[53 FR 43395, Oct. 26, 1988, as amended at 62 FR 40239, July 25, 1997]

53.104 Overprinting.

Standard and optional forms (obtained as required by 53.107) may be overprinted with names, addresses, and other uniform entries that are consistent with the purpose of the form and that do not alter the form in any way. Exception approval for overprinting is not needed.

53.105 Computer generation.

OBLIGATION:

We, the Principal and Surety(ies) are firmly bound to the United States of America (hereinafter called the Government) in the above penal sum. For payment of the penal sum, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally. However, where the Sureties are corporations acting as co-sureties, we, the Sureties, bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us. Notice to the surety(ies) of extension(s) are waived. However, waiver of the notice applies only to extensions aggregating not more than sixty (60) calendar days in addition to the period originally allowed for acceptance of the bid.

STANDARD FORM 28 (REV. 6/2003)
Prescribed by GSA-FAR (48 CFR) 53.228(e)

INSTRUCTIONS

1. Individual sureties on bonds executed in connection with Government contracts must complete and submit this form with the bond. (See 48 CFR 28.203, 53.228(e).) The surety must have the completed form notarized.
2. No corporation, partnership, or other unincorporated association or firm, as such, is acceptable as an individual surety. Likewise, members of a partnership are not acceptable as sureties on bonds that a partnership or an association, or any co-partner or member thereof, is the principal obligor. However, stockholders of corporate principals are acceptable provided (a) their qualifications are independent of their stockholdings or financial interest therein, and (b) that the fact is expressed in the affidavit of justification. An individual surety will not include any financial interest in assets connected with the principal on the bond that this affidavit supports.
3. United States citizenship is a requirement for individual sureties for contracts and bonds when the contract is awarded in the United States. However, when the Contracting Officer is located in an outlying area or a foreign country, the individual surety is only required to be a permanent resident of the area or country in which the contracting officer is located.
4. All signatures of the affidavit submitted must be originals. Affidavits bearing reproduced signatures are not acceptable. An authorized person must sign the bond. Any person signing in a representative capacity (e.g., an attorney-in-fact) must furnish evidence of authority if that representative is not a member of a firm, partnership, or joint venture, or an officer of the corporation involved.

GENERAL INSTRUCTIONS

1. This report is not required for small businesses.
2. This report is not required for commercial items for which a commercial plan has been approved, nor from large businesses in the Department of Defense (DOD) Test Program for Negotiation of Comprehensive Subcontracting Plans. The Summary Subcontract Report (SSR) is required for contractors operating under one of these two conditions and should be submitted to the Government in accordance with the instructions on that form.
3. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$700,000 (over \$1,500,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), HUBZone Small Business (HUBZone SB), Veteran-Owned Small Business (VOSB) and Service-Disabled Veteran-Owned Small Business concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).
4. This report is required for each contract containing a subcontracting plan and must be submitted to the administrative contracting officer (ACO) or contracting officer if no ACO is assigned, semi-annually, during contract performance for the periods ended March 31st and September 30th. A separate report is required for each contract at contract completion. Reports are due 30 days after the close of each reporting period unless otherwise directed by the contracting officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or since the previous report.
5. Only subcontracts involving performance in the United States or its outlying areas should be included in this report with the exception of subcontracts under contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.
6. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.
7. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. Credit cannot be taken for awards made to lower tier subcontractors unless you have been designated to receive an SB and SDB credit from an Alaska Native Corporation (ANC) or Indian tribe.
8. FAR 19.703 sets forth the eligibility requirements for participating in the subcontracting program.
9. Actual achievements must be reported on the same basis as the goals set forth in the contract. For example, if goals in the plan do not include indirect and overhead items, the achievements shown on this report should not include them either.

SPECIFIC INSTRUCTIONS

BLOCK 2: For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-866-705-5711 or via the Internet at <http://www.dnb.com>. The contractor should be prepared to provide the following information: (i) Company legal business name. (ii) Tradestyle, doing business, or other name by which your entity is commonly recognized. (iii) Company physical street address, city, state and ZIP Code. (iv) Company mailing address, city, state and ZIP Code (if separate from physical). (v) Company telephone number. (vi) Date the company was started. (vii) Number of employees at your location. (viii) Chief executive officer/key manager. (ix) Line of business (industry). (x) Company Headquarters name and address (reporting relationship within your entity).

BLOCK 4: Check only one. Note that all subcontract award data reported on this form represents activity since the inception of the contract through the date indicated on this block.

BLOCK 5: Check whether this report is a "Regular," "Final," and/or "Revised" report. A "Final" report should be checked only if the contractor has completed the contract or subcontract reported in Block 7. A "Revised" report is a change to a report previously submitted for the same period.

BLOCK 6: Identify the department or agency administering the majority of subcontracting plans.

BLOCK 7: Indicate whether the reporting contractor is submitting this report as a prime contractor or subcontractor and the prime contract or subcontract number.

BLOCK 8: Enter the name and address of the Federal department or agency awarding the contract or the prime contractor awarding the subcontract.

BLOCK 9: Check the appropriate block to indicate whether indirect costs are included in the dollar amounts in blocks 10a through 16. To ensure comparability between the goal and actual columns, the contractor may include indirect costs in the actual column only if the subcontracting plan included indirect costs in the goal.

BLOCKS 10a through 18: Under "Current Goal," enter the dollar and percent goals in each category (SB, SDB, WOSB, VOSB, service-disabled VOSB, and HUBZone SB) from the subcontracting plan approved for this contract. (If the original goals agreed upon at contract award have been revised as a result of contract modifications, enter the original goals in Block 19. The amounts entered in Blocks 10a through 16 should reflect the revised goals.) There are no goals for Blocks 17 and 18. Under "Actual Cumulative," enter actual subcontract achievements (dollars and percent) from the inception of the contract through the date of the report shown in Block 4. In cases where indirect costs are included, the amounts should include both direct awards and an appropriate prorated portion of indirect awards. However, the dollar amounts reported under "Actual Cumulative" must be for the same period of time as the dollar amounts shown under "Current Goal." For a contract with options, the current goal should represent the aggregate goal since the inception of the contract. For example, if the contractor is submitting the report during Option 2 of a multiple year contract, the current goal would be the cumulative goal for the base period plus the goal for Option 1 and the goal for Option 2.

BLOCK 10a: Report all subcontracts awarded to SBs including subcontracts to SDBs, WOSB, VOSB, service-disabled VOSB, and HUBZone SBs. For DOD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs. Include subcontracts awarded to ANCs and Indian tribes that are not small businesses and that are not certified by the SBA as SDBs where you have been designated to receive their SB and SDB credit. Where your company and other companies have been designated by an ANC or Indian tribe to receive SB and SDB credit for a subcontract awarded to the ANC or Indian tribe, report only the portion of the total amount of the subcontract that has been designated to your company.

BLOCK 10b: Report all subcontracts awarded to large businesses (LBs) and any other-than-small businesses. Do not include subcontracts awarded to ANCs and Indian tribes that have been reported in 10a above.

BLOCK 10c: Report on this line the total of all subcontracts awarded under this contract (the sum of lines 10a and 10b).

BLOCKS 11 - 16: Each of these items is a subcategory of Block 10a. Note that in some cases the same dollars may be reported in more than one block (e.g., SDBs owned by women or veterans).

BLOCK 11: Report all subcontracts awarded to SDBs (including WOSB, VOSB, service-disabled VOSBs, and HUBZone SB SDBs). Include subcontracts awarded to ANCs and Indian tribes that have not been certified by SBA as SDBs where you have been designated to receive their SDB credit. Where your company and other companies have been designated by an ANC or Indian tribe to receive their SDB credit for a subcontract awarded to the ANC or Indian tribe, report only the portion of the total amount of the subcontract that has been designated to your company. For DoD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs.

BLOCK 12: Report all subcontracts awarded to WOSBs (including SDBs, VOSBs (including service-disabled VOSBs), and HUBZone SBs that are also WOSBs).

BLOCK 13: (For contracts with DoD, NASA, and Coast Guard) Report all subcontracts with HBCUs/MIs. Complete the column under "Current Goal" only when the subcontracting plan establishes a goal.

BLOCK 14: Report all subcontracts awarded to HUBZone SBs (including WOSBs, VOSBs (including service-disabled VOSBs), and SDBs that are also HUBZone SBs).

BLOCK 15: Report all subcontracts awarded to VOSBs including service-disabled VOSBs (and including SDBs, WOSBs, and HUBZone SBs that are also VOSBs).

BLOCK 16: Report all subcontracts awarded to service-disabled VOSBs (including SDBs, WOSBs, and HUBZone SBs that are also service-disabled VOSBs).

Federal Acquisition Regulation

53.301-294

BLOCK 17: Report all subcontracts awarded to ANCs and Indian tribes that are reported in Block 11, but have not been certified by SBA as SDBs.

BLOCK 18: Report all subcontracts awarded to ANCs and Indian tribes that are reported in Block 10a, but are not small businesses.

53.301-330 Architect-Engineer Qualifications.

ARCHITECT-ENGINEER QUALIFICATIONS

OMB No.: 9000-0157
Expires: 10/31/2014

PAPERWORK REDUCTION ACT STATEMENT: Public reporting burden for this collection of information is estimated to average 29 hours (25 hours for part 1 and 4 hours for Part 2) per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden, to U.S. General Services Administration, Regulatory Secretariat (MVCB)/IC 9000-0157, Office of Governmentwide Acquisition Policy, 1800 F Street, NW, Washington, DC 20405.

PURPOSE

Federal agencies use this form to obtain information from architect-engineer (A-E) firms about their professional qualifications. Federal agencies select firms for A-E contracts on the basis of professional qualifications as required by 40 U.S.C. chapter 11, Selection of Architects Engineers, and Part 36 of the Federal Acquisition Regulation (FAR).

The Selection of Architects and Engineers statute requires the public announcement of requirements for A-E services (with some exceptions provided by other statutes), and the selection of at least three of the most highly qualified firms based on demonstrated competence and professional qualifications according to specific criteria published in the announcement. The Act then requires the negotiation of a contract at a fair and reasonable price starting first with the most highly qualified firm.

The information used to evaluate firms is from this form and other sources, including performance evaluations, any additional data requested by the agency, and interviews with the most highly qualified firms and their references.

GENERAL INSTRUCTIONS

Part I presents the qualifications for a specific contract.

Part II presents the general qualifications of a firm or a specific branch office of a firm. Part II has two uses:

1. An A-E firm may submit Part II to the appropriate central, regional or local office of each Federal agency to be kept on file. A public announcement is not required for certain contracts, and agencies may use Part II as a basis for selecting at least three of the most highly qualified firms for discussions prior to requesting submission of Part I. Firms are encouraged to update Part II on file with agency offices, as appropriate, according to FAR Part 36. If a firm has branch offices, submit a separate Part II for each branch office seeking work.

2. Prepare a separate Part II for each firm that will be part of the team proposed for a specific contract and submitted with Part I. If a firm has branch offices, submit a separate Part II for each branch office that has a key role on the team.

INDIVIDUAL AGENCY INSTRUCTIONS

Individual agencies may supplement these instructions. For example, they may limit the number of projects or number of

pages submitted in Part I in response to a public announcement for a particular project. Carefully comply with any agency instructions when preparing and submitting this form. Be as concise as possible and provide only the information requested by the agency.

DEFINITIONS

Architect-Engineer Services: Defined in FAR 2.101.

Branch Office: A geographically distinct place of business or subsidiary office of a firm that has a key role on the team.

Discipline: Primary technical capabilities of key personnel, as evidenced by academic degree, professional registration, certification, and/or extensive experience.

Firm: Defined in FAR 36.102.

Key Personnel: Individuals who will have major contract responsibilities and/or provide unusual or unique expertise.

A particular project may be identified with one experience category or it may be broken into components, as best reflects the capabilities and types of work performed by the firm. However, do not double count the revenues received on a particular project.

11. Annual Average Professional Services Revenues of Firm for Last 3 Years. Complete this block for the firm or branch office for which this Part II is prepared. Enter the appropriate revenue index numbers to reflect the professional services revenues received annually (averaged over the last 3 years) by the firm or branch office. Indicate Federal work (performed directly for the Federal Government, either as the prime contractor or subcontractor), non-Federal work (all other domestic and foreign work, including Federally-assisted projects), and the total. If the firm has been in existence for less than 3 years, see the definition for "Annual Receipts" under FAR 19.101.

12. Authorized Representative. An authorized representative of the firm or branch office must sign and date the completed form. Signing attests that the information provided is current and factual. Provide the name and title of the authorized representative who signed the form.

CERTIFICATE

This is to certify that the undersigned, individually, and as an authorized representative of the Contractor, has examined this termination settlement proposal and that, to the best knowledge and belief of the undersigned:

(a) AS TO THE CONTRACTOR'S OWN CHARGES. The proposed settlement (exclusive of charges set forth in Item 10) and supporting schedules and explanations have been prepared from the books of account and records of the Contractor in accordance with recognized commercial accounting practices; they include only those charges allocable to the terminated portion of this contract; they have been prepared with knowledge that they will, or may, be used directly or indirectly as the basis of settlement of a termination settlement proposal or claim against an agency of the United States; and the charges as stated are fair and reasonable.

(b) AS TO THE SUBCONTRACTORS' CHARGES. (1) The Contractor has examined, or caused to be examined, to an extent it considered adequate in the circumstances, the termination settlement proposals of its immediate subcontractors (exclusive of proposals filed against these immediate subcontractors by their subcontractors); (2) The settlements on account of immediate subcontractors' own charges are fair and reasonable, the charges are allocable to the terminated portion of this contract, and the settlements were negotiated in good faith and are not more favorable to its immediate subcontractors than those that the Contractor would make if reimbursement by the Government were not involved; (3) The Contractor has received from all its immediate subcontractors appropriate certificates with respect to their termination settlement proposals, which certificates are substantially in the form of this certificate; and (4) The Contractor has no information leading it to doubt (i) the reasonableness of the settlements with more remote subcontractors or (ii) that the charges for them are allocable to this contract. Upon receipt by the Contractor of amounts covering settlements with its immediate subcontractors, the Contractor will pay or credit them promptly with the amounts so received, to the extent that it has not previously done so. The term "subcontractors," as used above, includes suppliers.

NOTE: The Contractor shall, under conditions stated in FAR 15.403, be required to submit a Certificate of Current Cost or Pricing Data (see FAR 15.406-2 and 15.408 Table 15-2).

INSTRUCTIONS

1. This settlement proposal should be submitted to the contracting officer, if you are a prime contractor, or to your customer, if you are a subcontractor. The term contract as used hereinafter includes a subcontract or a purchase order.
2. Proposals that would normally be included in a single settlement proposal, such as those based on a series of separate orders for the same item under one contract should be consolidated wherever possible, and must not be divided in such a way as to bring them below \$10,000.
3. You should review any aspects of your contract relating to termination and consult your customer or contracting officer for further information. Government regulations pertaining to the basis for determining a fair and reasonable termination settlement are contained in Part 49 of the Federal Acquisition Regulation. Your proposal for fair compensation should be prepared on the basis of the costs shown by your accounting records. Where your costs are not so shown, you may use any reasonable basis for estimating your costs which will provide for fair compensation for the preparations made and work done for the terminated portion of the contract, including a reasonable profit on such preparation and work.
4. Generally your settlement proposal may include under Items 2, 3, and 4, the following:
 - a. COSTS - Costs incurred which are reasonably necessary and are properly allocable to the terminated portion of your contract under recognized commercial accounting practices, including direct and indirect manufacturing, selling and distribution, administrative, and other costs and expenses incurred.
 - b. SETTLEMENT WITH SUBCONTRACTORS - Reasonable settlements of proposals of subcontractors allocable to the terminated portion of the subcontract. Copies of such settlements will be attached hereto.
 - c. SETTLEMENT EXPENSES - Reasonable costs of protecting and preserving termination inventory in your possession and preparing your proposal.

THIS AGREEMENT, entered into this	day of 19
by and between THE UNITED STATES OF AMERICA through the Defense Contract Administration Services, Defense Supply Agency acting for the Department of Defense (<i>hereinafter called the Government</i>) and (i)	
a corporation organized and existing under the laws of the State of	
(ii) a partnership consisting of	
(iii) an individual trading as	
with its principal office and place of business at	in the city of
State of	(<i>hereinafter called the Contractor</i>).
WITNESSETH THAT:	
<p>WHEREAS, the Government, through the Department of the Army, the Department of the Navy, and/or the Department of the Air Force, has in the past purchased or may in the future purchase from the Contractor supplies or services which are required and necessary to the national defense of the United States; or may invite bids or request quotations on proposed contracts for the purchase of supplies or services which are required and necessary to the national defense of the United States; and</p> <p>WHEREAS, it is essential that certain security measures be taken by the Contractor prior to and after his being accorded access to classified information; and</p> <p>WHEREAS, the parties desire to define and set forth the precautions and specific safeguards to be taken by the Contractor and the Government in order to preserve and maintain the security of the United States through the prevention of improper disclosure of classified information derived from matters affecting the national defense; sabotage; or any other act detrimental to the security of the United States.</p> <p>Now, THEREFORE, in consideration of the foregoing and of the mutual promises herein contained, the parties hereo agree as follows:</p> <p>Section I—SECURITY CONTROLS</p> <p>(A) The Contractor agrees to provide and maintain a system of security controls within its or his own organization in accordance with the requirements of the Department of Defense Industrial Security Manual for Safeguarding Classified Information attached hereto and made a part of this agreement, subject, however, (i) to any revisions of the Manual required by the demands of national security as determined by the Government, notice of which has been furnished to the Contractor, and (ii) to mutual agreements entered into by the parties in order to adapt the Manual to the Contractor's business and necessary procedures thereunder. In order to place in effect such security controls, the Contractor further agrees to prepare <i>Standard Practice Procedures</i> for its or his own use, such procedures to be consistent with the Department of Defense Industrial Security Manual for Safeguarding Classified Information. In the event of any inconsistency between the Contractor's <i>Standard Practice Procedures</i> and the Department of Defense Industrial Security Manual for Safeguarding Classified Information as the same may be revised, the Manual shall control.</p>	<p>(B) The Government agrees that it shall indicate when necessary by security classification (<i>Top Secret, Secret, or Confidential</i>), the degree of importance to the national defense of information pertaining to supplies, services, and other matters to be furnished by the Contractor to the Government or the Government to the Contractor, and the Government shall give written notice of such security classification to the Contractor and of any subsequent changes thereof; provided, however, that matters requiring security classification will be assigned the least restrictive security classification consistent with proper safeguarding of the matter concerned, since overclassification causes unnecessary operational delays and depreciates the importance of correctly classified matter. Further, the Government agrees that when Atomic Energy information is involved it will when necessary indicate by a marking additional to the classification marking that the information is "Restricted Data—Atomic Energy Act, 1946." The Contractor is authorized to rely on any letter or other written instrument signed by the contracting officer changing the classification of matter. The Government also agrees upon written application of the Contractor to designate employees of the Contractor who may have access to information classified Top Secret or Secret or to information classified Confidential when "Restricted Data" is involved, or to matter involving research, development, or production of cryptographic equipment, regardless of its military classification; and alien employees to have access to any classified matter.</p> <p>(C) The Contractor agrees that it or he shall determine that any subcontractor, subbidder, individual, or organization proposed by it or him for the furnishing of supplies or services which will involve access to classified information in its or his custody has executed a Department of Defense Security Agreement which is still in effect, with any Military Department, prior to being accorded access to such classified information.</p> <p>Section II—INSPECTION</p> <p>Designated representatives of the Government responsible for inspection pertaining to industrial plant security shall have the right to inspect at reasonable intervals the procedures, methods, and facilities utilized by the Contractor in complying with the requirements of the terms and conditions of the Department of Defense Industrial Security Manual for Safeguarding Classified Information. Should the Government, through its authorized representative, determine that the Contractor's security methods, procedures, or facilities do not comply with such requirements, it shall submit a written report to the Contractor advising him of the deficiencies.</p>
<p>DD FORM 441 EDITION OF 1 MAY 54 MAY BE USED</p>	

<p>Section III—MODIFICATION Modification of this security agreement (as distinguished from the Industrial Security Manual for Safeguarding Classified Information, which may be modified in accordance with section 1 of this agreement) may be made only by written agreement of the parties hereto.</p> <p>Section IV—TERMINATION This agreement shall remain in effect until terminated through the giving of 30 days' written notice to the other party of intention to terminate; provided, however, notwithstanding any such termination, the terms and conditions of this agreement shall continue in effect so long as the Contractor has classified information in his possession or under his control.</p> <p>Section V—PRIOR SECURITY AGREEMENTS As of the date hereof, this security agreement replaces and succeeds any and all prior security or secrecy agreements, understand-</p>	<p>ings, and representations with respect to the subject matter included herein, entered into between the Contractor and the Department of the Army, the Department of the Navy, and/or the Department of the Air Force: <i>Provided</i>, That the term "security or secrecy agreements, understandings, and representations" shall not include agreements, understandings, and representations contained in contracts for the furnishing of supplies or services to the Government heretofore entered into between the Contractor and the Department of the Army, the Department of the Navy, and/or the Department of the Air Force.</p> <p>Section VI—SECURITY COSTS This agreement does not obligate Government funds, and the Government shall not be liable for any costs or claims of the Contractor arising out of this agreement or instructions issued hereunder.
