To cite the regulations in this volume use title, part and section number. Thus, 12 CFR 1101.1 refers to title 12, part 1101, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16 ..............................................................as of January 1
Title 17 through Title 27 .................................................................as of April 1
Title 28 through Title 41 .................................................................as of July 1
Title 42 through Title 50 .............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2016), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

PAST PROVISIONS OF THE CODE

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a “List of CFR Sections Affected” is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not accidentally dropped due to a printing or computer error.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.
An index to the text of “Title 3—The President” is carried within that volume. The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

Sec.
1101.1 Scope and purpose.
1101.2 Authority and functions.
1101.3 Organization and methods of operation.
1101.4 Disclosure of information, policies, and records.
1101.5 Testimony and production of documents in response to subpoena, order, etc.

SOURCE: 45 FR 46794, July 11, 1980, unless otherwise noted.

§ 1101.1 Scope and purpose.
This part implements the Freedom of Information Act (FOIA), 5 U.S.C. 552, with respect to the Federal Financial Institutions Examination Council (Council), and establishes related information disclosure procedures.

§ 1101.2 Authority and functions.
(a) The Council was established by the Federal Financial Institutions Examination Council Act of 1978 (Act), 12 U.S.C. 3301–3308. It is composed of the Comptroller of the Currency; the Chairman of the Federal Deposit Insurance Corporation; a Governor of the Board of Governors of the Federal Reserve System; the Chairman of the Federal Home Loan Bank Board; and the Chairman of the National Credit Union Administration Board.
(b) The statutory functions of the Council are set out at 12 U.S.C. 3305. In summary, the mission of the Council is to promote consistency and progress in federal examination and supervision of financial institutions and their affiliates. The Council is empowered to prescribe uniform principles, standards, and reporting forms and systems; make recommendations in the interest of uniformity; and conduct examiner schools open to personnel of the agencies represented on the Council and employees of state financial institutions supervisory agencies.

§ 1101.3 Organization and methods of operation.
(a) Statutory requirements relating to the Council’s organization are stated in 12 U.S.C. 3303.
(b) Council staff. Administrative support and substantive coordination for Council activities are provided by a small staff detailed on a full-time basis from the five member agencies. The Executive Secretary and Deputy Executive Secretary of the Council supervise this staff.
(c) Agency Liaison Group, Task Forces and Legal Advisory Group. Most staff support in the substantive areas of the Council’s duties is provided by interagency task forces and the Council’s Legal Advisory Group (LAG). These task forces and the LAG are responsible for securing the services, as needed, of staff experts from the five agencies; supervising research and other investigative work for the Council; and preparing reports and recommendations for the Council. The Agency Liaison Group (ALG) is responsible for the overall coordination of the respective agencies’ staff contributions to Council business. The ALG, the task forces, and the LAG are each composed of Council member agency staff serving the Council on a part-time basis.
(d) State Liaison Committee. Under 12 U.S.C. 3306, the Council has established a State Liaison Committee, composed of five representatives of state financial institutions supervisory agencies.
(e) Council address. Council offices are located at 3501 Fairfax Drive, Room B–7061a, Arlington, VA, 22226–3550.

§ 1101.4 Disclosure of information, policies, and records.
(a) Statements of policy published in the Federal Register or available for public inspection and copying; indices. Under 5 U.S.C. 552(a)(1), the Council publishes general rules, policies and interpretations in the Federal Register. Under 5 U.S.C. 552(a)(2), policies and interpretations adopted by the Council, including instructions to Council staff affecting members of the public, and an index to the same, are available for

public inspection and copying at the office of the Executive Secretary of the Council, 3501 Fairfax Drive, Room B–7081a, Arlington, VA 22226–3550, during regular business hours. Policies and interpretations of the Council may be withheld from disclosure under the principles stated in paragraph (b)(1) of this section.

(b) Other records of the Council available to the public upon request; procedures—(1) General rule and exemptions. Under 5 U.S.C. 552(a)(3), all other records of the Council are available to the public upon request, except to the extent exempted from disclosure as provided in this paragraph (b). Except as specifically authorized by the Council, the following records, and portions thereof, are not available to the public:

(i) A record, or portion thereof, which is specifically authorized under criteria established by an Executive Order to be kept secret in the interest of national defense or foreign policy and which is, in fact, properly classified pursuant to such Executive Order.

(ii) A record, or portion thereof, relating solely to the internal personnel rules and practices of an agency.

(iii) A record, or portion thereof, specifically exempted from disclosure by statute (other than 5 U.S.C. 552b), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(iv) A record, or portion thereof, containing trade secrets and commercial or financial information obtained from a person and privileged or confidential.

(v) An intra-agency or interagency memorandum or letter that would not be routinely available by law to a private party in litigation, including, but not limited to, memoranda, reports, and other documents prepared by the personnel of the Council or its constituent agencies, and records of deliberations of the Council and discussions of meetings of the Council, any Council Committee, or Council staff, that are not subject to 5 U.S.C. 552b (the Government in the Sunshine Act).

(vi) A personnel, medical, or similar record, including a financial record, or any portion thereof, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

(vii) Records or information compiled for law enforcement purposes, to the extent permitted under 5 U.S.C. 552(b)(7), including records relating to a proceeding by a financial institution’s state or federal regulatory agency for the issuance of a cease-and-desist order, or order of suspension or removal, or assessment of a civil money penalty and the granting, withholding, or revocation of any approval, permission, or authority.

(viii) A record, or portion thereof, containing, relating to, or derived from an examination, operating, or condition report prepared by, or on behalf of, or for the use of any state or federal agency directly or indirectly responsible for the regulation or supervision of financial institutions.

(ix) A record, or portion thereof, which contains or is related to geological and geophysical information and data, including maps, concerning wells.

(2) Discretionary release of exempt information. Notwithstanding the applicability of an exemption, the Council or the Council’s designee may elect, under the circumstances of a particular request, to disclose all or a portion of any requested record where permitted by law. Such disclosure has no precedential significance.

(3) Procedure for records request—(i) Initial request. Requests for records shall be submitted in writing to the Executive Secretary of the Council:

(A) By sending a letter to: FFIEC, Attn: Executive Secretary, 3501 Fairfax Drive, Room B–7081a, Arlington, VA 22226–3550. Both the mailing envelope and the request should be marked “Freedom of Information Request,” “FOIA Request,” or the like; or

(B) By facsimile clearly marked “Freedom of Information Act Request,” “FOIA Request,” or the like to the Executive Secretary at (703) 562–6446; or

(C) By e-mail to the address provided on the FFIEC’s World Wide Web page, found at: http://www.ffiec.gov. Requests must reasonably describe the records sought.
(ii) Contents of request. All requests should contain the following information:

(A) The name and mailing address of the requester, an electronic mail address, if available, and the telephone number at which the requester may be reached during normal business hours;

(B) A statement as to whether the information is intended for commercial use, and whether the requester is an educational or noncommercial scientific institution, or news media representative;

(C) A statement agreeing to pay all applicable fees, or a statement identifying any desired fee limitation, or a request for a waiver or reduction of fees that satisfies paragraph (b)(5)(ii)(H) of this section.

(iii) Defective requests. The Council need not accept or process a request that does not reasonably describe the records requested or that does not otherwise comply with the requirements of this section. The Executive Secretary may return a defective request specifying the deficiency. The requester may submit a corrected request, which will be treated as an initial request.

(iv) Expedited processing. (A) Where a person requesting expedited access to records has demonstrated a compelling need for the records, or where the Executive Secretary has determined to expedite the response, the Executive Secretary shall process the request as soon as practicable. To show a compelling need for expedited processing, the requester shall provide a statement demonstrating that:

(1) Failure to obtain the records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(2) The requester is primarily engaged in information dissemination as a main professional occupation or activity, and there is urgency to inform the public of the government activity involved in the request.

(B) The requester’s statement must be certified to be true and correct to the best of the person’s knowledge and belief and explain in detail the basis for requesting expedited processing.

(C) The formality of the certification required to obtain expedited treatment may be waived by the Executive Secretary as a matter of administrative discretion.

(v) Response to initial requests. (A) Except where the Executive Secretary has determined to expedite the processing of a request, the Executive Secretary will respond by mail or electronic mail to all properly submitted initial requests within 20 working days of receipt. The time for response may be extended up to 10 additional working days, as provided in 5 U.S.C. 552(a)(6)(B), or for other periods by agreement between the requester and the Executive Secretary.

(B) In response to a request that reasonably describes the records sought and otherwise satisfies the requirements of this section, a search shall be conducted of records in existence and maintained by the Council on the date of receipt of the request, and a review made of any responsive information located. The Executive Secretary shall notify the requester of:

(1) The Executive Secretary’s determination of the response to the request;

(2) The reasons for the determination;

(3) If the response is a denial of an initial request or if any information is withheld, the Executive Secretary will advise the requester in writing:

(i) If the denial is in part or in whole;

(ii) The name and title of each person responsible for the denial (when other than the person signing the notification);

(iii) The exemptions relied on for the denial; and

(iv) The right of the requester to appeal the denial to the Chairman of the Council within 10 working days following the date of issuance of the notification, as specified in paragraph (b)(3)(vi) of this section.

(vi) Appeals of responses to initial requests. If a request is denied in whole or in part, the requester may appeal in writing, within 10 working days of the date of issuance of a denial determination. Appeals shall be submitted to the Chairman of the Council: (A) By sending a letter to: FFIEC, Attn: Executive Secretary, 3501 Fairfax Drive, Room B-
§ 1101.4 12 CFR Ch. XI (1–1–16 Edition)

7081a. Arlington, VA. 22226–3550. Both the mailing envelope and the request should be marked “Freedom of Information Act Appeal,” “FOIA Appeal,” or the like; or (B) By facsimile clearly marked “Freedom of Information Act Appeal,” “FOIA Appeal,” or the like to the Executive Secretary at (703) 562-6446. Appeals should refer to the date and tracking number of the original request and the date of the Council's initial ruling. Appeals should include an explanation of the basis for the appeal.

(vii) Council response to appeals. The Chairman of the Council, or another member designated by the Chairman, will respond to all properly submitted appeals within 20 working days of actual receipt of the appeal by the Executive Secretary. The time for response may be extended up to 10 additional working days, as provided in 5 U.S.C. 552(a)(6)(B), or for other periods by agreement between the requester and the Chairman or the Chairman's designee.

(4) Procedure for access to records if request is granted. (i) When a request for access to records is granted, in whole or in part, a copy of the records to be disclosed will be promptly delivered to the requester or made available for inspection, whichever was requested. Inspection of records, or duplication and delivery of copies of records will be arranged so as not to interfere with their use by the Council and other users of the records.

(ii) When delivery to the requester is to be made, copies of requested records shall be sent to the requester by regular U.S. mail to the address indicated in the request, unless the Executive Secretary deems it appropriate to send the documents by another means.

(iii) The Council shall provide a copy of the record in any form or format requested if the record is readily reproducible by the Council in that form or format, but the Council need not provide more than one copy of any record to a requester.

(iv) By arrangement with the requester, the Executive Secretary may elect to send the responsive records electronically if a substantial portion of the records is in electronic format. If the information requested is subject to disclosure under the Privacy Act of 1974, 5 U.S.C. 552a, it will not be sent by electronic means unless reasonable security measures can be established.

(5) Fees for document search, review, and duplication; waiver and reduction of fees—(i) Definitions—(A) Direct costs means those expenditures which the Council actually incurs in searching for, duplicating, and reviewing documents to respond to a FOIA request.

(B) Search means all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within documents. Searches may be done manually or by computer using existing programming.

(C) Duplication means the process of making a copy of a document necessary to respond to a FOIA request. Such copies can take the form of paper copy, microfilm, audiovisual records, or machine readable records (e.g., magnetic tape or computer disk).

(D) Review means the process of examining documents located in response to a request that is for a commercial use (see paragraph (b)(5)(i)(E) of this section) to determine whether any portion of any document located is permitted to be withheld and processing such documents for disclosure.

(E) Commercial use request means a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made. In determining whether a request falls within this category, the Executive Secretary will determine the use to which a requester will put the records requested and seek additional information as the Executive Secretary deems necessary.

(F) Educational institution means a preschool, an elementary or secondary school, an institution of undergraduate higher education, an institution of graduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(G) Noncommercial scientific institution means an institution that is not operated on a “commercial” basis as that term is referenced in paragraph (b)(5)(i)(E) of this section, and which is
operated solely for the purposes of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(H) Representative of the news media means any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. In this clause, the term "news" means information that is about current events or that would be of current interest to the public. Examples of news-media entities are television or radio stations broadcasting to the public at large and publishers of periodicals (but only if such entities qualify as disseminators of "news") who make their products available for purchase by or subscription by or free distribution to the general public. These examples are not all-inclusive. Moreover, as methods of news delivery evolve (for example, the adoption of the electronic dissemination of newspapers through telecommunications services), such alternative media shall be considered to be news-media entities. A freelance journalist shall be regarded as working for a news-media entity if the journalist can demonstrate a solid basis for expecting publication through that entity, whether or not the journalist is actually employed by the entity. A publication contract would present a solid basis for such an expectation; the Council may also consider the past publication record of the requester in making such a determination.

(ii) Fees to be charged. The Council will charge fees that recoup the full allowable direct costs it incurs. The Council may contract with the private sector to locate, reproduce, and/or disseminate records. Provided, however, that the Council has ensured that the ultimate cost to the requester is no greater than it would be if the Council performed these tasks. Fees are subject to change as costs change. In no case will the Council contract out responsibilities which the FOIA provides that it alone may discharge, such as determining the applicability of an exemption, or determining whether to waive or reduce fees.

(A) Manual searches and review. The Council will charge fees at the following rates for manual searches for and review of records:

(1) If search/review is done by clerical staff, the hourly rate for GS-7, step 5, plus 16 percent of the rate to cover benefits;

(2) If search/review is done by professional staff, the hourly rate for GS-13, step 5, plus 16 percent of the rate to cover benefits.

(B) Computer searches. The Council will charge fees at the hourly rate for GS-13, step 5, plus 16 percent of the rate to cover benefits, plus the hourly cost of operating the computer for computer searches for records.

(C) Duplication of records. (1) The per-page fee for paper copy reproduction of a document is $.25.

(2) The fee for documents generated by computer is the hourly rate for the computer operator (at GS 7, step 5, plus 16 percent for benefits if clerical staff, and GS 13, step 5, plus 16 percent for benefits if professional staff) plus the cost of materials (computer paper, tapes, disks, labels, etc.).

(3) If any other method of duplication is used, the Council will charge the actual direct cost of duplicating the documents.

(D) If search, duplication and/or review is provided by personnel of member agencies of the Council, fees will reflect their actual hourly rates, plus 16 percent for benefits.

(E) Fees to exceed $25. If the Council estimates that duplication and/or search fees are likely to exceed $25, it will notify the requester of the estimated amount of fees, unless the requester has indicated in advance his/her willingness to pay fees as high as those anticipated. In the case of such notification by the Council, the requester will then have the opportunity to confer with Council personnel with the object of reformulating the request to meet his/her needs at a lower cost.

(F) Other services. Complying with requests for special services such as certifying records as true copies or mailing records by express mail is entirely at the discretion of the Council. The Council will recover the full costs of providing such services to the extent it elects to provide them.
§ 1101.4

(G) **Restriction on assessing fees.** The Council will not charge fees to any requester, including commercial use requesters, if the cost of collecting a fee would be equal to or greater than the fee itself.

(H) **Waiving or reducing fees.** As part of the initial request for records, a requester may ask that the Council waive or reduce fees if disclosure of the records is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Council and is not primarily in the commercial interest of the requester. The initial request for records must also state the justification for a waiver or reduction of fees. Determinations as to a waiver or reduction of fees will be made by the Executive Secretary of the Council and the requester will be notified in writing of his/her determination. A determination not to grant a request for a waiver or reduction of fees under this paragraph may be appealed to the Chairman of the Council pursuant to the procedure set forth in paragraph (b)(3)(vi) of this section.

(iii) **Categories of requesters.** (A) **Commercial use requesters.** The Council will assess fees for commercial use requesters sufficient to recover the full direct costs of searching for, reviewing for release, the duplicating the records sought.

(B) **Requesters who are representatives of the news media, educational and noncommercial scientific institution requesters.** The Council shall provide documents to requesters in these categories for the cost of reproduction of documents, not to exceed 100 free pages of reproduction of documents.

(C) All other requesters. The Council shall charge requesters who do not fit into any of the categories above fees which recover the full reasonable direct cost of searching for and reproducing records that are responsive to the request, except that the first 100 pages of reproduction and the first two hours of search time shall be furnished without a fee.

(D) All requesters must specifically describe records sought.

(iv) **Interest on unpaid fees.** The Council may begin assessing interest charges on an unpaid bill starting on the 31st day following the day on which the bill was sent. Interest will be at the rate prescribed in section 3717 of title 31 U.S.C. and will accrue from the date of the billing.

(vi) **Aggregating requests.** A requester(s) may not file multiple requests each seeking portions of a document or documents, solely in order to avoid payment of fees. If this is done, the Council may aggregate any such requests and charge accordingly. In no case will the Council aggregate multiple requests on unrelated subjects from the same requester.

(vii) **Advance payment of fees.** The Council will not require a requester to make an assurance of payment or an advance payment unless:

(A) The Council estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250. The Council will notify the requester of the likely cost and obtain satisfactory assurance of full payment where the requester has a history of prompt payment of FOIA fees, or require an advance payment of an amount up to the full estimated charges in the case of requesters with no history of payment; or

(B) A requester has previously failed to pay a fee charged in a timely fashion. The Council may require the requester to pay the full amount owed plus any applicable interest as provided in paragraph (b)(5)(iv) of this section or demonstrate that he/she has, in fact, paid the fee, and to make an advance payment of the full amount of the estimated fee before the Council begins to
process a new request or a pending re-
quest from that requester.

(C) When the Council acts under
paragraph (b)(5)(vii) (A) or (B) of this
section, the administrative time limits
prescribed in subsection (a)(6) of the
FOIA (i.e., 20 working days from re-
cipient of initial requests, plus permis-
sible extensions of these time limits) will
begin only after the Council has
received the fee payments described.

(6) Records of another agency. If a re-
quested record originated with or in-
corporates the information of another
state or federal agency or department,
upon receipt of a request for the record
the Council will promptly inform the
requester of this circumstance and im-
mEDIATELY shall forward the request to
the originating agency or department
either for processing in accordance
with the latter’s regulations or for
 guidance with respect to disposition.

1102.100 Authority, purpose and scope.

1102.102 Times, places and requirements for
requests pertaining to individual records
in a record system and for the identifica-
tion of individuals making requests for
access to records pertaining to them.

1102.104 Special procedure: Medical records.
1102.105 Requests for amendment of records.
1102.106 Review of requests for amendment.
§ 1102.1 Authority, purpose and scope.

(a) Authority. This subpart is issued under section 1119(b) of title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 ("FIRREA") (12 U.S.C. § 3348(b)).

(b) Purpose and scope. This subpart prescribes rules of practice and procedure governing temporary waiver proceedings under Section 1119(b) of title XI of FIRREA (12 U.S.C. § 3348(b)). These procedures apply whenever a State appraiser regulatory agency requests the Appraisal Subcommittee of the Federal Financial Institutions Examination Council ("ASC") for a waiver of any requirement relating to certification or licensing of a person to perform appraisals under title XI of FIRREA. They also apply whenever the ASC, based on sufficient, credible information or requests received from other persons or entities, initiates a temporary waiver proceeding.

§ 1102.2 Requirements for requests.

A request will not be deemed received by the ASC unless it fully and accurately sets out:

(a) If the requester is a State Appraiser Regulatory Agency, a written, duly authorized determination by the State Appraiser Regulatory Agency that there is a scarcity of State licensed or State certified appraisers leading to significant delays in obtaining appraisals in federally related transactions. The scarcity can relate to the entire State or to particular geographical or political subdivisions. In the absence of such a written determination, a State Appraiser Regulatory Agency must ask the ASC for such a determination;

(b) The requirement or requirements of State law from which relief is being sought;

(c) A description of all significant problems currently being encountered in efforts to comply with title XI;

(d) The nature of the scarcity of certified or licensed appraisers (including supporting documentation);

(e) The extent of the delays anticipated or experienced in obtaining the services of certified or licensed appraisers (including supporting documentation);

(f) The reasons why the requester believes that the requirement or requirements are causing the scarcity of certified or licensed appraisers and the service delays; and

(g) A specific plan for expeditiously alleviating the scarcity and the service delays.

§ 1102.3 Other requests and information submissions.

The federal financial institutions regulatory agencies and the Resolution Trust Corporation, their respective regulated financial institutions, and other persons or institutions with a demonstrable interest in appraiser regulation, may ask the ASC for a determination under §1102.2(a) of this subpart, and may ask that the ASC exercise its discretionary authority to initiate a temporary waiver proceeding. Such regulated financial institutions and other persons or institutions do not need to comply with §1102.2(g) of this subpart, but are strongly encouraged to include meaningful suggestions and recommendations for remedying the situation. A copy of the request or
informational submission shall be forwarded promptly to the State Appraiser Regulatory Agency. The ASC shall consider these submissions and requests in exercising its authority to initiate a temporary waiver procedure. When the ASC initiates a temporary waiver proceeding, these documents shall correspond to a received request under §1102.4 of this subpart.

§ 1102.4 Notice and comment.

The ASC shall publish promptly in the FEDERAL REGISTER a notice respecting:
(a) The received request; or
(b) The ASC order initiating a temporary waiver proceeding. The notice or initiation order shall contain a concise general statement of the nature and basis for the action and shall give interested persons 30 calendar days from its publication in which to submit written data, views and arguments.

§ 1102.5 Subcommittee determination.

Within 45 calendar days of the date of the publication of the notice or initiation order in the FEDERAL REGISTER, the ASC, by order, shall either grant or deny a waiver in whole, in part, and upon specified terms and conditions, including provisions for waiver termination. Such order shall respond to comments received from interested members of the public and shall provide the reasons for the ASC’s finding. The order shall be published promptly in the FEDERAL REGISTER, which, in the case of an approval order, shall be after Federal Financial Institution Examination Council concurrence. Upon the ASC’s determination that an emergency exists, the ASC may issue an interim approval order simultaneously with its action under §1120.4 of this subpart. Any ASC approval order shall be effective only upon Federal Financial Institution Examination Council concurrence.

§ 1102.6 Waiver extension.

The ASC may initiate an extension of temporary waiver relief and shall follow §§1102.4, 1102.5 and 1102.7 of this subpart. A State Appraiser Regulatory Agency also may request an extension of temporary waiver relief by forwarding an additional written request to the ASC. A request for an extension from State Appraiser Regulatory Agency shall be subject to all the requirements of this subpart.

§ 1102.7 Waiver termination.

The ASC at any time may terminate a waiver order on the finding that:
(a) The significant delays in obtaining the services of certified or licensed appraisers no longer exist; or
(b) The terms and conditions of the waiver order are not being satisfied. The ASC shall publish a finding of waiver termination promptly in the FEDERAL REGISTER, giving persons no less than 30 calendar days from publication in which to submit written data, views and arguments. In the absence of further ASC action to the contrary, the finding of waiver termination automatically shall become final 21 calendar days after the close of the comment period.

(b) By non-attorneys. An individual may appear on his or her own behalf. A member of a partnership may represent the partnership, and an officer, director or employee of any government unit, agency, institution, corporation or authority may represent that unit, agency, institution, corporation or authority. The ASC may require the representative to attach to the statement appropriate supporting documentation, such as a corporate resolution.

The attorney or other representative of a party shall make every effort to restrain a client from improper conduct in connection with a proceeding. (a) Form. All papers filed under this subpart must be double-spaced and printed or typewritten on 8½” × 11” paper. All copies shall be clear and legible.

(a) Methods; appearing party. A serving party, who has made an appearance under §1102.22 of this subpart, shall use one or more of the following methods of service:

(1) Personal service;
(2) Delivering the papers to a reliable commercial courier service, overnight delivery service, or to the U.S. Post Office for Express Mail delivery; and
(3) Mailing the papers by first class, registered, or certified mail.

(b) Methods; non-appearing party. If a party has not appeared in the proceeding in accordance with §1102.22 of this subpart, the ASC or any other party shall make service by any of the following methods:
(1) By personal service;
(2) By delivery to a person of suitable age and discretion at the party’s last known address;
(3) By registered or certified mail addressed to the party’s last known address; or
(4) By any other manner reasonably calculated to give actual notice.

(c) By the Subcommittee. All papers required to be served by the ASC shall be served by the Secretary unless some other person shall be designated for such purpose by the ASC.

(d) By the respondent. All papers filed in a proceeding under this subpart shall be served by a respondent on the Secretary and each party’s attorney, or, if any party is not so represented, then upon such party. Such service may be made by any of the appropriate methods specified in paragraphs (a) and (b) of this section.

§ 1102.26 When papers are deemed filed or served.

(a) Effectiveness. Filing and service are deemed effective:
(1) For personal service or same-day commercial courier delivery, upon actual delivery; and
(2) For overnight commercial delivery service, U.S. Express Mail delivery, or first class, registered, or certified mail, upon deposit in, or delivery to, an appropriate point of collection.

(b) Modification. The effective times for filing and service in paragraph (a) of this section may be modified by the ASC in the case of filing or by agreement of the parties in the case of service.

§ 1102.27 Computing time.

(a) General rule. In computing any period of time prescribed or allowed by this subpart, the date of the act, event or default from which the designated period of time begins to run is not included. The last day so computed is included, unless it is a Saturday, Sunday, or Federal holiday, in which event the period runs until the end of the next day which is not a Saturday, Sunday or Federal holidays. Intermediate Saturdays, Sundays, and Federal holidays shall not be included in the computation.

(b) For service and filing responsive papers. Whenever a time limit is measured by a prescribed period from the service of any notice or paper, the applicable time periods are calculated as follows:
(1) If service is made by first class, registered or certified mail, add three days to the prescribed period; and
(2) If service is made by express mail or overnight delivery service, add one day to the prescribed period.

§ 1102.28 Documents and exhibits in proceedings public.

Unless and until otherwise ordered by the ASC or unless otherwise provided by statute or by ASC regulation, all documents, papers and exhibits filed in connection with any proceeding, other than those that may be withheld from disclosure under applicable law, shall be placed by the Secretary in the proceeding’s public file and will be available for public inspection and copying at the address set out in §1102.24 of this subpart.

(b) Written submissions. All aspects of the proceeding shall be conducted by written submissions only, with the exception of oral presentations allowed under §1102.36 of this subpart.

(c) Disqualification. A Subcommittee member who deems himself or herself disqualified may at any time withdraw. Upon receipt of a timely and sufficient affidavit of personal bias or disqualification of such member, the ASC will rule on the matter as a part of the record and decision in the case.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted under this subpart.

(b) Stipulations. Any party may stipulate in writing as to any relevant matters of fact, law, or the authenticity of any relevant documents. The Secretary shall place such stipulations in the public file, and they shall be binding on the parties.

(c) Official notice. Every matter officially noticed by the ASC shall appear in the public file, unless the ASC determines that the matter must be withheld from public disclosure under applicable Federal law.

(b) Call for further briefs, memoranda, statements; reopening of matters. The ASC may call for the production of further information upon any issue, the submission of briefs, memoranda and statements (together with written responses), and, upon appropriate notice, may reopen any aspect of the proceeding at any time prior to a decision on the matter.

§ 1102.30 Rules of evidence.

(a) In general. (1) Except as is otherwise set forth in this section, relevant, material and reliable evidence that is not unduly repetitive is admissible to the fullest extent authorized by the Administrative Procedure Act (5 U.S.C. 551 et seq.) and other applicable law.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted under this subpart.

(b) Stipulations. Any party may stipulate in writing as to any relevant matters of fact, law, or the authenticity of any relevant documents. The Secretary shall place such stipulations in the public file, and they shall be binding on the parties.

(c) Official notice. Every matter officially noticed by the ASC shall appear in the public file, unless the ASC determines that the matter must be withheld from public disclosure under applicable Federal law.

§ 1102.30 Rules of evidence.

(a) In general. (1) Except as is otherwise set forth in this section, relevant, material and reliable evidence that is not unduly repetitive is admissible to the fullest extent authorized by the Administrative Procedure Act (5 U.S.C. 551 et seq.) and other applicable law.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted under this subpart.

(b) Stipulations. Any party may stipulate in writing as to any relevant matters of fact, law, or the authenticity of any relevant documents. The Secretary shall place such stipulations in the public file, and they shall be binding on the parties.

(c) Official notice. Every matter officially noticed by the ASC shall appear in the public file, unless the ASC determines that the matter must be withheld from public disclosure under applicable Federal law.
§ 1102.31 Burden of proof.

The ultimate burden of proof shall be on the respondent. The burden of going forward with a prima facie case shall be on the ASC.

§ 1102.32 Notice of Intention to Commence a Proceeding.

The ASC shall instruct the Secretary or other designated officer acting for the ASC to publish in the Federal Register a Notice of Intention To Commence A Proceeding (Notice of Intention). The Notice of Intention shall be served upon the party or parties to the proceeding and shall commence at the time of service. The Notice of Intention shall state the legal authority and jurisdiction under which the proceeding is to be held; shall contain, or incorporate by appropriate reference, a specific statement of the matters of fact or law constituting the grounds for the proceeding; and shall state a date no sooner than 25 days after service of the Notice of Intention is made for termination of the information-gathering phase of the proceeding. The Notice of Intention also must contain a bold-faced warning respecting the effect of a failure to file a Rebuttal or Notice Not To Contest under § 1102.33(d) of this subpart. The ASC may amend a Notice of Intention in any manner and to the extent consistent with provisions of applicable law.

§ 1102.33 Rebuttal or Notice Not To Contest.

(a) When required. A party to the proceeding may file either a Rebuttal or a Notice Not to Contest the statements contained in the Notice of Intention or any amendment thereto with the Secretary within 15 days after being served with the Notice of Intention or an amendment to such Notice. The Secretary shall place the Rebuttal or the Notice Not To Contest in the public file.

(b) Requirements of Rebuttal; effect of failure to deny. A Rebuttal filed under this section shall specifically admit, deny or state that the party does not have sufficient information to admit or deny each statement in the Notice of Intention. A statement of lack of information shall have the effect of a denial. Any statement not denied shall be deemed to be admitted. When a party intends to deny only a part or a qualification of a statement, the party shall admit so much of it as is true and shall deny only the remainder.

(c) Notice Not To Contest. A party filing a Notice Not To Contest the statement of fact set forth in the Notice of Intention shall constitute a waiver of the party’s opportunity to rebut the facts alleged, and together with the Notice of Intention and any referenced documents, will provide a record basis on which the ASC shall decide the matter. The filing of a Notice Not To Contest shall not constitute a waiver of the right of such party to a judicial review of the ASC’s decision, findings and conclusions.

(d) Effect of failure to file Rebuttal or Notice Not To Contest. Failure of a party to file a response required by this section within the time provided shall constitute a waiver of the party’s opportunity to rebut and to contest the statements in the Notice of Intention and shall constitute authorization for the ASC to find the facts to be as presented in the Notice of Intention and to file with the Secretary a decision containing such findings and appropriate conclusions. The ASC, for good cause shown, will permit the filing of a Rebuttal after the prescribed time.

§ 1102.34 Briefs, memoranda and statements.

(a) By the parties. Until the end of the information-gathering phase of the proceeding, any party may file with the Secretary a written brief, memorandum or other statement providing factual data and policy and legal arguments regarding the matters set out in the Notice of Intention. The filing party shall simultaneously serve a copy thereof on the Secretary and on the other parties to the proceeding. The Secretary will receive documents and responses and will place them in the public file.

(b) By interested persons, in non-recognition proceedings. Until the end of the information-gathering phase of a
proceeding under section 1118 of FIRREA (12 U.S.C. 3347), any person with a demonstrable, direct interest in the outcome of the proceeding may file with the Secretary a written brief, memorandum or other statement providing factual data and policy and legal arguments regarding the matters set out in the Notice of Intention. The ASC’s Chairperson or his or her designee may not accept any such written brief, memorandum or other statement if the submitting person cannot demonstrate a direct interest in the outcome of the proceeding. Upon acceptance of the written brief, memorandum or other statement, the Secretary shall make copies of the document and forward one copy thereof to each party to the proceeding. No later than ten days after such service, any party may file with the Secretary a written response to the document and must simultaneously serve one copy thereof on the other parties to the proceeding. The Secretary will place a copy of such briefs, memoranda, statements and responses in the public file.

§ 1102.35 Opportunity for informal settlement.

Any party may at any time submit to the Secretary, for consideration by the Subcommittee, written offers or proposals for settlement of a proceeding, without prejudice to the rights of the parties. No offer or proposal shall be included in the proceeding’s public file over the objection of any party to such proceeding. This paragraph shall not preclude settlement of any proceeding by the filing of a Notice Not To Contest as provided in §1102.33(c) or by the submission of the case to the ASC on a stipulation of facts.

§ 1102.36 Oral presentations.

(a) In general. A party does not have a right to an oral presentation. Under this section, a party’s request to make an oral presentation may be denied if such a denial is appropriate and reasonable under the circumstances. An oral presentation shall be considered as an opportunity to offer, emphasize and clarify the facts, policies and laws concerning the proceeding.

(b) Method and time of request. Between the commencement of the proceeding and ten days before the end of the information-gathering phase, any party to the proceeding may file with the Secretary a letter requesting that the Secretary schedule an opportunity for the party to give an oral presentation to the ASC. That letter shall include the reasons why an oral presentation is necessary.

(c) ASC processing. The Secretary must promptly forward the letter request to the Chairman of the ASC. The Chairman, after informally contacting other ASC members and the ASC’s senior staff for their views, will instruct the Secretary to forward a letter to the party either: Scheduling a date and time for the oral presentation and specifying the allowable duration of the presentation; or declining the request and providing the reasons therefor. The party’s letter request and the ASC’s response will be included in the proceeding’s public file.

(d) Procedure on presentation day. On the appropriate date and time, the party or his or her attorney (if any) will make the oral presentation before the ASC. Any ASC member may ask the party or the attorney, as the case may be, pertinent questions relating to the content of the oral presentation. Oral presentations will not be recorded or otherwise transcribed. The Secretary must enter promptly into the proceeding’s public file a memorandum summarizing the subjects discussed during the oral presentation.

§ 1102.37 Decision of the Subcommittee and judicial review.

At a reasonable time after the end of the information-gathering phase of the proceeding, but not exceeding 35 days, the ASC shall issue a final decision, containing specified terms and conditions as it deems appropriate, in the matter and shall cause the decision to be published promptly in the Federal Register. The final decision shall be effective on issuance. The Secretary shall serve the decision upon the parties promptly, shall place it in the proceeding’s public file and shall furnish it to such other persons as the ASC may direct. Pursuant to the provisions of chapter 7 of title 5 of the U.S. Code and section 1118(c)(3) of title XI of FIRREA (12 U.S.C. 3348(c)(3)), a final decision of

(b) The Privacy Act of 1974 is based, in part, on the finding by Congress that “in order to protect the privacy of individuals identified in information systems maintained by Federal agencies, it is necessary and proper for the Congress to regulate the collection, maintenance, use, and dissemination of information by such agencies.” To achieve this objective, the Act generally provides that Federal agencies must advise an individual upon request...

(c) Privacy Act Officer means the ASC’s Associate Director for Administration or such other ASC staff officer, other than the Executive Director, duly designated by the ASC’s Executive Director.

§ 1102.102 Times, places and requirements for requests pertaining to individual records in a record system and for the identification of individuals making requests for access to records pertaining to them.

(a) Place to make request. Any request by an individual to be advised whether any system of records maintained by the ASC and named by the individual contains a record pertaining to him or her, or any request by an individual for access to a record pertaining to him or her that is contained in a system of records maintained by the ASC, shall be submitted in person at the ASC between 9 a.m. and 4:30 p.m., Monday through Friday, which is located at 1401 H Street, NW., Suite 760, Washington, DC 20005, or by mail addressed to: Privacy Act Officer, ASC, 1401 H Street, NW., Suite 760, Washington, DC 20005. All requests will be required to be put in writing and signed by the individual making the request. In the case of requests for access that are made by mail, the envelope should be clearly marked “Privacy Act Request.”

(1) Information to be included in requests. Each request by an individual concerning whether the ASC maintains in a system of records a record that pertains to the individual, or for access to any record pertaining to the individual that is maintained by the ASC in a system of records, shall include such information as will assist the ASC in identifying those records as to which the individual is seeking information or access. Where practicable, the individual should identify the system of records that is the subject of his or her request by reference to the ASC’s notices of systems of records, which are published in the FEDERAL REGISTER, as required by section (e)(4) of the Privacy Act, 5 U.S.C. 552a(e)(4). Where a system of records is compiled on the basis of a specific identification scheme, the individual should include in his or her request the identification number or other identifier assigned to the individual. In the event the individual does not know that number or identifier, the individual shall provide other information, including his or her full name, address, date of birth and subject matter of the record, to aid in processing his or her request. If additional information is required before a request can be processed, the individual shall be so advised.

(2) Verification of identity. When the fact of the existence of a record is not required to be disclosed under the Freedom of Information Act, 5 U.S.C. 552, as amended, or when a record as to which access has been requested is not required to be disclosed under that Act, the individual seeking the information or requesting access to the record shall be required to verify his or her identity.
§ 1102.103 Disclosure of requested records.

(a) Initial review. Requests by individuals for access to records pertaining to them will be referred to the ASC's Privacy Act Officer, who initially will determine whether access will be granted.

(b) Grant of request for access. (1) If it is determined that a request for access to records pertaining to an individual will be granted, the individual will be advised by mail that access will be given at the ASC or a copy of the requested record will be provided by mail if the individual shall so indicate. Where the individual requests that copies of the record be mailed to or her or requests copies of a record upon reviewing it at the ASC, the individual shall pay the cost of making requested copies, as set forth in §1102.109 of this subpart.

(2) In granting access to an individual to a record pertaining to him or her, the ASC staff shall take steps to prevent the unauthorized disclosure of information pertaining to other individuals.

(c) Denial of request for access. If it is determined that access will not be granted, the individual making the request will be notified of that fact and given the reasons why access is being denied. The individual also will be advised of his or her right to seek review by the Executive Director of the initial decision to deny access, in accordance with the procedures set forth in §1102.107 of this subpart.

(d) Time for acting on requests for access. Access to a record pertaining to an individual normally will be granted or denied within 30 days (excluding Saturdays, Sundays, and Federal holidays) after the receipt of the request for access, unless the individual making the request is notified in writing within the 30 day period that, for good
cause shown, a longer time is required. In such cases, the individual making the request shall be informed in writing of the difficulties encountered and an indication shall be given as to when it is anticipated that access may be granted or denied.

(e) Authorization to allow designated person to review and discuss records pertaining to another individual. An individual, who is granted access to records pertaining to him or her and who appears at the ASC Office to review the records, may be accompanied by another person of his or her choosing. Where the records as to which access has been granted are not required to be disclosed under provisions of the Freedom of Information Act, 5 U.S.C. 552, as amended, the individual requesting the records, before being granted access, shall execute a written statement, signed by him or her, specifically authorizing the latter individual to review and discuss the records. If such authorization has not been given as described, the person who has accompanied the individual making the request will be excluded from any review or discussion of the records.

(f) Exclusion for certain records. Nothing contained in these rules shall allow an individual access to any information compiled in reasonable anticipation of an administrative judicial or civil action or proceeding.

§ 1102.104 Special procedure: Medical records.

(a) Statement of physician or mental health professional. When an individual requests access to records pertaining to the individual that include medical and/or psychological information, the ASC, if it deems it necessary under the particular circumstances, may require the individual to submit with the request a signed statement by the individual’s physician or a mental health professional indicating that, in his or her opinion, disclosure of the requested records or information directly to the individual will not have an adverse effect on the individual.

(b) Designation of physician or mental health professional to receive records. If the ASC believes, in good faith, that disclosure of medical and/or psychological information, directly to an individual could have an adverse effect on that individual, the individual may be asked to designate in writing a physician or mental health professional to whom the individual would like the records to be disclosed, and disclosure that otherwise would be made to the individual will instead be made to the designated physician or mental health professional.

§ 1102.105 Requests for amendment of records.

(a) Place to make requests. A request by an individual to amend records pertaining to him or her may be made in person during normal business hours at the ASC located at 2000 K Street, NW., Suite 310, Washington, DC , or by mail addressed to the Privacy Act Officer, ASC, 1401 H Street, NW., Suite 760, Washington, DC 20005.

(1) Information to be included in requests. Each request to amend an ASC record shall reasonably describe the record sought to be amended. Such description should include, for example, relevant names, dates and subject matter to permit the record to be located among the records maintained by the ASC. An individual who has requested that a record pertaining to the individual be amended will be advised promptly if the record cannot be located on the basis of the description given and that further identifying information is necessary before the request can be processed. An initial evaluation of a request presented in person will be made immediately to ensure that the request is complete and to indicate what, if any, additional information will be required. Verification of the individual’s identity as set forth in §1102.102(a) (2), (3), (4) and (5) may also be required.

(2) Basis for amendment. An individual requesting an amendment to a record pertaining to the individual shall specify the substance of the amendment and set forth facts and provide such materials that would support his or her contention that the record as maintained by the ASC is not accurate, timely or complete, or that the record is not necessary and relevant to accomplish a statutory purpose of the ASC as authorized by law or by Executive Order of the President.
§ 1102.107

(b) Acknowledgement of requests for amendment. Receipt of a request to amend a record pertaining to an individual normally will be acknowledged in writing within 10 days after such request has been received, excluding Saturdays, Sundays and Federal holidays. When a request to amend is made in person, the individual making the request will be given a written acknowledgement when the request is presented. The acknowledgement will describe the request received and indicate when it is anticipated that action will be taken on the request. No acknowledgement will be sent when the request for amendment will be reviewed, and an initial decision made, within the 10 day period after such request has been received.

§ 1102.106 Review of requests for amendment.

(a) Initial review. As in the case of requests for access, requests by individuals for amendment to records pertaining to them will be referred to the ASC’s Privacy Act Officer for an initial determination.

(b) Standards to be applied in reviewing requests. In reviewing requests to amend records, the Privacy Act Officer will be guided by the criteria set forth in 5 U.S.C. 552(e) (1) and (5), i.e., that records maintained by the ASC shall contain only such information as is necessary and relevant to accomplish a statutory purpose of the ASC as required by statute or Executive Order of the President and that such information also be accurate, timely, relevant and complete. These criteria will be applied whether the request is to add material to a record or to delete information from a record.

(c) Time for acting on requests. Initial review of a request by an individual to amend a record shall be completed as promptly as is reasonably possible and normally within 30 days (excluding Saturdays, Sundays, and Federal holidays) from the date the request was received, unless unusual circumstances preclude completion of review within that time. If the anticipated completion date indicated in the acknowledgement cannot be met, the individual requesting the amendment will be advised in writing of the delay and the reasons therefor, and also advised when action is expected to be completed.

(d) Grant of requests to amend records. If a request to amend a record is granted in whole or in part, the Privacy Act Officer will:

1. Advise the individual making the request in writing of the extent to which it has been granted;
2. Amend the record accordingly; and
3. Where an accounting of disclosures of the record has been kept pursuant to 5 U.S.C. 552a(c), advise all previous recipients of the record of the fact that the record has been amended and the substance of the amendment.

(e) Denial of requests to amend records. If an individual’s request to amend a record pertaining to him is denied in whole or in part, the Privacy Act Officer will:

1. Promptly advise the individual making the request in writing of the extent to which the request has been denied;
2. State the reasons for the denial of the request;
3. Describe the procedures established by the ASC to obtain further review within the ASC of the request to amend, including the name and address of the person to whom the appeal is to be addressed; and
4. Inform the individual that the Privacy Act Officer will provide information and assistance to the individual in perfecting an appeal of the initial decision.

§ 1102.107 Appeal of initial adverse agency determination regarding access or amendment.

(a) Administrative review. Any person who has been notified pursuant to §1102.103(c) that a request for access to records pertaining to him or her has been denied in whole or in part, or pursuant to §1102.106(e) of this subpart that a request for amendment has been denied in whole or in part, or who has received no response to a request for
access or to amend within 30 days (excluding Saturdays, Sundays and Federal holidays) after the request was received by the ASC’s staff (or within such extended period as may be permitted in accordance with §§1102.103(d) and 1102.106(c) of this subpart), may appeal the adverse determination or failure to respond by applying for an order of the Executive Director determining and directing that access to the record be granted or that the record be amended in accordance with his or her request.

(1) The application shall be in writing and shall describe the record in issue and set forth the proposed amendment and the reasons therefor.

(2) The application shall be delivered to the ASC, 2000 K Street, NW., Suite 310, Washington, DC, or by mail addressed to the Privacy Act Officer, ASC, 1401 H Street, NW., Suite 760, Washington, DC 20005.

(3) The applicant may state such facts and cite such legal or other authorities in support of the application.

(4) The Executive Director will make a determination with respect to any appeal within 30 days after the receipt of such appeal (excluding Saturdays, Sundays, and Federal holidays), unless for good cause shown, the Executive Director shall extend that period. If such an extension is made, the individual who is appealing shall be advised in writing of the extension, the reasons therefor, and the anticipated date when the appeal will be decided.

(5) In considering an appeal from a denial of a request to amend a record, the Executive Director shall apply the same standards as set forth in §1102.106(b).

(6) If the Executive Director concludes that access should be granted, the Executive Director shall issue an order granting access and instructing the Privacy Act Officer to comply with §1102.103(b).

(7) If the Executive Director concludes that the request to amend the record should be granted in whole or in part, the Executive Director shall issue an order granting the requested amendment in whole or in part and instructing the Privacy Act Officer to comply with the requirements of §1102.106(d) of this subpart, to the extent applicable.

(8) If the Executive Director affirms the initial decision denying access, the Executive Director shall issue an order denying access and advising the individual seeking access of:

(i) The order;

(ii) The reasons for denying access; and

(iii) The individual’s right to appeal the decision pursuant to 5 U.S.C. 552a(g)(1)(B).

(b) Statement of disagreement. As noted in paragraph (a)(9)(ii) of this section, an individual may file with the Executive Director a statement setting forth his or her disagreement with the Executive Director’s denial of his or her request to amend a record.

(1) Such statement of disagreement shall be delivered to the ASC, 1401 H Street, NW., Suite 760, Washington, DC 20005, within 30 days after receipt by the ASC.
the individual of the Executive Director’s order denying the amendment, excluding Saturdays, Sundays and Federal holidays. For good cause shown, this period can be extended for a reasonable time.

(2) Such statement of disagreement shall concisely state the basis for the individual’s disagreement. Unduly lengthy or irrelevant materials will be returned to the individual by the Executive Director for appropriate revisions before they become a permanent part of the individual’s record.

(3) The record about which a statement of disagreement has been filed will clearly note which part of the record is disputed and the Executive Director will provide copies of the statement of disagreement and, if the Executive Director deems it appropriate, provide a concise statement of his or her reasons for refusing to amend the record, to persons or other agencies to whom the record has been or will be disclosed.

§ 1102.108 General provisions.

(a) Extensions of time. Pursuant to §§1102.103(b), 1102.104(d), 1102.109(c) and 1102.109(a)(4) of this subpart, the time within which a request for information, access or amendment by an individual with respect to records maintained by the ASC that pertain to him or her normally would be processed may be extended for good cause shown or because of unusual circumstances. As used in these rules, good cause and unusual circumstances shall include, but only to the extent reasonably necessary to the proper processing of a particular request:

(1) The need to search for and collect the requested records from establishments that are separate from the ASC. Some records of the ASC may be stored in Federal Records Centers in accordance with law—including many of the documents that have been on file with the ASC for more than 2 years—and cannot be made available promptly. Any person who has requested for personal examination a record stored at the Federal Records Center will be notified when the record will be made available.

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which may be demanded in a single request. While every reasonable effort will be made to comply fully with each request as promptly as possible on a first-come, first-served basis, work done to search for, collect and appropriately examine records in response to a request for a large number of records will be contingent upon the availability of processing personnel in accordance with an equitable allocation of time to all members of the public who have requested or wish to request records.

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request, or among two or more components within the ASC having substantial subject-matter interest herein.

(b) Effective date of action. Whenever it is provided in this subpart that an acknowledgement or response to a request will be given by specific times, deposit in the mails of such acknowledgement or response by that time, addressed to the person making the request, will be deemed full compliance.

(c) Records in use by a member of the ASC or its staff. Although every effort will be made to make a record in use by a member of the ASC or its staff available when requested, it may occasionally be necessary to delay making such a record available when doing so at the time the request is made would seriously interfere with the work of the ASC or its staff.

(d) Missing or lost records. Any person who has requested a record or a copy of a record pertaining to him or her will be notified if the record sought cannot be found. If the person so requests, he or she will be notified if the record subsequently is found.

(e) Oral requests; misdirected written requests—(1) Telephone and other oral requests. Before responding to any request by an individual for information concerning whether records maintained by the ASC in a system of records pertain to the individual or to any request.
for access to records by an individual, such request must be in writing and signed by the individual making the request. The Executive Director will not entertain any appeal from an alleged denial of failure to comply with an oral request. Any person who has made an oral request for information or access to records who believes that the request has been improperly denied should resubmit the request in appropriate written form to obtain proper consideration and, if need be, administrative review.

(2) Misdirected written requests. The ASC cannot assure that a timely or satisfactory response will be given to written requests for information, access or amendment by an individual with respect to records pertaining to him or her that are directed to the ASC other than in a manner prescribed in §§1102.103(a), 1102.106(a), 1102.108(a)(2), and 1102.110 of this subpart. Any staff member who receives a written request for information, access or amendment by an individual with respect to records pertaining to him or her that are directed to the ASC should promptly forward the request to the Privacy Act Officer. Misdirected requests for records will be considered to have been received by the ASC only when they have been actually received by the Privacy Act Officer in cases under §1102.108(a)(2). The Executive Director will not entertain any appeal from an alleged denial or failure to comply with a misdirected request, unless it is clearly shown that the request was in fact received by the Privacy Act Officer.

§ 1102.109 Fees.

(a) There will be no charge assessed to the individual for the ASC’s expense involved in searching for or reviewing the record. Copies of the ASC’s records will be provided by a commercial copier at rates established by a contract between the copier and the ASC or by the ASC at the rates in §1101.4(b)(5)(ii) of 12 CFR part 1101.

(b) Waiver or reduction of fees. Whenever the Executive Director of the ASC determines that good cause exists to grant a request for reduction or waiver of fees for copying documents, he or she may reduce or waive any such fees.

§ 1102.110 Penalties.

Title 18 U.S.C. 1001 makes it a criminal offense, subject to a maximum fine of $10,000, or imprisonment for not more than 5 years or both, to knowingly and willingly make or cause to be made any false or fraudulent statements or representations in any matter within the jurisdiction of any agency of the United States. 5 U.S.C. 552a(1) makes it a misdemeanor punishable by a fine of not more than $5,000 for any person knowingly and willfully to request or obtain any record concerning an individual from the ASC under false pretenses. 5 U.S.C. 552a(1) (1) and (2) provide criminal penalties for certain violations of the Privacy Act by officers and employees of the ASC.
Federal Financial Institutions Examination Council

§ 1102.301 Definitions.

1102.308 provides anyone with the right to petition the ASC to issue, amend, and repeal rules of general application. Section 1102.309 sets out the ASC’s confidential treatment procedures. Section 1102.310 outlines procedures for serving a subpoena or other legal process to obtain information maintained by the ASC.

§ 1102.301 Definitions.

For purposes of this subpart:

(a) ASC means the Appraisal Subcommittee of the Federal Financial Institutions Examination Council.

(b) Commercial use request means a request from, or on behalf of, a requester who seeks records for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made. In determining whether a request falls within this category, the ASC will determine the use to which a requester will put the records requested and seek additional information as it deems necessary.

(c) Direct costs means those expenditures the ASC actually incurs in searching for, duplicating, and, in the case of commercial requesters, reviewing records in response to a request for records.

(d) Disclose or disclosure mean to give access to a record, whether by producing the written record or by oral discussion of its contents. Where the ASC member or employee authorized to release ASC documents makes a determination that furnishing copies of the documents is necessary, these words include the furnishing of copies of documents or records.

(e) Duplication means the process of making a copy of a record necessary to respond to a request for records or for inspection of original records that contain exempt material or that cannot otherwise be directly inspected. Such copies can take the form of paper copy, microfilm, audiovisual records, or machine readable records (e.g., magnetic tape or computer disk).

(f) Educational institution means a preschool, a public or private elementary or secondary school, an institution of undergraduate or graduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(g) Field review includes, but is not limited to, formal and informal investigations of potential irregularities occurring at State appraiser regulatory agencies involving suspected violations of Federal or State civil or criminal laws, as well as such other investigations as may conducted pursuant to law.

(h) Non-commercial scientific institution means an institution that is not operated on a commercial basis as that term is defined in paragraph (b) of this section, and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(i) Record includes records, files, documents, reports correspondence, books, and accounts, or any portion thereof, in any form the ASC regularly maintains them.

(j) Representative of the news media means any person primarily engaged in gathering news for, or a free-lance journalist who can demonstrate a reasonable expectation of having his or her work product published or broadcast by, an entity that is organized and operated to publish or broadcast news to the public. The term news means information that is about current events or that would be of current interest to the general public.

(k) Review means the process of examining documents located in a response to a request that is for a commercial use to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure, e.g., doing all that is necessary to excise them and otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(l) Search includes all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within records. Searches may be done manually and/or by computer using existing programming.
§ 1102.302 ASC authority and functions.

(a) Authority. The ASC was established on August 9, 1989, pursuant to title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, as amended (‘‘FIRREA’’), 12 U.S.C. 3331 and 3310 through 3351. Title XI is intended ‘‘to provide that Federal financial and public policy interests in real estate related transactions will be protected by requiring that real estate appraisals utilized in connection with federally related transactions are performed in writing, in accordance with uniform standards, by individuals whose competency has been demonstrated and whose professional conduct will be subject to effective supervision.’’ 12 U.S.C. 3331.

(b) Functions. The ASC’s statutory functions are generally set out in 12 U.S.C. 3332. In summary, the ASC must:

(1) Monitor the requirements established by the States for the certification and licensing of individuals who are qualified to perform appraisals in connection with federally related transactions, including a code of professional responsibility;

(2) Monitor the requirements of the Federal financial institutions regulatory agency and Resolution Trust Corporation with respect to appraisal standards for federally related transactions and determinations as to which federally related transactions require the services of a State certified appraiser and which require the services of a State licensed appraiser;

(3) Monitor and review the practices, procedures, activities and organizational structure of the Appraisal Foundation; and

(4) Maintain a national registry of State certified and licensed appraisers eligible to perform appraisals in federally related transactions.

§ 1102.303 Organization and methods of operation.

(a) Statutory and other guidelines. Statutory requirements relating to the ASC’s organization are stated in 12 U.S.C. 3310, 3333 and 3334. The ASC has adopted and published Rules of Operation guiding its administration, meetings and procedures. These Rules of Operation were published at 56 FR 28561 (June 21, 1991) and 56 FR 33451 (July 22, 1991).

(b) ASC members and staff. The ASC is composed of six members, each being designated by the head of their respective agencies: the Board of Governors of the Federal Reserve System, Federal Deposit Insurance Corporation, Office of the Comptroller of the Currency, National Credit Union Administration, Office of Thrift Supervision, and the Department of Housing and Urban Development. Administrative support and substantive program, policy, and legal guidance for ASC activities are provided by a small, full-time, professional staff supervised by an Executive Director.

(c) FFIEC. Title XI placed the ASC within FFIEC as a separate, appropriated agency of the United States Government with specific statutory responsibilities under Federal law.

(d) ASD Address. ASC offices are located at 2000 K Street, NW., Suite 310; Washington, DC 20006.

§ 1102.304 Federal Register publication.

The ASC publishes the following information in the Federal Register for the guidance of the public:

(a) Description of its organization and the established places at which, the officers from whom, and the methods whereby, the public may secure information, make submittals or requests, or obtain decisions;

(b) Statements of the general course and method by which its functions are channeled and determined, including
the nature and requirements of all formal and informal procedures available;
(c) Rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports or examinations;
(d) Substantive rules of general applicability adopted as authorized by law, and statements of general policy or interpretations of general applicability formulated and adopted by the ASC;
(e) Every amendment, revision or repeal of the foregoing; and
(f) General notices of proposed rule-making.

§ 1102.305 Publicly available records.

(a) Records available on the ASC's World Wide Web site—(1) Discretionary release of documents. The ASC encourages the public to explore the wealth of resources available on the ASC’s Internet World Wide Web site, located at: http://www.asc.gov. The ASC has elected to publish a broad range to materials on its Web site.

(2) Documents required to be made available via computer telecommunications. (i) The following types of documents created on or after November 1, 1996, and required to be made available through computer telecommunications, may be found on the ASC’s Internet World Wide Web site located at: http://www.asc.gov:

(A) Final opinions, including concurring and dissenting opinions, as well as final orders, made in the adjudication of cases;

(B) Statements of policy and interpretations adopted by the ASC that are not published in the Federal Register;

(C) Administrative staff manuals and instructions to staff that affect a member of the public;

(D) Copies of all records (regardless of form or format), such as correspondence relating to field reviews or other regulatory subjects, released to any person under §1102.306 that, because of the nature of their subject matter, the ASC has determined are likely to be the subject of subsequent requests;

(E) A general index of the records referred to in paragraph (a)(2)(i)(D) of this section.

(ii) To the extent permitted by law, the ASC may delete identifying details when it makes available or publishes any records. If reduction is necessary, the ASC will, to the extent technically feasible, indicate the amount of material deleted at the place in the record where such deletion is made unless that indication in and of itself will jeopardize the purpose for the redaction.

(b) Types of written communications. The following types of written communications shall be subject to paragraph (a) of this section:

(1) The ASC’s annual report to Congress;

(2) All final opinions and orders made in the adjudication of cases;

(3) All statements of general policy not published in the Federal Register.

(4) Requests for the ASC or its staff to provide interpretive advice with respect to the meaning or application of any statute administered by the ASC or any rule or regulation adopted thereunder and any ASC responses thereto;

(5) Requests for a statement that, on the basis of the facts presented in such a request, the ASC would not take any enforcement action pertaining to the facts as represented and any ASC responses thereto; and

(6) Correspondence between the ASC and a State appraiser regulatory agency arising out of the ASC’s field review of the State agency’s appraiser regulatory program.

(c) Applicable fees.

(1) If applicable, fees for furnishing records under this section are as set forth in §1102.306(e).

(2) Information on the ASC’s World Wide Web site is available to the public without charge. If, however, information available on the ASC’s World Wide Web site is provided pursuant to a Freedom of Information Act request processed under g 1102.306 then fees apply and will be assessed pursuant to §1102.306(e).
§ 1102.306 Procedures for requesting records.

(a) Making a request for records. (1) The request shall be submitted in writing to the Executive Director:

(i) By facsimile clearly marked “Freedom of Information Act Request” to (202) 293–6251;

(ii) By letter to the Executive Director marked “Freedom of Information Act Request”; 2000 K Street, NW., Suite 301; Washington, DC 20006; or

(iii) By sending Internet e-mail to the Executive Director marked “Freedom of Information Act Request” at his or her e-mail address listed on the ASC’s World Wide Web site.

(2) The request shall contain the following information:

(i) The name and address of the requester, an electronic mail address, if available, and the telephone number at which the requester may be reached during normal business hours;

(ii) Whether the requester is an educational institution, non-commercial scientific institution, or news media representative;

(iii) A statement agreeing to pay the applicable fees, or a statement identifying a maximum fee that is acceptable to the requester, or a request for a waiver or reduction of fees that satisfies paragraph (e)(1)(x) of this section; and

(iv) The preferred form and format of any responsive information requested, if other than paper copies.

(3) A request for identifiable records shall reasonably describe the records in a way that enables the ASC’s staff to identify and produce the records with reasonable effort and without unduly burdening or significantly interfering with any ASC operations.

(b) Defective requests. The ASC need not accept or process a request that does not reasonably describe the records requested or that does not otherwise comply with the requirements of this subpart. The ASC may return a defective request, specifying the deficiency. The requester may submit a corrected request, which will be treated as a new request.

(c) Processing requests—(1) Receipt of requests. Upon receipt of any request that satisfies paragraph (a) of this section, the Executive Director shall assign the request to the appropriate processing track pursuant to this section. The date of receipt for any request, including one that is addressed incorrectly or that is referred by another agency, is the date the Executive Director actually receives the request.

(2) Expedited processing. (i) Where a person requesting expedited access to records has demonstrated a compelling need for the records, or where the ASC has determined to expedite the response, the ASC shall process the request as soon as practicable. To show a compelling need for expedited processing, the requester shall provide a statement demonstrating that:

(A) The failure to obtain the records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(B) The requester can establish that it is primarily engaged in information dissemination as its main professional occupation or activity, and there is urgency to inform the public of the government activity involved in the request; and

(C) The requester’s statement must be certified to be true and correct to the best of the person’s knowledge and belief and explain in detail the basis for requesting expedited processing.

(ii) The formality of the certification required to obtain expedited treatment may be waived by the Executive Director as a matter of administrative discretion.

(3) A requester seeking expedited processing will be notified whether expedited processing has been granted within ten (10) working days of the receipt of the request. If the request for expedited processing is denied, the requester may file an appeal pursuant to the procedures set forth in paragraph (g) of this section, and the ASC shall respond to the appeal within ten (10) working days after receipt of the appeal.

(4) Priority of responses. Consistent with sound administrative process, the ASC processes requests in the order they are received. However, in the ASC’s discretion, or upon a court order in a matter to which the ASC is a party, a particular request may be processed out of turn.
(5) Notification. (i) The time for response to requests will be twenty (20) working days except:
   (A) In the case of expedited treatment under paragraph (c)(2) of this section;
   (B) Where the running of such time is suspended for the calculation of a cost estimate for the requester if the ASC determines that the processing of the request may exceed the requester’s maximum fee provision or if the charges are likely to exceed $250 as provided for in paragraph (e)(1)(iv) of this section;
   (C) Where the running of such time is suspended for the payment of fees pursuant to the paragraph (c)(5)(i)(B) and (e)(1) of this section; or
   (D) In unusual circumstances, as defined in 5 U.S.C. 552(a)(6)(B) and further described in paragraph (c)(5)(iii) of this section.
(ii) In unusual circumstances as referred to in paragraph (c)(5)(i)(D) of this section, the time limit may be extended for a period of:
   (A) Ten (10) working days as provided by written notice to the requester, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched; or
   (B) Such alternative time period as agreed to by the requester or as reasonably determined by the ASC when the ASC notifies the requester that the request cannot be processed in the specified time limit.
(iii) Unusual circumstances may arise when:
   (A) The records are in facilities that are not located at the ASC’s Washington office;
   (B) The records requested are voluminous or are not in close proximity to one another; or
   (C) There is a need to consult with another agency or among two or more components of the ASC having a substantial interest in the determination.

(6) Response to request. In response to a request that satisfies the requirements of paragraph (a) of this section, a search shall be conducted of records maintained by the ASC in existence on the date of receipt of the request, and a review made of any responsive information located. To the extent permitted by law, the ASC may redact identifying details when it makes available or publishes any records. If redaction is appropriate, the ASC will, to the extent technically feasible, indicate the amount of material deleted at the place in the record where such deletion is made unless that indication in and of itself will jeopardize the purpose for the redaction. The ASC shall notify the requester of:
   (i) The ASC’s determination of the request;
   (ii) The reasons for the determination;
   (iii) If the response is a denial of an initial request or if any information is withheld, the ASC will advise the requester in writing:
      (A) If the denial is in part or in whole;
      (B) The name and title of each person responsible for the denial (when other than the person signing the notification);
      (C) The exemptions relied on for the denial; and
      (D) The right of the requester to appeal the denial to the Chairman of the ASC within 30 business days following receipt of the notification, as specified in paragraph (h) of this section.

(d) Providing responsive records. (1) Copies of requested records shall be sent to the requester by regular U.S. mail to the address indicated in the request, unless the requester elects to take delivery of the documents at the ASC or makes other acceptable arrangements, or the ASC deems it appropriate to send the documents by another means.
(2) The ASC shall provide a copy of the record in any form or format requested if the record is readily reproducible by the ASC in that form or format, but the ASC need not provide more than one copy of any record to a requester.
(3) By arrangement with the requester, the ASC may elect to send the responsive records electronically if a substantial portion of the request is in electronic format. If the information requested is made pursuant to the Privacy Act of 1974, 5 U.S.C. 552a, it will not be sent by electronic means unless reasonable security measures can be provided.
(e) Fees—(1) General rules. (i) Persons requesting records of the ASC shall be charged for the direct costs of search, duplication, and review as set forth in paragraphs (e)(2) and (e)(3) of this section, unless such costs are less than the ASC’s cost of processing the requester’s remittance.

(ii) Requesters will be charged for search and review costs even if responsive records are not located or, if located, are determined to be exempt from disclosure.

(iii) Multiple requests seeking similar or related records from the same requester or group of requesters will be aggregated for the purposes of this section.

(iv) If the ASC determines that the estimated costs of search, duplication, or review of requested records will exceed the dollar amount specified in the request, or if no dollar amount is specified, the ASC will advise the requester of the estimated costs. The requester must agree in writing to pay the costs of search, duplication, and review prior to the ASC initiating any records search.

(v) If the ASC estimates that its search, duplication, and review costs will exceed $250, the requester must pay an amount equal to 20 percent of the estimated costs prior to the ASC initiating any records search.

(vi) The ASC ordinarily will collect all applicable fees under the final invoice before releasing copies of requested records to the requester.

(vii) The ASC may require any requester who has previously failed to pay charges under this section within 30 calendar days of mailing of the invoice to pay in advance the total estimated costs of search, duplication, and review. The ASC also may require a requester who has any charges outstanding in excess of 30 calendar days following mailing of the invoice to pay the full amount due, or demonstrate that the fee has been paid in full, prior to the ASC initiating any additional records search.

(viii) The ASC may begin assessing interest charges on unpaid bills on the 31st day following the day on which the invoice was sent. Interest will be at the rate prescribed in §3717 of title 31 of the United States Code and will accrue from the date of the invoice.

(ix) The time limit for the ASC to respond to a request will not begin to run until the ASC has received the requester’s written agreement under paragraph (e)(1)(iv) of this section, and advance payment under paragraph (e)(1)(v) or (vii) of this section, or payment of outstanding charges under paragraph (e)(1)(vii) or (viii) of this section.

(x) As part of the initial request, a requester may ask that the ASC waive or reduce fees if disclosure of the records is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester. Determinations as to a waiver or reduction of fees will be made by the Executive Director (or designee), and the requester will be notified in writing of his or her determination. A determination not to grant a request for a waiver or reduction of fees under this paragraph may be appealed to the ASC’s Chairman pursuant to the procedure set forth in paragraph (g) of this section.

(2) Chargeable fees by category of requester. (i) Commercial use requesters shall be charged search, duplication, and review costs.

(ii) Educational institutions, non-commercial scientific institutions, and news media representatives shall be charged duplication costs, except for the first 100 pages.

(iii) Requesters not described in paragraph (e)(2)(i) or (ii) of this section shall be charged the full reasonable direct cost of search and duplication, except for the first two hours of search time and first 100 pages of duplication.

(3) Fee schedule. The dollar amount of fees which the ASC may charge to records requesters will be established by the Executive Director. The ASC may charge fees that recoup the full allowable direct costs it incurs. Fees are subject to change as costs change. The fee schedule will be published periodically on the ASC’s Internet World Wide Web site (http://www.asc.gov) and will be effective on the date of publication.
Copies of the fee schedule may be obtained by request at no charge by contacting the Executive Director by letter, Internet email or facsimile.

(i) **Manual searches for records.** The ASC will charge for manual searches for records at the basic rate of pay of the employee making the search plus 16 percent to cover employee benefit costs.

(ii) **Computer searches for records.** The fee for searches of computerized records is the actual direct cost of the search, including computer time, computer runs, and the operator’s time apportioned to the search multiplied by the operator’s basic rate of pay plus 16 percent to cover employee benefit costs.

(iii) **Duplication of records.**

(A) The per-page fee for paper copy reproduction of documents is $.25.

(B) For other methods of reproduction or duplication, the ASC will charge the actual direct costs of reproducing or duplicating the documents, including each involved employee’s basic rate of pay plus 16 percent to cover employee benefit costs.

(iv) **Review of records.** The ASC will charge commercial use requesters for the review of records at the time of processing the initial request to determine whether they are exempt from mandatory disclosure at the basic rate of pay of the employee making the search plus 16 percent to cover employee benefit costs. The ASC will not charge at the administrative appeal level for review of an exemption already applied. When records or portions of records are withheld in full under an exemption which is subsequently determined not to apply, the ASC may charge for a subsequent review to determine the applicability of other exemptions not previously considered.

(v) **Other services.** Complying with requests for special services, other than a readily produced electronic form or format, is at the ASC’s discretion. The ASC may recover the full costs of providing such services to the requester.

(4) **Use of contractors.** The ASC may contact with independent contractors to locate, reproduce, and/or disseminate records; provided, however, that the ASC has determined that the ultimate cost to the requester will be no greater than it would be if the ASC performed these tasks itself. In no case will the ASC contract our responsibilities which FOIA provides that the ASC alone may discharge, such as determining the applicability of an exemption or whether to waive or reduce fees.

(5) **Exempt information.** A request for records may be denied if the requested record contains information that falls into one or more of the following categories. If the requested record contains both exempt and nonexempt information, the nonexempt portions, which may reasonable be segregated from the exempt portions, will be released to the requester. If redaction is necessary, the ASC will, to the extent technically feasible, indicate the amount of material deleted at the place in the record where such deletion is made unless that indication in and of itself will jeopardize the purpose for the redaction. The categories of exempt records are as follows:

1. Records that are specifically authorized under criteria established by an Executive Order to be kept secret in the interest of national defense or foreign policy and are in fact properly classified pursuant to such Executive Order;
2. Records related solely to the internal personnel rules and practices of the ASC;
3. Records specifically exempted from disclosure by statute, provided that such statute:
   (i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue; or
   (ii) Establishes particular criteria for withholding or refers to particular types of matters to be withheld;
4. Trade secrets and commercial or financial information obtained from a...
(a) Disclosure prohibited. Except as provided in paragraph (b) of this section or by 12 CFR part 1102, subpart C, no person shall disclose or permit the disclosure of any exempt records, or information contained therein, to any person that is privileged or confidential;

(5) Interagency or intra-agency memoranda or letters that would not be available by law to a private party in litigation with the ASC;

(6) Personnel, medical, and similar files (including financial files) the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(7) Records compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records:

(i) Could reasonably be expected to interfere with enforcement proceedings;

(ii) Would deprive a person of a right to a fair trial or an impartial adjudication;

(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(iv) Could reasonably be expected to endanger the life or physical safety of any individual;

(v) Records that are contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of the ASC or any agency responsible for the regulation or supervision of financial institutions; or

(9) Geological and geophysical information and data, including maps, concerning wells.

(g) Appeals. (1) Appeals should be addressed to the Executive Director; ASC; 2000 K Street, NW., Suite 310; Washington, DC 20006.

(2) A person whose initial request for records under this section, or whose request for a waiver of fees under paragraph (e)(1)(x) of this section, has been denied, either in part or in whole, has the right to appeal the denial to the ASC’s Chairman (or designee) within 30 business days after receipt of notification of the denial. Appeals of denials of initial requests or for a waiver of fees must be in writing and include any additional information relevant to consideration of the appeal.

(3) Except in the case of an appeal for expedited treatment under paragraph (c)(3) of this section, the ASC will notify the appellant in writing within 20 business days after receipt of the appeal and will state:

(i) Whether it is granted or denied in whole or in part;

(ii) The name and title of each person responsible for the denial (if other than the person signing the notification);

(iii) The exemptions relied upon for the denial in the case of initial requests for records; and

(iv) The right to judicial review of the denial under the FOIA.

(4) If a requester is appealing for denial of expedited treatment, the ASC will notify the appellant within ten business days after receipt of the appeal.

(5) Complete payment of any outstanding fee invoice will be required before an appeal is processed.

(h) Records of another agency. If a requested record is the property of another Federal agency or department, and that agency or department, either in writing or by regulation, expressly retains ownership of such record, upon receipt of a request for the record the ASC will promptly inform the requester of this ownership and immediately shall forward the request to the proprietary agency or department either for processing in accordance with the latter’s regulations or for guidance with respect to disposition.

persons other than those officers, directors, employees, or agents of the ASC or a State appraiser regulatory agency who has a need for such records in the performance of their official duties. In any instance in which any person has possession, custody or control of ASC exempt records or information contained therein, all copies of such records shall remain the property of the ASC and under no circumstances shall any person, entity or agency disclose or make public in any manner the exempt records or information without written authorization from the Executive Director, after consultation with the ASC General Counsel.

(b) Disclosure authorized. Exempt records or information of the ASC may be disclosed only in accordance with the conditions and requirements set forth in this paragraph (b). Requests for discretionary disclosure of exempt records of information pursuant to this paragraph (b) may be submitted directly to the Executive Director. Such administrative request must clearly state that it seeks discretionary disclosure of exempt records, clearly identify the records sought, provide sufficient information for the ASC to evaluate whether there is good cause for disclosure, and meet all other conditions set forth in paragraph (b)(1) through (3) of this section. Authority to disclose or authorize disclosure of exempt records of the ASC is delegated to the Executive Director, after consultation with the ASC General Counsel.

(1) Disclosure by Executive Director. (i) The Executive Director, or designee, may disclose or authorize the disclosure of any exempt record in response to a valid judicial subpoena, court order, or other legal process, and authorize any current or former member, officer, employee, agent of the ASC, or third party, to appear and testify regarding an exempt record or any information obtained in the performance of such person’s official duties, at any administrative or judicial hearing or proceeding where such person has been served with a valid subpoena, court order, or other legal process requiring him or her to testify. The Executive Director shall consider the relevancy of such exempt records or testimony to the litigation, and the interests of justice, in determining whether to disclose such records or testimony. Third parties seeking disclosure of exempt records or testimony in litigation to which the ASC is not a party shall submit a request for discretionary disclosure directly to the Executive Director. Such requests shall specify the information sought with reasonable particularity and shall be accompanied by a statement with supporting documentation showing in detail the relevance of such exempt information to the litigation, justifying good cause for disclosure, and a commitment to be bound by a protective order. Failure to exhaust such administration request prior to service of a subpoena or other legal process may, in the Executive Director’s discretion, serve as a basis for objection to such subpoena or legal process.

(ii) The Executive Director, or designee, may in his or her discretion and for good cause, disclose or authorize disclosure of any exempt record or testimony by a current or former member, officer, employee, agent of the ASC, or third party, sought in connection with any civil or criminal hearing, proceeding or investigation without the service of a judicial subpoena, or other legal process requiring such disclosure or testimony. If he or she determines that the records or testimony are relevant to the hearing, proceeding or investigation and that disclosure is in the best interests of justice and not otherwise prohibited by Federal statute. Where the Executive Director or designee authorizes a current or former member, officer, director, employee or agent of the ASC to testify or disclose exempt records pursuant to this paragraph (b)(1), he or she may, in his or her discretion, limit the authorization to so much of the record or testimony as is relevant to the issues at such hearing, proceeding or investigation, and he or she shall give authorization only upon fulfillment of such conditions as he or she deems necessary and practicable to protect the confidential nature of such records or testimony.

(2) Authorization for disclosure by the Chairman of the ASC. Except where expressly prohibited by law, the Chairman of the ASC may, in his or her discretion, authorize the disclosure of any
ASC records. Except where disclosure is required by law, the Chairman may direct any current or former member, officer, director, employee or agent of the ASC to refuse to disclose any record or to give testimony if the Chairman determines, in his or her discretion, that refusal to permit such disclosure is in the public interest.

(3) Limitations on disclosure. All steps practicable shall be taken to protect the confidentiality of exempt records and information. Any disclosure permitted by paragraph (b) of this section is discretionary and nothing in paragraph (b) of this section shall be construed as requiring the disclosure of information. Further, nothing in paragraph (b) of this section shall be construed as restricting, in any manner, the authority of the ASC, the Chairman of the ASC, the Executive Director, the ASC General Counsel, or their designees, in their discretion and in light of the facts and circumstances attendant in any given case, to require conditions upon, and to limit, the form, manner, and extent of any disclosure permitted by this section. Wherever practicable, disclosure of exempt records shall be made pursuant to a protective order and redacted to exclude all irrelevant or non-responsive exempt information.

[64 FR 72500, Dec. 28, 1999]

§ 1102.308 Right to petition for issuance, amendment and repeal of rules of general application.

Any person desiring the issuance, amendment or repeal of a rule of general application may file a petition for those purposes with the Executive Director of the ASC. The petition shall include a statement setting forth the text or substance of any proposed rule or amendment desired or shall specify the rule for which repeal is desired. The petitioner also shall state the nature of his or her interest and the reasons for seeking ASC action. The Executive Director shall acknowledge receipt of the petition within ten business days of receipt. As soon as reasonably practicable, the ASC shall consider the petition and related staff recommendations and shall take such action as it deems appropriate. The Executive Director shall notify the petitioner in writing of the ASC action within ten business days of the action.

§ 1102.309 Confidential treatment procedures.

(a) In general. Any submitter of written information to the ASC who desires that some or all of his or her submission be afforded confidential treatment under 5 U.S.C. 552(b)(4) (i.e., trade secrets and commercial or financial information obtained from a person and privileged or confidential) shall file a request for confidential treatment with the Executive Director of the ASC at the time the written information is submitted to the ASC or within ten business days thereafter. Nothing in this section limits the authority of the ASC and its staff to make determinations regarding access to documents under this subpart.

(b) Form of request. A request for confidential treatment shall be submitted in a separate letter or memorandum conspicuously entitled, “Request for Confidential Treatment.” Each request shall state in reasonable detail the facts and arguments supporting the request and its legal justification. If the submitter had been required by the ASC to provide the particular information, conclusory statements that the information would be useful to competitors or would impair sales or similar statements generally will not be considered sufficient to justify confidential treatment. When the submitter had voluntarily provided the particular information to the ASC, the submitter must specifically identify the documents or information which are of a kind the submitter would not customarily make available to the public.

(c) Designation and separation of confidential material. Submitters shall clearly designate all information considered confidential and shall clearly separate such information from other non-confidential information, whenever possible.

(d) ASC action on request. A request for confidential treatment of information will be considered only in connection with a request for access to the information under FOIA as implemented
§ 1102.310 Service of process.

(a) Service. Any subpoena or other legal process to obtain information maintained by the ASC shall be duly issued by a court having jurisdiction over the ASC, and served upon the Chairman ASC: 2000 K Street, NW., Suite 310; Washington, DC 20006. Where the ASC is named as a party, service of process shall be made pursuant to the Federal Rules of Civil Procedure upon the Chairman at the above address. The Chairman shall immediately forward any subpoena, court order, or legal process to the General Counsel. If consistent with the terms of the subpoena, court order or legal process, the ASC may require the payment of fees, in accordance with the fee schedule referred to in §1102.306(e) prior to the release of any records requested pursuant to any subpoena or other legal process.

(b) Notification by person served. If any current or former member, officer, employee or agent of the ASC, or any other person who has custody of records belonging to the ASC, is served with a subpoena, court order, or other process requiring that person's attendance as a witness concerning any matter related to official duties, or the production of any exempt record of the ASC, such person shall promptly advise the Executive Director of such service, the testimony and records described in the subpoena, and all relevant facts that may assist the Executive Director in determining whether the individual in question should be authorized to testify or the records

37
should be produced. Such person also should inform the court or tribunal that issued the process and the attorney for the party upon whose application the process was issued, if known, of the substance of this section.

(c) Appearance by person served. Absent the written authorization of the Executive Director or designee to disclose the requested information, any current or former member, officer, employee, or agent of the ASC, and any other person having custody of records of the ASC, who is required to respond to a subpoena or other legal process, shall attend at the time and place therein specified and respectfully decline to produce any such record or give any testimony with respect thereto, basing such refusal on this section.

PART 1200—ORGANIZATION AND FUNCTIONS

Sec. 1200.1 Federal Housing Finance Agency.
1200.2 Organization of the Federal Housing Finance Agency.
1200.3 Official logo and seal.

SOURCE: 77 FR 73264, Dec. 10, 2012, unless otherwise noted.

§ 1200.1 Federal Housing Finance Agency.
(a) Scope and authority. The Federal Housing Finance Agency (FHFA) is an independent agency of the Federal Government. Division A of the Housing and Economic Recovery Act of 2008, Public Law 110–289, 122 Stat. 2654, titled the Federal Housing Finance Regulatory Reform Act of 2008, amended the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (12 U.S.C. 4501 et seq.) (Safety and Soundness Act) and the Federal Home Loan Bank Act (12 U.S.C. 1421–1449) to establish FHFA. FHFA administers the Safety and Soundness Act and the regulated entities’ authorizing statutes: the Federal Home Loan Bank Act, the Federal National Mortgage Association Charter Act, and the Federal Home Loan Mortgage Corporation Act. FHFA is responsible for the supervision and regulation of the Federal National Mortgage Corporation (Fannie Mae), the Federal Home Loan Mortgage Corporation (Freddie Mac), (together, Enterprises), the Federal Home Loan Banks (Banks) (collectively, the “regulated entities”), and the Office of Finance (OF). § 1202.1 Why did FHFA issue this regulation?

(a) The Freedom of Information Act (FOIA) (5 U.S.C. 552), is a federal law that requires FHFA and other Federal Government agencies to disclose certain Federal Government records to the public.

(b) This regulation explains the rules that FHFA and the FHFA Office of Inspector General (FHFA–OIG) both follow when processing and responding to requests for records under FOIA. It also explains what you must do to request records from FHFA or FHFA–OIG under FOIA. You should read this regulation together with FOIA, which explains in more detail your rights and the records FHFA or FHFA–OIG may release to you.

(c) If you want to request information about yourself, this is considered a first-party or Privacy Act request under the Privacy Act (5 U.S.C. 552a), and therefore you should file your request using FHFA’s Privacy Act regulations at part 1204 of this title. If you file a request for information about yourself, FHFA or FHFA–OIG will process this request under both FOIA and Privacy Act in order to give you the greatest degree of access to any responsive material.

(d) FHFA and FHFA–OIG may make public information that they routinely publish or disclose when performing their activities without following these procedures.

(e) This regulation applies to both FHFA and FHFA–OIG.
§ 1202.2 What do the terms in this regulation mean?

Some of the terms you need to understand while reading this regulation are—

Appeals Officer or FOIA Appeals Officer means a person designated by the FHFA Director to process appeals of denials of requests for FHFA records under FOIA. For appeals pertaining to FHFA-OIG records, Appeals Officer or FOIA Appeals Officer means a person designated by the FHFA Inspector General to process appeals of denials of requests for FHFA-OIG records under FOIA.

Confidential commercial information means records provided to the Federal Government by a submitter that contain material exempt from release under Exemption 4 of FOIA, 5 U.S.C. 552(b)(4), because disclosure could reasonably be expected to cause substantial competitive harm.

Days, unless stated as “calendar days,” are working days and do not include Saturdays, Sundays, and federal holidays. If the last day of any period prescribed herein falls on a Saturday, Sunday, or federal holiday, the last day of the period will be the next working day that is not a Saturday, Sunday, or federal holiday.

Direct costs means the expenses, including contract services, incurred by FHFA or FHFA-OIG, in searching for, reviewing and/or duplicating records to respond to a request for information. In the case of a commercial use request, the term also means those expenditures FHFA or FHFA-OIG actually incurs in reviewing records to respond to the request. Direct costs include the cost of the time of the employee performing the work, the cost of any computer searches, and the cost of operating duplication equipment. Direct costs do not include overhead expenses such as costs of space, and heating or lighting the facility in which the records are stored.

Employee, for the purposes of this regulation, means any person holding an appointment to a position of employment with FHFA or FHFA-OIG, or any person who formerly held such an appointment; any conservator appointed by FHFA or any agency or independent contractor acting on behalf of FHFA or FHFA-OIG, even though the appointment or contract has terminated.

Fee Waiver means the waiver or reduction of fees if the requester can demonstrate that certain statutory standards are met.

FHFA means the Federal Housing Finance Agency and includes its predecessor agencies, the Office of Federal Housing Enterprise Oversight (OFHEO) and the Federal Housing Finance Board (FHFB).

FHFA-OIG means the Office of Inspector General for FHFA.

FOIA Officer and Chief FOIA Officer are persons designated by the FHFA Director to process and respond to requests for FHFA records under FOIA.

FOIA Official is a person designated by the FHFA Inspector General to process requests for FHFA-OIG records under FOIA.

FOIA Public Liaison is a person who is responsible for assisting requesters with their requests.

Office of Finance means the Office of Finance of the Federal Home Loan Bank System or any successor thereto.

Readily reproducible means that the requested record or records exist in electronic format and can be downloaded or transferred intact to a computer disk, tape, or another electronic medium with equipment and software currently in use by FHFA or FHFA-OIG.

Record means information or documentary material FHFA or FHFA-OIG maintains in any form or format, including electronic, which FHFA or FHFA-OIG—

(1) Created or received under federal law or in connection with the transaction of public business;
(2) Preserved or determined is appropriate for preservation as evidence of operations or activities of FHFA or FHFA-OIG, or because of the value of the information it contains; and
(3) Controls at the time it receives a request for disclosure.

Requester means any person seeking access to FHFA or FHFA-OIG records.
§ 1202.3 What information can I obtain through FOIA?

(a) General. FHFA and FHFA–OIG prohibit employees from releasing or disclosing confidential or otherwise non-public information that FHFA or FHFA–OIG possesses, except as authorized by this regulation, by the Director of FHFA for FHFA records, or by the FHFA Inspector General for FHFA–OIG records, when the disclosure is necessary for the performance of official duties.

(b) Records. You may request that FHFA or FHFA–OIG disclose to you its records on a subject of interest to you. FOIA only requires the disclosure of records. It does not require FHFA or FHFA–OIG to create compilations of information or to provide narrative responses to questions or queries. Some information is exempt from disclosure.

(c) Reading rooms. (1) FHFA maintains electronic and physical reading rooms. FHFA’s physical reading room is located at 400 Seventh Street, SW., Eighth Floor, Washington, DC 20219, and is open to the public by appointment from 9 a.m. to 3 p.m. each business day. For an appointment, contact the FOIA Officer by calling (202) 649–3803 or by e-mail at foia@fhfa.gov. The electronic reading room is part of the FHFA Web site at http://www.fhfa.gov. FHFA–OIG also maintains electronic and physical reading rooms. FHFA–OIG’s physical reading room is located at 400 Seventh Street, SW., Third Floor, Washington, DC 20219, and is open to the public by appointment from 9 a.m. to 3 p.m. each business day. For an appointment, contact FHFA–OIG by calling (202) 730–2824 or by e-mail at bryan.saddler@fhfaoig.gov. The electronic reading room is part of the FHFA–OIG Web site at http://www.fhfaoig.gov.

(2) Each reading room has the following records created after November 1, 1996, by FHFA or its predecessor agencies, or by FHFA–OIG, and current indices to the following records created by FHFA or its predecessor agencies or FHFA–OIG before or after November 1, 1996:

(i) Final opinions or orders issued in adjudication;
(ii) Statements of policy and interpretation that are not published in the Federal Register;
(iii) Administrative staff manuals and instructions to staff that affect a member of the public and are not exempt from disclosure under FOIA; and
(iv) Copies of records released under FOIA that FHFA or FHFA–OIG determines have become or are likely to become the subject of subsequent requests for substantially similar records.

§ 1202.4 What information is exempt from disclosure?

(a) General. Unless the Director of FHFA or his or her designee for FHFA records, the FHFA Inspector General or his or her designee for FHFA–OIG records, or any regulation or statute specifically authorizes disclosure, neither FHFA nor FHFA–OIG will release records that are—

(1) Specifically authorized under criteria established by an Executive Order to be kept secret in the interest of national defense or foreign policy, and in fact is properly classified pursuant to such Executive Order;

(2) Related solely to FHFA’s or FHFA–OIG’s internal personnel rules and practices;

(3) Specifically exempted from disclosure by statute (other than 5 U.S.C. 552a), provided that such statute—

(i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or

(ii) Establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(4) Trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(5) Contained in inter-agency or intra-agency memoranda or letters that would not be available by law to a private party in litigation with FHFA or FHFA–OIG;

(6) Contained in personnel, medical or similar files (including financial files) the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(7) Compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information—

(i) Could reasonably be expected to interfere with enforcement proceedings;

(ii) Would deprive a person of a right to fair trial or an impartial adjudication;

(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(iv) Could reasonably be expected to disclose the identity of a confidential source, including a state, local, or foreign agency or authority or any private institution or an entity that is regulated and examined by FHFA that furnished information on a confidential basis, and, in the case of a record compiled by FHFA–OIG or a criminal law enforcement authority in the course of a criminal investigation or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source;

(v) Would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(vi) Could reasonably be expected to endanger the life or physical safety of any individual.

(8) Contained in or related to examination, operating, or condition reports that are prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or

(9) Geological and geophysical information and data, including maps, concerning wells.

(b) Discretion to apply exemptions. Although records or parts of them may be exempt from disclosure, FHFA or FHFA–OIG may elect under the circumstances of any particular request not to apply an exemption. This election does not generally waive the exemption and it does not have precedential effect. FHFA or FHFA–OIG may still apply an exemption to any other records or portions of records, regardless of when the request is received.

(c) Redacted portion. If a requested record contains exempt information and information that can be disclosed and the portions can reasonably be segregated from each other, the disclosable portion of the record will be released to the requester after FHFA or FHFA–OIG deletes the exempt portions. If it is technically feasible, FHFA or FHFA–OIG will indicate the amount of the information deleted at the place in the record where the deletion is made and include a notation identifying the exemption that was applied, unless including that indication.
§ 1202.5 How do I request information from FHFA or FHFA–OIG under FOIA?

(a) Where to send your request. FOIA requests must be in writing. You may make a request for FHFA or FHFA–OIG records by writing directly to FHFA’s FOIA Office through electronic mail, mail, delivery service, or facsimile. The electronic mail address is: foia@fhfa.gov. For mail or delivery service, the mailing address is: FOIA Officer, Federal Housing Finance Agency, 400 Seventh Street, SW., Eighth Floor, Washington, DC 20219. The facsimile number is: (202) 649–1073. Requests for FHFA–OIG records will be forwarded to FHFA–OIG for processing and direct response. You can help FHFA and FHFA–OIG process your request by marking electronic mail, letters, or facsimiles and the subject line, envelope, or facsimile cover sheet with “FOIA Request.” FHFA’s “Freedom of Information Act Reference Guide,” which is available on FHFA’s Web site, http://www.fhfa.gov, provides additional information to assist you in making your request.

(b) Provide your name and address. Your request must include your full name, your address and, if different, the address at which FHFA or FHFA–OIG is to notify you about your request, a telephone number at which you can be reached during normal business hours, and an electronic mail address, if any.

(c) Request is under FOIA. Your request must have a statement identifying it as being made under FOIA.

(d) Your FOIA status. If you are submitting your request as a “commercial use” requester, an “educational institution” requester, a “non-commercial scientific institution” requester, or a “representative of the news media” for the purposes of the fee provisions of FOIA, your request should include a statement specifically identifying your status.

(e) Describing the records you request. You must describe the records that you seek in enough detail to enable FHFA or FHFA–OIG personnel to locate them with a reasonable amount of effort. Your request should include as much specific information as possible that you know about each record you request, such as the date, title, name, author, recipient, subject matter, or file designations, or the description of the record.

(f) How you want the records produced to you. Your request must tell FHFA or FHFA–OIG whether you will inspect the records before duplication or want them duplicated and furnished without inspection.

(g) Agreement to pay fees. In your FOIA request you must agree to pay all applicable fees charged under §1202.11, up to $100.00, unless you seek a fee waiver. When making a request, you may specify a higher or lower amount you will pay without consultation. Your inability to pay a fee does not justify granting a fee waiver.

(h) Valid requests. FHFA and FHFA–OIG will only process valid requests. A valid request must meet all the requirements of this part.

§ 1202.6 What if my request does not have all the information FHFA or FHFA–OIG requires?

If FHFA or FHFA–OIG determines that your request does not reasonably describe the records you seek, is overly broad, cannot yet be processed for reasons related to fees, or lacks required information, you will be informed in writing why your request cannot be processed. You will be given 15 calendar days to modify your request to meet all requirements. This request for additional information tolls the time period for FHFA or FHFA–OIG to respond to your request under §1202.7.
§ 1202.7 How will FHFA and FHFA–OIG respond to my FOIA request?

(a) Authority to grant or deny requests. The FOIA Officer and the Chief FOIA Officer are authorized to grant or deny any request for FHFA records. For FHFA–OIG records, the designated FHFA–OIG FOIA Official is authorized to grant or deny any request for FHFA–OIG records.

(b) Multi-Track request processing. FHFA and FHFA–OIG use a multi-track system to process FOIA requests. This means that a FOIA request is processed based on its complexity. When FHFA or FHFA–OIG receives your request, it is assigned to a Standard Track or Complex Track. FHFA or FHFA–OIG will notify you if your request is assigned to the Complex Track as described in paragraph (f) of this section.

(1) Standard Track. FHFA and FHFA–OIG assign FOIA requests that are routine and require little or no search time, review, or analysis to the Standard Track. FHFA and FHFA–OIG respond to these requests within 20 days after receipt, in the order in which they are received. If FHFA or FHFA–OIG determines while processing your Standard Track request, that it is more appropriately a Complex Track request, it will be reassigned to the Complex Track and you will be notified as described in paragraph (f) of this section.

(2) Complex Track. (i) FHFA and FHFA–OIG assign requests that are non-routine to the Complex Track. Complex Track requests are those to which FHFA or FHFA–OIG determines that the request and/or response may—

(A) Be voluminous;
(B) Involve two or more FHFA or FHFA–OIG units;
(C) Require consultation with other agencies or entities;
(D) Require searches of archived documents;
(E) Seek confidential commercial information as described in §1202.8;
(F) Require an unusually high level of effort to search for, review and/or duplicate records;
(G) Cause undue disruption to the day-to-day activities of FHFA in regulating and supervising the regulated entities; or
(H) Cause undue disruption to the day-to-day activities of FHFA–OIG in carrying out its statutory responsibilities.

(ii) FHFA or FHFA–OIG will respond to Complex Track requests as soon as reasonably possible, regardless of the date of receipt.

(c) Referrals to other agencies. If you submit a FOIA request that seeks records originating in another Federal Government agency, FHFA or FHFA–OIG will refer your request or a portion of your request, as applicable, to the other agency for response. FHFA or FHFA–OIG will provide you notice of the referral, what portion of the request was referred, and the name of the other agency and contact information.

(d) Responses to FOIA requests. FHFA or FHFA–OIG will respond to your request by granting or denying it in full, or by granting and denying it in part. The response will be in writing. In determining which records are responsive to your request, FHFA and FHFA–OIG will conduct searches for records FHFA or FHFA–OIG possesses as of the date of your request.

(1) Requests that FHFA or FHFA–OIG grants. If FHFA or FHFA–OIG grants your request, the response will include the requested records or details about how FHFA or FHFA–OIG will provide them to you and the amount of any fees charged.

(2) Requests that FHFA or FHFA–OIG denies, or grants and denies in part. If FHFA or FHFA–OIG denies your request in whole or in part because a requested record does not exist or cannot
be located, is not readily reproducible in the form or format you sought, is not subject to FOIA, or is exempt from disclosure, the written response will include the requested releasable records, if any, the amount of any fees charged, the reasons for denial, and a notice and description of your right to file an administrative appeal under §1202.9.

(e) Format and delivery of disclosed records. If FHFA or FHFA–OIG grants, in whole or in part, your request for disclosure of records under FOIA, the records may be made available to you in the form or format you requested, if they are readily reproducible in that form or format. The records will be sent to the address you provided by regular U.S. Mail or by electronic mail unless alternate arrangements are made by mutual agreement, such as your agreement to pay express or expedited delivery service fees or to pick up records at FHFA or FHFA–OIG offices.

(1) Extensions of time. (1) In unusual circumstances, FHFA or FHFA–OIG may extend the Standard Track time limit in paragraph (b)(1) of this section for no more than 10 days and notify you of—

(i) The reason for the extension; and

(ii) The date on which the determination is expected.

(2) For requests in the Complex Track, FHFA or FHFA–OIG will provide you with an opportunity to modify or reformulate your request so that it may be processed on the Standard Track. If the request cannot be modified or reformulated to permit processing on the Standard Track, FHFA or FHFA–OIG will notify you regarding an alternative time period for processing the request.

§1202.8 If the requested records contain confidential commercial information, what procedures will FHFA follow?

(a) General. FHFA or FHFA–OIG will not disclose confidential commercial information in response to your FOIA request except as described in this section.

(b) Designation of confidential commercial information. Submitters of commercial information must use good-faith efforts to designate, by appropriate markings, either at the time of submission or at a reasonable time thereafter, those portions of the information they deem to be protected under 5 U.S.C. 552(b)(4) and §1202.4(a)(4). Any such designation will expire 10 years after the records are submitted to the Federal Government, unless the submitter requests, and provides reasonable justification for, a designation period of longer duration.

(c) Pre-disclosure notification. Except as provided in paragraph (e) of this section, if your FOIA request encompasses confidential commercial information, FHFA or FHFA–OIG will, prior to disclosure of the information and to the extent permitted by law, provide prompt written notice to a submitter that confidential commercial information was requested when—

(1) The submitter has in good faith designated the information as confidential commercial information protected from disclosure under 5 U.S.C. 552(b)(4) and §1202.4(a)(4); or

(2) FHFA or FHFA–OIG has reason to believe that the request seeks confidential commercial information, the disclosure of which may result in substantial competitive harm to the submitter.

(d) Content of pre-disclosure notification. When FHFA or FHFA–OIG sends a pre-disclosure notification to a submitter, it will contain—

(1) A description of the confidential commercial information requested or copies of the records or portions thereof containing the confidential business information; and

(2) An opportunity to object to disclosure within 10 days or such other time period that FHFA or FHFA–OIG may allow, by providing to FHFA or FHFA–OIG a detailed written statement demonstrating all reasons the submitter opposes disclosure.

(e) Exceptions to pre-disclosure notification. FHFA or FHFA–OIG is not required to send a pre-disclosure notification if—

(1) FHFA or FHFA–OIG determines that information should not be disclosed;

(2) The information has been published lawfully or has been made officially available to the public;
(3) Disclosure of the information is required by law, other than FOIA:

(4) The information requested is not designated by the submitter as confidential commercial information pursuant to this section; or

(5) The submitter’s designation, under paragraph (b) of this section, appears on its face to be frivolous; except that FHFA or FHFA-OIG will provide the submitter with written notice of any final decision to disclose the designated confidential commercial information within a reasonable number of days prior to a specified disclosure date.

(f) Submitter’s objection to disclosure. A submitter may object to disclosure within 10 days after date of the Pre-disclosure Notification, or such other time period that FHFA or FHFA-OIG may allow, by delivering to FHFA or FHFA-OIG a statement demonstrating all grounds on which it opposes disclosure, and all reasons supporting its contention that the information should not be disclosed. The submitter’s objection must contain a certification by the submitter, or an officer or authorized representative of the submitter, that the grounds and reasons presented are true and correct to the best of the submitter’s knowledge. The submitter’s objection may itself be subject to disclosure under FOIA.

(g) Notice of intent to disclose information. FHFA or FHFA-OIG will carefully consider all grounds and reasons provided by a submitter objecting to disclosure. If FHFA or FHFA-OIG decides to disclose the information over the submitter’s objection, the submitter will be provided with a written notice of intent to disclose at least 10 days before the date of disclosure. The written notice will contain—

(1) A statement of the reasons why the information will be disclosed;

(2) A description of the information to be disclosed; and

(3) A specific disclosure date.

(h) Notice to requester. FHFA or FHFA-OIG will give a requester whose request encompasses confidential commercial information—

(1) A written notice that the request encompasses confidential commercial information that may be exempt from disclosure under 5 U.S.C. 552(b)(4) and §1202.4(a)(4) and that the submitter of the information has been given a pre-disclosure notification with the opportunity to comment on the proposed disclosure of the information; and

(2) A written notice that a notice of intent to disclose has been provided to the submitter, and that the submitter has 10 days, or such other time period that FHFA or FHFA-OIG may allow, to respond.

(i) Notice of FOIA lawsuit. FHFA or FHFA-OIG will promptly notify the submitter whenever a requester files suit seeking to compel disclosure of the submitter’s confidential commercial information. FHFA or FHFA-OIG will promptly notify the requester whenever a submitter files suit seeking to prevent disclosure of information.

§1202.9 How do I appeal a response denying my FOIA request?

(a) Right of appeal. If FHFA or FHFA-OIG denied your request in whole or in part, you may appeal the denial by writing directly to the FOIA Appeals Officer through electronic mail, mail, delivery service, or facsimile. The electronic mail address is: foia@fhfa.gov. For mail or delivery service, the mailing address is: FOIA Appeals Officer, Federal Housing Finance Agency, 400 Seventh Street, SW., Eighth Floor, Washington, DC 20219. The facsimile number is: (202) 649–1073. You can help FHFA and FHFA-OIG process your appeal by marking electronic mail, letters, or facsimiles and the subject line, envelope, or facsimile cover sheet with “FOIA Appeal.” For appeals of denials, whether in whole or in part, made by FHFA–OIG, the appeal must be clearly marked by adding “FHFA–OIG” after “FOIA Appeal.” All appeals from denials, in whole or in part, made by FHFA–OIG will be forwarded to the FHFA–OIG FOIA Appeals Officer for processing and direct response. FHFA’s “Freedom of Information Act Reference Guide,” which is available on FHFA’s Web site, http://www.fhfa.gov, provides additional information to assist you in making your appeal.

(b) Timing, form, content, and receipt of an appeal. Your appeal must be written and submitted within 30 calendar days of the date of the decision by FHFA or FHFA–OIG denying, in whole or in
part, your request. Your appeal must include a copy of the initial request, a copy of the letter denying the request in whole or in part, and a statement of the circumstances, reasons, or arguments you believe support disclosure of the requested record(s). FHFA and FHFA–OIG will not consider an improperly addressed appeal to have been received for the purposes of the 20-day time period of paragraph (d) of this section until it is actually received by FHFA.

(c) Extensions of time to appeal. If you need more time to file your appeal, you may request, in writing, an extension of time of no more than 10 calendar days in which to file your appeal, but only if your request is made within the original 30-calendar day time period for filing the appeal. Granting such an extension is in the sole discretion of the FHFA or FHFA–OIG FOIA Appeals Officer.

(d) Final action on appeal. FHFA’s or FHFA–OIG’s determination on your appeal will be in writing, signed by the FHFA or FHFA–OIG FOIA Appeals Officer, and sent to you within 20 days after the appeal is received, or by the last day of the last extension under paragraph (e) of this section. The determination of an appeal is the final action of FHFA or FHFA–OIG on a FOIA request. A determination may—

(1) Affirm, in whole or in part, the initial denial of the request and may include a brief statement of the reason or reasons for the decision, including each FOIA exemption relied upon;

(2) Reverse, in whole or in part, the denial of a request in whole or in part, and require the request to be processed promptly in accordance with the decision; or

(3) Remand a request to FHFA or FHFA–OIG, as appropriate, for re-processing, stating the time limits for responding to the remanded request.

(e) Notice of delayed determinations on appeal. If FHFA or FHFA–OIG cannot send a determination on your appeal within the 20-day time limit, the designated Appeals Officer will continue to process the appeal and upon expiration of the time limit, will inform you of the reason(s) for the delay and the date on which a determination may be expected. In this notice of delay, the FHFA or FHFA–OIG FOIA Appeals Officer may request that you forebear seeking judicial review until a final determination is made.

(f) Judicial review. If the denial of your request for records is upheld in whole or in part, or if a determination on your appeal has not been sent at the end of the 20-day period in paragraph (d) of this section, or the last extension thereof, you may seek judicial review under 5 U.S.C. 552(a)(4).

(g) Additional Resource. The National Archives and Records Administration (NARA), Office of Government Information Services (OGIS) offers non-compulsory, non-binding mediation services to resolve FOIA disputes. If you seek information regarding the OGIS and/or the services it offers, please contact the OGIS directly at Office of Government Information Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, MD 20740–6001, Email: ogis@nara.gov, Phone: (301) 837–1996, Fax: (301) 837–0348, Toll-free: 1–(877) 684–6448. This information is provided as a public service only. By providing this information, FHFA and FHFA–OIG do not commit to refer disputes to OGIS, or to defer to OGIS’ mediation decisions in particular cases.

§ 1202.10 Will FHFA or FHFA–OIG expedite my request or appeal?

(a) Request for expedited processing. You may request, in writing, expedited processing of an initial request or of an appeal. FHFA or FHFA–OIG may grant expedited processing, and give your request or appeal priority if your request for expedited processing demonstrates a compelling need by establishing one or more of the following—

(1) Circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual;

(2) An urgency to inform the public about an actual or alleged Federal Government activity if you are a person primarily engaged in disseminating information;
(3) The loss of substantial due process or rights;
(4) A matter of widespread and exceptional media interest in which there exists possible questions about the Federal Government’s integrity, affecting public confidence; or
(5) Humanitarian need.

(b) Certification of compelling need. Your request for expedited processing must include a statement certifying that the reason(s) you present demonstrate a compelling need are true and correct to the best of your knowledge.

(c) Determination on request. FHFA or FHFA-OIG will notify you within 10 days of receipt of your request whether expedited processing has been granted. If a request for expedited treatment is granted, the request will be given priority and will be processed as soon as practicable. If a request for expedited processing is denied, any appeal under §1202.9 of that decision will be acted on expeditiously.

§1202.11 What will it cost to get the records I requested?

(a) Assessment of fees, generally. FHFA or FHFA-OIG will assess you for fees covering the direct costs of responding to your request and costs for duplicating records, except as otherwise provided in a statute with respect to the determination of fees that may be assessed for disclosure, search time, or review of particular records.

(b) Assessment of fees, categories of requesters. The fees that FHFA or FHFA-OIG may assess vary depending on the type of request or the type of requester you are—

(1) Commercial use. If you request records for a commercial use, the fees that FHFA or FHFA-OIG may assess are limited to FHFA’s or FHFA-OIG’s operating costs incurred for document search, review, and duplication.

(2) Educational institution, noncommercial scientific institution, or representative of the news media. If you are not requesting records for commercial use and you are an educational institution or a noncommercial scientific institution, whose purpose is scholarly or scientific research, or a representative of the news media, the fees that may be assessed are limited to standard reasonable charges for duplication in excess of 100 pages or an electronic equivalent of 100 pages.

(3) Other. If neither paragraph (b)(1) nor paragraph (b)(2) of this section applies, the fees assessed are limited to the costs for document searching in excess of two hours and duplication in excess of 100 pages, or an electronic equivalent of 100 pages.

(c) Fee schedule. The current schedule of fees is maintained on FHFA’s Web site at: http://www.fhfa.gov.

(d) Notice of anticipated fees in excess of $100.00. When FHFA or FHFA-OIG determines or estimates that the fees chargeable to you will exceed $100.00, you will be notified of the actual or estimated amount of fees you will incur, unless you earlier indicated your willingness to pay fees as high as those anticipated. When you are notified that the actual or estimated fees exceed $100.00, your FOIA request will not be considered received by FHFA or FHFA-OIG until you agree to pay the anticipated total fee.

(e) Advance payment of fees. FHFA or FHFA-OIG may request that you pay estimated fees or a deposit in advance of responding to your request. If FHFA or FHFA-OIG requests advance payment or a deposit, your request will not be considered received by FHFA or FHFA-OIG until the advance payment or deposit is received. FHFA or FHFA-OIG will request advance payment or a deposit if—

(1) The fees are likely to exceed $500.00. FHFA or FHFA-OIG will notify you of the likely cost and obtain from you satisfactory assurance of full payment if you have a history of prompt payment of FOIA fees to FHFA or FHFA-OIG;

(2) You do not have a history of payment, or if the estimate of fees exceeds $1,000.00, FHFA or FHFA-OIG may require an advance payment of fees in an amount up to the full estimated charge that will be incurred;

(3) You previously failed to pay a fee to FHFA or FHFA-OIG in a timely fashion, i.e., within 30 calendar days of the date of a billing, FHFA or FHFA-OIG may require you to make advance payment of the full amount of the fees.
anticipated before processing a new request or finishing processing of a pending request; or

(4) You have an outstanding balance due from a prior request. FHFA or FHFA-OIG may require you to pay the full amount owed plus any applicable interest, as provided in paragraph (f) of this section, or demonstrate that the fee owed has been paid, as well as payment of the full amount of anticipated fees before processing your request.

(f) Interest. FHFA or FHFA–OIG may charge you interest on an unpaid bill starting on the 31st calendar day following the day on which the bill was sent. Once a fee payment has been received by FHFA or FHFA–OIG, even if not processed, FHFA or FHFA–OIG will stay the accrual of interest. Interest charges will be assessed at the rate prescribed by 31 U.S.C. 3717 and will accrue from the date of the billing.

(g) FHFA or FHFA–OIG assistance to reduce costs. If FHFA or FHFA–OIG notifies you of estimated fees exceeding $100.00 or requests advance payment or a deposit, you will have an opportunity to consult with FHFA or FHFA–OIG FOIA staff to modify or reformulate your request to meet your needs at a lower cost.

(h) Fee waiver requests. You may request a fee waiver in accordance with FOIA and this regulation. FHFA or FHFA–OIG may grant your fee waiver request if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of Federal Government operations or activities;

(5) Whether the requester has a commercial interest that would be furthered by the requested disclosure; and

(6) Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is primarily in the commercial interest of the requester.

(i) Determination on request. FHFA or FHFA–OIG will notify you within 20 days of receipt of your request whether the fee waiver has been granted. A request for fee waiver that is denied may only be appealed when a final decision has been made on the initial FOIA request.

§ 1202.12 Is there anything else I need to know about FOIA procedures?

This FOIA regulation does not and shall not be construed to create any right or to entitle any person, as of right, to any service or to the disclosure of any record to which such person is not entitled under FOIA. This regulation only provides procedures for requesting records under FOIA.

Subpart A—General Provisions

§ 1203.1 Purpose and scope.
(a) This part implements the Equal Access to Justice Act, 5 U.S.C. 504, by establishing procedures for the filing and consideration of applications for awards of fees and other expenses to eligible individuals and entities who are parties to adversary adjudications before FHFA.
(b) This part applies to the award of fees and other expenses in connection with adversary adjudications before FHFA. However, if a court reviews the underlying decision of the adversary adjudication, an award for fees and other expenses may be made only pursuant to 28 U.S.C. 2412(d)(3).

§ 1203.2 Definitions.
As used in this part:
Adjudicative officer means the official who presided at the underlying adversary adjudication, without regard to whether the official is designated as a hearing examiner, administrative law judge, administrative judge, or otherwise.
Adversary adjudication means an administrative proceeding conducted by FHFA under 5 U.S.C. 554 in which the position of FHFA or any other agency of the United States is represented by counsel or otherwise, including but not limited to an adjudication conducted under the Safety and Soundness Act, as amended, and any implementing regulations. Any issue as to whether an administrative proceeding is an adversary adjudication for purposes of this part will be an issue for resolution in the proceeding on the application for award.
Affiliate means an individual, corporation, or other entity that directly or indirectly controls or owns a majority of the voting shares or other interests of the party, or any corporation or other entity of which the party directly or indirectly owns or controls a majority of the voting shares or other interest, unless the adjudicative officer determines that it would be unjust and contrary to the purpose of the Equal Access to Justice Act in light of the actual relationship between the affiliated entities to consider them to be affiliates for purposes of this part.
Agency counsel means the attorney or attorneys designated by the General Counsel of FHFA to represent FHFA in an adversary adjudication covered by this part.
Demand of FHFA means the express demand of FHFA that led to the adversary adjudication, but does not include a recitation by FHFA of the maximum statutory penalty when accompanied by an express demand for a lesser amount.
Director means the Director of the Federal Housing Finance Agency.
Fees and other expenses means reasonable attorney or agent fees, the reasonable expenses of expert witnesses, and the reasonable cost of any study, analysis, engineering report, or test, which the agency finds necessary for the preparation of the eligible party’s case.
FHFA means the Federal Housing Finance Agency.
Final disposition date means the date on which a decision or order disposing of the merits of the adversary adjudication or any other complete resolution of the adversary adjudication, such as a settlement or voluntary dismissal, becomes final and unappealable, both within the agency and to the courts.
Party means an individual, partnership, corporation, association, or public or private organization that is named or admitted as a party, that is admitted as a party for limited purposes, or that is properly seeking and entitled as of right to be admitted as a party in an adversary adjudication.
§ 1203.3

**Position of FHFA** means the position taken by FHFA in the adversary adjudication, including the action or failure to act by FHFA upon which the adversary adjudication was based.

§ 1203.3 Eligible parties.

(a) To be eligible for an award of fees and other expenses under the Equal Access to Justice Act, the applicant must show that it meets all conditions of eligibility set out in this paragraph and has complied with all the requirements in subpart B of this part. The applicant must also be a party to the adversary adjudication for which it seeks an award.

(b) To be eligible for an award of fees and other expenses for prevailing parties, a party must be one of the following:

1. An individual who has a net worth of not more than $2 million;
2. The sole owner of an unincorporated business who has a net worth of not more than $7 million, including both personal and business interest, and not more than 500 employees; however, a party who owns an unincorporated business will be considered to be an “individual” rather than the “sole owner of an unincorporated business” if the issues on which the party prevails are related primarily to personal interests rather than to business interests;
3. A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code, 26 U.S.C. 501(c)(3), with not more than 500 employees;
4. A cooperative association as defined in section 15(a) of the Agricultural Marketing Act, 12 U.S.C. 1141j(a), with not more than 500 employees;
5. Any other partnership, corporation, association, unit of local government, or organization that has a net worth of not more than $7 million and not more than 500 employees; or
6. For the purposes of an application filed pursuant to 5 U.S.C. 504(a)(4), a small entity as defined in 5 U.S.C. 601.

(c) For purposes of eligibility under this section:

1. The employees of a party must include all persons who regularly perform services for remuneration for the party, under the party’s direction and control. Part-time employees must be included on a proportional basis.
2. The net worth and number of employees of the party and its affiliates must be aggregated to determine eligibility.
3. The net worth and number of employees of a party will be determined as of the date the underlying adversary adjudication was initiated.
4. A party that participates in an adversary adjudication primarily on behalf of one or more entities that would be ineligible for an award is not itself eligible for an award.

§ 1203.4 Standards for awards.

(a) An eligible party that files an application for award of fees and other expenses in accordance with this part will receive an award of fees and other expenses related to defending against a demand of FHFA if the demand was in excess of the decision in the underlying adversary adjudication and was unreasonable when compared with the decision under the facts and circumstances of the case, unless the party has committed a willful violation of law or otherwise acted in bad faith, or unless special circumstances make an award unjust. The burden of proof that the demand of FHFA was substantially in excess of the decision and is unreasonable when compared with the decision is on the eligible party.

(b) An eligible party that submits an application for award in accordance with this part will receive an award of fees and other expenses incurred in connection with an adversary adjudication in which it prevailed or in a significant and discrete substantive portion of the adversary adjudication in which it prevailed, unless the position of FHFA in the adversary adjudication was substantially justified or special circumstances make an award unjust. FHFA has the burden of proof to show that its position was substantially justified and may do so by showing that its position was reasonable in law and in fact.

§ 1203.5 Allowable fees and expenses.

(a) Awards of fees and other expenses will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents, and
§ 1203.10 Contents of the application for award.

(a) An application for award of fees and other expenses under either §1203.4(a) and §1203.4(b) must:

(1) Identify the applicant and the adversary adjudication for which an award is sought;

(2) State the amount of fees and other expenses for which an award is sought;

(3) Provide the statements and documentation required by paragraph (b) or (c) of this section and §1203.12 and any additional information required by the adjudicative officer; and

(4) Be signed by the applicant or an authorized officer or attorney of the applicant and contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

(b) An application for award under §1203.4(a) must show that the demand of FHFA was substantially in excess of, and was unreasonable when compared to, the decision in the underlying adversary adjudication under the facts and circumstances of the case. It must
also show that the applicant is a small entity as defined in 5 U.S.C. 601.

(c) An application for award under §1203.4(b) must:

(1) Show that the applicant has prevailed in a significant and discrete substantive portion of the underlying adversary adjudication and identify the position of FHFA in the adversary adjudication that the applicant alleges was not substantially justified;

(2) State the number of employees of the applicant and describe briefly the type and purposes of its organization or business (if the applicant is not an individual);

(3) State that the net worth of the applicant does not exceed $2 million, if the applicant is an individual; or for all other applicants, state that the net worth of the applicant and its affiliates, if any, does not exceed $7 million; and

(4) Include one of the following:
   (i) A detailed exhibit showing the net worth (net worth exhibit) of the applicant and its affiliates, if any, when the underlying adversary adjudication was initiated. The net worth exhibit may be in any form convenient to the applicant as long as the net worth exhibit provides full disclosure of the assets and liabilities of the applicant and its affiliates, if any, and is sufficient to determine whether the applicant qualifies as an eligible party;
   (ii) A copy of a ruling by the Internal Revenue Service that shows that the applicant qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code, 26 U.S.C. 501(c)(3); or in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the belief that the applicant qualifies under such section; or
   (iii) A statement that the applicant is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act, 12 U.S.C. 1141j(a).

§1203.11 Confidentiality of net worth exhibit.

Unless otherwise ordered by the Director, or required by law, the statement of net worth will be for the confidential use of the adjudicative officer, the Director, and agency counsel.

§1203.12 Documentation for fees and expenses.

(a) The application for award must be accompanied by full and itemized documentation of the fees and other expenses for which an award is sought. The adjudicative officer may require the applicant to provide vouchers, receipts, logs, or other documentation for any fees or expenses claimed.

(b) A separate itemized statement must be submitted for each entity or individual whose services are covered by the application. Each itemized statement must include:

(1) The hours spent by each entity or individual;

(2) A description of the specific services performed and the rates at which each fee has been computed; and

(3) Any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity.

§§1203.13–1203.19 [Reserved]

Subpart C—Procedures for Filing and Consideration of the Application for Award

§1203.20 Filing and service of the application for award and related papers.

(a) An application for an award of fees and other expenses must be filed no later than 30 days after the final disposition of the underlying adversary adjudication.

(b) An application for award and other papers related to the proceedings on the application for award must be filed and served on all parties in the same manner as papers are filed and served in the underlying adversary adjudication, except as otherwise provided in this part.

(c) The computation of time for filing and service of the application of award and other papers must be computed in the same manner as in the underlying adversary adjudication.
§ 1203.21 Response to the application for award.

(a) Agency counsel must file a response within 30 days after service of an application for award of fees and other expenses except as provided in paragraphs (b) and (c) of this section. In the response, agency counsel must explain any objections to the award requested and identify the facts relied upon to support the objections. If any of the alleged facts are not already in the record of the underlying adversary adjudication, agency counsel must include with the response either supporting affidavits or a request for further proceedings under §1203.25.

(b) If agency counsel and the applicant believe that the issues in the application for award can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement will extend the time for filing a response for an additional 30 days. Upon request by agency counsel and the applicant, the adjudicative officer may grant for good cause further time extensions.

(c) Agency counsel may request that the adjudicative officer extend the time period for filing a response. If agency counsel does not respond or otherwise does not contest or settle the application for award within the 30-day period or the extended time period, the adjudicative officer may make an award of fees and other expenses upon a satisfactory showing of entitlement by the applicant.

§ 1203.22 Reply to the response.

Within 15 days after service of a response, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the underlying adversary adjudication, the applicant must include with the reply either supporting affidavits or a request for further proceedings under §1203.25.

§ 1203.23 Comments by other parties.

Any party to the underlying adversary adjudication other than the applicant and agency counsel may file comments on an application for award within 30 calendar days after it is served, or on a response within 15 calendar days after it is served. A commenting party may not participate further in proceedings on the application unless the adjudicative officer determines that the public interest requires such participation in order to permit full exploration of matters raised in the comments.

§ 1203.24 Settlement.

The applicant and agency counsel may agree on a proposed settlement of an award before the final decision on the application for award is made, either in connection with a settlement of the underlying adversary adjudication or after the underlying adversary adjudication has been concluded. If the eligible party and agency counsel agree on a proposed settlement of an award before an application for award has been filed, the application must be filed with the proposed settlement.

§ 1203.25 Further proceedings on the application for award.

(a) On request of either the applicant or agency counsel, on the adjudicative officer’s own initiative, or as requested by the Director under §1203.27, the adjudicative officer may order further proceedings, such as an informal conference, oral argument, additional written submissions, or, as to issues other than substantial justification (such as the applicant’s eligibility or substantiation of fees and expenses), pertinent discovery or an evidential hearing. Such further proceedings will be held only when necessary for full and fair resolution of the issues arising from the application for award and will be conducted as promptly as possible. The issue as to whether the position of FHFA in the underlying adversary adjudication was substantially justified will be determined on the basis of the whole administrative record that was made in the underlying adversary adjudication.

(b) A request that the adjudicative officer order further proceedings under this section must specifically identify the information sought on the disputed issues and must explain why the additional proceedings are necessary to resolve the issues.
§ 1203.26 Decision of the adjudicative officer.

(a) The adjudicative officer must make the initial decision on the basis of the written record, except if further proceedings are ordered under §1203.25.

(b) The adjudicative officer must issue a written initial decision on the application for award within 30 days after completion of proceedings on the application. The initial decision will become the final decision of FHFA after 30 days from the day it was issued, unless review is ordered under §1203.27.

(c) In all initial decisions, the adjudicative officer must include findings and conclusions with respect to the applicant’s eligibility and an explanation of the reasons for any difference between the amount requested by the applicant and the amount awarded. If the applicant has sought an award against more than one agency, the adjudicative officer must also include findings and conclusions with respect to the allocation of payment of any award made.

(d) In initial decisions on applications filed pursuant to §1203.4(a), the adjudicative officer must include findings and conclusions as to whether FHFA made a demand that was substantially in excess of the decision in the underlying adversary adjudication and that was unreasonable when compared with that decision; and, if at issue, whether the applicant has committed a willful violation of the law or otherwise acted in bad faith, or whether special circumstances would make the award unjust.

(e) In decisions on applications filed pursuant to §1203.4(b), the adjudicative officer must include written findings and conclusions as to whether the applicant is a prevailing party and whether the position of FHFA was substantially justified; and, if at issue, whether the applicant unduly protracted or delayed the underlying adversary adjudication or whether special circumstances make the award unjust.

§ 1203.27 Review by FHFA.

Within 30 days after the adjudicative officer issues an initial decision under §1203.26, either the applicant or agency counsel may request the Director to review the initial decision of the adjudicative officer. The Director may also decide, at his or her discretion, to review the initial decision. If review is ordered, the Director must issue a final decision on the application for award or remand the application for award to the adjudicative officer for further proceedings under §1203.25.

§ 1203.28 Judicial review.

Any party, other than the United States, that is dissatisfied with the final decision on an application for award of fees and expenses under this part may seek judicial review as provided in 5 U.S.C. 504(c)(2).

§ 1203.29 Payment of award.

To receive payment of an award of fees and other expenses granted under this part, the applicant must submit a copy of the final decision that grants the award and a certification that the applicant will not seek review of the decision in the United States courts to the Director, Federal Housing Finance Agency, 400 7th Street SW., Washington, DC 20219. FHFA must pay the amount awarded to the applicant within 60 days of receipt of the submission of the copy of the final decision and the certification, unless judicial review of the award has been sought by any party to the proceedings.

§ 1204.1 Why did FHFA issue this part?

The Federal Housing Finance Agency (FHFA) issued this part to—

(a) Implement the Privacy Act, a Federal law that helps protect private information about individuals that Federal agencies collect or maintain. You should read this part together with the Privacy Act, which provides additional information about records maintained on individuals;

(b) Establish rules that apply to all FHFA and FHFA Office of Inspector General (FHFA–OIG) maintained systems of records retrievable by an individual’s name or other personal identifier;

(c) Describe procedures through which you may request access to records, request amendment or correction of those records, or request an accounting of disclosures of those records by FHFA or FHFA–OIG;

(d) Inform you, that when it is appropriate to do so, FHFA or FHFA–OIG automatically processes a Privacy Act request for access to records under both the Privacy Act and FOIA, following the rules contained in this part and in FHFA’s Freedom of Information Act regulation at part 1202 of this title so that you will receive the maximum amount of information available to you by law;

(e) Notify you that this part does not entitle you to any service or to the disclosure of any record to which you are not entitled under the Privacy Act. It also does not, and may not be relied upon, to create any substantive or procedural right or benefit enforceable against FHFA or FHFA–OIG; and

(f) Notify you that this part applies to both FHFA and FHFA–OIG.

§ 1204.2 What do the terms in this part mean?

The following definitions apply to the terms used in this part—

Access means making a record available to a subject individual.

Amendment means any correction of, addition to, or deletion from a record.

Court means any entity conducting a legal proceeding.

Days, unless stated as “calendar days,” are working days and do not include Saturdays, Sundays, and federal holidays. If the last day of any period prescribed herein falls on a Saturday, Sunday, or federal holiday, the last day of the period will be the next working day that is not a Saturday, Sunday, or federal holiday.

FHFA means the Federal Housing Finance Agency and includes its predecessor agencies, the Office of Federal Housing Enterprise Oversight (OFHEO) and the Federal Housing Finance Board (FHFB).

FHFA–OIG means the Office of Inspector General for FHFA.

Individual means a natural person who is either a citizen of the United States of America or an alien lawfully admitted for permanent residence.

Maintain includes collect, use, disseminate, or control.

Privacy Act Appeals Officer means a person designated by the FHFA Director to process appeals of denials of requests for or seeking amendment of records maintained by FHFA under the Privacy Act. For appeals pertaining to records maintained by FHFA–OIG, Privacy Act Appeals Officer means a person designated by the FHFA Inspector General to process appeals of denials of requests for or seeking amendment of records maintained by FHFA–OIG under the Privacy Act.

Privacy Act Officer means a person designated by the FHFA Director who has primary responsibility for privacy and data protection policy and is authorized to process requests for or amendment of records maintained by FHFA under the Privacy Act. For requests pertaining to records maintained by FHFA–OIG, Privacy Act Officer means a person designated by the FHFA Inspector General to process requests for or amendment of records maintained by FHFA–OIG under the Privacy Act.
§ 1204.3 How do I make a Privacy Act request?

(a) What is a valid request? In general, a Privacy Act request can be made on your own behalf for records or information about you. You can make a Privacy Act request on behalf of another individual as the parent or guardian of a minor, or as the guardian of someone determined by a court to be incompetent. You also may request access to another individual’s record or information if you have that individual’s written consent, unless other conditions of disclosure apply.

(b) How and where do I make a request? Your request must be in writing. Regardless of whether your request seeks records from FHFA, FHFA–OIG, or both, you may appear in person to submit your written request to the FHFA Privacy Act Officer, or send your written request to the FHFA Privacy Act Officer by electronic mail, mail, delivery service, or facsimile. The electronic mail address is: privacy@fhfa.gov. For mail or delivery service, the address is: FHFA Privacy Act Officer, Federal Housing Finance Agency, 400 Seventh Street, SW., Eighth Floor, Washington, DC 20219. The facsimile number is (202) 649–1073. Requests for FHFA–OIG maintained records will be forwarded to FHFA–OIG for processing and direct response. You can help FHFA and FHFA–OIG process your request by marking electronic mail, letters, or facsimiles and the subject line, envelope, or facsimile cover sheet with “Privacy Act Request.” FHFA’s “Privacy Act Reference Guide,” which is available on FHFA’s Web site, http://www.fhfa.gov, provides additional information to assist you in making your request.

(c) What must the request include? You must describe the record that you want in enough detail to enable either the FHFA or FHFA–OIG Privacy Act Officer to locate the system of records containing it with a reasonable amount of effort. Include specific information about each record sought, such as the time period in which you believe it was compiled, the name or identifying number of each system of records in which you believe it is kept, and the date, title or name, author, recipient, or subject matter of the record. As a general rule, the more specific you are about the record that you want, the more likely FHFA or FHFA–OIG will be able to locate it in response to your request.

(d) How do I request amendment or correction of a record? If you are requesting an amendment or correction of any FHFA or FHFA–OIG record, identify each particular record in question and the system of records in which the record is located, describe the amendment or correction that you want, and
§ 1204.4 How will FHFA or FHFA–OIG respond to my Privacy Act request?

(a) How will FHFA or FHFA–OIG locate the requested records? FHFA or FHFA–OIG will search to determine if requested records exist in the system of records it owns or controls. You can find FHF and FHFA–OIG system of records notices on our Web site at http://www.fhfa.gov. You can also find descriptions of OFHEO and FHPB system of records that have not yet been superseded on the FHFA Web site. A description of the system of records also is available in the “Privacy Act Issuances” compilation published by the Office of the Federal Register of the National Archives and Records Administration. You can access the “Privacy Act Issuances” compilation in

state why you believe that the record is not accurate, relevant, timely, or complete. You may submit any documentation that you think would be helpful, including an annotated copy of the record.

(e) How do I request for an accounting of disclosures? If you are requesting an accounting of disclosures by FHFA or FHFA–OIG of a record to another person, organization, or Federal agency, you must identify each particular record in question. An accounting generally includes the date, nature, and purpose of each disclosure, as well as the name and address of the person, organization, or Federal agency to which the disclosure was made, subject to § 1204.7.

(f) Must I verify my identity? Yes. When making requests under the Privacy Act, your request must verify your identity to protect your privacy or the privacy of the individual on whose behalf you are acting. If you make a Privacy Act request and you do not follow these identity verification procedures, FHFA or FHFA–OIG cannot and will not process your request.

(1) How do I verify my identity? To verify your identity, you must state your full name, current address, and date and place of birth. In order to help identify and locate the records you request, you also may, at your option, include your Social Security number. If you make your request in person and your identity is not known to either the FHFA or FHFA–OIG Privacy Act Officer, you must provide either two forms of unexpired identification with photographs issued by a federal, state, or local government agency or entity (i.e., passport, passport card, driver’s license, ID card, etc.), or one form of unexpired identification with a photograph issued by a federal, state, or local government agency or entity (i.e., passport, passport card, driver’s license, ID card, etc.) and a properly authenticated birth certificate. If you make your request by mail, your signature either must be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. You may fulfill this requirement by having your signature on your request letter witnessed by a notary or by including the following statement just before the signature on your request letter: “I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on [date]. [Signature].”

(2) How do I verify parentage or guardianship? If you make a Privacy Act request as the parent or guardian of a minor, or as the guardian of someone determined by a court to be incompetent, with respect to records or information about that individual, you must establish—

(i) The identity of the individual who is the subject of the record, by stating the individual’s name, current address, date and place of birth, and, at your option, the Social Security number of the individual;

(ii) Your own identity, as required in paragraph (f)(1) of this section;

(iii) That you are the parent or guardian of the individual, which you may prove by providing a properly authenticated copy of the individual’s birth certificate showing your parentage or a properly authenticated court order establishing your guardianship; and

(iv) That you are acting on behalf of the individual in making the request.
§ 1204.5 What if I am dissatisfied with the response to my Privacy Act request?

(a) May I appeal the response? You may appeal any adverse determination made in response to your Privacy Act request. If you wish to seek review by a court of any adverse determination or denial of a request, you must first appeal it under this section.

(b) How do I appeal the response?—

(1) You may appeal by submitting in writing, a statement of the reasons you believe the adverse determination should be overturned. FHFA or FHFA–OIG must receive your written appeal within 30 calendar days of the date of the adverse determination under §1204.4. Your written appeal may include as much or as little related information as you wish, as long as it clearly identifies the determination (including the request number, if known) that you are appealing.

(2) If FHFA or FHFA–OIG denied your request in whole or in part, you may appeal the denial by writing directly to the FHFA Privacy Act Appeals Officer through electronic mail, mail, delivery service, or facsimile. The electronic mail address is: privacy@fhfa.gov. For mail or express mail, the address is: FHFA Privacy Act Appeals Officer, Federal Housing Finance Agency, 400 Seventh Street, SW., Eighth Floor, Washington, DC 20219.
Federal Housing Finance Agency

§ 1204.5

The facsimile number is: (202) 649–1073.

For appeals of FHFA–OIG denials, whether in whole or in part, the appeal must be clearly marked by adding “FHFA–OIG” after “Privacy Act Appeal.” All appeals from denials, in whole or part, made by FHFA–OIG will be forwarded to the FHFA–OIG Privacy Act Appeals Officer for processing and direct response. You can help FHFA and FHFA–OIG process your appeal by marking electronic mail, letters, or facsimiles and the subject line, envelope, or facsimile cover sheet with “Privacy Act Appeal.” FHFA’s “Privacy Act Reference Guide,” which is available on FHFA’s Web site, http://www.fhfa.gov, provides additional information to assist you in making your appeal. FHFA or FHFA–OIG ordinarily will not act on an appeal if the Privacy Act request becomes a matter of litigation.

(3) If you need more time to file your appeal, you may request an extension of time of no more than ten (10) calendar days in which to file your appeal, but only if your request is made within the original 30-calendar day time period for filing the appeal. Granting an extension is in the sole discretion of either the FHFA or FHFA–OIG Privacy Act Appeals Officer.

(c) Who has the authority to grant or deny appeals? For appeals from the FHFA Privacy Act Officer, the FHFA Privacy Act Appeals Officer is authorized to act on your appeal. For appeals from the FHFA–OIG Privacy Act Officer, the FHFA–OIG Privacy Act Appeals Officer is authorized to act on your appeal.

(d) When will FHFA or FHFA–OIG respond to my appeal? FHFA or FHFA–OIG generally will respond to you in writing within 30 days of receipt of an appeal that meets the requirements of paragraph (b) of this section, unless for good cause shown, the FHFA or FHFA–OIG Privacy Act Appeals Officer extends the response time.

(e) What will the FHFA or FHFA–OIG response include? The written response will include the determination of either the FHFA or FHFA–OIG Privacy Act Appeals Officer, whether to grant or deny your appeal in whole or in part, a brief explanation of the reasons for the determination, and information about the Privacy Act provisions for court review of the determination.

(1) If your appeal concerns a request for access to records or information and the appeal determination grants your access, the records or information, if any, will be made available to you.

(2) If your appeal concerns an amendment or correction of a record and the appeal determination grants your request for an amendment or correction, the response will describe any amendment or correction made to the record and advise you of your right to obtain a copy of the amended or corrected record under this part. FHFA or FHFA–OIG will notify all persons, organizations, or Federal agencies to which it previously disclosed the record, if an accounting of that disclosure was made, that the record has been amended or corrected. Whenever the record is subsequently disclosed, the record will be disclosed as amended or corrected.

(ii) If the response to your appeal denies your request for an amendment or correction to a record, the response will advise you of your right to file a Statement of Disagreement under paragraph (f) of this section.

(f) What is a Statement of Disagreement?—(1) A Statement of Disagreement is a concise written statement in which you clearly identify each part of any record that you dispute and explain your reason(s) for disagreeing with either the FHFA or FHFA–OIG Privacy Act Appeals Officer’s denial, in whole or in part, of your appeal requesting amendment or correction. Your Statement of Disagreement must be received by either the FHFA or FHFA–OIG Privacy Act Officer within 30 calendar days of either the FHFA or FHFA–OIG Privacy Act Appeals Officer’s denial, in whole or in part, of your appeal concerning amendment or correction of a record. FHFA and FHFA–OIG will place your Statement of Disagreement in the system of records in which the disputed record is maintained. FHFA and FHFA–OIG may also append a concise statement of its reason(s) for denying the request for an amendment or correction of the record.

(2) FHFA and FHFA–OIG will notify all persons, organizations, and Federal
§ 1204.6 What does it cost to get records under the Privacy Act?

(a) Must I agree to pay fees? Your Privacy Act request is your agreement to pay all applicable fees, unless you specify a limit on the amount of fees you agree to pay. FHFA or FHFA–OIG will not exceed the specified limit without your written agreement.

(b) How does FHFA or FHFA–OIG calculate fees? FHFA and FHFA–OIG will charge a fee for duplication of a record under the Privacy Act in the same way it charges for duplication of records under FOIA in 12 CFR 1202.11. There are no fees to search for or review records.

§ 1204.7 Are there any exemptions from the Privacy Act?

(a) What is a Privacy Act exemption? The Privacy Act authorizes the Director and the FHFA Inspector General to exempt records or information in a system of records from some of the Privacy Act requirements, if the Director or the FHFA Inspector General, as appropriate, determines that the exemption is necessary.

(b) How do I know if the records or information I want are exempt? Each system of records notice will advise you if the Director or the FHFA Inspector General has determined records or information in a system of records from some of the Privacy Act requirements. If the Director or the FHFA Inspector General has claimed an exemption for a system of records, the system of records notice will identify the exemption and the provisions of the Privacy Act from which the system is exempt.

(2) Until superseded by FHFA or FHFA–OIG systems of records, the following OFHEO and FHFB systems of records are, under 5 U.S.C. 552a(k)(2) or (k)(5), exempt from the Privacy Act requirements of 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f):

(i) OFHEO–11 Litigation and Enforcement Information System; and

(ii) FHFB–5 Agency Personnel Investigative Records.

(c) What exemptions potentially apply to FHFA–OIG records? Unless the FHFA Inspector General, his or her designee, or a statute specifically authorizes disclosure, FHFA–OIG will not release records of matters that are subject to the following exemptions:

(1) To the extent that the systems of records entitled “FHFA–OIG Audit Files Database,” “FHFA–OIG Investigative & Evaluative Files Database,” “FHFA–OIG Investigative & Evaluative MIS Database,” “FHFA–OIG Hotline Database,” and “FHFA–OIG Correspondence Database” contain any information compiled by FHFA–OIG for the purpose of criminal law enforcement investigations, such information falls within the scope of exemption (j)(2) of the Privacy Act, 5 U.S.C. 552a(j)(2), and therefore these systems of records are exempt from the requirements of the following subsections of the Privacy Act to that extent, for the reasons stated in paragraphs (1)(i) through (vi) of this section.

(i) From 5 U.S.C. 552a(c)(3), because release of an accounting of disclosures to an individual who is the subject of an investigation or evaluation could reveal the nature and scope of the investigation or evaluation and could result in the altering or destruction of evidence, improper influencing of witnesses, and other evasive actions that could impede or compromise the investigation or evaluation.

(ii) From 5 U.S.C. 552a(d)(1), because release of investigative or evaluative records to an individual who is the subject of an investigation or evaluation could interfere with pending or prospective law enforcement proceedings, constitute an unwarranted invasion of the personal privacy of third parties, reveal the identity of confidential sources, or reveal sensitive investigative or evaluative techniques and procedures.
§ 1204.7

(iii) From 5 U.S.C. 552a(d)(2), because amendment or correction of investigative or evaluative records could interfere with pending or prospective law enforcement proceedings, or could impose an impossible administrative and investigative or evaluative burden by requiring FHFA–OIG to continuously retrograde its investigations or evaluations attempting to resolve questions of accuracy, relevance, timeliness, and completeness.

(iv) From 5 U.S.C. 552a(e)(1), because it is often impossible to determine relevance or necessity of information in the early stages of an investigation or evaluation. The value of such information is a question of judgment and timing; what appears relevant and necessary when collected may ultimately be evaluated and viewed as irrelevant and unnecessary to an investigation or evaluation. In addition, FHFA–OIG may obtain information concerning the violation of laws other than those within the scope of its jurisdiction. In the interest of effective law enforcement, FHFA–OIG should retain this information because it may aid in establishing patterns of unlawful activity and provide leads for other law enforcement agencies. Further, in obtaining evidence during an investigation or evaluation, information may be provided to FHFA–OIG that relates to matters incidental to the main purpose of the investigation or evaluation, but which may be pertinent to the investigative or evaluative jurisdiction of another agency. Such information cannot readily be identified.

(v) From 5 U.S.C. 552a(e)(2), because in a law enforcement investigation or an evaluation it is usually counterproductive to collect information to the greatest extent practicable directly from the subject thereof. It is not always feasible to rely upon the subject of an investigation or evaluation as a source for information which may implicate him or her in illegal activities. In addition, collecting information directly from the subject could seriously compromise an investigation or evaluation by prematurely revealing its nature and scope, or could provide the subject with an opportunity to conceal criminal activities, or intimidate potential sources, in order to avoid apprehension.

(vi) From 5 U.S.C. 552a(e)(3), because providing such notice to the subject of an investigation or evaluation, or to other individual sources, could seriously compromise the investigation or evaluation by prematurely revealing its nature and scope, or could inhibit cooperation, permit the subject to evade apprehension, or cause interference with undercover activities.

(2) To the extent that the systems of records entitled "FHFA–OIG Audit Files Database," "FHFA–OIG Investigative & Evaluative Files Database," "FHFA–OIG Investigative & Evaluative MIS Database," "FHFA–OIG Hotline Database," and "FHFA–OIG Correspondence Database," contain information compiled by FHFA–OIG for the purpose of criminal law enforcement investigations, such information falls within the scope of exemption (k)(2) of the Privacy Act, 5 U.S.C. 552a(k)(2), and therefore these systems of records are exempt from the requirements of the following subsections of the Privacy Act to that extent, for the reasons stated in paragraphs (c)(2)(i) through (iv) of this section.

(i) From 5 U.S.C. 552a(c)(3), because release of an accounting of disclosures to an individual who is the subject of an investigation or evaluation could reveal the nature and scope of the investigation or evaluation and could result in the altering or destruction of evidence, improper influencing of witnesses, and other evasive actions that could impede or compromise the investigation or evaluation.

(ii) From 5 U.S.C. 552a(d)(1), because release of investigative or evaluative records to an individual who is the subject of an investigation or evaluation could interfere with pending or prospective law enforcement proceedings, constitute an unwarranted invasion of the personal privacy of third parties, reveal the identity of confidential sources, or reveal sensitive investigative or evaluative techniques and procedures.

(iii) From 5 U.S.C. 552a(d)(2), because amendment or correction of investigative or evaluative records could interfere with pending or prospective law
§ 1204.8 How are records secured?

(a) What controls must FHFA and FHFA–OIG have in place? FHFA and FHFA–OIG must establish administrative and physical controls to prevent unauthorized access to their systems of records, unauthorized or inadvertent disclosure of records, and physical damage to or destruction of records. The stringency of these controls corresponds to the sensitivity of the records that the controls protect. At a minimum, the administrative and physical controls must ensure that—

(1) Records are protected from public view;

(2) The area in which records are kept is supervised during business hours to prevent unauthorized persons from having access to them;

(3) Records are inaccessible to unauthorized persons outside of business hours; and

(4) Records are not disclosed to unauthorized persons or under unauthorized circumstances in either oral or written form.

(b) Is access to records restricted? Access to records is restricted to authorized employees who require access in order to perform their official duties.

§ 1204.9 Does FHFA or FHFA–OIG collect and use Social Security numbers?

FHFA and FHFA–OIG collect Social Security numbers only when it is necessary and authorized. At least annually, the FHFA Privacy Act Officer or the Senior Agency Official for Privacy will inform employees who are authorized to collect information that—

(a) Individuals may not be denied any right, benefit, or privilege as a result of refusing to provide their Social Security numbers, unless the collection is authorized either by a statute or by a regulation issued prior to 1975; and
They must inform individuals who are asked to provide their Social Security numbers—
(1) If providing a Social Security number is mandatory or voluntary;
(2) If any statutory or regulatory authority authorizes collection of a Social Security number; and
(3) The uses that will be made of the Social Security number.

§ 1204.10 What are FHFA and FHFA–OIG employee responsibilities under the Privacy Act?

At least annually, the FHFA Privacy Act Officer or the Senior Agency Official for Privacy will inform employees about the provisions of the Privacy Act, including the Privacy Act’s civil liability and criminal penalty provisions. Unless otherwise permitted by law, an authorized FHFA or FHFA–OIG employee shall—
(a) Collect from individuals only information that is relevant and necessary to discharge FHFA or FHFA–OIG responsibilities;
(b) Collect information about an individual directly from that individual whenever practicable;
(c) Inform each individual from whom information is collected of—
(1) The legal authority to collect the information and whether providing it is mandatory or voluntary;
(2) The principal purpose for which FHFA or FHFA–OIG intends to use the information;
(3) The routine uses FHFA or FHFA–OIG may make of the information; and
(4) The effects on the individual, if any, of not providing the information.
(d) Ensure that the employee’s office does not maintain a system of records without public notice and notify appropriate officials of the existence or development of any system of records that is not the subject of a current or planned public notice;
(e) Maintain all records that are used in making any determination about an individual with such accuracy, relevance, timeliness, and completeness as is reasonably necessary to ensure fairness to the individual in the determination;
(f) Except for disclosures made under FOIA, make reasonable efforts, prior to disseminating any record about an individual, to ensure that the record is accurate, relevant, timely, and complete;
(g) When required by the Privacy Act, maintain an accounting in the specified form of all disclosures of records by FHFA or FHFA–OIG to persons, organizations, or Federal agencies;
(h) Maintain and use records with care to prevent the unauthorized or inadvertent disclosure of a record to anyone; and
(i) Notify the appropriate official of any record that contains information that the Privacy Act does not permit FHFA or FHFA–OIG to maintain.

§ 1204.11 May FHFA–OIG obtain Privacy Act records from other Federal agencies for law enforcement purposes?

(a) The FHFA Inspector General is authorized under the Inspector General Act of 1978, as amended, to make written requests under 5 U.S.C. 552a(b)(7) for transfer of records maintained by other Federal agencies which are necessary to carry out an authorized law enforcement activity under the Inspector General Act of 1978, as amended.
(b) The FHFA Inspector General delegates the authority under paragraph (a) of this section to the following FHFA–OIG officials—
(1) Principal Deputy Inspector General;
(2) Deputy Inspector General for Audits;
(3) Deputy Inspector General for Investigations;
(4) Deputy Inspector General for Evaluations; and
(5) Deputy Inspector General for Administration.
(c) The officials listed in paragraph (b) of this section may not further delegate or re-delegate the authority described in paragraph (a) of this section.

(3) Expenses of any enforcement activities under 12 U.S.C. 4519;
(4) Expenses of other FHFA litigation under 12 U.S.C. 4513;
(5) Expenses relating to the maintenance of the FHFA records relating to examinations and other reviews of the Regulated Entities;
(6) Such amounts in excess of actual expenses for any given year deemed necessary to maintain a working capital fund;
(7) Expenses relating to monitoring and ensuring compliance with housing goals;
(8) Expenses relating to conducting reviews of new products;
(9) Expenses related to affordable housing and community programs;
(10) Other administrative expenses of the FHFA;
(11) Expenses related to preparing reports and studies;
(12) Expenses relating to the collection of data and development of systems to calculate the House Price Index (HPI) and the conforming loan limit;
(13) Amounts deemed necessary by the Director to wind up the affairs of the Office of Federal Housing Enterprise Oversight and the Federal Housing Finance Board; and

(14) Expenses relating to other responsibilities of the FHFA under the Safety and Soundness Act, the Federal Home Loan Bank Act and the Act.

(b) Allocating assessments. The Director shall allocate the annual assessments as follows:

(1) Enterprises. Assessments collected from the Enterprises shall not exceed amounts sufficient to provide for payment of the costs and expenses relating to the Enterprises as determined by the Director. Each Enterprise shall pay a proportional share that bears the same ratio to the total portion of the annual assessment allocated to the Enterprises that the total exposure of each Enterprise bears to the total exposure of both Enterprises.

(2) Federal Home Loan Banks. Assessments collected from the Banks shall not exceed amounts sufficient to provide for payment of the costs and expenses relating to the Banks as determined by the Director. Each Bank shall pay a pro rata share of the annual assessments based on the ratio between its minimum required regulatory capital and the aggregate minimum required regulatory capital of every Bank.

(c) Timing and amount of semiannual payment. Each Regulated Entity shall pay on or before October 1 and April 1 an amount equal to one-half of its annual assessment.

(d) Surplus funds. Surplus funds shall be credited to the annual assessment by reducing the amount collected in the following semiannual period by the amount of the surplus funds. Surplus funds shall be allocated to all Regulated Entities in the same proportion in which they were collected, except as determined by the Director.

§ 1206.5 Working capital fund.

(a) Assessments. The Director shall establish and collect from the Regulated Entities such assessments he or she deems necessary to maintain a working capital fund.

(b) Purposes. Assessments collected to maintain the working capital fund shall be used to establish an operating reserve and to provide for the payment of large or multiyear capital and operating expenditures as well as unanticipated expenses.

(c) Remittance of excess assessed funds. At the end of each year for which an assessment under this section is made, the Director shall remit to each Regulated Entity any amount of assessed and collected funds in excess of the amount the Director deems necessary to maintain a working capital fund in the same proportions as paid under the most recent annual assessment.

§ 1206.4 Increased costs of regulation.

(a) Increase for inadequate capitalization. The Director may, at his or her discretion, increase the amount of a semiannual payment allocated to a Regulated Entity that is not classified as adequately capitalized to pay additional estimated costs of regulation of that Regulated Entity.

(b) Increase for enforcement activities. The Director may, at his or her discretion, adjust the amount of a semiannual payment allocated to a Regulated Entity to ensure that the Regulated Entity bears the estimated costs of enforcement activities under the Act related to that Regulated Entity.

(c) Additional assessment for deficiencies. At any time, the Director may make and collect from any Regulated Entity an assessment, payable immediately or through increased semiannual payments, to cover the estimated amount of any deficiency for the semiannual period as a result of increased costs of regulation of a Regulated Entity due to its classification as other than adequately capitalized, or as a result of enforcement activities related to that Regulated Entity. Any amount remaining from such additional assessment and the semiannual payments at the end of any semiannual period during which such an additional assessment is made shall be deducted pro rata (based upon the amount of the additional assessments) from the assessment for the following semiannual period for that Regulated Entity.
§ 1206.6 Notice and review.

(a) Written notice of budget. The Director shall provide to each Regulated Entity written notice of the projected budget for the Agency for the upcoming fiscal year. Such notice shall be provided at least 30 days before the beginning of the applicable fiscal year.

Notice of any immediate assessment and the required payments shall be provided at such reasonable time as determined by the Director.

(3) Changes to assessments. The Director shall provide each Regulated Entity with written notice of any changes in the assessment procedures that the Director, in his or her sole discretion, deems necessary under the circumstances.

(c) Request for review. At the written request of a Regulated Entity, the Director, in his or her discretion, may review the calculation of the proportional share of the annual assessment, the semiannual payments, and any partial payments to be collected under this part. The determination of the Director upon such review is final. Except as provided by the Director, review by the Director does not suspend the requirement that the Regulated Entity make the semiannual payment or partial payment on or before the date it is due. Any adjustments determined appropriate shall be credited or otherwise addressed by the following year’s assessment for that entity.

§ 1206.7 Delinquent payment.

The Director may assess interest and penalties on any delinquent semiannual payment or other payment assessed under this part in accordance with 31 U.S.C. 3717 (interest and penalty on claims) and part 1704 of this title (debt collection).

§ 1208.3 Referrals to the Department of the Treasury, collection services, and use of credit bureaus.
(a) Referral of delinquent debts. (1) FHFA shall transfer to the Secretary of the Department of the Treasury any past due, legally enforceable nontax debt that has been delinquent for a period of 180 days or more so that the Secretary may take appropriate action to collect the debt or terminate collection action in accordance with 31 U.S.C. 3716, 5 U.S.C. 5514, 5 CFR 550.1108, 31 CFR part 285, and the FCCS.

(1) An opportunity to inspect and copy agency records pertaining to the debt;

(2) An opportunity for an administrative review of the legal enforceability or past due status of the debt;

(3) An opportunity to enter into a repayment agreement on terms satisfactory to FHFA to prevent FHFA from reporting the debt as overdue to consumer reporting agencies, and provide deadlines and method for requesting this relief;

(4) An explanation of the rate of interest that will accrue on the debt, that all costs incurred to collect the debt will be charged to the debtor, the authority for assessing these costs, and the manner in which FHFA will calculate the amount of these costs;

(5) An explanation that FHFA will report the debt to the consumer reporting agencies to the detriment of the debtor’s credit rating; and

(6) A description of the collection actions that the agency may take in the future if those presently proposed actions do not result in repayment of the debt, including the filing of a lawsuit against the borrower by the agency and assignment of the debt for collection by offset against Federal income tax refunds or the filing of a lawsuit against the debtor by the Federal Government.

(b) The information that may be disclosed to the consumer reporting agency is limited to:

(1) The debtor’s name, address, social security number or taxpayer identification number, and any other information necessary to establish the identity of the individual;

(2) The amount, status, and history of the claim; and

(3) FHFA program or activity under which the claim arose.

(c) Subsequent reports. FHFA may update its report to the credit bureau whenever it has knowledge of events that substantially change the status of the amount of liability.

(d) Subsequent reports of delinquent debts. Pursuant to 31 CFR 901.4, FHFA will report delinquent debt to the Department of Housing and Urban Development’s Credit Alert Interactive Voice Response System (CAIVRS).

(e) Privacy Act considerations. A delinquent debt may not be reported under this section unless a notice issued pursuant to the Privacy Act, 5 U.S.C. 552a(e)(4), authorizes the disclosure of information about the debtor to a credit bureau or CAIVRS.

Federal Housing Finance Agency

§ 1208.21 Notice requirements before salary offset where FHFA is the creditor agency.

(a) Notice of Intent. Deductions from an employee’s salary may not be made unless FHFA provides the employee with a Notice of Intent at least 30 calendar days before the salary offset is initiated.

(b) Contents of Notice of Intent. The Notice of Intent shall advise the employee of the following:

(1) That FHFA has reviewed the records relating to the claim and has determined that the employee owes the debt;

(5) The name, address, and telephone number of the person to whom the employee may propose a written alternative schedule for voluntary repayment, in lieu of salary offset. The employee shall include a justification for the alternative schedule in his or her proposal. If the terms of the alternative schedule are agreed upon by the employee and FHFA, the alternative written schedule shall be signed by both the employee and FHFA;

(6) An explanation of FHFA’s policy concerning interest, penalties, and administrative costs, the date by which payment should be made to avoid such costs, and a statement that such assessments must be made unless excused in accordance with the FCCS;

(8) The name, address, and telephone number of the FHFA employee to whom requests for access to records relating to the debt must be sent;

(9) The employee’s right to a hearing conducted by an impartial hearing official with respect to the existence and amount of the debt claimed or the repayment schedule i.e., the percentage of disposable pay to be deducted each pay period, so long as a request is filed by the employee as prescribed in §1208.23; the name and address of the office to which the request for a hearing should be sent; and the name, address, and telephone number of a person whom the employee may contact concerning procedures for requesting a hearing;

(10) The filing of a request for a hearing on or before the 30th calendar day following receipt of the Notice of Intent will stay the commencement of collection proceedings and a final decision on whether a hearing will be held (if a hearing is requested) or will be issued at the earliest practical date, but not later than 60 calendar days after the request for the hearing;

(11) FHFA shall initiate certification procedures to implement a salary offset unless the employee files a request
for a hearing on or before the 30th calendar day following receipt of the Notice of Intent;

(12) Any knowingly false or frivolous statement, representations, or evidence may subject the employee to:
   (i) Disciplinary procedures appropriate under 5 U.S.C. chapter 75, 5 CFR part 752, or any other applicable statutes or regulations;
   (ii) Penalties under the False Claims Act, 31 U.S.C. 3729 through 3731, or under any other applicable statutory authority; or
   (iii) Criminal penalties under 18 U.S.C. 286, 287, 1001, and 1002, or under any other applicable statutory authority;

(13) That the employee also has the right to request waiver of overpayment pursuant to 5 U.S.C. 5584 and may exercise any other rights and remedies available to the employee under statutes or regulations governing the program for which the collection is being made;

(14) Unless there are applicable contractual or statutory provisions to the contrary, amounts paid on or deducted from debts that are later waived or found not to be owed to the Federal Government shall be promptly returned to the employee; and

(15) Proceedings with respect to the debt are governed by 5 U.S.C. 5514.

§ 1208.22 Review of FHFA records related to the debt.

(a) Request for review. An employee who desires to inspect or copy FHFA records related to a debt owed by the employee to FHFA must send a letter to the individual designated in the Notice of Intent requesting access to the relevant records. The letter must be received in the office of that individual within 15 calendar days after the employee’s receipt of the Notice of Intent.

(b) Review location and time. In response to a timely request submitted by the employee, the employee shall be notified of the location and time when the employee may inspect and copy records related to his or her debt that are not exempt from disclosure. If the employee is unable personally to inspect such records as the result of geographical or other constraints, FHFA shall arrange to send copies of such records to the employee. The debtor shall pay copying costs unless they are waived by FHFA. Copying costs shall be assessed pursuant to FHFA’s Freedom of Information Act Regulation, 12 CFR part 1202.

§ 1208.23 Opportunity for a hearing where FHFA is the creditor agency.

(a) Request for a hearing. (1) Time-period for submission. An employee who requests a hearing on the existence or amount of the debt held by FHFA or on the salary-offset schedule proposed by FHFA, must send a written request to FHFA. The request for a hearing must be received by FHFA on or before the 30th calendar day following receipt by the employee of the Notice of Intent.

(2) Failure to submit timely. If the employee files a request for a hearing after the expiration of the 30th calendar day, the employee shall not be entitled to a hearing. However, FHFA may accept the request if the employee can show that the delay was the result of circumstances beyond his or her control or that he or she failed to receive actual notice of the filing deadline.

(3) Contents of request. The request for a hearing must be signed by the employee and must fully identify and explain with reasonable specificity all the facts, evidence, and witnesses, if any, that the employee believes support his or her position. The employee must also specify whether he or she requests an oral hearing. If an oral hearing is requested, the employee should explain why a hearing by examination of the documents without an oral hearing would not resolve the matter.

(4) Failure to request a hearing. The failure of an employee to request a hearing will be considered an admission by the employee that the debt exists in the amount specified in the Notice of Intent that was provided to the employee under §1208.21(b).

(b) Obtaining the services of a hearing official—(1) Debtor is not an FHFA employee. When the debtor is not an FHFA employee and FHFA cannot provide a prompt and appropriate hearing before an administrative law judge or other hearing official, FHFA may request a hearing official from an agent of the paying agency, as designated in 5 CFR part 581, appendix A, or as otherwise
designated by the paying agency. The paying agency must cooperate with FHFA to provide a hearing official, as required by the FCCS.

(2) Debtor is an FHFA employee. When the debtor is an FHFA employee, FHFA may contact any agent of another agency, as designated in 5 CFR part 581, appendix A, or as otherwise designated by the agency, to request a hearing official.

(c) Procedure—(1) Notice of hearing. After the employee requests a hearing, the hearing official shall notify the employee of the form of the hearing to be provided. If the hearing will be oral, the notice shall set forth the date, time, and location of the hearing, which must occur no more than 30 calendar days after the request is received, unless the employee requests that the hearing be delayed. If the hearing will be conducted by an examination of documents, the employee shall be notified within 30 calendar days that he or she should submit evidence and arguments in writing to the hearing official within 30 calendar days.

(2) Oral hearing. (i) An employee who requests an oral hearing shall be provided an oral hearing if the hearing official determines that the matter cannot be resolved by an examination of the documents alone, as for example, when an issue of credibility or veracity is involved. The oral hearing need not be an adversarial adjudication; and rules of evidence need not apply. Witnesses who testify in an oral hearing shall do so under oath or affirmation.

(ii) Oral hearings may take the form of, but are not limited to:

(A) Informal conferences with the hearing official in which the employee and agency representative are given full opportunity to present evidence, witnesses, and argument;

(B) Informal meetings in which the hearing examiner interviews the employee; or

(C) Formal written submissions followed by an opportunity for oral presentation.

(3) Hearing by examination of documents. If the hearing official determines that an oral hearing is not necessary, he or she shall make the determination based upon an examination of the documents.

(d) Record. The hearing official shall maintain a summary record of any hearing conducted under this section.

(e) Decision. (1) The hearing official shall issue a written opinion stating his or her decision, based upon all evidence and information developed during the hearing, as soon as practicable after the hearing, but not later than 60 calendar days after the date on which the request was received by FHFA, unless the hearing was delayed at the request of the employee, in which case the 60-day decision period shall be extended by the number of days by which the hearing was postponed.

(2) The decision of the hearing official shall be final and is considered to be an official certification regarding the existence and the amount of the debt for purposes of executing salary offset under 5 U.S.C. 5514. If the hearing official determines that a debt may not be collected by salary offset, but FHFA finds that the debt is still valid, FHFA may seek collection of the debt through other means in accordance with applicable law and regulations.

(f) Content of decision. The written decision shall include:

(1) A summary of the facts concerning the origin, nature, and amount of the debt;

(2) The hearing official’s findings, analysis, and conclusions; and

(3) The terms of any repayment schedules, if applicable.

(g) Failure to appear. If, in the absence of good cause shown, such as illness, the employee or the representative of FHFA fails to appear, the hearing official shall proceed with the hearing as scheduled, and make his or her decision based upon the oral testimony presented and the documentation submitted by both parties. At the request of both parties, the hearing official may schedule a new hearing date. Both parties shall be given reasonable notice of the time and place of the new hearing.
§ 1208.24 Certification where FHFA is the creditor agency.

(a) Issuance. FHFA shall issue a certification in all cases where the hearing official determines that a debt exists or the employee admits the existence and amount of the debt, as for example, by failing to request a hearing.

(b) Contents. The certification must be in writing and state:

(1) That the employee owes the debt;
(2) The amount and basis of the debt;
(3) The date the Federal Government’s right to collect the debt first accrued;
(4) The date the employee was notified of the debt, the action(s) taken pursuant to FHFA’s regulations, and the dates such actions were taken;
(5) If the collection is to be made by lump-sum payment, the amount and date such payment will be collected;
(6) If the collection is to be made in installments through salary offset, the amount or percentage of disposable pay to be collected in each installment and, if FHFA wishes, the desired commencing date of the first installment, if a date other than the next officially established pay period; and
(7) A statement that FHFA’s regulation on salary offset has been approved by OPM pursuant to 5 CFR part 550, subpart K.

§ 1208.25 Voluntary repayment agreements as alternative to salary offset where FHFA is the creditor agency.

(a) Proposed repayment schedule. In response to a Notice of Intent, an employee may propose to repay the debt voluntarily in lieu of salary offset by submitting a written proposed repayment schedule to FHFA. Any proposal under this section must be received by FHFA within 30 calendar days after receipt of the Notice of Intent.

(b) Notification of decision. In response to a timely proposal by the employee, FHFA shall notify the employee whether the employee’s proposed repayment schedule is acceptable. FHFA has the discretion to accept, reject, or propose to the employee a modification of the proposed repayment schedule.

(1) If FHFA decides that the proposed repayment schedule is unacceptable, the employee shall have 30 calendar days from the date he or she received notice of the decision in which to file a request for a hearing.

(2) If FHFA decides that the proposed repayment schedule is acceptable or the employee agrees to a modification proposed by FHFA, an agreement shall be put in writing and signed by both the employee and FHFA.

§ 1208.26 Special review where FHFA is the creditor agency.

(a) Request for review. (1) An employee subject to salary offset or a voluntary repayment agreement may, at any time, request a special review by FHFA of the amount of the salary offset or voluntary repayment, based on materially changed circumstances, including, but not limited to, catastrophic illness, divorce, death, or disability.

(2) The request for special review must include an alternative proposed offset or payment schedule and a detailed statement, with supporting documents, that shows why the current salary offset or payments result in extreme financial hardship to the employee and his or her spouse and dependents. The detailed statement must indicate:

(i) Income from all sources;
(ii) Assets;
(iii) Liabilities;
(iv) Number of dependents;
(v) Expenses for food, housing, clothing, and transportation;
(vi) Medical expenses; and
(vii) Exceptional expenses, if any.

(b) Evaluation of request. FHFA shall evaluate the statement and supporting documents and determine whether the original offset or repayment schedule imposes extreme financial hardship on the employee, for example, by preventing the employee from meeting essential subsistence expenses such as food, housing, clothing, transportation, and medical care. FHFA shall notify the employee in writing within 30 calendar days of such determination, including, if appropriate, a revised offset or payment schedule. If the special review results in a revised offset or repayment schedule, FHFA shall provide a new certification to the paying agency.
§ 1208.27 Notice of salary offset where FHFA is the paying agency.

(a) Notice. Upon issuance of a proper certification by FHFA (for debts owed to FHFA) or upon receipt of a proper certification from another creditor agency, FHFA shall send the employee a written notice of salary offset.

(b) Content of notice. Such written notice of salary offset shall advise the employee of:

1. Certification that has been issued by FHFA or received from another creditor agency;
2. Amount of the debt and of the deductions to be made; and
3. Date and pay period when the salary offset will begin.

(c) If FHFA is not the creditor agency, FHFA shall provide a copy of the notice of salary offset to the creditor agency and advise the creditor agency of the dollar amount to be offset and the pay period when the offset will begin.

§ 1208.28 Procedures for salary offset where FHFA is the paying agency.

(a) Generally. FHFA shall coordinate salary deductions under this section and shall determine the amount of an employee’s disposable pay and the amount of the salary offset subject to the requirements in this section. Deductions shall begin the pay period following the issuance of the certification by FHFA or the receipt by FHFA of the certification from another agency, or as soon thereafter as possible.

(b) Upon issuance of a proper certification by FHFA for debts owed to FHFA, or upon receipt of a proper certification from a creditor agency, FHFA shall send the employee a written notice of salary offset. Such notice shall advise the employee:

1. That certification has been issued by FHFA or received from another creditor agency;
2. Of the amount of the debt and of the deductions to be made; and
3. Of the initiation of salary offset at the next officially established pay interval or as otherwise provided for in the certification.

(c) Where appropriate, FHFA shall provide a copy of the notice to the creditor agency and advise such agency of the dollar amount to be offset and the pay period when the offset will begin.

(d) Types of collection—(1) Lump-sum payment. If the amount of the debt is equal to or less than 15 percent of the employee’s disposable pay, such debt ordinarily will be collected in one lump-sum payment.

(2) Installment deductions. Installment deductions will be made over a period not greater than the anticipated period of employment. The size and frequency of installment deductions will bear a reasonable relation to the size of the debt and the employee’s ability to pay. However, the amount deducted for any pay period will not exceed 15 percent of the disposable pay from which the deduction is made unless the employee has agreed in writing to the deduction of a greater amount. The installment payment should normally be sufficient in size and frequency to liquidate the debt in no more than three years. Installment payments of less than $50 should be accepted only in the most unusual circumstances.

(3) Lump-sum deductions from final check. In order to liquidate a debt, a lump-sum deduction exceeding 15 percent of disposable pay may be made pursuant to 31 U.S.C. 3716 from any final salary payment due a former employee, whether the former employee was separated voluntarily or involuntarily.

(4) Lump-sum deductions from other sources. Whenever an employee subject to salary offset is separated from FHFA, and the balance of the debt cannot be liquidated by offset of the final salary check, FHFA may offset any later payments of any kind to the former employee to collect the balance of the debt pursuant to 31 U.S.C. 3716.

(e) Multiple debts—(1) Where two or more creditor agencies are seeking salary offset, or where two or more debts are owed to a single creditor agency, FHFA may, at its discretion, determine whether one or more debts should be offset simultaneously within the 15 percent limitation.

(2) In the event that a debt owed FHFA is certified while an employee is subject to salary offset to repay another agency, FHFA may, at its discretion, determine whether the debt to
FHFA should be repaid before the debt to the other agency is repaid, repaid simultaneously with the other debt, or repaid after the debt to the other agency.

(3) A levy pursuant to the Internal Revenue Code of 1986 shall take precedence over other deductions under this section, as provided in 5 U.S.C. 5514(d).

§ 1208.29 Coordinating salary offset with other agencies.

(a) Responsibility of FHFA as the creditor agency.

(1) FHFA shall be responsible for:

(i) Arranging for a hearing upon proper request by a Federal employee;

(ii) Preparing the Notice of Intent consistent with the requirements of §1208.21;

(iii) Obtaining hearing officials from other agencies pursuant to §1208.23(b); and

(iv) Ensuring that each certification of debt pursuant to §1208.24(b) is sent to a paying agency.

(2) Upon completion of the procedures set forth in §§1208.24 through 1208.26, FHFA shall submit to the employee’s paying agency, if applicable, a certified debt claim and an installment agreement or other instruction on the payment schedule.

(i) If the employee is in the process of separating from the Federal Government, FHFA shall submit its debt claim to the employee’s paying agency for collection by lump-sum deduction from the employee’s final check. The paying agency shall certify the total amount of its collection and furnish a copy of the certification to FHFA and to the employee.

(ii) If the employee is already separated and all payments due from his or her former paying agency have been paid, FHFA may, unless otherwise prohibited, request that money due and payable to the employee from the Federal Government, including payments from the Civil Service Retirement and Disability Fund (5 CFR 831.1801) or other similar funds, be administratively offset to collect the debt.

(iii) When an employee transfers to another paying agency, FHFA shall not repeat the procedures described in §§1208.24 through 1208.26. Upon receiving notice of the employee’s transfer, FHFA shall review the debt to ensure that collection is resumed by the new paying agency.

(b) Responsibility of FHFA as the paying agency—

(1) Complete claim. When FHFA receives a certified claim from a creditor agency, the employee shall be given written notice of the certification, the date salary offset will begin, and the amount of the periodic deductions. Deductions shall be scheduled to begin at the next officially established pay interval or as otherwise provided for in the certification.

(2) Incomplete claim. When FHFA receives an incomplete certification of debt from a creditor agency, FHFA shall return the claim with notice that procedures under 5 U.S.C. 5514 and 5 CFR 550.1104 must be followed, and that a properly certified claim must be received before FHFA will take action to collect the debt from the employee’s current pay account.

(3) Review. FHFA is not authorized to review the merits of the creditor agency’s determination with respect to the amount or validity of the debt certified by the creditor agency.

(4) Employees who transfer from one paying agency to another agency. If, after the creditor agency has submitted the debt claim to FHFA, the employee transfers to another agency before the debt is collected in full, FHFA must certify the total amount collected on the debt as required by 5 CFR 550.1109. One copy of the certification shall be furnished to the employee and one copy shall be sent to the creditor agency along with notice of the employee’s transfer. If FHFA is aware that the employee is entitled to payments from the Civil Service Retirement and Disability Fund or other similar payments, it must provide written notification to the agency responsible for making such payments that the debtor owes a debt (including the amount) and that the requirements set forth herein and in 5 CFR part 550, subpart K, have been met. FHFA must submit a properly certified claim to the new payment agency before a collection can be made.
§ 1208.30 Interest, penalties, and administrative costs.

Where FHFA is the creditor agency, FHFA shall assess interest, penalties, and administrative costs pursuant to 31 U.S.C. 3717 and the FCCS, 31 CFR chapter IX.

§ 1208.31 Refunds.

(a) Where FHFA is the creditor agency, FHFA shall promptly refund any amount deducted under the authority of 5 U.S.C. 5514 when:

(1) FHFA receives notice that the debt has been waived or otherwise found not to be owing to the Federal Government; or

(2) An administrative or judicial order directs FHFA to make a refund.

(b) Unless required by law or contract, refunds under this section shall not bear interest.

§ 1208.32 Request from a creditor agency for the services of a hearing official.

(a) FHFA may provide qualified personnel to serve as hearing officials upon request of a creditor agency when:

(1) The debtor is employed by FHFA and the creditor agency cannot provide a prompt and appropriate hearing before a hearing official furnished pursuant to another lawful arrangement; or

(2) The debtor is employed by the creditor agency and that agency cannot arrange for a hearing official.

(b) Services provided by FHFA to creditor agencies under this section shall be provided on a fully reimbursable basis pursuant to 31 U.S.C. 1535, or other applicable authority.

§ 1208.33 Non-waiver of rights by payments.

A debtor’s payment, whether voluntary or involuntary, of all or any portion of a debt being collected pursuant to this subpart B shall not be construed as a waiver of any rights that the debtor may have under any statute, regulation, or contract, except as otherwise provided by law or contract.

Subpart C—Administrative Offset

§ 1208.40 Authority and scope.

(a) The provisions of this subpart C apply to the collection of debts owed to the Federal Government arising from transactions with FHFA. Administrative offset is authorized under the Debt Collection Improvement Act of 1996 (DCIA). This subpart C is consistent with the Federal Claims Collection Standards (FCCS) on administrative offset issued by the Department of Justice.

(b) FHFA may collect a debt owed to the Federal Government from a person, organization, or other entity by administrative offset, pursuant to 31 U.S.C. 3716, where:

(1) The debt is certain in amount;

(2) Administrative offset is feasible, desirable, and not otherwise prohibited;

(3) The applicable statute of limitations has not expired; and

(4) Administrative offset is in the best interest of the Federal Government.

§ 1208.41 Collection.

(a) FHFA may collect a claim from a person, organization, or other entity by administrative offset of monies payable by the Federal Government only after:

(1) Providing the debtor with due process required under this part; and

(2) Providing the paying agency with written certification that the debtor owes the debt in the amount stated and that FHFA, as creditor agency, has complied with this part.

(b) Prior to initiating collection by administrative offset, FHFA should determine that the proposed offset is within the scope of this remedy, as set forth in 31 CFR 901.3(a). Administrative offset under 31 U.S.C. 3716 may not be used to collect debts more than 10 years after the Federal Government’s right to collect the debt first accrued, except as otherwise provided by law. In addition, administrative offset may not be used when a statute explicitly prohibits its use to collect the claim or type of claim involved.

(c) Unless otherwise provided, debts or payments not subject to administrative offset under 31 U.S.C. 3716 may be
collected by administrative offset under common law, or any other applicable statutory authority.

§ 1208.42 Administrative offset prior to completion of procedures.

FHFA shall not be required to follow the procedures described in §1208.43 where:

(a) Prior to the completion of the procedures described in §1208.43, FHFA may effect administrative offset if failure to offset would substantially prejudice its ability to collect the debt, and if the time before the payment is to be made does not reasonably permit completion of the procedures described in §1208.43. Such prior administrative offset shall be followed promptly by the completion of the procedures described in §1208.43. Amounts recovered by administrative offset but later found not to be owed to FHFA shall be promptly refunded. This section applies only to administrative offset pursuant to 31 CFR 901.3(c), and does not apply when debts are referred to the Department of the Treasury for mandatory centralized administrative offset under 31 CFR 901.3(b)(1).

(b) The administrative offset is in the nature of a recoupment (i.e., FHFA may offset a payment due to the debtor when both the payment due to the debtor and the debt owed to FHFA arose from the same transaction); or

(c) In the case of non-centralized administrative offsets, FHFA first learns of the existence of a debt due when there would be insufficient time to afford the debtor due process under these procedures before the paying agency makes payment to the debtor; in such cases, the Director shall give the debtor notice and an opportunity for review as soon as practical and shall refund any money ultimately found not to be due to the Federal Government.

§ 1208.43 Procedures.

Unless the procedures described in §1208.42 are used, prior to collecting any debt by administrative offset or referring such claim to another agency for collection through administrative offset, FHFA shall provide the debtor with the following:

(a) Written notification of the nature and amount of the debt, the intention of FHFA to collect the debt through administrative offset, and a statement of the rights of the debtor under this section;

(b) An opportunity to inspect and copy the records of FHFA related to the debt that are not exempt from disclosure;

(c) An opportunity for review within FHFA of the determination of indebtedness. Any request for review by the debtor shall be in writing and shall be submitted to FHFA within 30 calendar days of the date of the notice of the offset. FHFA may waive the time limits for requesting review for good cause shown by the debtor. FHFA shall provide the debtor with a reasonable opportunity for an oral hearing when:

(1) An applicable statute authorizes or requires FHFA to consider waiver of the indebtedness involved, the debtor requests waiver of the indebtedness, and the waiver determination turns on an issue of credibility or veracity; or

(2) The debtor requests reconsideration of the debt and FHFA determines that the question of the indebtedness cannot be resolved by review of the documentary evidence, as for example, when the validity of the debt turns on an issue of credibility or veracity. Unless otherwise required by law, an oral hearing under this subpart C is not required to be a formal evidentiary hearing, although FHFA shall document all significant matters discussed at the hearing. In those cases where an oral hearing is not required by this subpart C, FHFA shall make its determination on the request for waiver or reconsideration based upon a review of the written record; and

(d) An opportunity to enter into a written agreement for the voluntary repayment of the amount of the claim at the discretion of FHFA.

§ 1208.44 Interest, penalties, and administrative costs.

FHFA shall assess interest, penalties, and administrative costs on debts owed to the Federal Government, in accordance with 31 U.S.C. 3717 and the FCCS. FHFA may also assess interest and related charges on debts that are not subject to 31 U.S.C. 3717 and the FCCS, to the extent authorized under the
§ 1208.45 Refunds.
FHFA shall refund promptly those amounts recovered by administrative offset but later found not to be owed to the Federal Government. Unless required by law or contract, such refunds shall not bear interest.

§ 1208.46 No requirement for duplicate notice.
Where FHFA has previously given a debtor any of the required notice and review opportunities with respect to a particular debt, FHFA is not required to duplicate such notice and review opportunities prior to initiating administrative offset.

§ 1208.47 Requests for administrative offset to other Federal agencies.
(a) FHFA may request that a debt owed to FHFA be collected by administrative offset against funds due and payable to a debtor by another agency.
(b) In requesting administrative offset, FHFA, as creditor, shall certify in writing to the agency holding funds of the debtor:
(1) That the debtor owes the debt;
(2) The amount and basis of the debt; and
(3) That FHFA has complied with the requirements of its own administrative offset regulations and the applicable provisions of the FCCS with respect to providing the debtor with due process, unless otherwise provided.

§ 1208.48 Requests for administrative offset from other Federal agencies.
(a) Any agency may request that funds due and payable to a debtor by FHFA be administratively offset in order to collect a debt owed to such agency by the debtor.
(b) FHFA shall initiate the requested administrative offset only upon:
(i) Receipt of written certification from the creditor agency that:
(ii) The debtor owes the debt, including the amount and basis of the debt;
(iii) The agency has prescribed regulations for the exercise of administrative offset; and
(iv) The agency has complied with its own administrative offset regulations and with the applicable provisions of the FCCS, including providing any required hearing or review.
(2) A determination by FHFA that collection by administrative offset against funds payable by FHFA would be in the best interest of the Federal Government as determined by the facts and circumstances of the particular case and that such administrative offset would not otherwise be contrary to law.

§ 1208.49 Administrative offset against amounts payable from Civil Service Retirement and Disability Fund.
(a) Request for administrative offset.
Unless otherwise prohibited by law, FHFA may request that monies that are due and payable to a debtor from the Civil Service Retirement and Disability Fund (Fund) be offset administratively in reasonable amounts in order to collect in one full payment or in a minimal number of payments debt owed to FHFA by the debtor. Such requests shall be made to the appropriate officials of OPM in accordance with such regulations as may be prescribed by FHFA or OPM.
(b) Contents of certification. When making a request for administrative offset under paragraph (a) of this section, FHFA shall provide OPM with a written certification that:
(1) The debtor owes FHFA a debt, including the amount of the debt;
(2) FHFA has complied with the applicable statutes, regulations, and procedures of OPM; and
(3) FHFA has complied with the requirements of the FCCS, including any required hearing or review.
(c) If FHFA decides to request administrative offset under paragraph (a) of this section, it shall make the request as soon as practicable after completion of the applicable procedures. This will satisfy any requirement that administrative offset be initiated prior to the expiration of the applicable statute of limitations. At such time as the debtor makes a claim for payments from the Fund, if at least one year has elapsed since the administrative offset request was originally made, the debtor shall be permitted to offer a satisfactory repayment plan in lieu of administrative offset if he or she establishes that
§ 1208.50 Authority and scope.

The provisions of 26 U.S.C. 6402(d) and 31 U.S.C. 3720A authorize the Secretary of the Treasury to offset a delinquent debt owed the Federal Government from the tax refund due a taxpayer when other collection efforts have failed to recover the amount due. In addition, FHFA is authorized to collect debts by means of administrative offset under 31 U.S.C. 3716 and, as part of the debt collection process, to notify the United States Department of Treasury's Financial Management Service of the amount of such debt for collection by tax refund offset.

§ 1208.51 Definitions.

The following terms apply to this subpart D—

Debt or claim means an amount of money, funds or property which has been determined by FHFA to be due to the Federal Government from any person, organization, or entity, except another Federal agency.

(1) A debt becomes eligible for tax refund offset procedures if:

(i) It cannot currently be collected pursuant to the salary offset procedures of 5 U.S.C. 5514(a)(1);  
(ii) The debt is ineligible for administrative offset or cannot be collected currently by administrative offset; and  
(iii) The requirements of this section are otherwise satisfied.

(2) All judgment debts are past due for purposes of this subpart D. Judgment debts remain past due until paid in full.

Debtor means a person who owes a debt or a claim. The term “person” includes any individual, organization or entity, except another Federal agency.

Dispute means a written statement supported by documentation or other evidence that all or part of an alleged debt is not past due or legally enforceable, that the amount is not the amount currently owed, that the outstanding debt has been satisfied, or in the case of a debt reduced to judgment, that the judgment has been satisfied or stayed.

Notice means the information sent to the debtor pursuant to § 1208.53. The date of the notice is that date shown on the notice letter as its date of issuance.

Tax refund offset means withholding or reducing a tax refund payment by an amount necessary to satisfy a debt owed by the payee(s) of a tax refund payment.

Tax refund payment means any overpayment of Federal taxes to be refunded to the person making the overpayment after the Internal Revenue Service (IRS) makes the appropriate credits.

§ 1208.52 Procedures.

(a) Referral to the Department of the Treasury. (1) FHFA may refer any past due, legally enforceable nonjudgment debt of an individual, organization, or entity to the Department of the Treasury for tax refund offset if FHFA’s or the referring agency’s rights of action accrued more than three months but less than 10 years before the offset is made.

(2) Debts reduced to judgment may be referred at any time.

(3) Debts in amounts lower than $25 are not subject to referral.

(4) In the event that more than one debt is owed, the tax refund offset procedures shall be applied in the order in which the debts became past due.

(5) FHFA shall notify the Department of the Treasury of any change in the amount due promptly after receipt of payment or notice of other reductions.

(b) Notice. FHFA shall provide the debtor with written notice of its intent to offset before initiating the offset. Notice shall be mailed to the debtor at the current address of the debtor, as determined from information obtained from the Internal Revenue Service pursuant to 26 U.S.C. 6103(m)(2), (4), (5) or maintained by FHFA. The notice sent...
to the debtor shall state the amount of the debt and inform the debtor that:

(1) The debt is past due;

(2) FHFA intends to refer the debt to the Department of the Treasury for offset from tax refunds that may be due to the taxpayer;

(3) FHFA intends to provide information concerning the delinquent debt exceeding $100 to a consumer reporting bureau unless such debt has already been disclosed; and

(4) Before the debt is reported to a consumer reporting agency, if applicable, and referred to the Department of the Treasury for offset from tax refunds, the debtor has 65 calendar days from the date of notice to request a review under paragraph (d) of this section.

(c) Report to consumer reporting agency. If the debtor neither pays the amount due nor presents evidence that the amount is not past due or is satisfied or stayed, FHFA will report the debt to a consumer reporting agency at the end of the notice period, if applicable, and refer the debt to the Department of the Treasury for offset from the taxpayer’s Federal tax refund. FHFA shall certify to the Department of the Treasury that reasonable efforts have been made by FHFA to obtain payment of such debt.

(d) Request for review. A debtor may request a review by FHFA if he or she believes that all or part of the debt is not past due or is not legally enforceable, or in the case of a judgment debt, that the debt has been stayed or the amount satisfied, as follows:

(1) The debtor must send a written request for review to FHFA at the address provided in the notice.

(2) The request must state the amount disputed and reasons why the debtor believes that the debt is not past due, is not legally enforceable, has been satisfied, or if a judgment debt, has been satisfied or stayed.

(3) The request must include any documents that the debtor wishes to be considered or state that additional information will be submitted within the time permitted.

(4) If the debtor wishes to inspect records establishing the nature and amount of the debt, the debtor must make a written request to FHFA for an opportunity for such an inspection. The office holding the relevant records not exempt from disclosure shall make them available for inspection during normal business hours within one week from the date of receipt of the request.

(5) The request for review and any additional information submitted pursuant to the request must be received by FHFA at the address stated in the notice within 65 calendar days of the date of issuance of the notice.

(6) In reaching its decision, FHFA shall review the dispute and shall consider its records and any documentation and arguments submitted by the debtor. FHFA shall send a written notice of its decision to the debtor. There is no administrative appeal of this decision.

(7) If the evidence presented by the debtor is considered by a non-FHFA agent or other entities or persons acting on behalf of FHFA, the debtor shall be accorded at least 30 calendar days from the date the agent or other entity or person determines that all or part of the debt is past due and legally enforceable to request review by FHFA of any unresolved dispute.

(8) Any debt that previously has been reviewed pursuant to this section or any other section of this part, or that has been reduced to a judgment, may not be disputed except on the grounds of payments made or events occurring subsequent to the previous review or judgment.

(9) To the extent that a debt owed has not been established by judicial or administrative order, a debtor may dispute the existence or amount of the debt or the terms of repayment. With respect to debts established by a judicial or administrative order, FHFA review will be limited to issues concerning the payment or other discharge of the debt.

§ 1208.53 No requirement for duplicate notice.

Where FHFA has previously given a debtor any of the required notice and review opportunities with respect to a particular debt, FHFA is not required to duplicate such notice and review opportunities prior to initiating tax refund offset.

§§ 1208.54–1208.59 [Reserved]

Subpart E—Administrative Wage Garnishment

§ 1208.60 Scope and purpose.

These administrative wage garnishment procedures are issued in compliance with 31 U.S.C. 3720D and 31 CFR 285.11(f). This subpart E provides procedures for FHFA to collect money from a debtor’s disposable pay by means of administrative wage garnishment. The receipt of payments pursuant to this subpart E does not preclude FHFA from pursuing other debt collection remedies, including the offset of Federal payments. FHFA may pursue such debt collection remedies separately or in conjunction with administrative wage garnishment. This subpart E does not apply to the collection of delinquent debts from the wages of Federal employees from their Federal employment. Federal pay is subject to the Federal salary offset procedures set forth in 5 U.S.C. 5514 and other applicable laws.

§ 1208.61 Notice.

At least 30 days before the initiation of garnishment proceedings, FHFA will send, by first class mail to the debtor’s last known address, a written notice informing the debtor of:

(a) The nature and amount of the debt;
(b) FHFA’s intention to initiate proceedings to collect the debt through deductions from the debtor’s pay until the debt and all accumulated interest penalties and administrative costs are paid in full;
(c) An explanation of the debtor’s rights as set forth in §1208.62(c); and
(d) The time frame within which the debtor may exercise these rights. FHFA shall retain a stamped copy of the notice indicating the date the notice was mailed.

§ 1208.62 Debtor’s rights.

FHFA shall afford the debtor the opportunity:

(a) To inspect and copy records related to the debt;
(b) To enter into a written repayment agreement with FHFA, under terms agreeable to FHFA; and
(c) To the extent that a debt owed has not been established by judicial or administrative order, to request a hearing concerning the existence or amount of the debt or the terms of the repayment schedule. With respect to debts established by a judicial or administrative order, a debtor may request a hearing concerning the payment or other discharge of the debt. The debtor is not entitled to a hearing concerning the terms of the proposed repayment schedule if these terms have been established by written agreement.

§ 1208.63 Form of hearing.

(a) If the debtor submits a timely written request for a hearing as provided in §1208.62(c), FHFA will afford the debtor a hearing, which at FHFA’s option may be oral or written. FHFA will provide the debtor with a reasonable opportunity for an oral hearing when FHFA determines that the issues in dispute cannot be resolved by review of the documentary evidence, for example, when the validity of the claim turns on the issue of credibility or veracity.

(b) If FHFA determines that an oral hearing is appropriate, the time and location of the hearing shall be established by FHFA. An oral hearing may, at the debtor’s option, be conducted either in person or by telephone conference. All travel expenses incurred by the debtor in connection with an in-person hearing will be borne by the debtor. All telephonic charges incurred during the hearing will be the responsibility of the agency.

(c) In cases when it is determined that an oral hearing is not required by this section, FHFA will accord the debtor a “paper hearing,” that is, FHFA will decide the issues in dispute based upon a review of the written record.

§ 1208.64 Effect of timely request.

If FHFA receives a debtor’s written request for a hearing within 15 business days of the date FHFA mailed its notice of intent to seek garnishment, FHFA shall not issue a withholding
§ 1208.65 Failure to timely request a hearing.

If FHFA receives a debtor’s written request for a hearing after 15 business days of the date FHFA mailed its notice of intent to seek garnishment, FHFA shall provide a hearing to the debtor. However, FHFA will not delay issuance of a withholding order unless it determines that the untimely filing of the request was caused by factors over which the debtor had no control, or FHFA receives information that FHFA believes justifies a delay or cancellation of the withholding order.

§ 1208.66 Hearing official.

A hearing official may be any qualified individual, as determined by FHFA, including an administrative law judge.

§ 1208.67 Procedure.

After the debtor requests a hearing, the hearing official shall notify the debtor of:

(a) The date and time of a telephonic hearing;
(b) The date, time, and location of an in-person oral hearing; or
(c) The deadline for the submission of evidence for a written hearing.

§ 1208.68 Format of hearing.

FHFA will have the burden of proof to establish the existence or amount of the debt. Thereafter, if the debtor disputes the existence or amount of the debt, the debtor must prove by a preponderance of the evidence that no debt exists, or that the amount of the debt is incorrect. In addition, the debtor or may present evidence that the terms of the repayment schedule are unlawful, would cause a financial hardship to the debtor, or that collection of the debt may not be pursued due to operation of law. The hearing official shall maintain a record of any hearing held under this section. Hearings are not required to be formal, and evidence may be offered without regard to formal rules of evidence. Witnesses who testify in oral hearings shall do so under oath or affirmation.

§ 1208.69 Date of decision.

The hearing official shall issue a written opinion stating his or her decision as soon as practicable, but not later than 60 days after the date on which the request for such hearing was received by FHFA. If FHFA is unable to provide the debtor with a hearing and decision within 60 days after the receipt of the request for such hearing:

(a) FHFA may not issue a withholding order until the hearing is held and a decision rendered; or
(b) If FHFA had previously issued a withholding order to the debtor’s employer, the withholding order will be suspended beginning on the 61st day after the date FHFA received the hearing request and continuing until a hearing is held and a decision is rendered.

§ 1208.70 Content of decision.

The written decision shall include:

(a) A summary of the facts presented;
(b) The hearing official’s findings, analysis and conclusions; and
(c) The terms of any repayment schedule, if applicable.

§ 1208.71 Finality of agency action.

A decision by a hearing official shall become the final decision of FHFA for the purpose of judicial review under the Administrative Procedure Act.

§ 1208.72 Failure to appear.

In the absence of good cause shown, a debtor who fails to appear at a scheduled hearing will be deemed as not having timely filed a request for a hearing.

§ 1208.73 Wage garnishment order.

(a) Unless FHFA receives information that it believes justifies a delay or cancellation of the withholding order, FHFA will send by first class mail a withholding order to the debtor’s employer within 30 calendar days after the debtor fails to make a timely request for a hearing (i.e., within 15 business days after the mailing of the notice of FHFA’s intent to seek garnishment) or, if a timely request for a hearing is made by the debtor, within 30
§ 1208.74 Certification by employer.

Along with the withholding order, FHFA will send to the employer a certification in a form prescribed by the Secretary of the Treasury. The employer shall complete and return the certification to FHFA within the time frame prescribed in the instructions to the form. The certification will address matters such as information about the debtor's employment status and disposable pay available for withholding.

§ 1208.75 Amounts withheld.

(a) Upon receipt of the garnishment order issued under this section, the employer shall deduct from all disposable pay paid to the debtor during each pay period the amount of garnishment described in paragraphs (b) through (d) of this section.

(b) Subject to the provisions of paragraphs (c) and (d) of this section, the amount of garnishment shall be the lesser of:

1. The amount indicated on the garnishment order up to 15 percent of the debtor's disposable pay; or
2. The amount set forth in 15 U.S.C. 1673(a)(2). The amount set forth at 15 U.S.C. 1673(a)(2) is the amount by which the debtor’s disposable pay exceeds an amount equivalent to thirty times the minimum wage.

(c) When a debtor's pay is subject to withholding orders with priority, the following shall apply:

1. Unless otherwise provided by Federal law, withholding orders issued under this section shall be paid in the amounts set forth under paragraph (b) of this section and shall have priority over other withholding orders which are served later in time. However, withholding orders for family support shall have priority over withholding orders issued under this section.

2. If amounts are being withheld from a debtor’s pay pursuant to a withholding order served on an employer before a withholding order issued pursuant to this section, or if a withholding order for family support is served on an employer at any time, the amounts withheld pursuant to the withholding order issued under this section shall be the lesser of:
   1. The amount calculated under paragraph (b) of this section; or
   2. An amount equal to 25 percent of the debtor’s disposable pay less the amount(s) withheld under the withholding order(s) with priority.

3. If a debtor owes more than one debt to FHFA, FHFA may issue multiple withholding orders. The total amount garnished from the debtor’s pay for such orders will not exceed the amount set forth in paragraph (b) of this section.

4. An amount greater than that set forth in paragraphs (b) and (c) of this section may be withheld upon the written consent of the debtor.

5. The employer shall promptly pay to FHFA all amounts withheld in accordance with the withholding order issued pursuant to this section.

6. An employer shall not be required to vary its normal pay and disbursement cycles in order to comply with the withholding order.

7. Any assignment or allotment by the employee of the employee’s earnings shall be void to the extent it interferes with or prohibits execution of the withholding order under this section, except for any assignment or allotment made pursuant to a family support judgment or order.

8. The employer shall withhold the appropriate amount from the debtor’s wages for each pay period until the employer receives notification from FHFA to discontinue wage withholding. The garnishment order shall indicate a reasonable period of time within which the employer is required to commence wage withholding.
§ 1208.76 Exclusions from garnishment.

FHFA will not garnish the wages of a debtor it knows has been involuntarily separated from employment until the debtor has been re-employed continuously for at least 12 months. The debtor has the burden of informing FHFA of the circumstances surrounding an involuntary separation from employment.

§ 1208.77 Financial hardship.

(a) A debtor whose wages are subject to a wage withholding order under this section, may, at any time, request a review by FHFA of the amount garnished, based on materially changed circumstances such as disability, divorce, or catastrophic illness which result in financial hardship.

(b) A debtor requesting a review under this section shall submit the basis for claiming that the current amount of garnishment results in a financial hardship to the debtor, along with supporting documentation.

(c) If a financial hardship is found, FHFA will downwardly adjust, by an amount and for a period of time agreeable to FHFA, the amount garnished to reflect the debtor’s financial condition. FHFA will notify the employer of any adjustments to the amounts to be withheld.

§ 1208.78 Ending garnishment.

(a) Once FHFA has fully recovered the amounts owed by the debtor, including interest, penalties, and administrative costs consistent with the Federal Claims Collection Standards, FHFA will send the debtor’s employer notification to discontinue wage withholding.

(b) At least annually, FHFA will review its debtors’ accounts to ensure that garnishment has been terminated for accounts that have been paid in full.

§ 1208.79 Prohibited actions by employer.

The Debt Collection Improvement Act of 1996 prohibits an employer from discharging, refusing to employ, or taking disciplinary action against the debtor due to the issuance of a withholding order under this subpart E.

§ 1208.80 Refunds.

(a) If a hearing official determines that a debt is not legally due and owing to the United States, FHFA shall promptly refund any amount collected by means of administrative wage garnishment.

(b) Unless required by Federal law or contract, refunds under this section shall not bear interest.

§ 1208.81 Right of action.

FHFA may sue any employer for any amount that the employer fails to withhold from wages owed and payable to its employee in accordance with this subpart E. However, a suit will not be filed before the termination of the collection action involving a particular debtor, unless earlier filing is necessary to avoid expiration of any applicable statute of limitations. For purposes of this subpart E, “termination of the collection action” occurs when the agency has terminated collection action in accordance with the FCCS or other applicable standards. In any event, termination of the collection action will have been deemed to occur if FHFA has not received any payments to satisfy the debt from the particular debtor whose wages were subject to garnishment, in whole or in part, for a period of one (1) year.

(2) Effective period. The effective period of any order under section 1377(b)(1) of the Safety and Soundness Act (12 U.S.C. 4636a(b)(1)) is specified in section 1377(b)(2) of the Safety and Soundness Act (12 U.S.C. 4636a(b)(2)). An order of suspension shall become effective upon service and, absent a court-ordered stay, remains effective and enforceable until the date the Director dismisses the charges or the effective date of an order issued by the Director under section 1377(c)(4) of the Safety and Soundness Act (12 U.S.C. 4636a(c)(4),(5)).

(3) Copy of order to be served on regulated entity. In accordance with section 1377(b)(3) of the Safety and Soundness Act (12 U.S.C. 4636a(b)(3)), the Director will serve a copy of any order to suspend, remove, or prohibit participation in the conduct of the affairs on the Office of Finance or any regulated entity.
§ 1209.8

12 CFR Ch. XII (1–1–16 Edition)

with which such party is affiliated at the time such order is issued.

(c) Notice; hearing and order—(1) Written notice. A notice of the intention of the Director to issue an order under sections 1377(a) and (c) of the Safety and Soundness Act, (12 U.S.C. 4636a(a), (c)), shall conform with §1209.23, and may include any such additional information as the Director may require.

(2) Hearing. A hearing on the record shall be held in the District of Columbia in accordance with sections 1373(a)(1) and 1377(c)(2) of the Safety and Soundness Act. See 12 U.S.C. 4633(a)(1), 4636a(c)(2).

(3) Consent. As provided by section 1377(c)(3) of the Safety and Soundness Act (12 U.S.C. 4636a(c)(3)), unless the party that is the subject of a notice delivered under paragraph (a) of this section appears in person or by a duly authorized representative of record, in the adjudicatory proceeding, such party shall be deemed to have consented to the issuance of an order under this section.

(4) Issuance of order of suspension or removal. As provided by section 1377(c)(4) of the Safety and Soundness Act (12 U.S.C. 4636a(c)(4)), the Director may issue an order under this part, as the Director may deem appropriate, if:

(i) A party is deemed to have consented to the issuance of an order under paragraph (d); or

(ii) Upon the record made at the hearing, the Director finds that any of the grounds specified in the notice have been established.

(5) Effectiveness of order. As provided by section 1377(c)(5) of the Safety and Soundness Act (12 U.S.C. 4636a(c)(5)), any order issued and served upon a party in accordance with this section shall become effective at the expiration of 30 days after the date of service upon such party and any regulated entity or entity-affiliated party. An order issued upon consent under paragraph (c)(3) of this section, however, shall become effective at the time specified therein. Any such order shall remain effective and enforceable except to such extent as it is stayed, modified, terminated, or set aside by action of the Director or a reviewing court.

(d) Prohibition of certain activities and industry-wide prohibition—(1) Prohibition of certain activities. As provided by section 1377(d) of the Safety and Soundness Act (12 U.S.C. 4636a(d)), any person subject to an order issued under subpart B of this part shall not—

(i) Participate in any manner in the conduct of the affairs of any regulated entity or the Office of Finance;

(ii) Solicit, procure, transfer, attempt to transfer, vote, or attempt to vote any proxy, consent, or authorization with respect to any voting rights in any regulated entity;

(iii) Violate any voting agreement previously approved by the Director; or

(iv) Vote for a director, or serve or act as an entity-affiliated party of a regulated entity or as an officer or director of the Office of Finance.

(2) Industry-wide prohibition. As provided by section 1377(e)(1) of the Safety and Soundness Act (12 U.S.C. 4636a(e)(1)), except as provided in section 1377(e)(2) of the Safety and Soundness Act (12 U.S.C. 4636a(e)(2)), any person who, pursuant to an order issued under section 1377 of the Safety and Soundness Act (12 U.S.C. 4636a), has been removed or suspended from office in a regulated entity or the Office of Finance, may not, while such order is in effect, continue or commence to hold any office in, or participate in any manner in the conduct of the affairs of, any regulated entity or the Office of Finance.

(3) Relief from industry-wide prohibition at the discretion of the Director—(i) Relief from order. As provided by section 1377(e)(2) of the Safety and Soundness Act (12 U.S.C. 4636a(e)(2)), if, on or after the date on which an order has been issued under section 1377 of the Safety and Soundness Act (12 U.S.C. 4636a) that removes or suspends from office any party, or prohibits such party from participating in the conduct of the affairs of a regulated entity or the Office of Finance, such party receives the written consent of the Director, the order shall cease to apply to such party with respect to the regulated entity or the Office of Finance to the extent described in the written consent. Such written consent shall be on such terms and conditions as the Director therein
may specify in his discretion. Any such consent shall be publicly disclosed.

(ii) No private right of action; no final agency action. Nothing in this paragraph shall be construed to require the Director to entertain or to provide such written consent, or to confer any rights to such consideration or consent upon any party, regulated entity, entity-affiliated party, or the Office of Finance. Additionally, whether the Director consents to relief from an outstanding order under this part is committed wholly to the discretion of the Director, and such determination shall not be a final agency action for purposes of seeking judicial review.

(4) Violation of industry-wide prohibition. As provided by section 1377(e)(3) of the Safety and Soundness Act (12 U.S.C. 4636a(e)(3)), any violation of section 1377(e)(1) of the Safety and Soundness Act (12 U.S.C. 4636a(e)(1)) by any person who is subject to an order issued under section 1377(h) of the Safety and Soundness Act (12 U.S.C. 4636a(h)) (suspension or removal of entity-affiliated party charged with felony) shall be treated as a violation of the order.

(e) Stay of suspension or prohibition of entity-affiliated party. As provided by section 1377(g) of the Safety and Soundness Act (12 U.S.C. 4636a(g)), not later than 10 days after the date on which any entity-affiliated party has been suspended from office or prohibited from participation in the conduct of the affairs of a regulated entity, such party may apply to the United States District Court for the District of Columbia, or the United States district court for the judicial district in which the headquarters of the regulated entity is located, for a stay of such suspension or prohibition pending the completion of the administrative enforcement proceeding pursuant to section 1377(c) of the Safety and Soundness Act (12 U.S.C. 4636a(c)). The court shall have jurisdiction to stay such suspension or prohibition, but such jurisdiction does not extend to the administrative enforcement proceeding.

§ 1209.9 Supervisory actions not affected.

As provided by section 1311(c) of the Safety and Soundness Act (12 U.S.C. 4511(c)), the authority of the Director to take action under subtitle A of the Safety and Soundness Act (12 U.S.C. 4611 et seq.) (e.g., the appointment of a conservator or receiver for a regulated entity; entering into a written agreement or pursuing an informal agreement with a regulated entity as the Director deems appropriate; and undertaking other such actions as may be applicable to undercapitalized, significantly undercapitalized or critically undercapitalized regulated entities), or to initiate enforcement proceedings under subtitle C of the Safety and Soundness Act (12 U.S.C. 4631 et seq.), shall not in any way limit the general supervisory or regulatory authority granted the Director under section 1311(b) of the Safety and Soundness Act (12 U.S.C. 4511(b)). The selection and form of regulatory or supervisory action under the Safety and Soundness Act is committed to the discretion of the Director, and the selection of one form of action or a combination of actions does not foreclose the Director from pursuing any other supervisory action authorized by law.

Subpart C—Rules of Practice and Procedure

§ 1209.10 Authority of the Director.

The Director may, at any time during the pendency of a proceeding, perform, direct the performance of, or waive performance of any act that could be done or ordered by the presiding officer.

§ 1209.11 Authority of the Presiding Officer.

(a) General rule. All proceedings governed by subpart C of this part shall be conducted consistent with the provisions of chapter 5 of title 5 of the United States Code. The presiding officer shall have complete charge of the adjudicative proceeding, conduct a fair and impartial hearing, avoid unnecessary delay, and assure that a complete record of the proceeding is made.

(b) Powers. The presiding officer shall have all powers necessary to conduct the proceeding in accordance with paragraph (a) of this section and 5 U.S.C. 556(c). The presiding officer is authorized to:
§ 1209.12 Public hearings; closed hearings.

(a) General rule. As provided in section 1379(b) of the Safety and Soundness Act (12 U.S.C. 4639(b)), all hearings shall be open to the public, except that the Director, in his discretion, may determine that holding an open hearing would be contrary to the public interest. The Director may make such determination sua sponte at any time by written notice to all parties, or as provided in paragraphs (b) and (c) of this section.

(b) Motion for closed hearing. Within 20 days of service of the notice of charges, any party may file with the presiding officer a motion for a private hearing and any party may file a pleading in reply to the motion. The presiding officer shall forward the motion and any reply, together with a recommended decision on the motion, to the Director, who shall make a final determination. Such motions and replies are governed by §1209.28 of this part. A determination under this section is committed to the discretion of the Director and is not a reviewable final agency action.

(c) Filing documents under seal. FHFA counsel of record, in his discretion, may file or require the filing of any document or part of a document under seal, if such counsel makes a written determination that disclosure of the document would be contrary to the public interest. The presiding officer...
shall issue an order to govern confidential information, and take all appropriate steps to preserve the confidentiality of such documents in whole or in part, including closing any portion of a hearing to the public or issuing a protective order under such terms as may be acceptable to FHFA counsel of record.

(d) Procedures for closed hearing. An evidentiary hearing, or any part thereof, that is closed for the purpose of offering into evidence testimony or documents filed under seal as provided in paragraph (c) of this section shall be conducted under procedures that may include: prior notification to the submitter of confidential information; provisions for sealing portions of the record, briefs, and decisions; in camera arguments, offers of proof, and testimony; and limitations on representatives of record or other participants, as the presiding officer may designate. Additionally, at such proceedings the presiding officer may make an opening statement as to the confidentiality and limitations and deliver an oath to the parties, representatives of record, or other approved participants as to the confidentiality of the proceedings.

§ 1209.13 Good faith certification.

(a) General requirement. Every filing or submission of record following the issuance of a notice of charges by the Director shall be signed by at least one representative of record in his individual name and shall state that representative’s business contact information, which shall include his address, electronic mail address, and telephone number; and the names, addresses and telephone numbers of all other representatives of record for the person making the filing or submission.

(b) Effect of signature. (1) By signing a document, a representative of record or party appearing pro se certifies that:

(i) The representative of record or party has read the filing or submission of record;

(ii) To the best of his knowledge, information and belief formed after reasonable inquiry, the filing or submission of record is well-grounded in fact and is warranted by existing law or a good faith, non-frivolous argument for the extension, modification, or reversal of existing law, regulation, or FHFA order or policy; and

(iii) The filing or submission of record is not made for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

(2) If a filing or submission of record is not signed, the presiding officer shall strike the filing or submission of record, unless it is signed promptly after the omission is called to the attention of the pleader or movant.

(c) Effect of making oral motion or argument. The act of making any oral motion or oral argument by any representative or party shall constitute a certification that to the best of his knowledge, information, and belief, formed after reasonable inquiry, his statements are well-grounded in fact and are warranted by existing law or a good faith, non-frivolous argument for the extension, modification, or reversal of existing law, regulation, or FHFA order or policy, and are not made for any improper purpose, such as to harass or to cause unnecessary delay or to needlessly increase litigation-related costs.

§ 1209.14 Ex parte communications.

(a) Definition—(1) Ex parte communication means any material oral or written communication relevant to an adjudication of the merits of any proceeding under this subpart that was neither on the record nor on reasonable prior notice to all parties that takes place between:

(i) An interested person outside FHFA (including the person’s representative of record); and

(ii) The presiding officer handling that proceeding, the Director, a decisional employee assigned to that proceeding, or any other person who is or may be reasonably expected to be involved in the decisional process.

(2) A communication that is procedural in that it does not concern the merits of an adjudicatory proceeding, such as a request for status of the proceeding, does not constitute an ex parte communication.

(b) Prohibition of ex parte communications. From the time a notice of charges commencing a proceeding
under this part is issued by the Director until the date that the Director issues his final decision pursuant to §1209.55 of this part, no person referred to in paragraph (a)(1)(i) of this section shall knowingly make or cause to be made an *ex parte* communication with the Director or the presiding officer. The Director, presiding officer, or a decisional employee shall not knowingly make or cause to be made an *ex parte* communication.

(c) Procedure upon occurrence of *ex parte* communication. If an *ex parte* communication is received by any person identified in paragraph (a) of this section, that person shall cause all such written communications (or, if the communication is oral, a memorandum stating the substance of the communication) to be placed on the record of the proceeding and served on all parties. All parties to the proceeding shall have an opportunity within 10 days of receipt of service of the *ex parte* communication to file responses thereto, and to recommend sanctions that they believe to be appropriate under the circumstances, in accordance with paragraph (d) of this section.  

(d) Sanctions. Any party or representative for a party who makes an *ex parte* communication, or who encourages or solicits another to make an *ex parte* communication, may be subject to any appropriate sanction or sanctions imposed by the Director or the presiding officer, including, but not limited to, exclusion from the proceedings, an adverse ruling on the issue that is the subject of the prohibited communication, or other appropriate and commensurate action(s).

(e) Consultations by presiding officer. Except to the extent required for the disposition of *ex parte* matters as authorized by law, the presiding officer may not consult a person or party on any matter relevant to the merits of the adjudication, unless upon notice to and opportunity for all parties to participate.

(f) Separation of functions. An employee or agent engaged in the performance of any investigative or prosecuting function for FHFA in a case may not, in that or in a factually related case, participate or advise in the recommended decision, the Director's review under §1209.55 of the recommended decision, or the Director's final determination on the merits based upon his review of the recommended decision, except as a witness or counsel in the adjudicatory proceedings. This section shall not prohibit FHFA counsel of record from providing necessary and appropriate legal advice to the Director on supervisory (including information or legal advice as to settlement issues) or regulatory matters.

§ 1209.15 Filing of papers.  

(a) Filing. All pleadings, motions, memoranda, and any other submissions or papers required to be filed in the proceeding shall be addressed to the presiding officer and filed with FHFA, 400 7th Street SW., Eighth Floor, Washington, DC 20219, in accordance with paragraphs (b) and (c) of this section.

(b) Manner of filing. Unless otherwise specified by the Director or the presiding officer, filing shall be accomplished by:

(1) Overnight delivery. Overnight U.S. Postal Service delivery or delivery by a reliable commercial delivery service for same day or overnight delivery to the address stated above; or

(2) U.S. Mail. First class, registered, or certified mail via the U.S. Postal Service; and

(3) Electronic media. Transmission by electronic media shall be required by and upon any conditions specified by the Director or the presiding officer. FHFA shall provide a designated site for the electronic filing of all papers in a proceeding in accordance with any conditions specified by the presiding officer. All papers filed by electronic media shall be filed concurrently in a manner set out above and in accordance with paragraph (c) of this section.

(c) Formal requirements as to papers filed—(1) Form. To be filed, all papers must set forth the name, address, telephone number, and electronic mail address of the representative or party seeking to make the filing. Additionally, all such papers must be accompanied by a certification setting forth when and how service has been made on all other parties. All papers filed must be double-spaced on 81/2 × 11-inch paper and must be clear, legible, and
§ 1209.16 Service of papers.

(a) Except as otherwise provided, a party filing papers or serving a subpoena shall serve a copy upon the representative of record for each party to the proceeding so represented, and upon any party who is not so represented, in accordance with the requirements of this section.

(b) Except as provided in paragraphs (c)(2) and (d) of this section, a serving party shall use one or more of the following methods of service:

(1) Personal service;

(2) Overnight U.S. Postal Service delivery or delivery by a reliable commercial delivery service for same day or overnight delivery to the parties’ respective street addresses; or

(3) First class, registered, or certified mail via the U.S. Postal Service; and

(4) For transmission by electronic media, each party shall promptly provide the presiding officer and all parties, in writing, an active electronic mail address where service will be accepted on behalf of such party. Any document transmitted via electronic mail for service on a party shall comply in all respects with the requirements of §1209.15(c).

(5) Service of pleadings or other papers made by facsimile may not exceed a total page count of 30 pages. Any paper served by facsimile transmission shall meet the requirements of §1209.15(c).

(6) Any party serving a pleading or other paper by electronic media under paragraph (4) of this section also shall concurrently serve that pleading or paper by one of the methods specified in paragraphs (1) through (5) of this section.

(c) By the Director or the presiding officer. (1) All papers required to be served by the Director or the presiding officer upon a party who has appeared in the proceeding in accordance with §1209.72 shall be served by the means specified in paragraph (b) of this section.

(2) If a notice of appearance has not been filed in the proceeding for a party in accordance with §1209.72, the Director or the presiding officer shall make service upon the party by any of the following methods:

(i) By personal service;

(ii) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;

(iii) If the person to be served is a corporation or other association, by delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;

(iv) By registered or certified mail addressed to the person’s last known address; or

(v) By any other method reasonably calculated to give actual notice.

(d) Subpoenas. Service of a subpoena may be made:

(1) By personal service;

(2) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;

(3) If the person to be served is a corporation or other association, by delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive
service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party; 
(4) By registered or certified mail addressed to the person’s last known address; or 
(5) By any other method reasonably calculated to give actual notice.

(e) Area of service. Service in any State or the District of Columbia, or any commonwealth, possession, territory or other place subject to the jurisdiction of the United States, or on any person doing business in any State or the District of Columbia, or any commonwealth, possession, territory or other place subject to the jurisdiction of the United States, or on any person as otherwise permitted by law, is effective without regard to the place where the hearing is held.

(f) Proof of service. Proof of service of papers filed by a party shall be filed before action is taken thereon. The proof of service, which shall serve as prima facie evidence of the fact and date of service, shall show the date and manner of service and may be by written acknowledgment of service, by declaration of the person making service, or by certificate of a representative of record. However, failure to file proof of service contemporaneously with the papers shall not affect the validity of actual service. The presiding officer may allow the proof to be amended or supplied, unless to do so would result in material prejudice to a party.

§ 1209.17 Time computations.

(a) General rule. In computing any period of time prescribed or allowed under this part, the date of the act or event that commences the designated period of time is not included. Computations shall include the last day of the time period, unless the day falls on a Saturday, Sunday, or Federal holiday. When the last day is a Saturday, Sunday or Federal holiday, the period of time shall run until the end of the next day that is not a Saturday, Sunday, or Federal holiday. Intermediate Saturdays, Sundays and Federal holidays are included in the computation of time. However, when the time period within which an act is to be performed is 10 days or less, not including any additional time allowed for in paragraph (c) of this section, intermediate Saturdays, Sundays and Federal holidays are not included.

(b) When papers are deemed to be filed or served. (1) Filing or service are deemed to be effective: 
(i) In the case of personal service or same day reliable commercial delivery service, upon actual service; 
(ii) In the case of U.S. Postal Service or reliable commercial overnight delivery service, or first class, registered, or certified mail, upon deposit in or delivery to an appropriate point of collection; 
(iii) In the case of transmission by electronic media, as specified by the authority receiving the filing, in the case of filing; or 
(iv) In the case of transmission by electronic media or facsimile, when the device through which the document was sent provides a reliable indicator that the document has been received by the opposing party, in the case of service.

(2) The effective filing and service dates specified in paragraph (b)(1) of this section may be modified by the Director or the presiding officer, or by agreement of the parties in the case of service.

(c) Calculation of time for service and filing of responsive papers. Whenever a time limit is measured by a prescribed period from the service of any notice, pleading or paper, the applicable time limits shall be calculated as follows: 
(1) If service was made by delivery to the U.S. Postal Service for longer than overnight delivery service by first class, registered, or certified mail, add three calendar days to the prescribed period for the responsive pleading or other filing. 
(2) If service was personal, or was made by delivery to the U.S. Postal Service or any reliable commercial delivery service for overnight delivery, add one calendar-day to the prescribed period for the responsive pleading or other filing. 
(3) If service was made by electronic media transmission or facsimile, add one calendar-day to the prescribed period for the responsive pleading or other filing—unless otherwise determined by the Director or the presiding officer.
§ 1209.18 Change of time limits.

Except as otherwise by law required, the presiding officer may extend any time limit that is prescribed above or in any notice or order issued in the proceedings. After the referral of the case to the Director pursuant to §1209.53, the Director may grant extensions of the time limits for good cause shown. Extensions may be granted on the motion of a party after notice and opportunity to respond is afforded all nonmoving parties, or on the Director’s or the presiding officer’s own motion.

§ 1209.19 Witness fees and expenses.

Witnesses (other than parties) subpoenaed for testimony (or for a deposition in lieu of personal appearance at a hearing) shall be paid the same fees for attendance and mileage as are paid in the United States district courts in proceedings in which the United States is a party, provided that, in the case of a discovery subpoena addressed to a party, no witness fees or mileage shall be paid. Fees for witnesses shall be tendered in advance by the party requesting the subpoena, except that fees and mileage need not be tendered in advance where FHFA is the party requesting the subpoena. FHFA shall not be required to pay any fees to or expenses of any witness who was not subpoenaed by FHFA.

§ 1209.20 Opportunity for informal settlement.

Any respondent may, at any time in the proceeding, unilaterally submit to FHFA’s counsel of record written offers or proposals for settlement of a proceeding without prejudice to the rights of any of the parties. No such offer or proposal shall be made to any FHFA representative other than FHFA counsel of record. Submission of a written settlement offer does not provide a basis for adjourning, deferring or otherwise delaying all or any portion of a proceeding under this part. No settlement offer or proposal, or any subsequent negotiation or resolution, is admissible as evidence in any proceeding.

§ 1209.21 Conduct of examination.

Nothing in this part limits or constrains in any manner any duty, authority, or right of FHFA to conduct or to continue any examination, investigation, inspection, or visitation of any regulated entity or entity-affiliated party.

§ 1209.22 Collateral attacks on adjudicatory proceeding.

If an interlocutory appeal or collateral attack is brought in any court concerning all or any part of an adjudicatory proceeding, the challenged adjudicatory proceeding shall continue without regard to the pendency of that court proceeding. No default or other failure to act as directed in the adjudicatory proceeding within the times prescribed in subpart C of this part shall be excused based on the pendency before any court of any interlocutory appeal or collateral attack.

§ 1209.23 Commencement of proceeding and contents of notice of charges.

Proceedings under subpart C of this part are commenced by the Director by the issuance of a notice of charges, as defined in §1209.3(p), that must be served upon a respondent. A notice of charges shall state all of the following:

(a) The legal authority for the proceeding and for FHFA’s jurisdiction over the proceeding;

(b) A statement of the matters of fact or law showing that FHFA is entitled to relief;

(c) A proposed order or prayer for an order granting the requested relief;

(d) Information concerning the nature of the proceeding and pertinent procedural matters, including: the requirement that the hearing shall be held in the District of Columbia; the presiding officer will set the date and location for an evidentiary hearing in a scheduling order to be issued not less than 30 days or more than 60 days after service of the notice of charges; contact information for FHFA enforcement counsel and the presiding officer, if known; submission information for FHFA Rules of Practice and Procedure; and
§ 1209.24 Answer.

(a) Filing deadline. Unless otherwise specified by the Director in the notice, respondent shall file an answer within 20 days of service of the notice of charges initiating the enforcement action.

(b) Content of answer. An answer must respond specifically to each paragraph or allegation of fact contained in the notice of charges and must admit, deny, or state that the party lacks sufficient information to admit or deny each allegation of fact. A statement of lack of information has the effect of a denial. Denials must fairly meet the substance of each allegation of fact denied; general denials are not permitted. When a respondent denies part of an allegation, that part must be denied and the remainder specifically admitted. Any allegation of fact in the notice that is not denied in the answer is deemed admitted for purposes of the proceeding. A respondent is not required to respond to the portion of a notice that constitutes the prayer for relief or proposed order. The answer must set forth affirmative defenses, if any, asserted by the respondent.

(c) Default. Failure of a respondent to file an answer required by this section within the time provided constitutes a waiver of such respondent's right to appear and contest the allegations in the notice. If no timely answer is filed, FHFA counsel of record may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the presiding officer shall file with the Director a recommended decision containing the findings and the relief sought in the notice. Any final order issued by the Director based upon a respondent's failure to answer is deemed to be an order issued upon consent.

§ 1209.25 Amended pleadings.

(a) Amendments. The notice or answer may be amended or supplemented at any stage of the proceeding. The respondent must answer an amended notice within the time remaining for the respondent's answer to the original notice, or within 10 days after service of the amended notice, whichever period is longer, unless the Director or presiding officer orders otherwise for good cause shown.

(b) Amendments to conform to the evidence. When issues not raised in the notice or answer are tried at the hearing by express or implied consent of the parties, or as the presiding officer may allow for good cause shown, if evidence is objected to at the hearing on the ground that it is not within the issues raised by the notice or answer, the presiding officer may admit the evidence when admission is likely to assist in adjudicating the merits of the action. The presiding officer will do so freely when the determination of the merits of the action is served thereby and the objecting party fails to satisfy the presiding officer that the admission of such evidence would unfairly prejudice that party's action or defense upon the merits. The presiding officer may grant a continuance to enable the objecting party to meet such evidence.

§ 1209.26 Failure to appear.

Failure of a respondent to appear in person at the hearing or by a duly authorized representative of record constitutes a waiver of respondent's right to a hearing and is deemed an admission of the facts as alleged and consent to the relief sought in the notice. Without further proceedings or notice to the respondent, the presiding officer shall file with the Director a recommended decision containing the Agency's findings and the relief sought in the notice.

§ 1209.27 Consolidation and severance of actions.

(a) Consolidation. On the motion of any party, or on the presiding officer's own motion, the presiding officer may
§ 1209.29

consolidate, for some or all purposes, any two or more proceedings, if each such proceeding involves or arises out of the same transaction, occurrence or series of transactions or occurrences, or involves at least one common respondent or a material common question of law or fact, unless such consolidation would cause unreasonable delay or injustice. In the event of consolidation under this section, appropriate adjustment to the pre-hearing schedule must be made to avoid unnecessary expense, inconvenience, or delay.

(b) Severance. The presiding officer may, upon the motion of any party, sever the proceeding for separate resolution of the matter as to any respondent only if the presiding officer finds that undue prejudice or injustice to the moving party would result from not severing the proceeding and such undue prejudice or injustice would outweigh the interests of judicial economy and expedition in the complete and final resolution of the proceeding.

§ 1209.28 Motions.

(a) In writing. (1) Except as otherwise provided herein, an application or request for an order or ruling must be made by written motion.

(2) All written motions must state with particularity the relief sought and must be accompanied by a proposed order.

(3) No oral argument may be held on written motions except as otherwise directed by the presiding officer. Written memoranda, briefs, affidavits, or other relevant material or documents may be filed in support of or in opposition to a motion.

(b) Oral motions. A motion may be made orally on the record, unless the presiding officer directs that such motion be reduced to writing, in which case the motion will be subject to the requirements of this section.

(c) Filing of motions. Motions must be filed with the presiding officer and served on all parties; except that following the filing of a recommended decision, motions must be filed with the Director. Motions for pre-trial relief such as motions in limine or objections to offers of proof or experts shall be filed not less than 10 days prior to the date of the evidentiary hearing, except as provided with the consent of the presiding officer for good cause shown.

(d) Responses and replies. (1) Except as otherwise provided herein, any party may file a written response to a non-dispositive motion within 10 days after service of any written motion, or within such other period of time as may be established by the presiding officer or the Director; and the moving party may file a written reply to a written response to a non-dispositive motion within five days after the service of the response, unless some other period is ordered by the presiding officer or the Director. The presiding officer shall not rule on any oral or written motion before each party with an interest in the motion has had an opportunity to respond as provided in this section.

(2) The failure of a party to oppose a written motion or an oral motion made on the record is deemed as consent by that party to the entry of an order substantially in the form of the order accompanying the motion.

(e) Dilatory motions. Frivolous, dilatory, or substantively repetitive motions are prohibited. The filing of such motions may form the basis for sanctions.

(f) Dispositive motions. Dispositive motions are governed by §§ 1209.34 and 1209.35 of this part.

§ 1209.29 Discovery.

(a) General rule. (1) Limits on discovery. Subject to the limitations set out in paragraphs (a)(2), (b), (d), and (e) of this section, a party to a proceeding under this part may obtain document discovery by serving upon any other party in the proceeding a written request to produce documents. For purposes of such requests, the term "documents" may be defined to include records, drawings, graphs, charts, photographs, recordings, or data stored in electronic form or other data compilations from which information can be obtained or translated, if necessary, by the parties through detection devices into reasonably usable form (e.g., electronically stored information), as well as written material of all kinds.

(2) Discovery plan. (i) In the initial scheduling conference held in accordance with §1209.36, or otherwise at the earliest practicable time, the presiding...
officer shall require the parties to confer in good faith to develop and submit a joint discovery plan for the timely, cost-effective management of document discovery (including, if applicable, electronically stored information). The discovery plan should provide for the coordination of similar discovery requests by multiple parties, if any, and specify how costs are to be apportioned among those parties. The discovery plan shall specify the form of electronic productions, if any. Documents are to be produced in accordance with the technical specifications described in the discovery plan.

(ii) Discovery in the proceeding may commence upon the approval of the discovery plan by the presiding officer. Thereafter, the presiding officer may interpret or modify the discovery plan for good cause shown or in his or her discretion due to changed circumstances.

(iii) Nothing in paragraph (a)(2) of this section shall be interpreted or deemed to require the production of documents that are privileged or not reasonably accessible because of undue burden or cost, or to require any document production otherwise inconsistent with the limitations on discovery set forth in this part.

(b) Relevance and scope. (1) A party may obtain document discovery regarding any matter not privileged that is materially relevant to the charges or allowable defenses raised in the pending proceeding.

(2) The scope of available discovery shall be limited in accordance with subpart C of this part. Any request for the production of documents that seeks to obtain privileged information or documents not materially relevant under paragraph (b)(1) of this section, or that is unreasonable, oppressive, excessive in scope, unduly burdensome, cumulative, or repetitive of any prior discovery requests, shall be denied or modified.

(3) A request for document discovery is unreasonable, oppressive, excessive in scope, or unduly burdensome—and shall be denied or modified—if, among other things, the request:

(i) Fails to specify justifiable limitations on the relevant subject matter, time period covered, search parameters, or the geographic location(s) or data repositories to be searched;

(ii) Fails to identify documents with sufficient specificity;

(iii) Seeks material that is duplicative, cumulative, or obtainable from another source that is more accessible, cost-effective, or less burdensome;

(iv) Calls for the production of documents to be delivered to the requesting party or his or her designee and fails to provide a written agreement by the requestor to pay in advance for the costs of production in accordance with §1209.30, or otherwise fails to take into account costs associated with processing electronically stored information or any cost-sharing agreements between the parties;

(v) Fails to afford the responding party adequate time to respond; or

(vi) Fails to take into account retention policies or security protocols with respect to Federal information systems.

(c) Forms of discovery. Discovery shall be limited to requests for production of documents for inspection and copying. No other form of discovery shall be allowed. Discovery by use of interrogatories is not permitted. This paragraph shall not be interpreted to require the creation of a document.

(d) Privileged matter. (1) Privileged documents are not discoverable. (i) Privileges include the attorney-client privilege, work-product privilege, any government’s or government agency’s deliberative process privilege, and any other privileges provided by the Constitution, any applicable act of Congress, or the principles of common law.

(ii) The parties may enter into a written agreement to permit a producing party to assert applicable privileges of a document even after its production and to request the return or destruction of privileged matter (claw back agreement). The parties shall file the claw back agreement with the presiding officer. To ensure the enforceability of the terms of any such claw back agreement, the presiding officer shall enter an order. Any party may petition the presiding officer for an order specifying claw back procedures for good cause shown.

(2) No effect on examination authority. The limitations on discoverable matter
§ 1209.30 Request for document discovery from parties.

(a) General rule. Each request for the production of documents must conform to the requirements of this part.

(1) Limitations. Subject to applicable limitations on discovery in this part, a party may serve (requesting party) a request on another party (responding party) for the production of any non-privileged, discoverable documents in the possession, custody, or control of the responding party. A requesting party shall serve a copy of any such document request on all other parties. Each request for the production of documents must, with reasonable particularity, identify or describe the documents to be produced, either by individual item or by category, with sufficient specificity to enable the responding party to respond consistent with the requirements of this part.

(2) Discovery plan. Document discovery under subpart C of this part shall be consistent with any discovery plan approved by the presiding officer under §1209.29.

(b) Production and costs—(1) General rule. Subject to the applicable limitations on discovery in this part and the discovery plan, the requesting party shall specify a reasonable time, place, and manner for the production of documents and the performance of any related acts. The responding party shall produce documents to the requesting party in a manner consistent with the discovery plan.

(2) Costs. All costs associated with document productions—including, without limitation, photocopying (as specified in paragraph (b)(4) of this section) or electronic processing (as specified in paragraph (b)(5) of this section)—shall be born by the requesting party, or otherwise in accordance with any discovery plan approved by the presiding officer that may require such costs be apportioned between parties, or as otherwise ordered by the presiding officer. If consistent with the discovery plan approved by the presiding officer, the responding party may require receipt of payment of any such document production costs in advance before any such production of responsive documents.

(3) Organization. Unless otherwise provided for in any discovery plan approved by the presiding officer under §1209.29 of this part, or by order of the presiding officer, documents must be produced as they are kept in the usual course of business or they shall be labeled and organized to correspond with the categories in the document request.

(4) Photocopying charges. Photocopying charges are to be set at the current rate per page imposed by FHFA under the fee schedule pursuant to §1202.11(c) of this part for requests for documents filed under the Freedom of Information Act, 5 U.S.C. 552.

(5) Electronic processing. In the event that any party seeks the production of electronically stored information (i.e., information created, stored, communicated, or used in digital format requiring the use of computer hardware and software), the parties shall confer in good faith to resolve common discovery issues related to electronically stored information, such as preservation, search methodology, collection, and need for such information; the suitability of alternative means to obtain it; and the format of production. Consistent with the discovery plan approved by the presiding officer under
§ 1209.30, costs associated with the processing of such electronic information (i.e., imaging; scanning; conversion of “native” files to images that are viewable and searchable; indexing; coding; database or Web-based hosting; searches; branding of endorsements, such as “confidential” or document control numbering; privilege reviews; and copies of production discs) and delivery of any such document production, shall be born by the requesting party, apportioned among the parties, or as otherwise ordered by the presiding officer. Nothing in this part shall be deemed to require FHFA to produce privileged documents or any electronic records in violation of applicable Federal law or security protocols.

(c) Obligation to update responses. A party who has responded to a discovery request is not required to supplement the response, unless:

(1) The responding party learns that in some material respect the information disclosed is incomplete or incorrect, and

(2) The additional or corrective information has not otherwise been made known to the other parties during the discovery process or in writing.

(d) Motions to strike or limit discovery requests. (1) Any party served with a document discovery request may object within 30 days of service of the request by filing a motion to strike or limit the request in accordance with the provisions of §1209.28 of this part. No other party may file an objection. If an objection is made only to a portion of an item or category in a request, the objection shall specify that portion. Any objections not made in accordance with this paragraph and §1209.28 are waived.

(2) The party who served the request that is the subject of a motion to strike or limit may file a written response in accordance with the provisions of §1209.28. A reply by the moving party, if any, shall be governed by §1209.28. No other party may file a response.

(e) Privilege. At the time other documents are produced, all documents withheld on a claim of privilege must be reasonably identified, together with a statement of the basis for the assertion of privilege on a privilege log. When similar documents that are protected by the government’s deliberative process, investigative or examination privilege, the attorney work-product doctrine, or the attorney-client privilege are voluminous, such documents may be identified on the log by category instead of by individual document. The presiding officer has discretion to permit submission of a privilege log subsequent to the document production(s), which may occur on a rolling basis if agreed to by the parties in the discovery plan, and to determine whether an identification by category is sufficient to provide notice of withheld documents.

(f) Motions to compel production. (1) If a party withholds any document as privileged or fails to comply fully with a document discovery request, the requesting party may, within 10 days of the assertion of privilege or of the time the failure to comply becomes known to the requesting party, file a motion in accordance with the provisions of §1209.28 for the issuance of a subpoena compelling the production of any such document.

(2) The party who asserted the privilege or failed to comply with the request may, within five days of service of a motion for the issuance of a subpoena compelling production, file a written response to the motion. No other party may file a response.

(g) Ruling on motions—(1) Appropriate protective orders. After the time for filing a response to a motion to compel pursuant to this section has expired, the presiding officer shall rule promptly on any such motion. The presiding officer may deny, grant in part, or otherwise modify any request for the production of documents, if he determines that a discovery request, or any one or more of its terms, seeks to obtain the production of documents that are privileged or otherwise not within the scope of permissible discovery under §1209.29(b), and may issue appropriate protective orders, upon such conditions as justice may require.

(2) No stay. The pendency of a motion to strike or limit discovery, or to compel the production of any document, shall not stay or continue the proceeding, unless otherwise ordered by the presiding officer. Notwithstanding any other provision in this part, the
presiding officer may not release, or order any party to produce, any document withheld on the basis of privilege, if the withholding party has stated to the presiding officer its intention to file with the Director a timely motion for interlocutory review of the presiding officer’s privilege determination or order to produce the documents, until the Director has rendered a decision on the motion for interlocutory review.

(3) Interlocutory review by the Director. Interlocutory review of a privilege determination or document discovery subpoena of the presiding officer shall be in accordance with §1209.33. To the extent necessary to rule promptly on such matters, the Director may request that the presiding officer provide additional information from the record. As provided by §1209.33 of this part, a pending interlocutory review of a privilege determination or document discovery subpoena shall not stay the proceeding, unless otherwise ordered by the presiding officer or the Director.

(h) Enforcement of document discovery subpoenas—(1) Authority. If the presiding officer or Director issues a subpoena compelling production of documents by a party in a proceeding under this part, in the event of noncompliance with the subpoena and to the extent authorized by section 1379D(c)(1) of the Safety and Soundness Act (12 U.S.C. 4641(c)(1)), the Director or the subpoenaing party may apply to the appropriate United States district court for an order requiring compliance with the subpoena.

(2) United States district court jurisdiction. As provided by section 1379D(c)(2) of the Safety and Soundness Act (12 U.S.C. 4641(c)(2)), the appropriate United States district court has the jurisdiction and power to order and to require compliance with any discovery subpoena issued under this part.

(3) No stay; sanctions. The judicial enforcement of a discovery subpoena shall not operate as a stay of the proceeding, unless the presiding officer or the Director orders a stay of such duration as the presiding officer or Director may find reasonable and in the best interest of the party or as justice may require. A party’s right to seek judicial enforcement of a subpoena shall not in any manner limit the sanctions that may be imposed by the presiding officer or Director against a party who fails to produce or induces another to fail to produce subpoenaed documents.

§1209.31 Document discovery subpoenas to non-parties.

(a) General rules—(1) Application for subpoena. As provided under this part, any party may apply to the presiding officer for the issuance of a document discovery subpoena addressed to any person who is not a party to the proceeding. The application must contain the proposed document subpoena, and a brief statement of facts demonstrating that the documents are materially relevant to the charges and issues presented in the proceeding and the reasonableness of the scope of the document request. The subpoenaing party shall specify a reasonable time, place, and manner for production in response to the subpoena, and state its unequivocal intention to pay for the production of the documents as provided in this part.

(2) Service of subpoena. A party shall apply for a document subpoena under this section only within the time period during which such party could serve a discovery request under §1209.30 of this part. The party obtaining the document subpoena is responsible for serving it on the subpoenaed person and for serving copies on all other parties. Document subpoenas may be served in the District of Columbia, any State, Territory, possession, or other place subject to the jurisdiction of the United States, or as otherwise provided by law.

(3) Presiding officer’s discretion. The presiding officer shall issue promptly any document subpoena applied for under this section subject to the application conditions set forth in this section and his or her discretion. If the presiding officer determines that the application does not set forth a valid basis for the issuance of the requested document subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, unduly burdensome, or otherwise objectionable under §1209.29(b), he may refuse to issue the requested document subpoena or may issue it in a modified form upon such
additional conditions as may be determined by the presiding officer.

(b) Motion to quash or modify—(1) Limited appearance. Any non-party to a pending proceeding to whom a document subpoena is directed may enter a limited appearance, through a representative or on his or her own behalf, before the presiding officer to file with the presiding officer a motion to quash or modify such subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena.

(2) Objections. Any motion to quash or modify a document subpoena must be filed on the same basis, including the assertion of any privileges, upon which a party could object to a discovery document request under §1209.30 and during the same time limits during which such an objection could be filed.

(3) Responses and replies. The party who obtained the subpoena may respond to such motion within 10 days of service of the motion; the response shall be served on the non-party in accordance with this part. Absent express leave of the presiding officer, no other party may respond to the non-party’s motion. The non-party may file a reply within five days of service of a response.

(4) No stay. A non-party’s right to seek to quash or modify a document subpoena shall not stay the proceeding, or limit in any manner the sanctions that may be imposed by the presiding officer against a party who induces another to fail to comply with any subpoena issued under this section.

(c) Enforcing document subpoenas to non-parties—(1) Application for enforcement of subpoena. If a non-party fails to comply with any subpoena issued pursuant to this section or with any order of the presiding officer that directs compliance with all or any portion of a document subpoena issued pursuant to this section, the subpoenaing party or any other aggrieved party to the proceeding may, to the extent authorized by section 1378(c) of the Safety and Soundness Act (12 U.S.C. 4641(c)), apply to an appropriate United States district court for an order requiring compliance with the subpoena.

(2) No stay. A party’s right to seek district court enforcement of a non-party document production subpoena under this section shall not automatically stay an enforcement proceeding under the Safety and Soundness Act.

(3) Sanctions. A party’s right to seek district court enforcement of a non-party document subpoena shall in no way limit the sanctions that may be imposed by the presiding officer on a party who induces another to fail to comply with any subpoena issued under this section.

§1209.32 Deposition of witness unavailable for hearing.

(a) General rules. (1) If a witness will not be available for the hearing, a party desiring to preserve that witness’s testimony for the record may apply to the presiding officer in accordance with the procedures set forth in paragraph (a)(2) of this section for the issuance of a subpoena requiring attendance of the witness at a deposition for the purpose of preserving that witness’s testimony. The presiding officer may issue a deposition subpoena under this section upon a showing that:

(i) The witness will be unable to attend or may be prevented from attending the testimonial phase of the hearing because of age, sickness, or infirmity, or will be otherwise unavailable;

(ii) The subpoenaing party did not cause or contribute to the unavailability of the witness for the hearing;

(iii) The witness has personal knowledge and the testimony is reasonably expected to be materially relevant to claims, defenses, or matters determined to be at issue in the proceeding; and

(iv) Taking the deposition will not result in any undue burden to any other party and will not cause undue delay of the proceeding.

(2) The application must contain a proposed deposition subpoena and a brief statement of the reasons for the issuance of the subpoena. The subpoena must name the witness whose deposition is to be taken and specify the time and place for taking the deposition. A deposition subpoena may require the
witness to be deposed anywhere within the United States, or its Territories and possessions, in which that witness resides or has a regular place of employment or such other convenient place as the presiding officer shall fix.

(3) Subpoenas must be issued promptly upon request, unless the presiding officer determines that the request fails to set forth a valid basis under this section for its issuance. Before making a determination that there is no valid basis for issuing the subpoena, the presiding officer shall require a written response from the party requesting the subpoena or require attendance at a conference to determine whether there is a valid basis upon which to issue the requested subpoena.

(4) The party obtaining a deposition subpoena is responsible for serving it on the witness and for serving copies on all parties. Unless the presiding officer orders otherwise, no deposition under this section shall be taken on fewer than 10 days' notice to the witness and all parties. Deposition subpoenas may be served anywhere within the United States or its Territories and possessions, or on any person doing business anywhere within the United States or its Territories and possessions, or as otherwise permitted by law.

(b) Objections to deposition subpoenas. (1) The witness and any party who has not had an opportunity to oppose a deposition subpoena issued under this section may file a motion with the presiding officer under §1209.28 of this part to quash or modify the subpoena prior to the time for compliance specified in the subpoena. (2) A statement of the basis for the motion to quash or modify a subpoena issued under this section must accompany the motion. The motion must be served on all parties.

(c) Procedure upon deposition. (1) Each witness testifying pursuant to a deposition subpoena must be duly sworn and each party shall have the right to examine the witness. Objections to questions or documents must be in short form, stating the grounds for the objection. Failure to object to questions or documents is not deemed a waiver except where the ground for objection might have been avoided if the objection had been presented timely. All questions, answers, and objections must be recorded and transcribed. Videotaped depositions must be transcribed for the record; copies and transcriptions must be supplied to each party.

(2) Any party may move before the presiding officer for an order compelling the witness to answer any questions the witness has refused to answer or submit any evidence that, during the deposition, the witness has refused to submit.

(3) The deposition transcript must be subscribed by the witness, unless the parties and the witness, by stipulation, have waived the signing, or the witness is ill, cannot be found, or has refused to sign. If the deposition is not subscribed by the witness, the court reporter taking the deposition shall certify that the transcript is a true and complete transcript of the deposition.

(d) Enforcing subpoenas. If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or with any order of the presiding officer made upon motion under paragraph (c)(2) of this section, the subpoenaing party or other aggrieved party may, to the extent authorized by section 1379D(c) of the Safety and Soundness Act (12 U.S.C. 4641(c)), apply to an appropriate United States district court for an order requiring compliance with the portions of the subpoena that the presiding officer has ordered enforced. A party's right to seek court enforcement of a deposition subpoena in no way limits the sanctions that may be imposed by the presiding officer on a party who fails to comply with or induces a failure to comply with a subpoena issued under this section.

§ 1209.33 Interlocutory review.

(a) General rule. The Director may review a ruling of the presiding officer prior to the certification of the record to the Director only in accordance with the procedures set forth in this section. (b) Scope of review. The Director may exercise interlocutory review of a ruling of the presiding officer if the Director finds that:
(1) The ruling involves a controlling question of law or policy as to which substantial grounds exist for a difference of opinion;

(2) Immediate review of the ruling may materially advance the ultimate termination of the proceeding;

(3) Subsequent modification of the ruling at the conclusion of the proceeding would be an inadequate remedy; or

(4) Subsequent modification of the ruling would cause unusual delay or expense.

(c) Procedure. Any motion for interlocutory review shall be filed by a party with the presiding officer within 10 days of his or her ruling. Upon the expiration of the time for filing all responses, the presiding officer shall refer the matter to the Director for final disposition. In referring the matter to the Director, the presiding officer may indicate agreement or disagreement with the asserted grounds for interlocutory review of the ruling in question.

(d) Suspension of proceeding. Neither a request for interlocutory review nor any disposition of such a request by the Director under this section suspends or stays the proceeding unless otherwise ordered by the presiding officer or the Director.

§ 1209.34 Summary disposition.

(a) In general. The presiding officer shall recommend that the Director issue a final order granting a motion for summary disposition if the undisputed pleaded facts, admissions, affidavits, stipulations, documentary evidence, matters as to which official notice may be taken, and any other evidentiary materials properly submitted in connection with a motion for summary disposition show that:

(1) There is no genuine issue as to any material fact; and

(2) The movant is entitled to a decision in its favor as a matter of law.

(b) Filing of motions and responses. (1) Any party who believes there is no genuine issue of material fact to be determined and that such party is entitled to a decision as a matter of law may move at any time for summary disposition in its favor of all or any part of the proceeding. Any party, within 30 days after service of such motion or within such time period as allowed by the presiding officer, may file a response to such motion.

(2) A motion for summary disposition must be accompanied by a statement of material facts as to which the movant contends there is no genuine issue. Such motion must be supported by documentary evidence, which may take the form of admissions in pleadings, stipulations, depositions, investigatory depositions, transcripts, affidavits, and any other evidentiary materials that the movant contends support its position. The motion must also be accompanied by a brief containing the points and authorities in support of the contention that summary disposition would be inappropriate.

(c) Hearing on motion. At the request of any party or on his or her own motion, the presiding officer may hear oral argument on the motion for summary disposition.

(d) Decision on motion. Following receipt of a motion for summary disposition and all responses thereto, the presiding officer shall determine whether the movant is entitled to summary disposition. If the presiding officer determines that summary disposition is warranted, the presiding officer shall submit a recommended decision to the effect to the Director, under §1209.53. If the presiding officer finds that the moving party is not entitled to summary disposition, the presiding officer shall make a ruling denying the motion.

§ 1209.35 Partial summary disposition.

If the presiding officer determines that a party is entitled to summary disposition as to certain claims only, he shall defer submitting a recommended decision to the Director as
§ 1209.36 Scheduling and pre-hearing conferences.

(a) Scheduling conference. After service of a notice of charges commencing a proceeding under this part, the presiding officer shall order the representative(s) of record for each party, and any party not so represented who is appearing pro se, to meet in person or confer by telephone at a specified time within 30 days of service of such notice for the purpose of setting the time and place of the testimonial hearing on the record to be held within the District of Columbia and scheduling the course and conduct of the proceeding (the “scheduling conference”). The identification of potential witnesses, the time for and manner of discovery, and the exchange of any pre-hearing materials including witness lists, statements of issues, stipulations, exhibits, and any other materials also may be determined at the scheduling conference.

(b) Pre-hearing conferences. The presiding officer may, in addition to the scheduling conference, on his or her own motion or at the request of any party, direct representatives for the parties to meet with (in person or by telephone) at a pre-hearing conference to address any or all of the following:

1. Simplification and clarification of the issues;
2. Stipulations, admissions of fact and the contents, authenticity and admissibility into evidence of documents;
3. Matters of which official notice may be taken;
4. Limitation of the number of witnesses;
5. Summary disposition of any or all issues;
6. Resolution of discovery issues or disputes;
7. Amendments to pleadings; and
8. Such other matters as may aid in the orderly disposition of the proceeding.

§ 1209.37 Pre-hearing submissions.

(a) General. Within the time set by the presiding officer, but in no case later than 10 days before the start of the hearing, each party shall serve on every other party the serving party’s:

1. Pre-hearing statement;
2. Final list of witnesses to be called to testify at the hearing, including name and address of each witness, and a short summary of the expected testimony of each witness;
3. List of the exhibits to be introduced at the hearing along with a copy of each exhibit; and
4. Stipulations of fact, if any.

(b) Effect of failure to comply. No witness may testify and no exhibit may be introduced at the hearing that is not listed in the pre-hearing submissions pursuant to paragraph (a) of this section, except for good cause shown.

§ 1209.38 Hearing subpoenas.

(a) Issuance. (1) Upon application of a party to the presiding officer showing relevance and reasonableness of scope of the testimony or other evidence sought, the presiding officer may issue a subpoena or a subpoena duces tecum requiring the attendance of a witness at the hearing or the production of documentary or physical evidence at such hearing. The application for a hearing subpoena must also contain a proposed subpoena specifying the attendance of a witness or the production of evidence from any place within the United States or its territories and possessions, or as otherwise provided by law,
at the designated place where the hearing is being conducted. The party making the application shall serve a copy of the application and the proposed subpoena on every other party.

(2) A party may apply for a hearing subpoena at any time before the commencement of or during a hearing. During a hearing, a party may make an application for a subpoena orally on the record before the presiding officer.

(3) The presiding officer shall promptly issue any hearing subpoena applied for under this section; except that, if the presiding officer determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he may refuse to issue the subpoena or may issue the subpoena in a modified form upon any conditions consistent with subpart C of this part. Upon issuance by the presiding officer, the party making the application shall serve the subpoena on the person named in the subpoena and on each party.

(b) Motion to quash or modify. (1) Any person to whom a hearing subpoena is directed or any party may file a motion to quash or modify such subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant must serve the motion on each party and on the person named in the subpoena. Any party may respond to the motion within 10 days of service of the motion.

(2) Any motion to quash or modify a hearing subpoena must be filed prior to the time specified in the subpoena for compliance, but no more than 10 days after the date of service of the motion.

(3) Examinations of witnesses. Only one representative for each party may conduct an examination of a witness, except that in the case of extensive direct examination, the presiding officer may permit more than one representative for the party presenting the witness to conduct the examination. A party may have one representative conduct the direct examination and another representative conduct re-direct examination of a witness, or may have one representative conduct the cross examination of a witness and another representative conduct the re-cross examination of a witness.

(4) Stipulations. Unless the presiding officer directs otherwise, all documents that the parties have stipulated as admissible shall be admitted into evidence upon commencement of the hearing.

(b) Transcript. The hearing shall be recorded and transcribed. The transcript shall be made available to any
party upon payment of the cost thereof. The presiding officer shall have authority to order the record corrected, either upon motion to correct, upon stipulation of the parties, or following notice to the parties upon the presiding officer’s own motion.

§ 1209.51 Evidence.

(a) Admissibility. (1) Except as is otherwise set forth in this section, relevant, material, and reliable evidence that is not unduly repetitive is admissible to the fullest extent authorized by the Administrative Procedure Act (5 U.S.C. 552 et seq.) and other applicable law.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted pursuant to subpart C of this part.

(3) Evidence that would be inadmissible under the Federal Rules of Evidence may not be deemed or ruled to be inadmissible in a proceeding conducted pursuant to subpart C of this part if such evidence is relevant, material, probative and reliable, and not unduly repetitive.

(b) Official notice. (1) Official notice may be taken of any material fact that may be judicially noticed by a United States district court and of any materially relevant information in the official public records of any Federal or State government agency.

(2) All matters officially noticed by the presiding officer or the Director shall appear on the record.

(3) If official notice is requested of any material fact, the parties, upon timely request, shall be afforded an opportunity to object.

(c) Documents. (1) A duplicate copy of a document is admissible to the same extent as the original, unless a genuine issue is raised as to whether the copy is in some material respect not a true and legible copy of the original.

(2) Subject to the requirements of paragraph (a)(1) of this section, any document, including a report of examination, oversight activity, inspection, or visitation prepared by FHFA or by another Federal or State financial institution’s regulatory agency, is admissible either with or without a sponsoring witness.

(3) Witnesses may use existing or newly created charts, exhibits, calendars, calculations, outlines, or other graphic material to summarize, illustrate, or simplify the presentation of testimony. Such materials may, subject to the presiding officer’s discretion, be used with or without being admitted into evidence.

(d) Objections. (1) Objections to the admissibility of evidence must be timely made and rulings on all objections must appear in the record.

(2) When an objection to a question or line of questioning is sustained, the examining representative of record may make a specific proffer on the record of what he or she expected to prove by the expected testimony of the witness. The proffer may be by representation of the representative or by direct interrogation of the witness.

(3) The presiding officer shall retain rejected exhibits, adequately marked for identification, for the record and transmit such exhibits to the Director.

(4) Failure to object to admission of evidence or to any ruling constitutes a waiver of the objection.

(e) Stipulations. The parties may stipulate as to any relevant matters of fact or the authentication of any document to be admitted into evidence. Such stipulations must be received in evidence at a hearing, are binding on the parties with respect to the matters stipulated, and shall be made part of the record.

(f) Depositions of unavailable witnesses. (1) If a witness is unavailable to testify at a hearing and that witness has testified in a deposition in accordance with §1209.32, a party may offer as evidence all or any part of the transcript of the deposition, including deposition exhibits, if any.

(2) Such deposition transcript is admissible to the same extent that testimony would have been admissible had that person testified at the hearing, provided that if a witness refused to answer proper questions during the deposition the presiding officer may, on that basis, limit the admissibility of the deposition in any manner that justice requires.

(3) Only those portions of a deposition or related exhibits received in evidence at the hearing in accordance
§ 1209.52 Post-hearing filings.

(a) Proposed findings and conclusions and supporting briefs. (1) Using the same method of service for each party, the presiding officer shall serve notice upon each party that the certified transcript, together with all hearing exhibits and exhibits introduced but not admitted into evidence at the hearing, has been filed with the presiding officer. Any party may file with the presiding officer proposed findings of fact, proposed conclusions of law, and a proposed order within 30 days after the parties have received notice that the transcript has been filed with the presiding officer, unless otherwise ordered by the presiding officer.

(2) Proposed findings and conclusions must be supported by citation to any relevant authorities and by page and line references to any relevant portions of the record. A post-hearing brief may be filed in support of proposed findings and conclusions, either as part of the same document or in a separate document.

(3) A party is deemed to have waived any issue not raised in proposed findings or conclusions timely filed by that party.

(b) Reply briefs. Reply briefs may be filed within 15 days after the date on which the parties’ proposed findings and conclusions and proposed order are due. Reply briefs shall be limited strictly to responding to new matters, issues, or arguments raised by another party in papers filed in the proceeding. A party who has not filed proposed findings of fact and conclusions of law or a post-hearing brief may not file a reply brief.

(c) Simultaneous filing required. The presiding officer shall not order the filing by any party of any brief or reply brief supporting proposed findings and conclusions in advance of the other party’s filing of its brief.

§ 1209.53 Recommended decision and filing of record.

(a) Filing of recommended decision and record. Within 45 days after expiration of the time allowed for filing reply briefs under §1209.52(b), the presiding officer shall file with and certify to the Director, for decision, the record of the proceeding. The record must include the presiding officer’s recommended decision, recommended findings of fact and conclusions of law, and proposed order; all pre-hearing and hearing transcripts, exhibits and rulings; and the motions, briefs, memoranda, and other supporting papers filed in connection with the hearing. The presiding officer shall serve upon each party the recommended decision, recommended findings and conclusions, and proposed order.

(b) Filing of index. At the same time the presiding officer files with and certifies to the Director, for final determination, the record of the proceeding, the presiding officer shall furnish to the Director a certified index of the entire record of the proceeding. The certified index shall include, at a minimum, an entry for each paper, document or motion filed with the presiding officer in the proceeding, the date of the filing, and the identity of the filer. The certified index shall also include an exhibit index containing, at a minimum, an entry consisting of exhibit number and title or description for: each exhibit introduced and admitted into evidence at the hearing; each exhibit introduced but not admitted into evidence at the hearing; each exhibit introduced and admitted into evidence after the completion of the hearing; and each exhibit introduced but not admitted into evidence after the completion of the hearing.

§ 1209.54 Exceptions to recommended decision.

(a) Filing exceptions. Within 30 days after service of the recommended decision, recommended findings and conclusions, and proposed order under §1209.53, a party may file with the Director written exceptions to the presiding officer’s recommended decision, recommended findings and conclusions, and proposed order; to the admission or exclusion of evidence; or to the failure of the presiding officer to make a ruling proposed by a party. A supporting brief may be filed at the time the exceptions are filed, either as part of the same document or in a separate document.
(b) Effect of failure to file or raise exceptions. (1) Failure of a party to file exceptions to those matters specified in paragraph (a) of this section within the time prescribed is deemed a waiver of objection thereto.

(2) No exception need be considered by the Director if the party taking exception had an opportunity to raise the same objection, issue, or argument before the presiding officer and failed to do so.

(c) Contents. (1) All exceptions and briefs in support of such exceptions must be confined to the particular matters in or omissions from the presiding officer’s recommendations to which that party takes exception.

(2) All exceptions and briefs in support of exceptions must set forth page or paragraph references to the specific parts of the presiding officer’s recommendations to which exception is taken, the page or paragraph references to those portions of the record relied upon to support each exception, and the legal authority relied upon to support each exception. Exceptions and briefs in support shall not exceed a total of 30 pages, except by leave of the Director on motion.

(3) One reply brief may be submitted by each party opposing the exceptions within 10 days of service of exceptions and briefs in support of exceptions. Reply briefs shall not exceed 15 pages, except by leave of the Director on motion.

§ 1209.55 Review by Director.

(a) Notice of submission to the Director. When the Director determines that the record in the proceeding is complete, the Director shall serve notice upon the parties that the case has been submitted to the Director for final decision.

(b) Oral argument before the Director. Upon the initiative of the Director or on the written request of any party filed with the Director within the time for filing exceptions, the Director may order and hear oral argument on the recommended findings, conclusions, decision and order of the presiding officer. A written request by a party must show good cause for oral argument and state reasons why arguments cannot be presented adequately in writing. A denial of a request for oral argument may be set forth in the Director’s final decision. Oral argument before the Director must be transcribed.

(c) Director’s final decision and order. (1) Decisional employees may advise and assist the Director in the consideration and disposition of the case. The final decision of the Director will be based upon review of the entire record of the proceeding, except that the Director may limit the issues to be reviewed to those findings and conclusions to which opposing arguments or exceptions have been filed by the parties.

(2) The Director shall render a final decision and issue an appropriate order within 90 days after notification to the parties that the case has been submitted for final decision, unless the Director orders that the action or any aspect thereof be remanded to the presiding officer for further proceedings. Copies of the final decision including findings of fact and an appropriate order of the Director shall be served upon each party to the proceeding and as otherwise required by statute.

(3) The Director may modify, terminate, or set aside an order in accordance with section 1373(b)(2) of the Safety and Soundness Act (12 U.S.C. 4633(b)(2)).

§ 1209.56 Exhaustion of administrative remedies.

To exhaust administrative remedies as to any issue on which a party disagrees with the presiding officer’s recommendations, a party must file exceptions with the Director under §1209.54 of this part. A party must exhaust administrative remedies as a precondition to seeking judicial review of any final decision and order issued under this part.

§ 1209.57 Judicial review; no automatic stay.

(a) Judicial review. Judicial review of any final order of the Director shall be exclusively as provided by section 1374 of the Safety and Soundness Act (12 U.S.C. 4634).

(b) No automatic stay. Commencement of proceedings for judicial review of a final decision and order of the Director may not, unless specifically ordered by
the Director or a reviewing court, operate as a stay of any order issued by the Director. The Director may, in his or her discretion and on such terms as he finds just, stay the effectiveness of all or any part of an order of the Director pending a final decision on a petition for review of that order.

§§ 1209.58–1209.69 [Reserved]

Subpart D—Parties and Representational Practice Before the Federal Housing Finance Agency; Standards of Conduct

§ 1209.70 Scope.

Subpart D of this part contains rules governing practice by parties or their representatives before FHFA. This subpart addresses the imposition of sanctions by the presiding officer or the Director against parties or their representatives in an adjudicatory proceeding under this part. This subpart also covers other disciplinary sanctions—censure, suspension, or disbarment—against individuals who appear before FHFA in a representational capacity either in an adjudicatory proceeding under this part or in any other matters connected with presentations to FHFA relating to a client’s or other principal’s rights, privileges, or liabilities. This representation includes, but is not limited to, the practice of attorneys and accountants. Employees of FHFA are not subject to disciplinary proceedings under this subpart.

§ 1209.71 Definitions.

Practice before FHFA for the purposes of subpart D of this part, includes, but is not limited to, transacting any business with FHFA as counsel of record, representative, or agent for any other person, unless the Director orders otherwise. Practice before FHFA also includes the preparation of any statement, opinion, or other paper by a counsel, representative or agent that is filed with FHFA in any certification, notification, application, report, or other document, with the consent of such counsel, representative, or agent. Practice before FHFA does not include work prepared for a regulated entity or entity-affiliated party solely at the request of such party for use in the ordinary course of its business.

§ 1209.72 Appearance and practice in adjudicatory proceedings.

(a) Appearance before FHFA or a presiding officer—(1) By attorneys. A party may be represented by an attorney who is a member in good standing of the bar of the highest court of any State, commonwealth, possession or territory of the United States, or the District of Columbia, and who is not currently suspended or disbarred from practice before FHFA.

(2) By non-attorneys. An individual may appear on his or her own behalf, pro se. A member of a partnership may represent the partnership and a duly authorized officer, director, employee, or other agent of any corporation or other entity not specifically listed herein may represent such corporation or other entity; provided that such officer, director, employee, or other agent is not currently suspended or disbarred from practice before FHFA. A duly authorized officer or employee of any Government unit, agency, or authority may represent that unit, agency, or authority.

(b) Notice of appearance. Any person appearing in a representative capacity on behalf of a party, including FHFA, shall execute and file a notice of appearance with the presiding officer at or before the time such person submits papers or otherwise appears on behalf of a party in the adjudicatory proceeding. Such notice of appearance shall include a written declaration that the individual is currently qualified as provided in paragraph (a)(1) or (a)(2) of this section and is authorized to represent the particular party. By filing a notice of appearance on behalf of a party in an adjudicatory proceeding, the representative thereby agrees and represents that he is authorized to accept service on behalf of the represented party and that, in the event of withdrawal from representation, he or she will, if required by the presiding officer, continue to accept service until a new representative has filed a notice of appearance or until the represented

party indicates that he or she will proceed on a pro se basis. Unless the representative filing the notice is an attorney, the notice of appearance shall also be executed by the person represented or, if the person is not an individual, by the chief executive officer, or duly authorized officer of that person.

§ 1209.73 Conflicts of interest.

(a) Conflict of interest in representation. No representative shall represent another person in an adjudicatory proceeding if it reasonably appears that such representation may be limited materially by that representative’s responsibilities to a third person or by that representative’s own interests. The presiding officer may take corrective measures at any stage of a proceeding to cure a conflict of interest in representation, including the issuance of an order limiting the scope of representation or disqualifying an individual from appearing in a representative capacity for the duration of the proceeding.

(b) Certification and waiver. If any person appearing as counsel or other representative represents two or more parties to an adjudicatory proceeding, or also represents a non-party on a matter relevant to an issue in the proceeding, that representative must certify in writing at the time of filing the notice of appearance required by § 1209.72 of this part as follows:

(1) That the representative has personally and fully discussed the possibility of conflicts of interest with each affected party and non-party; and

(2) That each affected party and non-party waives any right it might otherwise have had to assert any known conflicts of interest or to assert any non-material conflicts of interest during the course of the proceeding.

§ 1209.74 Sanctions.

(a) General rule. Appropriate sanctions may be imposed during the course of any proceeding when any party or representative of record has acted or failed to act in a manner required by applicable statute, regulation, or order, and that act or failure to act:

(1) Constitutes contemptuous conduct, which includes dilatory, obstructionist, egregious, contumacious, unethical, or other improper conduct at any phase of any proceeding, hearing, or appearance before a presiding officer or the Director;

(2) Has caused some other party material and substantive injury, including, but not limited to, incurring expenses including attorney’s fees or experiencing prejudicial delay;

(3) Is a clear and unexcused violation of an applicable statute, regulation, or order; or

(4) Has delayed the proceeding unduly.

(b) Sanctions. Sanctions that may be imposed include, but are not limited to, any one or more of the following:

(1) Issuing an order against a party;

(2) Rejecting or striking any testimony or documentary evidence offered, or other papers filed, by the party;

(3) Precluding the party from contesting specific issues or findings;

(4) Precluding the party from offering certain evidence or from challenging or contesting certain evidence offered by another party;

(5) Precluding the party from making a late filing or conditioning a late filing on any terms that may be just; or

(6) Assessing reasonable expenses, including attorney’s fees, incurred by any other party as a result of the improper action or failure to act.

(c) Procedure for imposition of sanctions. (1) The presiding officer, on the motion of any party, or on his or her own motion, and after such notice and responses as may be directed by the presiding officer, may impose any sanction authorized by this section. The presiding officer shall submit to the Director for final ruling any sanction that would result in a final order that terminates the case on the merits or is otherwise dispositive of the case.

(2) Except as provided in paragraph (d) of this section, no sanction authorized by this section, other than refusing to accept late papers, shall be imposed without prior notice to all parties and an opportunity for any representative or party against whom sanctions may be imposed to be heard. The presiding officer shall determine and direct the appropriate notice and
form for such opportunity to be heard. The opportunity to be heard may be limited to an opportunity to respond verbally immediately after the act or inaction in question is noted by the presiding officer.

(3) For purposes of interlocutory review, motions for the imposition of sanctions by any party and the imposition of sanctions shall be treated the same as motions for any other ruling by the presiding officer.

(4) Nothing in this section shall be read to preclude the presiding officer or the Director from taking any other action or imposing any other restriction or sanction authorized by any applicable statute or regulation.

(d) Sanctions for contemptuous conduct. If, during the course of any proceeding, a presiding officer finds any representative or any individual representing themselves to have engaged in contemptuous conduct, the presiding officer may summarily suspend that individual from participating in that or any related proceeding or impose any other appropriate sanction.

§1209.75 Censure, suspension, disbarment, and reinstatement.

(a) Discretionary censure, suspension, and disbarment. (1) The Director may censure any individual who practices or attempts to practice before FHFA or suspend or revoke the privilege to appear or practice before FHFA of such individual if, after notice of and opportunity for hearing in the matter, that individual is found by the Director—

(i) Not to possess the requisite qualifications or competence to represent others;

(ii) To be seriously lacking in character or integrity or to have engaged in material unethical or improper professional conduct;

(iii) To have caused unfair and material injury or prejudice to another party, such as prejudicial delay or unnecessary expenses including attorney’s fees;

(iv) To have engaged in, or aided and abetted, a material and knowing violation of the Safety and Soundness Act, the Federal Home Loan Mortgage Corporation Act, the Federal National Mortgage Association Charter Act, or the rules or regulations issued under those statutes, or any other applicable law or regulation;

(v) To have engaged in contumacious conduct before FHFA;

(vi) With intent to defraud in any manner, to have willfully and knowingly deceived, misled, or threatened any client or prospective client; or

(vii) Within the last 10 years, to have been convicted of an offense involving moral turpitude, dishonesty, or breach of trust, if the conviction has not been reversed on appeal. A conviction within the meaning of this paragraph shall be deemed to have occurred when the convicting court enters its judgment or order, regardless of whether an appeal is pending or could be taken and includes a judgment or an order on a plea of nolo contendere or on consent, regardless of whether a violation is admitted in the consent.

(2) Suspension or revocation on the grounds set forth in paragraphs (a)(1)(ii) through (vii) of this section shall only be ordered upon a further finding that the individual’s conduct or character was sufficiently egregious as to justify suspension or revocation. Suspension or disbarment under this paragraph shall continue until the applicant has been reinstated by the Director for good cause shown or until, in the case of a suspension, the suspension period has expired.

(3) If the final order against the respondent is for censure, the individual may be permitted to practice before FHFA, but such individual’s future representations may be subject to conditions designed to promote high standards of conduct. If a written letter of censure is issued, a copy will be maintained in FHFA’s files.

(b) Mandatory suspension and disbarment. (1) Any counsel who has been and remains suspended or disbarred by a court of the United States or of any State, commonwealth, possession or territory of the United States, or the District of Columbia; any accountant or other licensed expert whose license to practice has been revoked in any State, commonwealth, possession or territory of the United States, or the District of Columbia; any person who has been and remains suspended or barred from practice by or before the
Department of Housing and Urban Development, the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Office of Thrift Supervision, the Federal Deposit Insurance Corporation, the National Credit Union Administration, the Federal Housing Finance Board, the Farm Credit Administration, the Securities and Exchange Commission, or the Commodity Futures Trading Commission is also suspended automatically from appearing or practicing before FHFA. A disbarment or suspension within the meaning of this paragraph shall be deemed to have occurred when the disbarring or suspending agency or tribunal enters its judgment or order, regardless of whether an appeal is pending or could be taken and regardless of whether a violation is admitted in the consent.

(2) A suspension or disbarment from practice before FHFA under paragraph (b)(1) of this section shall continue until the person suspended or disbarred is reinstated under paragraph (d)(2) of this section.

(c) Notices to be filed. (1) Any individual appearing or practicing before FHFA who is the subject of an order, judgment, decree, or finding of the types set forth in paragraph (b)(1) of this section shall file promptly with the Director a copy thereof, together with any related opinion or statement of the agency or tribunal involved.

(2) Any individual appearing or practicing before FHFA who is or within the last 10 years has been convicted of a felony or of a misdemeanor that resulted in a sentence of imprisonment or in a fine or restitution order totaling more than $5,000 promptly shall file a notice with the Director. The notice shall include a copy of the order imposing the sentence or fine, together with any related opinion or statement of the court involved.

(d) Reinstatement. (1) Unless otherwise ordered by the Director, an application for reinstatement for good cause may be made in writing by a person suspended or disbarred under paragraph (a)(1) of this section at any time more than three years after the effective date of the suspension or disbarment and, thereafter, at any time more than one year after the person’s most recent application for reinstatement. An applicant for reinstatement hereunder may, in the Director’s sole discretion, be afforded a hearing.

(2) An application for reinstatement for good cause by any person suspended or disbarred under paragraph (b)(1) of this section may be filed at any time, but not less than one year after the applicant’s most recent application. An applicant for reinstatement for good cause hereunder may, in the Director’s sole discretion, be afforded a hearing.

If, however, all the grounds for suspension or disbarment under paragraph (b)(1) of this section have been removed by a reversal of the order of suspension or disbarment or by termination of the underlying suspension or disbarment, any person suspended or disbarred under paragraph (b)(1) of this section may apply immediately for reinstatement and shall be reinstated by FHFA upon written application notifying FHFA that the grounds have been removed.

(e) Conferences. (1) General rule. The FHFA counsel of record may confer with a proposed respondent concerning allegations of misconduct or other grounds for censure, disbarment, or suspension, regardless of whether a proceeding for censure, disbarment or suspension has been commenced. If a conference results in a stipulation in connection with a proceeding in which the individual is the respondent, the stipulation may be entered in the record at the request of either party to the proceeding.

(2) Resignation or voluntary suspension. In order to avoid the institution of or a decision in a disbarment or suspension proceeding, a person who practices before FHFA may consent to censure, suspension, or disbarment from practice. At the discretion of the Director, the individual may be censured, suspended, or disbarred in accordance with the consent offered.

(f) Hearings under this section. Hearings conducted under this section shall be conducted in substantially the same manner as other hearings under this part, except that in proceedings to terminate an existing FHFA suspension or disbarment order, the person seeking the termination of the order shall bear
the burden of going forward with an application and with proof and that the Director may, in the Director’s sole discretion, direct that any proceeding to terminate an existing suspension or disbarment by FHFA be limited to written submissions. All hearings held under this section shall be closed to the public unless the Director, on the Director’s own motion or upon the request of a party, otherwise directs.

### § 1209.81 Applicability.

The inflation adjustments set out in § 1209.80 shall apply to civil money penalties assessed in accordance with the provisions of the Safety and Soundness Act, 12 U.S.C. 4636, and subparts B and C of this part, for violations occurring after the effective date of July 30, 2008.

### § 1209.100 Scope.

Subpart F of this part applies to informal hearings afforded to any entity-affiliated party who has been suspended, removed, or prohibited from further participation in the business affairs of a regulated entity by a notice or order issued by the Director under section 1377(h) of the Safety and Soundness Act (12 U.S.C. 4636a(h)).

### § 1209.101 Suspension, removal, or prohibition.

(a) **Notice of suspension or prohibition.**

(1) As provided by section 1377(h)(1) of the Safety and Soundness Act (12 U.S.C. 4636a(h)(1)), if an entity-affiliated party is charged in any information, indictment, or complaint, with the commission of or participation in a crime that involves dishonesty or breach of trust that is punishable by imprisonment for more than one year under State or Federal law, the Director may, if continued service or participation by such party may pose a threat to the regulated entity or impair public confidence in the regulated entity, by written notice served upon such party, suspend such party from office or prohibit such party from further participation in any manner in the conduct of the affairs of any regulated entity.

(2) As provided by section 1377(h)(2) of the Safety and Soundness Act (12 U.S.C. 4636a(h)(2)), the notice of suspension or prohibition is effective upon service. A copy of such notice will be served on the relevant regulated entity. The notice will state the basis for the suspension or prohibition and the right of the party to request an informal hearing as provided in § 1209.102. The suspension or prohibition is to remain in effect until the information, indictment, or complaint is finally disposed of, or until terminated by the Director, or otherwise as provided in paragraph (c) of this section.

(b) **Order of removal or prohibition.** As provided by section 1377(h)(2) of the Safety and Soundness Act (12 U.S.C. 4636a(h)(2)), at such time as a judgment of conviction is entered (or pretrial diversion or other plea bargain is agreed...
§ 1209.102 Hearing on removal or suspension.

(a) Hearing requests—(1) Deadline. An entity-affiliated party served with a notice of suspension or prohibition or an order of removal or prohibition, within 30 days of service of such notice or order, may submit to the Director a written request to appear before the Director to show that his or her continued service or participation in the affairs of the regulated entity will not pose a threat to the interests of, or threaten to impair public confidence in, the Enterprises or the Banks. The request must be addressed to the Director and sent to the Federal Housing Finance Agency at 400 Seventh Street, SW., Eighth Floor, Washington, DC 20219, by:

(i) Overnight U.S. Postal Service delivery or delivery by a reliable commercial delivery service for same day or overnight delivery to the address stated above; or

(ii) First class, registered, or certified mail via the U.S. Postal Service.

(2) Waiver of appearance. An entity-affiliated party may elect in writing to waive his or her right to appear to make a statement in person or through counsel and have the matter determined solely on the basis of his or her written submission.

(b) Form and timing of hearing. (1) Informal hearing. Hearings under subpart F of this part are not subject to the formal adjudication provisions of the Administrative Procedure Act (5 U.S.C. 554 through 557), and are not conducted under subpart C of this part.

(2) Setting of the hearing. Upon receipt of a timely request for a hearing, the Director will give written notice and set a date within 30 days for the entity-affiliated party to appear, personally, or through counsel, before the Director or his or her designee(s) to submit written materials (or, at the discretion of the Director, oral testimony and oral argument) to make the necessary showing under paragraph (a) of this section. The entity-affiliated party may submit a written request for additional time for the hearing to commence, without undue delay, and the Director may extend the hearing date for a specified time.
(3) Oral testimony. The Director or his or her designee, in his or her discretion, may deny, permit, or limit oral testimony in the hearing.

(c) Conduct of the hearing—(1) Hearing officer. A hearing under this section may be presided over by the Director or one or more designated FHFA employees, except that an officer designated by the Director (hearing officer) to conduct the hearing may not have been involved in an underlying criminal proceeding, a factually related proceeding, or an enforcement proceeding in a prosecutorial or investigatory role. This provision does not preclude the Director otherwise from seeking information on the matters at issue from appropriate FHFA staff on an as needed basis consistent with §1209.101(d)(2).

(2) Submissions. All submissions of the requestor and FHFA’s counsel of record must be received by the Director or his or her designee no later than 10 days prior to the date set for the hearing. FHFA may respond in writing to the requestor’s submission and serve the requestor (and any other interested party such as the regulated entity) not later than the date fixed by the hearing officer for submissions or other time period as the hearing officer may require.

(3) Procedures. (i) Fact finding authority of the hearing officer. The hearing officer shall determine all procedural matters under subpart F of this part, permit or limit the appearance of witnesses in accordance with paragraph (b)(3) of this section, and impose time limits as he or she deems reasonable. All oral statements, witness testimony, if permitted, and documents submitted that are found by the hearing officer to be materially relevant to the proceeding and not unduly repetitious may be considered. The hearing officer may question any person appearing in the proceeding, and may make any ruling reasonably necessary to ensure the full and fair presentation of evidence and to facilitate the efficient and effective operation of the proceeding.

(ii) Statements to an officer. Any oral or written statement made to the Director, a hearing officer, or any FHFA employee under subpart F of this part is deemed to be a statement made to a Federal officer or agency within the meaning of 18 U.S.C. 1006.

(iii) Oral testimony. If either the requestor or FHFA counsel of record desires to present oral testimony to supplement the party’s written submission he or she must make a request in writing to the hearing officer not later than 10 days prior to the hearing, as provided in paragraph (c)(2) of this section, or within a shorter time period as permitted by the hearing officer for good cause shown. The request should include the name of the individual(s), a statement generally descriptive of the expected testimony, and the reasons why such oral testimony is warranted. The hearing officer generally will not admit witnesses, absent a strong showing of specific and compelling need. Witnesses, if admitted, shall be sworn.

(iv) Written materials. Each party must file a copy of any affidavit, memorandum, or other written material to be presented at the hearing with the hearing officer and serve copies on any other interested party (such as the affected regulated entity) not later than 10 days prior to commencement of the informal hearing, as provided in paragraph (c)(2), or within a shorter time period as permitted by the hearing officer for good cause shown.

(v) Relief. The purpose of the hearing is to determine whether the suspension or prohibition from participation in any manner in the conduct of the affairs of the regulated entity will be continued, terminated, or otherwise modified, or whether the order removing such party from office or prohibiting the party from further participation in any manner in the conduct of the affairs of the regulated entity will be rescinded or otherwise modified.

(vi) Ultimate question. In deciding on any request for relief from a notice of suspension or prohibition, the hearing officer shall not consider the ultimate question of guilt or innocence with respect to the outstanding criminal charge(s). In deciding on a request for relief from a removal order, the hearing officer shall not consider challenges to or efforts to impeach the validity of the conviction. In either case, the hearing officer may consider facts that show the nature of the events on
which the conviction or charges were based.

(4) Record. If warranted under the circumstances of the matter, the hearing officer may require that a transcript of the proceedings be prepared at the expense of the requesting party. The hearing officer may order the record be kept open for a reasonable time following the hearing, not to exceed five business days, to permit the filing of additional pertinent submissions for the record. Thereafter, no further submissions are to be admitted to the record, absent good cause shown.

§ 1209.103 Recommended and final decisions.

(a) Recommended decision—(1) Written recommended decision of the hearing officer. Not later than 20 days following the close of the hearing (or if the requestor waived a hearing, from the deadline for submission of the written materials), the hearing officer will serve a copy of the recommended decision on the parties to the proceeding. The recommended decision must include a summary of the findings, the parties’ respective arguments, and support for the determination.

(2) Five-day comment period. Not later than five business days after receipt of the recommended decision, the parties shall submit written comments in response to the recommended decision, if any, to the hearing officer. The hearing officer shall not grant any extension of the stated time for responses to a recommended decision.

(3) Recommended decision to be transmitted to the Director. The hearing officer shall promptly forward the recommended decision, and written comments, if any, and the record to the Director for final determination.

(b) Decision of the Director. Within 60 days of the date of the hearing, or if the requestor waived a hearing the date fixed for the hearing, the Director will notify the entity-affiliated party in writing by registered mail of the disposition of his or her request for relief from the notice of suspension or prohibition or the order of removal or prohibition. The decision will state whether the suspension or prohibition will be continued, terminated, or otherwise modified, or whether the order removing such party from any participation in the affairs of the regulated entity will be rescinded or otherwise modified. The decision will contain a brief statement of the basis for an adverse determination. The Director’s decision is a final and non-appealable order.

(c) Effect of notice or order. A removal or prohibition by order shall remain in effect until terminated by the Director. A suspension or prohibition by notice remains in effect until the criminal charge is disposed of or until terminated by the Director.

(d) Reconsideration. A suspended or removed entity-affiliated party subsequently may petition the Director to reconsider the final decision any time after the expiration of a 12-month period from the date of the decision, but no such request may be made within 12 months of a previous petition for reconsideration. An entity-affiliated party must submit a petition for reconsideration in writing; the petition shall state the specific grounds for relief from the notice of suspension or order or removal and be supported by a memorandum and any other documentation materially relevant to the request for reconsideration. No hearing will be held on a petition for reconsideration, and the Director will inform the requestor of the disposition of the reconsideration request in a timely manner. A decision on a request for reconsideration shall not constitute an appealable order.

The Director also reserves the right to modify, rescind, or supersede any previously issued Waiver, with such action being effective only on a prospective basis.

The Director reserves the right to modify, rescind, or supersede a Regulatory Interpretation, with such action being effective only on a prospective basis.

(b) Requests. A regulated entity or the Office of Finance may request a Regulatory Interpretation in accordance with §1211.6.

§ 1211.6 Submission requirements.

§ 1212.3 Post-employment restriction for senior examiners.

(a) Prohibition. An employee of FHFA who serves as the senior examiner of a regulated entity or the Office of Finance for two or more months during the last 12 months of his or her employment with FHFA may not, within one year after leaving the employment of FHFA, knowingly accept compensation as an employee, officer, director, or consultant from a regulated entity or the Office of Finance unless the Director grants a waiver pursuant to § 1212.4.

(b) Effective date. The post-employment restriction in paragraph (a) of this section shall not apply to any officer or employee of FHFA or any former officer or employee of FHFA who ceased to be an officer or employee of FHFA before November 4, 2009.

§ 1212.4 Waiver.

At the written request of a senior examiner or former senior examiner, the Director may waive the post-employment restriction in § 1212.3 if he or she certifies, in writing, and on a case-by-case basis, that granting a waiver of such restriction does not affect the integrity of the supervisory program of FHFA.

§ 1212.5 Penalties.

(a) General. A senior examiner who, after leaving the employment of FHFA, violates the restriction set forth in § 1212.3 shall be subject to one or both of the following penalties—

§ 1213.1 Purpose and scope.

(a) Purpose. The purpose of this part is to establish within FHFA the Office of the Ombudsman (Office) under section 1317(i) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (12 U.S.C. 4517(i)), as amended, and to set forth the authorities and duties of the Ombudsman.

(b) Scope. (1) This part applies to complaints and appeals from any regulated entity and any person that has a business relationship with a regulated entity regarding any matter relating to the regulation and supervision of such regulated entity or the Office of Finance by FHFA.

(2) The establishment of the Office does not alter or limit any other right or procedure associated with appeals, complaints, or administrative matters submitted by a person regarding any matter relating to the regulation and supervision of a regulated entity or the Office of Finance under any other law or regulation.
§ 1213.2 Definitions.

For purposes of this part, the term: Business relationship means any existing or potential interaction between a person and a regulated entity or the Office of Finance for the provision of goods or services. § 1213.3 Authorities and duties of the Ombudsman.

(a) General. The Office shall be headed by an Ombudsman, who shall consider complaints and appeals from any regulated entity, the Office of Finance, and any person that has a business relationship with a regulated entity or the Office of Finance regarding any matter relating to the regulation and supervision of such regulated entity or the Office of Finance by FHFA. In considering any complaint or appeal under this part, the Ombudsman shall:

(1) Conduct inquiries and submit findings of fact and recommendations to the Director concerning resolution of the complaint or appeal, and

(2) Act as a facilitator or mediator to advance the resolution of the complaint or appeal.

(b) Other duties. The Ombudsman shall:

(1) Establish procedures for carrying out the functions of the Office.

(2) Establish and publish procedures for receiving and considering complaints and appeals, and

(3) Report annually to the Director on the activities of the Office, or more frequently, as determined by the Director.

§ 1213.4 Complaints and appeals from a regulated entity or the Office of Finance.

(a) Complaints. (1) General. Any regulated entity or the Office of Finance may submit a complaint in accordance with procedures established by the Ombudsman.

(2) Matters subject to complaint. A regulated entity or the Office of Finance may submit a complaint regarding any matter relating to the regulation and supervision of a regulated entity or the Office of Finance by FHFA that is not subject to appeal or in litigation, arbitration, or mediation. The Ombudsman may further define what matters are subject to complaint.

(b) Appeals. (1) General. Any regulated entity or the Office of Finance may submit an appeal in accordance with procedures established by the Ombudsman.

(2) Matters subject to appeal. A regulated entity or the Office of Finance may submit an appeal regarding any final, written regulatory or supervisory conclusion, decision, or examination rating by FHFA. The Ombudsman may further define what matters are subject to appeal.

(3) Matters not subject to appeal. Matters for which there is an existing avenue of appeal or for which there is another forum for appeal; non-final decisions or conclusions; and matters in ongoing litigation, arbitration, or mediation, unless there has been a breakdown in the process, may not be appealed. Matters not subject to appeal include, but are not limited to, appointments of conservators or receivers, preliminary examination conclusions, formal enforcement decisions, formal and informal rulemakings, Freedom of Information Act appeals,
final FHFA decisions subject to judicial review, and matters within the jurisdiction of the FHFA Inspector General. The Ombudsman may further define what matters are not subject to appeal.

(4) Effect of filing an appeal. An appeal under this section does not excuse a regulated entity or the Office of Finance from complying with any regulatory or supervisory decision while the appeal is pending. However, the Director, upon consideration of a written request, may waive compliance with a regulatory or supervisory decision during the pendency of the appeal.

§ 1213.5 Complaints from a person.

(a) General. Any person that has a business relationship with a regulated entity or the Office of Finance may submit a complaint in accordance with procedures established by the Ombudsman.

(b) Matters subject to complaint. A person may submit a complaint regarding any matter relating to the regulation and supervision of a regulated entity or the Office of Finance by FHFA that is not a matter in litigation, arbitration, or mediation. The Ombudsman may further define what matters are subject to complaints.

§ 1213.6 No retaliation.

Neither FHFA nor any FHFA employee may retaliate against a regulated entity, the Office of Finance, or a person for submitting a complaint or appeal under this part. The Ombudsman shall receive and address claims of retaliation. Upon receiving a complaint, the Ombudsman, in coordination with the Inspector General, shall examine the basis of the alleged retaliation. Upon completion of the examination, the Ombudsman shall report the findings to the Director with recommendations, including a recommendation to take disciplinary action against any FHFA employee found to have retaliated.

§ 1213.7 Confidentiality.

The Ombudsman shall ensure that safeguards exist to preserve confidentiality. If a party requests that information and materials remain confidential, the Ombudsman shall not disclose the information or materials, without approval of the party, except to appropriate reviewing or investigating officials, such as the Inspector General, or as required by law. However, the resolution of certain complaints (such as complaints of retaliation against a regulated entity or the Office of Finance) may not be possible if the identity of the party remains confidential. In such cases, the Ombudsman shall discuss with the party the circumstances limiting confidentiality.

PART 1214—AVAILABILITY OF NON-PUBLIC INFORMATION

§ 1214.1 Definitions.

Confidential supervisory information means information prepared or received by FHFA that meets all of the following criteria:

(1) The information is not a document prepared by a regulated entity or the Office of Finance for its own business purposes that is in its possession;

(2) The information is exempt from the Freedom of Information Act, 5 U.S.C. 552 (1966); and

(3) The information—(i) Consists of reports of examination, inspection and visitation, confidential operating and condition reports, and any information derived from, related to, or contained in such reports, or (ii) Is gathered by FHFA in the course of any investigation, suspicious activity report, cease-and-desist order, civil money penalty enforcement order, suspension, removal or prohibition order, or other supervisory or enforcement orders or actions taken under the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, Public Law 102–550, 122 Stat. 2654.

Disclosure means release or divulgence of information by any person to a person outside of FHFA.
§ 1214.2 Purpose and scope.

(a) Purpose. The purpose of this part is to control the dissemination of non-public information, which includes confidential supervisory information, and maintain its controlled, sensitive, privileged, or proprietary nature, as appropriate.

(b) Scope. This part imposes a broad-based prohibition against unauthorized disclosure of any non-public information. This part does not supersede the regulations at 12 CFR part 1202 (governing disclosure under the Freedom of Information Act); 12 CFR part 1204 (governing disclosure under the Privacy Act); and the sections describing permitted disclosures in any FHFA rules on Federal Home Loan Bank Information Sharing or on the FHFA Public Use Database.

(c) These provisions also do not supersede or otherwise alter the rights or liabilities created by 5 U.S.C. 7211 (governing disclosures to Congress); 5 U.S.C. 2302(b)(8) (governing disclosures of illegality, waste, fraud, abuse, or public health or safety threats); or 12 U.S.C. 3401 (governing disclosure of financial institution customer information).

§ 1214.3 General rule.

(a) In general, Non-FHFA Employees. The Director makes available to each regulated entity a copy of FHFA’s report of examination of that regulated entity. The report of examination and all other confidential supervisory information is the property of FHFA and is provided to the regulated entity for its confidential internal use only. Under no circumstance shall any person in possession or control of confidential supervisory information make public or disclose, in any manner, the confidential supervisory information, or any portion of the contents thereof, except as authorized in writing by the Director.

(b) In general, FHFA Employees. Except as authorized in writing by the Director, no FHFA employee in possession or control of non-public information may disclose or permit the use or disclosure of such information in any manner or for any purpose.

(c) Persons possessing confidential supervisory information. All confidential supervisory information, for which the Director authorizes disclosure, remains the property of FHFA and may not be used or disclosed for any purpose other than that authorized under this part without the prior written permission of the Director.

(d) No Waiver. FHFA’s disclosure of non-public information to any person does not constitute a waiver by FHFA of any privilege or FHFA’s right to control, supervise, or impose limitations on, the subsequent use and disclosure of the non-public information.
§ 1215.1 Scope and purpose.

(a) This regulation sets forth the policies and procedures that must be followed when the Federal Housing Finance Agency (FHFA) is requested by a third-party legal proceeding to produce records, information, or employee testimony. The purpose of this regulation is to ensure that the production of such information is done in accordance with the law and in a manner that protects the confidentiality of the information and respects the rights of those individuals who are the subjects of the requests.

(b) Any person that discloses or uses confidential supervisory information except as authorized under this part may be subject to the penalties provided in 18 U.S.C. 641 and other applicable laws. In addition to those penalties, an FHFA, regulated entity, Office of Finance, affiliate (as defined in 12 U.S.C. 4502(20)), or entity-affiliated party (as defined in 12 U.S.C. 4502(11)) employees may be subject to appropriate administrative, enforcement, or disciplinary proceedings.

(c) Any FHFA employee that discloses or uses non-public information except as authorized under this part may be subject to the penalties provided in 18 U.S.C. 641, other applicable laws, and appropriate administrative, enforcement, or disciplinary proceedings.

(d) Privilege. FHFA retains all privilege claims for non-public information shared under §1214.4, including, but not limited to attorney-client, attorney-work product, deliberative process, and examination privileges.

followed in order to compel an employee of the Federal Housing Finance Agency (FHFA) to produce records or information, or to provide testimony relating to the employee’s official duties, in the context of a legal proceeding. Parties seeking records, information, or testimony must comply with these requirements when submitting demands or requests:

(b) FHFA intends these provisions to:
(1) Promote economy and efficiency in its programs and operations;
(2) Minimize the possibility of involving FHFA in controversial issues not related to its mission and functions;
(3) Maintain FHFA’s impartiality;
(4) Protect employees from being compelled to serve as involuntary witnesses for wholly private interests, or as inappropriate expert witnesses regarding current law or the activities of FHFA; and
(5) Protect sensitive, confidential information and FHFA’s deliberative processes.

(c) By providing these policies and procedures, FHFA does not waive the sovereign immunity of the United States.

(d) This part provides guidance for FHFA’s internal operations. This part does not create any right or benefit, substantive or procedural, that a party may rely upon in any legal proceeding against the United States.

(e) The production of records, information, or testimony pursuant to this part, does not constitute a waiver by FHFA of any privilege.

§ 1215.2 Applicability.

(a) This regulation applies to demands or requests for records, information, or testimony, in legal proceedings in which FHFA is not a named party.

(b) This regulation does not apply to:
(1) Demands or requests for an FHFA employee to testify as to facts or events that are unrelated to his or her official duties or that are unrelated to the functions of FHFA;
(2) Requests for the release of non-exempt records under the Freedom of Information Act, 5 U.S.C. 552, or the Privacy Act, 5 U.S.C. 552a; or
(3) Congressional demands or requests for records or testimony.

§ 1215.3 Definitions.

As used in this part:
Confidential supervisory information means information prepared or received by FHFA that meets all of the following criteria:
(1) The information is not a document prepared by a regulated entity or the Office of Finance for its own business purposes that is in its possession;
(2) The information is exempt from the Freedom of Information Act, 5 U.S.C. 552 (1966); and
(3) The information:
   (1) Consists of reports of examination, inspection and visitation, confidential operating and condition reports, and any information derived from, related to, or contained in such reports, or
   (1) Is gathered by FHFA in the course of any investigation, suspicious activity report, cease-and-desist order, civil money penalty enforcement order, suspension, removal or prohibition order, or other supervisory or enforcement orders or actions taken under the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, as amended, 12 U.S.C. 4501 et seq.

(4) The inclusion of the term “confidential” within the definition of “confidential supervisory information” is not intended to invoke the meaning of “confidential,” as that term is used in Executive Order No. 13526, December 29, 2009 (75 FR 707 (Jan. 5, 2010) (President’s order on the classification of National Security Information). Confidential supervisory information is used in part 1215 to refer to the distinct category of information defined in §1215.3.

FHFA used the word “confidential” within the label for this category of information simply to be consistent with the manner in which federal banking agencies refer to similar or identical types of information.

Demand means a subpoena, or an order or other command of a court or other competent authority, for the production of records, information, or testimony that is issued in a legal proceeding.

Employee means:
(1) Any current or former officer or employee of FHFA or of FHFA–OIG;
(2) Any other individual hired through contractual agreement by or
Federal Housing Finance Agency

§ 1215.6 Factors FHFA may consider.

The Director may grant an employee permission to testify regarding agency matters, and to produce records and information, in response to a demand or request. Among the relevant factors that the Director may consider in making this determination are whether:

(a) This part’s purposes are met;
(b) FHFA has an interest in the decision that may be rendered in the legal proceeding;
(c) Approving the demand or request would assist or hinder FHFA in performing statutory duties or use FHFA resources;
(d) Production might assist or hinder employees in doing their work;
(e) The records, information, or testimony can be obtained from other sources. (Concerning testimony, “other sources” means a non-agency employee, or an agency employee other than the employee named);
(f) The demand or request is unduly burdensome or otherwise inappropriate.
§ 1215.7 Serving demands and submitting requests.

(a) All demands and requests must be in writing.

(b) Demands must be served and requests must be submitted to the FHFA General Counsel at the following address: General Counsel, Federal Housing Finance Agency, Constitution Center, Eighth Floor, 400 Seventh Street SW., Washington, DC 20219.

(c) Demands must not be served upon, nor requests submitted to any regulated entity for records, information, or testimony regardless of whether the records, information, or testimony sought are in the possession of, or known by, the regulated entity. If a regulated entity receives a request or demand for records, information, or testimony, the regulated entity must immediately notify the General Counsel and provide FHFA an opportunity to object to the demand or request before responding to the demand or request. Submitting a demand or request to a regulated entity may result in rejection of the demand or request under § 1215.9.

(d) If an employee receives a request or demand that is not properly routed through FHFA’s General Counsel, as required under this section, the employee must promptly notify the General Counsel. An employee’s failure to notify the General Counsel is grounds for discipline or other adverse action.

§ 1215.8 Timing and form of demands and requests.

(a) A party seeking records, information, or testimony must submit a request and receive a rejection before making a demand for records, information, or testimony.

(b) A demand or request to FHFA must include a detailed description of the basis for the demand or request and comply with the requirements in § 1215.7.

(c) Demands and requests must be submitted at least 60 days in advance of the date on which the records, information, or testimony is needed. Exceptions to this requirement may be granted upon a showing of compelling need.

(d) A demand or request for testimony also must include an estimate of the amount of time that the employee will need to devote to the process of testifying (including anticipated travel time and anticipated duration of round trip travel), plus a showing that no document or the testimony of non-agency persons, including retained experts, could suffice in lieu of the employee’s testimony.

(e) Upon submitting a demand or request seeking employee testimony, the requesting party must notify all other parties to the legal proceeding.

(f) After receiving notice of a demand or request for testimony, but before the testimony occurs, a party to the legal proceeding who did not join in the
demand or request and who wishes to question the witness beyond the scope of the testimony sought must submit a separate demand or request within 60 days of receiving the notice required under paragraph (e) of this section and must then comply with paragraph (c) of this section.

(g) Every demand or request must include the legal proceeding’s caption and docket number, the forum; the name, address, phone number, State Bar number, and, if available, electronic mail address of counsel to all parties to the legal proceeding (in the case of pro-se parties, substitute the name, address, phone number, and electronic mail address of the pro-se party); and a statement of the demanding or requesting party’s interest in the case. In addition, the demanding or requesting party must submit a clear and concise written statement that includes: a summary of the legal and factual issues in the proceeding and a detailed explanation as to how the records, information or testimony will contribute substantially to the resolution of one or more specially identified issues in the legal proceeding. A copy of the complaint or charging document may accompany—but must not be substituted for—the required statement.

§ 1215.9 Failure to meet this part’s requirements.

FHFA may oppose any demand or request that does not meet the requirements set forth in this part.

§ 1215.10 Processing demands and requests.

(a) The Director will review every demand or request received and, in accordance with this regulation, determine whether, and under what conditions, to authorize an employee to produce records, information, or testimony.

(b) The Director will process demands and requests in the order in which they are received. The Director will ordinarily respond within 60 days from the date that the agency receives all information necessary to evaluate the demand or request. However, the time for response will depend upon the scope of the demand or request. The Director may respond outside of the 60-day period:

(1) Under exigent or unusual circumstances; or

(2) When FHFA must receive and process records or information in the possession, custody, or control of a third party.

(c) The Director may confer with counsel to parties to a legal proceeding about demands or requests made pursuant to this part. The conference may be ex-parte. Failure to confer in good faith, in order to enable the Director to make an informed determination, may justify rejection of the demand or request.

(d) The Director may rely on sources of information other than those provided by the demanding or requesting parties as bases for making a determination.

(e) The Director may grant a waiver of any requirement in this section to promote a significant interest of FHFA or the United States, or for other good cause.

§ 1215.11 FHFA determination.

(a) The Director makes FHFA’s determinations regarding demands and requests.

(b) The Director will notify the demanding or requesting party of FHFA’s determination, the reasons for the approval or rejection of the demand or request, and any conditions that the Director may impose on the release of records, information, or testimony.

§ 1215.12 Restrictions that apply to testimony.

(a) The Director may impose conditions or restrictions on testimony, including but not limited to limiting the scope of testimony or requiring the demanding or requesting party and other parties to the legal proceeding to agree that the testimony transcript will be kept under seal or will only be used or made available in the particular legal proceeding for which testimony was requested. The Director may also require a copy of the transcript of testimony to be provided to FHFA at the demanding or requesting party’s expense.

(b) The Director may offer an employee’s written declaration in lieu of testimony.
§ 1215.13 Restrictions that apply to records and information.

(a) The Director may impose conditions or restrictions on the release of records and information, including but not limited to requiring that parties to the legal proceeding obtain a protective order or execute a confidentiality agreement to limit access and further disclosure, or that parties take other appropriate steps to comply with applicable privacy requirements. The terms of a protective order or confidentiality agreement must be acceptable to the Director. In cases where protective orders or confidentiality agreements have already been executed, the Director may condition the release of records and information on an amendment to the existing protective order or confidentiality agreement.

(b) If the Director so determines, original agency records may be presented for examination in response to a demand or request, but they are not to be presented as evidence or otherwise used in a manner by which they could lose their status as original records, nor are they to be marked or altered. In lieu of the original records, certified copies will be presented for evidentiary purposes.

(c) The scope of permissible production is limited to that set forth in the prior, written authorization granted by the Director.

(d) If records or information are produced in connection with a legal proceeding, the demanding or requesting party must:

(1) Promptly notify all other parties to the legal proceeding that the records or information are FHFA records or information and are subject to this part and any applicable confidentiality agreement or protective order;

(2) Provide copies of any confidentiality agreement or protective order to all other parties; and

(3) Retrieve the records or information from the court or other competent authority's file when the court or other competent authority no longer requires the records or information and certify that every party covered by a confidentiality agreement, protective order, or other privacy protection has destroyed all copies of the records or information.

§ 1215.14 Procedure in the event of an adverse FHFA determination.

(a) Procedure for seeking reconsideration of FHFA's determination. A demanding or requesting party seeking reconsideration of FHFA's rejection of a demand or request, or of any restrictions on receiving records, information, or testimony, may seek reconsideration of the rejection or restrictions as follows:

(1) Notice of Intention to Petition for Reconsideration. The aggrieved demanding or requesting party may seek reconsideration by filing a written Notice of Intention to Petition for Reconsideration (Notice) within 10 business days of the date of FHFA's determination. The Notice must identify the petitioner, the determination for which reconsideration is being petitioned, and any dates (such as deposition, hearing, or court dates) that are significant to petitioner. The Notice must be served in accordance with §1215.7.

(2) Petition for Reconsideration. Within five business days of filing Notice, the petitioner must file a Petition for Reconsideration (Petition) in accordance with §1215.7. The Petition must contain a clear and concise statement of the basis for the reconsideration with supporting authorities. Determinations about petitions for reconsideration are within the discretion of the FHFA Director, and are final.
(b) Prerequisite to judicial review. Pursuant to section 704 of the Administrative Procedure Act, 5 U.S.C. 704, a petition to FHFA for reconsideration of a final determination made under the authority of this part is a prerequisite to judicial review.

§ 1215.15 Conflicting court order.
Notwithstanding FHFA’s rejection of a demand for records, information, or testimony, if a court or other competent authority orders an FHFA employee to comply with the demand, the employee must promptly notify FHFA’s General Counsel of the order, and the employee must respectfully decline to comply, citing United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951). An employee’s failure to notify the General Counsel of a court or other authority’s order is grounds for discipline or other adverse action.

§ 1215.16 Fees.
(a) The Director may condition the production of records, information, or an employee’s appearance on advance payment of reasonable costs to FHFA, which may include but are not limited to those associated with employee search time, copying, computer usage, and certifications.
(b) Witness fees will include fees, expenses, and allowances prescribed by the rules applicable to the particular legal proceeding. If no fees are prescribed, FHFA will base fees on the rule of the federal district court closest to the location where the witness will appear. Such fees may include but are not limited to time for preparation, travel, and attendance at the legal proceeding.

§ 1215.17 Responses to demands served on nonemployees.
(a) FHFA confidential supervisory information is the property of FHFA, and is not to be disclosed to any person without the Director’s prior written consent.
(b) If any person in possession of FHFA confidential supervisory information is served with a demand in a legal proceeding directing that person to produce FHFA’s confidential supervisory information or to testify with respect thereto, such person shall immediately notify the General Counsel of such service, of the testimony requested and confidential supervisory information described in the demand, and of all relevant facts. Such person shall also object to the production of such confidential supervisory information on the basis that the confidential supervisory information is the property of FHFA and cannot be released without FHFA’s consent and that production must be sought from FHFA following the procedures set forth in §§1215.7, 1215.8, and 1215.14 of this part.

§ 1215.18 Inspector General.
Notwithstanding the general prohibition of disclosure of records and information, to the minimum extent required by the Inspector General Act, Public Law 9–452 (1976), FHFA’s Office of Inspector General is permitted under this section to disclose records and information and permit FHFA–OIG employee testimony without Director approval.

Variation margin amount means the cumulative mark-to-market change in value to a covered swap entity of a non-cleared swap or non-cleared security-based swap, as measured from the date it is entered into (or, in the case of a non-cleared swap or non-cleared security-based swap that has a positive or negative value to a covered swap entity on the date it is entered into, such positive or negative value plus any cumulative mark-to-market change in value to the covered swap entity of a non-cleared swap or non-cleared security-based swap after such date), less the value of all variation margin previously collected, plus the value of all variation margin previously posted with respect to such non-cleared swap or non-cleared security-based swap.

EFFECTIVE DATE NOTE: At 80 FR 74914, Nov. 30, 2015, §1221.2 was amended by adding definitions for “Covered swap entity” and “Regulated entity” in alphabetical order, effective Apr. 1, 2016. For the convenience of the user, the added text is set forth as follows:

§ 1221.2 Definitions.

Covered swap entity means any regulated entity that is a swap entity or any other entity that FHFA determines.

Regulated entity means any regulated entity as defined in section 1303(20) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, as amended (12 U.S.C. 4502(20)).

§ 1221.3 Initial margin.

(a) Collection of margin. A covered swap entity shall collect initial margin with respect to any non-cleared swap or non-cleared security-based swap from a counterparty that is a financial end user with material swaps exposure or that is a swap entity in an amount that is no less than the greater of:

(1) Zero; or

(2) The initial margin collection amount for such non-cleared swap or non-cleared security-based swap less the initial margin threshold amount (not including any portion of the initial margin threshold amount already applied by the covered swap entity or its affiliates to other non-cleared swaps or non-cleared security-based swaps with the counterparty or its affiliates), as applicable.

(b) Posting of margin. A covered swap entity shall post initial margin with respect to any non-cleared swap or non-cleared security-based swap to a counterparty that is a financial end user with material swaps exposure. Such initial margin shall be in an amount at least as large as the covered swap entity would be required to collect under paragraph (a) of this section if it were in the place of the counterparty.

(c) Timing. A covered swap entity shall comply with the initial margin requirements described in paragraphs (a) and (b) of this section on each business day, for a period beginning on or before the business day following the day of execution and ending on the date the non-cleared swap or non-cleared security-based swap terminates or expires.

(d) Other counterparties. A covered swap entity is not required to collect or post initial margin with respect to any non-cleared swap or non-cleared security-based swap described in
§ 1221.4 Variation margin.

(a) General. After the date on which a covered swap entity enters into a non-cleared swap or non-cleared security-based swap with a swap entity or financial end user, the covered swap entity shall collect variation margin equal to the variation margin amount from the counterparty to such non-cleared swap or non-cleared security-based swap when the amount is positive and post variation margin equal to the variation margin amount to the counterparty to such non-cleared swap or non-cleared security-based swap when the amount is negative.

(b) Timing. A covered swap entity shall comply with the variation margin requirements described in paragraph (a) of this section on each business day, for a period beginning on or before the business day following the day of execution and ending on the date the non-cleared swap or non-cleared security-based swap terminates or expires.

(c) Other counterparties. A covered swap entity is not required to collect or post variation margin with respect to any non-cleared swap or non-cleared security-based swap described in §1221.1(d). For any other non-cleared swap or non-cleared security-based swap between a covered swap entity and a counterparty that is neither a financial end user nor a swap entity, the covered swap entity shall collect variation margin at such times and in such forms and such amounts (if any), that the covered swap entity determines appropriately addresses the credit risk posed by the counterparty and the risks of such non-cleared swap or non-cleared security-based swap.
into on or after the applicable compliance date set forth in §1221.1(e) or (g) is subject to the requirements of this [part]. Any such netting portfolio that contains only non-cleared swaps or non-cleared security-based swaps entered into before the applicable compliance date is not subject to the requirements of this [part].

(4) If a covered swap entity cannot conclude after sufficient legal review with a well-founded basis that the netting agreement described in this section meets the definition of eligible master netting agreement set forth in §1221.2, the covered swap entity must treat the non-cleared swaps and non-cleared security based swaps covered by the agreement on a gross basis for the purposes of calculating and complying with the requirements of this [part] to collect margin, but the covered swap entity may net those non-cleared swaps and non-cleared security-based swaps covered by the agreement on a gross basis for the purposes of calculating and complying with the requirements of this [part] to post margin.

(b) Minimum transfer amount. Notwithstanding §1221.3 or §1221.4, a covered swap entity is not required to collect or post margin pursuant to this [part] with respect to a particular counterparty unless and until the combined amount of initial margin and variation margin that is required pursuant to this [part] to be collected or posted and that has not yet been collected or posted with respect to the counterparty is greater than $500,000.

(c) Satisfaction of collecting and posting requirements. A covered swap entity shall not be deemed to have violated its obligation to collect or post margin from or to a counterparty under §1221.3, §1221.4, or §1221.6(e) if:

(1) The counterparty has refused or otherwise failed to provide or accept the required margin to or from the covered swap entity; and

(2) The covered swap entity has:

(i) Made the necessary efforts to collect or post the required margin, including the timely initiation and continued pursuit of formal dispute resolution mechanisms, or has otherwise demonstrated, upon request to the satisfaction of [Agency] that it has made appropriate efforts to collect or post the required margin; or

(ii) Commenced termination of the non-cleared swap or non-cleared security-based swap with the counterparty promptly following the applicable cure period and notification requirements.

§ 1221.6 Eligible collateral.

(a) Non-cleared swaps and non-cleared security-based swaps with a swap entity. For a non-cleared swap or non-cleared security-based swap with a swap entity, a covered swap entity shall collect initial margin and variation margin required pursuant to this [part] solely in the form of the following types of collateral:

(viii) Securities in the form of redeemable securities in a pooled investment fund representing the security-holder’s proportional interest in the fund’s net assets and that are issued and redeemed only on the basis of the market value of the fund’s net assets prepared each business day after the security-holder makes its investment commitment or redemption request to the fund, if:
(A) The fund’s investments are limited to the following:
(1) Securities that are issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury, and immediately-available cash funds denominated in U.S. dollars; or
(2) Securities denominated in a common currency and issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in §1221.12, and immediately-available cash funds denominated in the same currency; and
(B) Assets of the fund may not be transferred through securities lending, securities borrowing, repurchase agreements, reverse repurchase agreements, or other means that involve the fund having rights to acquire the same or similar assets from the transferee; or
(ix) Gold.

(b) Non-cleared swaps and non-cleared security-based swaps with a financial end user. For a non-cleared swap or non-cleared security-based swap with a financial end user, a covered swap entity shall collect and post initial margin and variation margin required pursuant to this [part] solely in the form of the following types of collateral:
(1) Immediately available cash funds that are denominated in:
(i) U.S. dollars or another major currency; or

(5) A publicly traded debt security issued by, or an asset-backed security fully guaranteed as to the payment of principal and interest by, a U.S. Government-sponsored enterprise that is

   (i) The fund’s investments are limited to the following:

(10) Gold.

(c)(1) The value of any eligible collateral collected or posted to satisfy margin requirements pursuant to this [part] is subject to the sum of the following discounts, as applicable:
   (i) An 8 percent discount for variation margin collateral denominated in a currency that is not the currency of settlement for the non-cleared swap or non-cleared security-based swap, except for immediately available cash funds denominated in U.S. dollars or another major currency;
   (ii) An 8 percent discount for initial margin collateral denominated in a currency that is not the currency of settlement for the non-cleared swap or non-cleared security-based swap, except for eligible types of collateral denominated in a single termination currency designated as payable to the non-posting counterparty as part of the eligible master netting agreement; and
   (iii) For variation and initial margin non-cash collateral, the discounts described in appendix B of this [part] swap

(2) The value of variation margin or initial margin collateral is computed as the product of the cash or market value of the eligible collateral asset times one minus the applicable discounts pursuant to paragraph (c)(1) of this section expressed in percentage terms. The total value of all variation margin or initial margin collateral is calculated as the sum of those values for each eligible collateral asset.

(d) Notwithstanding paragraphs (a) and (b) of this section, eligible collateral for initial margin and variation
§ 1221.7 Segregation of collateral.

(a) A covered swap entity that posts any collateral other than for variation margin with respect to a non-cleared swap or a non-cleared security-based swap shall require that all funds or other property other than variation margin provided by the covered swap entity be held by one or more custodians that are not the covered swap entity or counterparty and not affiliates of the covered swap entity or the counterparty.

(b) A covered swap entity that collects initial margin required by §1221.3(a) with respect to a non-cleared swap or a non-cleared security-based swap shall require that such initial margin be held by one or more custodians that are not the covered swap entity or counterparty and not affiliates of the covered swap entity or the counterparty.

(c) For purposes of paragraphs (a) and (b) of this section, the custodian must act pursuant to a custody agreement that:

(1) Prohibits the custodian from rehypothecating, repledging, reusing, or otherwise transferring (through securities lending, securities borrowing, repurchase agreement, reverse repurchase agreement, or other means) the collateral held by the custodian, except that cash collateral may be held in a general deposit account with the custodian, if the funds in the account are used to purchase an asset described in §1221.6(a)(2) or (b), such asset is held in compliance with this §1221.7, and such purchase takes place within a time period reasonably necessary to consummate such purchase after the cash collateral is posted as initial margin; and

(2) Is a legal, valid, binding, and enforceable agreement under the laws of all relevant jurisdictions, including in the event of bankruptcy, insolvency, or a similar proceeding.

(d) Notwithstanding paragraph (c)(1) of this section, a custody agreement may permit the posting party to substitute or direct any reinvestment of posted collateral held by the custodian, provided that, with respect to collateral collected by a covered swap entity pursuant to §1221.3(a) or posted by a covered swap entity pursuant to §1221.3(a) or that is not required pursuant to this [part] in any form of collateral.

EFFECTIVE DATE NOTE: At 80 FR 74914, Nov. 30, 2015, §1221.6 was amended by removing in paragraphs (a)(2)(iii), (a)(2)(viii)(A)(2), (b)(4), and (b)(6)(i)(B) the phrase “the capital rules applicable to the covered swap entity as set forth in §1221.12” and adding in its place “12 CFR part 324” and removing the words “terms of [RESERVED]” where they appear in paragraphs (a)(2)(v), (a)(2)(vii)(A), (b)(6) and (b)(6)(i) and adding in their place the phrase “the definition of “Investment quality’’ in §1267.1 of this chapter”, effective Apr. 1, 2016.
§ 1221.8 Initial margin models and standardized amounts.

(a) Standardized amounts. Unless a covered swap entity’s initial margin model conforms to the requirements of this section, the covered swap entity shall calculate the amount of initial margin required to be collected or posted for one or more non-cleared swaps or non-cleared security-based swaps with a given counterparty pursuant to §1221.3 on a daily basis pursuant to appendix A of this [part].

(b) Use of initial margin models. A covered swap entity may calculate the amount of initial margin required to be collected or posted for one or more non-cleared swaps or non-cleared security-based swaps with a given counterparty pursuant to §1221.3 on a daily basis using an initial margin model only if the initial margin model meets the requirements of this section.

(c) Requirements for initial margin model. (1) A covered swap entity must obtain the prior written approval of [Agency] before using any initial margin model to calculate the initial margin required in this [part].

(2) A covered swap entity must demonstrate that the initial margin model satisfies all of the requirements of this section on an ongoing basis.

(3) A covered swap entity must notify [Agency] in writing 60 days prior to:
   (i) Extending the use of an initial margin model that [Agency] has approved under this section to an additional product type;
   (ii) Making any change to any initial margin model approved by [Agency] under this section that would result in a material change in the covered swap entity’s assessment of initial margin requirements; or
   (iii) Making any material change to modeling assumptions used by the initial margin model.

(4) [The Agency] may rescind its approval of the use of any initial margin model, in whole or in part, or may impose additional conditions or requirements if [Agency] determines, in its sole discretion, that the initial margin model no longer complies with this section.

(d) Quantitative requirements. (1) The covered swap entity’s initial margin model must calculate an amount of initial margin that is equal to the potential future exposure of the non-cleared swap, non-cleared security-based swap or netting portfolio of non-cleared swaps or non-cleared security-based swaps covered by an eligible master netting agreement. Potential future exposure is an estimate of the one-tailed 99 percent confidence interval for an increase in the value of the non-cleared swap, non-cleared security-based swap or netting portfolio of non-cleared swaps or non-cleared security-based swaps due to an instantaneous price shock that is equivalent to a movement in all material underlying risk factors, including prices, rates, and spreads, over a holding period equal to the shorter of ten business days or the maturity of the non-cleared swap, non-cleared security-based swap or netting portfolio.

(2) All data used to calibrate the initial margin model must be based on an equally weighted historical observation period of at least one year and not more than five years and must incorporate a period of significant financial stress for each broad asset class that is appropriate to the non-cleared swaps and non-cleared security-based swaps to which the initial margin model is applied.

(3) The covered swap entity’s initial margin model must use risk factors sufficient to measure all material price risks inherent in the transactions for which initial margin is being calculated. The risk categories must include, but should not be limited to, foreign exchange or interest rate risk, credit risk, equity risk, and commodity risk.
risk, as appropriate. For material exposures in significant currencies and markets, modeling techniques must capture spread and basis risk and must incorporate a sufficient number of segments of the yield curve to capture differences in volatility and imperfect correlation of rates along the yield curve.

(4) In the case of a non-cleared cross-currency swap, the covered swap entity’s initial margin model need not recognize any risks or risk factors associated with the fixed, physically-settled foreign exchange transaction associated with the exchange of principal embedded in the non-cleared cross-currency swap. The initial margin model must recognize all material risks and risk factors associated with all other payments and cash flows that occur during the life of the non-cleared cross-currency swap.

(5) The initial margin model may calculate initial margin for a non-cleared swap or non-cleared security-based swap or a netting portfolio of non-cleared swaps or non-cleared security-based swaps covered by an eligible master netting agreement. It may reflect offsetting exposures, diversification, and other hedging benefits for non-cleared swaps and non-cleared security-based swaps that are governed by the same eligible master netting agreement by incorporating empirical correlations within the following broad risk categories, provided the covered swap entity validates and demonstrates the reasonableness of its process for modeling and measuring hedging benefits: Commodity, credit, equity, and foreign exchange or interest rate. Empirical correlations under an eligible master netting agreement may be recognized by the initial margin model within each broad risk category, but not across broad risk categories.

(6) If the initial margin model does not explicitly reflect offsetting exposures, diversification, and hedging benefits between subsets of non-cleared swaps or non-cleared security-based swaps within a broad risk category, the covered swap entity must calculate an amount of initial margin separately for each subset within which such relationships are explicitly recognized by the initial margin model. The sum of the initial margin amounts calculated for each subset of non-cleared swaps and non-cleared security-based swaps within a broad risk category will be used to determine the aggregate initial margin due from the counterparty for the portfolio of non-cleared swaps and non-cleared security-based swaps within the broad risk category.

(7) The sum of the initial margin amounts calculated for each broad risk category will be used to determine the aggregate initial margin due from the counterparty.

(8) The initial margin model may not permit the calculation of any initial margin collection amount to be offset by, or otherwise take into account, any initial margin that may be owed or otherwise payable by the covered swap entity to the counterparty.

(9) The initial margin model must include all material risks arising from the nonlinear price characteristics of option positions or positions with embedded optionality and the sensitivity of the market value of the positions to changes in the volatility of the underlying rates, prices, or other material risk factors.

(10) The covered swap entity may not omit any risk factor from the calculation of its initial margin that the covered swap entity uses in its initial margin model unless it has first demonstrated to the satisfaction of [Agency] that such omission is appropriate.

(11) The covered swap entity may not incorporate any proxy or approximation used to capture the risks of the covered swap entity’s non-cleared swaps or non-cleared security-based swaps unless it has first demonstrated to the satisfaction of [Agency] that such proxy or approximation is appropriate.

(12) The covered swap entity must have a rigorous and well-defined process for re-estimating, re-evaluating, and updating its internal margin model to ensure continued applicability and relevance.

(13) The covered swap entity must review and, as necessary, revise the data used to calibrate the initial margin model at least annually, and more frequently as market conditions warrant, to ensure that the data incorporate a
period of significant financial stress appropriate to the non-cleared swaps and non-cleared security-based swaps to which the initial margin model is applied.

(14) The level of sophistication of the initial margin model must be commensurate with the complexity of the non-cleared swaps and non-cleared security-based swaps to which it is applied. In calculating an initial margin collection amount, the initial margin model may make use of any of the generally accepted approaches for modeling the risk of a single instrument or portfolio of instruments.

(15) [The Agency] may in its sole discretion require a covered swap entity using an initial margin model to collect a greater amount of initial margin than that determined by the covered swap entity’s initial margin model if [Agency] determines that the additional collateral is appropriate due to the nature, structure, or characteristics of the covered swap entity’s transaction(s), or is commensurate with the risks associated with the transaction(s).

(e) Periodic review. A covered swap entity must periodically, but no less frequently than annually, review its initial margin model in light of developments in financial markets and modeling technologies, and enhance the initial margin model as appropriate to ensure that the initial margin model continues to meet the requirements for approval in this section.

(5) Control, oversight, and validation mechanisms. (1) The covered swap entity must maintain a risk control unit that reports directly to senior management and is independent from the business trading units.

(2) The covered swap entity’s risk control unit must validate its initial margin model prior to implementation and on an ongoing basis. The covered swap entity’s validation process must be independent of the development, implementation, and operation of the initial margin model, or the validation process must be subject to an independent review of its adequacy and effectiveness. The validation process must include:

(i) An evaluation of the conceptual soundness of (including developmental evidence supporting) the initial margin model;

(ii) An ongoing monitoring process that includes verification of processes and benchmarking by comparing the covered swap entity’s initial margin model outputs (estimation of initial margin) with relevant alternative internal and external data sources or estimation techniques. The benchmark(s) must address the chosen model’s limitations. When applicable, the covered swap entity should consider benchmarks that allow for non-normal distributions such as historical and Monte Carlo simulations. When applicable, validation shall include benchmarking against observable margin standards to ensure that the initial margin required is not less than what a derivatives clearing organization or a clearing agency would require for similar cleared transactions; and

(iii) An outcomes analysis process that includes backtesting the initial margin model. This analysis must recognize and compensate for the challenges inherent in back-testing over periods that do not contain significant financial stress.

(3) If the validation process reveals any material problems with the initial margin model, the covered swap entity must promptly notify [Agency] of the problems, describe to [Agency] any remedial actions being taken, and adjust the initial margin model to ensure an appropriately conservative amount of required initial margin is being calculated.

(4) The covered swap entity must have an internal audit function independent of business-line management and the risk control unit that at least annually assesses the effectiveness of the controls supporting the covered swap entity’s initial margin model measurement systems, including the activities of the business trading units and risk control unit, compliance with policies and procedures, and calculation of the covered swap entity’s initial margin requirements under this [part]. At least annually, the internal audit function must report its findings to the covered swap entity’s board of directors or a committee thereof.

(g) Documentation. The covered swap entity must adequately document all
§ 1221.9 Cross-border application of margin requirements.

(a) Transactions to which this rule does not apply. The requirements of §§1221.3 through 1221.8 and §§1221.10 through 1221.12 shall not apply to any foreign non-cleared swap or foreign non-cleared security-based swap of a foreign covered swap entity.

(b) For purposes of this section, a foreign non-cleared swap or foreign non-cleared security-based swap is any non-cleared swap or non-cleared security-based swap with respect to which neither the counterparty to the foreign covered swap entity nor any party that provides a guarantee of either party’s obligations under the non-cleared swap or non-cleared security-based swap is:

(1) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States;

(2) A branch or office of an entity organized under the laws of the United States or any State; or

(3) An entity that is a subsidiary of an entity that is organized under the laws of the United States or any State.

(d) Transactions for which substituted compliance determination may apply—(1) Determinations and reliance. For non-cleared swaps and non-cleared security-based swaps entered into by covered swap entities described in paragraph (d)(3) of this section, a covered swap entity may satisfy the provisions of this [part] by complying with the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that the prudential regulators jointly, conditionally or unconditionally, determine by public order satisfy the corresponding requirements of §§1221.3 through 1221.8 and §§1221.10 through 1221.12.

(2) Standard. In determining whether to make a determination under paragraph (d)(1) of this section, the prudential regulators will consider whether the requirements of such foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps applicable to such covered swap entities are comparable to the otherwise applicable requirements of this [part] and appropriate for the safe and sound operation of the covered swap entity, taking into account the risks associated with non-cleared swaps and non-cleared security-based swaps.

(3) Covered swap entities eligible for substituted compliance. A covered swap entity may rely on a determination under paragraph (d)(1) of this section only if:

(i) The covered swap entity’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(A) An entity organized under the laws of the United States or any State (other than a U.S. branch or agency of a foreign bank) or a natural person who is a resident of the United States; or

(B) A branch or office of an entity organized under the laws of the United States or any State; and

(ii) The covered swap entity is:

(A) A foreign covered swap entity;

(B) A U.S. branch or agency of a foreign bank; or
(C) An entity that is not organized under the laws of the United States or any State and is a subsidiary of a depository institution, Edge corporation, or agreement corporation.

(4) Compliance with foreign margin collection requirement. A covered swap entity satisfies its requirement to post initial margin under §1221.3(b) by posting to its counterparty initial margin in the form and amount, and at such times, that its counterparty is required to collect pursuant to a foreign regulatory framework, provided that the counterparty is subject to the foreign regulatory framework and the prudential regulators have made a determination under paragraph (d)(1) of this section, unless otherwise stated in that determination, and the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(i) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States; or

(ii) A branch or office of an entity organized under the laws of the United States or any State.

(e) Requests for determinations. (1) A covered swap entity described in paragraph (d)(3) of this section may request that the prudential regulators make a determination pursuant to this section. A request for a determination must include a description of:

(i) The scope and objectives of the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps;

(ii) The specific provisions of the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that govern:

(A) The scope of transactions covered;

(B) The determination of the amount of initial margin and variation margin required and how that amount is calculated;

(C) The timing of margin requirements;

(D) Any documentation requirements;

(E) The forms of eligible collateral;

(F) Any segregation and rehypothecation requirements; and

(G) The approval process and standards for models used in calculating initial margin and variation margin;

(iii) The supervisory compliance program and enforcement authority exercised by a foreign financial regulatory authority or authorities in such system to support its oversight of the application of the non-cleared swap or non-cleared security-based swap regulatory framework and how that framework applies to the non-cleared swaps or non-cleared security-based swaps of the covered swap entity; and

(iv) Any other descriptions and documentation that the prudential regulators determine are appropriate.

(2) A covered swap entity described in paragraph (d)(3) of this section may make a request under this section only if the non-cleared swap or non-cleared security-based swap activities of the covered swap entity are directly supervised by the authorities administering the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps.

(f) Segregation unavailable. Sections 1221.3(b) and 1221.7 do not apply to a non-cleared swap or non-cleared security-based swap entered into by:

(1) A foreign branch of a covered swap entity that is a depository institution; or

(2) A covered swap entity that is not organized under the laws of the United States or any State and is a subsidiary of a depository institution, Edge corporation, or agreement corporation, if:

(i) Inherent limitations in the legal or operational infrastructure in the foreign jurisdiction make it impracticable for the covered swap entity and the counterparty to post any form of eligible initial margin collateral recognized pursuant to §1221.6(b) in compliance with the segregation requirements of §1221.7;

(ii) The covered swap entity is subject to foreign regulatory restrictions that require the covered swap entity to transact in the non-cleared swap or non-cleared security-based swap with the counterparty through an establishment within the foreign jurisdiction and do not accommodate the posting of collateral for the non-cleared swap or
§ 1221.10 Documentation of margin matters.

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this [part]; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security-based swaps entered into between the covered swap entity and the counterparty.

§ 1221.11 Special rules for affiliates.

(a) Affiliates. This [part] applies to a non-cleared swap or non-cleared security-based swap of a covered swap entity with its affiliate, unless the swap or security-based swap is excluded from coverage under § 1221.1(d) or as otherwise provided in this section. To the extent of any inconsistency between this section and any other provision of this [part], this section will apply.

(b) Initial margin—(1) Posting of initial margin. The requirement for a covered swap entity to post initial margin under §1221.3(b) does not apply with respect to any non-cleared swap or non-cleared security-based swap with a counterparty that is an affiliate. A covered swap entity shall calculate the amount of initial margin that would be

Guarantee means an arrangement pursuant to which one party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a third-party guarantor, with respect to its counterparty’s obligations under the non-cleared swap or non-cleared security-based swap. For these purposes, a party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a guarantor if the party has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from the guarantor with respect to its counterparty’s obligations under the non-cleared swap or non-cleared security-based swap. In addition, any arrangement pursuant to which the guarantor has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from any other third party guarantor with respect to the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap, such arrangement will be deemed a guarantee of the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap by the other guarantor.
required to be posted to an affiliate that is a financial end user with material swaps exposure pursuant to §1221.3(b) and provide documentation of such amount to each affiliate on a daily basis.

(2) **Initial margin threshold amount.** For purposes of calculating the amount of initial margin to be collected from an affiliate counterparty in accordance with §1221.3(a) or calculating the amount of initial margin that would have been posted to an affiliate counterparty in accordance with paragraph (b)(1) of this section, the initial margin threshold amount is an aggregate credit exposure of $20 million resulting from all non-cleared swaps and non-cleared security-based swaps between the covered swap entity and that affiliate. For purposes of this calculation, an entity shall not count a non-cleared swap or non-cleared security-based swap that is exempt pursuant to §1221.1(d).

(c) **Variation margin.** A covered swap entity shall collect and post variation margin with respect to a non-cleared swap or non-cleared security-based swap with any counterparty that is an affiliate as provided in §1221.4.

(d) **Custodian for non-cash collateral.** To the extent that a covered swap entity collects initial margin required by §1221.3(a) from an affiliate with respect to any non-cleared swap or non-cleared security-based swap in the form of collateral other than cash collateral, the custodian for such collateral may be the covered swap entity or an affiliate of the covered swap entity.

(e) **Model holding period and netting—**

(1) **Model holding period.** For any non-cleared swap or non-cleared security-based swap (or netting portfolio) between a covered swap entity and an affiliate that would be subject to the clearing requirements of section 2(h)(1)(A) of the Commodity Exchange Act of 1936 or section 3C(a)(1) of the Securities Exchange Act of 1934 but for an exemption under section 2(h)(7)(C)(iii) or (D) or section 4(c)(1) of the Commodity Exchange Act of 1936 or regulations of the Commodity Futures Trading Commission or section 3C(g)(4) of the Securities Exchange Act of 1934 or regulations of the U.S. Securities and Exchange Commission, the covered swap entity’s initial margin model calculation as described in §1221.6(d)(1) may use a holding period equal to the shorter of five business days or the maturity of the non-cleared swap or non-cleared security-based swap (or netting portfolio).

(2) **Netting arrangements.** Any netting portfolio that contains any non-cleared swap or non-cleared security-based swap with a model holding period equal to the shorter of five business days or the maturity of the non-cleared swap or non-cleared security-based swap pursuant to paragraph (e)(1) of this section must be identified and separate from any other netting portfolio for purposes of calculating and complying with the initial margin requirements of this [part].

(f) **Standardized amounts.** If a covered swap entity’s initial margin model does not conform to the requirements of §1221.8, the covered swap entity shall calculate the amount of initial margin required to be collected for one or more non-cleared swaps or non-cleared security-based swaps with a given affiliate counterparty pursuant to §1221.3 on a daily basis pursuant to Appendix A with the gross initial margin multiplied by 0.7.

§ 1221.12 **Capital.**

A covered swap entity shall comply with the capital levels or such other amounts applicable to it as required by the Director of FHFA pursuant to 12 U.S.C. 4611.

NGR = the net-to-gross ratio (that is, the ratio of the net current replacement cost to the gross current replacement cost). In calculating NGR, the gross current replacement cost equals the sum of the replacement cost for each non-cleared swap and non-cleared security-based swap subject to the eligible master netting agreement for which the cost is positive. The net current replacement cost equals the total replacement cost for all non-cleared swaps and non-cleared security-based swaps subject to the eligible master netting agreement. In cases where the gross replacement cost is zero, the NGR should be set to 1.0.

The discount to be applied to an eligible investment fund is the weighted average discount on all assets within the eligible investment fund at the end of the prior month. The weights to be applied in the weighted average should be calculated as a fraction of the fund’s total market value that is invested in each asset with a given discount amount. As an example, an eligible investment fund that is comprised solely of $100 of 91 day Treasury bills and $100 of 3 year US Treasury bonds would receive a discount of (100/200)*0.5+(100/200)*2.0=(0.5)*0.5+(0.5)*2.0=1.25 percent.

Subpart B—Appraisal Management Company Minimum Requirements

SOURCE: 80 FR 32687, June 9, 2015, unless otherwise noted.

§ 1222.20 Authority, purpose, and scope.

(b) Purpose. The purpose of this subpart is to implement sections 1109, 1117, 1121, and 1124 of FIRREA Title XI, 12 U.S.C. 3338, 3346, 3350, and 3353.

(c) Scope. This subpart applies to States and to appraisal management companies (AMCs) providing appraisal management services in connection with consumer credit transactions secured by a consumer’s principal dwelling or securitizations of those transactions.

(d) Rule of construction. Nothing in this subpart should be construed to
prevent a State from establishing requirements in addition to those in this subpart. In addition, nothing in this subpart should be construed to alter guidance in, and applicability of, the Interagency Appraisal and Evaluation Guidelines or other relevant agency guidance that cautions banks, bank holding companies, Federal savings associations, state savings associations, and credit unions, as applicable, that each such entity is accountable for overseeing the activities of third-party service providers and ensuring that any services provided by a third party comply with applicable laws, regulations, and supervisory guidance applicable directly to the financial institution.

§ 1222.21 Definitions.

For purposes of this subpart:

(a) Affiliate has the meaning provided in 12 U.S.C. 1841.

(b) AMC National Registry means the registry of State-registered AMCs and Federally regulated AMCs maintained by the Appraisal Subcommittee.

(c)(1) Appraisal management company (AMC) means a person that:

(i) Provides appraisal management services to creditors or to secondary mortgage market participants, including affiliates;

(ii) Provides such services in connection with valuing a consumer’s principal dwelling as security for a consumer credit transaction or incorporating such transactions into securitizations; and

(iii) Within a given 12-month period, as defined in §1222.22(d), oversees an appraiser panel of more than 15 State-certified or State-licensed appraisers in a State or 25 or more State-certified or State-licensed appraisers in two or more States, as described in §1222.22;

(2) An AMC does not include a department or division of an entity that provides appraisal management services only to that entity.

(d) Appraisal management services means one or more of the following:

(1) Recruiting, selecting, and retaining appraisers;

(2) Contracting with State-certified or State-licensed appraisers to perform appraisal assignments;

(3) Managing the process of having an appraisal performed, including providing administrative services such as receiving appraisal orders and appraisal reports, submitting completed appraisal reports to creditors and secondary market participants, collecting fees from creditors and secondary market participants for services provided, and paying appraisers for services performed; and

(4) Reviewing and verifying the work of appraisers.

(e) Appraiser panel means a network, list or roster of licensed or certified appraisers approved by an AMC to perform appraisals as independent contractors for the AMC. Appraisers on an AMC’s “appraiser panel” under this part include both appraisers accepted by the AMC for consideration for future appraisal assignments in covered transactions or for secondary mortgage market participants in connection with covered transactions and appraisers engaged by the AMC to perform one or more appraisals in covered transactions or for secondary mortgage market participants in connection with covered transactions. An appraiser is an independent contractor for purposes of this subpart if the appraiser is treated as an independent contractor by the AMC for purposes of Federal income taxation.

(f) Appraisal Subcommittee means the Appraisal Subcommittee of the Federal Financial Institutions Examination Council.

(g) Consumer credit means credit offered or extended to a consumer primarily for personal, family, or household purposes.

(h) Covered transaction means any consumer credit transaction secured by the consumer’s principal dwelling.

(i) Creditor means:

(1) A person who regularly extends consumer credit that is subject to a finance charge or is payable by written agreement in more than four installments (not including a down payment), and to whom the obligation is initially payable, either on the face of the note or contract, or by agreement when there is no note or contract.

(2) A person regularly extends consumer credit if the person extended credit (other than credit subject to the
requirements of 12 CFR 1026.32) more than 5 times for transactions secured by a dwelling in the preceding calendar year. If a person did not meet these numerical standards in the preceding calendar year, the numerical standards shall be applied to the current calendar year. A person regularly extends consumer credit if, in any 12-month period, the person originates more than one credit extension that is subject to the requirements of 12 CFR 1026.32 or one or more such credit extensions through a mortgage broker.

(j) Dwelling means:
(1) A residential structure that contains one to four units, whether or not that structure is attached to real property. The term includes an individual condominium unit, cooperative unit, mobile home, and trailer, if it is used as a residence.
(2) A consumer can have only one “principal” dwelling at a time. Thus, a vacation or other second home would not be a principal dwelling. However, if a consumer buys or builds a new dwelling that will become the consumer’s principal dwelling within a year or upon the completion of construction, the new dwelling is considered the principal dwelling for purposes of this section.

(k) Federally regulated AMC means an AMC that is owned and controlled by an insured depository institution, as defined in 12 U.S.C. 1813 and that is regulated by the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, or the Federal Deposit Insurance Corporation.

(l) Federally related transaction regulations means regulations established by the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, or the National Credit Union Administration, pursuant to sections 1112, 1113, and 1114 of FIRREA Title XI, 12 U.S.C. 3341-3343.

(m) Person means a natural person or an organization, including a corporation, partnership, proprietorship, association, cooperative, estate, trust, or government unit.

(n) Secondary mortgage market participant means a guarantor or insurer of mortgage-backed securities, or an underwriter or issuer of mortgage-backed securities. Secondary mortgage market participant only includes an individual investor in a mortgage-backed security if that investor also serves in the capacity of a guarantor, insurer, underwriter, or issuer for the mortgage-backed security.

(o) States mean the 50 States and the District of Columbia and the territories of Guam, Mariana Islands, Puerto Rico, and the U.S. Virgin Islands.

(p) Uniform Standards of Professional Appraisal Practice (USPAP) means the appraisal standards promulgated by the Appraisal Standards Board of the Appraisal Foundation.

§ 1222.22 Appraiser panel—annual size calculation.

For purposes of determining whether, within a 12-month period, an AMC oversees an appraiser panel of more than 15 State-certified or State-licensed appraisers in a State or 25 or more State-certified or State-licensed appraisers in two or more States pursuant to §1222.21(c)(1)(iii)—

(a) An appraiser is deemed part of the AMC’s appraiser panel as of the earliest date on which the AMC:
(1) Accepts the appraiser for the AMC’s consideration for future appraisal assignments in covered transactions or for secondary mortgage market participants in connection with covered transactions; or
(2) Engages the appraiser to perform one or more appraisals on behalf of a creditor for a covered transaction or secondary mortgage market participant in connection with covered transactions.

(b) An appraiser who is deemed part of the AMC’s appraiser panel pursuant to paragraph (a) of this section is deemed to remain on the panel until the date on which the AMC:
(1) Sends written notice to the appraiser removing the appraiser from the appraiser panel, with an explanation of its action; or
(2) Receives written notice from the appraiser asking to be removed from the appraiser panel or notice of the death or incapacity of the appraiser.

(c) If an appraiser is removed from an AMC’s appraiser panel pursuant to
(b) of this section, but the AMC subsequently accepts the appraiser for consideration for future assignments or engages the appraiser at any time during the twelve months after the AMC’s removal, the removal will be deemed not to have occurred, and the appraiser will be deemed to have been part of the AMC’s appraiser panel without interruption.

(d) The period for purposes of counting appraisers on an AMC’s appraiser panel may be the calendar year or a 12-month period established by law or rule of each State with which the AMC is required to register.

§ 1222.23 Appraisal management company registration.

Each State electing to register AMCs pursuant to paragraph (b)(1) of this section must:

(a) Establish and maintain within the State appraiser certifying and licensing agency a licensing program that is subject to the limitations set forth in §1222.24 and with the legal authority and mechanisms to:

(1) Review and approve or deny an AMC’s application for initial registration;

(2) Review and renew or review and deny an AMC’s registration periodically;

(3) Examine the books and records of an AMC operating in the State and require the AMC to submit reports, information, and documents;

(4) Verify that the appraisers on the AMC’s panel hold valid State certifications or licenses, as applicable;

(5) Conduct investigations of AMCs to assess potential violations of applicable appraisal-related laws, regulations, or orders;

(6) Discipline, suspend, terminate, or deny renewal of the registration of an AMC that violates applicable appraisal-related laws, regulations, or orders; and

(7) Report an AMC’s violation of applicable appraisal-related laws, regulations, or orders, as well as disciplinary and enforcement actions and other relevant information about an AMC’s operations, to the Appraisal Subcommittee.

(b) Impose requirements on AMCs that are not owned and controlled by an insured depository institution and not regulated by a Federal financial institutions regulatory agency to:

(1) Register with and be subject to supervision by the State appraiser certifying and licensing agency;

(2) Engage only State-certified or State-licensed appraisers for Federally related transactions in conformity with any Federally related transaction regulations;

(3) Establish and comply with processes and controls reasonably designed to ensure that the AMC, in engaging an appraiser, selects an appraiser who is independent of the transaction and who has the requisite education, expertise, and experience necessary to competently complete the appraisal assignment for the particular market and property type;

(4) Direct the appraiser to perform the assignment in accordance with USPAP; and

(5) Establish and comply with processes and controls reasonably designed to ensure that the AMC conducts its appraisal management services in accordance with the requirements of section 129E(a)–(i) of the Truth in Lending Act, 15 U.S.C. 1639e(a)–(i), and regulations thereunder.

§ 1222.24 Ownership limitations for State-registered appraisal management companies.

(a) Appraiser certification or licensing of owners. (1) An AMC subject to State registration pursuant to §1222.23 shall not be registered by a State or included on the AMC National Registry if such AMC, in whole or in part, directly or indirectly, is owned by any person who has had an appraiser license or certificate refused, denied, cancelled, surrendered in lieu of revocation, or revoked for a substantive cause, as determined by the appropriate State appraiser certifying and licensing agency.

(2) An AMC subject to State registration pursuant to §1222.23 is not barred by paragraph (a)(1) of this section from being registered by a State or included on the AMC National Registry if the license or certificate of the appraiser with an ownership interest was not revoked for a substantive cause and has been reinstated by the State or States.
in which the appraiser was licensed or certified.

(b) Good moral character of owners. An AMC shall not be registered by a State if any person that owns more than 10 percent of the AMC—

(1) Is determined by the State appraiser certifying and licensing agency not to have good moral character; or

(2) Fails to submit to a background investigation carried out by the State appraiser certifying and licensing agency.

§ 1222.25 Requirements for Federally regulated appraisal management companies.

(a) Requirements in providing services. To provide appraisal management services for a creditor or secondary mortgage market participant relating to a covered transaction, a Federally regulated AMC must comply with the requirements in § 1222.23(b)(2) through (5).

(b) Ownership limitations. (1) A Federally regulated AMC shall not be included on the AMC National Registry if such AMC, in whole or in part, directly or indirectly, is owned by any person who has had an appraiser license or certificate refused, denied, cancelled, surrendered in lieu of revocation, or revoked in any State for a substantive cause, as determined by the ASC.

(2) A Federally regulated AMC is not barred pursuant to paragraph (b)(1) of this section from being included on the AMC National Registry if the license or certificate of the appraiser with an ownership interest was not revoked for substantive cause and has been reinstated by the State or States in which the appraiser was licensed or certified.

(c) Reporting information for the AMC National Registry. A Federally regulated AMC must report to the State or States in which it operates the information required to be submitted by the State to the Appraisal Subcommittee pursuant to the Appraisal Subcommittee’s policies regarding the determination of the AMC National Registry fee, including but not necessarily limited to the collection of information related to the limitations set forth in this section, as applicable.

§ 1222.26 Information to be presented to the Appraisal Subcommittee by participating States.

Each State electing to register AMCs for purposes of permitting AMCs to provide appraisal management services relating to covered transactions in the State must submit to the Appraisal Subcommittee the information required to be submitted by Appraisal Subcommittee regulations or guidance concerning AMCs that operate in the State.

PART 1225—MINIMUM CAPITAL—TEMPORARY INCREASE

Sec.
1225.1 Purpose.
1225.2 Definitions.
1225.3 Procedures.
1225.4 Standards and factors.
1225.5 Guidelines.

SOURCE: 76 FR 11674, Mar. 3, 2011, unless otherwise noted.

§ 1225.1 Purpose.

FHFA is responsible for ensuring the safe and sound operation of regulated entities. In furtherance of that responsibility, this part sets forth standards and procedures FHFA will employ to determine whether to require or rescind a temporary increase in the minimum capital levels for a regulated entity or entities pursuant to 12 U.S.C. 4612(d).

§ 1225.2 Definitions.

For purposes of this part, the term: Minimum capital level means the lowest amount of capital meeting any regulation or orders issued pursuant to 12 U.S.C. 1426(a)(2) and 12 U.S.C. 4612, or any similar requirement established for a Federal Home Loan Bank by regulation, order or other action.

Rescission means a removal in whole or in part of an increase in the temporary minimum capital level.

§ 1225.3 Procedures.

(a) Information—(1) Information to the regulated entity or entities. If the Director determines, based on standards enunciated in this part, that a temporary increase in the minimum capital level is necessary, the Director will provide notice to the affected regulated entity or entities 30 days in advance of the date that the temporary minimum capital requirement becomes effective, unless the Director determines that an exigency exists that does not permit such notice or the Director determines a longer time period would be appropriate.

(2) Information to the Government. The Director shall inform the Secretary of the Treasury, the Secretary of Housing and Urban Development, and the Chairman of the Securities and Exchange Commission of a temporary increase in the minimum capital level contemporaneously with informing the affected regulated entity or entities.

(b) Comments. The affected regulated entity or entities may provide comments regarding or objections to the temporary increase to FHFA within 15 days or such other period as the Director determines appropriate under the circumstances. The Director may determine to modify, delay, or rescind the announced temporary increase in response to such comments or objection, but no further notice is required for the temporary increase to become effective upon the date originally determined by the Director.

(c) Communication. The Director shall transmit notice of a temporary increase or rescission of a temporary increase in the minimum capital level in writing, using electronic or such other means as appropriate. Such communication shall set forth, at a minimum, the bases for the Director’s determination, the amount of increase or decrease in the minimum capital level, the anticipated duration of such increase, and a description of the procedures for requesting a rescission of the temporary increase in the minimum capital level.

(d) Written plan. In making a finding under this part, the Director may require a written plan to augment capital to be submitted on a timely basis to address the methods by which such temporary increase may be attained and the time period for reaching the new temporary minimum capital level.

(e) Time frame for review of temporary increase for purpose of rescission. (1) Absent an earlier determination to rescind in whole or in part a temporary increase in the minimum capital level for a regulated entity or entities, the Director shall no less than every 12 months, consider the need to maintain, modify, or rescind such increase.

(2) A regulated entity or regulated entities may at any time request in writing such review by the Director.

§ 1225.4 Standards and factors.

(a) Standard for imposing a temporary increase. In making a determination to increase temporarily a minimum capital requirement for a regulated entity or entities, the Director will consider the necessity and consistency of such an increase with the prudential regulation and the safe and sound operations of a regulated entity. The Director may impose a temporary minimum capital increase if consideration of one or more of the following factors leads the Director to the judgment that the current minimum capital requirement for a regulated entity is insufficient to address the entity’s risks:

(1) Current or anticipated declines in the value of assets held by a regulated entity; the amounts of mortgage-backed securities issued or guaranteed by the regulated entity; and, its ability to access liquidity and funding;

(2) Credit (including counterparty), market, operational and other risks facing a regulated entity, especially where an increase in risks is foreseeable and consequential;

(3) Current or projected declines in the capital held by a regulated entity;

(4) A regulated entity’s material non-compliance with regulations, written orders, or agreements;

(5) Housing finance market conditions;

(6) Level of reserves or retained earnings;

(7) Initiatives, operations, products, or practices that entail heightened risk;

(8) With respect to a Bank, the ratio of the market value of its equity to par value of its capital stock where the
Federal Housing Finance Agency

market value of equity is the value calculated and reported by the Bank as "market value of total capital" under 12 CFR 932.5(a)(1)(ii)(A); or

(9) Other conditions as detailed by the Director in the notice provided under §1225.3.

(b) Standard for rescission of a temporary increase. In making a determination to rescind a temporary increase in the minimum capital level for a regulated entity or entities, whether in full or in part, the Director will consider the consistency of such a rescission with the prudential regulation and safe and sound operations of a regulated entity. The Director will rescind, in full or in part, a temporary minimum capital increase if consideration of one or more of the following factors leads the Director to the judgment that rescission of a temporary minimum-capital increase for a regulated entity is appropriate considering the entity’s risks:

(1) Changes to the circumstances or facts that led to the imposition of a temporary increase in the minimum capital levels;

(2) The meeting of targets set for a regulated entity in advance of any capital or capital-related plan agreed to by the Director;

(3) Changed circumstances or facts based on new developments occurring since the imposition of the temporary increase in the minimum capital level, particularly where the original problems or concerns have been successfully addressed or alleviated in whole or in part; or

(4) Such other standard as the Director may consider as detailed by the Director in the notice provided under §1225.3.

§1225.5 Guidances.

The Director may determine, from time to time, issue guidance to elaborate, to refine or to provide new information regarding standards or procedures contained herein.

PART 1227—SUSPENDED COUNTERPARTY PROGRAM

Subpart A—General

§ 1227.1 Purpose.

This part sets forth the procedures FHFA follows under its Suspended Counterparty Program, the purpose of which is to protect the safety and soundness of the regulated entities. The procedures require the regulated entities to submit reports when they become aware that a person with whom they have engaged or are engaging in a covered transaction within the past three (3) years has engaged in covered misconduct. The procedures set forth a process for FHFA to issue suspension orders directing the regulated entities to cease or refrain from engaging in a covered transaction within the past specified period of time or permanently. A suspension order is not intended to be, and may not be issued as, a form of punishment for the suspended person. The procedures include options for:

(a) Appeal of a final suspension order to the Director;

(b) Request for reconsideration of a final suspension order after twelve (12) months have elapsed; and

(c) Request for an exception to a final suspension order in effect in order to engage in a particular covered transaction with the suspended person.
§ 1227.2 Definitions.

For purposes of this part:

Administrative sanction means debarment or suspension imposed by any Federal agency, or any similar administrative action that has the effect of limiting the ability of a person to do business with a Federal agency, including Limited Denials of Participation, Temporary Denials of Participation, or settlements of proposed administrative sanctions if the terms of the settlement restrict the person’s ability to do business with the Federal agency in question.

Affiliate means a party that either controls or is controlled by another person, whether directly or indirectly, including one or more persons that are controlled by the same third person.

Conviction means:

(1) A judgment or any other determination of guilt of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or plea; or

(2) Any other resolution that is the functional equivalent of a judgment of guilt of a criminal offense, including probation before judgment and deferred prosecution. A disposition without the participation of the court is the functional equivalent of a judgment only if it includes an admission of guilt.

Covered misconduct means:

(1) Any conviction or administrative sanction within the past three (3) years if the basis of such action involved fraud, embezzlement, theft, conversion, forgery, bribery, perjury, making false statements or claims, tax evasion, obstruction of justice, or any similar offense, in each case in connection with a mortgage, mortgage business, mortgage securities or other lending product.

(2) FHFA may impute covered misconduct among affiliates as follows:

(i) Conduct imputed from an individual to an organization. FHFA may impute the covered misconduct of any officer, director, shareholder, partner, employee, or other individual associated with an organization, to that organization when the conduct occurred in connection with the individual’s performance of duties for or on behalf of that organization, or with the organization’s knowledge, approval, or acquiescence. The organization’s acceptance of the benefits derived from the conduct is evidence of knowledge, approval, or acquiescence.

(ii) Conduct imputed from an organization to an individual, or between individuals. FHFA may impute the covered misconduct of any organization to an individual, or from one individual to another individual, if the individual to whom the conduct is imputed either participated in, had knowledge of, or had reason to know of the conduct.

(iii) Conduct imputed from one organization to another organization. FHFA may impute the covered misconduct of one organization to another organization when the conduct occurred in connection with a partnership, joint venture, joint application, association, or similar arrangement, or when the organization to whom the conduct is imputed has the power to direct, manage, control, or influence the activities of the organization responsible for the conduct. Acceptance of the benefits derived from the conduct is evidence of knowledge, approval, or acquiescence and hence is a basis for imputation of conduct.

Covered transaction means a contract, agreement, or financial or business relationship between a regulated entity and a person and any affiliates thereof.

Person means an individual, sole proprietor, partnership, corporation, unincorporated association, trust, joint venture, pool, syndicate, organization, or other entity.

Respondent means a person and any affiliate thereof that is the subject of a proposed or final suspension order.

Suspending official means the Director, or any other FHFA official with delegated authority to sign proposed and final suspension orders and their accompanying notices.

Suspension means an action taken by a suspending official pursuant to a final suspension order that requires a regulated entity to cease or refrain from engaging in any covered transactions with a person and any affiliates thereof for a specified period of time or permanently.

§ 1227.3 Scope of suspension orders.

(a) General. A suspending official may issue a final suspension order to the
regulated entities directing them to cease or refrain from engaging in any covered transactions with a particular person and any affiliates thereof for a specified period of time or permanently, pursuant to the requirements of this part.

(b) No effect on other actions by FHFA. Nothing in this part shall limit the authority of FHFA to pursue any other regulatory or supervisory action with respect to any regulated entity or any other person and any affiliates thereof, whether instead of or in addition to any action taken under this part.

(c) No effect on other actions by a regulated entity. Nothing in this part shall limit the authority of any regulated entity to take any action it determines appropriate to address risks from any person and any affiliates thereof with which it engages in covered transactions.

Effective Date Note: At 80 FR 79680, Dec. 23, 2015, §1227.3 was amended by adding paragraph (d), effective Jan. 22, 2016. For the convenience of the user, the added text is set forth as follows:

§ 1227.4 Regulated entity reports on covered misconduct.

(a) General. A regulated entity shall submit a report to FHFA when the regulated entity becomes aware that a person or any affiliate thereof with which the regulated entity is engaging or has engaged in a covered transaction within the past three (3) years has engaged in covered misconduct. A regulated entity is aware of covered misconduct when the regulated entity has reliable information that such misconduct has occurred.

(b) Content of reports. Each report on covered misconduct shall:

(1) Include sufficient information for FHFA to identify the person or persons that are the subject of the report, as well as any affiliates thereof if such affiliates are known to the regulated entity;

(2) Describe the nature and extent of any covered transaction that the regulated entity has or had with any persons and any affiliates thereof identified in the report; and

(3) Include a description of the covered misconduct, including the date of the covered misconduct, documents evidencing the covered misconduct if in the possession of the regulated entity, and any other relevant information that the regulated entity chooses to submit.

(c) Timing of reports. (1) A regulated entity shall submit a report to FHFA on covered misconduct no later than ten (10) business days after the regulated entity becomes aware of such misconduct, even if the regulated entity lacks sufficient information to submit a complete report.

(2) A regulated entity may supplement the submission of any covered misconduct report by submitting additional relevant information to FHFA at any time.

Effective Date Note: At 80 FR 79680, Dec. 23, 2015, §1227.4 (c)(1) was amended by removing the phrase “ten (10) business days” and adding in its place the phrase “thirty (30) calendar days”, effective Jan. 22, 2016.

§ 1227.5 Proposed suspension order.

(a) A suspending official may base a proposed suspension order upon evidence of covered misconduct from any of the following sources:

(1) A required report submitted by a regulated entity;

(2) A referral submitted by FHFA’s Office of Inspector General; or

(3) Any other source of information.

(b) Grounds for issuance. A suspending official may issue a proposed suspension order with respect to a particular person and any affiliates thereof if the suspending official determines that there is evidence that:

(1) The regulated entity is engaging or engaged in a covered transaction with the person or any affiliates thereof within the past three (3) years and the person or any affiliates thereof has engaged in covered misconduct, which evidence may include copies of any order or other documents documenting
§ 1227.5

a conviction or administrative sanction for such conduct; and (2) The covered misconduct is of a type that would be likely to cause significant financial or reputational harm to a regulated entity or otherwise threaten the safe and sound operation of a regulated entity.

(c) Notice required. If a suspending official determines that grounds exist under paragraph (b) of this section for issuance of a proposed suspension order with respect to a particular person and any affiliates thereof, the suspending official may issue a written notice of proposed suspension to the person and any affiliates thereof, and shall provide a copy of such notice to the regulated entity and to all of the other regulated entities.

(d) Content of notice. The notice of proposed suspension shall include: (1) The time period during which the suspension will apply; (2) A statement of the suspending official’s proposed suspension determination and supporting grounds; (3) The proposed suspension order; (4) Instructions on how to respond; and (5) The date by which any response must be received, which must be at least thirty (30) calendar days after the date on which the notice is sent.

(e) Method of sending notice. The suspending official shall send the notice of proposed suspension to the last known street address, facsimile number, or email address of the person, the person’s counsel, any affiliates of the person, and the counsel for those affiliates, if known, or an agent for service of process.

(f) Response from respondent—(1) Timing of response. Any response from the affected person and any affiliates thereof must be submitted to FHFA within the time period specified in the notice. If a response is submitted after the specified deadline, the suspending official may consider or disregard such response, in the suspending official’s discretion.

(2) Content of response. The response shall identify: (i) Any information and argument in opposition to the proposed suspension; (ii) Any specific facts that contradict the statements contained in the notice of proposed suspension. A general denial is insufficient to raise a genuine dispute over facts material to the suspension; (iii) All criminal and civil proceedings not included in the notice of proposed suspension that grew out of facts relevant to the bases for the proposed suspension stated in such notice; (iv) All existing, proposed, or prior exclusions under regulations implementing Executive Order 12549 and all similar actions taken by Federal, state, or local agencies, including administrative agreements that affect only those agencies; and (v) The names and identifying information for any affiliates of the affected person.

(g) Response from regulated entities—(1) Timing of response. Any response from the regulated entities must be submitted to FHFA within the time period specified in the notice. If a response is submitted after the specified deadline, the suspending official may consider or disregard such response, in the suspending official’s discretion.

(2) Content of response. (i) The response shall include: (A) Any information that would indicate that suspension of the person in question could reasonably be expected to have a negative financial impact or other significant adverse effect on the financial or operating performance of the regulated entity; and (B) Any existing contractual relationship with the person in question for which the regulated entity might request a limitation or qualification. (ii) The response may include any other information that the regulated entity believes would be relevant to the proposed suspension determination, including but not limited to: (A) Any information related to the factual basis for the proposed suspension; (B) Any information about other known affiliates of the person; (C) Recommendations for alternatives to suspension that could mitigate the risks presented by engaging in covered transactions with the respondent; and (D) Recommendations for limitations or qualifications on the scope of the proposed suspension.
§ 1227.5 Proposed suspension order.

* * * * *

(e) Method of sending notice. The suspending official shall send the notice of proposed suspension to the last known street address, facsimile number, or email address of:

(1) The person, the person’s counsel, or an agent for service of process; and

(2) Any affiliates of the person, the counsel for those affiliates, or an agent for service of process, if suspension is also being proposed for such affiliates.

§ 1227.6 Final suspension order.

(a) Grounds for issuance. A suspending official may issue a final suspension order with respect to a respondent proposed for suspension if, based solely on the written record, the suspending official determines that there is adequate evidence that:

(1) The regulated entity is engaging or has engaged in a covered transaction within the past three (3) years with the respondent, and the respondent engaged in covered misconduct; and

(2) The covered misconduct is of a type that would be likely to cause significant financial or reputational harm to a regulated entity or otherwise threaten the safe and sound operation of a regulated entity.

(b) Written record. The written record shall include any material submitted by the respondent and any material submitted by the regulated entities, as well as any other material that was considered by the suspending official in making the final determination, including any information related to the factors in paragraph (c) of this section. FHFA may independently obtain information relevant to the suspension determination for inclusion in the written record.

(c) Factors that may be considered by the suspending official. In determining whether or not to issue a final suspension order with respect to the respondent where the grounds for suspension are satisfied, the suspending official may also consider any factors that the suspending official determines may be relevant in light of the circumstances of the particular case, including but not limited to:

(1) The actual or potential harm or impact that results or may result from the covered misconduct;

(2) The frequency of incidents or duration of the covered misconduct;

(3) Whether there is a pattern of prior covered misconduct;

(4) Whether and to what extent the respondent planned, initiated, or carried out the covered misconduct;

(5) Whether the respondent has accepted responsibility for the covered misconduct and recognizes its seriousness;

(6) Whether the respondent has paid or agreed to pay all criminal, civil and administrative penalties or liabilities for the covered misconduct, including any investigative or administrative costs incurred by the government, and has made or agreed to make full restitution;

(7) Whether the covered misconduct was pervasive within the respondent’s organization;

(8) The kind of positions held by the individuals involved in the covered misconduct;

(9) Whether the respondent’s organization took appropriate corrective action or remedial measures, such as establishing ethics training and implementing programs to prevent recurrence of the covered misconduct;

(10) Whether the respondent brought the covered misconduct to the attention of the appropriate government agency in a timely manner;

(11) Whether the respondent has fully investigated the circumstances surrounding the covered misconduct and, if so, made the result of the investigation available to the suspending official;

(12) Whether the respondent had effective standards of conduct and internal control systems in place at the time the covered misconduct occurred;

(13) Whether the respondent has taken appropriate disciplinary action against the individuals responsible for the covered misconduct; or
§ 1227.7  

(14) Whether the respondent has had adequate time to eliminate the circumstances within the organization that led to the covered misconduct.

(d) Deadline for decision. The suspending official shall make a determination on whether to issue a final suspension order with respect to the respondent within thirty (30) calendar days of the deadline given for the respondent’s response in the notice of proposed suspension, unless the suspending official notifies the respondent in writing that additional time is needed.

(e) Determination not to issue final suspension order. If the suspending official determines that suspension is not appropriate with respect to the respondent, the suspending official shall provide prompt written notice of that determination to the respondent, the regulated entity, and all of the other regulated entities.

(f) Issuance of final suspension order—

(1) General. If the suspending official makes a final determination to suspend the respondent, the suspending official shall issue a final suspension order to each regulated entity regarding the respondent.

(2) Content of final suspension order. A final suspension order shall include:

(i) A statement of the suspension determination and supporting grounds, including a discussion of any relevant information submitted by the respondent; and

(ii) A copy of the final suspension order.

(g) Effective date. A final suspension order shall take effect on the date specified in the order, which shall be at least forty-five (45) calendar days after the date on which the order is signed by the suspending official.

EFFECTIVE DATE NOTE: At 80 FR 79680, Dec. 23, 2015, § 1227.6(a)(1) was amended by removing the phrase ‘regulated entity is engaging or has engaged in a covered transaction within the past three (3) years with the respondent, and the’., effective Jan. 22, 2016.

§ 1227.7 Appeal to the Director.

(a) Opportunity to appeal. A respondent may submit an appeal to the Director within thirty (30) calendar days after the date a final suspension order has been signed. If the Director signed the final suspension order as the suspending official, the respondent has no appeal right under this section. The appeal shall be accompanied by a written brief specifically identifying the respondent’s objections to the final suspension order and the supporting reasons for such objections.

(b) Decision on appeal. The Director shall issue a written final decision on an appeal of a final suspension order based on the record submitted by the suspending official, together with any material submitted with an appeal. The Director may affirm, vacate or amend the suspension, or remand to the suspending official for further proceedings, in the discretion of the Director. If the Director does not take action on an appeal prior to the effective date of the order, the order shall take effect as if it had been affirmed by the Director, on the date specified in the order.

(c) Final agency action. The written final decision of the Director on an appeal of a final suspension order shall be the final agency action. If the Director does not take action on an appeal prior to the effective date of the order, the order shall be the final agency action.
§ 1227.10 Exception to final suspension order in effect.

(a) Request for exception. A regulated entity to which a final suspension order in effect is applicable may request an exception from such order to allow it to engage in a particular covered transaction with a suspended person and any affiliates thereof. Any such request shall clearly state any reasons supporting an exception, as well as any steps the regulated entity will take to mitigate any risks presented by the exception. An exception may not be requested by a suspended person or any affiliates thereof.

(b) Decision on exception. A suspending official may approve an exception from a final suspension order in effect for reasons consistent with those for which the suspending official may limit or qualify the scope or effect of a final suspension order under §1227.6(f)(2)(iv) of this part. The decision on a request for an exception shall not constitute an appealable order.

(c) Notice required. FHFA shall provide written notice in a timely manner to the regulated entity, the suspended person and any affiliates thereof, and the other regulated entities of any exception approved for a particular covered transaction.
PART 1228—RESTRICTIONS ON THE ACQUISITION OF, OR TAKING SECURITY INTERESTS IN, MORTGAGES ON PROPERTIES ENCUMBERED BY CERTAIN PRIVATE TRANSFER FEE COVENANTS AND RELATED SECURITIES

§ 1228.1 Definitions.

For the purposes of this part, the following definitions apply:

Adjacent or contiguous property means property that borders the burdened community, provided that such adjacent or contiguous property may be separated from the burdened community by public right of way.

Burdened community means a community comprising all of the parcels or interests in real property encumbered by a single private transfer fee covenant or a series of separate private transfer fee covenants that require payment of transfer fees to the same entity to be used for the same purposes.

Covered association means a nonprofit mandatory membership organization comprising owners of homes, condominiums, cooperatives, manufactured homes, or any interest in real property, created pursuant to a declaration, covenant or other applicable law; or an organization described in section 501(c)(3) or section 501(c)(4) of the Internal Revenue Code. A covered association may include master and sub-associations, each of which is also a covered association.

Private transfer fee means a transfer fee, including a charge or payment, imposed by a covenant, restriction, or other similar document and required to be paid in connection with or as a result of a transfer of title to real estate, and payable on a continuing basis each time a property is transferred (except for transfers specifically excepted) for a period of time or indefinitely. A private transfer fee does not include fees, charges, payments, or other obligations—

(1) Imposed by or payable to the Federal government or a State or local government; or

(2) That defray actual costs of the transfer of the property, including transfer of membership in the relevant covered association.

Direct benefit means that the proceeds of a private transfer fee are used exclusively to support maintenance and improvements to encumbered properties, and acquisition, improvement, administration, and maintenance of property owned by the covered association of which the owners of the burdened property are members and used primarily for their benefit. Direct benefit also includes cultural, educational, charitable, recreational, environmental, conservation or other similar activities that—

(1) Are conducted in or protect the burdened community or adjacent or contiguous property, or

(2) Are conducted on other property that is used primarily by residents of the burdened community.

Excepted transfer fee covenant means a private transfer fee covenant that requires payment of a private transfer fee to a covered association and limits the use of such transfer fees exclusively to purposes which provide a direct benefit to the real property encumbered by the private transfer fee covenants.

Transfer means, with respect to real property, the sale, gift, grant, conveyance, assignment, inheritance, or other transfer of an interest in the real property.
§ 1228.2 Restrictions.
The regulated entities shall not purchase, invest or otherwise deal in any mortgages on properties encumbered by private transfer fee covenants, securities backed by such mortgages, or securities backed by the income stream from such covenants, unless such covenants are excepted transfer fee covenants. The Federal Home Loan Banks shall not accept such mortgages or securities as collateral, unless such covenants are excepted transfer fee covenants.

§ 1228.3 Prospective application and effective date.
This part shall apply only to mortgages on properties encumbered by private transfer fee covenants if those covenants are created on or after February 8, 2011. This part shall not apply to mortgages on properties encumbered by private transfer fee covenants if those covenants are created pursuant to an agreement entered into before February 8, 2011, applicable to land that is identified in the agreement, and the agreement was in settlement of litigation or approved by a government agency or body. This part also applies to securities backed by mortgages to which this part applies, and to securities issued after February 8, 2011, backed by revenue from private transfer fees regardless of when the covenants were created. The regulated entities shall comply with this part not later July 16, 2012.

§ 1228.4 State restrictions unaffected.
This part does not affect state restrictions or requirements with respect to private transfer fee covenants, such as with respect to validity, enforceability, disclosures, or duration.

(2) Significantly undercapitalized, if it is otherwise classified as undercapitalized; or

(3) Critically undercapitalized if it is otherwise classified as significantly undercapitalized.

(b) Grounds for discretionary reclassification. Notwithstanding any other provision of this subpart, the Director may at any time reclassify a Bank under this section if:

   (i) The Bank is engaging in conduct that could result in the rapid depletion of permanent or total capital;
   (ii) The value of collateral pledged to the Bank has decreased significantly; or
   (iii) The value of property subject to mortgages owned by the Bank has decreased significantly.

(2) The Director determines, after notice to the Bank and opportunity for an informal hearing before the Director, that a Bank is in an unsafe and unsound condition; or

(3) The Director finds, under §1371(b) of Safety and Soundness Act (12 U.S.C. 4631(b)), that the Bank is engaging in an unsafe and unsound practice because the Bank’s asset quality, management, earnings or liquidity were found to be less than satisfactory during the most recent examination, and any deficiency has not been corrected.

(c) Procedures. Before finalizing any action to reclassify a Bank under this section, the Director shall provide a Bank written notice describing the proposed action and an opportunity to
§ 1229.5 Capital distributions for adequately capitalized Banks.

(a) Restriction. An adequately capitalized Bank may not make a capital distribution if after doing so the Bank’s capital would be insufficient to maintain a classification of adequately capitalized. A Bank may not make a capital distribution if such distribution would violate any restriction on the redemption or repurchase of capital stock or the payment of a dividend set forth in section 6 of the Bank Act (12 U.S.C. 1426) and any other applicable regulation.

(b) Exception. Notwithstanding the restriction in paragraph (a) of this section, the Director may permit a Bank to repurchase or redeem its shares of stock if the transaction is made in connection with the issuance of additional Bank shares or obligations in at least an equivalent amount to the shares that are redeemed or repurchased and will reduce the Bank’s financial obligations or otherwise improve its financial condition. Any transaction under this paragraph also must conform with any restriction on the redemption or repurchase of Bank stock set forth in section 6 of the Bank Act (12 U.S.C. 1426) and in any other applicable regulation.

§ 1229.6 Mandatory actions applicable to undercapitalized Banks.

(a) Mandatory Actions by the Bank. A Bank that is classified as undercapitalized shall:

(2) Fulfill all terms, conditions and obligations contained in the capital restoration plan as approved by the Director;

(3) Not make any capital distribution that would result in the Bank being reclassified as significantly undercapitalized or critically undercapitalized, nor make a capital distribution if such distribution would violate any restriction on the redemption or repurchase of capital stock or the declaration or payment of a dividend set forth in section 6 of the Bank Act (12 U.S.C. 1426) or in any other applicable regulation;

(4) Not permit its average total assets in any calendar quarter to exceed its average total assets during the preceding calendar quarter, where such average is calculated based on the total amount of assets held by the Bank for each day in a quarter, unless:

(i) The Director has approved the Bank’s capital restoration plan; and

(ii) The Director determines that:

(A) The increase in total assets is consistent with the approved capital restoration plan; and

(B) The ratio of tangible equity to the Bank’s total assets is increasing at a rate sufficient to enable the Bank to become adequately capitalized within a reasonable time and consistent with any schedule established in the capital restoration plan; and

(5) Not acquire, directly or indirectly, an equity interest in any operating entity (other than as necessary to enforce a security interest granted to the Bank) nor engage in any new business activity unless:

(i) The Director has approved the Bank’s capital restoration plan, the Bank is implementing the capital restoration plan and the Director determines that proposed acquisition or activity will further achievement of the goals set forth in that plan; or
§ 1229.8 Mandatory actions applicable to significantly undercapitalized Banks.

A Bank that is classified as significantly undercapitalized:

(a) Shall submit to the Director for approval a capital restoration plan that complies with the requirements and procedures established by §1229.11 of this part and receive approval from the Director for such plan;

(b) Fulfill all terms, conditions and obligations contained in the capital restoration plan once the plan is approved by the Director;

(c) Shall not make any capital distribution that would result in the Bank being reclassified as critically undercapitalized or that would violate any restriction on the redemption or repurchase of capital stock or the payment of a dividend set forth in section 6 of the Bank Act (12 U.S.C. 1426) or any applicable regulation;

(d) Shall not make any capital distribution not otherwise prohibited under paragraph (c) of this section absent the prior written approval of the Director, provided that the Director may approve such distribution only if the Director determines that:

   (1) The capital distribution will enhance the ability of the Bank to meet its risk-based and minimum capital requirements promptly;

   (2) The capital distribution will contribute to the long-term financial safety and soundness of the Bank; or

   (3) The capital distribution is otherwise in the public interest;

   (e) Shall not without prior written approval of the Director pay a bonus to any executive officer, provided that for purposes of this paragraph a bonus shall include any amount paid or accruing to an executive officer under a profit sharing arrangement;
§ 1229.9 Discretionary actions applicable to significantly undercapitalized Banks.

(a) Actions by the Director. The Director shall carry out this section by taking, at any time, one or more of the following actions with respect to a significantly undercapitalized Bank:

1. Limit the increase in any obligations or class of obligations of the Bank, including any off-balance sheet obligations. Such limitation may be stated in an absolute dollar amount, as a percentage of current obligations or in any other form chosen by the Director;

2. Reduce the amount of any obligations or class of obligations held by the Bank, including any off-balance sheet obligations. Such reduction may be stated in an absolute dollar amount, as a percentage of current obligations or in any other form chosen by the Director;

3. Limit the increase in, or prohibit the growth of any asset or class of assets held by the Bank. Such limitation may be stated in an absolute dollar amount, as a percentage of current assets or in any other form chosen by the Director;

4. Reduce the amount of any asset or class of asset held by the Bank. Such reduction may be stated in an absolute dollar amount, as a percentage of current obligations or in any other form chosen by the Director;

5. Acquire new capital in the form and amount determined by the Director, which specifically may include requiring a Bank to increase its level of retained earnings;

6. Modify, limit or terminate any activity of the Bank that the Director determines creates excessive risk;

7. Take steps to improve the management at the Bank by:

(i) Ordering a new election for the Bank’s board of directors in accordance with procedures established by the Director;

(ii) Dismissing particular directors or executive officers, in accordance with section 1366(b)(5)(B) of the Safety and Soundness Act (12 U.S.C. 4616(b)(5)(B)), who held office for more than 180 days immediately prior to the date on which the Bank became undercapitalized, provided further that such dismissals shall not be considered removal pursuant to an enforcement action under section 1377 of the Safety and Soundness Act (12 U.S.C. 4636a) and shall not be subject to the requirements necessary to remove an officer or director under that section; or

(iii) Ordering the Bank to hire qualified executive officers, the hiring of whom, prior to employment by the Bank and at the option of the Director, may be subject to review and approval by the Director;

8. Reclassify a significantly undercapitalized Bank as critically undercapitalized if:

(A) The Bank does not submit a capital restoration plan that is substantially in compliance with §1229.11 of this part and within the time frame required;

(B) The Director does not approve the capital restoration plan submitted by the Bank; or

(C) The Director determines that the Bank has failed to make reasonable, good faith efforts to comply with its approved capital restoration plan and fulfill any schedule established by that plan.

(ii) Subject to paragraph (c) of this section, the Director may reclassify a significantly undercapitalized Bank under paragraph (a)(8)(i) of this section
§ 1229.10 Actions applicable to critically undercapitalized Banks.

(a) Appointment of conservator or receiver. Notwithstanding any other provision of federal or state law, the Director may appoint the FHFA as conservator or receiver of any Bank at any time after the Director determines that the Bank is, or the Director otherwise exercises authority to reclassify the Bank as, critically undercapitalized.

(b) Periodic determination—(1) Determination. Not later than 30 calendar days after the Director first determines that a Bank is, or the Director otherwise exercises authority to reclassify the Bank as, critically undercapitalized, and at least once during each succeeding 30-day calendar period, the Director make a determination in writing as to whether:

(i) The assets of the Bank are, and during the preceding 60 calendar days have been, less than its obligations to its creditors and others, provided that the Director shall consider as an obligation only that amount of outstanding consolidated obligations for which the Bank is primary obligor or for which the Bank has been ordered to make payments of principal or interest on behalf of another Bank, or is actually making payments of principal or interest on behalf of another Bank; or

(ii) The Bank is not, and during the previous 60 calendar days has not been paying its debts on a regular basis as such debts become due, provided that this provision does not apply to any unpaid debts that are the subject of a bona fide dispute.

(2) Mandatory receivership. If the Director determines that the conditions described in either paragraph (b)(1)(i) or (b)(1)(ii) of this section applies to a Bank, the Director shall appoint the FHFA as receiver for the Bank. The appointment of the FHFA as receiver under this paragraph shall immediately terminate any conservatorship established for the Bank.

(3) Determination not required. A determination under paragraph (b)(1) of this section shall not be required during any period in which the FHFA serves as receiver for a Bank.

(c) Judicial review. If the Director appoints the FHFA as conservator or receiver of a Bank under paragraph (a) or (b)(2) of this section, the Bank may within 30 days of such appointment bring an action in the United States district court for the judicial district in which the Bank was established pursuant to section 3 of the Bank Act (12 U.S.C. 1423) or in the United States District Court for the District of Columbia, for an order requiring the FHFA to remove itself as conservator or receiver.

(d) Other applicable actions. Until such time as FHFA is appointed as conservator or receiver for a critically undercapitalized Bank, a critically undercapitalized Bank shall be subject to all mandatory restrictions or obligations applicable to a significantly undercapitalized Bank under §1229.8 of this subpart and will remain subject to any on-going restrictions or obligations that the Director imposed on the Bank under §1229.7 or §1229.9 of this subpart, or any restrictions or obligations that are applicable to the Bank under the terms of an approved capital restoration plan.

§ 1229.11 Capital restoration plans.

(a) Contents. Each capital restoration plan submitted by a Bank shall set forth a plan to restore its permanent and total capital to levels sufficient to fulfill its risk-based and minimum capital requirements within a reasonable period of time. Such plan must be feasible given general market conditions and the conditions of the Bank and, at a minimum, shall:

(1) Describe the actions the Bank will take, including any changes that the Bank will make to member stock purchase requirements, to assure that it will become adequately capitalized within the meaning of §1229.3(a) of this subpart and, if appropriate, to resolve any structural or long term causes for the capital deficiency;

(2) Specify the level of permanent and total capital the Bank will achieve and maintain and provide quarterly projections indicating how each component of total and permanent capital and the major components of income, assets and liabilities are expected to change over the term of the plan;

(3) Specify the types and levels of activities in which the Bank will engage during the term of the plan, including any new business activities that it intends to begin during such term;

(4) Describe any other actions the Bank intends to take to comply with any other requirements imposed on it under this subpart A of part 1229;

(5) Provide a schedule which sets forth dates for meeting specific goals and benchmarks and taking other actions described in the proposed capital restoration plan, including setting forth a schedule for it to restore its permanent and total capital to levels necessary for meeting its risk-based and minimum capital requirements; and

(6) Address such other items that the Director shall provide in writing in advance of such submission.

(b) Deadline for submission. A Bank must submit a proposed capital restoration plan no later than 15 business days after it receives written notification that such a plan is required either because the notice specifically states that the Director has required the submission of a plan or the notice indicates that the Bank’s capital classification or recategorization is to a category for which a capital restoration plan is a mandatory action required of the Bank. The Director may extend this deadline if the Director determines that such extension is necessary. Any such extension shall be in writing and provide a specific date by which the Bank must submit its proposed capital restoration plan.

(c) Review of the plan by the Director. The Director shall have 30 calendar days from the date the Bank submits a proposed capital restoration plan to approve or disapprove the plan. The Director may extend the period for consideration of a capital restoration plan for a single 30 calendar day period by providing the Bank with written notification that the decision deadline has been extended. The Director shall provide the Bank with written notification of the decision to approve or not approve a proposed capital restoration plan. If the Director does not approve the capital restoration plan, the written notification of such decision shall provide the reasons for the disapproval.

(d) Resubmission. If the Director does not approve the Bank’s proposed capital restoration plan, the Bank shall submit a new capital restoration plan acceptable to the Director within 30 calendar days of the date that the Bank was notified of the disapproval. The Director may extend the period for the Bank’s submission of a new acceptable capital restoration plan upon a determination that such extension is in the public interest. The Director shall provide the Bank written notice of the extension and include in such notice the date by which the Bank must submit an acceptable plan.

(e) Amendments. The Director, in his or her sole discretion, may approve amendments to an approved capital restoration plan if, after consideration of changes in conditions of the Bank, changes in market conditions and other relevant factors, the Director determines that such amendments are consistent with the restoration of the Bank’s capital to levels necessary to meet its risk-based and minimum capital requirements in a reasonable period of time and with the safe and sound operations of the Bank.
Federal Housing Finance Agency

§ 1229.12 Procedures related to capital classification and other actions.

(a) Classification or reclassification of a Bank. Before finalizing any decision to classify a Bank under §1229.2(a) of this subpart or reclassify the Bank under §1229.4(a) of this subpart, the Director shall provide the Bank with written notification of the proposed action that states the reasons for the proposed action and describes the information on which the proposed action is based. The notice required under this paragraph may be combined with the notice of a proposed supervisory action required under paragraph (b) of this section. The Director also may combine a notice informing the Bank of its capital classification and simultaneously informing the Bank that the Director intends to reclassify a Bank to a lower capital classification category.

(b) Notice of a supervisory action. Before finalizing any action or actions authorized under §1229.7 or §1229.9 of this subpart, the Director shall provide the Bank with written notification of the proposed action that states the reasons for the proposed action and describes the information on which the proposed action is based. The notice required under this paragraph may be combined with the notice of a proposed action to classify or reclassify the Bank required under paragraph (a) of this section.

(c) Bank response. During the 30 calendar day period beginning on the date that the Bank is provided notice under paragraph (a) or (b) of this section of a proposed action or actions, a Bank may submit to the Director any information that the Bank considers relevant or appropriate for the Director to consider in determining whether to finalize the proposed action. The Director may, in his or her sole discretion, convene an informal hearing with representatives of the Bank to receive or discuss any such information. The Director, in his or her sole discretion, also may extend the period in which the Bank may respond to a notice for an additional 30 calendar days for good cause, or shorten such comment period if the Director determines the condition of the Bank requires faster action or a shorter comment period or if the Bank consents to a shorter comment period. The Director shall inform the Bank in writing, which may be provided as part of the notice required under paragraphs (a) or (b) of this section, of any decision to extend or shorten the comment period. The failure of a Bank to provide information during the allotted comment period will waive any right of the Bank to comment on the proposed action.

(d) Final action. At the earlier of the completion of the comment period established under paragraph (c) or the receipt of information provided by the Bank during such period, the Director shall determine whether to take the proposed action or actions that were the subject of the notice under paragraphs (a) or (b) of this section, after taking into consideration any information provided by the Bank. § 1230.1 Purpose.

The purpose of this part is to implement requirements relating to the supervisory authority of FHFA under the
Federal Housing Finance Agency

§ 1230.3

Safety and Soundness Act with respect to compensation provided by the regulated entities and the Office of Finance to their executive officers. This part also establishes a structured process for submission of relevant information by the regulated entities and the Office of Finance, in order to facilitate and enhance the efficiency of FHFA’s oversight of executive compensation.

§ 1230.2 Definitions.

The following definitions apply to the terms used in this part:

Compensation means any payment of money or the provision of any other thing of current or potential value in connection with employment. Compensation includes all direct and indirect payments of benefits, both cash and non-cash, granted to or for the benefit of any executive officer, including, but not limited to, payments and benefits derived from an employment contract, compensation or benefit agreement, fee arrangement, perquisite, stock option plan, post-employment benefit, or other compensatory arrangement.

Enterprise means the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation (collectively, Enterprises) and, except as provided by the Director, any affiliate thereof.

Executive officer means:

(1) With respect to an Enterprise:

(i) The chairman of the board of directors, chief executive officer, chief financial officer, chief operating officer, president, vice chairman, any executive vice president, any senior vice president, any individual in charge of a principal business unit, division, or function, and any individual who performs functions similar to such positions whether or not the individual has an official title; and

(ii) Any other officer as identified by the Director;

(2) With respect to a Bank:

(i) The president, the chief financial officer, and the three other most highly compensated officers; and

(ii) Any other officer as identified by the Director.

(3) With respect to the Office of Finance:

(i) The chief executive officer, chief financial officer, and chief operating officer; and

(ii) Any other officer identified by the Director.

Reasonable and comparable means compensation that is:

(1) Reasonable—compensation, taken in whole or in part, that would be appropriate for the position and based on a review of relevant factors including, but not limited to:

(i) The duties and responsibilities of the position;

(ii) Compensation factors that indicate added or diminished risks, constraints, or aids in carrying out the responsibilities of the position; and

(iii) Performance of the regulated entity, the specific employee, or one of the entity’s significant components with respect to achievement of goals, consistency with supervisory guidance and internal rules of the entity, and compliance with applicable law and regulation.

(2) Comparable—compensation that, taken in whole or in part, does not materially exceed compensation paid at institutions of similar size and function for similar duties and responsibilities.

Regulated entity means any Enterprise and any Federal Home Loan Bank.

§ 1230.3 Prohibition and withholding of executive compensation.

(a) In general. The Director may review the compensation arrangements for any executive officer of a regulated entity or the Office of Finance at any time, and shall prohibit the regulated entity or the Office of Finance from providing compensation to any such executive officer that the Director determines is not reasonable and comparable with compensation for employment in other similar businesses involving similar duties and responsibilities. No regulated entity or the Office of Finance shall pay compensation to
an executive officer that is not reasonable and comparable with compensation paid by such similar businesses involving similar duties and responsibilities. No Enterprise in conservatorship shall pay a bonus to any senior executive during the period of that conservatorship.

(b) Factors to be taken into account. In determining whether compensation provided by a regulated entity or the Office of Finance to an executive officer is not reasonable and comparable, the Director may take into consideration any factors the Director considers relevant, including any wrongdoing on the part of the executive officer, such as any fraudulent act or omission, breach of trust or fiduciary duty, violation of law, rule, regulation, order, or written agreement, and insider abuse with respect to the regulated entity or the Office of Finance.

(c) Prohibition on setting compensation by Director. In carrying out paragraph (a) of this section, the Director may not prescribe or set a specific level or range of compensation.

(d) Advance notice to Director of certain compensation actions. (1) A regulated entity or the Office of Finance shall not, without providing the Director at least 60 days' advance written notice, enter into any written arrangement that provides incentive awards to any executive officer or officers.

(2) A regulated entity or the Office of Finance shall not, without providing the Director at least 30 days' advance written notice, enter into any written arrangement that:

(i) Provides an executive officer a term of employment for a term of six months or more; or

(ii) In the case of a Bank or the Office of Finance, provides compensation to any executive officer in connection with the termination of employment, or establishes a policy of compensation in connection with the termination of employment.

(3) A regulated entity or the Office of Finance shall not, without providing the Director at least 30 days' advance written notice, pay, disburse, or transfer to any executive officer, annual compensation (where the annual amount has changed); pay for performance or other incentive pay; any amounts under a severance plan, change-in-control agreement, or other separation agreement; any compensation that would qualify as direct compensation for purposes of securities filings; or any other element of compensation identified by the Director prior to the notice period.

(4) Notwithstanding the foregoing review periods, a regulated entity or the Office of Finance shall provide five business days' advance written notice to the Director before committing to pay compensation of any amount or type to an executive officer who is being newly hired.

(5) The Director reserves the right to extend any of the foregoing review periods, and may do so in the Director's discretion, upon notice to the regulated entity or the Office of Finance. Any such notice shall set forth the number of business or calendar days by which the review period is being extended.

(e) Withholding, escrow, prohibition. During the review period required by paragraph (d) of this section, or any extension thereof, a regulated entity or the Office of Finance shall not execute the compensation action that is under review unless the Director provides written notice of approval or non-objection. During a review under paragraph (a) or (d) of this section, or at any time before an executive compensation action has been taken, the Director may, by written notice, require a regulated entity or the Office of Finance to withhold any payment, transfer, or disbursement of compensation to an executive officer, or to place such compensation in an escrow account, or may prohibit the action.

§ 1230.4 Prior approval of termination agreements of Enterprises.

(a) In general. An Enterprise may not enter into any agreement or contract to provide any payment of money or other thing of current or potential value in connection with the termination of employment of an executive officer unless the agreement or contract is approved in advance by the Director.

(b) Covered agreements or contracts. An agreement or contract that provides
for termination payments to an executive officer of an Enterprise that was entered into before October 28, 1992. is not retroactively subject to approval or disapproval by the Director. However, any renegotiation, amendment, or change to such an agreement or contract shall be considered as entering into an agreement or contract that is subject to approval by the Director.

(c) Factors to be taken into account. In making the determination whether to approve or disapprove termination benefits, the Director may consider:

(1) Whether the benefits provided under the agreement or contract are comparable to benefits provided under such agreements or contracts for officers of other public or private entities involved in financial services and housing interests who have comparable duties and responsibilities;

(2) The factors set forth in §1230.3(b); and

(3) Such other information as deemed appropriate by the Director.

(d) Exception to prior approval. An employment agreement or contract subject to prior approval of the Director under this section may be entered into prior to that approval, provided that such agreement or contract specifically provides notice that termination benefits under the agreement or contract shall not be effective and no payments shall be made under such agreement or contract unless and until approved by the Director. Such notice should make clear that alteration of benefit plans subsequent to FHFA approval under this section, which affect final termination benefits of an executive officer, requires review at the time of the individual’s termination from the Enterprise and prior to the payment of any benefits.

(e) Effect of prior approval of an agreement or contract. The Director’s approval of an executive officer’s termination of employment benefits shall not preclude the Director from making any subsequent determination under this section to prohibit and withhold executive compensation.

(f) Form of approval. The Director’s approval pursuant to this section may occur in such form and manner as the Director shall provide through written notice to the regulated entities or the Office of Finance.

§1230.5 Submission of supporting information.

In support of the reviews and decisions provided for in this part, the Director may issue guidance, orders, or notices on the subject of information submissions by the regulated entities and the Office of Finance.

(79 FR 4398, Jan. 28, 2014)

§1231.2 Definitions.

The following definitions apply to the terms used in this part:

Benefit plan means any plan, contract, agreement, or other arrangement which is an “employee welfare benefit plan” as that term is defined in section 3(1) of the Employee Retirement Income Security Act of 1974, as amended (29 U.S.C. 1002(1)), or other usual and customary plans such as dependent care, tuition reimbursement, group legal services, or cafeteria plans;

Bona fide deferred compensation plan or arrangement means any plan, contract, agreement, or other arrangement whereby:

(1) An entity-affiliated party voluntarily elects to defer all or a portion of the reasonable compensation, wages, or fees paid for services rendered which otherwise would have been paid to such party at the time the services were rendered (including a plan that provides for the crediting of a reasonable investment return on such elective deferrals) and the regulated entity or the Office of Finance either:

(i) Recognizes compensation expense and accrues a liability for the benefit payments according to generally accepted accounting principles (GAAP); or

(ii) Segregates or otherwise sets aside assets in a trust which may only be used to pay plan and other benefits and related expenses, except that the assets of such trust may be available to satisfy claims of the regulated entity’s creditors or the Office of Finance in the case of insolvency; or

(2) A regulated entity or the Office of Finance establishes a nonqualified deferred compensation or supplemental retirement plan, other than an elective deferral plan described in paragraph (1) of this definition:

(i) Primarily for the purpose of providing benefits for certain entity-affiliated parties in excess of the limitations on contributions and benefits imposed by sections 401(a)(17), 402(g), 415, or any other applicable provision of the Internal Revenue Code of 1986 (26 U.S.C. 401(a)(17), 402(g), 415); or

(ii) Primarily for the purpose of providing supplemental retirement benefits or other deferred compensation for a select group of directors, management, or highly compensated employees (excluding severance payments described in paragraph (2)(v) of the term golden parachute payment as defined in this section and permissible golden parachute payments described in §1231.3(b)); and

(3) In the case of any nonqualified deferred compensation or supplemental retirement plans as described in paragraphs (1) and (2) of this definition, the following requirements shall apply:

(i) The plan was in effect at least one year prior to any of the events described in paragraph (1)(ii) of the term golden parachute payment as defined in this section;

(ii) Any payment made pursuant to such plan is made in accordance with the terms of the plan as in effect no later than one year prior to any of the events described in paragraph (1)(ii) of the term golden parachute payment as defined in this section and in accordance with any amendments to such plan during such one-year period that do not increase the benefits payable thereunder, provided that changes required by law should be disregarded in determining whether a plan provision has been in effect for one year;

(iii) The entity-affiliated party has a vested right, as defined under the applicable plan document, at the time of termination of employment to payments under such plan;

(iv) Benefits under such plan are accrued each period only for current or prior service rendered to the employer (except that an allowance may be made for service with a predecessor employer);

(v) Any payment made pursuant to such plan is not based on any discretionary acceleration of vesting or accrual of benefits which occurs at any time later than one year prior to any of the events described in paragraph (1)(ii) of the term golden parachute payment as defined in this section;

(vi) The regulated entity or the Office of Finance has previously recognized compensation expense and accrued a liability for the benefit payments according to GAAP, or segregated or otherwise set aside assets in a trust which may only be used to pay plan benefits and related expenses, except that the assets of such trust may be available to satisfy claims of the regulated entity’s creditors or the Office of Finance’s creditors in the case of insolvency; and
(vii) Payments pursuant to such plans shall not be in excess of the accrued liability computed in accordance with GAAP.

Entity-affiliated party means:

(1) With respect to the Office of Finance, any director, officer, or manager of the Office of Finance; and

(2) With respect to a regulated entity:

   (ii) Any shareholder, affiliate, consultant, or joint venture partner of a regulated entity, and any other person as determined by the Director (by regulation or on a case-by-case basis) that participates in the conduct of the affairs of a regulated entity, provided that a member of a Federal Home Loan Bank shall not be deemed to have participated in the affairs of that Federal Home Loan Bank solely by virtue of being a shareholder of, and obtaining advances from, that Federal Home Loan Bank;
   (iii) Any independent contractor for a regulated entity (including any attorney, appraiser, or accountant) if:
      (A) The independent contractor knowingly or recklessly participates in any violation of any law or regulation, any breach of fiduciary duty, or any unsafe or unsound practice; and
      (B) Such violation, breach, or practice caused, or is likely to cause, more than a minimal financial loss to, or a significant adverse effect on, the regulated entity;
   (iv) Any not-for-profit corporation that receives its principal funding, on an ongoing basis, from any regulated entity.

Golden parachute payment means:

(1) Any payment (or any agreement to make any payment) in the nature of compensation by any regulated entity or the Office of Finance for the benefit of any current or former entity-affiliated party pursuant to an obligation of such regulated entity or the Office of Finance that:
   (i) Is contingent on, or by its terms is payable on or after, the termination of such party’s primary employment or affiliation with the regulated entity or the Office of Finance; and
   (ii) Is received on or after, or is made in contemplation of, any of the following events:
      (A) The insolvency (or similar event) of the regulated entity which is making the payment;
      (B) The appointment of any conservator or receiver for such regulated entity; or
      (C) The regulated entity is in a troubled condition.

(2) Exceptions. The term golden parachute payment shall not include:
   (i) Any payment made pursuant to a pension or retirement plan that is qualified (or is intended within a reasonable period of time to be qualified) under section 401 of the Internal Revenue Code of 1986 (26 U.S.C. 401) or pursuant to a pension or other retirement plan that is governed by the laws of any foreign country;

   (iii) Any payment made pursuant to a “bona fide deferred compensation plan or arrangement” as that term is defined in this section;
   (iv) Any payment made by reason of death or by reason of termination caused by the disability of an entity-affiliated party; or
   (v) Any payment made pursuant to a nondiscriminatory severance pay plan or arrangement that provides for payment of severance benefits to all eligible employees upon involuntary termination other than for cause, voluntary resignation, or early retirement; provided that:
      (A) No employee shall receive any such payment that exceeds the base compensation paid to such employee during the 12 months (or such longer period or greater benefit as the Director shall consent to) immediately preceding termination of employment, resignation, or early retirement, and such severance pay plan or arrangement shall not have been adopted, or modified to increase the amount or scope of severance benefits, at a time when the regulated entity or the Office of Finance is in a condition specified in paragraph (1)(ii) of the term golden parachute payment as defined in this section, or in contemplation of such a
condition, without the prior written consent of the Director; and

(B) If an employee is an executive officer, as “executive officer” is defined under 12 CFR 1230.2, and such employee’s base salary exceeds $300,000, then the exception provided under this paragraph (2)(v) shall not apply to that employee; or

(vi) Any severance or similar payment that is required to be made pursuant to a state statute or foreign law that is applicable to all employers within the appropriate jurisdiction (with the exception of employers that may be exempt due to their small number of employees or other similar criteria).

Nondiscriminatory means that the plan, contract, or arrangement in question applies to all employees of a regulated entity or the Office of Finance who meet reasonable and customary eligibility requirements applicable to all employees, such as minimum length of service requirements. A nondiscriminatory plan, contract, or arrangement may provide different benefits based only on objective criteria such as salary, total compensation, length of service, job grade, or classification, which are applied on a proportionate basis (with a variance in severance benefits relating to any criterion of plus or minus ten percent) to groups of employees consisting of not less than the lesser of 33 percent of employees or 1,000 employees.

Payment means:

(1) Any direct or indirect transfer of any funds or any asset;

(2) Any forgiveness of any debt or other obligation;

(ii) The liquidation, after such date, of the amount of such payment.

Troubled condition means a regulated entity that:

(2) Is assigned a composite rating of 4 or 5 by FHFA under its CAMELS examination rating system as it may be revised from time to time; or

§ 1231.3 Golden parachute payments.

(a) Prohibited golden parachute payments. No regulated entity or the Office of Finance shall make or agree to make any golden parachute payment, except as provided in this part.

(b) Permissible golden parachute payments. (1) A regulated entity or the Office of Finance may agree to make or may make a golden parachute payment if and to the extent that:

(i) The Director determines that such a payment or agreement is permissible; or

(ii) Such an agreement is made in order to hire a person to become an entity-affiliated party either at a time when the regulated entity or the Office of Finance satisfies, or in an effort to prevent it from imminently satisfying, any of the criteria set forth in paragraph (1)(ii) of the term golden parachute payment as defined in §1231.2, and the Director consents in writing to the
amount and terms of the golden parachute payment. Such consent by the Director shall not improve the entity-affiliated party’s position in the event of the insolvency of the regulated entity or the Office of Finance since such consent can neither bind a receiver nor affect the provability of receivership claims; or

(iii) Such a payment is made pursuant to an agreement which provides for a reasonable severance payment, not to exceed 12 months salary, to an entity-affiliated party in the event of a change in control of the regulated entity or the Office of Finance; provided, however, that a regulated entity or the Office of Finance shall obtain the consent of the Director prior to making such a payment, and this paragraph (b)(1)(iii) shall not apply to any change in control of a regulated entity that results from the regulated entity being placed into conservatorship or receivership; and

(iv) A regulated entity or the Office of Finance making a request pursuant to paragraphs (b)(1)(i) through (iii) of this section shall demonstrate that it does not possess and is not aware of any information, evidence, documents, or other materials that would indicate that there is a reasonable basis to believe, at the time such payment is proposed to be made, that:

(A) The entity-affiliated party has committed any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the regulated entity or the Office of Finance that is likely to have a material adverse effect on the regulated entity or the Office of Finance;

(B) The entity-affiliated party is substantially responsible for the insolvency of, the appointment of a conservator or receiver for, or the troubled condition of the regulated entity or the Office of Finance;

(C) The entity-affiliated party has materially violated any applicable Federal or State law or regulation that has had or is likely to have a material effect on the regulated entity or the Office of Finance; and

(D) The entity-affiliated party has violated or conspired to violate sections 215, 657, 1006, 1014, or 1344 of title 18 of the United States Code, or section 1341 or 1343 of such title affecting a “financial institution” as the term is defined in title 18 of the United States Code (18 U.S.C. 20).

(2) In making a determination under paragraphs (b)(1)(i) through (iii) of this section, the Director may consider:

(i) Whether, and to what degree, the entity-affiliated party was in a position of managerial or fiduciary responsibility;

(ii) The length of time the entity-affiliated party was affiliated with the regulated entity or the Office of Finance, and the degree to which the proposed payment represents a reasonable payment for services rendered over the period of employment; and

(iii) Any other factor the Director determines relevant to the facts and circumstances surrounding the golden parachute payment, including any fraudulent act or omission, breach of fiduciary duty, violation of law, rule, regulation, order, or written agreement, and the level of willful misconduct, breach of fiduciary duty, and malfeasance on the part of the entity-affiliated party.

§ 1231.4 [Reserved]

§ 1231.5 Applicability in the event of receivership.

The provisions of this part, or any consent or approval granted under the provisions of this part by FHFA, shall not in any way bind any receiver of a regulated entity in receivership. Any consent or approval granted under the provisions of this part by FHFA shall not in any way obligate FHFA or receiver to pay any claim or obligation pursuant to any golden parachute, severance, indemnification, or other agreement. Nothing in this part may be construed to permit the payment of salary or any liability or legal expense of an entity-affiliated party contrary to section 1318(e)(3) of the Safety and Soundness Act (12 U.S.C. 4518(e)(3)).

[79 FR 4400, Jan. 28, 2014]

§ 1231.6 Filing instructions.

(a) Scope. This section contains the procedures to apply for the consent of the Director to make golden parachute
payments under §1231.3(b) (including entering into agreements to make such payments) or to make excess nondiscriminatory severance plan payments under paragraph (2)(v) of the term golden parachute payment as defined in §1231.2.

(b) Where to file. A regulated entity or the Office of Finance must submit a letter application to the Manager, Executive Compensation, Division of Supervision Policy and Support, or to such other person as FHFA may direct.

(c) Content of filing. The letter application must contain the following:

1. The reasons why the regulated entity or the Office of Finance seeks to make the payment;
2. An identification of the entity-affiliated party who will receive the payment;
3. A copy of any contract or agreement regarding the subject matter of the filing;
4. The cost of the proposed payment and its impact on the capital and earnings of the regulated entity;
5. The reasons why the consent to the payment should be granted; and
6. Certification and documentation as to each of the factors listed in §1231.3(b)(1)(iv).

(d) Additional information. FHFA may request additional information at any time during the processing of the letter application.

(e) Written notice. FHFA shall provide the applicant with written notice of the decision as soon as it is rendered.

(1) A regulated entity shall submit to the Director a timely written report upon discovery by the regulated entity that it has purchased or sold a fraudulent loan or financial instrument, or suspects a possible fraud relating to the purchase or sale of any loan or financial instrument.

(2) In addition to submitting a report in accordance with paragraph (a)(1) of this section, in any situation that would have a significant impact on the regulated entity, the regulated entity shall immediately report any fraud or possible fraud to the Director by telephone or electronic communication.

(b) Format for reporting. (1) The report shall be in such format and shall be filed in accordance with such procedures that the Director may prescribe.

(2) The Director may require a regulated entity to provide such additional or continuing information relating to such fraud or possible fraud that the Director deems appropriate.

(i) Disclosing or reporting such fraud or possible fraud pursuant to legal requirements, including reporting to appropriate law enforcement or other governmental authorities; or

(ii) Taking any legal or business action it may deem appropriate, including any action involving the party or parties connected with the fraud or possible fraud.

§ 1233.4 Internal controls, policies, procedures, and training.

(a) In general. Each regulated entity shall establish and maintain adequate and efficient internal controls, policies, procedures, and an operational training program to discover and report fraud or possible fraud in connection with the purchase or sale of any loan or financial instrument.

(b) Examination. The examination by FHFA of fraud reporting programs of each regulated entity includes an evaluation of the effectiveness of the internal controls, policies, procedures, and an operational training program in place to minimize risks from fraud and to report fraud or possible fraud to FHFA in accordance with this regulation.

§ 1233.5 Protection from liability for reports.

As provided by section 1379E of the Safety and Soundness Act (12 U.S.C. 4642(b)), a regulated entity that, in

Assets or other property collateralize an issuance of ABS interests if the assets or property serve as collateral for such issuance. Commercial real estate loan has the same meaning as in §1234.14. Commission means the Securities and Exchange Commission. Control including the terms "controlling," "controlled by" and "under common control with": (1) Means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract, or otherwise. (1) That is an interest in a single class or multiple classes in the issuing entity, provided that each interest meets, individually or in the aggregate, all of the requirements of this definition;
(2) With respect to which, on any payment date or allocation date on which the issuing entity has insufficient funds to satisfy its obligation to pay all contractual interest or principal due, any resulting shortfall will reduce amounts payable to the eligible horizontal residual interest prior to any reduction in the amounts payable to any other ABS interest, whether through loss allocation, operation of the priority of payments, or any other governing contractual provision (until the amount of such ABS interest is reduced to zero); and
(3) That, with the exception of any non-economic REMIC residual interest, has the most subordinated claim to payments of both principal and interest by the issuing entity.

Eligible horizontal cash reserve account means an account meeting the requirements of §1234.4(b).

Subpart B—Credit Risk Retention

§ 1234.4 Standard risk retention.
(a) General requirement. Except as provided in §§ 1234.5 through 1234.10, the sponsor of a securitization transaction must retain an eligible vertical interest or eligible horizontal residual interest, or any combination thereof, in accordance with the requirements of this section.
(1) If the sponsor retains only an eligible vertical interest as its required risk retention, the sponsor must retain an eligible vertical interest in a percentage of not less than 5 percent.

(2) If the sponsor retains only an eligible horizontal residual interest as its required risk retention, the amount of the interest must equal at least 5 percent of the fair value of all ABS interests in the issuing entity issued as a part of the securitization transaction, determined using a fair value measurement framework under GAAP.

(3) If the sponsor retains both an eligible vertical interest and an eligible horizontal residual interest as its required risk retention, the percentage of the fair value of the eligible horizontal residual interest and the percentage of the eligible vertical interest must equal at least five.

(4) The percentage of the eligible vertical interest, eligible horizontal residual interest, or combination thereof retained by the sponsor must be determined as of the closing date of the securitization transaction.

(b) Option to hold base amount in eligible horizontal cash reserve account. In lieu of retaining all or any part of an eligible horizontal residual interest under paragraph (a) of this section, the sponsor may, at closing of the securitization transaction, cause to be established and funded, in cash, an eligible horizontal cash reserve account in the amount equal to the fair value of such eligible horizontal residual interest or part thereof, provided that the account meets all of the following conditions:

(1) The account is held by the trustee (or person performing similar functions) in the name and for the benefit of the issuing entity;

(2) Amounts in the account are invested only in cash and cash equivalents; and

(3) Until all ABS interests in the issuing entity are paid in full, or the issuing entity is dissolved:

(i) Amounts in the account shall be released only to:

(A) Satisfy payments on ABS interests in the issuing entity on any payment date on which the issuing entity has insufficient funds from any source to satisfy an amount due on any ABS interest; or

(B) Pay critical expenses of the trust unrelated to credit risk on any payment date on which the issuing entity has insufficient funds from any source to pay such expenses and:

(1) Such expenses, in the absence of available funds in the eligible horizontal cash reserve account, would be paid prior to any payments to holders of ABS interests; and

(2) Such payments are made to parties that are not affiliated with the sponsor; and

(ii) Interest (or other earnings) on investments made in accordance with paragraph (b)(2) of this section may be released once received by the account.

(c) Disclosures. A sponsor relying on this section shall provide, or cause to be provided, to potential investors, under the caption ‘Credit Risk Retention’, a reasonable period of time prior to the sale of the asset-backed securities in the securitization transaction the following disclosures in written form and within the time frames set forth in this paragraph (c):

(1) Horizontal interest. With respect to any eligible horizontal residual interest held under paragraph (a) of this section, a sponsor must disclose:

(i) A reasonable period of time prior to the sale of an asset-backed security issued in the same offering of ABS interests,

(A) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that the sponsor expects to retain at the closing of the securitization transaction. If the specific prices, sizes, or rates of interest of each tranche of the securitization are not available, the sponsor must disclose a range of fair values (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal

212
residual interest that the sponsor expects to retain at the close of the securitization transaction based on a range of bona fide estimates or specified prices, sizes, or rates of interest of each tranche of the securitization. A sponsor disclosing a range of fair values based on a range of bona fide estimates or specified prices, sizes or rates of interest of each tranche of the securitization must also disclose the method by which it determined any range of prices, tranche sizes, or rates of interest.

(B) A description of the material terms of the eligible horizontal residual interest to be retained by the sponsor;

(C) A description of the valuation methodology used to calculate the fair values or range of fair values of all classes of ABS interests, including any portion of the eligible horizontal residual interest retained by the sponsor;

(D) All key inputs and assumptions or a comprehensive description of such key inputs and assumptions that were used in measuring the estimated total fair value or range of fair values of all classes of ABS interests, including the eligible horizontal residual interest to be retained by the sponsor.

(E) To the extent applicable to the valuation methodology used, the disclosure required in paragraph (c)(1)(i)(D) of this section shall include, but should not be limited to, quantitative information about each of the following:

1. Discount rates;
2. Loss given default (recovery);
3. Prepayment rates;
4. Default rates;
5. Lag time between default and recovery; and
6. The basis of forward interest rates used.

(F) The disclosure required in paragraphs (c)(1)(i)(C) and (D) of this section shall include, at a minimum, descriptions of all inputs and assumptions that either could have a material impact on the fair value calculation or would be material to a prospective investor’s ability to evaluate the sponsor’s fair value calculations. To the extent the disclosure required in this paragraph (c)(1)(i)(D) includes a description of a curve or curves, the description shall include a description of the methodology that was used to derive each curve and a description of any aspects or features of each curve that could materially impact the fair value calculation or the ability of a prospective investor to evaluate the sponsor’s fair value calculation. To the extent a sponsor uses information about the securitized assets in its calculation of fair value, such information shall not be as of a date more than 60 days prior to the date of first use with investors; provided that for a subsequent issuance of ABS interests by the same issuing entity with the same sponsor for which the securitization transaction distributes amounts to investors on a quarterly or less frequent basis, such information shall not be as of a date more than 135 days prior to the date of first use with investors; provided further, that the balance or value (in accordance with the transaction documents) of the securitized assets may be increased or decreased to reflect anticipated additions or removals of assets the sponsor makes or expects to make between the cut-off date or similar date for establishing the composition of the asset pool collateralizing such asset-backed security and the closing date of the securitization.

(G) A summary description of the reference data set or other historical information used to develop the key inputs and assumptions referenced in paragraph (c)(1)(i)(D) of this section, including loss given default and default rates;

(ii) A reasonable time after the closing of the securitization transaction:

(A) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS are issued, as applicable)) of the eligible horizontal residual interest the sponsor retained at the closing of the securitization transaction, based on actual sale prices and finalized tranche sizes;

(B) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in...
the foreign currency in which the ABS are issued, as applicable)) of the eligible horizontal residual interest that the sponsor is required to retain under this section; and

(C) To the extent the valuation methodology or any of the key inputs and assumptions that were used in calculating the fair value or range of fair values disclosed prior to sale and required under paragraph (c)(1)(i) of this section materially differs from the methodology or key inputs and assumptions used to calculate the fair value at the time of closing, descriptions of those material differences.

(iii) If the sponsor retains risk through the funding of an eligible horizontal cash reserve account:

(A) The amount to be placed (or that is placed) by the sponsor in the eligible horizontal cash reserve account at closing, and the fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that the sponsor is required to fund through the eligible horizontal cash reserve account in order for such account, together with other retained interests, to satisfy the sponsor’s risk retention requirement;

(B) A description of the material terms of the eligible horizontal cash reserve account; and

(C) The disclosures required in paragraphs (c)(1)(i) and (ii) of this section.

(2) Vertical interest.

With respect to any eligible vertical interest retained under paragraph (a) of this section, the sponsor must disclose:

(i) A reasonable period of time prior to the sale of an asset-backed security issued in the same offering of ABS interests,

(A) The form of the eligible vertical interest;

(B) The percentage that the sponsor is required to retain as a vertical interest under this section; and

(C) A description of the material terms of the vertical interest and the amount that the sponsor expects to retain at the closing of the securitization transaction.

(ii) A reasonable time after the closing of the securitization transaction, the amount of the vertical interest the sponsor retained at closing, if that amount is materially different from the amount disclosed under paragraph (c)(2)(i) of this section.

(d) Record maintenance. A sponsor must retain the certifications and disclosures required in paragraphs (a) and (c) of this section in its records and must provide the disclosure upon request to the Commission and its appropriate Federal banking agency, if any, until three years after all ABS interests are no longer outstanding.

§ 1234.5 Revolving pool securitizations.

(a) Definitions. For purposes of this section, the following definitions apply:

Revolving pool securitization means an issuing entity that is established to issue on multiple issuance dates more than one series, class, subclass, or tranche of asset-backed securities that are collateralized by a common pool of securitized assets that will change in composition over time, and that does not monetize excess interest and fees from its securitized assets.

Seller’s interest means an ABS interest or ABS interests:

(1) Collateralized by the securitized assets and servicing assets owned or held by the issuing entity, other than the following that are not considered a component of seller’s interest:

(i) Servicing assets that have been allocated as collateral only for a specific series in connection with administering the revolving pool securitization, such as a principal accumulation or interest reserve account; and

(ii) Assets that are not eligible under the terms of the securitization transaction to be included when determining whether the revolving pool securitization holds aggregate securitized assets in specified proportions to aggregate outstanding investor ABS interests issued; and

(2) That is pari passu with each series of investor ABS interests issued, or partially or fully subordinated to one or more series in identical or varying amounts, with respect to the allocation
Federal Housing Finance Agency § 1234.5

of all distributions and losses with respect to the securitized assets prior to early amortization of the revolving securitization (as specified in the securitization transaction documents); and

(3) That adjusts for fluctuations in the outstanding principal balance of the securitized assets in the pool.

(b) General requirement. A sponsor satisfies the risk retention requirements of §1234.3 with respect to a securitization transaction for which the issuing entity is a revolving pool securitization if the sponsor maintains a seller’s interest of not less than 5 percent of the aggregate unpaid principal balance of all outstanding investor ABS interests in the issuing entity.

(c) Measuring the seller’s interest. In measuring the seller’s interest for purposes of meeting the requirements of paragraph (b) of this section:

(1) The unpaid principal balance of the securitized assets for the numerator of the 5 percent ratio shall not include assets of the types excluded from the definition of seller’s interest in paragraph (a) of this section;

(2) The aggregate unpaid principal balance of outstanding investor ABS interests in the denominator of the 5 percent ratio may be reduced by the amount of funds held in a segregated principal accumulation account for the repayment of outstanding investor ABS interests, if:

(i) The terms of the securitization transaction documents prevent funds in the principal accumulation account from being applied for any purpose other than the repayment of the unpaid principal of outstanding investor ABS interests; and

(ii) Funds in that account are invested only in the types of assets in which funds held in an eligible horizontal cash reserve account pursuant to §1234.4 are permitted to be invested;

(3) If the terms of the securitization transaction documents set minimum required seller’s interest as a proportion of the unpaid principal balance of outstanding investor ABS interests for one or more series issued, rather than as a proportion of the aggregate outstanding investor ABS interests in all outstanding series combined, the percentage of the seller’s interest for each such series must, when combined with the percentage of any minimum seller’s interest set by reference to the aggregate outstanding investor ABS interests, equal at least 5 percent;

(4) The 5 percent test must be determined and satisfied at the closing of each issuance of ABS interests to investors by the issuing entity, and

(i) At least monthly at a seller’s interest measurement date specified under the securitization transaction documents, until no ABS interest in the issuing entity is held by any person not a wholly-owned affiliate of the sponsor; or

(ii) If the revolving pool securitization fails to meet the 5 percent test as of any date described in paragraph (c)(4)(i) of this section, and

the securitization transaction documents specify a cure period, the 5 percent test must be determined and satisfied within the earlier of the cure period, or one month after the date described in paragraph (c)(4)(i).

(d) Measuring outstanding investor ABS interests. In measuring the amount of outstanding investor ABS interests for purposes of this section, ABS interests held for the life of such ABS interests by the sponsor or its wholly-owned affiliates may be excluded.

(e) Holding and retention of the seller’s interest; legacy trusts. (1) Notwithstanding §1234.12(a), the seller’s interest, and any offsetting horizontal retention interest retained pursuant to paragraph (g) of this section, must be retained by the sponsor or by one or more wholly-owned affiliates of the sponsor, including one or more depositors of the revolving pool securitization.

(2) If one revolving pool securitization issues collateral certificates representing a beneficial interest in all or a portion of the securitized assets held by that securitization to another revolving pool securitization, which in turn issues ABS interests for which the collateral certificates are all or a portion of the securitized assets, a sponsor may satisfy the requirements of paragraphs (b) and (c) of this section by retaining the seller’s interest for the assets represented by the collateral certificates through either of the revolving pool securitizations, so long as
both revolving pool securitizations are retained at the direction of the same sponsor or its wholly-owned affiliates.

(3) If the sponsor retains the seller’s interest associated with the collateral certificates at the level of the revolving pool securitization that issues those collateral certificates, the proportion of the seller’s interest required by paragraph (b) of this section retained at that level must equal the proportion that the principal balance of the securitized assets represented by the collateral certificates bears to the principal balance of the securitized assets in the revolving pool securitization that issues the ABS interests, as of each measurement date required by paragraph (c) of this section.

(f) Offset for pool-level excess funding account. The 5 percent seller’s interest required on each measurement date by paragraph (c) of this section may be reduced on a dollar-for-dollar basis by the balance, as of such date, of an excess funding account in the form of a segregated account that:

(1) Is funded in the event of a failure to meet the minimum seller’s interest requirements or other requirement to maintain a minimum balance of securitized assets under the securitization transaction documents by distributions otherwise payable to the holder of the seller’s interest;

(2) Is invested only in the types of assets in which funds held in a horizontal cash reserve account pursuant to §1234.4 are permitted to be invested; and

(3) In the event of an early amortization, makes payments of amounts held in the account to holders of investor ABS interests in the same manner as payments to holders of investor ABS interests of amounts received on securitized assets.

(g) Combined seller’s interests and horizontal interest retention. The 5 percent seller’s interest required on each measurement date by paragraph (c) of this section may be reduced to a percentage lower than 5 percent to the extent that, for all series of investor ABS interests issued after the applicable effective date of this §1234.5, the sponsor, or notwithstanding §1234.12(a) a wholly-owned affiliate of the sponsor, retains, at a minimum, a corresponding percentage of the fair value of ABS interests issued in each series, in the form of one or more of the horizontal residual interests meeting the requirements of paragraphs (h) or (i).

(h) Residual ABS interests in excess interest and fees. The sponsor may take the offset described in paragraph (g) of this section for a residual ABS interest in excess interest and fees, whether certificated or uncertificated, in a single or multiple classes, subclasses, or tranches, that meets, individually or in the aggregate, the requirements of this paragraph (h):

(1) Each series of the revolving pool securitization distinguishes between the series’ share of the interest and fee cash flows and the series’ share of the principal repayment cash flows from the securitized assets collateralizing the revolving pool securitization, which may according to the terms of the securitization transaction documents, include not only the series’ ratable share of such cash flows but also excess cash flows available from other series;

(2) The residual ABS interest’s claim to any part of the series’ share of the interest and fee cash flows for any interest payment period is subordinated to all accrued and payable interest due on the payment date to more senior ABS interests in the series for that period, and further reduced by the series’ share of losses, including defaults on principal of the securitized assets collateralizing the revolving pool securitization (whether incurred in that period or carried over from prior periods) to the extent that such payments would have been included in amounts payable to more senior interests in the series;

(3) The revolving pool securitization continues to revolve, with one or more series, classes, subclasses, or tranches of asset-backed securities that are collateralized by a common pool of assets that change in composition over time; and

(4) For purposes of taking the offset described in paragraph (g) of this section, the sponsor determines the fair value of the residual ABS interest in excess interest and fees, and the fair
Federal Housing Finance Agency § 1234.5

value of the series of outstanding investor ABS interests to which it is subordinated and supports using the fair value measurement framework under GAAP, as of:

(i) The closing of the securitization transaction issuing the supported ABS interests; and

(ii) The seller’s interest measurement dates described in paragraph (c)(4) of this section, except that for these periodic determinations the sponsor must update the fair value of the residual ABS interest in excess interest and fees for the numerator of the percentage ratio, but may at the sponsor’s option continue to use the fair values determined in (h)(4)(i) for the outstanding investor ABS interests in the denominator.

(j) Offsetting eligible horizontal residual interest. The sponsor may take the offset described in paragraph (g) of this section for ABS interests that would meet the definition of eligible horizontal residual interests in §1234.2 but for the sponsor’s simultaneous holding of subordinated seller’s interests, residual ABS interests in excess interests and fees, or a combination of the two, if:

(1) The sponsor complies with all requirements of paragraphs (b) through (e) of this section for its holdings of subordinated seller’s interest, and paragraph (h) for its holdings of residual ABS interests in excess interests and fees, as applicable;

(2) For purposes of taking the offset described in paragraph (g) of this section, the sponsor determines the fair value of the eligible horizontal residual interest as a percentage of the fair value of the outstanding investor ABS interests in the series supported by the eligible horizontal residual interest, determined using the fair value measurement framework under GAAP:

(i) As of the closing of the securitization transaction issuing the supported ABS interests; and

(ii) Without including in the numerator of the percentage ratio any fair value based on:

(A) The subordinated seller’s interest or residual ABS interest in excess interest and fees;

(B) The interest payable to the sponsor on the eligible horizontal residual interest, if the sponsor is including the value of residual ABS interest in excess interest and fees pursuant to paragraph (h) of this section in taking the offset in paragraph (g) of this section; and,

(C) The principal payable to the sponsor on the eligible horizontal residual interest, if the sponsor is including the value of the seller’s interest pursuant to paragraphs (b) through (f) of this section and distributions on that seller’s interest are available to reduce charge-offs that would otherwise be allocated to reduce principal payable to the offset eligible horizontal residual interest.

(k) Disclosure and record maintenance. (1) Disclosure. A sponsor relying on this section shall provide, or cause to be provided, to potential investors, under the caption ‘‘Credit Risk Retention’’ the following disclosure in written form and within the time frames set forth in this paragraph (k):

(i) A reasonable period of time prior to the sale of an asset-backed security, a description of the material terms of the seller’s interest, and the percentage of the seller’s interest that the sponsor expects to retain at the closing of the securitization transaction, measured in accordance with the requirements of this §1234.5, as a percentage of the aggregate unpaid principal balance of all outstanding investor ABS interests issued, or as a percentage of the
aggregate unpaid principal balance of outstanding investor ABS interests for one or more series issued, as required by the terms of the securitization transaction;

(ii) A reasonable time after the closing of the securitization transaction, the amount of seller’s interest the sponsor retained at closing, if that amount is materially different from the amount disclosed under paragraph (k)(1)(i) of this section; and

(iii) A description of the material terms of any horizontal residual interests offsetting the seller’s interest in accordance with paragraphs (g), (h), and (i) of this section; and

(iv) Disclosure of the fair value of those horizontal residual interests retained by the sponsor for the series being offered to investors and described in the disclosures, as a percentage of the fair value of the outstanding investor ABS interests issued, described in the same manner and within the same timeframes required for disclosure of the fair values of eligible horizontal residual interests specified in §1234.4(c).

(2) Adjusted data. Disclosures required by this paragraph (k) to be made a reasonable period of time prior to the sale of an asset-backed security of the amount of seller’s interest, residual ABS interest in excess interest and fees, or eligible horizontal residual interest may include adjustments to the amount of securitized assets for additions or removals the sponsor expects to make before the closing date and adjustments to the amount of outstanding investor ABS interests for expected increases and decreases of those interests under the control of the sponsor.

(3) Record maintenance. A sponsor must retain the disclosures required in paragraph (k)(1) of this section in its records and must provide the disclosure upon request to the Commission and its appropriate Federal banking agency, if any, until three years after all ABS interests are no longer outstanding.

(i) Early amortization of all outstanding series. A sponsor that organizes a revolving pool securitization that relies on this §1234.5 to satisfy the risk retention requirements of §1234.3, does not violate the requirements of this part if its seller’s interest falls below the level required by §1234.5 after the revolving pool securitization commences early amortization, pursuant to the terms of the securitization transaction documents, of all series of outstanding investor ABS interests, if:

(1) The sponsor was in full compliance with the requirements of this section on all measurement dates specified in paragraph (c) of this section prior to the commencement of early amortization;

(2) The terms of the seller’s interest continue to make it pari passu with or subordinate in identical or varying amounts to each series of outstanding investor ABS interests issued with respect to the allocation of all distributions and losses with respect to the securitized assets;

(3) The terms of any horizontal interest relied upon by the sponsor pursuant to paragraph (g) to offset the minimum seller’s interest amount continue to require the interests to absorb losses in accordance with the terms of paragraph (h) or (i) of this section, as applicable; and

(4) The revolving pool securitization issues no additional ABS interests after early amortization is initiated to any person not a wholly-owned affiliate of the sponsor, either at the time of issuance or during the amortization period.

§1234.6 Eligible ABCP conduits.

(a) Definitions. For purposes of this section, the following additional definitions apply:

100 percent liquidity coverage means an amount equal to the outstanding balance of all ABCP issued by the conduit plus any accrued and unpaid interest without regard to the performance of the ABS interests held by the ABCP conduit and without regard to any credit enhancement.

ABCP means asset-backed commercial paper that has a maturity at the time of issuance not exceeding 270 days, exclusive of days of grace, or any renewal thereof the maturity of which is likewise limited.

ABCP conduit means an issuing entity with respect to ABCP.

Eligible ABCP conduit means an ABCP conduit, provided that:
Federal Housing Finance Agency

§ 1234.6

(1) The ABCP conduit is bankruptcy remote or otherwise isolated for insolvency purposes from the sponsor of the ABCP conduit and from any intermediate SPV;

(2) The ABS interests acquired by the ABCP conduit are:

(i) ABS interests collateralized solely by assets originated by an originator-seller and by servicing assets;

(ii) Special units of beneficial interest (or similar ABS interests) in a trust or special purpose vehicle that retains legal title to leased property underlying leases originated by an originator-seller that were transferred to an intermediate SPV in connection with a securitization collateralized solely by such leases and by servicing assets;

(iii) ABS interests in a revolving pool securitization collateralized solely by assets originated by an originator-seller and by servicing assets; or

(iv) ABS interests described in paragraph (2)(i), (ii), or (iii) of this definition that are collateralized, in whole or in part, by assets acquired by an originator-seller in a business combination that qualifies for business combination accounting under GAAP, and, if collateralized in part, the remainder of such assets are described in paragraph (2)(i), (ii), or (iii) of this definition; and

(v) Acquired by the ABCP conduit in an initial issuance by or on behalf of an intermediate SPV:

(A) Directly from the intermediate SPV,

(B) From an underwriter of the ABS interests issued by the intermediate SPV, or

(C) From another person who acquired the ABS interests directly from the intermediate SPV;

(3) The ABCP conduit is collateralized solely by ABS interests acquired from intermediate SPVs as described in paragraph (2) of this definition and servicing assets; and

(4) A regulated liquidity provider has entered into a legally binding commitment to provide 100 percent liquidity coverage (in the form of a lending facility, an asset purchase agreement, a repurchase agreement, or other similar arrangement) to all the ABCP issued by the ABCP conduit by lending to, purchasing ABCP issued by, or pur- chasing assets from, the ABCP conduit in the event that funds are required to repay maturing ABCP issued by the ABCP conduit. With respect to the 100 percent liquidity coverage, in the event that the ABCP conduit is unable for any reason to repay maturing ABCP issued by the issuing entity, the liquidity provider shall be obligated to pay an amount equal to any shortfall, and the total amount that may be due pursuant to the 100 percent liquidity coverage shall be equal to 100 percent of the amount of the ABCP outstanding at any time plus accrued and unpaid interest (amounts due pursuant to the required liquidity coverage may not be subject to credit performance of the ABS interests held by the ABCP conduit or reduced by the amount of credit support provided to the ABCP conduit and liquidity support that only funds performing loans or receivables or performing ABS interests does not meet the requirements of this section).

Intermediate SPV means a special purpose vehicle that:

(1) (i) Is a direct or indirect wholly-owned affiliate of the originator-seller; or

(ii) Has nominal equity owned by a trust or corporate service provider that specializes in providing independent ownership of special purpose vehicles, and such trust or corporate service provider is not affiliated with any other transaction parties;

(2) Is bankruptcy remote or otherwise isolated for insolvency purposes from the eligible ABCP conduit and from each originator-seller and each majority-owned affiliate in each case that, directly or indirectly, sells or transfers assets to such intermediate SPV;

(3) Acquires assets from the originator-seller that are originated by the originator-seller or acquired by the originator-seller in the acquisition of a business that qualifies for business combination accounting under GAAP or acquires ABS interests issued by another intermediate SPV of the originator-seller that are collateralized solely by such assets; and

(4) Issues ABS interests collateralized solely by such assets, as applicable.
Originator-seller means an entity that originates assets and sells or transfers those assets, directly or through a majority-owned affiliate, to an intermediate SPV, and includes (except for the purposes of identifying the sponsorship and affiliation of an intermediate SPV pursuant to this §1234.6) any affiliate of the originator-seller that, directly or indirectly, majority controls, is majority controlled by or is under common majority control with, the originator-seller. For purposes of this definition, majority control means ownership of more than 50 percent of the equity of an entity, or ownership of any other controlling financial interest in the entity, as determined under GAAP.

Regulated liquidity provider means:
(1) A depository institution (as defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813));
(2) A bank holding company (as defined in 12 U.S.C. 1841), or a subsidiary thereof;
(3) A savings and loan holding company (as defined in 12 U.S.C. 1467a), provided all or substantially all of the holding company’s activities are permissible for a financial holding company under 12 U.S.C. 1843(k), or a subsidiary thereof; or
(4) A foreign bank whose home country supervisor (as defined in §211.21 of the Federal Reserve Board’s Regulation K (12 CFR 211.21)) has adopted capital standards consistent with the Capital Accord of the Basel Committee on Banking Supervision, as amended, and that is subject to such standards, or a subsidiary thereof.

(b) In general. An ABCP conduit sponsor satisfies the risk retention requirement of §1234.3 with respect to the issuance of ABCP by an eligible ABCP conduit in a securitization transaction if, for each ABS interest the ABCP conduit acquires from an intermediate SPV:

(i) Approves each originator-seller permitted to sell or transfer assets, directly or indirectly, to an intermediate SPV from which an eligible ABCP conduit acquires ABS interests;
(ii) Approves each intermediate SPV from which an eligible ABCP conduit is permitted to acquire ABS interests;
(iii) Establishes criteria governing the ABS interests, and the securitized assets underlying the ABS interests, acquired by the ABCP conduit;
(iv) Administers the ABCP conduit by monitoring the ABS interests acquired by the ABCP conduit and the assets supporting those ABS interests, arranging for debt placement, compiling monthly reports, and ensuring compliance with the ABCP conduit documents and with the ABCP conduit’s credit and investment policy;
(v) Maintains and adheres to policies and procedures for ensuring that the requirements in this paragraph (b) of this section have been met.

(c) Originator-seller compliance with risk retention. The use of the risk retention option provided in this section by an ABCP conduit sponsor does not relieve the originator-seller that sponsors ABS interests acquired by an eligible ABCP conduit from such originator-seller’s obligation to comply with its own risk retention obligations under this part.

(d) Disclosures—(1) Periodic disclosures to investors. An ABCP conduit sponsor relying upon this section shall provide, or cause to be provided, to each purchaser of ABCP, before or contemporaneously with the first sale of ABCP to such purchaser and at least monthly thereafter, to each holder of commercial paper issued by the ABCP conduit, in writing, each of the following items of information, which shall be as of a date not more than 60 days prior to date of first use with investors:
(i) The name and form of organization of the regulated liquidity provider that provides liquidity coverage to the eligible ABCP conduit, including a description of the material terms of such liquidity coverage, and notice of any failure to fund;
(ii) With respect to each ABS interest held by the ABCP conduit:
(A) The asset class or brief description of the underlying securitized assets;
(B) The standard industrial category code (SIC Code) for the originator-seller that will retain (or has retained) pursuant to this section an interest in the securitization transaction; and
(C) A description of the percentage amount of risk retention pursuant to the rule by the originator-seller, and whether it is in the form of an eligible horizontal residual interest, vertical interest, or revolving pool securitization seller’s interest, as applicable.

(2) Disclosures to regulators regarding originator-sellers. An ABCP conduit sponsor relying upon this section shall provide, or cause to be provided, upon request, to the Commission and its appropriate Federal banking agency, if any, in writing, all of the information required to be provided to investors in paragraph (d)(1) of this section, and the name and form of organization of each originator-seller that will retain (or has retained) pursuant to this section an interest in the securitization transaction.

(e) Sale or transfer of ABS interests between eligible ABCP conduits. At any time, an eligible ABCP conduit that acquired an ABS interest in accordance with the requirements set forth in this section may transfer, and another eligible ABCP conduit may acquire, such ABS interest, if the following conditions are satisfied:
(1) The sponsors of both eligible ABCP conduits are in compliance with this section; and
(2) The same regulated liquidity provider has entered into one or more legally binding commitments to provide 100 percent liquidity coverage to all the ABCP issued by both eligible ABCP conduits.

(f) Duty to comply. (1) The ABCP conduit sponsor shall be responsible for compliance with this section.
(2) An ABCP conduit sponsor relying on this section:
(i) Shall maintain and adhere to policies and procedures that are reasonably designed to monitor compliance by each originator-seller which is satisfying a risk retention obligation in respect of ABS interests acquired by an eligible ABCP conduit with the requirements of paragraph (b)(1) of this section; and
(ii) In the event that the ABCP conduit sponsor determines that an originator-seller no longer complies with the requirements of paragraph (b)(1) of this section, shall:
(A) Promptly notify the holders of the ABCP, and upon request, the Commission and its appropriate Federal banking agency, if any, in writing of:
(1) The name and form of organization of any originator-seller that fails to retain risk in accordance with paragraph (b)(1) of this section and the amount of ABS interests issued by an intermediate SPV of such originator-seller and held by the ABCP conduit;
(2) The name and form of organization of any originator-seller that hedges, directly or indirectly through an intermediate SPV, its risk retention in violation of paragraph (b)(1) of this section and the amount of ABS interests issued by an intermediate SPV of such originator-seller and held by the ABCP conduit; and
(B) Take other appropriate steps pursuant to the requirements of paragraphs (b)(2)(iv) and (v) of this section which may include, as appropriate, curing any breach of the requirements in this section, or removing from the eligible ABCP conduit any ABS interest that does not comply with the requirements in this section.

§ 1234.7 Commercial mortgage-backed securities.
(a) Definitions. For purposes of this section, the following definition shall apply:
Special servicer means, with respect to any securitization of commercial real estate loans, any servicer that, upon the occurrence of one or more specified conditions in the servicing agreement, has the right to service one or more assets in the transaction.

(b) Third-party purchaser. A sponsor may satisfy some or all of its risk retention requirements under §1234.3
with respect to a securitization trans-
action if a third party (or any majority-
owned affiliate thereof) purchases
and holds for its own account an eligi-
ble horizontal residual interest in the
issuing entity in the same form, am-
ount, and manner as would be held
by the sponsor under §1234.4 and all of
the following conditions are met:

(1) Number of third-party purchasers.
At any time, there are no more than
two third-party purchasers of an eligi-
ble horizontal residual interest. If
there are two third-party purchasers,
each third-party purchaser's interest
must be pari passu with the other
third-party purchaser’s interest.

(2) Composition of collateral. The
securitization transaction is
 collateralized solely by commercial
real estate loans and servicing assets.

(3) Source of funds. (i) Each third-
party purchaser pays for the eligible
horizontal residual interest in cash at
the closing of the securitization trans-
action.

(ii) No third-party purchaser obtains
financing, directly or indirectly, for
the purchase of such interest from any
other person that is a party to, or an
affiliate of a party to, the
securitization transaction (including,
but not limited to, the sponsor, deposi-
tor, or servicer other than a special
servicer affiliated with the third-party
purchaser), other than a person that is
a party to the transaction solely by
reason of being an investor.

(4) Third-party review. Each third-
party purchaser conducts an inde-
dependent review of the credit risk of
each securitized asset prior to the sale
of the asset-backed securities in the
securitization transaction that in-
cludes, at a minimum, a review of the
underwriting standards, collateral, and
expected cash flows of each commercial
real estate loan that is collateral for
the asset-backed securities.

(5) Affiliation and control rights. (i) Ex-
cept as provided in paragraph (b)(5)(ii)
of this section, no third-party pur-
chaser is affiliated with any party to
the securitization transaction (includ-
ing, but not limited to, the sponsor, de-
positor, or servicer) other than invest-
ors in the securitization transaction.

(A) The special servicer for the
securitization transaction; or
(B) One or more originators of the
securitized assets, as long as the assets
originated by the affiliated originator
or originators collectively comprise
less than 10 percent of the unpaid prin-
cipal balance of the securitized assets
included in the securitization trans-
action at the cut-off date or similar
date for establishing the composition
of the securitized assets collateralizing
the asset-backed securities issued pur-

securitization transaction;
(iv) When the eligible horizontal re-

principal payments, realized losses, and
appraisal reduction amounts (which re-
duction amounts are determined in ac-
cordance with the applicable trans-
action documents) to a principal bal-
cence of 25 percent or less of its initial
principal balance, the special servicer
for the securitized assets must consult
with the Operating Advisor in connec-
tion with, and prior to, any material
decision in connection with its serv-

ing, without limitation:
(A) Any material modification of, or
waiver with respect to, any provision

(2) Which, if any, standards the Operating Advisor believes, in its sole discretion exercised in good faith, that:  
(vi)(A) The Operating Advisor shall have the authority to recommend that the special servicer be replaced by a successor special servicer if the Operating Advisor determines, in its sole discretion exercised in good faith, that:  
(1) The special servicer has failed to comply with a standard required of the special servicer in the applicable transaction documents; and  
(2) Such replacement would be in the best interest of the investors as a collective whole; and  
(B) If a recommendation described in paragraph (b)(6)(vi)(A) of this section is made, the special servicer shall be replaced upon the affirmative vote of a majority of the outstanding principal balance of all ABS interests voting on the matter, with a minimum of a quorum of ABS interests voting on the matter. For purposes of such vote, the applicable transaction documents shall specify the quorum and may not specify a quorum of more than the holders of 20 percent of the outstanding principal balance of all ABS interests in the issuing entity, with such quorum including at least three ABS interest holders that are not affiliated with each other.  
(7) Disclosures. The sponsor provides, or causes to be provided, to potential investors a reasonable period of time prior to the sale of the asset-backed securities as part of the securitization transaction and, upon request, to the Commission and its appropriate Federal banking agency, if any, the following disclosure in written form under the caption ‘Credit Risk Retention’:  
(i) The name and form of organization of each initial third-party purchaser that acquired an eligible horizontal residual interest at the closing of a securitization transaction;  
(ii) A description of each initial third-party purchaser’s experience in investing in commercial mortgage-backed securities;  
(iii) Any other information regarding each initial third-party purchaser or each initial third-party purchaser’s retention of the eligible horizontal residual interest that is material to investors in light of the circumstances of the particular securitization transaction;  
(iv) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that will be retained (or was retained) by each initial third-party purchaser, as well as the amount of the purchase price paid by each initial third-party purchaser for such interest;  
(v) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of
the eligible horizontal residual interest in the securitization transaction that the sponsor would have retained pursuant to §1234.4 if the sponsor had relied on retaining an eligible horizontal residual interest in that section to meet the requirements of §1234.3 with respect to the transaction:

(vi) A description of the material terms of the eligible horizontal residual interest retained by each initial third-party purchaser, including the same information as is required to be disclosed by sponsors retaining horizontal interests pursuant to §1234.4:

(vii) The material terms of the applicable transaction documents with respect to the Operating Advisor, including without limitation:

(A) The name and form of organization of the Operating Advisor;

(C) The standards required by paragraph (b)(6)(ii) of this section and a description of how the Operating Advisor satisfies each of the standards; and

(D) The terms of the Operating Advisor’s compensation under paragraph (b)(6)(iii) of this section; and

(viii) The representations and warranties concerning the securitized assets, a schedule of any securitized assets that are determined not to comply with such representations and warranties, and what factors were used to make the determination that such securitized assets should be included in the pool notwithstanding that the securitized assets did not comply with such representations and warranties, such as compensating factors or a determination that the exceptions were not material.

(b) Hedging, transfer and pledging—(i) General rule. Except as set forth in paragraph (b)(8)(ii)(a) of this section, each third-party purchaser and its affiliates must comply with the hedging and other restrictions in §1234.12 as if it were the retaining sponsor with respect to the securitization transaction and had acquired the eligible horizontal residual interest pursuant to §1234.4; provided that, the hedging and other restrictions in §1234.12 shall not apply or after the date that each CRE loan (as defined in §1234.14) that serves as collateral for outstanding ABS interests has been defeased. For purposes of this section, a loan is deemed to be defeased if:

(A) cash or cash equivalents of the types permitted for an eligible horizontal cash reserve account pursuant to §1234.4 whose maturity corresponds to the remaining debt service obligations, have been pledged to the issuing entity as collateral for the loan and are in such amounts and payable at such times as necessary to timely generate cash sufficient to make all remaining debt service payments due on such loan; and

(B) the issuing entity has an obligation to release its lien on the loan.

(ii) Exceptions—(A) Transfer by initial third-party purchaser or sponsor. An initial third-party purchaser that acquired an eligible horizontal residual interest at the closing of a securitization transaction in accordance with this section, may, on or after the date that is five years after the date of the closing of the securitization transaction, transfer that interest to a subsequent third-party purchaser that complies with paragraph (b)(8)(ii)(C) of this section. The initial third-party purchaser shall provide the sponsor with complete identifying information for the subsequent third-party purchaser.

(B) Transfer by subsequent third-party purchaser. At any time, a subsequent third-party purchaser that acquired an eligible horizontal residual interest pursuant to this section may transfer its interest to a different third-party purchaser that complies with paragraph (b)(8)(ii)(C) of this section. The transferring third-party purchaser shall provide the sponsor with complete identifying information for the acquiring third-party purchaser.

(C) Requirements applicable to subsequent third-party purchasers. A subsequent third-party purchaser is subject to all of the requirements of paragraphs (b)(1), (b)(3) through (5), and (b)(8) of this section applicable to
third-party purchasers, provided that obligations under paragraphs (b)(1), (b)(3) through (5), and (b)(8) of this section that apply to initial third-party purchasers at or before the time of closing of the securitization transaction shall apply to successor third-party purchasers at or before the time of the transfer of the eligible horizontal residual interest to the successor third-party purchaser.

(c) Duty to comply. (1) The retaining sponsor shall be responsible for compliance with this section by itself and for compliance by each initial or subsequent third-party purchaser that acquired an eligible horizontal residual interest in the securitization transaction.

(2) A sponsor relying on this section:
   (i) Shall maintain and adhere to policies and procedures to monitor each third-party purchaser’s compliance with the requirements of paragraphs (b)(1), (b)(3) through (5), and (b)(8) of this section; and
   (ii) In the event that the sponsor determines that a third-party purchaser no longer complies with one or more of the requirements of paragraphs (b)(1), (b)(3) through (5), or (b)(8) of this section, shall promptly notify, or cause to be notified, the holders of the ABS interests issued in the securitization transaction of such noncompliance by such third-party purchaser.

**CLO-eligible loan tranche** means a term loan of a syndicated facility that meets the criteria set forth in paragraph (c) of this section.

**CLO manager** means an entity that manages a CLO, which entity is registered as an investment adviser under the Investment Advisers Act of 1940, as amended (15 U.S.C. 80b-1 et seq.), or is an affiliate of such a registered investment adviser and itself is managed by such registered investment adviser.

**Commercial borrower** means an obligor under a corporate credit obligation (including a loan).

(ii) Has taken an allocation of the funded portion of the syndicated credit facility under the terms of the transaction that includes the CLO-eligible loan tranche of at least 20 percent of the aggregate principal balance at origination, and no other member (or members affiliated with each other) of the syndication group that funded at origination has taken a greater allocation; and

(iii) Is identified in the applicable agreement governing the CLO-eligible loan tranche; represents therein to the holders of the CLO-eligible loan tranche and to any holders of participation interests in such CLO-eligible loan tranche that such lead arranger satisfies the requirements of paragraph (i) of this definition and, at the time of initial funding of the CLO-eligible tranche, will satisfy the requirements of paragraph (ii) of this definition; and

(ii) A reverse inquiry from a prospective purchaser of a senior, secured syndicated loan through a dealer in the loan market to purchase a senior, secured syndicated loan to be sourced by the dealer in the loan market.

**Secondary market transaction** means a purchase of a senior, secured syndicated loan not in connection with an initial loan syndication transaction but in the secondary market.

**Senior, secured syndicated loan** means a loan made to a commercial borrower that:

(i) Is not subordinate in right of payment to any other obligation for borrowed money of the commercial borrower,

(ii) Is secured by a valid first priority security interest or lien in or on specified collateral securing the commercial borrower’s obligations under the loan, and

(iii) The value of the collateral subject to such first priority security interest or lien, together with other attributes of the obligor (including, without limitation, its general financial condition, ability to generate cash flow available for debt service and other demands for that cash flow), is adequate (in the commercially reasonable judgment of the CLO manager exercised at the time of investment) to repay the loan and to repay all other indebtedness of equal seniority secured by such first priority security interest or lien in or on the same collateral, and the CLO manager certifies, on or prior to each date that it acquires a loan constituting part of a new CLO-eligible tranche, that it has policies and procedures to evaluate the likelihood of repayment of loans acquired by the CLO and it has followed such policies and procedures in evaluating each CLO-eligible loan tranche.

(b) **In general.** A sponsor satisfies the risk retention requirements of §1234.3...
with respect to an open market CLO transaction if:

(1) The open market CLO does not acquire or hold any assets other than CLO-eligible loan tranches that meet the requirements of paragraph (c) of this section and servicing assets;

(2) The governing documents of such open market CLO require that, at all times, the assets of the open market CLO consist of senior, secured syndicated loans that are CLO-eligible loan tranches and servicing assets;

(3) The open market CLO does not invest in ABS interests or in credit derivatives other than hedging transactions that are servicing assets to hedge risks of the open market CLO;

(4) All purchases of CLO-eligible loan tranches and other assets by the open market CLO issuing entity or through a warehouse facility used to accumulate the loans prior to the issuance of the CLO's ABS interests are made in open market transactions on an arms-length basis;

(5) The CLO manager of the open market CLO is not entitled to receive any management fee or gain on sale at the time the open market CLO issues its ABS interests.

(c) CLO-eligible loan tranche. To qualify as a CLO-eligible loan tranche, a term loan of a syndicated credit facility to a commercial borrower must have the following features:

(1) A minimum of 5 percent of the face amount of the CLO-eligible loan tranche is retained by the lead arranger thereof until the earliest of the repayment, maturity, involuntary and unscheduled acceleration, payment default, or bankruptcy default of such CLO-eligible loan tranche, provided that such lead arranger complies with limitations on hedging, transferring and pledging in §1234.12 with respect to the interest retained by the lead arranger.

(2) Lender voting rights within the credit agreement and any intercreditor or other applicable agreements governing such CLO-eligible loan tranche are defined so as to give holders of the CLO-eligible loan tranche consent rights with respect to, at minimum, any material waivers and amendments of such applicable documents, including but not limited to, adverse changes to the calculation or payments of amounts due to the holders of the CLO-eligible tranche, alterations to pro rata provisions, changes to voting provisions, and waivers of conditions precedent; and

(3) The pro rata provisions, voting provisions, and similar provisions applicable to the security associated with such CLO-eligible loan tranches under the CLO credit agreement and any intercreditor or other applicable agreements governing such CLO-eligible loan tranches are not materially less advantageous to the holder(s) of such CLO-eligible tranche than the terms of other tranches of comparable seniority in the broader syndicated credit facility.

(d) Disclosures. A sponsor relying on this section shall provide, or cause to be provided, to potential investors a reasonable period of time prior to the sale of the asset-backed securities in the securitization transaction and at least annually with respect to the information required by paragraph (d)(1) of this section and, upon request, to the Commission and its appropriate Federal banking agency, if any, the following disclosure in written form under the caption “Credit Risk Retention”:

Qualified tender option bond entity means an issuing entity with respect to tender option bonds for which each of the following applies:

(i) Such entity is collateralized solely by servicing assets and by municipal securities that have the same municipal issuer and the same underlying obligor or source of payment (determined without regard to any third-party credit enhancement), and such municipal securities are not subject to substitution.

(ii) Such entity issues no securities other than:

(A) A single class of tender option bonds with a preferred variable return payable out of capital that meets the requirements of paragraph (b) of this section, and

(B) One or more residual equity interests that, in the aggregate, are entitled to all remaining income of the issuing entity.

(C) The types of securities referred to in paragraphs (ii)(A) and (B) of this definition must constitute asset-backed securities.

(iii) The municipal securities held as assets by such entity are issued in compliance with Section 103 of the Internal Revenue Code of 1986, as amended (the “IRS Code”, 26 U.S.C. 103), such that the interest payments made on those securities are excludable from the gross income of the owners under Section 103 of the IRS Code.

(iv) The terms of all of the securities issued by the entity are structured so that all holders of such securities who are eligible to exclude interest received on such securities will be able to exclude that interest from gross income pursuant to Section 103 of the IRS Code or as “exempt-interest dividends” pursuant to Section 852(b)(5) of the IRS Code (26 U.S.C. 852(b)(5)) in the case of regulated investment companies under the Investment Company Act of 1940, as amended.

(v) Such entity has a legally binding commitment from a regulated liquidity provider as defined in §1234.6(a), to provide a 100 percent guarantee or liquidity coverage with respect to all of the issuing entity’s outstanding tender option bonds.

(vi) Such entity qualifies for monthly closing elections pursuant to IRS Revenue Procedure 2003–84, as amended or supplemented from time to time.

Tender option bond means a security which has features which entitle the holders to tender such bonds to the issuing entity for purchase at any time upon no more than 397 days’ notice, for a purchase price equal to the approximate amortized cost of the security, plus accrued interest, if any, at the time of tender.

(b) Risk retention options. Notwithstanding anything in this section, the sponsor with respect to an issuance of tender option bonds may retain an eligible vertical interest or eligible horizontal residual interest, or any combination thereof, in accordance with §§1234.4 and 1234.6. In order to satisfy its risk retention requirements under this section, the sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity may retain:

(1) An eligible vertical interest or an eligible horizontal residual interest, or any combination thereof, in accordance with §§1234.4 and 1234.6; or

(2) An interest that meets the requirements set forth in paragraph (c) of this section; or

(3) A municipal security that meets the requirements set forth in paragraph (d) of this section; or

(4) Any combination of interests and securities described in paragraphs (b)(1) through (b)(3) of this section such that the sum of the percentages held in each form equals at least five.

§ 1234.11

issuance of tender option bonds by a qualified tender option bond entity may retain an interest that upon issuance meets the requirements of an eligible horizontal residual interest but that upon the occurrence of a “tender option termination event” as defined in Section 4.01(5) of IRS Revenue Procedure 2003–84, as amended or supplemented from time to time will meet the requirements of an eligible vertical interest.

(d) Retention of a municipal security outside of the qualified tender option bond entity. The sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity may satisfy its risk retention requirements under this Section by holding municipal securities from the same issuance of municipal securities deposited in the qualified tender option bond entity, the face value of which retained municipal securities is equal to 5 percent of the face value of the municipal securities deposited in the qualified tender option bond entity.

(e) Disclosures. The sponsor shall provide, or cause to be provided, to potential investors a reasonable period of time prior to the sale of the asset-backed securities as part of the securitization transaction and, upon request, to the Commission and its appropriate Federal banking agency, if any, the following disclosure in written form under the caption “Credit Risk Retention”:

(1) The name and form of organization of the qualified tender option bond entity;

(2) A description of the form and subordination features of such retained interest in accordance with §1234.4(c);

(3) To the extent any portion of the retained interest is claimed by the sponsor as an eligible horizontal residual interest (including an eligible horizontal cash reserve account), the fair value of that interest (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and as a dollar amount);

(4) To the extent any portion of the retained interest is claimed by the sponsor as an eligible vertical interest (including any interest held in compliance with §1234.10(c)), the percentage of ABS interests issued represented by the eligible vertical interest; and

(5) To the extent any portion of the retained interest claimed by the sponsor is a municipal security held outside of the qualified tender option bond entity, the name and form of organization of the qualified tender option bond entity, the identity of the issuer of the municipal securities, the face value of the municipal securities deposited into the qualified tender option bond entity, and the face value of the municipal securities retained by the sponsor or its majority-owned affiliates and subject to the transfer and hedging prohibition.

(f) Prohibitions on Hedging and Transfer. The prohibitions on transfer and hedging set forth in §1234.12 apply to any interests or municipal securities retained by the sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity pursuant to §1234.11.

Subpart C—Transfer of Risk Retention

§ 1234.11 Allocation of risk retention to an originator.

(a) In general. A sponsor choosing to retain an eligible vertical interest or an eligible horizontal residual interest (including an eligible horizontal cash reserve account), or combination thereof, with respect to any interests or municipal securities otherwise required to be retained by the sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity pursuant to §1234.11, may offset the amount of such risk retention requirements under §1234.4 by the amount of the eligible interests, respectively, acquired by an originator of one or more of the securitized assets if:

(1) At the closing of the securitization transaction:

(i) The originator acquires the eligible interest from the sponsor and retains such interest in the same manner and proportion (as between horizontal and vertical interests) as the sponsor under §1234.4, with respect to each securitization transaction.

(ii) The originator retains the eligible interest in the same manner and proportion (as between horizontal and vertical interests) as the sponsor under §1234.4, and such interest was held prior to the acquisition by the originator;

(ii) The ratio of the percentage of eligible interests acquired and retained by the originator to the percentage of eligible interests otherwise required to be retained by the sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity pursuant to §1234.11, is not less than the ratio of the percentage of eligible interests acquired and retained by the sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity pursuant to §1234.11.
§ 1234.12 Hedging, transfer and financing prohibitions.

(a) Transfer. Except as permitted by §1234.7(b)(8), and subject to §1234.5, a retaining sponsor may not sell or otherwise transfer any interest or assets that the sponsor is required to retain pursuant to subpart B of this part to any person other than an entity that is and remains a majority-owned affiliate of the sponsor and each such majority-owned affiliate shall be subject to the same restrictions.

(b) Prohibited hedging by sponsor and affiliates. A retaining sponsor and its affiliates may not purchase or sell a security, or other financial instrument, or enter into an agreement, derivative or other position, with any other person if:

(1) Payments on the security or other financial instrument or under the agreement, derivative, or position are materially related to the credit risk of one or more particular ABS interests that the retaining sponsor (or any of its majority-owned affiliates) is required to retain with respect to a securitization transaction pursuant to subpart B of this part or one or more of the particular securitized assets that

be retained by the sponsor pursuant to §1234.4, does not exceed the ratio of:

(iii) The originator acquires and retains at least 20 percent of the aggregate risk retention amount otherwise required to be retained by the sponsor pursuant to §1234.4; and

(iv) The originator purchases the eligible interests from the sponsor at a price that is equal, on a dollar-for-dollar basis, to the amount by which the sponsor’s required risk retention is reduced in accordance with this section, by payment to the sponsor in the form of:

(A) Cash; or

(B) A reduction in the price received by the originator from the sponsor or depositor for the assets sold by the originator to the sponsor or depositor for inclusion in the pool of securitized assets.

(2) Disclosures. In addition to the disclosures required pursuant to §1234.4(c), the sponsor provides, or causes to be provided, to potential investors a reasonable period of time prior to the sale of the asset-backed securities as part of the securitization transaction and, upon request, to the Commission and its appropriate Federal banking agency, if any, in written form under the caption “Credit Risk Retention”, the name and form of organization of any originator that will acquire and retain (or has acquired and retained) an interest in the transaction pursuant to this section, including a description of the form and amount (expressed as a percentage and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) and nature (e.g., senior or subordinated) of the interest, as well as the method of payment for such interest under paragraph (a)(1)(iv) of this section.

(3) Hedging, transferring and pledging. The originator and each of its affiliates complies with the hedging and other restrictions in §1234.12 with respect to the interests retained by the originator pursuant to this section as if it were the retaining sponsor and was required to retain the interest under subpart B of this part.

(b) Duty to comply. (1) The retaining sponsor shall be responsible for compliance with this section.

(2) A retaining sponsor relying on this section:

(i) Shall maintain and adhere to policies and procedures that are reasonably designed to monitor the compliance by each originator that is allocated a portion of the sponsor’s risk retention obligations with the requirements in paragraphs (a)(1) and (3) of this section; and

(ii) In the event the sponsor determines that any such originator no longer complies with any of the requirements in paragraphs (a)(1) and (3) of this section, shall promptly notify, or cause to be notified, the holders of the ABS interests issued in the securitization transaction of such non-compliance by such originator.

(c) Prohibited hedging by issuing entity. The issuing entity in a securitization transaction may not purchase or sell a security or other financial instrument, or enter into an agreement, derivative or position, with any other person if:

(1) Payments on the security or other financial instrument or under the agreement, derivative or position are materially related to the credit risk of one or more particular ABS interests that the retaining sponsor for the transaction (or any of its majority-owned affiliates) is required to retain with respect to the securitization transaction pursuant to subpart B of this part; and

(2) The security, instrument, agreement, derivative, or position in any way reduces or limits the financial exposure of the retaining sponsor (or any of its majority-owned affiliates) to the credit risk of one or more of the particular ABS interests that the sponsor (or any of its majority-owned affiliates) is required to retain pursuant to subpart B of this part or one or more of the particular securitized assets that collateralize the asset-backed securities issued in the securitization transaction.

(d) Permitted hedging activities. The following activities shall not be considered prohibited hedging activities under paragraph (b) or (c) of this section:

(1) Hedging the interest rate risk (which does not include the specific interest rate risk, known as spread risk, associated with the ABS interest that is otherwise considered part of the credit risk) or foreign exchange risk arising from one or more of the particular ABS interests required to be retained by the sponsor (or any of its majority-owned affiliates) under subpart B of this part or one or more of the particular securitized assets that underlie the asset-backed securities issued in the securitization transaction; or

(2) Purchasing or selling a security or other financial instrument or entering into an agreement, derivative, or other position with any third party where payments on the security or other financial instrument or under the agreement, derivative, or position are based, directly or indirectly, on an index of instruments that includes asset-backed securities if:

(i) Any class of ABS interests in the issuing entity that were issued in connection with the securitization transaction and that are included in the index represents no more than 10 percent of the dollar-weighted average (or corresponding weighted average in the currency in which the ABS interests are issued, as applicable) of all instruments included in the index; and

(ii) All classes of ABS interests in all issuing entities that were issued in connection with any securitization transaction in which the sponsor (or any of its majority-owned affiliates) is required to retain an interest pursuant to subpart B of this part and that are included in the index represent, in the aggregate, no more than 20 percent of the dollar-weighted average (or corresponding weighted average in the currency in which the ABS interests are issued, as applicable) of all instruments included in the index.

(e) Prohibited non-recourse financing. Neither a retaining sponsor nor any of its affiliates may pledge as collateral for any obligation (including a loan, repurchase agreement, or other financing transaction) any ABS interest that the sponsor is required to retain with respect to a securitization transaction pursuant to subpart B of this part unless such obligation is with full recourse to the sponsor or affiliate, respectively.

(f) Duration of the hedging and transfer restrictions—(1) General rule. Except as provided in paragraph (f)(2) of this section, the prohibitions on sale and hedging pursuant to paragraphs (a) and (b) of this section shall expire on or after the date that is the latest of:

(1) This part implements section 165(i)(2) of the Dodd-Frank Act, which requires all large financial companies that have total consolidated assets of more than $10 billion, and are regulated by a primary federal financial regulatory agency, to conduct annual stress tests. To ensure the safety and soundness of the regulated entities, the Director reserves and retains the discretion to apply this part to any regulated entity with less than $10 billion total consolidated assets in a particular year.

(2) This part establishes requirements that apply to each regulated entity’s performance of annual stress tests. The purpose of the annual stress test is to provide the regulated entities, FHFA, and the FRB with additional, forward-looking information that will help them to assess capital adequacy at the regulated entities under various scenarios; to review the regulated entities’ stress test results; and to increase public disclosure of the regulated entities’ capital condition by requiring broad dissemination of the stress test scenarios and results.

§ 1238.2 Definitions.

For purposes of this part, the following definitions apply:

Federal Housing Finance Agency or FHFA means the agency established by 12 U.S.C. 4511.

Planning horizon means the period of time over which the stress projections must extend. The planning horizon cannot be less than nine quarters.

Regulated entities means, collectively, Fannie Mae, Freddie Mac, and the twelve Federal Home Loan Banks.

Scenarios are sets of economic and financial conditions used in the regulated entities’ stress tests, including baseline, adverse, and severely adverse.

Stress test is a process to assess the potential impact on a regulated entity of economic and financial conditions (“scenarios”) on the consolidated earnings, losses, and capital of the regulated entity over a set planning horizon, taking into account the current condition of the regulated entity and the regulated entity’s risks, exposures, strategies, and activities.

§ 1238.3 Annual stress test.

(a) In general. Each regulated entity:

(1) Shall complete an annual stress test of itself based on its data as of December 31 of the preceding calendar year;

(2) The stress test shall be conducted in accordance with this section and the methodologies and practices described in §1238.4 and in any supplemental guidance or Order.

(b) Scenarios provided by FHFA. In conducting its annual stress tests under this section, each regulated entity must use scenarios provided by FHFA, which shall be generally consistent with and comparable to those established by the FRB, that reflect a minimum of three sets of economic and financial conditions, including a baseline, adverse, and severely adverse scenario. Not later than 30 days after the FRB publishes its scenarios, FHFA will issue to all regulated entities a description of the baseline, adverse, and severely adverse scenarios that each regulated entity shall use to conduct its annual stress tests under this part.

§ 1238.4 Methodologies and practices.

(a) Potential impact. Except as noted in this subpart, in conducting a stress test under §1238.3, each regulated entity shall calculate how each of the following is affected during each quarter of the stress test planning horizon, for each scenario:

(1) Potential losses, pre-provision net revenues, allowance for loan losses, and future pro forma capital positions over the planning horizon; and

(2) Capital levels and capital ratios, including regulatory capital and net
§ 1238.7 Publication of results by regulated entities.

(a) Public disclosure of results required for stress tests of regulated entities. The
Enterprises must disclose publicly a summary of the stress test results for the severely adverse scenario not earlier than August 1 and not later than August 15 of each year. Each Bank must disclose publicly a summary of the stress test results for the severely adverse scenario not earlier than November 15 and not later than November 30 of each year. The summary may be published on the regulated entity’s Web site or in any other form that is reasonably accessible to the public;

(b) Information to be disclosed in the summary. The information disclosed by each regulated entity shall, at a minimum, include—

(1) A description of the types of risks being included in the stress test;
(2) A high-level description of the scenario provided by FHFA, including key variables (such as GDP, unemployment rate, housing prices, foreclosure rate, etc.);
(3) A general description of the methodologies employed to estimate losses, pre-provision net revenue, allowance for loan losses, and changes in capital positions over the planning horizon;
(4) A general description of the use of the required stress test as one element in a regulated entity’s overall capital planning and capital adequacy assessment. If a regulated entity is under FHFA conservatorship, this description shall be coordinated with FHFA;
(5) Aggregate losses, pre-provision net revenue, allowance for loan losses, net income, net worth, and each Bank’s leverage and permanent capital ratios, pro forma capital levels and capital ratios (including regulatory and any other capital ratios specified by FHFA) over the planning horizon, under the scenario; and
(6) Such other data fields, in such form (e.g., aggregated), as the Director may require.

§ 1238.8 Additional implementing action.

The Director may, in circumstances considered appropriate, require any regulated entity not subject to this part to conduct stress testing hereunder; and from time to time, issue such guidance and orders as may be necessary to facilitate implementation of this part.

(1) The rights and obligations of an Enterprise and the Federal Reserve Banks with respect to:
   (i) A Book-entry Enterprise Security or Security Entitlement; and
   (ii) The operation of the Book-entry System as it applies to Enterprise Securities;
   (b) A security interest in a Security Entitlement that is in favor of a Federal Reserve Bank from a Participant and that is not recorded on the books of a Federal Reserve Bank pursuant to §1249.13(c)(1), is governed by the law (not including the conflict-of-law rules) of the jurisdiction where the head office of the Federal Reserve Bank maintaining the Participant’s Securities Account is located. (a) Except in the case of a security interest in favor of the United States or a Federal Reserve Bank or otherwise as provided in § 1249.13(c)(1), for the purposes of this part, each Enterprise and the Federal Reserve Banks shall treat the Participant to whose Securities Account an interest in a Book-entry Enterprise Security has been credited as the person exclusively entitled to issue a Transfer Message, to receive interest and other payments with respect thereof and otherwise to exercise all the rights and powers with respect to such Security, notwithstanding any information or notice to the contrary. Neither the Federal Reserve Banks nor an Enterprise shall be liable to a Person asserting or having an adverse claim to a Security Entitlement in a Participant’s Securities Account, including any such claim arising as a result of the transfer or disposition of a Book-entry Enterprise Security by a Federal Reserve Bank pursuant to a Transfer Message that the Federal Reserve Bank reasonably believes to be genuine.

(c)(1) An Enterprise and the Federal Reserve Banks have no obligation to agree to act on behalf of any Person or to recognize the interest of any transferee of a security interest or other limited interest in favor of any Person except to the extent of any specific requirement of Federal law or regulation or to the extent set forth in any specific agreement with the Federal Reserve Bank on whose books the interest of the Participant is recorded. Except as provided in paragraph (b) of this section, a security interest in a Security Entitlement marked on the books of a Federal Reserve Bank shall have priority over any other interest in the securities.

(2) In addition to the method provided in paragraph (c)(1) of this section, a security interest in a Security Entitlement marked on the books of a Federal Reserve Bank may be perfected by any method by which a security interest may be perfected under applicable law as described in § 1249.12(b) or (d). The perfection, effect of perfection and priority of a security interest are governed by such applicable law. A security interest in favor of a Federal Reserve Bank shall be treated as a security interest in favor of a clearing corporation in all respects under such law, including with respect to the effect of perfection and priority of such security interest. APPENDIX TO PART 1253—PRIOR APPROVAL FOR ENTERPRISE PRODUCTS: INSTRUCTIONS AND NOTICE OF NEW ACTIVITY FORM

SOURCE: 74 FR 31604, July 2, 2009, unless otherwise noted.

§ 1253.1 Purpose and authority.

The purpose of this part is to establish policies and procedures implementing the prior approval authority for enterprise products, in accordance with section 1321 of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (Safety and Soundness Act) (12 U.S.C. 4541), as amended.

§ 1253.2 Definitions.

For purposes of this part:

Director means the Director of the Federal Housing Finance Agency or his or her designee.

Enterprise means the Federal National Mortgage Association (Fannie Mae) or the Federal Home Loan Mortgage Corporation (Freddie Mac).

FHFA means the Federal Housing Finance Agency.

New activity means with respect to an Enterprise, any business line, business practice, or service, including financial instrument, consulting, or marketing, that is proposed to be undertaken by the Enterprise either on a standalone basis or as an incident to providing one or more Enterprise products to the market, and which was—

(a) Not initially engaged in prior to July 30, 2008;

(b) Commenced by the Enterprise prior to July 30, 2008, but which, after July 30, 2008, the Enterprise ceased to engage in, and presently intends to resume; or

(c) Offered or engaged in by the Enterprise after July 30, 2008, at a significantly different level, or in a significantly different manner, in terms of the activity’s effect on public interest or risk to the Enterprise or the mortgage finance or financial system.

The term “new activity” does not include—

(1) Any Enterprise business practice, transactions, or conduct performed solely as an incident to the administration of the Enterprise’s internal affairs to conduct its business; or

(2) Any business practice or service undertaken by an Enterprise that is de minimis in scope, volume, risk, or duration.

New product means any activity that the Director determines merits public notice and comment on matters of compliance with the applicable authorizing statute, safety and soundness, or public interest. “New product” does not include—

(a) The automated loan underwriting system of an Enterprise in existence as of July 30, 2008, including any upgrade to the technology, operating system, or software to operate the underwriting system;

(b) Any modification to the mortgage terms and conditions or mortgage underwriting criteria relating to the mortgages that are purchased or guaranteed by the Enterprise, provided that such modifications do not alter the underlying transaction so as to include services or financing, other than residential mortgage financing;

(c) Any activity that is substantially similar to the activities described in paragraphs (a) or (b) of this section;

(d) Any activity that is substantially similar to an activity or product that has been approved in accordance with this part for either Enterprise; or
(e) Any activity that is substantially similar to an activity or product continuously undertaken by the other Enterprise since prior to July 30, 2008.

Substantially similar. In considering whether an activity is "substantially similar" to any activity described in section 1321(e)(1)(A) and (B) of the Safety and Soundness Act, 12 U.S.C. 4541(e)(1)(A) and in paragraphs (a) or (b) of this section under the definition of new product, or to any activity approved in accordance with this part, or continuously engaged in by the other Enterprise as referenced in paragraphs (d) and (e) of this section under the definition of new product, the Director may consider if the activity in question—

(1) Is a product;
(2) Is authorized under the applicable authorizing statute;
(3) Represents an upgrade to the way an approved product is delivered;
(4) Poses a significant change in risk to the Enterprise or the mortgage finance system from a previously approved product or activity;
(5) Involves a significant change in terms, conditions, or limitations expressly contained in any prior approval granted under this part;
(6) Poses a significant change in its effect on the public interest compared to a previously approved product or activity;
(7) Poses a significant change from a previously approved product or activity and if so, does a tradeoff exist in the composite of risk, public interest, and safety and soundness elements in the proposed new activity;
(8) Is likely to have significantly more enterprise resources dedicated to it;
(9) Requires approval by regulators other than FHFA, including Federal, State, or local regulators;
(10) Involves new classes or types of borrowers, investors, or counterparties;
(11) Involves new classes or types of collateral; or
(12) Such other factor as the Director determines to be appropriate.

§ 1253.3 Notice of new activity.

(a) Before commencing a new activity, an Enterprise must submit a Notice of New Activity (Notice) to the FHFA, and either receive a determination that the new activity is not a new product, await passage of the 15 business-day period as described in paragraph (d) of this section, or, where FHFA determines the new activity to be a new product, await approval of the new product under §1253.4. In addition, for any new activity that an Enterprise seeks to engage in which FHFA had previously approved in accordance with this part for the other Enterprise, or in which the other Enterprise had engaged continuously since prior to July 30, 2008, the Enterprise must submit a Notice to FHFA. In support of its Notice, the Enterprise shall submit information sufficient to allow the Director to make a determination on the Notice pursuant to section 1321 of the Safety and Soundness Act (12 U.S.C. 4541), as amended, including any information required by FHFA by regulation or otherwise. The Enterprise shall provide a thorough, meaningful, complete and specific description of the new activity such that the public will be able to provide fully informed comment on the new activity if FHFA determines the new activity to be a new product. Such information shall include that contained in the FHFA Notice Form and the Instructions for the FHFA Notice of New Activity Form (Notice Form Instructions) that appear in the appendix of this part. The Notice Form and Notice Form Instructions may be amended from time to time by written direction of the Director. Requests for confidential treatment for any portion of an Enterprise’s submission must be made consistent with §1253.5.

(b) FHFA will evaluate a Notice to establish whether the submission contains sufficient information for FHFA to make a determination whether the new activity is a new product subject to prior approval. Upon establishing that the Notice contains sufficient information, FHFA shall deem the submission complete and “received” for purposes of section 1321(e)(2)(B) of the Safety and Soundness Act (12 U.S.C. 4541(e)(2)(B)), and shall notify the Enterprise accordingly.

(c) No later than 15 business-days after the Notice is deemed completed and “received” for purposes of section
§ 1253.4 New product approval.

(a) Public notice. If the Director determines that the new activity is a new product, FHFA shall publish a public notice soliciting comments on the proposed product for a 30 calendar-day period.

1. The public notice will describe the new product and state the closing date of the public comment period. The public notice will provide instructions for submission of public comment.

2. The Director will consider all public comments received by the closing date of the comment period.

3. In computing the 30 calendar-day public comment period, FHFA excludes the day on which the public notice is published in the Federal Register, from which the period begins to run, and includes the last day of the period, regardless of whether it is a Saturday, Sunday, or legal holiday.

(b) Director’s determination. (1) No later than 30 calendar-days after the end of the public comment period, the Director will provide the Enterprise with a written determination on whether it may proceed with the new product. The written determination will specify the grounds for the Director’s determination.

2. The Director will approve the new product if the Director determines that the new product complies with the applicable authorizing statute, is in the public interest, and is consistent with the safety and soundness of the Enterprise and the mortgage finance and financial system. The Enterprise may then offer the new product subject to any terms, conditions, or limitations as may be established by the Director.

3. Among the factors that the Director may consider when determining whether a new product is in the public interest are—

(i) The degree to which the new product might reasonably be expected to advance any of the purposes of the Enterprise under the applicable authorizing statute;

(ii) The degree to which the new product serves underserved markets as set forth in section 1335 of the Safety and Soundness Act (12 U.S.C. 4565);

(iii) The degree to which the new product is being supplied or could be supplied by non-government-sponsored-enterprise firms;

(iv) Other alternatives for providing the new product;

(v) The degree to which the new product promotes competition in the marketplace or, to the contrary, would result in less competition and greater concentration of economic activity or risk;

(vi) The degree to which Enterprise provision of the new product overcomes natural market barriers or inefficiencies;

(vii) The degree to which Enterprise provision of the new product might raise or mitigate systemic risks to the mortgage, mortgage finance or other financial markets;

(viii) The degree to which the new product furthers fair housing; and

(ix) Such other factors determined appropriate by the Director.

4. The Director will disapprove the new product if the Director determines that approval is inconsistent with applicable law, regulation, or FHFA policy thereunder, or contrary to public interest or the safety and soundness of the Enterprise or the mortgage finance or financial system. If the Director disapproves the new product, the Enterprise may not offer the new product.
(5) The Director may establish terms, conditions, or limitations on the Enterprise’s offering of the new product to ensure that the product offering is consistent with applicable statutory and regulatory standards, FHFA policies, public interest, or the safety and soundness of the Enterprise or the mortgage finance or financial system.

(6) If the Director fails to make a determination within the 30 calendar-day period that begins on the day after the end of the public comment period, the Enterprise may offer the new product. The Director’s failure to make a determination within such 30-day period does not limit or restrict the Director’s safety and soundness authority or the authority of the Director to review the new product to determine that the product is consistent with the statutory mission of the Enterprise.

(c) Temporary approval. (1) FHFA may approve a new product without first seeking public comments as described in §1253.4(c) if—

(i) The Enterprise submits a specific request for Temporary Approval that describes the exigent circumstances that make the delay associated with the 30-day public comment period contrary to the public interest and the Director determines that exigent circumstances exist and that delay associated with first seeking public comment would be contrary to the public interest; or

(ii) Notwithstanding the absence of a request by the Enterprise for Temporary Approval, the Director determines that exigent circumstances exist and that delay associated with first seeking public comment would be contrary to the public interest.

(2) The Director may impose terms, conditions, or limitations on the Temporary Approval to ensure that the new product offering is consistent with applicable statutory and regulatory standards, FHFA policies, public interest, and the safety and soundness of the Enterprise or the mortgage finance system.

(3) If the Director grants Temporary Approval, the Director will notify the Enterprise in writing of the Director’s decision, and include the period for which it is effective and any terms, conditions or limitations. Upon granting of Temporary Approval, FHFA will also publish the request for public comment to begin the process for permanent approval.

(4) If the Director denies a request for Temporary Approval, the Director will notify the Enterprise in writing of the Director’s decision, and will evaluate the new product in accordance with paragraphs (a) through (c) of this section.

(d) Additional information. The Director may request any information in addition to that supplied in the completed Notice if, as a result of public comment or otherwise in the course of considering the Notice, the Director believes that the information is necessary for his or her decision. The Director may disapprove a new product if he or she does not receive the information requested from the Enterprise in sufficient time to permit adequate evaluation of the information within the time periods set forth in paragraph (c) of this section.

§ 1253.5 Confidential information.

(a) Information presumed public. FHFA will treat all information an Enterprise submits in a Notice as public information, except as provided in paragraphs (b) through (d) of this section. FHFA will also treat information provided by a commenter, in response to a notice requesting comment on an Enterprise new product, as public information, except as provided in paragraphs (b) through (d) of this section.

(b) Confidential treatment request. An Enterprise or commenter may designate specific information as confidential and request that it not be made publicly available. For any information that an Enterprise or commenter seeks confidential treatment, the Enterprise or commenter is required to submit a complete copy of the Notice or comment, with a specific request for confidential treatment. Simultaneously, the Enterprise or commenter is required to submit a copy of the Notice or comment containing only those portions for which no request for confidential treatment is made, and from which those portions for which confidential treatment is requested have been redacted. The Enterprise or
§ 1253.6 Certifying and nullifying an approval.

(a) An Enterprise shall certify, through an executive officer, as that term is defined by §1770.3(g) of this title, that any filing or supporting material submitted to FHFA pursuant to regulations in this part contains no material misrepresentations or omissions. FHFA may review and verify any information filed in connection with a Notice. If FHFA discovers a material misrepresentation or omission after the Director has rendered a decision on the filing, FHFA may nullify any approval or modify the terms, conditions, and limitations to such approval. For purposes of this paragraph, an Enterprise’s authority to offer a new product or engage in a new activity by reason of the Director’s not having made an explicit determination within the statutory time period constitutes an approval.

(b) Any person responsible for any material misrepresentation or omission in a submission or supporting materials may be subject to enforcement action and other penalties, including criminal penalties provided in 18 U.S.C. 1001.

§ 1253.7 Failure to comply.

(a) Unless the Director otherwise informs the Enterprise in writing, an Enterprise must cease offering a new product or engaging in a new activity immediately upon discovering or receiving notice from the Director that the Enterprise has—

(1) Offered a new product or commenced a new activity without submitting a Notice;

(2) Offered a new product or commenced a new activity after submitting a Notice but before approval is granted, and before the expiration of the time provided for the Director to make a determination under §§1253.3 and 1253.4;

(3) Offered a new product after the Director disapproved it; or

(4) Failed to adhere to any terms, conditions or limitations established by the Director in his or her approval of a new product or activity.
§ 1253.9 Preservation of authority.

(a) The Director's exercise of his or her authority pursuant to the prior approval authority for products under section 1321 of the Safety and Soundness Act (12 U.S.C. 4541), and this regulation and other issuances in no way restricts

(1) The safety and soundness authority of the Director over all new and existing products or activities; or

(2) The authority of the Director to review all new and existing products or activities to determine that such products or activities are consistent with the statutory mission of an Enterprise.

§ 1253.8 Availability of new product to an Enterprise after it has been approved for the other Enterprise.

(a) If the Director approves a new product for one Enterprise or the new product is otherwise available to that Enterprise under §1253.4, the other Enterprise may also undertake that new product, subject to submitting a request to the Director in the form of a Notice under §1253.3 and approval by the Director.

(b) The Director may require such further information from the requesting Enterprise as he or she deems necessary to approve or deny the request. Approving the request does not require public notice and comment.

§ 1253.9 Preservation of authority.

APPENDIX TO PART 1253—PRIOR APPROVAL FOR ENTERPRISE PRODUCTS—
INSTRUCTIONS AND NOTICE OF NEW ACTIVITY FORM

Appendix to Part 1253

PRIOR APPROVAL FOR ENTERPRISE PRODUCTS

INSTRUCTIONS for the NOTICE of NEW ACTIVITY FORM

INSTRUCTIONS FOR NNA SUBMISSION

GENERAL INSTRUCTIONS

The Notice of New Activity (NNA) submission addresses two functions of the Federal Housing Finance Agency—it provides information on activities that may constitute a new product or new activity under the Housing and Economic Recovery Act of 2008 (12 USC 4541) and on activities that do not constitute a new product subject to the approval provisions of the law, but represent an activity that merits safety and soundness review under multiple provisions of the Federal Housing Enterprises Financial Safety and Soundness Act (12 USC 4501 et seq.)

Once the submission is made, FHFA will first determine if the activity is a new product and will direct consideration of such product under the provisions of the statute and regulation, which may involve public comment. If the new activity is determined not to be a new product, then the information contained in the submission will be employed by FHFA for a review of safety and soundness matters as part of its routine supervisory program.

A. Notice of New Activity (NNA) Submission

1. New Activity. A new activity for purposes of this submission includes the planned deployment of a new activity that constitutes a new product under the approval provision of FHEFSSA as amended by HERA or a significant expansion or alteration of an existing activity or product that does not require approval under HERA amendments of 2008 but is to be reviewed under safety and soundness provisions of the Act. A new activity may include alteration of an existing activity in such a manner as to affect significantly the risk, management, capital effect, operational controls, legal effect, anticipated business impact on the Enterprise (dollar effect), and accounting or taxation for such activity. This will include a pilot program.

A new activity does not include a minor, non-substantive transaction or activity that does not involve significant credit, interest rate, operational (including internal control and accounting) or reputation risk separate and apart from an existing activity. In general, a new activity would not include an increase in an existing product or activity of less than a 25% investment increase. For
example, if an existing multi-family mortgage purchase activity will be altered to require collection and analysis of additional loan data to facilitate Enterprise purchases, even though the change may be labeled as “new” by the Enterprise in its communications, the Enterprise may inform FHFA that it does not constitute a new activity but rather an activity or product addition or enhancement. The Enterprises will work with examiners to assure clarity regarding whether an activity is new and fits within the Notice of New Activity (NNA) submission requirement.

A new product does not include: (a) the automated loan underwriting system of an Enterprise in existence as of July 30, 2008, including any upgrade to the technology, operating system, or software to operate the underwriting system; and (b) any modification to the mortgage terms and conditions or mortgage underwriting criteria relating to the mortgages that are purchased or guaranteed by the Enterprise, provided that such modifications do not alter the underlying transaction so as to include services or financing, other than residential mortgage financing; or (c) any activity that is substantially similar to the activities described in (a) and (b).

3. Expanded activity or product. In general, a significant expansion of an activity or product constitutes an expanded existing activity or product, subject to a submission requirement for a safety and soundness review, if it fits one or more of the following criteria:

-- expanded scope of an activity or product, including a significant increase in size, in risk levels (credit, interest rate, market or operational) or a significant change in activity or product limits or marketing;

-- movement from a pilot program or product test to a fully deployed activity or product; or

-- other criteria as provided in writing by the Director.

4. Consultation with FHFA. Prior to submitting a NNA, an Enterprise may seek clarification that while an initiative meets one or more of the criteria for an expanded activity or product, the change does not meet a level of significance to justify filing a NNA or presents timing concerns that are not addressed under procedures set forth below.

B. Exemptions

The exemptions from submitting a NNA included in the definitions provided above do not exempt reporting or other communications to examiners or other offices under separate requests by or reporting requirements of FHFA.

C. Procedures and Content

1. Submission to FHFA
Pt. 1253, App. 12 CFR Ch. XII (1–1–16 Edition)

(a) Normal Submission. Completed notices of new business activities or products, or expansion or alteration of an existing activity or product, should be provided on a NNA to FHFA. If a determination is made that an activity represents a new product and that a public comment period is required, the Director shall so inform the Enterprise as soon as practicable. Unless notified otherwise in writing by FHFA, an Enterprise may not undertake a new activity until more than fifteen (15) business days after a completed notice was submitted to FHFA, or a new product until more than sixty (60) days after a determination that an activity represents a new product.

(b) Temporary Approval. An Enterprise may request temporary approval for a new product pursuant to 12 CFR 1253.4(c) upon exigent circumstances that make the delay associated with the 30-day public comment period contrary to the public interest. If an Enterprise requests temporary approval, it shall indicate such request on the NNA along with any supporting information. An Enterprise may request temporary approval for an expanded product or activity where circumstances exist meriting such temporary approval, such as a compelling business need, public interest, judicial order, regulatory directive from another federal agency or other emergency situation. Such request should be made at the time of submitting a NNA.

(c) Confidentiality. Information labeled confidential or proprietary contained in a NNA will be considered for such treatment by FHFA pursuant to 12 CFR 1253.5.

(d) Completing NNA Form.

(i) Provide a response or comment on every item in the Form. If an item on the Form is not applicable or relevant, state so and briefly explain why.

(ii) Responses or comments should be comprehensive; address all issues contained in an item.

(iii) Provide appropriate supporting documentation. Indicate on the form the number of the supporting item(s) and on the attached item(s) to which requirement the documentation refers.

(iv) If all items are not addressed, or if the information does not provide FHFA with sufficient bases upon which to make a determination, FHFA will not consider the Form received and will not process the Form.

(e) Submitting the Form

(i) Submit an electronic copy of the Form and supporting documents to: newproducts@fhfa.gov. Be sure to clearly label supporting documents and reference the item(s) to which they relate; and,
(ii) Submit hard copy of the Form and supporting documents to: Senior Associate Director for Housing Mission and Goals, Office of Housing Mission and Goals, Federal Housing Finance Agency, 1700 G Street, NW., Fourth Floor, Washington, DC 20552.

D. Supplemental Instructions

| Name of Proposed Activity/New Product | The indication that a new activity is or is not a new product should include detailed information in support of such a determination. Reference should be made to the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, as amended, and to FHFA regulation on new products. Such supporting information should include a legal analysis and supporting historical information. Even if a new product determination has been previously made by FHFA, the Enterprise should note such determination and why the new activity does or does not fit within such prior determination as well as whether there are safety and soundness or charter matters that require additional consideration for the Enterprise to offer such activity or product.

The description should address the factors the Director may consider when determining whether a new activity is “substantially similar” to the activities described in 12 USC 4541(c)(1)(A) and (B) or other activities that have been previously approved in accordance with 12 USC 4541 which include: (1) if the activity in question is a product; (2) whether the new activity is authorized under the Charter Act (Fannie Mae) or Corporation Act (Freddie Mac); (3) whether the activity in question represents an upgrade to the way an approved product is delivered; (4) whether the activity in question poses a significant change in risk to the Enterprise or mortgage finance system from a previously approved product or activity; (5) whether the activity in question involves a significant change in terms, conditions, or limitations expressly contained in any prior approval granted under this part; (6) whether the activity in question poses a significant change in its effect on the public interest compared to a previously approved product or activity; (7) the tradeoff between any combinations of changes in risk, public interest, and safety and soundness; (8) whether the activity in question is likely to require the dedication of significantly more Enterprise resources; (9) whether the activity in question requires approval by regulators other than FHFA; (10) whether the activity in question involves new classes or types of borrowers, investors, or counterparties or new classes or types of collateral; or (12) such other factors as FHFA determines appropriate. |

| Item 1 | Insert the name by which the Enterprise refers to the proposed new activity/new product. |
**Item 5**  
Information about the management structure should include names and titles. Organizational charts should be attached. Staffing plans should indicate authorized and on-board levels as of a stated date.

**Item 6**  
The description should address the factors the Director may consider when determining whether the proposed new activity is in the public interest. These factors include: (1) the degree to which the proposed new activity might reasonably be expected to advance any of the four charter purposes of Fannie Mae or Freddie Mac; (2) the degree to which the activity serves underserved markets as set forth at 12 USC 4565; (3) the degree to which the activity is being supplied or could be supplied by non-government-sponsored-enterprise firms; (4) other alternatives for providing the service to the market; (5) the degree to which the new activity promotes competition in the marketplace or, to the contrary, would result in less competition and greater concentration of economic activity or risk; (6) the degree to which Enterprise provision of the service overcomes natural market barriers or inefficiencies; (7) the degree to which Enterprise provision of the activity might raise or mitigate systemic risks to mortgage and financial markets; (8) the degree to which the activity furthers fair housing; and (9) such other factor determined appropriate by FHFA.

**Item 8**  
This includes applications for patents, and requires copies of correspondence FROM the Enterprise TO other regulators or foreign governments. “Foreign governments” includes agencies and regulatory bodies of foreign governments.

**Item 15**  
The description should indicate whether and the extent to which the proposed new activity increases or decreases risk for each risk component (credit, market, model, governance (including reputation), and operational risk).

The instructions provided here and the information required by the FHFA Notice of New Activity Form may be modified by FHFA from time to time, and written notice will be provided in advance to the Enterprises of any such modification.
Enterprise:

Purpose of the Proposed New Activity/New Product/Expanded Activity Submission

The Notice of New Activity (NNA) submission addresses two functions of the Federal Housing Finance Agency—it provides information on activities that may constitute a new product or new activity under the Housing and Economic Recovery Act of 2008 (12 USC 4541) and on activities that do not constitute a new product subject to the approval provisions of the law, but represent an activity that merits safety and soundness review under multiple provisions of the Federal Housing Enterprises Financial Safety and Soundness Act (12 USC 4501 et seq.)

Once the submission is made, FHFA will first determine if the activity is a new product and will direct consideration of such product under the provisions of the statute and regulation, which may involve public comment. If the new activity is determined not to be a new product, then the information contained in the submission will be employed by FHFA for a review of safety and soundness matters as part of its routine supervisory program.

PART 1260—SHARING OF INFORMATION AMONG FEDERAL HOME LOAN BANKS

Sec. 1260.1 Definitions.
1260.2 Bank information to be shared.
1260.3 Requests to withhold proprietary information.
1260.4 Timing and form of information distribution.
1260.5 Control and disclosure of shared information.

AUTHORITY: 12 U.S.C. 1440a, 4511 and 4513.
SOURCE: 78 FR 73413, Dec. 6, 2013, unless otherwise noted.

§ 1260.1 Definitions.
As used in this part:
Non-public information has the meaning set forth in § 1214.1 of this chapter.
Proprietary information means trade secrets, or privileged or confidential commercial or financial information that, if shared among the Banks and the Office of Finance as provided under this part, would likely cause substantial competitive harm to the Bank to which the information pertains.

§ 1260.2 Bank information to be shared.
(a) General. In order to enable each Bank to evaluate the financial condition of any one or more of the other Banks and the Bank System, FHFA shall distribute to each Bank and to the Office of Finance, or shall require each Bank to distribute directly to each other Bank and the Office of Finance, such categories of financial and supervisory information regarding each Bank and the Bank system as it determines to be appropriate, subject to the requirements of this part.

(b) Notice. FHFA shall prepare and issue to each Bank and the Office of Finance a notice setting forth the categories of information to be distributed, which it shall review from time to time and revise as necessary to ensure that the information distributed remains useful to the Banks in evaluating the financial strength of the other Banks and the Bank System. Prior to issuing a new or revised notice, FHFA shall notify each Bank and the Office of Finance of its proposed contents and allow them a reasonable period within which to comment.

(c) Director’s orders. The Director or his designee may issue such orders as are necessary to effect the distribution of the information set forth in the notice issued under paragraph (b) of this section and to carry out the provisions of this part.

§ 1260.3 Requests to withhold proprietary information.
(a) General. A Bank may request in writing that FHFA withhold from distribution, or determine that the Bank may withhold from distribution, particular information relating to the Bank that may otherwise be subject to distribution under § 1260.2 on the basis that it is proprietary information and the public interest requires that it not be shared. Any such request shall identify the particular information the Bank believes should not be distributed and provide support for the assertions that it is proprietary information and that withholding it from the other Banks and the Office of Finance is necessary to protect the public interest.

(b) Timing of requests. (1) General. Unless otherwise specified as described in paragraph (b)(2) of this section, the period within which a Bank may make a request to withhold proprietary information under paragraph (a) of this section shall be as follows:
(i) For information that a Bank submits to FHFA, the request shall be delivered to FHFA no later than the time at which the Bank submits the subject information to FHFA.
(ii) For information that FHFA creates (not including compilations of data submitted by the Banks), prior to distributing any information relating to a particular Bank, FHFA shall provide that Bank with a copy of the information to be distributed, after which the Bank shall have ten (10) business days within which to deliver the request to FHFA.
(iii) For information that a Bank is required to distribute directly to the other Banks and the Office of Finance,
§ 1260.4 Timing and form of information distribution.

(a) Timing of distribution by FHFA. FHFA may distribute information as provided in the notice issued under §1260.2(b) after the expiration of the applicable time period specified in §1260.3(b) unless, within that time period, the affected Bank has filed with FHFA a written request to withhold particular proprietary information that meets the requirements of §1260.3(a). When a Bank has filed such a request, FHFA shall not distribute the information that is the subject of the request until the Director or his designee has made the determination and provided the notice required by §1260.3(c) and shall distribute or withhold the subject information in conformity with that determination.

(b) Timing of distribution by Banks. A Bank that is required to distribute information directly to the other Banks and the Office of Finance shall distribute that information at the time specified in the notice issued under §1260.2(b) unless, within the time period specified in §1260.3(b)(1)(iii), the Bank has submitted to FHFA a request to withhold particular proprietary information that meets the requirements of §1260.3(a). If the Bank has filed such a request, it need not distribute the information that is the subject of the request until the Director or his designee has made the determination and provided the notice required by §1260.3(c). Thereafter, the Bank shall distribute or withhold the subject information in conformity with that determination.

(c) Form. FHFA may distribute information, or require a Bank to distribute information, under this part in either tangible or electronic form, as it deems appropriate.

§ 1260.5 Control and disclosure of shared information.

(a) No waiver of privilege. The release of information under this part does not constitute a waiver by FHFA of any privilege, or of its right to control, supervise or impose limitations on the subsequent use and disclosure of any information concerning a Bank. To the extent that any information provided to a Bank or the Office of Finance pursuant to this part qualifies as non-public information under part 1214 of this chapter, that information shall continue to qualify as such and shall continue to be subject to the restrictions on disclosure set forth in part 1214, provided that a Bank shall not be deemed to have violated any provision of §1214.3 of this chapter by disclosing in its filings with the SEC non-public information about another Bank that was obtained pursuant to this part if the disclosure is limited to a recital of the relevant factual content of the underlying information and the Bank has provided the notice required by paragraph (b) of this section.
(b) Disclosures under the Federal securities laws. If a Bank determines in good faith that it is required by any applicable provision of the 1934 Act or of 17 CFR chapter II to disclose non-public information relating to another Bank that it has received pursuant to this part, it shall provide to FHFA and to the Bank to which the information pertains prior written notice of such determination and of the content and anticipated timing of the disclosure, which notice shall be provided as far in advance of the anticipated disclosure as is feasible under the circumstances.

(c) Safeguarding of information. A Bank may use non-public information distributed pursuant to this part only for the purposes described in section 20A(a) of the Bank Act. Except as otherwise provided in this part, neither the Office of Finance, nor any Bank, nor any officer, director or employee thereof, may disclose or permit the use or disclosure of any non-public information regarding another Bank received pursuant to this part in any manner or for any purpose. Each Bank and the Office of Finance shall implement policies and procedures to prevent the improper disclosure of such information and to limit the access of its personnel to such information, which policies and procedures shall be no less stringent than those that apply to the entity’s own confidential and supervisory information.

(d) Information regarding the Office of Finance. A Bank president that receives any information regarding the Office of Finance in his or her capacity as a member of the board of directors of the Office of Finance may share the information with the board of directors of the Bank at which he or she is employed, as well as with the appropriate officers and employees of the Bank, subject to the limitations of this part.

Public interest director means an individual serving in a public interest directorship.

Public interest directorship means an independent directorship filled by an individual with more than four years experience representing consumer or community interests in banking services, credit needs, housing or consumer financial protections.

Record date means December 31 of the calendar year immediately preceding the election year.

Stock directorship means a member directorship that is designated by FHFA as representing the members located in a particular voting State based on the amount of Bank stock required to be held by the members in that State as of the record date, other than a guaranteed directorship.

Voting State means the District of Columbia, Puerto Rico, or the State of the United States in which a member’s principal place of business, as determined in accordance with 12 CFR part 1263, or any successor provision, is located as of the record date. § 1261.3 General provisions.

(a) Board size and composition. Annually, the FHFA Director will determine the size of the board of directors for each Bank and will designate at least a majority, but no more than 60 percent, of the directorships as member directorships and the remainder as independent directorships. Annually, the board of directors of each Bank shall determine how many, if any, of the independent directorships with terms beginning the following January 1 shall be public interest directorships, ensuring that at all times the Bank will have at least two public interest independent directorships.

(b) Term of directorships. The term of office of each directorship commencing on or after January 1, 2009 shall be four years, except as adjusted pursuant to section 7(d) of the Bank Act (12 U.S.C 1427(d)) to achieve a staggered board, and shall commence on January 1 of the calendar year so designated by FHFA.

(c) Annual elections. Each Bank annually shall conduct an election the purpose of which is to fill all directorships designated by FHFA as commencing on January 1 of the calendar year immediately following the year in which such election is commenced. Subject to the provisions of the Bank Act and in accordance with the requirements of this subpart, the disinterested members of the board of directors of each Bank, or a committee of disinterested directors, shall administer and conduct the annual election of directors. If a Bank has issued more than one class of stock, it shall report the total shares of stock of all classes required to be held by the members. The Bank shall certify to FHFA that, to the best of its knowledge, the information provided in the capital stock report is accurate and complete, and that it has notified each member of its minimum capital stock holding requirement as of the record date.

(2) If a Bank's capital plan was not in effect as of the record date, the number of shares of Bank stock required to be held by members as of that date shall be determined in accordance with §§ 1263.20 and 1263.22 of this chapter. If a Bank's capital plan was in effect as of the record date, the number of shares of Bank stock required to be held by members as of that date shall be determined in accordance with the minimum investment established by such capital plan; however, for any members whose Bank stock is less than the minimum investment during a transition period, the amount of stock to be used in the designation of directorships shall be the number of shares of Bank stock actually owned by those members as of that December 31. In all cases, the Director will designate the directorships by using the information provided by each Bank in its capital stock report required by paragraph (a)(1) of this section.

(b) Allocation of directorships. The member directorships designated by the Director will be allocated among the States by the Director in accordance with section 7(b) and (c) of the Bank Act.

(d) Notification. On or before June 1 of each year, FHFA will notify each Bank in writing of the total number of directorships established for the Bank and the number of member directorships designated as representing the members in each voting state in the Bank district.

(2) An officer or director of a member that is located in the State in which the Bank is located and that meets all minimum capital requirements established by its appropriate Federal banking agency or appropriate State regulator. In the case of a director elected by the members, the institution of which the director is an officer or director must have been a member as of the record date. In the case of a director elected by a Bank’s board of directors to fill a vacancy, the institution of which the director is an officer or director must be a member at the time the board acts.

(b) State designation for member directors. Each member director, and each nominee to a member directorship, shall be an officer or director of a member that is located in the State to which the Director has allocated such directorship under §1261.4(c).

(c) Eligibility requirements for independent directors. Each independent director, and each nominee to an independent directorship, shall be:

(1) A citizen of the United States; and

(2) A bona fide resident of the district in which the Bank is located.

(d) Restrictions. (1) A nominee is not eligible if he or she:

(i) Is an incumbent director, unless:

(A) The incumbent director’s term of office would expire before the new term of office would begin; and

(B) The new term of office would not be barred by the term limit provision of section 7(d) of the Bank Act (12 U.S.C. 1427(d)); or

(ii) Is a former director whose service would be barred by the term limit provision of section 7(d) of the Bank Act.

(2) For purposes of applying the term limit provision of section 7(d) of the Bank Act (12 U.S.C. 1427(d)):

(i) A term of office that is adjusted after July 30, 2008 to a period of fewer than four years shall not be deemed to be a full term;

(ii) Any member director’s election and service to a directorship with a three year term of office prior to July 30, 2008 shall be deemed to be a full term;

(iii) Any three-year term of office that ends immediately before a term of office commencing immediately following such adjusted term of office, shall constitute consecutive full terms of office; and

(iv) Any period of time served by a director who has been elected by the board of directors to fill a vacancy shall not be deemed to constitute a full term.

(e) Loss of eligibility. A director shall become ineligible to remain in office if, during his or her term of office, the directorship to which he or she has been elected is eliminated. The incumbent director shall become ineligible after the close of business on December 31 of the year in which the directorship is eliminated.

(2) In the case of a redesignation to another State, the redesignated directorship shall be filled by a majority vote of the remaining Bank directors, in accordance with §1261.14(a).

§ 1261.6 Determination of member votes.

(a) In general. Each Bank shall determine, in accordance with this section,
§ 1261.7 Nominations for member and independent directorships.

(a) Election announcement. (1) Within a reasonable time in advance of an election, a Bank shall notify each member in its district of the commencement of the election process. Such notice shall include:

(1) The number of member directorships designated for each voting state in the Bank district and the number of independent directorships for the Bank;

(2) The name of each incumbent Bank director, the name and location of the member at which each member director serves, and the name and location of the organization with which each independent director is affiliated, if any, and the expiration date of each Bank director’s term of office;

(3) A brief statement describing the skills and experience the Bank believes are most likely to add strength to the board of directors, provided that the Bank previously has conducted the annual assessment permitted by §1261.9 and the Bank has elected to provide the results of the assessment to the members;

(4) An attachment indicating the name, location, and FHFA ID number of every member in the member’s voting state, and the number of votes each such member may cast for each directorship to be filled by such members, as determined in accordance with §1261.6; and

(5) If a member directorship is to be filled by members in a State, a nominating certificate for those members.

(b) Member directorship nominations. (1) Any member that is entitled to vote in the election may nominate an eligible individual to fill each available member directorship for its voting state by delivering to its Bank, prior to a deadline to be established by the

the number of votes that each member of the Bank may cast for each directorship that is to be filled by the vote of the members.

(b) Number of votes. For each member directorship and each independent directorship that is to be filled in an election, each member shall be entitled to cast one vote for each share of Bank stock that the member was required to hold as of the record date. Notwithstanding the preceding sentence, the number of votes that any member may cast for any one directorship shall not exceed the average number of shares of Bank stock required to be held as of the record date by all members in its state. If a Bank has issued more than one class of stock, it shall calculate the average number of shares separately for each class, using the total number of members in a State as the denominator, and shall apply those limits separately in determining the maximum number of votes that any member owning that class of stock may cast in the election. If a Bank’s capital plan was not in effect as of the record date, the number of shares of Bank stock that a member was required to hold as of the record date shall be determined in accordance with §§1263.20 and 1263.22 of this chapter. If a Bank’s capital plan was in effect as of the record date, the number of shares of Bank stock that a member was required to hold as of the record date shall be determined in accordance with the minimum investment requirement established by the Bank’s capital plan; however, for any member whose Bank stock is less than the minimum investment during a transition period, the amount of Bank stock to be used shall be the number of shares of Bank stock actually owned by the member as of the record date.

(c) Voting preferences. If the board of directors of a Bank includes any voting preferences as part of its approved capital plan, those preferences shall supersede the provisions of paragraph (b) of this section that otherwise would allow a member to cast one vote for each share of Bank stock it was required to hold as of the record date. If a Bank establishes a voting preference for a class of stock, the members with voting rights shall remain subject to the provisions of section 7(b) of the Bank Act (12 U.S.C. 1427(b)) that prohibit any member from casting any vote in excess of the average number of shares of stock required to be held by all members in its state.

Bank and set forth in the notice required in paragraph (a) of this section, a nominating certificate duly adopted by the member’s governing body or by an individual authorized by the member’s governing body to act on its behalf.

(2) The nominating certificate shall include the name of the nominee and the name, location, and FHFA ID number of the member the nominee serves as an officer or director.

(3) The Bank shall establish a deadline for delivery of nominating certificates, which shall be no earlier than 30 calendar days after the date on which the Bank delivers the notice required by paragraph (a) of this section, and the Bank shall not accept certificates received after that deadline. The Bank shall retain all accepted nominating certificates for at least two years after the date of the election.

(c) Accepting member directorship nominations. Promptly after receipt of any nominating certificate, a Bank shall notify in writing any individual nominated for a member directorship. An individual may accept the nomination only by delivering to the Bank, prior to a deadline established by the Bank and set forth in its notice, an executed director eligibility certification form prescribed by FHFA. A Bank shall allow each nominee at least 30 calendar days after the date the Bank delivered the notice of nomination within which to deliver the executed form. A nominee may decline the nomination by so advising the Bank in writing, or by failing to deliver a properly executed director eligibility certification form prior to the deadline. Each Bank shall retain all information received under this paragraph for at least two years after the date of the election.

(d) Independent directorship nominations. (1) Any individual who seeks to be an independent director of the board of directors of a Bank may deliver to the Bank, on or before the deadline set by the Bank for delivery of nominating certificates, an executed independent director application form prescribed by FHFA that demonstrates that the individual both is eligible and has either of the following qualifications:

(i) More than four years experience representing consumer or community interests in banking services, credit needs, housing, or consumer financial protections; or

(ii) Knowledge of or experience in one or more of the areas set forth in paragraph (e) of this section.

(2) Any other interested party may recommend to the Bank that it consider a particular individual as a nominee for an independent directorship, but the Bank shall not nominate any individual unless the individual has delivered to the Bank, on or before the date the Bank has set for delivery of nominating certificates, an executed independent director application form prescribed by FHFA. The application form prescribed by FHFA will provide a means by which an individual can indicate an intent to be considered for a public interest directorship. The board of directors of the Bank may consider any individual for any independent directorship nomination, provided it has determined that the individual is eligible and qualified, but the board shall nominate for a public interest directorship only an individual who indicates on the application form a desire to be considered for a public interest directorship. The board of directors of the Bank shall consult with the Bank’s Advisory Council before nominating any individual for any independent directorship. Each Bank shall include in its bylaws the procedures it intends to use for the nomination and election of the independent directors, and shall retain all information received under this paragraph for at least two years after the date of the election.

(3) Each Bank shall determine the number of public interest directorships to be included among its authorized independent directorships, provided that each Bank shall at all times have at least two such directorships, and shall announce that number to its members in the notice required by paragraph (a) of this section. In submitting nominations to its members, each Bank shall nominate at least as many individuals as there are independent directorships to be filled in that year’s election.

(e) Independent director qualifications. (1) Each independent director and each
nominee for an independent directorship, other than a public interest directorship, shall have experience in, or knowledge of, one or more of the following areas: auditing and accounting, derivatives, financial management, organizational management, project development, risk management practices, and the law. Before nominating any individual for an independent directorship, other than a public interest directorship, the board of directors of a Bank shall determine that such knowledge or experience of the nominee is commensurate with that needed to oversee a financial institution with a size and complexity that is comparable to that of the Bank.

(2) Each public interest independent director and each nominee for a public interest directorship shall have more than four years experience representing consumer or community interests in banking services, credit needs, housing or consumer financial protection.

(1) Eligibility verification. Using the information provided on member director eligibility forms prescribed by FHFA, each Bank shall verify that each nominee for each member directorship meets all the eligibility requirements for such directorship. Using the information provided on independent director application forms prescribed by FHFA, each Bank shall verify that each nominee for each public interest independent directorship and each other independent directorship meets all eligibility requirements and any knowledge or experience qualifications for such directorship, as set forth in the Bank Act and this subpart. Before announcing any independent director nominee, the Bank shall deliver to FHFA, for the Director’s review, a copy of the independent director application forms executed by the individuals nominated for independent directorships. If within two weeks of such delivery FHFA provides comments to the Bank on any independent director nominee, the board of directors of the Bank shall consider the FHFA’s comments in determining whether to proceed with those nominees or to reopen the nomination.

§ 1261.8 Election process.

(a) Ballots. Promptly after fulfilling the requirements of §1261.7(f), each Bank shall prepare and deliver a ballot to each member that was a member as of the record date. The Bank shall include with each ballot a closing date for the Bank’s receipt of voted ballots, which date shall be no earlier than 30 calendar days after the date such ballot is delivered to the member.

(i) For states in which one or more member directorships are to be filled in the election, an alphabetical listing of the names of each nominee for such directorship, the name, location, and FHFA ID number of the member each nominee serves, the nominee’s title or position with the member, and the number of member directorships to be filled by the members in that voting state in the election;

(ii) An alphabetical listing of the names of each nominee for a public interest independent directorship and a brief description of each nominee’s experience representing consumer and community interests;

(iii) An alphabetical listing of the names nominee for the other independent directorships and a brief description of each nominee’s qualifications, including his or her knowledge or experience in the areas of financial management, auditing and accounting, risk management practices, derivatives, project development, organizational management and any other area of knowledge or experience set forth in §1261.7(e);

(iv) A statement that write-in candidates are not permitted; and

(v) A confidentiality statement prohibiting the Bank from disclosing how any member voted.

(2) At the election of the Bank, a ballot also may include, in the body or as an attachment, a brief description of the skills and experience of each nominee for a member directorship.

(b) Statement on skills and experience. If a Bank has conducted an annual assessment permitted by §1261.9 and has
included the results of the assessment as part of the notice to members required in §1261.7(a), it may include with each ballot a statement of the results of that assessment or any subsequent assessment. If the statement differs from the statement provided under §1261.7(a)(3), the Bank also shall include an explanation of why the statements differ.

(c) Lack of member directorship nominees. If, for any voting State, the number of nominees for the member directorships for that State is equal to or fewer than the number of such directorships to be filled in that year’s election, the Bank shall deliver a notice to the members in the affected voting State (in lieu of including any member directorship nominees on the ballot for that State) that such nominees shall be deemed elected without further action, due to an insufficient number of nominees to warrant balloting. Thereafter, the Bank shall declare elected all such eligible nominees and in doing so shall designate particular nominees to guaranteed directorships or stock directorships, respectively, if necessary. The nominees declared elected shall be included as directors-elect in the report of election required under paragraph (g) of this section. Any member directorship that is not filled due to a lack of nominees shall be deemed vacant as of January 1 of the following year and shall be filled by the Bank’s board of directors in accordance with §1261.14(a).

(d) Voting. For each directorship to be filled, a member may cast the number of votes determined by the Bank pursuant to §1261.6. A member may not split its votes among multiple nominees for a single directorship, and, where there are multiple directorships to be filled, either within the member’s voting state or at large, in the case of independent directorships, a member may not cumulatively vote for a single nominee. If any member votes, it shall by resolution of its governing body either authorize the voting for specific nominees or delegate to an individual the authority to vote for specific nominees. To vote, a member shall:

(1) Mark on the ballot the name of not more than one of the nominees for each directorship to be filled. Each nominee so selected shall receive all of the votes that the member is entitled to cast.

(2) Execute and deliver the ballot to the Bank on or before the closing date. A Bank shall not allow a member to change a ballot after it has been delivered to the Bank.

(e) Counting ballots. A Bank shall not review any ballot until after the closing date, and shall not include in the election results any ballot received after the closing date. Promptly after the closing date, the Bank shall tabulate the votes cast in the election: for the member directorships, the Bank shall tabulate votes by each voting state; for the independent directorships, the Bank shall tabulate votes for the district at-large. Any ballots cast in violation of paragraph (d) of this section shall be void.

(f) Declaring results—(1) For member directorships. The Bank shall declare elected the nominee receiving the highest number of votes. If more than one member directorship is to be filled for a particular State, the Bank shall declare elected each successive nominee receiving the next highest number of votes until all such open directorships are filled.

(2) For independent directorships. (i) The bank shall tabulate separately the votes received for public interest independent director nominees and those received for other independent director nominees, in each case in accordance with paragraph (f)(2)(ii) of this section. (ii) If the number of nominees exceeds the number of directorships to be filled, the Bank shall declare elected the nominee receiving the highest number of votes. If more than one directorship is to be filled, the Bank shall declare elected each successive nominee receiving the next highest number of votes for such directorship until all such open directorships are filled. (iii) If the number of nominees is no more than the number of directorships to be filled, the Bank shall declare elected each nominee receiving at least 20 percent of the number of votes eligible to be cast in the election. If any directorship is not filled due to any nominee’s failure to receive at least 20 percent of the votes eligible to be cast,
the Bank shall continue the election process for that directorship under the procedures in paragraph (h) of this section.

(3) Tie votes. In the event of a tie for the last available directorship, the disinterested incumbent members of the board of directors of the Bank, by a majority vote, shall declare elected one of the nominees for whom the number of votes cast was tied.

(4) Eligibility. A Bank shall not declare elected a nominee that it has reason to know is ineligible to serve, nor shall it seat a director-elect that it has reason to know is ineligible to serve.

(5) Record retention. The Bank shall retain all ballots it receives for at least two years after the date of the election, and shall not disclose how any member voted.

(g) Report of election. Promptly following the election, each Bank shall deliver a notice to its members, to each nominee, and to FHFA that contains the following information:

(1) For each member directorship, the name of the director-elect, the name and location of the member at which he or she serves, his or her title or position at the member, the voting State represented, and the expiration date of the term of office.

(2) For each independent directorship, the name of the director-elect, whether the director-elect will fill a public interest directorship and, if so, the consumer or community interest represented by such directorship, any qualifications under §1261.7(e), and the expiration date of the term of office;

(3) For member directorships, the total number of eligible votes, the number of members voting in the election, and the total number of votes cast for each nominee, which shall be reported by State; and

(4) For independent directorships, the total number of eligible votes, the number of members voting in the election, and the total number of votes cast for each nominee, which shall be reported for the district at large.

(h) Failure to fill all independent directorships. If any independent directorship is not filled due to the failure of any nominee to receive at least 20 percent of the eligible vote, the Bank shall continue the election process for that directorship under the following procedures:

(1) The Bank’s board of directors, after again consulting with the Bank’s Advisory Council, shall nominate at least as many individuals as there are independent directorships to be filled. It may nominate individuals who failed to be elected in the initial vote. The Bank thereafter shall deliver to FHFA a copy of the independent director application form executed by each nominee.

(2) The Bank then shall follow the provisions in this section that are applicable to the election process for independent directors, except for the following:

(i) The Bank shall not place the name of any nominee on a ballot without prior approval of FHFA; and

(ii) The Bank may adopt a closing date that is earlier than 30 calendar days after delivery of the ballots to the eligible voting members, provided the Bank determines that an earlier closing date provides a reasonable amount of time to vote the ballots.

nomination or election of any individual for a member directorship, provided that no such individual shall purport to represent the views of the Bank or its board of directors in doing so.

(2) A Bank director, officer, attorney, employee or agent and the board of directors and Advisory Council (including members of the Council) of a Bank may support the candidacy of any individual nominated by the board of directors for election to an independent directorship.

(c) Prohibition. Except as provided in paragraphs (a) and (b) of this section, no director, officer, attorney, employee, or agent of a Bank shall:

(1) Communicate in any manner that a director, officer, attorney, employee, or agent of a Bank, directly or indirectly, supports or opposes the nomination or election of a particular individual for a directorship; or

(2) Take any other action to influence the voting with respect to any particular individual.

§ 1261.10 Independent director conflict of interests.

(a) Employment interests. During any independent director’s term of service, such director shall not serve as an officer, employee, or director of any member of the Bank on whose board the individual sits, or of any recipient of advances from such Bank, and shall not serve as an officer of any Bank. An independent director or nominee for any independent directorship shall disclose all such interests to the Bank on whose board of directors the individual serves or which is considering the individual for nomination to its board of directors.

(b) Holding companies. Service as an officer, employee, or director of a holding company that controls one or more members of, or one or more recipients of advances from, the Bank on whose board an independent director serves is not deemed to be service as an officer, employee or director of a member or recipient of advances if the assets of all such members or all such recipients of advances constitute less than 35 percent of the assets of the holding company, on a consolidated basis.

(c) Attribution. For purposes of determining compliance with this section, a Bank shall attribute to the independent director any officer position, employee position, or directorship of the director’s spouse.

§ 1261.11 Conflict-of-interests policy for Bank directors.

(a) Adoption of conflict-of-interests policy. Each Bank shall adopt a written conflict-of-interests policy that applies to all members of its board of directors. At a minimum, the conflict-of-interests policy of each Bank shall:

(1) Require the directors to administer the affairs of the Bank fairly and impartially and without discrimination in favor of or against any member;

(2) Require independent directors to comply with § 1261.10(a);

(3) Prohibit the use of a director’s official position for personal gain;

(4) Require directors to disclose actual or apparent conflicts of interests and establish procedures for addressing such conflicts;

(5) Require the establishment of internal controls to ensure that conflict-of-interests reports are made and filed and that conflict-of-interests issues are disclosed and resolved; and

(6) Establish procedures to monitor compliance with the conflict-of-interests policy.

(b) Disclosure and recusal. A director shall disclose to the Bank’s board of directors any financial interests he or she has, as well as any financial interests known to the director of any immediate family member or business associate of the director, in any matter to be considered by the Bank’s board of directors and in any other business matter or proposed business matter involving the Bank and any other person or entity. A director shall disclose fully the nature of his or her interests in the matter and shall provide to the Bank’s board of directors any information requested to aid in its consideration of the director’s interest. A director shall refrain from considering or voting on any issue in which the director, any immediate family member, or any business associate has any financial interest.
§ 1261.13 Ineligible Bank directors.

Upon a determination by FHFA or a Bank that any director of the Bank no longer satisfies the eligibility requirements set forth in the Bank Act or this part, or has failed to comply with the reporting requirements of §1261.12, the directorship shall immediately become vacant. Any director that is determined to have failed to comply with any of these requirements shall not continue to serve as a Bank director. Whenever a Bank makes such a determination, the Bank promptly shall notify the Bank director and FHFA in writing.

(74 FR 51464, Oct. 7, 2009)
§ 1261.14 Vacant Bank directorships.

(a) Filling unexpired terms. (1) When a vacancy occurs on the board of directors of any Bank, the board of directors of the Bank shall elect, by a majority vote of the remaining Bank directors sitting as a board, an individual to fill the unexpired term of office of the vacant directorship, regardless of whether the remaining Bank directors constitute a quorum of the Bank’s board of directors.

(2) The board of directors of the Bank may fill an anticipated vacancy prior to the effective date of the vacancy, provided the board does so no sooner than the date of the regularly scheduled board meeting that occurs immediately prior to the effective date of the vacancy.

(3) The board of directors shall elect only an individual who satisfies all the eligibility requirements in the Bank Act and in this subpart that applied to his or her predecessor and, for independent directorships, also satisfies any of the qualifications in the Bank Act or this subpart. If a Bank does not have at least two sitting public interest independent directors, the board of directors of the Bank shall designate the directorship as a public interest directorship and shall elect an individual who satisfies a public interest independent directorship qualification in the Bank Act or in this subpart.

(b) Verifying eligibility. Prior to any election by the board of directors, the Bank shall obtain an executed member director eligibility certification form prescribed by FHFA from each individual being considered to fill a member directorship and an executed independent director application form prescribed by FHFA from each individual being considered to fill an independent directorship. Using the executed forms, each Bank shall verify each individual’s eligibility and, as to independent directors, also shall verify the individual’s qualifications. Before any independent director is elected by the board of directors of a Bank, the Bank shall deliver to FHFA for its review a copy of the application form of each individual being considered by the board. The Bank shall retain the information it receives in accordance with §1261.7(c) and (d).

(c) Notification. Promptly after allowing the individual to assume the directorship, as provided in paragraph (b) of this section, a Bank shall notify FHFA and each member located in the Bank’s district in writing of the following:

(1) For each member directorship filled by the board of a Bank, the name of the director, the name, location, and FHFA ID number of the member the director serves, the director’s title or position with the member, the voting State that the director represents, and the expiration date of the director’s term of office; and

(2) For each independent directorship filled by the board of a Bank, the name of the director, the name and location of the organization with which the director is affiliated, if any, the director’s title or position with such organization, and the expiration date of the director’s term of office.

§ 1261.15 Minimum number of member directorships.

Except with respect to member directorships of a Bank resulting from the merger of any two or more Banks, the number of member directorships allocated to each state shall not be less than the number of directorships allocated to that state on December 31, 1960. The following list sets forth the states whose members held more than one directorship on December 31, 1960:

§ 1261.22 Directors’ compensation policy.

(a) General. Each Bank’s board of directors annually shall adopt a written compensation policy to provide for the payment of reasonable compensation and expenses to the directors for the time required of them in performing their duties as directors. Payments under the directors’ compensation policy may be based on any factors that the board of directors determines reasonably to be appropriate, subject to the requirements in this subpart.

(b) Minimum contents. The compensation policy shall address the activities or functions for which director attendance or participation is necessary and which may be compensated, and shall explain and justify the methodology used to determine the amount of compensation to be paid to the Bank directors. The compensation policy shall require that any compensation paid to a director reflect the amount of time the director has spent on official Bank business, and shall require that compensation be reduced, as necessary to reflect lesser attendance or performance at board or committee meetings during a given year.

(c) Prohibited payments. A Bank shall not pay a director who regularly fails to attend board or committee meetings, and shall not pay fees to a director that do not reflect the director’s performance of official Bank business conducted prior to the payment of such fees.

(d) Submission requirements. No later than the tenth business day after adopting its annual policy for director compensation and expenses, and at
§ 1261.23 Director disapproval.

The Director may determine, based upon his or her review of a Bank’s director compensation policy, methodology and/or other related materials, that the compensation and/or expenses to be paid to the directors are unreasonable. In such case, the Director may order the Bank to refrain from making any further payments under that compensation policy. Any such order shall apply prospectively only and will not affect either compensation or expenses that have been earned but not yet paid or reimbursed or payments that had been made prior to the date of the Director’s determination and order.

§ 1261.24 Board meetings.

(a) Number of meetings. The board of directors of each Bank shall hold as many meetings each year as necessary and appropriate to carry out its fiduciary responsibilities with respect to the effective oversight of Bank management and such other duties and obligations as may be imposed by applicable laws, provided the board of directors of a Bank must hold a minimum of six in-person meetings in any year.

(b) Site of meetings. The bank usually should hold board of director and committee meetings within the district served by the Bank. The Bank shall not hold board of director or committee meetings in any location that is not within the United States, including its possessions and territories.

Upon the consolidation of two or more institutions, at least two of which are members of different Banks, into one institution operating under the charter of one of the consolidating institutions, the membership of the surviving institution shall continue and the membership of each disappearing institution shall terminate upon cancellation of its charter, provided, however, that if more than 80 percent of the assets of the consolidated institution are derived from the assets of a disappearing institution, then the consolidated institution shall continue to be a member of the Bank of which that disappearing institution was a member prior to the consolidation, and the membership of the other institutions shall terminate upon the effective date of the consolidation.

(b) Consolidation into nonmember—(1) In general. former member, the consolidated institution shall have 60 calendar days after the cancellation of the charter of the former member within which to notify the Bank of the former member that the consolidated institution intends to apply for membership in such Bank. If the consolidated institution does not so notify the Bank by the end of the period, the Bank shall require the liquidation of any outstanding indebtedness owed by the former member, shall settle all outstanding business transactions with the former member, and shall redeem or repurchase the Bank stock owned by the former member in accordance with §1263.29.

(3) Application. If such a consolidated institution has notified the appropriate Bank of its intent to apply for membership, the consolidated institution shall submit an application for membership within 60 calendar days of so notifying the Bank. If the consolidated institution does not submit an application for membership by the end of the period, the Bank shall require the liquidation of any outstanding indebtedness owed by the former member, shall settle all outstanding business transactions with the former member, and shall redeem or repurchase the Bank stock owned by the former member in accordance with §1263.29.

(4) Outstanding indebtedness. If a member has consolidated into a non-member institution, the Bank need not require the former member or its successor to liquidate any outstanding indebtedness owed to the Bank or to redeem its Bank stock, as otherwise may be required under §1263.29, during:

(i) The initial 60 calendar-day notification period;

(ii) The 60 calendar-day period following receipt of a notification that the consolidated institution intends to apply for membership; and

(iii) The period of time during which the Bank processes the application for membership.

(2) Becomes insolvent or otherwise subject to the appointment of a conservator, receiver, or other legal custodian under Federal or State law; or

(3) Would jeopardize the safety or soundness of the Bank if it were to remain a member.

(b) Effective date of withdrawal. The member of an institution that has submitted a notice of withdrawal shall terminate as of the date on which the last of the applicable stock redemption periods ends for the stock that the member is required to hold, as of the date that the notice of withdrawal is submitted, under the terms of a Bank’s capital plan as a condition of membership, unless the institution has cancelled its notice of withdrawal prior to the effective date of the termination of its membership.

(c) Stock redemption periods. The receipt by a Bank of a notice of withdrawal shall commence the applicable 6-month and 5-year stock redemption periods, respectively, for all of the Class A and Class B stock owned by a member and not already subject to a pending request for redemption. In the case of an institution, the membership of which has been terminated as a result of a merger or other consolidation into a nonmember or into a member of another Bank, the applicable stock redemption periods for any stock that is not subject to a pending notice of redemption shall be deemed to commence on the date on which the charter of the former member is cancelled.

(d) Certification. No institution may withdraw from membership unless, on the date that the membership is to terminate, there is in effect a certification from FHFA that the withdrawal of a member will not cause the Bank System to fail to satisfy its requirements under section 21B(f)(2)(C) of the Bank Act (12 U.S.C. 1441b(f)(2)(C)) to contribute toward the interest payments owed on obligations issued by the Resolution Funding Corporation.

§ 1264.1 Definitions.

As used in this part:

(b) Bank stock. If an institution that has withdrawn from membership or that otherwise has had its membership terminated remains indebted to the Bank or has outstanding any business transactions with the Bank after the effective date of its termination of membership, the Bank shall not redeem or repurchase any Bank stock that is required to support the indebtedness or the business transactions until after all such indebtedness and business transactions have been extinguished or settled.

(3) The applicant is subject to the inspection and supervision of some governmental agency;

(4) The principal activity of the applicant in the mortgage field consists of lending its own funds; and

(b) State housing finance agencies. In addition to meeting the requirements in paragraph (a) of this section, any applicant seeking access to advances as a SHFA pursuant to §1266.17(b)(2) of this chapter shall provide evidence satisfactory to the Bank, such as a copy of, or a citation to, the statutes and/or regulations describing the applicant’s structure and responsibilities, that the applicant is a state housing finance agency as defined in §1264.1.

§ 1264.4 Satisfaction of eligibility requirements.

(b) Charter requirement. An applicant shall be deemed to meet the requirement in section 10b(a) of the Bank Act and §1264.3(a)(2) that it be a chartered institution having succession if it provides evidence satisfactory to the Bank, such as a copy of, or a citation to, the statutes and/or regulations under which the applicant was created, that:

(1) The applicant is a government agency; or

(2) The applicant is chartered under state, federal, local, tribal, or Alaskan Native village law as a corporation or other entity that has rights, characteristics, and powers under applicable law similar to those granted a corporation.

If a Bank determines during the review process that additional information is necessary to process the application, the Bank may deem the application incomplete and stop the 60-day time period by providing written notice to the applicant. When the Bank receives the additional information, it shall again deem the application complete, so notify the applicant in writing, and resume the 60-day time period where it stopped.

(2) Decision on applications. The Bank or a duly delegated committee of the Bank’s board of directors, the Bank president, or a senior officer who reports directly to the Bank president other than an officer with responsibility for business development shall approve, or the board of directors of a Bank shall deny, each application for certification as a housing associate by a written decision resolution stating

§ 1267.3  Prohibited investments and prudential rules.

(2) Instruments issued by non-United States entities, except United States branches and agency offices of foreign commercial banks;

(3) Debt instruments that are not investment quality, except:

(4) Whole mortgages or other whole loans, or interests in mortgages or loans, except:

(i) Acquired member assets;

(ii) Investments described in §1265.3(e) of this chapter;

(iii) Marketable direct obligations of state, local, or Tribal government units or agencies, that are investment quality, where the purchase of such obligations by the Bank provides to the issuer the customized terms, necessary liquidity, or favorable pricing required to generate needed funding for housing or community lending;

(iv) Mortgage-backed securities, or asset-backed securities collateralized by manufactured housing loans or home equity loans, that meet the definition of the term ‘securities’ under 15 U.S.C. 77b(a)(1) and are not otherwise prohibited under paragraphs (a)(5) through (a)(7) of this section; and

For purposes of this limitation, such aggregate value will be measured as of the transaction trade.
date for such purchase, and total capital will be the most recent amount reported by a Bank to FHFA. A Bank will not be required to divest securities solely to bring the level of its holdings into compliance with the limits of this paragraph, provided that the original purchase of the securities complied with the limits in this paragraph.

(2) A Bank’s purchase of any mortgage-backed or asset-backed security may not cause the value of its total holdings of mortgage-backed and asset-backed securities, measured as of the transaction trade date for such purchase, to increase in any calendar quarter by more than 50 percent of its total capital as of the beginning of such quarter.

(3) For purposes of applying the limits under this paragraph (c), the value of relevant mortgage-backed or asset-backed securities shall be calculated based on amortized historical costs for securities classified as held-to-maturity or available-for-sale and on fair value for trading securities.

(3) The provisions of this part shall not limit, restrict or otherwise diminish, in any manner, the joint and several liability of all of the Banks on any consolidated obligation.

(b) Certification and reporting—(1) Before the end of each calendar quarter, and before declaring or paying any dividend for that quarter, the President of each Bank shall certify in writing to FHFA that, based on known current facts and financial information, the

(ii) If the Bank becomes a non-complying Bank as a result of being required to provide the notice required pursuant to paragraph (b)(2) of this section, except in the event that a failure to make a principal or interest payment on a consolidated obligation when due was caused solely by a temporary interruption in the Bank’s debt servicing operations resulting from an external event such as a natural disaster or a power failure; or

(iii) If FHFA determines that the Bank will cease to be in compliance with the statutory or regulatory liquidity requirements, or will lack the capacity to timely and fully meet all of its current obligations, including direct obligations, due during the quarter.

(2) A consolidated obligation payment plan shall specify the measures the non-complying Bank will undertake to make full and timely payments of all of its current obligations, including direct obligations, due during the applicable quarter.

(3) A non-complying Bank may continue to incur and pay normal operating expenses incurred in the regular course of business (including salaries, benefits, or costs of office space, equipment and related expenses), but shall not incur or pay any extraordinary expenses, or declare, or pay dividends, or redeem any capital stock, until such time as FHFA has approved the Bank’s consolidated obligation payment plan or inter-Bank assistance agreement, or ordered another remedy, and all of the non-complying Bank’s direct obligations have been paid.

(d) FHFA payment orders; Obligation to reimburse—(1) FHFA, in its discretion and notwithstanding any other provision in this section, may at any time order any Bank to make any principal or interest payment due on any consolidated obligation.

(2) To the extent that a Bank makes any payment on any consolidated obligation on behalf of another Bank, the paying Bank shall be entitled to reimbursement from the non-complying Bank, which shall have a corresponding obligation to reimburse the Bank providing assistance, to the extent of such payment and other associated costs (including interest to be determined by FHFA).

(e) Adjustment of equities—(1) Any non-complying Bank shall apply its assets to fulfill its direct obligations.

(2) If a Bank is required to meet, or otherwise meets, the direct obligations of another Bank due to a temporary interruption in the latter Bank’s debt servicing operations (e.g., in the event of a natural disaster or power failure), the assisting Bank shall have the same
right to reimbursement set forth in paragraph (d)(2) of this section.

(3) If FHFA determines that the assets of a non-complying Bank are insufficient to satisfy all of its direct obligations as set forth in paragraph (e)(1) of this section, then FHFA may allocate the outstanding liability among the remaining Banks on a pro rata basis in proportion to each Bank’s participation in all consolidated obligations outstanding as of the end of the most recent month for which FHFA has data, or otherwise as FHFA may prescribe.

(f) Reservation of authority. Nothing in this section shall affect the Director’s authority to adjust equities between the Banks in a manner different than the manner described in paragraph (e) of this section, or to take enforcement or other action against any Bank pursuant to the Director’s authority under the Safety and Soundness Act or the Bank Act, or otherwise to supervise the Banks and ensure that they are operated in a safe and sound manner.

Subpart D—Book-Entry Procedure for Consolidated Obligations

§ 1270.12 Law governing rights and obligations of Banks, FHFA, Office of Finance, United States and Federal Reserve Banks; rights of any Person against Banks, FHFA, Office of Finance, United States and Federal Reserve Banks.

(a) Except as provided in paragraph (b) of this section, the rights and obligations of the Banks, FHFA, the Director, the Office of Finance, the United States and the Federal Reserve Banks with respect to: A Book-entry consolidated obligation or Security Entitlement and the operation of the Book-entry system, as it applies to consolidated obligations; and the rights of any Person, including a Participant, against the Banks, FHFA, the Director, the Office of Finance, the United States and the Federal Reserve Banks with respect to: A Book-entry consolidated obligation or Security Entitlement and the operation of the Book-entry system, as it applies to consolidated obligations; are governed solely by regulations of FHFA, including the regulations of this part 1270, the applicable procedures established by the Office of Finance, and Federal Reserve Bank Operating Circulars.

(b) A security interest in a Security Entitlement that is in favor of a Federal Reserve Bank from a Participant and that is not recorded on the books of a Federal Reserve Bank pursuant to §1270.14(c)(1), is governed by the law (not including the conflict-of-law rules) of the jurisdiction where the head office of the Federal Reserve Bank maintaining the Participant’s Securities Account is located. A security interest in a Security Entitlement that is in favor of a Federal Reserve Bank from a Person that is not a Participant, and that is not recorded on the books of a Federal Reserve Bank pursuant to §1270.14(c)(1), is governed by the law determined in the manner specified in §1270.13.

(c) If the jurisdiction specified in the first sentence of paragraph (b) of this section is a State that has not adopted Revised Article 8, then the law specified in the first sentence of paragraph
§ 1270.13 Law governing other interests.

(a) To the extent not inconsistent with this part 1270, the law (not including the conflict-of-law rules) of a Securities Intermediary’s jurisdiction governs:

(1) The acquisition of a Security Entitlement from the Securities Intermediary;

(2) The rights and duties of the Securities Intermediary and Entitlement Holder arising out of a Security Entitlement;

(3) Whether the Securities Intermediary owes any duties to an adverse claimant to a Security Entitlement;

(4) Whether an Adverse Claim can be asserted against a Person who acquires a Security Entitlement from the Securities Intermediary or a Person who purchases a Security Entitlement or interest therein from an Entitlement Holder; and

(5) Except as otherwise provided in paragraph (c) of this section, the perfection, effect of perfection or non-perfection, and priority of a security interest in a Security Entitlement.

(b) The following rules determine a “Securities Intermediary’s jurisdiction” for purposes of this section:

(1) If an agreement between the Securities Intermediary and its Entitlement Holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the Securities Intermediary’s jurisdiction.

(2) If an agreement between the Securities Intermediary and its Entitlement Holder does not specify the governing law as provided in paragraph (b)(1) of this section, but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the Securities Intermediary’s jurisdiction.

(3) If an agreement between the Securities Intermediary and its Entitlement Holder does not specify a jurisdiction as provided in paragraphs (b)(1) or (b)(2) of this section, the Securities Intermediary’s jurisdiction is the jurisdiction in which is located the chief executive office of the Securities Intermediary.

(c) Notwithstanding the general rule in paragraph (a)(5) of this section, the law (but not the conflict-of-law rules) of the jurisdiction in which the Person creating a security interest is located governs whether and how the security interest may be perfected automatically or by filing a financing statement.

(d) If the jurisdiction specified in paragraph (b) of this section is a State that has not adopted Revised Article 8, then the law for the matters specified in paragraph (a) of this section shall be the law of that State as though Revised Article 8 had been adopted by that State. For purposes of the application of the matters specified in paragraph (a) of this section, the Federal Reserve Bank maintaining the Securities Account is a clearing corporation, and the Participant’s interest in a Bank Book-entry Security is a Security Entitlement.

§ 1270.14 Creation of Participant’s Security Entitlement; security interests.

(a) A Participant’s Security Entitlement is created when a Federal Reserve Bank indicates by book entry that a Book-entry consolidated obligation has been credited to a Participant’s Securities Account.

(b) A security interest in a Security Entitlement of a Participant in favor of the United States to secure deposits of public money, including, without limitation, deposits to the Treasury tax and loan accounts, or other security interest in favor of the United States that is required by Federal statute, regulation, or agreement, and that is marked on the books of a Federal office serving the Entitlement Holder’s account.
§ 1270.15 Obligations of the Banks and the Office of Finance; no Adverse Claims.

(a) Except in the case of a security interest in favor of the United States or a Federal Reserve Bank or otherwise as provided in §1270.14(c)(1), for the purposes of this part 1270, the Banks, the Office of Finance and the Federal Reserve Banks shall treat the Participant to whose Securities Account an interest in a Book-entry consolidated obligations has been credited as the person exclusively entitled to issue a Transfer Message, to receive interest and other payments with respect thereof and otherwise to exercise all the rights and powers with respect to the Security, notwithstanding any information or notice to the contrary. Neither the Banks, FHFA, the Director, the Office of Finance, the United States, nor the Federal Reserve Banks are liable to a Person asserting or having an Adverse Claim to a Security Entitlement or to Book-entry consolidated obligations in a Participant’s Securities Account, including any such claim arising as a result of the transfer or disposition of a Book-entry consolidated obligation by a Federal Reserve Bank pursuant to a Transfer Message that the Federal Reserve Bank reasonably believes to be genuine.

(b) The obligation of the Banks and the Office of Finance to make payments of interest and principal with respect to Book-entry consolidated obligations is discharged at the time payment in the appropriate amount is made as follows:

(1) Interest on Book-entry consolidated obligations is either credited by a Federal Reserve Bank to a Funds Account maintained at the Federal Reserve Bank or otherwise paid as directed by the Participant.
§ 1270.16 Authority of Federal Reserve Banks.

(a) Each Federal Reserve Bank is hereby authorized as fiscal agent of the Office of Finance: To perform functions with respect to the issuance of book-entry consolidated obligations, in accordance with the terms of the applicable offering notice and with procedures established by the Office of Finance; to service and maintain book-entry consolidated obligations in accounts established for such purposes; to make payments of principal, interest and redemption premium (if any), as directed by the Office of Finance; to effect transfer of book-entry consolidated obligations between Participants' Securities Accounts as directed by the Participants; and to perform such other duties as fiscal agent as may be requested by the Office of Finance.

(b) Each Federal Reserve Bank may issue Operating Circulars not inconsistent with this part 1270, governing the details of its handling of book-entry consolidated obligations, Security Entitlements, and the operation of the book-entry system under this part 1270.

§ 1270.17 Liability of Banks, FHFA, Office of Finance and Federal Reserve Banks.

The Banks, FHFA, the Director, the Office of Finance and the Federal Reserve Banks may rely on the information provided in a tender, transaction request form, other transaction documentation, or Transfer Message, and are not required to verify the information. Neither the Banks, FHFA, the Director, the Office of Finance, the United States, nor the Federal Reserve Banks shall be liable for any action taken in accordance with the information set out in a tender, transaction request form, other transaction documentation, or Transfer Message, or evidence submitted in support thereof.

§ 1270.18 Additional requirements; notice of attachment for book-entry consolidated obligations.

(a) Additional requirements. In any case or any class of cases arising under the regulations in this part 1270, the Office of Finance may require such additional evidence and a bond of indemnity, with or without surety, as may in its judgment, or in the judgment of the Banks or FHFA, be necessary for the protection of the interests of the Banks, FHFA, the Office of Finance or the United States.

(b) Notice of attachment. The interest of a debtor in a Security Entitlement may be reached by a creditor only by legal process upon the Securities Intermediary with whom the debtor's securities account is maintained, except where a Security Entitlement is maintained in the name of a secured party, in which case the debtor's interest may be reached by legal process upon the secured party. The regulations in this part 1270 do not purport to establish whether a Federal Reserve Bank is required to honor an order or other notice of attachment in any particular case or class of cases.

§ 1270.19 Reference to certain Department of Treasury commentary and determinations.

Notwithstanding provisions in §1270.6 regarding Department of Treasury regulations set forth in 31 CFR part 357:

At a minimum, such policy shall provide that an Independent Director may not:

(A) Be an officer, director, or employee of any Bank or member of a Bank, or have been an officer director or employee of a Bank or member of a Bank during the previous three years;

(B) Be an officer or employee of the OF, or have been an officer or employee of the OF during the previous three years; or

For purposes of this paragraph (a)(2)(iii)(C), a holding company of an entity that is part of a consolidated obligations seller or dealer group shall be deemed to be part of the consolidated obligations selling or dealer group if the assets of the holding company’s subsidiaries that are part of a consolidated obligation seller or dealer group constitute 35% or more of the consolidated assets of the holding company.

(b) Terms. (1) Except as provided in paragraphs (b)(2) and (c)(1) of this section, each Independent Director shall serve for five-year terms (which shall be staggered so that no more than one Independent Director seat would be scheduled to become vacant in any one year), and shall be subject to removal or suspension in accordance with §1273.4(a) of this part. An Independent Director may not serve more than two full, consecutive terms, provided that any partial term served by an Independent Director pursuant to paragraph (b)(2) of this section, or time served by a private citizen member of the OF Board pursuant to an appointment made prior to the effective date of this part, shall not count as a term for purposes of this restriction.

(2) The OF board of directors shall fill any vacancy among the Independent Directors occurring prior to...
the scheduled end of a term by majority vote, subject to FHFA’s review of, and non-objection to, the new Independent Director. The OF board of directors shall provide FHFA with the same biographic and background information about the new Independent Director required under paragraph (d) of this section, and FHFA shall have the same rights of non-objection to the Independent Director (and to appoint a different Independent Director) as set forth in paragraph (d) of this section. A person shall be elected (or otherwise appointed by FHFA) under this paragraph to serve only for the remainder of the term associated with the vacant directorship.

(c) Initial selection of Independent Directors—(1) As soon as practicable after the effective date of this regulation, FHFA shall fill the initial Independent Director positions by appointment. The Independent Directors shall be appointed for such periods of time, not to exceed five years, to assure the terms are staggered in accordance with paragraph (b)(1) of this section.

FHFA may appoint persons nominated under this paragraph or other persons identified by it and meeting the requirements of paragraph (a)(2) of this section, or some combination.

(d) Election of Independent Directors after the initial terms. Once the terms of the Independent Directors initially appointed by FHFA expire or the positions otherwise become vacant, the Independent Directors subsequently shall be elected by majority vote of the OF board of directors, subject to FHFA’s review of, and non-objection to, each Independent Director. The OF board of directors shall provide FHFA with relevant biographic and background information, including information demonstrating that the new Independent Director meets the requirements of paragraph (a)(2) of this section, at least 20 business days before the person assumes any duties as a member of the OF board of directors. If the OF board of directors, in FHFA’s judgment, fails to elect a suitably qualified person, FHFA may appoint some other person who meets the requirements of paragraph (a)(2) of this section. FHFA will provide notice of its objection to a particular Independent Director prior to the date that such Director is to assume duties as a member of the OF board of directors. Such notice shall indicate whether, given FHFA’s objection, FHFA intends to fill the seat through appointment or a new election should be held by the OF board of directors.

(e) Initial Selection of Chair and Vice-Chair. The first Chair and Vice-Chair of the OF board of directors after the effective date of this regulation shall be appointed by FHFA. (2) Subsequent Vice-Chairs shall be elected by majority vote of the OF board of directors from among all directors.

(3) The OF board of directors shall promptly inform FHFA of the election of a Chair or Vice-Chair. If FHFA objects to any Chair or Vice-Chair elected by the OF board of directors, FHFA shall provide written notice of its objection within 20 business days of the date that FHFA first receives the notice of the election of the Chair and or Vice-Chair, and the OF board of directors must then promptly elect a new Chair or Vice-Chair, as appropriate.

(g) By-laws and Committees. (1) The OF board of directors shall adopt by-laws governing the manner in which

(b) Responsibilities. (1) The Audit Committee shall be responsible for overseeing the audit function of the OF and the preparation and the accurate and meaningful combination of information submitted by the Banks in the Bank System's combined financial reports.

(2) For purposes of the combined financial reports, the Audit Committee shall ensure that the Banks adopt consistent accounting policies and procedures to the extent necessary for information submitted by the Banks to the OF to be combined to create accurate and meaningful combined financial reports.

(3) The Audit Committee, in consultation with FHFA, may establish common accounting policies and procedures for the information submitted by the Banks to the OF for the combined financial reports where the Committee determines such information provided by the several Banks is inconsistent and that consistent policies and procedures regarding that information are necessary to create accurate and meaningful combined financial reports.

(4) To the extent possible the Audit Committee shall operate consistent with the requirements pertaining to audit committee reports set forth in Item 407(d)(3) of Regulation S-K promulgated by the Securities and Exchange Commission.

(5) The Audit Committee shall oversee internal audit activities, including the selection, evaluation, compensation and, where appropriate, replacement of the internal auditor. The internal auditor shall report directly to the Audit Committee and administratively to executive management.

(7) The Audit Committee shall direct senior management to maintain the reliability and integrity of the accounting policies and financial reporting of the OF.

(8) The Audit Committee shall review the basis for the OF’s financial statements and the external auditor’s opinion rendered with respect to such financial statements.

(9) The Audit Committee shall ensure that senior management has established and is maintaining an adequate internal control system within the OF by:

(10) The Audit Committee shall review the policies and procedures established by senior management to assess and monitor implementation of the OF’ strategic business plan and the operating goals and objectives contained therein.

(11) The Audit Committee shall provide an independent, direct channel of communication between the OF’s board of directors and the internal and external auditors.

§ 1273.10 Transition.

(a) Within 45 calendar days of the date on which FHFA first appoints an Independent Director pursuant to §1273.7(c) of this part, the OF board of directors as structured under this part shall hold an organizational meeting. At the time of such meeting, the OF board of directors and its Audit Committee shall be deemed to be reconstituted in accordance with this part, and, except as set forth in paragraph (c) of this section, shall thereafter operate in accordance with this part. The date of this organizational meeting shall be set by the Independent Director that has been appointed as Chair of the OF board of directors by FHFA pursuant to §1273.7(e) of this part.

(b) Until the date of the organizational meeting required by paragraph (a) of this section, the board of directors of OF, and audit committee therefor, as in existence immediately prior to the effective date of this rule, shall continue to have power and authority to act as the OF board of directors or audit committee thereof, as applicable. Further, the board members who served as Chair and Vice-Chair of the OF board immediately prior to the effective date of this rule shall continue also to serve in these capacities until the date of the organizational meeting required under paragraph (a).

(c) Further, the audit committee as in existence immediately prior to the effective date of this rule shall continue to have responsibility and oversight authority with regard to the preparation and publication of the combined financial report for any reporting period that ends prior to July 1, 2010, unless the board of directors established under this part determines that the Audit Committee as established under this part should be given such responsibility.

APPENDIX A TO PART 1273—EXCEPTIONS TO THE GENERAL DISCLOSURE STANDARDS

A. Related-party transactions. Item 404 of Regulation S-K, 17 CFR 229.404, requires the disclosure of certain relationships and related-party transactions. In light of the cooperative nature of the Bank System, related-party transactions are to be expected, and a disclosure of all related-party transactions that meet the threshold would not be meaningful. Instead, the combined annual report will disclose the percent of advances to members an officer of which serves as a Bank director, and list the top ten holders of advances in the Bank System and the top five holders of advances by Bank, with a further disclosure indicating which of these members had an officer that served as a Bank director. The combined financial report will also disclose the top ten holders of advances in the Bank System by holding company, where the advances of all affiliates within a holding company are aggregated.

B. Biographical information. The biographical information required by Items 401 and 405 of Regulation S-K, 17 CFR 229.401 and 405, will be provided only for members of the OF board of directors, including the Bank presidents, the Chair and Vice-Chair of the board of directors of each Bank, and the Chief Executive Officer of OF.

C. Compensation. The information on compensation required by Item 402 of Regulation S-K, 17 CFR 229.402, will be provided only for Bank presidents and the CEO of the OF. Since stock in each Bank trades at par, the OF will not include the performance graph specified in Item 402(1) of Regulation S-K, 17 CFR 229.402(1).

D. Submission of matters to a vote of stockholders. No information will be presented on matters submitted to shareholders for a vote, as otherwise required by Item 4 of the SEC’s form 10-K, 17 CFR 249.310. The only item shareholders vote upon is the annual election of directors.

E. Exhibits. The exhibits required by Item 601 of Regulation S-K, 17 CFR 229.601, are not applicable and will not be provided.

F. Per share information. The statement of financial information required by Items 301 and 302 of Rule S-K, 17 CFR 229.301 and 302, is inapplicable because the shares of the Banks are subscription capital that trades at par, and the shares expand or contract with changes in member assets or advance levels.

G. Beneficial ownership. Item 403 of Rule S-K, 17 CFR 229.403, requires the disclosure of...
security ownership of certain beneficial owners and management. The combined financial report will provide a listing of the ten largest holders of capital stock in the Bank System and a listing of the five largest holders of capital stock by Bank. This listing will also indicate which members had an officer that served as a director of a Bank. The combined financial report will also disclose the top ten holders of Bank stock in the Bank System by holding company, where the Bank stock of all affiliates within a holding company is aggregated.

PART 1277—FEDERAL HOME LOAN BANK CAPITAL REQUIREMENTS, CAPITAL STOCK AND CAPITAL PLANS

Subpart A—Definitions

Sec.
1277.1 Definitions.

Subpart B—[Reserved]

Subpart C—Bank Capital Stock

1277.20 Classes of capital stock.
1277.21 Issuance of capital stock.
1277.22 Minimum investment in capital stock.
1277.23 Dividends.
§ 1277.20 Classes of capital stock.

The authorized capital stock of a Bank shall consist of the following instruments:

(a) Class A stock, which shall:
(1) Have a par value as determined by the board of directors of the Bank and stated in the Bank’s capital plan;
(2) Be issued, redeemed, and repurchased only at its stated par value; and
(3) Be redeemable in cash only on six-months written notice to the Bank.

(b) Class B stock, which shall:
(1) Have a par value as determined by the board of directors of the Bank and stated in the Bank’s capital plan;
(2) Be issued, redeemed, and repurchased only at its stated par value; and
(3) Be redeemable in cash only on five-years written notice to the Bank; and
(4) Confer an ownership interest in the retained earnings, surplus, undivided profits, and equity reserves of the Bank.

(c) Any one or more subclasses of Class A or Class B stock, each of which
may have different rights, terms, conditions, or preferences as may be authorized in the Bank’s capital plan, provided, however, that each subclass of stock shall have all of the characteristics of its respective class, as specified in paragraph (a) or (b) of this section.

§ 1277.21 Issuance of capital stock.

A Bank may issue either one or both classes of its capital stock (including subclasses), as authorized by §1277.20, and shall not issue any other class of capital stock. A Bank shall issue its stock only to its members, or to former members to the extent those institutions are required to maintain a minimum stock investment for existing activities under the capital plan, and only in book-entry form. The Bank shall act as its own transfer agent. All capital stock shall be issued in accordance with the Bank’s capital plan.

§ 1277.22 Minimum investment in capital stock.

(a) A Bank shall require each member to maintain a minimum investment in the capital stock of the Bank, both as a condition to becoming and remaining a member of the Bank and as a condition to transacting business with the Bank or obtaining advances and other services from the Bank. The amount of the required minimum investment shall be determined in accordance with the Bank’s capital plan and shall be sufficient to ensure that the Bank remains in compliance with its regulatory capital requirements. A Bank shall require each member to maintain its minimum investment for as long as the institution remains a member of the Bank and shall require each member and former member to maintain its minimum investment for as long as the institution engages in any activity with the Bank for which the capital plan requires the institution to maintain capital stock.

(b) A Bank may establish the minimum investment as a percentage of the total assets of an institution, as a percentage of the advances outstanding to that institution, as a percentage of any other business activity conducted with the institution, on any other basis that is approved by the Director, or any combination thereof.

(c) A Bank may require that the minimum investment requirement be satisfied through the purchase of either Class A or Class B stock, or through the purchase of one or more combinations of Class A and Class B stock that have been authorized by the board of directors of the Bank in its capital plan. A Bank, in its discretion, may establish a lower minimum investment to the extent the requirement is met through investment in Class B stock than if the requirement is met through investment in Class A stock, provided that such reduced investment provides sufficient capital for the Bank to remain in compliance with its regulatory capital requirements.

(d) Each member, or if applicable, former member, of a Bank shall at all times maintain an investment in the capital stock of the Bank in an amount that is sufficient to satisfy the minimum investment required under the Bank’s capital plan.

§ 1277.23 Dividends.

(a) In general. A Bank may pay dividends on Class A or Class B stock, including any subclasses of such stock, only out of previously retained earnings or current net earnings, and shall declare and pay dividends only as provided by its capital plan. The capital plan may establish different dividend rates or preferences for each class or subclass of stock, which may include a dividend that tracks the economic performance of certain Bank assets, such as Acquired Member Assets. A member, including a member that has provided the Bank with a notice of intent to withdraw from membership, or a former member shall be entitled to receive any dividends that a Bank declares on its capital stock while such institution owns the stock.

(b) Limitation on payment of dividends. In no event shall a Bank declare or pay any dividend on its capital stock if after doing so the Bank would fail to meet any of its regulatory capital requirements, nor shall a Bank that is not in compliance with any of its regulatory capital requirements declare or pay any dividend on its capital stock.
§ 1277.24 Liquidation, merger, or consolidation.

The respective rights of the Class A and Class B stockholders, in the event that the Bank is liquidated, merged, or otherwise consolidated with another Bank, shall be determined in accordance with the capital plan of the Bank, provided, however, that nothing in the capital plan shall be construed to limit any rights or authority granted FHFA under the Bank Act or the Safety and Soundness Act to issue any regulation or order or to take any other action that may affect or otherwise alter the rights or privileges of stock holders in a liquidation, merger, or consolidation of a Bank.

§ 1277.25 Transfer of capital stock.

A Bank in its capital plan may allow a member or former member to transfer any excess stock to a member of that Bank or to an institution that has been approved for membership in that Bank and that has satisfied all conditions for becoming a member, other than the purchase of the minimum amount of Bank stock that it is required to hold as a condition of membership. Any such stock transfers shall be at par value and shall be effective upon being recorded on the appropriate books and records of the Bank. The Bank may, in its capital plan, require that the transfer be approved by the Bank before such transfer can occur.

§ 1277.26 Redemption and repurchase of capital stock.

(a) Redemption. (1) A member or former member may have its stock in a Bank redeemed by providing written notice to the Bank in accordance with this section. A member or former member shall provide six-months written notice for Class A stock and five-years written notice for Class B stock. The notice shall indicate the number of shares of Bank stock that are to be redeemed. No more than one notice of redemption may be outstanding at one time for the same shares of Bank stock. At the expiration of the applicable notice period, the Bank shall pay to the member or other institution holding the stock the stated par value of that stock in cash.

(2) A member may cancel a notice of redemption by so informing the Bank in writing, and the Bank may impose a fee (to be specified in its capital plan) with respect to any cancellation of a pending notice of redemption. A request by a member (whose membership has not been terminated) to redeem specific shares of stock shall automatically be cancelled if the Bank is prevented from redeeming the member’s stock by paragraph (c) of this section within five business days from the end of the expiration of the applicable redemption notice period because the member would fail to maintain its minimum investment in the stock of the Bank after such redemption. The automatic cancellation of a member’s redemption request shall have the same effect as if the member had cancelled its notice to redeem stock prior to the end of the redemption notice period, and a Bank may impose a fee (to be specified in its capital plan) for automatic cancellation of a redemption request.

(3) A Bank shall not be obligated to redeem its capital stock other than in accordance with this paragraph.

(b) Repurchase. A Bank, in its discretion and without regard to the applicable redemption periods, may repurchase excess stock in accordance with the capital plan of that Bank. A Bank undertaking such a stock repurchase at its own initiative shall provide reasonable notice prior to repurchasing any excess stock, with the period of such notice to be specified in the Bank’s capital plan, and shall pay the stated par value of that stock in cash. A member’s submission of a notice of intent to withdraw from membership, or its termination of membership in any other manner, shall not, in and of itself, cause any Bank stock to be deemed excess stock for purposes of this section.

(c) Limitation. In no event may a Bank redeem or repurchase any stock if, following the redemption or repurchase, the Bank would fail to meet its regulatory capital requirements, or if the member or former member would fail to maintain its minimum investment in the stock of the Bank, as required by §1277.22.
§ 1277.27 Other restrictions on the repurchase or redemption of Bank stock.

(a) Capital impairment. A Bank may not redeem or repurchase any capital stock without the prior written approval of the Director if the Director or the board of directors of the Bank has determined that the Bank has incurred or is likely to incur losses that result in or are likely to result in charges against the capital of the Bank. This prohibition shall apply even if a Bank is currently in compliance with its regulatory capital requirements, and shall remain in effect for however long the Bank continues to incur such charges or until the Director determines that such charges are not expected to continue.

(b) Bank discretion to suspend redemption. A Bank, upon the approval of its board of directors, or of a subcommittee thereof, may suspend redemption of stock if the Bank reasonably believes that continued redemption of stock would cause the Bank to fail to meet its regulatory capital requirements, would prevent the Bank from maintaining adequate capital against a potential risk that may not be adequately reflected in its regulatory capital requirements, or would otherwise prevent the Bank from operating in a safe and sound manner. A Bank shall notify the Director in writing within two business days of the date of the decision to suspend the redemption of stock, providing the reasons for the suspension and the Bank’s strategies and time frames for addressing the conditions that led to the suspension. The Director may require the Bank to re-institute the redemption of stock. A Bank shall not repurchase any stock without the written permission of the Director during any period in which the Bank has suspended redemption of stock under this paragraph.

Subpart D—Bank Capital Plans

§ 1277.28 Bank capital plans.

Each Bank shall have in place a capital plan approved by the Bank’s board of directors and the Director. The capital plan shall include, at a minimum, provisions addressing the following matters:

(a) Minimum investment. (1) The capital plan shall require each member, and if applicable each former member, to purchase and maintain a minimum investment in the capital stock of the Bank and prescribe the manner for calculating the minimum investment, in accordance with §1277.22.

(2) The capital plan shall specify the amount and class (or classes) of Bank stock that an institution is required to own in order to become and remain a member of the Bank, and to obtain advances from, or to engage in other business transactions with, the Bank. If a Bank requires that the minimum investment be satisfied through the purchase of one or more combinations of Class A and Class B stock, the authorized combinations of stock shall be specified in the capital plan, which shall afford the option of satisfying the minimum investment through the purchase of any such combination of stock.

(3) The capital plan shall require the board of directors of the Bank to monitor and, as necessary, to adjust, the minimum investment to ensure that outstanding stock remains sufficient for the Bank to comply with its regulatory capital requirements. The plan shall require each member or, where required by the plan, former member, to comply promptly with any adjusted minimum investment established by the board of directors of the Bank, but may allow a reasonable time to do so and may allow a reduction in outstanding business with the Bank as an alternative to purchasing additional stock.

(b) Classes of capital stock. The capital plan shall specify the class or classes of stock (including subclasses, if any) that the Bank will issue, and shall establish the par value, rights, terms, and preferences associated with each class (or subclass) of stock. A Bank may establish preferences relating to, but not limited to, the dividend, voting, or liquidation rights for each class or subclass of Bank stock. Any voting preferences established by the Bank pursuant to §1261.6 of this chapter shall expressly state the voting rights of each class of stock with regard to the election of Bank directors. The capital plan shall provide that the owners of
the Class B stock own the retained earnings, surplus, undivided profits, and equity reserves of the Bank, but shall have no right to receive any portion of those items, except through declaration of a dividend or capital distribution approved by the board of directors or through the liquidation of the Bank.

(c) Dividends. The capital plan shall establish the manner in which the Bank will pay dividends, if any, on each class or subclass of stock, and shall provide that the Bank may not declare or pay any dividends if it is not in compliance with any regulatory capital requirement or if after paying the dividend it would not be in compliance with any regulatory capital requirement.

(d) Stock transactions. The capital plan shall establish the criteria for the issuance, redemption, repurchase, transfer, and retirement of stock issued by the Bank. The capital plan also:

1. Shall provide that the Bank may not issue stock other than in accordance with §1277.21;
2. Shall provide that the stock of the Bank may be issued only to and held only by the members of that Bank, and by former members to the extent necessary to meet requirements set forth in a capital plan;
3. Shall specify whether the stock of the Bank may be transferred, as allowed under §1277.25, and, if such transfer is allowed, shall specify the procedures to effect such transfer, and provide that the transfer shall be undertaken only in accordance with §1277.25;
4. Shall specify that the stock of the Bank may be traded only among the Bank and its members, and former members;
5. May provide for a minimum investment based on investment in Class B stock that is lower than a minimum investment based on investment in Class A stock, provided that the level of investment is sufficient for the Bank to comply with its regulatory capital requirements;
6. Shall specify the fee, if any, to be imposed upon cancellation of a request to redeem Bank stock or upon cancellation of a request to withdraw from membership; and
7. Shall specify the period of notice that the Bank will provide before the Bank, on its own initiative, determines to repurchase any excess Bank stock.

(e) Termination of membership. The capital plan shall address the manner in which the Bank will provide for the disposition of its capital stock that is held by institutions that terminate their membership, and the manner in which the Bank will liquidate claims against such institutions, including claims resulting from prepayment of advances prior to their stated maturity.

§1277.29 Amendments to a Bank’s capital plan.

(a) In general. A Bank’s board of directors shall approve any amendments to the Bank’s capital plan and submit such amendment to the Director for approval. No such amendment may take effect until it has been approved by the Director.

(b) Submission of amendments for approval. Any request for approval of capital plan amendments should be submitted to the Deputy Director for the Division of Federal Home Loan Bank Regulation and should include the following:

1. The name of the Bank making the request and the name, title, and contact information of the official filing the request;
2. The name, title, and contact information of the staff member(s) whom FHFA may contact for additional information;
3. A certification by an executive officer of the Bank with knowledge of the facts that the representations made in the request are accurate and complete. The following form of certification may be used: “I hereby certify that the statements contained in the submission are true and complete to the best of my knowledge. [Name and Title].”;
4. A written, narrative description of the proposed amendments to the Bank’s capital plan and a discussion of the Bank’s reasons for the proposed changes;
5. The amended capital plan as approved by the Bank’s board of directors;
(6) A version of the Bank’s capital plan showing all proposed changes to its previously approved capital plan;

(7) Resolutions of the Bank’s board of directors:
   (i) Approving the proposed capital plan amendments; and
   (ii) Authorizing the filing of the application for approval of the amendments and concurring in substance with the supporting documentation provided;

(8) An opinion of counsel demonstrating that the proposed amendments comply with the Bank Act, FHFA regulations and any other applicable law or regulation. If the amendments would be identical in substance to provisions approved for other Banks’ capital plans, a Bank’s legal analysis may reference the other capital plans that contain the provisions in question;

(9) An analysis of the effect of the proposed amendments, if any, on the Bank’s capital levels and the Bank’s ability to meet its regulatory capital requirements;

(10) Pro forma financial statements from the end of the quarter immediately prior to the date of submission of the request for approval through at least the end of the next two years, showing the impact of the proposed changes, if any, on capital levels; and

(11) A discussion of and an explanation for changes to the Bank’s strategic plan, if any, which may be related to the capital plan amendments.

(c) FHFA consideration of the amendment. The Director may approve any amendment to a Bank’s capital plan as submitted or may condition approval on the Bank’s compliance with certain stated conditions.

(iii) Fraudulent activities were used to obtain members’ approval; or
(iv) An event occurred subsequent to the members’ vote that would have a significant adverse impact on the future viability of the Continuing Bank.

§ 1278.4 Merger application.
(a) Contents of application. Any two or more Banks that wish to merge shall submit to FHFA a merger application that addresses all material aspects of the proposed merger. As provided in §1202.8 of this chapter, a Bank may submit separately any portions of the application that it believes contain confidential or privileged trade secrets or commercial or financial information, which portions will be handled in accordance with FHFA’s Freedom of Information Act regulations set forth in part 1202 of this chapter. The application shall include, at a minimum, the following:
§ 1278.4 12 CFR Ch. XII (1–1–16 Edition)

(1) A written statement that includes—

   (ii) The reasons for the proposed merger;
   (iii) The effect of the proposed merger on the Constituent Banks and their members;

   (v) If the Constituent Banks contemplate that the proposed merger will be one of two or more related transactions, a summary of the material features of any related transactions and the bearing that the consummation of, or failure to consummate, the related transactions is expected to have upon the proposed merger;
   (vi) If not addressed by the merger agreement, the Banks’ proposal for the ultimate size and composition of the board of directors for the Continuing Bank and their plan for reducing the board to its ultimate size and composition, as well as the names of the persons proposed to serve as directors and senior executive officers of the Continuing Bank immediately after the merger;
   (vii) A description of all proposed material operational changes including, but not limited to, reductions in the existing staffs of the Constituent Banks (to the extent such information is known), whether and how Bank operations will be combined, and whether any Constituent Bank will continue to operate as a branch of the Continuing Bank;

   (ix) A statement explaining all officer and director indemnification provisions; and
   (x) An undertaking that the Constituent Banks will continue to disclose all material information, and update all items of the application, as appropriate;

(6) The most recent annual audited Financial Statements, and any interim quarterly financial statements for the year-to-date, for each Constituent Bank; and

(7) Pro forma Financial Statements for the Continuing Bank as of the date of the most recent statement of condition supplied under paragraph (a)(6) of this section, and forecasted pro forma Financial Statements for each of at least two years following such date.

(b) Additional information. FHFA may require the Constituent Banks to submit any additional information FHFA deems necessary to evaluate the proposed merger. If FHFA has determined a merger application to be complete as provided in paragraph (c) of this section, FHFA may require the Constituent Banks to submit additional information only with respect to matters derived from or prompted by the materials already submitted, or matters of a material nature that were not reasonably apparent previously, including matters concealed by the Constituent Banks or relating to developments that arose after the determination of completeness. If the Constituent Banks fail to provide the additional information in a timely manner, the Director may deem the failure to provide the required information as grounds to deny the application.

(c) Completion of application. Within 30 days of the receipt of a merger application, FHFA shall determine whether the application is complete and whether FHFA has all information necessary for the Director to evaluate the proposed merger.

(1) If FHFA determines that the application is complete and that it has all information necessary to evaluate
the proposed merger, it shall so inform the Constituent Banks in writing.

(2) If FHFA determines that the application is incomplete, or that it requires additional information in order to evaluate the application, it shall so inform the Constituent Banks in writing, and shall specify the number of days within which the Constituent Banks must provide any additional information or materials. Within 15 days of receipt of the additional information or materials, FHFA shall inform the Constituent Banks in writing whether the merger application is complete.

§ 1278.5 Approval by Director.

(a) Standards. In determining whether to approve a merger of Banks under the authority of §1278.2, the Director shall take into consideration the financial and managerial resources of the Constituent Banks, the future prospects of the Continuing Bank, and the effect of the proposed merger on the safety and soundness of the Continuing Bank and the Bank system.

(b) Determination by Director. After FHFA determines that a merger application is complete, as provided in §1278.4(c), the Director shall, within 30 days, either approve or deny the merger application. An approval of a merger application may include any conditions the Director determines to be appropriate, and shall in all cases be conditioned on each Constituent Bank demonstrating that it has obtained its members' ratification of the merger agreement in accordance with the requirements of §1278.6 by submitting to FHFA:

(1) A certified copy of the members' resolution ratifying the merger agreement, on which the members cast their votes; and

(2) A certification of the member vote from the Bank's corporate secretary or from an independent third party.

(c) Notice. If the Director approves the merger application, FHFA shall provide written notice of the approval and any conditions to each Constituent Bank, as well as to each other Bank and the Office of Finance, and the notice to the Constituent Banks shall include a statement of the reasons for the denial.

§ 1278.6 Ratification by Bank Members.

(a) Requirements for member vote. No merger of Banks under the authority of §1278.2 may be consummated unless a merger agreement meeting the requirements of §1278.3 has been ratified by the affirmative vote of the members of each Constituent Bank in a voting process that meets the following requirements:

(1) Notice of vote. Each Constituent Bank shall submit the authorized merger agreement to its members for ratification by delivering to each institution that was a member as of the Record Date—

(i) A ballot that permits the member to vote for or against the ratification of the merger agreement, or to abstain from such vote; and

(ii) A Disclosure Statement that establishes a closing date for the Bank's receipt of completed ballots that is no earlier than 30 days after the date that the ballot and Disclosure Statement are delivered to its members.

(2) Voting rights and requirements. In the vote to ratify the merger agreement, each member of each Constituent Bank shall be entitled to cast one vote for each share of Bank stock that the member was required to own as of the Record Date, provided that the number of votes that any member may cast shall not exceed the average number of shares of Bank stock required to be held by all members of that Bank, calculated on a district-wide basis, as of the Record Date. A member must cast all of its votes either for or against the ratification of the merger agreement, or may abstain with respect to all of its votes. Each member's vote shall be made by resolution of its governing body, either authorizing the specific vote, or delegating to an individual the authority to vote.

(3) Determination of result. No Constituent Bank shall review any ballot until after the closing date established in the Disclosure Statement or include in the tabulation any ballot received
§ 1278.7 Consummation of the merger.

(a) Post-approval submissions. After the members of each Constituent Bank have voted to ratify the merger agreement, the Constituent Banks shall submit to FHFA:

(1) Evidence acceptable to the Director that all conditions imposed in connection with the approval of the merger application under §1278.5 have been satisfied, including the items specified in §§1278.5(b)(1) and (2); and

(2) An organization certificate for the Continuing Bank, in such form as FHFA may specify, that has been executed by the individuals who will constitute the board of directors of the Continuing Bank.

(b) Acceptance of organization certificate. Upon determining that all conditions have been satisfied and that the organization certificate meets the requirements of §1278.7(a)(2), the Director shall accept the organization certificate of the Continuing Bank by endorsing thereon the date of acceptance and the Effective Date, which date shall be:

(1) The proposed Effective Date set forth in the merger agreement or, if the merger agreement expresses the proposed Effective Date in terms of a range of dates, a date within the applicable range of dates; or

(2) If the proposed Effective Date set forth in the merger agreement has passed, the earlier of:

(i) The 10th business day following the date of acceptance of the organization certificate by the Director; or

(ii) The last business day preceding any date specified in the merger agreement by which the merger agreement will terminate if the merger has not become effective.

(c) Effectiveness of merger. After the Director has accepted the organization certificate of the Continuing Bank as provided in §1278.7(b), and as of the commencement of the Effective Date specified on such organization certificate:

(1) The Continuing Bank shall become or remain a body corporate (depending on the type of transaction) operating under such organization certificate with all powers granted to a Bank under the Bank Act;

(2) The Continuing Bank shall succeed to all rights, titles, powers, privileges, books, records, assets, and liabilities of the Constituent Banks, as provided in the merger agreement; and

Borrower income means the total gross income relied on in making the credit decision.

Conforming mortgage means, with respect to a Bank, a conventional AMA-approved single-family mortgage having an original principal obligation that does not exceed the dollar limitation in effect at the time of such origination and applicable to such mortgage under 12 CFR 955.2(a)(1)(i) and 12 U.S.C. 1717(b)(2), as these sections may be amended.

Subpart B—Housing Goals

§ 1281.10 General.

Pursuant to the requirements of the Bank Act, as amended (12 U.S.C. 1430c), this subpart establishes:

(a) Three single-family owner-occupied purchase money mortgage housing goals, and one single-family refinancing mortgage housing goal;

(b) A volume threshold for the application of the housing goals to a Bank;

(c) Requirements for measuring performance under the housing goals; and

(d) Procedures for monitoring and enforcing the housing goals.

§ 1281.11 Bank housing goals.

(a) Volume threshold. The housing goals established in this section shall apply to a Bank for a calendar year only if the unpaid principal balance (UPB) of the Bank’s purchases of AMA-approved mortgages in that year exceeds $2.5 billion.

(b) Market-based housing goals. A Bank that is subject to the housing goals shall be in compliance with a housing goal if its performance under the housing goal meets or exceeds the share of the market that qualifies for the housing goal. The size of the market for each housing goal shall be established annually by FHFA for each Bank district based on data reported pursuant to the Home Mortgage Disclosure Act for a given year. Unless otherwise adjusted by FHFA, the size of the market for each Bank district shall be determined based on the following criteria:

(1) Only owner-occupied, conventional loans secured by property located in that Bank district shall be considered;

(2) Purchase money mortgages and refinancing mortgages shall be counted only for the applicable housing goal or goals;

(3) All mortgages flagged as HOEPA loans or subordinate lien loans shall be excluded;
§ 1281.12 General counting requirements.

(a) Calculating the numerator and denominator for the housing goals. Performance under each of the housing goals shall be measured using a fraction that is converted into a percentage. Neither the numerator nor the denominator shall include Bank transactions or activities that are not AMA-approved mortgage purchases as defined by FHFA or that are specifically excluded as ineligible under §1281.13(b).

(1) The numerator. The numerator of each fraction is the number of AMA-approved mortgage purchases of a Bank in a particular year that finance owner-occupied single-family properties that count toward achievement of a particular housing goal.

(2) The denominator. The denominator of each fraction is the total number of AMA-approved mortgage purchases of a Bank in a particular year that finance owner-occupied, single-family properties. A separate denominator shall be calculated for purchase money mortgages and for refinancing mortgages.

(b) Missing data or information for the housing goals. (1) When a Bank lacks sufficient data or information to determine whether the purchase of a mortgage originated after 1992 counts toward achievement of a particular housing goal, that mortgage purchase shall be included in the denominator for that housing goal and shall not be included in the numerator for that housing goal.

(2) Mortgage purchases financing owner-occupied single-family properties shall be evaluated based on the income of the mortgagors and the area median income at the time the mortgage was originated. To determine whether mortgages may be counted under a particular family income level (i.e., low- or very low-income), the income of the mortgagors is compared to the median income for the area at the time of the mortgage application, using the appropriate percentage factor provided under §1281.1.

(c) Credit toward multiple goals. A mortgage purchase by a Bank in a particular year shall count toward the achievement of each housing goal for which such purchase qualifies in that year.
§ 1281.13 Special counting requirements.

(a) General. FHFA shall determine whether a Bank shall receive full, partial, or no credit toward achievement of any of the housing goals for a transaction that otherwise qualifies under this part.

(b) Not counted. The following transactions or activities shall not be counted for purposes of the housing goals and shall not be included in the numerator or the denominator in calculating a Bank’s performance under the housing goals, even if the transaction or activity would otherwise be counted under paragraph (c) of this section:

(1) Purchases of non-conventional single-family mortgages;
(2) Commitments to buy mortgages at a later date or time;
(3) Options to acquire mortgages;
(4) Rights of first refusal to acquire mortgages;
(5) Any interests in mortgages that the Director determines, in writing, shall not be treated as interests in mortgages;
(6) Mortgage purchases to the extent they finance any dwelling units that are secondary residences;
(7) Single-family refinancing mortgages that result from conversion of balloon notes to fully amortizing notes, if a Bank already owns, or has an interest in, the balloon note at the time conversion occurs;
(8) Purchases of subordinate lien mortgages (second mortgages);
(9) Purchases of mortgages that were previously counted by a Bank under any current or previous housing goal within the five years immediately preceding the current performance year;
(10) Purchases of mortgages where the property has not been approved for occupancy; and
(11) Any combination of factors in paragraphs (b)(1) through (b)(10) of this section.

(c) Other special rules. Subject to FHFA’s determination of whether a Bank shall receive full, partial, or no credit for a transaction toward achievement of any of the housing goals as provided in paragraph (a) of this section, the transactions and activities identified in this paragraph (c) shall be treated as mortgage purchases as described. A transaction or activity that is covered by more than one paragraph below must satisfy the requirements of each such paragraph. The mortgages from each such transaction or activity shall be included in the denominator in calculating a Bank’s performance under the housing goals, and shall be included in the numerator, as appropriate.

(1) Cooperative housing and condominiums. The purchase by a Bank of a mortgage on a cooperative housing unit (“a share loan”) or a mortgage on a condominium unit shall be treated as a mortgage purchase for purposes of the housing goals.

(2) Seasoned mortgages. The purchase of a seasoned mortgage by a Bank shall be treated as a mortgage purchase for purposes of the housing goals, except where the Bank has already counted the mortgage under any current or previous housing goal within the five years immediately preceding the current performance year.

(3) Purchase of refinancing mortgages. The purchase of a refinancing mortgage by a Bank shall be treated as a mortgage purchase for purposes of the housing goals only if the refinancing is...
an arms-length transaction that is borrower-driven.

(d) HOEPA mortgages and mortgages with unacceptable terms or conditions. The purchase by a Bank of HOEPA mortgages and mortgages with unacceptable terms or conditions, as defined in §1281.1, shall be treated as mortgage purchases for purposes of the housing goals and shall be included in the denominator for each applicable housing goal, but such mortgages shall not be counted in the numerator for any housing goal.

(e) FHFA review of transactions. FHFA may determine whether and how any transaction or class of transactions shall be counted for purposes of the housing goals. FHFA will notify each Bank in writing of any determination regarding the treatment of any transaction or class of transactions under the housing goals.

§ 1281.14 Determination of compliance with housing goals; notice of determination.

(a) Determination of compliance with housing goals. On an annual basis, the Director shall determine whether each Bank has exceeded the volume threshold. For each Bank that has exceeded the volume threshold in a year, the Director shall determine the Bank’s performance under each housing goal.

(b) Failure to meet a housing goal. If the Director determines that a Bank has failed to meet any housing goal, the Director shall notify the Bank in writing of any determination regarding the treatment of any transaction or class of transactions under the housing goals.

(ii) Extended period. The Director may extend the period under paragraph (b)(2)(i) of this section for good cause for not more than 30 additional days.

(iii) Shortened period. The Director may shorten the period under paragraph (b)(2)(i) of this section for good cause.

(iv) Failure to respond. The failure of a Bank to provide information during the 30-day period under this paragraph (b)(2), as extended or shortened, shall waive any right of the Bank to comment on the proposed determination or action of the Director.

(3) Consideration of information and final determination—(i) In general. After the expiration of the response period under paragraph (b)(2)(i) of this section or receipt of information provided during such period by a Bank, the Director shall issue a final determination on:

(A) Whether the Bank has failed to meet the housing goal; and

(B) Whether, taking into consideration market and economic conditions and the financial condition of the Bank, the achievement of the housing goal was feasible.

(ii) Considerations. In making a final determination under paragraph (b)(3)(i) of this section, the Director shall take into consideration any relevant information submitted by a Bank during the response period.

§ 1281.15 Housing plans.

(a) Housing plan requirement. If the Director determines that a Bank has failed to meet any housing goal and that the achievement of the housing goal was feasible, the Director may require the Bank to submit a housing plan for approval by the Director.

(b) Nature of plan. If the Director requires a housing plan, the housing plan shall:

(1) Be feasible;

(2) Be sufficiently specific to enable the Director to monitor compliance periodically;

(3) Describe the specific actions that the Bank will take to achieve the housing goal for the next calendar year; and
Federal Housing Finance Agency § 1281.21

(4) Address any additional matters relevant to the plan as required, in writing, by the Director.

(c) Deadline for submission. The Bank shall submit the housing plan to the Director within 45 days after issuance of a notice requiring the Bank to submit a housing plan. The Director may extend the deadline for submission of a plan, in writing and for a time certain, to the extent the Director determines an extension is necessary.

(d) Review of housing plan. The Director shall review and approve or disapprove a housing plan as follows:

(1) Approval. The Director shall review each submission by a Bank, including a housing plan submitted under this section and, not later than 30 days after submission, approve or disapprove the plan or other action. The Director may extend the period for approval or disapproval for a single additional 30-day period if the Director determines it necessary. The Director shall approve any plan that the Director determines is likely to succeed, and conforms with the Bank Act, this part, and any other applicable provision of law.

(2) Notice of approval and disapproval. The Director shall provide written notice to a Bank submitting a housing plan of the approval or disapproval of the plan, which shall include the reasons for any disapproval of the plan, and of any extension of the period for approval or disapproval.

(e) Resubmission. If the Director disapproves an initial housing plan submitted by a Bank, the Bank shall submit an amended plan acceptable to the Director not later than 15 days after the Director’s disapproval of the initial plan; the Director may extend the deadline if the Director determines an extension is in the public interest. If the amended plan is not acceptable to the Director, the Director may afford the Bank 15 days to submit a new plan.

(f) Enforcement of housing plan. If the Director finds that a Bank has failed to meet any housing goal, and that the achievement of the housing goal was feasible, and has required the Bank to submit a housing plan under this section, the Director may issue a cease and desist order, or impose civil money penalties, if the Bank refuses to submit such a plan, fails to submit an acceptable plan, or fails to comply with the approved plan. In taking such action, the Director shall follow procedures consistent with those provided in 12 U.S.C. 4581 through 4588 with respect to actions to enforce the housing goals.

Subpart C—Reporting Requirements

§ 1281.20 General.

This subpart establishes data submission and reporting requirements to provide the Director with mortgage and other information relating to the Banks’ performance in connection with the housing goals, as supplemented from time to time in the Banks’ Data Reporting Manual (DRM).

§ 1281.21 Mortgage Reports.

(a) Loan-level data elements. To implement the data collection and submission requirements for mortgage data, and to assist the Director in monitoring the Banks’ housing goal activities, each Bank shall collect and compile computerized loan-level data on each AMA-approved mortgage purchase, as described in the DRM. The Director may, from time to time, issue a list in the DRM specifying the loan-level data elements to be collected and maintained by the Banks and provided to the Director. The Director may revise the DRM list by written notice to the Banks.

(b) Semi-annual Mortgage Reports. Each Bank shall submit to the Director, on a semi-annual basis, a Mortgage Report. The second semi-annual Mortgage Report each year shall serve as the annual Mortgage Report and shall be designated as such. Each Mortgage Report shall include:

(1) Aggregations of the loan-level mortgage data compiled by each Bank under paragraph (a) of this section for year-to-date AMA-approved mortgage purchases, in the format specified in writing by the Director;

(2) Year-to-date dollar volume, number of units, and number of AMA-approved mortgages on owner-occupied properties purchased by each Bank that do, and do not, qualify under each housing goal as set forth in this part; and

395
§ 1281.22 Periodic reports.

Each Bank shall provide to the Director such reports, information and data as the Director may request from time to time, or as may be supplemented in the DRM.

§ 1281.23 Bank data integrity.

(a) Certification. (1) The senior officer of each Bank who is responsible for submitting the annual Mortgage Report, or for submitting any other report(s), data or other information for which certification is requested in writing by the Director, shall certify such report(s), data or information.

(2) The certification shall state as follows: “To the best of my knowledge and belief, the information provided herein is true, correct and complete.”

(b) Adjustment to correct errors, omissions or discrepancies. FHFA shall determine an annual basis the official housing goals performance figures for a Bank that is subject to the housing goals. FHFA may resolve any error, omission or discrepancy by adjusting the Bank’s official housing goals performance figure. If the Director determines that the year-end data reported by a Bank for a year preceding the latest year for which data on housing goals performance was reported to FHFA contained a material error, omission or discrepancy, the Director may increase the corresponding housing goal for the current year by the number of mortgages that the Director determines were overstated in the prior year’s goal performance.

§ 1282.12  Single-family housing goals.

(a) Single-family housing goals. An Enterprise shall be in compliance with a single-family housing goal if its performance under the housing goal meets or exceeds either:

1. The share of the market that qualifies for the goal; or

2. The benchmark level for the goal.

(b) Size of market. The size of the market for each goal shall be established annually by FHFA based on data reported pursuant to the Home Mortgage Disclosure Act for a given year. Unless otherwise adjusted by FHFA, the size of the market shall be determined based on the following criteria:

1. Only owner-occupied, conventional loans shall be considered;

2. Purchase money mortgages and refinancing mortgages shall only be counted for the applicable goal or goals;

3. All mortgages flagged as HOEPA loans or subordinate lien loans shall be excluded;

4. All mortgages with original principal balances above the conforming loan limits for single unit properties for the year being evaluated (rounded to the nearest $1,000) shall be excluded;

1. The share of the market that qualifies for the goal; or

2. The benchmark level for the goal.

(b) Size of market. The size of the market for each goal shall be established annually by FHFA based on data reported pursuant to the Home Mortgage Disclosure Act for a given year. Unless otherwise adjusted by FHFA, the size of the market shall be determined based on the following criteria:

1. Only owner-occupied, conventional loans shall be considered;

2. Purchase money mortgages and refinancing mortgages shall only be counted for the applicable goal or goals;

3. All mortgages flagged as HOEPA loans or subordinate lien loans shall be excluded;

4. All mortgages with original principal balances above the conforming loan limits for single unit properties for the year being evaluated (rounded to the nearest $1,000) shall be excluded;

5. All mortgages with rate spreads of 150 basis points or more above the applicable average prime offer rate as reported in the Home Mortgage Disclosure Act data shall be excluded; and

6. All mortgages that are missing information necessary to determine appropriate counting under the housing goals shall be excluded.

(c) Low-income families housing goal. The percentage share of each Enterprise’s total purchases of purchase money mortgages on owner-occupied single-family housing that consists of mortgages for low-income families shall meet or exceed either:

1. The share of such mortgages in the market as defined in paragraph (b) of this section in each year; or

2. The benchmark level, which for 2015, 2016, and 2017 shall be 24 percent of the total number of purchase money mortgages purchased by that Enterprise in each year that finance owner-occupied single-family properties.

Federal Housing Finance Agency

§ 1282.13 Multifamily special affordable housing goal and subgoals.

(a) Multifamily housing goal and subgoals. An Enterprise shall be in compliance with a multifamily housing goal or subgoal if its performance under the housing goal or subgoal meets or exceeds the benchmark level for the goal or subgoal, respectively.

(b) Multifamily low-income housing goal. The benchmark level for each Enterprise’s purchases of mortgages on multifamily residential housing affordable to low-income families shall be at least 300,000 dwelling units affordable to low-income families in multifamily residential housing financed by mortgages purchased by the Enterprise in each year for 2015, 2016, and 2017.

(c) Multifamily very low-income housing subgoal. The benchmark level for each Enterprise’s purchases of mortgages on multifamily residential housing affordable to very low-income families shall be at least 60,000 dwelling units affordable to very low-income families in multifamily residential housing financed by mortgages purchased by the Enterprise in each year for 2015, 2016, and 2017.

(d) Small multifamily low-income housing subgoal. (1) For the year 2015, the benchmark level for each Enterprise’s purchases of mortgages on small multifamily properties affordable to low-income families shall be at least 6,000 dwelling units affordable to low-income families in small multifamily properties financed by mortgages purchased by the Enterprise. 

(2) For the year 2016, the benchmark level for each Enterprise’s purchases of mortgages on small multifamily properties affordable to low-income families shall be at least 8,000 dwelling units affordable to low-income families in small multifamily properties financed by mortgages purchased by the Enterprise.

(3) For the year 2017, the benchmark level for each Enterprise’s purchases of
mortgages on small multifamily properties affordable to low-income families shall be at least 10,000 dwelling units affordable to low-income families in small multifamily properties financed by mortgages purchased by the Enterprise.

§ 1282.14 Discretionary adjustment of housing goals.

(a) An Enterprise may petition the Director in writing during any year to reduce any goal or subgoal for that year.

(b) The Director shall seek public comment on any such petition for a period of 30 days.

(c) The Director shall make a determination regarding the petition within 30 days after the end of the public comment period. If the Director requests additional information from the Enterprise after the end of the public comment period, the Director may extend the period for a final determination for a single additional 15-day period.

(d) The Director may reduce a goal or subgoal pursuant to a petition for reduction only if:

1. Market and economic conditions or the financial condition of the Enterprise require such a reduction; or

2. Efforts to meet the goal or subgoal would result in the constraint of liquidity, over-investment in certain market segments, or other consequences contrary to the intent of the Safety and Soundness Act or the purposes of the Charter Acts (12 U.S.C. 1716; 12 U.S.C. 1451 note).

§ 1282.15 General counting requirements.

(a) Calculating the numerator and denominator for single-family housing goals. Performance under each of the single-family housing goals shall be measured using a fraction that is converted into a percentage. Neither the numerator nor the denominator shall include Enterprise transactions or activities that are not mortgage purchases as defined by FHFA or that are specifically excluded as ineligible under §1282.16(b).

(b) Counting owner-occupied units. (1) Mortgage purchases financing owner-occupied single-family properties shall be evaluated based on the income of the mortgagors and the area median income at the time the mortgage was originated. To determine whether mortgages may be counted under a particular family income level, i.e., low- or very low-income, the income of the mortgagors is compared to the median income for the area at the time the mortgage was originated, using the appropriate percentage factor provided under §1282.17.

(2) Mortgage purchases financing owner-occupied single-family properties for which the income of the mortgagors is not available shall be included in the denominator for the single-family housing goals and subgoal, but such mortgages shall not be counted in the numerator of any single-family housing goal or subgoal.

(c) Counting dwelling units for multifamily housing goal and subgoals. Performance under the multifamily housing goal and subgoals shall be measured by counting the number of dwelling units that count toward achievement of a particular housing goal or subgoal in all multifamily properties financed by mortgages purchased by an Enterprise in a particular year. Only dwelling units that are financed by mortgage purchases, as defined by FHFA, and that are not specifically excluded as ineligible under §1282.16(b), may be counted for purposes of the multifamily housing goal and subgoals.

(d) Counting rental units—(1) Use of rent. For purposes of counting rental units toward achievement of the multifamily housing goal and subgoals, mortgage purchases financing such units shall be evaluated based on rent and whether the rent is affordable to
the income group targeted by the housing goal and subgoals. A rent is affordable if the rent does not exceed the maximum levels as provided in §1282.19.

(2) Affordability of rents based on housing program requirements. Where a multifamily property is subject to an affordability restriction under a housing program that establishes the maximum permitted income level for a tenant or a prospective tenant or the maximum permitted rent, the affordability of units in the property may be determined based on the maximum permitted income level or maximum permitted rent established under such housing program for those units. If using income, the maximum income level must be no greater than the maximum income level for each goal, adjusted for family or unit size as provided in §1282.17 or §1282.18, as appropriate. If using rent, the maximum rent level must be no greater than the maximum rent level for each goal, adjusted for unit size as provided in §1282.19.

(3) Unoccupied units. Anticipated rent for unoccupied units may be the market rent for similar units in the neighborhood as determined by the lender or appraiser for underwriting purposes. A unit in a multifamily property that is unoccupied because it is being used as a model unit or rental office may be counted for purposes of the multifamily housing goal and subgoals only if an Enterprise determines that the number of such units is reasonable and minimal considering the size of the multifamily property.

(4) Timeliness of information. In evaluating affordability under the multifamily housing goal and subgoals, each Enterprise shall use tenant and rental information as of the time of mortgage acquisition.

(e) Missing data or information for multifamily housing goal and subgoals. (1) Rental units for which bedroom data are missing shall be considered efficiencies for purposes of calculating unit affordability.

(2) When an Enterprise lacks sufficient information to determine whether a rental unit in a property securing a multifamily mortgage purchased by an Enterprise counts toward achievement of the multifamily housing goal or subgoals because rental data is not available, an Enterprise’s performance with respect to such unit may be evaluated using estimated affordability information by multiplying the number of rental units with missing affordability information in properties securing multifamily mortgages purchased by the Enterprise in each census tract by the percentage of all rental dwelling units in the respective tracts that would count toward achievement of each goal and subgoal, as determined by FHFA based on the most recent decennial census.

(3) The estimation methodology in paragraph (e)(2) of this section may be used up to a nationwide maximum of 5 percent of the total number of rental units in properties securing multifamily mortgages purchased by the Enterprise in the current year. Multifamily rental units in excess of this maximum, and any units for which estimation information is not available, shall not be counted for purposes of the multifamily housing goal and subgoals.

(f) Credit toward multiple goals. A mortgage purchase (or dwelling unit financed by such purchase) by an Enterprise in a particular year shall count toward the achievement of each housing goal for which such purchase (or dwelling unit) qualifies in that year.

(g) Application of median income. (1) For purposes of determining an area’s median income under §§1282.17 through 1282.19 and the definitions in §1282.1, the area is:

(i) The metropolitan area, if the property which is the subject of the mortgage is in a metropolitan area; and

(ii) In all other areas, the county in which the property is located, except that where the State non-metropolitan median income is higher than the county’s median income, the area is the State non-metropolitan area.

(2) When an Enterprise cannot precisely determine whether a mortgage is on dwelling unit(s) located in one area, the Enterprise shall determine the median income for the split area in the manner prescribed by the Federal Financial Institutions Examination Council for reporting under the Home Mortgage Disclosure Act (12 U.S.C. 2801 et seq.), if the Enterprise can determine
that the mortgage is on dwelling unit(s) located in:
   (i) A census tract; or
   (ii) A census place code.
(h) Sampling not permitted. Performance under the housing goals for each year shall be based on a complete tabulation of mortgage purchases (or dwelling units) for that year; a sampling of such purchases (or dwelling units) is not acceptable.
(i) Newly available data. When an Enterprise uses data to determine whether a mortgage purchase (or dwelling unit) counts toward achievement of any goal and new data is released after the start of a calendar quarter, the Enterprise need not use the new data until the start of the following quarter.

§ 1282.16 Special counting requirements.
(a) General. FHFA shall determine whether an Enterprise shall receive full, partial, or no credit toward achievement of any of the housing goals for a transaction that otherwise qualifies under this part. In this determination, FHFA will consider whether a transaction or activity of the Enterprise is substantially equivalent to a mortgage purchase and either creates a new market or adds liquidity to an existing market, provided however that such mortgage purchase actually fulfills the Enterprise’s purposes and is in accordance with its Charter Act.
(b) Not counted. The following transactions or activities shall not be counted for purposes of the housing goals and shall not be included in the numerator or the denominator in calculating either Enterprise’s performance under the housing goals, even if the transaction or activity would otherwise be counted pursuant to paragraph (c) of this section:
(1) Equity investments in low-income housing tax credits;
(2) Purchases of State and local government housing bonds except as provided in paragraph (c)(8) of this section;
(3) Purchases of single-family non-conventional mortgages and multifamily non-conventional mortgages, except:
   (i) Multifamily mortgages acquired under a risk-sharing arrangement with a Federal agency;
   (ii) Multifamily mortgages under other multifamily mortgage programs involving Federal guarantees, insurance or other Federal obligation where FHFA determines in writing that the financing needs addressed by the particular mortgage program are not well served and that the mortgage purchases under such program should count under the housing goals;
(4) Commitments to buy mortgages at a later date or time;
(5) Options to acquire mortgages;
(6) Rights of first refusal to acquire mortgages;
(7) Any interests in mortgages that the Director determines, in writing, shall not be treated as interests in mortgages;
(8) Mortgage purchases to the extent they finance any dwelling units that are secondary residences;
(9) Single-family refinancing mortgages that result from conversion of balloon notes to fully amortizing notes, if the Enterprise already owns or has an interest in the balloon note at the time conversion occurs;
(10) Purchases of subordinate lien mortgages (second mortgages);
(11) Purchases of mortgages or interests in mortgages that were previously counted by the Enterprise under any current or previous housing goal within the five years immediately preceding the current performance year;
(12) Purchases of mortgages where the property, or any units within the property, have not been approved for occupancy;
(13) Purchases of private label securitities;
(14) Enterprise contributions to the Housing Trust Fund (12 U.S.C. 4568) or the Capital Magnet Fund (12 U.S.C. 4569), and mortgage purchases funded with such grant amounts; and
(15) Any combination of factors in paragraphs (b)(1) through (b)(14) of this section.
(c) Other special rules. Subject to FHFA’s determination of whether an Enterprise shall receive full, partial, or no credit for a transaction toward achievement of any of the housing goals as provided in paragraph (a) of

404
this section, the transactions and activities identified in this paragraph (c) shall be treated as mortgage purchases as described. A transaction or activity that is covered by more than one paragraph below must satisfy the requirements of each such paragraph. The mortgages (or dwelling units, for the multifamily housing goals) from each such transaction or activity shall be included in the denominator in calculating the Enterprise’s performance under the housing goals, and shall be included in the numerator, as appropriate.

(1) Credit enhancements. (i) Mortgages (or dwelling units) financed under a credit enhancement entered into by an Enterprise shall be treated as mortgage purchases for purposes of the housing goals only when:

(A) The Enterprise provides a specific contractual obligation to ensure timely payment of amounts due under a mortgage or mortgages financed by the issuance of housing bonds (such bonds may be issued by any entity, including a State or local housing finance agency); and

(B) The Enterprise assumes a credit risk in the transaction substantially equivalent to the risk that would have been assumed by the Enterprise if it had securitized the mortgages financed by such bonds.

(ii) When an Enterprise provides a specific contractual obligation to ensure timely payment of amounts due under any mortgage originally insured by a public purpose mortgage insurance entity or fund, the Enterprise may, on a case-by-case basis, seek approval from the Director for such activities to count toward achievement of the housing goals.

(2) [Reserved]

(3) Risk-sharing. Mortgages purchased under risk-sharing arrangements between an Enterprise and any Federal agency under which the Enterprise is responsible for a substantial amount of the risk shall be treated as mortgage purchases for purposes of the housing goals.

(4) Participations. Participations purchased by an Enterprise shall be treated as mortgage purchases for purposes of the housing goals only when the Enterprise’s participation in the mortgage is 50 percent or more.

(5) Cooperative housing and condominiums. (i) The purchase of a mortgage on a cooperative housing unit ("a share loan") or a mortgage on a condominium unit shall be treated as a mortgage purchase for purposes of the housing goals. Such a purchase shall be counted in the same manner as a mortgage purchase of single-family owner-occupied units.

(ii) The purchase of a blanket mortgage on a cooperative building or a mortgage on a condominium project shall be treated as a mortgage purchase for purposes of the housing goals. The purchase of a blanket mortgage on a cooperative building shall be counted in the same manner as a mortgage purchase of a multifamily rental property, except that affordability must be determined based solely on the comparable market rents used in underwriting the blanket loan. If the underwriting rents are not available, the loan shall not be treated as a mortgage purchase for purposes of the housing goals. The purchase of a mortgage on a condominium project shall be counted in the same manner as a mortgage purchase of a multifamily rental property.

(iii) Where an Enterprise purchases both a blanket mortgage on a cooperative building and share loans for units in the same building, both the mortgage on the cooperative building and the share loans shall be treated as mortgage purchases for purposes of the housing goals. Where an Enterprise purchases both a mortgage on a condominium project and mortgages on individual dwelling units in the same project, both the mortgage on the condominium project and the mortgages on individual dwelling units shall be treated as mortgage purchases for purposes of the housing goals.

(6) Seasoned mortgages. An Enterprise’s purchase of a seasoned mortgage shall be treated as a mortgage purchase for purposes of the housing goals, except where the Enterprise has already counted the mortgage under any current or previous housing goal within the five years immediately preceding the current performance year.
(7) Purchase of refinancing mortgages. The purchase of a refinancing mortgage by an Enterprise shall be treated as a mortgage purchase for purposes of the housing goals only if the refinancing is an arms-length transaction that is borrower-driven.

(8) Mortgage revenue bonds. The purchase or guarantee by an Enterprise of a mortgage revenue bond issued by a State or local housing finance agency shall be treated as a purchase of the underlying mortgages for purposes of the housing goals only to the extent the Enterprise has sufficient information to determine whether the underlying mortgages or mortgage-backed securities qualify for inclusion in the numerator for one or more housing goal.

(9) [Reserved]

(10) Loan modifications. An Enterprise’s permanent modification, in accordance with the Making Home Affordable program announced on March 4, 2009, of a loan that is held in the Enterprise’s portfolio or that is in a pool backing a security guaranteed by the Enterprise, shall be treated as a mortgage purchase for purposes of the housing goals. Each such permanent loan modification shall be counted in the same manner as a purchase of a refinancing mortgage.

(11)–(13) [Reserved]

(14) Seller dissolution option. (i) Mortgages acquired through transactions involving seller dissolution options shall be treated as mortgage purchases for purposes of the housing goals, only when:

(A) The terms of the transaction provide for a lockout period that prohibits the exercise of the dissolution option for at least one year from the date on which the transaction was entered into by the Enterprise and the seller of the mortgages; and

(B) The transaction is not dissolved during the one-year minimum lockout period.

(ii) The Director may grant an exception to the one-year minimum lockout period described in paragraphs (c)(14)(i)(A) and (B) of this section, in response to a written request from an Enterprise, if the Director determines that the transaction furthers the purposes of the Safety and Soundness Act and the Enterprise’s Charter Act.

(iii) For purposes of this paragraph (c)(14), “seller dissolution option” means an option for a seller of mortgages to the Enterprises to dissolve or otherwise cancel a mortgage purchase agreement or loan sale.

(d) HOEPA mortgages. HOEPA mortgages shall be treated as mortgage purchases for purposes of the housing goals and shall be included in the denominator for each applicable single-family housing goal, but such mortgages shall not be counted in the numerator for any housing goal.

(e) FHFA review of transactions. FHFA may determine whether and how any transaction or class of transactions shall be counted for purposes of the housing goals, including treatment of missing data. FHFA will notify each Enterprise in writing of any determination regarding the treatment of any transaction or class of transactions under the housing goals. FHFA will make any such determinations available to the public on FHFA’s Web site, www.fhfa.gov.

§ 1282.17 Affordability—Income level definitions—family size and income known (owner-occupied units, actual tenants, and prospective tenants).

In determining whether a dwelling unit is affordable where income information (and family size, for rental units) is known to the Enterprise, the affordability of the unit shall be determined as follows:

(a) Moderate-income means:

(1) In the case of owner-occupied units, income not in excess of 100 percent of area median income; and

(2) In the case of rental units, where the income of actual or prospective tenants is available, income not in excess of the following percentages of area median income corresponding to the following family sizes:

<table>

<tr>
<th>Number of persons in family</th>
<th>Percentage of area median income</th>

<tr>
<td>3</td>
<td>90</td>
</tr>
</tbody>
</table>
§ 1282.18 Affordability—Income level definitions—family size not known (actual or prospective tenants).

In determining whether a rental unit is affordable where family size is not known to the Enterprise, income will be adjusted using unit size, and affordability determined as follows:

(a) For moderate-income, the income of prospective tenants shall not exceed the following percentages of area median income with adjustments, depending on unit size:

(b) For low-income (80%), income of prospective tenants shall not exceed
the following percentages of area median income with adjustments, depending on unit size:

*83.2% plus (8.6% multiplied by the number of bedrooms in excess of 3).

(c) For low-income (60%), income of prospective tenants shall not exceed the following percentages of area median income with adjustments, depending on unit size:

§ 1282.20 Determination of compliance with housing goals; notice of determination.

(a) Single-family housing goals. The Director shall evaluate each Enterprise’s performance under the low-income families housing goal, the very low-income families housing goal, the low-income areas housing goal, the low-income areas housing subgoal, and the refinancing mortgages housing goal on an annual basis. If the Director determines that an Enterprise has failed, or there is a substantial probability that an Enterprise will fail, to meet a single-family housing goal established by this subpart, the Director shall notify the Enterprise in writing of such preliminary determination.

(b) Multifamily housing goal and subgoals. The Director shall evaluate each Enterprise’s performance under the multifamily low-income housing goal, the multifamily very low-income housing subgoal, and the small multifamily low-income housing subgoal, on an annual basis. If the Director determines that an Enterprise has failed, or there is a substantial probability that an Enterprise will fail, to meet a multifamily housing goal or subgoal established by this subpart, the Director shall notify the Enterprise in writing of such preliminary determination.

(c) Any notification to an Enterprise of a preliminary determination under this section shall provide the Enterprise with an opportunity to respond in writing in accordance with the procedures at 12 U.S.C. 4566(b).

§ 1282.21 Housing plans.

(a) General. If the Director determines that an Enterprise has failed, or there is a substantial probability that an Enterprise will fail, to meet any housing goal and that the achievement of the housing goal was or is feasible, the Director may require the Enterprise to submit a housing plan for approval by the Director.

(b) Nature of plan. If the Director requires a housing plan, the housing plan shall:

1. Be feasible;
2. Be sufficiently specific to enable the Director to monitor compliance periodically;
3. Describe the specific actions that the Enterprise will take:
   (i) To achieve the goal for the next calendar year; and
   (ii) If the Director determines that there is a substantial probability that the Enterprise will fail to meet a housing goal in the current year, to make such improvements and changes in its operations as are reasonable in the remainder of the year; and
4. Address any additional matters relevant to the plan as required, in writing, by the Director.

(c) Deadline for submission. The Enterprise shall submit the housing plan to the Director within 45 days after issuance of a notice requiring the Enterprise to submit a housing plan. The Director may extend the deadline for submission of a plan, in writing and for a time certain, to the extent the Director determines an extension is necessary.

(d) Review of housing plans. The Director shall review and approve or disapprove housing plans in accordance with 12 U.S.C. 4566(c)(4) and (c)(5).
(e) Resubmission. If the Director disapproves an initial housing plan submitted by an Enterprise, the Enterprise shall submit an amended plan acceptable to the Director not later than 15 days after the Director’s disapproval of the initial plan; the Director may extend the deadline if the Director determines an extension is in the public interest. If the amended plan is not acceptable to the Director, the Director may afford the Enterprise 15 days to submit a new plan.

Subpart C [Reserved]

Subpart D—Reporting Requirements

§ 1282.61 General.
This subpart establishes data submission and reporting requirements to carry out the requirements of the Enterprises’ Charter Acts and the Safety and Soundness Act.

§ 1282.62 Mortgage reports.
(a) Loan-level data elements. To implement the data collection and submission requirements for mortgage data, and to assist the Director in monitoring the Enterprises’ housing goal activities, each Enterprise shall collect and compile computerized loan-level data on each mortgage purchased in accordance with 12 U.S.C. 1456(e) and 1723a(m). The Director may, from time to time, issue a list entitled “Required Loan-level Data Elements” specifying the loan-level data elements to be collected and maintained by the Enterprises and provided to the Director. The Director may revise the list by written notice to the Enterprises.
(b) Quarterly Mortgage Reports. Each Enterprise shall submit to the Director a quarterly Mortgage Report. The fourth quarter Mortgage Report shall serve as the Annual Mortgage Report and shall be designated as such. Each Mortgage Report shall include:
(1) Aggregations of the loan-level mortgage data compiled by the Enterprise under paragraph (a) of this section for year-to-date mortgage purchases, in the format specified in writing by the Director;
(2) Year-to-date dollar volume, number of units, and number of mortgages on owner-occupied and rental properties purchased by the Enterprise that do, and do not, qualify under each housing goal as set forth in this part; and
(3) Year-to-date computerized loan-level data consisting of the data elements required under paragraph (a) of this section.
(c) Timing of Reports. The Enterprises shall submit the Mortgage Report for each of the first 3 quarters of each year within 60 days of the end of the quarter. Each Enterprise shall submit its Annual Mortgage Report within 75 days after the end of the calendar year.
(d) Revisions to Reports. At any time before submission of its Annual Mortgage Report, an Enterprise may revise any of its quarterly reports for that year.
(e) Format. The Enterprises shall submit to the Director computerized loan-level data with the Mortgage Report, in the format specified in writing by the Director.

§ 1282.63 Annual Housing Activities Report.
To comply with the requirements in sections 309(n) of the Fannie Mae Charter Act and 307(f) of the Freddie Mac Act and assist the Director in preparing the Director’s Annual Report to Congress, each Enterprise shall submit to the Director an AHAR including the information listed in those sections of the Charter Acts. Each Enterprise shall submit such report within 75 days after the end of each calendar year, to the Director, the Committee on Financial Services of the House of Representatives, and the Committee on Banking, Housing, and Urban Affairs of the Senate. Each Enterprise shall make its AHAR available to the public online and at its principal and regional offices. Before making any such report available to the public, the Enterprise may exclude from the report any information that the Director has deemed proprietary.

§ 1282.64 Periodic reports.
Each Enterprise shall provide to the Director such reports, information and
§ 1282.65 Enterprise data integrity.

(1) The senior officer of each Enterprise who is responsible for submitting the fourth quarter Annual Mortgage Report and the AHAR under sections 309(m) and (n) of the Fannie Mae Charter Act or sections 307(e) and (f) of the Freddie Mac Act, as applicable, or for submitting any other report(s), data or information for which certification is requested in writing by the Director, shall certify such report(s), data or information.

(b) Adjustment to correct errors, omissions or discrepancies in AHAR data. FHFA shall determine the official housing goal performance figure for each Enterprise under the housing goals on an annual basis. FHFA may resolve any error, omission or discrepancy by adjusting the Enterprise’s official housing goal performance figure. If the Director determines that the year-end data reported by an Enterprise for a year preceding the latest year for which data on housing goals performance was reported to FHFA contained a material error, omission or discrepancy, the Director may increase the corresponding housing goal for the current year by the number of mortgages (or dwelling units) that the Director determines were overstated in the prior year’s goal performance.

For purposes of this part:

Unless instructed otherwise by FHFA, the Bank must provide to each member a blank Community Support Statement Form, which will also be available on FHFA’s Web site. Upon a member’s request, the Bank must provide assistance to the member in completing the Community Support Statement.

(b) Community Support Statement.—(1) Submission requirements. Except as provided in paragraph (b)(2) of this section, each member that is subject to community support review must submit to FHFA a completed Community Support Statement and any other related information FHFA may require by December 31, 2015, and by December 31 every two years thereafter. The member’s completed Community Support Statement must be executed by an appropriate senior officer of the member and must be submitted to FHFA pursuant to FHFA’s submission instructions.

Such non-depository CDFIs, therefore, are not required to submit Community Support Statements to FHFA under paragraph (b) of this section and are not subject to
community support review under this part.

(e) New Bank members. A member of a Bank is not required to submit a Community Support Statement under paragraph (b) of this section unless the institution has been a member of a Bank for at least one year as of March 31 of the year in which submissions are due under paragraph (b) of this section.

(1) 10 percent of the Bank’s net earnings for the previous year; or

(2) That Bank’s pro rata share of an aggregate of $100 million to be contributed in total by the Banks, such proportion being made on the basis of the net earnings of the Banks for the previous year, except that the required annual AHP contribution for a Bank shall not exceed its net earnings in the previous year.

(2) Homeownership set-aside programs—

(i) Allocation amount; first-time homebuyers. A Bank, in its discretion, may set aside annually, in the aggregate, up to the greater of $4.5 million or 35% of the Bank’s annual required AHP contribution to provide funds to members participating in homeownership set-aside programs, including a mortgage refinancing set-aside program established under §1291.6(f), provided that at least one-third of the Bank’s aggregate annual set-aside allocation to such programs shall be to assist first-time homebuyers, pursuant to the requirements of this part.

The AHP Implementation Plan shall set forth, at a minimum:

1. The applicable median income standard or standards adopted by the Bank consistent with the definition of median income for the area in §1291.1 of this part;
2. The Bank’s requirements for its competitive application program established pursuant to §1291.5 of this part;

(1) Each Bank’s board of directors shall appoint an Advisory Council of 7 to 15 persons who reside in the Bank’s District and are drawn from community and not-for-profit organizations that are actively involved in providing or promoting low- and moderate-income housing, and community and not-for-profit organizations that are actively involved in providing or promoting community lending in the District.

(2) Each Bank shall solicit nominations for membership on the Advisory Council from community and not-for-profit organizations pursuant to a nomination process that is as broad and as participatory as possible, allowing sufficient time for responses.

(3) The Bank’s board of directors shall appoint Advisory Council members from a diverse range of organizations so that representatives of no one group constitute an undue proportion of the membership of the Advisory Council, giving consideration to the size of the Bank’s District and the diversity of low- and moderate-income housing and community lending needs and activities within the District.

(b) Terms of Advisory Council members. Pursuant to policies adopted by the Bank’s board of directors, Advisory Council members shall be appointed by the Bank’s board of directors to serve for terms of 3 years, which shall be staggered to provide continuity in experience and service to the Advisory Council, except that Advisory Council members may be appointed to serve for terms of 1 or 2 years solely for purposes of reconfiguring the staggering of the 3-year terms. No Advisory Council member may be appointed to serve for more than 3 full consecutive terms. An Advisory Council member appointed to fill a vacancy shall be appointed for the unexpired term of his or her predecessor in office.
§ 1291.5 Competitive application program.

(a) Establishment of program. A Bank shall establish a competitive application program pursuant to the requirements of this part.

(b) Funding periods and application process—(1) Funding periods. A Bank may accept applications for AHP subsidy under its competitive application program during a specified number of funding periods each year, as determined by the Bank.

(2) Eligible applicants. A Bank shall accept applications for AHP subsidy under its competitive application program only from institutions that are members of the Bank at the time the application is submitted to the Bank.

(3) Submission of applications. Except as provided in paragraph (c)(13)(i) of this section, a Bank shall require applications for AHP subsidy to contain information sufficient for the Bank to:

(i) Determine that the proposed AHP project meets the eligibility requirements of paragraph (c) of this section;

(ii) Evaluate the application pursuant to the scoring guidelines adopted by the Bank pursuant to paragraph (d) of this section.

(4) Review of applications submitted. Except as provided in paragraph (c)(13)(i) of this section, a Bank shall review the applications for AHP subsidy to determine that the proposed AHP project meets the eligibility requirements of paragraph (c) of this section, and shall evaluate the applications pursuant to the Bank’s scoring guidelines adopted pursuant to paragraph (d) of this section.

(c) Minimum eligibility requirements. Projects receiving AHP subsidies pursuant to a Bank’s competitive application program must meet the following eligibility requirements:
Federal Housing Finance Agency

§ 1291.5

(1) Owner-occupied or rental housing. The AHP subsidy shall be used exclusively for:

(i) Owner-occupied housing. The purchase, construction, or rehabilitation of an owner-occupied project by or for very low-income or low- or moderate-income households. A household must have an income meeting the income targeting commitments in the approved AHP application at the time it is qualified by the project sponsor for participation in the project.

(ii) Rental housing. The purchase, construction, or rehabilitation of a rental project, where at least 20 percent of the units in the project are occupied by and affordable for very low-income households. A household must have an income meeting the income targeting commitments in the approved AHP application upon initial occupancy of the rental unit, or for projects involving the purchase or rehabilitation of rental housing that already is occupied, at the time the application for AHP subsidy is submitted to the Bank for approval.

(2) Need for subsidy. (i) The project’s estimated sources of funds shall equal its estimated uses of funds, as reflected in the project’s development budget. The difference between the project’s sources of funds and uses of funds is the project’s need for AHP subsidy, which is the maximum amount of AHP subsidy the project may receive. A Bank, in its discretion, may permit a project’s sources of funds to include or exclude the estimated market value of in-kind donations and voluntary professional labor or services (excluding the value of sweat equity), provided that the project’s uses of funds also include or exclude, respectively, the value of such estimates.

(ii) A project’s cash sources of funds shall include any cash contributions by the sponsor, any cash from sources other than the sponsor, and estimates of funds the project sponsor intends to obtain from other sources but which have not yet been committed to the project. In the case of homeownership projects where the sponsor extends permanent financing to the homebuyer, the sponsor’s cash contribution shall include the present value of any payments the sponsor is to receive from the buyer, which shall include any cash down payment from the buyer, plus the present value of any purchase note the sponsor holds on the unit. If the note carries a market interest rate commensurate with the credit quality of the buyer, the present value of the note equals the face value of the note. If the note carries an interest rate below the market rate, the present value of the note shall be determined using the market rate to discount the cash flows.

(iii) A project’s cash uses are the actual outlay of cash needed to pay for materials, labor, and acquisition or other costs of completing the project. Cash costs do not include in-kind donations, voluntary professional labor or services, or sweat equity.

(3) Project costs—(i) In general. (A) Taking into consideration the geographic location of the project, development conditions, and other non-financial household or project characteristics, a Bank shall determine that a project’s costs, as reflected in the project’s development budget, are reasonable, in accordance with the Bank’s project cost guidelines.

(B) For purposes of determining the reasonableness of a developer’s fee for a project as a percentage of total development costs, a Bank may, in its discretion, include estimates of the market value of in-kind donations and volunteer professional labor or services (excluding the value of sweat equity) committed to the project as part of the total development costs.

(ii) Cost of property and services provided by a member. The purchase price of property or services, as reflected in the project’s development budget, sold to the project by a member providing AHP subsidy to the project, or, in the case of property, upon which such member holds a mortgage or lien, may not exceed the market value of such property or services as of the date the purchase price was agreed upon. In the case of real estate owned property sold to a project by a member providing AHP subsidy to the project, or property sold to the project upon which the member holds a mortgage or lien, the market value of such property is deemed to be the “as-is” or “as-rehabilitated” value of the property, whichever is appropriate. That value shall be
reflected in an independent appraisal of the property performed by a state certified or licensed appraiser, as defined in 12 CFR 564.2(j) and (k), within 6 months prior to the date the Bank disburses AHP subsidy to the project.

(4) Project feasibility—(i) Developmental feasibility. The project must be likely to be completed and occupied, based on relevant factors contained in the Bank’s project feasibility guidelines, including, but not limited to, the development budget, market analysis, and project sponsor’s experience in providing the requested assistance to households.

(ii) Operational feasibility of rental projects. A rental project must be able to operate in a financially sound manner, in accordance with the Bank’s project feasibility guidelines, as projected in the project’s operating pro forma.

(5) Financing costs. The rate of interest, points, fees, and any other charges for all loans that are made for the project in conjunction with the AHP subsidy shall not exceed a reasonable market rate of interest, points, fees, and other charges for loans of similar maturity, terms, and risk.

(6) Timing of AHP subsidy use. Some or all of the AHP subsidy must be likely to be drawn down by the project or used by the project to procure other financing commitments within 12 months of the date of approval of the application for AHP subsidy funding the project.

(7) Counseling costs. AHP subsidies may be used to pay for counseling costs only where:

(i) Such costs are incurred in connection with counseling of homebuyers who actually purchase an AHP-assisted unit; and

(ii) The cost of the counseling has not been covered by another funding source, including the member.

(8) Refinancing. The project may use AHP subsidies to refinance an existing single-family or multi-family mortgage loan, provided that the refinancing produces equity proceeds and such equity proceeds up to the amount of the AHP subsidy in the project shall be used only for the purchase, construction, or rehabilitation of housing units meeting the eligibility requirements of this paragraph (c).

(9) Retention—(i) Owner-occupied projects. Each AHP-assisted unit in an owner-occupied project is, or is committed to be, subject to a 5-year retention agreement described in §1291.9(a)(7) of this part.

(ii) Rental projects. AHP-assisted rental projects are, or are committed to be, subject to a 15-year retention agreement described in §1291.9(a)(8) of this part.

(10) Project sponsor qualifications—(i) In general. A project’s sponsor must be qualified and able to perform its responsibilities as committed to in the application for AHP subsidy funding the project.

(ii) Revolving loan fund. Pursuant to written policies adopted by a Bank’s board of directors, a revolving loan fund sponsor that intends to use AHP direct subsidy in accordance with §1291.5(c)(13) of this part shall:

(A) Provide audited financial statements that its operations are consistent with sound business practices; and

(B) Demonstrate the ability to re-lend AHP subsidy repayments on a timely basis and track the use of the AHP subsidy.

(iii) Loan pool. Pursuant to written policies adopted by a Bank’s board of directors, a loan pool sponsor that intends to use AHP subsidy in accordance with §1291.5(c)(14) of this part shall:

(A) Provide evidence of sound asset/liability management practices;

(B) Provide audited financial statements that its operations are consistent with sound business practices; and

(C) Demonstrate the ability to track the use of the AHP subsidy.

(11) Fair housing. The project, as proposed, must comply with applicable federal and state laws on fair housing and housing accessibility, including, but not limited to, the Fair Housing Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the Architectural Barriers Act of 1969, and must demonstrate how the project will be affirmatively marketed.
(12) Calculation of AHP subsidy. (i) Where an AHP direct subsidy is provided to a project to write down the interest rate on a loan extended by a member, sponsor, or other party to a project, the net present value of the interest foregone from making the loan below the lender’s market interest rate shall be calculated as of the date the application for AHP subsidy is submitted to the Bank, and subject to adjustment under paragraph (g)(4) of this section.

(ii) Where an AHP subsidized advance is provided to a project, the net present value of the interest revenue foregone from making a subsidized advance at a rate below the Bank’s cost of funds shall be determined as of the earlier of the date of disbursement of the subsidized advance or the date prior to disbursement on which the Bank first manages the funding to support the subsidized advance through its asset/liability management system, or otherwise.

(13) Lending and re-lending of AHP direct subsidy by revolving loan funds. Pursuant to written policies established by a Bank’s board of directors after consultation with its Advisory Council, a Bank, in its discretion, may provide AHP direct subsidy under its competitive application program for eligible projects and households involving both the lending of the subsidy and subsequent lending of subsidy principal and interest repayments by a revolving loan fund, provided the following requirements are met:

(i) Submission of application. (A) An application for AHP subsidy under this paragraph (c)(13) shall include the revolving loan fund’s criteria for the initial lending of the subsidy, identification of and information on a specific proposed AHP project if required in the Bank’s discretion, the revolving loan fund’s criteria for subsequent lending of subsidy principal and interest repayments, and any other information required by the Bank.

(B) The information in the application shall be sufficient for the Bank to:

(I) Determine that the criteria for the initial lending of the subsidy, the specific proposed project if applicable, and the criteria for subsequent lending of subsidy principal and interest repayments, meet the eligibility requirements of paragraph (c) of this section; and

(2) Evaluate the criteria for the initial lending of the subsidy, and the specific proposed project if applicable, pursuant to the scoring guidelines established by the Bank pursuant to paragraph (d) of this section.

(ii) Review of application. A Bank shall review the application for AHP subsidy to determine that the criteria for the initial lending of the subsidy, the specific proposed project if applicable, and the criteria for subsequent lending of subsidy principal and interest repayments, meet the eligibility requirements of paragraph (c) of this section, and shall evaluate the criteria for the initial lending of the subsidy and the specific proposed project, if applicable, pursuant to the scoring guidelines established by the Bank pursuant to paragraph (d) of this section.

(iii) Initial lending of subsidy. (A) The revolving loan fund’s initial lending of the AHP subsidy shall meet the eligibility requirements of this paragraph (c), shall be to projects or households meeting the commitments in the approved application for AHP subsidy, and shall be subject to the requirements of §§1291.7(a) and 1291.9 of this part, respectively.

(B) If a project or owner-occupied unit funded under this paragraph (c)(13)(iii) is in noncompliance with the commitments in the approved AHP application, or is sold or refinanced prior to the end of the applicable AHP retention period, the required amount of AHP subsidy shall be repaid to the revolving loan fund in accordance with §§1291.8 and 1291.9 of this part, and the revolving loan fund shall re-lend such repaid subsidy, excluding the amounts of AHP subsidy principal already repaid to the revolving loan fund, to another project or owner-occupied unit meeting the initial lending requirements of this paragraph (c)(13)(ii) for the remainder of the retention period.

(iv) Subsequent lending of AHP subsidy principal and interest repayments. (A) AHP subsidy principal and interest repayments received by the revolving loan fund from the initial lending of the AHP direct subsidy shall be re-lent
by the revolving loan fund in accordance with the requirements of this paragraph (c)(13)(iv), except that the revolving loan fund, in its discretion, may provide part or all of such repayments as nonrepayable grants to eligible projects in accordance with the requirements of this paragraph (c)(13)(iv).

(B) The revolving loan fund’s subsequent lending of AHP subsidy principal and interest repayments shall be for the purchase, construction, or rehabilitation of owner-occupied projects for households with incomes at or below 80 percent of the median income for the area, or of rental projects where at least 20 percent of the units are occupied by and affordable for households with incomes at or below 50 percent of the median income for the area, and shall meet all other eligibility requirements of this paragraph (c).

(C) A Bank may, in its discretion, require the revolving loan fund’s subsequent lending of subsidy principal and interest repayments to be subject to retention period, monitoring, and recapture requirements as defined by the Bank in its AHP Implementation Plan. 

(v) Return of unused AHP subsidy. The revolving loan fund shall return to the Bank any AHP subsidy that will not be used according to the requirements in this paragraph (c)(13).

(14) Use of AHP subsidy in loan pools. Pursuant to written policies established by a Bank’s board of directors after consultation with its Advisory Council, a Bank, in its discretion, may provide AHP subsidy under its competitive application program for the origination of first mortgage or rehabilitation loans with subsidized interest rates to AHP-eligible households through a purchase commitment by an entity that will purchase and pool the loans, provided the following requirements are met:

(i) Eligibility requirements. The loan pool sponsor’s use of the AHP subsidies shall meet the requirements under this paragraph (c)(14), and shall not be used for the purpose of providing liquidity to the originator or holder of the loans, or paying the loan pool’s operating or secondary market transaction costs.

(ii) Forward commitment. (A) The loan pool sponsor shall purchase the loans pursuant to a forward commitment that identifies the loans to be originated with interest-rate reductions as specified in the approved application for AHP subsidy to households with incomes at or below 80 percent of the median income for the area. Both initial purchases of loans for the AHP loan pool and subsequent purchases of loans to substitute for repaid loans in the pool shall be made pursuant to the terms of such forward commitment and subject to time limits on the use of the AHP subsidy as specified by the Bank in its AHP Implementation Plan and the Bank’s agreement with the loan pool sponsor, which shall not exceed 1 year from the date of approval of the AHP application.

(B) As an alternative to using a forward commitment, the loan pool sponsor may purchase an initial round of loans that were not originated pursuant to an AHP-specific forward commitment, provided that the entities from which the loans were purchased are required to use the proceeds from the initial loan purchases within time limits on the use of the AHP subsidy as specified by the Bank in its AHP Implementation Plan and the Bank’s agreement with the loan pool sponsor, which shall not exceed 1 year from the date of approval of the AHP application. The proceeds shall be used by such entities to assist households that are income-eligible under the approved AHP application during subsequent rounds of lending, and such assistance shall be provided in the form of a below-market AHP-subsidized interest rate as specified in the approved AHP application.

(iii) Each AHP-assisted owner-occupied unit and rental project receiving AHP direct subsidy or a subsidized advance shall be subject to the requirements of §1291.7(a), 1291.8, and 1291.9, respectively, of this part.

(iv) Where AHP direct subsidy is being used to buy down the interest rate of a loan or loans from a member or other party, the loan pool sponsor shall use the full amount of the AHP direct subsidy to buy down the interest rate on a permanent basis at the time of closing on such loan or loans.

(15) Optional District eligibility requirements. A Bank may require a project
receiving AHP subsidies to meet one or more of the following additional eligibility requirements adopted by the Bank’s board of directors and included in its AHP Implementation Plan after consultation with its Advisory Council:

(i) **AHP subsidy limits.** A requirement that the amount of AHP subsidy requested for the project does not exceed limits established by the Bank as to the maximum amount of AHP subsidy available per member each year, or per member, per project, or per project unit in a single funding period; or

(ii) **Homebuyer or homeowner counseling.** A requirement that a household must complete a homebuyer or homeowner counseling program provided by, or based on one provided by, an organization recognized as experienced in homebuyer or homeowner counseling, respectively.

(16) **Prohibited uses of AHP subsidies.** The project shall not use AHP subsidies to pay for:

(i) **Certain prepayment fees.** Prepayment fees imposed by a Bank on a member for a subsidized advance that is prepaid, unless:

(A) The project is in financial distress that cannot be remedied through a project modification pursuant to §1291.5(f) of this part;

(B) The prepayment of the subsidized advance is necessary to retain the project’s affordability and income targeting commitments;

(C) Subsequent to such prepayment, the project will continue to comply with the terms of the approved AHP application and the requirements of this part for the duration of the original retention period;

(D) Any unused AHP subsidy is returned to the Bank and made available for other AHP projects; and

(E) The amount of AHP subsidy used for the prepayment fee may not exceed the amount of the member’s prepayment fee to the Bank.

(ii) **Cancellation fees.** Cancellation fees and penalties imposed by a Bank on a member for a subsidized advance commitment that is canceled.

(iii) **Processing fees.** Processing fees charged by members for providing AHP direct subsidies to a project.

(17) **Scoring of applications—(1) In general.** A Bank shall establish written scoring guidelines setting forth the Bank’s AHP competitive application program scoring criteria and related definitions and point allocations, and implementing other applicable requirements pursuant to this paragraph (d).

A Bank shall not adopt additional scoring criteria or point allocations, except as specifically authorized under this paragraph (d).

(2) **Point allocations.** (i) A Bank shall allocate 100 points among the 9 scoring criteria identified in paragraph (d)(5) of this section.

(ii) The scoring criterion for targeting identified in paragraph (d)(5)(iii) of this section shall be allocated at least 20 points.

(iii) The remaining scoring criteria shall be allocated at least 5 points each.

(3) **Fixed point and variable point scoring criteria.** A Bank shall designate each scoring criterion as either a fixed-point or a variable-point criterion, defined as follows:

(i) Fixed-point scoring criteria are those which cannot be satisfied in varying degrees and are either satisfied or not, with the total number of points allocated to the criterion awarded by the Bank to an application meeting the criterion; and

(ii) Variable-point criteria are those where there are varying degrees to which an application can satisfy the criteria, with the number of points that may be awarded to an application for meeting the criterion varying, depending on the extent to which the application satisfies the criterion, based on a fixed scale or on a scale relative to the other applications being scored. A Bank shall designate the targeting and subsidy-per-unit scoring criteria identified in paragraphs (d)(5)(iii) and (d)(5)(viii), respectively, of this section, as variable-point criteria.

(4) **Satisfaction of scoring criteria.** A Bank shall award scoring points to applications for proposed projects based on satisfaction of the scoring criteria adopted by the Bank pursuant to paragraph (d)(5) of this section.

(5) **Scoring criteria.** An application for a proposed project may receive scoring points based on satisfaction of the following 9 scoring criteria:
§ 1291.5

Project sponsorship by a not-for-profit organization, a state or political subdivision of a state, a state housing agency, a local housing authority, a Native American Tribe, an Alaskan Native Village, or the government entity for Native Hawaiian Home Lands.

(iii) Targeting. The extent to which a project provides housing for very low- and low- or moderate-income households, as follows:

(A) Rental projects. An application for a rental project shall be awarded the maximum number of points available under this scoring criterion if 60 percent or more of the units in the project are reserved for occupancy by households with incomes at or below 50 percent of the median income for the area. Applications for projects with less than 60 percent of the units reserved for occupancy by households with incomes at or below 50 percent of the median income for the area shall be awarded points on a declining scale based on the percentage of units in a project that are reserved for households with incomes at or below 50 percent of the median income for the area, and on the percentage of the remaining units reserved for households with incomes at or below 80 percent of the median income for the area.

(B) Owner-occupied projects. Applications for owner-occupied projects shall be awarded points based on a declining scale to be determined by the Bank in its AHP Implementation Plan, taking into consideration percentages of units and targeted income levels.

(C) Separate scoring. For purposes of this scoring criterion, applications for owner-occupied projects and rental projects may be scored separately.

(iv) Housing for homeless households. The financing of rental housing, excluding overnight shelters, reserving at least 20 percent of the units for homeless households, the creation of transitional housing for homeless households permitting a minimum of 6 months occupancy, or the creation of permanent owner-occupied housing reserving at least 20 percent of the units for homeless households, with the term “homeless households” as defined by the Bank in its AHP Implementation Plan.

(v) Promotion of empowerment. The provision of housing in combination with a program offering: employment; education; training; homebuyer, homeownership, or tenant counseling; daycare services; resident involvement in decision making affecting the creation or operation of the project; or other services that assist residents to move toward better economic opportunities, such as welfare to work initiatives.

(vi) First District priority. The satisfaction of one of the following criteria, or one of a number of the following criteria, adopted by the Bank and set forth in the Bank’s AHP Implementation Plan, as long as the total points available for meeting the criterion or criteria adopted under this category do not exceed the total points allocated to this category:

(A) Special needs. The financing of housing in which at least 20 percent of the units are reserved for occupancy by households with special needs, such as the elderly, mentally or physically disabled persons, persons recovering from physical abuse or alcohol or drug abuse, or persons with AIDS; or the financing of housing that is visitable by persons with physical disabilities who are not occupants of such housing;

(B) Community development. The financing of housing meeting housing needs documented as part of a community revitalization or economic development strategy approved by a unit of a state or local government;

(C) First-time homebuyers. The financing of housing for first-time homebuyers;

(F) Rural. The financing of housing located in rural areas;

(G) Urban. The financing of urban infill or urban rehabilitation housing;

(H) Economic diversity. The financing of housing that is part of a strategy to end isolation of very low-income households by providing economic diversity through mixed-income housing in low- or moderate-income neighborhoods, or providing very low- or low- or moderate-income households with housing opportunities in neighborhoods or cities where the median income equals or exceeds the median income for the larger surrounding area, such as the city, county, or Primary Metropolitan Statistical Area, in which the neighborhood or city is located;

(I) Fair housing remedy. The financing of housing as part of a remedy undertaken by a jurisdiction adjudicated by a Federal, State, or local court to be in violation of title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), the Fair Housing Act (42 U.S.C. 3601 et seq.), or any other Federal, State, or local fair housing law, or as part of a settlement of such claims;

(J) Community involvement. Demonstrated support for the project by local government, other than as a project sponsor, in the form of property tax deferment or abatement, zoning changes or variances, infrastructure improvements, fee waivers, or other similar forms of non-cash assistance, or demonstrated support for the project by community organizations or individuals, other than as project sponsors, through the commitment by such entities or individuals of donated goods and services, or volunteer labor;

(K) Lender consortia. The involvement of financing by a consortium of at least 2 financial institutions; or

(L) In-District projects. The financing of housing located in the Bank’s District.

The Bank may, but is not required to, use one of the criteria listed in paragraph (d)(5)(vi) of this section, provided it is different from the criterion or criteria adopted by the Bank under such paragraph.

(viii) AHP subsidy per unit—(A) Amount of subsidy. The extent to which a project proposes to use the least amount of AHP subsidy per AHP-targeted unit. In the case of an application for a project financed by a subsidized advance, the total amount of AHP subsidy used by the project shall be estimated based on the Bank’s cost of funds as of the date on which all applications are due for the funding period in which the application is submitted.

(B) Separate scoring. For purposes of this scoring criterion, applications for owner-occupied projects and rental projects may be scored separately.

(ix) Community stability. The promotion of community stability, such as by rehabilitating vacant or abandoned properties, being an integral part of a neighborhood stabilization plan approved by a unit of state or local government, and not displacing low- or moderate-income households, or if such displacement will occur, assuring that such households will be assisted to minimize the impact of such displacement.

(e) Approval of AHP applications. (1) A Bank shall approve applications for AHP subsidy in descending order starting with the highest scoring application until the total funding amount for the particular funding period, except for any amount insufficient to fund the next highest scoring application, has been allocated.

(2) The Bank also shall approve at least the next 4 highest scoring applications as alternates and, within 1 year of approval, may fund such alternates if any previously committed AHP subsidies become available.
(f) Modifications of approved AHP applications—(1) Modification procedure. If, prior to or after final disbursement of funds to a project from all funding sources, there is or will be a change in the project that would change the score that the project application received in the funding period in which it was originally scored and approved, had the changed facts been operative at that time, a Bank, in its discretion, may approve in writing a modification to the terms of the approved application, provided that:

(i) The project, incorporating any such changes, would meet the eligibility requirements of paragraph (c) of this section;

(ii) The application, as reflective of such changes, continues to score high enough to have been approved in the funding period in which it was originally scored and approved by the Bank; and

(iii) There is good cause for the modification, and the analysis and justification for the modification are documented by the Bank in writing.

(2) AHP subsidy increases; no delegation. Modifications involving an increase in AHP subsidy shall be approved or disapproved by a Bank’s board of directors. The authority to approve or disapprove such requests shall not be delegated to Bank officers or other Bank employees.

(g) Procedure for funding—(1) Disbursement of AHP subsidies to members. (i) A Bank may disburse AHP subsidies only to institutions that are members of the Bank at the time they request a draw-down of the subsidies.

(ii) If an institution with an approved application for AHP subsidy loses its membership in a Bank, the Bank may disburse AHP subsidies only to a member of such Bank to which the institution has transferred its obligations under the approved AHP application, or the Bank may disburse AHP subsidies through another Bank to a member of that Bank that has assumed the institution’s obligations under the approved AHP application.

(2) Progress towards use of AHP subsidy. A Bank shall establish and implement policies, including time limits, for determining whether progress is being made towards draw-down and use of AHP subsidies by approved projects, and whether to cancel AHP application approvals for lack of such progress. If a Bank cancels any AHP application approvals due to lack of such progress, the Bank shall make the AHP subsidies available for other AHP-eligible projects.

(3) Compliance upon disbursement of AHP subsidies. A Bank shall establish and implement policies for determining, prior to its initial disbursement of AHP subsidies for an approved project, and prior to each subsequent disbursement if the need for AHP subsidy has changed, that the project meets the eligibility requirements of paragraph (c) of this section and all obligations committed to in the approved AHP application. If a Bank cancels any AHP application approvals due to non-compliance with eligibility requirements of paragraph (c) of this section, the Bank shall make the AHP subsidies available for other AHP-eligible projects.

(4) Changes in approved AHP subsidy amount where a direct subsidy is used to write down prior to closing the principal amount or interest rate on a loan. If a member is approved to receive AHP direct subsidy to write down prior to closing the principal amount or the interest rate on a loan to a project, and the amount of AHP subsidy required to maintain the debt service cost for the loan decreases from the amount of AHP subsidy initially approved by the Bank due to a decrease in market interest rates between the time of approval and the time the lender commits to the interest rate to finance the project, the Bank shall reduce the AHP subsidy amount accordingly. If market interest rates rise between the time of approval and the time the lender commits to the interest rate to finance the project, the Bank, in its discretion, may increase the AHP subsidy amount accordingly.

(5) AHP outlay adjustment. If a Bank reduces the amount of AHP subsidy approved for a project, the amount of such reduction shall be returned to the Bank’s AHP fund. If a Bank increases the amount of AHP subsidy approved for a project, the amount of such increase shall be drawn first from any currently uncommitted or repaid AHP.

Homeownership set-aside programs.

(a) Establishment of program. A Bank may establish one or more homeownership set-aside programs pursuant to the requirements of this part.

(b) Eligible applicants. A Bank shall accept applications for AHP direct subsidy under its homeownership set-aside programs only from institutions that are members of the Bank at the time the application is submitted to the Bank.

(c) Minimum eligibility requirements. A Bank’s homeownership set-aside programs shall meet the following eligibility requirements:

(1) Member allocation criteria. AHP direct subsidies shall be provided to members pursuant to allocation criteria established by the Bank in its AHP Implementation Plan.

(2) Eligible households. Members shall provide AHP direct subsidies only to households that:

(i) Have incomes at or below 80 percent of the median income for the area at the time the household is accepted for enrollment by the member in the Bank’s homeownership set-aside program, with such time of enrollment by the member defined by the Bank in its AHP Implementation Plan;

(ii) Complete a homebuyer or homeowner counseling program provided by, or based on one provided by, an organization experienced in homebuyer or homeowner counseling, in the case of households that are first-time homebuyers; and

(iii) Are first-time homebuyers, in the case of households receiving funds pursuant to the first-time homebuyer requirement in §1291.2(b)(2) of this part, and meet such other eligibility criteria that may be established by the Bank in its AHP Implementation Plan, such as a matching funds requirement, homebuyer or homeowner counseling requirement for households that are not first-time homebuyers, or criteria that give priority for the purchase or rehabilitation of housing in particular areas or as part of a disaster relief effort.

(3) Maximum grant amount. Members shall provide AHP direct subsidies to households as a grant, in an amount up to a maximum of $15,000 per household, as established by the Bank in its AHP Implementation Plan, which limit shall apply to all households.

(4) Eligible uses of AHP direct subsidy. Households shall use the AHP direct subsidies to pay for down payment, closing cost, counseling, or rehabilitation assistance in connection with the household’s purchase or rehabilitation of an owner-occupied unit, including a condominium or cooperative housing unit or manufactured housing, to be used as the household’s primary residence.

(5) Retention agreement. An owner-occupied unit purchased or rehabilitated using AHP direct subsidy shall be subject to a 5-year retention agreement described in §1291.9(a)(7) of this part.

(6) Financial or other concessions. The Bank may, in its discretion, require members and other lenders to provide
financial or other concessions, as defined by the Bank in its AHP Implementation Plan, to households in connection with providing the AHP direct subsidy or financing to the household.

(7) **Financing costs.** The rate of interest, points, fees, and any other charges for all loans made in conjunction with the AHP direct subsidy shall not exceed a reasonable market rate of interest, points, fees, and other charges for loans of similar maturity, terms, and risk.

(8) **Counseling costs.** The AHP direct subsidies may be used to pay for counseling costs only where:

(i) Such costs are incurred in connection with counseling of homebuyers who actually purchase an AHP-assisted unit; and

(ii) The cost of the counseling has not been covered by another funding source, including the member.

(9) **Cash back to household.** A member may provide cash back to a household at closing on the mortgage loan in an amount not exceeding $250, as determined by the Bank in its AHP Implementation Plan, and a member shall use any AHP direct subsidy exceeding such amount that is beyond what is needed at closing for closing costs and the approved mortgage amount as a credit to reduce the principal of the mortgage loan or as a credit toward the household’s monthly payments on the mortgage loan.

(d) **Approval of AHP applications.** A Bank shall approve applications for AHP direct subsidy in accordance with the Bank’s criteria governing the allocation of funds.

(e) **Procedure for funding—(1) Disbursement of AHP direct subsidies to members.** A Bank may disburse AHP direct subsidies only to institutions that are members of the Bank at the time they request a draw-down of the subsidies.

(ii) If an institution with an approved application for AHP direct subsidy loses its membership in a Bank, the Bank may disburse AHP direct subsidies to a member of such Bank to which the institution has transferred its obligations under the approved AHP application, or the Bank may disburse AHP direct subsidies through another Bank to a member of that Bank that has assumed the institution’s obligations under the approved AHP application.

(2) **Reservation of homeownership set-aside subsidies.** A Bank shall establish and implement policies for reservation of homeownership set-aside subsidies for households enrolled in the Bank’s homeownership set-aside program. The policies shall provide that set-aside subsidies be reserved no more than 2 years in advance of the Bank’s time limit in its AHP Implementation Plan for draw-down and use of the subsidies by the household and the reservation of subsidies be made from the set-aside allocation of the year in which the Bank makes the reservation.

(3) **Progress towards use of AHP direct subsidy.** A Bank shall establish and implement policies, including time limits, for determining whether progress is being made towards draw-down and use of the AHP direct subsidies by eligible households, and whether to cancel AHP application approvals for lack of such progress. If a Bank cancels any AHP application approvals due to lack of such progress, it shall make the AHP direct subsidies available for other applicants for AHP direct subsidies under the homeownership set-aside program or for other AHP-eligible projects.

(f) **Mortgage refinancing program—(1) General.** A Bank may establish a homeownership set-aside program for the use of AHP direct subsidy by its members to assist in the refinancing of a household’s mortgage loan, provided such program meets the requirements of paragraphs (f) and otherwise meets the requirements of regulations in this part. The provisions of paragraphs (c)(2)(i), (c)(2)(ii), (c)(4), (c)(6) and (c)(8) of this section, shall not apply to such program.

(2) **Eligible loans.** A loan is eligible to be refinanced with AHP direct subsidy if the loan is secured by a first mortgage on an owner-occupied unit that is the primary residence of the household, and the loan is refinanced under an eligible targeted refinancing program.

(3) **Eligible uses of AHP direct subsidy.** Members may provide the AHP direct subsidy to:

(i) Reduce the outstanding principal balance of the loan by no more than the amount necessary for the new loan to qualify under both the maximum
§ 1291.7 Monitoring.

(a) Competitive application program (1) Initial monitoring policies for owner-occupied and rental projects—(i)—Adoption and implementation. Pursuant to written policies established by a Bank, the Bank shall monitor each AHP owner-occupied and rental project under its competitive application program prior to, and within a reasonable period of time after, project completion to determine, at a minimum, whether:

(A) The project is making satisfactory progress towards completion, in compliance with the commitments made in the approved AHP application, Bank policies, and the requirements of this part; and

(B) Following completion of the project, satisfactory progress is being made towards occupancy of the project by eligible households; and

(C) Within a reasonable period of time after project completion, the project meets the following requirements, at a minimum:

(1) The AHP subsidies were used for eligible purposes according to the commitments made in the approved AHP application;

(2) The household incomes and rents comply with the income targeting and rent commitments made in the approved AHP application;

(3) The project’s actual costs were reasonable in accordance with the Bank’s project cost guidelines, and the AHP subsidies were necessary for the completion of the project as currently structured;
§ 1291.7 12 CFR Ch. XII (1–1–16 Edition)

(4) Each AHP-assisted unit of an owner-occupied project and rental project is subject to AHP retention agreements that meet the requirements of §1291.9(a)(7) or (a)(8), respectively, of this part; and

(5) The services and activities committed to in the approved AHP application have been provided in connection with the project.

(ii) Back-up and other project documentation. The Bank’s written monitoring policies shall include requirements for:

(A) Bank review of back-up project documentation regarding household incomes and rents maintained by the project sponsor or owner; and

(B) Maintenance and Bank review of other project documentation in the Bank’s discretion.

(iii) Sampling plan. The Bank shall not use a sampling plan to select the projects to be monitored under this paragraph (a)(1), but may use a reasonable risk-based sampling plan to review the back-up project documentation.

(2) Reliance on long-term tax credit monitoring for rental projects. For completed AHP rental projects that have been allocated federal Low-Income Housing Tax Credits (tax credits), a Bank may, in its discretion, for purposes of long-term AHP monitoring under its competitive application program, rely on the monitoring by the state-designated housing credit agency administering the tax credits of the income targeting and rent requirements applicable under the Low-Income Housing Tax Credit Program, and the Bank need not obtain and review reports from such agency or otherwise monitor the projects’ long-term AHP compliance.

(i) The compliance profiles regarding income targeting, rent, and retention period requirements of the AHP and the other programs are substantively equivalent;

(ii) The entity has demonstrated and continues to demonstrate its ability to monitor the project;

(iii) The entity agrees to provide reports to the Bank on the project’s incomes and rents for the full 15-year AHP retention period; and

(iv) The Bank reviews the reports from the monitoring entity to confirm that they comply with the Bank’s monitoring policies.

(4) Long-term monitoring policies for rental projects—(i) Adoption and implementation. In cases where a Bank does not rely on monitoring by a federal, state, or local government entity pursuant to paragraphs (a)(2) or (a)(3) of this section, pursuant to written policies established by the Bank, the Bank shall monitor completed AHP rental projects under its competitive application program, commencing in the second year after project completion to determine, at a minimum, whether during the full 15-year retention period, the household incomes and rents comply with the income targeting and rent commitments, respectively, made in the approved AHP applications.

(ii) Annual project owner certifications; backup and other project documentation. A Bank’s written monitoring policies shall include requirements for:

(A) Bank review of annual certifications by project owners to the Bank that household incomes and rents are in compliance with the commitments made in the approved AHP application;

(B) Bank review of back-up project documentation regarding household incomes and rents maintained by the project owner; and

(C) Maintenance and Bank review of other project documentation in the Bank’s discretion.

(iii) Risk factors and other monitoring—(A) Risk factors; other monitoring. A Bank’s written monitoring policies shall take into account risk factors such as the amount of AHP subsidy in the project, type of project, size of project, location of project, sponsor experience, and any monitoring of the
project provided by a federal, state, or local government entity.

(B) Risk-based sampling plan. A Bank may use a reasonable, risk-based sampling plan to select the rental projects to be monitored under this paragraph (a)(4), and to review the annual project owner certifications, back-up, and any other project documentation. The risk-based sampling plan and its basis shall be in writing.

(5) Annual adjustment of targeting commitments. For purposes of determining compliance with the targeting commitments in an approved AHP application for both initial and long-term AHP monitoring purposes under a Bank’s competitive application program, such commitments shall be considered to adjust annually according to the current applicable median income data. A rental unit may continue to count toward meeting the targeting commitment of an approved AHP application as long as the rent charged to a household remains affordable, as defined in §1291.1 of this part, for the household occupying the unit.

(b) Homeownership set-aside programs: Monitoring policies—(1) Adoption and implementation. Pursuant to written policies adopted by a Bank, the Bank shall monitor compliance with the requirements of its homeownership set-aside programs, including monitoring to determine, at a minimum, whether:

(i) The AHP subsidy was provided to households meeting all applicable eligibility requirements in §1291.6(c)(2) of this part and the Bank’s homeownership set-aside program policies; and

(ii) All other applicable eligibility requirements in §1291.6(c) and §1291.6(f) of this part and the Bank’s homeownership set-aside program policies are met, including that the AHP-assisted units are subject to retention agreements required under §1291.6(c)(5) of this part.

(2) Member certifications; back-up and other documentation. The Bank’s written monitoring policies shall include requirements for:

(i) Bank review of certifications by members to the Bank, prior to disbursement of the AHP subsidy, that the subsidy will be provided in compliance with all applicable eligibility requirements in §1291.6(c) and §1291.6(f) of this part;

(ii) Bank review of back-up documentation regarding household incomes maintained by the member; and

(iii) Maintenance and Bank review of other documentation in the Bank’s discretion.

(3) Sampling plan. The Bank may use a reasonable sampling plan to select the households to be monitored, and to review the back-up and any other documentation received by the Bank, but not the member certifications required in paragraph (b)(2) of this section. The sampling plan and its basis shall be in writing.

§1291.8 Remedial actions for non-compliance.

(a) Recovery of AHP subsidies. A Bank shall recover the amount of any AHP subsidies (plus interest, if appropriate) that are not used in compliance with the commitments made in the approved application for AHP subsidy and the requirements of this part, if the misuse is the result of the actions or omissions of the member, the project sponsor, or the project owner.

(b) Responsible party for repayment of AHP subsidies. Except as provided in paragraph (c) of this section:

(1) If the member causes the AHP subsidies to be misused through its actions or omissions, the member shall repay the AHP subsidies to the Bank.

(2) If the project sponsor or owner causes the AHP subsidies to be misused through its actions or omissions, the following shall apply, as determined by the Bank in its discretion:

(i) The member shall recover the AHP subsidies from the project sponsor or owner and repay them to the Bank; or

(ii) The project sponsor or owner shall repay the AHP subsidies directly to the Bank.

(c) Recovery not required. Recovery of the AHP subsidies is not required if:

(1) The member, project sponsor, or project owner cures the noncompliance within a reasonable period of time;

(2) The circumstances of noncompliance are eliminated through a modification of the terms of the approved

433
application for AHP subsidy pursuant to §1291.5(f) of this part; or
(3) The member is unable to collect the AHP subsidy after making reasonable efforts to collect it.

(d) Settlements. A Bank may settle a claim for AHP subsidies that it has against a member, project sponsor, or project owner for less than the full amount due. If a Bank enters into such a settlement, the FHFA may require the Bank to reimburse its AHP fund in the amount of any shortfall under paragraph (e)(2) of this section, unless:

(1) The Bank has sufficient documentation showing that the sum agreed to be repaid under the settlement is reasonably justified, based on the facts and circumstances of the noncompliance (including the degree of culpability of the non-complying parties and the extent of the Bank’s recovery efforts); or

(2) The Bank obtains a determination from the FHFA that the sum agreed to be repaid under the settlement is reasonably justified, based on the facts and circumstances of the noncompliance (including the degree of culpability of the non-complying parties and the extent of the Bank’s recovery efforts).

(e) Reimbursement of AHP fund.—(1) By the Bank. A Bank shall reimburse its AHP fund in the amount of any AHP subsidies (plus interest, if appropriate) misused as a result of the actions or omissions of the Bank.

(2) By FHFA order. The FHFA may order a Bank to reimburse its AHP fund in an appropriate amount upon determining that:

(i) The Bank has failed to reimburse its AHP fund as required under paragraph (d) of this section; or

(ii) The Bank has failed to recover AHP subsidy from a member, project sponsor, or project owner pursuant to the requirements of paragraph (a) of this section, and has not shown that such failure is reasonably justified, considering factors such as the extent of the Bank’s recovery efforts.

(f) Use of repaid AHP subsidies.—(1) Use of repaid AHP subsidies in other AHP-eligible projects. Except as provided in paragraph (f)(2) of this section, amounts of AHP subsidy, including any interest, repaid to a Bank pursuant to this part shall be made available by the Bank for other AHP-eligible projects.

(2) Re-use of repaid AHP direct subsidies in same project.—(i) Requirements. AHP direct subsidy, including any interest, repaid to a member or project sponsor under a homeownership set-aside program or the competitive application program, respectively, may be repaid by such parties to the Bank for subsequent disbursement to and re-use by such parties, or retained by such parties for subsequent re-use, as authorized by the Bank, in its discretion, after consultation with its Advisory Council, in its AHP Implementation Plan, provided all of the following requirements are satisfied:

(A) The member or the project sponsor originally provided the AHP direct subsidy as down payment, closing cost, rehabilitation, or interest rate buy down assistance to an eligible household to purchase or rehabilitate an owner-occupied unit pursuant to an approved AHP application;

(B) The AHP direct subsidy, including any interest, was repaid to the member or project sponsor as a result of a sale by the household of the unit prior to the end of the retention period to a purchaser that is not a low- or moderate-income household; and

(C) The repaid AHP direct subsidy is made available by the member or project sponsor, within the period of time specified by the Bank in its AHP Implementation Plan, to another AHP-eligible household to purchase or rehabilitate an owner-occupied unit in the same project in accordance with the terms of the approved AHP application.

(ii) No delegation. A Bank’s board of directors shall not delegate to Bank officers or other Bank employees the responsibility to adopt any Bank policies on re-use of repaid AHP direct subsidies in the same project pursuant to paragraph (f)(2)(i) of this section.

(g) Suspension and debarment.—(1) At a Bank’s initiative. A Bank may suspend or debar a member, project sponsor, or project owner from participation in the Program if such party shows a pattern of noncompliance, or engages in a single instance of flagrant noncompliance, with the terms of an approved application for AHP subsidy or the requirements of this part.
(2) At the FHFA’s initiative. The FHFA may order a Bank to suspend or debar a member, project sponsor, or project owner from participation in the Program if such party shows a pattern of noncompliance, or engages in a single instance of flagrant noncompliance, with the terms of an approved application for AHP subsidy or the requirements of this part.

(h) Transfer of Program administration. Without limitation on other remedies, the FHFA, upon determining that a Bank has engaged in mismanagement of its Program, may designate another Bank to administer all or a portion of the first Bank’s annual AHP contribution, for the benefit of the first Bank’s members, under such terms and conditions as the FHFA may prescribe.

(i) FHFA actions under this section. Except as provided in paragraph (d)(2) of this section, actions taken by the FHFA under this section are reviewable under §907.9 of this chapter.

§ 1291.9 Agreements.

(a) Agreements between Banks and members. A Bank shall have in place with each member receiving an AHP subsidized advance or AHP direct subsidy an agreement or agreements containing, at a minimum, the following provisions, where applicable:

(1) Notification of member. The member has been notified of the requirements of this part as they may be amended from time to time, and all Bank policies relevant to the member’s approved application for AHP subsidy.

(2) AHP subsidy pass-through. The member shall pass on the full amount of the AHP subsidy to the project or household, as applicable, for which the subsidy was approved.

(3) Use of AHP subsidy—(i) Use of AHP subsidy by the member. The member shall use the AHP subsidy in accordance with the terms of the member’s approved application for the subsidy and the requirements of this part.

(ii) Use of AHP subsidy by the project sponsor or owner. The member shall have in place an agreement with each project sponsor or project owner in which the project sponsor or project owner agrees to use the AHP subsidy in accordance with the terms of the member’s approved application for the subsidy and the requirements of this part.

(4) Repayment of AHP subsidies in case of noncompliance—(i) Noncompliance by the member. The member shall repay AHP subsidies to the Bank in accordance with the requirements of §1291.8(b)(1) of this part.

(ii) Noncompliance by a project sponsor or owner—(A) Agreement. The member shall have in place an agreement with each project sponsor or project owner in which the project sponsor or project owner agrees to repay AHP subsidies to the member or the Bank in accordance with the requirements of §1291.8(b)(2)(i) or (b)(2)(ii) of this part, respectively (as applicable).

(B) Recovery of AHP subsidies. The member shall recover from the project sponsor or project owner and repay to the Bank any AHP subsidy in accordance with the requirements of §1291.8(b)(2)(i) of this part (if applicable).

(5) Project monitoring—(1) Monitoring by the member. The member shall comply with the monitoring requirements applicable to it, as established by the Bank in its monitoring policies pursuant to §1291.7 of this part.

(ii) Agreement. The member shall have in place an agreement with each project sponsor and project owner, in which the project sponsor and project owner agree to comply with the monitoring requirements applicable to such parties, as established by the Bank in its monitoring policies pursuant to §1291.7 of this part.

(6) Transfer of AHP obligations—(i) To another member. The member shall make best efforts to transfer its obligations under the approved application for AHP subsidy to another member in the event of its loss of membership in the Bank prior to the Bank’s final disbursement of AHP subsidies.

(ii) To a nonmember. If, after final disbursement of AHP subsidies to the member, the member undergoes an acquisition or a consolidation resulting in a successor organization that is not a member of the Bank, the nonmember successor organization assumes the member’s obligations under its approved application for AHP subsidy, and where the member received an
§ 1291.9 12 CFR Ch. XII (1–1–16 Edition)

AHP subsidized advance, the nonmember assumes such obligations until prepayment or orderly liquidation by the nonmember of the subsidized advance.

(7) Retention agreements for owner-occupied units. The member shall ensure that an AHP-assisted owner-occupied unit is subject to a deed restriction or other legally enforceable retention agreement or mechanism requiring that:

(i) The Bank or its designee is to be given notice of any sale or refinancing of the unit occurring prior to the end of the retention period;

(ii) In the case of a sale or refinancing of the unit prior to the end of the retention period, an amount equal to a pro rata share of the AHP subsidy that financed the purchase, construction, or rehabilitation of the unit, reduced for every year the seller owned the unit, shall be repaid to the Bank from any net gain realized upon the sale or refinancing, unless:

(A) The unit was assisted with a permanent mortgage loan funded by an AHP subsidized advance;

(B) The unit is sold to a very low-, low- or moderate-income household; or

(C) Following a refinancing, the unit continues to be subject to a deed restriction or other legally enforceable retention agreement or mechanism described in this paragraph (a)(7); and

(iii) In the case of a direct subsidy, such repayment of AHP subsidy shall be made:

(A) To the Bank. If the Bank has not authorized re-use of the repaid AHP subsidy or has authorized re-use of the repaid subsidy but not retention of such repaid subsidy by the member or project sponsor pursuant to §1291.8(f)(2) of this part, or has authorized retention and re-use of such repaid subsidy by the member or project sponsor pursuant to such section; or

(B) To the member or project sponsor. To the member or project sponsor for reuse by such member or project sponsor, if the Bank has authorized retention and re-use of such subsidy by the member or project sponsor pursuant to §1291.8(f)(2); and

(iv) The obligation to repay AHP subsidy to the Bank shall terminate after any foreclosure.

(8) Retention agreements for rental projects. The member shall ensure that an AHP-assisted rental project is subject to a deed restriction or other legally enforceable retention agreement or mechanism requiring that:

(i) The project’s rental units, or applicable portion thereof, must remain occupied by and affordable for households with incomes at or below the levels committed to be served in the approved AHP application for the duration of the retention period;

(ii) The Bank or its designee is to be given notice of any sale or refinancing of the project occurring prior to the end of the retention period;

(iii) In the case of a sale or refinancing of the project prior to the end of the retention period, the full amount of the AHP subsidy received by the owner shall be repaid to the Bank, unless:

(A) The project continues to be subject to a deed restriction or other legally enforceable retention agreement or mechanism incorporating the income-eligibility and affordability restrictions committed to in the approved AHP application for the duration of the retention period; or

(B) If authorized by the Bank, in its discretion, the households are relocated, due to the exercise of eminent domain, or for expansion of housing or services, to another property that is made subject to a deed restriction or other legally enforceable retention agreement or mechanism incorporating the income-eligibility and affordability restrictions committed to in the approved AHP application for the remainder of the retention period; and

(iv) The income-eligibility and affordability restrictions applicable to the project shall terminate after any foreclosure.

(9) Lending of AHP direct subsidies. If a member or a project sponsor lends AHP direct subsidy to a project, any repayment of principal and payments of interest received by the member or the project sponsor must be paid forthwith to the Bank, unless the direct subsidy

is being both lent and re-lent by a revolving loan fund pursuant to §1291.5(c)(13) of this part.

(10) Special provisions where members obtain AHP subsidized advances—(i) Repayment schedule. The term of an AHP subsidized advance shall be no longer than the term of the member’s loan to the project funded by the advance, and at least once in every 12-month period, the member shall be scheduled to make a principal repayment to the Bank equal to the amount scheduled to be repaid to the member on its loan to the project in that period.

(ii) Prepayment fees. Upon a prepayment of an AHP subsidized advance, the Bank shall charge a prepayment fee only to the extent the Bank suffers an economic loss from the prepayment.

(iii) Treatment of loan prepayment by project. If all or a portion of the loan or loans financed by an AHP subsidized advance are prepaid by the project to the member, the member may, at its option, either:

(A) Repay to the Bank that portion of the advance used to make the loan or loans to the project, and be subject to a fee imposed by the Bank sufficient to compensate the Bank for any economic loss the Bank experiences in re-investing the repaid amount at a rate of return below the cost of funds originally used by the Bank to calculate the interest rate subsidy incorporated in the advance; or

(B) Continue to maintain the advance outstanding, subject to the Bank resetting the interest rate on that portion of the advance used to make the loan or loans to the project to a rate equal to the cost of funds originally used by the Bank to calculate the interest rate subsidy incorporated in the advance.

(b) Agreements between Banks and project sponsors or owners. A Bank shall have in place an agreement with each project sponsor or project owner, in which the project sponsor or project owner agrees to repay AHP subsidies directly to the Bank in accordance with the requirements of §1291.8(b)(2)(ii) of this part (if applicable).

(c) Application to existing AHP projects and units. The requirements of section 10(j) of the Act (12 U.S.C. 1430(j)) and the provisions of this part, as amended, are incorporated into all agreements between Banks, members, project sponsors, and project owners receiving AHP subsidies under the competitive application program, and between Banks, members and unit owners under the homeownership set-aside program. To the extent the requirements of this part are amended from time to time, such agreements are deemed to incorporate the amendments to conform to any new requirements of this part. No amendment to this part shall affect the legality of actions taken prior to the effective date of such amendment.

§ 1291.10 Conflicts of interest.

(a) Bank directors and employees. (1) Each Bank’s board of directors shall adopt a written policy providing that if a Bank director or employee, or such person’s family member, has a financial interest in, or is a director, officer, or employee of an organization involved in, a project that is the subject of a pending or approved AHP application, the Bank director or employee shall not participate in or attempt to influence decisions by the Bank regarding the evaluation, approval, funding, monitoring, or any remedial process for such project.

(2) If a Bank director or employee, or such person’s family member, has a financial interest in, or is a director, officer, or employee of an organization involved in, an AHP project such that he or she is subject to the requirements in paragraph (a)(1) of this section, such person shall not participate in or attempt to influence decisions by the Bank regarding the evaluation, approval, funding, monitoring, or any remedial process for such project.

(b) Advisory Council members. (1) Each Bank’s board of directors shall adopt a written policy providing that if an Advisory Council member, or such person’s family member, has a financial interest in, or is a director, officer, or employee of an organization involved in, an AHP project, the Advisory Council member shall not participate in or attempt to influence decisions by the Bank regarding the evaluation, approval, funding, monitoring, or any remedial process for such project.
(2) If an Advisory Council member, or such person’s family member, has a financial interest in, or is a director, officer, or employee of an organization involved in, an AHP project such that he or she is subject to the requirements in paragraph (b)(1) of this section, such person shall not participate in or attempt to influence decisions by the Bank regarding the approval for such project.

(c) No delegation. A Bank’s board of directors shall not delegate to Bank officers or other Bank employees the responsibility to adopt the conflict of interest policies required by this section.

§ 1291.11 Temporary suspension of AHP contributions.

(a) Request to FHFA. If a Bank finds that the contributions required pursuant to §1291.2(a) of this part are contributing to the financial instability of the Bank, the Bank may apply in writing to the FHFA for a temporary suspension of such contributions.

(b) Director review. (1) In determining the financial instability of a Bank, the Director shall consider such factors as:

(i) Severely depressed Bank earnings;

(ii) A substantial decline in Bank membership capital; and

(iii) A substantial reduction in Bank advances outstanding.

(2) Limitations on grounds for suspension. The Director shall not suspend a Bank’s annual AHP contributions if it determines that the Bank’s reduction in earnings is due to:

(i) A change in the terms of advances to members that is not justified by market conditions;

(ii) Inordinate operating and administrative expenses; or

(iii) Mismanagement.

§ 1291.12 Affordable Housing Reserve Fund.

(a) Deposits. If a Bank fails to use or commit the full amount it is required to contribute to the Program in any year pursuant to §1291.2(a) of this part, 90 percent of the unused or uncommitted amount shall be deposited by the Bank in an Affordable Housing Reserve Fund established and administered by the FHFA. The remaining 10 percent of the unused and uncommitted amount retained by the Bank should be fully used or committed by the Bank during the following year, and any remaining portion shall be deposited in the Affordable Housing Reserve Fund.

(b) Use or commitment of funds. Approval of applications for AHP subsidies from members sufficient to exhaust the amount a Bank is required to contribute pursuant to §1291.2(a) of this part shall constitute use or commitment of funds. Amounts remaining unused or uncommitted at year-end are deemed to be used or committed if, in combination with AHP subsidies that have been returned to the Bank or decommitted from canceled projects, they are insufficient to fund:

(1) The next highest scoring AHP application in the Bank’s final funding period of the year for its competitive application program;

(2) Pending applications for funds under the Bank’s homeownership set-aside programs; and

(3) Project modifications approved by the Bank pursuant to the requirements of this part.

(c) Carryover of insufficient amounts. Such insufficient amounts as described in paragraph (b) of this section shall be carried over for use or commitment in the following year in the Bank’s competitive application program or homeownership set-aside programs.

§ 1292.3 Purpose.

The purpose of this part is to identify targeted community lending projects that the Banks may support through the establishment of CICA programs under section 10(j)(10) of the Bank Act (12 U.S.C. 1430(j)(10)). Pursuant to this part, a Bank may offer RDF or UDF programs, or both, for targeted community lending using targeted beneficiaries or targeted income levels specified in §1292.1, without prior FHFA approval. (2) For projects funded under CIP, both the housing and economic development components of the project must meet the appropriate targeted income levels.

(c) Refinancing. CICA funding other than AHP may be used to refinance economic development projects and housing projects, provided that any equity proceeds of the refinancing of rental housing and manufactured housing parks are used to rehabilitate the projects or to preserve affordability for current residents.

(d) Pricing and Availability of advances—(1) Advances to members. For CICA programs other than AHP and CIP, a Bank shall price advances to members as provided in §1266.5 of this chapter, and may price such advances at rates below the price of advances of similar amounts, maturities and terms made pursuant to section 10(a) of the Bank Act. (12 U.S.C. 1430(a)).

(2) Pricing of CIP advances. The price of advances made under CIP shall not exceed the Bank’s cost of issuing consolidated obligations of comparable maturity, taking into account reasonable administrative costs.

(6) Discount Fund. (i) A Bank may establish a Discount Fund which the Bank may use to reduce the price of CIP or other advances made under CICA programs below the advance prices provided for by this part.

(ii) Price reductions made through the Discount Fund shall be made in accordance with a fair distribution scheme.

§ 1292.6 Reporting.

(a) Each Bank annually shall provide to FHFA, on or before January 31, a Targeted Community Lending Plan.

(b) Each Bank shall provide such other reports concerning its CICA programs as FHFA may request from time to time.

§ 1292.7 Documentation.

(a) A Bank shall require the borrower to certify to the Bank that each project funded under a CICA program (other than AHP) meets the respective targeting requirements of the CICA program. Such certification shall include a description of how the project meets the requirements, and where appropriate, a statistical summary or list of incomes of the borrowers, rents for the project, or salaries of jobs created or retained.

(b) For those CICA-funded projects that also receive funds from another
targeted Federal economic development program that has income targeting requirements that are the same as, or more restrictive than, the targeting requirements of the applicable CICA program, the Bank shall permit the borrower to certify that compliance with the criteria of such Federal economic development program will meet the requirements of the respective CICA program.

(c) Such certifications shall satisfy the Bank’s obligations to document compliance with the CICA funding provisions of this part.

§ 1301.1 General.
This subpart contains the regulations of the Financial Stability Oversight Council (the “Council”) implementing the Freedom of Information Act (“FOIA”), 5 U.S.C. 552, as amended. These regulations set forth procedures for requesting access to records maintained by the Council. These regulations should be read together with the FOIA, which provides additional information about this topic.

§ 1301.2 Information made available.
(a) General. The FOIA provides for access to records developed or maintained by a Federal agency. The provisions of the FOIA are intended to assure the right of the public to information. Generally, this section divides agency records into three major categories and provides methods by which each category of records is to be made available to the public. The three major categories of records are as follows:

(1) Information required to be published in the Federal Register (see §1301.3);

(2) Information required to be made available for public inspection and copying or, in the alternative, to be published and offered for sale (see §1301.4); and

(3) Information required to be made available to any member of the public upon specific request (see §§1301.5 through 1301.12).

(b) Right of access. Subject to the exemptions and exclusions set forth in the FOIA (5 U.S.C. 552(b) and (c)), and the regulations set forth in this subpart, any person shall be afforded access to records.

(c) Exemptions. (1) The disclosure requirements of 5 U.S.C. 552(a) do not apply to certain records which are exempt under 5 U.S.C. 552(b); nor do the disclosure requirements apply to certain records which are excluded under 5 U.S.C. 552(c).

(2) Even though a FOIA exemption set forth in 5 U.S.C. 552(b) may apply to the record requested, the Council may, if not precluded by law, elect under the circumstances of that request not to apply the exemption. The fact that an exemption is not applied by the Council in response to a particular request shall have no precedential significance in processing other requests. This policy does not create any right enforceable in court.

§ 1301.3 Publication in the Federal Register.
Subject to the application of the FOIA exemptions and exclusions (5 U.S.C. 552(b) and (c)) and subject to the limitations provided in 5 U.S.C. 552(a)(1), the Council shall state, publish and maintain current in the Federal Register for the guidance of the public:

(a) Descriptions of its central and field organization and the established places at which, the persons from whom, and the methods whereby, the public may obtain information, make submittals or requests, or obtain decisions;

(b) Statements of the general course and method by which its functions are channeled and determined, including the nature and requirements of all formal and informal procedures available;

(c) Rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations;
§ 1301.4 Public inspection and copying.

(a) In general. Subject to the application of the FOIA exemptions and exclusions (5 U.S.C. 552(b) and (c)), the Council shall, in conformance with 5 U.S.C. 552(a)(2), make available for public inspection and copying, or, in the alternative, promptly publish and offer for sale:

(1) Final opinions, including concurring and dissenting opinions, and orders, made in the adjudication of cases;

(2) Those statements of policy and interpretations which have been adopted by the Council but which are not published in the FEDERAL REGISTER;

(3) Its administrative staff manuals and instructions to staff that affect a member of the public;

(4) Copies of all records, regardless of form or format, which have been released previously to any person under 5 U.S.C. 552(a)(3) and §§ 1301.5 through 1301.12, and which the Council determines have become or are likely to become the subject of subsequent requests for substantially the same records. When the Council receives three (3) or more requests for substantially the same records, then the Council shall place those requests in front of any existing processing backlog and make the released records available in the Council’s public reading room and in the electronic reading room on the Council’s Web site.

(5) A general index of the records referred to in paragraph (a)(4) of this section.

(b) Information made available online. For records required to be made available for public inspection and copying pursuant to 5 U.S.C. 552(a)(2) and paragraphs (a)(1) through (4) of this section, the Council shall make such records available on its Web site as soon as practicable but in any case no later than one year after such records are created.

(c) Redaction. Based upon applicable exemptions in 5 U.S.C. 552(b), the Council may redact certain information contained in any matter described in paragraphs (a)(1) through (4) of this section before making such information available for inspection or publishing it. The justification for the redaction shall be explained in writing, and the extent of such redaction shall be indicated on the portion of the record which is made available or published, unless including that indication would harm an interest protected by the exemption in 5 U.S.C. 552(b) under which the redaction is made. If technically feasible, the extent of the redaction shall be indicated at the place in the record where the redaction was made.

(d) Public reading room. The Council shall make available for public inspection and copying, in a reading room or otherwise, the material described in paragraphs (a)(1) through (5) of this section. Fees for duplication shall be charged in accordance with § 1301.12.

The location of the Council’s reading room is the Department of the Treasury’s Library. The Library is located in the Main Treasury Building, 1500 Pennsylvania Avenue NW., Washington, DC 20220. For building security purposes, visitors are required to make an appointment by calling (202) 622–0990.

(e) Indices. (1) The Council shall maintain and make available for public inspection and copying current indices identifying any material described in paragraphs (a)(1) through (3) of this section. In addition, the Council shall promptly publish, quarterly or more frequently, and distribute (by sale or otherwise) copies of each index or supplement unless the Council determines by order published in the FEDERAL REGISTER that the publication would be unnecessary and impractical, in which case the Council shall nonetheless provide copies of the index on request at a cost not to exceed the direct cost of duplication.

(2) The Council shall make the indices referred to in paragraph (a)(5) and (e)(1) of this section available on its Web site.
§ 1301.5 Requests for Council records.

(a) In general. Except for records made available under 5 U.S.C. 552(a)(1) and (a)(2) and subject to the application of the FOIA exemptions and exclusions (5 U.S.C. 552(b) and (c)), the Council shall promptly make its records available to any person pursuant to a request that conforms to the rules and procedures of this section.

(b) Form and content of request. A request for records of the Council shall be made as follows:

(1) The request for records shall be made in writing and submitted by mail or via the Internet and should state, both in the request itself and on any envelope that encloses it, that it comprises a Freedom of Information Act (FOIA) request. A request that does not explicitly state that it is a FOIA request, but clearly indicates or implies that it is a request for records, may also be processed under the FOIA.

(2) If a request is sent by mail, it shall be addressed and submitted as follows: FOIA Request—Financial Stability Oversight Council, U.S. Department of the Treasury, 1500 Pennsylvania Avenue NW., Washington, DC 20220. If a request is made via the Internet, it shall be submitted as set forth on the Council’s Web site.

(3) In order to ensure the Council’s ability to respond in a timely manner, a FOIA request must describe the records that the requester seeks in sufficient detail to enable Council personnel to locate them with a reasonable amount of effort. Whenever possible, the request must include specific information about each record sought, such as the date, title or name, author, recipient, and subject matter of the record. If known, the requester must include any file designations or descriptions for the records requested. In general, a requester is encouraged to provide more specific information about the records or types of records sought to increase the likelihood that responsive records can be located.

(4) The request shall include the name of and contact information for the requester, including a mailing address, telephone number, and, if available, an email address at which the Council may contact the requester regarding the request.

(5) For the purpose of determining any fees that may apply to processing a request, a requester shall indicate in the request whether the requester is a commercial user, an educational institution, non-commercial scientific institution, representative of the news media, or “other” requester, as those terms are defined in §1301.12(c), or in the alternative, state how the records released will be used. The Council shall use this information solely for the purpose of determining the appropriate fee category that applies to the requester and shall not use this information to determine whether to disclose a record in response to the request.

(6) If a requester seeks a waiver or reduction of fees associated with processing a request, then the request shall include a statement to that effect, pursuant to §1301.12(f). Any request that does not seek a waiver or reduction of fees shall constitute an agreement of the requester to pay any and all fees (of up to $25) that may apply to the request, unless or until a request for waiver is sought and granted. The requester also may specify in the request an upper limit (of not less than $25) that the requester is willing to pay to process the request.

(i) Any request for waiver or reduction of fees should be filed together with or as part of the FOIA request, or at a later time prior to the Council incurring costs to process the request.

(ii) A waiver request submitted after the Council incurs costs will be considered in accordance with §1301.12(f); however, the requester must agree in writing to pay the fees already incurred if the waiver is denied.

(7) If a requester seeks expedited processing of a request, then the request must include a statement to that effect as is required by §1301.7(c).

(c) Request receipt; effect of request deficiencies. The Council shall deem itself to have received a request on the date that it receives a complete request containing the information required by paragraph (b) of this section. The Council need not accept a request, process a request, or be bound by any deadlines in this subpart for processing a request that fails materially to conform to the requirements of paragraph
§ 1301.6 Responsibility for responding to requests for Council records.

(a) In general. In determining which records are responsive to a request, the Council ordinarily will include only information contained in records that the Council maintains, or are in its possession and control, as of the date the Council begins its search for responsive records. If any other date is used, the Council shall inform the requester of that date.

(b) Authority to grant or deny requests. The records officer shall be authorized to make an initial determination to grant or deny, in whole or in part, a request for a record.

(c) Referrals. When the Council receives a request for a record or any portion of a record in its possession that originated with another agency, including but not limited to a constituent agency of the Council, it shall:

(1) In the case of a record originated by a federal agency subject to the FOIA, refer the responsibility for responding to the request regarding that record to the originating agency to determine whether to disclose it; and

(2) In the case of a record originated by a state agency, respond to the request after giving notice to the originating state agency and a reasonable opportunity to provide input or to assert any applicable privileges.

(d) Notice of referral. Whenever the Council refers all or any part of the responsibility for responding to a request to another agency, the Council shall notify the requester of the referral and inform the requester of the name of each agency to which the request has been referred and of the part of the request that has been referred.

§ 1301.7 Timing of responses to requests for Council records.

(a) In general. Except as set forth in paragraphs (b) through (d) of this section, the Council shall respond to requests according to their order of receipt.

(b) Multitrack processing. (1) The Council may establish tracks to process separately simple and complex requests. The Council may assign a request to the simple or complex track based on the amount of work and/or time needed to process the request. The Council shall process requests in each track according to the order of their receipt.

(2) The Council may provide a requester in its complex track with an opportunity to limit the scope of the request to qualify for faster processing within the specified limits of the simple track(s).

(c) Requests for expedited processing. (1) The Council shall respond to a request out of order and on an expedited basis whenever a requester demonstrates a compelling need for expedited processing in accordance with the requirements of this paragraph (c).

(2) Form and content of a request for expedited processing. A request for expedited processing shall be made as follows:

(i) A request for expedited processing shall be made in writing or via the Internet and submitted as part of the initial request for records. When a request for records includes a request for
expedited processing, both the envelope and the request itself must be clearly marked “Expedited Processing Requested.” A request for expedited processing that is not clearly so marked, but satisfies the requirements in §1301.7(c)(2)(ii) and (iii), may nevertheless be granted.

(ii) A request for expedited processing shall contain a statement that demonstrates a compelling need for the requester to obtain expedited processing of the requested records. A “compelling need” may be established under the standard in either paragraph (c)(2)(ii)(A) or (B) of this section by demonstrating that:

(A) Failure to obtain the requested records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual. The requester shall fully explain the circumstances warranting such an expected threat so that the Council may make a reasoned determination that a delay in obtaining the requested records would pose such a threat; or

(B) With respect to a request made by a person primarily engaged in disseminating information, urgency to inform the public concerning actual or alleged Federal Government activity. A person “primarily engaged in disseminating information” does not include individuals who are engaged only incidentally in the dissemination of information. The standard of “urgency to inform” requires that the records requested pertain to a matter of current exigency to the American general public and that delaying a response to a request for records would compromise a significant recognized interest to and throughout the American general public. The requester must adequately explain the matter or activity and why the records sought are necessary to be provided on an expedited basis.

(iii) The requester shall certify the written statement that purports to demonstrate a compelling need for expedited processing to be true and correct to the best of my knowledge and belief. Executed on [date].”

(3) Determinations of requests for expedited processing. Within ten (10) calendar days of its receipt of a request for expedited processing, the Council shall decide whether to grant the request and shall notify the requester of the determination in writing.

(4) Effect of granting expedited processing. If the Council grants a request for expedited processing, then the Council shall give the expedited request priority over non-expedited requests and shall process the expedited request as soon as practicable. The Council may assign expedited requests to their own simple and complex processing tracks based upon the amount of work and/or time needed to process them. Within each such track, an expedited request shall be processed in the order of its receipt.

(5) Appeals of denials of requests for expedited processing. If the Council denies a request for expedited processing, then the requester shall have the right to submit an appeal of the denial determination in accordance with §1301.11. The Council shall communicate this appeal right as part of its written notification to the requester denying expedited processing. The requester shall clearly mark its appeal request and any envelope that encloses it with the words “Appeal for Expedited Processing.”

(d) Time period for responding to requests for records. Ordinarily, the Council shall have twenty (20) days (excluding Saturdays, Sundays, and legal public holidays) from when a request that satisfies the requirements of §1301.5(b) is received by the Council to determine whether to grant or deny a request for records. The twenty-day time period set forth in this paragraph shall not be tolled by the Council except that the Council may:

(1) Make one reasonable demand to the requester for clarifying information about the request and toll the twenty-day time period while it awaits the clarifying information; or

(2) Toll the twenty-day time period while awaiting receipt of the requester’s response to the Council’s request for clarification regarding the assessment of fees.
§ 1301.8

(e) Unusual circumstances—(1) In general. Except as provided in paragraph (e)(2) of this section, if the Council determines that, due to unusual circumstances, it cannot respond either to a request within the time period set forth in paragraph (d) of this section or to an appeal within the time period set forth in §1301.11, the Council may extend the applicable time periods by informing the requester in writing of the unusual circumstances and of the date by which the Council expects to complete its processing of the request or appeal. Any extension or extensions of time shall not cumulatively total more than ten (10) days (exclusive of Saturdays, Sundays, and legal public holidays).

(2) Additional time. If the Council determines that it needs additional time beyond a ten-day extension to process the request or appeal, then the Council shall notify the requester and provide the requester with an opportunity to limit the scope of the request or appeal or to arrange for an alternative time frame for processing the request or appeal or a modified request or appeal. The requester shall retain the right to define the desired scope of the request or appeal, as long as it meets the requirements contained in this part.

(3) As used in this paragraph (e), “unusual circumstances” means, but only to the extent reasonably necessary to the proper processing of the particular requests:

(i) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(ii) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(iii) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request, or among two or more components or component offices having substantial subject matter interest therein.

(4) Where the Council reasonably believes that multiple requests submitted by a requester, or by a group of requesters acting in concert, constitute a single request that would otherwise involve unusual circumstances, and the requests involve clearly related matters, they may be aggregated. Multiple requests involving unrelated matters will not be aggregated. The Council may disaggregate and treat as separate requests a single request that has multiple unrelated components. The Council shall notify the requester if a request is disaggregated.

§ 1301.8 Responses to requests for Council records.

(a) Acknowledgement of requests. Upon receipt of a request that meets the requirements of §1301.5(b), the Council ordinarily shall assign to the request a unique tracking number and shall send an acknowledgement letter or email to the requester that contains the following information:

(1) A brief description of the request;

(2) The applicable request tracking number;

(3) The date of receipt of the request, as determined in accordance with §1301.5(c); and

(4) A confirmation, with respect to any fees that may apply to the request pursuant to §1301.12, that the requester has agreed to pay any and all applicable fees, or has specified an upper limit (of not less than $25) that the requester is willing to pay in fees to process the request.

(b) Initial determination to grant or deny a request—(1) In general. The Council records officer (as designated in §1301.6(b)) shall make initial determinations to grant or to deny in whole or in part requests for records.

(2) Granting of request. If the request is granted in full or in part, the Council shall provide the requester with a copy of the releasable records, and shall do so in the format specified by the requester to the extent that the records are readily producible by the Council in the requested format. The Council also shall send the requester a statement of the applicable fees, broken down by search, review and duplication fees, either at the time of the determination or shortly thereafter.

(3) Denial of requests. If the Council determines that the request for records
should be denied in whole or in part, the Council shall notify the requester in writing. The notification shall:

(i) State the exemptions relied on in not granting the request;

(ii) If technically feasible, indicate the volume of information redacted (including the number of pages withheld in part and in full) and the exemptions under which the redaction is made at the place in the record where such redaction is made (unless providing such indication would harm an interest protected by the exemption relied upon to deny such material);

(iii) Set forth the name and title or position of the responsible official;

(iv) Advise the requester of the right to administrative appeal in accordance with §1301.11; and

(v) Specify the official or office to which such appeal shall be submitted.

(4) No records found. If it is determined, after an adequate search for records by the responsible official or his/her delegate, that no records could be located, the Council shall so notify the requester in writing. The notification letter also shall advise the requester of the right to administratively appeal the Council's determination that no records could be located (i.e., to challenge the adequacy of the Council's search for responsive records) in accordance with §1301.11. The response shall specify the official to whom the appeal shall be submitted for review.

§ 1301.10 Requests for business information provided to the Council.

(a) In general. Business information provided to the Council by a submitter shall not be disclosed pursuant to a FOIA request except in accordance with this section.

(b) Definitions. For purposes of this section:

(1) Business information means information from a submitter that is trade secrets or other commercial or financial information that may be protected from disclosure under Exemption 4.

(2)Submitter means any person or entity from whom the Council obtains business information, directly or indirectly. The term includes corporations, state, local, and tribal governments, and foreign governments.

(c) Designation of business information. A submitter of business information shall use good-faith efforts to designate, by appropriate markings, either at the time of submission or at a reasonable time thereafter, any portions of its submission that it considers to be protected from disclosure under Exemption 4. These designations will expire ten (10) years after the date of the submission unless the submitter on his or her own initiative requests otherwise, and provides justification for, a longer designation period.

(d) Notice to submitters. The Council shall provide a submitter with prompt written notice of receipt of a request or
appeal encompassing the business information of the submitter whenever required in accordance with paragraph (e) of this section. Such written notice shall either describe the exact nature of the business information requested or provide copies of the records or portions of records containing the business information. When a voluminous number of submitters must be notified, the Council may post or publish such notice in a place reasonably likely to accomplish such notification.

(e) When notice is required. The Council shall provide a submitter with notice of receipt of a request or appeal whenever:

(1) The information has been designated in good faith by the submitter as information considered protected from disclosure under Exemption 4; or

(2) The Council has reason to believe that the information may be protected from disclosure under Exemption 4 because disclosure could reasonably be expected to cause substantial competitive harm to the submitter.

(f) Opportunity to object to disclosure. (1) Through the notice described in paragraph (d) of this section, the Council shall notify the submitter in writing that the submitter shall have ten (10) days from the date of the notice (exclusive of Saturdays, Sundays, and legal public holidays) to provide the Council with a detailed statement of any objection to disclosure. Such statement shall specify all grounds for withholding any of the information under Exemption 4, including a statement of why the information is considered to be a trade secret or commercial or financial information that is privileged or confidential. In the event that the submitter fails to respond to the notice within the time specified, the submitter shall be considered to have no objection to disclosure of the information. Information provided by a submitter pursuant to this paragraph (f) may itself be subject to disclosure under the FOIA.

(2) When notice is given to a submitter under this section, the Council shall advise the requester that such notice has been given to the submitter. The requester shall be further advised that a delay in responding to the request may be considered a denial of access to records and that the requester may proceed with an administrative appeal or seek judicial review, if appropriate. However, the Council shall invite the requester to agree to an extension of time so that the Council may review the submitter’s objection to disclosure.

(g) Notice of intent to disclose. The Council shall consider carefully a submitter’s objections and specific grounds for nondisclosure prior to determining whether to disclose business information responsive to the request. If the Council decides to disclose business information over the objection of a submitter, the Council shall provide the submitter with a written notice which shall include:

(1) A statement of the reasons for which the submitter’s disclosure objections were not sustained;

(2) A description of the business information to be disclosed; and

(3) A specified disclosure date which is not less than ten (10) days (exclusive of Saturdays, Sundays, and legal public holidays) after the notice of the final decision to release the requested information has been provided to the submitter. Except as otherwise prohibited by law, notice of the final decision to release the requested information shall be forwarded to the requester at the same time.

(h) Notice of FOIA lawsuit. Whenever a requester brings suit seeking to compel disclosure of business information covered in paragraph (c) of this section, the Council shall promptly notify the submitter.

(i) Exception to notice requirement. The notice requirements of this section shall not apply if:

(1) The Council determines that the information shall not be disclosed;

(2) The information lawfully has been published or otherwise made available to the public; or

(3) Disclosure of the information is required by statute (other than the FOIA) or by a regulation issued in accordance with the requirements of Executive Order 12600 (3 CFR, 1987 Comp., p. 235).
§ 1301.11 Administrative appeals.

(a) Grounds for administrative appeals. A requester may appeal an initial determination of the Council, including but not limited to a determination:
   (1) To deny access to records in whole or in part (as provided in §1301.8(b)(4));
   (2) To assign a particular fee category to the requester (as provided in §1301.12(c));
   (3) To deny a request for a reduction or waiver of fees (as provided in §1301.12(f)(7));
   (4) That no records could be located that are responsive to the request (as provided in §1301.8(b)(5)); or
   (5) To deny a request for expedited processing (as provided in §1301.7(c)(5)).

(b) Time limits for filing administrative appeals. An appeal, other than an appeal of a denial of expedited processing, must be submitted within thirty-five (35) days of the date of the initial determination or the date of the letter transmitting the last records released, whichever is later. An appeal of a denial of expedited processing must be made within ten (10) days of the date of the initial determination to deny expedited processing (see §1301.7).

(c) Form and content of administrative appeals. The appeal shall—
   (1) Be made in writing or via the Internet;
   (2) Be clearly marked on the appeal request and any envelope that encloses it with the words “Freedom of Information Act Appeal” and addressed to Financial Stability Oversight Council, U.S. Department of the Treasury, 1500 Pennsylvania Avenue NW., Washington, DC 20220;
   (3) Set forth the name of and contact information for the requester, including a mailing address, telephone number, and, if available, an email address at which the Council may contact the requester regarding the appeal;
   (4) Specify the date of the initial request and date of the letter of initial determination, and, where possible, enclose a copy of the initial request and the initial determination being appealed; and
   (5) Set forth specific grounds for the appeal.

(d) Processing of administrative appeals. Appeals shall be stamped with the date of their receipt by the office to which addressed, and shall be processed in the approximate order of their receipt. The receipt of the appeal shall be acknowledged by the Council and the requester advised of the date the appeal was received and the expected date of response.

(e) Determinations to grant or deny administrative appeals. The Chairperson of the Council or his/her designee is authorized to and shall decide whether to affirm or reverse the initial determination (in whole or in part), and shall notify the requester of this decision in writing within twenty (20) days (exclusive of Saturdays, Sundays, and legal public holidays) after the date of receipt of the appeal, unless extended pursuant to §1301.7(e).
   (1) If it is decided that the appeal is to be denied (in whole or in part) the requester shall be—
      (i) Notified in writing of the denial;
      (ii) Notified of the reasons for the denial, including the FOIA exemptions relied upon;
      (iii) Notified of the name and title or position of the official responsible for the determination on appeal;
      (iv) Provided with a statement that judicial review of the denial is available in the United States District Court for the judicial district in which the requester resides or has a principal place of business, the judicial district in which the requested records are located, or the District of Columbia in accordance with 5 U.S.C. 552(a)(4)(B); and
      (v) Provided with notification that mediation services may be available to the requester as a non-exclusive alternative to litigation through the Office of Government Information Services in accordance with 5 U.S.C. 552(h)(3).
   (2) If the Council grants the appeal in its entirety, the Council shall so notify the requester and promptly process the request in accordance with the decision on appeal.

§ 1301.12 Fees for processing requests for Council records.

(a) In general. The Council shall charge the requester for processing a request under the FOIA in the amounts and for the services set forth in paragraphs (b) through (d) of this section, except if a waiver or reduction of fees
§ 1301.12

is granted under paragraph (f) of this section, or if, pursuant to paragraph (e)(4) of this section, the failure of the Council to comply with certain time limits precludes it from assessing certain fees. No fees shall be charged if the amount of fees incurred in processing the request is below $25.

(b) Fees chargeable for specific services. The fees for services performed by the Council shall be imposed and collected as set forth in this paragraph (b).

(1) Duplicating records. The Council shall charge a requester fees for the cost of copying records as follows:

(i) $.15 per page, up to 8½ × 14″, made by photocopy or similar process.

(ii) Photographs, films, and other materials—actual cost of duplication.

(iii) Other types of duplication services not mentioned above—actual cost.

(iv) Material provided to a private contractor for copying shall be charged to the requester at the actual cost charged by the private contractor.

(2) Search services. The Council shall charge a requester for all time spent by its employees searching for records that are responsive to a request, including page-by-page or line-by-line identification of responsive information within records, even if no responsive records are found. The Council shall charge the requester fees for search time as follows:

(i) Searches for other than electronic records. The Council shall charge for search time at the salary rate(s) (basic pay plus sixteen (16) percent) of the employee(s) who conduct the search. This charge shall also include transportation of employees and records at actual cost. Fees may be charged for search time even if the search does not yield any responsive records, or if records are exempt from disclosure.

(ii) Searches for electronic records. The Council shall charge the requester for the actual direct cost of the search, including computer search time, runs, and the operator’s salary. The fee for computer output shall be the actual direct cost. For a requester in the “other” category, when the cost of the search (including the operator time and the cost of operating the computer to process a request) equals the equivalent dollar amount of two hours of the salary of the person performing the search (i.e., the operator), the charge for the computer search will begin.

(3) Review of records. The Council shall charge a requester for time spent by its employees examining responsive records to determine whether any portions of such record are withholdable from disclosure, pursuant to the FOIA exemptions of 5 U.S.C. 552(b). The Council shall also charge a requester for time spent by its employees reordering any such withholdable information from a record and preparing a record for release to the requester. The Council shall charge a requester for time spent reviewing records at the salary rate(s) (i.e., basic pay plus sixteen (16) percent) of the employees who conduct the review. Fees may be charged for review time even if records ultimately are not disclosed.

(4) Inspection of records in the reading room. Fees for all services provided shall be charged whether or not copies are made available to the requester for inspection. However, no fee shall be charged for monitoring a requester’s inspection of records.

(5) Other services. Other services and materials requested which are not covered by this part nor required by the FOIA are chargeable at the actual cost to the Council. Charges permitted under this paragraph may include:

(i) Certifying that records are true copies; and

(ii) Sending records by special methods (such as by express mail, etc.).

(c) Fees applicable to various categories of requesters—(1) Generally. The Council shall assess the fees set forth in paragraph (b) of this section in accordance with the requester fee categories set forth below.

(2) Requester selection of fee category. A requester shall identify, in the initial FOIA request, the purpose of the request in one of the following categories:

(1) Commercial. A commercial use request refers to a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made, which can include furthering those interests through litigation. The Council may determine from the use specified in the
request that the requester is a commercial user.

(ii) Educational institution. This refers to a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research. This category does not include requesters seeking records for use in meeting individual academic research or study requirements.

(iii) Non-commercial scientific institution. This refers to an institution that is not operated on a “commercial” basis, as that term is defined in paragraph (c)(2)(i) of this section, and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(iv) Representative of the news media. This refers to any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. In this paragraph (c)(2)(iv), the term “news” means information that is about current events or that would be of current interest to the public. Examples of news-media entities are television or radio stations broadcasting to the public at large and publishers of periodicals (but only if such entities qualify as disseminators of “news”) who make their products available for purchase by subscription or by free distribution to the general public. These examples are not all-inclusive. Moreover, as methods of news delivery evolve (for example, the adoption of the electronic dissemination of newspapers through telecommunications services), such alternative media shall be considered to be news media entities. A freelance journalist shall be regarded as working for a news media entity if the journalist can demonstrate a solid basis for expecting publication through that entity, whether or not the journalist is actually employed by the entity. A publication contract would present a solid basis for such an expectation; the Council may also consider the past publication record of the requester in making such a determination.

(v) Other Requester. This refers to a requester who does not fall within any of the categories described in paragraphs (c)(2)(i)-(iv) of this section.

(d) Fees applicable to each category of requester. The Council shall apply the fees set forth in this paragraph, for each category described in paragraph (c) of this section, to requests processed by the Council under the FOIA.

(1) Commercial use. A requester seeking records for commercial use shall be charged the full direct costs of searching for, reviewing, and duplicating the records they request as set forth in paragraph (b) of this section. Moreover, when a request is received for disclosure that is primarily in the commercial interest of the requester, the Council is not required to consider a request for a waiver or reduction of fees based upon the assertion that disclosure would be in the public interest. The Council may recover the cost of searching for and reviewing records even if there is ultimately no disclosure of records or no records are located.

(2) Educational and non-commercial scientific uses. A requester seeking records for educational or non-commercial scientific use shall be charged only for the cost of duplicating the records they request, except that the Council shall provide the first one hundred (100) pages of duplication free of charge. To be eligible, the requester must show that the request is made under the auspices of a qualifying institution and that the records are not sought for a commercial use, but are sought in furtherance of scholarly (if the request is from an educational institution) or scientific (if the request is from a non-commercial scientific institution) research. These categories do not include a requester who seeks records for use in meeting individual academic research or study requirements.

(3) News media uses. A requester seeking records under the news media use category shall be charged only for the cost of duplicating the records they request, except that the Council shall provide the requester with the first one hundred (100) pages of duplication free of charge.
(4) Other requests. A requester seeking records for any other use shall be charged the full direct cost of searching for and duplicating records that are responsive to the request, as set forth in paragraph (b) of this section, except that the Council shall provide the first one hundred (100) pages of duplication and the first two hours of search time free of charge. The Council may recover the cost of searching for records even if there is ultimately no disclosure of records, or no records are located.

(e) Other circumstances when fees are not charged. Notwithstanding paragraphs (b), (c), and (d) of this section, the Council may not charge a requester a fee for processing a FOIA request if—

(1) Services were performed without charge;

(2) The cost of collecting a fee would be equal to or greater than the fee itself;

(3) The fees were waived or reduced in accordance with paragraph (f) of this section; or

(4) The Council fails to comply with any time limit under §1301.7 or §1301.11, and no unusual circumstances (as that term is defined in §1301.7(e)) or exceptional circumstances apply to the processing of the request; or

(5) The requester is an educational or noncommercial scientific institution or a representative of the news media (as described in paragraphs (c)(2)(ii) through (iv) of this section), then the Council shall not assess the duplication fees.

(f) Waiver or reduction of fees. (1) A requester shall be entitled to receive from the Council a waiver or reduction in the fees otherwise applicable to a FOIA request whenever the requester:

(i) Requests such waiver or reduction of fees in writing and submits the written request to the Council together with or as part of the FOIA request, or at a later time consistent with §1301.5(b)(7) to process the request; and

(ii) Demonstrates that the fee reduction or waiver request is in the public interest because:

(A) Furnishing the information is not primarily in the commercial interest of the requester.

(B) Furnishing the information is not likely to contribute significantly to public understanding of the operations or activities of the government; and

(2) To determine whether the requester has satisfied the requirements of paragraph (f)(1)(ii)(A) of this section, the Council shall consider:

(i) The subject of the requested records must concern identifiable operations or activities of the federal government, with a connection that is direct and clear, not remote or attenuated;

(ii) The disclosable portions of the requested records must be meaningfully informative about government operations or activities in order to be "likely to contribute" to an increased public understanding of those operations or activities. The disclosure of information that already is in the public domain, in either a duplicative or a substantially identical form, would not be as likely to contribute to such understanding where nothing new would be added to the public's understanding;

(iii) The disclosure must contribute to the understanding of a reasonably broad audience of persons interested in the subject, as opposed to the individual understanding of the requester. A requester's expertise in the subject area and ability and intention to effectively convey information to the public shall be considered. It shall be presumed that a representative of the news media will satisfy this consideration.

(iv) The public's understanding of the subject in question, as compared to the level of public understanding existing prior to the disclosure, must be enhanced by the disclosure to a significant extent.

(3) To determine whether the requester satisfies the requirement of paragraph (f)(1)(ii)(B) of this section, the Council shall consider:

(i) Any commercial interest of the requester (with reference to the definition of "commercial use" in §1301.12(c)(2)(i)), or of any person on whose behalf the requester may be acting, that would be furthered by the requested disclosure. In the administrative process, a requester may provide explanatory information regarding this consideration; and
(ii) Whether the public interest is greater in magnitude than that of any identified commercial interest in disclosure. The Council ordinarily shall presume that, if a news media requester satisfies the public interest standard, the public interest will be the interest primarily served by disclosure to that requester. Disclosure to data brokers or others who merely compile and market government information for direct economic return shall not be presumed to primarily serve the public interest.

(4) Where only some of the records to be released satisfy the requirements for a waiver or reduction of fees, a waiver or reduction shall be granted for those records.

(5) Determination of request to reduce or waive fees. The Council shall notify the requester in writing regarding its determinations to reduce or waive fees.

(6) Effect of denying request to reduce or waive fees. If the Council denies a request to reduce or waive fees, then the Council shall advise the requester, in the denial notification letter, that the requester may incur fees as a result of processing the request. In the denial notification letter, the Council shall advise the requester that the Council will not proceed to process the request further unless the requester, in writing, directs the Council to do so and either agrees to pay any fees that may apply or processing the request or specifies an upper limit (of not less than $25) that the requester is willing to pay to process the request. If the Council does not receive this written direction and agreement/specification within thirty (30) days of the date of the denial notification letter, then the Council shall deem the FOIA request to be withdrawn.

(7) Appeals of denials of requests to reduce or waive fees. If the Council denies a request to reduce or waive fees, then the requester shall have the right to submit an appeal of the denial determination in accordance with §1301.11. The Council shall communicate this appeal right as part of its written notification to the requester denying the fee reduction or waiver request. The requester shall clearly mark its appeal request and any envelope that encloses it with the words “Appeal for Fee Reduction/Waiver.”

(g) Notice of estimated fees; advance payments. (1) When the Council estimates the fees for processing a request will exceed the limit set by the requester, and that amount is less than $250, the Council shall notify the requester of the estimated costs, broken down by search, review and duplication fees. The requester must provide an agreement to pay the estimated costs, except that the requester may reformulate the request in an attempt to reduce the estimated fees.

(2) If the requester fails to state a limit and the costs are estimated to exceed $250, the requester shall be notified of the estimated costs, broken down by search, review and duplication fees, and must pay such amount prior to the processing of the request, or provide satisfactory assurance of full payment if the requester has a history of prompt payment of FOIA fees. Alternatively, the requester may reformulate the request in such a way as to constitute a request for responsive records at a reduced fee.

(3) The Council reserves the right to request advance payment after a request is processed and before records are released.

(4) If a requester previously has failed to pay a fee within thirty (30) calendar days of the date of the billing, the requester shall be required to pay the full amount owed plus any applicable interest, and to make an advance payment of the full amount of the estimated fee before the Council begins to process a new request or the pending request.

(5) When the Council acts under paragraphs (g)(1) through (4) of this section, the administrative time limits of twenty (20) days (excluding Saturdays, Sundays, and legal public holidays) from receipt of initial requests or appeals, plus extensions of these time limits, shall begin only after any applicable fees have been paid (in the case of paragraphs (g)(2), (g)(3), or (g)(4)), a written agreement to pay fees has been provided (in the case of paragraph (g)(1)), or a request has been reformulated (in the case of paragraphs (g)(1) or (g)(2)).

(h) Form of payment. Payment may be made by check or money order paid to the Treasurer of the United States.

Subpart A—General

§ 1310.1 Authority and purpose.

(a) Authority. This part is issued by the Council under sections 111, 112 and 113 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”) (12 U.S.C. 5321, 5322, and 5323).

(b) Purpose. The principal purposes of this part are to set forth the standards and procedures governing Council determinations under section 113 of the Dodd-Frank Act (12 U.S.C. 5323), including whether material financial distress at a nonbank financial company, or the nature, scope, size, scale, concentration, interconnectedness, or mix of the activities of the nonbank financial company, could pose a threat to the financial stability of the United States, and whether a nonbank financial company shall be supervised by the Board of Governors and shall be subject to prudential standards in accordance with title I of the Dodd-Frank Act.

§ 1310.2 Definitions.

The terms used in this part have the following meanings—

Board of Governors. The term “Board of Governors” means the Board of Governors of the Federal Reserve System.

APPENDIX A TO PART 1310—FINANCIAL STABILITY OVERSIGHT COUNCIL GUIDANCE FOR NONBANK FINANCIAL COMPANY DETERMINATIONS

I. INTRODUCTION

Section 113 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”)1 authorizes the Financial Stability Oversight Council (the “Council”) to determine that a nonbank financial company will be supervised by the Board of Governors of the Federal Reserve System (the “Board of Governors”) and be subject to prudential standards in accordance with title I of the Dodd-Frank Act if either of two standards is met. Under the first standard, the Council may subject a nonbank financial company to supervision by the Board of Governors and subject to prudential standards if the Council determines that “material financial distress” at the nonbank financial company could pose a threat to the financial stability of the United States. Under the second standard, the Council may determine that a nonbank financial company will be supervised by the Board of Governors and subject to prudential standards if the Council determines that “material financial distress” at the nonbank financial company could pose a threat to U.S. financial stability. Section 113 of the Dodd-Frank Act also lists 10 considerations that the Council must take into account in making a determination.2

Section II of this document describes the manner in which the Council intends to apply the statutory standards and considerations in making determinations under section 113 of the Dodd-Frank Act. First, section II defines “threat to the financial stability of the United States” and describes channels through which a nonbank financial company could pose such a threat. Second, it discusses each of the two statutory standards for determination. Third, it describes the six-category framework that the Council intends to use to evaluate nonbank financial companies under each of the 10 statutory considerations. Section II also includes lists of sample metrics that may be used to evaluate individual nonbank financial companies under each of the six categories.

Section III of this document outlines the process that the Council intends to follow in non-emergency situations when determining whether to subject a nonbank financial company to Board of Governors supervision and prudential standards. Section III also provides a detailed description of the analysis

1 See 12 U.S.C. 5323.
2 In addition to these considerations, the Council may consider any other risk-related factors that the Council deems appropriate. 12 U.S.C. 5323(a)(2)(K) and (b)(2)(K).
that the Council intends to conduct during each stage of its review. In the first stage of the process, the Council will apply six uniform quantitative thresholds to nonbank financial companies to identify those nonbank financial companies that will be subject to further evaluation by the Council. Because the Council is relying in the first stage on quantitative thresholds using information available through existing public and regulatory sources, nonbank financial companies should be able to assess whether they will be subject to further evaluation by the Council. During the second stage of the evaluation process, the Council will analyze the identified nonbank financial companies using a broad range of information available to the Council primarily through existing public and regulatory sources. The third stage of the process will involve a comprehensive analysis of those nonbank financial companies using information collected directly from the nonbank financial company, as well as the information used in the first two stages.

II. COUNCIL DETERMINATION AUTHORITY AND FRAMEWORK

As noted above, the Council may determine that a nonbank financial company will be supervised by the Board of Governors and be subject to prudential standards if the Council determines that (i) material financial distress at the nonbank financial company could pose a threat to the financial stability of the United States (the “First Determination Standard”) or (ii) the nature, scope, size, scale, concentration, interconnectedness, or mix of the activities of the nonbank financial company could pose a threat to the financial stability of the United States (the “Second Determination Standard,” and, together with the First Determination Standard, the “Determination Standards”).

The Council intends to interpret the term “company” broadly with respect to nonbank financial companies and other companies in connection with section 113 of the Dodd-Frank Act, to include any corporation, limited liability company, partnership, business trust, association, or similar organization.

This section provides definitions of the terms “threat to the financial stability of the United States” and “material financial distress” and describes how the Council expects to apply the Determination Standards.

a. Threat to the Financial Stability of the United States

The Determination Standards require the Council to determine whether a nonbank financial company could pose a threat to the financial stability of the United States. The Council will consider a “threat to the financial stability of the United States” to exist if there would be an impairment of financial intermediation or of financial market functioning that would be sufficiently severe to inflict significant damage on the broader economy.

In evaluating a nonbank financial company under one of the Determination Standards, the Council intends to assess how a nonbank financial company’s material financial distress or activities could be transmitted to, or otherwise affect, other firms or markets, thereby causing a broader impairment of financial intermediation or of financial market functioning. An impairment of financial intermediation and financial market functioning can occur through several channels. The Council has identified the following channels as most likely to facilitate the transmission of the negative effects of a nonbank financial company’s material financial distress or activities to other financial firms and markets:

• Exposure. A nonbank financial company’s creditors, counterparties, investors, or other market participants have exposure to the nonbank financial company that is significant enough to materially impair those creditors, counterparties, investors, or other market participants and thereby pose a threat to U.S. financial stability. In its initial analysis of nonbank financial companies with respect to this channel, the Council expects to consider metrics including total consolidated assets, credit default swaps outstanding, derivative liabilities, total debt outstanding, and leverage ratio.

• Asset liquidation. A nonbank financial company holds assets that, if liquidated quickly, would cause a fall in asset prices and thereby significantly disrupt trading or funding in key markets or cause significant losses or funding problems for other firms with similar holdings. This channel would likely be most relevant for a nonbank financial company whose funding and liquid asset profile makes it likely that it would be forced to liquidate assets quickly when it comes under financial pressure. For example, this could be the case if a large nonbank financial company relies heavily on short-term funding. In its initial analysis of nonbank financial companies with respect to this channel, the Council expects to consider metrics including total consolidated assets and short-term debt ratio.

• Critical function or service. A nonbank financial company is no longer able or willing to provide a critical function or service that is relied upon by market participants and for which there are no ready substitutes. The analysis of this channel will incorporate a review of the competitive landscape for markets in which a nonbank financial company participates and for the services it provides (including the provision of liquidity to the U.S. financial system, the provision of credit to low-income, minority, or underserved
Financial Stability Oversight Council

communities, or the provision of credit to households, businesses and state and local governments), the nonbank financial company’s market share, and the ability of other firms to replace those services. Due to the unique ways in which a nonbank financial company may provide a critical function or service to the market, the Council expects to apply company-specific analyses with respect to this channel, rather than applying a broadly applicable quantitative metric.

The Council believes that the threat a nonbank financial company may pose to U.S. financial stability through the impairment of financial intermediation and financial market functioning is likely to be exacerbated if the nonbank financial company is sufficiently complex, opaque, or difficult to resolve in bankruptcy such that its resolution in bankruptcy would disrupt key markets or have a material adverse impact on other financial firms or markets.

The Council intends to continue to evaluate additional transmission channels and may, at its discretion, consider other channels through which a nonbank financial company may transmit the negative effects of its material financial distress or activities and thereby pose a threat to U.S. financial stability.

b. First Determination Standard: Material Financial Distress

Under the First Determination Standard, the Council may subject a nonbank financial company to supervision by the Board of Governors and prudential standards if the Council determines that “material financial distress” at the nonbank financial company could pose a threat to U.S. financial stability. The Council believes that material financial distress exists when a nonbank financial company is in imminent danger of insolvency or defaulting on its financial obligations.

For purposes of considering whether a nonbank financial company could pose a threat to U.S. financial stability under this Determination Standard, the Council intends to assess the impact of the nonbank financial company’s material financial distress in the context of a period of overall stress in the financial services industry and in a weak macroeconomic environment. The Council believes this is appropriate because in such a context, a nonbank financial company’s distress may have a greater effect on U.S. financial stability.

c. Second Determination Standard: Nature, Scope, Size, Scale, Concentration, Interconnectedness, or Mix of Activities

Under the Second Determination Standard, the Council may subject a nonbank financial company to supervision by the Board of Governors and prudential standards if the Council determines that the nature, scope, size, scale, concentration, interconnectedness, or mix of the activities of the nonbank financial company could pose a threat to U.S. financial stability. The Council believes that this Determination Standard will be met if the Council determines that the nature of a nonbank financial company’s business practices, conduct, or operations could pose a threat to U.S. financial stability, regardless of whether the nonbank financial company is experiencing financial distress. The Council expects that there likely will be significant overlap between the outcome of an assessment of a nonbank financial company under the First and Second Determination Standards, because, in many cases, a nonbank financial company that could pose a threat to U.S. financial stability because of the nature, scope, size, scale, concentration, interconnectedness, or mix of its activities could also pose a threat to U.S. financial stability if it were to experience material financial distress.

d. Analytic Framework for Statutory Considerations

As required by section 113 of the Dodd-Frank Act, the Council’s determination will be based on its judgment that a firm meets one of the Determination Standards described above. In evaluating whether a firm meets one of the Determination Standards, the Council will consider each of the statutory considerations. The discussion below outlines the analytic framework that the Council intends to use to organize its evaluation of a nonbank financial company under the statutory considerations and provides additional detail on the key data and analyses that the Council intends to use to assess the considerations.

1. Grouping of Statutory Considerations Into Six-Category Framework

The Dodd-Frank Act requires the Council to consider 10 considerations (described below) when evaluating the potential of a nonbank financial company to pose a threat to U.S. financial stability. The statute also authorizes the Council to consider “any other risk-related factors that the Council deems appropriate.” These statutory considerations will help the Council to evaluate whether one of the Determination Standards, as described in sections II.b and II.c above, has been met. The Council has developed an analytic framework that groups all relevant factors, including the 10 statutory considerations and any additional risk-related factors, into six categories: size, interconnectedness, substitutability, leverage, liquidity risk and maturity mismatch, and existing regulatory scrutiny. The Council expects to use these six categories to guide its evaluation of whether a particular nonbank
financial company meets either Determination Standard. However, the Council’s ultimate determination decision regarding a nonbank financial company will not be based on a formulaic application of the six categories. Rather, the Council intends to analyze a nonbank financial company using quantitative and qualitative data relevant to each of the six categories, as the Council determines is appropriate with respect to the particular nonbank financial company.

Each of the six categories reflects a different dimension of a nonbank financial company’s potential to pose a threat to U.S. financial stability. Three of the six categories—size, substitutability, and interconnectedness—seek to assess the potential impact of the nonbank financial company’s financial distress on the broader economy. Material financial distress at nonbank financial companies that are large, provide critical financial services for which there are few substitutes, or are highly interconnected may pose a threat to U.S. financial stability. Three of the six categories—leverage, liquidity risk and maturity mismatch, and existing regulatory scrutiny of the nonbank financial company—seek to assess the vulnerability of a nonbank financial company to financial distress. Nonbank financial companies that are highly leveraged, have a high degree of liquidity risk or maturity mismatch, and are under little or no regulatory scrutiny are more likely to be more vulnerable to financial distress.

Each of the statutory considerations in sections 113(a)(2) and (b)(2) of the Dodd-Frank Act would be considered as part of one or more of the six categories. This is reflected in the following table, using the considerations relevant to a U.S. nonbank financial company for illustrative purposes.

2. Six-Category Framework

The discussion below describes each of the six categories and how these categories relate to a firm’s likelihood to pose a threat to financial stability. The sample metrics set forth below under each category are representative, not exhaustive, and may not apply to all nonbank financial companies under evaluation. The Council may apply the sample metrics in the context of stressed market conditions.

Interconnectedness

Interconnectedness captures direct or indirect linkages between financial companies that may be conduits for the transmission of the effects resulting from a nonbank financial company’s material financial distress or activities. Examples of the key conduits through which the effects may travel are a nonbank financial company’s direct or indirect exposures to counterparties (including

3The corresponding statutory considerations for a foreign nonbank financial company would be considered under the relevant categories indicated in the table.
Council’s evaluation of a nonbank financial company’s ability is to consider its market share. The nonbank financial company’s substitutability in which the Council may determine a financial stability. An example of the manner in which the Council determines to be essential to U.S. financial company is the primary or dominant market. Substitutability also captures the extent to which a nonbank financial company or its parent is the reference entity.

- The stability of market share across the firms in the market over time.
- The market share of the company and its competitors for products or services that serve a substantially similar economic function as the primary market under consideration.

**Size**

Size captures the amount of financial services or financial intermediation that a nonbank financial company provides. Size also may affect the extent to which the effects of a nonbank financial company’s financial distress are transmitted to other firms and to the financial system. For example, financial distress at an extremely large nonbank financial company that is highly interconnected likely would transmit risk on a larger scale than would financial distress at a smaller nonbank financial company.

For example, metrics that may be used to assess substitutability include:

- The market share, using the appropriate quantitative measure (such as loans originated, loans outstanding, and notional transaction volume) of a nonbank financial company and its competitors in the market under consideration.
- The stability of market share across the firms in the market over time.
- The market share of the company and its competitors for products or services that serve a substantially similar economic function as the primary market under consideration.

**Size**

Size captures the amount of financial services or financial intermediation that a nonbank financial company provides. Size also may affect the extent to which the effects of a nonbank financial company’s financial distress are transmitted to other firms and to the financial system. For example, financial distress at an extremely large nonbank financial company that is highly interconnected likely would transmit risk on a larger scale than would financial distress at a smaller nonbank financial company.
Leverage captures a company’s exposure or risk in relation to its equity capital. Leverage amplifies a company’s risk of financial distress in two ways. First, by increasing a company’s exposure relative to capital, leverage raises the likelihood that a company will suffer losses exceeding its capital. Secondly, by increasing the size of a company’s liabilities, leverage raises a company’s dependence on its creditors’ willingness and ability to fund its balance sheet. Leverage can also amplify the impact of a company’s distress on other companies, both directly, by increasing the amount of exposure that other firms have to the company, and indirectly, by increasing the size of any asset liquidation that the company is forced to undertake as it comes under financial pressure. Leverage can be measured by the ratio of assets to capital, but it can also be defined in terms of risk, as a measure of economic risk relative to capital. The latter measurement can better capture the effect of derivatives and other products with embedded leverage on the risk undertaken by a nonbank financial company.

For example, metrics that may be used to assess leverage include:

- Total assets and total debt measured relative to total equity, which is intended to measure financial leverage.
- Gross notional exposure of derivatives and off-balance sheet obligations relative to total equity or to net assets under management, which is intended to show how much off-balance sheet leverage a nonbank financial company may have.
- The ratio of risk to statutory capital, which is relevant to certain insurance companies and is intended to show how much risk exposure a nonbank financial company has in relation to its ability to absorb loss.
- Changes in leverage ratios, which may indicate that a nonbank financial company is rapidly increasing its risk profile.

**Liquidity Risk and Maturity Mismatch**

Liquidity risk generally refers to the risk that a company may not have sufficient funding to satisfy its short-term needs, either through its cash flows, maturing assets, or assets salable at prices equivalent to book value, or through its ability to access funding markets. For example, if a company holds assets that are illiquid or that are subject to significant decreases in market value during times of market stress, the company may be unable to liquidate its assets effectively in response to a loss of funding. In order to assess liquidity, the Council may examine a nonbank financial company’s assets to determine if it possesses cash instruments or readily marketable securities, such as Treasury securities, which could reasonably be expected to have a liquid market in times of distress. The Council may also review a nonbank financial company’s debt profile to determine if it has adequate long-term funding, or can otherwise mitigate liquidity risk. Liquidity problems also can arise from a company’s inability to roll maturing debt or to satisfy margin calls, and from demands for additional collateral, depositor withdrawals, draws on committed lines, and other potential draws on liquidity.

A maturity mismatch generally refers to the difference between the maturities of a company’s assets and liabilities. A maturity mismatch affects a company’s ability to survive a period of stress that may limit its access to funding and to withstand shocks in the yield curve. For example, if a company relies on short-term funding to finance longer-term positions, it will be subject to significant refunding risk that may force it to sell assets at low market prices or potentially suffer through significant margin pressure. However, maturity mismatches are not confined to the use of short-term liabilities and can exist at any point in the maturity

**Leverage**

- Total consolidated assets or liabilities, as determined under generally accepted accounting principles in the United States ("GAAP") or the nonbank financial company’s applicable financial reporting standards, depending on the availability of data and the stage of the determination process.
- Total risk-weighted assets, as appropriate for different industry sectors.
- Off-balance sheet exposures where a nonbank financial company has a risk of loss, including, for example, lines of credit. For foreign nonbank financial companies, this would be evaluated based on the extent and nature of U.S.-related off-balance sheet exposures.
- The extent to which assets are managed rather than owned by a nonbank financial company and the extent to which ownership of assets under management is diffuse.
- Direct written premiums, as reported by insurance companies. This is the aggregate of direct written premiums reported by insurance entities under all lines of business and serves as a proxy for the amount of insurance underwritten by the insurance entities.
- Risk in force, which is the aggregate risk exposure from risk underwritten in insurance related to certain financial risks, such as mortgage insurance.
- Total loan origination, by loan type, in number and dollar amount.

**Leverage**

- Total assets and total debt measured relative to total equity, which is intended to measure financial leverage.
- Gross notional exposure of derivatives and off-balance sheet obligations relative to total equity or to net assets under management, which is intended to show how much off-balance sheet leverage a nonbank financial company may have.
- The ratio of risk to statutory capital, which is relevant to certain insurance companies and is intended to show how much risk exposure a nonbank financial company has in relation to its ability to absorb loss.
- Changes in leverage ratios, which may indicate that a nonbank financial company is rapidly increasing its risk profile.

**Liquidity Risk and Maturity Mismatch**

Liquidity risk generally refers to the risk that a company may not have sufficient funding to satisfy its short-term needs, either through its cash flows, maturing assets, or assets salable at prices equivalent to book value, or through its ability to access funding markets. For example, if a company holds assets that are illiquid or that are subject to significant decreases in market value during times of market stress, the company may be unable to liquidate its assets effectively in response to a loss of funding. In order to assess liquidity, the Council may examine a nonbank financial company’s assets to determine if it possesses cash instruments or readily marketable securities, such as Treasury securities, which could reasonably be expected to have a liquid market in times of distress. The Council may also review a nonbank financial company’s debt profile to determine if it has adequate long-term funding, or can otherwise mitigate liquidity risk. Liquidity problems also can arise from a company’s inability to roll maturing debt or to satisfy margin calls, and from demands for additional collateral, depositor withdrawals, draws on committed lines, and other potential draws on liquidity.

A maturity mismatch generally refers to the difference between the maturities of a company’s assets and liabilities. A maturity mismatch affects a company’s ability to survive a period of stress that may limit its access to funding and to withstand shocks in the yield curve. For example, if a company relies on short-term funding to finance longer-term positions, it will be subject to significant refunding risk that may force it to sell assets at low market prices or potentially suffer through significant margin pressure. However, maturity mismatches are not confined to the use of short-term liabilities and can exist at any point in the maturity
Financial Stability Oversight Council

Schedule of a nonbank financial company’s assets and liabilities. For example, in the case of a life insurance company, liabilities may have maturities of 30 years or more, whereas the availability of equivalently long-term assets may be limited, exposing the company to interest rate fluctuations and reinvestment risk.

For example, metrics that may be used to assess liquidity and maturity mismatch include:

- Fraction of assets that are classified as level 2 and level 3 under applicable accounting standards, as a measure of how much of a nonbank financial company’s balance sheet is composed of hard-to-value and potentially illiquid securities.
- Liquid asset ratios, which are intended to indicate a nonbank financial company’s ability to repay its short-term debt.
- The ratio of unencumbered and highly liquid assets to the net cash outflows that a nonbank financial company could encounter in a short-term stress scenario.
- Callable debt as a fraction of total debt, which provides one measure of a nonbank financial company’s ability to manage its funding position in response to changes in interest rates.
- Asset-backed funding versus other funding, to determine a nonbank financial company’s susceptibility to distress in particular credit markets.
- Asset-liability duration and gap analysis, which is intended to indicate how well a nonbank financial company is matching the re-pricing and maturity of the nonbank financial company’s assets and liabilities.
- Short-term debt as a percentage of total debt and as a percentage of total assets, which indicates a nonbank financial company’s reliance on short-term debt markets.

Existing Regulatory Scrutiny

The Council will consider the extent to which nonbank financial companies are already subject to regulation, including the consistency of that regulation across nonbank financial companies within a sector, across different sectors, and providing similar services, and the statutory authority of those regulators.

For example, metrics that may be used to assess existing regulatory scrutiny include:

- The extent of state or federal regulatory coordination and cooperation; and whether existing regulators have the ability to impose detailed and timely reporting obligations, capital and liquidity requirements, and enforcement actions, and to resolve the company.
- Existence and effectiveness of consolidated supervision, and a determination of whether and how non-regulated entities and groups within a nonbank financial company are supervised on a group-wide basis.
- For entities based outside the United States, the extent to which a nonbank financial company is subject to prudential standards on a consolidated basis in its home country that are administered and enforced by a comparable foreign supervisory authority.

III. The Determination Process

The Council expects generally to follow a three-stage process of increasingly in-depth evaluation and analysis leading up to a proposed determination (a “Proposed Determination”) that a nonbank financial company could pose a threat to the financial stability of the United States. Quantitative metrics, together with qualitative analysis, will inform the judgment of the Council when it is evaluating a nonbank financial company for a Proposed Determination. The purpose of this process is to help determine whether a nonbank financial company could pose a threat to the financial stability of the United States.

In the first stage of the process (“Stage 1”), a set of uniform quantitative metrics will be applied to a broad group of nonbank financial companies in order to identify nonbank financial companies that are most likely to satisfy one of the Determination Standards. In the second stage (“Stage 2”), the nonbank financial companies identified in Stage 1 will be analyzed and prioritized, based on a wide range of quantitative and qualitative information available through existing public and regulatory sources. The purpose of Stage 1 is to enable the Council to identify a group of nonbank financial companies that are most likely to satisfy one of the Determination Standards.

Following Stage 2, nonbank financial companies that are selected for additional review
will receive notice that they are being considered for a Proposed Determination and will be subject to in-depth evaluation during the third stage of review ("Stage 3"). Stage 3 will involve the evaluation of information collected directly from the nonbank financial company, in addition to the information considered during Stages 1 and 2. At the end of Stage 3, the Council may consider whether to make a Proposed Determination with respect to the nonbank financial company. If a Proposed Determination is made by the Council, the nonbank financial company may request a hearing in accordance with section 113(e) of the Dodd-Frank Act and §1310.21(c) of the Council’s rule.5

The Council expects to follow this three-stage process and to consider the categories, metrics, thresholds, and channels described in this guidance to assess a nonbank financial company’s potential to pose a threat to U.S. financial stability. In addition to the information described herein that the Council generally expects to consider, the Council will also consider quantitative and qualitative information that it deems relevant to a particular nonbank financial company, as each determination will be made on a company-specific basis. The Council may consider any nonbank financial company for a Proposed Determination at any point in the three-stage evaluation process described in this guidance if the Council believes such company could pose a threat to U.S. financial stability.

a. Stage 1: Initial Identification of Nonbank Financial Companies for Evaluation

In Stage 1, the Council will seek to identify a set of nonbank financial companies that merit company-specific evaluation. In this stage, the Council intends to apply quantitative thresholds to a broad group of nonbank financial companies. A nonbank financial company that is selected for further evaluation during Stage 1 will be assessed during Stage 2. During the Stage 1 process, the Council will evaluate nonbank financial companies using only data available to the Council, such as publicly available information and information member agencies possess in their supervisory capacities.

In the Stage 1 quantitative analysis, the Council intends to apply thresholds that relate to the framework categories of size, interconnectedness, leverage, and liquidity risk and maturity mismatch. These thresholds were selected based on (1) their applicability to nonbank financial companies that operate in different types of financial markets and industries, (2) the meaningful initial assessment that such thresholds provide regarding the potential for a nonbank financial company to pose a threat to financial stability in diverse financial markets, and (3) the current availability of data. These thresholds are intended to measure both the susceptibility of a nonbank financial company to financial distress and the potential for that nonbank financial company’s financial distress to spread throughout the financial system. A nonbank financial company will be evaluated further in Stage 2 if it meets both the total consolidated assets threshold and any one of the other thresholds.6 The thresholds are:

- **Total Consolidated Assets.** The Council intends to apply a size threshold of $50 billion in total consolidated assets. This threshold is consistent with the Dodd-Frank Act threshold of $50 billion in assets for subjecting bank holding companies to enhanced prudential standards.
- **Credit Default Swaps Outstanding.** The Council intends to apply a threshold of $30 billion in gross notional credit default swaps ("CDS") outstanding for which a nonbank financial company is the reference entity. Gross notional value equals the sum of CDS contracts bought (or equivalently sold). If the amount of CDS sold on a particular nonbank financial company is greater than $30 billion, this indicates that a large number of institutions may be exposed to that nonbank financial company and that if the nonbank financial company fails, a significant number of financial market participants may be affected. This threshold was selected based on an analysis of the distribution of outstanding CDS data for nonbank financial companies included in a list of the top 1,000 CDS reference entities.
- **Derivative Liabilities.** The Council intends to apply a threshold of $3.5 billion of derivative liabilities. Derivative liabilities equal the fair value of derivative contracts in a negative position. For nonbank financial companies that disclose the effects of master

5 See 12 CFR 1310.21(c).

6 While the Council expects that its determinations under section 113 of the Dodd-Frank Act will be with respect to individual legal entities, the Council has authority to assess nonbank financial companies and their relationships with other nonbank financial companies and market participants, in a manner that addresses the statutory considerations and such other factors as the Council deems appropriate. For example, for purposes of applying the six thresholds to investment funds (including private equity funds and hedge funds), the Council may consider the aggregate risks posed by separate funds that are managed by the same adviser, particularly if the funds’ investments are identical or highly similar. In performing this analysis, the Council may use data reported on Form PF with the Securities and Exchange Commission or the Commodity Futures Trading Commission.
the Council intends to calculate derivative liabilities after taking into account the effects of these arrangements. This threshold serves as a proxy for interconnectedness, as a nonbank financial company that has a greater level of derivative liabilities would have higher counterparty exposure throughout the financial system.

- **Total Debt Outstanding.** The Council intends to apply a threshold of $20 billion in total debt outstanding. The Council will define total debt outstanding broadly and regardless of maturity to include loans (whether secured or unsecured), bonds, repurchase agreements, commercial paper, securities lending arrangements, surplus notes (for insurance companies), and other forms of indebtedness. This threshold serves as a proxy for interconnectedness, as nonbank financial companies with a large amount of outstanding debt are generally more interconnected with the broader financial system, in part because financial institutions hold a large proportion of outstanding debt. An analysis of the distribution of debt outstanding for a sample of nonbank financial companies was performed to determine the $20 billion threshold. Historical testing of this threshold demonstrated that it would have captured many of the nonbank financial companies that encountered material financial distress during the financial crisis in 2007-2008, including Bear Stearns, Countrywide, and Lehman Brothers.

- **Leverage Ratio.** The Council intends to apply a threshold leverage ratio of total consolidated assets (excluding separate accounts) to total equity of 15 to 1. The Council intends to exclude separate accounts from this calculation because separate accounts are not available to claims by general creditors of a nonbank financial company. Measuring leverage in this manner benefits from simplicity, availability, and comparability across industries. An analysis of the distribution of the historical leverage ratios of large financial institutions was used to identify the 15 to 1 threshold. Historical testing of this threshold demonstrated that it would have captured the major nonbank financial companies that encountered material financial distress and posed a threat to U.S. financial stability during the financial crisis, including Bear Stearns, Countrywide, IndyMac Bancorp, and Lehman Brothers.

- **Short-Term Debt Ratio.** The Council intends to apply a threshold ratio of total debt outstanding (as defined above) with a maturity of less than 12 months to total consolidated assets (excluding separate accounts) of 10 percent. An analysis of the historical distribution of the short-term debt ratios of large financial institutions was used to determine the 10 percent threshold. Historical testing of this threshold demonstrated that it would have captured a number of the nonbank financial companies that faced short-term funding issues during the financial crisis, including Bear Stearns and Lehman Brothers.

The Council intends generally to apply the Stage 1 thresholds using GAAP when such information is available. If GAAP information with respect to a nonbank financial company is not available, the Council may rely on data reported under statutory accounting principles, international financial reporting standards, or such other data as are available to the Council.

For purposes of evaluating any U.S. nonbank financial company, the Council intends to apply each of the Stage 1 thresholds based on the global assets, liabilities and operations of the company and its subsidiaries. In contrast, for purposes of evaluating any foreign nonbank financial company, the Council intends to calculate the Stage 1 thresholds based solely on the U.S. assets, liabilities and operations of the foreign nonbank financial company and its subsidiaries.

The Council intends to reapply the Stage 1 thresholds to nonbank financial companies using the most recently available data on a quarterly basis, or less frequently for nonbank financial companies with respect to which quarterly data are unavailable.

The Council intends to review the appropriateness of both the Stage 1 thresholds and the levels of the thresholds that are specified in dollars as needed, but at least every five years, and to adjust the thresholds and levels as the Council may deem advisable.

The Stage 1 thresholds are intended to identify nonbank financial companies for further evaluation by the Council and to help a nonbank financial company predict whether such company will be subject to additional review. Because the uniform quantitative thresholds may not capture all types of nonbank financial companies and all of the potential ways in which a nonbank financial company could pose a threat to financial stability, the Council may initially evaluate any nonbank financial company based on other firm-specific qualitative or quantitative factors, irrespective of whether such company meets the thresholds in Stage 1.

A nonbank financial company that is identified for further evaluation in Stage 1 would be further assessed during Stage 2 (the “Stage 2 Pool”).

b. **Stage 2: Review and Prioritization of Stage 2 Pool**

After the Stage 2 Pool has been identified, the Council intends to conduct a robust analysis of the potential threat that each of those nonbank financial companies could pose to U.S. financial stability. In general,
this analysis will be based on information already available to the Council through existing public and regulatory sources, including information possessed by the company’s primary financial regulatory agency or home country supervisor, as appropriate, and information voluntarily submitted by the company. In contrast to the application of uniform quantitative thresholds to a broad group of nonbank financial companies in Stage 1, the Council intends to evaluate the risk profile and characteristics of each individual nonbank financial company in the Stage 2 Pool based on a wide range of quantitative and qualitative industry-specific and company-specific factors. This analysis will use the six-category analytic framework described in section II.d above. In addition, the Stage 2 evaluation will include a review, based on available data, of qualitative factors, including whether the resolution of a nonbank financial company, as described below, could pose a threat to U.S. financial stability, and the extent to which the nonbank financial company is subject to regulation.

Based on this analysis, the Council intends to contact those nonbank financial companies that the Council believes merit further evaluation in Stage 3 (the “Stage 3 Pool”).

c. Stage 3: Review of Stage 3 Pool

In Stage 3, the Council, working with the OFR, will conduct a review of each nonbank financial company in the Stage 3 Pool using information collected directly from the nonbank financial company, as well as the information used in the first two stages. The review will focus on whether the nonbank financial company could pose a threat to U.S. financial stability because of the company’s material financial distress or the nature, scope, size, scale, concentration, interconnectedness, or mix of the activities of the company. The transmission channels discussed above, and other appropriate factors, will be used to evaluate a nonbank financial company’s potential to pose a threat to U.S. financial stability. The analytic framework consisting of the six categories set forth above, and the metrics used to measure each of the six categories, will assist the Council in assessing the extent to which the transmission of material financial distress is likely to occur.

Each nonbank financial company in the Stage 3 Pool will receive a notice (a “Notice of Consideration”) that the nonbank financial company is under consideration for a Proposed Determination. The Notice of Consideration likely will include a request that the nonbank financial company provide information that the Council deems relevant to the Council’s evaluation, and the nonbank financial company will be provided an opportunity to submit written materials to the Council.7 This information will generally be collected by the OFR.8 Before requiring the submission of reports from any nonbank financial company that is regulated by a member agency or any primary financial regulatory agency, the Council, acting through the OFR, will coordinate with such agencies and will, whenever possible, rely on information available from the OFR or such agencies. Council members and their agencies and staffs will maintain the confidentiality of such information in accordance with applicable law.

Information requests likely will involve both qualitative and quantitative data. Information relevant to the Council’s analysis may include confidential business information such as internal assessments, internal risk management procedures, funding details, counterparty exposure or position data, strategic plans, resolvability, potential acquisitions or dispositions, and other anticipated changes to the nonbank financial company’s business or structure that could affect the threat to U.S. financial stability posed by the nonbank financial company.

In evaluating qualitative factors during Stage 3, the Council expects to have access, to a greater degree than during earlier stages of review, to information relating to factors that are not easily quantifiable or that may not directly cause a company to pose a threat to financial stability, but could mitigate or aggravate the potential of a nonbank financial company to pose a threat to the United States. Such factors may include the opacity of the nonbank financial company’s operations, its complexity, and the extent to which it is subject to existing regulatory scrutiny and the nature of such scrutiny.

The Stage 3 analysis will also include an evaluation of a nonbank financial company’s resolvability, which may mitigate or aggravate the potential of a nonbank financial company to pose a threat to U.S. financial stability. An evaluation of a nonbank financial company’s resolvability entails an assessment of the complexity of the nonbank financial company’s legal, funding, and operational structure, and any obstacles to the rapid and orderly resolution of the nonbank financial company in a manner that would mitigate the risk that the nonbank financial

7 See section 1310.21(a) of the rule.
8 Under section 112(d) of the Dodd-Frank Act, if the Council is unable to determine whether a U.S. nonbank financial company poses a threat to U.S. financial stability based on such information, the Council may request that the Board of Governors conduct an examination of the nonbank financial company to determine whether it should be supervised by the Board of Governors.
company’s failure would have a material adverse effect on financial stability. In addition to the factors described above, a nonbank financial company’s resolvability is also a function of legal entity and cross-border operations issues. These factors include the ability to separate functions and spin off services or business lines; the likelihood of preserving franchise value in a recovery or resolution scenario, and of maintaining continuity of critical services within the existing or in a new legal entity or structure; the degree of the nonbank financial company’s intra-group dependency for liquidity and funding, payment operation, and risk management needs; and the size and nature of the nonbank financial company’s intra-group transactions.

The Council anticipates that the information necessary to conduct an in-depth analysis of a particular nonbank financial company may vary significantly based on the nonbank financial company’s business and activities and the information already available to the Council from existing public sources and domestic or foreign regulatory authorities. The Council will also consult with the primary financial regulatory agency, if any, for each nonbank financial company or subsidiary of a nonbank financial company under consideration in a timely manner before the Council makes any final determination with respect to such nonbank financial company, and with appropriate foreign regulatory authorities, to the extent appropriate.

Before making a Proposed Determination, the Council intends to notify each nonbank financial company in the Stage 3 Pool when the Council believes that the evidentiary record regarding such nonbank financial company is complete.

Based on the analysis performed in Stages 2 and 3, a nonbank financial company will be considered for a Proposed Determination. Before a vote of the Council with respect to a particular nonbank financial company, the Council members will review information relevant to the consideration of the nonbank financial company for a Proposed Determination. After this review, the Council may, by a vote of two-thirds of its members (including an affirmative vote of the Council Chairperson), make a Proposed Determination with respect to the nonbank financial company. Following a Proposed Determination, the Council intends to issue a written notice of the Proposed Determination to the nonbank financial company, which will include an explanation of the basis of the Proposed Determination. The Council expects to notify any nonbank financial company in the Stage 3 Pool if the nonbank financial company, either before or after a Proposed Determination of such nonbank financial company, ceases to be considered for determination. Any nonbank financial company that ceases to be considered at any time in the Council’s determination process may be considered for a Proposed Determination in the future at the Council’s discretion.

A nonbank financial company that is subject to a Proposed Determination may request a nonpublic hearing to contest the Proposed Determination in accordance with section 118(e) of the Dodd-Frank Act. If the nonbank financial company requests a hearing in accordance with the procedures set forth in §1310.21(c) of the Council’s rule, 10 the Council will set a time and place for such hearing. The Council will (after a hearing, if a hearing is requested), determine by a vote of two-thirds of the voting members of the Council (including the affirmative vote of the Chairperson) whether to subject such company to supervision by the Board of Governors and prudential standards. The Council will provide the nonbank financial company with written notice of the Council’s final determination, including an explanation of the basis for the Council’s decision. When practicable and consistent with the purposes of the determination process, the Council intends to provide a nonbank financial company with a notice of a final determination at least one business day before publicly announcing the determination pursuant to §1310.21(d)(3), §1310.21(e)(3) or §1310.22(d)(3) of the Council’s rule. 11 The Council does not intend to publicly announce the name of any nonbank financial company that is under evaluation for a determination prior to a final determination with respect to such company. In accordance with section 113(h) of the Dodd-Frank Act, a nonbank financial company that is subject to a final determination may bring an action in U.S. district court for an order requiring that the determination be rescinded.

The appeal shall be in writing addressed to the Chief Financial Officer, Farm Credit System Insurance Corporation, and both the letter and envelope shall be clearly marked “FOIA Appeal.” An appeal improperly addressed shall be deemed not to have been received for purposes of the 20-day time period set forth in paragraph (c) of this section until it is received, or would have been received with the exercise of due diligence by Farm Credit System Insurance Corporation personnel.

(c) Within 20 days (excluding Saturdays, Sundays, and legal public holidays), or any extension thereof as provided in paragraph (d) of this section, of the receipt of an appeal, the Farm Credit System Insurance Corporation shall act upon the appeal and place a notice of the determination thereof in writing in the mail addressed to the requester. If the determination on the appeal upholds in whole or in part the denial of the request for records, or, if a determination on the appeal has not been mailed at the end of the 20-day period or the last extension thereof, the requester is deemed to have exhausted that person’s administrative remedies, giving rise to a right of review in a district court of the United States as specified in 5 U.S.C. 552(a)(4). When a determination cannot be mailed within the applicable time limit, the appeal will nevertheless be processed. In such case, upon the expiration of the time limit, the requester will be informed of the reason for the delay, of the date on which a determination may be expected to be mailed, and of that person’s right to seek judicial review. The requester may be asked to forego judicial review until determination of the appeal.

(d) In “unusual circumstances,” the 20-day time limit prescribed in paragraphs (a) and (c) of this section, or both, may be extended by the Freedom of Information Officer or, in the case of an appeal, by the General Counsel, provided that the total of all extensions
§ 1402.15 Business information.

(a) Business information provided to the Farm Credit System Insurance Corporation by a business submitter shall not be disclosed pursuant to a Freedom of Information Act request except in accordance with this section. The requirements of this section shall not apply if:

(1) The Farm Credit System Insurance Corporation determines that the information should not be disclosed;

(2) The information lawfully has been published or otherwise made available to the public; or

(3) Disclosure of the information is required by law (other than 5 U.S.C. 552).

(b) For the purpose of this section, the following definitions shall apply.

(1) Business information means trade secrets or other commercial or financial information.

(2) Business submitter means any person or entity which provides business information to the government.

(3) Requester means the person or entity making the Freedom of Information Act request.

(c)(1) The Freedom of Information Officer shall, to the extent permitted by law, provide a business submitter with prompt written notice of a request encompassing its business information whenever required under paragraph (d) of this section. Such notice shall either describe the exact nature of the business information requested or provide copies of the records or portions thereof containing the business information.

(2) Whenever the Freedom of Information Officer provides a business submitter with the notice set forth in paragraph (c)(1) of this section, the Freedom of Information Officer shall notify the requester that the request includes information that may arguably be exempt from disclosure under 5 U.S.C. 552(b)(4) and that the person or entity who submitted the information to the Farm Credit System Insurance Corporation has been given the opportunity to comment on the proposed disclosure of information.

§ 1402.20 Definitions.

For the purpose of this subpart, the following definitions shall apply:

(a) Commercial use request means a request for information that is from or on behalf of an individual or entity seeking information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or on whose behalf the request is being made. To determine whether a request is properly classified as a commercial use request, the Farm Credit System Insurance Corporation shall determine the purpose for which the documents requested will be used. If the Farm Credit System Insurance Corporation has reasonable cause to doubt the purpose specified in the request, or where the purpose is not clear from the request itself, the Farm Credit System Insurance Corporation shall consider carefully a business submitter's objections and specific grounds for nondisclosure prior to determining whether to disclose business information. Whenever the Farm Credit System Insurance Corporation decides to disclose business information over the objection of a business submitter, the Freedom of Information Officer shall forward to the business submitter a written notice which shall include:

(i) A statement of the reasons for which the business submitter's disclosure objections were not sustained;

(ii) A description of the business information to be disclosed; and

(iii) A specified disclosure date.

(2) The notice of intent to disclose required by this paragraph shall be sent, to the extent permitted by law, within a reasonable number of days prior to the specified date upon which disclosure is intended.

(3) The Freedom of Information Officer shall send a copy of such disclosure notice to the requester at the same time the notice is sent to the business submitter.

(g) Whenever a requester brings suit seeking to compel disclosure of business information covered by paragraph (d) of this section, the Farm Credit System Insurance Corporation shall promptly notify the business submitter of such action.
shall seek additional clarification before assigning the request to a specified category.

(b) **Direct costs** means those expenditures the Farm Credit System Insurance Corporation actually incurs in searching for and reproducing documents to respond to a request for information. In the case of a commercial use request, the term also means those expenditures the Farm Credit System Insurance Corporation actually incurs in reviewing documents to respond to the request. The direct cost shall include the salary of the employee performing work (the basic rate of pay for the employee plus 16 percent of that rate to cover benefits) and the cost of operating reproduction equipment. Not included in direct costs are overhead expenses such as costs of space, and heating or lighting the facility in which the records are stored.

(c) **Educational institution** means a preschool, a public or private elementary or secondary school, an institution of undergraduate higher education, an institution of graduate higher education, an institution of professional education, and an institution of vocational education that operates a program or programs of scholarly research.

(d) **Noncommercial scientific institution** refers to an institution that is not operated on a commercial, trade, or profit basis and that is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(e) **Representative of the news media** means any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term news means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when the periodicals can qualify as disseminators of "news") who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive. As traditional methods of news delivery evolve (e.g., electronic dissemination of newspapers through telecommunications services), such alternative media would be included in this category. "Freelance" journalists may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization even though they are not actually employed by the organization. A publication contract would be the clearest proof that a journalist is working for a news organization, but the Farm Credit System Insurance Corporation may look to a requester's past publication record to determine whether a journalist is working for a news organization.

(f) **Reproduce** and **reproduction** mean the process of making a copy of a document necessary to respond to a request for information. Such copies take the form of paper copy, microfilm, audiovisual materials, or machine readable documentation (e.g., magnetic tape or disk), among others. The copy provided shall be in a form that is reasonably usable by requesters.

(g) **Review** means the process of examining documents located in response to a request for information to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure (e.g., doing all that is necessary to prepare the documents for release). The term review does not include the time spent resolving general legal or policy issues regarding the application of exemptions. The Farm Credit System Insurance Corporation shall only charge fees for reviewing documents in response to a commercial use request.

(h) **Search** includes all time spent looking for material that is responsive to a request for information, including page-by-page or line-by-line identification of material within documents. Searching for material shall be done in the most efficient and least expensive manner so as to minimize the costs of the Farm Credit System Insurance Corporation and the requester. For example, a line-by-line search for responsive material should not be performed when merely reproducing an entire document would be the less expensive and the
§ 1402.21 Categories of requesters—fees.

There are four categories of requesters: Commercial use requesters; educational and noncommercial scientific institutions; representatives of the news media; and all other requesters.

(a) The Farm Credit System Insurance Corporation shall charge fees for records requested by or on behalf of educational institutions and noncommercial scientific institutions in an amount which equals the cost of reproducing the documents responsive to the request, excluding the costs of reproducing the first 100 pages. For a request to be included in this category, requesters must show that the request being made is authorized by and under the auspices of a qualifying institution and that the records are not sought for a commercial use but are sought in furtherance of scholarly research (if the request is from an educational institution) or scientific research (if the request is from a noncommercial scientific institution).

(b) The Farm Credit System Insurance Corporation shall charge fees for records requested by representatives of the news media in an amount which equals the cost of reproducing the documents responsive to the request, excluding the costs of reproducing the first 100 pages. For a request to be included in this category, the requester must show that the request being made is authorized by and under the auspices of a news media entity, and that the records are not sought for a commercial use but are sought in furtherance of the news media entity's dissemination function of the records.

(c) The Farm Credit System Insurance Corporation shall charge fees for records requested by persons or entities making a commercial use request in an amount that equals the full direct costs for searching for, reviewing for release, and reproducing the records sought. Commercial use requesters are not entitled to 2 hours of free search time nor 100 free pages of reproduction of documents. In accordance with §1402.26, commercial use requesters may be charged the costs of searching for and reviewing records even if there is ultimately no disclosure of records.

(d) The Farm Credit System Insurance Corporation shall charge fees for records requested by persons or entities that are not classified in any of the categories listed in paragraphs (a), (b), (c) of this section in an amount that equals the full reasonable direct cost of searching for and reproducing records that are responsive to the request, excluding the first 2 hours of search time and the cost of reproducing the first 100 pages of records. In accordance with §1402.26, requesters in this category may be charged the cost of searching for records even if there is ultimately no disclosure of records, excluding the first 2 hours of search time.

(e) For purposes of the exceptions contained in this section on assessment of fees, the word "pages" refers to paper copies of "81/2 × 11" or "11 × 14." Thus, requesters are not entitled to 100 microfiche or 100 computer disks, for example. A microfiche containing the equivalent of 100 pages or a computer disk containing the equivalent of 100 pages of computer printout meets the terms of the exception.

(f) For purposes of paragraph (d) of this section, the term "search time" has as its basis, manual search. To apply this term to searches made by computer, the Farm Credit System Insurance Corporation will determine the hourly cost of operating the central processing unit and the operator's hourly salary plus 16 percent of that rate. When the cost of search (including the operator time and the cost of operating the computer to process a request) equals the equivalent dollar amount of 2 hours of the salary of the person performing the search, i.e., the operator, the Farm Credit System Insurance Corporation will begin assessing charges for computer search.

§ 1402.22 Fees to be charged.

(a) Generally, the fees charged for requests for records shall cover the full
allowable direct costs of searching for, reproducing, and reviewing documents that are responsive to a request for information.

(b) Manual searches for records will be charged at the salary rate(s) (i.e., basic pay plus 16 percent of that rate) of the employee(s) making the search.

(c) Computer searches for records will be charged at the actual direct cost of providing the service. This will include the cost of operating the central processing unit for that portion of operating time that is directly attributable to searching for records and the operator/programmer salary apportionable to the search. A charge shall also be made for any substantial amounts of special supplies or materials used to contain, present, or make available the output of computers, based upon the prevailing levels of costs to the Farm Credit System Insurance Corporation for the type and amount of such supplies of materials that are used. Nothing in this paragraph shall be construed to entitle any person or entity, as a right, to any services in connection with computerized records, other than services to which such person or entity may be entitled under the provisions of this subpart.

(d) Only requesters who are seeking documents for commercial use may be charged for time spent reviewing records to determine whether they are exempt from mandatory disclosure. Charges may be assessed only for the initial review; i.e., the review undertaken the first time the Farm Credit System Insurance Corporation analyzes the applicability of a specific exemption to a particular record or portion of a record. Records or portions of records withheld in full under an exemption that is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. The costs for such a subsequent review is assessable.

(e) Records will be reproduced at a rate of $.15 per page. For copies prepared by computer, such as tapes or printouts, the requester shall be charged the actual cost, including operator time, of production of the tape or printout. For other methods of reproduction, the actual direct costs of producing the document(s) shall be charged.

(f) The Farm Credit System Insurance Corporation will recover the full costs of providing services such as those enumerated below when it elects to provide them:

(1) Certifying that records are true copies; or
(2) Sending records by special methods such as express mail.

(g) Remittances shall be in the form either of a personal check or bank draft drawn on a bank in the United States, or a postal money order. Remittances shall be made payable to the order of the Farm Credit System Insurance Corporation.

(h) A receipt for fees paid will be given upon request.

§ 1402.23 Waiver or reduction of fees.

(a) The Farm Credit System Insurance Corporation may grant a waiver or reduction of fees if the Farm Credit System Insurance Corporation determines that the disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Government, and the disclosure of the information is not primarily in the commercial interest of the requester.

(b) The Farm Credit System Insurance Corporation will not charge fees to any requester, including commercial use requesters, if the cost of collecting a fee would be equal to or greater than the fee itself. The elements to be considered in determining the “cost of collecting a fee” are the administrative costs of receiving and recording a requester’s remittance and processing the fee.

§ 1402.24 Advance payments—notice.

(a) Where it is anticipated that the fees chargeable will amount to more than $25 and the requester has not indicated in advance a willingness to pay fees as high as are anticipated, the requester shall be promptly notified of the amount of the anticipated fee or such portion thereof that can be readily estimated.

(b) If the anticipated fees exceed $250 and if the requester has a history of
promptly paying fees charged in connection with information requests, the Farm Credit System Insurance Corporation may obtain satisfactory assurances that the requester will fully pay the fees anticipated.

(c) If the anticipated fees exceed $250 and if the requester has no history of paying fees charged in connection with information requests, the Farm Credit System Insurance Corporation may require an advance payment of fees in an amount up to the full amount anticipated.

(d) If the requester has previously failed to pay a fee charged within 30 days of the date of a billing for fees charged in connection with information requests, the Farm Credit System Insurance Corporation may require the requester to make an advance payment of the full amount of the fees anticipated before processing a new request or a pending request from that requester.

(e) The notice of the amount of an anticipated fee or a request for an advance deposit shall include an offer to the requester to confer with identified Farm Credit System Insurance Corporation personnel to attempt to reformulate the request in a manner which will meet the needs of the requester at a lower cost.

§ 1402.25 Interest.
The Farm Credit System Insurance Corporation may begin charging interest on unpaid fees, starting on the 31st day following the day on which the bill for such fees was sent. Interest will not accrue if payment of the fees has been received by the Farm Credit System Insurance Corporation, even if said payment has not been processed. Interest will accrue at the rate prescribed in section 3717 of title 31, United States Code, and will accrue from the day on which the bill for such fees was sent.

§ 1402.26 Charges for unsuccessful searches or reviews.
The Farm Credit System Insurance Corporation may assess charges for time spent searching for records on behalf of requesters in the categories provided for in §1402.21 (c) and (d), even if there are no records that are responsive to the request or there is ultimately no disclosure of records. The Farm Credit System Insurance Corporation may assess charges for time spent reviewing records for requesters in the category provided for in §1402.21(c) even if the records located are determined to be exempt from disclosure.

§ 1402.27 Aggregating requests.
A requester may not file multiple requests at the same time, each seeking portions of a document or documents, solely in order to avoid payment of fees. When the Farm Credit System Insurance Corporation reasonably believes that a requester, or a group of requesters acting in concert, is attempting to break a request down into a series of requests for the purpose of evading the assessment of fees, the Farm Credit System Insurance Corporation may aggregate any such requests and charge accordingly. One element to be considered in determining whether a belief would be reasonable is the time period over which the requests have occurred.

§ 1408.4 Salary offset means an administrative offset to collect a debt under 5 U.S.C. 5514 by deductions at one or more officially established pay intervals from the current pay account of a debtor.

§ 1408.4 Delegation of authority.

The Corporation official(s) designated by the Chairman of the Farm Credit System Insurance Corporation are authorized to perform all duties which the Chairman is authorized to perform under these regulations, the Federal Claims Collection Act of 1966, as amended, and the joint regulations issued under that Act.

§ 1408.5 Responsibility for collection.

(a) The collection of claims shall be aggressively pursued in accordance with the provisions of the Federal Claims Collection Act of 1966, as amended, the joint regulations issued under that Act, and these regulations. Debts owed to the United States, together with charges for interest, penalties, and administrative costs, should be collected in one lump sum unless otherwise provided by law. If a debtor requests installment payments, the debtor, as requested by the Corporation, shall provide sufficient information to demonstrate that the debtor is unable to pay the debt in one lump sum. When appropriate, the Corporation shall arrange an installment payment schedule. Claims which cannot be collected directly or by administrative offset shall be either written off as administratively uncollectible or referred to the General Counsel for further consideration.

(b) The Chairman, or designee of the Chairman, may compromise claims for money or property arising out of the activities of the Corporation, where the claim (exclusive of charges for interest, penalties, and administrative costs) does not exceed $100,000. When the claim exceeds $100,000 (exclusive of charges for interest, penalties, and administrative costs), the authority to accept a compromise rests solely with the Department of Justice. The standards governing the compromise of claims are set forth in 4 CFR part 104.

§ 1408.6 Demand for payment.

(a) A total of three progressively stronger written demands at not more than 30-day intervals should normally be made upon a debtor, unless a response or other information indicates that additional written demands would either be unnecessary or futile. When necessary to protect the Government’s interest, written demands may be preceded by other appropriate actions under Federal law, including immediate referral for litigation and/or administrative offset.

(b) The initial demand for payment shall be in writing and shall inform the debtor of the following:

(1) The amount of the debt, the date it was incurred, and the facts upon which the determination of indebtedness was made;

(2) The payment due date, which shall be 30 calendar days from the date of mailing or hand delivery of the initial demand for payment;

(3) The right of the debtor to inspect and copy the records of the agency related to the claim or to receive copies if personal inspection is impractical. The debtor shall be informed that the debtor may be assessed for the cost of copying the documents in accordance with §1408.7;
§ 1408.8 Right to offer to repay claim.

(a) The debtor may offer to enter into a written agreement with the Corporation to repay the amount of the claim. The acceptance of such an offer and the decision to enter into such a written agreement is at the discretion of the Corporation.

(b) If the debtor requests a repayment arrangement because payment of the amount due would create a financial hardship, the Corporation shall analyze the debtor’s financial condition. The Corporation may enter into a written agreement with the debtor permitting the debtor to repay the debt in installments if the Corporation determines, in its sole discretion, that payment of the amount due would create an undue financial hardship for the debtor. The written agreement shall set forth the amount and frequency of installment payments and shall, in accordance with §1408.12, provide for the imposition of charges for interest, penalties, and administrative costs unless waived by the Corporation.

(c) The written agreement may require the debtor to execute a confess judgment note when the total amount of the deferred installments will exceed $750. The Corporation shall provide the debtor with a written explanation of the consequences of signing a confess judgment note. The debtor shall sign a statement acknowledging receipt of the written explanation. The statement shall recite that the written explanation was read and understood before execution of the note and that the debtor signed the note knowingly and voluntarily. Documentation of these procedures will be maintained in the Corporation’s file on the debtor.

§ 1408.7 Right to inspect and copy records.

The debtor may inspect and copy the Corporation records related to the claim. The debtor shall give the Corporation reasonable advanced notice that he/she intends to inspect and copy the records involved. The debtor shall pay copying costs unless they are waived by the Corporation. Copying costs shall be assessed pursuant to §1402.22 of this chapter.

§ 1408.6 Right to offer to enter into agreement to repay claim.

(4) The right of the debtor to obtain a review of the Corporation’s determination of indebtedness;

(5) The right of the debtor to offer to enter into a written agreement with the agency to repay the amount of the claim. The debtor shall be informed that the acceptance of such an agreement is discretionary with the agency;

(6) That charges for interest, penalties, and administrative costs will be assessed against the debtor, in accordance with 31 U.S.C. 3717, if payment is not received by the payment due date;

(7) That if the debtor has not entered into an agreement with the Corporation to pay the debt, has not requested the Corporation to review the debt, or has not paid the debt by the payment due date, the Corporation intends to collect the debt by all legally available means, which may include initiating legal action against the debtor, referring the debt to a collection agency for collection, collecting the debt by offset, or asking other Federal agencies for assistance in collecting the debt by offset;

(8) The name and address of the Corporation official to whom the debtor shall send all correspondence relating to the debt; and

(9) Other information, as may be appropriate.

(c) If, prior to, during, or after completion of the demand cycle, the Corporation determines to collect the debt by either administrative or salary offset, the Corporation shall follow, as applicable, the requirements for a Notice of Intent to Collect by Administrative Offset or a Notice of Intent to Collect by Salary Offset set forth in §1408.22.

(d) If no response to the initial demand for payment is received by the payment due date, the Corporation shall take further action under this part, under the Federal Claims Collection Act of 1966, as amended, under the joint regulations (4 CFR parts 101–105), or under any other applicable State or Federal law. These actions may include reports to credit bureaus, referrals to collection agencies, termination of contracts, debarment, and salary or administrative offset.
§ 1408.9 Right to agency review.

(a) If the debtor disputes the claim, the debtor may request a review of the Corporation’s determination of the existence of the debt or of the amount of the debt. If only part of the claim is disputed, the undisputed portion should be paid by the payment due date.

(b) To obtain a review, the debtor shall submit a written request for review to the Corporation official named in the initial demand letter, within 15 calendar days after receipt of the letter. The debtor’s request for review shall state the basis on which the claim is disputed.

(c) The Corporation shall promptly notify the debtor, in writing, that the Corporation has received the request for review. The Corporation shall conduct its review of the claim in accordance with § 1408.10.

(d) Upon completion of its review of the claim, the Corporation shall notify the debtor whether the Corporation’s determination of the existence or amount of the debt has been sustained, amended, or canceled. The notification shall include a copy of the written decision issued by the hearing official pursuant to § 1408.10(e). If the Corporation’s determination is sustained, this notification shall contain a provision which states that the Corporation intends to collect the debt by all legally available means, which may include initiating legal action against the debtor, referring the debt to a collection agency for collection, collecting the debt by offset, or asking other Federal agencies for assistance in collecting the debt by offset.

§ 1408.10 Review procedures.

(a) Unless an oral hearing is required by § 1408.23(d), the Corporation’s review shall be a review of the written record of the claim.

(b) If an oral hearing is required under § 1408.23(d) the Corporation shall provide the debtor with a reasonable opportunity for such a hearing. The oral hearing, however, shall not be an adversarial adjudication and need not take the form of a formal evidentiary hearing. All significant matters discussed at the hearing, however, will be carefully documented.

(c) Any review required by this part, whether a review of the written record or an oral hearing, shall be conducted by a hearing official. In the case of a salary offset, the hearing official shall not be under the supervision or control of the Chairman of the Farm Credit System Insurance Corporation.

(d) The Corporation may be represented by legal counsel. The debtor may represent himself or herself or may be represented by an individual of the debtor’s choice and at the debtor’s expense.

(e) The hearing official shall issue a final written decision based on documentary evidence and, if applicable, information developed at an oral hearing. The written decision shall be issued as soon as practicable after the review but not later than 60 days after the date on which the request for review was received by the Corporation, unless the debtor requests a delay in the proceedings. A delay in the proceedings shall be granted if the hearing official determines, in his or her sole discretion, that there is good cause to grant the delay. If a delay is granted, the 60-day decision period shall be extended by the number of days by which the review was postponed.

(f) Upon issuance of the written opinion, the Corporation shall promptly notify the debtor of the hearing official’s decision. Said notification shall include a copy of the written decision issued by the hearing official pursuant to paragraph (e) of this section.

§ 1408.11 Special review.

(a) An employee subject to salary offset, under subpart C of this part, or a voluntary repayment agreement, may, at any time, request a special review by the Corporation of the amount of the salary offset or voluntary repayment, based on materially changed circumstances such as, but not limited to, catastrophic illness, divorce, death, or disability.

(b) To determine whether an offset would prevent the employee from meeting essential subsistence expenses (costs incurred for food, housing, clothing, transportation, and medical care), the employee shall submit a detailed statement and supporting documents
for the employee, his or her spouse, and dependents indicating:
(1) Income from all sources;
(2) Assets;
(3) Liabilities;
(4) Number of dependents;
(5) Expenses for food, housing, clothing, and transportation;
(6) Medical expenses; and
(7) Exceptional expenses, if any.
(c) If the employee requests a special review under this section, the employee shall file an alternative proposed offset or payment schedule and a statement, with supporting documents, showing why the current salary offset or payments result in an extreme financial hardship to the employee.
(d) The Corporation shall evaluate the statement and supporting documents, and determine whether the original offset or repayment schedule imposes an undue financial hardship on the employee. The Corporation shall notify the employee in writing of such determination, including, if appropriate, a revised offset or payment schedule.

§ 1408.12 Charges for interest, administrative costs, and penalties.
(a) Except as provided in paragraph (d) of this section, the Corporation shall:
(1) Assess interest on unpaid claims;
(2) Assess administrative costs incurred in processing and handling overdue claims; and
(3) Assess penalty charges not to exceed 6 percent a year on any part of a debt more than 90 days past due.
The imposition of charges for interest, administrative costs, and penalties shall be made in accordance with 31 U.S.C. 3717.
(b)(1) Interest shall accrue from the date of mailing or hand delivery of the initial demand for payment or the Notice of Intent to Collect by either Administrative or Salary Offset if the amount of the claim is not paid within 30 days from the date of mailing or hand delivery of the initial demand or notice.
(2) The 30-day period may be extended on a case-by-case basis if the Corporation reasonably determines that such action is appropriate. Interest shall only accrue on the principal of the claim and the interest rate shall remain fixed for the duration of the indebtedness, except, as provided in paragraph (c) of this section, in cases where a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement, or if the Corporation reasonably determines that a higher rate is necessary to protect the interests of the United States.
(c) If a debtor defaults on a repayment agreement and seeks to enter into a new agreement, the Corporation may assess a new interest rate on the unpaid claim. In addition, charges for interest, administrative costs, and penalties which accrued but were not collected under the original repayment agreement shall be added to the principal of the claim to be paid under the new repayment agreement. Interest shall accrue on the entire principal balance of the claim, as adjusted to reflect any increase resulting from the addition of these charges.
(d) The Corporation may waive charges for interest, administrative costs, and/or penalties if it determines that:
(1) The debtor is unable to pay any significant sum toward the claim within a reasonable period of time;
(2) Collection of charges for interest, administrative costs, and/or penalties would jeopardize collection of the principal of the claim;
(3) Collection of charges for interest, administrative costs, or penalties would be against equity and good conscience; or
(4) It is otherwise in the best interest of the United States, including the situation where an installment payment agreement or offset is in effect.

§ 1408.13 Contracting for collection services.
The Chairman, or designee of the Chairman, may contract for collection services in accordance with 31 U.S.C. 3712 and 4 CFR 102.6 to recover debts.

§ 1408.14 Reporting of credit information.
The Chairman, or designee of the Chairman, may disclose to a consumer reporting agency information that an individual is responsible for a debt owed to the United States. Information
§ 1408.15 Credit report.

In order to aid the Corporation in making appropriate determinations regarding the collection and compromise of claims; the collection of charges for interest, administrative costs, and penalties; the use of administrative offset; the use of other collection methods; and the likelihood of collecting the claim, the Corporation may institute, consistent with the provisions of the Fair Credit Reporting Act (15 U.S.C. 1681, et seq.), a credit investigation of the debtor immediately following a determination that the claim exists.

Subpart B—Administrative Offset

§ 1408.20 Applicability.

(a) The provisions of this subpart shall apply to the collection of debts by administrative [or salary] offset under 31 U.S.C. 3716, 5 U.S.C. 5514, or other statutory or common law.

(b) Offset shall not be used to collect a debt more than 10 years after the Government’s right to collect the debt first accrued, unless facts material to the Government’s right to collect the debt were not known and could not reasonably have been known by the official or officials of the Government who were charged with the responsibility of discovering and collecting such debt.

(c) Offset shall not be used with respect to:

(1) Debts owed by other agencies of the United States or by any State or local government;

(2) Debts arising under or payments made under the Social Security Act, the Internal Revenue Code of 1986, as amended, or tariff laws of the United States; or

(3) Any case in which collection by offset of the type of debt involved is explicitly provided for or prohibited by another statute.

(d) Unless otherwise provided by contract or law, debts or payments which are not subject to offset under 31 U.S.C. 3716 or 5 U.S.C. 5514 may be collected by offset if such collection is authorized under common law or other applicable statutory authority.

§ 1408.21 Collection by offset.

(a) Collection of a debt by administrative [or salary] offset shall be accomplished in accordance with the provisions of these regulations, 4 CFR 102.3, and 5 CFR part 550, subpart K. It is not necessary for the debt to be reduced to judgment or to be undisputed for offset to be used.

(b) The Chairman, or designee of the Chairman, may determine that it is feasible to collect a debt to the United States by offset against funds payable to the debtor.

(c) The feasibility of collecting a debt by offset will be determined on a case-by-case basis. This determination shall be made by considering all relevant factors, including the following: (1) The degree to which the offset can be accomplished in accordance with law. This determination should take into consideration relevant statutory, regulatory, and contractual requirements; (2) The degree to which the Corporation is certain that its determination of the existence and amount of the debt is correct; (3) The practicality of collecting the debt by offset. The cost, in time and money, of collecting the debt by offset and the amount of money which can reasonably be expected to be recovered through offset will be relevant to this determination; and (4) Whether the use of offset will substantially interfere with or defeat the purpose of a program authorizing payments against which the offset is contemplated. For example, under a grant program in which payments are made in advance of the grantee’s performance, the imposition of offset against such a payment may be inappropriate.

(d) The collection of a debt by offset may not be feasible when there are circumstances which would indicate that
the likelihood of collection by offset is less than probable.

(e) The offset will be effected 31 days after the debtor receives a Notice of Intent to Collect by Administrative Offset (or Notice of Intent to Collect by Salary Offset if the offset is a salary offset), or upon the expiration of a stay of offset, unless the Corporation determines under §1408.24 that immediate action is necessary.

(f) If the debtor owes more than one debt, amounts recovered through offset may be applied to them in any order. Applicable statutes of limitation would be considered before applying the amounts recovered to any debts owed.

§ 1408.22 Notice requirements before offset.

(a) Except as provided in §1408.24, the Corporation will provide the debtor with 30 calendar days’ written notice that unpaid debt amounts shall be collected by administrative (or salary) offset (Notice of Intent to Collect by Administrative (or Salary) Offset) before the Corporation imposes offset against any money that is to be paid to the debtor.

(b) The Notice of Intent to Collect by Administrative (or Salary) Offset shall be delivered to the debtor by hand or by mail and shall provide the following information:

(1) The amount of the debt, the date it was incurred, and the facts upon which the determination of indebtedness was made;

(2) In the case of an administrative offset, the payment due date, which shall be 30 calendar days from the date of mailing or hand delivery of the Notice;

(3) In the case of a salary offset:

   (i) The Corporation’s intention to collect the debt by means of deduction from the employee’s current disposable pay account until the debt and all accumulated interest is paid in full; and

   (ii) The amount, frequency, proposed beginning date, and duration of the intended deductions;

(4) The right of the debtor to inspect and copy the records of the Corporation related to the claim or to receive copies if personal inspection is impractical. The debtor shall be informed that he/she shall be assessed for the cost of copying the documents in accordance with §1408.7 of this part;

(5) The right of the debtor to obtain a review of, and to request a hearing, on the Corporation’s determination of indebtedness, the propriety of collecting the debt by offset, and, in the case of salary offset, the propriety of the proposed repayment schedule (i.e., the percentage of disposable pay to be deducted each pay period). The debtor shall be informed that to obtain a review, the debtor shall deliver a written request for a review to the Corporation official named in the Notice, within 15 calendar days after the debtor’s receipt of the Notice. In the case of a salary offset, the debtor shall also be informed that the review shall be conducted by an official arranged for by the Corporation who shall be a hearing official not under the control of the Chairman of the Farm Credit System Insurance Corporation, or an administrative law judge;

(6) That the filing of a petition for hearing within 15 calendar days after receipt of the Notice will stay the commencement of collection proceedings;

(7) That a final decision on the hearing (if one is requested) will be issued at the earliest practical date, but not later than 60 days after the filing of the written request for review unless the employee requests, and the hearing official grants, a delay in the proceedings;

(8) The right of the debtor to offer to enter into a written agreement with the Corporation to repay the amount of the claim. The debtor shall be informed that the acceptance of such an agreement is discretionary with the Corporation;

(9) That charges for interest, penalties, and administrative costs shall be assessed against the debtor, in accordance with 31 U.S.C. 3717, if payment is not received by the payment due date. The debtor shall be informed that such assessments must be made unless excused in accordance with the Federal Claims Collection Standards (4 CFR parts 103 and 104);

(10) The amount of accrued interest and the amount of any other penalties or administrative costs which may have been added to the principal debt;
§ 1408.23 Right to review of claim.

(a) If the debtor disputes the claim, the debtor may request a review of the Corporation’s determination of the existence of the debt, the amount of the debt, the propriety of collecting the debt by offset, and in the case of salary offset, the propriety of the proposed repayment schedule. If only part of the claim is disputed, the undisputed portion should be paid by the payment due date.

(b) To obtain a review, the debtor shall submit a written request for review to the Corporation official named in the Notice of Intent to Collect by Administrative [or Salary] Offset within 15 calendar days after receipt of the notice. The debtor’s written request for review shall state the basis on which the claim is disputed and shall specify whether the debtor requests an oral hearing or a review of the written record of the claim. If an oral hearing is requested, the debtor shall explain in the request why the matter cannot be resolved by a review of the documentary evidence alone.

(c) The Corporation shall promptly notify the debtor, in writing, that the Corporation has received the request for review. The Corporation shall conduct its review of the claim in accordance with § 1408.10.

(d) The Corporation’s review of the claim, under this section, shall include providing the debtor with a reasonable opportunity for an oral hearing if:

(1) An applicable statute authorizes or requires the Corporation to consider waiver of the indebtedness, the debtor requests waiver of the indebtedness, and the waiver determination turns on an issue of credibility or veracity; or

(2) The debtor requests reconsideration of the debt and the Corporation determines that the question of the indebtedness cannot be resolved by reviewing the documentary evidence; for example, when the validity of the debt turns on an issue of credibility or veracity.

(c) When the procedural requirements of this section have been provided to the debtor in connection with the same debt or under some other statutory or regulatory authority, the Corporation is not required to duplicate those requirements before effecting offset.
(e) A debtor waives the right to a hearing and will have his or her debt offset in accordance with the proposed offset schedule if the debtor:

(1) Fails to file a written request for review within the timeframe set forth in paragraph (b) of this section, unless the Corporation determines that the delay was the result of circumstances beyond his or her control; or

(2) Fails to appear at an oral hearing of which he or she was notified unless the hearing official determines that the failure to appear was due to circumstances beyond the employee’s control.

(f) Upon completion of its review of the claim, the Corporation shall notify the debtor whether the Corporation’s determination of the existence or amount of the debt has been sustained, amended, or canceled. The notification shall include a copy of the written decision issued by the hearing official, pursuant to §1408.10(e). If the Corporation's determination is sustained, this notification shall contain a provision which states that the Corporation intends to collect the debt by offset or by requesting other Federal agencies for assistance in collecting the debt.

§ 1408.24 Waiver of procedural requirements.

(a) The Corporation may impose offset against a payment to be made to a debtor prior to the completion of the procedures required by this part, if:

(1) Failure to impose the offset would substantially prejudice the Government’s ability to collect the debt; and

(2) The timing of the payment against which the offset will be imposed does not reasonably permit the completion of those procedures.

(b) The procedures required by this part shall be complied with promptly after the offset is imposed. Amounts recovered by offset, which are later found not to be owed to the Government, shall be promptly refunded to the debtor.

§ 1408.25 Coordinating offset with other Federal agencies.

(a)(1) Any creditor agency which requests the Corporation to impose an offset against amounts owed to the debtor shall submit to the Corporation a claim certification which meets the requirements of this paragraph. The Corporation shall submit the same certification to any agency that the Corporation requests to effect an offset.

(2) The claim certification shall be in writing. It shall certify the debtor owes the debt and that all of the applicable requirements of 31 U.S.C. 3716 and 4 CFR part 102 have been met. If the intended offset is to be a salary offset, a claim certification shall instead certify that the debtor owes the debt and that the applicable requirements of 5 U.S.C. 5514 and 5 CFR part 550, subpart K, have been met.

(3) A certification that the debtor owes the debt shall state the amount of the debt, the factual basis supporting the determination of indebtedness, and the date on which payment of the debt was due. A certification that the requirements of 31 U.S.C. 3716 and 4 CFR part 102 have been met shall include a statement that the debtor has been sent a Notice of Intent to Collect by Administrative Offset at least 31 calendar days prior to the date of the intended offset or a statement that pursuant to 4 CFR 102.3(b)(5) said Notice was not required to be sent. A certification that the requirements of 5 U.S.C. 5514 and 5 CFR part 550, subpart K, have been met shall include a statement that the debtor has been sent a Notice of Intent to Collect by Salary Offset at least 31 calendar days prior to the date of the intended offset or a statement that pursuant to 4 CFR 102.3(b)(5) said Notice was not required to be sent.

(b)(1) The Corporation shall not effect an offset requested by another Federal agency without first obtaining a claim certification required by paragraph (a) of this section. If the Corporation receives an incomplete claim certification, the Corporation shall return the claim certification with notice that a claim certification
which complies with the requirements of paragraph (a) of this section must be submitted to the Corporation before the Corporation will consider effecting an offset.

(2) The Corporation may rely on the information contained in the claim certification provided by a requesting creditor agency. The Corporation is not authorized to review a creditor agency’s determination of indebtedness.

(c) Only the creditor agency may agree to enter into an agreement with the debtor for the repayment of the claim. Only the creditor agency may agree to compromise, suspend, or terminate collection of the claim.

(d) The Corporation may decline, for good cause, a request by another agency to effect an offset. Good cause includes that the offset might disrupt, directly or indirectly, essential Corporation operations. The refusal and the reasons shall be sent in writing to the creditor agency.

§ 1408.26 Stay of offset.

(a)(1) When a creditor agency receives a debtor’s request for inspection of agency records, the offset is stayed for 10 calendar days beyond the date set for the record inspection.

(2) When a creditor agency receives a debtor’s offer to enter into a repayment agreement, the offset is stayed until the debtor is notified as to whether the proposed agreement is acceptable.

(3) When a review is conducted, the offset is stayed until the creditor agency issues a final written decision.

(b) When offset is stayed, the amount of the debt and the amount of any accrued interest or other charges will be withheld from payments to the debtor. The withheld amounts shall not be applied against the debt until the stay expires. If withheld funds are later determined not to be subject to offset, they will be promptly refunded to the debtor.

(c) If the Corporation is the creditor agency and the offset is stayed, the Corporation will immediately notify an offsetting agency to withhold the payment pending termination of the stay.
Farm Credit System Insurance Corp. § 1408.39

(b) These regulations do not apply to the following: (1) Debts or claims arising under the Internal Revenue Code of 1986, as amended (26 U.S.C. 1 et seq.); the Social Security Act (42 U.S.C. 301 et seq.); the tariff laws of the United States; or to any case where collection of a debt by salary offset is explicitly provided for or prohibited by another statute (e.g., travel advances in 5 U.S.C. 5705 and employee training expenses in 5 U.S.C. 4106).

(2) Any adjustment to pay arising from an employee’s election of coverage or a change in coverage under a Federal benefits program requiring periodic deductions from pay if the amount to be recovered was accumulated over four pay periods or less.

(3) A claim which has been outstanding for more than 10 years after the creditor agency’s right to collect the debt first accrued, unless facts material to the Government’s right to collect were not known and could not reasonably have been known by the official or officials charged with the responsibility for discovery and collection of such debts.

§ 1408.37 Definitions.

In this subpart, the following definitions shall apply:

(a) Agency means:

(1) An executive agency as defined by 5 U.S.C. 105, including the United States Postal Service and the United States Postal Rate Commission;

(2) A military department as defined in 5 U.S.C. 102;

(3) An agency or court of the judicial branch, including a court as defined in 28 U.S.C. 610, the District Court for the Northern Mariana Islands, and the Judicial Panel on Multi-district Litigation;

(4) An agency of the legislative branch, including the United States Senate and the United States House of Representatives; or

(5) Other independent establishments that are entities of the Federal Government.

(b) Disposable pay means, for an officially established pay interval, that part of current basic pay, special pay, incentive pay, retired pay, retainer pay, or, in the case of an employee not entitled to basic pay, other authorized pay remaining after the deduction of any amount required by law to be withheld. The Corporation shall allow the deductions described in 5 CFR 581.105 (b) through (f).

(c) Employee means a current employee of the Corporation or other agency, including a current member of the Armed Forces or Reserve of the Armed Forces of the United States.

(d) Waiver means the cancellation, remission, forgiveness, or nonrecovery of a debt allegedly owed by an employee to the Corporation or another agency as permitted or required by 5 U.S.C. 5584 or 8346(b), 10 U.S.C. 2774, 32 U.S.C. 716, or any other law.

§ 1408.38 Waiver requests and claims to the General Accounting Office.

(a) The regulations contained in this subpart do not preclude an employee from requesting a waiver of an overpayment under 5 U.S.C. 5584 or 8346(b), 10 U.S.C. 2774, 32 U.S.C. 716, or in any way questioning the amount or validity of a debt by submitting a subsequent claim to the General Accounting Office in accordance with the procedures prescribed by the General Accounting Office.

(b) These regulations also do not preclude an employee from requesting a waiver pursuant to other statutory provisions pertaining to the particular debts being collected.

§ 1408.39 Procedures for salary offset.

(a) The Chairman, or designee of the Chairman, shall determine the amount of an employee’s disposable pay and the amount to be deducted from the employee’s disposable pay at regular pay intervals.

(b) Deductions shall begin within three official pay periods following the date of mailing or delivery of the Notice of Intent to Collect by Salary Offset.

(c)(1) If the amount of the debt is equal to or is less than 15 percent of the employee’s disposable pay, such debt should be collected in one lump-sum deduction.

(2) If the amount of the debt is not collected in one lump-sum deduction, the debt shall be collected in installment deductions over a period of time not greater than the anticipated period.
of employment. The size and frequency of installment deductions will bear a reasonable relation to the size of the debt and the employee’s ability to pay. However, the amount deducted from any pay period will not exceed 15 percent of the employee’s disposable pay for that period, unless the employee has agreed in writing to the deduction of a greater amount.

(3) A deduction exceeding the 15-percent disposable pay limitation may be made from any final salary payment pursuant to 31 U.S.C. 3716 in order to liquidate the debt, whether the employee is being separated voluntarily or involuntarily.

(4) Whenever an employee subject to salary offset is separated from the Corporation and the balance of the debt cannot be liquidated by offset of the final salary check pursuant to 31 U.S.C. 3716, the Corporation may offset any later payments of any kind against the balance of the debt.

(d) In instances where two or more creditor agencies are seeking salary offsets against current employees of the Corporation or where two or more debts are owed to a single creditor agency, the Corporation, at its discretion, may determine whether one or more debts should be offset simultaneously within the 15-percent limitation. Debts owed to the Corporation should generally take precedence over debts owed to other agencies.

§ 1408.40 Refunds.

(a) In instances where the Corporation is the creditor agency, it shall promptly refund any amounts deducted under the authority of 5 U.S.C. 5514 when:

(1) The debt is waived or otherwise found not to be owed to the United States (unless expressly prohibited by statute or regulations); or

(2) An administrative or judicial order directs the Corporation to make a refund.

(b) Unless required or permitted by law or contract, refunds under this section shall not bear interest.

§ 1408.41 Requesting current paying agency to offset salary.

(a) To request a paying agency to impose a salary offset against amounts owed to the debtor, the Corporation shall provide the paying agency with a claim certification which meets the requirements set forth in §1408.25(a) of this part. The Corporation shall also provide the paying agency with a repayment schedule determined under the provisions of §1408.39 or in accordance with a repayment agreement entered into with the debtor.

(b) If the employee separates from the paying agency before the debt is paid in full, the paying agency shall certify the total amount collected on the debt. A copy of this certification shall be sent to the employee and a copy shall be sent to the Corporation. If the paying agency is aware that the employee is entitled to payments from the Civil Service Retirement and Disability Fund, or other similar payments, it must provide written notification to the agency responsible for making such payments that the debtor owes a debt (including the amount) and that the provisions of this section have been fully complied with. However, the Corporation must submit a properly certified claim to the agency responsible for making such payments before the collection can be made.

(c) When an employee transfers to another paying agency, the Corporation is not required to repeat the due process procedures set forth in 5 U.S.C. 5514 and this part to resume the collection. The Corporation shall, however, review the debt upon receiving the former paying agency’s notice of the employee’s transfer to make sure the collection is resumed by the new paying agency.

(d) If a special review is conducted pursuant to §1408.11 and results in a revised offset or repayment schedule, the Corporation shall provide a new claim certification to the paying agency.

§ 1408.42 Responsibility of the Corporation as the paying agency.

(a) When the Corporation receives a claim certification from a creditor agency, deductions should be scheduled to begin at the next officially established pay interval. The Corporation shall send the debtor written notice which provides:
Farm Credit System Insurance Corp.

§ 1410.2

(1) That the Corporation has received a valid claim certification from the creditor agency;
(2) The date on which salary offset will begin;
(3) The amount of the debt; and
(4) The amount of such deductions.

(b) If, after the creditor agency has submitted the claim certification to the Corporation, the employee transfers to a different agency before the debt is collected in full, the Corporation must certify the total amount collected on the debt. The Corporation shall send a copy of this certification to the creditor agency and a copy to the employee. If the Corporation is aware that the employee is entitled to payments from the Civil Service Retirement Fund and Disability Fund, or other similar payments, it shall provide written notification to the agency responsible for making such payments that the debtor owes a debt (including the amount).

§ 1408.43 Nonwaiver of rights by payments.

An employee's involuntary payment of all or any portion of a debt being collected under this subpart shall not be construed as a waiver of any rights the employee may have under 5 U.S.C. 5514 or any other provisions of a written contract or law unless there are statutory or contractual provisions to the contrary.

PART 1410—PREMIUMS

§ 1410.1 Purpose and scope.

This part sets forth the rules for:
(a) The calculation of premiums;
(b) The time for payment of the premium required by sections 5.55 and 5.56 of the Farm Credit Act of 1971, as amended;
(c) Interest charges on delinquent payments;
(d) The form and content of certified statements; and,
(e) Documentation supporting certified statements.

§ 1410.2 Definitions.

(a) Act means the Farm Credit Act of 1971, as amended.
(b) Average principal outstanding means the average annual principal outstanding on a daily basis using balances as of the close of each day. In computing the average annual principal outstanding in this manner, the closing balance of the most recent past business day shall be the closing balance for days when an institution is closed.
(c) Direct lending association means any production credit association or any other association making direct loans under authority provided under section 7.6 of the Act, including, without limitation, agricultural credit associations and Federal land credit associations.
(d) Government-guaranteed loans or investments means loans or credits or investments, or portions of loans or credits or investments, that are guaranteed:
(1) By the full faith and credit of the United States Government or any State government; or,
(2) By an agency or other entity of the United States Government whose obligations are explicitly guaranteed by the United States Government; or,
(3) By an agency or other entity of a State government whose obligations are explicitly guaranteed by such State government.
(e) Insured bank means any Farm Credit bank whose participation in notes, bonds, debentures, and other obligations issued under subsection (c) or (d) of section 4.2 of the Act is insured under part E of title V of the Act, including, without limitation, banks that are in or are placed in receivership or conservatorship to the extent that those banks' participation in such obligations is insured.
(f) Loan means any extension of credit or lease resulting from direct negotiations between a lender and a borrowing entity that is recorded as an asset of an insured bank, a direct lending association, or an other financing institution. The term “loan” includes loans, contracts of sale, notes receivable, and other similar obligations and lease financings. The term “loan” includes loans originated through direct negotiations between the insured bank, direct lending association, or other financing institution and a borrowing entity and loans or interests in loans purchased from another lender. Loans purchased subject to recourse shall be considered loans of the seller to the extent of the recourse.

(g)(1) Nonaccrual loan means any loan where—

(i) Any amount of outstanding principal and all past and future interest accruals, considered over the full term of the asset, are determined to be uncollectible for any reason; or,

(ii) It has been classified “loss” as a result of a periodic credit evaluation and has not been charged off; or,

(iii) The loan is severely past due and is not adequately secured, in process of collection, and fully collectible with respect to all principal and interest.

(2) For the purposes of determining whether a loan is considered as accrual or nonaccrual under this part, all loans on which a borrowing entity, or a component of a borrowing entity, is primarily obligated to the institution shall be considered as one loan unless a review of all pertinent facts supports a reasonable determination that a particular loan constitutes an independent credit risk and such determination is adequately documented in the loan file.

(h) Other financing institution means any bank, company, institution, corporation, union, or association described in section 1.7(b)(1)(B) of the Act.

§1410.3 Calculation and reporting of premiums due.

(a) Reporting. For purposes of computing premiums, each insured bank shall, without limitation, report all information concerning the insured bank; each direct lending association that is receiving (or has received) funds provided through the insured bank; and each other financing institution that is receiving (or has received) funds provided through the insured bank; that the Corporation determines is necessary in order to compute the premiums due under the Act.

(b) Calculating the premium payment for periods from July 1, 2008 through December 31, 2008. (1) The premium payment for the 3rd Quarter 2008 (defined for purposes of this section as the period from July 1, 2008 through September 30, 2008) and the premium payment for the 4th Quarter 2008 (defined for purposes of this section as the period October 1, 2008, through December 31, 2008) shall be equal to 25 percent of the amount computed by applying the premium calculation formulas contained in sections 5.55 and 5.56 of the Act (unless reduced by the Corporation acting under section 5.55(a)(3) of the Act or under paragraph (d) of this section) to the insured bank during the 3rd Quarter 2008 or 4th Quarter 2008, respectively.

(2) In accord with paragraph (b)(1) of this section, the premium payment for the 3rd Quarter 2008 (having been reduced by the Corporation acting under section 5.55(a)(3) of the Act) shall be equal to 25 percent of the following amount:

(i) The average outstanding insured obligations issued by the bank for the period, after deducting from the obligations the percentages of the guaranteed portions of loans and investments described in section 5.55(a)(2) of the Act, multiplied by 0.0015; and

(ii) The product obtained by multiplying—

(A) The sum of—

(1) The average principal outstanding for the period on loans made by the bank (computed in accord with section 5.55 of the Act) that are in nonaccrual status; and

(2) The average amount outstanding for the period of other-than-temporarily impaired investments made by the bank (computed in accord with section 5.55 of the Act);

(B) By 0.0010.
§ 1410.4 Payment of premiums.

(a) Payments. Each insured bank shall pay to the Corporation the amount of the premium due to the Corporation computed in accordance with sections 5.55 and 5.56 of the Act, unless reduced by the Corporation acting under section 5.55(a)(3) of the Act. If the Corporation acting under section 5.55(a)(3) of the Act reduces the premium, the amount due shall be the amount computed in accordance with section 5.55 of the Act.

(b) Premiums as obligations of insured banks. Premiums required to be paid by each insured bank shall be considered to have been filed and payments made in a timely manner if they are received on or before January 31 following the end of the calendar year on which the certified statement is filed. If the certified statement is filed on or before January 31, the premiums due shall be paid in accordance with section 1.12 of the Act. If the certified statement is filed after January 31, the premiums due shall be paid in accordance with section 5.55 of the Act.

(c) Calculating the premium payment for periods in 2009 and subsequent years.

(1) The premium payment for periods in calendar year 2009 and subsequent years shall be equal to the amount computed by applying the premium calculation formulas contained in sections 5.55 and 5.56 of the Act (unless reduced by the Corporation acting under section 5.55(a)(3) of the Act) to the insured bank during the period.

(2) In accord with paragraph (c)(1) of this section, the premium payment for the period shall (unless reduced by the Corporation acting under section 5.55(a)(3) of the Act or under paragraph (d) of this section) be equal to:

(i) The average outstanding insured obligations issued by the bank for the period, after deducting from the obligations the percentages of the guaranteed portions of loans and investments described in section 5.55(a)(2) of the Act, multiplied by 0.0018; and

(ii) The product obtained by multiplying—

(A) The sum of—

(1) The average principal outstanding for the period on loans made by the bank (computed in accordance with section 5.55 of the Act) that are in nonaccrual status; and

(2) The average amount outstanding for the period of other-than-temporarily impaired investments made by the bank (computed in accordance with section 5.55 of the Act); and

(B) By 0.0010.

(d) Secure base amount. In addition to the Corporation's authority to reduce premiums under section 5.55(a)(3) of the Act, upon reaching the secure base amount determined by the Corporation in accordance with section 5.55 of the Act, the annual premium to be paid by each insured bank, computed in accordance with paragraphs (b) and (c) of this section, shall be reduced by a percentage determined by the Corporation so that the aggregate of the premiums payable by all of the Farm Credit banks for the following calendar year is sufficient to ensure that the Insurance Fund balance is maintained at not less than the secure base amount. The Corporation shall announce any such percentage no later than December 31 of the year prior to the January in which such premiums are to be paid.

[74 FR 17373, Apr. 15, 2009]
§ 1410.5 Delinquent premium payments and premium overpayments.

(a) Delinquent payments. Each insured bank shall pay to the Corporation interest on delinquent premium payments. All premiums will be considered delinquent if they are received after the time for payment specified in §1410.4 of this part, including late payments caused by bank errors in the certified statement. The interest rate will be the United States Treasury Department’s current value of funds rate, which is issued under the Treasury Fiscal Requirements Manual (TFRM rate) and published quarterly in the Federal Register. The interest rate will be determined as follows:

(1) Current year. (i) For delinquent days occurring on or prior to March 31, the rate will be the TFRM rate that is published in the preceding December. (ii) For delinquent days occurring from April 1 to June 30, the rate will be the TFRM rate that is published in March for the second quarter of the year. (iii) For delinquent days occurring from July 1 to September 30, the rate will be the TFRM rate that is published in June for the third quarter. (iv) For delinquent days occurring from October 1 to December 31, the rate will be the TFRM rate that is published in September for the fourth quarter.

(2) Prior years. The interest will be calculated quarterly and compounded annually at the rates applicable for each quarter as issued under the TFRM. For the initial year, the rate will be applied to the gross amount of the delinquent payment. For each additional year or portion thereof the rate will be applied to the net amount of the delinquent payment after it has been reduced by any premium credit under paragraph (c) of this section.

(b) Other rights and remedies. Payment of the interest specified in paragraph (a) of this section does not affect any other rights and remedies available to the Corporation.

(c) Overpayments. To the extent that any payment by a bank exceeds the required amount:

(1) The excess shall be credited against future premium payments by the bank which overpaid; or,

(2)(i) Upon written request to the Corporation by the bank which overpaid, the excess shall be refunded to the bank within 30 days of receipt of the written request; and (ii) If the Corporation fails to make a refund within such 30-day period, and the Corporation determines that a refund is in order, the Corporation shall pay to the bank interest on the amount of the overpayment, from the end of such 30-day period through the date the refund is issued.

§ 1410.6 Certified statements.

(a) Forms. The certified statements required to be filed by insured banks under the provisions of section 5.56 of the Act shall be filed with the Corporation. The certified statement forms will be furnished to all insured banks by, or may be obtained from, the Corporation.

(b) Amendments to certified statements. In the event of an amendment or correction of a previously submitted certified statement, the amending insured bank shall resubmit to the Corporation the appropriate certified statement along with a letter of explanation regarding the amendment or correction.

§ 1410.7 Documentation.

Each insured bank shall:

(a) Prepare and maintain accurate and complete records as necessary to prepare certified statements, including, but not limited to, records relating to the loans of each direct lending association and other financing institution that are able to make such loans because they are receiving, or have received, funding from the insured bank.

(b) Prepare and maintain on its premises books and records in such a manner as to facilitate reconciliation with certified statements prepared from them.

(c) Maintain in its books and records documentation supporting its certified statement for a period no less than 5 years following the date of each certified statement, unless the bank shall have requested in writing, and the Corporation shall have granted to the bank, written permission to dispose of...
Farm Credit System Insurance Corp.

such documentation prior to the expiration of 5 years.
(d) Make all records and any supporting documentation available, without limitation, to Corporation officials upon request.

§ 1412.2 Definitions.

(b) Farm Credit System institution or System institution means any “Institution” enumerated in section 1.2 of the Act including, but not limited to, associations, banks, service corporations, the Federal Farm Credit Banks Funding Corporation, the Farm Credit Leasing Services Corporation and their subsidiaries and affiliates, as well as, the Federal Agricultural Mortgage Corporation and its subsidiaries and affiliates, as described in 12 U.S.C. 2279a–1(a).

(c) Benefit plan means any plan, contract, agreement or other arrangement which is an “employee welfare benefit plan” as that term is defined in section 3(1) of the Employee Retirement Income Security Act of 1974, as amended (29 U.S.C. 1002(1)), or other usual and customary plans such as dependent care, tuition reimbursement, group legal services or other benefits provided under a cafeteria plan sponsored by the System institution; provided however, that such term shall not include any plan intended to be subject to paragraph (f)(2)(iii), (vii) and (viii) of this section.

(d) Bona fide deferred compensation plan or arrangement means any plan, contract, agreement or other arrangement whereby:

(1) An IRP voluntarily elects to defer all or a portion of the reasonable compensation, wages or fees paid for services rendered which otherwise would
have been paid to such party at the time the services were rendered (including a plan that provides for the crediting of a reasonable investment return on such elective deferrals) and the System institution either:

(i) Recognizes compensation expense and accrues a liability for the benefit payments according to generally accepted accounting principles (GAAP); or

(ii) Segregates or otherwise sets aside assets in a trust which may only be used to pay plan and other benefits, except that the assets of such trust may be available to satisfy claims of the System institution’s creditors in the case of insolvency; or

(2) The System institution establishes a nonqualified deferred compensation or supplemental retirement plan, other than an elective deferral plan described in paragraph (d)(1) of this section:

(i) Primarily for the purpose of providing benefits for certain IRPs in excess of the limitations on contributions and benefits imposed by sections 415, 401(a)(17), 402(g) or any other applicable provision of the Internal Revenue Code of 1986 (26 U.S.C. 415, 401(a)(17), 402(g)); or

(ii) Primarily for the purpose of providing supplemental retirement benefits or other deferred compensation for a select group of directors, management or highly compensated employees (excluding severance payments described in paragraph (f)(2)(v) of this section and permissible golden parachute payments described in §1412.5); and

(3) In the case of any nonqualified deferred compensation or supplemental retirement plans as described in paragraphs (d)(1) and (2) of this section, the following requirements shall apply:

(i) The plan was in effect at least 1 year prior to any of the events described in paragraph (f)(1)(II) of this section;

(ii) Any payment made pursuant to such plan is made in accordance with the terms of the plan as in effect no later than 1 year prior to any of the events described in paragraph (f)(1)(II) of this section and in accordance with any amendments to such plan during such 1 year period that do not increase the benefits payable thereunder;

(iii) The IRP has a vested right, as defined under the applicable plan document, at the time of termination of employment to payments under such plan;

(iv) Benefits under such plan are accrued each period only for current or prior service rendered to the employer (except that an allowance may be made for service with a predecessor employer);

(v) Any payment made pursuant to such plan is not based on any discretionary acceleration of vesting or accrual of benefits which occurs at any time later than 1 year prior to any of the events described in paragraph (f)(1)(ii) of this section;

(vi) The System institution has previously recognized compensation expense and accrued a liability for the benefit payments according to GAAP or segregated or otherwise set aside assets in a trust which may only be used to pay plan benefits, except that the assets of such trust may be available to satisfy claims of the System institution’s creditors in the case of insolvency; and

(vii) Payments pursuant to such plans shall not be in excess of the accrued liability computed in accordance with GAAP.

(e) Corporation or FCSIC mean the Farm Credit System Insurance Corporation, in its corporate capacity.

(f) Golden parachute payment. (1) The term “golden parachute payment” means any payment (or any agreement to make any payment) in the nature of compensation by any System institution for the benefit of any current or former IRP pursuant to an obligation of such System institution that:

(i) Is contingent on the termination of such party’s primary employment or relationship with the System institution;

(ii) Is received on or after, or is made in contemplation of, any of the following events:

(A) The insolvency (or similar event) of the System institution which is making the payment or bankruptcy or insolvency (or similar event) of the service corporation, subsidiary or affiliate which is making the payment; or
519

(B) The System institution is assigned a composite rating of 4 or 5 by the FCA; or

(C) The appointment of any conservator or receiver for such System institution; or

(D) A determination by the Corporation, that the System institution is in a troubled condition, as defined in paragraph (m) of this section; and

(iii) Is payable to an IRP whose employment by or relationship with a System institution is terminated at a time when the System institution by which the IRP is employed or related satisfies any of the conditions enumerated in paragraphs (f)(1)(ii)(A) through (D) of this section, or in contemplation of any of these conditions.

(2) Exceptions. The term "golden parachute payment" shall not include:

(i) Any payment made pursuant to a pension or retirement plan which is qualified (or is intended within a reasonable period of time to be qualified) under section 401 of the Internal Revenue Code of 1986 (26 U.S.C. 401); or

(ii) Any payment made pursuant to a benefit plan as that term is defined in paragraph (c) of this section; or

(iii) Any payment made pursuant to a "bona fide" deferred compensation plan or arrangement as defined in paragraph (d) of this section; or

(iv) Any payment made by reason of death or by reason of termination caused by the disability of IRP; or

(v) Any severance or similar payment which is required to be made pursuant to a state statute or foreign law which is applicable to all employers within the appropriate jurisdiction (with the exception of employers that may be exempt due to their small number of employees or other similar criteria); or

(vi) Any other payment which the Corporation determines to be permissible in accordance with §1412.6, on permissible indemnification payments; or

(vii) Any payment made pursuant to a nondiscriminatory severance pay plan or arrangement that provides for payment of severance benefits to all eligible employees upon involuntary termination other than for cause, voluntary resignation, or early retirement. Furthermore, such severance pay plan or arrangement shall not have been adopted or modified to increase the amount or scope of severance benefits at a time when the System institution was in a condition specified in paragraph (f)(1)(ii) of this section or in contemplation of such a condition without the prior written consent of the FCA; or in lieu of a payment made pursuant to this paragraph;

(viii) Any payment made pursuant to a severance pay plan or arrangement that provides severance benefits upon involuntary termination other than for cause, voluntary resignation, or early retirement. No employee shall receive any payment under this subpart which exceeds the base compensation paid to such employee during the 12 months (or longer period or greater benefit as the Corporation shall consent to) immediately preceding termination of employment. Furthermore, such severance pay plan or arrangement shall not have been adopted or modified to increase the amount or scope of the severance benefits at a time when the System institution was in a condition specified in paragraph (f)(1)(ii) of this section or in contemplation of such a condition without the written approval of the FCA.

(g) The FCA means the Farm Credit Administration.

(h) Institution-related party (IRP) means:

(1) Any director, officer, employee, or controlling stockholder (other than another Farm Credit System institution) of, or agent for a System institution;

(2) Any stockholder (other than another Farm Credit System institution), consultant, joint venture partner, and any other person as determined by the FCA (by regulation or case-by-case) who participates in the conduct of the affairs of a System institution; and

(3) Any independent contractor (including any attorney, appraiser, or accountant) who knowingly or recklessly participates in any violation of any law or regulation, any breach of fiduciary duty, or any unsafe or unsound practice, which caused or is likely to cause more than a minimal financial loss to, or a significant adverse effect on, the System institution.

(i) Liability or legal expense means:
(1) Any legal or other professional fees and expenses incurred in connection with any claim, proceeding, or action;

(2) The amount of, and any cost incurred in connection with, any settlement of any claim, proceeding, or actions; and

(3) The amount of, any cost incurred in connection with, any judgment or penalty imposed with respect to any claim, processing, or action.

(j) Nondiscriminatory means that the plan, contract or arrangement in question applies to all employees of a System institution who meet reasonable and customary eligibility requirements applicable to all employees, such as minimum length of service requirements. A nondiscriminatory plan, contract or arrangement may provide different benefits based only on objective criteria such as salary, total compensation, length of service, job grade or classification, which are applied on a proportionate basis, with a modest disparity in severance benefits relating to any one criterion of 20 percent.

(k) Payment means:

(1) Any direct or indirect transfer of any funds or any asset;

(2) Any forgiveness of any debt or other obligation;

(3) The conferring of benefits in the nature of compensation, including but not limited to stock options and stock appreciation rights; or

(4) Any segregation of any funds or assets, the establishment or funding of any trust or the purchase of or arrangement for any letter of credit or other instrument, for the purpose of making, or pursuant to any agreement to make, any payment on or after the date on which such funds or assets are segregated, or at the time of or after such trust is established or letter of credit or other instrument is made available, without regard to whether the obligation to make such payment is contingent on:

(i) The determination, after such date, of the liability for the payment of such amount; or

(ii) The liquidation, after such date, of the amount of such payment.

(l) Prohibited indemnification payment. (i) The term “prohibited indemnification payment” means any payment (or any agreement or arrangement to make any payment) by any System institution for the benefit of any person who is or was an IRP of such System institution, to pay or reimburse such person for any civil money penalty or judgment resulting from any administrative or civil action instituted by the FCA, or any other liability or legal expense with regard to any administrative proceeding or civil action instituted by the FCA which results in a final order or settlement pursuant to which such person:

(i) Is assessed a civil money penalty;

(ii) Is removed from office or prohibited from participating in the conduct of the affairs of the institution; or

(iii) Is required to cease and desist from or take any affirmative action with respect to such institution.

(2) Exceptions. (i) The term “prohibited indemnification” payment shall not include any reasonable payment by a System institution which is used to purchase any commercial insurance policy or fidelity bond, provided that such insurance policy or bond shall not be used to pay or reimburse an IRP for the cost of any judgment or civil money penalty assessed against such person in an administrative proceeding or civil action commenced by the FCA, but may pay any legal or professional expenses incurred in connection with such proceeding or action or the amount of any restitution to the System institution or receiver.

(ii) The term “prohibited indemnification payment” shall not include any reasonable payment by a System institution that represents partial indemnification for legal or professional expenses specifically attributable to particular charges for which there has been a formal and final adjudication or finding in connection with a settlement that the IRP has not violated certain FCA laws or regulations or has not engaged in certain unsafe or unsound practices or breaches of fiduciary duty, unless the administrative action or civil proceedings has resulted in a final prohibition order against the IRP.

(m) Troubled condition means a System institution that:

(1) Is subject to a cease-and-desist order or written agreement issued by
§ 1412.5 Permissible golden parachute payments.

(a) A System institution may agree to make or may make a golden parachute payment if and to the extent that:

1. The FCA, with the written concurrence of the Corporation, determines that such a payment or agreement is permissible; or

2. Such an agreement is made in order to hire a person to become an IRP either at a time when the System institution satisfies or in an effort to prevent it from imminently satisfying any of the criteria set forth in §1412.2(b)(1)(i), and the FCA and the Corporation consent in writing to the amount and terms of the golden parachute payment. Such consent by the Corporation and the FCA shall not improve the IRP’s position in the event of the insolvency of the institution since such consent can neither bind a receiver nor affect the provability of receivership claims. In the event that the institution is placed into receivership or conservatorship, the Corporation and/or the FCA shall not be obligated to pay the promised golden parachute and the IRP shall not be accorded preferential treatment on the basis of such prior approval; or

3. Such a payment is made pursuant to an agreement which provides for a reasonable severance payment, not to exceed 18-months’ salary, to an IRP in the event of a change in control of the System institution; provided, however, that the System institution shall make or agree to make any golden parachute payment, except as provided in this part.

§ 1412.3 Golden parachute payments prohibited.

No System institution shall make or agree to make any golden parachute payment, except as provided in this part.

§ 1412.4 Prohibited indemnification payments.

No System institution shall make or agree to make any prohibited indemnification payment, except as provided in this part.

§ 1412.5 Permissible golden parachute payments.

(a) A System institution may agree to make or may make a golden parachute payment if and to the extent that:

1. The FCA, with the written concurrence of the Corporation, determines that such a payment or agreement is permissible; or
applicable regulations concerning the System institution;

(iii) The IRP has materially violated any applicable Federal or state law or regulation that has had or is likely to have a material effect on the System institution; and

(iv) The IRP has violated or conspired to violate section 215, 657, 1006, 1014, or 1344 of title 18 of the United States Code or section 1341 or 1343 of such title affecting a Farm Credit System institution.

(b) In making a determination under paragraphs (a)(1) through (3) of this section the FCA and the Corporation may consider:

(1) Whether, and to what degree, the IRP was in a position of managerial or fiduciary responsibility;

(2) The length of time the IRP was affiliated with the System institution, and the degree to which the proposed payment represents reasonable compensation earned over the period of employment and reasonable payment for services rendered; and

(3) Any other factors or circumstances which would indicate that the proposed payment would be contrary to the intent of the Act or this part.

§ 1412.6 Permissible indemnification payments.

(a) A System institution may make or agree to make reasonable indemnification payments to an IRP with respect to an administrative proceeding or civil action initiated by the FCA if:

(1) The System institution’s board of directors, in good faith, determines in writing after due investigation and consideration that the IRP acted in good faith and in a manner he/she believed to be in the best interests of the institution;

(2) The System institution’s board of directors, in good faith, determines in writing after due investigation and consideration that the payment of such expenses will not materially adversely affect the institution’s safety and soundness;

(3) The indemnification payments do not constitute prohibited indemnification payments as that term is defined in §1412.2(l); and

(4) The IRP agrees in writing to reimburse the System institution, to the extent not covered by payments from insurance or bonds purchased pursuant to §1412.2(l)(2), for that portion of the advanced indemnification payments which subsequently become prohibited indemnification payments, as defined herein.

(b) An IRP requesting indemnification payments shall not participate in any way in the board’s discussion and approval of such payments; provided, however, that such IRP may present his/her request to the board and respond to any inquiries from the board concerning his/her involvement in the circumstances giving rise to the administrative proceeding or civil action.

(c) In the event that a majority of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the remaining members of the board may authorize independent legal counsel to review the indemnification request and provide the remaining members of the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the remaining members of the board of directors may rely on such opinion in authorizing the requested indemnification.

(d) In the event that all of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the board shall authorize independent legal counsel to review the indemnification request and provide the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the board of directors may rely on such opinion in authorizing the requested indemnification.

§ 1412.7 Filing instructions.

Requests to make excess nondiscriminatory severance plan payments and permitted golden parachute payments shall be submitted in writing to the
§ 1412.8 Application in the event of receivership.

The provisions of this part or any consent or approval granted under the provisions of this part by the Corporation (in its corporate capacity), shall not in any way bind any receiver of a failed System institution. Any consent or approval granted under the provisions of this part by the Corporation or the FCA shall not in any way obligate such agency or receiver to pay any claim or obligation pursuant to any golden parachute, severance, indemnification or other agreement. Claims for employee welfare benefits or other benefits which are contingent, even if otherwise vested, when the Corporation is appointed as receiver for any System institution, including any contingency for termination of employment, are not provable claims or actual, direct compensatory damage claims against such receiver. Nothing in this part may be construed to permit the payment of salary or any liability or legal expense of any IRP contrary to 12 U.S.C. 2277a–10b(d).

(a) What types of investments are permitted by this part? Section 4(k)(4)(H) of the Bank Holding Company Act (12 U.S.C. 1843(k)(4)(H)) and this part authorize a financial holding company, directly or indirectly and as principal or on behalf of one or more persons, to acquire or control any amount of shares, assets or ownership interests of a company or other entity that is engaged in any activity not otherwise authorized for the financial holding company under section 4 of the Bank Holding Company Act. For purposes of this part, shares, assets or ownership interests acquired or controlled under section 4(k)(4)(H) and this part are referred to as “merchant banking investments.” A financial holding company may not directly or indirectly acquire or control any merchant banking investment except in compliance with the requirements of this part.

(b) Must the investment be a bona fide merchant banking investment? The acquisition or control of shares, assets or ownership interests under this part is not permitted unless it is part of a bona fide underwriting or merchant or investment banking activity.

(c) What types of ownership interests may be acquired? Shares, assets or ownership interests of a company or other entity include any debt or equity security, warrant, option, partnership interest, trust certificate or other instrument representing an ownership interest in the company or entity, whether voting or nonvoting.

(1) The assets are held by or promptly transferred to a portfolio company;

(2) The portfolio company maintains policies, books and records, accounts, and other indicia of corporate, partnership or limited liability organization and operation that are separate from the financial holding company and limit the legal liability of the financial holding company for obligations of the portfolio company; and

(3) The portfolio company has management that is separate from the financial holding company to the extent required by §1500.2.

(f) What type of affiliate is required for a financial holding company to make merchant banking investments? (d) What arrangements do not involve routinely managing or operating a portfolio company?—(1) Director representation at portfolio companies. A financial holding company may select any or all of the directors of a portfolio company or have one or more of its directors, officers, or employees serve as directors of a portfolio company if:

§ 1500.3 Duration Limited. A financial holding company may routinely manage or operate a portfolio company only for the period of time as may be necessary to address the cause of the financial holding company's involvement, to obtain suitable alternative management arrangements, to dispose of the investment, or to otherwise obtain a reasonable return upon the resale or disposition of the investment.

(3) Notice required for extended involvement. A financial holding company may not routinely manage or operate a portfolio company for a period greater than nine months without prior written notice to the Board.

For purposes of this paragraph (b)(3), a financial holding company includes a depository institution controlled by the financial holding company and any subsidiary of such a depository institution.

(4) Approval required to hold interests held in excess of time limit. A financial holding company may seek Board approval to own, control or hold shares, assets or ownership interests of a company under this part for a period that exceeds the period specified in paragraph (b)(1) of this section. (ii) Provide the reasons for the request, including information that addresses the factors in paragraph (b)(5) of this section; and

(iii) Explain the financial holding company’s plan for divesting the shares, assets or ownership interests.

RTC means the Resolution Trust Corporation established pursuant to section 21A(b)(1)(A) of the Act and which terminated on December 31, 1995, pursuant to section 21A(m) of the Act.

Secretary means the Secretary of the Treasury or the designee of the Secretary of the Treasury.

§ 1510.3 How does the Funding Corporation pay administrative expenses?

(a) The Directorate proposes a budget. By November 15 of each year, the Directorate must approve and submit to the Secretary a proposed budget for the administrative expenses of the Funding Corporation for the following year.

(b) The Secretary approves the budget. The proposed budget submitted by the Directorate shall be deemed to be approved by the Secretary unless the Secretary disapproves it within 45 days of the date submitted. The Funding Corporation must transmit a copy of the approved budget to each Bank.

(c) Budget changes must be approved by the Secretary. If the Funding Corporation projects or anticipates incurring expenses exceeding its approved budget, the Directorate must submit an amended budget to the Secretary for approval.

(d) The Funding Corporation collects funds from the Banks to pay its administrative expenses. At least semiannually, the Funding Corporation must request that each Bank submit within 10 business days of the request payment for a portion of the administrative expenses in the Funding Corporation’s budget for the current calendar year. The amount of each Bank’s payment must be pro rated according to the percentage of the total outstanding Funding Corporation capital stock owned by the Bank. The Funding Corporation must adjust the amount of each Bank’s payment as necessary to reflect differences between aggregate projected and actual administrative expenses incurred during the calendar year and to reflect any changes in estimated aggregate administrative expenses for the coming period. The Funding Corporation must not request payments from the Banks that, in the aggregate, exceed the administrative expenses in the Funding Corporation’s approved budget.

§ 1510.4 Who may act as the depositary and fiscal agent for the Funding Corporation?

(a) In general, the Federal Reserve Banks. The Funding Corporation must use one or more Federal Reserve Banks as depositaries for or fiscal agents or custodians of the Funding Corporation.

(b) For administrative accounts, insured depository institutions. Subject to approval by the Secretary, the Funding Corporation may establish demand deposit accounts at one or more federally insured depository institutions for the management of funds used to pay administrative expenses.

§ 1510.5 How does the Funding Corporation make interest payments on its obligations?

(a) The Funding Corporation must obtain funds from up to four sources. The Funding Corporation must pay the interest due on its obligations with funds it obtains from the following sources and in the following order:

(1) Earnings on assets of the Funding Corporation not invested in the Funding Corporation Principal Fund.

(2) To the extent funds identified in paragraph (a)(1) of this section are insufficient, the Funding Corporation must obtain from each Bank in each calendar year payments totaling 20 percent of the net earnings of the Bank. The Funding Corporation must not obtain funds from a Bank under this paragraph after the date upon which the term of the Bank’s payment obligation has ended, as determined by the Finance Board pursuant to section 21B(f)(2)(C)(iii) of the Act.
§ 1510.5

(3) To the extent funds identified in paragraphs (a)(1) and (2) of this section are insufficient, the Funding Corporation must obtain from the FSLIC Resolution Fund amounts available from any net proceeds from the sale of assets received from the RTC by the FSLIC Resolution Fund.

(4) To the extent that funds from the sources identified in paragraphs (a)(1) through (3) of this section are insufficient, the Funding Corporation must obtain from the Secretary the additional amount due.

(b) The Funding Corporation must obtain projections of funds availability from the Banks and the FSLIC Resolution Fund. Not later than March 15, June 15, September 15, and December 15 of each year:

(1) The Funding Corporation must obtain from each Bank a statement signed by an officer of such Bank containing sufficient information on the Bank’s net earnings to enable the Funding Corporation to make quarterly projections of funds available from the Bank for the current quarter and the next three quarters; and

(2) The Funding Corporation must obtain from an authorized representative of the FSLIC Resolution Fund projections of the amount of funds available in the current quarter and the next three quarters from the net proceeds from the sale of assets received from the RTC.

(c) The Funding Corporation must report funding projections to the Secretary. Not later than March 20, June 20, September 20, and December 20 of each year, the Funding Corporation must submit to the Secretary a report containing:

(1) The aggregate amounts of each of the next four quarterly interest payments due on obligations; and

(2) The amounts projected to be available to fund such payments from:

(i) Earnings on assets of the Funding Corporation not invested in the Funding Corporation Principal Fund;

(ii) Payments from the Banks; and

(iii) Funds transferred from the FSLIC Resolution Fund.

(d) The Funding Corporation must request funds from the Banks, the FSLIC Resolution Fund, and the Secretary—(1) Requests to the Banks. Not less than four business days prior to the interest payment due date, the Funding Corporation must obtain from each Bank a report of its actual net earnings for the prior quarter and notify each Bank in writing of the interest payment due date and the amount of the payment due from the Bank. To the extent funds identified in paragraph (a)(1) of this section are insufficient to pay the interest due, the amount of each Bank’s payment must be 20 percent of the Bank’s actual quarterly net earnings, taking into account any adjustment to the Bank’s earnings for any previous quarters. The Funding Corporation must request the Bank to provide payment through wiring immediately available and finally collected funds to the Funding Corporation no later than the interest payment due date.

(2) Request to the FSLIC Resolution Fund. On the day the Funding Corporation notifies the Banks of the payments due from them under paragraph (d)(1) of this section, the Funding Corporation must:

(i) Notify the FSLIC Resolution Fund in writing of:

(A) The interest payment due date;

(B) The aggregate amount of the quarterly interest payment due on that date; and

(C) The amount of the quarterly interest payment that will be funded by earnings on assets of the Funding Corporation not invested in the Funding Corporation Principal Fund and payments due from the Banks; and

(ii) Request that the FSLIC Resolution Fund transfer to the Funding Corporation by noon on the third business day prior to the interest payment due date any funds available from the net proceeds from the sale of assets received from the RTC, to the extent funds identified in paragraphs (a)(1) and (2) of this section are insufficient to pay the interest due.

(3) Request to the Secretary. No less than three business days prior to the interest payment due date, the Funding Corporation must request payment from the Secretary by providing a certification, in a form satisfactory to the Secretary, stating the total amounts of the quarterly interest payment to be paid by the Funding Corporation from sources other than the Secretary and
§ 1510.6

the amounts necessary to make up the deficiency. Any amount paid by the Secretary becomes a liability of the Funding Corporation to be repaid to the Secretary upon the dissolution of the Funding Corporation, to the extent of its remaining assets.

(65 FR 12069, Mar. 8, 2000, as amended at 66 FR 47071, Sept. 11, 2001)

§ 1510.6 What must the Funding Corporation do with surplus funds?

If the Funding Corporation has funds that are not needed for current interest payments on obligations, it must invest the funds in obligations of the United States issued by the Secretary, in accordance with an investment policy approved by the Secretary.

§ 1510.7 What are the Funding Corporation's reporting requirements?

In addition to the budget submission required by §1510.3 and the funding projection reports required by §1510.5, the Funding Corporation must prepare such reports as the Secretary may require, including reports necessary to assist the Secretary in making the annual report to Congress and the President on the Funding Corporation under section 21B(i) of the Act.

§ 1510.8 What are the audit requirements for the Funding Corporation?

The Funding Corporation must obtain an audit of its books and records by an independent external auditor at least annually.

Revised Article 8 of the Uniform Commercial Code is incorporated by reference in this Part pursuant to 5 U.S.C. 552(a) and 1 CFR Part 51. Article 8 was adopted by the American Law Institute and the National Conference of Commissioners on Uniform State laws and approved by the American Bar Association on February 14, 1995. Copies of this publication are available from the Executive Office of the American Law Institute, 4025 Chestnut Street, Philadelphia, PA 19104, and the National Conference of Commissioners on Uniform State Laws, 676 North St. Clair Street, Suite 1700, Chicago, IL 60611. (2) A Person (other than an individual, unless such individual is registered as a broker or dealer under the federal securities laws) including a bank or broker, that in the ordinary course of its business maintains securities accounts for others and is acting in that capacity.

§ 1511.2 Law governing rights and obligations of the Funding Corporation and Federal Reserve Banks; rights of any Person against the Funding Corporation and the Federal Reserve Banks.

(a) Except as provided in paragraph (b) of this section, the following are governed solely by the regulations contained in this part 1511, the Securities Documentation and Federal Reserve Bank Operating Circulars:

(1) The rights and obligations of the Funding Corporation and the Federal Reserve Banks with respect to:
   (i) A Book-entry Funding Corporation Security or Security Entitlement; and
   (ii) The operation of the Book-entry System as it applies to Funding Corporation Securities; and

(2) The rights of any Person, including a Participant, against the Funding Corporation and the Federal Reserve Banks with respect to:
   (i) A Book-entry Funding Corporation Security or Security Entitlement; and
   (ii) The operation of the Book-entry System as it applies to Funding Corporation Securities.

(b) A security interest in a Security Entitlement that is in favor of a Federal Reserve Bank from a Participant and that is not recorded on the books of a Federal Reserve Bank pursuant to §1511.4(c)(1), is governed by the law (not including the conflict-of-law rules) of the jurisdiction where the head office of the Federal Reserve Bank maintaining the Participant’s Securities Account is located. A security interest in a Security Entitlement that is in favor of a Federal Reserve Bank from a Person that is not a Participant, and that is not recorded on the books of a Federal Reserve Bank pursuant to §1511.4(c)(1), is governed by the law determined in the manner specified in §1511.3.

(c) If the jurisdiction specified in the first sentence of paragraph (b) of this section is a State that has not adopted Revised Article 8 (incorporated by reference, see §1511.1), then the law specified in paragraph (b) shall be the law of that State as though Revised Article 8 had been adopted by that State.

§ 1511.3 Law governing other interests.

(a) To the extent not inconsistent with the regulations in this part, the law (not including the conflict-of-law rules) of a Securities Intermediary’s jurisdiction governs:

(1) The acquisition of a Security Entitlement from the Securities Intermediary;

(2) The rights and duties of the Securities Intermediary and Entitlement Holder arising out of a Security Entitlement;

(3) Whether the Securities Intermediary owes any duties to an adverse claimant to a Security Entitlement;

(4) Whether an Adverse Claim can be asserted against a Person who acquires a Security Entitlement from the Securities Intermediary or a Person who purchases a Security Entitlement or interest therein from an Entitlement Holder; and

(5) Except as otherwise provided in paragraph (c) of this section, the perfection, effect of perfection or non-perfection and priority of a security interest in a Security Entitlement.

(b) The following rules determine a “Securities Intermediary’s jurisdiction” for purposes of this section:

(1) If an agreement between the Securities Intermediary and its Entitlement Holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the Securities Intermediary’s jurisdiction.

(2) If an agreement between the Securities Intermediary and its Entitlement Holder does not specify the governing law as provided in paragraph (b)(1) of this section, but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the Securities Intermediary’s jurisdiction.

(3) If an agreement between the Securities Intermediary and its Entitlement Holder does not specify a jurisdiction as provided in paragraph (b)(1) or (b)(2) of this section, the Securities Intermediary’s jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the Entitlement Holder’s account.
(4) If an agreement between the Securities Intermediary and its Entitlement Holder does not specify a jurisdiction as provided in paragraph (b)(1) or (b)(2) of this section and an account statement does not identify an office serving the Entitlement Holder’s account as provided in paragraph (b)(3) of this section, the Securities Intermediary’s jurisdiction is the jurisdiction in which is located the chief executive office of the Securities Intermediary.

(c) Notwithstanding the general rule in paragraph (a)(5) of this section, the law (but not the conflict-of-law rules) of the jurisdiction in which the Person creating a security interest is located governs whether and how the security interest may be perfected automatically or by filing a financing statement.

(d) If the jurisdiction specified in paragraph (b) of this section is a State that has not adopted Revised Article 8 (incorporated by reference, see §1511.1), then the law for the matters specified in paragraph (a) of this section shall be the law of that State as though Revised Article 8 had been adopted by that State. For purposes of the application of the matters specified in paragraph (a) of this section, the Federal Reserve Bank maintaining the Securities Account is a clearing corporation, and the Participant’s interest in a Book-entry Funding Corporation Security is a Security Entitlement.

§ 1511.4 Creation of Participant’s Security Entitlement; security interests.

(a) A Participant’s Security Entitlement is created when a Federal Reserve Bank indicates by book-entry that a Book-entry Funding Corporation Security has been credited to a Participant’s Securities Account.

(b) A security interest in a Security Entitlement of a Participant in favor of the United States to secure deposits of public money, including without limitation deposits to the Treasury tax and loan accounts, or other security interest in favor of the United States that is required by Federal statute, regulation, or agreement, and that is marked on the books of a Federal Reserve Bank is thereby effected and perfected, and has priority over any other interest in the securities. Where a security interest in favor of the United States in a Security Entitlement of a Participant is marked on the books of a Federal Reserve Bank, such Reserve Bank may rely, and is protected in relying, exclusively on the order of an authorized representative of the United States directing the transfer of the security. For purposes of this paragraph, an “authorized representative of the United States” is the official designated in the applicable regulations or agreement to which a Federal Reserve Bank is a party, governing the security interest.

(c)(1) The Funding Corporation and the Federal Reserve Banks have no obligation to agree to act on behalf of any Person or to recognize the interest of any transferee of a security interest or other limited interest in favor of any Person except to the extent of any specific requirement of Federal law or regulation or to the extent set forth in any specific agreement with the Federal Reserve Bank on whose books the interest of the Participant is recorded. To the extent required by such law or regulation or set forth in an agreement with a Federal Reserve Bank, or the Federal Reserve Bank Operating Circular, a security interest in a Security Entitlement that is in favor of a Federal Reserve Bank, the Funding Corporation, or a Person may be created and perfected by a Federal Reserve Bank marking its books to record the security interest. Except as provided in paragraph (b) of this section, a security interest in a Security Entitlement marked on the books of a Federal Reserve Bank shall have priority over any other interest in the securities.

(2) In addition to the method provided in paragraph (c)(1) of this section, a security interest in a Security Entitlement, including a security interest in favor of a Federal Reserve Bank, may be perfected by any method by which a security interest may be perfected under applicable law as described in §1511.2(b) or §1511.3. The perfection, effect of perfection or non-perfection and priority of a security interest are governed by such applicable law. A security interest in favor of a Federal Reserve Bank shall be treated as a security interest in favor of a
clearing corporation in all respects under such law, including with respect to the effect of perfection and priority of such security interest. A Federal Reserve Bank Operating Circular shall be treated as a rule adopted by a clearing corporation for such purposes.

§ 1511.5 Obligations of Funding Corporation; no adverse claims.

(a) Except in the case of a security interest in favor of the United States or a Federal Reserve Bank or otherwise as provided in §1511.4(c)(1), for the purposes of this part 1511, the Funding Corporation and the Federal Reserve Banks shall treat the Participant to whose Securities Account an interest in a Book-entry Funding Corporation Security has been credited as the Person exclusively entitled to issue a Transfer Message, to receive interest and other payments with respect thereof and otherwise to exercise all the rights and powers with respect to such Security, notwithstanding any information or notice to the contrary. Neither the Federal Reserve Banks nor the Funding Corporation is liable to a Person asserting or having an Adverse Claim to a Security Entitlement or to a Book-entry Funding Corporation Security in a Participant’s Securities Account, including any such claim arising as a result of the transfer or disposition of a Book-entry Funding Corporation Security by a Federal Reserve Bank pursuant to a Transfer Message that the Federal Reserve Bank reasonably believes to be genuine.

(b) The obligation of the Funding Corporation to make payments of interest and principal with respect to Book-entry Funding Corporation Securities is discharged at the time payment in the appropriate amount is made as follows:

(1) Interest on Book-entry Funding Corporation Securities is either credited by a Federal Reserve Bank to a Funds Account maintained at such Bank or otherwise paid as directed by the Participant.

(2) Book-entry Funding Corporation Securities are redeemed in accordance with their terms by a Federal Reserve Bank withdrawing the securities from the Participant’s Securities Account in which they are maintained and by either crediting the amount of the redemption proceeds, including both principal and interest where applicable, to a Funds Account at such Bank or otherwise paying such principal and interest, as directed by the Participant. The principal of such Securities shall be paid using the proceeds of the noninterest bearing instruments maintained by the Funding Corporation for such purpose.

§ 1511.6 Authority of Federal Reserve Banks.

(a) Each Federal Reserve Bank is hereby authorized as fiscal agent of the Funding Corporation to perform functions with respect to the issuance of Book-entry Funding Corporation Securities offered and sold by the Funding Corporation, in accordance with the Securities Documentation, and Federal Reserve Bank Operating Circulars; to service and maintain Book-entry Funding Corporation Securities in accounts established for such purposes; to make payments of principal and interest with respect to such Book-entry Funding Corporation Securities as directed by the Funding Corporation; to effect transfer of Book-entry Funding Corporation Securities between Participants’ Securities Accounts as directed by the Participants; and to perform such other duties as fiscal agent as may be requested by the Funding Corporation.

(b) Each Federal Reserve Bank may issue Operating Circulars not inconsistent with this Part, governing the details of its handling of Book-entry Funding Corporation Securities, Security Entitlements, and the operation of the Book-Entry System under this Part.

§ 1511.7 Liability of the Funding Corporation and Federal Reserve Banks.

The Funding Corporation and the Federal Reserve Banks may rely on the information provided in a Transfer Message, or other documentation, and are not required to verify the information. The Funding Corporation and the Federal Reserve Banks shall not be liable for any action taken in accordance with the information set out in a
Transfer Message, other documentation, or evidence submitted in support thereof.

§ 1511.8 Notice of attachment.

The interest of a debtor in a Security Entitlement may be reached by a creditor only by legal process upon the Securities Intermediary with whom the debtor's securities account is maintained, except where a Security Entitlement is maintained in the name of a secured party, in which case the debtor's interest may be reached by legal process upon the secured party. The regulations in this part do not purport to establish whether a Federal Reserve Bank is required to honor an order or other notice of attachment in any particular case or class of cases.

$1600.1 Standards of ethical conduct.

This section applies to the employees of the Office of Financial Research and is in addition to 5 CFR 3101.101–104, and 31 CFR part 0:

(a) Definitions—For purposes of this subpart:

(1) “Business confidential information” shall include trade secret or other formula, practice, process, design, instrument, pattern, or compilation of information which is not generally known or reasonably ascertainable, by which a business can obtain an economic advantage over competitors or customers. This shall include non-public position and transaction data, as well as data provided to supervisors or regulators that is unpublished.

(2) “Position data” is defined as:

(i) Data on financial assets or liabilities held on the balance sheet of a financial company, where positions are created or changed by the execution of a financial transaction; and

(ii) Includes information that identifies counterparties, the valuation by the financial company of the position, and information that makes possible an independent valuation of the position.

(3) “Transaction data” is defined as the structure and legal description of a financial contract, with sufficient detail to describe the rights and obligations between counterparties and make possible an independent valuation of the transaction.

(4) “Micro-level data” is defined as information specific to an individual transaction or position.

(5) “Masked data” is defined as data that has been altered to prevent attribution to a particular financial company.

(6) “Financial company” has the same meaning given to such term in title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act, 12 U.S.C. 5301 et seq. (2010), and includes an insured depository institution and an insurance company.

(b) One-year post-employment restriction. (1) A current or former employee of the Office of Financial Research who has had access to the transaction or position data or business confidential information maintained by the Data Center about financial entities required to report to the Office may not, within one year after last having had access in the course of official duties to such transaction or position data or business confidential information, be employed by or provide advice or consulting services to a financial company, regardless of whether that financial company is required to report to the Office.

(2) A current or former employee of the Office of Financial Research who has had limited access to the transaction or position data or business confidential information maintained by the Data Center about financial entities required to report to the Office may request a written waiver pursuant to paragraph (c) of this section from the Designated Agency Ethics Official to be employed by or provide advice or consulting services to a financial company, provided that the issuance of the waiver would not compromise any data or business confidential information.

(c) Waivers—The post-employment restrictions set forth in section 152(g) of the Dodd-Frank Wall Street Reform and Consumer Protection Act may be waived in whole or in part for an employee with limited access to the transaction or position data or business confidential information maintained by the Data Center if—

(1) The Designated Agency Ethics Official, in consultation with the Director of the Office of Financial Research or the Department’s General Counsel in instances where consultation with the Director poses a conflict or the Director’s position is vacant, determines in writing that such waiver is unlikely to compromise any data or business confidential information, unfairly advantage or disadvantage any financial company, or affect
the integrity or effectiveness of the Office of Financial Research.

(2) Relevant factors to be considered by the Designated Agency Ethics Official and the Director or General Counsel include—

(i) The nature and importance of the employee’s position and the degree to which the employee had access to non-public or business confidential data for the purpose of analysis, standardization, or performing applied research or essential long-term research;

(ii) Whether the information to which the employee had access revealed positions or transactions of an individual financial company;

(iii) Whether the data, especially position data, remains sensitive considering changing circumstances or the passage of time;

(iv) Whether the employee had access to micro-level data, as compared to aggregated information;

(v) If the employee had access to micro-level data, whether it was sufficiently masked or coded to protect the identity of the provider or the subject financial company;

(vi) Whether the information to which the employee had access would provide a financial company employer with a competitive commercial advantage;

(vii) Whether the financial company employer has made a satisfactory representation that it has adopted screening measures which will effectively prevent a potential employee from sharing any transaction or position data or business confidential information acquired at the Office of Financial Research one year prior to accepting employment with the company;

(viii) Whether granting the waiver would affect the willingness of a financial company to continue to provide transaction or position data or business confidential information to the Office; and

(ix) Whether the proposed employment would create an appearance of impropriety or would otherwise adversely affect the interests of the government or compromise the integrity of the office.

(d) The following examples are illustrative of how the OFR post-employment prohibitions would apply under certain circumstances:

(1) Example 1. (i) Fact pattern: OFR employs a business data manager and such employee has no access to the transaction or position data maintained by the Data Center or other business confidential information about financial entities required to report to OFR.

(ii) Designated Agency Ethics Official’s Determination: Upon termination of their employment by OFR, such employee would not be prohibited from being employed by or providing advice or consulting services to a financial company, regardless of whether that financial company is required to report to the Office.

(2) Example 2. (i) Fact pattern: OFR employs a data analyst and such employee has access to transaction or position data across all sectors maintained by the Data Center or other business confidential information about specific financial entities required to report to OFR.

(ii) Designated Agency Ethics Official’s Determination: Upon termination of their employment by OFR, such employee would be prohibited, for a period of one year immediately after leaving OFR, from being employed by or providing advice or consulting services to a financial company, regardless of whether that financial company is required to report to the Office.

(3) Example 3. (i) Fact pattern: OFR employs a data analyst and such employee has access to transaction or position data across all sectors maintained by the Data Center or other business confidential information about specific financial entities required to report to OFR.

(ii) Designated Agency Ethics Official’s Determination: Upon termination of their employment by OFR, such employee last had access to such data six months before termination of her employment at OFR.

Employee last had access to such data six months before termination of her employment at OFR.

(ii) Designated Agency Ethics Official’s Determination: Upon termination of employment by OFR, such employee would be prohibited, for a period of six months immediately after leaving OFR, from being employed by or providing advice or consulting services to a financial company, regardless of whether that financial company is required to report to the Office.
(4) Example 4. (i) Fact pattern: OFR employs a researcher and such employee has access only to “aggregated” or “masked” transaction or position data maintained by the Data Center or other business confidential information about financial entities required to report to OFR.

(ii) Designated Agency Ethics Official’s Determination: Upon termination of their employment by OFR, such employee would not be prohibited from being employed by or providing advice or consulting services to a financial company, regardless of whether that financial company is required to report to the Office.

(5) Example 5. (i) Fact pattern: OFR employs a data analyst and such employee has access to transaction or position data maintained by the Data Center or other business confidential information relating to a particular sector (i.e. banking).

(ii) Designated Agency Ethics Official’s Determination: Upon termination of employment by OFR, such employee would be prohibited, for a period of one year immediately after leaving OFR, from being employed by or providing advice or consulting services to a financial company in that particular sector (i.e. banking) where such employment or services involves employment or advice or consulting services, regardless of whether that financial company is required to report to the Office. Such employee would be granted a waiver to work in other designated sectors immediately after leaving OFR.

(6) Example 6. (i) Fact pattern: OFR employs a data analyst and such employee has access to business confidential information in an area where data, such as equity mutual fund holdings, changes frequently. Employee last had access to such data six months before termination of her employment at OFR and, because of portfolio turnover, there is no risk of compromising business confidential information.

(ii) Designated Agency Ethics Official’s Determination: Upon termination of their employment by OFR, such employee would not be prohibited from being employed by or providing advice or consulting services to a financial company, regardless of whether that financial company is required to report to the Office.

(7) Example 7. (i) Fact pattern: OFR employs an information technology specialist and such employee has access only to “masked” transaction or position data maintained by the Data Center or other “masked” business confidential information about specific financial entities required to report to OFR.

(ii) Designated Agency Ethics Official’s Determination: Upon termination of their employment by OFR, such employee would not be prohibited from being employed by or providing advice or consulting services to a financial company, regardless of whether that financial company is required to report to the Office.

SUBCHAPTER A—OFHEO ORGANIZATION AND FUNCTIONS [RESERVED]

SUBCHAPTER B [RESERVED]
PART 1750—CAPITAL

Subpart A—Minimum Capital

§ 1750.1 General.

The regulation contained in this subpart A sets forth the methodology for computing the minimum capital requirement for each Enterprise. The board of directors of each Enterprise is responsible for ensuring that the Enterprise maintains capital at a level that is sufficient to ensure the continued financial viability of the Enterprise and that equals or exceeds the minimum capital requirement contained in this subpart A.

§ 1750.2 Definitions.

For purposes of this subpart A, the following definitions shall apply:

Affiliate means any entity that controls, is controlled by, or is under common control with, an Enterprise, except as otherwise provided by the Director.

Commitment means any contractual, legally binding agreement that obligates an Enterprise to purchase or to securitize mortgages.

Core Capital—(1) Means the sum of (as determined in accordance with generally accepted accounting principles)—

(i) The par or stated value of outstanding common stock;

(ii) The par or stated value of outstanding perpetual, noncumulative preferred stock;

(iii) Paid-in capital; and

(iv) Retained earnings; and

(2) Does not include debt instruments or any amounts the Enterprise could be required to pay at the option of an investor to retire capital instruments.

Director means the Director of OFHEO.

Enterprise means the Federal National Mortgage Association and any affiliate thereof or the Federal Home Loan Mortgage Corporation and any affiliate thereof.

Foreign exchange rate contracts—

(1) Means cross-currency interest rate swaps, forward foreign exchange contracts, currency options purchased (including currency options purchased over-the-counter), and any other instrument that gives rise to similar credit risks; and

(2) Does not mean foreign exchange rate contracts with an original maturity of 14 calendar days or less and foreign exchange rate contracts traded on exchanges that require daily payment of variation margins.

Interest rate contracts—

(1) Means single currency interest rate swaps, basis swaps, forward rate agreements, interest rate options purchased (including caps, collars, and floors purchased), over-the-counter options purchased, and any other instrument that gives rise to similar credit risks (including when-issued securities and forward deposits accepted); and

(2) Does not mean such instruments traded on exchanges that require daily payment of variation margins.
Mortgage-backed security means a security, investment, or substantially equivalent instrument that represents an interest in a pool of loans secured by mortgages or deeds of trust where the principal or interest payments to the investor in the security or substantially equivalent instrument are guaranteed or effectively guaranteed by an Enterprise.

Multifamily credit enhancement means any guarantee, pledge, purchase arrangement, or other obligation or commitment provided or entered into by an Enterprise with respect to multifamily mortgages to provide credit enhancement, liquidity, interest rate support, and other guarantees and enhancements for revenue bonds issued by a state or local governmental unit (including a housing finance agency) or other bond issuer.

Notional amount means the face value of the underlying financial instrument(s) on which an interest rate or foreign exchange rate contract is based.

Off-balance sheet obligation means a binding agreement, contract, or similar arrangement that requires or may require future payment(s) in money or kind by another party to an Enterprise, or that effectively guarantees all or part of such payment(s) to third parties (including commitments), where such agreement or contract is a source of credit risk that is not included on its balance sheet.

OFHEO means the Office of Federal Housing Enterprise Oversight.

Other off-balance sheet obligations means all off-balance sheet obligations of an Enterprise that are not mortgage-backed securities or substantially equivalent instruments and that are not resecuritized mortgage-backed securities, such as real estate mortgage investment conduits or similar resecuritized instruments.

Perpetual, noncumulative preferred stock means preferred stock that—

(1) Does not have a maturity date;

(2) Provides the issuer the ability and the legal right to eliminate dividends and does not permit the accruing or payment of impaired dividends;

(3) Cannot be redeemed at the option of the holder; and

(4) Has no other provisions that will require future redemption of the issue, in whole or in part, or that will reset the dividend periodically based, in whole or in part, on the Enterprise’s current credit standing, such as auction rate, money market, or remarketable preferred stock, or that may cause the dividend to increase to a level that could create an incentive for the issuer to redeem the instrument, such as exploding rate stock.

Qualifying collateral means cash on deposit; securities issued or guaranteed by the central governments of the OECD-based group of countries,1 United States Government agencies, or United States Government-sponsored agencies; and securities issued by multilateral lending institutions or regional development banks.

§ 1750.3 Procedure and timing.

(a) Each Enterprise shall file with the Director a minimum capital report

1The OECD-based group of countries comprises full members of the Organization for Economic Cooperation and Development (OECD) regardless of entry date, as well as countries that have concluded special lending arrangements with the International Monetary Fund (IMF) associated with the IMF’s General Arrangements to Borrow, but excludes any country that has rescheduled its external sovereign debt within the previous 5 years. A rescheduling of external sovereign debt generally would include any renegotiation of terms arising from a country’s mobility or unwillingness to meet its external debt service obligations, but generally not include any renegotiation to allow the borrower to take advantage of a decline in interest rate or other change in market conditions. As of November 1995, the OECD countries included the following countries: Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Portugal, Spain, Sweden, Switzerland, Turkey, the United Kingdom, and the United States; and Saudi Arabia has concluded special lending arrangements with the IMF associated with the IMF’s General Arrangements to Borrow.
§ 1750.4 Minimum capital requirement computation.

(a) The minimum capital requirement for each Enterprise shall be computed by adding the following amounts:

(1) 2.50 percent times the aggregate on-balance sheet assets of the Enterprise;

(2) 0.45 percent times the unpaid principal balance of mortgage-backed securities and substantially equivalent instruments that were issued or guaranteed by the Enterprise;

(3) 0.45 percent of 50 percent of the average dollar amount of commitments outstanding each quarter over the preceding four quarters;

(4) 0.45 percent of the outstanding principal amount of bonds with multifamily credit enhancements;

(5) 0.45 percent of the dollar amount of sold portfolio remittances pending;

(6)(i) 3.00 percent of the credit equivalent amount of interest rate contracts and foreign exchange rate contracts, except to the extent of the current market value of posted qualifying collateral, computed in accordance with appendix A to this subpart;

(ii) 1.50 percent of the market value of qualifying collateral posted to secure interest rate and foreign exchange rate contracts, not to exceed the credit equivalent amount of such contracts, computed in accordance with appendix A to this subpart; and

(7) 0.45 percent of the outstanding amount, credit equivalent amount, or other measure determined appropriate by the Director, of other off-balance sheet obligations (excluding commitments, multifamily credit enhancements, sold portfolio remittances pending, and interest rate contracts and foreign exchange rate contracts), except as adjusted by the Director to reflect differences in the credit risk of such obligations in relation to mortgage-backed securities.

(b) Any asset or financial obligation that is properly classifiable in more than one of the categories enumerated in paragraphs (a) (1) through (7) of this section shall be classified in the category that yields the highest minimum capital requirement.

(c) As used in this section, the term “preceding four quarters” means the last day of the quarter just ended (or the date for which the minimum capital report is filed, if different), and the three preceding quarter-ends.

APPENDIX A TO SUBPART A OF PART 1750—MINIMUM CAPITAL COMPONENTS FOR INTEREST RATE AND FOREIGN EXCHANGE RATE CONTRACTS

1. The minimum capital components for interest rate and foreign exchange rate contracts are computed on the basis of the credit equivalent amounts of such contracts. Credit equivalent amounts are computed for each of the following off-balance sheet interest rate and foreign exchange rate contracts:
Federal Housing Enterprise Oversight, HUD
Pt. 1750, Subpt. A, App. A

a. Interest Rate Contracts

1. Single currency interest rate swaps.
2. Basis swaps.
3. Forward rate agreements.
4. Interest rate options purchased (including caps, collars, and floors purchased).
5. Any other instrument that gives rise to similar credit risks (including when-issued securities and forward deposits accepted).

b. Foreign Exchange Rate Contracts

1. Cross-currency interest rate swaps.
2. Forward foreign exchange rate contracts.
3. Currency options purchased.
4. Any other instrument that gives rise to similar credit risks.
5. Foreign exchange rate contracts with an original maturity of 14 calendar days or less and foreign exchange rate contracts traded on exchanges that require daily payment of variation margins are excluded from the minimum capital requirement computation. Over-the-counter options purchased, however, are included and treated in the same way as the other interest rate and foreign exchange rate contracts.

3. Calculation of Credit Equivalent Amounts

a. The minimum capital components for interest rate and foreign exchange rate contracts are computed on the basis of the credit equivalent amounts of such contracts. The credit equivalent amount of an off-balance sheet interest rate and foreign exchange rate contract that is not subject to a qualifying bilateral netting contract in accordance with this appendix A is equal to the sum of the current exposure (sometimes referred to as the replacement cost) of the contract and an estimate of the potential future credit exposure over the remaining life of the contract.

b. The current exposure is determined by the mark-to-market value of the contract. If the mark-to-market value is positive, then the current exposure is the mark-to-market value. If the mark-to-market value is zero or negative, then the current exposure is zero. Mark-to-market values are measured in United States dollars, regardless of the currency or currencies specified in the contract, and should reflect changes in the relevant rates, as well as counterparty credit quality.

c. The potential future credit exposure of a contract, including a contract with a negative mark-to-market value, is estimated by multiplying the notional principal amount of the contract by a credit conversion factor. The effective rather than the apparent or stated notional amount must be used in this calculation. The credit conversion factors are:

<table>
<thead>
<tr>
<th>Remaining maturity</th>
<th>Interest rate contracts (percent)</th>
<th>Foreign exchange rate contracts (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year or less</td>
<td>0.0</td>
<td>1.0</td>
</tr>
<tr>
<td>Over 1 year</td>
<td>0.5</td>
<td>5.0</td>
</tr>
</tbody>
</table>

d. Because foreign exchange rate contracts involve an exchange of principal upon maturity, and foreign exchange rates are generally more volatile than interest rates, higher conversion factors have been established for foreign exchange rate contracts than for interest rate contracts.
e. No potential future credit exposure is calculated for single currency interest rate swaps in which payments are made based upon two floating rate indexes, so-called floating/floating or basis swaps. The credit exposure on these contracts is evaluated solely on the basis of their mark-to-market values.

4. Avoidance of Double Counting

In certain cases, credit exposures arising from the interest rate and foreign exchange instruments covered by this appendix A may already be reflected, in part, on the balance sheet. To avoid double counting such exposures in the assessment of capital adequacy, counterparty credit exposures arising from the types of instruments covered by this appendix A may need to be excluded from balance sheet assets in calculating the minimum capital requirement.

5. Collateral

a. The sufficiency of collateral for off-balance sheet items is determined by the market value of the collateral in relation to the credit equivalent amount. Collateral held against a netting contract is not recognized for minimum capital standard purposes unless it is legally available to support the single legal obligation created by the netting contract. Excess collateral held against one contract or a group of contracts for which a recognized netting agreement exists may not be considered.

b. The only forms of collateral that are formally recognized by the minimum capital standard framework are cash on deposit; securities issued or guaranteed by the central governments of the OECD-based group of countries, United States Government agencies, or United States Government-sponsored agencies; and securities issued by multilateral lending institutions or regional development banks.

6. Netting

a. For purposes of this appendix A, netting refers to the offsetting of positive and negative mark-to-market values in the determination of a current exposure to be used in the calculation of a credit equivalent
amount. Any legally enforceable form of bilateral netting (that is, netting with a single counterparty) of interest rate and foreign exchange rate contracts is recognized for purposes of calculating the credit equivalent amount provided that the following criteria are met:

1. Netting must be accomplished under a written netting contract that creates a single legal obligation, covering all included individual contracts, with the effect that the Enterprise would have a claim to receive, or obligation to pay, only the net amount of the sum of the positive and negative mark-to-market values on included individual contracts in the event that a counterparty, or a counterparty to whom the contract has been validly assigned, fails to perform due to default, insolvency, liquidation, or similar circumstances.

2. The Enterprise must obtain a written and reasoned legal opinion(s) representing that in the event of a legal challenge—including one resulting from default, insolvency, liquidation, or similar circumstances—the relevant court and administrative authorities would find the Enterprise’s exposure to be such a net amount under—

A. The law of the jurisdiction in which the counterparty is chartered or the equivalent location in the case of noncorporate entities, and if a branch of the counterparty is involved, then also under the law of the jurisdiction in which the branch is located;

B. The law that governs the individual contracts covered by the netting contract; and

C. The law that governs the netting contract.

3. The Enterprise must establish and maintain procedures to ensure that the legal characteristics of netting contracts are kept under review in the event of possible changes in relevant law.

iv. The Enterprise must maintain in its files documentation adequate to support the netting of rate contracts, including a copy of the bilateral netting contract and necessary legal opinions.

b. A contract containing a walkaway clause is not eligible for netting for purposes of calculating the credit equivalent amount.1

c. By netting individual contracts for the purpose of calculating its credit equivalent amount, the Enterprise represents that it has met the requirements of this appendix A and all the appropriate documents are in the Enterprise’s files and available for inspection by OFHEO. OFHEO may determine that an Enterprise’s files are inadequate or that a netting contract, or any of its underlying individual contracts, may not be legally enforceable under any one of the bodies of law described in this appendix A. If such a determination is made, the netting contract may be disqualified from recognition for minimum capital standard purposes or underlying individual contracts may be treated as though they are not subject to the netting contract.

d. The credit equivalent amount of interest rate and foreign exchange rate contracts that are subject to a qualifying bilateral netting contract is calculated by adding the current exposure of the netting contract and the sum of the estimates of the potential future credit exposures on all individual contracts subject to the netting contract, estimated in accordance with paragraph 3 of this appendix A. Offsetting contracts in the same currency maturing on the same date will have lower potential future exposure as well as lower current exposure. Therefore, for purposes of calculating potential future credit exposure to a netting counterparty for foreign exchange rate contracts and other similar contracts in which notional principal is equivalent to cash flows, total notional principal is defined as the net receipts falling due on each value date in each currency.

e. The current exposure of the netting contract is determined by summing all positive and negative mark-to-market values of the individual contracts included in the netting contract. If the net sum of the mark-to-market values is positive, then the current exposure of the netting contract is equal to that sum. If the net sum of the mark-to-market values is zero or negative, then the current exposure of the netting contract is zero. OFHEO may determine that a netting contract qualifies for minimum capital standard netting treatment even though certain individual contracts may not qualify. In such instances, the nonqualifying contracts should be treated as individual contracts that are not subject to the netting contract.

f. In the event a netting contract covers contracts that are normally excluded from the minimum capital requirement computation—for example, foreign exchange rate contracts with an original maturity of 14 calendar days or less, or instruments traded on exchanges that require daily payment of variation margin—an Enterprise may elect consistently either to include or exclude all mark-to-market values of such contracts when determining net current exposure.

---

1 A walkaway clause is a provision in a netting contract that permits a non-defaulting counterparty to make lower payments than it would make otherwise under the contract, or no payment at all, to a defaulter or to the estate of a defaulter, even if the defaulter or the estate of the defaulter is a net creditor under the contract.

Subpart B—Risk-Based Capital

SOURCE: 66 FR 47806, Sept. 13, 2001, unless otherwise noted.

§ 1750.10 General.

The regulation contained in this subpart B establishes the methodology for computing the risk-based capital level for each Enterprise. The board of directors of each Enterprise is responsible for ensuring that the Enterprise maintains total capital at a level that is sufficient to ensure the continued financial viability of the Enterprise and is equal to or exceeds the risk-based capital level computed pursuant to this subpart B.

§ 1750.11 Definitions.

Except where a term is explicitly defined differently in this subpart, all terms defined at § 1750.2 of subpart A of this part shall have the same meanings for purposes of this subpart. For purposes of subpart B of this part, the following definitions shall apply:

(a) Benchmark loss experience means the rates of default and severity for mortgage loans that—

(1) Were originated during a period of two or more consecutive calendar years in contiguous areas that together contain at least five percent of the population of the United States, and

(2) Experienced the highest loss rate for any period of such duration in comparison with the loans originated in any other contiguous areas that together contain at least five percent of the population of the United States.

(b) Constant maturity Treasury yield means the constant maturity Treasury yield, published by the Board of Governors of the Federal Reserve System.

(c) Contiguous areas means all the areas within a state or a group of two or more states sharing common borders. “Sharing common borders” does not mean meeting at a single point. Colorado, for example, is contiguous with New Mexico, but not with Arizona.

(d) Credit risk means the risk of financial loss to an Enterprise from nonperformance by borrowers or other obligors on instruments in which an Enterprise has a financial interest, or as to which the Enterprise has a financial obligation.

(e) Default rate of a given group of loans means the ratio of the aggregate original principal balance of the defaulted loans in the group to the aggregate original principal balance of all loans in the group.

(f) Defaulted loan means a loan that, within ten years following its origination:

(1) Resulted in pre-foreclosure sale,

(2) Completed foreclosure,

(3) Resulted in the acquisition of real estate collateral, or

(4) Otherwise resulted in a credit loss to an Enterprise.

(g) Financing costs of property acquired through foreclosure means the product of:

(1) The number of years (including fractions) of the period from the completion of foreclosure through disposition of the property,

(2) The average of the Enterprises’ short-term funding rates, and

(3) The unpaid principal balance at the time of foreclosure.

(h) Interest rate risk means the risk of financial loss due to the sensitivity of earnings and net worth of an Enterprise to changes in interest rates.

(i) Loss on a defaulted loan means:

(1) With respect to a loan in category 1, 2, or 3 of the definition of defaulted loan the difference between:

(i) The sum of the principal and interest owed when the borrower lost title to the property securing the mortgage; financing costs through the date of property disposition; and cash expenses incurred during the foreclosure process, the holding period for real estate collateral acquired as a result of default, and the property liquidation process; and

(ii) The sum of the property sales price and any other liquidation proceeds (except those resulting from private mortgage insurance proceeds or other third-party credit enhancements).

(2) With respect to defaulted loans not in categories 1, 2, or 3, the amount of the financial loss to the Enterprise.

(j) Mortgage means any loan secured by such classes of liens as are commonly given or are legally effective to
provide advances on, or the unpaid purchase price of, real estate under the laws of the State in which the real estate is located; or a manufactured house that is personal property under the laws of the State in which the manufactured house is located, together with the credit instruments, if any, secured thereby, and includes interests in mortgages.

(k) **Seasoning** means the change over time in the ratio of the unpaid principal balance of a mortgage to the value of the property by which such mortgage loan is secured.

(l) **Severity rate** for any group of defaulted loans means the aggregate losses on all loans in that group divided by the aggregate original principal balances of those loans.

(m) **Stress period** means a hypothetical ten-year period immediately following the day for which capital is being measured, which is a period marked by the severely adverse economic circumstances defined in 12 CFR 1750.13 and appendix A to this subpart.

(n) **Total capital** means, with respect to an Enterprise, the sum of the following:

1. The core capital of the Enterprise;
2. A general allowance for foreclosure losses, which—
   1. Shall include an allowance for portfolio mortgage losses, an allowance for non-reimbursable foreclosure costs on government claims, and an allowance for liabilities reflected on the balance sheet for the Enterprise for estimated foreclosure losses on mortgage-backed securities; and
   2. Shall not include any reserves of the Enterprise made or held against specific assets.
3. Any other amounts from sources of funds available to absorb losses incurred by the Enterprise, that the Director by regulation determines are appropriate to include in determining total capital.

(o) **Type of mortgage product** means a classification of one or more mortgage products, as established by the Director, that have similar characteristics from each set of characteristics under the paragraphs (o)(1) through (o)(7) of this section:

1. The property securing the mortgage is—
   1. A residential property consisting of 1 to 4 dwelling units; or
   2. A residential property consisting of more than 4 dwelling units.
2. The interest rate on the mortgage is—
   1. Fixed; or
   2. Adjustable.
3. The priority of the lien securing the mortgage is—
   1. First; or
   2. Second or other.
4. The term of the mortgage is—
   1. 1 to 15 years;
   2. 16–30 years; or
   3. More than 30 years.
5. The owner of the property is—
   1. An owner-occupant; or
   2. An investor.
6. The unpaid principal balance of the mortgage—
   1. Will amortize completely over the term of the mortgage, and will not increase significantly at any time during the term of the mortgage;
   2. Will not amortize completely over the term of the mortgage, and will not increase significantly at any time during the term of the mortgage; or
   3. May increase significantly at some time during the term of the mortgage.
7. Any other characteristics of the mortgage, as specified in appendix A to this subpart.

§ 1750.12 Procedures and timing.

(a) Each Enterprise shall file with the Director a Risk-Based Capital Report each quarter, and at such other times as the Director may require, in his or her discretion. The report shall contain the information required by the Director in the instructions to the Risk-Based Capital Report in the format or media specified therein and such other information as may be required by the Director.

(b) The quarterly Risk-Based Capital Report shall contain information for the last day of the quarter and shall be submitted not later than 30 days after the end of the quarter. Reports required by the Director other than quarterly reports shall be submitted within such time period as the Director shall specify.

(c) When an Enterprise contemplates entering a new activity, as the term is...
defined in section 3.11 of appendix A to this subpart, the Enterprise shall notify the Director as soon as possible while the transaction or activity is under consideration, but in no event later than 5 calendar days after settlement or closing. The Enterprises shall provide to the Director such information regarding the activity as the Director may require to determine a stress test treatment. OFHEO will inform the Enterprise as soon as possible thereafter of the proposed stress test treatment of the new activity. In addition, the notice of proposed capital classification required by §1777.21 of this chapter will inform the Enterprise of the capital treatment of such new activity used in the determination of the risk-based capital requirement.

(d) If an Enterprise discovers that a Risk-Based Capital Report previously filed with OFHEO contains any errors or omissions, the Enterprise shall notify OFHEO immediately of such discovery and file an amended Risk-Based Capital Report not later than three days thereafter.

(e) Each capital classification shall be determined by OFHEO on the basis of the Risk-Based Capital Report filed by the Enterprise under paragraph (a) of this section; provided that, in the event an amended Risk-Based Capital Report is filed prior to the issuance of the final notice of capital classification, the Director has the discretion to determine the Enterprise’s capital classification on the basis of the amended report.

(f) Each Risk-Based Capital Report or any amended Risk-Based Capital Report shall contain a declaration by the officer who has been designated by the Board as responsible for overseeing the capital adequacy of the Enterprise that the report is true and correct to the best of such officer’s knowledge and belief.

§ 1750.13 Risk-based capital level computation.

(a) Risk-Based Capital Test—OFHEO shall compute a risk-based capital level for each Enterprise at least quarterly by applying the risk-based capital test described in appendix A to this subpart to determine the amount of total capital required for each Enterprise to maintain positive capital during the stress period. In making this determination, the Director shall take into account any appropriate distinctions among types of mortgage products, differences in seasoning of mortgages, and other factors determined appropriate by the Director in accordance with the methodology specified in appendix A to this subpart. The stress period has the following characteristics:

(1) Credit risk—With respect to mortgages owned or guaranteed by the Enterprise and other obligations of the Enterprise, losses occur throughout the United States at a rate of default and severity reasonably related, in accordance with appendix A to this subpart, to the benchmark loss experience.

(2) Interest rate risk—(1) In general. Interest rates decrease as described in paragraph (a)(2)(ii) of this section or increase as described in paragraph (a)(2)(iii) of this section, whichever would require more capital in the stress test for the Enterprise. Appendix A to this subpart contains a description of the methodology applied to implement the interest rate scenarios described in paragraphs (a)(2)(ii) and (iii) of this section.

(ii) Decreases. The 10-year constant maturity Treasury yield decreases during the first year of the stress period and remains at the new level for the remainder of the stress period. The yield decreases to the lesser of—

(A) 600 basis points below the average yield during the 9 months immediately preceding the stress period, or

(B) 60 percent of the average yield during the 3 years immediately preceding the stress period.

(iii) Increases. The 10-year constant maturity Treasury yield increases during the first year of the stress period and will remain at the new level for the remainder of the stress period. The yield increases to the greater of—

(A) 600 basis points above the average yield during the 9 months immediately preceding the stress period, or
(B) 160 percent of the average yield during the 3 years immediately preceding the stress period, but in no case to a yield greater than 175 percent of the average yield during the 9 months immediately preceding the stress period.

(iv) Different terms to maturity. Yields of Treasury instruments with terms to maturity other than 10 years will change relative to the 10-year constant maturity Treasury yield in patterns and for durations that are reasonably related to historical experience and are judged reasonable by the Director. The methodology used by the Director to adjust the yields of those other instruments is specified in appendix A to this subpart.

(v) Large increases in yields. If the 10-year constant maturity Treasury yield is assumed to increase by more than 50 percent over the average yield during the 9 months immediately preceding the stress period, the Director shall adjust the losses resulting from the conditions specified in paragraph (a)(2)(iii) of this section to reflect a correspondingly higher rate of general price inflation. The method of such adjustment by the Director is specified in appendix A to this subpart.

(3) New business. Any contractual commitments of the Enterprise to purchase mortgages or issue securities will be fulfilled. The characteristics of resulting mortgages purchased, securities issued, and other financing will be consistent with the contractual terms of such commitments, recent experience, and the economic characteristics of the stress period, as more fully specified in appendix A to this subpart. No other purchases of mortgages shall be assumed.

(4) Other activities. Losses or gains on other activities, including interest rate and foreign exchange hedging activities, shall be determined by the Director, in accordance with appendix A to this subpart, on the basis of available information, to be most consistent with the stress period.

(b) Risk-Based Capital Level. The risk-based capital level of an Enterprise, to be used in determining the appropriate capital classification of each Enterprise, as required by section 1364 of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (12 U.S.C. 4614), shall be equal to the sum of the following amounts:

1. Credit and Interest Rate Risk. The amount of total capital determined by applying the risk-based capital test under paragraph (a) of this section to the Enterprise.

2. Management and Operations Risk. To provide for management and operations risk, 30 percent of the amount of total capital determined by applying the risk-based capital test under paragraph (a) of this section to the Enterprise.

4.0 Glossary
1.0 IDENTIFICATION OF THE BENCHMARK LOSS EXPERIENCE

OFHEO will use the definitions, data, and methodology described below to identify the Benchmark Loss Experience.

1.1 Definitions

The terms defined in the Glossary to this appendix shall apply for this appendix.

1.2 Data

(a) OFHEO identifies the Benchmark Loss Experience (BLE) using historical loan-level data required to be submitted by each of the two Enterprises. OFHEO’s analysis is based
entirely on the data available through 1995 on conventional, 30-year, fixed-rate loans secured by first liens on single-unit, owner-occupied, detached properties. For this purpose, detached properties are defined as single family properties excluding condominiums, planned urban developments, and cooperatives. The data includes only loans that were purchased by an Enterprise within 12 months after loan origination and loans for which the Enterprise has no recourse to the lender.

(b) OFHEO organizes the data from each Enterprise to create two substantially consistent data sets. OFHEO separately analyzes default and severity data from each Enterprise. Default rates are calculated from loan records meeting the criteria specified above. Severity rates are calculated from the subset of defaulted loans for which loss data are available.

1.3 Procedures

(a) Cumulative ten-year default rates for each combination of states and origination years (state/year combination) that OFHEO examines are calculated for each Enterprise by grouping all of the Enterprise's loans originated in that combination of states and years. For origination years with less than ten-years of loss experience, cumulative-to-date default rates are used. The two Enterprise default rates are averaged, yielding an "average default rate" for that state/year combination.

(b) An "average severity rate" for each state/year combination is determined in the same manner as the average default rate. For each Enterprise, the aggregate severity rate is calculated for all loans in the relevant state/year combination and the two Enterprise severity rates are averaged.

(c) The "loss rate" for any state/year combination examined is calculated by multiplying the average default rate for that state/year combination by the average severity rate for that combination.

(d) The rates of default and Loss Severity of loans in the state/year combination containing at least two consecutive origination years and contiguous areas with a total population equal to or greater than five percent of the population of the United States with the highest loss rate constitutes the Benchmark Loss Experience.

2.0 IDENTIFICATION OF A NEW BENCHMARK LOSS EXPERIENCE

OFHEO will periodically monitor available data and reevaluate the Benchmark Loss Experience using the methodology set forth in this appendix. Using this methodology, OFHEO may identify a new Benchmark Loss Experience that has a higher rate of loss than the Benchmark Loss Experience identified at the time of the issuance of this regulation. In the event such a Benchmark Loss Experience is identified, OFHEO may incorporate the resulting higher loss rates in the Stress Test.

3.0 COMPUTATION OF THE RISK-BASED CAPITAL REQUIREMENT

3.1 Data

3.1.1 Introduction

[a] The Stress Test requires data on all of an Enterprise's assets, liabilities, stockholders equity, accounting entries, operations and off-balance sheet obligations, as well as economic factors that affect them: interest rates, house prices, rent growth rates, and vacancy rates. The Enterprises are responsible for compiling and aggregating data on at least a quarterly basis into a standard format called the Risk-Based Capital Report (RBC Report). Each Enterprise is required to certify that the RBC Report submission is complete and accurate. Data on economic factors, such as interest rates, are compiled from public sources. The Stress Test uses proprietary and public data directly, and also uses values derived from such data in the form of constants or default values. (See Table 3–1, Sources of Stress Test Input Data.) Data fields from each of these sources for Stress Test computations are described in the following tables and in each section of this appendix.

(b) The RBC Report includes information for all the loans owned or guaranteed by an Enterprise, as well as securities and derivative contracts, the dollar balances of these instruments and obligations, as well as all characteristics that bear on their behavior under stress conditions. As detailed in the RBC Report, data are required for all the following categories of instruments and obligations:

- Mortgages owned by or underlying mortgage-backed securities (MBS) issued by the Enterprises (whole loans)
- Mortgage-related securities
- Nonmortgage related securities, whether issued by an Enterprise, (e.g., debt) or held as investments
- Derivative contracts
- Other off-balance sheet guarantees (e.g., guarantees of private-issue securities).

3.1.2 Risk-Based Capital Report

The Risk-Based Capital Report is comprised of information on whole loans, mortgage-related securities, nonmortgage instruments (including liabilities and derivatives), and accounting items (including off-balance sheet guarantees). In addition to their reported data, the Enterprises may report scale factors in order to reconcile this reported data with their published financials (see section 3.10.2(b) of this appendix). If so, specific data items, as indicated, are adjusted by appropriate scale factors before any calculations occur.

3.1.2.1 Whole Loan Inputs

[a] Whole loans are individual single family or multifamily mortgage loans. The Stress Test distinguishes between whole loans that the Enterprises hold in their investment portfolios (retained loans) and those that underlie mortgage-backed securities (sold loans). Consistent with Table 3–2, Whole Loan Classification Variables, each Enterprise aggregates the data for loans with similar portfolio (retained or sold), risk, and product characteristics. The characteristics of these loan groups determine rates of mortgage Default, Prepayment and Loss Severity and cash flows.

[b] The characteristics that are the basis for loan groups are called “classification variables” and reflect categories, e.g., fixed interest rate versus floating interest rate, or identify a value range, e.g., original loan-to-value (LTV) ratio greater than 80 percent and less than or equal to 90 percent.

[c] All loans with the same values for each of the relevant classification variables included in 3–2 (and where applicable 3–3 and 3–4) comprise a single loan group. For example, one loan group includes all loans with the following characteristics:

- Single family
- Sold portfolio
- 30-year fixed rate conventional loan
- Mortgage age greater than or equal to 36 months and less than or equal to 48 months
- Original LTV greater than 75 percent and less than or equal to 80 percent
- Current mortgage interest rate class greater than or equal to six percent and less than or seven percent
- Secured by property located in the East North Central Census Division
- Relative loan size greater than or equal to 75 percent and less than 100 percent of the average for its state and origination year.

### 3.1.2.1.2 Credit Enhancement Inputs

To calculate reductions in mortgage credit losses due to credit enhancements, the following data are required for any credit-enhanced loans in a loan group. For this purpose, a Loan Group is divided into Distinct Credit Enhancement Combinations, as further described in section 3.6.3.6.4, Mortgage Credit Enhancement, of this appendix.

3.1.2.1.3 Commitments Inputs
[a] The Enterprises report Commitment Loan Group categories based on specific product type characteristics of securitized single family loans originated and delivered during the six months prior to the start of the Stress Test (see section 3.2, Commitments, of this appendix). For each category, the Enterprises report the same information as for Whole Loan Groups with the following exceptions:
1. Amortization term and remaining term are set to those appropriate for newly originated loans;
2. Unamortized balances are set to zero;
3. The House Price Growth Factor is set to one;
4. Age is set to zero;
5. Any credit enhancement coverage other than mortgage insurance is not reported.

3.1.2.2 Mortgage Related Securities Inputs
[a] The Enterprises hold mortgage-related securities, including single class and Derivative Mortgage-Backed Securities (certain multi-class and strip securities) issued by Fannie Mae, Freddie Mac, and Ginnie Mae; mortgage revenue bonds issued by State and local governments and their instrumentalities; and single class and Derivative Mortgage-Backed Securities issued by private entities. The Stress Test models the cash flows of these securities individually. Table 3–12, Inputs for Single Class MBS Cash Flows sets forth the data elements that the Enterprises must compile in the RBC Report regarding each MBS held in their portfolios. This information is necessary for determining associated cash flows in the Stress Test.

### 3.1.2.3 Nonmortgage Instrument Cash Flows Inputs

Table 3-15, Input Variables for Nonmortgage Instrument Cash Flows sets forth the data elements that the Enterprises must compile in the RBC Report to identify individual securities (other than Mortgage Related Securities) that are held by the Enterprises in their portfolios. These include debt securities, preferred stock, and derivative contracts (interest rate swaps, caps, and floors). All data are instrument specific. The data in this table are supplemented by public securities disclosure data. For instruments with complex or non-standard features, the Enterprises may be required to provide additional information such as amortization schedules, interest rate coupon reset formulas, and the terms of the call options.

#### 3.1.2.5 Operations, Taxes, and Accounting Inputs

[a] Table 3–17, Operations, Taxes, and Accounting Inputs sets forth the data the Enterprises must compile in the RBC Report to permit the calculation of taxes, operating expenses, and dividends. These data include:
- Average monthly Operating Expenses (i.e., administrative expenses, salaries and benefits, professional services, property costs, equipment costs) for the quarter prior to the beginning of the Stress Test;
- Income for the current year-to-date, one year, and two years prior to the beginning of the stress test, before taxes and provision for income taxes;
- Dividend payout ratio for the four quarters prior to the beginning of the Stress Period;
- Minimum capital requirement as of the beginning of the Stress Period.

3.1.3 Public Data

3.1.3.1 Interest Rates

[a] The Interest Rates component of the Stress Test projects Treasury yields as well as other interest rate indexes that are needed to calculate cash flows, to simulate the performance of mortgages and other financial instruments, and to calculate capital for each of the 120 months in the Stress Period. Table 3–18, Interest Rate and Index Inputs, sets forth the interest rate indexes used in the Stress Test.

[b] The starting values for all of the Interest Rates are the monthly average of daily rates for the month preceding the start of the stress test.

[c] For the 10-year CMT, monthly values are required for the three years prior to the start of the Stress Test ($m = -35, -34...0$). For all other indexes, monthly values for the prior two years are required ($m = -29, -22...0$).

3.2 Commitments

3.2.1 Commitments Overview

The Enterprises make contractual commitments to purchase or securitize mortgages. The Stress Test provides for deliveries of mortgages into the commitments that exist at the start of the Stress Period. These mortgages are grouped into “Commitment Loan Groups” that reflect the characteristics of the mortgages that were originated in the six months preceding the start of the Stress Period and securitized by the Enterprises except that they are assigned coupon rates consistent with the projected delivery month in each interest rate scenario. These Commitment Loan Groups are added to the Enterprise’s sold portfolio and the Stress Test projects their performance during the Stress Period. In the down-rate scenario, the Stress Test provides that 100 percent of the mortgages specified in the commitments are delivered within the first three months. In the up-rate scenario, 75 percent are delivered within the first six months.

3.2.2 Commitments Inputs

The Stress Test uses two sources of data to determine the characteristics of the mortgages delivered under commitments:

- Information from the Enterprises on the characteristics of loans originated and delivered to the Enterprises in the six months preceding the start of the Stress Period, broken out into four categories, scaled by the dollar value of commitments outstanding at the start of the Stress Period;
- Interest Rate series generated by the Interest Rates component of the Stress Test.

3.2.2.1 Loan Data

[a] The Enterprises report Commitment Loan Group categories based on the following product type characteristics of securitized single family loans originated and delivered during the six months prior to the start of the Stress Test:
- 30-year fixed-rate
- 15-year fixed-rate
- One-year CMT ARM
- Seven-year balloon

[b] For each Commitment Loan Group category, the Enterprises report the same information as in section 3.6 for Whole Loan groups with the following exceptions:
- Amortization term and remaining term are set to those appropriate for newly originated loans
- Unamortized balances are set to zero
- The House Price Growth Factor is set to one
- Age is set to zero
- Any credit enhancement coverage other than mortgage insurance is not reported.

[c] For each Commitment Loan Group category, the Enterprises report the Starting UPB defined as follows:

\[
\text{Starting UPB} = \frac{\text{Total dollar amount of Commitments Outstanding}}{\sum_{i} \text{Total Starting UPB for all Commitment Loan Group Categories}} \times \text{Starting UPB for the Commitment Loan Group Category}
\]

3.2.2.2 Interest Rate Data

The Stress Test uses the following Interest Rate series, generated from section 3.3, Interest Rates, of this appendix, for the first 12 months of the Stress Period:
- One-year Constant Maturity Treasury yield (CMT)
- Conventional mortgage rate (30-year fixed rate)
- 15-year fixed-rate mortgage rate
- Seven-year balloon mortgage rate.

3.2.3 Commitments Procedures

[a] Determine Commitment Loan Groups from the Commitment Loan Group categories as follows:
1. Divide each category into one subcategory for each delivery month. Three subcategories are created in the down-rate scenario and six in the up-rate scenario.
2. Calculate the total starting UPB for each subcategory as follows:

\[
\text{Subcategory Starting UPB} = \frac{\text{Starting UPB for Commitment Loan Group Category}}{\text{MDP}}
\]

Where: MDP is taken from Table 3–25.

</tbody>

3. Set the Initial Mortgage Interest Rate for each subcategory using the interest rate series consistent with the commitment product type. For fixed rate loans, this rate = INDEX\_DM. For ARM loans, the Initial Mortgage Interest Rate and the Mortgage Interest Rate at Origination are equal and set to INDEX\_DM\_LB + MARGIN, where LB (Lookback Period) and MARGIN for ARM commitment loan groups come from the RBC Report. Calculate the mortgage payment amount consistent with the Initial rate and amortizing term.

(b) Cash flows for the commitment loan groups, broken down by subcategory corresponding to assumed month of delivery to the Enterprises, are to be generated using the same procedures as contained in section 3.6, Whole Loan Cash Flows, of this appendix, except as follows:

1. For purposes of generating cash flows, treat each commitment loan subcategory as if the loans were newly originated and delivered just prior to the start of the Stress Test (that is, treat them as if mortgage age at time zero, A\_0, were zero).

2. Wherever section 3.6, Whole Loan Cash Flows, of this appendix, refers to interest rate or discount rate adjustments, add Delivery Month (DM) to the Interest Rate or discount rate monthly counter, where constant DM ∈ [1, 2, 3, 4, 5, 6] refers to the number of months into the Stress Test that the commitment subcategory is assumed to be delivered to the Enterprise. For example,

a. Section 3.6.3.4.3.3(a)1.b.3 of this appendix, if m is a rate reset month, then:

\[ \text{MIR}_m = \text{INDEX}_{m-1-LB+DM} + \text{MARGIN} \]

b. Section 3.6.3.4.3.1(a)3.a. of this appendix,

\[ B_q = 1 \text{ if } \text{MCON}_{m+DM} + 0.02 \leq \text{MIR}_m \]

c. Section 3.6.3.4.3.1(a)4. of this appendix,

\[ RS_q = \text{avg}\left(\frac{\text{MIR}_{\text{ORG}} - \text{MCON}_{m+DM}}{\text{MIR}_{\text{ORG}}}\right) \]

d. Section 3.6.3.4.3.1(a)8. of this appendix,

\[ YCS_q = \text{avg}\left(\frac{T120Y_{m+DM}}{T12Y_{m+DM}}\right) \]

e. Section 3.6.3.6.5.1. of this appendix. Throughout this section replace DR\_m with DR\_m\_DM wherever it appears.

f. Section 3.6.3.7.3(a)9.b. of this appendix. The formula for float income received should replace FER\_m with FER\_m\_DM.

3. For purpose of computing LTV\_q as defined in section 3.6.3.4.3.1(a)2.a. of this appendix, adjust the quarterly index for the vector of house price growth rates by adding DQ = 2 if the loans are delivered in the Stress Test month 6, DQ = 1 if the loans are delivered in Stress Test months 3, 4 or 5, and 0 otherwise. That is, in the LTV\_q formula:

\[ \text{Exp}\left(\sum_{k=1}^{q} \text{HPGR}_{k+DQ}\right) \]

Where:

\[ \text{DQ} = \text{int}\left(\frac{\text{DM}}{3}\right) \]

4. The note at the end of section 3.6.3.4.3.2(a)5. of this appendix, should be adjusted to read: for m >120–DM, use MPR\_DM and MDR\_DM.

5. Adjust the final outputs for each commitment subcategory by adding DM to each monthly counter, m. That is, the outputs in Table 3-52 and 3-55 should be revised to replace each value’s monthly counter of m with the new counter of m + DM, which will modify the description of each to read “in month m = 1 + DM, ... RM + DM”. (Note that for one variable, PUPB\_m, the revised counter will range from DM to RM + DM). The revised monthly counters will now correspond to the months of the Stress Test. For values of m under the revised description which are less than or equal to DM, each variable (except Performing UPB) in these two tables should equal zero. For Performing UPB in month DM, the variable will equal the Original UPB for month DM and will equal zero for months less than DM.

3.2.4 Commitments Outputs

[a] The outputs of the Commitment component of the Stress Test include Commitment Loan Groups specified in the same way as...
loan groups in the RBC Report (See section 3.6, Whole Loan Cash Flows, of this appendix) with two exceptions: mortgage insurance is the only available credit enhancement coverage; and delivery month is added to indicate the month in which these loan groups are added to the sold portfolio. The data for these loan groups allow the Stress Test to project the Default, Prepayment and loss rates and cash flows for loans purchased under commitments for the ten-year Stress Period.

(b) The Commitment outputs also include cash flows analogous to those specified for Whole Loans in section 3.6.4, Final Whole Loan Cash Flow Outputs, of this appendix, which are produced for each Commitment Loan Group.

3.3 Interest Rates

3.3.1 Interest Rates Overview

[a] The Interest Rates component of the Stress Test projects Constant Maturity Treasury yields as well as other interest rates and indexes (collectively, “Interest Rates”) that are needed to project mortgage performance and calculate cash flows for mortgages and other financial instruments for each of the 120 months in the Stress Period.

[b] The process for determining Interest Rates is as follows: first, identify the values for the necessary Interest Rates at time zero; second, project the ten-year CMT for each month of the Stress Period as specified in the 1992 Act; third, project the 1-month Treasury yield, the 3-month, 6-month, 1-, 2-, 3-, 5-, 20-year, and 30-year CMTs; fourth, project non-treasury Interest Rates, including the Federal Agency Cost of Funds Index; and fifth, project the Enterprises Cost of Funds Index, which provides borrowing rates for the Enterprises during the Stress Period, by increasing the Agency Cost of Funds Index by 10 basis points for the last 108 months of the Stress Period. Guidance in determining interest rates is available under OFHEO Guideline No. 402, ‘Risk Based Capital Process for Capturing and Utilizing Interest Rates Files,’ which is available on OFHEO’s Web site, http://www.OFHEO.gov.

[c] In cases where the Stress Test would require interest rates for maturities other than those specifically projected in Table 3-18 of section 3.1.3, Public Data, of this appendix, the Interest Rates component performs a monthly linear interpolation. In cases where the Stress Test would require an Interest Rate for a maturity greater than the longest maturity specifically projected for that index, the Stress Test would use the longest maturity for that index.

3.3.2 Interest Rates Inputs

The Interest Rates that are input to the Stress Test are set forth in Table 3-18 of section 3.1.3, Public Data, of this appendix. Inputs for the 30-year CMT yield after February 15, 2002 are estimated according to the Department of Treasury methodology using long-term average rates and extrapolation factors.

3.3.3 Interest Rates Procedures

[a] Produce Interest Rates for use in the Stress Test using the following three steps:

1. Project the Ten-Year CMT as specified in the 1992 Act:
   - Down-Rate Scenario. In the Stress Test, the ten-year CMT changes from its starting level to its new level in equal increments over the first twelve months of the Stress Period, and remains constant at the new level for the remaining 108 months of the Stress Period. The new level of the ten-year CMT in the last 108 months of the down-rate scenario equals the lesser of:
     1) The average of the ten-year CMT for the nine months prior to the start of the Stress Test, minus 600 basis points; or
     2) The average yield of the ten-year CMT for the 36 months prior to the start of the Stress Test, multiplied by 80 percent;
     but in no case less than 50 percent of the average for the nine months preceding the start of the Stress Period.
   - Up-Rate Scenario. In the Stress Test, the ten-year CMT changes from its starting level to its new level in equal increments over the first twelve months of the Stress Period, and remains at the new level for the remaining 108 months of the Stress Period. The new level of the ten-year CMT in the last 108 months of the up-rate scenario is the greater of:
     1) The average of the ten-year CMT for the nine months prior to the start of the Stress Test, plus 600 basis points; or
     2) The average of the ten-year CMT for the 36 months prior to the start of the Stress Test, multiplied by 160 percent;
     but in no case greater than 175 percent of the average for the nine months preceding the start of the Stress Period.

2. Project the 1-month Treasury and other CMT yields:
   - Down-Rate Scenario. For the down-rate scenario, the new value of each of the other Treasury and CMT yields for the last 108 months of the Stress Test is calculated by multiplying the ten-year CMT by the appropriate ratio from Table 3-26. For the first 12 months of the Stress Period, the other rates are computed in the same way as the ten-year CMT, i.e. from their time zero levels. Each of the other CMTs changes in equal steps in each of the first twelve months of the Stress Period until it reaches the new level for the remaining 108 months of the Stress Test.

1. Source: calculated over the period from May, 1986, through April, 1995.

b. **Up-Rate Scenario.** In the up-rate scenario, all other Treasury and CMT yields are equal to the ten-year CMT in the last 108 months of the Stress Test. Each of the other yields changes in equal increments over the first twelve months of the Stress Test until it equals the ten-year CMT.

3. **Project Non-Treasury Interest Rates:**
   a. **Non-Treasury Rates.** For each of the non-Treasury interest rates with the exception of mortgage rates, rates during the Stress Test are computed as a proportional spread to the nearest maturity Treasury yield as given in Table 3–27. The proportional spread is the average over the two years prior to the start of the Stress Test, of the difference between the non-Treasury rate and the comparable maturity Treasury yield divided by that Treasury yield. For example, the three month LIBOR proportional spread would be calculated as the two year average of the ratio:

\[
\frac{(3\text{-month LIBOR} - \text{3-month Treasury})}{\text{3-month Treasury}}
\]

**3-month Treasury**

During the Stress Test, the 3-month LIBOR rate is projected by multiplying the 3-month Treasury yield by 1 plus this average proportional spread.

b. **Mortgage Rates.** Mortgage interest rates are projected as described in this section for other non-Treasury interest rates, except that an average of the additive, not proportional, spread to the appropriate Treasury interest rate is used. For example, the 36-month Conventional Mortgage Rate spread is projected as the average, over the two years preceding the start of the Stress Test, of: (Conventional Mortgage Rate minus the ten-year CMT). This spread is then added to the ten-year CMT for the 120 months of the Stress Test to obtain the projected Conventional Mortgage Rate.

c. **Enterprise Borrowing Rates.** In the Stress Test, the Federal Agency Cost of Funds Index is the same as the Enterprise Cost of Funds Index during the Stress Period, except that the Stress Test adds a 10 basis-point credit spread to the Federal Agency Cost of Funds rates to project Enterprise Cost of Funds rates for the last 108 months of the Stress Period.

3.3.4 Interest Rates Outputs

Interest Rate outputs are monthly values for: the projected ten points on the Treasury yield curve (1-month, 3-month, 6-month, 1-year, 2-year, 3-year, 5-year, 10-year, 20-year and 30-year); the 21 non-Treasury rates contained in Table 3–27; and the nine points on the Enterprise Cost of Funds curve.

3.4 **Property Valuation**

3.4.1 Property Valuation Overview

(a) The Property Valuation component applies inflation adjustments to the single family house price growth rates and multifamily rent growth rates that are used to determine single family property values and multifamily current debt-service coverage ratios during the up-rate scenario, as required by the 1992 Act.

(b) Single family house price growth rates during the 120 months of the Stress Test are calculated from the HPI series for the West South Central Census Division for the years 1984–1993, as derived from OFHEO’s Third Quarter, 1996 HPI Report. The West South Central Census Division includes Texas and all of the benchmark states except Mississippi. This series is applied to single family loans nationwide during the Stress Test because the 1992 Act applies a regional loss experience (the BLE) to the entire nation. In contrast, house prices are brought forward to the start of the Stress Test based on local Census Division HPI values available at the start of the Stress Test.

(c) Multifamily rent growth rates during the 120 months of the Stress Test are computed using a population-weighted average of the monthly growth of the Rent of Primary
Residence component of the Consumer Price Index-Urban, which is generated by the U.S. Department of Labor Bureau of Labor Statistics. The metropolitan areas used for this computation are the Dallas/Pt. Worth CMSA, the Houston/Galveston/Brazoria CMSA, and the New Orleans MSA.

(d) Multifamily rental vacancy rates during the 120 months of the Stress Test are computed using a population-weighted average of annual rental vacancy rates from the U.S. Department of Commerce, Bureau of the Census' Housing Vacancy Survey. The metropolitan areas used for this computation are the Dallas, Houston and Fort Worth PMSAs and the San Antonio, New Orleans and Oklahoma City MSAs.

3.4.2 Property Valuation Inputs

The inputs required for the Property Valuation component are set forth in Table 3–28.

3.4.3 Property Valuation Procedures for Inflation Adjustment

(a) Calculate inflation-adjusted House Price Growth Rates and Rent Growth Rates using the following six steps:

1. Calculate the Inflation-Adjustment (IA) for the up-rate stress test, as follows:

\[
IA = \max\left[\frac{CMT10^{\text{MAX}}}{(1.50 \times ACMT_0)}, 0\right]
\]

Where:

- CMT10<sup>MAX</sup> is the value of the ten-year CMT during the last 108 months of the up-rate Stress Test.
- ACMT<sub>0</sub> is the unweighted nine-month average of the ten-year CMT yield for the nine months immediately preceding the Stress Test.

3. For single family house prices, convert the CIA to continuously compounded quarterly factors, the Quarterly House Price Growth Adjustments (QHGA<sub>q</sub>), which take on positive values only in the last twenty quarters of the Stress Test, using:

\[
QHGA_{q} = \left(1 + \frac{CIA}{12}\right)^{\frac{1}{4}}
\]
5. Calculate the inflation-adjusted House Price Growth Rates ($HPGR_q$), used in updating single family house prices during the Stress Test:

$$HPGR_q = HHPPR_{HSP} + QHGA_q$$

6. Calculate inflation-adjusted Rent Growth Rates ($RGR_m$), used in updating Multifamily debt-service coverage ratios during the Stress Test:

$$RGR_m = RG_{HSP} + MRGA_m$$

### 3.4.4 Property Valuation Outputs

[a] The outputs of the Property Valuation component of the Stress Test are set forth in Table 3–29.

[b] Inflation-adjusted House Price Growth Rates ($HPGR_q$) are inputs to the Single Family Default and Prepayment component of the Stress Test (see section 3.6.3.4, of this appendix). Inflation-adjusted Rent Growth Rates ($RGR_m$) and Rental Vacancy Rates ($RVR_m$) are inputs to the Multifamily Default and Prepayment component (see section 3.6.3.5, of this appendix).

### 3.5 Counterparty Defaults

#### 3.5.1 Counterparty Defaults Overview

The Counterparty Defaults component of the Stress Test accounts for the risk of default by credit enhancement and derivative contract counterparties, corporate securities, municipal securities, and mortgage-related securities. The Stress Test recognizes five rating categories (“AAA”, “AA”, “A”, “BBB”, and “Below BBB and Unrated”) and establishes appropriate credit loss factors that are applied during the Stress Period. Securities rated below BBB are treated as unrated securities, unless OFHEO determines to specify a different treatment upon a showing by an Enterprise that a different treatment is warranted.

#### 3.5.2 Counterparty Defaults Input

For counterparties and securities, information on counterparty type and the lowest public rating of the counterparty is required. The Stress Test uses credit ratings issued by Nationally Recognized Statistical Rating Organizations (“NRSROs”) to assign rating categories to counterparties and securities. If a counterparty or security has different ratings from different rating agencies, i.e., a “split rating,” or has a long-term rating and a short-term rating, then the lower rating is used.

#### 3.5.3 Counterparty Defaults Procedures

[a] Apply the following three steps to determine maximum haircuts:

1. **Identifying Counterparties.** The Stress Test divides all sources of credit risk other than mortgage default into two categories—(1) derivative contract counterparties and (2) non-derivative contract
counterparties and instruments. Non-derivative contract counterparties and instruments include mortgage insurance (MI) counterparties, seller-servicers, mortgage-related securities such as mortgage revenue bonds (MRBs) and private label REMICS, and nonmortgage investments such as corporate and municipal bonds and asset-backed securities (ABSs).

2. Classify Rating Categories.
   a. Stress Test rating categories are defined as set forth in Table 3–30. Organizations frequently apply modifiers (numerical, plus, minus) to the generic rating classifications. In order to determine the correct mapping, ignore these modifiers except as noted in Table 3–30.

¹Any rating that appears in more than one OFHEO category column is assigned the lower OFHEO rating category.

b. The Stress Test also includes a ratings classification called cash. This includes cash equivalents as defined in FAS 95, Government securities, and securities of the reporting Enterprise.

c. Unrated, unsubordinated obligations issued by Government Sponsored Enterprises other than the reporting Enterprise are treated as AAA. Unrated seller-servicers are treated as BBB.

d. The Stress Test will permit a higher rating to be used for an unrated seller-servicer who participates in a multifamily delegated underwriting and servicing program that requires a loss-sharing agreement when: (1) the loss sharing agreement is collateralized by a fully funded reserve account pledged to the Enterprise; and (2) the reserve account is in an amount that is equal to or exceeds the amount that OFHEO has determined to be adequate to support the seller-servicer’s loss-sharing obligation under the program. Determinations of the reserve requirement and of the rating that will be permitted will be made on a program-by-program and Enterprise-by-Enterprise basis by the Director.

3. Determine Maximum Haircuts. The Stress Test specifies the Maximum Haircut (i.e., the maximum reduction applied to cash flows during the Stress Test to reflect the risk of loss due to counterparty (including security) default) by rating category and counterparty type as shown in Table 3–31.
   a. The Maximum Haircut for a rating category is the product of its default rate and its loss severity rate. For all counterparties, the default rates are 5 percent for AAA, 12.5 percent for AA, 20 percent for A, 40 percent for BBB and 100 percent for Below BBB and Unrated. For non-derivative counterparties, the loss severity rate is 70 percent; for derivative counterparties, it is 10 percent. For all Below BBB and Unrated counterparties, the loss severity rate is 100 percent.
   b. For periods prior to the implementation of netting, a separate set of Maximum Haircuts (set forth in Table 3–31) will be applied to derivative contract cash flows.
to approximate the impact of the net exposures to derivative contract counterparties (see section 3.8.3, Nonmortgage Instrument Procedures). After the implementation of netting, exposures will be netted as described in section 3.8.3 before the haircut is applied.

c. With the exception of haircuts for the Below BBB and Unrated category, haircuts for all counterparty categories are phased-in linearly over the 120 months of the Stress Period. The Maximum Haircut is applied in month 120 of the Stress Period. Haircuts for the Below BBB and Unrated category are applied fully starting in the first month of the Stress Test.

### 3.5.4 Counterparty Defaults Outputs

The Maximum Haircut for a given Counterparty Type and Rating Classification is used in section 3.6, Whole Loan Cash Flows, section 3.7, Mortgage-Related Securities Cash Flows, and section 3.8, Nonmortgage Instrument Cash Flows, of this appendix.

### 3.6 Whole Loan Cash Flows

#### 3.6.1 Whole Loan Cash Flows Overview

[a] Loan Aggregation. In the Stress Test calculations (except as described in section 3.6.3.4, Mortgage Credit Enhancement, of this appendix), individual loans having similar characteristics are aggregated into Loan Groups as described in section 3.1.2.1, Whole Loan Inputs, of this appendix (RBC Report). All individual loans within a Loan Group are considered to be identical for computational purposes. In the discussions in this section, quantities described as “loan level” will actually be computed at the Loan Group level.

[b] Loan Participations. In some cases, an Enterprise may hold only a pari passu fractional ownership interest in a loan. This interest is referred to as a participation, and is specified by the ownership percentage held by the Enterprise (the participation percentage). In such cases, the Unpaid Principal Balance (UPB) and Mortgage Payment reported in the RBC Report will be only the Enterprise’s participation percentage of the loan’s actual UPB and Mortgage Payment. The actual UPB is not explicitly used in the calculations described in this section 3.6 but it is used in the creation of the RBC Report.

[c] Retained Loans vs. Sold Loans. The Stress Test models cash flows from single family and multifamily mortgage loans that are held in portfolio (Retained Loans) and loans that are pooled into Mortgage-Backed Securities (MBSs) that are sold to investors and guaranteed by the Enterprises (Sold Loans). Together, Retained Loans and Sold Loans are referred to as “Whole Loans.” The treatment of cash flows for loans not guaranteed by the Enterprises, e.g., loans backing GNMA Certificates and private label MBSs and REMICs, is discussed in section 3.7, Mortgage-Related Securities Cash Flows, of this appendix.

[d] Repurchased MBSs. From time to time an Enterprise may repurchase all or part of one of its own previously issued single-class MBSs for its own securities portfolio. At an Enterprise’s option, these “Repurchased MBSs” may be reported with the underlying Whole Loans for computation in this section 3.6 rather than in section 3.7, Mortgage-Related Securities Cash Flows, of this appendix. In such cases, the Enterprise will report the underlying Whole Loans as sold loans, along with the appropriate Fraction Repurchased and any security unamortized balances associated with the purchase of the MBS (not with the original sale of the underlying loans, which unamortized balances are reported separately).

[e] Sources of Enterprise Whole Loan Cash Flows. For Retained Loans, the Enterprises receive all principal and interest payments on the loans, except for a portion of the interest payment retained by the servicer as compensation (the Servicing Fee). For Sold Loans, the Enterprises receive Guarantee Fees and Float Income. Float Income is the earnings on the investment of loan principal and interest payments (net of the Servicing Fee and Guarantee Fee) from the time these payments are received from the servicer until they are remitted to security holders. The length of this period depends on the security payment cycle (the remittance cycle). For both retained and sold loans, the Enterprises retain 100 percent of their credit losses.
and experience amortization of discounts as income and amortization of premiums as expense. For Repurchased MBSs, the Enterprise receives the Fraction Repurchased of the cash flows it remits to investors, and retains 100 percent of the Credit Losses and the Guarantee Fee. See section 3.6.3.7, Stress Test Whole Loan Cash Flows and section 3.6.3.8, Whole Loan Accounting Flows, of this appendix.

[i] Required Inputs. The calculation of Whole Loan cash flows requires mortgage Amortization Schedules, mortgage Prepayment, Default and Loss Severity rates, and Credit Enhancement information. The four mortgage performance components of the Stress Test are single family Default and Prepayment, single family Loss Severity, multifamily Default and Prepayment, and multifamily Loss Severity. Mortgage Amortization Schedules are computed from input data in the RBC Report. (For ARMs, selected interest rate indexes from section 3.3, Interest Rates, of this appendix, are also used.) Prepayment and Default Rates are computed by combining explanatory variables and weighting coefficients according to a set of logistic equations. The explanatory variables are computed from the mortgage Amortization Schedule and external economic variables such as Interest Rates (section 3.3, Interest Rates, of this appendix), historical house-price indexes (HPIs) or rental-price indexes (RPIs), and Stress Period HPI growth rate, RPI and Vacancy Rate (RVR) series from section 3.4, Property Valuation, of this appendix. The weighting coefficients determine the relative importance of the different explanatory variables, and are estimated from a statistical analysis of data from the Benchmark Loss region and time period as described in section 1, Identification of the Benchmark Loss Experience, of this appendix. Mortgage Amortization information is also combined with HPI, RPI and VR series to determine Gross Loss Severity rates, which are offset by Credit Enhancements. Finally, the Amortization Schedules, Default and Prepayment rates and Net Loss Severity rates are combined to produce Stress Test Whole Loan Cash Flows to the Enterprises for each Loan Group, as well as amortization of any discounts, premiums and fees.

(g) Specification of Mortgage Prepayment. Mortgages are assumed to prepay in full. The model makes no specific provision for partial Prepayments of principal (curtailments).

(h) Specification of Mortgage Default and Loss. Mortgage Defaults are modeled as follows: Defaulting loans enter foreclosure after a number of missed payments (MQ, Months in Delinquency), and are foreclosed upon several months later. Months in Foreclosure (MF) is the total number of missed payments through foreclosure. Upon completion of foreclosure, the loan as such ceases to exist and the property becomes Real Estate Owned (REO). Foreclosure expenses are paid and MI proceeds received when foreclosure is completed. After several more months (MR, Months in REO), the property is sold, REO expenses are paid, and sales proceeds and other credit enhancements are received. These timing differences are not modeled explicitly in the cash flows, but their economic effect is taken into account by calculating the present value of the Default-related cash flows back to the initial month of Default.

[i] Combining Cash Flows from Scheduled Payments, Prepayments and Defaults. Aggregate Whole Loan Cash Flows, adjusted for the effects of mortgage performance, are based on the following conceptual equation, which is made more explicit in the calculations in the sections specified in section 3.6.2 of this appendix:

\[
\text{Aggregate Cash Flows from Whole Loans that Default and Prepay at Rates that vary in each month } m = \left( \frac{\text{scheduled Mortgage Payment}}{\text{fraction of loans that remain on original schedule}} \right) + \left( \frac{\text{entire loan UPB plus final interest payment}}{\text{fraction of loans that Prepay in month } m} \right) + \left( \frac{\text{present value of Default-related receipts minus expenses}}{\text{fraction of loans that Default in month } m} \right)
\]

• Section 3.6.3.5.2, Multifamily Default and Prepayment Inputs

• Section 3.6.3.8.2, Whole Loan Accounting Flows Inputs, of this appendix

3.6.3 Whole Loan Cash Flows Procedures

3.6.3.1 Timing Conventions

[a] Calculations are monthly. The Stress Test operates monthly, with all events of a given type assumed to take place on the same day of the month. For mortgages, unless otherwise specified, all payments and other mortgage-related cash flows that are due on the first day of the month are received on the fifteenth. Biweekly loans are mapped into their closest term-equivalent monthly counterpart.

(b) "Time Zero" for Calculations. Time Zero refers to the beginning of the Stress Test. For example, if the 2Q2000 Stress Test uses Enterprise Data as of June 30, "month zero" represents conditions as of June 30. The Stress Period begins July 1, and July 2000 is month one of the Stress Test. In this document, UPBₐ is the Unpaid Principal Balance of a loan immediately prior to (as of) the start of the Stress Test, i.e. as reported by the Enterprise in the RBC Report. Origination refers to the beginning of the life of the loan, which will be prior to the start of the Stress Test for all loans except those delivered later under Commitments, for which Origination refers to the delivery month (See section 3.2, Commitments, of this appendix).

[c] Definition of Mortgage Age. The Mortgage Age at a given time is the number of scheduled mortgage payment dates that have occurred prior to that time, whether or not the borrower has actually made the payments. Prior to the first payment date, the Mortgage Age would be zero. From the first payment date until (but not including) the second loan payment date, the Mortgage Age would be one. The Mortgage Age at Time Zero (ₐₐ) is thus the number of scheduled loan payment dates that have occurred prior to the start of the Stress Test. The scheduled payment date for all loans is assumed to be the first day of each month; therefore, the Mortgage Age will be ₐₐ on the first day of the Stress Test (except for Commitments that are delivered after the start of the Stress Test).

[d] Interest Rate Setting Procedure. Mortgage interest is due in arrears, i.e., on the first day following the month in which it is accrued. Thus, a payment due on the first day of month m is for interest accrued during the prior month. For example, for Adjustable Rate Mortgages (ARMs) the Mortgage Interest Rate (MRₐₐ) applicable to the July reset is set on the first day of June, and is generally based on the May or April value of the underlying Index, as specified in the loan terms. This Lookback Period (LB) is specified in the Stress Test as a period of one or two months, respectively. Thus, PMTₐₐ will be based on MRₐₐ which is based on INDEXₐ₋₁₋LB.

[e] Prepayment Interest Shortfall. In some remittance cycles, the period between an Enterprise’s receipt of Prepayments and remittance to investors exceeds a full month. In those cases, the Enterprise must remit an additional month’s interest (at the Pass-Through Rate) to MBS investors. See section 3.6.3.7.3, Stress Test Whole Loan Cash Flow Procedures, of this appendix.

3.6.3.2 Payment Allocation Conventions

3.6.3.2.1 Allocation of Mortgage Interest

[a] Components of Mortgage Interest. The interest portion of the Mortgage Payment is allocated among several components. For all Whole Loans, a Servicing Fee is retained by the servicer. For Sold Loans, the Enterprise retains a Guarantee Fee. An additional amount of interest (Spread) may be deposited into a Spread Account to reimburse potential future credit losses on loans covered by this form of Credit Enhancement, as described further in section 3.6.3.6.4, Mortgage Credit Enhancement, of this appendix. The remaining interest amount is either retained by the Enterprise (Net Yield on Retained Loans) or passed through to MBS investors (Pass-Through Interest on Sold Loans).

[b] Effect of Negative Amortization. If the Mortgage Payment is contractually limited to an amount less than the full amount accrued (as may be the case with loans that permit Negative Amortization), then the Servicing Fee, the Guarantee Fee and the

605
spread are paid in full, and the shortfall is borne entirely by the recipient of the Net Yield or Pass-Through Interest.

(c) Effect of Variable Rates. For ARMs, the Servicing Fee, Guarantee Fee and Spread rates are taken to be constant over time, as they are for Fixed Rate Loans. Thus in the Stress Test the Mortgage Interest Rate and the Net Yield or Pass-through Rate will change simultaneously by equal amounts. All other details of the rate and payment reset mechanisms are modeled in accordance with the contractual terms using the inputs specified in section 3.6.3.3.2, Mortgage Amortization Schedule Inputs, of this appendix.

3.6.3.2.2 Allocation of Mortgage Principal

[a] Scheduled Principal is that amount of the mortgage payment that amortizes principal. For calculational purposes, when a loan prepays in full the amount specified in the Amortization Schedule is counted as Scheduled Principal, and the rest is Prepayment. For a Balloon Loan, the final Balloon Payment includes the remaining UPB, all of which is counted as Scheduled Principal.

[b] Mortgages that prepay are assumed to prepay in full. Partial Prepayments (curtailments) are not modeled.

[c] Any loan that does not prepay or Default remains on its original Amortization Schedule.

3.6.3.3 Mortgage Amortization Schedule

3.6.3.3.1 Mortgage Amortization Schedule Overview

[a] The Stress Test requires an Amortization Schedule for each Loan Group. A mortgage is paid down, or amortized over time, to the extent that the contractual mortgage payment exceeds the amount required to cover interest due.

[b] Definitions.

1. Fully Amortizing Loans. The Amortization Schedule for a mortgage with age $A_0$ at the beginning of the Stress Test is generated using the starting UPB ($UPB_0$), the Remaining Term to Maturity (RM), the remaining Amortization Term ($AT - A_0$), the remaining Mortgage Payments ($PMT_m$ for $m = 1...RM$) and Mortgage Interest Rates ($MIR_m$ for $m = 1...RM$). The Amortization Schedule is generated by repeating the following three steps iteratively until the UPB is zero:

a. Interest Due = $UPB \times Mortgage\ Interest\ Rate$

b. Principal Amortization = Payment – Interest Due

c. Next period’s UPB = $UPB – Principal\ Amortization$

2. Balloon Loans. A Balloon Loan matures prior to its Amortizing Term, i.e. before the UPB is fully amortized to zero. Computationally, $AT - A_0 > RM$, usually by at least 180 months. In order that $UPB_{RM} = 0$, the principal component of the resulting lump sum final payment (the Balloon Payment, equal to $UPB_{RM-1}$) is counted as Scheduled Principal, not as a Prepayment.

[c] Special Cases. In general the UPB of a mortgage decreases monotonically over time, i.e. $UPB_m > UPB_{m+1}$, reaching zero at maturity except for Balloon Loans as described in [c]2. in this section. However, in practice certain exceptions must be handled.

1. Interest-Only Loans. Certain loans are interest-only for all or part of their term. The monthly payment covers only the interest due, and the UPB stays constant until maturity (in some cases), in which case a Balloon Payment is due or a changeover date (in other cases) at which time the payment is recast so that the loan begins to amortize over its remaining term. If the loan does not amortize fully over its remaining term, a Balloon Payment will be due at maturity.

2. Negative Amortization. For some loans, the UPB may increase for a period of time if the mortgage payment is contractually limited to an amount that is less than the amount of interest due, and the remainder is added to the UPB. At some point, however, the payment must exceed the interest due or else the loan balance will never be reduced to zero. In the calculation, this is permitted to occur only for payment-capped ARMs that contractually specify negative amortization. Certain types of FRMs, notably Graduated Payment Mortgages (GPMs) and Tiered Payment Mortgages (TPMs), also have variable payment schedules that result in negative amortization, but in the Stress Test all such loans are assumed to have passed their negative amortization periods.

3. Early Amortization.

a. If a borrower has made additional principal payments (curtailments or partial prepayments) on a FRM prior to the start of the Stress Test, the contractual mortgage payment will amortize the loan prior to its final maturity, i.e. $UPB_m = 0$ for some $m < RM$. This is an acceptable outcome in the Stress Test. Note: for ARMs, the mortgage payment is recalculated, and thus the amortization schedule is recalculated to end exactly at $m = RM$, on each rate or payment reset date.

b. When this calculation is performed for a fully amortizing FRM using weighted average values to represent a Loan Group, the final scheduled payment may exceed the amount required to reduce the UPB to zero, or the UPB may reach zero prior to month RM. This is because the mortgage payment calculation is nonlinear, and as a result the average mortgage
Federal Housing Enterprise Oversight, HUD

payment is not mathematically guaranteed to amortize the average UPB using the average MIR. This is an acceptable outcome in the Stress Test.

4. Late Amortization. According to its contractual terms, the UPB of a mortgage loan must reach zero at its scheduled maturity. The borrower receives a disclosure schedule that explicitly sets forth such an Amortization Schedule. If the characteristics of a mortgage loan representing a Loan Group in the RBC Report do not result in \( UPB_{RM} = 0 \), it must be for one of three reasons: a data error, an averaging artifact, or an extension of the Amortization Schedule related to a delinquency prior to the start of the Stress Test. In any such case, the Stress Test does not recognize cash flows beyond the scheduled maturity date and models the performing portion of \( UPB_{RM} \) in month \( RM \) as a credit loss.

5. Biweekly Loans. Biweekly loans are mapped into the FRM category that most closely approximates their final maturity.

6. Step-Rate (or “Two-Step”) Loans. Certain loans have an initial interest rate for an extended period of time (typically several years) and then “step” to a final fixed rate for the remaining life of the loan. This final fixed rate may be either a predetermined number or a margin over an index. Such loans can be exactly represented as ARMs with the appropriate Initial Mortgage Interest Rate and Initial Rate Period, Index and Margin (if applicable). If the final rate is a predetermined rate (e.g., 8 percent per annum) then the ARM’s Maximum and Minimum Rate should be set to that number. The Rate and Payment Reset Periods should be set equal to the final rate period after the step.

7. Reverse Mortgages. In a reverse mortgage, a borrower receives one or more payments from the lender and the lender is repaid with a lump sum when the borrower dies, sells the property or moves out of the home permanently. The stress test models reverse mortgages as a ladder of zero-coupon securities:
   a. 11 proxy securities for each reverse mortgage program are created.
   b. A 10% conditional payment rate is used to create the zero-coupon securities that will mature in every year of the stress test. The zero-coupon securities are a laddered series of floating-rate coupon-bearing accreting bonds with a first payment date at maturity.
   c. The 11th zero-coupon security will mature three months after the stress test to reflect the 35% of UPB not paid down during the stress period.
   d. An OFHEO credit rating equivalent to AAA for the FHA insured programs and AA for other reverse mortgage programs is assigned.

8. Split-Rate ARM Loans. In split-rate ARM loans, the principal portion of the payment is based on a fixed-rate amortization schedule while the interest portion is based on a floating rate index. These multifamily loans are available as fully amortizing product or with a balloon feature. The stress test model does not provide treatment for split-rate ARM loans. Split-rate loans shall be treated as ARMs when they are issued without a balloon payment feature or as Balloon ARMs when the loans contain a balloon payment feature.

3.6.3.3.2 Mortgage Amortization Schedule Inputs

#### 3.6.3.3 Mortgage Amortization Schedule Procedures

For each Loan Group, calculate a mortgage Amortization Schedule using the inputs in Table 3-32 and the following ten steps. Note: Do not round dollar amounts to the nearest penny.)
Federal Housing Enterprise Oversight, HUD

Pt. 1750, Subpt. B, App. A

For months $m = 1...RM$, calculate quantities for month $m$ based on values from month $m-1$ as follows:

1. Calculate current month’s Mortgage Interest Rate (MIR$_m$),
   a. For FRMs: \( MIR_0 = MIR_m \) for all \( m = 1 \) to \( RM \)
   b. For ARMs, use the following procedure:
      1) If \( RRP = PRP \) then month $m$ is a rate reset month if:
         \[
         \left[ A_0 + m - (\text{IRP} + 1) \right] \mod RRP = 0
         \]
         and $A_0 + m - 1 \geq \text{IRP}$
      2) If \( RRP \neq PRP \) then month $m$ is a rate reset month if either:
         a) $A_0 + m - (\text{IRP} + 1) = 0$, or
         b) \( [A_0 + m - 1] \mod RRP = 0 \) and $A_0 + m - 1 \geq \text{IRP}$
      3) If $m$ is a rate reset month, then:
         \[ MIR_m = \text{INDEX}_{m-1-LB} + \text{MARGIN}, \]
         but not greater than \( MIR_{m-1} + \text{Rate Reset Limit} \)
         nor less than \( MIR_{m-1} - \text{Rate Reset Limit} \) and in no case greater than Maximum Rate
         and in no case less than Minimum Rate
      4) If month $m$ is not a rate reset month, then $MIR_m = MIR_{m-1}$.
      c. In all cases, $MIR_m = MIR_{120}$ for $m > 120$, and $MIR_m = 0$ for $m > RM$.

2. Calculate current month’s Payment (PMT$_m$),
   a. For FRMs:
      1) For Interest-Only Loans, if $m = \text{RIOP} + 1$ then month $m$ is a reset month; recompute PMT$_m$, as described for ARMs in step b.1(b), of this section without applying any payment limit.
      2) PMT$_m = \text{PMT}_m$ for all \( m = 1 \) to \( RM \)
   b. For ARMs, use the following procedure:
      1) For Interest Only Loans, if $m = \text{RIOP} + 1$ then month $m$ is a payment reset month.
      2) If \( PRP = RRP \), then month $m$ is a payment reset month if $m$ is also a rate reset month.
      3) If \( PRP \neq RRP \) then month $m$ is a payment reset month if:
         \[
         \left[ A_0 + m - 1 \right] \mod PRP = 0
         \]
      4) If month $m$ is a payment reset month, then:
         a) For loans in an Interest-only Period,
            \[
            \text{PMT}_m = \text{UPB}_{m-1} \times \frac{\text{MIR}_m}{12}
            \]
         b) Otherwise, PMT$_m$ = the amount that will fully amortize the Loan over its remaining Amortizing Term (i.e. \( \text{AT} - A_0 - m + 1 \) months) with a fixed Mortgage Interest Rate equal to MIR$_m$ as determined in Step 1 of this section

3. Determine Net Yield Rate (NYR$_m$)
   \[
   \text{NYR}_m = \text{MIR}_m - \text{SFR}
   \]
   \[
   \text{PTR}_m = \text{NYR}_m - \text{GFR}
   \]

4. Calculate Scheduled Interest Accrued (during month $m-1$) on account of the $m$^th payment (SIA$_m$),
   \[
   \text{SIA}_m = \text{UPB}_{m-1} \times \frac{\text{MIR}_m}{12}
   \]

5. Calculate the Scheduled Interest component of the $m$^th payment (SI$_m$),
   \[
   \text{SI}_m = \min \left( \text{SIA}_m, \text{PMT}_m \right)
   \]

6. Calculate Scheduled Principal for the $m$^th payment (SP$_m$),
   \[
   \text{SP}_m = \min \left( \text{PMT}_m - \text{SIA}_m, \text{UPB}_{m-1} \right)
   \]
   Note: Scheduled Principal should not be greater than the remaining UPB. RPM can be negative if the Scheduled Payment is less than Scheduled Interest Accrued.

7. Calculate Loan Unpaid Principal Balance after taking into account the $m$^th monthly payment (UPB$_m$),
   \[
   \text{UPB}_m = \max \left( \text{UPB}_{m-1} - \text{SP}_m, 0 \right)
   \]
8. In the month when UPB\(_m\) is reduced to zero, reset
\[
PMT_m = UPB_{m-1} \times \left(1 + \frac{MIR_m}{12}\right)
\]

9. Repeat all steps for \(m = 1...RM\) or until \(UPB_{RM} = 0\).

NOTE: If UPB\(_{RM}\) is greater than zero, the performing portion is included in Credit Losses (section 3.6.3.7.3, Stress Test Whole Loan Cash Flow Procedures, of this appendix).

10. Determine Net Yield Rate (NYR\(_0\)) and, for sold loans, Pass-Through Rate (PTR\(_0\)) for month 0:

\[
NYR_0 = MIR_0 - SFR
\]
\[
PTR_0 = NYR_0 - GFR
\]

3.6.3.4.1 Single Family Default and Prepayment Overview

[a] The Stress Test projects conditional Default and Prepayment rates for each single family Loan Group for each month of the Stress Period. The conditional rate is the percentage (by principal balance) of the remaining loans in a Loan Group that defaults or prepay during a given period of time. Computing Default and Prepayment rates for a Loan Group requires information on the Loan Group characteristics at the beginning of the Stress Test, historical and projected interest rates from section 3.3, Interest Rates, and house price growth rates and volatility measures from section 3.4, Property Valuation, of this appendix.

[b] Explanatory Variables. Several explanatory variables are used in the equations to determine Default and Prepayment rates for single family loans: Mortgage Age, Original Loan-to-Value (LTV) ratio, Probability of Negative Equity, Burnout, the percentage of Investor-owned Loans, Relative Interest Rate Spread, Payment Shock (for ARMs only), Initial Rate Effect (for ARMs only), Yield Curve Slope, Relative Loan Size, and Mortgage Product Type. Regression coefficients (weights) are associated with each variable. All of this information is used to compute conditional quarterly Default and Prepayment rates throughout the Stress Test. The quarterly rates are then converted to monthly conditional Default and Prepayment rates, which are used to calculate Stress Test Whole Loan cash flows and Default losses. See section 3.6.3.7, Stress Test Whole Loan Cash Flows, of this appendix.

[c] The regression coefficients for each Loan Group will come from one of three models. The choice of model will be determined by the values of the single family product code and Government Flag in the RBC Report. See section 3.6.3.4.3.2, Prepayment and Default Rates and Performance Fractions, of this appendix.

[d] Special Provision for Accounting Calculations. For accounting calculations that require cash flows over the entire remaining life of the instrument, Default and Prepayment rates for months beyond the end of the Stress Test are held constant at their values for month 120.

3. Compute the explanatory variables for single family Default and Prepayment in the seven steps as follows:

1. Calculate $A_q$, the loan Age in quarters, for quarter $q$:

$$A_q = \text{int} \left( \frac{A}{3} \right) + q,$$

where $\text{int}$ means to round to the lower integer if the argument is not an integer.

2. Calculate $PNEQ_q$, the Probability of Negative Equity in quarter $q$:

$$PNEQ_q = \mathcal{N} \left( \frac{\ln LTV_q}{\sigma_q} \right),$$

where:

$\mathcal{N}$ designates the cumulative normal distribution function.

a. $LTV_q$ is evaluated for a quarter $q$ as:

$$LTV_q = \frac{\text{Ratio of current Loan Group UPB to Original UPB}}{1.0 \text{ if the loan was originated in the same quarter as or after the most recently available HPI as of the reporting date}}.$$

b. Determine whether the loan is “burned out” in quarter $q$ (Burnout Flag, $B^f_q$):

$$B^f_q = 1 \text{ if } b_q = 1 \text{ for two or more quarters } q' \text{ between } q-8 \text{ and } q-1 \text{ inclusive, or since Origination if } 2 < A_q < 8 \text{ (Note: by definition, } B^f_q = 0 \text{ if } A_q < 3);$$

$$B^f_q = 0 \text{ otherwise}$$

Where:

$q'$ = index variable for prior 8 quarters

3. Calculate $R^s_q$, the Relative Spread in quarter $q$, as the average value of the monthly Relative Spread of the Original

$$R^s_q = \frac{UPB_{m=3q-3}}{UPB_{ORIG}} \times \frac{\text{Ratio of current property value (based on HPI in quarter } q \text{) to original property value (based on HPI at Origination)}}{CHPGF^{LG}_{LG} \times \exp \left( \sum_{k=1}^{q} \text{HPGR}_k \right)}$$

Where:
mortgage interest rate to the Conventional (30-Year Fixed Rate) Mortgage Rate series for the three months in the quarter.

Note: Use the Current MIR for Fixed Rate Loans and the Original MIR for Adjustable Rate Loans.

\[ RS_q = \text{avg} \left( \frac{\text{MIR} - \text{MCON}_m}{\text{MIR}} \right) \]

over all three months m in quarter q

If MIR = 0, then RS_q = -0.20 for all q.

5. Calculate YCS_q, the Yield Curve Slope in quarter q, as the average of the monthly ratio of the 10-Year CMT to the One-Year CMT for the three months in the quarter:

\[ YCS_q = \text{avg} \left( \frac{T120Y_m}{T12Y_m} \right) \]

for all three months in quarter q

6. Evaluate the Payment Shock Indicator (PS_q) for ARMs only:

\[ PS_q = RS_q \text{ if PROD = ARM} \]

7. Evaluate the Initial Rate Effect Flag (IREF_q) for ARMs only:

\[ IREF_q = 1 \text{ if } A_q \leq 12 \text{ and PROD = ARM} \]

\[ = 0 \text{ otherwise} \]

3.6.3.4.3.2 Prepayment and Default Rates and Performance Fractions

(a) Calculate Prepayment and Default Rates and Performance Fractions using the following five steps:

1. Compute the logits for Default and Prepayment using the formulas for simultaneous processes using inputs from Table 3–34 and explanatory variable coefficients in Table 3–35.

Note: \[ \beta_{BCAL} \] is the LTV-specific constant used to calibrate the Default rates to the BLE.

\[ X\beta_q = \beta A_q + \beta_{LTVORG} + \beta_{PNEQ} + \beta_{Bq} B_q + \beta_{IF} IF + \beta_{PS} PS_q + \beta_{REF} IREF_q + \beta_{Prod} Prod + \beta_{BCAL} + \beta_0 \]

\[ X\gamma_q = \gamma A_q + \gamma_{LTVORG} + \gamma_{PNEQ} + \gamma_{Bq} B_q + \gamma_{IF} IF + \gamma_{RS} RS_q + \gamma_{PS} PS_q + \gamma_{YCS} YCS_q + \gamma_{REF} IREF_q + \gamma_{RLSORG} + \gamma_{Prod} Prod + \gamma_0 \]

3. Compute Quarterly Prepayment and Default Rates (QPR, QDR) from the logistic expressions as follows:

$$QDR_q = \frac{\exp\{X\beta_q\}}{1 + \exp\{X\beta_q\} + \exp\{X\gamma_q\}}$$

$$QPR_q = \frac{\exp\{X\gamma_q\}}{1 + \exp\{X\beta_q\} + \exp\{X\gamma_q\}}$$

4. Convert quarterly rates to monthly rates using the following formulas for simultaneous processes. The quarterly rate for $q = 1$ gives the monthly rate for months $m = 1, 2, 3$, and so on through $q = 40$: 
5. Calculate Defaulting Fraction (DEF), Prepaying Fraction (PRE), and Performing Fraction (PERF) of the Initial Loan Group. Initially (at the beginning of the Stress Test), all loans are assumed to be performing, i.e. \( \text{PERF}_0 = 1.0 \). For each month \( m = 1...RM \), calculate the following quantities. Note: For \( m > 120 \), use \( \text{MPR}_{120} \) and \( \text{MDR}_{120} \):

\[
\begin{align*}
\text{MDR}_m &= \frac{\text{QDR}_q}{\text{QDR}_q + \text{QPR}_q} \times \left[ 1 - \left(1 - \text{QDR}_q - \text{QPR}_q\right)^\frac{1}{3} \right] \\
\text{MPR}_m &= \frac{\text{QPR}_q}{\text{QDR}_q + \text{QPR}_q} \times \left[ 1 - \left(1 - \text{QDR}_q - \text{QPR}_q\right)^\frac{1}{3} \right]
\end{align*}
\]

3.6.3.4.4 Single Family Default and Prepayment Outputs

Single family Default and Prepayment outputs are set forth in Table 3–37. Prepayment, Default and Performing Fractions for single family loans for months \( m = 1...RM \) are used in section 3.6.3.6, Calculation of Single Family Mortgage Losses; and section 3.6.3.7, Stress Test Whole Loan Cash Flows, of this appendix. Quarterly LTV ratios are used in section 3.6.3.8.2.3, Single Family Gross Loss Severity Procedures, of this appendix.

3.6.3.5 Multifamily Default and Prepayment Rates

3.6.3.5.1 Multifamily Default and Prepayment Rates Overview

[a] The Stress Test projects conditional Default and Prepayment rates for each multifamily Loan Group for each month of the Stress Period. Computing Default rates for a Loan Group requires information on the Loan Group characteristics at the beginning of the Stress Test and the economic conditions of the Stress Period—interest rates (section 3.3 of this appendix), vacancy rates and rent growth rates (section 3.4 of this appendix). These input data are used to create values for the explanatory variables in the Multifamily Default component.

[b] Explanatory Variables for Default Rates. Eight explanatory variables are used as specified in the equations in section 3.6.3.5.1, of this appendix, to determine Default rates for multifamily loans: Mortgage Age, Mortgage Age Squared, New Book indicator, Not Ratio-updated ARM indicator, current Debt-Service Coverage Ratio, Underwater Current Debt-Service Coverage Indicator, Loan-To-Value Ratio at origination/acquisition, and a Balloon Maturity indicator. Regression coefficients (weights) are associated with each variable. All of this information is used to compute conditional annual Default rates throughout the Stress Test. The annualized Default rates are converted to monthly conditional Default rates and are used together with monthly conditional Prepayment rates to calculate Stress Test Whole Loan Cash Flows. (See section 3.6.3.7, Stress Test Whole Loan Cash Flows, of this appendix).

[c] Specification of Multifamily Prepayment Rates. Multifamily Prepayment rates are not generated by a statistical model but follow a set of Prepayment rules that capture the effect of yield maintenance, Prepayment penalties and other mechanisms that effectively curtail or eliminate multifamily Prepayments for a specified period of time.

[d] Special Provision for Accounting Calculations. For accounting calculations, which require cash flows over the entire remaining life of the instrument, Default and Prepayment rates for months beyond the end of the Stress Test are estimated by extending the Default and Prepayment rates to the end of the period using the monthly conditional Default and Prepayment rates for that month.
Stress Test are held constant at their values for month 120.

The information in Table 3-38 is required for each multifamily Loan Group:

**3.6.3.5.3 Multifamily Default and Prepayment Procedures**

**3.6.3.5.3.1 Explanatory Variables**

[a] Compute the explanatory variables for multifamily Default and Prepayment in five steps as follows:

1. Calculate Loan Age in Years for months $m = 0...120$ of the Stress Test ($AY_m$):

   $$AY_m = \frac{A_0 + m}{12}$$

   Where:
   - $A_0 + m$ is Loan Age in months at the beginning of month m of the Stress Test.
   - $AY_m$ is calculated for each month m, whereas the corresponding Age variable for single family Loans $A_q$ is calculated only quarterly.

2. Assign product and ratio update flags (NBF, NRAF). Note: these values do not change over time for a given Loan Group.

   a. New Book Flag (NBF):
   - NBF = 1 for Fannie Mae loans acquired after 1987 and Freddie Mac loans acquired after 1992, except for loans that were refinanced...
to avoid a Default on a loan originated or acquired earlier.

NBF = 0 otherwise.

b. Not Ratio-updated Arm Flag (NRAF):

NRAF = 1 if both ARMF = 1 and RUF = 0,
NRAF = 0 otherwise.

Where:

ARMF = 1 for ARMs (including Balloon ARMs)
ARMF = 0 otherwise, and
RUF = 1 if the LTV and DCR were calculated or delegated to have been calculated at origination or recalculated or delegated to have been recalculated at Enterprise acquisition according to current Enterprise standards.
RUF = 0 otherwise

3. Calculate Debt Service Coverage Ratio in month \(m\) (DCR\(_m\)):

The standard definition of Debt Service Coverage Ratio is current net operating income divided by current mortgage payment. However, for the Stress Test, update DCR\(_m\) each month from the prior month’s value using Rent Growth Rates (RGR\(_m\)) and Rental Vacancy Rates (RVR\(_m\)) starting with DCR\(_m\) from Table 3–38, as follows:

\[
DCR\_m = DCR\_{m-1} \times \left[ \frac{\left(1 + RGR\_m \left(\frac{1 - OE - RVR\_m}{1 - OE - RVR\_{m-1}}\right)\right)}{PMT\_m / PMT\_{m-1}} \right]
\]

4. Assign Underwater Debt-Service Coverage Flag (UWDCRF\(_m\)):

UWDCRF\(_m\) = 1 if DCR\(_m\) < 0.98 in month \(m\)
UWDCRF\(_m\) = 0 otherwise.

5. Assign Balloon Maturity Flag (BMF\(_m\)) for any Balloon Loan that is within twelve months of its maturity date:

BMF\(_m\) = 1 if RM – \(m\) < 12

BMF\(_m\) = 0 otherwise.

3.6.3.5.3.2 Default and Prepayment Rates and Performance Fractions

[a] Compute Default and Prepayment Rates and Performance Fractions for multifamily loans in the following four steps:

1. Compute the logits for multifamily Default using inputs from Table 3-38 and coefficients from Table 3-39. For indexing purposes, the Default rate for a period \(m\) is the likelihood of missing the \(m\) payment; calculate its corresponding logit \((X\delta\_m)\) based on Loan Group characteristics as of the period \(prior\) to \(m\), i.e. \(prior\) to making the \(m\)th payment.

\[
X\delta\_m = \delta_0 + \delta_{AY} AY_{m-1} + \delta_{AY^2} AY_{m-1}^2 + \delta_{NBF} NBF + \delta_{NRAF} NRAF + \delta_{DCR} \ln(DCR\_{m-1}) + \delta_{UWDCRF} UWDCRF\_{m-1} + \delta_{LTV} \ln(LTV\_ORIG) + \delta_{BMF} BMF\_{m-1} + \delta_0
\]

2. Compute Annual Prepayment Rate (APR) and Annual Default Rate (ADR) as follows:

\[
ADR\_m = \frac{\exp\left\{X\delta\_m\right\} \times (1 - APR\_m)}{1 + \exp\left\{X\delta\_m\right\}}
\]

APR\(_m\) is a constant, determined as follows:

a. For the up-rate scenario, APR\(_m\) = 0 for all months \(m\)
b. For the down-rate scenario, APR\(_m\) = 0 percent during the Prepayment penalty period (i.e., when \(m\) ≤ PPEM)
APR\(_m\) = 25 percent after the Prepayment penalty period (i.e., when \(m\) > PPEM)

3. Convert annual Prepayment and Default rates to monthly rates (MPR and MDR) using the following formulas for simultaneous processes:

\[
MPR\_m = \frac{APR\_m}{ADR\_m + APR\_m} \times \left[1 - (1 - ADR\_m - APR\_m)^{1/12}\right]
\]

If both ARMF = 0 and RUF = 0, then

4. Calculate Defaulting Fraction (DEF_m), Prepaying Fraction (PRE_m), and Performing Fraction (PERF_m) of the Initial Loan Group for each month m = 1...RM. Initially (immediately prior to the beginning of the Stress Test), all loans are assumed to be performing, i.e. PERF_0 = 1.0.

PRE_m = PERF_{m-1} \times MPR_m

(b) Multifamily monthly Prepayment Fractions (DEF_m^{MF}) and monthly Default Fractions (DEF_m^{MF}) for months m = 1...RM are used in section 3.6.3.6, Calculation of Single Family and Multifamily Mortgage Losses; section 3.6.3.7, Stress Test Whole Loan Cash Flows, and section 3.6.3.8, Whole Loan Accounting Flows, of this appendix.

3.6.3.6 Calculation of Single Family and Multifamily Mortgage Losses

3.6.3.6.1 Calculation of Single Family and Multifamily Mortgage Losses Overview

(a) Definition. Loss Severity is the net cost to an Enterprise of a loan Default. Though losses may be associated with delinquency, loan restructuring and/or modification and other loss mitigation efforts, foreclosures are the only loss events modeled during the Stress Test.

(b) Calculation. The Loss Severity rate is expressed as a fraction of the Unpaid Principal Balance (UPB) at the time of Default. The Stress Test calculates Loss Severity rates for each Loan Group for each month of the Stress Period. Funding costs (and offsetting revenues) of defaulted loans are captured by discounting the Loss Severity elements using a cost-of-funds interest rate that varies during the Stress Period. Table 3–41 specifies the Stress Test Loss Severity timeline. Loss Severity rates also depend upon the application of Credit Enhancements and the credit ratings of enhancement providers.

(c) Timing of the Default Process. Mortgage Defaults are modeled as follows: delinquent loans enter foreclosure after a number of months (MQ, Months in Delinquency) and are foreclosed upon several months later. MF (Months in Foreclosure) is the total number of missed payments. Upon completion of foreclosure, the loan as such ceases to exist and the property becomes Real Estate Owned by the lender (REO). After several more months (MR, Months in REO), the property...

Pt. 1750, Subpt. B, App. A

is sold. Foreclosure expenses are paid and MI proceeds (and, for multifamily loans, loss sharing proceeds) are received when foreclosure is completed. REO expenses are paid, and sales proceeds and other Credit Enhancements are received, when the property is sold. These timing differences are not modeled explicitly in the cash flows, but their economic effect is taken into account by present-valuing the default-related cash flows to the month of Default.

(d) Gross Loss Severity, Credit Enhancement, and Net Loss Severity. The calculation of mortgage losses is divided into three parts. First, Gross Loss Severity is determined by expressing the principal loss plus unpaid interest plus expenses as a percentage of the loan UPB at the time of Default (section 3.6.3.6.2, Single Family Gross Loss Severity, and section 3.6.3.6.3, Multifamily Gross Loss Severity, of this appendix). Second, Credit Enhancements (CEs) are applied according to their terms to offset losses on loans that are covered by one or more CE arrangements (section 3.6.3.6.4, Mortgage Credit Enhancement, of this appendix). Finally, to account for the timing of these different cash flows, net losses are discounted back to the month in which the Default initially occurred (section 3.6.3.6.5, Single Family and Multifamily Net Loss Severity, of this appendix).

3.6.3.6.2 Single Family Gross Loss Severity
3.6.3.6.2.1 Single Family Gross Loss Severity Overview

The Loss Severity calculation adds the discounted present value of various costs and offsetting revenues associated with the foreclosure of single family properties, expressed as a fraction of UPB on the date of Default. The loss elements are:

(a) Unpaid Principal Balance. Because all Loss Severity elements are expressed as a fraction of Default date UPB, the outstanding loan balance is represented as 1.

(b) Unpaid Interest. Unpaid interest at the Mortgage Interest Rate is included in the MI claim amount. Unpaid interest at the Pass-Through Rate must be paid to MBS holders until the Defaulted loan is repurchased from the MBS pool.

(c) Foreclosure Expenses and REO Expenses. Foreclosure expenses are reimbursed by MI. REO expenses are incurred in connection with the maintenance and sale of a property after foreclosure is completed. Stress Test values for these quantities are derived from historical Enterprise REO experience.

(d) Net Recovery Proceeds from REO sale (RP). This amount is less than the sale price for ordinary properties as predicted by the HPI, because of the distressed nature of the sale.

### 3.6.3.6.2.3 Single Family Gross Loss Severity Procedures

1. Compute REO Proceeds in month $m$ ($RP_m$) as a fraction of Defaulted UPB:

$$RP_m = \frac{RR}{LTV_q}$$

2. Compute MI Claim Amount on loans that defaulted in month $m$ ($CLM_{m}^{MI}$) as a fraction of Defaulted UPB:

$$CLM_{m}^{MI} = 1 + \left(\frac{MF}{12} \times MIR_m\right) + F$$

for all loans other than Government Loans

$$= 1 + \left(0.75 \times \frac{MF}{12} \times MIR_m\right) + (0.67 \times F)$$

Where:

- $0.67 = $FHA reimbursement rate on foreclosure-related expenses
- $0.75 = $adjustment to reflect that $FHA reimbursement on unpaid interest is at a government debenture rate, not MIR.

3. Compute Gross Loss Severity of loans that defaulted in month $m$ ($GLS_m$) as a fraction of Defaulted UPB:

$$GLS_m = 1 + \left(\frac{MQ}{12} \times PTR_m\right) + F + R - RP_m$$

but not $< 0$

3.6.3.6.3 Multifamily Gross Loss Severity

3.6.3.6.3.1 Multifamily Gross Loss Severity Overview

The multifamily Loss Severity calculation adds the discounted present value of various costs and offsetting revenues associated with the foreclosure of multifamily properties, expressed as a fraction of Defaulted UPB. The loss elements are:

[a] Unpaid Principal Balance (UPB). Because all Loss Severity elements are expressed as a fraction of Default date UPB, the outstanding loan balance is represented as 1.

[b] Unpaid Interest. Unpaid interest at the Net Yield Rate is included in the Loss Sharing Claim amount. Unpaid interest at the Pass-Through Rate must be paid to MBS holders until the defaulted loan is repurchased from the MBS pool.

[c] Net REO Holding Costs (RHC). Foreclosure costs, including attorneys fees and other liquidation expenses are incurred between the date of Default and the date of foreclosure completion (REO acquisition). Operating and capitalized expenses are incurred and rental and other income are received between REO acquisition and REO disposition. As a result, half of the Net REO Holding Costs (RHC) are expensed at REO acquisition and the remainder are expensed at REO disposition.

[d] Net Proceeds from REO sale (RP). The gross sale price of the REO less all costs associated with the disposition of the REO asset are discounted from the date of REO sale.

3.6.3.6.3.3 Multifamily Gross Loss Severity Procedures

[a] Calculate multifamily gross loss severity in the following two steps:

3.6.3.6.4 Mortgage Credit Enhancement

3.6.3.6.4.1 Mortgage Credit Enhancement Overview

[a] Types of Mortgage Credit Enhancements. Credit Enhancements (CE) reimburse losses on individual loans. The CE most often utilized by the Enterprises at the present time is primary Mortgage Insurance (MI) including both private and government MI or loan guarantees (e.g. FHA, VA), which pays claims up to a given limit on each loan. Most other types of CE do not limit the amount payable on each loan individually, but do limit the aggregate amount available under a given CE arrangement or Contract. These two types of CE must be computed differently. To denote this distinction, this appendix will refer to “Loan Limit” and “Aggregate Limit” CE types. Loan Limit CE includes Mortgage Insurance for single family loans and Loss-Sharing Arrangements (LSA) for multifamily loans. Aggregate Limit CE includes Pool Insurance, Spread Accounts, Letters of Credit, Cash or Collateral Accounts, and Subordination Agreements. For operational convenience in the Stress Test, the Aggregate Limit classification also includes Unlimited Recourse, which has neither loan-level nor aggregate-level coverage limits, and Modified Pool Insurance, Limited Recourse, Limited Indemnification and FHA risk-sharing, which have both loan-level and aggregate-level coverage limits.

(b) Loan Limit Credit Enhancements. Loan Limit Credit Enhancements are applied to every covered loan individually, without regard to how much has been paid on any other covered loan. For example, an MI policy covers losses on an individual loan up to a specified limit. If every loan with MI were to Default, every claim would be payable regardless of the total outlay on the part of the MI provider. Loss Sharing Arrangements on multifamily loans operate the same way.

(c) Aggregate Limit Credit Enhancements. Aggregate Limit Credit Enhancements cover a group of loans on an aggregate basis. In most such arrangements, the coverage for any individual loan is unlimited, except that the total outlay by the provider cannot exceed a certain aggregate limit. Thus, the amount of Aggregate Limit coverage available to an individual loan depends, in practice, on how much has been paid on all previous claims under the specified Contract.

(d) Credit Enhancement Counterparty Defaults. CE payments from a rated counterparty are subject to Haircuts to simulate counterparty failures during the Stress Test. These Haircuts are based on the rating of the counterparty or guarantor immediately prior to the Stress Test, and are applied each month as described in section 3.5, Counterparty Defaults, of this appendix.

(e) Stress Test Application of Credit Enhancement. The Stress Test calculates mortgage cash flows for aggregated Loan Groups, within which individual loans are assumed to have identical characteristics, and therefore are not differentiated in the computations. However, a single Loan Group may include loans with Loan Limit CE and/or one or more types of Aggregate Limit CE. Additionally, this coverage may come from a rated provider or from cash or cash-equivalent collateral. Therefore, for computational purposes it is necessary to distinguish among the different possible CE combinations that each loan or subset of loans in a Loan Group may have. In the Stress Test, this is accomplished by creating Distinct Credit Enhancement Combinations (DCCs).

1. Distinct Credit Enhancement Combinations. When aggregating individual loans into Loan Groups for the RBC Report, the applicable CE arrangements will have been identified for each loan:

a. Loan Group (LG) Number
b. Initial UPB of individual loan
c. Rating of MI or LSA Counterparty
Federal Housing Enterprise Oversight, HUD
Pt. 1750, Subpt. B, App. A

3. Individual loans for which all of the entries in step 1) of this section (except UPB and Loan-Limit Coverage Percent) are identical, are aggregated into a DCC. For example, all loans in a given Loan Group with MI from a AAA-rated provider and no other CE would comprise one DCC whose balance is the aggregate of the included loans and whose MI Coverage Percent is the weighted average of that of the included loans. In each month, within each Loan Group, for each DCC, each applicable form of CE is applied in priority order to reduce Gross Loss Severity as much as possible to zero. The total CE payment for each DCC, as a percentage of Defaulted UPB is converted to a total CE payment for each Loan Group and then factored into the calculation of Net Loss Severity in section 3.6.3.6.5, Single Family and Multifamily Net Loss Severity, of this appendix.

3. DCC First and Second Priority Available Aggregate CE Balance. In the Stress Test, First and Second Priority Available Aggregate CE Balances are allocated to the DCCs that are parties to each Contract on a pro-rata basis. Third and Fourth Priority Aggregate Limit Contracts are not modeled because they are extremely rare. In each month of the Stress Test, these CE Balances, adjusted by appropriate Haircuts, are reduced by the losses incurred by each DCC that is a party to each Contract. Spread Account deposits, if applicable, are included in the First and Second Priority DCC Available Aggregate CE Balances.

a. Spread Accounts may take one of two forms: Balance-Limited, or Deposit-Limited. A Balance-Limited Spread Account receives monthly spread payments based on the UPB of the covered loans until a required balance is achieved and maintained. Any amounts paid to cover losses must be replenished by future spread payments from the covered loans that are still performing. Thus, there is no known limit to the amount of spread deposits that may be made over the life of the covered loans. In contrast, for a Deposit-Limited Spread Account the limit is similar to a customary coverage limit. The total amount of spread deposits made into the account is limited to a maximum amount specified in the Contract.

b. In the Stress Test, the Available Contract Balance of a Spread Account is adjusted prior to the calculation of the DCC Available Balance as reported in the RBC Report. For each Spread Account contract, the Enterprises report the Remaining Limit Amount, which represents the maximum dollar amount of additional spread deposits that could be required under the Contract. For Deposit-Limited Spread Accounts, this amount is the maximum remaining dollar amount of spread deposits required under the Contract. For Balance-Limited Spread Accounts, this amount is defined as one-twelfth of the annualized spread rate times the UPB of the covered loans at the start of the Stress Test times the weighted average Remaining term to Maturity of those loans. However, the maximum amount of spread deposits that could be received will generally be higher than the amount reasonably expected to be received during the Stress Test, because the UPB of the covered loans, which is the basis for determining the amounts of future spread deposits, declines over the term of the Contract due to Amortization, Defaults, and Prepayments. Therefore, the Enterprises report an adjusted Available Contract Balance for both types of Spread Accounts before reporting the DCC Available Balance by adding the lesser of the Remaining Limit Amount or one-twelfth of the spread rate times the UPB of the covered loans at the start of the Stress Test times 60 months.

c. Modified Pool Insurance, Limited Recourse, Limited Indemnification and FHA risk-sharing contracts may have both loan-level and aggregate-level coverage limits. To account for this aspect of these types of Aggregate Limit CE, the Enterprises report a DCC Loan Level Coverage Limit Amount, which represents the share of each loss after deductibles (such as MI or First Priority Contract payments) covered by a given MPI Contract. (The Loan Level Coverage Limit Amount takes the value of zero if the Contract is not of this type, representing that 100 percent of losses are covered by other types of Contracts).

d. In practice, Unlimited Recourse Contracts have neither loan-level nor aggregate-level coverage limits. However, the Enterprises report the Available Aggregate CE Balance of Unlimited Recourse Contracts as the summation of the Original UPB of all covered loans.

e. The Available Aggregate CE Balances of Collateral Account Contracts funded with anything other than Cash or Cash-
equivalents are discounted by thirty percent to account for market risk in securities that are not cash equivalents.

f. Enterprise Loss Positions are treated as Aggregate Limit CE in terms of reducing remaining losses eligible to be covered by a next-priority Contract. However, since Enterprise Loss Positions are typically a deductible for other forms of supplementary coverage, payments from such accounts do not reduce loss severity.

(f) **Multiple Layers of Credit Enhancement.** For loans with more than one type of Credit Enhancement, MI or Loss Sharing is applied first, and then other types of CE (if available) are applied in priority order to the remaining losses. MI and Loss Sharing claims are payable regardless of whether (and to what extent) a loan is also covered by other forms of CE. MI is unique in that the MI payment is based on a percentage of a Claim Amount equal to the entire Defaulted UPB plus expenses, not the actual loss incurred upon liquidation. Therefore, an Enterprise can receive MI payments on a defaulted loan in excess of the actual realized loss on that loan. However, it is frequently the case that MI payments are insufficient to cover the entire loss amount. In such cases, one or more types of Aggregate Limit CE may be available to make up the deficiency. Unlike MI claims, however, the Claim Amounts for Loss Sharing and for all Aggregate Limit CE types do depend on the actual losses incurred; and unlike Loss Sharing and MI, Claim Amounts payable under other forms of CE are net of payments received on account of other forms of CE. When a single loan is covered by multiple forms of CE, the order in which they are to be applied (First Priority, Second Priority, etc.) must be specified. To avoid double-counting, a higher-numbered priority CE only covers losses that were not covered by a lower-numbered priority CE.

3.6.3.6.4.3 Mortgage Credit Enhancement Procedures

[a] For each month m of the Stress Test, for each Loan Group (LG), carry out the following six steps [a] 1-6 for each DCC.

Note: Process the Loan Groups and DCCs using the numerical order assigned to them in the RBC Report.

1. Determine Mortgage Insurance Payment (MIₘ) for single family loans in the DCC, or Loss Sharing Payment (LSAₘ) for multifamily loans in the DCC, as a percentage of Defaulted UPB, applying appropriate counterparty Haircuts from section 3.5., of this appendix:

\[
MIₘ^{DCC} = (1 - \text{MIExp}^{LG}_{m}) \times C^{ML,DCC} \times \text{CLM}^{ML,\text{LG}}_{m} \times \left[1 - \frac{m'}{120} \times \text{MaxHct} \left(\text{R}^{ML,DCC}\right)\right]
\]

\[
LSAₘ^{DCC} = C^{LSA,DCC} \times CLM^{LSA,\text{LG}}_{m} \times \left[1 - \frac{m'}{120} \times \text{MaxHct} \left(\text{R}^{LSA,DCC}\right)\right]
\]

Where:

\[m' = m, \text{ except for counterparties rated below BBB, where } m' = 120\]

\[\text{MIExp}^{LG}_{m} = 1 \text{ if } \left(\frac{\text{LTV}_{\text{LG}} \times \text{UPB}^{LG}_{\text{LG}}}{\text{UPB}^{LG}_{\text{LG}}}ight) < 0.78\] and the loan group comprises conventional loans

\[\text{MIExp}^{LG}_{m} = 0 \text{ otherwise}\]

0.78 (78%) = the LTV at which MI is cancelled if payments are current

2. Determine Remaining Loss in Dollars (RLD) after application of MI or LSA and prior to application of other Aggregate Limit CE:

\[
\text{RLD}^{DCC,(MI-LSA)}_{m} = \max\left(\text{GLS}^{LG}_{m} - \text{MI}^{DCC}_{m}, 0\right) \times P^{DCC} \times \text{UPB}^{LG}_{m-1} \times \text{DEF}^{LG}_{m}
\]

3. Determine the contractual CE Payment in Dollars under the First Priority Contract Cl. Determine Payment after Haircut. Update Remaining Loss Dollars and DCC Available Balance.

a. Determine CE Payment as the minimum of the Remaining Loss Dollars after MI or LSA (if applicable) times the DCC Loan-Level Coverage Limit ( = 1 if not MPI Contract) or the previous month’s ending DCC Available Balance:
Federal Housing Enterprise Oversight, HUD

Pt. 1750, Subpt. B, App. A

\[ PD_{m}^{DCC,CI} = \min \left( RLD_{m}^{DCC,MI-LSA} \times C_{m}^{DCC,CI}, AB_{m-1}^{DCC,CI} \right) \]

b. Determine CE Payment in Dollars after application of Haircuts:

\[ PD_{m}^{DCC,CI,H} = PD_{m}^{DCC,CI} \times \left[ 1 - \frac{m'}{120} \times \text{MaxHct} \left( R_{m}^{DCC,CI} \right) \right] \]

Where:

- \( m' = m \), except for counterparties rated below BBB, where \( m' = 120 \)

4. Determine the contractual CE Payment in Dollars under the Second Priority Contract C2. Determine Payment after Haircut. Update Remaining Loss Dollars and DCC Available Balance under the First Priority Contract C1:

\[ RLD_{m}^{DCC,CI} = \max \left( RLD_{m}^{DCC,MI-LSA} - PD_{m}^{DCC,CI,H}, 0 \right) \]

\[ AB_{m}^{DCC,CI} = \max \left( \left[ AB_{m-1}^{DCC,CI} - PD_{m}^{DCC,CI} \right] \times \left( 1 - \text{Exp}_{m}^{DCC,CI} \right), 0 \right) \]

Where:

- \( \text{Exp}_{m}^{DCC,CI} = 1 \) if the Contract has expired, i.e. if the calendar month corresponding to the \( m \)-th month of the Stress Test is on or after the expiration month (ExpMo)
- \( \text{Exp}_{m}^{DCC,CI} = 0 \) otherwise

a. Determine CE Payment as the minimum of the Remaining Loss Dollars after C1 Payment (if applicable) times a DCC Loan-Level Coverage Limit (\( = 1 \) if not MPI Contract) or the previous month’s ending DCC Available Balance:

\[ PD_{m}^{DCC,C2} = \min \left( RLD_{m}^{DCC,CI} \times C_{m}^{DCC,C2}, AB_{m-1}^{DCC,C2} \right) \]

b. Determine CE Payment in Dollars after application of Haircuts:

\[ PD_{m}^{DCC,C2,H} = PD_{m}^{DCC,C2} \times \left[ 1 - \frac{m'}{120} \times \text{MaxHct} \left( R_{m}^{DCC,C2} \right) \right] \]

Where:

- \( m' = m \), except for counterparties rated below BBB, where \( m' = 120 \)

c. Update DCC Remaining Loss Dollars and DCC Available Balance under the Second Priority Contract C2:
\[
R_{LD_{m,DCC,C}}^{C2} = \max\left(R_{LD_{m,DCC,C1}}^{C2} - P_{D_{m,DCC,C2,H}}^{C2}, 0\right)
\]
\[
A_{B_{m,DCC,C}}^{C2} = \max\left(\left[A_{B_{m-1,DCC,C}}^{C2} - P_{D_{m,DCC,C2}}^{C2}\right] \times \left(1 - \text{Exp}_{m,DCC,C}^{C2}\right), 0\right)
\]

Where:
- \(\text{Exp}_{m,DCC,C}^{C} = 1\) if the Contract has expired, i.e. if the calendar month corresponding to the \(m\)th month of the Stress Test is on or after the expiration month (ExpMo\(C\))
- \(\text{Exp}_{m,DCC,C}^{C} = 0\) otherwise

5. Convert Aggregate Limit First and Second Priority Contract receipts in Dollars for each DCC in month \(m\) to a percentage of DCC Defaulted UPB:

\[
\text{ALPD}_{DCC}^{m} = \text{DEF}_{m,DCC}^{m} \text{UPB}_{m,DCC}^{m-1} \times P_{DCC}^{m}
\]

Where:
- \(\text{ELP}_{DCC,C}^{C} = 0\) if \(\text{ELP}_{DCC,C}^{C} = Y\) (Yes, indicating that Contract \(C\) is an Enterprise Loss Position)
- \(\text{ELP}_{DCC,C}^{C} = 1\) otherwise

6. Add the Loan Limit CE (MI and LSA) and Aggregate Limit CE (ALPD), each expressed as a share of DCC Defaulted UPB, separately for each DCC to increment the respective Loan Group totals:

\[
\text{MI}_{m,DCC}^{LG} = \text{MI}_{m}^{LG} + \left[P_{DCC}^{LG} \times \text{MI}_{m}^{DCC}\right]
\]
\[
\text{LSA}_{m,DCC}^{LG} = \text{LSA}_{m}^{LG} + \left(P_{DCC}^{LG} \times \text{LSA}_{m}^{DCC}\right)
\]
\[
\text{ALCE}_{m,DCC}^{LG} = \text{ALCE}_{m}^{LG} + \left(P_{DCC}^{LG} \times \text{ALPD}_{m,DCC}^{LG}\right)
\]

(b) \(\text{MI}_{m}^{LG}\) or \(\text{LSA}_{m}^{LG}\) and \(\text{ALCE}_{m}^{LG}\) for months \(m = 1...120\) of the Stress Test are used in section 3.6.3.6.5, Single Family and Multifamily Net Loss Severity, of this appendix.
Combine inputs and outputs from Gross Loss Severity and Credit Enhancements (Table 3-42 through Table 3-49) in the following formulas for each Loan Group in month m:

(a) For Conventional single family Loan Groups:

\[ MI_{Exp}^{LC} = \begin{cases} 1 \text{ if} & \left( \frac{LTV_{UPB}}{UPB_{LOAN}} \right) < 0.78 \text{ and the loan group comprises conventional loans} \\ 0 \text{ otherwise} \end{cases} \]

0.78 (78%) = the LTV at which MI is cancelled if payments are current

(b) For Government single family Loan Groups, complete the following three steps:

1. Compute a Loss Severity value for FHA-insured loans using the Conventional formula for all government loans. FHA reimbursement rates will be reflected in the value of \( MI_m \), as computed in section 3.6.4.3, Mortgage Credit Enhancement Procedures, of this appendix.

2. Compute a Loss Severity value for VA-insured loans as follows for all government loans:

\[
LS_{m}^{VA} = \max \left[ \frac{1 + F \times \left( \frac{MQ}{12} \times PTR_m \right) + \left( R - RP_m \right) - 0.30}{1 + \frac{DR_m}{2}} \right], 0
\]

Where:

0.30 is a fixed percentage representing the VA guarantee coverage percentage. (The VA coverage rate is a function of the initial loan size.)

3. Compute Net Loss Severity by combining FHA-insured and VA-insured Loss Severity values as follows:

\[
LS_{m}^{SF,GVT} = \left( \frac{2}{3} \times LS_{m}^{SF} \right) + \left( \frac{1}{3} \times LS_{m}^{VA} \right)
\]

(c) For multifamily Loan Groups other than FHA-Insured:

\[
LS_{m}^{MF} = \frac{1 + \left( \frac{MQ}{12} \times PTR_m \right)}{1 + \frac{DR_m}{2}} + \frac{RHC}{2} - LSA_m + \frac{RHC}{2} - RP - ALCE_m \frac{MF+MR}{6}
\]

\[
\frac{MF+MR}{6}
\]
[d] For FHA-Insured multifamily Loan Groups:
Federal Housing Enterprise Oversight, HUD
Pt. 1750, Subpt. B, App. A

LS\textsuperscript{MF} = 0.03 (3 percent) for all months

**3.6.3.7.3 Stress Test Whole Loan Cash Flow Procedures**

[a] Calculate Stress Test whole loan cash flows using the following nine steps:

1. Calculate Scheduled Principal Received (SPR) in month \(m\):
   \[
   SPR_m = \max (SP_m, 0) \times (PERF_m + PRE_m)
   \]
   **NOTE:** Scheduled Principal Received is zero, not negative, when amortization is negative.

2. Calculate Net Interest Received (NIR) in month \(m\).
   Any interest shortfall due to Negative Amortization reduces Net Yield directly. **Note:** NIR includes loans that default in month \(m\), because lost interest is included in Credit Losses in step 6) of this section. (See section 3.6.3.6, Calculation of Single Family and Multifamily Mortgage Losses, of this appendix.)

   \[
   NIR_m = \left[ \left( \frac{UPB_{m-1}}{12} \times NYR_m \right) + \min (SP_m, 0) \right] \times PERF_{m-1}
   \]

3. Calculate Prepaid Principal Received (PPR) in month \(m\):

   \[
   PPR_m = UPB_m \times PRE_m
   \]

4. Calculate newly Defaulted Principal (DP) in month \(m\):

   \[
   DP_m = UPB_{m-1} \times DEF_m
   \]

5. Calculate Recovery Principal Received (RPR) on account of loans that Defaulted in month \(m\):

   \[
   RPR_m = UPB_{m-1} \times DEF_m \times (1 - LS_m)
   \]

6. Calculate Credit Losses (CL) on account of loans that Defaulted in month \(m\):

   \[
   CL_m = UPB_{m-1} \times DEF_m \times LS_m
   \]
   In addition, if \(m = RM\) and \(UPB_m > 0\) then,

   \[
   CL_{RM} = \left( UPB_{RM} \times PERF_{RM} \right) + \left( UPB_{RM-1} \times DEF_{RM} \times LS_{RM} \right),
   \]
   and

   \[
   PUPB_{RM} = 0
   \]

7. Calculate Performing Loan Group UPB in month \(m\) (PUPBₘ), including PUPB₀.

   **Note:** All loans are assumed to be performing in month \(0\); therefore \(PUPB_0 = UPB_0\).

   \[
   PUPB_m = UPB_m \times PERF_m
   \]
8. Calculate Total Principal Received (TPR) and Total Interest Received (TIR) in month m:

\[ TPR_m = SPR_m + PPR_m + RPR_m \]

\[ TIR_m = NIR_m \]

9. For Sold Loans, calculate the following cash flow components:

a. Guarantee Fee (GF) received in month m:

\[ GF_m = UPB_{m-1} \times \frac{GFR}{12} \times (PERF_m + PRE_m) \]

b. Float Income (FI) received in month m:

\[ FI_m = SPR_m + PPR_m + RPR_m - \left( \frac{UPB_{m-1} \times PRE_m}{12} \right) \times \left( \frac{PERF_m + PRE_m}{12} \right) \times \left( \frac{PIS_m}{12} \right) \]

where: Prepayment Interest Shortfall (PIS) in month m is:

\[ PIS_m = UPB_{m-1} \times \frac{PRE_m \times PTR_m}{12} \]

if FDP ≥ 30

\[ PIS_m = UPB_{m-1} \times \frac{PRE_m \times PTR_m}{24} \]

if 15 ≤ FDP < 30

3.6.3.7.4 Stress Test Whole Loan Cash Flow Outputs

The Whole Loan Cash Flows in Table 3–52 are used to prepare pro forma balance sheets and income statements for each month of the Stress Period (see section 3.10 Operations, Taxes and Accounting, of this appendix). For Retained Loan groups, cash flows consist of Scheduled Principal, Prepaid Principal, Defaulted Principal, Credit Losses, and Interest. For Sold Loan groups, cash flow consists of Credit Losses, Guarantee Fees and Float Income. For Repurchased MBSs, cash flows are allocated according to the Fraction Repurchased. Table 3–52 covers all cases; for Retained Loans FREP = 1.0.

3.6.3.8 Whole Loan Accounting Flows

3.6.3.8.1 Whole Loan Accounting Flows Overview

(a) For accounting purposes, cash flows are adjusted to reflect (1) the value over time of discounts, premiums and fees paid or received (Deferred Balances) when an asset was acquired; and (2) the fact that mortgage interest is paid in arrears, i.e. it is received in the month after it is earned. In the Stress Test calculations, payments are indexed by the month in which they are received. Therefore, interest received in month m was earned in month m – 1. However, principal is accounted for in the month received.

(b) Deferred Balances are amortized over the remaining life of the asset. Therefore, these calculations go beyond the end of the Stress Test if the Remaining Maturity (RM) is greater than the 120 months of the Stress Test. The projection of cash flows beyond the end of the Stress Test is discussed in the individual sections where the cash flows are first calculated. In general, for interest rate indexes, monthly Prepayment rates and monthly Default rates, the value for m = 120 is used for all months 120 < m ≤ RM, but LS = 0 for m > 120.

### 3.6.3.8.3 Whole Loan Accounting Flows

#### 3.6.3.8.3.1 Accounting for Retained and Sold Whole Loans

[a] Complete the following three steps to account for Retained and Sold loans:

1. **Compute Allocated Interest in month m (\(A_{IM}\)) as follows:**
   
   \[ A_{IM} = PUPB_{m-1} \times \frac{NYR_0}{12} \]

   **Note:** Allocated Interest is used only to determine the allocation of Amortization Expense over time, not to generate actual cash flows.

2. Calculate the monthly Internal Rate of Return (IRR) that equates the adjusted cash flows (actual principal plus Allocated Interest) to the Initial Book Value (\(BV_0\)) of the Loan Group. A single IRR is used for all months m. Solve for IRR such that:

   \[ BV_m = \sum_{m=0}^{RM} ACF_m (1 + IRR)^m \]

   Where:

   - \(BV_0 = PUPB_0 + UPD_0\)
   - \(ACF_m = A_{IM} - PUPB_m - PUPB_{m-1}\)

3. **Calculate the monthly Amortization Expense for each month m:**
   a. If \(BV_0 < 0\), or if 12 \(\times\) IRR > 1.0 (100%), or if \(BV_0 > \sum_{m=1}^{RM} ACF_m\)

   then the full amount of UPD_0 is realized in the first month (\(AE_0 = -UPD_0\)).
   b. Otherwise:

   \[ AE_m = \begin{cases} (BV_{m-1} \times IRR) - A_{IM} & \text{if } PUPB_m > 0 \\ -UPD_{m-1} & \text{if } PUPB_m = 0 \end{cases} \]

   \[ UPD_m = UPD_{m-1} + AE_m \]

   \[ BV_m = PUPB_m + UPD_m \]

#### 3.6.3.8.3.2 Additional Accounting for Repurchased MBSs

[a] Complete the following three steps to account for Repurchased MBSs:

1. **Compute Security Allocated Interest in month m (\(SA_{IM}\)) as follows:**
   
   \[ SAI_m = SPUPB_{m-1} \times \frac{PTR_0}{12} \]

   **Note:** Security Allocated Interest is used only to determine the allocation of Security Amortization Expense over time, not to generate actual cash flows.

2. Calculate the monthly Internal Rate of Return (IRR) that equates the adjusted cash flows (actual principal plus Allocated Interest) to the Initial Book Value (\(SBV_0\)) of the Loan Group. A single IRR is used for all months m. Solve for IRR such that:

   \[ SBV_m = \sum_{m=0}^{RM} SACF_m (1 + IRR)^m \]

   Where:

   - \(SBV_0 = SPUPB_0 + SUPD_0\)
   - \(SACF_m = SA_{IM} - SPUPB_m + SPUPB_{m-1}\)

3. **Calculate the monthly Security Amortization Expense for each month m:**
   a. If \(SBV_0 < 0\), or if 12 \(\times\) IRR > 1.0 (100%), or if \(SBV_0 > \sum_{m=1}^{RM} SACF_m\)

   then the full amount of SUPD_0 is realized in the first month (\(SAE_0 = -SUPD_0\)).

The final outputs for section 3.6, Whole Loan Cash Flows, of this appendix are as specified in Table 3–52, and Table 3–55.

3.7 Mortgage-Related Securities Cash Flows

3.7.1 Mortgage-Related Securities Overview

(a) Mortgage-Related Securities (MRSs) include Single Class MBs, Multi-class MBs (REMICs or Collateralized Mortgage Obligations (CMOs)), Mortgage Revenue Bonds (MRBs), and Derivative Mortgage Securities such as Interest-Only and Principal-Only Stripped MBs. MBs and Derivative Mortgage Securities are issued by the Enterprises, Ginnie Mae and private issuers. MRBs are issued by State and local governments or their instrumentalities. For computational purposes, certain Asset-Backed Securities (ABS) backed by mortgages (mortgage ABSs backed by manufactured housing loans, second mortgages or home equity loans) are treated as REMICs in the Stress Test.

(b) Cash flows from Single Class MBs represent the pass-through of all principal and interest payments, net of servicing and guarantee fees, on the underlying pools of mortgages. Cash flows from Multi-Class MBs and Derivative Mortgage Securities represent a specified portion of the cash flows produced by an underlying pool of mortgages and/or Mortgage-Related Securities, determined according to rules set forth in offering documents for the securities. MRBs may have specific maturity schedules and call provisions, whereas MBs have only expected maturities and, in most cases, no issuer call provision (other than “cleanup calls” if the pool balance becomes quite small). However, the timing of principal payments for MRBs is still closely related to that of their underlying mortgage collateral. The Stress Test treats most MRBs in a manner similar to single class MBs. Finally, a small number of Enterprise and private label REMIC securities for which modeling information is not readily available and which are not modeled by a commercial information service (referred to as “miscellaneous MRS”) are treated separately.

(c) In addition to reflecting the defaults of mortgage borrowers during the Stress Period, the Stress Test considers the possibility of issuer Default on Mortgage-Related Securities. Credit impairments throughout the Stress Period are based on the rating of these securities, and are modeled by reducing contractual interest payments and “writing down” principal. No Credit Losses are assumed for the Enterprise’s own securities and Ginnie Mae securities (see section 3.5.3, Counterparty Defaults Procedures, of this appendix).

(d) The calculation of cash flows for Mortgage-Related Securities requires information from the Enterprises identifying their holdings, publicly available information characterizing the securities, and information on the interest rate, mortgage performance and credit rating (for rated securities).

(e) Cash and accounting flows—monthly principal and interest payments and amortization expense—are produced for each month of the Stress Period for each security. (Principal- and interest-only securities pay principal or interest respectively.) These cash flows are input to the Operations, Taxes, and Accounting component of the Stress Test.

(b) The Stress Test requires sufficient information about the cash flow allocation rules among the different classes of a Multi-Class MBS to determine the cash flows for the individual class(es) owned by an Enterprise, including descriptions of the component classes of the security, the underlying collateral, and the rules directing cash flows to the component classes. This information is obtained from offering documents or securities data services. In the Stress Test, this information is used either as an input to a commercial modeling service or, for securities that are not so modeled, to derive an approximate modeling treatment as described more fully in this section.

(c) If a Derivative Mortgage Security is itself backed by one or more underlying securities, sufficient information is required for each underlying security as described in the preceding paragraph.

3.7.2.1.3 Mortgage Revenue Bonds and Miscellaneous MRSs

[a] The Stress Test requires two types of information for Mortgage Revenue Bonds and miscellaneous MRS held by an Enterprise at the start of the Stress Test: information identifying the Enterprise’s holdings and the contractual terms of the securities. 3.7.2.2 Interest Rate Inputs

Interest rates projected for each month of the Stress Period are used to calculate principal amortization and interest payments for ARM MBSs and MRBs, and for Derivative Mortgage Securities with indexed coupon rates. This information is produced in section 3.3, Interest Rates, of this appendix.

3.7.2.3 Mortgage Performance Inputs

Default and Prepayment rates for the loans underlying a single- or multiclass MBS are computed according to the characteristics of the loans as specified in this section 3.7.2, Mortgage-Related Securities Inputs. LTV and Census Region are not uniquely specified for the loans underlying a given security; instead, the Prepayment and Default rates are averaged over all LTV categories, weighted according to the distribution of LTVs given in Table 3–59. (This weighting applies to Time Zero, i.e., the start of the Stress Test; the weightings will change over time as individual LTV groups pay down at different rates. See section 3.7.3, Mortgage-Related Securities Procedures, of this appendix.) Instead of Census Division, the national average HPI is used for all calculations in this section.

3.7.2.4 Third-Party Credit Inputs

For securities not issued by the Enterprise or Ginnie Mae, issuer Default risk is reflected by haircutting the instrument cash flows based on the rating of the security, as described in section 3.5, Counterparty Defaults, of this appendix.

NOTE: Amortized Original LTV (also known as the “current-loan-to-original-value” ratio) is the Original LTV adjusted for the change in UPB but not for changes in property value.
3.7.3 Mortgage-Related Securities

Procedures

The following sections describe the calculations for (1) single class MBSs, (2) Multi-Class MBSs and derivative mortgage securities, and (3) MRBs and miscellaneous MRS.

3.7.3.1 Single Class MBSs

(a) The calculation of cash flows for single class MBSs is based on the procedures outlined earlier in section 3.6, Whole Loan Cash Flows, of this appendix. The collateral (i.e., the mortgage pool) underlying each MBS is treated as one single family Loan Group with characteristics equal to the weighted average characteristics of the underlying loans.

(b) For each MBS, compute the scheduled cash flows specified in Table 3–33, as directed in section 3.6.3.3.3, Mortgage Amortization Schedule Procedures of this appendix, with the following exceptions and clarifications:

1. The Net Yield Rate (NYR) is not used in the MBS calculation. Instead, the Pass-Through Rate (for Fixed-Rate MBSs) and INDEX + Net Margin (for Adjustable-Rate MBSs) are used.

2. PMT is not a direct input for MBSs. (That is, it is not specified in the RBC Report.) Instead, compute PMT from UPB, MIR, and remaining amortizing term AT, using the standard mortgage payment formula (and update it as appropriate for ARMs, as described in the Whole Loan calculation).

3. For ARM MBS, interest rate and monthly payment adjustments for the underlying loans are calculated in the same manner as they are for ARM Loan Groups.

4. MBSs backed by Biweekly mortgages, GPMs, TPMs, GEMs, and Step mortgages are mapped into mortgage types as described in section 3.6, Whole Loan Cash Flows, of this appendix.

(c) Use the Loan Group characteristics to generate Default and Prepayment rates as described in section 3.6.3.4.3, Single Family Default and Prepayment Procedures, of this appendix. For the following explanatory variables that are not specified for MBSs, proceed as follows:

1. For fixed rate Ginnie Mae certificates and the small number of multifamily MBS held by the Enterprises, use the model coefficients for Government Loans. For loans underlying Ginnie Mae ARM certificates, use the conventional ARM model coefficients.

2. Set Investor Fraction (IF) = 7.56%

3. Set Relative Loan Size (RLS) = 1.0. For Ginnie Mae certificates, use RLS = 0.75.

4. For LTVOAS of the underlying loans: Divide the MBS’s single weighted average Loan Group into several otherwise identical Loan Groups (“LTV subgroups”), one for each Original LTV range specified in Table 3–59. UPB for each of these LTV subgroups is the specified percentage of the aggregate UPB, AOLTVoration, for each subgroup is also specified in Table 3–59. For Ginnie Mae certificates, use only the 95 <LTV ≤100 LTV category and its associated weighted average LTV.

5. For each LTV subgroup, compute LTVOAS as follows:

$$LTV_0 = AOLTV_0 \times \left( \frac{HPI_{\text{ORIG}}}{HPI} \right)^{AQ_0 - AQ_0'}$$

Where:

- HPI = the national average HPI figures in Table 3–60 (updated as necessary from subsequent releases of the OFHEO HPI).
- A0 = weighted average age in months of the underlying loans immediately prior to the start of the Stress Test.
- AQ = weighted average age in quarters of the underlying loans immediately prior to the start of the Stress Test. AQ = int (A0/3).
- AQ' = AQ minus the number of whole quarters between the most recently available HPI at the start of the Stress Test and time zero.

If AQ's is 0, then LTV 0 = AOLTV 0.

1 These numbers are updated as necessary from subsequent releases of the HPI after 2000Q3.
2 Note: If the underlying loans were originated before 1975, use the HPI from 1975Q1 as HPI_{orig}.

6. For each quarter $q$ of the Stress Test, use $UPB_q$ and the house price growth rates from the Benchmark regional time period:
From the CUSIP number of the security, identify the characteristics of the underlying collateral. This is facilitated by using a securities data service.

2. Calculate the cash flows for the underlying collateral in the manner described for whole loans and MBS, based on Stress Test interest, Default, and Prepayment rates appropriate for the collateral.

3. Calculate cash flows for the Multiclass MBS using the allocation rules specified in the offering materials.

4. Determine the cash flows attributable to the specific securities held by an Enterprise, applying the Enterprise’s ownership percentage.

5. For securities not issued by the Enterprise or Ginnie Mae, reduce cash flows by applying the Haircuts specified in section 3.5, Counterparty Defaults, of this appendix, as appropriate.

(b) If a commercial information service is used for steps (a) 1 through 4 of this section, the information service may model mortgage product types beyond those described for Whole Loans in section 3.6, Whole Loan Cash Flows, and ARM indexes in addition to those listed in section 3.3, Interest Rates, of this appendix. In such cases, the cash flows used are generated from the actual data used by the information service for the underlying security.

3.7.3.3 Mortgage Revenue Bonds and Miscellaneous MRS

[a] Cash flows for mortgage revenue bonds and miscellaneous MRS are computed as follows:

1. From the start of the Stress Test until the first principal payment date at the start of the Principal Payment Window, the security pays coupon interest at the Security Interest Rate, adjusted as necessary according to the Security Rate Index and Adjustment information in Table 3–56, but pays no principal.

2. During the Principal Payment Window, the security pays principal and interest equal to the aggregate cash flow from a level pay mortgage whose term is equal to the length of the Principal Payment Window and whose interest rate is the Security Interest Rate. If the Security Interest Rate is zero (as in the case of zero-coupon MRBs), then the security pays principal only in level monthly payment amounts equal to the Current Security Balance divided by the length of the Principal Payment Window.

3. For securities not issued by the Enterprise or Ginnie Mae, reduce cash flows by applying the Haircuts specified in section 3.5, Counterparty Defaults, of this appendix, as appropriate.
3.7.3.4 Accounting

Deferred balances are amortized as described in section 3.6.3.8, Whole Loan Accounting Flows, of this appendix, using the Pass-Through Rate (or Security Interest Rate for MRBs) rather than the Net Yield Rate. For principal-only strips and zero-coupon MRBs, assume Allocated Interest is zero. If the conditions in section 3.6.3.8.3.1(a)3.a. of this appendix apply, do not realize the full amount in the first month. Instead, amortize the deferred balances using a straight line method over a period from the start of the Stress Test through the latest month with a non-zero cash flow.

3.7.4 Mortgage-Related Securities Outputs

(a) The outputs for MBS and MBS Cash Flows, found in Table 3–61, are analogous to those specified for Whole Loans in section 3.6.4, Final Whole Loan Cash Flow Outputs, of this appendix, which are produced for each security for each month.

3.8 Nonmortgage Instrument Cash Flows

3.8.1 Nonmortgage Instrument Overview

(a) The Nonmortgage Instrument Cash Flows component of the Stress Test produces instrument level cash flows and accounting flows (accruals and amortization) for the 120 months of the Stress Test for:
1. Debt
2. Nonmortgage investments
3. Guaranteed Investment Contracts (GICs)
4. Preferred stock
5. Derivative contracts
   a. Debt-linked derivative contracts
   b. Investment-linked derivative contracts
   c. Mortgage-linked derivative contracts
   d. Derivative contracts that hedge forecasted transactions
   e. Non-linked derivative contracts

(b) Although mortgage-linked derivative contracts are usually linked to mortgage assets rather than nonmortgage instruments, they are treated similarly to debt-linked and investment-linked derivative contracts and, therefore, are covered in this section.

(c) Debt, nonmortgage investments, and preferred stock cash flows include interest (or dividends for preferred stock) and principal payments or receipts, while debt-linked, investment-linked, and mortgage-linked derivative contract cash flows are composed of interest payments and receipts only. Debt, nonmortgage investments, and preferred stock are categorized in one of six classes as shown in Table 3–62.

(d) Derivative contracts consist of interest rate caps, floors, and swaps. The primary difference between financial instruments and derivative contracts, in terms of calculating cash flows, is that interest payments on financial instruments are based on principal amounts that are eventually repaid to creditors, whereas interest payments on derivative contracts are based on notional amounts.

2In addition to the items listed here, there are instruments that do not fit into these categories. Additional input information and calculation methodologies may be required for these instruments.
that never change hands. Debt- and investment-linked derivative contracts are categorized in one of seven classes\(^3\) as shown in Table 3–63:

[e] Mortgage-linked swaps are similar to debt-linked swaps except that the notional amount of a mortgage-linked swap amortizes based on the performance of certain MBS pools. Mortgage-linked derivative contracts are divided into two classes\(^4\) as shown in Table 3–64:

**TABLE 3–64—MORTGAGE-LINKED DERIVATIVE CONTRACT CLASSIFICATION**

</tr>
</tbody>

[f] In a currency swap, the Enterprise receives payments that are denominated in a foreign currency and it makes payments in U.S. dollars. The main difference between currency swaps and the type of swaps discussed above is that in a currency swap principal amounts are actually exchanged between the two counterparties. Currency swaps are divided into two classes, as shown in Table 3–65.\(^5\)

3.8.2 Nonmortgage Instrument Inputs

[a] The Nonmortgage Instrument Cash Flows component of the Stress Test requires numerous inputs. Instrument level inputs provided by the Enterprises in the RBC Report are listed in Table 3–66. Many instrument classes require simulated Interest Rates because their interest payments adjust periodically based on rates tied to various indexes. These rates are generated as described in section 3.3, Interest Rates, of this appendix.

(b) In addition to the inputs in Table 3–66, other inputs may be required depending on the characteristics of the instrument modeled. For example, the mortgage-linked derivative contract cash flows require inputs describing the performance of the mortgage assets to which they are linked, including Single Family Default and Prepayment rates (see section 3.6.3.4, Single Family Default and Prepayment Rates, of this appendix). Mortgage-linked derivative contract identification numbers (Asset IDs) are used to link the derivative contract to the required pool information that will be used to calculate the cash flows of the corresponding swap.

### Section 3.8.3 Nonmortgage Instrument Procedures

In general, non mortgage instruments are modeled according to their terms. The general methodology for calculating cash flows for principal and interest payments is described in this section and is not intended to serve as definitive text for calculating all possible present and future complex instruments. As mentioned in section 3.8.2, Nonmortgage Instrument Inputs, of this appendix, there are some instruments that may require additional input information and calculation methodologies. Simplifying assumptions are made for some instrument terms until they can be modeled more precisely.
3.8.3.1 Apply Specific Calculation
Simplifications

[a] In order to produce cash flows, accruals, or amortization of deferred balances, the following simplifications are used for all instruments to which they apply. Should the language in any other portion of section 3.8, Nonmortgage Instrument Cash Flows, of this appendix, seem to conflict with a statement in this section, the language in section 3.8.3.1 takes precedence.

1. For day count methodology, use one of three methodologies 30/360, Actual/360, and Actual/365. All special day counts (i.e. Actual/366 B, Actual/360 S, Actual/366 E, and Actual/Actual) are treated as Actual/365.

2. Set the first index reset date to the First Instrument's first coupon date. If the Issue Date is later than the start of the Stress Test, use the Current Coupon Rate to determine the interest paid from Issue Date to First Coupon Date. When a calculation requires a rate that occurs before the start of the Stress Test, use the Current Coupon Rate. This applies to interest accrued but not paid for the start of the Stress Test and to rate indexes where applying a Look Back Period requires data prior to the start of the Stress Test.

a. If periodic caps are zero, change them to 999.99; If periodic floors are greater than 1, change them to zero.

b. For instruments which have principal balance changes other than those caused by compounding interest, perform calculations as if the principal changes occur only on coupon dates (coupon dates on the fixed-rate leg for swaps) on or later than the first principal change date.

c. When using a rate index for a specified term in an option exercise rule or as an index, assume that rate is appropriate for the calculation. Do not convert from bond equivalent yield to another yield form for a discount, monthly pay, semi-annual pay or annual pay instrument.

3. When applying the option exercise rule:

a. For zero coupon and discount securities, instruments with European options, and zero coupon swaps, evaluate option exercise only on dates listed in the instrument’s option exercise schedule. For Bermudan options, evaluate option exercise on the first option date in the instrument’s option exercise schedule and subsequent coupon dates (coupon dates on the fixed-rate leg for swaps). For American options, evaluate option exercise on the first option date in the instrument’s option exercise schedule and subsequent monthly anniversaries of the instrument’s first coupon date.

b. Assume all call/put premiums/discounts are zero except for zero coupon instruments (including zero coupon swaps and discount notes). For these exceptions, when calculating a rate to compare with the Enterprise Cost of Funds, use the yield to maturity calculated by equating the face or notional amount plus the unamortized discount at the start of the Stress Test to the present value of the face or notional amount at maturity.

c. Assume basis swaps and floating rate securities have no cancel, put, or call options.

d. If the remaining maturity is greater than 360 months, use the equivalent-maturity Enterprise Cost of Funds as if the remaining maturity is 360 months.

e. In the Stress Test, no preferred stock issued by the Enterprise will be called.

3.8.3.2 Determine the Timing of Cash Flows

Project payment dates from the payment date immediately prior to the start of the stress test according to the Payment Frequency, First Coupon Date, and Maturity Date.

3.8.3.3 Obtain the Principal Factor Amount at Each Payment Date

[a] Where there is no amortization or prepayment of principal, the Principal Factor Amount is 1.0 for each payment date until the stated Maturity Date, when it becomes zero.

(b) For debt and debt-linked derivative contracts that amortize, either a principal or a notional amortization schedule must be provided. If amortization information is unavailable, then the Principal Factor Amount is 1.0 for each payment date until the stated Maturity Date, when it becomes zero.

c. Monthly prepayment rates are 3.5 percent for fixed-rate and 2.0 percent for floating-rate asset-backed securities. Furthermore, asset-backed securities are modeled through a commercial information service where possible. Instruments that cannot be modeled through the commercial information service are treated in accordance with section 3.9, Alternative Modeling Treatments, of this appendix.

d. In the case of mortgage-linked derivative contracts, notional amounts are amortized based on the characteristics of the underlying pool in the manner described for principal balances of mortgage-backed securities held by an Enterprise in section 3.7, Mortgage-Related Securities Cash Flows, of this appendix.
3.8.3.4 Calculate the Coupon Factor

The Coupon Factor applicable to a given period, which applies to dividends also, depends on day count conventions used to calculate the interest payments for the instrument. For example, the Coupon Factor for a bond that pays interest quarterly based on a non-compounded 30/360 convention would be \(3 \times \frac{30}{360} = 0.25\). Table 3–67 lists the most common day count conventions.

3.8.3.5 Project Principal Cash Flows or Changes in the Notional Amount

For all financial instruments, principal outstanding for the current period is determined by multiplying the Original Face by the Principal Factor Amount for the current period. The principal payment equals the amount of principal outstanding at the end of the previous period less the principal outstanding at the end of the current period, or zero if the instrument has a notional amount.

3.8.3.6 Project Interest and Dividend Cash Flows

3.8.3.6.1 Non-Complex Financial Instruments

(a) **Fixed-Rate Instruments.** The current period principal outstanding is multiplied by the product of the Current Coupon and current period Coupon Factor and rounded to even 100ths of a dollar.

(b) **Zero-Coupon Bonds.** Interest payments equal zero.

(c) **Discount Notes.** Interest payments equal zero.

(d) **Floating-Rate Instruments.** Interest payments are calculated as principal outstanding multiplied by the coupon for the current period. The current period coupon is calculated by adding a spread to the appropriate interest rate index and multiplying by the Coupon Factor. The coupon for the current period is set to this amount as long as the rate lies between the periodic and lifetime maximum and minimum rates. Otherwise the coupon is set to the maximum or minimum rate.

(e) **Interest Rate Caps and Floors.** These derivative instruments pay or receive interest only if the underlying index is above a Strike Rate (for caps) or below it (for floors). Interest payments are based on notional amounts instead of principal amounts.

1. The interest payment on a long cap is the Original Face multiplied by the amount, if any, by which the index exceeds the Strike Rate, as defined by the equation in Table 3–68. The interest payment on a long floor is the Original Face multiplied by the amount, if any, by which the index is below the Strike Rate. Otherwise interest payments are zero for caps and floors. Interest payments are either paid or received depending on whether the Enterprise is in a long or short position in a cap or a floor.

2. Monthly cash flows for long caps and floors are calculated as illustrated in Table 3–68:

### Table 3–68—Calculation of Monthly Cash Flows for Long Caps and Floors

</tr>
<tr>

</tr>
</tbody>
</table>

Where:

- \(N\) = Original Face
- \(K\) = Strike Rate
- \(I\) = interest rate index
- \(D\) = Coupon Factor

(f) **Swaps.** A derivative contract in which counterparties exchange periodic interest payments. Each swap leg (pay side or receive side) is modeled as a separate instrument, with interest payments based on the same notional amount but different interest rates.

1. For debt- and investment-linked swaps, each leg’s interest payment is determined in the same manner as payments for fixed-rate, floating-rate or zero coupon instruments as described in paragraph (a), (b) and (d) of this section.

2. For mortgage-linked swaps, calculate the reduction in the notional amount due to scheduled monthly principal payments (taking into account both lifetime and reset period caps and floors), Prepayments, and Defaults of the reference MBS or index pool. Reduce the notional amount of the swap for the previous period by this amount to determine the notional amount for the current period. Calculate interest payments or receipts...
for a given period as the product of the
notional amount of the swap in that pe-
riod, the coupon, and the Coupon Factor
applicable for that period.

3.8.3.6.2 Complex Financial Instruments
(a) Some instruments have more complex
or non-standard features than those de-
scribed in section 3.8.3.6.1, Non-Complex Fi-
nancial Instruments, of this appendix. These
complexities can include more sophisticated
variants of characteristics such as principal
or notional amortization schedules, interest
accrual methodologies, coupon reset for-
mulas, and option features. In these in-
stances, additional information may be re-
quired to completely specify the contractual
cash flows or a proxy treatment for these in-
struments.
(b) An example of an instrument with com-
plex features is an indexed amortizing swap.
This instrument is non-standard because its
notional amount declines in a way that is re-
lated to the level of interest rates. Its amor-
tization table contains a notional amount re-
duction factor for a given range of interest
rates. To compute cash flows for this instru-
ment, reduce the notional amount on each
payment date as specified in the amortiza-
tion table. (The notional amount at the be-
inning of the Stress Period is given as an
input to the calculation.)
(c) Special treatment is also required for
foreign-currency-linked notes, the redemption
value of which is tied to a specific for-
egnign exchange rate. These require special
treatment because the Stress Test does not
forecast foreign currency rates. If these in-
struments are currency-hedged, then the
note plus the hedge comprise a synthetic
debt instrument for which only the pay side
of the swap is modeled. If these instruments
are not currency-hedged, the following treat-
ment applies:
1. In the up-rate scenario, the U.S. dollar per
unit of foreign currency ratio is in-
creased in proportion to the increase in
the ten-year CMT; therefore, the amount
of an interest or principal payment is in-
creased accordingly. For example, if the
ten-year CMT shifts up by 50 percent,
then the U.S. dollar per unit of foreign
currency ratio shifts up by 50 percent. In
the Stress Test, the payment would be
multiplied by 1.5.
2. In the down-rate scenario, the foreign cur-
rency per U.S. dollar ratio is decreased in
proportion to the decrease in the ten-
year CMT.
(d) Futures and Options on Futures also re-
quire special treatment:
1. Settle positions on their expiration dates.
Exercise only in-the-money options (set-
tlement value greater than zero).
2. Settle all contracts for cash
3. Calculate the cash settlement amount—
the change in price of a contract from
the contract trade date to its expiration
date. Calculate the price on the expira-
tion date based on stress test interest
rates (or, as necessary, forward rates ex-
trapolated from these rates).
4. Amortize amounts received or paid at the
expiration date into income or expense
on a straight-line basis over the life of
the underlying instrument. In the case of
an option on a futures contract, the life
of the instrument underlying the futures
contract.
5. Amortize an option premium on a
straight-line basis over the life of the op-
ton. (Amortize any remaining balances
upon option exercise.)
(e) Swaptions also require special treat-
ment:
1. Assume swap settlement (i.e., initiation
of the underlying swap) when a swap option
is exercised.
2. Calculate a “normalized” fixed-pay coupon
by subtracting the spread over the index,
if any, from the coupon on the fixed-rate
swap leg.
3. For all exercise types (American, Bermudan,
and European), consistent with RBC Rule section 3.8.3.7, assume ex-
cercise by the party holding the swap op-
ton if the equivalent maturity Enter-
ice Cost of Funds is more than
a. 50 basis points above the normalized fixed-
pay coupon, for a pay-fixed swaption (a
call or “payor” swaption), or
b. 50 basis points below the normalized fixed
pay coupon for a receive-fixed swaption
(a put or “receiver” swaption).
4. Amortize option premiums on a straight-
line basis over the option term. (Amor-
tize any remaining balances upon option
exercise).
(f) CPI-Linked Instruments also require special
treatment. The stress test lacks the
ability to accommodate floating-rate instru-
ments that reset in response to changes in
the consumer price index (CPI) as published
by the Bureau of Labor Statistics. Enter-
prise issuance of CPI-linked instruments is
tied to swap market transactions intended to
create desired synthetic debt structure and
terms. In such cases, the true economic posi-
tion nets to the payment terms of the re-
lated derivative contract. Accordingly, in
order to accommodate and address the exist-
ence of CPI-linked instruments in the Enter-
prises’ portfolios, the net synthetic position
shall be evaluated in the stress test. That is,
for CPI-linked instruments tied to swap
transactions that are formally linked in a
hedge accounting relationship, the Enter-
prise should substitute the CPI-linked in-
strument’s coupon payment terms with
those of the related swap contract.
(g) Pre-refunded municipal bonds also re-
quire special treatments. Pre-refunded mu-
unicipal bonds are collateralized by securities
that are structured to fund all the cash flows
of the refunded municipal bonds until the bonds are callable. Since the call date for the bonds, also referred to as the pre-refunded date, is a more accurate representation of the payoff date than the contractual maturity date of the bonds, the stress test models the bonds to mature on the call date.

(b) If a financial instrument’s inputs are described in section 3.1, Data, of this appendix, then model the instrument according to its terms; however, the Director reserves the authority to determine a more appropriate treatment if modeling the instrument according to its terms does not capture the instrument’s impact on Enterprise risk. If the financial instrument’s inputs are not described in section 3.1, then treat it as described in section 3.9, Alternative Modeling Treatments, of this appendix.

3.8.3.7 Apply Call, Put, or Cancellation Features, if Applicable

[a] In some cases, principal and interest cash flows may be altered due to options imbedded in individual financial instruments. Securities can be called or put and contracts can be cancelled at the option of the Enterprise or the counterparty. The Option Type, Exercise Convention Type, and the Start Date determine when an option may be exercised. There are three standard Exercise Convention Types, all of which are accommodated in the Stress Test:
• American—Exercise can occur at any time after the Start Date of the option.
• European—Exercise can occur only on the Start Date of the option.
• Bermudan—Exercise can occur only on specified dates, usually on coupon payment dates between the Start Date of the option and maturity.

[b] The options are treated in the following manner for each date on which the option can be exercised:
1. Project cash flows for the instrument with the imbedded option assuming that the option is not exercised. If the instrument is tied to an index, assume that the index remains constant at its value on that date.
2. Determine the discount rate that equates the outstanding balance of the security plus option premium and accrued interest to the sum of the discounted values of the projected cash flows. This discount rate is called the yield-to-maturity.
3. Convert the yield-to-maturity to a bond-equivalent yield and compare the bond-equivalent yield with the projected Enterprise Cost of Funds for debt at an equivalent maturity. Interpolate linearly if the maturity is not equal to one of the maturities specified in section 3.3, Interest Rates, of this appendix.
4. If the equivalent-maturity Enterprise Cost of Funds is lower (higher) than 50 basis points below (above) the bond-equivalent yield of the callable (putable) instrument, then the option is exercised. Otherwise, the option is not exercised, and it is evaluated at the next period when the option can be exercised.

[c] Some swap derivative contracts have cancellation features that allow either counterparty to terminate the contracts on certain dates. The cancellation feature is evaluated by comparing the fixed-rate leg of the swap to the Enterprise Cost of Funds. If either leg of the swap is cancelled, then the other leg is cancelled concurrently. Cancellable swaps are treated in the following manner:
1. For each period when an option can be exercised, compare the swap’s fixed-leg coupon rate to the Enterprise Cost of Funds with a maturity equivalent to the maturity date of the swap.
2. If the option is a Call, it is deemed to be exercisable at the discretion of the Enterprise. If the option is a Put, it is deemed to be exercisable at the discretion of the Counterparty. If the option is a PutCall, it is deemed to be exercisable at the discretion of either party to the swap. Exercise the option when the swap is out of the money for the party who holds the option. A swap is considered out of the money when the rate on its fixed leg is at least 50 basis point higher or lower, depending upon whether the fixed rate is paid or received, than the like-maturity Enterprise Cost of Funds. For zero coupon swaps in all option exercise periods, use the yield to maturity calculated by equating the notional amount plus the unamortized discount at the start of the Stress Test to the present value of the notional amount at maturity.

a. For example, if the Enterprise holds a call option for a fixed-pay swap and the coupon rate on the fixed-pay leg is at least 50 basis points above the Enterprise cost of funds for a maturity equivalent to that of the swap, then cancel the swap. Otherwise, the swap is not cancelled and it is evaluated the next time that the swap can be cancelled.

3.8.3.8 Calculate Monthly Interest Accruals for the Life of the Instrument

[a] Monthly interest accruals are calculated by prorating the interest cash flows on an actual-day basis. In this section, the term “from” means from and including, “to” means up to and not including, and “through” means up to and including. As an example, from the first to the third of a month is two days from the first through the third is three days. This convention is used to facilitate the day count and does not imply on which day’s payments or accruals are actually made. Use one of the three following methodologies with the exception
that interest cash flow dates occurring on or after the 30th of a month are considered as occurring on the last day of the month:

1. If the final interest cash flow occurs within the month, the interest accrual for that month is calculated by multiplying the final interest cash flow amount (as calculated in section 3.8.3.6 of this appendix) times the number of days from the beginning of the month through the final maturity date divided by the number of days from the previous interest cash flow date to the maturity date.

2. If an interest cash flow other than the final interest cash flow occurs within a month, the interest accrual for that month is determined by multiplying the interest cash flow amount for the current month times the number of days from the beginning of the month through the interest cash flow date, divided by the number of days from the previous interest cash flow date (or issue date) to this interest cash flow date. To this add the interest cash flow amount for the next interest cash flow date times the number of days from the current month’s interest cash flow date to the end of the month, divided by the number of days from the current month’s interest cash flow date to the following next interest cash flow date.

3. If no interest cash flows occur during a month other than the issue month, the monthly interest accrual is calculated by multiplying the next interest cash flow amount times the number of days in the month from the issue date to the next interest cash flow date.

4. If the issue month occurs after the start of the Stress Test, the monthly interest accrual is calculated by multiplying the next interest cash flow amount by the number of days in the month minus the day of issue, divided by the number of days from the issue date to the next interest cash flow date.

3.8.3.9 Calculate Monthly Amortization (Accretion) of Premiums (Discounts) and Fees

[a] Adjust monthly interest accruals (see section 3.10.3.6.1[a]3., of this appendix) to reflect the value over time of discounts, premiums, fees and hedging gains and losses incurred (Deferred Balances). Amortize Deferred Balances that exist at the beginning of the Stress Test until the instrument’s Maturity Date. If there are any put, call, or cancel options that are executed, amortize any remaining Deferred Balances in the execution month.

1. Compute Remaining Term (RM) as follows:

\[
RM = 12 \times (\text{year (MD)} - \text{year (STDT)}) + \text{month (MD)} - \text{month (STDT)} + 1
\]

Where:

- \( \text{STDT} \) is the Starting Date of the Stress Test

2. For nonmortgage instruments with notional principal, calculate the monthly Amortization Amount \( \text{AA}_m \) for each month \( m = 1...RM \):
Pt. 1750, Subpt. B, App. A

3. For nonmortgage instruments with principal and interest payments,
a. Compute Allocated Interest for all months m (AIₘ) as follows:

\[
AIₘ = \frac{EOMPₘ}{RM} \times \sum_{k=0}^{RM} MACRₖ
\]

Where:
BV₀ = EOMP₀ + UPD₀
ACFₘ = EOMPₘ₋₁ - EOMPₘ + AIₘ

b. Calculate the monthly Internal Rate of Return (IRR) that equates the adjusted cash flows (actual principal plus allocated interest) to the Initial Book Value (BV₀) of the instrument. Solve for IRR such that:

\[
BV₀ = \sum_{m=0}^{RM} \frac{ACFₘ}{(1 + IRR)^m}
\]

Where:
BV₀ = EOMP₀ + UPD₀
ACFₘ = EOMPₘ₋₁ - EOMPₘ + AIₘ

4. For discount notes,

b. Calculate the monthly Amortization Amount (AAₘ) for each month m = 1...RM:

\[

\]

Where:

b. Calculate Yield Factor (YF):

\]

c. Calculate the monthly Amortization Factor (AFₘ) for each month m = 1...RM:

\[
AFₘ = \begin{cases} 
1 & \text{if } m = 0 \\
AFₘ - AFₘ₋₁ & \text{if } m > 0 
\end{cases}
\]

Where:
ADAYSₘ = actual number of days in month m (days from the first of the month through maturity in month RM)

d. Calculate the monthly Amortization Amount (AAₘ) for each month m = 1...RM:

\[
AAₘ = \left( EOMP₀ + UDB₀ \right) \times (AFₘ - AFₘ₋₁)
\]

Where:
ADAYSₘ = actual number of days in month m (days from the first of the month through maturity in month RM)

3.8.3.10 Apply Counterparty Haircuts

[a] Finally, the interest and principal cash flows received by the Enterprises for non-mortgage instruments other than swaps and foreign currency-related instruments are
1. Interest and principal payments for debt and nonmortgage investments.
2. Dividends and redemptions for preferred stock, and
3. Interest payments for debt-linked, investment-linked, and mortgage-linked derivative contracts.

[c] Accounting information includes the following monthly amounts:
1. Accrued interest and
2. Amortization of discounts, premiums, fees and other deferred items.

3.9 Alternative Modeling Treatments

3.9.1 Alternative Modeling Treatments Overview

[a] This section provides treatment for items that cannot be modeled in one of the ways specified in paragraph [b] of this section, but must be included in order to run the Stress Test. Because the rule provides treatments for a wide variety of instruments and activities that can be applied to accommodate unusual instruments, OFHEO expects few items to fall into this category.

[b] An Alternative Modeling Treatment (AMT) applies to any on- or off-balance-sheet item that is missing data elements required to calculate appropriate cash flows, or any instrument with unusual features for which this appendix does not:
1. Provide an explicit computational procedure and set of inputs (i.e., the appendix specifies exact data inputs and procedures for a class of instruments to which the item belongs); or,
2. Provide an implicit procedure (used for a general class of instruments), and explicit inputs that allow the item to be fully characterized for computational purposes (i.e., the appendix specifies procedures and data inputs for a class of instruments to which the item does not belong that can be applied to the item to accurately compute its cash flows); or
3. Provide an implicit procedure by exact substitution, i.e., by representing the item as a computationally equivalent combination of other items that are specified in paragraphs (1) or (2) in this section (i.e., the appendix specifies treatments for two or more instruments, which, in combination, exactly produce the item’s cash flows); or
4. Permit the approximation of one or more computational characteristics by other similar values that are explicitly specified in this appendix, or in the RBC Report instructions (i.e., the appendix specifies a treatment, or combination of treatments, that can be used as a reasonable proxy for the computational characteristics of the item). Such proxy treatments must be approved by OFHEO. OFHEO may, in its discretion, approve a proposed proxy treatment, or treat items for which a proxy treatment has been proposed by the Enterprises according to the remaining provisions of section 3.9, Alternative Modeling Treatments, of this appendix.

[c] For a given on- or off-balance sheet item, the appropriate AMT is determined according to the categories specified in section
3.9.3 Alternative Modeling Treatments Procedures, of this appendix, based on the information available for that item. The output for each such item is a set of cash and accounting flows, or specific amounts to be applied in section 3.12, Calculation of the Risk-Based Capital Requirement, of this appendix.

Table 3–70 identifies the minimal inputs that are used to determine an AMT. (See also section 3.1, Data, of this appendix)

3.9.3.1 Off-Balance Sheet Items
(a) If the item is a guarantee of a tax-exempt multifamily housing bond, or a single family or multifamily whole-loan REMIC class rated triple-A, or other similar transaction guaranteed by the Enterprises, multiply the face value of the guaranteed instruments by 0.45 percent. This amount is added to the amount of capital required to maintain positive total capital throughout the ten-year Stress Period. Any instruments or obligations with 100 percent of collateral guaranteed by the Federal Housing Administration (FHA) are excluded from this calculation.
(b) Otherwise, add to the amount of capital required to maintain positive total capital throughout the ten-year Stress Period an amount equal to the face or notional value of the item at the beginning of the Stress Period times three percent.

3.9.3.2 Reconciling Items
Reconciling items falling into this category will be treated according to the specifications in section 3.10, Operations, Taxes, and Accounting, of this appendix.

3.9.3.3 Balance Sheet Items
(a) If the item is a trading security recorded at fair value according to FAS 115, then the book value (the face value adjusted for deferred balances) will be converted to cash in the first month of the Stress Test.
(b) Otherwise, if the item is an earning asset, then it is treated as a held-to-maturity asset, based on book value, as follows:
1. In the up-rate scenario, it will be treated as a held-to-maturity bond paying compound interest on a 30/360 basis at maturity, with the item’s contractual maturity and rate. The item will be Haircut according to its rating. If no maturity is provided, maturity will be set at 120 months. If no rate is provided, a rate will be assigned at the Initial Enterprise Cost of Funds whose term is equal to the remaining maturity, less 200 basis points (but not less than zero). If no rating is provided, the asset will be classified as unrated.
2. In the down-rate scenario, it will be treated as a held-to-maturity bond paying compound interest on a 30/360 basis at maturity, with the item’s contractual
maturity and rate. The item will be Hair-cut according to its rating. If no maturity is provided, maturity will be set at 120 months. If no rate is provided, a rate will be assigned at the floating one-month Enterprise Cost of Funds less 200 basis points (but not less than zero). If no rating is provided, the asset will be classified as unrated.

[c] If the item is a non-earning asset it will remain on the books and earn no interest throughout the Stress Period.

[d] Otherwise, if the item is a liability, then it is treated as follows, based on book value:

1. In the up-rate scenario, it will be treated as non-callable and monthly coupon-paying to maturity on a 30/360 basis. If the coupon rate is not specified, the liability will be given a floating rate at the one-month Enterprise Cost of Funds plus 200 basis points. If no maturity is provided, maturity will be set at 120 months.

2. In the down-rate scenario, it will be treated as non-callable and monthly coupon paying to maturity. If no coupon is provided, the liability will be given a fixed rate at the Initial Enterprise Cost of Funds plus 200 basis points. If no maturity is provided, maturity will be set at ten years.

[e] Unamortized Balances should be amortized on a straight-line basis over the designated remaining maturity of the instrument.

[f] All items in this section are treated as if they had no options or cancellation features. The face value will be held constant until maturity. If an item has an adjustable rate, it is assumed that the interest rate will adjust monthly with no caps and a lifetime floor of zero percent.

3.9.4 Alternative Modeling Treatments Outputs

For each AMT item, the output is a set of cash and accounting flows appropriate to its respective treatment as specified in section 3.9.3, Alternative Modeling Treatments Procedures, or specific amounts to be applied in section 3.12, Calculation of the Risk-Based Capital Requirement, of this appendix.

3.10 Operations, Taxes, and Accounting

3.10.1 Operations, Taxes, and Accounting Overview

This section describes the procedures for determining new debt issuance and investments, computing capital distributions, calculating operating expenses and taxes, and creating pro forma balance sheets and income statements. Input data include an Enterprise’s balance sheet at the beginning of the Stress Period, interest rates from the Interest Rates component of the Stress Test, and the outputs from cash flow components of the Stress Test. The outputs of the procedures discussed in this section—monthly pro forma balance sheets, cash flow and income statements for each month of the Stress Test—are the basis for the capital calculation described in section 3.12, Calculation of the Risk-Based Capital Requirement, of this appendix.

3.10.2 Operations, Taxes, and Accounting Inputs

[a] Data described in section 3.1, Data, section 3.3.4, Interest Rates Outputs, section 3.6.4, Final Whole Loan Cash Flow Outputs, section 3.7.4, Mortgage-Related Securities Outputs, and section 3.8.4, Nonmortgage Instrument Outputs, of this appendix, is used to produce monthly pro forma balance sheets and income statements for the Enterprises. In addition to the starting position data, described in the cash flow components, the Enterprises provide the starting position dollar values for the items in Table 3–71.

[b] Amounts required to reconcile starting position balances from cash flow components of the Stress Test with an Enterprise’s balance sheet will be reported in the RBC Report with the related instrument. The corresponding balance for the related instrument will be adjusted accordingly.

3.10.3 Operations, Taxes, and Accounting Procedures

The Stress Test calculates new debt and investments, dividends, allowances for loan losses, operating expenses, and income taxes. These calculations are determined by, and also affect, the pro forma balance sheets and income statements during the Stress Period.

3.10.3.1 New Debt and Investments

[a] For each month of the Stress Test, cash deficits and surpluses are eliminated by issuing new debt or purchasing new investments. The Stress Test calculates cash received and cash disbursed each month in order to determine the net availability of cash. Depending on the calculated net cash position at month end, new short term investments are purchased at mid-month or a mix of long and short term debt is issued at mid-month so that the recalculated net cash position at month end is zero.

[b] For each month of the Stress Test, the following calculations are performed to determine the amount and type of new debt and investments. The short-term investments and appropriate mix of long-term and short-term debt are reflected in the pro forma balance sheets. Interest income or interest expense for the new investments or debt are reflected in the pro forma income statements.

1. In any month in which the cash position is positive at the end of the month, the Stress Test invests the Enterprise’s excess cash on the 15th day of that month in one-month Treasury bills that yield the six-month Treasury rate for that month as specified in section 3.3, Interest Rates, of this appendix.

2. In any month in which the cash position is negative at the end of the month, the Stress Test issues a mix of new short-term and long-term debt on the 15th day of that month. New short-term debt issued is six-month discount notes with a
discount rate at the six-month Enterprise Cost of Funds as specified in section 3.3, Interest Rates, of this appendix, with interest accruing on a 30/360 basis. New long-term debt issued is five-year bonds not callable for the first year ("five-year-no call-one") with an American call at par after the end of the first year, semiannual coupons on a 30/360 basis with principal paid at maturity or call, and a coupon rate set at the five-year Enterprise Cost of Funds as specified in section 3.3, Interest Rates, of this appendix, plus a 50 basis point premium for the call option. During the Stress Test, the call option for new long-term debt issued is not executed in the up-rate scenario and in the down-rate scenario follows the same call exercise rule as other debt. An issuance cost of 2.5 basis points is assessed on new short-term debt at issue and an issuance cost of 20 basis points is assessed on new long-term debt at issue. New long-term debt is issued to target a total debt mix of short- to long-term debt that is the same as the short- to long-term debt mix at the beginning of the Stress Test. Issuance fees for new debt are amortized on a straight line basis to the maturity of the appropriate instrument.

3. Given the Net Cash Deficit (NCD) in month $m$, use the following constants and method to calculate the amount of short-term and long-term debt to issue in month $m$:

a. Set the Issuance Cost on new short-term debt at issue (ISCOST):

$$ISCOST = 0.00025$$

b. Set the Issuance Cost on new long-term debt at issue (ILCOST):

$$ILCOST = 0.002$$

c. Calculate Net Short-term Debt Outstanding ($NSDO_m$) and Total Debt Outstanding ($TDO_m$) at the start of the Stress Test ($m = 0$) using the following methodology:

1) For each month $m$ and each debt and swap instrument $i$ (each swap leg is considered a separate instrument), determine the Month of Next Repricing ($MNR_{mi}$) defined as the first month greater than $m$ in which the instrument matures or repricing can occur whether or not the coupon rate actually changes. Set the Principal Balance ($PB_{mi}$) to be:

a) The principal (or notional principal) outstanding if the instrument cash flows are paid by the Enterprise,

b) Minus the principal (or notional principal) outstanding if the instrument cash flows are received by the Enterprise.

c) Zero if $m$ is less than or equal to the issue month or the month in which an option exercised during the stress test would begin accruing cash flows to or from the Enterprise.

d) Zero if $m$ is greater than or equal to the maturity month or the month in which an option exercised during the stress test would cease further cash flows to or from the Enterprise.

2) Calculate $NSDO_m$ by summing $PB_{mi}$ for all instruments where $MNR_{mi}$ is less than or equal to $m$ plus 12.

3) Calculate $TDO_m$ by summing $PB_{mi}$ for instruments where $MNR_{mi}$ is greater than $m$.

d. Set the Maximum Proportion of Total Debt (MPD):

$$MPD = \frac{TDO_m - NSDO_m}{TDO_m}$$

e. Calculate Discount Rate Factor (DRF$_m$):

$$DRF_m = \left(1 + \frac{CF_m}{12}\right)^{\frac{1}{6}}$$

Where: $CF_m =$ six month Enterprise Cost of Funds for month $m$

f. Calculate the Adjustment Factor for Short-Term Debt Issuance Fees (AFSIF$_m$):

$$AFSIF_m = \frac{DRF_m}{ISCOST \times DRF_m}$$

g. Calculate the Adjustment Factor for Long-Term Debt Issuance Fees (AFLIF$_m$):

$$AFLIF_m = \frac{1}{1 - ILCOST}$$

h. Calculate the Maximum Long-Term Issuance (MLTI$_m$):

$$MLTI_m = NCD_m \times AFLIF_m$$

i. Calculate Net Short-Term Debt Outstanding ($NSDO_m$) and Total Debt Outstanding ($TDO_m$) for month $m$ using the methodology described in paragraph 3.10.3.1.b(c) of this appendix. Note: This calculation must reflect all new issuances, option exercises, and maturities between the beginning of the Stress Test and month $m$.

j. Calculate Interim Face Amount of Long-Term Debt to be issued this month (IFALTD$_m$):
k. Calculate Face Amount of Long-Term Debt to be issued (\(FALD_m\)): 

\[
FALD_m = \min(\text{MLTI}_m, \max(0, \text{IFALD}_m))
\]

l. Calculate Face Amount of Short-Term Debt to be issued (\(FASD_m\)): 

\[
FASD_m = \text{AFSIF}_m \times \max\left(0, \frac{\text{NCD}_m - FALD_m}{\text{AFLIF}_m}\right)
\]

3.10.3.2 Dividends and Share Repurchases

(a) The Stress Test determines quarterly whether to pay dividends and make share repurchases. Dividends are decided upon and paid during the first month after the end of the quarter for which they are declared. If any dividends are paid, the dividend payout cannot exceed an amount equal to core capital less the estimated minimum capital requirement at the end of the quarter. Share repurchases are made during the middle month of the quarter.

1. Preferred Stock. An Enterprise will pay dividends on preferred stock as long as that Enterprise meets the estimated minimum capital requirement before and after the payment of these dividends. Preferred stock dividends are based on the coupon rates of the issues outstanding. The coupon rates for any issues of variable rate preferred stock are calculated using projections of the appropriate index rate. Preferred stock dividends may not exceed core capital less the estimated minimum capital requirement at the end of the preceding quarter.

2. Common Stock. In the first year of the Stress Test, dividends are paid on common stock in each of the four quarters after preferred dividends, if any, are paid unless the Enterprise’s capital is, or after the payment, would be, below the estimated minimum capital requirement.

a. First Quarter. In the first quarter, the dividend is the dividend per share ratio for common stock from the quarter preceding the Stress Test times the current number of shares of common stock outstanding.

b. Subsequent Quarters.

1) In the three subsequent quarters, if the preceding quarter’s after tax income is greater than after tax income in the quarter preceding the Stress Test, (adjusted by the ratio of the Enterprise’s retained earnings and retained earnings after adjustments are made that revert investment securities and derivatives to amortized cost), pay the larger of (1) the dividend per share ratio for common stock from the quarter preceding the Stress Test times the current number of shares of common stock outstanding or (2) the average dividend payout ratio for common stock for the four quarters preceding the Stress Test times the preceding quarter’s after tax income (adjusted by the reciprocal of the ratio of the Enterprise’s retained earnings and retained earnings after adjustments are made that revert investment securities and derivatives to amortized cost) less preferred dividends paid in the current quarter. In no case may the dividend payment exceed an amount equal to core capital less the estimated minimum capital requirement at the end of the preceding quarter.

2) If the previous quarter’s after tax income is less than or equal to after tax income in the quarter preceding the Stress Test (adjusted by the ratio of the Enterprise’s retained earnings and retained earnings after adjustments are made that revert investment securities and derivatives to amortized cost), pay the lesser of (1) the dividend per share ratio for common stock for the quarter preceding the Stress Test times the current number of shares of common stock outstanding or (2) an amount equal to core capital less the estimated minimum capital requirement at the end of the preceding quarter, but not less than zero.

3. Share Repurchases. In the first two quarters of the Stress Test, the capital of the Enterprises will be reduced to reflect the...
In the case of interest rate derivative components, the estimated minimum capital requirement at the end of the first month of the quarter.

4. Minimum Capital Requirements. For the purposes of the Stress Test, the Enterprise's minimum capital requirement is computed by applying leverage ratios to all assets (2.50 percent) and off-balance sheet obligations (0.45 percent), and summing the results. Repurchases of an Enterprise's own previously-issued MBSs are excluded from the minimum capital calculation used in section 3.10.3.2. Dividends and Share Repurchases, of this appendix.

3.10.3.3 Allowances for Loan Losses and Other Charge-Offs

[a] The Stress Test calculates a tentative allowance for loan losses monthly by multiplying current-month Credit Losses (CL in Table 3–52) by twelve, thus annualizing current-month Credit Losses. This is a proxy for a loss contingency where it is probable that a loss has been incurred and the amount can be reasonably estimated. For both the retained and sold portfolios, these credit losses include lost principal (net of recoveries from credit enhancements and disposition of the real estate collateral), and foreclosure, holding, and disposition costs. If the tentative allowance for loan losses for the current period is greater than the balance from the prior month less charge-offs (i.e., credit losses) for the current month, a provision (i.e., expense) is recorded. Otherwise, no provision is made and the allowance for loan losses is equal to the prior period amount less current month charge-offs.

[b] Other charge-offs result from Haircuts related to mortgage revenue bonds, private-issuance MBS, and non mortgage investments, described in their respective cash flow components.

1. In the case of Enterprise investments in securities, these Haircuts result in the receipt of less principal and interest than is contractually due. Lost principal is recorded as Other Losses when due and not received, while lost interest is recorded as a reduction of Interest Income.

2. In the case of interest rate derivative instruments, these Haircuts result in the receipt of less net interest than is contractually due from, or the payment of more interest than is contractually due to, an Enterprise counterparty. For those swaps that are linked to Enterprise investments, the increase or decrease of net swap interest due is recorded as an adjustment of Interest Income. For those swaps that are linked to Enterprise debt obligations, the increase or decrease of net swap interest due is recorded as an adjustment of Interest Expense.

3.10.3.4 Operating Expenses

[a] The Stress Test calculates operating expenses, which include non-interest costs such as those related to an Enterprise's salaries and benefits, professional services, property, equipment and office space. Over the Stress Period, operating expenses are equal to the sum of two components. The first component in each month is equal to one-third (\(\frac{1}{3}\)) of the average monthly operating expenses of the Enterprise in the quarter immediately preceding the start of the Stress Test. The second component changes in proportion to the change in the size of the Enterprise's mortgage portfolio (i.e., the sum of outstanding principal balances of its retained and sold mortgage portfolios). The Stress Test calculates the Enterprise's mortgage portfolio at the end of each month of the Stress Period as a percentage of the portfolio at the start of the Stress Test, and then multiplies the percentage of assets remaining by two-thirds (\(\frac{2}{3}\)) of the average monthly operating expenses of the Enterprise in the quarter immediately preceding the start of the Stress Test.

[b] The sum of the two components in paragraph [a], of this section, is multiplied by a factor which equals

\[
\left(1 - \frac{m}{36}\right)
\]

for the first 12 months of the Stress Test and then equals two-thirds for months 13 and beyond. This product is the Enterprise's operating expense for a given month in the Stress Period.

3.10.3.5 Income Taxes

[a] Both Enterprises are subject to Federal income taxes, but neither is subject to state or local income taxes.

[b] The Stress Test applies an effective Federal income tax rate of 30 percent when calculating the monthly provision for income taxes (e.g., income tax expense). OPHEEO may change the 30 percent income tax rate if there are significant changes in Enterprise experience or changes in the statutory income tax.

[c] The Stress Test sets income tax expense for tax purposes equal to the provision for income taxes. The effects of timing differences between taxable income and Generally Accepted Accounting Principles are not included in the calculation of income tax expense.
(GAAP) income before income taxes are ignored. Income before taxes is adjusted by the ratio of Enterprise retained earnings and retained earnings after adjustments are made that revert investment securities and derivatives to amortized cost. Therefore, Net Operating Loss (NOL) occurs only when the net income, before the provision for income taxes, is negative.

(d) Payments for estimated income taxes are made quarterly, in the month after the end of the quarter. At the end of each year, the annual estimated tax amount is compared to the annual actual tax amount. In March of the next year, a payment of remaining taxes is made or a refund for overpayment of income taxes is received.

(e) The NOL for the current year is "carried back" to offset taxes in any or all of the preceding two calendar years. (The Enterprise's tax year is the same as the calendar year.) This offset of the prior years' taxes results in a negative provision for income taxes (e.g., income) for the current year. Use of a carry back reduces available carry backs in subsequent years. Any NOL remaining after carry backs are exhausted becomes a carry forward.

(f) Carry forwards represent NOLs that cannot be carried back to offset previous years' taxes, but can be used to offset taxes in any or all of the subsequent 20 years. Carry forwards accumulate until used, or until they expire 20 years after they are generated.

(g) A valuation adjustment is used to eliminate any deferred tax asset.

3.10.3.6 Accounting

(a) The 1992 Act specifies that total capital includes core capital and a general allowance for foreclosure losses. For the Enterprises, this general allowance is represented by general allowances for loan losses on their retained and sold mortgage portfolios. As defined at 12 CFR 1750.2, core capital includes the sum of the following components of equity:

1. The par or stated value of outstanding common stock,
2. The par or stated value of outstanding perpetual, noncumulative preferred stock,
3. Paid-in capital, and
4. Retained earnings.

(b) In order to determine the amount of total capital an Enterprise must hold to maintain positive total capital throughout the ten-year Stress Period, the Stress Test projects the four components of equity listed in paragraph (a) of this section plus general loss allowances as part of the monthly pro forma balance sheet.

(c) Details of an Enterprise's actual balance sheet at the beginning of the Stress Test are recorded from a combination of starting position balances for all instruments for which other components of the Stress Test calculate cash flows and other starting position balances for assets, liabilities, and equity accounts needed to complete an Enterprise's balance sheet.

(d) After recording an Enterprise's balance sheet at the beginning of the Stress Period, the Stress Test creates monthly pro forma balance sheets and income statements by recording output from the cash flow components of the Stress Test; recording new debt and investments (and related interest), dividends, loss allowances, operating expenses, and taxes; and applying accounting rules pertaining to pro forma balance sheets and income statements.

3.10.3.6.1 Accounting for Cash Flows and Accounting Flows

(a) Balances at the beginning of the Stress Test are obtained from the RBC Report. Subsequent changes to related pro forma balance sheet and income statement accounts are obtained from data generated by cash flow components of the Stress Test as follows:

1. **Retained Loans.** For Retained Loans, interest cash flows in the first month of the Stress Period reduce accrued interest receivable at the beginning of the Stress Test. Subsequent months' interest cash flows are recorded as accrued interest receivable and interest income in the month prior to receipt. When the interest cash flows are received, accrued interest receivable is reduced. Monthly principal cash flows (including Prepayments and defaulted principal) are recorded as reductions in the outstanding balance of the loan group. Net losses on Defaults are charged off against the allowance for loan losses. Amortization of deferred discounts increases interest income; amortization of deferred premiums decreases interest income.

2. **Mortgage Revenue Bonds.** For mortgage revenue bonds, interest cash flows in the first month of the Stress Period reduce accrued interest receivable at the beginning of the Stress Test. Subsequent months' interest cash flows are recorded as accrued interest receivable and interest income in the month prior to receipt. When the interest cash flows are received, accrued interest receivable is reduced. Monthly principal cash flows (including Prepayments) are recorded in the month received as a reduction in the outstanding balance of mortgage assets. Defaulted principal is charged off when due and is not received. Amortization of deferred discounts increases interest income; amortization of deferred premiums decreases interest income.

3. **Nonmortgage Instruments.** Principal repayments of nonmortgage instruments reduce the nonmortgage instrument and
increases or decreases cash. When the interest cash flows are received or paid, accrued interest receivable or payable is reduced. Accrued interest includes both amounts at the beginning of the Stress Period and subsequent monthly accruals (also recorded as interest income or interest expense). Amortization of deferred discounts and premiums increases or decreases interest income or interest expense. Defaulted principal is charged off when due and not received.

4. Sold Portfolio. Sold portfolio cash flows include monthly guarantee fees, float, and principal and interest due MBS investors. Guarantee fees are recorded as income in the month received. Principal and interest due mortgage security investors does not affect the balance sheet; however, interest earned on these amounts (float) is recorded as income in the month the underlying principal and interest payments are received. Principal payments received and defaulted loan balances reduce the outstanding balance of the sold portfolio. Losses (net of recoveries) are charged against the allowance for losses on the sold portfolio (a liability on the pro forma balance sheet) and reduce cash. Amortization of deferred premiums and discounts increases or decreases guarantee fees.

3.10.3.6.2 Accounting for Non-Cash Items

(a) Changes in the pro forma balances for other assets of the Enterprise’s balance sheet not resulting from cash flows are recorded as described in the following nine steps:

1. Unrealized Gains and Losses.

a. The valuation impact of any Applicable Fair Value Standards (AFVS), cumulative from their time of implementation, will be reversed out of the starting position data, by debiting any accumulated credits, and crediting any accumulated debits.

(1) AFVS are defined as GAAP pronouncements that require or allow fair value measurements, e.g., EITF 99-20, FAS 65, FAS 87, FAS 115, FAS 133, FAS 140, FAS 149 and FIN 45. Valuation impacts of AFVS pertain only to amounts that are measured at fair value and not to other amounts that are included in AFVS but are not measured at fair value.

(2) The GAAP pronouncements covered by this treatment are subject to OFHEO review. The Enterprises will submit a list of standards and pronouncements that are being reversed in their RBC Reports.

b. After reversing the valuation impact of AFVS, any affected items are presented as follows:

(1) If absent the adoption of the AFVS, the affected transactions measured at fair value would have been accounted for on an amortized cost basis, they are presented as if they had always been accounted for on an amortized cost basis. Amounts not measured at fair value are represented as specified by GAAP and are presented using current GAAP rules.

(2) To the extent that transactions would not have been accounted for on an amortized cost basis, they are accounted for as if they were income and expense items.

2. Low Income Housing Tax Credit Investments.

Low income housing tax credit investments at the beginning of the Stress Test are converted to cash on a straight line basis over the first six months of the Stress Period.

3. Other Assets. The following other assets at the beginning of the Stress Test are converted to cash as follows:

a. Clearing accounts and other miscellaneous receivables (e.g., fees receivable, accounts receivable, and other miscellaneous assets) in the first month of the Stress Test.

b. Earning assets (see section 3.9, Alternative Modeling Treatments, of this appendix)

c. Items not covered by a. and b. of this section on a straight-line basis over the first five years of the Stress Test.

4. Real Estate Owned (REO). Real estate owned at the beginning of the Stress Test is converted to cash on a straight-line basis over the first six months of the Stress Test.

5. Fixed Assets. 25 percent of fixed assets (net of accumulated depreciation) as of the beginning of the Stress Test remain constant over the Stress Test. The remaining 75 percent is converted to cash on a straight-line basis over the ten-year Stress Period. Depreciation is included in the base on which operating expenses are calculated for each month during the Stress Period.

6. Principal and Interest Payable. Principal and interest payable to an Enterprise’s mortgage security investors at the beginning of the Stress Test are paid during the first two months of the Stress Test (one-half in month one and one-half in month two).

7. Other Liabilities. The following liabilities at the beginning of the Stress Test are paid in the first month of the Stress Test, reducing cash:

a. Escrow deposits

b. Other miscellaneous liabilities

8. Commitments. No gains or losses are recorded when commitments are added to the Enterprise’s sold portfolio. See section 3.2.1, of this appendix.

9. Fully-Hedged Foreign Currency-Denominated Liabilities. Amounts that relate to currency swaps and foreign currency-denominated liabilities will be treated as follows:
3.11 Treatment of New Enterprise Activities

3.11.1 New Enterprise Activities Overview

[a] Given rapid innovation in the financial services industry, OFHEO anticipates the Enterprises will become involved with new mortgage products, investments, debt and derivative instruments, and business activities, which must be accommodated in the Stress Test in order to capture all of the risk in the Enterprises’ businesses. New accounting entries resulting from these innovations and changes in accounting must also be accommodated. The regulation is sufficiently flexible and complete to address new Enterprise activities as they emerge, using the procedures outlined in this section. However, OFHEO will monitor the Enterprises’ activities and, when appropriate, propose amendments to this regulation addressing the treatment of new instruments, activities, or accounting treatments.

[b] For the purpose of this section of the appendix, the term New Activity means any type of asset, liability, off-balance-sheet item, accounting entry, or activity to which a Stress Test treatment has not previously been applied. In addition, the Director has the discretion to treat as a New Activity: (1) any activity or instrument with characteristics or unusual features that create risks or hedges for the Enterprise that are not reflected adequately in the specified treatments for similar activities or instruments; and (2) any activity or instrument for which the specified treatment no longer adequately reflects the risk/benefit to the Enterprise, either because of increased volume or because new information concerning those risks/hedges has become available.

3.11.2 New Enterprise Activities Inputs

[a] Complete data and full explanations of the operation of the New Activity sufficient to understand the risk profile of the New Activity must be provided by the Enterprise. The Enterprises are required to notify OFHEO, pursuant to §1750.12(c), of proposals related to New Activities as soon as possible, but in any event no later than five calendar days after the date on which the transaction closes or is settled. The Enterprises are encouraged to suggest an appropriate capital treatment that will fully capture the credit and interest rate risk in the New Activity. Information on New Activities must also be
submitted and appropriately identified as such in the RBC Report.

(b) The Stress Test will not give an Enterprise the capital benefit associated with a New Activity where OFHEO determines that the impact of that activity on the risk-based capital level of the Enterprise is not commensurate with the economic benefit to the Enterprise.

3.11.3 New Enterprise Activities Procedures

(a) OFHEO will analyze the risk characteristics and determine whether an existing approach specified in the appendix appropriately captures the risk of the New Activity or whether some combination or adaptation of existing approaches specified in the appendix is appropriate. For example, the Stress Test might employ its mortgage performance components and adapt its cash flow components to simulate accurately the loss mitigating effects and counterparty credit risk of credit derivatives.

(b) Where there is no reasonable approach using existing combinations or adaptations of treatments specified in this appendix that could be applied within the timeframe for computing a quarterly capital calculation, the Stress Test will employ an appropriately conservative treatment, consistent with OFHEO's role as a safety and soundness regulator. Such treatment may include an alternative modeling treatment specified in section 3.9, Alternative Modeling Treatments, of this appendix, or some other conservative treatment that OFHEO deems more appropriate.

(c) OFHEO will provide the Enterprise with its estimate of the capital treatment as soon as possible after receiving notice of the New Activity. In any event, the Enterprise will be notified of the capital treatment in accordance with the notice of proposed capital classification provided for in §1777.21 of this chapter.

(d) After a treatment has been incorporated into a final capital classification, OFHEO will provide notice of such treatment to the public, including the other Enterprise. OFHEO will consider any comments it receives from the public regarding the treatment during subsequent quarters. OFHEO may change the treatment as a result of such input or otherwise, if OFHEO determines that the risks of the New Activity are not appropriately reflected in a treatment previously adopted.

3.11.4 New Enterprise Activities Outputs

The Stress Test will generate a set of cash and/or accounting flows reflecting the treatment applied to the New Activity.

3.12 Calculation of the Risk-Based Capital Requirement

3.12.1 Risk-Based Capital Requirement Overview

The risk-based capital requirement is the sum of (1) the minimum amount of total capital that an Enterprise must hold at the start of the Stress Test in order to maintain positive total capital throughout the ten-year Stress Period, for all financial instruments explicitly modeled in the Stress Test (Stress Test capital subtotal) and (2) certain additional amounts relating to off-balance-sheet items addressed in section 3.9, Alternative Modeling Treatments, of this appendix, and (3) 30 percent of that sum for management and operations risk. The Stress Test capital subtotal is determined based on monthly total capital figures from the pro forma financial statements, the additional amounts related to off-balance-sheet items, and Enterprise short term borrowing and investment rates.

3.12.2 Risk-Based Capital Requirement Inputs

(a) Inputs to the capital calculation are outputs from section 3.3, Interest Rates, section 3.9, Alternative Modeling Treatments, and section 3.10, Operations, Taxes, and Accounting, of this appendix.

(b) For each month of the Stress Test, the following inputs are from, or used in the creation of, pro forma financial statements projected in section 3.10, Operations, Taxes, and Accounting, of this appendix:

1. Total capital
   a. The par or stated value of outstanding common stock,
   b. The par or stated value of outstanding perpetual, noncumulative preferred stock,
   c. Paid-in capital,
   d. retained earnings, and
   e. allowance for losses on retained and sold mortgages less specific losses calculated in accordance with FAS 114.

2. Provision for income taxes (income tax expense).

3. Valuation adjustment that reduces benefits recorded from net operating losses when no net operating loss tax carrybacks are available, and

4. An Enterprise’s cash position prior to the decision to issue new debt or purchase new investments to balance the balance sheet (see section 3.10.3.1, New Debt and Investments, of this appendix).

(c) For present-value calculations, the Stress Test uses the six-month Enterprise Cost of Funds or the six-month CMF yield as described in section 3.3, Interest Rates, of this appendix.

(d) The amount for off-balance-sheet items that are not explicitly modeled is obtained
3.12.3 Risk-Based Capital Requirement Procedures

[a] The following eight steps are used to determine the Stress Test capital subtotal and the risk-based capital requirement for an Enterprise:

1. Determine the effective tax rate in each month. If the provision for income taxes is positive (reflecting taxes owed) or negative (reflecting tax refunds to be received), then the effective tax rate is 30 percent. If the provision for income taxes is zero after applying any valuation adjustments (see section 3.10.3.6, Accounting, of this appendix), then the effective tax rate applied in step 3. of this section is zero.

2. Determine whether an Enterprise is an investor or a borrower in each month of the Stress Period. In months where an Enterprise has outstanding six-month discount notes that were issued during the stress test, then the Enterprise is a borrower. Otherwise, the Enterprise is an investor.

3. Determine the appropriate monthly discount factor for each month of the Stress Period:

a. In months where an Enterprise is an investor, the monthly discount factor is based on the yield of short-term assets:

\[
\text{Monthly Discount Factor} = \left[ 1 + \frac{(1 - \text{Effective Tax Rate}) \times 6\text{-month CMT yield}}{2} \right]^{1/6}
\]

b. In months where an Enterprise is a borrower, the monthly discount factor is based on the cost of the Enterprise’s short-term debt:

\[
\text{Monthly Discount Factor} = \left[ 1 + \frac{(1 - \text{Effective Tax Rate}) \times \left( 6\text{-month Enterprise Cost of Funds} \times 0.00025 \right)}{2} \right]^{1/6}
\]

Where:

0.00025 is the factor that incorporates the issuance and administrative costs for an Enterprise’s new discount notes.

4. Compute the appropriate cumulative discount for each month of the Stress Period. The cumulative discount factor for a given month is the monthly discount factor for that month multiplied by the cumulative discount factor for the preceding month. (The cumulative discount factor for the first month of the Stress Period is the monthly discount factor for that month.) Thus, the cumulative discount factor for any month incorporates all of the previous monthly discount factors.

5. Discount total capital for each month of the Stress Period to the start of the Stress Period for both interest rate scenarios. Divide the total capital for a given month by the cumulative discount factor for that month.

6. Identify the Stress Test capital subtotal, which is the lowest discounted total capital amount from among the 240 monthly discounted total capital amounts.

7. From the Stress Test capital subtotal, subtract the capital required for off-balance sheet items not explicitly modeled in the Stress Test, as calculated in section 3.9.3.1, Off-Balance Sheet Items, of this appendix. Then subtract the resulting difference from the Enterprise’s total capital at the start of the Stress Period. The resulting number is the amount of total capital that an Enterprise must hold at the start of the Stress Test in order to maintain positive total capital throughout the ten-year Stress Period.

8. Multiply the minimum total capital amount by 1.3 for management and operations risk.

9. Subtract the net increase (or add the net decrease) in Retained Earnings related to Fair Value Hedges at the start of the stress test made in accordance with section 3.10.3.6.2(a)1.h. of this appendix.

3.12.4 Risk-Based Capital Requirement Output

The output of the calculations in this section is the risk-based capital requirement for an Enterprise at the start date of the Stress Test.
Glossary

This glossary is intended to define terms in the Regulatory appendix that are used in a computationally specific sense that require a precise quantitative definition.

A

Accounting Flows: one or more series of numbers tracking various components of the accounting computations over time, analogous to “Cash Flows.”

Age: of a Mortgage Loan, for computational purpose: the number of scheduled payment dates that have occurred prior to the time at which the Age is determined. The Age of a newly originated Mortgage is zero prior to its first payment date.

Amortization Expense: used in the accounting sense of the monthly allocation of a one-time amount (positive or negative) over time, not to describe amortization of principal in a mortgage.

Amortization Schedule: for a Mortgage Loan, a series of numbers specifying the (1) principal and (2) interest components of each Mortgage Payment, and (3) the Unpaid Principal Balance after each such payment is made.

Allocated Interest: in certain accounting calculations, the amount of interest deemed to be received on a certain date according to an allocation formula, whether or not equal to the amount actually received on that date (see, e.g., section 3.6.3.8.3, Whole Loan Accounting Flows Procedures, of this appendix).

Aggregate Limit: see section 3.6.3.6.4.1, Mortgage Credit Enhancement Overview, of this appendix.

Balance Limit: see section 3.6.3.6.4.1, Mortgage Credit Enhancement Overview, of this appendix.

Balloon Payment: the final payment of a Balloon Loan, the principal component of which is the entire Unpaid Principal Balance of said loan at the time the Balloon Payment is contractually due.

Balloon Loan: a Mortgage Loan that matures before the Unpaid Principal Balance is fully amortized to zero, thus requiring a large final Balloon Payment.

Balloon Date: the maturity date of a Balloon Loan.

Benchmark: used as an adjective to refer to the economic environment (including interest rates, house prices, and vacancy and rental rates) that prevailed in the region and time period of the Benchmark Loss Experience.

Benchmark Census Division: the Census Division, designated by OFHEO, that is used to determine house prices and vacancy and rental rates of the Stress Period.

Benchmark Loss Experience (BLE): the rates of default and loss severity of loans in the state/year combination (containing at least two consecutive origination years and contiguous areas with a total population equal to or greater than five percent of the population of the United States) with the highest loss rate.

Burnout: in describing Mortgage Prepayments, the reduced rates of Prepayment observed with Mortgage Loans that were not prepaid during earlier periods when it would have been advantageous to do so.

C

Cash Flow Hedges: cash flow hedges as defined by FAS 113.

Census Division: any one of the nine geographic areas of the United States so designated by the Bureau of the Census. The OFHEO House Price Index determined at the Census Division level is used in the Stress Test.

Claim Amount: the amount of Credit Enhancement that an Enterprise is eligible to receive as a reimbursement on mortgage loan losses, which is often but not always equal to the total amount of the loss.

Commitment Loan Groups: hypothetical groups of Mortgage Loans assumed to be originated during the months immediately after the start of the Stress Test pursuant to Commitments made but not yet fulfilled by the Enterprises prior to the start of the Stress Test to purchase or securitize loans.

Contract: a Mortgage Credit Enhancement contract covering a distinct set of loans with a distinct set of contractual terms.

Constant Maturity Treasury (CMT) Rate: see table 3–18, Interest Rate and Index Inputs.

Counterparty Type: classification used to specify the appropriate Haircut level in section 3.5, Counterparty Defaults, of this appendix.

Credit Enhancement: for the GSEs, agreements with lenders or third-parties put in place to reduce or limit mortgage credit (default) losses for an individual loan. See section 3.1.2.1.1, Loan Group Inputs, of this appendix.

Debt Service Coverage Ratio: see section 3.6.3.5.3.1, Explanatory Variables, of this appendix.

Default: for purposes of computing rates of mortgage default and losses, see the specific process specified in section 3.6.1, Whole Loan Cash Flows Overview, of this appendix.

Defaulting Fraction: in any month, for any group of loans, the proportion of loans newly defaulted in that month expressed as a fraction of the initial loans (by number or by balance, depending on how Prepayment and Default Rates are measured) in the loan group; see, e.g., section 3.6.3.4.3.2, Prepayment and
Default Rates and Performance Fractions, of this appendix.

**Defaulted UPB:** the Unpaid Principal Balance (UPB) of a loan in the month that it Defaults.

**Deferred Balances:** see section 3.6.3.8.1, Whole Loan Accounting Flows Overview, of this appendix.

**Derivative Mortgage Security:** generally refers to securities that receive cash flow with significantly different characteristics than the aggregate cash flow from the underlying mortgage loans, such as Interest-Only or Principal-Only Stripped MBSs or REMIC Residual Interests. See section 3.7.1, Mortgage-Related Securities Overview, of this appendix.

**Deposit Limit:** see section 3.6.3.6.1, Mortgage Credit Enhancement Overview, of this appendix.

**Distinct Credit Combination (DCC):** see section 3.6.3.6.1, Mortgage Credit Enhancement Overview, of this appendix.

**Fair Value Hedges:** fair value hedges as described in FAS 133.

**Float Income:** the earnings on the investment of loan principal and interest payments (net of the Servicing Fee and Guarantee Fee) from the time these payments are received from the servicer until they are remitted to security holders. See section 3.6.1, Whole Loan Cash Flows Overview, of this appendix.

**Gross Loss Severity:** Loss Severity including the excess, if any, of Defaulted UPB over gross sale price of an REO property, fees, expenses and certain unpaid interest amounts, before giving effect to Credit Enhancement or any other amounts received on account of a defaulted loan (all such amounts expressed as a fraction of Defaulted UPB); see section 3.6.3.6.2, Single Family Gross Loss Severity, and section 3.6.3.6.3, Multifamily Gross Loss Severity, of this appendix.

**Guarantee Fee:** the amount received by an Enterprise as payment for guaranteeing a mortgage loan; see, e.g., section 3.6.3.2, Payment Allocation Conventions, of this appendix.

**Haircut:** the amount by which payments from a counterparty are reduced to account for a given probability of counterparty failure.

**Initial:** used as an adjective to specify conditions at the start of the Stress Test, except in defined terms; see also Time Zero.

**Initial Rate Period:** for an Adjustable Rate Mortgage, the number of months before the mortgage interest rate changes for the first time. Also known as “teaser period.”

**Interest-only Period:** for interest-only loans, the period of time for which the monthly payment covers only the interest due. (During the interest-only period, the UPB of the loan stays constant until maturity or a changeover date. For loans that mature, a Balloon Payment in the amount of the UPB is due at maturity. In other cases, the loan payment is recast at the changeover date and the loan begins to amortize over its remaining term.) See section 3.6.3.3.1, Mortgage Amortization Schedule Overview, of this appendix.

**Investor-owned:** a property that is not owner-occupied.

**Loan Limit:** used to describe a type of Credit Enhancement; see section 3.6.3.6.4.1, Mortgage Credit Enhancement Overview, of this appendix.

§ 1777.1 Authority, purpose, scope, and implementation dates.

(a) Authority. This part is issued by the Office of Federal Housing Enterprise Oversight (OFHEO) pursuant to sections 1313, 1371, 1372, and 1376 of the Federal Housing Enterprises Financial Safety and Soundness Act (1992 Act) (12 U.S.C. 4513, 4631, 4632, and 4636). These provisions broadly authorize OFHEO to take such actions as are deemed appropriate by the Director of OFHEO to ensure that the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation (collectively, the Enterprises) maintain adequate capital and operate in a safe and sound manner.

(b) Authority, purpose and scope of subpart A. In addition to the authority set forth in paragraph (a) of this section, subpart A of this part is also issued pursuant to section 1314 of the 1992 Act (12 U.S.C. 4514), section 307(c) of the Federal Home Loan Mortgage Corporation Act (12 U.S.C. 1456(c)), and section 309(k) of the Federal National Mortgage Association Charter Act (12 U.S.C. 1723a(k)), requiring each Enterprise to submit such reports to OFHEO as the Director of OFHEO determines, in his or her judgment, are necessary to carry out the purposes of the 1992 Act. Subpart A of this part is also issued in reliance on section 1317 of the 1992 Act (12 U.S.C. 4517) authorizing OFHEO to conduct examinations of the Enterprises. The purpose of subpart A of this part is to set forth a framework of early intervention supervisory measures, other than formal enforcement actions, that OFHEO may take to address emerging developments that merit supervisory review to ensure they do not pose a current or future threat to the safety and soundness of an Enterprise. OFHEO’s initiation of procedures under subpart A does not necessarily indicate that any unsound condition exists. The supervisory responses enumerated in §1777.11 do not constitute orders under the 1992 Act for purposes of sections 1371 and 1376 thereof (12 U.S.C. 4631 and 4636).

(c) Authority, purpose, and scope of subpart B. In addition to the authority set forth in paragraph (a) of this section, subpart B of this part is also issued pursuant to subtitle B of the 1992 Act (12 U.S.C. 4611 through 4623), section 303(b)(2) of the Federal Home Loan Mortgage Corporation Act (12 U.S.C. 1452(b)(2)), and section 303(c)(2) of the Federal National Mortgage Association Charter Act (12 U.S.C. 1718(c)(2)). These provisions authorize OFHEO to administer certain capital requirements for the Enterprises, to classify the capital of the Enterprises based on capital levels specified in the 1992 Act, and, in appropriate circumstances, to exercise discretion to reclassify an Enterprise into a lower
capital category. Under these provisions, there are also automatic con-
sequences for an Enterprise that is not classified as adequately capitalized, as 
well as discretionary authority for OFHEO to require an Enterprise to 
take remedial actions. Subpart B implements the provisions of sections 1364 
through 1368, 1369(b) through (e), 1369C, 
and 1369D of the 1992 Act as they apply 
to the Enterprises (12 U.S.C. 4614 through 4618, 4619(b) through (e), 4622 
and 4623). The principal purposes of 
subpart B are to identify the capital 
measures and capital levels that 
OFHEO uses in determining the capital 
classification of an Enterprise; to set 
out the procedures OFHEO uses in de-
termining such capital classifications; 
to establish procedures for submission 
and review of capital restoration plans 
of an Enterprise that is not classified 
as adequately capitalized; and to estab-
lish procedures under which OFHEO 
issues orders pursuant to section 
1366(b)(1) through (4) of the 1992 Act (12 
U.S.C. 4616(b)(1) through (4)).

(d) Effective dates of capital classifications. Section 1364 of the 1992 Act (12 
U.S.C. 4614(d)) directs OFHEO to deter-
mine capital classifications for the En-
terprises by reference to two capital 
standards, consisting of the minimum 
or critical capital level on the one 
hand, and the risk-based capital level 
on the other. Section 1364(d) of the 1992 
Act (12 U.S.C. 4614(d)) excludes consider-
ation of whether the Enterprises meet the risk-based capital level in de-
termining capital classifications or re-
classifications under 1364, until one 
year after the effective date of OFHEO’s 
risk-based capital rule published at 66 

§ 1777.2 Preservation of other author-
ity.

(a) Supervisory standards. Notwith-
standing the existence of procedures in 
§1777.10 for the Director of OFHEO to 
designate certain developments for su-
ervisory response under subpart A of 
this part, nothing in this part in any 
way limits the authority of OFHEO 
otherwise to take such actions with re-
spect to any issue as is deemed appro-
 priate by the Director of OFHEO to en-
sure that the Enterprises maintain 
adequate capital, operate in a safe and 
sound manner, and comply with the 
1992 Act and regulations, orders, and 
agreements thereunder.

(b) Capital floor. Classification of an 
Enterprise as adequately capitalized in 
accordance with subtitle B of the 1992 
Act and subpart B of this part indi-
cates that the Enterprise meets the 
capital levels under sections 1361 and 
1362 of the 1992 Act (12 U.S.C. 4611 and 
4612) and regulations promulgated 
thereunder as of the times specified in 
the classification determination. Noth-
ing in subpart B of this part or subtitle 
B of the 1992 Act limits OFHEO’s au-
thority otherwise to address cir-
cumstances that would require addi-
tional capital through regulations, or-
ders, notices, guidance, or other ac-
tions.

(c) Form of supervisory action or re-
sponse. In addition to the supervisory 
responses contemplated under subpart 
A of this part, and the authority to 
classify and reclassify the Enterprises, 
to issue orders, and to appoint con-
servators under subpart B of this part, 
the 1992 Act grants OFHEO broad dis-
cretion to take such other supervisory 
actions as may be deemed by OFHEO 
to be appropriate, including issuing 
temporary and permanent cease and 
desist orders, imposing civil money 
penalties, appointing a conservator 
under section 1369(a)(1) through (2) of 
the 1992 Act (12 U.S.C. 4619(a)(1) 
through (2)), entering into a written 
agreement the violation of which is ac-
tionable through enforcement pro-
ceedings, or entering into any other 
formal or informal agreement with an 
Enterprise. Neither the 1992 Act nor
this part in any way limit OFHEO’s discretion over the selection of the type of these actions, and the selection of one type of action under this part or under these other statutory authorities, or a combination thereof, does not foreclose OFHEO from pursuing any other action.

§ 1777.3 Definitions.

For purposes of this part, the following definitions will apply:

Affiliate means an entity that controls an Enterprise, is controlled by an Enterprise, or is under common control with an Enterprise.

Capital distribution means:

(1) Any dividend or other distribution in cash or in kind made with respect to any shares of, or other ownership interest in, an Enterprise, except a dividend consisting only of shares of the Enterprise; and

(2) Any payment made by an Enterprise to repurchase, redeem, retire, or otherwise acquire any of its shares or other ownership interests, including any extension of credit made to finance an acquisition by the Enterprise of such shares or other ownership interests, except to the extent the Enterprise makes a payment to repurchase its shares for the purpose of fulfilling an obligation of the Enterprise under an employee stock ownership plan that is qualified under section 401 of the Internal Revenue Code of 1986 (26 U.S.C. 401 et seq.) or any substantially equivalent plan as determined by the Director of OFHEO in writing in advance.

Core capital has the same meaning as provided in 12 CFR 1750.2.

Critical capital level means the amount of core capital that is equal to the sum of one half of the amount determined under 12 CFR 1750.4(a)(1) and five-ninths of the amounts determined under 12 CFR 1750.4(a)(2) through 1750.4(a)(7).

Minimum capital level means the minimum amount of core capital specified for an Enterprise pursuant to section 1362 of the 1992 Act (12 U.S.C. 4612), as determined under 12 CFR 1750.4.

OFHEO means the Office of Federal Housing Enterprise Oversight.

Risk-based capital level means the amount of total capital specified for an Enterprise pursuant to section 1361 of the 1992 Act (12 U.S.C. 4611), as determined under OFHEO’s regulations implementing section 1361.

Total capital has the same meaning as provided at 12 CFR 1750.11(n).

Subpart A—Prompt Supervisory Response

§ 1777.10 Developments prompting supervisory response.

In the event of any of the following developments, OFHEO shall undertake one of the supervisory responses enumerated in §1777.11, or a combination thereof:

(a) OFHEO’s national House Price Index (HPI) for the most recent quarter is more than two percent less than the national HPI four quarters previously, or for any Census Division or Divisions in which are located properties securing more than 25 percent of single-family mortgages owned or securing securities guaranteed by an enterprise, the HPI for the most recent quarter for such Division or Divisions is more than five percent less than the HPI for that Division or Divisions four quarters previously;

(b) An Enterprise’s publicly reported net income for the most recent calendar quarter is less than one-half of its average quarterly net income for any four-quarter period during the prior eight quarters;

(c) An Enterprise’s publicly reported net interest margin (NIM) for the most recent quarter is less than one-half of its average NIM for any four-quarter period during the prior eight quarters;

(d) For single-family mortgage loans owned or securities by an Enterprise that are delinquent ninety days or more or in foreclosure, the proportion of such loans in the most recent quarter has increased more than one percentage point compared to the lowest proportion of such loans in any of the prior four quarters; or
§ 1777.11 Supervisory response.

(a) Level I supervisory response—(1) Supervisory letter. Not later than five business days after OFHEO determines that a development enumerated in §1777.10 has transpired, OFHEO shall deliver a supervisory letter alerting the chief executive officer or the board of directors of the Enterprise to OFHEO’s determination.

(2) Contents of supervisory letter. The supervisory letter shall notify the Enterprise that, pursuant to this subpart, OFHEO is commencing review of a potentially adverse development. As is appropriate under the particular circumstances and the nature of the potentially adverse development, the letter may direct the Enterprise to undertake one or more of the following actions, as of such time as OFHEO directs:

(i) Provide OFHEO with any relevant information known to the Enterprise about the potentially adverse development, in such format as OFHEO directs;

(ii) Respond to specific questions and concerns that OFHEO poses about the potentially adverse development; and

(iii) Take appropriate action.

(3) Review; further action. Based on the Enterprise’s response to the supervisory letter and consideration of other relevant factors, OFHEO shall promptly determine whether the Level I supervisory response is adequate to resolve any supervisory issues implicated by the potentially adverse development, or whether additional supervisory response under this section is warranted.

(b) Level II supervisory response—(1) Special review. In addition to any other supervisory response described in this section, OFHEO may conduct a special review of an Enterprise in order to assess the impact of the potentially adverse development on the Enterprise.

(2) Review; further action. Based on the results of the special review and consideration of other factors deemed by OFHEO to be relevant, OFHEO shall promptly determine whether additional supervisory response under this section is warranted.

(c) Level III supervisory response—(1) Action plan. In addition to any other supervisory response described in this section, OFHEO may direct the Enterprise to prepare and submit an action plan to OFHEO, in such format and at such time as OFHEO directs.

(2) Contents of action plan. Such action plan shall include, subject to additional direction by OFHEO, the following:

(i) In the case of any potentially adverse development arising from conditions or practices internal to the Enterprise, any relevant information known to the Enterprise about the circumstances that led to the potentially adverse development;

(ii) An assessment of likely consequences that the potentially adverse development may have for the Enterprise; and

(iii) The proposed course of action the Enterprise will undertake in response to the potentially adverse development, including an explanation as to why such approach is preferred to any other alternative actions by the Enterprise and how such approach will address the concerns of OFHEO.

(3) Review; further action. If OFHEO in its discretion determines that the information, assessment, or proposed course of action contained in the action plan is incomplete or inadequate, OFHEO shall promptly direct the Enterprise to correct such deficiencies to the extent OFHEO determines such corrections will aid in resolving supervisory issues implicated by the potentially adverse development, and will
promptly determine whether additional supervisory response under this section is warranted.

(d) Level IV supervisory response—(1) Notice to show cause. In addition to any other supervisory response described in this section, OFHEO may issue written notice to the chief executive officer or the board of directors of the Enterprise directing the Enterprise to show cause, on or before the date specified in the notice, why OFHEO should not issue one or more of the following:

(i) A notice of charges to the Enterprise under section 1371 of the 1992 Act (12 U.S.C. 4631) and the procedures in 12 CFR part 1780 commencing an action to order the Enterprise to cease and desist conduct, conditions, or violations specified in the notice to show cause;

(ii) A temporary order to the Enterprise under section 1372 of the 1992 Act (12 U.S.C. 4632) and the procedures in 12 CFR part 1780 to cease and desist from, and take affirmative actions to prevent or remedy harm from, conduct, conditions, or violations specified in the notice to show cause;

(iii) A notice of charges under section 1376 of the 1992 Act (12 U.S.C. 4636) and the procedures in 12 CFR part 1780 commencing imposition of a civil money penalty against the Enterprise; or

(iv) A notice of discretionary reclassification of the Enterprise’s capital classification under section 1364(b) of the 1992 Act (12 U.S.C. 4614(b)) and subpart B of this part.

(2) Review; further action. Based on the Enterprise’s response to the notice to show cause and consideration of other relevant factors, OFHEO shall promptly determine whether to commence the actions described in the notice, and whether additional supervisory response under this section is warranted.

§ 1777.20 Capital classifications.

(a) Capital classifications after the effective date of section 1365 of the 1992 Act.

The capital classification of an Enterprise for purposes of subpart B of this part is as follows:

(i) Adequately capitalized. Except as otherwise provided under paragraph (a)(5) of this section, an Enterprise will be classified as adequately capitalized if the Enterprise:

(1) As of the date specified in the notice of proposed capital classification, holds total capital equaling or exceeding the risk-based capital level; and

(2) As of the date specified in the notice of proposed capital classification, holds core capital equaling or exceeding the minimum capital level.

(ii) Undercapitalized. Except as otherwise provided under paragraph (a)(5) of this section or §1777.23(c) or §1777.23(h), an Enterprise will be classified as undercapitalized if the Enterprise:

(1) As of the date specified in the notice of proposed capital classification, holds total capital less than the risk-based capital level; and

(2) As of the date specified in the notice of proposed capital classification, holds core capital equaling or exceeding the minimum capital level.

§ 1777.12 Other supervisory action.

Notwithstanding the pendency or completion of one or more supervisory responses described in §1777.11, OFHEO may at any time undertake additional supervisory steps and actions in the form of any informal or formal supervisory tool available to OFHEO under the 1992 Act, including, but not limited to, issuing guidance or directives under section 1313 (12 U.S.C. 4513), requiring reports under section 1314 (12 U.S.C. 4514), conducting other examinations under section 1317 (12 U.S.C. 4517), issuing discretionary reclassification under section 1364 (12 U.S.C. 4614), initiating discretionary action under section 1366(b) (12 U.S.C. 4616(b)), appointing a conservator under section 1369(a) (12 U.S.C. 4619(a)), or initiating administrative enforcement action under sections 1371, 1372, and 1376 (12 U.S.C. 4631, 4632 and 4636). In addition, OFHEO may take any such steps or actions with respect to an Enterprise that fails to make a submission or comply with a directive as required by §1777.11, or to address an Enterprise’s failure to implement an appropriate action in response to a supervisory letter or under an action plan under §1777.11.
(3) **Significantly undercapitalized.** Except as otherwise provided under paragraph (a)(5) of this section or §1777.23(c) or §1777.23(h), an Enterprise will be classified as significantly undercapitalized if the Enterprise:

(i) As of the date specified in the notice of proposed capital classification, holds core capital less than the minimum capital level; and

(ii) As of the date specified in the notice of proposed capital classification, holds core capital equaling or exceeding the critical capital level.

(4) **Critically undercapitalized.** An Enterprise will be classified as critically undercapitalized if, as of the date specified in the notice of proposed capital classification, the Enterprise holds core capital less than the critical capital level.

(5) **Discretionary reclassification—determination to reclassify.** If OFHEO determines in writing that an Enterprise is engaging in action or inaction (including a failure to respond appropriately to changes in circumstances or unforeseen events) that could result in a rapid depletion of core capital, or that the value of property subject to mortgages held or securitized by the Enterprise has decreased significantly, or that reclassification is otherwise deemed necessary to ensure that the Enterprise holds adequate capital and operates safely, OFHEO may reclassify the Enterprise as:

(i) Undercapitalized if the Enterprise is otherwise classified as adequately capitalized;

(ii) Significantly undercapitalized if the Enterprise is otherwise classified as undercapitalized; or

(iii) Critically undercapitalized if the Enterprise is otherwise classified as significantly undercapitalized.

(b) **Duration of reclassification; successive reclassifications.** (1) A reclassification of an Enterprise based on action, inaction, or conditions under paragraph (a)(5) or (c)(5) of this section shall be considered in the determination of each subsequent capital classification of the Enterprise, and shall only cease being considered in the determination of the Enterprise’s capital classification after OFHEO determines that the action, inaction or condition upon which the reclassification was based has ceased or been eliminated and remedied to OFHEO’s satisfaction.

(2) If the action, inaction, or condition upon which a reclassification was based under paragraph (a)(5) or (c)(5) of this section has not ceased or been eliminated and remedied to OFHEO’s satisfaction within such reasonable time as is determined by OFHEO to be appropriate, OFHEO may consider such failure to be the basis for additional reclassification under such paragraph (a)(5) or (c)(5) of this section into a lower capital classification.

(c) **Capital classifications before the effective date of section 1365 of the 1992 Act.** Notwithstanding paragraph (a) of this section, until September 13, 2002, the capital classification of an Enterprise for purposes of subpart B of this part is as follows:

(1) **Adequately capitalized.** Except as otherwise provided in paragraph (c)(5) of this section, an Enterprise will be classified as adequately capitalized if the Enterprise, as of the date specified in the notice of proposed capital classification, holds core capital equaling or exceeding the minimum capital level.

(2) **Undercapitalized.** An Enterprise will be classified as undercapitalized if the Enterprise:

(i) As of the date specified in the notice of proposed capital classification, holds core capital equaling or exceeding the minimum capital level; and

(ii) Is reclassified as undercapitalized by OFHEO under paragraph (c)(5) of this section.

(3) **Significantly undercapitalized.** Except as otherwise provided under paragraph (c)(5) of this section or §1777.23(c) or §1777.23(h), an Enterprise will be classified as significantly undercapitalized if the Enterprise:

(i) As of the date specified in the notice of proposed capital classification, holds core capital less than the minimum capital level; and

(ii) As of the date specified in the notice of proposed capital classification, holds core capital equaling or exceeding the critical capital level.

(4) **Critically undercapitalized.** An Enterprise will be classified as critically undercapitalized if, as of the date specified in the notice of proposed capital classification, the Enterprise held core capital less than the critical capital level.
Federal Housing Enterprise Oversight, HUD

§ 1777.21 Notice of capital category, and adjustments.

(a) Notice of capital classification. OFHEO will classify each Enterprise according to the capital classifications in §1777.20(a) or §1777.20(c) on at least a quarterly basis. OFHEO may classify an Enterprise according to the capital classifications in §1777.20(a) or §1777.20(c), or reclassify an Enterprise as set out in §1777.20(a)(5), §1777.20(c)(5), §1777.23(c), or §1777.23(h), at such other times as OFHEO deems appropriate.

(1) Notice of proposed capital classification. (i) Before OFHEO classifies or reclassifies an Enterprise, OFHEO will provide the Enterprise with written notice containing the proposed capital classification, the information upon which the proposed classification is based, and the reason for the proposed classification.

(ii) Notices proposing to classify or reclassify an Enterprise as undercapitalized or significantly undercapitalized may be combined with a notice that OFHEO may further reclassify the Enterprise under §1777.23(c), without additional notice.

(iii) Notices proposing to classify or reclassify an Enterprise as significantly undercapitalized or critically undercapitalized may be combined with a notice under §1777.24 that OFHEO intends to issue an order under section 1366 of the 1992 Act (12 U.S.C. 4616).

(iv) Notices proposing to classify an Enterprise as undercapitalized or significantly undercapitalized may be combined with a notice proposing to simultaneously reclassify the Enterprise under §1777.20(a)(5) or §1777.20(c)(5).

(2) Response by the Enterprise. The Enterprise may submit a response to OFHEO containing information for OFHEO’s consideration in classifying or reclassifying the Enterprise.

(i) The Enterprise may, within thirty calendar days from receipt of a notice of proposed capital classification, submit a response to OFHEO, unless OFHEO determines the condition of the Enterprise requires a shorter period or the Enterprise consents to a shorter period.

(ii) The Enterprise’s response period may be extended for up to an additional thirty calendar days if OFHEO determines there is good cause for such extension.

(iii) The Enterprise’s failure to submit a response during the response period (as extended or shortened, if applicable) shall waive any right of the Enterprise to comment on or object to the proposed capital classification.

(3) Classification determination and written notice of capital classification. After the Enterprise has submitted its response under paragraph (a)(2) of this section or the response period (as extended or shortened, if applicable) has expired, whichever occurs first, OFHEO will make its determination of the Enterprise’s capital classification, taking

capital less than the critical capital level.

(5) Discretionary reclassification. If OFHEO determines in writing that an Enterprise is engaging in action or inaction (including a failure to respond appropriately to changes in circumstances or unforeseen events) that could result a rapid depletion of core capital, or that the value of the property subject to mortgages held or securitized by the Enterprise has decreased significantly or that reclassification is deemed necessary to ensure that the Enterprise holds adequate capital and operates safely, OFHEO may reclassify the Enterprise as:

(i) Undercapitalized if the Enterprise is otherwise classified as adequately capitalized;

(ii) Significantly undercapitalized if the Enterprise is otherwise classified as undercapitalized; or

(iii) Critically undercapitalized if the Enterprise is otherwise classified as significantly undercapitalized.

(d) Prior approvals. In making a determination to reclassify an Enterprise under paragraph (a)(5) or (c)(5) of this section, OFHEO will not base its decision to reclassify solely on action or inaction that previously was given specific approval by the Director of OFHEO in connection with the Director’s approval of the Enterprise’s capital restoration plan under section 1369C of the 1992 Act (12 U.S.C. 4622), or of a written agreement with the Enterprise that is enforceable in accordance with section 1371 of the 1992 Act.
§ 1777.22 Limitation on capital distributions.

(a) Capital distributions in general. An Enterprise shall make no capital distribution that would decrease the total capital of the Enterprise to an amount less than the risk-based capital level or the core capital of the Enterprise to an amount less than the minimum capital level without the prior written approval of OFHEO.

(b) Capital distributions by an Enterprise that is not adequately capitalized—

(1) Prohibited distributions. An Enterprise that is not classified as adequately capitalized shall make no capital distribution that would result in the Enterprise being classified into a lower capital classification than the one to which it is classified at the time of such distribution.

(2) Restricted distributions. An Enterprise classified as significantly or critically undercapitalized shall make no capital distribution without the prior written approval of OFHEO. OFHEO may grant a request for such a capital distribution only if OFHEO determines, in its discretion, that the distribution:

(i) Will enhance the ability of the Enterprise to meet the risk-based capital level and the minimum capital level promptly;

(ii) Will contribute to the long-term financial safety and soundness of the Enterprise; or

(iii) Is otherwise in the public interest.

§ 1777.23 Capital restoration plans.

(a) Schedule for filing plans—(1) In general. An Enterprise shall file a capital restoration plan in writing with OFHEO within ten days of receiving a notice of capital classification under §1777.21(a)(3) stating that the Enterprise is classified as undercapitalized, significantly undercapitalized, or critically undercapitalized, unless OFHEO in its discretion determines an extension of the ten-day period is necessary and provides the Enterprise with written notice of the date the plan is due.

(2) Successive capital classifications. Notwithstanding paragraph (a)(1) of this section, an Enterprise that has already submitted and is operating under a capital restoration plan approved by OFHEO under this part is not required to submit an additional capital restoration plan based on a subsequent notice of capital classification under §1777.21(a)(3) stating that the Enterprise is classified as undercapitalized, significantly undercapitalized, or critically undercapitalized, unless OFHEO determines an extension of the ten-day period is necessary and provides the Enterprise with written notice of the date the plan is due.

§ 1777.222 Timing. OFHEO may, in its discretion, issue a notice of proposed capital classification to an Enterprise at any time. If a notice of proposed classification is pending (under the process set out in paragraphs (a)(1) through (3) of this section) at that time, OFHEO may, in its discretion, specify whether the subsequent notice of proposed capital classification supersedes the pending notice.

(b) Developments warranting possible change to capital classification—(1) Notice to OFHEO. An Enterprise shall promptly provide OFHEO with written notice of any material development that would result in the Enterprise’s core or total capital to fall to a point causing the Enterprise to be placed in a lower capital classification than the capital classification assigned to the Enterprise in its most recent notice of capital classification from OFHEO, or than is proposed to be assigned in the Enterprise’s most recent notice of proposed capital classification from OFHEO. The Enterprise shall deliver such notice to OFHEO no later than ten calendar days after the Enterprise becomes aware of such development.

(2) OFHEO, in its discretion, will determine whether to issue a new notice of proposed capital classification under paragraph (a) of this section, based on OFHEO’s review of the notice under paragraph (b)(1) of this section from the Enterprise and any other information deemed relevant by OFHEO.
Federal Housing Enterprise Oversight, HUD § 1777.23

terms of and within the deadline specified in such notice.

(b) Contents of capital restoration plan. (1) The capital restoration plan submitted under paragraph (a)(1) or (2) of this section shall:

(i) Specify the level of capital the Enterprise will achieve and maintain;

(ii) Describe the actions that the Enterprise will take to become classified as adequately capitalized;

(iii) Establish a schedule for completing the actions set forth in the plan;

(iv) Specify the types and levels of activities (including existing and new programs) in which the Enterprise will engage during the term of the plan;

(v) Describe the actions that the Enterprise will take to comply with any mandatory or discretionary requirements to be imposed under Subtitle B of the 1992 Act (12 U.S.C. 4611 through 4623) or subpart B of this part;

(vi) To the extent the Enterprise is required to submit or revise a capital restoration plan as the result of a reclassification of the Enterprise under § 1777.20(a)(5) or § 1777.20(c)(5), describe the steps the Enterprise will take to cease or eliminate and remedy the action, inaction, or conditions that caused the reclassification; and

(vii) Provide any other information or discuss any other issues as instructed by OFHEO.

(2) The plan shall include a declaration by the chief executive officer, treasurer, or other officer designated by the Board of Directors of the Enterprise to make such declaration, that the material contained in the plan is true and correct to the best of such officer's knowledge and belief.

(c) Failure to submit—(1) Failure to submit; submission of unacceptable plan. If, upon the expiration of the period provided in paragraph (a)(1) or (2) of this section for an Enterprise to submit a capital restoration plan, an Enterprise fails to comply with the requirement to file a complete capital restoration plan, or if the capital restoration plan is disapproved after review under paragraph (d) of this section, OFHEO may, in accordance with § 1777.21(a)(1)(ii) without additional notice, reclassify the Enterprise:

(i) As significantly undercapitalized if it is otherwise classified as undercapitalized; or

(ii) As critically undercapitalized if it is otherwise classified as significantly undercapitalized.

(2) Duration of reclassification. An Enterprise's failure to submit an approved capital restoration plan as described in paragraph (c)(1) of this section shall continue to be grounds for reclassification at each subsequent capital classification of the Enterprise, and shall only cease being considered grounds for reclassification after the Enterprise files a capital restoration plan that receives OFHEO's approval under paragraph (d) of this section.

(3) Successive reclassifications. If an Enterprise has not remedied its failure to file a complete capital restoration plan or an acceptable capital restoration plan within such period as is determined by OFHEO to be appropriate, OFHEO may consider such failure to be the basis for additional reclassification under paragraph (c)(1) of this section into a lower capital classification. Such reclassification may be made without additional notice in accordance with § 1777.21(a)(1)(ii).

(d) Order approving or disapproving plan. Not later than thirty calendar days after receipt of the Enterprise's complete or amended capital restoration plan under this section (subject to extension upon written notice to the Enterprise for an additional thirty calendar days as OFHEO deems necessary), OFHEO shall issue an order to the Enterprise approving or disapproving the plan. An order disapproving a plan shall include the reasons therefore.

(e) Resubmission. An Enterprise that receives an order disapproving its capital restoration plan shall submit an amended capital plan acceptable to OFHEO within thirty calendar days of the date of such order, or a longer period if OFHEO determines an extension is in the public interest.

(f) Amendment. An Enterprise that has received an order approving its capital restoration plan may amend the capital restoration plan only after written notice to OFHEO and OFHEO's written approval of the modification. Pending OFHEO's review and approval
(g) Termination—(1) Termination under the terms of the plan. An Enterprise that has received an order approving its capital restoration plan remains bound by each of its obligations under the plan until each such obligation terminates under express terms of the plan itself identifying a date, event, or condition upon which such obligation shall terminate.

(2) Termination orders. To the extent the plan does not include such express terms for any obligation thereunder, the Enterprise’s obligation continues until OFHEO issues an order terminating such obligation under the plan. The Enterprise may also submit a written request to OFHEO seeking termination of such obligations. OFHEO will approve termination of such obligation to the extent that OFHEO determines, in its discretion, that the obligation’s purpose under the plan has been fulfilled and that termination of the obligation is consistent with the overall safety and soundness of the Enterprise.

(h) Implementation—(1) An Enterprise that has received an order approving its capital restoration plan is required to implement the plan.

(i) If OFHEO determines, in its discretion, that an Enterprise has failed to make, in good faith, reasonable efforts necessary to comply with the capital restoration plan and fulfill the schedule thereunder, OFHEO may reclassify the Enterprise:

(A) As significantly undercapitalized if it is otherwise classified as undercapitalized; or

(B) As critically undercapitalized if it is otherwise classified as significantly undercapitalized.

(ii) Duration of reclassification. An Enterprise’s failure to implement an approved capital restoration plan as described in paragraph (h)(1)(i) of this section shall continue to be grounds for reclassification at each subsequent capital classification of the Enterprise, and shall only cease being considered grounds for reclassification after OFHEO determines, in its discretion, that the Enterprise is making such efforts as are reasonably necessary to comply with the capital restoration plan and fulfill the schedule thereunder.

(iii) Successive reclassifications. If an Enterprise has not remedied its failure to implement an approved capital restoration plan within such period as is determined by OFHEO to be appropriate, OFHEO may consider such failure to be the basis for additional reclassification under paragraph (h)(1)(i) of this section into a lower capital classification.

(2) Administrative enforcement action. A capital plan that has received an approval order from OFHEO under this section shall constitute an order under the 1992 Act. An Enterprise, regardless of its capital classification, as well as its executive officers, and directors may be subject to action by OFHEO under sections 1371, 1372, and 1376 of the 1992 Act (12 U.S.C. 4631, 4632, and 4636) and 12 CFR part 1780 for failure to comply with such plan.

§ 1777.24 Notice of intent to issue an order.

(a) Orders under section 1366 of the 1992 Act (12 U.S.C. 4616). In addition to any other action taken under this part, part 1780 of this chapter, or any other applicable authority, OFHEO may, in its discretion, issue an order to an Enterprise that is classified as significantly undercapitalized or critically undercapitalized, or is in conservatorship, directing the Enterprise to take one or more of the following actions:

(1) Limit any increase in, or reduce, any obligations of the Enterprise, including off-balance sheet obligations;

(2) Limit or eliminate growth of the Enterprise’s assets or reduce the amount of the Enterprise’s assets;

(3) Acquire new capital, in such form and amount as determined by OFHEO; or

(4) Terminate, reduce, or modify any activity of the Enterprise that OFHEO determines creates excessive risk to the Enterprise.

(b) Notice of intent to issue an order. Before OFHEO issues an order to an Enterprise pursuant to section 1366 of the 1992 Act (12 U.S.C. 4616), OFHEO will provide the Enterprise with written notice containing the proposed order.
(c) Contents of notice. A notice of intent to issue an order under this subpart shall include:
(1) A statement of the Enterprise's capital classification and its minimum capital level or critical capital level, and its risk-based capital level;
(2) A description of the restrictions, prohibitions, or affirmative actions that OFHEO proposes to impose or require; and
(3) The proposed date when such restrictions or prohibitions would become effective or the proposed date for the commencement and/or completion of the affirmative actions.

§ 1777.25 Response to notice.
(a) Content of response. The Enterprise may submit a response to OFHEO containing information for OFHEO's consideration in connection with the proposed order. The response should include, but is in no way limited to, the following:
(1) Any relevant information, mitigating circumstances, documentation, or other information the Enterprise wishes OFHEO to consider in support of the Enterprise's position regarding the proposed order; and
(2) Any recommended modification to the proposed order, and justification thereof.
(b) Time to respond. The Enterprise may, within thirty calendar days after receipt of the notice of proposed order, submit a response to OFHEO, unless OFHEO determines a shorter period to be appropriate or the Enterprise consents to a shorter period. OFHEO may extend the Enterprise's response period for up to an additional thirty calendar days if OFHEO determines, in its discretion, that there is good cause for such extension.
(c) Waiver and consent. The Enterprise's failure to submit a response during the response period (as extended or shortened, if applicable) shall waive any right of the Enterprise to comment on or object to the proposed order.

§ 1777.26 Final notice of order.
(a) Determination and notice. After the Enterprise has submitted its response under §1777.25 or the response period (as extended or shortened, if applicable) has expired, whichever occurs first, OFHEO will determine, in its discretion, whether to take into consideration such relevant information as is provided by the Enterprise in its response, if any, under §1777.25. OFHEO will provide the Enterprise with a written final notice of any order issued by OFHEO under this subpart, which is to include a description of the basis for OFHEO's determination.
(b) Termination or modification. An Enterprise that has received an order under paragraph (a) of this section remains subject to each provision of the order until each such provision terminates under the express terms of the order. The Enterprise may submit a written request to OFHEO seeking modification or termination of one or more provisions of the order. Pending OFHEO’s review and approval, in OFHEO’s discretion of the Enterprise’s request, the Enterprise shall remain subject to the provisions of the order.
(c) Enforcement of order—(1) Judicial enforcement. An order issued under paragraph (a) of this section is an order for purposes of section 1375 of the 1992 Act (12 U.S.C. 4635). An Enterprise in any capital classification may be subject to enforcement of such order in the United States District Court for the District of Columbia pursuant to such section.
(2) Administrative enforcement. An order issued under paragraph (a) of this section constitutes an order under the 1992 Act. An Enterprise, regardless of its capital classification, as well as its executive officers and directors may be subject to action by OFHEO under sections 1371, 1372, and 1376 of the 1992 Act (12 U.S.C. 4631, 4632, and 4636) and 12 CFR part 1780 for failure to comply with such order.

§ 1777.27 Exhaustion and review.
(a) Judicial review—(1) Review of certain actions. An Enterprise that is not classified as critically undercapitalized may seek judicial review of a final notice of capital classification issued pursuant to §1777.21(a)(3) or a final notice of order issued pursuant to §1777.26(a) in accordance with section 1369D of the 1992 Act (12 U.S.C. 4623).
(2) Other review barred. Except as set out in paragraph (a)(1) of this section,
§ 1777.28 Appointment of conservator for a significantly undercapitalized or critically undercapitalized Enterprise.

(a) Significantly undercapitalized Enterprise. At any time after an Enterprise is classified as significantly undercapitalized, OFHEO may issue an order appointing a conservator for the Enterprise upon determining that:

(1) The amount of core capital of the Enterprise is less than the minimum capital level; and

(2) The alternative remedies available to OFHEO under the 1992 Act are not satisfactory.

(b) Critically undercapitalized Enterprise—(1) Appointment upon classification. Not later than thirty days after issuing a final notice of capital classification pursuant to §1777.21(a)(3) classifying an Enterprise as significantly undercapitalized, OFHEO shall issue an order appointing a conservator for the Enterprise.

(2) Exception. Notwithstanding paragraph (b)(1) of this section, OFHEO may determine not to appoint a conservator if OFHEO makes a written finding, with the concurrence of the Secretary of the Treasury, that:

(i) The appointment of a conservator would have serious adverse effects on economic conditions of national financial markets or on the financial stability of the housing finance market; and

(ii) The public interest would be better served by taking some other enforcement action authorized under this title.

(c) Judicial review. An Enterprise for which a conservator has been appointed pursuant to paragraph (a) or (b) of this section may seek judicial review of the appointment in accordance with section 1369(b) of the 1992 Act (12 U.S.C. 4619(b)). Except as provided therein, no court may take any action regarding the removal of a conservator or otherwise restrain or affect the exercise of the powers or functions of a conservator.

(d) Termination—(1) Upon reaching the minimum capital level. OFHEO will issue an order terminating a conservatorship appointment under paragraph (a) or (b) of this section upon a determination that the Enterprise has maintained an amount of core capital that is equal to or exceeds the minimum capital level.

(2) In OFHEO’s discretion. OFHEO may, in its discretion, issue an order terminating a conservatorship appointment under paragraph (a) or (b) of this section upon a determination that such termination order is in the public interest and may safely be accomplished.

Subpart A—General Provisions

§ 1805.100 Purpose.

The purpose of the Community Development Financial Institutions (CDFI) Program is to promote economic revitalization and community development through investment in and assistance to Community Development Financial Institutions.

§ 1805.101 Summary.

Through the Community Development Financial Institutions Program, the CDFI Fund provides financial and technical assistance to Recipients selected by the CDFI Fund in order to enhance their ability to provide Financial Products, Financial Services and Development Services to and in their Target Markets. Each Recipient must serve an Investment Area(s), a Targeted Population(s), or both. The CDFI Fund will select Recipients to receive financial or technical assistance through a merit-based, qualitative application process. Each Recipient must enter into an Assistance Agreement that requires it to achieve specific performance goals and abide by other terms and conditions pertinent to any assistance received under this part, as well as the Uniform Requirements, as applicable. For the purposes of this paragraph (a), the CDFI Fund reserves the right to request additional information from the Applicant, if the CDFI Fund deems it appropriate.

(b) Substantive review. In evaluating and selecting applications to receive assistance, the CDFI Fund will evaluate the feasibility of the Applicant’s Comprehensive Business Plan goals, the likelihood of the Applicant meeting such goals, and the likelihood of the Applicant achieving its proposed community development impacts, by considering factors such as:

(1) Community development track record, including, in the case of an Applicant with a prior history of serving a Target Market, the extent of success in serving such Target Market and whether it will expand its operations into a new Investment Area or serve a new Targeted Population, offer new Development Services, Financial Products and/or Financial Services, or increase the volume of its current business;

(2) Operational capacity and risk mitigation strategies;

(3) Financial track record and strength;

(4) Capacity, skills, experience and background of the management team;

(5) Understanding of its market context, including an analysis of the needs of the Investment Area or Targeted Population and a strategy for how the Applicant will attempt to meet those needs; such analysis of current and prospective customers will include the extent of economic distress within the designated Investment Area(s) or the extent of need within the designated Targeted Population(s), as those factors are measured by objective criteria, the extent of need for Loans, Equity Investments, Financial Products, Financial Services and Development Services within the designated Target Market, and the extent of demand within the Target Market for the Applicant’s products and services;

(6) Program design and implementation plan, including: A plan to coordinate use of a financial assistance award with existing Federal, State, local, and Tribal government assistance programs, and private sector financial services; A description of how the Applicant will coordinate with community organizations and financial institutions which will provide equity investments, loans, secondary markets, or other services to the Investment Area or Targeted Population; an assessment of its products and services,
marketing and outreach efforts, delivery strategy, and coordination with other institutions and/or a Community Partner, or participation in a secondary market for purposes of increasing the Applicant’s resources. In the case of an Applicant submitting an application with a Community Partner, the CDFI Fund will evaluate: the extent to which the Community Partner will participate in carrying out the activities of the Community Partnership; the extent to which the Community Partner will enhance the likelihood of success of the Comprehensive Business Plan; and the extent to which service to the designated Target Market will be better performed by a Community Partnership than by the Applicant alone;

(7) Projections for financial performance, capitalization and the raising of needed external resources, including a detailed description of the Applicant’s plans and likely sources of funds to match the amount of financial assistance requested from the CDFI Fund, the amount of firm commitments and matching funds in hand to meet or exceed the matching funds requirements and, if applicable, the likely success of the plan for raising the balance of the matching funds in a timely manner, the extent to which the matching funds are, or will be, derived from private sources, and whether an Applicant is, or will become, an Insured CDFI or a State-Insured Credit Union;

(8) Projections for community development impact, including the extent to which an Applicant will concentrate its activities on serving its Target Market(s), the extent of support from the designated Target Market, the extent to which an Applicant is, or will be, Community-Owned or Community-Governed, and the extent to which the activities proposed in the Comprehensive Business Plan are consistent with existing economic, community, and housing development plans adopted by or applicable to the Investment Area or Targeted Population and will expand economic opportunities or promote community development within the designated Target Market;

(9) The extent of need for the CDFI Fund’s assistance, as demonstrated by the extent of economic distress in the Applicant’s Target Market and the extent to which the Applicant needs the CDFI Fund’s assistance to carry out its Comprehensive Business Plan;

(10) In the case of an Applicant that has previously received assistance under the CDFI Program, the CDFI Fund also will consider the Applicant’s level of success in meeting its performance goals, financial soundness covenants (if applicable), and other requirements contained in the previously negotiated and executed Assistance Agreement(s) with the CDFI Fund, the unexpended balance of assistance, and whether the Applicant will, with additional assistance from the CDFI Fund, expand its operations into a new Target Market, offer more products or services, and/or increase the volume of its activities; and

(11) The CDFI Fund may consider any other factors, as it deems appropriate, in reviewing an application as set forth in an applicable Notice of Funds Availability.

Nothing in this paragraph (d) precludes the CDFI Fund from directly enforcing the Assistance Agreement as provided for under the terms of the Act.

(e) The CDFI Fund shall notify the Appropriate Federal Banking Agency before imposing any sanctions on an Insured CDFI or other institution that is examined by or subject to the reporting requirements of that agency. § 1806.402 Measuring and reporting Qualified Activities.

(a) General. An Applicant may receive a BEA Program Award for engaging in any of the following categories of Qualified Activities during an Assessment Period: CDFI Related Activities, Distressed Community Financing Activities, or Service Activities. The CDFI Fund may further qualify such Qualified Activities in the applicable NOFA, including such additional geographic and transaction size limitations as the CDFI Fund deems appropriate.

(b) Reporting Qualified Activities. An Applicant should report only its Qualified Activities for the category for which it is seeking a BEA Program Award.

(1) If an Applicant elects to apply for an award in either the CDFI Related Activities category or the Distressed Community Financing Activities category, it must report on all types of activity within that category, unless the Applicant can provide a reasonable explanation, acceptable to the CDFI Fund in its sole discretion, as to why it cannot report on all activities in such category.

(2) If an Applicant elects to apply for an award in the Service Activities category, it may elect not to report each type of activity within the Service Activities category.

(c) Area served. CDFI Related Activities must be provided to a CDFI. CDFI Partners that are the recipients of CDFI Support Activities must demonstrate that they are Integrally Involved in a Distressed Community. Service Activities and Distressed Community Financing Activities must serve a Distressed Community. An activity is considered to serve a Distressed Community if it is:

(1) Undertaken in the Distressed Community; or

(2) Provided to Eligible Residents who meet Low- and Moderate-Income requirements or enterprises that are Integrally Involved in the Distressed Community.

(d) Certain Limitations on Qualified Activities. Activities funded with the proceeds of Federal funding or tax credit programs are ineligible for purposes of calculating or receiving a Bank Enterprise Award. Please see the applicable NOFA for each funding round's limitations on Qualified Activities. Qualified Activities shall not include loans to or investments in those business types set forth in the Uniform Administrative Requirements.

(e) Measuring the Value of Qualified Activities. Subject to such additional or alternative valuations as the CDFI Fund may specify in the applicable NOFA, the CDFI Fund will assess the value of:

(1) Equity Investments, Equity-Like Loans, loans, grants and certificates of deposits, at the original amount of such Equity Investments, Equity-Like Loans, loans, grants or certificates of deposits. Where a certificate of deposit matures and is then rolled over during the Baseline Period or the Assessment Period, as applicable, the CDFI Fund will assess the value of the full amount of the rolled-over deposit. Where an existing loan is refinanced (meaning, a new loan is originated to pay off an existing loan, whether or not there is a change in the applicable loan terms), the CDFI Fund will only assess the value of any increase in the principal amount of the refinanced loan;

(2) Project Investments at the original amount of the purchase of stock, limited partnership interest, other ownership interest, or grant;

(3) Deposit Liabilities at the dollar amount deposited as measured by comparing the net change in the amount of applicable funds on deposit at the Applicant during the Baseline Period with the net change in the amount of applicable funds on deposit at the Applicant during the Assessment Period, as described in paragraphs (e)(3)(i) and (ii) of this section:

(i) The Applicant shall calculate the net change in deposits during the Baseline Period by comparing the amount of applicable funds on deposit at the close of business the day before the beginning of the Baseline Period and at the close of business on the last day of the Baseline Period; and
§ 1806.403 Estimated award amounts.

(a) General. An Applicant must calculate and submit to the CDFI Fund an estimated award amount as part of its BEA Program Award application.

(b) Award percentages. The CDFI Fund will establish the award percentage for each category of Qualified Activities in the applicable NOFA. Applicable award percentages for Qualified Activities undertaken by Applicants that are CDFIs will be equal to three times the award percentages for Qualified Activities undertaken by Applicants that are not CDFIs.

(c) Calculating the estimated award amount. The estimated award amount for each category of Qualified Activities will be equal to the applicable award percentage of the increase in the weighted value of such Qualified Activities between the Baseline Period and Assessment Period. The weighted value of the applicable Qualified Activities shall be calculated by:

(1) Subtracting the Baseline Period value of such Qualified Activity from the Assessment Period value of such Qualified Activity to yield a remainder; and

(2) Multiplying the remainder by the applicable Priority Factor (as set forth in the applicable NOFA).

(d) Estimated award eligibility review. The CDFI Fund will determine the eligibility of each transaction for which an Applicant has applied for a BEA Program Award. Based upon this review, the CDFI Fund will calculate the actual award amount for which such Applicant is eligible.

§ 1806.404 Selection process; actual award amounts.

(a) Sufficient funds available to cover estimated awards. All BEA Program Awards are subject to the availability of funds. If the amount of appropriated funds available during a funding round is sufficient to cover all estimated award amounts for which Applicants are eligible, in the CDFI Fund’s determination, and an Applicant meets all of the program requirements specified in this part, then such Applicant shall receive an actual award amount that is
calculated by the CDFI Fund in the manner specified in §1806.403.

(b) Insufficient funds available to cover estimated awards. If the amount of funds available during a funding round is insufficient to cover all estimated award amounts for which Applicants are eligible, in the CDFI Fund’s determination, then the CDFI Fund will select Recipients and determine actual award amounts based on the process described in subsection 1806.404(c) and any established maximum dollar amount of awards that may be awarded for the Distressed Community Financing Activities category, as described in the applicable NOFA.

(c) Priority of awards. In circumstances where there are insufficient funds to cover estimated awards, the CDFI Fund will rank Applicants based on whether the Applicant is a CDFI or a non-CDFI, and in each category of Qualified Activity (e.g., Service Activities) according to the priorities described in this paragraph (c). Selections within each priority category will be based on the Applicants’ relative rankings within each category, and based on whether the Applicant is a CDFI or a non-CDFI, subject to the availability of funds.

(1) First priority. If the amount of funds available during a funding round is insufficient for all estimated award amounts, first priority will be given to CDFI Applicants that engaged in CDFI Related Activities, followed by non-CDFI Applicants that engaged in CDFI Related Activities ranked in the ratio as set forth in the applicable NOFA.

(2) Second priority. If the amount of funds available during a funding round is sufficient for all first priority Applicants but insufficient for all remaining estimated award amounts, second priority will be given to CDFI Applicants that engaged in Distressed Community Financing Activities, followed by non-CDFI Applicants that engaged in CDFI Related Activities ranked in the ratio as set forth in the applicable NOFA.

(3) Third priority. If the amount of funds available during a funding round is sufficient for all first and second priority Applicants, but insufficient for all remaining estimated award amounts, third priority will be given to CDFI Applicants that engaged in Service Activities, followed by non-CDFI Applicants that engaged in Service Activities, ranked in the ratio as set forth in the applicable NOFA.

(d) Calculating actual award amounts. The CDFI Fund will determine actual award amounts based upon the availability of funds, increases in Qualified Activities from the Baseline to the Assessment Period, and an Applicant’s priority ranking. If an Applicant receives an award for more than one priority category described in this section, the CDFI Fund will combine the award amounts into a single BEA Program Award.

(e) Unobligated or deobligated funds. The CDFI Fund, in its sole discretion, may use any deobligated funds or funds not obligated during a funding round:

(1) To select Applicants not previously selected, using the calculation and selection process contained in this part;

(2) To make additional monies available for a subsequent funding round; or

(3) As otherwise authorized by the Act.

(f) Limitation. The CDFI Fund, in its sole discretion, may deny or limit the amount of a BEA Program Award for any reason.

§ 1806.405 Applications for BEA Program Awards.

(a) Notice of funding availability; applications. Applicants must submit applications for BEA Program Awards in accordance with this section and the applicable NOFA. An Applicant’s application must demonstrate a realistic course of action to ensure that it will meet the requirements described in subpart D within the period set forth in the applicable NOFA. Detailed application content requirements are found in the related application and applicable NOFA. The CDFI Fund will not disburse an award to an Applicant before it meets the eligibility requirements described in the applicable NOFA. The CDFI Fund shall require an Applicant to meet any additional eligibility requirements that the CDFI Fund deems appropriate. After receipt of an application, the CDFI Fund may request clarifying or technical information related to materials submitted as part of such application and/or to verify that
Qualified Activities were carried out in the manner prescribed in this Part. The CDFI Fund, in its sole discretion, shall determine whether an applicant fulfills the requirements set forth in this part and the applicable NOFA.

(b) Application contents. An application for a BEA Program Award must contain:

(1) A completed worksheet that reports the increases in Qualified Activities actually carried out during the Assessment Period as compared to those carried out during the Baseline Period. If an Applicant has merged with another institution during the Assessment Period, it must submit a separate Baseline Period worksheet for each subject institution and one Assessment Period worksheet that reports the activities of the merged institutions. If such a merger is unexpectedly delayed beyond the Assessment Period, the CDFI Fund reserves the right to withhold distribution of a BEA Program Award until the merger has been completed;

(2) A report of Qualified Activities that were closed during the Assessment Period. Such report shall describe the original amount, census tract served, dates of execution, initial disbursement, and final disbursement of the instrument;

(3) Documentation of Qualified Activities that meets the required thresholds and conditions described in §1806.402(f) and the applicable NOFA;

(4) Information necessary for the CDFI Fund to complete its environmental review requirements pursuant to part 1815 of this chapter;

(5) Certifications, as described in the applicable NOFA and BEA Program Award application, that the information provided to the CDFI Fund is true and accurate and that the Applicant will comply with all relevant provisions of this chapter and all applicable Federal, State, and local laws, ordinances, regulations, policies, guidelines, and requirements;

(6) In the case of an Applicant that engaged in Service Activities, or Distressed Community Financing Activities, the Applicant must confirm, by submitting documentation as described in the applicable NOFA and BEA Program application, the Service Activities or Distressed Community Financing Activities were provided to:

(i) Eligible Residents that resided in a Distressed Community, or

(7) Information that indicates that each CDFI to which an Applicant has provided CDFI Support Activities is Integraliy Involved in a Distressed Community, as described in the applicable NOFA and BEA Program application; and

(3) Will not receive any BEA Program Award payment until the CDFI Fund has determined that the Recipient has fulfilled all applicable requirements;

(4) Must comply with performance goals that have been established by the CDFI Fund. Such performance goals will include measures that require the Recipient to use its BEA Program Award funds for Qualified Activities; and

(5) Must comply with all data collection and reporting requirements. Each Recipient must submit to the CDFI Fund such information and documentation that will permit the CDFI Fund to
review the Recipient’s progress in satisfying the terms and conditions of its Award Agreement, including:

(i) **Annual report.** Each Recipient shall submit to the CDFI Fund at least annually and within 90 days after the end of each year of the Recipient’s performance period, an annual report that will provide data that, among other things, demonstrates the Recipient’s compliance with its performance goals (including a description of any non-compliance), its uses of the BEA Program Award funds, and the impact of the BEA Program and the CDFI industry. Recipients are responsible for the timely and complete submission of the annual report.

(ii) **Financial statement.** A Recipient is not required to submit its financial statement to the CDFI Fund. The CDFI Fund may obtain the necessary information from publicly available sources.

(b) **Sanctions.** In the event of any fraud, misrepresentation, or non-compliance with the terms of the Award Agreement by the Recipient, the CDFI Fund may terminate, reduce, or recapture the award, bar the Recipient and/or its Affiliates from applying for an award from the CDFI Fund in its sole discretion, and pursue any other available legal remedies.

(c) **Compliance with other CDFI Fund awards.** In the event that an Applicant, Recipient, or its Subsidiary or Affiliate is not in compliance, as determined by the CDFI Fund, with the terms and conditions of any CDFI Fund award, the CDFI Fund may, in its sole discretion, bar said Applicant or Recipient from applying for future BEA Program Awards or withhold payment (either initial or subsequent) of BEA Program Award funds.

(d) **Notice.** Prior to imposing any sanctions pursuant to this section or an Award Agreement, the CDFI Fund will provide the Recipient with written notice of the proposed sanction and an opportunity to respond. Nothing in this section, however, will provide a Recipient with the right to any formal or informal hearing or comparable proceeding not otherwise required by law.

§1806.501 **Compliance with government requirements.**

In carrying out its responsibilities pursuant to an Award Agreement, the Recipient must comply with all applicable Federal, State, and local laws, regulations (including but not limited to the Uniform Administrative Requirements, ordinances, and Executive Orders).

Any person who becomes aware of the existence or apparent existence of fraud, waste, or abuse of assistance provided under this part should report such incidences to the Office of Inspector General of the U.S. Department of the Treasury.

§1806.503 **Books of account, records, and government access.**

(a) A Recipient shall submit such financial and activity reports, records, statements, and documents at such times, in such forms, and accompanied by such supporting data, as required by the CDFI Fund and the U.S. Department of the Treasury to ensure compliance with the requirements of this part. The United States Government, including the U.S. Department of the Treasury, the Comptroller General, and its duly authorized representatives, shall have full and free access to the Recipient’s offices and facilities, and all books, documents, records, and financial statements relevant to the award of the Federal funds and may copy such documents as they deem appropriate.

(b) The Award Agreement provides that the provisions of the Act, this part, and the Award Agreement are enforceable under 12 U.S.C. 1818 of the Federal Deposit Insurance Act by the Appropriate Federal Banking Agency, as applicable, and that any violation of such provisions shall be treated as a violation of the Federal Deposit Insurance Act. Nothing in this paragraph (b) precludes the CDFI Fund from directly enforcing the Award Agreement as provided for under the terms of the Act.

(c) The CDFI Fund will notify the Appropriate Federal Banking Agency before imposing any sanctions on a Recipient that is examined by or subject to the reporting requirements of that...
agency. The CDFI Fund will not impose a sanction described in section 1806.500(b) if the Appropriate Federal Banking Agency, in writing, not later than 30 calendar days after receiving notice from the CDFI Fund:

(1) Objects to the proposed sanction;
(2) Determines that the sanction would:
   (i) Have a material adverse effect on the safety and soundness of the Recipient; or
   (ii) Impede or interfere with an enforcement action against that Recipient by the Appropriate Federal Banking Agency;
(3) Proposes a comparable alternative action; and
(4) Specifically explains:
   (i) The basis for the determination under paragraph (c)(2) of this section and, if appropriate, provides documentation to support the determination; and
   (ii) How the alternative action suggested pursuant to paragraph (c)(3) of this section would be as effective as the sanction proposed by the CDFI Fund in securing compliance and deterring future noncompliance.

(d) Prior to imposing any sanctions pursuant to this section or an Award Agreement, the CDFI Fund shall, to the maximum extent practicable, provide the Recipient with written notice of the proposed sanction and an opportunity to comment. Nothing in this section, however, shall provide a Recipient to any formal or informal hearing or comparable proceeding not otherwise required by law.

§1807.400 Affordable housing—general.

Each Awardee that uses CMF funding to support Affordable Housing Activities shall ensure that 100 percent of Eligible Project Costs are attributable to housing units that meet the affordability qualifications set forth below for Eligible-Income Families. In addition, greater than 50 percent of the Eligible Project Costs must be attributable to housing units that meet the affordability qualifications set forth below for either Low-Income, Very Low-Income, or Extremely Low-Income Families.

§1807.401 Affordable housing—rental housing.

To qualify as Affordable Housing, a rental Multi-family housing project financed with a CMF award must have at least 20 percent of the housing units occupied by Low-Income, Very Low-Income, or Extremely Low-Income Families and must comply with the rent limits set forth herein.

(a) Rent limitation. The maximum rent is a rent that does not exceed:

1. For an Eligible-Income Family, 30 percent of the annual income of a family whose annual income equals 120 percent of the area median income, with adjustments for smaller and larger families, as determined by HUD;
2. For a Low-Income Family, 30 percent of the annual income of a family whose annual income equals 80 percent of the area median income, with adjustments for smaller and larger families, as determined by HUD;

4. For an Extremely Low-Income Family, 30 percent of the annual income of a family whose annual income equals 30 percent of the area median income, with adjustments for smaller and larger families, as determined by HUD.

(b) Nondiscrimination against rental assistance subsidy holders. (c) Initial rent schedule and utility allowances. The Awardee shall ensure that the housing adheres to the applicable Participating Jurisdiction’s maximum monthly allowances for utilities and services (excluding telephone). If the Participating Jurisdiction’s allowances have not been determined or are otherwise unavailable, the Awardee shall rely upon the utility and services allowances established by the applicable city, county or State public housing authority.

(d) Periods of Affordability. Housing under §1807.401 must meet the affordability requirements for not less than 10 years, beginning after Project Completion and at initial occupancy. The affordability requirements apply without regard to the term of any loan or mortgage or the transfer of ownership and must be imposed by deed restrictions, covenants running with the land, or other recordable mechanisms, except that the affordability restrictions may terminate upon foreclosure or transfer in lieu of foreclosure. Other recordable mechanisms must be approved in writing and in advance by the CDFI Fund. The affordability restrictions shall be revived according to the original terms if, during the original affordability period, the owner of record before the foreclosure, or deed in lieu of foreclosure, or any entity that includes the former owner or those with whom the former owner has or had family or business ties, obtains an ownership interest in the project or property.

(e) Subsequent rents during the affordability period. Any increase in rent for a CMF-funded unit requires that tenants of those units be given at least 30 days...
prior written notice before the implementation of the rent increase.

(f) Tenant income determination. (1) Each year during the period of affordability the tenant’s income shall be re-examined; tenant income examination is the responsibility of the Awardee. Annual income shall include income from all household members.

(2) One of the following three definitions of “annual income” must be used to determine whether a family is income eligible:

(A) Wages, salaries, tips, commissions, etc.;
(B) Self-employment income from owned non-farm business, including proprietorships and partnerships;

(ii) Adjusted gross income as defined for purposes of reporting under Internal Revenue Service (IRS) Form 1040 series for individual Federal annual income tax purposes; or
(iii) “Annual Income” as defined at 24 CFR 5.619 (except that when determining the income of a homeowner for an owner-occupied rehabilitation project, the value of the homeowner’s principal residence may be excluded from the calculation of net family assets).
(3) Although any of the above three definitions of “annual income” are permitted, in order to calculate adjusted income, exclusions from income set forth at 24 CFR 5.611 shall be applied.

(g) Over-income tenants. (1) CMF-funded units continue to qualify as Affordable Housing despite a temporary non-compliance caused by increases in the incomes of existing tenants if actions satisfactory to the CDFI Fund are being taken to ensure that all vacancies are filled in accordance with this section until the noncompliance is corrected.

(2) Tenants whose incomes no longer qualify must pay rent no greater than the lesser of the amount payable by the tenant under State or local law or 30 percent of the family’s annual income, except that tenants of units that have been allocated low-income housing tax credits by a housing credit agency pursuant to section 42 of the Internal Revenue Code of 1986, I.R.C. section 42, must pay rent governed by section 42. Tenants who no longer qualify as Eligible-Income are not required to pay as rent an amount that exceeds the market rent for comparable, unassisted units in the neighborhood.

(3) If the income of a tenant of a CMF-funded unit no longer qualifies, the Awardee may designate another unit, in the CMF-funded project, as a replacement unit that meets the affordability qualifications for Eligible-Income, Low-Income, Very Low-Income, or Extremely Low-Income Families and as set forth in the Awardee’s Assistance Agreement. If there is not an available replacement unit, the Awardee must fill the first available vacancy with a tenant that meets the affordability qualifications for Eligible-Income, Low-Income, Very Low-Income, or Extremely Low-Income Families as necessary to maintain compliance with the CMF requirements and the Assistance Agreement.

(5) Resale. To ensure that CMF awards are being used for qualifying families for the entire 10-year affordability period, recoupment and redeployment or resale strategies must be imposed by the Awardee. A recoupment strategy must ensure that, in the event the qualifying homeowner sells the housing before the end of the 10-year affordability period and the new homeowner does not meet the affordability qualifications set forth in §1807.400, the portion of the CMF award used to finance the Affordable Housing Activity is recouped and redeployed to a qualifying family as set forth in §1807.402(a), except that the housing must meet the affordability requirements only for the remaining affordability period. The Awardee may design and implement its own recoupment strategy. Deed restrictions, covenants running with the land, or other similar mechanisms may be used as the mechanism to impose the resale strategy. The Awardee shall report to the CDFI Fund the event of resale, recoupment and redeployment of the CMF award in the manner described in the Assistance Agreement. The affordability restrictions may terminate upon occurrence of any of the following termination events: Foreclosure, transfer in lieu of foreclosure or assignment of an FHA-insured mortgage to HUD. The Awardee may use purchase options, rights of first refusal or other preemptive rights to purchase the housing before foreclosure to preserve affordability. The affordability restrictions shall be revived according to the original terms if, during the original affordability period, the owner of record before the termination event, obtains an ownership interest in the housing.

(b) Rehabilitation not involving acquisition. Housing that is currently owned by a qualifying family, as set forth in §1807.400, qualifies as Affordable Housing if it meets the requirements of this subsection.

(1) The estimated value of the housing, after Rehabilitation, does not exceed 95 percent of the median purchase price for the area, as used in the HOME Program and as determined by the applicable Participating Jurisdiction; or

(2) The housing is the principal residence of a qualifying family as set forth in §1807.400, at the time that CMF funding is Committed to the housing.

CMF-funded rental units may be converted to Homeownership units by selling, donating, or otherwise conveying the units to the existing tenants to enable the tenants to become homeowners in accordance with the requirements of §1807.402. The Homeownership units are subject to a minimum period of affordability equal to the remaining affordability period.

Each Secondary Loan shall be secured by a first lien on collateral and payable solely from amounts available pursuant to the Secondary Loan documents;

(2) The maturity date of a Bond shall not be later than 30 years after the Bond Issue Date. The maturity date of Bond Loans and Secondary Loans may be earlier than, but may not be later than, the maturity date of the corresponding Bond;

(3) The Bonds shall be purchased by the Bond Purchaser on terms and conditions that are satisfactory to the Bond Purchaser, the Guarantor, and the CDFI Fund (under specific requirements set forth in §1808.302 and the Bond Documents); and

Any partial prepayment of an advance shall be in an amount equal to at least $100,000 of principal. Each partial prepayment of an advance of funds under a Bond shall be applied in the manner set forth in the Bond. Any partial or full prepayment of an advance of funds under a Bond shall be subject to the payment of a prepayment price, as provided in the Bond Documents.

(i) Mandatory prepayment of Bonds. (1) Any Bond shall be subject to mandatory prepayment if Bond Loans or Secondary Loans are not made in a timely manner, as follows:

(A) On the Calculation Date (as defined in subsection 1808.308(e)) of each year, any amount retained in the Relending Subaccount that exceeds the Relending Subaccount Maximum (as defined in subsection 1808.308(d)) by $100,000 or more shall be applied to prepay Bonds on the next succeeding payment date.

(ii) Any amounts derived from the liquidation of collateral from the Bond Loan and/or Secondary Loan in connection with the exercise by the Guarantor, the Qualified Issuer or the Bondholder of remedies upon default of the Bond Loan shall be applied immediately upon liquidation, in the following order (inclusive of reasonable fees and expenses associated therewith):

(A) To the repayment of any amounts drawn under the Guarantee;

(B) To the prepayment of Bonds, in a like amount;

(C) To the replenishment of any funds drawn from the Risk-Share Pool Fund; and

(D) To the Eligible CDFI for application in accordance with the Secondary Loan documents.

(2) When an amount is required to be applied as a mandatory prepayment of Bonds, the Qualified Issuer may select which advances of funds under a Bond are to be prepaid. Any amount applied as a partial prepayment of an advance under a Bond shall be applied as provided in the Bond. Any partial or full prepayment of an advance of funds under a Bond shall be subject to the payment of a prepayment price, as provided in the Bond Documents.

§ 1808.303 Risk-Share Pool.

The Master Servicer/Trustee, on behalf of the Qualified Issuer and for the benefit of the Bondholder, shall establish a Risk-Share Pool that is funded at each disbursement of the Bond Loan proceeds by payment from each Eligible CDFI in accordance with 12 U.S.C. 4713a(d). The Risk-Share Pool must remain in place throughout the term of the Guarantee. Amounts in the Risk Share Pool Fund will not be returned to Eligible CDFIs until maturity of all of the Bonds, and termination of all of the Bond Loans, within a Bond Issue.

(a) At each disbursement of the Bond Loan proceeds, each Eligible CDFI shall deposit an amount that is equal
to three percent of the disbursement, for a total of three percent of the guaranteed amount outstanding of the Bond, from monies other than Bond Loan proceeds, into the applicable sub-account of the Risk-Share Pool Fund. Such monies shall remain in said account throughout the term of the Bond.

(b) Any interest on a Bond Loan in excess of the Bond Loan Rate derived by the Qualified Issuer during any period during which the Bond Loan Payment Default Rate applies shall also be deposited in the Risk-Share Pool Fund.

(c) The Risk-Share Pool Fund shall be applied by the Master Servicer/Trustee to payments of debt service on the Bond Issue in the event that the Eligible CDFI defaults in the corresponding payment of debt service on the Bond Loan. The defaulted Eligible CDFI’s deposit shall be applied first to any such payment of debt service. After depletion of the defaulted Eligible CDFI’s deposit, each remaining Eligible CDFI’s deposit shall be applied prorata to any such payment of debt service. Monies on deposit in the Risk-Share Pool Fund shall be applied to such payments and shall be depleted in full prior to any draw on the Guarantee.

(d) Eligible CDFIs (excluding the Eligible CDFI in default and responsible for a draw) shall not be required to replenish the Risk-Share Pool Fund in the event of a draw.

(e) The Risk Share Pool deposit shall be sufficient collateral to secure any draw on Bond Loan proceeds related to the costs of issuance pursuant to §1808.304(b).

(f) In the event of a payment default on the Bond Loan by an Eligible CDFI, the Qualified Issuer shall notify the CDFI Fund and request permission to draw from the Risk-Share Pool to cover any default of principal and interest payments due to the Bond Purchaser.

(g) Amounts in the Risk Share Pool Fund will not be returned to Eligible CDFIs until maturity of all of the Bonds, and termination of all of the Bond Loans, within a Bond Issue. Upon maturity of all of the Bonds, and termination of the Bond Loans, within a Bond Issue, the pro rata amount of each Eligible CDFI’s payments in the Risk-Share Pool shall be returned to each Eligible CDFI; provided however, that such Eligible CDFI has properly replenished any draws on the Risk-Share Pool attributed to nonpayment of its Bond Loan and the corresponding Bond.

§1808.304 Eligible uses of Bond Loan proceeds.

(a) Eligible uses. Bond Loan proceeds shall be only used for Eligible Purposes, to prefund one monthly installment of Bond Loan payments, and to pay Bond Issuance Fees. As a Bond Loan is repaid, such repaid Bond Loan proceeds must be held in the Relending Account and used for additional Secondary Loans, to the extent authorized under §1808.308.

(b) Bond Issuance Fees. (1) Amounts not to exceed one percent of Bond Loan proceeds may be applied to pay Bond Issuance Fees. Bond Loan proceeds that are used to pay Bond Issuance Fees shall be applied in the following order of priority:

(c) Disbursement of Bond Loan proceeds. (1) Bond Loans shall be draw-down loans. Disbursements of Bond Loan proceeds to the Eligible CDFI shall be made pursuant to a requisition process established by the Bond Purchaser and the CDFI Fund, which shall include a process by which the Qualified Issuer shall request an advance from the Bondholder under the Bond and a process by which the Eligible CDFI shall request disbursement from the Qualified Issuer.
   (2) Each requisition shall be accompanied by invoices and certifications by the Eligible CDFI (and the Secondary Borrower, if applicable) as to expenditure of proceeds for Eligible Purposes.

(d) Amortization of Bond Loan. Each Bond Loan shall amortize in the same manner as the corresponding Bond; provided that principal and/or interest on each Bond Loan proceeds not disbursed will have been forfeited by the Eligible CDFI.

(e) Optional prepayment of Bond Loan. The Bond Loan shall be subject to prepayment, in whole or in part, at the option of the Eligible CDFI in accordance with the optional prepayment provisions of the corresponding Bond (including the required prepayment minimums of $100,000) and shall be subject to the payment of a prepayment price, as determined by the Bondholder in accordance with the corresponding Bond.
§ 1808.307 Mandatory prepayment of Bond Loan. The Bond Loan shall be subject to mandatory prepayment by the Eligible CDFI in accordance with the mandatory prepayment provisions of the corresponding Bond.

§ 1808.307 Secondary Loan Eligible Purposes; Terms and conditions.

(a) Eligible Purposes. Eligible CDFIs must make Secondary Loans for Eligible Purposes. Secondary Loan proceeds may not be used to capitalize loan loss reserves.

(b) Making Secondary Loans. (1) If the Eligible CDFI uses Bond Loan proceeds to make Secondary Loans, the Eligible CDFI must execute Secondary Loan documents (in the form of promissory notes) with Secondary Borrowers as follows:

(i) Not later than 12 months after the Bond Issue Date, Secondary Loan documents representing at least 50 percent of the Eligible CDFIs’ Bond Loan proceeds allocated for Secondary Loans; and

(ii) Not later than 24 months after the Bond Issue Date, Secondary Loan documents representing 100 percent of the Eligible CDFIs’ Bond Loan proceeds allocated for Secondary Loans (excluding any amounts used for payment of Bond Issuance Fees pursuant to section 1808.304(b)).

(2) In the event that the Eligible CDFI does not comply with the foregoing requirements of paragraphs (b)(1)(i) and (ii) of this section, the available Bond Loan proceeds at the end of the applicable period shall be reduced by an amount equal to the difference between the amount required by paragraphs (b)(1)(i) and (ii) minus the amount previously committed to the Secondary Loans in the applicable period. Consistent with the corresponding Bond Loan, the Secondary Loans shall be drawn down by the Secondary Borrowers upon demonstration of an Eligible Purpose.

(c) Secondary Loan interest rate. The rate of interest with respect to each Secondary Loan shall be determined by each Eligible CDFI in accordance with the following limitations:

(1) With respect to each Secondary Loan, the Eligible CDFI will be required to propose to the CDFI Fund:
(i) A minimum and maximum spread over the corresponding Bond Loan Rate which will represent the standard minimum and maximum interest rate (Minimum Secondary Loan Rate and Maximum Secondary Loan Rate, respectively); and

(ii) A maximum spread over the Maximum Secondary Loan Rate in event of a Secondary Loan default (Maximum Secondary Loan Default Spread).

(2) The CDFI Fund reserves the right to evaluate, approve, modify, or disapprove the proposed Minimum Secondary Loan Rate, Maximum Secondary Loan Rate, and Maximum Secondary Loan Default Spread before approving any Guarantee Application.

(d) Secondary Loan default rate. The Eligible CDFI may charge a default rate on the Secondary Loan so long as such rate does not exceed the Maximum Secondary Rate, plus the Maximum Secondary Loan Default Spread.

(e) Secondary Loan maturity. The maturity date with respect to the Secondary Loan shall be in accordance with the requirements of the applicable Secondary Loan Requirements. The maturity date of Secondary Loans may be earlier than, but may not be later than, the maturity date of the corresponding Bond.

(f) Secondary Loan collateral. (1) The Secondary Loan shall be payable from amounts made available pursuant to the Secondary Loan documents, and secured by:

(i) A first lien of the Eligible CDFI on pledged collateral in an amount that is consistent with the loan-to-value ratio requirements set forth in the Secondary Loan Requirements; or

(ii) A Principal Loss Collateral Provision for the benefit of the Master Servicer/Trustee, in accordance with the Bond Loan Requirements and the Secondary Loan Requirements, as applicable.

(3) A parity first lien on pledged collateral may be accepted, in the sole discretion of the CDFI Fund.

(g) Commitments for Secondary Loans. Each proposed Secondary Loan shall be approved by the credit committee of the Eligible CDFI or its equivalent, in accordance with the applicable Secondary Loan Requirements and the Eligible CDFI’s own underwriting requirements.

Disbursements of Secondary Loan proceeds to the Secondary Borrower shall be made pursuant to a requisition process established by the Qualified Issuer and the CDFI Fund and shall mirror the requirements for the disbursement of Bond Proceeds.

(2) Each requisition shall be accompanied by invoices and certifications by the Secondary Borrower as to expenditure of proceeds for Eligible Purposes. The Eligible CDFI must also attest that the Secondary Loan conforms to the requirements set forth in the applicable Secondary Loan Requirements. In the case of Refinancings, the Eligible CDFI must also attest that the original loan was used for an Eligible Purpose.

(3) Secondary Loan proceeds shall be disbursed in accordance with the applicable Secondary Loan Requirements which shall set forth, among other requirements, that Secondary Loan disbursements shall be made in accordance with commercially reasonable standards and timeframes for disbursement based on the nature of the Eligible Purposes. The Secondary Loan Requirements shall also specify what constitutes a commercially reasonable timeframe for disbursement in connection with specific types of Eligible Purposes. Notwithstanding the foregoing, each Eligible CDFI shall propose a timeframe for disbursement in connection with each Secondary Loan, which timeframe shall be subject to the requirements set forth in the Secondary Loan Requirements.
(i) Amortization of Secondary Loans. Secondary Loans shall amortize as determined by the Eligible CDFI; provided that Secondary Loan amortization installments shall conform to the requirements of the applicable Secondary Loan Requirements.

(j) Prepayment of Secondary Loans. Secondary Loans shall be subject to prepayment as determined by the Eligible CDFI; provided that Secondary Loan documents may provide for modification of Secondary Loan terms (so long as such modification does not affect the corresponding Bond or Bond Loan) and shall provide for mandatory prepayment of the Secondary Loan from liquidation of collateral upon the exercise of default remedies by the Eligible CDFI, the Qualified Issuer or the Guarantor as required by the Bond, the Bond Loan documents, or the Agreement to Guarantee, as applicable.

(k) Repayment of Secondary Loans. As Secondary Loans are repaid, the Eligible CDFI may, through the Relending Fund, Refinance and substitute as collateral for the Bond Loan other loan(s) for Eligible Purposes that meet the required Secondary Loan Requirements, provided that the Eligible CDFI makes Bond Loan payments as required. If the outstanding principal balance of the Bond Loan exceeds the outstanding principal balance of the Bond Loan in use for the Eligible Purposes, the Eligible CDFI shall repay the difference, which shall be deposited in the Relending Account, and credited to the corresponding Relending Subaccount.

§ 1808.308 Relending Fund; Relending Account.

(a) General. As Bond Loans are repaid, such amounts in excess of those required for debt service payments on the Bonds may be held in the Relending Account and used for additional Secondary Loans, to the extent authorized in this section.

(b) Application of funds to Secondary Loans. Amounts on deposit in the Relending Account shall be applied by the Eligible CDFI to make additional Secondary Loans, the term of which shall not exceed the maturity of the Bond.

(d) Relending Subaccounts. The balance of each subaccount of the Relending Fund (each a Relending Subaccount) shall not exceed 10 percent of the principal amount outstanding of the Bond Loan, minus the pro rata share of the Risk-Share Pool, as of the Calculation Date (the Relending Subaccount Maximum).

(e) Notification Date. For purposes of this section, Notification Date means the date on which the Master Servicer/Trustee notifies the Eligible CDFI that the balance in the applicable Relending Subaccount exceeds the applicable Relending Subaccount Maximum. Calculation Date means, following the Notification Date, the earlier:

(1) The date on which the balance in such Relending Subaccount becomes less than or equal to the applicable Relending Subaccount Maximum, or

The NOGA will set forth application and eligibility requirements for an entity that wishes to be designated as a Qualified Issuer (including, in the CDFI Fund’s sole discretion, the Designated Bonding Authority) and a Qualified Issuer that wishes to be approved to receive a Guarantee. The NOGA may also contain eligibility requirements, application procedures, and additional terms and conditions for entities wishing to serve as Servicers, Program Administrators, and other roles as may be determined by the CDFI Fund. The NOGA will advise interested parties on how to apply and will establish criteria, deadlines, and other Qualified Issuer and Guarantee Application requirements, including specifying any additional terms and conditions, limitations, special rules, procedures, and restrictions for a given application period.

§ 1808.401 Application requirements.

(a) Qualified Issuer Application. A Qualified Issuer applicant shall provide all required information in its Qualified Issuer Application to establish that it meets all criteria for designation as a Qualified Issuer and can carry out all Qualified Issuer responsibilities and requirements including, but not limited to, information that demonstrates that the applicant has the appropriate expertise, capacity, and experience and is qualified to make, administer and service Bond Loans for Eligible Purposes. applicants. After receipt of a Guarantee Application, the CDFI Fund may request additional information and clarifying or technical information on the materials submitted as part of the Guarantee Application. The CDFI Fund will provide the template for the Guarantee Application.

(2) The Capital Distribution Plan shall include, but not be limited to, the following information:

Subpart E—Evaluation and Selection
§ 1808.500 Evaluation of Qualified Issuer Applications.

(a) General. Each Qualified Issuer Application will be evaluated by the CDFI Fund and, if acceptable, the applicant will be designated as a Qualified Issuer, at the sole discretion of the CDFI Fund. The Qualified Issuer Application review and evaluation process will be based on established standard operating procedures, which may include interviews of applicants and/or site visits to applicants conducted by the CDFI Fund. Through the application review process, the CDFI Fund will evaluate Qualified Issuer applicants on a merit basis and in a fair and consistent manner. Each Qualified Issuer applicant will be reviewed on its ability to successfully implement the activities proposed in its Qualified Issuer Application and carry out the responsibilities of a Qualified Issuer over the life of the Bond. The CDFI Fund will periodically reevaluate the Qualified Issuer over the life of the Bond to ensure it meets the performance standards over the life of the facilities.

(b) Eligibility and completeness. A Qualified Issuer applicant will not be eligible to be designated as a Qualified Issuer if it fails to meet the eligibility requirements described in §1808.200 of this part and the applicable NOGA, or if it has not submitted complete and timely Qualified Issuer Application materials. The CDFI Fund reserves the right to request additional information from the Qualified Issuer applicant, as the CDFI Fund deems appropriate.

(c) Substantive review. When evaluating Qualified Issuer Applications and selecting applicants to be designated as Qualified Issuers, the CDFI Fund will apply the criteria set forth in the Act at 12 U.S.C. 4713a(a)(8), this interim rule, and the applicable NOGA including, but not limited to, the following evaluation factors:

(1) The extent to which the Qualified Issuer Application demonstrates that the applicant possesses the appropriate expertise, capacity and experience, or other qualifications to manage the Bond Issue on the terms and conditions set forth in this interim rule and the applicable NOGA;

(2) The expertise and experience of its Program Administrator and Servicers;

(3) The Qualified Issuer applicant’s demonstrated performance of financially sound business practices relative to the industry norm for bond issuers, as evidenced by reports of Appropriate Federal Banking Agencies, Appropriate State Agencies, and/or auditors;

(4) Information that demonstrates the applicant, its Program Administrator and Servicers have the appropriate expertise, capacity, and experience or otherwise be qualified to originate, underwrite, service and monitor loan portfolios that serve Eligible Purposes and are targeted toward Low-Income and Underserved Rural Areas; and

(5) Such other criteria that the CDFI Fund deems appropriate for purposes of evaluating the merits of a Qualified Issuer Application.

(a) General. After being designated as a Qualified Issuer, the Qualified Issuer may submit a Guarantee Application, seeking authority to issue Bonds and receive a Guarantee on the proposed Bond Issue. A successful Guarantee Application must:

(1) Demonstrate that the Qualified Issuer and the proposed Eligible CDFIs have a feasible plan to successfully repay the Bond (including principal, interest, and call premium) and Bond Loans according to their respective terms, to the satisfaction of the CDFI Fund; and

(2) Meet any other requirements deemed appropriate by the CDFI Fund and the Guarantor.

(b) Eligibility and completeness. A Qualified Issuer will not be eligible to receive a Guarantee if it fails to meet the eligibility requirements set forth in §1808.200 of this part and the applicable NOGA, or if it has not submitted complete and timely Guarantee Application materials. The CDFI Fund reserves the right to request additional information from the Qualified Issuer, or to reject a Guarantee Application as the CDFI Fund may deem appropriate.

(c) Substantive review. In evaluating Guarantee Applications and selecting a Qualified Issuer to receive a Guarantee, the CDFI Fund and the Guarantor will apply the criteria set forth in this interim rule and the applicable NOGA including, but not limited to, the following evaluation factors:

(1) The extent to which the Guarantee Application proposes strategies that demonstrate the Qualified Issuer’s ability to implement the Capital Distribution Plan;

(2) The adequacy of proposed risk mitigation provisions designed to protect the financial interests of the Federal Government based on information that includes, but is not limited to: the amount and quality of any Credit Enhancements; the amount and quality of any other financial resources to be pledged or risk mitigation to be provided by an Affiliate to the Eligible CDFI through its management structure, that will assume limited obligation for the Bond Loan and enhance the Eligible CDFI’s creditworthiness and its ability to repay the Bond Loan; and the provision for an orderly retirement of principal;

(3) The extent to which the Guarantee Application demonstrates that the Qualified Issuer possesses the appropriate expertise, capacity and experience, or other qualifications to manage the Bond Issue on the terms and conditions set forth in this interim rule and the applicable NOGA;

(4) The Qualified Issuer’s demonstrated performance of financially sound business practices relative to the industry norm for bond issuers, as evidenced by financial audits and reports of Appropriate Federal Banking Agencies, Appropriate State Agencies, independent regulators, or auditors;

(5) Information that demonstrates that the Qualified Issuer has the appropriate expertise, capacity, and experience or is otherwise qualified to make, service and monitor Bond Loans;

(6) The extent to which the proposed Bond Loans are likely to serve Low-Income Areas or Underserved Rural Areas; and

(7) Such other criteria that the CDFI Fund and the Guarantor deem appropriate for purposes of evaluating the merits of a Guarantee Application.

§ 1808.502 Evaluation of Designated Bonding Authority Applications.

In addition to the evaluation criteria for Qualified Issuers set forth above, DBA applicants must demonstrate the existence of resources to perform functions of the DBA as set forth in section 1808.201 and meet any other criteria set forth in the applicable NOGA and that may be required by the CDFI Fund.

§ 1808.503 Consultation with Appropriate Regulatory Agencies.

In the case of any CDFI Bond Guarantee Program applicant that is a Federally regulated financial institution (or an Affiliate thereof), the CDFI Fund may consult with the Appropriate Federal Banking Agency or Appropriate State Agency prior to designating the applicant as a Qualified Issuer, Servicer, Master Servicer/Trustee, Program Administrator or other role, making a final Guarantee commitment, issuing a Guarantee, and/or
entering into an Agreement to Guarantee. The CDFI Fund also reserves the right, in its sole discretion, to consult with the Appropriate Federal Banking Agency and Appropriate State Agency with respect to any Eligible CDFI that is proposed to receive a Bond Loan or any Secondary Borrower that is proposed to receive a Secondary Loan.

§ 1808.504 Selection of Qualified Issuers; Approval for Guarantee.

(a) General. Designation of an applicant as a Qualified Issuer shall be based on the foregoing evaluation criteria and processes, and any other requirements or processes that may be set forth in the applicable NOGA. An applicant may simultaneously apply for Qualified Issuer designation and a Guarantee; however, the entity must be designated as a Qualified Issuer before being selected to receive a Guarantee.

(b) The Guarantor will determine whether a Qualified Issuer will be authorized to issue Bonds and receive a Guarantee based on the foregoing evaluation criteria and processes, and any other requirements or processes set forth in the applicable NOGA.

(1) Not later than 30 days after receipt of a complete Guarantee Application (or 30 days after designation as a Qualified Issuer, if submitting simultaneous applications) by a Qualified Issuer, the CDFI Fund shall provide an internal Department Opinion regarding compliance by the Qualified Issuer with the requirements of the CDFI Bond Guarantee Program.

(2) The Guarantor shall approve or deny a Guarantee Application no later than 90 days after receipt of a complete Guarantee Application, and all other required information by the CDFI Fund or the Guarantor with respect to a request for such Guarantee.

(c) The Guarantor may limit the number of Guarantees made per year or Guarantee Applications accepted to ensure that a sufficient examination of Guarantee Applications is conducted.

(d) The CDFI Fund shall notify the Qualified Issuer in writing of the Guarantor’s approval or disapproval of a Guarantee Application.

(e) The Guarantor reserves the sole discretion to approve a Guarantee Application for a Guarantee amount that is less than that which is requested.

(f) In the event that there are material changes after submission of a Guarantee Application (including, but not limited to, a revision of the Capital Distribution Plan or a change in the Certified CDFIs that are proposed for receiving Bond Loans) prior to or after the designation as a Qualified Issuer or approval of a Guarantee Application or Guarantee, the Qualified Issuer or Guarantee applicant must notify the CDFI Fund of such material changes information in a timely and complete manner. The Guarantor will evaluate such material changes, along with the Guarantee Application, to approve or deny the Guarantee Application and/or determine whether to modify the terms and conditions of the Guarantee.

Subpart F—Terms and Conditions of Guarantee

§ 1808.600 Full faith and credit and incontestability of Guarantee.

The full faith and credit of the Federal Government is pledged to the payment of all Bonds issued as part of a Bond Issue with respect to Verifiable Losses of Principal, Interest, and Call Premium. An executed Guarantee shall be conclusive evidence that: the Guarantor has been properly authorized; the underlying Bond qualified for such Guarantee; and, but for fraud or material misrepresentation, such Guarantee will be presumed to be legally valid, binding, and enforceable.

§ 1808.601 Assignment and transfer of Guarantee.

§ 1808.603 Issuance of Guarantee.

(a) Conditions precedent. The commitment of the Guarantor to issue a Guarantee shall be subject to conditions precedent that are usual and customary for financings of this type or otherwise deemed appropriate by the Guarantor including, but not limited to, the following:

(3) There have been no material changes to the Bond and Bond Loan documents from the forms thereof approved by the Guarantor and the CDFI Fund;

(4) The Bond Purchaser and the Qualified Issuer shall have executed a Bond Purchase Agreement; and

(5) Such additional information or documents as may be required by the CDFI Fund, the Guarantor, or the Bond Purchaser.

(b) Rescission of approval. The Guarantor, in its sole discretion, may rescind its approval of a Guarantee Application if:

(1) The Guarantor or the CDFI Fund determines that the Qualified Issuer cannot, or is unwilling to, provide adequate documentation and proof of compliance with paragraph (a) of this section within the time provided for in the offer of Guarantee, or

(2) The Guarantor or the CDFI Fund determines, in its sole discretion, that the Qualified Issuer no longer meets applicable CDFI Bond Guarantee Program criteria and requirements.

§ 1808.604 Agreement to Guarantee.

PART 1815—ENVIRONMENTAL QUALITY

§ 1815.100 Policy.

The Community Development Financial Institution Fund's policy is to ensure that environmental factors and
§ 1815.101 Purpose.

§ 1815.103 Designation of responsible Fund official.

The Director of the Fund is the designated Fund official responsible for implementation and operation of the Fund's policies and procedures on environmental quality and control.

§ 1815.104 Specific responsibilities of the designated Fund official.

The designated Fund official shall:

(a) Coordinate the formulation and revision of Fund policies and procedures on matters pertaining to environmental quality and control;

(b) Establish and maintain working relationships with relevant government agencies (including Federal, state and local) concerned with environmental matters;

(c) Develop procedures within the Fund's planning and decisionmaking processes to ensure that environmental factors are properly considered in all proposals and decisions in accordance with this part;

(d) Develop, monitor, and review the Fund's implementation of standards, procedures, and working relationships for protection and enhancement of environmental quality and compliance with applicable laws and regulations;

(e) Monitor processes to ensure that the Fund's procedures regarding consideration of environmental quality are achieving their intended purposes;

(f) Advise the officers and employees of the Fund of technical and management requirements of environmental analysis, of appropriate expertise available, and, with the assistance of the Department of the Treasury's Office of the General Counsel, of relevant legal developments;

(g) Monitor the consideration and documentation of the environmental
aspects of Fund planning and decision-making processes by appropriate officers and employees of the Fund;

(h) Ensure that all environmental assessments and, where required, all EISs are prepared in accordance with the appropriate regulations adopted by the Council on Environmental Quality and the Fund;

(i) Ensure that, as required, a legislative EIS is submitted with all proposed legislation;

(j) Consolidate and transmit to appropriate parties the Fund’s comments on EISs and other environmental reports prepared by other agencies;

(k) Acquire information and prepare appropriate reports on environmental matters required of the Fund; and

(l) Coordinate the Fund’s efforts to make available to other parties information and advice on the Fund’s policies for protecting and enhancing the quality of the environment.

§ 1815.105 Major decision points.

(a) The possible environmental effects of an Application, including any Comprehensive Business Plan, must be considered along with technical, economic, and other factors throughout the decisionmaking process. For most Fund actions there are two distinct stages in the decisionmaking process:

(1) Preliminary approval stage, at which point applications are selected for funding; and

(2) Final approval and funding stage.

(b) Environmental review shall be integrated into the decisionmaking process of the Fund as follows:

(1) During the preliminary approval stage, the designated Fund official shall determine whether the Application proposes actions which are categorically excluded, or normally require an environmental assessment or an EIS;

(2) If the designated Fund official determines that the Application proposes actions which normally require an environmental assessment or an EIS, the applicant shall be informed that the final approval and funding, in addition to any other conditions, is contingent upon:

(i) The applicant supplying to the Fund all information necessary for the Fund to perform or have performed any environmental review required by this part;

(ii) The applicant not using any Fund financial assistance to perform any of such proposed actions in the Application that affect the physical environment until Fund approval is received; and

(iii) The outcome of the environmental review required by this part;

(3) The Fund will perform or have performed the environmental reviews required by this part;

(4) A preliminary approval of an Application may be withdrawn or further conditions may be imposed based upon the outcome of an environmental review required by this part; and

(5) If the designated Fund official determines that the Application proposes actions that require an environmental assessment or an EIS, the environmental assessment and/or EIS must be completed and circulated prior to the use of Federal funds for any activity that triggers the need for an environmental assessment and/or EIS.

§ 1815.106 Supplemental environmental review.

(a) The designated Fund official shall determine whether the proposed actions in the Application are sufficiently definite to perform a meaningful environmental review during the preliminary approval stage.

(b) If the designated Fund official determines that the Application is sufficiently definite to perform a meaningful environmental review during the preliminary approval stage, no conditions for supplemental environmental review shall be imposed.

(c) If the designated Fund official determines that the Application, or any part of the Application, is not sufficiently definite to complete a meaningful environmental review during the preliminary approval stage, the Fund shall require a supplemental environmental review prior to the taking of any action directly using Fund financial assistance that is not categorically excluded from environmental review or for which an environmental assessment or EIS has not been approved by the Fund. The applicant shall notify the
§ 1815.107 Designation of Fund official when proposing any action requiring a supplemental environmental review and shall supply to the Fund all information necessary for the Fund to perform the supplemental environmental review. The Fund shall perform or have performed such a supplemental environmental review. The applicant shall not use any Fund financial assistance to perform any of the proposed actions requiring a supplemental environmental review that affect the physical environment until Fund approval for such action is received.

§ 1815.107 Determination of review requirement.

In deciding whether to prepare an EIS, the designated Fund official shall determine whether the proposal is one that normally:

(a) Requires an EIS;

(b) Requires an environmental assessment, but not necessarily an EIS; or

(c) Does not require either an EIS or an environmental assessment (categorical exclusion).

§ 1815.108 Actions that normally require an EIS.

(a) If necessary, the Fund shall perform or have performed an environmental assessment to determine if an Application, or any portion of an Application, requires an EIS. However, it may be readily apparent that a proposed action in an Application will have a significant impact on the environment; in such cases, an environmental assessment is not required and the Fund shall immediately begin to prepare, or have prepared, an EIS.

(b) An EIS normally is required where an Application proposes to directly use financial assistance from the Fund for any Project that would:

(1) Remove, demolish, convert, or substantially rehabilitate 2,500 or more existing housing units, or would result in the construction or installation of 2,500 or more new housing units, or which would provide sites for 2,500 or more new housing units; or

(2) Remove, demolish, convert, or substantially rehabilitate 1,500,000 square feet or more of commercial space, or which would provide sites for 1,500,000 square feet or more of new commercial space.

§ 1815.109 Preparation of an EIS.

(a) If the Fund determines that an EIS should be prepared, it shall publish a notice of intent in the FEDERAL REGISTER in accordance with 40 CFR 1501.7 and 1508.22 of the CEQ regulations. After publishing the notice of intent, the Fund shall begin to prepare or have prepared the EIS. Procedures for preparing the EIS are set forth in 40 CFR part 1502 of the CEQ regulations.

(b) The Fund may supplement a draft or final EIS at any time. The Fund shall prepare or have prepared a supplement to either the draft or final EIS when:

(1) Substantial changes are proposed to an action contained in the draft or final EIS that are relevant to environmental concerns or there are significant new circumstances or information relevant to environmental concerns and bearing on the proposed action or its impacts; or

(2) Actions are proposed which relate or are similar to other action(s) taken or proposed and that together have a cumulatively significant impact on the environment.

§ 1815.110 Categorical exclusion.

The CEQ regulations provide for the categorical exclusion of actions that do not individually or cumulatively have a significant effect on the human environment (40 CFR 1508.4). Therefore, neither an environmental assessment nor an EIS is required for such actions. An action which falls into one of the categories below may still require the preparation of an EIS or environmental assessment if the designated Fund official determines it meets the criteria stated in § 1815.109 or involves extraordinary circumstances that may have a significant environmental effect. The Fund has determined the following categorical exclusions:

(a) Actions directly related to the administration or operation of the Fund (e.g. personnel actions, including, but not limited to, staff recruitment and training; purchase of goods and services for the Fund, including, but not
limited to, furnishings, equipment, supplies and services; space acquisition; property management; and security;  
(b) Actions directly related to and implementing proposals for which an environmental assessment or an environmental assessment and EIS have been prepared;  
(c) Actions directly related to the granting or receipt of Bank Enterprise Act awards pursuant to part 1806 of this chapter;  
(d) Actions directly related to training and/or technical assistance;  
(e) Projects for the acquisition, disposition, rehabilitation and/or modernization of 500 existing housing units or less when all the following conditions are met:  
(1) Unit density is not increased more than 20 percent;  
(2) The Project does not involve changes in land use from nonresidential to residential;  
(3) The estimated cost of rehabilitation is less than 75 percent of the total estimated cost of replacement after rehabilitation; and  
(4) The Project does not involve the demolition of one or more buildings containing the primary use served by the project that, together, have more than 20 percent of the square footage of the Project;  
(f) Projects for the construction of 200 housing units or less when all the following conditions are met:  
(1) The Project does not involve changes in existing land use from nonresidential to residential; and  
(2) The Project does not involve the demolition of one or more buildings containing the primary use served by the project that, together, have more than 20 percent of the square footage of the Project;  
(g) Projects for the acquisition, disposition, rehabilitation and/or modernization of 200,000 square feet or less of existing commercial space when all the following conditions are met:  
(1) The Project does not involve changes in existing land use from residential to nonresidential;  
(2) The estimated cost of rehabilitation is less than 75 percent of the total estimated cost of replacement after rehabilitation; and  
(h) Projects for the construction of 100,000 square feet or less of commercial space when all the following conditions are met:  
(1) The Project does not involve changes in existing land use from residential to nonresidential; and  
(2) The Project does not involve the demolition of more than 10,000 square feet of commercial space containing the primary use served by the Project;  
(i) Projects for the acquisition of an existing structure, provided that the property to be acquired is in place and will be retained in the same use;  
(j) Projects involving Fund financial assistance of $1,000,000 or less;  
(k) Actions directly related to the provision of residential tenant-based rental assistance, Consumer Loans, health care, child care, educational, cultural and/or social services;  
(1) Actions involving Fund financial assistance that is used to increase the permanent capital and/or liquidity of an applicant;  
(m) Actions where no use of Federal funds is involved in the activity or Project; and  
(n) Actions directly related to the provision of working capital, the acquisition of machinery and equipment or the purchase of inventory, raw materials or supplies.

§ 1815.111 Actions that require an environmental assessment.

If a Project or action is not one that normally requires an EIS and does not qualify for categorical exclusion, the Fund shall prepare, or have prepared, an environmental assessment.

§ 1815.112 Preparation of an environmental assessment.

(a) The Fund shall begin the preparation of an environmental assessment as early as possible after the designated Fund official has determined that it is required. The Fund may prepare an environmental assessment at any time to assist planning and decisionmaking.  
(b) An environmental assessment is a concise public document used to determine whether to prepare an EIS. An
environmental assessment aids in complying with the NEPA when no EIS is necessary, and it facilitates the preparation of an EIS, if one is necessary. The environmental assessment shall contain brief discussions of the following topics:

(1) Purpose and need for the proposed action;
(2) Description of the proposed action;
(3) Alternatives considered, including the no action alternative;
(4) Environmental effects of the proposed action and alternative actions; and
(5) Listing of agencies, organizations or persons consulted.

(c) The most important or significant environmental consequences and effects on the areas listed below should be addressed in the environmental assessment. Only those areas which are specifically relevant to the particular proposal should be addressed. Those areas should be addressed in as much detail as is necessary to allow an analysis of the alternatives and the proposal. The areas to be considered are the following:

(1) Natural/ecological features (such as floodplain, wetlands, coastal zones, wildlife refuges, and endangered species);
(2) Air quality;
(3) Sound levels;
(4) Water supply, wastewater treatment and water runoff;
(5) Energy requirements and conservation;
(6) Solid waste;
(7) Transportation;
(8) Community facilities and services;
(9) Social and economic;
(10) Historic and aesthetic; and
(11) Other relevant factors.

(d) If the Fund completes an environmental assessment and determines that an EIS is not required, then the Fund shall prepare a finding of no significant impact. The finding of no significant impact shall be made available to the public by the Fund as specified in 40 CFR 1506.6 of the CEQ regulations.

§ 1815.114 Fund decisionmaking procedures.

To ensure that at major decision-making points all relevant environmental concerns are considered by the Decisionmaker, the following procedures are established:

(a) An environmental document, i.e., the EIS, environmental assessment, finding of no significant impact, or notice of intent, in addition to being prepared at the earliest point in the decisionmaking process, shall accompany the relevant proposal or action through the Fund’s decisionmaking process to ensure adequate consideration of environmental factors;

(b) The Decisionmaker shall consider in its decisionmaking process only those alternatives discussed in the relevant environmental documents. Also, where an EIS has been prepared, the decisionmaker shall consider all comments received during any comment process and all alternatives described in the EIS. A written record of the consideration of alternatives during the decisionmaking process shall be maintained; and

(c) Any environmental document prepared for a proposal or action shall be made part of the record of any formal rulemaking by the Fund.

§ 1815.115 OMB control number.

The collection of information requirements in this part have been approved by the Office of Management and Budget and assigned OMB control number 1505–0153 (expires September 30, 1998).
