has at least 10 years of service in the Military Services (active duty or Selected Reserve), NOAA Corps, or PHS on the date of approval, is precluded by either standard policy (Service or DoD) or statute from committing to 4 additional years, and agrees to serve for the maximum amount of time allowed by such policy or statute.

(iii) Is or becomes retirement eligible during the period from August 1, 2009, through July 31, 2012, and agrees to serve the additional period, if any, specified in paragraphs (c)(1)(i)(A) through (c)(1)(i)(C) of this section. A Service member is considered to be retirement eligible if he or she has completed 20 years of active Federal service or 20 qualifying years as computed...
pursuant to 10 U.S.C. 12732. This paragraph will no longer be in effect on August 1, 2013, and on or after that date all members must comply with paragraphs (c)(1)(i) or (c)(1)(ii) of this section to be eligible for transfer of unused education benefits to family members.

(A) For individuals eligible for retirement on August 1, 2009, no additional service is required.

(B) For individuals eligible for retirement on or after August 1, 2009, and before August 1, 2010, 1 year of additional service is required.

(C) For individuals eligible for retirement on or after August 1, 2010, and before August 1, 2011, 2 years of additional service is required.

(D) For individuals eligible for retirement on or after August 1, 2011, and before August 1, 2012, 3 years of additional service is required.

(iv) The provisions of paragraph (c)(1)(iii) of this section will apply to Service members recalled to active duty under the provisions of 10 U.S.C. 688 or members of the Individual Ready Reserve ordered to active duty under the provisions of 10 U.S.C. 12301(d) only when the active duty is for a period of at least 90 days.

(2) Eligible family members. (i) An individual approved to transfer an entitlement to educational assistance under this section may transfer that entitlement to his or her spouse, to one or more of his or her children, or to a combination of his or her spouse and one or more children.

(ii) For purposes of this provision, the definition of spouse and child are as codified in 38 U.S.C. 101. Confirmation of family members will be made using the DEERS.

(iii) Once an individual has designated a child as a transferee, a child’s subsequent marriage will not affect his or her eligibility to receive the educational benefit; however, the individual retains the right to revoke or modify the transfer at any time.

(iv) Once an individual has designated a spouse as a transferee, subsequent divorce will not affect the transferee’s eligibility to receive educational benefits; however, the eligible individual retains the right to revoke or modify the transfer at any time.

(3) Months of transfer. Months transferred must be whole months. The number of months of benefits transferred by an individual under this section may not exceed the lesser of:

(i) The months of Post-9/11 GI Bill unused benefits available.

(ii) 36 months.

(4) Transferee usage. (i) Policies and procedures for family member use of Post-9/11 GI Bill transferred educational benefits are the responsibility of the VA. Those policies and procedures are codified in 38 CFR part 21 and presented and updated at http://www.gibill.va.gov.

(ii) Commencement of use by a family member is subject to these conditions:

(A) A spouse may start to use the benefit only after the individual making the transfer has completed at least 6 years of service in the Military Services, NOAA Corps, or PHS.

(B) A child may start to use the benefit after the individual making the transfer:

(1) Has completed at least 10 years of service in the Military Services, NOAA Corps, or PHS, or

(2) Is separated for one of the reasons referred to in paragraph (c)(7)(ii) or (c)(7)(iii) of this section.

(5) Designation of transferee. An individual transferring an entitlement to educational assistance under this section shall, through notification to the Secretary Concerned as specified in paragraph (c)(9) of this section:

(i) Designate the family member or members to whom such entitlement is being transferred.

(ii) Designate the number of months of such entitlement to be transferred to each family member.

(iii) Specify the period for which the transfer shall be effective for each family member. The effective period must be on or after the date of designation.

(6) Time for transfer, revocation, and modification—(i) Time for transfer. An individual approved to transfer entitlement to educational assistance under this section may transfer such entitlement to the individual’s family member only while serving in the Military Services (active duty or Selected Reserve.), NOAA Corps, or PHS. An individual may not add family members
after retirement or separation from the Uniformed Services.

(ii) Modification or revocation. (A) An individual transferring entitlement in accordance with this section may modify or revoke at any time the transfer of any unused portion of the entitlement so transferred.

(i) An individual may add new family members, modify the number of months of the transferred entitlement for existing family members, or revoke transfer of entitlement while serving in the Uniformed Services.

(2) An individual may not add family members after retirement or separation from the Military Services, NOAA Corps, or PHS, but may modify the number of months of the transferred entitlement or revoke transfer of entitlement after retirement or separation for those family members who have received transferred benefits prior to separation or retirement.

(B) The modification or revocation of the transfer of entitlement shall be made by submitting notice of the action to both the Secretary of the Military Department concerned and the Secretary of Veterans Affairs. Additions, modifications, or revocations made while in the Military Services, NOAA Corps, or PHS will be made through the TEB Web site as described in paragraph (c)(8) of this section. Modifications or revocations after separation from the Military Services, NOAA Corps, or PHS will be accomplished through VA.

(7) Failure to complete service agreement. (i) Except as provided in this section, if an individual transferring entitlement under this section fails to complete the service agreed to consistent with paragraph (c)(1) of this section in accordance with the terms of the agreement, the amount of any transferred entitlement that is used as of the date of such failure shall be treated as an overpayment of educational assistance and shall be subject to collection by VA.

(ii) Paragraph (c)(7)(i) of this section shall not apply to an individual who fails to complete service agreement due to:

(A) His or her death.
(B) Discharge or release from active duty or the Selected Reserve for a medical condition that pre-existed his or her service and was not service-connected.
(C) Discharge or release from active duty or the Selected Reserve for hardship as determined by the Secretary of the Military Department concerned.
(D) Discharge or release from active duty or the Selected Reserve for a physical or mental condition, not a disability, that did not result from his or her willful misconduct, but did interfere with the performance of duty.

(iii) The transferor is also considered to have completed his or her service agreement as a result of being discharged for a disability or a reduction in force or force shaping.

(iv) The Secretaries of the Military Departments may promulgate guidance regarding waiver of the military service obligation agreed to consistent with paragraph (c)(1) of this section if the individual revokes all transfers and no benefits have been used.

(8) Procedures. All requests and transactions for individuals who remain in the Uniformed Services will be completed through the TEB Web application at https://www.dmdc.osd.mil/milconnect/. The TEB Users Manual, maintained on that site, will provide instruction for enrollment; verification; and additions, changes, and revocations. Modifications or revocations after separation from the Uniformed Services will be accomplished through VA.

(9) Regulations. The Secretaries of the Military Departments shall promulgate guidance to administer the transferability of unused education entitlements to family members in accordance with this part. Such guidance shall specify:

(i) The manner of verifying and documenting the additional service commitment, if any, consistent with paragraph (c)(1) of this section, to be authorized to transfer education benefits.

(ii) The manner of determining eligibility to authorize the transfer of education benefits as allowed in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this section.
PART 66—QUALIFICATION STANDARDS FOR ENLISTMENT, APPOINTMENT, AND INDUCTION

Sec.
66.1 Purpose.
66.2 Applicability.
66.3 Definitions.
66.4 Policy.
66.5 Responsibilities.
66.6 Enlistment, appointment, and induction criteria.
66.7 Enlistment waivers.

AUTHORITY: 10 U.S.C. 504, 505, 520, 532, 12102, 12201, and 12205.

SOURCE: 80 FR 16270, Mar. 27, 2015, unless otherwise noted.

§ 66.1 Purpose.

In accordance with the authority in DoD Directive 5124.02, “Under Secretary of Defense for Personnel and Readiness (USD(P&R))” (available at http://www.dtic.mil/whs/directives/corres/pdf/512402p.pdf), this part:

(a) Updates established policies and responsibilities for basic entrance qualification standards for enlistment, appointment, and induction into the Military Services and delegates the authority to specify certain standards to the Secretaries of the Military Departments.

(b) Establishes the standards for age, aptitude, citizenship, dependents, education, medical, character/conduct, physical fitness, and other disqualifying conditions, which are cause for non-qualification for military service. Other standards may be prescribed in the event of national emergency.

(c) Sets standards designed to ensure that individuals under consideration for enlistment, appointment, or induction are able to perform military duties successfully, and to select those who are the most trainable and adaptable to Service life.

§ 66.2 Applicability.

This part applies to:

(a) Office of the Secretary of Defense, the Military Departments (including the Coast Guard at all times, including when it is a Service in the Department of Homeland Security by agreement with that Department), the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (referred to collectively in this part as the “DoD Components”).

(b) Applicants for initial enlistment into the Military Services Regular and Reserve Components.

(c) Applicants for appointment as commissioned or warrant officers in the Regular and Reserve Components.

(d) Applicants for reenlistment following release from active duty into subsequent Regular or Reserve Components (including the Army National Guard of the United States and the Air National Guard of the United States) after a period of more than 6 months has elapsed since discharge.

(e) Applicants for contracting into the Reserve Officer Training Corps (ROTC), and all other Military Services special officer personnel procurement programs, including the Military Service Academies.

(f) All individuals being inducted into the Military Services.

§ 66.3 Definitions.

Unless otherwise noted, these terms and their definitions are for the purposes of this part.

Adjudicating authority. Any government official who is empowered to make findings or determinations concerning an alleged criminal offense (adult and juvenile) and establish responsibility for commission of the offense. Examples include judges, courts, magistrates, prosecutors, hearing officers, military commanders (for Article 15 actions pursuant to 10 U.S.C. chapter 47, suspension of dependent privileges, or similar actions), probation officers, juvenile referees, and parole officers or boards.

Adverse adjudication (adult or juvenile).

(1) A finding, decision, sentence, or judgment by an adjudicating authority, against an individual, that was other than unconditionally dropped or dismissed or the individual was acquitted is considered adverse adjudication. If the adjudicating authority places a condition or restraint that leads to dismissal, drops the charges, acquits, or
the records are later expunged, or the charge is dismissed after a certain period of time, the adjudication is still considered adverse. A suspension of sentence, not processed, or a dismissal after compliance with imposed conditions is also adverse adjudication. This includes fines and forfeiture of bond in lieu of trial.

(2) A conviction for violating any federal law (including 10 U.S.C. chapter 47), or any State or municipal law or ordinance is considered an adverse adjudication. For example, a shoplifter is reprimanded and required by the on-scene police officer, store security guard, or manager to pay for the item before leaving the store but is not charged, not found guilty, or is not convicted. In this situation, there is no adverse adjudication because no legal proceedings occurred and no adjudicating authority was involved.

_Visit_. The act of finding a person guilty of a crime, offense, or other violation of the law by an adjudicating authority.

_Dependent_.

(1) A spouse of an applicant for enlistment.

(2) An unmarried adopted child or an unmarried step-child under the age of 18 living with the applicant.

(3) An unmarried biological child of the applicant under the age of 18.

(4) Any person living with the applicant who is, by law or in fact, dependent upon the applicant for support, or who is not living with the applicant and is dependent upon the applicant for over one-half of his or her support.

_Reserve components_. Includes the Army National Guard of the United States, the Army Reserve, the Navy Reserve, the Marine Corps Reserve, the Air National Guard of the United States, the Air Force Reserve, and the Coast Guard Reserve.

_Restitution_. Any compensation in time, labor, or money for the adverse effects of an offense as a result of agreements from judicial or prosecutorial involvement. For example, an individual is adversely adjudicated for vandalism and is ordered by the adjudicating authority to replace or repair the damaged property.

_Service review_. A formal review of condition(s) or event(s) that, based on Service-specific standards, may make an applicant for enlistment ineligible to serve. Once a Service review is complete, the Service may grant an exception to policy to allow an individual to serve. These standards are subject to change at the discretion of the Service.

_Waiver_. A formal request to consider the suitability for service of an applicant who because of inappropriate conduct, dependency status, current or past medical conditions, or drug use may not be qualified to serve. Upon the completion of a thorough examination using a “whole person” review, the applicant may be granted a waiver. The applicant must have displayed sufficient mitigating circumstances that clearly justify waiver consideration. The Secretaries of the Military Departments may delegate the final approval authority for all waivers.

§ 66.4 Policy.

It is DoD policy to:

(a) Use common entrance qualification standards for enlistment, appointment, and induction into the Military Services.

(b) Avoid inconsistencies and inequities based on ethnicity, gender, race, religion, or sexual orientation in the application of these standards by the Military Services.

(c) Judge the suitability of individuals to serve in the Military Services on the basis of their adaptability, potential to perform, and conduct.

§ 66.5 Responsibilities.

(a) Under the authority, direction, and control of the Under Secretary of Defense for Personnel and Readiness (USD(P&R)), the Assistant Secretary of Defense for Reserve Affairs (ASD(RA)) acts as an advisor to the USD(P&R) on the Reserve enlistment and appointment standards.

(b) Under the authority, direction, and control of the USD(P&R), the Assistant Secretary of Defense for Health Affairs (ASD(HA)) acts as an advisor to the USD(P&R) on the medical requirements of the standards in §66.6.

(c) Under the authority, direction, and control of the USD(P&R), the Assistant Secretary of Defense for Readiness and Force Management (ASD(R&FM)):
(1) Acts as an advisor to the USD(P&R) on the height and weight requirements of the standards in §66.6.

(2) Ensures the U.S. Military Entrance Processing Command assists the Military Services in implementing the standards in §66.6 of this part.

(d) The Secretaries of the Military Departments:

(1) Oversee conformance with this part.

(2) Recommend suggested changes to this part to the USD(P&R) as necessary.

(3) Establish other Service-specific standards as necessary to implement this part.

(4) Review all standards on an annual basis.

(5) Establish procedures to grant waivers, accomplish reviews, and require individuals to meet the appropriate standards or be granted an exception pursuant to 10 U.S.C. 504(a).

(6) Request approval from the USD(P&R) for generalized exceptions to these standards as permitted by law.

(7) Use the standards in §66.6 to determine the entrance qualifications for all individuals being enlisted, appointed, or inducted into any component of the Military Services.

§ 66.6 Enlistment, appointment, and induction criteria.

(a) General eligibility criteria—(1) Entrance considerations. Accession of qualified individuals will be a priority when processing applicants for the Military Services.

(2) Eligibility determination. Eligibility will be determined by the applicant’s ability to meet all requirements of this part, to include obtaining waivers. Applicants will not be enlisted, appointed, or inducted unless all requirements of this part are met.

(b) Basic eligibility criteria—(1) Age. (1) To be eligible for Regular enlistment, the minimum age for enlistment is 17 years and the maximum age is 42 years in accordance with 10 U.S.C. 505. The maximum age for a prior service enlistee is determined by adding the individual’s years of prior service to age 42. The Secretary concerned will establish enlistment age standards for the Reserve Components in accordance with 10 U.S.C. 12102.

(ii) Age limitations for appointment as a commissioned or warrant officer normally depend on the Military Service concerned. In accordance with 10 U.S.C. 532, most persons appointed as commissioned officers must be able to complete 20 years of active commissioned service before their 62nd birthday to receive a Regular commission.

(iii) In accordance with 10 U.S.C. 12201, a person will be at least 18 years of age for appointment as a Reserve Officer. The maximum age qualification for initial appointment as a Reserve Officer will not be less than 47 years of age for individuals in a health profession specialty designated by the Secretary concerned as a specialty critically needed in wartime.

(iv) In accordance with 32 U.S.C. 313, to be eligible for original enlistment in the National Guard, a person must be at least 17 years of age and under 45, or under 64 years of age and a former member of the Regular Army, Regular Navy, Regular Air Force, or Regular Marine Corps. To be eligible for reenlistment, a person must be under 64 years of age.

(v) In accordance with 32 U.S.C. 313, to be eligible for appointment as an officer of the National Guard, a person must be at least 18 years of age and under 64 years of age.

(2) Citizenship. (1) To be eligible for Regular or Reserve enlistment, an individual must meet one of the conditions outlined in 10 U.S.C. 504(b); however, the Secretary concerned may authorize the enlistment of a person not described in this section if the Secretary determines that such enlistment is vital to the national interest.

(ii) To be eligible for appointment as a commissioned officer (other than as a commissioned warrant officer) in the Regular Army, Regular Navy, Regular Air Force, or Regular Marine Corps, the individual must be a citizen of the United States as outlined in 10 U.S.C. 532. The Secretary of Defense (or the Secretary of Homeland Security for the Coast Guard) may waive the requirement of U.S. citizenship with respect to a person who has been lawfully admitted to the United States for permanent residence, or for a United States
national otherwise eligible for appointment as a cadet or midshipman in accordance with 10 U.S.C. 2107(a), when the Secretary determines that the national security so requires, but only for an original appointment in a grade below the grade of major or lieutenant commander.

(iii) To be eligible for appointment as a Reserve Officer in an armed force, the individual must be a citizen of the United States or lawfully admitted to the United States for permanent residence in accordance with 8 U.S.C. 1101 et seq. (also known as the "Immigration and Nationality Act") or have previously served in the Military Services or in the National Security Training Corps as outlined under 10 U.S.C. 12201.

(iv) To be eligible for enlistment in the National Guard, a person must meet one of the conditions in 10 U.S.C. 504(b); however, the Secretary concerned may authorize the enlistment of a person not described in this section if the Secretary determines that such enlistment is vital to the national interest.

(v) To become an officer of the Army National Guard of the United States or the Air National Guard of the United States, the individual must first be appointed to, and be federally recognized in, the same grade in the Army National Guard or the Air National Guard. In accordance with 10 U.S.C. 12201, the individual must be a citizen of the United States or lawfully admitted to the United States for permanent residence in accordance with 8 U.S.C. 1101 et seq. or have previously served in Military Service or in the National Security Training Corps.

(3) Education. (i) Possession of a high school diploma is desirable, although not mandatory, for enlistment in any component of the Military Services. 10 U.S.C. 520 states that a person who is not a high school graduate may not be accepted for enlistment in the Military Services unless the score of that person on the Armed Forces Qualification Test (AFQT) is at or above the thirty-first percentile. 10 U.S.C. 520 also states that a person may not be denied enlistment in the Military Services solely because he or she does not have a high school diploma if his or her enlistment is needed to meet established strength requirements.

(ii) Bearers of alternative credential (e.g., General Educational Development certificates and certificates of attendance) and non-graduates may be assigned lower enlistment priority based on first-term attrition rates for those credentials. DoD Instruction 1145.01, “Qualitative Distribution of Military Manpower” (available at http://www.dtic.mil/whs/directives/corres/pdf/114501p.pdf) identifies the authority for establishing the qualitative distribution objectives for accessions.

(iii) Educational requirements for appointment as a commissioned or warrant officer are determined by each Military Service. 10 U.S.C. 12205 establishes education requirements for certain Reserve appointments. Generally, and unless excepted under 10 U.S.C. 12205, a baccalaureate degree is required for appointment above the grade of first lieutenant in the Army, Air Force, and Marine Corps Reserves or lieutenant junior grade in the Navy Reserve, or to be federally recognized in a grade above the grade of first lieutenant as a member of the Army National Guard or Air National Guard. In addition, special occupations (e.g., physician or chaplain) may require additional vocational credentials as determined by the Secretary concerned.

(4) Aptitude. (i) Overall aptitude requirements for enlistment and induction are based on applicant scores on the AFQT derived from the Armed Services Vocational Aptitude Battery. Applicant scores are grouped into percentile categories. Persons who score in AFQT Category V (percentiles 1–9) are ineligible to enlist. In accordance with 10 U.S.C. 520, the number of persons who enlist in any Armed Force during any fiscal year (i.e., accession cohort) who score in AFQT Category IV (percentiles 10–30) may not exceed 20 percent of the total number of persons enlisted by Service. DoD Instruction 1145.01 identifies the authority for establishing the qualitative distribution objectives for accessions.

(ii) For officers and warrant officers, no single test or instrument is used as an aptitude requirement for appointment.
§ 66.6 Medical.

(i) In accordance with DoD Instruction 6130.03, “Medical Standards for Appointment, Enlistment, or Induction in the Military Services” (available at http://www.dtic.mil/whs/directives/corres/pdf/613003p.pdf), the pre-accession screening process will be structured to identify any medical condition, including mental health, that disqualifies an applicant for military service.

(ii) Individuals who fail to meet established medical standards, as defined in DoD Instruction 6130.03, may be considered for a medical waiver. Each Service’s waiver authority for medical conditions will make a determination based on all available information regarding the issue or condition. Waiver requirements are outlined in §66.7.

(6) Physical fitness.

(i) In accordance with DoD Instruction 1308.3, “DoD Physical Fitness and Body Fat Programs Procedures” (available at http://www.dtic.mil/whs/directives/corres/pdf/130803p.pdf), all individuals must meet the pre-accession height and weight standards as prescribed in Table 1 of DoD Instruction 1308.3.

(ii) The Military Services may have additional physical fitness screening requirements.

(7) Dependency status.

(i) The Military Services may not enlist married individuals with more than two dependents under the age of 18 or unmarried individuals with custody of any dependents under the age of 18; however, the Secretary concerned may grant a waiver for particularly promising entrants. Waiver requirements are outlined in §66.7 of this part.

(ii) The Military Services will specify the circumstances under which individuals who have dependents may become commissioned officers or warrant officers; variations in policy may be affected by the commissioning source (e.g., Service Academies, ROTC, or Officer Candidate School).

(8) Character/conduct.

The underlying purpose of these enlistment, appointment, and induction standards is to minimize entrance of persons who are likely to become disciplinary cases, security risks, or who are likely to disrupt good order, morale, and discipline. The Military Services are responsible for the defense of the Nation and should not be viewed as a source of rehabilitation for those who have not subscribed to the legal and moral standards of society at-large. As a minimum, an applicant will be considered ineligible if he or she:

(i) Is under any form of judicial restraint (bond, probation, imprisonment, or parole).

(ii) Has a significant criminal record. 10 U.S.C. 504 prohibits any person who has been convicted of a felony from being enlisted in any of the Military Services; however, 10 U.S.C. 504 authorizes a waiver in meritorious cases. Except as limited by paragraph (b)(8)(iii) of this section, persons convicted of felonies may request a waiver to permit their enlistment. The waiver procedure is not automatic, and approval is based on each individual case. Waiver requirements are outlined in §66.7 of this part.

(iii) Has a State or federal conviction or a finding of guilty in a juvenile adjudication for a felony crime of rape, sexual abuse, sexual assault, incest, any other sexual offense, or when the disposition requires the person to register as a sex offender. In these cases, the enlistment, appointment, or induction will be prohibited and no waivers are allowed.

(iv) Has been previously separated from the Military Services under conditions other than honorable or for the good of the Military Service concerned.

(v) Has exhibited antisocial behavior or other traits of character that may render the applicant unfit for service.

(vi) Receives an unfavorable final determination by the DoD Consolidated Adjudication Facility on a completed National Agency Check with Law and Credit (NACLC) or higher-level investigation, which is adjudicated to the National Security Standards in accordance with Executive Order 12968, during the accession process.

(A) An applicant may be accessed (including shipping him or her to training or a first duty assignment) provided that a NACLC or higher-level investigation was submitted and accepted by the investigative service provider (OPM) and an advanced fingerprint was conducted, and OPM did not identify any disqualifying background information.
(B) If NACLC adjudication is not completed until after accession, any additional disqualifying information identified during the adjudication should be transmitted to the appropriate personnel or human resource offices, as determined by the Services, for appropriate action.

(9) Drugs and alcohol. A current or history of alcohol dependence, drug dependence, alcohol abuse, or other drug abuse is incompatible with military life and does not meet military standards in accordance with DoD Instruction 6130.03. Pursuant to DoD Instruction 1010.01, “Military Personnel Drug Abuse Testing Program (MPDATP)” (available at http://www.dtic.mil/whs/directives/corres/pdf/101001p.pdf), the pre-accession screening process is structured to identify individuals with a history of drug (including pharmaceutical medications, illegal drugs and other substances of abuse) and alcohol abuse.

(i) Drug use (to include illegal drugs, other illicit substances, and pharmaceutical medications), drug abuse, and alcohol abuse may be self-admitted by an applicant, discovered during the medical screening process, or identified by the drug and alcohol test (DAT), which is administered at the Military Entrance Processing Stations (MEPS) or other approved military processing facility.

(ii) Current or history of alcohol dependence, drug dependence, alcohol abuse, or other drug abuse may be a medically disqualifying condition based on the standards in accordance with DoD Instruction 6130.03. The MEPS Chief Medical Officer, or equivalent, when the physical is not performed at MEPS, will make that determination based on all of the information available on a case-by-case basis. These instances will be treated as a medical disqualification and handled in accordance with the guidance provided in paragraphs (b)(5)(i) through (b)(5)(ii) of this section.

(iii) Individuals who test positive for illegal drugs on the DAT, which is administered as part of the accession physical, will be disqualified. A waiver may be requested. Waiver requirements are outlined in §66.7.

(iv) Service qualification standards, regarding drugs and alcohol, may be more restrictive.

§ 66.7 Enlistment waivers.

(a) Waiver requirements. In accomplishing whole person reviews of enlistment eligibility, the following categories and combinations of categories would require a favorable waiver determination by the Secretary of the Military Department concerned for the applicant to be considered qualified.

(1) Medical waiver. A medical waiver is required for enlistment qualification of an applicant who has or may have had a disqualifying medical condition in accordance with DoD Instruction 6130.03.

(2) Dependent waiver. A dependent waiver is required when an applicant is married with more than two dependents under the age of 18 or when an applicant is unmarried and has custody of any dependents under the age of 18.

(3) Conduct waiver. In processing conduct waiver requests, the Military Services will require information about the “who, what, when, where, and why” of the offense in question; and letters of recommendation from responsible community leaders, such as school officials, clergy, and law enforcement officials, attesting to the applicant’s character or suitability for enlistment.

(1) A Conduct Waiver is required when the final finding of the courts or other adjudicating authority is a conviction or other adverse adjudication of:

(A) One “major misconduct” offense, or;

(B) Two “misconduct” offenses, or;

(C) A pattern of misconduct.

(1) One “misconduct” offense and four “non-traffic” offenses.

(2) Five or more “non-traffic” offenses.

(11) Use the Table of this section to determine the appropriate level of offense and applicable code. See paragraph (b) of this section for additional guidance.

(4) Drug waiver. A drug waiver is required when an applicant or enlistee is confirmed positive for the presence of drugs at the time of the original or subsequent physical examination (i.e.,
tests positive on the DAT at a MEPS or equivalent facility. Drug waivers for these applicants may be considered and granted or rejected only after the disqualification period established in section 6 of Enclosure 7 of DoD Instruction 1010.16, “Technical Procedures for the Military Personnel Drug Abuse Testing Program (MPDATP)” (available at http://www.dtic.mil/whs/directives/corr/pdf/101016p.pdf) ends.

(b) Classifying conduct offenses. The procedures that will be used in the classifying and coding of all conduct offenses are:

1. **Initial classification.** Align the offense that is the subject of adverse adjudication with an offense from the Table of this section. As an exception, any offense classified as a felony under State or federal jurisdiction will be treated as a major misconduct offense for DoD purposes regardless of where similar charges are listed.

2. **Non-similar offenses.** If unable to find a similar charge, the Military Services will:

   a. Treat the offense as a major misconduct offense if the adjudicating authority can impose a maximum period of confinement that exceeds 1 year.

   b. Treat the offense as a misconduct offense if the adjudicating authority can impose a maximum period of confinement that exceeds 6 months but is not more than 1 year.

   c. Treat all other offenses as either other non-traffic offenses or traffic offenses, depending on the nature of the offense.

PART 67—EDUCATIONAL REQUIREMENTS FOR APPOINTMENT OF RESERVE COMPONENT OFFICERS TO A GRADE ABOVE FIRST LIEUTENANT OR LIEUTENANT (JUNIOR GRADE)

§ 67.1 Purpose.
This part provides guidance for implementing policy, assigns responsibilities, and prescribes under 10 U.S.C. 12205 for identifying criteria for determining educational institutions that award baccalaureate degrees which satisfy the educational requirement for appointment of officers to a grade above First Lieutenant in the Army Reserve, Air Force Reserve, and Marine Corps Reserve, or Lieutenant (Junior Grade) in the Naval Reserve, or for officers to be federally recognized in a grade level above First Lieutenant as a member of the Army National Guard or Air National Guard.

§ 67.2 Applicability.
This part applies to the Office of the Secretary of Defense, and the Military Departments; the Chairman of the Joint Chiefs or Staff; and the Defense Agencies referred to collectively in this part as the “DoD Components”). The term “Military Departments,” as used in this part, refers to the Departments of the Army, the Navy, and the Air Force. The term “Secretary concerned” refers to the Secretaries of the Military Departments. The term “Military Services” refers to the Army, the Navy, the Air Force, the Marine Corps. The term “Reserve components” refers to the Army Reserve, Army National Guard of the United States, Air Force Reserve, Air National Guard of the United States, Naval Reserve, Marine Corps Reserve.

§ 67.3 Definitions.

Accredited educational institution. An educational institution accredited by an agency recognized by the Secretary of Education.

Qualifying educational institution. An educational institution that is accredited, or an unaccredited educational institution that the Secretary of Defense designates pursuant to §67.6(a) and §67.6(b).

Unaccredited educational institution. An educational institution not accredited by an agency recognized by the Secretary of Education.

§ 67.4 Policy.

(a) It is DoD policy under 10 U.S.C. 12205 to require Reserve component officers to have at least a baccalaureate degree from a qualifying educational institution before appointment to a grade above First Lieutenant in the Army Reserve, Air Force Reserve or Marine Corps Reserve, or Lieutenant (Junior Grade) in the Naval Reserve, or for officers to be federally recognized in a grade level above First Lieutenant as a member of the Army National Guard or Air National Guard.

(b) Exempt from this policy is any officer who was:
(1) Appointed to or recognized in a higher grade for service in a health profession for which a baccalaureate degree is not a condition of original appointment or assignment.
(2) Appointed in the Naval Reserve or Marine Corps Reserve as a limited duty officer.

§ 67.5 Responsibilities.

(a) The Assistant Secretary of Defense for Reserve Affairs, under the Under Secretary of Defense for Personnel and Readiness, shall:

(1) Establish procedures by which an unaccredited educational institution can apply for DoD designation as a qualifying educational institution.

(2) Publish in the Federal Register DoD requirements and procedures for an unaccredited educational institution to apply for designation as a qualifying education institution.

(3) Annually, provide to the Secretaries of the Military Departments a list of those unaccredited educational institutions that have been approved by the Department of Defense as a qualifying educational institution. This list shall include the year or years for which unaccredited educational institutions are designated as qualifying educational institutions.

(b) The Secretaries of the Military Departments shall establish procedures to ensure that after September 30, 1995, those Reserve component officers selected for appointment to a grade above First Lieutenant in the Army Reserve, Air Force Reserve, or Marine Corps Reserve, or Lieutenant (Junior Grade) in the Naval Reserve, or for officers to be federally recognized in a grade above First Lieutenant as a member of the Army National Guard or Air National Guard, who are required to hold a baccalaureate degree, were awarded a baccalaureate degree from a qualifying educational institution before appointment to the next higher grade. For a degree from an unaccredited educational institution that has been recognized as qualifying educational institution by the Department of Defense to satisfy the educational requirements of 10 U.S.C. 12205, the degree must not have been awarded more than 8 years before the date the officer is to be appointed, or federally recognized, in the grade of Captain in the Army Reserve, Army National Guard, Air Force Reserve, Air National Guard, or Marine Corps Reserve, or in the grade of Lieutenant in the Naval Reserve.

§ 67.6 Procedures.

(a) An unaccredited educational institution may obtain designation as a qualifying educational institution for a specific Reserve component officer who graduated from that educational institution by providing certification from registrars at three accredited educational institutions that maintain ROTC programs that their educational institutions would accept at least 90 percent of the credit hours earned by a student who was awarded a baccalaureate degree in that major field(s) of study at the unaccredited educational institution.

(b) For an unaccredited educational institution to be designated as a qualifying educational institution for a specific year, that educational institution must provide the Office of the Assistant Secretary of Defense for Reserve Affairs certification from the registrars at three different accredited educational institutions that maintain ROTC programs listing the major field(s) of study in which that educational institution would accept at least 90 percent of the credit hours earned by a student who was awarded a baccalaureate degree in that major field of study at the unaccredited educational institution.

(c) For an unaccredited educational institution to be considered for designation as a qualifying educational institution, the unaccredited educational
institution must submit the required documentation no later than January 1 of the year for which the unaccredited educational institution seeks to be designated a qualifying educational institution.

(d) The required documentation must be sent to the following address: Office of the Assistant Secretary of Defense for Reserve Affairs, Attn: DASD (M&P), 1500 Defense Pentagon, Washington, DC 20301–1500.

(e) Applications containing the required documentation may also be submitted at any time from unaccredited educational institutions requesting designation as a qualifying educational institution for prior school years.

PART 68—VOLUNTARY EDUCATION PROGRAMS

§ 68.1 Purpose.

This part:

(a) Implements policy, assigns responsibilities, and prescribes procedures for the operation of voluntary education programs in the DoD.

(b) Establishes policy stating the eligibility criteria for tuition assistance (TA) and the requirement for a memorandum of understanding (MOU) from all educational institutions providing educational programs through the DoD TA Program.

(c) Establishes policy that:

(1) All educational institutions providing education programs through the DoD Tuition Assistance (TA) Program:

(i) Will provide meaningful information to students about the financial cost and attendance at an institution so military students can make informed decisions on where to attend school.

(ii) Will not use unfair, deceptive, and abusive recruiting practices.

(iii) Will provide academic and student support services to Service members and their families.

(2) Creates rules to strengthen existing procedures for access to DoD installations by educational institutions.

(3) Requires an annual review and notification process of uniform semester-hour (or equivalent) TA caps and annual TA ceilings.

(4) Requires the Military Departments to provide their Service members with a joint services transcript (JST).

(5) Implements the DoD Postsecondary Education Complaint System for Service members, spouses, and adult family members to register student complaints.

(6) Authorizes the Military Departments to establish Service-specific TA eligibility criteria and management controls.

(d) Establishes the Interservice Voluntary Education Board.

§ 68.2 Applicability.

This part applies to the Office of the Secretary of Defense, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (referred to collectively in this part as the “DoD Components”).
§ 68.3 Definitions.

The following terms and their definitions are for the purpose of this part:

_Academic_. Relating to education, educational studies, an educational institution, or the educational system.

_Academic skills_. Competencies in English, reading, writing, speaking, mathematics, and computer skills that are essential to successful job performance and new learning. Also referred to as functional or basic skills.

_Active Guard and Reserve (AGR)_. National Guard or Reserve members of the Selected Reserve (SELRES) who are ordered to active duty or full-time National Guard duty for a period of 180 consecutive days or more for the purpose of organizing, administering, recruiting, instructing, or training the Reserve Component (RC) units or duties as prescribed in 10 U.S.C. 12310. All AGR members must be assigned against an authorized mobilization position in the unit they support. Includes Navy full-time support (FTS), Marine Corps Active Reserve (ARs), and Coast Guard Reserve Personnel Administrators (RPAs).

_American Council on Education (ACE)_. The major coordinating body for all of the Nation’s higher education institutions. Seeks to provide leadership and a unifying voice on key higher education issues and publishes the “Guide to the Evaluation of Educational Experiences in the Armed Services.”

_Annual TA Ceiling_. The maximum dollar amount authorized for each Service member for TA per fiscal year. Each Service member participating in off-duty voluntary education programs will be entitled to the full amount authorized each fiscal year in accordance with DoD policy.

_Army/American Council on Education Registry Transcript System_. A document sent directly from the Army American Council on Education Registry Transcript System Center to the educational institution to articulate a soldier’s military experience and training and the American Council on Education-recommended college credit for this training and experience. The JST consolidates data from the legacy Army/ACE Registry Transcript System.

_Degree requirements_. A document provided by the educational institution that outlines required courses and conditions to complete an educational program. The document presents the general education, major-related, and elective course requirements, degree competencies (e.g., foreign language, computer literacy), and other requirements (e.g., examination, thesis, dissertation, practicum, grade point average, credits by course level, or academic residency) for the specified program of study. This document becomes the basis for the evaluated educational plan.

_DoD Installation_. For the purposes of this Instruction, any active duty military, Reserve or National Guard owned, leased, or operated base, reservation, post, site, camp, building, or other facility to which DoD personnel are assigned for duty.

_Education advisor_. A professionally qualified, subject matter expert or program manager in the Education Services Series 1740 or possessing equivalent qualifications at the education center. The following position titles may also be used for an education advisor: Education Services Specialist, Education Services Officer (ESO), Voluntary Education Director, Navy College Office Director, and Education and Training Section (ETS) Chief.

_Education center_. A DoD installation facility, including office space, classrooms, laboratories, or other features, that is staffed with professionally qualified personnel and to conduct voluntary education programs. This may be located at an active duty military installation, Reserve and National Guard facility (state readiness center, armory, unit, etc.), or recruiting center (leased space inside a shopping mall or office building). For Navy, this is termed the “Navy College Office.”

_Educational institution_. A college, university, or other institution of higher education. For the purposes of this Instruction, the parent/home/main campus and any sub-campuses included in the signed MOU with DoD.

_Educational institution agent_. A lawful agent of the educational institution is limited to persons who have written authorization to act on behalf of the educational institutions.
Educational institution representative. An employee of the educational institution.

Eligible adult family member. The adult family member, over the age of 18, of an active duty, Reserve, National Guardsman, or DoD civilian with a valid DoD identification card.

Evaluated educational plan. An individualized official academic document provided by the educational institution that:

1. Articulates all degree requirements for degree completion or in the case of a non-degree program, all educational requirements for completion of the program;
2. Identifies all courses required for graduation in the individual’s intended academic discipline and level of post-secondary study; and
3. Includes an evaluation of all successfully completed prior coursework, and evaluated credit for military training and experience, and other credit sources applied to the institutional degree requirements. At a minimum, the evaluated educational plan will identify required courses and where appropriate, College Level Examination Program, DSST (formerly known as the DANTES Subject Standardized Tests) Program, and potential American Council on Education recommended college credits for training and experiences. For participating SOC Degree Network System institutions, the SOC Degree Network System Student Agreement serves as this evaluated educational plan. For some educational institutions this may be termed a degree audit.

Individual Ready Reserve (IRR). A manpower pool consisting principally of individuals who have had training, have previously served in the Active Component or in the SELRES, and have some period of their military service obligation or other contractual obligation remaining. Some individuals volunteer to remain in the IRR beyond their military service or contractual obligation and participate in programs providing a variety of professional assignments and opportunities for earning retirement points and military benefits.

Joint services transcript (JST). An official education transcript tool for documenting the recommended ACE college credits for a variety of professional military education, training courses, and occupational experience of Service members across the Services. The JST consolidates data from legacy documents such as the Army/ACE Registry Transcript System, the Sailor/Marine ACE Registry Transcript System, the Community College of the Air Force transcript, and the Coast Guard Institute transcript.

Needs assessment. A process used to determine the staffing requirements, course offerings, size of facilities, funding, or other standards for delivery of educational programs.

Off-duty. Time when the Service member is not scheduled to perform official duties.

Ready Reserve. Composed of military members of the Reserve and National Guard, organized in units or as individuals, or both, and liable for involuntary order to active duty in time of war or national emergency pursuant to 10 U.S.C. 12310 and 12301 and 14 U.S.C. 712 in the case of members of the Coast Guard Reserve. The Ready Reserve consists of the SELRES, the IRR, and the Inactive National Guard.

Sailor/Marine American Council on Education Registry Transcript System. A document sent directly from the Sailor/Marine ACE Registry Transcript System Operations Center to the educational institution to articulate a Sailor’s or Marine’s military experience and training and the American Council on Education recommended college credit for this training and experience. The JST consolidates data from the legacy Sailor/Marine ACE Registry Transcript System.

Semester-hour TA cap. The maximum dollar amount authorized for TA per semester-hour (or equivalent) credit. A Service will pay no more than the established DoD cap per semester-unit (or equivalent) for tuition.

Servicemembers Opportunity Colleges (SOC). A consortium of over 1,800 colleges and universities, created in 1972 that seeks to enhance the educational opportunities to Service members who may have difficulty in completing college programs due to frequent military moves.
Third Party Education Assessment. A third-party evaluation of voluntary education programs covered by the DoD Voluntary Education Partnership MOU.

Top-Up. An option, under the Montgomery G.I. Bill and the Post-9/11 G.I. Bill, that enables active duty Service members and certain Reservists to receive from the VA those tuition costs that exceed or are not authorized in the amount of TA provided to the Service member by his or her Service. Entitlement is charged differently depending on which G.I. Bill program a Service member uses. The Montgomery G.I. Bill entitlement is charged based on the dollar amount of benefits VA pays to the individual. The Service member will be charged one month of entitlement for each payment received that is equal to the full-time monthly rate for the Montgomery G.I. Bill. The Post-9/11 entitlement is charged based on the enrolled amount of time and the individual’s rate of pursuit during the period of enrollment. If a Service member is attending classes part-time or at the 1/2 time level, the charge is 1/2 month of Post-9/11 G.I. Bill benefits for each month enrolled and receiving G.I. Bill benefits.

Troops-to-Teachers program (TTT). A DoD program to assist transitioning Service members and veterans in meeting the requirements necessary to become a teacher and facilitating their subsequent employment.

Tuition assistance (TA). Funds provided by the Military Services or U.S. Coast Guard to pay a percentage of the charges of an educational institution for the tuition of an active duty, Reserve or National Guard member of the Military Services, or Coast Guard member, enrolled in approved courses of study during off-duty time.

Voluntary education programs. Continuing, adult, or postsecondary education programs of study that Service members elect to participate in during their off-duty time, and that are available to other members of the military community.

§ 68.4 Policy.

It is DoD policy, consistent with DoD Directive 1322.08E, “Voluntary Education Programs for Military Personnel” (available at http://www.dtic.mil/whs/directives/corres/pdf/132208p.pdf), that:

(a) Members of the Military Services serving on active duty and members of the Selected Reserve (SELRES) will be afforded the opportunity to complete their high school education through a state-funded or Service component sponsored program; earn an equivalency diploma, improve their academic skills or level of literacy, enroll in career and technical education schools, receive college credit for military training and experience in accordance with the American Council on Education (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services (available at http://www.acenet.edu/news-room/Pages/Military-Guide-Online.aspx), take tests to earn college credit, and enroll in post-secondary education programs that lead to industry-recognized credentials, and undergraduate and graduate degrees.

(b) Service members’ costs to participate in the DoD Voluntary Education Program as authorized by 10 U.S.C. 2007, will be reduced through financial support, including TA that is administered uniformly across the Military Services. On an annual basis and no later than the end of the second quarter of the fiscal year, the Under Secretary of Defense for Personnel and Readiness (USD(P&R)), in coordination with the Military Departments, will review the uniform semester-hour (or equivalent) TA caps and annual TA ceilings to determine possible changes for the upcoming fiscal year. If there are any changes in the uniform semester-hour (or equivalent) caps and annual TA ceilings, a memorandum will be released from the USD(P&R), in coordination with the Military Departments, and a corresponding notice will be published in the FEDERAL REGISTER.

(c) Professional education counseling will be readily available and easy to access so that Service members can make informed decisions concerning available educational opportunities and benefits. Education counseling will be provided by qualified professional (Education Services Series 1740 or an individual with equivalent qualifications) in sufficient numbers to operate
Office of the Secretary of Defense § 68.5

voluntary education programs as determined by individual Service standards.

(d) In accordance with Executive Order (E.O.) 13607:
(1) Educational institutions receiving funding from federal military educational benefits programs, such as the DoD TA Program, will:
(i) Provide meaningful information to students on the financial cost and attendance at an educational institution so military students can make informed decisions on where to attend school as stated in section 3 of Appendix A.
(ii) Prevent unfair, deceptive, and abusive recruiting practices that target Service members as defined by the Dodd-Frank Wall Street Reform and Consumer Protection Act and as stated in section 3 of Appendix A.
(iii) Provide academic and student support services specific to the institutions’ programs to all enrolled Service members, spouses and adult family members.
(2) DoD will implement a centralized online complaint system for Service members, spouses, and adult family members that will register, track, and respond to student complaints. DoD or the assigned Military Service will work with educational institutions to resolve any filed complaints. Educational institutions having recurring, substantive complaints or demonstrating an unwillingness to resolve complaints may face a range of penalties from a directed Third Party Education Assessment to revocation of the DoD Voluntary Education Partnership MOU and removal from participation in the DoD TA Program. As appropriate, DoD will refer student complaints to other government agencies/regulators including but not limited to the Federal Trade Commission (FTC), Department of Justice (DOJ), Consumer Financial Protection Bureau (CFPB), Department of Veterans Affairs (VA), and Department of Education (ED).
(e) Educational institutions accredited by a national or regional accrediting agency recognized by ED will be encouraged to provide degree programs on DoD installations and the Military Services will facilitate their operations on the DoD installations referred to in § 68.6(c).
(f) To the extent that space is otherwise available, eligible adult family members of Service members, DoD civilian employees and their eligible adult family members, and military retirees may enroll in postsecondary education programs offered on a DoD installation at no cost to the individual Service TA programs.

§ 68.5 Responsibilities.

(a) The USD(P&R) will:
(1) Monitor implementation of and ensure compliance with this part and DoD Directive 1322.08E.
(2) Establish rates of TA and ensure uniformity across the Military Services as required by DoD Directive 1322.08E and this part. The uniform semester-hour (or equivalent) TA caps and annual TA ceilings will be reviewed annually and if changed, a memorandum from the USD(P&R) will be released following coordination with each of the Military Departments. Additionally, if the uniform TA rates are changed, a notice will be published in the FEDERAL REGISTER at approximately the start of the fiscal year.
(3) Establish, under the provisions of DoD Instruction 5105.18, “DoD Intergovernmental and Intragovernmental Committee Management Program” (available at http://www.dtic.mil/whs/directives/corres/pdf/510518p.pdf), the Inter-service Voluntary Education Board, which will be composed of full-time or permanent part-time federal employees.
(4) Maintain a program to assess the effectiveness of the voluntary education programs.
(5) Issue written supplemental guidance annually for the funding and operation of the Defense Activity for Non-Traditional Education Support (DANTES) for those items not reflected in paragraph (f) of § 68.6.
(b) The Assistant Secretary of Defense for Readiness and Force Management (ASD(R&FM)), under the authority, direction, and control of the USD(P&R) will:
(1) Provide administrative assistance to the Deputy Assistant Secretary of Defense for Military Community and Family Policy (DASD(MCFP)), in support of the voluntary education programs.
§68.5  32 CFR Ch. I (7–1–15 Edition)

(2) Respond to matters that are referred by the DASD(MCFP).

(c) The DASD(MCFP), under the authority, direction, and control of the ASD(R&FM), will:

(1) Monitor compliance with this part and DoD Directive 1322.08E and related issuances by personnel under his or her authority, direction, and control.

(2) Oversee the DoD Voluntary Education Program.

(3) Provide ongoing and routine clarifying guidance for the DoD Voluntary Education Program.

(4) Provide representatives to professional education and cross-agency panels addressing issues impacting the DoD Voluntary Education Program, its regulatory scope, clientele, and partners.

(5) Designate the Voluntary Education Chief within the Office of the DASD(MCFP) as the Chair of the Interservice Voluntary Education Board and oversee implementation of Board and DANTES procedures as detailed in §68.6 of this part.

(6) Oversee the DoD Postsecondary Education Complaint System through which Service members, spouses, and adult family members receiving federal military and veterans educational benefits can register on-line complaints that will be tracked and responded to by DoD, VA, ED, CFPB, DOJ, FTC, and other relevant agencies. The DoD Postsecondary Education Complaint System is web-based and accessible on-line at https://afaems.langley.af.mil/pecs/DoDPECS. This complaint system contains the uniform procedures for the processing of the complaint intake (DD Form 2961, “DoD Postsecondary Education Complaint Intake”).

(7) Oversee the Third-Party Education Assessment, which is a third party review process to assess the quality, delivery, and coordination of the voluntary education programs provided to military personnel on the DoD installation, in the community, and via distance learning (DL). It assists in improving the quality of the delivery of these programs through recommendations to educational institutions, DoD installations, and the Military Services. DASD(MCFP) will monitor actions:

(i) By the Military Services to resolve recommendations for improvement identified on the respective Military Service’s installation during the Third Party Education Assessment.

(ii) By the DoD Voluntary Education Chief to resolve recommendations for improvement concerning educational institutions operating off the DoD installation or via DL identified during Third Party Education Assessments. These educational institutions will provide corrective actions taken within 6 months of the assessment to the DoD Voluntary Education Chief. In instances when the issue cannot be resolved within the 6 month timeframe, the educational institution will submit a status report every 3 months to the DoD Voluntary Education Chief until the recommendation is resolved.

(8) Prepare written supplemental guidance annually for the USD(P&R) regarding the funding and operation of DANTES for those items not reflected in paragraph (f) of §68.6.

(9) Oversee the policy of the JST.

(d) The Assistant Secretary of Defense for Reserve Affairs (ASD(RA)), under the authority, direction, and control of the USD(P&R), will:

(1) Monitor compliance with this part and DoD Directive 1322.08E and related issuances by personnel under his or her authority, direction, and control.

(2) Appoint a representative to serve on the Interservice Voluntary Education Board.

(3) Arrange the assignment of, on a rotating basis, a field grade officer, to serve as the RC Advisor to the Voluntary Education Chief and a representative on the Interservice Voluntary Education Board.

(e) The Secretaries of the Military Departments will:

(1) Monitor compliance with this part and DoD Directive 1322.08E and related issuances by personnel under their respective authority, direction, and control.

(2) Establish, maintain, coordinate, and operate voluntary education programs that encompass a broad range of educational experiences including, but not limited to, academic skills development, high school completion programs, vocational programs, career and
technical programs, and programs leading to the award of undergraduate and graduate degrees.

(3) Require that sufficient funding is available to provide Service members with TA support consistent with the requirements in §68.6 and appendices A, B, C, D, and E to this part.

(4) Require that educational counseling is available to Service members so they will have sufficient information and guidance to plan an appropriate program of study. Educational counseling will be provided by qualified professional (Education Services Series 1740 or an individual with equivalent qualifications) individuals.

(5) Require that voluntary education programs participate in the DoD-established third-party review process titled the Third Party Education Assessment.

(i) Within 6 months of the Third Party Education Assessment on their installation, the responsible Military Service will resolve recommendations received as a result of the assessment and provide the resolutions to the DoD Voluntary Education Chief. In instances when the issue cannot be resolved within the 6 month timeframe, the Military Service will submit a status report every 3 months to the DoD Voluntary Education Chief until the recommendation is resolved.

(ii) If the recommendation(s) requires involvement of an educational institution operating on their respective installation, the Military Service will coordinate the submission of corrective actions taken by the educational institution(s) through the appropriate Education Advisor, and forward the submission through their respective Military Service leadership to the DoD Voluntary Education Chief.

(iii) Waivers to the Third Party Education Assessment must be submitted to and approved by the DoD Voluntary Education Chief.

(6) Provide one representative to serve on the Interservice Voluntary Education Board responsible for their Services’ voluntary education policy from each of the following Military Services: Army, Navy, Air Force, and Marine Corps. Each Service representative’s membership will be on a permanent basis and changed only when their voluntary education policy position is changed.

(7) Assign, on a rotating basis, a senior enlisted Service member in the military pay grade E-9 to serve as the DANTES enlisted advisor.

(8) Assign, on a rotating basis, a field-grade officer to serve as the DANTES RC advisor.

(10) Require that personnel who provide counseling, advice, and program management related to voluntary education programs have access to the DoD Voluntary Education homepage and other Web sites so they can provide current and accurate information to Service members.

(11) Provide opportunities for Service members to access the Internet, where available, to enroll in and complete postsecondary courses that are part of their evaluated educational plan leading to an educational goal.

(12) Submit requested quarterly and annual information for the Voluntary Education Management Information System (VEMIS) by the 20th day of the month after the end of each fiscal quarter for the quarterly reports and November 15th each year for the annual report. Reporting information includes, but is not limited to, voluntary education program data on enrollments, participation, and costs.

(13) Respond to and resolve Service-specific student complaints received and managed through the DoD Postsecondary Education Complaint System.

(14) Provide Service members with a JST. At a minimum, the JST will include documented military student data, courses, and military occupations evaluated by ACE, including descriptions, learning outcomes, and equivalent college credit recommendations, as well as national college-level exam results. The U.S. Air Force (USAF) will continue to use the Community College of the Air Force (CCAF) to document its members’ academic and military credit.
(f) Secretary of the Navy. The Secretary of the Navy, as the DoD Executive Agent (DoD EA) for DANTES pursuant to DoD Directive 1322.08E and DoD Directive 5101.1, “DoD Executive Agent” (available at http://www.dtic.mil/whs/directives/corres/pdf/510101p.pdf), and in addition to the responsibilities in this section, will:

1. Transmit supplemental annual guidance issued by the USD(P&R) to DANTES for those items not reflected in paragraph (f) of § 68.6.

2. Require that the Director, DANTES, provide updates on DANTES plans, operations, and activities to the USD(P&R).

3. Through its civilian personnel system, advertise the position of Director, DANTES, when the position is vacated and appoint the Director, DANTES, in accordance with the procedures outlined in § 68.6.

§ 68.6 Procedures.

(a) TA for Service members participating in education programs. (1) TA will be available for Service members participating in high school completion and approved courses from accredited undergraduate or graduate education programs or educational institutions. Approved courses are those that are part of an identified course of study leading to a postsecondary certificate or degree and non-degree oriented language courses integral to the Defense Language Transformation Roadmap (available at http://www.defense.gov/news/Mar2005/d20050313roadmap.pdf).

(i) Use of TA for non-degree oriented language courses is limited to those published by the Under Secretary of Defense (P&R) on the DoD Strategic Language List.

(ii) Dominant-in-the-force languages and languages deemed by DoD as already having sufficient strategic capacity will not be funded under 10 U.S.C. 2007, except for assignments outside the continental United States.

(2) TA will be applied as follows:

(i) For 100 percent of the cost of approved high school completion programs for Service members who have not been awarded a high school or equivalency diploma and who are enrolled in such programs.

(ii) In support of the voluntary education of active duty Service members during their off-duty periods, each Military Service will pay all or a portion, as specified in paragraphs (a)(2)(i)(A) through (F) of this section, of the charges of an educational institution for education during the member’s off-duty periods. TA funding will only be paid to educational institutions accredited by an accrediting organization recognized by ED, approved VA funding, and certified to participate in federal student aid programs through the ED under Title IV of Public Law 89–329, also known and referred to in this part as the Higher Education Act of 1965. Whenever ED withdraws the recognition of any accrediting agency, an institution of higher education that meets the requirements of accreditation, eligibility, and certification on the day before such withdrawal, may, notwithstanding the withdrawal, continue to participate in the TA program for a period not to exceed 18 months from the date of the withdrawal of recognition.

(A) When an educational institution’s charges are equal to or less than the established cap per semester-hour of credit or its equivalent, the responsible Service will pay the entire amount charged by the educational institution. In computing credit equivalency, the following conversions will apply: 1 quarter-hour credit = 2/3 semester-hour credit; and 45 contact hours will be considered equivalent to 1 semester-hour credit when neither semester- nor quarter-hours are specified for the education for which the Service member is enrolled.

(B) When an educational institution’s charges exceed the established cap per semester-hour of credit, or its equivalent, the responsible Service will pay no more than the established cap per semester-unit (or equivalent) for tuition.

(C) Each Service member participating in off-duty, voluntary education will be allowed no more than the established annual ceiling, in aggregate, for each fiscal year.

(D) Covered charges include those that are submitted to the Service by the educational institution for tuition only. Educational institutions that
bundle tuition, fees, or books into a consolidated cost must detail the charges of fees and books separately for Service members participating in the TA program. Fees include any charge not directly related to course instruction including but not limited to costs associated with room, board, distance learning, equipment, supplies, books/materials, exams, insurance, parking, transportation, admissions, registration, or fines.

(E) TA funds are not to be used for the purchase of books to include textbooks, ebooks, CDs/DVDs, or reference or instructional materials. Additionally, institutional education revenue generated from military TA funds cannot be used to support textbook grants or scholarships.

(F) To be eligible to receive TA, a Service member must meet the minimum requirement of successfully completing basic training. RC members are exempt from the requirement to first attend basic training before authorized to receive TA. Additional, respective Service requirements must be met to include training qualification, unit assignment, and time in service criteria.

(iii) The TA rate, credit-cap, and annual per capita ceiling, will be reviewed annually in consideration of inflation and other effects, and will be applicable uniformly whether instruction is delivered traditionally in-the-classroom or through distance education. Rates of TA other than as identified in paragraphs (a)(2)(ii)(A) through (F) of this section are not authorized.

(3) Service-specific TA eligibility requirements. (i) Service-specific eligibility criteria and management controls are determined by each Military Service.

(ii) Service-specific TA eligibility criteria and management controls may include, but are not limited to, applying TA:

(A) For courses leading to a certificate or required for a credentialing program. All payments for courses must comply with the allowable caps and ceilings.

(B) For graduate studies through the master’s degree level. All payments for courses must comply with the allowable caps and ceilings.

(C) For same level degrees, subject to the availability of funds. However, TA is primarily intended to raise the academic degree level of the Service member.

(4) TA is available to a commissioned officer on active duty, other than an officer serving in the Ready Reserves (addressed in paragraphs (a)(5)(i) and (a)(6)(i) of this section), only if the officer agrees to remain on active duty, for a period of at least 2 years after the completion of the education or training for which TA was paid (see 10 U.S.C. 2007).

(5) The Secretary of the Military Department concerned may only make TA available to a member of the SELRES, pursuant to 10 U.S.C. 2007, under the following conditions:

(i) In the case of a commissioned officer, the officer must agree to remain a member of the SELRES for at least 4 years after completion of the education or training for which TA is paid.

(ii) In the case of an enlisted member, the Secretary concerned may require the member of the SELRES to enter into an agreement to remain a member of the SELRES for up to 4 years after completion of the education or training for which TA is paid.

(6) The Secretary of the Military Department concerned may only make TA available to a member of the IRR who has a military occupational specialty designated by the Secretary concerned pursuant to 10 U.S.C. 2007 and only under the following conditions:

(i) In the case of a commissioned officer, the officer must agree to remain a member of the SELRES or IRR for at least 4 years after completion of the education or training for which TA was paid.

(ii) In the case of an enlisted member, the Secretary concerned may require the member of the IRR to enter into an agreement to remain a member of the IRR for up to 4 years after completion of the education or training for which TA is paid.

(7) Members performing Active Guard and Reserve (AGR) duty under either 10 U.S.C. 12310 or active duty under 14 U.S.C. 712 are eligible for TA under paragraph (a)(4) of this section.

(8) The Secretary of the Military Department concerned may make TA
(9) Reimbursement and repayment requirements:
   (i) If a commissioned officer or member of the Reserve Component does not fulfill a specified Service obligation as required by 10 U.S.C. 2007, they are subject to the repayment provisions of 37 U.S.C. 303a(e).
   (ii) For other conditions pursuant to 10 U.S.C. 2005, the Secretary concerned may require a Service member to enter into a written agreement when providing advanced education assistance. If the Service member does not fulfill any terms or conditions as prescribed by the Secretary concerned, the Service member will be subject to the repayment provisions of 37 U.S.C. 303a(e).
   (iii) Pursuant to 37 U.S.C. 303a(e), the Secretary concerned may establish procedures for determining the amount of the repayment required from the Service member and the circumstances under which an exception to the required repayment may be granted.
   (iv) Reimbursement will be required from the Service member if a successful course completion is not obtained. For the purpose of reimbursement, a successful course completion is defined as a grade of “C” or higher for undergraduate courses, a “B” or higher for graduate courses and a “Pass” for “Pass/Fail” grades. Reimbursement will also be required from the Service member if he or she fails to make up a grade of “I” for incomplete within the time limits stipulated by the educational institution or 6 months after the completion of the class, whichever comes first. The Secretary of the Military Department will establish recoupment processes for unsuccessful completion of courses.

(10) Students using TA must maintain a cumulative grade point average (GPA) of 2.0 or higher after completing 15 semester hours, or equivalent, in undergraduate studies, or a GPA of 3.0 or higher after completing 6 semester hours, or equivalent, in graduate studies, on a 4.0 grading scale. If the GPA for TA funded courses falls below these minimum GPA limits, TA will not be authorized and Service members will use alternative funding (such as financial aid or personal funds) to enroll in courses to raise the cumulative GPA to 2.0 for undergraduate studies or 3.0 for graduate studies.

(11) TA will not be authorized for any course for which a Service member receives reimbursement in whole or in part from any other Federal source such as veterans’ education benefits (GI Bill and other programs) and Service-funded programs (ROTC scholarship, education-related incentive or bonus, and advanced civil schooling) when the payment would constitute a duplication of benefits paid to that educational institution. Federal student aid loan, grant, and work-study programs will not be considered a duplication of benefit. Educational institutions have the responsibility to notify the Service if there is any duplication of benefits, determine the amount of credit that should be returned, and credit the amount back to the Service. The use of funds related to veterans’ education benefits to supplement TA received by active duty and Reserve Component personnel is authorized in accordance with applicable VA guidelines.

(12) Pell Grants may be used in conjunction with TA assistance to pay that portion of tuition costs not covered by TA.

(13) TA will be provided for courses provided by educational institutions awarding degrees based on demonstrated competency, if:
   (i) Competency rates are equated to semester or quarter units of credit, and
   (ii) The educational institution publishes traditional grade correlations with “Pass/Fail” grades, and
   (iii) The educational institution provides a breakdown by course equivalent for Service members.

(14) Enrollment in a professional practicum integral to these types of programs is also authorized. However, normal DoD TA caps and ceilings apply; the cost of expanded levels of enrollment over and above these enrollment levels and normal caps and ceilings must be borne by the student.

(15) When used for postsecondary education, TA will be provided only for courses offered by postsecondary educational institutions whose home campus is operating within the United States.
States, to include the District of Columbia and U.S. territories, which are accredited by a national or regional accrediting body recognized by the ED.

(16) On a date to be determined, but not earlier than 60 days following the publication of this part in the Federal Register, to receive TA, all educational institution home campuses must sign the revised DoD Voluntary Education Partnership Memorandum of Understanding (MOU) in appendices A, B, C, D, and E to this part, and the name of the educational institution must be posted on the DoD MOU Web site under the ‘Participating Institutions’ tab (located at http://www.dodmou.com). One signed, revised DoD Voluntary Education Partnership MOU with the educational institution’s home campus will cover any program offered by the educational institution, regardless of location. The requirement to sign the revised DoD Voluntary Education Partnership MOU contained in this part applies to institutions with a previously approved and signed DoD Voluntary Education Partnership MOU posted on the DoD MOU Web site.

(17) To the extent that any provision of the standard language of the DoD Voluntary Education Partnership MOU template in appendices A, B, C, D, and E to this part, results from DoD policy that conflicts with a state law or regulation, the DASD(MCFP) may authorize amending the standard language of the DoD Voluntary Education Partnership MOU template on a case-by-case basis to the extent permissible by Federal law or regulation.

(18) A DoD Voluntary Education Partnership MOU with an educational institution may be suspended or terminated by DoD in these circumstances:

(i) The DoD Voluntary Education Partnership MOU with an educational institution may be terminated by the ASD(R&FM) following written notice and an opportunity to respond for the failure to comply with any element of this part of the DoD Voluntary Education Partnership MOU. In addition, an otherwise qualified educational institution may be suspended from participating in the tuition assistance program by the ASD(R&FM) following written notice and an opportunity to respond through either the termination of an existing DoD Voluntary Education Partnership MOU or the refusal by DoD to enter into a new DoD Voluntary Education Partnership MOU upon indictment of the educational institution or any senior official of the educational institution on a criminal charge related to the operation of the educational institution. The decision of the ASD(R&FM) in either of these cases may be appealed to the USD(P&R), and the decision of the USD(P&R) will be deemed to be the final administrative action by DoD on the matter.

(ii) An otherwise qualified educational institution may also be immediately suspended from participating in the tuition assistance program through either the termination of an existing DoD Voluntary Education Partnership MOU contained in this part applies to institutions with a previously approved and signed DoD Voluntary Education Partnership MOU posted on the DoD MOU Web site.

(b) Guidelines for establishing, maintaining, and operating voluntary education programs.

(1) Education programs established under this part by each Military Service will:

(i) Provide for the academic, technical, intellectual, personal, and professional development of Service members, thereby contributing to the readiness of the Military Services and the quality of life of Service members and their families.

(ii) Increase Service members’ opportunities for advancement and leadership by reinforcing their academic skills and occupational competencies with new skills and knowledge.

(iii) Lead to a credential, such as a high school diploma, certificate, or college degree, signifying satisfactory completion of the educational program.
(iv) Include an academic skills program, which allows personnel to upgrade their reading, writing, computation, and communication abilities in support of academic skills and military occupations and careers. Academic skills programs may include English as a Second Language, mathematics and basic science.

(v) Include programs and college offerings that support findings from periodic needs assessments conducted by the appropriate DoD installation official (normally the Education Services Officer) for programs provided on the DoD installation. The DoD installation needs assessment process is used to determine such items as staffing requirements, course offerings, size of facilities, funding, or other standards for delivery of educational programs. Duplication of course offerings on a DoD installation should be avoided. However, the availability of similar courses through correspondence or electronic delivery will not be considered duplication.

(vi) Be described in a publication or on-line source that includes on-installation educational programs, programs available at nearby DoD installations, and colleges and universities nearby the DoD installation.

(2) Each Military Service, in cooperation with community educational service providers, will provide support essential to operating effective education programs. This support includes:

(i) Adequate funds for program implementation, administration, and TA.

(ii) Adequately trained staff to determine program needs, counsel students, provide testing services, and procure educational programs and services. Education counseling will be provided by qualified professional (Education Services Series 1740 or an individual with equivalent qualifications) individuals.

(iii) Adequate and appropriate classroom, laboratory, and office facilities and equipment, including computers to support local needs.

(iv) Access to telecommunications networks, computers, and physical or online libraries at times convenient to active duty personnel.

(3) In operating its programs, each Military Service will:

(i) Provide to newly assigned personnel, as part of their orientation to each new DoD installation or unit of assignment for RC personnel, information about voluntary education programs available at that DoD installation, unit, or State for RC personnel.

(ii) Maintain participants’ educational records showing education accomplishments and educational goals.

(iii) Provide for the continuing professional development of their education services staff, including the participation of field staff in professional, as well as Service-sponsored, conferences, symposiums, and workshops.

(iv) Provide educational services, including TA counseling, academic advice and testing to their personnel and to personnel of other Services (including the U.S. Coast Guard when operating as a service in the Navy) who are assigned for duty at DoD installations of the host Service. These educational services will be provided by qualified professional (Education Services Series 1740 or an individual with equivalent qualifications) individuals in sufficient numbers to operate voluntary education programs as determined by individual Service standards. Outcomes from these educational services will include:

(A) A prior learning assessment that includes a review of all education transcripts to include the JST, the CCAF transcript, and academic transcript recommendations for ACE recommended credit.

(B) An assessment of the Service members’ readiness to accomplish the degree requirements as outlined in the evaluated educational plan and a discussion of academic skills development programs.

(C) Discussion and review of technical credentials that can be obtained concurrent to academic pursuits.

(D) Discussion of credit-by-examination options.

(E) Review of academic program options, leading to a degree plan.

(F) Discussion with prospective military students on payment options and the use of education benefits for post-secondary courses to include the DoD TA Program, VA education benefit programs, State and federal grants and loans, commercial lending, and out-of-
Office of the Secretary of Defense § 68.6

pocket costs for the Service member. Discussion will include streamlined tools and information to compare educational institutions using key measures of affordability and value through the VA eBenefits portal at http://www.ebenefits.va.gov. The eBenefits portal is updated by VA to facilitate access to school performance information and key federal financial aid documents.

(v) Continually assess the state of its voluntary education programs and periodically conduct a formal needs assessment by the appropriate DoD installation official (normally the Education Services Officer) to ensure that the best possible programs are available to their members at each DoD installation or in their State or area command for RC personnel. It is essential that a formal needs assessment be conducted if there is a significant change in the demographic profile of the DoD installation population.

(4) Eligible adult family members of Service members, DoD civilian employees and their eligible adult family members, and military retirees may participate in installation postsecondary education programs on a space-available basis at no cost to the individual Service TA programs.

(5) At locations where an educational program that is offered on a DoD installation is not otherwise conveniently available outside the DoD installation, civilians who are not directly employed by the DoD or other Federal agencies, and who are not eligible adult family members of DoD personnel, may be allowed to participate in DoD installation educational programs. While such participation contributes to positive community relations, participation must be on a student-funded, space-available basis at no cost to the individual Service TA programs, after the registration of Service members, DoD civilian employees, eligible adult family members, and military retirees. Additionally, a review of these potential participants by the relevant DoD installation ethics counselor may be required as part of the installation commander’s access requirements. Participation may also be subject to the terms of status-of-forces or other regulating agreements.

(6) Education centers will maintain liaison with appropriate State planning and approving agencies and coordinating councils to ensure that planning agencies for continuing, adult, or postsecondary education are aware of the educational needs of military personnel located within their jurisdiction.

(7) In supporting a high school completion program, each Military Service will:

(i) Ensure that all Service members with less than a high school education have the opportunity to attain a high school diploma or its equivalent.

(ii) Ensure that neither a Military Service nor DANTES issues a certificate or similar document to Service members based on performance on high school equivalency tests. Military Services will recognize attainment of high school completion or equivalency only after a State- or territory-approved agency has awarded the appropriate credential.

(iii) Pay 100 percent of the cost of high school equivalency instruction or proficiency testing and credentialing for Service members.

(iv) Ensure that Service sponsored high school diploma programs are delivered by institutions that are State-funded or a Service component program accredited by a regional accrediting body or recognized by a State’s secondary school authority.

(c) Procedures for the responsible education advisor, on behalf of the installation commander, to follow to provide voluntary education programs and services from postsecondary educational institutions. (1) Contacts by an educational institution with a Service member for the purpose of asking or encouraging the member to sign up for one of the educational institution’s programs (assuming the program has some cost) are considered personal commercial solicitations. The responsible education advisor will ensure educational institutions comply with DoD Instruction 1344.07, “Personal Commercial Solicitation on DoD Installations” (available at http://www.dtic.mil/whs/directives/corres/pdf/134407p.pdf) and all requirements established by the installation commander for solicitation. Materials available through the education center
that provide basic information about 
the educational institution or its pro-
grams or services in compliance with 
this MOU will not be considered per-
sonal commercial solicitation includ-
ing, but not limited to, brochures, fly-
ers, and catalogs provided by the edu-
cational institution. The responsible 
education advisor will ensure adequate 
and appropriate materials are available 
at no cost to the Service member and 
at no additional charge to the edu-
cational institution meeting the re-
quirements of this part and in compliance 
with the DoD Voluntary Education Partnership MOU.

(2) The responsible education advisor 
will limit DoD installation access to 
educational institutions or their 
agents meeting the requirements as stated in the policy sec-
tion of this part and in compliance with the DoD Voluntary Education Partnership MOU. 
Agents representing education institutions 
in the performance of contracted 
services are permitted DoD installation access only in accordance with the re-
quirements of their contract and/or agreement.

(3) Educational institutions inter-
ested in providing education, guidance, 
training opportunities, and partici-
pating in sanctioned education fairs on 
a DoD installation provide their re-
quests to the responsible education ad-
visor, who will review and analyze 
these requests on behalf of the installa-
tion commander.

(4) The responsible education advisor 
will ensure all educational institutions 
and its agents granted access to DoD 
installations to provide education, 
guidance, training opportunities, and 
participate in sanctioned education fairs to Service members:

(i) Adhere to federal law, DoD In-
struction 1341.07, DoD Instruction 1322.19, “Voluntary Education Pro-
grams in Overseas Areas” (available at http://www.dtic.mil/whs/directives/corres/ pdf/132219p.pdf; and the cognizant Mili-
tary Service’s policies and regulations.

(ii) Comply with applicable DoD in-
stallation policies and procedures des-
ignated by the installation commander 
on such matters as fire and safety, en-
vironment, physical security, per-
sonnel background checks, vehicle in-
spection and registration, and any 
other applicable statues or regulations 
designated by the installation com-
mmander.

(5) Monitor educational institutions 
and its agents granted access to a DoD 
installation to ensure they do not:

(i) Use unfair, deceptive, abusive or 
fraudulent devices, schemes, or arti-
fices, including misleading advertising 
or sales literature.

(ii) Engage in unfair, deceptive, or 
abusive marketing tactics, such as dur-
ing unit briefings or assemblies; engag-
ing in open recruiting efforts; or dis-
tributing marketing materials on the 
DoD installation at unapproved loca-
tions or events.

(iii) Market to or recruit newly as-
signed military personnel to the DoD 
installation, unless the Service mem-
ber has received information about vol-
untary education programs and edu-
cational services available at that DoD 
installation, to include TA, from their 
education services staff or as part of 
their orientation to the new DoD in-
stallation.

(6) Ensure educational institutions 
granted access to DoD installations to 
provide programs, services, or edu-
cation guidance to their students meet 
these criteria:

(i) Have a signed Voluntary Edu-
cation Partnership MOU with DoD.

(ii) Are in compliance with State au-
thorization requirements consistent 
with regulations issued by ED includ-
ing 34 CFR 600.9. Educational institu-
tions must meet the requirements of 
the state where services will be ren-
dered to include compliance with all 
state laws as they relate to distance 
education.

(iii) Are State approved for the use of 
veterans’ education benefits. Copies of 
the certification will be filed with the 
appropriate State approving agency for 
the military or veteran student.

(iv) Are certified to participate in 
federal student aid programs through 
the ED under Title IV of the Higher 
Education Act of 1965. Title IV certifi-
cation may be provisional so long as 
the educational institution maintains 
eligibility to participate in the Federal 
Direct Loan Program.

(v) Are accredited by a national or 
regional accrediting body recognized
by the ED and conduct programs only from among those offered or authorized by the main administrative and academic office in accordance with standard procedures for authorization of degree programs by the educational institution.

(7) DoD installations seeking an educational institution to provide on-installation education programs, through the responsible education advisor, must:

(i) Communicate the educational needs of the DoD installation to a wide variety of potential providers.

(ii) Seek favorable tuition rates, student services, and instructional support from providers.

(iii) Provide to interested providers:

(A) The level of services and instruction desired, and specific degree programs being sought.

(B) A demographic profile of the DoD installation population and probable volume of participation in the program.

(C) Facilities and level of security at no charge to the educational institution.

(D) Cost associated with equipment and supporting services provided at the discretion of the DoD installation.

(E) A copy of this part.

(F) Special requirements, such as:

(1) Format (e.g., distance, evening, or weekend classes), independent study, short seminar, or other mode of delivery of instruction.

(2) Unique scheduling problems related to the operational mission of the DoD installation.

(3) Any DoD installation restrictions, limitations, or special considerations relevant to using an alternate delivery system (e.g., DL).

(4) Available computer hardware and supporting equipment.

(5) Electrical, satellite, and network capabilities at the site.

(8) In evaluating proposals, responsible education advisors must ensure potential providers meet, at a minimum, these criteria:

(i) Programs satisfy objectives defined by the most recent needs assessment.

(ii) Programs, courses, and completion requirements are the same as those at the provider's main administrative and academic campus.

(iii) The educational institution granting undergraduate academic credit must adhere to the Servicemembers Opportunity Colleges (SOC) Principles and Criteria (available at http://www.soc.aaucc.org/socconsortium/PublicationsSOC.html) regarding the transferability of credit, the awarding of credit for military training and experience, and residency requirements.

(iv) The provider is prepared to:

(A) Offer academic counseling and flexibility in accommodating special military schedules.

(B) Ensure main administrative and academic office approval in faculty selection, assignment, and orientation; and participation in monitoring and evaluation of programs. Adjunct or part-time faculty will possess comparable qualifications as full-time permanent faculty members.

(C) Conduct on-installation or online courses that carry identical credit values, represent the same content and experience, and use the same student evaluation procedures as courses offered through the main administrative and academic campus. All substantive course change requirements must follow the schools accreditation agencies requirements. If the educational institution’s accrediting agency’s substantive change policy requires new courses or program offerings to be submitted to the agency for approval, the educational institution will be required to submit such items for approval before admitting Service members using military TA.

(D) Maintain the same admission and graduation standards that exist for the same programs at the main administrative and academic office, and include credits from courses taken at a branch or auxiliary campus of the same educational institution in establishing academic residency to meet degree requirements.

(E) Provide library and other reference and research resources, in either print or electronic format, that are appropriate and necessary to support course offerings.

(F) Establish procedures to maintain regular communication among central institutional academic leadership and
§ 68.6 32 CFR Ch. I (7–1–15 Edition)

administrators, and off-campus representatives and faculty. Any educational institution’s proposal must specify these procedures.

(G) Provide students with regular and accessible academic and financial counseling services either electronically or in-person. At a minimum, this includes Title IV and VA education benefits.

(H) Charge tuition that is not more than tuition charged to nonmilitary students.

(I) Have established policies for awarding credit for military training by examinations, experiential learning, and courses completed using modes of delivery other than instructor-delivered, on-site classroom instruction.

(J) Conduct programs only from among those offered or authorized by the main administrative and academic office in accordance with standard procedures for authorization of degree programs by the educational institution.

(d) Requirements and procedures for educational institutions seeking access to the DoD installation solely to provide academic counseling or student support services to students. (1) Educational institutions must meet the criteria in paragraphs (c)(6)(i) through (v) of this section.

(2) Educational institutions must have a DoD installation student population of at least 20 military students, except in overseas locations covered by DoD Instruction 1322.19. For this exception, only contracted educational institutions are permitted on overseas DoD installations. Educational institutions may submit eligible Title IV and GI Bill recipients (military or family member) to supplement military TA recipients in meeting the minimum requirement.

(3) Educational institutions must request access through the responsible education advisor via a written proposal. If a request is received from an educational institution seeking access to a joint DoD installation, the responsible education advisor from the education center will determine the appropriate Military Service to work the request. The request should include as a minimum:

(i) Educational institution name and intent or purpose of the visit.

(ii) Number and names of educational institution representatives that will be available.

(iii) Counseling delivery method: By appointment or walk-in.

(iv) Communication process used to inform students of their availability for counseling.

(4) The responsible education advisor will review and analyze the request on behalf of the installation commander. The installation commander has the final authority to approve, deny, suspend, or withdraw DoD installation access permission from an educational institution, as deemed appropriate.

(5) If a request is received from an educational institution seeking access to a DoD installation, the responsible education advisor will:

(i) Fully consider requests from those educational institutions complying with requirements as stated in paragraphs (d)(1) through (3) of this section and be consistent in treatment of educational institutions in accordance with this part. Also, consider the value to the Service member as it relates to geographic location, accessibility and mission tempo.

(ii) If request is denied, provide a timely response to the educational institution and inform the educational institution they may reapply for access once reasons for denial are addressed.

(iii) Maintain copies of all correspondence in accordance with the DoD installation records management schedule and disposition, with a minimum time requirement of 2 years.

(6) If a DoD installation grants access to an educational institution to provide guidance to their students, the educational institution and its agents will:

(i) Only advise or counsel students at the education center or at a location approved by the responsible education advisor.

(ii) Maintain a record of students counseled and provide a copy to the education office. The record will annotate the type of program and the status of the Service member (current or re-enrollment).

(iii) Comply with applicable DoD installation policies and procedures designated by the installation commander.
on such matters as fire and safety, environment, physical security, personnel background checks, vehicle inspection and registration, and any other applicable statutes or regulations designated by the installation commander.

(e) **Interservice Voluntary Education Board.** Under the direction of the Voluntary Education Chief, the Interservice Voluntary Education Board is composed of full-time or permanent part-time employees of DoD or military members, and consists of one representative responsible for policy from the Office of the ASD(RA), and the senior voluntary education advisor responsible for policy each from the Army, Navy, Air Force, and Marine Corps. The Director, DANTES, will serve as an ex-officio member. Meeting quarterly, the Board will:

1. Provide a forum for the exchange of information and discussion of issues related to voluntary education programs.
2. Develop recommendations for changes in policies and procedures.
3. Develop recommendations for DANTES' activities and operations that support voluntary education programs.
4. Review and prioritize DANTES activities that support DoD voluntary education programs, to include budget execution and recommend execution year adjustments.
5. Develop recommended policy and program guidance for DANTES for the Future-Year Defense Program.

(f) **DANTES.**

1. Guidance and recommendations for DANTES will be developed with the advice of the Interservice Voluntary Education Board.
2. The selection and rating of the Director, DANTES, will be as follows:
   i. The DASD(MCFP) will convene and chair the search committee responsible for replacing the Director, DANTES, when the position is vacant. At the request of the USD(P&R), the Secretaries of the Military Departments will provide a senior manager to sit on the search committee. The committee will recommend the best qualified candidate to the DoD EA for DANTES, for possible appointment as the Director, DANTES.
   ii. The DoD EA for DANTES will designate the rater of the Director, DANTES. The Director, State Liaison and Educational Opportunity within the Office of the USD(P&R), MCFP, will provide input to the DoD EA designated rater concerning the performance of the Director, DANTES.
3. DANTES will:
   i. Support the Service voluntary education programs by executing the program outlined in this part and the annual USD(P&R) supplemental guidance for those items not reflected in this paragraph of this section.
   ii. Provide execution information to the Interservice Voluntary Education Board quarterly and provide information required to assist with the program objective memorandum development as requested by the Board.
   iii. Support DoD off-duty, voluntary education programs and conduct special projects and developmental activities in support of education-related DoD functions.
   iv. Assist the Military Services in providing high-quality and valuable educational opportunities for Service members, their eligible adult family members, and DoD personnel, and assist personnel in achieving professional and personal educational objectives. This role includes the consolidated management of programs that prevent duplication of effort among the Services. Through its activities, DANTES supports DoD recruitment, retention, and the transition efforts.
   v. Assume responsibilities and functions that include:
      A. Managing and facilitating the delivery of a wide variety of examinations including the General Equivalency Diploma test, college admissions, and credit-by-examination programs.
      B. Upon request, issuing transcripts for the United States Armed Forces Institute and the examination and certification programs.
      C. Managing the contract through which former DoD Dependent Schools students can obtain copies of archived transcripts.
      D. Managing the contract and functions related to the evaluation of educational experiences in the Military Services that are covered by the contract.
(E) Providing or developing and distributing educational materials, reference books, counseling publications, educational software, and key educational resource information to Defense Agencies and DoD installations.

(F) Managing the SOC program contract and related functions.

(G) Managing the DoD contract that provides for periodic third-party reviews of DoD voluntary education programs titled the Third Party Education Assessment.

(H) Managing the contract and data received on the voluntary education programs for the VEMIS, which includes gathering, collating, and verifying participation and cost data from the Services. Providing requisite consolidated reports to USD(P&R). Requested data from the Military Services on voluntary education programs is located and stored at https://afaems.langley.af.mil/vemis. A user guide containing voluntary education program data and report information for the Military Services and DANTES is also available at this Web site, under the “Resources” tab.

(I) Managing the DoD independent study catalog and its support systems, as required.

(J) Negotiating, administering, and coordinating contracts for DoD Worldwide Education Symposiums in support of and in conjunction with the Interservice Voluntary Education Board.

(K) Establishing, refining, updating, and maintaining information on worldwide education support of DoD off-duty, voluntary education programs on the Internet. Maintaining necessary infrastructure to ensure that information on the Internet is always current and available to leadership, agency personnel, the public, and others.

(L) Administering the TTT program in accordance with section 1154 of chapter 58 of 10 U.S.C.

(M) Monitoring new technological developments, providing reports, cost analyses, and recommendations on educational innovations, and conducting special projects requested by the Department of Defense and the Services, approved by the Interservice Voluntary Education Board, and as reflected and approved in DANTES’ annual policy guidance.

(N) Conducting staff development training on DANTES’ policies, procedures, and practices related to voluntary education testing programs, and providing additional training as requested by the Office of the Secretary of Defense and the Services.

(O) Serving as the Defense Media Activity’s point of contact for information on DANTES programs for military personnel.

(P) Providing support, as requested, to DoD and Service Quality of Life and Transition support programs.

(Q) Providing other support in mission areas as directed by the USD(P&R) and the DASD(MCFP).

(R) Managing DoD contingency Tri-Service contracts, which provide educational opportunities for deployed Service members with guidance and oversight from the DoD Voluntary Education Chief.

(S) Monitoring and maintaining liaison with the office responsible for consolidating and distributing the JST for the Services.

(vi) Maintain liaison with education services officials of the Military Services, and appropriate Federal and State agencies and educational associations, in matters related to the DANTES mission and assigned functions.

(vii) Serve on panels and working groups designated by the DASD(MCFP).

(viii) Serve as the Executive Secretary at the Interservice Voluntary Education Board meeting convened annually to review DANTES programs and to develop recommendations for inclusion in annual policy guidance for DANTES. In this role, the Director, DANTES, will coordinate the meeting, prepare the agenda, review and analyze DANTES programs and initiatives outlined in the prior year’s operational plan, and provide minutes after the meeting.

(ix) Assist the Services in screening candidates for the DANTES Senior Enlisted Advisor and DANTES RC Advisor positions.

(x) Maintain the repository for the DoD Voluntary Education Partnership MOU between USD(P&R) and partner educational institutions, to include Service-specific addendums (see the
Appendix to this section for the template of the DoD Voluntary Education Partnership MOU. DANTES will:

(A) Administer and update the system that is the repository of the MOUs per guidance from USD(P&R).

(B) Create, track, and maintain a centrally managed database for all signed documents.

(C) Publish an Internet-based list of all educational institutions that have a signed DoD Voluntary Education Partnership MOU.

(x) Provide data analyses and generate reports required by DoD and the Interservice Voluntary Education Board as needed.

APPENDIX A TO PART 68—DOD VOLUNTARY EDUCATION PARTNERSHIP MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN DoD OFFICE OF THE UNDER SECRETARY OF DEFENSE FOR PERSONNEL AND READINESS (USD(P&R)) AND [NAME OF EDUCATIONAL INSTITUTION]

1. Preamble.

a. Providing access to quality postsecondary education opportunities is a strategic investment that enhances the U.S. Service member’s ability to support mission accomplishment and successfully return to civilian life. A forward-leaning, lifelong learning environment is fundamental to the maintenance of a mentally powerful and adaptive leadership-ready force. Today’s fast-paced and highly mobile environment, where frequent deployments and mobilizations are required to support the Nation’s policies and objectives, requires DoD to sponsor postsecondary educational programs using a variety of learning modalities that include instructor-led courses offered both on- and off-installation, as well as distance learning options. All are designed to support the professional and personal development and progress of the Service members and our DoD civilian workforce.

b. Making these postsecondary programs available to the military community as a whole further provides Service members, their eligible adult family members, DoD civilian employees, and military retirees ways to advance their personal education and career aspirations and prepares them for future vocational pursuits, both inside and outside of DoD. This helps strengthen the Nation by producing a well-educated citizenry and ensures the availability of a significant quality-of-life asset that enhances recruitment and retention efforts in an all-volunteer force.

2. Purpose.

a. This MOU articulates the commitment and agreement educational institutions provide to DoD by accepting funds via each Service’s tuition assistance (TA) program in exchange for education services.

b. This MOU is not an obligation of funds, guarantee of program enrollments by DoD personnel, their eligible adult family members, DoD civilian employees, or retirees in an educational institution’s academic programs, or a guarantee for DoD installation access.

c. This MOU covers courses delivered by educational institutions through all modalities. These include, but are not limited to, classroom instruction, distance education (i.e., web-based, CD-ROM, or multimedia) and correspondence courses.

d. This MOU includes high school programs, academic skills programs, and adult education programs for military personnel and their eligible adult family members.

e. This MOU articulates regulatory and governing directives and instructions:

   (1) Eligibility of DoD recipients is governed by Federal law, DoD Instruction 1322.25, DoD Directive 1322.03E, and the cognizant Military Service’s policies, regulations, and fiscal constraints.

   (2) Postsecondary educational programs provided to Service members using TA on DoD installations outside of the United States, will be operated in accordance with guidance from DoD Instruction 1322.25, DoD Instruction 1322.19, section 1212 of Public Law 99–145, as amended by section 318 of Public Law 101–198; and under the terms of the Tri-Services contract currently in effect.

f. This MOU is subject at all times to Federal law and the rules, guidelines, and regulations of DoD. Any conflicts between this MOU and such Federal law, rules, guidelines, and regulations will be resolved in favor of the Federal law, rules, guidelines, or regulations.

3. Educational Institution (Including Certificate and Degree Granting Educational Institutions) Requirements for TA. Educational institutions must:

a. Sign and adhere to requirements of this MOU, including Service-specific addendums as appropriate, prior to being eligible to receive TA payments.
Pt. 68, App. A

(1) Those educational institutions that have a current Voluntary Education Partnership MOU with DoD will sign this MOU:
   a. At the expiration of their current MOU (which is separate from this MOU) is only required if an educational institution is operating on a DoD installation. The installation MOU:
      i. Contains the installation-unique requirements that the responsible education advisor coordinated, documented, and retained; is approved by the appropriate Service voluntary education representative; and is presented to the installation commander for final approval.
   b. Cannot conflict with the DoD Voluntary Education Partnership MOU and governing regulations.
   c. Educational institutions must comply with this MOU and the requirements in Service-specific addendums that do not conflict with governing Federal law and rules, guidelines, and regulations, which include, but are not limited to, Title 10 of the U.S. Code; DoD Directive 1322.08E, “Voluntary Education Programs for Military Personnel”; DoD Instruction 1322.25, “Voluntary Education Programs” and DoD Instruction 1322.19, “Voluntary Education Programs in Overseas Areas”; and all DoD installation requirements imposed by the installation commander, if the educational institution has been approved to operate on a particular base. Educational institutions failing to comply with the requirements set forth in this MOU may receive a letter of warning, be denied the opportunity to establish new programs, have their MOU terminated, be removed from the DoD installation, and may have the approval of the issuance of TA withdrawn by the Service concerned.
   d. Be accredited by a national or regional accrediting agency recognized by ED, approved for VA funding, and certified to participate in Federal student aid programs through ED under Title IV of the Higher Education Act of 1965.
   e. Comply with the regulatory guidance provided by DoD and the Services.
   f. Comply with state authorization requirements consistent with regulations issued by ED, including 34 CFR 600.9. Educational institutions must meet all State laws as they relate to distance education as required.
   g. Participate in the Third Party Education Assessment process when requested. This requirement applies not only to educational institutions providing courses on DoD installations, but also to those educational institutions that provide postsecondary instruction located off the DoD installation or via DL. Educational institutions may be selected for Third Party Education Assessment based on provider offerings (on-installation, off-installation, or DL), education benefits received (large provider in terms of enrollments or TA funds), or an observed promising practice. Educational institutions may also be selected as a result of reports of non-compliance with the DoD Voluntary Education Partnership MOU, complaint(s) received, or negative information received from other government agencies and regulators. Educational institutions demonstrating an unwillingness to resolve findings may receive a range of penalties from a written warning to revocation of the DoD Voluntary Education Partnership MOU and removal from participation in the DoD TA Program. As appropriate, Third Party Education Assessment findings will be shared with other government agencies/regulators including but not limited to CFPB, VA, ED, DOJ, and FTC.
   (1) If an educational institution is operating on the DoD installation, the educational institution will resolve the assessment report findings and provide corrective actions taken within 6 months of the Third Party Education Assessment to the responsible education advisor on the DoD installation, the appropriate Service Voluntary Education Chief, and the DoD Voluntary Education Chief.
   (2) If an educational institution is operating off the DoD installation or via DL, the educational institution will resolve the assessment report findings and provide corrective actions taken within 6 months of the Third Party Education Assessment to the DoD Voluntary Education Chief.
   (3) In instances when the resolution action cannot be completed within the 6 month timeframe, the educational institution will submit a status report every 3 months to the responsible education advisor on the DoD installation if the educational institution is operating on the DoD installation, and the DoD Voluntary Education Chief, until the recommendation is resolved.
   f. Before enrolling a Service member, provide each prospective military student with specific information to locate, explain, and properly use the following ED and CFPB tools:
      (1) The College Scorecard which is a consumer planning tool and resource to assist prospective students and their families as they evaluate options in selecting a school. http://collegescorecard.ed.gov/scorecard/.
      (2) The College Navigator which is a consumer tool that provides school information to include tuition and fees, retention and
Office of the Secretary of Defense

graduation rates, use of financial aid, student loan default rates and features a cost calculator and school comparison tool. The College Navigator is located at: http://nces.ed.gov/collegenavigator.

(3) The Financial Aid Shopping Sheet which is a model aid award letter designed to simplify the information that prospective students receive about costs and financial aid so they can easily compare institutions and make informed decisions about where to attend school. The shopping sheet can be accessed at: http://www2.ed.gov/policy/highered/guidaid-offer/index.html.

(4) The ‘Paying for College’ Web page which can be used by prospective students to enter the names of up to three schools and receive detailed financial information on each one and to enter actual financial aid award information. The tool can be accessed at: http://www.consumerfinance.gov/paying-for-college/

g. Designate a point of contact or office for academic and financial advising, including access to disability counseling, to assist Service members with completion of studies and with job search activities.

(1) The designated person or office will serve as a point of contact for Service members seeking information about available, appropriate academic counseling, financial aid counseling, and student support services at the educational institution;

(2) The point of contact will have a basic understanding of the military tuition assistance program, ED Title IV funding, education benefits offered by the VA, and familiarity with institutional services available to assist Service members.

(3) The point of contact does not need to be exclusively dedicated to providing these services and, as appropriate, may refer the Service member to other individuals with an ability to provide these services, both on- and off-campus.

h. Before offering, recommending, arranging, signing-up, dispersing, or enrolling Service members for private student loans, provide Service members access to an institutional financial aid advisor who will make available appropriate loan counseling, including, but not limited to:

(1) Providing a clear and complete explanation of available financial aid, including Title IV of the Higher Education Act of 1965, as amended.

(2) Describing the differences between private and federal student loans to include terms, conditions, repayment and forgiveness options.

(3) Disclosing the educational institution’s student loan Cohort Default Rate (CDR), the percentage of its students who borrow, and how its CDR compares to the national average. If the educational institution’s CDR is greater than the national average CDR, it must disclose that information and provide the student with loan repayment data.

(4) Explaining that students have the ability to refuse all or borrow less than the maximum student loan amount allowed.

i. Have a readmissions policy for Service members that:

(1) Allows Service members and reservists to be readmitted to a program if they are temporarily unable to attend class or have to suspend their studies due to service requirements.

(2) Follows the regulation released by ED (34 CFR 668.18) regarding readmissions requirements for returning Service members seeking readmission to a program that was interrupted due to a Military service obligation, and apply those provisions to Service members that are temporarily unable to attend classes for less than 30 days within a semester or similar enrollment period due to a Military service obligation when such absence results in a withdrawal under institution policies. A description of the provisions for U.S. Armed Forces members and their families is provided in Chapter 3 of Volume 2 of the Federal Student Aid Handbook.

j. Have policies in place compliant with program integrity requirements consistent with the regulations issued by ED (34 CFR 668.71–668.75 and 668.14) related to restrictions on misrepresentation, recruitment, and payment of incentive compensation. This applies to the educational institution itself and its agents including third party lead generators, marketing firms, or companies that own or operate the educational institution. As part of efforts to eliminate unfair, deceptive, and abusive marketing aimed at Service members, educational institutions will:

(1) Ban inducements including any gratuity, favor, discount, entertainment, hospitality, loan, transportation, lodging, meals, or other item having a monetary value of more than a de minimis amount to any individual, entity, or its agents including third party lead generators, marketing firms, or companies that own or operate the educational institution.

As part of efforts to eliminate unfair, deceptive, and abusive marketing aimed at Service members, educational institutions will:

(2) Follows the regulation released by ED (34 CFR 668.18) regarding readmissions requirements for returning Service members seeking readmission to a program that was interrupted due to a Military service obligation, and apply those provisions to Service members that are temporarily unable to attend classes for less than 30 days within a semester or similar enrollment period due to a Military service obligation when such absence results in a withdrawal under institution policies. A description of the provisions for U.S. Armed Forces members and their families is provided in Chapter 3 of Volume 2 of the Federal Student Aid Handbook.

(3) Refrain from providing any commission, bonus, or other incentive payment based directly or indirectly on securing enrollments or federal financial aid (including TA funds) to any persons or entities engaged in any student recruiting, admission activities, or making decisions regarding the award of student financial assistance.

(4) Refrain from high-pressure recruitment tactics such as making multiple unsolicited contacts (5 or more), including contacts by phone, email, or in-person, and engaging in
same-day recruitment and registration for the purpose of securing Service member enrollments.

k. Refrain from automatic program renewals, bundling courses or enrollments. The student and Military Service must approve each course enrollment before the start date of the class.

l. The educational institution will obtain the approval of their accrediting agency for any new course or program offering, provided such approval is required under the substantive change requirements of the accrediting agency. Approval must be obtained before the enrollment of a Service member into the new course or program offering.

m. If the educational institution is a member of the Servicemembers Opportunity Colleges (SOC), in addition to the requirements stated in paragraphs 3.a. through 3.l. of this MOU, the educational institution will:
   (2) Provide processes to determine credit awards and learning acquired for specialized military training and occupational experience when applicable to a Service member’s degree program.
   (3) Recognize and use the ACE Guide to the Evaluation of Educational Experiences in the Armed Services to determine the value of learning acquired in military service. Award credit for appropriate learning acquired in military service at levels consistent with ACE Guide recommendations and/or those transcripted by CCAF, when applicable to a Service member’s program.
   n. If an educational institution is not a member of SOC, in addition to the requirements stated in paragraphs 3.a. through 3.l. of this MOU, the educational institution will:
      (1) Disclose its transfer credit policies and articulated credit transfer agreements before a Service member’s enrollment. Disclosure will explain acceptance of credits in transfer is determined by the educational institution to which the student wishes to transfer and refrain from making unsubstantiated representations to students about acceptance of credits in transfer by another institution.
      (2) Disclose its policies on how they award credit accepted, and how it will be applied to the student’s program, will be left to the educational institution.
      (3) If general policy permits, award transfer credit or credit for prior learning to:
         (a) Replace a required course within the major;
         (b) Apply as an optional course within the major;
         (c) Apply as a general elective;
         (d) Apply as a basic degree requirement; or
         (e) Waive a prerequisite.
      (4) Disclose to Service members any academic residency requirements pertaining to the student’s program of study, including total and any final year or final semester residency requirement at or before the time the student enrolls in the program.
      (5) Disclose basic information about the educational institution’s programs and costs, including tuition and other charges to the Service member. This information will be made readily accessible without requiring the Service member to disclose any personal or contact information.
must authorize the educational institutions personally identifiable non-directory information required to obtain consent before sharing this information with the educational institution, which could have implications for the Service member’s enrollment status. This information will also include an explanation of the educational institution’s grievance policy and process.

(7) Conduct academic screening and competency testing; make course placement based on student readiness.

4. TA Program Requirements for Educational Institutions.

a. One Single Tuition Rate. All Service members attending the same educational institution, at the same location, enrolled in the same course, will be charged the same tuition rate without regard to their Service component. This single tuition rate includes active duty Service members and the National Guard and Reservists who are activated under Title 10 and using Title 10 Military Tuition Assistance, in order to assure that tuition rate distinctions are not made based on the Service members’ branches of Service.

(1) It is understood tuition rates may vary by mode of delivery (traditional or online), at the differing degree levels and programs, and residency designations (in-state or out-of-state). Tuition rates may also vary based on full-time or part-time status, daytime vs. evening classes, or matriculation date, such as in the case of a guaranteed tuition program.

(2) It is also understood that some States have mandated State rates for Guard and Reservists within the State. (Those Guard and Reservists not activated on Title 10, U.S. Code orders).

b. Course Enrollment Information. The educational institutions will provide course enrollment, course withdrawal, course cancellation, course completion or failure, grade, verification of degree completion, and billing information to the TA issuing Service’s education office, as outlined in the Service’s regulations and instructions.

(1) Under section 1232g of title 20, United States Code (also known as “The Family Educational Rights and Privacy Act” and hereinafter referred to as “FERPA”), DoD recognizes that educational institutions are required to obtain consent before sharing personally identifiable non-directory information with a third party. Service members must authorize the educational institutions to release and forward course enrollment information required in 4.b. to DoD prior to approval of course enrollment using tuition assistance.

(2) If an educational institution wants to ensure confidentiality during the transmission of data to the third party, then the educational institution can contact the appropriate Service TA management point of contact to discuss security and confidentiality concerns prior to transmitting information.

c. Degree Requirements and Evaluated Educational Plans.

(1) Educational institutions will disclose general degree requirements for the Service member’s educational program (evaluated educational plan) to the member and his or her Service before the enrollment of the Service member at the educational institution. These requirements, typically articulated in the educational institution’s course catalog, should:

(a) Include the total number of credits needed for graduation.

(b) Divide the coursework students must complete in accordance with institutional academic policies into general education, required, and elective courses.

(c) Articulate any additional departmental or graduate academic requirements, such as satisfying institutional and major field grade point average requirements, a passing grade in any comprehensive exams, or completion of a thesis or dissertation.

(2) In addition to providing degree requirements, the educational institution will provide to Service members who have previous coursework from other accredited institutions and relevant military training and experiential learning an evaluated educational plan that indicates how many, if any, transfer credits it intends to award and how these will be applied toward the Service member’s educational program. The evaluated educational plan will be provided within 60 days after admission to the educational institution in which the individual has selected a degree program and all required official transcripts have been received.

(3) When a Service member changes his or her educational goal or major at the attending school and the Services’ education advisor approves the change, then the educational institution will provide a new evaluated educational plan to the Service member and the Service within 60 days. Only courses listed in the Service member’s evaluated educational plan will be approved for TA.

(4) Degree requirements in effect at the time of each Service member’s enrollment will remain in effect for a period of at least 1 year beyond the program’s standard length, provided the Service member is in good academic standing and has been continuously enrolled or received an approved academic
leave of absence. Adjustments to degree requirements may be made as a result of formal changes to academic policy pursuant to institutional or departmental determinations, provided that:

(a) They go into effect at least 2 years after affected students have been notified; or
(b) In instances when courses or programs are no longer available or changes have been mandated by a State or accrediting body, the educational institution will identify low or no cost solutions, working with affected Service members to identify substitutions that would not hinder the student from graduating in a timely manner.

(5) Degree requirements and evaluated educational plans will meet educational requirements for credentialing in stated career field and graduates of a program will be eligible for relevant professional license or certification. Educational institutions will disclose any conditions (state or agency limitations) or additional requirements (training, experience, or exams) required to obtain relevant credentials.

d. Approved and TA Eligible Courses.

(1) Approved Courses. If an eligible Service member decides to use TA, educational institutions will enroll him or her only after the TA is approved by the individual’s Service. Service members will be solely responsible for all tuition costs without this prior approval. This requirement does not prohibit an educational institution from pre-registering a Service member in a course in order to secure a slot in the course. If a school enrolls the Service member before the appropriate Service approves Military TA, then the Service member could be responsible for the tuition. All Military TA must be requested and approved prior to the start date of the course. The Military TA is approved on a course-by-course basis and only for the specific course(s) and class dates that a Service member requests. If a military student “self-identifies” their eligibility and the Service has not approved the funding, then the Service member will be solely responsible for all tuition costs, not the Service.

(2) TA Eligible Courses. Courses will be considered eligible for TA if they are:

(a) Part of an individual’s evaluated educational plan; or
(b) Prerequisites for courses within the individual’s evaluated educational plan; or
(c) Required for acceptance into a higher-level degree program, unless otherwise specified by Service regulations.

e. Use of Financial Aid with TA.

(1) “Top-Up” eligible active duty DoD personnel may use their Montgomery or Post-9/11 G.I. Bill benefit in conjunction with TA funds to cover those course costs to the Service member that exceed the amount of TA paid by his or her Service. RC members who quality for Montgomery G.I. Bill benefits may use those benefits concurrently with TA. RC members who have earned entitlement for the Post-9/11 G.I. Bill can use both VA education benefits and TA, but VA will only pay for the portion of tuition not covered by TA; therefore, the combination of VA education benefits and TA will not exceed 100 percent of the actual costs of tuition.

(2) DoD personnel are entitled to consideration for all forms of financial aid that educational institutions make available to students at their home campus. Educational institution financial aid officers will provide information and application processes for Title IV student aid programs, scholarships, fellowships, grants, loans, etc., to DoD TA recipients.

(3) Service members identified as eligible DoD TA recipients, who qualify for Pell Grants through ED’s student aid program, will have their TA benefits applied to their educational institution’s account prior to the application of their Pell Grant funds to their account. Unlike TA funds, which are tuition-restricted, Pell Grant funds are not tuition-restricted and may be applied to other allowable charges on the account.

f. Administration of Tuition.

(1) The Services will provide TA in accordance with DoD- and Service-appropriate regulations.

(2) Educational institutions will comply with these requirements for the return of TA funds:

(a) Return any TA Program funds directly to the Military Service, not to the Service member.

(b) Up to the start date, return all (100 percent) TA funds to the appropriate Military Service when the Service member does not:

(i) begin attendance at the institution or
(ii) start a course, regardless of whether the student starts other courses

(c) Return any TA funds paid for a course that is cancelled by the educational institution.

(d) Have an institutional policy that returns any unearned TA funds on a proportional basis through at least the 60 percent portion of the period for which the funds were provided. TA funds are earned proportionally during an enrollment period, with unearned funds returned based upon when a student stops attending. In instances when a Service member stops attending due to a military service obligation, the educational institution will work with the affected Service member to identify solutions that will not result in a student debt for the returned portion.

(3) Tuition charged to a Service member will in no case exceed the rate charged to nonmilitary students, unless agreed upon in writing by both the educational institution and the Service.
(4) Educational institutions will provide their tuition charges for each degree program to the Services on an annual basis. Any changes in the tuition charges will be provided to all the Services, as soon as possible, but not fewer than 90 days prior to implementation.

(a) Tuition charges at many public institutions are established by entities over which they have no jurisdiction, such as State legislatures and boards. As such, in some instances tuition decisions will not be made within the 90-day requirement window.

(b) When this happens, the educational institution will request a waiver (via the DoD MOU Web page) and provide the Services with the new tuition charges. To the extent practicable by State law or regulation, Service members already enrolled will not be impacted by changes in tuition charges.

(5) TA invoicing information is located in the Service-specific addendums attached to this MOU.

g. Course Cancellations. Educational institutions are responsible for notifying Service members of class cancellations for both classroom and DL courses.

h. Materials and Electronic Accessibility.

(1) Educational institutions will ensure that course materials are readily available, either electronically or in print medium, and provide information about where the student may obtain class materials at the time of enrollment or registration.

(2) Educational institution representatives will refrain from encouraging or requiring students to purchase course materials prior to confirmation of sufficient enrollments to conduct the class. Students will be encouraged to verify course acceptance by CCAF (Air Force only) or other program(s), with the responsible education advisor before enrolling or requesting TA.

(3) Educational institutions will provide, where available, electronic access to their main administrative and academic center’s library materials, professional services, relevant periodicals, books, and other academic reference and research resources in print or online format that are appropriate or necessary to support the courses offered. Additionally, educational institutions will ensure adequate print and non-print media resources to support all courses being offered are available at base or installation library facilities, on-site Institution resource areas, or via electronic transmission.

1. Graduation Achievement Recognition.

(1) The educational institution will issue, at no cost to the Government, documentation as proof of completion, such as a diploma or certificate, to each student who completes the respective program requirements and meets all financial obligations.

(2) In accordance with Service requirements, the educational institution will report to the Service concerned those TA recipients who have completed a certificate, diploma, or degree program. Reporting will occur at least annually and include the degree level, major, and program requirements completion date.

(3) The academic credentials for certificate, diploma, or degree completion will reflect the degree-granting educational institution and campus authorized to confer the degree.

(a) If the Service member attends a branch of a large, multi-branch university system, the diploma may indicate the credential of the specific campus or branch of the educational institution from which the student received his or her degree.

(b) Credentials will be awarded to Service members with the same institutional designation as non-Service members who completed the same course work for a degree from the same institution.

(4) The educational institution will provide students with the opportunity to participate in a graduation ceremony.

j. Reporting Requirements and Performance Metrics.

(1) The educational institution will provide reports via electronic delivery on all DoD TA recipients for programs and courses offered to personnel as required by the cognizant Service. This includes, but is not limited to, TA transactions, final course grades to include incompletes and withdrawals, degrees awarded, certificates earned, evaluated educational plans, courses offered, and military graduation. Educational institutions providing face-to-face courses on a DoD installation will provide a class roster to the responsible education advisor. The class roster will include information such as the name of the instructor, the first and last name of each student (military and non-military), the course title, the class meeting day(s), the start and ending time of the class, and the class location (e.g., building and room number).

(a) All reporting and transmitting of this information will be done in conformity with all applicable privacy laws, including FERPA.

(b) Educational institutions will respond to these requests in a timely fashion, which will vary based on the specific nature and scope of the information requested.

(2) The cognizant Service may evaluate the educational institution’s overall effectiveness in administering its academic program, courses, and customer satisfaction to DoD. A written report of the findings will be provided to the educational institution. The educational institution will have 90 calendar days to review the report, investigate if required, and provide a written response to the findings.

(3) The Services may request reports from an educational institution at any time, but not later than 2 years after termination of
the MOU with such educational institution. Responses to all requests for reports will be provided within a reasonable period of time, and generally within 15 calendar days. Institutional response time will depend on the specific information sought by the Services in the report.

5. Requirements and Responsibilities for the Delivery of On-Installation Voluntary Education Programs and Services
   a. The requirements in this section pertain to educational institutions operating on a DoD installation.
   
   An installation MOU:
   (1) Is required if an educational institution is operating on a DoD installation.
   (2) Contains the installation-unique requirements coordinated by the responsible education advisor, with concurrence from the appropriate Service voluntary education representative, and approved by the installation commander.
   (3) Cannot conflict with the DoD Voluntary Education Partnership MOU and governing regulations.
   b. Educational institutions will:
      (1) Agree to have a separate installation MOU if they have a Service agreement to provide on-installation courses or degree programs.
      (2) Comply with the installation-unique requirements in the installation MOU.
      (3) Agree to coordinate degree programs offered on the DoD installation with the responsible education advisor, who will receive approval from the installation commander, prior to the opening of classes for registration.
      (4) Admit candidates to the educational institution’s on-installation programs at their discretion; however, priority for registration in DoD installation classes will be given in the following order:
         (a) Service members.
         (b) Federally funded DoD civilian employees.
         (c) Eligible adult family members of Service members and DoD civilian employees.
         (d) Military retirees.
         (e) Non-DoD personnel.
      (5) Provide the responsible education advisor, as appropriate, a tentative annual schedule of course offerings to ensure that the educational needs of the military population on the DoD installation are met and to ensure no course or scheduling conflicts with other on-installation programs.
      (6) Provide instructors for their DoD installation courses who meet the criteria established by the educational institution to qualify for employment as a faculty member on the main administrative and academic center.
      (7) Inform the responsible education advisor about cancellations for classroom-based classes on DoD installations per the guidelines set forth in the separate installation MOU.
   c. The Services’ designated installation representative (usually the responsible education advisor), will be responsible for determining the local voluntary education program needs for the serviced military population and for selecting the off-duty educational programs to be provided on the DoD installation, in accordance with the Services’ policies. The Service, in conjunction with the educational institution, will provide support services essential to operating effective educational programs. All services provided will be commensurate with the availability of resources (personnel, funds, and equipment). This support includes:
      (1) Classroom and office space, as available. The Service will determine the adequacy of provided space.
      (2) Repairs as required to maintain office and classroom space in “good condition” as determined by the Service, and utility services for the offices and classrooms of the educational institution located on the DoD installation (e.g., electricity, water, and heat).
      (3) Standard office and classroom furnishings within available resources. No specialized equipment will be provided.
      (4) Janitorial services in accordance with DoD installation facility management policies and contracts.
      d. The Service reserves the right to disapprove DoD installation access to any employee or agent of the educational institution employed to carry out any part of this MOU.
      e. Operation of a privately owned vehicle by educational institution employees on the DoD installation will be governed by the DoD installation’s policies.
      f. The responsible education advisor will check with his or her Service’s responsible office for voluntary education before allowing an educational institution to enter into an MOU with the DoD installation.
   6. Review, Modifications, Signatures, Effective Date, Expiration Date, and Cancellation Provision.
      a. Review. The signatories (or their successors) will review this MOU periodically in coordination with the Services, but no less than every 5 years to consider items such as current accreditation status, updated program offerings, and program delivery services.
      b. Modifications. Modifications to this MOU will be in writing and, except for those required due to a change in State or Federal law, will be subject to approval by both of the signatories below, or their successors.
      c. Signatures. The authorized signatory for DoD will be designated by the USD(P&R). The authorized signatory for the educational institution will be determined by the educational institution.
APPENDIX B TO PART 68—ADDENDUM FOR
EDUCATION SERVICES BETWEEN
[NAME OF EDUCATIONAL INSTITU-
TION] AND THE U.S. AIR FORCE
(USAF)

1. Purpose. This addendum is between (Name of Educational Institution), hereafter referred to as the “Institution,” and the United States Air Force (USAF). The purpose of this agreement is to provide guidelines and procedures for the delivery of educational services to Service members, DoD civilian employees, eligible adult family members, military retirees, and non-DoD personnel not covered in the DoD Voluntary Education Partnership Memorandum of Understanding (MOU) between the DoD Office of the Under Secretary of Defense for Personnel and Readiness and the Institution. This addendum is not to be construed in any way as giving rise to a contractual obligation of the USAF to provide funds to the Institution that would be contrary to Federal law.

2. Responsibilities.
   a. USAF Education and Training Section (ETS) Chief. The USAF ETS Chief will:
      (1) Maintain a continuing liaison with the designated Institution representative and be responsible for inspections and the acceptance of the Institution’s services. The ETS Chief will assist the Institution representative to provide military and USAF culture orientation to the Institution personnel.
      (2) Review requests from Institutions with no on-installation MOU for permission of DoD installation access and space within the ETS to counsel current students, provide information briefings and materials, attend education fairs, and provide other informational services approved by the installation commander. Approval depends on the installation commander. Approval of any school eligible for Military TA will be extended equally to all such schools; same time allotment, space, and frequency.
      (3) Assist the Institution or refer them to the information technology contractor for training in the use of the Academic Institution Portal (AI Portal) regarding input of Institution information, degree offerings, tuition rates, grades, invoices, degree completions, and search tools pre-built into the USAF online Voluntary Education System.
      (4) Provide general degree requirements to each member for his or her education program and the ETS as soon as he or she makes known their intention to register with the Institution and while awaiting final evaluation of transfer credits.
      (5) Register and use the AI Portal to input Institution basic information, degree offerings, tuition rates, invoice submission, course grades submission, degree completions, and to pull pre-established educational institution reports while conducting business with the USAF.
      (6) Submit one consolidated invoice per term via the AI Portal for each class in which active duty military airmen are enrolled using Mil TA. Submission will be made during the term, no earlier than after the final add/drop/census date, and no later than 30 calendar days after the end of the term.
      (7) Submit course grades via the AI Portal for each class in which active duty military airmen are enrolled using Mil TA. Submission will be made no later than 30 calendar days after the end of the term.
      (8) Adopt the AI Portal procedures for all payment processing. Institutions with a current waiver may continue to participate at the discretion of Air Force Voluntary Education Branch.

b. Institutions will:
   (1) Appoint and designate an Institution representative to maintain a continuing liaison with the USAF ETS Chief.
   (2) Provide general degree requirements to each member for his or her education program and the ETS as soon as he or she makes known their intention to register with the Institution and while awaiting final evaluation of transfer credits.
   (3) Assume responsibility for the administration and proctoring of all course examinations not normally administered and proctored within the traditional, in-the-classroom setting.
   (4) Provide to airmen, upon their request, information on Institution policies including, but not limited to, course withdrawal dates and penalties, course cancellation procedures, course grade publication, billing practices, and policy regarding incompletion of a course. Face-to-face counseling is not required.
   (5) Register and use the AI Portal to input Institution basic information, degree offerings, tuition rates, invoice submission, course grades submission, degree completions, and to pull pre-established educational institution reports while conducting business with the USAF.
   (6) Submit one consolidated invoice per term via the AI Portal for each class in which active duty military airmen are enrolled using Mil TA. Submission will be made during the term, no earlier than after the final add/drop/census date, and no later than 30 calendar days after the end of the term.
   (7) Submit course grades via the AI Portal for each class in which active duty military airmen are enrolled using Mil TA. Submission will be made no later than 30 calendar days after the end of the term.
   (8) Adopt the AI Portal procedures for all payment processing. Institutions with a current waiver may continue to participate at the discretion of Air Force Voluntary Education Branch.

Pt. 68, App. B

Office of the Secretary of Defense
(B) Provide a list of program graduates via the AI Portal consisting of student name, program title, program type (such as bachelor's degree), and date of graduation no later than 30 calendar days after the end of the term in which graduation requirements are completed. If the AI Portal is not available, provide directly to the base Education and Training Section.

c. Institutions with no on-installation MOU are authorized to request permission for DoD installation access and space within the ETS to counsel current students, provide information briefings and materials, attend education fairs, and other informational services. Approval depends on the installation commander. If approval is granted, then all other permissions will be authorized equally for any school eligible for Military TA; the same time allotment, space, and frequency.

d. All Institutions with an on-installation MOU or invitation for an on-installation activity, such as an educational fair, are authorized to counsel or provide information on any of their programs.

3. Additional Guidelines

a. In addition to DoD policy outlined in the DoD Voluntary Education Partnership MOU, the authorization of Mil TA is further governed by Air Force Instruction (AFI) 36-2306, as well as applicable policy and guidance.

b. DoD installation access of non-DoD and non-installation personnel is at the discretion of the installation commander. Access once provided can be revoked at any time due to military necessity or due to conduct that violates DoD installation rules or policies.

c. No off-base school will be given permanent space or scheduled for regularly recurring time on-base for student counseling.

APPENDIX C TO PART 68—ADDENDUM FOR EDUCATION SERVICES BETWEEN (NAME OF EDUCATIONAL INSTITUTION) AND THE U.S. ARMY

1. Purpose. This addendum is between (Name of Educational Institution), hereafter referred to as the “Institution,” and the United States Army. The purpose of this agreement is to provide guidelines and procedures for the delivery of educational services to Service members, DoD civilian employees, eligible adult family members, military retirees, and non-DoD personnel not covered in the DoD Voluntary Education Partnership Memorandum of Understanding between the DoD Office of the Under Secretary of Defense for Personnel and Readiness and the Institution. This addendum is not to be construed in any way as giving rise to a contractual obligation of the U.S. Army to provide funds to the Institution that would be contrary to Federal law.

2. Responsibilities.

a. Army Education Services Officer (ESO): In support of this addendum, the Army ESO will maintain a continuing liaison with a designated Institution representative and be responsible for inspections and the observance of the Institution’s services. The ESO will provide assistance to the Institution representative to provide military and Army culture orientation to the Institution personnel.

b. Institutions. The Institution will:

(1) Appoint and designate an Institution representative to maintain a continuing liaison with the Army ESO.

(2) Adopt the GoArmyEd processes. GoArmyEd is the Army Continuing Education System (ACES) centralized and streamlined management system for the Army’s postsecondary voluntary education programs. Existing MOUs or Memorandums of Agreement, Tri-Services contracts, or other contracts that Institutions may have with DoD installations and ACES remain in place and will be supplemented with DoD Instruction 1322.23.

(3) Agree to all of the terms in the ACES policies and procedures, available at https://goarmyed._School_Instructions.html, such as:

- Invoicing, grades, reports, library references, etc.
- For non-Letter of Instruction (LOI) institutions satisfying paragraph 3.f. of this MOU, any requirements in ACES policies and procedures requiring institutions to be a member of SOC are hereby waived.

(4) Institutions currently participating with GoArmyEd as LOI and non-LOI schools, may continue to do so at the discretion of Headquarters, ACES. Non-LOI schools will be subject to the requirements of paragraphs 2.b.(2) and 2.b.(3) of this MOU only to the extent that their existing non-LOI agreement with the U.S. Army provides.

APPENDIX D TO PART 68—ADDENDUM FOR EDUCATION SERVICES BETWEEN (NAME OF EDUCATIONAL INSTITUTION) AND THE U.S. MARINE CORPS

1. Purpose. This addendum is between (Name of Educational Institution), hereafter referred to as the “Institution,” and the United States Marine Corps. The purpose of this agreement is to provide guidelines and procedures for the delivery of educational services to Service members, DoD civilian employees, eligible adult family members, military retirees, and non-DoD personnel not covered in the DoD Voluntary Education Partnership Memorandum of Understanding between the DoD Office of the Under Secretary of Defense for Personnel and Readiness and the Institution. This addendum is not to be construed in any way as giving rise to a contractual obligation of the U.S. Marine Corps to provide funds to the Institution that would be contrary to Federal law.
2. Responsibilities.

a. Marine Corps Education Services Officer (ESO): In support of this addendum, the Marine Corps ESO will maintain a continuing liaison with the designated Institution representative and be responsible for inspections and the acceptance of the Institution’s services. The ESO will provide assistance to the Institution representative to provide military and Marine Corps culture orientation to the Institution personnel.

b. Institution. The Institution will:

   (1) Appoint and designate an Institution representative to maintain a continuing liaison with the Marine Corps ESO.
   
   (2) Provide open enrollment during a designated time periods in courses conducted through media (e.g., portable media devices or computer-aided). Those courses will be on an individual enrollment basis.
   
   (3) When operating on a Marine Corps installation, provide all required equipment when the Institution provides instruction via media.
   
   (4) When operating on a Marine Corps installation, provide library services to the Marine Corps installation for students in the form of research and reference materials (e.g., books, pamphlets, magazines) of similar quality to the support provided students on the Institution’s home campus. Services will also include research and reference material in sufficient quantity to meet curriculum and program demands. Materials will be, at a minimum, the required readings of the instructor(s) for a particular course or program, or the ability for the student to request a copy of such material, from the institution’s main library, without any inconvenience or charge to the student (e.g., a library computer terminal that may allow students to order material and have it mailed to their residence).
   
   (5) Permit employment of off-duty military personnel or Government civilian employees by the institution, provided such employment does not conflict with the policies set forth in DoD Regulation 5500.7-R. However, Government personnel employed in any way by the Institution as a result of this addendum will be excluded from such employment because of conflict of interest.

b. Grades will be submitted through the Navy College Management Information System grade entry application.

c. Grade reports will be provided to the Naval Education and Training Professional Development and Technology Center within 30 days of term ending or completion of the course, whichever is earlier.

APPENDIX E TO PART 68—ADDENDUM FOR EDUCATION SERVICES BETWEEN [NAME OF EDUCATIONAL INSTITUTION] AND THE U.S. NAVY

1. Purpose. This addendum is between (Name of Educational Institution), hereafter referred to as the “Institution,” and the U.S. Navy. The purpose of this agreement is to provide guidelines and procedures for the delivery of educational services to Service members, DoD civilian employees, eligible adult family members, military retirees, and non-DoD personnel not covered in the DoD Voluntary Education Partnership Memorandum of Understanding (MOU) between the DoD Office of the Under Secretary of Defense for Personnel and Readiness and the Institution. This addendum is not to be construed in any way as giving rise to a contractual obligation of the Department of the Navy to provide funds to the Institution that would be contrary to Federal law.

2. Responsibilities.

a. Commanding Officer responsible for execution of the Voluntary Education Program. The commanding officer responsible for execution of the voluntary education program will:

   (1) Determine the local voluntary education program needs for the Navy population to be served and recommend to the installation commander the educational programs to be offered on the base;
   
   (2) Administer this agreement and provide program management support;
   
   (3) Manage the Navy College Program Distance Learning Partnership (NCPDLP) agreements.

b. Navy College Office (NCO): In support of this addendum, the NCO will maintain a continuing liaison with the designated Institution representative and be responsible for inspections and the acceptance of the Institution’s services. The NCO will provide assistance to the Institution representative to provide military and Navy culture orientation to the Institution personnel.

c. Institution. The Institution will:

   (1) If a distance learning partner institution:

      (i) Comply with NCPDLP agreements, if an institution participates in NCPDLP.
      
      (ii) Provide a link to the institution through the Navy College Program Web site, if designated as an NCPDLP school.
      
      (iii) Display the Institution’s advertising materials (i.e., pamphlets, posters, and brochures) at all NCOs, if designated as an NCPDLP school.

   (2) Appoint and designate an Institution representative to maintain a continuing liaison with the NCO staff.

   (3) Comply with wide area work flow processes for invoicing of tuition assistance available at https://www.navycollege.navy.mil/links. Grades will be submitted to the Navy
(4) Ensure library resource arrangements are in accordance with the standards of the Institution’s accrediting association and the State regulatory agency having jurisdiction over the Institution.

(5) Respond to email messages from students within a reasonable period of time—generally within two workdays, unless extenuating circumstances would justify additional time.

(6) Comply with host command procedures before starting instructor-based courses on any Navy installation. The NCO will negotiate a separate agreement with the Institution in concert with the host command procedures.

(7) Mail an official transcript indicating degree completion, at no cost to the sailor or the Government to: Center for Personal and Professional Development, ATTN: Virtual Education Center, 1905 Regulus Ave., Suite 234, Virginia Beach, VA 23461–2009.

PART 69—SCHOOL BOARDS FOR DEPARTMENT OF DEFENSE DOMESTIC DEPENDENT ELEMENTARY AND SECONDARY SCHOOLS

Sec. 69.1 Purpose.

69.2 Applicability and scope.

69.3 Definitions.

69.4 Policy.

69.5 Responsibilities.

69.6 Procedures.

AUTHORITY: 10 U.S.C. 2164.

SOURCE: 61 FR 60563, Nov. 29, 1996, unless otherwise noted.

§ 69.1 Purpose.

This part prescribes policies and procedures for the establishment and operation of elected School Boards for schools operated by the Department of Defense (DoD) under 10 U.S.C. 2164, 32 CFR part 345, and Public Law 92–463.

§ 69.2 Applicability and scope.

This part applies to:

(a) The Office of the Secretary of Defense (OSD), the Military Departments, the Coast Guard when operating as a service of the Department of the Navy or by agreement between DoD and the Department of Transportation, the Chairman of the Joint Chiefs of Staff, the Unified and Specified Combatant Commands, the Inspector General of the Department of Defense, the Uniformed Services University of the Health Sciences, the Defense Agencies, and the DoD Field Activities.

(b) The schools (prekindergarten through grade 12) operated by the DoD under 10 U.S.C. 2164 and 32 CFR part 345 within the continental United States, Alaska, Hawaii, Puerto Rico, Wake Island, Guam, American Samoa, the Northern Marianas Islands, and the Virgin Islands, known as DoD DDESS Arrangements.

(c) This part does not apply to elected school boards established under state or local law for DoD DDESS special arrangements.

§ 69.3 Definitions.

(a) Arrangements. Actions taken by the Secretary of Defense to provide a free public education to dependent children under 10 U.S.C. 2164 through DoD DDESS arrangements or DoD DDESS special arrangements:

(1) DDESS arrangement. A school operated by the Department of Defense under 10 U.S.C. 2164 and 32 CFR 345 to provide a free public education for eligible children.

(2) DDESS special arrangement. An agreement, under 10 U.S.C. 2164, between the Secretary of Defense, or designee, and a local public education agency whereby a school or a school system operated by the local public education agency provides educational services to eligible dependent children of U.S. military personnel and federally employed civilian personnel. Arrangements result in partial or total Federal funding to the local public education agency for the educational services provided.

(b) Parent. The biological father or mother of a child when parental rights have not been legally terminated; a person who, by order of a court of competent jurisdiction, has been declared the father or mother of a child by adoption; the legal guardian of a child; or a person in whose household a child resides, provided that such person stands in loco parentis to that child and contributes at least one-half of the child’s support.
§ 69.4 Policy.

(a) Each DoD DDESS arrangement shall have an elected school board, established and operated in accordance with this part and other pertinent guidance.

(b) Because members of DoD DDESS elected school boards are not officers or employees of the United States appointed under the Appointments Clause of the United States Constitution (Art. II, Sec. 2, Cl. 2), they may not exercise discretionary governmental authority, such as the taking of personnel actions or the establishment of governmental policies. This part clarifies the role of school boards in the development and oversight of fiscal, personnel, and educational policies, procedures, and programs for DoD DDESS arrangements, subject to these constitutional limitations.

(c) The DoD DDESS chain of command for matters relating to school arrangements operated under 10 U.S.C. 2164 and 32 CFR part 345 shall be from the Director, DoD DDESS, to the Superintendent of each school arrangement. The Superintendent will inform the school board of all matters affecting the operation of the local school arrangement. Direct liaison among the school board, the Director, and the Superintendent is authorized for all matters pertaining to the local school arrangement.

§ 69.5 Responsibilities.

The Assistant Secretary of Defense for Force Management Policy (ASD (FMP)), under the Under Secretary of Defense for Personnel and Readiness, shall:

(a) Make the final decision on all formal appeals to directives and other guidance submitted by the school board or Superintendent.

(b) Ensure the Director, DoD DDESS shall:

(1) Ensure the establishment of elected school boards in DoD DDESS arrangements.

(2) Monitor compliance by the Superintendent and school boards with applicable statutory and regulatory requirements, and this part. In the event of suspected noncompliance, the Director, DoD DDESS, shall take appropriate action, which will include notification of the Superintendent and the school board president of the affected DoD DDESS arrangement.

(3) Determine when the actions of a school board conflict with an applicable statute, regulation, or other guidance or when there is a conflict in the views of the school board and the Superintendent. When such conflicts occur, the Director, DoD DDESS, shall assist the Superintendent and the school board in resolving them or direct that such actions be discontinued. Such disapprovals must be in writing to the school board and the Superintendent concerned and shall state the specific supporting reason or reasons.

(c) Ensure the school board for DoD DDESS arrangements shall:

(1) Participate in the development and oversight of fiscal, personnel, and educational policies, procedures, and programs for the DoD DDESS arrangement concerned, consistent with this part.

(2) Approve agendas and prepare minutes for school board meetings. A copy of the approved minutes of school board meetings shall be forwarded to the Director, DoD DDESS, within 10 working days after the date the minutes are approved.

(3) Provide to the Director, DoD DDESS, names of applicants for a vacancy in the Superintendent’s position after a recruitment has been accomplished. The school board shall submit to the Director, DoD DDESS, a list of all applicants based on its review of the applications and interviews (either in person or telephonically) of the applicants. The list of applicants will be accompanied by the recommended choice of the school board. The Director will select the Superintendent and will submit written notice with justification to the school board if the recommendation of the school board is not followed.

(4) Prepare an annual written on-site review of the Superintendent’s performance for consideration by the Director, DoD DDESS. The written review shall be based on critical elements recommended by the school board and Superintendent and approved by the Director, DoD DDESS. The school board’s review will be an official attachment to the Superintendent’s appraisal.
(5) Participate in the development of the school system’s budget for submission to the Director, DoD DDESS, for his or her approval as endorsed by the school board; and participate in the oversight of the approved budget, in conjunction with the Superintendent, as appropriate for operation of the school arrangement.

(6) Invite the Superintendent or designee to attend all school board meetings.

(7) Provide counsel to the Superintendent on the operation of the school and the implementation of the approved budget.

(8) Channel communications with school employees to the DoD DDESS Superintendent. Refer all applications, complaints, and other communications, oral or written, to the DoD DDESS Arrangement Superintendents.

(9) Participate in the development of school policies, rules, and regulations, in conjunction with the Superintendent, and recommend which policies shall be reflected in the School Policy Manual. At a minimum, the Policy Manual, which shall be issued by the Superintendent, shall include the following:

   (i) A statement of the school philosophy.

   (ii) The role and responsibilities of school administrative and educational personnel.

   (iii) Provisions for promulgation of an annual school calendar.

   (iv) Provisions on instructional services, including policies for development and adoption of curriculum and textbooks.

   (v) Regulations affecting students, including attendance, grading, promotion, retention, and graduation criteria, and the student code of rights, responsibilities, and conduct.

   (vi) School policy on community relations and noninstructional services, including maintenance and custodial services, food services, and student transportation.

   (vii) School policy and legal limits on financial operations, including accounting, disbursing, contracting, and procurement; personnel operations, including conditions of employment, and labor management regulations; and the processing of, and response to, complaints.

   (viii) Procedures providing for new school board member orientation.

   (ix) Any other matters determined by the school board and the superintendent to be necessary.

(10) Under 10 U.S.C. 2164(b)(4)(B), prepare and submit formal appeals to directives and other guidance that in the view of the school board adversely impact the operation of the school system either through the operation and management of DoD DDESS or a specific DoD DDESS arrangement. Written formal appeals with justification and supporting documentation shall be submitted by the school board or Superintendent to ASD(FMP). The ASD(FMP) shall make the final decision on all formal appeals. The Director, DoD DDESS, will provide the appealing body written review of the findings relating to the merits of the appeal. Formal appeals will be handled expeditiously by all parties to minimize any adverse impact on the operation of the DoD DDESS system.

(d) Ensure school board operating procedures are as follows:

(1) The school board shall operate from a written agenda at all meetings. Matters not placed on the agenda before the start of the meeting, but approved by a majority of the school board present, may be considered at the ongoing meeting and added to the agenda at that time.

(2) A majority of the total number of school board members authorized shall constitute a quorum.

(3) School board meetings shall be conducted a minimum of 9 times a year. The school board President or designee will provide school board members timely notice of all meetings. All regularly scheduled school board meetings will be open to the public. Executive session meetings may be closed under 10 U.S.C. 2164(d)(6).

(4) The school board shall not be bound in any way by any action or statement of an individual member or group of members of the board except when such action or statement is approved by a majority of the school board members during a school board meeting.
(5) School board members are eligible for reimbursement for official travel in accordance with the DoD Joint Travel Regulations and guidance issued by the Director, DoD DDESS.

(6) School board members may be removed by the ASD (PMP) for dereliction of duty, malfeasance, or other grounds for cause shown. The school board concerned may recommend such removal with a two-thirds majority vote. Before a member may be removed, the member shall be afforded due process, to include written notification of the basis for the action, review of the evidence or documentation considered by the school board, and an opportunity to respond to the allegations.

§ 69.6 Procedures.

(a) Composition of school board. (1) The school board shall recommend to the Director, DoD DDESS, the number of elected school board voting members, which shall be not fewer than 3 and no more than 9, depending upon local needs. The members of the school board shall select by majority vote of the total number of school board members authorized at the beginning of each official school board term, one member to act as President and another to act as Vice President. The President and Vice President shall each serve for 1 year. The President shall preside over school board meetings and provide leadership for related activities and functions. The Vice President shall serve in the absence of the President. If the position of President is vacated for any reason, the Vice President shall be the President until the next regularly scheduled school board election. The resulting vacancy in the position of the Vice President shall be filled by the majority vote of all members of the incumbent board.

(2) The DoD DDESS Arrangement Superintendent, or designee, shall serve as a non-voting observer to all school board meetings. The Installation Commander, or designee, shall convey command concerns to the school board and the Superintendent and keep the school board and the Superintendent informed of changes and other matters within the host installation that affect school expenditures or operations.

(3) School board members may not receive compensation for their service on the school board.

(4) Members of the school board may not have any financial interest in any company or organization doing business with the school system. Waivers to this restriction may be granted on a case-by-case basis by the Director, DoD DDESS, in coordination with the Office of General Counsel of the Department of Defense.

(b) Electorate of the school board. The electorate for each school board seat shall be composed of parents of the students attending the school. Each member of the electorate shall have one vote.

(c) Election of school board members. (1) To be elected as a member of the school board, an individual must be a resident of the military installation in which the DoD DDESS arrangement is located, or in the case of candidates for the Antilles Consolidated School System School Board, be the parent of an eligible child currently enrolled in the school system. Personnel employed by a DoD DDESS arrangement may not serve as school board members.

(2) The board shall determine the term of office for elected members, not to exceed 3 years, and the limit on the number of terms, if any. If the board fails to set these terms by the first day of the first full month of the school year, the terms will be set at 3 years, with a maximum of 2 consecutive terms.

(3) When there is a sufficient number of school board vacancies that result in not having a quorum, which is defined as a majority of seats authorized, a special election shall be held by the DoD DDESS Arrangement Superintendent or designee. A special election is an election that is held between the regularly scheduled annual school board election. The nomination and election procedures for a special election shall be the same as those of regularly scheduled school board elections. Individuals elected by special election shall serve until the next regularly scheduled school board election. Vacancies may occur due to the resignation, death, removal for cause, transfer, or disenrollment of a school board.
member’s child(ren) from the DoD DDESS arrangement.

(4) The board shall determine a schedule for regular elections. Parents shall have adequate notice of the time and place of the election. The election shall be by secret ballot. All votes must be cast in person at the time and place of the election. The candidate(s) receiving the greatest number of votes shall be elected as school board member(s).

(5) Each candidate for school board membership must be nominated in writing by at least one member of the electorate to be represented by the candidate. Votes may be cast at the time of election for write-in candidates who have not filed a nomination petition if the write-in candidates otherwise are qualified to serve in the positions sought.

(6) The election process shall provide staggered terms for board members; e.g., on the last day of the last month of each year, the term for some board members will expire.

(7) The DoD DDESS Superintendent, in consultation with the school board, shall be responsible for developing the plans for nominating school board members and conducting the school board election and the special election process. The DoD DDESS Superintendent shall announce election results within 7 working days of the election.

PART 70—DISCHARGE REVIEW BOARD (DRB) PROCEDURES AND STANDARDS

§ 70.1 Reissuance and purpose.

This part is reissued and:

(a) Establishes uniform policies, procedures, and standards for the review of discharges or dismissals under 10 U.S.C. 1553.

(b) Provides guidelines for discharge review by application or on motion of a DRB, and the conduct of discharge reviews and standards to be applied in such reviews which are designed to ensure historically consistent uniformity in execution of this function, as required under Pub. L. 95–126.

(c) Assigns responsibility for administering the program.

(d) Makes provisions for public inspection, copying, and distribution of DRB documents through the Armed Forces Discharge Review/Correction Board Reading Room.

(e) Establishes procedures for the preparation of decisional documents and index entries.

(f) Provides guidance for processing complaints concerning decisional documents and index entries.

§ 70.2 Applicability.

The provisions of this part 70 apply to the Office of the Secretary of Defense (OSD) and the Military Departments. The terms, “Military Services,” and “Armed Forces,” as used herein, refer to the Army, Navy, Air Force and Marine Corps.

§ 70.3 Definitions.

(a) Applicant. A former member of the Armed Forces who has been discharged or dismissed administratively in accordance with Military Department regulations or by sentence of a court-martial (other than a general court-martial) and under statutory regulatory provisions whose application is accepted by the DRB concerned or whose case is heard on the DRB’s own motion. If the former member is deceased or incompetent, the term “applicant” includes the surviving spouse, next-of-kin, or legal representative who is acting on behalf of the former member. When the term “applicant” is used in §70.8 through 70.10, it includes the applicant’s counsel or representative, except that the counsel or representative may not submit an application for review, waive the applicant’s
right to be present at a hearing, or terminate a review without providing the DRB an appropriate power of attorney or other written consent of the applicant.

(b) Complainant. A former member of the Armed Forces (or the former member’s counsel) who submits a complaint under §70.10 with respect to the decisional document issued in the former member’s own case; or a former member of the Armed Forces (or the former member’s counsel) who submits a complaint under §70.10 stating that correction of the decisional document will assist the former member in preparing for an administrative or judicial proceeding in which the former member’s own discharge will be at issue.

(c) Counsel or Representative. An individual or agency designated by the applicant who agrees to represent the applicant in a case before the DRB. It includes, but is not limited to: a lawyer who is a member of the bar of a Federal court or of the highest court of a State; an accredited representative designated by an organization recognized by the Administrator of Veterans Affairs; a representative from a State agency concerned with veterans affairs; and representatives from private organizations or local government agencies.

(d) Discharge. A general term used in this Directive that includes dismissal and separation or release from active or inactive military status, and actions that accomplish a complete severance of all military status. This term also includes the assignment of a reason for such discharge and characterization of service (32 CFR part 41).

(e) Discharge Review. The process by which the reason for separation, the procedures followed in accomplishing separation, and the characterization of service are evaluated. This includes determinations made under the provisions of 38 U.S.C. 3105(e)(2).

(f) Discharge Review Board (DRB). An administrative board constituted by the Secretary of the Military Department concerned and vested with discretionary authority to review discharges and dismissals under the provisions of 10 U.S.C. 1553. It may be configured as one main element or two or more elements as designated by the Secretary concerned.

(g) DRB Panel. An element of a DRB, consisting of five members, authorized by the Secretary concerned to review discharges and dismissals.

(h) DRB Traveling or Regional Panel. A DRB panel that conducts discharge reviews in a location outside the National Capital Region (NCR).

(i) Hearing. A review involving an appearance before the DRB by the applicant or on the applicant’s behalf by a counsel or representative.

(j) Hearing Examination. The process by which a designated officer of a DRB prepares a presentation for consideration by a DRB in accordance with regulations prescribed by the Secretary concerned.

(k) National Capital Region (NCR). The District of Columbia; Prince Georges and Montgomery Counties in Maryland; Arlington, Fairfax, Loudoun, and Prince William Counties in Virginia; and all cities and towns included within the outer boundaries of the foregoing counties.

(l) President, DRB. A person designated by the Secretary concerned and responsible for the supervision of the discharge review function and other duties as assigned.

§ 70.4 Responsibilities.

(a) The Secretaries of the Military Departments have the authority for final decision and the responsibility for the operation for their respective discharge review programs under 10 U.S.C. 1553.

(b) The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) (ASD(MRA&L)) shall:

(1) Resolve all issues concerning DRBs that cannot be resolved among the Military Departments.

(2) Ensure uniformity among the Military Departments in the rights afforded applicants in discharge reviews.

(3) Modify or supplement the enclosures to this part.

(4) Maintain the index of decisions and provide for timely modification of index categories to reflect changes in discharge review policies, procedures, and standards issued by the OSD and the Military Departments.
§ 70.5 (c) The Secretary of the Army, as the designated administrative focal point for DRB matters, shall:

(1) Effect necessary coordination with other governmental agencies regarding continuing applicability of this part and resolve administrative procedures relating thereto.

(2) Review suggested modifications to this part, including implementing documents; monitor the implementing documents of the Military Departments; resolve differences, when practicable; recommend specific changes; provide supporting rationale to the ASD(MRA&L) for decision; and include appropriate documentation through the Office of the ASD(MRA&L) and the OSD Federal Register liaison officer to effect publication in the FEDERAL REGISTER.

(3) Maintain the DD Form 293, “Application for Review of Discharge or Separation from the Armed Forces of the United States,” and republish as necessary with appropriate coordination of the other Military Departments and the Office of Management and Budget.

(4) Respond to all inquiries from private individuals, organizations, or public officials with regard to DRB matters. When the specific Military Service can be identified, refer such correspondence to the appropriate DRB for response or designate an appropriate activity to perform this task.

(5) Provide overall guidance and supervision to the Armed Forces Discharge Review/Correction Board Reading Room with staff augmentation, as required, by the Departments of the Navy and Air Force.

(6) Ensure that notice of the location, hours of operation, and similar types of information regarding the Reading Room is published in the FEDERAL REGISTER.

§ 70.6 Information requirements.

(a) Reporting requirements. (1) The reporting requirement prescribed in § 70.8(n) is assigned Report Control Symbol DD-M(SA)1489.

(2) All reports must be consistent with DoD Directive 5000.11, “Data Elements and Data Codes Standardization Program,” December 7, 1964.

(b) Use of standard data elements. The data requirements prescribed by this part shall be consistent with DoD 5000.12-M, “DoD Manual for Standard Data Elements,” December 1981. Any reference to a date should appear as (YYMMDD), while any name entry should appear as (Last name, first name, middle initial).

§ 70.7 Effective date and implementation.

This part is effective immediately for the purpose of preparing implementing documents. DoD Directive 1332.28, March 29, 1978, is officially canceled, effective November 27, 1982. This part applies to all discharge review proceedings conducted on or after November 27, 1982. § 70.10 applies to all complaint proceedings conducted on or after September 28, 1982. Final action on complaints shall not be taken until September 28, 1982, unless earlier corrective action is requested expressly by the applicant (or the applicant’s counsel) whose case is the subject of the decisional document. If earlier corrective action is requested, it shall be taken in accordance with § 70.10.

§ 70.8 Discharge review procedures.

(a) Application for review.—(1) General. Applications shall be submitted to the appropriate DRB on DD Form 293, “Application for Review of Discharge or Separation from the Armed Forces of the United States,” with such other statements, affidavits, or documentation as desired. It is to the applicant’s advantage to submit such documents with the application or within 60 days thereafter in order to permit a thorough screening of the case. The DD Form 293 is available at most DoD installations and regional offices of the
Veterans Administration, or by writing to: DA Military Review Boards Agency, Attention: SFBA (Reading Room), Room 1E520, The Pentagon, Washington, DC 20310.

(2) Timing. A motion or request for review must be made within 15 years after the date of discharge or dismissal.

(3) Applicant’s responsibilities. An applicant may request a change in the character of or reason for discharge (or both).

(i) Character of discharge. Block 7 of DD Form 293 provides an applicant an opportunity to request a specific change in character of discharge (for example, General Discharge to Honorable Discharge; Other than Honorable Discharge to General or Honorable Discharge). Only a person separated on or after 1 October 1982 while in an entry level status may request a change from Other than Honorable Discharge to Entry Level Separation. A request for review from an applicant who does not have an Honorable Discharge shall be treated as a request for a change to an Honorable Discharge unless the applicant requests a specific change to another character of discharge.

(ii) Reason for discharge. Block 7 of DD Form 293 provides an applicant an opportunity to request a specific change in the reason for discharge. If an applicant does not request a specific change in the reason for discharge, the DRB shall presume that the request for review does not involve a request for change in the reason for discharge. Under its responsibility to examine the propriety and equity of an applicant’s discharge, the DRB shall change the reason for discharge if such a change is warranted.

(iii) The applicant must ensure that issues submitted to the DRB are consistent with the request for change in discharge set forth in block 7 of the DD Form 293. If an ambiguity is created by a difference between an applicant’s issue and the request in block 7, the DRB shall respond to the issue in the context of the action requested in block 7. In the case of a hearing, the DRB shall attempt to resolve the ambiguity under paragraph (a)(5) of this section.

(iv) Request for consideration of specific issues. An applicant may request the DRB to consider specific issues which, in the opinion of the applicant, form a basis for changing the character of or reason for discharge, or both. In addition to the guidance set forth in this section, applicants should consult the other sections in this part (particularly paragraphs (c), (d), and (e) of this section and §§ 70.9 and 70.10 before submitting issues for consideration by the DRB.

(i) Submission of issues on DD Form 293. Issues must be provided to the DRB on DD Form 293 before the DRB closes the review process for deliberation.

(A) Issues must be clear and specific. An issue must be stated clearly and specifically in order to enable the DRB to understand the nature of the issue and its relationship to the applicant’s discharge.

(B) Separate listing of issues. Each issue submitted by an applicant should be listed separately. Submission of a separate statement for each issue provides the best means of ensuring that the full import of the issue is conveyed to the DRB.

(C) Use of DD Form 293. DD Form 293 provides applicants with a standard format for submitting issues to the DRB, and its use:

(1) Provides a means for an applicant to set forth clearly and specifically those matters that, in the opinion of the applicant, provide a basis for changing the discharge;

(2) Assists the DRB in focusing on those matters considered to be important by an applicant;

(3) Assists the DRB in distinguishing between a matter submitted by an applicant in the expectation that it will be treated as a decisional issue under paragraph (e) of this section, and those matters submitted simply as background or supporting materials;

(4) Provides the applicant with greater rights in the event that the applicant later submits a complaint under §70.10(d)(1)(iii) concerning the decisional document;

(5) Reduces the potential for disagreement as to the content of an applicant’s issue.

(D) Incorporation by reference. If the applicant makes an additional written submission, such as a brief, in support of the application, the applicant may
§ 70.8 32 CFR Ch. 1 (7–1–15 Edition)

incorporate by reference specific issues set forth in the written submission in accordance with the guidance on DD Form 293. The reference shall be specific enough for the DRB to identify clearly the matter being submitted as an issue. At a minimum, it shall identify the page, paragraph, and sentence incorporated. Because it is to the applicant’s benefit to bring such issues to the DRB’s attention as early as possible in the review, applicants who submit a brief are strongly urged to set forth all such issues as a separate item at the beginning of the brief. If it reasonably appears that the applicant inadvertently has failed expressly to incorporate an issue which the applicant clearly identifies as an issue to be addressed by the DRB, the DRB shall respond to such an issue under paragraphs (d) and (e) of this section.

(E) Effective date of the new Form DD 293. With respect to applications received before November 27, 1982, the DRB shall consider issues clearly and specifically stated in accordance with the rules in effect at the time of submission. With respect to applications received on or after November 27, 1982, if the applicant submits an obsolete DD Form 293, the DRB shall accept the application, but shall provide the applicant with a copy of the new form and advise the applicant that it will only respond to issues submitted on the new form in accordance with this part.

(ii) Relationship of issues to character of or reason for discharge. If the application applies to both character of and reason for discharge, the applicant is encouraged, but not required, to identify the issue as applying to the character of or reason for discharge (or both). Unless the issue is directed at the reason for discharge expressly or by necessary implication, the DRB will presume that it applies solely to the character of discharge.

(iii) Relationship of issues to the standards for discharge review. The DRB reviews discharges on the basis of issues of propriety and equity. The standards used by the DRB are set forth in §70.9. The applicant is encouraged to review those standards before submitting any issue upon which the applicant believes a change in discharge should be based.

(A) Issues concerning the equity of the discharge. An issue of equity is a matter that involves a determination whether a discharge should be changed under the equity standards of §70.9. This includes any issue, submitted by the applicant in accordance with paragraph (a)(4)(i) of this section, that is addressed to the discretionary authority of the DRB.

(B) Issues concerning the propriety of a discharge. An issue of propriety is a matter that involves a determination whether a discharge should be changed under the propriety standards of §70.9. This includes an applicant’s issue, submitted in accordance with paragraph (a)(4)(i) of this section, in which the applicant’s position is that the discharge must be changed because of an error in the discharge pertaining to a regulation, statute, constitutional provision, or other source of law (including a matter that requires a determination whether, under the circumstances of the case, action by military authorities was arbitrary, capricious, or an abuse of discretion). Although a numerical reference to the regulation or other sources of law alleged to have been violated is not necessarily required, the context of the regulation or a description of the procedures alleged to have been violated normally must be set forth in order to inform the DRB adequately of the basis for the applicant’s position.

(C) The applicant’s identification of an issue. The applicant is encouraged, but not required, to identify an issue as pertaining to the propriety or the equity to the discharge. This will assist the DRB in assessing the relationship of the issue to propriety or equity under paragraph (e)(1)(ii) of this section.

(iv) Citation of matter from decisions. The primary function of the DRB involves the exercise of discretion on a case-by-case basis. See §70.9(b)(3). Applicants are not required to cite prior decisions as the basis for a change in discharge. If the applicant wishes to bring the DRB’s attention to a prior decision as background or illustrative material, the citation should be placed in a brief or other supporting documents. If, however, it is the applicant’s intention to submit an issue that sets
forth specific principles and facts from a specific cited decision, the following requirements apply with respect to applications received on or after November 27, 1982.

(A) The issue must be set forth or expressly incorporated in the “Applicant’s Issue” portion of DD Form 293.

(B) If an applicant’s issue cites a prior decision (of the DRB, another Board, an agency, or a court), the applicant shall describe the specific principles and facts that are contained in the prior decision and explain the relevance of cited matter to the applicant’s case.

(C) To ensure timely consideration of principles cited from unpublished opinions (including decisions maintained by the Armed Forces Discharge Review Board/Corrective Board Reading Room), applicants must provide the DRB with copies of such decisions or of the relevant portion of the treatise, manual, or similar source in which the principles were discussed. At the applicant’s request, such materials will be returned.

(D) If the applicant fails to comply with the requirements in paragraphs (a)(4)(iv) (A), (B), and (C), the decisional document shall note the defect, and shall respond to the issue without regard to the citation.

(5) Identification by the DRB of issues submitted by an applicant. The applicant’s issues shall be identified in accordance with this section after a review of the materials noted under paragraph (c)(4), is made.

(i) Issues on DD Form 293. The DRB shall consider all items submitted as issues by an applicant on DD Form 293 (or incorporated therein) in accordance with paragraph (a)(4)(i). With respect to applications submitted before November 27, 1982, the DRB shall consider all issues clearly and specifically stated at the time of the submission.

(ii) Amendment of issues. The DRB shall not request or instruct an applicant to amend or withdraw any matter submitted by the applicant. Any amendment or withdrawal of an issue by an applicant shall be confirmed in writing by the applicant. Nothing in this provision:

(A) Limits the DRB’s authority to question an applicant as to the meaning of such matter;

(B) Precludes the DRB from developing decisional issues based upon such questions;

(C) Prevents the applicant from amending or withdrawing such matter any time before the DRB closes the review process for deliberation; or

(D) Prevents the DRB from presenting an applicant with a list of proposed decisional issues and written information concerning the right of the applicant to add to, amend, or withdraw the applicant’s submission. The written information will state that the applicant’s decision to take such action (or decline to do so) will not be used against the applicant in the consideration of the case.

(iii) Additional issues identified during a hearing. The following additional procedure shall be used during a hearing in order to promote the DRB’s understanding of an applicant’s presentation. If, before closing the case for deliberation, the DRB believes that an applicant has presented an issue not listed on DD Form 293, the DRB may so inform the applicant, and the applicant may submit the issue in writing or add additional written issues at that time. This does not preclude the DRB from developing its own decisional issues.

(6) Notification of possible bar to benefits. Written notification shall be made to each applicant whose record indicates a reason for discharge that bars receipt of benefits under 38 U.S.C. 3103(a). This notification will advise the applicant that separate action by the Board for Correction of Military or Naval Records or the Veterans Administration may confer eligibility for VA benefits. Regarding the bar to benefits based upon the 180 days consecutive unauthorized absence, the following applies:

(i) Such absence must have been included as part of the basis for the applicant’s discharge under other than honorable conditions.

(ii) Such absence is computed without regard to the applicant’s normal or adjusted expiration of term of service.

(b) Conduct of reviews—(1) Members. As designated by the Secretary concerned, the DRB and its panels, if any.
§ 70.8

shall consist of five members. One member of the DRB shall be designated as the president and may serve as a presiding officer. Other officers may be designated to serve as presiding officers for DRB panels under regulations prescribed by the Secretary concerned.

(2) Locations. Reviews by a DRB will be conducted in the NCR and such other locations as designated by the Secretary concerned.

(3) Types of review. An applicant, upon request, is entitled to:

(i) Record review. A review of the application, available service records, and additional documents (if any) submitted by the applicant.

(ii) Hearing. A review involving an appearance before the DRB by the applicant or counsel or representative (or both).

(4) Applicant’s expenses. Unless otherwise specified by law or regulation, expenses incurred by the applicant, witnesses, counsel or representative will not be paid by the Department of Defense.

(5) Withdrawal of application. An applicant shall be permitted to withdraw an application without prejudice at any time before the scheduled review.

(6) Failure to appear at a hearing or respond to a scheduling notice. (i) Except as otherwise authorized by the Secretary concerned, further opportunity for a hearing shall not be made available in the following circumstances to an applicant who has requested a hearing:

(A) When the applicant has been sent a letter containing the month and location of a proposed hearing and fails to make a timely response; or

(B) When the applicant, after being notified by letter of the time and place of the hearing, fails to appear at the appointed time, either in person or by representative, without having made a prior, timely request for a continuation, postponement, or withdrawal.

(ii) In such cases, the applicant shall be deemed to have waived the right to a hearing, and the DRB shall complete its review of the discharge. Further request for a hearing shall not be granted unless the applicant can demonstrate that the failure to appear or respond was due to circumstances beyond the applicant’s control.

(7) Continuance and postponements. (i) A continuance of a discharge review hearing may be authorized by the president of the DRB or presiding officer of the panel concerned, provided that such continuance is of reasonable duration and is essential to achieving a full and fair hearing. When a proposal for continuance is indefinite, the pending application shall be returned to the applicant with the option to resubmit when the case is fully ready for review.

(ii) Postponements of scheduled reviews normally shall not be permitted other than for demonstrated good and sufficient reason set forth by the applicant in a timely manner, or for the convenience of the government.

(8) Reconsideration. A discharge review shall not be subject to reconsideration except:

(i) When the only previous consideration of the case was on the motion of the DRB;

(ii) When the original discharge review did not involve a hearing and a hearing is now desired, and the provisions of paragraph (b)(6) of this section do not apply;

(iii) When changes in discharge policy are announced after an earlier review of an applicant’s discharge, and the new policy is made expressly retroactive;

(iv) When the DRB determines that policies and procedures under which the applicant was discharged differ in material respects from policies and procedures currently applicable on a Service-wide basis to discharges of the type under consideration, provided that such changes in policies or procedures represent a substantial enhancement of the rights afforded a respondent in such proceedings;

(v) When an individual is to be represented by a counsel or representative, and was not so represented in any previous consideration of the case by the DRB;

(vi) When the case was not previously considered under uniform standards published pursuant to Pub. L. 95–126 and such application is made within 15 years after the date of discharge; or

(vii) On the basis of presentation of new, substantial, relevant evidence not available to the applicant at the time of the original review. The decision
whether evidence offered by an applicant in support of a request for reconsideration is in fact new, substantial, relevant, and was not available to the applicant at the time of the original review will be based on a comparison of such evidence with the evidence considered in the previous discharge review. If this comparison shows that the evidence submitted would have had a probable effect on matters concerning the propriety or equity of the discharge, the request for reconsideration shall be granted.

(9) Availability of records and documents. (i) Before applying for discharge review, potential applicants or their designated representatives may obtain copies of their military personnel records by submitting a General Services Administration Standard Form 180, "Request Pertaining to Military Records," to the National Personnel Records Center (NPRC), 9700 Page Boulevard, St. Louis, MO 62132. Once the application for discharge review (DD Form 293) is submitted, an applicant's military records are forwarded to the DRBs where they cannot be reproduced. Submission of a request for an applicant's military records, including a request under the Freedom of Information Act (32 CFR part 286) or Privacy Act (32 CFR part 286a) after the DD Form 293 has been submitted, shall result automatically in the temporary suspension of processing of the application for discharge review until the requested records are sent to an appropriate location for copying, are copied, and are returned to the headquarters of the DRB. Processing of the application shall then be resumed at whatever stage of the discharge review process is practicable. Applicants are encouraged to submit any request for their military records before applying for discharge review rather than after submitting DD Form 293, to avoid delays in processing of applications and scheduling of reviews. Applicants and their counsel also may examine their military personnel records at the site of their scheduled review before the hearing. DRBs shall notify applicants of the dates the records are available for examination in their standard scheduling information.

(ii) If the DRB is not authorized to provide copies of documents that are under the cognizance of another government department, office, or activity, applications for such information must be made by the applicant to the cognizant authority. The DRB shall advise the applicant of the mailing address of the government department, office, or activity to which the request should be submitted.

(iii) If the official records relevant to the discharge review are not available at the agency having custody of the records, the applicant shall be so notified and requested to provide such information and documents as may be desired in support of the request for discharge review. A period of not less than 30 days shall be allowed for such documents to be submitted. At the expiration of this period, the review may be conducted with information available to the DRB.

(iv) A DRB may take steps to obtain additional evidence that is relevant to the discharge under consideration beyond that found in the official military records or submitted by the applicant, if a review of available evidence suggests that it would be incomplete without the additional information, or when the applicant presents testimony or documents that require additional information to evaluate properly. Such information shall be made available to the applicant, upon request, with appropriate modifications regarding classified material.

(A) In any case heard on request of an applicant, the DRB shall provide the applicant and counsel or representative, if any, at a reasonable time before initiating the decision process, a notice of the availability of all regulations and documents to be considered in the discharge review, except for documents in the official personnel or medical records and any documents submitted by the applicant. The DRB shall also notify the applicant or counsel or representative:

(1) Of the right to examine such documents or to be provided with copies of the documents upon request;

(2) Of the date by which such requests must be received; and
§ 70.8 32 CFR Ch. 1 (7–1–15 Edition)

(3) Of the opportunity to respond within a reasonable period of time to be set by the DRB.

(B) When necessary to acquaint the applicant with the substance of a classified document, the classifying authority, on the request of the DRB, shall prepare a summary of or an extract from the document, deleting all references to sources of information and other matters, the disclosure of which, in the opinion of the classifying authority, would be detrimental to the national security interests of the United States. Should preparation of such summary be deemed impracticable by the classifying authority, information from the classified sources shall not be considered by the DRB in its review of the case.

(v) Regulations of a Military Department may be obtained at many installations under the jurisdiction of the Military Department concerned or by writing to the following address: DA Military Review Boards Agency, Attention: SFBA (Reading Room), room 1E520, Washington, DC 20310.

(10) Recorder/Secretary or Assistant. Such a person shall be designated to assist in the functioning of each DRB in accordance with the procedures prescribed by the Secretary of the Military Department concerned.

(11) Hearings. Hearings (including hearing examinations) that are conducted shall recognize the rights of the individual to privacy. Accordingly, presence at hearings of individuals other than those required shall be limited to persons authorized by the Secretary concerned or expressly requested by the applicant, subject to reasonable limitations based upon available space. If, in the opinion of the presiding officer, the presence of other individuals could be prejudicial to the interests of the applicant or the government, hearings may be held in closed session.

(12) Evidence and testimony. (i) The DRB may consider any evidence obtained in accordance with this part.

(ii) Formal rules of evidence shall not be applied in DRB proceedings. The presiding officer shall rule on matters of procedure and shall ensure that reasonable bounds of relevancy and materiality are maintained in the taking of evidence and presentation of witnesses.

(iii) Applicants undergoing hearings shall be permitted to make sworn or unsworn statements, if they so desire, or to introduce witnesses, documents, or other information on their behalf, at no expense to the Department of Defense.

(iv) Applicants may also make oral or written arguments personally or through counsel or representatives.

(v) Applicants who present sworn or unsworn statements and witnesses may be questioned by the DRB. All testimony shall be taken under oath or affirmation unless the applicant specifically requests to make an unsworn statement.

(vi) There is a presumption of regularity in the conduct of governmental affairs. This presumption can be applied in any review unless there is substantial credible evidence to rebut the presumption.

(c) Decision process. (1) The DRB or the DRB panel, as appropriate, shall meet in plenary session to review discharges and exercise its discretion on a case-by-case basis in applying the standards set forth in §70.9.

(2) The presiding officer is responsible for the conduct of the discharge review. The presiding officer shall convene, recess, and adjourn the DRB panel as appropriate and shall maintain an atmosphere of dignity and decorum at all times.

(3) Each DRB member shall act under oath or affirmation requiring careful, objective consideration of the application. DRB members are responsible for eliciting all facts necessary for a full and fair hearing. They shall consider all information presented to them by the applicant. In addition, they shall consider available Military Service and health records, together with other records that may be in the files of the Military Department concerned and relevant to the issues before the DRB, and any other evidence obtained in accordance with this part.

(4) The DRB shall identify and address issues after a review of the following material obtained and presented in accordance with this part and the implementing instructions of the DRB:

Available official records, documentary
§ 70.8

Office of the Secretary of Defense

Evidence submitted by or on behalf of an applicant, presentation of a hearing examination, testimony by or on behalf of an applicant, and any other relevant evidence.

(5) If an applicant who has requested a hearing does not respond to a notification letter or does not appear for a scheduled hearing, the DRB may complete the review on the basis of material previously submitted.

(6) Application of standards. (i) When a DRB determines that an applicant’s discharge was improper (§70.9(b)), the DRB will determine which reason for discharge should have been assigned based upon the facts and circumstances before the discharge authority, including the Service regulations governing reasons for discharge at the time the applicant was discharged. Unless it is also determined that the discharge was inequitable (§70.9(c)), the provisions as to characterization in the regulation under which the applicant should have been discharged will be considered in determining whether further relief is warranted.

(ii) When the DRB determines that an applicant’s discharge was inequitable (§70.9(c)), any change will be based on the evaluation of the applicant’s overall record of service and relevant regulations of the Military Service of which the applicant was a member.

(7) Voting shall be conducted in closed session, a majority of the five members’ votes constituting the DRB decision. Voting procedures shall be prescribed by the Secretary of the Military Department concerned.

(8) Details of closed session deliberations of a DRB are privileged information and shall not be divulged.

(9) There is no requirement for a statement of minority views in the event of a split vote. The minority, however, may submit a brief statement of its views under procedures established by the Secretary concerned.

(10) DRBs may request advisory opinions from staff officers of their Military Departments. These opinions are advisory in nature and are not binding on the DRB in its decision-making process.

(11) The preliminary determinations required by 38 U.S.C. 3103(e) shall be made upon majority vote of the DRB concerned on an expedited basis. Such determination shall be based upon the standards set forth in §70.9 of this part.

(12) The DRB shall: (i) Address items submitted as issues by the applicant under paragraph (d) of this section;

(ii) Address decisional issues under paragraph (e) of this section; and

(iii) Prepare a decisional document in accordance with paragraph (h) of this section.

(d) Response to items submitted as issues by the applicant—(1) General guidance.

(i) If an issue submitted by an applicant contains two or more clearly separate issues, the DRB should respond to each issue under the guidance of this paragraph as if it had been set forth separately by the applicant.

(ii) If an applicant uses a “building block” approach (that is, setting forth a series of conclusions on issues that lead to a single conclusion purportedly warranting a change in the applicant’s discharge), normally there should be a separate response to each issue.

(iii) Nothing in this paragraph precludes the DRB from making a single response to multiple issues when such action would enhance the clarity of the decisional document, but such response must reflect an adequate response to each separate issue.

(2) Decisional issues. An item submitted as an issue by an applicant in accordance with this part shall be addressed as a decisional issue under paragraph (e), in the following circumstances:

(i) When the DRB decides that a change in discharge should be granted, and the DRB bases its decision in whole or in part on the applicant’s issue; or

(ii) When the DRB does not provide the applicant with the full change in discharge requested, and the decision is based in whole or in part on the DRB’s disagreement on the merits with an issue submitted by the applicant.

(3) Response to items not addressed as decisional issues. (i) If the applicant receives the full change in discharge requested (or a more favorable change), that fact shall be noted and the basis shall be addressed as a decisional issue.
§ 70.8 32 CFR Ch. 1 (7–1–15 Edition)

No further response is required to other issues submitted by the applicant.

(ii) If the applicant does not receive the full change in discharge requested with respect to either the character of or reason for discharge (or both), the DRB shall address the items submitted by the applicant under paragraph (e) of this section (decisional issues) unless one of the following responses is applicable:

(A) **Duplicate issues.** The DRB may state that there is a full response to the issue submitted by the applicant under a specified decisional issue. This response may be used only when one issue clearly duplicates another or the issue clearly requires discussion in conjunction with another issue.

(B) **Citations without principles and facts.** The DRB may state that the applicant’s issue, which consists of a citation to a decision without setting forth any principles and facts from the decision that the applicant states are relevant to the applicant’s case, does not comply with the requirements of paragraph (a)(4)(iv)(A).

(C) **Unclear issues.** The DRB may state that it cannot respond to an item submitted by the applicant as an issue because the meaning of the item is unclear. An issue is unclear if it cannot be understood by a reasonable person familiar with the discharge review process after a review of the materials considered under paragraph (c)(4) of this section.

(D) **Nonspecific issues.** The DRB may state that it cannot respond to an item submitted by the applicant as an issue because it is not specific. A submission is considered not specific if a reasonable person familiar with the discharge review process after a review of the materials considered under paragraph (c)(4) of this section, cannot determine the relationship between the applicant’s submission and the particular circumstances of the case. This response may be used only if the submission is expressed in such general terms that no other response is applicable. For example, if the DRB disagrees with the applicant as to the relevance of matters set forth in the submission, the DRB normally will set forth the nature of the disagreement under the guidance in paragraph (e) of this section, with respect to decisional issues, or it will reject the applicant’s position on the basis of paragraphs (d)(3)(ii)(A) or (d)(3)(ii)(B) of this section. If the applicant’s submission is so general that none of those provisions is applicable, then the DRB may state that it cannot respond because the item is not specific.

(e) **Decisional issues**—(1) **General.** Under the guidance in this section, the decisional document shall discuss the issues that provide a basis for the decision whether there should be a change in the character of or reason for discharge. In order to enhance clarity, the DRB should not address matters other than issues relied upon in the decision or raised by the applicant.

(i) **Partial change.** When the decision changes a discharge, but does not provide the applicant with the full change in discharge requested, the decisional document shall address both the issues upon which change is granted and the issues upon which the DRB denies the full change requested.

(ii) **Relationship of issue to character of or reason for discharge.** Generally, the decisional document should specify whether a decisional issue applies to the character of or reason for discharge (or both), but it is not required to do so.

(iii) **Relationship of an issue to propriety or equity.** (A) If an applicant identifies an issue as pertaining to both propriety and equity, the DRB shall consider it under both standards.

(B) If an applicant identifies an issue as pertaining to the propriety of the discharge (for example, by citing a propriety standard or otherwise claiming that a change in discharge is required as a matter of law), the DRB shall consider the issue solely as a matter of propriety. Except as provided in paragraph (e)(1)(iii)(D) of this section, the DRB is not required to consider such an issue under the equity standards.

(C) If the applicant’s issue contends that the DRB is required as a matter of law to follow a prior decision by setting forth an issue of propriety from the prior decision and describing its relationship to the applicant’s case, the
Office of the Secretary of Defense § 70.8

issue shall be considered under the propriety standards and addressed under paragraph (e)(2) or (e)(3) of this section.

(D) If the applicant’s issue sets forth principles of equity contained in a prior DRB decision, describes the relationship to the applicant’s case, and contends that the DRB is required as a matter of law to follow the prior case, the decisional document shall note that the DRB is not bound by its discretionary decisions in prior cases under the standards in § 70.9. However, the principles cited by the applicant, and the description of the relationship of the principles to the applicant’s case, shall be considered under the equity standards and addressed under paragraph (e)(5) or (e)(6) of this section.

(E) If the applicant’s issue cannot be identified as a matter of propriety or equity, the DRB shall address it as an issue of equity.

(2) Change of discharge: issues of propriety. If a change in the discharge is warranted under the propriety standards in § 70.9 the decisional document shall state that conclusion and list the errors of expressly retroactive changes in policy that provide a basis for the conclusion. The decisional document shall cite the facts in the record that demonstrate the relevance of the error or change in policy to the applicant’s case. If the change in discharge does not constitute the full change requested by the applicant, the reasons for not granting the full change shall be addressed under the guidance in paragraph (e)(3) or (e)(6) of this section.

(3) Denial of the full change requested: issues of propriety. (i) If the decision rejects the applicant’s position on an issue of propriety, or if it is otherwise decided on the basis of an issue of propriety that the full change in discharge requested by the applicant is not warranted, the decisional document shall note that conclusion.

(ii) The decisional document shall list reasons for its conclusion on each issue of propriety under the following guidance:

(A) If a reason is based in whole or in part upon a regulation, statute, constitutional provision, judicial determination, or other source of law, the DRB shall cite the pertinent source of law and the facts in the record that demonstrate the relevance of the source of law to the particular circumstances in the case.

(B) If a reason is based in whole or in part on a determination as to the occurrence or nonoccurrence of an event or circumstance, including a factor required by applicable Service regulations to be considered for determination of the character of and reason for the applicant’s discharge, the DRB shall make a finding of fact for each such event or circumstance.

(i) For each such finding, the decisional document shall list the specific source of the information relied upon. This may include the presumption of regularity in appropriate cases. If the information is listed in the service record section of the decisional document, a citation is not required.

(ii) If a finding of fact is made after consideration of contradictory evidence in the record (including information cited by the applicant or otherwise identified by members of the DRB), the decisional document shall set forth the conflicting evidence and explain why the information relied upon was more persuasive than the information that was rejected. If the presumption of regularity is cited as the basis for rejecting such information, the decisional document shall set forth the basis for relying on the presumption and explain why the contradictory evidence was insufficient to overcome the presumption. In an appropriate case, the explanation as to why the contradictory evidence was insufficient to overcome the presumption of regularity may consist of a statement that the applicant failed to provide sufficient corroborating evidence, or that the DRB did not find the applicant’s testimony to be sufficiently credible to overcome the presumption.

(C) If the DRB disagrees with the position of the applicant on an issue of propriety, the following guidance applies in addition to the guidance in paragraphs (e)(3)(ii) (A) and (B) of this section:

(i) The DRB may reject the applicant’s position by explaining why it disagrees with the principles set forth in the applicant’s issue (including principles derived from cases cited by the
applicant in accordance with paragraph (e)(4)(iv) of this section).

(2) The DRB may reject the applicant’s position by explaining why the principles set forth in the applicant’s issue (including principles derived from cases cited by the applicant in accordance with paragraph (a)(4)(iv) of this section) are not relevant to the applicant’s case.

(3) The DRB may reject an applicant’s position by stating that the applicant’s issue of propriety is not a matter upon which the DRB grants a change in discharge, and by providing an explanation for this position. When the applicant indicates that the issue is to be considered in conjunction with one or more other specified issues, the explanation will address all such specified issues.

(4) The DRB may reject the applicant’s position on the grounds that other specified factors in the case preclude granting relief, regardless of whether the DRB agreed with the applicant’s position.

(5) If the applicant takes the position that the discharge must be changed because of an alleged error in a record associated with the discharge, and the record has not been corrected by the organization with primary responsibility for corrective action, the DRB may respond that it will presume the validity of the record in the absence of such corrective action. If the organization empowered to correct the record is within the Department of Defense, the DRB should provide the applicant with a brief description of the procedures for requesting correction of the record. If the DRB on its own motion cites this issue as a decisional issue on the basis of equity, it shall address the issue under paragraph (d)(5) or (d)(6) of this section.

(6) When an applicant’s issue contains a general allegation that a certain course of action violated his or her constitutional rights, the DRB may respond in appropriate cases by noting that the action was consistent with statutory or regulatory authority, and by citing the presumption of constitutionality that attaches to statutes and regulations. If, on the other hand, the applicant makes a specific challenge to the constitutionality of the action by challenging the application of a statute or regulation in a particular set of circumstances, it is not sufficient to respond solely by citing the presumption of constitutionality of the statute or regulation when the applicant is not challenging the constitutionality of the statute or regulation. Instead, the response must address the specific circumstances of the case.

(4) Denial of the full change in discharge requested when propriety is not at issue. If the applicant has not submitted an issue of propriety and the DRB has not otherwise relied upon an issue of propriety to change the discharge, the decisional document shall contain a statement to that effect. The DRB is not required to provide any further discussion as to the propriety of the discharge.

(5) Change of discharge: issues of equity. If the DRB concludes that a change in the discharge is warranted under the equity standards in §70.9 the decisional document shall list each issue of equity upon which this conclusion is based. The DRB shall cite the facts in the record that demonstrate the relevance of the issue to the applicant’s case. If the change in discharge does not constitute the full change requested by the applicant, the reasons for not giving the full change requested shall be discussed under the guidance in paragraph (e)(6) of this section.

(6) Denial of the full change in discharge requested: issues of equity. (1) If the DRB rejects the applicant’s position on an issue of equity, or if the decision otherwise provides less than the full change in discharge requested by the applicant, the reasons for not giving the full change requested shall be discussed under the guidance in paragraph (e)(6) of this section.

(ii) The DRB shall list reasons for its conclusion on each issue of equity under the following guidance:

(A) If a reason is based in whole or in part upon a regulation, statute, constitutional provision, judicial determination, or other source of law, the DRB shall cite the pertinent source of law and the facts in the record that demonstrate the relevance of the source of law to the exercise of discretion on the issue of equity in the applicant’s case.
§ 70.8

(B) If a reason is based in whole or in part on a determination as to the occurrence or nonoccurrence of an event or circumstance, including a factor required by applicable Service regulations to be considered for determination of the character of and reason for the applicant’s discharge, the DRB shall make a finding of fact for each such event or circumstance.

(1) For each such finding, the decisional document shall list the specific source of the information relied upon. This may include the presumption of regularity in appropriate cases. If the information is listed in the service record section of the decisional document, a citation is not required.

(2) If a finding of fact is made after consideration of contradictory evidence in the record (including information cited by the applicant or otherwise identified by members of the DRB), the decisional document shall set forth the conflicting evidence and explain why the information relied upon was more persuasive than the information that was rejected. If the presumption of regularity is cited as the basis for rejecting such information, the decisional document shall set forth the basis for relying on the presumption of regularity and explain why the contradictory evidence was insufficient to overcome the presumption. In an appropriate case, the explanation as to why the contradictory evidence was insufficient to overcome the presumption of regularity may consist of a statement that the applicant failed to provide sufficient corroborating evidence, or that the DRB did not find the applicant’s testimony to be sufficiently credible to overcome the presumption.

(C) If the DRB disagrees with the position of the applicant on an issue of equity, the following guidance applies in addition to the guidance in paragraphs (e)(6)(ii) (A) and (B) of this section:

(1) The DRB may reject the applicant’s position by explaining why it disagrees with the principles set forth in the applicant’s issue (including principles derived from cases cited by the applicant) are not relevant to the applicant’s case.

(2) The DRB may reject the applicant’s position by explaining why the applicant’s issue is not a matter upon which the DRB grants a change in discharge as a matter of equity. When the applicant indicates that the issue is to be considered in conjunction with other specified issues, the explanation will address all such specified issues.

(3) The DRB may reject the applicant’s position on the grounds that other specified factors in the case preclude granting relief, regardless of whether the DRB agreed with the applicant’s position.

(4) If the applicant takes the position that the discharge should be changed as a matter of equity because of an alleged error in a record associated with the discharge, and the record has not been corrected by the organization with primary responsibility for corrective action, the DRB may respond that it will presume the validity of the record in the absence of such corrective action. However, the DRB will consider whether it should exercise its equitable powers to change the discharge on the basis of the alleged error. If it declines to do so, it shall explain why the applicant’s position did not provide a sufficient basis for the change in the discharge requested by the applicant.

(D) When the DRB concludes that aggravating factors outweigh mitigating factors, the DRB must set forth reasons such as the seriousness of the offense, specific circumstances surrounding the offense, number of offenses, lack of mitigating circumstances, or similar factors. The DRB is not required, however, to explain why it relied on any such factors unless the applicability or weight of such a factor is expressly raised as an issue by the applicant.

(E) If the applicant has not submitted any issues and the DRB has not otherwise relied upon an issue of equity for a change in discharge, the decisional document shall contain a statement to that effect, and shall note that the major factors upon which the discharge was based are set forth in the
(f) The recommendation of the DRB President—

(1) General. The president of the DRB may forward cases for consideration by the Secretarial Reviewing Authority (SRA) under rules established by the Secretary concerned. There is no requirement that the President submit a recommendation when a case is forwarded to the SRA. If the president makes a recommendation with respect to the character of or reason for discharge, however, the recommendation shall be prepared under the guidance in paragraph (f)(2) of this section.

(2) Format for recommendation. If a recommendation is provided, it shall contain the president’s views whether there should be a change in the character of or reason for discharge (or both). If the president recommends such a change, the particular change to be made shall be specified. The recommendation shall set forth the president’s position on decisional issues and issues submitted by the applicant under the following guidance:

(i) Adoption of the DRB’s decisional document. The recommendation may state that the president has adopted the decisional document prepared by the majority. The president shall ensure that the decisional document meets the requirements of this section.

(ii) Adoption of the specific statements from the majority. If the President adopts the views of the majority only in part, the recommendation shall cite the specific matter adopted from the majority. If the president modifies a statement submitted by the majority, the recommendation shall set forth the modification.

(iii) Response to issues not included in matter adopted from the majority. The recommendation shall set forth the following if not adopted in whole or in part from the majority:

(A) The issues on which the president’s recommendation is based. Each such decisional issue shall be addressed by the president under paragraph (e) of this section,

(B) The president’s response to items submitted as issues by the applicant under paragraph (d) of this section.

(C) Reasons for rejecting the conclusions of the majority with respect to decisional issues which, if resolved in the applicant’s favor, would have resulted in greater relief for the applicant than that afforded by the president’s recommendation. Such issues shall be addressed under the principles in paragraph (e) of this section.

(g) Secretarial reviewing authority (SRA)—

(1) Review by the SRA. The Secretarial Reviewing Authority (SRA) is the Secretary concerned or the official to whom Secretary’s discharge review authority has been delegated.

(i) The SRA may review the following types of cases before issuance of the final notification of a decision:

(A) Any specific case in which the SRA has an interest.

(B) Any specific case that the president of the DRB believes is of significant interest to the SRA.

(ii) Cases reviewed by the SRA shall be considered under the standards set forth in § 70.9.

(2) Processing the decisional document. If the decisional document shall be transmitted by the DRB president under paragraph (e) of this section.

(ii) The following guidance applies to cases that have been forwarded to the SRA except for cases reviewed on the DRB’s own motion without the participation of the applicant or the applicant’s counsel:

(A) The applicant and counsel or representative, if any, shall be provided with a copy of the proposed decisional document, including the DRB president’s recommendation to the SRA, if any. Classified information shall be summarized.

(B) The applicant shall be provided with a reasonable period of time, but not less than 25 days, to submit to the SRA a rebuttal. An issue in rebuttal consists of a clear and specific statement by the applicant in support of or in opposition to the statements of the DRB or DRB president on decisional issues and other clear and specific issues that were submitted by the applicant in accordance with paragraph (a)(4)(i) of this section. The rebuttal shall be based solely on matters in the record before when the DRB closed the case for deliberation or in the president’s recommendation.
(3) Review of the decisional document. If corrections in the decisional document are required, the decisional document shall be returned to the DRB for corrective action. The corrected decisional document shall be sent to the applicant (and counsel, if any), but a further opportunity for rebuttal is not required unless the correction produces a different result or includes a substantial change in the discussion by the DRB (or DRB president) of the issues raised by the majority or the applicant.

(4) The Addendum of the SRA. The decision of the SRA shall be in writing and shall be appended as an addendum to the decisional document under the guidance in this subsection.

(i) The SRA’s decision. The addendum shall set forth the SRA’s decision whether there will be a change in the character of or reason for discharge (or both); if the SRA concludes that a change is warranted, the particular change to be made shall be specified. If the SRA adopts the decision recommended by the DRB or the DRB president, the decisional document shall contain a reference to the matter adopted.

(ii) Discussion of issues. In support of the SRA’s decision, the addendum shall set forth the SRA’s position on decisional issues, items submitted as issues by an applicant in accordance with paragraph (a)(4)(i) of this section, and issues raised by the DRB and the DRB president in accordance with the following guidance:

(A) Adoption of the DRB president’s recommendation. The addendum may state that the SRA has adopted the DRB president’s recommendation.

(B) Adoption of the DRB’s proposed decisional document. The addendum may state that the SRA has adopted the proposed decisional document prepared by the DRB.

(C) Adoption of specific statements from the majority or the DRB president. If the SRA adopts the views of the DRB or the DRB president only in part, the addendum shall cite the specific statements adopted. If the SRA modifies a statement submitted by the DRB or the DRB president, the addendum shall set forth the modification.

(D) Response to issues not included in matter adopted from the DRB or the DRB president. The addendum shall set forth the following if not adopted in whole or in part from the DRB or the DRB president:

(1) A list of the issues on which the SRA’s decision is based. Each such decisional issue shall be addressed by the SRA under paragraph (e) of this section. This includes reasons for rejecting the conclusion of the DRB or the DRB president with respect to decisional issues which, if resolved in the applicant’s favor, would have resulted in change to the discharge more favorable to the applicant than that afforded by the SRA’s decision. Such issues shall be addressed under the principles in paragraph (e) of this section.

(2) The SRA’s response to items submitted as issues by the applicant under paragraph (d) of this section.

(iii) Response to the rebuttal. (A) If the SRA grants the full change in discharge requested by the applicant (or a more favorable change), that fact shall be noted, the decisional issues shall be addressed under paragraph (e) of this section, and no further response to the rebuttal is required.

(B) If the SRA does not grant the full change in discharge requested by the applicant (or a more favorable change), the addendum shall list each issue in rebuttal submitted by an applicant in accordance with this section, and shall set forth the response of the SRA under the following guidance:

(1) If the SRA rejects an issue in rebuttal, the SRA may respond in accordance with the principles in paragraph (e) of this section.

(2) If the matter adopted by the SRA provides a basis for the SRA’s rejection of the rebuttal material, the SRA may note that fact and cite the specific matter adopted that responds to the issue in rebuttal.

(3) If the matter submitted by the applicant does not meet the requirements for rebuttal material in paragraph (b)(2)(ii)(B) of this section.

(iv) Index entries. Appropriate index entries shall be prepared for the SRA’s actions for matters that are not adopted from the DRB’s proposed decisional document.
(h) The decisional document. A decisional document shall be prepared for each review. At a minimum, this document shall contain:

(1) The circumstances and character of the applicant’s service as extracted from available service records, including health records, and information provided by other Government authorities or the applicant, such as, but not limited to:

(i) Information concerning the discharge at issue in the review, including:

(A) Date (YYMMDD) of discharge.
(B) Character of discharge.
(C) Reason for discharge.
(D) The specific regulatory authority under which the discharge was issued.
(ii) Date (YYMMDD) of enlistment.
(iii) Period of enlistment.
(iv) Age at enlistment.
(v) Length of service.
(vi) Periods of unauthorized absence.
(vii) Conduct and efficiency ratings (numerical or narrative).
(viii) Highest rank received.
(ix) Awards and decorations.
(x) Educational level.
(xi) Aptitude test scores.
(xii) Incidents of punishment pursuant to Article 15, Uniform Code of Military Justice (including nature and date (YYMMDD) of offense or punishment).
(xiii) Convictions by court-martial.
(xiv) Prior military service and type of discharge received.

(2) A list of the type of documents submitted by or on behalf of the applicant (including a written brief, letters of recommendation, affidavits concerning the circumstances of the discharge, or other documentary evidence), if any.

(3) A statement whether the applicant testified, and a list of the type of witnesses, if any, who testified on behalf of the applicant.

(4) A notation whether the application pertained to the character of discharge, the reason for discharge, or both.

(5) The DRB’s conclusions on the following:

(i) Whether the character of or reason for discharge should be changed.
(ii) The specific changes to be made, if any.

(6) A list of the items submitted as issues on DD Form 293 or expressly incorporated therein and such other items submitted as issues by the applicant that are identified as inadvertently omitted under paragraph (a)(4)(i)(D) of this section. If the issues are listed verbatim on DD Form 293, a copy of the relevant portion of the Form may be attached. Issues that have been withdrawn or modified with the consent of the applicant need not be listed.

(7) The response to the items submitted as issues by the applicant under the guidance in paragraph (d) of this section.

(8) A list of decisional issues and a discussion of such issues under the guidance in paragraph (e) of this section.

(9) Minority views, if any, when authorized under rules of the Military Department concerned.

(10) The recommendation of the DRB president when required by paragraph (f) of this section.

(11) The addendum of the SRA when required by paragraph (g) of this section.

(12) Advisory opinions, including those containing factual information, when such opinions have been relied upon for final decision or have been accepted as a basis for rejecting any of the applicant’s issues. Such advisory opinions or relevant portions thereof that are not fully set forth in the discussion of decisional issues or otherwise in response to items submitted as issues by the application shall be appended to the decision and included in the record of proceedings.

(13) A record of the voting, including:

(i) The number of votes for the DRB’s decision and the number of votes in the minority, if any.
(ii) The DRB member’s names (last name, first name, M.I.) and votes. The copy provided to the applicant may substitute a statement that the names and votes will be made available to the applicant at the applicant’s request.

(14) Index entries for each decisional issue under appropriate categories listed in the index of decisions.
(15) An authentication of the document by an appropriate official.

(i) Issuance of decisions following discharge review. The applicant and counsel or representative, if any, shall be provided with a copy of the decisional document and of any further action in review. The applicant (and counsel, if any) shall be notified of the availability of the complaint process under §70.10. Final notification of decisions shall be issued to the applicant with a copy to the counsel or representative, if any, and to the Military Service concerned.

(1) Notification to applicants, with copies to counsel or representatives, shall normally be made through the U.S. Postal Service. Such notification shall consist of a notification of decision, together with a copy of the decisional document.

(2) Notification to the Military Services shall be for the purpose of appropriate action and inclusion of review matter in personnel records. Such notification shall bear appropriate certification of completeness and accuracy.

(3) Actions on review by superior authority, when occurring, shall be provided to the applicant and counsel or representative in the same manner as the notification of the review decision.

(j) Record of DRB proceedings. (1) When the proceedings in any review have been concluded, a record thereof will be prepared. Records may include written records, electromagnetic records, videotape recordings, or a combination thereof.

(2) At a minimum, the record will include the following:

(i) The application for review;

(ii) A record of the testimony in verbatim, summarized, or recorded form at the option of the DRB concerned;

(iii) Documentary evidence or copies thereof, considered by the DRB other than the Military Service record;

(iv) Briefs and arguments submitted by or on behalf of the applicant;

(v) Advisory opinions considered by the DRB, if any;

(vi) The findings, conclusions, and reasons developed by the DRB;

(vii) Notification of the DRB’s decision to the cognizant custodian of the applicant’s records, or reference to the notification document;

(viii) Minority reports, if any;

(ix) A copy of the decisional document.

(k) Final disposition of the Record of Proceedings. The original record of proceedings and all appendices thereto shall in all cases be incorporated in the Military Service record of the applicant and the Military Service record shall be returned to the custody of the appropriate records holding facility. If a portion of the original record of the proceedings cannot be stored with the Military Service record, the Military Service record shall contain a notation as to the place where the record is stored. Other copies shall be filed and disposed of in accordance with appropriate Military Service regulations.

(l) Availability of Discharge Review Board documents for inspection and copying. (1) A copy of the decisional document prepared in accordance with paragraph (d) of this section shall be made available for public inspection and copying.

(i) Names, addresses, social security numbers, and Military Service numbers must be deleted. Written justification shall be made for all other deletions and shall be available for public inspection.

(ii) Each DRB shall ensure that there is a means for relating a decisional document number to the name of the applicant, to permit retrieval of the applicant’s records when required in processing a complaint under §70.10.

(3) Any other privileged or classified material contained in or appended to any documents required by this part to be furnished the applicant and counsel or representative or made available for public inspection and copying may be deleted therefrom only if a written statement of the basis for the deletions is provided the applicant and counsel or representative and made available for public inspection. It is not intended that the statement be so detailed as to reveal the nature of the withheld material.
(4) DRB documents made available for public inspection and copying shall be located in the Armed Forces Discharge Review/Correction Board Reading Room. The documents shall be indexed in a usable and concise form so as to enable the public, and those who represent applicants before the DRBs, to isolate from all these decisions that are indexed, those cases that may be similar to an applicant’s case and that indicate the circumstances under which the DRB or the Secretary concerned granted or denied relief.

(i) The reading file index shall include, in addition to any other items determined by the DRB, the case number, the date, character of, reason and authority for the discharge. It shall also include the decisions of the DRB and reviewing authority, if any, and the issues addressed in the statement of findings, conclusions, and reasons.

(ii) The index shall be maintained at selected permanent locations throughout the United States. This ensures reasonable availability to applicants at least 30 days before a traveling panel review. A list of these locations shall be published in the Federal Register by the Department of the Army. The index shall also be made available at sites selected for traveling panels or hearing examinations for such periods as the DRB or a hearing examiner is present and in operation. An applicant who has requested a traveling panel review or a hearing examination shall be advised of the permanent index locations.

(iii) The Armed Forces Discharge Review/Correction Board Reading Room shall publish indexes quarterly for all DRBs. All DRBs shall be responsible for timely submission to the Reading Room of individual case information required for update of the indexes. In addition, all DRBs shall be responsible for submission of new index categories based upon published changes in policy, procedures, or standards. These indexes shall be available for public inspection or purchase (or both) at the Reading Room. When the DRB has accepted an application, information concerning the availability of the index shall be provided in the DRB’s response to the application.

(iv) Copies of decisional documents will be provided to individuals or organizations outside the NCR in response to written requests for such documents. Although the Reading Room shall try to make timely responses to such requests, certain factors such as the length of a request, the volume of other pending requests, and the impact of other responsibilities of the staff assigned to such duties may cause some delays. A fee may be charged for such documents under appropriate DoD and Department of the Army directives and regulations. The manual that accompanies the index of decisions shall notify the public that if an applicant indicates that a review is scheduled for a specific date, an effort will be made to provide requested decisional documents before that date. The individual or organization will be advised if that cannot be accomplished.

(v) Correspondence relating to matters under the cognizance of the Reading Room (including requests for purchase of indexes) shall be addressed to: DA Military Review Boards Agency, Attention: SFBA (Reading Room), Room 1E520, The Pentagon, Washington, DC 20310.

(m) Privacy Act information. Information protected under the Privacy Act is involved in the discharge review functions. The provisions of part 286a of this title shall be observed throughout the processing of a request for review of discharge or dismissal.

(n) Information requirement. Each Military Department shall provide the Deputy Assistant Secretary of Defense (Military Personnel and Force Management) DASD (MP&FM), Office of the ASD (MRA&L), with a semiannual report of discharge review actions in accordance with § 70.11.

§ 70.9 Discharge review standards.

(a) Objective of review. The objective of a discharge review is to examine the propriety and equity of the applicant’s discharge and to effect changes, if necessary. The standards of review and the underlying factors that aid in determining whether the standards are met shall be historically consistent with criteria for determining honorable
service. No factors shall be established that require automatic change or denial of a change in discharge. Neither a DRB nor the Secretary of the Military Department concerned shall be bound by any methodology of weighting of the factors in reaching a determination. In each case, the DRB or the Secretary of the Military Department concerned shall give full, fair, and impartial considerations to all applicable factors before reaching a decision. An applicant may not receive a less favorable discharge than that issued at the time of separation. This does not preclude correction of clerical errors.

(b) Propriety. (1) A discharge shall be deemed proper unless, in the course of discharge review, it is determined that:

(i) There exists an error of fact, law, procedure, or discretion associated with the discharge at the time of issuance; and that the rights of the applicant were prejudiced thereby (such error shall constitute prejudicial error if there is substantial doubt that the discharge would have remained the same if the error had not been made); or

(ii) A change in policy by the Military Service of which the applicant was a member, made expressly retroactive to the type of discharge under consideration, requires a change in the discharge.

(2) When a record associated with the discharge at the time of issuance involves a matter in which the primary responsibility for corrective action rests with another organization (for example, another Board, agency, or court), the DRB will recognize an error only to the extent that the error has been corrected by the organization with primary responsibility for correcting the record.

(3) The primary function of the DRB is to exercise its discretion on issues of equity by reviewing the individual merits of each application on a case-by-case basis. Prior decisions in which the DRB exercised its discretion to change a discharge based on issues of equity (including the factors cited in such decisions or the weight given to factors in such decisions) do not bind the DRB in its review of subsequent cases because no two cases present the same issues of equity.

(4) The following applies to applicants who received less than fully Honorable administrative discharges because of their civilian misconduct while in an inactive reserve component and who were discharged or had their discharge reviewed on or after April 20, 1971: the DRB shall either recharacterize the discharge to Honorable without any additional proceedings or additional proceedings shall be conducted in accordance with the Court’s Order of December 3, 1981, in Wood v. Secretary of Defense to determine whether proper grounds exist for the issuance of a less than Honorable discharge, taking into account that:

(i) An Other than Honorable (formerly undesirable) Discharge for an inactive reservist can only be based upon civilian misconduct found to have affected directly the performance of military duties;

(ii) A General Discharge for an inactive reservist can only be based upon civilian misconduct found to have had an adverse impact on the overall effectiveness of the military, including military morale and efficiency.

(c) Equity. A discharge shall be deemed to be equitable unless:

(1) In the course of a discharge review, it is determined that the policies and procedures under which the applicant was discharged differ in material respects from policies and procedures currently applicable on a Service-wide basis to discharges of the type under consideration provided that:

(i) Current policies or procedures represent a substantial enhancement of the rights afforded a respondent in such proceedings; and

(ii) There is substantial doubt that the applicant would have received the same discharge if relevant current policies and procedures had been available to the applicant at the time of the discharge proceedings under consideration.

(2) At the time of issuance, the discharge was inconsistent with standards of discipline in the Military Service of which the applicant was a member.

(3) In the course of a discharge review, it is determined that relief is warranted based upon consideration of the applicant’s service record and other evidence presented to the DRB viewed
§ 70.10 Complaints concerning decisional documents and index entries.

(a) General. (1) The procedures in this section—are established for the sole purpose of ensuring that decisional documents and index entries issued by the DRBs of the Military Departments comply with the decisional document and index entry principles of this part.

(2) This section may be modified or supplemented by the DASD(MP&FM).

(3) The following persons may submit complaints:

(i) A former member of the Armed Forces (or the former member’s counsel) with respect to the decisional document issued in the former member’s own case; and

(ii) A former member of the Armed Forces (or the former member’s counsel) who states that correction of the decisional document will assist the former member in preparing for an administrative or judicial proceeding in which the former member’s own discharge will be at issue.

(4) The Department of Defense is committed to processing of complaints within the priorities and processing goals set forth in paragraph (d)(1)(ii) of this section. This commitment, however, is conditioned upon reasonable use of the complaint process under the following considerations. The DRBs were established for the benefit of former members of the Armed Forces. The complaint process can aid such persons most effectively if it is used by
former members of the Armed Forces when necessary to obtain correction of their own decisional documents or to prepare for discharge reviews. If a substantial number of complaints submitted by others interferes with the ability of the DRBs to process applications for discharge review in a timely fashion, the Department of Defense will adjust the processing goals to ensure that the system operates to the primary advantage of applicants.

(5) The DASD(MP&FM) is the final authority with respect to action on such correspondence.

(b) The Joint Service Review Activity (JSRA). A three member JSRA consisting of one judge advocate from each Military Department shall advise the DASD(MP&FM). The operations of the JSRA shall be coordinated by a full-time administrative director, who shall serve as recorder during meetings of the JSRA. The members and the administrative director shall serve at the direction of the DASD(MP&FM).

(c) Classification and control of correspondence—(1) Address of the JSRA. Correspondence with the OSD concerning decisional documents or index entries issued by the DRBs shall be addressed as follows: Joint Service Review Activity, OASD(MRA&L) (MP&FM), Washington, DC 20301.

(2) Docketing. All such correspondence shall be controlled by the administrative director through the use of a uniform docketing procedure.

(3) Classification. Correspondence shall be reviewed by the administrative director and categorized either as a complaint or an inquiry in accordance with the following:

(i) Complaints. A complaint is any correspondence in which it is alleged that a decisional document issued by a DRB or SRA contains a specifically identified violation of the Stipulation of Dismissal, Settlement Agreement, or related Orders in the Urban Law case or other decisional document requirements applicable at the time the document was issued, including those contained in the Settlement Agreement and related Orders, subject to any limitations set forth therein with respect to dates of applicability. If the authority empowered to take corrective action has a reasonable doubt whether a decisional document meets applicable requirements of the Urban Law case or other applicable rules, the complaint shall be resolved in the applicant’s favor.

(ii) Inquiries. An inquiry is any correspondence other than a complaint.

(d) Review of complaints—(1) Guidance. The following guidance applies to review of complaints:

(i) Standards. Complaints shall be considered under the following standards:

(A) The applicant’s case. A complaint by an applicant with respect to the decisional document issued in the applicant’s own discharge review shall be considered under the Stipulation of Dismissal in the Urban Law case and other decisional document requirements applicable at the time the document was issued, including those contained in the Settlement Agreement and related Orders, subject to any limitations set forth therein with respect to dates of applicability. If the authority empowered to take corrective action has a reasonable doubt whether a decisional document meets applicable requirements of the Urban Law case or other applicable rules, the complaint shall be resolved in the applicant’s favor.

(B) Other cases. With respect to all other complaints, the standard shall be whether a reasonable person familiar with the discharge review process can understand the basis for the decision, including the disposition of issues raised by the applicant. This standard is designed to ensure that the complaint process is not burdened with the need to correct minor errors in the preparation of decisional documents.

(ii) Use of DD Form 293. With respect to any decisional document issued on or after November 27, 1982, a complaint alleging failure of the DRB to address adequately matter not submitted on DD Form 293 or expressly incorporated therein will be resolved in the complainant’s favor only if the failure to address the issue was arbitrary, capricious, or an abuse of discretion.

(iii) Scope of review. When a complaint concerns a specific issue in the applicant’s own discharge review, the complaint review process shall involve a review of all the evidence that was before the DRB or SRA, including the testimony and written submissions of the applicant, to determine whether
the issue was submitted, and if so, whether it was addressed adequately with respect to the Stipulation of Dismissal, Settlement Agreement, or related Orders in the Urban Law case and other applicable provisions of this Directive. With respect to all other complaints about specific issues, the complaint review process may be based solely on the decisional document, except when the complainant demonstrates that facts present in the review in question raise a reasonable likelihood of a violation of applicable provisions of the Stipulation of Dismissal and a reasonable person, familiar with the discharge review process, could resolve the complaint only after a review of the evidence that was before the DRB.

(iv) Allegations pertaining to an applicant’s submission. The following additional requirements apply to complaints about modification of an applicant’s issue or the failure to list or address an applicant’s issue:

(A) When the complaint is submitted by the applicant, and the record of the hearing is ambiguous on the question whether there was a meeting of minds between the applicant and the DRB as to modification or omission of the issue, the ambiguity will be resolved in favor of the applicant.

(B) When the complaint is submitted by a person other than the applicant, it must set forth facts (other than the mere omission or modification of an issue) demonstrating a reasonable likelihood that the issue was omitted or modified without the applicant’s consent.

(C) When the complaint is rejected on the basis of the presumption of regularity, the response to the complaint must be set forth the reasons why the evidence submitted by the complainant was not sufficient to overcome the presumption.

(D) With respect to decisional documents issued on or after the effective date of the amendments to §70.8, any change in wording of an applicant’s issue which is effected in violation of the principles set forth in §70.8(a)(5)(iii) constitutes an error requiring corrective action. With respect to a decisional document issued before that date, corrective action will be taken only when there has been a complaint by the applicant or counsel with respect to the applicant’s own decisional document and it is determined that the wording was changed or the issue was omitted without the applicant’s consent.

(E) If there are references in the decisional document to matters not raised by the applicant and not otherwise relied upon in the decision, there is no requirement under the Urban Law case that such matters be accompanied by a statement of findings, conclusions, or reasons. For example, when the DRB discusses an aspect of the service record not raised as an issue by the applicant, and the issue is not a basis for the DRB’s decision, the DRB is not required to discuss the reasons for declining to list that aspect of the service record as an issue.

(v) Guidance as to other types of complaints. The following guidance governs other specified types of complaints:

(A) The Stipulation of Dismissal requires only that those facts that are essential to the decision be listed in the decisional document. The requirement for listing specified facts from the military record was not established until March 29, 1978, in 32 CFR part 70. Decisional documents issued prior to that date are sufficient if they meet the requirements of the Stipulation.

(B) When an applicant submits a brief that contains material in support of a proposed conclusion on an issue, the DRB is not required to address each aspect of the supporting material in the brief. However, the decisional document should permit the applicant to understand the DRB’s position on the issue and provide reviewing authorities with an explanation that is sufficient to permit review of the DRB’s decision. When an applicant submits specific issues and later makes a statement before the DRB that contains matter in support of that issue, it is not necessary to list such supporting matter as a separate issue.

(C) For all decisional documents issued before November 27, 1982, failure to respond to an issue raised by an applicant constitutes error unless it reasonably may be inferred from the record that the DRB response relied on one of the exceptions listed in
§ 70.8(d)(3)(ii); (e)(3)(i)(C) (3) through (4) and (e)(6)(ii)(C) (3) through (4). If the decisional document supports a basis for not addressing an issue raised by the applicant (for example, if it is apparent that resolving the issue in the applicant’s favor would not warrant an upgrade), there is no requirement in the Stipulation of Dismissal that the decisional document explain why the DRB did not address the issue. With respect to decisional documents issued on or after November 27, 1982, a response shall be prepared in accordance with the decisional document principles set forth in §70.8.

(D) When a case is reviewed upon request of an applicant, and the DRB upgrades the discharge to “General,” the DRB must provide reasons why it did not upgrade to “Honorable” unless the applicant expressly requests lesser relief. This requirement applies to all requests for corrective action submitted by an applicant with respect to his or her decisional document. In all other cases, this requirement applies to decisional documents issued on or after November 9, 1978. When the DRB upgrades to General, its explanation for not upgrading to Honorable may consist of reference to adverse matter from the applicant’s military record. When a discharge is upgraded to General in a review on the DRB’s own motion, there is no requirement to explain why the discharge was not upgraded to Honorable.

(E) There is no requirement under the Stipulation of Dismissal to provide reasons for uncontested findings. The foregoing applies to decisional documents issued before November 27, 1982. With respect to decisional documents issued on or after that date, the following guidance applies with respect to an uncontested issue of fact that forms the basis for a grant or denial of a change in discharge: the decisional document shall list the specific source of information relied upon in reaching the conclusion, except when the information is listed in the portion of the decisional document that summarizes the service record.

(F) The requirements of §70.8(e)(3)(i)(B)(2) and (e)(6)(i)(B)(2) with respect to explaining use of the presumption of regularity apply only to decisional documents issued on or after November 27, 1982. When a complaint concerning a decisional document issued before that date addresses the adequacy of the DRB’s use of the presumption of regularity, or words having a similar import, corrective action will be required only if a reasonable person familiar with the discharge review process can not understand the basis for relying on the presumption.

(G) When the DRB balances mitigating factors against aggravating factors as the reason for a conclusion, the Stipulation of Dismissal does not require the statement of reasons to set forth the specific factors that were balanced if such factors are otherwise apparent on the fact of the decisional document. The foregoing applies to decisional documents prepared before November 27, 1982. With respect to decisional documents prepared after that date, the statements addressing decisional issues in such a case will list or refer to the factors supporting the conclusion in accordance with §70.8(e)(6)(i).

(vi) Documents that were the subject of a prior complaint. The following applies to a complaint concerning a decisional document that has been the subject of prior complaints:

(A) If the complaint concerns a decisional document that was the subject of a prior complaint in which action was completed, the complainant will be informed of the substance and disposition of the prior complaint, and will be further informed that no additional action will be taken unless the complainant within 30 days demonstrates that the prior disposition did not produce a decisional document that comports with the requirements of paragraph (d)(1)(i)(A) of this section.

(B) If the complaint concerns a decisional document that is the subject of a pending complaint, the complainant will be informed that he or she will be provided with the results of the pending complaint.

(C) These limitations do not apply to the initial complaint submitted on or after the effective date of the amendments to this section by an applicant with respect to his or her own decisional document.
§ 70.10

(2) Duties of the administrative director.

The administrative director shall take the following actions:

(i) Acknowledge receipt of the complaint;

(ii) Assign a docket number and note the date of receipt; and

(iii) Forward the complaint to the Military Department concerned, except that the case may be forwarded directly to the DASD (MP&FM) when the administrative director makes an initial determination that corrective action is not required.

(3) Administrative processing. The following guidance applies to administrative processing of complaints:

(i) Complaints normally shall be processed on a first-in/first-out basis, subject to the availability of records, pending discharge review actions, and the following priorities:

(A) The first priority category consists of cases in which (1) there is a pending discharge review and the complainant is the applicant; and (2) the complainant sets forth the relevance of the complaint to the complainant’s pending discharge review case.

(B) The second priority category consists of requests for correction of the decisional document in the complainant’s own discharge review case.

(C) The third priority category consists of complaints submitted by former members of the Armed Forces (or their counsel) who state that the complaint is submitted to assist the former member’s submission of an application for review.

(D) The fourth priority category consists of other complaints in which the complainant demonstrates that correction of the decisional document will substantially enhance the ability of applicants to present a significant issue to the DRBs.

(E) The fifth priority category consists of all other cases.

(ii) Complainants who request consideration in a priority category shall set forth in the complaint the facts that give rise to the claim of placement in the requested category. If the complaint is relevant to a pending discharge review in which the complainant is applicant or counsel, the scheduled date of the review should be specified.

(iii) The administrative director is responsible for monitoring compliance with the following processing goals:

(A) The administrative director normally shall forward correspondence to the Military Department concerned within 3 days after the date of receipt specified in the docket number. Correspondence forwarded directly to the DASD(MP&FM) under paragraph (d)(2)(iii) of this section, normally shall be transmitted within 7 days after the date of receipt.

(B) The Military Department normally shall request the necessary records within 5 working days after the date of receipt from the administrative director. The Military Department normally shall complete action under paragraph (d)(4) of this section within 45 days after receipt of all necessary records. If action by the Military Department is required under paragraph (d)(9) of this section, normally it shall be completed within 45 days after action is taken by the DASD(MP&FM).

(C) The JSRA normally shall complete action under paragraph (d)(7) of this section at the first monthly meeting held during any period commencing 10 days after the administrative director receives the action of the Military Department under paragraph (d)(5) of this section.

(D) The DASD(MP&FM) normally shall complete action under paragraph (d)(8) of this section within 30 days after action is taken by the JSRA under paragraph (d)(7) of this section or by the administrative director under paragraph (d)(2)(iii) of this section.

(E) If action is not completed within the overall processing goals specified in this paragraph, the complainant shall be notified of the reason for the delay by the administrative director and shall be provided with an approximate date for completion of the action.

(iv) If the complaints are submitted in any 30 day period with respect to more than 50 decisional documents, the administrative director shall adjust the processing goals in light of the number of complaints and discharge review applications pending before the DRBs.

(v) At the end of each month, the administrative director shall send each
Office of the Secretary of Defense § 70.10

Military Department a list of complaints, if any, in which action has not been completed within 60 days of the docket date. The Military Department shall inform the administrative director of the status of each case.

(a) Review of complaints by the Military Departments. The Military Department shall review the complaint under the following guidance:

(i) Rejection of complaint. If the Military Department determines that all the allegations contained in the complaint are not specific or have no merit, it shall address the allegations using the format at attachment 1 (Review of Complaint).

(ii) Partial agreement. If the Military Department determines that some of the allegations contained in the complaint are not specific or have no merit and that some of the allegations contained in the complaint have merit, it shall address the allegations using the format at attachment 1 and its DRB shall take appropriate corrective action in accordance with paragraph (d)(4)(v) of this section.

(iii) Full agreement. If the Military Department determines that all of the allegations contained in the complaint have merit, its DRB shall take appropriate corrective action in accordance with paragraph (d)(4)(v) of this section.

(iv) Other defects. If, during the course of its review, the Military Department notes any other defects in the decisional document or index entries (under the applicable requirements of the Urban Law case or under this part) the DRB shall take appropriate corrective action under paragraph (d)(4)(v) of this section. The following procedures govern appropriate corrective action:

(A) If a complaint concerns the decisional document in the complainant’s own discharge review case, appropriate corrective action consists of amending the decisional document or providing the complainant with an opportunity for a new discharge review. An amended decisional document will be provided if the applicant requests that form of corrective action.

(B) If a complaint concerns a decisional document involving an initial record review under the Special Discharge Review Program or the Pub. L. 95–126 rereview program, appropriate corrective action consists of (1) amending the decisional document; or (2) notifying the complainant and counsel, if any, of the opportunity to obtain a priority review using the letter providing at attachment 6. When the DRB takes corrective action under this provision by amending a decisional document, it shall notify the applicant and counsel, if any, of the opportunity to request a de novo review under the Special Discharge Review Program or under Pub. L. 95–126 rereview program, as appropriate.

(C) When corrective action is taken with respect to a decisional document in cases prepared under Pub. L. 95–126 the DRB must address issues previously raised by the DRB or the applicant during review of the same case during the SDRP only insofar as required by the following guidance:

(1) When the DRB bases its decision upon issues previously considered during the SDRP, the new decisional document under Pub. L. 95–126 must address those issues;

(2) If, during consideration of the case under Pub. L. 95–126 the applicant presents issues previously considered during the SDRP, the new decisional document must address those issues; and

(3) If a decisional document concerning an initial record review under Pub. L. 95–126 is otherwise defective and corrective action is taken after a request by the applicant for a priority review in response to the letter at attachment 6, the new decisional document shall address all issues previously raised by the applicant during the SDRP.

(D) Except for cases falling under paragraph (d)(4)(v)(B) of this section, if a complaint concerns a decisional document in which the applicant received...
an Honorable Discharge and the full relief requested, if any, with respect to the reason for discharge, appropriate corrective action consists of amending the decisional document.

(E) In all other cases, appropriate corrective action consists of amending the decisional document or providing the applicant with the opportunity for a new review, except that an amended decisional document will be provided when the complainant expressly requests that form of corrective action.

(vi) Amended decisional documents. One that reflects a determination by a DRB panel (or the SRA) as to what the DRB panel (or SRA) that prepared the defective decisional document would have entered on the decisional document to support its decision in this case.

(A) The action of the amending authority does not necessarily reflect substantive agreement with the decision of the original DRB panel (or SRA) on the merits of the case.

(B) A corrected decisional document created by amending a decisional document in response to a complaint will be based upon the complete record before the DRB (or the SRA) at the time of the original defective statement was issued, including, if available, a transcript, tape recording, videotape or other record of a hearing, if any. The new decisional document will be indexed under categories relevant to the new statements.

(C) When an amended decisional document is required under paragraphs (d)(4)(v)(A) and (d)(4)(v)(D) of this section and the necessary records cannot be located, a notation to that effect will be made on the decisional document, and the applicant and counsel, if any, will be afforded an opportunity for a new review, and the complainant will be informed of the action.

(D) When an amended decisional document is requested under paragraph (d)(4)(v)(C) and the necessary records cannot be located, a notation to that effect will be made on the decisional document, and the complainant will be informed that the situation precludes further action.

(vii) Time limit for requesting a new review. An applicant who is afforded an opportunity to request a new review may do so within 45 days.

(viii) Interim notification. When the Military Department determines that some or all of the allegations contained in the complaint are not specific or have no merit but its DRB takes corrective action under paragraph (d)(4)(ii) or (d)(4)(iv) of this section, the DRB’s notification to the applicant and counsel, if any, and to the complainant, if other than the applicant or counsel, should include the following or similar wording: “This is in partial response to (your)/(a) complaint to the Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) dated _____ concerning Discharge Review Board decisional document _____.

(ix) Final notification. When the Discharge Review Board takes corrective action under paragraphs (d)(4)(iii) and (d)(9) of this section its notification to the applicant and counsel, if any, and to the complainant, if other than the applicant or counsel, should include the following or similar wording: “This is in response to (your)/(the) complaint, which has been returned to the Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) for further review, will be provided to you in the near future.”

(5) Transmittal to the administrative director. The Military Department shall return the complaint to the administrative Director with a copy of the decisional document and, when applicable, any of the following documents:

(i) The “Review of Complaint.”

(ii) A copy of the amendment to the decisional document and the accompanying transmittal letter or letters to the applicant and counsel, if any, and to the complainant, if other than the applicant or counsel.

(iii) A copy of the notification to the applicant and counsel, if any, of the opportunity to request a new review, and a copy of the notification to the complainant, if other than the applicant or
counsel, that the applicant has been authorized a new review.

(6) Review by the administrative director. The administrative director shall review the complaint and accompanying documents to ensure the following:

(i) If the Military Department determined that any of the allegations contained in the complaint are not specific or have no merit, the JSRA shall review the complaint and accompanying documents. The JSRA shall address the allegations using the format at attachment 2 (Review of and Recommended Action on Complaint) and shall note any other defects in the decisional document or index entries not previously noted by the Military Department. This does not establish a requirement for the JSRA to review such complaints for any purpose other than to address the allegations contained in the complaint; rather, it simply provides a format for the JSRA to address other defects noted in the course of processing the complaint.

(ii) If the Military Department determined that all of the allegations contained in the complaint have merit and its DRB amended the decisional document, the amended decisional document shall be subject to review by the JSRA on a sample basis each quarter using the format at attachment 3 (Review of any Recommendation on Amended Decisional Document).

(iii) If the Military Department determined that all of the allegations contained in the complaint have merit and its DRB notified the applicant and counsel, if any, of the opportunity to request a new review, a new review of such corrective action is not required.

(7) Review by the JSRA. The JSRA shall meet for the purpose of conducting the reviews required in paragraphs (d)(6)(i), (d)(6)(ii), and (d)(9)(ii)(A) of this section. The Administrative director shall call meetings once a month, if necessary, or more frequently depending upon the number of matters before the JSRA. Matters before the JSRA shall be presented to the members by the recorder. Each member shall have one vote in determining matters before the JSRA, a majority vote of the members determining all matters. Determinations of the JSRA shall be reported to the DASD(MP&FM) as JSRA recommendations using the prescribed format. If a JSRA recommendation is not unanimous, the minority member may prepare a separate recommendation for consideration by the DASD(MP&FM) using the same format. Alternatively, the minority member may indicate “dissent” next to his signature on the JSRA recommendation.

(8) Review by the DASD(MP&FM). The DASD(MP&FM) shall review all recommendations of the JSRA and the administrative director as follows:

(i) The DASD(MP&FM) shall review complaints using the format at Attachment 4 (Review of and Action on Complaint). The DASD(MP&FM) is the final authority in determining whether the allegations contained in a complaint are specific and have merit. If the DASD(MP&FM) determines that no further action by the Military Department is warranted, the complainant and the Military Department shall be so informed. If the DASD(MP&FM) determines that further action by the Military Department is required, the Military Department shall be directed to ensure that appropriate corrective action is taken by its DRB and the complainant shall be provided an appropriate interim response.

(ii) The DASD(MP&FM) shall review amended decisional documents using the format at attachment 5 (Review of and Action on Amended Decisional Document). The DASD(MP&FM) is the final authority in determining whether an amended decisional document complies with applicable requirements of the Urban Law case and, when applicable, this Directive. If the DASD(MP&FM) determines that no further corrective action by the Military Department is warranted, the Military Department shall be so informed. If the DASD(MP&FM) determines that further corrective action by the Military Department is required, the Military Department shall be directed to ensure that appropriate corrective action is taken by its DRB.

(iii) It is noted that any violation of applicable requirements of the Urban Law case is also a violation of this part. However, certain requirements under this part are not requirements
§ 70.10

32 CFR Ch. I (7–1–15 Edition)

under the *Urban Law* case. If the allegations contained in a complaint are determined to have merit or if an amended decisional document is determined to be defective on the basis of one of these additional requirements under this part the DASD(MP&FM) determination shall reflect this fact.

(9) *Further action by the Military Department.*

(i) With respect to a determination by the DASD (MP&FM) that further action by the Military Department is required, its DRB shall take appropriate corrective action in accordance with paragraph (d)(4) of this section.

(ii) The Military Department shall provide the administrative director with the following documents when relevant to corrective action taken in accordance with paragraph (d)(4) of this section:

(A) A copy of the amendment to the decisional document and the accompanying transmittal letter or letters to the applicant and counsel, if any, and to the complainant, if other than the applicant or counsel.

(B) A copy of the notification to the applicant and counsel, if any, of the opportunity to request a new review, and a copy of the notification to the complainant, if other than the applicant or counsel, that the applicant has been authorized a new review.

(iii) The administrative director shall review the documents relevant to corrective action taken in accordance with paragraph (d)(4) of this section, and ensure the following:

(A) If the DRB amended the decisional document, the amended decisional document shall be subject to review by the JSRA on a sample basis each quarter using the format at attachment 3 (Review of and Recommended Action on Amended Decisional Document).

(B) If the DRB notified the applicant and counsel, if any, of the opportunity to request a new review, review of such corrective action is not required.

(10) *Documents required by the JSRA or DASD (MP&FM).* Upon request, the Military Department shall provide the administrative director with other documents required by the JSRA or the DASD (MP&FM) in the conduct of their reviews.

(e) *Responses to inquiries.* The following procedures shall be used in processing inquiries:

(1) The administrative director shall assign a docket number to the inquiry.

(2) The administrative director shall forward the inquiry to the Military Department concerned.

(3) The Military Department shall prepare a response to the inquiry and provide the administrative director with a copy of the response.

(4) The Military Department’s response shall include the following or similar wording: “This is in response to your inquiry to the Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) dated ________ concerning ________.

(f) *Indexing.* The DRB concerned shall reindex all amended decisional documents and shall provide copies of the amendments to the decisional documents to the Armed Forces Discharge Review/Correction Board Reading Room.

(g) *Disposition of documents.* The administrative director is responsible for the disposition of all Military Department, DRB, JSRA, and DASD (MP&FM) documents relevant to processing complaints and inquiries.

(h) *Referral by the General Counsel, Department of Defense.* The Stipulation of Dismissal permits *Urban Law* plaintiffs to submit complaints to the General Counsel, DoD, for comment. The General Counsel, DoD, may refer such complaints to the Military Department concerned or to the JSRA for initial comment.

(i) *Decisional document and index entry principles.* The DASD (MP&FM) shall identify significant principles concerning the preparation of decisional documents and index entries as derived from decisions under this section and other opinions of the Office of General Counsel, DoD, for comment. The General Counsel, DoD, may refer such complaints to the Military Department concerned or to the JSRA for initial comment.

(j) *Implementation of amendments.* The following governs the processing of any correspondence that is docketed prior
Office of the Secretary of Defense § 70.10

to the effective date of amendments to this section except as otherwise provided in such amendments:

(1) Any further action on the correspondence shall be taken in accordance with the amendments; and

(2) No revision of any action taken prior to the effective date of such amendments is required.

ATTACHMENT 1—REVIEW OF COMPLAINT

Military Department:
Decisional Document Number:
Name of Complainant:
Docket Number:
Date of this Review:

1. Specific allegation(s) noted:
2. With respect in support of the conclusion, enter the following information:
   a. Conclusion whether corrective action is required.
   b. Reasons in support of the conclusion, including findings of fact upon which conclusion is based.
3. Other defects noted in the decisional document or index entries:

ATTACHMENT 2—JOINT SERVICE REVIEW ACTIVITY

Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics)
Review by the Joint Service Review Activity
Military Department:
Decisional Document Number:
Name of Complainant:
Name of Applicant:
Docket Number:
Date of this Review:
Recommendation:

1. The Military Department’s “Review of Complaint” is attached as enclosure 1.
2. Specific Allegations: See part 1 of Military Department’s “Review of Complaint” (enclosure 1).
3. Specific allegation(s) not noted by the Military Department:
4. With respect to each allegation, enter the following information:
   a. Conclusion as to whether corrective action is required.
   b. Reasons in support of the conclusion, including findings of fact upon which conclusion is based.

ATTACHMENT 3—JOINT SERVICE REVIEW ACTIVITY

Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics)
Review of Amended Decisional Document (Quarterly Review)
Military Department:
Decisional Document Number:
Name of Complainant:
Name of Applicant:
Docket Number:
Date of this Review:
Recommendation:

1. The amended decisional document complies with the requirements of the Stipulation of Dismissal and, when applicable, DoD Directive 1332.28. The Military Department should be informed that no further corrective action is warranted.
2. The amended decisional document does not comply with the Stipulation of Dismissal or DoD Directive 1332.28 as noted herein. The Military Department should be directed to ensure that corrective action consistent with the defects noted is taken by its Discharge Review Board.

**Explanation of items marked “No.”**

**Key:**

- **Yes:** The decisional document meets the requirements of the Stipulation of Dismissal and, when applicable, DoD Directive 1332.28.
- **No:** The decisional document does not meet the requirements of the Stipulation of Dismissal or DoD Directive 1332.28.
- **NA:** Not applicable.

Items marked by an asterisk do not necessarily pertain to each review. If the decisional document contains no reference to such an item, NA shall be indicated. When there is a specific complaint with respect to an item, the underlying discharge review record shall be examined to address the complaint.

1 In this instance “when applicable” means all reviews except:
   a. Mandatory rereviews under P.L. 95–126 or SDRP reviews.
   b. Reviews in which the applicant requested only a change in the reason for discharge and the DRB did not raise the character of discharge as a decisional issue.
2 In this instance “when applicable” means all reviews in which:
   a. The applicant requested a change in the reason for discharge.
   b. The DRB raised the reason for discharge as a decisional issue.
   c. A change in the reason for discharge is a necessary component of a change in the character of discharge.

| C. Remarks: | | | |

1 This review may be based upon the decisional document without reference to the underlying discharge review record except as follows: if there is an allegation that a specific contention made by the applicant to the DRB was not addressed by the DRB, in such a case, the complaint review process shall involve a review of all the evidence that was before the DRB, including the testimony and written submissions of the applicant, to determine whether the contention was made, and if so, whether it was addressed adequately with respect to the Stipulation of Dismissal and, when applicable, DoD Directive 1332.28.

This review may be based upon the decisional document without reference to the regulation governing the discharge in question except as follows: if there is a specific complaint that the DRB failed to address a specific factor required by applicable regulations to be considered for determination of the character of and reason for the discharge in question (where such factors are a basis for denial of any of the relief requested by the applicant). (The material in brackets pertains only to discharge reviews conducted on or before March 28, 1978.)

Deputy Assistant Secretary of Defense
(Military Personnel & Force Management)

ATTACHMENT 7

Dear :

It has been determined that the decisional document issued in your case by the (Army) (Navy) (Air Force) Discharge Review Board during the (Special Discharge Review Program) (rereview program under Pub. L. No. 95–126) should be reissued to improve the clarity of the statement of findings, conclusions, and reasons for the decision in your case.

In order to obtain a new decisional document you may elect one of the following options to receive a new review under the (Special Discharge Review Program) (rereview program mandated by Pub. L. No. 95–126):

1. You may request a new review, including a personal appearance hearing if you so desire, by responding on or before the suspense date noted at the top of this letter. Taking this action will provide you with a priority review before all other classes of cases.

2. You may request correction of the original decisional document issued to you by responding on or before the suspense date noted at the top of this letter. After you receive a corrected decisional document, you will be entitled to request a new review, including a personal appearance hearing if you so desire. If you request correction of the original decisional document, you will not receive priority processing in terms of correcting your decisional document or providing you with a new review; instead, your case will be handled in accordance with standard processing procedures, which may mean a delay of several months or more.

If you do not respond by the suspense date noted at the top of this letter, no action will be taken. If you subsequently submit a complaint about this decisional document, it will be processed in accordance with standard procedures.

To ensure prompt and accurate processing of your request, please fill out the form below, cut it off at the dotted line, and return it to the Discharge Review Board of the Military Department in which you served at the address listed at the top of this letter.

Check only one:

[ ] I request a new review of my case on a priority basis. I am requesting this priority review rather than requesting correction of the decisional document previously issued to me. I have enclosed DD Form 293 as an application for my new review.

[ ] I request correction of the decisional document previously issued to me. I understand that this does not entitle me to priority action in correcting my decisional document. I also understand that I will be able to obtain a further review of my case upon my request after receiving the corrected
Office of the Secretary of Defense

§ 74.2

decisional document, but that such a review will not be held on a priority basis.

§ 70.11 DoD semiannual report.

(a) Semiannual reports will be submitted by the 20th of April and October for the preceding 6-month reporting period (October 1 through March 31 and April 1 through September 30).

(b) The reporting period will be inclusive from the first through the last days of each reporting period.

(c) The report will contain four parts:
(1) Part 1. Regular Cases.
(4) Part 4. Total Cases Heard.

PART 74—APPOINTMENT OF DOCTORS OF OSTEOPATHY AS MEDICAL OFFICERS

Sec.
74.1 Purpose.
74.2 Policy.

AUTHORITY: 10 U.S.C. 3294, 5574, 8294.

SOURCE: 25 FR 14370, Dec. 31, 1960, unless otherwise noted.

§ 74.1 Purpose.

The purpose of this part is to implement the provisions of Pub. L. 763, 84th Congress (70 Stat. 608), relating to the appointment of doctors of osteopathy as medical officers.

§ 74.2 Policy.

In the interest of obtaining maximum uniformity, the following criteria are established for the appointment of doctors of osteopathy as medical officers:

(a) To be eligible for appointment as Medical Corps officers in the Army and Navy or designated as medical officers in the Air Force, a doctor of osteopathy must:
(1) Be a citizen of the United States;
(2) Be a graduate of a college of osteopathy whose graduates are eligible for licensure to practice medicine or surgery in a majority of the States, and be licensed to practice medicine, surgery, or osteopathy in one of the States or Territories of the United States or in the District of Columbia;
(3) Possess such qualifications as the Secretary concerned may prescribe for his service, after considering the recommendations for such appointment by the Surgeon General of the Army or the Air Force or the Chief of the Bureau of Medicine and Surgery of the Navy;

(b) Have completed a four-year course with a degree of Doctor of Osteopathy from a school of osteopathy approved by the American Osteopathic Association; and

(6) Have had subsequent to graduation from an approved school of osteopathy 12 months or more of intern or residency training approved by the American Osteopathic Association.

(Reserved)
PART 77—PROGRAM TO ENCOURAGE PUBLIC AND COMMUNITY SERVICE

Sec. 77.1 Purpose.
77.2 Applicability and scope.
77.3 Definitions.
77.4 Policy.
77.5 Responsibilities.
77.6 Procedures.

APPENDIX A TO PART 77—DD FORM 2580, OPERATION TRANSITION DEPARTMENT OF DEFENSE OUTPLACEMENT AND REFERRAL SYSTEM/PUBLIC AND COMMUNITY SERVICE INDIVIDUAL APPLICATION

APPENDIX B TO PART 77—DD FORM 2581, OPERATION TRANSITION EMPLOYER REGISTRATION

APPENDIX C TO PART 77—DD FORM 2581–1, PUBLIC AND COMMUNITY SERVICE ORGANIZATION VALIDATION

AUTHORITY: 10 U.S.C. 1143 (c).
SOURCE: 59 FR 40809, Aug. 10, 1994, unless otherwise noted.

§ 77.1 Purpose.
This part implements Pub. L. 102–484, Section 4462 and Pub. L. 103–160, Section 561 by establishing policy, assigning responsibilities, and prescribing procedures to:
(a) Encourage and assist separating Service members, Service members retiring with 20 or more years of service, DoD civilian personnel leaving the Government, and spouses to enter public and community service employment.
(b) Encourage and assist Service members requesting retirement with fewer than 20 years of service to register for public and community service employment.

§ 77.2 Applicability and scope.
This part applies to:
(a) The Office of the Secretary of Defense, the Military Departments, the Chairman of the Joint Chiefs of Staff, the Unified Combatant Commands, and the Defense Agencies (hereafter referred to collectively as “the DoD Components”). The term “Military Services,” as used herein, refers to the Army, the Navy, the Air Force, and the Marine Corps.
(b) All active duty Service members and former members under Pub. L. 102–484, Section 4462 and Pub. L. 103–160, Section 561, and DoD civilian personnel leaving the Government, and their spouses.

§ 77.3 Definitions.
(a) Community service employment. Work in nonprofit organizations that provide or coordinate services listed in paragraphs (d) (1) through (12) of this section. “Nonprofit” is defined as having been recognized by the Internal Revenue Service as having a tax-exempt status under 26 U.S.C. 501 (c)(3) or (c)(4). These organizations shall not be administered by businesses organized for profit, labor unions, partisan political organizations, or organizations engaged in religious activities, unless such activities are unrelated to religious instructions, worship services, or any form of proselytization.
(b) Creditable early retirement public or community service employment for service members. Employment in a DoD-registered public and community service organization that provides the services listed in paragraphs (d) (1) through (12) of this section, or that coordinates the provision of the services listed in paragraphs (d) (1) through (12) of this section. Federal employment shall count toward recomputed military retirement pay and Survivor Benefit Plan base amount for early retirees; however, working in a DoD-registered Federal public service organization may trigger the dual-compensation restrictions of 5 U.S.C. 5532. Employment must have occurred between that date of early retirement and the date in which the Service member would have attained 20 years of credible service for computing retired pay, or he or she must have retired on or after October 23, 1992 and before October 1, 1999.
(c) Early retirement. Retirement from active duty with at least 15 but fewer than 20 years of service, as provided by Pub. L. 102–484, Section 4403.
(d) Public and community service organization. Government or private organizations that provide or coordinate the provision of the following services.
   (1) Elementary, secondary, or post secondary school teaching or administration.
   (2) Support of teachers or school administrators.
   (3) Law enforcement.
Office of the Secretary of Defense

§ 77.6

(4) Public health care.
(5) Social services.
(6) Public safety.
(7) Emergency relief.
(8) Public housing.
(9) Conservation.
(10) Environment.
(11) Job training.
(12) Other public and community service not listed previously, but consistent with or related to services described in paragraphs (d)(1) through (11) of this section.

(e) Public service employment. Work in a Federal, state or local government organization which provides or coordinates services listed in paragraphs (d)(1) through (12) of this section.

(f) Separation. Normal separation from activity duty or civil service, military retirement with 20 or more year’s service, release from active military service, and reduction in force.

(g) Transition assistance program counselor. A person charged with the responsibility of conducting transition programs. Examples include personnel assigned to family centers, military or civilian personnel offices, unit transition counselors, and as command career counselors.

§ 77.4 Policy.

It is DoD policy that:

(a) All separating Service members and former members shall be encouraged to enter public or community service employment.

(b) Service members determined to be eligible by the Secretary of their Military Department for, and who do request retirement with fewer than 20 years of service, are required by Pub. L. 102–484, Section 4403 to register for public and community service employment.

(1) This registration normally shall take place not earlier than 90 days before retirement or terminal/transition leave.

(2) In order to have their military retired pay and Survivor Benefit Plan base amount (if applicable) recomputed in accordance with DoD Instruction 1340.19,1 early retirees must be employed with a DoD-registered public or community service organization that provides the services listed in sections 77.3(d)(1) through (d)(12), or that coordinates the provision of services listed in section 77.3(d)(1) through (d)(12).

(c) DoD civilian personnel leaving the Government, their spouses, and spouses of Service members who are seeking employment shall be encouraged to register for public and community service employment.

§ 77.5 Responsibilities.

(a) The Under Secretary of Defense for Personnel and Readiness shall:

(1) Monitor compliance with this rule.

(2) Establish policy and provide guidance related to public and community service employment.

(3) Provide program information to the public on the Department of Defense’s public and community service employment program.

(4) Ensure that the Director, Defense Manpower Data Center (DMDC):

(i) Maintains the Public and Community Service Organizational Registry.

(ii) Maintains the Public and Community Service Personnel Registry.

(5) Decide the status of requests for reconsideration from employers resubmitting their request to be included on the Public and Community Service Organizational Registry, but whose first request was disapproved.

(b) The Secretaries of the Military Departments shall:

(1) Ensure compliance with this rule.

(2) Encourage public and community service employment for separating Service members, their spouses, DoD civilian personnel leaving the Government, and their spouses.

(3) Coordinate with the Under Secretary of Defense for Personnel and Readiness before promulgating public and community service employment policies and regulations.

§ 77.6 Procedures.

(a) Military personnel offices shall advise Service members desiring to apply for early retirement that they shall register, normally, within 90 days of their retirement date, for public and community service (PACS) employment, and refer them to a Transition

1Copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.
§ 77.6 Assistance Program Counselor for registration.

(b) Personnel offices shall advise separating Service members, DoD civilian personnel leaving the Government, and their spouses to contact a Transition Assistance Program Counselor about PACS employment and registration.

(c) Transition Assistance Program Counselors shall counsel separating Service members (during pre separation counseling established by DoD Instruction 1322.362), DoD civilian personnel leaving the Government, and their spouses on PACS employment. Counselors shall update into the Defense Outplacement Referral System (DORS) database Service members requesting early retirement and other DoD personnel or spouses who request registration. Transition Assistance Program Counselors shall use DD Form 2580 (Appendix A to this part) to register personnel for PACS employment. In addition, Counselors shall ensure that Service members who are requesting early retirement are advised that:

1. Registering for PACS employment is a requirement for consummation of their early retirement under Pub. L. 102–484, Section 4403 or Pub. L. 103–160, Section 561.

2. Early retirees must provide a copy of their confirmation DORS mini-resume to their servicing military personnel office for filing in their Service record before their final retirement processing.

3. Subsequent PACS employment is encouraged but not required.

4. Working in a DoD-approved Federal public service organization may subject him or her to dual compensation restrictions of 5 U.S.C. 5532.

5. DoD-approved PACS employment qualifies the Service member who is retired under Pub. L. 102–484, Section 4403 or Pub. L. 103–160, Section 561 for increased retired pay effective on the first day of the first month beginning after the date on which the member or former member attains 62 years of age. The former Service member must have worked in DoD-approved PACS employment between the date of early retirement and the date in which he or she would have attained 20 years of creditable service for computing retired pay, and have retired on or after October 23, 1992 and before October 1, 1999.

6. It is the early retiree’s responsibility to ensure that the DMDC is advised when the early retiree’s PACS employment starts, and of any subsequent changes.

(d) Military personnel offices shall ensure a copy of the confirmation DORS mini-resume is filed in the permanent document section of the Service record of Service members who retire early.

(e) DMDC shall maintain the PACS Personnel Registry, which includes information on the particular job skills, qualifications, and experience of registered personnel.

(f) DMDC shall maintain the PACS Organizational Registry, which includes information regarding each organization, including its location, size, types of public or community service positions in the organization, points of contact, procedures for applying for such positions, and a description of each position that is likely to be available.

(g) PACS Organizations shall use DD Form 2581 (Appendix B to this part) and DD Form 2581–1 (Appendix C to this part) to request registration on the PACS Organizational Registry. Instructions on how to complete the forms and where to send them are on the forms.

(h) DMDC shall register those organizations meeting the definition of a PACS organization and include them on the PACS Organizational Registry. For organizations that do not appear to meet the criteria, DMDC shall refer the request to the Transition Support and Services Directorate, Office of the Assistant Secretary of Defense for Personnel and Readiness. The Transition Support and Services Directorate may consult individually on an ad hoc basis with appropriate agencies to determine whether or not the organization meets the validation criteria. For organizations which are denied approval as a creditable early retirement organization and which request reconsideration, the Transition Support and Services Directorate will forward that request to the next higher level for a

DD Form 2580, FEB 94
OPERATION TRANSITION DEPARTMENT OF DEFENSE OUTPLACEMENT AND REFERRAL SYSTEM/PUBLIC AND COMMUNITY SERVICE INDIVIDUAL APPLICATION

DETAILED INSTRUCTIONS

SECTION I - TO BE FILLED OUT BY ALL APPLICANTS

If you are a service member, complete items 1 through 14 and item 15, if any, below. You do not need to fill out items 15 through 18. They will be transferred from your personal record. It is important that you verify the accuracy of these records prior to entering this program to ensure that the information that is put on your resume is accurate. If you are a spouse, you must complete all items on the form.

Item 1. Place an X next to the program(s) you wish to register for. If you selected the early retirement option, you must fulfill the Public and Community Service obligation.

Item 2a. Name. Print your last name and first name.

Item 2b. SSN. Enter your Social Security Number.

Item 3. Data Available for Use. Enter the date you will be available for work as year, month, day (YYYYMMDD). Availability should not be beyond 6 months from the current date.

Item 4. Filing Status. Place an X in the box that applies.

Item 5. Citizenship. If you are a U.S. citizen, check the YES box. If not, check the NO box.

Item 6. Address and Telephone Number. Print your address and telephone number where you can be contacted during the next three months.

Item 7a. Job Type Preferences. Enter up to three job types from the Guideline of Standard Occupational Classification (SOC) Codes, EPS Pub 92, that most closely matches the job type you are seeking qualiﬁcation to perform.

b. If you select yes, your primary occupational description will be included in your resume. Select no if you do not want your primary occupational description included.

Item 8. Regional Work Preference. Refer to the regional preference list below, and enter the two-digit code for the geographical area in which you are seeking employment.

DD Form 2581, FEB 94
### INSTRUCTIONS FOR COMPLETING DD FORM 2581

1. ORGANIZATION NAME AND ADDRESS. Enter your organization name and address exactly as you would like it to appear on information mailed to you. P.O. Boxes not preferred.

2. EMPLOYMENT CONTACT ADDRESS. Enter the address of your Human Resources Department (if different from item 1).

3. ORGANIZATION CONTACT. Enter the name of the individual who will serve as an organizational contact to Operation Transition.

4. EMPLOYMENT CONTACT. Enter the name of an individual in your Human Resources Department who can answer specific questions on employment and positions available (if different from item 3).

5. ORGANIZATION TELEPHONE NUMBER. Enter the area code and telephone number for your organization. Please enter a direct line or voice mail, if available.

6. EMPLOYMENT CONTACT TELEPHONE NUMBER. Enter the area code and telephone number for your employment contact (if different from item 5). Please enter a direct line or voice mail, if available.

7. FAX TELEPHONE NUMBER. Enter the area code and telephone number of your FAX machine.

8. FAX ROUTING ADDRESS. Enter any additional information that may be needed on the FAX cover sheet.

9. HOW DID YOU HEAR ABOUT OPERATION TRANSITION. List the source(s) where you first heard about Operation Transition.

10. IS YOUR ORGANIZATION A... Check the appropriate box: a. Private Sector employers are those who operate on a "for profit" basis. b. Public Service Employers are local, state, or federal governmental entities. Community Service Employers are certified non-profit organizations or associations.

11. TYPES AND LOCATIONS OF POSITIONS IN ORGANIZATION LIKELY TO BE AVAILABLE. Briefly describe the positions (job types or titles) and the location of the positions which may be available for employment referrals.

12. PROCEDURES FOR APPLYING FOR AVAILABLE POSITIONS. Briefly describe how the applicants should apply for available positions.

13a. SIZE OF ORGANIZATION. Briefly describe size (number of personnel, branch offices, etc.) of your organization.

13b. MAJOR FUNCTION/BUSINESS ACTIVITY OF ORGANIZATION. Briefly describe the major business activities (financial consulting, food processing, etc.) of your organization.

14a. IS YOUR ORGANIZATION INVOLVED IN... Please indicate if your organization is involved in these activities. Specific services are available. If none of the above applies check box "S."

14b. ARE YOUR POSITION(S)... Indicate if the compensation for these positions is commission only, salary only, or commission and salary combined.

14c. IS AN INVESTMENT OR FEE NECESSARY. Indicate if acceptance of the position requires a monetary outlay by the applicant. This includes: membership fees, agency fees, start-up kits, inventory investments, or tuition. If yes, specify the amount the applicant would be expected to pay.

15. AGREEMENT. Your signature in item 16 indicates acceptance of the agreement in this item.

Please make certain that all items above have been completed in their entirety. Sign and date the form in items 16 and 17.

MAIL OR FAX THE COMPLETED FORM TO:

DSOC

PART 78—VOLUNTARY STATE TAX WITHHOLDING FROM RETIRED PAY

Sec. 78.1 Purpose.
78.2 Applicability and scope.
78.3 Definitions.
78.4 Policy.

78.5 Procedures.
78.6 Responsibilities.
78.7 Standard agreement.

AUTHORITY: 10 U.S.C. 1045.

SOURCE: 50 FR 47220, Nov. 15, 1985, unless otherwise noted.
§ 78.1 Purpose.
Under 10 U.S.C. 1045, this part provides implementing guidance for voluntary State tax withholding from the retired pay of uniformed Service members. The policy and procedures for this part are also located in the DoD Financial Management Regulation (“DoDFMR”), Volume 7B, Chapter 26, “State and Local Taxes” (DoD 7000.14-R).

[50 FR 47220, Nov. 15, 1985, as amended at 71 FR 40657, July 18, 2006]

§ 78.2 Applicability and scope.
(a) This part applies to the Office of the Secretary of Defense, the Military Departments, the Coast Guard (under agreement with the Department of Transportation), the Public Health Service (PHS) (under agreement with the Department of Health and Human Services and the National Oceanic and Atmospheric Administration (NOAA) (under agreement with the Department of Commerce). The term “Uniformed Services,” as used herein, refers to the Army, Navy, Air Force, Marine Corps, Coast Guard, commissioned corps of the PHS, and the Commissioned corps of the NOAA.
(b) It covers members retired from the regular and reserve components of the Uniformed Services who are receiving retired pay.

§ 78.3 Definitions.
(a) Income tax. Any form of tax under a State statute where the collection of that tax either imposes on employers generally the duty of withholding sums from the compensation of employees and making returns of such sums to the State, or grants employers generally the authority to withhold sums from the compensation of employees if any employee voluntarily elects to have such sum withheld. And, the duty to withhold generally is imposed, or the authority to withhold generally is granted, with respect to the compensation of employees who are residents of such State.
(b) Member. A person originally appointed or enlisted in, or conscripted into, a Uniformed Service who has retired from the regular or reserve component of the Uniformed Service concerned.
(c) Retired pay. Pay and benefits received by a member based on conditions of the retirement law, pay grade, years of service, date of retirement, transfer to the Fleet Reserve or Fleet Marine Corps Reserve, or disability. It also is known as retainer pay.
(d) State. Any State, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession of the United States.

§ 78.4 Policy.
(a) It is the policy of the Uniformed Services to accept written requests from members for voluntary income tax withholding from retired pay when the Department of Defense has an agreement for such withholding with the State named in the request.
(b) The Department of Defense shall enter into an agreement for the voluntary withholding of State income taxes from retired pay with any State within 120 days of a request for agreement from the proper State official. The agreement shall provide that the Uniformed Services shall withhold State income tax from the monthly retired pay of any member who voluntarily requests such withholding in writing.

§ 78.5 Procedures.
(a) The Uniformed Services shall comply with the payment requirements of the state, city, or county tax laws. Therefore, the payment requirements (biweekly, monthly, or quarterly) of the state, city, or county tax laws currently in effect will be observed by the Uniformed Services. However, payment will not be made more frequently than required by the state, city, or county, or more frequently than the payroll is paid by the Uniformed Services. Payment procedures shall conform, to the extent practicable, to the usual fiscal practices of the Uniformed Services.
(b) A member may request that the State designated for withholding be changed and that the subsequent withholdings be remitted as amended. A member may revoke his or her request for withholding at any time. Any request for a change in the State designated or any revocation is effective.
Office of the Secretary of Defense § 78.5

on the first day of the month after the month in which the request or revocation is processed by the Uniformed Service concerned, but in no event later than on the first day of the second month beginning after the day on which the request or revocation is received by the Uniformed Service concerned.

(c) A member may have in effect at any time only one request for withholding under this part. A member may not have more than two such requests in effect during any one calendar year.

(d) The agreements with States may not impose more burdensome requirements on the United States than on employers generally or subject the United States, or any member, to a penalty or liability because of such agreements.

(e) The Uniformed Services shall perform the services under this part without accepting payment from States for such services.

(f) The Uniformed Services may honor a retiree's request for refund until a payment has been made to the State. After that, the retiree may seek a refund of any State tax overpayment by filing the appropriate State tax form with the State that received the voluntary withholding payments. The Uniformed Services may honor a retiree's request for refund until a payment has been made to the State. State refunds will be in accordance with State income tax policy and procedures.

(g) A member may request voluntary tax withholding by writing the retired pay office of his or her Uniformed Service. The request shall include: The member's full name, social security number, the fixed amount to be withheld monthly from retired pay, the State designated to receive the withholding, and the member's current residence address. The request shall be signed by the member, or in the case of incompetence, his or her guardian or trustee. The amount of the request for State tax withholding must be an even dollar amount, not less than $10 or less than the State's minimum withholding amount, if higher. The Uniformed Services' retired pay office addresses are given as follows:

2. Coast Guard: Commanding Officer (RPB), U.S. Coast Guard Human Resources Service and Information Center, 444 S. E. Quincy Street, Topeka, KS 66683–3591.
4. National Oceanic and Atmospheric Administration, Commanding Officer (RPB), U.S. Coast Guard Human Resources Service and Information Center, 444 S. E. Quincy Street, Topeka, KS 66683–3591.

(h) If a member's retired pay is not sufficient to satisfy a member's request for a voluntary State tax, then the withholding will cease. A member may initiate a new request when such member's retired pay is restored in an amount sufficient to satisfy the withholding request.

(i) A State requesting an agreement for the voluntary withholding of State tax from the retired pay of members of the Uniformed Services shall indicate, in writing, its agreement to be bound by the provisions of this part. If the State proposes an agreement that varies from the Standard Agreement, the State shall indicate which provisions of the Standard Agreement are not acceptable and propose substitute provisions. The letter shall be addressed to the Director, Defense Finance and Accounting Service, 1931 Jefferson Davis Highway, Arlington, VA 22240. To be effective, the letter must be signed by a State official authorized to bind the State under an agreement for tax withholding. Copies of applicable State laws that authorize employers to withhold State income tax and authorize the official to bind the State under an agreement for tax withholding shall be enclosed with the letter. The letter also shall indicate the title and address of the official whom the Uniformed Services may contact to obtain information necessary for implementing withholding.

(j) Within 120 days of the receipt of a letter from a State, the Director, Defense Finance and Accounting Service, or designee, will notify the State, in writing, that DoD has either entered
§ 78.6 Responsibilities.

(a) The Assistant Secretary of Defense (Comptroller) shall provide guidance, monitor compliance with this part, and have the authority to change or modify the procedures set forth.

(b) The Secretaries of the Military Departments and Heads of the other Uniformed Services shall comply with this part.

§ 78.7 Standard agreement.

Standard Agreement For Voluntary State Tax Withholding From The Retired Pay Of Uniformed Service Members

Article I—Purpose

Article II—Parties

The parties to this agreement are the Department of Defense on behalf of the Uniformed Services and the State that has entered into this agreement pursuant to 10 U.S.C. 1045.

Article III—Procedures

The parties to the Standard Agreement are bound by the provisions in title 32, Code of Federal Regulations, part 78. The Secretary of Defense may amend, modify, supplement, or change the procedures for voluntary State tax withholding from retired pay of Uniformed Service members after giving notice in the FEDERAL REGISTER. In the event of any such changes, the State will be given 45 days to terminate this agreement.

Article IV—Reporting

Copies of Internal Revenue Service Form 1099R, "Distribution From Pensions, Annuities, Retirement, or Profit Sharing Plan, IRAs, Insurance Contracts, etc." may be used for reporting withheld taxes to the State. The media for reporting (paper copy, magnetic tape, electronic file transfer, etc.) will comply with the state reporting standards that apply to employers in general.

Article V—Other Provisions

A. This agreement shall be subject to any amendment of 10 U.S.C. 1045 and any regulations issued pursuant to such statutory change.

B. In addition to the provisions of Article III, the agreement may be terminated by a party to the Standard Agreement by providing the other party with written notice to that effect at least 90 days before the proposed termination.

C. Nothing in this agreement shall be deemed to:

1. Require the collection of delinquent tax liabilities of retired members of the Uniformed Services;

2. Consent to the application of any provision of State law that has the effect of imposing more burdensome requirements upon the United States than the State imposes on other employers, or subjecting the United States or any member to any penalty or liability;

3. Consent to procedures for withholding, filing of returns, and payment of the withheld taxes to States that do not conform to the usual fiscal practices of the Uniformed Services;

4. Allow the Uniformed Services to accept payment from a State for any services performed with regard to State income tax withholding from the retired pay of Uniformed Service members.

[50 FR 47220, Nov. 15, 1985, as amended at 68 FR 36915, June 20, 2003]

PART 79—CHILD DEVELOPMENT PROGRAMS (CDPs)

Sec.

79.1 Purpose.

79.2 Applicability.

79.3 Definitions.

79.4 Policy.

79.5 Responsibilities.

79.6 Procedures.

AUTHORITY: 10 U.S.C. 1783, 1791 through 1800, 2809, and 2812.

SOURCE: 79 FR 28409, May 16, 2014, unless otherwise noted.

§ 79.1 Purpose.

This part:

(a) Reissues DoD Instruction (DoDI) 6060.2 in accordance with the authority in DoD Directive (DoDD) 5124.02, "Under Secretary of Defense for Personnel and Readiness (USD(P&R))"
§ 79.3

(b) Updates established policy, assigns responsibilities, and prescribes procedures for providing care to minor children (birth through age 12 years) of individuals who are eligible for care in DoD CDPs. This includes:

(1) Center-based care and community-based care.

(2) Family child care (FCC).

(3) School-age care (SAC).

(4) Supplemental child care.

(c) Cancels DODI 6060.3

(e) Authorizes the publication of supporting guidance for the implementation of CDP policies and responsibilities, including child development training modules, program aids, and other management tools.

(f) Establishes the DoD Effectiveness Rating and Improvement System (ERIS), in accordance with 10 U.S.C. 1791 through 1800.

§ 79.2 Applicability.

This part applies to the Office of the Secretary of Defense, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (hereinafter referred to collectively as the “DoD Components”).

§ 79.3 Definitions.

Unless otherwise noted, these terms and their definitions are for the purpose of this part.

Acreditation. Verification that a CDP has been assessed by an appropriate, external national accrediting body and meets the standards of quality established by that body.

Affiliated family child care (FCC). Home-based child care services that are provided by licensed individuals in homes located off of the installation, who agree to comply with the standards outlined in this part.

Appropriated funds (APF). Funds appropriated by Congress and received by the U.S. Government as tax dollars.

APF employees. Civilian employees hired by DoD Components with APF. Includes temporary employees, 18 years or older.

Caregiver. For the purpose of determining priority, a parent or an individual who performs the functions of a parent.

Caregiving personnel. Civilian employees of a CDP who are directly involved with the care and supervision of children and are counted in the staff to child ratios.

Child development program (CDP). Child care services for children of DoD personnel from birth through 12 years of age.

CDP employee. A civilian employed by the DoD to work in a DoD CDP (regardless of whether the employee is paid from APF or NAF).

Child(ren). A person under 18 years of age for whom a parent, guardian, or foster parent, is legally responsible.

Child care fees. NAF derived from fees paid by Military members and other authorized users of child care services provided at a military CDC or other DoD-approved facility-based CDP. Also referred to as user fees or parent fees.

Child care hour. One hour of care provided to one child. If a provider cares for six children for 10 hours, that is the equivalent of 60 child care hours.

Combat related wounded warrior. A term referring to the entire population of wounded, ill and injured Service members and veterans who have incurred a wound, illness, or injury for which the member was awarded the Purple Heart or whose wound, illness, or injury was incurred as a direct result of armed conflict or while engaged in hazardous service or in the performance of duty under conditions simulating war, or through an instrumentality of war.

Direct care personnel. Staff members whose main responsibility focuses on providing care to children and youth.

DoD CDP Employee Wage Plan. The wage plan that uses a NAF pay banding system to provide direct service personnel with rates of pay substantially
equivalent to other employees at the installation with similar training, seniority, and experience. Pay increases and promotions are tied to completion of training. Completion of training is a condition of employment. This wage plan does not apply to CDPs constructed and operated by contractors under DoDI 1015.15, “Establishment, Management and Control of Non-appropriated Fund Instrumentalities and Financial Management of Supporting Resources” (see [http://www.dtic.mil/whs/directives/corres/pdf/101515p.pdf](http://www.dtic.mil/whs/directives/corres/pdf/101515p.pdf)).

**DoD Certification to Operate.** Certification issued to each DoD CDP after the program has been inspected by a representative(s) of the DoD Component or a major command, and found to be in compliance with DoD standards in §79.6, paragraphs (a), (c)-(f), (i) and (j).

**DoD Child Abuse and Safety Hotline.** A hotline (found at DoD’s Military Homefront Web site) required by 10 U.S.C. 1794 that enables parents and visitors to anonymously report suspected child abuse or safety violations at a military CDP or home.

**Eligible patron.** Patrons who qualify for CDP services, to include active duty Military Service members, DoD civilian employees paid from APF and NAF, Reserve Component Military Service members on inactive duty training, combat related wounded warriors, surviving spouses of military members who died from a combat related incident, eligible employees of DoD contractors, other Federal employees, and those acting in loco parentis of the aforementioned eligible patrons.

**Eligible employee of a DoD contractor.** An employee of a DoD contractor or subcontractor, or individual under contract or subcontract to DoD, who requires physical access to DoD facilities at least two days out of a work week.

**Facility-based program.** Refers to child care that is provided within a building, structure, or other improvement to real property. Does not include FCC homes.

**Family child care (FCC).** Home-based child care services that are provided for Military Service members, DoD civilian employees, or eligible employees of a DoD contractor by an individual who is certified by the Secretary of the Military Department or Director of the Defense Agency or DoD Field Activity concerned as qualified to provide those services, and provides those services for 10 hours or more per week per child on a regular basis for compensation. Also referred to as family home day care, family home care, child development homes, and family day care.

**FCC administrator.** DoD civilian employees or contract personnel, either APF or NAF, who are responsible for FCC program management, training, inspections, and other services to assist FCC providers. Includes program directors, monitors, outreach workers, United States Department of Agriculture (USDA) CACFP monitors, and administrative personnel.

**FCC provider.** An individual 18 years of age or older who provides child care for 10 hours or more per week per child on a regular basis in his or her home with the approval and certification of the commanding officer, and has responsibility for planning and carrying out a program that meets the children’s needs at their various stages of development and growth.

**Family member.** For a Military Service member, the member’s spouse or unmarried dependent child, or an unmarried dependent child of the member’s spouse. For an eligible DoD civilian employee or eligible employee of a DoD contractor, the employee’s spouse or same-sex domestic partner, or unmarried dependent child of the employee, employee’s spouse, or the employee’s same-sex domestic partner.

**Financial hardship.** A severe hardship resulting from, but not limited to: Sudden and unexpected illness or accident of the spouse or the same-sex domestic partner of an eligible DoD Civilian employee; loss of the spouse’s or eligible DoD Civilian’s same-sex domestic partner’s employment or wages; property damage not covered by insurance; extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the patron.

**Full-day care.** This care meets the needs of parents working outside the home who require child care services...
hours or more per day on a regular basis, usually at least 4 days per week.  

**Hourly care.** Care provided in a CDP that meets the needs of parents requiring short-term child care services on an intermittent basis. Hourly care includes on-site group care.

**Individual with a disability.** A handicapped person as defined in 32 CFR part 56, in accordance with 29 U.S.C. 705, also known as “Section 7 of The Rehabilitation Act of 1973,” as amended, and consistent with 42 U.S.C. 12102, also known as “The Americans with Disabilities Act, as amended”. Synonymous with the phrase “person with a disability.”

**Identification Action Team.** A multidisciplinary team that supports families of children with special needs that consider the needs of the child, the disability, and the environment of group care in child development facilities or home-based care, staffing needs and training requirements, and the resources of the program.

**Infant.** A child, aged birth through 12 months.

**In loco parentis.** In the place or position of a parent. An “in loco parentis” relationship is one in which a person takes on the role of a lawful parent by assuming the obligations and discharging the duties of a parent without formally becoming an adoptive parent or legal guardian. The child(ren) must reside with and be supported by the person. A special power of attorney to act “in loco parentis” is required to be on file.

**Military approved community based program.** Military approved child care available to geographically dispersed eligible families.

**Military CDP facility.** A facility on a military installation or operated by a DoD Component at which child care services are provided for Military Service members or DoD civilian employees or any other facility at which such child care services are provided that is operated by the Secretary of a Military Department.

**Military installation.** Defined in 32 CFR 238.3.

**Mixed-age group.** A group of children that includes children from more than one age group.

**Multidisciplinary inspection team.** An inspection team led by a representative of the installation commander with authority to verify compliance with standards.

**Non-appropriated funds (NAF).** Funds derived from CDP fees paid by eligible patrons.

**NAF employees.** Civilian employees hired by DoD Components and compensated from NAFI funds. Includes temporary employees, 18 years or older.

**Off-site group care.** An option which provides child care on an occasional rather than a daily basis and allows on-site hourly group care when parents of children in care are attending command functions in the same facility.

**On-site group care.** A child care program that provides on-site hourly group child care when a parent or guardian of the children in care are attending the same function and are in the same facility.

**Operational hardship.** A program’s inability to operate at full capacity due to documented staffing shortages.

**Parent.** The biological father or mother of a child; a person who, by order of a court of competent jurisdiction, has been declared the father or mother of a child by adoption; the legal guardian of a child; or a person in whose household a child resides at least 25 percent of the time in any month, provided that such person stands in loco parentis to that child and contributes at least one-half of the child’s support.

**Parent board.** A group established pursuant to 10 U.S.C. 1783 and 1795 comprised of parents who are also Military Service members, retired Military Service members, or spouses of Military Service members or retired Military Service members of children attending DoD CDPs, including FCC. This board shall act in an advisory capacity, providing recommendations for improving services. The board shall meet periodically with staff of the CDP. The board, with the advice of the program staff, shall be responsible for developing and overseeing the implementation of the parent participation program in accordance with 10 U.S.C. 1795.
§ 79.3

Parent participation plan. A planned group of activities and projects established by the Parent Board to encourage parents to volunteer in CDPs, including special events and activities (such as field trips, holiday events, and special curriculum programs), small group activities, special projects (such as playground improvement, procurement of equipment, and administrative aid), and parent education programs and training workshops to include child abuse prevention education for parents.

Part-day care. This care meets the needs of parents working outside the home who require child care services on a seasonal or regularly scheduled part-day basis for fewer than 6 hours per day, usually fewer than 4 days per week.

Preschool-age. Children 36 months through 5 years of age.

Pre-toddler. A child 13 months through 24 months of age.

Qualifying children. Children of an eligible patron or their spouse or the same-sex domestic partner of eligible DoD civilian employees.

Resource and referral (R&R). A service that provides information about child care services on and off the installation to meet patrons' child care needs and maximize use of available sources of child care.

Respite child care. Care for children that provides a parent or guardian temporary respite from their role as a primary caregiver.

Same-sex domestic partner. A person in a same-sex domestic partnership with a uniformed service member, civilian employee or employee of a DoD contractor of the same-sex.

Same-sex domestic partnership. A committed relationship between two adults of the same-sex in which the partners:

(1) Are each other's sole same-sex domestic partner and intend to remain so indefinitely;

(2) Are not married (legally or by common law) to, joined in civil union with, or in a same-sex domestic partnership with anyone else;

(3) Are at least 18 years of age and mentally competent to consent to contract;

(4) Share responsibility for a significant measure of each other's common welfare and financial obligations;

(5) Are not related in a way that, if they were of opposite sex, would prohibit legal marriage in the state or U.S. jurisdiction in which they reside; and

(6) Maintain a common residence and intend to continue the arrangement (or would maintain a common residence but for the requirements of military service, an assignment abroad, or other employment-related, financial, or similar obstacle).

School age care (SAC). Either facility-based or home-based care for children ages 6-12, or those attending kindergarten, who require supervision before and after school, or during duty hours, school holidays, or school closures.

School-age children. Children aged 6 years through 12, or attending kindergarten through sixth grade, enrolled in a SAC program.

Screen time. Time spent watching television, playing video games, or on the computer.

Special needs. Children with special needs are children who may need accommodations to make child care accessible or may otherwise require more than routine and basic care; including children with or at risk of disabilities, chronic illnesses and physical, developmental, behavioral, or emotional conditions that require health and related services of a type or amount beyond that required by children in general.

Staff:child ratio. The number of children for whom individual caregiving personnel or FCC providers shall be responsible.

Sudden Infant Death Syndrome (SIDS). The sudden, unexplained death of an infant younger than 1 year old.

Supplemental child care. Child care programs and services that augment and support CDC and FCC programs to increase the availability of child care for military and DoD civilian employees. These may include, but are not limited to, resource and referral services, contract-provided services, short-term, hourly child care at alternative locations, and interagency initiatives.

Support staff. Person(s) responsible for providing services not directly related to direct child care services, such
as, but not limited to, janitorial, food service, clerical, and administrative duties.

Surviving spouse. A spouse of a Service member who dies on active duty, active duty training, inactive duty training, or within 120 days after release from active duty if the death is due to a service-related disability.

Third party administrator (TPA). An independent organization or entity contracted to perform identified services on behalf of the plan administrator. These services may include clerical and administrative functions such as enrollment and claims administration, payment of subsidies to providers and information services.

Toddler. A child between the ages of 24 and 36 months of age.

Total family income (TFI). Includes all earned income including wages, salaries, tips, long-term disability benefits, voluntary salary deferrals, basic allowance for housing Reserve Component/Transit (BAH RC/T) and subsistence allowances and in-kind quarters and subsistence received by a Military Service member, civilian employee, a spouse, or, in the case of an eligible DoD civilian employee, the same-sex domestic partner, and anything else of value, even if not taxable, that was received for providing services. BAH RC/T and subsistence allowances mean the Basic Allowance for Quarters and the Basic Allowance for Subsistence received by military personnel and civilian personnel when provided (with respect to grade and status) and the value of meals and lodging furnished in-kind to military personnel residing on military bases.

Training & curriculum specialist—Personnel whose main responsibility is providing training and oversight to other CDC or SAC employees.

Unmet need. The number of children whose parents cannot work outside the home because child care is not available.

Waiting list. List of children waiting for a CDP space and whose parents have requested space in a CDP and none is available.

§ 79.4 Policy.

In accordance with DoD Instruction 1342.22, and 10 U.S.C. 1783, 1791 through 1800, 2809, and 2812, it is DoD policy to:

(a) Ensure that the CDPs support the mission readiness, family readiness, retention, and morale of the total force during peacetime, overseas contingency operations, periods of force structure change, relocation of military units, base realignment and closure, and other emergency situations (e.g., natural disasters, and epidemics). Although child care supports working parents, it is not an entitlement and parents must pay their share of the cost of child care.

(b) Reduce the stress of families who have the primary responsibility for the health, safety and well-being of their children and help them balance the competing demands of family life and the DoD mission. CDPs provide access and referral to available, affordable, quality programs and services that meet the basic needs of children, from birth through 12 years of age, in a safe, healthy, and nurturing environment.

(c) Conduct an annual internal certification process to ensure that all installation-operated CDPs are operating in accordance with all applicable Federal mandates and statutory requirements.

(d) Provide child care to support the personnel and the mission of DoD. Eligibility is contingent on the status of the sponsor.

(i) Eligible patrons include:

(ii) Active duty military personnel

(iii) DoD civilian employees paid from either appropriated funds (APF) or non-appropriated funds (NAF).

(iv) Reserve Component military personnel on active duty or inactive duty training status.

(v) Combat related wounded warriors.

(vi) Surviving spouses of Military members who died from a combat related incident.

(vii) Those acting in loco parentis for the dependent child of an otherwise eligible patron.

(viii) Eligible employees of DoD contractors.

(ix) Others authorized on a space available basis.
(2) In the case of unmarried, legally separated parents with joint custody, or divorced parents with joint custody, children are eligible for child care only when they reside with the Military Service member or eligible civilian sponsor at least 25 percent of the time in a month that the child receives child care through a DoD program. There may be exceptions as addressed in §79.6.

(e) Promote the cognitive, social, emotional, cultural, language and physical development of children through programs and services that recognize differences in children and encourage self-confidence, curiosity, creativity, self-discipline, and resiliency.

(f) Employ qualified direct program staff whose progression from entry level to positions of greater responsibility is determined by training, education, experience, and competency. Ensure that civilian employees maintain their achieved position and salary as they move within the military child care system.

(g) Certify qualified FCC providers who can support the mission requirements of the installation.

(h) Facilitate the availability and expansion of quality, affordable, child care off of military installations that meet the standards of this part to ensure that geographically dispersed eligible families have access to legally operating military-approved community-based child care programs.

(j) Ensure that funding is available to meet Military Child Care Act requirements pursuant to 10 U.S.C. 1791 through 1800 and protect the health, safety, and well-being of children in care.

§79.5 Responsibilities.

(a) The Assistant Secretary of Defense for Readiness and Force Management (ASD(R&FM)), under the authority, direction, and control of the USD (P&R) shall:

(1) Monitor compliance with this part by personnel under his or her authority, direction, and control.

(2) Annually review and issue a child care fee policy based upon total family income (TFI) for use by programs in the DoD child development system of care.

(b) The Deputy Assistant Secretary of Defense for Military Community and Family Policy (DASD(MC&FP)), under the authority, direction, and control of the ASD(R&FM), shall:

(1) Work across functional areas of responsibility and collaborate with other federal and non-governmental organizations to ensure access to a continuum of quality, affordable CDPs.

(2) Program, budget, and allocate funds and other resources to meet the objectives of this part.

(3) Issue DD Form 2636, “Child Development Program, Department of Defense Certificate to Operate,” to the Military Departments for each CDP found to be in compliance with this part.

(4) Require that the policies and related documents are updated and relevant to the program.

(5) Report DoD Component program data to support legislative, research, and other requirements.

(c) The Heads of the DoD Components shall:

(1) Establish implementing guidance and ensure full implementation within 12 months of the publication date, consistent with this part, to monitor compliance through regular inspection of CDPs and follow-up oversight actions as needed.

(2) Program, budget, and allocate funds and other resources to meet the requirements of this part.

(3) Establish a priority system for all patrons seeking to enroll children in CDPs in accordance with paragraph (a) of §79.6.

(4) Assess DoD Component demand and take appropriate action to address the child care capability needed on and off the installation in accordance with paragraph (g) of §79.6.

(5) Establish a hardship waiver policy to address financial and operational situations.

(6) Submit fiscal year annual summary of operations reports to the
DASD(MC&FP) by December 30 of each year using Report Control Symbol DD-P&R(A) 1884, “Department of Defense Child Development Program (CDP) Annual Summary of Operations.”

(7) Require that background checks are conducted for individuals who have contact with children in DoD CDPs in accordance with DoDI 1402.5, “Criminal History Background Checks on Individu- als in Child Care Services” (available at http://www.dtic.mil/whs/directives/corres/pdf/140205p.pdf) and 32 CFR part 86 and paragraph (c)(1) of §79.6.

(8) Require that all individuals who have contact with children in a DoD CDP complete a DD Form X656 “Basic Criminal History and Statement of Admission”.

(9) Require that each CDP establishes a Parent Board in accordance with 10 U.S.C. 1783 and 1795.

(10) Forward the results of DoD Component inspections to the DASD(MC&FP).

(11) Ensure that all incidents that occur within a DoD CDP and involve allegations of child abuse or neglect, revocation of accreditation, or hospitalization of a child, are reported to DASD (MC&FP) through the Office of Family Policy (OFP/CY) within 72 hours of the incident.

(12) Notify the DASD(MC&FP) through OFP/CY if, at any time, a facility in the CDP is closed due to a violation (see paragraph (c)(4)(ii) of §79.6).

(i) Where the DoD is the sole sponsoring agency and the space has been delegated to the DoD by the GSA, the space must comply with the requirements prescribed in this part.

(ii) For the National Capital Region, space acquisition procedures in DoD Instruction 5305.5 shall be used to gain the assignment of space in Government-owned or Government-leased facilities from the GSA.

(14) Require that CDPs follow the recommendations of the Advisory Committee on Immunization Practices (ACIP) and comply with generally accepted practices endorsed by the American Academy of Pediatrics (AAP) and Centers for Disease Control or the latest guidance provided by OFP/CY.

(15) Establish and implement DoD Component-specific child care fees based on the DoD-issued fee policy on an annual basis, and issue supplemental guidance on fees for school-age programs, hourly care, preschool programs, DoD Component approved community-based programs, and FCC subsidies. Submit DoD Component-specific requests for waiver for any deviation from DoD policy, including selection of the high or low cost fee option, to the Office of the DASD (MC&FP) through OFP/CY for approval.

(16) Establish guidelines for communication between command, installation, and educational and behavioral support systems.

(17) Require that all military installations under their authority follow guidance that addresses the ages and circumstances under which a child under 13 years of age can be left at home alone without adult supervision, also known as a “home alone policy,” or “self-care policy.” The installation commander should approve this policy in consultation with the installation director of the Family Advocacy Program. Guidance is consistent with or more stringent than applicable laws and ordinances of the State and country in which the installations are located.

(18) Establish guidance and operating procedures to provide services for children with special needs in accordance with 32 CFR part 56, “Nondiscrimina- tion on the Basis of Handicap in Programs and Activities Assisted or conducted by the Department of Defense” that implement section 504 of the Rehabilitation Act for federally conducted and federally assisted programs and 42 U.S.C. 12102, “The American Disabilities Act” as they apply to children and youth with special needs.
(i) Require procedures for reviewing and making reasonable accommodation for children with special needs that do not fundamentally alter the nature of the program.

(ii) Consider the needs of the child, the disability, and the environment of group care in child development facilities or home-based care, staffing needs and training requirements, and the resources of the program.

(iii) Include CDPs as part of the Multidisciplinary Inclusion Action Team that supports families of children with special needs.

(19) Establish guidance and operating procedures to provide services for children of the deployed.

(20) Establish standard risk management procedures for responding to emergency or contingency situations. This includes, but is not limited to, natural disasters, pandemic disease outbreaks, allegations of child abuse or neglect, active shooter, or an installation or facility lockdown.

(21) Require that vehicles used to transport children comply with Federal motor vehicle safety standards in accordance with 49 U.S.C. 30125 and applicable State or host nation requirements.

(22) Notify applicable civilian patrons annually of their potential tax liability associated with child care subsidies, and ensure that information required by the third party administrator (TPA) is provided in accordance with 26 U.S.C. 129.

(23) Require that a current plan to implement direct cash subsidies to military-approved child care providers to expand the availability of child care spaces and meet specialized child care needs, such as weekend and evening care, special needs, deployment support, and respite child care support, is in place.

(d) The Secretaries of the Military Departments, in addition to the responsibilities in paragraph (c) of this section, shall:

(1) Work with the Heads of the DoD Components to implement CDPs in accordance with this part.

(2) Notify the OFP/CY of any Service-wide specific requirements that will require a waiver to deviate from existing policy.

(e) The Installation Commanders (under the authority, direction, and control of the Secretary of the Military Department concerned) shall:

(1) Require that CDPs within his or her jurisdiction are in compliance with this part.

(2) Require that child care fees are used in accordance with DoD Instruction 5305.5 and paragraph (c)(2) of §79.6.

(3) Require that CDP direct program staff are paid in accordance with Volume 1405 of DoD Instruction 1400.25, “DoD Civilian Personnel Management System: Nonappropriated Fund (NAF) Pay and Allowances” (available at http://www.dtic.mil/whs/directives/corres/pdf/1400.25-V1405.pdf). Ensure 75 percent of the program’s direct program staff total labor hours are paid to direct program staff who are in benefit status.

(4) Require that there are adequate numbers of qualified professional staff to manage the CDPs according to the Service manpower and child space staffing requirements and referenced in paragraphs (c) and (d) of §79.6 of this part.

(5) Manage child care priority policy, as directed by their respective DoD Component.

(6) Manage hardship waiver policy (financial and operational), as directed by their respective DoD Component.

(7) Review and validate the demand for installation child care capacity and take appropriate action to expand the availability of care as needed. See paragraph (h) of §79.6 of this part.

(8) Convene a Parent Board, and ensure that a viable Parent Participation Program is in accordance with 10 U.S.C. 1783 and 1795.

(9) Implement mandated annual and periodic inspections and complete required corrective and follow-up actions within timeframes specified by their respective DoD Component.

(f) Directors of the Defense Agencies and DoD Field Activities. In addition to the responsibilities in paragraph (c) of this section, the Directors of the Defense Agencies and DoD Field Activities shall:

(1) Require that CDPs within his or her jurisdiction are in compliance with this part.
(2) Require that child care fees are used in accordance with DoD Instruction 5305.5 and paragraph (c)(2) of §79.6.
(3) Require that CDP direct program staff are paid in accordance with Volume 1405 of DoD Instruction 1400.25. Ensure 75 percent of the program’s direct program staff total labor hours are paid to direct program staff who are in benefit status.
(4) Require that there are adequate numbers of qualified professional staff to manage the CDPs according to the Service manpower and child space staffing requirements and referenced in paragraphs (c) and (d) of §79.6 of this part.
(5) Manage child care priority policy, as directed by their respective DoD Component.
(6) Manage hardship waiver policy (financial and operational), as directed by their respective DoD Component.
(7) Review and validate the demand for installation child care capacity and take appropriate action to expand the availability of care, as needed. See paragraph (h) of §79.6 of this part.
(8) Convene a Parent Board, and require that a viable Parent Participation Program is in accordance with 10 U.S.C. 1783 and 1795.
(9) Implement mandated annual and periodic inspections and complete required corrective and follow-up actions within timeframes specified by their respective DoD Component.

§79.6 Procedures.

(a) Priority System. To the extent possible, CDPs shall be offered to the qualifying children of eligible patrons.

(1) Priority 1. The highest priority for full-time care shall be given to qualifying children from birth through 12 years of age of combat related wounded warriors, child development program direct care staff, single or dual active duty Military Service members, single or dual DoD civilian employees paid from APF and NAF, surviving spouses of military members who died from a combat related incident, and those acting in loco parentis on behalf of the aforementioned eligible patrons, where a non-working spouse, or in the case of a DoD civilian employee with a same-sex domestic partner, is actively seeking employment. The status of actively seeking employment must be verified every 90 days.

(2) Priority 2. The second priority for full-time care shall be given equally to qualifying children from birth through 12 years of age of active duty Military Service members, DoD civilian employees paid from APF and NAF, surviving spouses of military members who died from a combat related incident, and those acting in loco parentis on behalf of the aforementioned eligible patrons, where a non-working spouse, or in the case of a DoD civilian employee with a same-sex domestic partner, is actively seeking employment. The status of actively seeking employment must be verified every 90 days.

(3) Priority 3. The third priority for full-time care shall be given equally to qualifying children from birth through 12 years of age of active duty Military Service members, DoD civilian employees paid from APF and NAF, surviving spouses of military members who died from a combat related incident, and those acting in loco parentis on behalf of the aforementioned eligible patrons, where a non-working spouse, or in the case of a DoD civilian employee with a same-sex domestic partner, is enrolled in an accredited post-secondary institution. The status of post-secondary enrollment must be verified every 90 days.

(4) Space Available. After meeting the needs of parents in priorities 1, 2, and 3, CDPs shall support the need for full-time care for other eligible patrons such as active duty Military Service members with non-working spouses, DoD civilian employees paid from APF and NAF with non-working spouses or same-sex domestic partners, eligible employees of DoD Contractors, Federal employees from non-DoD agencies, and military retirees on a space available basis. In this category, CDPs may also authorize otherwise ineligible patrons in accordance with 10 U.S.C. 1783, 1791 through 1809, 2809, and 2812 to enroll in the CDP to make more efficient use of DoD facilities and resources.

(5) Individual priorities will be determined based on the date of application with the DoD Component. Components may only establish sub-priorities if unique mission related installation requirements are identified by higher headquarters.
§ 79.6  

(b) Types of Care. The types of care offered for children from birth through 12 years of age include 24/7 care and care provided on a full-day, part-day, short-term or intermittent basis.

(1) Military-Operated CDPs. Military-operated (on and off installation) CDPs generally include:

(i) CDCs. Reference Table 1 of this section for standards of operation for CDCs. CDCs primarily offer care to children from birth to 5 years of age, but may also be used to provide SAC programs.

(ii) SAC Programs. Reference Table 1 of this section for SAC standards of operation. SAC programs primarily offer care to children from 6 to 12 years of age. Care may be offered in CDCs and other installation facilities, such as youth centers and schools.

(iii) FCC. Reference Table 2 of this section for FCC standards of operation. Child care services are available to children from infancy through 12 years of age and are provided in government housing or in state licensed/regulated homes in the community.

(iv) Supplemental Child Care. Services include short-term alternative child care options in approved settings on and off installation.

(v) Part-Day and Hourly Programs. CDP space used for part-day and hourly programs, including programs to provide respite child care, shall not exceed 20 percent of the CDP program’s capacity during duty hours.

(2) Military Department, Defense Agency, and DoD Field Activity-Approved Supplemental Child Care Programs. See paragraph (g) of this section.

(c) Administration, Funding and Oversight of Military Operated CDPs. Unless otherwise noted, the requirements in this section apply to all DoD-operated CDPs.

(1) Background Checks. All background checks for individuals who have regular, recurring contact with children and youth in CDPs, including adult family members of FCC providers and any individual over the age of 18 living in a home where child care is provided, and persons who serve as substitute or backup providers, shall be conducted in accordance with 32 CFR part 86.

(2) Funding. CDPs are funded by a combination of APF and NAF.

(i) The amount of APF used to operate CDPs shall be no less than the amount collected through child care fees, except for CDCs that operate under a long-term facility’s contract or lease-purchase agreement under 10 U.S.C. 2809 and 2812.

(A) A family’s child care fee category is determined based on an initial and subsequent annual verification of TFI. Families pay the child care fee assigned to that TFI category. A family’s fees may only be adjusted once per year, with exceptions listed in paragraph (c)(2)(i)(E) of this section. TFI is determined utilizing DD Form 2652.

(B) APF may be used to subsidize child care in military-approved civilian programs in accordance with 10 U.S.C. 1791 through 1800.

(C) DoD Components establishing child care fee assistance programs for their employees must contribute the amounts required to pay subsidies out of agency APFs.

(D) FCC providers are private contractors. Fees are established between the provider and parent, unless such providers receive direct monetary subsidies. When FCC providers receive direct monetary subsidies to reduce the cost of care for the families they service, the installation commander or DoD Component shall determine relevant fees charged by FCC providers.

(E) Fees may be adjusted:

(i) By the installation commander, Defense Agency Director, or DoD Field Activity Director:

(a) On a case-by-case basis for families who are facing financial hardship or unusual circumstances that merit review, in accordance with established DoD Component guidance.

(b) For parents participating in an approved parent participation program.

(2) By the DoD Components, Defense Agency Director, or DoD Field Activity Director:

(i) To accommodate an optional high market rate when it is necessary to pay higher wages to compete with local labor or at those installations where wages are affected by non-foreign area cost of living allowance (COLA), post differential or locality pay. The optional low market rate may be used in...
areas where costs for comparable care within the installation catchment area are significantly lower. A request to utilize the high or low market rate options must be submitted to OFP/CY for approval.

(ii) To reflect changes in employment status, relocation, and annual internal reviews that find inaccurate determination or calculation of TFI.

(iii) For CDP employees when CDC programs are facing operational hardships.

(ii) Child Development Program Element APF may be used for:
(A) Salaries of CDP employees.
(B) Food.
(C) Training and education.
(D) Program accreditation fees and support services.
(E) Travel and transportation.
(F) Marketing, to include recruitment, retention, and participation efforts.
(G) Supplies and equipment, to include lending libraries and training materials for use by FCC providers.
(H) Local travel expenses incurred by FCC program staff using their private vehicles to perform government functions.
(I) Direct monetary subsidies to FCC providers.

(iii) To the maximum extent possible, child care fees shall cover the NAF cost of care, and NAF costs not covered by child care fees are to be minimized. Child care fees shall only be used for:
(A) Compensation of direct care CDP employees who are classified as NAF employees, to include training and education, and recruitment and retention initiatives approved by the DoD Component.
(B) Food-related expenses not paid by the USDA or DoD APFs.
(C) Consumable supplies.

(3) Facility Requirements and Construction.

(i) Minimum prescribed construction standards:

(B) For all Army CDC facility construction, the Army Standard for Child Development Centers (see https://mrsi.usace.army.mil/dt/Army%20Standards/CDC%20age%206wk%20to%205yr%20Army%20Standard.pdf) apply.

(C) When SAC is provided in youth facilities, UFC 4–740–06, “Youth Centers” (see http://www.wbdg.org/ccb/DOD/UFC/ufc_4_740_06.pdf) and Service-specific exceptions to the UFC apply.

(D) State and local construction standards may be used but are not required, except if the CDC facility is located on an area over which the United States has no legislative jurisdiction and then only if State and local standards are more stringent than those in UFC 4–740–14.

(4) Oversight.

(i) DoD Certification Inspection. Installation-operated CDPs in which care is provided for 10 or more child care hours per week on a regular basis shall be certified to operate through inspections occurring no fewer than four (4) times a year. Inspections must be unannounced, and parent and staff feedback shall be solicited as part of the inspection process.

(A) Three local inspections and one higher headquarters inspection shall be conducted to verify compliance with this part and DoD Component implementing guidance. Local inspection teams are led by a representative of the installation commander, Defense Agency Director, or Defense Field Activity Director, and a multidisciplinary team, to include human resource, fire, health, and safety proponents, with expertise and authority to verify compliance with this part.

(B) Community representation on the...
team by appropriate professionals is highly encouraged.

(2) DoD Component inspection teams inspecting CDPs serving children birth through 12 years of age shall include staff possessing:

(i) A baccalaureate degree in child development, early childhood education (ECE), home economics (early childhood emphasis), elementary education, special education, or other degree appropriate to the position filled from an accredited college;

(ii) Knowledge of child/youth development programs; or

(iii) A combination of education and experience that provide knowledge comparable to that normally acquired through the successful completion of a 4-year degree (experience must include at least 3 years of full-time teaching or management experience with children of the appropriate age group).

(3) Parents shall be interviewed as part of the DoD Component inspection. Additional inspections shall be conducted in response to program complaints in accordance with paragraph (b) of §79.5.

(4) Results of DoD Component inspections shall be provided by the DoD Component to the ODASD(MC&FP) through OFP/CY. CDPs whose inspection results demonstrate compliance with this part shall receive DD Form 2636. Certificates shall be displayed in a prominent location in the CDP.

(5) Inspection results shall be made available to parents. Results from inspections of CDC programs shall be available online.

(6) Periodic, unannounced inspections shall be made by the ODASD(MC&FP) to ensure compliance with the requirements in this part.

(7) In response to each inspection, a corrective action plan with appropriate timelines shall be developed to address any deficiencies identified during inspection.

(ii) Violations. The installation commander, Defense Agency Director or DoD Field Activity Director shall ensure the immediate remedy of any life-threatening violation of this part or other safety, health, and child welfare laws or regulations (discovered at an inspection or otherwise) at a DoD CDP, or he or she will close the facility (or affected parts of the facility). (A) In the case of a violation that is not life-threatening, the commander of the major command under which the installation concerned operates, or the Director of the Defense Agency or DoD Field Activity concerned, may waive the requirement that the violation be remedied immediately for up to 90 days beginning on the date of discovery of the violation.

(B) If the violation that is not life-threatening is not remedied by the end of that 90-day period, the facility or parts involved will be closed until the violation is remedied.

(C) The Secretary of the Military Department, or Director of the Defense Agency or DoD Field Activity concerned, may request a waiver of the requirements of the preceding sentence to authorize the program to remain open in a case where the violation cannot reasonably be remedied within the 90-day period or in which major facility reconstruction is required. A waiver request must be submitted to OFP/CY for approval.

(iii) Accreditation. Eligible CDP facilities (excluding FCC) shall be accredited by a DoD-approved national accrediting body. CDP oversight is a statutory requirement involving an external nationally recognized accreditation process and internal DoD Certification process.

(A) FCC providers shall be encouraged to seek accreditation from an appropriate national accrediting body.

(B) The percentage of CDP facilities successfully achieving accreditation shall be reflected in the Annual Summary of Operations report referenced in §79.5.

(iv) Monitoring. There shall be a system in place to monitor FCC homes on a regular basis during all hours of operation. The following information shall be maintained for FCC providers:

(A) Results of family interview.

(B) Background check with suitability determination.

(C) Inspection results.

(D) Insurance.

(E) Training records.

(F) Monitoring visit records.

(5) Parent Board. In accordance with 10 U.S.C. 1783 and 1795, each CDP shall
establish a Parent Board to discuss problems and concerns and to provide recommendations for improving CDPs. The Board, with the staff of the program, is responsible for coordinating a parent participation program.

(i) The Board shall be composed only of parents of children enrolled in the installation CDP facilities that are Military Service members, retired Military Service members, or spouses of Military Service members or retired Military Service members, and chaired by such a parent.

(ii) The Board shall meet periodically with the staff of the program and the installation commander, Defense Agency Director, or DoD Field Activity Director to discuss problems and concerns. Board recommendations shall be forwarded to the installation commander, Defense Agency Director, or DoD Field Activity Director for review and disposition. These recommendations are reviewed during the DoD certification inspection.

(iii) The Board shall coordinate a parent participation program with CDP staff to ensure parents are involved in CDP planning and evaluation. In accordance with 10 U.S.C. 1795, parents participating in such program may be eligible for child care fees at a rate lower than the rate that otherwise applies.

(6) Enrollment. To enroll in the CDP, parents shall complete DD Form 2606 or electronic equivalent, DoD Child Development Program Request for Care Record. At the time of enrollment in an installation-based CDP, parents shall provide:

(i) Children’s health and emergency contact information.

(ii) Documentation that children have been fully immunized.

(A) Children who have not received their age-appropriate immunizations prior to enrollment and do not have a documented religious or medical exemption from routine childhood immunizations shall show evidence of an appointment for immunizations; the immunization series must be initiated within 30 days.

(B) Children in SAC are not required to provide documentation if they are enrolled in a local public school system where proof of currency of vaccination is required.

(iii) Children’s records shall be updated annually or as needed for their health, safety, or well-being.

(7) Immunizations. Children enrolling in or currently enrolled in DoD CDPs must provide written documentation of immunizations appropriate for the child’s age. Per AR 40–562/BUMEDINST 6230.15A/AFJI 48–110/CJIDM TD 6230.4F, "Immunizations and Chemoprophylaxis" (see http://www.vaccines.mil/documents/969v40_562.pdf), immunizations recommended by the ACIP are required.

(i) All records shall be updated at least annually and kept on file. Any child not enrolled in a school system where proof of currency of vaccination is required must provide proof of currency.

(ii) Children enrolled in a local public school system and volunteer sports coaches are excluded from this requirement.

(iii) A waiver for an immunization exemption may be granted for medical or religious reasons. Philosophical exemptions are not permitted. The DoD Component must provide guidance on the waiver process.

(A) A statement from the child’s health care provider is required if an immunization may not be administered because of a medical condition. The statement must document the reason why the child is exempt.

(B) If an immunization is not administered because of a parent’s religious beliefs, the parent must provide a written statement stating that he or she objects to the vaccination based upon religious beliefs.

(C) During a documented outbreak of a contagious disease (as determined by local DoD Medical authorities) that has a vaccine, the child who is attending the program under an immunization waiver for that vaccine, will be excluded from the program for his or her protection and the safety of the other children and staff until the contagious period is over.

(iv) Civilian employees (including specified regular volunteers) and FCC
providers shall obtain appropriate immunization against communicable diseases in accordance with recommendations from the ACIP. The requirement for appropriate immunization is a condition of continued employment or active participation in the program or organization.

(A) This requirement is waived if a current immunization, a protective titer, or a medical exemption is approved and documented. A waiver for an immunization exemption may also be granted for religious reasons. Philosophical exemptions are not permitted.

(B) The DoD Component must provide guidance on the waiver process. The DoD Component must approve all waivers and documentation of the waiver kept on file.

(C) During a documented outbreak of a contagious disease, staff with a waiver will be excluded from the program for their protection and the safety of the other children and staff until the contagious period is over.

(i) CDPs shall have standard operating procedures for reporting cases of suspected child abuse and neglect, and all employees, employees of DoD contractors, individuals working with CDPs, providers, volunteers and parents shall be informed of child abuse prevention, and identification and reporting requirements. Staff shall be knowledgeable of the child abuse reporting requirements.

(ii) In accordance with 10 U.S.C. 1794, the DoD Child Abuse and Safety Hotline telephone number shall be posted in highly visible areas, including the facility lobby, where parents have easy access to the telephone number. The hotline number shall be published in parent handbooks and other media.

9. Programming and Standards of Operation. All CDPs shall establish a planned program of developmentally appropriate activities, and adhere to the standards of operation outlined in Tables 1 and 2 of this section.

(d) Personnel. Installation-based CDP personnel and FCC providers shall meet the following requirements:

1. CDC Directors. CDC directors shall have at a minimum:

   (i) A baccalaureate degree in child development, ECE, home economics (early childhood emphasis), elementary education, special education, or other degree appropriate to the position filled from an accredited college; or

   (ii) A combination of education and experiences, which provide knowledge comparable to that normally acquired through the successful completion of the 4-year course of study in a child-related field.

2. SAC Directors. Directors shall have at a minimum:

   (i) A baccalaureate degree in a field of child or youth development, such as youth recreation, physical education, elementary education, secondary education, child development, psychology, social work, or other degree appropriate to the position filled from an accredited college; or

   (ii) A combination of education and experiences, which provide knowledge comparable to that normally acquired through the successful completion of the 4-year course of study in a child development or youth-related field.

3. Training and Curriculum Specialists. Each program within the CDP shall employ at least one training and curriculum specialist. Training and curriculum specialists shall have at a minimum:

   (i) A baccalaureate degree with a major course of study directly related to child or youth development, ECE or an equivalent field of study from an accredited college, or a combination of education and experiences, which provide knowledge comparable to that normally acquired through the successful completion of the 4-year course of study in the field of child or youth development or ECE.

   (ii) Knowledge of early childhood or youth education principles, concepts, and techniques to develop, interpret, monitor, and evaluate the execution of curriculum and age-appropriate activities.

   (iii) Knowledge of adult learning techniques and strategies and experience training adult learners.

   (iv) Ability to support DoD certification, accreditation, and staff
credentialing (Child Development Associate (CDA), Associate of Arts (AA) Degree) by ensuring that required training is administered and successfully accomplished to meet statutory and program requirements.

(4) FCC Administrators. FCC administrators shall have at a minimum:

(i) A baccalaureate degree with a major course of study directly related to child or youth development, family studies, or an equivalent field of study from an accredited university; or

(ii) A combination of education and experiences, which provide knowledge comparable to that normally acquired through the successful completion of the 4-year course of study in the field of child or youth development or family studies.

(5) CDP Direct Care Personnel, Support Staff, and FCC Providers. CDP direct care personnel and support staff, as a condition of employment, and FCC providers shall, as a condition of participation:

(i) Be at least 18 years of age.

(ii) Hold a high school diploma or equivalent.

(iii) Read, speak, and write English.

(iv) Successfully pass a pre-employment physical, maintain current immunizations and be physically and behaviorally capable of performing the duties of the job.

(c) Training. Each CDP must have a DoD Component-approved training program. Satisfactory completion of training is a condition of employment for staff in a center-based program and for providers offering care in FCC homes.

(1) CDP Management Personnel. CDP management personnel, including CDP directors (CDC directors, FCC administrators, and SAC directors), shall receive annual training, which includes the following topics:

(i) Child abuse prevention, identification, and reporting.

(ii) Program administration, including APF and NAF financial management, funding metrics, and fiscal accountability.

(iii) Staff development and personnel management.

(iv) Prevention of illness and injury and promotion of health.

(v) Emergency procedures and preparedness.

(vi) Working with children with special needs.

(vii) Developmentally appropriate practices.

(2) Training and Curriculum Specialists. Training and curriculum specialists shall receive annual training, to include the following topics:

(i) Child abuse prevention, identification, and reporting.

(ii) Developmentally appropriate practices.

(iii) Principles of adult learning.

(iv) Prevention of illness and injury and promotion of health.

(v) Emergency procedures.

(vi) Working with children with special needs.

(3) CDP Direct Care Personnel and FCC Providers.

(i) Training requirements for direct care personnel (excluding FCC providers) shall be linked to the DoD CDP Employee Wage Plan implemented in response to 10 U.S.C. 1783, and 1791 through 1800 to include completion of the DoD-approved competency based training modules within DoD Component specified time frames.

(ii) All newly hired CDP direct care personnel and FCC providers shall complete 40 hours of orientation. Orientation shall begin prior to working with children, with the full 40 hours completed within the first 90 days of employment. Orientation completion shall be documented for each direct care personnel or FCC provider. Orientation includes:

(A) Working with children of different ages, including developmentally appropriate activities and environmental observations.

(B) Age-appropriate guidance and discipline techniques.

(C) Applicable regulations, policies, and procedures.

(D) Child safety and fire prevention.

(E) Child abuse prevention, identification, and reporting.

(F) Parent and family relations.

(G) Health and sanitation procedures, including blood-borne pathogens, occupational health hazards for direct care personnel, and recognizing symptoms of illness.
§ 79.6  32 CFR Ch. I (7–1–15 Edition)

(H) Emergency health and safety procedures, including pediatric cardiopulmonary resuscitation (CPR) and first aid.

(I) Safe infant sleep practices and Sudden Infant Death Syndrome (SIDS) prevention.

(J) Nutrition, obesity prevention, and meal service.

(K) Working with children with special needs.

(L) Accountability and child supervision training.

(M) For FCC providers only, infant and child (pediatric) CPR and first aid must be completed prior to accepting children for care. Training shall be updated as necessary to maintain current certifications.

(N) For FCC providers only, training in business operations.

(iii) CDP direct care personnel and FCC providers shall complete additional training specified by the DoD Component within 90 days of beginning work. The training shall include, at a minimum, in-depth training on the subjects covered in the orientation as well as infant and child (pediatric) CPR and first aid, which shall be updated as necessary to maintain current certifications.

(iv) CDP direct care personnel and FCC providers shall complete a minimum of 24 hours per year of ongoing training by the DoD Component approved training program. Training shall include child abuse prevention, identification and reporting, safe infant sleep practices and SIDS prevention, working with children with special needs, and if required, administering medication.

(v) Substitute FCC providers must complete a basic orientation and background checks prior to providing care. Such orientation includes child abuse prevention, identification and reporting, working with children with special needs, safety procedures and pediatric CPR and first aid, and SIDS prevention. The FCC provider’s spouse may serve as a backup provider on a limited basis, as designated by the DoD Component and must complete the required substitute FCC provider training.

(4) CDP Support Staff. CDP support staff shall participate in annual training related to the latest techniques and procedures in child care, including topics on child abuse prevention, identification and reporting, and other training related to their position.

(t) Volunteers. All volunteers shall be screened, trained, and supervised in accordance with DoD Instruction 1402.5 and 32 CFR part 86; and DoD Instruction 1100.21, “Voluntary Services in the Department of Defense” (see http://www.dtic.mil/whs/directives/corres/pdf/110021p.pdf) and DoD Component implementing guidance, as appropriate to their role. Volunteers may not be alone with children and are not counted in the staff ratio. All regularly scheduled volunteers shall be trained in:

(1) Program orientation.

(2) Age-appropriate learning activities.

(3) Child abuse identification, reporting and prevention.

(4) Age-appropriate guidance and discipline.

(5) Working with children with special needs.

(6) Child health and safety.

(7) Safe infant sleep practices and SIDS prevention.

(8) Emergency procedures.

(9) Applicable regulations and installation policy.

(10) Role of the volunteer in the CDP.

(g) Supplemental Child Care. On-site group care services are designed to provide occasional, intermittent care to children on an hourly basis, including respite child care.

(1) When on-site group care is provided in an installation CDP facility by CDP staff members, the requirements of this part apply.

(2) When on-site group care is provided in a non-CDP facility by CDP personnel and parents are not on site, the requirements of this part apply.

(3) When on-site group care is provided in a non-CDP facility by CDP personnel and parents remain on site, the facility is not required to meet the requirements of this part.
