PART 230 [RESERVED]

PART 231—NETTING ELIGIBILITY FOR FINANCIAL INSTITUTION (REGULATION EE)

Sec.
231.1 Authority, purpose, and scope.
231.2 Definitions.
231.3 Qualification as a financial institution.

AUTHORITY: 12 U.S.C. 4402(1)(B) and 4402(9).
SOURCE: Reg. EE, 59 FR 4784, Feb. 2, 1994, unless otherwise noted.

§ 231.1 Authority, purpose, and scope.

(a) Authority. This part (Regulation EE; 12 CFR part 231) is issued by the Board of Governors of the Federal Reserve System under the authority of sections 402(1)(B) and 402(9) of the Federal Deposit Insurance Corporation Improvement Act of 1991 (12 U.S.C. 4402(1)(B) and 4402(9)).

(b) Purpose and scope. The purpose of the Act and this part is to enhance efficiency and reduce systemic risk in the financial markets. This part expands the Act’s definition of “financial institution” to allow more financial market participants to avail themselves of the netting provisions set forth in sections 401–407 of the Act (12 U.S.C. 4401–4407). This part does not affect the status of those financial institutions specifically defined in the Act.

§ 231.2 Definitions.

As used in this part, unless the context requires otherwise:

(b) Affiliate, with respect to a person, means any other person that controls, is controlled by, or is under common control with the person.

(c) Financial contract means a qualified financial contract as defined in section 11(e)(8)(D) of the Federal Deposit Insurance Act (12 U.S.C. 1821(e)(8)(D)), as amended, except that a forward contract includes a contract with a maturity date two days or less after the date the contract is entered into (i.e., a “spot” contract).

(d) Financial market means a market for a financial contract.

(e) Gross mark-to-market positions in one or more financial contracts means the sum of the absolute values of positions in those contracts, adjusted to reflect the market values of those positions in accordance with the methods used by the parties to each contract to value the contract.

(f) Person means any legal entity, foreign or domestic, including a corporation, unincorporated company, partnership, government unit or instrumentality, trust, natural person, or any other entity or organization.

§ 231.3 Qualification as a financial institution.

(a) A person qualifies as a financial institution for purposes of sections 401–407 of the Act if it represents, orally or in writing, that it will engage in financial contracts as a counterparty on both sides of one or more financial markets and either—

1. Had one or more financial contracts of a total gross dollar value of at least $1 billion in notional principal amount outstanding on any day during the previous 15-month period with counterparties that are not its affiliates; or

2. Had total gross mark-to-market positions of at least $100 million (aggregated across counterparties) on any day during the previous 15-month period with counterparties that are not its affiliates.

(b) If a person qualifies as a financial institution under paragraph (a) of this section, that person will be considered a financial institution for the purposes of any contract entered into during the period it qualifies, even if the person subsequently fails to qualify.

(c) If a person qualifies as a financial institution under paragraph (a) of this section on March 7, 1994, that person
will be considered a financial institution for the purposes of any outstanding contract entered into prior to March 7, 1994.

PART 232—OBTAINING AND USING MEDICAL INFORMATION IN CONNECTION WITH CREDIT (REGULATION FF)

Sec. 232.1 Scope, General Prohibition and Definitions

232.2 Rule of Construction for Obtaining and Using Unsolicited Medical Information

232.3 Financial Information Exception for Obtaining and Using Medical Information

232.4 Specific Exceptions for Obtaining and Using Medical Information

SOURCE: 70 FR 70682, Nov. 22, 2005, unless otherwise noted.

§ 232.1 Scope, General Prohibition and Definitions

(a) Scope. This part applies to creditors, as defined in paragraph (c)(3) of this section, except for creditors that are subject to §§41.30, 222.30, 334.30, 571.30, or 717.30.

(b) In general. A creditor may not obtain or use medical information pertaining to a consumer in connection with any determination of the consumer’s eligibility, or continued eligibility, for credit, except as provided in this section.

(c) Definitions. (1) Consumer means an individual.

(2) Credit has the same meaning as in section 702 of the Equal Credit Opportunity Act, 15 U.S.C. 1691a.

(3) Creditor has the same meaning as in section 702 of the Equal Credit Opportunity Act, 15 U.S.C. 1691a.

(A) Eligibility, or continued eligibility, for credit means the consumer’s qualification or fitness for employment, insurance (other than a credit insurance product), or other non-credit products or services;

(ii) Authorizing, processing, or documenting a payment or transaction on behalf of the consumer in a manner that does not involve a determination of the consumer’s eligibility, or continued eligibility, for credit; or

(iii) Maintaining or servicing the consumer’s account in a manner that does not involve a determination of the consumer’s eligibility, or continued eligibility, for credit.

(5) Medical information means:

(A) Information or data, whether oral or recorded, in any form or medium, created by or derived from a health care provider or the consumer, that relates to—

(A) The past, present, or future physical, mental, or behavioral health or condition of an individual;

(B) The provision of health care to an individual;

(C) The payment for the provision of health care to an individual.

(ii) The term does not include:

(A) The age or gender of a consumer;

(B) Demographic information about the consumer, including a consumer’s residence address or e-mail address;

(C) Any other information about a consumer that does not relate to the physical, mental, or behavioral health or condition of a consumer, including the existence or value of any insurance policy; or

(D) Information that does not identify a specific consumer.

(6) Person means any individual, partnership, corporation, trust, estate cooperative, association, government or governmental subdivision or agency, or other entity.

§ 232.2 Rule of construction for obtaining and using unsolicited medical information.

(a) In general. A creditor does not obtain medical information in violation of the prohibition if it receives medical information pertaining to a consumer in connection with any determination of the consumer’s eligibility, or continued eligibility, for credit without specifically requesting medical information.
(b) Use of unsolicited medical information. A creditor that receives unsolicited medical information in the manner described in paragraph (a) of this section may use that information in connection with any determination of the consumer’s eligibility, or continued eligibility, for credit to the extent the creditor can rely on at least one of the exceptions in §232.3 or §232.4.

(c) Examples. A creditor does not obtain medical information in violation of the prohibition if, for example:

(1) In response to a general question regarding a consumer’s debts or expenses, the creditor receives information that the consumer owes a debt to a hospital.

(2) In a conversation with the creditor’s loan officer, the consumer informs the creditor that the consumer has a particular medical condition.

(3) In connection with a consumer’s application for an extension of credit, the creditor requests a consumer report from a consumer reporting agency and receives medical information in the consumer report furnished by the agency even though the creditor did not specifically request medical information from the consumer reporting agency.

§ 232.3 Financial information exception for obtaining and using medical information.

(a) In general. A creditor may obtain and use medical information pertaining to a consumer in connection with any determination of the consumer’s eligibility, or continued eligibility, for credit so long as:

(1) The information is the type of information routinely used in making credit eligibility determinations, such as information relating to debts, expenses, income, benefits, assets, collateral, or the purpose of the loan, including the use of proceeds;

(2) The creditor uses the medical information in a manner and to an extent that is no less favorable than it would use comparable information that is not medical information in a credit transaction; and

(3) The creditor does not take the consumer’s physical, mental, or behavioral health, condition or history, type of treatment, or prognosis into account as part of any such determination.

(b) Examples—(1) Examples of the types of information routinely used in making credit eligibility determinations. Paragraph (a)(1) of this section permits a creditor, for example, to obtain and use information about:

(i) The dollar amount, repayment terms, repayment history, and similar information regarding medical debts to calculate, measure, or verify the repayment ability of the consumer, the use of proceeds, or the terms for granting credit;

(ii) The value, condition, and lien status of a medical device that may serve as collateral to secure a loan;

(iii) The dollar amount and continued eligibility for disability income, workers’ compensation income, or other benefits related to health or a medical condition that is relied on as a source of repayment; or

(iv) The identity of creditors to whom outstanding medical debts are owed in connection with an application for credit, including but not limited to, a transaction involving the consolidation of medical debts.

(2) Examples of uses of medical information consistent with the exception. (i) A consumer indicates on an application for credit information about two $20,000 debts. One debt is to a hospital; the other debt is to a retailer. The creditor contacts the hospital and the retailer to verify the amount and payment status of the debts. The creditor learns that both debts are more than 90 days past due. Any two debts of this size that are more than 90 days past due would disqualify the consumer under the creditor’s established underwriting criteria. The creditor denies the application on the basis that the consumer has a poor repayment history on outstanding debts. The creditor uses medical information in a manner and to an extent no less favorable than it would use comparable non-medical information.

(ii) A consumer indicates on an application for a $200,000 mortgage loan that she receives $15,000 in long-term disability income each year from her former employer and has no other income. Annual income of $15,000, regardless of source, would not be sufficient
to support the requested amount of credit. The creditor denies the application on the basis that the projected debt-to-income ratio of the consumer does not meet the creditor’s underwriting criteria. The creditor has used medical information in a manner and to an extent that is no less favorable than it would use comparable non-medical information.

(iii) A consumer includes on an application for a $10,000 home equity loan that he has a $50,000 debt to a medical facility that specializes in treating a potentially terminal disease. The creditor contacts the medical facility to verify the debt and obtain the repayment history and current status of the loan. The creditor learns that the debt is current. The applicant meets the income and other requirements of the creditor’s underwriting guidelines. The creditor grants the application. The creditor has used medical information in accordance with the exception.

(3) Examples of uses of medical information inconsistent with the exception. (i) A consumer applies for $25,000 of credit and includes on the application information about a $50,000 debt to a hospital. The creditor contacts the hospital to verify the amount and payment status of the debt, and learns that the debt is current and that the consumer has no delinquencies in her repayment history. If the existing debt were instead owed to a retail department store, the creditor would approve the application and extend credit based on the amount and repayment history of the outstanding debt. The creditor, however, denies the application because the consumer is indebted to a hospital. The creditor has used medical information, here the identity of the medical creditor, in a manner and to an extent that is less favorable than it would use comparable non-medical information.

(ii) A consumer meets with a loan officer of a creditor to apply for a mortgage loan. While filling out the loan application, the consumer informs the loan officer orally that she has a potentially terminal disease. The loan officer informs the consumer that the consumer must obtain a debt cancellation contract, debt suspension agreement, or credit insurance product from an affiliated third party. The creditor approves the loan. The creditor has used medical information in a manner inconsistent with the exception by taking into account the consumer’s physical, mental, or behavioral health, condition, or history, type of treatment, or prognosis in determining eligibility or continued eligibility for credit.

(iii) A consumer who has an apparent medical condition, such as a consumer who uses a wheelchair or an oxygen tank, meets with a loan officer to apply for a home equity loan. The consumer meets the creditor’s established requirements for the requested home equity loan and the creditor typically does not require consumers to obtain a debt cancellation contract, debt suspension agreement, or credit insurance product in connection with such loans. However, based on the consumer’s apparent medical condition, the loan officer recommends to the credit committee that credit be approved only if the consumer obtains a debt cancellation contract, debt suspension agreement, or credit insurance product from a nonaffiliated third party. The credit committee agrees with the loan officer’s recommendation. The loan officer informs the consumer that the consumer must obtain a debt cancellation contract, debt suspension agreement, or credit insurance product from a nonaffiliated third party to qualify for the loan. The consumer obtains one of these products and the creditor approves the loan. The creditor has used medical information in a manner inconsistent with the exception by taking into account the consumer’s physical, mental, or behavioral health, condition, or history, type of treatment, or prognosis in setting conditions on the consumer’s eligibility for credit.

§ 232.4 Specific exceptions for obtaining and using medical information.

(a) In general. A creditor may obtain and use medical information pertaining to a consumer in connection
with any determination of the consumer’s eligibility, or continued eligibility, for credit:

(1) To determine whether the use of a power of attorney or legal representative that is triggered by a medical condition or event is necessary and appropriate or whether the consumer has the legal capacity to contract when a person seeks to exercise a power of attorney or act as legal representative for a consumer based on an asserted medical condition or event;

(2) To comply with applicable requirements of local, state, or Federal laws;

(3) To determine, at the consumer’s request, whether the consumer qualifies for a legally permissible special credit program or credit-related assistance program that is—

(i) Designed to meet the special needs of consumers with medical conditions; and

(ii) Established and administered pursuant to a written plan that—

(A) Identifies the class of persons that the program is designed to benefit; and

(B) Sets forth the procedures and standards for extending credit or providing other credit-related assistance under the program;

(4) To the extent necessary for purposes of fraud prevention or detection;

(5) In the case of credit for the purpose of financing medical products or services, to determine and verify the medical purpose of a loan and the use of proceeds;

(6) Consistent with safe and sound practices, if the consumer or the consumer’s legal representative specifically requests that the creditor use medical information in determining the consumer’s eligibility, or continued eligibility, for credit, to accommodate the consumer’s particular circumstances, and such request is documented by the creditor;

(7) Consistent with safe and sound practices, to determine whether the provisions of a forbearance practice or program that is triggered by a medical condition or event apply to a consumer;

(8) To determine the consumer’s eligibility for, the triggering of, or the reactivation of a debt cancellation contract or debt suspension agreement if a medical condition or event is a triggering event for the provision of benefits under the contract or agreement; or

(9) To determine the consumer’s eligibility for, the triggering of, or the reactivation of a credit insurance product if a medical condition or event is a triggering event for the provision of benefits under the product.

(b) Example of determining eligibility for a special credit program or credit assistance program. A not-for-profit organization establishes a credit assistance program pursuant to a written plan that is designed to assist disabled veterans in purchasing homes by subsidizing the down payment for the home purchase mortgage loans of qualifying veterans. The organization works through mortgage lenders and requires mortgage lenders to obtain medical information about the disability of any consumer that seeks to qualify for the program, use that information to verify the consumer’s eligibility for the program, and forward that information to the organization. A consumer who is a veteran applies to a creditor for a home purchase mortgage loan. The creditor informs the consumer about the credit assistance program for disabled veterans and the consumer seeks to qualify for the program. Assuming that the program complies with all applicable law, including applicable fair lending laws, the creditor may use medical information about the medical condition and disability, if any, of the consumer to determine whether the consumer qualifies for the credit assistance program.

(c) Examples of verifying the medical purpose of the loan or the use of proceeds.

(1) If a consumer applies for $10,000 of credit for the purpose of financing vision correction surgery, the creditor may verify with the surgeon that the procedure will be performed. If the surgeon reports that surgery will not be performed on the consumer, the creditor may use that medical information to deny the consumer’s application for credit, because the loan would not be used for the stated purpose.
(2) If a consumer applies for $10,000 of credit for the purpose of financing cosmetic surgery, the creditor may confirm the cost of the procedure with the surgeon. If the surgeon reports that the cost of the procedure is $5,000, the creditor may use that medical information to offer the consumer only $5,000 of credit.

(3) A creditor has an established medical loan program for financing particular elective surgical procedures. The creditor receives a loan application from a consumer requesting $10,000 of credit under the established loan program for an elective surgical procedure. The consumer indicates on the application that the purpose of the loan is to finance an elective surgical procedure not eligible for funding under the guidelines of the established loan program. The creditor may deny the consumer’s application because the purpose of the loan is not for a particular procedure funded by the established loan program.

(d) Examples of obtaining and using medical information at the request of the consumer. (1) If a consumer applies for a loan and specifically requests that the creditor consider the consumer’s medical disability at the relevant time as an explanation for adverse payment history information in his credit report, the creditor may consider such medical information in evaluating the consumer’s willingness and ability to repay the requested loan to accommodate the consumer’s particular circumstances, consistent with safe and sound practices. The creditor may also decline to consider such medical information to accommodate the consumer, but may evaluate the consumer’s application in accordance with its otherwise applicable underwriting criteria. The creditor may not deny the consumer’s application or otherwise treat the consumer less favorably because the consumer specifically requested a medical accommodation, or continued eligibility, for credit and provided the creditor with medical information for that purpose, and the creditor determines that it needs additional information regarding the consumer’s circumstances, the creditor may request, obtain, and use additional medical information about the consumer as necessary to verify the information provided by the consumer or to determine whether to make an accommodation for the consumer. The consumer may decline to provide additional information, withdraw the request for an accommodation, and have the application considered under the creditor’s otherwise applicable underwriting criteria.

(2) If a consumer applies for a loan by telephone and explains that his income has been and will continue to be interrupted on account of a medical condition and that he expects to repay the loan liquidating assets, the creditor may, but is not required to, evaluate the application using the sale of assets as the primary source of repayment, consistent with safe and sound practices, provided that the creditor documents the consumer’s request by recording the oral conversation or making a notation of the request in the consumer’s file.

(3) If a consumer applies for a loan and the application form provides a space where the consumer may provide any other information or special circumstances, whether medical or non-medical, that the consumer would like the creditor to consider in evaluating the consumer’s application, the creditor may use medical information provided by the consumer in that space on that application to accommodate the consumer’s application for credit, consistent with safe and sound practices, or may disregard that information.

(4) If a consumer specifically requests that the creditor use medical information in determining the consumer’s eligibility, or continued eligibility, for credit and provides the creditor with medical information for that purpose, and the creditor determines that it needs additional information regarding the consumer’s circumstances, the creditor may request, obtain, and use additional medical information about the consumer as necessary to verify the information provided by the consumer or to determine whether to make an accommodation for the consumer. The consumer may decline to provide additional information, withdraw the request for an accommodation, and have the application considered under the creditor’s otherwise applicable underwriting criteria.
credit, the consumer has not specifically requested that the creditor obtain and use medical information to accommodate the consumer's particular circumstances.

(e) Example of a forbearance practice or program. After an appropriate safety and soundness review, a creditor institutes a program that allows consumers who are or will be hospitalized to defer payments as needed for up to three months, without penalty, if the credit account has been open for more than one year and has not previously been in default, and the consumer provides confirming documentation at an appropriate time. A consumer is hospitalized and does not pay her bill for a particular month. This consumer has had a credit account with the creditor for more than one year and has not previously been in default. The creditor attempts to contact the consumer and speaks with the consumer’s adult child, who is not the consumer’s legal representative. The adult child informs the creditor that the consumer is hospitalized and is unable to pay the bill at that time. The creditor defers payments for up to three months, without penalty, for the hospitalized consumer and sends the consumer a letter confirming this practice and the date on which the next payment will be due. The creditor has obtained and used medical information to determine whether the provisions of a medically-triggered forbearance practice or program apply to a consumer.

PART 233—PROHIBITION ON FUNDING OF UNLAWFUL INTERNET GAMBLING (REGULATION GG)

§ 233.1 Authority, purpose, collection of information, and incorporation by reference.

(a) Authority. This part is issued jointly by the Board of Governors of the Federal Reserve System (Board) and the Secretary of the Department of the Treasury (Treasury) under section 802 of the Unlawful Internet Gambling Enforcement Act of 2006 (Act) (enacted as title VIII of the Security and Accountability For Every Port Act of 2006, Pub. L. No. 109–347, 120 Stat. 1884, and codified at 31 U.S.C. 5361–5367). The Act states that none of its provisions shall be construed as altering, limiting, or extending any Federal or State law or Tribal-State compact prohibiting, permitting, or regulating gambling within the United States. See 31 U.S.C. 5361(b). In addition, the Act states that its provisions are not intended to change which activities related to horseracing may or may not be allowed under Federal law, are not intended to change the existing relationship between the Interstate Horseracing Act of 1978 (IHA) (15 U.S.C. 3001 et seq.) and other Federal statutes in effect on October 13, 2006, the date of the Act’s enactment, and are not intended to resolve any existing disagreements over how to interpret the relationship between the IHA and other Federal statutes. See 31 U.S.C. 5362(10)(D)(iii). This part is intended to be consistent with these provisions.

(b) Purpose. The purpose of this part is to issue implementing regulations as required by the Act. The part sets out necessary definitions, designates payment systems subject to the requirements of this part, exempts certain participants in designated payment systems from certain requirements of this part, provides nonexclusive examples of policies and procedures reasonably designed to identify and block, or otherwise prevent and prohibit, restricted transactions, and sets out the Federal entities that have exclusive regulatory enforcement authority with respect to the designated payment systems and non-exempt participants therein.

(c) Collection of information. The Office of Management and Budget (OMB) has approved the collection of information requirements in this part for the
§ 233.2 Definitions.

The following definitions apply solely for purposes of this part:

(a) Actual knowledge with respect to a transaction or commercial customer means when a particular fact with respect to that transaction or commercial customer is known by or brought to the attention of:

(1) An individual in the organization responsible for the organization’s compliance function with respect to that transaction or commercial customer; or

(2) An officer of the organization.

(b) Automated clearing house system or ACH system means a funds transfer system, primarily governed by the ACH Rules, which provides for the clearing and settlement of batched electronic entries for participating financial institutions. When referring to ACH systems, the terms in this regulation (such as “originating depository financial institution,” “operator,” “originating gateway operator,” “receiving depository financial institution,” “receiving gateway operator,” and “third-party sender”) are defined as those terms are defined in the ACH Rules.

(c) Bet or wager:

(1) Means the staking or risking by any person of something of value upon the outcome of a contest of others, a sporting event, or a game subject to chance, upon an agreement or understanding that the person or another person will receive something of value in the event of a certain outcome;

(2) Includes the purchase of a chance or opportunity to win a lottery or other prize (which opportunity to win is predominantly subject to chance);

(3) Includes any scheme of a type described in 28 U.S.C. 3702;

(4) Includes any instructions or information pertaining to the establishment or movement of funds by the bettor or customer in, to, or from an account with the business of betting or wagering (which does not include the activities of a financial transaction provider, or any interactive computer service or telecommunications service); and

(5) Does not include—

(i) Any activity governed by the securities laws (as that term is defined in section 3(a)(47) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(47)) for the purchase or sale of securities (as that term is defined in section 3(a)(10) of that act (15 U.S.C. 78c(a)(10));
§ 233.2

(ii) Any transaction conducted on or subject to the rules of a registered entity or exempt board of trade under the Commodity Exchange Act (7 U.S.C. 1 et seq.);

(A) Is excluded or exempt from regulation under the Commodity Exchange Act (7 U.S.C. 1 et seq.); or

(B) Is exempt from State gaming or bucket shop laws under section 12(e) of the Commodity Exchange Act (7 U.S.C. 16(e)) or section 28(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78bb(a));

(v) Any contract of indemnity or guarantee;

(vi) Any contract for insurance;

(vii) Any deposit or other transaction with an insured depository institution;

(viii) Participation in any game or contest in which participants do not stake or risk anything of value other than—

(A) Personal efforts of the participants in playing the game or contest or obtaining access to the Internet; or

(B) Points or credits that the sponsor of the game or contest provides to participants free of charge and that can be used or redeemed only for participation in games or contests offered by the sponsor; or

(ix) Participation in any fantasy or simulation sports game or educational game or contest in which (if the game or contest involves a team or teams) no fantasy or simulation sports team is based on the current membership of an actual team that is a member of an amateur or professional sports organization (as those terms are defined in 28 U.S.C. 3701) and that meets the following conditions:

(A) All prizes and awards offered to winning participants are established and made known to the participants in advance of the game or contest and their value is not determined by the number of participants or the amount of any fees paid by those participants.

(B) All winning outcomes reflect the relative knowledge and skill of the participants and are determined predominantly by accumulated statistical results of the performance of individuals (athletes in the case of sports events) in multiple real-world sporting or other events.

(C) No winning outcome is based—

(1) On the score, point-spread, or any performance or performances of any single real-world team or any combination of such teams, or

(2) Solely on any single performance of an individual athlete in any single real-world sporting or other event.

(d) Block means to reject a particular transaction before or during processing, but it does not require freezing or otherwise prohibiting subsequent transfers or transactions regarding the proceeds or account.

(ii) Otherwise prevent or prohibit the acceptance of the products or services of the designated payment system or participant in connection with restricted transactions; and

(2) Such policies and procedures of the designated payment system comply with the requirements of this part.

(c) For purposes of paragraph (b)(2) in this section, a participant in a designated payment system may rely on a written statement or notice by the operator of that designated payment system to its participants that states that the operator has designed or structured the system’s policies and procedures for identifying and blocking or otherwise preventing or prohibiting restricted transactions to comply with the requirements of this part as conclusive evidence that the system’s policies and procedures comply with the requirements of this part, unless the participant is notified otherwise by its Federal functional regulator or, in the case of participants that are not directly supervised by a Federal functional regulator, the Federal Trade Commission.

(d) As provided in the Act, a person that identifies and blocks a transaction, prevents or prohibits the acceptance of its products or services in connection with a transaction, or otherwise refuses to honor a transaction, shall not be liable to any party for such action if—

In establishing and implementing written policies and procedures to identify and block or otherwise prevent or prohibit restricted transactions, a non-exempt participant in a designated payment system is permitted to design and implement policies and procedures tailored to its business that may be different than the examples provided in this section. In addition, non-exempt participants may use different policies and procedures with respect to different business lines or different parts of the organization.

(b) Due diligence. If a non-exempt participant in a designated payment system establishes and implements procedures for due diligence of its commercial customer accounts or commercial customer relationships in order to comply, in whole or in part, with the requirements of this regulation, those due diligence procedures will be deemed to be reasonably designed to identify and block or otherwise prevent or prohibit restricted transactions if the procedures include the steps set out in paragraphs (b)(1), (b)(2), and (b)(3) of this section and subject to paragraph (b)(4) of this section.

(1) At the establishment of the account or relationship, the participant conducts due diligence of a commercial customer and its activities commensurate with the participant’s judgment of the risk of restricted transactions presented by the customer’s business.

(i) The participant determines that the commercial customer presents a minimal risk of engaging in an Internet gambling business.

(1) A copy of the commercial customer’s license that expressly authorizes the customer to engage in the Internet gambling business issued by the appropriate State or Tribal authority or, if the commercial customer does not have such a license, a reasoned legal opinion that demonstrates that the commercial customer’s Internet gambling business does not involve restricted transactions; and

(2) A third-party certification that the commercial customer’s systems for engaging in the Internet gambling business are reasonably designed to ensure that the commercial customer’s Internet gambling business will remain within the licensed or otherwise lawful limits, including with respect to age and location verification.

(II) A written commitment by the commercial customer to notify the participant of any changes in its legal authority to engage in its Internet gambling business.

(2) A third-party certification that the commercial customer’s systems for engaging in the Internet gambling business are reasonably designed to ensure that the commercial customer’s Internet gambling business will remain within the licensed or otherwise lawful limits, including with respect to age and location verification.

(3) The participant notifies all of its commercial customers, through provisions in the account or commercial customer relationship agreement or otherwise, that restricted transactions are prohibited from being processed through the account or relationship.

(4) With respect to the determination in paragraph (b)(2)(i) of this section, participants may deem the following commercial customers to present a minimal risk of engaging in an Internet gambling business—

(i) Address methods to conduct due diligence in establishing a commercial customer account or relationship as set out in §233.6(b);

(ii) Address methods to conduct due diligence as set out in §233.6(b)(2)(ii)(B) in the event that the participant has actual knowledge that an existing commercial customer of the participant engages in an Internet gambling business; and

(iii) Include procedures to be followed with respect to a commercial customer if the originating depository financial institution or third-party processor has actual knowledge that its commercial customer has originated restricted transactions as ACH debit transactions or if the receiving depository financial institution or third-party processor has actual knowledge that its commercial customer has received restricted transactions as ACH credit transactions, such as procedures that address—

(A) The circumstances under which the commercial customer should not be allowed to originate ACH debit transactions or receive ACH credit transactions; and

(B) The circumstances under which the account should be closed.

(2) The policies and procedures of a receiving gateway operator and third-party processor that receives instructions to originate an ACH debit transaction directly from a foreign sender are deemed to be reasonably designed to prevent or prohibit restricted transactions if they include procedures to be followed with respect to a foreign sender if the receiving gateway operator or third-party processor has actual knowledge, obtained through notification by a government entity, such as law enforcement or a regulatory agency, that such instructions included instructions for restricted transactions. Such procedures may address sending notification to the foreign sender, such as in the form of the notice contained in appendix A to this part.

(d) Card system examples. The policies and procedures of a card system operator, a merchant acquirer, third-party processor, or a card issuer, are deemed to be reasonably designed to identify and block or otherwise prevent or prohibit restricted transactions, if the policies and procedures—

(2) The policies and procedures of a depositary bank that receives checks for collection from a foreign banking office are deemed to be reasonably designed to identify and block or otherwise prevent or prohibit restricted transactions if they include procedures to be followed by the depositary bank when it has actual knowledge, obtained through notification by a government entity, such as law enforcement or a regulatory agency, that a foreign banking office has sent checks to the depositary bank that are restricted transactions. Such procedures may address sending notification to the foreign banking office, such as in the form of the notice contained in the appendix to this part.

(B) The roles and responsibilities of the board of directors and senior management are clearly specified;

(C) The board of directors consists of suitable individuals having appropriate skills to fulfill its multiple roles;

(D) The board of directors includes a majority of individuals who are not executives, officers, or employees of the designated financial market utility or an affiliate of the designated financial market utility;

(E) The board of directors establishes policies and procedures to identify, address, and manage potential conflicts of interest of board members and to review its performance and the performance of individual board members on a regular basis;

(F) The board of directors establishes a clear, documented risk-management framework that includes the designated financial market utility’s risk-tolerance policy, assigns responsibilities and accountability for risk decisions, and addresses decisionmaking in crises and emergencies;

(G) Senior management has the appropriate experience, skills, and integrity necessary to discharge operational and risk-management responsibilities;

(H) The risk-management function has sufficient authority, resources, and independence from other operations of the designated financial market utility, and has a direct reporting line to and is overseen by a committee of the board of directors;

(3) Framework for the comprehensive management of risks. The designated financial market utility has a sound risk-management framework for comprehensively managing legal, credit, liquidity, operational, general business, custody, investment, and other risks that arise in or are borne by the designated financial market utility. This framework is subject to periodic review and includes—

(i) Risk-management policies, procedures, and systems that enable the designated financial market utility to identify, measure, monitor, and manage the risks that arise in or are borne by the designated financial market utility, including those posed by other entities as a result of interdependencies;

(ii) Risk-management policies, procedures, and systems that enable the designated financial market utility to identify, measure, monitor, and manage the material risks that it poses to other entities, such as other financial market utilities, settlement banks, liquidity providers, or service providers, as a result of interdependencies; and

(iii) Integrated plans for the designated financial market utility’s recovery and orderly wind-down that—

(A) Identify the designated financial market utility’s critical operations and services related to payment, clearing, and settlement;

(B) Identify scenarios that may potentially prevent it from being able to provide its critical operations and services as a going concern, including uncovered credit losses (as described in
(4) Credit risk. The designated financial market utility effectively measures, monitors, and manages its credit exposures to participants and those arising from its payment, clearing, and settlement processes. In this regard, the designated financial market utility maintains sufficient financial resources to cover its credit exposure to each participant fully with a high degree of confidence. In addition, the designated financial market utility—

(i) If it operates as a central counterparty, maintains additional prefunded financial resources that are sufficient to cover its credit exposure under a wide range of significantly different stress scenarios that includes the default of the two participants and their affiliates that would potentially cause the largest aggregate credit exposure to the designated financial market utility in extreme but plausible market conditions. The Board may consider such a direction if the central counterparty—

(A) Is involved in activities with a more-complex risk profile, such as clearing financial instruments characterized by discrete jump-to-default price changes or that are highly correlated with potential participant defaults, or

(B) Has been determined by another jurisdiction to be systemically important in that jurisdiction;

(ii) If it operates as a central counterparty, determines the amount and regularly tests the sufficiency of the total financial resources available to meet the requirements of this paragraph by—

(A) On a daily basis, conducting a stress test of its total financial resources using standard and predetermined stress scenarios, parameters, and assumptions;

(B) On at least a monthly basis, and more frequently when the products cleared or markets served experience high volatility or become less liquid, or when the size or concentration of positions held by the central counterparty’s participants increases significantly, conducting a comprehensive and thorough analysis of the existing stress scenarios, models, and underlying parameters and assumptions such that the designated financial market utility meets its required level of default protection in light of current and evolving market conditions; and

(C) Having clear procedures to report the results of its stress tests to decisionmakers at the central counterparty and using these results to evaluate the adequacy of and adjust its total financial resources;

(ii) If it operates as a central counterparty, may be directed by the Board to maintain additional

paragraph (a)(4)(vi)(A) of this section), uncovered liquidity shortfalls (as described in paragraph (a)(7)(viii)(A) of this section), and general business losses (as described in paragraph (a)(15) of this section); (C) Identify criteria that could trigger the implementation of the recovery or orderly wind-down plan; (D) Include rules, procedures, policies, and any other tools the designated financial market utility would use in a recovery or orderly wind-down to address the scenarios identified under paragraph (a)(3)(iii)(B) of this section;

(E) Include procedures to ensure timely implementation of the recovery and orderly wind-down plans in the scenarios identified under paragraph (a)(3)(iii)(B) of this section;

(F) Include procedures for informing the Board, as soon as practicable, if the designated financial market utility is considering initiating recovery or orderly wind-down; and

(G) Are reviewed the earlier of every two years or following changes to the system or the environment in which the designated financial market utility operates that would significantly affect the viability or execution of the plans. (4) Credit risk. The designated financial market utility effectively measures, monitors, and manages its credit exposures to participants and those arising from its payment, clearing, and settlement processes. In this regard, the designated financial market utility maintains sufficient financial resources to cover its credit exposure to each participant fully with a high degree of confidence. In addition, the designated financial market utility—

(i) If it operates as a central counterparty, maintains additional prefunded financial resources that are sufficient to cover its credit exposure under a wide range of significantly different stress scenarios that includes the default of the two participants and their affiliates that would potentially cause the largest aggregate credit exposure to the designated financial market utility in extreme but plausible market conditions. The Board may consider such a direction if the central counterparty—

(A) Is involved in activities with a more-complex risk profile, such as clearing financial instruments characterized by discrete jump-to-default price changes or that are highly correlated with potential participant defaults, or

(B) Has been determined by another jurisdiction to be systemically important in that jurisdiction;

(iii) If it operates as a central counterparty, determines the amount and regularly tests the sufficiency of the total financial resources available to meet the requirements of this paragraph by—

(A) On a daily basis, conducting a stress test of its total financial resources using standard and predetermined stress scenarios, parameters, and assumptions;

(B) On at least a monthly basis, and more frequently when the products cleared or markets served experience high volatility or become less liquid, or when the size or concentration of positions held by the central counterparty’s participants increases significantly, conducting a comprehensive and thorough analysis of the existing stress scenarios, models, and underlying parameters and assumptions such that the designated financial market utility meets its required level of default protection in light of current and evolving market conditions; and

(C) Having clear procedures to report the results of its stress tests to decisionmakers at the central counterparty and using these results to evaluate the adequacy of and adjust its total financial resources;

(iv) If it operates as a central counterparty, excludes assessments for additional default or guaranty fund contributions (that is, default or guaranty fund contributions that are not
prefunded) in its calculation of financial resources available to meet the total financial resource requirement under this paragraph;

(v) At least annually, provides for a validation of the designated financial market utility's risk-management models used to determine the sufficiency of its total financial resources that—

(A) Includes the designated financial market utility's models used to comply with the collateral provisions under paragraph (a)(5) of this section and models used to determine initial margin under paragraph (a)(6) of this section; and

(vi) Establishes rules and procedures that explicitly—

(A) Address allocation of credit losses the designated financial market utility may face if its collateral and other financial resources are insufficient to cover fully its credit exposures, including the repayment of any funds a designated financial market utility may borrow from liquidity providers; and

(B) Describe the designated financial market utility’s process to replenish any financial resources that the designated financial market utility may employ during a stress event, including a participant default.

(5) Collateral. If it requires collateral to manage its or its participants' credit exposure, the designated financial market utility accepts collateral with low credit, liquidity, and market risks and sets and enforces conservative haircuts and concentration limits, in order to ensure the value of the collateral in the event of liquidation and that the collateral can be used in a timely manner. In this regard, the designated financial market utility—

(i) Establishes prudent valuation practices and develops haircuts that are tested regularly and take into account stressed market conditions;

(ii) Establishes haircuts that are calibrated to include relevant periods of stressed market conditions to reduce the need for procyclical adjustments;

(iii) Provides for annual validation of its haircut procedures, as part of its risk-management model validation under paragraph (a)(4)(v) of this section;

(iv) Avoids concentrated holdings of any particular type of asset where the concentration could significantly impair the ability to liquidate such assets quickly without significant adverse price effects;

(v) Uses a collateral management system that is well-designed and operationally flexible such that it, among other things,—

(A) Accommodates changes in the ongoing monitoring and management of collateral; and

(B) Allows for the timely valuation of collateral and execution of any collateral or margin calls.

(6) Margin. If it operates as a central counterparty, the designated financial market utility covers its credit exposures to its participants for all products by establishing a risk-based margin system that—

(i) Is conceptually and methodologically sound for the risks and particular attributes of each product, portfolio, and markets it serves, as demonstrated by documented and empirical evidence supporting design choices, methods used, variables selected, theoretical bases, key assumptions, and limitations;

(ii) Establishes margin levels commensurate with the risks and particular attributes of each product, portfolio, and market it serves;

(vi) Generates initial margin requirements sufficient to cover potential changes in the value of each participant’s position during the interval between the last margin collection and
the closeout of positions following a participant default by—

(A) Ensuring that initial margin meets an established single-tailed confidence level of at least 99 percent with respect to the estimated distribution of future exposure; and

(B) Using a conservative estimate of the time horizons for the effective hedging or closeout of the particular types of products cleared, including in stressed market conditions; and

(vii) Is monitored on an ongoing basis and regularly reviewed, tested, and verified through—

(A) Daily backtests;

(B) Monthly sensitivity analyses, performed more frequently during stressed market conditions or significant fluctuations in participant positions, with this analysis taking into account a wide range of parameters and assumptions that reflect possible market conditions that captures a variety of historical and hypothetical conditions, including the most volatile periods that have been experienced by the markets the designated financial market utility serves; and

(C) Annual model validations of the designated financial market utility’s margin models and related parameters and assumptions, as part of its risk-management model validation under paragraph (a)(4)(v) of this section.

(7) Liquidity risk. The designated financial market utility effectively measures, monitors, and manages the liquidity risk that arises in or is borne by the designated financial market utility. In this regard, the designated financial market utility—

(i) Has effective operational and analytical tools to identify, measure, and monitor its settlement and funding flows on an ongoing and timely basis, including its use of intraday liquidity;

(ii) Maintains sufficient liquid resources in all relevant currencies to effect same-day and, where applicable, intraday and multiday settlement of payment obligations with a high degree of confidence under a wide range of significantly different potential stress scenarios that includes the default of the participant and its affiliates that would generate the largest aggregate liquidity obligation for the designated financial market utility in extreme but plausible market conditions;

(iii) Holds, for purposes of meeting the minimum liquid resource requirement under paragraph (a)(7)(ii) of this section,—

(A) cash in each relevant currency at the central bank of issue or creditworthy commercial banks;

(B) On at least a monthly basis, and more frequently when products cleared or markets served experience high volatility or become less liquid, or when the size or concentration of positions held by the designated financial market utility’s participants increases significantly, conducting a comprehensive and thorough analysis of the existing stress scenarios, models, and underlying parameters and assumptions such that the designated financial market utility meets its identified liquidity
needs and resources in light of current and evolving market conditions; and

(C) Having clear procedures to report the results of its stress tests to decisionmakers at the designated financial market utility and using these results to evaluate the adequacy of and make adjustments to its liquidity risk-management framework;

(vii) At least annually, provides for a validation of its liquidity risk-management model by a qualified person who does not perform functions associated with the model (except as part of the annual model validation), does not report to such a person, and does not have a financial interest in whether the model is determined to be valid; and

(viii) Establishes rules and procedures that explicitly—

(A) Address potential liquidity shortfalls that would not be covered by the designated financial market utility’s liquid resources and avoid unwinding, revoking, or delaying the same-day settlement of payment obligations; and

(B) Describe the designated financial market utility’s process to replenish any liquid resources that it may employ during a stress event, including a participant default.

(8) Settlement finality. The designated financial market utility provides clear and certain final settlement intraday or in real time as appropriate, and at a minimum, by the end of the value date. The designated financial market utility clearly defines the point at which settlement is final and the point after which unsettled payments, transfer instructions, or other settlement instructions may not be revoked by a participant.

(9) Money settlements. The designated financial market utility conducts its money settlements in central bank money where practical and available. If central bank money is not used, the designated financial market utility minimizes and strictly controls the credit and liquidity risks arising from conducting its money settlements in commercial bank money, including settlement on its own books. If it conducts its money settlements at a commercial bank, the designated financial market utility—

A designated financial market utility that operates as a central securities depository has appropriate rules and procedures to help ensure the integrity of securities issues and minimizes and manages the risks associated with the safekeeping and transfer of securities. In this regard, the designated financial market utility maintains securities in an immobilized or dematerialized form for their transfer by book entry.

(12) Exchange-of-value settlement systems. (13) Participant-default rules and procedures. The designated financial market utility has effective and clearly defined
rules and procedures to manage a participant default that are designed to ensure that the designated financial market utility can take timely action to contain losses and liquidity pressures so that it can continue to meet its obligations. In this regard, the designated financial market utility tests and reviews its default procedures, including any closeout procedures, at least annually or following material changes to these rules and procedures.

The designated financial market utility identifies, monitors, and manages its general business risk, which is the risk of losses that may arise from its administration and operation as a business enterprise (including losses from execution of business strategy, negative cash flows, or unexpected and excessively large operating expenses) that are neither related to participant default nor separately covered by financial resources maintained for credit or liquidity risk. In this regard, in addition to holding financial resources required to manage credit risk (paragraph (a)(4) of this section) and liquidity risk (paragraph (a)(7) of this section), the designated financial market utility—

(i) Maintains liquid net assets funded by equity that are at all times sufficient to ensure a recovery or orderly wind-down of critical operations and services such that it—

(i) Safeguards its own and its participants’ assets and minimizes the risk of loss on and delay in access to these assets by—

(ii) Has clearly defined and publicly disclosed procedures for facilitating the suspension and orderly exit of a participant that fails to meet the participation requirements.

(19) Tiered participation arrangements. The designated financial market utility identifies, monitors, and manages the material risks arising from arrangements in which firms that are not direct participants in the designated financial market utility rely on the services provided by direct participants to access the designated financial market utility’s payment, clearing, or settlement facilities, whether the risks are borne by the designated financial market utility or by its participants as a result of their participation. The designated financial market utility—

(i) Conducts an analysis to determine whether material risks arise from tiered participation arrangements;

(ii) Where material risks are identified, mitigates or manages such risks; and

(20) Links. If it operates as a central counterparty, securities settlement system, or central securities depository and establishes a link with one or more of these types of financial market utilities or trade repositories, the designated financial market utility identifies, monitors, and manages risks related to this link. In this regard, each central counterparty in a link arrangement with another central counterparty covers, at least on a daily basis, its current and potential future exposures to the linked central counterparty and its participants, if any, fully with a high degree of confidence without reducing the central counterparty’s ability to fulfill its obligations to its own participants.

(c) Materiality. (1) The term “materially affect the nature or level of risks presented” in paragraph (a)(1) of this section means matters as to which there is a reasonable possibility that the change would materially affect the overall nature or level of risk presented by the designated financial market utility, including risk arising in the performance of payment, clearing, or settlement functions.

§ 234.6 Interest on balances.

(a) A Federal Reserve Bank may pay interest on balances maintained by a designated financial market utility at the Federal Reserve Bank in accordance with this section and under such other terms and conditions as the Board may prescribe.

(b) Interest on balances paid under this section shall be at the rate paid on balances maintained by depository institutions or another rate determined by the Board from time to time, not to exceed the general level of short-term interest rates.

(c) For purposes of this section, “short-term interest rates” shall have the same meaning as the meaning provided for that term in §204.10(b)(3) of this chapter.

PART 235—DEBIT CARD INTERCHANGE FEES AND ROUTING

§ 235.1 Authority and purpose.

(a) Authority. This part is issued by the Board of Governors of the Federal Reserve System (Board) under section 920 of the Electronic Fund Transfer Act (EFTA) (15 U.S.C. 1693o–2, as added by section 1075 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Public Law 111–203, 124 Stat. 1376 (2010)).

(b) Purpose. This part implements the provisions of section 920 of the EFTA, including standards for reasonable and proportional interchange transaction fees for electronic debit transactions, standards for receiving a fraud-prevention adjustment to interchange transaction fees, exemptions from the interchange transaction fee limitations, prohibitions on evasion and circumvention, prohibitions on payment card network exclusivity arrangements and routing restrictions for debit card transactions, and reporting requirements for debit card issuers and payment card networks.
§ 235.2 Definitions.

For purposes of this part:

(a) **Account**

(1) Means a transaction, savings, or other asset account (other than an occasional or incidental credit balance in a credit plan) established for any purpose and that is located in the United States; and

(2) Does not include an account held under a bona fide trust agreement that is excluded by section 903(2) of the Electronic Fund Transfer Act and rules prescribed thereunder.

(b) **Acquirer** means a person that contracts directly or indirectly with a merchant to provide settlement for the merchant’s electronic debit transactions over a payment card network. An acquirer does not include a person that acts only as a processor for the services it provides to the merchant.

(c) **Affiliate** means any company that controls, is controlled by, or is under common control with another company.

(d) **Cardholder** means the person to whom a debit card is issued.

(e) **Control** of a company means—

(1) Ownership, control, or power to vote 25 percent or more of the outstanding shares of any class of voting security of the company, directly or indirectly, or acting through one or more other persons;

(2) Control in any manner over the election of a majority of the directors, trustees, or general partners (or individuals exercising similar functions) of the company; or

(3) The power to exercise, directly or indirectly, a controlling influence over the management or policies of the company, as the Board determines.

(f) **Debit card**

(1) Means any card, or other payment code or device, issued or approved for use through a payment card network to debit an account, regardless of whether authorization is based on signature, personal identification number (PIN), or other means, and regardless of whether the issuer holds the account, and

(2) Includes any general-use prepaid card; and

(3) Does not include—

(i) Any card, or other payment code or device, that is redeemable upon presentation at only a single merchant or an affiliated group of merchants for goods or services; or

(ii) A check, draft, or similar paper instrument, or an electronic representation thereof.

(g) **Designated automated teller machine (ATM) network** means either—

(1) All ATMs identified in the name of the issuer; or

(2) Any network of ATMs identified by the issuer that provides reasonable and convenient access to the issuer’s customers.

(h) **Electronic debit transaction**

(1) Means the use of a debit card by a person as a form of payment in the United States to initiate a debit to an account, and

(2) Does not include transactions initiated at an ATM, including cash withdrawals and balance transfers initiated at an ATM.

(i) **General-use prepaid card** means a card, or other payment code or device, that is—

(1) Issued on a prepaid basis in a specified amount, whether or not that amount may be increased or reloaded, in exchange for payment; and

(2) Redeemable upon presentation at multiple, unaffiliated merchants for goods or services.

(j) **Interchange transaction fee** means any fee established, charged, or received by a payment card network and paid by a merchant or an acquirer for the purpose of compensating an issuer for its involvement in an electronic debit transaction.

(k) **Issuer** means any person that authorizes the use of a debit card to perform an electronic debit transaction.

(l) **Merchant** means any person that accepts debit cards as payment.

(m) **Payment card network** means an entity that—

(1) Directly or indirectly provides the proprietary services, infrastructure, and software that route information and data to an issuer from an acquirer to conduct the authorization, clearance, and settlement of electronic debit transactions; and

(2) A merchant uses in order to accept as a form of payment a brand of debit card or other device that may be used to carry out electronic debit transactions.
Federal Reserve System

§ 235.4 Fraud-prevention adjustment.

(a) In general. Subject to paragraph (b) of this section, an issuer may receive or charge an amount of no more than 1 cent per transaction in addition to any interchange transaction fee it receives or charges in accordance with § 235.3.

(b) Issuer standards. (1) To be eligible to receive or charge a fraud-prevention adjustment in paragraph (a) of this section, an issuer must develop and implement policies and procedures reasonably designed to take effective steps to reduce the occurrence of, and costs to all parties from, fraudulent electronic debit transactions, including through the development and implementation of cost-effective fraud-prevention technology.

(2) An issuer’s policies and procedures must address—

(i) Methods to identify and prevent fraudulent electronic debit transactions;

(ii) Monitoring of the volume and value of its fraudulent electronic debit transactions;

(iii) Appropriate responses to suspicious electronic debit transactions in a manner designed to limit the costs to all parties from and prevent the occurrence of future fraudulent electronic debit transactions;

(iv) Methods to secure debit card and cardholder data; and

(v) Such other factors as the issuer considers appropriate.

(3) An issuer must review, at least annually, its fraud-prevention policies and procedures, and their implementation and update them as necessary in light of—

(A) Its own experience or information;

(B) Information provided to the issuer by its payment card networks, law enforcement agencies, and fraud-monitoring groups in which the issuer participates; and

(C) Applicable supervisory guidance.

(c) Notification. To be eligible to receive or charge a fraud-prevention adjustment, an issuer must annually notify its payment card networks that it complies with the standards in paragraph (b) of this section.

(d) Change in status. An issuer is not eligible to receive or charge a fraud-prevention adjustment if the issuer is substantially non-compliant with the standards set forth in paragraph (b) of this section, as determined by the issuer or the appropriate agency under § 235.9. Such an issuer must notify its payment card networks that it is no
§ 235.5 Exemptions.
(a) Exemption for small issuers. (1) In general. Except as provided in paragraph (a)(3) of this section, §§ 235.3, 235.4, and 235.6 do not apply to an interchange transaction fee received or charged by an issuer with respect to an electronic debit transaction if—
   (i) The issuer holds the account that is debited; and
   (ii) The issuer, together with its affiliates, has assets of less than $10 billion as of the end of the calendar year preceding the date of the electronic debit transaction.
(2) Determination of issuer asset size. A person may rely on lists published by the Board to determine whether an issuer, together with its affiliates, has assets of less than $10 billion as of the end of the calendar year preceding the date of the electronic debit transaction.
(3) Change in status. If an issuer qualifies for the exemption in paragraph (a)(1) in a particular calendar year, but, as of the end of that calendar year no longer qualifies for the exemption because at that time it, together with its affiliates, has assets of $10 billion or more, the issuer must begin complying with §§ 235.3, 235.4, and 235.6 no later than July 1 of the succeeding calendar year.
(b) Exemption for government-administered programs. Except as provided in paragraph (d) of this section, §§ 235.3, 235.4, and 235.6 do not apply to an interchange transaction fee received or charged by an issuer with respect to an electronic debit transaction if—
   (1) The electronic debit transaction is made using a debit card that has been provided to a person pursuant to a Federal, State, or local government-administered payment program; and
   (2) The cardholder may use the debit card only to transfer or debit funds, monetary value, or other assets that have been provided pursuant to such program.
(c) Exemption for certain reloadable prepaid cards—(1) In general. Except as provided in paragraph (d) of this section, §§ 235.3, 235.4, and 235.6 do not apply to an interchange transaction fee received or charged by an issuer with respect to an electronic debit transaction using a general-use prepaid card that is—
   (i) Not issued or approved for use to access or debit any account held by or for the benefit of the cardholder (other than a subaccount or other method of recording or tracking funds purchased or loaded on the card on a prepaid basis); and
   (ii) Reloadable and not marketed or labeled as a gift card or gift certificate; and
   (iii) The only means of access to the underlying funds, except when all remaining funds are provided to the cardholder in a single transaction.
(2) Temporary cards. For purposes of this paragraph (c), the term ‘‘reloadable’’ includes a temporary non-reloadable card issued solely in connection with a reloadable general-use prepaid card.
(d) Exception. The exemptions in paragraphs (b) and (c) of this section do not apply to any interchange transaction fee received or charged by an issuer on or after July 21, 2012, with respect to an electronic debit transaction if any of the following fees may be charged to a cardholder with respect to the card:
   (1) A fee or charge for an overdraft, including a shortage of funds or a transaction processed for an amount exceeding the account balance, unless the fee or charge is imposed for transferring funds from another asset account to cover a shortfall in the account accessed by the card; or
   (2) A fee imposed by the issuer for the first withdrawal per calendar month from an ATM that is part of the issuer’s designated ATM network.
§ 235.6 Prohibition on circumvention, evasion, and net compensation.  

(a) Prohibition of circumvention or evasion. No person shall circumvent or evade the interchange transaction fee restrictions in §§235.3 and 235.4.  

(b) Prohibition of net compensation. An issuer may not receive net compensation from a payment card network with respect to electronic debit transactions or debit card-related activities within a calendar year. Net compensation occurs when the total amount of payments or incentives received by an issuer from a payment card network with respect to electronic debit transactions or debit card-related activities, other than interchange transaction fees, paid by the issuer to the network with respect to electronic debit transactions or debit card-related activities during that calendar year, exceeds the total amount of all fees paid by the issuer to the network with respect to electronic debit transactions or debit card-related activities that the network would reasonably expect will be routed to it, based on expected transaction volume.  

(3) Prohibited exclusivity arrangements by networks. For purposes of paragraph (a)(1) of this section, a payment card network may not limit or otherwise restrict an issuer’s ability to contract with any other payment card network that may process an electronic debit transaction involving the issuer’s debit cards.  

(4) Subsequent affiliation. If unaffiliated payment card networks become affiliated as a result of a merger or acquisition such that an issuer is no longer in compliance with paragraph (a) of this section, the issuer must add an unaffiliated payment card network through which electronic debit transactions on the relevant debit card may be processed no later than six months after the date on which the previously unaffiliated payment card networks consummate the affiliation.  

§ 235.7 Limitations on payment card restrictions.  

(a) Prohibition on network exclusivity—

(1) In general. An issuer or payment card network shall not directly or through any agent, processor, or licensed member of the network, by contract, requirement, condition, penalty, or otherwise, restrict the number of payment card networks on which an electronic debit transaction may be processed to less than two unaffiliated networks.  

(2) Permitted arrangements. An issuer satisfies the requirements of paragraph (a)(1) of this section only if the issuer allows an electronic debit transaction to be processed on at least two unaffiliated payment card networks, each of which does not, by rule or policy, restrict the operation of the network to a limited geographic area, specific merchant, or particular type of merchant or transaction, and each of which has taken steps reasonably designed to enable the network to process the electronic debit transactions that the network would reasonably expect will be routed to it, based on expected transaction volume.  

(b) Prohibition on routing restrictions. An issuer or payment card network shall not, directly or through any agent, processor, or licensed member of the network, by contract, requirement, condition, penalty, or otherwise, inhibit the ability of any person that accepts or honors debit cards for payments to direct the routing of electronic debit transactions for processing over any payment card network that may process such transactions.  

(c) Compliance dates—

(1) General. Except as otherwise provided in paragraphs (c)(2), (c)(3), and (c)(4) of this section, the compliance date of paragraph (a) of this section is April 1, 2012.  

(2) Restrictions by payment card networks. The compliance date of paragraphs (a)(1) and (a)(3) of this section for payment card networks is October 1, 2011.  

(3) Debit cards that use transaction qualification or substantiation systems. Issuers shall comply with the requirements of paragraph (a) of this section by April 1, 2013, for electronic debit transactions using debit cards that use point-of-sale transaction qualification or substantiation systems for verifying...
§ 235.8 Reporting requirements and record retention.

(a) Entities required to report. Each issuer that is not otherwise exempt from the requirements of this part under §235.5(a) and each payment card network shall file a report with the Board in accordance with this section.

(b) Report. Each entity required to file a report with the Board shall submit data in a form prescribed by the Board for that entity. Data required to be reported may include, but may not be limited to, data regarding costs incurred with respect to an electronic debit transaction, interchange transaction fees, network fees, fraud-prevention costs, fraud losses, and transaction value, volume, and type.

(c) Record retention. (1) An issuer subject to this part shall retain evidence of compliance with the requirements imposed by this part for a period of not less than five years after the end of the calendar year in which the electronic debit transaction occurred.

(2) Any person subject to this part having actual notice that it is the subject of an investigation or an enforcement proceeding by its enforcement agency shall retain the records that pertain to the investigation, action, or proceeding until final disposition of the matter unless an earlier time is allowed by court or agency order.

§ 235.9 Administrative enforcement.

(a) (1) Compliance with the requirements of this part shall be enforced under—

(i) Section 8 of the Federal Deposit Insurance Act, by the appropriate Federal banking agency, as defined in section 3(q) of the Federal Deposit Insurance Act (12 U.S.C. 1813(q)), with respect to—

(A) National banks, federal savings associations, and federal agencies of foreign banks;

(B) Member banks of the Federal Reserve System (other than national banks), branches and agencies of foreign banks (other than federal branches, federal Agencies, and insured state branches of foreign banks), commercial lending companies owned or controlled by foreign banks, and organizations operating under section 25 or 25A of the Federal Reserve Act;

(C) Banks and state savings associations insured by the Federal Deposit Insurance Corporation (other than members of the Federal Reserve System), and insured state branches of foreign banks;

(ii) The Federal Credit Union Act (12 U.S.C. 1751 et seq.), by the Administrator of the National Credit Union Administration (National Credit Union Administration Board) with respect to any federal credit union;

(iii) The Federal Aviation Act of 1958 (49 U.S.C. 40101 et seq.), by the Secretary of Transportation, with respect to any air carrier or foreign air carrier subject to that Act; and

(2) The terms used in paragraph (a)(1) of this section that are not defined in this part or otherwise defined in section 3(q) of the Federal Deposit Insurance Act (12 U.S.C. 1813(q)) shall have the meaning given to them in section
(b) Additional powers. (1) For the purpose of the exercise by any agency referred to in paragraphs (a)(1)(i) through (a)(1)(iv) of this section of its power under any statute referred to in those paragraphs, a violation of this part is deemed to be a violation of a requirement imposed under that statute.

(2) In addition to its powers under any provision of law specifically referred to in paragraphs (a)(1)(i) through (a)(1)(iv) of this section, each of the agencies referred to in those paragraphs may exercise, for the purpose of enforcing compliance under this part, any other authority conferred on it by law.

(c) Enforcement authority of Federal Trade Commission. Except to the extent that enforcement of the requirements imposed under this title is specifically granted to another government agency under paragraphs (a)(1)(i) through (a)(1)(iv) of this section, and subject to subtitle B of the Consumer Financial Protection Act of 2010, the Federal Trade Commission has the authority to enforce such requirements. For the purpose of the exercise by the Federal Trade Commission of its functions and powers under the Federal Trade Commission Act, a violation of this part shall be deemed a violation of a requirement imposed under the Federal Trade Commission Act. All of the functions and powers of the Federal Trade Commission under the Federal Trade Commission Act are available to the Federal Trade Commission to enforce compliance by any person subject to the jurisdiction of the Federal Trade Commission with the requirements of this part, regardless of whether that person is engaged in commerce or meets any other jurisdictional tests under the Federal Trade Commission Act.

§ 235.10 Effective and compliance dates.

Except as provided in §235.7, this part becomes effective and compliance is mandatory on October 1, 2011.
merchant’s account) or with the issuer. These institutions are not “acquirers” because they do not provide credit to the merchant for the transactions or settle the merchant’s account, as the term is defined in this part or funds underlying a prepaid card, the cardholder generally is either the purchaser of the card or a person to whom the purchaser gave the card, such as a gift recipient.

2(c) Affiliate

1. Types of entities. The term “affiliate” includes any bank and nonbank affiliates located in the United States or a foreign country.

2. Other affiliates. For commentary on whether merchants are affiliated, see comment 2(f)-7.

2(d) Cardholder

1. Scope. In the case of debit cards that access funds in transaction, savings, or other similar asset accounts, “the person to whom a card is issued” generally will be the named person or persons holding the account. If the account is a business account, multiple employees (or other persons associated with the business) may have debit cards that can access the account. Each employee that has a debit card that can access the account is a cardholder. In the case of a prepaid card, the cardholder generally is either the purchaser of the card or a person to whom the purchaser gave the card, such as a gift recipient.

2(e) Control [Reserved]

2(f) Debit Card

1. Card, or other payment code or device. The term “debit card” as defined in §235.2(f) applies to any card or other payment code or device, even if it is not issued in a physical form. Debit cards include, for example, an account number or code that can be used to access funds in an account to make internet purchases. Similarly, the term “debit card” includes a device with a chip or other embedded mechanism, such as a mobile phone or sticker containing a contactless chip that links the device to funds stored in an account, and enables an account to be debited. The term “debit card,” however, does not include a one-time password or other code if such password or code is used for the purposes of authenticating the cardholder and is used in addition to another card, or other payment code or device, rather than as the payment code or device.

2. Deferred debit cards. The term “debit card” includes a card, or other payment code or device, that is used in connection with deferred debit card arrangements in which transactions are not immediately posted to and funds are not debited from the underlying transaction, savings, or other asset account upon settlement of the transaction. Instead, the funds in the account typically are held and made unavailable for other transactions for a period of time specified in the issuer-cardholder agreement. After the expiration of the time period, the cardholder’s account is debited for the value of all transactions made using the card that have been submitted to the issuer for settlement during that time period. For example, under some deferred debit card arrangements, the issuer may debit the consumer’s account for all debit card transactions that occurred during a particular month at the end of the month. Regardless of the time period between the transaction and account posting, a card, or other payment code or device, that is used in connection with a deferred debit arrangement is considered a debit card for purposes of the requirements of this part.

3. Decoupled debit cards. Decoupled debit cards are issued by an entity other than the financial institution holding the cardholder’s account. In a decoupled debit arrangement, transactions that are authorized by the card issuer settle against the cardholder’s account held by an entity other than the issuer, generally via a subsequent ACH debit to that account. The term “debit card” includes any card, or other payment code or device, issued or approved for use through a payment card network to debit an account, regardless of whether the issuer holds the account. Therefore, decoupled debit cards are debit cards for purposes of this part.

4. Hybrid cards.

1. Some cards, or other payment codes or devices, may have both credit- and debit-like features (“hybrid cards”). For example, these cards may enable a cardholder to access a line of credit, but select certain transactions for immediate repayment (i.e., prior to the end of a billing cycle) vs. a debit to the cardholder’s account, as the term is defined in §235.2(a), held either with the issuer or at another institution. If a card permits a cardholder to initiate transactions that debit an account or funds underlying a pre-paid card, the card is considered a debit card for purposes of this part. Not all transactions initiated by such a hybrid card, however, are electronic debit transactions. Rather, only those transactions that debit an account as defined in this part or funds underlying a prepaid card are electronic debit transactions. If the transaction posts to a line of credit, then the transaction is a credit transaction.

ii. If an issuer conditions the availability of a credit or charge card that permits pre-authorized repayment of some or all transactions on the cardholder maintaining an account at the issuer, such a card is considered a debit card for purposes of this part.
5. Virtual wallets. A virtual wallet is a device (e.g., a mobile phone) that stores several different payment codes or devices (“virtual cards”) that access different accounts, funds underlying the card, or lines of credit. At the point of sale, the cardholder may select from the virtual wallet the virtual card he or she wishes to use for payment. The virtual card that the cardholder uses for payment is considered a debit card under this part if the virtual card that initiates a transaction meets the definition of debit card, notwithstanding the fact that other cards in the wallet may not be debit cards.

6. General-use prepaid card. The term “debit card” includes general-use prepaid cards. See §235.2(i) and related commentary for information on general-use prepaid cards.

7. Store cards. The term “debit card” does not include prepaid cards that may be used at a single merchant or affiliated merchants. Two or more merchants are affiliated if they are related by either common ownership or by common corporate control. For purposes of the “debit card” definition, franchisees are considered to be under common corporate control if they are subject to a common set of corporate policies or practices under the terms of their franchise licenses.

8. Checks, drafts, and similar instruments. The term “debit card” does not include a check, draft, or similar paper instrument or a transaction in which the check is used as a source of information to initiate an electronic payment. For example, if an account holder provides a check to buy goods or services and the merchant takes the account number and routing number information from the MICR line at the bottom of a check to initiate an ACH debit transfer from the cardholder’s account, the check is not a debit card, and such a transaction is not considered an electronic debit transaction. Likewise, the term “debit card” does not include an electronic representation of a check, draft, or similar paper instrument.

9. ACH transactions. The term “debit card” does not include an account number when it is used by a person to initiate an ACH transaction that debits that person’s account. For example, if an account holder buys goods or services over the Internet using an account number and routing number to initiate an ACH debit, the account number is not a debit card, and such a transaction is not considered an electronic debit transaction. However, the use of a card to purchase goods or services that debits the cardholder’s account that is settled by means of a subsequent ACH debit initiated by the card issuer to the cardholder’s account, as in the case of a coupled debit card arrangement, involves the use of a debit card for purposes of this part.

2(g) Designated Automated Teller Machine (ATM) Network

1. Reasonable and convenient access clarified. Under §235.2(g)(2), a designated ATM network includes any network of ATMs identified by the issuer that provides reasonable and convenient access to the issuer’s cardholders. Whether a network provides reasonable and convenient access depends on the facts and circumstances, including the distance between ATMs in the designated network and each cardholder’s last known home or work address, or if a home or work address is not known, where the card was first issued.

2(h) Electronic Debit Transaction

1. Debit an account. The term “electronic debit transaction” includes the use of a card to debit an account. The account debited could be, for example, the cardholder’s asset account or the account that holds the funds used to settle prepaid card transactions.

2. Form of payment. The term “electronic debit transaction” includes the use of a card as a form of payment that may be made in exchange for goods or services, as a charitable contribution, to satisfy an obligation (e.g., tax liability), or for other purposes.

3. Subsequent transactions. The term “electronic debit transaction” includes the use of a card to debit an account. The account debited could be, for example, the cardholder’s asset account or the account that holds the funds used to settle prepaid card transactions.

4. Cash withdrawal at the point of sale. The term “electronic debit transaction” includes the use of a card to debit an account. The account debited could be, for example, the cardholder’s asset account or the account that holds the funds used to settle prepaid card transactions.

5. Geographic limitation. This regulation applies only to electronic debit transactions that are initiated at a merchant located in the United States. If a cardholder uses a debit card at a merchant located outside the United States to debit an account held in the United States, the electronic debit transaction is not subject to this part.

2(i) General-Use Prepaid Card

1. Redeemable upon presentation at multiple, unaffiliated merchants. A prepaid card is redeemable upon presentation at multiple, unaffiliated merchants if such merchants agree to honor the card.

2. Selective authorization cards. Selective authorization cards, (e.g., mall cards) are generally intended to be used or redeemed for goods or services at participating retailers.
within a shopping mall or other limited geographic area. Selective authorization cards are considered general-use prepaid cards, regardless of whether they carry the mark, logo, or brand of a payment card network, if they are redeemable at multiple, unaffiliated merchants.

2(i) Interchange Transaction fee

1. In general. Generally, the payment card network is the entity that establishes and charges the interchange transaction fee to the acquirers or merchants. The acquirers then pay to the issuers any interchange transaction fee established and charged by the network. Acquirers typically pass the interchange transaction fee through to merchant-customers.

2. Compensating an issuer. The term “interchange transaction fee” is limited to those fees that a payment card network establishes, charges, or receives to compensate the issuer for its role in the electronic debit transaction. By contrast, payment card networks generally charge issuers and acquirers fees for services the network performs. Such fees are not interchange transaction fees because the payment card network is charging fees for services it provides.

3. Established, charged, or received. Interchange transaction fees are not limited to those fees for which a payment card network establishes, charges, or receives to compensate the issuer for its role in the electronic debit transaction. By contrast, payment card networks generally charge issuers and acquirers fees for services the network performs. Such fees are not interchange transaction fees because the payment card network is charging fees for services it provides.

4. Issuer

1. In general. A person issues a debit card by authorizing the use of debit card by a cardholder to perform electronic debit transactions. That person may provide the card directly to the cardholder or indirectly by using a third party (such as a processor, or a telephone network or manufacturer) to provide the card, or other payment code or device, to the cardholder. The following examples illustrate the entity that is the issuer under various card program arrangements. For purposes of determining whether an issuer is exempted under §235.5(a), however, the term issuer is limited to the entity that holds the account being debited.

2. Traditional debit card arrangements. In a traditional debit card arrangement, the bank or other entity holds the cardholder’s funds and authorizes the cardholder to use the debit card to access those funds through electronic debit transactions, and the cardholder receives the card directly or indirectly (e.g., through an agent) from the bank or other entity that holds the funds (except for decoupled debit cards, discussed below).

In this system, the bank or entity holding the cardholder’s funds is the issuer.

3. BIN-sponsor arrangements. Payment card networks assign Bank Identification Numbers (BINs) to member entities for purposes of issuing cards, authorizing, clearing, settling, and other processes. In exchange for a fee or other financial considerations, some members of payment card networks permit other entities to issue debit cards using the member’s BIN. The entity permitting the use of its BIN is referred to as the “BIN sponsor” and the entity that uses the BIN to issue cards is often referred to as the “affiliate member.” BIN sponsor arrangements can follow at least two different models:

1. Sponsored debit card model. In some cases, a community bank or credit union may provide debit cards to its account holders through a BIN sponsor arrangement with a member institution. In general, the bank or credit union will authorize the cardholders to use debit cards to perform electronic debit transactions that access funds in accounts at the bank or credit union. The bank or credit union’s name typically will appear on the debit card. The bank or credit union may directly or indirectly provide the cards to cardholders. Under these circumstances, the bank or credit union is the issuer for purposes of this part. If that bank or credit union, together with its affiliates, has assets of less than $10 billion, then that bank or credit union is exempt from the interchange transaction fee restrictions. Although the bank or credit union may distribute cards through the BIN sponsors, the BIN sponsor does not enter into the agreement with the cardholder that authorizes the cardholder to use the card to perform electronic debit transactions that access funds in the account at the bank or credit union, and therefore the BIN sponsor is not the issuer.

2. Prepaid card model. A member institution may also serve as the BIN sponsor for a prepaid card program. Under these arrangements, a program manager distributes prepaid cards to the cardholders and the BIN-sponsoring institution generally holds the funds for the prepaid card program in an omnibus or pooled account. Either the BIN sponsor or the prepaid card program manager may keep track of the underlying funds for each individual prepaid card through sub-accounts. While the cardholder may receive the card directly from the program manager or at a retailer, the BIN sponsor authorizes the cardholder to use the card to perform electronic debit transactions that access funds in the account at the bank or credit union, and therefore the BIN sponsor is not the issuer.

4. Decoupled debit cards. In the case of decoupled debit cards, an entity other than the bank holding the cardholder’s account enters
Federal Reserve System

into a relationship with the cardholder authorizing the use of the card to perform electronic debit transactions. The entity authorizing the use of the card to perform electronic debit transaction typically arranges for the card to be provided directly or indirectly to the cardholder and has a direct relationship with the cardholder with respect to the use of the card. The bank holding the cardholder’s account has agreed generally to permit ACH debits to the account, but has not authorized the use of the debit card to access the funds through electronic debit transactions. Under these circumstances, the entity authorizing the use of the debit card, and not the account-holding institution, is considered the issuer. An issuer of a decoupled debit card is not exempt under §235.5(a), even if, together with its affiliates, it has assets of less than $10 billion, because it is not the entity holding the account to be debited.

2(l) Merchant (Reserved)

2(m) Payment Card Network

1. In general. An entity is considered a payment card network with respect to an electronic debit transaction for purposes of this rule if it routes information and data to the issuer from the acquirer to conduct authorization, clearance, and settlement of the electronic debit transaction. By contrast, if an entity receives transaction information and data from a merchant and authorizes and settles the transaction without routing the information and data to another entity (i.e., the issuer or the issuer’s processor) for authorization, clearance, and settlement, that entity is not considered a payment card network with respect to the electronic debit transaction.

2. Three-party systems. In the case of a three-party system, electronic debit transactions are processed by an entity that acts as system operator and issuer, and may also act as the acquirer. The entity acting as system operator and issuer that receives the transaction information from the merchant or acquirer also holds the cardholder’s funds. Therefore, rather than directing the transaction information to a separate issuer, the entity authorizes and settles the transaction based on the information received from the merchant. As these entities do not connect (or “network”) multiple issuers and do not route information to conduct the transaction, they are not “payment card networks” with respect to these transactions.

3. Processors as payment card networks. A processor is considered a payment card network if, in addition to acting as processor for an acquirer and issuer, the processor routes transaction information and data received from a merchant or the merchant’s acquirer to an issuer. For example, if a merchant uses a processor in order to accept any, some, or all brands of debit cards and the processor routes transaction information and data to the issuer or issuer’s processor, the merchant’s processor is considered a payment card network with respect to the electronic debit transaction. If the processor establishes, charges, or receives a fee for the purpose of compensating an issuer, that fee is considered an interchange transaction fee for purposes of this part.

4. Automated clearing house (ACH) operators. An ACH operator is not considered a payment card network for purposes of this part. While an ACH operator processes transactions that debit an account and provides for interbank clearing and settlement of such transactions, a person does not use the ACH system to accept as a form of payment a brand of debit card.

5. ATM networks. An ATM network is not considered a payment card network for purposes of this part. While ATM networks process transactions that debit an account and provide for interbank clearing and settlement of such transactions, a cash withdrawal from an ATM is not a payment because there is no exchange of money for goods or services, or payment made as a charitable contribution, to satisfy an obligation (e.g., tax liability), or for other purposes.

2(n) Person (Reserved)

2(o) Processor

1. Distinction from acquirers. A processor may perform all transaction-processing functions for a merchant or acquirer, but if it does not acquire (that is, settle with the merchant for the transactions), it is not an acquirer. The entity that acquires electronic debit transactions is the entity that is responsible to other parties to the electronic debit transaction for the amount of the transaction.

2. Issuers. A processor may perform services related to authorization, clearance, and settlement of transactions for an issuer without being considered to be an issuer for purposes of this part.

2(p) Route

1. An entity routes information if it both directs and sends the information to an unaffiliated entity (or affiliated entity acting on behalf of the unaffiliated entity). This other entity may be a payment card network or processor (if the entity directing and sending the information is a merchant or an acquirer) or an issuer or processor (if the entity directing and sending the information is a payment card network).
SECTION 235.3 Reasonable and Proportional Interchange Transaction Fees

3(a) [Reserved]

3(b) Determining Reasonable and Proportional Fees

1. Two components. The standard for the maximum permissible interchange transaction fee that an issuer may receive consists of two components: a base component that does not vary with a transaction’s value and an ad valorem component. The amount of any interchange transaction fee received or charged by an issuer may not exceed the sum of the maximum permissible amounts of each component and any fraud-prevention adjustment the issuer is permitted to receive under §235.4 of this part.

2. Variation in interchange fees. An issuer is permitted to charge or receive, and a network is permitted to establish, interchange transaction fees that vary in their base component and ad valorem component based on, for example, the type of transaction or merchant, provided the amount of any interchange transaction fee for any transaction does not exceed the sum of the maximum permissible base component of 21 cents and 5 basis points of the value of the transaction.

Example. For a $39 transaction, the maximum permissible interchange transaction fee is 22.36 cents (21 cents plus 5 basis points of $39). A payment card network may, for example, establish an interchange transaction fee of 22 cents without any ad valorem component.

SECTION 235.4 Fraud-Prevention Adjustment

4(b) Issuer Standards

SECTION 235.4 Fraud-prevention Adjustment

4(a) [Reserved]

4(b)(1) Issuer standards

1. An issuer’s policies and procedures should address fraud related to debit card use by unauthorized persons. Examples of use by unauthorized persons include, but are not limited to, the following:
   i. A thief steals a cardholder’s wallet and uses the debit card to make unauthorized card-present purchases or to create a counterfeit card to make unauthorized card-present purchases.
   2. An issuer’s policies and procedures must be designed to reduce fraud, where cost effective, across all types of electronic debit transactions in which its cardholders engage. Therefore, an issuer should consider whether its policies and procedures are effective for each method used to authenticate the card (e.g., a chip or a code embedded in the magnetic stripe) and the cardholder (e.g., a signature or a PIN), and for different sales channels (e.g., card-present and card-not-present).
   3. An issuer’s policies and procedures must be designed to take effective steps to reduce both the occurrence of and costs to all parties from fraudulent electronic debit transactions. An issuer should take steps reasonably designed to reduce the number and value of its fraudulent electronic debit transactions relative to its non-fraudulent electronic debit transactions. These steps should reduce the costs from fraudulent transactions to all parties, not merely the issuer. For example, an issuer should take steps to reduce the number and value of its fraudulent electronic debit transactions relative to its non-fraudulent transactions whether or not it bears the fraud losses as a result of regulations or network rules.
   4. For any given issuer, the number and value of fraudulent electronic debit transactions relative to non-fraudulent transactions may vary materially from year to year. Therefore, in certain circumstances, an issuer’s policies and procedures may be effective notwithstanding a relative increase in the transactions that are fraudulent in a particular year. However, continuing increases in the share of fraudulent transactions would warrant further scrutiny.
   5. In determining which fraud-prevention technologies to implement or retain, an issuer must consider the cost-effectiveness of the technology, that is, the expected cost of the technology relative to its expected effectiveness in controlling fraud. In evaluating the cost of a particular technology, an issuer should consider whether and to what extent other parties will incur costs to implement the technology, even though an issuer may not have complete information about the costs that may be incurred by other parties, such as the cost of new merchant terminals. In evaluating the costs, an issuer should consider both initial implementation costs and ongoing costs of using the fraud-prevention method.
   6. An issuer need not develop fraud-prevention technologies if the standards in §235.4(b). An issuer may implement fraud-prevention technologies that have been developed by a third party that the issuer has determined are appropriate under its own policies and procedures.
Paragraph 4(b)(2) Elements of fraud-prevention policies and procedures.

1. In general. An issuer may tailor its policies and procedures to address its particular debit card program, including the size of the program, the types of transactions in which its cardholders commonly engage, fraud types and methods experienced by the issuer, and the cost of implementing new fraud-prevention methods in light of the expected fraud reduction.

1. In general. Examples of policies and procedures reasonably designed to identify and prevent fraudulent electronic debit transactions include the following:
   i. Practices to help determine whether a card is authentic and whether the user is authorized to use the card at the time of a transaction. For example, an issuer may specify the use of particular authentication technologies or methods, such as dynamic data, to better authenticate a card and cardholder at the time of the transaction, to the extent doing so does not inhibit the ability of a merchant to direct the routing of electronic debit transactions for processing over any payment card network that may process such transactions. (See §235.7 and commentary thereto.)
   
   ii. An automated mechanism to assess the risk that a particular electronic debit transaction is fraudulent during the authorization process (i.e., before the issuer approves or declines an authorization request). For example, an issuer may use neural networks to identify transactions that present increased risk of fraud. As a result of this analysis, the issuer may decide to decline to authorize these transactions. An issuer may not be able to determine whether a given transaction in isolation is fraudulent at the time of authorization, and therefore may have implemented policies and procedures that monitor sets of transactions initiated with a cardholder’s debit card. For example, an issuer could compare a set of transactions initiated with the card to a customer’s typical transactions in order to determine whether a transaction is likely to be fraudulent. Similarly, an issuer could compare a set of transactions with common fraud patterns in order to determine whether a transaction or future transaction is likely to be fraudulent.

   iii. Practices to support reporting of lost and stolen cards or suspected incidences of fraud by cardholders or other parties to a transaction. As an example, an issuer may promote customer awareness by providing text alerts of transactions in order to detect fraudulent transactions in a timely manner. An issuer may also report debit cards suspected of being fraudulent to their networks for inclusion in a database of potentially compromised cards.

1. Tracking its fraudulent electronic debit transactions over time enables an issuer to assess whether its policies and procedures are effective. Accordingly, an issuer must include policies and procedures designed to monitor trends in the number and value of its fraudulent electronic debit transactions. An effective monitoring program would include tracking issuer losses from fraudulent electronic debit transactions, fraud-related chargebacks to acquirers, losses passed on to cardholders, and any other reimbursements from other parties. Other reimbursements could include payments made to issuers as a result of fines assessed to merchants for non-compliance with Payment Card Industry (PCI) Data Security Standards or other industry standards. An issuer should also establish procedures to track fraud-related information necessary to perform its reviews under §235.4(b)(3) and to retain and report information as required under §235.8.

1. An issuer may identify transactions that it suspects to be fraudulent after it has authorized or settled the transaction. For example, a cardholder may inform the issuer that the cardholder did not initiate a transaction or transactions, or the issuer may learn of a fraudulent transaction or possibly compromised debit cards from the network, the acquirer, or other parties. An issuer must implement policies and procedures designed to provide an appropriate response once an issuer has identified suspicious transactions to reduce the occurrence of future fraudulent electronic debit transactions and the costs associated with such transactions. The appropriate response may differ depending on the facts and circumstances, including the issuer’s assessment of the risk of future fraudulent electronic debit transactions. For example, in some circumstances, it may be sufficient for an issuer to monitor more closely the account with the suspicious transactions. In other circumstances, it may be necessary to contact the cardholder to verify a transaction, reissue a card, or close an account. An appropriate response may also require coordination with industry organizations, law enforcement agencies, and other parties, such as payment card networks, merchants, and issuer or merchant processors.
An issuer must implement policies and procedures designed to secure debit card and cardholder data. These policies and procedures should apply to data that are transmitted by the issuer (or its service provider) during transaction processing, that are stored by the issuer (or its service provider), and that are carried on media (e.g., laptops, transportable data storage devices) by employees or agents of the issuer. This standard may be incorporated into an issuer’s information security program, as required by Section 501(b) of the Gramm-Leach-Bliley Act.

Paragraph 4(b)(3) Review of and updates to policies and procedures.

1. An issuer’s assessment of the effectiveness of its policies and procedures should consider whether they are reasonably designed to reduce the number and value of fraudulent electronic debit transactions relative to non-fraudulent electronic debit transactions and are cost effective. (See comment 4(b)(1)-3 and comment 4(b)(1)-5.)

2. An issuer must also assess its policies and procedures in light of changes in fraud types (e.g., the use of counterfeit cards, lost or stolen cards) and methods (e.g., common purchase patterns indicating possible fraudulent behavior), as well as changes in the available methods of detecting and preventing fraudulent electronic debit transactions (e.g., transaction monitoring, authentication methods) as part of its periodic review of its policies and procedures. An issuer’s review of its policies and procedures must consider information from the issuer’s own experience and that the issuer otherwise identified itself; information from payment card networks, law enforcement agencies, and fraud-monitoring groups in which the issuer participates; and supervisory guidance. For example, an issuer should consider warnings and alerts it receives from payment card networks regarding compromised cards and data breaches.

3. An issuer should review its policies and procedures and their implementation more frequently than annually if the issuer determines that more frequent review is appropriate based on information obtained from monitoring its fraudulent electronic debit transactions, changes in the types or methods of fraud, or available methods of detecting and preventing fraudulent electronic debit transactions. (See §235.4(b)(1)(ii) and commentary thereto.)

4. In light of an issuer’s review of its policies and procedures, and their implementation, the issuer may determine that updates to its policies and procedures, and their implementation, are necessary. Merely determining that updates are necessary does not render an issuer ineligible to receive or charge the fraud-prevention adjustment. To remain eligible to receive or charge a fraud-prevention adjustment, however, an issuer should develop and implement such updates as soon as reasonably practicable, in light of the facts and circumstances.

4(c) Notification.

1. Payment card networks that plan to allow issuers to receive or charge a fraud-prevention adjustment can develop processes for identifying issuers eligible for this adjustment. Each issuer that wants to be eligible to receive or charge a fraud-prevention adjustment must notify annually the payment card networks in which it participates of its compliance through the networks’ processes.

Section 235.5 Exemptions for certain electronic debit transactions

1. Eligibility for multiple exemptions. An electronic debit transaction may qualify for one or more exemptions. For example, a debit card that has been provided to a person pursuant to a Federal, State, or local government-administered payment program may be issued by an entity that, together with its affiliates, has assets of less than $10 billion as of the end of the preceding calendar year. In this case, an electronic debit transaction made using that card may qualify for the exemption under §235.5(a) for small issuers or for the exemption under §235.5(b) for government-administered payment programs. A payment card network establishing interchange fees for transactions that qualify for more than one exemption need only satisfy itself that the issuer’s transactions qualify for at least one of the exemptions in order to exempt the electronic debit transaction from the interchange fee restrictions.

2. Certification process. Payment card networks that plan to allow issuers to receive higher interchange fees than permitted under §§235.3 and 235.4 pursuant to one of the exemptions in §235.5 could develop their own processes for identifying issuers and products eligible for such exemptions. Section 235.5(a)(2) permits payment card networks to rely on lists published by the Board to help determine eligibility for the small issuer exemption set forth in §235.5(a)(1).

5(a) Exemption for Small Issuers

1. Asset size determination. An issuer would qualify for the small-issuer exemption if its total worldwide banking and nonbanking assets, including assets of affiliates, other than trust assets under management, are less than $10 billion, as of December 31 of the preceding calendar year.

2. Change in status. If an exempt issuer becomes covered based on its and its affiliates assets at the end of a calendar year, that...
Federal Reserve System

issuer must begin complying with the interchange fee standards (§235.3), the fraud-prevention adjustment standards (to the extent the issuer wishes to receive a fraud-prevention adjustment) (§235.4), and the provisions prohibiting circumvention, evasion, and net compensation (§235.6) no later than July 1.

5(b) Exemption for Government-Administered Payment Programs

1. Government-administered payment programs. A program is considered government-administered regardless of whether a Federal, State, or local government agency operates the program or outsources some or all functions to third parties so long as the program is operated on behalf of the government agency. In addition, a program may be government-administered even if a Federal, State, or local government agency is not the source of funds for the program it administers. For example, child support programs are government-administered programs even though a Federal, State, or local government agency is not the source of funds. A tribal government is considered a local government for purposes of this exemption.

5(c) Exemption for Certain Reloadable Prepaid Cards

1. Subaccount clarified. A subaccount is an account within an account, opened in the name of an agent, nominee, or custodian for the benefit of two or more cardholders, where the transactions and balances of individual cardholders are tracked in such subaccounts. An account that is opened solely in the name of a single cardholder is not a subaccount.

2. Reloadable. A general-use prepaid card is "reloadable" if the terms and conditions of the agreement permit funds to be added to the general-use prepaid card at any time after the initial purchase or issuance. A general-use prepaid card is not "reloadable" merely because the issuer or processor is technically able to add functionality that would otherwise enable the general-use prepaid card to be reloaded.

3. Marketed or labeled as a gift card or gift certificate. 1. Electronic debit transactions made using a reloadable general-use prepaid card are not exempt from the interchange fee restrictions if the card is marketed or labeled as a gift card or gift certificate. The term "marketed or labeled as a gift card or gift certificate" means directly or indirectly offering, advertising or otherwise suggesting the potential use of a general-use prepaid card as a gift for another person. Whether the exclusion applies generally does not depend on the type of entity that makes the promotional message. For example, a card may be marketed or labeled as a gift card or gift certificate if anyone (other than the purchaser of the card), including the issuer, the retailer, the program manager that may distribute the card, or the payment network on which a card is used, promotes the use of the card as a gift card or gift certificate. A general-use prepaid card is marketed or labeled as a gift card or gift certificate even if it is only occasionally marketed as a gift card or gift certificate. For example, a network-branded general purpose reloadable card would be marketed or labeled as a gift card or gift certificate if the issuer principally advertises the card as a less costly alternative to a bank account but promotes the card in a television, radio, newspaper, or Internet advertisement, or on signage as "the perfect gift" during the holiday season.

ii. The mere mention of the availability of gift cards or gift certificates in an advertisement or on a sign that also indicates the availability of exempted general-use prepaid cards does not by itself cause the general-use prepaid card to be marketed as a gift card or a gift certificate. For example, the posting of a sign in a store that refers to the availability of gift cards does not by itself constitute the marketing of otherwise exempted general-use prepaid cards that may also be sold in the store along with gift cards or gift certificates, provided that a person acting reasonably under the circumstances would not be led to believe that the sign applies to all cards sold in the store. (See, however, comment 5(c)–4.i.i.)

4. Examples of marketed or labeled as a gift card or gift certificate.

i. The following are examples of marketed or labeled as a gift card or gift certificate:

A. Using the word "gift" or "present" on a card or accompanying material, including documentation, packaging and promotional displays;

B. Representing or suggesting that a card can be used as a substitute for a checking, savings, or deposit account;

C. Representing that a card can be used to pay for a consumer's health-related expenses—for example, a card tied to a health savings account;

D. Representing that a card can be used as a substitute for travelers checks or cash;

E. Representing that a card can be used as a budgetary tool, for example, by teenagers, or to cover emergency expenses.

5. Reasonable policies and procedures to avoid marketing as a gift card. The exemption for a
general-use prepaid card that is reloadable and not marketed or labeled as a gift card or gift certificate in §235.5(c) applies if a reloadable general-use prepaid card is not marketed or labeled as a gift card or gift certificate and if persons involved in the distribution or sale of the card, including issuers, program managers, and retailers, maintain policies and procedures reasonably designed to avoid such marketing. Such policies and procedures may include contractual provisions prohibiting a reloadable general-use prepaid card from being marketed or labeled as a gift card or gift certificate, merchandising guidelines or plans regarding how the product must be displayed in a retail outlet, controls to regularly monitor or otherwise verify that the general-use prepaid card is not being marketed as a gift card. Whether a general-use prepaid card has been marketed as a gift card or gift certificate will depend on the facts and circumstances, including whether a reasonable person would be led to believe that the general-use prepaid card is a gift card or gift certificate. The following examples illustrate the application of §235.5(c):

1. An issuer or program manager of prepaid cards agrees to sell general-purpose reloadable cards through a retailer. The contract between the issuer or program manager and the retailer establishes the terms and conditions under which the cards may be sold and marketed at the retailer. The terms and conditions prohibit the general-purpose reloadable cards from being marketed as a gift card or gift certificate, and require policies and procedures to regularly monitor or otherwise verify that the cards are not being marketed as such. The issuer or program manager sets up one promotional display at the retailer for gift cards and another physically separated display for exempted products under §235.5(c), including general-purpose reloadable cards, such that a reasonable person would not believe that the exempted cards are gift cards. The exemption in §235.5(c) applies because policies and procedures reasonably designed to avoid the marketing of the general-purpose reloadable cards as gift cards or gift certificates are maintained, even if a retail clerk inadvertently stocks or a consumer inadvertently places a general-purpose reloadable card on the gift card display.

2. Same facts as in comment 5(c)-1, except that the issuer or program manager sets up a single promotional display at the retailer on which a variety of prepaid cards are sold, including store gift cards and general-purpose reloadable cards. A sign stating “Gift Cards” appears prominently at the top of the display. The exemption in §235.5(c) does not apply with respect to the general-purpose reloadable cards because policies and procedures reasonably designed to avoid the marketing of exempted cards as gift cards or gift certificates are not maintained.

3. Same facts as in comment 5(c)-1, except that the issuer or program manager sets up a single promotional multi-sided display at the retailer on which a variety of prepaid card products, including store gift cards and general-purpose reloadable cards are sold. Gift cards are segregated with gift cards on one side of the display and exempted cards on a different side of a display. Signs of equal prominence at the top of each side of the display clearly differentiate between gift cards and the other types of prepaid cards that are available for sale. The retailer does not use any more conspicuous signage suggesting the general availability of gift cards, such as a large sign stating “Gift Cards” at the top of the display or located near the display. The exemption in §235.5(c) applies because policies and procedures reasonably designed to avoid the marketing of the general-purpose reloadable cards as gift cards or gift certificates are maintained, even if a retail clerk inadvertently stocks or a consumer inadvertently places a general-purpose reloadable card on the gift card display.

4. Same facts as in comment 5(c)-1, except that the retailer sells a variety of prepaid card products, including store gift cards and general-purpose reloadable cards, arranged side-by-side in the same checkout lane. The retailer does not affirmatively indicate or represent that gift cards are available, such as by displaying any signage or other indicia at the checkout lane suggesting the general availability of gift cards. The exemption in §235.5(c) applies because policies and procedures reasonably designed to avoid marketing the general-purpose reloadable cards as gift cards or gift certificates are maintained.

5. On-line sales of prepaid cards. Some web sites may prominently advertise or promote the availability of gift cards or gift certificates in a manner that suggests to a consumer that the web site exclusively sells gift cards or gift certificates. For example, a web site may display a banner advertisement or a graphic on the home page that prominently states “Gift Cards,” “Gift Giving,” or similar language without mention of other available products, or use a web address that includes only a reference to gift cards or gift certificates in the address. In such a case, a consumer acting reasonably under the circumstances could be led to believe that all prepaid products sold on the web site are gift cards or gift certificates. Under these facts, the web site has marketed all such products as gift cards or gift certificates, and the exemption in §235.5(c) does not apply to any products sold on the web site.

6. Temporary non-reloadable cards issued in connection with a general-use reloadable card. Certain general-purpose prepaid cards that
are typically marketed as an account substitute initially may be sold or issued in the form of a temporary non-reloadable card. After the card is purchased, the cardholder is typically required to call the issuer to register the card and to provide identifying information in order to obtain a reloadable replacement card. In most cases, the temporary non-reloadable card can be used for purchases until the replacement reloadable card arrives and is activated by the cardholder. Because the temporary non-reloadable card may only be obtained in connection with the reloadable card, the exemption in §235.5(c) applies so long as the card is not marketed as a gift card or gift certificate.

5(d) Exception

1. Additional ATM access. Some debit cards may be used to withdraw cash from ATMs that are not part of the issuer’s designated ATM network. An electronic debit card transaction may still qualify for the exemption under §§235.5(b) or (c) with a respect to a card for which a fee may be imposed for a withdrawal from an ATM that is outside of the issuer’s designated ATM network as long as the card complies with the condition set forth in §235.5(d)(2) for withdrawals within the issuer’s designated ATM network. The condition with respect to ATM fees does not apply to cards that do not provide ATM access.

SECTION 235.6 PROHIBITION ON CIRCUMVENTION, EVASION, AND NET COMPENSATION

1. No applicability to exempt issuers or electronic debit transactions. The prohibition against circumventing or evading the interchange transaction fee restrictions or against net compensation does not apply to issuers or electronic debit transactions that qualify for an exemption under §235.5 from the interchange transaction fee restrictions.

6(a) Prohibition of Circumvention or Evasion

1. Finding of circumvention or evasion. A finding of evasion or circumvention will depend on all relevant facts and circumstances. Although net compensation may be one form of circumvention or evasion prohibited under §235.6(a), it is not the only form.

2. Examples of circumstances that may constitute circumvention or evasion.

The following examples do not constitute per se circumvention or evasion, but may warrant additional supervisory scrutiny to determine whether the totality of the facts and circumstances constitute circumvention or evasion:

1. A payment card network decreases network processing fees paid by issuers for electronic debit transactions by 50 percent and increases the network processing fees charged to merchants or acquirers with respect to electronic debit transactions by a similar amount. Because the requirements of this subpart do not restrict or otherwise establish the amount of fees that a network may charge for its services, the increase in network fees charged to merchants or acquirers and decrease in fees charged to issuers is not a per se circumvention or evasion of the interchange transaction fee standards, but may warrant additional supervisory scrutiny to determine whether the facts and circumstances constitute circumvention or evasion.

ii. An issuer replaces its debit cards with prepaid cards that are exempt from the interchange limits of §§235.3 and 235.4. The exempt prepaid cards are linked to its customers’ transaction accounts and funds are swept from the transaction accounts to the prepaid accounts as needed to cover transactions made. Again, this arrangement is not per se circumvention or evasion, but may warrant additional supervisory scrutiny to determine whether the facts and circumstances constitute circumvention or evasion.

6(b) Prohibition of Net Compensation

1. Net compensation. Net compensation to an issuer through the use of network fees is prohibited.

2. Consideration of payments or incentives provided by the network in net compensation determination.

i. For purposes of the net compensation determination, payments or incentives paid by a payment card network to an issuer with respect to electronic debit transactions or debit card related activities could include, but are not limited to, marketing incentives; payments or rebates for meeting or exceeding a specific transaction volume, percentage share, or dollar amount of transactions processed; or other payments for debit card related activities. For example, signing bonuses paid by a network to an issuer for the issuer’s debit card portfolio would also be included in the total amount of payments or incentives received by an issuer from a payment card network with respect to electronic debit transactions. A signing bonus for an entire card portfolio, including credit cards, may be allocated to the issuer’s debit card business based on the proportion of the cards or transactions that are debit cards or electronic debit transactions, as appropriate to the situation, for purposes of the net compensation determination.

ii. Incentives paid by the network with respect to multiple-year contracts may be allocated over the life of the contract.

iii. For purposes of the net compensation determination, payments or incentives paid by a payment card network with respect to electronic debit transactions or debit card-related activities do not include interchange transaction fees that are passed through to
the issuer by the network, or discounts or rebates provided by the network or an affiliate of the network for issuer-processor services. In addition, funds received by an issuer from a particular card network as a result of chargebacks, fines paid by merchants or acquirers for violations of network rules, or settlements or recoveries from merchants or acquirers to offset the costs of fraudulent transactions or a data security breach do not constitute incentives or payments made by a payment card network.

3. Consideration of fees paid by an issuer in net compensation determination.
   1. For purposes of the net compensation determination, fees paid by an issuer to a payment card network with respect to electronic debit transactions or debit card-related activities include, but are not limited to, membership or licensing fees, network administration fees, and fees for optional network services, such as risk management services.
   2. For purposes of the net compensation determination, fees paid by an issuer to a payment card network with respect to electronic debit transactions or debit card-related activities do not include network processing fees (such as switch fees and network connectivity fees) or fees paid to an issuer processor affiliated with the network for authorizing, clearing, or settling an electronic debit transaction.

4. Example of circumstances not involving net compensation to the issuer. The following example illustrates circumstances that would not indicate net compensation by the payment card network to the issuer:
   1. Because of an increase in debit card transactions that are processed through a payment card network during a calendar year, an issuer receives an additional volume-based incentive payment from the network for that period. Over the same period, however, the total network fees (other than processing fees) the issuer pays the payment card network with respect to debit card transactions also increase so that the total amount of fees paid by the issuer to the network continue to exceed incentive payments by the network to the issuer. Under these circumstances, the issuer does not receive net compensation from the network for electronic debit transactions or debit card-related activities.

SECTION 235.7 LIMITATIONS ON PAYMENT CARD RESTRICTIONS

1. Application of small issuer, government-administered payment program, and reloadable card exemptions to payment card network restrictions. The exemptions under § 235.5 for small issuers, cards issued pursuant to government-administered payment programs, and certain reloadable prepaid cards do not apply to the limitations on payment card network restrictions. For example, debit cards for government-administered payment programs, although exempt from the restrictions on interchange transaction fees, are subject to the requirement that electronic debit transactions made using such cards must be capable of being processed on at least two unaffiliated payment card networks and to the prohibition on inhibiting a merchant's ability to determine the routing for electronic debit transactions.

7(a) Prohibition on Network Exclusivity

1. Scope of restriction. Section 235.7(a) requires a debit card subject to the regulation to be enabled on at least two unaffiliated payment card networks. This paragraph does not, however, require an issuer to have two or more unaffiliated networks available for each method of cardholder authentication. For example, it is sufficient for an issuer to issue a debit card that operates on one signature-based card network and on one PIN-based card network, as long as the two card networks are not affiliated. Alternatively, an issuer may issue a debit card that is accepted on two unaffiliated signature-based card networks or on two unaffiliated PIN-based card networks. See also, comment 7(a)-7.

2. Permitted networks. I. A smaller payment card network could be used to help satisfy the requirement that an issuer enable two unaffiliated networks if the network was willing to expand its coverage in response to increased merchant demand for access to its network and it meets the other requirements for a permitted arrangement, including taking steps reasonably designed to enable it to process the electronic debit transactions that it would reasonably expect to be routed to it. If, however, the network's policy or practice is to limit such expansion, it would not qualify as one of the two unaffiliated networks.
   ii. A payment card network that is accepted only at a limited category of merchants (such as a particular grocery store chain, merchants located in a particular shopping mall, or a single class of merchants, such as grocery stores or gas stations) would not satisfy the rule.
   iii. One of the steps a network can take to form a reasonable expectation of transaction volume is to consider factors such as the number of cards expected to be issued that are enabled on the network and expected card usage patterns.

3. Examples of prohibited network restrictions on an issuer's ability to contract. The following are examples of prohibited network restrictions on an issuer’s ability to contract with other payment card networks:
   i. Network rules or contract provisions limiting or otherwise restricting the other payment card networks that may be enabled on a particular debit card, or network rules or contract provisions that specify the other
networks that may be enabled on a particular debit card.

ii. Network rules or guidelines that allow only that network’s (or its affiliated network's) brand, mark, or logo to be displayed on a particular debit card, or that otherwise limit the ability of brands, marks, or logos of other payment card networks to appear on the debit card.

4. Network logos or symbols on card not required. Section 235.7(a) does not require that a debit card display the brand, mark, or logo of each payment card network over which an electronic debit transaction may be processed. For example, this rule does not require a debit card that is enabled for two or more unaffiliated payment card networks to bear the brand, mark, or logo for each card network.

5. Voluntary exclusivity arrangements prohibited. Section 235.7(a) requires the issuance of debit cards that are enabled on at least two unaffiliated payment card networks, even if the issuer is not subject to any rule of, or contract or other agreement with, a payment card network requiring that all or a specified minimum percentage of electronic debit transactions be processed on the network or its affiliated networks.

6. Affiliated payment card networks. Section 235.7(a) does not prohibit an issuer from including an affiliated payment card network among the networks that may process an electronic debit transaction with respect to a particular debit card, as long as at least two of the networks that are enabled on the card are unaffiliated. For example, an issuer may offer debit cards that are accepted on a payment card network for signature debit transactions and on an affiliated payment card network for PIN debit transactions as long as those debit cards may also be accepted on another unaffiliated payment card network.

7. Application of rule regardless of form factor. The network exclusivity provisions in §235.7(a) do not prohibit a debit card that is issued in card form. This applies to any supplemental device, such as a fob or token, or chip or application in a mobile phone, that is issued in connection with a plastic card, even if that plastic card fully complies with the rule.

7(b) Prohibition on Routing Restrictions

1. Relationship to the network exclusivity restrictions. An issuer or payment card network is prohibited from inhibiting a merchant’s ability to route or direct an electronic debit transaction over any of the payment card networks that the issuer has enabled to process an electronic debit transaction for that particular debit card. This rule does not permit a merchant to route the transaction over a network that the issuer did not enable to process transactions using that debit card.

2. Examples of prohibited merchant restrictions. The following are examples of issuer or network practices that would inhibit a merchant’s ability to direct the routing of an electronic debit transaction that are prohibited under §235.7(b):

i. Prohibiting a merchant from encouraging or discouraging a cardholder’s use of a particular method of debit card authorization, such as rules prohibiting merchants from favoring a cardholder’s use of PIN debit over signature debit, or from discouraging the cardholder’s use of signature debit.

ii. Establishing network rules or designating issuer priorities directing the processing of an electronic debit transaction on a specified payment card network or its affiliated networks, or directing the processing of the transaction away from a specified network or its affiliates, except as a default rule in the event the merchant, or its acquirer or processor, does not designate a routing preference, or if required by state law.

iii. Requiring a specific payment card network based on the type of access device provided to the cardholder by the issuer.

3. Merchant payments not prohibited. A payment card network does not restrict a merchant’s ability to route transactions over available payment card networks in violation of §235.7(b) by offering payments or other incentives to encourage the merchant to route electronic debit card transactions to the network for processing.

4. Real-time routing decisions not required. A merchant need not make network routing decisions on a transaction-by-transaction basis. A merchant and its acquirer or processor may agree to a predetermined set of routing choices that apply to all electronic debit transactions that are processed by the acquirer or processor on behalf of the merchant.

5. No effect on network rules governing the routing of subsequent transactions. Section 235.7 does not supersede a network rule that requires a chargeback or return of an electronic debit transaction to be processed on the same network that processed the original transaction.

7(c) Effective Date

1. Health care and employee benefit cards. Section 235.7(c)(1) delays the effective date of the network exclusivity provisions for certain debit cards issued in connection with a health care or employee benefit account to the extent such cards use (even if not required) transaction substantiation or qualification authorization systems at point of sale to verify that the card is only used for eligible goods and services for purposes of qualifying for favorable tax treatment under Internal Revenue Code requirements. Debit
cards that may qualify for the delayed effective date include, but may not be limited to, cards issued in connection with flexible spending accounts established under section 125 of the Internal Revenue Code for health care related expenses and health reimbursement accounts established under section 105 of the Internal Revenue Code.

(b) Purpose. Section 4s of the Commodity Exchange Act of 1936 (7 U.S.C. 6s) and section 15F of the Securities Exchange Act of 1934 (15 U.S.C. 78o–10) require the Board to establish capital and margin requirements for any state member bank (as defined in 12 CFR 208.2(g)), bank holding company (as defined in 12 U.S.C. 1467a (on or after the transfer established under Section 311 of the Dodd-Frank Act) (12 U.S.C. 5411)), foreign banking organization (as defined in 12 CFR 211.21(o)), foreign bank that does not operate an insured branch, state branch or state agency of a foreign bank (as defined in 12 U.S.C. 3101(b)(11) and (12)), or Edge or agreement corporation (as defined in 12 CFR 211.1(c)(2) and (3)) that is registered as a swap dealer, major swap participant, security-based swap dealer, or major security-based swap participant with respect to all non-cleared swaps and non-cleared security-based swaps. This subpart implements section 4s of the Commodity Exchange Act of 1936 and section 15F of the Securities Exchange Act of 1934 by defining terms used in the statute and related terms, establishing capital and margin requirements, and explaining the statutes’ requirements.

(c) Scope. This subpart establishes minimum capital and margin requirements for each covered swap entity subject to this subpart with respect to all non-cleared swaps and non-cleared security-based swaps. This subpart applies to any non-cleared swap or non-cleared security-based swap entered into by a covered swap entity on or after the relevant compliance date.

(d) Exemptions—(1) Swaps. The requirements of this subpart (except for §237.12) shall not apply to any covered swap entity or its counterparty:

(i) Qualifies for an exception from clearing under section 2(h)(1)(A) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(1)(A)) and implementing regulations;

(ii) Qualifies for an exception from clearing under a rule, regulation, or order that the Commodity Futures Trading Commission issued pursuant to its authority under section 4(c)(1) of the Commodity Exchange Act of 1936 (7 U.S.C. 6c(c)(1)) concerning cooperative entities that would otherwise be subject to the requirements of section 2(h)(1)(A) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(1)(A)); or

(iii) Satisfies the criteria in section 2(h)(7)(D) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(7)(D)) and implementing regulations.

(2) Security-based swaps. The requirements of this subpart (except for §237.12) shall not apply to any covered security-based swap if the counterparty:

(i) Qualifies for an exception from clearing under section 3C(g)(1) of the Securities Exchange Act of 1934 (15 U.S.C. 78c–3(g)(1)) and implementing regulations; or

(e) Compliance dates. Covered swap entities shall comply with the minimum margin requirements of this subpart on or before the following dates for non-cleared swaps and non-cleared security-based swaps entered into on or after the following dates:

(1) September 1, 2016 with respect to the requirements in §237.3 for initial margin and §237.4 for variation margin for any non-cleared swaps and non-cleared security-based swaps, where both:

(i) The covered swap entity combined with all its affiliates; and

(ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2016 that exceeds $3 trillion, where such amounts are calculated only for business days; and

(iii) In calculating the amounts in paragraphs (e)(1)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a
non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(2) March 1, 2017 with respect to the requirements in §237.4 for variation margin for any other covered swap entity with respect to non-cleared swaps and non-cleared security-based swaps entered into with any other counterparty.

   (i) The covered swap entity combined with all its affiliates; and
   (ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2017 that exceeds $2.25 trillion, where such amounts are calculated only for business days; and
   (iii) In calculating the amounts in paragraphs (e)(3)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(4) September 1, 2018 with respect to the requirements in §237.3 for initial margin for any non-cleared swaps and non-cleared security-based swaps, where both:
   (i) The covered swap entity combined with all its affiliates; and
   (ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2018 that exceeds $1.5 trillion, where such amounts are calculated only for business days; and
   (iii) In calculating the amounts in paragraphs (e)(4)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

   (iii) In calculating the amounts in paragraphs (e)(5)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(6) September 1, 2020 with respect to the requirements in §237.3 for initial margin for any other covered swap entity with respect to non-cleared swaps and non-cleared security-based swaps entered into with any other counterparty.

(f) Once a covered swap entity must comply with the margin requirements for non-cleared swaps and non-cleared security-based swaps with respect to a particular counterparty based on the compliance dates in paragraph (e) of this section, the covered swap entity shall remain subject to the requirements of this subpart with respect to that counterparty.

(g)(1) If a covered swap entity’s counterparty changes its status such
that a non-cleared swap or non-cleared security-based swap with that counterparty becomes subject to stricter margin requirements under this subpart (such as if the counterparty’s status changes from a financial end user without material swaps exposure to a financial end user with material swaps exposure), then the covered swap entity shall comply with the stricter margin requirements for any non-cleared swap or non-cleared security-based swap entered into with that counterparty after the counterparty changes its status.

(2) If a covered swap entity’s counterparty changes its status such that a non-cleared swap or non-cleared security-based swap with that counterparty becomes subject to less strict margin requirements under this subpart (such as if the counterparty’s status changes from a financial end user with material swaps exposure to a financial end user without material swaps exposure), then the covered swap entity may comply with the less strict margin requirements for any non-cleared swap or non-cleared security-based swap entered into with that counterparty after the counterparty changes its status.

Swap has the meaning specified in section 1a(47) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(47)).

Variation margin amount means the cumulative mark-to-market change in value to a covered swap entity of a non-cleared swap or non-cleared security-based swap, as measured from the date it is entered into (or, in the case of a non-cleared swap or non-cleared security-based swap that has a positive or negative value to a covered swap entity on the date it is entered into, such positive or negative value plus any cumulative mark-to-market change in value to the covered swap entity of a non-cleared swap or non-cleared security-based swap after such date), less the value of all variation margin previously collected, plus the value of all variation margin previously posted with respect to such non-cleared swap or non-cleared security-based swap.

§ 237.3 Initial margin.

(a) Collection of margin. A covered swap entity shall collect initial margin with respect to any non-cleared swap or non-cleared security-based swap from a counterparty that is a financial end user with material swaps exposure or that is a swap entity in an amount that is no less than the greater of:

1. Zero; or

2. The initial margin collection amount for such non-cleared swap or non-cleared security-based swap less the initial margin threshold amount (not including any portion of the initial margin threshold amount already applied by the covered swap entity or its affiliates to other non-cleared swaps or non-cleared security-based swaps with the counterparty or its affiliates), as applicable.

(b) Posting of margin. A covered swap entity shall post initial margin with respect to any non-cleared swap or non-cleared security-based swap to a counterparty that is a financial end user with material swaps exposure. Such initial margin shall be in an amount at least as large as the covered swap entity would be required to collect under paragraph (a) of this section if it were in the place of the counterparty.

(c) Timing. A covered swap entity shall comply with the initial margin requirements described in paragraphs (a) and (b) of this section on each business day, for a period beginning on or before the business day following the
§ 237.5 Netting arrangements, minimum transfer amount and satisfaction of collecting and posting requirements.

(a) Netting arrangements. (1) For purposes of calculating and complying with the initial margin requirements of §237.3 using an initial margin model as described in §237.8, or with the variation margin requirements of §237.4, a covered swap entity may net non-cleared swaps or non-cleared security-based swaps in accordance with this subsection.

(2) To the extent that one or more non-cleared swaps or non-cleared security-based swaps are executed pursuant to an eligible master netting agreement between a covered swap entity and its counterparty that is a swap entity or financial end user, a covered swap entity may calculate and comply with the applicable requirements of this subpart on an aggregate net basis with respect to all non-cleared swaps and non-cleared security-based swaps governed by such agreement, subject to paragraph (a)(3) of this section.

(3)(i) Except as permitted in paragraph (a)(3)(ii) of this section, if an eligible master netting agreement covers non-cleared swaps and non-cleared security-based swaps entered into on or after the applicable compliance date set forth in §237.1(e) or (g), all the non-cleared swaps and non-cleared security-based swaps covered by that agreement are subject to the requirements of this subpart and included in the aggregate netting portfolio for the purposes of calculating and complying with the margin requirements of this subpart.

(ii) An eligible master netting agreement may identify one or more separate netting portfolios that independently meet the requirements in paragraph (1) of the definition of “Eligible master netting agreement” in §237.2 and to which collection and posting of
§ 237.6 Eligible collateral.

(a) Non-cleared swaps and non-cleared security-based swaps with a swap entity. For a non-cleared swap or non-cleared security-based swap with a swap entity, a covered swap entity shall collect initial margin and variation margin that is required pursuant to this subpart solely in the form of the following types of collateral:

(1) Immediately available cash funds that are denominated in:
   (i) U.S. dollars or another major currency; or
   (ii) The currency of settlement for the non-cleared swap or non-cleared security-based swap in accordance with paragraphs (a)(1) through (3) of this section for the purposes of calculating and complying with the requirements of this subpart to collect margin, but the covered swap entity may net those non-cleared swaps and non-cleared security-based swaps in accordance with paragraphs (a)(1) through (3) of this section for the purposes of calculating and complying with the requirements of this subpart to post margin.

(b) Minimum transfer amount. Notwithstanding §237.3 or §237.4, a covered swap entity is not required to collect or post margin pursuant to this subpart with respect to a particular counterparty unless and until the combined amount of initial margin and variation margin that is required pursuant to this subpart to be collected or posted and that has not yet been collected or posted with respect to the counterparty is greater than $500,000.

(c) Satisfaction of collecting and posting requirements. A covered swap entity shall not be deemed to have violated its obligation to collect or post margin from or to a counterparty under §237.3, §237.4, or §237.6(e) if:

(1) The counterparty has refused or otherwise failed to provide or accept the required margin to or from the covered swap entity; and

(2) The covered swap entity has:
   (i) Made the necessary efforts to collect or post the required margin, including the timely initiation and continued pursuit of formal dispute resolution mechanisms, or has otherwise demonstrated upon request to the satisfaction of the Board that it has made appropriate efforts to collect or post the required margin; or
   (ii) Commenced termination of the non-cleared swap or non-cleared security-based swap with the counterparty promptly following the applicable cure period and notification requirements.

(b) Non-cleared swaps and non-cleared security-based swaps with a financial end user. For a non-cleared swap or non-cleared security-based swap with a financial end user, a covered swap entity shall collect and post initial margin and variation margin required pursuant to this subpart solely in the form of the following types of collateral:

(1) Immediately available cash funds that are denominated in:

(i) U.S. dollars or another major currency; or

(4) A security that is issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in §237.12;
§ 237.6

(5) A publicly traded debt security issued by, or an asset-backed security fully guaranteed as to the payment of principal and interest by, a U.S. Government-sponsored enterprise that is operating with capital support or another form of direct financial assistance received from the U.S. government that enables the repayments of the U.S. Government-sponsored enterprise’s eligible securities;

(6) A publicly traded debt security that meets the terms of 12 CFR 1.2(d) and is issued by a U.S. Government-sponsored enterprise not operating with capital support or another form of direct financial assistance from the U.S. government, and is not an asset-backed security;

(7) A security that is issued by, or fully guaranteed as to the payment of principal and interest by, the Bank for International Settlements, the International Monetary Fund, or a multilateral development bank;

(8) A security solely in the form of:

(i) Publicly traded debt not otherwise described in this paragraph (b) that meets the terms of 12 CFR 1.2(d) and is not an asset-backed security;

(ii) Publicly traded common equity that is included in:

(A) The Standard & Poor’s Composite 1500 Index or any other similar index of liquid and readily marketable equity securities as determined by the Board; or

(B) An index that a covered swap entity’s supervisor in a foreign jurisdiction recognizes for purposes of including publicly traded common equity as initial margin under applicable regulatory policy, if held in that foreign jurisdiction;

(9) Securities in the form of redeemable securities in a pooled investment fund representing the security-holder’s proportional interest in the fund’s net assets and that are issued and redeemed only on the basis of the market value of the fund’s net assets prepared each business day after the security-holder makes its investment commitment or redemption request to the fund, if:

(i) The fund’s investments are limited to the following:

(A) Securities that are issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury, and immediately-available cash funds denominated in U.S. dollars; or

(B) Securities denominated in a common currency and issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in § 237.12, and immediately-available cash funds denominated in the same currency; and

(ii) Assets of the fund may not be transferred through securities lending, securities borrowing, repurchase agreements, reverse repurchase agreements, or other means that involve the fund having rights to acquire the same or similar assets from the transferee;

(10) Gold.

(c)(1) The value of any eligible collateral collected or posted to satisfy margin requirements pursuant to this subpart is subject to the sum of the following discounts, as applicable:

(i) An 8 percent discount for variation margin collateral denominated in a currency that is not the currency of settlement for the non-cleared swap or non-cleared security-based swap, except for immediately available cash funds denominated in U.S. dollars or another major currency;

(ii) An 8 percent discount for initial margin collateral denominated in a currency that is not the currency of settlement for the non-cleared swap or non-cleared security-based swap, except for eligible types of collateral denominated in a single termination currency designated as payable to the non-posting counterparty as part of the eligible master netting agreement; and

(iii) For variation and initial margin non-cash collateral, the discounts described in appendix B of this subpart.

(2) The value of variation margin or initial margin collateral collateral is computed as the product of the cash or market value of the eligible collateral asset times one minus the applicable discounts pursuant to paragraph (c)(1) of this section expressed in percentage terms. The total value of all variation margin or initial margin collateral is
§ 237.7 Segregation of collateral.

(a) A covered swap entity that posts any collateral other than for variation margin with respect to a non-cleared swap or a non-cleared security-based swap shall require that all funds or other property other than variation margin provided by the covered swap entity be held by one or more custodians that are not the covered swap entity or counterparty and not affiliates of the covered swap entity or the counterparty.

(b) A covered swap entity that collects initial margin required by §237.3(a) with respect to a non-cleared swap or a non-cleared security-based swap shall require that such initial margin be held by one or more custodians that are not the covered swap entity or counterparty and not affiliates of the covered swap entity or the counterparty.

(c) For purposes of paragraphs (a) and (b) of this section, the custodian must act pursuant to a custody agreement that:

(1) Prohibits the custodian from rehypothecating, repledging, reusing, or otherwise transferring (through securities lending, securities borrowing, repurchase agreement, reverse repurchase agreement or other means) the collateral held by the custodian, except that cash collateral may be held in a general deposit account with the custodian if the funds in the account are used to purchase an asset described in §237.6(a)(2) or (b), such asset is held in compliance with this §237.7, and such purchase takes place within a time period reasonably necessary to consummate such purchase after the cash collateral is posted as initial margin; and

(2) Is a legal, valid, binding, and enforceable agreement under the laws of all relevant jurisdictions, including in the event of bankruptcy, insolvency, or a similar proceeding.

(d) Notwithstanding paragraph (c)(1) of this section, a custody agreement may permit the posting party to substitute or direct any reinvestment of posted collateral held by the custodian, provided that, with respect to collateral collected by a covered swap entity pursuant to §237.3(a) or posted by a covered swap entity pursuant to §237.3(b), the agreement requires the posting party to:

(1) Substitute only funds or other property that would qualify as eligible collateral under §237.6, and for which the amount net of applicable discounts described in appendix B of this subpart...
§ 237.8 Initial margin models and standardized amounts.

(a) Standardized amounts. Unless a covered swap entity’s initial margin model conforms to the requirements of this section, the covered swap entity shall calculate the amount of initial margin required to be collected or posted for one or more non-cleared swaps or non-cleared security-based swaps with a given counterparty pursuant to § 237.3 on a daily basis pursuant to appendix A of this subpart.

(b) Use of initial margin models. A covered swap entity may calculate the amount of initial margin required to be collected or posted for one or more non-cleared swaps or non-cleared security-based swaps with a given counterparty pursuant to § 237.3 on a daily basis using an initial margin model only if the initial margin model meets the requirements of this section.

(c) Requirements for initial margin model. (1) A covered swap entity must obtain the prior written approval of the Board before using any initial margin model to calculate the initial margin required in this subpart.

(2) A covered swap entity must demonstrate that the initial margin model satisfies all of the requirements of this section on an ongoing basis.

(3) A covered swap entity must notify the Board in writing 60 days prior to:

(i) Extending the use of an initial margin model that the Board has approved under this section to an additional product type;

(ii) Making any change to any initial margin model approved by the Board under this section that would result in a material change in the covered swap entity’s assessment of initial margin requirements; or

(iii) Making any material change to modeling assumptions used by the initial margin model.

(d) Quantitative requirements. (1) The covered swap entity’s initial margin model must calculate an amount of initial margin that is equal to the potential future exposure of the non-cleared swap, non-cleared security-based swap or netting portfolio of non-cleared swaps or non-cleared security-based swaps covered by an eligible master netting agreement. Potential future exposure is an estimate of the one-tailed 99 percent confidence interval for an increase in the value of the non-cleared swap, non-cleared security-based swap or netting portfolio of non-cleared swaps or non-cleared security-based swaps due to an instantaneous price shock that is equivalent to a movement in all material underlying risk factors, including prices, rates, and spreads, over a holding period equal to the shorter of ten business days or the maturity of the non-cleared swap, non-cleared security-based swap or netting portfolio.

(2) All data used to calibrate the initial margin model must be based on an equally weighted historical observation period of at least one year and not more than five years and must incorporate a period of significant financial stress for each broad asset class that is appropriate to the non-cleared swaps and non-cleared security-based swaps to which the initial margin model is applied.

(3) The covered swap entity’s initial margin model must use risk factors sufficient to measure all material price risks inherent in the transactions for which initial margin is being calculated. The risk categories must include, but should not be limited to, foreign exchange or interest rate risk, credit risk, equity risk, and commodity risk, as appropriate. For material exposures in significant currencies and markets, modeling techniques must capture spread and basis risk and must
Federal Reserve System § 237.8

incorporate a sufficient number of segments of the yield curve to capture differences in volatility and imperfect correlation of rates along the yield curve.

(4) In the case of a non-cleared cross-currency swap, the covered swap entity’s initial margin model need not recognize any risks or risk factors associated with the fixed, physically-settled foreign exchange transaction associated with the exchange of principal embedded in the non-cleared cross-currency swap. The initial margin model must recognize all material risks and risk factors associated with all other payments and cash flows that occur during the life of the non-cleared cross-currency swap.

(5) The initial margin model may calculate initial margin for a non-cleared swap or non-cleared security-based swap or a netting portfolio of non-cleared swaps or non-cleared security-based swaps covered by an eligible master netting agreement. It may reflect offsetting exposures, diversification, and other hedging benefits for non-cleared swaps and non-cleared security-based swaps that are governed by the same eligible master netting agreement by incorporating empirical correlations within the following broad risk categories, provided the covered swap entity validates and demonstrates the reasonableness of its process for modeling and measuring hedging benefits: Commodity, credit, equity, and foreign exchange or interest rate. Empirical correlations under an eligible master netting agreement may be recognized by the initial margin model within each broad risk category, but not across broad risk categories.

(6) If the initial margin model does not explicitly reflect offsetting exposures, diversification, and hedging benefits between subsets of non-cleared swaps or non-cleared security-based swaps within a broad risk category, the covered swap entity must calculate an amount of initial margin separately for each subset within which such relationships are explicitly recognized by the initial margin model. The sum of the initial margin amounts calculated for each subset of non-cleared swaps and non-cleared security-based swaps within a broad risk category will be used to determine the aggregate initial margin due from the counterparty for the portfolio of non-cleared swaps and non-cleared security-based swaps within the broad risk category.

(7) The sum of the initial margin amounts calculated for each broad risk category will be used to determine the aggregate initial margin due from the counterparty.

(8) The initial margin model may not permit the calculation of any initial margin collection amount to be offset by, or otherwise take into account, any initial margin that may be owed or otherwise payable by the covered swap entity to the counterparty.

(9) The initial margin model must include all material risks arising from the nonlinear price characteristics of option positions or positions with embedded optionality and the sensitivity of the market value of the positions to changes in the volatility of the underlying rates, prices, or other material risk factors.

(10) The covered swap entity may not omit any risk factor from the calculation of its initial margin that the covered swap entity uses in its initial margin model unless it has first demonstrated to the satisfaction of the Board that such omission is appropriate.

(11) The covered swap entity may not incorporate any proxy or approximation used to capture the risks of the covered swap entity’s non-cleared swaps or non-cleared security-based swaps unless it has first demonstrated to the satisfaction of the Board that such proxy or approximation is appropriate.

(12) The covered swap entity must have a rigorous and well-defined process for re-estimating, re-evaluating, and updating its internal margin model to ensure continued applicability and relevance.

(13) The covered swap entity must review and, as necessary, revise the data used to calibrate the initial margin model at least annually, and more frequently as market conditions warrant, to ensure that the data incorporate a period of significant financial stress appropriate to the non-cleared swaps and non-cleared security-based swaps.
§ 237.8 12 CFR Ch. II (1–1–16 Edition)

to which the initial margin model is applied.
(14) The level of sophistication of the initial margin model must be commensurate with the complexity of the non-cleared swaps and non-cleared security-based swaps to which it is applied. In calculating an initial margin collection amount, the initial margin model may make use of any of the generally accepted approaches for modeling the risk of a single instrument or portfolio of instruments.
(15) The Board may in its sole discretion require a covered swap entity using an initial margin model to collect a greater amount of initial margin than that determined by the covered swap entity’s initial margin model if the Board determines that the additional collateral is appropriate due to the nature, structure, or characteristics of the covered swap entity’s transaction(s), or is commensurate with the risks associated with the transaction(s).

(e) Periodic review. A covered swap entity must periodically, but no less frequently than annually, review its initial margin model in light of developments in financial markets and modeling technologies, and enhance the initial margin model as appropriate to ensure that the initial margin model continues to meet the requirements for approval in this section.

(f) Control, oversight, and validation mechanisms. (1) The covered swap entity must maintain a risk control unit that reports directly to senior management and is independent from the business trading units.
(2) The covered swap entity’s risk control unit must validate its initial margin model prior to implementation and on an ongoing basis. The covered swap entity’s validation process must be independent of the development, implementation, and operation of the initial margin model, or the validation process must be subject to an independent review of its adequacy and effectiveness. The validation process must include:
   (i) An evaluation of the conceptual soundness of (including developmental evidence supporting) the initial margin model;
   (ii) An ongoing monitoring process that includes verification of processes and benchmarking by comparing the covered swap entity’s initial margin model outputs (estimation of initial margin) with relevant alternative internal and external data sources or estimation techniques. The benchmark(s) must address the chosen model’s limitations. When applicable, the covered swap entity should consider benchmarks that allow for non-normal distributions such as historical and Monte Carlo simulations. When applicable, validation shall include benchmarking against observable margin standards to ensure that the initial margin required is not less than what a derivatives clearing organization or a clearing agency would require for similar cleared transactions; and
   (iii) An outcomes analysis process that includes back-testing the initial margin model. This analysis must recognize and compensate for the challenges inherent in back-testing over periods that do not contain significant financial stress.
(3) If the validation process reveals any material problems with the initial margin model, the covered swap entity must promptly notify the Board of the problems, describe to the Board any remedial actions being taken, and adjust the initial margin model to ensure an appropriately conservative amount of required initial margin is being calculated.
(4) The covered swap entity must have an internal audit function independent of business-line management and the risk control unit that at least annually assesses the effectiveness of the controls supporting the covered swap entity’s initial margin model measurement systems, including the activities of the business trading units and risk control unit, compliance with policies and procedures, and calculation of the covered swap entity’s initial margin requirements under this subpart. At least annually, the internal audit function must report its findings to the covered swap entity’s board of directors or a committee thereof.

(g) Documentation. The covered swap entity must adequately document all material aspects of its initial margin model, including the management and
valuation of the non-cleared swaps and non-cleared security-based swaps to which it applies, the control, oversight, and validation of the initial margin model, any review processes and the results of such processes.

(h) Escalation procedures. The covered swap entity must adequately document internal authorization procedures, including escalation procedures, that require review and approval of any change to the initial margin calculation under the initial margin model, demonstrable analysis that any basis for any such change is consistent with the requirements of this section, and independent review of such demonstrable analysis and approval.

§ 237.9 Cross-border application of margin requirements.

(a) Transactions to which this rule does not apply. The requirements of §§ 237.3 through 237.8 and §§ 237.10 through 237.12 shall not apply to any foreign non-cleared swap or foreign non-cleared security-based swap of a foreign covered swap entity.

(b) For purposes of this section, a foreign non-cleared swap or foreign non-cleared security-based swap is any non-cleared swap or non-cleared security-based swap with respect to which neither the counterparty to the foreign covered swap entity nor any party that provides a guarantee of either party’s obligations under the non-cleared swap or non-cleared security-based swap is:

(1) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States;

(2) A branch or office of an entity organized under the laws of the United States or any State; or

(3) An entity that is a subsidiary of an entity that is organized under the laws of the United States or any State.

(d) Transactions for which substituted compliance determination may apply—(1) Determinations and reliance. For non-cleared swaps and non-cleared security-based swaps entered into by covered swap entities described in paragraph (d)(3) of this section, a covered swap entity may satisfy the provisions of this subpart by complying with the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that the prudential regulators jointly, conditionally or unconditionally, determine by public order satisfy the corresponding requirements of §§ 237.3 through 237.8 and §§ 237.10 through 237.12.

(2) Standard. In determining whether to make a determination under paragraph (d)(1) of this section, the prudential regulators will consider whether the requirements of such foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps applicable to such covered swap entities are comparable to the otherwise applicable requirements of this subpart and appropriate for the safe and sound operation of the covered swap entity, taking into account the risks associated with non-cleared swaps and non-cleared security-based swaps.

(3) Covered swap entities eligible for substituted compliance. A covered swap entity may rely on a determination under paragraph (d)(1) of this section only if:

(i) The covered swap entity’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(A) An entity organized under the laws of the United States or any State (other than a U.S. branch or agency of a foreign bank) or a natural person who is a resident of the United States; or

(B) A branch or office of an entity organized under the laws of the United States or any State; and

(ii) The covered swap entity is:

(A) A foreign covered swap entity;
(B) A U.S. branch or agency of a foreign bank; or

(C) An entity that is not organized under the laws of the United States or any State and is a subsidiary of a depository institution, Edge corporation, or agreement corporation.

(4) Compliance with foreign margin collection requirement. A covered swap entity satisfies its requirement to post initial margin under §237.3(b) by posting to its counterparty initial margin in the form and amount, and at such times, that its counterparty is required to collect pursuant to a foreign regulatory framework, provided that the counterparty is subject to the foreign regulatory framework and the prudential regulators have made a determination under paragraph (d)(1) of this section, unless otherwise stated in that determination, and the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(i) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States; or

(ii) A branch or office of an entity organized under the laws of the United States or any State.

(e) Requests for determinations. (1) A covered swap entity described in paragraph (d)(3) of this section may request that the prudential regulators make a determination pursuant to this section. A request for a determination must include a description of:

(i) The scope and objectives of the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps;

(ii) The specific provisions of the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that govern:

(A) The scope of transactions covered;

(B) The determination of the amount of initial margin and variation margin required and how that amount is calculated;

(C) The timing of margin requirements;

(D) Any documentation requirements;

(E) The forms of eligible collateral;

(F) Any segregation and rehypothecation requirements; and

(G) The approval process and standards for models used in calculating initial margin and variation margin;

(ii) The supervisory compliance program and enforcement authority exercised by a foreign financial regulatory authority or authorities in such system to support its oversight of the application of the non-cleared swap or non-cleared security-based swap regulatory framework and how that framework applies to the non-cleared swaps or non-cleared security-based swaps of the covered swap entity; and

(iv) Any other descriptions and documentation that the prudential regulators determine are appropriate.

(2) A covered swap entity described in paragraph (d)(3) of this section may make a request under this section only if the non-cleared swap or non-cleared security-based swap activities of the covered swap entity are directly supervised by the authorities administering the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps.

(f) Segregation unavailable. Sections 237.3(b) and 237.7 do not apply to a non-cleared swap or non-cleared security-based swap entered into by:

(1) A foreign branch of a covered swap entity that is a depository institution; or

(2) A covered swap entity that is not organized under the laws of the United States or any State and is a subsidiary of a depository institution, Edge corporation, or agreement corporation, if:

(i) Inherent limitations in the legal or operational infrastructure in the foreign jurisdiction make it impracticable for the covered swap entity and the counterparty to post any form of eligible initial margin collateral recognized pursuant to §237.6(b) in compliance with the segregation requirements of §237.7;

(ii) The covered swap entity is subject to foreign regulatory restrictions that require the covered swap entity to transact in the non-cleared swap or non-cleared security-based swap with the counterparty through an establishment within the foreign jurisdiction and do not accommodate the posting of
collateral for the non-cleared swap or non-cleared security-based swap outside the jurisdiction;

(iii) The counterparty to the non-cleared swap or non-cleared security-based swap is not, and the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(A) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States; or

(B) A branch or office of an entity organized under the laws of the United States or any State;

(iv) The covered swap entity collects initial margin for the non-cleared swap or non-cleared security-based swap in accordance with §237.3(a) in the form of cash pursuant to §237.6(b)(1), and posts and collects variation margin in accordance with §237.4(a) in the form of cash pursuant to §237.6(b)(1); and

(v) The Board provides the covered swap entity with prior written approval for the covered swap entity’s reliance on this paragraph (f) for the foreign jurisdiction.

(g) Guarantee means an arrangement pursuant to which one party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a third-party guarantor, with respect to its counterparty’s obligations under the non-cleared swap or non-cleared security-based swap. For these purposes, a party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a guarantor if the party has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from the guarantor with respect to its counterparty’s obligations under the non-cleared swap or non-cleared security-based swap. In addition, any arrangement pursuant to which the guarantor has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from any other third party guarantor with respect to the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap, such arrangement will be deemed a guarantee of the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap by the other guarantor.

§237.10 Documentation of margin matters.

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this subpart; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security-based swaps entered into between the covered swap entity and the counterparty.

§237.11 Special rules for affiliates.

(a) Affiliates. This subpart applies to a non-cleared swap or non-cleared security-based swap of a covered swap entity with its affiliate, unless the swap or security-based swap is excluded from coverage under §237.1(d) or as otherwise provided in this section. To the extent of any inconsistency between this section and any other provision of this subpart, this section will apply.

(b) Initial margin—(1) Posting of initial margin. The requirement for a covered swap entity to post initial margin under §237.3(b) does not apply with respect to any non-cleared swap or non-cleared security-based swap with a counterparty that is an affiliate. A covered swap entity shall calculate the
amount of initial margin that would be required to be posted to an affiliate that is a financial end user with material swaps exposure pursuant to §237.3(b) and provide documentation of such amount to each affiliate on a daily basis.

(2) Initial margin threshold amount. For purposes of calculating the amount of initial margin to be collected from an affiliate counterparty in accordance with §237.3(a) or calculating the amount of initial margin that would have been posted to an affiliate counterparty in accordance with paragraph (b)(1) of this section, the initial margin threshold amount is an aggregate credit exposure of $20 million resulting from all non-cleared swaps and non-cleared security-based swaps between the covered swap entity and that affiliate. For purposes of this calculation, an entity shall not count a non-cleared swap or non-cleared security-based swap that is exempt pursuant to §237.1(d).

(c) Variation margin. A covered swap entity shall collect and post variation margin with respect to a non-cleared swap or non-cleared security-based swap with any counterparty that is an affiliate as provided in §237.4.

(d) Custodian for non-cash collateral. To the extent that a covered swap entity collects initial margin required by §237.3(a) from an affiliate with respect to any non-cleared swap or non-cleared security-based swap other than cash collateral, the custodian for such collateral may be the covered swap entity or an affiliate of the covered swap entity.

(e) Model holding period and netting—
(1) Model holding period. For any non-cleared swap or non-cleared security-based swap (or netting portfolio) between a covered swap entity and an affiliate that would be subject to the clearing requirements of section 2(h)(1)(A) of the Commodity Exchange Act of 1934 or section 3(a)(1) of the Securities Exchange Act of 1934 but for an exemption under section 2(h)(7)(C)(ii) or (D) or section 4(c)(1) of the Commodity Exchange Act of 1934 applicable to the covered swap entity, the Board’s Regulation Q (12 CFR part 217) applicable to the covered swap entity.

§237.12 Capital.

A covered swap entity shall comply with:

(a) In the case of a covered swap entity that is a state member bank (as defined in 12 CFR 208.2(g)), the provisions of the Board’s Regulation Q (12 CFR part 217) applicable to the state member bank;

(b) In the case of a covered swap entity that is a bank holding company (as defined in 12 U.S.C. 1842) or a savings and loan holding company (as defined in 12 U.S.C. 1467a), the provisions of the Board’s Regulation Q (12 CFR part 217) applicable to the covered swap entity;

(d) In the case of a covered swap entity that is an Edge or agreement corporation (as defined in 12 CFR 211.1(c)(2) and (3)), the capital standards applicable to an Edge corporation under §211.12(c) of the Board’s Regulation K (12 CFR 211.12(c)) and to an agreement corporation under §§211.5(g) and 211.12(c) of the Board’s Regulation K (12 CFR 211.5(g) and 211.12(c)).

1 The initial margin amount applicable to multiple non-cleared swaps or non-cleared security-based swaps subject to an eligible master netting agreement that is calculated according to Table A will be computed as follows: Initial Margin = 0.4xGross Initial Margin + 0.6x NGRxGross Initial Margin where:
Gross Initial Margin – the sum of the product of each non-cleared swap’s or non-cleared security-based swap’s effective notional amount and the gross initial margin requirement for all non-cleared swaps and non-cleared security-based swaps subject to the eligible master netting agreement; and
NGR – the net-to-gross ratio (that is, the ratio of the net current replacement cost to the gross current replacement cost). In calculating NGR, the gross current replacement cost equals the sum of the replacement cost for each non-cleared swap and non-cleared security-based swap subject to the eligible master netting agreement for which the cost is positive. The net current replacement cost equals the total replacement cost for all non-cleared swaps and non-cleared security-based swaps subject to the eligible master netting agreement. In cases where the gross replacement cost is zero, the NGR should be set to 1.0.

1 The discount to be applied to an eligible investment fund is the weighted average discount on all assets within the eligible investment fund at the end of the prior month. The weights to be applied in the weighted average should be calculated as a fraction of the fund’s total market value that is invested in each asset with a given discount amount. As an example, an eligible investment fund that is comprised solely of $100 of 91 day Treasury bills and $100 of 3 year US Treasury bonds would receive a discount of \((\frac{100}{200} \times 0.5) + (0.5) \times 2.0 = 1.25\)

A request for advance Federal Register Notice publication shall be made in writing to the appropriate Reserve Bank and shall contain the identifying information prescribed by the Board for Federal Register Notice publication.

(3) Waiver or shortening of notice. The Board may waive or shorten the required notice periods under this section if the Board determines that an emergency exists requiring expeditious action on the proposal, or if the Board finds that immediate action is necessary to prevent the probable failure of an insured depository institution.

(d) Public comment—

(1) Timely comments. Interested persons may submit information and comments regarding a proposal filed under this subpart. A comment shall be considered timely for purposes of this subpart if the comment, together with all supplemental information, is submitted in writing in accordance with the Board’s Rules of Procedure and received by the Board or the appropriate Reserve Bank prior to the expiration of the latest public comment period provided in paragraph (c) of this section.

(3) Substantive comment. A comment will be considered substantive for purposes of this subpart unless it involves individual complaints, or raises frivolous, previously-considered or wholly unsubstantiated claims or irrelevant issues.

e) Hearings. The Board may order a formal or informal hearing or other proceeding on the application, as provided in §262.3(k)(2) of this chapter. Any request for a hearing (other than from the primary supervisor) shall comply with §262.3(e) in this chapter.

(f) Accepting application for processing. Within 7 calendar days after the Reserve Bank receives an application under this section, the Reserve Bank shall accept it for processing as of the date the application was filed or return the application if it is substantially incomplete. Upon accepting an application, the Reserve Bank shall immediately send copies to the Board and to the primary banking supervisor of the savings association to be acquired and to the Attorney General, and shall request from the Attorney General a report on the competitive factors involved. The Reserve Bank or the Board may request additional information necessary to complete the record of an application at any time after accepting the application for processing.

(g) Action on applications—(1) Action under delegated authority. Except as provided in paragraph (g)(4) of this section, unless the Reserve Bank, upon notice to the applicant, refers the application to the Board for decision because action under delegated authority is not appropriate, the Reserve Bank shall approve an application under this section:

(i) Not earlier than the third business day following the close of the public comment period; and

(ii) Not later than the later of the fifth business day following the close of the public comment period or the 30th calendar day after the acceptance date for the application.

(2) Board action. The Board shall act on an application under this section that is referred to it for decision within 60 calendar days after the acceptance date for the application, unless the Board notifies the applicant that the 60-day period is being extended for a specified period and states the reasons for the extension. The Board may, at any time, request additional information that it believes is necessary for its decision.

(3) Approval through failure to act—(1) Ninety-one day rule. An application shall be deemed approved if the Board fails to act on the application within 91 calendar days after the date of submission to the Board of the complete record on the application. For this purpose, the Board acts when it issues an order stating that the Board has approved or denied the application or notice, reflecting the votes of the members of the Board, and indicating that a statement of the reasons for the decision will follow promptly.

(ii) Complete record. For the purpose of computing the commencement of the 91-day period, the record is complete on the latest of:

A) The date of receipt by the Board of an application that has been accepted by the Reserve Bank;

B) The last day provided in any notice for receipt of comments and hearing requests on the application or notice;

C) The date of receipt by the Board of the last relevant material regarding the application that is needed for the Board’s decision, if the material is received from a source outside of the Federal Reserve System; or

(B) Not later than the fifth business day following the close of the public comment period, except that the Board may extend the period for action under this paragraph (g)(4) for up to 5 business days.

(ii) Acceptance of notice in event expedited procedure not available. In the event that the Board or the Reserve Bank determines that an application filed pursuant to 238.15(f) does not meet one or more of the requirements of §238.15(f), paragraph (g)(4) of this section shall not apply and the Board or Reserve Bank will act on the application according to the other provisions of paragraph (g) of this section.

§ 238.15 Factors considered in acting on applications.

(a) Generally. The Board may not approve any application under this subpart if:

(1) The transaction would result in a monopoly or would further any combination or conspiracy to monopolize, or to attempt to monopolize, the savings and loan business in any part of the United States;

(2) The effect of the transaction may be substantially to lessen competition in any section of the country, tend to create a monopoly, or in any other manner be in restraint of trade, unless the Board finds that the transaction’s anti-competitive effects are clearly outweighed by its probable effect in meeting the convenience and needs of the community;

(3) The applicant has failed to provide the Board with adequate assurances that it will make available such information on its operations or activities, and the operations or activities of any affiliate of the applicant, that the Board deems appropriate to determine and enforce compliance with HOLA and other applicable federal banking statutes, and any regulations thereunder; or

(4) In the case of an application involving a foreign banking organization, the foreign banking organization is not subject to comprehensive supervision or regulation on a consolidated basis by the appropriate authorities in its home country, as provided in §211.24(c)(1)(ii) of the Board’s Regulation K (12 CFR 211.24(c)(1)(ii)).

(5) In the case of an application by a savings and loan holding company to acquire an insured depository institution, section 10(e)(2)(E) of HOLA prohibits the Board from approving the transaction.

(b) Other factors. In deciding applications under this subpart, the Board also considers the following factors with respect to the acquiror, its subsidiaries, any savings associations or banks related to the acquiror through common ownership or management, and the savings association or associations to be acquired:

(1) Financial condition. Their financial condition and future prospects, including whether current and projected capital positions and levels of indebtedness conform to standards and policies established by the Board.

(2) Managerial resources. The competence, experience, and integrity of the officers, directors, and principal shareholders of the acquiror, its subsidiaries, and the savings association and savings and loan holding companies concerned; their record of compliance with laws and regulations; and the record of the applicant and its affiliates of fulfilling any commitments to, and any conditions imposed by, the Board in connection with prior applications.

(3) Convenience and needs of community. In the case of an application required under §238.11(c), (d), or (e), or an application by a savings and loan holding company under §238.11(b), the convenience and needs of the communities to be served, including the record of performance under the Community Reinvestment Act of 1977 (12 U.S.C. 2901 et seq.) and regulations issued thereunder, including the Board’s Regulation BB (12 CFR part 228).

(c) Presumptive disqualifiers—(1) Integrity factors. The following factors shall give rise to a rebuttable presumption that an acquiror may fail to satisfy the managerial resources and future prospects tests of paragraph (b) of this section:
§238.15  

(i) During the 10-year period immediately preceding filing of the application or notice, criminal, civil or administrative judgments, consents or orders, and any indictments, formal investigations, examinations, or civil or administrative proceedings (excluding routine or customary audits, inspections and investigations) that terminated in any agreements, undertakings, consents or orders, issued against, entered into by, or involving the acquiror or affiliates of the acquiror by any federal or state court, any department, agency, or commission of the U.S. Government, any state or municipality, any Federal Home Loan Bank, any self-regulatory trade or professional organization, or any foreign government or governmental entity, which involve:

(A) Fraud, moral turpitude, dishonesty, breach of trust or fiduciary duties, organized crime or racketeering;

(B) Violation of securities or commodities laws or regulations;

(C) Violation of depository institution laws or regulations;

(D) Violation of housing authority laws or regulations;

(E) Violation of the rules, regulations, codes of conduct or ethics of a self-regulatory trade or professional organization;

(ii) Denial, or withdrawal after receipt of formal or informal notice of an intent to deny, by the acquiror or affiliates of the acquiror of

(A) Any application relating to the organization of a financial institution.

(B) An application to acquire any financial institution or holding company thereof under HOLA or the Bank Holding Company Act or otherwise.

(C) A notice relating to a change in control of any of the foregoing under the CIC Act; or

(D) An application or notice under a state holding company or change in control statute.

(iii) The acquiror or affiliates of the acquiror were placed in receivership or conservatorship during the preceding 10 years, or any management official of the acquiror was a management official or director (other than an official or director serving at the request of the Board, the Federal Deposit Insurance Corporation, the Resolution Trust Corporation, the former Federal Savings and Loan Insurance Corporation, or their predecessors) or principal shareholder of a company or savings association that was placed into receivership, conservatorship, or a management consignment program, or was liquidated during his or her tenure or control or within two years thereafter;

(iv) Felony conviction of the acquiror, an affiliate of the acquiror or a management official of the acquiror or an affiliate of the acquiror;

(v) Knowingly making any written or oral statement to the Board or any predecessor agency (or its delegate) in connection with an application, notice or other filing under this part that is false or misleading with respect to a material fact or omits to state a material fact with respect to information furnished or requested in connection with such an application, notice or other filing;

(vi) Acquisition and retention at the time of submission of an application or notice, of stock in the savings association by the acquiror in violation of this part or its predecessor regulations.

(2) Financial factors. The following shall give rise to a rebuttable presumption that an acquiror may fail to satisfy the financial-resources and future-prospects tests of paragraph (c) of this section:

(i) Liability for amounts of debt which, in the opinion of the Board, create excessive risks of default and pressure on the savings association to be acquired; or

(ii) Failure to furnish a business plan or furnishing a business plan projecting activities which are inconsistent with economical home financing.

(d) Competitive factor. Before approving any such acquisition, except a transaction under section 13(k) of the Federal Deposit Insurance Act, the Board shall consider any report rendered by the Attorney General within 30 days of such request under §238.14(f) on the competitive factors involved.

(e) Expedited reorganizations. An application by a savings association solely for the purpose of obtaining approval for the creation of a savings and loan holding company by such savings
association shall be eligible for expedited processing under §238.14(g)(4) if it satisfies the following criteria:

(1) The holding company shall not be capitalized initially in an amount exceeding the amount the savings association is permitted to pay in dividends to its holding company as of the date of the reorganization pursuant to applicable regulations or, in the absence thereof, pursuant to the then current policy guidelines;

(2) The creation of the savings and loan holding company by the association is the sole transaction contained in the application, and there are no other transactions requiring approval incident to the creation of the holding company (other than the creation of an interim association that will disappear upon consummation of the reorganization and the merger of the savings association with such interim association to effect the reorganization), and the holding company is not also seeking any regulatory waivers, regulatory forbearances, or resolution of legal or supervisory issues;

(3) The board of directors and executive officers of the holding company are composed of persons who, at the time of acquisition, are executive officers and directors of the association;

(4) The acquisition raises no significant issues of law or policy;

(5) Prior to consummation of the reorganization transaction, the holding company shall enter into any dividend limitation, regulatory capital maintenance, or prenuptial agreement required by Board regulations, or in the absence thereof, required pursuant to policy guidelines issued by the Board; and

(f) Conditional approvals. The Board may impose conditions on any approval, including conditions to address competitive, financial, managerial, safety and soundness, convenience and needs, compliance or other concerns, to ensure that approval is consistent with the relevant statutory factors and other provisions of HOLA.

Subpart C—Control Proceedings

§ 238.21 Control proceedings.

(a) Preliminary determination of control. (1) The Board may issue a preliminary determination of control under the procedures set forth in this section in any case in which:

(i) Any of the presumptions of control set forth in paragraph (d) of this section is present; or

(ii) It otherwise appears that a company has the power to exercise a controlling influence over the management or policies of a savings association or other company.

(2) If the Board makes a preliminary determination of control under this section, the Board shall send notice to
the controlling company containing a statement of the facts upon which the preliminary determination is based.

(b) Response to preliminary determination of control. Within 30 calendar days of issuance by the Board of a preliminary determination of control or such longer period permitted by the Board, the company against whom the determination has been made shall:

(1) Submit for the Board’s approval a specific plan for the prompt termination of the control relationship;

(2) File an application under this regulation to retain the control relationship; or

(3) Contest the preliminary determination by filing a response, setting forth the facts and circumstances in support of its position that no control exists, and, if desired, requesting a hearing or other proceeding.

(c) Hearing and final determination. (1) The Board shall order a formal hearing or other appropriate proceeding upon the request of a company that contests a preliminary determination that the company has the power to exercise a controlling influence over the management or policies of a savings association or other company, if the Board finds that material facts are in dispute. The Board may also in its discretion order a formal hearing or other proceeding with respect to a preliminary determination that the company controls voting securities of the savings association or other company under the presumptions in paragraph (d)(1) of this section.

(2) At a hearing or other proceeding, any applicable presumptions established by paragraph (d) of this section shall be considered in accordance with the Federal Rules of Evidence and the Board’s Rules of Practice for Formal Hearings (12 CFR part 263).

(3) After considering the submissions of the company and other evidence, including the record of any hearing or other proceeding, the Board shall issue a final order determining whether the company controls voting securities, or has the power to exercise a controlling influence over the management or policies, of the savings association or other company. If a control relationship is found, the Board may direct the company to terminate the control relationship or to file an application for the Board’s approval to retain the control relationship under subpart B of this part.

(d) Rebuttable presumptions of control. The following rebuttable presumptions shall be used in any proceeding under this section:

(1) Control of voting securities—(i) Securities convertible into voting securities. A company that owns, controls, or holds securities that are immediately convertible, at the option of the holder or owner, into voting securities of a bank or other company, controls the voting securities.

(ii) Option or restriction on voting securities. A company that enters into an agreement or understanding under which the rights of a holder of voting securities of a savings association or other company are restricted in any manner controls the securities. This presumption does not apply where the agreement or understanding:

(A) Is a mutual agreement among shareholders granting to each other a right of first refusal with respect to their shares;

(B) Is incident to a bona fide loan transaction; or

(C) Relates to restrictions on transferability and continues only for the time necessary to obtain approval from the appropriate Federal supervisory authority with respect to acquisition by the company of the securities.

A company that enters into any agreement or understanding with a savings association or other company (other than an investment advisory agreement), such as a management contract, under which the first company or any of its subsidiaries directs or exercises significant influence over the general management or overall operations of the savings association or other company controls the savings association or other company.

(ii) Shares controlled by company and associated individuals. A company that, together with its management officials or principal shareholders (including members of the immediate families of either), owns, controls, or holds with power to vote 25 percent or more of the outstanding shares of any class of voting securities of a savings association

(b) Definitions. For purposes of this subpart:

(1) Acquisition includes a purchase, assignment, transfer, or pledge of voting securities, or an increase in percentage ownership of a savings and loan holding company resulting from a redemption of voting securities.

(2) Acting in concert includes knowing participation in a joint activity or parallel action towards a common goal of acquiring control of a savings and loan holding company whether or not pursuant to an express agreement.

(3) Immediate family includes a person's father, mother, stepfather, stepmother, brother, sister, stepbrother, stepsister, son, daughter, stepson, stepdaughter, grandparent, grandson, granddaughter, father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, the spouse of any of the foregoing, and the person's spouse.

(c) Acquisitions requiring prior notice—(1) Acquisition of control. The acquisition of voting securities of a savings and loan holding company constitutes the acquisition of control under the Bank Control Act, requiring prior notice to the Board, if, immediately after the transaction, the acquiring person (or persons acting in concert) will own, control, or hold with power to vote 25 percent or more of any class of voting securities of the institution.

(2) Rebuttable presumption of control. The Board presumes that an acquisition of voting securities of a savings and loan holding company constitutes the acquisition of control under the Bank Control Act, requiring prior notice to the Board, if, immediately after the transaction, the acquiring person (or persons acting in concert) will own,
§ 238.32 Transactions not requiring prior notice.

(a) Exempt transactions. The following transactions do not require notice to the Board under this subpart:

(1) Existing control relationships. The acquisition of additional voting securities of a savings and loan holding company by a person who:

(i) Continuously since March 9, 1979 (or since the institution commenced business, if later), held power to vote 25 percent or more of any class of voting securities of the institution; or

(ii) Is presumed, under § 238.31(c)(2), to have controlled the institution continuously since March 9, 1979, if the aggregate amount of voting securities held does not exceed 25 percent or more of any class of voting securities of the institution or, in other cases, where the Board determines that the person has controlled the institution continuously since March 9, 1979;

(2) Increase of previously authorized acquisitions. Unless the Board or the Reserve Bank otherwise provides in writing, the acquisition of additional shares of a class of voting securities of a savings and loan holding company by any person (or persons acting in concert) who has lawfully acquired and maintained control of the institution (for purposes of § 238.31(c)), after complying with the procedures and receiving approval to acquire voting securities of the institution under this subpart, or in connection with an application approved under section 10(e) of HOLA (12 U.S.C. 1467a(e) and § 238.11 or

(5) Persons that have made, or propose to make, a joint filing under sections 13 or 14 of the Securities Exchange Act of 1934 (15 U.S.C. 78m or 78n), and the rules promulgated thereunder by the Securities and Exchange Commission; and

(6) A person and any trust for which the person serves as trustee.

(e) Acquisitions of loans in default. The Board presumes an acquisition of a loan in default that is secured by voting securities of a savings and loan holding company to be an acquisition of the underlying securities for purposes of this section.

(f) Other transactions. Transactions other than those set forth in paragraph (c) of this section resulting in a person's control of less than 25 percent of a class of voting securities of a savings and loan holding company are not deemed by the Board to constitute control for purposes of the Bank Control Act.

(g) Rebuttal of presumptions. Prior notice to the Board is not required for any acquisition of voting securities under the presumption of control set forth in this section, if the Board finds that the acquisition will not result in control. The Board shall afford any person seeking to rebut a presumption in this section an opportunity to present views in writing or, if appropriate, orally before its designated representatives at an informal conference.

The Board may waive publication in the Federal Register if the Board determines that such action is appropriate.

(4) Delay of publication. The Board may permit delay in the publication required under paragraphs (c)(1) and (c)(3) of this section if the Board determines, for good cause shown, that it is in the public interest to grant such delay. Requests for delay of publication may be submitted to the appropriate Reserve Bank.

(5) Shortening or waiving notice. The Board may shorten or waive the public comment or newspaper publication requirements of this paragraph, or act on a notice before the expiration of a public comment period, if it determines in writing that an emergency exists, or that disclosure of the notice, solicitation of public comment, or delay until expiration of the public comment period would seriously threaten the safety or soundness of the savings and loan holding company to be acquired.

(6) Consideration of public comments. In acting upon a notice filed under this subpart, the Board shall consider all public comments received in writing within the period specified in the newspaper or Federal Register announcement, whichever is later. At the Board’s option, comments received after this period may, but need not, be considered.

(7) Standing. No person (other than the acquiring person) who submits comments or information on a notice filed under this subpart shall thereby become a party to the proceeding or acquire any standing or right to participate in the Board’s consideration of the notice or to appeal or otherwise contest the notice or the Board’s action regarding the notice.

(d) Time period for Board action—(1) Consummation of acquisition. The notificant(s) may consummate the proposed acquisition 60 days after submission to the Reserve Bank of a complete notice under paragraph (a) of this section, unless within that period the Board disapproves the proposed acquisition or extends the 60-day period, as
provided under paragraph (d)(2) of this section.

(ii) The Board may further extend the period during which it may disapprove a notice for two additional periods of not more than 45 days each, if the Board determines that:

(A) Any acquiring person has not furnished all the information required under paragraph (a) of this section;

(B) Any material information submitted is substantially inaccurate;

(C) The Board is unable to complete the investigation of an acquiring person because of inadequate cooperation or delay by that person; or

(iii) If the Board extends the time period under this paragraph, it shall notify the acquiring person(s) of the reasons therefor and shall include a statement of the information, if any, deemed incomplete or inaccurate.

(e) Advice to bank supervisory agencies. The Reserve Bank shall send a copy of any notice to the Comptroller of the Currency and the Federal Deposit Insurance Corporation.

(f) Investigation and report. (1) After receiving a notice under this subpart, the Board or the appropriate Reserve Bank shall conduct an investigation of the competence, experience, integrity, and financial ability of each person by and for whom an acquisition is to be made. The Board shall also make an independent determination of the accuracy and completeness of any information required to be contained in a notice under paragraph (a) of this section. In investigating any notice accepted under this subpart, the Board or Reserve Bank may solicit information or views from any person, including any savings and loan holding company involved in the notice, and any appropriate state, federal, or foreign governmental authority.

(2) The Board or the appropriate Reserve Bank shall prepare a written report of its investigation, which shall contain, at a minimum, a summary of the results of the investigation.

(h) Disapproval and hearing—(1) Disapproval of notice. The Board may disapprove an acquisition if it finds adverse effects with respect to any of the factors set forth in paragraph 7 of the Bank Control Act (12 U.S.C. 1817(j)(7)) (i.e., competitive, financial, managerial, banking, or incompleteness of information).

(2) Disapproval notification. Within three days after its decision to issue a notice of intent to disapprove any proposed acquisition, the Board shall notify the acquiring person in writing of the reasons for the action.

(3) Hearing. Within 10 calendar days of receipt of the notice of the Board's intent to disapprove, the acquiring person may submit a written request for a hearing. Any hearing conducted under this paragraph shall be in accordance with the Rules of Practice for Formal Hearings (12 CFR part 263). At the conclusion of the hearing, the Board shall, by order, approve or disapprove the proposed acquisition on the basis of the record of the hearing. If the acquiring person does not request a hearing, the notice of intent to disapprove becomes final and unappealable.

Subpart E—Qualified Stock Issuances

§ 238.41 Qualified stock issuances by undercapitalized savings associations or holding companies.

(a) Acquisitions by savings and loan holding companies. No savings and loan holding company shall be deemed to
control a savings association solely by reason of the purchase by such savings and loan holding company of shares issued by such savings association, or issued by any savings and loan holding company (other than a bank holding company) which controls such savings association, in connection with a qualified stock issuance if prior approval of such acquisition is granted by the Board under this subpart, unless the acquiring savings and loan holding company, directly or indirectly, or acting in concert with 1 or more other persons, or through one or more subsidiaries, owns, controls, or holds with power to vote, or holds proxies representing, more than 15 percent of the voting shares of such savings association or holding company.

(b) Qualification. For purposes of this section, any issuance of shares of stock shall be treated as a qualified stock issuance if the following conditions are met:

(1) The shares of stock are issued by—

   (i) An undercapitalized savings association, which for purposes of this paragraph (b)(1)(i) shall mean any savings association—

      (A) The assets of which exceed the liabilities of such association; and

      (B) Which does not comply with one or more of the capital standards in effect under section 5(t) of HOLA; or

   (ii) A savings and loan holding company which is not a bank holding company but which controls an undercapitalized savings association if, at the time of issuance, the savings and loan holding company is legally obligated to contribute the net proceeds from the issuance of such stock to the capital of an undercapitalized savings association subsidiary of such holding company.

(2) All shares of stock issued consist of previously unissued stock or treasury shares.

(3) All shares of stock issued are purchased by a savings and loan holding company that is registered, as of the date of purchase, with the Board in accordance with the provisions of section 10(b) of the HOLA and the Board’s regulations promulgated thereunder.

(4) Subject to paragraph (c) of this section, the Board approves the purchase of the shares of stock by the acquiring savings and loan holding company.

(5) The entire consideration for the stock issued is paid in cash by the acquiring savings and loan holding company.

(6) At the time of the stock issuance, each savings association subsidiary of the acquiring savings and loan holding company (other than an association acquired in a transaction pursuant to section 13(c) or 13(k) of the Federal Deposit Insurance Act, or section 408(m) of the National Housing Act, as in effect immediately prior to enactment of the Financial Institutions Reform, Recovery and Enforcement Act of 1989) has capital (after deducting any subordinated debt, intangible assets, and deferred, unamortized gains or losses) of not less than 6 1/2 percent of the total assets of such savings association.

(7) Immediately after the stock issuance, the acquiring savings and loan holding company holds not more than 15 percent of the outstanding voting stock of the issuing undercapitalized savings association or savings and loan holding company.

(8) Not more than one of the directors of the issuing association or company is an officer, director, employee, or other representative of the acquiring company or any of its affiliates.

(9) Transactions between the savings association or savings and loan holding company that issues the shares pursuant to this section and the acquiring company and any of its affiliates shall be subject to the provisions of section 11 of HOLA and the Board’s regulations promulgated thereunder.

(c) Approval of acquisitions—(1) Criteria. The Board, in deciding whether to approve or deny an application filed on the basis that it is a qualified stock issuance, shall apply the application criteria set forth in §238.15(a), (b), and (c).

(2) Additional capital commitments not required. The Board shall not disapprove any application for the purchase of stock in connection with a qualified stock issuance on the grounds that the acquiring savings and loan holding company has failed to undertake to make subsequent additional capital contributions to maintain the
capital of the undercapitalized savings association at or above the minimum level required by the Board or any other Federal agency having jurisdiction.

(3) Other conditions. The Board shall impose such conditions on any approval of an application for the purchase of stock in connection with a qualified stock issuance as the Board determines to be appropriate, including—

(i) A requirement that any savings association subsidiary of the acquiring savings and loan holding company limit dividends paid to such holding company for such period of time as the Board may require; and

(ii) Such other conditions as the Board deems necessary or appropriate to prevent evasions of this section.

(4) Application deemed approved if not disapproved within 90 days. (i) An application for approval of a purchase of stock in connection with a qualified stock issuance shall be deemed to have been approved by the Board if such application has not been disapproved by the Board before the end of the 90-day period beginning on the date of submission to the Board of the complete record on the application as defined in §238.14(g)(3)(ii).

(d) No limitation on class of stock issued. The shares of stock issued in connection with a qualified stock issuance may be shares of any class.

Section 10(c)(2)(H) of the HOLA (12 U.S.C. 1467a(c)(2)(H)) permits a savings and loan holding company to engage in activities that are permissible for a financial holding company if the savings and holding company meets the criteria to qualify as a financial holding company and complies with all of the requirements applicable to a financial holding company under sections 4(l) and 4(m) of the BHC Act as if the savings and loan holding company was a bank holding company. This subpart provides the requirements and restrictions for a savings and holding company to be treated as a financial holding company for the purpose of engaging in financial holding company activities. This subpart does not apply to savings and loan holding companies described in section 10(c)(9)(C) of the HOLA (12 U.S.C. 1467a(c)(9)(C)).

§ 238.62 Definitions.

For the purposes of this subpart:

(3) The appropriate Federal banking agency for the savings association has accepted the plan described in paragraph (d)(2) of this section.

(e) Effective date of election—(1) In general. An election filed by a savings and loan holding company under paragraph (a) of this section is effective on the 31st calendar day after the date that a complete declaration was filed with the appropriate Reserve Bank, unless the Board notifies the savings and loan holding company prior to that time that the election is ineffective.

(2) Earlier notification that an election is effective. The Board or the appropriate Reserve Bank may notify a savings and loan holding company that its election to be treated as a financial holding company is effective prior to the 31st day after the date that a complete declaration was filed with the appropriate Reserve Bank. Such a notification must be in writing.

(3) Special effective date rules for the OTS transfer date—(i) Deadline for filing declaration. For savings and loan holding companies that meet the requirements of §238.63 and that are engaged in financial holding company activities pursuant to existing authority as of July 21, 2011, an election under paragraph (a) must be filed with the appropriate Reserve Bank by December 31, 2011. The election must be accompanied by a description of the financial holding company activities conducted by the savings and loan holding company.

(ii) Effective date of election. An election filed under paragraph (e)(3)(i) of this section is effective on the 61st calendar day after the date that a complete declaration was filed with the appropriate Reserve Bank, unless the Board notifies the savings and loan holding company prior to that time that the election is ineffective.

(iii) Earlier notification that an election is effective. The Board or the appropriate Reserve Bank may notify a savings and loan holding company that its election under paragraph (e)(3)(i) of this section to be treated as a financial holding company is effective prior to the 61st day after the date that a complete declaration was filed with the appropriate Reserve Bank. Such notification must be in writing.

1. The notice, remediation agreement, divestiture, and any other requirements described in §225.83 of this chapter; or
2. The activities limitations and any other requirements described in §225.84 of this chapter, depending on which requirements of §238.63 the savings and loan holding company does not meet.

(f) Requests to be treated as a financial holding company submitted as part of an application to become a savings and loan holding company.

A company that is not a savings and loan holding company and has applied for the Board’s approval to become a savings and loan holding company under section 10(e) of the HOLA (12 U.S.C. 1467a(e)) may as part of that application submit a request to be treated as a financial holding company. Such requests shall be made and reviewed by the Board as described in §225.82(f) of this chapter.

(g) Board’s authority to exercise supervisory authority over a savings and loan holding company treated as a financial holding company.

An effective election to be treated as a financial holding company does not in any way limit the Board’s statutory authority under the HOLA, the Federal Deposit Insurance Act, or any other relevant Federal statute to take appropriate action, including imposing supervisory limitations, restrictions, or prohibitions on the activities and acquisitions of a savings and loan holding company that has elected to be treated as a financial holding company, or enforcing compliance with applicable law.

§ 238.66 Ongoing requirements.

(a) In general. A savings and loan holding company with an effective election to be treated as a financial holding company is subject to the same requirements applicable to a financial holding company, under sections 4(l) and 4(m) of the Bank Holding Company Act and section 804(c) of the Community Reinvestment Act of 1977 (12 U.S.C. 2903(c)) as if the savings and loan holding company was a bank holding company.

(b) Consequences of failing to continue to meet applicable capital and management requirements. A savings and loan holding company with an effective election to be treated as a financial holding company that fails to meet applicable capital and management requirements at §238.63 is subject to the notice, remediation agreement, divestiture, and any other requirements described in §225.83 of this chapter.

(c) Consequences of failing to continue to maintain a satisfactory or better rating under the Community Reinvestment Act at all insured deposit institution subsidiaries. A savings and loan holding company with an effective election to be treated as a financial holding company that fails to maintain a satisfactory or better rating under the Community Reinvestment Act at all insured deposit institution subsidiaries is subject to the activities limitations and any other requirements described in §225.84 of this chapter.

(d) Notice and approval requirements for conducting financial holding company activities; permissible activities. A savings and loan holding company with an effective election to be treated as a financial holding company may conduct the activities listed in §225.86 of this chapter subject to the notice, approval, and any other requirements described in §§225.85 through 225.89 of this chapter.

Subpart I—Prohibited Service at Savings and Loan Holding Companies

§ 238.81 Purpose.

This subpart implements section 19(e)(1) of the Federal Deposit Insurance Act (FDIA), which prohibits persons who have been convicted of certain criminal offenses or who have agreed to enter into a pre-trial diversion or similar program in connection with a prosecution for such criminal offenses from occupying various positions with a savings and loan holding company. This part also implements section 19(e)(2) of the FDIA, which permits the Board to provide exemptions, by regulation or order, from the application of the prohibition. This subpart provides an exemption for savings and loan holding company employees whose activities and responsibilities are limited solely to agriculture, forestry, retail merchandising, manufacturing, or public utilities operations, and a temporary exemption for certain persons who held positions with respect to a savings and loan holding company as of October 13, 2006. The subpart also describes procedures for applying to the Board for an exemption.

§ 238.82 Definitions.

The following definitions apply to this subpart:

(a) Institution-affiliated party is defined at 12 U.S.C. 1813(u), except that the phrase “savings and loan holding company” is substituted for “insured depository institution” each place that it appears in that definition.

(b) Enforcement Counsel means any individual who files a notice of appearance to serve as counsel on behalf of the Board in the proceeding.

(c) Person means an individual and does not include a corporation, firm or other business entity.

(a) Covered convictions and agreements. Except as described in §238.85, this subpart covers:

(1) Any conviction of a criminal offense involving dishonesty, breach of trust, or money laundering. Convictions do not cover arrests, pending cases not brought to trial, acquittals, convictions reversed on appeal, pardoned convictions, or expunged convictions.

(2) Any agreement to enter into a pretrial diversion or similar program in connection with a prosecution for a criminal offense involving dishonesty, breach of trust or money laundering. § 238.85 Adjudications and offenses not covered.

(a) Youthful offender or juvenile delinquent. This subpart does not cover any adjudication by a court against a person as:

(1) A youthful offender under any youthful offender law; or

(2) A juvenile delinquent by a court with jurisdiction over minors as defined by state law.

(1) The person has only one conviction or pretrial diversion or similar program of record;

(2) The offense was punishable by imprisonment for a term of less than one year, a fine of less than $1,000, or both, and the person did not serve time in jail;

(4) The offense did not involve an insured depository institution, insured credit union, or other banking organization (including a savings and loan holding company, bank holding company, or financial holding company).

(5) The person must disclose the conviction or pretrial diversion or similar program to all insured depository institutions and other banking organizations the affairs of which he or she participates.

(6) The person must be covered by a fidelity bond to the same extent as others in similar positions with the savings and loan holding company.

(1) The employee’s responsibilities and activities are limited solely to agriculture, forestry, retail merchandising, manufacturing, or public utilities operations.

(2) The savings and loan holding company maintains a list of all policymaking positions and reviews this list annually.

(3) The employee’s position does not appear on the savings and loan holding company’s list of policymaking positions, and the employee does not, in fact, exercise any policymaking function with the savings and loan holding company.

(4) The employee:
   (i) Is not an institution-affiliated party of the savings and loan holding company other than by virtue of the employment described in paragraph (a) of this section.
   (ii) Does not own or control, directly or indirectly, the savings and loan holding company; and
   (iii) Does not participate, directly or indirectly, in the conduct of the affairs of the savings and loan holding company.

(b) Temporary exemption. (1) Any prohibited person who was an institution affiliated party with respect to a savings and loan holding company other than by virtue of the employment described in §238.84 or who has agreed to enter into a pre-trial diversion or similar program in connection with a prosecution for such a criminal offense may file an application from the Board seeking an exemption from the prohibitions in this subpart.

(2) A savings and loan holding company or a person may seek an exemption only for a designated position (or positions) with respect to a named savings and loan holding company.

§238.87 Filing procedures.

(a) Who may file. (1) A savings and loan holding company or a person who was convicted of a criminal offense described in §238.84 or who has agreed to enter into a pre-trial diversion or similar program in connection with a prosecution for such a criminal offense may file an application from the Board seeking an exemption from the prohibitions.

(b) Prohibition pending Board action. Unless a savings and loan holding company or a person is exempt under §238.86(b), the prohibitions in §238.83 continue to apply pending Board action on the application.

§238.88 Factors for review.

(a) Board review. (1) In determining whether to approve an exemption application filed under §238.87, the Board will consider the extent to which the position that is the subject of the application enables a person to:
   (i) Participate in the major policymaking functions of the savings and loan holding company; or
   (ii) Threaten the safety and soundness of any insured depository institution that is controlled by the savings and loan holding company, the interests of its depositors, or the public confidence in the insured depository institution.

(2) The Board will also consider whether the applicant has demonstrated the person’s fitness to hold
the described position. Some positions may be approved without an extensive review of a person’s fitness because the position does not enable a person to take the actions described in paragraph (a)(1) of this section.

(b) Factors. In making the determinations under paragraph (a) of this section, the Board will consider the following factors:

(1) The position;
(2) The amount of influence and control a person holding the position will be able to exercise over the affairs and operations of the savings and loan holding company and the insured depository institution;
(3) The ability of the management of the savings and loan holding company to supervise and control the activities of a person holding the position;
(4) The level of ownership that the person will have at the savings and loan holding company;
(5) The specific nature and circumstances of the criminal offense. The question whether a person who was convicted of a crime or who agreed to enter into a pretrial diversion or similar program for a crime was guilty of that crime is not relevant;
(6) Evidence of rehabilitation; and
(7) Any other relevant factor.

§ 238.89 Board action.

(a) Approval. The Board will notify an applicant if an application under this subpart is approved. An approval by the Board may include such conditions as the Board determines to be appropriate.

(b) Denial. If Board denies an application, the Board will notify an applicant promptly.

§ 238.90 Hearings.

(a) Hearing requests. Within 20 days of the date of issuance of a denial of an application filed under this subpart, a savings and loan holding company or a person whose application the Board has denied may file a written request demonstrating good cause for a hearing on the denial.

(b) Board review of hearing request. The Board will review the hearing request to determine if the savings and loan holding company or person has demonstrated good cause for a hearing on the application. Within 30 days after the filing of a timely request for a hearing, the Board will notify the savings and loan holding company or person in writing of its decision to grant or deny the hearing request. If the Board grants the request for a hearing, it will order a hearing to be commenced within 60 days of the issuance of the notification. Upon the request of a party, the Board may at its discretion order a later hearing date.

(c) Hearing procedures. The following procedures apply to hearings under this subpart.

(1) The hearing shall be held in Washington, DC, or at another designated place, before a presiding officer designated by the Board.
(2) An applicant may elect in writing to have the matter determined on the basis of written submissions, rather than an oral hearing.
(3) The parties to the hearing are Enforcement Counsel and the applicant.
(4) The provisions of §§263.2, 263.4, 263.6 through 263.12, and 263.16 of this chapter apply to the hearing.
(5) Discovery is not permitted.
(6) A party may introduce relevant and material documents and make oral argument at the hearing.
(7) At the discretion of the presiding officer, witnesses may be presented within specified time limits, provided that a list of witnesses is furnished to the presiding officer and to all other parties prior to the hearing. Witnesses must be sworn, unless otherwise directed by the presiding officer. The presiding officer may ask questions of any witness. Each party may cross-examine any witness presented by the opposing party. The Board will furnish a transcript of the proceedings upon an applicant’s request and upon the payment of the costs of the transcript.
(8) The presiding officer has the power to administer oaths and affirmations, to take or cause to be taken depositions of unavailable witnesses, and to issue, revoke, quash, or modify subpoenas and subpoenas duces tecum. If the presentation of witnesses is permitted, the presiding officer may require the attendance of witnesses from any state, territory, or other place subject to the jurisdiction of the United
States at any location where the proceeding is being conducted. Witness fees are paid in accordance with section 263.14 of this chapter.

(9) Upon the request of a party, the record will remain open for five business days following the hearing for additional submissions to the record.

(10) Enforcement Counsel has the burden of proving a prima facie case that a person is prohibited from a position under section 19(e) of the FDIA. The applicant has the burden of proof on all other matters.

(11) The presiding officer must make recommendations to the Board, where possible, within 20 days after the last day for the parties to submit additions to the record.

(12) The presiding officer must forward his or her recommendation to the Board who shall promptly certify the entire record, including the presiding officer's recommendations. The Board's certification will close the record.

(d) Decision. After the certification of the record, the Board will notify the parties of its decision by issuing an order approving or denying the application.

(1) An approval order will require fidelity bond coverage for the position to the same extent as similar positions with the savings and loan holding company. The approval order may include such other conditions as may be appropriate.

(2) A denial order will include a summary of the relevant factors under §238.88(b).

Subpart J—Management Official Interlocks

§238.91 Authority, purpose, and scope.

(a) Authority. This subpart is issued under the provisions of the Depository Institution Management Interlocks Act (Interlocks Act) (12 U.S.C. 3201 et seq.), as amended.

(b) Purpose. The purpose of the Interlocks Act and this subpart is to foster competition by generally prohibiting a management official from serving two nonaffiliated depository organizations in situations where the management interlock likely would have an anti-competitive effect.

(c) Scope. This subpart applies to management officials of savings and loan holding companies, and their affiliates.

§238.92 Definitions.

For purposes of this subpart, the following definitions apply:

(a) Affiliate. (1) The term affiliate has the meaning given in section 202 of the Interlocks Act (12 U.S.C. 3201). For purposes of that section 202, shares held by an individual include shares held by members of his or her immediate family. "Immediate family" means spouse, mother, father, child, grandchild, sister, brother, or any of their spouses, whether or not any of their shares are held in trust.

(2) For purposes of section 202(3)(B) of the Interlocks Act (12 U.S.C. 3201(3)(B)), an affiliate relationship involving a savings and loan holding company based on common ownership does not exist if the Board determines, after giving the affected persons the opportunity to respond, that the asserted affiliation was established in order to avoid the prohibitions of the Interlocks Act and does not represent a true commonality of interest between the depository organizations. In making this determination, the Board considers, among other things, whether a person, including members of his or her immediate family, whose shares are necessary to constitute the group owns a nominal percentage of the shares of one of the organizations and the percentage is substantially disproportionate to that person's ownership of shares in the other organization.

(b) Area median income means:

(1) The median family income for the metropolitan statistical area (MSA), if a depository organization is located in an MSA; or

(2) The statewide nonmetropolitan median family income, if a depository organization is located outside an MSA.

(c) Community means a city, town, or village, and contiguous or adjacent cities, towns, or villages.

(d) Contiguous or adjacent cities, towns, or villages means cities, towns, or villages whose borders touch each other or whose borders are within 10 road miles of each other at their closest
points. The property line of an office located in an unincorporated city, town, or village is the boundary line of that city, town, or village for the purpose of this definition.

(e) **Depository holding company** means a bank holding company or a savings and loan holding company (as more fully defined in section 202 of the Interlocks Act (12 U.S.C. 3201)) having its principal office located in the United States.

(f) **Depository institution** means a commercial bank (including a private bank), a savings bank, a trust company, a savings and loan association, a building and loan association, a homestead association, a cooperative bank, an industrial bank, or a credit union, chartered under the laws of the United States and having a principal office located in the United States. Additionally, a United States office, including a branch or agency, of a foreign commercial bank is a depository institution.

(g) **Depository institution affiliate** means a depository institution that is an affiliate of a depository organization.

(h) **Depository organization** means a depository institution or a depository holding company.

(i) **Low- and moderate-income areas** means census tracts (or, if an area is not in a census tract, block numbering areas delineated by the United States Bureau of the Census) where the median family income is less than 100 percent of the area median income.

(j) **Management official.** (1) The term **management official** means:

   (i) A director;

   (ii) An advisory or honorary director of a depository institution with total assets of $100 million or more;

   (iii) A senior executive officer as that term is defined in § 225.71(c) of this chapter;

   (iv) A branch manager;

   (v) A trustee of a depository organization under the control of trustees; and

   (vi) Any person who has a representative or nominee serving in any of the capacities in this paragraph (j)(1).

   (2) The term **management official** does not include:

   (i) A person whose management functions relate exclusively to the business of retail merchandising or manufacturing;

   (ii) A person whose management functions relate principally to the business outside the United States of a foreign commercial bank; or

   (iii) A person described in the provisos of section 202(4) of the Interlocks Act (12 U.S.C. 3201(4)) (referring to an officer of a State-chartered savings bank, cooperative bank, or trust company that neither makes real estate mortgage loans nor accepts savings).

(k) **Office** means a principal or branch office of a depository institution located in the United States. **Office** does not include a representative office of a foreign commercial bank, an electronic terminal, or a loan production office.

(l) **Person** means a natural person, corporation, or other business entity.

(m) **Relevant metropolitan statistical area (RMSA)** means an MSA, a primary MSA, or a consolidated MSA that is not comprised of designated Primary MSAs to the extent that these terms are defined and applied by the Office of Management and Budget.

(n) **Representative or nominee** means a natural person who serves as a management official and has an obligation to act on behalf of another person with respect to management responsibilities. The Board will find that a person has an obligation to act on behalf of another person only if the first person has an agreement, express or implied, to act on behalf of the second person with respect to management responsibilities. The Board will determine, after giving the affected persons an opportunity to respond, whether a person is a representative or nominee.

(o) **Savings association** means:

   (1) Any Federal savings association (as defined in section 3(b)(2) of the Federal Deposit Insurance Act (12 U.S.C. 1813(b)(2)));

   (2) Any state savings association (as defined in section 3(b)(3) of the Federal Deposit Insurance Act (12 U.S.C. 1813(b)(3))) the deposits of which are insured by the Federal Deposit Insurance Corporation; and

   (3) Any corporation (other than a bank as defined in section 3(a)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1813(a)(1))) the deposits of which
are insured by the Federal Deposit Insurance Corporation, that the Board of Directors of the Federal Deposit Insurance Corporation and the Comptroller of the Currency jointly determine to be operating in substantially the same manner as a savings association.

(p) **Total assets.** (1) The term *total assets* means assets measured on a consolidated basis and reported in the most recent fiscal year-end Consolidated Report of Condition and Income.

(2) The term *total assets* does not include:

(i) Assets of a diversified savings and loan holding company as defined by section 10(a)(1)(F) of the Home Owners’ Loan Act (12 U.S.C. 1467a(a)(1)(F)) other than the assets of its depository institution affiliate;

(ii) Assets of a bank holding company that is exempt from the prohibitions of section 4 of the Bank Holding Company Act of 1956 pursuant to an order issued under section 4(d) of that Act (12 U.S.C. 1843(d)) other than the assets of its depository institution affiliate; or

(iii) Assets of offices of a foreign commercial bank other than the assets of its United States branch or agency.

(q) **United States** means the United States of America, any State or territory of the United States of America, the District of Columbia, Puerto Rico, Guam, American Samoa, and the Virgin Islands.

§ 238.93 **Prohibitions.**

(a) **Community.** A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same community.

(b) **RMSA.** A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same RMSA and each depository organization has total assets of $50 million or more.

(c) **Major assets.** A management official of a depository organization with total assets exceeding $2.5 billion (or any affiliate of such an organization) may not serve at the same time as a management official of an unaffiliated depository organization with total assets exceeding $1.5 billion (or any affiliate of such an organization), regardless of the location of the two depository organizations. The Board will adjust these thresholds, as necessary, based on the year-to-year change in the average of the Consumer Price Index for the Urban Wage Earners and Clerical Workers, not seasonally adjusted, with rounding to the nearest $100 million. The Board will announce the revised thresholds by publishing a final rule without notice and comment in the Federal Register.

§ 238.94 **Interlocking relationships permitted by statute.**

The prohibitions of § 238.93 do not apply in the case of any one or more of the following organizations or to a subsidiary thereof:

(a) A depository organization that has been placed formally in liquidation, or which is in the hands of a receiver, conservator, or other official exercising a similar function;

(b) A corporation operating under section 25 or section 25A of the Federal Reserve Act (12 U.S.C. 601 et seq. and 12 U.S.C. 611 et seq., respectively) (Edge Corporations and Agreement Corporations);

(c) A credit union being served by a management official of another credit union;

(d) A depository organization that does not do business within the United States except as an incident to its activities outside the United States;

(e) A State-chartered savings and loan guaranty corporation;

(f) A Federal Home Loan Bank or any other bank organized solely to serve depository institutions (a bankers’ bank) or solely for the purpose of providing securities clearing services and services related thereto for depository institutions and securities companies;

(g) A depository organization that is closed or is in danger of closing as determined by the appropriate Federal depository institutions regulatory agency and is acquired by another depository organization. This exemption lasts for five years, beginning on the
date the depository organization is acquired:

(h)(1) A diversified savings and loan holding company (as defined in section 10(a)(1)(F) of the Home Owners’ Loan Act (12 U.S.C. 1467a(a)(1)(F)) with respect to the service of a director of such company who also is a director of an unaffiliated depository organization if:

(i) Both the diversified savings and loan holding company and the unaffiliated depository organization notify their appropriate Federal depository institutions regulatory agency at least 60 days before the dual service is proposed to begin; and

(ii) The appropriate regulatory agency does not disapprove the dual service before the end of the 60-day period.

(2) The Board may disapprove a notice of proposed service if it finds that:

(i) The service cannot be structured or limited so as to preclude an anti-competitive effect in financial services in any part of the United States;

(ii) The service would lead to substantial conflicts of interest or unsafe or unsound practices; or

(iii) The notificant failed to furnish all the information required by the Board.

(3) The Board may require that any interlock permitted under this paragraph (h) be terminated if a change in circumstances occurs with respect to one of the interlocked depository organizations that would have provided a basis for disapproval of the interlock during the notice period; and

(i) Any savings association or any savings and loan holding company (as defined in section 10(a)(1)(D) of the Home Owners’ Loan Act) which has issued stock in connection with a qualified stock issuance pursuant to section 10(q) of such Act, except that this paragraph (i) shall apply only with regard to service by a single management official of such savings association or holding company, or any subsidiary of such savings association or holding company, by a single management official of the savings and loan holding company which purchased the stock issued in connection with such qualified stock issuance, and shall apply only when the Board has determined that such service is consistent with the purposes of the Interlocks Act and the Home Owners’ Loan Act.

§ 238.95 Small market share exemption.

(a) Exemption. A management interlock that is prohibited by §238.93 is permissible, if:

(1) The interlock is not prohibited by §238.93(c); and

(2) The depository organizations (and their depository institution affiliates) hold, in the aggregate, no more than 20 percent of the deposits in each RMSA or community in which both depository organizations (or their depository institution affiliates) have offices. The amount of deposits shall be determined by reference to the most recent annual Summary of Deposits published by the FDIC for the RMSA or community.

(b) Confirmation and records. Each depository organization must maintain records sufficient to support its determination of eligibility for the exemption under paragraph (a) of this section, and must reconfirm that determination on an annual basis.

§ 238.96 General exemption.

(a) Exemption. The Board may by agency order exempt an interlock from the prohibitions in §238.93 if the Board finds that the interlock would not result in a monopoly or substantial lessening of competition and would not present safety and soundness concerns. A depository organization may apply to the Board for an exemption.

(b) Presumptions. In reviewing an application for an exemption under this section, the Board will apply a rebuttable presumption that an interlock will not result in a monopoly or substantial lessening of competition if the depository organization seeking to add a management official:

(1) Primarily serves low- and moderate-income areas;

(2) Is controlled or managed by persons who are members of a minority group, or women;

(3) Is a depository institution that has been chartered for less than two years; or

(4) Is deemed to be in “troubled condition” as defined in §238.72.
(c) Duration. Unless a shorter expiration period is provided in the Board approval, an exemption permitted by paragraph (a) of this section may continue so long as it does not result in a monopoly or substantial lessening of competition, or is unsafe or unsound. If the Board grants an interlock exemption in reliance upon a presumption under paragraph (b) of this section, the interlock may continue for three years, unless otherwise provided by the Board in writing.

§ 238.97 Change in circumstances.

(a) Termination. A management official shall terminate his or her service or apply for an exemption if a change in circumstances causes the service to become prohibited. A change in circumstances may include an increase in asset size of an organization, a change in the delineation of the RMSA or community, the establishment of an office, an increase in the aggregate deposits of the depository organization, or an acquisition, merger, consolidation, or reorganization of the ownership structure of a depository organization that causes a previously permissible interlock to become prohibited.

(b) Transition period. A management official described in paragraph (a) of this section may continue to serve the depository organization involved in the interlock for 15 months following the date of the change in circumstances. The Board may shorten this period under appropriate circumstances.

§ 238.98 Enforcement.

Except as provided in this section, the Board administers and enforces the Interlocks Act with respect to savings and loan holding companies and its affiliates, and may refer any case of a prohibited interlocking relationship involving these entities to the Attorney General of the United States to enforce compliance with the Interlocks Act and this part. If an affiliate of a savings and loan holding company is subject to the primary regulation of another Federal depository organization supervisory agency, then the Board does not administer and enforce the Interlocks Act with respect to that affiliate.
§ 238.103 Filing requirement.
(a) Filing. A subsidiary savings association of a savings and loan holding company must file a notice with the appropriate Reserve Bank on the designated form at least 30 days before the proposed declaration of a dividend by its board of directors.
(b) Schedules. A notice may include a schedule proposing dividends over a specified period, not to exceed 12 months.

§ 238.104 Board action and criteria for review.
(a) Board action. (1) A subsidiary savings association of a savings and loan holding company may declare a proposed dividend after the end of a 30-day review period commencing on the date of submission to the Federal Reserve System of the complete record on the notice, unless the Board or Reserve Bank disapproves the notice before the end of the period.
(2) A subsidiary savings association of a savings and loan holding company may declare a proposed dividend before the end of the 30-day period if the Board or Reserve Bank notifies the applicant in writing of the Board's or Reserve Bank's intention not to disapprove the notice.
(b) Criteria. The Board or Reserve Bank may disapprove a notice, in whole or in part, if the Board or Reserve Bank makes any of the following determinations.
(1) Following the dividend the subsidiary savings association will be undercapitalized, significantly undercapitalized, or critically undercapitalized as set forth in applicable regulations under 12 U.S.C. 1831o.
(2) The proposed dividend raises safety or soundness concerns.
(3) The proposed dividend violates a prohibition contained in any statute, regulation, enforcement action, or agreement between the subsidiary savings association or any savings and loan holding company of which it is a subsidiary and an appropriate Federal banking agency, a condition imposed on the subsidiary savings association or any savings and loan holding company of which it is a subsidiary in an application or notice approved by an appropriate Federal banking agency, or any formal or informal enforcement action involving the subsidiary savings association or any savings and loan holding company of which it is a subsidiary. If so, the Board will determine whether it may permit the dividend notwithstanding the prohibition, condition, or enforcement action.

Subpart L—Investigative Proceedings and Formal Examination Proceedings

§ 238.111 Scope.
This part prescribes rules of practice and procedure applicable to the conduct of investigative proceedings under section 10(g)(2) of the Home Owners' Loan Act, as amended, 12 U.S.C. 1467a(g)(2) ("HOLA") and to the conduct of formal examination proceedings with respect to savings and loan holding companies and their affiliates under section 5(d)(1)(B) of the HOLA, as amended, 12 U.S.C. 1464(d)(1)(B) or section 7(j)(15) of the Federal Deposit Insurance Act, as amended, 12 U.S.C. 1817(j)(15) ("FDIA"), section 8(n) of the FDIA, 12 U.S.C. 1818(n), or section 10(c) of the FDIA, 12 U.S.C. 1820(c). This part does not apply to adjudicatory proceedings as to which hearings are required by statute, the rules for which are contained in part 262 of this chapter.

§ 238.112 Definitions.
As used in this part:
(a) Investigative proceeding means an investigation conducted under section 10(g)(2) of the HOLA;
(b) Formal examination proceeding means the administration of oaths and affirmations, taking and preserving of testimony, requiring the production of books, papers, correspondence, memoranda, and all other records, the issuance of subpoenas, and all related activities in connection with examination of savings and loan holding companies and their affiliates conducted pursuant to section 5(d)(1)(B) of the HOLA, section 7(j)(15) of the FDIA, section 8(n) of the FDIA or section 10(c) of the FDIA; and
§ 238.113 Confidentiality of proceedings.

All formal examination proceedings shall be private and, unless otherwise ordered by the Board, all investigative proceedings shall also be private. Unless otherwise ordered or permitted by the Board, or required by law, and except as provided in §§ 238.114 and 238.115, the entire record of any investigative proceeding or formal examination proceeding, including the resolution of the Board or its delegate(s) authorizing the proceeding, the transcript of such proceeding, and all documents and information obtained by the designated representative(s) during the course of said proceedings shall be confidential.

§ 238.114 Transcripts.

Transcripts or other recordings, if any, of investigative proceedings or formal examination proceedings shall be prepared solely by an official reporter or by any other person or means authorized by the designated representative. A person who has submitted documentary evidence or given testimony in an investigative proceeding or formal examination proceeding may procure a copy of his own documentary evidence or transcript of his own testimony upon payment of the cost thereof; provided, that a person seeking a transcript of his own testimony must file a written request with the Board stating the reason he desires to procure such transcript, and the Board may for good cause deny such request. In any event, any witness (or his counsel) shall have the right to inspect the transcript of the witness’ own testimony.

§ 238.115 Rights of witnesses.

(a) Any person who is compelled or requested to furnish documentary evidence or give testimony at an investigative proceeding or formal examination proceeding shall have the right to examine, upon request, the Board resolution authorizing such proceeding. Copies of such resolution shall be furnished, for their retention, to such persons only with the written approval of the Board.

(b) Any witness at an investigative proceeding or formal examination proceeding may be accompanied and advised by an attorney personally representing that witness.

1. Such attorney shall be a member in good standing of the bar of the highest court of any state, Commonwealth, possession, territory, or the District of Columbia, who has not been suspended or debarred from practice by the bar of any such political entity or before the Board in accordance with the provisions of part 263 of this chapter and has not been excluded from the particular investigative proceeding or formal examination proceeding in accordance with paragraph (b)(3) of this section.

2. Such attorney may advise the witness before, during, and after the taking of his testimony and may briefly question the witness, on the record, at the conclusion of his testimony, for the sole purpose of clarifying any of the answers the witness has given. During the taking of the testimony of a witness, such attorney may make summary notes solely for his use in representing his client. All witnesses shall be sequestered, and, unless permitted in the discretion of the designated representative, no witness or accompanying attorney may be permitted to be present during the testimony of any witness not personally being represented by such attorney.

3. The Board, for good cause, may exclude a particular attorney from further participation in any investigation in which the Board has found the attorney to have engaged in dilatory, obstructionist, egregious, contemptuous or contumacious conduct. The person conducting an investigation may report to the Board instances of apparently dilatory, obstructionist, egregious, contemptuous or contumacious conduct on the part of an attorney.
Federal Reserve System

After due notice to the attorney, the Board may take such action as the circumstances warrant based upon a written record evidencing the conduct of the attorney in that investigation or such other or additional written or oral presentation as the Board may permit or direct.

§ 238.116 Obstruction of proceedings.

The designated representative shall report to the Board any instances where any witness or counsel has engaged in dilatory, obstructionist, or contumacious conduct or has otherwise violated any provision of this part during the course of an investigative proceeding or formal examination proceeding; and the Board may take such action as the circumstances warrant, including the exclusion of counsel from further participation in such proceeding.

§ 238.117 Subpoenas.

(a) Service. Service of a subpoena in connection with any investigative proceeding or formal examination proceeding shall be effected in the following manner:

(1) Service upon a natural person. Service of a subpoena upon a natural person may be effected by handing it to such person; by leaving it at his office with the person in charge thereof, or, if there is no one in charge, by leaving it in a conspicuous place therein; by leaving it at his dwelling place or usual place of abode with some person of suitable age and discretion then residing therein; by mailing it to him by registered or certified mail or by an express delivery service at his last known address; or by any method whereby actual notice is given to him.

(2) Service upon other persons. When the person to be served is not a natural person, service of the subpoena may be effected by handing the subpoena to a registered agent for service, or to any officer, director, or agent in charge of any office of such person; by mailing it to any such representative by registered or certified mail or by an express delivery service at his last known address; or by any method whereby actual notice is given to such person.

(b) Motions to quash. Any person to whom a subpoena is directed may, prior to the time specified therein for compliance, but in no event more than 10 days after the date of service of such subpoena, apply to the Board or its designee to quash or modify such subpoena, accompanying such application with a statement of the reasons therefore. The Board or its designee, as appropriate, may:

(1) Deny the application;
(2) Quash or revoke the subpoena;
(3) Modify the subpoena; or
(4) Condition the granting of the application on such terms as the Board or its designee determines to be just, reasonable, and proper.

(c) Attendance of witnesses. Subpoenas issued in connection with an investigative proceeding or formal examination proceeding may require the attendance and/or testimony of witnesses from any State or territory of the United States and the production by such witnesses of documentary or other tangible evidence at any designated place where the proceeding is being (or is to be) conducted. Foreign nationals are subject to such subpoenas if such service is made upon a duly authorized agent located in the United States.

(d) Witness fees and mileage. Witnesses summoned in any proceeding under this part shall be paid the same fees and mileage that are paid witnesses in the district courts of the United States. Such fees and mileage need not be tendered when the subpoena is issued on behalf of the Board by any of its designated representatives.

(b) Capitalization. (1) The Board shall disapprove a proposal by a reorganizing association or any acquiree association to capitalize a mutual holding company in an amount in excess of a nominal amount if immediately following the reorganization, the resulting association or the acquiree association would fail to be “adequately capitalized” under the regulatory capital requirements applicable to the savings association.

(2) Proposals by reorganizing associations and acquiree associations to capitalize mutual holding companies shall also comply with any applicable statutes, and with regulations or written policies of the Comptroller of the Currency or the Federal Deposit Insurance Corporation, as applicable, governing capital distributions by savings associations in effect at the time of the reorganization.

(c) Presumptive disqualifiers—(1) Managerial resources. 2. Confer upon existing and future depositors of any acquiree association or any association that is in the mutual form when acquired by the mutual holding company the same membership rights in the mutual holding company as were conferred upon depositors by the charter of the acquired association immediately prior to acquisition.

3. No request for regulatory waivers or forbearances shall be deemed granted.

4. The following information shall be submitted within the specified time frames:

(i) On the business day prior to the date of the reorganization, the chief financial officers of the reorganizing association and any acquiree association shall certify to the Board in writing that no material adverse events or material adverse changes have occurred with respect to the financial condition or operations of their respective associations since the date of the financial statements submitted with the Reorganization Notice;

(ii) No later than thirty days after the reorganization, the mutual holding company shall file with the Board a certification by legal counsel stating the effective date of the reorganization, the exact number of shares of stock of the resulting association and any acquiree association acquired by the mutual holding company and by any other persons, and that the reorganization has been consummated in accordance with § 239.3 and all other applicable laws and regulations and the Reorganization Notice;

(iii) No later than thirty days after the reorganization, the mutual holding company shall file with the Board an opinion from its independent auditors certifying that the reorganization was consummated in accordance with generally accepted accounting principles; and

(iv) No later than thirty days after the reorganization, the mutual holding company shall file with the Board a certification stating that the mutual holding company will not deviate materially, or cause its subsidiary savings associations to deviate materially, from the business plan submitted in connection with the Reorganization Notice, unless prior written approval from the Board is obtained.

(3) Confer upon the borrowers of the resulting association who are borrowers at the time of reorganization the same membership rights in the mutual holding company as were conferred upon them by the charter of the reorganizing association immediately prior to reorganization, but shall not confer any membership rights in connection with any borrowings made after the reorganization; and

(4) Confer upon the borrowers of any acquiree association or any association that is in the mutual form when acquired by the mutual holding company who are borrowers at the time of the acquisition the same membership rights in the mutual holding company as were conferred upon them by the charter of the acquired association immediately prior to acquisition, but shall not confer any membership rights in connection with any borrowings made after the acquisition, provided that if the acquired association is merged into another association from which the mutual holding company draws members, the borrowers of the acquired association shall instead receive the same grandfathered membership rights as the borrowers of the association into which the acquired association is merged received at the time that association became a subsidiary of the mutual holding company.

(b) Depositors and borrowers of associations in the stock form when acquired. A mutual holding company that acquires a savings association in the stock form, other than a resulting association or an acquiree association, shall not confer any membership rights upon the depositors and borrowers of such association, unless such association is merged into an association from which the mutual holding company draws members, in which case the depositors of the stock association shall receive the same membership rights as other depositors of the association into which the stock association is merged.

The approval of the members of the mutual holding companies shall also be obtained if the Board advises the mutual holding companies in writing that such approval will be required.

(4) Stock holding companies. A mutual holding company may not acquire control of a savings and loan holding company in the stock form that is not a subsidiary holding company, unless the necessary approvals are obtained from the Board, including approval pursuant to §238.11 of this chapter. (6) Other corporations. A mutual holding company may not acquire control of, or make non-controlling investments in the stock of, any corporation other than a savings association or savings and loan holding company unless:

(i)(A) Such corporation is engaged exclusively in activities that are permissible for mutual holding companies pursuant to §239.8(a); or

(B) It is lawful for the stock of such corporation to be purchased by a federal savings association under the applicable regulations of the Comptroller of the Currency or by a state savings association under the applicable regulations of the Federal Deposit Insurance Corporation and the laws of any state where any subsidiary savings association of the mutual holding company has its home office; and

(ii) Such corporation is not controlled, directly or indirectly, by a subsidiary savings association of the mutual holding company.

(b) Dispositions. (1) A mutual holding company shall provide written notice to the appropriate Reserve Bank at least 30 days prior to the effective date of any direct or indirect transfer of any of the stock that it holds in a subsidiary holding company, a resulting association, an acquiree association, or any subsidiary savings association that was in the mutual form when acquired by the mutual holding company, including stock transferred in connection with a pledge pursuant to §239.8(b) or any transfer of all or a substantial portion of the assets or liabilities of any such subsidiary holding company or association. (b) Pledging stock. (1) No mutual holding company may pledge the stock of its resulting association, an acquiree association, or any subsidiary savings association that was in the mutual form when acquired by the mutual holding company (or its parent mutual holding company), unless the proceeds of the loan secured by the pledge are infused into the association whose stock is pledged. company may pledge the stock of its subsidiary holding company unless the proceeds of the loan secured by the pledge are infused into any subsidiary savings association of the subsidiary holding company that is a resulting association, an acquiree association, or a subsidiary savings association that was in the mutual form when acquired by the subsidiary holding company (or its parent mutual holding company). In the event the subsidiary holding company has more than one subsidiary savings association, the loan proceeds shall, unless otherwise approved by the Board, be infused in equal amounts to each subsidiary savings association. Any amount of the stock of such association or subsidiary holding company may be pledged for these purposes. Nothing in this paragraph shall be deemed to prohibit:

(i) The payment of dividends from a subsidiary savings association to its mutual holding company parent to the extent otherwise permissible; or

(ii) The payment of dividends from a subsidiary holding company to its mutual holding company parent to the extent otherwise permissible; or

(c) Restrictions on stock repurchases.

(1) No subsidiary holding company that has any stockholders other than its parent mutual holding company may repurchase any share of stock within one year of its date of issuance (which may include the time period the shares issued by the savings association were outstanding if the subsidiary holding company was formed after the initial issuance by the savings association), unless the repurchase:

(i) Is in compliance with the requirements set forth in § 239.63;

(2) No mutual holding company may purchase shares of its subsidiary savings association or subsidiary holding company within one year after a stock issuance, except if the purchase complies with § 239.63. For purposes of this section, the reference in § 239.63 to five percent refers to minority shareholders.

(d) Restrictions on waiver of dividends.

(1) A mutual holding company may waive the right to receive any dividend declared by a subsidiary of the mutual holding company, if—

(i) No insider of the mutual holding company, associate of an insider, or tax-qualified or non-tax-qualified employee stock benefit plan of the mutual holding company holds any share of the stock in the class of stock to which the waiver would apply; or

(ii) The mutual holding company gives written notice to the Board of the intent of the mutual holding company to waive the right to receive dividends, not later than 30 days before the date of the proposed date of payment of the dividend, and the Board does not object to the waiver.

(2) A notice of a waiver under paragraph (d)(1)(ii) of this section shall include a copy of the resolution of the board of directors of the mutual holding company together with any supporting materials relied upon by the board of directors of the mutual holding company, concluding that the proposed dividend waiver is consistent with the fiduciary duties of the board.

of directors to the mutual members of the mutual holding company.

The resolution shall include:

(ii) A finding by the mutual holding company’s board of directors that the waiver of dividends is consistent with the board of directors’ fiduciary duties despite any conflict of interest;

(iii) If the mutual holding company has pledged the stock of a subsidiary holding company or subsidiary savings association as collateral for a loan made to the mutual holding company, or is subject to any other loan agreement, an affirmation that the mutual holding company is able to meet the terms of the loan agreement; and

(iv) An affirmation that a majority of the mutual members of the mutual holding company eligible to vote have, within the 12 months prior to the declaration date of the dividend by the subsidiary of the mutual holding company, approved a waiver of dividends by the mutual holding company, and any proxy statement used in connection with the member vote contained—

(A) A detailed description of the proposed waiver of dividends by the mutual holding company and the reasons the board of directors requested the waiver of dividends;

(B) The disclosure of any mutual holding company director’s ownership of stock in the subsidiary declaring dividends and any actions the mutual holding company and board of directors have taken to eliminate the conflict of interest, such as the directors waiving their right to receive dividends; and

(C) A provision providing that the proxy concerning the waiver of dividends given by the mutual members may be used for no more than 12 months from the date it is given.

(3) The Board may not object to a waiver of dividends under paragraph (d)(1)(ii) of this section if:

(i) The waiver would not be detrimental to the safe and sound operation of the savings association;

(ii) The board of directors of the mutual holding company expressly determines that a waiver of the dividend by the mutual holding company is consistent with the fiduciary duties of the board of directors to the mutual members of the mutual holding company; and

(iii) The mutual holding company has, prior to December 1, 2009—

(A) Reorganized into a mutual holding company under section 10(o) of HOLA;

(B) Issued minority stock either from its mid-tier stock holding company or its subsidiary stock savings association; and

(C) Waived dividends it had a right to receive from the subsidiary stock savings association.

(4) For a mutual holding company that does not meet each of the conditions in paragraph (d)(3) of this section, the Board will not object to a waiver of dividends under paragraph (d)(1)(ii) of this section if—:

(i) The savings association currently operates in a manner consistent with the safe and sound operation of a savings association, and the waiver is not detrimental to the safe and sound operation of the savings association;

(ii) If the mutual holding company has pledged the stock of a subsidiary holding company or subsidiary savings association as collateral for a loan made to the mutual holding company, or is subject to any other loan agreement, an affirmation that the mutual holding company is able to meet the terms of the loan agreement;

(iii) Within the 12 months prior to the declaration date of the dividend by the subsidiary of the mutual holding company, a majority of the mutual members of the mutual holding company has approved the waiver of dividends by the mutual holding company. Any proxy statement used in connection with the member vote must contain—

(A) A detailed description of the proposed waiver of dividends by the mutual holding company and the reasons the board of directors requested the waiver of dividends;
§ 239.8 12 CFR Ch. II (1–1–16 Edition)

(B) The disclosure of any mutual holding company director's ownership of stock in the subsidiary declaring dividends and any actions the mutual holding company and board of directors have taken to eliminate the conflict of interest, such as the directors waiving their right to receive dividends; and

(C) A provision providing that the proxy concerning the waiver of dividends given by the mutual members may be used for no more than 12 months from the date it is given;

(iv) The board of directors of the mutual holding company expressly determines that the waiver of dividends is consistent with the board of directors' fiduciary duties despite any conflict of interest;

(v)(A) A majority of the entire board of directors of the mutual holding company approves the waiver of dividends and any director with direct or indirect ownership, control, or the power to vote shares of the subsidiary declaring the dividend, or who otherwise directly or indirectly benefits through an associate from the waiver of dividends, has abstained from the board vote; or

(v) Each officer or director of the mutual holding company or its affiliates, associate of such officer or director, and any tax-qualified or non-tax-qualified employee stock benefit plan in which such officer or director participates that holds any share of the stock in the class of stock to which the waiver would apply waives the right to receive any dividend declared by a subsidiary of the mutual holding company;

(vi) The Board does not object to the amount of dividends declared by a subsidiary of the mutual holding company. In reviewing whether a declaration by a subsidiary of the mutual holding company is appropriate, the Board may consider, among other factors, the reasonableness of the entire dividend distribution declared if the waiver is not approved;

(vii) The waived dividends are excluded from the capital accounts of the subsidiary holding company or savings association, as applicable, for purposes of calculating any future dividend payments;

(viii) The mutual holding company appropriately accounts for all waived dividends in a manner that permits the Board to consider the waived dividends in evaluating the proposed exchange ratio in the event of a full conversion of the mutual holding company to stock form; and

(ix) The mutual holding company complies with such other conditions as the Board may require to prevent conflicts of interest or actions detrimental to the safe and sound operation of the savings association.

(5) Valuation. (i) The Board will consider waived dividends in determining an appropriate exchange ratio in the event of a full conversion to stock form.

(ii) In the case of a savings association that has reorganized into a mutual holding company, has issued minority stock from a mid-tier stock holding company or a subsidiary stock savings association of the mutual holding company, and has waived dividends it had a right to receive from a subsidiary savings association before December 1, 2009, the Board shall not consider waived dividends in determining an appropriate exchange ratio in the event of a full conversion to stock form.

(e) Restrictions on issuance of stock to insiders. A subsidiary of a mutual holding company that is not a savings association or subsidiary holding company may issue stock to any insider, associate of an insider or tax-qualified or non-tax-qualified employee stock benefit plan of the mutual holding company, provided that such persons or plans provide written notice to the appropriate Reserve Bank at least 30 days prior to the stock issuance. Subsidiary holding companies may issue stock to such persons only in accordance with §239.24.

(f) Applicability of rules governing savings and loan holding companies. Except as expressly provided in this part, mutual holding companies shall be subject to the provisions of 12 U.S.C. 1467a and 3201 et seq. and the provisions of parts 207, 228, and 238 of this chapter.

(g) Separate vote for charitable organization contribution. In a mutual holding company stock issuance, a separate
vote of a majority of the outstanding shares of common stock held by stockholders other than the mutual holding company or subsidiary holding company must approve any charitable organization contribution.

§ 239.9 Conversion or liquidation of mutual holding companies.

(a) Conversion—(1) Generally. A mutual holding company may convert to the stock form in accordance with the rules and regulations set forth in subpart E of this part.

(2) Exchange of subsidiary savings association or subsidiary holding company stock. Any stock issued by a subsidiary savings association, or by a subsidiary holding company pursuant to § 239.24, of a mutual holding company to persons other than the parent mutual holding company may be exchanged for the stock issued by the successor to parent mutual holding company in connection with the conversion of the parent mutual holding company to stock form. The parent mutual holding company and the subsidiary holding company must demonstrate to the satisfaction of the Board that the basis for the exchange is fair and reasonable.

(b) Involuntary liquidation. (1) The Board may file a petition with the federal bankruptcy courts requesting the liquidation of a mutual holding company pursuant to 12 U.S.C. 1467a(o)(9) and title 11, United States Code, upon the occurrence of any of the following events:

(i) The default of the resulting association, any acquiree association, or any subsidiary savings association of the mutual holding company that was in the mutual form when acquired by the mutual holding company;

(ii) The default of the parent mutual holding company or its subsidiary holding company; or

(iii) Foreclosure on any pledge by the mutual holding company of subsidiary savings association stock or subsidiary holding company stock.

(2) Except as provided in paragraph (b)(3) of this section, the net proceeds of any liquidation of any mutual holding company shall be transferred to the members of the mutual holding company and, if applicable, the stockholders of the subsidiary holding company in accordance with the charter of the mutual holding company and, if applicable, the charter of the subsidiary holding company.

(3) If the FDIC incurs a loss as a result of the default of any subsidiary savings association of a mutual holding company and that mutual holding company is liquidated pursuant to paragraph (b)(1) of this section, the FDIC shall succeed to the membership interests of the depositors of such savings association in the mutual holding company to the extent of the FDIC’s loss.

(c) Voluntary liquidation. The provisions of § 239.16 shall apply to mutual holding companies.

§ 239.10 Procedural requirements.

(a) Proxies and proxy statements—(1) Solicitation of proxies. The provisions of §§ 239.56 and 239.57(a) through (d) and (f) through (h) shall apply to all solicitations of proxies by any person in connection with the conversion of the mutual holding company to stock form. The parent mutual holding company and the subsidiary holding company must demonstrate to the satisfaction of the Board that the basis for the exchange is fair and reasonable.

(3) If a subsidiary holding company or subsidiary savings association has issued shares to an entity other than the mutual holding company, the conversion of the mutual holding company to stock form may not be consummated unless a majority of the shares issued to entities other than the mutual holding company vote in favor of the conversion. This requirement applies in addition to any otherwise required account holder or shareholder votes.

(b) Involuntary liquidation. (1) The Board may file a petition with the federal bankruptcy courts requesting the liquidation of a mutual holding company pursuant to 12 U.S.C. 1467a(o)(9) and title 11, United States Code, upon the occurrence of any of the following events:

(i) The default of the resulting association, any acquiree association, or any subsidiary savings association of the mutual holding company that was in the mutual form when acquired by the mutual holding company;
(2) Additional proxy disclosure requirements. In addition to the requirements in paragraph (a) of this section, all proxies requesting accountholder approval of a mutual holding company reorganization shall address in detail:

(i) The reasons for the reorganization, including the relative advantages and disadvantages of undertaking the transaction proposed instead of a standard conversion;

(ii) Whether management believes the reorganization is in the best interests of the association and its accountholders and the basis of that belief;

(iii) The fiduciary duties owed to accountholders by the association’s officers and directors and why the reorganization is in accord with those duties and is otherwise equitable to the accountholders and the association;

(iv) Any compensation agreements that will be entered into by management in connection with the reorganization; and

(v) Whether the mutual holding company intends to waive dividends, the implications to accountholders, and the reasons such waivers are consistent with the fiduciary duties of the directors of the mutual holding company.

(3) Nonconforming minority stock issuances. Subsidiary holding companies proposing non-conforming minority stock issuances pursuant to § 239.24(c)(6)(ii) must include in the proxy materials to accountholders seeking approval of a proposed reorganization an additional disclosure statement that serves as a cover sheet that clearly addresses:

(i) The consequences to accountholders of voting to approve a reorganization in which their subscription rights are prioritized differently and potentially eliminated; and

(ii) Any intent by the mutual holding company to waive dividends, and the implications to accountholders.

(4) Use of “running” proxies. Unless otherwise prohibited, a mutual holding company may make use of any proxy conferring general authority to vote on any and all matters at any meeting of members, provided that the member granting such proxy has been furnished a proxy statement regarding the matters and the member does not grant a later-dated proxy to vote at the meeting at which the matter will be considered or attend such meeting and vote in person, and further provided that “running” proxies or similar proxies may not be used to vote for a mutual holding company reorganization, mutual-to-stock conversion undertaken by a mutual holding company, dividend waive, or any other material transaction. Subject to the limitations set forth in this paragraph, any proxy conferring on the board of directors or officers of a mutual savings association general authority to cast a member’s votes on any and all matters presented to the members shall be deemed to cover the member’s votes as a member of the mutual holding company and such authority shall be conferred on the board of directors or officers of a mutual holding company.

(b) Applications under this part. Except as provided in paragraph (c) of this section, any application, notice or certification required to be filed with the Board under this part must be filed in accordance with § 238.14 of this chapter. The Board will review any filing made under this part in accordance with § 238.14 of this chapter.

(c) Reorganization Notices and stock issuance applications—(1) Contents. Each Reorganization Notice submitted to the appropriate Reserve Bank pursuant to § 239.3(a) and each application for approval of the issuance of stock submitted to the appropriate Reserve Bank pursuant to § 239.24(a) shall be in the form and contain the information specified by the Board.

(2) Filing instructions. Any Reorganization Notice submitted under § 239.3(a) must be filed in accordance with § 238.14 of this chapter. Any stock issuance application submitted pursuant to § 239.24(a) shall be filed in accordance with § 239.55.

(3) Public notice, public comment, and meetings. Mutual holding company reorganizations are subject to applicable public notice, public comment, and meeting requirements under the Bank Merger Act regulations at § 238.11(e) of this chapter and the Savings and Loan Holding Company Act regulations at § 238.14 of this chapter.
§ 239.12

(d) Amendments. Any mutual holding company may amend any notice or application submitted pursuant to this part or file additional information with respect thereto upon request of the Board or upon the mutual holding company's own initiative.

(e) Time-frames. All Reorganization Notices and applications filed pursuant to this part must be processed in accordance with the processing procedures at §238.14 of this chapter. Any related approvals requested in connection with Reorganization Notices or applications for approval of stock issuances (including, without limitation, requests for approval to transfer assets to resulting associations, to acquire acquiree associations, and to organize resulting associations or interim associations, and requests for approval of charters, bylaws, and stock forms) shall be processed pursuant to the procedures specified in this section in conjunction with the Reorganization Notice or stock issuance application to which they pertain, rather than pursuant to any inconsistent procedures specified elsewhere in this chapter. The approval standards for all such related applications, however, shall remain unchanged. The review by the Board of any materials used in connection with the issuance of stock under §239.24 must not be subject to the applications processing time-frames set forth in §§238.14(f) and (g) of this chapter.

(f) Disclosure. The rules governing disclosure of any notice or application submitted pursuant to this part, or any public comment submitted pursuant to paragraph (c) of this section, shall be the same as set forth in §238.14(b) of this chapter for notices, applications, and public comments filed under §238.14 of this chapter.

(g) Appeals. Any party aggrieved by a final action by the Board which approves or disapproves any application or notice pursuant to this part may obtain review of such action in accordance with 12 U.S.C. 1467a(j).

(h) Federal preemption. This part preempts state law with regard to the creation and regulation of mutual holding companies.

§ 239.11 Subsidiary holding companies.

(a) Subsidiary holding companies. A mutual holding company may establish a subsidiary holding company as a direct subsidiary to hold 100 percent of the stock of its subsidiary savings association. The formation and operation of the subsidiary holding company may not be utilized as a means to evade or frustrate the purposes of this part. The subsidiary holding company may be established either at the time of the initial mutual holding company reorganization or at a subsequent date, subject to the approval of the Board.

(b) Stock issuances. §§239.24 and 239.25 apply to issuance of stock by a subsidiary holding company. In the case of a stock issuance by a subsidiary holding company, the aggregate amount of outstanding common stock of the association owned or controlled by persons other than the subsidiary holding company's mutual holding company parent at the close of the proposed issuance shall be less than 50 percent of the subsidiary holding company's total outstanding common stock.

(c) Charters and bylaws for subsidiary holding companies. The charter and bylaws of a subsidiary holding company shall be in the form set forth in Appendices B and D, respectively.

(3) The request shall contain—

(i) The member's full name and address;

(ii) The nature and extent of the member's interest in the mutual holding company at the time the information is given;

or

(iii) Three days, if the communication is in connection with a special meeting;

(5) The reply shall provide either—

(ii) Notification that the mutual holding company has determined not to mail the communication because it is "improper", as defined in paragraph (c) of this section;

(6) After receiving the amount of the estimated costs of mailing and sufficient copies of the communication, the mutual holding company shall mail the communication to all members, by a class of mail specified by the requesting member, either—

(i) Within fourteen days;

(ii) Within seven days, if the communication is in connection with the annual meeting;

(iii) As soon as practicable before the meeting, if the communication is in connection with a special meeting; or

(iv) On a later date specified by the member;

(7) If the mutual holding company refuses to mail the proposed communication, it shall return the requesting member's materials together with a written statement of the specific reasons for refusal, and shall simultaneously send to the appropriate Reserve Bank a copy of each of the requesting member's materials, the mutual holding company's written statement, and any other relevant material. The materials shall be sent within:

(i) Fourteen days,

(ii) Ten days if the communication is in connection with the annual meeting, or

(iii) Three days, if the communication is in connection with a special meeting, after the mutual holding company receives the request for communication.

(c) Improper communication. A communication is an "improper communication" if it contains material which:

(1) At the time and in the light of the circumstances under which it is made:

(i) Is false or misleading with respect to any material fact; or

(ii) Omits a material fact necessary to make the statements therein not false or misleading, or necessary to correct a statement in an earlier communication on the same subject which has become false or misleading;

(2) Relates to a personal claim or a personal grievance, or is solicitous of personal gain or business advantage by or on behalf of any party;

(3) Relates to any matter, including a general economic, political, racial, religious, social, or similar cause, that is not significantly related to the business of the mutual holding company or is not within the control of the mutual holding company; or

(4) Directly or indirectly and without expressed factual foundation:

(i) Impugns character, integrity, or personal reputation,

(ii) Makes charges concerning improper, illegal, or immoral conduct, or

(iii) Makes statements impugning the stability and soundness of the mutual holding company.

§ 239.13 Charters.

(a) Charters. The charter of a mutual holding company shall be in the form set forth in appendix A of this part and may be amended pursuant to this paragraph. The Board may amend the form of charter set forth in appendix A to this part.
(b) Corporate title. The corporate title of each mutual holding company shall include the term “mutual” or the abbreviation “M.H.C.”

(c) Availability of charter. A mutual holding company shall make available to its members at all times in the offices of each subsidiary savings association from which the mutual holding company draws members a true copy of its charter, including any amendments, and shall deliver such a copy to any member upon request.

§ 239.14 Charter amendments.

(a) General. In order to adopt a charter amendment, a mutual holding company must comply with the following requirements:

(1) Board of directors approval. The board of directors of the mutual holding company must adopt a resolution proposing the charter amendment that states the text of such amendment;

(2) Form of filing—(i) Application requirement. If the proposed charter amendment would render more difficult or discourage a merger, proxy contest, the assumption of control by a mutual account holder of the mutual holding company, or the removal of incumbent management; or involve a significant issue of law or policy; then, the mutual holding shall submit the charter amendment to the appropriate Reserve Bank for approval. Applications submitted under this paragraph are subject to the processing procedures at §238.14 of this chapter.

(ii) Notice requirement. If the proposed charter amendment does not implicate paragraph (a)(2)(i) of this section and is permissible under all applicable laws, rules and regulations, the mutual holding company shall submit the proposed amendment to the appropriate Reserve Bank at least 30 days prior to the effective date of the proposed charter amendment.

(b) Approval—Any charter amendment filed pursuant to paragraph (a)(2)(i) of this section shall automatically be approved 30 days from the date of filing of such amendment with the appropriate Reserve Bank, provided that the mutual holding company follows the requirements of its charter in adopting such amendment, unless the Reserve Bank or the Board notifies the mutual holding company prior to the expiration of such 30-day period that such amendment is rejected or is deemed to be filed under the provisions of paragraph (a)(2)(i) of this section. Notwithstanding anything in paragraph (a) of this section to the contrary, the following charter amendments, including the adoption of the Federal mutual holding company charter as set forth in appendix A, shall be effective and deemed approved at the time of adoption, if adopted without change and filed with Board, within 30 days after adoption, provided the mutual holding company follows the requirements of its charter in adopting such amendments.

(1) Title change. (i) Subject to §239.13 and this paragraph (b), a mutual holding company may amend its charter by substituting a new corporate title in section 1 of its charter.

(ii) Prior to changing its corporate title, a mutual holding company must file with the Board a written notice indicating the intended change. The Board shall provide to the mutual holding company a timely written acknowledgment stating when the notice was received. If, within 30 days of receipt of notice, the Board does not notify the mutual holding company of its objection to the corporate title change on the grounds that the title misrepresents the nature of the institution or the services it offers, the mutual holding company may change its title by amending its charter in accordance with §239.14(b) or §239.22 and the amendment provisions of its charter.

(2) Maximum number of votes. A mutual holding company may amend section 5 of its charter by substituting the maximum number of votes per member to any number from 1 to 1000.

(c) Reissuance of charter. A mutual holding company that has amended its charter in accordance with §239.14(b) or §239.22 and the amendment provisions of its charter.

§ 239.15 Bylaws.

(a) General. A mutual holding company shall operate under bylaws that contain provisions that comply with all requirements specified by the
§ 239.15
Board, the provisions of this section, the mutual holding company’s charter, and all other applicable laws, rules, and regulations provided that, a bylaw provision inconsistent with the provisions of this section may be adopted with the approval of the Board. Bylaws may be adopted, amended or repealed by a majority of the votes cast by the members at a legal meeting or a majority of the mutual holding company’s board of directors. Throughout this section, the term “trustee” may be substituted for the term “director” as relevant.

(b) The following requirements are applicable to mutual holding companies:

(1) Annual meetings of members. A mutual holding company shall provide for and conduct an annual meeting of its members for the election of directors and at which any other business of the mutual holding company may be conducted. Such meeting shall be held, as designated by its board of directors, at a location within the state that constitutes the principal place of business of the subsidiary savings association, or at any other convenient place the board of directors may designate, and at a date and time within 150 days after the end of the mutual holding company’s fiscal year. At each annual meeting, the officers shall make a full report of the financial condition of the mutual holding company and of its progress for the preceding year and shall outline a program for the succeeding year.

(2) Special meetings of members. Procedures for calling any special meeting of the members and for conducting such a meeting shall be set forth in the bylaws. The subject matter of such special meeting must be established in the notice for such meeting. The board of directors of the mutual holding company or the holders of 10 percent or more of the voting capital shall be entitled to call a special meeting. For purposes of this section, “voting capital” means FDIC-insured deposits as of the voting record date.

(3) Notice of meeting of members. Notice specifying the date, time, and place of the annual or any special meeting and adequately describing any business to be conducted shall be published for two successive weeks immediately prior to the week in which such meeting shall convene in a newspaper of general circulation in the city or county in which the principal place of business of the subsidiary savings association is located, or mailed postage prepaid at least 15 days and not more than 45 days prior to the date on which such meeting shall convene to each of its members of record at the last address appearing on the books of the mutual holding company. A similar notice shall be posted in a conspicuous place in each of the offices of the subsidiary savings association during the 14 days immediately preceding the date on which such meeting shall convene. The bylaws may permit a member to waive in writing any right to receive personal delivery of the notice. When any meeting is adjourned for 30 days or more, notice of the adjournment and reconvening of the meeting shall be given as in the case of the original meeting.

(4) Fixing of record date. For the purpose of determining members entitled to notice of or to vote at any meeting of members or any adjournment thereof, or in order to make a determination of members for any other proper purpose, the bylaws shall provide for the fixing of a record date and a method for determining from the books of the subsidiary savings association the members entitled to vote. Such date shall be not more than 60 days or fewer than 10 days prior to the date on which the action, requiring such determination of members, is to be taken. The same determination shall apply to any adjourned meeting.

(5) Member quorum. Any number of members present and voting, represented in person or by proxy, at a regular or special meeting of the members shall constitute a quorum. A majority of all votes cast at any meeting of the members shall determine any question, unless otherwise required by regulation. At any adjourned meeting, any business may be transacted that might have been transacted at the meeting as originally called. Members present at a duly constituted meeting may continue to transact business until adjournment.

(6) Voting by proxy. Procedures shall be established for voting at any annual
or special meeting of the members by proxy pursuant to the rules and regulations of the Board, including the placing of such proxies on file with the secretary of the mutual holding company, for verification, prior to the convening of such meeting. Proxies may be given telephonically or electronically as long as the holder uses a procedure for verifying the identity of the member. All proxies with a term greater than eleven months or solicited at the expense of the subsidiary savings association must run to the board of directors as a whole, or to a committee appointed by a majority of such board.

(7) Communications between members. Provisions relating to communications between members shall be consistent with §239.12. No member, however, shall have the right to inspect or copy any portion of any books or records of a mutual holding company containing:

(i) A list of depositors or borrowers from the subsidiary savings association;

(ii) Their addresses;

(iii) Individual deposit or loan balances or records; or

(iv) Any data from which such information could be reasonably constructed.

(8) Number of directors, membership. The bylaws shall set forth a specific number of directors, not a range. The number of directors shall be not fewer than five nor more than fifteen, unless a higher or lower number has been authorized by the Board. Each director of the mutual holding company shall be a member of the mutual holding company. Directors may be elected for periods of one to three years and until their successors are elected and qualified, but if a staggered board is chosen, provision shall be made for the election of approximately one-third or one-half of the board each year, as appropriate.

(9) Meetings of the board. The board of directors shall determine the place, frequency, time, procedure for notice, which shall be at least 24 hours unless waived by the directors, and waiver of notice for all regular and special meetings. The meetings shall be under the direction of a chairman, appointed annually by the board; or in the absence of the chairman, the meetings shall be under the direction of the president. The board also may permit telephonic participation at meetings. The bylaws may provide for action to be taken without a meeting if unanimous written consent is obtained for such action. A majority of the authorized directors shall constitute a quorum for the transaction of business. The act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the board.

(10) Officers, employees, and agents. (i) The bylaws shall contain provisions regarding the officers of the mutual holding company, their functions, duties, and powers. The officers of the mutual holding company shall consist of a president, one or more vice presidents, a secretary, and a treasurer or comptroller, each of whom shall be elected annually by the board of directors. Such other officers and assistant officers and agents as may be deemed necessary may be elected or appointed by the board of directors or chosen in such other manner as may be prescribed in the bylaws. Any two or more offices may be held by the same person, except the offices of president and secretary.

(ii) All officers and agents of the mutual holding company, as between themselves and the mutual holding company, shall have such authority and perform such duties in the management of the mutual holding company as may be provided in the bylaws, or as may be determined by resolution of the board of directors not inconsistent with the bylaws. In the absence of any such provision, officers shall have such powers and duties as generally pertain to their respective offices. Any officer may be removed by the board of directors with or without cause, but such removal, other than for cause, shall be without prejudice to the contractual rights, if any, of the officer so removed.

(iii) Any indemnification provision must provide that any indemnification is subject to applicable Federal law, rules, and regulations.

(11) Vacancies, resignation or removal of directors. Members of the mutual holding company shall elect directors by ballot: Provided, that in the event of a vacancy on the board, the board of directors may, by their affirmative vote, fill such vacancy, even if the remaining directors constitute less than
a quorum. A director elected to fill a vacancy shall be elected to serve only until the next election of directors by the members. The bylaws shall set out the procedure for the resignation of a director, which shall be by written notice or by any other procedure established in the bylaws. Directors may be removed only for cause as defined in §239.41, by a vote of the holders of a majority of the shares then entitled to vote at an election of directors.

(12) Powers of the board. The board of directors shall have the power:

(i) By resolution, to appoint from among its members and remove an executive committee and one or more other committees, which committee[s] shall have and may exercise all the powers of the board between the meetings or the board; but no such committee shall have the authority of the board to amend the charter or bylaws, adopt a plan of merger, consolidation, dissolution, or provide for the disposition of all or substantially all the property and assets of the mutual holding company. Such committee shall not operate to relieve the board, or any member thereof, of any responsibility imposed by law;

(ii) To fix the compensation of directors, officers, and employees; and to remove any officer or employee at any time with or without cause;

(iii) To exercise any and all of the powers of the mutual holding company not expressly reserved by the charter to the members.

(13) Nominations for directors. The bylaws shall provide that nominations for directors may be made at the annual meeting by any member and shall be voted upon, except, however, the bylaws may require that nominations by a member must be submitted to the secretary and then prominently posted in the principal place of business, at least 10 days prior to the date of the annual meeting. However, if such provision is made for prior submission of nominations by a member, the bylaws must provide for a nominating committee, which, except in the case of a nominee substituted as a result of death or other incapacity, must submit nominations to the secretary and have such nominations similarly posted at least 15 days prior to the date of the annual meeting.

(14) New business. The bylaws shall provide procedures for the introduction of new business at the annual meeting. Those provisions may require that such new business be stated in writing and filed with the secretary prior to the annual meeting at least 30 days prior to the date of the annual meeting.

(15) Amendment. Bylaws may include any provision for their amendment that would be consistent with applicable law, rules, and regulations and adequately addresses its subject and purpose.

(i) Amendments shall be effective:

(A) After approval by a majority vote of the authorized board, or by a majority of the vote cast by the members of the mutual holding company at a legal meeting; and

(B) After receipt of any applicable regulatory approval.

(ii) When a mutual holding company fails to meet its quorum requirement, solely due to vacancies on the board, the bylaws may be amended by an affirmative vote of a majority of the sitting board.

(16) Miscellaneous. The bylaws may also address the subject of age limitations for directors or officers as long as they are consistent with applicable Federal law, rules or regulations, and any other subjects necessary or appropriate for effective operation of the mutual holding company.

(c) Form of filing—(1) Application requirement. (i) Any bylaw amendment shall be submitted to the appropriate Reserve Bank for approval if it would:

(A) Render more difficult or discourage a merger, proxy contest, the assumption of control by a mutual account holder of the mutual holding company, or the removal of incumbent management;

(B) Involve a significant issue of law or policy, including indemnification, conflicts of interest, and limitations on director or officer liability; or

(C) Be inconsistent with the requirements of this section or with applicable laws, rules, regulations, or the mutual holding company’s charter.

(ii) Applications submitted under paragraph (c)(1)(i) of this section are
subject to the processing procedures at § 238.14 of this chapter.

(iii) For purposes of this paragraph (c), bylaw provisions that adopt the language of the model bylaws contained in appendix C to this part, if adopted without change, and filed with Board within 30 days after adoption, are effective upon adoption. The Board may amend the model bylaws provided in appendix C to this part.

(2) Filing requirement. If the proposed bylaw amendment does not implicate paragraph (c)(1) or (c)(3) of this section, then the mutual holding company shall submit the amendment to the appropriate Reserve Bank at least 30 days prior to the date the bylaw amendment is to be adopted by the mutual holding company.

(3) Corporate governance procedures. A mutual holding company may elect to follow the corporate governance procedures of the laws of the state where the main office of the institution is located, provided that such procedures may be elected only to the extent not inconsistent with applicable Federal statutes, regulations, and safety and soundness, and such procedures are not of the type described in paragraph (c)(1)(i) of this section. If this election is selected, a mutual holding company shall designate in its bylaws the provision or provisions from the body of law selected for its corporate governance procedures, and shall file a copy of such bylaws, which are effective upon adoption, within 30 days after adoption. The submission shall indicate, where not obvious, why the bylaw provisions do not require an application under paragraph (c)(1)(i) of this section.

(d) Effectiveness. Any bylaw amendment filed pursuant to paragraph (c)(2) of this section shall automatically be effective 30 days from the date of filing of such amendment, provided that the mutual holding company follows the requirements of its charter and bylaws in adopting such amendment, unless the Board notifies the mutual holding company prior to the expiration of the 30-day period that such amendment is rejected or that such amendment requires an application to be filed pursuant to paragraph (c)(1) of this section.

(e) Availability of bylaws. A mutual holding company shall make available to its members at all times in the offices of each subsidiary savings association from which the mutual holding company draws members a true copy of its bylaws, including any amendments, and shall deliver such a copy to any member upon request.

§ 239.16 Voluntary dissolution.

(a) A mutual holding company’s board of directors may propose a plan for dissolution of the mutual holding company. All references in this section to mutual holding company shall also apply to a subsidiary holding company organized under this part. The plan may provide for either:

(1) Transfer of all the mutual holding company’s assets to another mutual holding company or home-financing institutions under Federal charter either for cash sufficient to pay all obligations of the mutual holding company and retire all outstanding accounts or in exchange for that mutual holding company’s payment of all the mutual holding company’s outstanding obligations and issuance of share accounts or other evidence of interest to the mutual holding company’s members on a pro rata basis; or

(2) Dissolution in a manner proposed by the directors which they consider best for all concerned.

(b) The plan, and a statement of reasons for proposing dissolution and for proposing the plan, shall be submitted to the appropriate Reserve Bank for approval. The Board will approve the plan if the Board believes dissolution is advisable and the plan is best for all concerned. If the Board considers the plan inadvisable, the Board may either make recommendations to the mutual holding company concerning the plan or disapprove it. When the plan is approved by the mutual holding company’s board of directors and by the Board, it shall be submitted to the mutual holding company’s members at a duly called meeting and, when approved by a majority of votes cast at that meeting, shall become effective. After dissolution in accordance with the plan, a certificate evidencing dissolution, supported by such evidence as
the Board may require, shall immediately be filed with the Board. When the Board receives such evidence satisfactory to the Board, it will terminate the corporate existence of the dissolved mutual holding company and the mutual holding company’s charter shall thereby be canceled.

Subpart C—Subsidiary Holding Companies

§ 239.20 Scope.
This subpart applies only to a subsidiary holding company of a mutual holding company.

§ 239.21 Charters.
(a) Charters. The charter of a subsidiary holding company of a mutual holding company shall be in the form set forth in appendix B of this part and may be amended pursuant to §239.22. The Board may amend the form of charter provided in appendix B.

(b) Optional charter provision limiting minority stock ownership. (1) A subsidiary holding company that engages in its initial minority stock issuance after October 1, 2008 may, before it conducts its initial minority stock issuance, at the time it conducts its initial minority stock issuance, or, subject to the condition below, at any time during the five years following a minority stock issuance that such subsidiary holding company conducts in accordance with the purchase priorities set forth in subpart E of this part, include in its charter the provision set forth in paragraph (b)(2) of this section. For purposes of the charter provision set forth in paragraph (b)(2), the definitions set forth at §239.22(b)(8) apply. This charter provision expires a maximum of five years from the date of the minority stock issuance. The subsidiary holding company may adopt the charter provision set forth in paragraph (b)(2) of this section after a minority stock issuance only if it provided, in the offering materials related to its previous minority stock issuance or issuances, full disclosure of the possibility that the subsidiary holding company might adopt such a charter provision.

(2) Beneficial ownership limitation. No person may directly or indirectly offer to acquire or acquire the beneficial ownership of more than 10 percent of the outstanding stock of any class of voting stock of the subsidiary holding company held by persons other than the subsidiary holding company’s mutual holding company parent. This limitation expires on [insert date within five years of minority stock issuance] and does not apply to a transaction in which an underwriter purchases stock in connection with a public offering, or the purchase of stock by an employee stock ownership plan or other tax-qualified employee stock benefit plan which is exempt from the approval requirements under §238.12(a)(7) of this chapter.

(c) In the event a person acquires stock in violation of this section, all stock beneficially owned in excess of 10 percent shall be considered “excess stock” and shall not be counted as stock entitled to vote and shall not be voted by any person or counted as voting stock in connection with any matters submitted to the stockholders for a vote.

§ 239.22 Charter amendments.
(a) General. In order to adopt a charter amendment, a subsidiary holding company must comply with the following requirements:

(1) Board of directors approval. The board of directors of the subsidiary holding company must adopt a resolution proposing the charter amendment that states the text of such amendment.

(2) Form of filing—(i) Application requirement. If the proposed charter amendment would render more difficult or discourage a merger, tender offer, or proxy contest, the assumption of control by a holder of a block of the subsidiary holding company’s stock, the removal of incumbent management, or involve a significant issue of law or policy, the subsidiary holding company shall file the proposed amendment with and shall obtain the prior approval of the Board pursuant to §238.14 of this chapter; and

(ii) Notice requirement. If the proposed charter amendment does not implicate paragraph (a)(2)(i) of this section and such amendment is permissible under
all applicable laws, rules or regulations, the subsidiary holding company shall submit the proposed amendments to the appropriate Reserve Bank, at least 30 days prior to the date the proposed charter amendment is to be mailed for consideration by the subsidiary holding company’s shareholders.

(b) Approval. Any charter amendment filed pursuant to paragraph (a)(2)(i) of this section shall automatically be approved 30 days from the date of filing of such amendment, provided that the subsidiary holding company follows the requirements of its charter in adopting such amendment, unless the Board notifies the mutual holding company prior to the expiration of such 30-day period that such amendment is rejected or is deemed to be filed under the provisions of paragraph (a)(2)(i) of this section. In addition, the following charter amendments, including the adoption of the charter as set forth in appendix B of this part, shall be approved at the time of adoption, if adopted without change and filed with the Board within 30 days after adoption, provided the subsidiary holding company follows the requirements of its charter in adopting such amendments.

(1) Title change. Prior to changing its corporate title, a subsidiary holding company must file with the appropriate Reserve Bank a written notice indicating the intended change. The Reserve Bank shall provide to the subsidiary holding company a timely written acknowledgment stating when the notice was received. If, within 30 days of receipt of notice, the Reserve Bank or the Board does not notify the subsidiary holding company of its objection to the change in corporate title, the subsidiary holding company may change its title by amending section 1 of its charter in accordance with this section and the amendment provisions of its charter.

(2) Home office. A subsidiary holding company may amend its charter by substituting a new domicile in section 2 of its charter.

(3) Number of shares of stock and par value. A subsidiary holding company may amend Section 5 of its charter to change the number of authorized shares of stock, the number of shares within each class of stock, and the par or stated value of such shares.

(4) Capital stock. A subsidiary holding company may amend its charter by revising Section 5 to read as follows:

Section 5. Capital stock. The total number of shares of all classes of capital stock that the subsidiary holding company has the authority to issue is ___, of which ____ shall be common stock of par [or if no par value is specified the stated] value of ___ per share and of which [list the number of each class of preferred and the par or if no par value is specified the stated value per share of each such class]. The shares may be issued from time to time as authorized by the board of directors without further approval of shareholders, except as otherwise provided in this Section 5 or to the extent that such approval is required by governing law, rule, or regulation. The consideration for the issuance of the shares shall be paid in full before their issuance and shall not be less than the par [or stated] value. Neither promissory notes nor future services shall constitute payment or part payment for the issuance of shares of the subsidiary holding company. The consideration for the shares shall be cash, tangible or intangible property (to the extent direct investment in such property would be permitted), labor, or services actually performed for the subsidiary holding company, or any combination of the foregoing. In the absence of actual fraud in the transaction, the value of such property, labor, or services, as determined by the board of directors of the subsidiary holding company, shall be conclusive. Upon payment of such consideration, such shares shall be deemed to be fully paid and nonassessable. In the case of a stock dividend, that part of the retained earnings of the subsidiary holding company that is transferred to common stock or paid-in capital accounts upon the issuance of shares as a stock dividend shall be deemed to be the consideration for their issuance.

Except for shares issued in the initial organization of the subsidiary holding company, no shares of capital stock (including shares issuable upon conversion, exchange, or exercise of other securities) shall be issued, directly or indirectly, to officers, directors, or controlling persons of the association or subsidiary holding company other than as part of a general public offering or as qualifying shares to a director, unless their issuance or the plan under which they would be issued has been approved by a majority of the total votes eligible to be cast at a legal meeting. Nothing contained in this Section 5 (or in any supplementary sections hereto) shall entitle the holders of any class of a series of capital stock to vote as a separate class or
§ 239.22 12 CFR Ch. II (1–1–16 Edition)

series or to more than one vote per share, except as to the cumulation of votes for the election of directors, unless the charter otherwise provides that there shall be no such cumulative voting. Provided, That this restriction on voting separately by class or series shall not apply:

(i) To any provision which would authorize the holders of preferred stock, voting as a class or series, to elect some members of the board of directors, less than a majority thereof, in the event of default in the payment of dividends on any class or series of preferred stock;

(ii) To any provision that would require the holders of preferred stock, voting as a class or series, to approve the merger or consolidation of the subsidiary holding company with another corporation or the sale, lease, or conveyance (other than by mortgage or pledge) of properties or business in exchange for securities of a corporation other than the subsidiary holding company if the preferred stock is exchanged for securities of such other corporation: Provided, That no provision may require such approval for transactions undertaken with the assistance or pursuant to the direction of the Board or the Federal Deposit Insurance Corporation;

(iii) To any amendment which would adversely change the specific terms of any class or series of capital stock as set forth in this Section 5 (or in any supplementary sections hereto), including any amendment which would create or enlarge any class or series ranking prior thereto in rights and preferences. An amendment which increases the number of authorized shares of any class or series of capital stock, or substitutes the surviving subsidiary holding company in a merger or consolidation for the subsidiary holding company, shall not be considered to be such an adverse change.

A description of the different classes and series (if any) of the subsidiary holding company’s capital stock and a statement of the designations, and the relative rights, preferences, and limitations of the shares of each class of and series (if any) of capital stock are as follows:

A. Common stock. Except as provided in this Section 5 (or in any supplementary sections thereto) the holders of the common stock shall exclusively possess all voting power. Each holder of shares of the common stock shall be entitled to one vote for each share held by each holder, except as to the cumulation of votes for the election of directors, unless the charter otherwise provides that there shall be no such cumulative voting.

Whenever there shall have been paid, or declared and set aside for payment, to the holders of the outstanding shares of any class of stock having preference over the common stock as to the payment of dividends, the full amount of dividends and of sinking fund, retirement fund, or other retirement payments, if any, to which such holders are respectively entitled in preference to the common stock, then dividends may be paid on the common stock and on any class or series of stock entitled to participate therewith as to dividends out of any assets legally available for the payment of dividends.

In the event of any liquidation, dissolution, or winding up of the subsidiary holding company, the holders of the common stock (and the holders of any class or series of stock entitled to participate with the common stock in the distribution of assets) shall be entitled to receive, in cash or in kind, the assets of the subsidiary holding company available for distribution remaining after: (i) Payment or provision for payment of the subsidiary holding company’s debts and liabilities; (ii) distributions or provision for distributions in settlement of its liquidation account; and (iii) distributions or provision for distributions to holders of any class or series of stock having preference over the common stock in the liquidation, dissolution, or winding up of the subsidiary holding company. Each share of common stock shall have the same relative rights as and be identical in all respects with all the other shares of common stock.

B. Preferred stock. The subsidiary holding company may provide in supplementary sections to its charter for one or more classes of preferred stock, which shall be separately identified. The shares of any class may be divided into and issued in series, with each series separately designated so as to distinguish the shares thereof from the shares of all other series and classes. The terms of each series shall be set forth in a supplementary section to the charter. All shares of the same class shall be identical except as to the following relative rights and preferences, as to which there may be variations between different series:

(a) The distinctive serial designation and the number of shares constituting such series;

(b) The dividend rate or the amount of dividends to be paid on the shares of such series, whether dividends shall be cumulative and, if so, from which date(s), the payment date(s) for dividends, and the participating or other special rights, if any, with respect to dividends;

(c) The voting powers, full or limited, if any, of shares of such series;

(d) Whether the shares of such series shall be redeemable and, if so, the price(s) at which, and the terms and conditions on which, such shares may be redeemed;

(e) The amount(s) payable upon the shares of such series in the event of voluntary or involuntary liquidation, dissolution, or winding up of the subsidiary holding company.
Federal Reserve System § 239.22

(f) Whether the shares of such series shall be entitled to the benefit of a sinking or retirement fund to be applied to the purchase or redemption of such shares, and if so entitled, the amount of such fund and the manner of its application, including the price(s) at which such shares may be redeemed or purchased through the application of such fund;

(g) Whether the shares of such series shall be convertible into, or exchangeable for, shares of any other class or classes of stock of the subsidiary holding company and, if so, the conversion price(s) or the rate(s) of exchange, and the adjustments thereof, if any, at which such conversion or exchange may be made, and any other terms and conditions of such conversion or exchange.

(h) The price or other consideration for which the shares of such series shall be issued; and

(i) Whether the shares of such series which are redeemed or converted shall have the status of authorized but unissued shares of serial preferred stock and whether such shares may be reissued as shares of the same or any other series of serial preferred stock.

Each share of each series of serial preferred stock shall have the same relative rights as and be identical in all respects with all the other shares of the same series.

The board of directors shall have authority to divide, by the adoption of supplementary charter sections, any authorized class of preferred stock into series, and, within the limitations set forth in this section and the remainder of this charter, fix and determine the relative rights and preferences of the shares of any series so established.

Prior to the issuance of any preferred shares of a series established by a supplementary charter section adopted by the board of directors, the subsidiary holding company shall file with the appropriate Reserve Bank a dated copy of that supplementary section of this charter established and designating the series and fixing and determining the relative rights and preferences thereof.

5 Limitations on subsequent issuances. A subsidiary holding company may amend its charter to require shareholder approval of the issuance or reservation of common stock or securities convertible into common stock under circumstances which would require shareholder approval under the rules of the New York or American Stock Exchange if the shares were then listed on the New York or American Stock Exchange.

6 Cumulative voting. A subsidiary holding company may amend its charter by substituting the following sentence for the second sentence in the third paragraph of Section 5: “Each holder of shares of common stock shall be entitled to one vote for each share held by such holder and there shall be no right to cumulate votes in an election of directors.”

7 [Reserved]

8 Anti-takeover provisions following mutual to stock conversion. Notwithstanding the law of the state in which the subsidiary holding company is located, a subsidiary holding company may amend its charter by renumbering existing sections as appropriate and adding a new section 8 as follows:

Section 8. Certain Provisions Applicable for Five Years. Notwithstanding anything contained in the subsidiary holding company’s charter or bylaws to the contrary, for a period of [specify number of years up to five] years from the date of completion of the conversion of the subsidiary holding company from mutual to stock form, the following provisions shall apply:

A. Beneficial Ownership Limitation. No person shall directly or indirectly offer to acquire or acquire the beneficial ownership of more than 10 percent of any class of an equity security of the subsidiary holding company. This limitation shall not apply to a transaction in which the subsidiary holding company forms a holding company without change in the respective beneficial ownership interests of its stockholders other than pursuant to the exercise of any dissent and appraisal rights, the purchase of shares by underwriters in connection with a public offering, or the purchase of shares by a tax-qualified employee stock benefit plan which is exempt from the approval requirements under §238.12(a) of this chapter.

In the event shares are acquired in violation of this section 8, all shares beneficially owned by any person in excess of 10 percent shall be considered “excess shares” and shall not be counted as shares entitled to vote and shall not be voted by any person or counted as voting shares in connection with any matters submitted to the stockholders for a vote.

For purposes of this section 8, the following definitions apply:

1 The term “person” includes an individual, a group acting in concert, a corporation, a partnership, an association, a joint stock company, a trust, an unincorporated organization or similar company, a syndicate or any other group formed for the purpose of acquiring, holding or disposing of the equity securities of the subsidiary holding company.

2 The term “offer” includes every offer to buy or otherwise acquire, solicitation of an offer to sell, tender offer for, or request or
§ 239.23 Bylaws.

(a) General. At its first organizational meeting, the board of directors of a subsidiary holding company shall adopt a set of bylaws for the administration and regulation of its affairs. Bylaws may be adopted, amended or repealed by either a majority of the votes cast by the shareholders at a legal meeting or a majority of the board of directors. The bylaws shall contain sufficient provisions to govern the subsidiary holding company in accordance with the requirements of §§ 239.26, 239.27, 239.28, and 239.29 and shall not contain any provision that is inconsistent with those sections or with applicable laws, rules, regulations or the subsidiary holding company’s charter, except that a bylaw provision inconsistent with §§ 239.26, 239.27, 239.28, and 239.29 may be adopted with the approval of the Board.

(b) Form of filing—(1) Application requirement. (i) Any bylaw amendment not listed in paragraph (b) of this section regarding the acquisition by any person or persons of its equity securities provided that the subsidiary holding company shall file as part of its application for approval an opinion, acceptable to the Board, of counsel independent from the subsidiary holding company that the proposed charter provision would be permitted to be adopted by a corporation chartered by the state in which the principal office of the subsidiary holding company is located. Any such provision must be consistent with applicable statutes, regulations, and Board policies. Further, any such provision that would have the effect of rendering more difficult a change in control of the subsidiary holding company and would require for any corporate action (other than the removal of directors) the affirmative vote of a larger percentage of shareholders than is required by this paragraph, shall not be effective unless adopted by a percentage of shareholder vote at least equal to the highest percentage that would be required to take any action under such provision.

(ii) For purposes of this paragraph (b), bylaw provisions that adopt the language of the model bylaws contained in appendix B to this part, together with such supporting documents as needed to demonstrate that the amendments were properly adopted.

12 CFR Ch. II (1–1–16 Edition)
may amend the model bylaws provided in appendix D.

(2) Filing requirement. If the proposed bylaw amendment does not implicate paragraph (b)(1) or (b)(3) of this section and is permissible under all applicable laws, rules, or regulations, the subsidiary holding company shall submit the amendment to the appropriate Reserve Bank at least 30 days prior to the date the bylaw amendment is to be adopted by the subsidiary holding company.

(3) Corporate governance procedures. A subsidiary holding company may elect to follow the corporate governance procedures of: The laws of the state where the main office of the subsidiary holding company is located; Delaware General Corporation law; or The Model Business Corporation Act, provided that such procedures may be elected to the extent not inconsistent with applicable Federal statutes and regulations and safety and soundness, and such procedures are not of the type described in paragraph (b)(1)(i) of this section. If this election is selected, a subsidiary holding company shall designate in its bylaws the provision or provisions from the body or bodies of law selected for its corporate governance procedures, and shall file a copy of such bylaws, which are effective upon adoption, within 30 days after adoption. The submission shall indicate, where not obvious, why the bylaw provisions do not require an application under paragraph (b)(1) of this section.

(c) Effectiveness. Any bylaw amendment filed pursuant to paragraph (b)(2) of this section shall automatically be effective 30 days from the date of filing of such amendment, provided that the subsidiary holding company follows the requirements of its charter and bylaws in adopting such amendment, unless the Board notifies the subsidiary holding company prior to the expiration of such 30-day period that such amendment is rejected or requires an application to be filed pursuant to paragraph (b)(1) of this section.

(d) Effect of subsequent charter or bylaw change. Notwithstanding any subsequent change to its charter or bylaws, the authority of a subsidiary holding company to engage in any transaction shall be determined only by the subsidiary holding company’s charter or bylaws then in effect, unless otherwise provided by Federal law or regulation.

§ 239.24 Issuances of stock by subsidiary holding companies of mutual holding companies.

(a) Requirements. No subsidiary holding company of a mutual holding company may issue stock to persons other than its mutual holding company parent in connection with a mutual holding company reorganization, or at any time subsequent to the subsidiary holding company’s acquisition by the mutual holding company, unless the subsidiary holding company obtains advance approval of each such issuance from the Board. Approval of a mutual holding company reorganization filed pursuant to § 239.3(a) shall be deemed to constitute approval of any stock issuance specifically applied for pursuant to this section in connection with the reorganization, unless otherwise specified by the Board. The Board shall approve any proposed issuance that meets each of the criteria set forth below in paragraphs (a)(1) through (a)(7) of this section.

(1) The proposed issuance is to be made pursuant to a Stock Issuance Plan that contains all the provisions required by § 239.25.

(2) The Stock Issuance Plan is consistent with the terms of the subsidiary holding company’s charter (or any proposed amendments thereto), including terms governing the type and amount of stock that may be issued.

(3) The Stock Issuance Plan would provide the subsidiary holding company, its mutual holding company parent, and any subsidiary savings associations of the subsidiary holding company with fully sufficient capital and would not be inequitable or detrimental to the subsidiary holding company or its mutual holding company parent or to members of the mutual holding company parent.

(4) The proposed price or price range of the stock to be issued is reasonable. The Board shall review the reasonableness of the proposed price or price range.

§ 239.24

(5) The aggregate amount of outstanding common stock of the subsidiary holding company owned or controlled by persons other than the subsidiary holding company’s mutual holding company parent at the close of the proposed issuance shall be less than 50 percent of the subsidiary holding company’s total outstanding common stock, unless the subsidiary holding company was a stock holding company when acquired by the mutual holding company, in which case the foregoing restriction shall not apply. Any amount of preferred stock may be issued by any subsidiary holding company of a mutual holding company to persons other than the subsidiary holding company’s mutual holding company, consistent with any other applicable laws and regulations.

(6) The subsidiary holding company furnishes the information required by the Board in connection with the proposed issuance.

(7) The proposed stock issuance meets the convenience and needs standard of §239.55(g).

(8) The proposed issuance complies with all other applicable laws and regulations.

(9) Unless otherwise determined by the Board, the limitations on the minimum and maximum amounts of the estimated price range required by §239.59(c) shall apply.

(b) Related approvals. Approval by the Board of any stock issuance pursuant to this section shall also be deemed to constitute:

(1) Approval of the form of stock certificate proposed to be utilized in connection with the stock issuance, provided such form was included in the application materials filed pursuant to this section; and

(2) Approval of any charter or bylaw amendment required to authorize issuance of the stock, provided such amendment was proposed in the application materials filed pursuant to this section.

(c) Offering restrictions. (1) No representations may be made in any manner in connection with the offer or sale of any stock issued pursuant to this section that the price, price range or any other pricing information related to such stock issuance has been approved by the Board or that the stock has been approved or disapproved by the Board or that the Board has endorsed the accuracy or adequacy of any securities offering documents disseminated in connection with such stock.

(2) The sale of minority stock of the subsidiary holding company to be made under the minority stock issuance plan, including any sale in a public offering or direct community marketing, shall be completed as promptly as possible and within 45 calendar days after the last day of the subscription period, unless extended by the Board.

(3) In the offer, sale, or purchase of stock issued pursuant to this section, no person shall:

(i) Employ any device, scheme, or artifice to defraud;

(ii) Make any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading; or

(iii) Engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon a purchaser or seller.

(4) Prior to the completion of a stock issuance pursuant to this section, no person shall transfer, or enter into any agreement or understanding to transfer, the legal or beneficial ownership of the stock to be issued to any other person.

(5) Prior to the completion of a stock issuance pursuant to this section, no person shall make any offer, or any announcement of any offer, to purchase any stock to be issued, or knowingly acquire any stock in the issuance, in excess of the maximum purchase limitations established in the Stock Issuance Plan.

(6) All stock issuances pursuant to this section must:

(i) Comply with §239.59 and, to the extent applicable, the form or forms specified by the Board; and

(ii) Provide that the offering be structured in a manner similar to a standard conversion under subpart E of this part, including the stock purchase priorities accorded members of the issuing subsidiary holding company’s mutual holding company, unless the subsidiary holding company would
qualify for a supervisory conversion if it were to undertake a conversion under subpart E of this part; or demonstrates to the satisfaction of the Board that a non-conforming issuance would be more beneficial to the savings association and subsidiary holding company compared to a conforming offering, considering, in the aggregate, the effect of each on the savings association and subsidiary holding company’s financial and managerial resources and future prospects, the effect of the issuance upon the savings association and subsidiary holding company, the insurance risk to the Deposit Insurance Fund, and the convenience and needs of the community to be served.

(7) Notwithstanding the restrictions in paragraph (c)(6)(ii) of this section, a subsidiary holding company of a mutual holding company may issue stock as part of a stock benefit plan to any insider, associate of an insider, or tax qualified or non-tax qualified employee stock benefit plan of the mutual holding company without including the purchase priorities of subpart E of this part.

(8) As part of a reorganization, a reasonable amount of shares or proceeds may be contributed to a charitable organization that complies with §§239.64(b) to 239.64(f), provided such contribution does not result in any taxes on excess business holdings under section 4943 of the Internal Revenue Code (26 U.S.C. 4943).

(d) Procedural and substantive requirements. The procedural and substantive requirements of subpart E of this part shall apply to all mutual holding company stock issuances and subsidiary holding company stock issuances under this section, unless clearly inapplicable, as determined by the Board. For purposes of this paragraph, the term conversion as it appears in the provisions of subpart E of this part shall refer to the stock issuance, and the term mutual holding company shall refer to the subsidiary holding company undertaking the stock issuance.

§ 239.25 Contents of Stock Issuance Plans.

(a) Mandatory provisions. Each of the provisions mandatory for all stock issuance plans under this paragraph (a) shall be deemed regulatory requirements. Each Stock Issuance Plan shall contain a complete description of all significant terms of the proposed stock issuance (including the information specified in §239.65(f) to the extent known), shall attach and incorporate the proposed form of stock certificate, the proposed stock order form, and any agreements or other documents defining the rights of the stockholders, and shall:

(1) Provide that the stock shall be sold at a total price equal to the estimated pro forma market value of such stock, based upon an independent valuation;

(2) Provide that the aggregate amount of outstanding common stock of the subsidiary holding company owned or controlled by persons other than the subsidiary holding company’s mutual holding company parent at the close of the proposed issuance shall be less than fifty percent of the subsidiary holding company’s total outstanding common stock (This provision may be omitted if the proposed issuance will be conducted by a subsidiary holding company that was in the stock form when acquired by its mutual holding company parent);

(3) Provide that all employee stock ownership plans or other tax-qualified employee stock benefit plans (collectively, ESOPs) must not encompass, in the aggregate, more than either 4.9 percent of the outstanding shares of the subsidiary holding company’s common stock or 4.9 percent of the subsidiary holding company’s stockholders’ equity at the close of the proposed issuance;

(4) Provide that all ESOPs and management recognition plans (MRPs) must not encompass, in the aggregate, more than either 4.9 percent of the outstanding shares of the subsidiary holding company’s common stock or 4.9 percent of the subsidiary holding company’s stockholders’ equity at the close of the proposed issuance. However, if the subsidiary holding company’s tangible capital equals at least
ten percent at the time of implementation of the plan, the Board may permit such ESOPs and MRPs to encompass, in the aggregate, up to 5.88 percent of the outstanding common stock or stockholders’ equity at the close of the proposed issuance;

(5) Provide that all MRPs must not encompass, in the aggregate, more than either 1.47 percent of the common stock of the subsidiary holding company or 1.47 percent of the subsidiary holding company’s stockholders’ equity at the close of the proposed issuance. However, if the subsidiary holding company’s tangible capital is at least ten percent at the time of implementation of the plan, the Board may permit MRPs to encompass, in the aggregate, up to 1.96 percent of the outstanding shares of the subsidiary holding company’s common stock or 1.96 percent of the savings subsidiary holding company’s stockholders’ equity at the close of the proposed issuance;

(6) Provide that all stock option plans (Option Plans) must not encompass, in the aggregate, more than either 4.9 percent of the subsidiary holding company’s outstanding common stock at the close of the proposed issuance or 4.9 percent of the subsidiary holding company’s stockholders’ equity at the close of the proposed issuance;

(7) Provide that an ESOP, a MRP or an Option Plan modified or adopted no earlier than one year after the close of: the proposed issuance, or any subsequent issuance that is made in substantial conformity with the purchase priorities §239.59(a) set forth in subpart E of this part, may exceed the percentage limitations contained in paragraphs (a)(3) through (6) of this section (plan expansion), subject to the following two requirements. First, all common stock awarded in connection with any plan expansion must be acquired for such awards in the secondary market. Second, such acquisitions must begin no earlier than when such plan expansion is permitted to be made;

(8)(i) Provide that the aggregate amount of common stock that may be encompassed under all Option Plans and MRPs, or acquired by all insiders of the subsidiary holding company and subsidiary savings association and associates of insiders of the subsidiary holding company and subsidiary savings association, must not exceed the following percentages of common stock or stockholders’ equity of the subsidiary holding company, held by persons other than the subsidiary holding company’s mutual holding company parent at the close of the proposed issuance:

(ii) The percentage limitations contained in paragraph 8(i) of this section may be exceeded provided that all stock acquired by insiders and associates of insiders or awarded under all MRPs and Option Plans in excess of those limitations is acquired in the secondary market. If acquired for such awards on the secondary market, such acquisitions must begin no earlier than one year after the close of the proposed issuance or any subsequent issuance that is made in substantial conformity with the purchase priorities set forth in subpart E of this part.

(iii) In calculating the number of shares held by insiders and their associates under this provision, shares awarded but not delivered under an ESOP, MRP, or Option Plan that are attributable to such persons shall not be counted as being acquired by such persons.

(9) Provide that the amount of common stock that may be encompassed under all Option Plans and MRPs must not exceed, in the aggregate, 25 percent of the outstanding common stock held by persons other than the subsidiary holding company’s mutual holding company parent at the close of the proposed issuance;

(10) Provide that the issuance shall be conducted in compliance with, to the extent applicable, the forms required by the Board;
(11) Provide that the sales price of the shares of stock to be sold in the issuance shall be a uniform price determined in accordance with § 239.24;

(12) Provide that, if at the close of the stock issuance the subsidiary holding company has more than thirty-five shareholders of any class of stock, the subsidiary holding company shall promptly register that class of stock pursuant to the Securities Exchange Act of 1934, as amended (15 U.S.C. 78a–78jj), and undertake not to deregister such stock for a period of three years thereafter;

(13) Provide that, if at the close of the stock issuance the subsidiary holding company has more than one hundred shareholders of any class of stock, the subsidiary holding company shall use its best efforts to:

(i) Encourage and assist a market maker to establish and maintain a market for that class of stock; and

(ii) List that class of stock on a national or regional securities exchange or on the NASDAQ quotation system;

(14) Provide that, for a period of three years following the proposed issuance, no insider of the subsidiary holding company or his or her associates shall purchase, without the prior written approval of the Board, any stock of the subsidiary holding company except from a broker dealer registered with the Securities and Exchange Commission, except that the foregoing restriction shall not apply to:

(i) Negotiated transactions involving more than one percent of the outstanding stock in the class of stock; or

(ii) Purchases of stock made by and held by any tax-qualified or non-tax-qualified employee stock benefit plan of the subsidiary holding company even if such stock is attributable to insiders of the subsidiary holding company and subsidiary savings association or their associates;

(15) Provide that stock purchased by insiders of the subsidiary holding company and subsidiary savings association and their associates in the proposed issuance shall not be sold for a period of at least one year following the date of purchase, except in the case of death of the insider or associate;

(16) Provide that, in connection with stock subject to restriction on sale for a period of time:

(i) Each certificate for such stock shall bear a legend giving appropriate notice of such restriction;

(ii) Appropriate instructions shall be issued to the subsidiary holding company’s transfer agent with respect to applicable restrictions on transfer of such stock; and

(iii) Any shares issued as a stock dividend, stock split, or otherwise with respect to any such restricted stock shall be subject to the same restrictions as apply to the restricted stock;

(17) Provide that the subsidiary holding company will not offer or sell any of the stock proposed to be issued to any person whose purchase would be financed by funds loaned, directly or indirectly, to the person by the subsidiary holding company;

(18) Provide that, if necessary, the subsidiary holding company’s charter will be amended to authorize issuance of the stock and attach and incorporate by reference the text of any such amendment;

(19) Provide that the expenses incurred in connection with the issuance shall be reasonable;

(20) Provide that the Stock Issuance Plan, if proposed as part of a Reorganization Plan, may be amended or terminated in the same manner as the Reorganization Plan. Otherwise, the Stock Issuance Plan shall provide that it may be substantively amended by the board of directors of the issuing subsidiary holding company as a result of comments from regulatory authorities or otherwise prior to approval of the Plan by the Board, and any time thereafter with the concurrence of the Board; and that the Stock Issuance Plan may be terminated by the board of directors at any time prior to approval of the Plan by the Board, and at any time thereafter with the concurrence of the Board;

(21) Provide that, unless an extension is granted by the Board, the Stock Issuance Plan shall be terminated if not completed within 90 days of the date of such approval; or

(22) Provide that the subsidiary holding company may make scheduled discretionary contributions to a tax-
§ 239.26 Shareholders.

(a) Shareholder meetings. An annual meeting of the shareholders of the subsidiary holding company for the election of directors and for the transaction of any other business of the subsidiary holding company shall be held annually within 150 days after the end of the subsidiary holding company’s fiscal year. Unless otherwise provided in the subsidiary holding company’s charter, special meetings of the shareholders may be called by the board of directors or on the request of the holders of 10 percent or more of the shares entitled to vote at the meeting, or by such other persons as may be specified in the bylaws of the subsidiary holding company. All annual and special meetings of shareholders shall be held at such place as the board of directors may designate.

(b) Notice of shareholder meetings. Written notice stating the place, day, and hour of the meeting and the purpose or purposes for which the meeting is called shall be delivered not fewer than 20 nor more than 50 days before the date of the meeting, either personally or by mail, by or at the direction of the chairman of the board, the president, the secretary, or the directors, or other natural persons calling the meeting, to each shareholder of record entitled to vote at such meeting. If mailed, such notice shall be deemed to be delivered when deposited in the mail, addressed to the shareholder at the address appearing on the stock transfer
books or records of the subsidiary holding company as of the record date prescribed in paragraph (c) of this section, with postage thereon prepaid. When any shareholders' meeting, either annual or special, is adjourned for 30 days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Notwithstanding anything in this section, however, a subsidiary holding company that is wholly owned shall not be subject to the shareholder notice requirement.

(c) Fixing of record date. For the purpose of determining shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment thereof, or shareholders entitled to receive payment of any dividend, or in order to make a determination of shareholders for any other proper purpose, the board of directors shall fix in advance a date as the record date for any such determination of shareholders. Such date in any case shall be not more than 60 days and, in case of a meeting of shareholders, not less than 10 days prior to the date on which the particular action, requiring such determination of shareholders, is to be taken. When a determination of shareholders entitled to vote at any meeting of shareholders has been made as provided in this section, such determination shall apply to any adjournment thereof.

(d) Voting lists. (1) At least 20 days before each meeting of the shareholders, the officer or agent having charge of the stock transfer books for the shares of the subsidiary holding company shall make a complete list of the stockholders of record entitled to vote at such meeting, or any adjournments thereof, arranged in alphabetical order, with the address and the number of shares held by each. This list of shareholders shall be kept on file at the home office of the subsidiary holding company and shall be subject to inspection by any shareholder of record or the stockholder’s agent during the entire time of the meeting. The original stock transfer book shall constitute prima facie evidence of the stockholders entitled to examine such list or transfer books or to vote at any meeting of stockholders. Notwithstanding anything in this section, however, a subsidiary holding company that is wholly owned shall not be subject to the voting list requirements.

(2) In lieu of making the shareholders list available for inspection by any shareholders as provided in paragraph (d)(1) of this section, the board of directors may perform such acts as required by paragraphs (a) and (b) of Rule 14a–7 of the General Rules and Regulations under the Securities and Exchange Act of 1934 (17 CFR 240.14a–7) as may be duly requested in writing, with respect to any matter which may be properly considered at a meeting of shareholders, by any shareholder who is entitled to vote on such matter and who shall defray the reasonable expenses to be incurred by the subsidiary holding company in performance of the act or acts required.

(e) Shareholder quorum. A majority of the outstanding shares of the subsidiary holding company entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of shareholders. The shareholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough shareholders to leave less than a quorum. If a quorum is present, the affirmative vote of the majority of the shares represented at the meeting and entitled to vote on the subject matter shall be the act of the stockholders, unless the vote of a greater number of stockholders voting together or voting by classes is required by law or the charter. Directors, however, are elected by a plurality of the votes cast at an election of directors.

(f) Shareholder voting—(1) Proxies. Unless otherwise provided in the subsidiary holding company’s charter, at all meetings of shareholders, a shareholder may vote in person or by proxy executed in writing by the shareholder or by a duly authorized attorney in fact. Proxies may be given telephonically or electronically as long as the holder uses a procedure for verifying the identity of the shareholder. A proxy may designate as holder a corporation, partnership or company, or other person. Proxies solicited on behalf of the management shall be voted as directed by the shareholder or,
in the absence of such direction, as determined by a majority of the board of directors. No proxy shall be valid more than eleven months from the date of its execution except for a proxy coupled with an interest.

(2) Shares controlled by subsidiary holding company. Neither treasury shares of its own stock held by the subsidiary holding company nor shares held by another corporation, if a majority of the shares entitled to vote for the election of directors of such other corporation are held by the subsidiary holding company, shall be voted at any meeting or counted in determining the total number of outstanding shares at any given time for purposes of any meeting.

(g) Nominations and new business submitted by shareholders. Nominations for directors and new business submitted by shareholders shall be voted upon at the annual meeting if such nominations or new business are submitted in writing and delivered to the secretary of the subsidiary holding company at least five days prior to the date of the annual meeting. Ballots bearing the names of all the natural persons nominated shall be provided for use at the annual meeting.

(b) Informal action by stockholders. If the bylaws of the subsidiary holding company so provide, any action required to be taken at a meeting of the stockholders, or any other action that may be taken at a meeting of the stockholders, may be taken without a meeting if consent in writing has been given by all the stockholders entitled to vote with respect to the subject matter.

§ 239.27 Board of directors.

(a) General powers and duties. The business and affairs of the subsidiary holding company shall be under the direction of its board of directors. The board of directors shall annually elect a chairman of the board from among its members and shall designate the chairman of the board, when present, to preside at its meeting. Directors need not be stockholders unless the bylaws so require.

(b) Number and term. The bylaws shall set forth a specific number of directors, not a range. The number of directors shall be not fewer than five nor more than fifteen, unless a higher or lower number has been authorized by the Board. Directors shall be elected for a term of one to three years and until their successors are elected and qualified. If a staggered board is chosen, the directors shall be divided into two or three classes as nearly equal in number as possible and one class shall be elected by ballot annually. In the case of a converting or newly chartered subsidiary holding company where all directors shall be elected at the first election of directors, if a staggered board is chosen, the terms shall be staggered in length from one to three years.

(c) Regular meetings. A regular meeting of the board of directors shall be held immediately after, and at the same place as, the annual meeting of shareholders. The board of directors shall determine the place, frequency, time and procedure for notice of regular meetings.

(d) Quorum. A majority of the number of directors shall constitute a quorum for the transaction of business at any meeting of the board of directors. The act of the majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors, unless a greater number is prescribed by regulation of the Board.

(e) Vacancies. Any vacancy occurring in the board of directors may be filled by the affirmative vote of a majority of the remaining directors although less than a quorum of the board of directors. A director elected to fill a vacancy shall be elected to serve only until the next election of directors by the shareholders. Any directorship to be filled by reason of an increase in the number of directors may be filled by election by the board of directors for a term of office continuing only until the next election of directors by the shareholders.

(f) Removal or resignation of directors.

(1) At a meeting of shareholders called expressly for that purpose, any director may be removed only for cause, as defined in § 239.41, by a vote of the holders of a majority of the shares then entitled to vote at an election of directors.
Subsidiary holding companies may provide for procedures regarding resignations in the bylaws. 

(2) If less than the entire board is to be removed, no one of the directors may be removed if the votes cast against the removal would be sufficient to elect a director if then cumulatively voted at an election of the class of directors of which such director is a part.

(3) Whenever the holders of the shares of any class are entitled to elect one or more directors by the provisions of the charter or supplemental sections thereto, the provisions of this section shall apply, in respect to the removal of a director or directors so elected, to the vote of the holders of the outstanding shares of that class and not to the vote of the outstanding shares as a whole.

(g) Executive and other committees. The board of directors, by resolution adopted by a majority of the full board, may designate from among its members an executive committee and one or more other committees each of which, to the extent provided in the resolution or bylaws of the subsidiary holding company, shall have and may exercise all of the authority of the board of directors, except no committee shall have the authority of the board of directors with reference to: the declaration of dividends; the amendment of the charter or bylaws of the subsidiary holding company; recommending to the stockholders a plan of merger, consolidation, or conversion; the sale, lease, or other disposition of all, or substantially all, of the property and assets of the subsidiary holding company otherwise than in the usual and regular course of its business; a voluntary dissolution of the subsidiary holding company; a revocation of any of the foregoing; or the approval of a transaction in which any member of the executive committee, directly or indirectly, has any material beneficial interest. The designation of any committee and the delegation of authority thereto shall not operate to relieve the board of directors, or any director, of any responsibility imposed by law or regulation.

(h) Notice of special meetings. Written notice of at least 24 hours regarding any special meeting of the board of directors or of any committee designated thereby shall be given to each director in accordance with the bylaws, although such notice may be waived by the director. The attendance of a director at a meeting shall constitute a waiver of notice of such meeting, except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any meeting need be specified in the notice or waiver of notice of such meeting. The bylaws may provide for telephonic participation at a meeting.

(i) Action without a meeting. Any action required or permitted to be taken by the board of directors at a meeting may be taken without a meeting if a consent in writing, setting forth the actions so taken, shall be signed by all of the directors.

(j) Presumption of assent. A director of the subsidiary holding company who is present at a meeting of the board of directors at which action on any subsidiary holding company matter is taken shall be presumed to have assented to the action taken unless his or her dissent or abstention shall be entered in the minutes of the meeting or unless a written dissent to such action shall be filed with the individual acting as the secretary of the meeting before the adjournment thereof or shall be forwarded by registered mail to the secretary of the subsidiary holding company within five days after the date on which a copy of the minutes of the meeting is received. Such right to dissent shall not apply to a director who voted in favor of such action.

(k) Age limitation on directors. A subsidiary holding company may provide a bylaw on age limitation for directors. Bylaws on age limitations must comply with all Federal laws, rules and regulations.

§ 239.28 Officers.

(a) Positions. The officers of the subsidiary holding company shall be a president, one or more vice presidents, a secretary, and a treasurer or comptroller, each of whom shall be elected by the board of directors. The board of
directors may also designate the chairman of the board as an officer. The offices of the secretary and treasurer or comptroller may be held by the same individual and the vice president may also be either the secretary or the treasurer or comptroller. The board of directors may designate one or more vice presidents as executive vice president or senior vice president. The board of directors may also elect or authorize the appointment of such other officers as the business of the subsidiary holding company may require. The officers shall have such authority and perform such duties as the board of directors may from time to time authorize or determine. In the absence of action by the board of directors, the officers shall have such powers and duties as generally pertain to their respective offices.

(b) Removal. Any officer may be removed by the board of directors whenever in its judgment the best interests of the subsidiary holding company will be served thereby; but such removal, other than for cause, shall be without prejudice to the contractual rights, if any, of the individual so removed. Employment contracts shall conform with §239.41.

(c) Age limitation on officers. A subsidiary holding company may provide a bylaw on age limitation for officers. Bylaws on age limitations must comply with all Federal laws, rules, and regulations.

§ 239.29 Certificates for shares and their transfer.

(a) Certificates for shares. Certificates representing shares of capital stock of the subsidiary holding company shall be in such form as shall be determined by the board of directors and approved by the Board. The certificates shall be signed by the chief executive officer or by any other officer of the subsidiary holding company authorized by the board of directors, attested by the secretary or an assistant secretary, and sealed with the corporate seal or a facsimile thereof. The signatures of such officers upon a certificate may be facsimiles if the certificate is manually signed on behalf of a transfer agent or a registrar other than the subsidiary holding company itself or one of its employees. Each certificate for shares of capital stock shall be consecutively numbered or otherwise identified. The name and address of the person to whom the shares are issued, with the number of shares and date of issue, shall be entered on the stock transfer books of the subsidiary holding company. All certificates surrendered to the subsidiary holding company for transfer shall be cancelled and no new certificate shall be issued until the former certificate for a like number of shares shall have been surrendered and cancelled, except that in the case of a lost or destroyed certificate a new certificate may be issued upon such terms and indemnity to the subsidiary holding company as the board of directors may prescribe.

(b) Transfer of shares. Transfer of shares of capital stock of the subsidiary holding company shall be made only on its stock transfer books. Authority for such transfer shall be given only by the holder of record or by a legal representative, who shall furnish proper evidence of such authority, or by an attorney authorized by a duly executed power of attorney and filed with the subsidiary holding company. The transfer shall be made only on surrender for cancellation of the certificate for the shares. The person in whose name shares of capital stock stand on the books of the subsidiary holding company shall be deemed by the subsidiary holding company to be the owner for all purposes.

§ 239.30 Annual reports; books and records.

(a) Annual reports to stockholders. A subsidiary holding company not wholly-owned by a holding company shall, within 130 days after the end of its fiscal year, mail to each of its stockholders entitled to vote at its annual meeting an annual report containing financial statements that satisfy the requirements of rule 14a–3 under the Securities Exchange Act of 1934. (17 CFR 240.14a–3). Concurrently with such mailing a certification of such mailing signed by the chairman of the board, the president or a vice president of the subsidiary holding company, together with a copy of the report, shall be transmitted by the subsidiary holding
company to the appropriate Reserve Bank.

(b) Books and records. (1) Each subsidiary holding company shall keep correct and complete books and records of account; shall keep minutes of the proceedings of its stockholders, board of directors, and committees of directors; and shall keep at its home office or at the office of its transfer agent or registrar, a record of its stockholders, giving the names and addresses of all stockholders, and the number, class and series, if any, of the shares held by each.

(2) Any stockholder or group of stockholders of a subsidiary holding company, holding of record the number of voting shares of such subsidiary holding company specified below, upon making written demand stating a proper purpose, shall have the right to examine, in person or by agent or attorney, at any reasonable time or times, nonconfidential portions of its books and records of account, minutes and record of stockholders and to make extracts therefrom. Such right of examination is limited to a stockholder or group of stockholders holding of record:

(i) Voting shares having a cost of not less than $100,000 or constituting not less than one percent of the total outstanding voting shares, provided in either case such stockholder or group of stockholders have held of record such voting shares for a period of at least six months before making such written demand, or

(ii) Not less than five percent of the total outstanding voting shares.

No stockholder or group of stockholders of a subsidiary holding company shall have any other right under this section or common law to examine its books and records of account, minutes and record of stockholders, except as provided in its bylaws with respect to inspection of a list of stockholders.

(3) The right to examination authorized by paragraph (b)(2) of this section and the right to inspect the list of stockholders provided by a subsidiary holding company’s bylaws may be denied to any stockholder or group of stockholders upon the refusal of any such stockholder or group of stockholders to furnish such subsidiary holding company, its transfer agent or registrar an affidavit that such examination or inspection is not desired for any purpose which is in the interest of a business or object other than the business of the subsidiary holding company, that such stockholder has not within the five years preceding the date of the affidavit sold or offered for sale, and does not now intend to sell or offer for sale, any list of stockholders of the subsidiary holding company or of any other corporation, and that such stockholder has not within said five-year period aided or abetted any other person in procuring any list of stockholders for purposes of selling or offering for sale such list.

(4) Notwithstanding any provision of this section or common law, no stockholder or group of stockholders shall have the right to obtain, inspect or copy any portion of any books or records of a subsidiary holding company containing:

(i) A list of depositors in or borrowers from such subsidiary holding company;

(ii) Their addresses;

(iii) Individual deposit or loan balances or records; or

(iv) Any data from which such information could be reasonably constructed.

§ 239.40 Indemnification of directors, officers and employees.

A mutual holding company shall indemnify its directors, officers, and employees in accordance with the following requirements:

(a) Definitions and rules of construction. (1) Definitions for purposes of this section.

(i) Action means any judicial or administrative proceeding, or threatened proceeding, whether civil, criminal, or
otherwise, including any appeal or other proceeding for review:

(ii) Court includes, without limitation, any court to which or in which any appeal or any proceeding for review is brought.

(iii) Final judgment means a judgment, decree, or order which is not appealable or as to which the period for appeal has expired with no appeal taken.

(iv) Settlement includes entry of a judgment by consent or confession or a plea of guilty or nolo contendere.

(2) References in this section to any individual or other person, including any mutual holding company, shall include legal representatives, successors, and assigns thereof.

(b) General. Subject to paragraphs (c) and (g) of this section, a mutual holding company shall indemnify any person against whom an action is brought or threatened because that person is or was a director, officer, or employee of the mutual holding company, for:

(1) Any amount for which that person becomes liable under a judgment if such action; and

(2) Reasonable costs and expenses, including reasonable attorney’s fees, actually paid or incurred by that person in defending or settling such action, or in enforcing his or her rights under this section if he or she attains a favorable judgment in such enforcement action.

(c) Requirements. Indemnification shall be made to such period under paragraph (b) of this section only if:

(1) Final judgment on the merits is in his or her favor; or

(2) In case of:

(i) Settlement,

(ii) Final judgment against him or her, or

(iii) Final judgment in his or her favor, other than on the merits, if a majority of the disinterested directors of the mutual holding company determine that he or she was acting in good faith within the scope of his or her employment or authority as he or she could reasonably have perceived it under the circumstances and for a purpose he or she could reasonably have believed under the circumstances was in the best interests of the mutual holding company or its members.

However, no indemnification shall be made unless the mutual holding company gives the Board at least 60 days’ notice of its intention to make such indemnification. Such notice shall state the facts on which the action arose, the terms of any settlement, and any disposition of the action by a court. Such notice, a copy thereof, and a certified copy of the resolution containing the required determination by the board of directors shall be sent to the appropriate Reserve Bank, who shall promptly acknowledge receipt thereof. The notice period shall run from the date of such receipt. No such indemnification shall be made if the Board advises the mutual holding company in writing, within such notice period, of its objection to the indemnification.

(d) Insurance. A mutual holding company may obtain insurance to protect it and its directors, officers, and employees from potential losses arising from claims against any of them for alleged wrongful acts, or wrongful acts, committed in their capacity as directors, officers, or employees. However, no mutual holding company may obtain insurance which provides for payment of losses of any individual incurred as a consequence of his or her willful or criminal misconduct.

(e) Payment of expenses. If a majority of the directors of a mutual holding company concludes that, in connection with an action, any person ultimately may become entitled to indemnification under this section, the directors may authorize payment of reasonable costs and expenses, including reasonable attorneys’ fees, arising from the defense or settlement of such action. Nothing in this paragraph shall prevent the directors of a mutual holding company from imposing such conditions on a payment of expenses as they deem warranted and in the interests of the mutual holding company. Before making advance payment of expenses under this paragraph, the mutual holding company shall obtain an agreement that the mutual holding company will be repaid if the person on whose behalf payment is made is later determined not to be entitled to such indemnification.

(f) Exclusiveness of provisions. No mutual holding company shall indemnify
any person referred to in paragraph (b) of this section or obtain insurance referred to in paragraph (d) of the section other than in accordance with this section. However, a mutual holding company which has a bylaw in effect relating to indemnification of its personnel shall be governed solely by that bylaw, except that its authority to obtain insurance shall be governed by paragraph (d) of this section.

(g) The indemnification provided for in paragraph (b) of this section is subject to and qualified by 12 U.S.C. 1821(k).

§ 239.41 Employment contracts.

(a) General. A mutual holding company may enter into an employment contract with its officers and other employees only in accordance with the requirements of this section. All employment contracts shall be in writing and shall be approved specifically by the respective mutual holding company’s board of directors. A mutual holding company shall not enter into an employment contract with any of its officers or other employees if such contract would constitute an unsafe or unsound practice. The making of such an employment contract would be an unsafe or unsound practice if such contract could lead to material financial loss or damage to the mutual holding company or could interfere materially with the exercise by the members of its board of directors of their duty or discretion provided by law, charter, bylaw or regulation as to the employment or termination of employment of an officer or employee of the mutual holding company. This may occur, depending upon the circumstances of the case, where an employment contract provides for an excessive term.

(b) Required provisions. Each employment contract shall provide that:

(1) The mutual holding company’s board of directors may terminate the officer or employee’s employment at any time, but any termination by the mutual holding company’s board of directors other than termination for cause, shall not prejudice the officer or employee’s right to compensation or other benefits under the contract. The officer or employee shall have no right to receive compensation or other benefits for any period after termination for cause. Termination for cause shall include termination because of the officer or employee’s personal dishonesty, incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of any law, rule, or regulation (other than traffic violations or similar offenses) or final cease-and-desist order, or material breach of any provision of the contract.

(2) If the officer or employee is suspended and/or temporarily prohibited from participating in the conduct of the mutual holding company’s affairs by a notice served under section 8 (e)(3) or (g)(1) of Federal Deposit Insurance Act (12 U.S.C. 1818 (e)(3) and (g)(1)) the mutual holding company’s obligations under the contract shall be suspended as of the date of service unless stayed by appropriate proceedings. If the charges in the notice are dismissed, the mutual holding company may in its discretion:

(i) Pay the officer or employee all or part of the compensation withheld while its contract obligations were suspended, and

(ii) Reinstate (in whole or in part) any of its obligations which were suspended.

(3) If the officer or employee is removed and/or permanently prohibited from participating in the conduct of the mutual holding company’s affairs by an order issued under section 8 (e)(4) or (g)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1818 (e)(4) or (g)(1)), all obligations of the mutual holding company under the contract shall terminate as of the effective date of the order, but vested rights of the contracting parties shall not be affected.

(4) If the subsidiary savings association is in default (as defined in section 3(x)(1) of the Federal Deposit Insurance Act), all obligations under the contract shall terminate as of the date of default, but this paragraph (b) shall not affect any vested rights of the contracting parties: Provided, that this paragraph (b) need not be included in an employment contract if prior written approval is secured from the Board.

(5) If the mutual holding company is subject to bankruptcy proceedings...
under title 11 of the United States Code, all obligations of the mutual holding company under the contract shall terminate as of the date that the petition is filed, but vested rights of the contracting parties shall not be affected; Provided, that this paragraph (b) need not be included in an employment contract if prior written approval is secured from the Board.

(6) All obligations under the contract shall be terminated, except to the extent determined that continuation of the contract is necessary to the continued operation of the mutual holding company—

(i) By the Board, at the time the Federal Deposit Insurance Corporation enters into an agreement to provide assistance to or on behalf of the subsidiary savings association under the authority contained in 13(c) of the Federal Deposit Insurance Act; or

(ii) By the Board, at the time the Board approves a supervisory merger to resolve problems related to operation of the mutual holding company or when the mutual holding company is determined by the Board to be in an unsafe or unsound condition.

Subpart E—Conversions From Mutual to Stock Form

§ 239.50 Purpose and scope.

(a) General. This subpart governs how a mutual holding company may convert from the mutual to the stock form of ownership. This subpart supersedes all inconsistent charter and bylaw provisions of mutual holding companies converting to stock form.

(b) Prescribed forms. A mutual holding company must use the forms prescribed under this subpart and provide such information as the Board may require under the forms by regulation or otherwise. The forms required under this subpart include: Form AC (Application for Conversion); Form PS (Proxy Statement); Form OC (Offering Circular); and Form OF (Order Form).

(c) Waivers. The Board may waive any requirement of this subpart or a provision in any prescribed form. To obtain a waiver, a mutual holding company must file a written request with the Board that:

(1) Specifies the requirement(s) or provision(s) that the mutual holding company wants the Board to waive;

(2) Demonstrates that the waiver is equitable; is not detrimental to the mutual holding company, mutual members, or other mutual holding companies or savings associations; and is not contrary to the public interest; and

(3) Includes an opinion of counsel demonstrating that applicable law does not conflict with the waiver of the requirement or provision.

§ 239.51 Acquiring another insured stock depository institution as part of a conversion.

When a mutual holding company converts to stock form, the subsidiary savings association may acquire for cash or stock another insured depository institution that is already in the stock form of ownership.

§ 239.52 Definitions.

The following definitions apply to this subpart and the forms prescribed under this subpart:

(a) Association members or members are persons who, under applicable law, are eligible to vote at the meeting on conversion.

(b) Eligibility record date is the date for determining eligible account holders. The eligibility record date must be at least one year before the date that the board of directors adopts the plan of conversion.

(c) Eligible account holders are any persons holding qualifying deposits on the eligibility record date.

(d) IRS is the United States Internal Revenue Service.

(e) Local community includes:

(1) Every county, parish, or similar governmental subdivision in which the mutual holding company has a home or branch office;

(2) Each county’s, parish’s, or subdivision’s metropolitan statistical area;

(3) All zip code areas in the mutual holding company’s Community Reinvestment Act assessment area; and

(4) Any other area or category the mutual holding company sets out in its plan of conversion, as approved by the Board.
§ 239.53 Prior to conversion.

(a) Pre-filing meeting and consultation.
(1) The mutual holding company’s board, or a subcommittee of the board, may meet with the staff of the appropriate Reserve Bank or Board staff before the mutual holding company’s board of directors votes on the plan of conversion. At that meeting the mutual holding company may provide the Reserve Bank or Board staff with a written strategic plan that outlines the objectives of the proposed conversion.
§ 239.53

and the intended use of the conversion proceeds.

(2) The mutual holding company should also consult with the Board or appropriate Reserve Bank before it files its application for conversion. The Reserve Bank or Board will discuss the information that the mutual holding company must include in the application for conversion, general issues that the mutual holding company may confront in the conversion process, and any other pertinent issues.

(b) Business plan. (1) Prior to filing an application for conversion, the mutual holding company must adopt a business plan reflecting the mutual holding company’s intended plans for deployment of the proposed conversion proceeds. The business plan is required, under §239.55(b), to be included in the mutual holding company’s conversion application. At a minimum, the business plan must address:

(i) The subsidiary savings association’s projected operations and activities for three years following the conversion. The business plan must describe how the conversion proceeds will be deployed at the savings association (and holding company, if applicable), what opportunities are available to reasonably achieve the planned deployment of conversion proceeds in the relevant proposed market areas, and how its deployment will provide a reasonable return on investment commensurate with investment risk, investor expectations, and industry norms, by the final year of the business plan. The business plan must include three years of projected financial statements. The business plan must provide that the subsidiary savings associations receive at least 50 percent of the net conversion proceeds. The Board may require that a larger percentage of proceeds be contributed to the subsidiary savings associations.

(ii) The mutual holding company’s plan for deploying conversion proceeds to meet credit and lending needs in the proposed market areas. The Board strongly discourages business plans that provide for a substantial investment in mortgage securities or other securities, except as an interim measure to facilitate orderly, prudent deployment of proceeds during the three years following the conversion, or as part of a properly managed leverage strategy.

(iii) The risks associated with the plan for deployment of conversion proceeds, and the effect of this plan on management resources, staffing, and facilities.

(iv) The expertise of the mutual holding company and saving association subsidiary’s management and board of directors, or that the mutual holding company has planned for adequate staffing and controls to prudently manage the growth, expansion, new investment, and other operations and activities proposed in its business plan.

(2) The mutual holding company may not project returns of capital or special dividends in any part of the business plan. A newly converted company may not plan on stock repurchases in the first year of the business plan.

(c) Management and board review of business plan. (1) The chief executive officer and members of the board of directors of the mutual holding company must review, and at least two-thirds of the board of directors must approve, the business plan.

(2) The chief executive officer and at least two-thirds of the board of directors of the mutual holding company must certify that the business plan accurately reflects the intended plans for deployment of conversion proceeds, and that any new initiatives reflected in the business plan are reasonably achievable. The mutual holding company must submit these certifications with its business plan, as part of the conversion application under paragraph (b) of this section.

(d) Board review of the business plan. (1) The Board will review the business plan to determine whether it demonstrates a safe and sound deployment of conversion proceeds, as part of its review of the conversion application. In making its determination, the Board will consider how the mutual holding company has addressed the applicable factors of paragraph (b) of this section. No single factor will be determinative. The Board will review every case on its merits.

(2) The mutual holding company must file its business plan with the appropriate Reserve Bank. The Board or
appropriate Reserve Bank may request additional information, if necessary, to support its determination under paragraph (d)(1) of this section. The mutual holding company must file its business plan as a confidential exhibit to the Form AC.

(3) If the Board approves the application for conversion and the mutual holding company completes the conversion, the resulting stock holding company must operate within the parameters of the business plan. The Board must approve any material deviation from the business plan in writing prior to such material deviation.

(e) Disclosure of business plan. (1) The mutual holding company may discuss information about the conversion with individuals that it authorizes to prepare documents for the conversion.

(2) Except as permitted under paragraph (e)(1) of this section, the mutual holding company must keep all information about the conversion confidential until the board of directors adopts the plan of conversion.

(3) If the mutual holding company violates this section, the Board may require it to take remedial action. For example, the Board may require the mutual holding company to take any or all of the following actions:

(i) Publicly announce that the mutual holding company is considering a conversion;

(ii) Set an eligibility record date acceptable to the Board;

(iii) Limit the subscription rights of any person who violates or aids in a violation of this section; or

(iv) Take any other action to ensure that the conversion is fair and equitable.

§ 239.54 Plan of conversion.

(a) Adoption by the board of directors. Prior to filing an application for conversion, the board of directors of the mutual holding company must adopt a plan of conversion that conforms to §§239.59 through 239.62 and 239.63(b). The board of directors must adopt the plan by at least a two-thirds vote. The plan of conversion is required, under §239.55(b), to be included in the conversion application.

(b) Contents of the plan of conversion. The mutual holding company must include the information included in §§239.59 through 239.62 and 239.63(b) in the plan of conversion. The Board may require the mutual holding company to delete or revise any provision in the plan of conversion if the Board determines the provision is inequitable; is detrimental to the mutual holding company, the account holders, other mutual holding companies, or other savings associations; or is contrary to public interest.

(c) Notice of board of directors’ approval of the plan of conversion—(1) Notice. The mutual holding company must promptly notify its members that the board of directors adopted a plan of conversion and that a copy of the plan is available for the members’ inspection in the mutual holding company’s home office and in each of the subsidiary savings association’s branch offices. The mutual holding company must mail a letter to each member or publish a notice in the local newspaper in every local community where the savings association has an office. The mutual holding company may also issue a press release. The Board may require broader publication, if necessary, to ensure adequate notice to the members.

(2) Contents of notice. The mutual holding company may include any of the following statements and descriptions in the letter, notice, or press release.

(i) The board of directors adopted a proposed plan to convert from mutual to stock form.

(ii) The mutual holding company will send its members a proxy statement with detailed information on the proposed conversion before the mutual holding company convenes a members’ meeting to vote on the conversion.

(iii) The members will have an opportunity to approve or disapprove the proposed conversion at a meeting. At least a majority of the eligible votes must approve the conversion.

(iv) The mutual holding company will not vote existing proxies to approve or disapprove the conversion.

(v) The mutual holding company will solicit new proxies for voting on the proposed conversion.
§ 239.55 Filing requirements.

(a) Applications under this subpart. Any filing with the Board required under this subpart must be filed in accordance with §238.14 of this chapter. The Board will review any filing made under this subpart in accordance with §238.14 of this chapter.

(b) Requirements. (1) The application for conversion must include all of the following information.

(vii) The business plan, submitted as a separately bound, confidential exhibit. See paragraph (c) of this section.

(viii) Any additional information the Board requests.

(2) The Board will not accept for filing, and will return, any application for conversion that is improperly executed, materially deficient, substantially incomplete, or that provides for unreasonable conversion expenses.

(c) Filing an application for conversion. (1) The mutual holding company must file the application for conversion on Form AC with the appropriate Reserve Bank.

(2) Upon receipt of an application under this subpart, the Reserve Bank will promptly furnish notice and a copy of the application to the primary federal supervisor of any subsidiary savings association. The primary supervisor will have 30 calendar days from the date of the letter giving notice in which to submit its views and recommendations to the Board.

(d) Confidential treatment of portions of an application for conversion. (1) The Board makes all filings under this subpart available to the public, but may keep portions of the application for conversion confidential under paragraph (d)(2) of this section.

(2) The mutual holding company may request the Board keep portions of the application confidential. To do so, the mutual holding company must separately bind and clearly designate as “confidential” any portion of the application for conversion that the mutual holding company deems confidential. The mutual holding company must provide a written statement specifying the grounds supporting the request for confidentiality. The Board will not treat as confidential the portion of the application describing how the mutual holding company plans to meet the Community Reinvestment Act (CRA) objectives. The CRA portion of the application may not incorporate by reference information contained in the confidential portion of the application.

(3) The Board will determine whether confidential information must be made available to the public under 5 U.S.C. 552 and part 261 of this chapter. The Board will advise the mutual holding company before it makes information the mutual holding company designated as “confidential” available to the public.

(e) Amending an application for conversion. To amend an application for conversion, the mutual holding company must:

(1) File an amendment with an appropriate facing sheet;

(2) Number each amendment consecutively;

(3) Respond to all issues raised by the Board; and

(4) Demonstrate that the amendment conforms to all applicable regulations.

(f) Notice of filing of application and comment process—(1) Public notice of an application for conversion. (i) The mutual holding company must publish a public notice of the application for conversion in accordance with the procedures in §238.14 of this chapter. The mutual holding company must simultaneously prominently post the notice in its home office and in all of the branch offices of its subsidiary savings associations.

(ii) Promptly after publication, the mutual holding company must file a copy of any public notice and an affidavit of publication from each publisher with the appropriate Reserve Bank.

(iii) If the Board does not accept the application for conversion under §239.55(g) and requires the mutual holding company to file a new application,
§ 239.55

the mutual holding company must publish and post a new notice and allow an additional 30 days for comment.

(2) Public comments. Commenters may submit comments on the application in accordance with the procedures in §239.14 of this chapter. A commenter must file any comments with the appropriate Reserve Bank.

(g) Board review of the application for conversion—(1) Board action on a conversion application. The Board may approve an application for conversion only if:

(i) The conversion complies with this subpart;

(ii) The mutual holding company will meet all applicable regulatory capital requirements after the conversion; and

(iii) The conversion will not result in a taxable reorganization under the Internal Revenue Code of 1986, as amended.

(2) Board review of appraisal. The Board will review the appraisal required by paragraph (b)(1)(ii) of this section in determining whether to approve the application. The Board will review the appraisal under the following requirements.

(i) Independent persons experienced and expert in corporate appraisal, and acceptable to the Board, must prepare the appraisal report.

(ii) An affiliate of the appraiser may serve as an underwriter or selling agent, if the mutual holding company ensures that the appraiser is separate from the underwriter or selling agent affiliate and the underwriter or selling agent affiliate does not make recommendations or affect the appraisal.

(iii) The appraiser may not receive any fee in connection with the conversion other than for appraisal services.

(iv) The appraisal report must include a complete and detailed description of the elements of the appraisal, a justification for the appraisal methodology, and sufficient support for the conclusions.

(v) If the appraisal is based on a capitalization of the pro forma income, it must indicate the basis for determining the income to be derived from the sale of shares, and demonstrate that the earnings multiple used is appropriate, including future earnings growth assumptions.

(vi) If the appraisal is based on a comparison of the shares with outstanding shares of existing stock associations, the existing stock associations must be reasonably comparable in size, market area, competitive conditions, risk profile, profit history, and expected future earnings.

(vii) The Board may decline to process the application for conversion and deem it materially deficient or substantially incomplete if the initial appraisal report is materially deficient or substantially incomplete.

(viii) The mutual holding company may not represent or imply that the Board has approved the appraisal.

(3) Board review of compliance record. The Board will review the compliance record of the subsidiary savings association under the regulations applicable to the savings association and the business plan to determine how the conversion will affect the convenience and needs of its communities.

(i) Based on this review, the Board may approve the application, deny the application, or approve the application on the condition that the resulting stock holding company will improve the CRA performance or will address the credit and lending needs of the communities that it will serve.

(ii) The Board may deny the application if the business plan does not demonstrate that the proposed use of conversion proceeds will help the resulting stock holding company to meet the credit and lending needs of the communities that the resulting stock holding company will serve.

(4) The Board may request that the mutual holding company amend the application if further explanation is necessary, material is missing, or material must be corrected.

(5) The Board will deny the application if the application does not meet the requirements of this subpart, unless the Board waives the requirement under §239.50(c).

(b) Judicial review. (1) Any person aggrieved by the Board’s final action on the application for conversion may ask the court of appeals of the United States for the circuit in which the principal office or residence of such person is located, or the U.S. Court of Appeals for the District of Columbia

(2) Members of the mutual holding company must comply with these proxy solicitation provisions when they provide proxy solicitation materials to members for the meeting to vote on the conversion, pursuant to paragraph (f) of this section except where:

(i) The member solicits 50 people or fewer and does not solicit proxies on
behalf of the mutual holding company; or
(ii) The member solicits proxies through newspaper advertisements after the board of directors adopts the plan of conversion. Any newspaper advertisements may include only the following information:

(10) A statement in bold face type indicating how management will vote the proxy if the member does not specify a choice for a matter.

(c) Permissible use of proxies. (1) The mutual holding company may not use previously executed proxies for the plan of conversion vote. If members consider the plan of conversion at an annual meeting, the mutual holding company may vote proxies obtained through other proxy solicitations only on matters not related to the plan of conversion.
(2) The mutual holding company may vote a proxy obtained under this subpart on matters that are incidental to the conduct of the meeting. The mutual holding company or its management may not vote a proxy obtained under this subpart at any meeting other than the meeting (or any adjournment of the meeting) to vote on the plan of conversion.

(d) Proxy statement requirements—(1) Content requirements. The mutual holding company must prepare the proxy statement in compliance with this subpart and Form PS. The mutual holding company may obtain Form PS from the appropriate Reserve Bank and the Board’s Web site (http://www.federalreserve.gov).
(2) Other requirements. (i) The Board will review the proxy solicitation material in its review of the application for conversion.
(ii) The mutual holding company must provide a written proxy statement to the members before or at the same time the mutual holding company provides any other soliciting material. The mutual holding company must mail proxy solicitation material to the members no later than ten days after the Board approves the conversion.
(e) Filing revised proxy materials. (1) The mutual holding company must file revised proxy materials as an amendment to the application for conversion.
(2) To revise the proxy solicitation materials, the mutual holding company must file:

(5) Unless the Board requests the mutual holding company to do so, the mutual holding company does not have to file copies of replies to inquiries from the members or copies of communications that merely request members to sign and return proxy forms.

§ 239.58 Mailing proxy solicitation material.

(1) The mutual holding company must mail the member’s proxy solicitation material if:

(i) The board of directors adopted a plan of conversion;

(4) The mutual holding company is not responsible for the content of a member’s proxy solicitation material.

(5) A member may furnish other members its own proxy solicitation material, subject to the rules in this section.

§ 239.58 Offering circular.

(a) Filing requirements. (1) The mutual holding company must prepare and file the offering circular with the appropriate Reserve Bank in compliance with this subpart and Form OC. The mutual holding company may obtain Form OC from the Reserve Bank and the Board’s Web site (http://www.federalreserve.gov).

(2) The mutual holding company must condition the stock offering upon the time and the circumstances of the statement:

(A) Is false or misleading with respect to any material fact;
(B) Omits any material fact that is necessary to make the statements not false or misleading; or
(C) Omit any material fact that is necessary to correct a statement in an earlier communication that has become false or misleading.

(ii) No one may represent or imply that the Board determined that the proxy solicitation material is accurate, complete, not false or not misleading, or passed upon the merits of or approved any proposal.

(2) Other prohibited solicitations. No person may solicit:

(i) An undated or post-dated proxy;
(ii) A proxy that states it will be dated after the date it is signed by a member;
(iii) A proxy that is not revocable at will by the member; or
(iv) A proxy that is part of another document or instrument.

(3) If a solicitation violates this section, the Board may require remedial measures, including:

(i) Correction of the violation by a retraction and a new solicitation;
(ii) Rescheduling the members’ meeting; or
(iii) Any other actions necessary to ensure a fair vote.

(4) The Board may also bring an enforcement action against the violator for violations of this section.

(h) Re-soliciting proxies. If the mutual holding company amends its application for conversion, the Board may require it to re-solicit proxies for the members’ meeting as a condition of approval of the amendment.
§ 239.59 Offers and sales of stock.

(a) Purchase priorities. The mutual holding company must offer to sell the conversion shares in the following order:

(1) Eligible account holders.
(2) Tax-qualified employee stock ownership plans.
(3) Supplemental eligible account holders.
(4) Other voting members who have subscription rights.
(5) The community, the community and the general public, or the general public.

(b) Offering conversion shares. (1) The mutual holding company may offer to sell the conversion shares if the Board approves the conversion, subject to compliance with requirements of the Securities and Exchange Commission.
(2) The offer may commence at the same time as the proxy solicitation of the members begins.

(c) Pricing conversion shares. (1) The conversion shares must be sold at a uniform price per share and at a total price that is equal to the estimated pro forma market value of the shares after conversion.
(2) The maximum price must be no more than 15 percent above the midpoint of the estimated price range in the offering circular.
(3) The minimum price must be no more than 15 percent below the midpoint of the estimated price range in the offering circular.
(4) If the Board permits, the maximum price of conversion shares sold may be increased. The maximum price, as adjusted, must be no more than 15 percent above the maximum price computed under paragraph (c)(2) of this section.
(5) The maximum price must be between $5 and $50 per share.
(6) The mutual holding company must include the estimated price in any preliminary offering circular.

(d) Selling conversion shares. (1) The mutual holding company must distribute order forms to all eligible account holders, supplemental eligible account holders, and other voting members to enable them to subscribe for the conversion shares they are permitted under the plan of conversion. The mutual holding company may either send the order forms with the offering circular or after it distributes the offering circular.
(2) The mutual holding company may sell the conversion shares in a community offering, a public offering, or both. The mutual holding company may
begin the community offering, the public offering, or both at any time during the subscription offering or upon conclusion of the subscription offering.

(3) The mutual holding company may pay underwriting commissions (including underwriting discounts). The Board may object to the payment of unreasonable commissions. The mutual holding company may reimburse an underwriter for accountable expenses in a subscription offering if the public offering is limited. If no public offering occurs, the mutual holding company may pay an underwriter a consulting fee. The Board may object to the payment of unreasonable consulting fees.

(4) If the mutual holding company conducts the community offering, the public offering, or both at the same time as the subscription offering, it must fill all subscription orders first.

(5) The mutual holding company must prepare the order form in compliance with this subpart and Form OF. The mutual holding company may obtain Form OF from the Reserve Bank and from the Board’s Web site (www.federalreserve.gov).

(e) Prohibited sales practices. (1) In connection with offers, sales, or purchases of conversion shares under this subpart, the mutual holding company and its directors, officers, agents, or employees may not:

(i) Employ any device, scheme, or artifice to defraud;

(ii) Obtain money or property by means of any untrue statement of a material fact or any omission of a material fact necessary to make the statements, in light of the circumstances under which they were made, not misleading; or

(iii) Engage in any act, transaction, practice, or course of business that operates or would operate as a fraud or deceit upon a purchaser or seller.

(2) During the conversion, no person may:

(i) Transfer, or enter into any agreement or understanding to transfer, the legal or beneficial ownership of subscription rights for the conversion shares or the underlying securities to the account of another;

(ii) Make any offer, or any announcement of an offer, to purchase any of the conversion shares from anyone but the mutual holding company; or

(iii) Knowingly acquire more than the maximum purchase allowable under the plan of conversion.

(3) The restrictions in paragraphs (e)(2)(i) and (e)(2)(ii) of this section do not apply to offers for more than 10 percent of any class of conversion shares by:

(i) An underwriter or a selling group, acting on behalf of the mutual holding company or resulting stock holding company, that makes the offer with a view toward public resale; or

(ii) One or more of the tax-qualified employee stock ownership plans so long as the plan or plans do not beneficially own more than 25 percent of any class of the equity securities in the aggregate.

(4) Any person that violates the restrictions in paragraphs (e)(2)(i) and (e)(2)(ii) of this section may face prosecution or other legal action.

(f) Payment for conversion shares. (1) A subscriber may purchase conversion shares with cash, by a withdrawal from a savings account, or a withdrawal from a certificate of deposit. If a subscriber purchases conversion shares by a withdrawal from a certificate of deposit, the mutual holding company or its subsidiary savings association may not assess a penalty for the withdrawal.

(2) The mutual holding company may not extend credit to any person to purchase the conversion shares.

(g) Interest on payments for conversion shares. (1) The mutual holding company or its subsidiary savings association must pay interest from the date it receives a payment for conversion shares until the date it completes or terminates the conversion. (2) If a subscriber withdraws money from a savings account to purchase conversion shares, the mutual holding company
§ 239.59

Company or its subsidiary savings association must pay interest on the payment until the mutual holding company completes or terminates the conversion as if the withdrawn amount remained in the account.

(3) If a depositor fails to maintain the applicable minimum balance requirement because he or she withdraws money from a certificate of deposit to purchase conversion shares, the mutual holding company or its subsidiary savings association may cancel the certificate and pay interest at no less than the passbook rate on any remaining balance.

(h) Subscription rights for each eligible account holder and each supplemental eligible account holder. (1) The mutual holding company must give each eligible account holder subscription rights to purchase conversion shares in an amount equal to the greater of:

(i) The maximum purchase limitation established for the community offering or the public offering under paragraph (p) of this section;

(ii) One-tenth of one percent of the total stock offering;

(iii) Fifteen times the following number: The total number of conversion shares that the mutual holding company will issue, multiplied by the following fraction: the numerator is the total qualifying deposit of the eligible account holder, and the denominator is the total qualifying deposits of all eligible account holders. The mutual holding company must round down the product of this multiplied fraction to the next whole number.

(2) The mutual holding company must give subscription rights to purchase shares to each supplemental eligible account holder in the same amount as described in paragraph (h)(1) of this section, except that the mutual holding company must compute the fraction described in paragraph (h)(1)(iii) of this section as follows: the numerator is the total qualifying deposit of the supplemental eligible account holder, and the denominator is the total qualifying deposits of all supplemental eligible account holders.

(i) Officers, directors, and their associates as eligible account holders. The officers, directors, and their associates of the mutual holding company and subsidiary savings association may be eligible account holders. However, if an officer, director, or his or her associate receives subscription rights based on increased deposits in the year before the eligibility record date, the mutual holding company must subordinate subscription rights for these deposits to subscription rights exercised by other eligible account holders.

(j) Other voting members eligible to purchase conversion shares. (1) The mutual holding company must give rights to purchase the conversion shares in the conversion to voting members who are neither eligible account holders nor supplemental eligible account holders. The mutual holding company must allocate rights to each voting member that are equal to the greater of:

(i) The maximum purchase limitation established for the community offering and the public offering under paragraph (p) of this section; or

(ii) One-tenth of one percent of the total stock offering.

(2) The mutual holding company must subordinate the voting members' rights to the rights of eligible account holders, tax-qualified employee stock ownership plans, and supplemental eligible account holders.

(k) Purchase limitations for officers, directors, and their associates. (1) When the mutual holding company converts, the officers, directors, and their associates of the mutual holding company and subsidiary savings association may not purchase, in the aggregate, more than the following percentage of the total stock offering:

(2) The purchase limitations in this section do not apply to shares held in tax-qualified employee stock benefit plans that are attributable to the officers, directors, and their associates.
(1) **Allocating conversion shares in the event of oversubscription.** (1) If the conversion shares are oversubscribed by the eligible account holders, the mutual holding company must allocate shares among the eligible account holders so that, to the extent possible, may purchase 100 shares.

(2) If the conversion shares are oversubscribed by the supplemental eligible account holders, the mutual holding company must allocate shares among the supplemental eligible account holders so that, to the extent possible, may purchase 100 shares.

(3) If a person is an eligible account holder and a supplemental eligible account holder, the mutual holding company must include the eligible account holder’s allocation in determining the number of conversion shares that the mutual holding company may allocate to the person as a supplemental eligible account holder.

(4) For conversion shares that the mutual holding company does not allocate under paragraphs (l)(1) and (l)(2) of this section, the mutual holding company must allocate the shares among the eligible or supplemental eligible account holders equitably, based on the amounts of qualifying deposits. The mutual holding company must describe this method of allocation in its plan of conversion.

(5) If shares remain after the mutual holding company has allocated shares as provided in paragraphs (l)(1) and (l)(2) of this section, and if the voting members oversubscribe, the mutual holding company must allocate the conversion shares among those members equitably. The mutual holding company must describe the method of allocation in its plan of conversion.

**m) Employee stock ownership plan purchase of conversion shares.** (1) The tax-qualified employee stock ownership plan of the mutual holding company may purchase up to the 10 percent limit in paragraph (m)(1) of this section.

(3) If the tax-qualified employee stock ownership plan is not able to or chooses not to purchase stock in the offering, it may, with prior Board approval and appropriate disclosure in the offering circular, purchase stock in the open market, or purchase authorized but unissued conversion shares.

(4) The mutual holding company may include stock contributed to a charitable organization in the conversion in the calculation of the total offering of conversion shares under paragraphs (m)(1) and (m)(2) of this section, unless the Board objects on supervisory grounds.

**n) Purchase limitations.** (1) The mutual holding company may limit the number of shares that any person, group of associated persons, or persons otherwise acting in concert, may subscribe to up to five percent of the total stock sold.

(2) If the mutual holding company sets a limit of five percent under paragraph (n)(1) of this section, it may modify that limit with Board approval to provide that any person, group of associated persons, or persons otherwise acting in concert subscribing for five percent, may purchase between five and ten percent as long as the aggregate amount that the subscribers purchase does not exceed 10 percent of the total stock offering.

(3) The mutual holding company may require persons exercising subscription rights to purchase a minimum number of conversion shares. The minimum number of shares must equal the lesser of the number of shares obtained by a $500 subscription or 25 shares.

(4) In setting purchase limitations under this section, the mutual holding company may not aggregate conversion shares attributed to a person in the tax-qualified employee stock ownership plan with shares purchased directly by, or otherwise attributable to, that person.

**o) Purchase preference for persons in the local community.** (1) In the subscription offering, subject to the purchase priorities set forth in paragraph (a) of this section, the mutual holding company may give a purchase preference to
eligible account holders, supplemental eligible account holders, and voting members residing in the local community.

(2) In the community offering, the mutual holding company must give a purchase preference to natural persons residing in the local community.

(p) Conditions on community offerings and public offerings.

(1) If the mutual holding company offers conversion shares in a community offering, a public offering, or both, it must offer and sell the stock to achieve a widespread distribution of the stock.

(2) If the mutual holding company offers shares in a community offering, a public offering, or both, it must first fill orders for the stock up to a maximum of two percent of the conversion stock on a basis that will promote a widespread distribution of stock. The mutual holding company must allocate any remaining shares on an equal number of shares per order basis until it fills all orders.

§ 239.60 Completion of the offering.

(a) Deadline for completing the sale of stock. The mutual holding company must complete all sales of the stock within 45 calendar days after the last day of the subscription period, unless the offering is extended under paragraph (b) of this section.

(b) Offering period extension. (1) The mutual holding company must request, in writing, an extension of any offering period.

(2) The Board may grant extensions of time to sell the shares. The Board will not grant any single extension of more than 90 days.

(3) If the Board grants the request for an extension of time, the mutual holding company must provide a post-effective amendment to the offering circular under §239.58(c) to each person who subscribed for or ordered stock. The amendment must indicate that the Board extended the offering period and that each person who subscribed for or ordered stock may increase, decrease, or rescind their subscription or order within the time remaining in the extension period.

§ 239.61 Completion of the conversion.

(a) Completion of the conversion. (1) In the plan of conversion, the mutual holding company must set a date by which the conversion must be completed. This date must not be more than 24 months from the date that the members approve the plan of conversion. The date, once set, may not be extended by the mutual holding company or by the Board. The mutual holding company must terminate the conversion if it is not completed by that date.

(2) The conversion is complete on the date that the mutual holding company accepts the offers for stock of the resulting stock holding company.

(b) Termination of the conversion. (1) The members may terminate the conversion by failing to approve the conversion at the members’ meeting.

(2) The mutual holding company may terminate the conversion before the members’ meeting.

(3) The mutual holding company may terminate the conversion after the members’ meeting only if the Board concurs.

(c) Voting rights for stockholders following conversion. The resulting stock holding company must provide the stockholders with exclusive voting rights.

(d) Rights of savings account holders. The resulting stock holding company must provide a liquidation account for each eligible and supplemental eligible account holder under §239.62(a)(1)–(3).

§ 239.62 Liquidation accounts.

(a) Liquidation account. (1) A liquidation account represents the potential interest of eligible account holders and supplemental eligible account holders in the mutual holding company’s net worth at the time of conversion. The resulting stock holding company must maintain a sub-account to reflect the interest of each account holder.

(2) Before the resulting stock holding company may provide a liquidation distribution to common stockholders, the resulting stock holding company must give a liquidation distribution to those eligible account holders and supplemental eligible account holders who hold savings accounts from the time of conversion until liquidation.
(3) The resulting stock holding company may not record the liquidation account in the financial statements. The resulting stock holding company must disclose the liquidation account in the footnotes to the financial statements.

(4) The initial balance of the liquidation account is the net worth in the statement of financial condition included in the final offering circular.

(b) Liquidation sub-accounts. (1)(i) The resulting stock holding company determines the initial sub-account balance for a savings account held by an eligible account holder by multiplying the initial balance of the liquidation account by the following fraction: The numerator is the qualifying deposit in the savings account on the eligibility record date. The denominator is total qualifying deposits of all eligible account holders on that date.

(ii) The resulting stock holding company determines the initial sub-account balance for a savings account held by a supplemental eligible account holder by multiplying the initial balance of the liquidation account by the following fraction: The numerator is the qualifying deposit in the savings account on the supplemental eligibility record date. The denominator is total qualifying deposits of all supplemental eligible account holders on that date.

(iii) If an account holder holds a savings account on the eligibility record date and a separate savings account on the supplemental eligibility record date, the resulting stock holding company must compute separate sub-accounts for the qualifying deposits in the savings account on each record date.

(2) The resulting stock holding company may not increase the initial sub-account balances. The resulting stock holding company must decrease the initial balance under §239.62(d) as depositors reduce or close their accounts.

(c) Retention of voting rights based on liquidation sub-accounts. Eligible account holders or supplemental eligible account holders do not retain any voting rights based on their liquidation sub-accounts.

(d) Adjusting liquidation sub-accounts. (1)(i) The resulting stock holding company must reduce the balance of an eligible account holder’s or supplemental eligible account holder’s sub-account if the deposit balance in the account holder’s savings account at the close of business on any annual closing date, which for purposes of this section is the fiscal year end, after the relevant eligibility record dates is less than:

(A) The deposit balance in the account holder’s savings account at the close of business on any other annual closing date after the relevant eligibility record date; or

(B) The qualifying deposits in the account holder’s savings account on the relevant eligibility record date.

(ii) The reduction must be proportionate to the reduction in the deposit balance.

(2) If the resulting stock holding company reduces the balance of a liquidation sub-account, the resulting stock holding company may not subsequently increase it if the deposit balance increases.

(3) The resulting stock holding company is not required to adjust the liquidation account and sub-account balances at each annual closing date if it maintains sufficient records to make the computations if a liquidation subsequently occurs.

(4) The resulting stock holding company must maintain the liquidation sub-account for each account holder as long as the account holder maintains an account with the same social security number or tax identification number, as applicable.

(5) If there is a complete liquidation, the resulting stock holding company must provide each account holder with a liquidation distribution in the amount of the sub-account balance.

(e) Liquidation defined. (1) For purposes of this subpart, a liquidation is a sale of the assets and settlement of the liabilities with the intent to cease operations and close. Upon liquidation, the resulting stock holding company must return the charter to the governmental agency that issued it. The government agency must cancel the charter.

(2) A merger, consolidation, or similar combination or transaction with another depository institution, is not a liquidation. If the resulting stock holding company is involved in such a...
§ 239.63 Post-conversion.

(a) Management stock benefit plans. (1) During the 12 months after the conversion, the resulting stock holding company may implement a stock option plan (Option Plan), an employee stock ownership plan or other tax-qualified employee stock benefit plan (collectively, ESOP), and a management recognition plan (MRP), provided the resulting stock holding company meets all of the following requirements.

(i) The resulting stock holding company discloses the plans in the proxy statement and offering circular and indicates in the offering circular that there will be a separate shareholder vote on the Option Plan and the MRP at least six months after the conversion. No shareholder vote is required to implement the ESOP. The ESOP must be tax-qualified.

(ii) The Option Plan does not exceed more than ten percent of the number of shares that the resulting stock holding company issued in the conversion.

(3)(A) The ESOP and MRP do not exceed, in the aggregate, more than ten percent of the number of shares that the resulting stock holding company issued in the conversion. If the resulting stock holding company has tangible capital of ten percent or more following the conversion, the Board may permit the ESOP and MRP to represent, in the aggregate, up to 12 percent of the number of shares issued in the conversion; and

(B) The MRP does not exceed more than three percent of the number of shares that the resulting stock holding company issued in the conversion. If the resulting stock holding company has tangible capital of ten percent or more after the conversion, the Board may permit the MRP to represent up to four percent of the number of shares that the resulting stock holding company issued in the conversion.

(iv) No individual receives more than 25 percent of the shares under any plan.

(v) The directors who are not the officers do not receive more than five percent of the shares of the MRP or Option Plan individually, or 30 percent of any such plan in the aggregate.

(vi) The shareholders approve each of the Option Plan and the MRP by a majority of the total votes eligible to be cast at a duly called meeting before the resulting stock holding company establishes or implements the plan. The resulting stock holding company may not hold this meeting until six months after the conversion.

(vii) When the resulting stock holding company distributes proxies or related material to shareholders in connection with the vote on a plan, the resulting stock holding company states that the plan complies with Board regulations and that the Board does not endorse or approve the plan in any way. The resulting stock holding company may not make any written or oral representations to the contrary.

(viii) The resulting stock holding company does not grant stock options at less than the market price at the time of grant.

(ix) The resulting stock holding company does not fund the Option Plan or the MRP at the time of the conversion.

(x) The plan does not begin to vest earlier than one year after shareholders approve the plan, and does not vest at a rate exceeding 20 percent per year.

(xi) The plan permits accelerated vesting only for disability or death, or if the resulting stock holding company undergoes a change of control.

(xii) The plan provides that the executive officers or directors must exercise or forfeit their options in the event the institution becomes critically undercapitalized under the applicable regulatory capital requirements, is subject to Board enforcement action, or receives a capital directive under § 263.83 of this chapter.

(xiii) The resulting stock holding company files a copy of the proposed Option Plan or MRP with the Board and certifies to the Board that the plan approved by the shareholders is the same plan that the resulting stock holding company filed with, and disclosed in, the proxy materials distributed to shareholders in connection with the vote on the plan.
(xiv) The resulting stock holding company files the plan and the certification with the Board within five calendar days after the shareholders approve the plan.

(2) The resulting stock holding company may provide dividend equivalent rights or dividend adjustment rights to allow for stock splits or other adjustments to the stock in the ESOP, MRP, and Option Plan.

(3) The restrictions in paragraph (a)(1) of this section do not apply to plans implemented more than 12 months after the conversion, provided that materials pertaining to any shareholder vote regarding such plans are not distributed within the 12 months after the conversion. If a plan adopted in conformity with paragraph (a)(1) of this section is amended more than 12 months following the conversion, the shareholders must ratify any material deviations to the requirements in paragraph (a)(1) of this section.

(b) Restrictions on the sale of conversion shares by directors, officers, and their associates.

(1) Directors and officers who purchase conversion shares may not sell the shares for one year after the date of purchase, except that in the event of the death of the officer or director, the successor in interest may sell the shares.

(2) The resulting stock holding company must include notice of the restriction described in paragraph (b)(1) of this section on each certificate of stock that a director or officer purchases during the conversion or receives in connection with a stock dividend, stock split, or otherwise with respect to such restricted shares.

(3) The resulting stock holding company must instruct the stock transfer agent about the transfer restrictions in this section.

(4) For three years after the resulting stock holding company converts, the officers, directors, and their associates may purchase stock of the resulting stock holding company only from a broker or dealer registered with the Securities and Exchange Commission. However, the officers, directors, and their associates may engage in a negotiated transaction involving more than one percent of the outstanding stock, and may purchase stock through any of the management or employee stock benefit plans.

(c) Repurchase of conversion shares.

(1) The resulting stock holding company may not repurchase its shares in the first year after the conversion except:

(i) In extraordinary circumstances, the resulting stock holding company may make open market repurchases of up to five percent of the outstanding stock in the first year after the conversion if the resulting stock holding company files a notice under paragraph (d)(1) of this section and the Board does not disapprove the repurchase. The Board will not approve such repurchases unless the repurchase meets the standards in paragraph (d)(3) of this section, and the repurchase is consistent with paragraph (c)(3) of this section.

(ii) The resulting stock holding company may repurchase qualifying shares of a director or conduct a Board approved repurchase pursuant to an offer made to all shareholders of the stock holding company.

(iii) Repurchases to fund management recognition plans that have been ratified by shareholders do not count toward the repurchase limitations in this section. Repurchases in the first year to fund such plans require prior written notification to the Board.

(iv) Purchases to fund tax qualified employee stock benefit plans do not count toward the repurchase limitations in this section.

(2) After the first year, the resulting stock holding company may repurchase the shares, subject to all other applicable regulatory and supervisory restrictions and paragraph (c)(3) of this section.

(3) All stock repurchases are subject to the following restrictions.

(i) The resulting stock holding company may not repurchase the shares if the repurchase will reduce its applicable capital levels below the amount required for the liquidation account under §239.62(a). The resulting stock holding company must comply with the capital distribution requirements of this subpart.

(ii) The restrictions on share repurchases apply to a charitable organization under §239.64(b). The resulting stock holding company must aggregate
§ 239.63
12 CFR Ch. II (1–1–16 Edition)

purchases of shares by the charitable organization with the repurchases.

(d) Board review of repurchase of conversion shares. (1) To repurchase stock in the first year following conversion, other than repurchases under paragraphs (c)(1)(iii) or (c)(1)(iv) of this section, the resulting stock holding company must file a written notice with the appropriate Reserve Bank. The resulting stock holding company must provide the following information:

(i) The proposed repurchase program;
(ii) The effect of the repurchases on the regulatory capital and other capital levels; and
(iii) The purpose of the repurchases and, if applicable, an explanation of the extraordinary circumstances necessitating the repurchases.

(2) The resulting stock holding company must file the notice with the appropriate Reserve Bank at least thirty days before the resulting stock holding company begins the repurchase program. The Board may extend its review of the notice for an additional sixty days.

(3) The resulting stock holding company may not repurchase the shares if the Board objects to the repurchase program. The Board will not object to the repurchase program if:

(i) The repurchase program will not adversely affect the financial condition of the resulting savings association;
(ii) The resulting stock holding company submits sufficient information to evaluate the proposed repurchases;
(iii) The resulting stock holding company demonstrate extraordinary circumstances and a compelling and valid business purpose for the share repurchases; and
(iv) The repurchase program would not be contrary to other applicable regulations.

(e) Declaring and paying dividends following conversion. The resulting stock holding company may declare or pay a dividend on its shares after it converts if:

(1) The dividend will not reduce the regulatory capital below the amount required for the liquidation account under § 239.62(a);
(2) The resulting stock holding company complies with all applicable regulatory capital requirements after it declares or pays dividends;
(3) The resulting stock holding company complies with the capital distribution requirements under this subpart; and
(4) The resulting stock holding company does not return any capital, other than ordinary dividends, to purchasers during the term of the business plan submitted with the conversion.

(f) Eligibility to acquire shares after conversion. (1) For three years after the resulting stock holding company converts, no person may, directly or indirectly, acquire or offer to acquire the beneficial ownership of more than ten percent of any class of the equity securities without the Board's prior written approval. If a person violates this prohibition, the resulting stock holding company may not permit the person to vote shares in excess of ten percent, and may not count the shares in excess of ten percent in any shareholder vote.

(2) A person acquires beneficial ownership of more than ten percent of a class of shares when he or she holds any combination of the stock or revocable or irrevocable proxies under circumstances that give rise to a conclusive control determination or rebuttable control determination under §§ 238.21(a) and (d) of this chapter. The Board will presume that a person has acquired shares if the acquiror entered into a binding written agreement for the transfer of shares. For purposes of this section, an offer is made when it is communicated. An offer does not include non-binding expressions of understanding or letters of intent regarding the terms of a potential acquisition.

(3) Notwithstanding the restrictions in this section:

(i) Paragraphs (f)(1) and (f)(2) of this section do not apply to any offer with a view toward public resale made exclusively to the resulting stock holding company, to the underwriters, or to a selling group acting on behalf of the resulting savings association.
(ii) Unless the Board objects in writing, any person may offer or announce an offer to acquire up to one percent of any class of shares. In computing the one percent limit, the person must include all of his or her acquisitions of
the same class of shares during the prior 12 months.

(iii) A corporation whose ownership is, or will be, substantially the same as the ownership may acquire or offer to acquire more than ten percent of the common stock, if it makes the offer or acquisition more than one year after the resulting stock holding company converts.

(iv) One or more of the tax-qualified employee stock benefit plans may acquire the shares, if the plan or plans do not beneficially own more than 25 percent of any class of shares of the resulting savings association in the aggregate.

(v) An acquiror does not have to file a separate application to obtain Board approval under paragraph (f)(1) of this section, if the acquiror files an application under part 238 of this chapter that specifically addresses the criteria listed under paragraph (f)(4) of this section and the resulting stock holding company does not oppose the proposed acquisition.

(4) The Board may deny an application under paragraph (f)(1) of this section if the proposed acquisition:

(i) Is contrary to the purposes of this subpart;

(ii) Is manipulative or deceptive;

(iii) Subverts the fairness of the conversion;

(iv) Is likely to injure the resulting stock holding company;

(v) Is inconsistent with the plan to meet the credit and lending needs of the proposed market area;

(vi) Otherwise violates laws or regulations; or

(vii) Does not prudently deploy the conversion proceeds.

(g) Additional requirements that apply following conversion. After conversion, the resulting stock holding company must:

(2) Encourage and assist a market maker to establish and to maintain a market for the shares. A market maker for a security is a dealer who:

(i) Regularly publishes bona fide competitive bid and offer quotations for the security in a recognized inter-dealer quotation system;

(ii) Furnishes bona fide competitive bid and offer quotations for the security on request; or

(iii) May effect transactions for the security in reasonable quantities at quoted prices with other brokers or dealers.

(3) Use the best efforts to list the shares on a national or regional securities exchange or on the National Association of Securities Dealers Automated Quotation system.

(4) File all post-conversion reports that the Board requires.

§ 239.64 Contributions to charitable organizations.

(a) Forming a charitable organization as part of a conversion. When a mutual holding company converts to the stock form, it may form a charitable organization. Its contributions to the charitable organization are governed by the requirements of paragraphs (b) through (f) of this section.

(b) Donating conversion shares or conversion proceeds to a charitable organization. Some of the conversion shares or proceeds may be contributed to a charitable organization if:

(1) The plan of conversion provides for the proposed contribution;

(2) The members approve the proposed contribution; and

(3) The IRS either has approved, or approves within two years after formation, the charitable organization as a tax-exempt charitable organization under the Internal Revenue Code.

(c) Member approval of charitable contributions. At the meeting to consider conversion of the mutual holding company, the members must separately approve by at least a majority of the total eligible votes, a contribution of conversion shares or proceeds. If the mutual holding company has a subsidiary holding company with minority shareholders, or if the subsidiary savings association has minority shareholders, and the mutual holding company is adding a charitable contribution as part of a second step stock conversion, it must also have the minority shareholders separately approve the
charitable contribution by a majority of their total eligible votes.

(d) Charitable organization contribution limits. A reasonable amount of conversion shares or proceeds may be contributed to a charitable organization, if the contribution will not exceed limits for charitable deductions under the Internal Revenue Code and the Board does not object on supervisory grounds. If the mutual holding company or resulting stock holding company is well-capitalized pursuant to §238.62 of this chapter, the Board generally will not object if it contributes an aggregate amount of eight percent or less of the conversion shares or proceeds.

(e) Charitable organization requirements. The charitable organization’s charter (or trust agreement) and gift instrument must provide that:

1. The charitable organization’s primary purpose is to serve and make grants in the local community;

2. As long as the charitable organization controls shares, it must vote those shares in the same ratio as all other shares voted on each proposal considered by the shareholders;

3. For at least five years after its organization, one seat on the charitable organization’s board of directors (or board of trustees) is reserved for an independent director (or trustee) from the local community. This director may not be the officer, director, or employee, or the affiliate’s officer, director, or employee, and should have experience with local community charitable organizations and grant making; and

4. For at least five years after its organization, one seat on the charitable organization’s board of directors (or board of trustees) is reserved for a director from the board of directors or the board of directors of an acquiror or resulting institution in the event of a merger or acquisition of the organization.

5. The Board may examine the charitable organization at the charitable organization’s expense;

6. The charitable organization must comply with all supervisory directives that the Board imposes;

7. The charitable organization must annually provide the Board with a copy of the annual report that the charitable organization submitted to the IRS;

8. The charitable organization must operate according to written policies adopted by its board of directors (or board of trustees), including a conflict of interest policy; and

9. The charitable organization may not engage in self-dealing, and must comply with all laws necessary to maintain its tax-exempt status under the Internal Revenue Code.

(f) Conflicts of interest involving the directors of the mutual holding company or resulting stock holding company. (1) An individual who is the director, officer, or employee, or a person who has the power to direct the management or policies, or otherwise owes a fiduciary duty to the mutual holding company or resulting stock holding company and who will serve as an officer, director, or employee of the charitable organization, is subject to the following obligations:

(i) The individual must not advance their own personal or business interests, or those of others with whom the individual has a personal or business relationship, at the expense of the mutual holding company or resulting stock holding company;

(ii) If the individual has an interest in a matter or transaction before the board of directors, the individual must:

(A) Disclose to the board all material nonprivileged information relevant to the board’s decision on the matter or transaction, including the existence, nature and extent of the individual’s interests, and the facts known to the individual as to the matter or transaction under consideration;

(B) Refrain from participating in the board’s discussion of the matter or transaction; and

(C) Recuse themselves from voting on the matter or transaction (if the individual is a director). See Form AC, which provides further information or operating plans and conflict of interest plans. The mutual holding company may obtain Form AC from the appropriate Reserve Bank and the Board’s Web site at http://www.federalreserve.gov.

(2) Before the board of directors may adopt a plan of conversion that includes a charitable organization, the
mutual holding company must identify the directors that will serve on the charitable organization’s board. These directors may not participate in the board’s discussions concerning contributions to the charitable organization, and may not vote on the matter.

(3) The stock certificates of shares contributed to the charitable organization or that the charitable organization otherwise acquires must bear the following legend: “The board of directors must consider the shares that this stock certificate represents as voted in the same ratio as all other shares voted on each proposal considered by the shareholders, as long as the shares are controlled by the charitable organization.”

(4) As long as the charitable organization controls shares, the resulting stock holding company must consider those shares as voted in the same ratio as all of the shares voted on each proposal considered by the shareholders.

(5) After the stock offering is complete, the resulting stock holding company must submit an executed copy of the following documents to the appropriate Reserve Bank: the charitable organization’s charter and bylaws (or trust agreement), operating plan (within six months after the stock offering), conflict of interest policy, and the gift instrument for the contributions of either stock or cash to the charitable organization.

§ 239.65 Voluntary supervisory conversions.

(a) Voluntary supervisory conversion. (1) The mutual holding company must comply with this section and §239.66 to engage in a voluntary supervisory conversion. This subpart applies to all voluntary supervisory conversions under sections 10(o)(7) and 10(p) of the Home Owners’ Loan Act (12 U.S.C. 1467a(o) and (p)).

(2) Sections 239.50 through 239.64 also apply to a voluntary supervisory conversion, unless a requirement is clearly inapplicable.

(b) Conducting a voluntary supervisory conversion. In conducting a voluntary supervisory conversion, the mutual holding company may:

(1) Sell its shares to the public;

(2) Convert into stock form by merging into a state-chartered corporation; or

(3) Sell its shares directly to an acquirer, who may be an individual, company, depository institution, or depository institution holding company.

(c) Member rights in a voluntary supervisory conversion. Members of the mutual holding company do not have the right to approve or participate in a voluntary supervisory conversion, and will not have any legal or beneficial ownership interests in the converted association, unless the Board provides otherwise. The members may have interests in a liquidation account, if one is established.

(d) Eligibility for a voluntary supervisory conversion. A mutual holding company may be eligible to engage in a voluntary supervisory conversion if:

(1) Either the mutual holding company or its subsidiary savings association is significantly undercapitalized under applicable regulatory capital requirements (or the mutual holding company or its subsidiary savings association is undercapitalized under applicable regulatory capital requirements and a standard conversion that would make it adequately capitalized is not feasible) and will be a viable entity following the conversion;

(2) Severe financial conditions threaten stability of the mutual holding company, and a conversion is likely to improve its financial condition.

(e) A mutual holding company or its subsidiary savings association will be a viable entity following the conversion if it satisfies all of the following:

(1) It will be adequately capitalized as a result of the conversion;

(2) It, the proposed conversion, and its acquirer(s) comply with applicable supervisory policies;

(3) The transaction is in the best interest of the mutual holding company and its subsidiary savings associations, and the best interest of the Deposit Insurance Fund and the public; and

(4) The transaction will not injure or be detrimental to the mutual holding company and its subsidiary savings associations, the Deposit Insurance Fund, or the public interest.
Plan of voluntary supervisory conversion. A majority of the board of directors of the mutual holding company must approve a plan of voluntary supervisory conversion. The mutual holding company must include all of the following information in the plan of voluntary supervisory conversion:

(1) The name and address of the mutual holding company.
(2) The name, address, date and place of birth, and social security number or tax identification number, as applicable, of each proposed purchaser of conversion shares and a description of that purchaser’s relationship to the mutual holding company.
(3) The title, per-unit par value, number, and per-unit and aggregate offering price of shares that the mutual holding company will issue.
(4) The number and percentage of shares that each investor will purchase.
(5) The aggregate number and percentage of shares that each director, officer, and any affiliates or associates of the director or officer will purchase.
(6) A description of any liquidation account.
(7) Certified copies of all resolutions of the board of directors relating to the conversion.

Voluntary supervisory conversion application. The mutual holding company must include all of the following information and documents in a voluntary supervisory conversion application to the Board under this subpart:

(1) Eligibility. (i) Evidence establishing that the mutual holding company meets the eligibility requirements under paragraph (d) of this section.
(ii) An opinion of qualified, independent counsel or an independent, certified public accountant regarding the tax consequences of the conversion, or an IRS ruling indicating that the transaction qualifies as a tax-free reorganization.

(2) Plan of conversion. A plan of voluntary supervisory conversion that complies with paragraph (e) of this section.

(3) Business plan. A business plan that complies with §239.53(b), when required by the Board.

Financial data. (i) The most recent audited financial statements and Thrift Financial Report. The mutual holding company must explain how its current capital levels or the capital levels of its subsidiary savings associations make it eligible to engage in a voluntary supervisory conversion under paragraph (d) of this section.
(ii) A description of the estimated conversion expenses.
(iii) Evidence supporting the value of any non-cash asset contributions. Appraisals must be acceptable to the Board and the non-cash asset must meet all other Board policy guidelines.
(iv) Pro forma financial statements that reflect the effects of the transaction. The mutual holding company must identify the tangible, core, and risk-based capital levels and show the adjustments necessary to compute the capital levels. The mutual holding company must prepare the pro forma statements in conformance with Board regulations and policy.

(5) Proposed documents. (i) The proposed charter and bylaws.
(ii) The proposed stock certificate form.

(6) Agreements. (i) A copy of any agreements between the mutual holding company and proposed purchasers.
(ii) A copy and description of all existing and proposed employment contracts. The mutual holding company must describe the term, salary, and severance provisions of the contract, the identity and background of the officer or employee to be employed, and the amount of any conversion shares to be purchased by the officer or employee or his or her affiliates or associates.

(7) Related applications. (i) All filings required under the securities offering rules of subpart E of this part.
(ii) Any required Holding Company Act application or Control Act notice under part 238 of this chapter.
(iii) A subordinated debt application, if applicable.
(iv) Applications for permission to organize a stock savings and loan holding company and for approval of a merger.
(v) A statement describing any other applications required under federal or state banking laws for all transactions
related to the conversion, copies of all dispositive documents issued by regulatory authorities relating to the applications, and, if requested by the Board, copies of the applications and related documents.

(b) Waiver request. A description of any of the features of the application that do not conform to the requirements of this subpart, including any request for waiver of any of these requirements.

(h) Offers and sales of stock. If the mutual holding company converts under this subpart, the conversion shares must be offered and sold in compliance with §239.59.

(i) Post-conversion acquisition of shares. For three years after the completion of a voluntary supervisory conversion, neither the resulting stock holding company nor the principal shareholder(s) may acquire shares from minority shareholders without the Board’s prior approval.

§ 239.66 Board review of the voluntary supervisory conversion application.

(a) Board review of a voluntary supervisory conversion application. The Board will generally approve the application to engage in a voluntary supervisory conversion unless it determines:

(1) The mutual holding company does not meet the eligibility requirements for a voluntary supervisory conversion under §§239.65(d) or because the proceeds from the sale of the conversion stock, less the expenses of the conversion, would be insufficient to satisfy any applicable viability requirement;

(2) The transaction is detrimental to or would cause potential injury to the mutual holding company, its subsidiary savings association, or the Deposit Insurance Fund or is contrary to the public interest;

(3) The mutual holding company or the acquiror, or the controlling parties or directors and officers of the mutual holding company or the acquiror, have engaged in unsafe or unsound practices in connection with the voluntary supervisory conversion; or

(4) The mutual holding company fails to justify an employment contract incidental to the conversion, or the employment contract will be an unsafe or unsound practice or represent a sale of control. In a voluntary supervisory conversion, the Board generally will not approve employment contracts of more than one year for the existing management.

(b) Conditions the Board may impose on an approval. (1) The Board will condition approval of a voluntary supervisory conversion application on all of the following:

(i) The conversion stock sale must be complete within three months after the Board approves the application. The Board may grant an extension for good cause.

(ii) The mutual holding company and the resulting stock holding company must satisfy any conditions and restrictions the Board may impose.

Section 4: Capital. The Mutual Holding Company shall have no capital stock.

Section 5: Members. (The content of this section 5 shall be identical to the content of the parallel section in the charter of the reorganizing association, except for changes made to indicate that distribution rights in the mutual holding company derive from deposit accounts in the resulting association, any changes required to preserve the membership rights of the members of the acquiree association, except for changes made to accommodate the mutual holding company format. Set forth below is an example of how section 7 should appear in the charter of a mutual holding company formed by a reorganizing association whose charter conforms to the model charter prescribed for federal mutual savings associations for calendar year 1989. Additional changes to this section 5 may be required whenever a mutual holding company reorganization involves an acquiree association, or a mutual holding company makes a post-reorganization acquisition of a mutual savings association, so as to preserve the membership rights of the members of the acquired association consistent with 12 CFR 239.5.)

All holders of the savings, demand, or other authorized accounts of [insert the name of the resulting association] (the “Association”) are members of the Mutual Holding Company. With respect to all questions requiring action by the members of the Mutual Holding Company, each holder of an account in the Association shall be permitted to cast one vote for each $100, or fraction thereof, of the withdrawal value of the member’s account. In addition, borrowers from the Association as of [insert the date of the reorganization or any earlier date as of which new borrowings ceased to result in membership rights] shall be entitled to one vote for the period of time during which such borrowings are in existence. Section 7: Capital, surplus, and distribution of earnings. (The content of this section 7 shall be identical to the content of the parallel section in the charter of the reorganizing association, except for changes made to indicate that distribution rights in the mutual holding company derive from deposit accounts in the resulting association, any changes required to provide that the Board shall be the approving authority in instances where the charter requires regulatory approval of distributions, and any other changes necessary to accommodate the mutual holding company format. Set forth below is an example of how section 7 should appear in the charter of a mutual holding company formed by a reorganizing association whose charter conforms to the model charter prescribed for federal mutual savings associations for calendar year 1989. Additional changes to this section 7 may be required whenever a mutual holding company reorganization involves an acquiree association, or a mutual holding company makes a post-reorganization acquisition of a mutual savings association, so as to preserve the membership rights of the members of the acquired association consistent with 12 CFR 239.5.)

Section 2. Domicile. The domicile of the MHC subsidiary holding company shall be in the city of ___, in the State of ___.

Section 3. Duration. The duration of the MHC subsidiary holding company is perpetual.

Section 4. Purpose and powers. The purpose of the MHC subsidiary holding company is to pursue any or all of the lawful objectives of a federal mutual holding company chartered under section 10(a) of the Home Owners' Loan Act, 12 U.S.C. 1467a(a), and to exercise all of the express, implied, and incidental powers conferred thereby and by all acts amendatory thereof and supplemental thereto, subject to the Constitution and laws of the United States as they are now in effect, or as they may hereafter be amended, and subject to all lawful and applicable rules, regulations, and orders of the Board of Governors of the Federal Reserve System ("Board").

Section 5. Capital stock. The total number of shares of all classes of the capital stock that the MHC subsidiary holding company has the authority to issue is ___, all of which shall be common stock of par [or if no par is specified then shares shall have a stated] value of ___ per share. The shares may be issued from time to time as authorized by the board of directors without the approval of its shareholders, except as otherwise provided in this section 5 or to the extent that such approval is required by governing law, rule, or regulation. The consideration for the issuance of the shares shall be paid in full before their issuance and shall not be less than the par [or stated] value. Neither promissory notes nor future services shall constitute payment or part payment for the issuance of shares of the MHC subsidiary holding company. The consideration for the shares shall be cash, tangible or intangible property (to the extent direct investment in such property would be permitted to the MHC subsidiary holding company), labor, or services actually performed for the MHC subsidiary holding company, or any combination of the foregoing. In the absence of actual fraud in the transaction, the value of such property, labor, or services, as determined by the board of directors of the MHC subsidiary holding company, shall be conclusive. Upon payment of such consideration, such shares shall be deemed to be fully paid and non-assessable. In the case of a stock dividend, that part of the retained earnings of the MHC subsidiary holding company that is transferred to common stock or paid-in capital accounts upon the issuance of shares as a stock dividend shall be deemed to be the consideration for their issuance.

Except for shares issued in the initial organization of the MHC subsidiary holding company, no shares of capital stock (including shares issuable upon conversion, exchange, or exercise of other securities) shall be issued, directly or indirectly, to officers, directors, or controlling persons (except for shares issued to the parent mutual holding company) of the MHC subsidiary holding company other than as part of a general public offering or as qualifying shares to a director, unless the issuance or the plan under which they would be issued has been approved by a majority of the total votes eligible to be cast at a legal meeting.

The holders of the common stock shall exclusively possess all voting power. Each holder of shares of common stock shall be entitled to one vote for each share held by such holder, except as to the cumulative voting for the election of directors, unless the charter provides that there shall be no such cumulative voting. Subject to any provision for a liquidation account, in the event of any liquidation, dissolution, or winding up of the MHC subsidiary holding company, the holders of the common stock shall be entitled, after payment or provision for payment of all debts and liabilities of the MHC subsidiary holding company, to receive the remaining assets of the MHC subsidiary holding company available for distribution, in cash or in kind. Each share of common stock shall have the same relative rights as and be identical in all respects with all the other shares of common stock.

Section 6. Preemptive rights. Holders of the capital stock of the MHC subsidiary holding company shall not be entitled to preemptive rights with respect to any shares of
the MHC subsidiary holding company which may be issued.

Section 7. Directors. The MHC subsidiary holding company shall be under the direction of a board of directors. APPENDIX C TO PART 239—MUTUAL HOLDING COMPANY MODEL BYLAWS

MODEL BYLAWS FOR MUTUAL HOLDING COMPANIES

The term “trustees” may be substituted for the term “directors.”

1. Annual meeting of members. The annual meeting of the members of the mutual holding company for the election of directors and for the transaction of any other business of the mutual holding company shall be held, as designated by the board of directors, at a location within the state that constitutes the principal place of business of the mutual holding company, or at any other convenient place the board of directors may designate, at (insert date and time within 150 days after the end of the mutual holding company’s fiscal year, if not a legal holiday, or if a legal holiday then on the next succeeding day not a legal holiday). At each annual meeting, the officers shall make a full report of the financial condition of the mutual holding company and of its progress for the preceding year and shall outline a program for the succeeding year.

2. Special meetings of members. Special meetings of the members of the mutual holding company may be called at any time by the president or the board of directors and shall be called by the president, a vice president, or the secretary upon the written request of members of record, holding in the aggregate at least one-tenth of the voting capital of the mutual holding company. Such written request shall state the purpose of the meeting and shall be delivered at the principal place of business of the mutual holding company addressed to the president. For purposes of this section, “voting capital” means FDIC-insured deposits as of the voting record date. Annual and special meetings shall be conducted in accordance with the most current edition of Robert’s Rules of Order or any other set of written procedures agreed to by the board of directors.

3. Notice of meeting of members. Notice of each meeting shall be either published once a week for the two successive calendar weeks (in each instance on any day of the week) immediately prior to the week in which such meeting shall convene, in a newspaper printed in the English language and of general circulation in the city or county in which the principal place of business of the mutual holding company is located, or mailed postage prepaid at least five days and not more than (insert number) prior to the date on which such meeting shall convene, to each of its members of record at the last address appearing on the books of the mutual holding company. Such notice shall state the name of the mutual holding company, the place of the meeting, the date and time when it shall convene, and the matters to be considered. A similar notice shall be posted in a conspicuous place in each of the offices of the mutual holding company during the 14 days immediately preceding the date on which such meeting shall convene. If any member, in person or by authorized attorney, shall waive in writing notice of any meeting of members, notice thereof need not be given to such member. When any meeting is adjourned for 30 days or more, notice of the adjournment and reconvening of the meeting shall be given as in the case of the original meeting.

4. Fixing of record date. For the purpose of determining members entitled to notice of or to vote at any meeting of members or any adjournment thereof, or in order to make a determination of members for any other proper purpose, the board of directors shall fix in advance a record date for any such determination of members. Such date shall be not more than 90 days nor fewer than 10 days prior to the date on which the action, requiring such determination of members, is to be taken. The member entitled to participate in any such action shall be the member of record on the books of the mutual holding company as of such record date. The number of votes which each member shall be entitled to cast at any meeting of the members shall be determined from the books of the mutual holding company as of such record date. Any member of such record date who ceases to be a member prior to such meeting shall not be entitled to vote at that meeting. The same
determination shall apply to any adjourned meeting.

5. Member quorum. Any number of members present and voting, represented in person or by proxy, unless otherwise required by regulation. Directors, however, are elected by a plurality of the votes cast at an election of directors. At any adjourned meeting any business may be transacted which might have been transacted at the meeting as originally called. Members present at a duly constituted meeting may continue to transact business until adjournment.

6. Voting by proxy. Voting at any annual or special meeting of the members may be by proxy pursuant to the rules and regulations of the Board of Governors of the Federal Reserve System (Board), provided, that no proxies shall be voted at any meeting unless such proxies shall have been placed on file with the secretary of the mutual holding company, for verification, prior to the convening of such meeting. Proxies may be given telephonically or electronically as long as the holder uses a procedure for verifying the identity of the member. All proxies with a term greater than eleven months or solicited at the expense of the mutual holding company must run to the board of directors as a whole, or to a committee appointed by a majority of such board. Accounts held by an administrator, executor, guardian, conservator or receiver may be voted in person or by proxy by such person. Accounts held by a trustee may be voted by such trustee either in person or by proxy, in accordance with the terms of the trust agreement, but no trustee shall be entitled to vote accounts without a transfer of such accounts into the trustee name. Accounts held in trust in an IRA or Keogh Account, however, may be voted by the mutual holding company if no other instructions are received. Joint accounts shall be entitled to no more than 1000 votes, and any owner may cast all the votes unless the mutual holding company has otherwise been notified in writing.

7. Communication between members. Communication between members shall be subject to any applicable rules or regulations of the Board. No member, however, shall have the right to inspect or copy any portion of any books or records of a mutual holding company containing: (i) a list of depositors in or borrowers from such mutual holding company; (ii) their addresses; (iii) individual deposit or loan balances or records; or (iv) any data from which such information could reasonably be constructed.

8. Number of directors, membership. The number of directors shall be 10 [not fewer than five nor more than fifteen], except where authorized by the Board. Each director shall be a member of the mutual holding company. Directors shall be elected for periods of one to three years and until their successors are elected and qualified, but if a staggered board is chosen, provision shall be made for the election of approximately one-third or one-half of the board each year, as appropriate.

9. Meetings of the board. The board of directors shall meet regularly without notice at the principal place of business of the mutual holding company at least once each month at an hour and date fixed by resolution of the board, provided that the place of meeting may be changed by the directors. Special meetings of the board may be held at any place specified in a notice of such meeting and shall be called by the secretary upon the written request of the chairman or of three directors. All special meetings shall be held upon at least 24 hours written notice to each director unless notice is waived in writing before or after such meeting. Such notice shall state the place, date, time, and purposes of such meeting. A majority of the authorized directors shall constitute a quorum for the transaction of business. The act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the board. Action may be taken without a meeting if unanimous written consent is obtained for such action. The board may also permit telephonic participation at meetings. The meetings shall be under the direction of a chairman, appointed annually by the board, or in the absence of the chairman, the meetings shall be under the direction of the president.

10. Officers, employees, and agents. Annually at the meeting of the board of directors of the mutual holding company following the annual meeting of the members of the mutual holding company, the board shall elect a president, one or more vice presidents, a secretary, and a treasurer or comptroller. Provided, that the offices of president and secretary may not be held by the same person and a vice president may also be the treasurer or comptroller. The board may appoint such additional officers, employees, and agents as it may from time to time determine. The term of office of all officers shall be one year or until their respective successors are elected and qualified. Any officer may be removed at any time by the board with or without cause, but such removal, other than for cause, shall be without prejudice to the contractual rights, if any, of the person so removed. In the absence of designation from time to time of powers and duties by the board, the officers shall have such powers and duties as generally pertain to their respective offices. Any indemnification by the mutual holding company of the mutual holding company’s personnel is subject
to any applicable rules or regulations of the Board.

11. Vacancies, resignation or removal of directors. Members of the mutual holding company shall have to fill such vacancies. Provided, that in the event of a vacancy on the board between meetings of members, the board of directors may, by their affirmative vote, fill such vacancy, even if the remaining directors constitute less than a quorum. A director elected to fill a vacancy shall be elected to serve only until the next election of directors by the members. Any director may resign at any time by sending a written notice of such resignation to the mutual holding company delivered to the secretary. Unless otherwise specified therein such resignation shall take effect upon receipt by the secretary. More than three consecutive absences from regular meetings of the board, unless excused by resolution of the board, shall automatically constitute a resignation, effective when such resignation is accepted by the board. At a meeting of members called expressly for that purpose, directors or the entire board may be removed, only with cause, by a vote of the holders of a majority of the shares then entitled to vote at an election of directors.

12. Powers of the board. The board of directors shall have the power: (a) By resolution, to appoint from among its members and remove an executive committee, which committee shall have and may exercise the powers of the board between the meetings of the board, but no such committee shall have the authority of the board to amend the charter or bylaws, adopt a plan of merger, consolidation, dissolution, or provide for the disposition of all or substantially all the property and assets of the mutual holding company. Such committee shall not operate to relieve the board, or any member thereof, of any responsibility imposed by law; (b) To appoint and remove by resolution the members of such other committees as may be deemed necessary and prescribe the duties thereof; (c) To fix the compensation of directors, officers, and employees; and to remove any officer or employee at any time with or without cause; (d) To limit payments on capital which may be accepted; and (e) To exercise any and all of the powers of the mutual holding company not expressly reserved by the charter to the members.

13. Execution of instruments, generally. All documents and instruments or writings of any nature shall be signed, executed, verified, acknowledged, and delivered by such officers, agents, or employees of the mutual holding company or any one of them and in such manner as from time to time may be determined by resolution of the board. All notes, drafts, acceptances, checks, endorsements, and all evidences of indebtedness of the mutual holding company whatsoever shall be signed by such officer or officers or such agent or agents of the mutual holding company in such manner as the board may from time to time determine. Endorsements for deposit to the credit of the mutual holding company in any of its authorized depositories shall be made in such manner as the board may from time to time determine. Proxies to vote with respect to shares or accounts of the mutual holding companies or stock of other corporations owned by, or standing in the name of, the mutual holding company may be executed and delivered from time to time on behalf of the mutual holding company by the president or a vice president and the secretary or an assistant secretary of the mutual holding company or by any other persons so authorized by the board.

14. Nominating committee. The chairman, at least 30 days prior to the date of each annual meeting, shall appoint a nominating committee of three individuals who are members of the mutual holding company. A committee shall make nominations for directors in writing and deliver to the secretary such written nominations at least 15 days prior to the date of the annual meeting, which nominations shall then be posted in a prominent place in the principal place of business for the 15-day period prior to the date of the annual meeting, except in the case of a nominee substituted as a result of death or other incapacity. Provided such committee is appointed and makes such nominations, no nominations for directors except those made by the nominating committee shall be voted upon at the annual meeting unless other nominations by members are made in writing and delivered to the secretary of the mutual holding company at least 10 days prior to the date of the annual meeting, which nominations shall then be posted in a prominent place in the principal place of business for the 10-day period prior to the date of the annual meeting, except in the case of a nominee substituted as a result of death or other incapacity. Ballots bearing the names of all individuals nominated by the nominating committee and by other members prior to the annual meeting shall be provided for use by the members at the annual meeting. If at any time the chairman shall fail to appoint such nominating committee, or the nominating committee shall fail or refuse to act at least 15 days prior to the annual meeting, nominations for directors may be made at the annual meeting by any member and shall be voted upon.

15. New business. Any new business to be taken up at the annual meeting, including any proposal to increase or decrease the number of directors of the mutual holding company, shall be stated in writing and filed with the secretary of the mutual holding company at least 30 days before the date of the annual meeting, and all business so stated, proposed, and filed shall be considered at
the annual meeting; but no other proposal shall be acted upon at the annual meeting.

Any member may make any other proposal at the annual meeting and the same may be discussed and considered: but unless stated in writing and filed with the secretary 30 days before the meeting, such proposal shall be laid over for action at an adjourned, special or regular meeting of the members taking place at least 30 days thereafter. This provision shall not prevent the consideration and approval or disapproval at the annual meeting of the reports of officers and committees, but in connection with such reports no new business shall be acted upon at such annual meeting unless stated and filed as herein provided.

16. Seal. The seal shall be two concentric circles between which shall be the name of the mutual holding company. The year of incorporation, the word “Incorporated” or an emblem may appear in the center.

17. Amendment. Adoption of any bylaw amendment pursuant to §239.15 of the Board’s regulations, as long as consistent with applicable law, rules and regulations, and which adequately addresses the subject and purpose of the stated by law section, shall be effective after (i) approval of the amendment by a majority vote of the authorized board, or by a vote of the members of the mutual holding company at a legal meeting; and (ii) receipt of any applicable regulatory approval. When a mutual holding company fails to meet its quorum requirement solely due to vacancies on the board, the bylaws may be amended by an affirmative vote of a majority of the sitting board.

18. Age limitations. (Bylaws on age limitations must comply with all Federal laws, such as the Age Discrimination in Employment Act and the Employee Retirement Income Security Act.)

(a) Directors. No individual ___ years of age shall be eligible for election, reelection, appointment, or reappointment to the board of the mutual holding company. No director shall serve as such beyond the annual meeting of the mutual holding company immediately following the director becoming ___ (fill in age used above), except that a director serving on ___ (fill in bylaw adoption date) may complete the term as director. This age limitation does not apply to an advisory director.

(b) Officers. No individual ___ years of age shall be eligible for election, reelection, appointment, or reappointment as an officer of the mutual holding company. No officer shall serve beyond the annual meeting of the mutual holding company immediately following the officer becoming ___ (fill in age used above), except that an officer serving on ___ (fill in bylaw adoption date) may complete the term. However, an officer shall, at the option of the board, retire at age ___ if the officer has served in an executive or high policy-making post for at least two years immediately prior to retirement and is immediately entitled to nonforfeitable annual retirement benefits of at least ___.

Special meetings of the shareholders for any purpose or purposes, unless otherwise prescribed by the regulations of the Board of Governors of the Federal Reserve System (“Board”), may be called at any time by the chairman of the board, the president, or a majority of the board of directors, and shall be called by the chairman of the board, the president, or the secretary upon the written request of the holders of not less than one-tenth of all of the outstanding capital stock of the Subsidiary Holding Company entitled to vote at the meeting. Such written request shall state the purpose or purposes of the meeting and shall be delivered to the home office of the Subsidiary Holding Company addressed to the chairman of the board, the president, or the secretary.

Section 4. Conduct of Meetings. Annual and special meetings shall be conducted in accordance with the most current edition of Robert’s Rules of Order unless otherwise prescribed by the bylaws or the board of directors adopts another written procedure for the conduct of meetings. The board of directors shall designate, when present, either the chairman of
the board or president to preside at such meetings.

Section 5. Notice of Meetings. Written notice stating the place, day, and hour of the meeting, and the purpose or purposes for which it is called shall be delivered not fewer than 20 nor more than 50 days before the date of the meeting, either personally or by mail, to each shareholder of record as it appears on the stock transfer books or records of the Subsidiary Holding Company as of the record date prescribed in section 6 of this article II with postage prepaid. When any shareholders' meeting, either annual or special, is adjourned for 30 days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. It shall not be necessary to give any notice of the time and place of any meeting adjourned for less than 30 days or of the business to be transacted at the meeting, other than an announcement at the meeting at which such adjournment is taken.

Section 6. Fixing of Record Date. For the purpose of determining shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment, or shareholders entitled to receive payment of any dividend, or in order to make a determination of shareholders for any other proper purpose, the board of directors shall fix in advance a date as the record date for any such determination of shareholders. Such date in any case shall be not more than 60 days and, in case of a meeting of shareholders, not fewer than 10 days prior to the date on which the particular action, requiring such determination of shareholders, is to be taken. When a determination of shareholders entitled to vote at any meeting of shareholders has been made as provided in this section, such determination shall apply to any adjournment.

Section 7. Voting Lists. At least 20 days before each meeting of the shareholders, the officer or agent having charge of the stock transfer books for shares of the Subsidiary Holding Company shall make a complete list of the shareholders of record entitled to vote at such meeting, or any adjournment thereof, arranged in alphabetical order, with the address and the number of shares held by each. This list of shareholders shall be kept on file at the home office of the Subsidiary Holding Company and shall be subject to inspection by any shareholder of record or the shareholder's agent at any time during usual business hours for a period of 20 days prior to such meeting. Such list shall also be produced and kept open at the time and place of the meeting and shall be subject to inspection by any shareholder of record or any shareholder's agent during the entire time of the meeting. The original stock transfer book shall constitute prima facie evidence of the shareholders entitled to vote at any meeting of the shareholders. In lieu of making the shareholder list available for inspection by shareholders as provided in the preceding paragraph, the board of directors may elect to follow the procedures prescribed in §239.26(d) of the Board's regulations as now or hereafter in effect.

Section 8. Quorum. A majority of the outstanding shares of the Subsidiary Holding Company entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of shareholders. If less than a majority of the outstanding shares is represented at a meeting, a majority of the shares so represented may adjourn the meeting from time to time without further notice. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally notified. The shareholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough shareholders to constitute less than a quorum. If a quorum is present, the affirmative vote of the majority of the shares represented at the meeting and entitled to vote on the subject matter shall be the act of the shareholders, unless the vote of a greater number of shareholders voting together or voting by classes is required by law or the charter. Directors, however, are elected by a plurality of the votes cast at an election of directors.

Section 9. Proxies. At all meetings of shareholders, a shareholder may vote by proxy executed in writing by the shareholder or by his or her duly authorized attorney in fact. Proxies may be given telephonically or electronically as long as the holder uses a procedure for verifying the identity of the shareholder. Proxies solicited on behalf of the management shall be voted as directed by the shareholder or, in the absence of such direction, as determined by a majority of the board of directors. No proxy shall be valid more than 11 months from the date of its execution except for a proxy coupled with an interest.

Section 10. Voting of Shares in the Name of Two or More Persons. When ownership stands in the name of two or more persons, in the absence of written directions to the Subsidiary Holding Company to the contrary, at any meeting of the shareholders of the Subsidiary Holding Company any one or more of such shareholders may cast, in person or by proxy, all votes to which such ownership is entitled. In the event an attempt is made to cast conflicting votes, in person or
by proxy, by the several persons in whose names shares of stock stand, the vote or votes to which those persons are entitled shall be cast as directed by a majority of those holding such and present in person or by proxy at such meeting, but no votes shall be cast for such stock if a majority cannot agree.

Section 11. Voting of Shares by Certain Holders. Shares standing in the name of another corporation may be voted by any officer, agent, or proxy as the bylaws of such corporation may prescribe, or, in the absence of such provision, as the board of directors of such corporation may determine. Shares held by an administrator, executor, guardian, or conservator may be voted by him or her, either in person or by proxy, without a transfer of such shares into his or her name. Shares standing in the name of a trustee may be voted by him or her, either in person or by proxy, but no trustee shall be entitled to vote shares held by him or her without a transfer of such shares into his or her name. A shareholder whose shares are pledged shall be entitled to vote such shares until the shares have been transferred into the name of the pledgee, and thereafter the pledgee shall be entitled to vote the shares so transferred. Neither treasury shares of its own stock held by the Subsidiary Holding Company nor shares held by another corporation, if a majority of the shares entitled to vote for the election of directors of such other corporation are held by the Subsidiary Holding Company, shall be voted at any meeting or counted in determining the total number of outstanding shares at any given time for purposes of any meeting. (If charter authorizes cumulative voting, the following Section 12 shall apply, otherwise renumber Sections 13–16 as Sections 12–15.)

Section 12. Cumulative Voting. Every shareholder entitled to vote at an election for directors shall have the right to vote, in person or by proxy, the number of shares owned by the shareholder for as many persons as there are directors to be elected and for whose election the shareholder has a right to vote, or to cumulate the votes by giving one candidate as many votes as the number of such directors to be elected multiplied by the number of shares shall equal or by distributing such votes on the same principle among any number of candidates. Section 13. Inspectors of Election. In advance of any meeting of shareholders, the board of directors may appoint any individual other than nominees for office as inspectors of election to act at such meeting and any adjournment. The number of inspectors shall be either one or three. Any such appointment shall not be altered at the meeting. If inspectors of election are not so appointed, the chairman of the board or the president may, or on the request of not fewer than 10 percent of the votes represented at the meeting shall, make such appointment at the meeting. If appointed at the meeting, the majority of the votes present shall determine whether one or three inspectors are to be appointed. In case any individual appointed as inspector fails to appear or refuses to act, the vacancy may be filled by appointment by the board of directors in advance of the meeting or at the meeting by the chairman of the board or the president. Unless otherwise prescribed by regulations of the Board, the duties of such inspectors shall include: determining the number of shares and the voting power of each share, the shares represented at the meeting, the existence of a quorum, and the authenticity, validity and effect of proxies; receiving votes, ballots, or consents; hearing and determining all challenges and questions in any way arising in connection with the rights to vote; counting and tabulating all votes or consents; determining the result; and such acts as may be proper to conduct the election or vote with fairness to all shareholders.

Section 14. Nominating Committee. The board of directors shall act as a nominating committee for selecting the management nominees for election as directors. Except in the case of a nominee substituted as a result of the death or other incapacity of a management nominee, the nominating committee shall deliver written nominations to the secretary at least 20 days prior to the date of the annual meeting. Upon delivery, such nominations shall be posted in a conspicuous place in each office of the Subsidiary Holding Company. No nominations for directors except those made by the nominating committee shall be voted upon at the annual meeting unless other nominations by shareholders are made in writing and delivered to the secretary of the Subsidiary Holding Company at least five days prior to the date of the annual meeting. Upon delivery, such nominations shall be posted in a conspicuous place in each office of the Subsidiary Holding Company. Ballots bearing the names of all persons nominated by the nominating committee and by shareholders shall be provided for use at the annual meeting. However, if the nominating committee shall fail or refuse to act at least 20 days prior to the annual meeting, nominations for directors may be made at the annual meeting by any
shareholder entitled to vote and shall be voted upon.

Section 15. New Business. Any new business to be taken up at the annual meeting shall be stated in writing and filed with the secretary of the Subsidiary Holding Company at least five days before the date of the annual meeting; and all business so stated, proposed, and filed shall be considered at the annual meeting; but no other proposal shall be acted upon at the annual meeting. Any shareholder may make any other proposal at the annual meeting and the same may be discussed and considered, but unless stated in writing and filed with the secretary at least five days before the meeting, such proposal shall be laid over for action at an adjourned, special, or annual meeting of the shareholders taking place 30 days or more thereafter. This provision shall not prevent the consideration and approval or disapproval at the annual meeting of reports of officers, directors, and committees; but in connection with such reports, no new business shall be acted upon at such annual meeting unless stated and filed as herein provided.

Section 16. Informal Action by Shareholders. Any action required to be taken at a meeting of the shareholders, or any other action which may be taken at a meeting of shareholders, may be taken without a meeting if consent in writing, setting forth the action so taken, shall be given by all of the shareholders entitled to vote with respect to the subject matter.

ARTICLE III—BOARD OF DIRECTORS

Section 1. General Powers. The business and affairs of the Subsidiary Holding Company shall be under the direction of its board of directors. The board of directors shall annually elect a chairman of the board and a president from among its members and shall designate, when present, either the chairman of the board or the president to preside at its meetings.

Section 2. Number and Term. The board of directors shall consist of [not fewer than five nor more than fifteen] members, and shall be divided into three classes as nearly equal in number as possible. The members of each class shall be elected for a term of three years and until their successors are elected and qualified. One class shall be elected by ballot annually.

Section 3. Regular Meetings. A regular meeting of the board of directors shall be held without other notice than this bylaw following the annual meeting of shareholders. The board of directors may provide, by resolution, the time and place, for the holding of additional regular meetings without other notice than such resolution. Directors may participate in a meeting by means of a conference telephone or similar communications device through which all individuals participating can hear each other at the same time. Participation by such means shall constitute presence in person for all purposes.

Section 4. Qualification. Each director shall at all times be the beneficial owner of not less than 100 shares of capital stock of the Subsidiary Holding Company unless the Subsidiary Holding Company is a wholly owned subsidiary of a holding company.

Members of the board of directors may participate in special meetings by means of conference telephone or similar communications equipment by which all persons participating in the meeting can hear each other. Such participation shall constitute presence in person for all purposes.

Section 6. Notice. Written notice of any special meeting shall be given to each director at least 24 hours prior thereto when delivered personally or by telegram or at least five days prior thereto when delivered by mail at the address at which the director is most likely to be reached. Such notice shall be deemed to be delivered when deposited in the mail so addressed, with postage prepaid if mailed, when delivered to the telegraph company if sent by telegram, or when the Subsidiary Holding Company receives notice of delivery if electronically transmitted. Any director may waive notice of any meeting by a writing filed with the secretary. The attendance of a director at a meeting shall constitute a waiver of notice of such meeting, except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any meeting of the board of directors need be specified in the notice of waiver of notice of such meeting.

Section 7. Quorum. A majority of the number of directors fixed by section 2 of this Article III shall constitute a quorum for the transaction of business at any meeting of the board of directors; but if less than such majority is present at a meeting, a majority of the directors present may adjourn the meeting from time to time. Notice of any adjourned meeting shall be given in the same manner as prescribed by section 5 of this Article III.

Section 8. Manner of Acting. The act of the majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors, unless a greater
number is prescribed by regulation of the Board or by these bylaws.

Section 9. Action Without a Meeting. Any action required or permitted to be taken by the directors at a meeting may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the directors.

Section 10. Resignation. Any director may resign at any time by sending a written notice of such resignation to the home office of the Subsidiary Holding Company addressed to the chairman of the board or the president. Unless otherwise specified, such resignation shall take effect upon receipt by the chairman of the board or the president. More than three consecutive absences from regular meetings of the board of directors, unless excused by resolution of the board of directors, shall automatically constitute a resignation, effective when such resignation is accepted by the board of directors.

Section 11. Vacancies. Any vacancy occurring on the board of directors may be filled by the affirmative vote of a majority of the remaining directors although less than a quorum of the board of directors. A director elected to fill a vacancy shall be elected to serve only until the next election of directors by the shareholders. Any directorship to be filled by reason of an increase in the number of directors may be filled by election by the board of directors for a term of office continuing only until the next election of directors by the shareholders.

Section 12. Compensation. Directors, as such, may receive a stated salary for their services. By resolution of the board of directors, a reasonable fixed sum, and reasonable expenses of attendance, if any, may be allowed for attendance at each regular or special meeting of the board of directors. Members of either standing or special committees may be allowed such compensation for attendance at committee meetings as the board of directors may determine.

Section 13. Presumption of Assent. A director of the Subsidiary Holding Company who is present at a meeting of the board of directors at which action on any Subsidiary Holding Company matter is taken shall be presumed to have assented to the action taken unless his or her dissent or abstention shall be entered in the minutes of the meeting or unless he or she shall file a written dissent to such action with the individual acting as the secretary of the meeting before the adjournment thereof or shall forward such dissent by registered mail to the secretary of the Subsidiary Holding Company within five days after the date a copy of the minutes of the meeting is received. Such right to dissent shall not apply to a director who voted in favor of such action.

Section 14. Removal of Directors. At a meeting of shareholders called expressly for that purpose, any director may be removed only for cause by a vote of the holders of a majority of the shares then entitled to vote at an election of directors. If less than the entire board is to be removed, no one of the directors may be removed if the votes cast against the removal would be sufficient to elect a director if then cumulatively voted at an election of the class of directors of which such director is a part. (If cumulative voting has been deleted, the preceding sentence should be deleted.) Whenever the holders of the shares of any class are entitled to elect one or more directors, the provision of the charter or supplemental sections thereto, the provisions of this section shall apply. Section 2. Authority. The executive committee, when the board of directors is not in session, shall have and may exercise all of the authority of the board of directors except to the extent, if any, that such authority shall be limited by the resolution appointing the executive committee; and except also that the executive committee shall not have the authority of the board of directors with reference to: the declaration of dividends; the amendment of the charter or bylaws of the Subsidiary Holding Company, or recommending to the shareholders a plan of merger, consolidation, or conversion; the sale, lease, or other disposition of all or substantially all of the property and assets of the Subsidiary Holding Company otherwise than in the usual and regular course of its business; a voluntary dissolution of the Subsidiary Holding Company; a revocation of any of the foregoing; or the approval of a transaction in which any member of the executive committee, directly or indirectly, has any material beneficial interest.

The board of directors may authorize the Subsidiary Holding Company to enter into an employment contract with any officer in accordance with regulations of the Board; but no such contract shall impair the right of the board of directors to remove any officer at any time in accordance with section 3 of this article V.

Section 3. Removal. Any officer may be removed by the board of directors whenever in its judgment the best interests of the Subsidiary Holding Company will be served thereby, but such removal, other than for cause, shall be without prejudice to the contractual rights, if any, of the officer so removed.

Section 4. Vacancies. A vacancy in any office because of death, resignation, removal, disqualification, or otherwise may be filled by the board of directors for the unexpired portion of the term.

§ 240.6 12 CFR Ch. II (1–1–16 Edition)

RISK DISCLOSURE STATEMENT

Retail forex transactions generally involve the leveraged trading of contracts denominated in foreign currency with a banking institution as your counterparty. Because of the leverage and the other risks disclosed here, you can rapidly lose all of the funds or property you give the banking institution as margin for such trading and you may lose more than you pledge as margin. You should be aware of and carefully consider the following points before determining whether such trading is appropriate for you.

(1) Trading foreign currencies is not on a regulated market or exchange—your banking institution is your trading counterparty and has conflicting interests. The retail forex transactions that you are entering into are not conducted on an interbank market, nor is it conducted on a futures exchange subject to regulation by the Commodity Futures Trading Commission. The foreign currency trades you transact are trades with your banking institution as the counterparty. When you sell, the banking institution is the buyer. When you buy, the banking institution is the seller. As a result, when you lose money trading, your banking institution is making money on such trades, in addition to any fees, commissions, or spreads the banking institution may charge.

(2) Any electronic trading platform that you may use for retail foreign currency transactions with your banking institution is not a regulated exchange. It is an electronic connection for accessing your banking institution. The terms of availability of such a platform are governed only by your contract with your banking institution. Any trading platform that you may use to enter into off-exchange foreign currency transactions is only connected to your banking institution. You are accessing that trading platform only to transact with your banking institution. You are not trading with any other entities or customers of the banking institution by accessing such platform. The availability and operation of any such platform, including the consequences of the unavailability of the trading platform for any reason, is governed only by the terms of your account agreement with the banking institution.

(3) You may be able to offset or liquidate any trading positions only through your banking institution because the transactions are not made on an exchange, and your banking institution may set its own prices. Your ability to close your transactions or offset positions is limited to what your banking institution will offer to you, as there is no other market for these transactions. Your banking institution may offer any prices it wishes. Your banking institution may establish its prices by offering spreads from third party prices, but it is under no obligation to do so or to continue to do so. Your banking institution may offer different prices to different customers at any point in time on its own terms. The terms of your account agreement alone govern the obligations your banking institution has to you to offer prices and offer offset or liquidating transactions in your account and make any payments to you. The prices offered by your banking institution may or may not reflect prices available elsewhere at any exchange, interbank, or other market for foreign currency.

(4) Paid solicitors may have undisclosed conflicts. The banking institution may compensate introducing brokers for introducing your account in ways that are not disclosed to you. Such paid solicitors are not required to have, and may not have, any special expertise in trading, and may have conflicts of interest based on the method by which they are compensated. You should thoroughly investigate the manner in which all such solicitors are compensated and be very cautious in granting any person or entity authority to trade on your behalf. You should always consider obtaining dated written confirmation of any information you are relying on from your banking institution in making any trading or account decisions.

(5) Retail forex transactions are not insured by the Federal Deposit Insurance Corporation.

(6) Retail forex transactions are not a deposit in, or guaranteed by, a banking institution.

(7) Retail forex transactions are subject to investment risks, including possible loss of all amounts invested.

Finally, you should thoroughly investigate any statements by any banking institution that minimize the importance of, or contradict, any of the terms of this risk disclosure. Such statements may indicate sales fraud.

This brief statement cannot, of course, disclose all the risks and other aspects of trading off-exchange foreign currency with a banking institution. I hereby acknowledge that I have received and understood this risk disclosure statement.

All deposits and withdrawals of funds made by the retail forex customer during the quarter must be excluded from the computation of whether the retail forex account was profitable or not profitable during the quarter. Computations that result in a zero or negative number shall be considered a retail forex account that was not profitable. Computations that result in a positive number shall be considered a retail forex account that was profitable.

(e) Counterclaims. A procedure for the settlement of a retail forex customer’s claims or grievances against a banking institution or employee thereof may permit the submission of a counterclaim in the procedure by a person against whom a claim or grievance is brought if the counterclaim:

(1) Arises out of the transaction or occurrence that is the subject of the retail forex customer’s claim or grievance; and

(2) Does not require for adjudication the presence of essential witnesses, parties, or third persons over which the settlement process lacks jurisdiction.

An annual submission of or update to a resolution plan submitted by a covered company may include by reference informational elements (but not strategic analysis or executive summary elements) from a resolution plan previously submitted by the covered company to the Board and the Corporation, provided that:

(1) The resolution plan seeking to include informational elements by reference clearly indicates:

(i) The informational element the covered company is including by reference; and

(ii) Which of the covered company’s previously submitted resolution plan(s) originally contained the information the covered company is including by reference; and

(2) The covered company certifies that the information the covered company is including by reference remains accurate.

§ 243.5 Review of resolution plans; resubmission of deficient resolution plans.

(a) Acceptance of submission and review.

(1) The Board and Corporation shall review a resolution plan submitted under section this subpart within 60 days.

(2) If the Board and Corporation jointly determine within the time described in paragraph (a)(1) of this section that a resolution plan is informationally incomplete or that substantial additional information is necessary to facilitate review of the resolution plan:

(i) The Board and Corporation shall jointly inform the covered company in writing of the area(s) in which the resolution plan is informationally incomplete or with respect to which additional information is required; and

(ii) The covered company shall resubmit an informationally complete resolution plan or such additional information as jointly requested to facilitate review of the resolution plan no later than 30 days after receiving the notice described in paragraph (a)(2)(i) of this section, or such other time period as the Board and Corporation may jointly determine.

Any joint notice provided under this paragraph shall identify the aspects of the resolution plan that the Board and Corporation jointly determined to be deficient.

(c) Resubmission of a resolution plan. Within 90 days of receiving a notice of deficiencies issued pursuant to paragraph (b) of this section, or such shorter or longer period as the Board and Corporation may jointly determine, a covered company shall submit a revised resolution plan to the Board and Corporation that addresses the deficiencies jointly identified by the Board and Corporation, and that discusses in detail:

(1) The revisions made by the covered company to address the deficiencies jointly identified by the Board and the Corporation;

(2) Any changes to the covered company’s business operations and corporate structure that the covered company proposes to undertake to facilitate implementation of the revised resolution plan (including a timeline for the execution of such planned changes); and

(3) Why the covered company believes that the revised resolution plan is credible and would result in an orderly resolution of the covered company under the Bankruptcy Code.

(d) Extensions of time. Upon their own initiative or a written request by a covered company, the Board and Corporation may jointly extend any time period under this section. Each extension request shall be supported by a written statement of the covered company describing the basis and justification for the request.

(a) In general. The Board and Corporation may jointly determine that a covered company or any subsidiary of a covered company shall be subject to more stringent capital, leverage, or liquidity requirements, or restrictions on the growth, activities, or operations of the covered company or the subsidiary if:

(1) The covered company fails to submit a revised resolution plan under §243.5(c) within the required time period; or

(b) Duration of requirements or restrictions. Any requirements or restrictions imposed on a covered company or a subsidiary thereof pursuant to paragraph (a) of this section shall cease to apply to the covered company or subsidiary, respectively, on the date that the Board and the Corporation jointly determine the covered company has submitted a revised resolution plan.

(2) The covered company has failed, within the 2-year period beginning on the date on which the determination to impose such requirements or restrictions under paragraph (a) of this section was made, to submit a revised resolution plan that adequately remedies the deficiencies jointly identified by the Board and Corporation under §243.5(b); and

(3) The Board and Corporation jointly determine that the divestiture of such assets or operations is necessary to facilitate an orderly resolution of the covered company under the Bankruptcy Code in the event the company was to fail.

§ 243.7 Consultation.

Prior to issuing any notice of deficiencies under §243.5(b), determining to impose requirements or restrictions under §243.6(a), or issuing a divestiture order pursuant to §243.6(c) with respect to a covered company that is likely to have a significant impact on a functionally regulated subsidiary or a depository institution subsidiary of the covered company, the Board—

(a) Shall consult with each Council member that primarily supervises any such subsidiary; and

(b) May consult with any other Federal, state, or foreign supervisor as the Board considers appropriate.

(2) Does not include common or preferred stock, limited liability interests, partnership interests, trust certificates, or similar interests that:

Credit risk in securitized assets required to be retained and held by any person for purposes of compliance with this part, whether a sponsor, an originator, an originator-seller, or a third-party purchaser, except as otherwise provided in this part, may be acquired and held by any of such person’s majority-owned affiliates (other than an issuing entity).

(b) Multiple sponsors. If there is more than one sponsor of a securitization transaction, it shall be the responsibility of each sponsor to ensure that at least one of the sponsors of the securitization transaction (or at least one of their majority-owned or wholly-owned affiliates, as applicable) retains an economic interest in the credit risk of the securitized assets in accordance with any one of §§244.4, §§244.5, §§244.8, §§244.9, or §§244.10.

§ 244.4 Standard risk retention.

(a) General requirement. Except as provided in §§244.5 through 244.10, the sponsor of a securitization transaction must retain an eligible vertical interest or eligible horizontal residual interest, or any combination thereof, in accordance with the requirements of this section.

(1) If the sponsor retains only an eligible vertical interest as its required risk retention, the sponsor must retain an eligible vertical interest in a percentage of not less than 5 percent.

(2) If the sponsor retains only an eligible horizontal residual interest as its required risk retention, the amount of the interest must equal at least 5 percent of the fair value of all ABS interests in the issuing entity issued as a part of the securitization transaction, determined using a fair value measurement framework under GAAP.

(3) If the sponsor retains both an eligible vertical interest and an eligible horizontal residual interest as its required risk retention, the percentage of the fair value of the eligible horizontal residual interest and the percentage of the eligible vertical interest must equal at least five.

(4) The percentage of the eligible vertical interest, eligible horizontal residual interest, or combination thereof retained by the sponsor must be determined as of the closing date of the securitization transaction.

(b) Option to hold base amount in eligible horizontal cash reserve account. In lieu of retaining all or any part of an eligible horizontal residual interest under paragraph (a) of this section, the sponsor may, at closing of the securitization transaction, cause to be established and funded, in cash, an eligible horizontal cash reserve account in the amount equal to the fair value of such eligible horizontal residual interest or part thereof, provided that the
account meets all of the following conditions:

(1) The account is held by the trustee (or person performing similar functions) in the name and for the benefit of the issuing entity;

(2) Amounts in the account are invested only in cash and cash equivalents; and

(3) Until all ABS interests in the issuing entity are paid in full, or the issuing entity is dissolved:

(i) Amounts in the account shall be released only to:

(A) Satisfy payments on ABS interests in the issuing entity on any payment date on which the issuing entity has insufficient funds from any source to satisfy an amount due on any ABS interest; or

(B) Pay critical expenses of the trust unrelated to credit risk on any payment date on which the issuing entity has insufficient funds from any source to pay such expenses and:

(1) Such expenses, in the absence of available funds in the eligible horizontal cash reserve account, would be paid prior to any payments to holders of ABS interests; and

(2) Such payments are made to parties that are not affiliated with the sponsor; and

(ii) Interest (or other earnings) on investments made in accordance with paragraph (b)(2) of this section may be released once received by the account.

(c) Disclosures. A sponsor relying on this section shall provide, or cause to be provided, to potential investors, under the caption “Credit Risk Retention”, a reasonable period of time prior to the sale of the asset-backed securities in the securitization transaction the following disclosures in written form and within the time frames set forth in this paragraph (c):

(i) A reasonable period of time prior to the sale of an asset-backed security issued in the same offering of ABS interests;

(A) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that the sponsor expects to retain at the closing of the securitization transaction. If the specific prices, sizes, or rates of interest of each tranche of the securitization are not available, the sponsor must disclose a range of fair values (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that the sponsor expects to retain at the close of the securitization transaction based on a range of bona fide estimates or specified prices, sizes, or rates of interest of each tranche of the securitization. A sponsor disclosing a range of fair values based on a range of bona fide estimates or specified prices, sizes, or rates of interest of each tranche of the securitization must also disclose the method by which it determined any range of values, tranche sizes, or rates of interest.

(B) A description of the material terms of the eligible horizontal residual interest to be retained by the sponsor;

(C) A description of the valuation methodology used to calculate the fair values or range of fair values of all classes of ABS interests, including any portion of the eligible horizontal residual interest retained by the sponsor;

(D) All key inputs and assumptions or a comprehensive description of such key inputs and assumptions that were used in measuring the estimated total fair value or range of fair values of all classes of ABS interests, including any portion of the eligible horizontal residual interest retained by the sponsor.

(E) To the extent applicable to the valuation methodology used, the disclosure required in paragraph (c)(1)(i)(D) of this section shall include, but not be limited to, quantitative information about each of the following:

(1) Discount rates;

(2) Loss given default (recovery);

(3) Prepayment rates;
(4) Default rates;
(5) Lag time between default and recovery; and
(6) The basis of forward interest rates used.

(F) The disclosure required in paragraphs (c)(1)(i)(C) and (D) of this section shall include, at a minimum, descriptions of all inputs and assumptions that either could have a material impact on the fair value calculation or would be material to a prospective investor’s ability to evaluate the sponsor’s fair value calculations. To the extent the disclosure required in this paragraph (c)(1) includes a description of a curve or curves, the description shall include a description of the methodology that was used to derive each curve and a description of any aspects or features of each curve that could materially impact the fair value calculation or the ability of a prospective investor to evaluate the sponsor’s fair value calculation. To the extent a sponsor uses information about the securitized assets in its calculation of fair value, such information shall not be as of a date more than 60 days prior to the date of first use with investors; provided that for a subsequent issuance of ABS interests by the same issuing entity with the same sponsor for which the securitization transaction distributes amounts to investors on a quarterly or less frequent basis, such information shall not be as of a date more than 135 days prior to the date of first use with investors; provided further, that the balance or value (in accordance with the transaction documents) of the securitized assets may be increased or decreased to reflect anticipated additions or removals of assets the sponsor makes or expects to make between the cut-off date or similar date for establishing the composition of the asset pool collateralizing such asset-backed security and the closing date of the securitization.

(G) A summary description of the reference data set or other historical information used to develop the key inputs and assumptions referenced in paragraph (c)(1)(i)(D) of this section, including loss given default and default rates:

(ii) A reasonable time after the closing of the securitization transaction:

(A) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS are issued, as applicable)) of the eligible horizontal residual interest that the sponsor retained at the closing of the securitization transaction, based on actual sale prices and finalized tranche sizes;

(B) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS are issued, as applicable)) of the eligible horizontal residual interest that the sponsor is required to retain under this section; and

(C) To the extent the valuation methodology or any of the key inputs and assumptions that were used in calculating the fair value or range of fair values disclosed prior to sale and required under paragraph (c)(1)(i) of this section materially differs from the methodology or key inputs and assumptions used to calculate the fair value at the time of closing, descriptions of those material differences.

(iii) If the sponsor retains risk through the funding of an eligible horizontal cash reserve account:

(A) The amount to be placed (or that is placed) by the sponsor in the eligible horizontal cash reserve account at closing, and the fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that the sponsor is required to fund through the eligible horizontal cash reserve account in order for such account, together with other retained interests, to satisfy the sponsor’s risk retention requirement;

(B) A description of the material terms of the eligible horizontal cash reserve account; and

(C) The disclosures required in paragraphs (c)(1)(i) and (ii) of this section.
(2) Vertical interest. With respect to any eligible vertical interest retained under paragraph (a) of this section, the sponsor must disclose:

(i) A reasonable period of time prior to the sale of an asset-backed security issued in the same offering of ABS interests,

(A) The form of the eligible vertical interest;

(C) A description of the material terms of the vertical interest and the amount that the sponsor expects to retain at the closing of the securitization transaction.

(ii) A reasonable time after the closing of the securitization transaction, the amount of the vertical interest the sponsor retained at closing, if that amount is materially different from the amount disclosed under paragraph (c)(2)(i) of this section.

(d) Record maintenance. A sponsor must retain the certifications and disclosures required in paragraphs (a) and (c) of this section in its records and must provide the disclosure upon request to the Commission and its appropriate Federal banking agency, if any, until three years after all ABS interests are no longer outstanding.

§ 244.5 Revolving pool securitizations.

(a) Definitions. For purposes of this section, the following definitions apply:

Revolving pool securitization means an issuing entity that is established to issue on multiple issuance dates more than one series, class, subclass, or tranche of asset-backed securities collateralized by a common pool of securitized assets that will change in composition over time, and that does not monetize excess interest and fees from its securitized assets.

Seller’s interest means an ABS interest or ABS interests:

(1) Collateralized by the securitized assets and servicing assets owned or held by the issuing entity, other than the following that are not considered a component of seller’s interest:

(i) Servicing assets that have been allocated as collateral only for a specific series in connection with administering the revolving pool securitization, such as a principal accumulation or interest reserve account; and

(ii) Assets that are not eligible under the terms of the securitization transaction to be included when determining whether the revolving pool securitization holds aggregate securitized assets in specified proportions to aggregate outstanding investor ABS interests issued; and

(2) That is pari passu with each series of investor ABS interests issued, or partially or fully subordinated to one or more series in identical or varying amounts, with respect to the allocation of all distributions and losses with respect to the securitized assets prior to early amortization of the revolving securitization (as specified in the securitization transaction documents); and

(3) That adjusts for fluctuations in the outstanding principal balance of the securitized assets in the pool.

(b) General requirement. A sponsor satisfies the risk retention requirements of §244.3 with respect to a securitization transaction for which the issuing entity is a revolving pool securitization if the sponsor maintains a seller’s interest of not less than 5 percent of the aggregate unpaid principal balance of all outstanding investor ABS interests in the issuing entity.

(c) Measuring the seller’s interest. In measuring the seller’s interest for purposes of meeting the requirements of paragraph (b) of this section:

(1) The unpaid principal balance of the securitized assets for the numerator of the 5 percent ratio shall not include assets of the types excluded from the definition of seller’s interest in paragraph (a) of this section;

(2) The aggregate unpaid principal balance of outstanding investor ABS interests in the denominator of the 5 percent ratio may be reduced by the amount of funds held in a segregated principal accumulation account for the repayment of outstanding investor ABS interests, if:

(i) The terms of the securitization transaction documents prevent funds in the principal accumulation account from being applied for any purpose
other than the repayment of the unpaid principal of outstanding investor ABS interests; and

(ii) Funds in that account are invested only in the types of assets in which funds held in an eligible horizontal cash reserve account pursuant to §244.4 are permitted to be invested;

(3) If the terms of the securitization transaction documents set minimum required seller’s interest as a proportion of the unpaid principal balance of outstanding investor ABS interests for one or more series issued, rather than as a proportion of the aggregate outstanding investor ABS interests in all outstanding series combined, the percentage of the seller’s interest for each such series must, when combined with the percentage of any minimum seller’s interest set by reference to the aggregate outstanding investor ABS interests, equal at least 5 percent;

(4) The 5 percent test must be determined and satisfied at the closing of each issuance of ABS interests to investors by the issuing entity, and

(i) At least monthly at a seller’s interest measurement date specified under the securitization transaction documents, until no ABS interest in the issuing entity is held by any person not a wholly-owned affiliate of the sponsor; or

(ii) If the revolving pool securitization fails to meet the 5 percent test as of any date described in paragraph (c)(4)(i) of this section, and the securitization transaction documents specify a cure period, the 5 percent test must be determined and satisfied within the earlier of the cure period, or one month after the date described in paragraph (c)(4)(i).

(d) Measuring outstanding investor ABS interests. In measuring the amount of outstanding investor ABS interests for purposes of this section, ABS interests held for the life of such ABS interests by the sponsor or its wholly-owned affiliates may be excluded.

(e) Holding and retention of the seller’s interest; legacy trusts. (1) Notwithstanding §244.12(a), the seller’s interest, and any offsetting horizontal retention interest retained pursuant to paragraph (g) of this section, must be retained by the sponsor or by one or more wholly-owned affiliates of the sponsor, including one or more depositors of the revolving pool securitization.

(2) If one revolving pool securitization issues collateral certificates representing a beneficial interest in all or a portion of the securitized assets held by that securitization to another revolving pool securitization, which in turn issues ABS interests for which the collateral certificates are all or a portion of the securitized assets, a sponsor may satisfy the requirements of paragraphs (b) and (c) of this section by retaining the seller’s interest for the assets represented by the collateral certificates through either of the revolving pool securitizations, so long as both revolving pool securitizations are retained at the direction of the same sponsor or its wholly-owned affiliates.

(3) If the sponsor retains the seller’s interest associated with the collateral certificates at the level of the revolving pool securitization that issues those collateral certificates, the proportion of the seller’s interest required by paragraph (b) of this section retained at that level must equal the proportion that the principal balance of the securitized assets represented by the collateral certificates bears to the principal balance of the securitized assets in the revolving pool securitization that issues the ABS interests, as of each measurement date required by paragraph (c) of this section.

(f) Offset for pool-level excess funding account. The 5 percent seller’s interest required on each measurement date by paragraph (c) of this section may be reduced on a dollar-for-dollar basis by the balance, as of such date, of an excess funding account in the form of a segregated account that:

(1) Is funded in the event of a failure to meet the minimum seller’s interest requirements or other requirement to maintain a minimum balance of securitized assets under the securitization transaction documents by distributions otherwise payable to the holder of the seller’s interest;

(2) Is invested only in the types of assets in which funds held in a horizontal cash reserve account pursuant to §244.4 are permitted to be invested; and
(3) In the event of an early amortization, makes payments of amounts held in the account to holders of investor ABS interests in the same manner as payments to holders of investor ABS interests of amounts received on securitized assets.

(g) Combined seller’s interests and horizontal interest retention. The 5 percent seller’s interest required on each measurement date by paragraph (c) of this section may be reduced to a percentage lower than 5 percent to the extent that, for all series of investor ABS interests issued after the applicable effective date of this §244.5, the sponsor, or notwithstanding §244.12(a) a wholly-owned affiliate of the sponsor, retains, at a minimum, a corresponding percentage of the fair value of ABS interests issued in each series, in the form of one or more of the horizontal residual interests meeting the requirements of paragraphs (h) or (i).

(h) Residual ABS interests in excess interest and fees. The sponsor may take the offset described in paragraph (g) of this section for a residual ABS interest in excess interest and fees, whether certificated or uncertificated, in a single or multiple classes, subclasses, or tranches, that meets, individually or in the aggregate, the requirements of this paragraph (h);

(1) Each series of the revolving pool securitization distinguishes between the series’ share of the interest and fee cash flows and the series’ share of the principal repayment cash flows from the securitized assets collateralizing the securitization, which may according to the terms of the securitization transaction documents, include not only the series’ ratable share of such cash flows but also excess cash flows available from other series;

(2) The residual ABS interest’s claim to any part of the series’ share of the interest and fee cash flows for any interest payment period is subordinated to all accrued and payable interest due on the payment date to more senior ABS interests in the series for that period, and further reduced by the series’ share of losses, including defaults on principal of the securitized assets collateralizing the revolving pool securitization (whether incurred in that period or carried over from prior periods) to the extent that such payments would have been included in amounts payable to more senior interests in the series;

(3) The revolving pool securitization continues to revolve, with one or more series, classes, subclasses, or tranches of asset-backed securities that are collateralized by a common pool of assets that change in composition over time; and

(4) For purposes of taking the offset described in paragraph (g) of this section, the sponsor determines the fair value of the residual ABS interest in excess interest and fees, and the fair value of the series of outstanding investor ABS interests to which it is subordinated and supports using the fair value measurement framework under GAAP, as of:

(i) The closing of the securitization transaction issuing the supported ABS interests; and

(ii) The seller’s interest measurement dates described in paragraph (c)(4) of this section, except that for these periodic determinations the sponsor must update the fair value of the residual ABS interest in excess interest and fees, and for the numerator of the percentage ratio, but may at the sponsor’s option continue to use the fair values determined in (h)(4)(i) for the outstanding investor ABS interests in the denominator.

(i) Offsetting eligible horizontal residual interest. The sponsor may take the offset described in paragraph (g) of this section for ABS interests that would meet the definition of eligible horizontal residual interests in §244.2 but for the sponsor’s simultaneous holding of subordinated seller’s interests, residual ABS interests in excess interests and fees, or a combination of the two, if:

(1) The sponsor complies with all requirements of paragraphs (b) through (e) of this section for its holdings of subordinated seller’s interest, and paragraph (h) for its holdings of residual ABS interests in excess interests and fees, as applicable;

(2) For purposes of taking the offset described in paragraph (g) of this section, the sponsor determines the fair value of the eligible horizontal residual
interest as a percentage of the fair value of the outstanding investor ABS interests in the series supported by the eligible horizontal residual interest, determined using the fair value measurement framework under GAAP:

(i) As of the closing of the securitization transaction issuing the supported ABS interests; and

(ii) Without including in the numerator of the percentage ratio any fair value based on:

(A) The subordinated seller's interest or residual ABS interest in excess interest and fees;

(B) The interest payable to the sponsor on the eligible horizontal residual interest, if the sponsor is including the value of residual ABS interest in excess interest and fees pursuant to paragraph (h) of this section in taking the offset in paragraph (g) of this section; and,

(C) The principal payable to the sponsor on the eligible horizontal residual interest, if the sponsor is including the value of the seller's interest pursuant to paragraphs (b) through (f) of this section and distributions on that seller's interest are available to reduce charge-offs that would otherwise be allocated to reduce principal payable to the offset eligible horizontal residual interest.

(j) Specified dates. A sponsor using data about the revolving pool securitization's collateral, or ABS interests previously issued, to determine the closing-date percentage of a seller's interest, residual ABS interest in excess interest and fees, or eligible horizontal residual interest pursuant to this §244.5 may use such data prepared as of specified dates if:

1. The sponsor describes the specified dates in the disclosures required by paragraph (k) of this section; and

2. The dates are no more than 60 days prior to the date of first use with investors of disclosures required for the interest by paragraph (k) of this section, or for revolving pool securitizations that make distributions to investors on a quarterly or less frequent basis, no more than 135 days prior to the date of first use with investors of such disclosures.

(k) Disclosure and record maintenance—(1) Disclosure. A sponsor relying on this section shall provide, or cause to be provided, to potential investors, under the caption “Credit Risk Retention” the following disclosure in written form and within the time frames set forth in this paragraph (k):

(i) A reasonable period of time prior to the sale of an asset-backed security, a description of the material terms of the seller's interest, and the percentage of the seller's interest that the sponsor expects to retain at the closing of the securitization transaction, measured in accordance with the requirements of this §244.5, as a percentage of the aggregate unpaid principal balance of all outstanding investor ABS interests issued, or as a percentage of the aggregate unpaid principal balance of outstanding investor ABS interests for one or more series issued, as required by the terms of the securitization transaction;

(ii) A reasonable time after the closing of the securitization transaction, the amount of seller's interest the sponsor retained at closing, if that amount is materially different from the amount disclosed under paragraph (k)(1)(i) of this section; and

(iii) A description of the material terms of any horizontal residual interests offsetting the seller's interest in accordance with paragraphs (g), (h), and (i) of this section; and

(iv) Disclosure of the fair value of those horizontal residual interests retained by the sponsor for the series being offered to investors and described in the disclosures, as a percentage of the fair value of the outstanding investor ABS interests issued, described in the same manner and within the same timeframes required for disclosure of the fair values of eligible horizontal residual interests specified in §244.4(c).

(2) Adjusted data. Disclosures required by this paragraph (k) to be made a reasonable period of time prior to the sale of an asset-backed security of the amount of seller's interest, residual ABS interest in excess interest and fees, or eligible horizontal residual interest may include adjustments to the amount of securitized assets for additions or removals the sponsor expects to make before the closing date and adjustments to the amount of outstanding investor ABS interests for expected increases and decreases of those
interests under the control of the sponsor.

(3) Record maintenance. A sponsor must retain the disclosures required in paragraph (k)(1) of this section in its records and must provide the disclosure upon request to the Commission and its appropriate Federal banking agency, if any, until three years after all ABS interests are no longer outstanding.

(1) Early amortization of all outstanding series. A sponsor that organizes a revolving pool securitization that relies on this §244.5 to satisfy the risk retention requirements of §244.3, does not violate the requirements of this part if its seller’s interest falls below the level required by §244.5 after the revolving pool securitization commences early amortization, pursuant to the terms of the securitization transaction documents, of all series of outstanding investor ABS interests, if:

(1) The sponsor was in full compliance with the requirements of this section on all measurement dates specified in paragraph (c) of this section prior to the commencement of early amortization;

(2) The terms of the seller’s interest continue to make it pari passu with or subordinate in identical or varying amounts to each series of outstanding investor ABS interests issued with respect to the allocation of all distributions and losses with respect to the securitized assets;

(3) The terms of any horizontal interest relied upon by the sponsor pursuant to paragraph (g) to offset the minimum seller’s interest amount continue to require the interests to absorb losses in accordance with the terms of paragraph (h) or (i) of this section, as applicable; and

(4) The revolving pool securitization issues no additional ABS interests after early amortization is initiated to any person not a wholly-owned affiliate of the sponsor, either at the time of issuance or during the amortization period.

§ 244.6 Eligible ABCP conduits.

(a) Definitions. For purposes of this section, the following additional definitions apply:

100 percent liquidity coverage means an amount equal to the outstanding balance of all ABCP issued by the conduit plus any accrued and unpaid interest without regard to the performance of the ABS interests held by the ABCP conduit and without regard to any credit enhancement.

ABCP means asset-backed commercial paper that has a maturity at the time of issuance not exceeding 397 days, exclusive of days of grace, or any renewal thereof the maturity of which is likewise limited.

ABCP conduit means an issuing entity with respect to ABCP.

Eligible ABCP conduit means an ABCP conduit, provided that:

(1) The ABCP conduit is bankruptcy remote or otherwise isolated for insolvency purposes from the sponsor of the ABCP conduit and from any intermediate SPV;

(2) The ABS interests acquired by the ABCP conduit are:

(i) ABS interests collateralized solely by assets originated by an originator-seller and by servicing assets;

(ii) Special units of beneficial interest (or similar ABS interests) in a trust or special purpose vehicle that retains legal title to leased property underlying leases originated by an originator-seller that were transferred to an intermediate SPV in connection with a securitization collateralized solely by such leases and by servicing assets;

(iii) ABS interests in a revolving pool securitization collateralized solely by assets acquired by an originator-seller in a business combination that qualifies for business combination accounting under GAAP, and, if collateralized in part, the remainder of such assets are assets described in paragraph (2)(i), (ii), or (iii) of this definition; and

(iv) ABS interests described in paragraph (2)(i), (ii), or (iii) of this definition that are collateralized, in whole or in part, by assets acquired by an originator-seller in a business combination that qualifies for business combination accounting under GAAP; and, if collateralized in part, the remainder of such assets are assets described in paragraph (2)(i), (ii), or (iii) of this definition; and

(v) Acquired by the ABCP conduit in an initial issuance by or on behalf of an intermediate SPV;

(A) Directly from the intermediate SPV,
(B) From an underwriter of the ABS interests issued by the intermediate SPV, or
(C) From another person who acquired the ABS interests directly from the intermediate SPV;
(3) The ABCP conduit is collateralized solely by ABS interests acquired from intermediate SPVs as described in paragraph (2) of this definition and servicing assets; and
(4) A regulated liquidity provider has entered into a legally binding commitment to provide 100 percent liquidity coverage (in the form of a lending facility, an asset purchase agreement, a repurchase agreement, or other similar arrangement) to all the ABCP issued by the ABCP conduit by lending to, purchasing ABCP issued by, or purchasing assets from, the ABCP conduit in the event that funds are required to repay maturing ABCP issued by the ABCP conduit. With respect to the 100 percent liquidity coverage, in the event that the ABCP conduit is unable for any reason to repay maturing ABCP issued by the issuing entity, the liquidity provider shall be obligated to pay an amount equal to any shortfall, and the total amount that may be due pursuant to the 100 percent liquidity coverage shall be equal to 100 percent of the amount of the ABCP outstanding at any time plus accrued and unpaid interest (amounts due pursuant to the required liquidity coverage may not be subject to credit performance of the ABS interests held by the ABCP conduit or reduced by the amount of credit support provided to the ABCP conduit and liquidity support that only funds performing loans or receivables or performing ABS interests does not meet the requirements of this section).

Intermediate SPV means a special purpose vehicle that:
(1)(i) Is a direct or indirect wholly-owned affiliate of the originator-seller; or
(1)(ii) Has nominal equity owned by a trust or corporate service provider that specializes in providing independent ownership of special purpose vehicles, and such trust or corporate service provider is not affiliated with any other transaction parties;
(2) Is bankruptcy remote or otherwise isolated for insolvency purposes from the eligible ABCP conduit and from each originator-seller and each majority-owned affiliate in each case that, directly or indirectly, sells or transfers assets to such intermediate SPV;
(3) Acquires assets from the originator-seller that are originated by the originator-seller or acquired by the originator-seller in the acquisition of a business that qualifies for business combination accounting under GAAP or acquires ABS interests issued by another intermediate SPV of the originator-seller that are collateralized solely by such assets; and
(4) Issues ABS interests collateralized solely by such assets, as applicable.

Originator-seller means an entity that originates assets and sells or transfers those assets, directly or through a majority-owned affiliate, to an intermediate SPV, and includes (except for the purposes of identifying the sponsorship and affiliation of an intermediate SPV pursuant to this §244.6) any affiliate of the originator-seller that, directly or indirectly, majority controls, is majority controlled by or is under common majority control with, the originator-seller. For purposes of this definition, majority control means ownership of more than 50 percent of the equity of an entity, or ownership of any other controlling financial interest in the entity, as determined under GAAP.

Regulated liquidity provider means:
(1) A depository institution (as defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813));
(2) A bank holding company (as defined in 12 U.S.C. 1841), or a subsidiary thereof;
(3) A savings and loan holding company (as defined in 12 U.S.C. 1467a), provided all or substantially all of the holding company’s activities are permissible for a financial holding company under 12 U.S.C. 1843(k), or a subsidiary thereof; or
(4) A foreign bank whose home country supervisor (as defined in §211.21 of the Federal Reserve Board’s Regulation K (12 CFR 211.21)) has adopted capital standards consistent with the Capital Accord of the Basel Committee on Banking Supervision, as amended, and
that is subject to such standards, or a subsidiary thereof.

(b) In general. An ABCP conduit sponsor satisfies the risk retention requirement of §244.3 with respect to the issuance of ABCP by an eligible ABCP conduit in a securitization transaction if, for each ABS interest the ABCP conduit acquires from an intermediate SPV:

(1) An originator-seller of the intermediate SPV retains an economic interest in the credit risk of the assets collateralizing the ABS interest acquired by the eligible ABCP conduit in the amount and manner required under §244.4 or §244.5; and

(2) The ABCP conduit sponsor:

(i) Approves each originator-seller permitted to sell or transfer assets, directly or indirectly, to an intermediate SPV from which an eligible ABCP conduit acquires ABS interests;

(ii) Approves each intermediate SPV from which an eligible ABCP conduit is permitted to acquire ABS interests;

(iii) Establishes criteria governing the ABS interests, and the securitized assets underlying the ABS interests, acquired by the ABCP conduit;

(iv) Administers the ABCP conduit by monitoring the ABS interests acquired by the ABCP conduit and the assets supporting those ABS interests, arranging for debt placement, compiling monthly reports, and ensuring compliance with the ABCP conduit documents and with the ABCP conduit's credit and investment policy; and

(v) Maintains and adheres to policies and procedures for ensuring that the requirements in this paragraph (b) of this section have been met.

(c) Originator-seller compliance with risk retention. The use of the risk retention option provided in this section by an ABCP conduit sponsor does not relieve the originator-seller that sponsors ABS interests acquired by an eligible ABCP conduit from such originator-seller's obligation to comply with its own risk retention obligations under this part.

(d) Disclosures—(1) Periodic disclosures to investors. An ABCP conduit sponsor relying upon this section shall provide, or cause to be provided, to each purchaser of ABCP, before or contemporaneously with the first sale of ABCP to such purchaser and at least monthly thereafter, to each holder of commercial paper issued by the ABCP conduit, in writing, each of the following items of information, which shall be as of a date not more than 60 days prior to date of first use with investors:

(i) The name and form of organization of the regulated liquidity provider that provides liquidity coverage to the eligible ABCP conduit, including a description of the material terms of such liquidity coverage, and notice of any failure to fund.

(ii) With respect to each ABS interest held by the ABCP conduit:

(A) The asset class or brief description of the underlying securitized assets;

(B) The standard industrial category code (SIC Code) for the originator-seller that will retain (or has retained) pursuant to this section an interest in the securitization transaction; and

(C) A description of the percentage amount of risk retention pursuant to the rule by the originator-seller, and whether it is in the form of an eligible horizontal residual interest, vertical interest, or revolving pool securitization seller's interest, as applicable.

(2) Disclosures to regulators regarding originator-sellers. An ABCP conduit sponsor relying upon this section shall provide, or cause to be provided, upon request, to the Commission and its appropriate Federal banking agency, if any, in writing, all of the information required to be provided to investors in paragraph (d)(1) of this section, and the name and form of organization of each originator-seller that will retain (or has retained) pursuant to this section an interest in the securitization transaction.

(e) Sale or transfer of ABS interests between eligible ABCP conduits. At any time, an eligible ABCP conduit that acquired an ABS interest in accordance with the requirements set forth in this section may transfer, and another eligible ABCP conduit may acquire, such ABS interest, if the following conditions are satisfied:

(1) The sponsors of both eligible ABCP conduits are in compliance with this section; and
(2) The same regulated liquidity provider has entered into one or more legally binding commitments to provide 100 percent liquidity coverage to all the ABCP issued by both eligible ABCP conduits.

(f) Duty to comply. (1) The ABCP conduit sponsor shall be responsible for compliance with this section.

(2) An ABCP conduit sponsor relying on this section:

(i) Shall maintain and adhere to policies and procedures that are reasonably designed to monitor compliance by each originator-seller which is satisfying a risk retention obligation in respect of ABS interests acquired by an eligible ABCP conduit with the requirements of paragraph (b)(1) of this section; and

(ii) In the event that the ABCP conduit sponsor determines that an originator-seller no longer complies with the requirements of paragraph (b)(1) of this section, shall:

(A) Promptly notify the holders of the ABCP, and upon request, the Commission and its appropriate Federal banking agency, if any, in writing of:

(1) The name and form of organization of any originator-seller that fails to retain risk in accordance with paragraph (b)(1) of this section and the amount of ABS interests issued by an intermediate SPV of such originator-seller and held by the ABCP conduit;

(B) Take other appropriate steps pursuant to the requirements of paragraphs (b)(2)(iv) and (v) of this section which may include, as appropriate, curing any breach of the requirements in this section, or removing from the eligible ABCP conduit any ABS interest that does not comply with the requirements in this section.

§ 244.7 Commercial mortgage-backed securities.

(a) Definitions. For purposes of this section, the following definition shall apply:

Special servicer means, with respect to any securitization of commercial real estate loans, any servicer that, upon the occurrence of one or more specified conditions in the servicing agreement, has the right to service one or more assets in the transaction.

(b) Third-party purchaser. A sponsor may satisfy some or all of its risk retention requirements under §244.3 with respect to a securitization transaction if a third party (or any majority-owned affiliate thereof) purchases and holds for its own account an eligible horizontal residual interest in the issuing entity in the same form, amount, and manner as would be held by the sponsor under §244.4 and all of the following conditions are met:

(1) Number of third-party purchasers. At any time, there are no more than two third-party purchasers of an eligible horizontal residual interest. If there are two third-party purchasers, each third-party purchaser’s interest must be pari passu with the other third-party purchaser’s interest.

(2) Composition of collateral. The securitization transaction is collateralized solely by commercial real estate loans and servicing assets.

(i) Each third-party purchaser pays for the eligible horizontal residual interest in cash at the closing of the securitization transaction.

(ii) No third-party purchaser obtains financing, directly or indirectly, for the purchase of such interest from any other person that is a party to, or an affiliate of a party to, the securitization transaction (including, but not limited to, the sponsor, depositor, or servicer other than a special servicer affiliated with the third-party purchaser), other than a person that is a party to the transaction solely by reason of being an investor.

(3) Source of funds. (i) Each third-party purchaser pays for the eligible horizontal residual interest in cash at the closing of the securitization transaction.

(ii) No third-party purchaser obtains financing, directly or indirectly, for the purchase of such interest from any other person that is a party to, or an affiliate of a party to, the securitization transaction (including, but not limited to, the sponsor, depositor, or servicer other than a special servicer affiliated with the third-party purchaser), other than a person that is a party to the transaction solely by reason of being an investor.

(4) Third-party review. Each third-party purchaser conducts an independent review of the credit risk of each securitized asset prior to the sale of the asset-backed securities in the
securitization transaction that includes, at a minimum, a review of the underwriting standards, collateral, and expected cash flows of each commercial real estate loan that is collateral for the asset-backed securities.

(5) Affiliation and control rights. (i) Except as provided in paragraph (b)(5)(ii) of this section, no third-party purchaser is affiliated with any party to the securitization transaction (including, but not limited to, the sponsor, depositor, or servicer) other than investors in the securitization transaction.

(ii) Notwithstanding paragraph (b)(5)(i) of this section, a third-party purchaser may be affiliated with:

(A) The special servicer for the securitization transaction; or

(B) One or more originators of the securitized assets, as long as the assets originated by the affiliated originator or originators collectively comprise less than 10 percent of the unpaid principal balance of the securitized assets included in the securitization transaction at the cut-off date or similar date for establishing the composition of the securitized assets collateralizing the asset-backed securities issued pursuant to the securitization transaction.

(6) Operating Advisor. The underlying securitization transaction documents shall provide for the following:

(i) The appointment of an operating advisor (the Operating Advisor) that:

(A) Is not affiliated with other parties to the securitization transaction;

(B) Does not directly or indirectly have any financial interest in the securitization transaction other than in fees from its role as Operating Advisor; and

(C) Is required to act in the best interest of, and for the benefit of, investors as a collective whole;

(ii) Standards with respect to the Operating Advisor’s experience, expertise and financial strength to fulfill its duties and responsibilities under the applicable transaction documents over the life of the securitization transaction;

(iii) The terms of the Operating Advisor’s compensation with respect to the securitization transaction;

(iv) When the eligible horizontal residual interest has been reduced by principal payments, realized losses, and appraisal reduction amounts (which reduction amounts are determined in accordance with the applicable transaction documents) to a principal balance of 25 percent or less of its initial principal balance, the special servicer for the securitized assets must consult with the Operating Advisor in connection with, and prior to, any material decision in connection with its servicing of the securitized assets, including, without limitation:

(A) Any material modification of, or waiver with respect to, any provision of a loan agreement (including a mortgage, deed of trust, or other security agreement);

(B) Foreclosure upon or comparable conversion of the ownership of a property; or

(C) Any acquisition of a property.

(v) The Operating Advisor shall have adequate and timely access to information and reports necessary to fulfill its duties under the transaction documents, including all reports made available to holders of ABS interests and third-party purchasers, and shall be responsible for:

(A) Reviewing the actions of the special servicer;

(B) Reviewing all reports provided by the special servicer to the issuing entity or any holder of ABS interests;

(C) Reviewing for accuracy and consistency with the transaction documents calculations made by the special servicer; and

(D) Issuing a report to investors (including any third-party purchasers) and the issuing entity on a periodic basis concerning:

(I) Whether the Operating Advisor believes, in its sole discretion exercised in good faith, that the special servicer is operating in compliance with any standard required of the special servicer in the applicable transaction documents; and

(2) Which, if any, standards the Operating Advisor believes, in its sole discretion exercised in good faith, the special servicer has failed to comply.

(vi)(A) The Operating Advisor shall have the authority to recommend that the special servicer be replaced by a successor special servicer if the Operating Advisor determines, in its sole discretion exercised in good faith, that:
§ 244.7

(1) The special servicer has failed to comply with a standard required of the special servicer in the applicable transaction documents; and

(2) Such replacement would be in the best interest of the investors as a collective whole; and

(B) If a recommendation described in paragraph (b)(6)(vi)(A) of this section is made, the special servicer shall be replaced upon the affirmative vote of a majority of the outstanding principal balance of all ABS interests voting on the matter, with a minimum of a quorum of ABS interests voting on the matter. For purposes of such vote, the applicable transaction documents shall specify the quorum and may not specify a quorum of more than the holders of 20 percent of the outstanding principal balance of all ABS interests in the issuing entity, with such quorum including at least three ABS interest holders that are not affiliated with each other.

(7) Disclosures. The sponsor provides, or causes to be provided, to potential investors a reasonable period of time prior to the sale of the asset-backed securities as part of the securitization transaction and, upon request, to the Commission and its appropriate Federal banking agency, if any, the following disclosure in written form under the caption “Credit Risk Retention”:

(i) The name and form of organization of each initial third-party purchaser that acquired an eligible horizontal residual interest at the closing of a securitization transaction;

(ii) A description of each initial third-party purchaser’s experience in investing in commercial mortgage-backed securities;

(iii) Any other information regarding each initial third-party purchaser or each initial third-party purchaser’s retention of the eligible horizontal residual interest that is material to investors in light of the circumstances of the particular securitization transaction;

(iv) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that will be retained (or was retained) by each initial third-party purchaser, as well as the amount of the purchase price paid by each initial third-party purchaser for such interest;

(v) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest in the securitization transaction that the sponsor would have retained pursuant to §244.4 if the sponsor had relied on retaining an eligible horizontal residual interest in that section to meet the requirements of §244.3 with respect to the transaction;

(vi) A description of the material terms of the eligible horizontal residual interest retained by each initial third-party purchaser, including the same information as is required to be disclosed by sponsors retaining horizontal residual interest pursuant to §244.4;

(vii) The material terms of the applicable transaction documents with respect to the Operating Advisor, including without limitation:

(A) The name and form of organization of the Operating Advisor;

(B) A description of any material conflict of interest or material potential conflict of interest between the Operating Advisor and any other party to the transaction;

such as compensating factors or a determination that the exceptions were not material.

(8) Hedging, transfer and pledging—(i) General rule. Except as set forth in paragraph (b)(8)(ii) of this section, each third-party purchaser and its affiliates must comply with the hedging and other restrictions in §244.12 as if it were the retaining sponsor with respect to the securitization transaction and had acquired the eligible horizontal residual interest pursuant to §244.4; provided that, the hedging and other restrictions in §244.12 shall not apply on or after the date that each CRE loan (as defined in §244.14) that serves as collateral for outstanding ABS interests has been defeased. For purposes of this section, a loan is deemed to be defeased if:

(A) cash or cash equivalents of the types permitted for an eligible horizontal cash reserve account pursuant to §244.4 whose maturity corresponds to the remaining debt service obligations, have been pledged to the issuing entity as collateral for the loan and are in such amounts and payable at such times as necessary to timely generate cash sufficient to make all remaining debt service payments due on such loan; and

(B) the issuing entity has an obligation to release its lien on the loan.

(ii) Exceptions—(A) Transfer by initial third-party purchaser or sponsor. An initial third-party purchaser that acquired an eligible horizontal residual interest at the closing of a securitization transaction in accordance with this section, or a sponsor that acquired an eligible horizontal residual interest at the closing of a securitization transaction in accordance with this section, may, on or after the date that is five years after the date of the closing of the securitization transaction, transfer that interest to a subsequent third-party purchaser that complies with paragraph (b)(8)(ii)(C) of this section. The initial third-party purchaser shall provide the sponsor with complete identifying information for the subsequent third-party purchaser.

(B) Transfer by subsequent third-party purchaser. At any time, a subsequent third-party purchaser that acquired an eligible horizontal residual interest pursuant to this section may transfer its interest to a different third-party purchaser that complies with paragraph (b)(8)(ii)(C) of this section. The transferring third-party purchaser shall provide the sponsor with complete identifying information for the acquiring third-party purchaser.

(C) Requirements applicable to subsequent third-party purchasers. A subsequent third-party purchaser is subject to all of the requirements of paragraphs (b)(1), (b)(3) through (5), and (b)(8) of this section applicable to third-party purchasers, provided that obligations under paragraphs (b)(1), (b)(3) through (5), and (b)(8) of this section that apply to initial third-party purchasers at or before the time of closing of the securitization transaction shall apply to successor third-party purchasers at or before the time of the transfer of the eligible horizontal residual interest to the successor third-party purchaser.

(c) Duty to comply. (1) The retaining sponsor shall be responsible for compliance with this section by itself and for compliance by each initial or subsequent third-party purchaser that acquired an eligible horizontal residual interest in the securitization transaction.

(2) A sponsor relying on this section:

(i) Shall maintain and adhere to policies and procedures to monitor each third-party purchaser’s compliance with the requirements of paragraphs (b)(1), (b)(3) through (5), and (b)(8) of this section; and

(ii) In the event that the sponsor determines that a third-party purchaser no longer complies with one or more of the requirements of paragraphs (b)(1), (b)(3) through (5), or (b)(8) of this section, shall promptly notify, or cause to be notified, the holders of the ABS interests issued in the securitization transaction of such noncompliance by such third-party purchaser.

(b) Certain provisions not applicable. The provisions of §244.12(b), (c), and (d) shall not apply to a sponsor described in paragraph (a)(1) or (2) of this section, its affiliates, or the issuing entity with respect to a securitization transaction for which the sponsor has retained credit risk in accordance with the requirements of this section.

(c) Disclosure. A sponsor relying on this section shall provide to investors, in written form under the caption “Credit Risk Retention” and, upon request, to the Federal Housing Finance Agency and the Commission, a description of the manner in which it has met the credit risk retention requirements of this part.

§244.9 Open market CLOs.

(a) Definitions. For purposes of this section, the following definitions shall apply:

CLO means a special purpose entity that:

(i) Issues debt and equity interests, and

(ii) Whose assets consist primarily of loans that are securitized assets and servicing assets.

CLO-eligible loan tranche means a term loan of a syndicated facility that meets the criteria set forth in paragraph (c) of this section.

CLO manager means an entity that manages a CLO, which entity is registered as an investment adviser under the Investment Advisers Act of 1940, as amended (15 U.S.C. 80b-1 et seq.), or is an affiliate of such a registered investment adviser and itself is managed by such registered investment adviser.

Commercial borrower means an obligor under a corporate credit obligation (including a loan).

Initial loan syndication transaction means a transaction in which a loan is syndicated to a group of lenders.

Lead arranger means, with respect to a CLO-eligible loan tranche, an institution that:

(i) Is active in the origination, structuring and syndication of commercial loan transactions (as defined in §244.14) and has played a primary role in the structuring, underwriting and distribution on the primary market of the CLO-eligible loan tranche.

(ii) Has taken an allocation of the funded portion of the syndicated credit facility under the terms of the transaction that includes the CLO-eligible loan tranche of at least 20 percent of the aggregate principal balance at origination, and no other member (or members affiliated with each other) of the syndication group that funded at origination has taken a greater allocation; and

(iii) Is identified in the applicable agreement governing the CLO-eligible loan tranche to be held by an open market CLO; represents therein to the holders of the CLO-eligible loan tranche and to any holders of participation interests in such CLO-eligible loan tranche that such lead arranger satisfies the requirements of paragraph (i) of this definition and, at the time of initial funding of the CLO-eligible tranche, will satisfy the requirements of paragraph (ii) of this definition; further represents therein (solely for the purpose of assisting such holders to determine the eligibility of such CLO-eligible loan tranche to be held by an open market CLO) that in the reasonable judgment of such lead arranger, the terms of such CLO-eligible loan tranche are consistent with the requirements of paragraphs (c)(2) and (3) of this section; and covenants therein to such holders that such lead arranger...
§ 244.9

will fulfill the requirements of paragraph (c)(1) of this section.

Open market CLO means a CLO:

(i) Those assets consist of senior, secured syndicated loans acquired by such CLO directly from the sellers thereof in open market transactions and of servicing assets,

(ii) That is managed by a CLO manager, and

(iii) That holds less than 50 percent of its assets, by aggregate outstanding principal amount, in loans syndicated by lead arrangers that are affiliates of the CLO or the CLO manager or originated by originators that are affiliates of the CLO or the CLO manager.

Open market transaction means:

(i) Either an initial loan syndication transaction or a secondary market transaction in which a seller offers senior, secured syndicated loans to prospective purchasers in the loan market on market terms on an arm's length basis, which prospective purchasers include, but are not limited to, entities that are not affiliated with the seller, or

(ii) A reverse inquiry from a prospective purchaser of a senior, secured syndicated loan through a dealer in the loan market to purchase a senior, secured syndicated loan to be sourced by the dealer in the loan market.

Secondary market transaction means a purchase of a senior, secured syndicated loan not in connection with an initial loan syndication transaction but in the secondary market.

Senior, secured syndicated loan means a loan made to a commercial borrower that:

(i) Is not subordinate in right of payment to any other obligation for borrowed money of the commercial borrower,

(ii) Is secured by a valid first priority security interest or lien in or on specified collateral securing the commercial borrower's obligations under the loan, and

(iii) The value of the collateral subject to such first priority security interest or lien, together with other attributes of the obligor (including, without limitation, its general financial condition, ability to generate cash flow available for debt service and other demands for that cash flow), is adequate (in the commercially reasonable judgment of the CLO manager exercised at the time of investment) to repay the loan and to repay all other indebtedness of equal seniority secured by such first priority security interest or lien in or on the same collateral, and the CLO manager certifies, on or prior to each date that it acquires a loan constituting part of a new CLO-eligible tranche, that it has policies and procedures to evaluate the likelihood of repayment of loans acquired by the CLO and it has followed such policies and procedures in evaluating each CLO-eligible loan tranche.

(b) In general. A sponsor satisfies the risk retention requirements of §244.3 with respect to an open market CLO transaction if:

(1) The open market CLO does not acquire or hold any assets other than CLO-eligible loan tranches that meet the requirements of paragraph (c) of this section and servicing assets;

(2) The governing documents of such open market CLO require that, at all times, the assets of the open market CLO consist of senior, secured syndicated loans that are CLO-eligible loan tranches and servicing assets;

(3) The open market CLO does not invest in ABS interests or in credit derivatives other than hedging transactions that are servicing assets to hedge risks of the open market CLO;

(4) All purchases of CLO-eligible loan tranches and other assets by the open market CLO issuing entity or through a warehouse facility used to accumulate the loans prior to the issuance of the CLO’s ABS interests are made in open market transactions on an arm’s length basis;

(5) The CLO manager of the open market CLO is not entitled to receive any management fee or gain on sale at the time the open market CLO issues its ABS interests.

(c) CLO-eligible loan tranche. To qualify as a CLO-eligible loan tranche, a term loan of a syndicated credit facility to a commercial borrower must have the following features:

(1) A minimum of 5 percent of the face amount of the CLO-eligible loan tranche is retained by the lead arranger thereof until the earliest of the repayment, maturity, involuntary and
unscheduled acceleration, payment default, or bankruptcy default of such CLO-eligible loan tranche, provided that such lead arranger complies with limitations on hedging, transferring and pledging in §244.12 with respect to the interest retained by the lead arranger.

(2) Lender voting rights within the credit agreement and any intercreditor or other applicable agreements governing such CLO-eligible loan tranche are defined so as to give holders of the CLO-eligible loan tranche consent rights with respect to, at minimum, any material waivers and amendments of such applicable documents, including but not limited to, adverse changes to the calculation or payments of amounts due to the holders of the CLO-eligible tranche, alterations to pro rata provisions, changes to voting provisions, and waivers of conditions precedent; and

(3) The pro rata provisions, voting provisions, and similar provisions applicable to the security associated with such CLO-eligible loan tranches under the CLO credit agreement and any intercreditor or other applicable agreements governing such CLO-eligible loan tranches are not materially less advantageous to the holder(s) of such CLO-eligible tranche than the terms of other tranches of comparable seniority in the broader syndicated credit facility.

(d) Disclosures. A sponsor relying on this section shall provide, or cause to be provided, to potential investors a reasonable period of time prior to the sale of the asset-backed securities in the securitization transaction and at least annually with respect to the information required by paragraph (d)(1) of this section and, upon request, to the Commission and its appropriate Federal banking agency, if any, the following disclosure in written form under the caption “Credit Risk Retention”:

(i) The full legal name, Standard Industrial Classification (SIC) category code, and legal entity identifier (LEI) issued by a utility endorsed or otherwise governed by the Global LEI Regulatory Oversight Committee or the Global LEI Foundation (if an LEI has been obtained by the obligor) of the obligor of the loan or asset;

(ii) The full name of the specific loan tranche held by the CLO:

(iii) The face amount of the entire loan tranche held by the CLO, and the face amount of the portion thereof held by the CLO;

(iv) The price at which the loan tranche was acquired by the CLO; and

(v) For each loan tranche, the full legal name of the lead arranger subject to the sales and hedging restrictions of §244.12; and

(2) CLO manager. The full legal name and form of organization of the CLO manager.

§244.10 Qualified tender option bonds.

(a) Definitions. For purposes of this section, the following definitions shall apply:

Municipal security or municipal securities shall have the same meaning as the term “municipal securities” in Section 3(a)(29) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(29)) and any rules promulgated pursuant to such section.

Qualified tender option bond entity means an issuing entity with respect to tender option bonds for which each of the following applies:

(i) Such entity is collateralized solely by servicing assets and by municipal securities that have the same municipal issuer and the same underlying obligor or source of payment (determined without regard to any third-party credit enhancement), and such municipal securities are not subject to substitution.

(ii) Such entity issues no securities other than:

(A) A single class of tender option bonds with a preferred variable return payable out of capital that meets the requirements of paragraph (b) of this section, and

(B) One or more residual equity interests that, in the aggregate, are entitled to all remaining income of the issuing entity.
(C) The types of securities referred to in paragraphs (ii)(A) and (B) of this definition must constitute asset-backed securities.

(iii) The municipal securities held as assets by such entity are issued in compliance with Section 103 of the Internal Revenue Code of 1986, as amended (the “IRS Code”, 26 U.S.C. 103), such that the interest payments made on those securities are excludable from the gross income of the owners under Section 103 of the IRS Code.

(iv) The terms of all of the securities issued by the entity are structured so that all holders of such securities who are eligible to exclude interest received on such securities will be able to exclude that interest from gross income pursuant to Section 103 of the IRS Code or as “exempt-interest dividends” pursuant to Section 852(b)(5) of the IRS Code (26 U.S.C. 852(b)(5)) in the case of regulated investment companies under the Investment Company Act of 1940, as amended.

(v) Such entity has a legally binding commitment from a regulated liquidity provider as defined in §244.6(a), to provide a 100 percent guarantee or liquidity coverage with respect to all of the issuing entity’s outstanding tender option bonds.

(vi) Such entity qualifies for monthly closing elections pursuant to IRS Revenue Procedure 2003–84, as amended or supplemented from time to time.

Tender option bond means a security which has features which enable the holders to tender such bonds to the issuing entity for purchase at any time upon no more than 397 days’ notice, for a purchase price equal to the approximate amortized cost of the security, plus accrued interest, if any, at the time of tender.

(b) Risk retention options. Notwithstanding anything in this section, the sponsor with respect to an issuance of tender option bonds may retain an eligible vertical interest or eligible horizontal residual interest, or any combination thereof, in accordance with the requirements of §244.4. In order to satisfy its risk retention requirements under this section, the sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity may retain:

(1) An eligible vertical interest or an eligible horizontal residual interest, or any combination thereof, in accordance with the requirements of §244.4; or

(2) An interest that meets the requirements set forth in paragraph (c) of this section; or

(3) A municipal security that meets the requirements set forth in paragraph (d) of this section; or

(4) Any combination of interests and securities described in paragraphs (b)(1) through (b)(3) of this section such that the sum of the percentages held in each form equals at least five.

(c) Tender option termination event. The sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity may retain an interest that upon issuance meets the requirements of an eligible horizontal residual interest but that upon the occurrence of a “tender option termination event” as defined in Section 4.01(5) of IRS Revenue Procedure 2003–84, as amended or supplemented from time to time will meet the requirements of an eligible vertical interest.

(d) Retention of a municipal security outside of the qualified tender option bond entity. The sponsor with respect to an issuance of tender option bonds by a qualified tender option bond entity may satisfy its risk retention requirements under this Section by holding municipal securities from the same issuance of municipal securities deposited in the qualified tender option bond entity, the face value of which retained municipal securities is equal to 5 percent of the face value of the municipal securities deposited in the qualified tender option bond entity.

(e) Disclosures. The sponsor shall provide, or cause to be provided, to potential investors a reasonable period of time prior to the sale of the asset-backed securities as part of the securitization transaction and, upon request, to the Commission and its appropriate Federal banking agency, if any, the following disclosure in written form under the caption “Credit Risk Retention”:

(1) The name and form of organization of the qualified tender option bond entity;
§ 244.11 Allocation of risk retention to an originator.

(a) In general. A sponsor choosing to retain an eligible vertical interest or an eligible horizontal residual interest (including an eligible horizontal cash reserve account), or combination there-of under §244.4, with respect to a securitization transaction may offset the amount of its risk retention requirements under §244.4 by the amount of the eligible interests, respectively, acquired by an originator of one or more of the securitized assets if:

(1) At the closing of the securitization transaction:

(i) The originator acquires the eligible interest from the sponsor and retains such interest in the same manner and proportion (as between horizontal and vertical interests) as the sponsor under §244.4, as such interest was held prior to the acquisition by the originator;

(ii) The ratio of the percentage of eligible interests acquired and retained by the originator to the percentage of eligible interests otherwise required to be retained by the sponsor pursuant to §244.4, does not exceed the ratio of:

(A) The unpaid principal balance of all the securitized assets originated by the originator; to

(B) The unpaid principal balance of all the securitized assets in the securitization transaction;

(iii) The originator acquires and retains at least 20 percent of the aggregate risk retention amount otherwise required to be retained by the sponsor pursuant to §244.4; and

(iv) The originator purchases the eligible interests from the sponsor at a price that is equal, on a dollar-for-dollar basis, to the amount by which the sponsor’s required risk retention is reduced in accordance with this section, by payment to the sponsor in the form of:

(A) Cash; or

(B) A reduction in the price received by the originator from the sponsor or depositor for the assets sold by the originator to the sponsor or depositor for inclusion in the pool of securitized assets.

(2) Disclosures. In addition to the disclosures required pursuant to §244.4(c), the sponsor provides, or causes to be provided, to potential investors a reasonable period of time prior to the sale of the asset-backed securities as part of the securitization transaction and, upon request, to the Commission and its appropriate Federal banking agency, if any, in written form under the caption “Credit Risk Retention”, the name and form of organization of any originator that will acquire and retain
(or has acquired and retained) an interest in the transaction pursuant to this section, including a description of the form and amount (expressed as a percentage and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) and nature (e.g., senior or subordinated) of the interest, as well as the method of payment for such interest under paragraph (a)(1)(iv) of this section.

3 Hedging, transferring and pledging. The originator and each of its affiliates complies with the hedging and other restrictions in §244.12 with respect to the interests retained by the originator pursuant to this section as if it were the retaining sponsor and was required to retain the interest under subpart B of this part.

(b) Duty to comply. (1) The retaining sponsor shall be responsible for compliance with this section.

(2) A retaining sponsor relying on this section:

(i) Shall maintain and adhere to policies and procedures that are reasonably designed to monitor the compliance by each originator that is allocated a portion of the sponsor’s risk retention obligations with the requirements in paragraphs (a)(1) and (3) of this section; and

(ii) In the event the sponsor determines that any such originator no longer complies with any of the requirements in paragraphs (a)(1) and (3) of this section, shall promptly notify, or cause to be notified, the holders of the ABS interests issued in the securitization transaction of such non-compliance by such originator.

§244.12 Hedging, transfer and financing prohibitions.

(a) Transfer. Except as permitted by §244.7(b)(8), and subject to §244.5, a retaining sponsor may not sell or otherwise transfer any interest or assets that the sponsor is required to retain pursuant to subpart B of this part to any person other than an entity that is and remains a majority-owned affiliate of the sponsor and each such majority-owned affiliate shall be subject to the same restrictions.

(b) Prohibited hedging by sponsor and affiliates. A retaining sponsor and its affiliates may not purchase or sell a security, or other financial instrument, or enter into an agreement, derivative or other position, with any other person if:

(1) Payments on the security or other financial instrument or under the agreement, derivative, or position are materially related to the credit risk of one or more particular ABS interests that the retaining sponsor (or any of its majority-owned affiliates) is required to retain with respect to a securitization transaction pursuant to subpart B of this part or one or more of the particular securitized assets that collateralize the asset-backed securities issued in the securitization transaction; and

(2) The security, instrument, agreement, derivative, or position in any way reduces or limits the financial exposure of the sponsor (or any of its majority-owned affiliates) to the credit risk of one or more of the particular ABS interests that the retaining sponsor (or any of its majority-owned affiliates) is required to retain with respect to a securitization transaction pursuant to subpart B of this part or one or more of the particular securitized assets that collateralize the asset-backed securities issued in the securitization transaction.

(c) Prohibited hedging by issuing entity. The issuing entity in a securitization transaction may not purchase or sell a security or other financial instrument, or enter into an agreement, derivative or position, with any other person if:

(1) Payments on the security or other financial instrument or under the agreement, derivative or position are materially related to the credit risk of one or more particular ABS interests that the retaining sponsor for the transaction (or any of its majority-owned affiliates) is required to retain with respect to the securitization transaction pursuant to subpart B of this part; and

(2) The security, instrument, agreement, derivative, or position in any way reduces or limits the financial exposure of the retaining sponsor (or any of its majority-owned affiliates) to the credit risk of one or more of the particular ABS interests that the sponsor...
(or any of its majority-owned affiliates) is required to retain pursuant to subpart B of this part.

(d) Permitted hedging activities. The following activities shall not be considered prohibited hedging activities under paragraph (b) or (c) of this section:

(1) Hedging the interest rate risk (which does not include the specific interest rate risk, known as spread risk, associated with the ABS interest that is otherwise considered part of the credit risk) or foreign exchange risk arising from one or more of the particular ABS interests required to be retained by the sponsor (or any of its majority-owned affiliates) under subpart B of this part or one or more of the particular securitized assets that underlie the asset-backed securities issued in the securitization transaction; or

(2) Purchasing or selling a security or other financial instrument or entering into an agreement, derivative, or other position with any third party where payments on the security or other financial instrument or under the agreement, derivative, or position are based, directly or indirectly, on an index of instruments that includes asset-backed securities if:

(i) Any class of ABS interests in the issuing entity that were issued in connection with the securitization transaction and that are included in the index represents no more than 10 percent of the dollar-weighted average (or corresponding weighted average in the currency in which the ABS interests are issued, as applicable) of all instruments included in the index; and

(ii) All classes of ABS interests in all issuing entities that were issued in connection with any securitization transaction in which the sponsor (or any of its majority-owned affiliates) is required to retain an interest pursuant to subpart B of this part and that are included in the index represent, in the aggregate, no more than 20 percent of the dollar-weighted average (or corresponding weighted average in the currency in which the ABS interests are issued, as applicable) of all instruments included in the index.

(e) Prohibited non-recourse financing. Neither a retaining sponsor nor any of its affiliates may pledge as collateral for any obligation (including a loan, repurchase agreement, or other financing transaction) any ABS interest that the sponsor is required to retain with respect to a securitization transaction pursuant to subpart B of this part unless such obligation is with full recourse to the sponsor or affiliate, respectively.

(f) Duration of the hedging and transfer restrictions—(1) General rule. Except as provided in paragraph (f)(2) of this section, the prohibitions on sale and hedging pursuant to paragraphs (a) and (b) of this section shall expire on or after the date that is the latest of:

(i) The date on which the total unpaid principal balance (if applicable) of the securitized assets that collateralize the securitization transaction has been reduced to 33 percent of the total unpaid principal balance of the securitized assets as of the cut-off date or similar date for establishing the composition of the securitized assets collateralizing the asset-backed securities issued pursuant to the securitization transaction;

(ii) The date on which the total unpaid principal obligations under the ABS interests issued in the securitization transaction has been reduced to 33 percent of the total unpaid principal obligations of the ABS interests at closing of the securitization transaction; or

(iii) Two years after the date of the closing of the securitization transaction.

(2) Securitizations of residential mortgages. (i) If all of the assets that collateralize a securitization transaction subject to risk retention under this part are residential mortgages, the prohibitions on sale and hedging pursuant to paragraphs (a) and (b) of this section shall expire on or after the date that is the later of:

(A) Five years after the date of the closing of the securitization transaction; or

(B) The date on which the total unpaid principal balance of the residential mortgages that collateralize the securitization transaction has been reduced to 25 percent of the total unpaid principal balance of such residential mortgages.
mortgages at the cut-off date or similar date for establishing the composition of the securitized assets collateralizing the asset-backed securities issued pursuant to the securitization transaction.

(ii) Notwithstanding paragraph (f)(2)(i) of this section, the prohibitions on sale and hedging pursuant to paragraphs (a) and (b) of this section shall expire with respect to the sponsor of a securitization transaction described in paragraph (f)(2)(i) of this section on or after the date that is seven years after the date of the closing of the securitization transaction.

(3) Conservatorship or receivership of sponsor. A conservator or receiver of the sponsor (or any other person holding risk retention pursuant to this part) of a securitization transaction is permitted to sell or hedge any economic interest in the securitization transaction if the conservator or receiver has been appointed pursuant to any provision of federal or State law (or regulation promulgated thereunder) that provides for the appointment of the Federal Deposit Insurance Corporation, or an agency or instrumentality of the United States or of a State as conservator or receiver, including without limitation any of the following authorities:

(i) 12 U.S.C. 1811;
(ii) 12 U.S.C. 1787;

(2) Interest on delinquent payments will be assessed beginning on the first calendar day after the collection date, and on each calendar day thereafter up to and including the day payment is received. (2) Result, directly or indirectly, in a material exposure by the banking entity to a high-risk asset or a high-risk trading strategy; or

(3) Pose a threat to the safety and soundness of the banking entity or to the financial stability of the United States.

(b) Definition of material conflict of interest. (1) For purposes of this section, a
material conflict of interest between a banking entity and its clients, customers, or counterparties exists if the banking entity engages in any transaction, class of transactions, or activity that would involve or result in the banking entity’s interests being materially adverse to the interests of its client, customer, or counterparty with respect to such transaction, class of transactions, or activity, and the banking entity has not taken at least one of the actions in paragraph (b)(2) of this section.

Has established, maintained, and enforced information barriers that are memorialized in written policies and procedures, such as physical separation of personnel, or functions, or limitations on types of activity, that are reasonably designed, taking into consideration the nature of the banking entity’s business, to prevent the conflict of interest from involving or resulting in a materially adverse effect on a client, customer, or counterparty. A banking entity may not rely on such information barriers if, in the case of any specific transaction, class or type of transactions or activity, the banking entity knows or should reasonably know that, notwithstanding the banking entity’s establishment of information barriers, the conflict of interest may involve or result in a materially adverse effect on a client, customer, or counterparty.

(iii) In the ordinary course of collecting a debt previously contracted in good faith, provided that the banking entity divests the ownership interest as soon as practicable, and in no event may the banking entity retain such ownership interest for longer than such period permitted by the Board; or

(A) Does not own, control, or hold with the power to vote 25 percent or more of the voting shares of the company or fund; and

(B) Provides investment advisory, commodity trading advisory, administrative, and other services to the company or fund in compliance with the limitations under applicable regulation, order, or other authority.

(iii) Covered funds. For purposes of paragraph (b)(1)(i) of this section, a covered fund will not be considered to be an affiliate of a banking entity so long as the covered fund is held in compliance with the requirements of this subpart.

(iv) Treatment of employee and director investments financed by the banking entity. For purposes of paragraph (b)(1)(i) of this section, an investment by a director or employee of a banking entity who acquires an ownership interest in his or her personal capacity in a covered fund sponsored by the banking entity will be attributed to the banking entity if the banking entity, directly or indirectly, extends financing for the
§ 248.12  12 CFR Ch. II (1–1–16 Edition)

purpose of enabling the director or employee to acquire the ownership interest in the fund and the financing is used to acquire such ownership interest in the covered fund.

(2) Calculation of permitted ownership interests in a single covered fund. Except as provided in paragraph (b)(3) or (4), for purposes of determining whether an investment in a single covered fund complies with the restrictions on ownership interests under paragraphs (a)(2)(i)(B) and (a)(2)(ii)(A) of this section:

(i) The aggregate number of the outstanding ownership interests held by the banking entity shall be the total number of ownership interests held under this section by the banking entity in a covered fund divided by the total number of ownership interests held by all entities in that covered fund, as of the last day of each calendar quarter (both measured without regard to committed funds not yet called for investment);

(ii) The aggregate value of the outstanding ownership interests held by the banking entity shall be the aggregate fair market value of all investments in and capital contributions made to the covered fund divided by the total number of ownership interests held by all entities in that covered fund, as of the last day of each calendar quarter (both measured without regard to committed funds not yet called for investment).

(iii) For purposes of the calculation under paragraph (b)(2)(ii) of this section, the valuation methodology used to calculate the fair market value of the ownership interests must be the same for both the ownership interests held by a banking entity and the ownership interests held by all others in the covered fund in the same manner and according to the same standards.

(3) Issuing entities of asset-backed securities. In the case of an ownership interest in an issuing entity of asset-backed securities, for purposes of determining whether an investment in a single covered fund complies with the restrictions on ownership interests under paragraphs (a)(2)(i)(B) and (a)(2)(ii)(B) of this section:

(i) For securitizations subject to the requirements of section 15G of the Exchange Act (15 U.S.C. 78o–11), the calculations shall be made as of the date and according to the valuation methodology applicable pursuant to the requirements of section 15G of the Exchange Act (15 U.S.C. 78o–11) and the implementing regulations issued thereunder; or

(ii) For securitization transactions completed prior to the compliance date of such implementing regulations (or as to which such implementing regulations do not apply), the calculations shall be made as of the date of establishment as defined in paragraph (a)(2)(iv)(B) of this section or such earlier date on which the transferred assets have been valued for purposes of transfer to the covered fund, and thereafter only upon the date on which additional securities of the issuing entity of asset-backed securities are priced for purposes of the sales of ownership interests to unaffiliated investors.

(iii) For securitization transactions completed prior to the compliance date of such implementing regulations (or as to which such implementing regulations do not apply), the aggregate value of the outstanding ownership interests in the covered fund shall be the fair market value of the assets transferred to the issuing entity of the securitization and any other assets otherwise held by the issuing entity at such time, determined in a manner that is consistent with its determination of the fair market value of those assets for financial statement purposes.

(iv) For purposes of the calculation under paragraph (b)(3)(iii) of this section, the valuation methodology used to calculate the fair market value of the ownership interests must be the same for both the ownership interests held by a banking entity and the ownership interests held by all others in the covered fund in the same manner and according to the same standards.

(4) Multi-tier fund investments—(i) Master-feeder fund investments. If the principal investment strategy of a covered fund (the “feeder fund”) is to invest substantially all of its assets in
another single covered fund (the “master fund”), then for purposes of the investment limitations in paragraphs (a)(2)(i)(B) and (a)(2)(ii) of this section, the banking entity’s permitted investment in such funds shall be measured only by reference to the value of the master fund. The banking entity’s permitted investment in the master fund shall include any investment by the banking entity in the master fund, as well as the banking entity’s pro-rata share of any ownership interest of the master fund that is held through the feeder fund; and

(ii) Fund-of-funds investments. If a banking entity organizes and offers a covered fund pursuant to §248.11 of this subpart for the purpose of investing in other covered funds (a “fund of funds”) and that fund of funds itself invests in another covered fund that the banking entity is permitted to own, then the banking entity’s permitted investment in that other fund shall include any investment by the banking entity in that other fund, as well as the banking entity’s pro-rata share of any ownership interest of the fund that is held through the fund of funds. The investment of the banking entity may not represent more than 3 percent of the amount or value of any single covered fund.

(c) Aggregate permitted investments in all covered funds. (1) For purposes of paragraph (a)(2)(iii) of this section, the aggregate value of all ownership interests held by a banking entity shall be the sum of all amounts paid or contributed by the banking entity in connection with acquiring or retaining an ownership interest in covered funds (together with any amounts paid by the entity (or employee thereof) in connection with obtaining a restricted profit interest under §248.10(d)(6)(ii) of this subpart), on a historical cost basis.

(2) Calculation of tier 1 capital. For purposes of paragraph (a)(2)(iii) of this section:

(i) Entities that are required to hold and report tier 1 capital. If a banking entity is required to calculate and report tier 1 capital, the banking entity’s tier 1 capital shall be determined to be equal to:

(A) In the case of a banking entity that is controlled, directly or indirectly, by a depository institution that calculates and reports tier 1 capital, be equal to the amount of tier 1 capital reported by such controlling depository institution in the manner described in paragraph (c)(2)(i) of this section;

(B) In the case of a banking entity that is not controlled, directly or indirectly, by a depository institution that calculates and reports tier 1 capital:

(1) Bank holding company subsidiaries. If the banking entity is a subsidiary of a bank holding company or company that is treated as a bank holding company, be equal to the amount of tier 1 capital reported by the top-tier affiliate of such covered banking entity that calculates and reports tier 1 capital in the manner described in paragraph (c)(2)(i) of this section;

(2) Other holding companies and any subsidiary or affiliate thereof. If the banking entity is not a subsidiary of a bank holding company or a company that is treated as a bank holding company, be equal to the total amount of shareholders’ equity of the top-tier affiliate within such organization as of the last day of the most recent calendar quarter that has ended, as determined under applicable accounting standards.

(ii) Treatment of foreign banking entities—(A) Foreign banking entities. Except as provided in paragraph (c)(2)(iii)(B) of this section, with respect to a banking entity that is not itself, and is not controlled directly or indirectly by, a banking entity that is located or organized under the laws of the United States or of any State, the tier 1 capital of the banking entity shall be the consolidated tier 1 capital of the entity as calculated under applicable home country standards.

(B) U.S. affiliates of foreign banking entities. With respect to a banking entity that is located or organized under the laws of the United States or of any State and is controlled by a foreign banking entity identified under paragraph (c)(2)(iii)(A) of this section, the banking entity’s tier 1 capital shall be
as calculated under paragraphs (c)(2)(i) or (ii) of this section.

(d) Capital treatment for a permitted investment in a covered fund. For purposes of calculating compliance with the applicable regulatory capital requirements, a banking entity shall deduct from the banking entity’s tier 1 capital (as determined under paragraph (c)(2) of this section) the greater of:

(1) The sum of all amounts paid or contributed by the banking entity in connection with acquiring or retaining an ownership interest (together with any amounts paid by the entity (or employee thereof) in connection with obtaining a restricted profit interest under §248.10(d)(6)(ii) of subpart C), on a historical cost basis, plus any earnings received; and

(2) The fair market value of the banking entity’s ownership interests in the covered fund as determined under paragraph (b)(2)(ii) or (b)(3) of this section (together with any amounts paid by the entity (or employee thereof) in connection with obtaining a restricted profit interest under §248.10(d)(6)(ii) of subpart C), if the banking entity accounts for the profits (or losses) of the fund investment in its financial statements.

(e) Extension of time to divest an ownership interest. (1) Upon application by a banking entity, the Board may extend the period under paragraph (a)(2)(i) of this section for up to 2 additional years if the Board finds that an extension would be consistent with safety and soundness and not detrimental to the public interest. An application for extension must:

(i) Be submitted to the Board at least 90 days prior to the expiration of the applicable time period;

(ii) Provide the reasons for application, including information that addresses the factors in paragraph (e)(2) of this section; and

(iii) Explain the banking entity’s plan for reducing the permitted investment in a covered fund through redemption, sale, dilution or other methods as required in paragraph (a)(2) of this section.

(2) Factors governing the Board determinations. In reviewing any application under paragraph (e)(1) of this section, the Board may consider all the facts and circumstances related to the permitted investment in a covered fund, including:

(i) Whether the investment would result, directly or indirectly, in a material exposure by the banking entity to high-risk assets or high-risk trading strategies;

(ii) The contractual terms governing the banking entity’s interest in the covered fund;

(iii) The date on which the covered fund is expected to have attracted sufficient investments from investors unaffiliated with the banking entity to enable the banking entity to comply with the limitations in paragraph (a)(2)(i) of this section;

(iv) The total exposure of the covered banking entity to the investment and the risks that disposing of, or maintaining, the investment in the covered fund may pose to the banking entity and the financial stability of the United States;

(v) The cost to the banking entity of divesting or disposing of the investment within the applicable period;

(vi) Whether the investment or the divestiture or conformance of the investment would involve or result in a material conflict of interest between the banking entity and unaffiliated parties, including clients, customers or counterparties to which it owes a duty;

(vi) The banking entity’s prior efforts to reduce through redemption, sale, dilution, or other methods its ownership interests in the covered fund, including activities related to the marketing of interests in such covered fund;

(vii) [Reserved]

(viii) Market conditions; and

(ix) Any other factor that the Board believes appropriate.

(3) Authority to impose restrictions on activities or investment during any extension period. The Board may impose such conditions on any extension approved under paragraph (e)(1) of this section as the Board determines are necessary or appropriate to protect the safety and soundness of the banking entity or the financial stability of the United States, address material conflicts of interest or other unsound banking practices, or otherwise further the purposes of section 13 of the BHC Act and this part.
(4) Consultation. In the case of a banking entity that is primarily regulated by another Federal banking agency, the SEC, or the CFTC, the Board will consult with such agency prior to acting on an application by the banking entity for an extension under paragraph (e)(1) of this section.

§ 248.13 Other permitted covered fund activities and investments.

(a) Permitted risk-mitigating hedging activities. (1) The prohibition contained in §248.10(a) of this subpart does not apply with respect to an ownership interest in a covered fund acquired or retained by a banking entity that is designed to demonstrably reduce or otherwise significantly mitigate the specific, identifiable risks to the banking entity in connection with a compensation arrangement with an employee of the banking entity or an affiliate thereof that directly provides investment advisory, commodity trading advisory or other services to the covered fund.

(2) Requirements. The risk-mitigating hedging activities of a banking entity are permitted under this paragraph (a) only if:

(i) The banking entity has established and implements, maintains and enforces an internal compliance program required by subpart D of this part that is reasonably designed to ensure the banking entity’s compliance with the requirements of this section, including:

(A) Reasonably designed written policies and procedures; and

(B) Internal controls and ongoing monitoring, management, and authorization procedures, including relevant escalation procedures; and

(ii) The acquisition or retention of the ownership interest:

(A) Is made in accordance with the written policies, procedures and internal controls required under this section;

(B) At the inception of the hedge, is designed to reduce or otherwise significantly mitigate and demonstrably reduces or otherwise significantly mitigates one or more specific, identifiable risks arising in connection with the compensation arrangement with the employee that directly provides investment advisory, commodity trading advisory, or other services to the covered fund;

(C) Does not give rise, at the inception of the hedge, to any significant new or additional risk that is not itself hedged contemporaneously in accordance with this section; and

(D) Is subject to continuing review, monitoring and management by the banking entity.

(iii) The compensation arrangement relates solely to the covered fund in which the banking entity or any affiliate has acquired an ownership interest pursuant to this paragraph and such compensation arrangement provides that any losses incurred by the banking entity on such ownership interest will be offset by corresponding decreases in amounts payable under such compensation arrangement.

(b) Certain permitted covered fund activities and investments outside of the United States. (1) The prohibition contained in §248.10(a) of this subpart does not apply to the acquisition or retention of any ownership interest in, or the sponsorship of, a covered fund by a banking entity only if:

(i) The banking entity is not organized or directly or indirectly controlled by a banking entity that is organized under the laws of the United States or of one or more States;

(ii) The activity or investment by the banking entity is pursuant to paragraph (9) or (13) of section 4(c) of the BHC Act;

(B) With respect to a banking entity that is not a foreign banking organization, the banking entity is not organized under the laws of the United States or of one or more States and the banking entity, on a fully-consolidated basis, meets at least two of the following requirements:

(1) Total assets of the banking entity held outside of the United States exceed total assets of the banking entity held in the United States;

(2) Total revenues derived from the business of the banking entity outside of the United States exceed total revenues derived from the business of the banking entity in the United States; or

(3) Total net income derived from the business of the banking entity outside of the United States exceeds total net income derived from the business of the banking entity in the United States.

An ownership interest in a covered fund is not offered for sale or sold to a resident of the United States for purposes of paragraph (b)(1)(iii) of this section only if it is sold or has been sold pursuant to an offering that does not target residents of the United States.

An activity or investment occurs solely outside of the United States for purposes of paragraph (b)(1)(iv) of this section only if:

(i) The banking entity acting as sponsor, or engaging as principal in the acquisition or retention of an ownership interest in the covered fund, is not itself, and is not controlled directly or indirectly by, a banking entity that is located in the United States or organized under the laws of the United States or of any State;

(ii) The banking entity (including relevant personnel) that makes the decision to acquire or retain the ownership interest or act as sponsor to the covered fund is not located in the United States or organized under the laws of the United States or of any State;

(iii) The investment or sponsorship, including any transaction arising from risk-mitigating hedging related to an ownership interest, is not accounted for as principal directly or indirectly on a consolidated basis by any branch or affiliate that is located in the United States or organized under the laws of the United States or of any State; and

(iv) No financing for the banking entity’s ownership or sponsorship is provided, directly or indirectly, by any branch or affiliate that is located in the United States or organized under the laws of the United States or of any State.

(5) For purposes of this section, a U.S. branch, agency, or subsidiary of a foreign bank, or any subsidiary thereof, is located in the United States; however, a foreign bank of which that branch, agency, or subsidiary is a part is not considered to be located in the United States solely by virtue of operation of the U.S. branch, agency, or subsidiary.

(c) Permitted covered fund interests and activities by a regulated insurance company. The prohibition contained in §248.10(a) of this subpart does not apply to the acquisition or retention by an insurance company, or an affiliate thereof, of any ownership interest in, or the sponsorship of, a covered fund only if:

(1) The insurance company or its affiliate acquires and retains the ownership interest solely for the general account of the insurance company or for one or more separate accounts established by the insurance company;

(2) The acquisition and retention of the ownership interest is conducted in compliance with, and subject to, the insurance company investment laws, regulations, and written guidance of the State or jurisdiction in which such insurance company is domiciled; and

(3) The appropriate Federal banking agencies, after consultation with the Financial Stability Oversight Council and the relevant insurance commissioners of the States and foreign jurisdictions, as appropriate, have not jointly determined, after notice and comment, that a particular law, regulation, or written guidance described in paragraph (c)(2) of this section is insufficient to protect the safety and soundness of the banking entity, or the financial stability of the United States.
§ 248.14 Limitations on relationships with a covered fund.

(a) Relationships with a covered fund.

(1) Except as provided for in paragraph (a)(2) of this section, no banking entity that serves, directly or indirectly, as the investment manager, investment adviser, commodity trading advisor, or sponsor to a covered fund, that organizes and offers a covered fund pursuant to § 248.11 of this subpart, or that continues to hold an ownership interest in accordance with § 248.11(b) of this subpart, and no affiliate of such entity, may enter into a transaction with the covered fund, or with any other covered fund that is controlled by such covered fund, that would be a covered transaction as defined in section 23A of the Federal Reserve Act (12 U.S.C. 371c(b)(7)), as if such banking entity and the affiliate thereof were a member bank and such covered fund were an affiliate thereof.

(2) Notwithstanding paragraph (a)(1) of this section, a banking entity may:

(i) Acquire and retain any ownership interest in a covered fund in accordance with the requirements of § 248.11, § 248.12, or § 248.13 of this subpart; and

(ii) Enter into any prime brokerage transaction with any covered fund in which a covered fund managed, sponsored, or advised by such banking entity (or an affiliate thereof) has taken an ownership interest, if:

(A) The banking entity is in compliance with each of the limitations set forth in § 248.11 of this subpart with respect to a covered fund organized and offered by such banking entity (or an affiliate thereof);

(B) The chief executive officer (or equivalent officer) of the banking entity certifies in writing annually to the Board (with a duty to update the certification if the information in the certification materially changes) that the banking entity does not, directly or indirectly, guarantee, assume, or otherwise insure the obligations or performance of the covered fund or of any covered fund in which such covered fund invests; and

(C) The Board has not determined that such transaction is inconsistent with the safe and sound operation and condition of the banking entity.

(b) Restrictions on transactions with covered funds. A banking entity that serves, directly or indirectly, as the investment manager, investment adviser, commodity trading advisor, or sponsor to a covered fund, or that organizes and offers a covered fund pursuant to § 248.11 of this subpart, or that continues to hold an ownership interest in accordance with § 248.11(b) of this subpart, shall be subject to section 23B of the Federal Reserve Act (12 U.S.C. 371c–1), as if such banking entity were a member bank and such covered fund were an affiliate thereof.

(c) Restrictions on prime brokerage transactions. A prime brokerage transaction permitted under paragraph (a)(2)(ii) of this section shall be subject to section 23B of the Federal Reserve Act (12 U.S.C. 371c–1) as if the counterparty were an affiliate of the banking entity.

§ 248.15 Other limitations on permitted covered fund activities.

(a) No transaction, class of transactions, or activity may be deemed permissible under §§ 248.11 through 248.13 of this subpart if the transaction, class of transactions, or activity would:

(1) Involve or result in a material conflict of interest between the banking entity and its clients, customers, or counterparties;

(2) Result, directly or indirectly, in a material exposure by the banking entity to a high-risk asset or a high-risk trading strategy; or

(3) Pose a threat to the safety and soundness of the banking entity or to the financial stability of the United States.

(b) Definition of material conflict of interest. (1) For purposes of this section, a material conflict of interest between a banking entity and its clients, customers, or counterparties exists if the banking entity engages in any transaction, class of transactions, or activity that would involve or result in the banking entity’s interests being materially adverse to the interests of its client, customer, or counterparty with respect to such transaction, class of transactions, or activity, and the banking entity has not taken at least one of the actions in paragraph (b)(2) of this section.
§ 248.16 Ownership of interests in and sponsorship of issuers of certain collateralized debt obligations backed by trust-preferred securities.

(a) The prohibition contained in §248.10(a)(1) does not apply to the ownership by a banking entity of an interest in, or sponsorship of, any issuer if:

2. The banking entity reasonably believes that the offering proceeds received by the issuer were invested primarily in Qualifying TruPS Collateral; and

3. The banking entity acquired such interest on or before December 10, 2013 (or acquired such interest in connection with a merger with or acquisition of a banking entity that acquired the interest on or before December 10, 2013).

(b) For purposes of this §248.16, Qualifying TruPS Collateral shall mean any trust preferred security or subordinated debt instrument issued prior to May 19, 2010 by a depository institution holding company that, as of the end of any reporting period within 12 months immediately preceding the issuance of such trust preferred security or subordinated debt instrument, had total consolidated assets of less than $15,000,000,000 or issued prior to May 19, 2010 by a mutual holding company.

(c) Notwithstanding paragraph (a)(3) of this section, a banking entity may act as a market maker with respect to the interests of an issuer described in paragraph (a) of this section in accordance with the applicable provisions of §§248.4 and 248.11.

(d) Without limiting the applicability of paragraph (a) of this section, the Board, the FDIC and the OCC will make public a non-exclusive list of issuers that meet the requirements of paragraph (a). A banking entity may rely on the list published by the Board, the FDIC and the OCC.

(c) Additional standards. In addition to the requirements in paragraph (b) of this section, the compliance program of a banking entity must satisfy the requirements and other standards contained in appendix B, if:

Any other banking entity subject to appendix A shall report the information required by appendix A for each calendar quarter within 30 days of the end of that calendar quarter unless the Board notifies the banking entity in writing that it must report on a different basis.

(5) For purposes of paragraph (e)(4) of this section, a U.S. branch, agency, or subsidiary of a foreign banking entity is located in the United States; however, the foreign bank that operates or controls that branch, agency, or subsidiary is not considered to be located in the United States solely by virtue of operating or controlling the U.S. branch, agency, or subsidiary.

(f) Simplified programs for less active banking entities—(1) Banking entities with no covered activities. A banking entity that does not engage in activities or investments pursuant to subpart B or subpart C (other than trading activities permitted pursuant to §248.6(a) of subpart B) may satisfy the requirements of this section by establishing the required compliance program prior to becoming engaged in such activities or making such investments (other than trading activities permitted pursuant to §248.6(a) of subpart B).

(2) Banking entities with modest activities. A banking entity with total consolidated assets of $10 billion or less as reported on December 31 of the previous two calendar years that engages in activities or investments pursuant to subpart B or subpart C (other than trading activities permitted under §248.6(a) of subpart B) may satisfy the requirements of this section by including in its existing compliance policies and procedures appropriate references to the requirements of section 13 of the BHC Act and this part and adjustments as appropriate given the activities, size, scope and complexity of the banking entity.

§248.21 Termination of activities or investments; penalties for violations.

(a) Any banking entity that engages in an activity or makes an investment in violation of section 13 of the BHC Act or this part, or acts in a manner that functions as an evasion of the requirements of section 13 of the BHC Act or this part, including through an abuse of any activity or investment permitted under subparts B or C, or otherwise violates the restrictions and requirements of section 13 of the BHC Act or this part, shall, upon discovery, promptly terminate the activity and, as relevant, dispose of the investment.

(b) Whenever the Board finds reasonable cause to believe any banking entity has engaged in an activity or made an investment in violation of section 13 of the BHC Act or this part, or engaged in any activity or made any investment that functions as an evasion of the requirements of section 13 of the BHC Act or this part, the Board may take any action permitted by law to enforce compliance with section 13 of the BHC Act and this part, including directing the banking entity to restrict, limit, or terminate any or all activities under this part and dispose of any investment.

APPENDIX A TO PART 248—REPORTING AND RECORDKEEPING REQUIREMENTS FOR COVERED TRADING ACTIVITIES

I. PURPOSE

a. This appendix sets forth reporting and recordkeeping requirements that certain banking entities must satisfy in connection with the restrictions on proprietary trading set forth in subpart B (“proprietary trading restrictions”). Pursuant to §248.20(d), this appendix generally applies to a banking entity that, together with its affiliates and subsidiaries, has significant trading assets and liabilities. These entities are required to (i) furnish periodic reports to the Board regarding a variety of quantitative measurements of their covered trading activities, which vary depending on the scope and size of covered trading activities, and (ii) create and maintain records documenting the preparation and content of these reports. The requirements of this appendix must be incorporated into the banking entity’s internal compliance program under §248.20 and Appendix B.

b. The purpose of this appendix is to assist banking entities and the Board in:
The terms used in this appendix have the same meanings as set forth in §§248.2 and 248.3. In addition, for purposes of this appendix, the following definitions apply:

**Calculation period** means the period of time for which a particular quantitative measurement must be calculated.

**Comprehensive profit and loss** means the net profit or loss of a trading desk’s material sources of trading revenue over a specific period of time, including, for example, any increase or decrease in the market value of a trading desk’s holdings, dividend income, and interest income and expense.

**Covered trading activity** means trading conducted by a trading desk under §§248.4, 248.5, 248.6(a), or 248.6(b). A banking entity may include trading under §§248.3(d), 248.6(c), 248.6(d), or 248.6(e).

**Measurement frequency** means the frequency with which a particular quantitative metric must be calculated and recorded.

**Trading desk** means the smallest discrete unit of organization of a banking entity that purchases or sells financial instruments for the trading account of the banking entity or an affiliate thereof.

### III. REPORTING AND RECORDKEEPING OF QUANTITATIVE MEASUREMENTS

#### a. Scope of Required Reporting

**General scope.** Each banking entity made subject to this part by §248.20 must furnish the following quantitative measurements for trading activities of trading desks that are engaged in permitted trading activity subject to §§248.4, 248.5, or 248.6(a)-(b) (i.e., underwriting and market making-related related activity, risk-mitigating hedging, or trading in certain government obligations) are consistent with the requirements governing permitted market making-related activities; and

(c) The quantitative measurements that must be furnished pursuant to this appendix are not intended to serve as a dispositive tool for the identification of permissible or impermissible activities.

(d) In order to allow banking entities and the Agencies to evaluate the effectiveness of these metrics, banking entities must collect and report these metrics for all trading desks engaged in permitted trading activity subject to §§248.4, 248.5, or 248.6(a)-(b). A banking entity may include trading under §§248.3(d), 248.6(c), 248.6(d), or 248.6(e).

(e) *Measurement frequency* means the frequency with which a particular quantitative metric must be calculated and recorded.

**Trading desk** means the smallest discrete unit of organization of a banking entity that purchases or sells financial instruments for the trading account of the banking entity or an affiliate thereof.

### III. REPORTING AND RECORDKEEPING OF QUANTITATIVE MEASUREMENTS

#### a. Scope of Required Reporting

**General scope.** Each banking entity made subject to this part by §248.20 must furnish the following quantitative measurements for
Federal Reserve System

Pt. 248, App. A

each trading desk of the banking entity, calculated in accordance with this appendix:

- Risk and Position Limits and Usage;
- Risk Factor Sensitivities;
- Value-at-Risk and Stress Value-at-Risk;
- Comprehensive Profit and Loss Attribution;
- Inventory Turnover;
- Inventory Aging; and
- Customer-Facing Trade Ratio

b. Frequency of Required Calculation and Reporting

A banking entity must calculate any applicable quantitative measurement for each trading day. A banking entity must report each applicable quantitative measurement to the Board on the reporting schedule established in §248.20 unless otherwise requested by the Board. All quantitative measurements for any calendar month must be reported within the time period required by §248.20.

c. Recordkeeping

A banking entity must, for any quantitative measurement furnished to the Board pursuant to this appendix and §248.20(d), create and maintain records documenting the preparation and content of these reports, as well as such information as is necessary to permit the Board to verify the accuracy of such reports, for a period of 5 years from the end of the calendar year for which the measurement was taken.

IV. QUANTITATIVE MEASUREMENTS

a. Risk-Management Measurements

1. Risk and Position Limits and Usage

i. Description: For purposes of this appendix, Risk and Position Limits are the constraints that define the amount of risk that a trading desk is permitted to take at a point in time, as defined by the banking entity for a specific trading desk. Usage represents the portion of the trading desk’s limits that are accounted for by the current activity of the desk. Risk and position limits and their usage are key risk management tools used to control and monitor risk taking and include, but are not limited, to the limits set out in §248.4 and §248.5. A number of the metrics that are described below, including “Risk Factor Sensitivities” and “Value-at-Risk and Stress Value-at-Risk,” relate to a trading desk’s risk and position limits and are useful in evaluating and setting these limits in the broader context of the trading desk’s overall activities, particularly for the market making activities under §248.4(b) and hedging activity under §248.5. Accordingly, the limits required under §248.4(b)(2)(ii) and §248.5(b)(1)(i) must meet the applicable requirements under §248.4(b)(2)(ii) and §248.5(b)(1)(i) and also must include appropriate metrics for the trading desk limits including, at a minimum, the “Risk Factor Sensitivities” and “Value-at-Risk and Stress Value-at-Risk” metrics except to the extent any of the “Risk Factor Sensitivities” or “Value-at-Risk and Stress Value-at-Risk” metrics are demonstrably ineffective for measuring and monitoring the risks of a trading desk based on the types of positions traded by, and risk exposures of, that desk.

ii. General Calculation Guidance: Risk and Position Limits must be reported in the format used by the banking entity for the purposes of risk management of each trading desk. Risk and Position Limits are often expressed in terms of risk measures, such as VaR and Risk Factor Sensitivities, but may also be expressed in terms of other observable criteria, such as net open positions. When criteria other than VaR or Risk Factor Sensitivities are used to define the Risk and Position Limits, both the value of the Risk and Position Limits and the value of the variables used to assess whether these limits have been reached must be reported.

iii. Calculation Period: One trading day.

2. Risk Factor Sensitivities

i. Description: For purposes of this appendix, Risk Factor Sensitivities are changes in a trading desk’s Comprehensive Profit and Loss that are expected to occur in the event of a change in one or more underlying variables that are significant sources of the trading desk’s profitability and risk.

ii. General Calculation Guidance: A banking entity must report the Risk Factor Sensitivities that are monitored and managed as part of the trading desk’s overall risk management policy. The underlying data and methods used to compute a trading desk’s Risk Factor Sensitivities will depend on the specific function of the trading desk and the internal risk management models employed. The number and type of Risk Factor Sensitivities that are monitored and managed by a trading desk, and furnished to the Board, will depend on the explicit risks assumed by the trading desk. In general, however, reported Risk Factor Sensitivities must be sufficiently granular to account for a preponderance of the expected price variation in the trading desk’s holdings.

A. Trading desks must take into account any relevant factors in calculating Risk Factor Sensitivities, including, for example, the following with respect to particular asset classes:

- Commodity derivative positions: risk factors with respect to the related commodities set out in 17 CFR 20.2, the maturity of the positions, volatility and/or correlation sensitivities (expressed in a manner that demonstrates any significant non-linearities), and the maturity profile of the positions:

- Inventories and the maturity of the positions;
• Credit positions: risk factors with respect to credit spreads that are sufficiently granular to account for specific credit sectors and market segments, the maturity profile of the positions, and one-day lag period from the end of the reporting period, and any other period that the banking entity deems necessary to meet the requirements of the rule.

A. The comprehensive profit and loss attributed to existing positions must be further attributed, as applicable, to changes in (i) the specific Risk Factors and other factors that are monitored and managed as part of the trading desk’s overall risk management policies and procedures; and (ii) any other applicable elements, such as cash flows, carry, changes in reserves, and the

1. Comprehensive Profit and Loss Attribution

b. Source-of-Revenue Measurements

1. Description: For purposes of this appendix, Comprehensive Profit and Loss Attribution is an analysis that attributes the daily fluctuation in the value of a trading desk’s positions to various sources. First, the daily profit and loss of the aggregated positions is divided into three categories: (i) profit and loss attributable to a trading desk’s existing positions that were also positions held by the trading desk as of the end of the prior day (“existing positions”); (ii) profit and loss attributable to new positions resulting from the current day’s trading activity (“new positions”); and (iii) residual profit and loss that cannot be specifically attributed to existing positions or new positions. The sum of (i), (ii), and (iii) must equal the trading desk’s comprehensive profit and loss at each point in time. In addition, profit and loss measurements must calculate volatility of comprehensive profit and loss (i.e., the standard deviation of the trading desk’s one-day profit and loss, in dollar terms) for the reporting period for at least a 30-, 60- and 90-day lag period, from the end of the reporting period, and any other period that the banking entity deems necessary to meet the requirements of the rule.

A. The comprehensive profit and loss associated with existing positions must reflect changes in the value of these positions on the applicable day. The comprehensive profit and loss from existing positions must be further attributed, as applicable, to changes in (i) the specific Risk Factors and other factors that are monitored and managed as part of the trading desk’s overall risk management policies and procedures; and (ii) any other applicable elements, such as cash flows, carry, changes in reserves, and the

1. Description: For purposes of this appendix, Value-at-Risk (“VaR”) is the commonly used percentile measurement of the risk of future financial loss in the value of a given set of aggregated positions over a specified period of time, based on current market conditions. For purposes of this appendix, Stress Value-at-Risk (“Stress VaR”) is the percentile measurement of the risk of future financial loss in the value of a given set of aggregated positions over a specified period of time, based on market conditions during a period of significant financial stress.

1. General Calculation Guidance: Banking entities must compute and report VaR and Stress VaR by employing generally accepted standards and methods of calculation. VaR should reflect a loss in a trading desk that is expected to be exceeded less than one percent of the time over a one-year period of significant financial stress.
correction, cancellation, or exercise of a trade.

B. The comprehensive profit and loss attributed to new positions must reflect commissions and fee income or expense and market gains or losses associated with transactions executed on the applicable day. New positions include purchases and sales of financial instruments and other assets/liabilities and negotiated amendments to existing positions. The comprehensive profit and loss from new positions may be reported in the aggregate and does not need to be further attributed to specific sources.

C. The portion of comprehensive profit and loss that cannot be specifically attributed to known sources must be allocated to a residual category identified as an unexplained portion of the comprehensive profit and loss. Significant unexplained profit and loss must be escalated for further investigation and analysis.

ii. General Calculation Guidance: The specific categories used by a trading desk in the attribution analysis and amount of detail for the analysis should be tailored to the type and amount of trading activities undertaken by the trading desk. The new position attribution must be computed by calculating the difference between the prices at which instruments were bought and/or sold and the prices at which those instruments are marked to market at the close of business on that day multiplied by the notional or principal amount of each purchase or sale. Any fees, commissions, or other payments received (paid) that are associated with transactions executed on that day must be added (subtracted) from such difference. These factors must be measured consistently over time to facilitate historical comparisons.

iii. Calculation Period: One trading day.

c. Customer-Facing Activity Measurements

1. Inventory Turnover

i. Description: For purposes of this appendix, Inventory Turnover is a ratio that measures the turnover of a trading desk’s inventory. The numerator of the ratio is the absolute value of all transactions over the reporting period. The denominator of the ratio is the value of the trading desk’s inventory at the beginning of the reporting period.

ii. General Calculation Guidance: For purposes of this appendix, for derivatives, other than options and interest rate derivatives, value means gross notional value, for options, value means delta adjusted notional value, and for interest rate derivatives, value means 10-year bond equivalent value.

iii. Calculation Period: 30 days, 60 days, and 90 days.

2. Inventory Aging

i. Description: For purposes of this appendix, Inventory Aging generally describes a schedule of the trading desk’s aggregate assets and liabilities and the amount of time that those assets and liabilities have been held. Inventory Aging should measure the age profile of the trading desk’s assets and liabilities.

ii. General Calculation Guidance: In general, Inventory Aging must be computed using a trading desk’s trading activity data and must identify the value of a trading desk’s aggregate assets and liabilities. Inventory Aging must include two schedules, an asset-aging schedule and a liability-aging schedule. Each schedule must record the value of assets or liabilities held over all holding periods. For derivatives, other than options, and interest rate derivatives, value means gross notional value, for options, value means delta adjusted notional value and, for interest rate derivatives, value means 10-year bond equivalent value.

iii. Calculation Period: One trading day.

3. Customer-Facing Trade Ratio—Trade Count Based and Value Based

i. Description: For purposes of this appendix, the Customer-Facing Trade Ratio is a ratio comparing (i) the transactions involving a counterparty that is not a customer of the trading desk to (ii) the transactions involving a counterparty that is not a customer of the trading desk. A trade count based ratio must be computed that records the number of transactions involving a counterparty that is not a customer of the trading desk and the number of transactions involving a counterparty that is not a customer of the trading desk. A value based ratio must be computed that records the value of transactions involving a counterparty that is not a customer of the trading desk and the value of transactions involving a counterparty that is not a customer of the trading desk.

ii. General Calculation Guidance: For purposes of calculating the Customer-Facing Trade Ratio, a counterparty is considered to be a customer of the trading desk if the counterparty is a market participant that makes use of the banking entity’s market making-related services by obtaining such services, responding to quotations, or entering into a continuing relationship with respect to such services. However, a trading desk or other organizational unit of another banking entity would not be a client, customer, or counterparty of the trading desk if the other entity has trading assets and liabilities of $50 billion or more as measured in accordance with §238.20(d)(1) unless the trading desk documents how and why a particular trading desk or other organizational unit...
APPENDIX B TO PART 248—ENHANCED MINIMUM STANDARDS FOR COMPLIANCE PROGRAMS

I. OVERVIEW

Section 248.20(c) requires certain banking entities to establish, maintain, and enforce an enhanced compliance program that includes the requirements and standards in this Appendix as well as the minimum written policies and procedures, internal controls, management framework, independent testing, training, and recordkeeping provisions outlined in §248.30. This Appendix sets forth additional minimum standards with respect to the establishment, oversight, maintenance, and enforcement by these banking entities of an enhanced internal compliance program for ensuring and monitoring compliance with the prohibitions and restrictions on proprietary trading and covered fund activities and investments set forth in section 13 of the BHC Act and this part. This Appendix may be tailored to the types of trading activities conducted by the banking entity, and must include a detailed description of controls established by the banking entity to reasonably ensure that its trading activities are conducted in accordance with the requirements and limitations applicable to those trading activities under section 13 of the BHC Act and this part, and provide for appropriate revision of the compliance program before expansion of the trading activities of the banking entity. A banking entity must devote adequate resources and use knowledgeable personnel in conducting, supervising and managing its trading activities, and promote consistency, independence and rigor in implementing its risk controls and compliance efforts. The compliance program must be updated with a frequency sufficient to account for changes in the activities of the banking entity, results of independent testing of the program, identification of weaknesses in the program, and changes in legal, regulatory or other requirements.

1. Trading Desks: The banking entity must have written policies and procedures governing each trading desk that include a description of:

   i. The process for identifying, authorizing and documenting financial instruments each trading desk may purchase or sell, with separate documentation for market making-related activities conducted in reliance on §248.4(b) and for hedging activity conducted in reliance on §248.5;
   ii. A mapping for each trading desk to the division, business line, or other organizational structure that is responsible for managing and overseeing the trading desk’s activities;
   iii. The mission (i.e., the type of trading activity, such as market-making, trading in sovereign debt, etc.) and strategy (i.e., methods for conducting authorized trading activities) of each trading desk;

   a. Proprietary Trading Activities. A banking entity must establish, maintain and enforce a compliance program that includes written policies and procedures that are appropriate for the types, size, and complexity of, and risks associated with, its permitted trading activities. The compliance program may be tailored to the types of trading activities conducted by the banking entity, and must include a detailed description of controls established by the banking entity to reasonably ensure that its trading activities are conducted in accordance with the requirements and limitations applicable to those trading activities under section 13 of the BHC Act and this part, and provide for appropriate revision of the compliance program before expansion of the trading activities of the banking entity. A banking entity must devote adequate resources and use knowledgeable personnel in conducting, supervising and managing its trading activities, and promote consistency, independence and rigor in implementing its risk controls and compliance efforts. The compliance program must be updated with a frequency sufficient to account for changes in the activities of the banking entity, results of independent testing of the program, identification of weaknesses in the program, and changes in legal, regulatory or other requirements.

   i. The process for identifying, authorizing and documenting financial instruments each trading desk may purchase or sell, with separate documentation for market making-related activities conducted in reliance on §248.4(b) and for hedging activity conducted in reliance on §248.5;
   ii. A mapping for each trading desk to the division, business line, or other organizational structure that is responsible for managing and overseeing the trading desk’s activities;
   iii. The mission (i.e., the type of trading activity, such as market-making, trading in sovereign debt, etc.) and strategy (i.e., methods for conducting authorized trading activities) of each trading desk;

   1. Be reasonably designed to identify, document, monitor, and report the permitted trading and covered fund activities and investments of the banking entity; identify, monitor and promptly address the risks of these covered activities and investments and potential areas of noncompliance; and prevent activities or investments prohibited by, or that do not comply with, section 13 of the BHC Act and this part;
   2. Establish and enforce appropriate limits on the covered activities and investments of the banking entity, including limits on the size, scope, complexity, and risks of the individual activities or investments consistent with the requirements of section 13 of the BHC Act and this part;

   3. Subject the effectiveness of the compliance program to periodic independent review and testing, and ensure that the entity’s internal audit, corporate compliance and internal control functions involved in review and testing are effective and independent;
   4. Make senior management, and others as appropriate, accountable for the effective implementation of the compliance program, and ensure that the board of directors and chief executive officer (or equivalent) of the banking entity review the effectiveness of the compliance program, and

   5. Facilitate supervision and examination by the Agencies of the banking entity’s permitted trading and covered fund activities and investments.

   b. Hedging. A banking entity must establish, maintain and enforce a compliance program that includes written policies and procedures that are appropriate for the types, size, and complexity of, and risks associated with, its permitted hedging activities. The compliance program may be tailored to the types of hedging activities conducted by the banking entity, and must include a detailed description of controls established by the banking entity to reasonably ensure that its hedging activities are conducted in accordance with the requirements and limitations applicable to those hedging activities under section 13 of the BHC Act and this part, and provide for appropriate revision of the compliance program before expansion of the trading activities of the banking entity. A banking entity must devote adequate resources and use knowledgeable personnel in conducting, supervising and managing its hedging activities, and promote consistency, independence and rigor in implementing its risk controls and compliance efforts. The compliance program must be updated with a frequency sufficient to account for changes in the activities of the banking entity, results of independent testing of the program, identification of weaknesses in the program, and changes in legal, regulatory or other requirements.

   i. The process for identifying, authorizing and documenting financial instruments each trading desk may purchase or sell, with separate documentation for market making-related activities conducted in reliance on §248.4(b) and for hedging activity conducted in reliance on §248.5;
   ii. A mapping for each trading desk to the division, business line, or other organizational structure that is responsible for managing and overseeing the trading desk’s activities;
   iii. The mission (i.e., the type of trading activity, such as market-making, trading in sovereign debt, etc.) and strategy (i.e., methods for conducting authorized trading activities) of each trading desk;
iv. The activities that the trading desk is authorized to conduct, including (i) authorized instruments and products, and (ii) authorized hedging strategies, techniques and instruments;

v. The types and amount of risks allocated by the banking entity to each trading desk to implement the mission and strategy of the trading desk, including an enumeration of material risks resulting from the activities in which the trading desk is authorized to engage (including but not limited to price risks, such as basis, volatility and correlation risks, as well as counterparty credit risk). Risk assessments must take into account both the risks inherent in the trading activity and the strength and effectiveness of controls designed to mitigate those risks;

vi. How the risks allocated to each trading desk will be measured;

vii. Why the allocated risks levels are appropriate to the activities authorized for the trading desk;

viii. The limits on the holding period of, and the risk associated with, financial instruments and strategies that, at a minimum, by type and exposure (that the banking entity must establish, maintain, and enforce written policies and procedures. The banking entity must implement and enforce limits and internal controls for each trading desk that are reasonably designed to ensure that trading activity is conducted in compliance with section 13 of the BHC Act and this part and with the banking entity’s liquidity management plan and the restrictions on liquidity management activities in this part;

ix. The process for setting new or revised limits, as well as escalation procedures for granting exceptions to any limits or to any policies or procedures governing the desk, the analysis that will be required to support revising limits or granting exceptions, and the process for independently reviewing and documenting those exceptions and the underlying analysis;

x. The process for identifying, documenting and approving new products, trading strategies, and hedging strategies;

xi. The types of clients, customers, and counterparties with whom the trading desk may trade; and

xii. The compensation arrangements, including incentive arrangements, for employees associated with the trading desk, which may not be designed to reward or incentivize prohibited proprietary trading or excessive or imprudent risk-taking.

2. Description of risks and risk management processes. The compliance program for the banking entity must include a comprehensive description of the risk management program for the trading activity of the banking entity. The compliance program must also include a description of the governance, approval, reporting, escalation, review and other processes the banking entity will use to reasonably ensure that trading activity is conducted in compliance with section 13 of the BHC Act and this part. Trading activity in similar financial instruments should be subject to similar governance, limits, testing, controls, and review, unless the banking entity specifically determines to establish different limits or processes and documents those differences. Descriptions must include, at a minimum, the following elements:

1. A description of the supervisory and risk management structure governing all trading activity, including a description of processes for initial and senior-level review of new products and new strategies;

ii. A description of the process for developing, documenting, testing, approving and reviewing all models used for valuing, identifying and monitoring the risks of trading activity and related positions, including the process for periodic independent testing of the reliability and accuracy of those models;

iii. A description of the process for developing, documenting, testing, approving and reviewing the limits established for each trading desk;

vi. The role of the audit, compliance, risk management and other relevant units for conducting independent testing of trading and hedging activities, techniques and strategies.

3. Authorized risks, instruments, and products. The banking entity must implement and enforce limits and internal controls for each trading desk that are reasonably designed to ensure that trading activity is conducted in conformance with section 13 of the BHC Act and this part and with the banking entity’s written policies and procedures. The banking entity must establish and enforce risk limits appropriate for the activity of each trading desk. These limits should be based on probabilistic and non-probabilistic measures of potential loss (e.g., Value-at-Risk and notional exposure, respectively), and measured under normal and stress market conditions. At a minimum, these internal controls must monitor, establish and enforce limits on:

i. The financial instruments (including, at a minimum, by type and exposure) that the trading desk may trade;

ii. The types and levels of risks that may be taken by each trading desk; and

iii. The types of hedging instruments used, hedging strategies employed, and the amount of risk effectively hedged.

4. Hedging policies and procedures. The banking entity must establish, maintain, and enforce written policies and procedures regarding the use of risk-mitigating hedging instruments and strategies that, at a minimum, describe:
Pt. 248, App. B

12 CFR Ch. II (1–1–16 Edition)

i. The positions, techniques and strategies that each trading desk may use to hedge the risk of its positions;

ii. The manner in which the banking entity will identify the risks arising in connection with and related to the individual or aggregated positions, contracts or other holdings of the banking entity that are to be hedged and determine that those risks have been properly and effectively hedged;

iii. The level of the organization at which hedging activity and management will occur;

iv. The manner in which hedging strategies will be monitored and the personnel responsible for such monitoring;

v. The risk management processes used to control unhedged or residual risks; and

vi. The process for developing, documenting, testing, approving and reviewing all hedging positions, techniques and strategies permitted for each trading desk and for the banking entity in reliance on §248.5.

5. Analysis and quantitative measurements.

The banking entity must perform robust analysis and quantitative measurement of its trading activities that is reasonably designed to ensure that the trading activity of each trading desk is consistent with the banking entity’s compliance program; monitor and assist in the identification of potential and actual prohibited proprietary trading activity; and prevent the occurrence of prohibited proprietary trading. Analysis and models used to determine, measure and limit risk must be rigorously tested and be reviewed by management responsible for trading activity to ensure that trading activities, limits, strategies, and hedging activities do not underestimate the risk and exposure to the banking entity or allow prohibited proprietary trading. This review should include periodic and independent back-testing and revision of activities, limits, strategies and hedging as appropriate to contain risk and ensure compliance. In addition to the quantitative measurements reported by any banking entity subject to Appendix A to this part, each banking entity must develop and implement, to the extent appropriate to facilitate compliance with this part, additional quantitative measurements specifically tailored to the particular risks, practices, and strategies of its trading desks. The banking entity’s analysis and quantitative measurements must incorporate the quantitative measurements reported by the banking entity pursuant to Appendix A (if applicable) and include, at a minimum, the following:

i. Internal controls and written policies and procedures reasonably designed to ensure the accuracy and integrity of quantitative measurements;

ii. Ongoing, timely monitoring and review of calculated quantitative measurements;

iii. The establishment of numerical thresholds and appropriate trading measures for each trading desk and heightened review of trading activity not consistent with those thresholds to ensure compliance with section 13 of the BHC Act and this part, including analysis of the measurement results or other information, appropriate escalation procedures, and documentation related to the review; and

iv. Immediate review and compliance investigation of the trading desk’s activities, escalation to senior management with oversight responsibilities for the applicable trading desk, timely notification to the Board, appropriate remedial action (e.g., divesting of impermissible positions, cessation of impermissible activity, disciplinary actions), and documentation of the investigation findings and remedial action taken when quantitative measurements or other information, considered together with the facts and circumstances, or findings of internal audit, independent testing or other review suggest a reasonable likelihood that the trading desk has violated any part of section 13 of the BHC Act or this part.

6. Other Compliance Matters. In addition to the requirements specified above, the banking entity’s compliance program must:

i. Identify activities of each trading desk that will be conducted in reliance on exemptions contained in §§248.4 through 248.6, including an explanation of:

A. How and where in the organization the activity occurs; and

B. Which exemption is being relied on and how the activity meets the specific requirements for reliance on the applicable exemption;

ii. Include an explanation of the process for documenting, approving and reviewing actions taken pursuant to the liquidity management plan, where in the organization this activity occurs, the securities permissible for liquidity management, the process for ensuring that liquidity management activities are not conducted for the purpose of prohibited proprietary trading, and the process for ensuring that securities purchased as part of the liquidity management plan are highly liquid and conform to the requirements of this part;

iii. Describe how the banking entity monitors for and prohibits potential or actual material exposure to high-risk assets or high-risk trading strategies presented by each trading desk that relies on the exemptions contained in §§238.3(d)(3), and 238.4 through 238.6, which must take into account potential or actual exposure to:

A. Assets whose values cannot be externally priced or, where valuation is reliant on pricing models, whose model inputs cannot be externally validated;

B. Assets whose changes in value cannot be adequately mitigated by effective hedging;
C. New products with rapid growth, including those that do not have a market history;
D. Assets or strategies that include significant embedded leverage;
E. Assets or strategies that have demonstrated significant historical volatility;
F. Assets or strategies for which the application of capital and liquidity standards would not adequately account for the risk; and
G. Assets or strategies that result in large and significant concentrations to sectors, risk factors, or counterparties;
iv. Establish responsibility for compliance with the reporting and recordkeeping requirements of subpart B and §248.20; and

(b) Calculation of the liquidity coverage ratio. A Board-regulated institution's liquidity coverage ratio equals:

1. The Board-regulated institution's high-quality liquid asset amount as of the calculation date, calculated under subpart C of this part; divided by

2. The Board-regulated institution's total net cash outflow amount as of the calculation date, calculated under subpart D of this part.

§ 249.21 High-quality liquid asset amount.

(a) Calculation of the HQLA amount. As of the calculation date, a Board-regulated institution’s HQLA amount equals:

(1) The level 1 liquid asset amount; plus
(2) The level 2A liquid asset amount; plus
(3) The level 2B liquid asset amount; minus
(4) The greater of:
   (i) The unadjusted excess HQLA amount; and
   (ii) The adjusted excess HQLA amount.

(b) Calculation of liquid asset amounts—(1) Level 1 liquid asset amount. The level 1 liquid asset amount equals the fair value of all level 1 liquid assets held by the Board-regulated institution as of the calculation date that are eligible HQLA, less the amount of the reserve balance requirement under section 204.5 of Regulation D (12 CFR 204.5).

(2) Level 2A liquid asset amount. The level 2A liquid asset amount equals 85 percent of the fair value of all level 2A liquid assets held by the Board-regulated institution as of the calculation date that are eligible HQLA.

(3) Level 2B liquid asset amount. The level 2B liquid asset amount equals 50 percent of the fair value of all level 2B liquid assets held by the Board-regulated institution as of the calculation date that are eligible HQLA.

(c) Calculation of the unadjusted excess HQLA amount. As of the calculation date, the unadjusted excess HQLA amount equals:

(1) The level 2 cap excess amount; plus
(2) The level 2B cap excess amount.

(d) Calculation of the level 2 cap excess amount. As of the calculation date, the level 2 cap excess amount equals the greater of:

(1) The level 2A liquid asset amount plus the level 2B liquid asset amount minus 0.6667 times the level 1 liquid asset amount; and
(2) 0.

(e) Calculation of the level 2B cap excess amount. As of the calculation date, the level 2B excess amount equals the greater of:

(1) The level 2B liquid asset amount minus the level 2 cap excess amount minus 0.1765 times the sum of the level 1 liquid asset amount and the level 2A liquid asset amount; and
(2) 0.

(f) Calculation of adjusted liquid asset amounts—(1) Adjusted level 1 liquid asset amount. A Board-regulated institution’s adjusted level 1 liquid asset amount equals the fair value of all level 1 liquid assets that would be eligible HQLA and would be held by the Board-regulated institution upon the unwind of any secured funding transaction (other than a collateralized deposit), secured lending transaction, asset exchange, or collateralized derivatives transaction that matures within 30 calendar days of the calculation date where the Board-regulated institution will provide an asset that is eligible HQLA and the counterparty will provide an asset that will be eligible HQLA; less the amount of the reserve balance requirement under section 204.5 of Regulation D (12 CFR 204.5).

(2) Adjusted level 2A liquid asset amount. A Board-regulated institution’s adjusted level 2A liquid asset amount equals 85 percent of the fair value of all level 2A liquid assets that would be eligible HQLA and would be held by the Board-regulated institution upon the unwind of any secured funding transaction (other than a collateralized deposit), secured lending transaction, asset exchange, or collateralized derivatives transaction that matures within 30 calendar days of the calculation date where the Board-regulated institution will provide an asset that is eligible HQLA and the counterparty will provide an asset that would be eligible HQLA.

(3) Adjusted level 2B liquid asset amount. A Board-regulated institution’s adjusted level 2B liquid asset amount equals 50 percent of the fair value of all level 2B liquid assets that would be eligible HQLA and would be held by the Board-regulated institution upon the unwind of any secured funding transaction (other than a
§ 249.22 Requirements for eligible high-quality liquid assets.

(a) Operational requirements for eligible HQLA. With respect to each asset that is eligible for inclusion in a Board-regulated institution’s HQLA amount, a Board-regulated institution must meet all of the following operational requirements:

(1) The Board-regulated institution must demonstrate the operational capability to monetize the HQLA by:
   (i) Implementing and maintaining appropriate procedures and systems to monetize any HQLA at any time in accordance with relevant standard settlement periods and procedures; and
   (ii) Periodically monetizing a sample of HQLA that reasonably reflects the composition of the Board-regulated institution’s eligible HQLA, including with respect to asset type, maturity, and counterparty characteristics;

(2) The Board-regulated institution must implement policies that require eligible HQLA to be under the control of the management function in the Board-regulated institution that is charged with managing liquidity risk, and this management function must evidence its control over the HQLA by either:
   (i) Segregating the HQLA from other assets, with the sole intent to use the HQLA as a source of liquidity; or
   (ii) Demonstrating the ability to monetize the assets and making the proceeds available to the liquidity management function without conflicting with a business or risk management strategy of the Board-regulated institution;

(3) The fair value of the eligible HQLA must be reduced by the outflow amount that would result from the termination of any specific transaction hedging eligible HQLA;

(4) The Board-regulated institution must implement and maintain policies and procedures that determine the composition of its eligible HQLA on each calculation date, by:
   (i) Identifying its eligible HQLA by legal entity, geographical location, currency, account, or other relevant identifying factors as of the calculation date;
   (ii) Determining that eligible HQLA meet the criteria set forth in this section; and
   (iii) Ensuring the appropriate diversification of the eligible HQLA by asset type, counterparty, issuer, currency, borrowing capacity, or other factors associated with the liquidity risk of the assets; and

(5) The Board-regulated institution must have a documented methodology that results in a consistent treatment for determining that the Board-regulated institution’s eligible HQLA meet the requirements set forth in this section.

(b) Generally applicable criteria for eligible HQLA. A Board-regulated institution’s eligible HQLA must meet all of the following criteria:

(1) The assets are unencumbered in accordance with the following criteria:
(i) The assets are free of legal, regulatory, contractual, or other restrictions on the ability of the Board-regulated institution to monetize the assets; and

(A) Potential credit secured by the assets is not currently extended to the Board-regulated institution or its consolidated subsidiaries; and

(B) The pledged assets are not required to support access to the payment services of a central bank;

(2) The asset is not:

(i) A client pool security held in a segregated account; or

(ii) An asset received from a secured funding transaction involving client pool securities that were held in a segregated account;

(3) For eligible HQLA held in a legal entity that is a U.S. consolidated subsidiary of a Board-regulated institution:

(A) The amount of net cash outflows of the U.S. consolidated subsidiary as of the 30th calendar day after the calculation date, as calculated by the Board-regulated institution for the Board-regulated institution’s minimum liquidity standard under this part; plus

(B) Any additional amount of assets that are available for transfer to the top-tier Board-regulated institution during times of stress without statutory, regulatory, contractual, or supervisory restrictions, including sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c and 12 U.S.C. 371c–1) and Regulation W (12 CFR part 223); and

(ii) If the U.S. consolidated subsidiary is not subject to a minimum liquidity standard under this part, 12 CFR part 50, or 12 CFR part 329, the Board-regulated institution may include the eligible HQLA of the U.S. consolidated subsidiary in its HQLA amount up to:

(A) The amount of net cash outflows of the U.S. consolidated subsidiary as of the 30th calendar day after the calculation date, as calculated by the Board-regulated institution for the Board-regulated institution’s minimum liquidity standard under this part; plus

(B) Any additional amount of assets that are available for transfer to the top-tier Board-regulated institution during times of stress without statutory, regulatory, contractual, or supervisory restrictions;

(4) For HQLA held by a consolidated subsidiary of the Board-regulated institution that is organized under the laws of a foreign jurisdiction, the Board-regulated institution may include the eligible HQLA of the consolidated subsidiary organized under the laws of a foreign jurisdiction in its HQLA amount up to:

(i) The amount of net cash outflows of the consolidated subsidiary as of the 30th calendar day after the calculation date, as calculated by the Board-regulated institution for the Board-regulated institution’s minimum liquidity standard under this part; plus

(ii) Any additional amount of assets that are available for transfer to the top-tier Board-regulated institution during times of stress without statutory, regulatory, contractual, or supervisory restrictions; and

(5) The Board-regulated institution must not include as eligible HQLA any assets, or HQLA resulting from transactions involving an asset that the Board-regulated institution received with rehypothecation rights, if the counterparty that provided the asset or the beneficial owner of the asset has a contractual right to withdraw the assets without an obligation to pay more than de minimis remuneration at any time during the 30 calendar days following the calculation date; and

(i) If an investor or funds provider has an option that would reduce the maturity, the Board-regulated institution must assume that the investor or funds provider will exercise the option at the earliest possible date;

(ii) If an investor or funds provider has an option that would extend the maturity, the Board-regulated institution must assume that the investor or funds provider will not exercise the option to extend the maturity;

(2) The maximum contractual amount of funding the Board-regulated institution may be required to provide to the issuing entity 30 calendar days or less from such calculation date through a liquidity facility, a return or repurchase of assets from the issuing entity, or other funding agreement.

(c) Net derivative cash outflow amount. The net derivative cash outflow amount as of the calculation date is the sum of the net derivative cash outflow amount for each counterparty. The net derivative cash outflow amount does not include forward sales of mortgage loans and any derivatives that are mortgage commitments subject to paragraph (d) of this section. The net derivative cash outflow amount for a counterparty is the sum of:

(1) The amount, if greater than zero, of contractual payments and collateral that the Board-regulated institution will make or deliver to the counterparty 30 calendar days or less from the calculation date under derivative transactions other than transactions described in paragraph (c)(2) of this section, less the contractual payments and collateral that the Board-regulated institution will receive from the counterparty 30 calendar days or less from the calculation date under derivative transactions other than transactions described in paragraph (c)(2) of this section, provided that the derivative transactions are subject to a qualifying master netting agreement; and
(2) The amount, if greater than zero, of contractual principal payments that the Board-regulated institution will make to the counterparty 30 calendar days or less from the calculation date under foreign currency exchange derivative transactions that result in the full exchange of contractual cash principal payments in different currencies within the same business day, less the contractual principal payments that the Board-regulated institution will receive from the counterparty 30 calendar days or less from the calculation date under foreign currency exchange derivative transactions that result in the full exchange of contractual cash principal payments in different currencies within the same business day.

(d) Mortgage commitment outflow amount. The mortgage commitment outflow amount as of a calculation date is 10 percent of the amount of funds the Board-regulated institution has contractually committed for its
own origination of retail mortgages that can be drawn upon 30 calendar days or less from such calculation date.

(e) Commitment outflow amount. (1) A Board-regulated institution's commitment outflow amount as of the calculation date includes:

(3) For the purposes of this paragraph (e), the amount of level 1 liquid assets and level 2A liquid assets securing a committed credit or liquidity facility is the fair value of level 1 liquid assets and 85 percent of the fair value of level 2A liquid assets that are required to be pledged as collateral by the counterparty to secure the facility, provided that:

(1) The sum of the outflow amounts calculated under § 249.32(a) through (l); less:
(2) The lesser of:
   (i) The sum of the inflow amounts under § 249.33(b) through (g); and

§ 250.141 Member bank purchase of stock of "operations subsidiaries."

(a) The Board of Governors has reexamined its position that the so-called "stock-purchase prohibition" of section 5136 of the Revised Statutes (12 U.S.C. 24), which is made applicable to member State banks by the 20th paragraph of section 9 of the Federal Reserve Act (12 U.S.C. 335), forbids the purchase by a member bank "for its own account of any shares of stock of any corporation" (the statutory language), except as specifically permitted by provisions of Federal law or as comprised within the concept of "such incidental powers as shall be necessary to carry on the business of banking", referred to in the first sentence of paragraph "Seventh" of R.S. 5136.

AUTHORITY: 12 U.S.C. 78, 248(i), 371c(f) and 371c–1(e).

INTERPRETATIONS
§ 250.141

(b) In 1966 the Board expressed the view that said incidental powers do not permit member banks to purchase stock of "operations subsidiaries"—that is, organizations designed to serve, in effect, as separately-incorporated departments of the bank, performing, at locations at which the bank is authorized to engage in business, functions that the bank is empowered to perform directly. (See 1966 Federal Reserve Bulletin 1151.)

(c) The Board now considers that the incidental powers clause permits a bank to organize its operations in the manner that it believes best facilitates the performance thereof. One method of organization is through departments; another is through separate incorporation of particular operations. In other words, a wholly owned subsidiary corporation engaged in activities that the bank itself may perform is simply a convenient alternative organizational arrangement.

(d) Reexamination of the apparent purposes and legislative history of the stock-purchase prohibition referred to above has led the Board to conclude that such prohibition should not be interpreted to preclude a member bank from adopting such an organizational arrangement unless its use would be inconsistent with other Federal law, either statutory or judicial.

(e) In view of the relationship between the operation of certain subsidiaries and the branch banking laws, the Board has also reexamined its rulings on what constitutes "money lent" for the purposes of section 5155 of the Revised Statutes (12 U.S.C. 36), which provides that "...The term 'branch' * * * shall be held to include any branch bank, branch office, branch agency, additional office, or any branch place of business * * * at which deposits are received, or checks paid, or money lent."1

1In the Board's judgment, the statutory enumeration of three specific functions that establish branch status is not meant to be exclusive but to assure that offices at which any of these functions is performed are regarded as branches by the bank regulatory authorities. In applying the statute the emphasis should be to assure that significant banking functions are made available to the public only at governmentally authorized offices.

(f) The Board noted in its 1967 interpretation that offices that are open to the public and staffed by employees of the bank who regularly engage in soliciting borrowers, negotiating terms, and processing applications for loans (so-called loan production offices) constitute branches. (1967 Federal Reserve Bulletin 1334.) The Board also noted that later in that year it considered the question whether a bank holding company may acquire the stock of a so-called mortgage company on the basis that the company would be engaged in "furnishing services to or performing services for such bank holding company or its banking subsidiaries" (the so-called servicing exemption of section 4(c)(1)(C) of the Bank Holding Company Act; 12 U.S.C. 1843). In concluding affirmatively, the Board stated that "the appropriate test for determining whether the company may be considered as within the servicing exemption is whether the company will perform as principal any banking activities—such as receiving deposits, paying checks, extending credit, conducting a trust department, and the like. In other words, if the mortgage company is to act merely as an adjunct to a bank for the purpose of facilitating the bank’s operations, the company may appropriately be considered as within the scope of the servicing exemption.” (1967 Federal Reserve Bulletin 1911; 12 CFR 225.122.)

(g) The Board believes that the purposes of the branch banking laws and the servicing exemption are related. Generally, what constitutes a branch does not constitute a servicing organization and, vice versa, an office that only performs servicing functions should not be considered a branch. (See 1958 Federal Reserve Bulletin 431, last paragraph; 12 CFR 225.104(e).) When viewed together, the above-cited interpretations on loan production offices and mortgage companies represent a departure from this principle. In reconsidering the laws involved, the Board has concluded that a test similar to that adopted with respect to the servicing exemption under the Bank Holding Company Act is appropriate for use
in determining whether or not what constitutes money [is] lent at a particular office, for the purpose of the Federal branch banking laws.

(h) Accordingly, the Board considers that the following activities, individually or collectively, do not constitute the lending of money within the meaning of section 5155 of the revised statutes: Soliciting loans on behalf of a bank (or a branch thereof), assembling credit information, making property inspections and appraisals, securing title information, preparing applications for loans (including making recommendations with respect to action thereon), soliciting investors to purchase loans from the bank, seeking to have such investors contract with the bank for the servicing of such loans, and other similar agent-type activities. When loans are approved and funds disbursed solely at the main office or a branch of the bank, an office at which only preliminary and servicing steps are taken is not a place where money [is] lent. Because preliminary and servicing steps of the kinds described do not constitute the performance of significant banking functions of the type that Congress contemplated should be performed only at governmentally approved offices, such office is accordingly not a branch.

(i) To summarize the foregoing, the Board has concluded that, insofar as Federal law is concerned, a member bank may purchase for its own account shares of a corporation to perform, at locations at which the bank is authorized to engage in business, functions that the bank is empowered to perform directly. Also, a member bank may establish and operate, at any location in the United States, a loan production office of the type described herein. Such offices may be established and operated by the bank either directly or indirectly through a wholly-owned subsidiary corporation.

(j) This interpretation supersedes both the Board’s 1966 ruling on operations subsidiaries and its 1967 ruling on loan production offices, referred to above.

[33 FR 11813, Aug. 21, 1968; 43 FR 53414, Nov. 16, 1978]
§ 250.143 Member bank purchase of stock of foreign operations subsidiaries.

(a) In a previous interpretation, the Board determined that a State member bank would not violate the "stock-purchase prohibition" of section 5136 of the Revised Statutes (12 U.S.C. 24 *7) by purchasing and holding the shares of a corporation which performs "at locations at which the bank is authorized to engage in business, functions that the bank is empowered to perform directly".1 (1968 Federal Reserve Bulletin 681, 12 CFR 250.141). The Board of Governors has been asked by a State member bank whether, under that interpretation, the bank may establish such a so-called operations subsidiary outside the United States.

(b) In the above interpretation the Board viewed the creation of a wholly-owned subsidiary which engaged in activities that the bank itself could perform directly as an alternative organizational arrangement that would be permissible for member banks unless "its use would be inconsistent with other Federal law, either statutory or judicial".

(c) In the Board’s judgment, the use by member banks of operations subsidiaries outside the United States would be clearly inconsistent with the statutory scheme of the Federal Reserve Act governing the foreign investments and operations of member banks. It is clear that Congress has given member banks the authority to conduct operations and make investments outside the United States only through gradually adopting a series of specific statutory amendments to the Federal Reserve Act, each of which has been carefully drawn to give the Board approval, supervisory, and regulatory authority over those operations and investments.

(d) As part of the original Federal Reserve Act, national banks were, with the Board’s permission, given the power to establish foreign branches.2 In 1916, Congress amended the Federal Reserve Act to permit national banks to invest in international or foreign banking corporations known as Agreement Corporations, because such corporations were required to enter into an agreement or understanding with the Board to restrict their operations.

1 National banking associations are prohibited by section 5136 of the Revised Statutes from purchasing and holding shares of any corporation except those corporations whose shares are specifically made eligible by statute. This prohibition is made applicable to State member banks by section 9 *26 of the Federal Reserve Act (12 U.S.C. 365).

2 Under section 9 of the Federal Reserve Act, State member banks, subject, of course, to any necessary approval from their State banking authority, may establish foreign branches on the same terms and subject to the same limitations and restrictions as are applicable to the establishment of branches by national banks (12 U.S.C. 321). State member banks may also purchase and hold shares of stock in Edge or Agreement Corporations and foreign banks because national banks, as a result of specific statutory exceptions to the stock purchase prohibitions of section 5136, can purchase and hold stock in these Corporations or banks.
Subject to such limitations or restrictions as the Board may prescribe, such Agreement corporations may principally engage in international or foreign banking, or banking in a dependency or insular possession of the United States, either directly or through the agency, ownership or control of local institutions in foreign countries, or in such dependencies or insular possessions of the United States. In 1919 the enactment of section 25(a) of the Federal Reserve Act (the “Edge Act”) permitted national banks to invest in federally chartered international or foreign banking corporations (so-called Edge Corporations) which may engage in international or foreign banking or other international or foreign financial operations, or in banking or other financial operations in a dependency or insular possession of the United States, either directly or through the ownership or control of local institutions in foreign countries, or in such dependencies or insular possessions. Edge Corporations may only purchase and hold stock in certain foreign subsidiaries with the consent of the Board. And in 1966, Congress amended section 25 of the Federal Reserve Act to allow national banks to invest directly in the shares of a foreign bank. In the Board’s judgment, the above statutory scheme of the Federal Reserve Act evidences a clear Congressional intent that member banks may only purchase and hold stock in subsidiaries located outside the United States through the prescribed statutory provisions of sections 25 and 25(a) of the Federal Reserve Act. It is through these statutorily prescribed forms of organization that member banks must conduct their operations outside the United States.

To summarize, the Board has concluded that a member bank may only organize and operate operations subsidiaries at locations in the United States. Investments by member banks in foreign subsidiaries must be made either with the Board’s permission under section 25 of the Federal Reserve Act or, with the Board’s consent, through an Edge Corporation subsidiary under section 25(a) of the Federal Reserve Act or through an Agreement Corporation subsidiary under section 25 of the Federal Reserve Act. In addition, it should be noted that bank holding companies may acquire the shares of certain foreign subsidiaries with the Board’s approval under section 4(c)(13) of the Bank Holding Company Act. These statutory sections taken together already give member banks a great deal of organizational flexibility in conducting their operations abroad.

§ 250.163 Inapplicability of amount limitations to “ineligible acceptances.”

(a) Since 1923, the Board has been of the view that “the acceptance power of State member banks is not necessarily confined to the provisions of section 13 (of the Federal Reserve Act), inasmuch as the laws of many States confer broader acceptance powers upon their State banks, and certain State member banks may, therefore, legally make acceptances of kinds which are not eligible for rediscount, but which may be eligible for purchase by Federal reserve banks under section 14.” 1923 FR bulletin 316, 317.

(b) In 1963, the Comptroller of the Currency ruled that “[n]ational banks are not limited in the character of acceptances which they may make in financing credit transactions, and bankers’ acceptances may be used for such purpose, since the making of acceptances is an essential part of banking authorized by 12 U.S.C. 24.” Comptroller’s manual 7.7420. Therefore, national banks are authorized by the Comptroller to make acceptances under 12 U.S.C. 24, although the acceptances are
(c) A review of the legislative history surrounding the enactment of the acceptance provisions of section 13, reveals that Congress believed in 1913, that it was granting to national banks a power which they would not otherwise possess and had not previously possessed. See remarks of Congressmen Phelan, Helvering, Saunders, and Glass, 51 Cong. Rec. 4676, 4798, 4885, and 5064 (September 10, 12, 13, and 17 of 1913). Nevertheless, the courts have long recognized the evolutionary nature of banking and of the scope of the “incidental powers” clause of 12 U.S.C. 24. See Merchants Bank v. State Bank, 77 U.S. 604 (1870) (upholding the power of a national bank to certify a check under the “incidental powers” clause of 12 U.S.C. 24).

(d) It now appears that, based on the Board’s 1923 ruling, and the Comptroller’s 1963 ruling, both State member banks and national banks may make acceptances which are not of the type described in section 13 of the Federal Reserve Act. Yet, this appears to be a development that Congress did not contemplate when it drafted the acceptance provisions of section 13.

(e) The question is presented whether the amount limitations of section 13 should apply to acceptances made by a member bank that are not of the type described in section 13. The amount limitations are of two kinds:

(1) A limitation on the amount that may be accepted for any one customer, and

(2) A limitation on the aggregate amount of acceptances that a member bank may make.

In interpreting any Federal statutory provision, the primary guide is the intent of Congress, yet, as noted earlier, Congress did not contemplate in 1913, the development of so-called “ineligible acceptances.” (Although there is some indication that Congress did contemplate State member banks’ making acceptances of a type not described in section 13 [remarks of Congressman Glass, 51 Cong. Rec. 5064], the primary focus of congressional attention was on the acceptance powers of national banks.) In the absence of an indication of congressional intent, we are left to reach an interpretation that is in harmony with the language of the statutory provisions and with the purposes of the Federal Reserve Act.

(f) Section 13 authorizes acceptances of two types. The seventh paragraph of section 13 (12 U.S.C. 372) authorizes certain acceptances that arise out of specific transactions in goods. (These acceptances are sometimes referred to as “commercial acceptances.”) The 12th paragraph of section 13 authorizes member banks to make acceptances “for the purpose of furnishing dollar exchange as required by the usages of trade” in foreign transactions. (Such acceptances are referred to as “dollar exchange acceptances.”) In the 12th paragraph, there is a 10 percent limit on the amount of dollar exchange acceptances that may be accepted for any one customer (unless adequately secured) and a limitation on the aggregate amount of dollar exchange acceptances that a member bank may make. (The 12th paragraph, in imposing these limitations, refers to the acceptance of “such drafts or bills of exchange referred to (in) this paragraph.”) Similarly, the seventh paragraph imposes on commercial acceptances a parallel 10 percent per-customer limitation, and limitations on the aggregate amount of commercial acceptances. (In the case of the aggregate limitations, the seventh paragraph states that “no bank shall accept such bills to an amount” in excess of the aggregate limit; the reference to “such bills” makes clear that the limitation is only in respect of drafts or bills of exchange of the specific type described in the seventh paragraph.)

(g) Based on the language and parallel structure of the 7th and 12th paragraphs of section 13, and in the absence of a statement of congressional intent in the legislative history, the Board concludes that the per-customer and aggregate limitations of the 12th paragraph apply only to acceptances of the type described in that paragraph (dollar exchange acceptances), and the per-customer and aggregate limitations of the 7th paragraph (12 U.S.C. 372) apply
§ 250.164 Bankers’ acceptances.

(a) Section 207 of the Bank Export Services Act (title II of Pub. L. 97–290) ("BESA") raised the limits on the aggregate amount of eligible bankers’ acceptances ("BAs") that may be created by an individual member bank from 50 per cent (or 100 per cent with the permission of the Board) of its paid up and unimpaired capital stock and surplus ("capital") to 150 per cent (or 200 per cent with the permission of the Board) of its capital. Section 207 also prohibits a member bank from creating eligible BAs for any one person in the aggregate in excess of 10 per cent of the institution's capital. This section of the BESA applies the same limits applicable to member banks to U.S. branches and agencies of foreign banks that are subject to reserve requirements under section 7 of the International Banking Act of 1978 (12 U.S.C. 3105). The Board is clarifying the proper meaning of the seventh paragraph of section 13 of the Federal Reserve Act, as amended by the BESA.

(b)(1) This section of the BESA provides that any portion of an eligible BA created by an institution subject to the BA limitations contained therein ("covered bank") that is conveyed through a participation to another covered bank shall not be included in the calculation of the creating covered bank's BA limits. The amount of the participation is to be applied to the calculation of the BA limits applicable to the covered bank receiving the participation. Although a covered bank that has reached its 150 or 200 percent limit can continue to create eligible acceptances by conveying participations to other covered banks, Congress has in effect imposed an aggregate limit on the eligible acceptances that may be created by all covered banks equal to the sum of 150 or 200 percent of the capital of all covered banks.

(2) The Board has clarified that under the statute an eligible BA created by a covered bank that is conveyed through a participation to an institution that is not subject to the limitations of this section of the BESA continues to be included in the calculation of the limits applicable to the creating covered bank. This will ensure that the total amount of eligible BAs that may be created by covered banks does not exceed the limitations established by Congress. In addition, this ensures that participations in acceptances are not used as a device for the avoidance of reserve requirements. Finally, this promotes the Congressional intent, with respect to covered banks, that foreign and domestic banks be on an equal footing and under the same legal requirements.

(3) In addition, the amount of a participation received by a covered bank from an institution not covered by the limitations of the Act is to be included in the calculation of the limits applicable to the covered bank receiving the participation. This result is based upon the language of the statute which includes within a covered bank's limits on eligible BAs outstanding the amount of participations received by the covered bank. This provision reflects Congressional intent that a covered bank not be obligated on eligible bankers' acceptances, and participations therein, for an amount in excess of 150 or 200 percent of the institution's capital.

(c) The statute also provides that eligible acceptances growing out of domestic transactions are not to exceed 50 percent of the aggregate of all eligible acceptances authorized for covered banks. The Board has clarified that this 50 percent limitation is applicable to the maximum permissible amount of eligible BAs (150 or 200 percent of capital), regardless of the bank's amount of eligible acceptances outstanding. The statutory language prior to the BESA amendment made clear that covered banks could issue eligible acceptances growing out of domestic transactions up to 50 percent of the amount of the total permissible eligible acceptances the bank could issue. The legislative history of the BESA indicates no intent to change this domestic acceptance limitation.
§ 250.165 Bankers’ acceptances: definition of participations.

(a)(1) Section 207 of the Bank Export Services Act (Title II of Pub. L. 97–290) (“BESA”) raised the limits on the aggregate amount of eligible bankers’ acceptances (“BAs”) that may be created by a member bank from 50 percent (or 100 percent with the permission of the Board) of its paid up and unimpaired capital stock and surplus (“capital”) to 150 percent (or 200 percent with the permission of the Board) of its capital. Section 207 also prohibits a member bank from creating eligible BAs for any one person in the aggregate in excess of 10 percent of the institution’s capital. Eligible BAs growing out of domestic transactions are not to exceed 50 percent of the aggregate of all eligible acceptances authorized for a member bank. This section of the BESA applies the same limits applicable to member banks to U.S. branches and agencies of foreign banks that are subject to reserve requirements under section 7 of the International Banking Act of 1978 (12 U.S.C. 3105).1

(2) This section of the BESA also provides that any portion of an eligible BA created by a covered bank (“senior bank”) that is conveyed through a “participation agreement” to another covered bank (“junior bank”) shall not be included in the calculation of the senior bank’s bankers’ acceptance limits established by section 207 of BESA.2 However, the amount of the participation is to be included in the BA limits applicable to the junior bank. The language of the statute does not define what constitutes a participation agreement for purposes of the applicability of the BESA limitations. However, the statute does authorize the Board to further define any of the terms used in section 207 of the BESA (12 U.S.C. 372(g)). The Board is clarifying the term participation for purposes of the BA limitations of the BESA.

(b) The legislative history of section 207 of the BESA indicates that Congress intended that the junior bank be obligated to the senior bank in the

1The institutions subject to the BA limitations of BESA will hereinafter be referred to as “covered banks.”
2The use of the terms senior bank and junior bank has no implications regarding priority of claims. These terms merely represent a shorthand method of identifying the depository institution that has created the acceptance and conveyed the participation (senior bank) and the depository institution that has received the participation (junior bank).

§ 250.165

event that the account party defaults on its obligation to pay, but that the junior bank need not also be obligated to pay the holder of the acceptance at the time the BA is presented for payment. H. Rep. No. 97–629, 97th Cong., 2nd Sess. 15 (1982); 128 Cong. Rec. H 4647 (daily ed. July 27, 1982) (remarks by Rep. Barnard); and 128 Cong. Rec. H 8462 (daily ed. October 1, 1982) (remarks by Rep. Barnard). The legislative history also indicates that Congress intended that eligible BAs in which participations had been conveyed not be required to indicate the name(s) (or interest(s)) of the junior bank(s) on the acceptance in order for the BA to be excluded from the BESA limitations applicable to the senior bank. 128 Cong. Rec. S 12237 (daily ed. September 24, 1982) (remarks of Senators Heinz and Garn); and 128 Cong. Rec. H 4647 (daily ed. July 27, 1982) (remarks of Rep. Barnard).

(c)(1) In view of Congressional intent with regard to what constitutes a participation in an eligible BA, the Board has determined that, for purposes of the BESA limits, a participation must satisfy the following two minimum requirements:

(i) A written agreement entered into between the junior and senior bank under which the junior bank acquires the senior bank’s claim against the account party to the extent of the amount of the participation that is enforceable in the event that the account party fails to perform in accordance with the terms of the acceptance; and

(ii) The agreement between the junior and senior bank provides that the senior bank obtains a claim against the junior bank to the extent of the amount of the participation that is enforceable in the event the account party fails to perform in accordance with the terms of the acceptance.

(2) Consistent with Congressional intent, the minimum requirements do not require the junior bank to be obligated to pay the holder of the acceptance at the time the BA is presented for payment. Similarly, the minimum requirements do not require the name(s) or interest(s) of the junior bank(s) to appear on the face of the acceptance.

(3) An eligible BA that is conveyed through a participation that does not satisfy these minimum requirements would continue to be included in the BA limits applicable to the senior bank. Further, an eligible BA conveyed to a covered bank through a participation that provided for additional rights and obligations among the parties would be excluded from the BESA limitations of the senior bank provided the minimum requirements were satisfied.

(4) A participation structured pursuant to these minimum requirements would be as follows: Upon the conveyance of the participation, the senior bank retains its entire obligation to pay the holder of the BA at maturity. The senior bank has a claim against the junior bank to the extent of the amount of the participation that is enforceable in the event the account party fails to perform in accordance with the terms of the acceptance. Similarly, the junior bank has a corresponding claim against the account party to the extent of the amount of the participation that is enforceable in the event the account party fails to perform in accordance with the terms of the acceptance.

(d)(1) The Board is not requiring the senior bank and the account party specifically to agree that the senior bank’s rights are assignable because the Board believes such rights to be assignable even in the absence of an explicit agreement.

(2) The junior and senior banks may contract among themselves as to which party(ies) have the responsibility for administering the arrangement, enforcing claims, or exercising remedies.

(e) The Board recognizes that both the junior bank’s claim on the account party and the senior bank’s claim on the junior bank involve risk. Therefore, it is essential that these risks be assessed by the banks involved in accordance with prudent and sound banking practices. The examiners will in the normal course of the examination process review the risk assessment procedures instituted by the banks. The junior bank should review the creditworthiness of each account party when the junior bank acquires a participation and the senior bank should review
on an ongoing basis the creditworthi-
ness of the junior bank. Junior bank
agreement to rely exclusively upon the
credit judgment of the senior bank and
purchase on an ongoing basis from the
senior bank all participations in BAs
regardless of the identity of the ac-
count party is not appropriate in view
of the risks involved. However, in those
cases involving a participation between
a parent bank and its Edge affiliate
where the credit review for both enti-
ties is performed by the parent bank,
the Edge Corporation should maintain
documentation indicating that it con-
curs with the parent bank’s analysis
and that the acceptance participation
is appropriate for inclusion in the Edge
Corporation’s portfolio.

(f) Similarly, the Board has deter-
mimed that it is appropriate to include
the risks incurred by the senior bank
in assessing the senior bank’s capital
and the risks incurred by the junior
bank in assessing the junior bank’s
capital.

g) In view of this clarification of the
issues relating to participations in
BAs, the Board encourages the private
sector to develop standardized forms
for BAs and participations therein that
clearly delineate the rights and respon-
sibilities of the relevant parties.

§ 250.166 Treatment of mandatory con-
vertible debt and subordinated
notes of state member banks and
bank holding companies as “cap-
tial”.

(a) General. Under the Board’s risk-
based capital guidelines, state member
banks and bank holding companies
may include in Tier 2 capital subordi-
nated debt and mandatory convertible
debt that meets certain criteria. The
purpose of this interpretation is to
clarify these criteria. This interpreta-
tion should be read with those guide-
lines, particularly with paragraphs II.c.
through II.e. of appendix A of 12 CFR
part 225 if the issuer is a bank holding
company or insolvency—i.e.,
the appointment of a receiver—in the
case of a state member bank, does not
qualify for inclusion in Tier 2 capital.

(ii) Further, subordinated debt whose
terms provide for acceleration upon the
occurrence of events other than bankruptcy or the appointment of a receiver does not qualify as Tier 2 capital. For example, the terms of some subordinated debt issues would permit debtholders to accelerate repayment if the issuer failed to pay principal or interest on the subordinated debt issue when due (or within a certain time-frame after the due date), failed to make mandatory sinking fund deposits, defaulted on any other debt, failed to honor covenants, or if an institution affiliated with the issuer entered into bankruptcy or receivership. Some banking organizations have also issued, or proposed to issue, subordinated debt that would allow debtholders to accelerate repayment if, for example, the banking organization failed to maintain certain prescribed minimum capital ratios or rates of return, or if the amount of nonperforming assets or charge-offs of the banking organization exceeded a certain level.

(iii) These and other similar acceleration clauses raise significant supervisory concerns because repayment of the debt could be accelerated at a time when an organization may be experiencing financial difficulties. Acceleration of the debt could restrict the ability of the organization to resolve its problems in the normal course of business and could cause the organization involuntarily to enter into bankruptcy or receivership. Furthermore, since such acceleration clauses could allow the holders of subordinated debt to be paid ahead of general creditors or depositors, their inclusion in a debt issue throws into question whether the debt is, in fact, subordinated.

(iv) Subordinated debt issues whose terms state that the debtholders may accelerate the repayment of principal only in the event of bankruptcy or receivership of the issuer do not permit the holders of the debt to be paid before general creditors or depositors and do not raise supervisory concerns because the acceleration does not occur until the institution has failed. Accordingly, debt issues that permit acceleration of principal only in the event of bankruptcy (liquidation or reorganization) in the case of bank holding companies and receivership in the case of banks may generally be classified as capital.

(3) Provisions inconsistent with safe and sound banking practices—(i) The risk-based capital guidelines state that instruments included in capital may not contain or be covered by any covenants, terms, or restrictions that are inconsistent with safe and sound banking practice. As a general matter, capital instruments should not contain terms that could adversely affect liquidity or unduly restrict management’s flexibility to run the organization, particularly in times of financial difficulty, or that could limit the regulator’s ability to resolve problem bank situations. For example, some subordinated debt includes covenants that would not allow the banking organization to make additional secured or senior borrowings. Other covenants would prohibit a banking organization from disposing of a major subsidiary or undergoing a change in control. Such covenants could restrict the banking organization’s ability to raise funds to meet its liquidity needs. In addition, such terms or conditions limit the ability of bank supervisors to resolve problem bank situations through a change in control.

(ii) Certain other provisions found in subordinated debt may provide protection to investors in subordinated debt without adversely affecting the overall benefits of the instrument to the organization. For example, some instruments include covenants that may require the banking organization to:

(A) Maintain an office or agency where securities may be presented,

(B) Hold payments on the securities in trust,

(C) Preserve the rights and franchises of the company,

(D) Pay taxes and assessments before they become delinquent,

(E) Provide an annual statement of compliance on whether the company has observed all conditions of the debt agreement, or

(F) Maintain its properties in good condition. Such covenants, as long as they do not unduly restrict the activity of the banking organization, generally would be acceptable in qualifying subordinated debt, provided that failure to meet them does not give the
§250.166

12 CFR Ch. II (1–1–16 Edition)

holders of the debt the right to accelerate the debt. ³

(4) Credit sensitive features. Credit sensitive subordinated debt (including mandatory convertible securities) where payments are tied to the financial condition of the borrower generally do not qualify for inclusion in capital. Interest rate payments may be linked to the financial condition of an institution through various ways, such as through an auction rate mechanism, a preset schedule that either mandates interest rate increases as the credit rating of the institution declines or automatically increases them over the passage of time, or that raises the interest rate if payment is not made in a timely fashion. As the financial condition of an organization declines, it is faced with higher and higher payments on its credit sensitive subordinated debt at a time when it most needs to conserve its resources. Thus, credit sensitive debt does not provide the support expected of a capital instrument to an institution whose financial condition is deteriorating; rather, the credit sensitive feature can accelerate depletion of the institution’s resources and increase the likelihood of default on the debt.

(c) Criteria for mandatory convertible debt included in capital. Mandatory convertible debt included in capital must meet all the criteria cited above for subordinated debt with the exception of the minimum maturity requirement. Since mandatory convertible debt eventually converts to an equity instrument, it has no minimum maturity requirement. Such debt, however, is subject to a maximum maturity requirement of 12 years.

(d) Previously issued subordinated debt. Subordinated debt including mandatory convertible debt that has been issued prior to the date of this interpretation and that contains provisions permitting acceleration for reasons other than bankruptcy or receivership of the issuing institution; includes other questionable terms or conditions; or that is credit sensitive will not automatically be excluded from capital. Rather, such debt will be considered on a case-by-case basis to determine whether it qualifies as Tier 2 capital. As a general matter, subordinated debt issued prior to the release of this interpretation and containing such provisions or features may qualify as Tier 2 capital so long as these terms:

(1) have been commonly used by banking organizations,

(2) do not provide an unreasonably high degree of protection to the holder in cases not involving bankruptcy or receivership, and

(3) do not effectively allow the holder to stand ahead of the general creditors of the issuing institution in cases of bankruptcy or receivership.

Subordinated debt containing provisions that permit the holders of the debt to accelerate payment of principal when the banking organization begins

³This notice does not attempt to list or address all clauses included in subordinated debt; rather, it is intended to give general supervisory guidance regarding the types of clauses that could raise supervisory concerns. Issuers of subordinated debt may need to consult further with Federal Reserve staff about other subordinated debt provisions not specifically discussed above to determine whether such provisions are appropriate in a debt capital instrument.

⁴Although payments on debt whose interest rate increases over time on the surface may not appear to be directly linked to the financial condition of the issuing organization, such debt (sometimes referred to as expanding or exploding rate debt) has a strong potential to be credit sensitive in substance. Organizations whose financial condition has strengthened are more likely to be able to refinance the debt at a rate lower than that mandated by the preset increase, whereas institutions whose condition has deteriorated are less likely to be able to do so. Moreover, just when these latter institutions would be in the most need of conserving capital, they would be under strong pressure to redeem the debt as an alternative to paying higher rates and, thus, would accelerate depletion of their resources.

⁵While such terms may be acceptable in perpetual preferred stock qualifying as Tier 2 capital, it would be inconsistent with safe and sound banking practice to include debt with such terms in Tier 2 capital. The organization does not have the option, as it does with auction rate preferred stock issues, of eliminating the higher payments on the subordinated debt without going into default.
to experience difficulties, for example, when it fails to meet certain financial ratios, such as capital ratios or rates of return, does not meet these three criteria. Consequently, subordinated debt issued prior to the release of this interpretation containing such provisions may not be included within Tier 2 capital.

(e) Limitations on the amount of subordinated debt in capital—(1) Basic limitation. The amount of subordinated debt an institution may include in Tier 2 capital is limited to 50 percent of the amount of the institution’s Tier 1 capital. The amount of a subordinated debt issue that may be included in Tier 2 capital is discounted as it approaches maturity; one-fifth of the original amount of the instrument, less any redemptions, is excluded each year from Tier 2 capital during the last five years prior to maturity. If the instrument has a serial redemption feature such that, for example, half matures in seven years and half matures in ten years, the issuing organization should begin discounting the seven-year portion after two years and the ten-year portion after five years.

(2) Treatment of debt with dedicated proceeds. If a banking organization has issued common or preferred stock and dedicated the proceeds to the redemption of a mandatory convertible debt security, that portion of the security covered by the amount of the proceeds so dedicated is considered to be ordinary subordinated debt for capital purposes, provided the proceeds are not placed in a sinking fund, trust fund, or similar segregated account or are not used in the interim for some other purpose. Thus, dedicated portions of mandatory convertible debt securities are subject, like other subordinated debt, to the 50 percent sublimit within Tier 2 capital, as well as to discounting in the last five years of life. Undedicated portions of mandatory convertible debt may be included in Tier 2 capital without any sublimit and are not subject to discounting.

(3) Treatment of debt with segregated funds. In some cases, the provisions in mandatory convertible debt issues may require the issuing banking organization to set up a sinking fund, trust fund, or similar segregated account to hold the proceeds from the sale of equity securities dedicated to pay off the principal of the mandatory convertible debt at maturity. The portion of mandatory convertibles covered by the amount of proceeds deposited in such a segregated fund is considered secured and, thus, may not be included in capital at all, let alone be treated as subordinated debt that is subject to the 50 percent sublimit within Tier 2 capital. The maintenance of such separate segregated funds for the redemption of mandatory convertible debt exceeds the requirements of appendix B to Regulation Y. Accordingly, if a banking organization, with the agreement of its debtholders, seeks Federal Reserve approval to eliminate such a fund, approval normally would be given unless supervisory concerns warrant otherwise.

(f) Redemption of subordinated debt prior to maturity—(1) By state member banks. State member banks must obtain approval from the appropriate Reserve Bank prior to redeeming before maturity subordinated debt or mandatory convertible debt included in capital. A Reserve Bank will not approve such early redemption unless it is satisfied that the capital position of the bank will be adequate after the proposed redemption.

(2) By bank holding companies. While bank holding companies are not formally required to obtain approval prior to redeeming subordinated debt, the risk-based capital guidelines state that bank holding companies should consult with the Federal Reserve before redeeming any capital instruments prior to stated maturity. This also applies to any redemption of mandatory convertible debt with proceeds of an equity issuance that were dedicated to the redemption of that debt. Accordingly, a bank holding company should consult

7Some agreements governing mandatory convertible debt issued prior to the risk-based capital guidelines provide that the bank may redeem the notes if they no longer count as primary capital as defined in appendix B to Regulation Y. Such a provision does not obviate the requirement to receive Federal Reserve approval prior to redemption.
§ 250.180 Reports of changes in control of management.

(a) Under a statute enacted September 12, 1964 (Pub. L. 88–593; 78 Stat. 940) all insured banks are required to report promptly (1) changes in the outstanding voting stock of the bank which will result in control or in a change in control of the bank and (2) any instances where the bank makes a loan or loans, secured, or to be secured, by 25 percent or more of the outstanding voting stock of an insured bank.

(b) Reports concerning changes in control of a State member bank are to be made by the president or other chief executive officer of the bank, and shall be submitted to the Federal Reserve Bank of its district.

(c) Reports concerning loans by an insured bank on the stock of a State member bank are to be made by the president or other chief executive officer of the lending bank, and shall be submitted to the Federal Reserve Bank of the State member bank on the stock of which the loan was made.

(d) Paragraphs 3 and 4 of this legislation specify the information required in the reports which, in cases involving State member banks, should be addressed to the Vice President in Charge of Examinations of the appropriate Federal Reserve Bank.

(12 U.S.C. 1817)

§ 250.181 Reports of change in control of bank management incident to a merger.

(a) A State member bank has inquired whether Pub. L. 88–593 (78 Stat. 940) requires reports of change in control of bank management in situations where the change occurs as an incident in a merger.

(b) Under the Bank Merger Act of 1960 (12 U.S.C. 1828(c)), no bank with Federal deposit insurance may merge or consolidate with, or acquire the assets of, or assume the liability to pay deposits in, any other insured bank without prior approval of the appropriate Federal bank supervisory agency. Where the bank resulting from any such transaction is a State member bank, the Board of Governors is the agency that must pass on the transaction. In the course of consideration of such an application, the Board would, of necessity, acquire knowledge of any change in control of management that might result. Information concerning any such change in control of management is supplied with each merger application and, in the circumstances, it is the view of the Board that the receipt of such information in connection with a merger application constitutes compliance with Pub. L.

The guidance contained in this paragraph applies to mandatory convertible debt issued prior to the risk-based capital guidelines that state that the banking organization may redeem the notes if they no longer count as primary capital as defined in appendix B to Regulation Y. Such provisions do not obviate the need to consult with, or obtain approval from, the Federal Reserve prior to redemption of the debt.
§ 250.200 Investment in bank premises by holding company banks.

(a) The Board of Governors has been asked whether, in determining under section 24A of the Federal Reserve Act (12 U.S.C. 371d) how much may be invested in bank premises without prior Board approval, a State member bank, which is owned by a registered bank holding company, is required to include indebtedness of a corporation, wholly owned by the holding company, that is engaged in holding premises of banks in the holding company system.

(b) Section 24A provides, in part, as follows:

Hereafter *** no State member bank, without the approval of the Board of Governors of the Federal Reserve System, shall (1) invest in bank premises, or in the stock, bonds, debentures, or other such obligations of any corporation holding the premises of such bank or (2) make loans to or upon the security of the stock of any such corporation, if the aggregate of all such investments and loans, together with the amount of any indebtedness incurred by any such corporation which is an affiliate of the bank, as defined in section 2 of the Banking Act of 1933, as amended (12 U.S.C. 221a), will exceed the amount of the capital stock of such banks.

(c) A corporation that is owned by a holding company is an “affiliate of each of the holding company’s majority-owned banks as that term is defined in said section 2. Therefore, under the explicit provisions of section 24A, each State member bank, any part of whose premises is owned by such an affiliate, must include the affiliate’s total indebtedness in determining whether a proposed premises investment by the bank would cause the aggregate figure to exceed the amount of the bank’s capital stock, so that the Board’s prior approval would be required. Where the affiliate holds the premises of a number of the holding company’s banks, the amount of the affiliate’s indebtedness may be so large that Board approval is required for every proposed investment in bank premises by each majority-owned State member bank, to which the entire indebtedness of the affiliate is required to be attributed. The Board believes that, in these circumstances, individual approvals are not essential to effectuate the purpose of section 24A, which is to safeguard the soundness and liquidity of member banks, and that the protection sought by Congress can be achieved by a suitably circumscribed general approval.

(d) Accordingly the Board hereby grants general approval for any investment or loan (as described in section 24A) by any State member bank, the majority of the stock of which is owned by a registered bank holding company, if the proposed investment or loan will
§ 250.220 Whether member bank acting as trustee is prohibited by section 20 of the Banking Act of 1933 from acquiring majority of shares of mutual fund.

(a) The Board recently considered whether section 20 of the Banking Act of 1933 (12 U.S.C. 377) would prohibit a member bank, while acting as trustee of a tax exempt employee benefit trust or trusts, from, under the following circumstances, acquiring a majority of the shares of an open-end investment company ("Fund") registered under the Investment Company Act of 1940, or more than 50 percent of the number of Fund's shares voted at the preceding election of directors of the Fund.

(b) The bank has acted as trustee, since December 1963, pursuant to a trust agreement with a county medical society to administer its group retirement program, under which individual members of the society could participate in accordance with the provisions of the Self-Employed Individuals Tax Retirement Act of 1962 (commonly referred to as "H.R. 10").

(c) Under the trust agreement as presently constituted, each employer, who is a participating member of the medical society, directs the bank to invest his contributions to the retirement plan in such proportions as he may elect in insurance or annuity contracts or in a diversified portfolio of securities and other property. The diversified portfolio held by the bank is invested and administered by the bank solely at the direction of a committee of the medical society.

(d) It has now been proposed that the trust agreement be amended to provide that all investments constituting the trust fund, apart from insurance and annuity contracts, will be made exclusively in shares of a single open-end investment company to be named in the trust agreement and that the assets constituting the diversified portfolio now held by the bank, as trustee, will be exchanged for the Fund's shares. The bank will, in addition to holding the shares of the Fund, allocate income and dividends to the accounts of the various participants in the retirement program, invest and reinvest income and dividends, and perform other ministerial functions.

(e) In addition, it is proposed to amend the trust agreement so that voting of the shares held by the bank as trustee will be controlled exclusively by the participants. Under the proposed amendment, the bank will sign all proxies prior to mailing them to the participants, it being intended that the Participant(s) shall vote the proxies notwithstanding the fact that the Trustee is the owner of the shares * * *

(f) The bank believes that amendments are now under consideration that will also require investment of the assets of these plans exclusively in the Fund's shares. Accordingly, the bank may eventually own the Fund's shares in several separate trust accounts and in an aggregate amount equal to a majority of the Fund's shares.

(g) Section 20 of the Banking Act of 1933 provides in relevant part that

no member bank shall be affiliated in any manner described in section 2(b) hereof with any corporation * * * engaged principally in the issue, flotation, underwriting, public sale, or distribution at wholesale or retail or through syndicate participation of stocks * * * or other securities: * * *.

(h) Section 2(b) defines the term affiliate to include

any corporation, business trust, association or other similar organization (l) Of which a member bank, directly or indirectly, owns or controls either a majority of the voting shares or more than 50 per centum of the number of shares voted for the election of its directors, trustees, or other persons exercising similar functions at the preceding election, or controls in any manner the election of a majority of its directors, trustees, or other persons exercising similar functions; * * *.
(i) The Board has previously taken the position, in an interpretation involving the term "affiliate" under the Banking Act of 1933, that it would not require a member bank to obtain and publish a report of a corporation the majority of the stock of which is held by the member bank as executor or trustee, provided that the member bank holds such stock subject to control by a court or by a beneficiary or other principal and that the member bank may not lawfully exercise control of such stock independently of any order or direction of a court, beneficiary or other principal. 1933 Federal Reserve Bulletin 651. The rationale of that interpretation—which was reaffirmed by the Board in 1957—would appear to be equally applicable to the facts in the present case. In the circumstances, and on the basis of the Board's understanding that the bank will not vote any of Fund's shares or control in any manner the election of any of its directors, trustees, or other persons exercising similar functions, the Board has concluded that the situation in question would not fall within the purpose or coverage of section 20 of the Banking Act of 1933 and, therefore, would not involve a violation of the statute.

§ 250.221 Issuance and sale of short-term debt obligations by bank holding companies.

(a) The opinion of the Board of Governors of the Federal Reserve System has been requested recently with respect to the proposed sale of "thrift notes" by a bank holding company for the purpose of supplying capital to its wholly-owned nonbanking subsidiaries.

(b) The thrift notes would bear the name of the holding company, which in the case presented, was substantially similar to the name of its affiliated banks. It was proposed that they be issued in denominations of $50 to $100 and initially be of 12-month or less maturities. There would be no maximum amount of the issue. Interest rates would be variable according to money market conditions but would presumably be at rates somewhat above those permitted by Regulation Q ceilings. There would be no guarantee or indemnity of the notes by any of the banks in the holding company system and, if required to do so, the holding company would place on the face of the notes a negative representation that the purchase price was not a deposit, nor an indirect obligation of banks in the holding company system, nor covered by deposit insurance.

(c) The notes would be generally available for sale to members of the public, but only at offices of the holding company and its nonbanking subsidiaries. Although offices of the holding company may be in the same building or quarters as its banking offices, they would be physically separated from the banking offices. Sales would be made only by officers or employees of the holding company and its nonbanking subsidiaries. Initially, the notes would only be offered in the State in which the holding company was principally doing business, thereby complying with the exemption provided by section 3(a)(11) of the Securities Act of 1933 (15 U.S.C. 77c) for "intra-state" offerings. If it was decided to offer the notes on an interstate basis, steps would be taken to register the notes under the Securities Act of 1933. Funds from the sale of the notes would be used only to supply the financial needs of the nonbanking subsidiaries of the holding company. These nonbank subsidiaries are, at present, a small loan company, a mortgage banking company and a factoring company. In no instance would the proceeds from the sale of the notes be used in the bank subsidiaries of the holding company nor to maintain the availability of funds in its bank subsidiaries.

(d) The sale of the thrift notes, in the specific manner proposed, is an activity described in section 20 of the Banking Act of 1933 (12 U.S.C. 377), that is, "the issue, flotation, underwriting, public sale or distribution * * * of * * * notes, or other securities". Briefly stated, this statute prohibits a member bank to be affiliated with a company "engaged principally" in such activity. Since the continued issuance and sale of such securities would be necessary to permit maintenance of the holding company’s activities without substantial contraction and would be an integral part of its operations, the Board concluded that the issuance and sale of the notes would not involve a violation of the statute.
such notes would constitute a principal activity of a holding company within
the spirit and purpose of the statute. (For prior Board decisions in this con-
nection, see 1934 Federal Reserve Bulletin 485, 12 CFR 218.104, 12 CFR 218.105
and 12 CFR 218.101.)

(e) In reaching this conclusion, the Board distinguished the proposed activ-
ity from the sale of short-term notes commonly known as commercial paper,
which is a recognized form of financing for bank holding companies. For pur-
poses of this interpretation, commercial paper may be defined as notes, with
maturities not exceeding nine months, the proceeds of which are to be used for
current transactions, which are usually sold to sophisticated institutional in-
vestors, rather than to members of the general public, in minimum denomina-
tions of $10,000 (although sometimes they may be sold in minimum denomina-
tions of $5,000). Commercial paper is exempt from registration under the Se-
curities Act of 1933 by reason of the exemption provided by section 3(a)(3)
thereof (15 U.S.C. 77c). That exemption is inapplicable where the securities are
sold to the general public (17 CFR 231.4412). The reasons for such exemp-
tion, taken together with the abuses that gave rise to the passage of the
Banking Act of 1933 ("the Glass-Steagall Act"), have led the Board to
conclude that the issuance of commercial paper by a bank holding company
is not an activity intended to be in-
cluded within the scope of section 20.
(Interprets and applies 12 U.S.C. 377 and 1843)

§ 250.400 Service of open-end invest-
ment company.

An open-end investment company is
defined in section 5(a)(1) of the Invest-
ment Company Act of 1940 as a com-
pany "which is offering for sale or has
outstanding any redeemable security of
which it is the issuer." Section 2(a)(31)
of said act provides that a redeemable
security means "any security, other
than short-term paper, under the terms
of which the holder, upon its present-
tation to the issuer or to a person des-
ignated by the issuer, is entitled
(proportionate share of the issuer’s current
net assets, or the cash equivalent
thereof."

It is customary for such companies to
have but one class of securities, name-
ly, capital stock, and it is apparent
that the more or less continued process
of redemption of the stock issued by
such a company would restrict and
contract its activities if it did not con-
tinue to issue its stock. Thus, the
issuance and sale of its stock is essen-
tial to the maintenance of the com-
pany’s size and to the continuance of
operations without substantial con-
traction, and therefore the issue and
sale of its stock constitutes one of the
primary activities of such a company.

§ 250.260 Miscellaneous interpreta-
tions; gold coin and bullion.

The Board has received numerous in-
quiries from member banks relating to
the repeal of the ban on ownership of
gold by United States citizens. Listed
below are questions and answers which
afford member banks and relate to the
responsibilities of the Federal Reserve
System.

(a) May gold in the form of coins or
bullion be counted as vault cash in
order to satisfy reserve requirements?
No. Section 19(c) of the Federal Re-
serve Act requires that reserve bal-
ances be satisfied either by a balance
maintained at the Federal Reserve
Bank or by vault cash, consisting of
United States currency and coin. Gold
in bullion form is not United States
currency. Since the bullion value of
United States gold coins far exceeds
their face value, member banks would
not in practice distribute them over
the counter at face value to satisfy
customer demands.

(b) Will the Federal Reserve Banks
perform services for member banks
with respect to gold, such as safe-
keeping or assaying? No.

(c) Will a Federal Reserve Bank ac-
cept gold as collateral for an advance
to a member bank under section 10(b)
[39 FR 45254, Dec. 31, 1974]

INTERPRETATIONS OF SECTION 32 OF THE
GLASS-STEAGALL ACT

§ 250.400 Service of open-end invest-
ment company.

An open-end investment company is
defined in section 5(a)(1) of the Invest-
ment Company Act of 1940 as a com-
pany “which is offering for sale or has
outstanding any redeemable security of
which it is the issuer.” Section 2(a)(31)
of said act provides that a redeemable
security means “any security, other
than short-term paper, under the terms
of which the holder, upon its present-
tation to the issuer or to a person des-
ignated by the issuer, is entitled
(proportionate share of the issuer’s current
net assets, or the cash equivalent
thereof.”

It is customary for such companies to
have but one class of securities, name-
ly, capital stock, and it is apparent
that the more or less continued process
of redemption of the stock issued by
such a company would restrict and
contract its activities if it did not con-
tinue to issue its stock. Thus, the
issuance and sale of its stock is essen-
tial to the maintenance of the com-
pany’s size and to the continuance of
operations without substantial con-
traction, and therefore the issue and
sale of its stock constitutes one of the
primary activities of such a company.
Accordingly, it is the opinion of the Board that if such a company is issuing or offering its redeemable stock for sale, it is "primarily engaged in the issue * * * public sale, or distribution, * * * of securities" and that section 32 of the Banking Act of 1933, as amended, prohibits an officer, director or employee of any such company from serving at the same time as an officer, director or employee of any member bank. It is the Board's view that this is true even though the shares are sold to the public through independent organizations with the result that the investment company does not derive any direct profit from the sales.

If, however, the company has ceased to issue or offer any of its stock for sale, the company would not be engaged in the issue or distribution of its stock, and, therefore, the prohibition contained in section 32 would be inapplicable unless the company were primarily engaged in the underwriting, public sale or distribution of securities other than its own stock.

(b) The Board has recently stated that it believed that a closed-end company which was in process of organization and was actively engaged in issuing and selling its shares was in the same position relative to section 32 as an open-end company, and that the section would be applicable while this activity continued.

§ 250.402 Service as officer, director, or employee of licensee corporation under the Small Business Investment Act of 1958.

(a) The Board of Governors has been requested to express an opinion whether §218.1 would prohibit an officer, director, or employee of a member bank from serving at the same time as an officer, director, or employee of a Licensee corporation under the Small Business Investment Act of 1958 (15 U.S.C. 661 et seq.). It is understood that a Licensee would be authorized to engage only in the activities set forth in the statute, namely, to provide capital and long-term loan funds to small business concerns.

(b) In the opinion of the Board, a corporation engaged exclusively in the enumerated activities would not be "primarily engaged in the issue, flotation, underwriting, public sale, or distribution, at wholesale or retail, or through syndicate participation, of stocks, bonds, or other similar securities." Accordingly, the prohibition of §218.1 would not apply to serving as an officer, director, or employee of either a small business investment company organized under the Small Business Investment Act of 1958, or an investment company chartered under the laws of a State solely for the purpose of operating under the Small Business Investment Act of 1958.

§ 250.403 Service of member bank and real estate investment company.

(a) The Board recently considered two inquiries regarding the question whether proposed real estate investment companies would be subject to the provisions of sections 20 and 32 of the Banking Act of 1933 (12 U.S.C. 377
and 78). These sections relate to affiliations between member banks and companies engaged principally in the issue, flotation, underwriting, public sale or distribution of stocks, bonds, or similar securities, and interlocking directorates between member banks and companies primarily so engaged. In both instances the companies, after their organization, would engage only in the business of financing real estate development or investing in real estate interests, and not in the type of business described in the statute. However, each of the companies, in the process of its organization, would issue its own stock. In one instance, it appeared that the stock would be issued over a period of from 30 to 60 days; in the other instance it was stated that the stock would be sold by a firm of underwriters and that distribution was expected to be completed in not more than a few days.

(b) On the basis of the facts stated, the Board concluded that the companies involved would not be subject to sections 20 and 32 of the Banking Act of 1933, since they would not be principally or primarily engaged in the business of issuing or distributing securities but would only be issuing their own stock for a period ordinarily required for corporate organization. The Board stated, however, that if either of the companies should subsequently issue additional shares frequently and in substantial amounts relative to the size of the company’s capital structure, it would be necessary for the Board to reconsider the matter.

(c) Apart from the legal question, the Board noted that an arrangement of the kind proposed could involve some dangers to an affiliated bank because the relationship might tend to impair the independent judgment that should be exercised by the bank in appraising its credits and might cause the company to be so identified in the minds of the public with the bank that any financial reverses suffered by the company might affect the confidence of the public in the bank.

(d) Because of the foregoing conclusion that the companies would not be subject to sections 20 and 32, it seems advisable to clarify §218.102, in which the Board took the position that a closed-end investment company which was in process of organization and was actively engaged in issuing and selling its shares was subject to section 32 as long as this activity continued. That interpretation should be regarded as applicable only where the circumstances are such as to indicate that the issuance of the company’s stock is a primary or principal activity of the company. For example, such circumstances might exist where the initial stock of a company is actively issued over a period of time longer than that ordinarily required for corporate organization, or where, subsequent to organization, the company issues its own stock frequently and in substantial amounts relative to the total amount of shares outstanding.

§ 250.404 Serving as director of member bank and corporation selling own stock.

(a) The Board recently considered the question whether section 32 of the Banking Act of 1933 (12 U.S.C. 78) would be applicable to the service of a director of a corporation which planned to acquire or organize, as proceeds from the sale of stock became available, subsidiaries to operate in a wide variety of fields, including manufacturing, foreign trade, leasing of heavy equipment, and real estate development. The corporation had a paid-in capital of about $60,000 and planned to sell additional shares at a price totaling $10 million, with the proviso that if less than $3 million worth were sold by March 1962, the funds subscribed would be refunded. It thus appeared to be contemplated that the sale of stock would take at least a year, and there appeared to be no reason for believing that, if the venture proved successful, additional shares would not be offered so that the corporation could continue to expand.

(b) The Board concluded that section 32 would be applicable, stating that although §218.102, as clarified by §218.104, related to closed-end investment companies, the rationale of that interpretation is applicable to corporations generally.

§ 250.405 No exception granted a special or limited partner.

(a) The Board has been asked on several occasions whether section 32 of the Banking Act of 1933 (12 U.S.C. 78) is applicable to a director, officer, or employee of a member bank who is a special or limited partner in a firm primarily engaged in the business described in that section.

(b) Since the Board cannot issue an individual permit, it can exempt a limited or special partner only by amending part 218 (Regulation R). After the statute was amended in 1935 so as to make it applicable to a partner, the Board carefully considered the desirability of making such an exception. On several subsequent occasions it has reconsidered the question. In each instance the Board has decided that in view of a limited partner’s interest in the underwriting and distributing business, it should not make the exception.

§ 250.406 Serving member bank and investment advisor with mutual fund affiliation.

(a) The opinion of the Board of Governors of the Federal Reserve System has been requested with respect to service as vice president of a corporation engaged in supplying investment advice and management services to mutual funds and others (“Manager”) and as director of a member bank.

(b) Section 32 of the Banking Act of 1933 (12 U.S.C. 78), forbids any officer, director, or employee of any corporation “primarily engaged in the issue, flotation, underwriting, public sale, or distribution, at wholesale or retail, or through syndicate participation, of stocks, bonds, or other similar securities * * *” to serve at the same time as an officer, director, or employee of a member bank.

(c) Manager has for several years served a number of different open-end or mutual funds, as well as individuals, institutions, and other clients, as an investment advisor and manager. However, it appears that Manager has a close relationship with two of the mutual funds which it serves. A wholly owned subsidiary of Manager (“Distributors”), serves as distributor for the two mutual funds and has no other function. In addition, the chairman and treasurer of Manager, as well as the president, assistant treasurer, and a director of Manager, are officers and directors of Distributors and trustees of both funds. It appears also that a director of Manager is president and director of Distributors, while the clerk of Manager is also clerk of Distributors. Manager, Distributors and both funds are listed at the same address in the local telephone directory.

(d) While the greater part of the total annual income of Manager during the past five years has derived from “individuals, institutions, and other clients”, it appears that a substantial portion has been attributable to the involvement with the two funds in question. During each of the last four years, that portion has exceeded a third of the total income of Manager, and in 1962 it reached nearly 40 percent.

(e) The Board has consistently held that an open-end or mutual fund is engaged in the activities described in section 32, so long as it is issuing its securities for sale, since it is apparent that the more or less continued process of redemption of the stock issued by such a company would restrict and contract its activities if it did not continue to issue the stock. Clearly, a corporation that is engaged in underwriting or selling open-end shares, is so engaged.

(f) In connection with incorporated manager-advisors to open-end or mutual funds, the Board has expressed the view in a number of cases that where the corporation served a number of different clients, and the corporate structure was not interlocked with that of mutual fund and underwriter in such a way that it could be regarded as being controlled by or substantially one with them, it should not be held to be “primarily engaged” in section 32 activities. On the other hand, where a manager-advisor was created for the sole purpose of serving a particular fund, and its activities were limited to that function, the Board has regarded the group as a single entity for purposes of section 32.

(g) In the present case, the selling organization is a wholly-owned subsidiary of the advisor-manager, hence subject to the parent’s control. Stock
of the subsidiary will be voted according to decisions by the parent’s board of directors, and presumably will be voted for a board of directors of the subsidiary which is responsive to policy lines laid down by the parent. Financial interests of the parent are obviously best served by an aggressive selling policy, and, in fact, both the share and the absolute amount of the parent’s income provided by the two funds have shown a steady increase over recent years. The fact that dividends from Distributors have represented a relatively small proportion of the income of Manager, and that there were, indeed, no dividends in 1961 or 1962, does not support a contrary argument, in view of the steady increase in total income of Manager from the funds and Distributors taken as a whole.

(h) In view of all these facts, the Board has concluded that the separate corporate entities of Manager and Distributors should be disregarded and Distributors viewed as essentially a selling arm of Manager. As a result of this conclusion, section 32 would forbid interlocking service as an officer of Manager and a director of a member bank.

§ 250.407 Interlocking relationship involving securities affiliate of brokerage firm.

(a) The Board of Governors was asked recently whether section 32 of the Banking Act of 1933 (“section 32”), 12 U.S.C. 78, prohibits the interlocking service of X as a director of a member bank of the Federal Reserve System and as a partner in a New York City brokerage firm (“Partnership”) having a corporation affiliate (“Corporation”) engaged in business of the kinds described in section 32 (“section 32 business”).

(b) Section 32, subject to an exception not applicable here, provides that no officer, director, or employee of any corporation or unincorporated association, no partner or employee of any partnership, and no individual, primarily engaged in the issue, flotation, underwriting, public sale, or distribution, at wholesale or retail, or through syndicate participation, of stocks, bonds, or other similar securities, shall serve the same time as an officer, director, or employee of any member bank * * *.

(c) From the information submitted it appears that Partnership, a member firm of the New York Stock Exchange, is the successor of two prior partnerships, in one of which X had been a partner. This prior partnership had been found not to be “primarily engaged” in section 32 business. The other prior partnership, however, had been so engaged. By arrangement between the two prior firms, Corporation was formed chiefly for the purpose of carrying on the section 32 business of the prior firm that had been “primarily engaged” in that business, which business was transferred to Corporation. The two prior firms were then merged and the stock of Corporation was acquired by all the partners of Partnership, other than X, in proportion to the respective partnership interests of the stockholding partners. The information submitted indicated also that two of the three directors and “some” of the principal officers of Corporation are partners in Partnership, although X is not a director or officer of Corporation.

(d) It is understood that the practice of forming corporate affiliates of brokerage firms, in order that the affiliate may carry on the securities business (such as section 32 business) with limited liability and other advantages, has become rather widespread in recent years. Accordingly, other cases may arise where a partner in such a firm may desire to serve at the same time as director of a member bank.

(e) On the basis of the information presented the Board concluded that X in his capacity as an “individual”, was not engaged in section 32 business. However, as that information showed Corporation to be “primarily engaged” in section 32 business, the Board stated that a finding that Partnership and Corporation were one entity for the purposes of the statute would mean that X would be forbidden to serve both the member bank and Partnership, if the one entity were so engaged.

(f) Paragraph .15 of Rule 321 of the New York Stock Exchange governing the formation and conduct of affiliated
companies of member organizations states that:

Since Rule 314 provides that each member and allied member in a member organization must have a fixed interest in its entire business, it follows that the fixed interest of each member and allied member must extend to the member organization’s corporate affiliate. When any of the corporate affiliate’s participating stock is owned by the members and allied members in the member organization, such holdings must at all times be distributed among such members and allied members in approximately the same proportions as their respective interests in the profits of the member organization. When a member or allied member’s interest in the member organization is changed, a corresponding change must be made in his participating interest in the affiliate.

(g) Although it was understood that X had received special permission from the Exchange not to own any of the stock of Corporation, it appeared to the Board that Rule 321.15 would apply to the remaining partners. Moreover, other paragraphs of the rule forbid transfers of the stock, except under certain circumstances to limited classes of persons, such as employees of the organization or estates of decedent partners, without permission of the Exchange.

(b) The information supplied to the Board clearly indicated that Corporation was formed in order to provide Partnership with an “underwriting arm”. Under Rule 321 of the Exchange, the partners (other than X) are required to own stock in Corporation because of their partnership interest, would be required to surrender that stock on leaving the partnership, and incoming partners would be required to acquire such stock. Furthermore, Rule 321 speaks of a corporate affiliate, such as Corporation, as a part of the “entire business” of a member organization.

(i) On the basis of the foregoing, the Board concluded that Partnership and Corporation must be regarded as a single entity or enterprise for purposes of section 32.

(j) The remaining question was whether the enterprise, as a whole, should be regarded as “primarily engaged” in section 32 business. The Information presented stated that the total dollar volume of section 32 business of Corporation during the first eleven months of its operation was $89 million. The gross income from section 32 business was less than half a million, and represented about 7.9 percent of the income of Partnership. The Board was advised that the relatively low amount of income from section 32 business of Corporation as due to special costs, and to the condition of the market for municipal and State bonds during the past year, a field in which Corporation specializes. Corporation is listed in a standard directory of securities dealers, and holds itself out as having separate departments to deal with which the principal underwriting areas in which it functions.

(k) In view of the above information, the Board concluded that the enterprise consisting of Partnership and Corporation was “primarily engaged” in section 32 business. Accordingly, the Board stated that the partners in Partnership, including X, were forbidden by that section and by this part 218 (Reg. R), issued pursuant to the statute, to serve as officers, directors, or employees of any member banks.

[29 FR 5315, Apr. 18, 1964. Redesignated at 61 FR 57289, Nov. 6, 1996]

§ 250.408 Short-term negotiable notes of banks not securities under section 32, Banking Act of 1933.

(a) The Board of Governors has been asked whether short-term unsecured negotiable notes of the kinds issued by some of the large banks in this country are “other similar securities” within the meaning of section 32, Banking Act of 1933 (12 U.S.C. 78) and this part.

(b) Section 32 forbids certain interlocking relationships between banks which are members of the Federal Reserve System and individuals or organizations “primarily engaged in the issue, flotation, underwriting, public sale, or distribution, at wholesale or retail, or through syndicate participation, of stocks, bonds, or other similar securities * * *.” Therefore, if such notes are securities similar to stocks or bonds, any dealing therein would be an activity covered in section 32 and would have to be taken into consideration in determining whether the individual or organization involved was “primarily engaged” in such activities.
(c) The Board has concluded that such short-term notes of the kind described above are not "other similar securities" within the meaning of section 32 and this part.

§ 250.409 Investment for own account affects applicability of section 32.

(a) The Board of Governors has been presented with the question whether a certain firm is primarily engaged in the activities described in section 32 of the Banking Act of 1933. If the firm is so engaged, then the prohibitions of section 32 forbids a limited partner to serve as employee of a member bank.

(b) The firm describes the bulk of its business, producing roughly 60 percent of its income, as "investing for its own account." However, it has a seat on the local stock exchange, and acts as specialist and odd-lot dealer on the floor of the exchange, an activity responsible for some 30 percent of its volume and profits. The firm's "off-post trading," apart from the investment account, gives rise to about 5 percent of its total volume and 10 percent of its profits. Gross volume has risen from $4 to $10 million over the past 3 years, but underwriting has accounted for no more than one-half of 1 percent of that amount.

(c) Section 32 provides that

No officer, director, or employee of any corporation or unincorporated association, no partner, or employee of any partnership, and no individual, primarily engaged in the issue, flotation, underwriting, public sale, or distribution, at wholesale, or retail, or through syndicate participation, of stocks, bonds, or other similar securities, shall serve the same time (sic) as an officer, director, or employee of any member bank.

(d) In interpreting this language, the Board has consistently held that underwriting, acting as a dealer, or generally speaking, selling, or distributing securities as a principal, is covered by the section, while acting as broker or agent is not.

(e) In one type of situation, however, although a firm was engaged in selling securities as principal, on its own behalf, the Board held that section 32 did not apply. In those cases, the firm alleged that it bought and sold securities purely for investment purposes. Typically, those cases involved personal holding companies or small family investment companies. Securities had been purchased only for members of a restricted family group, and had been held for relatively long periods of time.

(f) The question now before the Board is whether a similar exception can apply in the case of the investment account of a professional dealer. In order to answer this question, it is necessary to analyze, in the light of applicable principles under the statute, the three main types of activities in which the firm has been engaged, (1) acting as specialist and odd-lot dealer, (2) off-post trading as an ordinary dealer, and (3) investing for its own account.

(g) On several occasions, the Board has held that, to the extent the trading of a specialist or odd-lot dealer is limited to that required for him to perform his function on the floor of the exchange, he is acting essentially in an agency capacity. In a letter of September 13, 1934, the Board held that the business of a specialist was not of the kind described in the (unamended) section on the understanding that

* * * in acting as specialists on the New York Curb Exchange, it is necessary for the firm to buy and sell odd lots and * * * in order to protect its position after such transactions have been made, the firm sells or buys shares in lots of 100 or multiples thereof in order to reduce its position in the stock in question to the smallest amount possible by this method. It appears therefore that, in connection with these transactions, the firm is neither trading in the stock in question nor taking a position in it except to the extent made necessary by the fact that it deals in odd lots and cannot complete the transactions by purchases and sales on the floor of the exchange except to the nearest 100 share amount.

(h) While subsequent amendments to section 32 to some extent changed the definition of the kinds of securities business that would be covered by the section, the amendments were designed so far as is relevant to the present question, to embody existing interpretations of the Board. Accordingly, to the extent that the firm's business is described by the above letter of the Board, it should not be considered to be of a kind described in section 32.
(i) Turning to the firm’s off-post trading, the Board is inclined to agree with the view that this is sufficient to make the case a borderline one under the statute. In the circumstances, the Board might prefer to postpone making a determination until figures for 1965 could be reviewed, particularly in the light of the recent increase in total volume, if it were not for the third category, the firm’s own investment account.

(j) While this question has not been squarely presented to it in the past, the Board is of the opinion that when a firm is doing any significant amount of business as a dealer or underwriter, then investments for the firm’s own account should be taken into consideration in determining whether the firm is “primarily engaged” in the activities described in section 32. The division into dealing for one’s own account, and dealing with customers, is a highly subjective one, and although a particular firm or individual may be quite scrupulous in separating the two, the opportunity necessarily exists for the kind of abuse at which the statute is directed. The Act is designed to prevent situations from arising in which a bank director, officer, or employee could influence the bank or its customers to invest in securities in which his firm has an interest, regardless of whether he, as an individual, is likely to do so. In the present case, when these activities are added to the firm’s “off-post trading”, the firm clearly falls within the statutory definition.

(k) For the reasons just discussed, the Board concludes that the firm must be considered to be primarily engaged in activities described in section 32, and that the prohibitions of the section forbid a limited partner in that firm to serve as employee of a member bank.

(12 U.S.C. 248(i))

§ 250.410 Interlocking relationships between bank and its commingled investment account.

(a) The Board of Governors was asked recently whether the establishment of a proposed “Commingled Investment Account” (“Account”) by a national bank would involve a violation of section 32 of the Banking Act of 1933 in view of the interlocking relationships that would exist between the bank and Account.

(b) From the information submitted, it was understood that Account would comprise a commingled fund, to be operated under the effective control of the bank, for the collective investment of sums of money that might otherwise be handled individually by the bank as managing agent. It was understood further that the Comptroller of the Currency had taken the position that Account would be an eligible operation for a national bank under his Regulation 9, “Fiduciary Powers of National Banks and Collective Investment Funds” (part 9 of this title). The bank had advised the Board that the Securities and Exchange Commission was of the view that Account would be a “registered investment company” within the meaning of the Investment Company Act of 1940, and that participating interests in Account would be “securities” subject to the registration requirements of the Securities Act of 1933.

(c) The information submitted showed also that the minimum individual participation that would be permitted in Account would be $10,000, while the maximum acceptable individual investment would be half a million dollars; that there would be no “load” or payment by customers for the privilege of investing in Account; and that:

The availability of the Commingled Account would not be given publicity by the Bank except in connection with the promotion of its fiduciary services in general and the Bank would not advertise or publicize the Commingled Account as such. Participations in the Commingled Account are to be made available only on the premises of the Bank (including its branches), or to persons who are already customers of the Bank in other connections, or in response to unsolicited requests.

(d) Such information indicated further that participations would be received by the bank as agent, under a broad authorization signed by the customer, substantially equivalent to the power of attorney under which customers currently deposit their funds for individual investment, and that the
§ 250.410

participations would not be received “in trust.”

(e) The Board understood that Account would be required to comply with certain requirements of the Federal securities laws not applicable to an ordinary common trust fund operated by a bank. In particular, supervision of Account would be in the hands of a committee to be initially appointed by the bank, but subsequently elected by participants having a majority of the units of participation in Account. At least one member of the committee would be entirely independent of the bank, but the remaining members would be officers in the trust department of the bank.

(f) The committee would make a management agreement with the bank under which the bank would be responsible for managing Account’s investments, have custody of its assets, and maintain its books and records. The management agreement would be renewed annually if approved by the committee, including a “majority” of the independent members, or by a vote of participants having a majority of the units of participation. The agreement would be terminable on 60 days’ notice by the committee, by such a majority of the participants, or by the bank, and would terminate automatically if assigned by the bank.

(g) It was understood also that the bank would receive as annual compensation for its services one-half of one percent of Account’s average net assets. Account would also pay for its own independent professional services, including legal, auditing, and accounting services, as well as the cost of maintaining its registration and qualification under the Federal securities laws.

(h) Initially, the assets of Account would be divided into units of participation of an arbitrary value, and each customer would be credited with a number of units proportionate to his investment. Subsequently, the assets of Account would be valued at regular intervals, and divided by the number of units outstanding. New investors would receive units at their current value, determined in this way, according to the amount invested. Each customer would receive a receipt evidencing the number of units to which he was entitled. The receipts themselves would be non-transferable, but it would be possible for a customer to arrange with Account for the transfer of his units to someone else. A customer could terminate his participation at any time and withdraw the current value of his units.

(i) Section 32 of the Banking Act of 1933 provides in relevant part that:

No officer, director, or employee of any corporation, or unincorporated association, no partner or employee of any partnership, and no individual, primarily engaged in the issue, flotation, underwriting, public sale, or distribution, at wholesale or retail, or through syndicate participation, of stocks, bonds, or other similar securities, shall serve [at] the same time as an officer, director, or employee of any member bank * * *

(j) The Board concluded, based on its understanding of the proposal and on the general principles that have been developed in respect to the application of section 32, that the bank and Account would constitute a single entity for the purposes of section 32, at least so long as the operation of Account conformed to the representations made by the bank and outlined herein. Accordingly, the Board said that section 32 would not forbid officers of the bank to serve on Account’s committee, since Account would be regarded as nothing more than an arm or department of the bank.

(k) In conclusion, the Board called attention to section 21 of the Banking Act of 1933 which, briefly, forbids a securities firm or organization to engage in the business of receiving deposits, subject to certain exceptions. However, since section 21 is a criminal statute, the Board has followed the policy of not expressing views as to its meaning. The Board, therefore, expressed no position with respect to whether the section might be held applicable to the establishment and operation of the proposed “Commingled Investment Account.”

(12 U.S.C. 248(i))

§ 250.411 Interlocking relationships between member bank and variable annuity insurance company.

(a) The Board has recently been asked to consider whether section 32 of the Banking Act of 1933 (12 U.S.C. 78) and this part prohibit interlocking service between member banks and (1) the board of managers of an accumulation fund, registered under the Investment Company Act of 1940 (15 U.S.C. 80), that sells variable annuities and (2) the board of directors of the insurance company, of which the accumulation fund is a "separate account," but as to which the insurance company is the sponsor, investment advisor, underwriter, and distributor. Briefly, a variable annuity is one providing for annuity payment varying in accordance with the changing values of a portfolio of securities.

(b) Section 32 provides in relevant part that:

No officer, director, or employee of any corporation or unincorporated association, no partner or employee of any partnership, and no individual, primarily engaged in the issue, flotation, underwriting, public sale, or distribution, at wholesale or retail, or through syndicate participation, of stocks, bonds, or other similar securities, shall serve at the same time as an officer, director, or employee of any member bank.

(c) For many years, the Board's position has been that an open-end investment company (or mutual fund) is "primarily engaged in the issue, public sale, or distribution of securities" since the issuance and sale of its stock is essential to the maintenance of the company's size and to the continuance of its operations without substantial contraction, and that section 32 of the Banking Act of 1933 prohibits an officer, director, or employee of any such company from serving at the same time as an officer, director, or employee of any member bank.

(d) For reasons similar to those stated by the U.S. Supreme Court in Securities and Exchange Commission v. Variable Annuity Life Insurance Company of America, 359 U.S. 65 (1959), the Board concluded that there is no meaningful basis for distinguishing a variable annuity interest from a mutual fund share for section 32 purposes and that, therefore, variable annuity interests should also be regarded as "other similar securities" within the prohibition of the statute and regulation.

(e) The Board concluded also that, since the accumulation fund, like a mutual fund, must continually issue and sell its investment units in order to avoid the inevitable contraction of its activities as it makes annuity payments or redeems variable annuity units, the accumulation fund is "primarily engaged" for section 32 purposes. The Board further concluded that the insurance company was likewise "primarily engaged" for the purposes of the statute since it had no significant revenue producing operations other than as underwriter and distributor of the accumulation fund's units and investment advisor to the fund.

(f) Although it was clear, therefore, that section 32 prohibits any officers, directors, and employees of member banks from serving in any such capacity with the insurance company or accumulation fund, the Board also considered whether members of the board of managers of the accumulation fund are "officers, directors, or employees" within such prohibition. The functions of the board of managers, who are elected by the variable annuity contract owners, are, with the approval of the variable annuity contract owners, to select annually an independent public accountant, execute annually an agreement providing for investment advisory services, and recommend any changes in the fundamental investment policy of the accumulation fund. In addition, the Board of managers has sole authority to execute an agreement providing for sales and administrative services and to authorize all investments of the assets of the accumulation fund in accordance with its fundamental investment policy. In the opinion of the Board of Governors, the board of managers of the accumulation fund performs functions essentially the same as those performed by classes of persons as to whom the prohibition of section 32 was specifically directed.
§ 250.412 Interlocking relationships between member bank and insurance company-mutual fund complex.

(a) The Board has been asked whether section 32 of the Banking Act of 1933 and this part prohibited interlocking service between member banks and (1) the advisory board of a newly organized open-end investment company (mutual fund), (2) the fund’s incorporated investment manager-advisor, (3) the insurance company sponsoring and apparently controlling the fund.

(b) X Fund, Inc. ("Fund"), the mutual fund, was closely related to X Life Insurance Company ("Insurance Company"), as well as to the incorporated manager and investment advisor to Fund ("Advisors"), and the corporation serving as underwriter for Fund ("Underwriters"). The same persons served as principal officers and directors of Insurance Company, Fund, Advisors, and Underwriters. In addition, several directors of member banks served as directors of Insurance Company and of Advisors and as members of the Advisory Board of Fund, and additional directors of member banks had been named only as members of the Advisory Board. All outstanding shares of Advisors and of Underwriters were apparently owned by Insurance Company.

(c) Section 32 provides in relevant part that:

No officer, director, or employee of any corporation * * * primarily engaged in the issue, flotation, underwriting, public sale, or distribution at wholesale or retail, or through syndicate participation, of stocks, bonds, or other similar securities, shall serve at the same time as an officer, director, or employee of any member bank * * *

(d) The Board of Governors reaffirmed its earlier position that an open-end investment company is "primarily engaged" in activities described in section 32 "even though the shares are sold to the public through independent organizations with the result that the investment company does not derive any direct profit from the sales." (1951 Federal Reserve Bulletin 654, §218.101.) Accordingly, the Board concluded that Fund must be regarded as so engaged, even though its shares were underwritten and distributed by Underwriters.

(e) As directors of the member banks involved in the inquiry were not officers, directors, or employees of either Fund or Underwriters, the relevant questions were whether—(1) Advisors, and (2) Insurance Company, should be regarded as being functionally and structurally so closely allied with Fund that they should be treated as one with it in determining the applicability of section 32. An additional question was whether members of the Advisory Board are "officers, directors, or employees" of Fund within the prohibition of the statute.

(f) Interlocking service with Advisory Board: The function of the Advisory Board was merely to make suggestions and to counsel with Fund’s Board of Directors in regard to investment policy. The Advisory Board had no authority to make binding recommendations in any area, and it did not serve in any sense as a check on the authority of the Board of Directors. Indeed, the Fund’s bylaws provided that the Advisory Board "shall have no power or authority to make any contract or incur any liability whatever or to take any action binding upon the Corporation, the Officers, the Board of Directors or the Stockholders." Members of the Advisory Board were appointed by the Board of Directors of Fund, which could remove any member of the Advisory Board at any time. None of the principal officers of Fund or of Underwriters were members of the Advisory Board; and the compensation of its members was expected to be nominal.

(g) The Board of Governors concluded that members of the Advisory Board need not be regarded as "officers, directors, or employees" of Fund or of Underwriters for purposes of section 32, and that the statute, therefore, did not prohibit officers, directors, or employees of member banks from serving as members of the Advisory Board.

(h) Interlocking service with Advisors: The principal officers and several of the directors of Advisors were identical with both those of Fund and of Underwriters. Entire management and
investment responsibility for Fund had been placed, by contract, with Advisors, subject only to a review authority in the Board of Directors of Fund. Advisors also supplied office space for the conduct of Fund’s affairs, and compensated members of the Advisory Board who are also officers or directors of Advisors. Moreover, it appeared that Advisors was created for the sole purpose of servicing Fund, and its activities were to be limited to that function.

(i) In the view of the Board of Governors, the structural and functional identity of Fund and Advisors was such that they were to be regarded as a single entity for purposes of section 32, and, accordingly, officers, directors, and employees of member banks were prohibited by section 32 from serving in any such capacity with such entity.

(j) Interlocking service with Insurance Company: It was clear that Insurance Company was not as yet “primarily engaged” in business of a kind described in section 32 with respect to the shares of the newly created Fund sponsored by Insurance Company, since the issue and sale of such shares had not yet commenced. Nor did it appear that Insurance Company would be so engaged in the preliminary stages of Fund’s existence, when the disproportion between the insurance business of Insurance Company and the sale of Fund shares would be very great. However, it was also clear that if Fund was successfully launched, its activities would rather quickly reach a stage where a serious question would arise as to the applicability of the section 32 prohibition.

(k) An estimate supplied to the Board indicated that 100,000 shares of Fund might be sold annually to produce, based on then current values, annual gross sales receipts of over $1 million. Insurance Company’s total gross income for its last fiscal year was almost $10 million. On this basis, about one-tenth of the annual gross income of the Insurance Company-Fund complex (more than one-tenth, if income from investments of Insurance Company was eliminated) would be derived from sales of Fund shares. Although total sales of shares of Fund during the first year might not approximate expectations, it was assumed that if the estimate or projection was correct, the annual rate of sale might well rise to that level before the end of the first year of operation.

(l) It appeared that net income of Insurance Company from Fund’s operations would be minimal for the foreseeable future. However, it was understood that Insurance Company’s chief reason for launching Fund was to provide salesmen for Insurance Company (who were to be the only sellers of shares of Fund, and most of whom, Insurance Company hoped, would qualify to sell those shares), with a “package” of mutual fund shares and life insurance policies that would provide increased competitive strength in a highly competitive field.

(m) The Board concluded that Insurance Company would be “primarily engaged” in issuing or distributing shares of Fund within the meaning of section 32 by not later than the time of realization of the aforementioned estimated annual rate of sale, and possibly before. As indicated in Board of Governors v. Agnew, 329 U.S. 441 at 446, the prohibition of the statute applies if the section 32 business involved is a “substantial” activity of the company.

(n) This, the Board observed, was not to suggest that officers, directors, or employees of Insurance Company who are also directors of member banks would be likely, as individuals, to use their positions with the banks to further sales of Fund’s shares. However, as the Supreme Court pointed out in the Agnew case, section 32 is a “preventive or prophylactic measure.” The fact that the individuals involved “have been scrupulous in their relationships” to the banks in question “is immaterial.”

§ 250.413 “Bank-eligible” securities activities.

Section 32 of the Glass-Steagall Act (12 U.S.C. 78) prohibits any officer, director, or employee of any corporation or unincorporated association, any
partner or employee of any partnership, and any individual, primarily engaged in the issue, flotation, underwriting, public sale, or distribution, at wholesale or retail, or through syndicate participation, of stocks, bonds, or other similar securities, from serving at the same time as an officer, director, or employee of any member bank of the Federal Reserve System. The Board is of the opinion that to the extent that a company, other entity or person is engaged in securities activities that are expressly authorized for a state member bank under section 16 of the Glass-Steagall Act (12 U.S.C. 24(7), 335), the company, other entity or individual is not engaged in the types of activities described in section 32. In addition, a securities broker who is engaged solely in executing orders for the purchase and sale of securities on behalf of others in the open market is not engaged in the business referred to in section 32.

The Board may, in its discretion and subject to Board review and adjustment, permit the company to provide estimated total consolidated liabilities on an annual basis using this accounting standard or method of estimation.

(ii) The chief risk officer is responsible for reporting risk-management deficiencies and emerging risks to the risk committee and resolving risk-management deficiencies in a timely manner.

(3) Corporate governance requirements. (i) The bank holding company must ensure that the compensation and other incentives provided to the chief risk officer are consistent with providing an objective assessment of the risks taken by the bank holding company; and

(ii) The chief risk officer must report directly to both the risk committee and chief executive officer of the company.

§ 252.34 Liquidity risk-management requirements.

(a) Responsibilities of the board of directors—(1) Liquidity risk tolerance. The board of directors of a bank holding
company with total consolidated assets of $50 billion or more must:

(i) Approve the acceptable level of liquidity risk that the bank holding company may assume in connection with its operating strategies (liquidity risk tolerance) at least annually, taking into account the bank holding company’s capital structure, risk profile, complexity, activities, and size; and

(ii) Receive and review at least semi-annually information provided by senior management to determine whether the bank holding company is operating in accordance with its established liquidity risk tolerance.

(2) Liquidity risk-management strategies, policies, and procedures. The board of directors must approve and periodically review the liquidity risk-management strategies, policies, and procedures established by senior management pursuant to paragraph (c)(1) of this section.

(b) Responsibilities of the risk committee. The risk committee (or a designated subcommittee of such committee composed of members of the board of directors) must approve the contingency funding plan described in paragraph (f) of this section at least annually, and must approve any material revisions to the plan prior to the implementation of such revisions.

(c) Responsibilities of senior management—(1) Liquidity risk. (i) Senior management of a bank holding company with total consolidated assets of $50 billion or more must establish and implement strategies, policies, and procedures designed to effectively manage the risk that the bank holding company’s financial condition or safety and soundness would be adversely affected by its inability or the market’s perception of its inability to meet its cash and collateral obligations (liquidity risk). The board of directors must approve the strategies, policies, and procedures pursuant to paragraph (a)(2) of this section.

(ii) Senior management must review at least annually significant business lines and products to determine whether any line or product creates or has created any unanticipated liquidity risk, and to determine whether the liquidity risk of each strategy or product is within the company’s established liquidity risk tolerance.

(4) Cash-flow projections. Senior management must review the cash-flow projections produced under paragraph (e) of this section at least quarterly (or more often, if changes in market conditions or the liquidity position, risk profile, or financial condition of the bank holding company warrant) to ensure that the liquidity risk is within the established liquidity risk tolerance.

(5) Liquidity risk limits. Senior management must establish liquidity risk
limits as set forth in paragraph (g) of this section and review the company’s compliance with those limits at least quarterly (or more often, if changes in market conditions or the liquidity position, risk profile, or financial condition of the company warrant).

(6) Liquidity stress testing. Senior management must:

(i) Approve the liquidity stress testing practices, methodologies, and assumptions required in §252.35(a) at least quarterly, and whenever the bank holding company materially revises its liquidity stress testing practices, methodologies or assumptions;

(ii) Review the liquidity stress testing results produced under §252.35(a) at least quarterly;

(iii) Review the independent review of the liquidity stress tests under §252.34(d) periodically; and

(iv) Approve the size and composition of the liquidity buffer established under §252.35(b) at least quarterly.

(d) Independent review function. A bank holding company with total consolidated assets of $50 billion or more must establish and maintain a review function that is independent of management functions that execute funding to evaluate its liquidity risk management.

(1) Regularly, but no less frequently than annually, review and evaluate the adequacy and effectiveness of the company’s liquidity risk management processes, including its liquidity stress test processes and assumptions;

(2) Assess whether the company’s liquidity risk-management function complies with applicable laws, regulations, supervisory guidance, and sound business practices; and

(3) Report material liquidity risk management issues to the board of directors or the risk committee in writing for corrective action, to the extent permitted by applicable law.

(c) Cash-flow projections. A bank holding company with total consolidated assets of $50 billion or more must produce comprehensive cash-flow projections that project cash flows arising from assets, liabilities, and off-balance sheet exposures over, at a minimum, short- and long-term time horizons. The bank holding company must update short-term cash-flow projections daily and must update longer-term cash-flow projections at least monthly.

(2) The bank holding company must establish a methodology for making cash-flow projections that results in projections that:

(i) Include cash flows arising from contractual maturities, intercompany transactions, new business, funding renewals, customer options, and other potential events that may impact liquidity;

(ii) Include reasonable assumptions regarding the future behavior of assets, liabilities, and off-balance sheet exposures;

(iii) Identify and quantify discrete and cumulative cash flow mismatches over these time periods; and

(iv) Include sufficient detail to reflect the capital structure, risk profile, complexity, currency exposure, activities, and size of the bank holding company and include analyses by business line, currency, or legal entity as appropriate.

(3) The bank holding company must adequately document its methodology for making cash flow projections and the included assumptions and submit such documentation to the risk committee.

(f) Contingency funding plan. A bank holding company with total consolidated assets of $50 billion or more must establish and maintain a contingency funding plan that sets out the company’s strategies for addressing liquidity needs during liquidity stress events. The contingency funding plan must be commensurate with the company’s capital structure, risk profile, complexity, activities, size, and established liquidity risk tolerance. The company must update the contingency funding plan at least annually, and when changes to market and idiosyncratic conditions warrant.

(1) Components of the contingency funding plan—(i) Quantitative assessment. The contingency funding plan must:

(A) Identify liquidity stress events that could have a significant impact on the bank holding company’s liquidity;

(B) Assess the level and nature of the impact on the bank holding company’s
§ 252.34
liquidity that may occur during identified liquidity stress events;
(C) Identify the circumstances in which the bank holding company would implement its action plan described in paragraph (f)(2)(i)(A) of this section, which circumstances must include failure to meet any minimum liquidity requirement imposed by the Board;
(D) Assess available funding sources and needs during the identified liquidity stress events;
(E) Identify alternative funding sources that may be used during the identified liquidity stress events; and
(F) Incorporate information generated by the liquidity stress testing required under §252.35(a) of this subpart.
(ii) Liquidity event management process. The contingency funding plan must include an event management process that sets out the bank holding company’s procedures for managing liquidity during identified liquidity stress events. The liquidity event management process must:
(A) Include an action plan that clearly describes the strategies the company will use to respond to liquidity shortfalls for identified liquidity stress events, including the methods that the company will use to access alternative funding sources;
(B) Identify a liquidity stress event management team that would execute the action plan described in paragraph (f)(2)(i)(A) of this section;
(C) Specify the process, responsibilities, and triggers for invoking the contingency funding plan, describe the decision-making process during the identified liquidity stress events, and describe the process for executing contingency measures identified in the action plan; and
(D) Provide a mechanism that ensures effective reporting and communication within the bank holding company and with outside parties, including the Board and other relevant supervisors, counterparties, and other stakeholders.
(iii) Monitoring. The contingency funding plan must include procedures for monitoring emerging liquidity stress events. The procedures must identify early warning indicators that are tailored to the company’s capital structure, risk profile, complexity, activities, and size.
(iv) Testing. The bank holding company must periodically test:
(A) The components of the contingency funding plan to assess the plan’s reliability during liquidity stress events;
(B) The operational elements of the contingency funding plan, including operational simulations to test communications, coordination, and decision-making by relevant management; and
(C) The methods the bank holding company will use to access alternative funding sources to determine whether these funding sources will be readily available when needed.
(g) Liquidity risk limits—(1) General. A bank holding company with total consolidated assets of $50 billion or more must monitor sources of liquidity risk and establish limits on liquidity risk, including limits on:
(i) Concentrations in sources of funding by instrument type, single counterparty, counterparty type, secured and unsecured funding, and as applicable, other forms of liquidity risk;
(ii) The amount of liabilities that mature within various time horizons; and
(iii) Off-balance sheet exposures and other exposures that could create funding needs during liquidity stress events.
(2) Size of limits. Each limit established pursuant to paragraph (g)(1) of this section must be consistent with the company’s established liquidity risk tolerance and must reflect the company’s capital structure, risk profile, complexity, activities, and size.
(h) Collateral, legal entity, and intraday liquidity risk monitoring. A bank holding company with total consolidated assets of $50 billion or more must establish and maintain procedures for monitoring liquidity risk as set forth in this paragraph.
(1) Collateral. The bank holding company must establish and maintain policies and procedures to monitor assets that have been, or are available to be, pledged as collateral in connection.
§ 252.35 Liquidity stress testing and buffer requirements.

(a) Liquidity stress testing requirement—(1) General. A bank holding company with total consolidated assets of $50 billion or more must conduct stress tests to assess the potential impact of the liquidity stress scenarios set forth in paragraph (a)(3) on its cash flows, liquidity position, profitability, and solvency, taking into account its current liquidity condition, risks, exposures, strategies, and activities.

(i) The bank holding company must take into consideration its balance sheet exposures, off-balance sheet exposures, size, risk profile, complexity, business lines, organizational structure, and other characteristics of the bank holding company that affect its liquidity risk profile in conducting its stress test.

(ii) In conducting a liquidity stress test using the scenarios described in paragraphs (a)(3)(i) and (iii) of this section, the bank holding company must address the potential direct adverse impact of associated market disruptions on the bank holding company and incorporate the potential actions of other market participants experiencing liquidity stresses under the market disruptions that would adversely affect the bank holding company.

(2) Frequency. The liquidity stress tests required under paragraph (a)(1) of this section must be performed at least monthly. The Board may require the bank holding company to perform stress testing more frequently.

(3) Stress scenarios. (1) Each liquidity stress test conducted under paragraph (a)(1) of this section must include, at a minimum:

(A) A scenario reflecting adverse market conditions;

(B) A scenario reflecting an idiosyncratic stress event for the bank holding company; and

(C) A scenario reflecting combined market and idiosyncratic stresses.

(ii) The bank holding company must incorporate additional liquidity stress scenarios into its liquidity stress test, as appropriate, based on its financial circumstances and risk profile.
§ 252.35  
condition, size, complexity, risk profile, scope of operations, or activities. The Board may require the bank holding company to vary the underlying assumptions and stress scenarios.

(4) Planning horizon. Each stress test conducted under paragraph (a)(1) of this section must include an overnight planning horizon, a 30-day planning horizon, a one-year planning horizon, and any other planning horizons that are relevant to the bank holding company’s liquidity risk profile. For purposes of this section, a “planning horizon” is the period over which the relevant stressed projections extend. The bank holding company must use the results of the stress test over the 30-day planning horizon to calculate the size of the liquidity buffer under paragraph (b) of this section.

(5) Requirements for assets used as cash-flow sources in a stress test. (i) To the extent an asset is used as a cash flow source to offset projected funding needs during the planning horizon in a liquidity stress test, the fair market value of the asset must be discounted to reflect any credit risk and market volatility of the asset.

(ii) Assets used as cash-flow sources during a planning horizon must be diversified by collateral, counterparty, borrowing capacity, and other factors associated with the liquidity risk of the assets.

(iii) A line of credit does not qualify as a cash flow source for purposes of a stress test with a planning horizon of 30 days or less. A line of credit may qualify as a cash flow source for purposes of a stress test with a planning horizon that exceeds 30 days.

(6) Tailoring. Stress testing must be tailored to, and provide sufficient detail to reflect, a bank holding company’s capital structure, risk profile, complexity, activities, and size.

(7) Governance—(i) Policies and procedures. A bank holding company with total consolidated assets of $50 billion or more must establish and maintain policies and procedures governing its liquidity stress testing practices, methodologies, and assumptions that provide for the incorporation of the results of liquidity stress tests in future stress testing and for the enhancement of stress testing practices over time.

(ii) Controls and oversight. A bank holding company with total consolidated assets of $50 billion or more must establish and maintain a system of controls and oversight that is designed to ensure that its liquidity stress testing processes are effective in meeting the requirements of this section. The controls and oversight must ensure that each liquidity stress test appropriately incorporates conservative assumptions with respect to the stress scenario in paragraph (a)(3) of this section and other elements of the stress test process, taking into consideration the bank holding company’s capital structure, risk profile, complexity, activities, size, business lines, legal entity or jurisdiction, and other relevant factors. The assumptions must be approved by the chief risk officer and be subject to the independent review under §252.34(d) of this subpart.

(iii) Management information systems. The bank holding company must maintain management information systems and data processes sufficient to enable it to effectively and reliably collect, sort, and aggregate data and other information related to liquidity stress testing.

(b) Liquidity buffer requirement. (1) A bank holding company with total consolidated assets of $50 billion or more must maintain a liquidity buffer that is sufficient to meet the projected net stressed cash-flow need over the 30-day planning horizon of a liquidity stress test conducted in accordance with paragraph (a) of this section under each scenario set forth in paragraph (a)(3)(i) through (iii) of this section.

(2) Net stressed cash-flow need. The net stressed cash-flow need for a bank holding company is the difference between the amount of its cash-flow need and the amount of its cash flow sources over the 30-day planning horizon.

(3) Asset requirements. The liquidity buffer must consist of highly liquid assets that are unencumbered, as defined in paragraph (b)(3)(ii) of this section:

(A) Cash;
Federal Reserve System § 252.42

(B) Securities issued or guaranteed by the United States, a U.S. government agency, or a U.S. government-sponsored enterprise; or

(C) Any other asset that the bank holding company demonstrates to the satisfaction of the Board:

(1) Has low credit risk and low market risk;

(2) Is traded in an active secondary two-way market that has committed market makers and independent bona fide offers to buy and sell so that a price reasonably related to the last sales price or current bona fide competitive bid and offer quotations can be determined within one day and settled at that price within a reasonable time period conforming with trade custom; and

(3) Is a type of asset that investors historically have purchased in periods of financial market distress during which market liquidity has been impaired.

(ii) Unencumbered. An asset is unencumbered if it:

(A) Is free of legal, regulatory, contractual, or other restrictions on the ability of such company promptly to liquidate, sell or transfer the asset; and

(B) Is either:

(1) Not pledged or used to secure or provide credit enhancement to any transaction; or

(2) Pledged to a central bank or a U.S. government-sponsored enterprise, to the extent potential credit secured by the asset is not currently extended by such central bank or U.S. government-sponsored enterprise or any of its consolidated subsidiaries.

(iii) Calculating the amount of a highly liquid asset. In calculating the amount of a highly liquid asset included in the liquidity buffer, the bank holding company must discount the fair market value of the asset to reflect any credit risk and market price volatility of the asset.

(iv) Diversification. The liquidity buffer must not contain significant concentrations of highly liquid assets by issuer, business sector, region, or other factor related to the bank holding company’s risk, except with respect to cash and securities issued or guaranteed by the United States, a U.S. government agency, or a U.S. government-sponsored enterprise.

(b) Economic and financial scenarios related to the Board’s analysis. The Board will conduct its analysis under this section using a minimum of three different scenarios, including a baseline scenario, adverse scenario, and severely adverse scenario. For the stress test cycle beginning on October 1, 2014, the Board will notify covered companies of the scenarios that the Board will apply to conduct the analysis for each stress test cycle by no later than November 15, 2014, except with respect to trading or any other components of the scenarios and any additional scenarios that the Board will apply to conduct the analysis, which will be communicated by no later than December 1, 2014. For each stress test cycle beginning thereafter, the Board will notify covered companies of the scenarios that the Board will apply to conduct the analysis for each stress test cycle by no later than February 15 of each year, except with respect to trading or any other components of the scenarios and any additional scenarios that the Board will apply to conduct the analysis.
§ 252.45 Data and information required to be submitted in support of the Board's analyses.

(a) Regular submissions. Each covered company must submit to the Board such data, on a consolidated basis, that the Board determines is necessary in order for the Board to derive the relevant pro forma estimates of the covered company over the planning horizon under the scenarios described in §252.44(b).

(b) Additional submissions required by the Board. The Board may require a covered company to submit any other information on a consolidated basis that the Board deems necessary in order to:

(1) Ensure that the Board has sufficient information to conduct its analysis under this subpart; and

§ 252.46 Review of the Board’s analysis; publication of summary results.

(a) Review of results. Based on the results of the analysis conducted under this subpart, the Board will conduct an evaluation to determine whether the covered company has the capital, on a total consolidated basis, necessary to absorb losses and continue its operation by maintaining ready access to funding, meeting its obligations to creditors and other counterparties, and continuing to serve as a credit intermediary under baseline, adverse and severely adverse scenarios, and any additional scenarios.

(b) Publication of results by the Board.

(1) The Board will publicly disclose a summary of the results of the Board’s analyses of a covered company by March 31, 2015 (for the stress test cycle beginning on October 1, 2014) and by June 30 (for each stress test cycle beginning thereafter).

Pre-provision net revenue means revenue less expenses before adjusting for total loan loss provisions.

Stress test cycle has the same meaning as in subpart F of this part.

Total loan loss provisions means the amount needed to make reserves adequate to absorb estimated credit losses, based upon management’s evaluation of the loans and leases that the company has the intent and ability to hold for the foreseeable future or until maturity or payoff, as determined under applicable accounting standards.

(b) In general. (1) A foreign banking organization with total consolidated assets of more than $50 billion and combined U.S. assets of less than $50 billion must:

(i) Be subject on a consolidated basis to a capital stress testing regime by its home-country supervisor that meets the requirements of paragraph (b)(2) of this section; and
(ii) Conduct such stress tests or be subject to a supervisory stress test and meet any minimum standards set by its home-country supervisor with respect to the stress tests.

(2) The capital stress testing regime of a foreign banking organization’s home-country supervisor must include:

(i) An annual supervisory capital stress test conducted by the foreign banking organization’s home-country supervisor or an annual evaluation and review by the foreign banking organization’s home-country supervisor of an internal capital adequacy stress test conducted by the foreign banking organization; and
(ii) Requirements for governance and controls of stress testing practices by relevant management and the board of directors (or equivalent thereof) of the foreign banking organization;

(c) Additional standards. (1) Unless the Board otherwise determines in writing, a foreign banking organization that does not meet each of the requirements in paragraphs (b)(1) and (2) of this section must:

(i) Maintain eligible assets in its U.S. branches and agencies that, on a daily basis, are not less than 105 percent of the average value over each day of the previous calendar quarter of the total liabilities of all branches and agencies operated by the foreign banking organization in the United States;
(ii) Conduct an annual stress test of its U.S. subsidiaries to determine whether those subsidiaries have the capital necessary to absorb losses as a result of adverse economic conditions; and
(iii) Report on an annual basis a summary of the results of the stress test to the Board that includes a description of the types of risks included in the stress test, a description of the conditions or scenarios used in the stress test, a summary description of the methodologies used in the stress test, estimates of aggregate losses, pre-provision net revenue, total loan loss provisions, net income before taxes and pro forma regulatory capital ratios required to be computed by the home-country supervisor of the foreign banking organization and any other relevant capital ratios, and an explanation of the most significant causes for any changes in regulatory capital ratios.

(2) An enterprise-wide stress test that is approved by the Board may meet the stress test requirement of paragraph (c)(1)(ii) of this section.
§ 252.150 Scope.

(a) This subpart applies to foreign banking organizations with total consolidated assets of $50 billion or more and combined U.S. assets of $50 billion or more. Foreign banking organizations with combined U.S. assets of $30 billion or more and U.S. non-branch assets of $50 billion or more are also subject to the U.S. intermediate holding company requirement contained in § 252.153.

(b) Total consolidated assets of a foreign banking organization are equal to the sum of the consolidated assets of each top-tier U.S. subsidiary of the foreign banking organization. Combined U.S. assets of a foreign banking organization are equal to the sum of the consolidated assets of each top-tier U.S. subsidiary (excluding any section 2(h)(2) company, if applicable) and the total assets of each U.S. branch and U.S. agency of the foreign banking organization. For purposes of this subpart, “combined U.S. assets” are calculated as the average of the total combined assets of U.S. operations for the four most recent consecutive quarters as reported by the foreign banking organization on the FR Y-7Q, or, if the foreign banking organization has not reported this information on the FR Y-7Q for each of the four most recent consecutive quarters, the average of the combined U.S. assets for the most recent quarter or consecutive quarters as reported on the FR Y-7Q. Combined U.S. assets are measured on the as-of date of the most recent FR Y-7Q used in the calculation of the average.

(2) U.S. non-branch assets. U.S. non-branch assets are equal to the sum of the consolidated assets of each top-tier U.S. subsidiary of the foreign banking organization (excluding any section 2(h)(2) company and DPC branch subsidiary, if applicable).

(i) For purposes of this subpart, U.S. non-branch assets of a foreign banking organization are calculated as the average of the sum of the total consolidated assets of the top-tier U.S. subsidiaries of the foreign banking organization (excluding any section 2(h)(2) company and DPC branch subsidiary) for the four most recent consecutive quarters, as reported to the Board on the FR Y-7Q, or, if the foreign banking organization has not reported this information on the FR Y-7Q for each of the four most recent consecutive quarters, the average for the most recent quarter or consecutive quarters as reported on the FR Y-7Q.

(ii) In calculating U.S. non-branch assets, a foreign banking organization must reduce its U.S. non-branch assets calculated under this paragraph by the amount corresponding to balances and transactions between a top-tier U.S. subsidiary and any other top-tier U.S. subsidiary (excluding any 2(h)(2) company or DPC branch subsidiary) to the extent such items are not already eliminated in consolidation.

(iii) U.S. non-branch assets are measured on the as-of date of the most recent FR Y-7Q used in the calculation of the average.

§ 252.152 Applicability.

(a) General applicability. Subject to the initial applicability provisions in paragraph (c) of this section, a foreign banking organization must:

(ii) By July 1, 2017, hold its ownership interest in all U.S. subsidiaries (other than section 2(h)(2) companies and DPC branch subsidiaries) through its U.S. intermediate holding company.

(d) Cessation of requirements—(1) Enhanced prudential standards applicable to the foreign banking organization. Subject to paragraph (d)(2) of this section, a foreign banking organization will remain subject to the applicable requirements of this subpart until its reported combined U.S. assets on the FR Y-7Q are below $50 billion for each of four consecutive calendar quarters.

(2) Intermediate holding company requirement. A foreign banking organization will remain subject to the U.S. intermediate holding company requirement set forth in §252.153 until the sum of the total consolidated assets of the top-tier U.S. subsidiaries of the foreign banking organization (excluding any section 2(h)(2) company and DPC branch subsidiary) is below $50 billion for each of four consecutive calendar quarters.

§ 252.153 U.S. intermediate holding company requirement for foreign banking organizations with U.S. non-branch assets of $50 billion or more.

(a) Requirement to form a U.S. intermediate holding company. (1) A foreign banking organization with U.S. non-branch assets of $50 billion or more must establish a U.S. intermediate holding company, or designate an existing subsidiary that meets the requirements of paragraph (a)(2) of this section, as its U.S. intermediate holding company.

(2) The U.S. intermediate holding company must be:

(i) Organized under the laws of the United States, any one of the fifty states of the United States, or the District of Columbia; and

(ii) Be governed by a board of directors or managers that is elected or appointed by the owners and that operates in an equivalent manner, and has equivalent rights, powers, privileges, duties, and responsibilities, to a board of directors of a company chartered as a corporation under the laws of the United States, any one of the fifty states of the United States, or the District of Columbia.

(3) Notice. Within 30 days of establishing or designating a U.S. intermediate holding company under this section, a foreign banking organization must provide to the Board:

(i) A description of the U.S. intermediate holding company, including its name, location, corporate form, and organizational structure;

(ii) A certification that the U.S. intermediate holding company meets the requirements of this subpart; and

(iii) Any other information that the Board determines is appropriate.

(b) Holdings and regulation of the U.S. intermediate holding company—(1) General. Subject to paragraph (c) of this section, a foreign banking organization that is required to form a U.S. intermediate holding company under paragraph (a) of this section must hold its entire ownership interest in any U.S. subsidiary (excluding each section 2(h)(2) company or DPC branch subsidiary, if any) through its U.S. intermediate holding company.
(2) Reporting. Each U.S. intermediate holding company shall submit information in the manner and form prescribed by the Board.

(3) Examinations and inspections. The Board may examine or inspect any U.S. intermediate holding company and each of its subsidiaries and prepare a report of their operations and activities.

(c) Alternative organizational structure—(1) General. Upon a written request by a foreign banking organization, the Board may permit the foreign banking organization: to establish or designate multiple U.S. intermediate holding companies; use an alternative organizational structure to hold its combined U.S. operations; or not transfer its ownership interests in certain subsidiaries to its U.S. intermediate holding company.

(2) Factors. In making a determination under paragraph (c)(1) of this section, the Board may consider whether applicable law would prohibit the foreign banking organization from owning or controlling one or more of its U.S. subsidiaries through a single U.S. intermediate holding company, or whether circumstances otherwise warrant an exception based on the foreign banking organization’s activities, scope of operations, structure, or similar considerations.

(3) Request. A request under this section to establish or designate multiple U.S. intermediate holding companies must be submitted to the Board 180 days before the foreign banking organization must form a U.S. intermediate holding company. A request not to transfer its ownership interest in a subsidiary must be submitted to the Board either 180 days before the foreign banking organization acquires the ownership interest in such U.S. subsidiary, or in a shorter period of time if permitted by the Board. The request must include a description of why the request should be granted and any other information the Board may require.

(4) Conditions. (i) The Board may grant relief under this section upon such conditions as the Board deems appropriate, including, but not limited to, requiring the U.S. operations of the relevant foreign banking organization to comply with additional enhanced prudential standards, or requiring such foreign banking organization to enter into supervisory agreements governing such alternative organizational structure.

(ii) If the Board permits a foreign banking organization to form two or more U.S. intermediate holding companies under this section and one or more of those U.S. intermediate holding companies does not meet an asset threshold governing applicability of any section of this subpart, such U.S. intermediate holding company shall be required to comply with those subparts as though it met or exceeded the applicable thresholds.

(iii) The Board may modify the application of any section of this subpart to a foreign banking organization that is required to form a U.S. intermediate holding company or to such U.S. intermediate holding company if appropriate to accommodate the organizational structure of the foreign banking organization or characteristics specific to such foreign banking organization and such modification is appropriate and consistent with the capital structure, size, complexity, risk profile, scope of operations, or financial condition of each U.S. intermediate holding company, safety and soundness, and the financial stability mandate of section 165 of the Dodd-Frank Act.

(d) Implementation plan—(1) General. A foreign banking organization must, by January 1, 2015, submit an implementation plan to the Board, if the sum of the total consolidated assets of the U.S. subsidiaries of the foreign banking organization, in aggregate, exceed $50 billion as of June 30, 2014 (excluding any section 2(h)(2) company and DPC branch subsidiary and reduced by amounts corresponding to balances and transactions between a top-tier U.S. subsidiary and any other top-tier U.S. subsidiary (excluding any 2(h)(2) company or DPC branch subsidiary) to the extent such items are not already eliminated in consolidation). The Board may accelerate or extend the date by which the implementation plan must be filed.

(2) Mandatory elements of implementation plan. An implementation plan must contain:
(i) A list of all U.S. subsidiaries controlled by the foreign banking organization setting forth the ownership interest in each subsidiary and an organizational chart showing the ownership hierarchy;

(ii) For each U.S. subsidiary that is a section 2(h)(2) company or a DPC branch subsidiary, the name, asset size, and a description of why the U.S. subsidiary qualifies as a section 2(h)(2) or a DPC branch subsidiary;

(iii) For each U.S. subsidiary for which the foreign banking organization expects to request an exemption from the requirement to transfer all or a portion of its ownership interest in the subsidiary to the U.S. intermediate holding company, the name, asset size, and a description of the reasons why the foreign banking organization intends to request that the Board grant it an exemption from the U.S. intermediate holding company requirement;

(iv) A projected timeline for the transfer by the foreign banking organization of its ownership interest in U.S. subsidiaries to the U.S. intermediate holding company, and quarterly pro forma financial statements for the U.S. intermediate holding company, including pro forma regulatory capital ratios, for the period from December 31, 2015 to January 1, 2018;

(v) A projected timeline for, and description of, all planned capital actions or strategies for capital accretion that will facilitate the U.S. intermediate holding company’s compliance with the risk-based and leverage capital requirements set forth in paragraph (e)(2)(ii) of this section;

(vi) A description of the risk-management practices of the combined U.S. operations of the foreign banking organization and a description of how the foreign banking organization and U.S. intermediate holding company will come into compliance with §252.155; and

(vii) A description of the current liquidity stress testing practices of the U.S. operations of the foreign banking organization and a description of how the foreign banking organization and U.S. intermediate holding company will come into compliance with §§252.156 and 252.157.

(3) If a foreign banking organization plans to reduce its U.S. non-branch assets below $50 billion for four consecutive quarters prior to July 1, 2016, the foreign banking organization may submit a plan that describes how it intends to reduce its U.S. non-branch assets below $50 billion and any other information the Board determines is appropriate, instead of the information described in paragraph (d)(2) of this section.

(4) The Board may require a foreign banking organization that meets or exceeds the threshold for application of this section after June 30, 2014 to submit an implementation plan containing the information described in paragraph (d)(2) of this section if the Board determines that an implementation plan is appropriate.

(e) Enhanced prudential standards for U.S. intermediate holding companies—(1) Applicability—(1) Ongoing application. Subject to the initial applicability provisions in paragraph (e)(3)(ii) of this section, a U.S. intermediate holding company must comply with the capital, risk management, and liquidity requirements set forth in paragraphs (e)(2)(i), (e)(3), and (e)(4) of this section beginning on the date it is required to be established, comply with the capital plan requirements set forth in paragraph (e)(2)(ii) of this section beginning with the stress test cycle the calendar year following that in which it becomes subject to regulatory capital requirements.

(2)(i) Initial applicability—(A) General. (2) Capital requirements for a U.S. intermediate holding company—(1) Risk-based capital and leverage requirements. A U.S. intermediate holding company must calculate and meet all applicable capital adequacy standards set forth in 12 CFR part 217, other than subpart E of 12 CFR part 217, and comply with all restrictions associated with applicable capital buffers, in the same manner as a bank holding company.

(B) A U.S. intermediate holding company may choose to comply with subpart E of 12 CFR part 217.

(C) Notwithstanding 12 CFR 217.100(b), if a bank holding company is a subsidiary of a foreign banking organization that is subject to this section and the bank holding company is subject to subpart E of 12 CFR part 217, the bank holding company, with the Board’s prior written approval, may elect not to comply with subpart E of 12 CFR part 217.

(B) Processes and systems for implementing and monitoring compliance with such policies and procedures, including:

(2) Processes and systems for establishing managerial and employee responsibility for risk management of
§ 252.154 Risk-based and leverage capital requirements for foreign banking organizations with combined U.S. assets of $50 billion or more.

(ii) [Reserved]

(2) In the event that a home-country supervisor has not established capital adequacy standards that are consistent with the Basel Capital Framework, the foreign banking organization must demonstrate to the satisfaction of the Board that it would meet or exceed capital adequacy standards at the consolidated level that are consistent with the Basel Capital Framework were it subject to such standards.

The Board will coordinate with any relevant State or Federal regulator in the implementation of such requirements, conditions, or restrictions. If the Board determines to impose one or more requirements, conditions, or restrictions under this paragraph, the Board will notify the company before it applies any requirement, condition or restriction, and describe the basis for imposing such requirement, condition, or restriction. Within 14 calendar days of receipt of a notification under this paragraph, the company may request in writing that the Board reconsider the requirement, condition, or restriction. The Board will respond in writing to the company's request for reconsideration prior to applying the requirement, condition, or restriction.

(i) Approve at least annually the acceptable level of liquidity risk that the foreign banking organization may assume in connection with the operating strategies for its combined U.S. operations (liquidity risk tolerance), with concurrence from the foreign banking organization’s board of directors or its enterprise-wide risk committee, taking into account the capital structure, risk profile, complexity, activities, size of the foreign banking organization and its combined U.S. operations and the enterprise-wide liquidity risk tolerance of the foreign banking organization; and

(ii) Receive and review information provided by the senior management of the combined U.S. operations at least semi-annually to determine whether the combined U.S. operations are operating in accordance with the established liquidity risk tolerance and to ensure that the liquidity risk tolerance for the combined U.S. operations is consistent with the enterprise-wide liquidity risk tolerance established for the foreign banking organization.

(iii) Approve the contingency funding plan for the combined U.S. operations described in paragraph (e) of this section at least annually and whenever the foreign banking organization revises its contingency funding plan, and approve any material revisions to the contingency funding plan for the combined U.S. operations prior to the implementation of such revisions.

(b) Responsibilities of the U.S. chief risk officer—(1) Liquidity risk. The U.S. chief risk officer of a foreign banking organization with combined U.S. assets of $50 billion or more must review the strategies and policies and procedures established by senior management of the foreign banking organization’s combined U.S. operations for managing the risk that the financial condition or safety and soundness of the foreign banking organization’s combined U.S. operations would be adversely affected by its inability or the market’s perception of its inability to meet its cash and collateral obligations (liquidity risk).

(2) Liquidity risk tolerance. The U.S. chief risk officer of a foreign banking organization with combined U.S. assets of $50 billion or more must review information provided by the senior management of the U.S. operations to determine whether the combined U.S. operations are operating in accordance with the established liquidity risk tolerance. The U.S. chief risk officer must regularly, and, at least semi-annually, report to the foreign banking organization’s U.S. risk committee and enterprise-wide risk committee, or the equivalent thereof (if any) (or a designated subcommittee of such committee composed of members of the relevant board of directors (or equivalent thereof)) on the liquidity risk profile of the foreign banking organization’s combined U.S. operations and whether it is operating in accordance with the established liquidity risk tolerance for the U.S. operations, and must establish procedures governing the content of such reports.

(3) Business lines or products. (i) The U.S. chief risk officer of a foreign banking organization with combined U.S. assets of $50 billion or more must approve new products and business lines and evaluate the liquidity costs, benefits, and risks of each new business line and each new product offered, managed or sold through the foreign banking organization.
§ 252.156  12 CFR Ch. II (1–1–16 Edition)

banking organization’s combined U.S. operations that could have a significant effect on the liquidity risk profile of the U.S. operations of the foreign banking organization. The approval is required before the foreign banking organization implements the business line or offers the product through its combined U.S. operations. In determining whether to approve the new business line or product, the U.S. chief risk officer must consider whether the liquidity risk of the new business line or product (under both current and stressed conditions) is within the foreign banking organization’s established liquidity risk tolerance for its combined U.S. operations.

(ii) The U.S. risk committee must review at least annually significant business lines and products offered, managed or sold through the combined U.S. operations to determine whether each business line or product creates or has created any unanticipated liquidity risk, and to determine whether the liquidity risk of each strategy or product is within the foreign banking organization’s established liquidity risk tolerance for its combined U.S. operations.

(c) Independent review function. (1) A foreign banking organization with combined U.S. assets of $50 billion or more must establish and maintain a review function that is independent of the management functions that execute funding for its combined U.S. operations to evaluate the liquidity risk management for its combined U.S. operations.

(2) The independent review function must:

(i) Regularly, but no less frequently than annually, review and evaluate the adequacy and effectiveness of the foreign banking organization’s liquidity risk management processes within the combined U.S. operations, including its liquidity stress test processes and assumptions;

(ii) Assess whether the foreign banking organization’s liquidity risk management function of its combined U.S. operations complies with applicable laws, regulations, supervisory guidance, and sound business practices; and

(iii) Report material liquidity risk management issues to the U.S. risk committee and the enterprise-wide risk committee in writing for corrective action, to the extent permitted by applicable law.

(d) Cash-flow projections. (1) A foreign banking organization with combined U.S. assets of $50 billion or more must produce comprehensive cash-flow projections for its combined U.S. operations that project cash flows arising from assets, liabilities, and off-balance sheet exposures over, at a minimum, short- and long-term time horizons.
The foreign banking organization must update short-term cash-flow projections daily and must update longer-term cash-flow projections at least monthly.

(2) The foreign banking organization must establish a methodology for making cash-flow projections for its combined U.S. operations that results in projections which:

(i) Include cash flows arising from contractual maturities, intercompany transactions, new business, funding renewals, customer options, and other potential events that may impact liquidity;

(ii) Include reasonable assumptions regarding the future behavior of assets, liabilities, and off-balance sheet exposures;

(iii) Identify and quantify discrete and cumulative cash-flow mismatches over these time periods; and

(iv) Include sufficient detail to reflect the capital structure, risk profile, complexity, currency exposure, activities, and size of the foreign banking organization and its combined U.S. operations, and include analyses by business line, currency, or legal entity as appropriate.

(e) Contingency funding plan. (1) A foreign banking organization with combined U.S. assets of $50 billion or more must establish and maintain a contingency funding plan for its combined U.S. operations that sets out the foreign banking organization’s strategies for addressing liquidity needs during liquidity stress events. The contingency funding plan must be commensurate with the capital structure, risk profile, complexity, activities, size, and the established liquidity risk tolerance for the combined U.S. operations. The foreign banking organization must update the contingency funding plan for its combined U.S. operations at least annually, and when changes to market and idiosyncratic conditions warrant.

(2) Components of the contingency funding plan—(i) Quantitative assessment. The contingency funding plan for the combined U.S. operations must:

(A) Identify liquidity stress events that could have a significant impact on the liquidity of the foreign banking organization and its combined U.S. operations;

(B) Assess the level and nature of the impact on the liquidity of the foreign banking organization and its combined U.S. operations that may occur during identified liquidity stress events;

(C) Identify the circumstances in which the foreign banking organization would implement its action plan described in paragraph (e)(2)(ii)(A) of this section, which circumstances must include failure to meet any minimum liquidity requirement imposed by the Board on the foreign banking organization’s U.S. operations;

(D) Assess available funding sources and needs during the identified liquidity stress events;

(E) Identify alternative funding sources that may be used during the identified liquidity stress events; and

(F) Incorporate information generated by the liquidity stress testing required under §252.157(a) of this subpart.

(ii) Liquidity event management process. The contingency funding plan for the combined U.S. operations must include an event management process that sets out the foreign banking organization’s procedures for managing liquidity during identified liquidity stress events for the combined U.S. operations. The liquidity event management process must:

(A) Include an action plan that clearly describes the strategies that the foreign banking organization will use to respond to liquidity shortfalls in its combined U.S. operations for identified liquidity stress events, including the methods that the company or the combined U.S. operations will use to access alternative funding sources;

(B) Identify a liquidity stress event management team that would execute the action plan in paragraph (e)(2)(i) of this section for the combined U.S. operations;

(C) Specify the process, responsibilities, and triggers for invoking the contingency funding plan, describe the decision-making process during the identified liquidity stress events, and describe the process for executing contingency measures identified in the action plan; and
(D) Provide a mechanism that ensures effective reporting and communication within the combined U.S. operations of the foreign banking organization and with outside parties, including the Board and other relevant supervisors, counterparties, and other stakeholders.

(iii) Monitoring. The contingency funding plan for the combined U.S. operations must include procedures for monitoring emerging liquidity stress events. The procedures must identify early warning indicators that are tailored to the capital structure, risk profile, complexity, activities, and size of the foreign banking organization and its combined U.S. operations.

(iv) Testing. A foreign banking organization must periodically test:

(A) The components of the contingency funding plan to assess the plan's reliability during liquidity stress events;

(B) The operational elements of the contingency funding plan, including operational simulations to test communications, coordination, and decision-making by relevant management; and

(C) The methods it will use to access alternative funding sources for its combined U.S. operations to determine whether these funding sources will be readily available when needed.

(f) Liquidity risk limits—(1) General. A foreign banking organization with combined U.S. assets of $50 billion or more must establish limits on liquidity risk for the combined U.S. operations, including limits on:

(i) Concentrations in sources of funding by instrument type, single counterparty, counterparty type, secured and unsecured funding, and if applicable, other forms of liquidity risk;

(ii) The amount of liabilities that mature within various time horizons; and

(iii) Off-balance sheet exposures and other exposures that could create funding needs during liquidity stress events.

(2) Size of limits. Each limit established pursuant to paragraph (f)(1) of this section must be consistent with the established liquidity risk tolerance for the combined U.S. operations and reflect the capital structure, risk profile, complexity, activities, and size of the combined U.S. operations.

(g) Collateral, legal entity, and intraday liquidity risk monitoring. A foreign banking organization with combined U.S. assets of $50 billion or more must establish and maintain procedures for monitoring liquidity risk as set forth in this paragraph.

(1) Collateral. The foreign banking organization must establish and maintain policies and procedures to monitor assets that have been or are available to be pledged as collateral in connection with transactions to which entities in its U.S. operations are counterparties. These policies and procedures must provide that the foreign banking organization:

(i) Calculates all of the collateral positions for its combined U.S. operations on a weekly basis (or more frequently, as directed by the Board), specifying the value of pledged assets relative to the amount of security required under the relevant contracts and the value of unencumbered assets available to be pledged;

(ii) Monitors the levels of unencumbered assets available to be pledged by legal entity, jurisdiction, and currency exposure;

(iii) Monitors shifts in the foreign banking organization's funding patterns, including shifts between intraday, overnight, and term pledging of collateral; and

(iv) Tracks operational and timing requirements associated with accessing collateral at its physical location (for example, the custodian or securities settlement system that holds the collateral).

(2) Legal entities, currencies and business lines. The foreign banking organization must establish and maintain procedures for monitoring and controlling liquidity risk exposures and funding needs of its combined U.S. operations, within and across significant legal entities, currencies, and business lines and taking into account legal and regulatory restrictions on the transfer of liquidity between legal entities.

(3) Intraday exposure. The foreign banking organization must establish and maintain procedures for monitoring intraday liquidity risk exposure...
for its combined U.S. operations. These procedures must address how the management of the combined U.S. operations will:

(i) Monitor and measure expected daily inflows and outflows;
(ii) Maintain, manage and transfer collateral to obtain intraday credit;
(iii) Identify and prioritize time-specific obligations so that the foreign banking organizations can meet these obligations as expected and settle less critical obligations as soon as possible;
(iv) Control the issuance of credit to customers where necessary; and
(v) Consider the amounts of collateral and liquidity needed to meet payment systems obligations when assessing the overall liquidity needs of the combined U.S. operations.

§ 252.157 Liquidity stress testing and buffer requirements for foreign banking organizations with combined U.S. assets of $50 billion or more.

(a) Liquidity stress testing requirement—(1) General. (i) A foreign banking organization with combined U.S. assets of $50 billion or more must conduct stress tests to separately assess the potential impact of liquidity stress scenarios on the cash flows, liquidity position, profitability, and solvency of:
(A) Its combined U.S. operations as a whole;
(B) Its U.S. branches and agencies on an aggregate basis; and
(C) Its U.S. intermediate holding company, if any.
(ii) Each liquidity stress test required under this paragraph (a)(1) must use the stress scenarios described in paragraph (a)(3) of this section and take into account the current liquidity condition, risks, exposures, strategies, and activities of the U.S. operations.
(iii) The liquidity stress tests required under this paragraph (a)(1) must take into consideration the balance sheet exposures, off-balance sheet exposures, size, risk profile, complexity, business lines, organizational structure and other characteristics of the foreign banking organization and its combined U.S. operations that affect the liquidity risk profile of the U.S. operations.
(iv) In conducting a liquidity stress test using the scenarios described in paragraphs (a)(3)(i) and (iii) of this section, the bank holding company must address the potential direct adverse impact of associated market disruptions on the foreign banking organization’s combined U.S. operations and the related indirect effect such impact could have on the combined U.S. operations of the foreign banking organization and incorporate the potential actions of other market participants experiencing liquidity stresses under the market disruptions that would adversely affect the foreign banking organization or its combined U.S. operations.

(2) Frequency. The liquidity stress tests required under paragraph (a)(1) of this section must be performed at least monthly. The Board may require the foreign banking organization to perform stress testing more frequently than monthly.

(3) Stress scenarios. (i) Each liquidity stress test conducted under paragraph (a)(1) of this section must include, at a minimum:
(A) A scenario reflecting adverse market conditions;
(B) A scenario reflecting an idiosyncratic stress event for the U.S. branches/agencies and the U.S. intermediate holding company, if any; and
(C) a scenario reflecting combined market and idiosyncratic stresses.
(ii) The foreign banking organization must incorporate additional liquidity stress scenarios into its liquidity stress test as appropriate based on the financial condition, size, complexity, risk profile, scope of operations, or activities of the combined U.S. operations, the U.S. branches and agencies, and the U.S. intermediate holding company, if any. The Board may require the foreign banking organization to vary the underlying assumptions and stress scenarios.

(4) Planning horizon. Each stress test conducted under paragraph (a)(1) of this section must include an overnight planning horizon, a 30-day planning horizon, a 90-day planning horizon, a 1-year planning horizon, and any other planning horizons that are relevant to the liquidity risk profile of the combined U.S. operations, the U.S. branches and agencies, and the U.S. intermediate holding company, if any.
For purposes of this section, a “planning horizon” is the period over which the relevant stressed projections extend. The foreign banking organization must use the results of the stress test over the 30-day planning horizon to calculate the size of the liquidity buffers under paragraph (c) of this section.

(5) Requirements for assets used as cash-flow sources in a stress test. (i) To the extent an asset is used as a cash flow source to offset projected funding needs during the planning horizon in a liquidity stress test, the fair market value of the asset must be discounted to reflect any credit risk and market volatility of the asset.

(ii) Assets used as cash-flow sources during the planning horizon must be diversified by collateral, counterparty, borrowing capacity, or other factors associated with the liquidity risk of the assets.

(iii) A line of credit does not qualify as a cash flow source for purposes of a stress test with a planning horizon that exceeds 30 days.

(6) Tailoring. Stress testing must be tailored to, and provide sufficient detail to reflect, the capital structure, risk profile, complexity, activities, size, and other relevant factors of the U.S. operations. These assumptions must be approved by U.S. chief risk officer and subject to independent review consistent with the standards set out in §252.156(c).

(iii) Management information systems. The foreign banking organization must maintain management information systems and data processes sufficient to enable it to effectively and reliably collect, sort, and aggregate data and other information related to the liquidity stress testing of its combined U.S. operations.

(b) Reporting of liquidity stress tests required by home-country regulators. A foreign banking organization with combined U.S. assets of $50 billion or more must make available to the Board, in a timely manner, the results of any liquidity internal stress tests and establishment of liquidity buffers required by regulators in its home jurisdiction. The report required under this paragraph must include the results of its liquidity stress test and liquidity buffer, if required by the laws or regulations implemented in the home jurisdiction, or expected under supervisory guidance.

(c) Liquidity buffer requirement—(1) General. A foreign banking organization with combined U.S. assets of $50 billion or more, within its combined U.S. operations and its enterprise-wide risk management, must establish and maintain policies and procedures governing its liquidity stress testing practices, methodologies, and assumptions that provide for the incorporation of the results of liquidity stress tests in future stress testing and for the enhancement of stress testing practices over time.

(ii) Controls and oversight. The foreign banking organization must establish and maintain a system of controls and oversight that is designed to ensure that its liquidity stress testing processes are effective in meeting the requirements of this section. The controls and oversight must ensure that each liquidity stress test appropriately incorporates conservative assumptions with respect to the stress scenario in paragraph (a)(3) of this section and other elements of the stress-test process, taking into consideration the capital structure, risk profile, complexity, activities, size, and other relevant factors of the U.S. operations. These assumptions must be approved by U.S. chief risk officer and subject to independent review consistent with the standards set out in §252.156(c).

(iii) Management information systems. The foreign banking organization must maintain management information systems and data processes sufficient to enable it to effectively and reliably collect, sort, and aggregate data and other information related to the liquidity stress testing of its combined U.S. operations.
Each scenario set forth in paragraphs (a)(3)(i) through (iii) of this section.

(ii) Net stressed cash-flow need. The net stressed cash-flow need for the U.S. intermediate holding company is equal to the sum of its net external stressed cash-flow need (calculated pursuant to paragraph (c)(2)(iii) of this section) and its net internal stressed cash-flow need (calculated pursuant to paragraph (c)(2)(iv) of this section) over the 30-day planning horizon.

(iii) Net external stressed cash-flow need calculation. The net external stressed cash-flow need for a U.S. intermediate holding company equals the difference between:

(A) The projected amount of cash-flow needs that results from transactions between the U.S. intermediate holding company and entities that are not its affiliates; and

(B) The projected amount of cash-flow sources that results from transactions between the U.S. intermediate holding company and entities that are not its affiliates.

(iv) Net internal stressed cash-flow need calculation—(A) General. The net internal stressed cash-flow need for the U.S. intermediate holding company equals the greater of:

(1) The greatest daily cumulative net intragroup cash-flow need over the 30-day planning horizon as calculated under paragraph (c)(2)(iv)(B) of this section; and

(2) Zero.

(B) Daily cumulative net intragroup cash-flow need calculation. The daily cumulative net intragroup cash-flow need for the U.S. intermediate holding company for purposes of paragraph (c)(2)(iv)(A) of this section is calculated as follows:

(1) Daily cumulative net intragroup cash-flow need. For any given day in the stress-test horizon, the daily cumulative net intragroup cash-flow need is a daily cumulative net intragroup cash flow that is greater than zero.

(2) Daily cumulative net intragroup cash flow. For any given day of the planning horizon, the daily cumulative net intragroup cash flow equals the sum of the net intragroup cash flow calculated for that day and the net intragroup cash flow calculated for each previous day of the stress-test horizon, as calculated in accordance with paragraph (c)(2)(iv)(C) of this section.

(C) Net intragroup cash flow. For any given day of the stress-test horizon, the net intragroup cash flow equals the difference between:

(1) The amount of cash-flow needs resulting from transactions between the U.S. intermediate holding company and its affiliates (including any U.S. branch or U.S. agency) for that day of the planning horizon; and

(2) The amount of cash-flow sources resulting from transactions between the U.S. intermediate holding company and its affiliates (including any U.S. branch or U.S. agency) for that day of the planning horizon.

(D) Amounts secured by highly liquid assets. For the purposes of calculating net intragroup cash flow under this paragraph, the amounts of intragroup cash-flow needs and intragroup cash-flow sources that are secured by highly liquid assets (as defined in paragraph (c)(7) of this section) must be excluded from the calculation.

(3) Calculation of U.S. branch and agency liquidity buffer requirement. (i) The liquidity buffer for the foreign banking organization’s U.S. branches and agencies must be sufficient to meet the projected net stressed cash-flow need of the U.S. branches and agencies over the first 14 days of a stress test with a 30-day planning horizon, conducted in accordance with paragraph (a)(3)(i) through (iii) of this section.

(ii) Net stressed cash-flow need. The net stressed cash-flow need of the U.S. branches and agencies of a foreign banking organization is equal to the sum of its net external stressed cash-flow need (calculated pursuant to paragraph (c)(3)(iii) of this section) and net internal stressed cash-flow need (calculated pursuant to paragraph (c)(3)(iv) of this section) over the first 14 days of the 30-day planning horizon.

(iii) Net external stressed cash-flow need calculation. (A) The net external stressed cash-flow need of the U.S. branches and agencies equals the difference between:

(1) The projected amount of cash-flow needs that results from transactions between the U.S. branches and agencies
and entities other than the foreign bank’s non-U.S. offices and its U.S. and non-U.S. affiliates; and

(2) The projected amount of cash-flow sources that results from transactions between the U.S. branches and agencies and entities other than the foreign bank's non-U.S. offices and its U.S. and non-U.S. affiliates.

(iv) Net internal stressed cash-flow need calculation—(A) General. The net internal stressed cash-flow need of the U.S. branches and agencies of the foreign banking organization equals the greater of:

(1) The greatest daily cumulative net intragroup cash-flow need over the first 14 days of the 30-day planning horizon, as calculated under paragraph (c)(3)(iv)(B) of this section; and

(2) Zero.

(B) Daily cumulative net intragroup cash-flow need calculation. The daily cumulative net intragroup cash-flow need of the U.S. branches and agencies of a foreign banking organization for purposes of paragraph (c)(3)(iv) of this section is calculated as follows:

(1) Daily cumulative net intragroup cash-flow need. For any given day of the stress-test horizon, the daily cumulative net intragroup cash-flow need of the U.S. branches and agencies equals a daily cumulative net intragroup cash flow that is greater than zero.

(2) Daily cumulative net intragroup cash flow. For any given day of the planning horizon, the daily cumulative net intragroup cash flow of the U.S. branches and agencies equals the sum of the net intragroup cash flow calculated for that day and the net intragroup cash flow calculated for each previous day of the planning horizon, each as calculated in accordance with this paragraph (c)(3)(iv)(C) of this section.

(C) Net intragroup cash flow. For any given day of the planning horizon, the net intragroup cash flow must equal the difference between:

(1) The amount of projected cash-flow needs resulting from transactions between a U.S. branch or U.S. agency and the foreign bank’s non-U.S. offices and its affiliates; and

(2) The amount of projected cash-flow sources resulting from transactions between a U.S. branch or U.S. agency and the foreign bank’s non-U.S. offices and its affiliates.

(D) Amounts secured by highly liquid assets. For the purposes of calculating net intragroup cash flow of the U.S. branches and agencies under this paragraph, the amounts of intragroup cash-flow needs and intragroup cash-flow sources that are secured by highly liquid assets (as defined in paragraph (c)(7) of this section) must be excluded from the calculation.

(4) Location of liquidity buffer—(i) U.S. intermediate holding companies. A U.S. intermediate holding company must maintain in accounts in the United States the highly liquid assets comprising the liquidity buffer required under this section. To the extent that the assets consist of cash, the cash may not be held in an account located at a U.S. branch or U.S. agency of the affiliated foreign banking organization or other affiliate that is not controlled by the U.S. intermediate holding company.

(ii) U.S. branches and agencies. The U.S. branches and agencies of a foreign banking organization must maintain in accounts in the United States the highly liquid assets comprising the liquidity buffer required under this section. To the extent that the assets consist of cash, the cash may not be held in an account located at the foreign banking organization’s U.S. intermediate holding company or other affiliate.

(7) Asset requirements. The liquidity buffer required in this section for the U.S. intermediate holding company or the U.S. branches and agencies must consist of highly liquid assets that are unencumbered, as set forth below:

(i) Highly liquid asset. The asset must be a highly liquid asset. For these purposes, a highly liquid asset includes:

(A) Cash;

(B) Securities issued or guaranteed by the United States, a U.S. government agency, or a U.S. government-sponsored enterprise; or

(C) Any other asset that the foreign banking organization demonstrates to the satisfaction of the Board:

(1) Has low credit risk and low market risk;

(2) Is traded in an active secondary two-way market that has committed market makers and independent bona

436
fide offers to buy and sell so that a price reasonably related to the last sales price or current bona fide competitive bid and offer quotations can be determined within one day and settled at that price within a reasonable time period conforming with trade custom; and

(3) Is a type of asset that investors historically have purchased in periods of financial market distress during which market liquidity has been impaired.

(ii) Unencumbered. The asset must be unencumbered. For these purposes, an asset is unencumbered if it:

(A) Is free of legal, regulatory, contractual, or other restrictions on the ability of such company promptly to liquidate, sell or transfer the asset; and

(B) Is either:

(1) Not pledged or used to secure or provide credit enhancement to any transaction; or

(2) Pledged to a central bank or a U.S. government-sponsored enterprise, to the extent potential credit secured by the asset is not currently extended by such central bank or U.S. government-sponsored enterprise or any of its consolidated subsidiaries.

(iii) Calculating the amount of a highly liquid asset. In calculating the amount of a highly liquid asset included in the liquidity buffer, the bank holding company must discount the fair market value of the asset to reflect any credit risk and market price volatility of the asset.

(iv) Diversification. The liquidity buffer must not contain significant concentrations of highly liquid assets by issuer, business sector, region, or other factor related to the foreign banking organization’s risk, except with respect to cash and securities issued or guaranteed by the United States, a U.S. government agency, or a U.S. government-sponsored enterprise.

§ 252.158 Capital stress testing requirements for foreign banking organizations with combined U.S. assets of $50 billion or more.

(a) Definitions. For purposes of this section, the following definitions apply:

(1) Eligible asset means any asset of the U.S. branch or U.S. agency held in the United States that is recorded on the general ledger of a U.S. branch or U.S. agency of the foreign banking organization (reduced by the amount of any specifically allocated reserves held in the United States and recorded on the general ledger of the U.S. branch or U.S. agency in connection with such assets), subject to the following exclusions, and, for purposes of this definition, as modified by the rules of valuation set forth in paragraph (a)(1)(ii) of this section:

(i) The following assets do not qualify as eligible assets:

(A) Equity securities;

(B) Any assets classified as loss at the preceding examination by a regulatory agency, outside accountant, or the bank’s internal loan review staff;

(C) Accrued income on assets classified loss, doubtful, substandard or value impaired, at the preceding examination by a regulatory agency, outside accountant, or the bank’s internal loan review staff;

(D) Any amounts due from the home office, other offices and affiliates, including income accrued but uncollected on such amounts;

(E) The balance from time to time of any other asset or asset category disallowed at the preceding examination or by direction of the Board for any other reason until the underlying reasons for the disallowance have been removed;

(F) Prepaid expenses and unamortized costs, furniture and fixtures and leasehold improvements; and

(G) Any other asset that the Board determines should not qualify as an eligible asset.

(ii) The following rules of valuation apply:

(A) A marketable debt security is valued at its principal amount or market value, whichever is lower;

(B) An asset classified doubtful or substandard at the preceding examination by a regulatory agency, outside accountant, or the bank’s internal loan review staff, is valued at 50 percent and 80 percent, respectively;

(C) With respect to an asset classified value impaired, the amount representing the allocated transfer risk reserve that would be required for such exposure at a domestically chartered
bank is valued at 0 and the residual exposure is valued at 80 percent; and

(D) Real estate located in the United States and carried on the accounting records as an asset are valued at net book value or appraised value, whichever is less.

(2) Liabilities of all U.S. branches and agencies of a foreign banking organization means all liabilities of all U.S. branches and agencies of the foreign banking organization, including acceptances and any other liabilities (including contingent liabilities), but excluding:

(i) Amounts due to and other liabilities to other offices, agencies, branches and affiliates of such foreign banking organization, including its head office, including unremitted profits; and

(ii) Reserves for possible loan losses and other contingencies.

(3) Pre-provision net revenue means revenue less expenses before adjusting for total loan loss provisions.

(4) Stress test cycle has the same meaning as in subpart F of this part.

(5) Total loan loss provisions means the amount needed to make reserves adequate to absorb estimated credit losses, based upon management’s evaluation of the loans and leases that the company has the intent and ability to hold for the foreseeable future or until maturity or payoff, as determined under applicable accounting standards.

(b) In general. (1) A foreign banking organization with combined U.S. assets of $50 billion or more and that has a U.S. branch or U.S. agency must:

(i) Be subject on a consolidated basis to a capital stress testing regime by its home-country supervisor that meets the requirements of paragraph (b)(2) of this section;

(ii) Conduct such stress tests or be subject to a supervisory stress test and meet any minimum standards set by its home-country supervisor with respect to the stress tests; and

(iii) Provide to the Board the information required under paragraph (c) of this section.

(2) The capital stress testing regime of a foreign banking organization’s home-country supervisor must include:

(i) An annual supervisory capital stress test conducted by the foreign banking organization’s home-country supervisor or an annual evaluation and review by the foreign banking organization’s home-country supervisor of an internal capital adequacy stress test conducted by the foreign banking organization; and

(ii) Requirements for governance and controls of stress testing practices by relevant management and the board of directors (or equivalent thereof) of the foreign banking organization;

(c) Information requirements—(1) In general. A foreign banking organization with combined U.S. assets of $50 billion or more must report to the Board by January 5 of each calendar year, unless such date is extended by the Board, summary information about its stress-testing activities and results, including the following quantitative and qualitative information:

(i) A description of the types of risks included in the stress test;

(ii) A description of the conditions or scenarios used in the stress test;

(iii) A summary description of the methodologies used in the stress test;

(iv) Estimates of:

(A) Aggregate losses;

(B) Pre-provision net revenue;

(C) Total loan loss provisions;

(D) Net income before taxes; and

(E) Pro forma regulatory capital ratios required to be computed by the home-country supervisor of the foreign banking organization and any other relevant capital ratios; and

(v) An explanation of the most significant causes for any changes in regulatory capital ratios.

(2) Additional information required for foreign banking organizations in a net due from position. If, on a net basis, the U.S. branches and agencies of a foreign banking organization with combined U.S. assets of $50 billion or more provide funding to the foreign banking organization’s non-U.S. offices and non-U.S. affiliates, calculated as the average daily position over a stress test cycle for a given year, the foreign banking organization must report the following information to the Board by January 5 of each calendar year, unless such date is extended by the Board:

(a) Definitions—(1) Debt-to-equity ratio means the ratio of a company’s total liabilities to a company’s total equity capital less goodwill.

(2) Debt and equity have the same meaning as “total liabilities” and “total equity capital,” respectively, as reported by a bank holding company on the FR Y–9C.

(b) Notice and maximum debt-to-equity ratio requirement. The Council, or the Board on behalf of the Council, will provide written notice to a bank holding company to the extent that the Council makes a determination, pursuant to section 165(j) of the Dodd-Frank Act, that a bank holding company poses a grave threat to the financial stability of the United States and that the imposition of a debt-to-equity requirement is necessary to mitigate such risk. Beginning no later than 180 days after receiving written notice from the Council or from the Board on behalf of the Council, the bank holding company must achieve and maintain a debt-to-equity ratio of no more than 15-to-1.

(a) Definitions. For purposes of this subpart, the following definitions apply:

(1) Debt and equity have the same meaning as “total liabilities” and “total equity capital,” respectively, as reported by a U.S. intermediate holding company or U.S. subsidiary on the FR Y-9C, or other reporting form prescribed by the Board.

(2) Debt-to-equity ratio means the ratio of total liabilities to total equity capital less goodwill.

(3) Eligible assets and liabilities of all U.S. branches and agencies of a foreign bank have the same meaning as in §252.158(a).

(b) Notice and maximum debt-to-equity ratio requirement. (1) The U.S. intermediate holding company, or if the foreign banking organization has not established a U.S. intermediate holding company, and any U.S. subsidiary (excluding any section 2(h)(2) company or DPC branch subsidiary, if applicable), must achieve and maintain a debt-to-equity ratio of no more than 15-to-1; and

(2) The U.S. branches and agencies of the foreign banking organization must maintain eligible assets in its U.S. branches and agencies that, on a daily basis, are not less than 108 percent of the average value over each day of the previous calendar quarter of the total liabilities of all branches and agencies operated by the foreign banking organization in the United States.

(c) Extension. The Board may, upon request by a foreign banking organization for which the Council has made a determination pursuant to section 165(j) of the Dodd-Frank Act, extend the time period for compliance established under paragraph (b) of this section for up to two additional periods of 90 days each, if the Board determines that such company has made good faith efforts to comply with the debt-to-equity ratio requirement and that each extension would be in the public interest. Requests for an extension must be received in writing by the Board not less than 30 days prior to the expiration of the existing time period for compliance and must provide information sufficient to demonstrate that the foreign banking organization has made good faith efforts to comply with the debt-to-equity ratio requirement and that each extension would be in the public interest.

(d) Termination. The requirements in paragraph (b) of this section cease to apply to a foreign banking organization as of the date it receives notice from the Council of a determination that the company no longer poses a grave threat to the financial stability of the United States and that imposition of the requirements in paragraph...
(b) of this section are no longer necessary.

APPENDIX A TO PART 252—POLICY STATEMENT ON THE SCENARIO DESIGN FRAMEWORK FOR STRESS TESTING

1. BACKGROUND

a. The Board has imposed stress testing requirements through its regulations (stress test rules) implementing section 165(i) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act or Act) and through its capital plan rule (12 CFR 225.8). Under the stress test rules issued under section 165(i)(1) of the Act, the Board conducts an annual stress test (supervisory stress tests), on a consolidated basis, of each bank holding company with total consolidated assets of $50 billion or more and each nonbank financial company that the Financial Stability Oversight Council has designated for supervision by the Board (together, covered companies).1 In addition, under the stress test rules issued under section 165(i)(2) of the Act, covered companies must conduct stress tests semi-annually and other financial companies with total consolidated assets of more than $10 billion and for which the Board is the primary regulatory agency must conduct stress tests on an annual basis (together company-run stress tests).2 The Board will provide for at least three different sets of conditions (each set, a scenario), including baseline, adverse, and severely adverse scenarios for both supervisory and company-run stress tests (macroeconomic scenarios).3

1 12 U.S.C. 5365(i)(1); 12 CFR part 252, subpart E.
2 12 U.S.C. 5365(i)(2); 12 CFR part 252, subparts B and F.
3 The stress test rules define scenarios as “those sets of conditions that affect the U.S. economy or the financial condition of a company” that the Board annually determines are appropriate for use in stress tests, including, but not limited to, baseline, adverse, and severely adverse scenarios.” The stress test rules define baseline scenario as a “set of conditions that affect the U.S. economy or the financial condition of a company and that reflect the consensus views of the economic and financial outlook.” The stress test rules define adverse scenario a “set of conditions that affect the U.S. economy or the financial condition of a company that are more adverse than those associated with the baseline scenario and may include trading or other additional components.” The stress test rules define severely adverse scenario as a “set of conditions that affect the U.S. economy or the financial condition of a company and that overall are more severe

b. The stress test rules provide that, for the stress test cycle beginning on October 1, 2014, the Board will notify covered companies by no later than November 15, 2014 of the scenarios it will use to conduct its annual supervisory stress tests and the scenarios that covered companies must use to conduct their annual company-run stress tests.4 For each stress test cycle beginning thereafter, the Board will provide a description of these scenarios to covered companies by no later than February 15 of that calendar year. Under the stress test rules, the Board may require certain companies to use additional components in the adverse or severely adverse scenario or additional scenarios.5 For example, the Board expects that the scenarios it will require the companies to use will be the same as those the Board will use to conduct its supervisory stress tests (together, stress test scenarios).

c. In addition, §225.8 of the Board’s Regulation Y (capital plan rule) requires all U.S. bank holding companies with total consolidated assets of $50 billion or more to submit annual capital plans, including stress test results, to the Board to allow the Board to assess whether they have robust, forward-looking capital planning processes and have sufficient capital to continue operations throughout times of economic and financial stress.6

d. Stress tests required under the stress test rules and under the capital plan rule require the Board and financial companies to calculate pro-forma capital levels—rather than “current” or actual levels—over a specified planning horizon under baseline and stressful scenarios. This approach integrates key lessons of the 2007–2009 financial crisis into the Board’s supervisory framework.
During the financial crisis, investor and counterparty confidence in the capitalization of financial companies eroded rapidly in the face of changes in the current and expected economic and financial conditions, and this loss in market confidence imperiled companies’ ability to access funding, continue operations, serve as a credit intermediary, and meet obligations to creditors and counterparties. Importantly, such a loss in confidence occurred even when a financial institution’s capital ratios were in excess of regulatory minimums. This is because the institution’s capital ratios were perceived as lagging indicators of its financial condition, particularly when conditions were changing.

a. The stress tests required under the stress test rules and capital plan rule are a valuable supervisory tool that provides a forward-looking assessment of large financial companies’ capital adequacy under hypothetical economic and financial market conditions. Currently, these stress tests primarily focus on credit risk and market risk—that is, risk of mark-to-market losses associated with companies’ trading and counterparty positions—and not on other types of risk, such as liquidity risk. Pressures stemming from these sources are considered in separate supervisory exercises. No single supervisory tool, including the stress tests, can provide an assessment of a company’s ability to withstand every potential source of risk.

b. Selecting appropriate scenarios is an especially significant consideration for stress tests required under the capital plan rule, which ties the review of a bank holding company’s performance under stress scenarios to its ability to make capital distributions. More severe scenarios, all other things being equal, generally translate into larger projected declines in banks’ capital. Thus, a company would need more capital today to meet its minimum capital requirements in more stressful scenarios and have the ability to continue making capital distributions, such as common dividend payments. This translation is far from mechanical, however; it will depend on factors that are specific to a given company, such as underwriting standards and the company’s business model, which would also greatly affect projected revenue, losses, and capital.

2. OVERVIEW AND SCOPE

a. This policy statement provides more detail on the characteristics of the stress test scenarios and explains the considerations and procedures that underlie the approach for formulating these scenarios. The considerations and procedures described in this policy statement apply to the Board’s stress testing framework, including the stress tests required under 12 CFR part 232, subparts E, F, and G, as well as the Board’s capital plan rule (12 CFR 225.8). b. Although the Board does not envision that the broad approach used to develop scenarios will change from year to year, the stress test scenarios will reflect changes in the outlook for economic and financial conditions and changes to specific risks or vulnerabilities that the Board, in consultation with the other federal banking agencies, determines should be considered in the annual stress tests. The stress test scenarios should not be regarded as forecasts; rather, they are hypothetical paths of economic variables that will be used to assess the strength and resilience of the companies’ capital in various economic and financial environments.

c. The remainder of this policy statement is organized as follows. Section 3 provides a broad description of the baseline, adverse, and severely adverse scenarios and describes the types of variables that the Board expects to include in the macroeconomic scenarios and the market shock component of the stress test scenarios applicable to companies with significant trading activity. Section 4 describes the Board’s approach for developing the macroeconomic scenarios, and section 5 describes the approach for the market shocks. Section 6 describes the relationship between the macroeconomic scenario and the market shock components. Section 7 provides a timeline for the formulation and publication of the macroeconomic assumptions and market shocks.

3. CONTENT OF THE STRESS TEST SCENARIOS

a. The Board will publish a minimum of three different scenarios, including baseline, adverse, and severely adverse conditions, for use in stress tests required in the stress test rules. In general, the Board anticipates that it will not issue additional scenarios. Specific circumstances or vulnerabilities that in any given year the Board determines require particular vigilance to ensure the resilience of the banking sector will be captured in either the adverse or severely adverse scenarios. A greater number of scenarios could be needed in some years—for example, because the Board identifies a large number of unrelated and uncorrelated but nonetheless significant risks.

b. While the Board generally expects to use the same scenarios for all companies subject to the annual company-run stress tests use data as of September 30 of each calendar year. For each stress test cycle beginning thereafter, the annual company-run stress tests use data as of December 31 of each calendar year.
to the final rule, it may require a subset of companies—depending on a company’s financial condition, size, complexity, risk profile, scope of operations, or activities, or risks to the U.S. economy—to include additional scenario components or additional scenarios that are designed to capture different effects of adverse events on revenue, losses, and capital. One example of such components is the market shock that applies only to companies with significant trading activity. Additional components or scenarios may also include other stress factors that may not necessarily be directly correlated to macroeconomic or financial assumptions but nevertheless can materially affect companies’ risks, such as the unexpected default of a major counterparty.

Early in each stress testing cycle, the Board plans to publish the macroeconomic scenarios along with a brief narrative summary that provides a description of the economic situation underlying the scenario and explains how the scenarios have changed relative to the previous year. In addition, to assist companies in projecting the paths of additional variables in a manner consistent with the scenario, the narrative will also provide descriptions of the general path of some additional variables. These descriptions will be general—that is, they will describe developments for broad classes of variables rather than for specific variables—and will specify the intensity and direction of variable changes but not numeric magnitudes. These descriptions should provide guidance that will be useful to companies in specifying the paths of the additional variables for their company-run stress tests. Note that in practice it will not be possible for the narrative to include descriptions on all of the additional variables that companies may need to for their company-run stress tests. In cases where scenarios are designed to reflect particular risks and vulnerabilities, the narrative will also explain the underlying motivation for these features of the scenario. The Board also plans to release a broad description of the market shock components.

3.1 Macroeconomic Scenarios

a. The macroeconomic scenarios will consist of the future paths of a set of economic and financial variables. The economic and financial variables included in the scenarios will likely comprise those included in the “2014 Supervisory Scenarios for Annual Stress Tests Required under the Dodd-Frank Act Stress Testing Rules and the Capital Plan Rule” (2013 supervisory scenarios). The domestic U.S. variables provided for in the 2013 supervisory scenarios included:

- Six measures of economic activity and prices: real and nominal gross domestic product (GDP) growth, the unemployment rate of the civilian non-institutional population aged 16 and over, real and nominal disposable personal income growth, and the Consumer Price Index (CPI) inflation rate;
- Four measures of developments in equity and property markets: The Core Logic National House Price Index, the National Council for Real Estate Investment Fiduciaries Commercial Real Estate Price Index, the Dow Jones Total Stock Market Index, and the Chicago Board Options Exchange Market Volatility Index; and
- Six measures of interest rates: the rate on the three-month Treasury bill, the yield on the 5-year Treasury bond, the yield on the 10-year Treasury bond, the yield on a 10-year BBB corporate security, the prime rate, and the interest rate associated with a conforming, conventional, fixed-rate, 30-year mortgage.

b. The international variables provided for in the 2014 supervisory scenarios included, for the euro area, the United Kingdom, developing Asia, and Japan:

- Percent change in real GDP;
- Percent change in the Consumer Price Index or local equivalent; and
- The U.S./foreign currency exchange rate.

c. The economic variables included in the scenarios influence key items affecting financial companies’ net income, including pre-provision net revenue and credit losses on loans and securities. Moreover, these variables exhibit fairly typical trends in adverse economic climates that can have unfavorable implications for companies’ net income and, thus, capital positions.

d. The economic variables included in the scenario may change over time. For example, the Board may add variables to a scenario if the international footprint of companies that are subject to the stress testing rules changed notably over time such that the variables already included in the scenario no longer sufficiently capture the material risks of these companies. Alternatively, historical relationships between macroeconomic variables could change over time such that one variable (e.g., disposable personal income growth) that previously provided a good proxy for another (e.g., light vehicle sales) in modeling companies’ pre-provision net revenue or credit losses ceases to do so, resulting in the need to create a separate path, or alternative proxy, for the other

[10] The future path of a variable refers to its specification over a given time period. For example, the path of unemployment can be described in percentage terms on a quarterly basis over the stress testing time horizon.

[11] The Board may increase the range of countries or regions included in future scenarios, as appropriate.
variable. However, recognizing the amount of work required for companies to incorporate the scenario variables into their stress testing models, the Board expects to eliminate variables from the scenarios only in rare instances.

e. The Board expects that the company may not use all of the variables provided in the scenario. If those variables are not appropriate to the company’s line of business, or may add additional variables, as appropriate. The Board expects the companies will ensure that the paths of such additional variables are consistent with the scenarios the Board provided. For example, the companies may use small amount of their internal stress test models, local-level variables, such as state-level unemployment rates or city-level house prices. While the Board does not plan to include local-level macro variables in the stress test scenarios it provides, it expects the companies to evaluate the paths of local-level macro variables as needed for their internal models, and ensure internal consistency between these variables and their aggregate, macro-economic counterparts. The Board will provide the macroeconomic scenario component of the stress test scenarios for a period that spans a minimum of 13 quarters. The scenario horizon reflects the supervisory stress test approach that the Board plans to use. Under the stress test rules, the Board will assess the effect of different scenarios on the consolidated capital of each company over a forward-looking planning horizon of at least nine quarters.

3.2 Market Shock Component

a. The market shock component of the adverse and severely adverse scenarios will only apply to companies with significant trading activity and their subsidiaries. The component consists of large moves in market prices and rates that would be expected to generate losses. Market shocks differ from macroeconomic scenarios in a number of ways, both in their design and application. For instance, market shocks that might typically be observed over an extended period (e.g., 6 months) are assumed to be an instantaneous event which immediately affects the market value of the companies' trading assets and liabilities. In addition, under the stress test rules, the as-of date for market shocks will differ from the quarter-end, and the Board will provide the as-of date for market shocks no later than December 1 of each year. Finally, as described in section 4, the market shock includes a much larger set of risk factors than the set of economic and financial variables included in macroeconomic scenarios. Broadly, these risk factors include shocks to financial market variables that affect asset prices, such as a credit spread or the yield on a bond, and, in some cases, the value of the position itself (e.g., the market value of private equity positions).

b. The Board envisions that the market shocks will include shocks to a broad range of risk factors that are similar in granularity to those risk factors trading companies use internally to produce profit and loss estimates, under stressful market scenarios, for all asset classes that are considered trading assets, including equities, credit, interest rates, foreign exchange rates, and commodities. Examples of risk factors include, but are not limited to:

i. Equity indices of all developed markets, and of developing and emerging market nations to which companies with significant trading activity may have exposure, along with term structures of implied volatilities;

ii. Cross-currency FX rates of all major and many minor currencies, along term structures of implied volatilities;

iii. Term structures of government rates (e.g., U.S. Treasuries), interbank rates (e.g., swap rates) and other key rates (e.g., commercial paper) for all developed markets and for developing and emerging market nations to which companies may have exposure;

iv. Term structures of implied volatilities that are key inputs to the pricing of interest rate derivatives;

v. Term structures of futures prices for energy products including crude oil (differentiated by country of origin), natural gas, and power;

vi. Term structures of futures prices for metals and agricultural commodities;

vii. “Value-drivers” (credit spreads or instrument prices themselves) for credit-sensitive product segments including: corporate bonds, credit default swaps, and collateralized debt obligations by risk; non-agency residential mortgage-backed securities and commercial mortgage-backed securities by risk and vintage; sovereign debt; and, municipal bonds; and

viii. Shocks to the values of private equity positions.

12 Currently, companies with significant trading activity include the six bank holding companies that are subject to the market risk rule and have total consolidated assets greater than $500 billion, as reported on their FR Y–9C. The Board may also subject a state member bank and/or any bank holding company to the market shock component. The set of companies subject to the market shock component could change over time as the size, scope, and complexity of financial company’s trading activities evolve.
4. APPROACH FOR FORMULATING THE MACROECONOMIC ASSUMPTIONS FOR SCENARIOS

a. This section describes the Board's approach for formulating macroeconomic assumptions for each scenario. The methodologies for formulating this part of each scenario differ by scenario, so these methodologies for the baseline, severely adverse, and the adverse scenarios are described separately in each of the following subsections.

b. In general, the baseline scenario will reflect the most recently available consensus views of the macroeconomic outlook expressed by professional forecasters, government agencies, and other public-sector organizations as of the beginning of the annual stress-test cycle. The severely adverse scenario will consist of a set of economic and financial conditions that reflect the conditions of post-war U.S. recessions. The adverse scenario will consist of a set of economic and financial conditions that are more severe than those associated with the baseline scenario but less severe than those associated with the severely adverse scenario.

c. Each of these scenarios is described further in sections below as follows: baseline (subsection 4.1), severely adverse (subsection 4.2), and adverse (subsection 4.3).

4.1 Approach for Formulating Macroeconomic Assumptions in the Baseline Scenario

a. The stress test rules define the baseline scenario as a set of conditions that affect the U.S. economy or the financial condition of a banking organization, and that reflect the consensus views of the economic and financial outlook. Projections under a baseline scenario are used to evaluate how companies would perform in more likely economic and financial conditions. The baseline serves also as a point of comparison to the severely adverse and adverse scenarios, giving some sense of how much of the company's capital decline could be ascribed to the scenario as opposed to the company's capital adequacy under expected conditions.

b. The baseline scenario will be developed around a macroeconomic projection that captures the prevailing views of private-sector forecasters (e.g., Blue Chip Consensus Forecasts and the Survey of Professional Forecasters), government agencies, and other public-sector organizations (e.g., the International Monetary Fund and the Organization for Economic Co-operation and Development) near the beginning of the annual stress-test cycle. The baseline scenario is designed to represent a consensus expectation of certain economic variables over the time period of the tests and it is not the Board's internal forecast for those economic variables. For example, the baseline path of short-term interest rates is constructed from consensus forecasts and may differ from that implied by the FOMC's Summary of Economic Projections.

c. For some scenario variables—such as U.S. real GDP growth, the unemployment rate, and the consumer price index—there will be a large number of different forecasts available to project the paths of these variables in the baseline scenario. For others, a more limited number of forecasts will be available. If available forecasts diverge notably, the baseline scenario will reflect an assessment of the forecast that is deemed to be most plausible. In setting the paths of variables in the baseline scenario, particular care will be taken to ensure that, together, the paths present a coherent and plausible outlook for the U.S. and global economy, given the economic climate in which they are formulated.

4.2 Approach for Formulating the Macroeconomic Assumptions in the Severely Adverse Scenario

The stress test rules define a severely adverse scenario as a set of conditions that affect the U.S. economy or the financial condition of a financial company and that overall are more severe than those associated with the adverse scenario. The financial company will be required to publicly disclose a summary of the results of its stress test under the severely adverse scenario, and the Board intends to publicly disclose the results of its analysis of the financial company under the adverse scenario and the severely adverse scenario.

4.2.1 General Approach: The Recession Approach

a. The Board intends to use a recession approach to develop the severely adverse scenario. In the recession approach, the Board will specify the future paths of variables to reflect conditions that characterize post-war U.S. recessions, generating either a typical or specific recreation of a post-war U.S. recession. The Board chose this approach because it has observed that the conditions that typically occur in recessions—such as increasing unemployment, declining asset prices, and contracting loan demand—can put significant stress on companies' balance sheets. This stress can occur through a variety of channels, including higher loss provisions due to increased delinquencies and defaults; losses on trading positions through sharp moves in market prices; and lower bank income through reduced loan origination. For these reasons, the Board believes that the paths of economic and financial variables in the severely adverse scenario should, at a minimum, resemble the paths of those variables observed during a recession.

b. This approach requires consideration of the type of recession to feature. All post-war U.S. recessions have not been identical: some
recessions have been associated with very elevated interest rates, some have been associated with sizable asset price declines, and some have been relatively more global. The most common features of recessions, however, are increases in the unemployment rate and contractions in aggregate incomes and economic activity. For this and the following reasons, the Board intends to use the unemployment rate as the primary basis for specifying the severely adverse scenario. First, the unemployment rate is likely the most representative single summary indicator of adverse economic conditions. Second, in comparison to GDP, labor market data have traditionally featured more prominently in the set of indicators that the National Bureau of Economic Research reviews to inform its recession dates. Third and finally, the growth rate of potential output can cause the size of the decline in GDP to vary between recessions. While changes in the unemployment rate can also vary over time due to demographic factors, this seems to have more limited implications over time relative to changes in potential output growth. The unemployment rate used in the severely adverse scenario will reflect an unemployment rate that has been observed in severe post-war U.S. recessions, measuring severity by the absolute level of and relative increase in the unemployment rate.

c. After specifying the unemployment rate, the Board will specify the paths of other macroeconomic variables based on the paths of unemployment, income, and activity. However, many of these other variables have taken wildly divergent paths in previous recessions (e.g., house prices), requiring the Board to use its informed judgment in selecting appropriate paths for these variables. In general, the path for these other variables will be based on their underlying structure at the time that the scenario is designed (e.g., the relative fragility of the housing finance system).

d. The Board considered alternative methods for scenario design of the severely adverse scenario, including a probabilistic approach. The probabilistic approach constructs a baseline forecast from a large-scale macroeconomic model and identifies a scenario that would have a specific probabilistic likelihood given the baseline forecast. The Board believes that, at this time, the recession approach is better suited for developing the severely adverse scenario than a probabilistic approach because it guarantees a recession of some specified severity. In contrast, the probabilistic approach requires the choice of an extreme tail outcome—relative to baseline—to characterize the severely adverse scenario (e.g., a 5 percent or a 1 percent tail outcome). In practice, this choice is difficult as adverse economic outcomes are typically thought of in terms of how variables evolve in an absolute sense rather than how far away they lie in the probability space away from the baseline. In this sense, a scenario featuring a recession may be somewhat clearer and more straightforward to communicate. Finally, the probabilistic approach relies on estimates of uncertainty around the baseline scenario and such estimates are in practice model-dependent.

4.2.2 Setting the Unemployment Rate Under the Severely Adverse Scenario

a. The Board anticipates that the severely adverse scenario will feature an unemployment rate that increases between 3 to 5 percentage points from its initial level over the course of 6 to 8 calendar quarters. The initial level will be set based on the conditions at the time that the scenario is designed. However, if a 3 to 5 percentage point increase in the unemployment rate does not raise the level of the unemployment rate to at least 10 percent—the average level to which it has increased in the most recent three severe recessions—the path of the unemployment rate in most cases will be specified so as to raise the unemployment rate to at least 10 percent.

b. This methodology is intended to generate scenarios that feature stressful outcomes but do not induce greater procyclicality in the financial system and macroeconomy. When the economy is in the early stages of a recovery, the unemployment rate in a baseline scenario generally trends downward, resulting in a larger difference between the path of the unemployment rate in the severely adverse scenario...
Federal Reserve System

Pt. 252, App. A

and the baseline scenario and a severely adverse scenario that is relatively more intense. Conversely, in a sustained strong expansion—when the unemployment rate may be below the level consistent with full employment—the unemployment in a baseline scenario generally trends upward, resulting in a smaller difference between the path of the unemployment rate in the severely adverse scenario and the baseline scenario and a severely adverse scenario that is relatively less intense. Historically, a 3 to 5 percentage point increase in unemployment rate is reflective of stressful conditions. As illustrated in Table 1, over the last half-century, the U.S. economy has experienced four severe post-war recessions. In all four of these recessions the unemployment rate increased 3 to 5 percentage points and in the three most recent of these recessions the unemployment rate reached a level between 9 percent and 11 percent.

c. Under this method, if the initial unemployment rate were low—as it would be after a sustained long expansion—the unemployment rate in the scenario would increase to a level as high as what has been seen in past severe recessions. However, if the initial unemployment rate were already high—as would be the case in the early stages of a recovery—the unemployment rate would exhibit a change as large as what has been seen in past severe recessions.

d. The Board believes that the typical increase in the unemployment rate in the severely adverse scenario will be about 4 percentage points. However, the Board will calibrate the increase in unemployment based on its views of the status of cyclical systemic risk. The Board intends to set the unemployment rate at the higher end of the range if the Board believed that cyclical systemic risks were high (as it would be after a sustained long expansion), and to the lower end of the range if cyclical systemic risks were low (as it would be in the earlier stages of a recovery). This may result in a scenario that is slightly more intense than normal if the Board believed that cyclical systemic risks were increasing in a period of robust expansion. Conversely, it will allow the Board to specify a scenario that is slightly less intense than normal in an environment where systemic risks appeared subdued, such as in the early stages of an expansion. However, even at the lower end of the range of unemployment-rate increases, the scenario will still feature an increase in the unemployment rate similar to what has been seen in about half of the severe recessions of the last 50 years.

e. As indicated previously, if a 3 to 5 percentage point increase in the unemployment rate does not raise the unemployment rate to 10 percent—the average level to which it has increased in the most recent three severe recessions—the path of the unemployment rate will be specified so as to raise the unemployment rate to 10 percent. Setting a floor for the unemployment rate at 10 percent recognizes the fact that not only do cyclical systemic risks build up at financial intermediaries during robust expansions but that these risks are also easily obscured by the buoyant environment.

f. In setting the increase in the unemployment rate, the Board will consider the extent to which analysis by economists, supervisors, and financial market experts finds cyclical systemic risks to be elevated (but difficult to be captured more precisely in one of the scenario’s other variables). In addition, the Board—in light of impending shocks to the economy and financial system—will also take into consideration the extent to which a scenario of some increased severity might be necessary for the results of the stress test and the associated supervisory actions to sustain confidence in financial institutions.

g. While the approach to specifying the severely adverse scenario is designed to avoid adding sources of procyclicality to the financial system, it is not designed to explicitly offset any existing procyclical tendencies in the financial system. The purpose of the stress test scenarios is to make sure that the companies are properly capitalized to withstand severe economic and financial conditions, not to serve as an explicit counter-cyclical offset to the financial system.

h. In developing the approach to the unemployment rate, the Board also considered a method that would increase the unemployment rate to some fairly elevated fixed level over the course of 6 to 8 quarters. This will result in scenarios being more severe in robust expansions (when the unemployment rate is low) and less severe in the early stages of a recovery (when the unemployment rate is high) and so would not result in pro-cyclical. Depending on the initial level of the unemployment rate, this approach could lead to only a very modest increase in the unemployment rate—or even a decline. As a result, this approach—while not procyclical—could result in scenarios not featuring stressful macroeconomic outcomes.

4.2.3 Setting the Other Variables in the Severely Adverse Scenario

a. Generally, all other variables in the severely adverse scenario will be specified to be consistent with the increase in the unemployment rate. The approach for specifying the paths of these variables in the scenario

447
will be a combination of (1) how economic models suggest that these variables should evolve given the path of the unemployment rate, (2) how these variables have typically evolved in past U.S. recessions, and (3) an evaluation of these and other factors.

b. Economic models—such as medium-scale macroeconomic models—should be able to generate plausible paths consistent with the unemployment rate for a number of scenario variables, such as real GDP growth, CPI inflation and short-term interest rates, which have relatively stable (direct or indirect) relationships with the unemployment rate (e.g., Okun’s Law, the Phillips Curve, and interest rate feedback rules). For some other variables, specifying their paths will require a case-by-case consideration. For example, declining house prices, which are an important source of stress to a company’s balance sheet, are not a steadfast feature of recessions, and the historical relationship of house prices with the unemployment rate or any other variable that deteriorates in recessions is not strong. Simply adopting their typical path in a severe recession would likely underestimate risks stemming from the housing sector. In this case, some modified approach—in which perhaps recessions in which house prices declined were judgmentally weighted more heavily—will be appropriate.

c. In addition, judgment is necessary in projecting the path of a scenario’s international variables. Recessions that occur simultaneously across countries are an important source of stress to the balance sheets of companies with notable international exposures but are not an invariable feature of the international economy. As a result, simply adopting the typical path of international variables in a severe U.S. recession would likely underestimate the risks stemming from the international economy. Consequently, an approach like that used for projecting house prices is followed where judgment and economic models together inform the path of international variables.

4.2.4 Adding Salient Risks to the Severely Adverse Scenario

a. The severely adverse scenario will be developed to reflect specific risks to the economic and financial outlook that are especially salient but will feature minimally in the scenario if the Board were only to use approaches that looked to past recessions or relied on historical relationships between variables.

b. There are some important instances when it will be appropriate to augment the recession approach with salient risks. For example, if an asset price were especially elevated and thus potentially vulnerable to an abrupt and potentially destabilizing decline, it would be appropriate to include such a decline in the scenario even if such a large drop were not typical in a severe recession. Likewise, if economic developments abroad were particularly unfavorable, assuming a weakening in international conditions larger than what typically occurs in severe U.S. recessions would likely also be appropriate.

c. Clearly, while the recession component of the severely adverse scenario is within some predictable range, the salient risk aspect of the scenario is far less so, and therefore, needs an annual assessment. Each year, the Board will identify the risks to the financial system and the domestic and international economic outlooks that appear more elevated than usual, using its internal analysis and supervisory information and in consultation with the Federal Deposit Insurance Corporation (FDIC) and the Office of the Comptroller of the Currency (OCC). Using the same information, the Board will then calibrate the paths of the macroeconomic and financial variables in the scenario to reflect these risks.

d. Detecting risks that have the potential to weaken the banking sector is particularly difficult when economic conditions are buoyant, as a boom can obscure the weaknesses present in the system. In sustained robust expansions, therefore, the selection of salient risks to augment the scenario will err on the side of including risks of uncertain significance.

e. The Board will factor in particular risks to the domestic and international macroeconomic outlook identified by its economists, bank supervisors, and financial market experts and make appropriate adjustments to the paths of specific economic variables. These adjustments will not be reflected in the general severity of the recession and, thus, all macroeconomic variables; rather, the adjustments will apply to a subset of variables to reflect co-movements in these variables that are historically less typical. The Board plans to discuss the motivation for these adjustments that it makes to variables to highlight systemic risk in the narrative describing the scenarios.17

17The means of effecting an adjustment to the severely adverse scenario to address salient systemic risks differs from the means used to adjust the unemployment rate. For example, in adjusting the scenario for an increased unemployment rate, the Board may modify all variables such that the future paths of the variables are similar to how these variables have moved historically. In contrast, to address salient risks, the Board may only modify a small number of variables in the scenario and, as such, their future paths in the scenario would be somewhat more atypical, albeit not implausible, given existing risks.
4.3 Approach for Formulating Macroeconomic
Assumptions in the Adverse Scenario

a. The adverse scenario can be developed in a number of different ways, and the selected approach will depend on a number of factors, including how the Board intends to use the results of the adverse scenario. Generally, the Board believes that the companies should consider multiple adverse scenarios for their internal capital planning purposes, and likewise, it is appropriate that the Board consider more than one adverse scenario to assess a company’s ability to withstand stress. Accordingly, the Board does not identify a single approach for specifying the adverse scenario. Rather, the adverse scenario will be formulated according to one of the possibilities listed below. The Board may vary the approach it uses for the adverse scenario each year so that the results of the scenario provide the most value to supervisors, in light of current condition of the economy and the financial services industry.

b. The simplest method to specify the adverse scenario is to develop a less severe version of the severely adverse scenario. For example, the adverse scenario could be formulated such that the deviations of the paths of the variables relative to the baseline were simply one-half of or two-thirds of the deviations of the paths of the variables relative to the baseline in the severely adverse scenario. A priori, specifying the adverse scenario in this way may appear unlikely to provide the greatest possible informational value to supervisors—given that it is just a less severe version of the severely adverse scenario. However, to the extent that the effect of macroeconomic variables on company loss positions and incomes are nonlinear, there could be potential value from this approach.

c. Another method to specify the adverse scenario is to capture risks in the adverse scenario that the Board believes should be understood better or should be monitored, but does not believe should be included in the severely adverse scenario, perhaps because these risks would render the scenario implausibly severe. For instance, the adverse scenario could feature sizable increases in oil or natural gas prices or shifts in the yield curve that are atypical in a recession. The adverse scenario might also feature less acute, but still consequential, adverse outcomes, such as a disruptive slowdown in growth from emerging-market economies.

d. Under the Board’s stress test rules, covered companies are required to develop their own scenarios for mid-cycle company-run stress tests.19 A particular combination of risks included in these scenarios may inform the design of the adverse scenario for annual stress tests. In this same vein, another possibility would be to use modified versions of the circumstances that companies describe in their living wills as being able to cause their failures.

e. It might also be informative to periodically use a stable adverse scenario, at least for a few consecutive years. Even if the scenario used for the stress test does not change over the credit cycle, if companies tighten and relax lending standards over the cycle, their loss rates under the adverse scenario—and indirectly the projected changes to capital—would decrease and increase, respectively. A consistent scenario would allow the direct observation of how capital fluctuates to reflect growing cyclical risks.

f. The Board may consider specifying the adverse scenario using the probabilistic approach described in section 4.2.1 (that is, with a specified lower probability of occurring than the severely adverse scenario but a greater probability of occurring than the baseline scenario). The approach has some intuitive appeal despite its shortcomings. For example, using this approach for the adverse scenario could allow the Board to explore an alternative approach to develop stress testing scenarios and their effect on a company’s net income and capital.

g. Finally, the Board could design the adverse scenario based on a menu of historical experiences—such as, a moderate recession (e.g., the 1990–1991 recession); a stagflation event (e.g., stagflation during 1974); an emerging markets crisis (e.g., the Asian currency crisis of 1997–1998); an oil price shock (e.g., the shock during the run up to the 1990–1991 recession); or high inflation shock (e.g., the inflation pressures of 1977–1979). The Board believes these are important stresses that should be understood; however, there may be notable benefits from formulating the adverse scenario following other approaches—specifically, those described previously in this section—and consequently the Board does not believe that the adverse scenario should be limited to historical episodes only.

h. With the exception of cases in which the probabilistic approach is used to generate the adverse scenario, the adverse scenario will at a minimum contain a mild to moderate recession. This is because most of the value from investigating the implications of the risks described above is likely to be obtained from considering them in the context of balance sheets of companies that are under some stress.

19 For example, in the context of CCAR, the Board currently uses the adverse scenario as one consideration in evaluating a bank holding company’s capital adequacy.

5. APPROACH FOR FORMULATING THE MARKET SHOCK COMPONENT

a. This section discusses the approach the Board proposes to adopt for developing the market shock component of the adverse and severely adverse scenarios appropriate for companies with significant trading activities. The design and specification of the market shock component differs from that of the macroeconomic scenarios because profits and losses from trading are measured in mark-to-market terms, while revenues and losses from traditional banking are generally measured using the accrual method. As noted above, another critical difference is the time-evolution of the market shock component. The market shock component consists of an instantaneous “shock” to a large number of risk factors that determine the mark-to-market value of trading positions, while the macroeconomic scenarios supply a projected path of economic variables that affect traditional banking activities over the entire planning period.

b. The development of the market shock component that are detailed in this section are as follows: baseline (subsection 5.1), severely adverse (subsection 5.2), and adverse (subsection 5.3).

5.1. Approach for Formulating the Market Shock Component Under the Baseline Scenario

By definition, market shocks are large, previously unanticipated moves in asset prices and rates. Because asset prices should, broadly speaking, reflect consensus opinions about the future evolution of the economy, large price movements, as envisioned in the market shock, should not occur along the baseline path. As a result, the market shock will not be included in the baseline scenario.

5.2. Approach for Formulating the Market Shock Component Under the Severely Adverse Scenario

This section addresses possible approaches to designing the market shock component in the severely adverse scenario, including important considerations for scenario design, possible approaches to designing scenarios, and a development strategy for implementing the preferred approach.

5.2.1 Design Considerations for Market Shocks

a. The general market practice for stress testing a trading portfolio is to specify market shocks either in terms of extreme moves in observable, broad market indicators and risk factors or directly as large changes to the mark-to-market values of financial instruments. These moves can be specified either in relative terms or absolute terms. Supplying values of risk factors after a “shock” is roughly equivalent to the macroeconomic scenarios, which supply values for a set of economic and financial variables; however, trading stress testing differs from macroeconomic stress testing in several critical ways.

b. In the past, the Board used one of two approaches to specify market shocks. During SCAP and CCAR in 2011, the Board used a very general approach to market shocks and required companies to stress their positions using changes in market prices and rates experienced during the second half of 2008, without specifying risk factor shocks. This broad guidance resulted in inconsistency across companies both in terms of the severity and the application of shocks. In certain areas, companies were permitted to use their own experience during the second half of 2008 to define shocks. This resulted in significant variation in shock severity across companies.

c. To enhance the consistency and comparability in market shocks for the stress tests in 2012 and 2013, the Board provided to each trading company more than 35,000 specific risk factor shocks, primarily based on market moves in the second half of 2008. While the number of risk factors used in companies’ pricing and stress-testing models still typically exceed that provided in the Board’s scenarios, the greater specificity resulted in more consistency in the scenario across companies. The benefit of the comprehensiveness of risk factor shocks is at least partly offset by potential difficulty in creating shocks that are coherent and internally consistent, particularly as the framework for developing market shocks deviates from historical events.

d. Also importantly, the ultimate losses associated with a given market shock will depend on a company’s trading positions, which can make it difficult to rank order, ex ante, the severity of the scenarios. In certain instances, market shocks that include large market moves may not be particularly stressful for a given company. Aligning the market shock with the macroeconomic scenario for consistency may result in certain companies actually benefitting from risk factor moves of larger magnitude in the market scenario if the companies are hedging against salient risks to other parts of their business. Thus, the severity of market shocks must be calibrated to take into account how a complex set of risks, such as directional risks and basis risks, interacts with each other, given the companies’ trading positions at the time of stress. For instance, a large depreciation in a foreign currency would benefit companies with net short positions in the currency while hurting those with net long positions. In addition, longer maturity positions may move differently from shorter maturity positions, adding further complexity.

e. The instantaneous nature of market shocks and the immediate recognition of
mark-to-market losses add another element to the design of market shocks, and to determining the appropriate severity of shocks. For instance, in previous stress tests, the Board assumed that market moves that occurred over the six-month period in late 2008 would occur instantaneously. The design of the market shocks must factor in appropriate considerations change over time as the companies' trading positions change, particularly if more salient risk factors that were not previously observed. In the supervisory scenarios for 2012 and 2013, the shocks were largely based on relative moves in asset prices and rates during the second half of 2008, but also included some additional considerations to factor in the widening of spreads for European sovereigns and financial companies based on actual observation during the latter part of 2011.

b. The developments in the credit markets during the second half of 2008 were unprecedented, providing a reasonable basis for market shocks in the severely adverse scenario. During this period, key risk factors in virtually all asset classes experienced extremely large shocks; the collective breadth and intensity of the moves have no parallels in modern financial history and, on that basis, it seems likely that this episode will continue to be the most relevant historical scenario, although experience during other historical episodes may also guide the severity of the market shock component of the severely adverse scenario. Moreover, the risk factor moves during this episode are directly consistent with the “recession” approach that underlies the macroeconomic assumptions. However, market shocks based only on historical events could become stale and less relevant over time as the company’s positions change, particularly if more salient features are not added each year.

c. While the market shocks based on the second half of 2008 are of unparalleled magnitude, the shocks may become less relevant over time as the companies’ trading positions change. In addition, more recent events could highlight the companies’ vulnerability.
to certain market events. For example, in 2011, Eurozone credit spreads in the sovereign and financial sectors surpassed those observed during the second half of 2008, necessitating the modification of the severely adverse market shock in 2012 and 2013 to reflect a salient source of stress to trading positions. As a result, it is important to incorporate both historical and hypothetical outcomes, based on financial stability reports, supervisory information, and internal and external assessments of market risks and potential flash points. The hypothetical outcomes could originate from major geopolitical, economic, or financial market events with potentially significant impacts on market risk factors. The severity of these hypothetical moves will likely be guided by similar historical events, assumptions embedded in the companies’ internal stress tests or market participants, and other available information.

d. Once broad market scenarios are agreed upon, specific risk factor groups will be targeted as the source of the trading stress. For example, a scenario involving the failure of a large, interconnected globally active financial institution could begin with a sharp increase in credit default swap spreads and a precipitous decline in asset prices across multiple markets, as investors become more risk averse and market liquidity evaporates. These broad market movements will be extrapolated to the granular level for all risk factors by examining transmission channels and the historical relationships between variables, though in some cases, the movements in particular risk factors may be amplified based on theoretical relationships, market observations, or the saliency to company trading books. If there is a disagreement between the risk factor movements in the historical event used in the scenario and the hypothetical event, the Board will reconcile the differences by assessing a priori expectation based on financial and economic theory and the importance of the risk factors to the trading positions of the covered companies.

5.3 Approach for Formulating the Market Shock Under the Adverse Scenario

a. The market shock component included in the adverse scenario will feature risk factor movements that are significantly different from those included in the severely adverse scenario, in order to provide useful information to supervisors. As in the case of the macroeconomic scenario, the market shock component of the severely adverse scenario can be developed in a number of different ways.

b. The adverse scenario could be differentiated from the severely adverse scenario by the absolute size of the shock, the severity design process (e.g., historical events versus hypothetical events), or some other criteria.

The Board expects that as the market shock component of the adverse scenario may differ qualitatively from the market shock component of the severely adverse scenario, the results of adverse scenarios may be useful in identifying a particularly vulnerable area in a trading company’s positions.

c. There are several possibilities for the adverse scenario and the Board may use a different approach each year to better explore the vulnerabilities of companies with significant trading activity. One approach is to use a scenario based on some combination of historical events. This approach is similar to the one used for for the market shock in 2012, where the market shock component was largely based on the second half of 2008, but also included a number of risk factor shocks that reflected the significant widening of spreads for European sovereigns and financials in late 2011. This approach will provide some consistency each year and provide an internally consistent scenario with minimal implementation burden. Having a relatively consistent adverse scenario may be useful as it potentially serves as a benchmark against the results of the severely adverse scenario and can be compared to past stress tests.

d. Another approach is to have an adverse scenario that is identical to the severely adverse scenario, except that the shocks are smaller in magnitude (e.g., 100 basis points for adverse versus 200 basis points for severely adverse). This “scaling approach” generally fits well with an intuitive interpretation of “adverse” and “severely adverse.” Moreover, since the nature of the moves will be identical between the two classes of scenarios, there will be at least directional consistency in the risk factor inputs between scenarios. While under this approach the adverse scenario will be superficially identical to the severely adverse, the logic underlying the severely adverse scenario may not be applicable. For example, if the severely adverse scenario was based on a historical scenario, the same could not be said of the adverse scenario. It is also remains possible, although unlikely, that a scaled adverse scenario actually will result in greater losses, for some companies, than the severely adverse scenario with similar moves of greater magnitude. For example, if some companies are hedging against tail outcomes then the more extreme trading book dollar losses may not correspond to the most extreme market.
moves. The market shock component of the adverse scenario in 2013 was largely based on the scaling approach where a majority of risk factor shocks were smaller in magnitude than the severely adverse scenario, but it also featured long-term interest rate shocks that were not part of the severely adverse market shock.

e. Alternatively, the market shock component of an adverse scenario could differ substantially from the severely adverse scenario with respect to the sizes and nature of the shocks. Under this approach, the market shock component could be constructed using some combination of historical and hypothetical events, similar to the severely adverse scenario. As a result, the market shock component of the adverse scenario could be viewed as an alternative to the severely adverse scenario and, therefore, it is possible that the adverse scenario could have larger losses for some companies than the severely adverse scenario.

f. Finally, the design of the adverse scenario for annual stress tests could be informed by the companies’ own trading scenarios used for their BHC-designed scenarios in CCAR and in their mid-cycle company-run stress tests.20

6. CONSISTENCY BETWEEN THE MACROECONOMIC SCENARIOS AND THE MARKET SHOCK

a. As discussed earlier, the market shock comprises a set of movements in a very large number of risk factors that are realized instantaneously. Among the risk factors specified in the market shock are several variables also specified in the macroeconomic scenarios, such as short- and long-maturity interest rates on Treasury and corporate debt, the level and volatility of U.S. stock prices, and exchange rates.

b. The market shock component is an addition to the macroeconomic scenarios that is applied to a subset of companies, with no assumed effect on other aspects of the stress tests such as balances, revenues, or other losses. As a result, the market shock component may not be always directionally consistent with the macroeconomic scenario. Because the market shock is designed, in part, to mimic the effects of a sudden market dislocation, while the macroeconomic scenarios are designed to provide a description of the evolution of the real economy over two or more years, assumed economic conditions can move in significantly different ways. In effect, the market shock can simulate a market panic, during which financial asset prices move rapidly in unexpected directions, and the macroeconomic assumptions can simulate the severe recession that follows. Indeed, the pattern of a financial crisis, characterized by a short period of wild swings in asset prices followed by a prolonged period of moribund activity, and a subsequent severe recession is familiar and plausible.

c. As discussed in section 4.2.4, the Board may feature a particularly salient risk in the macroeconomic assumptions for the severely adverse scenario, such as a fall in an elevated asset price. In such instances, the Board may also seek to reflect the same risk in one of the market shocks. For example, if the macroeconomic scenario were to feature a substantial decline in house prices, it may seem plausible for the market shock to also feature a significant decline in market values of any securities that are closely tied to the housing sector or residential mortgages.

d. In addition, as discussed in section 4.3, the Board may specify the macroeconomic assumptions in the adverse scenario in such a way as to explore risks qualitatively different from those in the severely adverse scenario. Depending on the nature and type of such risks, the Board may also seek to reflect these risks in one of the market shocks as appropriate.

7. TIMELINE FOR SCENARIO PUBLICATION

a. The Board will provide a description of the macroeconomic scenarios by no later than November 15, 2014 (for the stress test cycle beginning on October 1, 2014) and no later than February 15 (for each stress test cycle beginning thereafter). During the period immediately preceding the publication of the scenarios, the Board will collect and consider information from academics, professional forecasters, international organizations, domestic and foreign supervisors, and other private-sector analysts that regularly conduct stress tests based on U.S. and global economic and financial scenarios, including analysts at the covered companies. In addition, the Board will consult with the FDIC and the OCC on the salient risks to be considered in the scenarios. For the stress test cycle beginning on October 1, 2014, the Board expects to conduct this process in July and August of 2014 and to update the scenarios based on incoming macroeconomic data releases and other information through the end of October. For each stress test cycle beginning thereafter, the Board expects to conduct this process in October and November of each year and to update the scenarios based on incoming macroeconomic data releases and other information through the end of January.

b. The Board expects to provide a broad overview of the market shock component along with the macroeconomic scenarios. The Board will publish the market shock templates by no later than December 1 of each year, and intends to publish the market shock earlier in the stress test and capital plan cycles to allow companies more time to conduct their stress tests.

(e) Duplication refers to the process of making a copy of a document in response to a request for disclosure of records or for inspection of original records that contain exempt material or that otherwise cannot be inspected directly. Among others, such copies may take the form of paper, microform, audiovisual materials, or machine-readable documentation (e.g., magnetic tape or disk).

(f) Educational institution refers to a preschool, a public or private elementary or secondary school, or an institution of undergraduate higher education, graduate higher education, professional education, or an institution of vocational education, which operates a program of scholarly research.

(g) Exempt information means information that is exempt from disclosure under §261.14.

(h) Noncommercial scientific institution refers to an institution that is not operated on a “commercial” basis (as that term is used in this section) and that is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(i)(1) Records of the Board include:

(i) In written form, or in nonwritten or machine-readable form; all information coming into the possession and under the control of the Board, any Board member, any Federal Reserve Bank, or any officer, employee, or agent of the Board or of any Federal Reserve Bank, in the performance of functions for or on behalf of the Board that constitute part of the Board’s official files; or

(n)(1) Search means a reasonable search, by manual or automated means, of the Board’s official files and any other files containing Board records as seem reasonably likely in the particular circumstances to contain information of the kind requested. For purposes of computing fees under § 261.17, search time includes all time spent looking for material that is responsive to a request, including line-by-line identification of material within documents. Such activity is distinct from “review” of material to determine whether the material is exempt from disclosure.

(2) Search does not mean or include research, creation of any document, or extensive modification of an existing program or system that would significantly interfere with the operation of the Board’s automated information systems.

(o) Supervised financial institution includes a bank, bank holding company (including subsidiaries), savings and loan holding company (including non-depository subsidiaries), U.S. branch or agency of a foreign bank, or any other institution that is supervised by the Board.

(b) Board’s Reports to Congress. The Board’s annual report to Congress pursuant to the Federal Reserve Act (12 U.S.C. 247), which is made public upon its submission to Congress, contains a full account of the Board’s operations during the year, the policy actions by the Federal Open Market Committee, an economic review of the year, and legislative recommendations to Congress. The Board also makes periodic reports to Congress under certain statutes, including but not limited to the Freedom of Information Act (5 U.S.C. 552); the Government in the Sunshine Act (5 U.S.C. 552b); the Full Employment and Balanced Growth Act of 1978 (12 U.S.C. 225a); and the Privacy Act (5 U.S.C. 552a).

(c) Federal Reserve Bulletin. This publication is issued monthly and contains economic and statistical information, articles relating to the economy or Board activities, and descriptions of recent actions by the Board.

(d) Other published information. Among other things, the Board publishes the following information:

(1) Weekly publications. The Board issues the following publications weekly:

(i) A statement showing the condition of each Federal Reserve Bank and a consolidated statement of the condition of all Federal Reserve Banks, pursuant to 12 U.S.C. 248(a);
(ii) An index of applications received and the actions taken on the applications, as well as other matters issued, adopted, or promulgated by the Board; and
(iii) A statement showing changes in the structure of the banking industry resulting from mergers and the establishment of branches.

(2) Press releases. The Board frequently issues statements to the press and public regarding monetary and credit actions, regulatory actions, actions taken on certain types of applications, and other matters.

(3) Call Report and other data. Certain data from Reports of Condition and Income submitted to the Board are available through the National Technical Information Service and may be obtained by the procedure described in §261.11(c)(2).

(4) Federal Reserve Regulatory Service. This is a multivolume looseleaf service published by the Board, containing statutes, regulations, interpretations, rulings, staff opinions, and procedural rules under which the Board operates. Portions of the service are also published as separate looseleaf handbooks relating to consumer and community affairs, monetary policy and reserve requirements, payments systems, and securities credit transactions. The service and each handbook contain subject and citation indexes, are updated monthly, and may be subscribed to on a yearly basis.

(e) Index to Board actions. The Board’s Freedom of Information Office maintains an index to Board actions, which is updated weekly and provides identifying information about any matters issued, adopted, and promulgated by the Board since July 4, 1967. Copies of
the index may be obtained upon request to the Freedom of Information Office subject to the current schedule of fees in §261.17.  

(f) Obtaining Board publications. The Publications Services Section maintains a list of Board publications that are available to the public. In addition, a partial list of publications is published in the Federal Reserve Bulletin. All publications issued by the Board, including available back issues, may be obtained from Publications Services, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue, N.W., Washington, D.C. 20551 (pedestrian entrance is on C Street, N.W.). Subscription or other charges may apply to some publications.

§261.12 Records available to public upon request.

(a) Types of records made available. All records of the Board that are not available under §§261.10 and 261.11 shall be made available upon request, pursuant to the procedures and exceptions in this Subpart B.

(b) Procedures for requesting records. (1) A request for identifiable records shall reasonably describe the records in a way that enables the Board’s staff to identify and produce the records with reasonable effort and without unduly burdening or significantly interfering with any of the Board’s operations.

§ 261.13 Processing requests.

(a) Receipt of requests. Upon receipt of any request that satisfies §261.12(b), the Freedom of Information Office shall assign the request to the appropriate processing schedule, pursuant to paragraph (b) of this section. The date of receipt for any request, including one that is addressed incorrectly or that is referred to the Board by another agency or by a Federal Reserve Bank, is the date the Freedom of Information Office actually receives the request.

(b) Multitrack processing. (1) The Board provides different levels of processing for categories of requests under this section. Requests for records that are readily identifiable by the Freedom of Information Office and that have already been cleared for public release may qualify for fast-track processing. All other requests shall be handled under normal processing procedures, unless expedited processing has been granted pursuant to paragraph (c)(2) of this section.

(2) The Freedom of Information Office will make the determination whether a request qualifies for fast-track processing. A requester may contact the Freedom of Information Office to learn whether a particular request has been assigned to fast-track processing. If the request has not qualified for fast-track processing, the requester will be given an opportunity to limit the request in order to qualify for fast-track processing. Limitations of requests must be in writing.

(c) Expedited processing. When a person requesting expedited access to records has demonstrated a compelling need for the records, or when the Board has determined to expedite the response, the Board shall process the request as soon as practicable.

(1) To demonstrate a compelling need for expedited processing, the requester shall provide a certified statement, a sample of which may be obtained from the Freedom of Information Office. The statement, which must be certified to be true and correct to the best of the requester’s knowledge and belief, shall demonstrate that:

(i) The failure to obtain the records on an expedited basis could reasonably be expected to pose an imminent threat...
Federal Reserve System § 261.13

(2) In response to a request for expedited processing, the Secretary shall notify a requester of the determination within ten calendar days of receipt of the request. If the Secretary denies a request for expedited processing, the requester may file an appeal pursuant to the procedures set forth in paragraph (i) of this section, and the Board shall respond to the appeal within ten working days after the appeal was received by the Board.

(d) Priority of responses. The Secretary will assign responsible staff to process particular requests. The Freedom of Information Office will normally process requests in the order they are received in the separate processing tracks, except when expedited processing is granted. However, in the Secretary’s discretion, or upon a court order in a matter to which the Board is a party, a particular request may be processed out of turn.

(e) Time limits. The time for response to requests shall be 20 working days, except:

(1) In the case of expedited treatment under paragraph (c) of this section;

(2) Where the running of such time is suspended for payment of fees pursuant to §261.17(b)(2);

(3) In unusual circumstances, as defined in 5 U.S.C. 552(a)(6)(B). In such circumstances, the time limit may be extended for a period of time not to exceed:

(i) 10 working days as provided by written notice to the requester, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched; or

(ii) Such alternative time period as mutually agreed to by the Freedom of Information Office and the requester when the Freedom of Information Office notifies the requester that the request cannot be processed in the specified time limit.

(f) Response to request. In response to a request that satisfies §261.12(b), an appropriate search shall be conducted of records of the Board in existence on the date of receipt of the request, and a review made of any responsive information located. The Secretary shall notify the requester of:

(1) The Board’s determination of the request;

(2) The reasons for the determination;

(3) The amount of information withheld;

(4) The right of the requester to appeal to the Board any denial or partial denial, as specified in paragraph (i) of this section; and

(5) In the case of a denial of a request, the name and title or position of the person responsible for the denial.

(g) Referral to another agency. To the extent a request covers documents that were created by, obtained from, or classified by another agency, the Board may refer the request to that agency for a response and inform the requester promptly of the referral.

(h) Providing responsive records. (1) Copies of requested records shall be sent to the requester by regular U.S. mail to the address indicated in the request, unless the requester elects to take delivery of the documents at the Freedom of Information Office or makes other acceptable arrangements, or the Board deems it appropriate to send the documents by another means.

(2) The Board shall provide a copy of the record in any form or format requested if the record is readily reproducible by the Board in that form or format, but the Board need not provide more than one copy of any record to a requester.

(i) Appeal of denial of request. Any person denied access to Board records requested under §261.12 may file a written appeal with the Board, as follows:

(1) The appeal shall prominently display the phrase FREEDOM OF INFORMATION ACT APPEAL on the first page, and shall be addressed to the Freedom of Information Office, Board of Governors of the Federal Reserve System, 20th & C Street, N.W., Washington, D.C. 20551; or sent by facsimile to the Freedom of Information Office, (202) 872–7562 or 7565.

(2) An initial request for records may not be combined in the same letter with an appeal.
§ 261.14 Exemptions from disclosure.

(a) Types of records exempt from disclosure. Pursuant to 5 U.S.C. 552(b), the following records of the Board are exempt from disclosure under this part:

(1) National defense. Any information that is specifically authorized under criteria established by an Executive Order to be kept secret in the interest of national defense or foreign policy and is in fact properly classified pursuant to the Executive Order.

(2) Internal personnel rules and practices. Any information related solely to the internal personnel rules and practices of the Board.

(3) Statutory exemption. Any information specifically exempted from disclosure by statute (other than 5 U.S.C. 552(b)), if the statute:

(i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue; or

(ii) Establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(4) Trade secrets; commercial or financial information. Any matter that is a trade secret or that constitutes commercial or financial information obtained from a person and that is privileged or confidential.

(5) Inter- or intra-agency memorandums. Information contained in inter- or intra-agency memorandums or letters that would not be available by law to a party (other than an agency) in litigation with an agency, including, but not limited to:

(i) Memorandums;

(ii) Reports;

(iii) Other documents prepared by the staffs of the Board, Federal Reserve Banks, or the Office of Thrift Supervision (including documents transferred to the Board pursuant to section 323(b)(2) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (12 U.S.C. 5433)); and

(iv) Records of deliberations of the Board and of discussions at meetings of the Board, any Board committee, or Board staff, that are not subject to 5 U.S.C. 552b (the Government in the Sunshine Act).

(6) Personnel and medical files. Any information contained in personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

(7) Information compiled for law enforcement purposes. Any records or information compiled for law enforcement purposes, to the extent permitted under 5 U.S.C. 552(b)(7); including information relating to administrative enforcement proceedings of the Board.

(8) Examination, inspection, operating, or condition reports, and confidential supervisory information. Any matter that is contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions, including a state financial institution supervisory agency.

(b) Segregation of nonexempt information. The Board shall provide any reasonably segregable portion of a record that is requested after deleting those portions that are exempt under this section.

(c) Discretionary release. (1) Except where disclosure is expressly prohibited by statute, regulation, or order, the Board may release records that are exempt from mandatory disclosure.
§ 261.15 Request for confidential treatment.

(a) Submission of request. Any submitter of information to the Board who desires confidential treatment pursuant to 5 U.S.C. 552(b)(4) and §261.14 (a)(4) shall file a request for confidential treatment with the Board (or in the case of documents filed with a Federal Reserve Bank, with that Federal Reserve Bank) at the time the information is submitted or a reasonable time after submission.

(b) Form of request. Each request for confidential treatment shall state in reasonable detail the facts supporting the request and its legal justification. Conclusory statements that release of the information would cause competitive harm generally will not be considered sufficient to justify confidential treatment.

(c) Designation and separation of confidential material. All information considered confidential by a submitter shall be clearly designated CONFIDENTIAL in the submission and separated from information for which confidential treatment is not requested. Failure to segregate confidential information from other material may result in release of the nonsegregated material to the public without notice to the submitter.

(d) Exceptions. This section does not apply to:

(1) Data collected on forms that are approved pursuant to the Paperwork Reduction Act (44 U.S.C. 3501 et seq.) and are deemed confidential by the Board. Any such form deemed confidential by the Board shall so indicate on the face of the form or in its instructions. The data may, however, be disclosed in aggregate form in such a manner that individual company data is not disclosed or derivable.

(2) Any comments submitted by a member of the public on applications and regulatory proposals being considered by the Board, unless the Board or the Secretary determines that confidential treatment is warranted.
§261.16 Request for access to confidential commercial or financial information.

(a) Request for confidential information. A request by a submitter for confidential treatment of any information shall be considered in connection with a request for access to that information. At their discretion, appropriate Board or staff members (including Federal Reserve Bank staff) may act on the request for confidentiality prior to any request for access to the documents.

(b) Notice to the submitter. When a request for access is received pursuant to the Freedom of Information Act (5 U.S.C. 552):

(1) The Secretary shall notify a submitter of the request, if:

(i) The submitter requested confidential treatment of the information pursuant to 5 U.S.C. 552(b)(4); and

(ii) The request by the submitter for confidential treatment was made within 10 years preceding the date of the request for access.

(2) Absent a request for confidential treatment, the Secretary may notify a submitter of a request for access to information provided by the submitter if the Secretary reasonably believes that disclosure of the information may cause substantial competitive harm to the submitter.

(3) The notice given to the submitter shall:

(i) Be given as soon as practicable after receipt of the request for access;

(ii) Describe the request; and

(iii) Give the submitter a reasonable opportunity, not to exceed ten working days from the date of notice, to submit written objections to disclosure of the information.

c) Exceptions to notice to submitter. Notice to the submitter need not be given if:

(1) The Secretary determines that the request for access should be denied;

(2) The requested information lawfully has been made available to the public;

(3) Disclosure of the information is required by law (other than 5 U.S.C. 552); or

(4) The submitter’s claim of confidentiality under 5 U.S.C. 552(b)(4) appears obviously frivolous or has already been denied by the Secretary, except that in this last instance the Secretary shall give the submitter written notice of the determination to disclose the information at least five working days prior to disclosure.

d) Notice to requester. At the same time the Secretary notifies the submitter, the Secretary also shall notify the requester that the request is subject to the provisions of this section.

e) Written objections by submitter. Upon receipt of notice of a request for access to its information, the submitter may provide written objections to release of the information. Such objections shall state whether the information was provided voluntarily or involuntarily to the Board.

(1) If the information was voluntarily provided to the Board, the submitter shall provide detailed facts showing that the information is customarily withheld from the public.

(2) If the information was not provided voluntarily to the Board, the submitter shall provide detailed facts and arguments showing:

(i) The likelihood of substantial harm that would be caused to the submitter’s competitive position; or

(ii) That release of the information would impair the Board’s ability to obtain necessary information in the future.

(f) Determination by Secretary. The Secretary’s determination whether or not to disclose any information for which confidential treatment has been requested pursuant to this section shall be communicated to the submitter and the requester immediately. If the Secretary determines to disclose the information the submitter has objected to such disclosure pursuant to
paragraph (e) of this section, the Secretary shall provide the submitter with the reasons for disclosure, and shall delay disclosure for ten working days from the date of the determination.

(g) Notice of lawsuit. (1) The Secretary shall promptly notify any submitter of information covered by this section of the filing of any suit against the Board to compel disclosure of such information.

(2) The Secretary shall promptly notify the requester of any suit filed against the Board to enjoin the disclosure of any documents requested by the requester.

§ 261.17 Fee schedules; waiver of fees.

(a) Fee schedules. The fees applicable to a request for records pursuant to §§ 261.11 and 261.12 are set forth in appendix A to this section. These fees cover only the full allowable direct costs of search, duplication, and review. No fees will be charged where the average cost of collecting the fee (calculated at $5.00) exceeds the amount of the fee.

(b) Payment procedures. The Secretary may assume that a person requesting records pursuant to § 261.12 will pay the applicable fees, unless the request includes a limitation on fees to be paid or seeks a waiver or reduction of fees pursuant to paragraph (f) of this section.

(1) Advance notification of fees. If the estimated charges are likely to exceed $100, the Freedom of Information Office shall notify the requester of the estimated amount, unless the requester has indicated a willingness to pay fees as high as those anticipated. Upon receipt of such notice, the requester may confer with the Freedom of Information Office to lower the costs. The time period for responding to requests under § 261.13(e), and the processing of the request will be suspended until the Freedom of Information Office receives the required payment.

(3) Late charges. The Secretary may assess interest charges when fee payment is not made within 30 days of the date on which the billing was sent. Interest is at the rate prescribed in 31 U.S.C. 3717 and accrues from the date of the billing.

(c) Categories of uses. The fees assessed depend upon the intended use for the records requested. In determining which category is appropriate, the Secretary shall look to the intended use set forth in the request for records. Where a requester’s description of the use is insufficient to make a determination, the Secretary may seek additional clarification before categorizing the request.

(1) Commercial use. The fees for search, duplication, and review apply when records are requested for commercial use.

(2) Educational, research, or media use. The fees for duplication apply when records are not sought for commercial use, and the requester is a representative of the news media or an educational or noncommercial scientific institution, whose purpose is scholarly or scientific research. The first 100 pages of duplication, however, will be provided free.

(3) All other uses. For all other requests, the fees for document search and duplication apply. The first two hours of search time and the first 100 pages of duplication, however, will be provided free.

(d) Nonproductive search. Fees for search and review may be charged even if no responsive documents are located or if the request is denied.

(e) Aggregated requests. A requester may not file multiple requests at the same time, solely in order to avoid payment of fees. If the Secretary reasonably believes that a requester is separating a request into a series of requests for the purpose of evading the assessment of fees, the Secretary may aggregate any such requests and charge accordingly. It is considered reasonable for the Secretary to presume that multiple requests of this type made within a 30-day period have been made to avoid fees.
(f) Waiver or reduction of fees. A request for a waiver or reduction of the fees, and the justification for the waiver, shall be included with the request for records to which it pertains. If a waiver is requested and the requester has not indicated in writing an agreement to pay the applicable fees if the waiver request is denied, the time for response to the request for documents, as set forth in §261.13(e), shall not begin until a waiver has been granted; or if the waiver is denied, until the requester has agreed to pay the applicable fees.

(1) Standards for determining waiver or reduction. The Secretary shall grant a waiver or reduction of fees where it is determined both that disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operation or activities of the government, and that the disclosure of information is not primarily in the commercial interest of the requester. In making this determination, the following factors shall be considered:

(i) Whether the subject of the records concerns the operations or activities of the government;
(ii) Whether disclosure of the information is likely to contribute significantly to public understanding of government operations or activities;
(iii) Whether the requester has the intention and ability to disseminate the information to the public;
(iv) Whether the information is already in the public domain;
(v) Whether the requester has a commercial interest that would be furthered by the disclosure; and, if so,
(vi) Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is primarily in the commercial interest of the requester;

(2) Contents of request for waiver. A request for a waiver or reduction of fees shall include:

(i) A clear statement of the requester’s interest in the documents;
(ii) The use proposed for the documents and whether the requester will derive income or other benefit for such use;
(iii) A statement of how the public will benefit from such use and from the Board’s release of the documents;
(iv) A description of the method by which the information will be disseminated to the public; and
(v) If specialized use of the information is contemplated, a statement of the requester’s qualifications that are relevant to that use.

(3) Burden of proof. The burden shall be on the requester to present evidence or information in support of a request for a waiver or reduction of fees.

(4) Determination by Secretary. The Secretary shall make a determination on the request for a waiver or reduction of fees and shall notify the requester accordingly. A denial may be appealed to the Board in accordance with §261.13(i).

(g) Employee requests. In connection with any request by an employee, former employee, or applicant for employment, for records for use in prosecuting a grievance or complaint of discrimination against the Board, fees shall be waived where the total charges (including charges for information provided under the Privacy Act of 1974 (5 U.S.C. 552a) are $50 or less; but the Secretary may waive fees in excess of that amount.

(h) Special services. The Secretary may agree to provide, and set fees to recover the costs of, special services not covered by the Freedom of Information Act, such as certifying records or information and sending records by special methods such as express mail or overnight delivery.

§ 261.20 Confidential supervisory information made available to supervised financial institutions and financial institution supervisory agencies.

(a) Disclosure of confidential supervisory information to supervised financial institutions. Confidential supervisory information concerning a supervised bank, bank holding company (including subsidiaries), U.S. branch or agency of a foreign bank, savings and loan holding company (including subsidiaries), or other institution examined by the Federal Reserve System ("supervised financial institution") may be made available by the Board or the appropriate Federal Reserve Bank to the supervised financial institution.

(b) Disclosure of confidential supervisory information by supervised financial institution—(1) Parent bank holding company, parent savings and loan holding company, directors, officers, and employees. Any supervised financial institution lawfully in possession of confidential supervisory information of the Board pursuant to this section may disclose such information, or portions thereof, to its directors, officers, and employees, and to its parent bank holding company or parent savings and loan holding company and its directors, officers, and employees.

(2) Certified public accountants and legal counsel. Any supervised financial institution lawfully in possession of confidential supervisory information of the Board pursuant to this section may disclose such information, or portions thereof, to any certified public accountant or legal counsel employed by the supervised financial institution, subject to the following conditions:

(i) Certified public accountants or legal counsel shall review the confidential supervisory information only on the premises of the supervised financial institution, and shall not make or retain any copies of such information;

(ii) The certified public accountants or legal counsel shall not disclose the confidential supervisory information for any purpose without the prior written approval of the Board’s General Counsel except as necessary to provide advice to the supervised financial institution, its parent bank holding company, or the officers, directors, and employees of such supervised financial institution and parent bank holding company.

(c) Disclosure upon request to Federal financial institution supervisory agencies. Upon requests, the Director of the Division of Banking Supervision and Regulation or the appropriate Federal Reserve Bank, may make available to the Comptroller of the Currency, the Federal Deposit Insurance Corporation, and the Federal Home Loan Bank Board and their regional offices and representatives, confidential supervisory information and other appropriate information (such as confidential operating and condition reports) relating to a bank, bank holding company (including subsidiaries), savings and loan holding company (including subsidiaries), U.S. branch or agency of a foreign bank, or other supervised financial institution.

(d) Disclosure upon request to state financial institution supervisory agencies. Upon requests, the Director of the Division of Banking Supervision and Regulation or the appropriate Federal Reserve Bank may make available confidential supervisory information and other appropriate information (such as confidential operating and condition reports) relating to a bank, bank holding company (including subsidiaries), savings and loan holding company (including subsidiaries), U.S. branch or agency of a foreign bank, or other supervised financial institution.

1 Actual cost.
(1) A state financial institution supervisory agency having direct supervisory authority over such supervised financial institution; or

(2) A state financial institution supervisory agency not having direct supervisory authority over such supervised financial institution if the requesting agency has entered into an information sharing agreement with the appropriate Federal Reserve Bank and the information to be provided concerns a supervised financial institution that has acquired or has applied to acquire a financial institution subject to that agency’s direct supervisory authority.

e) Discretionary disclosures. The Board may determine, from time to time, to authorize other disclosures of confidential information as necessary.

f) Conditions and limitations. The Board may impose any conditions or limitations on disclosure under this section that it determines are necessary to effect the purposes of this regulation.

g) Other disclosure prohibited. All confidential supervisory information or other information made available under this section shall remain the property of the Board. No supervised financial institution, financial institution supervisory agency, person, or any other party to whom the information is made available, or any other officer, director, employee or agent thereof, may disclose such information without the prior written permission of the Board’s General Counsel except in published statistical material that does not disclose, either directly or when used in conjunction with publicly available information, the affairs of any individual, corporation, or other entity. No person obtaining access to confidential supervisory information pursuant to this section may make a personal copy of any such information; and no person may remove confidential supervisory information from the premises of the institution or agency in possession of such information except as permitted by specific language in this regulation or by the Board.

(h) Disclosure of Foreign Bank Confidential Report of Operations—(1) Availability of Foreign Bank Confidential Report of Operations to Bank Supervisory Agencies. Notwithstanding any other provision of this regulation, any Confidential Report of Operations (Form F.R. 2068) of a foreign banking organization may, upon written request to and approval by the Director of the Division of Banking Supervision and Regulation (or his delegate), be made available for inspection to another bank supervisory authority having general supervision of any United States branch, agency, subsidiary bank or commercial lending company of the foreign banking organization, only for use where necessary in the performance of official duties. These reports shall be made available for inspection by authorized persons only on Federal Reserve premises under the same procedures as apply to personnel of the Federal Reserve System. All reports made available under this paragraph shall remain the property of the Board; and no person, agency or authority who obtains access to any such report, or any officer, director, or employee thereof, shall publish, publicize, or otherwise disclose any information contained in the report to any person.

(2) Restrictions on disclosure by Federal Reserve System employees. It is the Board’s policy that the confidentiality of a foreign banking organization’s Confidential Report of Operations (Form F.R. 2068) should be maintained at all times. Except as provided by paragraph (h)(1) of this section, information submitted to the Board as part of any Confidential Report of Operations is not available for public inspection by any person other than an officer, employee, or agent of the Board or of a Federal Reserve Bank properly entitled to such information in the performance of such person’s official duties. Any employee that violates this section by releasing such a report to any unauthorized person may be subject to disciplinary action under 12 CFR 264.735-5 (Rules of Employee Responsibilities and Conduct).
§ 261.21 Confidential information made available to law enforcement agencies and other nonfinancial institution supervisory agencies.

(a) Disclosure upon request. Upon written request, the Board may make available to appropriate law enforcement agencies and to other non-financial institution supervisory agencies for use where necessary in the performance of official duties, reports of examination and inspection, confidential supervisory information, and other confidential documents and information of the Board concerning banks, bank holding companies and their subsidiaries, U.S. branches and agencies of foreign banks, savings and loan holding companies and their subsidiaries, and other examined institutions.

(b) Eligibility. Federal, state, and local law enforcement agencies and other nonfinancial institution supervisory agencies may file written requests with the Board for access to confidential documents and information under this section of the regulation. Properly accredited foreign law enforcement agencies and other foreign government agencies may also file written requests with the Board.

(c) Contents of request. To obtain access to confidential documents or information under this section of the regulation, the head of the law enforcement agency or nonfinancial institution supervisory agency (or their designees) shall address a letter request to the Board’s General Counsel, specifying:

(1) The particular information, kinds of information, and where possible, the particular documents to which access is sought;

(2) The reasons why such information cannot be obtained from the examined institution in question rather than from the Board;

(4) Disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(5) Involve accusing any person of a crime, or formally censuring any person;

(vi) Endanger the life or physical safety of law enforcement personnel;

(b) If a majority of the members of the agency determines by a recorded vote that agency business requires that a meeting covered by paragraph (a) of this section be called at a date earlier than that specified in paragraph (a) of this section, the agency will make a public announcement of the information specified in paragraph (a) of this section at the earliest practicable time.

(c) Changes in the subject matter of a publicly announced meeting, or in the determination to open or close a publicly announced meeting or any portion of a publicly announced meeting to public observation, or in the time or place of a publicly announced meeting made in accordance with the procedures specified in §261b.9 of this part will be publicly announced at the earliest practicable time.

(3) Specifically concern the issuance of a subpoena, participation in a civil action or proceeding, an action in a foreign court or international tribunal, or an arbitration, or the initiation, conduct, or disposition of a particular case of formal agency adjudication pursuant to the procedures in section 554 of title 5 of the United States Code or otherwise involving a determination on the record after opportunity for a hearing.

(b) At the beginning of each meeting, a portion or portions of which is closed to public observation under expedited procedures pursuant to this section, a recorded vote of the members present will be taken to determine whether a majority of the members of the agency votes to close such meeting or portion thereof to public observation. Votes by proxy are not allowed.

(c) A separate vote of the members of the agency will be taken with respect to the closing or the withholding of information as to each meeting or portion thereof which is proposed to be closed to public observation or with respect to which information is proposed to be withheld pursuant to this section.

(d) Whenever any person's interests may be directly affected by a portion of a meeting for any of the reasons referred to in exemption (a)(5), (a)(6) or (a)(7) of §261b.5 of this part, such person may request in writing to the Secretary of the Board that such portion of the meeting be closed to public observation. The Secretary, or in his or her absence, the Acting Secretary of the Board, will transmit the request to the members and upon the request of any one of them a recorded vote will be taken whether to close such meeting to public observation.

(e) Within one day of any vote taken pursuant to paragraphs (a) through (d) of this section, the agency will make publicly available at the Board’s Public Affairs Office and Freedom of Information Office a written copy of such
§261b.9 Changes with respect to publicly announced meeting.

The subject matter of a meeting or the determination to open or close a meeting or a portion of a meeting to public observation may be changed following public announcement under §261b.6 only if a majority of the members of the agency determines by a recorded vote that agency business so requires and that no earlier announcement of the change was possible. Public announcement of such change and the vote of each member upon such change will be made pursuant to §261b.6(c). Changes in time, including postponements and cancellations of a publicly announced meeting or portion of a meeting or changes in the place of a publicly announced meeting will be publicly announced pursuant to §261b.6(c) by the Secretary of the Board or, in the Secretary’s absence, the Acting Secretary of the Board.

§261b.10 Certification of General Counsel.

Before every meeting or portion of a meeting closed to public observation under §261b.7 or 261b.8 of this part, the General Counsel, or in the General Counsel’s absence, the Acting General Counsel, shall publicly certify whether or not in his or her opinion the meeting may be closed to public observation and shall state each relevant exemptive provision. A copy of such certification, together with a statement from the presiding officer of the meeting setting forth the time and place of the meeting and the persons present, will be retained for the time prescribed in §261b.11(d).

§261b.11 Transcripts, recordings, and minutes.

(a) The agency will maintain a complete transcript or electronic recording or transcription thereof adequate to record fully the proceedings of each meeting or portion of a meeting closed to public observation pursuant to exemption (a)(1), (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7) or (a)(9)(ii) of §261b.5 of this part. Transcriptions of recordings will disclose the identity of each speaker.

(b) The agency will maintain either such a transcript, recording or transcription thereof, or a set of minutes that will fully and clearly describe all matters discussed and provide a full and accurate summary of any actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote (reflecting the vote of each member on the question), for meetings or portions of meetings closed to public observation pursuant to exemptions (a)(8), (a)(9)(A) or (a)(10) of §261b.5 of this part. The minutes will identify all documents considered in connection with any action taken.

(c) Transcripts, recordings or transcriptions thereof, or minutes will promptly be made available to the public in the Freedom of Information Office except for such item or items of such discussion or testimony as may be determined to contain information that may be withheld under subsection (c) of the Act and §261b.5 of this part.
(d) A complete verbatim copy of the transcript, a complete copy of the minutes, or a complete electronic recording or verbatim copy of a transcription thereof of each meeting or portion of a meeting closed to public observation will be maintained for a period of at least two years or one year after the conclusion of any agency proceeding with respect to which the meeting or portion thereof was held, whichever occurs later.

§ 261b.12 Procedures for inspection and obtaining copies of transcriptions and minutes.

(a) Any person may inspect or copy a transcript, a recording or transcription of a recording, or minutes described in § 261b.11(c) of this part.

(b) Requests for copies of transcripts, recordings or transcriptions of recordings, or minutes described in § 261b.11(c) of this part shall specify the meeting or the portion of meeting desired and shall be submitted in writing to the Secretary of the Board, Board of Governors of the Federal Reserve System, Washington, DC 20551. Copies of documents identified in minutes may be made available to the public upon request under the provisions of 12 CFR part 261 (Rules Regarding Availability of Information).

§ 261b.13 Fees.

(a) Copies of transcripts, recordings or transcriptions of recordings, or minutes requested pursuant to section § 261b.12(b) of this part will be provided at the cost of 10¢ per standard page for photocopying or at a cost not to exceed the actual cost of printing, typing, or otherwise preparing such copies.

(b) Documents may be furnished without charge where total charges are less than $2.

PART 262—RULES OF PROCEDURE

§ 262.1 Basis and scope.

This part is issued pursuant to section 552 of title 5 of the United States Code, which requires that every agency shall publish in the FEDERAL REGISTER statements of the general course and method by which its functions are channeled and determined, rules of procedure, and descriptions of forms available or the places at which forms may be obtained.
ascertained, the appropriate division of
the Board’s staff, in collaboration with
other divisions, prepares drafts of pro-
posed regulations or amendments, and
the staff submits them to the Board.
The Board takes such action as it
deems appropriate in the public inter-
est. Any other documents that may be
necessary to carry out any decision by
the Board in the matter are usually
prepared by the Legal Division, in col-
laboration with the other divisions of
the staff.

(d) Effective dates. Any substantive
regulation or amendment thereto
issued by the Board is published not
less than 30 days prior to the effective
date thereof, except as specified in
paragraph (e) of this section or as oth-
erwise excepted by law.

(e) Exceptions as to notice or effective
date. In certain situations, notice and
public participation with respect to
proposed regulations may be impracti-
cable, unnecessary, contrary to the
public interest, or otherwise not re-
quired in the public interest, or there
may be reason and good cause in the
public interest why the effective date
should not be deferred for 30 days. The
reason or reasons in such cases usually
are that such notice, public participa-
tion, or deferment of effective date
would prevent the action from becom-
ing effective as promptly as necessary
in the public interest, would permit
speculators or others to reap unfair
profits or to interfere with the Board’s
actions taken with a view to accommo-
dating commerce and business and
with regard to their bearing upon the
general credit situation of the country,
would provoke other consequences con-
trary to the public interest, would un-
reasonably interfere with the Board’s
necessary functions with respect to
management or personnel, would not
aid the persons affected, or would oth-
erwise serve no useful purpose. The fol-
lowing may be mentioned as some ex-
amples of situations in which advance
notice or deferred effective date, or both,
will ordinarily be omitted in the public interest: The review and deter-
mination of discount rates established
by Federal Reserve Banks, and changes
in general requirements regarding re-
serves of member banks, maximum in-
terest rates on time and savings depos-
its, or credit for purchasing or carrying
securities.

§ 262.3 Applications.

(a) Forms. Any application, request,
or petition (hereafter referred to as
“application”) for the approval, au-
thority, determination, or permission
of the Board with respect to any action
for which such approval, authority, de-
termination, or permission is required
by law or regulation of the Board (in-
cluding actions authorized to be taken
by a Federal Reserve Bank or others on
behalf of the Board pursuant to authority
delegated under Part 265 of this
chapter) shall be submitted in accord-
cance with the pertinent form, if any,
prescribed by the Board. Copies of any
such form and details regarding infor-
mation to be included therein may be
obtained from any Federal Reserve
Bank. Any application for which no
form is prescribed should be signed by
the person making the application or
by his duly authorized agent, should
state the facts involved, the action re-
quested, and the applicant’s interest in
the matter, and should indicate the
reasons why the application should be
granted. Applications for access to, or
 copying of, records of the Board should
be submitted as provided in § 261.9(a) of
this chapter.

(b) Notice of applications. (1)(i) In the
case of applications,
(A) By a State member bank for the
establishment of a domestic branch or
other facility that would be authorized
to receive deposits,
(B) To become a bank holding com-
pany (except as provided in § 225.15 of
this chapter),
(C) By a bank holding company to ac-
quire ownership or control of shares or
assets of a bank, or to merge or con-
solidate with any other bank holding
company,
(D) To become a savings and loan
holding company (except as provided in
§ 238.14 of this chapter), and
(E) By a savings and loan holding
company to acquire ownership or con-
trôle of shares or assets of a savings as-
sociation, or to merge or consolidate
with any other savings and loan hold-
ing company, the applicant shall cause
to be published a notice in the form prescribed by the Board.

(ii) The notice shall be placed in the classified advertising legal notices section of the newspaper, and must provide an opportunity for the public to give written comment on the application to the appropriate Federal Reserve Bank for the period specified in Regulation H (12 CFR part 208) in the case of applications specified in §262.3(b)(1)(i)(A), and for at least thirty days after the date of publication in the case of applications specified in §262.3(b)(1)(i)(B) and (C). Within 7 days of publication, the applicant shall submit its application to the appropriate Reserve Bank for acceptance along with a copy of the notice. If the Reserve Bank has not accepted the application as complete within ninety days of the date of publication of the notice, the applicant may be required to republish notice of the application. Such notice shall be published in a newspaper of general circulation in—

(A) [Reserved]

(B) The community or communities in which the head office of the bank and the proposed branch or other facility (other than an electronic funds transfer facility) are located in the case of an application for the establishment of a domestic branch or other facility that would be authorized to receive deposits, other than an application incidental to an application by a bank for merger, consolidation, or acquisition of assets or assumption of liabilities.

(C) The community or communities in which the head office of the bank, the office to be closed, and the office to be opened are located in the case of an application for the relocation of a domestic branch office.

(D) The community or communities in which the head office of each of the banks to be party to the merger, consolidation, or acquisition of assets or assumption of liabilities is located.

(E) The community or communities in which the head offices of the largest subsidiary bank, if any, or an applicant and of each bank, shares of which are to be directly or indirectly acquired, are located in the case of applications under section 3 of the Bank Holding Company Act, or

(F) The community or communities in which the head offices of the largest subsidiary savings association, if any, or an applicant and of each savings association, shares of which are to be directly or indirectly acquired, are located in the case of applications under section 10 of the Home Owners’ Loan Act.

(2) In addition to the foregoing notice, an applicant, in the case of an application to relocate a domestic branch office or other facility that would be authorized to receive deposits, shall post in a conspicuous public place in the lobby of the office to be closed a notice containing the information specified in §262.3(b)(1). Such notice should be posted on the date of the notice required by §262.3(b)(1).

(3) In the case of an application for a merger, consolidation, or acquisition of assets or assumption of liabilities, if the acquiring, assuming, or resulting bank is to be a State member bank, the applicant shall cause to be published notice in the form prescribed by the Board. The notice shall be published in a newspaper of general circulation in the community or communities in which the head office of each of the banks to be a party to the merger, consolidation, or acquisition of assets or assumption of liabilities is located. The notice shall be published on at least three occasions at appropriate intervals. The last publication of the notice shall appear at least thirty days after the first publication. The notice must provide an opportunity for the public to give written comment on the application to the appropriate Federal Reserve Bank for at least thirty days after the date of the first publication of the notice. Within seven days of publication of notice for the first time, the applicant shall submit its application to the appropriate Reserve Bank for acceptance, along with a copy of the notice. If the Reserve Bank has not accepted the application as complete within ninety days of the date of the first publication of the notice, the applicant may be required to republish notice of the application.
(c) **Filing of applications.** Any application should be sent to the Federal Reserve Bank of the district in which the head office of the parent banking organization is located, except as otherwise specified on application forms, and that Bank will forward it to the Board when appropriate; however, in the case of foreign banking organization, as defined in §211.23(a)(2) of this chapter, applications shall be sent to the Federal Reserve Bank of the district in which the operations of the organization’s subsidiary banks are principally conducted. In the case of a foreign banking organization that is not a bank holding company but that has one or more branches, agencies, or commercial lending companies in any State of the United States or the District of Columbia, applications shall be sent to the Federal Reserve Bank of the district in which the organization’s banking assets are the largest. Applications of a member bank subsidiary, however, should be filed with the Reserve Bank of the district in which the member bank is located.

(d) **Analysis by staff.** In every case, the Reserve Bank makes such investigation as may be necessary, and, except when acting pursuant to delegated authority, reports the relevant facts, with its recommendation, to the Board. In the light of consideration of all relevant matter presented or ascertained, the Board’s staff prepares and submits to the Board comments on the subject.

(e) **Submission of comments and requests for hearing.** The Board is only required to consider a comment or a request for a hearing with respect to an application or notice if it is in writing and received by the Secretary of the Board or the appropriate Federal Reserve Bank on or before the latest date prescribed in any notice with respect to the application or notice, or where no such date is prescribed, on or before the 30th day after the date notice is first published. Similarly, the Board will consider comments on an application from the Attorney General or a banking supervisory authority to which notification of receipt of an application has been given, only if such comment is received by the Secretary of the Board within 30 days of the date of the letter giving such notification. Any comment on an application or notice that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute and summarizing the evidence that would be presented at a hearing. In every case where a timely comment or request for hearing is received as provided herein, a copy of such comment or request shall be forwarded promptly to the applicant for its response. The Board will consider the applicant’s response only if it is in writing and sent to the Secretary of the Board on or before eight business days after the date of the letter by which it is forwarded to the applicant. At the same time it transmits its response to the Board, the applicant should transmit a copy of its response to the person or supervisory authority making such comment or requesting a hearing. Notwithstanding the foregoing, the Board may, in its sole discretion and without notifying the parties, take into consideration the substance of comments with respect to an application, (but not requests for hearing) that are not received within the time periods provided herein.

(f) **Action on applications.** The Board takes such action as it deems appropriate in the public interest. Such documents as may be necessary to carry out any decision by the Board are prepared by the Board’s staff. With respect to actions taken by a Federal Reserve Bank on behalf of the Board under delegated authority, statements and necessary documents are prepared by the staff of such Federal Reserve Bank.

(g) **Notice of action.** Prompt notice is given to the applicant of the granting or denial in whole or in part of any application. In the case of a denial, except in affirming a prior denial or where the denial is self-explanatory, such notice is accompanied by a simple statement of the grounds for such action.

(h) **Action at Board’s initiative.** When the Board, without receiving an application, takes action with respect to any matter as to which opportunity for hearing is not required by statute or Board regulation, similar procedure is
followed, including investigations, reports, and recommendations by the Board’s staff and by the Reserve Banks, where appropriate.

(i) General procedures for bank holding company, savings and loan holding company, and merger applications. In addition to procedures applicable under other provisions of this part, the following procedures are applicable in connection with the Board’s consideration of applications under sections 3 and 4 of the Bank Holding Company Act of 1956 (12 U.S.C. 1842 and 1843), hereafter referred to as “section 3 applications” or “section 4 applications,” applications under section 10(c), (e), and (o) of the Home Owners’ Loan Act (12 U.S.C. 1467a), hereafter referred to as “section 10 applications,” and applications under section 18(c) of the Federal Deposit Insurance Act (12 U.S.C. 1823), hereafter called “merger applications.” Except as otherwise indicated, the following procedures apply to all such applications.

(1) The Board issues each week a list that identifies section 3, section 4, section 10, and merger applications received and acted upon during the preceding week by the Board or the Reserve Banks pursuant to delegated authority. Notice of receipt of all section 3, section 4(c)(8), and section 10 applications acted on by the Board is published in the FEDERAL REGISTER.

(2) If a hearing is required by law or if the Board determines that a formal hearing for the purpose of taking evidence is desirable, the Board issues an order for such a hearing, and a notice thereof is published in the FEDERAL REGISTER. Any such formal hearing is conducted by an administrative law judge in accordance with subparts A and B of the Board’s Rules of Practice for Hearings (part 263 of this chapter).

(3) In any case in which a formal hearing is not ordered by the Board, the Board may afford the applicant and other properly interested persons (including Governmental agencies) an opportunity to present views orally before the Board or its designated representative. Unless otherwise ordered by the Board, any oral presentation is public and notice of such public proceeding is published in the FEDERAL REGISTER.

(4) Each action taken by the Board on an application is embodied in an order that indicates the votes of members of the Board. The order either contains reasons for the Board’s action (i.e., an expanded order) or is accompanied by a statement of the reasons for the Board’s action. Both the order and any accompanying statement are released to the press. Each order accompanied by a statement and any order of general interest, together with a list of other orders, are published in the Federal Reserve Bulletin. Action by a Reserve Bank under delegated authority as provided for under part 265 of this chapter is reflected in a letter of notification to the applicant.

(5) Unless the Board shall otherwise direct, each section 3, section 4, section 10, and merger application is made available for inspection by the public except for portions thereof as to which the Board determines that nondisclosure is warranted under section 552(b) of title 5 of the United States Code.

(j) Special procedures for certain applications. The following types of applications require procedures exclusive of, or in addition to, those described in paragraphs (i)(1) through (5) of this section.

(1) Special rules pertaining to section 3 and merger applications follow:

(i) Each order of the Board and each letter of notification by a Reserve Bank acting pursuant to delegated authority approving a section 3 application includes, pursuant to the Act approved July 1, 1966 (12 U.S.C. 1849(b)), a requirement that the transaction approved shall not be consummated before the 30th calendar day following the date of such order.

(ii) Each order of the Board approving a merger application includes, pursuant to the Act approved February 21, 1966 (12 U.S.C. 1828(c)(6)), a requirement that the transaction approved shall not be consummated before the 30th calendar day following the date of such order, except as the Board may otherwise determine pursuant to emergency situations as to which the Act permits consummation at earlier dates.

(iii) Each order or each letter of notification approving an application also includes, as a condition of approval, a...
requirement that the transaction approved shall be consummated within 3 months and, in the case of acquisition by a holding company of stock of a newly organized bank, a requirement that such bank shall be opened for business within 6 months, but such periods may be extended for good cause by the Board (or by the appropriate Federal Reserve Bank where authority to grant such extensions is delegated to the Reserve Bank).

(2) For special rules governing procedures for section 4 applications, refer to §225.23 of this chapter.

(3) Special rules pertaining to applications filed pursuant to section 10(e) and (o) of HOLA follow:

(i) Each order or each letter of notification approving an application also includes, as a condition of approval, a requirement that the transaction approved shall be consummated within 3 months and, in the case of acquisition by a holding company of stock of a newly organized savings association, a requirement that such savings association shall be opened for business within 6 months, but such periods may be extended for good cause by the Board (or by the appropriate Federal Reserve Bank where authority to grant such extensions is delegated to the Reserve Bank).

(ii) [Reserved]

(4) [Reserved]

(5) For special rules governing procedures for section 4(c)(13) applications, refer to §225.4(f) of this chapter.

(k) **Reconsideration of certain Board actions.** The Board may reconsider any action taken by it on an application upon receipt by the Secretary of the Board of a written request for reconsideration from any party to such application, or on or before the 15th day after the effective date of the Board’s action. Such request should specify the reasons why the Board should reconsider its action, and present relevant facts that for good cause shown, were not previously presented to the Board. Within 10 days of receipt of such a request, the General Counsel, acting pursuant to delegated authority (12 CFR 265.2(b)(7)), shall determine whether or not the request for reconsideration should be granted, and shall notify all parties to the application orally by telephone of this determination within 10 days. Such notification will be confirmed promptly in writing. In the exercise of this authority, the General Counsel shall confer with the Directors of other interested Divisions of the Board or their designees. Notwithstanding the foregoing, the Board may, on its own motion if it deems reconsideration appropriate, elect to reconsider its action with respect to any application, and the parties to such application shall be notified by the Secretary of the Board of its election as provided above. If it is determined that the Board should reconsider its action with respect to an application, such action will be stayed and will not be final until the Board has acted on the application upon reconsideration. If appropriate, notice of reconsideration of an application will be published promptly in the **FEDERAL REGISTER.**

(l) **Waiver.** The Board, or the officer or Reserve Bank authorized to approve an application, may waive or modify any procedural requirements for that application prescribed or cited in this section and may excuse any failure to comply with them upon a finding that immediate action on the application is necessary to prevent the probable failure of a bank or company or that an emergency exists requiring expeditious action.

§ 262.4 Adjudication with formal hearing.

In connection with adjudication with respect to which a formal hearing is required by law or is ordered by the Board, the procedure is set forth in part 263 of this chapter, entitled “Rules of Practice for Formal Hearings.”

§ 262.5 Appearance and practice.

Appearance and practice before the Board in all matters are governed by §263.3 of this chapter.
§ 262.6 Forms.

Necessary forms to be used in connection with applications and other matters are available at the Federal Reserve Banks. A list of all such forms, which is reviewed and revised periodically, may be obtained from any Federal Reserve Bank.

(a) This action is taken pursuant to and in accordance with the provisions of section 552 of title 5 of the United States Code.

(b) The provisions of section 553 of title 5, United States Code, relating to notice and public participation and to deferred effective dates, are not followed in connection with the adoption of this action, because the rules involved are procedural in nature and accordingly do not constitute substantive rules subject to the requirements of such section.

§§ 262.7–262.24 [Reserved]

§ 262.25 Policy statement regarding notice of applications; timeliness of comments; informal meetings.

(a) Notice of applications. A bank or company applying to the Board for a deposit-taking facility must first publish notice of its application in local newspapers. This requirement, found in § 262.3(b)(1) of the Board’s Rules of Procedure covers applications under the Bank Holding Company Act, Bank Merger Act, and Home Owners’ Loan Act, as well as applications for membership in the Federal Reserve System and for new branches of State member banks. Notices of these applications are published in newspapers of general circulation in the communities where the applicant intends to do business as well as in the community where the applicant’s head office is located. These notices are important in calling the public’s attention to an applicant’s plans and giving the public a chance to comment on these plans. To improve the effectiveness of the notices, the Board has supplemented its notice procedures as follows.

(1) The Board has adopted standard forms of notice for use by applicants that will specify the exact date on which the comment period on the application ends, which may not be less than thirty calendar days from the date of publication of the notice. The newspaper forms also provide the name and telephone number of the Community Affairs Officer of the appropriate Reserve Bank as the person to call to obtain more information about submitting comments on an application. In general, the Community Affairs Officer will be available to answer questions of a general nature concerning the submission of comments and the processing of applications.

(2) The Board also publishes notice of bank holding company applications for bank acquisitions (but not for bank mergers or branches) and savings and loan holding company applications for savings association acquisitions (but not for savings association mergers or branches) in the Federal Register after the application is received and the Community Affairs Officer can provide the exact date on which this comment period ends. (The Federal Register comment period will generally end after the date specified in the newspaper notice.)

(3) In addition to the formal newspaper and Federal Register notices discussed above, each Reserve Bank publishes a weekly list of applications submitted to the Reserve Bank for which newspaper notices have been published. Any person or organization may arrange to have the list mailed to them regularly, or may request particular lists, by contacting the Reserve Bank’s Community Affairs Officer. Each Reserve Bank’s list includes only applications submitted to that particular Reserve Bank, and persons or groups should request lists from each Reserve Bank having jurisdiction over applications in which they may be interested. Since the lists are prepared as a courtesy by the Reserve Bank, and are not intended to replace any formal notice required by statute or regulation, the Reserve Banks and the Board do not assume responsibility for errors or omissions. In addition, the weekly lists prepared by Reserve Banks include certain applications by bank holding companies and savings and loan holding companies for nonbank and non-depository institution acquisitions, respectively, filed with the Reserve Bank.
(4) With respect to applications by bank holding companies and savings and loan holding companies to engage \textit{de novo} in nonbank activities or make acquisitions of nonbank firms, the Board publishes notice of most of these applications in the \textit{Federal Register} when the applications are filed. Notice of certain small acquisitions may be published in a newspaper of general circulation in the area(s) to be served. While applications for nonbanking activities are not covered by the provisions of the Community Reinvestment Act or the notice provisions of §262.3 of the Board’s Rules of Procedure, the provisions of this Statement apply to such applications.

(b) \textit{Timeliness of comments}. (1) All comments must be actually received by the Board or the Reserve Bank on or before the last date of the comment period specified in the notice. Where more than one notice is published with respect to an application, comments must be received on or before the last date of the latest comment period. The Board’s Rules allow it to disregard comments received after the comment period expires. In particular, §262.3(e) of the Board’s Rules of Procedure states that the Board will not consider comments on an application that are not received on or before the expiration of the comment period. Thus, a commenter who fails to comment on an application within the specified comment period (or any extension) may be precluded from participating in the consideration of the application.

(2) In cases where a commenter for good cause is unable to send its comment within the specified comment period, §265.2(a)(10) of the Board’s Rules Regarding Delegation of Authority (12 CFR 265.2(a)(10)) allows the Secretary of the Board to grant requests for an extension of the period. Under this provision, upon receipt of a request received on or before the expiration of the comment period, the Secretary may grant a brief extension upon clear demonstration of hardship or other meritorious reason for seeking additional time.

(c) \textit{Private meetings}. When a timely protest to approval of an application is received, the Reserve Bank may arrange a meeting between the applicant and the protestant to clarify and narrow the issues, and to provide a forum for the resolution of differences between the protestant and the applicant. If the Reserve Bank decides that a private meeting would be appropriate, the Reserve Bank will arrange a private meeting soon after the receipt of a protest and the applicant’s response, if any, to the protest. In scheduling the meeting, the Reserve Bank will consider convenience to the parties with respect to the time and place of the meeting. A decision to hold a private meeting will not preclude the Reserve Bank or the Board from holding a public meeting or other proceeding if it is deemed appropriate.

(d) \textit{Public meetings}. The Board’s General Counsel (in consultation with the Reserve Bank and the directors of other interested divisions of the Board) may order that a public meeting or other proceeding be held if requested by the applicant or a protestant who files a timely protest, or if such a proceeding appears appropriate. In most instances, the determination to order a public meeting will be made after a private meeting has been held; however, where appropriate a public meeting may be convened immediately after receipt of the protest and the applicant’s response, if any. Additional information may be requested prior to making a determination to convene a public meeting. In these cases, a determination will be made within ten days from the date all relevant information is received. The public meeting will be scheduled as soon as possible, but in no event, later than 30 days after the decision to hold the proceeding is made. The purpose of the public meeting will be to elicit information, to clarify factual issues related to the application and to provide an opportunity for interested individuals to provide testimony. The Board has adopted the following guidelines to be used for convening public meetings, although specific provisions may be altered by the General Counsel if circumstances warrant.

(1) Requesting a public meeting. A meeting may be requested by a person or an organization objecting to the application during the comment period, and by the applicant during the period
within which it must respond to comments. Such a request must be timely and in writing.

(i) A protest does not have to be filed in a legal brief or other format in order for a public meeting to be granted. The Community Affairs Officer at the Reserve Bank will be available to assist any member of the public regarding the types of information generally included in protests; the format generally used by protestants; and any other specific questions about the procedures of the Federal Reserve System regarding protested applications.

(ii) In general, a protest should identify the protestant, state the basis for objection to approval of the application, and provide available written evidence to support the objection. Objections to approval of an application must relate to the factors that the Board is authorized to consider in acting on an application. Generally, these factors relate to the financial and managerial resources of the companies and banks involved, the effects of the proposal on competition, and the convenience and needs of the communities to be served by the companies and banks involved. If a public meeting is requested, the protest should indicate that there are members of the public who wish to speak on the issues in a public forum.

(iii) The protest will be transmitted by the Reserve Bank to the applicant, and the applicant will generally be allowed eight business days to respond in writing to the protest.

(2) Arranging the public meeting. Public meetings will be arranged and presided over by a representative of the Federal Reserve System (“Presiding Officer”). In determining the time and place for the public meeting, such factors as convenience to the parties, the number of people expected to attend the meeting, access to public transportation and possible after-hour security problems will be taken into account.

(3) Conducting the public meeting. Prior to the meeting, all necessary steps will be taken to ensure that the meeting is conducted appropriately, including scheduling of witnesses, submission of written materials and other arrangements. In conducting the public meeting the Presiding Officer will have the authority and discretion to ensure that the meeting proceeds in a fair and orderly manner. Generally, the public meeting will consist of opening and closing remarks by the Presiding Officer, a presentation by the protestant and a presentation by the applicant. An official transcript will be made of the proceedings and entered into the record. The conclusion of the public meeting normally marks the close of the public portion of the record on the application.

(4) Notification of Board decision on the application. After a decision is made on the application, and the applicant is notified of the decision, staff will notify the protestant by telephone. This notification will be confirmed promptly in writing. As set forth in §262.3(k) of the Board’s Rules of Procedure (12 CFR 262.3(k)) or §265.3 of the Board’s Rules Regarding Delegation of Authority (12 CFR 265.3), a party to the application may request reconsideration of the Board’s order, or review of the Reserve Bank’s decision.

§ 263.7 Good faith certification.

(a) General requirement. Every filing or submission of record following the issuance of a notice shall be signed by at least one counsel of record in his or her individual name and shall state that counsel’s address and telephone number. A party who acts as his or her own counsel shall sign his or her individual name and state his or her address and telephone number on every filing or submission of record.

(b) Effect of signature. (1) The signature of counsel or a party shall constitute a certification that: the counsel or party has read the filing or submission of record; to the best of his or her knowledge, information, and belief formed after reasonable inquiry, the filing or submission of record is well-grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and the filing or submission of record is not made for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

(2) If a filing or submission of record is not signed, the administrative law judge shall strike the filing or submission of record, unless it is signed promptly after the omission is called to the attention of the pleader or movant.

(c) Effect of making oral motion or argument. The act of making any oral motion or oral argument by any counsel or party constitutes a certification that to the best of his or her knowledge, information, and belief formed after reasonable inquiry, his or her statement is well-grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law, and is not made for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

§ 263.8 Conflicts of interest.

(a) Conflict of interest in representation. No person shall appear as counsel for another person in an adjudicatory proceeding if it reasonably appears that such representation may be materially limited by that counsel’s responsibilities to a third person or by the counsel’s own interests. The administrative law judge may take corrective measures at any stage of a proceeding to cure a conflict of interest in representation, including the issuance of an order limiting the scope of representation or disqualifying an individual from appearing in a representative capacity for the duration of the proceeding.

(b) Certification and waiver. If any person appearing as counsel represents two or more parties to an adjudicatory proceeding or also represents a non-
party on a matter relevant to an issue in the proceeding, counsel must certify in writing at the time of filing the notice of appearance required by §263.6(a):

(1) That the counsel has personally and fully discussed the possibility of conflicts of interest with each such party and non-party; and

(2) That each such party and non-party waives any right it might otherwise have had to assert any known conflicts of interest or to assert any non-material conflicts of interest during the course of the proceeding.

§ 263.9 Ex parte communications.

(a) Definition—(1) Ex parte communication means any material oral or written communication relevant to the merits of an adjudicatory proceeding that was neither on the record nor on reasonable prior notice to all parties that takes place between:

(i) An interested person outside the Board (including such person’s counsel); and

(ii) The administrative law judge handling that proceeding, a member of the Board, or a decisional employee.

(2) Exception. A request for status of the proceeding does not constitute an ex parte communication.

(b) Prohibition of ex parte communications. From the time the notice is issued by the Board until the date that the Board issues its final decision pursuant to §263.40(c):

(1) No interested person outside the Federal Reserve System shall make or knowingly cause to be made an ex parte communication to a member of the Board, the administrative law judge, or a decisional employee; and

(2) A member of the Board, administrative law judge, or decisional employee shall not make or knowingly cause to be made to any interested person outside the Federal Reserve System any ex parte communication.

(c) Procedure upon occurrence of ex parte communication. If an ex parte communication is received by the administrative law judge, a member of the Board or any other person identified in paragraph (a) of this section, that person shall cause all such written communications (or, if the communication is oral, a memorandum stating the substance of the communication) to be placed on the record of the proceeding and served on all parties. All other parties to the proceeding shall have an opportunity, within ten days of receipt of service of the ex parte communication, to file responses thereto and to recommend any sanctions, in accordance with paragraph (d) of this section, that they believe to be appropriate under the circumstances.

(d) Sanctions. Any party or his or her counsel who makes a prohibited ex parte communication, or who encourages or solicits another to make any such communication, may be subject to any appropriate sanction or sanctions imposed by the Board or the administrative law judge including, but not limited to, exclusion from the proceedings and an adverse ruling on the issue which is the subject of the prohibited communication.

(e) Separation of functions. Except to the extent required for the disposition of ex parte matters as authorized by law, the administrative law judge may not consult a person or party on any matter relevant to the merits of the adjudication, unless on notice and opportunity for all parties to participate. An employee or agent engaged in the performance of investigative or prosecuting functions for the Board in a case may not, in that or a factually related case, participate or advise in the decision, recommended decision, or agency review of the recommended decision under §263.40, except as witness or counsel in public proceedings.

§ 263.10 Filing of papers.

(a) Filing. Any papers required to be filed, excluding documents produced in response to a discovery request pursuant to §§263.25 and 263.26, shall be filed with OFIA, except as otherwise provided.

(b) Manner of filing. Unless otherwise specified by the Board or the administrative law judge, filing may be accomplished by:

(1) Personal service;

(2) Delivering the papers to a reliable commercial courier service, overnight;
§ 263.11 Service of papers.

(a) By the parties. Except as otherwise provided, a party filing papers shall serve a copy upon the counsel of record for all other parties to the proceeding so represented, and upon any party not so represented.

(b) Method of service. Except as provided in paragraphs (c)(2) and (d) of this section, a serving party shall use one or more of the following methods of service:

(1) Personal service;

(2) Delivering the papers to a reliable commercial courier service, overnight delivery service, or to the U.S. Post Office for Express Mail delivery;

(3) Mailing the papers by first class, registered, or certified mail; or

(4) Transmission by electronic media, only if the parties mutually agree. Any papers served by electronic media shall also concurrently be served in accordance with the requirements of §263.10(c).

(c) By the Board or the administrative law judge. (1) All papers required to be served by the Board or the administrative law judge upon a party who has appeared in the proceeding in accordance with §263.6, shall be served by any means specified in paragraph (b) of this section.

(2) If a party has not appeared in the proceeding in accordance with §263.6, the Board or the administrative law judge shall make service by any of the following methods:

(i) By personal service;

(ii) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;

(iii) If the person to be served is a corporation or other association, by delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;

(iv) By registered or certified mail addressed to the person’s last known address; or

(v) By any other method reasonably calculated to give actual notice.

(d) Subpoenas. Service of a subpoena may be made:

(1) By personal service;

(2) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;

(3) By delivery to an agent, which, in the case of a corporation or other association, is delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;

(4) By registered or certified mail addressed to the person’s last known address; or

(5) By any other method as is reasonably calculated to give actual notice.
(e) Area of service. Service in any state, territory, possession of the United States, or the District of Columbia, on any person or company doing business in any state, territory, possession of the United States, or the District of Columbia, or on any person as otherwise provided by law, is effective without regard to the place where the hearing is held, provided that if service is made on a foreign bank in connection with an action or proceeding involving one or more of its branches or agencies located in any state, territory, possession of the United States, or the District of Columbia, service shall be made on at least one branch or agency so involved.

§ 263.14 Witness fees and expenses.

Witnesses subpoenaed for testimony or depositions shall be paid the same fees for attendance and mileage as are paid in the United States district courts in proceedings in which the United States is a party, provided that, in the case of a discovery subpoena addressed to a party, no witness fees or mileage need be paid. Fees for witnesses shall be tendered in advance by the party requesting the subpoena, except that fees and mileage need not be tendered in advance where the Board is
§ 263.15

the party requesting the subpoena. The Board shall not be required to pay any fees to, or expenses of, any witness not subpoenaed by the Board.

§ 263.15 Opportunity for informal settlement.

Any respondent may, at any time in the proceeding, unilaterally submit to Enforcement Counsel written offers or proposals for settlement of a proceeding, without prejudice to the rights of any of the parties. No such offer or proposal shall be made to any Board representative other than Enforcement Counsel. Submission of a written settlement offer does not provide a basis for adjourning or otherwise delaying all or any portion of a proceeding under this part. No settlement offer or proposal, or any subsequent negotiation or resolution, is admissible as evidence in any proceeding.

§ 263.16 The Board’s right to conduct examination.

Nothing contained in this subpart limits in any manner the right of the Board or any Federal Reserve Bank to conduct any examination, inspection, or visitation of any institution or institution-affiliated party, or the right of the Board or any Federal Reserve Bank to conduct or continue any form of investigation authorized by law.

§ 263.17 Collateral attacks on adjudicatory proceeding.

If an interlocutory appeal or collateral attack is brought in any court concerning all or any part of an adjudicatory proceeding, the challenged adjudicatory proceeding shall continue without regard to the pendency of that court proceeding. No default or other failure to act as directed in the adjudicatory proceeding within the times prescribed in this subpart shall be excused based on the pendency before any court of any interlocutory appeal or collateral attack.

§ 263.18 Commencement of proceeding and contents of notice.

(a) Commencement of proceeding. (1)(i) Except for change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)), a proceeding governed by this subpart is commenced by issuance of a notice by the Board.

(ii) The notice must be served by the Board upon the respondent and given to any other appropriate financial institution supervisory authority where required by law.

(iii) The notice must be filed with OFIA.

(2) Change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)) commence with the issuance of an order by the Board.

(b) Contents of notice. The notice must set forth:

(1) The legal authority for the proceeding and for the Board’s jurisdiction over the proceeding;

(2) A statement of the matters of fact or law showing that the Board is entitled to relief;

(3) A proposed order or prayer for an order granting the requested relief;

(4) The time, place, and nature of the hearing as required by law or regulation;

(5) The time within which to file an answer as required by law or regulation;

(6) The time within which to request a hearing as required by law or regulation; and

(7) That the answer and/or request for a hearing shall be filed with OFIA.

§ 263.19 Answer.

(a) When. Within 20 days of service of the notice, respondent shall file an answer as designated in the notice. In a civil money penalty proceeding, respondent shall also file a request for a hearing within 20 days of service of the notice.

(b) Content of answer. An answer must specifically respond to each paragraph or allegation of fact contained in the notice and must admit, deny, or state that the party lacks sufficient information to admit or deny each allegation of fact. A statement of lack of information has the effect of a denial. Denials must fairly meet the substance of each allegation of fact denied; general denials are not permitted. When a respondent denies part of an allegation, that part must be denied and the remainder specifically admitted. Any allegation

§ 263.22

of fact in the notice which is not denied in the answer must be deemed admitted for purposes of the proceeding. A respondent is not required to respond to the portion of a notice that constitutes the prayer for relief or proposed order. The answer must set forth affirmative defenses, if any, asserted by the respondent.

(c) Default—(1) Effect of failure to answer. Failure of a respondent to file an answer required by this section within the time provided constitutes a waiver of his or her right to appear and contest the allegations in the notice. If no timely answer is filed, Enforcement Counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file with the Board a recommended decision containing the findings and the relief sought in the notice. Any final order issued by the Board based upon a respondent’s failure to answer is deemed to be an order issued upon consent.

(2) Effect of failure to request a hearing in civil money penalty proceedings. If respondent fails to request a hearing as required by law within the time provided, the notice of assessment constitutes a final and unappealable order.

§ 263.20 Amended pleadings.

(a) Amendments. The notice or answer may be amended or supplemented at any stage of the proceeding. The respondent must answer an amended notice within the time remaining for the respondent’s answer to the original notice, or within ten days after service of the amended notice, whichever period is longer, unless the Board or administrative law judge orders otherwise for good cause.

(b) Amendments to conform to the evidence. When issues not raised in the notice or answer are tried at the hearing by express or implied consent of the parties, they will be treated in all respects as if they had been raised in the notice or answer, and no formal amendments are required. If evidence is objected to at the hearing on the ground that it is not within the issues raised by the notice or answer, the administrative law judge may admit the evidence when admission is likely to assist in adjudicating the merits of the action and the objecting party fails to satisfy the administrative law judge that the admission of such evidence would unfairly prejudice that party’s action or defense upon the merits. The administrative law judge may grant a continuance to enable the objecting party to meet such evidence.

[61 FR 20342, May 6, 1996]

§ 263.21 Failure to appear.

Failure of a respondent to appear in person at the hearing or by a duly authorized counsel constitutes a waiver of respondent’s right to a hearing and is deemed an admission of the facts as alleged and consent to the relief sought in the notice. Without further proceedings or notice to the respondent, the administrative law judge shall file with the Board a recommended decision containing the findings and the relief sought in the notice.

§ 263.22 Consolidation and severance of actions.

(a) Consolidation. (1) On the motion of any party, or on the administrative law judge’s own motion, the administrative law judge may consolidate, for some or all purposes, any two or more proceedings, if each such proceeding involves or arises out of the same transaction, occurrence or series of transactions or occurrences, or involves at least one common respondent or a material common question of law or fact, unless such consolidation would cause unreasonable delay or injustice.

(2) In the event of consolidation under paragraph (a)(1) of this section, appropriate adjustment to the prehearing schedule shall be made to avoid unnecessary expense, inconvenience, or delay.

(b) Severance. The administrative law judge may, upon the motion of any party, sever the proceeding for separate resolution of the matter as to any respondent only if the administrative law judge finds that:

(1) Undue prejudice or injustice to the moving party would result from not severing the proceeding; and

(2) Such undue prejudice or injustice would outweigh the interests of judicial economy and expedition in the
§ 263.23 Motions.

(a) In writing. (1) Except as otherwise provided herein, an application or request for an order or ruling must be made by written motion.

(2) All written motions must state with particularity the relief sought and must be accompanied by a proposed order.

(3) No oral argument may be held on written motions except as otherwise directed by the administrative law judge. Written memoranda, briefs, affidavits or other relevant material or documents may be filed in support of or in opposition to a motion.

(b) Oral motions. A motion may be made orally on the record unless the administrative law judge directs that such motion be reduced to writing.

(c) Filing of motions. Motions must be filed with the administrative law judge, except that following the filing of the recommended decision, motions must be filed with the Board.

(d) Responses. (1) Except as otherwise provided herein, within ten days after service of any written motion, or within such other period of time as may be established by the administrative law judge or the Board, any party may file a written response to a motion. The administrative law judge shall not rule on any oral or written motion before each party has had an opportunity to file a response.

(2) The failure of a party to oppose a written motion or an oral motion made on the record is deemed a consent by that party to the entry of an order substantially in the form of the order accompanying the motion.

(e) Dilatory motions. Frivolous, dilatory or repetitive motions are prohibited. The filing of such motions may form the basis for sanctions.

(f) Dispositive motions. Dispositive motions are governed by §§263.29 and 263.30.

§ 263.24 Scope of document discovery.

(a) Limits on discovery. (1) Subject to the limitations set out in paragraphs (b), (c), and (d) of this section, a party to a proceeding under this subpart may obtain document discovery by serving a written request to produce documents. For purposes of a request to produce documents, the term “documents” may be defined to include drawings, graphs, charts, photographs, recordings, data stored in electronic form, and other data compilations from which information can be obtained, or translated, if necessary, by the parties through detection devices into reasonably usable form, as well as written material of all kinds.

(2) Discovery by use of deposition is governed by §263.53 of subpart B of this part.

(3) Discovery by use of interrogatories is not permitted.

(b) Relevance. A party may obtain document discovery regarding any matter, not privileged, that has material relevance to the merits of the pending action. Any request to produce documents that calls for irrelevant material, that is unreasonable, oppressive, excessive in scope, unduly burdensome, or repetitive of previous requests, or that seeks to obtain privileged documents will be denied or modified. A request is unreasonable, oppressive, excessive in scope or unduly burdensome if, among other things, it fails to include justifiable limitations on the time period covered and the geographic locations to be searched, the time provided to respond in the request is inadequate, or the request calls for copies of documents to be delivered to the requesting party and fails to include the requestor’s written agreement to pay in advance for the copying, in accordance with §263.25.

(c) Privileged matter. Privileged documents are not discoverable. Privileges include the attorney-client privilege, work-product privilege, any government’s or government agency’s deliberative-process privilege, and any other privileges the Constitution, any applicable act of Congress, or the principles of common law provide.

(d) Time limits. All discovery, including all responses to discovery requests, shall be completed at least 20 days prior to the date scheduled for the commencement of the hearing. No exceptions to this time limit shall be permitted, unless the administrative law judge finds on the record that good
cause exists for waiving the requirements of this paragraph.

§ 263.25 Request for document discovery from parties.

(a) General rule. Any party may serve on any other party a request to produce for inspection any discoverable documents that are in the possession, custody, or control of the party upon whom the request is served. The request must identify the documents to be produced either by individual item or by category, and must describe each item and category with reasonable particularity. Documents must be produced as they are kept in the usual course of business or must be organized to correspond with the categories in the request.

(b) Production or copying. The request must specify a reasonable time, place, and manner for production and performing any related acts. In lieu of inspecting the documents, the requesting party may specify that all or some of the responsive documents be copied and the copies delivered to the requesting party. If copying of fewer than 250 pages is requested, the party to whom the request is addressed shall bear the cost of copying and shipping charges. If a party requests 250 pages or more of copying, the requesting party shall pay for the copying and shipping charges. Copying charges are the current per-page copying rate imposed by 12 CFR Part 261 implementing the Freedom of Information Act (5 U.S.C. 552). The party to whom the request is addressed may require payment in advance before producing the documents.

(c) Obligation to update responses. A party who has responded to a discovery request with a response that was complete when made is not required to supplement the response to include documents thereafter acquired, unless the responding party learns that:

(1) The response was materially incorrect when made; or

(2) The response, though correct when made, is no longer true and a failure to amend the response is, in substance, a knowing concealment.

(d) Motions to limit discovery. (1) Any party that objects to a discovery request may, within ten days of being served with such request, file a motion in accordance with the provisions of §263.23 to strike or otherwise limit the request. If an objection is made to only a portion of an item or category in a request, the portion objected to shall be specified. Any objections not made in accordance with this paragraph and §263.23 are waived.

(2) The party who served the request that is the subject of a motion to strike or limit may file a written response within five days of service of the motion. No other party may file a response.

(e) Privilege. At the time other documents are produced, the producing party must reasonably identify all documents withheld on the grounds of privilege and must produce a statement of the basis for the assertion of privilege. When similar documents that are protected by deliberative process, attorney-work-product, or attorney-client privilege are voluminous, these documents may be identified by category instead of by individual document. The administrative law judge retains discretion to determine when the identification by category is insufficient.

(f) Motions to compel production. (1) If a party withholds any documents as privileged or fails to comply fully with a discovery request, the requesting party may, within ten days of the assertion of privilege or of the time the failure to comply becomes known to the requesting party, file a motion in accordance with the provisions of §263.23 for the issuance of a subpoena compelling production.

(2) The party who asserted the privilege or failed to comply with the request may file a written response to a motion to compel within five days of service of the motion. No other party may file a response.

(g) Ruling on motions. After the time for filing responses pursuant to this section has expired, the administrative law judge shall rule promptly on all motions filed pursuant to this section. If the administrative law judge determines that a discovery request, or any of its terms, calls for irrelevant material, is unreasonable, oppressive, excessive in scope, unduly burdensome, or
§ 263.26 Document subpoenas to non-parties.

(a) General rules. (1) Any party may apply to the administrative law judge for the issuance of a document discovery subpoena addressed to any person who is not a party to the proceeding. The application must contain a proposed document subpoena and a brief statement showing the general relevance and reasonableness of the scope of documents sought. The subpoenaing party shall specify a reasonable time, place, and manner for making production in response to the document subpoena.

(2) A party shall only apply for a document subpoena under this section within the time period during which such party could serve a discovery request under §263.24(d). The party obtaining the document subpoena is responsible for serving it on the subpoenaed person and for serving copies on all parties. Document subpoenas may be served in any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law.

(3) The administrative law judge shall promptly issue any document subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon such conditions as may be consistent with the Uniform Rules.

(b) Motion to quash or modify. (1) Any person to whom a document subpoena is directed may file a motion to quash or modify such subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant shall serve the motion on all parties, and any party may respond to such motion within ten days of service of the motion.

(2) Any motion to quash or modify a document subpoena must be filed on the same basis, including the assertion of privilege, upon which a party could object to a discovery request under §263.25(d), and during the same time limits during which such an objection could be filed.

(c) Enforcing document subpoenas. If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with so much of the document subpoena as the administrative law judge has not quashed or modified. A party’s right to seek court enforcement of a document subpoena shall in no way limit the sanctions
that may be imposed by the administrative law judge on a party who induces a failure to comply with subpoenas issued under this section.

§ 263.27 Deposition of witness unavailable for hearing.

(a) General rules. (1) If a witness will not be available for the hearing, a party desiring to preserve that witness's testimony for the record may apply in accordance with the procedures set forth in paragraph (a)(2) of this section, to the administrative law judge for the issuance of a subpoena, including a subpoena duces tecum, requiring the attendance of the witness at a deposition. The administrative law judge may issue a deposition subpoena under this section upon a showing that:
   (i) The witness will be unable to attend or may be prevented from attending the hearing because of age, sickness or infirmity, or will otherwise be unavailable;
   (ii) The witness's unavailability was not procured or caused by the subpoenaing party;
   (iii) The testimony is reasonably expected to be material; and
   (iv) Taking the deposition will not result in any undue burden to any other party and will not cause undue delay of the proceeding.

(2) The application must contain a proposed deposition subpoena and a brief statement of the reasons for the issuance of the subpoena, including a subpoena duces tecum, requiring the attendance of the witness at a deposition. The administrative law judge may issue a deposition subpoena under this section upon a showing that:
   (i) The witness will be unable to attend or may be prevented from attending the hearing because of age, sickness or infirmity, or will otherwise be unavailable;
   (ii) The witness's unavailability was not procured or caused by the subpoenaing party;
   (iii) The testimony is reasonably expected to be material; and
   (iv) Taking the deposition will not result in any undue burden to any other party and will not cause undue delay of the proceeding.

(3) The application must contain a proposed deposition subpoena and a brief statement of the reasons for the issuance of the subpoena. The subpoena must name the witness whose deposition is to be taken and specify the time and place for taking the deposition. A deposition subpoena may require the witness to be deposed at any place within the country in which that witness resides or has a regular place of employment or such other convenient place as the administrative law judge shall fix.

(4) Any requested subpoena that sets forth a valid basis for its issuance must be promptly issued, unless the administrative law judge on his or her own motion, requires a written response or requires attendance at a conference concerning whether the requested subpoena should be issued.

(5) The party obtaining a deposition subpoena is responsible for serving it on the witness and for serving copies on all parties. Unless the administrative law judge orders otherwise, no deposition under this section shall be taken on fewer than ten days' notice to the witness and all parties. Deposition subpoenas may be served in any state, territory, possession of the United States, or the District of Columbia, on any person or company doing business in any state, territory, possession of the United States, or the District of Columbia, or as otherwise permitted by law.

(b) Objections to deposition subpoenas.

(1) The witness and any party who has not had an opportunity to oppose a deposition subpoena issued under this section may file a motion with the administrative law judge to quash or modify the subpoena prior to the time for compliance specified in the subpoena, but not more than ten days after service of the subpoena.

(2) A statement of the basis for the motion to quash or modify a subpoena issued under this section must accompany the motion. The motion must be served on all parties.

(c) Procedure upon deposition.

(1) Each witness testifying pursuant to a deposition subpoena must be duly sworn, and each party shall have the right to examine the witness. Objections to questions or documents must be in short form, stating the grounds for the objection. Failure to object to questions or documents is not deemed a waiver except where the ground for the objection might have been avoided if the objection had been timely presented. All questions, answers, and objections must be recorded.

(2) Any party may move before the administrative law judge for an order compelling the witness to answer any questions the witness has refused to answer or submit any evidence the witness has refused to submit during the deposition.

(3) The deposition must be subscribed by the witness, unless the parties and the witness, by stipulation, have waived the signing, or the witness is ill, cannot be found, or has refused to sign. If the deposition is not subscribed by the witness, the court reporter taking the deposition shall certify that the transcript is a true and complete transcript of the deposition.
§ 263.28 Interlocutory review.

(a) General rule. The Board may review a ruling of the administrative law judge prior to the certification of the record to the Board only in accordance with the procedures set forth in this section and §263.23.

(b) Scope of review. The Board may exercise interlocutory review of a ruling of the administrative law judge if the Board finds that:

(1) The ruling involves a controlling question of law or policy as to which substantial grounds exist for a difference of opinion;

(2) Immediate review of the ruling may materially advance the ultimate termination of the proceeding;

(3) Subsequent modification of the ruling at the conclusion of the proceeding would be an inadequate remedy; or

(4) Subsequent modification of the ruling would cause unusual delay or expense.

(c) Procedure. Any request for interlocutory review shall be filed by a party with the administrative law judge within ten days of his or her ruling and shall otherwise comply with §263.23. Any party may file a response to a request for interlocutory review in accordance with §263.23(d). Upon the expiration of the time for filing all responses, the administrative law judge shall refer the matter to the Board for final disposition.

§ 263.29 Summary disposition.

(a) In general. The administrative law judge shall recommend that the Board issue a final order granting a motion for summary disposition if the undisputed pleaded facts, admissions, affidavits, stipulations, documentary evidence, matters as to which official notice may be taken, and any other evidentiary materials properly submitted in connection with a motion for summary disposition show that:

(1) There is no genuine issue as to any material fact; and

(2) The moving party is entitled to a decision in its favor as a matter of law.

(b) Filing of motions and responses. (1) Any party who believes that there is no genuine issue of material fact to be determined and that he or she is entitled to a decision as a matter of law may move at any time for summary disposition in its favor of all or any part of the proceeding. Any party, within 20 days after service of such a motion, or within such time period as allowed by the administrative law judge, may file a response to such motion.

(2) A motion for summary disposition must be accompanied by a statement of the material facts as to which the moving party contends there is no genuine issue. Such motion must be supported by documentary evidence, which may take the form of admissions in pleadings, stipulations, depositions, investigatory depositions, transcripts, affidavits and any other evidentiary materials that the moving party contends support his or her position. The motion must also be accompanied by a brief containing the points and authorities in support of the contention of the moving party. Any party opposing a motion for summary disposition must file a statement setting forth those material facts as to which he or she contends a genuine dispute exists. Such opposition must be supported by evidence of the same type as that submitted with the motion for summary.
disposition and a brief containing the points and authorities in support of the contention that summary disposition would be inappropriate.

(c) Hearing on motion. At the request of any party or on his or her own motion, the administrative law judge may hear oral argument on the motion for summary disposition.

(d) Decision on motion. Following receipt of a motion for summary disposition and all responses thereto, the administrative law judge shall determine whether the moving party is entitled to summary disposition. If the administrative law judge determines that summary disposition is warranted, the administrative law judge shall submit a recommended decision to that effect to the Board. If the administrative law judge finds that no party is entitled to summary disposition, he or she shall make a ruling denying the motion.

§ 263.30 Partial summary disposition.
If the administrative law judge determines that a party is entitled to summary disposition as to certain claims only, he or she shall defer submitting a recommended decision as to those claims. A hearing on the remaining issues must be ordered. Those claims for which the administrative law judge has determined that summary disposition is warranted will be addressed in the recommended decision filed at the conclusion of the hearing.

§ 263.31 Scheduling and prehearing conferences.

(a) Scheduling conference. Within 30 days of service of the notice or order commencing a proceeding or such other time as parties may agree, the administrative law judge shall direct counsel for all parties to meet with him or her in person at a specified time and place prior to the hearing or to confer by telephone for the purpose of scheduling the course and conduct of the proceeding. This meeting or telephone conference is called a “scheduling conference.” The identification of potential witnesses, the time for and manner of discovery, and the exchange of any prehearing materials including witness lists, statements of issues, stipulations, exhibits and any other materials may also be determined at the scheduling conference.

(b) Prehearing conferences. The administrative law judge may, in addition to the scheduling conference, on his or her own motion or at the request of any party, direct counsel for the parties to meet with him or her (in person or by telephone) at a prehearing conference to address any or all of the following:

(1) Simplification and clarification of the issues;
(2) Stipulations, admissions of fact, and the contents, authenticity and admissibility into evidence of documents;
(3) Matters of which official notice may be taken;
(4) Limitation of the number of witnesses;
(5) Summary disposition of any or all issues;
(6) Resolution of discovery issues or disputes;
(7) Amendments to pleadings; and
(8) Such other matters as may aid in the orderly disposition of the proceeding.

(c) Transcript. The administrative law judge, in his or her discretion, may require that a scheduling or prehearing conference be recorded by a court reporter. A transcript of the conference and any materials filed, including orders, becomes part of the record of the proceeding. A party may obtain a copy of the transcript at his or her expense.

(d) Scheduling or prehearing orders. At or within a reasonable time following the conclusion of the scheduling conference or any prehearing conference, the administrative law judge shall serve on each party an order setting forth any agreements reached and any procedural determinations made.

§ 263.32 Prehearing submissions.

(a) Within the time set by the administrative law judge, but in no case later than 14 days before the start of the hearing, each party shall serve on every other party, his or her:

(1) Prehearing statement;
(2) Final list of witnesses to be called to testify at the hearing, including name and address of each witness and a short summary of the expected testimony of each witness;
(3) List of the exhibits to be introduced at the hearing along with a copy of each exhibit; and
(4) Stipulations of fact, if any.

(b) Effect of failure to comply. No witness may testify and no exhibits may be introduced at the hearing if such witness or exhibit is not listed in the prehearing submissions pursuant to paragraph (a) of this section, except for good cause shown.

§ 263.33 Public hearings.

(a) General rule. All hearings shall be open to the public, unless the Board, in the Board’s discretion, determines that holding an open hearing would be contrary to the public interest. Within 20 days of service of the notice or, in the case of change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)), within 20 days from service of the hearing order, any respondent may file with the Board a request for a private hearing, and any party may file a reply to such a request. A party must serve on the administrative law judge a copy of any request or reply the party files with the Board. The form of, and procedure for, these requests and replies are governed by § 263.23. A party’s failure to file a request or a reply constitutes a waiver of any objections regarding whether the hearing will be public or private.

(b) Filing document under seal. Enforcement Counsel, in his or her discretion, may file any document or part of a document under seal if disclosure of the document would be contrary to the public interest. The administrative law judge shall take all appropriate steps to preserve the confidentiality of such documents or parts thereof, including closing portions of the hearing to the public.

§ 263.34 Hearing subpoenas.

(a) Issuance. (1) Upon application of a party showing general relevance and reasonableness of scope of the testimony or other evidence sought, the administrative law judge shall issue a subpoena or a subpoena duces tecum requiring the attendance of a witness at the hearing or the production of documentary or physical evidence at the hearing. The application for a hearing subpoena must also contain a proposed subpoena specifying the attendance of a witness or the production of evidence from any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law at any designated place where the hearing is being conducted. The party making the application shall serve a copy of the application and the proposed subpoena on every other party.

(2) A party may apply for a hearing subpoena at any time before the commencement of a hearing. During a hearing, a party may make an application for a subpoena orally on the record before the administrative law judge.

(3) The administrative law judge shall promptly issue any hearing subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon any conditions consistent with this subpart. Upon issuance by the administrative law judge, the party making the application shall serve the subpoena on the person named in the subpoena and on each party.

(b) Motion to quash or modify. (1) Any person to whom a hearing subpoena is directed or any party may file a motion to quash or modify the subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant must serve the motion on each party and on the person named in the subpoena. Any party may respond to the motion within ten days of service of the motion.

(2) Any motion to quash or modify a hearing subpoena must be filed prior to the time specified in the subpoena for compliance, but not more than ten days after the date of service of the subpoena upon the movant.

(c) Enforcing subpoenas. If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative
law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may seek enforcement of the subpoena pursuant to §263.26(c).

§ 263.35 Conduct of hearings.

(a) General rules. (1) Hearings shall be conducted so as to provide a fair and expeditious presentation of the relevant disputed issues. Each party has the right to present its case or defense by oral and documentary evidence and to conduct such cross examination as may be required for full disclosure of the facts.

(2) Order of hearing. Enforcement Counsel shall present its case-in-chief first, unless otherwise ordered by the administrative law judge, or unless otherwise expressly specified by law or regulation. Enforcement Counsel shall be the first party to present an opening statement and a closing statement, and may make a rebuttal statement after the respondent’s closing statement. If there are multiple respondents, respondents may agree among themselves as to their order of presentation of their cases, but if they do not agree the administrative law judge shall fix the order.

(3) Examination of witnesses. Only one counsel for each party may conduct an examination of a witness, except that in the case of extensive direct examination, the administrative law judge may permit more than one counsel for the party presenting the witness to conduct the examination. A party may have one counsel conduct the direct examination and another counsel conduct the re-direct examination of a witness, or may have one counsel conduct the cross examination of a witness and another counsel conduct the re-cross examination of a witness.

(4) Stipulations. Unless the administrative law judge directs otherwise, all stipulations of fact and law previously agreed upon by the parties, and all documents, the admissibility of which have been previously stipulated, will be admitted into evidence upon commencement of the hearing.

(b) Transcript. The hearing must be recorded and transcribed. The reporter will make the transcript available to any party upon payment by that party to the reporter of the cost of the transcript. The administrative law judge may order the record corrected, either upon motion to correct, upon stipulation of the parties, or following notice to the parties upon the administrative law judge’s own motion.

§ 263.36 Evidence.

(a) Admissibility. (1) Except as otherwise set forth in this section, relevant, material, and reliable evidence that is not unduly repetitive is admissible to the fullest extent authorized by the Administrative Procedure Act and other applicable law.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted pursuant to this subpart.

(3) Evidence that would be inadmissible under the Federal Rules of Evidence may not be deemed or ruled to be inadmissible in a proceeding conducted pursuant to this subpart if such evidence is relevant, material, reliable and not unduly repetitive.

(b) Official notice. (1) Official notice may be taken of any material fact which may be judicially noticed by a United States district court and any material information in the official public records of any Federal or state government agency.

(2) All matters officially noticed by the administrative law judge or Board shall appear on the record.

(3) If official notice is requested or taken of any material fact, the parties, upon timely request, shall be afforded an opportunity to object.

(c) Documents. (1) A duplicate copy of a document is admissible to the same extent as the original, unless a genuine issue is raised as to whether the copy is in some material respect not a true and legible copy of the original.

(2) Subject to the requirements of paragraph (a) of this section, any document, including a report of examination, supervisory activity, inspection or visitation, prepared by an appropriate Federal financial institution
§ 263.37 Post-hearing filings.

(a) Proposed findings and conclusions and supporting briefs. (1) Using the same method of service for each party, the administrative law judge shall serve notice upon each party, that the certified transcript, together with all hearing exhibits and exhibits introduced but not admitted into evidence at the hearing, has been filed. Any party may file with the administrative law judge proposed findings of fact, proposed conclusions of law, and a proposed order within 30 days following service of this notice by the administrative law judge or within such longer period as may be ordered by the administrative law judge.

(2) Proposed findings and conclusions must be supported by citation to any relevant authorities and by page references to any relevant portions of the record. Any party who fails to file timely with the administrative law judge any proposed finding or conclusion is deemed to have waived the right to raise in any subsequent filing or submission any issue not addressed in such party’s proposed finding or conclusion.

(b) Reply briefs. Reply briefs may be filed within 15 days after the date on which the parties’ proposed findings, conclusions, and order are due. Reply briefs must be strictly limited to responding to new matters, issues, or arguments raised in another party’s papers. A party who has not filed proposed findings of fact and conclusions of law or a post-hearing brief may not file a reply brief.

(c) Simultaneous filing required. The administrative law judge shall not order the filing by any party of any brief or reply brief in advance of the other party’s filing of its brief.

§ 263.38 Recommended decision and filing of record.

(a) Filing of recommended decision and record. Within 45 days after expiration of the time allowed for filing reply briefs under §263.37(b), the administrative law judge shall file with and certify to the Board, for decision, the record of the proceeding. The record must include the administrative law judge’s recommended decision, recommended findings of fact, recommended conclusions of law, and proposed order; all prehearing and hearing transcripts, exhibits, and rulings; and the motions, briefs, memoranda, and other supporting papers filed in connection with the hearing. The administrative law judge shall serve upon each party the recommended decision, findings, conclusions, and proposed order.

(b) Filing of index. At the same time the administrative law judge files with and certifies to the Board for final determination the record of the proceeding, the administrative law judge shall furnish to the Board a certified index of the entire record of the proceeding. The certified index shall include, at a minimum, an entry for each paper, document or motion filed with the administrative law judge in the proceeding, the date of the filing, and the identity of the filer. The certified index shall also include an exhibit index containing, at a minimum, an entry consisting of exhibit number and title or description for: Each exhibit introduced and admitted into evidence at the hearing; each exhibit introduced but not admitted into evidence at the hearing; each exhibit introduced and admitted into evidence after the completion of the hearing; and each exhibit introduced but not admitted into evidence after the completion of the hearing.

[61 FR 20344, May 6, 1996]

§ 263.39 Exceptions to recommended decision.

(a) Filing exceptions. Within 30 days after service of the recommended decision, findings, conclusions, and proposed order under §263.38, a party may file with the Board written exceptions to the administrative law judge’s recommended decision, findings, conclusions or proposed order, to the admission or exclusion of evidence, or to the failure of the administrative law judge to make a ruling proposed by a party. A supporting brief may be filed at the time the exceptions are filed, either as part of the same document or in a separate document.

(b) Effect of failure to file or raise exceptions. (1) Failure of a party to file exceptions to those matters specified in paragraph (a) of this section within the time prescribed is deemed a waiver of objection thereto.

(2) No exception need be considered by the Board if the party taking exception had an opportunity to raise the same objection, issue, or argument before the administrative law judge and failed to do so.

(c) Contents. (1) All exceptions and briefs in support of such exceptions must be confined to the particular matters in, or omissions from, the administrative law judge’s recommendations to which exception is taken. All exceptions and briefs in support of exceptions must set forth page or paragraph references to the specific parts of the administrative law judge’s recommendations to which exception is taken, the page or paragraph references to those portions of the record relied upon to support each exception, and the legal authority relied upon to support each exception.

§ 263.40 Review by the Board.

(a) Notice of submission to the Board. When the Board determines that the record in the proceeding is complete, the Board shall serve notice upon the parties that the proceeding has been submitted to the Board for final decision.

(b) Oral argument before the Board. Upon the initiative of the Board or on the written request of any party filed with the Board within the time for filing exceptions, the Board may order and hear oral argument on the recommended findings, conclusions, decision, and order of the administrative law judge. A written request by a party must show good cause for oral argument and state reasons why arguments cannot be presented adequately in writing. A denial of a request for oral
§ 263.41 Stays pending judicial review.

The commencement of proceedings for judicial review of a final decision and order of the Board may not, unless specifically ordered by the Board or a reviewing court, operate as a stay of any order issued by the Board. The Board may, in its discretion, and on such terms as it finds just, stay the effectiveness of all or any part of its order pending a final decision on a petition for review of that order.

Subpart B—Board Local Rules Superseding the Uniform Rules

§ 263.50 Purpose and scope.

(b) **Member bank** means any bank that is a member of the Federal Reserve System.

(c) **Institution** has the same meaning as that assigned to it in § 263.3(f) of subpart A, and includes any foreign bank with a representative office in the United States.

§ 263.52 Address for filing.

All papers to be filed with the Board shall be filed with the Secretary of the Board of Governors of the Federal Reserve System, Washington, DC 20551.

§ 263.53 Discovery depositions.

(a) **In general.** In addition to the discovery permitted in subpart A of this part, limited discovery by means of depositions shall be allowed for individuals with knowledge of facts material to the proceeding that are not protected from discovery by any applicable privilege, and of identified expert witnesses. Except in unusual cases, accordingly, depositions will be permitted only of individuals identified as hearing witnesses, including experts. All discovery depositions must be completed within the time set forth in § 263.24(d).

(b) **Application.** A party who desires to take a deposition of any other party's proposed witnesses, shall apply to the administrative law judge for the issuance of a deposition subpoena or subpoena duces tecum. The application shall state the name and address of the proposed deponent, the subject matter of the testimony expected from the deponent and its relevancy to the proceeding, and the address of the place and the time, no sooner than ten days after the service of the subpoena, for the taking of the deposition. Any such application shall be treated as a motion subject to the rules governing motions practice set forth in § 263.23.

(c) **Issuance of subpoena.** The administrative law judge shall issue the requested deposition subpoena or subpoena duces tecum upon a finding that the application satisfies the requirements of this section and of § 263.24. If the administrative law judge determines that the taking of the deposition or its proposed location is, in whole or in part, unnecessary, unreasonable, oppressive, excessive in scope or unduly burdensome, he or she may deny the application or may grant it upon such conditions as justice may require. The party obtaining the deposition subpoena or subpoena duces tecum shall be responsible for serving it on the deponent and all parties to the proceeding in accordance with § 263.11.

(d) **Motion to quash or modify.** A person named in a deposition subpoena or subpoena duces tecum may file a motion to quash or modify the subpoena or for the issuance of a protective order. Such motions must be filed within ten days following service of the subpoena, but in all cases at least five days prior to the commencement of the scheduled deposition. The motion must be accompanied by a statement of the reasons for granting the motion and a copy of the motion and the statement must be served on the party which requested the subpoena. Only the party requesting the subpoena may file a response to a motion to quash or modify, and any such response shall be filed within five days following service of the motion.

(e) **Enforcement of a deposition subpoena.** Enforcement of a deposition subpoena shall be in accordance with the procedures set forth in § 263.27(d).

(f) **Conduct of the deposition.** The deponent shall be duly sworn, and each party shall have the right to examine the deponent with respect to all nonprivileged, relevant and material matters. Objections to questions or evidence shall be in the short form, stating the ground for the objection. Failure to object to questions or evidence...
shall not be deemed a waiver except where the grounds for the objection might have been avoided if the objection had been timely presented. The discovery deposition shall be transcribed or otherwise recorded as agreed among the parties.

(g) Protective orders. At any time during the taking of a discovery deposition, on the motion of any party or of the deponent, the administrative law judge may terminate or limit the scope and manner of the deposition upon a finding that grounds exist for such relief. Grounds for terminating or limiting the taking of a discovery deposition include a finding that the discovery deposition is being conducted in bad faith or in such a manner as to:

(1) Unreasonably annoy, embarrass, or oppress the deponent;

(2) Unreasonably probe into privilege, irrelevant or immaterial matters; or

(3) Unreasonably attempt to pry into a party’s preparation for trial.

§ 263.54 Delegation to the Office of Financial Institution Adjudication.

In such initial licensing proceedings, the procedures set forth in subpart A of this part shall apply, except that the Board may designate a Board Counsel to represent the Board in a nonadversary capacity for the purpose of developing for the record information relevant to the issues to be determined by the Presiding Officer and the Board. In such proceedings, Board Counsel shall be considered to be a decisional employee for purposes of §§263.9 and 263.40 of subpart A.

Subpart C—Rules and Procedures for Assessment and Collection of Civil Money Penalties

§ 263.60 Scope.

The Uniform Rules set forth in subpart A of this part shall govern the procedures for assessment of civil money penalties, except as otherwise provided in this subpart.

§ 263.61 Opportunity for informal proceeding.

In the sole discretion of the Board’s General Counsel, the General Counsel may, prior to the issuance by the Board of a notice of assessment of civil penalty, advise the affected person that the issuance of a notice of assessment of civil penalty is being considered and the reasons and authority for the proposed assessment. The General Counsel may provide the person an opportunity to present written materials or request a conference with members of the Board’s staff to show that the penalty should not be assessed or, if assessed, should be reduced in amount.

§ 263.62 Relevant considerations for assessment of civil penalty.

In determining the amount of the penalty to be assessed, the Board shall take into account the appropriateness of the penalty with respect to the financial resources and good faith of the person charged, the gravity of the misconduct, the history of previous misconduct, the economic benefit derived by the person from the misconduct, and such other matters as justice may require.
§ 263.63 Assessment order.

(a) In the event of consent to an assessment by the person concerned, or if, upon the record made at an administrative hearing, the Board finds that the grounds for having assessed the penalty have been established, the Board may issue a final order of assessment of civil penalty. In its final order, the Board may modify the amount of the penalty specified in the notice of assessment.

(b) An assessment order is effective immediately upon issuance, or upon such other date as may be specified therein, and shall remain effective and enforceable until it is stayed, modified, terminated, or set aside by action of the Board or a reviewing court.

§ 263.64 Payment of civil penalty.

(a) The date designated in the notice of assessment for payment of the civil penalty will normally be 60 days from the issuance of the notice. If, however, the Board finds in a specific case that the purposes of the authorizing statute would be better served if the 60-day period is changed, the Board may shorten or lengthen the period or make the civil penalty payable immediately upon receipt of the notice of assessment. If a timely request for a formal hearing to challenge an assessment of civil penalty is filed, payment of the penalty shall not be required unless and until the Board issues a final order of assessment following the hearing. If an assessment order is issued, it will specify the date by which the civil penalty should be paid or collected.

(b) Checks in payment of civil penalties should be made payable to the “Board of Governors of the Federal Reserve System.” Upon collection, the Board shall forward the amount of the penalty to the Treasury of the United States.

§ 263.65 Civil penalty inflation adjustments.

(a) Inflation Adjustments. In accordance with the Federal Civil Penalties Inflation Adjustment Act of 1990, 28 U.S.C. 2461 note, the Board has set forth in paragraph (b) of this section the adjusted maximum amounts for each civil money penalty provided by law within the Board’s jurisdiction. The authorizing statutes contain the complete provisions under which the Board may seek a civil money penalty. The adjusted civil money penalties apply only to violations occurring after the effective date of this rule.

(b) Maximum civil money penalties. The maximum civil money penalties as set forth in the referenced statutory sections are as follows:

§ 263.70 Purpose and scope.

The rules and procedures set forth in this subpart apply to informal hearings afforded to any institution-affiliated party for whom the Board is the appropriate regulatory agency, who has been suspended or removed from office or prohibited from further participation in any manner in the conduct of the institution’s affairs by a notice or order issued by the Board upon the grounds set forth in section 8(g) of the FDIA (12 U.S.C. 1818(g)).

§ 263.71 Notice or order of suspension, removal, or prohibition.

(a) Grounds. The Board may suspend an institution-affiliated party from office or prohibit an institution-affiliated party from further participation in any manner in the conduct of an institution’s affairs when the person is charged in any information, indictment, or complaint authorized by a United States attorney with the commission of, or participation in, a crime involving dishonesty or breach of trust that is punishable by imprisonment for a term exceeding one year under State or Federal law. The Board may remove an institution-affiliated party from office or prohibit an institution-affiliated party from further participation in any manner in the conduct of an institution’s affairs when the person is convicted of such an offense and the conviction is not subject to further direct appellate review. The Board may suspend or remove an institution-affiliated party or prohibit an institution-affiliated party from participation in an institution’s affairs in these circumstances if the Board finds that continued service to the financial institution or participation in its affairs by the institution-affiliated party may pose a threat to the interests of the institution’s depositors or may threaten to impair public confidence in the financial institution.

(b) Contents. The Board commences a suspension, removal, or prohibition action under this subpart with the issuance, and service upon an institution-affiliated party, of a notice of suspension from office, or order of removal from office, or notice or order of prohibition from participation in the financial institution’s affairs. Such a notice or order shall indicate the basis for the suspension, removal, or prohibition and shall inform the institution-affiliated party of the right to request in writing, within 30 days of service of the notice or order, an opportunity to show at an informal hearing that continued service to, or participation in the conduct of the affairs of, the financial institution does not and is not likely to pose a threat to the interests of the financial institution’s depositors or threaten to impair public confidence in the financial institution. Failure to file a timely request for an informal hearing shall be deemed to be a waiver of the right to request such a hearing. A notice of suspension or prohibition shall remain in effect until the criminal charge upon which the notice is based is finally disposed of or until the notice is terminated by the Board.

(c) Service. The notice or order shall be served upon the affiliated financial institution concerned, whereupon the institution-affiliated party shall immediately cease service to the financial institution or further participation in any manner in the conduct of the affairs of the financial institution. A notice or order of suspension, removal, or prohibition may be served by any of the means authorized for service under §263.11(c)(2) of subpart A.

§ 263.72 Request for informal hearing.

An institution-affiliated party who is suspended or removed from office or prohibited from participation in the institution’s affairs may request an informal hearing within 30 days of service of the notice or order. The request shall be filed in writing with the Secretary, Board of Governors of the Federal Reserve System, Washington, DC 20551. The request shall state with particularity the relief desired and the grounds therefor and shall include, when available, supporting evidence in the form of affidavits. If the institution-affiliated party desires to present oral testimony or witnesses at the
hearing, the institution-affiliated party must include a request to do so with the request for informal hearing. The request to present oral testimony or witnesses shall specify the names of the witnesses and the general nature of their expected testimony.

§ 263.73 Order for informal hearing.

(a) Issuance of hearing order. Upon receipt of a timely request for an informal hearing, the Secretary shall promptly issue an order directing an informal hearing to commence within 30 days of the receipt of the request. At the request of the institution-affiliated party, the Secretary may order the hearing to commence at a time more than 30 days after the receipt of the request for hearing. The hearing shall be held in Washington, DC, or at such other place as may be designated by the Secretary, before presiding officers designated by the Secretary to conduct the hearing. The presiding officers normally will include representatives from the Board’s Legal Division and the Division of Banking Supervision and Regulation and from the appropriate Federal Reserve Bank.

(b) Waiver of oral hearing. A institution-affiliated party may waive in writing his or her right to an oral hearing and instead elect to have the matter determined by the Board solely on the basis of written submissions.

(c) Hearing procedures. (1) The institution-affiliated party may appear at the hearing personally, through counsel, or personally with counsel. The institution-affiliated party shall have the right to introduce relevant written materials and to present an oral argument. The institution-affiliated party may introduce oral testimony and present witnesses only if expressly authorized by the Board or the Secretary. Except as provided in §263.11, the adjudicative procedures of the Administrative Procedure Act (5 U.S.C. 554-557) and of subpart A of this part shall not apply to the informal hearing ordered under this subpart unless the Board orders that subpart A of this part applies.

(2) The informal hearing shall be recorded and a transcript shall be furnished to the institution-affiliated party upon request and after the payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officers. The presiding officers may ask questions of any witness.

(3) The presiding officers may order the record to be kept open for a reasonable period following the hearing (normally five business days), during which time additional submissions to the record may be made. Thereafter, the record shall be closed.

(d) Authority of presiding officers. In the course of or in connection with any proceeding under this subpart, the Board or the presiding officers are authorized to administer oaths and affirmations, to take or cause to be taken depositions, to issue, quash or modify subpoenas and subpoenas duces tecum, and, for the enforcement thereof, to apply to an appropriate United States district court. All action relating to depositions and subpoenas shall be in accordance with the rules provided in §§263.34 and 263.53.

(e) Recommendation of presiding officers. The presiding officers shall make a recommendation to the Board concerning the notice or order of suspension, removal, or prohibition within 20 calendar days following the close of the record on the hearing.

§ 263.74 Decision of the Board.

(a) Within 60 days following the close of the record on the hearing, or receipt of written submissions where a hearing has been waived, the Board shall notify the institution-affiliated party whether the notice of suspension or prohibition will be continued, terminated, or otherwise modified, or whether the order of removal or prohibition will be rescinded or otherwise modified. The notification shall contain a statement of the basis for any adverse decision by the Board. In the case of a decision favorable to the institution-affiliated party, the Board shall take prompt action to rescind or otherwise modify the order of suspension, removal or prohibition.

(b) In deciding the question of suspension, removal, or prohibition under this subpart, the Board shall not rule on the question of the guilt or innocence of the individual with respect to the crime with which the individual has been charged.
§ 263.80 Purpose and scope.

This subpart establishes procedures under which the Board may issue a directive or take other action to require a state member bank, bank holding company, or a savings and loan holding company to achieve and maintain adequate capital.

[76 FR 56604, Sept. 13, 2011]

§ 263.81 Definitions.

(a) Bank holding company means any company that controls a bank as defined in section 2 of the BHC Act, 12 U.S.C. 1841, and in the Board’s Regulation Y (12 CFR 225.2(b)) or any direct or indirect subsidiary thereof other than a savings association subsidiary as defined in section 10 of the HOLA, 12 U.S.C. 1467a, and in the Board’s Regulation LL (12 CFR 238.2).

(b) Capital Adequacy Guidelines means those guidelines for bank holding companies and state member banks contained in appendices A and D to the Board’s Regulation Y (12 CFR part 225), and in appendix A to the Board’s Regulation H (12 CFR part 208), or any succeeding capital guidelines promulgated by the Board.

(c) Directive means a final order issued by the Board:

(1) Pursuant to ILSA (12 U.S.C. 3907(b)(2)) requiring a state member bank or bank holding company to increase capital to or maintain capital at the minimum level set forth in the Board’s Capital Adequacy Guidelines or as otherwise established under the procedures described in §263.85; or

(2) Pursuant to HOLA (12 U.S.C. 1467a(g)(1)) requiring a savings and loan holding company to increase capital to or maintain capital at a certain level.

(d) State member bank means any state-chartered bank that is a member of the Federal Reserve System.

(e) Savings and loan holding company means any company that controls a savings association as defined in section 10 of the HOLA, 12 U.S.C. 1467a, and in the Board’s Regulation LL (12 CFR 238.2) or any direct or indirect subsidiary thereof other than a savings association subsidiary as defined in section 10 of the HOLA, 12 U.S.C. 1467a, and in the Board’s Regulation LL (12 CFR 238.2).

§ 263.82 Establishment of minimum capital levels.

The Board has established minimum capital levels for state member banks and bank holding companies in its Capital Adequacy Guidelines. The Board may set higher capital levels as necessary and appropriate for a particular state member bank or bank holding company based upon its financial condition, managerial resources, prospects, or similar factors, pursuant to the procedures set forth in §263.85 of this subpart.

§ 263.83 Issuance of capital directives.

(a) Notice of intent to issue directive. If a state member bank or bank holding company is operating with less than the minimum level of capital established in the Board’s Capital Adequacy Guidelines, or as otherwise established under the procedures described in §263.85, or if the Board has determined that the current capital level of a savings and loan holding company is not adequate, the Board may issue and serve upon such state member bank, bank holding company, or savings and loan holding company written notice of the Board’s intent to issue a directive to require the bank, bank holding company, or savings and loan holding company to achieve and maintain adequate capital within a specified time period.

(b) Contents of notice. The notice of intent to issue a directive shall include:

(1) The required minimum level of capital to be achieved or maintained by the institution;
(2) Its current level of capital;
(3) The proposed increase in capital needed to meet the minimum requirements;
(4) The proposed date or schedule for meeting these minimum requirements;
(5) When deemed appropriate, specific details of a proposed plan for meeting the minimum capital requirements; and
(6) The date for a written response by the bank or bank holding company to the proposed directive, which shall be at least 14 days from the date of issuance of the notice unless the Board determines a shorter period is necessary because of the financial condition of the bank or bank holding company.

(c) Response to notice. The bank or bank holding company may file a written response to the notice within the time period set by the Board. The response may include:
(1) An explanation why a directive should not be issued;
(2) Any proposed modification of the terms of the directive;
(3) Any relevant information, mitigating circumstances, documentation or other evidence in support of the institution’s position regarding the proposed directive; and
(4) The institution’s plan for attaining the required level of capital.

(d) Failure to file response. Failure by the bank or bank holding company to file a written response to the notice of intent to issue a directive within the specified time period shall constitute a waiver of the opportunity to respond and shall constitute consent to the issuance of such directive.

(e) Board consideration of response. After considering the response of the bank or bank holding company, the Board may:
(1) Issue the directive as originally proposed or in modified form;
(2) Determine not to issue a directive and so notify the bank or bank holding company; or
(3) Seek additional information or clarification of the response by the bank or bank holding company.

(f) Contents of directive. Any directive issued by the Board may order the bank or bank holding company to:
(1) Achieve or maintain the minimum capital requirement established pursuant to the Board’s Capital Adequacy Guidelines or the procedures in §263.85 of this subpart by a certain date;
(2) Adhere to a previously submitted plan or submit for approval and adhere to a plan for achieving the minimum capital requirement by a certain date; (3) Take other specific action as the Board directs to achieve the minimum capital levels, including requiring a reduction of assets or asset growth or restriction on the payment of dividends; or
(4) Take any combination of the above actions.

(g) Request for reconsideration of directive. Any state member bank or bank holding company, upon a change in circumstances, may request the Board to reconsider the terms of a directive and may propose changes in the plan under which it is operating to meet the required minimum capital level. The directive and plan continue in effect while such request is pending before the Board.

§ 263.84 Enforcement of directive.

(a) Judicial and administrative remedies. (1) Whenever a bank or bank holding company fails to follow a directive issued under this subpart, or to submit or adhere to a capital adequacy plan as required by such directive, the Board may seek enforcement of the directive, including the capital adequacy plan, in the appropriate United States district court, pursuant to section 908(b)(2)(B)(ii) of ILSA (12 U.S.C. 3907(b)(2)(B)(ii)) and to section 8(i) of the FDIA (12 U.S.C. 1818(i)), in the same manner and to the same extent as if the directive were a final cease-and-desist order. Whenever a savings and loan holding company fails to follow a directive issued under this subpart, or to submit or adhere to a capital adequacy plan as required by such directive, the Board may seek enforcement of the directive, including the capital adequacy plan, in the proper United States district court, or the United States court of any territory or other place subject to the jurisdiction of the United States, pursuant to section 10(g)(4) of HOLA (12 U.S.C. 1567a(g)(4)).

(2) The Board, pursuant to section 910(d) of ILSA (12 U.S.C. 3909(d)), may also assess civil money penalties for violation of the directive against any bank or bank holding company and any institution-affiliated party of the bank or bank holding company, in the same manner and to the same extent as if
the directive were a final cease-and-desist order. The Board, pursuant to section 10(i) (12 U.S.C. 1467a(i)), may also assess civil money penalties for violation of the directive against any savings and loan holding company and any institution-affiliated party of the savings and loan holding company, in the same manner and to the same extent as if the directive were a final cease-and-desist order.

(b) Other enforcement actions. A directive may be issued separately, in conjunction with, or in addition to any other enforcement actions available to the Board, including issuance of cease-and-desist orders, the approval or denial of applications or notices, or any other actions authorized by law.

(c) Consideration in application proceedings. In acting upon any application or notice submitted to the Board pursuant to any statute administered by the Board, the Board may consider the progress of a state member bank, bank holding company, or savings and loan holding company or any subsidiary thereof in adhering to any directive or capital adequacy plan required by the Board pursuant to this subpart, or by any other appropriate banking supervisory agency pursuant to ILSA. The Board shall consider whether approval or a notice of intent not to disapprove would divert earnings, diminish capital, or otherwise impede the bank, bank holding company, or savings and loan holding company in achieving its required minimum capital level or complying with its capital adequacy plan.

§ 263.85 Establishment of increased capital level for specific institutions.

(a) Establishment of capital levels for specific institutions. The Board may establish a capital level higher than the minimum specified in the Board’s Capital Adequacy Guidelines for a specific bank or bank holding company pursuant to:

(1) A written agreement or memorandum of understanding between the Board or the appropriate Federal Reserve Bank and the bank or bank holding company;

(2) A temporary or final cease-and-desist order issued pursuant to section 8(b) or (c) of the FDIA (12 U.S.C. 1818(b) or (c));

(3) A condition for approval of an application or issuance of a notice of intent not to disapprove a proposal;

(4) Or other similar means; or

(5) The procedures set forth in paragraph (b) of this section.

(b) Procedure to establish higher capital requirement—(1) Notice. When the Board determines that capital levels above those in the Board’s Capital Adequacy Guidelines may be necessary and appropriate for a particular bank or bank holding company under the circumstances, or when the Board determines that the current capital level of a savings and loan holding company is not adequate, the Board shall give the bank or bank holding company notice of the proposed higher capital requirement and shall permit the bank, bank holding company, or savings and loan holding company an opportunity to comment upon the proposed capital level, whether it should be required and, if so, under what time schedule. The notice shall contain the Board’s reasons for proposing a higher level of capital.

(2) Response. The bank, bank holding company, or savings and loan holding company shall be allowed at least 14 days to respond, unless the Board determines that a shorter period is necessary because of the financial condition of the bank, bank holding company, or savings and loan holding company. Failure by the bank, bank holding company, or savings and loan holding company to file a written response to the notice within the time set by the Board shall constitute a waiver of the opportunity to respond and shall constitute consent to issuance of a directive containing the required minimum capital level.

(3) Board decision. After considering the response of the institution, the Board may issue a written directive to the bank, bank holding company, or savings and loan holding company setting an appropriate capital level and the date on which this capital level will become effective. The Board may

§ 263.95 Initiation of disciplinary proceeding.

(a) Receipt of information. An individual, including any employee of the Board, who has reason to believe that an individual practicing before the Board in a representative capacity has engaged in any conduct that would serve as a basis for censure, suspension or debarment under §263.94, may make a report thereof and forward it to the Board.

(b) Censure without formal proceeding. Upon receipt of information regarding an individual’s qualification to practice before the Board, the Board may, after giving the individual notice and opportunity to respond, censure such individual.

(c) Institution of formal disciplinary proceeding. When the Board has reason to believe that any individual who practices before the Board in a representative capacity has engaged in conduct that would serve as a basis for censure, suspension or debarment under §263.94 the Board may, after giving the individual notice and opportunity to respond, institute a formal disciplinary proceeding against such individual. The proceeding shall be conducted pursuant to §263.97 and shall be initiated by a complaint issued by the Board that names the individual as a respondent. Except in cases when time, the nature of the proceeding, or the public interest do not permit, a proceeding under this section shall not be instituted until the respondent has been informed, in writing, of the facts or conduct which warrant institution of a proceeding and the respondent has been accorded the opportunity to comply with all lawful requirements or take whatever action may be necessary to remedy the conduct that is the basis for the initiation of the proceeding.

(b) Knowingly or recklessly giving false or misleading information, or participating in any way in the giving of false information to the Board or to any Board officer or employee, or to any tribunal authorized to pass upon matters administered by the Board in connection with any matter pending or likely to be pending before it. The term “information” includes facts or other statements contained in testimony, financial statements, applications, affidavits, declarations, or any other document or written or oral statement;

(c) Directly or indirectly attempting to influence, or offering or agreeing to attempt to influence, the official action of any officer or employee of the Board by the use of threats, false accusations, duress or coercion, by the offer of any special inducement or promise of advantage or by the bestowing of any gift, favor, or thing of value;

(d) Disbarment or suspension from practice as an attorney, or debarment or suspension from practice as a certified public accountant or public accountant, by any duly constituted authority of any state, possession, commonwealth, or the District of Columbia for the conviction of a felony or misdemeanor involving personal dishonesty or breach of trust in matters relating to the supervisory responsibilities of the Board, where the conviction has not been reversed on appeal;

(e) Knowingly aiding or abetting another individual to practice before the Board during that individual’s period of suspension, debarment, or ineligibility;

(f) Contemptuous conduct in connection with practice before the Board, and knowingly making false accusations and statements, or circulating or publishing malicious or libelous matter;

(g) Suspension or debarment from practice before the OCC, the FDIC, the Office of Thrift Supervision, the Securities and Exchange Commission, the NCUA, or any other Federal agency based on matters relating to the supervisory responsibilities of the Board;

(h) Willful or knowing violation of any of the regulations contained in this part.

§ 263.96 Conferences.
(a) General. The Board’s staff may
confer with a proposed respondent concerning allegations of misconduct or
other grounds for censure, debarment
or suspension, regardless of whether a
proceeding for debarment or suspension
has been instituted. If a conference results in a stipulation in connection
with a proceeding in which the individual is the respondent, the stipulation may be entered in the record at
the request of either party to the proceeding.
(b) Resignation or voluntary suspension. In order to avoid the institution
of, or a decision in, a debarment or suspension proceeding, a person who practices before the Board may consent to
suspension from practice. At the discretion of the Board, the individual
may be suspended or debarred in accordance with the consent offered.

§ 263.97 Proceedings under this subpart.
Except as otherwise provided in this
subpart, any hearing held under this
subpart shall be held before an administrative law judge of the OFIA pursuant to procedures set forth in subparts
A and B of this part. The Board shall
appoint a person to represent the
Board in the hearing. Any person having prior involvement in the matter
which is the basis for the suspension or
debarment proceeding shall be disqualified from representing the Board
in the hearing. The hearing shall be
closed to the public unless the Board,
sua sponte or on the request of a party,
otherwise directs. The administrative
law judge shall refer a recommended
decision to the Board, which shall issue
the final decision and order. In its final
decision and order, the Board may censure, debar or suspend an individual, or
take such other disciplinary action as
the Board deems appropriate.
§ 263.98 Effect of suspension, debarment or censure.
(a) Debarment. If the final order
against the respondent is for debarment, the individual will not thereafter
be permitted to practice before the
Board unless otherwise permitted to do
so by the Board pursuant to § 263.99 of
this subpart.

(b) Suspension. If the final order
against the respondent is for suspension, the individual will not thereafter
be permitted to practice before the
Board during the period of suspension.
(c) Censure. If the final order against
the respondent is for censure, the individual may be permitted to practice
before the Board, but such individual’s
future representations may be subject
to conditions designed to promote high
standards of conduct. If a written letter of censure is issued, a copy will be
maintained in the Board’s files.
(d) Notice of debarment or suspension.
Upon the issuance of a final order for
suspension or debarment, the Board
shall give notice of the order to appropriate officers and employees of the
Board, to interested departments and
agencies of the Federal Government,
and to the appropriate authorities of
the State in which any debarred or suspended individual is or was licensed to
practice.
§ 263.99

Petition for reinstatement.

The Board may entertain a petition
for reinstatement from any person
debarred from practice before the
Board. The Board shall grant reinstatement only if the Board finds that the
petitioner is likely to act in accordance with the regulations in this part,
and that granting reinstatement would
not be contrary to the public interest.
Any request for reinstatement shall be
limited to written submissions unless
the Board, in its discretion, affords the
petitioner an informal hearing.

§ 263.102 Prevailing party.

Only an eligible applicant that prevailed on the merits of an adversary proceeding may qualify for an award under this subpart.

§ 263.103 Eligibility of applicants.

(a) General rule. To be eligible for an award under this subpart, an applicant must have been named as a party to the adjudicatory proceeding and show that it meets all other conditions of eligibility set forth in paragraphs (b) and (c) of this section.

(b) Types of eligible applicant. An applicant is eligible for an award only if it meets at least one of the following descriptions:

(1) An individual with a net worth of not more than $2 million at the time the adversary adjudication was initiated;
(2) Any sole owner of an unincorporated business, or any partnership, corporation, associations, unit of local government or organization, the net worth of which did not exceed $7,000,000 and which did not have more than 500 employees at the time the adversary adjudication was initiated;
(3) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with not more than 500 employees at the time the adversary proceeding was initiated;
(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with not more than 500 employees at the time the adversary proceeding was initiated.

(c) Factors to be considered. In determining the eligibility of an applicant:

(1) An applicant who owns an unincorporated business shall be considered as an individual rather than a sole owner of an unincorporated business if the issues on which he or she prevailed are related to personal interests rather than to business interests.
(2) An applicant’s net worth includes the value of any assets disposed of for the purpose of meeting an eligibility standard and excludes the value of any obligations incurred for this purpose. Transfers of assets or obligations incurred for less than reasonably equivalent value will be presumed to have been made for this purpose.
(3) The net worth of a financial institution shall be established by the net worth information reported in conformity with applicable instructions and guidelines on the financial institution’s financial report to its supervisory agency for the last reporting date before the initiation of the adversary proceeding. A bank holding company’s and a savings and loan company’s net worth will be considered on a consolidated basis even if the bank holding company or the savings and loan company is not required to file its regulatory reports to the Board on a consolidated basis.
(4) The employees of an applicant include all those persons who were regularly providing services for remuneration for the applicant, under its direction and control, on the date the adversary proceeding was initiated. Part-time employees are counted on a proportional basis.
(5) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. As used in this subpart, affiliates are: Individuals, corporations, and entities that directly or indirectly or acting through one or more entities control at least 25% of the voting shares of the applicant, and corporations and entities of which the applicant directly or indirectly owns or controls at least 25% of the voting shares. The Board may determine, in light of the actual relationship among the affiliated entities, that aggregation with regard to one or more of the applicant’s affiliates would be unjust and
contrary to the purposes of this subpart and decline to aggregate the net worth and employees of such affiliate; alternatively, the Board may determine that financial relationships of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

§ 263.104 Application for awards.

(a) Time to file. An application and any other pleading or document related to the application may be filed with the Board whenever the applicant has prevailed in the proceeding within 30 days after service of the final order of the Board disposing of the proceeding.

(b) Contents. An application for an award of fees and expenses under this subpart shall contain:

(1) The name of the applicant and an identification of the proceeding;

(2) A showing that the applicant has prevailed, and an identification of the way in which the applicant believes that the position of the Board in the proceeding was not substantially justified;

(3) If the applicant is not an individual, a statement of the number of its employees on the date the proceeding was initiated;

(4) A description of any affiliated individuals or entities, as defined in §263.103(c)(5), or a statement that none exist;

(5) A declaration that the applicant, together with any affiliates, had a net worth not more than the maximum set forth in §263.103(b) as of the date the proceeding was initiated, supported by a net worth statement conforming to the requirements of §263.105;

(6) A statement of the amount of fees and expenses for which an award is sought conforming to §263.107; and

(7) Any other matters that the applicant wishes the Board to consider in determining whether and in what amount an award should be made.

(c) Verification. The application shall be signed by the applicant or an authorized officer of or attorney for the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application and supporting documents is true and correct.

(d) Service. The application and related documents shall be served on all parties to the adversary proceeding in accordance with §263.11, except that statements of net worth shall be served only on counsel for the Board.

(e) Presiding officer. Upon receipt of an application, the Board shall, if feasible, refer the matter to the administrative law judge who heard the underlying adversary proceeding.

§ 263.105 Statement of net worth.

(a) General rule. A statement of net worth shall be filed with the application for an award of fees. The statement shall reflect the net worth of the applicant and all affiliates of the applicant, as specified in §263.103(c)(5). In all cases, the administrative law judge or the Board may call for additional information needed to establish the applicant’s net worth as of the initiation of the proceeding.

(b) Contents. (1) Except as otherwise provided herein, the statement of net worth may be in any form convenient to the applicant which fully discloses all the assets and liabilities of the applicant and all the assets and liabilities of its affiliates, as of the time of the initiation of the adversary adjudication. Unaudited financial statements are acceptable for individual applicants as long as the statement provides a reliable basis for evaluation, unless the administrative law judge or the Board otherwise requires. Financial statements or reports filed with or reported to a Federal or State agency, prepared before the initiation of the adversary proceeding for other purposes, and accurate as of a date not more than three months prior to the initiation of the proceeding, shall be acceptable in establishing net worth as of the time of the initiation of the proceeding, unless the administrative law judge or the Board otherwise requires. Financial statements or reports filed with or reported to a Federal or State agency, prepared before the initiation of the adversary proceeding for other purposes, and accurate as of a date not more than three months prior to the initiation of the proceeding, shall be acceptable in establishing net worth as of the time of the initiation of the proceeding, unless the administrative law judge or the Board otherwise requires. Financial statements or reports filed with or reported to a Federal or State agency, prepared before the initiation of the adversary proceeding for other purposes, and accurate as of a date not more than three months prior to the initiation of the proceeding, shall be acceptable in establishing net worth as of the time of the initiation of the proceeding, unless the administrative law judge or the Board otherwise requires.

(2) In the case of applicants or affiliates that are not banks, net worth shall be considered for the purposes of this subpart to be the excess of total assets over total liabilities, as of the date the underlying proceeding was initiated, except as adjusted under...
§ 263.106 Measure of awards.

(a) General rule. Awards shall be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents, and expert witnesses, provided that no award under this subpart for the fee of an attorney or agent shall exceed $75 per hour. No award to compensate an expert witness shall exceed the highest rate at which the Board pays expert witnesses. An award may include the reasonable expenses of the attorney, agent, or expert witness as a separate item, if the attorney, agent, or expert witness ordinarily charges clients separately for such expenses.

(b) Determination of reasonableness of fees. In determining the reasonableness of the fee sought for an attorney, agent, or expert witness, subject to the limits set forth above, the administrative law judge shall consider the following:

1. If the attorney, agent, or expert witness is in private practice, his or her customary fee for like services;
2. The prevailing rate for similar services in the community in which the attorney, agent, or expert witness ordinarily performs services;
3. The time actually spent in the representation of the applicant;
4. The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and
5. Such other factors as may bear on the value of the services provided.

(c) Awards for studies. The reasonable cost of any study, analysis, test, project, or similar matter prepared on behalf of an applicant may be awarded to the extent that the charge for the services does not exceed the prevailing rate payable for similar services, and the study or other matter was necessary solely for preparation of the applicant’s case and not otherwise required by law or sound business or financial practice.

§ 263.107 Statement of fees and expenses.

The application shall be accompanied by a statement fully documenting the fees and expenses for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in work in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity for the services performed. The administrative law judge or the Board may require the applicant to provide vouchers, receipts, or other substantiation for any expenses claimed.

§ 263.108 Responses to application.

(a) By counsel for the Board. Within 20 days after service of an application, counsel for the Board may file an answer to the application.
(2) The answer shall explain in detail any objections to the award requested and identify the facts relied on in support of the Board’s position. If the answer is based on any alleged facts not already in the record of the proceeding, the answer shall include either supporting affidavits or a request for further proceedings under §263.109, or both.

(b) Reply to answer. The applicant may file a reply only if the Board has addressed in its answer any of the following issues: that the position of the agency was substantially justified, that the applicant unduly protracted the proceedings, or that special circumstances make an award unjust. Any reply authorized by this section shall be filed within 15 days of service of the answer. If the reply is based on any alleged facts not already in the record of the proceeding, the reply shall include either supporting affidavits or a request for further proceedings under §263.109, or both.

(c) Additional response. Additional filings in the nature of pleadings may be submitted only by leave of the administrative law judge.

§ 263.109 Further proceedings.

(a) General rule. The determination of a recommended award shall be made by the administrative law judge on the basis of the written record of the adversary adjudication, including any supporting affidavits submitted in connection with the application, unless, on the motion of either the applicant or Board counsel, or sua sponte, the administrative law judge or the Board orders further proceedings to amplify the record such as an informal conference, oral argument, additional written submissions, or an evidentiary hearing. Such further proceedings shall be held only when necessary for full and fair resolution of the issues arising from the application and shall be conducted promptly and expeditiously.

(b) Request for further proceedings. A request for further proceedings under this section shall specifically identify the information sought or the issues in dispute and shall explain why additional proceedings are necessary.

(c) Hearing. The administrative law judge shall hold an oral evidentiary hearing only on disputed issues of material fact which cannot be adequately resolved through written submissions.

§ 263.110 Recommended decision.

The administrative law judge shall file with the Board a recommended decision on the fee application not later than 30 days after the submission of all pleadings and evidentiary material concerning the application. The recommended decision shall include written proposed findings and conclusions on the applicant’s eligibility and its status as a prevailing party and, if applicable, an explanation of the reasons for any difference between the amount requested and the amount of the recommended award. The recommended decision shall also include, if at issue, proposed findings as to whether the Board’s position was substantially justified, whether the applicant unduly protracted the proceedings, or whether special circumstances make an award unjust. The administrative law judge shall file the record of the proceeding on the fee application upon the filing of the recommended decision and, at the same time, serve upon each party a copy of the recommended decision, findings, conclusions, and proposed order.

§ 263.111 Action by the Board.

(a) Exceptions to recommended decision. Within 20 days after service of the recommended decision, findings, conclusions, and proposed order, the applicant or counsel for the Board may file written exceptions thereto. A supporting brief may also be filed.

(b) Decision by the Board. The Board shall render its decision within 90 days after it has notified the parties that the matter has been received for decision. The Board shall serve copies of the decision and order of the Board upon the parties. Judicial review of the decision and order may be obtained as provided in 5 U.S.C. 504(c)(2).
§ 263.201 Scope.

(a) The rules and procedures set forth in this subpart apply to state member banks, companies that control state member banks or are affiliated with such banks, and senior executive officers and directors of state member banks that are subject to the provisions of section 38 of the Federal Deposit Insurance Act (section 38) and subpart D of part 208 of this chapter.

§ 263.202 Directives to take prompt regulatory action.

(a) Notice of intent to issue directive—

(1) In general. The Board shall provide an undercapitalized, significantly undercapitalized, or critically undercapitalized state member bank or, where appropriate, any company that controls the bank, prior written notice of the Board’s intention to issue a directive requiring such bank or company to take actions or to follow proscriptions described in section 38 that are within the Board’s discretion to require or impose under section 38 of the FDI Act, including sections 38(e)(5), (f)(2), (f)(3), or (f)(5). A bank or company that is subject to such an immediately effective directive may submit a written appeal of the directive to the Board. Such an appeal must be received by the Board within 14 calendar days of the issuance of the directive, unless the Board permits a longer period. The Board shall consider any such appeal, if filed in a timely manner, within 60 days of receiving the appeal. During such period of review, the directive shall remain in effect unless the Board, in its sole discretion, stays the effectiveness of the directive.

(b) Contents of notice. A notice of intention to issue a directive shall include:

(1) A statement of the bank’s capital measures and capital levels;

(2) A description of the restrictions, prohibitions, or affirmative actions that the Board proposes to impose or require;

(b) [Reserved]

[57 FR 44888, Sept. 29, 1992, as amended at 63 FR 58621, Nov. 2, 1998]

§ 263.202 Directives to take prompt regulatory action.

(a) Notice of intent to issue directive—

(1) In general. The Board shall provide an undercapitalized, significantly undercapitalized, or critically undercapitalized state member bank or, where appropriate, any company that controls the bank, prior written notice of the Board’s intention to issue a directive requiring such bank or company to take actions or to follow proscriptions described in section 38 that are within the Board’s discretion to require or impose under section 38 of the FDI Act, including sections 38(e)(5), (f)(2), (f)(3), or (f)(5). A bank or company that is subject to such an immediately effective directive may submit a written appeal of the directive to the Board. Such an appeal must be received by the Board within 14 calendar days of the issuance of the directive, unless the Board permits a longer period. The Board shall consider any such appeal, if filed in a timely manner, within 60 days of receiving the appeal. During such period of review, the directive shall remain in effect unless the Board, in its sole discretion, stays the effectiveness of the directive.

(b) Contents of notice. A notice of intention to issue a directive shall include:

(1) A statement of the bank’s capital measures and capital levels;

(2) A description of the restrictions, prohibitions, or affirmative actions that the Board proposes to impose or require;

(3) The proposed date when such restrictions or prohibitions would be effective or the proposed date for completion of such affirmative actions; and

(4) The date by which the bank or company subject to the directive may file with the Board a written response to the notice.

(c) Response to notice—(1) Time for response. A bank or company may file a written response to a notice of intent to issue a directive within the time period set by the Board. The date shall be at least 14 calendar days from the date of the notice unless the Board determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.

(2) Content of response. The response should include:

(i) An explanation why the action proposed by the Board is not an appropriate exercise of discretion under section 38;

(ii) Any recommended modification of the proposed directive; and

(iii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank or company regarding the proposed directive.
(d) Board consideration of response. After considering the response, the Board may:
(1) Issue the directive as proposed or in modified form;
(2) Determine not to issue the directive and so notify the bank or company; or
(3) Seek additional information or clarification of the response from the bank or company, or any other relevant source.
(e) Failure to file response. Failure by a bank or company to file with the Board, within the specified time period, a written response to a proposed directive shall constitute a waiver of the opportunity to respond and shall constitute consent to the issuance of the directive.
(f) Request for modification or rescission of directive. Any bank or company that is subject to a directive under this subpart may, upon a change in circumstances, request in writing that the Board reconsider the terms of the directive, and may propose that the directive be rescinded or modified. Unless otherwise ordered by the Board, the directive shall continue in place while such request is pending before the Board.

§ 263.203 Procedures for reclassifying a state member bank based on criteria other than capital.

(a) Reclassification based on unsafe or unsound condition or practice—(1) Issuance of notice of proposed reclassification—(i) Grounds for reclassification. Pursuant to § 208.43(c) of Regulation H (12 CFR 208.43(c)), the Board may reclassify a well capitalized bank as adequately capitalized or subject an adequately capitalized or undercapitalized institution to the supervisory actions applicable to the next lower capital category if:
(1) The Board determines that the bank is in unsafe or unsound condition; or
(2) The Board deems the bank to be engaged in an unsafe or unsound practice and not to have corrected the deficiency.
(B) Any action pursuant to this paragraph (a)(1)(i) shall hereinafter be referred to as “reclassification.”
(ii) Prior notice to institution. Prior to taking action pursuant to § 208.33(c) of this chapter, the Board shall issue and serve on the bank a written notice of the Board’s intention to reclassify the bank.
(2) Contents of notice. A notice of intention to reclassify a bank based on unsafe or unsound condition shall include:
(i) A statement of the bank’s capital measures and capital levels and the category to which the bank would be reclassified;
(ii) The reasons for reclassification of the bank;
(iii) The date by which the bank subject to the notice of reclassification may file with the Board a written appeal of the proposed reclassification and a request for a hearing, which shall be at least 14 calendar days from the date of service of the notice unless the Board determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.
(3) Response to notice of proposed reclassification. A bank may file a written response to a notice of proposed reclassification within the time period set by the Board. The response should include:
(i) An explanation of why the bank is not in unsafe or unsound condition or otherwise should not be reclassified;
(ii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank or company regarding the reclassification.
(4) Failure to file response. Failure by a bank to file, within the specified time period, a written response with the Board to a notice of proposed reclassification shall constitute a waiver of the opportunity to respond and shall constitute consent to the reclassification.
(5) Request for hearing and presentation of oral testimony or witnesses. The response may include a request for an informal hearing before the Board or its designee under this section. If the bank desires to present oral testimony or witnesses at the hearing, the bank shall include a request to do so with the request for an informal hearing. A request to present oral testimony or
witnesses shall specify the names of the witnesses and the general nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to present oral testimony or witnesses shall constitute a waiver of any right to present oral testimony or witnesses.

(6) Order for informal hearing. Upon receipt of a timely written request that includes a request for a hearing, the Board shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the bank requests a later date. The hearing shall be held in Washington, DC or at such other place as may be designated by the Board, before a presiding officer(s) designated by the Board to conduct the hearing.

(7) Hearing procedures. (i) The bank shall have the right to introduce relevant written materials and to present oral argument at the hearing. The bank may introduce oral testimony and present witnesses only if expressly authorized by the Board or the presiding officer(s). Neither the provisions of the Administrative Procedure Act (5 U.S.C. 554-557) governing adjudications required by statute to be determined on the record nor the Uniform Rules of Practice and Procedure in subpart A of this part apply to an informal hearing under this section unless the Board orders that such procedures shall apply.

(ii) The informal hearing shall be recorded, and a transcript shall be furnished to the bank upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officer(s). The presiding officer(s) may ask questions of any witness.

(iii) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(8) Recommendation of presiding officers. Within 20 calendar days following the date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the Board on the reclassification.

(9) Time for decision. Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the Board will decide whether to reclassify the bank and notify the bank of the Board’s decision.

(b) Request for rescission of reclassification. Any bank that has been reclassified under this section, may, upon a change in circumstances, request in writing that the Board reconsider the reclassification, and may propose that the reclassification be rescinded and that any directives issued in connection with the reclassification be modified, rescinded, or removed. Unless otherwise ordered by the Board, the bank shall remain subject to the reclassification and to any directives issued in connection with that reclassification while such request is pending before the Board.

§ 263.204 Order to dismiss a director or senior executive officer.

(a) Service of notice. When the Board issues and serves a directive on a state member bank pursuant to §263.202 requiring the bank to dismiss from office any director or senior executive officer under section 38(f) (2) (F) (ii) of the FDI Act, the Board shall also serve a copy of the directive, or the relevant portions of the directive where appropriate, upon the person to be dismissed.

(b) Response to directive—(1) Request for reinstatement. A director or senior executive officer who has been served with a directive under paragraph (a) of this section (Respondent) may file a written request for reinstatement. The request for reinstatement shall be filed within 10 calendar days of the receipt of the directive by the Respondent, unless further time is allowed by the Board.

(2) Contents of request; informal hearing. The request for reinstatement shall include reasons why the Respondent should be reinstated, and may include a request for an informal hearing before the Board or its designee under this section. If the Respondent desires to present oral testimony or witnesses at the hearing, the Respondent shall
include a request to do so with the request for an informal hearing. The request to present oral testimony or witnesses shall specify the names of the witnesses and the general nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to a hearing and failure to request the opportunity to present oral testimony or witnesses shall constitute a waiver of any right or opportunity to present oral testimony or witnesses.

(3) Effective date. Unless otherwise ordered by the Board, the dismissal shall remain in effect while a request for reinstatement is pending.

(c) Order for informal hearing. Upon receipt of a timely written request from a Respondent for an informal hearing on the portion of a directive requiring a bank to dismiss from office any director or senior executive officer, the Board shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the Respondent requests a later date. The hearing shall be held in Washington, DC, or at such other place as may be designated by the Board, before a presiding officer(s) designated by the Board to conduct the hearing.

(d) Hearing procedures. (1) A Respondent may appear at the hearing personally or through counsel. A Respondent shall have the right to introduce relevant written materials and to present oral argument. A Respondent may introduce oral testimony and present witnesses only if expressly authorized by the Board or the presiding officer(s). Neither the provisions of the Administrative Procedure Act governing adjudications required by statute to be determined on the record nor the Uniform Rules of Practice and Procedure in subpart A of this part apply to an informal hearing under this section unless the Board orders that such procedures shall apply.

(2) The informal hearing shall be recorded, and a transcript shall be furnished to the Respondent upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officer(s). The presiding officer(s) may ask questions of any witness.

(3) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(e) Standard for review. A Respondent shall bear the burden of demonstrating that his or her continued employment by or service with the bank would materially strengthen the bank’s ability:

(1) To become adequately capitalized, to the extent that the directive was issued as a result of the bank’s capital level or failure to submit or implement a capital restoration plan; and

(2) To correct the unsafe or unsound condition or unsafe or unsound practice, to the extent that the directive was issued as a result of classification of the bank based on supervisory criteria other than capital, pursuant to section 38(g) of the FDI Act.

(f) Recommendation of presiding officers. Within 20 calendar days following the date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the Board concerning the Respondent’s request for reinstatement with the bank.

(g) Time for decision. Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the Board shall grant or deny the request for reinstatement and notify the Respondent of the Board’s decision. If the Board denies the request for reinstatement, the Board shall set forth in the notification the reasons for the Board’s action.

§ 263.205 Enforcement of directives.

(a) Judicial remedies. Whenever a state member bank or company that controls a state member bank fails to comply with a directive issued under section 38, the Board may seek enforcement of the directive in the appropriate United States district court pursuant to section 8(i) (1) of the FDI Act.

(b) Administrative remedies—(1) Failure to comply with directive. Pursuant to section 8(i) (2) (A) of the FDI Act, the
Board may assess a civil money penalty against any state member bank or company that controls a state member bank that violates or otherwise fails to comply with any final directive issued under section 38 and against any institution-affiliated party who participates in such violation or noncompliance.

(2) Failure to implement capital restoration plan. The failure of a bank to implement a capital restoration plan required under section 38, subpart D of Regulation H (12 CFR part 208, subpart D), or this subpart, or the failure of a company having control of a bank to fulfill a guarantee of a capital restoration plan made pursuant to section 38 (e) (2) of the FDI Act shall subject the bank or company to the assessment of civil money penalties pursuant to section 8(i) (2) (A) of the FDI Act.

(c) Other enforcement action. In addition to the actions described in paragraphs (a) and (b) of this section, the Board may seek enforcement of the provisions of section 38 or subpart B of Regulation H (12 CFR part 208, subpart B) through any other judicial or administrative proceeding authorized by law.

Subpart I—Submission and Review of Safety and Soundness Compliance Plans and Issuance of Orders To Correct Safety and Soundness Deficiencies

SOURCE: 60 FR 35682, July 10, 1995, unless otherwise noted.

§ 263.300 Scope.

The rules and procedures set forth in this subpart apply to State member banks that are subject to the provisions of section 39 of the Federal Deposit Insurance Act (section 39) (12 U.S.C. 1831p–1).

§ 263.301 Purpose.

Section 39 of the FDI Act requires the Board to establish safety and soundness standards. Pursuant to section 39, a bank may be required to submit a compliance plan if it is not in compliance with a safety and soundness standard established by guideline under section 39(a) or (b). An enforceable order under section 8 may be issued if, after being notified that it is in violation of a safety and soundness standard established under section 39, the bank fails to submit an acceptable compliance plan or fails in any material respect to implement an accepted plan. This subpart establishes procedures for requiring submission of a compliance plan and issuing an enforceable order pursuant to section 39.

§ 263.302 Determination and notification of failure to meet safety and soundness standard and request for compliance plan.

(a) Determination. The Board may, based upon an examination, inspection, or any other information that becomes available to the Board, determine that a bank has failed to satisfy the safety and soundness standards contained in the Interagency Guidelines Establishing Standards for Safety and Soundness or the Interagency Guidelines Establishing Standards for Safeguarding Customer Information, set forth in appendices D–1 and D–2 to part 208 of this chapter, respectively.

(b) Request for compliance plan. If the Board determines that a State member bank has failed a safety and soundness standard pursuant to paragraph (a) of this section, the Board may request, by letter or through a report of examination, the submission of a compliance plan, and the bank shall be deemed to have notice of the request three days after mailing of the letter by the Board or delivery of the report of examination.

§ 263.303 Filing of safety and soundness compliance plan.

(a) Schedule for filing compliance plan—(1) In general. A State member bank shall file a written safety and soundness compliance plan with the Board within 30 days of receiving a request for a compliance plan pursuant to §263.302(b), unless the Board notifies the bank in writing that the plan is to be filed within a different period.
(2) Other plans. If a State member bank is obligated to file, or is currently operating under, a capital restoration plan submitted pursuant to section 38 of the FDI Act (12 U.S.C. 1831o), a cease-and-desist order entered into pursuant to section 8 of the FDI Act, a formal or informal agreement, or a response to a report of examination or report of inspection, it may, with the permission of the Board, submit a compliance plan under this section as part of that plan, order, agreement, or response, subject to the deadline provided in paragraph (a)(1) of this section.

(b) Contents of plan. The compliance plan shall include a description of the steps the State member bank will take to correct the deficiency and the time within which those steps will be taken.

(c) Review of safety and soundness compliance plans. Within 30 days after receiving a safety and soundness compliance plan under this subpart, the Board shall provide written notice to the bank of whether the plan has been approved or seek additional information from the bank regarding the plan. The Board may extend the time within which notice regarding approval of a plan will be provided.

(d) Failure to submit or implement a compliance plan—(1) Supervisory actions. If a State member bank fails to submit an acceptable plan within the time specified by the Board or fails in any material respect to implement a compliance plan, then the Board shall, by order, require the bank to correct the deficiency and may take further actions provided in section 39(e)(2)(B). Pursuant to section 39(e)(3), the Board may be required to take certain actions if the bank commenced operations or experienced a change in control within the previous 24-month period, or the bank experienced extraordinary growth during the previous 18-month period.

(2) Extraordinary growth. For purposes of paragraph (d)(1) of this section, extraordinary growth means an increase in assets of more than 7.5 percent during any quarter within the 18-month period preceding the issuance of a request for submission of a compliance plan, by a bank that is not well capitalized for purposes of section 38 of the FDI Act. For purposes of calculating an increase in assets, assets acquired through merger or acquisition approved pursuant to the Bank Merger Act (12 U.S.C. 1828(c)) will be excluded.

(e) Amendment of compliance plan. A State member bank that has filed an approved compliance plan may, after prior written notice to and approval by the Board, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the compliance plan as previously approved.

§ 263.304 Issuance of orders to correct deficiencies and to take or refrain from taking other actions.

(a) Notice of intent to issue order—(1) In general. The Board shall provide a bank prior written notice of the Board’s intention to issue an order requiring the bank to correct a safety and soundness deficiency or to take or refrain from taking other actions pursuant to section 39 of the FDI Act. The bank shall have such time to respond to a proposed order as provided by the Board under paragraph (c) of this section.

(2) Immediate issuance of final order. If the Board finds it necessary in order to carry out the purposes of section 39 of the FDI Act, the Board may, without providing the notice prescribed in paragraph (a)(1) of this section, issue an order requiring a bank immediately to take actions to correct a safety and soundness deficiency or take or refrain from taking other actions pursuant to section 39. A State member bank that is subject to such an immediately effective order may submit a written appeal of the order to the Board. Such an appeal must be received by the Board within 14 calendar days of the issuance of the order, unless the Board permits a longer period. The Board shall consider any such appeal, if filed in a timely matter, within 60 days of receiving the appeal. During such period of review, the order shall remain in effect unless the Board, in its sole discretion, stays the effectiveness of the order.

(b) Contents of notice. A notice of intent to issue an order shall include:

§ 263.305 Enforcement of orders.

(a) Judicial remedies. Whenever a State member bank fails to comply with an order issued under section 39, the Board may seek enforcement of the order in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act.

(b) Failure to comply with order. Pursuant to section 8(i)(2)(A) of the FDI Act, the Board may assess a civil money penalty against any State member bank that violates or otherwise fails to comply with any final order issued under section 39 and against any institution-affiliated party who participates in such violation or noncompliance.

(c) Other enforcement action. In addition to the actions described in paragraphs (a) and (b) of this section, the Board may seek enforcement of the provisions of section 39 or this part through any other judicial or administrative proceeding authorized by law.

Subpart J—Removal, Suspension, and Debarment of Accountants From Performing Audit Services

SOURCE: 68 FR 48267, Aug. 13, 2003, unless otherwise noted.

§ 263.400 Scope.

This subpart, which implements section 36(g)(4) of the Federal Deposit Insurance Act (FDIA)(12 U.S.C. 1831m(g)(4)), provides rules and procedures for the removal, suspension, or debarment of independent public accountants and their accounting firms from performing independent audit and attestation services for insured state member banks, bank holding companies, and savings and loan holding companies required by section 36 of the FDIA (12 U.S.C. 1831m).

§ 263.401 Definitions.

As used in this subpart, the following terms shall have the meaning given below unless the context requires otherwise:

(a) Accounting firm means a corporation, proprietorship, partnership, or other business firm providing audit services.

(b) Audit services means any service required to be performed by an independent public accountant by section 36 of the FDIA and 12 CFR part 363, including attestation services. Audit services include any service performed with respect to the holding company of an insured bank that is used to satisfy requirements imposed by section 36 or part 363 on that bank.

(c) Banking organization means an insured state member bank, bank holding company, or savings and loan holding company that obtains audit services that are used to satisfy requirements imposed by section 36 or part 363 on an insured subsidiary bank or insured savings association of that holding company.

(d) Independent public accountant (accountant) means any individual who performs or participates in providing audit services.

§ 263.402 Removal, suspension, or debarment.

(a) Good cause for removal, suspension, or debarment—(1) Individuals. The Board may remove, suspend, or debar an independent public accountant from performing audit services for banking organizations that are subject to section 36 of the FDIA, if, after notice of and opportunity for hearing in the matter, the Board finds that the accountant:

(i) Lacks the requisite qualifications to perform audit services;

(ii) Has knowingly or recklessly engaged in conduct that results in a violation of applicable professional standards, including those standards and conflict of interest provisions applicable to accountants through the Sarbanes-Oxley Act of 2002, Pub. L. 107–204, 116 Stat. 745 (2002) (Sarbanes-Oxley Act), and developed by the Public Company Accounting Oversight Board and the Securities and Exchange Commission;

(iii) Has engaged in negligent conduct in the form of:

(A) A single instance of highly unreasonable conduct that results in a violation of applicable professional standards in circumstances in which an accountant knows, or should know, that heightened scrutiny is warranted; or

(B) Repeated instances of unreasonable conduct, each resulting in a violation of applicable professional standards, that indicate a lack of competence to perform audit services;

(iv) Has knowingly or recklessly given false or misleading information, or knowingly or recklessly participated in any way in the giving of false or misleading information, to the Board or any officer or employee of the Board;

(v) Has engaged in, or aided and abetted, a material and knowing or reckless violation of any provision of the Federal banking or securities laws or the rules and regulations thereunder, or any other law;

(vi) Has been removed, suspended, or debarred from practice before any Federal or state agency regulating the banking, insurance, or securities industries, other than by an action listed in §263.403, on grounds relevant to the provision of audit services; or

(vii) Is suspended or debarred for cause from practice as an accountant by any duly constituted licensing authority of any state, possession, commonwealth, or the District of Columbia.

(2) Accounting firms. If the Board determines that there is good cause for the removal, suspension, or debarment of a member or employee of an accounting firm under paragraph (a)(1) of this section, the Board also may remove, suspend, or debar such firm or one or more offices of such firm. In considering whether to remove, suspend, or debar a firm or an office thereof, and the term of any sanction against a firm under this section, the Board may consider, for example:

(i) The gravity, scope, or repetition of the act or failure to act that constitutes good cause for removal, suspension, or debarment;
(ii) The adequacy of, and adherence to, applicable policies, practices, or procedures for the accounting firm’s conduct of its business and the performance of audit services;

(iii) The selection, training, supervision, and conduct of members or employees of the accounting firm involved in the performance of audit services;

(iv) The extent to which managing partners or senior officers of the accounting firm have participated, directly, or indirectly through oversight or review, in the act or failure to act; and

(v) The extent to which the accounting firm has, since the occurrence of the act or failure to act, implemented corrective internal controls to prevent its recurrence.

(3) **Limited scope orders.** An order of removal, suspension (including an immediate suspension), or debarment may, at the discretion of the Board, be made applicable to a particular banking organization or class of banking organizations.

(4) **Remedies not exclusive.** The remedies provided in this subpart are in addition to any other remedies the Board may have under any other applicable provisions of law, rule, or regulation.

(b) **Proceedings to remove, suspend, or debar.**

(1) **Initiation of formal removal, suspension, or debarment proceedings.** The Board may initiate a proceeding to remove, suspend, or debar an accountant or accounting firm from performing audit services by issuing a written notice of intention to take such action that names the individual or firm as a respondent and describes the nature of the conduct that constitutes good cause for such action.

(2) **Hearing under paragraph (b) of this section.** An accountant or firm named as a respondent in the notice issued under paragraph (b)(1) of this section may request a hearing on the allegations in the notice. Hearings conducted under this paragraph shall be conducted in the same manner as other hearings under the Uniform Rules of Practice and Procedure (12 CFR part 263, subpart A).

(c) **Immediate suspension from performing audit services.**

(1) **In general.** If the Board serves a written notice of intention to remove, suspend, or debar an accountant or accounting firm from performing audit services, the Board may, with due regard for the public interest and without a preliminary hearing, immediately suspend such accountant or firm from performing audit services for banking organizations, if the Board:

(i) Has a reasonable basis to believe that the accountant or firm has engaged in conduct (specified in the notice served on the accountant or firm under paragraph (b) of this section) that would constitute grounds for removal, suspension, or debarment under paragraph (a) of this section;

(ii) Determines that immediate suspension is necessary to avoid immediate harm to an insured depository institution or its depositors or to the depository system as a whole; and

(iii) Serves such respondent with written notice of the immediate suspension.

(2) **Procedures.** An immediate suspension notice issued under this paragraph will become effective upon service. Such suspension will remain in effect until the date the Board dismisses the charges contained in the notice of intention, or the effective date of a final order of removal, suspension, or debarment issued by the Board to the respondent.

(3) **Petition to stay.** Any accountant or firm immediately suspended from performing audit services in accordance with paragraph (c)(1) of this section may, within 10 calendar days after service of the notice of immediate suspension, file with the Secretary, Board of Governors of the Federal Reserve System, Washington, DC 20551 for a stay of such immediate suspension. If no petition is filed within 10 calendar days, the immediate suspension shall remain in effect.

(4) **Hearing on petition.** Upon receipt of a stay petition, the Secretary will designate a presiding officer who shall fix a place and time (not more than 10 calendar days after receipt of the petition, unless extended at the request of petitioner) at which the immediately suspended party may appear, personally or through counsel, to submit written materials and oral argument. If the aggrieved person informs the Counselor that he or she wishes to file a class complaint, the Counselor shall explain the class complaint procedures and the responsibilities of a class agent.

(2) Counselors shall advise aggrieved persons that, where the Board agrees to offer ADR in the particular case, they may choose between participation in the alternative dispute resolution program and the counseling activities provided for in paragraph (c) of this section.

(c) Counselors shall conduct counseling activities in accordance with instructions contained in Commission Management Directives. When advised that a complaint has been filed by an aggrieved person, the Counselor shall submit a written report within 15 days to the EEO Programs Director and the aggrieved person concerning the issues discussed and actions taken during counseling.

(d) Unless the aggrieved person agrees to a longer counseling period under paragraph (e) of this section, or the aggrieved person chooses an alternative dispute resolution procedure in accordance with paragraph (b)(2) of this section, the Counselor shall conduct the final interview with the aggrieved person within 30 days of the date the aggrieved person contacted the Board’s EEO Programs Office to request counseling. If the matter has not been resolved, the aggrieved person shall be informed in writing by the Counselor, not later than the thirtieth day after contacting the Counselor, of the right to file a discrimination complaint with the Board. This notice shall inform the complainant of the right to file a discrimination complaint within 15 days of receipt of the notice, of the appropriate official with whom to file a complaint and of the complainant’s duty to assure that the EEO Programs Director is informed immediately if the complainant retains counsel or a representative.

(e) Prior to the end of the 30-day period, the aggrieved person may agree in writing with the Board to postpone the final interview and extend the counseling period for an additional period of no more than 60 days. If the matter has not been resolved before the conclusion of the agreed extension, the notice described in paragraph (d) of this section shall be issued.

(f) Where the aggrieved person chooses to participate in an alternative dispute resolution procedure in accordance with paragraph (b)(2) of this section, the pre-complaint processing period shall be 90 days. If the claim has not been resolved before the 90th day, the notice described in paragraph (d) of this section shall be issued.

(g) The Counselor shall not attempt in any way to restrain the aggrieved person from filing a complaint. The Counselor shall not reveal the identity of an aggrieved person who consulted the Counselor, except when authorized to do so by the aggrieved person, or until the Board has received a discrimination complaint under this part.
§ 268.105 Individual complaints.

(a) A complaint must be filed with the agency that allegedly discriminated against the complainant.

(b) A complaint must be filed within 15 days of receipt of the notice required by §268.104 (d), (e) or (f).

(c) A complaint must contain a signed statement from the person claiming to be aggrieved or that person’s attorney. This statement must be sufficiently precise to identify the aggrieved individual and the Board and to describe generally the action(s) or practice(s) that form the basis of the complaint. The complaint must also contain a telephone number and address where the complainant or the representative can be contacted.

(d) A complainant may amend a complaint at any time prior to the conclusion of the investigation to include issues or claims like or related to those raised in the complaint. After requesting a hearing, a complainant may file a motion with the administrative judge to amend a complaint to include issues or claims like or related to those raised in the complaint.

(e) The Board shall acknowledge receipt of a complaint or an amendment to a complaint in writing and inform the complainant of the date on which the complaint or amendment was filed. The Board shall advise the complainant in the acknowledgment of the EEOC office and its address where a request for a hearing shall be sent. Such acknowledgment shall also advise the complainant that:

1. The complainant has the right to appeal the final action on or dismissal of a complaint; and
2. The Board is required to conduct an impartial and appropriate investigation of the complaint within 180 days of the filing of the complaint unless the parties agree in writing to extend the time period. When a complaint has been amended, the Board shall complete its investigation within the earlier of 180 days after the last amendment to the complaint or 360 days after the filing of the original complaint, except that the complainant may request a hearing from an administrative judge on the consolidated complaints any time after 180 days from the date of the first filed complaint.

§ 268.106 Dismissals of complaints.

(a) Prior to a request for a hearing in a case, the Board shall dismiss an entire complaint:

1. That fails to state a claim under §268.103 or §268.105(a), or states the same claim that is pending before or has been decided by the Board or the Commission;
2. That fails to comply with the applicable time limits contained in §§268.104, 268.105 and 268.204(c), unless the Board extends the time limits in accordance with §268.604(c), or that raises a matter that has not been brought to the attention of a Counselor and is not like or related to a matter that has been brought to the attention of a Counselor;
3. That is the basis of a pending civil action in a United States District Court in which the complainant is a party provided that at least 180 days have passed since the filing of the administrative complaint, or that was the basis of a civil action decided by a United States District Court in which the complainant was a party;
4. Where a complainant has raised the matter in an appeal to the Merit Systems Protection Board and §268.302 indicates that the complainant has elected to pursue the non-EEO process;
5. That is moot or alleges that a proposal to take a personnel action, or other preliminary step to taking a personnel action, is discriminatory;
6. Where the complainant cannot be located, provided that reasonable efforts have been made to locate the complainant and the complainant has not responded within 15 days to a notice of proposed dismissal sent to his or her last known address;
7. Where the Board has provided the complainant with a written request to provide relevant information or otherwise proceed with the complaint, and the complainant has failed to respond to the request within 15 days of its receipt or the complainant’s response does not address the Board’s request, provided that the request included a
§ 268.107 Investigation of complaints.

(a) The investigation of complaints filed against the Board shall be conducted by the Board.

(b) In accordance with instructions contained in Commission Management Directives, the Board shall develop an impartial and appropriate factual record upon which to make findings on the claims raised by the written complaint. An appropriate factual record is one that allows a reasonable fact finder to draw conclusions as to whether discrimination occurred. The Board may use an exchange of letters or memoranda, interrogatories, investigations, fact-finding conferences or any other fact-finding methods that efficiently and thoroughly address the matters at issue. The Board may incorporate alternative dispute resolution techniques into its investigative efforts in order to promote early resolution of complaints.

(c) The procedures in paragraphs (c)(1) through (3) of this section apply to the investigation of complaints:

(1) The complainant, the Board, and any employee of the Board shall produce such documentary and testimonial evidence as the investigator deems necessary.

(2) Investigators are authorized to administer oaths. Statements of witnesses shall be made under oath or affirmation or, alternatively, by written statement under penalty of perjury.

(3) When the complainant, or the Board or its employees fail without good cause shown to respond fully and in timely fashion to requests for documents, records, comparative data, statistics, affidavits or the attendance of witness(es), the investigator may note in the investigative record that the decisionmaker should, or the Commission on appeal may, in appropriate circumstances:

(i) Draw an adverse inference that the requested information, or the testimony of the requested witness, would have reflected unfavorably on the party refusing to provide the requested information;

(ii) Consider the matters to which the requested information or testimony pertains to be established in favor of the opposing party;

(iii) Exclude other evidence offered by the party failing to produce the requested information or witness;

(iv) Issue a decision fully or partially in favor of the opposing party; or

(v) Take such other actions as it deems appropriate.

(e)(1) The Board shall complete its investigation within 180 days of the date of filing of an individual complaint or within the time period contained in an order from the Office of
§ 268.108 Hearings.

(a) When a complainant requests a hearing, the Commission shall appoint an administrative judge to conduct a hearing in accordance with this section. Upon appointment, the administrative judge shall assume full responsibility for the adjudication of the complaint, including overseeing the development of the record. Any hearing will be conducted by an administrative judge or hearing examiner with appropriate security clearances.

(b) Dismissals. Administrative judges may dismiss complaints pursuant to §268.106, on their own initiative, after notice to the parties, or upon the Board's motion to dismiss a complaint.

(c) Offer of resolution. (1) Any time after the filing of the written complaint but not later than the date an administrative judge is appointed to conduct a hearing, the Board may make an offer of resolution to a complainant who is represented by an attorney.

(2) Any time after the parties have received notice that an administrative judge has been appointed to conduct a hearing, but not later than 30 days prior to the hearing, the Board may make an offer of resolution to the complainant, whether represented by an attorney or not.

(3) The offer of resolution shall be in writing and shall include a notice explaining the possible consequences of failing to accept the offer. The Board's offer, to be effective, must include attorney's fees and costs and must specify any non-monetary relief. With regard to monetary relief, the Board may make a lump sum offer covering all forms of monetary liability, or it may...
§ 268.108

Itemize the amounts and types of monetary relief being offered. The complainant shall have 30 days from receipt of the offer of resolution to accept it. If the complainant fails to accept an offer of resolution and the relief awarded in the administrative judge's decision, the Board's final decision, or the Commission's decision on appeal is not more favorable than the offer, then, except where the interest of justice would not be served, the complainant shall not receive payment from the Board of attorney's fees or costs incurred after the expiration of the 30-day acceptance period. An acceptance of an offer must be in writing and will be timely if postmarked or received within the 30-day period. Where a complainant fails to accept an offer of resolution, the Board may make other offers of resolution and either party may seek to negotiate a settlement of the complaint at any time.

(d) Discovery. The administrative judge shall notify the parties of the right to seek discovery prior to the hearing and may issue such discovery orders as are appropriate. Unless the parties agree in writing concerning the methods and scope of discovery, the party seeking discovery shall request authorization from the administrative judge prior to commencing discovery. Both parties are entitled to reasonable development of evidence on matters relevant to the issues raised in the complaint, but the administrative judge may limit the quantity and timing of discovery. Evidence may be developed through interrogatories, depositions, and requests for admissions, stipulations or production of documents. It shall be grounds for objection to producing evidence that the information sought by either party is irrelevant, overburdensome, repetitious, or privileged.

(e) Conduct of hearing. The Board shall provide for the attendance at a hearing of all employees approved as witnesses by an administrative judge. Attendance at hearings will be limited to persons determined by the administrative judge to have direct knowledge relating to the complaint. Hearings are part of the investigative process and are thus closed to the public. The administrative judge shall have the power to regulate the conduct of a hearing, limit the number of witnesses where testimony would be repetitious, and exclude any person from the hearing for contumacious conduct or misbehavior that obstructs the hearing. The administrative judge shall receive into evidence information or documents relevant to the complaint. Rules of evidence shall not be applied strictly, but the administrative judge shall exclude irrelevant or repetitious evidence. The administrative judge or the Commission may refer to the Disciplinary Committee of the appropriate Bar Association any attorney or, upon reasonable notice and an opportunity to be heard, suspend or disqualify from representing complainants or agencies in EEOC hearings any representative who refuses to follow the orders of an administrative judge, or who otherwise engages in improper conduct.

(f) Procedures. (1) The complainant, the Board and any employee of the Board shall produce such documentary and testimonial evidence as the administrative judge deems necessary. The administrative judge shall serve all orders to produce evidence on both parties.

(2) Administrative judges are authorized to administer oaths. Statements of witnesses shall be made under oath or affirmation or, alternatively, by written statement under penalty of perjury.

(3) When the complainant, or the Board, or its employees fail without good cause shown to respond fully and in timely fashion to an order of an administrative judge, or requests for the investigative file, for documents, records, comparative data, statistics, affidavits, or the attendance of witnesses, the administrative judge shall, in appropriate circumstances:

(i) Draw an adverse inference that the requested information, or the testimony of the requested witness, would have reflected unfavorably on the party refusing to provide the requested information;

(ii) Consider the matters to which the requested information or testimony pertains to be established in favor of the opposing party.
(iii) Exclude other evidence offered by the party failing to produce the requested information or witness;
(iv) Issue a decision fully or partially in favor of the opposing party; or
(v) Take such other actions as appropriate.

(g) Decisions without hearing. (1) If a party believes that some or all material facts are not in genuine dispute and there is no genuine issue as to credibility, the party may, at least 15 days prior to the date of the hearing or at such earlier time as required by the administrative judge, file a statement with the administrative judge prior to the hearing setting forth the fact or facts and referring to the parts of the record relied on to support the statement. The statement must demonstrate that there is no genuine issue as to any such material fact. The party shall serve the statement on the opposing party.

(2) The opposing party may file an opposition within 15 days of receipt of the statement in paragraph (g)(1) of this section. The opposition may refer to the record in the case to rebut the statement that a fact is not in dispute or may file an affidavit stating that the party cannot, for reasons stated, present facts to oppose the request. After considering the submissions, the administrative judge may order that discovery be permitted on the fact or facts involved, limit the hearing to the issues remaining in dispute, issue a decision without a hearing or make such other ruling as is appropriate.

(3) If the administrative judge determines upon his or her own initiative that some or all facts are not in genuine dispute, he or she may, after giving notice to the parties and providing them an opportunity to respond in writing within 15 calendar days, issue an order limiting the scope of the hearing or issue a decision without holding a hearing.

(h) Record of hearing. The hearing shall be recorded and the Board shall arrange and pay for verbatim transcripts. All documents submitted to, and accepted by, the administrative judge at the hearing shall be made part of the record of the hearing. If the Board submits a document that is accepted, it shall furnish a copy of the document to the complainant. If the complainant submits a document that is accepted, the administrative judge shall make the document available to the Board’s representative for reproduction.

(1) Decisions by administrative judges. Unless the administrative judge makes a written determination that good cause exists for extending the time for issuing a decision, an administrative judge shall issue a decision on the complaint, and shall order appropriate remedies and relief where discrimination is found, within 180 days of receipt by the administrative judge of the complaint file from the Board. The administrative judge shall send copies of the hearing record, including the transcript, and the decision to the parties. If the Board does not issue a final order within 40 days of receipt of the administrative judge’s decision in accordance with §268.109(a), then the decision of the administrative judge shall become the final action of the Board.

§ 268.109 Final action by the Board.

(a) Final action by the Board following a decision by an administrative judge. When an EEOC administrative judge has issued a decision under §§268.108(b), (g), or (i), the Board shall take final action on the complaint by issuing a final order within 40 days of receipt of the hearing file and the administrative judge’s decision. The final order shall notify the complainant whether or not the Board will fully implement the decision of the administrative judge and shall contain notice of the complainant’s right to appeal to the Equal Employment Opportunity Commission, the right to file a civil action in federal district court, the name of the proper defendant in any such lawsuit and the applicable time limits for appeals and lawsuits. If the final order does not fully implement the decision of the administrative judge, then the Board shall simultaneously file an appeal in accordance with §268.403 and append a copy of its appeal to the final order. A copy of EEOC Form 573 shall be attached to the final order.

(b) Final action by the Board in all other circumstances. When the Board dismisses an entire complaint under
§ 268.204 Class complaints.

(a) Definitions—(1) Class is a group of Board employees, former employees or applicants for employment who, it is alleged, have been or are being adversely affected by Board personnel discrimination based on the basis of a determination that age is a bona fide occupational qualification necessary to the performance of the duties of the position.

(c) When an individual has filed an administrative complaint alleging age discrimination that is not a mixed case, administrative remedies will be considered to be exhausted for purposes of filing a civil action:

(1) 180 days after the filing of an individual complaint if the Board has not taken final action and the individual has not filed an appeal or 180 days after the filing of a class complaint if the Board has not issued a final decision;

(2) After final action on an individual or class complaint if the individual has not filed an appeal; or

(3) After the issuance of a final decision by the Commission on an appeal or 180 days after the filing of an appeal, if the Commission has not issued a final decision.

Complaints alleging violations of the Equal Pay Act shall be processed under this part.

§ 268.203 Rehabilitation Act.

(a) Model employer. The Board shall be a model employer of individuals with disabilities. The Board shall give full consideration to the hiring, placement, and advancement of qualified individuals with disabilities.

(b) ADA standards. The standards used to determine whether section 501 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 791), has been violated in a complaint alleging non-affirmative action employment discrimination under this part shall be the standards applied under titles I and V (sections 501 through 504 and 510) of the Americans with Disabilities Act of 1990, as amended (42 U.S.C. 12101, 12111, 12201), as such sections relate to employment. These standards are set forth in the Commission’s ADA regulation at 29 CFR part 1630.

§ 268.204 Class complaints.

(a) Definitions—(1) Class is a group of Board employees, former employees or applicants for employment who, it is alleged, have been or are being adversely affected by a Board personnel
management policy or practice that discriminates against the group on the basis of their race, color, religion, sex, national origin, age or disability.

(2) Class complaint is a written complaint of discrimination filed on behalf of a class by the agent of the class alleging that:

(i) The class is so numerous that a consolidated complaint of the members of the class is impractical;

(ii) There are questions of fact common to the class;

(iii) The claims of the agent of the class are typical of the claims of the class;

(iv) The agent of the class, or, if represented, the representative, will fairly and adequately protect the interests of the class.

(3) An agent of the class is a class member who acts for the class during the processing of the class complaint.

(b) Pre-complaint processing. An employee or applicant who wishes to file a class complaint must seek counseling and be counseled in accordance with §268.104. A complainant may move for class certification at any reasonable point in the process when it becomes apparent that there are class implications to the claim raised in an individual complaint. If a complainant moves for class certification after completing the counseling process contained in §268.104, no additional counseling is required. The administrative judge shall deny class certification when the complainant has unduly delayed in moving for certification.

(c) Filing and presentation of a class complaint. (1) A class complaint must be signed by the agent or representative and must identify the policy or practice adversely affecting the class as well as the specific action or matter affecting the class agent.

(2) The complaint must be filed with the Board not later than 15 days after the agent’s receipt of the notice of right to file a class complaint.

(3) The complaint shall be processed promptly; the parties shall cooperate and shall proceed at all times without undue delay.

(d) Acceptance or dismissal. (1) Within 30 days of the Board’s receipt of a complaint, the Board shall designate an agency representative who shall not be one of the individuals referenced in §268.102(b)(4), and forward the complaint, along with a copy of the Counselor’s report and any other information pertaining to timeliness or other relevant circumstances related to the complaint, to the Commission. The Commission shall assign the complaint to an administrative judge or complaints examiner with a proper security clearance when necessary. The administrative judge may require the complainant or the Board to submit additional information relevant to the complaint.

(2) The administrative judge may dismiss the complaint, or any portion, for any of the reasons listed in §268.106 or because it does not meet the prerequisites of a class complaint under §268.204(a)(2).

(3) If an allegation is not included in the Counselor’s report, the administrative judge shall afford the agent 15 days to state whether the matter was discussed with the Counselor and, if not, explain why it was not discussed. If the explanation is not satisfactory, the administrative judge shall dismiss the allegation. If the explanation is satisfactory, the administrative judge shall refer the allegation to the Board for further counseling of the agent. After counseling, the allegation shall be consolidated with the class complaint.

(4) If an allegation lacks specificity and detail, the administrative judge shall afford the agent 15 days to provide specific and detailed information. The administrative judge shall dismiss the complaint if the agent fails to provide such information within the specified time period. If the information provided contains new allegations outside the scope of the complaint, the administrative judge shall advise the agent how to proceed on an individual or class basis concerning these allegations.

(5) The administrative judge shall extend the time limits for filing a complaint and for consulting with a Counselor in accordance with the time limit extension provisions contained in §§268.104(a)(2) and 268.604.

(6) When appropriate, the administrative judge may decide that a class be divided into subclasses and that each
subsection be treated as a class, and the provisions of this section then shall be construed and applied accordingly.

(7) The administrative judge shall transmit his or her decision to accept or dismiss a complaint to the Board and the agent. The Board shall take final action by issuing a final order within 40 days of receipt of the hearing record and administrative judge’s decision. The final order shall notify the agent whether or not the Board will implement the decision of the administrative judge. If the final order does not implement the decision of the administrative judge, the Board shall simultaneously appeal the administrative judge’s decision in accordance with §268.403 and append a copy of the appeal to the final order. A dismissal of a class complaint shall inform the agent either that the complaint is being filed on that date as an individual complaint of discrimination and will be processed under subpart B or that the complaint is also dismissed as an individual complaint in accordance with §268.106. In addition, it shall inform the agent of the right to appeal the dismissal of the class complaint to the Equal Employment Opportunity Commission or to file a civil action and shall include EEOC Form 573, Notice of Appeal/Petition.

(e) Notification. (1) Within 15 days of receiving notice that the administrative judge has accepted a class complaint or a reasonable time frame specified by the administrative judge, the Board shall use reasonable means, such as delivery, mailing to last known address or distribution, to notify all class members of the acceptance of the class complaint.

(2) Such notice shall contain:

(i) An identification of the Board as the named agency, its location, and the date of acceptance of the complaint;

(ii) A description of the issues accepted as part of the class complaint;

(iii) An explanation of the binding nature of the final decision or resolution of the class complaint on class members; and

(iv) The name, address and telephone number of the class representative.

(f) Obtaining evidence concerning the complaint. (1) The administrative judge shall notify the agent and the Board’s representative of the time period that will be allowed both parties to prepare their cases. This time period will include at least 60 days and may be extended by the administrative judge upon the request of either party. Both parties are entitled to reasonable development of evidence on matters relevant to the issues raised in the complaint. Evidence may be developed through interrogatories, depositions, and requests for admissions, stipulations or production of documents. It shall be grounds for objection to producing evidence that the information sought by either party is irrelevant, overburdensome, repetitious, or privileged.

(2) If mutual cooperation fails, either party may request the administrative judge to rule on a request to develop evidence. If a party fails without good cause shown to respond fully and in timely fashion to a request made or approved by the administrative judge for documents, records, comparative data, statistics or affidavits, and the information is solely in the control of one party, such failure may, in appropriate circumstances, cause the administrative judge:

(i) To draw an adverse inference that the requested information would have reflected unfavorably on the party refusing to provide the requested information;

(ii) To consider the matters to which the requested information pertains to be established in favor of the opposing party;

(iii) To exclude other evidence offered by the party failing to produce the requested information;

(iv) To recommend that a decision be entered in favor of the opposing party; or

(v) To take such other actions as the administrative judge deems appropriate.

(3) During the period for development of evidence, the administrative judge may, in his or her discretion, direct that an investigation of facts relevant to the class complaint or any portion be conducted by an agency certified by the Commission.

(4) Both parties shall furnish to the administrative judge copies of all materials that they wish to be examined.
and such other material as may be requested.

(g) Opportunity for resolution of the complaint. (1) The administrative judge shall furnish the agent and the Board’s representative a copy of all materials obtained concerning the complaint and provide opportunity for the agent to discuss the materials with the Board’s representative and attempt resolution of the complaint.

(2) The complaint may be resolved by agreement of the Board and the agent at any time pursuant to the notice and approval procedure contained in paragraph (g)(4) of this section.

(3) If the complaint is resolved, the terms of the resolution shall be reduced to writing and signed by the agent and the Board.

(4) Notice of the resolution shall be given to all class members in the same manner as notification of the acceptance of the class complaint and to the administrative judge. It shall state the relief, if any, to be granted by the Board and the name and address of the EEOC administrative judge assigned to the case. It shall state that within 30 days of the date of the notice of resolution, any member of the class may petition the administrative judge to vacate the resolution because it benefits only the class agent, or is otherwise not fair, adequate and reasonable to the class as a whole. The administrative judge shall review the notice of resolution and consider any petitions to vacate filed. If the administrative judge finds that the proposed resolution is not fair, adequate and reasonable to the class as a whole, the administrative judge shall issue a decision vacating the agreement and may replace the original class agent with a petitioner or some other class member who is eligible to be the class agent during further processing of the class complaint. The decision shall inform the former class agent or the petitioner of the right to appeal the decision to the Equal Employment Opportunity Commission and include EEOC Form 573, Notice of Appeal/Petition. If the administrative judge finds that the resolution is fair, adequate and reasonable to the class as a whole, the resolution shall bind all members of the class.

(h) Hearing. On expiration of the period allowed for preparation of the case, the administrative judge shall set a date for hearing. The hearing shall be conducted in accordance with 12 CFR 268.108(a) through (f).

(i) Report of findings and recommendations. (1) The administrative judge shall transmit to the Board a report of findings and recommendations on the complaint, including a recommended decision, systemic relief for the class and any individual relief, where appropriate, with regard to the personnel action or matter that gave rise to the complaint.

(2) If the administrative judge finds no class relief appropriate, he or she shall determine if a finding of individual discrimination is warranted and, if so, shall recommend appropriate relief.

(3) The administrative judge shall notify the agent of the date on which the report of findings and recommendations was forwarded to the Board.

(j) Board decision. (1) Within 60 days of receipt of the report of findings and recommendations issued under §268.204(i), the Board shall issue a final decision, which shall accept, reject, or modify the findings and recommendations of the administrative judge.

(2) The final decision of the Board shall be in writing and shall be transmitted to the agent by certified mail, return receipt requested, along with a copy of the report of findings and recommendations of the administrative judge.

(3) When the Board’s final decision is to reject or modify the findings and recommendations of the administrative judge, the decision shall contain specific reasons for the Board’s action.

(4) If the Board has not issued a final decision within 60 days of its receipt of the administrative judge’s report of findings and recommendations, those findings and recommendations shall become the final decision. The Board shall transmit the final decision to the agent within five days of the expiration of the 60-day period.

(5) The final decision of the Board shall require any relief authorized by law and determined to be necessary or desirable to resolve the issue of discrimination.
§ 268.205 Employment of aliens; Access to sensitive information.

(a) Definitions. The definitions contained in this paragraph (a) apply only to this section:

(1) Classified Information means information that is classified for national security purposes under Executive Order No. 12958, entitled “Classified National Security Information,” including any amendments or superseding orders that the President of the United States may issue from time to time.

(2) Confidential Supervisory Information means confidential supervisory information of the Board, as defined in 12 CFR 261.2(c). Three internal security designations, which are subject to change by the Board, apply to Confidential Supervisory Information. Those designations are:

(i) Restricted-Controlled FR generally applies to information that, if disclosed to or modified by unauthorized individuals, might result in the risk of serious monetary loss, serious productivity loss or serious embarrassment to the Federal Reserve System. Examples

Federal Reserve System § 268.205

(6) The final decision on a class complaint shall, subject to subpart E of this part, be binding on all members of the class and the Board.

(7) The final decision shall inform the agent of the right to appeal or to file a civil action in accordance with subpart E of this part and of the applicable time limits.

(k) Notification of decision. The Board shall notify class members of the final decision and relief awarded, if any, through the same media employed to give notice of the existence of the class complaint. The notice, where appropriate, shall include information concerning the rights of class members to seek individual relief, and of the procedures to be followed. Notice shall be given by the Board within 10 days of the transmittal of its final decision to the agent.

(l) Relief for individual class members.

(1) When discrimination is found, the Board must eliminate or modify the employment policy or practice out of which the complaint arose and provide individual relief, including an award of attorney’s fees and costs, to the agent in accordance with § 268.501.

(2) When class-wide discrimination is not found, but it is found that the class agent is a victim of discrimination, § 268.501 shall apply. The Board shall also, within 60 days of the issuance of the final decision finding no class-wide discrimination, issue the acknowledgment of receipt of an individual complaint as required by § 268.105(d) and process in accordance with the provisions of subpart B of this part, each individual complaint that was subsumed into the class complaint.

(3) When discrimination is found in the final decision and a class member believes that he or she is entitled to individual relief, the class member may file a written claim with the Board or the Board’s EEO Programs Director within 30 days of receipt of notification by the Board of its final decision. Administrative judges shall retain jurisdiction over the complaint in order to resolve any disputed claims by class members. The claim must include a specific, detailed showing that the claimant is a class member who was affected by the discriminatory policy or practice, and that this discriminatory action took place within the period of time for which the Board found class-wide discrimination in its final decision. Where a finding of discrimination against a class has been made, there shall be a presumption of discrimination as to each member of the class. The Board must show by clear and convincing evidence that any class member is not entitled to relief. The administrative judge may hold a hearing or otherwise supplement the record on a claim filed by a class member. The Board or the Commission may find class-wide discrimination and order remedial action for any policy or practice in existence within 45 days of the agent’s initial contact with the Counselor. Relief otherwise consistent with this Part may be ordered for the time the policy or practice was in effect.

The Board shall issue a final decision on each such claim within 90 days of filing. Such decision must include a notice of the right to file an appeal or a civil action in accordance with subpart E of this part and the applicable time limits.
of Confidential Supervisory Information designated as Restricted-Controlled FR include, but are not limited to, certain significant lists of financial institution supervisory ratings and nonpublic advance information regarding bank mergers or failures.

(ii) Restricted FR covers information that is less sensitive than Restricted-Controlled FR information and, in general, is the largest category of Confidential Supervisory Information. This information, if disclosed to or modified by unauthorized individuals, might result in the risk of significant monetary loss, significant productivity loss, or significant embarrassment to the Federal Reserve System. Examples of Confidential Supervisory Information designated as Restricted FR include, but are not limited to, single supervisory ratings (e.g., CAMELS, BOPEC, etc.), Federal Reserve examination and inspection reports and workpapers, Interagency Country Exposure Review Committee (ICERC) country exposure determinations, and shared national credit data or listings.

(i) Class I FOMC generally applies to materials containing policymaker input, such as that related to monetary policy decisions at meetings, views expressed by policymakers on future policy, and identification of meeting participants who express particular views. Examples of Class I FOMC Information include, but are not limited to, the “Bluebook,” drafts of meeting minutes, unreleased meeting transcripts, documents reflecting the preparation of semi-annual forecasts and related testimony, and certain sensitive internal memorandums and reports.

This designation generally applies to staff forecasts prepared for the FOMC and to information about open market operations. Examples of Class II FOMC Information include, but are not limited to, Part I of the “Greenbook,” reports of the Manager on domestic and foreign open market operations, and other materials on economic and financial developments.

(iii) Class III FOMC covers information that is less sensitive than either Class II or Class I. This designation generally applies to background information supporting policy discussions and includes, but is not limited to, Part II of the Greenbook.

(3) Completion of a background investigation acceptable to the Board.

(iii) Changes to the Country List. If the Employee’s country is deleted from the Country List after the date the Employee begins employment with the Federal Reserve System, the Employee’s existing access to Class I or Class II FOMC information will not be affected by the change in the Country List. (3) Confidential Supervisory Information—(i) Access by a Non-Citizen from a country on the Country List. An Employee in an Eligible Position who is a Non-Citizen from a country that, on the date the Employee begins employment with the Federal Reserve System, the Employee’s existing access to Class I or Class II FOMC information will not be affected by the change in the Country List. § 268.402

(5) Exceptions for access to Confidential Supervisory Information. A Board or Reserve Bank employer may request an exception for access to Confidential Supervisory Information. The requester must demonstrate that unusual circumstances exist and that the Board or Reserve Bank employee for whom access is being requested has a strong and particularized need for access to the information. Subpart D—Related Processes

§ 268.301 Negotiated grievance procedure.

When an employee of the Board, which is not an agency subject to 5 U.S.C. 7121(d), is covered by a negotiated grievance procedure, allegations of discrimination shall be processed as complaints under this part, except that the time limits for processing the complaint contained in §268.105 and for appeal to the Commission contained in §268.402 may be held in abeyance during processing of a grievance covering the same matter as the complaint if the Board notifies the complainant in writing that the complaint will be held in abeyance pursuant to this section.

§ 268.302 Mixed case complaints.

A mixed case complaint is a complaint of employment discrimination filed with the Board based on race, color, religion, sex, national origin, age or disability related to or stemming from an action that can be appealed to the Merit System Protection Board (MSPB). The complaint may contain only an allegation of employment discrimination or it may contain additional allegations that the MSPB has jurisdiction to address. A mixed case appeal is an appeal filed with the MSPB that alleges that an appealable Board action was effected, in whole or in part, because of discrimination on the basis of race, color, religion, sex, national origin, disability or age. Only a Board employee who is a preference eligible employee as defined by the Veterans Preference Act can file a mixed case complaint with the Board or a mixed case appeal with the MSPB. A mixed case complaint or mixed case appeal may only be filed for action(s) over which the MSPB has jurisdiction. The Board will apply sections 1614.302 to 1614.310 of 29 CFR to the processing of a mixed case complaint or mixed case appeal.

Subpart E—Appeals to the Equal Employment Opportunity Commission

§ 268.401 Appeals to the Equal Employment Opportunity Commission.

§ 268.403 Alleged noncompliance with a settlement agreement in accordance with § 268.504, the complainant may file an appeal 35 days after service of the allegations of noncompliance, but no later than 30 days after receipt of the Board’s determination.

(b) If the complainant is represented by an attorney of record, then the 30-day time period provided in paragraph (a) of this section within which to appeal shall be calculated from the receipt of the required document by the attorney. In all other instances, the time within which to appeal shall be calculated from the receipt of the required document by the complainant.

§ 268.404 Appellate Procedure.

(a) On behalf of the Commission, the Office of Federal Operations shall review the complaint file and all written statements and briefs from either party. The Commission may supplement the record by an exchange of letters or memoranda, investigation, remand to the Board or other procedures.

(b) If the Office of Federal Operations requests information from one or both of the parties to supplement the record, each party providing information shall send a copy of the information to the other party.

(c) When either party to an appeal fails without good cause shown to comply with the requirements of this section or to respond fully and in timely fashion to requests for information, the Office of Federal Operations shall, in appropriate circumstances:

(1) Draw an adverse inference that the requested information would have reflected unfavorably on the party refusing to provide the requested information;

(2) Consider the matters to which the requested information or testimony pertains to be established in favor of the opposing party;

(3) Issue a decision fully or partially in favor of the opposing party; or

(4) Take such other actions as appropriate.

§ 268.405 Decisions on appeals.

(a) The Office of Federal Operations, on behalf of the Commission, shall issue a written decision setting forth its reasons for the decision. The Commission shall dismiss appeals in accordance with §§268.106, 268.403(c) and
§ 268.408. The decision on an appeal from the Board’s final action shall be based on a de novo review, except that the review of the factual findings in a decision by an administrative judge issued pursuant to §268.108(i) shall be based on a substantial evidence standard of review. If the decision contains a finding of discrimination, appropriate remedy(ies) shall be included and, where appropriate, the entitlement to interest, attorney’s fees or costs shall be indicated. The decision shall reflect the date of its issuance, inform the complainant of his or her civil action rights, and be transmitted to the complainant and the Board by first class mail.

(b) A decision issued under paragraph (a) of this section is final, subject to paragraph (c) of this section, within the meaning of §268.406 unless the Commission reconsiders the case. A party may request reconsideration within 30 days of receipt of a decision of the Commission, which the Commission in its discretion may grant, if the party demonstrates that:

(1) The appellate decision involved a clearly erroneous interpretation of material fact or law; or

(2) The decision will have a substantial impact on the policies, practices or operations of the Board.

(c) The Board, within 30 days of receiving the decision of the Commission, shall issue a final decision based upon that decision.

A complainant who has filed an individual complaint, an agent who has filed a class complaint or a claimant who has filed a claim for individual relief pursuant to a class complaint is authorized under title VII, the ADEA and the Rehabilitation Act to file a civil action in an appropriate United States District Court:

(a) Within 90 days of receipt of the final action on an individual or class complaint if no appeal has been filed;

(b) After 180 days from the date of filing an individual or class complaint if an appeal has not been filed and final action has not been taken;

(c) Within 90 days of receipt of the Commission’s final decision on an appeal;

(d) After 180 days from the date of filing an appeal with the Commission if there has been no final decision by the Commission.

A complainant is authorized under section 16(b) of the Fair Labor Standards Act (29 U.S.C. 216(b)) to file a civil action in a court of competent jurisdiction within two years or, if the violation is willful, three years of the date of the alleged violation of the Equal Pay Act regardless of whether he or she pursued any administrative complaint processing. Recovery of back wages is limited to two years prior to the date of filing suit, or to three years if the violation is deemed willful; liquidated damages in an equal amount may also be awarded. The filing of a complaint or appeal under this part shall not toll the time for filing a civil action.

§ 268.408 Effect of filing a civil action.

Subpart F—Remedies and Enforcement

§ 268.501 Remedies and relief.

(a) When the Board, or the Commission, in an individual case of discrimination, finds that an applicant or an employee has been discriminated against, the Board shall provide full relief which shall include the following elements in appropriate circumstances:

(1) Notification to all employees of the Board in the affected facility of their right to be free of unlawful discrimination and assurance that the particular types of discrimination found will not recur;

(2) Commitment that corrective, curative or preventive action will be taken, or measures adopted, to ensure that violations of the law similar to those found unlawful will not recur;
(3) An unconditional offer to each identified victim of discrimination of placement in the position the person would have occupied but for the discrimination suffered by that person, or a substantially equivalent position;

(4) Payment to each identified victim of discrimination on a make whole basis for any loss of earnings the person may have suffered as a result of the discrimination; and

(5) Commitment that the Board shall cease from engaging in the specific unlawful employment practice found in the case.

(b) Relief for an applicant. (1) When the Board, or the Commission, finds that an applicant for employment has been discriminated against, the Board shall offer the applicant the position that the applicant would have occupied absent discrimination or, if justified by the circumstances, a substantially equivalent position unless clear and convincing evidence indicates that the applicant would not have been selected even absent the discrimination. The offer shall be made in writing. The individual shall have 15 days from receipt of the offer within which to accept or decline the offer. Failure to accept the offer within the 15-day period will be considered a declination of the offer, unless the individual can show that circumstances beyond his or her control prevented a response within the time limit.

(ii) If the offer is accepted, appointment shall be retroactive to the date the applicant would have been hired. Back pay, computed in the manner prescribed in 5 CFR 550.805, shall be awarded from the date the individual actually enters on duty unless clear and convincing evidence contained in the record demonstrates that the personnel action would have been taken even absent discrimination. The applicant would not have been selected even absent the discrimination. Interest on back pay shall be included in the back pay computation where sovereign immunity has been waived. The back pay liability under title VII or the Rehabilitation Act is limited to two years prior to the date the discrimination complaint was filed.

(2) If clear and convincing evidence indicates that, although discrimination existed at the time the personnel action was taken, the personnel action would have been taken even absent discrimination, the Board shall nevertheless eliminate any discriminatory practice and ensure it does not recur.

(c) Relief for an employee. When the Board, or the Commission, finds that an employee of the Board was discriminated against, the Board shall provide relief, which shall include, but need not be limited to, one or more of the following actions:

(1) Nondiscriminatory placement, with back pay computed in the manner prescribed in 5 CFR 550.805, unless clear and convincing evidence contained in the record demonstrates that the personnel action would have been taken even absent the discrimination. Interest on back pay shall be included in the back pay computation where sovereign immunity has been waived. The back pay liability under title VII or the Rehabilitation Act is limited to two years prior to the date the discrimination complaint was filed.

(2) If clear and convincing evidence indicates that, although discrimination existed at the time the personnel action was taken, the personnel action would have been taken even absent discrimination, the Board shall nevertheless eliminate any discriminatory practice and ensure it does not recur.
(3) Cancellation of an unwarranted personnel action and restoration of the employee.

(4) Expunction from the Board’s records of any adverse materials relating to the discriminatory employment practice.

(5) Full opportunity to participate in the employee benefit denied (e.g., training, preferential work assignments, overtime scheduling).

(d) The Board has the burden of proving by a preponderance of the evidence that the complainant has failed to mitigate his or her damages.

(e) Attorney’s fees or costs—(1) Awards of attorney’s fees or costs. The provisions of this paragraph relating to the award of attorney’s fees or costs shall apply to allegations of discrimination prohibited by title VII and the Rehabilitation Act. In a decision or final action, the Board, administrative judge, or Commission may award the applicant or employee or reasonable attorney’s fees (including expert witness fees) and other costs incurred in the processing of the complaint.

(i) A finding of discrimination raises a presumption of entitlement to an award of attorney’s fees.

(ii) Any award of attorney’s fees or costs shall be paid by the Board.

(iii) Attorney’s fees are allowable only for the services of members of the Bar and law clerks, paralegals or law students under the supervision of members of the Bar, except that no award is allowable for the services of any employee of the Federal Government.

(iv) Attorney’s fees shall be paid for services performed by an attorney after the filing of a written complaint, provided that the attorney provides reasonable notice of representation to the Board, administrative judge or Commission, except that fees are allowable for a reasonable period of time prior to the notification of representation for any services performed in reaching a determination to represent the complainant. The Board is not required to pay attorney’s fees for services performed during the pre-complaint process, except that fees are allowable when the Commission affirms on appeal an administrative judge’s decision finding discrimination after the Board takes final action by not implementing an administrative judge’s decision. Written submissions to the Board that are signed by the representative shall be deemed to constitute notice of representation.

(2) Amount of awards. (i) When the Board, administrative judge or the Commission determines an entitlement to attorney’s fees or costs, the complainant’s attorney shall submit a verified statement of attorney’s fees (including expert witness fees) and other costs, as appropriate, to the Board or administrative judge within 30 days of receipt of the decision and shall submit a copy of the statement to the Board. A statement of attorney’s fees and costs shall be accompanied by an affidavit executed by the attorney of record itemizing the attorney’s charges for legal services. The Board may respond to a statement of attorney’s fees and costs within 30 days of its receipt. The verified statement, accompanying affidavit and any Board response shall be made a part of the complaint file.

(ii)(A) The Board or administrative judge shall issue a decision determining the amount of attorney’s fees or costs due within 60 days of receipt of the decision and affidavit. The decision shall include a notice of right to appeal to the EEOC along with EEOC Form 573, Notice of Appeal/Petition and shall include the specific reasons for determining the amount of the award.

(B) The amount of attorney’s fees shall be calculated using the following standards: The starting point shall be the number of hours reasonably expended multiplied by a reasonable hourly rate. There is a strong presumption that this amount represents the reasonable fee. In limited circumstances, this amount may be reduced or increased in consideration of the degree of success, quality of representation, and long delay caused by the Board.

(C) The costs that may be awarded are those authorized by 28 U.S.C. 1920 to include: Fees of the reporter for all or any of the stenographic transcript necessarily obtained for use in the
§ 268.502 Compliance with final Commission decisions.

(a) Relief ordered in a final Commission decision, if accepted pursuant to § 268.405(c) as a final decision, or not acted upon the Board within the time periods of § 268.405(c), is mandatory and binding on the Board except as provided in this section. Failure to implement ordered relief shall be subject to judicial enforcement as specified in § 268.503(f).

(b) Notwithstanding paragraph (a) of this section, when the Board requests reconsideration and the case involves removal, separation, or a suspension continuing beyond the date of the request for reconsideration, and when the decision orders retroactive restoration, the Board shall comply with the decision to the extent of the temporary or conditional restoration of the employee to duty status in the position specified by the Commission, pending the outcome of the Board's request for reconsideration.

(1) Service under the temporary or conditional restoration provisions of this paragraph (b) shall be credited toward the completion of a probationary or trial period or the completion of the service requirement for career tenure, if the Commission upholds its decision after reconsideration.

(2) When the Board requests reconsideration, it may delay the payment of any amounts ordered to be paid to the complainant until after the request for reconsideration is resolved. If the Board delays payment of any amount pending the outcome of the request to reconsider and the resolution of the request requires the Board to make the payment, then the Board shall pay interest from the date of the original appellate decision until payment is made.

(3) The Board shall notify the Commission and the employee in writing at the same time it requests reconsideration that the relief it provides is temporary or conditional and, if applicable, that it will delay the payment of any amounts owed but will pay interest as specified in paragraph (b)(2) of this section. Failure of the Board to provide notification will result in the dismissal of the Board's request.

(c) When no request for reconsideration is filed or when a request for reconsideration is denied, the Board shall provide the relief ordered and there is no further right to delay implementation of the ordered relief. The relief shall be provided in full not later than 60 days after receipt of the final decision unless otherwise ordered in the decision.

§ 268.503 Enforcement of final EEOC decisions.

(a) Petition for enforcement. A complainant may petition the Commission for enforcement of a decision issued under the Commission's appellate jurisdiction. The petition shall be submitted to the Office of Federal Operations. The petition shall specifically set forth the reasons that lead the complainant to believe that the Board is not complying with the decision.

(b) Compliance. On behalf of the Commission, the Office of Federal Operations shall take all necessary action to ascertain whether the Board is implementing the decision of the Commission. If the Board is found not to be in compliance with the decision, efforts shall be undertaken to obtain compliance.

(c) Clarification. On behalf of the Commission, the Office of Federal Operations may, on its own motion or in response to a petition for enforcement or in connection with a timely request for reconsideration, issue a clarification of a prior decision. A clarification cannot change the result of a prior decision or enlarge or diminish the relief ordered but may further explain the meaning or intent of the prior decision.

(d) Referral to the Commission. Where the Director, Office of Federal Operations, is unable to obtain satisfactory compliance with the final decision, the
Director shall submit appropriate findings and recommendations for enforcement to the Commission, or, as directed by the Commission, refer the matter to another appropriate agency.

(e) Commission notice to show cause. The Commission may issue a notice to the Chairman of the Board to show cause why there is noncompliance. Such notice may request the Chairman of the Board or a representative to appear before the Commission or to respond to the notice in writing with adequate evidence of compliance or with compelling reasons for noncompliance.

(f) Notification to complainant of completion of administrative efforts. Where the Commission has determined that the Board is not complying with a prior decision, or where the Board has failed or refused to submit any required report of compliance, the Commission shall notify the complainant the right to file a civil action for enforcement of the decision pursuant to title VII, the ADEA, the Equal Pay Act or the Rehabilitation Act and to seek a judicial review of the Board's refusal to implement the ordered relief pursuant to the Administrative Procedures Act, 5 U.S.C. 701 et seq., and the mandamus statute, 28 U.S.C. 1361, or to commence de novo proceedings pursuant to the appropriate statutes.

§ 268.504 Compliance with settlement agreements and final actions.

(a) Any settlement agreement knowingly and voluntarily agreed to by the parties, reached at any stage of the complaint process, shall be binding on both parties. Final action that has not been the subject of an appeal or a civil action shall be binding on the Board. If the complainant believes that the Board has failed to comply with the terms of a settlement agreement or decision, the complainant shall notify the Board's EEO Programs Director in writing of the alleged noncompliance within 30 days of when the complainant knew or should have known of the alleged noncompliance. The complainant may request that the terms of the settlement agreement be specifically implemented or, alternatively, that the complaint be reinstated for further processing from the point processing ceased.

(b) The Board shall resolve the matter and respond to the complainant, in writing. If the Board has not responded to the complainant, in writing, or if the complainant is not satisfied with the Board's attempt to resolve the matter, the complainant may appeal to the Commission for a determination as to whether the Board has complied with the terms of the settlement agreement or decision. The complainant may file such an appeal 35 days after he or she has served the Board with the allegations of noncompliance, but must file an appeal within 30 days of his or her receipt of the Board's determination. The complainant must serve a copy of the appeal on the Board and the Board may submit a response to the Commission within 30 days of receiving notice of the appeal.

(c) Prior to rendering its determination, the Commission may request that the parties submit whatever additional information or documentation it deems necessary or may direct that an investigation or hearing on the matter be conducted. If the Commission determines that the Board is not in compliance and the noncompliance is not attributable to acts or conduct of the complainant, it may order such compliance or it may order that the complaint be reinstated for further processing from the point processing ceased. Allegations that subsequent acts of discrimination violate a settlement agreement shall be processed as separate complaints under §§ 268.105 or 268.204, as appropriate, rather than under this section.

§ 268.505 Interim relief.

(a)(1) When the Board appeals and the case involves removal, separation, or suspension continuing beyond the date of the appeal, and when the administrative judge orders retroactive restoration, the Board shall comply with the decision to the extent of the temporary or conditional restoration of the employee to duty status in the position specified in the decision, pending the outcome of the Board appeal. The employee may decline the offer of interim relief.
(2) Service under the temporary or conditional restoration provisions of paragraph (a)(1) of this section shall be credited toward the completion of a probationary or trial period, eligibility for a within-grade increase, or the completion of the service requirement for career tenure, if the Commission upholds the decision on appeal. Such service shall not be credited toward the completion of any applicable probationary or trial period or the completion of the service requirement for career tenure if the Commission reverses the decision on appeal.

(3) When the Board appeals, it may delay the payment of any amount, other than prospective pay and benefits, ordered to be paid to the complainant until after the appeal is resolved. If the Board delays payment of any amount pending the outcome of the appeal and the resolution of the appeal requires the Board to make the payment, then the Board shall pay interest from the date of the original decision until payment is made.

(4) The Board shall notify the Commission and the employee in writing at the same time it appeals that the relief it provides is temporary or conditional and, if applicable, that it will delay the payment of any amounts owed but will pay interest as specified in paragraph (b)(2) of this section. Failure of the Board to provide notification will result in the dismissal of the Board’s appeal.

(5) The Board may, by notice to the complainant, decline to return the complainant to his or her place of employment if it determines that the return or presence of the complainant will be unduly disruptive to the work environment. However, prospective pay and benefits must be provided. The determination not to return the complainant to his or her place of employment is not reviewable. A grant of interim relief does not insulate a complainant from subsequent disciplinary or adverse action.

(b) If the Board files an appeal and has not provided required interim relief, the complainant may request dismissal of the Board’s appeal. Any such request must be filed with the Office of Federal Operations within 25 days of the date of service of the Board’s appeal. A copy of the request must be served on the Board at the same time it is filed with EEOC. The Board may respond with evidence and argument to the complainant’s request to dismiss within 15 days of the date of service of the request.

Subpart G—Matters of General Applicability

§ 268.601 EEO group statistics.

(a) The Board shall establish a system to collect and maintain accurate employment information on the race, national origin, sex, and disability(ies) of its employees.

(b) Data on race, national origin and sex shall be collected by voluntary self-identification. If an employee does not voluntarily provide the requested information, the Board shall advise the employee of the importance of the data and of its obligation to report it. If an employee still refuses to provide the information, the Board must make a visual identification and inform the employee of the data it will be reporting. If the Board believes that information provided by an employee is inaccurate, the Board shall advise the employee about the solely statistical purpose for which the data is being collected, the need for accuracy, the Board’s recognition of the sensitivity of the information and the existence of procedures to prevent its unauthorized disclosure. If, thereafter, the employee declines to change the apparently inaccurate self-identification, the Board must accept it.

(c) Subject to applicable law, the information collected under paragraph (b) of this section shall be disclosed only in the form of gross statistics. The Board shall not collect or maintain any information on the race, national origin or sex of individual employees except in accordance with applicable law and when an automated data processing system is used in accordance with standards and requirements prescribed by the Commission to insure individual privacy and the separation of that information from personnel records.

(d) The Board’s system is subject to the following controls:
§ 268.604 Filing and computation of time.

(a) All time periods in this part that are stated in terms of days are calendar days unless otherwise stated.

(b) A document shall be deemed timely if it is received or postmarked before the expiration of the applicable filing period, or, in the absence of a legible postmark, if it is received by mail within five days of the expiration of the applicable filing period.

(c) The time limits in this part are subject to waiver, estoppel and equitable tolling.

(d) The first day counted shall be the day after the event from which the time period begins to run and the last day of the period shall be included, unless it falls on a Saturday, Sunday or Federal holiday, in which case the period shall be extended to include the next business day.
§ 268.605 Representation and official time.

(a) At any stage in the processing of a complaint, including the counseling stage under § 268.104, the complainant shall have the right to be accompanied, represented, and advised by a representative of complainant's choice.

(b) If the complainant is an employee of the Board, he or she shall have a reasonable amount of official time, if otherwise on duty, to prepare the complaint and to respond to Board and EEOC requests for information. If the complainant is an employee of the Board and he designates another employee of the Board as his or her representative, the representative shall have a reasonable amount of official time, if otherwise on duty, to prepare the complaint and respond to Board and EEOC requests for information. The Board is not obligated to change work schedules, incur overtime wages, or pay travel expenses to facilitate the choice of a specific representative or to allow the complainant and representative to confer. The complainant and the representative, if employed by the Board and otherwise in a pay status, shall be on official time, regardless of their tour of duty, when their presence is authorized or required by the Board or the Commission during the investigation, informal adjustment, or hearing on the complaint.

(c) In cases where the representation of a complainant or the Board would conflict with the official or collateral duties of the representative, the Commission or the Board may, after giving the representative an opportunity to respond, disqualify the representative.

(d) Unless the complainant states otherwise in writing, after the Board has received written notice of the name, address and telephone number of a representative for the complainant, all official correspondence shall be with the representative with copies to the complainant. When the complainant designates an attorney as representative, service of all official correspondence shall be made on the attorney and the complainant, but time frames for receipt of material shall be computed from the time of receipt by the attorney. The complainant must serve all official correspondence on the designated representative of the Board.

(e) The complainant shall at all times be responsible for proceeding with the complaint whether or not he or she has designated a representative.

(f) Witnesses who are Board employees shall be in a duty status when their presence is authorized or required by Commission or Board officials in connection with a complaint.

§ 268.606 Joint processing and consolidation of complaints.

Complaints of discrimination filed by two or more complainants consisting of substantially similar allegations of discrimination or relating to the same matter may be consolidated by the Board or the Commission for joint processing after appropriate notification to the parties. Two or more complaints of discrimination filed by the same complainant shall be consolidated by the Board for joint processing after appropriate notification to the complainant. When a complaint has been consolidated with one or more earlier filed complaints, the Board shall complete its investigation within the earlier of 180 days after the filing of the last complaint or 360 days after the filing of the original complaint, except that the complainant may request a hearing from an administrative judge on the consolidated complaints any time after 180 days from the date of the first filed complaint. Administrative judges or the Commission may, in their discretion, consolidate two or more complaints of discrimination filed by the same complainant.

§ 268.607 Delegation of authority.

The Board of Governors may delegate authority under this part, to one or more designees.

§ 268.707 Program accessibility: Existing facilities.

(a) General. The Board shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with a disability. This paragraph (a) does not:
   (1) Necessarily require the Board to make each of its existing facilities accessible to and usable by individuals with a disability; or
   (2) Require the Board to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where the Board believes that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Board has the burden of proving that compliance with this paragraph (a) would result in such alterations or burdens. The decision that compliance would result in such alterations or burdens. The decision that compliance would result in such alterations or burdens shall be made by the Board of Governors or their designee after considering all Board resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the Board shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with a disability receive the benefits and services of the program or activity.
§ 268.708 Program accessibility: New construction and alterations.

(b) The Board shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The Board shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the Board to take any action that would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where the Board believes that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Board has the burden of proving that compliance with section 268.709 would result in such alterations or burdens. The determination that compliance would result in such alterations or burdens must be made by the Board of Governors or their designee after considering all Board resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the Board shall take any other action that would not result in such an alteration or such burdens but nevertheless ensure that, to the maximum extent possible, individuals with a disability receive the benefits and services of the program or activity.

§ 268.710 Compliance procedures.

(4) If a complaint is resolved informally, the terms of the agreement shall be reduced to writing and made a part of the complaint file, with a copy of the agreement provided to the complainant. The written agreement may

(g) Letter of findings. (1) If an informal resolution of the complaint is not reached, the EEO Programs Director shall transmit the complaint file to the Staff Director for Management. The Staff Director for Management shall, within 180 days of the receipt of the complete complaint by the EEO Programs Director, notify the complainant of the results of the investigation in a letter sent by certified mail, return receipt requested, containing:
   (i) Findings of fact and conclusions of law;

   (iii) A notice of right of the complainant to appeal the letter of findings under paragraph (k) of this section; and
   (iv) A notice of right of the complainant to request a hearing.

(2) If the complainant does not file a notice of appeal or does not request a hearing within the times prescribed in paragraph (h)(1) and (j)(1) of this section, the EEO Programs Director shall certify that the letter of findings under this paragraph (g) is the final decision of the Board at the expiration of those times.

(h) Filing an appeal. (1) Notice of appeal, with or without a request for hearing, shall be filed by the complainant with the EEO Programs Director within 30 days of receipt from the Staff Director for Management of the letter of findings required by paragraph (g) of this section.

(2) If the complainant does not request a hearing, the EEO Programs Director shall notify the Board of Governors of the appeal by the complainant and that a decision must be made by the EEO Programs Director that an appeal is untimely. This appeal shall be filed within 15 calendar days of receipt of the decision from the EEO Programs Director.

(j) Hearing. (1) Notice of a request for a hearing, with or without a request for an appeal, shall be filed by the complainant with the EEO Programs Director within 30 days of receipt from the Staff Director for Management of the letter of findings required by paragraph (g) of this section.    (vii) Take any action permitted to the administrative law judge as authorized by this subpart G or by the provisions of the Administrative Procedures Act (5 U.S.C. 554–557).
(3) Technical rules of evidence shall not apply to hearings conducted pursuant to this paragraph (j), but rules or principles designed to assure production of credible evidence and to subject testimony to cross-examination shall be applied by the administrative law judge wherever reasonably necessary. The administrative law judge may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties, and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record.

(4) The costs and expenses for the conduct of a hearing shall be allocated as follows:

(i) Employees of the Board shall, upon the request of the administrative law judge, be made available to participate in the hearing and shall be on official duty status for this purpose. They shall not receive witness fees.

(ii) Employees of other Federal agencies called to testify at a hearing, at the request of the administrative law judge and with the approval of the employing agency, shall be on official duty status during any absence from normal duties caused by their testimony, and shall not receive witness fees.

(iii) The fees and expenses of other persons called to testify at a hearing shall be paid by the party requesting their appearance.

(iv) The administrative law judge may require the Board to pay travel expenses necessary for the complainant to attend the hearing.

(v) The Board shall pay the required expenses and charges for the administrative law judge and court reporter.

(vi) All other expenses shall be paid by the parties incurring them.

(5) The administrative law judge shall submit in writing recommended findings of fact, conclusions of law, and remedies to the complainant and the EEO Programs Director within 30 days, after the receipt of the hearing transcripts, or within 30 days after the conclusion of the hearing if no transcripts are made. This time limit may be extended with the permission of the EEO Programs Director.

(6) Within 15 calendar days after receipt of the recommended decision of the administrative law judge, the complainant may file exceptions to the recommended decision with the EEO Programs Director. On behalf of the Board, the EEO Programs Director may, within 15 calendar days after receipt of the recommended decision of the administrative law judge, take exception to the recommended decision of the administrative law judge and shall notify the complainant in writing of the Board’s exception. Thereafter, the complainant shall have 10 calendar days to file reply exceptions with the EEO Programs Director. The EEO Programs Director shall retain copies of the exceptions and replies to the Board’s exception for consideration by the Board. After the expiration of the time to reply, the recommended decision shall be ripe for a decision under paragraph (k) of this section.

(k) Decision. (1) The EEO Programs Director shall notify the Board of Governors when a complaint is ripe for decision under this paragraph (k). At the request of any member of the Board of Governors made within 3 business days of such notice, the Board of Governors shall make the decision on the complaint. If no such request is made, the Administrative Governor, or the Staff Director for Management if he or she is delegated the authority to do so, shall make the decision on the complaint. The decision shall be made based on information in the investigative record and, if a hearing is held, on the hearing record. The decision shall be made within 60 days of the receipt by the EEO Programs Director of the notice of appeal and investigative record pursuant to paragraph (h)(1) of this section or 60 days following the end of the period for filing reply exceptions set forth in paragraph (j)(6) of this section, whichever is applicable. an opportunity to respond to that information. The decision-maker shall have 60 days from receipt of the additional information to render the decision on the appeal. The decision-maker shall transmit the decision by letter to all parties. The decision shall set forth the findings, any remedial actions required, and the reasons for the decision. If the decision is based on a hearing record, the decision-maker shall consider the recommended decision of the administrative law judge and render a final decision based on the entire record. The decision-maker may also remand the hearing record to the administrative law judge for a fuller development of the record.

(2) The Board shall take any action required under the terms of the decision promptly. The decision-maker may require periodic compliance reports specifying:
(i) The manner in which compliance with the provisions of the decision has been achieved;
(ii) The reasons any action required by the final Board decision has not been taken; and
(iii) The steps being taken to ensure full compliance.

(3) The decision-maker may retain responsibility for resolving disputes that arise between parties over interpretation of the final Board decision, or for specific adjudicatory decisions arising out of implementation.

The labor organization shall be given notice of the adjustment and a reasonable opportunity to object on the sole ground that it is in conflict with the terms of the collective bargaining agreement.

(c) A Bank, through appropriate officials, shall have the obligation to meet at reasonable times with representatives of a recognized labor organization to negotiate, in good faith, with respect to personnel policies and practices affecting working conditions for employees, provided that they do not involve matters in any of the following areas:

(1) The purposes and functions of the Bank; the compensation of and hours worked by employees; any classification system used to evaluate positions; the budget of the Bank; the retirement system; any insurance or other benefit plans; internal security operations; maintenance of the efficiency of Bank operations including the determination of work methods; the right to contract out; the determination as to manpower requirements; use of technology and organization of work; and action to meet emergency situations;

(2) Management rights as to the direction of employees, including hiring, promotion, transfer, classification, assignment, layoffs, retention, suspension, demotion, discipline and discharge, provided that on matters involving the procedures to be followed by a Bank for the exercise of its rights under this subparagraph, a Bank shall, upon request, discuss such procedures with a recognized labor organization, but shall not be required to negotiate for an agreement as to them;

(3) All Bank matters specifically governed by applicable laws or regulations.

The obligation under this paragraph to negotiate with regard to certain matters shall include the execution of a written contract incorporating any
agreement reached, but does not compel either a Bank or a labor organization to agree to a particular proposal or to make any concession during such negotiations.

(d) At the time it requests an election to be held, any labor organization seeking recognition shall submit to a Bank a roster of its officers and representatives, a copy of its constitution and bylaws, and a statement of its objectives.

(e) Subject to the provisions of §269.8, the exclusive recognition of a labor organization shall not preclude any employee, regardless of labor organization membership, from bringing matters of personal concern not governed by a collective bargaining agreement to the attention of appropriate officers, managers or supervisory personnel in accordance with applicable law, rule, regulation, or established Bank policy, or from choosing his or her own representative in such matters.

§269.4 Determination of appropriate bargaining unit.

(a) If a labor organization asserts in writing to a Bank that it holds cards requesting a representation election signed by at least thirty percent (30%) of the employees in a unit which that organization considers to be an appropriate bargaining unit, the labor organization and the Bank shall each designate a representative who together shall request the American Arbitration Association (hereinafter referred to as “Association”) to submit to them from its National Panel of Professional Labor Arbitrators a list of seven (7) impartial, qualified professional arbitrators. The two designated representatives shall meet promptly and, by alternately striking names from the list, arrive at the remaining person who, together with the two representatives, shall constitute a Special Tribunal to rule on the labor organization’s request for an election. The impartial arbitrator shall always act as the Chairperson of any Special Tribunal duly constituted under this section.

(b) In the absence of an agreement between the labor organization and the Bank on the appropriate unit, the Tribunal shall investigate the facts, hold hearings if necessary, and issue a decision as to the appropriateness of the unit for the purposes of conducting a representation election for exclusive recognition and as to related issues submitted for consideration. The expenses for this proceeding, including the fees of the association and of the arbitrator, shall be borne equally by the labor organization and the Bank. If either the Bank or the labor organization should disagree with the Special Tribunal’s decision, the party in disagreement may appeal within thirty (30) calendar days to the Federal Reserve System Labor Relations Panel referred to in §269.11, and the decision of the System Panel shall be final and binding on the parties.

(c) If there is any dispute as to whether a labor organization holds cards signed by at least thirty percent (30%) of the employees in a unit claimed by a labor organization as appropriate or subsequently determined by the Special Tribunal as appropriate, the dispute shall be resolved by the Chairperson of the Special Tribunal, acting as a single impartial arbitrator. The expenses of such procedure, including the impartial arbitrator’s fee, shall be borne equally by the labor organization and the Bank. The decision of the Chairperson of the Special Tribunal shall be final and binding and shall not be subject to appeal to the Federal Reserve System Labor Relations Panel.

§269.5 Elections.

(a) Once there has been a final determination of the existence of an appropriate bargaining unit under the procedure in §269.4, and a showing by a labor organization that it has cards signed by at least thirty percent (30%) of the employees in such unit requesting a representation election, an election shall be ordered by the Special Tribunal. A labor organization shall be recognized as the exclusive bargaining representative of the unit if it is selected by a majority of the employees in the unit actually voting.

(b) The election shall be held under the auspices of the Association and shall be subject to its election rules and regulations. However, if there should be any conflict between such rules and regulations and the provisions of this Policy, the latter shall
prevail. The fees charged by the Association for its election service shall be borne equally by the labor organization and the Bank.

(c) An election to determine whether a labor organization should continue as the exclusive bargaining representative of a particular unit shall be held when requested by a petition or other bona fide showing by at least thirty percent (30%) of the employees of that unit. Any dispute as to whether thirty percent (30%) of the employees requested such an election shall be resolved by the same procedure as that set forth in §269.4(b). The election shall be held under the auspices of the Association in the same manner described in paragraph (b) of this section. The recognition of a labor organization as the exclusive bargaining representative of a unit shall be revoked if a majority of the employees in the unit who actually vote signify approval of such revocation.

(d) Only one election may be held in any unit in a twelve (12) month period to determine whether a labor organization should become, or continue to be recognized as, the exclusive representative of the employees in that unit.

(e) Upon receipt of a request for an election from a labor organization under §269.4(a), it shall be incumbent on the Bank, labor organization and all others to refrain from any conduct, action or policy that interferes with or restrains employees from making a fair and free choice in selecting or rejecting a bargaining representative consistent with the right of the Bank, labor organization or employees to exercise privileges of free speech in the expression of any views, argument or opinion, or the dissemination thereof, whether in oral, written, printed, graphic or visual form.

(f) The Special Tribunal shall hear and decide any post-election objections of a Bank or labor organization filed with it claiming that a violation of paragraph (e) of this section has improperly affected the outcome of the election. Such objections must be filed with the Special Tribunal no later than five (5) business days after the date of election. In the event of such violation by a Bank, labor organization or other individuals or organizations which the Special Tribunal finds sufficient to have prejudiced the outcome of an election, appropriate remedial action shall be taken in the form of setting aside the election results and ordering a new election, provided, however, that an appeal from the order of the Special Tribunal may be taken within thirty (30) calendar days to the Federal Reserve System Labor Relations Panel by either the affected Bank or labor organization. The ruling of the System Panel shall be final and binding. Neither the Special Tribunal nor the Federal Reserve System Labor Relations Panel shall have the authority to direct a Bank to recognize a labor organization as the exclusive collective bargaining representative without a valid election being held in which a majority of the employees actually voting have so designated such labor organization.

(g) The Special Tribunal and the Federal Reserve System Labor Relations Panel will adhere to any rules and regulations promulgated by the Board of Governors for the administration of the provisions of paragraphs (e) and (f) of this section.

§269.6 Unfair labor practices.

(a) It shall be an unfair labor practice for a Bank to: (1) Interfere with, restrain, or coerce employees in the exercise of the rights guaranteed in §269.2(a); (2) dominate or interfere with the formation or administration of any labor organization, or to contribute financial or other support to it; (3) encourage or discourage membership in any labor organization by discrimination in regard to hire or tenure of employment or any term or condition of employment; (4) refuse to bargain collectively with a Bank, provided the labor organization is the exclusive representative of a unit of employees subject to the provisions of §269.3 (b) and (c).

(b) It shall be an unfair labor practice for a labor organization, its agents or representatives to: (1) Restrain or coerce employees in the exercise of the rights guaranteed in §269.2(a); (2) cause or attempt to cause a Bank to Discriminate against an employee in violation of paragraph (a)(3) of this section; (3) refuse to bargain collectively with a Bank, provided the labor organization is the exclusive representative of a unit of employees.
§ 269.7 Notwithstanding anything previously stated in this section, the expression of any view, argument or opinion, or the dissemination thereof, whether in oral, written, printed, graphic or visual form, shall not constitute or be evidence of an unfair labor practice, if such expression contains no threat of reprisal or force, or promise of benefit.

(d) The Federal Reserve System Labor Relations Panel will adhere to the rules and regulations promulgated by the Board of Governors for the prevention and remedy of the unfair labor practices listed herein.

§ 269.7 Approval of agreement and required contents.

Any agreement entered into with a labor organization as the exclusive representative of employees in a unit must be approved by the President of the Bank or a designated officer representative. All agreements with labor organizations shall also be subject to the requirement that the administration of all matters covered by the agreement shall be governed by the provisions of applicable laws and Federal Reserve System rules and regulations, and the agreement shall at all times be applied subject to such laws and regulations.

§ 269.8 Grievance procedures.

(a) Subject to the provisions of §269.3(b), an agreement entered into with a labor organization as the exclusive representative of employees in a unit may contain a grievance procedure, applicable only to employees in such unit and which shall be the exclusive means for a labor organization and/or an employee to obtain resolution of a grievance arising under such agreement.

(b) Grievance procedures established by a labor agreement may also include provisions for arbitration of unresolved grievances by a tripartite panel under the Voluntary Labor Arbitration Rules of the Association with the impartial arbitrator selected by the Bank and labor organization representatives on the arbitration panel to be the Chairperson. In such event, arbitration shall extend only to grievances which involve the interpretation and application of specific provisions of a labor agreement and not to any other matters or to changes in or proposed changes in the agreement. Arbitration may only be invoked by labor organization on behalf of individual employees with their concurrence.

§ 269.9 Mediation of negotiation impasses.

In the event of an impasse in negotiations between the parties for a collective bargaining agreement, either the labor organization or the Bank may request the appointment of a qualified neutral person as a mediator to assist the parties in attempting to resolve the impasse. The parties will meet promptly with the mediator, and all matters discussed, as well as any documents submitted, shall not be publicly divulged for any reason. The cost of the mediator shall be borne equally by the parties.

§ 269.10 Time for internal labor organization business, consultations and negotiations.

Solicitation of memberships, dues or other internal labor organization business shall be conducted during the nonduty hours of the employees concerned. Officially requested or approved consultation between management executives and representatives of a labor organization shall, whenever practicable, be conducted on official time, but the President or a duly authorized officer of a Bank may require that negotiations with a labor organization be conducted during the nonduty hours of the Bank.

§ 269.11 Federal Reserve System Labor Relations Panel.

There shall be established a Federal Reserve System Labor Relations Panel, which shall consist of three members: one member of the Board of Governors of the Federal Reserve System, who shall be Chairperson of the Panel, and two public members. Each member shall be selected by the Board of Governors; provided, however, that the public members shall not have any present or past affiliation with the Federal Reserve System. Initially, one of the two public members shall be appointed for a term of two years, and
§ 269a.5 Hearing officer.  

The term hearing officer means the officer designated by the panel to conduct hearings pursuant to §269b.420 et seq. of this subchapter and whose duties and power are enumerated in §269b.442 of this subchapter.

CHARGES OF VIOLATIONS OF § 269.6 (OF THE POLICY)

§ 269b.110 Charges.
A charge that any bank or labor organization, or agents or representatives of a bank or labor organization, has engaged in or is engaging in any act prohibited under § 269.6 of the policy or has failed to take any action required by § 269.6 of the policy may be filed by any party in interest, or its representative, within 60 days after the alleged violations or within 60 days after the charging party has become or should have become aware of the alleged violation.

§ 269b.111 Filing of charges.
Any charge pursuant to § 269b.110 shall be in writing and signed. An original and three copies of such charge, together with one copy for each charged party named, shall be transmitted to the Secretary of the Federal Reserve System Labor Relations Panel, 20th Street and Constitution Avenue NW., Washington, DC 20551. Within 5 days after receipt of a properly filed charge that meets the formal requirements set forth in § 269b.112, the Secretary will cause a copy of such charge to be served on each party against whom the charge is made and upon all other potential parties in interest.

§ 269b.112 Contents of the charge.
A charge shall contain the following:
(a) The full name, address, and telephone number of the person, bank, or labor organization making the charge (hereinafter referred to as the charging party) and of the person signing the charge who shall state also his relation to or his capacity with the complainant. Where discrimination is alleged, all known discriminatees shall be named;
(b) The name, address, and telephone number of the bank or labor organization against whom the charge is made (hereinafter referred to as the respondent) and of any parties in interest;
§ 269b.210  Contents of answer.

The answer shall contain:
(a) A specific admission or denial, and where appropriate, explanation thereof; or if the respondent is without knowledge of the allegation, he shall so state and such statement shall operate as a denial. Admissions or denials may be to all or part of an allegation but shall be responsive to the substance of the allegation;
(b) A specified, detailed statement of any affirmative defense;
(c) A clear and concise statement of the facts and matters of law relied upon constituting the grounds of defense.

Any allegation of the charge not denied in the answer may be deemed admitted and may be so found by the panel.

Preliminary Investigation

§ 269b.210  Referral to National Center for Dispute Settlement.

(a) Within 5 days after the answer to the charge has been or should have been filed, the panel may refer the matter, accompanied by a general or particularized request, to the National Center for Dispute Settlement of the American Arbitration Association (hereinafter referred to as the Center) to make an investigation and to determine whether the charging party has established a prima facie case.

(b) For the purposes of this part, a prima facie case means a case where allegations of an unfair labor practice that have been presented give reasonable cause to believe that such practice may have occurred, but where evidentiary proceedings are necessary for determination of whether the allegations are substantiated.

(c) The Center may use its own personnel or may hire individuals on a contract basis to conduct such investigations. The panel may consolidate or sever proceedings conducted pursuant to this part.
§ 269b.220 Priority; acceleration of proceedings.

(a) A charge of “refusal to bargain” or a charge that, if sustained, would require the setting aside of an election or the conduct of a new election shall be given priority.

(b) The parties, individually or jointly, may petition the panel at any time to invoke immediately the formal hearing procedures set forth in §269b.410. They may also petition the panel to entertain the matter itself without prior investigation or without the formal hearing procedure set forth in §269b.410. The panel is empowered also on its own motion to so accelerate disposition of the case.

(c) Before accelerating a case the panel may utilize whatever proceedings it may deem appropriate and timely to allow parties in interest to comment on the proposed course of action.

§ 269b.230 Assessment of costs; posting of bond.

(a) The panel shall normally bear the costs of an investigation conducted pursuant to §269b.210, but the panel may require that the charging party, the respondent, and/or other parties in interest or intervenors, or several of them, bear a portion or all of the costs thereof. With respect to each case where an investigation is directed by the panel, the charging party may, in the discretion of the panel, be required to file a cost bond, or equivalent security, of $500, unless the panel fixes a different amount.

(b) Among the circumstances that may be the basis for payment of costs by other than the panel are cases where a clearly spurious charge has been filed or where the filing of a charge was necessary to redress the respondent’s flagrant misconduct.

(c) The bond or equivalent security shall be to secure the payment of the costs of the investigation as may be assessed by the panel. In those cases where the panel does not assess such costs, the bond posted and the cost thereof shall be reimbursed to the charging party. The panel may require also the posting of a cost bond by the respondent or other party to the proceeding, who shall be entitled to reimbursement of the cost of the bond in the event that no costs of investigation are assessed upon such party by the panel.

(d) Notification of the panel’s decision that a bond shall be required shall be effected by registered mail, such notice to advise of the amount of the bond required and the period by which it shall be posted.

(e) Absent good cause shown, failure of a party to file timely such cost bond or equivalent security may be ground for dismissal or other administrative sanctions deemed appropriate by the Panel.

§ 269b.240 The investigation.

(a) The purpose of the investigation is (1) to ascertain, analyze, and apply the relevant facts in order to determine whether or not formal proceedings are warranted and (2) to assist, by mediation and other appropriate means, the parties to reach a mutually satisfactory resolution of the issues as an alternative to the hearing process. In so doing, the investigator is not limited to the allegations set forth in the charge and may advise the charging party to amend his charge. In addition, he should adduce facts pertaining to the remedy as well as to the alleged violation. Investigation should also adduce facts pertaining to the jurisdiction of the panel and the timeliness of the charge. If the charge is untimely on its face, no investigation shall be required except to determine whether or not attending circumstances warrant waiving the time requirements, set forth in §269b.110.
Federal Reserve System § 269b.420

The investigator may request the appearance of parties and witnesses, may cause, the production of relevant document, and may take or cause depositions to be taken.

(b) When the investigation has been completed, the Center shall issue a written determination whether the charging party has established a prima facie case, whether the charge was timely filed, and whether the charge is within the jurisdiction of the panel, and reasons therefor. This determination shall be served upon the panel and all parties. The panel shall receive also the complete report of the investigator.

APPEAL FROM THE CENTER’S DETERMINATION

§ 269b.310 Appeal rights.

Where the investigator has found that a prima facie case does not exist, a party, including an intervenor but excluding the respondent or other parties having the same interest as the respondent, within 5 days after receiving the Center’s determination may petition the panel to set aside the determination and to cause formal proceedings, set forth in § 269b.410, to be invoked. The panel may grant such petition only on grounds that the Center or its agents were arbitrary, capricious, or acted contrary to law or the policy, or that the investigator’s determination is clearly erroneous. The filing requirements for such a petition shall be the same as that for the filing of a charge, as set forth in § 269b.111.

§ 269b.420 Designation of hearing officer.

(a) The panel, absent special circumstances, shall employ the center to select the hearing officer to conduct the hearing at a site most convenient to the parties and witnesses. The individual who performed the investigation, pursuant to § 269b.210, shall be barred from acting as a hearing officer on the same matter, unless all parties in interest agree to his participation. The selection of the hearing officer, to the extent practicable, shall be done with the concurrence of the parties.

(b) Any party may request the hearing officer, at any time following his designation and before the filing of his decision, to withdraw on grounds of previously demonstrated personal bias, conflict of interest, or prejudice by filing with him promptly upon the discovery of the alleged facts a timely affidavit setting forth in detail the matters alleged to constitute grounds for disqualification. If, in the opinion of the hearing officer, such affidavit is filed with due diligence and is sufficient on its face, he shall forthwith disqualify himself and withdraw from the panel.

FORMAL PROCEEDINGS

§ 269b.410 Notice of hearing.

If formal proceedings are found to be needed under the above procedures, and if no satisfactory settlement has been reached within 5 days after finding that a prima facie case exists, the Secretary of the panel, unless there is cause for granting an extension of time, shall issue and cause to be served upon the parties a notice of hearing. The panel shall appoint, pursuant to § 269b.420, a hearing officer to hold a hearing and issue a report to the panel containing findings of fact, conclusions of law, and recommendations including, where appropriate, remedial action to be taken and notices to be posted. The Secretary shall furnish to the hearing officer the investigator’s report and all other relevant information in the panel’s possession.

§ 269b.420 Designation of hearing officer.

(a) The panel, absent special circumstances, shall employ the center to select the hearing officer to conduct the hearing at a site most convenient to the parties and witnesses. The individual who performed the investigation, pursuant to § 269b.210, shall be barred from acting as a hearing officer on the same matter, unless all parties in interest agree to his participation. The selection of the hearing officer, to the extent practicable, shall be done with the concurrence of the parties.

(b) Any party may request the hearing officer, at any time following his designation and before the filing of his decision, to withdraw on grounds of previously demonstrated personal bias, conflict of interest, or prejudice by filing with him promptly upon the discovery of the alleged facts a timely affidavit setting forth in detail the matters alleged to constitute grounds for disqualification. If, in the opinion of the hearing officer, such affidavit is filed with due diligence and is sufficient on its face, he shall forthwith disqualify himself and withdraw from the
§ 269b.430 Contents of notice of hearing.

The notice of hearing shall include:

(a) A copy of the charge;
(b) A statement of the time of the hearing which shall be not less than 10 days after service of the notice of hearing, except in extraordinary circumstances. All charges involving a “refusal to bargain” allegation and all charges, if sustained, that would require the setting aside of an election, or the conducting of a new election shall be given first priority;
(c) A statement of the place and nature of hearing;
(d) A statement of the legal authority and jurisdiction under which the hearing is to be held;
(e) A reference to the particular section of the policy and rules and regulations of this chapter involved;
(f) A copy of the determination, if any, made causing the invocation of these formal proceedings.

§ 269b.440 Conduct of hearing.

(a) Hearing shall be public unless otherwise ordered by the hearing officer or the panel. An official reporter shall make the only official transcript of such proceedings.
(b) Copies of the official transcript will not be provided to the parties, but may be purchased by arrangement with the official reporter or with such costs as the panel may otherwise assess, or may be examined in the offices of the panel and/or the hearing officer subject to such conditions as the panel may prescribe.
(c) A charging party in asserting that an unfair labor practice has been committed within the meaning of the policy, shall have the burden of proving the allegations of the charge, or the amended charge, by a preponderance of the evidence.
(d) The parties shall not be bound by the technical rules of evidence, but the hearing officer, may, in his discretion, exclude any evidence or offer of proof if he finds that its probative value is substantially outweighed by the risk that its admission will either necessitate undue consumption of time or create substantial danger of undue prejudice or confusion.

§ 269b.441 Rights of parties.

(a) Any party shall have the right to appear at such hearing in person, by counsel, or by other representative, to call, examine, and cross-examine witnesses as may be required for a full and true disclosure of the facts, and to introduce into the record documentary or other relevant evidence, except that the participation of any party shall be limited to the extent permitted by the hearing officer. Five copies of such documentary evidence shall be submitted unless the hearing officer permits a reduced number for good cause shown.
(b) Any party shall be entitled, upon request, to a reasonable period at the close of the hearing for oral argument, which shall be included in the stenographic report of the hearing.
(c) Any party shall be entitled to file a brief to the hearing officer within 10 days after the close of the hearing, but no reply brief may be filed except upon special permission of the hearing officer. A party filing a brief must file the original and one copy with the hearing officer along with proof of service of a copy of such brief to all parties. Requests for extension of time to file briefs must be made to the hearing officer who must receive the request at least 3 days prior to the expiration of time fixed for filing of briefs and notice of the request shall be served simultaneously on all other parties, and proof of service shall be furnished. If a request for extension of time is based on the need for a copy of the transcript prior to filing a brief, such request must be made to the hearing officer before the hearing is closed and must be ruled on prior to the close of the hearing.
§ 269b.442 Duties and powers of the hearing officer.

The hearing officer shall inquire fully into the facts as to whether the respondent has engaged or is engaging in an unfair labor practice as set forth in the charge or the amended charge. The hearing officer shall have authority with respect to cases assigned to him, between the time he is designated and transfer of the case to the panel, subject to the rules and regulations in this subchapter, to:

(a) Grant requests for attendance of witnesses and production of documents;
(b) Rule upon petitions to quash requests made pursuant to paragraph (a) of this section;
(c) Call, examine, and cross-examine parties and witnesses as may be required for a full and true disclosure of the facts and to introduce into the record documentary or other evidence;
(d) Rule upon offers of proof and receive relevant evidence;
(e) Take or cause depositions to be taken whenever the ends of justice would be served thereby;
(f) Limit lines of questioning or testimony which are repetitive, cumulative, or irrelevant;
(g) Regulate the course of the hearing and, if appropriate or necessary, exclude persons or counsel from the hearing for contemptuous conduct and strike all related testimony of witnesses refusing to answer any proper question;
(h) Hold such prehearing conferences as may be necessary to expedite proceedings and hold such other conferences for the settlement or simplification of the issues by consent of the parties or upon his own motion;
(i) Dispose of procedural requests, motions, or similar matters which shall be made part of the record of the proceeding, including motions referred to the hearing officer by the panel, and motions to amend pleadings, also to recompute and dismissal of cases or portions thereof, and to order hearings reopened or, upon motion, consolidated prior to issuance of the hearing officer’s report and recommendations;
(j) Request the parties at any time during the hearing to state their respective positions concerning any issue in the case or theory in support thereof;
(k) Require the parties, if necessary, to file written briefs in support of their positions;
(l) Take any other action necessary under the foregoing and authorized by the rules and regulations in this subchapter.

In the event the hearing officer designated to conduct the hearing becomes unavailable, the panel may designate another hearing officer for the purpose of further hearing or issuance of a report and recommendation on the record as made, or both.

§ 269b.443 Motions before or after a hearing.

All motions (including motions for intervention), other than those made during a hearing, shall be made in writing to the Secretary of the panel, shall briefly state the relief sought, shall set forth the grounds for such motion, and shall be accompanied 3 days thereafter by proof of service on all parties. Answering statements, if any, must be served on all parties and the original thereof, together with two copies and statement of service, shall be filed with the Secretary within 5 days after service of the moving papers, unless the Secretary directs otherwise. Motions may be referred to the hearing officer whose ruling shall be made upon the record or the motion may be stayed until such time as the panel reviews the hearing officer’s report and recommendations.

§ 269b.444 Objection to conduct of hearing; other motions during hearing.

Any objection with respect to the conduct of the hearing, including any objection to the introduction of evidence, or any other motion during the course of the hearing, including a request to allow intervention, may be stated orally or in writing accompanied by a short statement of the grounds for such objection, and included in the record. No such objection shall be deemed waived by further participation in the hearing and such objection shall not stay the conduct of the hearing. Automatic exceptions will be allowed to all adverse rulings and
§ 269b.450 Submission of hearing officer’s report to the panel.

After the close of the hearing, and the receipt of briefs, if any, the hearing officer shall prepare a report and recommendations, containing findings of fact, conclusions of law, including judgments as to the credibility of witnesses where appropriate, and the reasons or basis therefor, and recommendations as to the disposition of the case, and, where appropriate, including the remedial action and notices to be posted. After he has caused his report and recommendations to be served promptly on all parties to the proceeding, he shall transfer the case to the panel including his report and recommendations and the complete record. Such submission shall be made within 20 days after the close of the hearing and the receipt of briefs, if any, unless otherwise extended by the panel. The record shall include the charge, notice of hearing, service sheet, motions, rulings, orders, official transcript of the hearing, stipulations, objections, depositions, documentary evidence, exhibits, and any briefs or other documents submitted to the parties.

§ 269b.510 Review by panel.

The panel shall review the report and recommendations of each hearing officer, the record of the hearing, and such other documents as enumerated in § 269b.450, whether or not any party files an appeal, unless the parties file with the panel a settlement agreement within 10 days after service of the hearing officer’s report upon them. In the course of such review, the panel may require oral argument or written briefs on any relevant issue within such time limits as the panel may prescribe, and may reopen the record in any case and receive further evidence.

§ 269b.520 Exceptions to hearing officer’s report.

(a) Any party may file with the panel exceptions to the hearing officer’s report and recommendations, and any ruling contained therein, if made within 10 days after service of the report and recommendations. The Panel may, for good cause shown, extend the time for filing such exceptions upon written request, with copies served simultaneously on the other parties, received not later than 3 days before the date exceptions are due. Requests for oral argument will not be considered unless filed with exceptions.

(b) Any exception to a ruling, finding, conclusion, or recommendation which is not specifically urged shall be deemed to have been waived, although the panel may on its own motion rule upon any matter in the report and recommendations.

(c) Any exception which fails to comply with the following requirements may be disregarded:

1. The exceptions shall set forth specifically the questions of procedure, fact, law, or policy to which exceptions are taken;

2. The exceptions shall identify the part of the hearing officer’s report to which objection is made;

3. The exceptions shall designate by precise citation of page the portions of the record relied on, shall state the grounds for the exceptions, and shall include the citation of authorities unless set forth in a supporting brief.

(d) Any brief in support of exceptions shall contain no matter not included within the scope of the exceptions and shall contain in the order indicated, the following:

1. A concise statement of the case containing all that is material to the consideration of the questions presented;

2. A specification of the questions involved and to be argued;

3. The argument, presenting clearly the points of fact and law relied on in support of the position taken on each question, with specific page reference to the transcript and the legal or other material relied on.

(e) Answering briefs to the exceptions, and cross-exceptions and supporting briefs will not be permitted.
without special leave of the panel. Requests for oral argument will not be considered unless accompanying such petition for special leave.

(f) Five copies of exceptions and briefs must be filed with the panel along with a statement of service of copies of the exceptions and supporting briefs upon all parties.

§ 269b.530 Briefs in support of the hearing officer’s report. Any party may file a brief in support of the hearing officer’s report and recommendations subject to the same time limits and rules pertaining to filing exceptions and briefs in support thereof, as set forth in §269b.520.

§ 269b.540 Action by the panel. After considering the hearing officer’s report and recommendations, the record, any other documents, any exceptions filed, and any oral argument permitted, the panel shall issue its written decision. Upon finding that the respondent is engaging in or has engaged in an unfair labor practice, the panel shall order the respondent to cease and desist from such conduct and may require the respondent to take such affirmative corrective action as the panel deems appropriate to effectuate the Policy. Such action by the panel may include, but shall not be limited to, orders to provide back pay, provide reinstatement, set aside an election, bargain, and award recognition. Upon finding no violation of the policy, the panel shall dismiss the case. The panel’s decision and order setting forth the remedial action, if any, required shall be conspicuously posted by the parties.

COMPLIANCE

§ 269b.610 Procedures. Where remedial action is ordered or provided for in a settlement agreement, a report to the panel that such action has been taken and that compliance with the decision and orders of the panel has been effected shall be submitted within the period of time specified in the panel’s decision. The panel is empowered to utilize whatever administrative procedures it deems necessary to ascertain compliance.

§ 269b.620 Action by panel. In any case where it is found, after a hearing, that the respondent has failed to comply with the final decision and order of the panel, the panel shall be empowered to take whatever action may be appropriate and shall expect the full cooperation of the Board of Governors of the Federal Reserve System in obtaining such compliance. Among the actions that may be taken by the panel against a noncomplying respondent labor organization, after a show cause hearing, may be suspension of that labor organization’s checkoff privileges or recognition as exclusive bargaining representative for such period of time as determined by the panel.

GENERAL RULES

§ 269b.710 Rules to be liberally construed. (a) Whenever the panel finds that unusual circumstances or good cause exist and that strict compliance with the terms of the rules and regulations in this subchapter will work an injustice or unfairness, it shall construe the rules and regulations in this subchapter liberally to prevent injustices and to effectuate the purposes of the policy.

(b) When an act is required or allowed to be done at or within a specified time, the panel may at any time, in its discretion, order the period altered where it shall be manifest that strict adherence will work surprise or injustice or interfere with the proper effectuation of the policy.

§ 269b.720 Computation of time for filing papers. In computing any period of time prescribed by or allowed by the panel, the day of the act, event, or default after which the designated period of time begins to run, shall not be included. The last day of the period so computed is to be included, unless it is a Saturday, Sunday, or the applicable local legal holiday in which event the period shall run until the end of the next day which is neither a Saturday, Sunday, or legal holiday. When the period of time prescribed, or allowed, is seven days or less, intermediate Saturdays, Sundays,
§ 269b.730

and legal holidays shall be excluded from the computations. When the rules and regulations in this subchapter require the filing of any paper, such document must be received by the panel or the officer or agent designated by it to receive such matter before the close of business of the last day of the time limit, if any, for such filing or extension of the time that may have been granted.

§ 269b.730 Number of copies; form.

Except as otherwise provided in the regulations in this subchapter, any documents or papers shall be filed with four copies in addition to the original. All matters filed shall be printed, typed, or otherwise legibly duplicated; carbon copies of typewritten matter will be accepted if they are clearly legible.

§ 269b.731 Signature.

The original of each document filed shall be signed by the party or by an attorney or representative of record for the party, or by an officer of the party and shall contain the address and telephone number of the person signing it.

§ 269b.740 Service of pleading and other paper; statement of service.

(a) Method of service. Notices of hearings, decisions, orders, and other papers may be served personally or by registered or certified mail or by telegraph.

(b) Upon whom served. Unless otherwise provided in the rules and regulations in this subchapter, all papers except complaints, petitions, and papers relating to requests for appearance or production of documents, shall be served upon all counsel of record and upon parties not represented by counsel or by their agents designated by them or by law and upon the panel, or its designated officers or agents, where appropriate. Service upon such counsel or representative shall constitute service upon the party, but a copy also shall be transmitted to the party.

(c) Proof of service. The party or person serving the papers or process shall submit simultaneously to the panel or its designated representative, or the individual conducting the proceeding, a written statement of such service. Failure to file a statement of service shall not affect the validity of the service. Proof of service, except where otherwise provided, shall be required only if subsequent to the receipt of a statement of service a question is raised with respect to proper service.

§ 269b.750 Requests for appearance of witnesses and production of documents.

Parties may request appearance of witnesses and production of documents by filing application therefor, depending upon the stage of the proceedings at which the request is made, with the officer conducting the investigation or hearing, or with the panel. Such application shall name and identify the witnesses or documents sought and shall briefly state the need for such appearance or production. The officer with whom such request is filed shall rule upon each such request and the record of the proceeding shall contain a record of that ruling and the basis therefor. The record shall also contain a statement of reasons for any request for the appearance of witnesses or production of documents initiated by a presiding officer.
PART 270—OPEN MARKET OPERATIONS OF FEDERAL RESERVE BANKS

§ 270.1 Authority.

This part is issued by the Federal Open Market Committee (the “Committee”) pursuant to authority conferred upon it by sections 12A and 14 of the Federal Reserve Act (12 U.S.C. 263, 355).

§ 270.2 Definitions.

(a) The term obligations means Government securities, U.S. agency securities, bankers’ acceptances, bills of exchange, cable transfers, bonds, notes, warrants, debentures, and other obligations that Federal Reserve banks are authorized by law to purchase and sell.

(b) The term Government securities means direct obligations of the United States (i.e., U.S. bonds, notes, certificates of indebtedness, and Treasury bills) and obligations fully guaranteed as to principal and interest by the United States.

(c) The term U.S. agency securities means obligations that are direct obligations of, or are fully guaranteed as to principal and interest by, any agency of the United States.

(d) The term System Open Market Account means the obligations acquired pursuant to authorizations and directives issued by the Committee and held on behalf of all Federal Reserve banks.

§ 270.3 Governing principles.

As required by section 12A of the Federal Reserve Act, the time, character, and volume of all purchases and sales of obligations in the open market by Federal Reserve banks are governed with a view to accommodating commerce and business and with regard to their bearing upon the general credit situation of the country.

§ 270.4 Transactions in obligations.

(a) Each Federal Reserve bank shall engage in open market operations under section 14 of the Federal Reserve Act only in accordance with this part and with the authorizations and directives issued by the Committee from time to time, and no Reserve bank shall decline to engage in open market operations as directed by the Committee.

(b) Transactions for the System Open Market Account shall be executed by a Federal Reserve bank selected by the Committee. The participations of the several Federal Reserve banks in such account and in the profits and losses on transactions for the account shall be allocated in accordance with principles determined by the Committee from time to time.

(c) In accordance with such limitations, terms, and conditions as are prescribed by law and in authorizations and directives issued by the Committee, the Reserve bank selected by the Committee is authorized and directed—

(1) To buy and sell Government securities and U.S. agency securities in the open market for the System Open Market Account, and to exchange maturing securities with the issuer;

(2) To buy and sell banker’s acceptances in the open market for its own account;

(3) To buy Government securities, U.S. agency securities, and banker’s acceptances of the kinds described above, under agreements for repurchase of such obligations, in the open market for its own account; and

(4) To buy and sell foreign currencies in the form of cable transfers in the
open market for the System Open Market Account and to maintain for such account reciprocal currency arrangements with foreign banks among those designated by the Board of Governors of the Federal Reserve System under §214.5 of this chapter (Regulation N).

(d) The Federal Reserve banks are authorized and directed to engage in such other operations as the Committee may from time to time determine to be reasonably necessary to the effective conduct of open market operations and the effectuation of open market policies.

PART 271—RULES REGARDING AVAILABILITY OF INFORMATION

§ 271.1 Authority and purpose.

(a) Authority. This part is issued by the Federal Open Market Committee (the Committee) pursuant to the Freedom of Information Act, 5 U.S.C. 552, and also pursuant to the Committee’s authority under section 12A of the Federal Reserve Act, 12 U.S.C. 263, to issue regulations governing the conduct of its business.

(b) Purpose. This part sets forth the categories of information made available to the public and the procedures for obtaining documents and records.

§ 271.2 Definitions.

(a) Board means the Board of Governors of the Federal Reserve System established by the Federal Reserve Act of 1913 (38 Stat. 251).

(b) Commercial use request refers to a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made.

(c) Direct costs mean those expenditures that the Committee actually incurs in searching for, reviewing, and duplicating documents in response to a request made under §271.5.

(d) Duplication refers to the process of making a copy of a document in response to a request for disclosure of records or for inspection of original records that contain exempt material or that otherwise cannot be inspected directly. Among others, such copies may take the form of paper, microform, audiovisual materials, or machine-readable documentation (e.g., magnetic tape or disk).

(e) Educational institution refers to a preschool, a public or private elementary or secondary school, or an institution of undergraduate higher education, graduate higher education, professional education, or an institution of vocational education that operates a program of scholarly research.

(f) Federal Reserve Bank means one of the district Banks authorized by the Federal Reserve Act, 12 U.S.C. 222, including any branch of any such Bank.

(g) Information of the Committee means all information coming into the possession of the Committee or of any member thereof or of any officer, employee, or agent of the Committee, the Board, or any Federal Reserve Bank, in the performance of duties for, or pursuant to the direction of, the Committee.

(h) Noncommercial scientific institution refers to an institution that is not operated on a “commercial” basis (as that term is used in this section) and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(i) Records of the Committee includes rules, statements, decisions, minutes, memoranda, letters, reports, transcripts, accounts, charts, and other written material, as well as any materials in machine readable form that
constitute a part of the Committee’s official files.

(j) Representative of the news media refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public.

(1) The term “news” means information about current events or that would be of current interest to the public.

(2) Examples of news media entities include, but are not limited to, television or radio stations broadcasting to the public at large, and publishers of newspapers and other periodicals (but only in those instances when they can qualify as disseminators of “news”) who make their products available for purchase or subscription by the general public.

(3) “Freelance” journalists may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it.

(k)(1) Review refers to the process of examining documents, located in response to a request for access, to determine whether any portion of a document is exempt information. It includes doing all that is necessary to exercise the documents and otherwise to prepare them for release.

(2) Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(l)(1) Search means a reasonable search, by manual or automated means, of the Committee’s official files and any other files containing records of the Committee as seem reasonably likely in the particular circumstances to contain documents of the kind requested. For purposes of computing fees under §271.9, search time includes all time spent looking for material that is responsive to a request, including line-by-line identification of material within documents. Such activity is distinct from “review” of material to determine whether the material is exempt from disclosure.

(2) Search does not mean or include research, creation of any document, or extensive modification of an existing program or system that would significantly interfere with the operation of the Committee’s automated information system.

§ 271.3 Published information.

(a) Federal Register. The Committee publishes in the Federal Register, in addition to this part:

(1) A description of its organization;

(2) Statements of the general course and method by which its functions are channeled and determined;

(3) Rules of procedure;

(4) Substantive rules of general applicability, and statements of general policy and interpretations of general applicability formulated and adopted by the Committee;

(5) Every amendment, revision, or repeal of the foregoing; and

(6) General notices of proposed rulemaking.

(b) Annual Report to Congress. Each annual report made to Congress by the Board includes a complete record of the actions taken by the Committee during the preceding year upon all matters of policy relating to open market operations, showing the reasons underlying the actions, and the votes taken.

(c) Other published information. From time to time, other information relating to open market operations of the Federal Reserve Banks is published in the Federal Reserve Bulletin, in the Board’s annual report to Congress, and in announcements and statements released to the press. Copies of issues of the Bulletin and of annual reports of the Board may be obtained from the Publications Services of the Federal Reserve Board, 20th Street and Constitution Avenue, N.W., Washington, D.C. 20551 (pedestrian entrance is on C Street, N.W.). Subscription or other charges may apply.

§ 271.4 Records available for public inspection and copying.

(a) Types of records made available. Unless they were published promptly and made available for sale or without charge, certain records shall be made available for inspection and copying at the Board’s Freedom of Information Office pursuant to 5 U.S.C. 552(a)(2).
§ 271.5 Records available to the public on request.

(a) Types of records made available. All records of the Committee that are not available under §§271.3 and 271.4 shall be made available upon request, pursuant to the procedures in this section and the exceptions in §271.7.

(b) Procedures for requesting records.
(1) A request for identifiable records shall reasonably describe the records in a way that enables the Committee’s staff to identify and produce the records with reasonable effort and without unduly burdening or significantly interfering with any of the Committee’s operations.

(2) The request shall be submitted in writing to the Secretary of the Committee, Federal Open Market Committee, 20th & C Street, N.W., Washington, D.C. 20551; or sent by facsimile to the Secretary of the Committee, (202) 452-2921. The request shall be clearly marked FREEDOM OF INFORMATION ACT REQUEST.

(c) Contents of request. The request shall contain the following information:

(1) The name and address of the requester, and the telephone number at which the requester can be reached during normal business hours;

(2) Whether the requested information is intended for commercial use, and whether the requester represents an educational or noncommercial scientific institution, or news media;

(3) A statement agreeing to pay the applicable fees, or a statement identifying any fee limitation desired, or a request for a waiver or reduction of fees that satisfies §271.9(f).

(d) Defective requests. The Committee need not accept or process a request that does not reasonably describe the records requested or that does not otherwise comply with the requirements of this section. The Committee may return a defective request, specifying the deficiency. The requester may submit a corrected request, which will be treated as a new request.

§ 271.6 Processing requests.

(a) Receipt of requests. The date of receipt for any request, including one that is addressed incorrectly or that is referred to the Committee by another agency or by a Federal Reserve Bank, is the date the Secretary of the Committee actually receives the request.

(b) Priority of responses. The Committee shall normally process requests in the order they are received. However, in the Secretary’s discretion, or upon a court order in a matter to which the Committee is a party, a particular request may be processed out of turn.

(c) Expedited processing. Where a person requesting expedited access to records has demonstrated a compelling need for the records, or where the Committee has determined to expedite the response, the Committee shall process the request as soon as practicable.

(1) To demonstrate a compelling need for expedited processing, the requester shall provide a certified statement, a sample of which may be obtained from the Board’s Freedom of Information Office. The statement, certified to be true and correct to the best of the requester’s knowledge and belief, shall demonstrate that:

(i) The failure to obtain the records on an expedited basis could reasonably
be expected to pose an imminent threat to the life or physical safety of an individual; or

(ii) The requester is a representative of the news media, as defined in §271.2, and there is urgency to inform the public concerning actual or alleged Committee activity.

(2) In response to a request for expedited processing, the Secretary of the Committee shall notify a requester of the determination within ten working days of receipt of the request. In exceptional situations, the Secretary of the Committee has the discretion to waive the formality of certification. If the Secretary of the Committee denies a request for expedited processing, the requester may file an appeal pursuant to the procedures set forth in paragraph (i) of this section, and the Committee shall respond to the appeal within ten working days after the appeal was received by the Committee.

(d) Time limits. The time for response to requests shall be 20 working days, except:

(1) In the case of expedited treatment under paragraph (c) of this section;

(2) Where the running of such time is suspended for payment of fees pursuant to §271.9(b)(2);

(3) In unusual circumstances, as defined in 5 U.S.C. 552(a)(6)(B). In such circumstances, the time limit may be extended for a period of time not to exceed:

(i) 10 working days as provided by written notice to the requester, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched; or

(ii) Such alternative time period as mutually agreed to by the Secretary of the Committee and the requester when the Secretary of the Committee notifies the requester that the request cannot be processed in the specified time limit.

(e) Response to request. In response to a request that satisfies §271.5, an appropriate search shall be conducted of records of the Committee in existence on the date of receipt of the request, and a review made of any responsive information located. The Secretary shall notify the requester of:

(1) The Committee’s determination of the request;

(2) The reasons for the determination;

(3) The amount of information withheld;

(4) The right of the requester to appeal to the Committee any denial or partial denial, as specified in paragraph (i) of this section; and

(5) In the case of a denial of a request, the name and title or position of the person responsible for the denial.

(f) Referral to another agency. To the extent a request covers documents that were created by, obtained from, or classified by another agency, the Committee may refer the request to that agency for a response and inform the requester promptly of the referral.

(g) Providing responsive records. (1) Copies of requested records shall be sent to the requester by regular U.S. mail to the address indicated in the request, unless the requester elects to take delivery of the documents at the Board’s Freedom of Information Office or makes other acceptable arrangements, or the Committee deems it appropriate to send the documents by another means.

(2) The Committee shall provide a copy of the record in any form or format requested if the record is readily reproducible by the Committee in that form or format, but the Committee need not provide more than one copy of any record to a requester.

(h) Appeal of denial of request. Any person denied access to Committee records requested under §271.5 may file a written appeal with the Committee, as follows:

(1) The appeal shall prominently display the phrase FREEDOM OF INFORMATION ACT APPEAL on the first page, and shall be addressed to the Secretary of the Committee, Federal Open Market Committee, 20th and C Street, N.W., Washington, D.C. 20551; or sent by facsimile to the Secretary of the Committee, (202) 452-2921.

(2) An initial request for records may not be combined in the same letter with an appeal.

(3) The Committee, or such member of the Committee as is delegated the authority, shall make a determination regarding any appeal within 20 working days of actual receipt of the appeal by the Secretary, and the determination
§ 271.7 Exemptions from disclosure.

(a) Types of records exempt from disclosure. Pursuant to 5 U.S.C. 552(b), the following records of the Committee are exempt from disclosure under this part:

(1) National defense. Any information that is specifically authorized under criteria established by an Executive Order to be kept secret in the interest of national defense or foreign policy and is in fact properly classified pursuant to the Executive Order.

(2) Internal personnel rules and practices. Any information related solely to the internal personnel rules and practices of the Board.

(3) Statutory exemption. Any information specifically exempted from disclosure by statute (other than 5 U.S.C. 552b), if the statute:

(i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue; or

(ii) Establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(4) Trade secrets; commercial or financial information. Any matter that is a trade secret or that constitutes commercial or financial information obtained from a person and that is privileged or confidential.

(5) Inter- or intra-agency memorandums. Information contained in inter- or intra-agency memorandums or letters that would not be available by law to a party (other than an agency) in litigation with an agency, including, but not limited to:

(i) Memorandums;

(ii) Reports;

(iii) Other documents prepared by the staffs of the Committee, Board or Federal Reserve Banks; and

(iv) Records of deliberations of the Committee and of discussions at meetings of the Committee or its staff.

(6) Personnel and medical files. Any information contained in personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

(7) Information compiled for law enforcement purposes. Any records or information compiled for law enforcement purposes, to the extent permitted under 5 U.S.C. 552(b)(7).

(b) Examination, inspection, operating, or condition reports, and confidential supervisory information. Any matter that is contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions, including a state financial institution supervisory agency.

(b) Segregation of nonexempt information. The Committee shall provide any reasonably segregable portion of a record that is requested after deleting those portions that are exempt under this section.

(c) Discretionary release. Except where disclosure is expressly prohibited by statute, regulation, or order, the Committee may authorize the release of records that are exempt from mandatory disclosure whenever the Committee or designated Committee members determines that such disclosure would be in the public interest.

(d) Delayed release. Publication in the FEDERAL REGISTER or availability to the public of certain information may be delayed if immediate disclosure would likely:

(1) Interfere with accomplishing the objectives of the Committee in the discharge of its statutory functions;

(2) Interfere with the orderly conduct of the foreign affairs of the United States;

(3) Permit speculators or others to gain unfair profits or other unfair advantages by speculative trading in securities or otherwise;

(4) Result in unnecessary or unwarranted disturbances in the securities markets;

(5) Interfere with the orderly execution of the objectives or policies of other government agencies; or

(6) Impair the ability to negotiate any contract or otherwise harm the commercial or financial interest of the United States, the Committee, the Board, any Federal Reserve Bank, or any department or agency of the United States.
Federal Reserve System

§ 271.9 Fee schedules; waiver of fees.

(a) Fee schedules. The fees applicable to a request for records pursuant to §§271.4 and 271.5 are set forth in appendix A to this section. These fees cover only the full allowable direct costs of search, duplication, and review. No fees will be charged where the average cost of collecting the fee (calculated at $5.00) exceeds the amount of the fee.

(b) Payment procedures. The Secretary may assume that a person requesting records pursuant to §271.5 will pay the applicable fees, unless the request includes a limitation on fees to be paid or seeks a waiver or reduction of fees pursuant to paragraph (f) of this section.

(1) Advance notification of fees. If the estimated charges are likely to exceed $100, the Secretary of the Committee shall notify the requester of the estimated amount, unless the requester has indicated a willingness to pay fees as high as those anticipated. Upon receipt of such notice, the requester may confer with the Secretary to reformulate the request to lower the costs.

(2) Advance payment. The Secretary may require advance payment of any fee estimated to exceed $250. The Secretary may also require full payment in advance where a requester has previously failed to pay a fee in a timely fashion. The time period for responding to requests under §271.6(d), and the processing of the request shall be suspended until the Secretary receives the required payment.

(3) Late charges. The Secretary may assess interest charges when fee payment is not made within 30 days of the date on which the billing was sent. Interest is at the rate prescribed in 31 U.S.C. 3717 and accrues from the date of the billing.

(c) Categories of uses. The fees assessed depend upon the intended use for the records requested. In determining which category is appropriate, the Secretary shall look to the intended use set forth in the request for records. Where a requester’s description of the
use is insufficient to make a determination, the Secretary may seek additional clarification before categorizing the request.

(1) Commercial use. The fees for search, duplication, and review apply when records are requested for commercial use.

(2) Educational, research, or media use. The fees for duplication apply when records are not sought for commercial use, and the requester is a representative of the news media or an educational or non-commercial scientific institution, whose purpose is scholarly or scientific research. The first 100 pages of duplication, however, will be provided free.

(3) All other uses. For all other requests, the fees for document search and duplication apply. The first two hours of search time and the first 100 pages of duplication, however, will be provided free.

(d) Nonproductive search. Fees for search and review may be charged even if no responsive documents are located or if the request is denied.

(e) Aggregated requests. A requester may not file multiple requests at the same time, solely in order to avoid payment of fees. If the Secretary reasonably believes that a requester is separating a request into a series of requests for the purpose of evading the assessment of fees, the Secretary may aggregate any such requests and charge accordingly. It is considered reasonable for the Secretary to presume that multiple requests of this type made within a 30-day period have been made to avoid fees.

(f) Waiver or reduction of fees. A request for a waiver or reduction of the fees, and the justification for the waiver, shall be included with the request for records to which it pertains. If a waiver is requested and the requester has not indicated in writing an agreement to pay the applicable fees if the waiver request is denied, the time for response to the request for documents, as set forth in §271.6(d), shall not begin until a determination has been made on the request for a waiver or reduction of fees.

(1) Standards for determining waiver or reduction. The Secretary shall grant a waiver or reduction of fees where it is determined both that disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operation or activities of the government, and that the disclosure of information is not primarily in the commercial interest of the requester. In making this determination, the following factors shall be considered:

(i) Whether the subject of the records concerns the operations or activities of the government;

(ii) Whether disclosure of the information is likely to contribute significantly to public understanding of government operations or activities;

(iii) Whether the requester has the intention and ability to disseminate the information to the public;

(iv) Whether the information is already in the public domain;

(v) Whether the requester has a commercial interest that would be furthered by the disclosure; and, if so,

(vi) Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is primarily in the commercial interest of the requester.

(2) Contents of request for waiver. A request for a waiver or reduction of fees shall include:

(i) A clear statement of the requester's interest in the documents;

(ii) The use proposed for the documents and whether the requester will derive income or other benefit for such use;

(iii) A statement of how the public will benefit from such use and from the Committee's release of the documents;

(iv) A description of the method by which the information will be disseminated to the public; and

(v) If specialized use of the information is contemplated, a statement of the requester's qualifications that are relevant to that use.

(3) Burden of proof. The burden shall be on the requester to present evidence or information in support of a request for a waiver or reduction of fees.

(4) Determination by Secretary. The Secretary shall make a determination
Federal Reserve System

§ 272.2

on the request for a waiver or reduction of fees and shall notify the requester accordingly. A denial may be appealed to the Committee in accordance with § 271.6(h).

(g) Employee requests. In connection with any request by an employee, former employee, or applicant for employment, for records for use in prosecuting a grievance or complaint of discrimination against the Committee, fees shall be waived where the total charges (including charges for information provided under the Privacy Act of 1974 (5 U.S.C. 552a) are $50 or less; but the Secretary may waive fees in excess of that amount.

(h) Special services. The Secretary may agree to provide, and set fees to recover the costs of, special services not covered by the Freedom of Information Act, such as certifying records or information and sending records by special methods such as express mail or overnight delivery.

PART 272—RULES OF PROCEDURE

Sec.
272.1 Authority.
272.2 Functions of the Committee.
272.3 Meetings.
272.4 Committee actions.
272.5 Notice and public procedure.

AUTHORITY: 5 U.S.C. 552.

SOURCE: 38 FR 2754, Jan. 30, 1973, unless otherwise noted.

§ 272.1 Authority.

This part is issued by the Federal Open Market Committee (the Committee) pursuant to the requirement of section 552 of title 5 of the United States Code that every agency shall publish in the FEDERAL REGISTER its rules of procedure.

§ 272.2 Functions of the Committee.

The procedures followed by the Committee are designed to facilitate the effective performance of the Committee’s statutory functions with respect to the regulation and direction of open market operations conducted by the Federal Reserve banks and with respect to certain direct transactions between the Reserve banks and the United States. In determining the policies to be followed in such operations, the Committee considers information regarding business and credit conditions and domestic and international economic and financial developments, and other pertinent information gathered and submitted by its staff and the staffs of the Board of Governors of the Federal Reserve System (the Board) and the Federal Reserve banks. Against the background of such information, the Committee takes actions from time-to-time to regulate and direct the open market operations of the Reserve banks. Such policy actions ordinarily are taken through the adoption and transmission to the Federal Reserve banks of regulations, authorizations, and directives.
§ 272.3 Meetings.

(a) Place and frequency. The Committee meets in Washington, DC, at least four times each year and oftener if deemed necessary. Meetings are held upon the call of the Chairman of the Board or at the request of any three members of the Committee. Notices of calls by the Chairman of the Board to other members are given by the Secretary of the Committee in writing, by telephone, or electronic means. Requests of any three members for the calling of a meeting shall state the time therefor and shall be filed in writing, by telephone, or electronic means with the Secretary who shall forthwith notify all members of the Committee in writing, by telephone, or electronic means. When the Secretary has sent notices to all members of the Committee that a meeting has been requested by three members and of the time therefor, a meeting is deemed to have been called. If, in the judgment of the Chairman, circumstances require that a meeting be called at such short notice that one or more members cannot be present in person, such members may participate in the meeting by telephone conference arrangements or by electronic means.

(b) Alternates. Whenever any member of the Committee representing Federal Reserve banks shall find that the member will be unable to attend a meeting of the Committee, the member shall promptly notify the member’s alternate and the Secretary of the Committee in writing, by telephone, or electronic means, and upon receipt of such notice such alternate shall advise the Secretary whether the alternate will attend such meeting.

(c) Quorum. Seven members, at least one of whom represents a Federal Reserve Bank, constitute a quorum of the Committee for purposes of transacting business except that, if there are fewer than seven members in office, then the number of members in office constitute a quorum. For purposes of this paragraph (c), members of the Committee include alternates acting in the absence of members. Less than a quorum may adjourn a meeting of the Committee from time to time until a quorum is in attendance.

(d) Attendance at meetings. Attendance at Committee meetings is restricted to members and alternate members of the Committee, the Presidents of Federal Reserve Banks who are not at the time members or alternates, staff officers of the Committee, the Manager, and such other advisers as the Committee may invite from time to time.

(e) Meeting agendas. The Secretary, in consultation with the Chairman, prepares an agenda of matters to be discussed at each meeting and the Secretary transmits the agenda to the members of the Committee within a reasonable time in advance of such meeting. In general, the agendas include reports by the Manager on open market operations since the previous meeting, and ratification by the Committee of such operations; reports by Economists on, and Committee discussion of, the economic and financial situation and outlook; Committee discussion of monetary policy and action with respect thereto; and such other matters as may be considered necessary.

§ 272.4 Committee actions.

(a) Actions at meetings. Actions are taken at meetings of the Committee except as described below.

(b) Actions between meetings. Special circumstances may make it desirable in the public interest for Committee members to consider an action to modify an outstanding Committee authorization or directive at a time when it is not feasible to call a meeting. Whenever, in the judgment of the Chairman, such circumstances have arisen, the relevant information and recommendations for action are transmitted to the members by the Secretary, and the members communicate their votes to the Secretary. If the action is approved by a majority of the members, advice to that effect is promptly given by the Secretary to the members of the Committee and to the Reserve bank selected to execute transactions for the System Open Market Account. All
communications of recommended actions and votes under this paragraph shall be in writing, by telephone, or electronic means; if the communication is made orally, the Secretary shall cause a written record to be made without delay. An action taken between meetings has the force and effect of an action at a meeting: Provided, however, That if a meeting is held before the execution of any operations pursuant to the action, the action is null and void unless it is ratified and confirmed by the Committee at such meeting.

(c) Delegations of authority. In special circumstances, the Committee may delegate authority to take an action, subject to such instructions or guidelines as the Committee deems proper. Such delegations of authority may be made to the Chairman; to a subcommittee consisting of the Chairman and the Vice Chairman of the Committee and the Vice Chairman of the Board (or in the absence of the Chairman or of the Vice Chairman of the Board the members of the Board designated by the Chairman as alternates, and in the absence of the Vice Chairman of the Committee the alternate for the Vice Chairman); or to any other member or members of the Committee. An action taken pursuant to such a delegation of authority has the force and effect of an action taken by the Committee.

(d) Technical changes to Committee rules. The Secretary of the Committee (or the acting secretary) is authorized to make technical corrections, such as spelling, grammar, construction, and organization (including removal of obsolete provisions and references), to the Committee’s rules, regulations, and orders and other records of Committee action but only with the concurrence of the Committee’s General Counsel.

(e) Effective date. Committee action ordinarily is made effective as of the time it is taken because the nature of the subject matter and the action taken is such that the public interest and the proper discharge of the Committee’s responsibilities so require. Occasionally, however, the Committee may specify that an action is to be effective at some different time.

§ 272.5 Notice and public procedure.

There ordinarily is no published notice of proposed action by the Committee or public procedure thereon, as described in section 553 of title 5 of the United States Code, because such notice and procedure are impracticable, unnecessary, or contrary to the public interest.

PART 281—STATEMENTS OF POLICY

§ 281.1 Policy regarding the Government in the Sunshine Act.

On September 13, 1976, there was enacted into law the Government in the Sunshine Act, Pub. L. No. 94–409, 90 Stat. 1241 ("Sunshine Act"), established for the purpose of providing the public with the “fullest practicable information regarding the decision-making processes of the Federal Government * * * while protecting the rights of individuals and the ability of the Government to carry out its responsibilities.”1 The Sunshine Act applies only to those Federal agencies that are defined in section 552(e) of title 5 of the United States Code and “headed by a collegial body composed of two or more individual members, a majority of whom are appointed to such position by the President with the advice and consent of the Senate, and any subdivision thereof authorized to act on behalf of the agency.”2

The Federal Open Market Committee ("FOMC") is a separate and independent statutory body within the Federal Reserve System. In no respect is it an agent or "subdivision" of the Board of Governors of the Federal Reserve System ("Board of Governors"). It was originally established by the Banking Act of 1933 and restructured in its present form by the Banking Act of 1935 and subsequent legislation in 1942 (generally see 12 U.S.C. 263(a)). The FOMC’s membership is composed of the seven members of the Board of Governors and five representatives of the Federal Reserve Banks who are selected annually in accordance with the procedures set forth in Section 12A of the Federal Reserve Act, 12 U.S.C. 263(a). Members of the Board of Governors serve in an ex officio capacity on the FOMC by reason of their appointment as Members of the Board of Governors, not

as a result of an appointment, “to such position” (the FOMC) by the President. Representatives of the Reserve Banks serve on the FOMC not as a result of an appointment “to such position” by the President, but rather by virtue of their positions with the Reserve Banks and their selection pursuant to Section 12A of the Federal Reserve Act. It is clear therefore that the FOMC does not fall within the scope of an “agency” or “subdivision” as defined in the Sunshine Act and consequently is not subject to the provisions of that Act.

As explained below, the Act would not require the FOMC to hold its meetings in open session even if the FOMC were covered by the Act. However, despite the conclusion reached that the Sunshine Act does not apply to the FOMC, the FOMC has determined that its procedures and timing of public disclosure already are conducted in accordance with the spirit of the Sunshine Act, as that Act would apply to deliberations of the nature engaged in by the FOMC.

In the foregoing regard, the FOMC has noted that while the Act calls generally for open meetings of multi-member Federal agencies, 10 specific exemptions from the open meeting requirement are provided to assure the ability of the Government to carry out its responsibilities. Among the exemptions provided is that which authorizes any agency operating under the Act to conduct closed meetings where the subject of a meeting involves information “the premature disclosure of which would—in the case of an agency which regulates currencies, securities, commodities, or financial institutions, be likely to lead to significant financial speculation in currencies, securities, or commodities.”

As to meetings closed under such exemption, the Act requires the maintenance of either a transcript, electronic recording or minutes and sets forth specified, detailed requirements as to the contents and timing of disclosure of certain portions or all of such minutes. The Act permits the withholding from the public of the minutes where disclosure would be likely to produce adverse consequences of the nature described in the relevant exemptions.

The FOMC has reviewed the agenda of its monthly meetings for the past three years and has determined that all such meetings could have been closed pursuant to the exemption dealing with financial speculation or other exemptions set forth in the Sunshine Act. The FOMC has further determined that virtually all of its substantive deliberations could have been preserved pursuant to the Act’s minutes requirements and that such minutes could similarly have been protected against premature disclosure under the provisions of the Act.

The FOMC’s deliberations are currently reported by means of a document entitled “Record of Policy Actions” which is released to the public approximately one month after the meeting to which it relates. The Record of Policy Actions complies with the Act’s minutes requirements in that it contains a full and accurate report of all matters of policy discussed and views presented, clearly sets forth all policy actions taken by the FOMC and the reasons therefor, and includes the votes by individual members on each policy action. The timing of release of the Record of Policy Actions is fully consistent with the Act’s provisions assuring against premature release of any item of discussion in an agency’s minutes that contains information of a sensitive financial nature. In fact, by releasing the comprehensive Record of Policy Actions to the public approximately a month after each meeting, the FOMC exceeds the publication requirements that would be mandated by the letter of the Sunshine Act.

Recognizing the Congressional purpose underlying the enactment of the Sunshine Act, the FOMC has determined to continue its current practice and timing of public disclosures in the conviction that its operations thus conducted are consistent with the intent and spirit of the Sunshine Act.
